New System Of Refueling In Flight Slated

Flying "Tankers" Being Planned For Global Strategy

(By The Associated Press)

WASHINGTON, Nov. 22.—The Air Force is trying to stretch the global reach of both the present workhorse of its bomber force, the B-29 superfortress, and the giant new B-36.

This was disclosed in two developments today:

1. Word that fleets of flying "tankers" are planned for six of the groups of strategic bombers operated by the Air Force. These converted B-29s will be used to refuel the superfortress bombers along their route to a target, thus extending their range.

2. Tests of a B-36 with new engines of more power and presumably greater fuel economy to provide more speed and range.

System Envolved

The Air Force has high hopes for the aerial refueling system. Air Secretary Symington told a congressional committee last spring that with such a system B-29s could bomb any part of Russia from bases in Alaska or Labrador.

Techniques and equipment developed in Air Force experiments for more than a year are believed to have evolved a system whereby a super fortress could be filled with virtually a full load of gasoline in fifteen minutes while flying along the course to a distant target.

At the time of his statement, Symington said Air Force units would be equipped for refueling by early 1949.

It was learned today the current plans contemplate equipping six groups of Boeing B-29s for aerial refueling. In doing this, the size of the groups will be expanded not only by adding the tanker B-29s but by putting more combat bombers in each group.

Squadron Strengthened

The Air Force is described as proposing to keep the composition of a B-29 group at three squadrons, but each squadron would have 15 instead of 10 bombers, the total number of bombers and tankers in a group would be 65 instead of the current 30 bombers only.

Informed quarters said the Air Force might report that funds in the national defense budget now being prepared might allow the operation of only 48 instead of the present 55-group long range bomber force.

However, the augmented size

Man Sought In Brutal Slaying

ST. LOUIS, Nov. 22 (AP)—A 26-year-old man, identified as a former mental patient, was sought for questioning today in the brutal slaying of two-year-old Joseph Nichols.

The child's battered body was found Saturday in a hotel room dresser drawer.

Chief of Police Jeremiah O'Connell said witnesses viewed pictures of William Pollard sent here by the Cincinnati police department and named him as the man who registered at the hotel with the child last Tuesday and left the next day.

Former Mental Patient

At Cincinnati Police Captain George Pearcy said Pollard had been a mental patient in Longview hospital there three times between 1941 and 1945. Last October 28 he was released from the veterans neuropsychiatric hospital at Chillicothe, O.

Identification of the child was established yesterday when Mrs. Betty Nichols, his 21-year-old mother, arrived here from Huntington, W. Va., and viewed the body.

Pollard Identified

She looked at pictures of Pollard and identified him as the man to whom she had entrusted her child on November 11.

She told police Pollard left Huntington with the child after agreeing to take care of him while Mrs. Nichols visited her husband, Joseph, at a hospital. She said Pollard told her he would take

Searching Party Called Out In Wisconsin

Monoplane With Bobby Breen As Passenger Believed Lost

(By The Associated Press)

HAYWARD, Wis., Nov. 22—A single-engine monoplane with singer Bobby Breen as a passenger disappeared on a 300-mile flight across Wisconsin yesterday bringing fears the ship may have crashed in an isolated forest area.

Ernie Roth, Canton, O., advance agent for the former child motion picture star, said breen and his pilot, Kenneth Thompson of Waukesha, Wis., were long overdue on a flight from Waukesha to Hayward.

Roth said he feared "something must have happened."

"I'm sure if Bobby had made a forced landing and was safe, he would have called me," Roth added.

A report that the crimson (Stinson) plane had been seen flying low over the lake-dotted timber area southeast of Hayward sent Roth and a searching party into the Ghost lake region of northern Wisconsin about midnight.

Roth and Breen were to have met at Hayward today for a hunting trip.

Meanwhile, airports at Mil-

DEBATE WITH SOUTHERNERS SEEN

Filibuster Ban In Congress Studied

(By The Associated Press)

WASHINGTON, Nov. 22—Senate Democratic leaders may postpone any effort to block future filibusters while they seek a compromise with Dixie opponents of civil rights measures.

Reporting this, a Democratic official said one plan under discussion is to have a committee study the whole question of revising Senate rules.

As the code now stands, a score of southerners can prevent the Senate from acting on any civil rights measures by talking indefinitely against a motion to take up such a bill.

Applies Only To Bill

The cloture—closing of debate—rule applies only when a bill actually is before the Senate. It doesn't work against a motion.

For that reason, Senator Vandenberg (R-Mich) told reporters that, for practical purposes, "the existing cloture rule isn't worth anything."

He noted too that opponents can filibuster any motion to change the rules, as Senator McClellan (D-Ark) already has predicted southern members will do. Vandenberg said he favors a rule change to make cloture—which requires approval of two-thirds of

Members Of UN To Study Berlin Issue

PARIS, Nov. 22. (AP)—Six members of the United Nations security council called a meeting today to decide if they can work out a new plan to end the Berlin crisis.

If these delegates, whose countries are not involved directly in the Berlin dispute, decide they can break the western power-Russian deadlock, it is likely the security council will be convened by the end of this month to consider their plan formally.

The six member nations scheduled to meet today are Argentina, Belgium, Canada, China, Columbia and Syria. The other four members of the council—the United States, Britain, France and Russia—are concerned directly in the Berlin case.

Truck Drivers Stage Walkout

NEW YORK, Nov. 22 (U.P.) — Some 2,000 truck drivers who handle railroad freight went on strike today further hampering the city's commerce, already plagued by a walkout of 65,000 AFL longshoremen which has tied up shipping from Portland, Me., to Hampton Roads, Va.

The truckers, members of the International Brotherhood of Teamsters (AFL), struck against some 300 small freight concerns, demanding a 22½ cents hourly wage increase. The owners have offered 20½ cents.

Extension Considered

Tdo railroads affected by the truckers strike were considering an extension of the freight embargo to include shipments of less than carload lots for delivery in the New York metropolitan area. A spokesman for the Association of American Railroads said only the Pennsylvania railroad and the New York Central system would be affected, and the freight involved would be approximately 10 per cent of that normally shipped into the area. Freight destined for overseas shipment has been embargoed since the beginning of the longshoremen strike.

Meanwhile, federal mediators scheduled new meetings between shipowners and members of the International Longshoremen's association (AFL) in an effort to work out a compromise settlement of the 13-day-old maritime walkout.

Temperature Dips To 20 Degrees In City Early Today

(By The Associated Press)

KANSAS CITY, Nov. 22.—The Great Plains region counted its dead from a three-day snowstorm at eight today.

The storm, which whipped across a strip of the Great Plains from eastern Colorado to Minnesota, blew itself out Saturday but clearing of snow-clogged roads and towns were still continuing in some areas today.

Five of the deaths occurred in Nebraska and three in Kansas.

Hundreds Marooned

Hundreds of motorists were marooned and trains and buses were stalled. Electric power and communications were disrupted. Some schools closed.

Yesterday snowplows uncovered the body of Mrs. Hal Laughlin, 30, of Jetmore, Kas., about a mile from where her automobile had stalled. She had been sought since Thursday. Her car stalled near Dodge City in western Kansas.

The body of Lester M. Carson, 38, McCook, Neb., also was found yesterday in his snowcovered car eight miles west of Oberlin in northwest Kansas. Another death reported last night was that of John H. Haun, 48, a truck operator who died of exhaustion from shoveling snow in O'Neill, Neb.

Trains Were Stalled

The heavy snow stalled a number of passenger trains. Snowplows, bucking through drifts as high as 15 feet, had cleared all the mainline tracks by today.

Some of the trains were tied up for three days, with passengers being cared for in nearby towns.

Winds up to 75 miles an hour accompanied the snow, accounting for the huge drifts. The sheep loss in western Kansas and eastern Colorado was high.

New Hearing Asked In Judgeship Case

AUSTIN, Nov. 22 (AP) — The supreme court was asked today for a new hearing in the San Antonio judgeship dispute case.

Judge-elect P. C. Sanders filed a motion for rehearing of the habeas corpus proceedings in which the court last week refused him relief.

He had been remanded to the custody of the sheriff of Bexar county on contempt of court charges. Sanders was held in contempt by District Judge William C. Davis Nov. 9 when he attempted to take over the bench.

Davis was filling an unexpired term in the judgeship and Sanders was elected Nov. 2 to succeed him. The supreme court ruled that Sanders had no legal right to the judgeship on Nov. 9. Sanders claimed he was eligible for the office immediately after the general election.

Quick Aid To China Sought

(By The Associated Press)

SAN FRANCISCO, Nov. 22 — Madame Chiang Kai-Shek has asked the United States for immediate aid in China's critical civil war.

Her appeal was made in Nanking yesterday and was broadcast by the American Broadcasting company in a hookup with the Chinese capital.

Said the wife of China's president:

"I only ask this — to tell you that any further aid must be immediate and definite.

"You Will Also Suffer"

"If Communism prevails in China, you, my friends, will ultimately also be suffering.

"For with China's strategic position, resources and manpower in Communist hands, you yourself will be greatly weakened.

"If China falls, all of Asia goes. And certainly Asia's importance to world peace is not one whit less than that of Europe."

Madame Chiang spoke of her and her husband's determination to fight on against the Communists and said their faith in ultimate victory was still strong.

"I know that there is a school of thought in America which says that China is not necessary or important to the United States because you have a foothold in Japan," she went on.

E. V. PARR IS FATALLY INJURED

Lubbock Man Dies In Mishap At Gin

E. V. Parr, of 1412 Eighth, superintendent of the West Texas Gin company plant on the Plainview cutoff, was killed shortly after noon today, apparently when he fell from a ladder into the flywheels of an engine at the gin.

W. E. Baskin, bookkeeper at the gin, said no one saw the accident occur. He said George Harrison, a press man, happened by the engine and discovered Webb's body at about 12:15 p. m.

Climbing To Boiler

Webb's head had been split open, Baskin said, and death apparently was almost instantaneous.

Judging from the position of a nearby ladder, Baskin said, it appeared that Webb had been climbing to the top of a boiler and had fallen.

The body was taken to Lubbock Memorial hospital, and later to Rix Funeral home. Funeral arrangements were incomplete early this afternoon.

Webb had worked for the West Texas Gin company for about 20 years. Last year he managed the gin, then located at Tenth and Ave. G.

Wildcats, Bears To Tangle In Rose Bowl

LOS ANGELES, Nov. 22 (AP)—California was selected today as the Pacific coast conference representative in the Rose bowl New Year's day.

The selection, made by telegraphic vote of the 10 conference members' faculty representatives, was announced by Commissioner Victor O. Schmidt. The exact ballot tabulation was not disclosed. Oregon also was a candidate for the nomination.

That will make the Jan. 1, 1949, lineup at Pasadena:

California versus Northwestern. The Wildcats were chosen unanimously earlier today by the Big Nine.

California and Oregon tied for the conference championship, both finishing the league season undefeated. Oregon, however, lost one non-conference game—to Michigan, 14-0—while Cal's Golden Bears went through their entire 10-game slate without blemish.

Giant Ocean Liners Are Idle In England

SOUTHAMPTON, England, Nov. 22 (AP)—The world's two largest ocean liners, the Queen Elizabeth and the Queen Mary, idled at their dock moorings today.

The Cunard White Star line said the ships' westbound trips had been delayed because of the longshoremen's strike in New York. The Elizabeth's crew also is on strike, in sympathy with the American strike.

The line cancelled the voyage of the Elizabeth an hour before sailing time Saturday, disappointing 1,600 passengers.

AFL Anti-Russian Declaration Okayed

CINCINNATI, Nov. 22 (AP) — The American Federation of Labor today adopted a foreign policy declaration calling for a military alliance against Soviet Russia and breaking off of trade relations with the U. S. S. R. until the Berlin blockade is ended.

The 650 delegates accepted the recommendations of the AFL committee on international labor relations. The approval was routine as the delegates hastened to adjourn the 67th annual convention by nightfall.

Help To China, Europe Crisis Given Priority

Harriman Offers Report On Europe Recovery Efforts

(By The Associated Press)

WASHINGTON, Nov. 22—President Truman got a report on recovery efforts in Europe today preliminary to a general foreign policy review with Secretary of State Marshall. Momentous decisions on American policy in China and Europe may hang on the Truman-Marshall talks.

Marshall arrived by plane from Paris at 10:10 a. m. and was greeted at the airport by the President.

Marshall Takes Rest

While Marshall was catching a little rest pending afternoon talks at the White House Mr. Truman had in others who help him on foreign policy affairs. W. Averell Harriman, the roving ambassador of the Economic Cooperation administration, conferred with Mr. Truman for 25 minutes.

Harriman told reporters afterward that he reported to the President that "a wave of enthusiasm went across Europe" as a result of his election.

"I told him," Harriman said, "a feeling exists in Europe that liberalism is in the ascendency here as against the thought that reactionary tendencies were."

In General Terms

Harriman also said that he reported to the President "in general terms on the progress being made in Europe under the European recovery program."

When Marshall stepped from the plane, reporters besieged him with questions.

In comment on the United Nations meeting at Paris, Marshall told them, "I think a great deal of understanding has resulted from what has already happened."

Asked whether he was going back to the U. N. meeting, he said that he didn't know.

Walks Out In Rain

President Truman sent forward one of his associates with an umbrella to escort Marshall to the airport building shed. The President himself then walked out in the pelting rain to greet first Mrs. Marshall then the general.

He said to each one in turn, "it's sure good to see you."

In addition to Mrs. Marshall, those making the trip from Paris with the Secretary of State included Mrs. Charles E. Bohlen, wife of the State department counselor, and Brig. Gen. Marshall Carter, an aide to Marshall.

China Urgent Problem

Diplomatic authorities agreed that China presents Mr. Truman and Marshall with their most urgent—and in some ways most difficult—problem.

There was no assurance that they would try to reach any sort of final conclusions in their first round of talks.

Before Mr. Truman is a request

Plans For Double Wedding Snafued

FORT WORTH, Nov. 22 (U.P.)—Three teen-aged Kansas City girls today reviewed their involved plans for a double wedding and adoption of one member of the group and life on a Texas ranch. But they doubted if their dreams would come true.

They were in a Fort Worth jail cell after witnessing a roundup. The only thing was that it didn't go like roundups are supposed to go in the west. It was official all right, for the "cowboys" wore badges—of the law. They were city detectives.

Authorities said the three girls and one young man picked up with them probably would face Dyer act charges. It was in a 1946 model sedan that the trio of girls and two male companions made the trip to Texas. Only it wasn't their car.

Arrested At Hotel

The girls are 14, 17 and 18. The 17-year-old girl was, according to the plans, to marry the 23-year-old man. In turn, they were to adopt the 14-year-old girl—a cousin of the hopeful bride-to-be.

The 18-year-old girl was to wed the 21-year-old youth, a brother of the 17-year-old girl. Then the happy quartet was to move to a ranch near Grapevine. The ranch was to have been provided by the 23-year-old man's parents.

The ranch "heir" comes from Michigan, officers said. The group was picked up in a downtown Fort Worth hotel as they prepared for trips to the altar and the ranch.

Chinese Reds Claim Capture Of Paoting

SAN FRANCISCO, Nov. 22. (AP)—The Chinese Communists announced they captured Paoting today.

Only Sunday government headquarters in Peiping reported the besieging Communists had been driven from a ten-mile radius around Paoting and that the situation was quiet.

Lockney-Post Tilt Set Here

The Lockney-Post Class A bi-district football game will be played Thursday afternoon at Texas Tech's Jones stadium.

President D. M. Wiggins of Tech announced this morning that permission to use the stadium Thanksgiving day had been granted the two South Plains high schools. The announcement followed a meeting of President Wiggins, Athletic Director Morley Jennings and Athletic Council Chairman J. William Davis, at which the decision was reached.

Earlier, President Wiggins had talked by telephone to Charles C. Thompson of Colorado City, chairman of the college board of directors. Thompson at that time gave the president and college athletic officials permission to decide on the matter.

Both Teams Unbeaten

Kickoff time for the playoff game has been set for 2 p. m. Thursday.

Admission prices will be $1.50 for reserved seats, $1 for general admission, and 50 cents for students, G. R. Day, superintendent of schools at Post, said this morning.

Both Post and Lockney are undefeated this season, though Lockney was held to a 13-13 tie by Kress in a non-conference game early this season. Coach Francis (Bing) Bingham's Post eleven cap-

Religious Groups Held To Be Communist By House Probers

(By The United Press)

WASHINGTON, Nov. 22—Two clergymen and two religious organizations were branded Communist today by the House un-American activities committee.

It also listed the magazine "The Protestant" as one which "fanatically spreads Communist propaganda." And it said, without elaboration, that the Reds have made inroads into some rules of the YMCA, YWCA, the Epworth League and other church organizations.

The statements were made in a committee pamphlet warning that Communists would move at once to stamp out religion if they come into power here. It was entitled "100 Things You Should know About Communism and Religion."

"In all their plans and actions," the pamphlet said," the Communists mark down religion as enemy No. 1."

The Methodist Federation for Social Action, with headquarters in New York, was one of the two organization's on the committee's list. While

Community Chest In Lubbock Is $26,415.09 Short Of Goal

WANTED: $26,415.09.

That was the shortage listed today by Lubbock Community Chest, which is seeking a goal of $97,500. This morning, it had received $71,084.91 in the campaign which opened Oct. 13.

Reports have not been received from 149 units accounts—business firms employing as many as five persons. If all the accounts in that classification turn in contributions. It is possible that the goal still will be reached.

The outlook for reaching the goal was bleak, however, and Community Chest board of directors will meet at 11 o'clock Tuesday morning at Chest headquarters to consider the situation and decide what course to take. They could decide to reorganize the campaign and seek to more fully solicit among those who have not yet contributed. They could accept the trend and scale down budgets of participating agencies.

Goal Larger This Year

Last year on Nov. 20, the total received in the Community Chest drive was $76,000, or almost $5,000 higher than the total today.

The goal last year was $86,843, or $10,657 less than the goal this year.

Organizations which participate in Community Chest funds are the Boy Scouts, Milam home, Junior Optimist club, Lubbock Boys' club, Girl Scouts and Salvation Army. Each of those groups submitted a request for amounts for their 1949 budgets. In some cases, the amounts requested were reduced before the drive opened. The goal in the drive is based on the amounts approved for 1949 budgets.

Man Desperately Feels Need Of Advice To Save His Marriage From Divorce Court

DEAR MARY HAWORTH: I have a desperate problem relating to my marriage. Is divorce the right solution? Or should I find other employment that would give me more time for my family?

I am a musician, 30, working in a night club; therefore I am out every night; but I am willing to make any sacrifice or adjustment to keep my marriage together. I have a sweet wife six years younger than I; we have been married five years and have one child, a daughter, 26 months old.

Last February my wife told me of a sweetheart she had in high school, and said that she was still madly in love with him, an admission that nearly drove me crazy For three months thereafter she wrote to the fellow—Tom, I'll call him—and meanwhile quarreled with and bitterly disparaged me.

In August she spent a week's vacation in Tom's vicinity, from which she returned very disappointed, saying that Tom had changed and looked twice his age, due to dissipated living. For some time thereafter she seemed to think better of me, but now she is moody and hostile again and wants to divorce me.

MARRIAGE DEVOID OF SEXUAL RAPPORT

WE own our home and our friends admire and respect us as a socially progressive, ideal couple. Our personal attachment began years ago, when Anna was about 14, and our families were close friends. But that same year her mother moved (with Anna) to another part of the country, where they remained until Anna had graduated from high school.

However, in her junior year we started a correspondence that continued until she returned here at the age of 18, when our close friendship was renewed. We recognized that we were still much attracted and the following year we decided to marry, although my parents strongly objected. I was just then graduated from music school and have tried to advance my education since, meanwhile coping with financial reverses.

We seem to lack the sexual harmony necessary to happy marriage, but whether this is my fault or due to Anna's confused state of mind, I don't know. I only know that I love my wife, my home and child and that I desperately need advice, so please help me if you can.

(Signed) E. B.

WIFE SEEMS MORE AT FAULT THAN MAN

DEAR E. B.: Your present job and all that goes with it isn't conducive of ideal marriage—which consists in considerate dovetailing of activities and interests—and of course you know this quite well, doubtless with some guilt about it.

Moreover, a man's unconscious inclinations have much to do with his choice of work or the terms of employment he accepts, thus back of your talk of hard times you rightly sense that you can't honestly plead with full justification that you are "out every night" against your wishes.

Indeed, your contrite willingness to find other employment; or, as you significantly say, to "make any sacrifice" or adjustment that would allow "more time" for the family and thus possibly save the marriage—now that Anna is dealing in spades—shows that you have a bad conscience, in retrospect, about your quasi-playboy means of livelihood. In short, you're not guiltless of blame for the widening rift.

However, in comparison, Anna is obviously the problem-child in the relationship. Her neurotic unstable personality is the fruitiest factor contributing to marital ruin and unless she is willing to face this truth and get down to fundamentals in reshaping her own responses to life, "outside" advice aimed at saving the marriage is wasted breath.

WIFE NEEDS INSIGHT, NOT LEGAL REDRESS

IT appears that Anna fell back on you, via correspondence, in her third year of high school, when in mid-crisis of shabby treatment from Tom; and that she was activated by compulsive neurotic need of sentimental reassurance to assuage her hysteric reaction to a rejection experience.

Further activated by this chronic need, always latent if not always dynamic, she enticed you into marriage—and she brought to marriage, more or less unwarely, an emotional dowry of morbid immaturity that has consistenly blocked the development of a healthy real relationship, which you might have engineered (by trial-and-error) had she been ready for it.

Thus Anna needs help; but you can't help her except as she takes the lead in helping herself, as she must do if you are to supplement and reward her redemptive efforts. Divorce won't help her; although if she doesn't change, divorce would be a boon and deliverance for you. Now, for advice to both of you, read F. Alexander Magoun's book, 'Love and Marriage," (Harper & Brothers), which is crammed with wisdom, truth and quiet humor.

Between . . . The Lines

— By JOE KELLY —

We aren't going to say "we told you so", but if you didn't go to the Tech-New Mexico game Saturday, you missed one of the best games of the year. We were and we weren't surprised at the closeness of the score. You may remember that we pointed out that New Mexico would be up for this game, that they could come close to beating Tech, unless the Raiders played a great game. And although the Lobos piled up more yardage rushing and more total yardage, Tech still played a great game.

• • •

If they hadn't, New Mexico would have won handily. But the Raiders, outweighed as usual, did fight back and there is considerable question in our mind that New Mexico would have scored except for a penalty. You may remember that they were on the five-yard line, second down, when Tech was offside. It took two plays to plunge over and even then it was close. The Raiders have a way of tightening up on the goal and we seriously doubt that the Lobos would have hit pay dirt. But they did, and that's what counts.

• • •

Berl Huffman and Walker Nichols, both moaning about the game being no contest on Friday, did just what everyone expected them to do. They brought a team here that played hard football and played for keeps. They don't have much trouble steaming their players up for this one. All they have to do is say "Texas Tech" and the Lobos start breathing fire. The Lobos breathed Saturday and much of the fire was getting too hot for comfort. If it hadn't been for the great work of the Tech line in the shadows of its own goal late in the fourth quarter, the game could well have ended in a tie.

• • •

But in the general frenzy to point out that the Lobos outgained Tech on the ground, fans overlook the fact that New Mexico made only two deep penetrations of Raider territory. And the Lobos were inside Tech territory only three times during the entire game. On one of those penetrations, the second, New Mexico scored. On the third penetration, the visitors were stopped on the eight-yard line. And on the first penetration, they reached only the Tech 44, before they had to kick.

• • •

On the otherhand, Tech was in New Mexico territory eight times during the game, scoring on their fourth attempt and on their seventh. They fumbled on the Lobo 26 and 35 and kicked from the Lobo 43 on their penetrations in the first quarter. The next time they scored, but the half found them getting to the 41 without moving on down. The first time after the half that they got into scoring territory, a pass was intercepted on the Lobo 15. The next time they scored. And late in the game, they bogged down on the New Mexico 32.

• • •

Then why didn't Tech click better? Coach G. B. Morris thinks that the Raiders weren't overconfident or cocky, he thinks that they were trying too hard to run up a score. Coach Dell Morgan thinks that the Raiders will be able to fit their heads inside their helmets more easily on Monday. We're inclined to agree with both. We know that on several occasions another block would have let runners be off to the races. We know that the plays weren't clicking with their accustomed ease. We know that New Mexico fought back better than Texas Mines, too, or else the score would have been higher.

• • •

We do feel that the tight victory was just what the Raiders needed to let any air out of possibly inflated egos. And if the New Mexico game didn't do it, a look at Hardin-Simmons 63, Arizona Tempe) 25, certainly should. The Cowboys are just getting warmed up to their potential ability and that game in Abilene next Saturday should be a humdinger. We wouldn't ever be surprised to see the Cowboys favored on the basis of their new-found offensive. And Tech may not have the services of Fullback Bud Conley, who suffered a severe heel bruise early in the first quarter that kept him out of the game. And John Andrews cracked a rib that will be painful. As if that wasn't enough, doctors Saturday said that Guard Milburn Haydon, who has been in the hospital with yellow jaundice, definitely was out of action for the rest of the year.

Bowl Picture Is Shaping Up

NEW YORK, Nov. 11. (AP)—Two of the fancier bowls—Rose and Cotton—choose their Jan. 1 lineup today, but fans must wait another week to learn the rival attractions in Dixie's Sugar and Orange fixtures.

Northwestern needs only the Big Nine's formal tap to start making plans for the Pasadena junket.

The Pacific coast conference, meanwhile, is polling members on whether California or Oregon shall furnish the Wildcats' opposition in the Rose pageant.

Announcement Promised

An announcement from both ends has been promised today.

Northwestern qualified for the assignment by lashing Illinois, Saturday, 20-7, and finishing second in the conference to Michigan, which is ineligible to do a repeat job at Pasadena.

The West coast decision is tougher. California and Oregon closed in a tie for the conference championship, the Bears with six victories and the Webfoots with seven against no defeats in the league. But Oregon lost to Michigan outside while California went all the way without a blemish.

In the event of a tie in the Pacific coast vote, the nod goes to Oregon because it has been longer since the Webfoots were in the bowl.

Southern Methodist clinched the host spot in the Cotton bowl at Dallas by humbling Baylor, 13-6. Today the Mustang players vote on their opponent from a list of available teams submitted by the bowl committee.

Several Are Mentioned

Oklahoma, North Carolina, Georgia and Clemson are reported high in favor with the southwesterners. But the availability of these teams is a question mark.

Sponsors of the lucrative Sugar bowl game at New Orleans and the Orange bowl at Miami, who have delayed their announcements until this coming weekend, may have some strings attached to the list.

The Sugar and Orange groups have an agreement not to dicker with Southeastern conference teams until the Saturday after Thanksgiving.

Southeastern teams still in the bowl picture, besides Georgia, are Tulane and Mississippi, each with only one setback. Besides, this final heavy week could change things considerably for the present leading candidates.

Okhaloma, the Big Seven champion, plays a formidable Oklahoma A. and M. at Stillwater. Georgia takes on its intrastate rival, Georgia Tech. Clemson has two games left, with Auburn and The Citadel. Tulane must hurdle Louisiana State. Mississippi must conquer Mississippi State. North Carolina faces Virginia.

May Pick Their Spot

Oklahoma came out of Saturday's firing with greatly increased stature as a result of its smashing 60-7 triumph over Kansas for the Big Seven championship. The Sooners may be able to pick their bowl spot.

Michigan, California and Clemson won their tests while the other two members of the big five perfect list—Army and Notre Dame—were idle.

The Wolverines, the No. 1 team in the Associated Press poll, closed out their second season of straight victories by halting Ohio State, 13-3. California finished its slate by edging Stanford, 7-6. Clemson won over Duquesne, 42-0.

Army meets Navy in the service spectacle Saturday at Philadelphia. Notre Dame has games left with Washington and Southern California.

North Carolina, with only a tie marring its record, turned back Duke, 20-0.

The weekend's major upset saw Pittsburgh spoil Penn State's two-year unbeaten string, 7-0. Tackle Nick Bolkovac did it by running 23 yards with an intercepted pass in the last quarter.

Bolkovac's sprint virtually eliminated the Nittany Lions from major bowl consideration.

The other bowls are lining up their programs right along. The Dixie in Birmingham has signed Wake Forest and has several feelers out for an opponent. The Delta bowl in Memphis has William and Mary as one attraction. Texas Mines is headed for the Sun bowl in El Paso.

Class A, B Squads To Start Playoffs

(By The Associated Press)

Play off rounds for the first class A schoolboy football championship in history open in Texas this week. Thirty-two district champions are paired.

In class B 10 district champions will be determined to complete the bracket of 44 for the opening round next week in play for regional crowns.

Mt. Vernon, New Braunfels and El Campo are considered the stand-out teams in class A as the bi-district round arrives. These teams are undefeated, Mt. Vernon and El Campo holding long winning streaks and New Braunfels being one of the high-scoring outfits of the state.

Mt. Vernon Unbeaten

Mt. Vernon hasn't lost a game for two seasons. El Campo has run its streak to 32 straight. New Braunfels, in taking 10 victories this season, has rolled up 458 points to 25 for the opposition.

Mt. Vernon is the general choice of the upper bracket with New Braunfels and El Campo expected to clash in the finals of the lower bracket to furnish Mt. Vernon's opponent in the finals.

The class A district champions pair like this in the first round this week: upper bracket-Phillips vs. Lefors, Lockney vs Post, Monahans vs. Rotan, Ballinger vs. Dublin, Holliday vs. Bowie, Handley vs. Irving, Farmersville vs. DeKalb, Mt. Vernon vs. New London; lower bracket—Athens vs. Van, Lavega vs. Huntsville, Cameron vs San Saba, Navasota vs New Braunfels, Aldine vs Jasper, El Campo vs. Edna, Falfurrias vs. Weslaco, Devine vs. Carrizo Springs.

Sites Are Set

Sites of six of the bi-district games have been set. Ballinger and Dublin play at Dublin, Handley and Irving at Fort Worth, Mt. Vernon and New London at Gladewater, Cameron and San Saba at Cameron and Navasota at New Braunfels, all Friday night, and Devine at Carrizo Springs Wednesday night.

Class B district champions determined are: 2-Happy, 3-Hale Center, 4-Idalou, 5-Marfa, 6-Iraan, 8-Eden, 9-Hermleigh, 10-Woodson, 12-Valley Mills, 13-Bridgeport, 14-Princeton, 17-Masonic home (Fort Worth), 18-Richardson, 19-Corsicana state home, 21-Talco, 22-Union Grove, 23-Judson, 24-Beckville, 25-Elkhart, 26-Groveton, 27-A. and M. consolidated, 28-Midway, 29-Anahuac, 30-Crosby, 31-Tomball, 32-Sweeny, 33-Katy, 36-Leander, 38-Edgewood (San Antonio), 39-Floresville, 40-Port Lavaca, 41-Ingleside, 42-Mathis, 44-Edcouch-Elsa.

Finish In Tie

Wheeler, Panhandle and White Deer finished in a tie for first in District 1 and the district committee will have to pick the winner. Big Lake and Menard tied in District 7 and a decision also will have to be made. Rising Star and South Taylor play Friday for the district 11 championship. In District 15 Whitewright is leading and can win the title by beating Van Alstyne Thursday. A loss to Van Alstyne would throw the race into a winner of the Whitesboro-Pilot tie between Whitewright and the point game Thursday.

Caddo Mills and Ladonia are tied for the District 16 lead and a decision will be made today either on which is to represent the district or a play-off for the title. District 20 was won by Troup but Troup was ruled out because of an ineligible man. Arp then was named champion but a protest has been filed against that team also and a meeting of the district committee will have to be held to decide the issue. District 34 will be between Hallettsville and Smithville.

Granger and Bartlett play at Bartlett Wednesday for the district 35 title and Somerset clashes with San Felipe of Del Rio for the District 37 crown. Flour Bluff (Corpus Christi) plays at Benavides Wednesday for the District 43 championship.

Tech Coach Faces Grid Club Tonight

The weekly gathering of the Lubbock Quarterback club tonight at 8 in the main ballroom of the Hilton hotel probably will put Coach Dell Morgan of Texas Tech on the spot.

Coach Morgan's Red Raiders Saturday had to stave off a desperate New Mexico university eleven that scored once and came within eight yards of another. The second score would have given the Raiders a 14-13 edge, but if the extra point had been made, the upset of the year would have happened.

So, the Q-back club members probably will have fun watching the Raider mentor squirm his way out from under the predictions that Tech would win by a wide margin.

Coach C. R. "Pat" Pattison, whose Lubbock High school team did not play Saturday, but who have an important game Thanksgiving Day gainst Brownfield, also will speak.

And either Tipp Mooney or Polk Robison will report on their trip to Abilene Saturday, where they watched Hardin-Simmons scalp Arizona State of Tempe 63-25.

To conclude the program, pictures of a championship game involving the Chicago Bears of the National Professional Football League probably will be shown.

Tech Clinches Border Crown

Texas Tech's Red Raiders, though showing little or none of their vaunted power Saturday, still had enough to beat a stubborn New Mexico eleven 14-7 to wrap up first place in the Border Conference through its fourth loop victory.

But Tech's hard-won one-touchdown victory faded before the fury of a Hardin-Simmons attack that sent the roof tumbling down on an outclassed Arizona State of Tempe team 63-25. The Cowboy victory ended whatever hopes Tempe had of tying Tech for the conference crown this season.

Some Glory Salvaged

Outside the conference, Arizona surprised Iowa State of the Big Seven with a 14-7 victory to salvage some glory from an otherwise mediocre season. It also afforded a Homecoming crowd a successful climax.

Saturday's top game in the Border Conference will be the invasion of Abilene by Texas Tech, when the Raiders meet the Cowboys in the season's finale. Hardin-Simmons has made great gains since mid-season and a victory over Tech would surprise no one. And Tech's unimpressive showing against New Mexico adds lustre to the distinct possibility that the Cowboys will win.

Thursday Texas Mines attempts to sew up second place by meeting New Mexico A. and M. The Orediggers already have accepted a bid to the Sun Bowl and will be out to garnish their record.

Other games this week will send New Mexico to Canyon to meet West Texas State Teachers College, while non-conference tilts send Brigham Young to Tempe, Flagstaff to Whittier, Calif., and Arizona against Marquette at Phoenix, Ariz.

Sul Ross Halfback Nation's Top Scorer

NEW YORK, Nov. 22 (AP)—Ted Scown, a shifty halfback from Sul Ross (Texas) State college, broke away for six touchdowns Saturday to grab the national football scoring leadership with 144 points.

Playing in 10 games, Scown has scored 24 touchdowns. He usually gets one 80 or 90-yard scoring sprint per game. Sul Ross ended its regular season unbeaten.

Schoolboys Of Six Districts Will Seek Titles This Week

By HAROLD V. RATLIFF
Associated Press Sports Editor

Six district champions will be determined this week to pave the way for the opening of the Texas schoolboy football play-off in the city conference and class AA.

Champions now awaiting the bi-district round are:

City conference—district 1, Woodrow Wilson (Dallas); district 2, Arlington Heights (Fort Worth).

Class AA—district 1, Amarillo; district 3, Odessa; district 4, Austin (El Paso); district 7, Breckenridge; district 8, Texarkana; district 10, Palestine; district 11, Port Arthur; district 12, Baytown; district 13, Austin; district 14, Sen Benito.

Childress, Quanah To Meet

The other two district champions of the city conference will be decided this week. Lamar and Milby, both Houston teams, clash Wednesday for the district 3 title. Both are undefeated but Milby has been tied. Brackenridge plays Thomas Jefferson Thursday in the showdown battle of district 4 (San Antonio). If Brackenridge should win it would throw the district race into a three-way tie between Brackenridge, Thomas Jefferson and Alamo Heights.

In district 2 of class AA there is a chance of a two-way tie. Childress, Quanah and Wichita Falls each has lost one game. Childress plays Quanah Thursday at Quanah. A victory by Childress would give it the championship since it defeated Wichita Falls. Wichita Falls, however, defeated Quanah and if Quanah beat Childress, Wichita Falls would win the title provided it downed Graham Thursday.

Untied Teams To Play

District 5 could end up in a big jumble. Denison is leading and plays Sherman Thursday while Gainesville meets Bonham, and Paris plays Greenville. Gainesville, Greenville, Paris and Sherman each has lost two games but if Denison lost to Sherman, Denison and Sherman would have two defeats apiece, the winner of the Paris-Greenville game would be in the same boat and Gainesville could join them by beating Bonham.

Highland Park (Dallas) and Denton play at Dallas Wednesday for the district 6 title.

Temple and Waco battle at Waco Friday for the district 9 championship.

At least one of the state's seven undefeated teams will fall this week barring a tie since Milby and Lamar meet each other. Both have been tied but are undefeated.

Port Arthur, Waco and Amarillo are the only undefeated, untied teams. Port Arthur plays Beaumont, Waco clashes with Temple and Amarillo takes on Plainview. Baytown and Arlington Heights, which are undefeated but have been tied, do not have games this week.

TECH FROSH LOSE

Texas Tech's freshman football team dropped a 34-14 decision to the Cameron Junior college Aggies in a game played Friday night in Lawton, Oklahoma. Tech trailed 13-0 at halftime. The Picador touchdowns were scored by Bobby Close in the third quarter, and Jack Cockburn, who scooped up an Aggie punt blocked by Bob Green in the fourth period. The loss left the Tech freshmen with two victories and three defeats this season.

MAJ. GEN ROBERT W. HARPER, who visited Lubbock Friday to inspect Air Force properties here, is typical of the younger, forward-looking bosses of our global sky defenses.

Slight in stature, still on the sunny side of 50 and every inch a soldier, the new head of air training impressed local observers who accompanied him on his local rounds as a man who has an important job, knows it—and intends to do it up brown.

A West Pointer and one-time member of the faculty of the U. S. Military academy, General Harper has brought to the training command interest in, and broad experience in dealing with, young men — plus the actual know-how of air operations on the broadest scale.

* * *

A command pilot — that's he top flying rating—General Harper bossed the far-lung Air Transport Command for several years.

Under his direction, Army air transportation girdled and re-girdled the globe every day for many, many months.

He was responsible for getting officers and men and, often, important supplies, to distant points all over the world. His ATC was, beyond doubt, "the biggest and best airline man ever has seen."

That sort of work gives a man a broad vision. Keen-eyed, physically and mentally sharp General Harper reflects it.

* * *

FOR something like two years General Harper was air adviser to Gen. Lucius D. Clay, our military governor in Europe, with headquarters in Berlin. The general who was General Harper's deputy at that time is now the boss of the Berlin airlift.

A flying man with business acumen, General Harper believes the present American course in foreign affairs is preparation for peace, not preparation for war.

At least, he hopes we are preparing for peace because, having seen the results of war around the world, like his civilian counterparts he knows that war is no good.

General Harper is a very impressive individual, personally and professionally.

ASK anybody who lives on Thirty-fourth street, or those parents whose children must cross it going to and from school, and they will tell you that the street is rapidly becoming one of our more popular race tracks.

It is a dull day, indeed, when some ired reader fails to take pen, or telephone, in hand to call The Avalanche-Journal's attention to Thirty-fourth. So we here and now oblige by calling the matter to public attention.

Thirty-fourth street, as the longtime southern boundary of the city limits, is a "natural" for through traffic, hence a "natural" for traffic pyrotechnics.

When arrangements to pave it first were being made, those in charge knew that the street should be widened to boulevard proportions. But they had so much difficulty widening it to its present proportions that they felt they'd better go ahead with what they could get.

But despite bad paving and sub-boulevard status, Thirty-fourth has become a very busy street and one on which there is a lot of speeding.

Because it is removed from some of the heavier points of population, people know Thirty-fourth is not likely to be policed, so they "cock 'er back" when traveling the route. It is especially popular with youngsters in the "family buggies" who want to show off for the benefit of their friends.

Thirty-fourth does need watching carefully. No one who knows anything about conditions out there will disagree.

SPEAKING of Tech's Miss Pendleton reminds us that she long has been one of our "secret crushes," and that, also, we have a number of others in that category: swell ladies we see very seldom, but who always make us feel better when we do see them.

In that category are Mrs. Mary Woodward Doak, the dean-emeritus of women at Tech; Mrs. Howard Smith, over at First Federal Savings & Loan; Miss Crystal Davis, out at Reeves Engraving; Miss Evelyn Jones, the school ma'am; Mrs. Charles J. Wagner, wife of the doctor; young Miss Carolyn Koonce, the Tech co-ed, and Jane Austin, the unaffected and unspoiled high school daughter of Mr. and Mrs. Harvey Austin.

Every one of them has an extra special something that gives us a lift—and thanks to them all!

ACCORDING to Drew Pearson, the Department of Justice decided to promote U. S. District Judge Walter C. Lindley, of Danville, Ill., some weeks ago, but that Judge Lindley declined to accept the promotion—to the U. S. Court of Appeals—until after the November 2 elections.

Mr. Pearson goes on to say that Attorney General Tom Clark, who is of dubious legal stature, interpreted Judge Lindley's decision as an indication that the judge didn't expect Mr. Truman's election. Now that the election is over, says Mr. Pearson, Judge Lindley probably won't get the promotion at all.

We don't know anything about Judge Lindley, or whether he deserves a promotion. But the story—if Pearson has his facts straight—is a sad commentary on the way politics has entered the federal judiciary.

If Judge Lindley was the man for the promotion offered him, whether he was for Truman, or Dewey, was beside the point. He should get the promotion.

On the other hand, if judicial promotions are to be predicated on politics, it's time the people recognize the fact and howl loud enough to make such a policy too hot for the boys to handle.

BY DREW PEARSON: GOP SENATOR McCARTHY "GETS RELIGION" ON PUBLIC HOUSING

Alben Barkley Will Be An Active Vice President

WASHINGTON—At Key West, happy, humble Harry Truman and his faithful sidekick, Alben Barkley, swam, fished and loafed. But though they didn't talk much shop, they left with a clear understanding of Barkley's new role in the administration.

PEARSON

It was agreed that the new vice president will serve as Senate majority leader and take an active hand in reorganizing Senate committees — right up to the day before inauguration. Barkley will be needed for any purge of the Dixiecrats—if there is one.

After Jan. 20, it has been decided, the new vice president will operate as a working liaison between the President and Congress. He will do more than sit in the presiding chair for all tourists to look at, but will mingle actively in the corridors and use his influence in putting over Truman's program.

But that isn't all. Barkley will also sit in on cabinet meetings; will take some of the executive burdens from the President's shoulders.

* * *

Senator Gets Religion

Wisconsin's Senator Joe McCarthy has really got religion when it comes to public housing. Joe is now working among Republicans who blocked the housing bill in the 80th Congress to swing them around to public housing a..d slum clearance.

Though previously regarded as a tool of the real estate lobby, McCarthy now insists that he has always stood up for a liberal housing program. He fought against public housing and slum clearance, he explains, because he feared these two provisions would drag the rest of the housing bill down to defeat.

Perhaps, like the Supreme Court, the senator from Wisconsin has read the election returns, but anyway he has now written Sen. Robert Taft for help to round up Republican votes for a bipartisan housing program — which would give the Democrats all they are asking. This is a little funny in view of the fact that Taft was an original author of the housing bill and at the last session tried to get McCarthy to vote for it.

However, McCarthy has a couple ideas of his own which he wants to add. He will try: (1) to assign public housing units to needy families solely on the basis of need, as determined by social workers; (2) to relieve the public housing administrator of all extra duties and permit him to devote his full time to public housing; and (3) to grant a 100 per cent secondary market for veterans' cooperatives so they will have no trouble obtaining loans.

ISOLATIONISTS frequently argue that Europe does not appreciate American aid; claim we are pouring food and dollars into an ungrateful, bottomless European pit.

Touring France today, however, are 49 boxcars, relics of World War I in which American troops traveled, which comprise the train of gratitude or "Merci Train" to the American people. The Merci train is picking up gifts from the French people to the American exactly as the friendship train toured the United States one year ago, and the French train is a gesture of appreciation for the friendship train.

It is significant that the chief organizers of the Merci train are French veterans. Spearhead of the movement is Commandant Guy De La Vasselais, French liaison officer to General Patton during the war. The idea of sending us boxcars which carried U. S. troops was conceived by the association of French railway veterans.

But every cross-section of the French population is participating. President Auriol personally is contributing 49 porcelain vases of the famed Sevres variety. The French minister of agriculture has collected 49 bushes and trees from all over France. The French mint has struck off 49 sets of medals, some of them duplicates of medals given to Eisenhower and Patton. The Verdun Veterans association has donated the original 1916 flag which flew over Verdun, inscribed with the historic words "on ne passe pas" (they shall not pass). The city of Caen, which withstood such devastating bombardment when Field Marshal Montgomery tried to oust the Germans after the Normandy landing, has sent 49 bronze school bells.

These are only a few of the priceless gifts sent by the French people. Incidentally, the French are sending no wines, perfumes, or luxury items—only gifts of sentimental and historic value.

Each of the 49 boxcars will be deposited, with its contents, in the 48 states, while the 49th will go to the District of Columbia to be turned over to government officials for the territory of Hawaii, which flew a special train to the mainland and contributed three carloads of sugar to the friendship train.

At a time when so many international projects are being twisted or obstructed by political bias, here is a gesture from the French people to the American people sent in the spirit of openhanded friendliness.

* * *

Prodigal Senator

Charitable Alben Barkley, newly elected vice president, would like to leave the door open for Senator Glen Taylor of Idaho, the Democratic party's prodigal son, to come back.

The subject was brought up the other day by Illinois' Senator Scott Lucas, probable majority leader in the 81st Congress. At a luncheon in the back room of the Democratic policy committee, Lucas suggested that Taylor ought to be purged for teaming up with Henry Wallace.

"Now, Glen Taylor isn't such a bad fellow," gently chided Barkley. "I know two or three sons o' guns who are a darn sight worse. When the roll call is called up yonder, let's not be too hard on Glen Taylor."

NOTE—Barkley didn't immediately identify who he considered "a darn sight worse." Later, however, he named two likely candidates to be swept out in a Democratic housecleaning — Senators James Eastland of Mississippi and John McClellan of Arkansas, both with Dixiecrat sympathies. If left alone, they would inherit control of Senator Homer Ferguson's investigating committee and be in a spot to embarrass the administration.

* * *

MINNESOTA'S political humpty-dumpty, Sen. Joe Ball (rhymes with "fall"), will go back to newspaper writing. He hopes to peddle a column to papers across the country . . . Harold Stassen's political machine, dormant since the GOP national convention, is beginning to stir again. His supporters are talking again about Stassen for president—in 1952. (Only 1,460 campaigning days 'till elections.)

It being a borderline case, so far it hasn't been possible to determine whether the man who has been throwing $100 bills out of a window is crazy or a New Dealer.

A citizen of the lower East Side was waiting for a bus with his right hand on his hip, elbow out to here.

Along came an old pal, who said: "Max, when we were kids, you were a regular heman. Why are you standing like a sissy with your hand on your hip?"

"How do you like dot!" exclaimed Max (inspecting his arm). "Some doity-doity sviped my pompanickel!"

WHEN Max Hart, a prosperous booking agent on the Big Time, first discussed Eddie Cantor with F. Ziegfeld, (whose girl-shows have rarely been equalled) Mr. Z. couldn't get excited about Cantor . . . Hart eventually sold him the idea and Cantor wow'd the first-nighters into the aisles.

"I told you," beamed Max, "he couldn't miss with those eyes!"

"I am surprised more than anyone," confessed Flo. "A Follies audience usually doesn't look further than a performer's legs."

"Prince" Mike Romanoff, one of the America's top success stories, sent a friend this note: "Forgive my neglect, but I have been in court for the past two weeks being sued by an old lady who tripped on my door step. She won $5,000 yesterday. Such is the price of success!

"P. S.: Have you heard that all of the deposed royalty are claiming me for their relative?"

Tallulah Bankhead was discusing her career and recalled the time she starred in the Billy Rose production, "Clash by Night."

The marquee on opening night read: "Billy Rose Present (no s) Tallulah Bankhead." The name of the play was omitted.

"Unless that comes down at once," Talu bellowed, "the sign can read: 'Billy Rose Present, Tallulah Bankhead Absent!' "

Harry Clark has an aunt who dwells in the sticks but loves to talk show business. Clark took her to see Ingrid Bergman in "Joan of Lorraine," then to a night spot featuring Sophie Tucker.

"Well," he asked, "howja like Tucker?"

"Soph," was the wiseguy reply, "is no Ingrid."

A retired businessman once came to producer Sam Harris' office and said: "I've been able to save $3,000,000 and I want to invest some of it in a B'way show. Can you advise me how to invest it?"

"You have earned and saved three million dollars," gasped Harris, "and you come to ME for advice?"

Helen Hayes, who doesn't think much of the movies (or of having her photo taken), was going through a publicity stunt at a radio station. Lights, cameras and the works . . . Someone asked if things were "comfy."

"That's like asking," scoffed Helen, "if the straitjacket fits!"

Truth and beauty always attract a man especially if he thinks the little beauty is telling him the truth.

Explanations Of Progressive Party Defeat Empty Sounding

WASHINGTON—Ever since the election Henry Wallace and the Communists have been trying ing to explain away the pathetically small vote for the Wallace party. While the official total is not in, it is not likely to be much larger than the unofficial return of little more than a million votes.

CHILDS

The alibis have an empty sound. The failure cannot be explained away either by Wallace rhetoric or the gobbledygook of the Communist party. Rejecting all forms of isolationism, the voters emphatically said no to Wallace's charges that the Marshall plan is a device of Wall street to involve the United States in a war with Russia.

To suggest, as Wallace has done, that the 'Red Smear" contributed to the outcome is to evade the issue which is what the third party candidate did throughout his campaign. Facts spoke louder than words as it became more and more apparent that Wallace was following every twist and turn of the Moscow line.

In the light of the outcome, the Wallaceites can take little comfort in denouncing the 'capitalist press." The Wallace campaign was fairly extensively reported and, with conspicuous exceptions, this seemed to me that Wallace got a fairly frequent hearing on the radio.

* * *

Facts Are Ignored

To blame the poor showing on the 'capitalist press" is to ignore previous denunciations of that press as impotent and discredited. It also conveniently ignores the fact that attacks in the press and on the radio directed against President Truman were sometimes as virulent and as distorted as those aimed at Wallace. Newspapers with an estimated 80 per cent of all readers favored the election of Governor Dewey over Mr. Truman.

Very much the same preponderance of press support was given to FDR's Republican opponent in 1936 and and 1940. The newspaper backing for Roosevelt, as war leader, was somewhat greater in '44. Quite clearly the press does not sway any great mass of voters.

Over and over again during the campaign Wallace demonstrated his political ineptitude. Seldom has any man in American political history been so ill equipped for the rough and tumble of campaigning.

* * *

BESIDES his impassioned and often windy rhetoric, summoned up in response to crowd applause, he brought to the contest little more than a grim and dogged persistence. Those who predicted he would withdraw before the election had not comprehension of the fires of frustration burning in the Wallace bosom. Measured in sheer human endurance, it was an extraordinary performance.

Fortunately he did not retire even though many of his old associates pleaded with him to get out, arguing that he could only contribute to the election of Dewey. If he had stepped out in the closing week or two, we should never have known the real weakness of the Wallace movement.

All this makes the big talk about the future of the Wallace party sound like just what it is —empty bombast. It is hard to see how Wallace, who is 60 years old, can be revived for any political purpose

The major claim to come out of the Wallace post-mortem in Chicago was that the third party forced Truman in his campaign to move left. Since that is not susceptible to any measurement (certainly not by polls), it will be argued for a long time to come.

* * *

Can Make Fair Case

The Wallaceites, in my opinion, can make out a fairly good case. One of the objectives of the Truman strategists was to recapture as much of the Wallace vote as possible by a strong new deal line.

On the other hand, if the President really wanted to win reelection, he had no alternate but to take the liberal-labor side regardless of whether there had been a third party in the field. He had to win the support of organized labor and organized farmers and he did it by promising all that the new deal had promised.

Strangely enough there are those on the extreme right who seem determined to give Wallace another and perhaps more favorable opportunity. I mean those who are saying

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

HERE'S HOW to make your daughter grow up to hate housework:

Do a lot of talking about how overworked you are.

MILLETT

Attack household chores grimly. Never, never sing at your work.

When she wants to help with something fascinating, like stirring up a cake, tell her to run along and play and keep out from underfoot.

As soon as she is big enough shove the chores you dislike onto her.

Have a set routine with which you let nothing interfere.

When she asks for your companionship put her off with a "Can't you see I'm busy" excuse.

Get upset when she makes extra work for you.

* * *

TELL HER ABOUT IT

LET HER know you hate being "tied to a house" and that you envy her father because he can "get away from it all."

Blame all of your dissatisfactions on the fact that you don't have any time for yourself.

Treat difficulties as though they were minor tragedies, and never bother trying to see the funny side when the best laid plans fail to work out as you intended.

Do everything yourself instead of making some projects family affairs.

Those are the ways in which a dislike for housekeeping is passed on from mother to daughter.

"To show how young she was, a Scranton woman 101 years old slid down the banister."—News story. We're still unconvinced. Can she walk back up the stairs?

A SAN Francisco bank foreclosed the mortgage on a Chinese restaurant near the Golden Gate Bridge, but allowed the owner to continue as manager. The representative of the bank, proud of his business acumen, told the ex-proprietor, "Put a sign in the window saying 'Here is the best chop suey in California.' It will attract attention."

The sign was duly installed and it attracted attention all right. Never less than a dozen Chinese were gathered in front of it, laughing their heads off. The mortified bank official finally persuaded an innocent Chinese student to come over from the University at Berkeley and translate it for him. It read, "Don't eat here. The bankers who cheated me out of this restaurant are stinkers."

THERE is a chiropractor near the Hotel Waldorf Astoria who greets all his patients with a cheery, "How's cricks?"

(Copyright, 1948, Bennett-Cerf.)

Today's Journal Editorial

SO FAR, VERY GOOD!

While cheering still should be tempered with a bit of knocking on wood, because much still could happen, the fact remains that the end of the cotton ginning season is approaching with a remarkable fire prevention record in plants of this kind on the South Plains.

Only one serious gin fire has been reported this season, causing an estimated $50,000 loss at Abernathy. This was unfortunate. But, considering the approximately 300 gins of the area and the hazards peculiar to such plants, the record thus far has been outstanding—by far the best since cotton production became important on the South Plains.

It would not be reasonable to assume that the record was solely the result of chance. It has been made possible largely because of safeguarding care against fire hazards and because the gins in this area, on the average, are more modern than those probably of any other region in the cotton belt.

The achievement is one which justifies pride and satisfaction, and calls for special efforts to insure that it will not be marred by heavy losses during the portion of the ginning season still remaining.

Winners Named In Lubbock's First Annual Dog Exhibition

A Dallas dog, "Stockdale Good Neighbor," owned by Mr. and Mrs. Clifford Jackson, was judged as best in show among 57 entries, at the first annual specialty-licensed dog show sponsored by the South Plains Cocker Spaniel Specialty club here Sunday.

Judged as best of opposite sex to the best Cocker in the show was another Dallas dog, a black bitch owned by Mr. and Mrs. H. H. Johns.

Winners in the show, held in Sled Allen's wrestling arena, were announced today by Cecil Paschall, chairman of the bench show committee, who called the show highly successful.

Only Cockers Eligible

Judging was done by Paul Berlowitz of Oklahoma City, who was presented with a leather traveling bag by club members, at a dinner in the Party House in Mackenzie park following the show. Exhibitors and handlers also were party guests. Paschall was master of ceremonies, with 55 in attendance.

Only Cocker Spaniels were eligible to compete in the show, which had approval of the American Kennel club, and was the first championship point show ever held between Fort Worth and Albuquerque.

Judging results in the winners class were:

In blacks—"Glad-O-Land's Suburban Chatter," owned and shown by Mrs. Oland Ashby of Fort Worth. Reserve winner was "Coleta's Ebony Rocket," owned by Mr. and Mrs. Cecil Paschall of Lubbock.

ASCOB Winners Named

Black bitch winners were "John's Gay Katherine," which also was best in opposite sex to best in show, and reserve winner in black bitch was "Francisco's Flashy Finesse," shown by Bill Ake and owned by Dr. and Mrs. Winn Francisco of Port Arthur.

Ascob winners (any solid color other than black, to include black and tan) were: "Quinn's Fifth Quarter," owned by Lyle F. Quinn of Boone, Iowa and handled by Lee Murray; reserve winner "Condoro Ciruival," a Canadian champion, owned by John Devlin of Toronto, Canada.

Ascob bitch winners were: "Annliffe Junior Miss," owned by Clifford Jackson and shown by Bill Ake. Reserve winner was "Coleta's Creme Puff," owned by Mr. and Mrs. Cecil Paschall and handled by Phillip Paschal.

Other Champs Listed

Parti-color winners dogs were: "Mr. Checkers of Magnolia," shown by Ake and owned by Magnolia Ridge Kennels of Baton Rouge, La. Reserve winner was "Checkers Lone Star," owned by L. D. Deford of San Angelo and handled by Murray.

Parti-bitch winners were: "Gay-Lain's Dorita," owned by Mrs. P. L. Chamberlain of Austin; reserve winner was "Marlaine Marika," owned by Dr. and Mrs. Francisco.

Two Cockers were known to have finished their championship contests in the show. These were the Ascob male and Ascob bitch.

Judging started at 1 o'clock, and was finished about 6. p. About 500 spectators attended during the afternoon.

Conferences

from Generalissimo Chiang Kai-Shek for the United States, in effect, to take over the running of Chiang's war against the Communist through American military advisers in China as well as greatly increase this country's material help to the Chinese armies.

A proposal that the United States either give China "all out" aid or none was made Saturday night by special Senate consultant D. Worth Clark who brought into sharp focus the question of how deeply this country should become involved in the Chinese civil war.

Plan Is Laid Down

After laying down a plan for extensive military and economic help, the former Idaho senator declared that he would not say "whether such a comprehensive program will unjustifiably involve the United States in a foreign conflict."

Nor would Clark supply an answer to "the high policy question whether the United States shall pay such a price to stay Communism in China."

Aside from the China question, subjects which seemed likely to come up for discussion in the course of Marshall's foreign policy report to the President included:

1. Berlin—The hottest point in the cold war in Europe appears certain to remain that way for a long time, Marshall must report.

Concern Is Increasing

2. France vs. Germany—While it has not yet aroused public alarm, State department officials have become deeply concerned over increasing French resistance to the Anglo-American plan to boost western German production under the European recovery program.

3. Military alliance—Marshall brings to Washington the latest information on exactly what the western Europeans want in the way of a military alliance with the United States. Weekend reports from London said they want a fifty year pact but will be content with indirect promises of American support in place of an absolute pledge to go to war in event of attack.

4. Lend-lease—Work on this project for the military strengthening of western European countries is not so well advanced as on the more general alliance undertaking.

5. Global strategy against Communism—In Marshall's view, one of the most difficult and constant problems in foreign policy is to maintain a balance between demands abroad and resources at home. Diplomats expect that at some point the President and he will have to come to grips with this issue which links together Chinese aid, European lend-lease, and all the other military and civilian help programs the United States is either operating or contemplating.

Stock Market

MARKET EASES DOWN

NEW YORK, Nov. 22 (AP) — The stock market eased down today by fractions to around 2 points. Closing prices were a little above the low points of the day.

Volume was around 850,000 shares.

There were periods of mild recovery throughout the day, but none of these was extended beyond the fractional phase.

Rails, steels and motors took the heaviest part of the pressure with chemicals, oils and aircraft issues also going lower. Almost all of the groups headed down after a mixed opening in which trading was moderately active. Throughout the remainder of the day trading was at a steady pace without any concentrated flurries.

Among stocks on the downside were Atlantic Coast Line, Santa Fe, New York Central, U. S. Steel, Youngstown Sheet, General Motors, Chrysler (at a new low for the year), Dupont, Allied Chemical, Standard Oil (NJ), Gulf Oil, Dow Chemical, Owens Illinois, Johns Manville, Douglas, Boeing, Montgomery Ward, U. S. Rubber, Homestake Mining, Dome Mines, and Alaska Juneau, the last three at new lows for the year.

Cotton Market

NEW YORK REPORT

NEW YORK, Nov. 22 (AP) — Cotton futures were firm in active dealings today. The market was supported by considerable trade buying, mostly for mill account, along with short covering in nearby December and switching to later months. Commission houses bought May and July deliveries on the belief that supplies of good cotton will be scarce at that time due to heavy movement of cotton into the loan.

Nearby December moved up to almost 1¼ cents a pound above the average loan level, basis Memphis. Despite the market's upturn, hedging was relatively light.

Cotton closed firm.

CHICAGO REPORT

CHICAGO, Nov. 22 (AP) — Corn took over the grain market's leadership from wheat today, advancing more than a cent at times on fairly active buying.

Arrivals of cash corn in the spot market were down considerably from recent Mondays. Prices for cash grain advanced. Some analysts felt the peak of the harvest movement had passed. Negotiations looking toward a settlement of the longshoremen's strike also helped corn.

Wheat started out firm but ran into selling from the southwest. This was believed to represent hedging pressure. Reports to the trade said producers were free sellers of cash wheat at present price levels, which are well above the government loan point.

Wheat closed ⅛ lower to ⅝ higher, December $2.41-2.41⅛; corn was 1⅛-2⅛ higher, December $1.46⅛-⅛, oats were ⅛ lower to ⅛ higher, December 85½-⅝.

in the aftermath of the Truman victory that the will of the majority who voted for the candidate promising change and reform can be balked. They are saying that a coalition of Republicans and southern Democrats can make the election meaningless.

In other words, they are saying that the Democratic system is null and void. That, incidentally, is a kind of subversiveness which makes Communism look almost respectable. Mr. Truman's victory came from those who believe in new deal reforms; in the kind of changes the President talked about in his campaign. To frustrate it would be to hand Wallace an opportunity for the kind of comeback that now seems highly improbable.

teacher at Henrietta for 50 years, was burned to death in a fire at her home there Friday.

The body of a 26-year-old man was found on a smouldering mattress in a smoke filled San Antonio hotel room Sunday. He was identified as Joseph J. Takish, stationed at Lackland Air Force base. A coroner's verdict has not been rendered.

Farm Price Program Hit By GOP Senator

WASHINGTON, Nov. 22. (U.P.)—Sen. George D. Aiken, R., Vt., said today that continued support to farm prices at 90 per cent of parity eventually would wreck the national economy.

He said it would prove so costly to the federal treasury in years of worldwide bountiful harvest that the "farm program would go down in a heap and drag the rest of our national economy with it."

Disappearance Of Coed Not Explained

YORKVILLE, Ill., Nov. 22 (AP)—Lillian De Bell, 17-year-old Colorado coed, left for home last night with her mysterious three-week disappearance still unexplained.

Lillian's father, John De Bell, an Arvada, Colo., truck farmer, and her sister, Virginia, 19, came to accompany Lillian home. She greeted them with hugs and kisses.

De Bell said Lillian still would not say why she left the Colorado State Teachers college at Greeley on Nov. 1.

Lillian was found by Sheriff William E. Hayden early Saturday as she was walking along a nearby highway in a snowstorm. She had no money and at first refused to give any information about herself. Before leaving for home, however, it was learned that the girl went directly to Chicago from Greeley and worked there several days as a typist for a mail order concern under the name of "Linda Harris." In Chicago she lived at a Y.W.C.A. and left there Friday night without her luggage.

Democrat Agrees

An administration Democrat, who didn't want to be named publicly, agreed with Vandenberg's analysis of the ineffectiveness of the present cloture rule.

Because of this situation, the Democrats said it may be necessary for the party leadership to compromise with the southerners if it is to make any headway with President Truman's proposals for laws banning job discrimination, punishing lynching, abolishing state poll taxes and curbing race segregation.

Some southerners have indicated they might be willing to accept modified versions of anti-poll tax and anti-lynching bills. They have drawn the line, however, at accepting anti-job discrimination and anti-segregation measures.

Change Proposed

On another filibuster front, Vandenberg proposed that the Senate change its rules to permit 90 per cent of its members to force a vote any time on a national emergency measure.

This wouldn't affect the civil rights controversy, because at least 20 senators, more than 20 per cent of its members, always oppose such proposals.

91 Civil Cases Set On Federal Docket

Calling the heaviest civil docket in the history of the Lubbock division, Federal District Judge Joseph B. Dooley of Amarillo this morning set 91 civil cases for hearing, at the beginning of a fall term.

At 1:30 o'clock this afternoon the court was preparing to go into its criminal docket.

Three Lubbock men who are serving state penitentiary terms on convictions of robbery May 26, 1947, of the First National bank of Hale Center were brought to Lubbock Sunday for trial on the same offense under federal procedure.

They are Grisham Scott May, 33, Charles Walter Royalty, 24, and Sidney Maurice Willburn, 22. They were returned from Huntsville on a habeas corpus writ issued Thursday by Judge Dooley. It provided that, after trial here, the three defendants shall be returned to the state penitentiary to continue service of their sentences.

The defendants are charged with taking $2,215 from the bank.

Judge Dooley, District Clerk George W. Parker and Miss Elizabeth Hall, deputy clerk, arrived over the weekend.

A jury will report to Judge Dooley at 9:30 o'clock Tuesday morning. The court will address a naturalization class early Tuesday morning, then go into trial of civil cases.

It also put the Communist tag on the People's Institute of Applied Religion, Birmingham, Ala., which it said has been declared subversive by the Justice department. Describing the institute as "one of the most vicious" of Communist groups, the pamphlet said "it preaches Communist ideas, pretending they are Christian ideas."

The committee named the Rev. Claude C. Williams, director of the institute and a Presbyterian, as an "open type" of Communist. It gave the same description to the Rev. Eliot White, a retired Episcopal minister who, it said, has served as a delegate to a Communist convention.

Miss Sannie Callan, professor of child development at Texas Technological college, talked on the Tech Nursery school and explained how it differs with private day nurseries in Lubbock at a luncheon meeting of the Lubbock County Social Welfare association today in the Hilton Chimayo room. Report Shows Boost In Cotton Ginnings

WASHINGTON, Nov. 22. (AP) — The census bureau reported today that 11,663,229 running bales of cotton from this year's crop were ginned prior to Nov. 14.

This number compared with 9,265,460 ginned to the same date last year and 6,532,829 two years ago. Increased ginnings this year reflected a sharp increase in the size of the crop.

Ginnings by state this season and last, respectively, included Arkansas 1,529,228 and 980,350; Louisiana 694,475 and 461,012; New Mexico 171,944 and 113,501; Oklahoma 295,281 and 255,203 and Texas 2,654,388 and 2,659,472.

Cold Front Arrives

The drop in temperatures Sunday and this morning followed arrival of a cold front about 6 p. m. Saturday.

Tech Coach Speaker At Jaycee Meeting

Texas Tech Football Coach Dell Morgan was feature speaker at the weekly Junior Chamber of Commerce luncheon at Hilton hotel today.

Morgan outlined Tech's chances of being admitted to the Southwestern conference, and pointed out a few schedule disadvantages that might arise during Tech's early years in the circuit should the Raiders gain entrance.

"Of course, I'm more or less of an optimist on the subject, but I feel that in December—if the conference officials meet as planned, we'll be admitted," Morgan said. He added that if conference officials consider only the point of enlarging the loop—and not Tech's individual application—the Raiders' chances of being admitted will be reduced.

Assistant Coaches G. B. Morris and Tip Mooney also spoke briefly. Mooney introduced two Tech players, End Bill Kelley and Quarterback Ernest Hawkins.

Homer Roner introduced 12 new Jaycee members who recently completed their club orientation course, and presented each with a club badge.

Other guests present were Perry Roberts, president of the new Jaycee organization at Lamesa, Johnny Razor and O. L. Gibson.

President Horace Gearhart presided at the luncheon. Invocation was by Homer Roper.

One-Day Clinic For Spastics Being Held

Twenty-five children from a wide area had been examined up to 1:30 o'clock this afternoon in the one-day clinic being conducted at West Texas Cerebral Palsy Treatment center at 1317 Tenth by Dr. Charles Clayton of Fort Worth and Dr. Charles Sadler of Amarillo.

Appointments had been made for 21 additional children to be examined this afternoon.

Dr. Clayton said the treatment center, which is sponsored by the Rotary club and the Lubbock Crippled Children's council, has made an "excellent start" and is doing "fine work."

"Lubbock is a medical center for a territory in which half a million or more people live and consequently there are sufficient spastic in that territory to constitute a very great need for a center for treatment," he said. He said an average of about eight spastics may be found in each thousand population.

The doctors are making diagnosis and recommending treatment for children suffering cerebral palsy.
