Steel Labor Issued Warning By Ike

WASHINGTON (UPI)—President Eisenhower called today for good sense, wisdom and labor-management understanding in the current steel industry wage negotiations lest the federal government be forced to step in.

The President said in reply to a news conference question that, however deplorable the prospect of government intervention, the steel negotiations involve the entire American public and the economic well-being of the nation.

He said that the entire country must look to steel management and the United Steelworkers Union for wise conduct of their contract negotiations. Otherwise, in the long run, the government could not stand still and do nothing about any agreement that pointed to be clearly inflationary.

Warning to the subject, Eisenhower suggested that all Americans make it clear that they are deeply concerned over the long-range effects of the steel negotiations and will not stand idly by if they are to be damaged.

Other news conference highlights:

Eisenhower said Lewis L. Strauss should not retreat under his Senate attacks on his nomination as secretary of commerce. Speaking with obvious feeling, the President said the nation would come to a sad state of affairs if personal antagonisms reach the point where highly qualified men could not be confirmed for federal office.

He made a plea for congressional support of his foreign aid program, saying that current hearings in Congress on the subject should not be approached on a partisan basis.

He said he was perfectly ready to have the people of the country decide whether to repeal the 22nd Amendment to the Constitution prohibiting a president from serving more than two terms. Eisenhower added that he himself did not feel too strongly on the necessity of repealing the amendment.

He said a summer-summer meeting would be a foreign conclusion if the May 11 foreign ministers meeting in Geneva produces tangible hope for reducing tension in Europe.

He expressed every confidence that the Federal Bureau of Investigation and Mississippi authorities will find some way of punishing those responsible for the lynching of a Mississippi Negro.

This morning's meeting of the Pampa City Commission was postponed until Friday while officials await the outcome of the Clarence Ward vs. City of Pampa case.

Friday morning's meeting will begin at the usual time, 2 a. m., in the City Commission room at City Hall.

Tornadoes Zip Through Midwest

WANTS FREEDOM — Gilbert Visbal, a member of the Panamanian and Cuban "invasion force" that landed in Panama and then surrendered, peers through the bars of his cell at the Carcel Modelo prison in Panama City, Visbal, of New York City, and 84 other men and women are clamping to be released from jail.

United Press International

More than a score of tornadoes peppered Midwest states Monday night, sending thousands of persons diving for cover.

Despite the frequency of the twisters, no injuries were reported and property damage was relatively light. Most of the tornadoes struck in sparsely populated rural areas.

The twisters flicked from a vicious squall line separating warring cold and hot air masses. The storm front ranged from western Texas northeastward into Minnesota and Wisconsin.

Driving rains of more than four inches in Texas and Nebraska triggered death-dealing floods. Damage in Texas floods was estimated unofficially at more than one million dollars.

At least 29 deaths were blamed on the humidity and storms across the nation's interior since the start of a spring heat wave five days ago. The weather connected deaths included seven in Illinois, five in both Indiana and Minnesota, four in Iowa, three in Texas, two in Oklahoma and Nebraska, and one in Michigan.

The worst single tragedy killed a Bloomington, Ill., father, mother and four of their children when a boat overturned Monday in a flooded gravel pit at Heyworth, Ill.

A tornado roared into the town of Lake Lillian near William, Minn., Monday night, ripping the roofs from a creamery and lumber yard, tearing down utility lines and damaging farm buildings. The howling winds drove boards through automobiles.

A truck stop south of Marshalltown, Iowa, was badly damaged by a twister and an unconfirmed tornado caused extensive damage to a Lutheran church near Tripp, S.D.

Residents along Tornado Alley had been warned to take cover and thousands of persons headed for the shelter of basements at the first sign of tornado activity.

Public Indignation High As Negro's Body Found

ON INTEGRATION

Appeals Court Reverses Stand

By WILLIAM B. MEAD
United Press International

RICHMOND, Va. (UPI)—A federal appeals court today reversed a seven-year integration delay granted Prince Edward County, Va., and directed the county to integrate its public schools next September.

Prince Edward, a rural county in the heavily Negro-populated "southside" of Virginia, was an original defendant in the Supreme Court's 1954 desegregation ruling. The U.S. 4th Circuit Court of Appeals said today the possibility of violence in the county, whose population is approximately 50 per cent Negro, must be ignored and the county's white high school must be integrated next September. The court said "immediate steps" must be taken to integrate the elementary schools in the county.

Today's order covered not only the three Negroes involved in the suit decided by the Supreme Court five years ago but also "any other Negro children."

Federal District Judge Sterling Hutcheson of Richmond last summer granted the county a delay in integration until 1965, but the appeals court said it could not go along with Hutcheson.

"The total inaction of the school board speaks so loudly that no argument is needed to show that the last delaying order of the district judge cannot be approved, and that it has become necessary for this court to give specific directions as to what must be done," the order said.

The three-judge appeals court said it realized integration in such localities in Norfolk and Arlington, Va., was much easier than in a completely rural community where the races are apparently equal in number.

Today's order was the first striking directly at the "southside," a rural farming region where localities have begun making extensive plans to close their public schools rather than to integrate them.

Prince Edward has had a private school foundation in existence for some time and its backers said they were prepared to set up makeshift classes "on 24 hours notice" to avoid race mixing.

FBI Probes For New Clues

By BILL COOK
United Press International

BOGALUSA, La. (UPI)—Spurred by public indignation and the confidence of President Eisenhower, the FBI and Mississippi authorities intensified their efforts today to bring to justice the lynch mob that dumped a Negro rape suspect's body into the Pearl River.

An autopsy was scheduled today to determine the exact cause of death for Mack Charles Parker, 23-year-old Negro who was dragged screaming down the steps of the unguarded jail at Poplarville, Miss., the night of April 25. He was being held for trial on a white woman's complaint that he raped her.

Parker's body was found Monday in the swamp country Pearl River, the waterway dividing Mississippi and Louisiana here. Eisenhower told his news conference today that he has every confidence the FBI and Mississippi authorities will find some way to punish those responsible for Parker's lynching.

The President related, however, the demands of some in Congress that new laws be adopted to cover such crimes. He said he does not think the case necessitates any stronger federal statutes.

The FBI, with at least 30 agents on duty, fanned out over south Mississippi and southeast Louisiana in search of clues that might lead them to the nine or 10 hooded white men who abducted Parker, killed him and apparently threw his body off a bridge into the swirling Pearl.

Parker's body was found by an FBI agent and a Mississippi state trooper, his head protruding above thick underbrush in the swamp-country river, 20 miles west of Poplarville at the Louisiana-Mississippi state line.

Parker's head was reported to have been mutilated. But authorities said that may have been caused by debris in the river.

The autopsy results were to be disclosed at Poplarville.

Taken To Mortuary

Parker's body was taken from Charity Hospital here early today in an ambulance to Hall's Mortuary in Hattiesburg, Miss.

Parker was awaiting trial at Poplarville on charges of raping a 23-year-old white mother, Feb. 24 while her four-year-old daughter looked on. The alleged assault occurred near Lumberton, where the rape victim's car had stalled. The attack was made after the woman's husband left the vehicle to go to a garage.

4 WITNESSES CALLED HERE

Four witnesses were called Monday afternoon in grocer Clarence Ward's \$185,000 damage suit against the City of Pampa.

The fourth witness, accountant E. L. Walford of Amarillo, underwent intensive cross-examination by Attorney Ross Buzzard while explaining his methods of accounting profits and losses at Ward's Market No. One, 105 N. Hobart.

Ward, in his suit filed Jan. 21, 1958, claimed he suffered a loss of profits totaling \$100,000 during construction of the Hobart St. Underpass. He stated his lease also suffered a loss of value totaling another \$85,000.

The city's defense attorneys attempted during cross-examination to show that Ward's losses were offset by larger profits at Ward's other two markets at 2100 Perryton Parkway and 600 E. Frederic.

The alleged losses came during a 10-month period from December to September, 1958, while the city was laying sewage lines and excavating for the Underpass.

Ward claimed his store was blocked during periods by ditches and digging apparatus.

Ward's accountant testified that gross sales at Store No. One during a period from October, 1957, to September, 1958 were \$208,676, but after costs and operating expenses, Ward's net loss was about \$24,246.

Today's jury hearing began in District Court at 10:30 a. m. and is expected to last most of today.

Still 30 mph

It was pointed out today by Police Chief Jim Conner that the 30 mile-per-hour speed limit on Hobart St. is still in effect.

A recommendation by the Traffic Commission to raise the limit to 35 has not yet been acted upon by the City Commission.

Thunderstorms Move East Across Texas

United Press International

New thunderstorms moved eastward across Texas today, promising rain to areas in the midst of gripping drought.

Heavy rain fell in the Panhandle and parts of West Texas Monday night. It continued a pattern that started during the weekend and caused floods in East Texas.

But twisters that were forecast for the Panhandle Monday night never did materialize.

More than four inches of rain, along with hail, fell 11 miles northwest of Perryton, in the Panhandle. Other Panhandle and West Texas areas got substantial amounts.

Light rain was reported as far east as Mineral Wells, Fort Worth and Austin by daylight today and the rain worked itself steadily east.

Although farmers needed the rain, in some areas it was more

than enough. A farmer in the Perryton area complained that the hail and driving rain destroyed his entire wheat crop.

Three miles north of Perryton, an unofficial 3.37 inches of rain was reported. Borger reported 3.17 inches yesterday; Canyon, 1.17; Matador, 1.47; Wellington, 1.25; Amarillo 1.70; Childress, .26, and Dalhart, .83.

Some points got rain before dawn. Six hour rain gauge readings at these points included San Angelo 59 inch and Abilene 41. Low temperatures early today included: El Paso 48, Presidio 59, Alpine 50, Lubbock 49, Amarillo 47, Dalhart 42, Jareado 74, San Antonio 71, Austin 69, Dallas 66, Fort Worth 67, Texarkana 63, Galveston 72, Houston 70, Corpus Christi 75, Brownsville 74.

The gal with a desk job is the one who has to watch those curves. Sitting all day tends to make a girl spread in all directions. She can counteract this with good posture, exercise and careful eating. This girl (left) really reaches when she goes to the supply closet for pencils or paper clips. She knows that this works wonders for lazy muscles. She uses candy (center) as an aid to weight control. Instead of having dessert at lunch, she has one piece of candy before lunch.

Just one piece. There are 47 calories in an average piece of chocolate candy, a lot less than she would get in a gooey dessert. And this takes the edge from her appetite. She walks (right) each and every day. She makes certain that she gets out after lunch and moves about in the fresh air. This burns calories and exercises muscles. Walking is, in fact, just about the best all-around exercise. And, of course, it helps to keep your weight at the level best for you.

Mrs. Hon Gives CCC Program

Civic Culture Club met Tuesday in the country home of Mrs. Emmett Osborne for a program on Texas Parks and Missions presented by Mrs. Jack Hon. The program was illustrated by slides projected by Mrs. Osborne, which were taken by Mrs. M. McGinnis, who has served as both state and district chairman of CCC and Missions and who has traveled over 2,000 miles visiting these places.

The hostess served refreshments during the social hour to Meses. Ophelia Morris, Frank Lard, Kathleen Vincent, W. C. Scott, C. P. Pennington, Stanley Brandt, William White, Carl Axelson, A. D. Hillis, Jack Hon, A. C. Houchin, R. E. Dauer, Louise Sewell, K. A. Sorenson and H. W. Waters.

can use to combat inactivity, that insidious foe of the office gal. And first and foremost is making your job work for you.

Arrange your supply cabinet so that when you have to get stationery, notebooks or pencils, you have to stretch to get them.

If you must consult someone a few offices away, don't pick up the phone. Pick yourself up and walk there. Chances are it won't take any longer, so you won't waste your employer's time.

Check your posture every so often. If you find yourself drooping, get up for a minute and move around. Then sit down again with an eye to sitting relaxed, but erect.

When you go out at noon, take a walk. With the warm weather on the way, it will be pleasant as well as beneficial to your figure.

Eat sensibly at lunch. There's no need for pastries and rich desserts. But if you have a sweet tooth, here's some advice that you'll welcome.

Have you ever thought of candy as an aid to weight control? Probably not. But it can be a most effective one when used properly.

There are only about 47 calories in an average piece of boxed chocolate. It's a good idea to keep a box of candy in your desk drawer and use it JUDICIOUSLY. Most of us need a pick-up in the late afternoon. One piece of

chocolate will do the trick. You'll get quick energy and feel a lot better. But remember—only ONE piece.

If you're one of those gals who can't resist fancy desserts at lunch, try eating one piece of candy before you go out to eat. It will take away that starved feeling, and after your lunch, you won't want that sweet cake. And you'll have had 47 calories instead of a couple of hundred.

Be conscious always of the fact that sitting at a desk for eight hours can play havoc with your figure. Though you work hard, you're not physically active. So take advantage of every opportunity during the working day to hold off those bumps and bulges.

They're the bane of every office gal's existence.

DEAR ABBY...

By Abigail Van Buren

DEAR ABBY: Our son never gave his father or me one moment's trouble. He was an honor student, got an award for outstanding scouting, carried a paper route (won a cash prize for being tops in that, too) and is assistant to the Sunday school teacher. He is four months short of being the age of consent and, Abby, he came to me and said he got a girl in trouble. She is the girl he's gone steady with for a year, and I was shocked, but I told him I would help them get married as soon as possible. I want to save her reputation, and besides these kids are very much in love. His father is a lawyer (in view of the fact that girl is under age), can spell out what "responsibility" means in the eyes of the law.

DEAR ABBY: My husband is a Junior Executive with a well-known National Company. He travels for them and I sometimes go with him. When the hotels put fruit and flowers in my room with the manager's card, I always drop a little "thank you" note when I return home. My more sophisticated friends say this is very "country girlish" of me. I want to do the right thing and would like your opinion.

COUNTRY GIRL — DEAR COUNTRY GIRL: When in doubt — say "Thank you." No gift (even if it's obviously a "gesture") should be ignored.

A MOTHER — DEAR MOTHER: Ask your clergyman to talk with your husband. From your letter, these young people have every chance of making a successful marriage. If the clergyman can't get the moral message to your stubborn husband, a lawyer (in view of the fact that girl is under age) can spell out what "responsibility" means in the eyes of the law.

DEAR ABBY: I am a 16-year-old girl who baby sits to earn extra money. I would like to know what everybody has against a girl having her boyfriend keep her company when she baby sits? I would never do it without permission, but I notice more and more mothers tell me right away that I can't have my boyfriend visit me. Don't they trust me? Please print your answer because many of my friends want to know, too.

DEAR BORED: Baby sitters should regard baby-sitting as a paid job and not a place to entertain their friends. A baby sitter who cannot get along for a few hours with her boyfriend at her elbow is not fit to have children in her care. A child could awaken any time, and deserves the "sitter's" undivided attention.

DEAR J. AND R.: Don't try to cook up a romance between two people who have no interest in each other just because they make a "dating" couple. If they are really "mad" about each other, they will be the first to know.

Do your parents trust you? Get ABBY's booklet, "What Every Teenager Wants To Know." Send 25 cents and a large, self-addressed, stamped envelope to ABBY in care of this newspaper.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Get Into The Swim This Summer With Colorful, Sleek, Streamlined Suits

By GAILE DUGAS
NEA Women's Editor

NEW YORK (NEA) — The shimmering colors of the air and the shifting colors of the sea are reflected in swimsuits the girls will be wearing this summer.

The gleam of pink, the reflection of sunny yellow, the foaming green-blue of the sea itself will lend their own particular radiance to the beaches of this country. For most designers feel that these brilliant shadings are best in keeping with colors produced by nature.

Sleek, one-piece swimsuits will, despite the bikini talk, be the choice of most girls. There's a sound reason for this. Swimsuit designers have put years of trial-and-error into producing suits that do the most in streamlining a figure. They have turned out suits with built-in bras and girdles that can smooth out lumps, make a waist look smaller and even conceal heavy thighs.

Such figure control is not possible in the bikini. A couple of scraps of cloth are not calculated to turn the girl with the figure that's less than perfect into a beauty. They're far more likely to make her resemble a sausage tied about the middle.

Manners Makes Friends

If all you have to offer a drop-in guest is a cup of coffee or a cup of tea, serve it graciously and without apology.

It isn't necessary to serve food — so don't apologize for not having "a thing in the house" to offer the unexpected guest.

WINDOW ON THE PACIFIC—Despite appearances, this ballroom is in Cincinnati, Ohio—not looking out on Diamond Head on Oahu, Hawaii. Framed like a huge picture window is the largest color photograph in the world, 20 feet high by 80 feet wide. Called the "ultra-mural," the mammoth print of Diamond Head was made from a negative section measuring 2 by 8 inches shot by Edward Betz of Cincinnati. The picture, printed on 2,550 square feet of photographic paper, was mounted in a Tampa, Fla., airplane hangar.

Beaumier To Head Texas Press Meet

DALLAS (UPI)—Editors of Texas newspapers served by United Press International will meet at the Dallas Press Club May 17 to form a state organization.

The meeting, scheduled to begin at 2:30 p. m., will be presided over by W. R. Beaumier, vice president and general manager of the Lufkin Daily News.

Beaumier was named temporary chairman of the organizing session by a nine-member steering committee which met in Dallas in March to lay the groundwork for the organization.

The group's first meeting is expected to be devoted almost entirely to activating the new organization, including the selection of a name and the formulation of a constitution or set of by-laws.

A sub-committee named from the steering committee to draw up the latter includes George Carmack, editor of the Houston Press; John Ellis, editor of the Fort Worth Star-Telegram; and William P. Davis, vice president and general manager of the Waxahatchie Daily Light.

Besides Beaumier, Carmack, Ellis and Davis, steering committee members include Robert Cantrell, managing editor of the Bonham Daily Favorite; V. L. DeBolt, publisher of the Odessa American; C. L. Douglas, managing editor of the Fort Worth Press; Hal Lewis, assistant to the managing editor of the Dallas Times Herald; and Tom Perkins, Jr., business manager of the McKinney Courier-Gazette.

GIVE YOUR CHILDREN A CHANCE!

Polio isn't licked yet! In fact, among children not vaccinated, paralytic polio cases actually increased in 1958 over 1957. More one-year-olds were stricken than any other age group.

If your youngsters are still not protected against this feared disease, insist that they start and complete the full series of polio shots NOW.

The 1959 polio season is fast approaching. The sooner your children are polio-protected, the safer their futures will be. And since polio strikes all ages—be sure to get your shots, too. See your doctor or health department NOW.

TRUNK MURDER CASE HAS POLICE BAFFLED

By JACK V. FOX
United Press International

HASTINGS-ON-HUDSON, N. Y. (UPI)—On a sunny afternoon three weeks ago, Edward Hennessey, 1, and Paul Kasura, 16, were walking down a hilly road a few miles from Sleepy Hollow where Ichabod Crane was chased by the "Headless Horseman."

They had been watching a baseball game at the Graham School, a home for boys of wealthy divorced parents, and were heading back to their own homes in Hastings.

Suddenly Paul spotted a shiny black trunk with bright brass fittings glistening in the yet leafless underbrush about 20 feet off the narrow macadam private road leading to the school.

The boys tugged the trunk to the road and tried in vain to pry open the locked clasp. Then they put a tree branch through its handle and, with one on either side, lugged it to a nearby stone aqueduct and heaved it over to the rocks 60 feet below.

Found Soft Object

The top sprung open and the boys clambered down to the little brook where the trunk had come to rest. But instead of the treasure they might have expected, they found a "soft" object wrapped in a blanket giving off a nauseous odor. They ran to the nearby home of Mrs. Decilia Vickery and called the police.

Thus began the baffling case of the "trunk torso" which has set police of Westchester County, one of America's wealthiest and most socially prominent, searching for clues and following leads through New England and to West Virginia and Washington, D.C.

Inside the trunk was the torso of an adult white male. His arms had been severed above the wrists, the legs cut off at the groin and the head and neck cut out down to the collar bone. A butcher's saw or a hacksaw and a knife were used in performing the amputations.

—District Attorney Joseph F. Gagliardi, Assistant District Attorney Leonard Rubinfeld, Sheriff

John E. Hoy and Hastings Police Chief Joseph Trojak launched a murder hunt that so far has left them right where they started.

Called In Anthropologist

Identifying the victim was the first, obvious task. Gagliardi called in the nation's top anthropologist, Dr. Wilton Marion Krogman, professor at the University of Pennsylvania in Philadelphia. From medical reports and his studies, Krogman came up with amazingly detailed

Information.

The victim, said Krogman, was: About 50 years old; five feet, five inches; 150-160 pounds; reddish brown hair touched with grey and receding at the temples; broad face and florid complexion; round head with high prominent forehead; heavy thighs and walked with feet swung out.

Krogman also deduced: Probably of middle European stock, possibly Alpine; probably had grey-blue eyes; a strong man, clean-living, didn't drink much.

Four important New England rivers start in New Hampshire: Androscoggin, Connecticut, Merrimack and Saco.

Harvester Pitchers Get Poor Support

By RED GRIGGS
Daily News Sports Editor

If the Harvesters win their last home game of the season today, at 4 p.m. in Harvester Park against the Palo Duro Dons, they'll have to give right-hander Jimmy Walker better support in the field and at bat than they gave lefties Keith Yager and Kippy Williams last week.

The Harvesters need to win both today's game and Friday's season-closing contest at Borger to retain any mathematical chance of staying for the District 3-4A title.

Deck Wold's Pampa baseballers scored only four earned runs last week — all in the 5-2 victory over Monterey Saturday — and three of those runs came on one hit, Gary Wills' home run with two men on base.

In the meantime, the pitching staff continued at its phenomenal pace of the past three weeks, allowing only four earned runs in three games. However, in the 1-0 loss to Amarillo and the 4-3 loss to Lubbock, the Harvester hitters

failed to produce an earned mark, and in the Lubbock game Pampa fielders let in three unearned runs.

Hurlers Walker, Williams, and Yager have allowed a total of only 10 earned runs in the past eight games (six of them complete games), and four of them were in an 11-7 pasting handed the Harvesters more than two weeks ago by Monterey.

Batting Slump
The Harvesters' team batting average took a 17-point nosedive last week, from .245 to .237. Shortstop Wendell Ridgway was the only player on the team who increased his average. His mark went up from .122 to .135.

Ridgway, who showed more all-around improvement last week than any other Harvester, also scored a couple of runs to boost his total to seven, and played a sparkling game in the field to boost his fielding average from .792 to .890.

Gary Wills, Bobby Stephens, and Ruben Strickland provided about the only other bright spots for the

Harvesters. Wills, of course, was the big man at bat last week, as he has been most of the season. Wills drove in a total of four runs, to boost his season mark to 18, and his three-run homer against Monterey was his third of the year.

Left-fielder Stephens got Pampa's only hit of the Lubbock game, and drove in a couple of runs to up his season RBI mark from six to eight.

Second-base baseman Strickland, who has shown a great knack of getting on base and scoring despite his low batting average, tallied a pair of runs to increase his year's total from 11 to 13 — second on the club, behind Wills, who has scored 15.

Despite its poor showing against Lubbock, Pampa increased its team fielding average two points, from .917 to .919.

The two players most responsible for the better fielding average are Ridgway and third baseman Gary Hill. Hill, who has shown signs of developing into a good glove man, to go along with his solid hitting, upped his fielding mark 28 points, from .737 to .765.

Hogan Captures Colonial Playoff

By ED FITE

FORT WORTH, Tex. (UPI) — Bentham Ben Hogan, fresh from an 18-hole playoff victory over Fred Hawkins for his fifth Colonial National Invitation golf tournament title, thinks he has found the cure for "five miserable years" of putting.

That may be a warning to the rest of the golfing world that Hogan, who has won only one tournament crown in a dozen years on the tour despite being well up among the money winners, picked up \$3,000 for second place. He starts defense of the only title he ever won—the Old-Time Open—Thursday at the Twin Hills Country Club. He shot a 37-56 73 Monday after he and Hogan had tied at 285 for 72 holes.

Hogan, who once tried easily and had trouble making the four-day grand after his near-fatal auto accident in 1949, said he felt fine physically during the five-day stretch here except that he was a bit weary after the second round.

He said he planned to play in the Memphis, Tenn., Open three weeks from now in his only tourney appearance before the U.S. Open.

"I need some tournament golf to get ready for the Open," he said. "I'm putting much better now than in recent years. I've been going through five miserable years on the greens."

"But I think I've got it worked out. I'm using my own stroke again now. I was desperate and I tried everybody's suggestions. They meant well, but it just didn't work for me."

Among those expected to be on hand for the third annual event, sponsored by the Junior Chamber of Commerce, will be Houston truck line executive J. E. Rose, who won last year's feature event. The race is sanctioned by the San Jacinto Region of the Sports Car Club of America, and will feature two full days of racing in all classes of sports cars.

The twisting, turning course at the Municipal Airport has earned the reputation of being one of the fastest in the Southwest. Cars have been clocked at speeds up to 165 miles per hour on the 4,200-foot straightaway.

Record holder of the fastest lap at the course is Rose, who set the mark of 77.3 m.p.h. last year in his 1.5-liter Maserati.

A large number of Houston drivers and others from six states and Mexico already have committed themselves to this year's race, according to Bob Ford, president of the Jaycees.

The Houston team will be headed by G. Mason O'Reilly, regional head of the Sports Car Club of America, who will pilot a special Jaguar-Chevrolet, and Bill Steel in his Elva-Cougar.

Other early commitments have been obtained by strong teams from Kansas City and Wichita, including David Keady, John Coons, John French and Tome Newcomer. The Wichita group will include Jerry Shawver, Todd Atkins and Jack Himble.

Cross, Maj. Roscoe L. "Crownrich" Waco has entered with his Austin-Healey, and wealthy Fort Worth rancher Alan Connell indicated he will enter the winning feature cars at Fort Worth and Mansfield, Tex.

Another driver of promise is Delmo Johnson of Dallas, who has been undefeated in the large production class this year in his Corsair.

Wiffi Could Step Into Babe's Shoes

Majors' Leaders

By OSCAR FRALEY
United Press International

NEW YORK (UPI) — If practice really does make perfect, Wiffi Smith may be about ready after a three-year wait to take over from the late Babe Didrikson Zaharias as the boss of women's golf.

The sturdy, stocky, freckled Wiffi hates to practice. Even so, she averaged \$9,000 a year in winnings on the ladies' pro golf circuit the past two years.

"But you have to practice and you have to think," she admits in recognizing that she has fled to live up to her potential, "and I've started to do both."

Wiffi was hailed as the "new Babe" when she turned pro at the end of 1956. She had been the youngest player ever to win the British Amateur, added the French title and at 19 was the youngest ever to play on the U.S. Curtis Cup team. She could wallop it a mile but, all-but Wiffi won \$10,251 in 1957 and \$7,870 last year, the closest any woman there.

Likes Traveling
Wiffi simply was having too much fun enjoying life. The California-born miss was a natural traveler, having been raised in

hemp, Orioles 2-0; Fischer, Senators; Pappas, Orioles; Larsen, Yankees all 2-0.

There is more than playing golf to merely hitting the ball well, too, she has learned.

such varied spots as Mexico, England, Hawaii, North Carolina, Texas, New Mexico and Michigan.

Falling naturally into the life of the lady tee tourists, Wiffi soon showed she was a "collector" of "happiest items" if not of as many dollar bills as expected. The list of her possessions is dazzling, at least to other 22-year-olds.

She travels in a foreign make midget bus which she labels the "Realist" along with a Shetland sheep dog named "George," even though it happens to be a female.

Wiffi has a show horse stabled on some acreage she bought in Southern Pines, N.C., as well as one vintage touring car named "Susie" garaged in St. Clair, Mich., for midwestern travel and another named "Bernard" berthed in Westport, Conn., for eastern travel.

Looking forward to the Triangle Round Robin at the Canoe Brook Country Club in Summit, N.J., June 3-7, Wiffi finally has decided it's about time she started collecting more cash.

"This year I started to practice and it has helped my game tremendously," she admits. "My three wood and my irons all have improved and so have my chip shots."

There is more than playing golf to merely hitting the ball well, too, she has learned.

Other Teams Enjoy Yankees' Collapse

By JOHN GRIFFIN
United Press International

The world champion New York Yankees have collapsed because they aren't hitting, and the rest of the American League is enjoying the fun while it lasts.

Those were the conclusions drawn today from a poll by United Press International among managers and general managers of other A.L. teams about the woes of the Yankees, who have lost nine of their last 10 games and are seventh in the league, lower than they have been at this stage of the pennant race in the last 19 years.

Some folks think the Yankee hitters are just "in a slump." But General Manager Frank Lane of the league-leading Cleveland Indians, who admits gratefully, "I'm enjoying their trouble," isn't so sure the Yankees' trouble is temporary.

"Maybe some of those players George Weiss and Casey Stengel thought were so wonderful aren't so good," said Lane. "Weiss thinks everybody who puts on a Yankee uniform immediately is worth \$100,000."

Hit Few Homers
"I know it won't last," commented new owner Bill Veeck of the Chicago White Sox. "But you can't blame me for thinking how wonderful it would be to see them stay down there."

Almost every manager and club official UPI talked to pointed at once to the Yankees' puny batting as the reason for their tumble. The figures are damning: only 2.5 runs scored per game during the current slump, only three home runs from home run champion Mickey Mantle, a team total of four home runs, less than the total for the supposedly weak Washington Senators.

Remember those "big innings" the Yankees made famous? They haven't scored more than two runs in any of their last 110 innings.

Mantle, now riding the bench with an injured finger, is batting only .276 and other regulars are even worse — Andy Carey .263, Hank Bauer .254, Yogi Berra .250, Tony Kubek .240, and Bobby Richardson .239. "Murderers Row" isn't scaring anybody any more.

"They just aren't hitting," said Manager Harry Craft of Kansas City. "They used to beat you in the eighth and ninth or extra in-

nings. But they are losing those close ones now."

Even Stengel Agrees
"They aren't scoring many runs," pointed out owner Cal Griffith of the Senators.

"Casey's hitters just aren't hitting," said new Manager Jimmie Dykes of Detroit, and the same comment came in the same words from almost every skipper in the league.

Including Stengel. In a state of mind surprisingly clear for him, the Yankee manager summed up his troubles this way:

"We've been very weak with the batting and very weak with the pitching. But it's only the first time for the pitchers because they have been doing very good up to now. I can't solve the batting."

Many baseball men think Weiss, the Yankees' general manager, will try to "solve the batting" by making a player trade. Weiss visited Detroit Sunday, was due back in New York Tuesday, but was maintaining his usual silence in matters of that sort.

If it's any consolation to Weiss, the rest of the league is almost unanimous in the belief the Yankees will rally soon.

They're in a hitting slump.
said Manager Joe Gordon of the Indians. "But they're still the club to beat in the American League. They're also one of the best clubs in the league defensively."

"They will bounce back, no question about that," predicted Griffith. "They've got a solid ball club."

"They're just in a slump," said Dykes. "They'll pull out. They've got a good ball club."

"From what they showed us there's nothing wrong with them," said Manager Al Lopez of the White Sox.

Dykes, the cigar-chewing brash guy who once pinned the nickname "push-button manager" on ex-Yankee pilot Joe McCarthy, put it right up to Stengel last Sunday when they met at home plate before the doubleheader which the Tigers swept from the Yankees.

NBA Takes Crown From Sugar Ray

By JACK CUDDY
United Press International
NEW YORK (UPI)—Sugar Ray Robinson, dethroned as middle-weight champion by the National Boxing Association and threatened by the New York State Athletic Commission, may seek sanctuary in Europe.

"I've been offered a big guarantee by promoter Fritz Griesch of Berlin to defend my title against 'Gustav Scholz if I'm forced out of my own country," said Sugar Ray today.

Scholz, of Germany, is the fourth-ranking contender, but he has been rejected as challenger by both the NBA and the New York commission. Each organization insisted that 39-year-old Robinson defend against former champion Carmen Basilio of Chitlenango, N.Y.

The NBA vacated Robinson's 160-pound championship Monday because of his excessive delay in signing for a defense against Basilio. And the independent New York commission probably will follow suit if he fails to sign by May 15 for a Basilio match.

Although the European Boxing Union has a working agreement with the NBA, it's uncertain whether the EBU would concur with the NBA in dethroning Sugar Ray, were he to sign for the Scholz fight in Germany. West Germany is a member of the EBU.

Dr. Ward Wylie, president of the NBA, announced the withdrawal of championship recognition from Robinson at Mullens, W.Va., Monday. At the same time, Wylie ordered a fight for the vacant crown within 60 days between former champions Basilio and Gene Fullmer of West Jordan, Utah.

Wylie said the Basilio-Fullmer winner would defend against an NBA-selected challenger within 90 days thereafter, and that the challenger might be third-ranking Spider Webb of Chicago.

As far as the United States, "Will Boone Quit Baseball?"

CHICAGO (UPI)—The Chicago White Sox' Bill Veeck sped back from a downstate trip today to try and talk first baseman Ray Boone out of quitting baseball so the Sox could trade Boone to the Kansas City Athletics for Harry Simpson.

"I feel this is the time to quit," Boone said. "I've got bursitis on the knee and that calcium has been building up. The knee's been troubling me all year. I had a long debate with myself before even going down to spring training. However, I'll listen to what Bill has to say."

The Sox announced the Boone-for-Simpson straight trade Sunday, while Boone was confined to his hotel room with the flu. Monday, Boone told the Sox he was considering quitting baseball—which, of course, would nullify the trade. Boone agreed, however, to wait for Veeck in Ottawa, Ill., before making any final announcement.

Canada and Mexico are concerned, Robinson now is recognized as champion only in New York state. And he declared flatly at a press conference Monday night he never would defend in New York "as long as the present boxing commission is in office."

Charges Politics
He charged the New York commission had rejected Scholz as an acceptable challenger and had insisted upon Basilio "because of politics and the lingering power of Jim Norris." Multi-millionaire Norris was head of the court-busted International Boxing Club monopoly. Now he is top man in a new organization, Chicago Boxing Enterprises.

Despite Robinson's anti-New York proclamation, Chairman Melvin L. Krulwich of the New York commission said today, "I still hope Robinson will sign for a Basilio fight before May 15. We'd like to have that fight in New York state."

What action the New York commission will take if Sugar Ray fails to meet the May 15 deadline "will be decided when the time comes," the chairman said.

Meanwhile, promoter Norman Rothchild of Syracuse, N.Y., announced he had signed Basilio and Fullmer to fight for the vacant crown at Syracuse "in the summer or fall." He can not get commission approval of the match until after May 15.

Robinson hasn't fought since he recaptured the 160-pound crown from Basilio on March 25, 1958. Despite his apparently desperate plight, Robinson declared Monday night, "For a Basilio defense, I'm raising my demand for a guarantee from \$750,000 to \$1,000,000."

Pittsburgh's Pirates Receive Face-Lifting

By FRED DOWN
United Press International

The Pittsburgh Pirates have done an about face with Elroy Face.

Off to the worst start in the National League when they lost their first five games, the Pirates have bounced back at a 692 pace and have moved to within easy reach of the tightly bunched league leaders.

And, the "big man" in the comeback has been the little, 135-pound relief ace from Stephentown, N.Y., who has scored three of the Pirates' nine wins, saved another game and has a 1.93 earned run average for seven appearances totaling 14 innings this season.

Face cleaned up in tidy fashion again Monday night when the Pirates shaded the Chicago Cubs, 2-1, and thus moved into fifth place only two games behind the first-place San Francisco Giants.

The victory was the Pirates' third straight, their fourth in five games and their ninth in 13 since fifth consecutive game.

Giants At Top

During the same three-week period since April 15, the Giants show an 8-7 record, the Los Angeles Dodgers an 11-7 mark, the Milwaukee Braves a 7-7 slate and the Cincinnati Reds an 8-8 pace.

The in-a-gain, out-again Giants went back into first place by nine percentage points Monday night with a 6-5 win over the Reds while the Dodgers went into second place with a 5-3 victory over the Braves in the other National League activity. The Boston Red Sox beat the Kansas City Athletics, 8-4, in the only American League game.

GIL HODGES
...big day at bat

Victories have been by one-run margins, scored both their runs in the eighth inning after being limited to three hits by Bob Anderson. Dick Groat started the rally with a double and scored the tying run on pinch-hitter Rocky Nelson's single. A walk moved pinch-runner Dick Schofield into scoring position and then Roberto Clemente came through with the game-winning hit.

Face shut out the Cubs in the ninth inning to preserve big Ron Kline's second triumph of the year. Kline yielded only four hits in eight innings and retired 14 straight batters during one stretch.

Dodgers Beat Spahn

The Dodgers maintained their mastery over all-time great southpaw Warren Spahn as Gil Hodges connected for two homers, a double and a single and Don Demeter hit his seventh homer. Johnny Podres, aided by Art Fowler in the ninth, gained his third win despite homers by Ed Mathews and Joe Adcock. Spahn, who was trying for the 250th victory of his career, was making one of his rare appearances against a team that has had a predominantly right-handed hitting lineup for years. The Dodgers have a 26-14 advantage over Spahn during his brilliant career.

Pampans Lead Golf Tourney

ABILENE — Odessa Junior College's golf team of Les Howard and Melvin Chisum is leading after the first 36 holes of the state junior college golf meet. Both Howard and Chisum are from Pampa.

The Odessa players fired a 291 for the first 36 holes, to hold a 14-stroke lead over second-place Weatherford at the half-way mark.

Jackie Jensen drove in two runs with his fifth homer and Dick Gernert knocked in three runs with two doubles and two singles to help Boston's Don Monbouquette win his first game. Monbouquette shut out the Athletics with one hit from the second inning through the seventh but needed help from Murray Wall in the eighth.

The Giants' up to their ninth-inning heroics again gained a 6-3 lead with four runs in the final frame and then beat off a Cincinnati counter-rally in the last of the inning. Jimmy Davenport put the Giants ahead with a three-run, two-out double and scored the decisive run when Willie Kirkland followed with a single. Frank Robinson, Pete Whisenant and Frank Thomas homered for the Reds, while Felipe Alou and Orlando Cepeda connected for San Francisco.

Jackie Jensen drove in two runs with his fifth homer and Dick Gernert knocked in three runs with two doubles and two singles to help Boston's Don Monbouquette win his first game. Monbouquette shut out the Athletics with one hit from the second inning through the seventh but needed help from Murray Wall in the eighth.

Tomy Lee Won't Shoot For 'Triple'

LOUISVILLE, Ky. (UPI)—Kentucky Derby winner Tomy Lee turned his back on racing's Triple Crown today, leaving the others to fight it out in the Preakness and the Belmont.

The little English-bred colt was taken out of contention for the \$150,000 Preakness Monday after trainer Frank Childs and owner Fred Turner Jr., Midland, Tex., decided he would not be ready for the May 16 classic at old Pimlico in Baltimore, Md.

An admittedly disappointed Childs said, "Tomy Lee needs rest," explaining that the hard stretch battle with Sword Dancer in the Derby "took a lot out of him."

Hobbs Wins

ALPINE, Tex. (UPI)—The Hobbs Cardinals clobbered the Alpine Cowboys 11-3 in a sophomore League baseball game Monday night.

The Cowboys let four of the runs across on five errors.

George Washington was 16 when Mount Whittier at Osage, N.H., he was employed as a surveyor by is named for the Quaker poet, John Greenleaf Whittier.

WHAT MAKES AN OLDS RIDE SO WELL?

Only Olds gives you both...
GUARD-BEAM FRAME PROTECTION AND WIDE-STANCE CHASSIS CONSTRUCTION
Come in and see for yourself! The sturdier design of Oldsmobile's Guard-Beam Frame is clearly shown on this miniature model.
Take a trial drive in a '59 Olds! Discover how the 9-inch wide frame makes Olds smoother, steadier, more sure-footed... more stable on turns. You'll find steering more responsive, too!

It all starts with a 9-inch wider frame... Oldsmobile's exclusive Wide-Stance Chassis!

When it comes to designing an automobile for superior riding qualities, the key engineering word is balance.

That's why Oldsmobile brings you the Wide-Stance Chassis—plus an exclusive frame construction with the best stability and security factors of both "X" and cross-member construction. There are stabilizer bars front and rear.

Big, smooth-acting front coil springs team up with wide, splay-mounted leaf rear springs that automatically dampen road shock. And the springing system is further assisted by direct-action, outboard shock absorbers.

But for you, the important thing is the result! You've heard of smooth, road-hugging rides before... but you actually have to drive a '59 Olds to experience the marvelous difference in its ride. Now that it's Spring... why not join us and take that ride?

Strike May Bring Emmy Goofs Galore

By VERNON SCOTT

UPI Hollywood Correspondent

HOLLYWOOD (UPI) — Television's annual "Emmy" awards show Wednesday night might become a classic of unintentional comedy and colossal blunders.

Due to a strike by NBC technicians, network brass — from vice presidents on down — have taken over behind the scenes.

While video's glamor gals and guys parade before the cameras in Hollywood, New York and Washington D.C., NBC executives will be sweating it out on sound booms, control panels, widgets, gadgets, cables and gimmicks top complicated to envision.

"If the strike isn't over we may be in pretty rocky shape," one network official sighed. "But we'll be in there pitching. The show will go on."

Awards Passed Out

The 14-hour program is devoted to passing out 26 of the 42 awards for TV's best performances, shows, writing and what-not of 1958.

Taking part in the frolic as presenters-entertainers are Dinah Shore, Bob Hope, Peter Ustinov, Robert Young, Art Carney, Jack Benny, Shirley Temple, Ann Sothern, Polly Bergen, Ed Sullivan and scores of nominees.

Vice President Richard Nixon is scheduled to present a public service award, with Sen. Mike Mansfield (D-Mont.), Secretary of Agriculture Ezra Taft Benson and Speaker of the House Sam Rayburn distributing best news program awards.

Hope Gets A Special

A special trustee's award will be given Bob Hope for "bringing the great gift of laughter to all peoples of all nations," and for the consistently high quality of his television shows through the years.

Dopesters are hard put to come up with a favorite among the 190-odd nominees. However, a LUP straw poll produced these

best bets:

Most outstanding single program of the year — An Evening With Fred Astaire

Best comedy series — Jack Benny Show

Best musical or variety series — Dinah Shore Chevy Show

Best western series — "Gunsmoke"

Best actor in a dramatic series — Richard Boone (Have Gun, Will Travel)

Best actress in a dramatic series — Loretta Young

Dag Will Be Standing In Wings When Summit Opens

By Phil NEWSOM

UPI Foreign Editor

From the foreign editors assignment sheet:

STAGE MANAGER

Standing in the wing when the East-West foreign ministers conference opens in Geneva next Monday will be a man who ultimately may hold the key to the cold war puzzle — Dag Hammarskjold.

The United Nations chief has conferred in recent weeks with both Khrushchev and Herter.

He has said he has found a genuine will to negotiate. So far the West has no "fallback" plan to turn to if the Russians reject their package on Berlin, Germany and European security. It's anybody's guess what the Russians are up to. Hammarskjold will not volunteer advice, as is his custom, but if the talks run into a stone wall he might be asked for suggestions. There is no doubt he would respond.

LIFTING THE SIEGE The next step in President Alfred Strossner's avowed schedule for returning Paraguay to a democracy is a proclamation of general political amnesty. His still skeptical South American neighbors are watching closely to see how soon this comes about. Last week was not the first time in the last 19 years that the state of siege — a short of modified martial law — had been lifted in Paraguay. Always before it was rapidly reimposed. And so Strossner has set no timetable for abolishing censorship and permitting freedom of expression calling a constituent assembly and adopting a new constitution.

A naturalized American automatically forfeits his American citizenship when he lives outside the U.S. longer than five years.
