Holiday Season Starts With Gay Town Scene

Santa Is A Stranger

Three-year-old Karen Sue Windham didn't know whether to cry or smile when she met Santa Claus up close and face-to-face. The little miss is the daughter of Mr. and Mrs. Bud Windham. She met Santa, along with most other kids in the area, during his visit for Colorado City's Christmas open-house Tuesday.

Mrs. Howell's Funeral Rites

Funeral for Mrs. Thomas A. Howell, 77, was held here in Oak Street Baptist Church at 2 o'clock Wednesday afternoon. Mrs. Howell died at her home Monday. She was the mother of five Colorado City residents.

Her Colorado City children are Hubert and Holly Howell, Mrs. L. L. Walraven, Mrs. Velma Lindsey, and Mrs. Therman Moore.

Born March 16, 1885, in Georgia she was married to Mr. Howell in Cooper, 1904. She had lived in Mitchell County for 37 years and was a member of South Side Baptist Church.

In addition to her sons and daughters here Mrs. Howell is survived by three other children: T. D. Howell, Odessa, Lloyd Howell, and Mrs. Ed Fryer, of Houston, one brother, John McDonald of Atlanta, Ga., eight grandchildren and one great grandchild.

Officiating for the last rites were the Rev. E. V. Brooks, Oak Street Baptist pastor; the Rev. G. A. Shoff, South Side pastor; and the Rev. Thomas C. Moore, pastor of Austin Street Baptist church.

Burial was in Colorado City cemetery under direction of Kiker and Son Funeral Home.

WORKERS LUNCHEON

United Fund Draws Full House Tuesday

Largest attendance in the history of United Fund Drive in this county marked, Tuesday noon, the beginning of the '62 campaign for funds. United Fund workers met together, 140 citizens strong.

Volunteer workers, team captains, division chairmen, and United Fund officers joined Kiwanis Club members at their weekly luncheon in Civic House. Also present at the noon conference were members of Colorado City Lions Club and Jaycees.

Paul Boyd Hunter, '62 drive chairman, presided at the program. Keith Miles, Kiwanis president, recognized civic club members and Hunter introduced division chairmen.

Present, and introduced by Hunter, were former presidents of United Fund and past chairmen of drives throughout the years, Roy Bates, Judge Eldon Mahon, G. D. Foster, Charles Root, Dr. William S. Rhode, Bob Reily, and Henry Lewis, last year's drive chairman and this year's United Fund president.

The Rev. Mr. Rush Barnett, pastor of First Christian Church, said the invocation. The Rev. Mr. Darris Egger, pastor of First Methodist Church introduced the luncheon speaker. Pastor of First Methodist Church in Lamesa, Dr. E. S. Landreth, addressed the group.

Dr. Landreth called the United Fund drive "wholly American," and "good religion."

"Such a campaign for charity as this," the guest speaker said, "is neighborliness on a larger scale. It is voluntary neighborliness, doing something together.

"Doing something together ministers, laymen, service clubs, all of you shows that in this neighborliness you are united. It is a wonderful thing, romantic, thrilling. The united effort is good," the visiting minister said.

Dr. Landreth complimented the United Fund organization of its 10 agencies, chosen for allocation of funds. "You'll never make a bigger investment then you are making here today in youth," he concluded.

Music for the formal campaign opening day program as played by the 7-teens, a combo of Colorado City girls who are winning area recognition for their new orchestra. Mrs. James Payne sponsors the combo.

Open House Crowds Jam Street, Stores

Holiday season for '62 was greeted warmly here Tuesday night. Not for a decade has Colorado City's business district seen such a bustle of happy feet or such an array of smiling faces.

Colorado City's downtown party Tuesday evening, 7 to 9, drew overflow crowds to all stores taking part. Open house was hosted by downtown merchants with no sales made during town party hours.

Downtown Christmas lights were turned on for the first time this season, at dusk. Store windows and interiors were decorated and ready for the invasion of window and "just looking" shoppers and guests.

Store owners, managers, and employees in their Sunday best were hosts during party hours.

Participating merchants hosted registrations for prize drawings, presented Christmas favors. Several served light refreshments during the evening.

Ted R. Vest, Long Beach, Funeral Rites

Ted R. Vest, former Colorado Citian, died in a hospital at Long Beach, Calif., Wednesday night after an illness of several months.

He was the son of Mrs. C. M. Vest, 1304 Pine St., and brother of six Colorado City citizens. Born in Arkansas in 1905, Vest had lived here for 21 years before moving to California 20 years ago. He was employed by a Long Beach refinery.

Funeral service has been set for Saturday afternoon at 1 o'clock in First Southern Baptist Church, Long Beach. Burial will be there. Two of his Colorado City brothers, Thomas Vest and Marcus Vest, and two sisters, Mrs. B. B. Howell and Mrs. R. C. Howell, left here Wednesday night for California and will attend the last rites.

Surviving, also, is his wife, remembered here as the former Iola Davis; one son, Michael; and two other brothers, Neal and Paul Vest, both of Colorado City.

IN DALLAS

Members Attend State Cancer Meet

Four members of the Mitchell County chapter of the American Cancer Society are attending a state meeting today and Friday.

In Dallas for the Texas Division of Cancer Society are Mr. and Mrs. Frank H. Kelley, Mrs. J. P. Nunn, and Mrs. Bennett Scott. Kelley is a member of the Texas Division board of directors.

The two-day meeting opened Wednesday night at 7 o'clock in Adolphus Hotel, Dallas, with special Reference Committees holding open sessions on Education, Service, and Campaign.

Among distinguished guests attending the annual membership meet in Texas are Dr. I. S. Raydin, president of the American Cancer Society, and surgical research director.

Nan Wynn, nationally known singer who is a cured cancer patient and a special Crusade representative; and television personality Ralph Edwards, '63 Crusade chairman, are also there as guest-participants in the state-wide meeting.

Mayor H. I. Berman, Mitchell County chairman of the society here was unable to attend. The mayor is confined to his home for several weeks on his doctor's orders.

Local Lawyers Host Legal Institute Here

Mitchell County Bar Association members are to be hosts to an all-day Legal Institute here in Civic House Saturday.

A Friday evening party in Col Tex Club will be tendered visiting lawyers and their wives and guest speakers. A barbecue dinner will be served.

Speakers are to be presented from University of Texas Law Department, Dallas, and San Antonio.

HOSPITAL, TOO

Traffic Accidents Keep Officers Busy

Hospital and police records are well filled with details of traffic accidents this harvest season.

Still in Root Memorial Hospital are three of eight passengers in a car which struck a concrete culvert near here, on Snyder Highway, Tuesday evening. Eight members of the Hernandez family, here for cotton harvest, were taken to the hospital.

Susie Hernandez, 57, and her 27-year-old daughter, also named Susie Hernandez, each suffered fractures to the right leg, below the knee. They are still hospitalized. Mrs. Argujulio Hernandez is also still in the hospital.

Given emergency treatment were two infants. Joe Hernandez, 9 months old, and the other baby suffered only slight injuries. John Hernandez received a leg injury. Hope Hernandez, said to be owner of the car, escaped with minor injuries.

Dismissed from Root Memorial Tuesday night was Afredo Garcia Castillo, 21, of 1801 Delaney Circle, Colorado City. Castillo suffered severe bruises to his leg when pinned between his car and a car driven by 12-year-old Domingo Lujan, son of Juan Lujan of 920 Plum St. The accident occurred at the corner of Peach and Independencia Sts. at 9:50 a. m. Sunday. Castilo had just walked to the front of his own parked car when struck by the Lujan auto.

Kept in the hospital overnight, then dismissed Wednesday, was Narcisso Con-

BUILDING FINANCE

Austin St. Baptists To Sell ABC Bonds

Austin Street Baptist Church has adopted the ABC Finance Plan of Church building Finance and has issued first mortgage real estate bonds, totaling $12,500.

The bonds, to be dated Dec. 15, 1962, are six percent bonds, payable over a ten and a half years period. Interest is payable semi-annually.

Proceeds from sale of the new bonds will be used to pay off present indebtedness, and to finish and improve the present building and grounds.

"Actually" said Austin Street's pastor the Rev. Mr. Thomas C. Moore, "we're refinancing. The exterior of the church building has been completely finished. We also plan for some new equipment in the auditorium and Sunday School class rooms."

Built at the corner of East Fifth and Austin Sts. in 1960, the building is church home to a membership of 271 Colorado City Baptists. Sunday School enrollment is 80.

Austin Street Baptists are affiliated with the General Baptist Convention of Texas and with the Mitchell-Scurry Association of Southern Baptist Convention.

The church was first organized April 23, 1953. The Rev. Moore, who began his pastorate here in June of this year, is a former citizen of Odessa and former chairman of Mitchell-Scurry Stewardship Committee. The young pastor is married, the father of seven children between the ages of 9 years and three months-old, and lives at 421 Cedar St.

Wayne Matlock heads the board of trustees for Austin Street Baptist Church. Serving with Matlock are G. L. Ahdet son, H. L. Williams, and S. M. Wood.

Citizens interested in the church first mortgage real estate bonds, as an investment, are invited to call the pastor at RA 8-2048 or to write to P. O. Box 179.

UNITED FUND DOLLARS

Salvation Army Unit Extends Helping Hand

BY RUTH COFFEY
Record News Editor

Local service unit of the Salvation Army is to receive $2700 of the expected $22,000 United Fund Drive dollars this year. The local unit was organized in 1953 to give immediate emergency help to any person in need of shelter, food, or transportation.

One of 237 service units in Texas, the Salvation Army here turned in Sept. 30 a creditable report of helping hands extended right here during the past year in Colorado City and Mitchell County.

Wayne Shawn heads the service unit here as chairman. Dee Tonn is secretary.

The Rev. Rush Barnett, County Attorney Frank Ginzel, Mitchell County Sheriff Lewis Claxton, Chief of Police Leon Yeager, Bob Reily, Billy Joe Wood, W. E. Rucker of Westbrook and Ray Preston of Loraine are the unit's committeemen.

"It's our privilege to serve God and man through the Salvation Army," said Shawn this week. "Heart to God and hand to man," Shawn quoted "is the spirit of the Salvation Army whether it be ministering to disaster victims assisting and counseling destitute and broken families or playing Santa Claus to needy children at Christmas."

Last fiscal year, the service unit here shows some "hand to man" assists which more fortunate citizens might never learn about without asking.

Colorado City, its average citizen may feel, does not have hungry people, shoeless peo-

BIG CELEBRATION

Freeway Parties Plans Take Shape

Friday of next week this town plans a giant celebration. That day has been christened "Freeway Day."

On that day, Dec. 7, citizens here will play host to a large number of out-of-town guests, out-of-town speakers, and visiting dignitaries. The town plans to greet the day as a very special occasion.

Planned by the Chamber of Commerce here, the celebration will be one marking the opening of the Interstate 20 by-pass, part of the improvement program for Highway 80 in all this area.

Civic leaders here plan ribbon-cutting, a luncheon, plus a morning coffee for out-of-town guests.

From 9:15 a. m. until 10:30, there will be the reception and coffee hour for visitors. Hosts for the morning party will be City National Bank in its upstairs party suite. Mrs. Charles C. Thompson is to be official hostess for the bank.

At 11 a. m., all town and county citizens are invited to come take part in the ribbon cutting ceremonies, speech making, and band music program.

J. Ralph Lee heads the committee planning "Freeway Day." Ribbon cutting is to be north of town, where the new Interstate 20 intersects Highway 208 (to Snyder.)

Charles C. Thompson will be master of ceremonies at the ribbon-cutting part of the celebration, and will introduce guest speaker Herbert C. Petry, chairman of Texas Highway Commission of Carrizo Springs. Also to deliver brief addresses are County Judge Elmer Martin and District Engineer J. C. Roberts of Abilene.

Ribbon, signaling opening the new route, will be cut by Colorado City High School Homecoming Queen, Miss Janie Lee.

High noon luncheon will be in Civic House with Petry as guest speaker, District Judge Eldon Mahon as master of ceremonies, and Mayor H. I. Berman as official greeter for the hour.

Acceptances for the luncheon, to be staged as a joint meet for Lions Club, Kiwanis, and Jaycees, have been received by Hallie Norman, Chamber executive vice president and manager, from: Willard Shaw, Abilene; Beeman Fisher, Ft. Worth; R. E. Howell, Silver Lions Club; Dr. and Mrs. Bruce Johnson, Loraine; Mr. and Mrs. Robert W. Whipkey, Big Spring. (Daily Herald.)

Also Mr. and Mrs. R. W. (Stormy) Thompson of Big Spring; Mr. and Mrs. Douglas

TEAM WORK

First Report Time Gets Fund Started

Ten divisions, 11 teams, and 140 volunteer workers got busy here Tuesday afternoon working to make United Fund Drive for '62 a success.

First report meeting, at 5 p. m. in Civic House Tuesday, found three Home Demonstration women of the Fairview HD club turned in $197.50.

The three, Mrs. Earl Brown, Mrs. Ed Strain, and Mrs. Earl Hunter are members of the Fairview community team. They are also members of the Fairview Club, oldest Home Demonstration club in Mitchell County.

Advance chairman Phillip Berman had $1708 to report at the first day's time for reporting. Team captains working with Berman are Tandy Curlee, Wayne Shawn, G. D. Foster, and M. E. Miller.

Mrs. Oscar E. Rhode, chairman of the General division, and her team workers came up first day with $171.50. That made the total for the four hours of this year's drive, $2077, said Dwayne Feaster, who serves as auditor of the United Fund contributions.

Workers in Employee Division

The Rev. Mr. Alan Conley, pictured at left, and Bob Ratliff, right, are team captains in the Employees Division for United Fund Drive. Don Benson, center, is Employee Division chairman. Also working with Benson during this season's drive are Fred Marberry, Art Dibble, Larry Marks, and Eddie Kissinger.

Engagement Told

Mrs. Clyde Whitehead of Westbrook is announcing the engagement and approaching marriage of her daughter, Loretta Lynn, to Joe Stephenson, son of Mr. and Mrs. C. H. Stephenson of Ropesville.

The bride-elect is a 1962 graduate of Westbrook High School. The prospective groom is a graduate of Ropesville High School and is presently employed by the Cooke Supply Company in Fort Worth.

The wedding is scheduled for Jan. 1 in the First Baptist Church of Westbrook. The couple will reside in Dallas.

PEGGY'S

Paragraphs

By PEGGY BELVIN

THE 1962 UNITED FUND DRIVE has gotten off to a good start here . . . thanks to some very dedicated workers.

DICK WISTRAND is just such a worker.

At a recent meeting of the groun in the UF headquarters here, Dick had the floor and was clearing the air on a strong point to emphasize during the drive.

Now . . . the UF headquarters here aren't too fancy, but a good place to house the meetings of the enthusiastic workers. Warmth is provided by a high old-fashioned stove that gets pretty hot on top.

As Dick projected his idea to the group, he kept walking backward, feeling for something to lean on, but not turning his face from the crowd.

As he kept up his clamor, he found a leaning - spot . . . on the top of the stove.

Dick kept right on talking for a few seconds before his quick leave-taking of the floor a foot or two straight up.

FOR AN ASPIRING NEWS PHOTOGRAPHER such as myself, nothing can be more exasperating than the appearance of a professional photographer on the picture-taking scene.

Was in Loraine the other day to get a few shots, and was dismayed to find that Loraine's professional photographer, **JAMES HALLMARK**, was there to take the same shots.

I graciously offered first shot to him, hoping he'd leave before I had to take mine.

But nuthin' doin'.

He stood right there while I nervously made preparations and pointed my camera.

And sure enough . . . the flash didn't work.

He was kind enough to look the other way. And he didn't say much when I had to rush over to borrow his prints of the same subject. But his sly grin was enough to deflate my photographer's ego.

My great ambition in life nowadays is to be around some day when his flash doesn't flash or his shutter doesn't shut or something of that sort goes wrong; just so I can look the other way and hand over my own print.

Students Present P-TA Program

A Thanksgiving program was presented to the recent meeting of the Hutchinson School Parent-Teachers Association. The program was presented by a group of sixth grade students.

The program was entitled, "You Are There," and was under the direction of Mrs. H. Jene Steakley.

Students who participated in the program were Keaton Grubbs, Don Feaster, Robert Jones, Christy Hammonds, Johnny Carver, Gary Don Barkley, Denny Cooper, John Strain, Ramiro Salazar, Jim Dockrey, Vicki Cotton, Wilma Currie, Mattilea Crabtree, Dan Steakley, Mona Norman and Sally Pritchett.

Mrs. John Merritt is teacher for the class.

The meeting was presided over by the organization president, Mrs. Arlene Morris. She opened the meeting by reading a poem.

Mrs. Bill Everett led the group in prayer and Mrs. Warren Costin led in the pledge to the flag and the group singing.

Members voted to join the Primary P.T.A. organization in the sponsorship of Pack 2 of the Cub Scouts.

Construction of Panama Canal Discussed At Club Meeting

"The territory now known as Panama was under Spanish rule from 1510 until 1819," Mrs. Don Albright told members of the Hesperian Daughters Study Club.

Mrs. Albright was speaker at the Friday meeting of the club in the home of Mrs. Willis Jones, 320 E. 10th St.

Mrs. Albright told the members that from the time of Balboa men dreamed of an artifical waterway between the two oceans.

"Under Spanish rule," she said, "the project never advanced beyond the planning stage. The United States became interested in a canal as early as 1820 but her own domestic problems and the Civil War prevented construction. Nicaragua was originally chosen as the location for a canal, and even today we hold a treaty which gives us permission to build a second canal and naval base there."

Mrs. Albright explained that when the canal was started, it was by a French company and when they went bankrupt, the United States bought its property interest for $40 million. At that time Panama was a province of Columbia and the government of Columbia proved to be difficult to deal with. A small scale revolt began in Panama, and it was recognized as a republic. She said the new government of Panama signed a treaty leasing us the land for the Canal Zone.

"Construction began in 1904 and was completed in 1914. The construction of the canal is one of the richest sagas in American history, for it was here that the mighty forces of nature were conquered or harnessed by the Americans over a 10-year period."

In explaining the canal zone, Mrs. Albright said it is about 10 miles wide-5 miles on either side of the canal. She said the canal zone was neither a territory, state nor possession of the United States, but is in effect, a Government reservation.

"In 1951 a basic change in the mode of operation became effective. The present organization consists of two units. The Panama Canal Company handles the operation of the canal itself. The Canal Zone Government has charge of all civil government functions. These two units are headed by one man who is president of the company and governor of the canal. He is appointed by the President of the United States."

The meeting was presided over by Mrs. Warren Costin, club president. Mrs. Joe Lane was program leader and introduced the speaker.

Following Mrs. Albright's discussion, a business session was conducted. Members voted to use the proceeds from the Bridge and 42 Benefit for contributions to the Federation Library, Historical Museum and club projects. The benefit is scheduled for Dec. 3.

A donation was collected from members to be sent to Big Spring for Christmas gifts for the patients at the state hospital there. Each member was instructed to bring a gift to the next meeting. This collection of gifts will be sent to the state hospital in Wichita Falls.

Kennemur Guests

Guests of Mr. and Mrs. D. W. Kennemur, 945 Hickry last weekend were her sisters, Betty and Susie Watson and her brother, Fred Watson of Wichita, Kansas. Also Mary Trimer of Wichita.

Accept Pledge

Mmes. Dean Washmon and John Denton accepted the pledge ritual Tuesday night of the Mu Pi Chapter of Beta Sigma Phi.

The ceremony was conducted in the home of Mrs. W. D. McGuire, 815 Walnut St.

Mrs. Jack Kopecky, rushee, was not present at the ceremony.

Participating in the ritual of jewels were Mmes. Jerry Koneeny, Robert Payne, Jerry Smith, Donald Webb, Wayne Whiteside and Wally Franklin.

Following the rituals, a business meeting was conducted. Mrs. Alan Conley, president, presided at the meeting.

Members present were Mmes. Bob Barman, Reg Hyer, Sam Christy, Koneeny, Payne, Webb, Smith, Franklin, Whiteside, Denton, Washmon, Conley and McClure.

Next meeting will be Tuesday, Dec. 11, in the home of Mrs. Alan Conley, 705 E. 7th St. Mrs. Bobby Kimmel will be in charge of the program.

Visit In Humphreys Home

Guests over the Thanksgiving holiday in the Pete Humphreys home 1620 Locust St., were her daughters and families, Mr. and Mrs. Dick Lees and children of Flagstaff, Ariz. and Mr. and Mrs. Henry Van Geem of Wichita Falls. Also their son, Tommy, of North Texas State College and Mr.

What is your Question?

QUESTION: "Who wrote the Bible?"

I. GOD IS ITS AUTHOR

"For no prophecy ever came by the will of man: but men spake from God, being moved by the Holy Spirit". II Peter 1:21 (R.V.)

II. HOW IT CAME TO US:

1. God Gave Christ the Message

"For I spake not from myself; but the Father that sent me, He hath given me a commandment, what I should say, and what I should speak". John 12:49 (R.V.).

2. Christ Gave His Disciples the Message

"Now they know that all things whatsoever Thou hast given me are from Thee: for the words which Thou gavest me I have given unto them; and they received them, and knew of a truth that I came forth from Thee, and they believed that Thou didst send me". John 17:7, 8 (R.V.).

3. His Disciples Were Guided by the Holy Spirit

"But the Comforter, even the Holy Spirit, whom the Father will send in my name, he shall teach you all things, and bring to your remembrance all that I said unto you". John 14:26 (R.V.).

4. His Disciples (Matthew, John, Paul and others) Delivered This Message to Us

"Now I make known unto you, brethren, the gospel which I preached unto you, which also ye received, wherein also ye stand, by which also ye are saved, if ye hold fast the word which I preached unto you, except ye believed in vain" I Corinthians 15:1-2 (R.V.).

"But we received, not the spirit of the world, but the spirit which is from God; that we might know the things that were freely given to us of God. Which things also we speak, not in words which man's wisdom teacheth, but which the Spirit teacheth; combining spiritual things with spiritual words". I Corinthians 2:12-13 (R.V.).

5. Christ Commanded That They Write the Message

"If any man thinketh himself to be a prophet, or spiritual, let him take knowledge of the things which I write unto you, that they are the commandment of the Lord". I Corinthians 14:37 (R.V.).

"My little children, these things write I unto you that ye may not sin". I John 2:1 (R.V.).

". . . And I heard behind me a great voice, as of a trumpet saying, What thou seest, write in a book and send it to the seven churches . . ." Revelation 1:10, 11 (R.V.).

6. The Message Did Not Originate With the Church but With God

Jesus told his disciples to go preach or teach the things he had commanded. "Teaching them to observe **ALL THINGS** whatsoever **I COMMANDED** you". Matthew 28:20. (R.V.).

III. CONCLUSION

1. God is the author of the Bible

2. Those whose doctrines contradict the Bible obviously did not write it!

Church Guild Meets For Study Session

The Wesleyan Service Guild of First Methodist Church met Monday night for the second session of the prayer study, "Dimensions of Prayer."

The meeting was opened with prayer by Mrs. Tie Vowell.

Mrs. Roy Dozier addressed the group on the subject, "To Pray Is To Change."

"Each one needs a secret place to pray, to be close to God," she said. "There the Master teaches us to pray. The Chamber of Prayer opens closed doors of hate and fear."

"Prayer and Adoration" was the subject discussed by Mrs Dewey Davis. She said, "Adoration of God in prayer is a mixture of gratitude, reverence and awe. Adoration can be gazing at God's handiwork, as at a beautiful and majestic mountain. Adoration sometimes brings an unexpected answer to prayer. Often God's wisdom causes him to deny our request."

"The Power of Prayer" was the title of the discussion by Mrs. Wilford Fox. She said, "There are prayers of petition and prayers of intercession. A petitionary prayer may be one of Guidance for one's self. An intercessory prayer is a petition for the needs of others. Through prayer, we are given power to resist temptation. God has great patience with the little things in our prayers."

Mrs. Charles Godwin talked on the subject, "Creative Power." She told the group, "Prayer is communion with God, talking as friend to friend. If we truly seek God we shall find him. Meditation should lift us up to the spiritual realm of God."

The study session was concluded with a question and discussion period. It was closed with prayer by Mrs. Dozier.

The next session is scheduled Monday night at 7 p. m. The public is invited to attend.

Installing officers were the out-going FHA chapter officers.

New officers installed were: Ann Palmer, president; Sharon Nuckolls, vice president; Jean Compton, secretary; Maxine Rogers, treasurer; Gwen Watson, historian; Sylvia Minatra, songleader; Jana Mahon, parliamentarian and Sandra Sweatt, reporter.

Out-going officers were: Pam Pratt, president; Dana Hammonds, vice president; Theresa Lee, secretary; Cheryl Nunley, treasurer; Shirley Vest, historian; Myra Robinson, reporter; Pam Roberts, parliamentarian and Billie Johnston, songleader.

The newly installed officers held lighted candles symbolizing the pledge of their offices.

New vice president, Sharon Nuckolls and secretary, Jean Compton, pinned pledge ribbons on new members.

Receiving the red and white pledge ribbons were new members: Linda Hayes, Minnie Lujan, Dolores Holman, Edith Ward, Merced Perales, Ann Palmer, Sharon Nuckolls, Gloria Merket, Karen Nuckolls, Gwen Watson, Maxine Rogers, Lucille Owens, Jana Mahon, Ellen Taftis, Kay Lindsey, Kathy Anderson, Bobbie Thompson, Gloria Lozano, Jackie Free, Dana Deregibus and Lupe Carrasco.

Also Julia Brown, Sandra Sweatt, Mary Contreas, Adelinia Rocha, Mary Jane Nobles, Sylvia Minatra, Jean Compton, Grace Hollaway and Linda Gober.

Ann Palmer, new president, was presented an arm bouquet of roses, the organization flower.

The devotional was presented by Lucille Owens. Kayt Lindsey sang a solo, "He."

Club mothers for the organization are Mmes. O. C. Palmer, Eldon Mahon, Sidney Compton and Nobles.

Ushers for the installation were Raymond Bell, Larry Currie, Mary Contreras and Lupe Carrasco.

Chapter advisor is Mrs. Dorothy Morrison.

Club Meets

The Buford 4-H Club met Monday afternoon in the home of Mrs. Bob Bedford in Buford.

The girls made door decorations for Christmas.

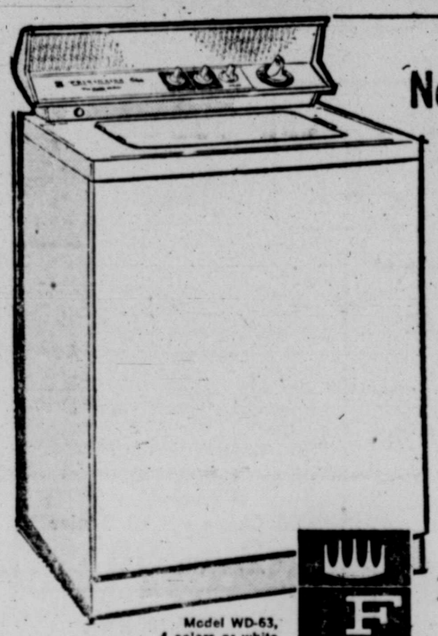

Members present were: Bobbie Bedford, Vicki Brenda and Patty Bodine, Ann Blackard, Sarah Harris and Glenda Anderson.

Next meeting will be Monday, Dec. 10, in Mrs. Bedford's home. At this meeting, the girls will learn how to make Christmas cookies.

Lives of Poets Discussed At Meeting of 1921 Study Club

"Phyllis McGinley, author of childrens' books and light verse, was born in Ontario, Oregon," Mrs. W. L. Doss told members of the 1921 Study Club at their meeting Friday in the home of Mrs. R. H. Ratliff, 1109 Locust St.

Mrs. Doss reviewed the life and works of the poetess during the program of the study meeting. She told of her move to Colorado and Utah at an early age.

"She was educated at the Sacred Heart Academy in Ogden, Utah," Mrs. Doss continued. "She also attended the Universities of Utah and California."

"After teaching for one year in Utah, Miss McGinley went East to New York, on the strength of having sold several poems and having written an operetta for children. She held a variety of different jobs in New York, ranging from copy for an advertising agency and teaching school in New Rochelle to writing in a staff position for 'Town and Country.'".

Mrs. Doss said her most recent assignment has been writing the narration for an European film," The Emperor's Nightingale." She said that Miss McGinley also contributes light verse to "The New Yorker," book reviews to "The New York Times," and essays to "Harper's" and other magazines.

"In 1944, Miss McGinley made her debut as a childrens' writer with 'The Horse Who Lived Upstairs'. This was followed by 'The Plain Princess' and her alphabet in rhyme 'All Around the Town.'"

"Miss McGinley married Charles Hayden in 1936 and has two daughters, Julie and Patricia, who provide inspiration for her childrens' books. They are 12 and 14 and, at this age, are a great help to her writings. She lives in what she describes as an 'elderly house', leading a quiet suburban life when she is not writing."

Mrs. Doss told the group that Miss McGinley was elected to the National Academy of Arts in 1955. She told of the appearance of Miss McGinley's newest book, "Profession — Housewife," appearing in the Ladie's Home Journal.

Mrs. Sam L. Majors, Sr., discussed the life and works of Jenny Lind Porter, a poet from Texas.

"Jenny Lind Porter is a possessor of three degrees," Mrs. Majors said, "Her BA and MA from Texas Christian University and her PhD from the University of Texas.

"She was born Sept. 3, 1927. She has a brother, Richard, and sister, Louise. Her father loved astronomy and the out-of-doors. Her mother was absorbed in poetry and music. She acknowledges the greatest of debts to her artistic mother and to the inspiration of Dr. Ralph Tyler Flewling of the University of Southern California. She is a distant cousin of O. Henry—William Sydney Porter."

Mrs. Majors told the group that Miss Porter makes her home in Canyon, with her aunt, Esther Porter Brown.

She said that Jenny Lind Porter's poems have appeared in the nation's popular magazines, such as the "Ladie's Home Journal," in poetry magazines, "Poetry Digest," and in anthologies.

"Since 1945, the renowned International Quarterly of the University of California, now published in Belgium, has featured her poems, translations and articles.

"She has been compared to Edna St. Vincent Millay and Wordsworth. She is listed in International Who's Who in poetry, and Who's Who in American Poetry. She has taught at Texas Christian University and the University of Tennessee and is at present a member of the English faculty of West Texas State College in Canyon."

In the absense of the club president, Mrs. Ed S. Jones, Mrs. Pete Ainsworth presided at the meeting.

Mrs. V. R. Trulock was leader and read the club collect. This recording secretary read the minutes of the previous meeting. They were approved as read.

During the business session, the Christmas project was discussed. A party has been planned for the class of exceptional children at Hutchinson Elementary School. The club is sponsor for the class.

Roll call was answered by quotes from famous poets.

Members present at the meeting were: Mmes. C. L. Root, Majors, Winnie Quinney, Doss, A. O. Hickman, Ainsworth, Trulock, H. B. Broaddus, Glen Coon, Doyle Hester, J. T. Pritchett, W. W. Rhode and the hostess.

Public School Division

Frank Wilson, superintendent of Colorado City Independent Schools, pictured at center, heads the Public School Division for the current United Fund Drive here. Among Wilson's co-workers during the drive are, at left, Mrs. H. C. Blassingame, director of the school lunch room program here, and W. D. Harris, at right, principal of Wallace High School.

Grandchild Born To Carpenters

Mr. and Mrs. Curtis Carpenter of Andrews, former Colorado City residents, are announcing the birth of a grand-daughter, Debbie Elaine Carpenter, daughter of Mr. and Mrs. Lynrae Carpenter, also of Andrews

The baby was born in an Andrews hospital Sunday night. She weighed 8 pounds and 4 ounces.

Maternal grandparents are Mr. and Mrs. Dennis O'Bryant of Roby. Great-grandparents are Mr. and Mrs. Pink Stovall and Mr. and Mrs. W. C. Carpenter, all of Colorado City.

All county 4-H members, leaders, parents and the public are encouraged to attend.

FUND—

Continued from page 1

"We're off to a brisk start," said Paul Boyd Hunter, chairman for this year's drive. A second report meet was to have been held in mid-afternoon, today.

The $2070 collected during the first afternoon, however, is just about 9.4% of the grand total quota for this year's United Fund Drive. Goal for this yar is $22,000.

That leaves 90.6 % of the hoped-for goal yet to be reached by workers and givers. Advance division chairman Phillip Berman and his four teams were assigned a quota of $11,000 — biggest share of the total amount expected to come in for the drive.

Employee division, headed by Don Benson, are trying for a total of $2,650. Special employee division (for public employees) has a goal of $600, and County Judge Elmer Martin as chairman. Public schools, with Frank Wilson as division chairman and school principals as team captains, will strive to reach $1250.

General division, with six teams of women workers headed by Mrs. Rhode and six team captains hopes for an even $7000. Loraine, with division chairman Everett Henderson, seeks to raise $750 of the county total.

Captaining General Division teams of six workers each are Mmes. A. B. Colson, Wayne Shawn, A. L. McSpadden, Austin McCloud, Kenneth Cowan, and Henry Bilberry.

Jeff Taylor's special division has a goal of $2400. Mrs. John Hawkins, Westbrook division chairman, and her corps of workers are aiming at a total of $250.

Charles C. Thompson, Branch House division director, has been set a quota of $1500. Farm and Ranch division, headed by Buddy Liggdon, is working toward $500.

The three Fairview Club workers who came in Tuesday with $197.50 are working with the Farm and Ranch division.

All citizens in the county are asked by United Fund workers to help volunteers raise the $22,000 quota set by the organization for this year's goal. Routine work cards, files, all coordinating office work, — is being done in the downtown United Fund office with Homer Bankhead as drive director.

United Fund president Henry Lewis and current drive chairman Hunter, following the first day of the drive, expressed hope that this year's campaign can be completed in record time.

"All causes included in the campaign plans are good causes," Hunter said. "Colorado City, along with most other towns and cities, has found giving the United way the easiest and the best way," he pointed out.

That $22,000 once raised will be allocated to 10 agencies, most of which held separate drives before United Fund was born here. Participating agencies are Boy Scouts, Girl Scouts, Red Cross, Salvation Army, Heart Chapter for the county, FFA and 4-H clubs, Texas United Fund, Mitchell County chapter on Alcoholism, Southwestern Diabetic Foundation, and Gonzales Warm Spring Foundation.

Donors may, if they see fit, earmark certain amounts of donations for specific United Fund recipient agencies.

ple, homeless people, stranded people. "This is a small town with a heart," the more blessed among us may well feel "and not a city full of poverty."

Orders for groceries were given by the local service unit to 98 persons here, this past fiscal year. Total cost $152.45. Five persons were given shoes — cost $5.99.

Seventy-six persons were given orders for medicine needed at a total cost of $120.20. Those figures represent aid to people who live within the limits of this county. A total of 274 Mitchell Countians were helped by the local service unit, at a cost of $386.29.

Transients and aid to them make another story. Nine transients were provided lodging at total cost of $10.30. A total of 257 transients — hungry people just going through or drifting — were given meals at a total cost of $151.72.

Transportation was financed by the service unit for 228 transients. That cost the unit $156.75. "Other" aid was given 14 persons. Cost $10.63. Total cost for help to transient persons, $529.40.

Those figures represent minor and personal disasters, and just the day by day helping hands from Salvation Army here. Respected through out the world, Salvation Army is usually one of the first on the scene in case of major disaster.

A mobile disaster unit in Lubbock is always available to Mitchell County should disaster strike. A call to Dallas would bring all other needed help.

Salvation Army services in Texas include 39 corps, the 237 service units of which Colorado City's is one; 17 mobile canteens; 4 men's service centers; 2 low cost residences and equipment for young women; 2 homes and hospitals for unwed mothers; 6 youth centers; 1 camp for mothers and children; 1 harbor light center; 2 men's hotels.

Texas Divisional headquarters are in Dallas. Work of Salvation Army toward offering hope to the hopeless — the alcoholic, the unmarried mothers, the hungry, cold, homeless, confused — goes on. It goes on night and day in big city and little town.

It goes on here through work done by men who agree that "A man should choose with careful eye, the things to be remembered by." (Robert Peter Tristam Coffin's lines which are part of Salvation Army's creed.)

It goes on here — and all over Texas — with dollars from gifts to United Fund.

treras, 17, year-old driver of a '55 Plymouth which slammed into the rear of a Greyhound bus at a stop light corner of Hickory and East 2nd Sts. Both vehicles were headed west.

Owner of the car, Julian S. Mendoza, 19, who was riding in the car with Contreras, was also given overnight treatment in the hospital. The Mendoza car was said by Chief of Police Leon Yeager to be a total loss.

The big bus, driven by Kenneth R. Daffron of Abilene, was damaged to an estimated $300 extent. Bus driver and passengers were not injured. The collision happened at 11:45 Tuesday morning.

Santa Claus, here for the open house holiday greeting inhabited temporarily the most popular stand in town. Mr. Claus talked to hundreds of children and gave away candy favors on 2nd St.

The open house was sponsored by the Chamber of Commerce Retail Merchants Committe. Crowds of adults and children who came to the party were variously estimated at "hundreds" and at "thousands."

Individual stores reported today that several of the host merchants registered more than 1,000 guests for the Christmas gift drawings held in some business houses.

Both in numbers attending and in the gay spirit of the whole affair, merchants said this week, the Tuesday night party was the "biggest and best" in this generation.

CONVERSATION CORNER

SOPHISTICATED writer Don Herold has done another little piece for Reader's Digest. This one, he calls **"The Lost Art of Thinking Twice."**

The title proves the most intriguing part of Herold's new vein of wit. Thinking twice—or even once—is not among the lost arts which confound us, personally.

* * *

THE LOST art of modesty bothers us more. Modesty in this case has nothing to do with dress—or un-dress. We're one old fuddy-duddy who holds that trousers (slacks, peddle-pushers, jeans, slim jims, and even some shorts) are more modest than some dresses.

The lost art of modesty meant here is the one of modesty in speech and in the written word.

* * *

WORDS, never before included in the vocabularies of gentle people, now rush out from the barnyard, from the hospital ward, from the bar, to be spoken and written—so casually.

If words of anatomy and the four-letter words are the sign of sophistication, then surely this is the most sophisticated age since Creation. Also what our elders used to call the most "vulgar." And the most repetitious.

* * *

COURTESY is almost a lost art. People who bother with the social graces are now catalogued as "old school."

Calling is a lost art. Calling now means dial a number.

Letter writing is a lost art.

Conversation is a lost art. Nobody talks to anybody any more. And who would hear, supposing somebody did?

Listening—good listening—is a lost art.

* * *

MOST of the lost arts are the intangibles. Hospitality. Humility. Reverence. Thrift. Respect for elders. Sobriety. Patience.

But among the lost arts which must grieve the ghosts of our forefathers one of the saddest of all is **the lost art of polite lying.** It, too, is an intangible. It also is a necessity.

* * *

A POLITE LIE is distinguished from its lowlier cousin the plain lie in several ways. A polite lie is designed solely to make somebody else feel better, feel safer, feel more comfortable, feel all over warm inside.

A polite lie is only distant kin to flattery. Flattery is made up out of whole cloth and no matter what you've heard, **flattery will get you somewhere if you're clever with it.**

* * *

A POLITE LIE just happens. It happens when some naive soul asks "how do you like my hat . . . or dress . . . or cooking . . . or singing . . . or the way I've changed my hair?"

Blessings on every soul who ever gulped, without blinking an eye, "It looks wonderful!"

* * *

POLITE LIES are very much a part of the art of living. The art of polite lying should be taught in school, at home, and at college in required courses.

Wouldn't it be a gay old world if all these new "absolutely frank," candid, harsh, and heartless truths were barred from polite society?

* * *

BENEVOLENCE is not one of the lost arts, apparently. It's just become better organized and more concentrated since the birth of the **United Fund.**

In **Civic House,** Tuesday noon, 140 workers showed up for the '62 kick-off luncheon. Nice **Homer Bankhead** and his comely wife of Sweetwater, official drive co-ordinators, were there, also.

* * *

AT PUBLICITY table were such old buddies as **Dick Wistrand, Wayne Worley, Dwayne Feaster, Mary Ann McCloud, Margaret Sparks (Mrs. Ben)** and sitting across the way was **Dr. H. Jene Steakley.**

Saw in our immediate area, too, **Everet Henderson of Loraine, Roy Bates, Maurice Kirschbaum, Phillip Berman, G. D. Foster, Jeff Taylor, Jay Craddock, Luke Nichols, George Womack, Addie V. Payne, the Bill Randles, Charlie Godwin, M. E. Miller . . . Plus Dr. Bill Rhode** and his attractive sister-in-law Nita, **Mrs. Oscar Rhode,** who was wearing a lush shade of red.

* * *

THE SPIRIT of Christmas is never lost. It's like a tide coming in just once a year, about this time on the calendar.

More C. City people came to the downtown Christmas party than we've ever seen in the business district at once. It was like a holiday carnival . . . Mardi Gras in December. There wasn't a parking place for blocks, including First Baptist and City National lots. And Santa Claus was Christmas Island completely surrounded by children.

* * *

STROLLING along admiring the town party, spied our **Chief of Police Leon Yeager** carrying his bright-eyed three-year-old **Dennis,** flanked by his five-year-old **Sara Kay,** a little brown-eyed doll.

Met for the first time **Mrs. Alan Sheppard,** with "Shep" and their two daughters . . . **Luke Nichols** introduced his Mrs. who happens to be a glamorous gal named **Madge**—and their small son, **Sam.**

Saw **Terry and Judy Myers,** daughters of **Virginia Fuller (Mrs. Raymond)** . . . The **J. Ed Richardsons** . . . **Doris Allen** and her three little ones, **John Richard, Harvey,** and adorable **Deann** . . . Saw **Lou Landeros (Mrs. Joe)** and her little boy **Joey,** too.

* * *

SEEN LATELYS: The **Dudley Hanstines of Wichita, Kansas,** and children **Sherry and Ken** were here visiting the **O. L. (Doc) Simpsons** last week during Thanksgiving.

Mrs. Hanstine (the former Jodie Simpson) is wonderfully well now and as lovely—or even lovlier—to look at, as ever. She was critically hurt in a plane crash, her friends here will remember.

Her husband Dudley, chemical engineer with Boeing Aircraft, is a pleasant, and ruggedly handsome fellow.

* * *

LOOKED UP from typing the United Fund story—or somethin'—to see the smiling eyes of **Sandy McSpadden,** in for a little "hail and farewell" office visit just before he took off for **Laredo** where he's convention man for a two-city Chamber of Commerce. Sandy's another favorite alumnus of Mrs. Coffey's Kindergarten band.

* * *

My, oh my, tempus fugit. Time flies!
Yesterday, he was three with mischievous eyes,
Yesterday, he was singing "Home on the Range . . ."
Great day in the morning! Tempus fugit. Boys change.

Eight Practices Get ACP Approval Here

The Mitchell County committee has approved eight ACP practices to be operated concurrently with the 1963 program in the county. Applications may now be made in the county office for the following practices: B-3, control of competitive shrubs; B-5, constructing wells for livestock water; B-7, constructing ponds for livestock water; B-9, constructing permanent fences; C-4, terrace construction; C-5 Diversion terraces and E-4, applying cotton burs to cropland.

Approvals may not be issued to those farmers or ranchers who have already earned the county limitation under the 1962 program.

Practices approved under the concurrent program must be completed prior to January 1,1963 and the performance reported by January 15, 1963.

LET'S GREET 'EM . . .

A pretty good thought to keep in mind is simply this:—the time of those volunteers for Mitchell County United Fund is just as valuable as yours and mine.

So, when these volunteers come calling . . . the least we can do is greet them with courtesy and respect.

And, as we contribute our own fair share to our United Fund, it seems not the least out of line to say "thanks" to these many volunteers who do so very much for the success of this good program.

Down-to-Earth Assistance for Depressed

One of the first practical efforts to put people to work gainfully and productively in the depressed areas of the nation is now getting under way through the joint auspices of the aerospace industry and the Department of Defense.

Eighteen volunteer firms, all members of the Aerospace Industries Association which is cooperating with the idea, have undertaken a comprehensive trial program of channelling subcontracts into those geographical areas of labor surplus.

This public-spirited industry-government movement to help depressed areas help themselves through effective use of their qualified labor resources—and likewise help the government rather than imposing a burden on it—is being coordinated by an AIA task force under direction of J. W. Hinchliffe, materiel chief of the Northrop Corporation. This industry group is working closely with the Defense Department's Office of Economic Utilization and will review the progress of the program semi-annually with Director Ron M. Linton.

In its initial stages the plan will be limited to areas specifically designated by the department and to five manufacturing categories, carefully selected for their usefulness to present and planned contracts and their involvement of a wide range of talents to provide maximum opportunity.

Rather than producers of common, readily available, highly competitive components, the 18 prime contractors in the program are seeking sources of high level reliability and performance in the fields of electronics devices, optics and optomechanical assemblies, electromechanical components, "non-common" hydraulic and pneumatic devices and in the manufacture of "exotic materials". (This last category, we are told, describes those alloys, coatings, ceramics etc., that are regularly developed to meet impossible requirements.)

Americans-at-large should require no technical briefing to understand, appreciate and applaud this exercise in practical good-citizenship. Praised by Mr. Linton as "a demonstration of the aerospace industry's understanding and concern for the problem of unemployment", its adoption by business and industry across-the-board would quickly ease the cap of "depressed areas" from America's face.

Icing On The Cake . . . Or Family Car?

There's a fellow up in Massachusetts who has started something. He has calmly told Mrs. America that she can fix up the body of the tired old family chariot after it has begun to rust and rot—and do it better and faster than the old man!

That is, he qualifies, she can show up her mate in this manner provided she can bake a cake. It seems Mr. Marson puts out a kit of sundry plastics and chemicals that she can whip up and spread over the rust perforated, weather-eaten door and under-panels (maybe fenders, too) like icing on a cake! And, as every husband knows, all you have to do is suggest to a woman that she possesses superior skill in some area usually regarded as male territory, and she is compelled to demonstrate.

It is plain to see, therefor, that this situation is causing rifts in a lot of lutes and, could, conceivably, threaten the domestic tranquility of the nation. Just to have the little woman crowing over papa is bad enough, but this car body icing routine usually comes just at the time when he thinks he has finally sold the idea of trading in the old heap on a spiffier model!

Still, all is not lost—thanks to an idiosyncracy peculiar to the used-car appraiser. After noting the age and mileage of the vehicle, he will stoop over and run his fingers along the bottom of those panels with that "Aha!" expression on his face. Finding no rustholes but merely smooth, firm metal is going to shake him up a bit. Momma can brag about how much her handiwork boosted the trade-in allowance and Poppa can stick his thumbs in his vest and ask the boys how they like his new car!

That is, if Momma can bake a cake!

Deadline

December 14 is the last day for signing up under the 1963 wheat stabilization program for farms in the winter wheat area.

Farmers who participate in the 1963 program will be eligible to receive special payments for voluntarily diverting a part of their allotment or base acreage from the production of wheat and devoting that acreage to a conservation use. They will also qualify for extra price-support payments and for the regular price-support loan of purchase agreements.

SPOTLIGHT ON BUSINESS

Research Points To Pre-Shopping

BY MADGE BELL
Record Staff Writer

When a woman is downtown on a shopping spree she gives the impression that she knows exactly where she is going and just what she is looking for.

Recent market research indicates that purposeful appearance of the woman shopper is due to the fact that she pre-shopped in her local newspaper. She does know where to go for what.

Approximately half of the homemakers questioned in a Richmond, Virginia, study said that before going shopping they had acquired specific ideas on what to buy from reading newspaper advertising.

The firm which conducted the Richmond study said that the influence of newspaper advertising is not confined to one type of woman . . . "It apparently extends, with equal force, to women of all racial age and income groups."

A Florida food store, attempting to make a more specific test of the influence of its newspaper advertising, deliberately priced weekend bacon absurdly low. However, the low price was not marked on the package and offered only to customers who mentioned seeing the advertisement. Eighty-seven per cent of the customers who bought bacon called attention to the advertised price.

A great department store which spends some three million dollars annually on advertising has made a science of anticipating the influence of newspaper advertising on the woman shopper.

"Our sales curves tell us within five per cent of what to expect from a particular newspaper advertisement. It's not a matter of guessing. We know women buy from newspaper advertising," the sales manager asserted.

Legislators Moving Toward 58th Session of Lawmaking

BY VERN SANFORD
Texas Press Association

There have been some changes made!

Veteran legislators sworn in for a new term of office in a mass ceremony in the House of Representatives were pleasantly aware of a change of scenery since last January's special session.

The once-dark, dusky setting for the biennial battle of State lawmakers had been transformed in their absence. Every desk, chair and table had been refinished to a glowing light oak shade. Shiny new seats replaced the drab, worn ones in the balcony. And the brass rails were gleaming.

Most noticeable was a new $20,000 gold wool carpet with a brown Seal of Texas woven into the section installed directly in front of the speaker's stand.

SENATE PAY — About one-third of the House now have qualified for the 58th Legislature and have been added to the payroll. But the 10 new senators-elect probably won't start drawing their $400 monthly pay until January 8, when the 1963 session begins.

A recent ruling by the attorney general that "members of the Legislature" now could qualify for the payroll brought inquiries from seven new senators as to whether they would be included. The term "Legislature" also applies to senate members.

But Sen. Culp Krueger of El Campo, acting lieutenant governor, and several other senior senators said the official opening date has been the customary time for senators to take office and they think the custom should stand.

SENATE SWEEPSTAKES — A small glass bowl and a handful of tiny capsules will decide the political destiny of Texas Senators, come January.

Once each 10 years, Texas' 31 senators must "draw straws" to determine who will serve a four year term, and who will serve for two years.

Drawing is required by the state constitution.

Normally, half the state senate is elected for 4-year terms, overlapping with the other half which still has two years left to serve. However, after each 10-year census and redistricting of the Legislature, all the senators must run for office.

Last time such a drawing occured was in 1953.

Nine senators who will face the glass bowl in January, were around that year, and five of them drew two year terms then.

Ten senators will start serving their first term in January and one other will be attending his first regular session in the upper chamber.

BILLS-DRAFTING — Business really has picked up in the Texas Legislative Council the past two weeks. House committees turned to the TLC many recommendations for the 58th Legislature to consider. They provided the state's research unit with grist for numerous bills to be presented in January.

House Committee on Saving Taxes, headed by Sen. George Parkhouse, received a lot of attention during its hearings. Subjects under discussion included:

A recommendation by the committee to end taxes on intangible property, such as mortgages on homes and stock and bonds. Dallas tax collector Norman Register claimed this would cost his city $3,500,000 annually.

Revision of regulation of the railroad industry, which is governed by about 300 state statutes, some of them outmoded.

Adoption of a merit salary plan for public school teachers. The committee's education subcommittee suggested keeping the present minimum salary scale and basing future changes on a cost-of-living index.

A recommendation by the subcommittee on highways and roads to keep two license plates on vehicles. Although the state would save $200,000 annually by using only one plate per vehicle, police officials believe identification

LYMPH GLANDS
The Housekeeping System

I always think of the lymph glands as one of the housekeeping systems of the body.

They are scattered throughout in little collections, each draining body fluids in an important area in its own neighborhood.

Those in the neck drain the head and sinuses, for example, and those in the pelvis and groin filter fluids from the legs.

As the lymph fluid flows through its vessels into the glands, special cells stationed in each gland devour infectious organisms and extract poisonous chemicals from the lymph stream.

Almost everyone has experienced swollen glands at one time or another. This is a sign of inflammation or infection, though something as minor as a fever blister or insect bite can cause it. This swelling comes with the infectious diseases of the whole body such as infectious mononucleosis, scarlet fever or mumps, with a local infection such as a boil, or as part of the body's general response to trouble, as tuberculosis or cancer.

Specific cancer of the lymph glands is known as lymphoma. When it becomes generalized, it may include Hodgkin's disease, lymphosarcoma, or lymphocytic leukemia. If in examining the chest, a doctor discovers masses in the area of the chest where lymph glands are located, he may suspect Hodgkin's disease. Other tests will then be ordered by the patient's doctor either to confirm or rule out this tentative diagnosis.

There are a few cases on record of Hodgkin's disease having been successfully arrested so long that it may be considered cured.

Wes-Tex Talk

A Look At West Texas Through Editorial Page Excerpts From It's Leading Weekly & Semi-Weekly Newspapers.

Downtown Christmas decorations went up this week, thanks to the Jaycees, and we were equally happy to read that the community will, once again, have a home decorations contest, sponsored as part of the Beautifications committee.

For several years now, home decorations seem to have been declining. If this was due to lack of an annual contest, we have the answer already with the 1962 committee. Mostly, though, we feel that the decline has resulted from lack of a bit of "push, publicity and persistence". People, busier than ever before, must have a bit of encouragement and prodding if they are to spend their time and money in making the community one of the best decorated in the country—which it frquently has been in years past.

Decorations do require work but, like beautiful lawns, beautiful flowers and fine trees, they can also provide tremendous satisfaction and entertainment.

The most successful Christmas toy drive here since "Operation Santa Claus" back in 1951 seems assured this week, even though Christmas is more than a month away.

The Post Chamber of Commerce, which is sponsoring the "toys for needy children" campaign, already is assured of the assistance of the Post Lions Club and Mu Alpha chapter of Beta Sigma Phi sorority. Other organizations more than likely will volunteer assistance to the toy drive within the next few weeks.

Not only toys, but wearable used clothing is being sought in this year's project. Which means that not only the younger children of needy families, but the older ones as well as the adults will be remembered this Christmas.

From one late shopper to another, the words "shop early" are not just a slogan . . . its good sound advice according to those who've tried it.

Early shopping gives you more time to choose wisely and well from wider selections, more time to pay, and more time to sit back and enjoy the festivities.

Christmas shopping can be exciting or, if you wait too long, hectic! That's why the NEWS and your favorite stores have joined in presenting this idea-filled gift guide. Brownfield merchants invite you to shop early, get bigger selection, better values, now!

SHINNERY PHILOSOPHER

Reds Need Course On Human Nature

Editor's note: The Shinnery Flats Philosopher on his Johnson grass farm on Bone Hollow Creek discusses a weighty matter this week.

* * *

Dear editor:

When Mr. Khrushchev's man in Washington, I forget his name, well, I haven't forgotten it but I can't spell it, was telling Mr. Kennedy a while back that Russia had no missiles in Cuba, he knew at the time, as everybody knows now, that he was lying.

Now you might think this would be embarrassing to the Russians, but on the contrary they just laugh about it. Lying is one of the handy devices the Communists use whenever they get ready, and they've found it works plenty of times.

The Communists have found out that telling the truth is in such high standing in the free world that you can gain lots of territory by deliberately abusing it. India is the latest country that can tell you about this at the moment.

But here's a point I'm afraid the Communists have overlooked. They know quite a bit about human nature, but not everything. For example, if you can fool one group of people with a deliberate lie, what's going to keep one Communist from lying to another Communist? What makes one Communist assume another Communist doesn't have some human nature too?

I'm no more a candidate for the job of expert on international affairs than I am for an award as an outstanding farmer, but I have a notion that the Russian and the Chinese Communists are now learnng something about human nature, that if you can fool free countries by lying to them, you can also fool other Communist countries with the same tool. This may explain why Russia and China aren't too happy with each other. One has believed the other when he shouldn't have. They've forgotten that a liar on one front is pretty likely to be a liar on another front.

When Khrushchev says Communism will dominate the world, he's talking about Russian Communism. When the Chinese say the same thing, they're talking about Chinese Communism.

When a nation establishes throat-cutting as a national policy, it never knows when its own throat will be next.

Yours faithfully,
J. A.

Referendum Soon On Cotton Quotas

A refrendum will be held Dec. 11 to determine whether or not marketing quotas will be in effect for the 1963 crop of cotton.

Results of the refrendum will also determine the level of price support for '63. Notices of the 1963 cotton allotments will be mailed by the Mitchell County ASCS office in the near future, Wayne Worley office manager said today. The letter is to furnish details on the referendum and polling places, also.

Wool Growers Need to Keep All Records

Wool growers who marketed lambs this fall should keep adequate records of their sales so that they will be able to make proper applications for payment under the wool incentive program, Rex T. McKenney, Chairman, Agricultural Stabilization and Conservation Community A Committee, urged today.

The sales record for lambs sold must include the name of the buyer, his signature, and number of liveweight lambs sold, plus the description "unshorn". Lamb payments are made only on lambs that have never been shorn to encourage the customary practice of selling lambs with the wool on.

The Chairman emphasized that growers should get all their fall sales records together and either keep them in a safe place at home or file them at the ASCS County Office. The final date to apply for payments on 1962-63 marketings is next April 30, but an application may be submitted anytime between now and then. The applications cover wool and lamb marketings from April 1, 1962, through March 31, 1963.

McKenney said that lamb feeders particularly should keep accurate records which will establish the length of time they have owned lambs on which they apply for payment. Lamb payments are made only on lambs which a producer has owned for 30 days or more, and the amount of payment is based on weight gain of the lambs during the seller's ownership.

George Womack Speaks To Club

George Womack met recently with the Zetagathian Study Club to show slids he took on his trip to Paris. He spoke to the group on the subject, "Art".

The meeting was in the home of Mrs. J. S. Craddock, Jr., 1144 Walnut.

'63 Wheat Deadline Date Is Announced

Deadine for taking or for canceling applications for the 1963 wheat stabilization program is Dec. 14, wheat producers are reminded.

Benefits under the program include a guaranteed income on diverted acres; price support payment to increase the over-all price support of the '63 production; the privilege of grazing diverted acreage until May 1, 1963 and again after Nov. 1, 1963; and advance payment equal to half of the diversion payment.

Agriculture Stabilization and Conservation office here offers to answer any question wheat growers have about the program between now and deadline day.

DALLAS

There was a time when rural industry consisted of the saw mill, the cotton gin, and little else. Then the rural electric systems were organized and rural industry began to hum. Industries native to the rural area were joined by a host of manufacturing, industrial and processing projects, attracted by the steady, dependable, efficient electric service furnished by these member-owned electric systems. Farms and ranches became more productive and a billion dollar a year market for electric appliances was created.

The electric cooperatives of Texas have been good for everybody, warming the hearts and homes of rural citizens, creating a billion dollar a year market for home town merchants and furnishing dependable power for rural industry.

Wallace Wins Fifth Straight

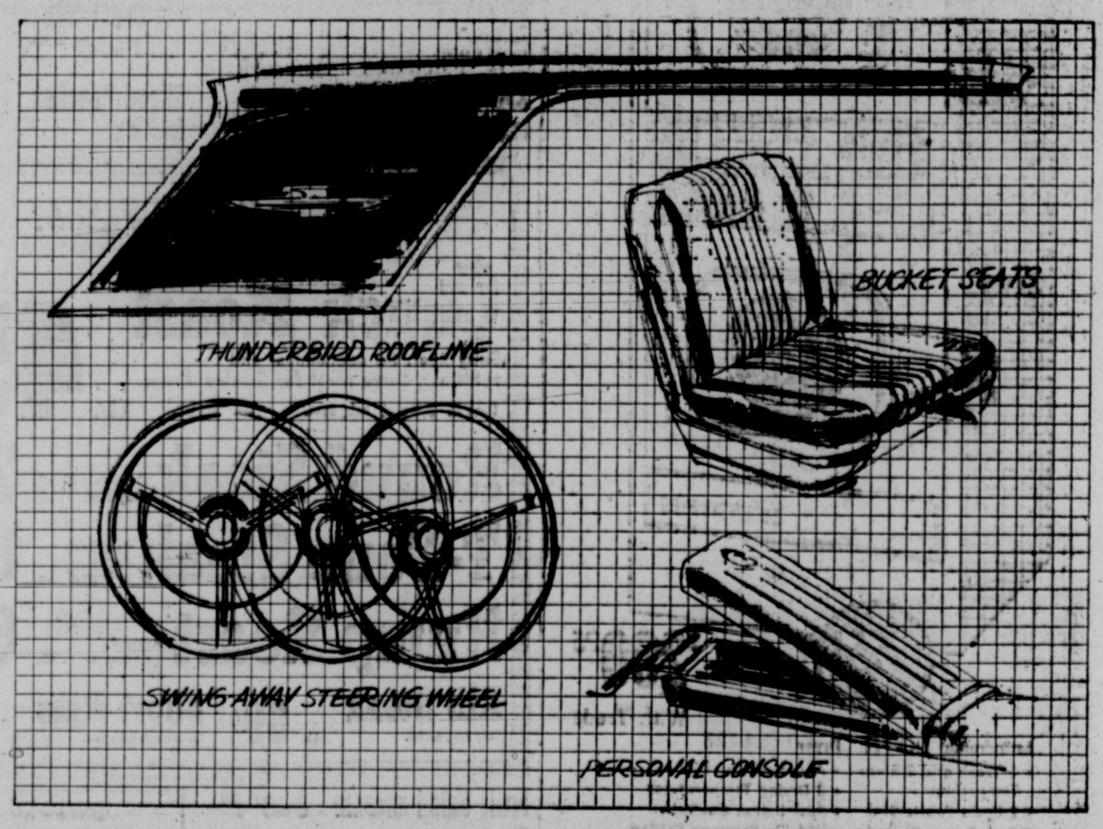

The Wallace Wildcats made Floydada their fifth straight win with a score of 73-44 in favor of Wallace.

Frank Biggers, Oscar Amos, Howard Belvin, Jesse Burton, Willie Hill, Eddy Campbell, and Sylvester Williams figured in the Wallace scoring. The three hitting in double figures were Frank Biggers 22, Oscar Amos 13, and Howard Belvin 13.

Wallace broke from a mere five point lead (19-14) in the first quarter to a healthy 33-23 lead at half-time. Frank Biggers, held to only eight points in the first half, made 4 field goals in the third quarter to help Wallace to a 50-30 lead. Wallace was not to be stopped as Howard Belvin scored 11 points in the final period to lead the Wallace scorers in that period. J. Bonner and R. Contree led the losers with 15 and 10 points respectively.

The Wallace girls, after winning their last game 48-41, lost to a superior Floydada team 24-50. The 34 points by J. Sims proved too much for the Wallace girls.

Wallace played Munday in Colorado City Wednesday.

Ford ideas so contagious they started a new trend in cars!

If you think today's cars have a lot in common, credit the Ford sketches above. For these ideas sparked a revolution in car design that's reflected wherever you look on the American road.

Ford ideas have a habit of being exciting—practical, too. Consider the innovations found only in our '63s. There is Ford Galaxie's smooth new velvet ride. It cost Ford $10 million to bring it to you, but costs you not a penny extra to enjoy. There is Ford's *full* twice-a-year or 6,000-mile maintenance* schedule that cuts service worry and expense to a minimum. There's a new manual transmission that lets you shift down from second to first *without* coming to a stop. And for '63, there's the biggest choice of models ever offered—44 in all!

Only Ford offers all these advantages now. Other cars will eventually catch up—but if you can't wait, here's a tip. See your Ford Dealer *today!*

CARDS, TOO

Postmaster Urges Early Holiday Mail

Postmaster Arlene Morris said today, "Right now is the time to start your Christmas cards and gifts on their way. The calendar says Christmas is less than a month away, but here in the Post Office it will be Christmas every day from now on."

The Postmaster went on to say that by getting into action now, a lot of headaches can be avoided when the full Christmas rush begins. For example, don't take chances on mailing poorly wrapped packages. Use sturdy corrugated mailing cartons, heavy paper adhesive tape and strong cord. Cartons containing several gift packages should be fully stuffed with tissue or old newspaper to cushion the contents.

If you have articles of unusual size or bulk, better check with the Post Office before attempting to mail them — the limits on size and weight of packages vary, depending on where you mail thm from. As an xtra precaution, it's always a good idea to place an extra label carrving both your retpurn address and the recipients address inside the carton or package.

Postmaster Morris also suggests, "Be sure to send your Christmas cards by First Class mail, using the attractive new 4c Christmas stamps. When sent First Class, your cards are delivered quicker, and they'll be forwarded or returned, if it becomes necessary. Also, they may carry written messages along with your signature."

The Postmaster says it's especially important to include your return address on every Christmas card envelope. Besides being socially correct, this is a big help to both you and your friends in keeping your mailing lists up-to-date.

Before you mail your Christmas cards, secure free labels from the Post Office which read, "ALL FOR LOCAL DELIVERY" and "ALL FOR OUT OF TOWN DELIVERY," so that you can sort your cards into two bundles, with the addresses all facing one way, thus expediting delivery.

Through the fine cooperation of the public during recent years, Postmaster Morris reports that great progress has been made in getting the Christmas mails through on time. He is making many advance preparations to handle the 1962 Christmas mail rush, with extra mail clerks, carriers, and expanded facilities all around.

"Mail Early and Often!" is the Postmasters special slogan for this year's "Mail Early for Christmas" Campaign. It looks like a record year for Christmas mail and that's why the Postmaster will especially appreciate your help in getting started now on your Christmas mailings.

Christmas cards and gifts for most distant points should be mailed first, preferably well before December 10. Those for nearby points should be mailed by December 15th, or at least a week before Christmas.

Brockett Sees Pump Designs

Merle E. Brockett of Higginbotham-Bartlett Co., 185 Pine St., recently attended a one-day seminar in Lubbock, which featured home and ranch water systems.

Advances in submersible pump design during the last decade were among seminar highlights. A sneak preview of new jet lines to be released shortly was shown.

Brockett attended the seminar and a dinner party as guest of officials of Aermotor Inc., from Chicago and Amarillo. Higginbotham-Bartlett Co. is Aermotor dealer (exclusive) in the Colorado City area.

Greet Christmas With Vanilla Cookies

Gay Christmas cookies are welcome as seasonal gifts.

Cut-Out Cookies

BY DOROTHY MADDOX

VANILLA CHRISTMAS CUT-OUT COOKIES

4 cups sifted flour
2 teaspoons baking powder
1 teaspoon salt
¾ cup butter
1½ cups sugar
1½ teaspoons vanilla extract
2 eggs

Sift flour, baking powder and salt together. (Set aside for later use). Cream butter and sugar together until fluffy. Beat in pure vanilla extract and eggs. Stir in flour mixture. Roll to 1/16-inch thickness on a lightly floured board. Shape as desired with cooky cutters. Bake in a preheated hot oven (400 degrees F.) for 7 minutes or until lightly browned around the edges. Decorate before baking with glazed fruit or colored sugar. Or, if desired, decorate with Confectioners' Sugar and Water Frosting after baking. Makes 8 dozen.

CONFECTIONERS' SUGAR AND WATER FROSTING

Combine 1 cup confectioners' sugar and 4 teaspoons water. Add red or green vegetable coloring until the desired color is obtained, beginning with one drop.

Senior Citizens Get Housing Loans

Recent legislation which amends Title V of the Housing Act of 1949 are called to public attention this week by John M. Russell, county supervisor of Farmers Home Administration.

New provisions have been added to the Housing Act which now authorize loans and grants for moderate cost housing and related facilities for elderly persons and families in rural areas. The new legislation liberalizes some regulations on rural housing loans now being made by Farmers Home Administration, and sets up new direct and insured loan programs, said L. J. Cappleman, state director of the FHA.

This new legislation will be administered in Mitchell County by USDA's Farmers Home Administration. Rural housing loans are made by this agency to farmers and other families living in rural areas who need improved housing and cannot qualify for credit from other sources.

One new provision will give those people who are 62 years of age or over special advantages not available under the earlier loan program. First, they can buy previously-occupied existing housing as well as improve their homes. Second, they can finance the cost of the building site as well as the dwelling with the loan proceeds; other families must own the land on which to build the homes before they can apply for a loan. Third, cosigners may be used by elderly applicants who are deficient in repayment ability.

Like rural housing loans now being made by Farmers Home Administration, these direct loans will bear interest at the rate of 4 percent and may be repaid over a period not exceeding 33 years.

For detailed information concerning rural housing loans for the senior citizen Russell local County Supervisor, Farmers Home Administration, may be seen.

SESSION—

Continued from page 2

is easier with two.

DISTAFF SIDE—Only one woman will be seated in the Senate and two in the House of Representatives come January.

They are: Sen. Neveille H. Colson of Navasota, Rep. Myra D. Banfield of Rosenberg, and Rep. Maud Isaacks of El Paso.

The small percentage of women legislators (1-30 in the senate and 2-148 in the house) is par for the course in state government.

Although about 5,020,770 of Texas' 9,960,000 citizens are women, only 50 women are among the 561 appointees on 87 state boards and commissions — less than 9 per cent — and there are no women on the 30 boards and authorities which govern the state's waterways.

Gov.-elect John B. Connally stated in his campaign platform that he advocated "the appointment and selection of women in those areas of government in which the moral tone of the community is directly affected."

Several state agencies guided by gubernatorial appointees are responsible for the "moral tone" of the community, including: The Texas Youth Council, Department of Public Safety, State Liquor Control Board, Board of Corrections and Department of Public Welfare.

If women in Texas ask to share this responsibility, 1963 may be a political leap year.
