Another Veto Of GOP Tax Bill Is Seen

By FRANCIS M. LE MAY
Associated Press Staff Writer

WASHINGTON Jan. 16—In an angry exchange in which both sides raised the cry of "politics," Secretary of the Treasury Snyder virtually told the Republicans today that another presidential veto awaits their $5,600,000,000 income tax reduction bill.

GOP leaders went ahead nevertheless with plans to pass their bill and junk President Truman's $40-for-everybody cut.

The usually soft-spoken Snyder clipped his words as he gave this argument to the opening session of the House Ways and Means committee:

Arguments Given

1. The Republican bill, offered by Chairman Knutson (R-Minn.), would blast hopes for debt retirement and actually put the treasury $2,100,000,000 in the red in fiscal 1949. And, Snyder said, this would "constitute a major threat to the nation's financial integrity and economic stability."

2. As for the prospect of a veto of Knutson's bill, he said "the same consideration which impelled the President" to veto two $4,000,000,000 tax cut measures last year "are controlling today."

3. The best interest of the country could be served by prompt enactment of the President's own tax proposal, for a $40 "cost of living" cut for each taxpayer and dependent, with the revenue loss to be made up by a new $3,200,000,000 bite on corporations through restoration of a modified version of the wartime excess profits tax.

"Weak Case" Claimed

When Snyder had finished his formal statement, Knutson fired: "The secretary has a weak case," indicating the committee will proceed with his own $5,600,000,000 bill with little, if any, serious consideration of the President's substitute.

Rep. Byrnes (R-Wis), a committee member, handed reporters a statement saying "it is apparent that the election of 1948 now overshadows all other considerations and dictates the course of his

Man Escapes When Nitro-Loaded Truck Turns Over Twice

(By The Associated Press)

WICHITA FALLS, Jan. 16—Deno Tufares, driver of an Independent and Eastern Torpedo company truck, was given a long term lease on borrowed time when his truck, loaded with 190 quarts of nitroglycerin, overturned twice near here today.

"It wasn't my time or I would have gone," Tufares said.

Tufares said something went wrong with the steering gear of the vehicle. "The truck pulled to the right and after I turned to the left two full turns, it swerved to the right again and then turned over."

The truck rolled over twice before it came to rest on two 10-quart containers of the high explosive. Tufares said he was thrown out—along with 50 quarts of nitro—at the end of the first roll.

State highway patrolmen blocked off a mile of the Seymour highway for almost five hours while explosive experts removed the nitroglycerine.

Rail Workers Set Feb. 6 Strike Date

(By The Associated Press)

CLEVELAND, Jan. 16—Three railroad brotherhoods representing about 125,000 operating workers today set a strike date of Feb. 6 following collapse of efforts to mediate their dispute with the nation's carriers, reported President D. B. Robertson of the Brotherhood of Locomotive Firemen and Enginemen.

Other unions in setting the strike date of 5 a.m. (CST), Feb. 6, were the Brotherhood of Locomotive Engineers and the Switchmen's union of North America, Robertson said.

Next Step Outlined

The action of the three brotherhoods was taken after Chairman Frank P. Douglas of the National (Railway) Mediation board announced in Chicago today that his panel was unsuccessful in settling the dispute, and said he would advise President Truman an emergency existed.

"The next step under the Railway Labor act," said Robertson, "will be for the President to appoint an emergency board of three public members. The unions then will present their case to the emergency board."

Hearings Would Be Held

The emergency panel's findings, said the union official, are "recommendatory and not compulsory—however, they frequently find a solution."

Under the Railway Labor act, a 30-day "cooling off" period must elapse after the board reports its findings to the President before a strike can start. The board has up to 30 days to hold hearings and prepare its report.

The setting of Feb. 6 as a strike date makes it urgent for the President to appoint a board, but once the board is appointed that date automatically becomes ineffective and no strike may be called during the fact-finders' investigation and for 30 days after they complete their work.

Robertson declared the brotherhoods involved were "far behind other unions on the wage question." A strike by the three unions, he added, would affect about 240

WINTER BLASTS HIT WIDE AREA

Spread Of Frigid Air Mass In Midwest Threatens East Coast

(By The Associated Press)

THE widening pool of frigid air spread south and eastward from the sub-zero midwest Friday, stirring up a snowstorm over Tennessee and bringing forecasts of a 20-degree drop for the Middle Atlantic coast by this morning.

At Memphis, Tenn., more than eleven inches of snow fell in an unusual storming as below-freezing winds moved eastward into that area. Snow flurries rode the cold air van in western Pennsylvania. The Memphis snowfall was the second heaviest in that city's history.

The most severe cold gripped northern Minnesota where the temperature rose no more than 15 degrees below zero at noon Friday in Duluth and a dip to 25 below was predicted for last night. The Friday morning low of minus 28 at Wadena, Minn., was the nation's low mark.

The bitter chill in northwestern Minnesota which developed into a blizzard Thursday with 45-mile-an-hour winds whipping the powdery surface of the 16-inch snow cover into blinding swirls, played havoc with game birds. Farmers and highway workers found scores of pheasants frozen in giant snow drifts.

Shortage of fuel oil in some sections was being felt critically, but highways were being cleared and bus and train schedules were reported nearing normal.

Below zero temperatures were predicted as far south and east as central Illinois and Indiana and lower Michigan by this morning.

Snow, Rains Blanket Wide Part Of Texas

(By The Associated Press)

AN old time blue norther blasted Texas out of its Indian summer weather lethargy leaving Texans today, from the Panhandle to the Gulf coast, shivering in the bitterest cold spell this season.

Light snow blanketed most of the northern Panhandle. Cold rains, sleet and snow were reported at many cities in Central and East Texas. West Texas reported clear skies but subfreezing temperatures. The Gulf coast experienced some of the coldest weather this year.

Crop Damage Feared

Late last night no crop damage had been reported from the Rio Grande valley. However, citrus and vegetable growers were gloomy over weather prospects Friday night. They said if the Weather bureau forecasts of temperatures ranging from 28.5 to 32 degrees were sustained for more than two hours, "major crop damage" would be caused.

Just across the eastern state boundary, Shreveport, La., reported four hours of record snowfall when three and a half inches of snow snarled traffic and stranded downtown shoppers. It was the heaviest snowfall there since 1920.

New Season Lows Expected

In the Cotton Valley community of Louisiana, hundreds of persons who were left homeless by the recent tornado worked feverishly to avert a second disaster as wind-driven snow threatened to collapse the tent houses being used as temporary homes. The tent dwellers could not be evacuated because of crowded conditions in the Cotton Valley homes spared by the tornado.

In a number of cities throughout Texas today, weathermen expected to be posting new low temperatures for the season.

A hard freeze, around 20 degrees, was predicted for Dallas. Warnings were issued to protect livestock, water pipes, and automobile radiators.

Late last night the thermometer was down to 23 in Fort Worth and expected to drop to 16 or 17 before dawn.

Sleet, Rain Reported

San Antonio looked for subfreezing cold, about 26 degrees early this morning. The thermometer dropped from 56 at 9:30 a.m. to 33 at 10 p.m. Sunday was expected to be near freezing.

At Beaumont temperatures dropped 10 degrees in one hour. A heavy rain preceded the cold front.

Skies were clear late last night at San Angelo with a low of about 20 predicted for this morning.

Strike Threatened To Back Up Demands

Auto Workers Ask 25-Cent Wage Hike

By F. GLENN ENGLE
Associated Press Staff Writer

DETROIT, Jan. 16 — The CIO United Auto Workers demanded a 25 cents an hour wage increase of the car industry today, plus "fringe" demands bringing the estimated total to 30 cents.

The added five cents was asked for proposed health and medical insurance, and UAW President Walter P. Reuther said the union "will not hesitate" to back its full demands with a strike.

UAW Sets Pace

In demanding 25 cents an hour, the big auto union of more than 900,000 members took the role of pace-setter in the CIO's national drive for a third postwar wage increase from American industry.

The UAW also proposed a guaranteed weekly wage, a concession it has asked heretofore from the car industry, and three-week vacations for employes with five years seniority.

President Reuther described the 25 cents wage boost demand as tentative to the extent that it was based on the cost of living.

Higher Living Costs Cited

If the cost of living goes up or down between now and May 1, Reuther said, the 25-cent figure will be revised accordingly.

It was based, he said, on the government's Bureau of Labor statistics consumers' price index. The union claims the index shows that 25 cents is needed to offset higher living costs since the end of OPA.

Reuther, at a press conference after the UAW executive board announced its demand, said it was impossible to determine the exact total money equivalent to be sought because it was not known how many workers would benefit from an improved vacation provision.

Notices To Be Filed

He declined to say whether General Motors Corp. or Chrysler Corp. would be first to be confronted with the demand. That, he said, will be decided soon by the union's top policy committee.

The union will file notice of intent to open negotiations on a new contract with General Motors Feb. 28, the earliest possible date, and talks will start within ten days after that, Reuther said. The Chrysler contract has more than a year to run but the wage clause can be renegotiated anytime after 60-day notice by either party.

Spokesmen for General Motors, Chrysler and the Ford Motor Co. —other members of the industry's "big three"—declined comment on the demand. Union officials estimated it would add roughly $10,000,000 a week to the industry's payrolls.

Baptists Seeking Radio Network

WASHINGTON, Jan. 16 (AP)—Formation of a statewide radio station network in Texas, under auspices of the Baptist church, is under consideration, the Rev. P. Alton Reed, said tonight.

Dr. Reed, chairman of the radio department of the Baptist general convention in Texas, said he is conferring with the Federal Communications commission to clarify technical and legal problems arising in connection with the proposal.

Seek Moral Programs

Dr. J. M. Dawson, executive secretary of all sections of the Baptist church in this country, told a reporter that the objective of the church in trying to set up a radio network is to bring "wholesome" radio programs into the home, with emphasis on the moral and religious aspects.

The FCC yesterday announced that it had formally accepted applications for new FM broadcasting stations to be operated by the following Baptist institutions:

First Baptist church, Beaumont; San Antonio Baptist association, made up of Baptist churches in that city; Howard Payne university, Brownwood; Wayland college, Plainview; Buckner Orphans home, Dallas; Southwestern Baptist Theological Seminary, Fort Worth.

In addition to these pending applications, the Baptists of Texas operation station KWBU at Corpus Christi, as a property of Baylor university (located at Waco, Texas), and expect to be on the air soon with an FM station to be operated by Mary Hardin college at Belton, Dr. Reed said.

Plans Said Underway

Although reluctant to discuss the situation, he did acknowledge that his church has entered into a long-range program for developing a statewide radio broadcast system.

Death Penalty Assessed In Murder Of Oklahoma Woman

DALLAS, Jan. 16 (AP)—A criminal district court jury here tonight convicted Buster Northern, 18, of stomping to death Mrs. W. H. McHenry, 69-year-old Oklahoma woman, and gave him a penalty of death.

It was the second death verdict for Northern on the charge he killed Mrs. McHenry and left her body on a lonely road in west Dallas March 27, 1946. The jury was out about three hours.

A death verdict given him in May, 1946, was reversed by the Court of Criminal Appeals at Austin because the indictment did not say the stomping was done "with the feet."

New Basis For Aid Outlined

By ED CREAGH
Associated Press Staff Writer

WASHINGTON, Jan. 16—Senator Vandenberg (R-Mich) came out today in favor of requiring European countries to put forward their best recovery efforts in order to qualify for American help.

The Foreign Relations committee chairman said "half the criticism" of the proposed $6,800,000,000 European recovery program would evaporate if some way could be found to "follow our dollars abroad and see we are getting our money's worth."

Changes Advocated

And he said he would like to see the aid bill changed to specify that continued American aid depends upon:

1—The progress European countries make toward recovery.

2—The results that come from their efforts to carry out the promises they make in individual agreements with the U. S.

Full knowledge of what Europeans are doing with American aid "would do more to satisfy the American public than anything else," Vandenberg commented as the committee continued hearings on the administration bill guaranteeing aid for four and a quarter years.

Bill Called Not "Extravagant"

Vandenberg's remarks followed testimony by President John J. McCloy of the World bank that this country should make "hard" loans to Europe rather than "fuzzy" ones such as the $3,750,000,000 grant to Great Britain,

Dewey In Race For GOP Post

ALBANY, N. Y., Jan. 16 (AP)—Gov. Thomas E. Dewey late today announced his candidacy for the Republican presidential nomination through a statement by a member of his staff.

The New York governor, 1944 GOP standard bearer, broke his long official silence on his availability by authorizing his executive assistant, James C. Hagerty, to issue a statement saying he "would accept" if nominated.

Oregon Entry Set

Dewey was in seclusion at his farm in Pawling. He is expected back here tomorrow.

Hagerty said the statement resulted from "queries" about the entry in Oregon's May preferential primary yesterday of a full slate of convention delegates pledged to the empire state executive.

Hagerty's statement:

"I am informed that a group of Governor Dewey's friends in Oregon has entered his name in the preferential primary of the state. I know that the governor warmly appreciates the support and loyalty of his many friends in Oregon.

"As the governor has frequently said, he is fully engaged with the work of the legislative session and cannot actively seek the nomination of his party for President, but if nominated he would accept."

British Flee Canton; Mobs Burn Building

HONG KONG, Saturday, Jan. 17. (AP)—Seventeen British refugees arrived by plane today from Canton, where rioting Chinese mobs yesterday sacked and burned the British consulate, injured six Britons and threatened several Americans.

In the group were 11 women and six children. The British plan to bring out about 100 women and children in all.

The British foreign office announced in London that Sir Ralph Stevenson, British ambassador in China had protested to the Chinese government about the Canton disorders.)

For three hours the anti-British demonstration gripped the Chinese city which is a few hours away from Hong Kong by steamship.

Subsequently, Hong Kong airways cancelled all scheduled flights to and from Canton for tomorrow in order to use the planes to transport the British women and children. The evacuees will be brought to this British crown colony.

An earlier account said that eventually all Britons might leave Canton. British shipping to the troubled Chinese city was suspended pending clarification of the situation.

Farmers Of Germany Also Have Problems

(NOTE TO READERS: This is No. 13 of a series of articles on the problems of American and British occupation in Europe. The Avalanche-Journal's editor recently returned from a tour of Germany, Austria, the Free State of Trieste as a guest of the U. S. Army).

• • •

BY CHAS. A. GUY, EDITOR
The Lubbock Avalanche-Journal

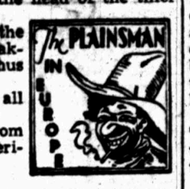

TALK to almost any German resident of a big German city about the farmers of the country and he'll wax explosive.

He'll call his country cousin a "rapacious peasant," in German of course, and he'll rain other imprecations upon the head of the tiller of the soil.

Some of our officials will do pretty much the same thing, because they have a difficult time making the farmer divvy up his foodstuffs and thus ease the hungry lot of the city dweller.

But in the case of the German farmer—as in all cases—there are two sides to the story.

The farmer has his problems, too, although from food and housing standpoints they are not as serious as those of the urban resident.

• • •

Farmer Is Gouged, Too

It is true that the farmer won't take his foodstuffs to town and sell them in time-honored fashion. That's because the marks he would get for his produce wouldn't buy much, and what they would buy wouldn't be what he needs most.

It is true that he encourages the black market by swapping small-size potatoes, apples, cabbage, turnips, etc., to city people who trudge to his rural home with cigarets, soap, coffee, and cooking fats when they can "scrounge" them, and often their family heirlooms.

It further is true that the farmer hides everything he can from our inspectors and that he and his are getting much more than their alloted food ration daily.

But it also is true that the farmer is a victim of the black market when he sets out to fill his own needs in everything. Therefore, it is to his advantage to gouge, so that when he, himself, is gouged it doesn't hurt so much.

• • •

WORST feature of the farm-and-food situation in the U. S. and British zones of Germany is that the lion's share of the best farm lands in the fallen Reich are in the Russian zone.

Everybody familiar with the Four-Power occupation knows what that means. It means that none of the produce of Eastern Germany can get to Western, industrial Germany—occupied by ourselves, the British and the French—which, at its best, was never more than 80 per cent self-sustaining from a food production standpoint.

Since Britain and France are without sufficient food to care for their own needs, much less having a surplus to send to Germany, that makes our responsibility as to food shipments abroad that much greater.

All we and our western allies are trying to do is to keep the Germans in their zones alive until they can get back on their economic feet again and, with a firm currency, get their agricultural products flowing as they should to the various markets.

If we continue to produce as we have in recent years—and dat ole debbil drouth-or-flood doesn't fly us low this year and next—we can do the job.

If our production falls off, for any reason, the result will be tragic, not only for the hungry Germans, but for our business picture at home, as well.

• • •

Women Work Hard On Farms

In some sections of the U. S. zone, the German farmers live on their little farms, which range from 12 to 20 acres, the latter being somewhat larger than the average.

But on the whole, the German soil-tillers live in small villages and walk back and forth in working their holdings.

They work farms intensively, as may be imagined by the size of the plots. Their wives, it seemed to me, did more farm work than the farmers, themselves.

Wherever people were working on the land as we drove by, the women seemed to be the more energetic. This is easy to explain. European women double in brass as wives, mothers, housekeepers, drudges and, it appears, as mules, when necessary. The

Jews And Arabs Clash In Haifa

By JAMES M. LONG
Associated Press Staff Writer

JERUSALEM, Jan. 16 — Jews and Arabs tonight battled in the streets of Haifa, one of the greatest ports in the eastern Mediterranean.

Hagana, the Jewish militia, said without official confirmation that 40 Arabs were killed and 80 wounded in the day's fighting there.

Other reports, however, limited the casualties to 27 persons killed there and elsewhere in Palestine in the last 24 hours. Official reports said the dead included eight children and a woman.

New Battle Reported

Reports of a new battle in villages clustered in the Judean hills south of Bethlehem reached Jerusalem tonight. Fragmentary reports to police said a force of at least 100 Jews had attacked the village of Surif. The attack apparently was in reprisal for the Arab assault on Jewish villages near Kefar Ezyon three days ago.

Police said their patrols had brought in six wounded Arabs and added that total casualties might be heavy. It also was reported that the Arabs might have struck back immediately in another raid on Jewish villages in the area.

Jerusalem late tonight felt the vibration of a heavy explosion which police said occurred in the area of the Zion gate, chief entryway to the trapped Jewish quarter of the old walled city.

Russians Release U. S. Army Officers Arrested In Hungary

VIENNA, Austria, Jan. 16. (AP)—Two U.S. Army officers attached to the American legation in Budapest were arrested by Russian soldiers in the Hungarian town of Papa Wednesday, Army officials said today. They were brought to Vienna and released here Thursday morning.

The two—Lt. Col. Peter J. Lpcsak, assistant military attache, and Lt. Col. Bernard Thielen—were held incommunicado and treated with "hostility," an Army spokesman said.

The only reason advanced by the Russians was that everyone passing through Papa was required to identify himself. Both officers were carrying Hungarian foreign ministry diplomatic passes which authorized them to travel freely anywhere within Hungary, the spokesman said.

Million Dollar Law Suit Filed Against Louisiana Congressman

(By The Associated Press)

NEW ORLEANS, Jan. 16—Earl K. Long struck back with a million dollar law suit today against the representative who charged on the floor of Congress that Long had an illegal income of $250,000 in 1938-39 when he was first lieutenant governor, then governor of Louisiana.

Also named as defendants were two New Orleans publishers and former governor Sam H. Jones, one of Long's opponents for the Democratic nomination for governor in a primary election next Tuesday.

Long—brother of the late Senator Huey P. Long—charged a conspiracy to have Rep. James Domengeaux of Lafayette, La., make a "malicious, false, libelous and slanderous statement" against him under the cloak of congressional immunity.

The declaration in civil district court here alleged that Domengeaux and others, not named, have made a $20,000 wager that Long would not be top man in the primary. It said that Domengeaux became desperate because he sensed that he would lose the bet, and it charged that the congressman thus agreed to make the

COMMUNIST INFLUENCE PROBED

Strikes In Ruhr Cities Mark New Labor Unrest In Germany

By JAMES DEVLIN
Associated Press Staff Writer

DUESSELDORF, Germany, Jan. 16—Strikes in three Ruhr cities touched off new unrest in Western Germany today. Swarms of military government investigators probed the Ruhr crisis to see whether the strikes were Communist-inspired or a spontaneous reaction to critical food shortages.

Fifty thousand workers in the Ruhr cities of Duisberg, Muehlheim and Dislaken struck against the food shortages, bringing to more than 160,000 the number who walked out for brief periods in the last week. The total out, however, was about 50,000, most of the remaining 110,000 having returned to work, including 25,000 who struck yesterday at Oberhausen.

The attention being given the situation by British-American military authorities was especially acute because of the publication of "Protocol M," purporting to outline a Communist master plan of strikes for the purpose of breaking down the Marshall plan for European recovery by attacking the industrial heart of Europe. The British foreign office said it was convinced the plan was of authentic Communist origin. The Commun-

German Farmer Also Has Problem; Supply Of Food Is Kept From Markets In Cities

(Continued From Page One)

man is the Head of the Family, make no mistake about it.

* * *

GERMAN crops in 1947 were very short, due to the worst drouth in 50 years. On top of this mean trick by Nature, Germany is terribly short, too, on fertilizer, the No. 1 agricultural necessity in Europe.

Under normal conditions, natural fertilizer is abundant in Germany, with 80 per cent of livestock feed being eventually recovered as fertilizer. But now, with livestock depleted, there is a terrific shortage of this essential and the tank wagons one customarily sees on farms everywhere are seldom seen spreading the fertilizer on the ground.

While munitions plants can be fairly easily switched over for the manufacture of esratz fertilizer—and several are being switched over in the U. S. and British zones—again the Russian occupation becomes a plague.

Many of the munitions plants in the old Reich were in what now is the Russian zone, and those jolly fellows are dismantling all plants as rapidly as they can and shipping the machinery to the U. S. S. R.

* * *

We Can Learn A Few Things, Too

In the U. S. zone of Germany we have overseers and advisors in farm matters: professional agriculturists, farm economists, etc. To me, that seems a little like carrying coal to Newcastle or, maybe, electric refrigerators to the Eskimos.

Even a sidewalk farmer, like me, can see from the ground and the air that the German farmer—because he has to—cares for his land much better than our farmers do. And when it comes to terracing, he can give our best terracers cards and spades and win with big and little casino.

Perhaps our farm experts overseas can teach the German soil-tillers a few tricks. But five will get you 10 that as they teach the German farmers, they can learn a few tricks in return.

* * *

THE German farm has tight buildings, so that what few cows, horses and chickens remain can be sheltered from the wet, piercing cold of winter.

On the relatively few farms where families live, the barn frequently is attached to the house and the haymow not only covers the second floor of the barn, but the attic of the house, as well.

Manure from the few heads of livestock left is carefully hoarded, because it will grow, each year, three crops of grass needed to feed the stock.

The average German farmer with 15 acres of age-old farmland will till one-third of his property and leave two-thirds for grazing. Yet by intensifying his efforts and tending almost every plant by hand, in normal times he makes a living for himself and his family, just as his father, grandfather and great-grandfather did before him.

On the one-third of his farm, the German ruralite will raise wheat, potatoes and rye, if he is "average." He might, also, raise some cabbages, or some beets. If he has a ring of trees about his place, the chances are they will be of the apple variety. Under normal conditions, he will have from seven to 10 head of milking cows, three or four calves, a couple of sheep and a flock of hens. He'll work his place with two horses and may have a third in case it is needed.

When German economy is again set on an even keel, the kraut farmer can again supply 80 per cent of the Western zone's needed foodstuffs, even if today's swollen population in that zone continues.

But as long as the Russians squat on the old Reich's best farmlands, food imports, from the U. S., South America and other nations will be essential.

(TOMORROW: At the conclusion of the tour of Germany, Austria and the Free State of Trieste, Mr. Guy and 13 other U. S. Editors went to Paris "on their own" for a six-day stay. with headquarters in Dallas, but it still is in formative stages, however, and I therefore cannot give out any definite statement," he added.

"If we can be of service in the radio field then we are anxious to enter it. Other religious denominations, of course, would have the opportunity to appear over these stations. That is one of the requirements of the FCC."

The Texas Baptist convention fifteen months ago appropriated $175,000 to be expended in hiring personnel and paying other operative costs in the development of a radio network.

Dr. Dawson, with whom Reed has conferred, was formerly pastor of a Baptist church in Waco, Tex.

Dr. Dawson said it was his understanding one of the technical and legal questions under study was the matter of ownership of radio stations. The FCC regulations, he noted, limit to six the number of stations which any individual, association, or corporation could own and operate.

Aid Plan Outlined

(Continued From Page One)

which he described as "ineffective."

McCloy said the 1946 British loan had been criticized both here and in England because there was a "lack of knowledge" as to "what the money was used for."

The international bank head said his staff had screened administration estimates and come to the conclusion that the proposed $6,800,000,000 cost of the Marshall program for the first 15 months was not extravagant.

"We feel, rather, that it is a tight fit," McCloy said.

This view clashed sharply with the call by Senator Taft (R-Ohio) in a Providence, R. I., speech last night for a $1,000,000,000 cut in foreign spending during the year beginning July 1.

Permits For Nine Residences Boost Building Total For 1948

Permits for nine residences costing $83,000 Friday gave the biggest boost of the new year to the 1948 city building total.

They increased the permit figure for the present month to $464,606, exceeding the $405,915 for the whole of January, 1947, by $58,691. The building pace, however, has been considerably slower than during the last half of last year.

Permits included four to Carl J. Suitt for dwellings costing a total of $42,000 in the 3300-block of Twenty-ninth street; two to Quincy Haney, for residences costing $10,500 each at 2610 and 2612 Thirty-third, and two each to C. B. New Veto Seen

(Snyder's) judgment."

Rep. Dingell (D-Mich), author of the measure embodying the President's tax program, told reporters, "the secretary thoroughly discredited Knutson's bill, and supports mine 100 per cent."

Snyder Talks Back

Sitting before the committee, Snyder talked back to the chairman with some tartness. It went about like this:

Knutson: "What was the President's bill designed for—politics?"

Snyder: "What about the Knutson bill, is it non-political?"

Knutson said the treasury had put out so much erroneous information that he didn't know when to believe what the treasury said.

Snyder retorted that the committee's own staff of experts had been wrong on judging economic trends about as often as the treasury.

While Snyder fought vigorously for the President's program, these things appeared certain to veteran observers of the tax legislation:

Veto Due On GOP Bill

1. Mr. Truman's program has no chance of enactment in the Republican-controlled Congress.

2. Congress will pass a Republican tax bill. It may not go to the White House in just the form Knutson introduced it, but it will seek to take a sizeable slice out of income tax levies.

3. Mr. Truman will veto the Republican bill, and the final showdown will come on whether the Republicans can corral enough Democrats to override the President by two-thirds votes in both the Senate and House.

4. Whatever the outcome, the issue will go into the presidential campaigning.

Knutson claimed enough votes to override the President.

Rep. Doughton (D-NC), the House's No. 1 tax manager when Democrats controlled Congress, told Snyder, "frankly, I am not impressed with" either Mr. Truman's tax proposal or Knutson's bill.

Rep. West Announces He Will Not Seek Re-Election In '48

WASHINGTON, Jan. 16. (AP)—Rep. West (D-Tex) said today he will not be a candidate for re-election.

The veteran Rio Grande valley congressman, who was elected as a successor to John Nance Garner when the latter resigned to become vice president in 1933, did not give any reasons for his voluntary retirement from the House.

"I will not be a candidate for re-election," he said in a statement to the press.

"After due consideration, I have decided not to be a candidate in the forthcoming elections." Friends of the Texan said they understood he preferred to return to an active role in the management of Texas farm and ranch properties he owns near the Mexican border.

statement, which Long branded as false.

Defendants included the Times-Picayune Publishing company, the Item company, Inc.; Leonard K. Nicholson, publisher of the Times-Picayune and New Orleans States; Ralph Nicholson, publisher of the New Orleans Item, and Robert H. Ainsworth, jr., Jones' New Orleans campaign manager.

The filing of the suit climaxed a furore which developed when Domengeaux arose in the House at Washington yesterday and stated that Long had been assessed $100,000 by the federal government for delinquent income taxes.

Domengeaux declared that Long had received an income of $250,000, largely "obtained in an illegitimate and illegal manner at the expense of the taxpayers of the state," while he was in office, but had reported only a nominal income in a "wilful intent to evade his income tax."

railroads and switching yards in the country.

The strike, if effected, would virtually paralyze the nation's rail system as all three of the unions are composed of operating employes. Last spring, the strike of two operating unions snarled the country's roads.

The BFLE president reported the unions' decision on the strike date had been filed with the Railway Mediation board in Chicago following collapse of negotiations.

In Chicago, Douglass said he had been advised unofficially that the three unions had voted "more than 98 per cent" in favor of a strike.

Germans Strike

(Continued From Page One)

ist-controlled Socialist Unity party declared in Berlin, however, that the document was a "clumsy swindle."

German bi-zonal officials in Frankfurt warned the 40,000,000 Germans of the British-American zones that some of them may not receive "a single gram of fat and little meat" beginning Feb. 1, and predicted that strikes in the Ruhr trouble area would soon spread to other industrial sectors.

Famine Feared

"For the first time since the end of the war, we really face famine," said Dr. Gebhard Seelos, president of the German bi-zonal executive committee at a news conference. "We need 16,000 tons of fat for western Germany for one four-week ration period but only 5,000 tons are available."

Hans Boeskler, leader of the Germany Federation of Trade Unions in the British zone, said the situation in the Ruhr promised to be relieved by a promised contribution of fats from other states and that the strikers in the three cities would return to work tomorrow.

He said this might cause critical shortages in the contributing areas, however, and other German authorities predicted inevitable hunger riots" in the American zone.

Boekler attributed the strikes "solely to hunger" and said Communists were not strong enough to stir up mass strikes.

Deputy Burgomeister Julius Reiber in the American zone industrial city of Darmstadt, said bakers there had flour for only one day. The Darmstadt council appealed for more food to avert riots.

trace of snow fell at Temple yesterday. All of them brought a total of .62 inches of precipitation.

Lufkin reported both sleet and snow. Snow flurries fell in Dallas and at Texarkana.

At Marshall, rain, sleet and snow fell Friday afternoon. Rainfall totaled 1.15 inches. Late in the afternoon snow was beginning to cover the ground after falling for an hour and a half.

Bonham reported an afternoon temperature of 25 degrees with snow flurries.

At Waco, the minimum during the day was 31 degrees. Rain fell during the morning and some snow in the afternoon.

Coldest temperatures of the year were predicted at Houston as a "wet norther" dropped the thermometer late Friday to 30 degrees. A light cold rain began falling in the morning and continued throughout the day.

Traffic Is Slowed

Highway traffic was slowing over most of the Panhandle. The snow fall extended as far south as Hereford and ranged roughly from half an inch to an inch.

The coastal region was in for heavy showers or mostly cloudy weather as the two cold fronts coming in from Canada bumped into warm Gulf air.

Temperatures remained below freezing in most of North Texas yesterday. Amarillo reported a low of 18 degrees at 10 a.m. and the mercury dropped to 16 above at Pampa at 9 a.m. The temperature dropped from 62 to 29 degrees at Bonham when the cold front moved in, accompanied by rain and high winds.

A low pressure area in Mexico was pulling down the two cold fronts from Canadian snowfields. The cold was expected to hover over Texas for several days.

An extended forecast from the U. S. Weather bureau predicted temperatures averaging 4-8 degrees below normal for the Texas Gulf plains and northeast Texas through Wednesday. A rising trend Sunday was to be offset by colder weather Monday. Rain was forecast for the coastal areas and interior, with snow likely in the north portion Monday.

For Texas west of the Gulf plains, temperatures were predicted to be near normal in the Panhandle and 3 to 5 degrees below normal through Wednesday. Little or no rain was indicated except light rain in the Del Rio-Eagle Pass area Monday.

BAD BUSINESS SLUMP AHEAD?

The President Cries "Wolf!"

IT is unfortunate, perhaps, that impartial and non-partisan consideration is impossible for the warning sounded by President Truman Wednesday that a "serious business slump" threatens unless broad powers for which he asked are entrusted to him by Congress.

If such a danger does exist, nothing could be much more important than that the nation should recognize it so that something of preventive nature might be attempted. It goes almost without saying that Mr. Truman would be given the powers asked if Congress and/or most Americans were persuaded that the alternative is a depression.

But political considerations do not permit acceptance of the warning without skepticism as to its sincerity. Mr. Truman eagerly wants almost dictatorial standby authority as to rationing, prices, wages and other matters of vital individual concern to Americans. Even his closest advisers acknowledge that prospects of Congress granting any of his requests are remote. So his depression warning will be suspected as a desperate attempt to scare Congress into approving, and the American people into accepting, the powers he has no chance of getting otherwise.

There seems little likelihood that Congress, or anyone, will be stampeded by this cry of wolf. There will be doubt, in the first place, whether the wolf actually exists. Or, if it does exist, there will be doubt as to whether Mr. Truman has proposed the best method of meeting and repelling the danger.

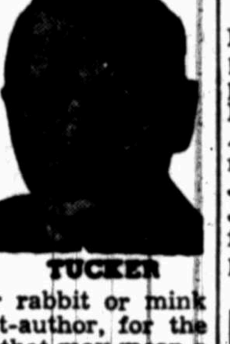

FDR AIDE NOW HELPS TRUMAN

'Ghost Writer' Also Lobbyist

By RAY TUCKER
Special Correspondent

WASHINGTON—Samuel J. Rosenman did not make any financial sacrifice when he left the New York Supreme Court to become the political adviser and "ghost writer" extraordinary for former President Roosevelt, and now for President Truman.

The leading, literary liberal of both Administrations receives an annual retainer of $40,000 from the Associated Fur Coat and Trimmings Manufacturers, according to the latest listing of lobbyists and their salaries with the clerk of the House of Representatives. And that is only retainer money. There is no record of additional earnings.

TUCKER

It is understood that ex-Judge Rosenman was summoned to Washington at the last moment, after reports of Wallace strength among former Democratic voters, to humanize and vitalize President Truman's recent report to Congress on the State of the Nation.

The women who now pay high prices for their rabbit or mink coats may have cause to be grateful to the lobbyist-author, for the speech which he helped to write called for a program that may mean a reduction in the cost of his client's goods.

Incidentally, in view of Mr. Truman's demands for federal invasion of so many fields—housing, education, medicine, power, food, agriculture etc.—Mr. Rosenman has done a good turn for his fellow-lobbyists. To advance or oppose the presidential recommendations, the present army of special pleaders on Capitol Hill will receive many new recruits during the rest of the current session.

LOBBYISTS: The New York humanitarian does not top the list of high-priced lobbyists, however. According to the official listing, he ranks fourth among men who seek favorable legislation for such sordid commodities or services as the private utilities and Hawaiian sugar.

The lead-off position is occupied by Purcell C. Smith, who draws $65,000 annually as head of the National Association of Electric Companies. His assistant, S. M. Walter, gets approximately $50,000. Next comes Ernest W. Greene. As representative of the Hawaiian Sugar Planters Association, he earns $45,180 a year.

FEES: Several former members of Congress stand high in the ratings. Clifton A. Woodrum of Virginia receives $36,000 a year from the American Plant Food Council Inc. Wesley E. Disney of Oklahoma draws about $25,000 from mining organizations, and represents others on a fee basis. Robert Ramspeck of Georgia is paid $25,000 by the Air Transport Association of America. Fritz G. Lanham of Texas gets $10,000 from two trade councils.

Ex-Senator John A. Danaher of Connecticut is listed as lobbyist for the Revere Copper & Brass Inc. Although his salary is not given, it is understood to be $20,000.

The official record dissipates the popular idea that lobbyists are get-rich-quick millionaires. Not more than fifty of the approximately 900 individuals listed earn more than $15,000, with the majority getting from $5,000 to $10,000. Even though entertainment and expense money is sometimes concealed, their fees are not fabulous.

CHARGE IS DROPPED

WASHINGTON, Jan. 16. (AP)—An income tax evasion charge against Joe H. Jones, former assistant U. S. district attorney for northern Texas has been dropped, the Justice department said today. The department said departmental assistants made the decision to drop the case, based on findings in the circuit court of appeals which last month set aside a May, 1947, conviction of Jones.

Plans Set For Stassen Visit

Republican leaders from a wide area of West Texas will honor Harold Stassen, former governor of Minnesota, at a breakfast at 8:30 a. m. next Monday at the Hilton hotel, it was announced Friday by the arrangements committee members for the GOP presidential candidate's visit here.

Gov. Stassen and his party of approximately 12 persons are due to arrive at Lubbock Municipal airport about 8 o'clock Sunday night from Albuquerque, N. M. The breakfast Monday will launch a series of four appearances for the GOP leader here.

Addresses Are Scheduled

At 10 a. m., he is to make an address at the Texas Tech gymnasium with his talk being broadcast over radio station KCBD. At 11:15, he will appear at a press conference for South Plains editors.

From 12 until 1 p. m., he will speak at a joint luncheon of the Lubbock Junior Chamber of Commerce and the Lubbock Lions club after which he will be honored in a reception at the hotel from 1 until 1:30 p. m.

The public is invited to hear Gov. Stassen's talk at the Tech gym and a few special guests will be invited to the luncheon at the Hilton. The public is also extended an invitation to attend the reception for Stassen, following the luncheon.

Arrangements Complete

Stassen and his party are scheduled to depart from the airport at 1:45 p. m. for Amarillo.

A committee composed of John L. Vaughan, Lubbock county Republican chairman; M. D. Temple, president of the Lubbock Republican club; A. E. Quest and Frank A. Swan, Republicans; T. C. Root, representing Tech; Roy Forkner, Jaycees; and Groves Denman and J. Wm. Davis, Lions; completed final arrangements for Stassen's program here.

Freedom Train Visit To Texas Changed

The Texas schedule of the Freedom Train seems to be subject to change despite statements to the contrary by J. Edward Shugrue, national director of the American Heritage Foundation, made in letters to Lubbock persons who sought to change the train's schedule to include West Texas cities on its trip through the state.

For Thursday in Dallas, Shugrue announced that two days would be given to the train's stop there instead of one day as originally planned.

Shugrue said in the letters sent Cong. Mahon, Mrs. J. E. Hartley, president of the City P.-T.A. council and A. B. Davis, manager of the Lubbock Chamber of Commerce, that the train's schedule could not be changed.

Dallas, however, seems to have turned the trick, for Shugrue announced that the train, bearing 127 United States historical documents, would stop in Dallas Jan. 30 and 31 and the train's schedule moved back a day later throughout Texas.

Former Lubbock Architect Is Claimed At San Antonio Home

Lubbock friends of W. R. Kaufman, about 67, who did the architectural work for the Palace Theater building here and numerous public buildings of this section, learned Friday of his death from a heart ailment Thursday in his San Antonio residence.

He lived from about 1905 to about 1939 in Amarillo, and maintained a business office in Lubbock about 1924 to 1926. He drew plans for schools and court houses in numerous West Texas towns, including Littlefield and Muleshoe, friends said.

Funeral services will be read in Amarillo, probably Sunday

The widow; two sons, W. R. jr., and Ed Kaufman, both of Amarillo, and a daughter, Miss Florence Kaufman of San Antonio, survive.

Settlement On Huge Account To Be Sought

Soviets Seek Talks On Lend-Lease Bill

By JOHN M. HIGHTOWER
Associated Press Staff Writer

WASHINGTON, Jan. 16 — Russia's ambassador reported today the Soviets are ready to reopen negotiations for a final settlement of the Soviet Union's $11,297,000,000 lend-lease account. It is the last unsettled major account left on lend-lease books.

The ambassador, Alexander S. Panyushkin, told news men at the State department that he hoped to resume the negotiations in the near future. They were stopped last summer when Panyushkin's predecessor, N. V. Novikov, was recalled to Russia.

U. S. To Okay Plan

American officials, it was learned, are also prepared to start talking with the Russians again. A date for the conference remains to be set.

The talks will be complicated by the general atmosphere of suspicion coloring all relations between the two governments. Officials were uncertain whether they would have much more success in the future than they have had in the past in trying to arrive at terms of settlement for the U. S. goods shipped to Russia under lend-lease.

Additional complications arise from two points. One of these is that last summer Congress stopped the delivery to Russia of approximately $19,000,000 worth of goods originally ordered under lend-lease. These had been scheduled for postwar delivery on the basis that the Russians would pay for them as was done in the case of all other countries receiving postwar deliveries of Lend Lease supplies useful in a civilian economy.

Competing With U. S. Ships

The second point is that considerable irritation was caused among officials here some months ago by reports that the Soviets were using ships which they obtained from the United States under lend-lease, and to which the United States still held title, in competition with American shipping through subsidiare to other countries. One such vessel showed up at a United States port.

There was one major difficulty which caused the Lend-Lease talks to bog down even before Novikov left. This was the fact that the Russians told American representatives here that they were unable to supply an inventory of goods useful in peacetime which they had left over from Lend-Lease deliveries during the war. In negotiations with other countries a final settlement usually rested upon a determination of the value of such goods. The Russians said it was physically impossible for them to supply an inventory and American speculation was that the Soviets had not kept detailed records of the supplies they received and distributed throughout their vast country.

City To Open Bids On Huge Bond Issue

Mayor C. A. Bestwick announced Friday that bids on approximately $2,000,000 in city bonds, the largest offering at one time in the city's history, probably will be opened late in February.

City Manager Homer A. Hunter has been asked to submit a formal call for the bids to the city commission's semi-monthly meeting next Thursday, the mayor added.

The offer is being considered on the advice of bond experts that the market probably is more favorable now than it is likely to be for a long time to come, officials said. Other factors being equal, officials explained, the bonds will be sold to the purchaser requiring the lowest interest rate.

While the exact break-down remains to be decided, expectation is that about $800,000 of the bonds will be for electric plant expansions, practically all of it for a new turbine generating engine now on order. Other bonds will be for water and sewage improvements and $100,000 for a new administration building at the airport.

The administration building bonds were voted in December, 1945, to defray the city's half of the cost of the structure. A federal allocation has been made for the remainder of the cost. The other bonds to be sold were voted last December.

Capt. Larsen Urges Hospital Care For Low-Income Groups

Capt. Vincel Larsen, local Salvation Army commander, who was selected as the city's outstanding young man for 1947, said in a talk before the American Business club luncheon Friday noon at Hilton hotel that Lubbock's crying need is hospitalization facilities for persons of the low income groups.

"Lubbock has three fine hospitals and they're doing all they can with their present facilities for those who are financially able to afford hospital care," Capt. Larsen said. "There are hundreds of people, however, who haven't the money and who are in serious need of hospital attention that can't be cared for otherwise. Lubbock seriously needs a place to care for these people."

Recent Cases Cited

Capt. Larsen cited several recent cases in which low income people had to have hospitalization and couldn't be treated until some sort of financial arrangements were made by charity groups. He paid tribute to charity work of local physicians, but said the need for hospitalization was one of the city's most serious needs.

Capt. Larsen was introduced by Preston Johnson, program chairman. Roy Bass, representing the Lubbock Kiwanis club, invited ABC members to attend the world premiere showing of W. G. McMillan's African hunt pictures at the high school auditorium next Friday night.

Arrangements were made for Lubbock club members to attend the charter night program of the Odessa ABC organization at Odessa next Monday night, the local group to go in chartered buses for the affair. Bob Rose is chairman of arrangements.

Appeal To Be Made In Murder Conviction Of Mexican Here

Notice of appeal to the court of criminal appeals in Austin was given by S. P. Boling, attorney, after Judge Dan Blair of 72nd district court Friday overruled an amended new trial motion of Robert Bustillos, 29, a Mexican. Bustillos was convicted Dec. 17 of murder in connection with the July 19 slaying here of Julio Herrera, a special police official.

A jury of which W. C. Edwards was foreman recommended life imprisonment for Bustillos after deliberation of 3 hours 16 minutes.

The amended motion was substantially the same as a new trial motion filed two days after the jury's verdict. It charged racial discrimination in selection of the jury panel; charged there was a variance in the indictment and proof, in that the indictment alleged death resulted from gun and knife wounds, whereas, the motion charged, proof adduced from a physician's testimony showed Herrera died from knife wounds only; and charged that Bustillos, allegedly unable to write the English language or even to understand it well, was not aware of the import of signing an "X" to a purported statement of admission introduced into the record of the trial.

Aliens Facing New Controls

(By The Associated Press)

WASHINGTON, Jan. 15.—Attorney General Clark today approved drastic new controls to curb subversive activity by alien visitors to the United States.

Designed to provide much closer surveillance over the activities of such visitors, the new regulations are scheduled to become effective about March 15.

After that time, the ordinary one-year visiting permit now in common use will be abolished, and the visiting privilege limited to three to six months.

To Limit Travel

Extension may be obtained.

Department officials said the new rules are aimed solely at the alien who gets in as a visitor and then engages in subversive activity.

The authority over extensions of stays "and the responsibility for overseeing visitors in the United States," now held by the Philadelphia headquarters of the Immigration and Naturalization service, would be passed by the new rule to the 16 district immigration offices scattered across the country.

The department said that in cases where the visitor expects to remain in one place, six-month admisisons will be available.

But if the visitor expects "to sojourn in more than one immigration district," he will get only a three-month entry, requiring renewal.

To Keep Close Watch

In any case, all alien visitors will be required to notify immigration commissioner Watson B. Miller at Philadelphia of current address every three months.

All alien visitors now must post $500 bond upon entry to the country to assure among other things that they have the cash to get back home. Under the new regulations, the department said, "most visitors whose stay is extended for over a year will be required to post additional bond."

The conditions of admission include declarations that (1) the visit is for business or pleasure, (2) the trip is "reasonable and legitimate and temporary in nature," (3) the visitor will leave promptly upon expiration of visitnig time, (4) the visitor "will not pursue any purpose not specifically authorized by immigration authorities," and (5) he is not subject to exclusion under any of the immigration regulations.

RAILS BOOST STOCKS

NEW YORK, Jan. 16 (AP)—Aided by rails, the stock market's overall average managed to shift into the plus column today after six straight generally losing sessions.

Short covering and other buying by professionals on the idea a technical revival was imminent provided the principal boost. Most brokerage customers continued to stand aside or trim accounts due to persistent skeptism regarding taxes, business, European relief and possible reinstatement of some price controls.

Aircrafts, indifferent most of the day, enjoyed a last-minute bulge. Transfers of 760,000 shares compared with 780,000 Thursday.

The Associated Press 60-stock composite was up .2 of a point at 64.2, due entirely to the rail index which was up .3. Industrials and utilities were unchanged. It was the first average advance since Jan. 8. Of 935 issues registering, advances totaled 344 and declines 346.

Finishing up a point or better were Santa Fe at 93½, Southern Railway 38⅛, Illinois Central 31⅞ (following announcement that bond tenders would be requested), Amerada Petroleum 99½, Swift & Co. 36⅝ (on a special dividend), and United Aircraft 26⅛.

U. S. Gypsum dropped 4 points at 97¼. Skelly Oil yielded 1½ at 103½ and Plymouth Oil 1⅛ at 45⅛. Others behind included Chrysler, Union Pacific, Texas Co., Pacific Western Oil and Warner Bros.

Bonds were spotty.

Cotton

NEW YORK REPORT

NEW YORK, Jan. 16 (AP) — Cotton futures were easier in slow dealings today. Increased liquidation in nearby March had an unsettling affect on the market. Scattered commission house selling was influenced by the lack of aggressive demand for textiles and easiness in prices for spot goods in prompt positions. Mills were the principal buyers.

Cotton closed barely steady.

Sandies Edge Westerners, 34-31, In Opening Cage Clash

Lubbock Loses Lead In Third After Grabbing Early Margin

By EARL SCUDDAY
Avalanche Sports Writer

Bobby Farmer, a substitute Amarillo guard who has an unpleasant habit of starring against Lubbock High athletic teams, staged a brilliant 11-point scoring exhibition in the last nine minutes of play to give the Golden Sandstorm cagers a narrow 34-31 District 1-AA triumph over the Westerners Friday night at Senior High gym.

The Lubbock High quint battled grimly to upset the defending champions of the loop and held a slight margin until late in the third quarter, when Farmer launched his one-man offensive. Most Westerner fans will remember Farmer as the sub end of the Sandies' '47 football team, who caught a touchdown pass in the final 15 seconds of the first half of the Lubbock-Amarillo tilt to give the Sandstorm a lead it never relinquished.

Take Early Lead

The Westerners took an early lead in the crucial struggle when Forward Virgil Johnson dropped in two charity tosses, after Sandie Forward Doyle Watson had swished the net with a single free throw, then Johnson connected with a push shot to increase the margin to 4-1. Both quints were obviously tense during the initial period and played a careful, defensive brand of ball.

Coach Harvey Dunn's Black and Gold cagers stepped up the tempo in the second quarter and boosted their lead to 12-7 on shots by Johnson and Forward Jack Alderson, but Amarillo's Watson and Jimmy Sharp narrowed the tally to 12-11. Successive baskets by Alderson and Center Jim Wilson pushed the count to 16-13 at halftime.

The smoothly-working Westerners discovered a change in Amarillo tactics at the start of the second half. Instead of the loose defense played in the first periods, the Sandies used a hard-charging, tight man-to-man setup that obviously hampered the Lubbock scoring machine. Just before the end of the third quarter the Lubbock five held a 21-20 edge, as a result of baskets by Guard Charles Galey and Johnson, then the irrepressible Farmer sank a long set throw. Galey regained the lead for Lubbock with a long shot, but Farmer put the Sandies ahead with another two-pointer.

Farmer opened the sizzling final quarter with a push shot good for two points, then Galey and Johnson tied the count at 26-26 with a charity throw and a push shot. Sharp broke the deadlock with a field goal, then Farmer dismayed the partisan overflow crowd with two quick baskets that gave the visitors from the Panhandle a 31-26 margin. Galey and Doral Sandlin, who came into the conflict after Alderson fouled out, sank two field goals in a desperate effort to tie the count, but Watson and Farmer iced the win with a free toss and push shot.

The officials were criticized loudly by the Lubbock fans for several decisions during the torrid contest and even the Lubbock timekeeper drew fire for a lapse in the last minute of the game that apparently lost the Westerners 10 or 15 seconds of precious time.

Layne To Take Part In East-West Game

LOS ANGELES, Jan. 16 (AP) Rival coaches of a proposed college all-star football game counted noses today and announced they have enough material for two squads to engage in a so-called East-West exhibition Sunday.

Most famous of the noses counted at noon belonged to Bobby Layne, the University of Texas passing star, while unaccounted for at that hour was one belonging to Charlie Conerly of Mississippi, who has been billed to oppose Layne.

Backers of the game, led by a Beverly Hills accountant-turned-promoter named Al Gould, didn't seem to know where Conerly was but were confident he would show up by game time.

'Dutch' Harrison Holds Onto Lead

RICHMOND, Calif., Jan. 16. (AP) —Coupling a five under par 67 today to his first round course-record-setting 65, E. J. "Dutch" Harrison of Little Rock, Ark., posted a total of 132 to retain his lead at the halfway mark of the 72-hole Richmond $10,000 Open Golf tournament.

The lean six-footer, playing in a championship form, turned in a one over par on the first nine of his round today and fashioned a six under par 29 on the second nine.

Harrison ended the first 36 holes 12 strokes under par.

Develops Hot Streak

He three-putted the sixth hole today but developed a hot streak on the greens on the second nine. He dropped a ten-footer on the tenth; a 50-foot one on the 13th and followed with putts of five, 15 and 25 feet for birdies on the next three holes. His sixth birdie was on the 18th. He was on the green in two and took two putts for a four on the 487-yard test.

Harrison's second round gave him a three-stroke lead over Ed Furgol, Pontiac, Mich., and Felice Torza, Torrington, Conn., who posted totals of 135. Furgol held fairly close to the pace with a 68. Torza Connecticut open champion, who turned professional for the Los Angeles Tournament two weeks ago, came in with a fine 67.

Doug Ford, New York amateur, who said he is toying with the idea of going into the pro ranks, racked up his second 68 for a two-day total of 136.

Sam Snead, Hot Springs, Va., had 68 and a 36-hole count of 139. The Banner Bowl will serve as the site of the Amarillo Women's Singles Open tourney. Winners last year expected to return to defend titles include Billie Melton of Canyon, who won first place, and Cloria Gribble of Albuquerque, who won second place.

Entered in the singles competition from Lubbock so far are Artie Gallaway, Aleene Hilton, Billie Slover, Flo Christensen, Marcelle Curlee, Katherine Tate, Bertha Thomas, Norma Crossland, Billie Maslover, Erma Jeffcoat, Silver Behrens and Arlys Womble.

Two women's teams at least will participate for Lubbock, but the membership has not been decided at the present time.

Lubbock women will not bowl until next Saturday, when they will attempt to post high marks in both the single and double competition.

PLAINVIEW WINS, 53-40, AGAINST BROWNFIELD

PLAINVIEW, Jan. 16 — The Plainview Bulldogs opened their district 1-AA basketball schedule with a 53 to 40 victory over stubborn Brownfield Cubs here tonight.

The winners led 29 to 16 at halftime but the zone defense of the visitors bothered Coach Dub Harris' cagers throughout the contest.

All-district Bill Howton sparked the Bulldogs with 19 points. Tom Gorby paced the losers with 15. Brownfield meets the Amarillo Sandies in Brownfield Saturday night. Plainview has three conference games next week. The Bulldogs meet Borger at Borger on Tuesday night, Amarillo at Amarillo on Friday night and Pampa at Plainview on Saturday night.

Levelland Tramples Olton Five, 44 To 8

OLTON, Jan. 16 (Special)— Levelland High school's up-and-coming Lobos tonight hung a 44-8 licking onto Olton high's basketball team in a District 4-A north zone clash.

The Lobos started their sharpshooting early with four goalers, Hart, Wise, Warren and Roberts, blasting for virtually every angle.

Only last night Coach Truett Rattan sent his Lobos into a conditioning contest with the Sundown five which went down, 40-19.

Only Sudan has beaten the Lobos, who are defending regional champions.

Levelland, Sudan and Littlefield appear to be the fives which will fight it out for the district's north zone honors.

In the south zone Abernathy and Tahoka seem to be the powers.

Olton didn't really get into the ball game. Its inexperienced five, which also lacked the height, seldom could get into the Lobos' zipping passing attack.

Holden, McGehee Return From Aggieland Turf Conference

Wilson Holden, superintendent of parks for Lubbock, and C. D. McGehee, manager of the Lubbock Country club, have returned from College Station, where this week they attended a turf conference sponsored by Texas A. and M.

Stiteler's high school football teams since 1932 lost only one district game while running from the single wing formation.

Referee Gives Plainview Boy Nine Of Battle's Ten Rounds

NEW YORK, Jan. 16. (Special)—LaVern Roach, the ex-Marine from Plainview, Texas, scored the greatest victory in his fistic career here tonight when he pounded out a decisive 10-round decision over "Pin-up" Tony Janiro of Youngstown, Ohio, in the featured bout at Madison Square Garden.

Roach, making his debut in the famed New York fight center, never was in trouble and carried the fighting to his lighter opponent. He opened Janiro's nose in the first round and kept it bleeding throughout the fight.

Walks Foe Away

And when the two fighters had swung their final blow tonight, they flung their arms about each other, with Roach walking Janiro back to his corner.

Roach had entered the ring a 6-5 underdog, but emerged with a clean-cut verdict, before a paid crowd of 11,924 persons.

Conservative Referee Arthur Donovan gave Roach the widest margin, scoring him nine rounds against the loss of one. Judges Arthur Suskin and Harold Barnes each scored seven rounds for Roach and three for Janiro.

For Janiro, the clever puncher and third ranking welterweight in the world, it was his fifth defeat in 68 appearances, while Roach ran his victory skein to 18.

Roach entered the ring weighing 155½ pounds. Janiro weighed in at 153¼ pounds.

Janiro came out slowly and met a flurry of light blows by Roach, one of the punches starting his nose bleeding. They exchanged punches, with Roach having the better of the in-fighting.

The second round was a little faster, with Janiro starting to punch more, but Roach held his own and opened Janiro's nose again.

Janiro's best round was the third, when he opened up with a barrage that momentarily stunned Roach. Included in his punches were uppercuts, flicking rights, solid lefts and the bolo. Roach ended the round with a good cross-punch.

Roach Very Calm

Roach seemed unworried by Janiro's third-round attack and returned to the task at hand with convincing authority. He pounded Janiro with his left and carried the fight, opening the Ohio boys' nose for the fourth straight round.

Both the fifth and sixth rounds were about even, with Roach possibly getting outpointed, although the margin was thin. Both fighters were using left hands extensively and clinching after scoring with their blows. Janiro and Roach were about even on the in-fighting.

Roach speeded up the fight in the seventh round and scored decisively with his left, while starting to throw a solid right. Janiro gave signs of weakening.

The eighth round also went to Roach, who apparently was getting stronger. He scored with solid lefts, counter-punched beautifully and had the upper hand throughout.

Janiro definitely grew weak in the ninth round and also looked worried. He was being beaten to the punch by Roach, who was using a right more and more.

Texan Gets Ovation

The tenth round was close to being even, except that Roach was counter-punching beautifully, scoring with smashing lefts and solid rights, beating Janiro to the punch and keeping the former welterweight off balance.

The near capacity crowd cheered the fight at its conclusion and when Announcer Harry Balogh had given the decision, the crowd gave Roach a tremendous ovation.

Janiro's only other defeats in the professional ring had been given him by Jake LaMotta, Tony Greco and Al Guido.

Baylor Bears Finish Fast To Clip Rice Owl Cagers, 38-29

HOUSTON, Jan. 16 (AP)—Baylor's Bears waited until the closing minutes here tonight to clinch their third straight Southwest conference tilt in as many starts by defeating the Rice Owls, 38 to 29.

After seeing a couple of six-point leads slip away in a slow, dull first half, the Bears came back with a fast break and a tight defense that held the Owls to only two goals from the floor during the final 20 minutes, but led only 29 to 28 with four minutes to play.

Don Heathington, Bill Johnson and Ralph Pulley then sank free throws for a 35 to 29 lead before Jackie Robinson and Johnson iced the game away with fast breaking crip shots. Johnson added the final point from the free throw line after Hiram Walker fouled him as he moved in to score.
