

Flood Carries House For Mile; Occupants Ride It; Not Hurt

To speak of a flood in this "dry" Western country of ours would sound silly to most people but J. H. Woodard and his family, who live in the Mesquite community, six miles east of Champion, can tell a true story about floods in this country following their harrowing experience of last Monday night.

The Woodard home was moved from its foundation by flood waters Monday night and carried down the creek for about a mile and deposited in a field on the opposite side of the creek some three hundred yards from its bed. The house, a four-room boxed and weather boarded, floated like a boat the entire distance with only about six inches of water inside and Mr. and Mrs. Woodard and their daughter Minnie Marie, 8, and Mrs. Woodard's sister, Miss Frances King, took the ride in the house and are none the worse off for their experience. They stated, however, that it was a frightful time and they do not care for another ride like it. The ride ended at 1:30 and ended about 3.

The Woodard home was located only a few rods from the bank of Champion Creek and only a mile and a half from its head. A ten inch rain about the head of the creek caused it to turn into a raging torrent in just a few moments. Mr. Woodard stated that it had stopped raining at his place and he had just returned to the house from the yard when the water came tumbling down and took the house with it before they realized it was coming.

Loraine Music Pupils Win State Honors

Geneva McGehee and Junior Harris, music pupils of Mrs. W. R. Martin, won first place in the voice division of the State Federated Music Clubs in Dallas Saturday.

A more complete story will be given next week as we are crowded for time and space this week.

Baptist W. M. S.

Circle No. 2 of the Baptist W. M. S. met Monday, May 9th, at the church with eight members present. The devotional was led by Mrs. McGehee, reading the first 13 verses of the 21st chapter of Luke. Prayer was led by Mrs. Reeder.

Our teacher, Mrs. Jarrett, brought out some interesting thoughts on the lesson. We are studying the Old Testament and our lesson for next Monday is in First Kings beginning with the 12th chapter and taking the remainder of the book.

There being no further business Mrs. Jarrett led the closing prayer. Reporter.

Baptist Notes

Sunday school was well attended Sunday for the weather to be so disagreeable. The attendance was off considerably from last Sunday. If nothing happens let's make the attendance 200 for next Sunday.

It isn't any trouble for anyone to get up in time to come to the house of the Lord on Sunday, so we will look for you on time next Sunday. We had a visitor with us Sunday. We are always glad to have visitors and give you a welcome at all times.

Rev. A. C. Hardin, our pastor, after giving a wonderful message on Mother's Day preached on prayer. The subject for the evening services was Jerusalem's Omission. Both subjects were well handled.

Those who are staying away from church are missing some wonderful messages as well as blessings. Make an effort to be with us next Sunday and hear these messages.

WILL PLANT CANE FOR SYRUP MAKING

Farmers in the North Champion Community are being urged by Charley McAnally and others to plant cane for syrup making. In order to further the plans Mr. McAnally says he will install a mill on the W. D. McCarley farm so that it will be in the center of the community and will make syrup for his neighbors this fall.

Mr. McAnally has had quite a bit of experience in making syrup and says that Japanese Honey Drip cane is the best for that purpose. The seed can be obtained here in Loraine. He also stated that the cane should be planted right away.

If other communities would follow the lead of North Champion we would have some syrup to eat next winter whether we have anything else or not. It is a good idea for farmers to raise their own syrup where practical.

Mr. and Mrs. William Martin and family and Miss Ollie May Martin visited in the home of Mrs. Martin's parents, Mr. and Mrs. W. H. Harris, Sunday.

News Celebrates Birthday With Party

The Mitchell County News celebrated its first anniversary last Friday night with a birthday party at the office of the publication. Business men of Loraine gathered to help celebrate but on account of the threatening clouds some of them had to leave and still others did not come. Quite a number, however, remained for the entire program including the refreshments.

The Editor of The News opened the program with a few remarks thanking the business men of Loraine for the splendid support the paper has received during the first year of its existence and expressing a desire for the paper to be of greater service to the community.

Rev. J. E. Harrell told of the relation of a newspaper to the community and H. J. Askins told of the benefits of advertising.

Other parts of the program consisted of readings by Iona Callahan and J. W. King, Jr., a talk by the business manager of The News and Roy Edwards praised The News and its publishers in a short talk which was almost drowned out by the roar of rain and hail on the roof of the building, but we appreciate his remarks.

Refreshments of ice cream and cake were served. The guests all departed wishing The News many happy birthdays.

Bruce Bible Class

Attendance at Sunday school Sunday morning was good in spite of the disagreeable weather. The subject of the lesson was "Esau sells his birthright" which was well explained by Mr. Edwards, who taught for us Sunday. Members of the class brought out some interesting thoughts on temperance.

Rev. Harrell visited our class Sunday. We were indeed glad to have him. Visitors are always welcome, so don't fail to visit our class when you are visiting in town.

The subject of the lesson for next Sunday is "Jacob at Bethel". Everyone be sure to come and hear this subject discussed, for we find that Jacob is beginning to get into trouble which is usually the way with anyone who does not follow and obey God.

We still have plenty of room for new members. Everyone make an effort to bring someone with you next Sunday. Reporter.

Bennett S. S. Class

We had a nice attendance in our class last Sunday. The bad weather didn't seem to have much effect on the men turning out to hear that wonderful lesson Mr. Bennett delivered to us. We are having some wonderful lessons brought to us in the next several Sundays. We gently urge you to come out and be with us next Sunday. The Sunday school is a mighty nice place to spend next Sunday morning. Try laying your newspaper away and other such enjoyments as you have been indulging in and come spend the morning with us. You will receive a great blessing from the lesson "Jacob at Bethel". If you will just come to the Baptist Church Sunday morning and hear this lesson I am sure you will come the following Sunday. Let's all try to get to church a little earlier so we can have more time to spend in our Sunday School. Let's all come out to Bethel Sunday.

METHODIST CHURCH

Mother's Day was observed Sunday morning. Red and white roses were pinned on all who entered the church not already wearing a flower in memory of mother. J. M. Bruce made a very fine talk on "Mothers and Fathers of Today". A male quartette composed of Kirk Taylor, Lester Jarrett, Otis Muns and Clyde Smith sang a suitable Mother's Day which was greatly appreciated. The pastor preached on "Our Debt to Motherhood." A goodly number were present in spite of the inclement weather.

Rev. J. E. Harrell, pastor, preached Sunday night on the subject "Praiseworthy Women". His text was Proverbs 3:30.

Next Sunday has been designated as Southwestern University Day and will be recognized as such. The pastor will preach at both morning and evening services. Go to church and Sunday School Sunday. If you have relatives and friends visiting you, take them to church. Visitors are always welcome. Help make the church what it should be in the community by attending all its services. Reporter.

Mr. and Mrs. E. M. Cooper and family of Roscoe visited in the J. W. King home Sunday night.

Mr. and Mrs. H. J. Askins visited relatives at Hamlin Sunday.

GET THE AX (Editorial Digest) County Judges and Commissioners meeting in West Texas recently went on record as favoring redistricting of the state for judicial purposes. They make the claim that at least 25 district courts can and should be abolished.

The Abilene News-Reporter believes that a majority of Texans will agree with the contention of the judges and commissioners that there are too many courts, but suggests that when the overhauling is started perhaps it would be well to give the whole judiciary system a thorough going-over.

Some districts are overloaded, while most of them have not enough business to keep them busy, argues the Abilene paper. A few were created in boom times, and the need for them has long since ceased to exist. The state were re-constituted districts it would be found that the taxpayers' burden could be lightened many of these courts now still exist.

The News-Reporter argues further that all civil appeals

courts should be eliminated. "They are some of our best minds," says the News-Reporter. "The original as a direct road from trial court to appellate court, but the civil litigant must make an expensive detour via intermediate appellate courts before he can reach the supreme tribunal."

Eleven dry goods and clothing firms were included among the businesses which failed in April, and nine men's furnishing shops also went into bankruptcy. BARNETT NEWS
Saturday afternoon was the scene of a day affair in the home of Mrs. R. H. Bennett the occasion being the fifth birthday of Ayce. About thirty little guests were present to help her keep the afternoon. After an hour or two of various games the children were then ushered to tables under shady trees where delicious cake and ice cream were served. The play "The Old Fashioned Mother" which was to have been given at Barnett Sunday afternoon, by members of the Champion Sunday school, had to be cancelled because of the heavy rain. We appreciate their planning to help us out in our Mothers Day program, even though the weather prevented. Ed Gabler was a business visitor in Sweetwater Saturday. Misses Irene Sayer and Abilene Gabler were among the guests present at the turkey dinner given in the home of Mr. and Mrs. Arthur Gabler Sunday.

SPANISH CLUB
The Spanish Club met, May 10, for the last time this year in a train trip from Loraine to Mexico City. In the Spanish room, which was Loraine, 18 Spanish pupils, Mr. Bennett and son, and Mrs. Ison were served "merienda" or sandwiches. There were two rows of seats on the train. From Loraine we traveled to Mrs. G. W. Hendrick's (San Antonio) where chile and crackers were served. There charades were given by different groups. The train then started for Monterey, which was at Mrs. A. H. Nelson's. Ice cream cones were served after several games had been played. We then pulled out for Mexico City, the last stop. This was at Mrs. Ison's where suckers were served to all present, including Dallas, the dog, who performed for us, and Mr. Ison. Someone hollowed "All out Mexico City," so the much enjoyed trip ended amid many expressions of having had a very good time.

DECLINE IN FAILURES LARGER THIS YEAR
Austin, Texas, May 10—Commercial failures, occurring in Texas totaled only 69 during April, according to the University of Texas Bureau of Business Research. Total liabilities were set in preliminary reports at \$1,824,000. Normally, there is a decline of about 15 per cent in the number of failures but the decline this year amounted to 12 per cent, so that the improvement which has been in evidence in this business indicator since last November carried through the month just past.

DAIRYMEN SHOULD HAVE A SILO SAYS ENGINEER

"Every dairyman in Mitchell county should have a silo," declared M. R. Bentley, State Agricultural Engineer, after having inspected the seven trench silos in Mitchell county last Thursday in company with County Agent Foster and J. H. Curry, City Sanitarian. "Considering the cost, I believe the trench silo will probably be the most satisfactory for the average dairyman." Beef cattle feeders can also use the silo to advantage Mr. Bentley stated. At the Lulins foundation farm they are using silage and cotton seed meal as a fattening ration.

In answer to the question as to how long would silage keep in a trench silo, Mr. Bentley stated that at the Kings ranch they were overstocked with feed and knowing that the feed would deteriorate in stacks they dug a number of trench silos. The last of this silage was used eight years from the time it was put in.

In some of the silos visited the spoilage was a little too high and Mr. Bentley suggested that this could be overcome by stacking about four feet above the ground to allow for settling. One silo which was not completed was a failure.

One dairyman stated that the cost of filling his silo was too high but that it had been worth the money. One of the men on the place said they tried to put out enough silage on Saturday to last through Sunday but it never did and you could easily see the difference in the milk produced.

Another man said that his silo including labor of filling amounted to only \$10 for a 25 ton silo not counting his own

time. The men who have trench silos are: Bray Cook, Formwalt Brothers, J. L. Bowen, L. K. Galey, Stewart Cooper, Jim Bodine, E. B. Hale.

MITCHELL COUNTY

FARM NOTES

The announcement in The News last week of M. R. Bentley's inspection trip to Mitchell county resulted in two old friends meeting for the first time in a number of years. Homer Derryberry and Mr. Bentley were friends when they both lived near Wichita Falls years ago but they had not seen each other since until they met at the E. B. Hale farm Thursday.

It would have taken 114 old roosters to have equalled the price H. H. Campbell of Motley county received for 19 capons last winter.

M. L. McCollum and J. M. Bruce, Jr. of Loraine are planning to do some caponizing

within the next few weeks.

With the prospect of cheap fryers people are becoming more interested in caponizing. Even if there is no thought of selling them the cockerels may be caponized and let run on the range and eaten as needed. They will pick up their living from the waste grain about the place and with a small amount of skim milk will grow rapidly.

It is not too late to install a lath-tile irrigation system. It can be placed between the rows even though the tomatoes or other crops are already planted.
