

Pirates To Invade Refugio Friday Night

After posting a 34-8 victory over the Taft Greyhounds last week, the Rockport-Fulton Pirates move their "Green Speed Machine" to Refugio to do battle with the Bobcats this Friday night at 8:00 p.m.

Rockport-Fulton blazed the field with five touchdowns at Taft and had another called back. Quarterback Darryl Green was the main attraction of the game with 207 yards and three touchdowns in just five

carries. The jet-footed senior ran for scores of 49, 58 and 78 yards. This week, however, Refugio will probably be laying for Green, thus turning loose one of the other Pirate runners, Charlie Edler, Mark McCabe,

Algie Simmons, and Brent Glover all are capable of scoring from anywhere on the field. Of course, a lot depends on the blocking of the offensive line of Newlin Parker, Bruce Barre, Gary Heasley, Sammy Solis,

Paul Harris, and either Bill Adams or Kenny Matlock. The Bobcats enter the game with one loss on its record, losing last week to a strong Goliad team, 14-7. The Cats, like the Pirates, were without a

game one first week because of Hurricane Anita, so both teams come into the game with only one contest under their belts. Refugio is supposed to have a good amount of speed and runs

For Aransas County

U F Campaign Underway

Looking at a goal of \$17,000, the 1977-78 United Fund Campaign kicked off Sept. 8. The first mailing of two hundred cards and letters went out to special contributors on that date. Mrs. Roy Burke is the chairperson of the special contributors division. Later on this month, 1100 cards and letters will go to area

residents and businesses. John McDavid Jr. is in charge of the local division as well as being the campaign chairman. Thirteen charitable, welfare and character-building organizations will be the recipients of the monies collected. Governor Dolph Briscoe has declared that September, October and November will be

United Fund months in Texas. Agencies benefiting from the program include the American Red Cross, Aransas County Emergency Corps, Aransas County Youth Council, Boy Scouts, Coastal Bend Mental Health Association, Aransas County Hospital Volunteers, Inc., Girl Scouts Paisano Council, local Girl Scouts, Family Counseling, ABC Learning Center, Salvation Army, Texas Rehabilitation Hospital, U.S.O., Council on Aging and Child Welfare. The Rev. Walter Clark is the president of the United Fund this year.

City Budget Approved

With a citizen turnout of zero, the Rockport City Council approved the 1977-78 budget of \$1,262,780. This is an increase of \$138,027 over last year. Most of the increase went to the Water and Sewer Revenue Account, with the police Department placing second with expanded allocations. The additional monies requested by the Aransas County Ambulance Service was also approved. The city tax rate was established at \$1.50 per \$100 of assessed value. The discount rates were set at three per cent for October, two per cent for November and one per cent for December.

The council also appointed William Anderson to update the City's Zoning Ordinance. Mr. Anderson was a city planner for the city of Corpus Christi for thirty years and will begin work on the project Oct. 1. Porter and Frazier of Arans-

as Pass were appointed to audit the city records for 1976-77. In other business, the alder-

(Continued on Page 2)

Scouts Begin Year

Rockport Boy Scouts of America began a new year of activities Tuesday night with their kickoff campaign to enlist new members, according to N.F. Jackson, local scoutmaster. "We are looking to have a good year and definitely want to encourage all boys to sign up and be a part of our program," he said.

The Tuesday night meeting was a "School Night" to welcome back old members and to encourage new prospects.

Beginning this week, the local members will begin selling Pizza Hut calendars with redeemable coupons. Trenton

Maples, local Pizza Hut representative, says that the calendars, if properly redeemed, will be worth \$25.

The proceeds will be used for supplies and local activities.

The leader for Pack 340 this year will be Dennis Jenkins. "Scouting is great for a boy and we certainly want all interested boys to join," Jenkins commented. Echoing that thought was Joe Frank Sifuentes, leader of Pack 49. "Scouting is a great way for a boy to grow up," he added.

Adult help is still needed and anyone interested in helping boys become responsible adults are asked to call N.F. Jackson.

THESE SCOUTS ARE DEFINITELY NOT PLANNING GOOD deeds as they square off for the calendar selling contest, launched by the Scouts Tuesday night. Ronnie and Porkie Sifuentes (left) of Pack 49 have challenged Pack 340, represented by Talley Jenkins (right) to a contest. Scoutmaster N.F. Jackson is in the middle, "as

usual," he says. Scout leaders Joe Frank Sifuentes (far left) and Dennis Jenkins (far right) will see that the competitive spirit doesn't get out of hand. Jonathan Sifuentes, though not a scout, encourages his brothers.

(Pilot Staff Photo)

Navigation Board To Apply For Permit To Construct New Harbor

Citing the need for more dockage space, the Aransas County Navigation District No. 1 commissioners have scheduled workshops to draft an application to the Corps of Engineers for a permit to

construct a new harbor.

The actions, taken during the regular monthly meeting of the Navigation District commissioners, follows Congressman John Young's advice to the group that it should draft ap-

plications for all the projects the district anticipates in the near future.

Commissioners have been hesitant to make the application, fearing that certain Federal agencies would take

measures to halt the development of a new harbor site. Young's advice was to make the application, then brace for a possible legal battle. Agencies which may object to the harbor application include environmental agencies, wildlife management agencies and similar organizations.

One reason for the district's hesitancy in submitting an application is that the commissioners have already come under flack from one Federal agency for the development of a six-acre portion of the 90-acre tract.

The proposed site, to be called Cove Harbor North, is located on 90 acres of Navigation District property just north of the present Cove Harbor facilities. The Navigation District commissioners already have an engineering study for the site which had been completed when the Cove Harbor project was undertaken.

The present financial status of the navigation district is "...in excellent condition" according to Jim Fraiser, who presented an audit of the district to commissioners at the Tuesday night meeting.

The district's assets are almost two times its liabilities with total receipts of \$160,000 and total expenses of \$115,000. Fraiser reported that tax

(Continued on page 2)

Classrooms Getting Crowded

Crowded conditions in the first and third grades in the Aransas County School system posed a problem for school trustees Monday night at their regular board meeting. There are currently 220 students in the first grade, with the largest overload at Rockport Elementary. This compares to 183 students this time last year. The third grade numbers 180 pupils as compared to 166 last year.

President of the Board, Ottie Mundine, remarked, "I have been anticipating this problem

for quite some time and now it's here." School Superintendent Joe Randow explained to the board some of the problems encountered, "It's really hard to balance the load between three schools."

Some mention was made of portable buildings and board member Joe Ed Meyer com-

mented that the board really needed to consider some type of permanent solution.

The matter was taken under advisement with a full report to come at a later date.

The extra five days given to the schools by the state legislature for time off were allowed.

(Continued on Page 2)

Employees Get Raise

A six per cent salary increase for all county employees was included in the 1978 Aransas County budget approved Monday by the Aransas County Commissioner's Court.

County Judge John Wendell said the raises were granted in an effort to keep up with the cost of living. County employees received a 12 per cent pay hike in the 1977 budget, the first raise in several years.

The budget for 1978 is set at more than \$1.3 million, which is an increase over last year.

Wendell also expects another increase in salaries next year

when the minimum wage goes to \$2.65 an hour. The current minimum wage stands at \$2.30 an hour.

The same tax rate of \$1.10 per \$100 in assessed valuation will stay in effect. Assessments are made at 30 per cent of the market value.

An increase in valuations, Wendell noted, helped in keeping the tax rate the same as did more construction in the county.

Total assessed valuations were set at more than \$75.7 million. The 1977 assessed valuations stood at \$75.3 million.

ROCKPORT PLAYED HOST CITY TO THE district 13 conference of the B&PW last weekend. Judge Rachel Littlejohn was honored as the Texas Woman of the Year. Pictured at

the meeting is (left to right) Fay Henderson, conference chairman; Judge Littlejohn; Kandy Reeder, state president and Flo Griffith, District 13 Director. (Pilot Staff Photo)

B & PW Honors Klaeser, Littlejohn

Veronica Klaeser was honored at the 1977 District 13 Conference of the Business and Professional Women's Club as

Club Woman of the Year for the local chapter, Saturday night, Sept. 10. Judge Rachel Littlejohn, 156th District Court judge, was honored as the state Woman of the Year.

The Rockport chapter played host to approximately one hundred members at the two day conference.

Tony Harden, president of the local club and Mayor Walter Falk, Jr., welcomed the members and guests at the luncheon. Entertainment was

provided by the Rockport-Fulton High School Drama Club, under the direction of Mr. David Rice. The group presented two scenes from "Dames At Sea." They were accompanied by Barbara Carter and the cast included Penny Rossman, Laura Ogle, Jennifer Hickman, Mike Vermillion, Mike Montague and Scott Mize. Special guests at the meeting were Kandy Reeder of Dickinson, president of the state

Learning Center Begins Second Year

She's very blond, very blue-eyed and there's the beginning of a tear in one of them. The lower lip trembles and the diminutive three year old looks around the room. In a little hushed voice, she says, "I want my momma."

The scene is the ABC Learning Center and the little girl is experiencing an emotion that most of the children feel when they enter a new world away from home and family. "It's really very common," relates Mary Lou Tiner, director at the center. "A child will be very happy coloring a picture and all of a sudden, it hits him. Where is Momma?" Mrs. Tiner went on. "It usually doesn't last long, though. They get too busy with

the activities."

The ABC Learning Center was established last year to provide a pre-kindergarten experience for three and four year olds. "Actually," Mrs. Tiner explained, "these are critical years for the child and the learning process. The whole world is a new thing and their minds are comprehending much more than we usually believe."

The school offers three different programs for children, based on the child's needs and the schedules of the parents. "A child can come for two days, three days or five days in the week," Mrs. Tiner explained. "Right now, the only openings we have are in the two day

PIRATE QB DARRYL GREEN IS MET WITH SMILES OF approval after a touchdown run during Friday night's non-district tilt with Taft. Green ran for 207 yards and 3 TDs as the Pirates posted a 38-8 win in the 1977 season opener. (Pilot Staff Photo)

Notable Notes

Chili Cook Off

The Port Aransas Chamber of Commerce is sponsoring a "cantankerous, capacious, carnivorous, cathartic, carnal, coeducational, cheap chili cooking classic October 15. Also included in the activities will be championship crab races, a liar's contest and a cow chip throwing competition. The cost is ten dollars and proceeds will go to the Johnny Rodriguez Life Enrichment Center and a local charity. Anyone wishing to enter should contact the Port Aransas Chamber of Commerce.

Women's Committee To Meet

The women's committee of the ACHVI will meet Friday, Sept. 16, at 11:00 a.m. in the Sandollar Colony Room for their monthly business-fellowship luncheon.

Adult Education Classes

Adult education classes began in Aransas Pass Sept. 13. The classes will be held on Tuesday and Thursday nights from 6:30 to 9:30 p.m. in the Walter Noble Building across from the old football field. There will also be classes for people working toward a G.E.D. degree and flower arranging. For further information on late enrollment, call 758-3048 or 758-3113. Included also will be a course in first aid.

Non-Denominational Gathering

On Monday evening, September 26th at 7:30 at the Paws and Taws Building in Fulton, there will be a gathering of are church going or non-church going, you are invited for an evening of sharing and caring. There is an abundance of talent a speaker, gospel singing group, some testimony, community singing-and all that is needed to make it complete is your presence. These will be more specific details in next week's paper.

Super Special Sunday

The Fulton Baptist Church is to have a Super Special Sunday September 18th. Beginning with the 10:45 a.m. service, there will be a day of singing, sharing and fellowship. Also on the agenda is a fried chicken dinner with all the trimmings. Special guests, Jim and Paula Inglis, from Kaufman, will be ministering in the morning worship service. Other special guests from Faith Temple, Alamo Heights Assembly, and Church of the Open Door will provide Gospel music. Everyone is welcome.

Lyman-Roberts Auxiliary

The monthly meeting of the Lyman-Roberts Hospital Auxiliary will be held at Little Bob's Cafe in Aransas Pass at 9:30 a.m., Thursday, Sept. 29. This is a very important meeting as we need to vote on several things-and if you are a member living in Rockport, your presence is needed. At the August 25th meeting Mrs. Evelyn Rhode, president advisor of the Jr. Volunteers for District III of TAHA and Mrs. Rita Morris, Co-ordinator for Jr. and Sr. Volunteers for the Spohn Hospital, were present and gave us many ideas on what we need to do in organizing a Junior Volunteer organization. This is the high school age boys and girls group which we are trying to organize at Lyman-Roberts. So make your calendars! Be sure to be on hand; the meeting will last about an hour. If you are not a member and wish to give some time to hospital work, you are needed. Be present and sign up.

Booster Club To See Film

At the upcoming Rockport-Fulton Booster Club meetings, members will be able to view the previous week's game films. The organization will meet Tuesday nights at 7:30 in the school auditorium. The club is currently considering new projects to boost the spirit at the football games and other athletic functions.

Pilot Sightings

Congratulations to DARYL GREEN named by the Corpus Christi Caller as Offense Player of the Week...POLLY BRAUCHT won't make travel plans until new grandchild arrives...NORVELL JACKSON finally got a new glasses case...VIC SCHLEIDER Sunday lunch at Corky's...Attention everyone: PEGGY MCLESTER still drives a school bus and the Pilot apologizes for not including her in a recent article...Happy Birthday to FREDDIE LOZANO who was two, Sept. 12...ELSIE HAWES is on vacation and will travel to Houston...SUSAN GEHRING has a fabulous new jade collection...JOE ROBLES is heading to Alabama to pick up a new boat...SARA PENA is sporting an eyepatch as the result of the recent accident but the injury will not cause any permanent damage.

Drug Raid Captures Four

Four young Rockport residents were arrested by city and county officials about midnight Sunday for possession of controlled substances at 1806 Raht St., at the Villa del Palmas Apartment complex.

Charged with possession of controlled substances were Phillip Craig Cook, 20, of Fulton; Printice Lee Spinks, 18, 307 Reeser Dr.; Mary Bernice Frederick, 18, 1806 Raht St.; and Katherine Spinks, 18, 1806 Raht St.

The suspects were placed in custody and bail was set at \$2500 each by Justice Lawrence Miller.

Chief J.A. Craigmile reported that the location had been under surveillance for several weeks.

The raid and arrests were conducted by Lt. Joe Hinojosa with the aid of other police officers and the deputies from the Aransas County Sheriff's Department.

AreaBirths For SeaFair

Hurricane Anita will be a constant reminder in one home in Rockport. Mr. and Mrs. Gilbert Solis announce the birth of a daughter, Anita. Anita was born August 30 at Memorial Hospital and weighed six pounds and was 21 inches long. Anita joins a sister, Norma, 5, and a brother, Gilbert, Jr., 2, at the Solis home.

B & P W

[Continued From Page 1] organization; Doris Rafor of San Antonio, State Chairman of Individual Development; Aline Snyder of Bryan, past state president; Ruby Pool of Corpus Christi, past state president; Reba Malone of San Antonio, District Director of District 2 and Petra Perez, District Director of District 1.

Deanne Steele, Loyce Ogle, Penny Baldwin and Mrs. Klaeser were in charge of registration. Virginia Shivers served as conference secretary. Decorations were made by Fran Lyons, Elsie Hawes and Shawnee Biaz. Gayna Harrell provided flowers and corsages.

In charge of the door prizes were Ruby Hart, Ruth Appleton, Grace Stannick and Louise Wilkins. Eunice Hamons, Margaret Volger and Fran Harris supervised the money-making project. Name tags and programs were handled by Annabel Harris and Mrs. Shivers.

Alice Moore headed the telephone services and Paula and Barbara Rogers managed the publicity and typing.

At the banquet Saturday night, Joe Randow, president of the Chamber of Commerce, greeted the delegates. Entertainment was provided by Mrs. Harris and Mrs. Carter.

With SeaFair a scant month away, directors and chairmen of special events are quietly but efficiently putting it all together for "the best yet." Joe Hugenburg, director of publicity, reports that a special slide and video presentation is available for clubs and organizational meetings in other cities. Anyone knowing of out-of-town groups that might be interested in having the SeaFair promotional display for a program is asked to contact Hugenburg at his office.

Time Draws Near For SeaFair

On Sept. 20, officials of SeaFair, slated for October 8 and 9, will be interviewed on KEYS radio. A thirty minute interview and explanation of SeaFair will be taped Sept. 28 to be shown later in the month on KIRS television in Corpus Christi. Hugenburg feels that this type of exposure will be great advertising for the third year of community promotional effort.

The Chamber of Commerce has already placed thirty second spots with radio stations over the state. Loyce Landrum, secretary at the chamber is currently working on news releases for area and state newspapers. As previously reported, the billboards are already up across the state.

Mrs. Landrum also said, "the booths are sold out. It looks like everyone is getting ready to draw the show together."

George Craig, director of personnel and community involvement, reports that he could still use volunteers for the SeaFair. Anyone interested in being a part in the community activity is asked to call Craig.

Sara Bates and Jewell Moody tied for the KOPS (Keeping Off Pounds Sensibly) award.

The Miss Inspiration title was voted to Jewell Moody.

It was also announced that the monthly luncheon will be held Sept. 15 at the Rusty Anchor restaurant at noon.

The club meets weekly at St. Peter's Episcopal Church. Weigh-in time is at 7:30 a.m. and the meeting gets underway at 8:30 a.m.

ported that the location had been under surveillance for several weeks.

The raid and arrests were conducted by Lt. Joe Hinojosa with the aid of other police officers and the deputies from the Aransas County Sheriff's Department.

Weekly Winners Announced

Lynda Barnes was the Queen of the Week for the local TOPS (Take Off Pounds Sensibly) association. Joan White was the runner-up. The winners were announced at the weekly meeting of the organization Sept. 8.

Sara Bates and Jewell Moody tied for the KOPS (Keeping Off Pounds Sensibly) award.

You Tell Us

Question:What do you think of the Panama Canal Treaty?

RICKY SCHEFFLER: I think it should be ours, but we really would need to stop and think before going to war over it or anything like that. I feel we have a responsibility to keep it. We should try to find another solution but I don't think the Senate should ratify the treaty and just give it away.

COLE MINER: I think it stinks. Over the years we have lost so much of what was embodied in the Monroe Doctrine and this will be the final vestige of the document. This will destroy the passage-way and could hamper our shipping. In war-time, we could really be hurt by the control being in other hands.

BUTCH FLIRIS: I don't think we should let it go. We ought to enforce our presence there. It was a fair deal and the canal would not be there but for our efforts. We have spent a lot of money on that country and now they want to turn on us and I don't think we should allow it.

"WHY ARE YOU LOOKING AT ME?" ANDY ASTON SEEMS to ask the photographer at the ABC Learning Center. The children were playing with clay during the morning's activities. (Pilot Staff Photo)

Learning Center

[Continued from page 1] program which is on Mondays and Tuesdays. We would like to fill them up for the year," she went on.

Elementary skills are emphasized at the school. "The hardest thing the child has to learn is to sit still for an extended length of time," was the comment heard from all the teachers at the center. Also taught is color recognition, shape recognition and counting and writing numbers. A child will also learn and recognize the beginning alphabet.

All of the personnel feel that it is very important to help the child have a positive self-image of themselves. "We also want the child to like school," Mrs. Tiner explained. "They are going to be spending many years in the environment and if they like school and have a positive attitude toward school, it is going to be half the battle right there."

Gross motor skills such as eye-hand coordination are improved through the use of songs, finger-plays, puzzles and coloring. The child is also taught to get along with others, to learn to share and to take turns. Parents are also made a part of the learning process through conferences. "We find that most parents want to help their child and are very receptive to what we are doing here," Mrs. Tiner commented.

The ABC Learning Center is operated by the Rockport Christian Service Association, a nonprofit organization made up of local residents who represent seven churches. The group was incorporated specifically for the purpose of providing educational programs for children in a Christian atmosphere.

Teachers at the center are Mrs. Cathy Huffmeyer and Mrs. Jeanette Kamens. Mrs. Huffmeyer is working on an Early Childhood Specialist degree at Del Mar University. Mrs. Kamens holds a degree in elementary education from Western State College in Colorado.

The fee for a two day session

each week is \$16 a month. It costs \$24 for three days a week per month and the five day weekly terms are \$40. "We do have some money for a scholarship program if a parent cannot afford the fee," Mrs. Tiner explained. She went on to add that civic clubs and organizations can sponsor a child at the center.

"We are licensed by the state," Mrs. Tiner pointed out, "and we are inspected about every four months. We also try to work with the local public schools and to give the child what he needs to enter public education."

The officers this year include Reese Rozzell, president; Paul Bohot, vice-president; Gail Roaten, secretary; and Jackie Shaw, treasurer. Board members are John McDavid, Sally Clark, Dorsey Swetnam, Geneva Taylor, Elvira Robles, Judy Anderson, Dana Taggart and Jo Janacek.

Sheriff Reports

One automobile burglary and one theft by check were reported by the Aransas County Sheriff's Department this past week.

Abel Salazar reported that his car had been stolen from the parking lot at the Tall Tale lounge, Sept. 10. A witness was able to direct officers to a suspect who was pursued and apprehended. The suspect was identified as Miguel Garza. The suspect was charged with public intoxication and disorderly conduct, pending investigation of the burglary complaint.

John Matthews, owner of the Anchor Inn, gave the Sheriff's Department the name of a woman suspected of writing a \$300 check. The suspect, not in custody at this time, had worked for Matthews and was able to sign checks. After being dismissed by her employer, the woman supposedly cashed the check at the Live Oak State Bank. Officers are investigating.

men took the following actions:

--named First National Bank as the city depository on the high bid;

--Denied Murray and Anne Tidwell a zoning variance for a title and abstract company on grounds that insufficient parking space would be a problem;

--approved the final plat of Unit 6 at Harbor Oaks;

--accepted the reports of the City Engineer and Director of Public Works in regards to Harbor Oaks;

--approved the final payment to Line Constructors for improvements at Memorial Park and

--closed a portion of Morgan Street between Bronte and Fuqua.

BILL ROSS: We should keep the canal. Our potential enemies could use it and that would be damaging to us. We need to retain the canal for our own needs.

DONALD GAGE: It stinks. In the first place, we established Panama as a country by building that canal. Now they want our money and expertise but they do not want to give us anything in return. If the treaty is ratified, how do we know we will be given a fair deal on its use. I think they just want it and they may not handle it in a responsible manner.

The Scene From Austin And Wharf

SOMETIMES-YOU KNOW THE OLD SAW-"SOMETIMES I like to sit and think, and sometimes I just like to sit."

There are among my parishioners of the past those, in truth a great many, who'd prefer I just sit! Being a chap of no great valor I should perhaps long since followed their advice, proving too that I am not one of great wisdom.

AT THE MOMENT, I AM SITTING--AND THINKING--about traffic lights. I have never been much of a friend of the blinking monsters. Even so, I admit their necessity; albeit, there's a time and place for them.

A friend of long ago and inclined to share my sentiment once observed, "I regard myself as a law abiding citizen, but hang it; if its two in the morning on a quiet residential street and I see no traffic in any direction but there's a stop light ahead of me, I'm darned if I'll stop!" "You are supposed to observe a morale: There are laws that should be obeyed and a lot more that should be abolished. Ditto traffic lights."

IN CASE OF POINT-ONE AT HWY.35 AND AUSTIN St. last time I passed it today there were five vehicles in one Hwy. 35 lane and seven in the other. One car rolled up to the light on Austin just as the light changed. About par for the course.

Now if that light, which incidentally is one of the fanciest mounted rigs I've ever seen, were a block or so on, where there's a school crossing, I might understand its being, at least during school traffic hours. I might excuse it as well were it further south on Austin where there's a traffic island at Concho. Anytime I'm bound on Austin toward Fulton Beach Rd. and decide to turn into Concho, I'm always a bit unsure as to whether I'm breaking the law or not. One can look at other motorists and expressions on their faces show that they too are unsure. At least they are cautious.

NOW ALLOW ME TO TELL YOU WHERE A TRAFFIC light, and I don't mean a blinker, is needed. That's where Fulton Beach road intersects Hwy. 35, just south of the shopping center that lies between the two pavements. In the short cutoff leading on to 35, I've seen nearly a dozen cars lined up, some hauling boat trailers. That extreme is not all the time, but often enough. The situation is relieved, just a little bit, by locally wise folk who cut through the shopping center parking lot. Under the best circumstances there must be at least a half dozen motorists on any day who, exasperated, risk their necks by dashing devil may care into the Hwy. 35 traffic.

NOW I'M NOT SUGGESTING AN ADDITIONAL TRAFFIC light because the one at 35 and Austin should be done away with. No life and death corner, it is merely an irritant, making as much sense as stop and go lights at each marker on the Intercoastal.

IN THE SHORT LIFE OF OBSERVATIONS FROM A favorite downtown corner, comments have been confined to the local scene. However, you can count on these notes becoming broader in scope, county, state, national and international. Needless to say, I'm at the moment itching to talk about Bert Lance (who may be gone when you read this) and the Panama Canal dilemma. Plenty of time for that one!-a.h.a.b.

County

[Continued From Page 1]

collections for the district are running about 95 per cent. "I don't know how you could be much better," commented Frasier to the commissioners.

The healthy financial status of the navigation district could be significant when the commissioners begin to search for ways to fund the Cove Harbor North complex. Commissioner Bobby Landrum said that the district's financial condition could aid in obtaining Federal money for the project, but that funding was not the main concern at the present time. "There's no use getting into finances until we're assured of a permit," he explained. Landrum said that the district would have up to three years to obtain finances after the application had been approved, and could receive an extension if necessary.

CAR IS NOT A PLAYTHING
There are several tragic reasons why youngsters should not be allowed to play in or around unoccupied cars. Here are three:
--A three-year old girl, playing in a station wagon with the automatic window controls, put her head out the window and pressed the button that raised it. She choked to death.
--A little boy removed the gasoline cap on a car parked in a driveway. Later, while playing under the car, he struck two stones together, creating a spark that set off an explosion. He was disfigured by burns over his entire body.
--A little girl released the brake on a car parked on a sloping driveway. It rolled across the street and struck a curb. She was thrown out the door and fell under the wheels where she was crushed.
You can prevent needless tragedies like these by insuring that your parked car is always locked, especially in the driveway.

MONEY FOR A NEW COTTON CANDY MACHINE WAS DONATED to the ABC Learning Center by Mr. and Mrs. Joe Robles in the name of the "Little Joe" shrimp trawler. The donation was presented Monday night at the Board of Directors meeting. The machine will be used for the center's fund raising activities and will be rented to other groups as well. Mrs. Robles is a director for the organization. (Pilot Staff Photo)

Holiday Beach and Lamar

Linda Stubbs

The fishing has really been great around the Holiday Beach and Lamar areas since the close call of Anita. Bob Johnson of Lamar and Fulton was reported to have had some really big catches of red fish and the Holiday Beach pier was good fishing for reds. With the come on of the storm, most boats pulled out of the Sea Gun Marina. The channels of Holiday Beach were crowded during the storm warning with thirty-six various boats anchored to wait out Anita.

As of late, Lamar has lost three fine families. Jim and Laurie Hatfield with daughter Tracy have moved into Rockport, close to Rockport Junior

and Senior High Schools where they teach. Clyde and Laura Williams have had to move back to Arkansas due to family illness. And Marie Maxwell has moved to Houston, Texas to be closer to her daughter and grandsons. Marie's new address is 2501 Westerland Drive, Apartment #A-303, Houston, Texas 77063. Drop her a line to let her know that we are thinking of her.

However, Lamar has also gained some fine new families. The Sweattes have moved into their new home on Driftwood. Also Moses and Marie Joseph from around Detroit, Michigan have become the new owners of the St. Charles Marina. Marie's son and family have also moved down to help them

run the business. I have just heard that Patricia Heldenfels' parents, the Andersons of Connecticut, have bought them a new house on Terry Lane.

Lamar has three new babies. A girl, Coral Leanela at six pounds and twelve ounces, was born September 5, 1977 (Labor Day) to Mark and Louise Nelson on Walnut. And last but not least, a set of identical twin girls, born to Ray and Donna Cornett of Bayberry Circle.

Again I will ask everyone in the Holiday Beach and Lamar area to please give me their news items. I received very little news from Holiday Beach these past two weeks. Pitch in and let the Rockport area know what is happening in your community!

Reunion Honors Missionaries

Rev. and Mrs. Howard Nutt and Rev. and Mrs. Gerald Nutt and their families were honored at a reunion in Fulton at the Paws and Taws building, Aug. 13.

The families were honored before leaving for the foreign mission field for the Assembly of God church. Rev. and Mrs. Howard Nutt and their sons—Maurice, Wally and Steve—left for Bolivia Aug. 18. The family has been in that county for the last seven years.

Rev. and Mrs. Gerald Nutt and their daughters—Sharon and Shelia—left Aug. 17 for Guadalajara, Mexico, to attend a language school before going to Columbia in a year.

Howard and Gerald are the sons of Mr. and Mrs. Maurice Nutt of Fulton and are graduates of Aransas County school system.

Outdoors 'n' Things

By L.D. Nuckles

A few years ago the Texas Parks and Wildlife Department (TP&WD), in a news release, that the Gray or Timber wolf had been extinct in Texas for many years.

This statement set off a minor storm in some circles. (TP&WD) offices all over the state began to get phone calls from people who claimed they had seen timber wolves recently. One old man said, "If those people would stay out of beer joints they would know what was going on."

Well, of course, supervisory personnel payed no attention to such charges. They know that (TP&WD) game wardens and biologists have spent more time in the field in the last month than that old man has in the last

five years. He is the type that spends more time in a rocking chair in front of the TV than anywhere else, but his thinking is pretty true to form. Every man who has ever hunted or fished or even taken a stroll in the woods is a wildlife expert.

Maybe I have covered too much ground when I say every hunter and fisherman, but enough of them feel this way to make the job of the wildlife scientist difficult.

Lets do some simple arithmetic. Lets say that this mouthy hunter is one of the lucky ones and gets to spend 10 full days hunting deer each year at about 10 hours a day. Not many men get to hunt this much, but if he did this would amount to 100 hours a year that he's in the field.

Now, lets look at the wildlife biologist who is studying deer. He works five days a week, but he's not in the field every day. He must spend some time in his office compiling his data and writing reports.

Lets say that he only gets into the field three days a week. If he sticks to his schedule this would only be 24 hours a week, but most of the men put in much longer hours than this. However at 24 hours a week for 50 weeks—he is allowed a two-week vacation—we come up with 1200 hours a year that he's in the field. He is studying the deer, making notes and compiling factual data, while the hunter is just trying to kill a deer during his paltry 100 hours a year.

I am not a biologist, but it didn't take me long to put two and two together and decide that the management of our wildlife should be left to these wildlife scientists. These men have spent at least four years in college learning their job then spend all this time in the field compiling the data upon which they base their recommendations. This applies just as much to the man working with fish, birds, furbearers or pollution as it does to the deer management biologist.

If my car is not working properly I take it to a mechanic. If I am sick I go to a doctor. Sure, mechanics make mistakes, so do doctors, but is there any better place to take these problems?

Tower To Speak

Senator John Tower will be the keynote speaker at the meeting of the Texas chapter of the American Association of Small Cities convention scheduled for Port Aransas, October 1.

The senior senator from Texas will discuss the "Future of Small Cities in the United States" at the luncheon meeting of the Association. He will arrive at Port Aransas Saturday morning and will also hold a press conference at 1:30 before his departure back to Washington, D.C.

The national president of the association, Robert Chandler, will speak on the role of the association in national politics.

The dignitaries and officials will be greeted by Mayor Dennis Dreyer of Port Aransas. Mayor Walter Falk and other Rockport officials will be at the meeting.

Activities are also on tap for the spouses of the delegates, including a tour of the area.

The campaign will continue through November.

Vows Repeated At First Methodist

The First United Church in Rockport was the scene for marriage vows between Miss Rhonda Bauknight and Ronnie Ormand, August 20.

The bride is the daughter of Mr. and Mrs. Jim Bauknight, City by the Sea, Rockport, and the groom is the son of Mrs. Faye Ormand of Portland and Robert Ormand of Rockport.

The Rev. Boyd Harris, pastor, performed the double ring ceremony.

Given in marriage by her father, the bride wore an empire gown of Sota Peau featuring a high neckline and full bishop sleeves trimmed with cluny lace. Her full A-line skirt ended in a double ruffle chapel train with cluny lace encircling the ruffles. Her fingertip veil of silk illusion was held by a camelot with matching cluny lace and seed pearls. She carried a cascade of white stephenotis and white roses centered with a white orchid.

Mrs. James Johnson of Aransas Pass was the matron of honor. Her dress was floor length of yellow dotted voile and a matching long-sleeved jacket.

Bridesmaids included Miss Hallie Gorham, Miss Debbie Barlett, Miss Beverly Barnard all of Rockport, and Miss Lianne Cannon of Houston. The bridesmaids were attired in long pale yellow sundresses with long-sleeved jackets.

Miss Donna Jean Woodruff, daughter of Dr. and Mrs. Don Woodruff of Portland was the flower girl. She wore a complementing little doll dress of yellow and carried a basket of white daisies.

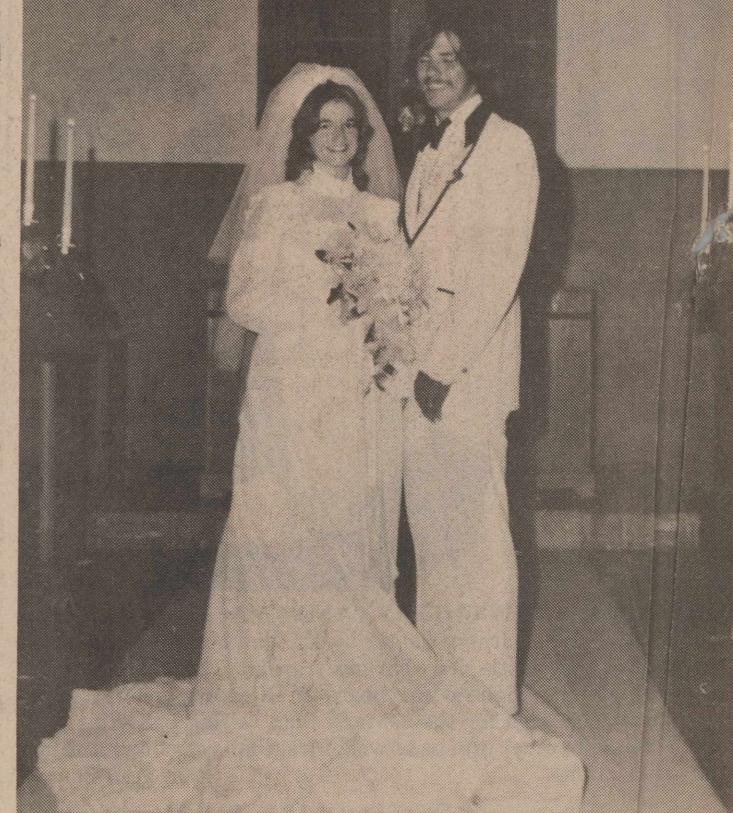

Charles Gawlick, son of Mr. and Mrs. Alvin Gawlick of Aransas Pass, acted as ring bearer.

Candle lighters were Neil Bauknight and Darin Brown. John Pena of Rockport was best man and groomsmen were Neil Bauknight, Joey Williams, Mike Williams, Raymond Bauer and Darin Brown.

Miss Lisa Urlick attended the guest register.

A reception was held following the wedding at the Little Bay Club in Rockport.

The couple traveled to Mexico before making their home in Kingsville where he is attending Texas A&I University. Both are graduates of Rockport-Fulton High School.

Mr. and Mrs. Mrs. Ronny Ormand

Club Resumes Meetings

The Rockport Home and Garden Club resumed their monthly meetings, after the summer recess, September 8, at the home of Mrs. Kenneth L. Thomas, 1914 Johnson Avenue. Twenty-five members and three guests were welcomed by the president, Mrs. W.K. Thomas.

During the business session of the meeting, the budget for the year was approved and plans drawn for the coming year's activities.

The Club will continue its emphasis on its major project, the maintenance of the Ski Basin plantings. The members who have specific boxes assigned for their care laid plans for seeing that everything is in tip-top shape for the coming SeaFair, October 8 and 9.

The Club will have a booth at the Fair with plants for sale. Mrs. Bob Evers and Mrs. Gene Garcia are chairpersons for this event. They asked that all members bring plants to the home of Mrs. Garcia on October 6. All members have been rooting, potting and propagating plants during the past several months in preparation for this sale.

Mrs. J. Paul Rogers gave the program, "Now you are a Garden Clubber." Mrs. E.R. Butler and Mrs. E.T. Busch were co-hostesses with Mrs. Kenneth L. Thomas.

Segler Engagement Announced

Robbie Diane Segler, a former Rockport resident, will wed James John Sanders of San Antonio, October 29, announced her parents, Mr. and Mrs. Dave Segler of Laredo.

The Gazebo at Los Patios in San Antonio will be the setting for the ceremony and reception.

Miss Segler is a graduate of Rockport-Fulton High School.

WMU Begins Fall Meetings

Mrs. Truett Roach, president, discussed the duties of the offices in the Women's Missionary Union of the Baptist Church at their general meeting Sept. 6 at the First Baptist Church. Elections for the coming year will be held soon.

Mrs. Art Cox had charge of the program and led in discussion of "Planting in the Philippines."

Thirteen members were present.

Fulton Woman Honored

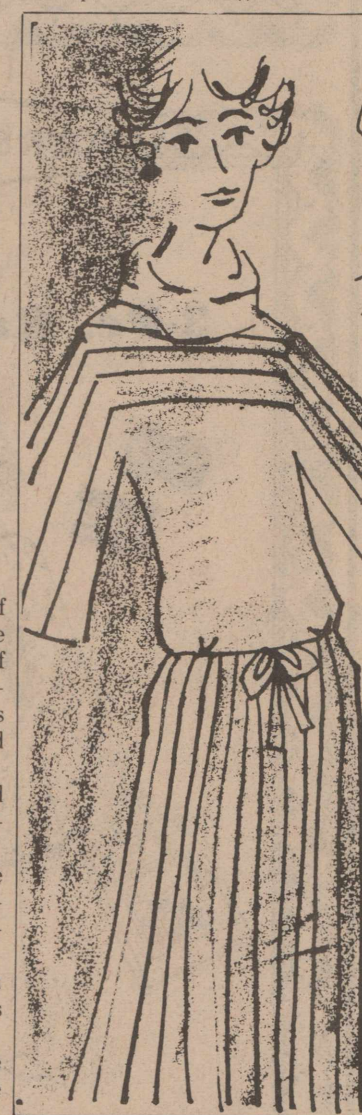

Mrs. Annie Pearl Nutt of Fulton was crowned as the woman minister of the year of the South Texas District meeting of the Women's Ministries for the Assembly Of God church.

The district retreat was held at Camp Pearl Wheat in Kerrville, Sept. 8.

Mrs. Nutt is president of the association at the First Assembly of God Church in Aransas Pass.

Ten sections participated in the program and \$17,000 was raised for the mission work.

Mrs. Nutt represented the Corpus Christi section for the yearly award.

Freshmen Feel Taft's Sting 41-0

Taft's Freshman Team unloaded on the Rockport-Fulton Freshmen by a 41-0 score last week in the season opener for the Pirates at Pirate Stadium. The Pirates, one of the largest squads physically to come out of RFHS, were feeling the effects of not having played the week before because of Hurricane Anita.

Taft needed only three plays on their second series of plays to score on the Pirates, and from then on the Pirates fought

an impossible battle. Rockport coughed up five fumbles to give Taft superior field position with three of the fumbles leading to touchdowns and another was recovered for a TD.

By the half the Greyhounds were out by a 21-0 margin. Although the score was so one-sided, the Pirates were outgained in the game by only 60 yards. At times the Pirates moved the ball well until they crossed the Taft 35 yardline, and then the lid seemed to pop

off of the can, and Taft would come up with a fumble or an interception.

The Pirate defense spent a lot of time on the field, and defenders Kyle Dietze, Alvin Miller, Wayne Childers, and David Hays all contributed at least nine tackles. Hays added a pass interception and Mark Goodin came up with a loose football to keep Taft from scoring again.

This week the Freshmen are again at home hosting Refugio. Game time is 5:30 Thursday.

Final Regatta Set By Club

Gay Harper won the tall series of board boat races which are sponsored by the Rockport Sailing Club. Despite her not sailing in the last race of the series last Wednesday, she had earlier garnered enough points to win. Harper was also winner of the opening spring series. Warren Gerding took second place in the series and Tommy Harrison was third.

In last Wednesday's races, Tad Bailey was first, J. Morris was second and Chuck Harrison placed third.

Since April there have been three six week series of races held with three races on Wednesday of each week. An informal series of "old salt" races began on Wednesday of this week and will continue for so long as weather remains favorable.

On Saturday a final regular season regatta will be held in Little Bay, according to Evelyn Gerding and Gail Leslie, co-chairmen. The regatta, first scheduled for September 3, was postponed because of threatening Hurricane Anita.

Registration for the Saturday regatta will begin at 10:30 a.m. and events will begin at 12 noon.

Participation will be for RSC members and invited guests. The races will be held in Little Bay from the foot of Edgewater on Key Allegro.

Sailing Club Meets

The September meeting of the Rockport Sailing Club was held last Thursday at Little Bay Club. A program was presented by Daniel and Patricia Graves, club members. Along with slides they offered a detailed report on their two-week bareboat charter trip in the Leeward Islands.

Gail Leslie, in charge of a tent at SeaFair, asked for suggestions and volunteers to man the tent. Jim Schott and Ralph Durham volunteered to place fully rigged boats on display.

Reporting on status of a proposed club house, Al Barnes said that an appropriate location is the present problem, though at least two sites are under consideration.

Whitewing Hunt

Although there were not so many hunters, the violations were many. That's the story from Frank Dickerson, regional director for law enforcement of the Texas Parks and Wildlife Department when talking about the white-winged dove hunt on September 3-4.

Many hunters this year cancelled their trip to the Rio

Violations

Grande Valley to hunt the whitewings. This was probably due to the proximity of Hurricane Anita and the reports that have filtered out of the Valley that bird populations were down.

Dickerson said that most of the hunters were locals. He also estimated that arrests and cases filed equaled, or may have even surpassed, those made in a three-day season last year. From 60 to 70 percent of the violations were for shooting from a public road.

In most areas the whitewings were scarce but mourning doves were plentiful.

September Regatta Held

The Rockport Sailing Club September Regatta was held Saturday and Sunday. Tad Wilson said that, while production had been good in some isolated areas of the Oak Prairie, the country around the Victoria and Goliad counties would probably show a decrease in quail from last year.

Jay Williams, project leader for South Texas brushlands said that production there would range from GOOD to EXCELLENT. The Trans-Pecos area quail crop was reported as GOOD, about like last year or perhaps a little

Paul Harris

Darryl Green

Outdoors 'n' Things

By L.D. Nuckles
TP&WD Information Officer

Everybody seems to agree that we have a good quail crop in most parts of Texas this year. The weather has been kind to us as far as quail are concerned.

Recently the Texas Parks and Wildlife Department's field information officers were at the headquarters in Austin for a quarterly staff meeting. Wildlife project leaders were meeting there at the same time so they were asked to brief the information people on hunting prospects for each area of the state.

Quail furnished one of the brighter pictures although most species were doing all right. The project leaders emphasized the fact that they did not yet have data to back up their reports—this was just their opinion based on observations they had made.

There were, however, some areas where the outlook was not too bright. Northeast Texas and the Trinity-Brazos area was the one place where the quail prospects were flatly rated POOR. Dry weather during the hatching time has resulted in a poor crop there.

Two areas, the Oak Prairie and Panhandle, were rated SPOTTY. Project leader Don Wilson said that, while production had been good in some isolated areas of the Oak Prairie, the country around the Victoria and Goliad counties would probably show a decrease in quail from last year.

Jay Williams, project leader for South Texas brushlands said that production there would range from GOOD to EXCELLENT. The Trans-Pecos area quail crop was reported as GOOD, about like last year or perhaps a little

better. Gary Waggoner from Southeast Texas reported an AVERAGE quail crop there and commented that the birds were gradually expanding their range. He did say that the pheasants, which were introduced there a few years ago, had an EXCELLENT hatch and had probably increased by 20 percent this year. They are also expanding their range.

The Hill Country biologist said that their quail crop was BETTER THAN AVERAGE, but he did point out that the quail was not one of their most important wildlife crops.

The Possum Kingdom area and Permian Basin has an EXCELLENT crop of birds. This year's production is probably the second best they have had in 11 years—and the quail is a very important species there.

It looks as though the shotgunner and his bird dog will do all right in most of Texas this fall.

Coach's Corner

BY VOLLIE WILLIAMS

The Pirate "Green" Machine got to rolling last Friday night, in the season opener, by defeating the Taft Greyhounds, 34-8. The ground attack was led by senior quarterback, Darryl Green, who ran for three touchdowns and 207 yards, in five carries. Two of Green's TD's came when he dropped back for a called pass, found no receiver open, and scrambled for runs of 49 and 58 yards to paydirt. His third TD came early in the third quarter on a 78-yard jaunt around his left end.

Senior fullback, Mark McCabe, scored the second Pirate TD, with 1:58 left in the first quarter, on a 6-yard run. The senior fullback gained 68 yards on 13 carries. Scott Casterline added the last 6 points to the score on a QB keeper, as time ran out in the fourth quarter. Jerry Kelly kicked four of five extra points in the game.

Junior fullback, Algie Simmons, carried the ball 12 times for 62 yards in the second half. The Pirate offense rolled up 375 yards rushing and 27 yards on three completed passes, for a total of 402 yards. Also, in the yardage department, the Pirates rolled up 11 penalties for 145 yards! Some of the penalties cancelled some excellent Pirate gains. Charlie Edler, senior tailback, returned three punts for 75 yards; however, on two of them, penalties cancelled one TD and a bunch of yards gained.

The yardstick of a football game tells quite a story—the backs that gain the yards are successful only if there is good, effective blocking—both on the line and down field. On all the long runs, there were many Pirates throwing blocks to clear the backs to the double stripes. Three of the more outstanding down-field blocks were thrown by tight-end, Joe Brooks, on Green's 58-yard run; receiver Jolly Lewis, on Green's 49-yard run; receiver Keith Barrett, on Green's 78-yard run. Tackles Sam Solis and Newlin Parker and guards Bruce Barre and Bill Adams, were constantly dealing the Greyhound secondary misery.

In the passing department, the Pirates completed three of five attempts; Green completed one of three to tight-end Paul Harris for 10 yards. Casterline completed two out of two attempts for 17 yards, an 11-yarder to end Jerry Kelly and a six-yarder to tight-end Joe Brooks. In the kicking department, Bill Schendel, sophomore linebacker, punted four times for a 34.8 yard average. Jerry Kelly did all the Pirate place-kicking, four of five PATS and kicked off six times for a 47-yard average.

Defensively, the first and second Pirate defenses led the Greyhounds to a mere 70 yards on the ground and only four first downs in the first half. They completed 11 out of 29 passes; we intercepted three, one by Edler and two by Green. Gary Heasley, defensive end, led the defense with 17 points. Points are awarded for tackles, interceptions, defensive TD's, etc., in our grading system. Heasley and senior defensive tackle Paul Harris had five individual tackles each. Reggie Morgan, Sam Solis and Paul Harris sacked the Taft quarterback on several occasions. Mark McCabe ended up with four individuals from his linebacker spot on defense. There was a lot of gang tackling, which is a good indication of the team pursuit, which is vital to an effective defense.

The Refugio Bobcats are on the schedule for this Friday night, Sept. 16. Game time is 8:00 p.m. The Bobcats, like the Pirates, had to postpone their first game with Sinton. They lost a close game to the tough Goliad team last Friday night, 14-7. The Pirates were defeated by the Bobcats, last season, 22-6. The Cats went on to capture a share of the 30-2A title last year. Graduating seniors have reduced their experience quite a bit. Refugio, traditionally, has a tough football team, year-in and year-out. They are sporting a new coach, new offense, new defense and will be opening with the first home game. There are ingredients for a very interesting football game in Refugio Friday night, so come and be with us—we need all the support we can get.

The Freshmen and Junior varsity, with records of 0-1 and 1-0, respectively, will play Refugio in Pirate stadium Thursday night—freshmen game beginning at 5:30 and JV following (we will have REAL officials this week).

The RFJH Buccaneers will open their schedule in Refugio Thursday, Sept. 15—seventh graders will begin at 5:30, followed by the eighth grade.

Cottage or mansion, ranch style or colonial... The important thing to look for is the ENERGY EFFICIENCY AWARD.

Sure you've got a lot of pretty definite ideas about what you want in your next all-electric home: things like a certain architectural style, location and number of bedrooms.

But here's something else you ought to consider: whether the house will help you save money on energy. These days, in fact, that factor probably ought to go to the top of the list.

And it isn't easy for most people to determine just how well a house will function as an energy-saver.

Central Power and Light Company can help, though, with its Energy Efficiency Award program. When you buy or build an all-electric home that merits this award, you know it has been designed and built to assist you in making the most of every dollar you spend for electricity. It is well insulated, weather-stripped and equipped with efficient electric heating and cooling systems. These and many other features

that affect the home's energy efficiency have been checked and certified by a qualified technician from CPL.

You get maximum value for every kilowatt-hour of electricity you buy if you live in an Energy Efficiency Award home and make a habit of using electricity wisely.

Check into this program if you're planning to build or buy a new all-electric home or remodel your present one. Your builder, realtor, designer or architect can give you the details — or you may get more information from your CPL office.

Pirates Raced Past Taft 34-8 In Opener

They're Off." is a familiar sound around dog racing tracks across the nation as the greyhounds chase the elusive mechanical rabbit "Speedy." In Taft last week, the Taft Greyhounds chased elusive Lokport-Fulton runners in the Pirates' 34-8 victory as the Pirates scored five touchdowns and had another called back.

The Pirate offense rolled up 42 yards, and over half of the yardage was gained by quarter back Darryl Green (207 in 5 carries) who scored on runs of 44, 38, and 78 yards to start

Rockport-Fulton's 1977 football season off with a bang.

The Pirates had over 140 yards in penalties during the game with the most crucial coming on a fine punt return by halfback Charlie Edler who carried the ball all the way for a touchdown before finding a yellow handkerchief on the ground to wipe it out. After penalty yardage was stepped off, Green bolted 49 yards for his first score of the evening. Jerry Kelly connected on the first of four point-after kicks.

The handwriting was on the

wall early as Pirate linemen opened a hole to free fullback Mark McCabe for a 26 yard scamper on the Pirates' second play from scrimmage. It was just a preview of things to come.

The Pirate defense set up the second Pirate score on the kickoff following Green's first TD. A tremendous blast on the Taft kickoff returner shook the ball loose and Algie Simmons came up with the loose football on the Taft 14 yardline. Four plays later McCabe struggled into the endzone from six yards

out. After the kick, the Pirates led 14-0.

Late in the second quarter Green broke loose on a 58 yard run after Taft defenders seemed to have him captured behind the line for a passing attempt, but Green broke away from the pass rushers and sped around the right end picking up a crushing block from Joe Brooks and then doing the rest on his own. The Pirates led 21-0.

The second half was in progress for less than two minutes when Green jetted his way 78 yards to paydirt. Green outdistanced Taft defenders on two occasions just when they seemed to have him. With the kick, the Pirates were out front by 28-0.

Taft refused to fold and came right back marching 70 yards in 13 plays to collect six points on an 11 yard pass from their sophomore quarterback Marc Jones to end Sammy Cardenas. The same duo teamed up for the two point conversion to put the score at 34-8.

The Pirate defense thwarted any other Greyhound efforts as Green intercepted two passes and Edler pulled in another of the Greyhounds' 29 passing attempts.

Quarterback Scott Casterline directed the final Pirate TD with time running out on the

clock and took the ball into the endzone himself from three yards out. The ball never reached the kicking tee and the

Pirates failed to convert the kick after, closing out the scoring at 34-8.

The Pirate defense had no

individual leaders, playing as a true unit with no one player getting more than seven tackles.

This week the Pirates match speed and offense against Refugio on the Bobcats' home field.

STRONG PIRATE DEFENSE. A gang of Pirate defenders display their ability to stop the running game, Friday's victory over Taft. Scott Casterline (12) and Reggie Morgan (65) stopped a

Taft runner; a step away to help if needed are Paul Harris (80), Bruce Barre (71), Mark McCabe (33) and Sammy Solis (61). (Pilot Staff Photo)

Pirate JV Collars Taft 22-13

Lightning can strike in the same place, because the Pirate JV unleashed a highpowered offense to down Taft's JV by a 22-13 score last week at Pirate Stadium where two runners alternating at a running back position burned the Greyhounds for 220 yards and three touchdowns.

The Pirates fell behind early in the contest as Taft clicked on a 20 yard pass play for a score, and after adding the kick led the Pirates 7-0. Arthur Perez blasted the Greyhound defense for 40 yards in his first four attempts before going to the sidelines with a cramp. Alvin Bardwell stepped in for Perez and proceeded to rip off a 55 yard run to paydirt, putting the Pirates within one point. Quarterback Jimmy Garrison found his way into the endzone for the 2 point conversion, and the Pirates led 8-7.

Taft handed the ball to the Pirates on a fumble in the second period, and the Pirates promptly put the ball across the goal line with Perez streaking for 27 yards. The extra point failed, but the Pirates were out in front 14-7. Larry Sammons made the recovery for the Pirates to set up the TD.

Taft narrowed the gap early in the third period when the Pirates gave up one of their five fumbles of the day deep in their own territory, and Taft needed only three plays to push the ball across for the six points, but failed to tack on the extra point attempt, leaving the score 14-13.

In the fourth period Taft punted the Pirates deep in a hole, turning the ball over on the Pirate 15 yard line. Rockport-Fulton mounted on an 85 yard drive in 11 plays with Bardwell blasting over from the two yardline. That drive was kept alive by end Ty Riley who made an offensive fumble recovery after the Pirates' quarterback fumbled the ball at the Taft two. Following the TD, Garrison tossed a 2-pointer to tight end Buck Wilke, putting the score at 22-13.

Perez was the leading ground gainer for the Pirates with 132 yards in the 17 tries. Bardwell added 88 in 11 attempts.

One of the great individual efforts to be seen this year was turned in by Donald Nava, the

The Modern Way
He-It will be real simple for us to get married, darling. My father is a minister.

She-Okay, let's give it a whirl. Mine's an attorney.

Time Enough

"Man can do no wrong."
"Right. If there's a mistake made at home, it's the wife's fault; and if there's one made at the office, it's his secretary's."

Pirates

(Continued from page 1)

the veer similar to the Pirates' offense. The leader for the Bobcats is quarterback Curtis Brown who is quick, fast and was a tailback a year ago. Brown is supposed to be the slowest back in the Cats' backfield, with LeRoy Brown (170) and Adeley Scott (180) at the running back spots. The Bobcats are led on defense by Craig Stuart (205), an All-District performer last year.

Because of the closeness of the speed on both teams, the game might be a game in which

the least number of mistakes, penalties and turnovers decides the outcome. The defensive teams for both squads should see lots of action.

Refugio can be reached in a number of ways if you make the drive. You can take Highway 881 to the stop sign 15 miles west of Rockport and turn right, going through Bayside. Another route is to take Highway 35 north to the Refugio turnoff, some 23 miles north of Rockport. Both trips are about 44 miles.

Summer League Ends Season

The Club 55 Bowling League ended their summer play August 30. Team number seven won first place and team number eight placed second. Third place went to team number four.

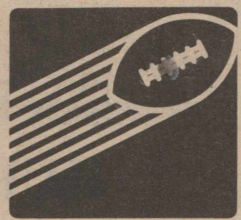

High games for the last day included Pauline Taylor, 222; Myrtle DeForest, 211; Frances Hitzfeld, 210; Avis Howery, 205; Jean Pitts, 196; Bunny Poling, 191; Bob Whalen, 238; Ray Revell, 229; Dan Hodgins, 226; and Gilbert Hitzfeld, 195.

Register for Punt, Pass & Kick!

Get in on the action!

It's free and open to boys and girls ages 8-13. You'll compete with others in your own age group; and if you're a winner, you may compete in later levels of competition—even perhaps at Super Bowl XII for the PP&K National Championship.

Registration: August 19 through September 30. Stop at our dealership with your parent or guardian and sign up.

Everyone who registers will get a free PP&K Tips Book. It has tips from the pros and is designed to prepare you for Punt, Pass & Kick.

"The Most Complete Sporting Goods Store In This Area"

State Senators Visit Area

"If you stop and think about it, there are 254 counties in this state and only eighteen of them are on the coast. That means that representatives from this area have to acquaint others in the Senate and the House of Representatives with the problems that are unique with our area. Otherwise, they can outvote us on bills that are important to us and to our area."

The speaker was Representative Leroy Wieting and the event was the "State Senators Day" held at Port Aransas, Sept. 9 and 10.

The purpose of the weekend was to show the state officials the beach at Port Aransas. Though politics was not supposed to be involved, local residents lost no time in talking

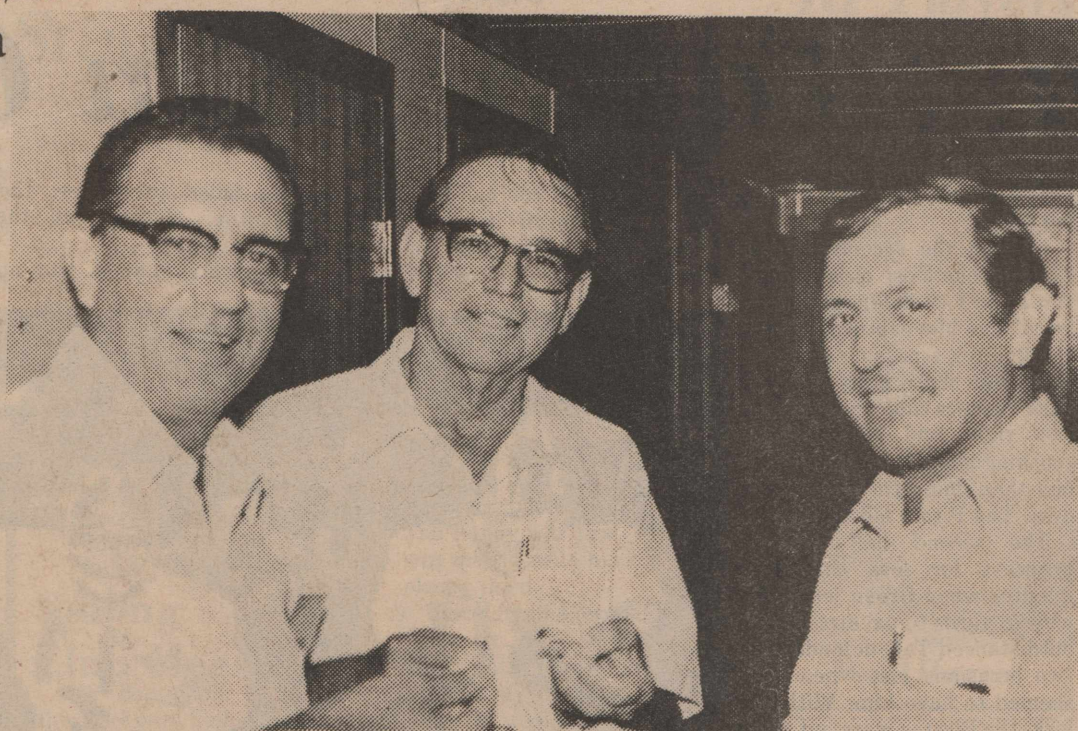

to the officials present about the problems on the beaches.

The concern stems from a bill introduced in the last session by Senator Jack Ogg of Houston that would have banned traffic on the beaches.

To counter this, residents of Port Aransas formed The Save Our Beaches Association to fight the bill, which was ultimately defeated.

Though the bill was not passed, Bob Coffen, chairman of the association, decided to acquaint state officials with the area and its problems. "I'm not saying that we don't have problems with traffic and other problems," Mr. Coffen said, "but I feel that we can handle our own without it becoming a state matter."

---O---

REPRESENTATIVE LEROY WETTING IS shown with Port Aransas Mayor Dennis Dryer and State Senator Carlos Truan of Corpus Christi with a plate of shrimp at the "Senator's Day" at Port Aransas. The occasion was to acquaint state officials with the area.

(Pilot Staff Photo)

Copano Ridge

Faye Barrera

Mr. and Mrs. Marvin Vaught of Austin were weekend guests in the home of Mrs. Vaught's parents, Gertrude and Utah Hamilton and their aunt and uncle, Mabel and J.E. (Red) Johnson.

Joe and Gwen Wunneburger gave up their favorably situated home on Sun Rise Beach on Lake LBJ, near Kingsland, to move to their preferred location on Copano Ridge. Joe was an engineer with Southern Pacific for 31 years, before retirement. They were residents of San Antonio at that time.

Their only living child, a son, James W. Wunneburger, and his wife are frequent visitors to his parents' coastal home. James is with the City of San Antonio Fire Department. He also owns a business, the Fire Service Co. Other welcome visitors to their home are their grandsons, Dennis and Bill Burnett, whom they have reared since the early death of their daughter. The grandsons are now young men in their twenties.

Among sports enjoyed by the Wunneburgers are fishing and crabbing. But their chief interest is their garden, from which they produce both spring and fall crops. All refuse from fish—except crab claws, which are not biodegradable—and all scraps, peelings and non-edible parts of their produce are added to their compost heap. The Wunneburgers are already into their fall planting in their 40x60-foot garden. They hope to repeat their spring success. You can believe Joe when he reports that one of his banana squashes measured 28 1/2 inches long and 18 inches around. And Gwen says it is fun to try to fit a slice of one of her pound and a quarter tomatoes on a hamburger bun. Quite an overhang.

Mrs. Johnny Ochoa reports that her father, Homer Cadena, remains critically ill in the intensive care room of the West Anaheim Community Hospital in California. She requests that he be remembered in all of our prayers.

Mrs. Irene Lynch returned last week from a two-week vacation in Florida and the Bahama Islands, which was a treat by her sister, Mrs. Dorothy Clark, of San Antonio, who accompanied her. The two women travelled by car to Florida where they boarded the S.S. Emerald at Miami which took them to the Bahamas. Irene reported very good food and excellent entertainment aboard the ship and sights on the beautiful islands were hard to recount.

Honor Society Elects Officers

The National Honor Society for the Rockport-Fulton High School elected officers for the coming year at their organizational meeting Sept. 7.

President for the 1977-1978 school year will be Vicki Henneke. Other officers include Benny Flores, vice-president; Laura Duggan, treasurer; Dolph Hiller, parliamentarian; and Judy Thomas, secretary.

The group is sponsored by Mr. Barre and Mrs. Hayden.

---O---

In Florida, they viewed the Sunken Gardens at St. Petersburg and the Cypress Garden at Winterhaven. Out from West Palm Beach is the Lion's Safari, which Irene reports was their most interesting venture. The "safari" is travelled by car along a narrow road, lined on either side by some of our best known and most feared animals, safely encaged, of course. No windows are allowed down, please. At the beginning of the trip is an ominous sign which reads, "No Trespassing--Violators Will Be Eaten."

After this interesting trip

and until things settle down the Ridge, we will think Irene as our own local cosmite.

Bernice and Charles Kei, on Copano Ridge Harbor Rd., have a convenience store, which provides picnicers with supplies and with a public ramp. They reported brisk fishing and plenty of catches over the Labor Day weekend.

Their guests, Mr. and Mrs. Bernard Riedel, of Converse, parents of Bernice, left bore the hurricane scare.

---O---

MRS. ROY HUNSINGER, 1904 PICTON LANE, WAS HONORED by the Rockport Garden Club when her yard was designated as the Yard of the Month for September. The yard features shade trees and climbing ivy.

(Pilot Staff Photo)

Garden Club To Meet

Plants which will survive and thrive on Key Allegro, how to plant and care for them, will be the highlight of a program to be presented to the first meeting of the Allegro Garden Club on Monday, September 19, at 10 a.m. The meeting will be held in the Key Allegro Community Center.

Pat Evers and Gen Bailey are in charge of the program. Mrs. Evers and Gloria Wren will be hostesses for the meeting.

Officers for the coming year are Reba Rast, president; Mrs. Wren, vice president; Lura Wiggins, secretary; and Sue Crossett, treasurer.

Meetings will be held this year on the third Monday of each month at 10 a.m.

---O---

Exxon Applies for Permit

The Corpus Christi office of Exxon Corporation has filed for a permit with the Corps of Engineers to drill a well for oil and gas in Aransas Bay, approximately one mile east of Rockport.

The proposed site is in state tracts 167 and 168. The company has asked for a permit to erect and maintain structures for oil and gas and to construct a two and half inch pipeline.

---O---

Booth Set For Society

The Cancer Society will again sponsor an information booth at SeaFair, Saturday and Sunday, Oct. 8 and 9, from 12 noon to 8:00 p.m., it was decided at the regular monthly meeting, Sept. 8.

Dr. J.F. Benjamin presided at the meeting of the Aransas County Chapter of the American Cancer Society in the absence of the president, Rev. Josef Barton.

Three District 6 representatives presented the local chapter a certificate of authorization which gives the chapter the right to operate a unit under the name of the American Cancer Society. The visitors were John Turnipseed, District 6 director; John Wallace, past District 6 co-director and Maxine Struve, District 6 service trainer.

Rev. Walter Clarke, Barbara Carter, Pat Lawler, Barbara Armstrong and Dr. Benjamin gave reports from their respective committees.

Other members present included Mrs. J.F. Benjamin, Mitzi Blanton, Patty McArdle, Alice Moore, Eileen Gooding and Molly Freeborn.

Club Visits Marine Institute

The Copanoakers Club of Holiday Beach recently visited the University of Texas Marine Science Institute at Port Aransas. Kathryn Hargrove, a club member, arranged the tour. Mrs. Hargrove's daughter and son-in-law, Faust and Evan Parker, are presently working at the laboratory.

Members attending included Tom and Melissa Voss, Gordon and Kathryn Hargrove, Jim and Janet Langham, Bennie and Gwen Woodward and Zolli and Bessie Glass.

Items of interest at the Institute included an inspection of the Longhorn Experimental Vessel, a floating laboratory slated for 285 days at sea this year.

SEND RESUME TO P. O. BOX 1482
ROCKPORT, TEXAS

In Memory of Johnny Edward Everitt
THE SOUL OF A CHILD

The soul of a child is the loveliest flower
That grows in the Garden of God.
Its climb is from weakness to knowledge and power,
To the sky from the clay and the clod.

"To beauty and sweetness is grows under care,
Neglected, 'tis ragged and wild.
'Tis a plant that is tender but wonderously rare,
The sweet, wistful soul of a child.

"Be tender, O gardener, and give it its share
Of moisture, of warmth and of light,
And let it not lack for thy painstaking care
To protect it from frost and from blight.

"A glad day will come when its bloom shall unfold,
It will seem that an angel has smiled.
It will seem that an angel has smiled.
Reflecting its beauty and sweetness untold
In the sensitive heart of a child."

Area Deaths

Mrs. Irma Louise Owens, 78 died Monday afternoon, Sept. 5, in a Corpus Christi Hospital.

She was a longtime resident of Aransas Pass and had resided with her son in Rockport for several years. She was a member of the Presbyterian Church.

Survivors include two daughters: Mrs. Albia Richardson of Aransas Pass and Mrs. Pauline O'Farrell of Edna, Texas; one son, Raymond Owens of Rockport; five grandchildren and thirteen great-grandchildren.

Funeral services were held Wednesday afternoon at Marshall Funeral Chapel in Aransas Pass. Interment followed in the Prairie View Cemetery.

FULTON - Richmond D. Stewart, 79, died Saturday morning, Sept. 10, in an Aransas Pass hospital.

He was born in Michigan and had lived in Fulton for the past 11 years. He was a member of the Presbyterian Church and a member of the Brick and Stone Mason Union Local No. 7 in Houston, Texas. He was a veteran of WWI and WWII having served with U.S. Army.

Survivors include his wife, Irene Stewart of Fulton; one daughter, Mrs. Mary Evelyn Finch, Houston, Texas; two sisters, Mrs. Lydia Wilson of California, Mrs. Marjorie Watchorn of Flint, Michigan; two granddaughters, Anita Cameron of Levering, Michigan, Linda Wertz of San Antonio.

Graveside services will be conducted at 10 a.m. Tuesday in Houston National Cemetery, Houston, Texas.

Catty "You say she traces her ancestry back to the Boston Tea Party?"

"Yes, I think her great-grandmother was the last bag they threw over the side."

Fooling Henry--A false appetite? What food would you advise, doc? Doctor--Try a little mock turtle soup.

Bigger Figures Its getting so that school children will soon need an adding machine to do a simple sum in arithmetic.

Emma Agnes Ward, 79, died Sunday morning in an Aransas Pass hospital.

She was born in Denton Texas and had lived in Rockport for the past four and a half years. She was a member of the Baptist church, the Order of the Eastern Star, and the A.A.R.P.

Survivors include one son, Dan Ward, Rockport; one sister, Mary Ann Cobb, Gonzales, Texas; two grandsons, David A. Ward, Rockport, Daniel Gene Ward, San Angelo; one great-grandson.

Funeral services will be conducted at 2 p.m. Wednesday at the Marshall Funeral home Chapel in Rockport with Rev. Charles Fike, officiating. Interment followed in Aransas Memorial Park Cemetery.

Pallbearers were Wesley Morgan, Grover Traylor, Douglas Siems, Lorin Westby, Leon Wieck, and John Leslie. Honorary pallbearers were William Howard, T.M. McPhearson, Monroe Jackson, Richard B. Davis, James L. Davis and Gary L. Davis.

ORDINANCE NO. 434 AN ORDINANCE FIXING THE TIME AND MANNER OF PAYING THE AD VALOREM TAXES LEVIED FOR THE USE AND BENE-FIT OF THE GOVERNMENT OF THE CITY OF ROCKPORT, TEXAS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS: Section 1. That the ad valorem taxes hereafter levied by the governing body of the City of Rockport, Texas, each year shall become due on the first day of October of the year for which the levy is made and may be paid up to and including the following January 31st without penalty; but if not so paid, such taxes shall become delinquent on the following day, February 1st, and the following penalty shall be payable thereon, to-wit:

(a) Three percent (3%) discount on ad valorem taxes due the City if such taxes are paid within the month of March, two percent (2%); April, three percent (3%); May, four percent (4%); June, five percent (5%); and on and after the first day of July, eight percent (8%). Such unpaid taxes shall bear interest at the rate of six percent (6%) per annum from February 1st of the year next succeeding the year for which such taxes were levied or assessed.

Section 2. Unpaid taxes for the assessment year 1977 and all prior years shall be considered delinquent as of February 1st of the year next succeeding the year for which such taxes were levied or assessed and shall be subject to a penalty of eight percent (8%) and interest at the rate of six percent (6%) per annum from the date of their delinquency.

PASSED AND APPROVED this 12th day of SEPTEMBER, A.D., 1977.

s/Walter S. Falk, Jr., Mayor City of Rockport, Texas

ATTEST: Herman C. Johnson, City Secretary

...public notice...irb... ORDINANCE NO. 433 AN ORDINANCE PROVIDING FOR DISCOUNT ON AD VALOREM TAXES PAID IN ADVANCE. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS:

Section 1. All taxpayers shall be allowed discounts for the payment of taxes due the City of Rockport, said discounts to be allowed under the following conditions:

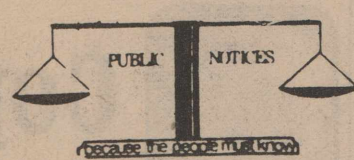

(a) Three percent (3%) discount on ad valorem taxes due the City if such taxes are paid within the month of March, two percent (2%); April, three percent (3%); May, four percent (4%); June, five percent (5%); and on and after the first day of July, eight percent (8%). Such unpaid taxes shall bear interest at the rate of six percent (6%) per annum from February 1st of the year next succeeding the year for which such taxes were levied or assessed.

Section 2. Unpaid taxes for the assessment year 1977 and all prior years shall be considered delinquent as of February 1st of the year next succeeding the year for which such taxes were levied or assessed and shall be subject to a penalty of eight percent (8%) and interest at the rate of six percent (6%) per annum from the date of their delinquency.

PASSED AND APPROVED this 12th day of SEPTEMBER, A.D., 1977.

s/Walter S. Falk, Jr., Mayor City of Rockport, Texas

ATTEST: Herman C. Johnson, City Secretary

If paid during the month of February, one percent (1%); during the month of March, two percent (2%); April, three percent (3%); May, four percent (4%); June, five percent (5%); and on and after the first day of July, eight percent (8%). Such unpaid taxes shall bear interest at the rate of six percent (6%) per annum from February 1st of the year next succeeding the year for which such taxes were levied or assessed.

Section 2. Unpaid taxes for the assessment year 1977 and all prior years shall be considered delinquent as of February 1st of the year next succeeding the year for which such taxes were levied or assessed and shall be subject to a penalty of eight percent (8%) and interest at the rate of six percent (6%) per annum from the date of their delinquency.

PASSED AND APPROVED this 12th day of SEPTEMBER, A.D., 1977.

s/Walter S. Falk, Jr., Mayor City of Rockport, Texas

ATTEST: Herman C. Johnson, City Secretary

...public notice...irb... ORDINANCE NO. 429 AN ORDINANCE AMENDING THE ZONING MAP OF THE CITY OF ROCKPORT, TEXAS.

WHEREAS, certain requests for a special use permit and rezoning of properties within the City of Rockport, Texas were heard at a Joint Public Hearing by the City Council and the Planning and Zoning Commission of the City of Rockport, Texas on August 22, 1977; and after a meeting of the Planning and Zoning Commission, recommendations were made to the City Council; City Council at their Regular Meeting held on August 22, 1977 granted the Special Use Permit regarding said properties as shown hereafter and granted the rezoning of said properties as shown hereafter; the zoning map shall be amended accordingly.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS:

Section 1. The request of Leon M. Eschberger, Lion Enterprises, Inc., for a Special Use Permit has been granted to allow for a Boutique to be operated in a building located at 1405 Broadway, being 4.5' of Lot 3 and all of Lot 4, Block 309, Smith and Wood Division.

Section 2. The request of R.E. Harist, Curtis Harist and Ettoil H. Eller for rezoning of Lots 9 thru 14, Block 124, Doughty and Mathis Division, has been granted and is hereby rezoned from R-2 Residential to R-3 Duplex and Apartments.

Section 3. The request of Juanita Wagley for the rezoning of Lots 13 thru 16 and fraction of Lots 1 thru 4, Block 252, Smith and Wood Division, has been granted and is hereby rezoned from R-1 Residential to B-2 Business.

Section 4. This ordinance shall be published in full one time in the official newspaper of the City of Rockport, Texas and shall be in full force and effect from and after such publication.

PASSED AND APPROVED this 12th day of SEPTEMBER, 1977.

City of Rockport, Texas s/Walter S. Falk, Mayor

ATTEST: Herman C. Johnson, City Secretary

ORDINANCE NO. 431 AN ORDINANCE ADOPTING AND APPROVING THE BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 1977 AND TERMINATING SEPTEMBER 30, 1978, AND MAKING APPROPRIATIONS FOR EACH DEPARTMENT, PROJECT AND ACCOUNT.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS: Section 1. Subject to the applicable provisions of the State Law, the budget for the fiscal year beginning October 1, 1977, and terminating September 30, 1978, as filed and submitted by the Mayor, and adjusted by the City Council, containing estimates of resources and revenues for the year from all of the various sources, and the projects, operations, activities and purchases proposed to be undertaken during the year, together with the estimated costs thereof, and estimated amounts of all other proposed expenditures, is hereby approved and adopted.

Section 2. There is hereby appropriated from the funds indicated and for such purposes respectively, such sums of money as may be required for the accomplishment of each of the projects, operations, activities, purchases and other expenditures proposed in such budget, not to exceed for any such purposes proposed for the department, the total of the estimated costs of the projects, operations, activities, purchases and other expenditures proposed for such department.

Section 3. This ordinance shall take effect and be in full force from and after its passage and it is so ordained.

PASSED AND APPROVED this 12th day of SEPTEMBER, A.D., 1977.

ATTEST: Herman C. Johnson, City Secretary

ORDINANCE NO. 430 AN ORDINANCE ALTERING THE WIDTH AND ABANDONING A PORTION OF A PLATTED STREET WITHIN THE CITY LIMITS OF THE CITY OF ROCKPORT, TEXAS. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS:

Section 1. A portion of a platted street (but unimproved and not being used for municipal purposes) within the City of Rockport, Texas, to-wit: Reduce Morgan Street from one hundred feet (100') to eighty feet (80'); portion of street to be reduced being ten feet (10') adjacent to and abutting the Southerly boundary line of Lots Eight and Sixteen (8 & 16), Block One Hundred Twenty-Three (123), Doughty and Mathis Division; portion of street to be reduced being ten feet (10') adjacent to and abutting the Northerly boundary line of Lots One (1) and Nine (9), Block One Hundred Twenty-Four (124), Doughty and Mathis Division;

Section 2. The portion of street hereby closed and abandoned is further identified by the attached plat, which plat is made a part of this ordinance for all pertinent purposes; the portion of street hereby closed and abandoned being shaded in red.

Section 3. The abutting property owners will have the rights that are granted under law to abutting property owners of a street when the street, or a portion of the street, is abandoned.

Section 4. This ordinance shall be published in full one time in the official newspaper of the City of Rockport, Texas, and shall be in full force and effect from and after such publication.

PASSED AND APPROVED this 12th day of SEPTEMBER, A.D., 1977.

City of Rockport, Texas s/Walter S. Falk, Mayor

ATTEST: Herman C. Johnson, City Secretary

ORDINANCE NO. 431 AN ORDINANCE ADOPTING AND APPROVING THE BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 1977 AND TERMINATING SEPTEMBER 30, 1978, AND MAKING APPROPRIATIONS FOR EACH DEPARTMENT, PROJECT AND ACCOUNT.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS: Section 1. Subject to the applicable provisions of the State Law, the budget for the fiscal year beginning October 1, 1977, and terminating September 30, 1978, as filed and submitted by the Mayor, and adjusted by the City Council, containing estimates of resources and revenues for the year from all of the various sources, and the projects, operations, activities and purchases proposed to be undertaken during the year, together with the estimated costs thereof, and estimated amounts of all other proposed expenditures, is hereby approved and adopted.

Section 2. There is hereby appropriated from the funds indicated and for such purposes respectively, such sums of money as may be required for the accomplishment of each of the projects, operations, activities, purchases and other expenditures proposed in such budget, not to exceed for any such purposes proposed for the department, the total of the estimated costs of the projects, operations, activities, purchases and other expenditures proposed for such department.

Section 3. This ordinance shall take effect and be in full force from and after its passage and it is so ordained.

PASSED AND APPROVED this 12th day of SEPTEMBER, A.D., 1977.

s/Walter S. Falk, Jr., Mayor City of Rockport, Texas

Cancer Society Offers Help

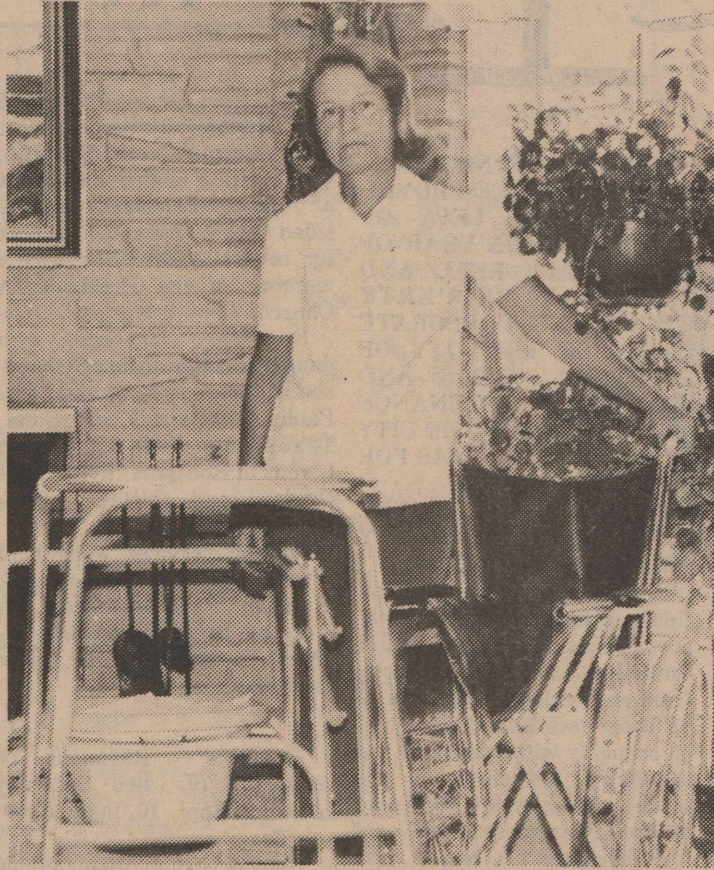

A cancer cure does not stop when the patient leaves the hospital. For many people, it is an on-going process and the person involved has need of many items in the rehabilitation process. For the residents of the Aransas County area, help is available, thanks to the Aransas County Chapter of the American Cancer Society.

"The services offered to cancer patients goes beyond information and advice," says Barbara Armstrong, service and rehabilitation director for the chapter. "We have many types of equipment such as walkers, wheelchairs, commode chairs and even the beds and mattresses that are needed. These are for loan," Mrs. Armstrong said.

Sickroom equipment and expendable supplies are just a part of the services offered by the organization. Counseling is available as is transportation by volunteers for local patients to treatment centers. Post laryngectomy speech lessons can be given and help for the mastectomy patient can be arranged.

All of this is available through the local chapter. "The trouble often arises because of the telephone number that we give," stated Mrs. Armstrong. "The number to call for help is 729-2372. Now that is the CP&L number and many people hang up. If they will just explain to the person answering the phone, the message will get to us. We needed a number that is answered all day and that's why we use theirs," she went on to explain.

Mrs. Armstrong emphasized that any area resident needing help with a cancer case should call upon the group. "Our function is to fight the killing disease and that's what we try to do," she said.

BARBARA ARMSTRONG DISPLAYS SOME OF THE EQUIPMENT available to area residents recovering from cancer. The articles are for loan through the Aransas Chapter of the American Cancer Society. (Pilot Staff Photo)

Area Water Quality Good

Oil and petrochemical spills pose only a slight problem for the Rockport Harbor according to a study done by the Coast Guard in a 37 month period.

This is found in the second major report in the Coastal Bend Council of Governments' Water Quality Study.

Of the total spills reported, for the entire coastal bend, 37 spills were larger than 1,000 gallons. The area hardest hit with this problem were the Inner Harbor, Nueces Bay and the Corpus Christi Ship Channel.

Redfish Bay, which includes Aransas Channel, Port Aransas, Aransas Bay and Oso Bay, were also reported to have some problems with the spills.

A public hearing on the report on existing water quality problems was held Monday, Sept. 12. Comments were received from the public at that time.

The next series of reports will deal with solving existing water quality problems and maintaining high water quality standards.

Mosquito Spraying Will Resume Soon

Until a shipment of mosquito spray arrives, residents of Aransas County will be swatting insect pests, according to discussion at the regular weekly meeting of the county commissioners last Wednesday.

County Judge John Wendell said that the county's supply of mosquito spray was depleted, and asked commissioners to inform him when the supply began to get low. The spray must be ordered from New Jersey and delivery time is often lengthy.

A receipt presented to the court indicated that the spray had been shipped, but it might be several days before the county received the two drums of chemicals. Wendell said that spraying would resume as soon as the chemicals arrived.

In other actions the commissions approved \$260,000 in bonds issued by school districts in Louisville, Denton, Plane, Katy, Conroe and other Texas communities. The bonds have all received the Attorney General's approval.

Senate Bill 412, concerning the cement truck load limit on county roads, came under discussion at the meeting, and the commissioners decided not to enforce any special restriction on cement haulers. The county has had a good relationship with haulers in the past, and has been reimbursed for any damage which cement trucks have caused to county roads.

A final action by the court gave approval to John Lewis to lay a six-inch water line in the Peninsula Oaks subdivision.

Nursing Home News

The Aransas Pass Nursing and Convalescent Center had a quiet Labor Day and the activities for the rest of the week were varied. Thursday morning, the ladies from the Pentecostal Church of God of Aransas Pass came out and had their weekly program of songs and meditation.

These ladies have been very sincere and faithful for over three years and we appreciate their love and concern for our people.

Thursday afternoon, the Aransas Pass Rebekahs were out to play bingo for fruit with our residents. Friday morning, Bonnie and Jean were here for their weekly paint class.

Once again, I must say everyone and every group who volunteered their time and talents week after week and month after month, are greatly loved by all of us.

Sunday afternoon the Pastor and members of the Ingleside Church of Christ were here for their "group singing" program.

A big thanks to all who bring flowers for our residents to enjoy. A big thanks to Arthur, our volunteer barber, for coming last month.

Draw Party Scheduled

A draw party to select partners for the mixed doubles tennis tournament for the benefit of the Aransas American Heart Association set for next Saturday, will be held Friday at 6 p.m. at Little Bay Club. Co-sponsor of the tournament is the Rockport Tennis Association.

The tournament will be played at Rockport Racquet Club starting at 8 a.m. Saturday, with the final match in the afternoon to be followed by an exhibition match between professional players yet to be named.

Dr. H.H. Lutz, president of the local heart association and a member of the tournament committee, reported that the Little Bay Club management will provide appetizers, and drinks will be available.

Players will be paired for the tournament by lot at the draw party.

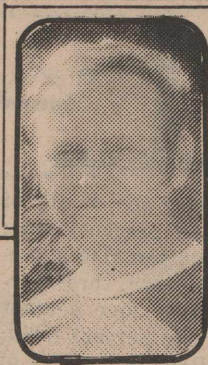

Representing the Rockport Tennis Association on the tournament committee are Dave Roaten and Reese Rozzell, association president. Players, their families and others interested are invited to the draw party.

All proceeds from the tournament, except cost of trophies and balls, will go to the Heart Association. The Racquet Club is providing use of its tennis courts without charge. Beer and soft drinks will be sold courtside by Heart Association members.

Trophies will be awarded winners and runners-up in the tournament. Deadline for entries is Thursday afternoon. Players may enter either in person or by telephone at pro shops of the Racquet Club and Key Allegro Tennis Club.

The tournament is the latest in a series of benefit affairs sponsored by the Heart Association to raise funds for educational material, live-saving training and for training aids. In recent months, the association has sponsored bowling, fishing and golf tournaments. It will have booths at SeaFair to display educational material and to offer free blood pressure tests.

ON POLITICAL PARTIES MADRID, SPAIN—Spain's ultraconservative parliament voted to permit political parties to operate but acted only after receiving assurances that the Communist party will remain banned.

Copano Cove

Jerry and Roger Larimore

Birthdays this week: Ann Larimore, Helen Chittenden and Carol Brooker.

Bill Franklin was taken to Spohn Hospital to have his leg operated on because of a blood clot. Good luck Bill. Mrs. Travis Johnson has had an accident with her knee. She has a cast on it now and she will be going to Spohn to have it checked. She may have an operation on it. We'll check on them so we can let you know how both of them are doing.

For the other side of the news, Rev. and Mrs. Barton had as their guest, Kernell Hagar from San Antonio. He is Rev. Barton's cousin. After their visit, the Bartons went to Houston to visit Mrs. Barton's

brother, Dr. Pokorny, a psychiatrist affiliated with Baylor University. They attended Brethren Church where Rev. Barton conducted services.

Mr. and Mrs. Tom Moulton spent last weekend in Honda, Texas, so Tom could do some dove hunting. We are waiting to find out how he did.

We like to feature different families each week; sort of a get-to-know-your neighbor forum. We invite comments about the articles and are interested in introducing the people in Copano Cove.

This week we want to introduce you to the Chittendens. Have you ever lived close enough to a drive-in grocery so as to be able to stop in several times a day? One of our good

neighbors is Jim and Helen Chittenden. Jim and Helen were married in 1971. They have two handsome children, Jamie, 5 and Karen, 2. Jamie likes to play his guitar that his dad gave him. Now if you've never seen a five year old carrying around a regular full size guitar, strumming away on it, you've really missed something. All we can say is, "Look out Chet Atkins!" Little Karen loves to sing and she will anytime you ask her. We caution you, she'll ask you to dance while she is singing. Get on your ole tap shoes and you and Karen can have a good ole hoedown. Karen is a typical two and a half year old who can be seen with the little thumb in mouth. When a fellow by the name of Donnie comes into the store, Karen will run to you and ask you to hold her thumb until Donnie leaves. It seems that Donnie once told her that since her thumb tastes so good, he wanted to have it for himself. She doesn't want to give it to him.

Jim and Helen are two people that have a smile for everyone they meet. Their store is a real community center in this neighborhood.

Jimmy works at Rockport Yacht & Supply besides helping his wife at the store when he can. Helen can be seen sewing clothes for her children in the store at times. She is very good at it and really enjoys it.

You can always stop any time for a visit with the Chittendens. They will always make you feel at home. They have donated time and several items to our developing Volunteer Fire Department. Jim makes the meetings when he can. They are great people, so why not drop in and meet them. We know you will really enjoy visiting with them.

Circle One Meeting Held

Thirteen members of Circle One of the First Presbyterian Church met on September 8 for a meeting hosted by Mildred Hatley. The Least Coin Meditation was given by Agnes Reasor, and Gertrude Mills asked for reports from the secretary and the treasurer.

A letter of thanks from ACHVI was read—\$100 was donated to the Medical Facility Fund.

The annual meeting of WOC will be on September 15 at 10:00 a.m. A salad luncheon will take place at noon, with reports of old officers and election and installation of new officers the business of the day.

A regional meeting will be held on September 29 at Jackson Wood Church in Corpus Christi. Registration will be at 9:00 a.m. with a barbecue lunch at noon (\$3.00 a plate).

Ozella Schleider, secretary pro tem, gave a report from the Castaways.

Sara Bates led the continuing study of Ephesians.

Gertrude Mills introduced the new chairperson, Ben L. Long. Nell Brant will be co-chairperson, Sara Bates will be the secretary and Ozella Schleider will be the treasurer. Agnes Reasor will continue to give the Least Coin Meditation and Mildred Hatley will be in charge of "These Days."

The October meeting will be held in the church with Sara Bates as hostess and Gertrude Mills as moderator. The date is October 13.

Sorority Hears Reports

The Gamma Psi Chapter of the Delta Kappa Gamma Society International met at 9:30 a.m. on Saturday, September 10, at Grace Lutheran Church in Sinton.

The meeting was called to order by the Chapter president, Mrs. Nadeane Barber. The invocation was given by Betty Baker.

After the business meeting, during which committee meetings were held, three members gave reports on the convention of the Alpha State Organization. It was held in Houston during the month of June.

Mrs. Barber gave a brief report about the National Convention of the Society in Salt Lake City which she had attended during the summer.

Members from the Rockport-Fulton area who attended the meeting were Elsie Barton, Alta Cermin, Margaret Harris, Helen McCague and Sue Randow.

We hope you never have to pay for a call to Directory Assistance.

This free Personal Directory will help.

Since Directory Assistance Charging has been in effect, by far the overwhelming majority of our customers have not been charged in any given month.

We're glad. We don't want your 20 cents.

To prove the point, we're offering a free Personal Directory for each member of your family. It's a handy way to keep up with those frequently called numbers. It's also a great place to jot down the numbers you do get from Directory Assistance within your 10-call, no-charge allowance, and avoid the 20-cent charges.

The Personal Directory is practical, too, for listing emergency numbers, street addresses and zip codes.

Just fill in and mail the coupon below to get a free Personal Directory. Use it to start your own directory assistance and avoid Southwestern Bell paying for ours.

"Snowbirds" Help Texas Economy With \$800 Million In Purchases

Now that Labor Day is over, and the summer vacationing months have closed out, the merchants and businesses in the Rockport-Fulton vicinity will turn their interests toward the long-term vacationer, the "snowbirds" or "winter Texans."

Statistics revealed by the State Department of Highways and Public Transportation indicate that the long-term visitor has a large impact on the tourism business in the state, with spending totals topping the \$800 million mark.

The anticipated snowbird, on the average, will spend nearly

85 days in the Lone Star State, compared to only six and a half days for the short-term vacationer. Despite the fact that only six per cent of the vacationers arriving by auto will be long-termers they will nevertheless drive an average of 3,133 miles in Texas, almost three times as much as the week-long visitors.

In their turn around the state, the snowbirds will spend an average of \$1,700 in Texas, while the other vacationers will splurge for an average of only \$331.

Both groups average slightly more than two persons per party, but the long-term vacationers come by and large for the vacation, while short-term vacationers are quoted as frequently mixing business with pleasure.

Short-term travelers visit the various regions of Texas almost in equal amounts, but the long-term visitor has a preference for the southern regions, including the Valley and the lower coastal regions. A million-plus winter Texans visit the state each year, and 45 per cent of those persons head

for the Valley region. San Antonio, McAllen and Brownsville are their preferred cities.

A pleasant surprise to the business in the Rockport-Fulton vicinity which rely on the out-of-state winter visitor is that those who come to stay in this area will more than likely remain here for the duration of their stay. Three out of four snowbirds show a preference for "settling down" during their stay, rather than roaming the state, and only one per cent will venture into another state.

Letters To The Editor

Gentlemen:

Thought you might be interested in the enclosed snapshot from California.

My husband and I are planning to retire in Rockport around the first part of April, 1978, and we truly appreciate your Chamber of Commerce sending us the bumper stickers for our vehicles.

We enjoy receiving your paper every week and are looking forward to being part of your community.

Your very truly,
Mrs. Glenn E. Brown

Involvement Marks Judge's Career

"To be involved with the concerns of people is to live a full life," remarked Judge Rachel Littlejohn Saturday, Sept. 10, when she was honored by the Texas Federation of Business and Professional Women's Club, Inc., at the District 13 conference as the Woman of the Year.

Judge Littlejohn is the presiding officer of the 156th District Court and the only woman District Court judge in the state of Texas.

A native of England, Judge Littlejohn has lived in the United States for more than 30 years and has been citizen for 30 years.

She is married to Dr. Lacy W. Littlejohn, a petroleum engineer and geologist. They have two children and make their home in Beeville.

Educated in English schools, she completed her education in the United States, graduating from Baylor University (B.A. cum laude) and Texas Woman's University (M.Sc.). Her legal education was obtained at Baylor University School of Law.

Judge Littlejohn was a member of British military intelligence during World War II.

After graduation from law school in the United States, she set up practice in Beeville, from 1950 through 1974.

In January of 1975, she took office as the judge for the 156th Judicial District, having been elected in 1974.

Judge Littlejohn is deeply interested in the welfare of children and young people. For many years she has been on the advisory board of the Order of Rainbow for girls in Beeville. She has also been a troop leader of Girl Scouts, a den mother for

Cub Scouts and frequently assists in Boy Scout training programs.

She is the organizer and active sponsor of the Family Counseling and Guidance Service in Beeville. Due to the large number of divorce cases and juvenile delinquent problems that came into her court, Judge Littlejohn decided that help was needed and proceeded

to set up the service.

Judge Littlejohn belongs to many service clubs and professional organizations including the State Bar of Texas, the American Bar Association, and the American Association of University Women.

The 156th District Court includes Aransas, Bee, Live Oak, McMullen and SanPatricio counties.

State Of The Region

Industry has many faces. We are inclined to think of it as the big manufacturing plant, producing plastic or metal products, large and behind guarded fences. Following this line of thought, we don't classify our farm and ranch communities as industrial centers. They are.

As an example, take a look at the industry in the City of Taft. Offhand, you might not be able to name industries there, other than that of harvesting the fruit of the land. But Taft has a surprising number of industries: prosperous, growing, providing jobs, and circulating money in Taft and in larger cities of the region.

Granted, all the industries relate to agriculture, but that makes them no less valuable in themselves.

A fertilizer plant is a rapidly growing industry. Trainloads of chemicals arrive and are mixed to the farmer's prescription. Testing soils and enriching them is carried out here scientifically and with the best available equipment.

The fertilizer plant is building on a new site, and in so doing is the customer of another Taft industry, the manufacturer of steel tanks. Another relatively new industry manufactures tanks and other products of fiberglass.

Seed are the products of two industries, one of which is a wholesaler, serving multiple counties, and the other operates a research lab, experimenting primarily with grain hybrids.

Two of the largest implement companies in the region are headquartered in Taft. Today's farm equipment is sophisticated and expensive: huge combines with air-conditioned cabs, cotton pickers and modules and numerous other mechanisms which make farming more efficient. Their cost is great, yet the farmer can no longer produce profitably without them.

Grain elevators, cotton gins, bulk stations for petroleum products are all stable, desirable industries.

Aerial spraying is another growing industry in Taft. High fuel costs have made it necessary to put in service larger crop dusting planes that can carry sufficient fuels and loads of herbicides and insecticides to spray extensively before returning to refuel and reload.

All of these industries sell to and service customers in many counties, some of them across Texas and into Louisiana. Many are owned by second or third generation families. They expand to meet changing and developing needs. They are totally integrated into the community and this part of the state.

Essential partners to both the industries and the farmers are the banks, two of them in Taft. Today, delivery of fertilizer, a pesticide, a piece of equipment represents thousands of dollars. Building inventories call for equally large outlays of money. The banker, the farmer, the industrialist have to work to-

gether if operations are to be continually upgraded.

Local government reflects the prosperity or the setbacks of the farmer as accurately as does local industry. Gilbert Baird, Taft city manager, said that even water revenues drop if farmers have a bad year. Recently, good years have been the rule. The City of Taft is in the favorable position of having no outstanding tax bonds.

If you haven't realized how much industry your own town has, look around. You may find a surprising number of industries which are economic resources. And they are the type that are not apt to close down and move away on the slightest pretext. You can count on their jobs and their spending power.

Trade in your old color TV. And save up to \$100 on a ColorTrak.

Your old color set is worth up to \$100. Regardless of working condition. Just trade it in on any 25-inch diagonal ColorTrak during RCA Trades Fantastic.

Tax Collections Reach New High

AUSTIN—State Comptroller Bob Bullock announced Tuesday that tax collections by his office for the 1977 fiscal year ending August 31 were the highest in the state's history, totaling a record \$4.194 billion.

This is about \$651 million above the previous high set in fiscal 1976 when collections totaled \$3.5 billion. The state fiscal year runs from September 1 through August 31.

(The \$4.194 billion figure includes \$351.5 million in city sales taxes which are collected and processed by the Comptroller's Office.)

Bullock said another record was broken last August when his Revenue Processing Division deposited \$594.6 million, the largest deposit for a single month in the state's history.

The previous record was set in May 1977 when a total of \$540 million was deposited in the state treasury.

Bullock said that increases in sales, motor and special fuel and oil and natural gas revenues, coupled with intensified collection efforts by his office, account for the record collections.

State sales tax collections for the year were up 15 percent over fiscal 1976, city sales tax revenues were up 14.9 percent, motor and special fuels collections were up 4.5 percent and oil and natural gas taxes were up a combined 15.7 percent, Bullock said.

Bullock said his auditors uncovered some \$91.5 million in tax deficiencies in fiscal 1977, a 27 percent increase over the previous year. This is additional tax money uncovered by audits that otherwise would have gone uncollected.

Wieting Is Appointed

State Rep. Leroy Wieting of Portland has been appointed to the Texas Coastal and Marine Council by House Speaker Bill Clayton.

The council serves as an advisory body to the legislature on coastal resources and other marine-related affairs. House appointees include three House members.

Wieting is serving his eighth term in the House.

SeaGun Restaurant To Offer New Image

"It's just a five minute drive as the crow flies and I certainly want to invite the Rockport and area residents to come out for lunch and dinner and any time they want to," says Jim Shatner, new manager of the SeaGun restaurant recently. "A person can come out here, have a restful relaxed lunch and be back in time for the afternoon's work," Shatner emphasized.

The SeaGun restaurant has a reputation of fifty years' standing for good food and good service. Located in one of the larger resorts on the Texas

coast, the restaurant caters to vacationers, sportsmen and tourists. "I just want our area people to know that they are welcome here. In fact, we want to become known to the hometown folks as well as we are known statewide," Shatner went on.

The restaurant features a full menu with moderate prices. Specialties of the house include seafood, steaks and salads. The service is excellent and everyone working at the restaurant is completely trained in service and courtesy.

"I think one of the reasons that people come to the area is to relax and have a good time," Shatner explained. "That's why our atmosphere is casual."

The next time that you wonder where to go for lunch or dinner, make a visit to the SeaGun restaurant. It will be the first of many visits.

Misty View

When you look through the window on a rainy day everything beyond the pane seems blurred in wavy wetness. Even the familiar objects, like the sidewalk and the mailbox seem distorted.

Sometimes the same thing can happen with another kind of view — when we look at ourselves, trying to find meaning and perspective in our own lives. For there are moments when we are at odds with the world and the ones we love, when we don't know where to turn next.

Well — how about turning to the Church? Just go to church, even if you haven't gone for a long time, even if you've never gone, for that matter. Sit back and relax, and let yourself and your problems swing back into focus, there within God's House.

Funny thing about it... it works.

Friday, Sept. 23

Fried fish, catsup, au gratin potatoes, winter-mix vegetables, bread, iced cake squares and milk.

Note

These menus are subject to change without notice depending upon availability and delivery of foods.

TEC Opens Local Office

A drive to Corpus Christi is no longer necessary for those area residents seeking work. The Texas Employment Commission has opened an office at Aransas Pass and soon plans to open a Rockport office once a week, according to Rita Stansell, TEC field representative. The office in Aransas Pass is open Monday through Friday from 8:00 a.m. to 5:00 p.m. The office is in the annex building of the Aransas city hall.

"We are trying to handle all types of jobs for the area and its residents," Ms. Stansell said. "We also need for local and area employers to let us know the jobs that are available and see if we can fill them," she added.

Ms. Stansell is well acquainted with the area and was involved with the Community Action Center in Sinton before going to work for the Texas Employment Commission.

The number at the Aransas Pass office is 758-5011.

Local Airmen Completes Training

The son of a Fulton couple has been assigned to Aviano Air Force Base, in Italy, following graduation from the security police specialist course at Lackland Air Force Base.

Airman Thomas Tebbe, son of Mr. and Mrs. Daniel F. Vargas, was trained in security and law enforcement and will now serve with a unit of the U.S. Air Forces in Europe. Completion of the course earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

The airman is a 1977 graduate of Rockport-Fulton High School.

Chris Ely Watercolors on Display At Local Bank

Artist of the month at First National Bank is Chris Ely, widely known painter, whose watercolors are on display in the bank's alcove.

The month-long exhibit is the latest in a series of mini-art shows arranged by the bank's Art Committee, led by Gladys Gibson.

Ms. Ely, who was born in Colmar, New Mexico, and

reared in Fort Collins, Colorado, says her life-long interest in art first surfaced when she was in grade school, adding that her parents encouraged this interest and sent her to Colorado State College of Education where she earned a B.S. degree in Art.

After college, she studied with Milton Zornes and Zoltan Sebo. Although she specializes

in watercolors, she has done a great many pen and ink sketches which have been reproduced in postcard size for display and sale in some 50 locations throughout the Coastal Bend area.

Before moving to Rockport in 1970, she operated a studio-gallery in Taos, New Mexico.

Her local studio and its adjacent gallery are on Cactus Street in Fulton.

Ms. Ely says she usually spends her mornings working in the studio and afternoons in her "Little Gallery." Marine oriented scenes and birds, especially gulls, are her favorite subjects.

Chris Ely

Senator Tower Is Familiar With Small Towns

Senator John Tower, scheduled to speak at the meeting of the Texas chapter of the American Association of Small Cities in Port Aransas, October 1, is no stranger to small towns. "I know about small communities and I know their problems," he commented in a recent interview. "I grew up in small towns and I hate to see them diminishing in any way and I think they can be and should be preserved," he concluded.

A native Texan, John Goodwin Tower was born in Houston on September 29, 1925, the son and grandson of Methodist ministers. He grew up in a number of East Texas communities and was graduated from Beaumont High School.

Tower enlisted in the Navy at age 17 shortly after the outbreak of World War II and saw combat duty on a gunboat in Asian waters. Proud of his Navy background, Tower, a Chief Petty Officer, is the only enlisted reservist in Congress.

Tower attended Southwestern University in Georgetown, Texas, receiving a bachelor's degree in political science. He earned a master's degree in political science from Southern Methodist University in Dallas. He also did postgraduate work at the University of London.

A former professor of government at Midwestern University in Wichita Falls, Tower won a special election in 1961 for the Senate seat of Lyndon B. Johnson. Tower was re-elected by 200,000 votes in 1966 and re-elected in 1972 by more than 300,000 votes.

As chairman of the Senate Republican Policy Committee, Tower is a key member of the GOP leadership in the Senate. He now ranks 6th in seniority among Republicans. Tower is senior Republican on the Senate Armed Services Committee and second ranking on the Senate Banking, Housing and Urban Affairs Committee. Tower also is a member of the newly-formed Senate Ethics Committee and the Joint Committee on Defense Production. In addition, Tower serves on the National Transportation Policy Study Committee.

Tower is a trustee for Southwestern University and Southern Methodist University. He is past Worthy Grand Master of Kappa Sigma Fraternity. He is a 32nd-degree Mason and Shriner and is a member of the American Association of University Professors, the American Legion, the Texas Historical Society, the Texas Philosophical Society, the University Kiwanis Club and the Methodist Church.

Tower is married to Lilla Burt Cummings of Washington, D.C. He has three daughters, Penny, Marian and Jeanne, who live in Dallas. The Towers reside in Washington, D.C. He maintains his official residence in Wichita Falls, Texas.

Area Deaths GOVE

Funeral services were conducted last week for Mary S. Gove, 80, who died last Tuesday in a Corpus Christi hospital.

Mrs. Gove, a resident of Rockport for the past 12 years, was a native of Bangor, Pennsylvania. She was a member of the Lutheran Church.

Survivors include a son, John Gove of Rockport; three daughters, Mrs. Jo Lee McConnell and Miss Judith L. Gove of Rockport and Miss Jacqueline L. Gove of Portland.

Interment will be in Fairview Cemetery in Pen Argyl, Pennsylvania, where the funeral services were conducted.

JACKSON

Funeral services were conducted last week for Francis Harold Jackson of Fulton who died last Sunday in a Corpus Christi hospital.

Jackson, 82, was born in Wolfe City, Texas and had lived in Fulton since 1957. He was a member of the Gospel Light-house in Rockport and was a World War II veteran with service in the U.S. Navy.

Survivors include a daughter, Mrs. Mary Louise Mount of Fulton; two granddaughters, Emily and Melanie Murph of San Marcos, Texas; two grandsons, Howard and Larry Murph of Rockport and Houston.

Funeral services were conducted at the Gospel Light-house in Rockport and at the Settegast-Kopf Funeral Home in Houston with Lesley Crawford officiating. Interment was in Forest Park Cemetery.

Thinking Slim

BY JEAN NIDETCH

Well, I almost did it and am I glad I didn't. By this time, you know how strongly I feel about missing meals. Whether you're on a weight control program or not, but especially if you are, it's absolutely vital that you eat three meals a day. Why?

To satisfy your natural hunger, for one thing; to institute regular eating habits if you've been lax about them in the past; and to keep you from going so long without eating that you end up stuffing yourself with everything in sight until you can't budge, and you've gained three pounds.

Well, there was this one day a couple of weeks ago that really put me in a crunch. My calendar couldn't have been fuller. It began early in the morning with meetings about this, meetings about that, and an appearance on a television program later on in the afternoon.

Now let me ask you: if you were going on television, what would you do beforehand? Go to your hairdresser, of course, which is just what I did.

Usually, he's quite prompt but this day, just when I needed him, I found him backed up with clients.

The receptionist offered to order lunch in for me, but I thought there'd be time enough later on, so I only asked for a cup of bouillon.

Suffice it to say, my time for lunch never came. When I left the hairdresser, with nerves frazzled, I only had time to make it to the television studio. I had a beautiful head of hair and a stomach crying out for food! And what did I find when I entered the make-up room? A make-up artist who was keen on junk food and surrounded himself with pretzels and potato chips.

I had to call on every thing I learned about control not to indulge myself. Of course, pretzels and potato chips are allowed on our Maintenance Plan, but hungry as I was, these were no substitutes for a nutritious meal.

Somewhat I held out, blaming myself for not eating lunch at the hairdresser's, but looking forward to a lovely legal dinner. I had just that after the TV show and while I enjoyed it, I vowed never to let bad planning put me in such jeopardy again!

Don't you indulge in bad planning, either. Have that lunch, no matter what. Your body will thank you for it.

Shrimp Landings Up For Aransas County Area

Close to two and a half million pounds of shrimp were landed in the Rockport-Fulton area for the month of July according to figures released by the state. Statewide, the total exceeded 10 million pounds valued at 18 million dollars. The area is running slightly behind figures for the same time last year.

The 1977 brown shrimp season began in July in Gulf waters controlled by the state. Catches were good from south of Cameron, Louisiana to northeast of Port Isabel, Texas. Trip catches ranged from 400-2,000 pounds per night. The season looks good in all producing areas. White shrimp catches were restricted to waters adjacent to major passes in the Gulf and at the close of the month, major bays had a fair to good crop of small white shrimp.

Blue crab landings of 1.1 million pounds were the highest monthly volume in several years. Heavy fishing pressure and good landings from waters in the southern part of the state accounted for the current increase. Fishermen received about 25 cents per pound for live crabs.

Finfish landings were very poor throughout July. Hot dry weather caused most of the decline.

Twelve new large vessels entered the Texas shrimp fishery in July. One was lost at sea.

Junior Lyman-Roberts Auxiliary Elects Officers

The newly formed Junior Auxiliary at Lyman-Roberts Hospital got their feet wet this past Sunday by working their first shifts and assignments. In addition to their medical duties, the group also elected officers.

President of the group will be Shelly Dupnik. Other officers include Joe Black, vice-president; Molly Davis, secretary; Michel Lord, treasurer; and Jay Merit, historian.

The shifts began at 2:00 p.m. and lasted until 7:00 p.m.

Have You Heard This One? Doctor-You have acute appendicitis.

Wave-Listen, Doc, I came here to be examined, not admitted.

Not The Same Moore-"Did I understand that you bought this house for a song?"

Lesse-"Well, no, not exactly; what I did was to buy it on notes."

WEATHERALERT "Be Ready"

The weather radio that sounds an alarm when the weather's going to be alarming.

AUTOMATIC BATTERY TAKEOVER IF AC POWER FAILS. LEAVE THE UNIT ON BUT TURN THE VOLUME DOWN. IF THE NATIONAL WEATHER SERVICE PUTS OUT A BULLETIN, THE WEATHERALERT WILL EMIT A SIREN SOUND TO ALERT YOU.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION NOV. 8, 1977

NUMBER ONE ON THE BALLOT (S.J.R. 18)

S.J.R. 18 proposes an amendment to the Texas Constitution to provide for expanding the Court of Criminal Appeals from its current membership of five judges to nine judges and to permit the court to sit in panels of three judges.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment increasing the size of the Court of Criminal Appeals to nine judges, and permitting the court to sit in panels of three judges."

NUMBER TWO ON THE BALLOT (S.J.R. 13)

S.J.R. 13 proposes a constitutional amendment to provide for an additional \$200 million in bonds or obligations of the State of Texas for the Veterans' Land Fund and to allow surviving widows of veterans to purchase tracts under certain circumstances.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for an additional \$200 million in bonds or obligations of the State of Texas for the Veterans' Land Fund and to allow surviving widows of veterans to purchase tracts under certain circumstances."

NUMBER THREE ON THE BALLOT (S.J.R. 3)

Under current Texas law a person charged with a felony offense who has previously been convicted of two felony offenses may be denied bail. S.J.R. 3 proposes an amendment to the Texas Constitution which would also result in the denial of bail, for a limited time and subject to appeal, to a person accused of committing a felony while on bail for a prior felony for which the person has been indicted, or accused of a felony involving the use of

a deadly weapon after being convicted of a prior felony.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment permitting denial of bail to a person charged with a felony offense who has been theretofore twice convicted of a felony offense, or charged with a felony offense committed while that person was admitted to bail on a prior felony indictment, or charged with a crime involving the use of a deadly weapon where there is evidence such person has been convicted of a prior felony offense; providing for a 60-day limit to that person's incarceration without trial; and providing for that person's right of appeal."

NUMBER FOUR ON THE BALLOT (S.J.R. 5)

S.J.R. 5 proposes an amendment to the Texas Constitution authorizing the legislature to grant exemptions or other relief from ad valorem taxes on property designated for the preservation of cultural, historical or natural history resources.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing tax relief to preserve certain cultural, historical, or natural history resources."

NUMBER FIVE ON THE BALLOT (S.J.R. 19)

S.J.R. 19 proposes an amendment to the Texas Constitution authorizing the formation of associations authorized to collect certain refundable assessments from producers of poultry, livestock, and other raw agricultural or marine products and validating the 1967 law regarding the formation of such associations.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the formation of agricultural or marine associations which may mandate the collection of refundable assessments for improvement of production, marketing, or use of their products."

NUMBER SIX ON THE BALLOT (S.J.R. 49)

S.J.R. 49 proposes an amendment to the Texas Constitution to permit the legislature to authorize state and national banks to exercise banking privileges by use of electronic devices or machines located at such places as may be provided by law and authorizes the sharing of such electronic devices or machines among banks on a reasonable, non-discriminatory basis.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to give the legislature the power to authorize state and national banks to exercise banking and discounting privileges by use of electronic devices or machines."

NUMBER SEVEN ON THE BALLOT (S.J.R. 30)

S.J.R. 30 proposes an amendment to the Texas Constitution changing the name of the State Judicial Qualifications Commission to the State Commission on Judicial Conduct and making several changes in its powers and procedures. The most significant change would authorize the commission to suspend from office judges and justices under indictment.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment changing the name of the State Judicial Qualifications Commission to the State Commission on Judicial Conduct, and relating to the commission and the powers and proceedings of the commission, a master, or court of civil appeals justices serving in place of the supreme court, for the suspension, censure, removal, or involuntary retirement of a justice, judge, or justice of the peace under certain circumstances."

THURSDAY, SEPTEMBER 15, 1977-THE ROCKPORT PILOT-SECTION B, PAGE 7

AVISO PUBLICO

UN RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION
ELECCION GENERAL
8 DE NOVIEMBRE DE 1977

PROPOSICION No. 1 EN LA BOLETA (S.J.R. 18)

S.J.R. 18 propone una enmienda a la Constitución de Texas que requiere el aumento del número actual de cinco jueces en la Corte de Apelación Criminal a nueve y que permite la Corte sesionar en paneles de tres miembros.

La terminología de la enmienda propuesta como aparecerá en la boleta es como sigue:

"La enmienda constitucional aumentando el número de miembros de la Corte de Apelación Criminal a nueve jueces, y permitiendo que la Corte sesione en paneles de tres miembros."

PROPOSICION No. 2 EN LA BOLETA (S.J.R. 13)

S.J.R. 13 propone una enmienda a la Constitución que suministraría 200 millones de dólares más en bonos u obligaciones del Estado de Texas para el Fondo de Tierras de Veteranos y que permitiría a viudas sobrevivientes de veteranos comprar terrenos bajo ciertas circunstancias.

La terminología de la enmienda propuesta como aparecerá en la boleta es como sigue:

"La enmienda constitucional para suministrar 200 millones de dólares más en bonos u obligaciones del Estado de Texas para el Fondo de Tierras de Veteranos y para permitir que viudas sobrevivientes de veteranos compren terrenos bajo ciertas circunstancias."

PROPOSICION No. 3 EN LA BOLETA (S.J.R. 3)

Bajo las leyes actuales de Texas se le puede negar fianza a una persona acusada de un delito mayor que previamente ha sido probada culpable de dos delitos mayores. La S.J.R. 3 propone una enmienda a la Constitución de Texas que también acabaría en denegación de fianza, durante un tiempo limitado y sujeto a apelación, a una persona acusada de cometer un delito mayor mientras estaba bajo fianza por un delito mayor previo por el cual la persona ha sido acusada por gran jurado, o acusada de un delito mayor implicando el uso de una arma mortí-

fera después de haber sido probada culpable de un delito mayor previo.

La terminología de la enmienda propuesta como aparecerá en la boleta es como sigue:

"La enmienda constitucional permitiendo denegación de fianza a una persona acusada de un delito mayor que ha sido probada culpable dos veces previas de un delito mayor, o acusada de un delito mayor cometido durante el tiempo que dicha persona estaba liberada bajo fianza por procesamiento de un delito mayor previo, o acusada de un crimen implicando el uso de una arma mortífera y cuando hay evidencia que tal persona ha sido probada culpable de un delito mayor previo disponiendo un límite de sesenta (60) días de encarcelación sin juicio de tal persona; y disponiendo el derecho de apelación de dicha persona."

PROPOSICION No. 4 EN LA BOLETA (S.J.R. 5)

S.J.R. 5 propone una enmienda a la Constitución de Texas que autorizaría la legislación conceder exenciones u otros remedios de impuestos ad valorem sobre propiedad designada para la preservación de recursos culturales, históricos o de historia natural.

La terminología de la enmienda propuesta como aparecerá en la boleta es como sigue:

"La enmienda constitucional autorizando una baja de impuestos con fines de preservar ciertos recursos culturales, históricos o de historia natural."

PROPOSICION No. 5 EN LA BOLETA (S.J.R. 19)

S.J.R. 19 propone una enmienda a la Constitución de Texas autorizando la formación de asociaciones autorizadas para coleccionar ciertos impuestos reembolsables de productores de aves de corral, ganado, y otros productos crudos agrícolas o marinos y validando la ley de 1967 con respecto a la formación de tales asociaciones.

La terminología de la enmienda propuesta como

aparecerá en la boleta es como sigue:

"La enmienda constitucional autorizando la formación de asociaciones agrícolas o marinas que podrán asignar por mandato la colección de impuestos reembolsables para el mejoramiento de la producción, venta y compra, o uso de sus productos."

PROPOSICION No. 6 EN LA BOLETA (S.J.R. 49)

S.J.R. 49 propone una enmienda a la Constitución de Texas que permite la legislación autorizar bancos estatales y nacionales para ejercer privilegios de banco mediante el uso de aparatos electrónicos o máquinas situadas en tales lugares como podrá disponer la ley y que autorizaría los bancos repartir tales aparatos electrónicos o máquinas de un modo razonable no distintivo.

La terminología de la enmienda propuesta como aparecerá en la boleta es como sigue:

"La enmienda constitucional para dar a la legislación el poder de autorizar a los bancos estatales y nacionales para ejercer privilegios de banco y descuento mediante el uso de aparatos electrónicos o máquinas."

PROPOSICION No. 7 EN LA BOLETA (S.J.R. 30)

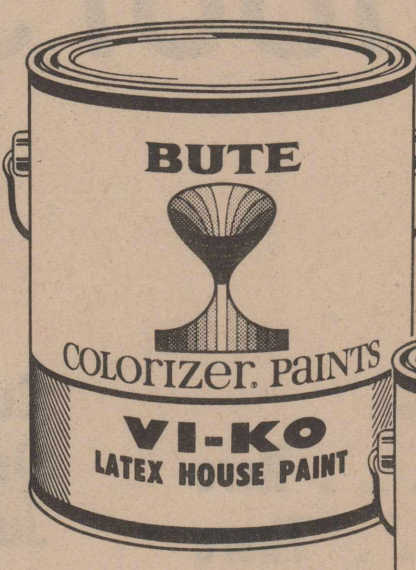

S.J.R. 30 propone una enmienda a la Constitución de Texas que cambiaría el nombre de la Comisión Estatal de Capacidades Judiciales a la Comisión Estatal Sobre Conducta Judicial y haría varios cambios con respecto a sus poderes y procedimientos. El cambio más significativo autorizaría la Comisión para suspender de cargo los jueces bajo procesamiento.

La terminología de la enmienda propuesta como aparecerá en la boleta es como sigue:

"La enmienda constitucional cambiando el nombre de la Comisión Estatal de Capacidades Judiciales a la Comisión Estatal Sobre Conducta Judicial, y perteneciendo a la comisión y a los poderes y actos de la comisión, con un oficial judicial nombrado por la Corte Suprema, o los jueces de la Corte de Apelación Civil sirviendo en lugar de la Corte Suprema, para la suspensión, censura, deposición, o retiro involuntario de un juez, o juez de paz bajo ciertas circunstancias."
