Ten Parishes To Hear Bishop Voegeli Here October 30

Ten parishes in the Episcopal Diocese of West Texas have been selected for the annual Bishop's Tour, October 20-30, which will feature the Rt. Rev. Charles A. Voegeli, S.T.D., L.L.D., Bishop of the Missionary District of Haiti, the Rt. Rev. Everett W. Jones, Bishop of West Texas, has announced.

Bishop Voegeli will arrive in

Rt. Rev. Charles A. Voegeli

Sonora on Wednesday, October 30, where he will be the guest speaker at a barbecue dinner held at St. John's Episcopal Church. The dinner will be held at 6:30 p.m., and he will address Episcopalians and guests of the Northern Convocation, including Kerrville, Cypress Mill, Brady, San Saba, Llano, Eldorado, Menard, Ft. McKavett, Eden, Junction and Mason, as well as Sonora.

Bishop Voegeli will be accompanied on the tour by either Bishop Jones or Bishop Earl Deus. However, he will be the only speaker on the program.

The Rt. Rev. Charles Alfred Voegeli was born in Hawthorne, N. J. The highlights of his early life centered in St. Peter's Church, Morristown, N. J. where he sang in the choir, was an acolyte, and served as superintendent of the Church School.

A Fable For Broncos

Once upon a time the kingdom of Anozo was at war with the kingdom of Aronos which lies but 36 miles away. The generals of the armies of Anozo and Aronos agreed to meet in battle before the amassed subjects of the two kingdoms. Under the rules of war only 11 soldiers from each army were to be allowed on the field at one time.

Several days before the event was to take place, the general of Anozo began to fear that he would lose the battle and he began to scream, "A plague has hit my army," and he sent messengers to the general of Aronos with a message printed in large black letters, "A plague has hit my army-you must postpone the battle for one day."

The general of Aronos conferred with his staff and sent a message to Anozo saying, "Common logic says a postponement of one day cannot benefit anyone. The plague does not end in one day. I, as well as other generals, have fought battles in spite of plague and fever."

The general of Anozo was furious and he began to scream, "A plague has hit my army and the general of Aronos wants to massacre us. He will not stop with the army. He will kill all our soldiers and then he will cripple all our women and children. He is an ogre and an evil man. His soldiers are vicious and they eat the flesh of the soldiers they conquer."

The general of Anozo continued to scream from the ramparts of his castle, "We are riddled with the plague and the armies of Aronos are coming to destroy all of us who do not die of the plague. They fear nothing-not even the plague."

He sent messengers into all the land crying, "The Aronosans are coming to kill us. They have no mercy on a plague beset country. They are cruel and vicious and their general eats young babies for breakfast each morning."

The people of Anozo became terrified and their army began to fear for the lives of their families so they faced the army of Aronos while their general cried, "They are vicious and inhuman and their general tortures prisoners with horrors too terrible to tell."

So the men of Anozo having miraculously recovered from the plague, killed 34 Aronosans while the men of Aronos killed only 13 Anozans, and Anozo was victorious.

Moral: If you say anything loud enough and often enough, anyone will believe it.

Queens, Spooks, Booths Getting Ready For Next Week's Halloween Carnival

The annual Halloween Carnival sponsored by Sonora High School and Central Elementary School will be held Thursday evening, October 31 in downtown Sonora. Following a tradition of several years' standing, the north end of Main Street will be roped off to allow space for booths and stands.

The Parade of Spooks will begin at 6:30 p.m. with prizes to be awarded in classes ranging from pre-school and kindergarten through the seventh graders. Judging of costumes will take place immediately following the coronation of the Halloween Queen and the Queen will then declare the carnival open.

The Senior Class will operate a concession stand which will be open early to accommodate those who would like to have supper at the carnival. Other attractions will be the cake walk sponsored by the Girls' Athletic Association; a teddy bear throw, Eighth Grade; bean guess, Future Homemakers; wheel of fortune, Library Club; country store and fish pond, Elementary School; talent show, Sophomores; raffle, Junior Class; Bingo, Bronco Band; sponge throw, Freshmen; rifle shoot and string pull, Science Club.

There he was confirmed, ordained to the diaconate and priesthood, and there, December 16, 1943, he was consecrated to the episcopate. Bishop Voegeli is a graduate of Upsala College, New Jersey Law School, and the General Theological Seminary in New York. After ordination he held pastorates in Harrington Park and Hokokus, N. J. and then became dean of the Cathedral of St. Luke in the Panama Canal Zone, and chaplain of the Bella Vista Children's Home. In the Canal Zone, according to a local newspaper, "his six years here have brought him to be highly regarded by all classes of Isthmian society, and his relations with the military authorities and with the working classes have won for him the admiration and respect of all."

Bishop Voegeli is of Swiss descent and speaks French fluently, which is an asset of special value in Haiti, where French is generally spoken. Of his work, the Bishop says: "Our witness in Latin America is to a Church proclaiming the Gospel of Jesus Christ as a redemptive power available to all. It is to a Church that proclaims and makes available the redeeming power of love. It bears witness through men, to our brethren... men and women commissioned by our great Church everywhere. Yes, in Latin America, too!"

loween Queen and the Queen will then declare the carnival open.

The Senior Class will operate a concession stand which will be open early to accommodate those who would like to have supper at the carnival.

Two Glasscocks Top Sheep Classes At State Fair

Sutton County 4-H members won high honors at the State Fair of Texas now underway in Dallas. Anna Rose Glasscock and Tom Glasscock, exhibiting delaine and rambouillet sheep respectively, were among the top winners in the junior sheep show which was judged early this week.

County Agent D. C. Langford, 4-H Club sponsor, was advised by phone Tuesday that Anna Rose, daughter of Mr. and Mrs. Edgar Glasscock, had exhibited the Champion Delaine Ram and both Champion and Reserve Champion Delaine Ewes. She also exhibited the first and second place ewe lambs, the first place pen of three ewe lambs, first and fourth place ram lambs and the second place pen of three ram lambs. All in the Junior Delaine Show.

Tom, son of Mr. and Mrs. V. J. Glasscock, took the ribbon for Champion Rambouillet Ewe exhibited at the show. Also, first and second place ewe lambs, first place pen of three ewe lambs, third and fourth place ram lambs and first place pen of three ram lambs. All in the Junior Rambouillet Show.

Mr. and Mrs. V. J. Glasscock and Edgar Glasscock are attending the Fair with Tom and Anna Rose.

Both Anna Rose and Tommy showed first place exhibitor's flocks in their divisions.

Patterson.

Following a barbecue lunch which the Sutton County 4-H Club will serve, guests will make a range tour of the station's experimental pastures.

United Nations Day To Be Observed Here October 24

Sonora will join in the twelfth world-wide celebration of United Nations Day, October 24.

A local United Nations Day Committee headed by Cecil Westerman has planned activities including UN displays at the schools and movie on the United Nations to be seen at Lions Club next week.

Mayor Alfred Schwiening appointed Westerman to the chairman's post in response to a request from the United States Committee for the United Nations which is delegated by the President each year to promote the nationwide observance of United Nations Day throughout the country. October 24, 1945 was the day that the United Nations officially came into being. The theme for the 1957 celebration of UN Day is "The UN Is Your Business."

A propaganda-filled Ozona eleven Friday night proved their pre-season rating at the top of District 8-A by downing the Broncos 34 to 13 in Ozona. In spite of, or maybe because of, Asian flu, the Lions who had been primed with wildly exaggerated accounts of the Bronco's

Ratliff To Move To Eldorado Soon

J. T. Ratliff announced this week that he and Mrs. Ratliff will leave Sonora in the near future and will move to Eldorado where Ratliff has purchased the insurance agency formerly owned by a brother.

The Ratliff Store, owned and operated by Ratliff for the past 15 years has been purchased by another brother, Carroll Ratliff of Eldorado, who will operate it in connection with his Eldorado store. Jack Kerbow will manage the Sonora store.

Ratliff says he will continue to hold one half interest in the funeral home which serves both Sonora and Eldorado, in partnership with Kerbow.

The Ratliffs plan to leave shortly after the first of the month and will move into the Jack Ratliff home in Eldorado which they have bought. They moved to Sonora from Shreveport in 1943. The Ratliffs have three sons, Jack, Bill and Shannon and they are all graduates of Sonora High School.

Ratliff has been an outstanding citizen of Sonora, serving as mayor for two years. He has been instrumental in introducing many progressive measures and one of the town's most respected merchants.

Shannon Ratliff Elected Frosh Prexy

Shannon Ratliff, University of Texas freshman from Sonora, was chosen president of the freshman class after a run-off election held on the campus Thursday night.

The voting ended two weeks of campaigning by the successful candidates, which was climaxed by speeches Thursday night by the vote-seekers. Ratliff outlined a program that called for "organization and preparation, motivation and inspiration, and action and perspiration."

Ratliff, son of Mr. and Mrs. J. T. Ratliff, polled 221 votes while his closest opponent received 131.

determination to win used their penicillin-strengthened muscles to pass their way to victory.

Early in the first period, the Broncos drew first blood as a climax on a 44-yard run by Eddie Sosa to the Ozona one yardline. From that point, Allen Wall carried over and Sosa converted to lead the Lions 7 to 0.

In the second quarter the Lions scored 13 points on passes which valiant defensive efforts by Sam Galindo could not stop. At half time Ozona led 13 to 7.

Following the half the Broncos evened the core and maintained the tie until the final period of play when the Lions again began to click on their insurance agency formerly owned by a brother.

Devil's River Philosopher Wonders Whether Conquering Space Is As Hard As Conquering His Own Ranch

Editor's note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River is still thinking about the satellite, his letter this week reveals. He'll get used to it eventually.

Dear editor:

I was out here on my ranch yesterday afternoon speculating on the Russian satellite, I don't know of a thing I could conclude on the thing that'd be worth anything to me or the rest of the world, but speculating is easier than ranching, and the thing that interests me is not what conclusions I've come to, but what opinions a lot of other people have come to.

According to the reports I've been reading, everybody is saying the Russians are ahead of us and thus have a great psychological advantage, it's a great propaganda weapon for the Russians, and our reputation as a top-notch scientific nation has been tarnished.

Well, now, I'll tell you, trying to out-manuever the

Russians with propaganda, on earth or in space, is about like trying to control the bitterweed on your ranch with psychology. I'd be in favor of doing it if I could, nothing would suit me more than to scare my weeds to death or frighten them into pulling themselves up by the roots and moving on or to fall where they are in complete surrender, but it won't work, at least not with the type of bitterweed I've got out here. These aren't any first-generation weeds, they've been reproducing themselves out here for generations and can't be propagandized into giving up.

I'm perfectly willing to admit the Russians were first with a satellite into outer space, but I suspect we'll have one up before too long, certainly before the next election, probably with a 1958 model instead of a 1957, with longer tail fins, and everybody knows the later the model the better, although this doesn't apply to some things, say to water pipes for example—fortunately man is just as happy with a 1929 model water pipe as he is with a 1957 if it produces running water, and it's a good thing, as it's all we can do now to change models in cars and clothes without pulling out our plumbing every year—and after we get one up, or a dozen up, life here on this ranch isn't going to be very much different.

I don't care how far out into space man explores, he's still going to have to operate from within the same style body he's been using for thousands of years, and a hundred satellites circling the globe ain't going to change the fact that a man still needs three

good meals a day and somebody is still going to have to go up one row and down another to provide them.

Maybe man will be able to conquer space some day, but somebody is gonna have to stay behind and keep on conquering this land, although I'll admit there are times when I look at this place, when I believe I'd just as soon tackle space.

Yours faithfully,

J. A.

"Glass Menagerie" To Be Produced In December

R. W. Whitfield, high school English and speech teacher, has named the cast of this year's all-school play. Scheduled for production sometime in December, the play will be "The Glass Menagerie", which had a successful run on Broadway several years ago.

Named to the production's four roles are Loma Lea Bridges who will play Laura; Yvonne Davis who will portray Amanda; Frank Joe Potmesil who will be seen as Tom; and Jon Barton Dungan who will be the Gentleman Cal-

ler. Whitfield announced that he has designed something special in the way of stage settings, with a disappearing wall playing a prominent part in the proceedings.

Technical crews have not been named as yet.

Mrs. Pearl Martin returned home last week from Greggton where she spent three weeks visiting her son-in-law and daughter, Mr. and Mrs. Edgar Reese and children.

Mrs. H. A. Kyle of Hillsboro is making an extended visit to her son-in-law and daughter, Mr. and Mrs. Duke Wilson and daughters, Nancy and Mary.

The United States And The United Nations: Where We Stand

WORLD PEACE is a primary purpose of the U.N. and the U. N. has already taken many steps to save succeeding generations from the scourge of war.

INCREASING WORLD FOOD SUPPLIES, the Food and Agriculture Organization seeks to improve agricultural production so that more and better crops can be grown in places where they are needed to raise nutritional levels.

ATOMS FOR PEACE. Through the International Atomic Energy Agency nations will be able to share in the development and expansion of peaceful uses of atomic energy.

FIGHTING FOR HEALTH. The World Health Organization spearheads the attack in the belief that the health of all peoples is fundamental to the attainment of peace and security.

PROTECTING HUMAN RIGHTS, the U. N. Charter pledges its members to respect and promote human rights.

HELPING THE WORLD'S CHILDREN, the U. N. Children's Fund is currently extending aid to children in 98 countries through long-range projects.

TO CONTRIBUTE TO PEACE AND SECURITY by promoting collaboration among the nations through education, science, and culture.

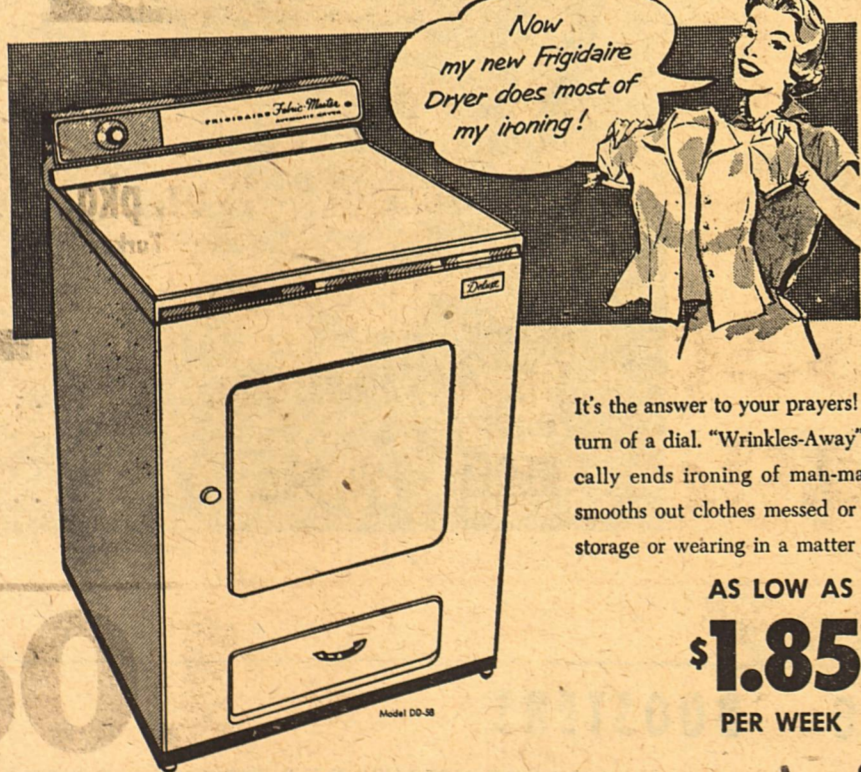

IMPROVING LABOR STANDARDS, many benefits have been gained through the work of the International Labor Organization.

YOUR MINISTER SAYS

By Rev. Bill Brown
"And Jesus stood still, and called them, and said, what will ye that I shall do unto you?"
"They say unto him, Lord, that our eyes may be opened."
"So Jesus had compassion on them, and touched their eyes: and immediately their eyes received sight, and they followed him." (Matthew 20:32-33)

Jesus and his disciples were departing from Jericho, going toward Jerusalem and a great multitude followed him. Throughout His earthly ministry Jesus was accustomed to dealing with multitudes who came from far and near to see Him; some with malicious intent and some with gifts; while others came out of idle curiosity. Many left His

presence rebuked while others left with His blessings. Others left as they came—unconcerned. The two blind men were sitting by the way, crying out for Jesus to have mercy on them, although the multitude rebuked them to hold their peace. Above the noise and murmuring of the great crowd, Jesus noticed their cry. Jesus stood still and called to them and said, "What will ye that I shall do unto you?" They replied, "Lord, that our eyes may be opened." The heart of Jesus was touched by blindness, so Jesus had compassion on them and touched their eyes: and immediately their eyes were opened and they followed Him. Many hearts have been moved by see-

ing many different cases of blindness. But there is a blindness much worse than this physical blindness. It is the blindness caused by sin. Many that are around us each day who seem to have such small appreciation of the beauties of God. They fill their minds and hearts with that which is evil. They fail to see that which is good. They are blinded by sin.

The scribes and pharisees who were leaders in the days when Jesus was here, came to Jesus, criticizing him for his actions and words. After Jesus called His disciples around Him He said, "Let them alone; They be blind leaders of the blind. And if the blind lead the blind, both shall fall into the ditch". (Matt. 15:14)

It is sin that blinds the leaders. This sin originates in a desire for prestige, for fame, for fortune, and encircles a person, away from things that are real, and true.

Saul, the first king of Israel

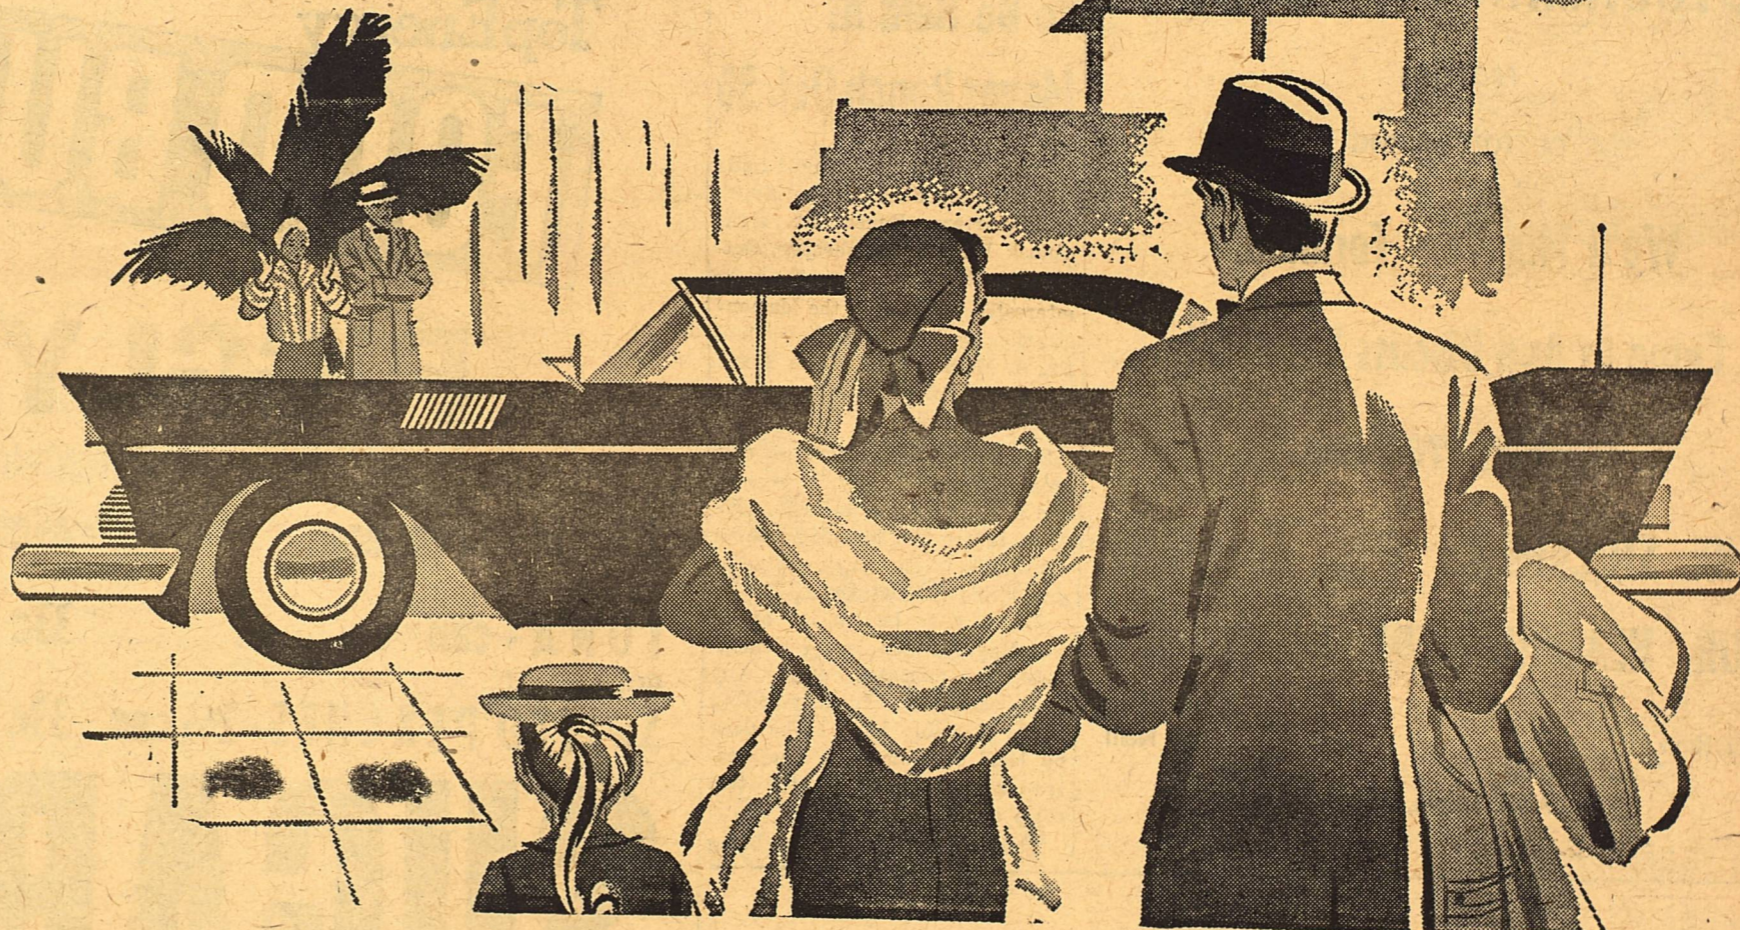

was blinded by sin. He became jealous of David and his jealousy led him to his suicide. It was sin that blinded Samson. His understanding was darkened by sin, and finally, his eyes were put out by his sins.

It was the sin of pride and self-righteousness which blinded Nicodemus. He sought for Jesus by night and Jesus spoke to him plainly the way of salvation. The spirit of God opened his eyes.

If leaders lead in any way save toward God and righteousness, they are blind. Any person who stands before others and pretends to lead them should be certain that his own eyes have been opened and that he is right in the sight of God.

It is sin then that blinds the eyes to the glories of God. It is sin that keeps them from seeing what God is going to do for us. There is one thing and one thing only, one can do. Come to the Lord Jesus Christ, the great physician.

A Tribute

To Uncle Sam!

With the world's bow full of worry wrinkles and all of us praying for a workable peace, the beloved old "Uncle" who symbolizes our nation becomes the most important "relative" we can have! So let's pause now and then, in our busy preoccupations and silently thank God for the strength of our Government. Stephen Decatur said "right or wrong, this is my country". And the spirit of his loyalty lives on today as never before. It may be that our statesmen are not always far visioned, but their sincerity is never questioned nor their motives impugned. United we stand, the United States of America . . . the Land over which Uncle Sam is continuously watchful!

Bull Fertility Test To Be Held At Mayer Ranch Oct. 30

The fertility of 50 Angus bulls will be checked at the Sol Mayer Headquarters Ranch at eight o'clock Wednesday morning, October 30. All ranchers in the area interested in seeing the demonstration by Dr. R. O. Berry and Dr. A. M. Sorenson of the Texas A. & M. College staff, are invited to attend.

The estimated percentage calf crop in Texas is only 70 percent and the checking of bulls for fertility before the breeding season appears to be one way to help improve this percentage.

The test to be carried on at the Mayer ranch is for demonstration purposes only. Any wide scale bull fertility-testing would probably have to be done by local veterinarians. The electro-ejaculator used in the test costs about \$450.

This demonstration is being
