Twinkles

When we agreed to measure the local rains for Uncle Sam, we failed to anticipate the day when we would measure it by drops instead of inches.

Some of these low awnings make some folks bow more politely than is their custom, observes the West Foster grouch.

Mayte it's an ancient pun, but a contributor reminds us that few rounders are on the square.

Pampa's "double" for Claudette Colbert is Albertine Schulkey. The likeness is remarkable.

There is a national complaint that pedestrians are too nonchalant. Yeah, especially when laid on a marble slab.

Musings of the moment: There has been some criticism of the placing of the main Centennial plant at Dallas. But when a city was needed that would do its part in a heroic way, Dallas was the only one which measured up to the demands. The leaders of that city can be depended upon, and that is something vital. . . . The Dallas NEWS, by the way, has given us a year's free subscription in order that we may watch that city step.

Brevitorials

MRS. PHEBE K. WARNER is dead. The headlines say so. But it is hard to believe. The "little brown wren" of the Panhandle so long seemed agreless, so sure of her imperishable philosophy, so firm in her conviction that life can be made worthwhile in our own time and with whatever material resources we may possess. A small town woman, she never had a small mind. Though she graced her home town and loved it, one did not think of her as belonging to a single community, but to womankind everywhere.

THE MILD-MANNERED but forcefully sincere little woman was typical of the people of the Panhandle. She was born in Illinois in 1866 and attended schools there. In college she met the medical student who became a pioneer doctor in the Panhandle. She followed him to Claude and became his bride on the day of her arrival. From that day to her death she embraced the Panhandle with loyalty and became a foremost spokesman for what was best for it.

MRS. WARNER was one of the most feminine of women we have known. Yet she was militant in working for the betterment of her sex, and especially of small town and rural women. Through her club work she preached better homes, better education, more beauty, more education, more parks, more playgrounds. . . . She became one of the Panhandle's best known speakers. Often we heard her talk lengthily—as was her custom—on topics dear to her heart. We remember that many students thought her dull. But she seldom sought to entertain except through statement of challenging facts and ideals.

HER HUSBAND, Dr. William A. Warner, was not so well known but is deserving of a lasting place among Panhandle pioneers. When the history of Boy Scouting is perused, it is found that Dr. Warner organized that the first troop in West Texas and remained a staunch friend of the movement and of other civic enterprises until his death last year. Camp Warner for the Scouts was founded in evidence of his love for boys.

TEN YEARS OR more ago Mrs. Warner wrote a daily editorial for the Star-Telegram. National magazines for women printed dozens of other articles. Panhandle weeklies carried them. While they were usually serious in tone, there were occasional outbursts of wit or indignation. She wrote of the simple life from which she came, and of the one-room school houses she attended and in which she for a time taught. . . . She gave much time and thought to urging home ownership and making homes beautiful. The extension services particularly appealed to her.

MRS. PHEBE K. WARNER is dead. The headlines say so. But we know of no person more alive in our memory and in the esteem of citizens of the Panhandle. The things for which she stood are symbolized in her fame. When a problem arises, one can think of the little brown wren and visualize her driving ahead toward a solution attuned to her ideals. We have no hesitation as we imagine what would be her attitude. . . . What is mortal of Mrs. Warner must be interred. Her tiny frame, her small voice, her

LAWRENCE OF ARABIA IS NEAR DEATH'S DOOR

SLIGHT HOPE IS HELD FOR HIS RECOVERY FROM INJURIES

WOOL, Dorsetshire, Eng., May 16. (AP)—Col. T. E. Lawrence, the famed Lawrence of Arabia, was gradually growing weaker this evening with slight hope held for his recovery from injuries suffered in an accident Monday with another cyclist. Attaches at the military hospital where he was taken Monday night after his motorcycle collided with another cyclist said the leader of the Arab revolt in the desert was sinking.

With Lawrence still unconscious at mid-afternoon 72 hours after the accident, his brother, A. W. Lawrence, hastened to the Bovington camp military hospital and waited just outside the patient's room.

"I'm afraid the chances for his recovery are very slender," his brother said this afternoon.

Abilene Youth Wins 'My Home Town' Contest

Winners of first and second places in the "My Home Town" speaking contest at the West Texas chamber of commerce convention at Plainview were W. F. Martin, 15, Abilene, and Miss Johnnie Stansberry, Eden. Both were from the division in which Stokes Green, Pampa representative, competed. The girl placed first, and Martin nosed out Stokes by one point for the right to enter the finals which were held yesterday morning. Only two were chosen from each division. Twenty-one towns were represented by speakers in each division. One judge gave Stokes the highest grade made in the contest.

Other finalists were Howard Pitts, El Paso; Jack Boren, Dimmitt; Martha Bloys, Fort Davis; Alma Faye Maye, Petersburg. The Gold Medal band of Memphis was selected as the official WTCC band for next year.

George Briggs and J. S. Wynne who returned from the convention yesterday reported that Pampa through the Sam Houston school band, visitors wearing Pampa hatbands, and Green's speech creditably represented Pampa at the convention. The band attracted much attention and drew praise from many, including Gov. James V. Allred. Mr. Wynne said Stokes did a fine job in telling of Pampa.

Flier Smashes World Records

NEW YORK, May 16. (AP)—D. W. (Tommy) Tomlinson, TWA pilot, took off from Floyd Bennett field, Brooklyn, at 5:59 a. m. (eastern standard time) today on a non-stop 3,100-mile flight over a closed course in an attempt to establish six new speed records.

Flying the Douglas airliner with which he recently established a transcontinental transport plane record of 11 hours and 5 minutes, Tomlinson will follow a triangular course between Brooklyn, Washington and Norfolk, Va., measuring 621 miles or 1,000 kilometers.

He expects to make five laps at an altitude of 14,000 feet, remaining in the air between 16 and 17 hours.

WASHINGTON, May 16. (AP)—National Aeronautic association observers said D. W. (Tommy) Tomlinson, former navy acrobatic star, had smashed three world and six national transport plane speed records today when he flashed over the capital on the second lap of the 3,100-mile flight.

Tomlinson passed over Bolling field at 11:26 a. m., eastern standard time, on the second time around the course and continued on at a great height toward Norfolk.

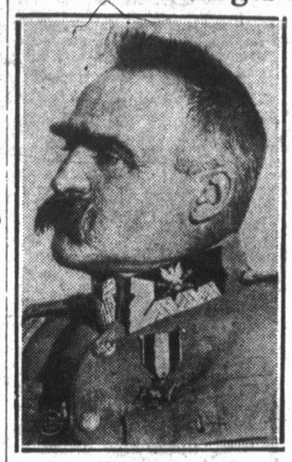
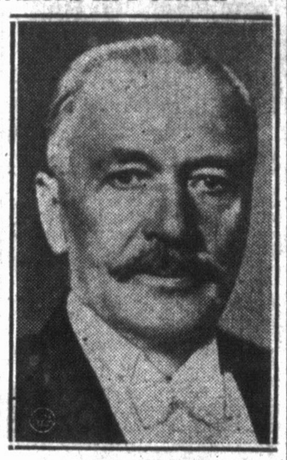
Death Changes Rulers in Poland





Death has laid a heavy burden on President Ignatz Moscicki, left, of Poland, in striking down Marshal Joseph Pilsudski, 67, right, the nation's dictator. Since Pilsudski's coup in 1926 when he overthrew the government, Moscicki, a scientist, has been president, being re-elected in 1933 for seven years, with Pilsudski dictating his course. His people's great World war hero, Pilsudski built his country of 33,000,000 into one of the strongest military powers on the continent. Cancer caused his death in Warsaw.

MRS. JOSIE YOUNG IS GIVEN CONTRACT TO OPERATE POOL

Offers $1,250; Water To Be Changed Weekly During Coming Summer.

Operation of the Pampa municipal swimming pool will be in private hands this season for the first time, a contract having been awarded to Mrs. Josie Young. Mrs. Young has had two seasons at the pool as bookkeeper.

Mrs. Young, in making the best bid, offered $1,250 for use of the pool during the swimming season. Other bids were: John Andrews, $1,200; Fred Sullins, $1,200; Archie Lee Walstad, $1,100; B. G. Gordon, $900.

Mrs. Young agreed to operate a sanitary, well disciplined pool with a life-guard on duty at all times. The city will furnish water for a change each Friday night. The pool will be warmed Saturday for the week-end business. The pool is to be turned back to the city "in as good condition" as it is to be placed immediately. A bond will protect the city. The contract specifies that there shall be a free swim on one half-day each week for the children.

The City will re-decorate, paint, repair, and otherwise condition the pool for its opening about May 24 this month. The date of opening and price of tickets will be announced soon.

The pool represents an investment of about $15,000. The City put into it about $6,200 of park bond funds, plus about $1,600 borrowed from another fund. The $1,600 has been repaid out of profits and about $900 additional put into the city parks. Eventually the pool will pay for itself and replenish the park fund from which it drew. The remainder of the investment was in free FERA labor.

Thousands of Scout Tickets Placed on Sale

Boy Scout troops of the Adobe Walls council are placing on sale thousands of tickets to the second annual circus here May 27, 28. The circus will be seen on both nights at Road Runner park. Hundreds of Scouts will participate.

Tickets are 40 and 20 cents. Troops will share in the proceeds of their sales. The money will be used to help pay expenses of boys to the National Jamboree in Washington, D. C., August 21-30.

Throughout this area, Scouts and their parents are talking and planning the trip to Pampa. Probably no fewer than 1,500 will be here for the two days. Many of the Scouts will pitch their tents near Road Runner park for their annual camporee and camping contests.

Clyde Gold, general chairman of the circus, is compiling the program, which will illustrate Scout work through stunts taking place in three rings. The lights of Road Runner park are considered ideal for this show.

Organizations sponsoring troops are requested to help their boys plan the ticket sales.

Scout Executive C. A. Clark is giving most of his time to preparations for the circus in various towns. This week he went to Borger also to start an adult leaders' training course.

LEGION BAND TO MEET

The American Legion band, recently organized, will hold a rehearsal tomorrow night at the Legion hut on West Foster. All members are requested to be present. Pete Bradford is director of the 30-piece group.

LATE NEWS

WASHINGTON, May 16 (AP)—A report expressing "every sympathy" for the objectives of the president's social security program but asking changes to stimulate employers to provide steady work was made public today by the 50 major industrial executives comprising the administration's business advisory council.

WASHINGTON, May 16 (AP)—The federal government plans to take charge of all municipal projects whose entire cost is borne by the $4,000,000,000 works program. This was made known today by Harry L. Hopkins, head of the works progress administration, at a press conference.

SEGUIN, May 16. (AP)—Emil Bock Jr., 18, was convicted of slaying his father, Emil Bock Sr., here today. The jury assessed life imprisonment. The elder Bock was a wealthy landowner.

WASHINGTON, May 16 (AP) — Senators Tom Connally and Morris Sheppard and Rep. Lanham of Texas today introduced a joint resolution asking for a $3,000,00 federal appropriation for the Texas Centennial celebration in 1936.

Panhandle Race Boosters To Be Here Tomorrow

Another out-of-town delegation will come to Pampa tomorrow as the race meet boosters from Panhandle arrive about 4:15 p. m.

The delegation will be headed by M. B. Welsh, secretary of the chamber of commerce.

Citizens are being urged to greet the visitors. An official welcoming committee will function.

The Panhandle race will be held May 20-24, inclusive.

LIQUOR SENT INTO KANSAS FROM DENVER

FICTITIOUS NAMES ARE FOUND ON LIST BY DRY AGENTS

DENVER, May 16. (AP) — The biggest bootlegging scheme since prohibition was uncovered here today, federal officials said, by a special squad of federal alcohol tax agents who found a fictitious wholesaling business has been established to divert liquor from eastern distributors to the dry state of Kansas.

The federal agents, sent here to break up the illegal trade, said they found scores of names of prominent persons on lists to which the eastern liquor distributors had been sending consignments addressed to Eastern Colorado cities. The federal men believe these shipments were diverted to Kansas bootleggers.

Names of movie stars, both men and women, of authors, newspaper columnists, a notorious western gunman and even of a former Texas governor were on a list of names checked against a list of licensed Colorado liquor dealers. The agents found none of the persons listed were liquor dealers in the towns where whiskey and other beverages had been consigned.

"Apparently this liquor was consigned to these fictitious dealers and then re-shipped to Kansas or else the liquor was dropped off from trucks as they crossed Kansas with the Colorado consigned liquor," said Maurice Leckenby, deputy state liquor licensing authority.

Leckenby signed affidavits for the federal agents saying that none of the persons on the lists had been issued a license.

STOCKS SURGE

NEW YORK, May 16 (AP)—Share prices surged up to the highest levels in nearly a year today as stock market bulls capered to the music of humming tickers. Leading issues rose $1 to more than $3 a share, and transactions ran well over 2,000,000 shares. Not since last July had Wall Street seen such a volume of trading, or the share price level, as measured by averages, so high.

HOUSTON CHOSEN

DALLAS, May 16 (AP)—Houston was chosen as the site of the 1936 convention of the Texas Medical association, and Dr. H. R. Dudgeon of Waco elected president-elect at the final session of the house of delegates here today.

MASSED BAND CONCERT WILL BE ON FRIDAY

More Than 200 Musicians to Play for Benefit of Library "Texas" Shelf.

Tickets have been placed on sale for the massed concert to be given Friday evening, May 17, for the benefit of a "Texas book shelf" in the public library.

Admission will be 15 cents for adults and 10 cents for children. Six school bands, including the high school band, will be heard in the gymnasium at 8 p. m.

This concert will make music history in Pampa, since more than 200 children will take part. A music program which is making Pampa schools famous will be seen in action.

The book shelf is in demand because of the Texas Centennial plans.

Final plans for the event were made by the library board yesterday. The report of Mrs. James Todd Jr., librarian, showed that 2,698 books were checked out last month for a daily average of 103. There were 246 books mended, one lost, one replaced, two discarded, and the following donated: Miss Tidie Sessions, 2 volumes; 20th Century club, 29; Norman Whisenand, 1; and Archer Fullingim, a 3-year file of American Mercury.

The board studied its finances and voted to buy $100 worth of books immediately for summer readers.

Lead Whittled Down in Repeal Vote in Georgia

ATLANTA, May 16. (AP)—The lead of the repealists was further reduced as additional returns were received today from yesterday's prohibition referendum in Georgia while beer and wine continued to hold their favorable majorities.

Returns shortly before noon, eastern standard time, largely from rural precincts had cut in half the lead which the repealists had late last night.

The vote stood:

For repeal, 75,619.

Against repeal, 71,235.

This gave the repealists a lead of 4,384 as contrasted with their 8,100-margin last night.

At the same time the vote for legalization of beer was:

For beer 67,059; against beer 53,420.

The vote on wine was: For wine 65,725; against wine 52,591.

VOTE ON WHEAT PROGRAM WILL NOT OBLIGATE FARMERS HERE

"Voting in the national wheat referendum in Gray county on May 21 places no obligation upon any farmer to sign a new adjustment contract," County Agent Ralph Thomas said today.

"Reports that participation in the referendum obligates the producer to sign further wheat contracts are incorrect."

He pointed out that the referendum is simply on the question of whether farmers favor continuing a wheat adjustment program after the present one expires. It is open to both signers of the present contract and non-signers. The vote is secret.

In voting, the farmers will not obligate themselves in any way. Balloting will take place in the several communities of Gray county.

An enthusiastic farm gathering was held at Hopkins No. 1 school last night. Mr. Thomas and Clyde Carruth, assistant agent, were the principal speakers. R. I. Davis presided as chairman. About 35 persons were present, and all were seemingly in favor of continuing the adjustment program.

TUGWELL PICTURES MID-WEST AS DESERT AND ST. LOUIS AS GHOST TOWN IN 2235

Desolate Land of Shifting Sand Seen Unless Conservation Is Supported.

ALBANY, N. Y., May 16 (AP)—A desolate land of shifting sand, engulfing and stripping our carefully planned cities 300 years from now, was the picture painted in allegory today by Rexford G. Tugwell, undersecretary of agriculture.

The former Columbia university professor who was drafted to the new deal colors in the early part of the Roosevelt administration drew the imaginary picture last night as he urged support of the federal forest service, the resettlement program and other land conservation movements.

Unless trees, grass, and water supplies are conserved, he said, St. Louis and other mid-western cities in 300 years would be "skeletons of twisted steel."

He spoke at a dinner last night on the fiftieth anniversay of conservation work in New York state.

"We have come to the point in soil exhaustion," he said, "where people must be moved if they are to prosper and if the land is to be saved. Our experience in the last two years has been that the people directly affected are deeply appreciative of the new opportunities but that others in such communities who live by giving even the poorest farmers service object strenuously."

Tugwell utilized the possible diary of a 2235 A. D. traveler to illustrate his conception of the mid-west in that year unless conservation measures are speeded.

The diary, he said, would read as follows:

"This week we have crossed the Mississippi river and have journeyed in our high-wheel motors deep into the great desert. Our dust-masks have been useful, for without them we should be unable to travel for more than an hour or two after dawn. The Mississippi was nearly

VETO WILL BE GIVEN SOON AS BILL ARRIVES

SUPPORTERS CONFIDENT THEY HAVE PICKED UP VOTES

WASHINGTON, May 16 (AP)—Expressing confidence that they had picked up some votes, senate supporters of the Patman bonus bill decided today to let it go to the White House for President Roosevelt's veto.

They reached this decision shortly after the White House had definitely made known that a veto would be forthcoming as soon as the legislation arrived.

Senator Thomas (D., Okla.) said he would withdraw his motion to reconsider the vote by which the bill was passed, which has kept it tied up in the senate for more than a week, with an understanding that the crucial vote to over-ride the president's veto will not come until next week.

The White House move obviously was undertaken to check any loss of administration strength through the published reports that some party leaders thought it might be well to have the bonus enacted over the veto and gotten out of the way at this time.

Before testifying to a senate committee on the omnibus banking bill, Benjamin M. Anderson Jr., economist of the Chase National bank of New York told newspaper men that payment of the bonus in new currency involved two grave dangers.

"First," he said, "it might be regarded as the beginning of the use of the dreaded printing presses with such a scare that there would be a flight from the dollar.

"Assuming that didn't happen and the country took it calmly, the effect would be: First, the added currency would go out and a similar amount would come back into the banks and add to their already excess reserves, making the control of that credit one of the greatest difficulties."

3 Bodies Found In Wood Are of 2 Women, Man

MIDDLEBURY, Vt., May 16. (AP)—Sheriff Ralph H. Sweet today announced that three badly decomposed bodies found near a lonely byway here yesterday with bullet holes in the head apparently were those of a man and two women and that their remains had been tightly bound in an army duffel bag after they had been slain.

Sweet said a preliminary examination of the bodies by Dr. L. S. Walker indicated one body was that of a large man and another that of a large woman. The third body, he said, apparently was that of a 17 or 18 year old girl.

Dental work, which Sweet said he hoped would lead to a solution of the crimes, was found on two of the bodies.

Fabric found near where the bodies were located, along with other articles, led the sheriff to believe, he said, that the bodies had been tightly bound in an army duffel bag after the trio had been slain. He said a decayed blanket, possibly an army or horse blanket, four small block pulleys, and eyelets sometimes used on duffel bags were found near the bodies.

HOWES IN BALTIMORE

BALTIMORE, May 16 (AP)—Ed. W. Howe, Atchison, Kan., editor, famous as the "Sage of Potato Hill," arrived here today and prepared to enter the Johns Hopkins hospital for an operation he hopes will restore his eyesight which began to fail a year ago. The Atchison editor was accompanied by his son, Gene Howe, editor of the Amarillo, Texas, News-Globe, also well known for his emphatic and free-spoken views.

Changes must be made tonight in the Lions musical show which will be presented in Borger tomorrow night. The Borger stage is smaller than the one here. All members of the local cast are requested to be at the city auditorium at 7:30 o'clock this evening.

SEVEN-POINT PLAN WILL BE GIVEN HOUSE

REPRESENTATIVES WILL BE ASKED TO OKAY NEW PROPOSAL

WASHINGTON, May 16 (AP)—President Roosevelt and the NRA board agreed today on a revised NRA program calling for a two-year extension as contrasted with the senate vote to continue the recovery organization only until next April 1.

A 7-point revised NRA plan which will be proposed by the administration to the house was announced at the White House by Donald Richberg, head of the NRA board, after it had met with the president.

The plan provides:

1. Two-year extension.
2. A period of three to six months to revise existing codes.
3. Jurisdiction to be limited to businesses engaged in interstate commerce and those substantially affecting interstate commerce.
4. Provision for voluntary codes with adequate authority to impose limited codes covering minimum wages, maximum hours, prohibition of child labor and continuation of section 7-A, the collective bargaining clause.
5. Definite authority and standards to prevent unfair competition and practies, especially those tending to monopoly and the destruction of small enterprises.
6. Methods of code-making and enforcement to be further defined with enforcement primarily through injunctions and cease and desist orders.
7. Provision to protect individual rights and small enterprises thru opportunity for hearings, judicial review and public control of all compulsory processes.

Richberg said this program was unanimously recommended by the national industrial recovery board and approved by the president.

It will be pressed in the house as a substitute for the extension voted by the senate.

Richberg indicated he had been consulting with house leaders on this program and said it would be presented forthwith.

House committee hearings will begin next Monday.

Babe Is 'Low,' May Quit After Western Trip

BOSTON, May 16 (AP)—Judge Emil Fuchs, president of the Boston Braves, confronted today with published reports that Babe Ruth, former home run king, would quit major league baseball soon, said he thought "everything hinges on the western trip." He said he would hate to think of Ruth leaving the game when "low in temperament."

Although denying he knew anything of the Babe's reported intention to quit, Judge Fuchs termed Ruth "a person of moods" and added that he believed the Bambino would finish the year if he returned to his old form at bat and in the field on the current western swing around the circuit.

"But if it is true that he will quit, I, for one, shall be awfully sorry," Fuchs said. "And I shall hate to think of the Babe stepping out when he is low in temperament. I would much rather see him retiring when he is back at the top or as near the top as possible."

"I hoped that Babe would make this home-coming to Boston a glorious one, and I tried to give Boston and the National league the color and benefit of the game's greatest athlete," Fuchs said.

Other officials at the Braves' headquarters denied all knowledge of the report which emanated from New York.

Byrd Disbands His Expedition

BOSTON, May 16 (AP)—Admiral Richard Evelyn Byrd came home today with his crew of 110 men, 67 dogs, two airplanes, and other equipment, and officially disbanded his second antarctic expedition.

More than 2,000 persons gave him a tumultuous welcome as the supply ship, Jacob Ruppert, and the expedition ship, Bear of Oakland, were warped into docks at the Charlestown navy yard at noon.

Sirens along the waterfront blared madly as the two ships approached the dock and as they were warped into their piers a salute of 13 guns was fired. The sled-dogs, chained on upper decks of the Ruppert joined in a shrill chord of howls.

Gov. James M. Curley accompanied Mrs. Byrd as she greeted the explorer when he descended the gangplank followed by his crew.

THE FARMERS GROW ARTICULATE

American farmers, trekking into Washington on a mission unusual for its lack of demands, typify the spirit of the new deal. This is one march on the President and Washington which is not formidably menacing. It was entirely complimentary and intended to show that the farmers appreciate the AAA and wish it continued.

Were the farmers not so well informed, and not participating to such a great extent in their programs, the movement might be suspected of being a government-inspired drive to perpetuate its bureaucracy. But the farmers know what they are doing. They have spent weary hours studying the complex federal plans and rulings. They have their community associations and their county control boards.

To a large extent, the farmers determine the wheat, cotton, and corn-hog plans which are now well known in the southwest. Wheat farmers of Gray county will vote May 21 on continuance of their plan, with the result in no sense in doubt.

In the instance of cotton farmers, we doubt that they understand the world market situation enough to decide on the relative merits of the Bankhead bill and the proposed domestic allotment plan. But the farmer does know that he has something good and he is not willing to accept a substitute until he is sure that he will not lose what he has gained.

While the new deal has failed dismally in many particulars, the AAA is A-1 with the average participating farmer and he has the intelligence to tell the nation at this crucial moment.

THE NEW DEAL IN WASHINGTON

BY RODNEY DUTCHER

NEA Service Staff Correspondent

WASHINGTON—Mr. J. P. Morgan, who became famous when a midget sat on his lap, may have two more dates with Senate committees before the year is up.

Testifying before Senate committees bores Mr. Morgan. He says so himself. But the Nye committee investigating the munitions industry is going through his firm's wartime files and expects to want to see him later.

And Senator Burt Wheeler will almost surely be investigating railroad financing, in which the Morgan company is involved up to its neck.

The railroad investigation is temporarily held up for lack of a $25,000 appropriation. It has been desperately fought by Wall Street bankers and some of their controlled officials of railroads.

Sponsors are admittedly cracking at Morgan-Van Sweringen attempts to control reorganization of the Van Sweringen railroad empire, which was picked up on a "shoestring" basis after the investing public had put about two billion dollars into it.

* * * *

For a month, the grant of $25,000 has been blocked by opposition of Senator Millard Tydings of Maryland, a member of the Senate's four-man audit and control committee, which must approve it.

Townsend of Delaware, the Republican member and a former banker, sides with Tydings and a majority vote is needed. Wheeler, Railroad Co-ordinator Joe Eastman, and SEC Chairman Joe Kennedy have appeared to urge the appropriation, but Tydings is quoted as saying the inquiry would be a "fishing expedition" and that he doesn't want it.

The Senate interstate commerce committee voted for the investigation and most of its members believe Tydings' obstruction is such a barefaced usurpation of power that he can't get away with it.

Congress doesn't trust itself as final arbiter of the laws

Said Congressman Vito Marcantonio of New York: "Would it not be far better to have a constitutional amendment passed to the effect that the supreme court shall have no right to declare any law unconstitutional and do away with the precedent set by the decision in the Marbury against Madison case, which is the worst piece of autocracy ever legislated by any court into the constitution of a country?"

Said Blanton of Texas: "Then we would have no government at all. We would have a Communist affair that would be worse than Russia.

Abolish NRA Entirely, Is Hoover's Advice To House

Ex-President Avers Codes Retard Recovery

BY W. A. WELLS
Associated Press Staff Writer
(Copyright, 1935, by The Associated Press.)

STAMFORD UNIVERSITY, Calif., May 16. (AP)—An indictment of the NRA as saddling American people with their "worst era of monopolies" was added today to the recurring public comment on national affairs of former President Herbert Hoover.

"Exactly such schemes to avoid competition in business were rejected by my administration because they are born from a desire to escape anti-trust laws," he said in advocating abolishment of the administration recovery set-up.

"The one right answer by the house of representatives to the senate's action extending the life of the NRA is to abolish it entirely," he replied to his interviewer when asked what he thought congress should do.

Seated in the study of his imposing campus home, which commands a sweeping view of the Santa Clara valley, the former chief executive leisurely puffed on a cigar as the interview progressed.

"This whole idea of ruling business through code authorities with delegated powers of law is un-American in principle and a proved failure in practice," he said. "The codes are retarding recovery. They are a cloak for conspiracy against the public interest. They are and will continue to be a weapon of bureaucracy, a device for intimidation of decent citizens."

He asserted the NRA has been crushing the life out of small businesses and "they are crushing the life out of the very heart of the local community body."

"This whole scheme has saddled the American people with the worst era of monopolies we have ever experienced," Mr. Hoover declared. "However monopoly is defined, its objective is to fix prices or to limit production or to stifle competition. Any one of those evils produces the other two, and it is no remedy to take part of them out. . . ."

Mr. Hoover's statements, made yesterday, followed by a few days an address in San Francisco in which he criticized "regimentation" as not productive of a true American. That address was made to a conference of California social workers.

GEORGIA VOTES FOR REPEAL OF AGED PRO LAW

Savannah Responsible For Lead Given Wet Forces

ATLANTA, Ga., May 16. (AP)—Despite a lead of 8,130 votes for repeal of Georgia's 27-year-old prohibition law, it appeared early today an official tabulation would be necessary to decide definitely the result of yesterday's repeal referendum.

It was the first time since Georgia went dry in 1907 that the people had an opportunity to vote on the question.

The surprising majority for repeal returned by Chatham county (Savannah), approximately 10,000 votes, was the major factor in giving the wet forces their lead. Chatham is the home of Representative Spence Grayson, leader of the repeal forces.

The Associated Press tabulation early today of unofficial returns from the referendum, which also included separate questions on legalization of beer and wines follow:

For repeal: 71,436.
Again repeal: 64,308.
For beer: 61,057.
Against beer: 48,118.
For wines: 59,270.
Against wines: 46,143.

The tabulation included returns from all but two of the state's 159 counties. More than 380,000 Georgians were eligible to vote in the election, but the latest figures showed fewer than 150,000 had cast their ballots.

'New Face' To Be GOP Candidate, Predicts Getz

WASHINGTON, May 16. (AP)—A prediction by George E. Getz that a "new face" will be in the center of the republican picture when the 1936 campaign rolls around gave political prognosticators more food for cogitation today.

Getz, who is treasurer of the republican national committee, came here to attend a fund-raising conference of committee members. When reporters asked him about possible presidential nominees, he said:

"I think it will be a new face."

"Do you think he will be able to beat Roosevelt?" Getz, a Chicagoan, was asked.

"We hope so, but we are keeping our fingers crossed," he replied.

More optimism was expressed by Rep. James Wadsworth, an upstate New Yorker and former United States senator often mentioned as an available candidate for the nomination.

"We have an excellent chance," he asserted in an interview, "Public sentiment throughout the country is turning against President Roosevelt and the new deal."

Road Runners And Phillips To Play Tomorrow Evening

Rivals Will Meet in First Game of Season

The Pampa Road Runners and the Phillips "66" Oilers of Borger are scheduled to have their first meeting of the 1936 baseball season tomorrow night at 8:30 o'clock at Road Runner park. Only bad weather can prevent the struggle.

Borger was to have been the scene of a meeting of the two teams last night, but that club called the game off because of unfavorable weather. Phillips, early season weakling of this section, has stepped to the front rank of tough opposition. A win over the House of David team last week hiked the Phillips stock to near peak.

"North" team had success over the "south" Sunday afternoon when Phillips of Borger nosed out Coltexo of LeFors. Huber of Borger took a one-run victory over the Pampa Road Runners. Pampa and Coltexo had previously split games and Phillips and Huber had also previously divided games.

Amarillo, until last week the "soft spot" in Panhandle baseball circles, stepped out and laced the House of David team, then downed the fast Dalhart Texans to become a threat to the Big Four.

There is again talk of forming a Panhandle baseball league. A meeting may be called soon. An attempt was made to organize before the season, but managers backed down, deciding to wait until the strength of the various teams could be brought out. They are now satisfied that there are five well-balanced teams in this area, capable of giving fans baseball of the highest caliber.

Cage Practice Begins With 15 Boys Reporting

Fifteen boys reported for spring basketball practice yesterday afternoon. The number was slightly less than Coach Odus Mitchell expected but, nevertheless, he was well pleased with the turnout since the boys were among the most promising he will have.

The three veterans, or rather one veteran and two substitutes from last season, around whom the team will probably be built, were out for practice. They were Stokes Green, last season a forward, Junior Strickland, substitute center, and Albert Ayer, substitute guard.

Several Gorillas looked good handling the ball during yesterday's practice session. They got the ball away nicely, passed as if they knew what to do with it, and generally gave Coach Mitchell the impression that he has some promising looking boys coming up.

Practices will be held every afternoon through the middle of next week, when a practice game will be played with the exes. Date of the game will be set soon.

WOMEN BABE BEAT FOR TEXAS GOLF TITLE ARE ON HER SIDE

HOUSTON, May 16 (AP) — The women Babe Didrikson beat at golf in winning the Texas women's championship are on the wonder girl athlete's side in the controversy over her amateur standing.

The Texas Women's Golf association of which Miss Didrikson recently became champion has voiced a protest against the United States Golf association action in ruling that Miss Didrikson's amateur standing is not what it ought to be and that she is not eligible to compete for the Southern association or national championships.

Pointing the protest at A. M. Reid, chairman of the amateur status and conduct committee of the U. S. G. A., Mrs. C. A. Hillier, recent secretary of the Texas association, and Mrs. P. H. Scardino, president when the tournament in which Miss Didrikson won her title was played, indicated they would charge that Reid make contradictory decisions in the matter.

They said that they, before the Texas tournament here recently, asked Reid to pass on Miss Didrikson's standing and that they interpreted his reply to mean that her status as an amateur golfer was all right. Mrs. Hillier said that the Texas association had feared that there might be some question of Miss Didrikson's eligibility and that the officials asked a ruling from the U. S. G. A. and received the following from Reid:

"The mere fact that Miss Didrikson is a professional in some other sport would not in itself bar her from amateur golf.

"Of course in the case of one so publicized we must be very careful to see that she has in no way broken our rules or definitions. Honorary memberships in clubs for one of such athletic prominence usually calls for some investigation.

"As Miss Didrikson has never entered a competition sponsored by the United States Golf association her case has never been officially passed upon."

The Texas women said that there was no objection to Miss Didrikson's entering the Texas tournament and that they could see no reason why any different decision should be made regarding the Southern tournament.

When the Beaumont club entered Miss Didrikson for the Southern tournament, the U. S. G. A. ruled that she was not eligible for amateur golf and placed her on three-year probation.

GAMES RAINED OUT

By The Associated Press.

All Texas league games were rained out Wednesday.

Dallas' new manager, Alex Gaston, who replaces the resigned Byrne James, arrived at Steer stadium from Kansas City and announced ready to asume charge of the Steers, who have won five and lost 26 games. Gaston said he would demand more hustle on the team and that a few changes probably would be made in the line-up.

EASTERLING BOUGHT

OKLAHOMA CITY, May 16 (AP)—"Pound 'Em" Paul Easterling, rated one of the Texas league's hardest sluggers when he was with Beaumont and Tulsa, was purchased from the Atlanta team of the Southern association today by the Oklahoma City Texas league Indians. When he arrives, probably tomorrow, Easterling will take the place of Outfielder Carl Ott or Eddie Hock.

CHICAGO SOX BEAT PIRATES TO HOLD LEAD

CARDINALS AND GIANTS SPLIT TWIN BILL; DIZZY LOSES

By The Associated Press.

Results of the first major league intersectional series of 1935—necessarily inconclusive because of the large number of postponements—indicate the balance of power so far lies west of the Alleghenies.

Eastern "home" clubs of the National league were able to win only 17 games and tie one against 20 victories for the invaders. Eastern American league clubs fared even worst with 13 victories to 18 defeats. All this was in spite of a poor showing by the Reds, who won only two games and lost five, and the admitted weakness of the Browns.

Principal honors in the intersectional struggle went to Chicago's White Sox and the New York Giants, leaders of the two leagues, and the Detroit Tigers.

The Pale Hose, by trimming the Athletics 5 to 0 yesterday behind the three-hit hurling of Ted Lyons, finished with six victories in eight games. The Giants, after battling to an even break with the Dean Brothers of St. Louis before a banner crowd of 41,110 in the windup, won seven games and lost three in addition to tying with Cincinnati.

Two home runs by Hughey Critz off Dizzy Dean and a flock of Cardinal errors gave the Giants a 4 to 1 triumph in yesterday's opener, but Brother Paul later pitched St. Louis to victory by the same score with Jim Collins supplying the winning runs with homers.

The Tigers took their series with the East by a 5-3 margin despite a whitewashing at the hands of the Yankees yesterday, 4 to 0. Red Ruffing turned the trick, granting only six hits, while young Joe Sullivan was batted freely to end his three-game victory streak.

Cleveland, which lost the league lead to Chicago during the home stand, gained an even break in eight games by outlasting Washington 5 to 4 in yesterday's other American league game as Rookie Ab Wright knocked in three runs.

Boston, rained out at St. Louis, equalled the Indians' record for the best eastern showing.

The Brooklyn Dodgers, holding grimly to second place in the National league, split a doubleheader with the Cubs. After Chicago had lost a long lead and then battered Dazzy Vance for four runs in the ninth and an 8 to 4 triumph, the Dodgers came back with one brief hard thrust at Charley Root to win 3 to 1. It gave Chicago a 5-3 record in the East and Brooklyn six won and four lost.

The Pirates hammered out a 20 to 5 triumph at Philadelphia in the final with the aid of homers by Gus Suhr, Woody Jensen and Arky Vaughan.

Cincinnati and Boston deferred their game in favor of the opening of the Rockingham park race track.

ELK CITY WILL SEEK REVENGE ON TOMORROW

HARVESTERS TO FACE SOONERS AT ROAD RUNNER PARK

On tomorrow afternoon, Pampa baseball fans will have an opportunity to see the newly organized high school baseball team in action. The boys of Coach Bill Anderson will meet the Elk City, Okla., high school team at 3:30 o'clock at Road Runner park. Admission will be 10 cents for students and 25 cents for adults.

The Harvesters went to Elk City last Friday and administered a defeat to the Oklahomans, considered a strong junior team in that state where baseball is played in many high schools. The Pampa youngsters hit the ball hard, showed nice fielding, and generally conducted themselves like veterans.

Webber, a newcomer to Pampa junior baseball circles, will take the mound for the Harvesters. Behind the bat will be Glen Moore. Facing the Pampa batters will probably be Gaynor, Elk City ace. Fritch will do the receiving.

Coach Anderson may change his lineup considerably. He may send Hassell to third base in place of Gregory. Gregory will either go to the outfield or will replace McGahey at shortstop, with McGahey going into the garden. All three players are good, reliable fly hawks.

Other starters will include Captain Mayse Nash at second base; Revista Harvey in the outfield; Feltner in the outfield; Bailey at first base. Harvey will be the first choice for relief pitcher.

The probable Elk City lineup will be: J. Small, ss; LaFore, 2b; Nickles, rf; Johnson, cf; Cupp, lf; Hess, 3b; Fritch, c; A. Small, 1b; Gaynor, p.

YESTERDAY'S STARS

By The Associated Press.

Arky Vaughan, Pirates: Drove in six runs and scored three in victory over Phillies, hitting home run and doubles.

Ted Lyons, White Sox: Shut out Athletics with three hits.

Augie Galana, Cubs: Raked Brooklyn pitching for five hits in doubleheader.

Charley Ruffing, Yankees: Blanked Tigers with six hits; contributed double and first run to own victory.

Hughey Critz, Giants, and Paul Dean, Cardinals: Critz smashed two home runs in first game; Dean gave five hits and fanned seven to win nightcap.

Ab Wright, Indians: Clouted home run, triple, and long fly against Senators, knocking in three runs.

PAMPA YOUTHS WILL PLAY IN GRID CLASSIC

MONROE OWENS, CARL SMITH ARE NAMED ON ELEVEN

Two members of Pampa's great 1934 football team have been selected to play in the Texas All Star Schoolboy Gridiron classic in Dallas on August 3. The two local stars, Carl Smith and Monroe Owens, who received All-State mention last fall, will play with the North against the South.

The occasion will be the annual meeting of the Texas High School Football Coaches' association. Temple Lambert, line coach of the Temple high school Wildcats and secretary of the association, has just released the named of the boys selected to play.

Reporting to Dallas at least a week before the big game, the boys will be put through a series of strenuous practice sessions under coaches to be named.

Comprising the team from the north will be players from the first eight districts in the state. The southern players will be selected from players in the other eight districts.

The following boys from the northern division have accepted the invitation to play:

Rankin Britt, Ranger; Monroe Owens, Pampa; Dan Chalmers, Gainesville; Jerald Beard, Wichita Falls; Clifford Mathews, Amarillo; CARL SMITH, Pampa; Sam Tate, Sherman; Morris White, Lubbock; and Dick Todd, Crowell.

The southern stars who have already accepted are: Otha Langston, Corsicana; Eugene Hodge, Honey Grove; Jerome Powers, Texarkana; David Quill, Waco; Robert Collins, Kilgore; Chester Henseel, Greenville; Frank Hariston, San Jacinto (Houston); Ki Aldrich, Temple; Durham Bivens, Longview; Glenn English, Thomas Jefferson (San Antonio), and Arbra Johnson, Athens.

J. W. Murphy, Sunset; Sam Stavinsky, Dallas Tech; David O'Brien, Woodrow Wilson; and Charlie Busacker, all of Dallas, have also accepted. No Fort Worth player has answered the invitation to date.

Grant May Go to Europe With U. S. Davis Cup Team

NEW YORK, May 16 (AP)—This should not be read aloud because it is only being whispered by the tennis moguls of the country, but . . .

If Bryan M. (Bitsy) Grant Jr., the peppery half-pint Atlantan, makes a good showing in the United States-Mexico Davis cup series to be played this week-end in Mexico, he is virtually certain to go to England on Uncle Sam's cup squad next month. That is assuming the United States conquers Mexico.

Officials of the United States Lawn Tennis association are pleased with the way Grant performed in the preliminary series against China last week-end and now the Georgian is "on the spot" insofar as realizing his ambition to go abroad as a member of the Davis cup team is concerned.

U. S. L. T. A. powers will say only that Grant is being given consideration for an overseas post, but the fact is, the American team in all probability will comprise six members, as has been announced, and only five places have been filled.

RUTH RUMOR DENIED

BOSTON, May 16. (AP) — Boston leaves headquarters today denied knowledge of a report that Babe Ruth contemplated terminating his baseball playing career at the end of the Braves' present road trip. Secretary Edward F. Cunningham said he had not heard of the reported statement of Ruth to the effect that he was making the current trip only because fans in Cincinnati and Pittsburgh never had seen him and that he was "through" and "all washed up."

YEAR CLOSED BY EPISCOPAL WOMEN'S BODY

Meetings End Until Early Next Fall

Marking the close of a year, the Women's Auxiliary of the Episcopal church had its last meeting until fall at the parish house yesterday afternoon.

Mrs. Frank Perry, president, was in charge of the business meeting and then presented a paper on Roads of Christianity in Japan, discussing the Christian influence thru schools and churches.

Roll call was answered with Bible readings by eight members and new member, Mrs. Gentry Kidd.

After the program, Mmes. Lewis and Sartain served Boston cream pie, sandwiches, and tea.

Women Here to Attend District WMS Conference

Several Pampa women will attend the annual conference of Methodist Missionary societies of the Clarendon district at Memphis Friday. Visiting conference officials will be Mrs. Nat Rollins of Abilene, Mrs. Morris Randal of Seymour, Mrs. Billie Bryant of Stamford.

Mrs. Landreth of Clarendon is to open the meeting at 10 a. m. with music. The Rev. T. S. Barcus, presiding elder for the district, assisted by pastors in attendance, will administer the communion.

Greetings by Mrs. N. A. Hightower of Memphis will be responded to by Mrs. Gaston Foote of Pampa. Mrs. J. M. Porter of Wheeler will speak on Christian Citizenship; Mrs. Lester Schull will render a whistling solo; the importance of publicity will be discussed by Mrs. E. E. Adams.

Mrs. Rollins will give the principal message of the morning, and in the afternoon Mrs. Randal will speak on Spiritual Cultivation, and Mrs. Bryant will discuss the value of mission and Bible study. Miss Flora Foreman will tell of her work in Africa. A consecration service will close the day.

In addition to Mrs. Foote, visitors from Pampa will include Mrs. Purviance, district secretary, and others.

H. D. CLUB FILLS PRESIDENT'S OFFICE WHILE OTHERS STUDY CORRECT DRESS FOR CHILDREN

Busy Bee Home Demonstration club met at the home of Mrs. Grady Sheperd Tuesday afternoon, and elected Mrs. W. T. Cole president to complete an unexpired term. Her election was by acclamation.

Members spent the afternoon sewing, preparing for the county linen show next month. Plans were made for a club social in June.

Refreshments were served to Mmes. John Rickard, Ed Railsback, Cole, C. H. Butrum, W. L. Cosner, and Shephard. The next meeting will be with Mrs. Butrum.

Set Meeting Record.

Hopkins Home Demonstration club met Tuesday afternoon with Mrs. Jim Hopkins, completing its perfect record for club meetings and recreational parties for the year.

"Do not try to make over a child," said Miss Ruby Adams, home demonstration agent, in her program on suitable wardrobes for children.

"If a girl is dignified, dress her accordingly; if she is a tomboy, let her dress to suit her characteristics. The plump boy should not wear trousers and blouse of contrasting color, but this costume is becoming to the slender child."

Roll call was answered by describing the weddings of members. Mrs. E. F. Vanderburg told how she was married sitting in a buggy, to keep up a family tradition. She was dressed elaborately in blue satin with lace and frills. Her hair was dressed with a "stem switch," three large coils, and rhinestones.

Refreshments were served to Mmes. C. P. Couts, Ralph Manley, R. I. Davis, Mary Mackie, Robert Brown, Vanderburg, Hopkins, and Misses Faye Davis and Adams. Plate favors were packages of home grown flower seed.

Clothing Displayed.

Easy to make, easy to launder, and easy to wear, are the points to be considered in making or buying children's clothing, Kingsmill Home Demonstration club members learned at their last meeting.

They met with Mrs. Chelsa, and Miss Ruby Adams, county home demonstration agent, was in charge of the program. She displayed suits and dresses for children, and also a lovely purse and hat made by Georgia women.

Plans were made for attending the annual short course at Canyon today. Refreshments were served to two visitors, a new member, and 15 members. The club meets next on May 21, with Mrs. L. H. Davis.

Sermons Attract Wide Interest to Revival Services

The revival at the Francis Avenue Church of Christ continues with increasing interest and attendance. This evangelistic effort is attracting wide attention with out-of-town visitors present each evening. Evangelist W. D. Bills wins the respect and admiration of those who hear him because of the easy, simple, humble delivery of his messages.

Last evening he took as his text Galations 1:10. His subject was "Do We Persuade Men or God?" In introducing his message he said in part:

"The Bible is its own interpreter. We are prone to study too many things about the Bible, and grossly neglect the study of the Bible itself. The Bible answers all questions that pertain to life and Godliness in this world and is the only source of authority as regards the world to come.

"Every preacher on earth is under obligation to preach those things revealed in the Bible, and that alone. To the religious teacher who would pervert the gospel, God's curse rests upon him. The subject to be preached upon is not to be selected by the preacher as the Lord settled that matter nineteen hundred years ago. There is only one gospel, there is only one kind of preaching and that is the kind our Savior commissioned us to preach.

"In the great matter of salvation from sin, we cannot persuade God, but we are to persuade men. There is such a thing as persuasive power mentioned in the Bible. God has so loved the world that He gave His only begotten Son that man might be saved. This gracious gift upon the part of Jehovah is indicative of His willingness to save man from the guilt of sin. Every case of conversion recorded in the New Testament are but examples of God's willingness to save man from sin and without persuasion of coercion.

"Jesus, our Lord, does not need persuasion to save man. His willingness to do for man those things that man cannot do for himself is found in His world-wide invitation to come unto Him for rest.

"The Holy Spirit is not to be addressed beseeching that spirit to do something for man's salvation. The Holy Spirit was given the apostles in the fullest measure for the purpose of bringing to their remembrance those things that Christ had taught them during His personal ministry here upon earth. The spirit has revealed to the world the great plan of salvation or scheme of redemption, through the apostles, thus we see the willingness of the spirit that man be saved. The spirit even invites the unsaved to come that all might have life eternal."

Evangelist Bills announced as his subject for this evening, "By Grace Have Ye Been Saved." The subject announced for Friday evening is, "Ye Must Be Born Again."

CANYON, May 16.—Miss Ethleen Murrell, teacher in B. M. Baker school of Pampa, has been employed by the West Texas State Teachers college to teach social sciences in the high school department of the training school during the summer months.

Miss Murrell was formerly on the staff of the Canyon high school and since going to Pampa has done work of very high quality there.

Couples' Class of Presbyterian Church Has Entertainment

A class party was enjoyed last evening in Presbyterian church annex, by the young couples' class taught by Mrs. L. Burney Shell. After a number of games, ice cream and cake were served.

Those present were Messrs. and Mmes. Harvey Todd, Joe Green, A. F. Smith, and Shell; Mrs. Ted White, Mrs. Mumford, and Miss Dorothy Mullen. Mrs. Smith is president of the class.

THREE GUESTS ATTEND HI-LO CLUB'S PARTY

Members and Guests Entertained by Mrs. Alden

Mrs. George Alden was hostess to Hi-Lo bridge club at her home yesterday afternoon. She used a spring color note, with pink and white predominating, for the games and the two course luncheon that followed.

Mrs. Clyde Oswalt scored high for guests, Mrs. J. G. Teeters received both high score and traveling prizes for members, and Mrs. Tom Morris was consoled for low.

Special guests were Mmes. Simmons, Beauchamp, and Oswalt. Members playing were Mmes. G. R. Slocum, Roy Dyson, Doug Wilson, E. P. Hollingshead, R. A. Meyers, C. C. Cockerill, McGowan, Morris, and Teeters.

New Leaders of Christian Young People in Office

At a business meeting held last night, the Young People's society of First Christian church installed new officers who were voted in last Sunday. Sponsors were also named for the coming 6-month term.

Officers elected are: Ronald Twentier, president; Wayne Hutchens, vice president; John Martin, corresponding secretary; Hazel Bath, membership secretary.

There were nine committees with chairmen as follows: Program, Ronald Twentier; social, Lorene Keith, Dorothy Southard, and Edwin Koonce; drama, Willie Isbell; lookout, Alice Reedy and Paul Danner; missionary education, Maudine Woodworth; publicity, Wayne Hutchens; service, Morris Belew and Opal Enloe; choir, Chris Martin, Betty Jo Townsend and Phillip Belew.

Sponsors named are Mrs. Mel Davis, Mrs. Ivy E. Duncan, Miss Ruby Adams, R. L. Allston, and E. A. Records.

A good program is being made for next Sunday. All young people interested in Christian work are invited to attend the meetings which start every Sunday night at 7.

Church to Hold Vacation School

A daily vacation Bible school will be conducted at the First Methodist church from June 3 to June 16, H. D. Tucker, director of religious education, announced today.

The school will be for beginners, primary, junior and intermediate department groups. Superintendents of these departments are Mesdames H. P. Elliott, Horace McBee, Ralph Chism and C. T. Hunkapillar.

Mrs. Gaston Foote will have general supervision over recreational activities and projects. Other workers will be announced later.

The school is for all boys and girls of ages 4 to 14, Mr. Tucker announced.

Classes will be held each morning except Saturday from 9 to 11:30 and a picnic will be planned for the boys and girls who attend the school on the closing day.

HAY-RIDE PLANNED

An old fashioned hayride is planned for this evening by the young people's department of First Methodist church. Members will meet at the church at 6 p. m., each bringing fruit or a small sum of money for the lunch. They plan to have horses, wagon, and hay ready for an authentic old fashioned evening.

SENIORS SHARE BEAUTIES OF CAVERN TRIP WITH AUDIENCE AT ANNUAL CLASS ASSEMBLY

PROGRAM IS GIVEN IN SETTING DESIGNED FROM CAVE

With a reproduction of Carlsbad cavern in the background, the seniors presented their annual chapel program yesterday morning at city hall auditorium. Many ex-students and parents of pupils were in the large audience.

As each group of graduates gathered about the wishing well reproduced on the stage, and threw in their coins, members of the class willed their personal characteristics to those who will be the seniors of 1936.

Ella Faye O'Keefe gave a brief description of the cavern and told how it was discovered. Following her talk about the "Rock of Ages," noted sight in the cavern, a chorus of senior boys sang "Rock of Ages" from behind a screen.

Harriett Hunkapillar introduced the program, explaining that no description of the cavern can portray it accurately, but that the seniors wished to share as far as possible their experiences there on the recent class trip.

Principal L. L. Sone spoke briefly after the program, saying that one felt more truly religious inside the cave than in any place he had ever been.

The impressive stage setting for this program, one of the main events of the commencement season, was arranged under direction of Ben Guill and dramatics students.

'BLACK' AND 'WHITE' FLEETS OFF FOR BIG 'BATTLE' IN MID-PACIFIC

ABOARD BATTLESHIP PENNSYLVANIA in Hawaiian Waters, May 16. (AP)—All vessels of the United States navy's "white fleet" moved seaward from Pearl Harbor today, the "black fleet" bore south from its base near the Aleutians—and the most spectacular part of the sixteenth annual naval maneuvers was under way.

These 153 ships, with their hundreds of fast planes and hordes of auxiliaries, will move and countermove on a tactical chessboard of 5,000,000 square miles, seeking to checkmate each other and putting to practical test the training and abilities of thousands of officers and men.

The Hawaiian Islands—not only those garden spots known as the "Paradise of the Pacific" but the chain of rocks, atolls and outposts extending to midway and almost to the international dateline will be the scene of these dramatic "games." These are the stepping stones of the Pacific, and along this 1,400 mile line of dots on the map the "white fleet" patrolled today after having cut short its visit to Pearl Harbor and Honolulu.

Extensive landing parties, record-breaking aircraft flights, cruiser, submarine and battleship infiltration will be used by the navy in measuring these "stepping stones" from Pearl Harbor all along the string of islands to the international dateline.

For training purposes, navigation problems involved in maneuvering through this area will present conditions to tax the wits of the most expert.

Watching them as chief umpire is Admiral J. R. Reeves, commander-in-chief of the navy.

ITALY'S ETHIOPIAN POLICY JUST AS BAD AS NAZIS', SAYS BRITON

LONDON, May 16. (AP)—Viscount Cecil of Chelwood, attacking Premier Mussolini for his Ethiopian policy, declared today Italy could not fairly criticize German rearmament if she ignored her own League of Nations vows.

"It is impossible to claim respect for the collective system in the north and flout it in the south," said Lord Cecil, who is president of the League of Nations union.

"Nor can a unilateral breach of part five of the treaty of Versailles (the military clauses) be justly condemned unless equal sanctity is admitted for part one, which contains the covenant of the league."

Cecil directed Italy's attention to the fact that Mussolini had adhered to the Stresa resolution supporting "collective maintenance of peace within the framework of the League of Nations."

The circumstances of the Italio-Ethiopian situation, said the famous peace advocate, cause him to look "anxiously to the coming meeting of the league council."

Lord Cecil delivered his attack soon after the government called home Sir Eric Drummond, the British ambassador to Rome, to report on the outcome of recent Anglo-French overtures for peaceful settlement of the East African dispute.

It was indicated that Great Britain is determined to continue her efforts to avert hostilities between Italy and the African kingdom in spite of Il Duce's warning that the other powers must not interfere with his projects in East Africa.

Baptist Men to Hear Solo, Talk

George Wilson, Sioux Indian gospel singer, will be one of the special features of the Men's Brotherhood banquet at the First Baptist church Friday evening at 7:30.

Following the special musical entertainment, the "Prove Me" program, a new plan of Southern Baptists to promote tithing among all church members, will be inaugurated by the laymen and the Brotherhood organization. This plan has already ben instituted in several churches of Texas with remarkable results, and it is believed that if all churches will undertake to follow it for a period of three months, Southern Baptist debts and individual church debts will be wiped out entirely!

Missionary To Be Speaker Sunday at Methodist Church

The Treble Clef club directed by Mrs. Philip Wolfe will sing special numbers Sunday night at First Methodist church. One special feature of the service will be a quartet composed of Mmes. W. R. Chafin, Frances Sturgeon, H. O. Roberts, and Earl Thomason.

Accompanists for the club will be Mrs. May Foreman Carr, organist, and Mrs. Walter Stein, pianist.

Rev. Joe J. Mickle, for fifteen years a missionary to Japan, will be the speaker at this service. Rev. and Mrs. Mickle are living in Amarillo for a year while on a leave of absence from their work in Japan.

FORT WORTH SELECTED

MINERAL WELLS, May 16. (AP)—The Knights of Pythias will hold their 1936 state convention at Fort Worth. That was decided yesterday at the close of a session here at which Judge John W. Birdwell of Mineral Wells was elected grand chancellor. Mrs. Elsie Bess Hemphill of Mineral Wells was chosen grand chief of the Pythian sisters.

Poppy Day Will Honor War Dead

How long is public memory and how enduring national gratitude? This question will be answered here Saturday, May 25, in bright red poppies worn over the hearts of all who remember and are grateful to those who sacrificed their lives in the nation's defense 17 years ago.

Women of the American Legion Auxiliary will distribute the flowers on the streets. Ever since the war they have been devoting their energies to aid those left dependent, to help those who came back disabled, and to carry on in peace for the cause of American democracy.

Wearing the poppy is the individual act of tribute to the World war dead. Everyone can wear a poppy. The Auxiliary women will offer them in exchange for a contribution for the welfare of the war's living victims. No price is asked for these little flowers, shaped by the hands of disabled veterans. A few pennies, if that is all the person is able to give, or a ten dollar bill, if that amount can be contributed, it is all the same. The same symbolic poppy will be given in exchange.

The money which goes into the coin boxes of the poppy workers on Poppy day will all be expended in the welfare work of the Legion and Auxiliary during the coming year, the bulk of it here. Thus the little poppy will give an opportunity to prove that memory and gratitude for the sacrifices made for America during the war still endures by honoring those for whom no more can be done and aiding those yet within the reach of human help.

Hoodlum and Moll Are Shot to Death

NEW YORK, May 16, (AP)—A petty hoodlum and his companion, a slim and attractive young blonde woman, were shot to death from ambush early today in Sunnyside, Long Island.

The couple had left their automobile to enter an apartment, at daybreak, when shot down.

Police did not know the hoodlum's real name. A barroom rowdy, he was known to them as Timothy Gallagher and Thomas Porter. Under the latter name, they said, he was once sentenced to Elmira prison for robbery.

The woman was unidentified.

Police said no immediate motive for the crime was apparent.

CITY DRUG STORE BEAUTIFIED AND ENLARGED AS ITS 8TH BIRTHDAY IN CITY OBSERVED

Open, Well-Lighted Displays Will Be Appreciated by Every Shopper.

The City Drug store is announcing today the grand opening of its remodeled and enlarged store.

Work has been going on, both on the inside and outside of the store, for several weeks in order to make more room inside, more light and a better opportunity to display merchandise. The store is also celebrating its eighth anniversary in Pampa and has made special plans to interest those who visit the store for the next week.

New awnings were placed on the front of the store by E. L. King and company, painting was done by John W. Crout, electric work by Rex Electric, and the carpenter work by J. King.

All merchandise is now placed on open display for the convenience of shoppers. The variety of merchandise which is carried has been enlarged and a much larger selection is afforded.

New fixtures have been installed, the front of the store has been remodeled, and a new lighting system has been installed. Plans are complete to entertain large crowds during the celebration.

The soda fountain, also, has been remodeled and represents the latest improvements in brightening up this department. The regular selection of fountain drinks are served according to formula.

Earl Barnt, owner and general manager of the City Drug stores, will attend the opening. Gifts for everyone visiting the store have been provided, according to W. F. Cretney, manager.

The personnel of the store includes Mr. Cretney, manager; V. S. Keahy, pharmacist; Clyde Oswalt, in charge of display; James Greenfield, fountain; Clinton Clay, clerk; John Austin, curb hop; and Miss Marjorie Butler, bookkeeper.

GILCHRIST IS CRITICISED IN LABOR ACTION

RESOLUTION DEPLORING WAGE ACTIVITIES IS PASSED

WACO, May 16. (AP)—A run-off election for the post of delegate to the American Federation of Labor was on the Texas federation's convention program today.

Alfred L. Bailey of Fort Worth and W. F. Hill of Fort Arthur remained in the race after yesterday's vote which elected all other officers.

W. B. Arnold of San Antonio was re-elected president and Houston was selected for the 1936 meeting place, winning over Tyler and Amarillo.

Wallace Reilly of Dallas was re-elected executive secretary.

Henry Winkler of Houston was elected first vice-president; Miss Emily Jordan of San Antonio, second; Alfred L. Bailey of Fort Worth, third, H. W. Acreman of El Paso, fourth; W. W. Finch of Amarillo, fifth; Abb Bullard of Kilgore, sixth, and Robert Oliver of Baytown, seventh vice-president.

L. C. Johns of Abilene was named reading clerk and L. M. Barber of El Paso was elected sergeant at arms.

Attorney General William McCraw was the main speaker at the convention banquet last nightt. It followed a stormy session in which the federation made history in resolutions adopted.

The federation adopted resolutions criticising State Highway Engineer Gib Gilchrist for alleged activities in connection with prevailing wage legislation, and placing 14 Texas factories on the "we do not patronize" list.

A thorough investigation was demanded in regard to the charge against Gilchrist and copies of the resolution were sent to Gov. James V. Allred, the American Federation of Labor, the state highway commission, the federal bureau of public roads and Secretary of Labor Frances Perkins.

Thirteen Dallas garment factories and one San Antonio cigar factory were placed on the non-patronage list. A strike has been in progress in the Dallas factories since March 7.

Chapter 43
HOMECOMING

James ran the entire two miles from the house at Oak and North Fifth to the Mansion. To his disordered imagination it seemed that Jane was just behind him, a sort of disembodied Jane, all staring eyes and clutching predatory hands.

He was near hysteria when he reached his old home and pounded frantically on the front door. Lights came on, upstairs and down. He heard Nappy's voice inquiring anxiously who was there. "Me," he called. "Let me in."

The door opened slowly. James staggered into the hall and would have fallen but for Nappy's supporting arm. Miss Sarah called quaveringly from above. "Who is it? Who is it?"

"Ain't nobody but the General. You and Aunt Lou go on back to bed. The General ain't feeling so very good. I'll tend to him."

Miss Sarah in curl papers and a shawl with Aunt Lou at her heels in a long white night gown, started down the stairs. "My dear boy. My dear child. We must get you to bed."

"Yessum. You go on and get the bed ready. Me and the General will be right up."

James had collapsed in a chair, his head in his hands. "I'll telephone the doctor," Miss Sarah went on, "Aunt Lou, you get the whiskey. On my closet shelf."

"No'm, I wouldn't telephone for no doctor. If Aunt Lou was to make a little hot coffee. . . ."

Aunt Sarah had now come close to James. She smelled at last the stale reek of liquor that was his breath. James looked up at her.

"You think I'm drunk," he said thickly. "Well, I'm not. I've run two miles. I've run away from Jane. And I'm never going back. Do you hear me? Never. Because I don't like her eyes."

Well, intoxicated or not, decided Miss Sarah, he was still her boy and Jane undoubtedly was responsible. "There, there, dear," she said tenderly. "It's all right. You're home now. I'll get the bed ready. When you've rested a little Nappy will help you upstairs."

Nappy brought James a long glass of cold water and James gulped it thirstily. "Nm um, you sure musta had a snoot full," Nappy commented admiringly. "Well, it takes the U. S. Army to sniff it out so quick. But how come you to make such a racket. If you'd just sneaked along quiet like twouldn't nobuddy but you and me knowed."

"I didn't expect you to be up. I'm all right now. I'm going on up to bed."

Nappy helped him up the stairs, helped him undress, inveigled him into drinking the coffee, into a lukewarm bath. In his old room, in a long night shirt that had been his grandfather's James slept the sleep of the just from midnight until something after ten next morning.

When he wakened there sat by the window a crisp and fresh Aunt Sarah in a striped lavender dimity with white collars and cuffs reading her Bible.

"Auntie, I've come here to stay," were James' first words. "Please don't ask me what happened. I can't bear to talk about it, but I'm never going away again—if you and Aunt Lou want me."

Want him? Want him? Miss Sarah bent over James and kissed him with trembling lips. She asked no questions. Instead, she drew his bath herself, made his bed afresh, and insisted that he get back into it. She piled pillows high behind him, brought him a Kansas City morning paper, pulled up the blinds to just the proper angle for reading and departed.

The door was left half opened and an aroma of coffee and bacon was wafted up to hungry nostrils. Aunt Sarah soon returned with a glass of iced orange juice on a lace-covered tray with a little bowl of wild sweet-william beside it.

The orange juice had hardly vanished when Aunt Lou called from the hall, "Can I come in, honey? There's hot waffles," and Aunt Lou's beaming wrinkled face appeared in the door.

Nappy followed carrying another and larger tray covered with silver and tinkling china and glass—and every dish heaped to overflowing. James ate every crumb of it.

James spent the day at home lounging at his ease in bed reading the Master of Ballantrae, while Aunt Sarah or Aunt Lou or Nappy ran upstairs every quarter of an hour for fear he might want something and they not hear his call. They had no callers and they muffled the telephone.

The second morning all of Commercial Street was electrified, and half the telephones in town began a frantic jingling, when Major Stimson, in ancient civilian clothes, was seen to alight from a South Fifth Street car and limp toward his office, the vaingloriously proud and limping Nappy close at his heels.

They had only a block to go, but that short walk was a good deal of an ordeal. All the men on the street, the clerks in the stores had to shake James' hand. James was partly pleased, more shy and self-conscious. He ducked into the shelter of the doorway of the stairs that led to his office as soon as he decently could.

The crowd laughed and dispersed slowly, talking of James Stimson. But it did not go far. It was already twenty minutes after nine and in ten minutes Mr. Northrup was due to pass along Commemrcial Street on his way to the Northrup elevators on West Main Street.

The crowd was not unrewarded. At twenty-seven minutes to ten the Northrup car was seen to turn the corner and speed rapidly along Commercial Street. Two minutes later it stopped before the entrance to James' office.

Mr. Northrup, a picture of injured dignity, looked neither to the right nor left and speaking to no one alighted from his car and went ponderously up the steep stairs.

The interview was short. Mr. Northrup emerged with purple cheeks and eyes snapping. Mr. Sawyer, an old friend, intercepted him. "What's this I hear about trouble between Jane and Jim? Everybody's asking me. What shall I tell them?"

"A mere tiff, a mere lovers' quarrel."

Tomorrow, the Northrups lay siege to James.

Poland Mourns Dead Dictator

WARSAW, May 16 (AP)—Long lines of sorrowing Polish citizens passed the bier of Marshal Joseph Pilsudski today to pay their last tribute to the dead dictator.

Successive groups of morners knelt in the recesses of St. John's cathedral chanting hymns while requiem masses were conducted.

Representatives of many foreign countries arrived to attend the services. The United States will be represented by its charge d'affairs, Sheldon L. Crosby, and Lt. Col. Albert Gilmore, military attache of the United States embassy in the absence of Ambassador John Cudahy.

The foreign delegations will leave wreaths at the cathedral tomorrow morning. Then a special train will start on its long journey to Krakow bearing the marshal's body to its final resting place in the cathedral of Wawel Castle.

Richberg Would Be 'Mussolini,' Asserts Clark

WASHINGTON, May 16. (AP)—The struggle over the future of NRA took on new intensity today, with Senator Clark (D., Mo.) assailing Donald R. Richberg as a would-be "Mussolini" and Richberg doing his utmost to combat Clark's ideas on blue eagle extension.

Angered by criticism of his measure to extend the agency only ten months more, Clark said he would make a speech in the senate on "Donald R. Richberg and his ambition to be a Mussolini in the United States."

Richberg, chairman of NRA's governing board, meanwhile appealed to house leaders to make major alterations in the Clark plan, which the senate has approved.

In a conference with democratic members of the house ways and means committee last night, he argued that the new NRA legislation should apply to businesses "substantially affecting interstate commerce." The bill which the senate passed would place all intrastate business outside the code structure.

The house members tentatively turned down Richberg's request on this point, contending such a provision as he suggested would amount to the same thing as the present law. But they gave support to his contention that NRA should be continued two years instead of ten months.

Bonus Deadlock May Be Broken In Senate Ruse

WASHINGTON, May 16. (AP)—There were indications today that the senate stalemate on the Patman new currency bonus plan may be broken soon.

Administration leaders were conferring with Senator Thomas (D., Okla.) a leader of the Patman forces in an attempt to work out a program to get the bill to the white house. Thomas, seeking to line up all possible strength for the test after the bill comes back with the expected veto, held the bill in the senate by means of a motion to reconsider the vote by which it was passed.

There was some talk that administration leaders might move to table Thomas' motion in an attempt to release the bill, but they were said to be uncertain as to whether the senate would pass such a motion.

Some of the Patman supporters indicated they hoped Thomas might be willing to let the bill go to the white house tomorrow, timing it to reach there too late for the president to send back a veto message before Monday.

Some supporters of the Vinson plan, which leaves the method of financing the bonus open, were reported to be considering offering this measure as a rider to an appropriation bill if the Patman proposal finally is defeated.

Roosevelt leaders in the senate still maintained they had votes enough and to spare to uphold a veto on the inflationary Patman bill.

VETOES COURT BILL

AUSTIN, May 16. (AP)—Governor Allred today vetoed a bill which would have created a new county court for Travis county. "In addition to the request of the author (Senator John Hornsby of Austin), I am impelled to this decision by the action of a majority of the Travis county bar association and other citizens who feel that the court is not needed," the governor said.

Repealists Will Convene May 25

AUSTIN, May 16. (AP)—Anti-prohibitionists have been called to meet in Austin May 25 to plan a campaign for repeal of statewide prohibition, submitted to a popular vote next August 24.

The call was issued by C. C. McDonald of Wichita Falls, who was chairman of the convention that supported repeal of nationwide prohibition in 1933. McDonald said the purpose of the meeting would be to organize a permanent organization to direct the drive for state prohibition repeal.

Physicians Vote To Treat Poor At Half Rates

DALLAS, May 16. (AP)—The Texas Medical association last night voted to continue cooperation with the Texas relief commission in treatment for indigent sick at one-half the usual fees.

An unexpected strong fight against the action caused much discussion, several of the group wanting to abrogate the agreement with the relief administration.

Several speakers expressed themselves "as opposed to this relief work" and as "being tired of being dictated to by case workers."

In urging the association to continue with the agreement, Dr. Holman Taylor of Fort Worth said the agreement was voluntary and that it was purely up to each county medical society to determine whether it wished to enter into the contract.

The association passed resolutions requesting the state superintendent of schools to create a course of tuberculosis care and prevention study in all schools for pupils of and above the fourth grade.

Mrs. R. B. Homan of El Paso was named president-elect of the woman's auxiliary of the Texas Medical society and Mrs. John T. Moore of Houston, elected last year, was installed as president.

'Challenge' to Christianity Is Theme of Speech

MEMPHIS, Tenn., May 16. (AP)—Southern Baptists were urged today to prove to the world that Christianity has "the normal resources adequate to produce a peaceful and well-ordered society."

In his prepared convention sermon, Dr. J. B. Weatherspoon of Louisville, Ky., told delegates today that many "are challenging the power of Christ to destroy selfishness."

"Love, they say, fades as it passes beyond even the simplest primary relationships," Dr. Weatherspoon warned. "That is our challenge, and it cannot be dismissed. We must take it up and in all earnestness dedicate our generation to make Christianity Christian. That is not done by taking the name, but by establishing a fellowship of unselfishness, unalloyed and positive, free from self-seeking, dishonor, jealously and strife. We, all of us, in a fresh dedication of ourselves to the moral idealism of Jesus must find and prove his power."

Good Profit in Show Announced

Crippled children will receive treatments based on profits of about $450 from the 1935 Lions musical show it was estimated today. This is by a considerable margin the largest receipts from the series of four annual shows.

Physicians of the club give their time and services free in carrying on the work.

Tomorrow night in Borger the same cast will present the show for the benefit of the Borger Lions' committee on crippled children. The cast will leave the city hall here at 5:30 o'clock tomorrow.

A committee to assist the general Pre-Centennial committee was named by President H. H. Hicks today. This group, composed of Roy Boarland, D. E. Cecil, Siler Faulkner, Ivy Duncan, and A. M. Teed, will meet Monday evening in the city hall to perfect plans for the Pre-Centennial.

Guests of the club today included Clyde Gold, F. A. Zimpfer of Amarillo, and Judge A. T. Cole.

Miss Martha Wulfman has as her guest for the next ten days her father, who came over from Borger today.

SCARBOROUGH NAMED

MEMPHIS, Tenn., May 16. (AP)—Dr. L. R. Scarborough, president of Southwest Baptist Theological Seminary, Fort Worth, Texas, was prominently mentioned this morning for the presidency of the Southern Baptist convention. The election will be held this afternoon. Dr. Scarborough is first vice president. Dr. M. E. Dodd said he would not accept a third term as president.

Continuation of East Texas Oil Output Wanted

AUSTIN, May 16. (AP)—Continuation of the present East Texas oil allowable of 3.4 per cent daily of the hourly potential was recommended to the railroad commission today in its monthly proration hearing.

Gordon Griffin, chief engineer, made the recommendation after Chairman Ernest O. Thompson announced Secretary Ickes, Federal oil administrator, had estimated the June consumer demand of Texas crude at 1,059,300 barrels daily, an increase of 26,400 barrels over the current allocation.

The commission began its initial hearing on application of the recently enacted gas conservation act, designed especially to stop waste in the Texas Panhandle. Nominations for market requirements for June were received.

As chairman Thompson read a partial list, he observed "These figures sound like congressional appropriations." Some of the nominations were based on monthly and others on daily requirements. They will be tabulated officially later.

dry so that our pontoons sufficed for the crossing.

"'Our records show that at the junction of this and another great river, the Missouri, there was once a considerable city and that this was a country devoted to the cultivation of grain. There are now only moving pieces of dust for the hundreds of miles. Of the city little remains except some skeletons of twisted steel. It is not recommended that excavations be carried out at this point, since everything of historical value was moved to the eastward as the desert encroached.

"'We have seen no living thing since leaving the Tennessee valley. We expect to return soon for the study of the records which have concentrated there as civilization has disappeared elsewhere on the continent. We expect to spend a few more weeks analyzing the soil of this desert, measuring, as well as we can, the climatic changes since vegetation disappeared, and collecting specimens of various remains'."

COURT REVERSES CASES

MONTGOMERY, Ala., May 16 (AP)—The Alabama supreme court today reversed and remanded for new trials the cases of Haywood Patterson and Clarence Norris, negro defendants in the Scottsboro case, in carrying out the mandate of the U. S. supreme court, which set aside death sentences on the grounds negroes were systematically excluded from the petit and grand juries in the case.

Farmers Insulted Connally Charges

Wallace 'Welcomes' Investigation Of March

WASHINGTON, May 16. (AP) — Though the farmers who came to praise the new deal's agragrian policy were mostly all gone home today, they left behind a row that stirred the depths of bitterness.

Before the senate was a resolution by Senators Hastings (R., Del.) demanding that the agriculture department produce data to show whether the "march on Washington" was subsidized by the AAA. Secretary Wallace, saying he "welcomed" an investigation, denied the AAA had any connection with the demonstration.

Earlier Hastings had compared President Roosevelt to a "small town bully" because of his declaration before the assembled farmers that critics were "lying" about the AAA program.

His remarks stirred Senator Connally (D., Texas) to an angry counter-attack, while some of the visitors from the farmlands sat in the galleries watching the battle proceed.

The Hastings resolution, Connally charged, was an "insult" to the farmers. It implied, he asserted, that they and Wallace were in a plot to "embezzle funds of the United States."

Angrily, Connally urged an immediate vote on the resolution so "the detectives can get out their searchlights and see if the farmers have left anything."

This suggestion was opposed by Hastings on the ground it was an effort to kill the resolution. Senator McNary (R., Ore.) also objected to the quick vote.

When Senator Lewis (D., Ill.) demanded proof on what he called insinuations that President Roosevelt had a hand in bringing the farmers here, Hastings said:

"I have no knowledge except the general attitude of the administration on that and like subjects: I'm satisfied the administration in the past has used money appropriated for public purposes to produce an effect on the country that the administration was doing greater things than it actually was doing."

"That confresses the resolution's weakness," Lewis said.

Meanwhile foes of the cotton processing tax on the AAA continued their drive against it. Rep. Martin (R., Mass.) presented at the White House a petition signed by 71 members asking removal of the tax.

Another cotton development was a bureau of foreign and domestic commerce report showing a decrease in exports of the staple. Exports from August, 1934, to April, 1935, were set at 3,896,000 bales, valued at $265,709,000, against 6,485,000 bales, valued at $355,778,000 for the corresponding nine months of 1933-34.

MADRID, May 16 (AP)—A radio dispatch from Los Palmas said Juan Ignacio Pombo, 21-year-old Spanish aviator who took off from Seville today on the first leg of a flight to Mexico, D. F., to see his sweetheart, landed at Agadir, Morocco at 11:30 a. m.

MARKET BRIEFS

NEW YORK, May 16. (AP)—The stock market put on a buying spurt today that lifted prices and the trading volume to their highest levels since last July. Gains of 1 to 3 or more points were numerous. The sharp upturn was attributed partly to a revival of inflation psychology. The close was strong. Transfers approximated 2,450,000 shares.

NEW ORLEANS COTTON

NEW ORLEANS, May 16, (AP)—Irregularity cropped out as the morning wore on. And even futures of the same crop failed to follow a definite trend. While in the old crop May position a decline of 7 points was shown, July old, was 2 points higher at 11.90.

New crop positions were 1 to 2 points lower, with the exception of March which worked 1 point higher.

A report from Washington that Oscar Johnston's recent survey of the foreign cotton situation might be released today by President Roosevelt attracted some attention.

But most of the trade was adopting a waiting attitude with the activities of the cotton pool the important question.

Normal temperatures were reported for most of the belt by the weather bureau in its daily summary with heavy rains in Central and Northeast Texas and a few other scattered localities.

CHICAGO GRAIN

CHICAGO, May 16. (AP) — Grain markets went upgrade most of the time today, stimulated largely by inflation talk and by stock market upturns.

Increased speculative demand for grains became decidedly evident. Houses with eastern connections were prominent as buyers, especially of wheat.

Wheat closed firm, 1½-1⅞ above yesterday's finish, July 93⅞-94, corn 1⅞-2½ up, July 82⅞-83, Oats ½-1¼ advanced, and provisions at a rise of 10 to 22 cents.

DOCTORS MORE LIKELY TO DIE THAN PATIENTS

Suicide Is Frequent Among Doctors Of Nation

BY STEPHEN J. McDONOUGH,
Associated Press Science Writer.

WASHINGTON, May 16. (AP) — Physicians are more likely to commit suicide or die from some of the very diseases they treat than the average person.

In a study of 600,000 deaths among doctors, among citizens of Massachusetts, and among patients in Massachusetts state hospitals over 15 years, Donald Gregg, M. D., of Wellesley, Mass., told the American Psychiatric association today that the incidence of death among physicians from certain diseases was greater than among the other two groups.

Speaking on "the lethal power of the emotions" he declared that a knowledge of disease handicaps the physician when ill. "Few will gainsay the view that with his greater knowledge of the lethal possibilities of disease, the doctor when sick carries a heavier emotional load than the layman," Dr. Gregg said.

Of 13 diseases physicians are more likely to die of coronary sclerosis and angina pectoris, angina, asthma, pneumonia, and arterio sclerosis and are more likely to commit suicide than either mental patients in state hospitals or the community at large, Dr. Gregg declared. They are less likely to die of diabetes, ulcers and nephritis because they are more likely to receive earlier diagnosis and better treatment.

"The prevalence of suicide among physicians perhaps is due to the materialistic philosophy held by many doctors," he added.

Prescribing for his fellow-physicians Dr. Gregg said that "to mitigate our dilemma we must lessen our emotional load by avoiding excess of emotional stimuli, by slackening our pace, or bearing it intermittently; by avoiding excessive specialization, and by developing our knowledge of facts and wisdom in applying these facts."

MUSICIAN HONORED

DALHART, May 16. (AP)—H. C. Hudson, Jr. has been selected as a member of an all-Texas band which will play at Dallas next year during the Texas Centennial celebration.

Young Hudson won high honors in recent music festivals at Lubbock and Amarillo. He will compete in National musical contests at Madison, Wis., soon.

110 TO GRADUATE

LUBBOCK, May 16. (AP)—One hundred and 10 students in the arts and sciences division of Texas Technological college will be candidates for degrees at spring commencement, Dean J. M. Gordon has announced.

Bachelor degrees will be sought by 15 in business education, nine in science in education, nine in arts in education, 15 in arts in sciences, 20 in arts in social sciences, and 42 in arts inlanguage and music.

DAY AND NIGHT

WASHINGTON, May 16. (AP) — Clifford Day, leader of the farmers' "march" to the capital, telephoned a local newspaper. Francis Knight, a copy boy, answered and the conversation went like this:

"Hello: This is Day. Did you call me?"

"This is Knight. I'll—."

"Now, this is no joking matter. I want to know——."

They finally straightened things out.

PAMPA
TOPICS of OUR CITY

To File Complaints.

First of a number of complaints against motorists who illegally pass stopped school buses was being prepared today. Heavy fines await those who are convicted. Utter disregard for the state law is endangering lives of the children. A bus stopped to receive or discharge passengers may not be passed by a motorist.

Seek Designations.

Citizens living between Borger and Sayre, Okla., will have a meeting soon to discuss much desired designation of gaps east of Wheeler and west of Sayre. Closing of the Pampa-Borger gap also will be discussed. Contract has been let to Cooke & Braden for more than 6 miles just east of the Pampa paving on highway 152, also referred to as the Oil Field highway No. 41. State highway commissions of Oklahoma and Texas have promised action as soon as federal funds are available.

Houses For Rent.

Saddle horses will be made available here Sunday afternoon and thereafter by W. R. Harwell. They will be placed just south of the city limits. Half a dozen horses will be available Sunday, and a dozen good mounts shortly thereafter, Mr. Harwell said.

Lions to Rehearse.

Members of the Lions minstrel cast will have a short rehearsal tonight at the city auditorium in preparation for the show in Borger Friday evening. The practice will begin at 7:30 o'clock.

To Kiwanis Convention.

President Guy McTaggart and Secretary John Roby of the local Kiwans club are official delegates to the State Kiwanis convention in San Antonio May 19 to 23. C. E. "Dan" McGrew and Dr. V. E. von Erunow will also attend the convention.

To Insure Taxi Cabs.

Taxi cabs operating in Pampa must carry public liability insurance by May 27, city commissioners have announced. An ordinance was passed last fall but was not enforced at that time since it was impossible for local insurance companies to supply that type of insurance. In order to operate taxis in Pampa after May 27, it will be necessary that they carry property damage and personal injury damage.

Hail Damage Great.

Hail damage in the Groom community and for a considerable distance south and east as a result of Friday night's storm was greater than at first expected, local hail insurance companies report. The hail was said to be the hardest in the last 20 years. Severe damage resulted to window glass in Groom.

Personals.

Mrs. J. M. McDonald and daughter, Patty, are visiting relatives in Chico, and plan to make visits in other cities down-state before returning home.

A number of friends here went to Witchita Falls today for the funeral of J. O. Phelps, who died there yesterday morning. Mr. Phelps formerly lived here, and was an employe of the Danciger refinery. He had lived in Wichita Falls only a few months.

Betty Gene Coil of Skellytown is recovering in Worley hospital after an operation Monday.

Mr. and Mrs. F. M. Brooks have returned to their home, 315 N. Ferry, after a visit with their son and daughter at Montrose, Colo.

LYNCH LEADS

DALLAS, May 16 (AP)—Joe Lynch, Gladewater professional, splashed over the rain-soaked Lakewood Country club course today in 74 strokes to take the lead in the Texas Professional Golfers' association qualifying round for the national P. G. A. meet to be held in September.
