MR. FARMER, THIS INTERESTS YOU

You have no doubt read in the daily papers the statement that farmers were being assisted by the Santa Fe Railway Company in the purchase of seed wheat.

It being one of the duties of the County Council of Defense to assist in stimulating the production of food stuffs, the local committee met with Mr. Johnson, the Santa Fe Demonstration Agent, who gives out the following statement:

"It is rather unfortunate that the public press statement was not made more explicit, as it appears that a misunderstanding has thereby been created.

"The Santa Fe Company is interested in developing two or three new sections of the country, having already sold a considerable body of land, and still owning for settlement other lands. Crop conditions in these sections have been unfavorable, and the Santa Fe System, in order to make it possible for purchasers to continue the cultivation of their lands, made the proposition that they would assist, through the local banks, the financing of seed wheat purchases. This assistance amounts to date to approximately $200,000.00 and is confined to two sections now being developed by our Company.

"It would be physically impossible for any corporation to undertake the financing of the entire wheat growing area. Our Company does, however, offer its services and facilities through our Demonstration Department and desires to cooperate with local organizations looking to the purchase of pure seed wheat, best adapted to your locality."

From the above interview our farmers can readily see that the situation must be taken care of to a large extent at home. In order that we may get our requirements in tangible form, we have propounded a few questions given below, which we trust every farmer interested in this subject will carefully read, fill out and mail to Mr E. E. Grimes, the Secretary of our County Council of Defense, at Snyder, Texas, by August 20, 1917. Should they not hear from you by that time, it will be taken for granted that you are not interested in the subject.

Are you a land owner or tenant? .....

How many acres have you in cultivation? .....

How many acres do you intend to sow in wheat? .....

(Provided of course there is sufficient season in the ground.)

How many acres have you now prepared to sowing to wheat? .....

If not now prepared, how many acres will you have ready by September first? .....

How much seed wheat have you on hand? .....

CHANGE MADE ON EXEMPTION BOARD

The Signal is advised that since it is impossible for Fritz R. Smith to be in Austin and act as Chairman of the Exemption Board, it was thought best that he resign, especially since Lon Graham was called away on account of a death in his family.

The following telegram, therefore fully explains the action of Governor Ferguson in the appointment of J. C. Harris to succeed Mr. Smith:

Austin, Texas, Aug 9,1917, 11:50a,

Mr. J. C. Harris,

Snyder, Texas. Scurry county.

Have recommended you member exemption board Scurry County, vice Fritz R. Smith resigned. Familiarize yourself with rates and regulations and meet with board at once. This is your authority to act in official capacity until your commission of appontment is received. It will follow by mail.

FERGUSON, Governor.

ANTON LOPOUR DIED AT THE POST SANITARIUM

Mr. Anton Lopour, a prosperous farmer of Scurry county was taken seriously sick with appendicitis last week. He was taken to the Sanitarium at Post City and operated upon last Friday. He continued critically ill and died Tuesday night. The remains were brought home Wednesday and buried at 5 p. m. at the Snyder cemetery.

Anton Lopour was about 47 years old, a native of Bohemia. He has been in this county about 25 [illegible] and had accumulated considerable property. He owned a good home about 8 miles northeast of Snyder and also had two or three other farms in the county. He leaves a wife and several sons and daughters, besides a great number of friends.

SNYDER RED CROSS VISITS SWEETWATER

On Tuesday morning, August 7 several ladies, committees of the Red Cross, together with their Chairman Mrs. Barnes, motored to Sweetwater to visit the Red Cross Chapter of that city.

After a most pleasant drive we reached our neighbor city, being graciously met by the Red Cross secretary, Mrs. W. Y. Rockwell, Mrs. Spears, Mrs. Johnson, Mrs. Wyatt, at their comfortable and well equipped headquarters.

After a most profitable morning spent in viewing the garments and half packed bandage boxes, we enjoyed a most elegant two course luncheon at the cozy flat of Mrs. Epperson. The rooms were most tastefully decorated with the red cross emblems and cut flowers. Assisted by Mesdames S. P. Smith, Corbett Hughes and White, the charming hostess served a luncheon, consisting of potato chips, hot buttered rolls olives, tuni salad, topped with a tiny red cross, tea, angel cake and cream.

At 2 o'clock we were allowed the privilege of meeting Miss Savage the charming and efficient little Red Cross nurse, who instructed 20 ladies in surgical bandage making. This was a most interesting feature of our visit. A picnic lunch was enjoyed at the school house under the trees, while a real live solder, with a real live gun, marched around protecting the temporary home of Uncle Sam's [illegible]

Thoseenjoying the trip were Mesdames Scarborough, Paxton, Baker, Hugh Taylor, Ruth Johnson, Barnes, Olin Hardy, Al J. Fowler, Sprouls, M. A. Fuller, Ledlow and Grayum, and Mr. Hugh Scarborough.

Mr. G. B. Clark and family returned Wednesday from a visit of several weeks at Penfield and other points in Tennessee.

ELECTRIC PLANT SUFFERS DAMAGE

TANK TOWER BURNED DOWN THURSDAY MORNING BUILDING SLIGHTLY DAMAGED

The water tank tower at the Ice, Light and Power plant caught on fire about 10 o'clock Thursday morning from the exhaust pipe.

An alarm was turned in and about 300 people rushed to the scene.

There is no fire plug anywhere near there and there was no way to get water on the blaze. City Marshal Wolfe and others shot holes in the tank to let the water out on the fire, but to little effect.

Judge C. C. Higgins pulled the trigger of his gun with both hands and the tank fell, landing on the engine room but fortunately did but little damage to the machinery, and Mr. Renken had the power going within a few hours after the fire.

FUNERAL OF ANTON LOPOUR WEDNESDAY AFTERNOON

Funeral services for the late Mr. Anton Lopour who died Tuesday night in the Sanitarium at Post were held at the cemetery Wednesday afternoon. Religious services were conducted by Rev. J. W. Mayne, after which the Brotherhood of O. D. H. S. of which deceased was a member rendered the burial ceremonies of the order.

He was a member of Hermleigh Lodge No. 256 O. D. H. S.

The pall bearers were: Joe Nochlinger, Henry Soverin, Plus Freytag, Frank Watzl, Anton Watzl and Emil Shulze.

A VISIT TO WERNER OIL WELL FIELDS

Rev. W. W. Werner, E. J. Anderson, J. H. McClinton and J. P. Chambless went out to Bro. Werner's farm Wednesday morning seven miles east of Snyder, where in former days oil was discovered at a depth of less than 200 feet. The subject has recently been revived, hence the visit this week of those who had been advised of the former findings. Investigation revealed but little, however, general conditions are encouraging and the old well will probably be retested with a view of going further into oil developments.

CALVIN HULL PASSED AWAY MONDAY NIGHT

The many friends of Mrs. Hull who resides in East Snyder very deeply sympathize with her and the family in the death of her son Calvin Hull which occurred at the family home Monday night. He has been sick for several days with typhoid fever.

Calvin was a quiet, industrious young man. Up to the time of hiss illnes he conducted a bicycle and gun repair shop in the Wilmeth block and was always busy.

The funeral took place Tuesday afternoon at the Snyder cemetery. Services were conducted by Rev. W. H. Sims.

CAPTAIN J. M. BANNISTER RECEIVES COMMISSION

Dr. J. M. Bannister, who offered his services some timeago to the United States Government in the Medical Corps has been made a captain in the army and has received his Commission direct from Washington.

Captain Bannister states that he is ready for service and that he may be called in the very near future.

The Signal congratulated the Doctor on the honor conferred upon him.

SNYDER SHOULD SHOW PATRIOTISM

Some of our citizens have suggested that Snyder should show her patriotism by holding a mass meeting and render a patriotic program honoring the eighty five young men who are soon to leave for war service.

This is a good suggestion and the Signal would suggest that those who have the right ginger and pep, get busy on the plans.

EX-CONFEDERATE MEETING MONDAY

REGULAR MONTHLY MEETING HELD FIRST MONDAY AT THE COURT HOUSE

A small bunch of the old Confederate veterans met in Justice Wilson's office, Monday afternoon, with Commander G. C. Buchanan presidin.

The meeting opened with prayer by Comrade J. D. Brooks.

George W. Johnson brought up the matter ofthe money held by the United States government that was collected for cotton seized in the South during the civil war. Mr. Johnson said there is no reason why that many should be there and that he endorses theefforts of Congressman Blanton to have it appropriated as pensions to the old Confederate soldiers. He feels that nobody needs it more or deserves it more than they. Mr. Johnson moved the adoption of a resolution endorsing the efforts of Congressman Blanton in the matter and asking Congressman Jones to use his influence in aid of Judge Blanton.

The resolution was adopted and a copy forwarded to Congressman Blanton.

SCHOOL TRUSTEES MEETING IN SNYDER, AUGUST 13TH.

The greatest public need of today is education. The day has passed when people idly sit and wait for an education to overtake their children. The most progressive citizens of our country today know that a united effort on the part of all is absolutely necessary to hold the forces in line for educational progress. In order that we may make more permanent progress, the county board, in compliance with the law has authorized me to call a joint session of the county and district trustees to meet in the district court room, Monday, August 13 at 1:45 p. m. We are to discuss ways and means whereby we can improve our schools and put Scurry county on the map in an educational way.

Trustees need to know each other better and exchange ideas with each other. We get a great deal of good by considering other people's ideas and experiences in school work. In fact that is the only safe way to make progress. It is my very great desire that every trustee in the county be present on the day mentioned above.

L. T. Cunningham, state school inspector, will come from Austin to deliver an address at that meeting. Every trustee should hear him. He is one of Texas' biggest school men and we are exceedingly fortunate in having him on our programme.

Sincerely,

B. D. BLACK, County Supt.

The folliwng program will be rendered at the Joint Trustee Meeting August 13, 1:45 p. m.

Welcome Address—W. W. Hamilton.

Response—A. M. McPherson.

How to Secure and Hold Good Teachers—H. P. Wellborn.

Recent School Legislation—County Superintendent.

Address—L. T. Cunningham, State School Inspector.

RECEIVED COMMISSION AS FIRST LIEUTENANT

Dr. C. R. Bullock is in recept of his commission as first lieutenant in the medical department of the war, sent to him, direct from Washington, D. C. Dr. Bullock is subject to call at any time and says he is ready to respond on short notice. He is quite proud of his document.

Red Cross Working.

The Snyder Red Cross Society sent to the Snyder boys at Sweetwater yesterday twenty-nine quilts and two plankets. This is aside from what the Sweetwater people are doing for the boys who are congregating in that city.

The Snyder Red Cross Society sent to the Snyder boys at Sweetwater yesterday twenty-nine quilts and two blankets. This is aside from what the Sweetwater people are doing for the boys who are congregating in the city.

CHANGE MADE ON EXEMPTION BOARD

The Signal is advised that since it is impossible for Fritz R. Smith to be in Austin and act as Chairman of the Exemption Board, it was thought best that he resign, especially since Lon Graham was called away on account of a death in his family.

The following telegram, therefore fully explains the action of Governor Ferguson in the appointment of J. C. Harris to succeed Mr. Smith:

Austin, Texas, Aug 9,1917, 11:50a.

Mr. J. C. Harris,

Snyder, Texas. Scurry county.

Have recommended you member exemption board Scurry County, vice Fritz R. Smith resigned. Familiarize yourself with rates and regulations and meet with board at once. This is your authority to act in official capacity until your commission of appontment is received. It will follow by mail.

FERGUSON, Governor.

ANTON LOPOUR DIED AT THE POST SANITARIUM

Mr. Anton Lopour, a prosperous farmer of Scurry county was taken seriously sick with appendicitis last week. He was taken to the Sanitarium at Post City and operated upon last Friday. He continued critically ill and died Tuesday night. The remains were brought home Wednesday and buried at 5 p. m. at the Snyder cemetery.

Anton Lopour was about 47 years old, a native of Bohemia. He has been in this country about 25 years. He was a successful farmer and had accumulated considerable property. He owned a good home about 8 miles northeast of Snyder and also had two or three other farms in the county. He leaves a wife and several sons and daughters, besides a great number of friends.

SNYDER RED CROSS VISITS SWEETWATER

On Tuesday morning, August 7 several ladies, committees of the Red Cross, together with their Chairman Mrs. Barnes, motored to Sweetwater to visit the Red Cross Chapter of that city.

After a most pleasant drive we reached our neighbor city, being graciously met by the Red Cross secretary, Mrs. W. Y. Rockwell, Mrs. Spears, Mrs. Johnson, Mrs. Wyatt, at their comfortable and well equipped headquarters.

After a most profitable morning spent in viewing the garments and half packed bandage boxes, we enjoyed a most elegant two course luncheon at the cozy flat of Mrs. Epperson. The rooms were most tastefully decorated with the red cross emblems and cut flowers. Assisted by Mesdames S. P. Smith, Corbett Hughes and White, the charming hostess served a luncheon, consisting of potato chips, hot buttered rolls olives, tuni salad, topped with a tiny red cross, tea, angel cake and cream.

At 2 o'clock we were allowed the privilege of meeting Miss Savage, the charming and efficient little Red Cross nurse, who instructed 20 ladies in surgical bandage making. This was a most interesting feature of our visit. A pichie lunch was enjoyed at the school house under the trees, while a real live solder, with a real live gun, marched around protecting the temporary home of Uncle Sam's men.

Thoseenjoying the trip were Mesdames Scarborough, Paxton, Baker, Hugh Taylor, Ruth Johnson, Barnes, Olin Hardy, A. J. Towle, Stanfield, M. A. Fuller, Ledlow and Grayum and Mr. Hugh Scarborough.

Mr. G. B. Clark and family returned Wednesday from a visit of several weeks at Penfield and other points in Tennessee.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me . . . After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

Just the Thing for Diarrhoea

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. For sale by all druggists.

Lee Grant has 10 acres of cotton on the Ditto land in the northwest part of Snyder, near the upper bridge which he has been irrigating. He came to the Signal office Friday with a sample stalk of his crop and he considers it good for a bale to the acre, and the big healthy, well loaded plant looked like it.

Richard McFarland of near Dunn was here Friday and informed the Signal that up to that time he considers the drouth about the worst yet, but he was expecting rain about August 20.

Plenty of Water

This part of west Texas is very dry on the surface, but there is no scarcity of the underground supply of water. Reports come from Central Texas and the panhandle that city water is running low, but we never have any trouble of that sort here.

Daniel E. Garrett, of Houston is being mentioned as a pro-candidate for Governor anl all this time C. H. Morris has been proclaiming himself out for that job.

FRENCH MINISTRY SUSTAINED BY OVERWHELMING VOTE

Paris, Aug. 4—The French cabinet crisis has passed. The chamber of deputies today upheld the hand of Premier Ribot, by a vote of 392 to 61, repudiating an attack on the Premier by one wing of the socialists.

The vote was taken on the reaffirmation of the famous Klotz resolution which declares that any peace terms to which France could give consideration must include the return of Alsace-Lorraine to France the liberation of territories occupied by the armies of the central empires and reparation for damage inflicted on invaded regions.

The result of the vote probably means the withdrawal of Albert Thomas, minister of munitions, and a member of the war council from the cabinet. The defeated Socialists are holding conclaves to determine whether to withdraw completely from the government.

The talk of peace cabinets in Britain and France and the continued indulgence in peace talk in the European press the talk of all countries is believed to presage new declarations of terms.

It would not be surprising if within the next two months both Germany and the Allies made public revised terms. But until that is done, opening the way for discussions which might grow into negotiations there is littlt expectation here of any result.

AUSTIN THE SCENE OF ACTIVE ACTIVITIES

The Fuller charges against Governor Ferguson and his call of the House, followed by Ferguson's call of the Legislature have brought about a general shaking up of matters at Austin and possibly result in a sweeping house cleaning.

John M. Mathis of Brenham, one of the University regents and a Ferguson partisan has resigned from the Board and W. G. Love of Houston, another Ferguson partisan has not been confirmed and it looks like the Ferguson board is about to go to pieces.

The House insists upon considering the impeachment charges before taking up the matter of the University appropriation. Efforts are being made to repeal the act to establish three normal schools and the new A. & M. College.

It is not now believed that the act will be repealed, altho' such a botch has been made in locating the schools. As is known the West Texas A. & M. has not been located and it is said the East Texas normal was located within sixty miles of the Huntsville normal.

The lack of judgment, honesty or whatever it was, in the locating work is actually disgusting to decent people and some of the legislators are in favor of burying the whole business.

The Signal received a letter last week from Rev. and Mrs. U. C. Howard, instructing change in their address from Seymour to Leonard. They said they were getting back to the black waxy land. Bro. Howard has been pastor of the Presbyterian church at Seymour for about four years.

Mrs. C. C. Higgins returned last Friday from a visit to the home folks at Miles.

L. T. Condra was here from Rt. 4 last Friday and moved his Signal date up six bits worth. He said he would pay for a full year ahead, but he may be in the trenches in France by that time.

Mr. J. C. Moore was here Monday from Polar. He said he got only a light rain last week, tho' it was enough to bring up the stuff planted in the sandy land.

Rev. W. H. Sims closed a revival meeting Monday night at Vincent and reports twelve conversions. He was there a week.

People who own cattle and hogs are mostly concerned now about keeping them alive.

Daniels-Eoff

Mr. S. E. Daniels and Miss Velmer Eoff were married here last Saturday evening by Judge W. S. Adamson. These are two of our most worthy young people and the Signal extends congratulat'ons, wishing them a happy and prosperous journey along life's pathway.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making You Sick and Cannot Salivate

Every druggist in town—your druggist and everbody's druggist has noticed a great falling of in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents and if it fails to give relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe like violent calomel. Take a dose of calomel today and tomorrow you will feel sick, weak and nauseated. Don't lose a day's work! Take Dodson's Liver Tone and be full of vigor and ambition.

Dr. E. Brock was here Friday from Hermleigh.

Had Car Trouble.

Mr. and Mrs. W. T. Thompson were speeding across the country east of Hermleigh one day last week when their car made an unusual surge and turned about half way over. Mrs. Thompson was hurt to some extent, tho' not seriously. The car was damaged about fifty dollars.

THREE MEN MAKE BOND IN ALLEGED CONSPIRACY CHARGE

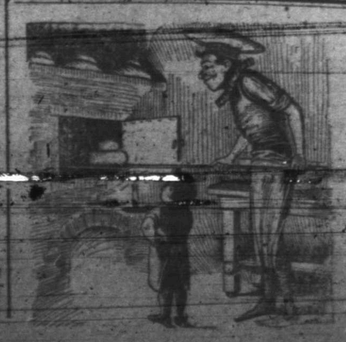

Abilene Reporter:

Three men, S. E. Waterbury, Julian Drachenburg and Robert Davis, gave bond in the sum of $1500 each, before Federal Commissioner Girand here late Saturday afternoon and were released from custody.

The men were arrested at Fluvanna some days ago and had been held at Snyder until Friday night when they were brought here by Deputy U. S. Marshal Baylor Crawford. It is said that Waterbury is a preacher of the Apostolic faith and the other two men were singers. They are charged with conspiracy to oppose the laws of the United States, it being alleged that they made anti-war talks in the meeting at Fluvanna.

Deputy Crawford, also brought a young man here from Snyder, who is being held on a charge of failing to register. After being arrested the young man went before a registrar and was registered, but he is being held to await action on the original charge.

W. L. Forrester has returned from a business trip to Tahoka where he went to invoice a stock of drugs purchased by Postmaster E. B. Barnes.

State Banks are Solid.

From careful reading of the charges upon which Commissioner of Banking and Insurance Austin was indicted in Travis County, one must see that his violation of the law is only technical. There seems to be no proof that he has taken any money from the public till, but merely failed to deposit with the treasurer as promptly as the law stipulates. There has been fear expressed that the indictment may cause suspicion of the State banking system, but assurance comes that the State banks are thoroughly safeguarded andthere is no need of any lack of public confidence in them.

An Austin special says: "Almost conclusive evidence of the increasing conservatism of the 855 state banks in Texas is shown in the cash reserve on hand at the present time, according to Chas. O. Austin, state commissioner of Insurance and Banking. He says the present cash reserve amounts to 41 per cent of liabilities as against 37 per cent last year and 37 per cent the year previous.

J. A. Guinn of Camp Springs says his cotton is mighty little, but is putting on forms nicely.

LIFT YOUR CORNS OFF WITH FINGERS

Tells How to Loosen a Tender Corn or Callus So It Lifts Out Without Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug calide freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores but it will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you. 60

AMENDMENT TO BE VOTED UPON AUGUST TWENTY-FIRST

An election will be held throughout Texas, August 21, to decide whether the State constitution will be so amended as to conserve our natural resources by reclamation, through flood control, irrigation impounding waters, drainage, etc.

Under the present constitution reclamation or improvement districts can be formed and bonds for such purposes voted but the terrftory embraced cannot be for more than one county. And the administrative authority given the county officers is too limited to secure adequate results, even if this limited area would be sufficient.

The proposed amendment announces a policy that conservation and preservation of all natural resources, including flood control, irrigation, impounding waters, drainage, etc can and should be done on a much broader basis. It provides a way for one or more counties to form a district and for the property owners of such district to vote bonds for these purposes, and authorizes the legislature to enact laws, that will make effective such means, as aforesaid. When bonds are voted in districts thus formed, it will place the burden in the proper proportion upon property owners, and it will give such property owners a right to conserve their interests in any of the above ideas of conservation.

For the A. & M. location
Its been voted once or twice
And all but Mr. Ferguson
Has acted very nice.—

But as it is still unsettled
They will have to vote again
And when they vote the next time
There's where old Snyder will win.

For old Snyder has the people
And its in sweet Scurryland
And up north of the Santa Fe depot
The building will take its stand.

So I will tell you Mr. Ferguson
You just as well say your grace
For the A. & M. location
Snyder is the place.

The Physically Fit.

The exemption board have been very busy all this week examining men for military service.

The headqaurters over the Higginbotham Brothers store has been crowded every day. It is understood that about one out of every six of the registered men are meeting the physical requirements on the first call. It is probable that later there may be a modification of the standard of physical fitness and more of the men my be accepted for service.

Gerard's Story of Germany.

The Fort Worth Star-Telegram is running a series of articles written by ex-Ambassador Gerrard in which he tells about diplomatic affairs between Germany and the United States and showing up the intrigues and two-faced conduct of Germany from the very first starting of the war.

He reproduces documents showing that Germany started out by misrepresenting the German attitude from the start. In his foreword in the first article, Mr. Gerrard says that Gemany is not yet beaten by long odds She has nine million available soldiers and is maturing 400,000 a year. He says Germany cannot be starved because every foot of her domain is being cultivated by the old men and cripples and children and prisoners. He says there can be no internal revolution because the autocratic power holds an iron hand on the people and a revolution is not to bethought of. Mr. Gerard thinks the brunt of the war will fall on the American Armies and that America will win the war.

The Americans can never tell what may happen over night in Europe. Intrigue and diplomacy never cease among the foreign nations. The failure of the Russian army, just when it had a great victory in its grasp, is but one of the surprises that might come at any time. That the retirement of the Russian army on the Eastern front was brought about by intrigue between certain interests of that country and Germany is well known. Might there not occur like results between other nations?—Austin American.

The A. & M. muddle is still the leading topic among the politica' shysters and peanut politicians. The Advance is of the opinion that the new institution will never be erected as long as the towns in West Texas are fighting each other. This is supposed to be a state institution and should have the support of the entire state regardless of where it is located.—Rotan Advance.

The towns of West Texas are not fighting each other. They are merely contending for completion of the job of selecting a location for the College. That has not yet been done.

oOo

Gov. Ferguson claims to have received anonymous letters threatening his life. The printed copy of the letters is the most elaborate explantory and voluminous blackhand letter we have yet read and states that the writer was present at nearly all the Governor's appointments during his West Texas tour and it is remembered that a certain Ferguson partisan was at Snyder and other places as indicated and it is suspected that the anonymous letter is a hoax, however, the Governot takes the precaution to have a bodyguard of rangers all the time, even when he appeared before the Travis County grand jury.

oOo

GERMANY MUST YIELD

There are no indications that Germany is making any peace propositions other than to desire German advantage. That is not the kind of peace that humanity desires. The United States entered the war to establish justice andto break down Autocracy, and Secretary McAdoo says the war must be fought out to the complete end. German pride must be crushed. Her long cherished plan to dominate the world must be broken and democracy established. Otherwise there can be no lasting peace.

oOo

GERMAN SUCCESS WOULD MEAN AMERICAN RUIN

Senator Elihu Root, head of the recent American mission to Russia has made a careful study of the war situation and among other things, he says: "As surely as the sun shall rise tomorrow, if this war ends with the triumph of Germany, this country will become a subject nation."

"We bring back an abiding faith that this great, free, self-governing, democratic government shall be maintained in tact."

No saner man could have been selected for that important mission and the American people should give thoughtful consideration to the explanation of his findings."

WITH OUR EXCHANGES

The news comes from Washington that the construction of wooden ships is to be rushed to the full capacity of the plants. This means much for the south for already there are several shipyards in operation and others will be built. The south has the lumber and much other material which enters into the construction of ships and this means better employment of labor and increase in wealth in this section of the country.—Austin American.

The Rotan Advance reports a good rain last week in Fisher county. If it was any it was good.

The people of Stamford have no fight to make in the selection of Abilene, if said selection had been made on its merits, and without sensational developments that followed.—Stamford Leader.

None of us, would have made a kick if the locating commite had voted for Abilene. The fact that a majority did not vote for Abilene is what is the matter.

The Anson Enterprise states that Judge J. P. Stinson and family have moved to Abilene to reside.

Fats for frying are selling at $4 a pound in Germany. But the real "fat frying" for Germany will come with peace terms and the work of reconstruction. There are some huge debts in store to be paid by Germany.—Star Telegram.

It would have been surprising if the Palo Pinto Star had lined up against Governor Ferguson.

Chicken is so high in price and scarce these days no person ever turns up his nose at the wing.—Plainview News.

Even the neck finds takers.

The West Texas A. & M. College, located at Abilene under the present suspicious conditions, would suffer from a handicap that would sap its usefulness. The institution would start out in bad odor with nearly every other town in West Texas and a lack of co-operation and good will that are essential to the success of the school. If the board did nothing more than reassemble and cast its vote as was publicly announced it had cast, the transaction would be purged of the odium that now attaches to it. If the announced and final vote of the board was straight and right there could be nothing wrong in verifying it by recasting. The very refusal to do this, casts suspicion upon it. Abilene would certainly feel better about its title to the location if this were done. The town must always feel conscious that its neighbors look upon it as having something to which its title is not unclouded.—Colorado Record.

AMERICANS NOT "QUITTERS."

Austin American: Secretary McAdoo, in a speech delivered Friday, and which was said to have beenapproved by President Wilson before it was delivered, said that the present war must go on to the bitter end until human liberty is made safe the world over. His exact words were:

The world may as well understand that this fight will be fought to a finish—until justice is done—until Belgium is restored, until guarantees are secured that the rights of the smallest nations upon the face of the earth shall be respected and held as sacred as the rights of the most powerful.

These words although very positive, were no more so than are the expressions of every American citizen who discusses the war from this stand point. There may yet be some who have hardly realized that the nation is at war, but let them be asked if the United States should stop half way, enter into a compromise or a stipulated peace, the reply will come so promptly and so emphatically as to leave no doubt that the American people are not a race of "quitters."

It has been so hard for some persons to realize what this war means. When war was declared, President Wilson so forcefully stated the case when he said this was to be a war for liberty, for freedom, for democracy, and the "principles of humanity" that no real American citizen could think of anything other than Secretary McAdoo declared, that it must be fought to the bitter finish.

Shall the great battle in progress in Flanders not prove to be a decisive one, and no peace agreements may be entered into in Europe before the American troops actually get into the fighting, there is going to be such giveand take between the enemy and the Americans that there will be casualties reported to a degree that no matter what might be the sentiment now, all possibilities of anything but a fight to the finish could be considered for a minute.

The people of the United States have full faith in the ability of their forces to win in any contest and having once entered upon this fight for democracy they will never quit until victory perches upon their arms.

REPORT OF THE RED CROSS AUXILIARY WORK

The Red Cross Auxiliary met at the Tabernacle at 4 o'clock Wednesday afternoon with Mrs. Barnes presiding. This proved to be one of the most interesting and instructive meetings yet held and a greater insight to the work before us was seen.

Mrs. Barnes read a letter from Mrs. C. L. Ezell of El Paso in regard to the Red Cross work and giving some very helpful suggestions in order that we might profit by the information she had gained.

The Social Committee are planning many things to raise funds for this good work and it is most sincerely hoped that each one will help in all that is undertaken, just as much as possible for you may be sure that the money that you put into the hands of the women of the Red Cross Auxiliary will go to a good cause.

In our last report, it was stated that the Work Rooms would be in the Court House but because quite a number who want to help in this work could not climb the long stair it was decided better to secure a room on the ground floor, so thru courtesy of Mr. W. T. Thompson the work room will be stationed in the Thompson building at the southeast corner of the square.

The membership has been divided into squads, one squad to work each day, but if it is not possible to work regularly, any one can give a few minutes to the work, so the work room will be convenient for any one.

Buy Your Winter Fuel.

The County Council of Defense would advise the people of Scurry County, in so far as it is practical for them to do so, to lay in their winter's supply of wood and coal now. It is anticipated that these commodities are going to be scarce and as winter advances, will not only demand higher prices, but will actually be hard to get in sufficient quantities for distribution as needed. Local dealers, even now are limited in the filing of their orders. We cannot hope for more favorable conditions, but with the coming of winter we may expect an increased demand for fuel, resulting in an insufficient supply, a congestion of traffic and higher prices. Let us get ready for winter now.

The First National Bank

SNYDER, TEXAS

TO THE LOCAL BOARDS OF TEXAS.

This department is in recept of the followng telegram from the Provost Marshal General: "The names of all registered men are on a list arranged in the order in which they will be called for military service. Wherever any registered person imposes upon a local board and improperly secures a certificate of exemption or discharge he advances the time of call of all other uncalled persons on the list and for this reason every registered person, and to some extent, every person in the community is more or less directly interested in seeing that the true facts are brought tothe attention of the Government. For every local board a person has been designated who will receive information of such cases and take appeals to the District Board or inform the Local Board. For this reason the public is entitled to know the grounds upon which claims for exemption or discharge are beng asked by registered men. Local Boards should therefore be instructed immediately to make available tothe press from day to day the names of persons claiming exemption or discharge, the grounds on which such claims are based, and in general the number of cases that are being disposed of by the board from day to day. This instruction of course, does not apply to discharges on the ground of physical disqualification." You wil comply with these instructions immediately.

2. CONCERNING RECENT MARRIAGES—The selective service law does not require discharges in all cases of technical legal dependency, but only permits discharges where in view of dependency, a discharge is advisable. Local boards may well hold that a marriage hastily consumated recently, and especially one consumated by a person after he has been called to present himself for examination to determine his fitness for military service, does not create a status of dependency in which it is advisable to grant discharge. It is to be expected that local boards will exercise their full discretion in cases where they are convinced that unscrupulous persons have thus violated the principles of the selective service law in the hope of escaping a duty thati s rightfully theirs and of passing that duty on to someoneelse.

2. CONCERNING DEPENDENCY ON THE GROUND OF MARRIAGE—Attention is called to the fact that a soldiers pay is not less than thirty dollars a month, and that all clothing, subsistence, medical treatment and housing are furnished him Under the law he may allot any portion of his pay to a dependent. Many soldiers receiving thirty dollars a month are easily ableto allot twenty-five dollars monthly to the support of dependents. In case of death in line of duty the government will pay to the beneficiary designated by the soldier six months pay. Section four of the selective service act provides that those in a status with respect to persons dependent upon them for support which renders their exclusion or discharge advisable may be discharged, but it does not require that they shall be discharged in all such cases. The discretion of local boards is invoked by this provision and such boards may well take the facts recited above into consideration in deciding claims for discharge due to dependency, with a view to determining whether as a matter of fact, the person claiming such discharge will not be in as good or better position to support his dependents after selection for military service than he was before. If such is the case, discharge should not be granted.

STATE LABOR COMMISSIONER WOODMAN INDICTED IN AUSTIN

C. W. Woodman, Commissioner of Labor, has been indicted by the Travis county grand jury on several counts for perjury. The indictments grow out of affidavits Woodman filed with hotel and restaurant expenses. Most of these bills were for expenses in Fort Worth, Woodman's home town. Insteadof staying at his home he claims hotel expenses, running into hundreds of dollars. In some cases he turns in for five dollars a day. The list of bills shows Woodman to have had a good healthy appetite. The Senate sent agents to Fort Worth and evidently they found something very questionable about Mr. Woodman's accounts.

The Senate found out enough last winter to keep it from confirming Woodman's reappointment. The Governor then appointed Woodman's assistant to be Chief, but possibly because of friendship, the assistant has failed to quality and Woodman has continued to hold the office.

DRAFT RESISTER WAS KILLED IN OKLAHOMA

Holdenville, Okla.—Wallace Cargile, member of a band of alleged draft rebels, was fatally shot through the abdomen, Saturday afternoon by a posse, headed by Sheriff Grall of Seminole county in a fight with a band of rioters. Fifty shots were exchanged. The band of twenty rebels were captured. None of the possemen were injured. The fight took place in Hughes county on Rockyford creek, seven miles northeast of Sasakwa, rebel headquarters.

Saturday's bag of the rebels was sixty five members. Joe Boggs was captured trying to break through the posse's line with 1000 rounds of ammunition for the anti-draft forces it is said.

Three men in jail at Clairemont, charged with housebreaking demonstrated their skill by breaking out of the bastile.

Two negroes in Georgia dreaded so much to be shot in war that they borrowed a gun and one shot some of his fingers off and the other shot off his right arm.

E. A. Boles was down from Fluvanna a few days ago and repoited a pretty good rain last week.

Mr. O F. Darby got a letter the other day from a manufacturing house at Chattanooga, Tennessee, asking for a statement of crop conditions here. Mr. Darby answered "nit."

Mrs. J. W. Frazier and children are visiting at Roscoe and Big Springs.

A number of Red Cross ladies went over to Sweetwater Tuesday to confer with others regarding the clothing department of the Red Cross work.

The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establish a regular habit and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. For sale by all dealers.

THE ARCADE VARIETY STORE MAKES CHANGE

There has been a change made in the management of the Arcade this week. Mr. Chorn has gone away and Attorney M. E. Rosser, who represents several creditors has placed J. C. Maxwell in charge as temporary trustee. Judge Rosser says probably the creditors will agree to have the stock disposed of to the best advantage and the proceeds prorated. He says if bankrupt proceedings are had, nobody will get much and it will be best for all to have the business closed by agreement.

Miss Ella Perkins who has been here with the Caton Dodson Dry Goods Company for the past year is leaving this week for San Antonio. She has made many friends in Snyder who will remember her kindly and be glad to have her return at her pleasure.

Mr. and Mrs. John Edwards of Anson were guests of Misses Lindsey this week. Miss Alice Lindsey returned with them for a visit in the Jones county capitol.

To Meet Resister Uprising

The "I. W. Working Class Union" and the "Jones Family" are two of the orkanizations that are resisting the draft in four Oklahoma counties and posses of citizens and officers are after them. The country is rough and heavily timbered and the resisters are able to hide and the country is terrorized. The Governmennt will adopt drastic methods. Men who defy governmentauthority will be shot or confined as public enemies. It shocks the sensibilities of timid people who have been accustomed to peace conditions, but these are war tims and public enemies must be suppress.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small part of ordinary cold cream, one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands. 96

SNYDER'S YOUNG MEN AS NATIONAL GUARDSMEN

Fourteen stalwart and chivalrous young men of Snyder and Scurry county are now in training with the National Guards at Fort Worth, Texas. Many more just as patriotic and fit, who registered on the memorable fifth of June are saying: "Here am I, send me."

As much as we dislike to see our boys go to war, we shall always be proud of them for we know they are going to give account of themselves when called to action. Those who recently left for the training camp were: J. R. Dennis, Tant Westbrook Earl Bentley, Roy Blair, E. R. Crenshaw, Earl Justice, Charlie Bishop, Cliff Smith, Hal Freeman, L. A. Wade, C. K. Winston, Roy Hendrix and Robert Wellborn.

STOCKMAN MAKES CONFESSION

Claims Dr. Tinkle's Healing Oil Best Medicine Made.

While calling on the druggist at Gomez, Texas, Mr. W. A. Fulton, prominent stockman of that place, unreservedly said, "I have used Dr. Tinkle's Healing Oil and think it is the best medicine made. I have seen the time," he continued, "I would have given $2.50 for a 5 oz. bottle."

Dr. Tinkle's Healing Oil is sold under a positive guarantee.

THE NEW DRAPERIES IN MID SEASON FROCKS

Most of the Season's Fabrics Adapted to the Draped Styles, Long Sleeves and High Collars Returning.

Draped styles are undoubtedly having their day now. Actually you run across them here, there and everywhere, and at all times of the day, too, for the reason that there is hardly a fabric that does not lend itself well to this becoming style, whether it is the cotton voile or gingham for the country wear, the satin or taffeta for afternoon calls, to say nothing of the chiffon and Georgette frocks, which are above all, most charming for summer evening parties. Those light weight wool frocks

Side-On Waist with Draped Skirt Makes a Modish Costume.

[illegible] and wool jersey which always be on hand for cool [illegible] are not too heavy either to be [illegible] in fact, they are very suc[illegible] in this style. And so you can [illegible] suit your self as to the material you should use for your draped [illegible] for a draped dress you must have, unless you are willing to admit frankly that you are not in the swim of fashion.

The new draperies take many forms, but the most popular is the kind illustrated here. Sometimes the material is draped about the hips and at other times the drapery is placed very much lower. In skirts of this kind the width of the hem is narrower than usual so as to obtain the drawn in appearance at the ankles. The width varies from about one and seven-eighths to two yards, making these skirts narrow enough to be smart, yet not too scant for comfort in walking. There seems to be a tendency in most skirts toward the narrower effect at the hem, especially in the new tailored skirts.

The afternoon dress illustrated above is of black satin, the skirt showing the new side drapery, and the waist, the tie-on style which goes exceptionally well with this type of skirt. Surplice lines always have a certain fascination and the waist in this style is especially modish now. The crossed ends either extend into sashes which are tied at the back, or they are cut off at the back and buttoned in the center.

Dresses that Button at the Back.

We have had dresses where buttons to act as fastenings, have been entirely dispensed with. These we have been ableto get into by slipping them on over the head, then adjusting the waist line by an elastic. Now, in direct contrast comes the dress with a row of buttons down the back. One of these very smart frocks is shown in the second sketch. The buttons are covered with the cloth which makes the dress in this instance, but on many serge and gabardine dresses bone buttons are used. This frock of serge is embellished, not only with its self covered buttons, but with a braided trimming, starting from the highest part of the drapery and proceeding downward to the hem, accentuating the new outline. Another important feature of this dress is its high collar. As to the front, the waist is rather plain with a fairly deep yoke. The skirt is draped with just the same effect as is shown in the back, and the narrow sash belt which crosses in the back is brought to the front and tied loosely.

Long Sleeves and High Collars

New notes in sleeves are beginning to appear already and especially worthy of notice is the new long, close fitting sleeve which reminds us that the coming autumn season is beginning to cast its shadows before it. Sleeves made of transparent material, which we have had with us so long, are beginning to give way to those made of the dress fabrics. While we still have the transparent sleeves, the dresses made of one material, sleeves and all are appearing in greater numbers.

Some of the new sleeves are made with narrow inset sections at the back, extending from just below the elbow to the wrist, others have a flaring cuff section, slightly above the wrist, and there is still the perfectly plain, close fitting sleeve, decorated only with buttons at the lower part. In the sleeves with inserted sections, contrasting material is introduced quite often with pleasing results. The inserted section may be of contrasting silk or satin if the dress is of wool fabric. The checked or plaid and plain combination is also very good in either silks or woolens.

And Now, Some of the New Dresses Button at the Back.

With long sleeves, higher collars are coming in. High collars with jabots of lace or net have been in vogue for some time, but the new high collars on dresses are not detachable as were those with jabots. They are also of the dress fabric as is the case with the new sleeves. A very novel collar is made in crushed effect with ends crossing in front and buttoned tothe dress, somewhat in muffler effect. These collars appear on cloth and silk dresses as well as on the new coats; another warning that we must soon begin to turn our thoughts to autumn styles!

NOTICE STOCK LAW

Article 1241 of the Revised Criminal Statutes of 1911, provides that "Any person who shall willfully turn out or cause to be turned out on land not his own or under his control, or who shall willfully fail or refuse to keep up any stock, prohibited by law from running at large in any county or subdivision of any county of this state, in which the stock law has been adopted, or who shall wilfully allow such stock to trespass upon land of another, in such county, or subdivision thereof, or who shall willfully permit to run at large in any county or subdivision of any county in this state, in which the stock law has been adopted, shall be deemed guilty of misdemeanor, and, upon conviction, shall be punished by fine in any sum not less than five and not more than fifty dollars. (Acts 1897, page 112.)"

The stock law has been adopted in Snyder in the way and manner as provided by law, the officials of the town of Snyder are cognizant of the fact that all kinds of feed is so high that the price is almost prohibitive and certain citizens, it is alleged have been in the habit of turning out stock at nght, also perhaps in day time, this is done no doubt in a commendable effort to reduce the cost of keepng such sock. However certain others of our citizens in an equally commendable effort to reduce the high cost of living, thinking that they would be protected in their efforts by our stock law have attempted to have gardens. The stock of a part of our citizens and the gardens ofo thers of our citizens have come in contact one with the other to the great detriment and damage of the gardens and the owners of the gardens have made much complaint and justly so.

People who reside without the corporate limits of the city of Snyder, who, by turning out their stock permit them to come on the land of persons residing within the city limits are also liable under this law.

This rather lengthy notice is given as a kindly warning to all and in order that all citizens may know just what the law is. Your city governmend did not make this law, but it is our duty to enforce it and we will do so without further warning. 9
