## SHRIMPING SEASON CLOSED EARLIER FOR LONGER TIME

Austin--Shrimp in Texas bays are growing so rapidly and early this year that the Parks and Wildlife Department (P&WD) is closing the shrimp season 15 days earlier than

## Bryant Named CPL Manager

Doyle Bryant has been named Central Power & Light Company's manager for the Rockport area, according to CPL's Gulf Coast District Manager, Van Hilliard.

Bryant, who has served as CPL's manager in Devine since July 1973, replaces W.W. (Bill) Janecsek, who has held the Rockport post for the past six years. Janecsek has resigned to enter private business.

A native of Baton Rouge, Louisiana, Bryant has a 10-year service record with Central Power and Light Company. He graduated from Pharr-San Juan-Alamo High School and Pan American University.

Bryant started his career with CPL as a senior clerk at McAllen in February 1966, and was transferred to San Benito District office a year later. He served as CPL's officer manager in McAllen from 1968 until 1973, when he was promoted to Devine as manager.

Bryant has been active in community affairs in all the cities where he has worked and is a member of the Devine Lions Club, Chamber of Commerce and Economic Development Committee.

Janecsek has a 16-year service record with CPL. He has been active in community affairs during his tenure as CPL's Rockport manager. He has served as president of the Chamber of Commerce, has been a member of the District Crusade Committee and Director of the Aransas County Cancer Society, Director for the United Fund, South Texas Chamber of Commerce, Rotary Club, and is Institutional Representative of Cub Pack 49. He holds the highest training award in scouting, the "Wood Badge."

## HISTORICAL MARKER TO BE ERECTED

An official Texas historical marker for site of Marion Packing Co. will be erected in the near future, it was announced today by Mrs. Charles Gibson of Rockport, chairman of the Aransas County Historical Survey Committee.

The marker will be placed at Fulton Beach Road and Chaparral Street in Fulton. Dedication plans will be announced later.

Made of cast aluminum with Swedish steel effect, the marker measures 18 by 28 inches and is sponsored by Woman's Club of Aransas County.

The marking of local historic sites and landmarks is part of the Texas Historical Commission's program of preservation activities. These include archaeological investigations, history museum consultation, and administering the National Historic Preservation Act in Texas. As of 1974 the Historical Commission had erected more than 6,800 official markers.

The name and location of the present marker will appear in the next edition of the "Guide to Official Texas Historical Markers" in order to stimulate tourist travel in this area, to arouse interest in historical tours, and to acquaint the people of this locale with their unique heritage.

Inscription on the marker reads as follows: "Site of Marion Packing Co."

The ruins of this rendering vat mark the location of the Marion Packing Co. (spelled 'Meriam' in some records), one of the dozen or more meat packing plants built in the Rockport-Fulton area in the 1860s and 1870s to process the huge herds of range cattle that roamed Texas after the Civil War. Here beef was dried, salted, or pickled before shipping. The by-products such as tallow, hides, horns, and bones were sent to Eastern factories. Like most of the coastal plants, Marion Packing Co. flourished until about 1880, when shipping cattle to Northern markets proved more profitable. (1976)

usual and may continue the closure for as long as 60 days.

A proclamation issued by P&WD Executive Director Clayton T. Garrison on Thursday set the closed gulf shrimp season from May 17 through July 15.

Good shrimp growing conditions in Texas estuaries were cited as the reason for the earlier closed season. Garrison explained, "Our shrimp sampling has indicated that there are two age groups of brown shrimp in the bays. The larger shrimp group is presently at a size at which it can be expected to leave at any time. Department biologists predict emigration to begin around May 12 and continue for several weeks. The second group of brown shrimp, the most abundant and common in Texas waters, is reported in even greater numbers than the older group and will probably emigrate in June of early July," Garrison added, "hence the possibility of extending the closed shrimp season for the full 60 day period."

Previously the Department was permitted by law to close the season for only 45 days. The 64th Legislature gave it authority, for the first time, to close it 60 days.

"If the second group reaches harvestable size earlier than expected," said Garrison, "we could possibly open the season earlier."

At this time department coastal fisheries biologists are comparing the shrimp production in the bays to that of 1972, considered an excellent year for shrimp production.

"This year has been almost ideal for brown shrimp," said Terry Leary, P&WD shellfish director, "with the proper high salinity they require as there has not been too much rainfall so far and no cold spells to drive them out of the nursery grounds or kill them. This year the shrimp got into the bays earlier and are staying longer."

Unless conditions change drastically the Department is expecting a longer shrimp season with reopening after July 15.

## Twirling Camp June 2 to 5

Twirling camp will be held in the Junior High cafeteria from Wednesday, June 2, to Saturday, June 5, beginning at 9:00 A.M. and ending at 12:00 noon. It will be divided into three groups: beginner, intermediate and advanced. All students six years or older are eligible to attend. A certificate will be awarded to those completing the camp.

The camp will be under the direction of Mrs. Frances Winkle, director of Miss Majorette Baton Academy. Mrs. Winkle is holder of fifteen state championships including eight consecutive years as State Two-Baton Champion, winner of over 800 awards in solo, strutting, and two-batons, past president of Texas State Twirling Council, past Southern VP of the United States Twirling Association, and AAU certified judge.

For further information or reservations call Mr. Peter Cheaney at the High School Band Hall. 729-6333.

## Savings Bond Sales \$23,329

Sales of Series E and H United States Savings Bonds in Aransas County during the month of March totaled \$4,077, according to County Bond Chairman Fred Bracht. Sales were \$23,329 for 19% of the yearly goal of \$120,000.

Texas sales amounted to \$26,981 during the month compared to March 1975 sales of \$18,518,450 for an increase of 43% over last year. Sales for the first quarter totaled \$73,252,376 with 27% of the \$272.4 mil. goal achieved.

## JOINS PERCH CLUB

Don Milks, general manager of the Sea Gun Resort Hotel, joined the Perch Club on Sunday, May 16. While launching a sailboat he slipped and fell into the Sea Gun basin.

## Yard of the Month

The yard of the month award for May was presented to Mr. and Mrs. George Taggart III, 2010 Glass Ave., according to Mrs. A. Hamon, chairman of the project sponsored by the

Rockport Home and Garden Club.

The setting for this yard is unique, with total relating of landscaping to house and tree-covered ground area. Mrs.

Taggart landscaped the yard. "All the mistakes are mine," she said, "and I correct my mistakes as soon as I recognize them and there have been many."

The walk from the driveway to the first level terrace is lined with dwarf natal plum. Confederate jasmine surrounds the lamp posts on either side of the walk. The terrace of red block stone is built around the trees. Caladiums have been planted in these beds. Dwarf pittosporum borders both terrace levels, with sago and robellini palms accenting the corners.

The second level terrace leads to the entry, beautifully landscaped with manicured boxwood and a Jerusalem cherry tree on either side of the entrance. The foundation plantings on the east side of the house include ligustrum and bottle brush with a row of boxwood planted in front of the larger shrubs.

Foundation plants along the house leading to the patio area in back are split leaf philodendron, variegated pittosporum, Indian hawthorn and hibiscus. A privacy fence borders the property on two sides, fig vine has been planted at regularly spaced intervals. The walk to the covered patio is bordered by a row of monkey grass and a row of variegated liriope.

Patterned beds front the patio with permanent plantings of boxwood. Hanging baskets of Colorado ivy, green air plant, Swedish ivy and wandering Jew decorate the area; potted palms, coleus, rose geraniums, red and yellow kalanchoe add to the beauty of the area. Two lovely espaliered wax leaf ligustrums are well established against a brick wall of the house.

Confederate jasmine is growing along the fence at the back of the yard. A large native beauty bush shelters a multitude of potted plants, some to be set out later and some recuperating and just growing. Among these plants are beefsteak begonia, petunia, poinsettia and serval mandarin ferns.

The Taggart children, Wade and Nathan, show a lively interest in their own potted plants and are knowledgeable of the yard plantings.

A great amount of time and consideration has gone into the landscaping of this yard and as a result it will continue to improve year after year.

Nominations for yard of the month may be made to Mrs. A.C. Hamon, Box 1093, Rockport, or by calling 729-5340.

## POWER SQUADRON CRUISE MAY 22-23

The Corpus Christi Power Squadron will hold its first boating event of 1976 under new Commander Walter Mertz on Saturday and Sunday, May 22 & 23.

Squadron members and their guests will rendezvous at Marker 69 (ICW) Saturday at noon. Some will spend the night aboard their boats.

Activities will include: marine compass compensations, cooperative charting, fishing, water skiing, snorkeling and a cookout. Phil Tillery is cruise and rendezvous chairman.

## County Takes Lead Proposing Central Tax Assessor's Office

Members of Aransas County Commissioners Court have taken an extremely important action, proposing establishment of a Central Tax Assessor's office in the courthouse to serve the three local taxing agencies, Aransas County,

Aransas County Independent School District and the City of Rockport.

At their last meeting, County Commissioner Charles Hale made the motion to establish a central tax assessor's office, Commissioner Ray Longino

seconded the motion, and the proposal was approved unanimously. It was recognized that much work will be required before the proposal becomes a reality.

Actions taken at other recent meetings of County Commissioners Court include:

Discussion of the county's budget for 1977.

The Court unanimously agreed to advertise for bids to sell one Ford truck, 1 International truck and 1 dump bed.

Commissioner Raymond Owens made the motion to purchase one removable goose neck low boy trailer. Motion was seconded by Commissioner Eller. Motion carried unanimously.

The Court agreed to present A.A.R.P. the \$5443 grant, as per request.

Members of Aransas County Commissioners Court include County Judge John D. Wendell; Erie Eller, Commissioner, Precinct 1; Ray Longino, Commissioner, Precinct 2; Raymond Owens, Commissioner, Precinct 3; C.L. Hale, Commissioner, Precinct 4; and Ruby Hart, County Clerk.

## Rotarians See TPWD Film

The problem of protecting valuable natural resources while encouraging industry and tourism in the Texas coastal area was explored in a film shown at a luncheon meeting of Rotary Club May 12 at Sandollar Restaurant.

The film, produced for Texas Parks and Wildlife Department, concentrated on the Gulf coast area between Beaumont and Brownsville. Local residents, including Mayor Walter S. Falk, Jr., among others, appeared and expressed opinions on conservation and industrial development. It was pointed out that coastal seafood nursery grounds were endangered by shoreline development and pollution, including industrial waste. At the same time the film pointed out the necessity for continued development to sustain and encourage growth, adding that some 30 per cent of the state's population lives in the coastal area, and that a million more people are expected by 1985.

Exploring the value of submerged and marshlands along the coast, the film stated 80 per cent of ocean fish depend on them as feeding grounds and a vital part of their life cycle. It was claimed that an acre of coastal marshland produces 10 times as much protein as an acre of wheat land. Shrimping was termed biggest U.S. fishing industry and that 50 per cent of this harvest come from Gulf waters. While shrimp spawn in the Gulf, they come into the nursery grounds along the coast to develop.

Exploring the industry side of the picture, the film reported annual worth of coastal industries totals 80 million dollars, including 12 to 14 major industries and hundreds of smaller ones. Most of these need man-made waterways and canals to transport products. The film asserted that these waterways can be developed without much harm to the ecology if they are intelligently planned and executed.

Excessive and cumbersome regulations by bureaus and boards, both state and federal, are unnecessarily handicapping and delaying coastal development. Often it takes longer to get a permit for a project than it has taken to develop engineering plans for it, according to the film.

Conserving our resources and still encouraging industrial and commercial development raise many difficult questions, but departments and bureaus in Washington don't have all the answers, the film contended. (Continued on Page Two)

## 'ART FOR CANCER' PAINTING UNVEILED

The Aransas County Unit of the American Cancer Society held their annual meeting last Friday, in the Statesmen's Club of United Savings. New officers were installed, reports were made on the Cancer Crusade, and this year's Art For Cancer painting was unveiled.

New officers are Rev. José A. Barton, President, Dr. J.F. Benjamin, Vice-President, Mrs. Mollie Freeborn, Secretary, and Mrs. Betty French, Treasurer. Committee Chairmen are Mrs. Pat Lawler, Crusade Chairwoman, Mrs. Virginia Haley, Residential Chairwoman, Mrs. Joann West, Art For Cancer, Mrs. Janet Moss and Mrs. Virginia Shivers, Public Education Co-Chairwomen, and John Hancock, Public Information.

Miss Betty Whitney, outgoing Crusade Chairwoman, reported contributions of \$5861.00 this year. Miss Whitney said that with a good response to the Art For Cancer drive, the Aransas Unit could meet this year's goal of \$8000 in contributions.

The Art For Cancer drive is a unique part of the Aransas

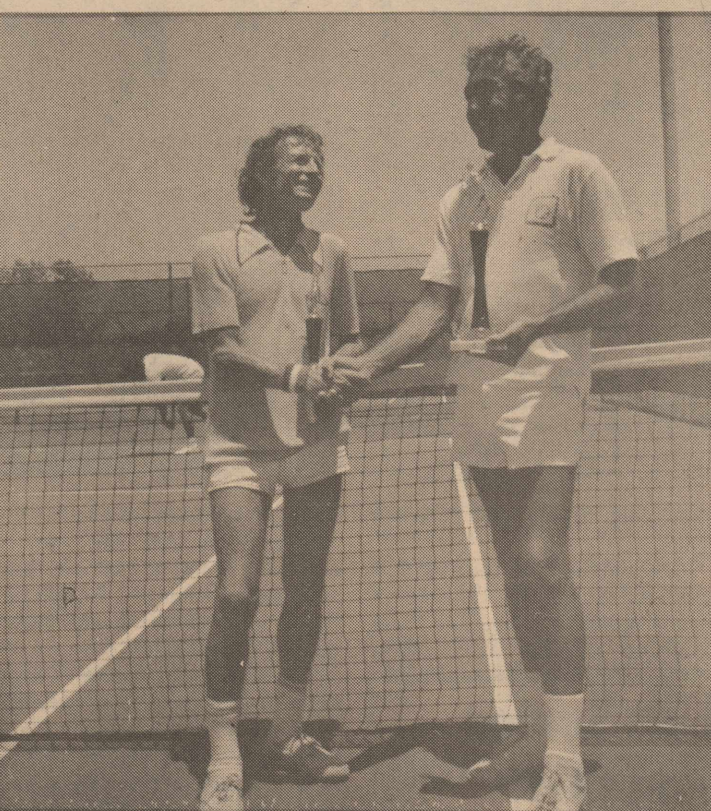

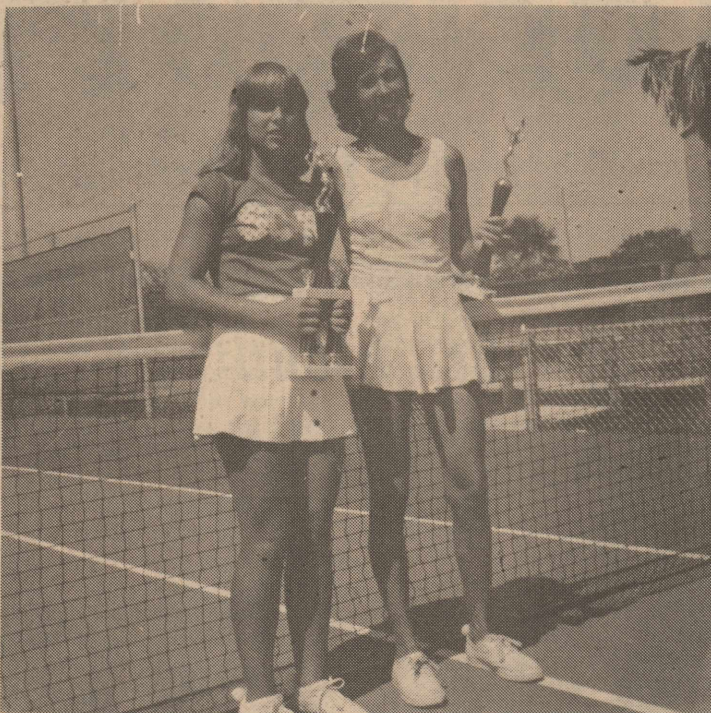

County Unit's activities, made possible by the support of the area's artistic community. Each year, a local artist donates a painting to be given away at the Rockport Art Festival, on the July 4 weekend.

This year's painting is a beautiful floral, in oil, by Macyrea Caradine. Mrs. Caradine's work is already very well known in the panhandle, where she used to live. She is now a permanent resident of Rockport, and in addition to her own work, she teaches art in Corpus Christi and at the Racquet Club. The frame was donated by Mr. and Mrs. Ed Fickett, of Potpourri.

The painting will be on display this week at Live Oak State Bank. Tickets are \$1.00 each, and may be purchased at the Bank, the Chamber of Commerce, or from Mrs. Joann West, 729-2985. The drawing will be held Sunday, July 4, at the Art Festival. Ticket holders need not be present to win.

Whatever comes from the heart carries the heat and color of its birthplace.

Thirty-four tennis players participated in the annual Spring Membership tournament at Rockport Racquet Club last Saturday and Sunday. A gallery of friends and relatives watched the contests both days.

Winner of the men's singles title in Division A was Al Hernden who defeated Jeff Crosby 6-2, 6-1 in the final match. Winner of the consolation trophy in this division was Chris Wideman, Rockport-Fulton High School tennis team member, who defeated his father, Dr. Jim Wideman, 6-2, 6-1.

Women's singles title winner was Erin Falk, also a local high school player, who defeated Pat Ryan, 7-6, 6-3. Women's consolation division winner was Charlotte Hernden who won from Margaret Schultz in the final match, 4-6, 7-6 and 6-4.

Women's doubles winners were Pat Ryan and Anita Burgtoff who took the final match and the trophies from Margaret Schultz and Erin Falk, 2-6, 6-3, 6-4.

In men's Division B singles winner was Jim Allen who beat Don Ryan, 6-4, 6-2 in the final match. Consolation winner in Division B was Fred Bennett who won the final match 6-1, 6-1, from Lionel Domengeaux.

Title winner in Division C men's singles was Bryan Bracht, another local high school team player, who defeated Randy Ramey, 6-0, 6-2. Consolation winner in this division was Dewey Lingo who won over Buster Becker, 6-4, 7-6 in the final match.

Men's doubles champions in Division A were Chris Wideman and Kendrick Cone, who won over Steve Allen, another high school team player, and Bert Conly, Jr., by a score of 7-6, 7-6.

Division B trophies and title in men's doubles went to James Bracht and T.J. Johnson when they defeated Jim Allen and Fred Bennett, 6-1, 7-5. In Division C men's doubles Jim White and Bryan Bracht took the title by defeating Buster Becker and Randy Ramey, 4-6, 6-4, 6-2.

In addition to winners and runners-up in the various divisions, the following played in the tournament:

Karen and Polly Bracht, Phillis Fair, Bert Conly, Sr., Dave Roaten, Leon Bateman, Reece Rozzell, Jerry Lewis, another high school team player, Tom Heffernan, Bill Hansen and Dave Crooks.

The tournament was managed by John Gutzke, club professional, who also served as umpire for the final matches in each division.

Next Saturday, May 22, there will be a special tournament restricted to members of the 11 learner-leagues that have been in operation for the past 10 weeks involving players ranging from beginners to advanced players. Divisions will be established on the basis of relative skills and trophies will be awarded winners.

ed, adding that there is no great power in the nation's capital that knows what is best for our local situation.

Right now there is no basic plan for the coastline area and it is time for our local people to decide what they want, the film contended.

During a discussion period following showing of the film, several examples of seemingly endless delays in getting decisions from bureaucrats at both the state and federal level were cited. It was reported that restoring of a short stretch of channel in a waterside residential community that has become silted has been halted for more than two years because agencies with apparently overlapping authority in such matters. It has been estimated that these agencies already have spent many times the estimated cost of the entire project on reports and numerous inspection visits to the site.

What folks will do for science! Researchers in London tested balanced diet and a heavy one before sleeping, found that high fat and high carbohydrate intake make for less deep sleep, more dream time. Nightmares, maybe?

## BURIAL ALLOWANCES AVAILABLE TO VETS

The Veterans Administration today urged former servicemen and women to acquaint members of their families with the VA burial allowances available to veterans.

For example, VA will provide a payment of up to \$25 toward the burial expenses of eligible veterans. An additional \$150 is payable as a plot or interment allowance when burial is not in a National Cemetery or other cemetery under United States Government jurisdiction.

Burial or plot allowances are paid to funeral directors and cemetery owners if burial costs are unpaid, otherwise the proper claimant is the person who bore the expense of funeral and burial, Paul F. Barnett, Acting Director, Houston VA Regional Office, noted.

In case the veteran's death is service-connected, payment of an amount not to exceed \$800 will be made. This payment is made instead of the usual burial and interment allowances.

Burial is available for all eligible veterans at all National Cemeteries except Arlington. Burial in these cemeteries is also available to an eligible veteran's spouse, minor child-

ren and, under certain conditions, to unmarried adult children.

Since 1967 burial in Arlington National Cemetery has been limited to persons dying while on active duty, Medal of Honor winners, former service personnel on official service retired lists, certain high government officials and certain members of the immediate families of those listed or those already buried there.

The Veterans Administration will also, upon request, provide an American flag to drape the casket of the veteran.

A headstone or grave marker is also available for eligible veterans and memorial markers are provided for certain members of the armed forces who die on active duty and

whose remains are not recovered.

Eligible veterans are those discharged under conditions other than dishonorable and who served in the Spanish-American War, Mexican Border Period, World War I, World War II, the Korean Conflict, the Vietnam Era or who are peacetime veterans entitled to service-connected compensation at time of death or discharge, or who were retired for disability incurred in the line of duty.

Full information concerning these allowances and eligibility for them is available at any Veterans Administration office.

The heart is the most noble of all the members of our body.  
-St. John Chrysostom.

## Fidelis Class Met May 9

The Fidelis Class of the First Baptist Church met Monday night, May 9th in the home of Mrs. Charles Chrisman. Mrs. James Russell and Mrs. Truett Roach were co-hostesses.

Mrs. Art Cox presided at the meeting, which was opened with a devotional and prayer given by Mrs. C.L. Peck.

Mrs. Olga McLeister read the minutes of the last meeting and Mrs. Tom Shults gave the financial report. A letter of thanks from the class "adopted" boy was read.

New and old business was discussed, and then the hostesses took charge of the social hour. The guests were treated to an imaginary flight to Hawaii, each guest receiving a colorful lei and a flower for her hair. Beautiful Hawaiian music added to the festive atmosphere and each guest had an opportunity to do a hula dance. The most talented dancer was given a bottle of Absorbine Jr. liniment as a gift.

The hostesses had prepared a

delicious luau for the guests. It consisted of fruit punch in a watermelon shell, various fruit treats, crackers, salad and a large homemade cake. There were twenty-one present to enjoy the occasion.

### GRADUATES

San Antonio--Airman First Class David B. Wurl, son of Mrs. Shirley E. Wurl of Westminster, Colo., has received a new assignment following graduation from the security police specialist course conducted by the Air Training Command at Lackland AFB, Texas.

Airman Wurl, now trained in security and law enforcement, will go to Ellsworth AFB, S.D., for duty with a Unit of the Strategic Air Command. Completion of the course enables the airman to receive academic credits through the Community College of the Air Force.

Airman Wurl, whose father is Leon A. Wurl of Louisville, Colo., is a 1969 graduate of Aspen (Colo.) High School.

The airman's wife, Martha, is the daughter of Mr. and Mrs. Jack McWhorter of Rockport.

### PRESBY. CIRCLE 2 MEETING HELD

Circle II of First Presbyterian Church met on May 13 with Van Morgan as hostess. The refreshments were rainbow colored cupcakes in keeping with the W.O.C. theme, "A Rainbow of Hope."

Twelve members present answered roll call with a Bible verse. The secretary's report was approved as read. The treasurer reported a balance of \$54.37.

The announcement was made of a meeting of women of Rockport on May 25 at 10:30 a.m. at First Methodist Church. This will be a covered dish luncheon. The purpose of the meeting is to explore the feasibility of forming a permanent group.

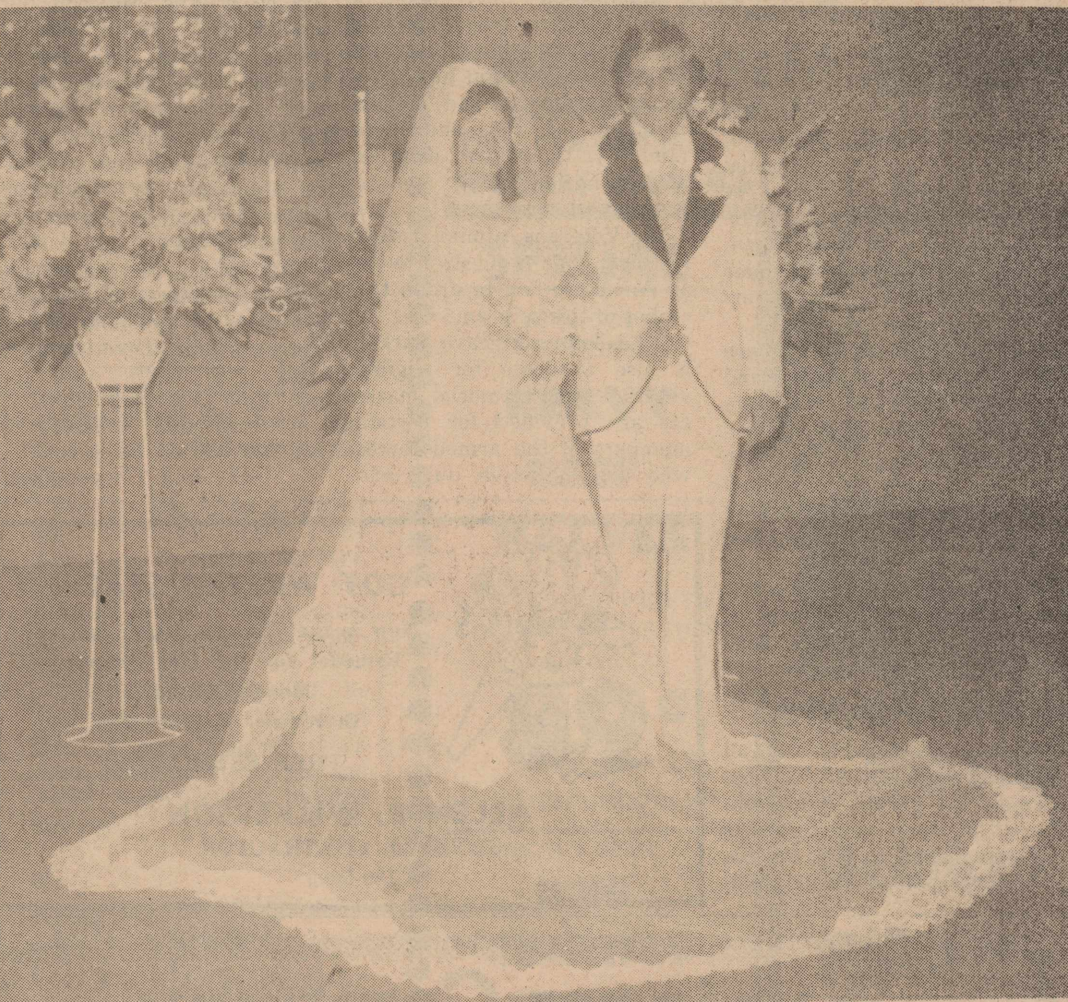

For the June meeting Margaret Hight will be the moderator and Eloise Young will be the hostess at her home.

A motion was made by Van Morgan that the treasurer give \$15 of circle funds to the W.O.C. treasurer to be applied to the W.O.C. birthday gift fund.

Trulie Elder moderated a most interesting lesson, "The Guild of the Knotted Towel." Lily Fahr gave the Least Coin Prayer and the meeting closed by all reciting the Mizpah benediction.

NEW YORK--Nearly 11,000 acres of forest land in the Great Dismal Swamp in North Carolina has been given to the nation hoping to save unspoiled land for future generations.

## Parkhurst-McMahan Wedding

Miss Kimberly McMahan and Stephen Parkhurst were united in marriage at the First Baptist Church on the 17th of April. Dr. Logan Cummings officiated at the double ring, candlelight ceremony. Mrs. Norman McLead furnished the music. Rev. Charles Fake sang, "The Lord's Prayer," and Rose Harris, sister of the groom sang the "Wedding Song."

Parents of the couple are Mr. and Mrs. Bruce McMahan of Rockport and Mr. and Mrs. Gordon Parkhurst of Corpus Christi. The couple were married on the 50th wedding anniversary of the bridegroom's grandparents, Mr. and Mrs. Cleo Robertson, who attended the wedding.

The bride chose a formal designer original gown fashioned of white silk organza over peau d' soie. A tiny fitted bodice was in the figurine silhouette and held a high neckline and inset sheer yoke outlined with hand run Alencon lace and trellised with seed pearl embroidery.

Long full sheer sleeves were fitted at the cuffs with applique lace motifs for accent on each wrist. Narrow scalloped Alencon lace trellised down the bodice at intervals and larger

motifs were used for added beauty. Lace narrowed around the fitted waistline with a wide sweeping full "A" line skirt falling to the floor.

Lace again was used in narrow scalloped bands vertically down the skirt and large floral motifs trellised across the skirt. A wide scalloped border of lace was used at the hemline. A curved, rounded camelot cap overlaid with matching lace held her long veil. Tiers of silk bridal illusion pouffed from the cap and into a train in back with shorter upper tiers floating at shoulder length. Her accessories were complimentary white and she carried an orchid set on a lace covered Bible.

Priscilla Ramirez, friend of the bride was maid of honor. Bridesmaids were Kathryn Theodore and Lory Parkhurst, sister of the groom. Flower girl was Linda Winzey. The bridesmaids were dressed in blue floor length gowns with lace insets. They carried bouquets of carnations with a rose center. The best man was Alan Bartlett, friend of the groom. Groomsmen were Larry Galvez and Bruce McMahan, Jr., brother of the bride. Ushers were Mike Moore and Jeff Shaw.

The bride's mother chose a

melon pink floor length gown with scalloped jacket. Her corsage was white carnations. The groom's mother wore a lemon floor length gown with floral cape. Her corsage was white carnations. Miss Sharon Hicks, friend of the bride was at the guest register.

Following the ceremony, the reception was held at the Sea Gun. A three tiered wedding cake with blue roses was highlighted by a champagne fountain and punch. The couple plan to live in Corpus Christi and attend Del Mar College.

### Ladies Sunshine Club Meets

The Ladies Sunshine Club met at the Rockport Church of God May 11. The club celebrated birthdays of members born in May.

The honorees were Elsie Mae Huff, Viela Green, Rachel Ludington, Ruth Dunman and Pat Price.

Birthday cake, punch, ice cream and a salad plate were enjoyed by all.

Three new members have been added to the Ladies Sunshine Club, Pat Price, Elizabeth Brown and Linda Benavides. --Perlene Walls, club reporter.

## TOO MUCH GOVERNMENT CONTROL

A. R. SCHWARTZ OF GALVESTON, STATE SENATOR FOR THE PAST 16 YEARS, IS RECOGNIZED AS ONE OF THE MOST LIBERAL MEMBERS OF THE TEXAS LEGISLATURE.

HE HAS CONSISTENTLY VOTED IN FAVOR OF MORE GOVERNMENT CONTROLS, MORE STATE SPENDING AND FOR MEASURES WHICH MAKE OUR CITIZENS MORE AND MORE DEPENDENT ON THE GOVERNMENT.

## Let's turn it around!

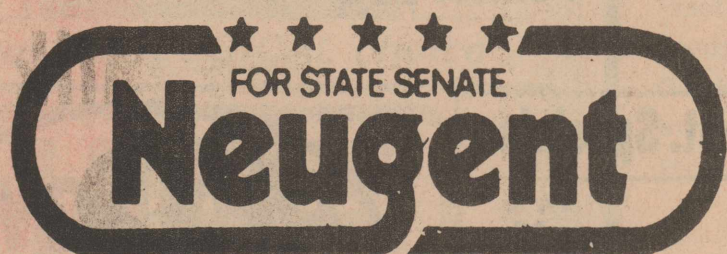

Let's reduce the size of our state government by cutting back on state spending. Our state government feeds on money we give it through taxes. The more we feed it the bigger it gets, taking more and more control over our daily lives.

### LET'S REDUCE ITS FEED!

The way to correct the state's money problems is not by levying more taxes but by better management of the money the state already collects.

The first priority of government should be to protect the lives and property of its citizens. Beyond that government should do for its citizens only those things its citizens are unable to do for themselves.

THESE ARE MY VIEWS. IF YOU AGREE THEN GO TO THE POLLS JUNE 5 AND VOTE FOR DEAN NEUGENT FOR STATE SENATE.

The Conservative Candidate—Less Government Control and Less Spending.

**CPL is paying today's higher prices to produce electricity, although your base rate is still the same as in 1973.**

While soaring fuel costs have raised your electric bill with fuel adjustment costs, on which Central Power and Light Company makes no profit, your base cost for electricity has remained at the 1973 rate.

CPL has been paying higher and higher costs, which we have been absorbing, on just about everything we use to produce electricity.

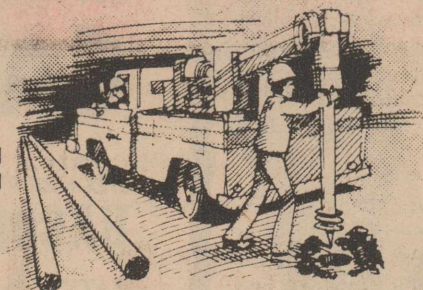

For instance the price on a 70' wood pole has gone up:

1972 \$260  
1975 \$575

10" insulators are up:  
1972 \$3.65 each  
1975 \$6.55 each

High Voltage Wire:  
1972 45 cents per pound  
1975 73 cents per pound

Steel poles went from:  
1972 \$4,100  
1975 \$5,700

And contractor bids are up more than 25% since 1972.

And these are typical of nearly every product and service CPL must have to provide you with reliable electric power. Even though we've been working to cut costs, inflation is hurting CPL just as it has your home or business.

CPL is now facing the day of reckoning when it cannot continue absorbing such inflationary costs.

## LIBRARY NEWS

Students of the three elementary schools are designing bookmarks to be used in the summer reading program, "Movin' On - Then and Now." Prizes will be awarded for the best bookmarks. The reading program will begin June 4 and run through August 13.

Miss Jane Rogers will conduct Story Hour Thursday, May 20, 10:30 to 11. All preschool children are welcome to attend.

The library gratefully acknowledges donations and memorials from the following: Mrs. Charles Schindler, Mrs. George Beatty, Oliver Stuttle, Woman's Club of Aransas County, Inc., the Allegro Club and Mrs. Everal L. West.

Library hours are Monday through Friday, noon to 6.

## FOURTH GRADERS PRODUCE FILMSTRIP

Fourth grade students in Mrs. Niki Corbin's 4th grade class at Fulton, Elementary School have produced a colorful filmstrip for the Governor's Office of Traffic Safety in Austin.

The title of the film is "The Safest Show on Earth." Materials are provided by the Governor's Office of Traffic Safety for the purpose of stimulating youngsters to become more aware of pedestrian, bicycle and passenger safety fundamentals.

In the Safety Ranger Program, students create their own illustrations. These illustrations are reproduced in Austin by Canson Associates Limited, designer of the program. Each class receives a custom produced filmstrip using work done by that class. The filmstrip and a sound recording become the property of the school.

Last year, nearly 250,000 Texas school children participated in the Safety Ranger Program. The program is offered free to all Texas 4th grade classrooms this fall.

FIND

## CHILD FIND Questions & Answers

### 1. Q. What is CHILD FIND?

A. CHILD FIND is a joint Texas Education Agency, Education Service Center, Region II and local school district effort to locate and provide services to all school-age handicapped persons in Texas.

### 2. Q. What is the purpose of CHILD FIND?

A. CHILD FIND is designed to search out young handicapped persons 3-21 years of age in our eleven county Region. Nueces, Bee, Duval, San Patricio, Live Oak, Jim Wells, Aransas, McMullen, Kleberg, Brooks, Kenedy.

### 3. Q. What is meant by handicapped?

A. Persons 3-21, who are blind, deaf, physically handicapped, emotionally disturbed, or mentally retarded, and those with learning disabilities.

### 4. Q. What services will be provided for the "found" handicapped children?

A. Children will be provided the education they need either at home, in the school, or in their community.

### 5. Q. What is meant by "educational services"?

A. Educational services include physical therapy, mobility training, occupational therapy, other specialized educational services and medical services.

### 6. Q. How can a parent, relative or concerned person get services for an unserved handicapped person 3-21 years of age?

A. They may call the Education Service Center, Region II toll free 1-800-242-3000 and give the name, address and facts about such handicapped persons. A contact will be made with the child and family. The local school will be involved to assist in education programming. Such referral will not result in loss of disability benefits.

### 7. Q. Is there a charge or fee for CHILD FIND services?

A. Texas law gives every handicapped child the right to public education FREE, from age 3-21.

## Morris And Netek Unite

Miss Deborah Ann Netek became the bride of Charles Arthur Morris in a Saturday afternoon nuptial ceremony in Our Lady of Perpetual Help Catholic Church in Corpus Christi. Father Mathew Kerschen performed the double ring ceremony. Mary Alice Jimenez was organist.

Parents of the bride are Mr.

and Mrs. Frank J. Netek, Corpus Christi. The groom is the son of Mr. and Mrs. Russell A. Morris, Fulton.

The bride, given in marriage by her father, chose a princess style silk organza over sata de peau, with victorian neckline with a beaded bib effect with imported Spanish lace, tapered lace sleeves accented with

pearls and ruffles at the wrist.

A full cathedral length skirt with lace appliques scattered over the skirt had a six inch flounce of imported Spanish lace around the edge of the skirt. A beaded camelot headpiece with cathedral length veil was edged in matching lace. She carried a long cascade bouquet of phalaenopsis orchids, with white sweetheart roses, baby's breath and ivy.

Maid of honor was Elizabeth Meadows, Corpus Christi. Bridesmaids were Susan Baugh and Melinda Adamez. Junior bridesmaid was Kathryn Netek, sister of the bride. Flower girl was Michelle Takatch. Ring bearer was Sean Smejkal, cousin of the bride.

Best man was Paul Claus, Houston. Ushers were Frank Netek, brother of the bride, and Arthur Sosa. Groomsmen were Van Calvin and Wes MacRae, both of Houston. Altar boys were Tommy Netek and Timmy Netek, brothers of the bride.

The bridesmaids wore lime green A-line dresses with scooped neckline and Juliet

bodice, and bishop sleeves with a ruffle at the bottom of the dress and matching picture hats accented with fresh flowers. They carried short cascade bouquets of pastel summer flowers.

A wedding reception, barbecue dinner and dance was held at the Parish hall following the ceremony. Miss Terri O'Leary was in charge of the bride's book. Serving the wedding cake was Mrs. Richard Takatch and Mrs. Frank Smejkal, both of Corpus Christi. Mrs. Karl Meadows served the groom's cake.

After a wedding trip to Florida, the couple will be at home in Dallas. For her going-away attire, the bride chose a yellow dress with white accessories.

The bride attended Richard King High School and Del Mar College, Corpus Christi. She was employed by L.L. Harris Wholesale Grocery Co. as key punch operator. The groom attended McArthur High School, San Antonio, Del Mar College and is a graduate of Texas A&M. He is an employee at Cutler-Hammer in sales and marketing.

Grandmothers of the bride attending were Mrs. Angela Netek and Mrs. James Smejkal, Corpus Christi. Out-of-town guests were Mr. and Mrs. Larry O'Leary, Arlington; Mr. and Mrs. Norman Netek, Fort Worth; Mr. and Mrs. Jim Young, New Orleans; Mr. and Mrs. Gilbert Teegardin, McAllen; Mr. and Mrs. Jim Smejkal, Houston; and Mr. and Mrs. Frank Smejkal of Beeville.

### WITNESS-SERVICE GROUP SEES FILM

The Witness-Service Committee of First Presbyterian Church met May 11 in the Fellowship Hall. Berta Little, chairperson, introduced Ed Massie of Beeville and David Silva who are active in the drug abuse program of the schools there.

They showed a film called "I Think" which was about a small girl and how she communicated with her parents and learned to make decisions for herself. It is through communication that this work starts and especially with the parents and children.

The Presbyterian Church is thinking of including a program in the church of this nature. There seems to be so much material on hand and several people who would like to help but the committee is trying to figure out where to start in such a program for the fall if they think it is possible.

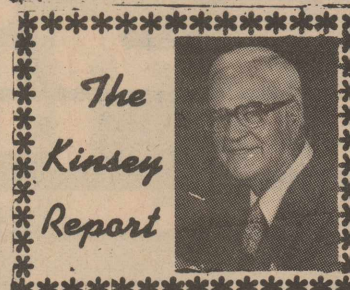

In March the Committee heard comments from Sheriff Bob Hewes and Chief of Police Jim Craigmile. They both said this program would have to start in the early grades, before High School. Last month, the committee heard from the principals and found just what is being done in the schools, what materials they were using, etc., on prevention of drug abuse. They also agreed the younger children is the audience where work should begin. Now the committee is studying all of this information to decide just what to do.

Members present were Beeta Little, chairperson, Zollie and Bessie Glass, Douglas Ward, Bobby Jackson, Norvell Jackson, and Dorothy Leslie, secretary.

**The Kinsey Report**

Members of Aransas County Commissioners Court are to be commended for taking the first step which hopefully will lead to an action that has been needed here for many years.

As reported in a news story on page one, the commissioners have unanimously gone on record as advocating the establishment of a Central Tax Assessor's office in Aransas County Courthouse to serve all three local taxing agencies, County, School District and City of Rockport.

One doesn't have to be a tax expert to recognize that there is considerable duplication of work and expense under the system that now exists. Also obvious is the fact that many details will have to be worked out in the process of changing from the present three-way tax assessor procedure to a central operation.

But, at least an official proposal had been made, and in the interest of modernizing and streamlining an extremely important function, it is hoped that all concerned will cooperate and move ahead on this sound proposal.

### RECEIVE DEGREES

College Station--Two students from Rockport are centennial graduates of Texas A&M University.

Texas A&M had a total of 2,466 spring graduates, a record for the state's first public institution of higher learning which is now in the midst of its centennial.

Students from Rockport receiving undergraduate degrees were Mark and Michele Pattillo. Mark received his degree in zoology; Michele, entomology. They are the son and daughter of Dr. G.M. Pattillo of Rockport.

### LOCAL STUDENTS RECEIVE DEGREES

San Marcos--Three Rockport area natives were among the close to 1,000 degree candidates who received diplomas from Southwest Texas State University in spring commencement ceremonies Saturday, May 15.

The commencement address was delivered by Senator A.M. Aikin, Jr., the "Dean of the Texas Senate." Senator Aikin, who represents the first senatorial district, is in his 43rd year as a member of the state legislature.

The senator currently serves as chairman of the Senate Finance Committee, one of the most powerful committees in the senate. Historically supportive of education, Sen. Aikin was co-author of the Gilmer-Aikin Laws, which brought Texas to the national forefront in education.

Diplomas were awarded in outdoor ceremonies at SWT's Evans Field.

Local graduates included Susan Casterline, with a bachelor of science in education; Linda Joyce Dietz, receiving a master of education in biology; and

Laura Ann Leisenheimer, with a bachelor of business administration.

Ms. Casterline is a Fulton native, while Ms. Dietz is the daughter of Mr. and Mrs. Elgin M.C. Dietz, P.O. Box 484, of Fulton and Ms. Leisenheimer is the daughter of Mr. and Mrs. Fausay of Rockport.

## Nursing Home News May 10-16

The activities at the Aransas Pass Nursing and Convalescent Center were in full swing last week.

First of all Arthur, our volunteer and very good barber, was here early Monday morning to cut our men's hair. Arthur, we do appreciate what you do.

Tuesday afternoon the "Caring Ones" were out for their game afternoon.

Tuesday evening was movie night and they saw "The Golden Age of Comedy" shown by Susan McVey from the San Patricio County Library out of Sinton.

Wednesday morning Bonnie and Jean were out to conduct our "paint class."

Wednesday evening the Acteons from First Baptist Church of Ingleside along with their sponsor, Janet Blasingame, came over to have their monthly program and to serve refreshments. Our residents really do enjoy this group of young girls.

Thursday morning right

after exercises Bro. Pruitt and the ladies from Aransas Pass Pentecostal Church of God were here to present their weekly program of song and meditation.

Thursday afternoon the Aransas Pass Rebekahs were here for their game day.

Thursday evening Dora Rodriguez and Penny Gonzalez came out to conduct their weekly "Prayer and Bible Study." This program is sponsored by the Aransas Pass Catholic ladies but all who wish to attend are always welcome.

The rest of the week was rather quiet as far as scheduled activities were concerned, but those who played cards, dominoes and watched television were busy.

Sunday morning non-denominational church services were held.

I want to say thanks to the Aransas Pass First Assembly of God Church for the lovely flowers they brought out for all of us to enjoy.

Also, Sher-Lee's Beauty Shop of Ingleside brought out

some books and we thank you very much.

I wish to thank Marie Tucker and Mrs. Stewart for bringing us some fish.

### AWARDS ASSEMBLY AT FULTON SCHOOL

The first grade of Fulton Elementary will present their last program during the awards assembly on Monday, May 24, at 1:30 p.m. Awards will be presented to students for scholastic achievement, perfect attendance and for various duties performed during the year.

The first grade program will consist of various activities performed in music class during the year. Parents and the public are invited to this year's last program.

### Consumer Food News

College Station-Consumers can expect bargains on processed fruits and vegetables as many grocery stores and manufacturers "step up" promotions on them, Mrs. Gwendolyn Clyatt predicts.

She cited heavy supplies as

the reason for upcoming "specials."

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

She also recommended smaller-size cans of processed fruits and vegetables for economy in single-serving or two-serving menus, noting that 3 1/4-8 1/2 ounce cans adequately serve one or two people—with no leftovers.

At most fresh-produce counters, cantaloupe, honeydews and watermelons are available—but prices are high, as is usual for first-of-the-season items, Mrs. Clyatt said.

"The good old standbys, cabbage and carrots, have very attractive prices, though—and soft-shell squash prices are down slightly. Cooking greens and rutabagas have economical prices."

"Some stores are offering specials on various-sized bags of dry yellow onions and potatoes—but check for quality buying."

Corn, mostly from Florida, is a bit lower in price, she added. "Strawberries are fairly plentiful now, but consumers will have to wait awhile for the rest."

"In fresh-fruit buying, grapefruit, oranges, apples and bananas are plentiful—with economical prices—and tangerines are still available. Also, fresh pineapple offers some special prices," Mrs. Clyatt said.

"At beef counters, emphasis is on chuck roasts and steaks—and liver."

"In comparing prices, remember that the amount of bone and fat in a cut of meat determines the number of servings per pound it will yield," she advised.

In poultry sections, turkey drumsticks and hindquarters may offer "feature" prices.

"For menu variety, chicken hens may be found at attractive prices."

CONSUMER WATCH-WORDS: Frozen concentrate orange juice usually costs slightly more than four cents for a four-ounce serving—while canned orange juice averages about six and a half cents, and squeezing it from fresh fruit costs almost 12 cents for the same size serving, according to a recent United States Department of Agriculture survey.

The individualist is one who thinks for himself and, when necessary, by himself.

L. D. NUCKLES

With the graduation of 27 new game wardens from the Texas Parks and Wildlife Department's training academy last December, the number of wardens in the field reached a new high. Four hundred eighteen of these college trained enforcement officers are now on duty and the number of cases filed and convictions obtained shows that their efforts are paying off.

According to the department's latest annual report (FY 1975) game wardens completed a total of 23,940 cases and collected \$543,859.20 in fines.

Game violations accounted for 8,819 cases. One outstanding example of investigative work resulted in the arrest and conviction of seven nonresidents who were fined \$4,252.50. They had in their possession the carcasses of 34 buck deer and an undetermined amount of boned meat.

There were 8,386 arrests made for violations of the sport fishing laws. These included fishing without a license, overlimits of fish and illegal fishing gear. Two Texas residents were charged with 10 counts each for taking catfish in Bowie County with hoop nets having mesh smaller than three inches.

They had 2,000 pounds of illegally taken catfish in their possession. Each man paid a \$200 fine plus court costs on each case for a total of \$4,100. Coastal commercial fishing accounted for 890 arrests. This includes 110 illegal shrimp boats during the 45-day closed gulf shrimp season. Department aircraft assisted in many of these apprehensions. Some 41,282 pounds of shrimp were confiscated and sold for \$29,103. There were more than 500 bushels of oysters returned to the bays for being undersized or taken from polluted waters.

With more and more recreational boats in use every day, it is to be expected that water safety violations will increase. A total of 5,289 water safety cases were processed with a 97.4 percent conviction ratio. There were 301 boating accidents with 214 injuries and 110 fatalities. Texas is second in the nation in total boat registrations with 449,069 boats recorded as of September 1, 1975.

Although, in most cases, wardens couldn't determine the owners of illegal fishing gear, they removed it from the waters of streams, lakes and bays. In the course of this work

they took up 139 miles of illegal trotlines, 1,000 fish traps and 47.5 miles of illegal nets.

Of course game wardens continue to assist in local civil disasters. One such tragedy was a flash flood in Travis County where several lives were lost. Game wardens in that area are credited with saving several members of one family who were trapped in the high water. Wardens also spent many hours in rescue and recovery work when floods hit Nacogdoches in East Texas.

There are a lot of jokes about game wardens especially since the department's academy where the wardens are trained is located at Texas A&M University, but their work is no laughing matter.

They put in many long, lonesome hours protecting your wildlife, making your waterways safer places for you to play, teaching your children to be safer hunters and boaters and to respect the rights of others as well as the basic principals of wildlife conservation. They save lives, protect property, assist local law enforcement agencies and try to be just all-around pretty good citizens.

### TOPS 849

**HONORED** — John L. Leslie, leader in activities for older residents of this area, is awarded a certificate designating him an "outstanding older Texan." Making the presentation is Mayor Walter S. Falk, Jr., shown at left. The award is a state-wide Bicentennial project in which an outstanding senior citizen is named in each community. Leslie was selected for the honor by the Council on Aging, American Association of Retired Persons, and the city of Rockport. The certificate is signed by Gov. Dolph Briscoe, Mayor Falk, Vernon McDaniel, executive director of the Government's Committee on Aging, and Neil Gage, chairman of Aransas County Council on Aging. It is awarded in "appreciation of contributions, interest and unselfish service rendered to the community."

Leslie was a charter member of the local chapter, AARP, and is its current president. He has been a resident of this community for five years and active in Boy Scout work for 52 years. Recently received was a grant of \$1,200 from the Governor's Committee on Aging to finance four workshops in the Coastal Bend area on recruiting and use of volunteers for community service. Leslie has been a member of the Governor's Council on Aging since it was founded two years ago.

## Speaks on Scouting

Norvell F. Jackson, Jr., unit commissioner for Cubs, Scouts and Explorers in Rockport, spoke on the value of Scouting to the Rockport Lions on May 6 at Sandollar Restaurant.

"I consider Scouting the one big experience in my life," stated the 1960 Eagle Scout from Troop 49, in which his father had been a charter member in 1929.

"Scouting started in this country in 1910 and over 45 million men have been scouts since 1918," Jackson reported as he asked former scouts among the Lions members to raise their hand. "Scouting helped you men to see the need of community service," he added.

Today, scouting in Rockport involves 196 boys and young people and 40 men and women, Jackson pointed out. There are 91 Cubs, 58 Scouts and 47 Explorers.

Cub Pack 340, sponsored by the Rockport Lions, has 52 boys, making it the largest in Mustang District comprising 15 counties. Jimmie Hunt is Cubmaster.

Explorer Post 49 with Mr. & Mrs. Pete Ramirez as adult leaders with VFW sponsoring has 47 young men and women in the largest Post in Mustang District.

It was voted after the report to give \$100 to the Explorer Post toward expenses for competition this summer in Explorer Olympics in Colorado.

## First Grade

Burial flags and headstones of grave markers also are available for many deceased veterans. The VA processes about 800 applications daily for headstones and grave markers, Hunter said.

Veterans service organizations and local VA offices should be contacted for complete information and assistance in applying for burial benefits. Such documents as military separation papers, divorce decrees, guardianship or child custody evidence, birth, marriage and death certificates should be accessible to validate claims.

Successful family life depends upon team work rather than individual joyrides.

## First Grade

The 1975-76 school year is nearly over, but five and six-year-olds are being enrolled for next year and a series of immunization shots may be in order.

Often a complete physical examination will uncover defects that a child may have and that have been unnoticed. It is important, if a child has a defect, that the parents and teachers know about the defect so that they can help the child overcome the handicap.

These examinations will undoubtedly mean healthier and happier children.

## Thinking

The average American, perplexed by the great issues confronting this country, finds it difficult to develop sound opinions in the face of rabid parti-

sanship, exhibited by politicians, newspaper writers, radio and television commentators and other so-called leaders of public opinion. There is a tendency to

accept, without question, any statement or assertion that fits in with what the individual wants to believe. Moreover, there is a lamentable determination on the part of too many to persuade everyone to fall in line with whatever is being peddled.

It's a good idea for us, once in a while, to carefully consider the stubborn independence of the hardy citizen who has the nerve to look the majority in the face and say, despite the popular flurry, "I don't agree." More of such individualism, and thinking, is needed.

When is the last time you listened to the silence?

If you're a city dweller, it may have been some time ago because noise—not silence—seems to be the trademark of our times. And, it has become a health hazard, says the Texas Department of Health Resources.

If you suffer frequently with a throbbing headache, frayed nerves or even a flareup of peptic ulcer, you might blame it on noise pollution where you work, in your neighborhood or even in your home.

Noise is a growing problem which has attracted concern of the Department of Health Resources. Some health officials estimate the overall loudness of environmental noise is doubling every decade. If not dealt with now, the "fourth pollution" problem will be as hard to turn around later as the other three: air, water and solid waste pollution.

Deafness can be the end result of noise pollution. But, short of this, industrial noise alone causes an estimated \$4 billion loss each year because of worker inefficiency, lost work time, accidents and compensation. As many as 16 million United States industrial workers may be partially or totally deafened by factory noise. This occurs when the eilia (a hairlike growth) in the inner ear are destroyed, resulting in nerve sensation impairment and as result, hearing impairment.

In Texas, the Department of Health Resources acts for the

Environmental Protection Agency as its investigative body. Engineers from the Division of Occupational Health and Radiation Control evaluate environmental noise complaints. Then, they make recommendations for corrective measures.

Several members of the Texas Legislature have expressed interest in the development and enactment of environmental noise control legislation.

Under the Department's consultative program, advisory evaluation studies are provided to industry for the abatement of employee exposure to noise. The Occupational Health Branch has sophisticated instrumentation for diagnostic studies of noise sources. Small equipment may be used by individual workers to evaluate the eight-hour average noise exposure to the worker in his hearing zone.

In industry, health officials are chiefly concerned with hearing loss as a result of prolonged exposure to high level of noise. In community noise problems, hearing loss isn't normally encountered. Most often the principle problem is one of annoyance, disruption of life in the home, or a constant nuisance.

Community noise problem may generally be placed in two categories. First is the noise produced outside the home which includes industrial, ground or air traffic, recreational and neighborhood noise, such as a neighbor mowing his lawn. Second is the noise

produced inside the home. This may be caused by small and large appliances, or all too frequently by the loud playing of radios and record players—especially if teenagers are in the home.

Ground traffic may involve problems from automobiles, buses, trucks, motorcycles and trains. More regard is being given now to the planning of arterial highways within cities, and the interstate routes which surround them. Areas surrounding airports and near aircraft flight patterns may encounter quite serious community noise problems. The barking of your dog, or your neighbor's dog, together with noise from power tools and lawn equipment, can present tension or annoyance to neighborhood residents.

One may encounter severe noise problems even in recreational activities in such sports

and hobbies as motorcycling, hunting, fishing, and water skiing and bowling. And, how about the noise you encounter at football and basketball games?

Scientists measure the strength or pressure of sound in decibels (dB's). You can comfortably tolerate sound levels of 80 decibels. Between 80 and 90 decibels some people show intolerance to noise. Above 90 decibels, noise becomes a serious problem. The 90-decibel value is the limit for noise exposure for workers during an eight-hour day under

federal and state health standards.

For comparison, typical sounds we encounter include: normal whisper, 20 decibels; quiet residential area, 40; normal speech, 60; busy office, 80; heavy city traffic, 100; jet flyover, 103; power mower, 96; TV audio, 70; clothes washer, 78; food blender, 88; rock-n-roll band, 108-114; and industrial milling machine, 85.

If you have any questions regarding hazardous noise, you may direct them to the Division of Occupational Health, 1100 W. 49th St., Austin, Tx. 78756.

Members present were: Delora Alderman, Myrtle Everitt, Janet Langham, Marcie Pye, Annie Roberts, Louise Smith, Melissa Voss and Gwen Woodward.

The treasurer's report, read by Louise Smith, and the minutes of the last meeting were approved as read.

Mrs. Dillard Smithers was hospitalized in Corpus Christi; Eddy Barker is scheduled for open heart surgery; Bill Pearson is feeling much better; Annie Wilken is home and feeling well; Mr. Appleman is improved.

Yard of the month was awarded to the O.L. Yarbroughs at 209 Lakeview.

Janet Langham was hostess for the clean-up meeting at Holiday House on April 20th. Ladies enjoyed crunchy goodies and ice cold drinks after the work was finished.

## Copanoakers Club News

The Copanoakers Club sponsored a flea market May 6, 7 and 8 at Hillcrest Community Center, proceeds to go to the Holiday Beach Volunteer Fire Dept. Building Fund. It was a big success.

Thanks go to all the community people that helped with donations, labor, time and effort. Thanks to Mr. and Mrs. Jim Latham for their very attractive glass display, with long hours spent.

To Mr. and Mrs. Joe Everitt for their lovely plant booth and toy display.

Thanks to all the ladies for baking cakes and pies. The following ladies baked cakes: Nancy Talbott, Buelah Massey, Lee Stobbs, Elsie Hoyer, Annie Roberts, Marge Shurmon, Gwen Woodward, Delora Alderman, Pearl Gaubatz, Marcie Pye, Sabra Cunningham, Dolly Hardcastle, Bernice Parker, Janet Langham, pies: lemon, Melissa Voss (and jelly), chocolate, Mrs. Smith, and cake, too.

## FREDDY BRADSHAW HAS HIGH GRADES

Fredrich (Freddy) Thomas Bradshaw graduates from Robert E. Lee High School in Baytown magna laude (seventh high).

He is president of senior class and president of National Honor Society.

Bradshaw was All-District and All-Houston area in football and was district winner and record holder in 440 dash and 440 relay.

He will attend University of Texas on a football scholarship this fall.

He is the son of Mr. and Mrs. W.T. (Tom) Bradshaw. Grandparents are Mr. and Mrs. Edrie Deason and Mrs. Sarah Harvey of Rockport.

## Nurses Meet

The Taft Hospital Cafeteria, on Thurs. evening, April 8, was the setting for the regular monthly meeting of the South Central League of Vocational Nurses. There were 11 members present and three guests, Mrs. Mangum, our guest speaker, and Mr. and Mrs. Wayne Isenberg of Portland.

A short business meeting consisted of the acceptance of a new member. She is Carolyn McDaniel of Portland. Jerry Balderree, president, also appointed her nominating committee for new officers. They were Mildred Woodall, chairman; Hattie Kalich; and Sandy Northcutt.

Once again, arrangements for the 1976 State Convention, which is to be held in Corpus Christi, at the Holiday-Emerald Cove on June 24, 25, 26 were discussed. For information concerning the convention please call Mildred Woodall at 528-2032 or 528-2621.

Following the business meeting, Mrs. LaQuita Mangum, of Corpus Christi, who is associated with the Coastal Bend Council of Government was introduced as our guest speaker. Her topic was "Rape-A Preventive Inquiry." Accompanying her talk was an explicit and informative film. Everyone enjoyed the program very much. Mrs. Mangum is the former LaQuita Balderree of Rockport and Taft.

At the close of the evening, refreshments were served to members and guests by our hostesses, Jana Odom and Deanna Cheaney.

## CHARLES CRUSER HONORED

Lubbock-Phi Kappa Phi, all university honor society, initiated approximately 275 Texas Tech University students and five faculty members at its spring banquet recently.

The initiates included Charles Cruser, of Rockport.

Initiates are among the top 10 per cent of the senior and graduate school classes and the top 2 per cent of the junior

class. Texas Tech's total enrollment is more than 22,500. Scholarship and character are the basis for election to the society.

## TAKE TRIP

Mr. and Mrs. Tom Moulton recently returned from a week's vacation in Jamaica, Montego Bay and other points of interest on the island. They flew from Corpus Christi with three other couples.

## PROMOTED

Coast Guard Marine Science Technician Third Class Kevin D. Graves, 19, son of Mr. and Mrs. Daniel L. Graves of Rockport, has been promoted to his present rank while serving aboard the Coast Guard Cutter Polar Star, homeported at Seattle, Wash.

A 1974 graduate of Donna High School, Donna, Tex., he joined the Coast Guard in January 1975.

### A.A.R.P. Has Meeting

The A.A.R.P. #1536 (American of Retired Persons) had their regular meeting at the Recreational Building on May 12th. From 9:30 to 10 A.M. a fellowship over coffee and cookies was enjoyed.

Then John L. Leslie, president, called the meeting to order and after the invocation by Walter Thorman, the group gave the pledge to the flag and sang a few songs. Neil Gage led in the singing and Helen McCague played the piano.

The speaker for the day was Bill Ratliff of the Lions Club who told about the service work done nationally by the state Lions and locally. Several people brought old eye glasses to donate to the eye glasses project.

Esther Decker was presented a pin by the Red Cross for her 40 years of service and many hours given to their work.

Mayor Walter Falk, Jr. a new A.A.R.P. member, asked for a few minutes on the program and surprised the president when he presented him with a certificate of recognition as an outstanding older Texan--signed by Governor Briscoe, the Mayor and Ex-Director of the Governors Committee on Aging and Neil Gage, local C.O.G. president. May is senior citizen month.

Since this is senior citizen month it was decided that at the next meeting--which is to be a picnic at Memorial Park on May 26th--the group will invite as many of the older people on the Dial-A-Care program who can be present as guests. Everyone is asked to bring chairs, card tables and any games that would add to a picnic.

Dr. J.F. Benjamin, vice president, is in Spohn Hospital, Room 897, with a bout of pneumonia. He is feeling better, however.

On June 6-12th Zollie & Bessie Glass will attend the National A.A.R.P. Convention in Miami, Florida. (This is also their 44th wedding anniversary.) Zollie has been elected as a delegate.

John Leslie has also been asked by C.O.G. to present several workshops in June to surrounding towns on work with volunteers--since the local club has been quite successful with Concern Center and with other things in using volunteers.

### Presbyterian Circle Meets

Circle #1, Women of First Presbyterian Church, met in the home of Mrs. Marshall Whitcomb on May 13 for their regular monthly meeting. Refreshments were enjoyed by 12 members and three visitors, Mrs. Chris Kofod, Mrs. Henry Musterman and Mrs. James Boyd.

Meeting was opened with devotional and prayer read by Mrs. Harry Mills as least coin offering was received. Mrs. J.H. Schleider, chairman, presided over the business session. Announcements were made of forthcoming church events. Service projects were reported on.

Mrs. Mark Stalker moderated the Bible lesson taken from the book of John.

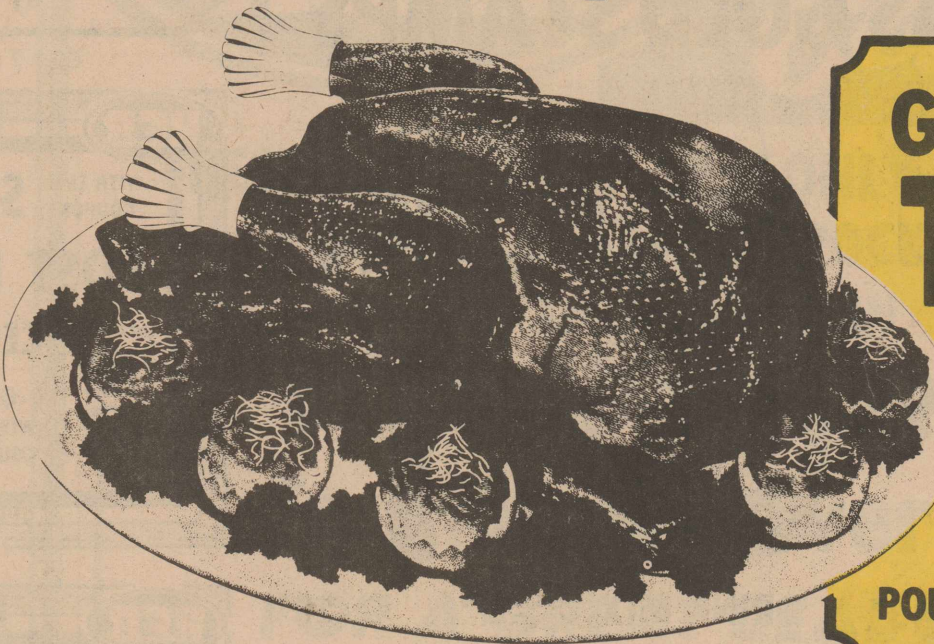

Mrs. Harry Mills will moderate the Bible lesson in June. Mrs. Melvin Rheinlander will be hostess.

## Home & Garden Club Meets

The Rockport Home & Garden Club met at Sea Gun club room on May 13th for the yearly luncheon meeting. Hostesses for the luncheon were Mrs. Kathy Barre, Mrs. Gladys Gibson, Mrs. Susie McClung, Mrs. Judy Meyer, and Mrs. Louise Zeisler.

The president, Mrs. Connie Garcia called the meeting to order, and the secretary, Mrs. Louella Harrell called roll and guests were introduced. She then read the minutes. Mrs. Frances Bailey was presented a house plant in appreciation for her help and the use of the Meredith Long Gallery for the April flower show.

Mrs. Pat Evers praised everyone on the success of the flower show and had pictures from the show. Mrs. Garcia reported that she had gone to the state convention in Ft. Worth where our club had been given 1st place for the Arbor Day Award and 3rd for the Yearbook Award.

The treasurer, Mrs. Charlotte Walston gave a report and announced she was taking the yearly dues. Mrs. Garcia stated all officers would hold their present offices until September. The club will have summer meetings in order to be ready for SeaFair in October and the District VII Convention in November.

Luncheon was served and enjoyed by all. Mrs. Polly Rogers had decorated the tables with confederate jasmine, a handmade yarn flower for each place card, and two center pieces of flower baskets filled with daisies. The meeting was then called to order again for the installation of new officers. Our installing guest was Mrs. J.R. Adams who is Vice Director of District VII and is president of the West Sinton Garden Club.

The new officers are President-Mrs. Lewis Caton, 1st Vice President-Mrs. Bob Evers, 2nd Vice President-Mrs. Drew Harrell, Treasurer-Mrs. Mike Shellenberger, and Parliamentarian and Auditor-Mrs. William Walston.

Mrs. Garcia thanked all the members for their help during her year as president and gave each outgoing officer a yellow silk rose. Mrs. Caton asked for the members help in the coming year and would appreciate any suggestions that would help the club. She then presented Mrs. Adams with a rattan flower pot container in appreciation of installing the officers.

## A.A.R.P. CARD PARTY

At the weekly card party at the Recreational Building on May 13 several people gathered for a nice afternoon of bridge. The canasta players were not present.

Bessie Glass won the bingo prize. In ladies' bridge Mary Harle was the winner and Helen McCague was second. In men's bridge Gordon Cougar, a winter visitor and his last time here this year, was the winner and Bob Sayre took second.

There will be another card party at 1:30 on May 20, same place. Everyone is welcome to come and enjoy a pleasant afternoon. Refreshments are served throughout the afternoon, also.

## HONOR GRADUATES

Kingsville--Sixty candidates who received degrees at Texas A&I University in Kingsville Saturday May 15 have been named honor graduate.

Dr. Mario A. Benitez, vice president for academic affairs, said that 17 graduated summa cum laude, with highest honors; 10 magna cum laude, with high honors, and 33 cum laude, with honor. Also recognized were 52 announced last winter among those completing degree work in December.

Standards are, respectively, grade average (on a 4.0 scale) of 3.65, 3.5 and 3.35.

Summa cum laude spring graduates included Stephen B. Harry of Rockport.
