Roosevelt Is Urged To Call World Economic Conference

Time Believed Ripe To Hold Great Parley

Senator Says FDR Could Take Lead Without Involving The U. S. In Europe's Squabbles

(By The Associated Press)

WASHINGTON, Oct. 1.—Two Democratic senators, Burke of Nebraska and Lewis of Illinois, proposed simultaneously tonight that President Roosevelt summon international conferences to effect a lasting European peace.

Burke, a critic of some administration measures, just returned from a European tour, said the president was the logical man to call a badly needed world economic conference.

Summon All Parties

Lewis, an administration supporter, declared the time had come when Mr. Roosevelt should summon all parties to the treaty of Versailles to meet in this country and survey what that treaty had produced "in discontent, revolt and war."

"Then," added Lewis in a formal statement to the press, "a just disposition of the colonies can be made in a calm atmosphere in the United States, under one direction—as we do not look for resentments and seek no rewards. We only seek a world peace."

Think Time Is Ripe

Both proposals were advanced a short time before President Roosevelt's scheduled departure for Hyde Park, N. Y., a departure which indicated he was confident that the recent threat of war in Europe was definitely past.

In an interview, Senator Burke said he thought the time was ripe for an economic readjustment which would remove trade barriers and with them, many of the causes of war.

"I think Europe's troubles are basically economic," he said.

"The president is the logical one to take the leadership in calling an economic conference. The president is in an ideal position to take the

Charges Hurled In Rail Probe

(By The Associated Press)

WASHINGTON, Oct. 1—A labor lawyer's charge the proposed railway wage cut is part of a conspiracy to check recovery and discredit the administration was countered today by carrier testimony the roads face a financial crisis threatening their very existence.

Both contentions were advanced before the special fact-finding board appointed by President Roosevelt in an effort to avert a nation-wide rail strike.

Only Beginning Of Drive

Tom Davis, counsel for the Brotherhood of Railroad Trainmen, said the 15 per cent wage reduction proposed by rail managements was only the beginning of a drive to "slash wages in every industry in the nation."

"The effort of the railroads to force a cut in wages is directed and controlled by Wall street and the railroad bankers," declared the attorney. "The demand is only part and parcel of a nation-wide conspiracy to cut wages of every worker in the land, to delay and prevent recovery and to discredit the administration."

"We will show the devious trail of banker control of the railroads of this nation and will show you the looting of the American rail-

Police Select Beauties For Women Coppers In New York

NEW YORK, Oct. 1. (AP)—It looks as if the police department were going after the Miss America crown.

Of 315 eligibles for appointment as women "coppers" the department announced today one formerly tripped in the follies, two danced with troupes noted for their beauties and one once strutted on the burlesque stage.

CCC WORKER KILLED

KIRBYVILLE, Oct. 1. (AP)—Alto West, 18-year-old Kirbyville CCC enrollee, was killed tonight in the collision of a truck on which he was riding and an automobile.

Sale Of Liquor In Garza Voted Down Saturday

(Special To The Avalanche-Journal)

POST, Oct. 1.—By a vote of more than two to one Garza county voters pronounced disapproval of sale of any kind of alcoholic liquors here today.

The election was the first liquor vote in this county in approximately 28 years, said County Judge Ira Weakley.

Reports From Nine Boxes

Returns from nine of the 10 boxes in the county showed 614 for prohibition to 279 against. No report had been received from Justiceburg. Estimate of the number of votes cast at Justiceburg was 50.

Mild Gold Rush Now On In New Mexico

LOVINGTON, N. M., Oct. 1. (AP)—A mild rush to establish placer gold claims has been under way for weeks in two sectors of Lea county, in southeast New Mexico.

The principal rush, begun during August, is toward an area about 30 miles southwest of here and 25 miles from Hobbs, where more than 100 claims have been filed. The other boom is near Eunice, N. M., south of Hobbs.

Motorist Gets Back At Cop For Stopping Him On Road

YONKERS, N. Y., Oct. 1. (AP)—This motorist got back at the policeman who stopped him—by getting a summons for the policeman.

The motorist was Martin Klein of the automobile club of New York, the policeman was Michael Reagan who said Klein halted him to sell a ticket to a policeman's ball.

And that, charged Klein, violated a little known state statute making it unlawful for a person to stand in the roadway for the purpose of stopping a vehicle to sell something to its occupants.

The offense, a misdemeanor, is punishable by a $10 fine.

Motor Travel Shows Increase In Texas, State Police Say

AUSTIN, Oct. 1. (AP)—Vehicular travel in Texas increased 281,000,000 miles during the first eight months of the year but highway and street fatalities were 224 fewer than in the same period last year, state police said today.

They reported 1,021 fatalities this year represented a drop of 17 per cent. Vehicular travel through August was more than 9,000,000,000 miles.

CANDIDATE WITHDRAWS

MILWAUKEE, Oct. 1. (AP)—Robert K. Henry, coalition candidate who won the Democratic nomination for governor of Wisconsin, withdrew from the race tonight to leave Republican Julius P. Heil alone in the nominated field against Gov. F. La Follette.

GROCER ACQUITTED

TEXARKANA, Oct. 1. (AP)— A. C. Ward, former Texarkana grocer, was acquitted today as an accomplice in an alleged arson case, in connection with a fire at his store on March 20, 1936.

Large Slices Of Czechoslovakia Being Invaded

German Legions Start Their Bloodless Conquest While Poland Plans March

(By The Associated Press)

GRAY-CLAD German legions began a bloodless conquest of Czechoslovakia's Sudetenland yesterday.

Poland made ready to take over her slice of the dwindling republic.

In Washington two Democratic senators proposed that President Roosevelt call an international peace conference.

And a troubled Europe, calculating the enormous cost of its latest war scare, wondered what the future held.

Eventual Understanding

Out of the upheaval of the past few weeks, Germany, who came through with most of her demands met, foresees an eventual understanding with France, the return of colonies, fulfillment of her long-cherished dream of economic penetration of the Balkans.

Britain, despite the double-barrelled fruits of the Munich conference—partition of Czechoslovakia and the Hitler-Chamberlain declaration for peace—figures she will have to pay dearly for lasting peace.

It already has cost her a cabinet resignation — Alfred Duff Cooper, first lord of the admiralty, quit yesterday in "distrust" of Prime Minister Chamberlain's foreign policy.

Russia On Outside

France sees Soviet Russia on the outside looking in on Europe's councils and the possibility she herself might be dominated by Britain in a future four power rule—by Britain, France, Italy and Germany.

Soviet Russia sees the will of the masses trodden and Poland the "next victim" of partition.

To fascist Italy, the continent's next problem child is Spain and her war upon which hangs the question of making operative the Anglo-Italian Easter accord and resumption of friendly relations with France.

Glances Overshadowed

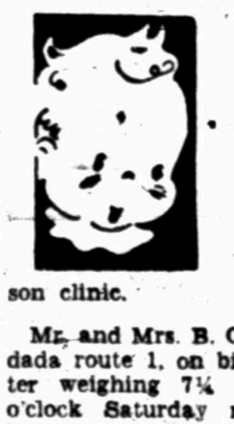
These glances into the future, however, were overshadowed for the moment by the actual accomplishments of the Munich four-power accord and Czechoslovakia's capitulation to Poland.

While his troops launched the progressive occupation of Sudetenland provided in the Munich agreement Adolf Hitler returned to a conqueror's welcome in Berlin.

One third of the first zone of Sudeten areas ceded to Germany by Czechoslovakia last night had been

(Turn to Page 8, Column 5, Please)

Congratulations To:



Mr. and Mrs. O. E. Patterson of Slaton route 2, on birth of a daughter weighing 7½ pounds at 9:24 o'clock Friday night at the residence, reported by Stewart & Benson clinic.

Mr. and Mrs. B. G. Davis of Floydada route 1, on birth of a daughter weighing 7¼ pounds at 2:45 o'clock Saturday morning at the home, reported by Stewart & Benson clinic.

Mr. and Mrs. G. W. Lewis of nine miles west of Ropesville, on birth of a daughter weighing 6 pounds at 4 o'clock Saturday morning at Plains hospital.

Neat Little Profit Reaped By Man After War Scare

LEEDS, England, Oct. 1. (AP)—One Leeds resident reaped a neat little profit from England's mid-week war scare.

The last five feet of a nine-foot trench Henry Varley dug to shelter his family from air raids turned out to be coal.

He shoveled out two tons and there was no sign the new seam was near exhaustion.

RETIRED BANKER DIES

CHICAGO, Oct. 1. (AP)—Peter C. Dings, 69-year-old retired banker and former Ardmore, Okla., oil man, died in a hospital here today of a fractured skull he received when he was struck by an automobile ten days ago.

ATTORNEY APPOINTED

LAREDO, Oct. 1. (AP)—Edward H. Lange, city attorney here for three years, today was appointed a senior attorney for the federal power commission. He will assume his duties in Washington Oct. 15.

Now He Wonders Just How It All Happened

A. W. McEachern, above, sits in his Washington avenue and Elm street residence mulling over how easy it is to be victimized. At Hermleigh Wednesday he was about to deliver a bed into a residence. A rattle-trap car passed, a wheel flew off and crashed into McEachern, who had his back turned and didn't see what was going on—or coming off. He was 20 feet away when he was clipped, and his right ankle was broken. He was treated two days in a Snyder hospital. He is employed by a mattress company here.

We Bet Uncle Sam Will Dodge Them

By JOHN LLOYD
Associated Press Staff Writer

PARIS, Oct. 1—Coming out of their war scare, European nations are suddenly confronted by the realization that it has cost them many millions of dollars.

The question beginning to bob up now is, "who is going to foot the bill?"

The unique proposal has been advanced in France that foreign residents and businesses be subjected to a special tax over a period of years to meet the expense of mobilization.

The proposal has been put forward by a group in the chamber of deputies. At all events, the government is understood to be drawing up a special financial bill to cope with the situation.

France's share of the general expense is expected to run into hundreds of millions of francs. Britain having mobilized her fleet and special section of her army is similarly under a burden running into high figures.

Others In Same Fix

In like situations are Germany, Czechoslovakia and some other smaller countries which took special military measures.

An idea of the tremendous cost entailed can be derived from the fact that a survey of budgets and complementary information recently gave rise to an authoritative statement that the world was spending $14,000,000 yearly on armaments even before the war scare arose.

Millions of reservists were called to the colors in various countries involved during the crisis.

Met Many Expenses

In addition to the cost of transportation of reservists and their upkeep, the governments had to meet the expense of moving vast stocks of war materials to strategic centers.

All this, together with the huge cost of gas masks distributed to the public in London and other cities, of digging safety trenches in public parks, and rushing to completion bomb shelters, mounts into a bill that an already heavily-taxed public will have to foot, directly or indirectly.

Texas Shatters Heat Records

(By The Associated Press)

The mercury staged an aerial attack on Texans Saturday, soaring above the 100-mark to set new records for October.

No relief was in prospect for Sunday.

Wichita Falls Has 102

Wichita Falls, in West Texas, and Texarkana, on the northeastern boundary, were among the hottest spots. Wichita Falls reported a climb from 62, Friday night's minimum, to 102 Saturday afternoon. At Texarkana the temperature reached a maximum of 104 after a minimum of 61. U. S. Weather Observer H. S. Brashear said the high temperature was unprecedented in October weather annals there.

Tyler, in the midst of its annual fall Rose festival, saw newly-plucked blossoms wilt under 100-degree temperatures—the hottest Oct. 1 since the weather bureau office started there five years ago.

Records Are Broken

All-time heat records for October were broken in Dallas with a high of 99.8. Until then, the all-time October record was 97 degrees on Oct. 7, 1917. The season's previous high was 99, in July. Palestine reported 98, the highest temperature for October ever recorded there.

In the coastal area, Port Arthur experienced 95 degrees, a new mark for this month; and Beaumont had 96, the highest in the 23 years of official data have been kept. Galveston's 91 was the hottest since weather bureau records started there in 1871.

At Lubbock the thermometer ranged between 87 and 92 degrees.

Cyclone Davis Asks That His Name Be Placed On Ballot

AUSTIN, Oct. 1. (AP)—A. B. Cyclone Davis, jr., who says he is the nominee for governor of the peoples' pension party, today filed a petition with Secretary of State Edward Clark asking that his name be placed on the ballot for the November general election.

The ballot already has gone to the printer. Clark said he would give a decision next week. Davis said if Clark ruled against him he would seek to compel including his name on the ballot by mandamus proceedings.

Aged Man Tells His Story Of Wife's "Mercy Death"

(By The Associated Press)

HEWLETT, N. Y., Oct. 1.—In mumbled phrases, Harry Johnson, 65, a retired oyster dealer, tonight told Nassau county authorities the story of a "mercy death" that ended the suffering of his cancer-afflicted wife.

As District Attorney Edward Neary moved to bring first degree murder charges against him, the husband poured out details of the soul-trying ordeal—

". . . Getting rapidly worse. . . . Unbearable agony for weeks and months. . . . She begged me to do it. . . . Begged me over and over again. . . . She knew what I was doing. . . . Her eyes were happy at the last, and she smiled . . ."

So Detective Inspector Harold King quoted Johnson as saying after his voluntary surrender to police.

The victim, Mrs. Jennie A. Johnson, 67, was found dead in a blanket-sealed bedroom on the second floor of their 3-story brick home. A 150-foot length of garden hose attached to a gas main in the cellar had carried lethal fumes to the improvised death chamber.

Most Successful Fair In History Draws To Close

Attendance Slightly Lower As Compared With Fairs Of 1937 And 1935; Winners Announced

By H. I. KIEFER
Avalanche-Journal Staff Writer

THE Silver Jubilee Panhandle-South Plains fair passed into history early this morning as the most successful in the history of the fair association organized 25 years ago.

Only two previous have exceeded it in total attendance, and they enjoyed advantages not approximating those of the 1938 event. Never before has the attendance been so sustained, and never before has the final night grandstand gathering approximated that of last night.

Attendance Totals

Attendance of the fair totaled 136,789, in third place to the 144,273 in 1933. The last day's gate of 30,113 compared with 29,551 last year, which set an all-time record. Total attendance at the 1937 fair was 137,970.

Responsible for the grandstand attendance were the finals of the first annual rodeo which left few of the 5,000 available seats unoccupied.

Rodeo Summaries

Summarized briefly, results of the rodeo were listed by D. M. Fanning, secretary, as being:

Dude Colbert of Jumbo, Okla., turned in another near perfect ride after having already clinched his championship in the bronc riding event.

Buck Jones of Abilene became bearer of the bulldogging crown for the meet.

Eaton Champion Roper

Bill Eaton of Jal, N. M., became the rodeo's calf-roping king when the 51 seconds he had established for bundling three of the babies withstood the challenge of others who had a chance.

Colbert's prize money was cinched before the final night's events

Raging Waters Close Highway

BROWNSVILLE, Oct. 1. (AP) — Murky waters boiling through a 200-foot break in a river levee break west of Brownsville covered the military highway 100 feet from city limits tonight.

At least 200 WPA workers were thrown into the battle against the raging Rio Grande and all traffic on that particular highway was stopped. State highway No. 4 to Harlingen was open, however.

The break occurred west of the city's pumping plant this morning. A 200-foot sandbag levee on which county employes had been working since Wednesday went out, and the rush of water, estimated at between three and four feet deep, was so strong workmen were powerless to repair the break.

Waters spewed into the dry Phillips Resaca bed, which contains rich farm land.

By tonight, more than 1,000 acres of land had been covered, some of which is under cultivation.

If the break is not controlled and the river does not fall, many more thousands of acres will be inundated, engineers declared.

Murder Charge Echoes Death Of Father Of Frederick Man

FREDERICK, Md., Oct. 1. (AP)—Murder charges were filed late today against Curtis Houck, 26, for the fatal shooting of his father, felled from shots the son said he fired in the midst of a nightmare from which he was awakened by his father's screams.

Prosecutor Sherman Bowers said he had been informed the father and son had quarreled prior to the shooting.

Arabs Injured In Clash With British Near Jerusalem

JERUSALEM, Oct. 1. (AP)—British troops, planes and police today fought a big concentration of Arabs in the Ramallah district, north of Jerusalem, in which 40 arab casualties were reported, a British police officer was killed and two soldiers were injured.

REALTOR IS KILLED

ARDMORE, Okla., Oct. 1. (AP)—Guy T. Ledbetter, 65, a realtor in Ardmore the past 40 years, was killed today when a shotgun he was examining at his home discharged. The charge struck him in the chin. He died immediately.

Wife To Drive Coal Truck For Cash To Pay Hubby Alimony

(By The Associated Press)

CHICAGO, Oct. 1.—Mrs. Lucille Abrams is going back to her job as a coal truck driver and figures to make enough to pay her husband alimony.

The slender brunet, 33 years old, came to that decision in court yesterday. She went there with the intention of asking alimony from her husband, Frank, whom she is suing for divorce.

Abrams said his coal business wasn't earning enough for alimony.

"It is, too, judge," said Lucille. "I know because I drive the truck lots of times. I've been the coal hiker when Frank drove."

She rolled up a sleeve to display a muscular arm in proof of her ability to carry coal.

The Abrams compromised. Lucille will get the business and Frank will get $1 a day alimony. Frank wanted a job as hiker, too, but the president, secretary, treasurer, and driver shook her head.

Foreign Policy Of Britain In For Criticism

(By The Associated Press)

LONDON, Oct. 1. — Great Britain's outspoken first lord of the admiralty resigned suddenly today in "distrust" of Prime Minister Neville Chamberlain's new foreign policy.

His action was expected to give the lead to rebellious government supporters who share his "distrust."

He Distrusts Policy

The navy head, conservative Alfred Duff Cooper, told the prime minister in his letter of resignation:

"I profoundly distrust the foreign policy which the present government is pursuing and seems likely to pursue in the future."

The bluntly-worded resignation of the 48-year-old Duff Cooper, came just one day after Chamberlain returned as a popular hero from Munich, bearing an Anglo-German anti-war pact and a four-power agreement sacrificing Czechoslovakia for what he called "peace with honor."

Frank Speech Sounded

The resignation followed a frank speech by pro-French member of the government bloc, Harold Nicolson, national labor member of parliament.

He declared in an attack upon the Chamberlain policy that "I still am not aware that his (Chamberlain's) final surrender had the approval of his own cabinet."

With the Munich four-power dismemberment of Czechoslovakia effective before the British parliament had time to ratify it, Nicolson plainly hinted that Chamberlain had ignored not only the house of commons, but members of his own cabinet as well.

These Are Mentioned

Among those mentioned in this connection were Minister of Health Walter Elliot, president of the board of trade Oliver Stanley, and Minister of Agriculture W. S. Morrison, with War Secretary Leslie Hore-Belisha "in the background."

Duff Cooper said in his letter of resignation he proposed "to explain in the house of commons in due course" his "distrust" of the Chamberlain foreign policy.

"Feeling as I do," he wrote, "I have considered that honor and loyalty demand that I should offer you my resignation."

Supreme Court To Start Its 1938 Term Early Monday

WASHINGTON, Oct. 1. (AP)—The supreme court will begin its 1938 term Monday, confronted by approximately 400 cases, including a challenge of the Tennessee valley authority act and several disputes involving interpretation of the national labor relations act.

Texas Postmaster Believes That It Pays To Advertise

PALESTINE, Oct. 1. (AP) — Postmaster Edwin Lockey of Palestine believes it pays to advertise.

In tomorrow's issue of a local newspaper will appear one of his advertisements calling attention to National Letter Writing week.

P. S.—He pays for the ads himself.

BONDS ARE DEFEATED

COLUMBUS, Tex., Oct. 1. (AP)—A proposal to issue revenue bonds for a municipal light plant was defeated at an election today. The vote was 142 for and 208 against.

Trouble Ahead Is Warning Of Senator Smith

Increase In Present Federal Loan To More Than 11 Cents Or Subsidy Being Asked

(By The Associated Press)

WASHINGTON, Oct. 1.—Senator Smith (D-SC) an intended victim of President Roosevelt's party purge, warned Secretary Wallace tonight the administration's farm program would be "seriously jeopardized" unless the government met demands for more cotton aid.

Speaking for half-a-dozen senators and others who attended a conference at the capitol, he wrote Wallace after lesser agriculture department officials had refused the group's demands.

Storms At Assistants

During the conference he stormed at Harry Brown, assistant secretary of agriculture, and Jesse W. Tapp, agriculture adjustment administrator.

"We aren't going to solve this by standing around and raising our eyebrows," Smith said. "We are up against the American farmer."

"I hope you don't think the department of agriculture is against the farmer," Brown interjected.

"I some times do," the senator shot back.

Increase Is Demanded

He demanded in his letter to Wallace that the present government loan on the 1938 cotton crop be increased from 8.3 cents a pound to more than 11 cents, or that cotton growers be offered an additional government subsidy payment of 3 cents a pound.

Brown, representing Wallace, who was out of the city, told the conference the cotton loan rate had been fixed at 8.3 cents "because in the long run the department of agriculture felt that would be better for the farmers themselves as well as the government."

He said the government already held 7,000,000 bales of cotton under loans and a high loan rate would cause more cotton to be diverted from trade channels into govern-

(Turn to Page 8, Column 1, Please)

Future Policies To Be Mapped

(By The Associated Press)

HOUSTON, Oct. 1.—Officers and spokesmen for upwards of 3,000,000 organized craft workers arrived in this gulf port city tonight to determine the American Federation of Labor's future policies on New Deal labor legislation and closer co-operation with business.

On the eve of the federation's 58th annual convention which opens Monday there were strong indications the trend of opinion in A. F. of L. leadership was increasingly critical of government control of industrial relations in favor of more [illegible] with employers.

Oppose Federal [illegible]

William Green, A. F. of L. president, declared in a pre-convention speech that the federation [illegible] "willing government shall [illegible] ment our efforts but we are opposed to control of any governmental agency over the economic life of the workers of the nation."

Matthew Woll of New York, [illegible] of the A. F. of L. [illegible] in another pre-convention [illegible] that "labor cannot trust [illegible] to political control."

Pre-convention meetings [illegible] of the international unions [illegible] as influential in shaping [illegible] policy produced the [illegible] outline of some of [illegible] that may be [illegible] vention:

Outline [illegible]

Revision of the [illegible] lations act, the wage-hour [illegible] possibly the social security [illegible] insurance plan.

Opposition to [illegible] of Donald Wakefield Smith [illegible]

(Turn to Page 8, Column [illegible])

The Weather

TEXAS: Fair, continued [illegible] Sunday and Monday, [illegible] moderate mostly south [illegible] Texas coast.

NEW MEXICO: [illegible] Sunday and Monday [illegible] in temperature.

any Reports Going Rounds

Don't believe all you hear about this appointment of a president of Texas Technological college. There's likely to be quite a lot of rumor in it.

One prominent alumnus says he learned weeks ago the matter was closed—a president already had been chosen, therefore he was not going to recommend a man for the position as alumni have been invited to do.

It Might Be Anyone

If you believe all you hear, you're likely to begin making plans to welcome Dr. X. Y. Z., then you'll learn next day from an "authoritative" source the new president is likely to be Hon. A. B. C.

Indicative of the rumors are reports that have gone out concerning Col. Ernest Thompson. At the Aug. 25 board of directors meeting in Fort Worth, Col. Thompson was considered along with others as a possible successor to the late Dr. Bradford Knapp, according to reports at that time from Fort Worth.

Flattered At Reports

Col. Thompson gave a statement to the press that, "I am flattered at the reported consideration, of which I have learned only from newspaper reports, but I intend to remain on the railroad commission even should this position be offered me, which it has not been."

Various press reports over the state since have informed that Thompson "had been offered the post of presidency of West Texas Tech and might resign from the commission to accept it" and that Thompson has announced he will not resign to accept the "appointment as president of West Texas Tech."

Tests Of Great Importance To Cotton Growers Staged

FORT McCLELLAN, Ala., Oct. 1. (AP)—Tests of great importance to southern cotton growers were features today of dedication ceremonies at Reilly field, airport for this army post.

Cotton reinforced runways, laid by WPA workers, were checked for strength and other properties.

Gov. Bibb Graves said if the tests proved the contention that cotton adds materially to the strength and durability of the runways, an important new market for the south's cotton would be provided.

War On Predatory Animals Of Southwest Texas Planned

AUSTIN, Oct. 1. (AP)—An ultimatum to bob cats and coyotes of Southwest Texas:

The game commission has authorized purchase of 2,000 steel traps—supplementing 500 now in operation—for a war against predatory animals in choice deer and turkey areas.

The offensive will be launched Dec. 1, opening of the deer and turkey season, and continue through February, 1939.

When You Want Something To Be Done And Done Well Just Ask Grandmother To Do It

CHICAGO, Oct. 1. (AP)—When you want something done—and done well—turn to grandma.

That's the idea the National Grandmothers' club, holding its first annual convention today, wants to sell the world.

Mrs. Marie K. Brown, grandmother of two and head of the women's division of a major railroad, said in her prepared address of welcome as "grandma president":

"Grandmothers, we are going to make a place for ourselves in this busy world. When our communities want something done and done well, they are going to ask the Grandmothers club to do it."

Former Tech Stude Goes To Michigan

The appointment of Dysart Holcomb of Wellington, a former student of Texas Technological college, as student assistant in chemical engineering in the University of Michigan was announced here Saturday.

Information was received from Ann Arbor and Holcomb left immediately to assume his duties.

Holcomb received his bachelor of science degree in chemical engineering from Tech in June, 1937, where he was a student assistant in analytical chemistry. When here he conducted research with Dr. W. M. Craig on the Alkali lakes of this area and assisted in the location of the two sodium sulphate plants of the Arizona Chemical company at O'Donnell and Brownfield.

The last year he was a student in the University of Michigan and did outstanding work in the chemical engineering department, it was reported here. He was awarded his master of science degree in chemical engineering from Michigan in June, 1938, and will serve as a special assistant for Dr. G. G. Brown of Michigan's department of chemical engineering while he is finishing his research for a doctor's degree.

Howard Hurmence Is Appointed To New Mexico Position

Howard Hurmence of Lubbock, who has bachelor's and master's degrees from Texas Technological college, has been appointed head of the department of chemistry at Eastern New Mexico Junior college, it was announced here Saturday.

He has the rank of assistant professor. Receiving notification of his appointment when in Chicago recently, he already has gone to Portales and begun duties.

A master of science degree in chemical engineering was awarded to Hurmence in August. After extensive research, he wrote his thesis on "An Atlas of the Arc and Geissler Tube Spectra of Seventy-four Elements."

Mr. and Mrs. C. R. Hurmence of 3021 Twentieth street are his parents.

Wearwell Cases

Your choice of sizes 42 by 36 and 36 by 36 in these excellent cases. Quantity limited.

5 FOR ---------- $1

Four Big Powers Of Europe May Turn Attention To Long List Of Problems

Other Matters Are Remaining

By ANDRUE BERDING
Associated Press Staff Writer

WASHINGTON, Oct. 1.—The four big powers of Europe, successful in settling the Czech-German crisis, may turn their attention to a long list of problems which still jeopardize the peace of Europe.

Informed persons here said today settlement of Europe's causes for controversy may have just begun. They predicted the big four would try out the same methods they applied in the Czech solution to bring about liquidation of other problems.

No More Ambitions

Hitler has declared Germany has no more territorial ambitions in Europe. But a four-power conference may be needed to make her a satisfied state by colonial concessions, either by actually ceding territory or making it possible for her to get colonial raw materials.

The question of the Hungarian minority in Czechoslovakia still must be solved. The big four agreement set a three months' limit within which it must be liquidated by diplomatic negotiations. Otherwise the big four will settle the problem themselves.

The next large question is Spain. As long as the Spanish civil war lasts it endangers Europe's peace.

Hungary Wants Magyars

There are minority questions in various corners of Europe rising to plague the big powers. Hungary wants the return from Rumania of the two-million Magyars she contends were taken over by that country by virtue of the World war peace treaty. She also wants the half-million Magyars living in Yugoslavia.

The question of Danzig, free city of the Baltic, also requires solution. The German nazi party has about taken it over, but nominally Danzig still comes under the supervision of the League of Nations.

All Europe's economy is in chaotic state, with self-sufficiency programs imposing restrictions, quotas, artificial currencies and other trade barriers which are met with counter-restrictions. A European conference would be a good thing, it is thought in diplomatic circles here, but a world conference embracing the United States would be better. Some highly placed persons view the latter as a possibility for the not distant future.

Then there is the question of disarmament. Some students of foreign affairs say that frantic rearmament was one of the factors that carried the big four so close to the crumbling edge of the precipice, and that they now may do something about it.

Miss Charlene Wellborn And Curtis Jarratt Wed In City

Curtis Jarratt of Lubbock and Miss Charlene Wellborn of Snyder were married in ring ceremony at 8:30 o'clock Saturday night at the parsonage of the First Methodist church at 1419 Broadway with Dr. L. N. Lipscomb, pastor, officiating.

Guests included the bride's parents, Mr. and Mrs. C. M. Wellborn and other members of the family of Snyder; Mrs. F. T. Jarratt of Lubbock, mother of the bridegroom, Frances and David Jarratt of Lubbock; Mr. and Mrs. A. S. Wilks of Lubbock; Mr. and Mrs. F. W. Jarratt of Floydada; Miss Doris Wellborn and A. C. Alexander of Snyder; Mr. and Mrs. J. O. Norman and family of Abernathy, and Miss Edith Mae Woodward of Hobbs, N. M.

The couple will live at Lingo, N. M., where Jarratt is conductor of the high school band and a member of the faculty.

Sumatran women are more particular about covering their knees than any other part of their bodies.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of The Lubbock Evening Journal, published every Sunday morning at Lubbock, Texas, for October 1, 1938.

STATE OF TEXAS,
COUNTY OF LUBBOCK (ss)

Before me, a notary public in and for the State and county aforesaid, personally appeared Chas. A. Guy, who, having been duly sworn according to law, deposes and says that he is the publisher of The Sunday Avalanche-Journal, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, the circulation, etc., of the aforesaid publication for the date shown in the above caption required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537 Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and address of the publisher, editor, managing editor, and business manager are:

Publisher, Charles A. Guy, Lubbock, Texas; Editor, Charles A. Guy, Lubbock, Texas; Managing editor, Chas. C. Watson, Lubbock, Texas; General manager, Parker F. Prouty, Lubbock, Texas.

2. That the owner is The Avalanche-Journal Publishing Co., Inc.

Chas. A. Guy and Parker F. Prouty of Lubbock, Texas; Dorrance Roderick of El Paso, Texas; Gene A. Howe and John L. McCarty of Amarillo, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are:

None.

4. That the two paragraphs next above giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon books of the company as trustees hold stock and securities in a capacity other than that of a bona fide owner, and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is **16,447**

(SEAL)
CHAS. A. GUY,
Publisher.

Sworn to and subscribed before me this 1st day of October, 1938.
LUCILE BARR SMITH.
(My commission expires June 1, 1939.)

News Briefs...

A daughter weighing 8 pounds was born to Mr. and Mrs. Donley Syphrett in a Beaumont hospital at 9 o'clock Friday night, Mrs. Syphrett's parents, Mr. and Mrs. G. H. Hughett of 1508 Avenue Q, were informed. The child's mother is the former Miss Pauline Hughett. Mrs. Hughett left Saturday afternoon for Beaumont to remain in that part of the state until the Syphretts are moved into their new home at Anahuac in Chambers county.

The fifth period class of E. M. Barnett in Senior High school won the prize offered by The Westerner World, weekly student newspaper, in a subscription contest. The class of D. M. Howell was second in the contest, reporting their 100 per cent subscription list only a few minutes after Mr. Barnett's group.

Girl physical education students at Senior High school will present a series of folk dances during the half at the Westerner-Vernon football game October 14, it was announced by Mrs. L. H. Kirby, instructor, this week. When the local team plays Borger the boys' group, directed by Ross Ayers, will give a demonstration.

Superintendent W. B. Irvin, Principal R. W. Matthews, and Coach W. B. Chapman will attend the district one football committee meeting in Amarillo Saturday. This is the regular business meeting.

Band Boosters will meet at Senior High school Monday night at 8 o'clock to discuss plans for the year. Two projects are to aid in purchasing band uniforms and in sending bands to the annual state conference.

Duties of the staff of The 1939 Westerner will begin tomorrow as the first individual pictures are taken. The picture taking of students and teachers will continue through this week and next. Last year's book contained 548 individual pictures.

Mary Amick was elected president of the Melvil Dewey club of Senior High school this week. The club is sponsored by Mrs. R. T. Groves and consists of all students who work in the library and all who are interested in library work. Other officers are: Lavern Barton, vice-president; Patricia Selby, secretary; Caroline Haynes, parliamentarian; and Jean Holt, reporter.

One hundred sixty new books have been received in the Senior High school library, according to Mrs. R. T. Groves, librarian.

Lubbock Association of Life Underwriters will meet Monday noon at Hilton hotel for a monthly meeting.

A charge of violation of state liquor laws was filed Saturday in the county court of Judge J. J. Dillard against Homer West, about 30. The complaint was sworn to by C. C. Cox of the Texas Liquor Control board before Hugh Anderson, assistant county attorney.

H. E. Harrington, a scout for the Superior Oil company for more than a year and a resident here since last November, has been transferred to Edmondton, Canada, where he will be with the company. A graduate of Texas Technological college in 1936, majoring in geology, he has made Midland his headquarters.

Mason King of Amarillo, returned Saturday after spending two days at the fair. Mr. King is one of the officials of the Tri-State fair there.

Mrs. Oran Wilson Saturday was charged by complaint filed with Walter Davies, justice of peace, with driving when intoxicated and posted bond of $1,000, according to the office of Tom Abel, sheriff. The complaint was sworn to by a Texas highway patrolman.

Leonard Fletcher, about 23, negro shine boy, Saturday posted a bond of $500 on a charge of making an assault with intent to murder on Rupert Davis, another negro, according to records at the office of Tom Abel, sheriff.

Lubbock chapter 248 of Royal Arch Masons will confer three Royal Arch degrees at 7:30 o'clock Monday night, said H. J. McClellan, lodge secretary.

Scout troop 3 of Lubbock and troop 57 of Floydada won attendance trophies at the Panhandle-South Plains fair, it was announced Saturday night by Earl McClure, council executive. The Lubbock troop is sponsored by the First Baptist church and E. V. Hicks is scoutmaster. Rev. Gordon Voight is scoutmaster of the Floydada troop, which is sponsored by the American Legion. Floydada's award was for the area exclusive of Lubbock, Lubbock's based on intra-city competition.

Houston Races Along In Lead

(By The Associated Press)

Houston raced along easily in front of the Texas building parade today, authorizing approximately $65,000 more construction for the week than its nearest competitor and tripling the runner-up in 1938 permits.

The figures were:

CITY	WEEK	YEAR
Houston	$232,870	$18,803,640
Dallas	168,830	6,452,987
LUBBOCK	96,653	2,454,310
San Antonio	59,753	4,170,468
Austin	48,941	4,131,347
Corpus Christi	48,450	2,231,512
Fort Worth	48,041	4,574,075
Amarillo	33,415	1,607,772
Wichita Falls	27,478	662,601
Beaumont	20,991	1,040,740
Midland	16,150	838,805
Galveston	8,891	2,070,550
Abilene	6,845	688,249
Big Spring	3,032	378,796
Corsicana	125	175,739

FIRST 'SUB' ON WHEELS

WASHINGTON (AP) — The first American submarine was designed to travel along the bottom of the sea on wheels.

Outside of the United States, India and Egypt are the only countries whose cotton crop is of any importance commercially.

An iron mountain in Sweden contains the largest quantity of high grade iron ore in the world, having about 70 per cent pure iron.

Lasso Around Arms Of Lady Chimpanzee Has Ended The Monkey Business At Zoo

NEW ORLEANS, Oct. 1. (AP)—A lasso around the arms of Mrs. Luizette, stubborn lady chimpanzee, today ended the "monkey business" troubling Audbon park zoo.

Since Wednesday Mrs. Luizette has been holding in her hairy arms the brand new baby of Mrs. Coco, another lady chimp.

Joe Margiotta, agent for the Society for Prevention of Cruelty to Animals, and zoo keepers this morning finally roped Mrs. Luizette and took away the starving infant.

The bewildered little ape had had nothing to eat—and not a drop to drink—since Wednesday when, just as it was born, its roughneck papa, Pete, slammed its mother up against the cage forcing her to drop the baby to the floor.

At that instant Mrs. Luizette who three years ago gave birth to a baby that died, dashed in, snatched up the newborn, and marched off with it with a fierce grimace and growling the monkey words for "finders keepers."

Farmers Should Treat Seed Wheat For Smut

COLLEGE STATION, Oct. 1—Texas farmers can raise better quality wheat and other small grains and produce more bushels to the acre if they treat their seed to prevent losses from smut, according to E. A. Miller, agronomist of the Texas A. and M. College Extension service.

Smut not only reduces yields, sometimes as much as a fourth of the crop, but also damages the grain for milling and feeding purposes. As a result of a seed testing campaign conducted by county agricultural agents in 1937, the value of the practice was clearly demonstrated by many farmers.

All smuts of wheat, barley, and oats, except loose smut of wheat and brown loose smut of barley, may now be treated with one poison, ethyl mercury phospate, known to the trade as "new improved ceresan," in dust form.

This treatment is now recommended by Miller in preference to copper carbonate for wheat or formaldehyde for barley and oats. The dust treatment is inexpensive — 2 1-4 cents a bushel or less—and its efficiency is assured.

"No grower of wheat, barley, or oats should hesitate to treat all of his seed each year," Miller stated. "Tests by the Texas Agricultural Experiment Station have shown that the return is many times the cost of the treatment, and these tests have been borne out by the experience of farmers in every section of the state."

O'Daniel Will Make Address

SAN ANTONIO, Oct. 1. (AP)—Acceptance by Governor-Nominate W. Lee O'Daniel of an invitation to address the annual meeting of the Texas Mid-Continent Oil and Gas association here Oct. 27-28 was announced today.

The convention arrangements committee immediately launched plans for a reception to honor the next governor of the nation's largest oil-producing state. O'Daniel will speak at the afternoon session Oct. 27 and the reception will be held shortly afterward.

Designed to give Texas oil men an opportunity to become better acquainted with the governor-nominate, the reception will be open to all those attending the convention.

The association's golf tournament will be held the afternoon of Oct. 28 and the annual dinner and floor show that night. A special women's golf tourney is being considered.

GETS SAUSAGE WREATH

VANCOUVER (AP)—The only decoration to adorn the statue of Captain Vancouver, discoverer of the inlet on which this city stands, was a string of sausages on April Fool's Day.

The center of the room is usually the safest place to be during an electrical storm. The chimney is a natural target for lightning, so avoid the fireplace and stove during a storm.

Conqueror's Welcome Is Accorded Hitler As German Troops Take New Lands

Troops Are Received Jubilantly By Citizens Of Sudeten Areas

(By The Associated Press)

BERLIN, Oct. 1—German troops marched into Sudetenland today behind evacuating Czechoslovak soldiery and citizenry as Reichsfuehrer Hitler returned from Munich to Berlin and received a conqueror's welcome.

It was a bloodless conquest which brought 500,000 heiling Berliners to the streets to salute the fuehrer.

Penetrate First Zone

The main body entering Czechoslovakia consisted of an estimated 30,000 soldiers. They penetrated the first zone of Sudetenland to be occupied under the terms of the four-power Munich accord.

They marched and rode through the villagas and valleys of the mountainous forested southwest corner of the Czechoslovakia of yesterday.

Previously, the advance guard had moved into Czechoslovakia shortly after midnight last night.

An army communique issued at 7 p. m. (12 noon CST) said the objective of the first day's advance was the Moldau river, about seven miles into the Sudetenland fringe near Krumau.

Received Jubilantly

The communique said the troops "were received jubilantly by the liberated population."

Meanwhile, the man directing this peaceful occupation received his second great tribute of the year from the Berlin populace.

In noise, jubilation and hysteria, Hitler's return from Munich rivalled the welcome upon his return from annexed Austria last March.

The roar was deafening when the fuehrer stepped onto the balcony of the chancellery to face the packed crowd in Wilhemplatz. Beside him stood Konrad Henlein, "little fuehrer" of the Sudeten Germans, the minority now being joined to the third reich.

Besides the estimated 30,000 soldiers forming the vanguard of the German army of occupation there were other thousands, under full equipment, along with motorized units, ranged along a 120-mile stretch of frontier.

Like the long gray line of troops that filtered into zone No. 1 today, the others will move forward by stages into three other zones before Oct. 8 and annex them in the name of the third reich.

British Surrender To Nazis Flayed

MANCHESTER, Eng., Oct. 1. (AP)—Harold Nicolson, national labor member of parliament, denounced Prime Minister Chamberlain at a Manchester luncheon today for what he called the "surrender" at Munich and the "betrayal" of Czechoslovakia.

"It's too late now to repair the damage that has been done. We have betrayed a valiant little country and a great democratic idea," Nicolson said.

"There are many people who feel in so doing that we achieved peace for a generation. They are wholly mistaken. We have not achieved peace for a generation. We have achieved it only for six months."

Nicolson, who was Col. Charles A. Lindbergh's landlord when the flier lived in England, resigned the vice-chairmanship of the Foreign Affairs Committee of Government Supporters in April when he disagreed with Chamberlain's foreign policy.

Lack of sufficient Vitamin A, says the Bureau of Home Economics, may cause partial "night blindness"—failure of the eyes to adjust themselves quickly to a sudden change in light.

Scattered Bits Of News Gathered At The Fairgrounds

More than 100 lost children were located at Sherrod Bros., booth during the fair, that many children at least, having become separated from their parents, said one attendant. He ventured the figure as a guess, adding there were probably many more.

HERD IS INCREASED

Oscar Stansell, Floydada business man and Jersey breeder, left for home last night with 18 head of stock, two more than he left home with, a little over two weeks ago. One calf was dropped at the Amarillo fair and another one here, Monday. Both animals apparently were in the best of shape, said Red Johnson, his herdsman. Stansell has been showing at Lubbock for about 14 years and at the two West Texas fairs has garnered more than 1,000 ribbons for his prize winning herds.

MONDAY CLEANUP DAY

Monday will be cleanup day and it is expected many hundreds of pounds of papers, waste, etc., will be taken from the grounds. Cards, tickets, literature and advertising of many kinds, not to mention cartons and packages, were strewn over the grounds.

GOOD CROWDS AT RACES

Good crowds, for the most part, have attended afternoon races. On one or two occasions earlier in the week, crowds were rather small, but nearly every afternoon the place was well filled. Ticket arrangements this year were improved over last year.

SELECT DRESS HATS

J. W. Lynch, local hat man, who gave away to "hard luck" cowboys of the rodeo, a handsome hat each night, said every one selected a dress hat, rather than a fancy one. He offered the hats as a sort of consolation to those who received the wrong end of the "breaks" of the game.

JUST PLAIN COWBOYS

Rodeo performers, for the most part, were conspicuous for their lack of fancy gear. The boys wore their ordinary working clothes and looked just like other home cowboys of this section.

BEST HE HAS ATTENDED

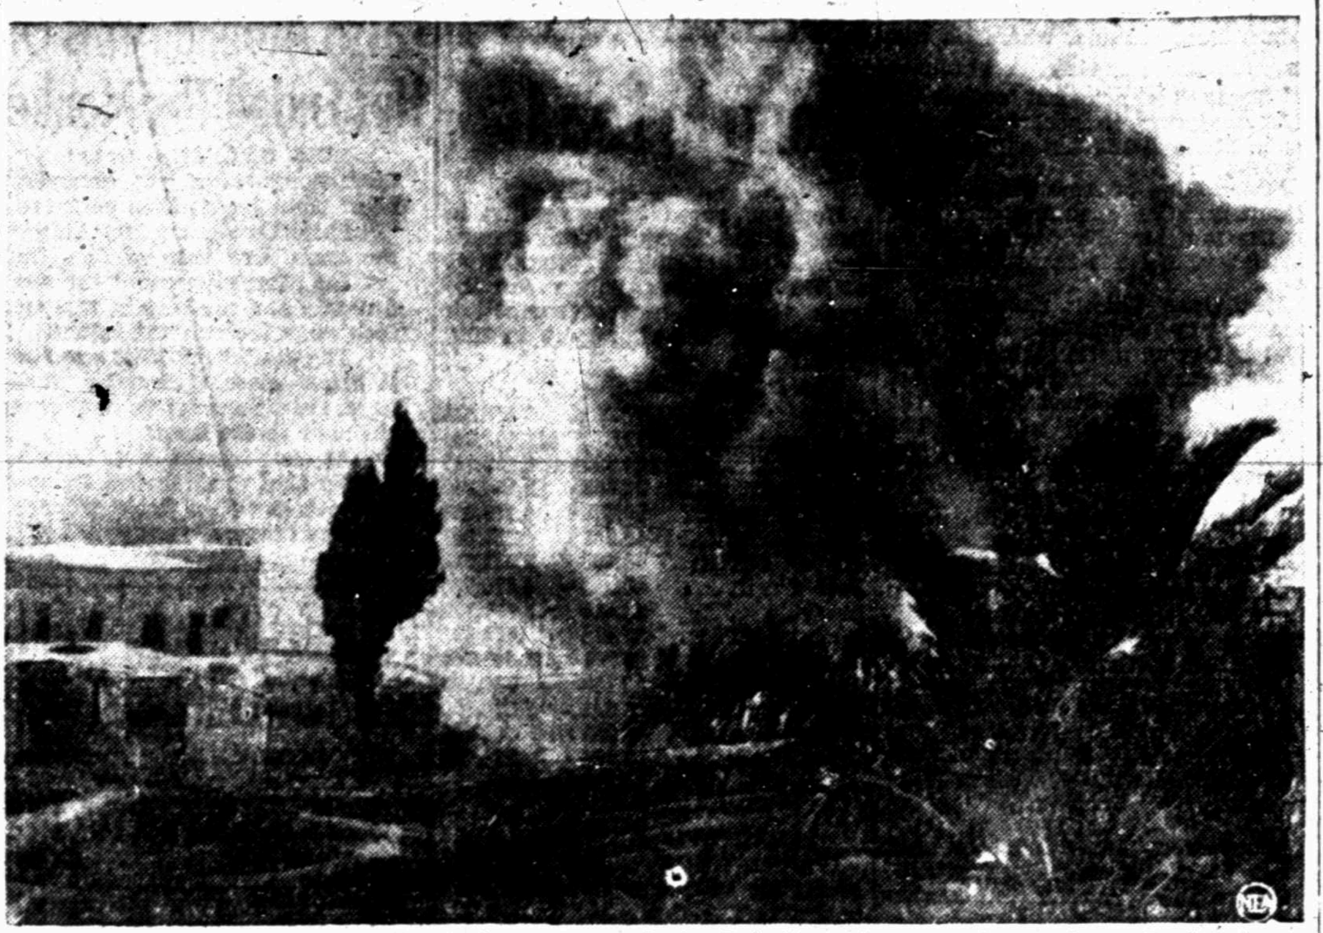
The fair was by far the "best" he had seen in the years he had been coming to Lubbock, said Charlie Franz, of Tierra Blanca farms, who had cattle and hogs here. Franz said the fair had gone off in better shape than he had ever seen before and there was less friction. The hogs and Holstein cattle of the farm left late Saturday for Dallas where they will be in the Dallas State fair and the Jerseys went to Roswell and from there to Albuquerque. Holstein cattle went by way of Muskogee, Okla. for an Eastern Oklahoma fair there..

Governor Allred Is Invited To National Fish Festival

AUSTIN, Oct. 1. (AP)—Governor James V. Allred today had a welcome reminder of Massachusetts' official emblem.

From Governor Charles F. Hurley came a box of specially selected and packed codfish, emblem of the New England commonwealth and product of one of America's oldest industries. With it was an invitation to attend the national fish festival in Boston, Oct. 2 to 9.

British Blast Arab Homes As Holy Land Terror Mounts



Black smoke billowed high over the Arab quarter of Jenin, Palestine, where, as shown above, English troops dynamited over 100 Arab houses. With terrorism spawned by Arab-Jewish animosity continuing to produce many casualties, the drastic measure was partly in retaliation for the murder of Great Britain's Assistant District Commissioner Moffat of Jenin, and partly to provide lanes between the tightly packed buildings.

Tech Extension Classes Begun

Four extension classes, one of them at Crosbyton, have been organized and others are on the verge of being started, said Prof. J. F. McDonald, director of extension in Texas Technological college.

All are open for further registration.

Teachers of Crosby county have been organized into a class in visual aid instruction. They will meet at 7 o'clock each Monday night, with Dr. L. B. Cooper.

History Course Offered

A course in history, "Expansion of the United States," will meet at 6:30 o'clock each Thursday night in room 214 of the administration building, with Dr. S. S. McKay, professor of history.

Business men and women will study speech for business persons at 7:30 o'clock each Wednesday night in room 202 of the administration building. Miss Annah Jo Pendleton, professor of speech, instructor.

Course In Insurance

A course in insurance will be conducted at 7:30 o'clock each Thursday night in room 208 of the administration building. Prof. Lonnie Langston, assistant professor of mathematics and an insurance man, will instruct the group.

Further announcements are expected Monday, said Professor McDonald.

Francis Moore To Be Presented In Concert Here On October 20

Francis Moore, world famed pianist, will be presented in a concert by the Senior High school orchestra in the school auditorium on October 20, it has been announced by Miss Beulah Dunn, director. Funds from the concert will be used in a traveling fund for the orchestra.

Moore's concert in Lubbock will be one of three concerts he is to present in Texas this year. Three years ago he gave a concert in this city.

Sound producing equipment will be installed in the new British steamship Mauretania to provide entertainment in all parts of the ship from radio, gramophone, or microphone sources.

They have been taking considerable "ribbing" from friends who understood it was a fire engine and not a monkey they went after but the mayor's reply is that "Bingo," the monkey, will be the nucleus of a Mechanicsburg zoo.

Criminal Week Is Scheduled

This week will be "criminal week" for both county and district courts in session here.

The second week devoted to hearing of criminal cases this term of the 99th district court of Judge E. L. Pitts will be opened with calling of the criminal docket at 10 o'clock Monday morning.

Several criminal cases are on the criminal docket, court authorities indicated, and a jury will report at 1:30 o'clock Monday afternoon to begin the week's business.

Burton S. Burks, district attorney, and Victor H. Lindsey, assistant district attorney, will represent the state.

A week from tomorrow Burks and Lindsey will go to Crosbyton to launch a week of hearing criminal cases in the 72nd district court of Judge Daniel A. Blair. Judge Blair will devote this week to civil cases.

Requested To Attend

Judge J. J. Dillard of county court announced he would call his criminal docket at 10 o'clock Monday morning and requested all attorneys with clients whose cases are subject to call to attend the docket calling.

Several criminal cases are on his docket, it was indicated by attaches of the court.

A jury will report to Judge Dillard at 9 o'clock Monday morning.

Robert J. Allen, county attorney, and his assistant, Hugh Anderson, will represent the state in the criminal cases in county court.

The solar system is the assemblage of asteroids, comets, meteoric material and planets, with their attendant satellities, which form a family of objects intimately connected with the sun and practically isolated from the other stars.

SCIENCE....
HAS ENTERED
The Dry Cleaning Field

Our Cleaning Methods
. . . are exact scientific processes. They require extreme care and knowledge and painstaking personal study of every garment that comes in. Cleaning skill is developed to an art here at Bray's.

Expert Inspection
. . . it would be easier to get a camel through a needle than to get a cleaning imperfection past the eagle eye of any of our many capable supervisors.

Painstaking Care
. . . is the watchword of every one of our employes. In the many hand operations used here, only the most experienced careful men and women are employed.

Efficient Operation
. . . part of the excellence of our service lies in our office force—a highly geared group whose one duty is to see that work goes through on schedule.

WE employ every known scientific dry cleaning method that has been perfected in the various laboratories of the world.

. . . We set out to serve this community in a reliable way and to enlarge our services as they were needed! . . . We have matched our growth with the needs of our steadily increasing clientele.

HAVE A NEW DRESS
By sending it to us for re-dyeing in one of the new popular shades for Fall. A little restyling and a new color gives your favorite last season's dress that new appearance you desire.

Shelterbelts Are Being Planted

WICHITA FALLS, Oct. 1 (Special) — Long, unbroken lines of little green cedar and pine trees, known as conifers, will soon be showing up bravely and destined to stand in bold relief when winter bares other trees, in Plains states shelterbelts being planted by the United States Forest service. The Forest service in Texas plans for this year to plant a large number of evergreens in the shelterbelts.

A sufficient number of evergreens has already been planted in Texas and other Plains states to show the public that conifers have found a place in the tree shelterbelt program, the foresters say. The pines, particularly Ponderosa and Austrian, and cedars are among the most drouth-hardy trees for the Plains. Once having passed the critical first year of establishment, they are there to stay for a century or more. Because conifers are easily damaged by drifting sand, it may be necessary to plant strips of sudan or cane the previous season in order to protect the conifers during their first critical year. This will be true particularly in the more sandy, wind hazardous areas.

Quarantees Perpetuation

Together with the conifers' long life, the ability of cedars to reproduce guarantees perpetuation of the shelterbelts, it is pointed out. These trees hold their foliage the year round, maintaining their full effectiveness winter as well as summer, besides providing year round cover for wildlife.

Conifers grow slowly, and their effectiveness in the shelterbelts will not be noticeable for some time, the foresters say. Fast-growing cottonwoods and similar trees provide the protection for land and crops in the early life of the shelterbelts. The life span of these trees is relatively short, but by the time they begin to die and must be removed the conifers will have attained full sway and will carry on. Well in advance of that time, too, the cedars will have begun reproduction, it is said.

Success of the conifers was expected by the foresters, who have grown them in shelterbelts and in forest plantings for the last 30 years under conditions at least as difficult as in the Plains states. Their experience, it is pointed out, has taught them where to expect best results with the different varieties.

Conifers have come into the national shelterbelt planting program only recently, because it takes from two to four years in the nursery, with one transplanting, before they are ready for field planting. Most of the broadleaf trees, however, are of suitable size for field planting in one year.

Dust Storms Said To Be Old, Drouths May Occur Often

WASHINGTON, Oct. 1. (AP)—Midwest dust storms says J. B. Kincer, chief of the climate and crop weather division of the weather bureau, are not new and drouths may be expected to occur periodically in climates such as that of the United States.

"While we have encouraged dust storms in recent years by unwise agricultural practices," Kincer said, "they always have been bad in the drier sections whenever extensive drouthy conditions obtained."

Records show that on April 8, 1890 at Dodge City, Kas., there was dust in the air "so dense that objects could not be distinguished 100 yards off and no one who could possibly remain indoors was on the street."

Again on August 13, 1892 "the wind raised such a cloud of dust that it was impossible to see over 150 feet ahead."

On April 6, 1893, the records showed "the dust was blinding and was deposited so thickly on office furniture that everything looked as though it were covered by a layer of dirt prepared for a hot-bed."

Study of long weather records has not as yet disclosed a law to justify a forecast of future drouths, Kincer said, but the study "does give an historical background, which warns us that drouths in the future may be expected, just as severe as those in the past."

He added that in the 1890's the drouth in the so called dust bowl virtually was as severe as that of the last few years.

"Doubtless when the present drouth definitely comes to an end," he said, "there will be a period of years with comparatively heavy rainfall, just as before, and little will be heard about dust storms and the like."

Brake And Electric Shop Is Being Opened By McDavitt

Tucky McDavitt, formerly of Wichita Falls, has opened a brake and electric shop at 1316 Avenue Q. The firm will be known as Tucky's Brake and Electric company.

McDavitt has had 10 years experience in brake repair and electric service work and Bob Mansell, an employe, has had 18 years experience. A complete line of new equipment for battery, shock absorber, brake, motor tuneup and radiator service will be maintained by the company.

Officers For Legion Post To Be Installed At Levelland

LEVELLAND, Oct. 1.—New officers for the local American Legion post are to be installed Monday with District Committeeman Daugherty of Olton making the principal address.

Lee Smallwood is post commander; Reginald Crabtree, vice commander; Z. O. Lincoln, adjutant; Harold Clingah, service and finance officer; T. O. Petty, chaplain and H. H. Jackson, historian.

Motorists To Run Gamut Of Inspection In Safety Lanes Here During Week

Highway Patrol To Stage Tests

For the sake of safety, Lubbock motorists this week will run the gauntlet of official inspection for bad wheels, poor brakes, asthmatic horns and the usual other defective automobile ailments.

Sgt. W. M. King of Austin and seven members of the division of public safety will conduct such a lane as has never been seen in Lubbock, beginning Monday and lasting through Saturday.

Tests On Avenue Q

Machines designed to measure and find weaknesses of construction and failures to perform properly will be set upon Avenue Q between Broadway and Main streets.

The motorist will approach from the south, turning into the lane from Broadway. There will be machines to test brakes, alignment of wheels, brakes, horns, vision, windshield wipers, muffler, and steering apparatus.

Failure to get a "clean bill of health" will result in pasting of a red slip on a windshield, informing all and sundry "This vehicle failed to pass official safety lane inspection" and signed by the department of public safety.

Approval Poster Given

When the defects are repaired there is a gold miniature map of Texas placed on the windshield after the red square is removed, informing the machine has been approved.

Capt. W. W. Legge of the Lubbock district of the highway patrol, members of the sheriff's department and of city police asked that Lubbock motorists "go early to the lane, get instructions, then have cars repaired." Each man here with Sgt. King "has been trained especially for his given tasks."

At Amarillo last week, 7,787 vehicles were driven through a lane in five and one-half days, 1,813 in one day.

Open From 8 to 5:30

"We can do better than that in Lubbock," said Capt. Legge.

Lanes will be open from 8 o'clock each morning until noon and from 1:30 each afternoon until 5:30.

Equipment brought here is one of two portable outfits in the United States, said Sgt. King and will give quick service to those who would demonstrate their responsibility to others by "finding out whether they are potential killers when they get behind the wheel of their cars."

San Francisco Man Is Named Master Mind In Kidnaping

LOS ANGELES, Oct. 1. (AP) — Sheriff Eugene Biscailuz announced early today he had received an anonymous letter naming a San Francisco man as "master-mind" in the kidnaping Sept. 1 of Mrs. W. R. Meeks, Yuba City, Calif., housewife.

The letter was mailed in Los Angeles last Tuesday to C. S. Morrow, chief of the state division of criminal identification in Sacramento, and returned to the sheriff for investigation. In it, the writer accused the "master-mind" of shooting him.

Biscailuz said he was uncertain of the letter's authenticity, but added he would open an immediate investigation. The writer left instructions for contacting him through the personal column of a Los Angeles evening paper.

The primitive wigwam-like hut still used in many uncivilized parts of Central Africa and South America, is the parent of all timber houses.

Sister Of Pope

Seldom-seen sister of Pope Pius, Camilla Ratti (above) witnessed Vatican ceremony wherein new Palatine Guards' recruits took the oath.

Real Tests Of Strength Loom

WASHINGTON, Oct. 1. (AP)—The real tests of strength between the country's two major political parties this fall will come, in the opinion of many politicians here, in the governorship races.

While both Republicans and Democrats will put up stiff fights over senate and house seats, it is expected that the real force of the parties will go into the gubernatorial campaigns because of their bearing on 1940 presidential election chances.

Governorships are at stake in 33 states. Nominations were completed yesterday when New York Democrats drafted Governor Herbert H. Lehman to seek his fourth term in a race against racket-smasher Thomas E. Dewey, whom the Republicans had nominated a day earlier.

Several Are Renominated

Lehman was the 11th Democrat to be renominated. Four Republicans, one farmer-laborite and one Progressive also won party assignments to run again.

Out of these 33 races, informed Washingtonians agree, will come some strong contenders for presidential nominations two years hence.

According to the expectations of party spokesmen here, hot fights are in prospect also in Pennsylvania, Ohio, Maryland, Iowa, Minnesota, California, Oregon and Wisconsin among others.

Holloway prison, England, teaches country dancing, gardening, Spanish, and cookery in evening classes to the women imprisoned there.

Dairy Judging Team Selected

Members of the team that will represent Texas Technological college Oct. 17 in the National Dairy Products Judging contest in Cleveland were announced Saturday night by K. M. Renner, head professor of dairy manufacturing and team coach.

They are: Charles Gillham, Hughes Springs; Clayburn Harrell, Spur; Arch Lamb, Fort Worth; Van Scheid, Whitesboro.

The team was chosen Saturday after a final work-out. Practice judging has been under way since Sept. 12. Seven senior dairy manufacturing students were candidates.

The contest will be conducted in connection with a meeting of the International Dairy Machinery and Creamery Supply Men's association. The team, accompanied by Renner, will leave Oct. 11. Renner will attend meetings of the International Association of Milk Dealers and International Association of Ice Cream Manufacturers in Cleveland.

DIES OF INJURIES

MORRILTON, Ark., Oct. 1. (AP)—Doyle Bryan Tester, 16-year-old senior at Morrilton high school and left end on the school's football team, died in a hospital early today of abdominal injuries suffered in a game with Dardanelle high last Thursday.

Doug Corrigan Is Not Quite Through With The Leather Jacket He Wore On Hop

KANSAS CITY, Oct. 1. (AP)—Douglas Corrigan isn't quite through with the leather jacket he wore on his about face flight to Ireland and the resulting triumphal tour of the United States.

Three weeks ago Norman Barber, 11, wrote the flyer:

"I want to know when you get done with your jacket will you give it to me?"

This reply came today:

"I want to wear it a little while longer yet.

"Douglas Corrigan."

Press Censorship Of Radio Denied

CHICAGO, Oct. 1. (AP) — Col. Robert R. McCormick, publisher of the Chicago Tribune, declared today that that newspaper "never, at any time, either editorially or otherwise, proposed a newspaper censorship of radio."

The publisher, in a speech prepared for delivery over an NBC radio network, said he made the statement in reply to a recent address by U. S. Senator Sherman Minton of Indiana.

Col. McCormick said the senator had attacked the Tribune in the senate and in radio broadcasts and that "the burden of his compliant was: that the Tribune was promoting a bill to permit newspaper censorship of radio; that the Tribue was opposing a bill he had introduced to create a new form of criminal libel; that the Tribune was a great beneficiary of the second class postal law."

DIVORCE IS ASKED

LOS ANGELES, Oct. 1. (AP)—Superior court records here today include the divorce suit of Fannie Brice-Rosenberg, comedienne, who wants to give Billy Rose his requested freedom. Although Rose has publicly declared he intends to marry Eleanor Holm (divorced last June), Miss Brice's suit filed yesterday charged him only with mental cruelty and desertion.

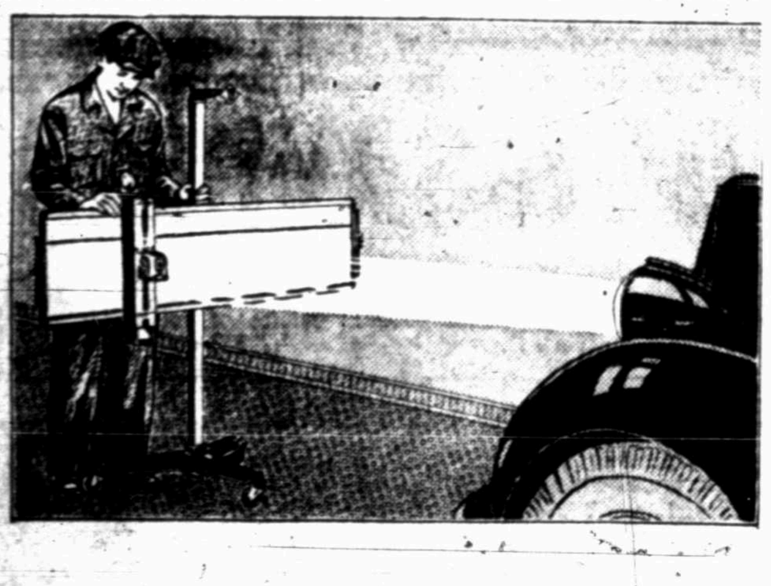
Bibles in 26 different languages are circulated in Ceylon.

Older Students Playing Roles Of Gangsters In School

PHILADELPHIA, Oct. 1. (AP)—A specially-appointed principal took charge today of the Vaux junior high school where 300 pupils have refused to attend classes because, their parents charged, they were robbed and beaten by a group of older boys essaying the role of big-time gangsters.

In a petition for the transfer of their children to another school, the parents asserted that the older boys, like modern hoodlums, were demanding pennies, nickels and dimes from the younger pupils as "protection" from the beatings, theft of lunches, and other mistreatment.

There are more than 115,000,000 sheep in Australia.



This Headlight Test

shows aim, focus, and road illumination

Tells all you want to know about your headlights, and SHOWS whether they give you the safe, comfortable driving light you need.

A few minutes with our new Weaver Headlight Tester will measure exactly the candlepower of your headlights, and show if they light the road or glare in other drivers' eyes.

A dollar or so spent now on our new headlight service will reduce eye strain and fatigue, and MAY save an accident. We will improve your lights and *prove it*, or no charge. Drive in today. Our headlight service is given day or night.

MONTGOMERY WARD

Capital Of Czechoslovakia Begins To Abandon All Of Its Military Fervor

City Of Gloom And Depression As Frontiers Are Lopped Off

PRAGUE, Oct. 1. (AP)—The capital of the Czechs and the Slovaks suddenly lost all militant ferver today as the nation began lopping off frontier zones on the north, the south and the west. It was a city of gloom and depression.

Czechoslovak troops began evacuation of Teschen after the government "took this painful decision" to yield to Poland's ultimatum for immediate cession of part of that northern border zone, rich in coal and minerals and the home of a Polish minority of 100,000.

Fulfilling Her Promise

This decision was taken even while Czechoslovakia was fulfilling her reluctant promise to the four powers represented at Munich by withdrawing her proud fighting men from the area of Krumau, "zone No. 1," on the southwest, before Germany's steel-helmeted soldiers who began their appointed occupation today.

In Egerland, westernmost tip of the Sudetenland rim, Czechoslovak troops and police also began their peaceful retreat and left that hot spot of Sudeten German agitation in the days of the minority dispute in the hands of hastily organized Sudeten local government.

Under the Munich accord the Czechoslovaks were not obliged to withdraw from that zone, largest of those ceded to Adolf Hitler, until Wednesday.

Constrained To Accept

The official communique explaining the cession of Teschen said the cabinet was "constrained by circumstances resulting from the decision at Munich" to accept Poland's ultimatum of Sept. 20.

"The government took this painful decision . . ." the communique added, "conscious of the fact that any other decision would have provoked new and painful complications."

(A Polish communique issued in Warsaw said Teschen was to be occupied by Polish troops by 2 p. m. (7 a. m. CST) Sunday and that agreement was to be arranged between Poland and Czechoslovakia on details for a plebiscite and transfer of additional territory by Oct. 10.

Extension Was Gained

(The announcement of Czechoslovakia's surrender came shortly after she had gained an hour's extension of the Polish ultimatum that expired at 6 a. m. Saturday.)

(Polish railwaymen crossed at once from Polish Teschen and began to repair railroad tracks that had been torn up. They also removed the border marker and set it up in the middle of the Teschen market place on the Polish side amidst a popular demonstration.

(The Polish communique also said Czechoslovakia is to release Poles from her army and Polish political prisoners from her jails.

While the evacuation of the Sudetenland proceeded in orderly fashion, Prague was quiet after angry demonstrations against what was called the "crown of thorns" she has been forced to accept.

Secretary Hull Will Be 67 On Sunday

WASHINGTON, Oct. 1. (AP) — Secretary of State Cordell Hull, cheered by brightening prospects of world peace for which he long has worked, becomes 67 years old tomorrow.

The white-haired Tennessean who presides over the foreign affairs of the United States was in good health today despite the trials of a crucial month that might have sapped the strength of a younger man.

And officials predicted that tomorrow he would celebrate his birthday by spending a few hours in his office looking over cables on Europe's latest antics.

He is reaching 67 greatly pleased not only by the apparently successful solution of the Czechoslovakian crisis but also by the unified support his handling of America's part in the affair received in the state department, some officials revealed today.

On some momentous questions in the past officials in the department have split over what was to be done. But in the present crisis the policy adopted had their full support.

Eleven Men Enlist In Army During The Past Month

Eleven men enlisted in the U. S. army here during September, Sgt. Neal Marshall, recruiting officer, announced yesterday. Three went into the medical corps, one to the field artillery and seven to the cavalry, all at Fort Bliss.

Recruits were Joseph F. Morgan, star route 2, Lamesa, cavalry; Earl F. McWhirter, Roby, medical corps, William Beaumont hospital; J. C. Hawk, jr., field artillery; James C. Wommack, Route 1, Sturgis, Miss., cavalry; Thomas E. Ziegler, Canyon, cavalry; Paul A. Coffman, Goree, medical corps; William F. Reed, Snyder, cavalry; Arthur De Champ, Plains, medical corps; Durlin E. White, Lamesa, cavalry; Francis L Dasey, Plainview, cavalry; Cecil P. Fisher, Brownfield, cavalry.

Shallowater Family---Or Part Of It---Pictured At Reunion

Above are seen Mr. and Mrs. T. M. Nelson of near Shallowater and 10 of their 12 living children. Two children are dead. The picture was snapped at an informal family gathering at the Nelson residence, two miles south and two miles east of Shallowater, where Nelson farms 240 acres of land. Front row, left to right, Mrs. W. J. Hood of five miles northeast of Lubbock; Mrs. Nelson and the "baby," Frances, a student of the Shallowater school system. Back row, left to right, Mrs. Arthur Hettlar of six miles northeast of Lubbock; Seamon Nelson, employed by an ice cream company here; Herman Nelson, employed by an Idalou gin; Sherman Nelson, sophomore in the agricultural division of Texas Technological college; Houston Nelson, farmer of Becton; Paul Thomas Nelson, carpenter of Fort Worth; D. M. Nelson, cafe employe of Corpus Christi; Mrs. E. E. Elliott, of near Shallowater. Nelson has lived near Shallowater the last 14 years, moving there from Delta county. He invested $18,000 in 680 acres of land, later losing it to bugs, hail and drouth. "But I'm happy with the knowledge none of our children has ever been charged with breaking the law," he said. They have two other children, Mrs. H. B. Jones of Commerce and M. C. Nelson of near Liberty, a farmer. He and Mrs. Nelson have seven grand children. He is 60, Mrs. Nelson 54. His children range in age from 15 to 36 years.

Properties Acquired By HOLC Are Receiving Improvements

WASHINGTON, Oct. 1 (AP)—The Home Owners' Loan corporation is spending approximately $100,000 a day to improve properties it has acquired through foreclosure.

Charles A. Jones, general manager of the HOLC, reported today that August expenditures of $2,800,000 marked a new high for repair and reconditioning.

The corporation, established in 1933, completed 12,339 reconditioning jobs in August, slightly fewer than in July. About $120,000 more was spent, however, and the outlay per property rose from $188 to $277.

Star Furniture Company Opened By John L. Brown, 607 Broadway

Forty-Seven Corridor Officers Appointed At Senior High To Preserve Order In Hallways

Forty-seven corridor officers were appointed at Junior High this week to aid in controlling traffic in the halls. The group has volunteered to make the halls more orderly in between period traffic, to influence students to talk in subdued voices, and to keep traffic moving to the right.

The following students were chosen for this six-weeks period: Gaynelle McCormick, Peggy Nell Bradley, Louise Stribbling, Robert Weems, Corrine Ross, Charlene Sport, Bill Fox, Virginia Green, P. H. Crow, L. N. Bett, Maudine Tannery, David Coursey, Herschel English, Needa Ruth Booker, Jack Pepes, Mary Katherine Jones, Billy Rogers, Ernestine Wallace, Trula Frances Graham, Florence Taylor, Wanda Jo Ribble, Helen Joy Self, Garland Flake, Temple Joyce McAfee, Vernia L. McKinley, Gene James, Delton Tapp, J. A. Raley, Irene Koen, Lila Jean Martin, Madeline Vogle, John Burleson, W. Mae Franklin, Jene Abernathy, Ruth Bailey, Lawson Farrar, Dimple Mickey, Didney Ketton, Horace Hawkin, Glenna Ruth Musick, Robert Kent, Carl Taylor, Lucille Warrent, Billy Lamb, Cecilia Farmer, Laverne Caskey, and Jack Thompson.

Negro Woman Faces Charge

As the result of a stabbing at Shallowater Friday night, Leslie Brooks, negro about 34, died about 7:05 o'clock Saturday morning and Christine Wortham, 26-year-old negro woman, was charged with murder.

The woman was arrested at Shallowater Saturday morning by Grady Harrist and Jas. P. Posey, deputy sheriffs.

Got Up And Got Knife

Tom Abel, sheriff, said the woman told him the stabbing took place after Brooks kicked her when they were in bed. She was quoted as saying he told her to "move over" so he would have room to get in bed, then kicked her. Abel said she told him she got up and got a knife and stabbed him once.

Officers said they believed a paring knife was the lethal weapon. It was taken to the sheriff's office.

The negro man was taken to a sanitarium here Friday night for emergency treatment then was released, it was reported. Tom Leslie of Shallowater, at whose place the negroes were staying, told authorities he returned to Shallowater with the wounded Brooks and that apparently his condition was satisfactory, however, he became weaker Saturday morning. The wound was in the negro's left side.

Taken To Funeral Home

Leslie transferred Brooks here and as he reached the jail the negro swooned. "Big Jim" Robinson, jailer said he was attempting to help Leslie in removing the negro from the back seat of the car when he unexpectedly relaxed his muscles and died. He was not taken from the car at the jail, but taken to the South Plains Funeral home.

The negro woman was being held in the jail in lieu of bond of $1,000 set by Walter Davies, justice of peace. Harrist swore to the complaint which had been prepared by Victor H. Lindsey, assistant district attorney. The district attorney's office made investigations.

Officers learned the negro man and woman had gone to Shallowater from Arp Thursday.

FAMILY AFFAIR

READING, Pa., Oct. 1 (AP) — Brothers married sisters in a double ceremony that was an all-family-relative affair. Patrick C. Donato, 19, wed Edith Stump, 17, and Ralph Donato, 17, married Helen Stump, 18. Mayor J. Henry Stump, who officiated, is a relative of the brides.

"Miss Europe"

The "Miss Europe" of current political cartoons is depicted as a torn and bedraggled figure, but the REAL Miss Europe, as you can see from this photo, is poised, serene-faced and immaculately groomed. She's Shirkha Salonen, Finnish beauty, voted "Miss Europe" in an international contest at Copenhagen, Denmark.

Predicting practice of vacations with pay would soon become commonplace, Labor Secretary Frances Perkins said two-fifths of all workers in United States manufacturing plants now enjoy this concession.

Tie Between Two Oil Fields Seen

(By The Associated Press)

EL PASO, Oct. 1 — A definite tie was established between the rich Yates oil field in Pecos county and the Guadalupe mountain region of New Mexico and the Hendrick field in Winkler county in a preliminary report on incomplete surface and sub-surface studies submitted Friday at the closing technical session of the mid-year meeting of the American Association of Petroleum Geologists.

Those presenting the report were Ronald K. De Ford, Midland, geologist for the Argo Oil corporation, and George D. Riggs and Neil H. Willis, consulting geologists of Carlsbad, N. M.

Largest Since 1919

Geologists said the El Paso session was the largest mid-year meeting held by the organization since its inception in 1919. The total registration was 375, of which 66 were women.

There had been a previous subsurfacing tracing of the Yates sand from Pecos county to the outcrop at the town of Carlsbad, but it was the work of De Ford, Riggs and Willis in mapping the Yates outcrop at Carlsbad into the surface outcrop at McKittrick canyon that tied in these sections with a widely recognized marker from the subsurface section into the surface outcrop in the Guadalupe mountains. McKittrick canyon is about 50 miles southwest of Carlsbad.

Presented For First Time

The report was presented for the first time at the El Paso meeting by De Ford, who emphasized that the traced top of the Yates makes a decidedly definite tieup between the Hendrick field in Winkler county and the Guadalupe mountains, these two sections being almost the same, except that in the Hendrick field the beds exposed in the mountains are buried a half mile underground, while the beds at the Guadalupe mountains are exposed as peaks and precipices.

Aerial photography, which he said will be used extensively in night-time operations in the next war, was explained by Louis V. Olson, assistant director of the agricultural research department of the American Smelting & Refining Co.

TO OPEN OFFICE

WASHINGTON, Oct. 1. (AP)—Commodity Exchange administration announced it would open a small field office in Houston, Texas, early in October under direction of Ralph K. Dawson, principal accounta of the New Orleans office.

Goodyear LifeGuard[illegible] any make or brand of tire. [illegible] factured to fit old or new [illegible] truck and motorcycle tires.

Mass Of Applications Filed Before Deadline In Fort Worth PWA Office

Total Of 1,648 Seen In Texas

FORT WORTH, Oct. 1. (AP)—The PWA staff in the regional headquarters here today was digging out from under a mass of applications which flooded the office before the deadline at midnight yesterday.

The last application was rushed into the office at 11:45 p. m., five minutes before the deadline, by two representatives of Pelly, Texas, who made the trip to Fort Worth by motorcycle. The application asks a loan and grant on a $170,000 power distribution system.

Plane Was Chartered

Another application was brought to Fort Worth by airplane from Lake Providence, La. Three public officials there chartered the plane in order to get the application for a $250,000 water and light improvement project here before the deadline. The plane landed at 9:15 p. m.

Late filings brought the total number of applications received under the program to 1,648, or 150 more than were expected by PWA officials. These applications ask aid in construction of projects to cost $431,626,908.

Three Of Largest

Three of the largest of the more than 100 applications filed Friday were for the following projects:

A steam power plant on the San Marcos river to cost $3,021,660, including transmission lines and sub stations. The plant would be located near San Marcos. The application was filed by the Guadalupe-Blanco river authority.

A road and vehicular tunnel under the Houston ship channel in Harris county to cost $3,809,168. The application was filed by Harris county.

A bridge across the Mississippi river near Helena, Ark., and Friers Point, Miss. The bridge would cost $3,000,000.

Transmission Lines To Be Begun Soon

AUSTIN, Oct. 1 (AP)—Max Starcke, operations manager, said today the [illegible]r Colorado river authority would [illegible] work soon on constructing [illegible]r transmission lines to cities [illegible]h recently approved bond issues [illegible] municipal distributing systems. [illegible]ond issues have been approved by Lampasas, Fredericksburg, Bastrop, Burnett, Marble Falls, Smithville, El Campo, San Marcos, Llano, Lockhart, Gonzales and Kyle. Cuero voters rejected an issue.

Starcke said Waco, Belton, Taylor, Elgin and Giddings had expressed an interest in purchasing LCRA power.

Future Policies

(Continued From Page One)

appointment to the labor board.

Renewed support for the federation's objective of a six hour day-30 hour week to provide more employment opportunities for the jobless.

Continuation of the non-partisan policy in political campaigns.

Government regulation of unfair and unsound business practices and repeal of legislation considered as handicapping business.

Opposition to the Patman chain store tax bill and President Roosevelt's reorganization bill.

Expanded organizing activities, particularly in fields where the rival CIO is active.

No Peace Indications

There are no advance indications that the convention will receive or consider any suggestion for peace and reunion with the international unions which helped John L. Lewis organize the CIO's industrial union movement.

Green reiterated at preliminary conferences that the CIO was "dual, rival and rebel movement," but instead of advocating any new approach to a settlement of labor's civil war, he declared that the A. F. of L., after three years of the split was "stronger than ever before with larger paid up membership than we have ever had in the history of the American Federation of Labor."

The A. F. of L. spent in excess of $1,000,000 in organizing work in the past year, most of it produced by a special assessment to finance the fight with CIO.

Assessment Opposed

The convention of the International Typographical union recently voted against payment of the assessment, but informed sources said it was unlikely there would be a fight against seating the union's delegate since the question of paying the assessment is expected to be decided by a referendum.

Green's keynote speech Monday morning will get the convention away to two weeks of policy deliberations. President Roosevelt is expected to send the delegates a message, and half a dozen national and state officials have been invited to speak.

World Parley

(Continued From Page One)

[illegible] because he can do it without [illegible]olving us in Europe's squabbles." [illegible]raising the reciprocal trade [illegible]ties fostered by Secretary of [illegible]e Hull, Burke said some such treaties might well be the basis of agreements among all the larger nations of the world.

Arab Rebels In Their Mountain Hideaway

Pierce Arab rebels who are defying British authority in Palestine are shown in this exclusive picture, made at the secret mountain stronghold of Abdul Razek, leader of the rebel army. The photographer negotiated for weeks before he was allowed, under heavy guard, to visit the Arab stronghold.

Pigs Worth $2.55, Plus Skim Milk, Bring Colorado Farmer $11,000 In Four Years

Almost $400 worth of Bock's pigs go to market—while $3,000 worth more stay at home.

BY ROBERT GEIGER
Associated Press Feature Writer

DENVER, Oct. 1—Drouth and the government pig program have worked hand in hand to give Farmer William Bock and $8,000 profit in four years from a $2.55 investment in pigs. And Bock still has $3,000 worth of pigs on his farm, from the same investment.

He hesitates to talk about his success. Afraid the folks down home will say, "That old windbag is blowing again." But it's not boloney. The books of a Denver hog-buying firm account for all of Bock's pig money.

Were Drug On Market

In 1934, porkers were a drug on the market. It was a dry year around Yuma, Ariz., where Bock lives on a dry-land farm. Few farmers had feed for pigs. And, anyway, the government was trying to limit corn-hog raising to relieve glutted markets.

Bock had 12 fresh cows and lots of skim milk that wasn't any use except to feed hogs. So, when he went to Yuma one day and sold $2.55 worth of cream he thought of an Irish proverb: "When they're agivin 'away potatoes, plant 'em." They weren't exactly giving pigs away, but when Bock saw 15 that could be had for his cream check he bought them.

"You would have to pay about $125 for that many now," says Bock. "The way it turned out, it would have been a good investment, even at that price."

As Bock tells it, the price of pigs went up while nature was taking its course. His pig litters averaged about eight, compared with the national average of six and a half.

National Supply Short

The next fall Bock surprised himself by selling $2,000 worth of pigs. The national supply was short.

Every fall since he has been able to market his $2,000 worth of hogs.

"I haven't bought a pig since I laid out that milk check," he says with a little pride. "They all came from the original $2.55 worth and they have been lifesavers."

Pigs Saved Him

Many farmers have had to ask the government for seed and feed and loans. Not Bock. His pigs saved him from that.

He sold $1,480 worth of eggs from his chickens last year and he has a good barley and wheat crop. Pig profits bought the seed. And that's not all. Bock has something else to thank his pigs for: "We were able to build us a new, modern home," his final boast.

Charges Hurled

(Continued From Page One)

road systems by the financial houses of Morgan and company, Kuhn Loeb and company and other investment bankers."

Davis was followed by Dr. J. H. Parmelee, director of the bureau of railway economics of the Association of American Railroads.

He said the railways' predicament was due to "the continued severeness of the 1938 depression," following seven lean years of reduced traffic and inadequate earnings.

"Impoverished railroads cannot provide the efficient, dependable transportation so essential to commerce and the national defense," Parmelee declared.

"During the first eight months of 1938, total operating revenues were smaller by 20 per cent than in the same period of 1937, while net railway operating income decreased 62 per cent. The carriers this year, during those same eight months, failed to earn their interest and other fixed charges by $182,000,-

Newsman Says Papers Gain In Popularity

DALLAS, Oct. 1. (AP)—Increasing circulation figures all over the United States indicate that newspapers stand higher in public opinion than ever before in their history, Byron Price, executive news editor of the Associated Press, said here during a visit on a countrywide tour.

"The public has accepted other news mediums, but is eager for news as it is handled, briefly and concisely, by newspapers," said Price, who has visited more than 40 Associated Press bureaus throughout the country.

"Texas is a big source of news for the Associated Press," Price said. There are 90 newspapers members of the Associated Press in Texas, more than in any other state.

Mr. Price was the head of the Washington bureau of the Associated Press for many years prior to assuming direction of the worldwide news coverage of the organization which is owned and controlled by member newspapers of the United States.

Fair Closes

(Continued From Page One)

began. He already had ridden five straight buckers and no other contender has been able to stay on more than three in the five nights. However, just to demonstrate he was worthy of the crown, the Dude stuck aboard a bucking White Rock for the final night's crowd.

Brown And Colbert Win

So far as the prize money for the one night was concerned, Colbert finished second to Van Brown of Houston, who drew a harder pitching horse. Slim Meteer of Pendleton, Ore., was third.

Bill Eaton and T. W. Young, neither of whom contended last night, remained one-two in the calf-roping contest when other contestants failed to better the records the pair had established in their final appearances Friday night. Eaton's aggregate time of 51 seconds for three calves stands as the record for the meet with I. W. Young of Florey in second place with 51.1.

Roping Times

In contests for night money, Jack Young of Crane was first in 15.3 seconds. S. G. Russell of Merkel was second in 15.3 and Jack Shaw of Eunice, N. M., was third in 17.8.

Buck Jones became the bulldogging champ, retaining the lead he already held, despite a bad break on the final performance. His aggregate time was 113.3 seconds for three steers. Jimmy Olsen of Pampa was second in 162.

Night Winners Named

Night winners were Dub Phillips, of Sheffield, Lynn Huskey of Fort Towson, Okla., and Jack Hitson of Fort Sumner, N. M., in first, second and third places, respectively.

Championships were not involved in Brahma steer riding but the night winners were Blanket Sims of Fort Sumner, first, over H. Flowers of Duncan, Okla., and E. Evans of South, Texas, tied for second.

Ramseys Featured

Special features of the night's program were appearances of the "Ramsey Flying Clouds" who definitely were one of the hits of the night attraction. The five Ramseys repeated with variations their previous programs of spectacular horse jumping, trick riding and fancy roping. Striking costumes, three of the Ramsey girls who possess real beauty, magnificent horses, and skill and daring of act make them almost sure repeaters at future fairs here if they are available. G. L. Ramsey, father of the two boys and three girls in the act, is the director.

German Legion Launch March

(Continued From Page One)

brought within the widening frontiers of greater Germany. Three zones were left for occupation by German troops before October 8.

Further areas are to be occupied by Germany by Oct. 10, their boundaries to be fixed by the five-power international commission supervising the cession.

Czechoslovak troops, meanwhile, began evacuating Teschen after the government reached a "painful" decision to yield to Poland's ultimatum for cession of that boundary zone populated by most of Czechoslovakia's 100,000 Polish minority.

Popular demonstrations broke loose in Warsaw when the government announced Czechoslovakia's action.

In Washington, Democratic Senators Burke of Nebraska and Lewis of Illinois proposed that President Roosevelt summon international conferences to effect a lasting European peace.

FDR Is Logical Man

Burke, just returned from a European trip, said Mr. Roosevelt was the logical man to call a badly needed world economic conference.

Lewis asserted the time was at hand when the president should summon all parties to the Versailles treaty to meet in this country and survey what that pact had produced "in discontent, revolt and war."

Most European governments faced the "morning after" fact that the crisis had cost millions of dollars. Placing millions of men under arms and other defensive measures had put a severe strain on treaties, already burdened by armaments. Demobilization progressed rapidly.

Conservative Duff Cooper's resignation sounded a discordant note in Britain's jubilation over settlement of the war crisis. It was expected to give the lead to a growing number of rebellious government supporters who share his "distrust."

Assurances Are Given

France received assurances of British fidelity to the Anglo-French effort in spite of the Hitler-Chamberlain friendship declaration. A spokesman said Britain maintained all her engagements to aid France in the event of a conflict.

Moscow accepted calmly Czechoslovakia's capitulation to Poland's territorial demands. Authoritative quarters expressed belief the action did not involve the Russian-Czechoslovak mutual assistance pact since it involved no "unprovoked agression."

The danger of an immediate European conflict past, thousands of foreigners began leaving Switzerland. Many Americans were among those who had gone there hoping the little confederation's neutrality would be respected in the event of war.

At Hendaye, France, Spanish government spokesmen reported that evacuation of foreign fighters from the government army would begin next week with the arrival of a League of Nations supervisory committee.

Only intermittent air raids were reported from the fronts in Spain's civil war.

Pickets Illustrate Their Point

THESE COSTUMES ARE MORE than 100 YEARS OLD SO ARE THE IDEAS OF OUR EMPLOYERS
THESE COSTUMES ARE MORE than 100 YEARS OLD SO ARE THE IDEAS OF OUR EMPLOYERS

These pickets probably didn't get the point across to their employer as they marched in front of a San Francisco department store, but they get some sort of prize for originality. They said they had gone on strike because they believed their employer's ideas on labor relations were as antiquated as the clothes they are wearing in the above picture.

Cut-And-Shoot Is Preparing For Bloodless Sport Of Hunting Imported Florida Foxes

CUT-AND-SHOOT, Montgomery county, Texas, Oct. 1. (AP)—This village with the bristling name looks forward for its fall entertainment to the ancient and usually bloodless sport of riding to the hounds.

Twenty-four Florida foxes have been turned out to run over the 30,000 acre tract, set aside for the Texas Fox and Wolf hunters fall field trials, and the imported foxes are getting some real running practice as the native gray foxes that abound in the area, yap at their heels.

The field trials will open Oct. 31 and continue through Nov. 4.

Old timers, who look upon foxes somewhat like the old time Indian fighters looked upon the Indians, have been persuaded to put away their squirrel guns and let the foxes alone because Cut-and-Shoot is expecting the biggest crowd in its history when the field trials open.

The village, which gots its name 80 years ago when the populace got in a dispute over the site of a church, is peaceful now and visitors mean dollars to villagers with things, such as soda pop and hamburgers, to sell.

To skittish expectant visitors District Judge Will Browder of Conroe gave assurance that Cut-and-Shoot is not as tough as the name implies. There has never been a major crime committed within its borders and outside of that little fracas 80 years ago the villagers have been content to till the soil and hunt squirrels.

Judge Roy L. Pitts of Conroe, 10 miles southwest of here, said workmen would be through in a few days cutting underbrush for the 30-acre camp site set aside for the visiting fox hunters. Another crew is constructing an all weather road that will connect the campsite with the main highway to Conroe.

The hunting ground is in the center of a 30,000 acre wooded tract that spreads over the gentle rolling hills.

Landing in Pago-Pago, which is American soil, an American must surrender his passport, just as in entering a foreign country, and must also put up $100 as a guarantee of good behavior.

Despite unfavorable economic conditions, India imported twice as much tobacco early in 1938 as in 1937, cigarette sales alone approximating 800,000,000 a month.

Germany is heading for a serious shortage of engineers which will amount to 18,000 men in 1939, according to publications. It is stated that this country needs annually 10,000 trained engineers which number, however, cannot be supplied. Only five years ago, 65,000 engineers were listed as unemployed.

Volcanic shocks from earthquakes are seldom as serious as those caused by the slipping of rocks along a fault line.

Tinted Gasoline May Become Fad

AUSTIN, Oct. 1. (AP)—Bright blue or mahogany colored gasoline might be required by state law.

The peculiarly shaded motor fuel would be for use only in vehicles and machines not used on the public highways and would be entitled to refund of state gasoline tax paid at the time of purchase.

Gasoline now used for such purposes is eligible for refund of the tax and the use of colors has been suggested as a means for defeating evasions. If amended, as some legislators have proposed the law would make it a penalty for any gasoline of the particular color to be used in motor cars—the theory being the tax is for highway construction and maintenance.

Some legislators have expressed the opinion the exemption should be eliminated, claiming that although the tax was originally a highway tax it is now diverted in part to the school fund and to partial payment of county and road district refunds.

They point to increasing yearly refunds. In the fiscal year ended last Aug. 31 refunds totaled $6,871,362 or 13.9 per cent of the total gasoline tax collection. In the previous year refunds were $5,780,486 or 12.4 per cent of collections and the year before that $4,837,800 or 11.7 per cent.

Claims for refunds are filed with the comptroller's office which audits or investigates each one before authorizing payment.

Two states, New Mexico and Mississippi, now require coloring of motor fuel which is exempt from taxation. The former state specifies blue and the latter mahogany gasoline for non-highway use. Reports from Mississippi indicate the color experiment is a success whereas in New Mexico authorities have yet to make up their mind whether to stick to blue or switch to another color. There is a question of whether the chemical matter used to make fuel blue is distinguishable in all types and grades of gasoline.

When the crocodile's mouth is open, the black-backed courser, a small bird, perches himself inside the mouth and calmly picks the creature's teeth.

State Announces Ready For Trial In $17,000,000 Ouster Suit On Oil Firms

Case Filed In Texas In 1931

AUSTIN, Oct. 1. (AP)—The state announced ready today for trial, scheduled Monday, of its $17,000,000 ouster suit against 15 major oil companies and two associations charged with conspiracy illegally to restrain trade.

The suit, filed in 1931, once ran the gamut of Texas courts, the supreme court finally ordering it tried on its merits in district court here after upholding validity of anti-trust provisions of Texas' civil statutes.

Penalties Are Sought

The state seeks $17,000,000 in penalties and forfeiture of charters to do business in Texas.

More than 71 witnesses are under process but W. N. Boyd, jr., of New York, executive vice-president of the American Petroleum Institute, was the only witness summoned for Monday. The attorney general's office indicated his testimony might take a month.

Governor James V. Allred, then attorney general, brought the suit seven years ago, basing allegations principally on a code of practices for marketing petroleum products adopted by the API.

Defendants besides the API, were the Standard Oil of New Jersey, New York and California, Texas company, Gulf Refining company, Shell Union Oil company, Sinclair Refining company, Humble Oil and Refining company, Pasotex Petroleum comapny, Continental Oil company, Magnolia Petroleum company, Simms Oil company, Shell Petroleum corporation, Cities Service Oil company, Texas and Pacific Coal and Oil company and Texas Marketers' association.

Officers For Clerks Group Of Texas Chosen Saturday

AUSTIN, Oct. 1. (AP)—Ben Ligon of Corpus Christi, Nueces county clerk, today was elected president of the County and District Clerks association of Texas, succeeding Marshall Morgan of Nolan county.

At a closing convention session delegates chose Temple for next year's meeting.

Other officers elected were Travis Phillips of Washington county, Miss Jimmie Patterson of Brazoria county, J. H. Fortner of Presidio county and George Templin of Travis county, vice-presidents; and Jack Spoontz of Bell county, secretary-treasurer.

The clerks adopted resolutions endorsing 4-year terms for all county and district officers, recommending $3 a day pay and 3-cent a mile travel expense for court witnesses in place of the present $2 pay and 4-cent travel expense and recommending that absentee balloting in primary election be turned over to county executive committees.

GOOD PERFORMANCE

NEW YORK, Oct. 1 (AP)—Stimulated by further hopes of broadening peace in Europe, the stock market finished the week today with the best Saturday performance in three months.

The list got off to a rather quiet start, met and overrode profit taking, then continued to ascend with increasing momentum. Just before the close a burst of buying in virtually all departments put the ticker tape in arrears 2 minutes.

Gains ran to 2 or more points and, while recessions from the best were in evidence at the final gong, most pivotal issues emerged around top levels for the session. A number of new highs for the year were posted.

The Associated Press average of 60 stocks pushed up .9 of a point to 49.1, where it was only 1.7 points under the peak for 1938 to date. On the week the composite was up 3.9 points, which was the best showing for any similar period since the June rally got underway. Transfers for the two hours totalled 946,490 against 797,370 a week ago. It was the liveliest Saturday since July 2.

Steels, motors, rubbers, farm implements, mail orders, aircrafts, utilities, rails, coppers and a wide assortment of specialties were prominent in the day's advance.

Among these were U. S. Steel, Bethlehem, General Motors, Chrysler, US Rubber, Goodrich, J. I. Case, Oliver Farm, Allis-Chalmers, Sears Roebuck, Montgomery Ward, Boeing, Sperry, Douglas Aircraft, Western Union, Public Service of N. J., Santa Fe, N. Y. Central, Great Northern, Union Pacific, Anaconda, Kennecott, Westinghouse, Air Reduction, Coca-Cola, U. S. Gypsum and Texas Corp.

Sliver Of Glass Is Removed From Eye Of Jud C. Smith

After a sliver of glass had been removed from his right eye and two stitches taken in the eyeball, Jud C. Smith of Slaton route 1 was dismissed from West Texas hospital Saturday morning.

A rock thrown by a boy accidentally struck the lens of his glasses Friday afternoon. A piece of glass was lodged in the eyeball lateral to the pupil, not striking the pupil. The sliver went through to the vitreous fluid in the posterior chamber of the eyeball. His eyesight was not expected to be hindered.

Smith, 47, entered the hospital Friday night.

Cotton . .

NEW ORLEANS REPORT

NEW ORLEANS, Oct. 1 (AP)—Cotton prices hovered near the previous closing today but were supported by shorts covering and trade demand. The close was steady, net 2 to 5 points higher.

Prospects for long-time peace in Europe, together with favorable textile reports furnished the principal factor behind the buying movement.

Final prices were near the top with Oct. at 8.19-bid, Dec. at 8.22, Jan. at 8.19, March at 8.17, May at 8.11, July at 8.08-bid and Oct. (new) at 7.95-bid.

Spot cotton was steady and five points higher with middling at 8.22.

NEW YORK REPORT

NEW YORK, Oct. 1 (AP)—Cotton moved irregularly today in quiet trading. December advanced from 8.05@8.09 and closed 8.08, with final prices 4 points net higher to 1 point lower.

The market opened 1 to 4 points higher in response to steady Liverpool cables and foreign end trade buying but some week-end liquidation and hedge selling appeared and prices soon sagged a few points. A little local re-buying appeared later and last prices were close to the best for the day. The market took a "breathing spell" following the nervous fluctuations of the week.

AVERAGE PRICE

NEW ORLEANS, Oct. 1 (AP)—The average price of middling cotton today at ten Southern spot markets was 4 points higher at 8.29 cents a pound, average for the past thirty market days 8.12 cents a pound.

Livestock . .

KANSAS CITY REPORT

KANSAS CITY, Oct. 1 (AP) (USDA)—Hogs none; no fresh receipts offered; market nominally steady; for week: 180 lbs. and up generally 10 lower, lighter weights 15 to 25 off; sows about steady.

Cattle 1,200, calves 400; for week: strictly good to choice fed steers and yearlings steady to 25 lower; other slaughter steers off 25 to 50; heifers steady to 25 lower; cows 25 to 50 lower; vealers steady; stockers and stock calves steady; feeders weak to 25 lower; week's tops: choice yearlings 11.40; best matured steers 10.50; yearling stocks 8.60; practical top stock steer calves 9.00; vealers 10.00; bulk fed steers 7.75@10.35.

Sheep 4,000, all billed through; for week: spring lambs 35 to 50 higher; sheep 10 to 15 up; week's top Colorado spring lambs 8.25; closing top 8.15; top natives 8.15; most closing sales down from 7.75; Texas 6.35@7.00; top yearlings 6.60; Texas 6.00 and 6.10; slaughter ewes mostly 2.25@3.00; top 3.25.

FORT WORTH REPORT

FORT WORTH, Oct. 1 (AP) (USDA)—Cattle 200; calves 1,300 including 970 thru; today's trade nominal. Compared close last week: slaughter steers and yearlings strong, cows about steady, bulls weak, calves mostly steady, some heavies 250 lower, stockers strong; bulk fed steers and yearlings 7.00@8.00; butcher and beef cows 4.00@5.00, few to 5.50; cutter grades 2.50@3.75; bulls mostly 4.25@5.00; slaughter calves 4.25@7.00.

Hogs 100; top 8.80 paid by packers and city butchers; good to choice 175-270 lb. weights 8.75@8.80; few good 150-lb. averages down to 8.00; packing sows steady at 7.25@7.75. Compared week ago, market about steady.

Sheep 700 including 270 thru; today's trade nominal; medium to good spring lambs 5.50@6.50; yearlings 4.00@5.00; aged wethers 2.50@3.00; few to 3.25; ewes 2.50 down; feeder lambs 3.50@4.75.

Grains . .

CHICAGO REPORT

CHICAGO, Oct. 1 (AP)—The momentum of wheat market selling launched Wednesday with the calling of the Munich peace conference had about spent itself today and prices held to a narrow range in moderately active week-end trading.

After fluctuating within a range of only ½ cent, the market closed unsettled at ⅛ lower to ¼ higher compared with Friday's finish.

Prices, having declined about five cents from the peaks reached during the war scare, were near the level of three weeks ago.

At the close December wheat was quoted at 63⅞@64 and May at 64½@64⅝. Corn finished ⅜ to 1⅛ lower, December 47⅜@47½, May 50⅜@50¼. Oct. ⅛ to ⅜ off, rye ¼ down and lard unchanged to 5 cents lower.

FORT WORTH REPORT

FORT WORTH, Oct. 1 (AP)—Demand for all grains was good here today, except for corn which was slow. Estimated receipts were: wheat 25 cars, corn 3, oats 1, barley 1, and sorghums 1. Cars manifested Friday were: wheat 24, and corn 6.

Wheat No. 1 soft red winter 77@78; No. 1 hard 77½@81½.

Barley No. 2 nom. 51@52.

Sorghums No. 2 yellow milo per 100 lbs. nom. 83@85; No. 2 white kafir nom. 82@84.

Corn, shelled, No. 2 white 60½@61½; No. 2 yellow 60½@61½.

Oats No. 2 red 35½@37½.

Lubbock . .

Grant For New School Plant At Snyder Given Approval

SNYDER, Oct. 1.—A PWA grant of $65,455 for construction of a new school plant here, has been approved, members of the school board have been advised.

The grant is to be supplemented by about $80,000 insurance, received when the building was burned last spring.

Cost of the building is expected to approximate $120,000. The remainder of the sum, $25,455, will be spent for equipment.

Modified Spanish architecture, blending with the present high school building, still standing, will be used. An auditorium is planned for the first floor, with 35 class rooms in all. Rooms will be 21x28 feet. There will be a inside court.

Haynes and Strange, Lubbock architects, drew the plans.

Butterflies carry their tongues coiled like watch springs.

Condemned Slayer Is Given Respite

BOSTON, Oct. 1 (AP)—A woman's last minute evidence today gave Oscar V. Bartolini, condemned meat-cleaver slayer of pretty Grayce Asquith, Weymouth model, another month of life when the executive council, in special session, granted him a reprieve until October 31.

Last night, two hours before Bartolini was to have walked "the last mile," acting Governor Frances E. Kelly granted the former chef a 24-hour respite, after Mrs. Olive Weatherbee informed him that John A. Lyons, who vanished about the time Mrs. Asquith was slain, had been seen subsequent to the slaying.

Both Bartolini and Lyons were close friends of Mrs. Asquith.

Official Records . .

Warranty Deeds

Filed at the office of Ed D. Allen, county clerk.

W. E. Morris to P. H. Whalen, $3,000, West 37½ feet of lots 9 and 10, block 5, Overton addition to Lubbock.

Lee M. Jackson and wife to A. W. Jackson, $1,000, Lots 1, 2, 3, 4, 5, 6, block 1, Lots 7, 8, 9, 10, 11, 12, block 2 all in Lee M. Jackson subdivision of north 860 feet of block 1, Copp addition to Lubbock.

Frederick K. Strasser, and others to C. A. Porter, $100. Lot 8, block 51, original town of Slaton.

W. H. Nelson and wife to T. L. Morgan, $300. Lot 8, block 1, Arnett addition to Lubbock.

Mrs. George W. Lewis and husband to Velma Wescott and others, $10. Lot 2, block 25, Maddox addition to Lubbock.

Claude Tatum against Aubrey Cummings and others, suit to try title and for damages.

Mrs. Jane Stanley against A. D. Stanley, suit for divorce.

Panhandle-South Plains fair association against Mighty Sheesley Midway, Inc., suit on contract.

Mildred Blair against Floyd Blair, suit for divorce.

Building Permits

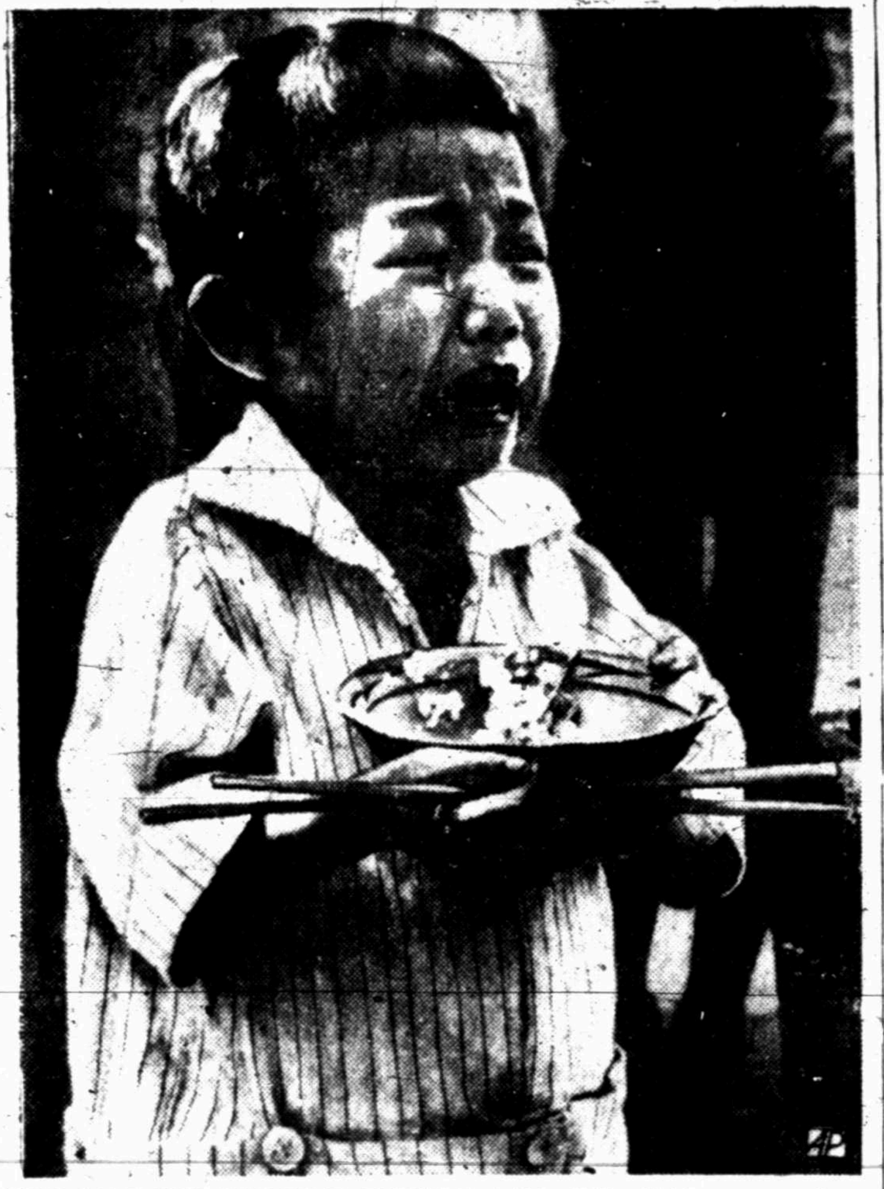
Arthur C. D. Cratty, owner and contractor to construct a one-story frame and siding residence and garage at 1715 Twentieth street, $3,800.

Orville Parks, owner and M. E. Stone, contractor, to construct a one-story frame and siding residence and double garage at 1718 Twenty-fourth street, $4,000.

Mrs. T. L. Miller, owner and contractor, to construct a one-story frame addition to store building at 2407 Avenue T, $500.

Robert Mitchell, owner and contractor, to construct a one-story frame and stucco residence at 2403 East Avenue E, $300.

Chinese Cry-Baby Has A Reason



HE'S SAFE FOR THE TIME BEING, but this little Chinese war refugee is too unhappy to finish his bowl of rice. He and many other children and grown-ups, driven from their homes by bombs or bullets, are quartered in a big camp near Hankow, China's temporary capital, toward which the Japanese are driving.

Power Lines Soon To Be Constructed

AUSTIN, Oct. 1. (AP)—Max Starcke, operations manager, said today the lower Colorado river authority would begin work soon on constructing power transmission lines to cities which recently approved bond issues for municipal distributing systems.

He added the LCRA should be ready to serve them when their local systems were constructed or otherwise acquired.

Bond issues have been approved by Lampasas, Fredericksburg, Bastrop, Burnet, Marble Falls, Smithville, El Campo, San Marcos, Llano, Lockhart, Gonzales and Kyle. Cuero voters rejected an issue.

Starcke said the Waelder city council had approved an issue without an election and the time for challenging the action by means of citizens' petition for an election had expired.

Austin which operates a municipal distributing system will begin purchasing LCRA power next week.

Starcke said Waco, Belton, Taylor, Elgin and Giddings had expressed an interest in purchasing LCRA power.

Loan For Slum Clearance In Corpus Christi Authorized

WASHINGTON, Oct. 1. (AP)—Nathan Straus, administrator of the U. S. housing authority, signed today an $816,000 loan contract for slum clearance and low rent housing in Corpus Christi, Texas.

Officials said this cleared the way for construction and that the agency was prepared to advance up to three per cent of the loan to the local authority for preliminary expenses.

The loan represents 90 per cent of the estimated $942,000 cost of 242 family units.

The luminescence of the firefly is the "cheapest" of all known forms of light, but man does not know how to produce it.

Final Paving Job Started In City

Work has been started on the last of the paving which will be completed before the beginning of winter, according to information given Saturday by Marlin R. Smith, jr., city engineer.

The work, which will be completed probably within a week, will mark the successful completion of by far the largest paving program for any one year in the entire history of Lubbock.

Approximately 18 blocks are included in the work yet to be done, increasing the total for the summer to approximately 110 blocks—the equivalent of somewhat more than 10 miles. The summer's work, it was explained, includes an unusually high proportion of 600-foot blocks. The "standard" block is only 300-feet long.

To Continue Paving

The present tentative program, as contemplated by city officials, calls for the paving of approximately 100 to 125 blocks of city paving each of the next three years.

Streets included in the present work are Eighteenth and Ninth from Avenues M to Q; Tenth from L to Q; Seventh from T to College; Ninth, Fourteenth and Fifteenth from G to H.

Eighteenth street work was completed Saturday and the paving of Tenth was started.

Cessation of paving work during winter is necessary, it was explained, because liquid asphalt will not pour satisfactorily during cold weather.

However, all working crews will be assigned to such preparatory work as building curbs and gutters and spreading caliche base for paving which will begin about April 1 next year.

Work On Levelland Paving Is Started By Sutherland

LEVELLAND, Oct. 1.—T. S. Sutherland, Lubbock contractor, has begun work on paving of three blocks of Houston street. He was awarded the contract by the city commission recently.

Houston street was given a caliche coat some years ago, with a coat of gravel and asphalt. Later the state highway department paved a 20-foot section in the center, in building a loop through town.

Property owners contributed the money for the paving and it will not be necessary to issue paving certificates. Cost will be about $38.75 for each 25-foot lot.

A few months ago the city paved five blocks down town, including three around the west, south and east side of the court house square. Panhandle Construction Co., of Lubbock had the contract.

Three-fourths of the world's cotton is produced in the United States.

Federal Grand Jury Probe Of Graft In New Mexico WPA Being Continued

State Officials Are Witnesses

ALBUQUERQUE, N. M., Oct. 1 (AP)—The federal grand jury probing reported graft, payroll padding and political activity in the New Mexico Works Progress administration completed a month of inquiry today as an unbroken procession of witnesses filed into the jury room.

Although cloaked in secrecy, the investigation gave rise to sensational speculation.

Officials Are Heard

Reconvening this week after a two-weeks recess to obtain additional information, the 24-man grand jury heard Gov. Clyde Tingley, former state WPA Administrator Lea Rowland, Zone Supervisor E. A. Rose, and Fred Healy, ousted summarily as administrator just a week ago by Harry Hopkins for "local political interference."

Business men and WPA workers of Roswell, Belen and Albuquerque were also subpoenaed to testify, with a U. S. secret service agent and two WPA investigators interspersed in the list of witnesses.

The inquiry was ordered by Judge Colin Nebiett, who directed investigation of the "common rumor" of WPA irregularities.

By No Means Complete

U. S. District Attorney Everett Grantham indicated the inquiry was by no means complete.

R. L. Nicholson of Salt Lake City, a regional WPA official who temporarily replaced Healy, announced today he had discharged Luis C. Debaca, because his post had been "abolished."

Nicholson undertook an overhauling of the state organization list Monday, but declined any statement.

Traffic Deaths Show Decline

According to information which reached the Lubbock office of the Texas Highway patrol Saturday, the state gained its sharpest drop of the year in street and highway traffic fatalities in August when 112 persons were killed by that type violence.

Only 83 happened on the open highways, city and urban traffic accounting for the others, Capt W. W. Legge, commanding officer of the Lubbock division, said state statistics showed.

Saving Is Shown

That figure represented a saving of 27 lives in comparison with July figures. Safety officials predicted that the death tolls will begin to rise after September's fatalities are counted.

There has been a 17 per cent decrease in deaths this year as compared with the corresponding period of 1937 when an all-time traffic record was made in the killing of 2,043 persons in the calendar year.

Death list for the first eight months of this year has climbed to 1,027. Capt. Legge said statistics showed.

August records revealed that 1,282 persons received injuries in collisions, which was more heartening to state police, since July reports listed 1,454 injured persons. That indicated, said Capt. Legge, that drivers are operating at lowered speeds causing less impact in crashes.

Many Were Injured

State officers deplored the pedestrian death rate which reached 25 in August. A total of 127 pedestrians were injured, many of them critically. Accidents in which only vehicles were involved snuffed out the lives of 38 persons and injured 734. Three were killed when riding bicycles and two died at railroad crossings.

With all schools in full swing, a sharp warning was repeated by Capt. Legge, to drivers, pedestrians and school children to employ caution in order to avoid a repetition of the many fatal vehicular assaults in the vicinities of schools last year.

Homer Garrison, jr., newly-appointed state police director, said state patrolmen, whose forces have been augmented with additional men since June, will be particularly alert for reckless and drunken drivers going to and from football games and other events which cause highways to be crowded.

Teachers College Now In Fiftieth Year

COMMERCE, Oct. 1. (AP) — The "golden jubilee year" of East Texas State Teachers college started auspiciously, marking the 50th year the teacher-training institution has operated.

The college was founded at Cooper, Texas, in 1889 by W. L. Mayo, as the East Texas Normal college. Following a fire the school was moved to Commerce where it catered especially to poor boys and girls who were in earnest about securing an education.

In 1894, the school opened in Commerce and remained under the direction of its founder until 1917, when he died and the state purchased the college.

R. B. Binnion of Lamar county became the next president of the school. He remained at the helm until 1925, when he was succeeded by Dr. S. H. Whitley, who is still president.

Thus, in its 50 years of existence, East Texas State Teachers college had but three presidents.

Parents See Rescued Youth

Holger Nelson, 19, rescued from San Francisco bay after clinging to an overturned sailboat for three days, saw four companions drop off the boat as they became exhausted, and drown. He is shown in an Oakland hospital with his parents.

Boy Rider Three Winners In Concluding Program

Closing one of the most successful racing meets ever sponsored by the Panhandle-South Plains fair association, P. Kipper brought in My Betty winner in the feature $200 sixth race to complete the best jockey performance of the week's program.

Trailing Gay Bird and Chas Kripp most of the mile and one-sixteenth My Betty put on a stretch finish to win by a length. Chas Tripp was second with A. Trimble up.

W. Gonzales rode Weedidit through a beautiful race to take show money. The Brewer gelding was paced for a lap and a half by the field, but a spurt on the last turn and on the home stretch left three entries behind.

Wins In Three Races

Kipper was atop Dick Dearing in the exciting $150 six-furlong fourth race, which developed into one of the most exciting of the day. Kipper had won on Blondsure in the third race to become only three-time winner in one day in the meeting.

Contrary, with W. Brite astride, placed in the fourth, with the favorite, Topeka, ridden in third by E. Shea.

Opening the card Shea rode Brownie Lee to a two-length victory over Anna Centennial, with Minnie Ha Ha trailing close behind to show. H. Weeks rode Anna Centennial, Miss Wantha Bangs, Minnie Ha Ha.

Visan Wins Third Race

Buddy Maskrid kept Virgin Marsh ahead all the way to win the second race by a length. Elect Jessie, with W. Gonzales up, was second and Chas, ridden by Kipper, was third.

Visan, with Juarez astride, and Conrad, with W. Ricord up, trailed Blondsure in the third. Juarez was suspended in that race for further participation in the day's program when judges ruled he fouled Ricord at the first turn.

C. Warren kicked Hunter Lion into first place in the fifth, with W. Speers bringing Silver Heels in second just ahead of Dr. Jimmie, with Shea up.

Results of yesterday's races at the fair showing horse, sex, age, owner, jockey, and weight.

FIRST RACE

Purse $60, for three-year-olds and older; distance, three furlongs; time, 35.4 seconds.

Winner, Brownie Lee, gelding, 7, F. B. Wade, E. Shea, 114; second, Anna Centennial, mare, 4, E. H. Bacot, H. Weeks, 111; third, Minnie Ha Ha, mare, 9, L. L. Davis, W. Bangs, 111.

Also ran, Lady Luck, Jessie James, Magic Girl, Gage, Baby Doll, Leonard T.

Scratched, Hazel O'Neal, Lucy F.

SECOND RACE

Purse $80, for three-year-olds and older, non-winners at this meeting; distance, four furlongs; time, 51.6 seconds.

Winner, Virgin Marsh, mare, 8, C. Vore, B. Maskrid, 111; second, Elect Jessie, mare, 6, W. O. Harber, W. Gonzales, 111; third, Chas., gelding, 4, S. Lane, P. Kipper, 114.

Also ran, Manitobian, Lileal, Sirloin, Skipper.

Scratched, Walter K.

THIRD RACE

Purse $80, for three-year-old and older, non-winners this meeting, distance, five furlongs; time 61.2 seconds.

Winner, Blondsure, gelding, 6, D. Roberts, P. Kipper, 108; second, Visan, gelding, 8, L. Downard, J. Juarez, 110; third, Conrad, gelding, 9, Burt Thomson, W. Ricord, 108.

Also ran, Martin Barton, Ray Brooker, Shorty B., Polly Shaw.

FOURTH RACE

Purse $150, for three-year-olds and older, non-winners of two races since Sept. 1; distance, six furlongs; time 1:19.2 minutes.

Winner, Dick Dearing, gelding, 7, S. Lane, P. Kipper, 114; second, Contrary, mare, 6, L. Miller, W. Brite, 108; third, Topeka, mare, 6, G. T. Smith, E. Shea, 111.

Also ran, Cold Trail, Cornelia Powell, Scholar Girl, Westko.

Scratched, Say Little, Karnica.

FIFTH RACE

Purse $80, for three-year-olds and older, for beaten non-winners this meeting; distance, six furlongs; time, 1:18.7 minutes.

Winner, Hunter Lion, gelding, 7, L. Howell, C. Warren, 113; second, Silver Heels, gelding, 8, B. H. Banks, W. Speers, 111; third, Dr. Jimmie, gelding, 7, H. F. McKnight, E. Shea, 116.

Also ran, Cimmaron, Bob, Red Banner, Motor Wheel.

SIXTH RACE

Purse $200, for three-year-olds and older; distance, one and one-sixteenth mile; time, 1:54.5 minutes.

Winner, My Betty, mare, 10, L. R. Gilchrist, P. Kipper, 115; second, Chas Kripp, gelding, 8, Paul Triplett, A. Trimble, 115; third, Weedidit, gelding, 6, C. N. Brewer, W. Gonzales, 115.

Also ran, Gay Bird, La Marquise, Star Tex.

Sophomore Back Is Spark For Irish

SOUTH BEND, Ind., Oct. 1. (AP)—Notre Dame's 51st football team, sparked by a classy sophomore and powered by almost a score of hard running ball carriers, rolled over Kansas 52 to 0 today.

The Irish scored in every period to rout the Jayhawks and give promise of producing one of the strongest running games in recent Notre Dame gridiron history.

Something of a rarity in the Irish system, a first year star, played a brilliant role in the triumph. Bob Saggau, six-foot sophomore, broke away for the longest touchdown run of the afternoon, 51 yards and otherwise gave a brilliant account of himself.

Auburn, Tulane Play To Third Straight Scoreless Draw

NEW ORLEANS, La., Oct. 1 (AP)—A scoreless tie for the third straight year was the story of the annual renewal of football rivalry between the Auburn Plainsmen and Tulane Green Wave here today.

Only by presenting a line-up marvelously improved over its weak and unorganized play of the opening game last week, when Clemson won 13-10, was Tulane able to hold Auburn.

Although it is an inland state, Michigan has the longest coastline of any state in the United States.

Miners Turn Back Cadets, 26 To 0

EL PASO, Oct. 1. (AP)—Displaying a crushing offense, College of Mines' Muckers trampled New Mexico Military institute under the sod of Kidd field today, 26 to 0.

A barage of bullet-like, flat passes by Ken Heineman, quarterback start of the Muckers, and his running plays, teamed with backs Buddy Black and Gilberto Salcido, proved too much for the Broncos.

The first touchdown of the game was tallied just six plays after the opening kickoff. The Muckers nearly repeated the feat in the third quarter when, getting the ball on their own 20-yard line, they pushed the ball over the goal in eight straight plays.

Texas Lad Stars In Army's Victory Over Virginia Tech

WEST POINT, N. Y., Oct. 1. (AP)—Army crushed Virginia Tech's outclassed grid team today 39 to 0, with a powerful array of gold-helmeted substitutes running wild against the southerners.

With only one first team player back in the lineup-Woodrow Wilson-the Soldiers broke loose for four touchdowns in the first period and then poured in the substitutes.

Wilson, a Texas boy, contributed a touchdown dash from his own 38.

Jimmy Wilson Resigns Post As Manager Of Phillies

PHILADELPHIA, Oct. 1 (AP) — Jimmy Wilson resigned today as manager of the Philadelphia National league club, declaring his action was for "the best interests of all concerned."

"I have not been approached by anybody," he said, "but I have an idea I can be of value to several clubs and probably will make some connection during the World series."

Bottari Is Star Of Bears' Win Over Washington State

PULLMAN, Wash., Oct. 1 (AP) — California's powerful Golden Bears rolled over Washington State 27-3 today, with brilliant Vic Bottari easily star performer.

The Bear halfback was responsible for three touchdowns in the first half, and after that the second and third strings straggled out from the Bears bench to finish the game.

Professor Wants Attention Of His Students On Cows And Not On Young Woman

Asked not to wear rouge to class, Martha Coody asked the reason of the head professor of animal husbandry at Texas Technological college.

"Because I don't want the students looking at you instead of the cows," W. L. Stangel told her.

Miss Coody, a freshman journalism major from Caddo, is the daughter of a rancher. On the ranch she developed the interest in livestock which prompted her to enter in the agricultural class. She is the only woman student in the animal husbandry class in which she is enrolled.

Santa Clara Unleashes Power To Defeat Stanford, 22-0

PALO ALTO, Calif., Oct. 1 (AP) — Santa Clara, champion of the Sugar Bowl the last two years, opened its 1938 bid for national football recognition today with a stunning 22 to 0 victory over Stanford university.

Some 50,000 fans watched in amazement as Santa Clara completely routed what pre-season dope heralded as one of the strongest elevens to be assembled on the Stanford campus in many a year.

Trapper Finally Gets Famed "Killer Wolf"

BIG LAKE, Oct. 1. (AP)—Elmo Loftin, for 10 years trapper and killer of predatory animals in this section, is credited with the end of a "killer wolf" that cost Reagan county and the ranchmen of this section $2,500 before Loftin shot the animal on the Ben Frazier ranch in Upton county.

During his work as a trapper, Loftin has recorded the killing of 700 coyotes and 85 bobcats.

His record catch for one night was made on the Bar S ranch at Red Barn in 1924 when he caught 14 coyotes. He succeeded in trapping 124 coyotes in this county in one month.

Loftin has had 30 years experience in the work, his first life as a trapper being with an oldtimer named Corbett, who used to trap lobos for the cowmen of this section.

"There's a lot of difference in trapping these days and 25 years ago," Loftin said recently. "The modern coyote is much keener and will evade traps more than he used to do when these animals were numerous and found in bunches of five to ten."

He said today's sheep-killers will travel eight to 10 miles through a sheep pasture and do their killing away from their habitats. Most of the coyote's victims are young lambs and they'll seldom eat on the carcass the second time.

In chasing the champion killer—the wolf on which more than $2,500 was spent—even an airplane was used but the crafty coyote always succeeded in evading the hunters. The plane was furnished by the Big Lake Oil company. When the coyote was finally killed it was found that some toes on its feet were gone.

Loftin says he had dug into many dens to find young coyote pups but that their mothers always succeeded in getting away. To get around this Loftin resorted to placing one or more of the coyote pups in a screen cage as a decoy for trapping the old coyote.

Loftin's greatest catch for one den was a litter of 13 pups found on the Bar S ranch.

Annual Boy Scout Sustaining Club Membership Drive Is Scheduled In City

Goal Of $3,500 Set In Campaign

Announcement that next Thursday has been set for the annual Boy Scout sustaining club membership drive in Lubbock and that most of the campaign organization has been completed was made Saturday by Dr. F. B. Malone, South Plains council president.

Goal of the campaign, he said, will be enough additions to the sustaining club membership roll to provide $3,500 for operation of the Boy Scout movement in Lubbock during the next year. Contributions will be in the form of monthly dues to the sustaining club.

Starts After Breakfast

The drive will start, according to announced plans, immediately after an 8 o'clock breakfast Thursday morning and will be followed by a dinner at 6:30 p. m. Both will be at Hilton hotel.

General chairman of the campaign is Marion Sanford. Subchairmen are Earl Hunt of the advance gifts group; Mrs. Marvin McLarty, of the women's committee, and Charles H. Read and C. H. (Brownie) Hamilton.

Read and Hamilton have been designated as "ranch foremen", and each heads an organization of approximately 40 members designated as "strawbosses" and "wranglers."

"Straw Bosses" Are Named

Read's "straw bosses" are DeWitt Landis, A. T. Cocanougher, C. J. Bell, L. E. Waite and Vernon Herndon. One is yet to be named. Those directed by Hamilton are Dr. Marshall Harvey, J. F. Maisen, Ed Allen, H. B. Bryan, Ray Farmer and Ralph Brock.

Serving on the advance gifts committee are George Kuykendall, M. B. Hilburn, Altus Sansom, O. A. Terry, Robert Wright, Neil Wright, A. C. Jackson, Earl Collins, Ted Tips, Guy L. McAfee, J. L. Quicksall, Harold Griffith and Charles Tinney.

The foreman of the winning "ranch team," as scored on a point basis, will be privileged to clip the shirt tail of the losing foreman, the winner to designate the time and place as he may choose.

To Reach Under-Privileged

The scout budget this year, Dr. Malone said, contemplates especially the reaching of under-privileged boys as well as increased organization activity among cubs and senior scouts. Two negro troops now are in process of organization and a Mexican troop will be formed in the near future, he said.

Organization of numerous cub packs will be made possible, he announced, because two field executives have been employed to assist Earl M. McClure, council executive, instead of the one who has been on duty the past two years. The field workers are Donald A. Petersen and George A. Holland.

Headquarters In Plainview

Holland will devote all his time to counties in the northern part of the council and will make his headquarters in Plainview. Mrs. Holland and their two sons, aged 4 and 6 years, respectively, will make their home in Plainview.

Petersen will spend one week of each month in Lubbock, working with cubs. The remaining three weeks will be spent in counties in the southern part of the council.

McClure, additional to supervising all activities in the council, will spend most of his time in Lubbock.

Petersen is to attend a district court of honor in Post Methodist church at 8 o'clock Monday night. Rev. R. Q. Quattlebaum is court of honor chairman there.

ANNOUNCE FAIR AWARDS

Lubbock troop No. 3, sponsored by the First Baptist church, was announced Saturday as the winner of the $10 first prize for the best exhibit at the Panhandle-South Plains fair this year. Second prize of $7.50 went to troop 12, sponsored by Sanders school, and third prize of $5 to troop 4, sponsored by First Presbyterian church.

Winners of handicraft exhibit prizes were announced as being: Troop 2, Lubbock First Methodist church, first in metal work and woodcarving; troop 3, first in Indian lore; troop 4, second in Indian lore; troop 5, Lubbock First Christian church, first in first aid; troop 6, sponsored by Cumberland Presbyterian church, first in safety; troop 7, Lubbock Asbury Methodist church, first in pioneering; troop 8, American Legion, first in leathercraft; troop 9, Lubbock First Baptist church, second in photography; troop 12, first in woodwork; troop 13, Kiwanis club, first in taxidermy; and troop 57, Floydada Christian church, first in photography and electricity.

General Chairman

MARION SANFORD

Crop Is Magnet To Unemployed

Black and brown and white boys and girls are here from not only all section of Texas, but from states, to help harvest the South Plains cotton crop from an estimated 1,350,000 acres.

The past week or 10 days has seen a sudden influx of pickers. They came by truck, car, thumb route and by side-door Pullman.

Early morning motorists have seen the smoke of roadside camp fires, as those on the road made breakfast and then broke camp—headed for the South Plains.

Come From Compass Points

Mexicans are coming from South Texas, around San Antonio, in big trucks. They come by families and groups, children big enough to pull a sack. Many have babies in arms.

Grandfather and grandmother and the third generation all seem to get a kick out of the trip. Mexican groups are notably happy and carefree. The young women and the young men enjoy the informality of the journey.

With gaily colored dresses, many with bright kerchiefs about their heads, the Mexican women are easily distinguishable at a distance.

One popular method of picking work is for a Mexican who is well versed in American language and habits to work up a party of 10, 20 or 30. He makes a deal with a farmer to work a definite number of men, weigh the cotton and guarantee weights to stand up at the gin and to pay off each worker. In this way the farmer is saved the bother and time of dealing with 20 or 30 hands. He deals only with one.

Mexicans Vs. Negroes

A nominal charge is made, generally $1 a bale. Numerous Mexicans last year were said thus to have made a good living.

Mexicans camp together. There may be half a dozen car loads, or a truck load or two, in a camp. Others join.

Towns used to having Mexican labor prepare for their coming by hiring clerks and employes who have a knowledge of Spanish to wait on the new residents. Spanish signs and advertisements are tacked up.

This year's crop will not be nearly so large as last year's. Guesses as to the number of Mexican pickers who were here for the 1937 crop vary, but as many as 50,000 Mexicans were probably around.

Negroes, as a rule come to the area later than white pickers or Mexicans. Number of farmers preferring negro pickers to white is relatively small.

However, one Idalou farmer said last fall, "I know how to talk to a negro; I don't know how to begin to talk to a Mexican so he can understand me."

Beginning in October, Texas State employment service hopes to be able to operate several concentration camps in this area to handle transient pickers.

Better Farming Methods Used

(By Staff Correspondent)

MORTON, Oct. 1. — Cochran county has had three major agricultural objectives and through the cooperation of farmers and ranchers, substantial progress has been made during the past two years, Roy Hickman, county agent, said.

"We have sent soil conservation to control wind erosion of land, improvement of swine by the use of registered boars and gilts for foundation herds and the improving of dairy herds by use of registered bulls," he explained. "I think we have made substantial progress. This is a new county, agriculturally speaking, especially in diversification of crops. It was formerly mostly a ranching area."

Of the 140,000 acres of crop land, most of which is north of the Bledsoe branch of the Santa Fe which cuts the county almost half in two, more than half was contoured or terraced this year, said Hickman. A total of 72,000 acres contoured and 2,000 or more terraced, was reported by farmers.

Registered Stock Bought

"We will have over 20,000 acres of sudan grass stubble left on the ground after harvest, for a cover crop to conserve soil by preventing blowing, he explained.

"Our 4-H club boys have purchased pure bred or registered stock for their pig clubs. Nearly all the animals are either registered gilts of boars. Some farmers bought registered stock and sold gilts to the boys, at low prices.

"W. E. Angley, a farmer living south of town, has a registered Chester White boar, that took first place last year at the Lubbock fair, that he is permitting club boys to use without service charges.

Production Is Increased

"Four farmers, John Lynch, Raymond Grinstaff, J. N. Bryant and Joe Campbell, have made a good start towards registered milk herds. All of them have an all registered herd, not as large as some, but all animals have good milk production records.

"Club boys also are getting into the registered class. These men and others have sold registered heifers.

There are 9 registered bulls in the county. All of them are being used on herds to improve the milk production. We are getting a much better production record now than we have ever had."

Hickman said the farmers of the county are cooperating the general improvement program. More than ever are joining in one or more types of better farming methods.

It has been estimated that 25 miles underground the earth's temperature is 2200 degrees Fahrenheit—more than enough to melt metals or rock.

Makes Sure No Beer Is Lost

BEER CHASER for his daily meals—that's what Joey, the groundhog, demands of his master, A. W. Hanson who owns a filling station at Smithton, Ill. And he uses his paws to make sure no beer is lost between bottle and mouth.

Silos Being Filled With Weeds, Just Any Old Kind

(By Staff Correspondent)

SEAGRAVES, Oct. 1. — A. M. Brownfield, pioneer rancher of Terry county, has leased the Reed & Snyder feeding pens and location here from Fred Snyder of Lubbock and about Nov. 1 will begin feeding 2,500 or more head of cattle.

"We have already begun to fill the silos," Brownfield said in an interview here, while on an inspection trip. "I am enlarging them, making them 14 feet deep and I think we will be able to put in from 6,000 to 7,000 tons of ensilage.

"I plan to feed about 150 days. Some cattle will be finished before then, I expect. I will probably feed as long as the ensilage lasts."

No Cockleburrs

Brownfield is using dynamite to break up the hardpan in the bottom of the silos to deepen tehm. He has blasted most of them.

Jim Williams, well known rancher here, is his representative and is buying feed. Corn, maize, kafir, cane, hegari and other feeds are being bought, delivered at the silos.

"I told Jim to buy any green feed, thistles, tumbleweeds and even blue weed, but not to buy cockleburrs," Brownfield said.

Brownfield plans to make regular trips, probably daily, to Seagraves to watch the work. As soon as he starts feeding he will need five or six men for the rest of the time, he said. Local men will be used.

MORE THAN A YEAR

HUNTINGTON, Ind. (AP)—A fire believed started by a cigarette July 18, 1937, is still smoldering in a peat deposit east of this city.

The fire burned over a spot fifty feet long and 25 feet wide despite the water that pours on it from nearby hills and gullies.

Alfalfa first was cultivated in Europe more than 2000 years ago.

Plans Made For Session In City

Program has been completed for the annual fall meeting of the Texas section of the American Civil Engineers to be conducted in Lubbock Oct. 28-29, said J. H. Murdough, head professor of civil engineering at Texas Technological college and chairman of the local arrangements committee for the convention.

Approximately 150 are expected to attend.

Speakers will include J. T. L. McNew, president of the Texas section, professor of highway engineering at Texas A. and M. college; Marlin R. Smith, jr., Lubbock city engineer; W. D. Twitchell, San Angelo; Carl F. Izzard assistant highway engineer, U. S. bureau of public roads, Austin; Winfield Holbrook, vice president and general manager of the Texas Land and Development company, Plainview; Hans Kramer, captain corps of engineers, district engineer, Conchas dam, in New Mexico.

Members of arrangement committees other than Murdough, are G. W. Parkhill, vice chairman, H. N. Roberts, program; Lon C. Ingram, transportation and accommodations; O. V. Adams, dinners and luncheons; E. C. Woodward, C. S. Lambie, C. S. Henning, F. L. McRee, J. E. Taylor, E. F. Pilley, Hugh Field, W. H. Garrett, Frank M. Garrett, and Frank Ogle; and the following members of the women's arrangements committee: Mrs. Smith, chairman, Mesdames Roberts, Field, Ingram, Parkhill, and Murdough.

Each Inch Of Rainfall Held By Contour Rows And Level Terraces Brings In New Income Of $3.69 Per Acre In Eleven-Year Test

COLLEGE STATION, Oct. 1. — Each inch of rainfall held on the land by contour rows and level terraces resulted in an extra new income of $3.69 per acre a 11-year test has shown.

In 1927, at the request of M. R. Bentley, agricultural engineer of the Texas A. and M. college extension service, and others, the agricultural experiment station set up at the sub-station at Spur, under the direction of R. E. Dickson, two comparable 10-acre field areas, one of which was terraced and the other with the rows running down the slope.

Terraces Of Level Type

The blocks consisted of Abilene clay loam soil with a slope of 6 inches in 100 feet. The terraces were of the level type spaced at vertical intervals of 12 inches and had the ends closed to hold the water.

Measuring devices installed at the bottom of the slope revealed that there was no runoff from the terraced field while there was a 11-year accumulated run-off of 23.36 inches, or an average of 2.12 inches a year, from the unterraced area.

The terraced field, over the 11-year period, returned an annual average of 66.1 pounds of lint and 123 pounds of seed per acre above the yield of the second area. Figured at 10 cents a pound for cotton and $20 a ton for seed, the increased yield had an average value of $7.84 a year.

The 11-year total acre gross income of the terraced field was $220.89, while that of an acre with the rows running down the slope was $134.56. The difference in gross income per acre was $86.23 in favor of the terraced area.

Bentley estimated that more than half of the 10 1-2 million acres of Texas crop land terraced or contoured under the leadership of county agricultural agents to date is of the level type, which is especially suited to the condition of the Plains country.

Waves reach heights ranging from 25 to 50 feet during the more turbulent storms at sea. The highest wave ever recorded reliably was 80 feet, and was seen in 1922.

The "world's largest Bible," completed in Los Angeles after two years of work, weighs 1100 pounds, contains 8048 pages, and measures eight feet across.

Christians Trounce Arkansas; Rice Is Upset By Sooners

Frogs Outshine Hogs At Pass Game, 21-14

By DAVE CHEAVENS
Associated Press Staff Writer

FORT WORTH, Oct. 1.—Superb passing and superior line play gave Texas Christian university Horned Frogs a 21 to 14 edge over the University of Arkansas in the Southwest.

The Christians were not as closely pressed as the score would indicate and totalled 15 first downs to Arkansas' four. TCU lost no time running up a two touchdown lead in the first period, featuring little Davey O'Brien's passes, and tallied again in the third. Arkansas scored first in the third period, and again in the final against the Horned Frog second team.

Passes, Line Play Standout

Passes accounted for both Arkansas tallies and for two by TCU. The lanky lads from Ozarks showed their inexperience and only performed brilliantly in spots. The bulky Texas forward wall outplayed the bigger Arkansas line.

The game was only a few minutes old when the Horned Frogs started a touchdown drive in midfield alternating substantial running gains with passes. The first pay-off was a 13 yard toss from O'Brien to Clark, and O'Brien neatly added the extra point from placement.

O'Brien took advantage of Kline's interception of a pass on the Arkansas 20, and threw one straight at Clark on a fast run, who was downed on the Arkansas 2. Sparks punched through center for the score, and O'Brien made good the point.

O'Brien Flashes Again

Arkansas's first score came soon after the opening of the second half. Kay Eakin, who did most of Arkansas' passing, threw 20 forward to Hickey, who then lateralled to Hamberg, for a net gain of 48 yards. Eakin passed to Britt over the goal line for the score and Simington place kicked the point.

The Texas Christian offense went back into action. O'Brien bounded through the Arkansas defense for 31 yards, then lateralled to Sparks who dashed over the goal line, and O'Brien place kicked the point.

The Frogs second team went back in the game in the third, and Odle dropped the ball but recovered, and kicked out from deep in his own territory to the Arkansas 48. Then Eakin drove a beautiful pass down the field to Freiberger, a gangling end, for a touchdown and Miller added the point.

Lineups:

ARKANSAS	Pos.	T. C. U.
Britt	LE	Williams
Singer	LT	Hale
Thorpe	LG	Kline
Woodell	C	Aldrich
Simington	RG	Sherrod
Stallings	RT	White
Hickey	RE	Looney
Larimore	QB	O'Brien
Scalet	LH	Clark
Eakin	RH	Hall
Cole	FB	Sparks

Score by periods:

Arkansas	0	0	7	7	—14
T. C. U.	14	0	7	0	—21

Scoring:

Arkansas—Touchdowns: Britt (pass from Eakin), Freiberger (pass from Eakin). Point after touchdown: Simington (kick from placement), Miller (kick from placement).

Texas Christian — Touchdowns: Clark (pass from O'Brien), Sparks, 2 (one on pass from O'Brien); point after touchdown: O'Brien 3 (kicks from placement).

Officials: Referee Holton, Notre Dame; Umpire Mahan, Texas Aggies; Head Linesman, Cobb, Georgia Tech; field judge, Buchman, Missouri Wesleyan.

Jack Hagen Grapples Walter Stratton In Main Go Wednesday

Walter Stratton, the Boston strongman, and Shreveport's butcher boy, Jack Hagen top Wednesday night's wrestling card at the Auditorium.

Preliminary matches start at 8 o'clock this week instead of 30 minutes later, as has been the case during the summer. The new hour will continue through the winter season.

The Stratton-Hagen match should be fast and thrilling.

John Nemanic and Joe Kopecky come to grips in the semifinal. Nemanic has made himself rather unpopular with the South Texas through his refereeing and the match should develop into a natural.

A newcomer from Fort Worth, Jack Hendrix, makes his debut against Scotty Williams in the opening match.

Trojans Take Opener From Oregon State

LOS ANGELES, Oct. 1. (AP)—University of Southern California opened its Pacific Coast conference football drive today, marshalling enough force late in the third quarter to squeeze out a 7 to 0 triumph over Oregon State college.

Methodists Crush Arizona, 29 To 7

By WILLIAM T. RIVES
Associated Press Staff Writer

DALLAS, Oct. 1.—Southern Methodist university calmly inspected the Arizona defense today for one period, allowing a touchdown in the process, and then ran over the enemy in startlingly simple fashion to win, 29-7.

The Mustangs started slowly and Arizona shoved them around. In the second period, however, Southern Methodist mobilized its offense, scoring a touchdown and a field goal, and in the final period the Methodists picked up points much as they pleased.

Arizona showed up well in spots with its huge linemen and three hard-driving backs, Nielson, Smilanich and Randall, but lack of consistency was costly.

Brilliant Run Unreeled

Arizona drew first blood late in the opening period. After a weak Mustang kick, Arizona took possession on its 30. Smilanich twisted through the entire opposing team for a touchdown on a brilliant 60-yard scamper. He crossed the line standing up. Svob converted.

Bob Bellville, Methodist back, quickly put his mates back in the running in the first five minutes of the next quarter with a field goal.

Clement's pass to Dewell just before the half ended gave the Mustangs their first touchdown. From his own 48, Clement spotted Dewell sneaking down the side line, hit him with the aerial, and Dewell was off for a 30-yard touchdown run. George Sanders failed to convert.

Then Ponies Stampede

One of SMU's snaky laterals started the fourth period deluge. Bearden to Patterson to Mallouf was the combination, with Mallouf, ace passer, easing over in the far corner around left end. Sprague kicked point.

Within a few minutes, Mallouf's aerials and Bearden and Jackson's line ramming pushed the ball to the enemy 16 yard line. Mallouf faked a pass, lit out for a coffin corner, and barely made it safely. Sprague missed try for point.

The final score came after a comic episode. Randall of Arizona intercepted a Mustang pass but juggled the ball. As it bounced in his hands, Dill of SMU, grabbed it and got down within scoring range. On a reverse, Brown went over right end for about 15 yards and the tally. Bellville converted.

Minnesota Tops Nebraska, 16-7

MINNEAPOLIS, Oct. 1. (AP)—A powerhouse Minnesota outfit thundered over Nebraska's Cornhuskers today, winning 16 to 7 through a blasting first half drive that netted two touchdowns.

The Cornhuskers battled desperately but managed to score only through a spectacular play that saw halfback Jack Dodd grab a third quarter Minnesota fumble and race 91 yards for a touchdown.

Minnesota produced too much smashing power right at the start. In seven plays Coach Bernie Bierman's Big Ten champions ripped through for the first score, with Wilbur Moore slashing the final nine yards around end.

Gophers Take Lead

Going into the second period with a 7 to 0 lead, Minnesota through a pass interception started from Nebraska's 47.

It finally was first down on the Nebraska nine and in two quick thrusts halfback George Franck shot over for the second score.

Early in the fourth, Nebraska stopped a Minnesota drive on its 16 and took the ball. Porter tried a shovel pass to Dodd who fumbled the ball. It was downed back of the goal for a safety, making the score 16 to 7.

Luckman Stars As Columbia Defeats Elis, 27 To 14

NEW HAVEN, Conn., Oct. 1. (AP)—Sid Luckman paced Columbia's light blue eleven to a smashing 27 to 14 triumph over Yale today before 35,000 fans.

Backed by a sturdy, dogged eleven which blocked from him furiously, the Lions' senior halfback scored one touchdown and set up three others.

BLUES BEAT BEARS

NEWARK, N. J., Oct. 1 (AP)—Behind the five-hit pitching of Southpaw Kemp Wicker, the Kansas City Blues of the American association blanked the Newark Bears of the International league 3 to 0, today in the first game of the Little World series.

Louisiana State Crushes Texas By 20 To 0

By RAY NEUMANN
Associated Press Staff Writer

AUSTIN, Oct. 1.—A University of Texas eleven which amazed 17,000 fans by roundly outplaying Louisiana State in the first half collapsed thereafter while the powerful Tigers rampaged to a 20-0 victory here today.

Deceptive ground play and aerial wizardry baffled the Texans in the final half, the power-packed Louisiana club scoring twice in the third and adding another in the fourth.

Louisiana scored first in the opening minutes of the third after fullback Wallace Lawson, of Texas fumbled and gave the Tigers the ball on their own 38. Halfback Young Bussey tossed a hard one to Big Kenneth Kavanaugh, Louisiana end, who shook off a couple of tacklers and raced 48 yards for the counter. The gain totaled 63 yards. Barrett Booth placekicked extra point.

Tigers Show Versatility

The Tigers tallied again when halfback Robert Fife ripped off 43 yards on two well-executed off-tackle slices, placing the ball on Texas' 3-yard line. Sophomore John Crabtree, 200-pound back, plowed over right tackle, but Booth's placekick failed.

The third LSU score came the hard way. A 49-yard drive came to a grinding halt on the Texas 34 and Ashford Simes punted out of bounds on the Longhorn 6. Lawson's boot went wide, going out on the Steers' 13.

Jake Staples, Louisiana's potent line-crasher, smashed his way to the Longhorn 7 on two tries after which Fife overheaded to Kavanaugh behind the line. Milner passed to Kavanaugh for extra point.

Texas Threats Bog

Texas threatened in the second after Bussey fumbled while trying to punt and Mike Sweeney nailed him on the Tiger 39. Aerials, Bryan to Sweeney and Lawson to Peterson, carried the ball to the LSU 12. It was Crabtree who intercepted another pass on his own 4 and the Tigers punted to safety.

The Longhorns staged another rally a few minutes later after holding the Tigers to short gains and taking the ball on their own 35. Sophomore Gilly Davis ripped off several gains but Bruce Hendrick of the Tigers snagged a pass on the Louisiana 3-yard stripe to halt what proved to be Texas' last drive.

Temple Is Easy Mark For Pitt Panthers

PHILADELPHIA, Oct. 1. (AP) — Throwing only one forward pass, Pittsburgh's powerful football team ripped Temple's line to shreds today to score an easy 28 to 6 victory.

Although outgained in first downs, 14 to 12, the Panthers scored within the first four minutes of play after blocking a Temple kick and then went on to amaze a crowd of 40,000 with their powerful off tackle slants and end runs.

Dick Cassiano did most of the ball carrying, scoring twice in the first period on 10-yard sweeps around end.

DECATUR WINNER

DECATUR, Oct. 1. (AP)—Decatur Baptist college, using an aerial attack, defeated Westminister college here last night 14-0.

Fritz Crisler Gets Good Start At Michigan; Pitt Wins

By HERBERT W. BARKER
Associated Press Sports Writer

NEW YORK, Oct. 1—Minnesota's Gophers and the Pitt Panthers put on another smashing football show today as Fritz Crisler's regime at Michigan got away to a brilliant start.

Back in Big Ten territory after successful duty at Princeton, Crisler uncovered a sound, well-coached Michigan array which whipped Michigan State for the first time in five years, 14-0, as a monster crowd of 82,500 looked on.

Minnesota Wins On Power

Meanwhile, Minnesota, which had stressed speed and alertness in winning from Washington last week, poured on sheer power against Nebraska and romped to a 16-7 decision.

Pitt, impressive in its opener against West Virginia, outclassed Temple, 28-6, as Dick Cassiano ran to two touchdowns.

As a matter of cold fact, not for years has play followed form so closely as today. The only real surprises were sprung by Tom Stidham's Oklahoma Sooners, who stopped highly touted Rice, 7-6, and Tuss McLaughry's long-suffering Brown Bears, who shocked Harvard, 20-13.

In the middle west, Ohio State, outplayed most of the way, scored a single touchdown in the final quarter on a pass from Jim Sexton to Don Scott, and nipped Indiana's powerful Hoosiers, 6-0.

Chicago Plays To Tie

Other Big Ten schools, save only for Chicago, chalked up non-conference victories. Northwestern tripped Kansas State, 21-0; Wisconsin buried Marquette, 27-0; Purdue trounced Butler, 21-6; and Illinois swamped DePaul, 44-7. Chicago played a scoreless tie with Bradley Tech.

Notre Dame, with a flock of fast backs in operation, ran up a 52-0 count on Kansas.

The eastern program was marked by a spectacular triumph as Columbia, sparked as expected by Sid Luckman, scored over Yale, 27-14. Cornell, playing conservatively after getting a first half lead, turned back Colgate, 15-6. Penn and Penn State both hung up surprisingly one sided victories, the former over Lafayette, 34-6, and the latter over Maryland, 33-0.

Service Teams Victorious

Both service schools scored handily over Southern conference rivals. Army ran over Virginia Tech almost at will, 39-0, and Navy ran up a 26-0 count on Virginia Military. Princeton looked good in a 39-0 rout of Williams.

In the southwest, Texas Christian's brilliant array toppled Arkansas, 21-14, in a conference fray as Southern Methodist topped Arizona, 29-7, and Texas A. and M. won over Tulsa, 20-0. Texas, however, was soundly beaten by Louisiana State, 20-0.

Tulane and Auburn, infringing on a Pitt-Fordham copyright, played their third successive scoreless tie in a Southeastern conference game. Tennessee and Georgia gave the Southeastern conference triumphs over the Southern. Tennessee beat a good Clemson team, 20-7, while Georgia just squeezed through against South Carolina, 7-6.

Duke and North Carolina moved ahead in the Southern conference as the Blue Devils tripped Davidson, 27-0, and North Carolina toppled North Carolina State, 21-0.

Stanford Bows To Broncs

In the far west, Santa Clara's Bronchos revealed amazing power in a 22-0 rout of Stanford as California, Oregon and Southern California won Pacific Coast conference decisions. California ripped through Washington State, 27-3; Oregon nipped U. C. L. A., 14-12, and Southern California stopped Oregon State, 7-0. Washington was held to a tie by tough Idaho, 12-12.

Missouri took a 14-7 decision from Colorado of the Rocky Mountain conference.

ILLINOIS' BEATS DEPAUL

CHAMPAIGN, Ill., Oct. 1. (AP)—Illinois' 1938 football team, stopped last week by Ohio university, came back here today with a 44 to 7 win over DePaul university of Chicago.

Red Raiders To Get Royal Welcome On Return Here; Play Goldbugs Saturday

In the glare of a spotlight, Texas Tech's Red Raiders will make a triumphant return to Lubbock at 10 o'clock tonight.

Cheers and band music will greet the team that Friday night defeated the Duquesne university Dukes, 7-6.

James Huffman, president of the student body, said Saturday afternoon plans were to direct a spotlight from the top of the Santa Fe station to the door from which the team will leave the train. Coaches and players will be introduced.

Band To Furnish Music

Freshmen and members of the Saddle Tramps, cheering unit, will carry squadmen on their shoulders to waiting bus or automobiles. The Matador band will furnish music.

Approximately 1,000 are expected to be at the Santa Fe station when the train arrives. Huffman asked that students and as many Lubbock residents as can be on hand to welcome the team home.

The Raiders Monday afternoon will get down to the business of preparing for Saturday night's contest with the Oklahoma City university Goldbugs at Tech stadium. It will be the third home game of the season for Tech.

Second Win Over Dukes

Bruises probably will be given time to heal, with hard work not coming until Tuesday.

The victory Friday night was second straight over the Dukes. The Raiders were on the long end of a 13-0 score here last year.

Tickets for the Goldbug game are on sale at Hub clothiers, Mark Halsey No. 2, Tech drug, and Lubbock hotel drug. Prices are $1.65 for reserved seats and $1.10 for general admission.

Parents will be honored that day and at the game. They may secure reserved seats in a special section by registering at the girls' dormitory on the campus anytime Saturday.

Mayor Buys First Ticket

ODESSA, Oct. 1—As Mayor E. L. Farmer of Odessa bought the first tickets here for the Texas Tech-Texas School of Mines football game to be played on the local gridiron Oct. 22, Principal Taylor M. Rushing of the Odessa schools, in charge of game arrangements, presented him with this large souvenir ticket, inaugurating sales for Odessa's first college football game. In addition to Mayor C. E. Slaton and Mrs. Slaton, of Lubbock, Farmer will invite as his guests Mayor H. D. Harlan and Mrs. Harlan of El Paso and Governor-Nominate W. Lee O'Daniel and family of Fort Worth.

Farmers Bowl Over Golden Hurricanes On Tyler Grid

By HAROLD V. RATLIFF
Associated Press Sports Writer

TYLER, Oct. 1.—A hard charging, vicious tackling Texas A. & M. college football team didn't need its "Crowell Cyclone" to blow the wind out of the Tulsa Golden Hurricane here today, but he gave it a fine start with a first quarter touchdown as the Cadets downed the Oklahomans 20-0.

Dick Todd, the driving, crashing half back who is aiming at all-American honors, played only part of the first quarter but scored where others had failed and did much to break the spirit of the Hurricanes.

14,000 Attend Game

The Aggies struck in the third and fourth periods for their other touchdowns, giving a crowd estimated at 14,000 an able exhibition of power and defensive play. The game was played as the climaxing feature of the annual Texas Rose festival.

End runs by Todd and Owens Rogers and a series of passes swept up the field in an 80-yard parade. On the two yard line, however, Walemon Price was thrown back three times as he plowed into the line. Todd then circled right end for the touchdown and added the extra point.

Pass Nets Touchdown

A 15-yard pass from Price to Bill Conatser brought the second touchdown. The Aggies gained the ball after Joe Boyd, 215-pound tackle, crashed through to partially block Morris White's punt. A Tulsa player fell on the ball but it went to A. & M., because it had passed the line of scrimmage and was not ruled a blocked punt. Rogers kicked the extra point.

The Aggies pushed deep into Tulsa territory time and again in the fourth quarter, finally scoring on Price's pass over the goal line to end Bruno Schroeder. Price's touchdown heave was for 25 yards and Schroeder took the throw between two Tulsa players vainly attempting to bat it down. Rogers missed the extra point.

Starting lineups:

TEXAS A & M	Pos.	TULSA
Britt	LE	R. Gregory
Boyd	LT	Thomas
Audish	LG	Hickman
Coston	C	Adams
Steffens	RG	F. Gregory
Ransom	RT	Sas
Shroeder	RE	McKibbin
Rogers	QB	Thompson
Todd	LH	White
Price	RH	Farmer
Thomason	FB	Scholl

Score by periods:

Texas A. & M.	7	0	7	6	—20
Tulsa university	0	0	0	0	—0

Scoring: Texas A. and M., touchowns, Todd, Conatser, Scroeder.

Point after touchdown — Todd (from placement), Rogers (from placement).

Referee, Kinney (Mississippi State); umpire, Dayvault, (Texas); linesman, Swartz (Rice); field judge, Farris, (Arkansas).

Westerners Get Needed Respite

The Westerners returned to town late Saturday afternoon a bit travel weary and downcast over loss Friday night to Capitol Hill at Oklahoma City, but happy over the prospect of a rest this week after three hard games.

Coach Weldon Chapman was satisfied with play of his charges although he feels "we should have won." He felt that the Westerners, despite the absence of Rusty Johnston, outplayed the Sooners.

No Game This Week

Everyone came through the game in good condition and minor bruises will be allowed to heal fully before the next scheduled game. No game is on the high school slate this week. Next contest is with the strong Vernon Lions on the local grid Oct. 14.

A lot of time will be spent during the next two weeks grooming Jack Lovin, J. B. Privitt and Howard Martin for Johnston's place in the backfield. Lovin handled the assignment commendably at Oklahoma City.

Physicians feel that Johnston will be recovered from an appendectomy performed Thursday night at Wesley hospital in the Sooner city in time to participate here Thanksgiving against Amarillo. No complications have set in and his condition has been described as satisfactory.

Borger, Plainview Tangle

It is probable that he will be brought home the latter part of this week or the first of next.

The Sandies, described by Amarillo writers as the class of District 1, have a Saturday night engagement with Capitol Hill at Butler field. Borger and Plainview tangle in a conference fracas on the latter's field.

Plainview already has recorded one district victory, that against Lamesa. It is Borger's first titular start.

The in-and-out Pampa Harvesters entertain Lawton, Okla., High school Friday night, while the Golden Tornadoes journey to El Paso to play Bowie High.

Four One-Point Losses

Aside from the Lamesa-Pampa scoreless deadlock at Lamesa, every district team suffered a one-point setback Friday night.

By 14 to 13 scores Lubbock lost to Capitol Hill and Borger was beaten by Childress. Oklahoma teams made it a clean sweep when Hollis defeated Plainview, 7 to 6, and Classen (Oklahoma City) stopped Amarillo by a like margin.

VOLS DEFEAT CLEMSON

KNOXVILLE, Tenn., Oct. 1. (AP)—Tennessee's Volunteers soared from behind today to hand scrapping Clemson college a 20 to 7 setback.

Local Polo Clubs To Battle Here Today

Lubbock's two polo teams meet at 4 o'clock this afternoon in a game at the Panhandle-South Plains fair field.

Lubbock Polo club and Smith brothers promise to put on one of the fastest exhibitions seen here this year. The latter quartet has improved vastly since organizing late in the summer.

It will be the last game here before the Lubbock club goes to Albuquerque Oct. 13 and 14 to participate in a tournament at the fair there.

Admittance charge will be 25 cents. Cars may be driven into the north side of the field.

CORNELL DOWNS COLGATE

ITHACA, N. Y., Oct. 1. (AP)—Cornell's highly regarded football team opened its season with a 15-6 victory over Colgate today as Brud Holland, all-America end, and Ken Brown, reserve fullback who weighs only 170 pounds, reeled off touchdown runs of 57 and 53 yards.

Vaunted Passing Attack Of Owls Halted By OU

By FELIX R. McKNIGHT
Associated Press Staff Writer

HOUSTON, Oct. 1.—Quiet Raphael Boudreau, an amazing gentleman who has never missed a try-for-point in three years of college play, delivered the goods again today and Oklahoma's Sooners upset vaunted Rice institute, 7-6, while 18,000 stunned, perspiring fans gaped.

One of those bench heroes who earns his glory with only a few seconds play each Saturday afternoon, Boudreau trotted out just before half-time and slammed across the winning point after substitute Howard McCarty had spun across from the 18-yard line for the touchdown.

Reserves Show Class

Boudreau supplied the clincher but two great ends, Capt. Roland Young and John Shirk, supplied the antidote for Rice's heralded two-man riot of Ernie Lain and Ollie Cordill with a smashing game that smothered their aerial antics.

Second stringers had a great day, Otis Rogers, reserve back, injecting life into the offensive in a late second period drive that wiped out Rice's six-point lead and furnished one of the day's big upsets. Never considered a passer, Rogers qualified today with heaves to Jennings and McCarty that carried Oklahoma from the Rice 43 to the one foot line.

There Rogers fumbled a bad pass from center but recovered on the 10. His fourth-down pass was intercepted on the one-foot line and Rice kicked out to their 33. A 15-yard holding penalty shoved Oklahoma along and then McCarty clasped a lateral from reserve back Favers and wiggled 18 yards for the touchdown.

Waspy, 150-pound Doug (Scat) Sullivan, the 226-pound Lain's understudy, was the spark behind Rice's second period score. On the first play after replacing heat worn Lain, Sullivan wound up and delivered a 16-yard aerial to substitute Hugo Stevens. Sullivan, catapulting into the Big Sooner line, moved on down to Oklahoma's 15-yard line and on five successive blasts off the tackles finally went over for the score.

Fullback Jake Schuehle was wide on his conversion attempt.

Lineups:

OKLAHOMA	Pos.	RICE
Shirk	LE	Hager
Duggan	LT	Hines
Stevenson	LG	Haner
Speegle	C	Arthur
Thomas	RG	Landry
Bowers	RT	Green
Young	RE	Williams
Crowder	QB	Vestal
Seymour	LH	Lain
Corrotto	RH	Cordill
McCullough	FB	Scheuhle

Score by periods:

Oklahoma	0	7	0	0	—7
Rice	0	6	0	0	—6

Oklahoma scoring: Touchdown—McCarty. Point after touchdown—Boudreau (from placement).

Rice scoring: Touchdown—Sullivan.

Officials: Higgins (SMU), referee; Stark (Kansas Aggies), umpire; Bedford (SMU), head linesman; Lookabaugh (Oklahoma A. and M.) field judge.

Tahoka, Post Take Class B Spotlight

A conference game is slated this week in District 5, Class B, as seven of nine teams swing into action.

Headlining district play will be the Post-Tahoka engagement at dedication ceremonies for Tahoka's new lighting system Thursday night. Fans have rallied to a year-in-and-year-out lack of football spirit there and have installed arcs for night play.

Teams Are Improved

The Bulldogs and Antelopes battled for the cellar position last year, but both have shown vast improvement this season.

Crosbyton journeys to Levelland to tackle Coach Bill Stevens' Lobos in another title contest. Levelland is handicapped by loss of three players, who may be back in harness this week.

Brownfield goes to Jal, N. M., for an inter-state game, while Ralls travels to McCamey. Olton will be favored in a Saturday night mill with an inferior Lubbock Cowhand eleven at Olton.

Brownfield Beats Ralls

Two games are on Coach Stump Hamilton's card at Slaton. B teams of Ralls and Slaton play Tuesday, with the regular Tiger team engaging White Deer Friday.

Brownfield was victor, 12 to 7, over Ralls Friday night. Littlefield succumbed to a devastating attack at Wink, and the crippled Levelland eleven was beaten by Cooper, 15 to 2.

Olton defeated O'Donnell, 12 to 0, and Post lashed the Lubbock Cowhands by a similar score.

Ohio State Emerges Victor Over Hoosiers, 6 To 0

COLUMBUS, Ohio, Oct. 1. (AP)—Ohio State's gridders, hardly the "Scarlet Scourge" of former years, took a long step toward the Western conference title today by defeating the Hoosiers of Indiana, 6 to 0 before a record opening day throng of 67,397.

The Bucks were outgained through the air and on the ground.

NAVY TROUNCES VMI

ANNAPOLIS, Md., Oct. 1. (AP)—An air-minded navy football team passed the first important test of its gridiron strength with flying colors today, trouncing Virginia Military institute, 26-0.

Chicago Clinches National League Pennant; Atlanta Wins Third Straight

Cubs Gain Split In Double Bill With Redbirds

(By The Associated Press)

SPORTSMANS PARK, St. Louis, Oct. 1.—The Chicago Cubs, crippled but courageous, sewed up their third National League pennant in seven years by plastering the St. Louis Cards, 10 to 3, in the second game of a wild-eyed double header here today while their last rivals, the Pittsburgh Pirates, were bowing in Cincinnati.

The victory, scored in a 17-hit attack on four St. Louis pitchers, placed Gabby Hartnett's scrappers two full games ahead of the Pirates and placed tomorrow's concluding game in the light of an exhibition. It climaxed a pennant surge which saw the Cubs, standing fourth only two months ago, win 21 of their last 25 games.

When Charlie Root, 39-year-old veteran of the Cubs, forced Lynn Myer of the Cards to pop up for the final out in the ninth inning, his teammates rushed to the mound and hoisted him upon their shoulders and carried him in triumph to the clubhouse. Root hurled masterful ball, allowing only two scratch hits in the last six innings after he had got off to a shaky start.

Gabby Mopes In Dugout

The victory was won with Manager Gabby Hartnett, the champion's slugging catcher, moping in the dugout, nursing a pair of fingers damaged by foul tips.

It was doubtful Hartnett would be ready to play in the opening game against the New York Yankees next Wednesday at Wrigley field in Chicago.

The Cubs were mournful for a time today, after Johnny Mize poled a homer in the eighth inning of the first game to beat them, 4-3. That left them desperate for a victory, as the score of the Pirates' game in Cincinnati had not yet been posted.

But when the final Pittsburgh score was posted on the board, the Cubs really began to fight.

FIRST GAME

Chicago	100 020 000—3	[illegible] 0
St. Louis	020 000 11x—4	12 0

Page, Russell and Garbark; Weiland and Owen.

Runs batted in, Demaree, Moore 2, Herman 2, Padgett, Mize. Two-base hits, Padgett 2, Myers 2. Home run, Mize. Double plays, Gutteridge, S. Martin and Mize; Padgett and Mize; Jurges and Collins; Mize, Myers and Weiland. Left on bases, Chicago 3; St. Louis 10. Bases on balls, Page 1, Russell 2, Weiland 2. Strikeouts, Page 1, Russell 2, Weiland 2. Hits, off Page 12 in 7 innings (none out in 8th); Russell 0 in 1. Wild pitch, Page. Losing pitcher, Page.

SECOND GAME

Chicago	100 110 430—10	17 0
St. Louis	120 000 000— 3	8 4

Root and Garbark, O'Dea; Shoun, McGee, Warneke, Henshaw and Owen.

Errors, Myers, Padgett, Mize, Owen. Runs batted in, Medwick, Demaree 2, Myers, Owen, Collins, Cavaretta, Jurges, Herman, Reynolds, O'Dea. Two-base hits, Moore, Reynolds, Hack, O'Dea. Three-base hits, Myers, Herman. Sacrifices, Reynolds, Jurges. Double plays, Myers, S. Martin and Mize; Herman, Jurges and Collins. Left on bases, Chicago 11; St. Louis 4. Bases on balls, Shoun 2, McGee 2. Strikeouts, Root 2, Shoun 2, McGee 2. Hits, off Shoun 8 in 4 2-3 innings; McGee 3 in 2 1-3; Warneke 4 in 2-3; Henshaw 2 in 1 1-3. Wild pitch, Warneke. Losing pitcher, McGee.

TITLE HOPES CRUSHED

CINCINNATI, Oct. 1. (AP) — In a game as whacky and delirious as the flag race itself, the Cincinnati Reds crushed Pittsburgh's flag hopes today by swamping five pitchers with a 17-hit attack and a wild 9 to 6 victory.

The Pirates played and fought like a sandlot team. After overcoming a four run deficit with a five run rally in the fourth inning, the defense pitching collapsed and the loose swinging Reds, led by big Ernie Lombardi and Billy Myers, turned the game into a rout.

Big Jim Weaver, who rescued Bucky Walters in the noisy Pirate fourth, was the hero of the wild battle. He stopped the Bucs with two hits, one a homer by Johnny Rizzo, in the fifth and then he turned back the enemy without a man reaching first for the remaining four innings. It was sweet revenge for Big Jim, whom the Pirates traded "down river" last winter.

Pittsburgh	000 510 000—6	6 3
Cincinnati	031 210 02x—9	17 1

Swift, Lucas, Blanton, Brown and Todd; Walters, Klinger, Weaver and Lombardi.

Errors, Rizzo, Todd, Swift, Lombardi. Runs batted in, Rizzo 3, Manush 2, Myers 3, Lombardi, Craft, Richardson 2. Two-base hits, Manush, Myers, Berger, McCormick. Three-base hits, Rizzo, Myers, Craft. Home run, Rizzo. Sacrifices, Thevenow, Riggs. Left on bases, Pittsburgh 2; Cincinnati 13. Bases on balls, Klinger 1, Blanton 1, Swift 1, Walters 2. Struck out, Blanton 2, Brown 2, Swift 2, Walters 2, Weaver 2. Hits, off Lucas 3 in 1 inning (none out in 2nd); Klinger 1 in 0 (pitched to two men); Blanton 3 in 2 innings; Brown 4 in 1 2-3; Swift 6 in 3 1-3; Walters 4 in 3 2-3; Weaver 2 in 5 1-3. Winning pitcher, Weaver. Losing pitcher, Brown.

GIANTS TROUNCE BEES

NEW YORK, Oct. 1. (AP) — The Giants clouted three pitchers for 15 hits, including home runs to Mel Ott, Johnny McCarthy, Alex Kampouris and Harry Danning, to trample the Boston Bees 13 to 5.

Boston	100 000 202— 5	10 2
New York	000 104 53x—13	15 3

Shoffner, Lanning, Early and Lopez; Lohrman and Danning.

FOXX GETS COUPLE

BOSTON, Oct. 1. (AP)—Jimmy Foxx blasted his 49th and 50th homers of the season, one with two aboard and the other with bases loaded, today to pace the Red Sox to a 9 to 2 victory over the New York Yankees behind the four-hit pitching of Rookie Jim Bagby.

New York	010 000 010—2	4 3
Boston	003 105 00x—9	12 2

Hadley, Murphy and Dickey; Glenn; Bagby and Desautels.

TRIBE BLANKS TIGERS

CLEVELAND, Oct. 1. (AP)—Denny Galehouse shut out the Detroit Tigers on five hits today to give the Cleveland Indians a 5-0 victory. Hank Greenberg, seeking to raise his home-run total above the 58-mark, was as luckless as the other Tigers.

Detroit	000 000 000—0	5 1
Cleveland	101 003 00x—5	8 0

Poffenberger, Wade and York; Galehouse and Hemsley.

SOX, BROWNS SPLIT

CHICAGO, Oct. 1. (AP)—The Chicago White Sox beat the St. Louis Browns 6 to 3 in the first game of a doubleheader and then lost the nightcap 4 to 0, when darkness halted the contest after five innings.

FIRST GAME

St. Louis	012 000 000—3	7 2
Chicago	000 310 20x—6	10 0

Walkup, Cox and Sullivan; Whitehead and Tresh.

SECOND GAME

St. Louis	000 04—4	2 0
Chicago	000 00—0	3 3

Called end 5th, darkness.

Van Atta and Harshany; Boyles and Schuster.

The tail of a comet always points away from the sun.

Techs Are Jolly Lot

By Collier Parris

EN ROUTE HOME WITH THE RED RAIDERS, Oct. 1.—It's a jolly, carefree gang of gridders riding homeward today from Buffalo on one of John Santa Fe's crack trains, and they're jolly for a good reason.

"The hardest, roughest game we ever participated in," is the consensus of 15 opinions following Friday night's rather sensational victory over the Duquesne Dukes, and the 15 have marks and bruises to show for it.

• • •

Back in Pittsburgh today there is another squad of sore and bedraggled gridders, but there is little happiness in the Duke camp. The Dukes suffered their share of casualties, too—perhaps in greater numbers and more seriously than the Raiders. It was a smashing game; fans at the top of the stadium could hear the impact as Raiders and Dukes blocked each other. Neither side spared the horse or the whip. All was friendliness, however, between the clubs when the game was over. The disappointed Dukes and their coach, Clipper Smith, lost no time congratulating the Techs upon their "clean, but hard game."

• • •

Big William's Knee Is Resting Well

Bill Davis, regular tackle who was carried from the game early in the second half, is resting easily today with his injured knee. The injury was sustained on a block instead of a tackle, Davis being the blockee. Quarterback Barron of Duquesne blocked out Davis with such fury that Barron suffered a broken shoulder, Big William several pulled, possibly torn, ligaments. He will be out of possible two games.

Otherwise, Coach Dutchy Smith's line was a "60-minute" wall of rock last night, the other six playing the entire game. Only four substitutes were used in the entire contest, and three of those were backs. Leonard Latch replaced Davis at tackle and turned in a swell job. Elmer Tarbox was the only 60-minute back, but all the others had the equivalent of an hour, if not literally.

• • •

Until late last night—the squad boarded the train at midnight—the game was played over and over again, amid a lot of jesting and jollity in which Coaches Pete Cawthon and Smith participated. They were the happiest of all, with the possible exception of Capt. Frank Guzick, who did not wear a uniform.

• • •

Dukes Shot To Pieces In Game

Although they're happy, the Techs agree that they did not play as faultless a game as they turned in against Duquesne last year, and they maintain that the Dukes played considerably harder.

In this scribe's opinion, Duquesne shot its bolt Friday night. A fine team until then, it would not be surprising to see the Duke machine take a lot of lickings during the remainder of the season. They are in poor condition to play Pitt next Saturday. If they win one important game this campaign, they will have done themselves proud.

• • •

"Wonder if anybody'll be at the station when we get home?" is the question going around the Tech boys. Well, they are due home on the 10 o'clock Sunday night. They should have no difficulty hitching a ride to the dormitory.

• • •

Coach Cawthon wishes to announce a Downtown Quarterback club meeting at 8 o'clock Monday night in the Hilton hotel or wherever Bo Williams will arrange. The coach invites all downtown coaches to attend. Thurman Bostick will tell about his historic ride over Buffalo with Rudy Vallee and coaches will tell something about the ball game.

• • •

Gabby Can Thank Grimm

By HARRY GRAYSON

PHILIP K. WRIGLEY wanted to make Bill Jurges manager of the Cubs rather than Gabby Hartnett. . . . The deposed Charley Grimm sold the chewing gum heir on Old Tomato Face when he was fired. . . . The Bruins played to more than a million in Chicago. . . . J. B. Maxwell, Army center, hasn't had a first name since they called him J. B. as a child. . . . Not a single Dodger who has played in 100 games has hits .300 . . . nor is there a Brooklyn pitcher who has won 15 games. . . . Colgate has the shortest football schedule . . . seven games . . . closes Nov. 11. . . . They say that Doc Prothro, slated to succeed Jimmy Wilson as manager of the Phillies, will be paid more than the famous catcher. . . . Donald G. Herring, Jr., sophomore Tiger tackle, is a native of Princeton. . . . Mervyn Shea, who formerly caught for the Tigers . . . and who was released by Brooklyn after service with the White Sox . . . has been signed by Detroit as a coach. . . . Four Kocsis brothers . . . headed by Chuck, the Walker Cup player . . . competed in a hole-in-one tournament in Detroit.

• • •

The Waddell Of Softball

RAY ORTEZ qualified as the Rube Waddell of softball by ordering his Phoenix, Ariz., teammates from the field . . . and pitching them to the championship of the American Softball Association . . . while they played cards . . . striking out batters as fast as they could get up there. . . . Schoolboy Rowe, who made a complete comeback with Beaumont, never mentioned the fact that he had been in the majors. . . . Three ticket sellers have sold at Wrigley Field since the days of the Federal league. . . . Louis M. McKnight, Detroit Tech dean, suffered a fractured left knee when knocked down while watching the football team practice. . . . Hitler fights a great fight in the gymnasium. . . . Five former Michigan State gridiron captains now live in Lansing . . . George (Carp) Julian, '14; Blake Miller, '15; Russell Reynolds, '34; Sid Wagner, '35, and Harry Speelman, '37. . . Of the five, Julian's was the only one that failed to beat Michigan. . . . The average double play involving three men is completed in four and one-half seconds.

• • •

Gold In Them Thar Hills

SANTA ANITA purses for the winter make those of fashionable Hialeah look like those of a leaky roof half mile. . . Cleveland is as tough on football coaches as it is on baseball managers. . . . The renowned Hugo Bezdek goes before the season is fairly started. . . . The blokes on the street didn't like him. . . . Offhand, I would say that young Johnny Paycheck . . . from out around Des Moines . . . is an aptly named fighter. . . Samuel D Riddle will campaign his entire string . . . including War Admiral . . . at the late Narragansett meeting. . . . Two stake races have been written for the greatest racing son of Man o' War. . . . Hooks Mylin of Lafayette says that to win, a football team has to have a fullback, a kicker, and a center. . . . Mylin believes that he has the center and hopes he has the fullback . . . but Kearns, the kicker, graduated. . . . The Brooklyn football Dodgers have sold Fullback Joe Maniaci to the Chicago Bears in a straight cash deal.

• • •

Yanks May Lose Pearson

YANKEES may enter the world series with a crippled pitching staff . . . and pumping that pill over the platter, according to the better minds, is at least 65 per cent of baseball. . . . Monte Pearson has been abed with a heavy cold and sinus since the New Yorkers returned from the west. . . . Spurgeon Chandler's lame arm has kept him off the firing line since Sept. 11. . . . As a result, Johnny Murphy, who has done more relief work than Ann Morgan did for devastated France, may draw a starting assignment against the National Leaguers. . . . Poor Joe McCarthy. . . . All he has left is Gomez, Ruffing, Hadley, Murphy, and two or three other blokes good enough to be on the payroll of the parents club of baseball's greates organization. . . . Jack Allen is now the matchmaker of a couple of clubs in Toronto. . . . He formerly manager Vic Foley, Billy Townsend, and other good fighters . . . and promoted in Vancouver, B. C. . . . It was a tough break for Hank Greenberg when the greedy Cleveland club transferred that final double-header from its bandbox park to the city's spacious Municipal Stadium. . . . The bandbox was plenty big enough . . . even with a Sunday ladies' day double-header.

Centenary Beats Hardin-Simmons In 26-13 Game

(By The Associated Press)

ABILENE, Oct. 1—The Centenary Gentlemen took a 26-13 decision tonight in their clash with the Hardin-Simmons Cowboys after a three-touchdown flurry in the first half.

The Cowboys held the Gentlemen on fairly even terms through the early stages of the game but their fire went out toward the end.

A furious passing flurry brought first blood for Hardin-Simmons, but the Centenary offensive burst into full bloom with its three-touchdown-spree.

Pass Attempt Backfires

After menacing once from the 20-yard stripe, the Cowboys rushed over a score on aerials directed by Co-Captain Luther Raley. Deward Marcum, sophomore end, made the payoff catch on the goal-line and Jack Hinrichs converted.

Hardin-Simmons appeared on the way to another score when Raley passed to Headstream on the Gent 17. His next shot, however, backfired. Weenie Bynum intercepted it and raced 90 yards for a touchdown. Birklebach failed the convert.

Bynum scored again on a wide lateral from Ails on the 10-yard line. The Shreveport team had carried the ball from its own 14-yard line. The conversion attempt failed.

Cowboys March To Score

Recovery of a Cowboy fumble on the 15-yard line set up the next Centenary score Bynum fired a pass into the corner of the end zone and Birklebach was there to snare it. He also booted the extra point.

The Cowboys took the next kickoff and never stopped until they scored. Moon Mullins, junior back, raced 21 yards over guard for the touchdown.

The Gen's, after intercepting a pass in the fourth period, traveled 25 yards via air and land for the last score. Birklebach kicked point.

A mixture of berries and deer fat composes Eskimo "ice cream."

Here's Sample Of Derby

Pictures show a couple of the cut-ups of the torturous junk derby track, Leon Smith, former winner, driving No. 2 and accompanied by Floyd Arnold, taking the dip on the straightaway, with Elvis Fant driving No. 3 and nipping and tucking for the lead. Fant has been runner-up twice and placed several times. Jim Bill Clark let a car get out of control on the treacherous right hand turn and Fant was run over. Both Fant and Smith will be in this afternoon's race, Smith in a rebuilt racer and Fant in the "Water Barrel." Further efforts to speed up the thrills have resulted in a change in the track layout. Approximately 20 drivers from throughout the South Plains will "take off" at 3:30 o'clock.

STANDING OF THE TEAMS

YESTERDAY'S RESULTS

Exporters Go Ten Innings With Crackers Before Losing, 5-4

By OLEN W. CLEMENTS
Associated Press Staff Writer

BEAUMONT, Oct. 1. — The Atlanta Crackers, the baseball championship of the south in their grip, defeated a somewhat listless Beaumont team 5 to 4 here today for their third straight win in the Dixie series.

Victory came to the Southern association champions in the 10th inning when pitcher Bill Beckman, singled and was replaced by the fleet Ted Pritchett, rookie pitcher, who scored the winning run on a sacrifice fly by Chatham.

Homer Helps Crackers

Russ Peters, Atlanta second baseman, put the Georgians ahead in the second by slamming a homer with two on base.

Beaumont scored one in the second on successive singles by Parsons, Garner and Vincent. The champions of the Texas league scored another in the third when DeJonghe came home from second on a scorching single to left by Frankie Croucher.

Atlanta added another in the sixth when Oetting homered off big Ed Selway.

Beaumont tied the game in the ninth when Vincent doubled. Frank Secory, outfielder, ran for Vincent and scored from second when Selway singled.

Schoolboy Rowe Loser

Schoolboy Rowe, former Detroit hurler slated to return to the majors next year, was credited with the loss after relieving Selway in the 10th.

Bobby Dulham relieved Beckman in the 10th for Atlanta but Beckman was given credit for winning.

The victory made it possible for Atlanta to sweep the series if they are able to win tomorrow's game in which Harry Miller is slated to pitch for Atlanta and Dizzy Trout for Beaumont.

The Texas leaguers, weak with the willow in the two games they dropped at Atlanta, nicked Cracker pitchers for 15 blows today as against seven for the Georgians, but three spectacular double plays by the Crackers killed rallies of the Exporters that might have meant the difference.

Snyder Livestock Market

AUCTION SALE OF CATTLE EVERY THURSDAY, STARTING 10:00 A. M.

AUCTION SALE OF HORSES AND MULES EVERY SATURDAY

We now have a good demand for all kinds of stocker cattle to go to Oklahoma and Kansas wheat fields, especially cows and calves and wet cows. Any of this class of cattle consigned to us will bring a good market price. Butcher cattle sold strong at our sale this week and our demand continues to increase.

Tune in KFYO each Thursday from 2 to 2:15 o'clock, hear the auction sale direct from the sales pavilion. If you have livestock for sale or are in the market to buy don't fail to attend our Thursday auction sale of cattle and Saturday auction sale of horses and mules. Livestock sold at private sale every day. For best results consign your livestock to Snyder Livestock Market. Bonded and insured.

'Average' Texas Master Farmer Is 51 Years Old, Has Two Children, Owns 633 Acres Of Land With 384 Acres In Cultivation

COLLEGE STATION, Oct. 1.—The "average" Texas master farmer of 1938 is 51 years old, has two children, owns 633 acres of land with 384 acres in cultivation. He has 181 acres planted to cotton and produces 241 pounds of lint an acre. In addition, he has 100 acres in feed grains such as corn, grain sorghums and oats. A considerable part of his income and an abundance of food for his family comes from 22 dairy cattle, 26 beef cattle, 63 sheep, 13 hogs and 155 chickens.

This "average" is obtained from figures gathered by the Texas A. and M. College Extension Service. The Progressive Farmer is awarding master farmer honors to six Texas farm families for distinguished accomplishments in farming, home making and citizenship.

Importance Is Emphasized

The importance of a well-balanced farm, home and community program is emprasized by the master farmer award made annually after visits to the farms by representatives of the Progressive Farmer and th A. and M. Extension Service.

The families selected for 1938 are Mr. and Mrs. Guy Beasley, Collingsworth county; Mr. and Mrs. H. M. Dillard, Tom Green county; Mr. and Mrs. L. E. Key, Wilbarger county; Mr. and Mrs. J. H. Kinsler, Refugia county; Mr. and Mrs. L. B. McCain, Neuces county; and Mr. and Mrs. A. D. Winston, Smith county.

Three From West Texas

Three families are from West Texas, two from the southern part of the state and one from East Texas. The farms owned by these six families range in size from 142 to 1,830 acres. All grow cotton, but four of them obtain a very substantial part of their income through livestock. Only one is strictly a crop farmer who gets most of his income from farming.

Both tractors and mules are used on four farms, one has a tractor but no mules and the other has mules but no tractor.

None Inherited Farms

None of these six farmers inherited their farms. With two exceptions they have farmed all the lives. Two of them started work for themselves as wage hands, w two others began as renters have owned their farms average of 17 years andven them for 18 years. Theyre lived on in homes valued at arre now live and have an average inredound $5,000 $50,000 which produces idervestment of nual income of about n. Ha gross an- $10,000.

The 1830 acre Beane sley farm is located 30 miles wesest of Wellington. Terracing, contou ring, strip cropping, anual legu es for green manure, cotton bur s, barnyard manure, and crop resi ues all have been used to mainta in and increase soil fertility. The f ive year average cotton yield is 250 pounds an acre. Of the 610 a cres of the farm in cultivation, o e-third is planted to cotton and the rest to feed crops and wheat. On the 1200 acre pasture are 100 head of beef cattle. The Beasley home is new and modern in every respect.

Youngest Is 37 Years Old

The youngest of the six farmers is 37-year-old H. M. Dillard who has used cotton, sheep and cattle to make his 267-acre Tom Green county farm, plus 358 leased acre produce a profit. The unusually a tractive and convenient home wh the Dillards have recently buil of native rock.

Sixteen years ago when Mr. nd Mrs. Key moved to their 16 acre farm in Wilbarger county was producing only a quarter of bale of cotton an acre. The us of legumes, terracing, rotatio deep plowing, cotton burs, and ll-round good farming has incr sed the yield to 315 pounds of l . Besides cotton, alfalfa and pou y provid the cash income while dairy co hogs and an excellent orchard garden give the best c home li Two garden plots, bo sub-irr ed are rotated betw en vege and soil building crops.

Began As School Teacher

Kinsler, who began life as teacher and later was a p er with the United States ment of Agriculture, mo fugio county 20 years 443-acre farm and 777 he produces cotton, his own strain for pl as cash crops. Th overlooks Hines B of convenience. active part in th keting of cotto ler has been e demonstration

After leav sissippi far worked as a tenant fa Robstow acres. A adapte acres soil 90 ca d income. in c

Began For Dollar A Day

A. D. Winston, who began as a $1 a day wage hand, now owns 142 acres of land in Smith county on which he grows cotton and feed for livestock. He has developed a fine herd of 25 Jerseys. His foundation herd of 10 cows has compiled a record of 600 pounds of butterfat and 13,000 pounds of milk per cow. Winston is chairman of the county agricultural association and of the county cotton committee and both he and Mrs. Winston take part in community affairs. The Winston boys carry vocational agriculture and 4-H club work, and one of them was a state winner in dairy judging.

Extension district nominees for master farming honors, besides the

ers, were: Mr. and Mrs. Stubbs, Muleshoe, Bailey county; rs. B. I. Gifford, Cleburne, son county; Mr. and Mrs. Wal Lange, Ballinger, Runnels county; Mr. and Mrs. Nathaniel Foote, rnersville, Coryell county; Mr. and Mrs. S. H. Brannon, Groveton, Trinity county; and Mr. and Mrs. J. M. Weisigner, Montgomery, Montgomery county.

ng, he plants 450 ng and corn kinslor home nd is a model has taken an cooperative marwhile Mrs. Kinslly active in home lub work.
his father's Mis- 35 years ago, McCain wage hand and as a mer before settling near where he now owns 960 though his land is ideally to cotton, he plants 450 the fiber and the rest to improvement crops and feed for ead of purebred Jerseys, 30 beef tle and 95 sheep. Livestock produces about half of the cash income. The McCains have an attractive home and take an active part in community life.

A Home of Your Own
The sensible terms of the FHA Plan put home ownership on a convenient, pay-by-the-month basis. Equal monthly installments, less than rent payments, make it possible for the responsible family with a regular income to build or buy a home.
FHA INSURED FINANCING
We will be glad to explain this "pay out of your income" plan of owning a home. Come in and let's discuss your home-building plans.

LUBBOCK, TEXAS, SUNDAY, OCTOBER 2, 1938

Variety Of Events Features Week-End Society Here

The Woman's Angle

by Margaret Turner

Thought for today: A street that leads to Heaven for one person may march to nowhere for the one who walks a pace or two behind him.

OCTOBER STANDS FOR

HARVEST time . . . pumpkin pie and hot coffee. . . Christmas card solicitors . . . bright blue weather . . . anniversary of invention of Edison incandescent lamp in 1897 . . . Indian summer and gorgeous red and gold and purple trees and the brown leaves rustling under foot and eddying in the wind. Blue sky overhead and chill in the early morning and late evening.

LETTER WRITING WEEK

NATIONAL Letter Writing week begins today and continues through Saturday. Perhaps this afternoon might be a good time to write those letters you've been putting off for the last six months. We wonder if the Tech collegians forget in the constant activity of campus life how much frequent letters mean to folks back hime?

If your mother would like a line every few days wh, not buy a number of government stamped postcards?

SCATTERINGS

THINGS we're in favor of: The military bearing of W. B. Powell . . . Dollie Clements' reddish-gold hair . . . John Laney's deep voice . . . Jimmy Murphy's Irish optimism. . . Gwendolyn McKinnin's graceful hands. She's like a character from a Kathleen Norris story. . . The way Barbara Bynum, Journal proofreader, quirks her left eyebrow when she talks. . . Kate Smith's autobiography is to be titled "Living in a Great Big Way" . . . In 1937 women spent about $300,000,000 for cosmetics and $200,000,000 in beauty shops . . . Said one woman recently concerning her stories, "I don't read them, I write them." Personal nomination for cleverest coined word of the past week: "Jitter-bucs", a sports writer's description of the Pittsburgh Pirates.

A BEAUTIFUL THOUGHT

FROM Spring's "My Son, My Son": "And he (the parson) quoted the text: 'Now in the place where He was crucified there was a garden,' pointing out that only John, the beloved disciple, had recorded that, because perhaps only John would know that a garden might help to assuage an agony. It seemed to me a beautiful thought."

WINTER SPORTS CAMP

THE department of physical education for women at Texas Technological college is to sponsor a winter sports camp, open to men and women, December 17-24. The camp will be held near Santa Fe, N. M., and will afford the guests an opportunity to learn to ski, ice skate and toboggan. The fees will be based on the best group rates available including transportation from Lubbock.

Information may be obtained from Miss Zella Riegel, assistant professor of physical education. She says an expert instructor will be on hand to give group and private lessons in skiing, America's most popular winter sport. No longer will you be forced to go to the movies and enjoy ski scenes at Sun Valley and in upper New York. You may try your own grace and skill. It should be a lot of fun.

ONE LAD'S COURAGE

A PAIN-WRACKED lad of eight years lay in a hospital bed with one leg so terribly burned and maimed that the doctor's face was a mass of pity as he told the boy, as gently as he could, that he was doomed to go through life a helpless cripple.

The boy had been trapped in a burning Kansas schoolhouse in which his brother had lost his life.

"I'm going to walk again," the lad said. "I'm going to run again."

The doctor took one look at the boy's eyes and turned away.

Not long ago a frenzied crowd in Madison Square Garden howled itself hoarse as Glenn Cunningham ran a mile in the fastest time ever recorded. "The greatest mile runner the world has ever known," the sports writer called him.

One of Glenn Cunningham's flashing legs was the burned and twisted member which doctors and nurses—everyone, in fact, except a courageous eight-year-old—had been convinced would be useless forever. From Your Life magazine.

Reception And Dance Will Be Given By Las Cresas Club

Las Cresas club has planned two events for the week. Monday night between 5 and 8 o'clock members will entertain with an open house at the F. R. Friend residence, 2005 Broadway. Friday night they will give a dance at the Hilton hotel from 9 o'clock until midnight.

Tech Social Club Presidents To Meet With Dean Allen

Presidents of social clubs of Texas Technological college have been invited to meet at 2:30 o'clock this afternoon at the home of James G. Allen, dean of men, to make plans for inter-club cooperation this college year.

Rush Week Is To Continue Today With Socials

CONTINUING a series of entertainments given by college social clubs for rushees, during the week-ends Las Vivarachas club will be host with a breakfast this morning and Las Chaparritas club with a dinner tonight.

Las Vivarachas club was host with a tea dance, also honoring rushees, from 5 to 8 o'clock Friday at the Hilton hotel. Ned Bradley's orchestra played.

Hostesses and their escorts were: Misses Wynfred Warren, Jean McDavid, Eloise Jackson, Annie Rooney, Joyce Craven, Beth Brown, Lalla D'Spain, Betsy Dan Bihl, Elaine Wilson, Virginia Stovall, Inez Davis, Dorothy Pond, Geraldine Gibson, Marjorie Burrow, Dorothy Lofland, Esta Fay Deen, Merle Houston, Catherine Collier, Christine Birdwell, Ina Leach, Mrs. George Ed O'Neall, and Miss Ruth Pirtle, sponsor.

Messrs. Mike Tate, Ed Morrison, Jim Copeland, Walter Garrett, Bill Caldwell, D. F. Suddeth, Murry Patterson, Buddy Wilson, Tommy Smith, Johnny Ben Thompson, Kenneth Koger, Jimmy Renfro, Berry Brazile, William Poole, Billy Elliott, David Kritser, James Leftwich, O'Neal, and Richard Flowers.

Breakfast This Morning

The breakfast this morning will be given at the home of Mrs. F. R. Friend, 2005 Broadway. Corsages will be presented to rushees. The group will attend church.

Special guests are to be Misses Mary Dallam, Evelyn Wallace, Ruth Clark, Opal McGlathery, Hura Jane Garnett, Brunette Beard, Louneita Forrest, Waldeen Donnell, Ina Rule Duff, Bana Kerbow, Elaine Loving, Joyce Young, Dan Long, Virginia Kennedy, Anita Malone, Catherine Dillard, Betty Savage, and Dorothy Emmett.

Las Chaparritas club four-course dinner which will be given at the Hilton hotel tonight, is traditional in the society. Yellow chrysanthemum and purple asters will carry out the club colors and corsages of these flowers will be at each plate.

The table will be lighted with candles and the club crest will be the main decorative note. Favors will be presented to rushees.

Ned Bradley's orchestra will play throughout the evening.

Mrs. George Langford, sponsor, and a number of alumnae will attend.

Club members to be present include Misses Gloriadel Bowen, Mary Alice Brent, Jean Conrad, Marilynn Fry, Erma Nichols, Vondelle Prideaux, Rosejean Rodgers, Jo Marie Carmack, Geraldine Gamblin, Eleanor and Elizabeth Doss, Marguerite Gibson, Carolyn Thomas, Mary Florence VanHorne, Mary Beth Whiteman, Annette Wulfman, Ella Dee and Guida Wilson, Barbara Hagan, Frances Allison, Jean Fagala, Othrene Autrey, Jacqueline Lauderdale, Betty Lee Lindsey, Barbara Thayer and Frances Turner.

Give Indian Dinner

Ko Shari club of Texas Technological college entertained its rushees Saturday night with a traditional, formal Indian dinner at the Hilton hotel. As a four-course dinner was served in the ballroom, a costumed Mexican string orchestra played from a serape-draped balcony.

An Indian theme in table decorations was accentuated by Indian favors from Santa Fe, N. M. Centerpiece was of bronze and yellow chrysanthemums and candles burned on the table.

Rushees attending were Misses Pauline Barrier, Brunette Beard, Freddie Marie Worley, Betty Jo Savage, Joy Stanford, Jeanne Draper, Betty Hanks, Margaret Hemby, Vondee Lewis, Sammie McKinstry, Emily Ann Mack, Elizabeth Sears, Evelyn Waddle, Betty Lindsay, Patsy Wharton, Janiece Thompson, Johnny Ruth Martin, Jeanette Cole,

Miss Foster Is Wed To William Baker

The marriage of Miss Myrtle Lee Foster, daughter of Mr. and Mrs. B. F. Foster, 2321 Main street, to William J. Baker of Childress, son of Mr. and Mrs. J. T. Baker of that city, took place Friday night at 7 o'clock at the home of the officiating minister, Rev. C. J. McCarty, 1911 Twentieth street, of Calvary Baptist church. A ring service was read.

The bride wore a teal blue dress with black accessories and a corsage of pink rosebuds.

After the ceremony, a reception was held in the Foster home and the wedding cake was cut. A bowl of marigold and yellow dahlias centered the table. Miss Louise Sullivan cut the cake and Miss Norma Glassman served punch. During the reception Miss Doris Sneed played piano selections.

Guests were Mr. and Mrs. John L. Sullivan, Mr. and Mrs. McCarty, Mr. and Mrs. Ralph Parramore, Misses Sullivan, Glassman, Marvel Bell Stone, Mrs. A. I. Glassman, John S. Cromeans, Oscar Sherrell and J. A. Nunley.

The bride was a freshman student at Texas Technological college. Tuesday she was honored with a party shower.

Engagement Of Miss Pauline Jones And Carl Maxey Is Told At Reception

MRS. W. G. McMillan, 2121 Thirteenth street, entertained with a tea Thursday afternoon as a gracious gesture to Miss Pauline Jones, daughter of Mr. and Mrs. Paul Jones, who is to marry Carl Maxey, son of Mr. and Mrs. J. B. Maxey.

The decorative theme of yellow and white was accented by chrysanthemums in the living room. The tea table was laid with lace and centered with a bowl of white chrysanthemums and feverfew. Silver candelabra held yellow tapers. Individual cakes embossed in white with tiny yellow rosebuds, sandwiches carrying out the chosen color scheme and nuts were served.

Plate favors were corsages of white and yellow doty chrysanthemums tied with white ribbon edged in green lattered with "Pauline-Carl" and the wedding date, November 8, 1938.

Mrs. Overton At Door

Mrs. M. C. Overton greeted guests at the door and presented them to a receiving line consisting of Mrs. McMillan, Mrs. Jones, Mrs. Maxey, the bride-elect, Mrs. J. E. Vickers and Miss Julia Jones.

Mesdames W. L. Stangel and Robert Maxey poured. They were assisted in serving by Miss Gladys Hall and Mesdames Thomas J. McWilliams, Floyd Bowen, and Harold Humphries.

Mrs. Homer Maxey presided at the bride's book.

Mesdames A. B. Davis, Robert Allen and W. H. Bledsoe received guests in the den from where they left the residence.

About one hundred called.

Bookman Groups To Begin Year

Units of the Bookman Group, sponsored by the American Association of University Women, will have their first meetings of the current season at 7:30 o'clock Wednesday night.

Misses Ouida Buzbee and Velma McCandless will be hostesses to unit 1 in the home of Mrs. R. E. Overstreet, 2106 Fifteenth street. Miss Claudine Cook and Mrs. Elois Elliott will review books.

Unit 2 will meet in the home of Mrs. E. M. Barnett, 2001 Twenty-seventh street with Mesdames Emmett Burford, Barnett and Sam Leifeste hostesses. Mrs. F. P. Smith will review "Storevik" (translated from Norwegian) by Gosta Geijerstam and Mrs. T. A. Turner will review "Towers In the Mist" by Elizabeth Goudge.

Miss Evelyn Jones of 2212-B Seventeenth street will be hostess to Unit 3. Mrs. W. B. Irvin will review "Lafayette, A Life" (Andreas Latzko) and Mrs. M. G. Holloway will review "Travels of the Occident" (Richard Haliburton).

Unit 4 will meet with Miss Flora McGee, 2307-B Sixteenth street. The hostess will review "Joseph in Egypt" by Thomas Mann.

Alumnae Society Is At Saturday Party

Mesdames Frank Hudgins, Ed McKeever and Charles C. Watson entertained with a bridge party Saturday afternoon as a courtesy to members of Las Chaparritas Alumnae society. The party was given in the home of Mrs. Hudgins' parents, Dr. and Mrs. J. T. Hutchinson, 1519 Broadway.

Guests were Mesdames Aubrey Edwards, Wilson B. Holden, Jennings Lewis, C. J. Rollo, W. D. Benson, jr., Jimmie Wilson, Charles Bacon, Marcus Halsey, jr., J. W. Jackson, L. J. Sollis, Billy Murray, Misses Cecile Horne, Flossie Burkholder, Sue Bryan, Mary Louise Middleton and Virginia Murray.

Review Of "Yearling" To Be Given Friday By Mrs. Rix

"The Yearling," popular novel by Marjorie Rawlings, will be reviewed by Mrs. W. W. Rix at a benefit sponsored by Circle 1 of St. Paul's Episcopal auxiliary Friday afternoon at 3 o'clock at Seaman hall. Members are selling tickets at 25 cents each.

Tuesday Bible Class Changes Hour Of Meeting This Week

The Tuesday Bible class will meet at 2:30 p. m., an hour in advance of the regular meeting time, Tuesday in the home of Mrs. W. T. Raybon, 1110 Sixteenth street. The advance is for this meeting only, Mrs. W. H. Trice has announced.

Lesson On Etiquette Planned For Beta Sigma Phi Group

A program on introductions and invitations will be presented by Mrs. S. E. Cone and Miss Katherine Malone at a meeting of Alpha Delpha chapter of Beta Sigma Phi sorority at 7:30 o'clock Thursday night at the Hilton hotel.

To Be Bride In October

MISS PAULINE PHILLIPS

★ ★ ★

Caldwell-Phillips Engagement Is Revealed Saturday; Mother Of Bride-Elect Entertains

To announce the approaching marriage of her younger daughter, Miss Pauline Phillips, to Bedford Caldwell of Tahoka, Mrs. H. D. Phillips, 1626 Sixteenth street, entertained with a reception Saturday afternoon.

One hundred seventy-five guests were invited to call between 4:30 and 6:30 o'clock.

Miss Dorothy Rylander greeted guests and presented them to the line made up of Mrs. Phillips, her daughter, Mrs. B. G. Clinton of Tahoka, and Miss Phillips.

At Refreshment Table

Mrs. Lewis Kerr presided at the refreshment table. She was assisted in serving by Mesdames Gordon Thompson and Fred H. Rea and Misses Allie Hevia and Barbara Goodloe.

In the dining room the buffet held a reflector on which was placed a miniature bridal scene. The tea table, which was covered with a lace cloth, was adorned with a crystal bowl of cornflowers and feverfew. Four blue tapers furnished light. A silver service was placed at one end of the table.

A large basket of dahlias was the single decoration in the living room.

Miss Ruby Lee Leary presided at the bride's book.

Plate favors were small cards lettered with "Bedford and Pauline October 16" and bearing a wedding ring sketched in silver ink.

Les Amies Club Meeting Will Be With Mrs. R. B. McAlister

Les Amies club will meet at 3 p. m., Friday with Mrs. R. B. McAlister at 2405 Fifth street.

Quarterly Club Season Is To Get Underway Monday Night

First meeting of the Quarterly club for the 1938-39 college session will be conducted at 7:30 o'clock Monday night in the home economics building at Texas Technological college, with Mrs. R. A. Studhalter as speaker.

The club membership is made up of women faculty members of the college.

Mrs. Studhalter will speak on Tech field courses. She often has accompanied her husband, head professor of biology, botany and zoology, on field courses.

Officers of the club for this year are Miss Bonnie K. Dysart, president; Miss Martye Poindexter, vice president; and Miss Ruth Horn, secretary-treasurer.

Helen Greer Is Hostess With Treasure Hunt Friday Night

Helen Greer, 1815 Avenue Q, entertained with a treasure hunt Friday night. Guests were Peggy Royalty, Irene and Mildred Adkisson, Freddie Merle Alexander, Nell Feffcoat, Betty Johnson, Helen Clark, Frances Knott, Jane Ann Walter and Wendell Spikes.

History Of Motion Pictures To Be Continued By Group

Tech college Art Institute will begin a series of lectures October 11 at the engineering auditorium. This will continue a history of motion pictures begun last year.

Lecture Series Is Scheduled By Sunshine Child Study Group

THE Sunshine Child Study club is beginning its second month of the 1938-39 season. The next meeting will be Tuesday, October 11, in the home of Mrs. G. E. Dawson, 1902 Twenty-fourth street. Mrs. Charles Bartlett will discuss "Obedience Made Easy" and current events will be discussed by Mesdames Joe Baldridge and A. D. Montgomery. Successive programs are scheduled as follows:

October 25, Mrs. J. H. Brock, hostess; Miss Bonnie K. Dysart, associate professor of education and psychology at Texas Technological college, to speak on "Helping Our Children Choose Friends."

(Turn to Page 2, Column 3, Pleast)

Varied Subjects To Be Studied By Societies

Studies of drama, education, social and economic problems and book reviews will feature meetings of study clubs this week.

Book reviews will be given by Mrs. R. A. Studhalter and Dr. Bessie League at a meeting of the Tuesday Night Readers Group at a meeting in the home of Mrs. Earl Thompson, 2321 Eighth street, at 7:30 p. m. Tuesday. Mrs. L. C. Christianson will be co-hostess with Mrs. Thompson.

The Shakespeare club will meet at 3 p. m. Tuesday in room 208 of the Texas Technological college administration building for a lecture by Dr. W. B. Gates, Tech professor of English, on the play, "Hamlet". Mrs. O. A. Terry is program chairman.

Change Meeting Time

The Llano Estacado Delphian chapter will meet at 9:30 o'clock Thursday morning in the West Texas Museum. Meeting time for this year has been changed from each second and fourth Thursday to each first and third Thursday morning. All meetings will be in the museum.

Mrs. A. M. Leftwich, jr., will be leader for Thursday's program on "Ibsen's Social Dramas". Mrs. J. I. Kilpatrick will discuss "Pillars of Society"; Mrs. T. B. Zellner will discuss "A Doll's House"; Mrs. Ford Benham will discuss "Ghosts", Mrs. J. S. Johnson will discuss "An Enemy of the People", and Mrs. R. L. Durham will discuss "The Wild Duck".

The Lubbock Woman's club will meet at 3 p. m. Tuesday at the Hilton hotel for a program on "Local Education" presented by two guests speakers, Miss Mayme Alexander, supervisor in the Lubbock public schools, and W. B. Irvin, city school superintendent.

The 1933 Study club will meet at 3 p. m. Tuesday in the home of Mrs. C. M. Chandler, 2416 Thirty-fourth street, for a program on contemporary social and economic problems led by Mrs. E. M. McClure. Talks on better homes will be given by Mesdames Chandler and G. G. Gaines. Roll call will be answered with suggestions for safety and health.

Mothers And Teachers Chorus Will Rehearse Wednesday

Second rehearsal of the mothers and teachers chorus which is to sing here the opening night of the convention of the Texas Congress of Parents and Teachers November 15, will be held Wednesday afternoon at 4:30 o'clock in the Senior High school auditorium. Mrs. Paul Laverty is director and Mrs. C. E. Hereford, accompanist.

Mrs. Ethridge W. Eagan Is To Be Hostess To Study Group

Mrs. Ethridge W. Eagan of 2022 Main street will be hostess for a meeting of the Lubbock circle of the Child Conservation league at 3:15 o'clock Tuesday afternoon. Mrs. Roy Furr will discuss the subject, "Are Teachers People?" and Mrs. W. G. Alderson will talk on "Obedience Made Easy".

Mrs. Esten Day To Be Honored

Honoring Mrs. Esten E. Day, who recently moved here from Nacogdoches and is at home at 2006 Main street, Mrs. Palmer T. Glazner, 2519 Twenty-fifth street, will entertain with a coffee this morning between 9 and 11 o'clock.

Mrs. T. E. Buckner will greet guests and present them to Mrs. Glazner and Mrs. Day.

In Autumn Motif

The coffee table will be centered with a cutglass bowl of yellow and bronze chrysanthemums surrounded with autumn leaves. A silver service will be used.

Mrs. Webster McEvoy and Miss Velma McCandless will preside and will be assisted in serving by Misses Darlene Abbott and Mattie Hodge. Fifty guests have been invited.

Pythian Sisters To Sponsor Benefit Party On Thursday

The Pythian Sister Temple will sponsor a benefit game at 8 p. m. Thursday in the home of Mrs. Tom Cannon, 2009 Fifth street. A number of guests, including Knights of Pythias and their wives, are invited.

Methodist Class Executives Are To Meet On Wednesday

Executives of the First Methodists Sorosis class will meet at 9:15 o'clock Wednesday morning in the home of Mrs. L. C. Christianson, 2505 Twenty-third street.

Sew-A-While Club Meeting To Be With Mrs. Cliff Elliott

The Sew-A-While club will meet at 3 p. m. Wednesday in the home of Mrs. Cliff Elliott of 1620 Seventh street.

Reception Given By AAUW With Mrs. Dingus As Speaker

NOT until the Lubbock branch of the American Association of University Women gives its annual reception for college women, the **Faculty Women's club of Texas** Technological college has its first fall tea, Pan Hellenic society has its first fall social gathering and patronesses of Ko Shari club give their annual barbecue supper can it be said that the club social season is well under way. The coming fortnight will see most of these and other events taking place.

The A.A.U.W. reception was given from 3 until 5 o'clock Saturday afternoon in the lounge of the women's dormitory at Tech college.

More than 100 members and guests were received by Miss Lucile Gill and introduced to past presidents of the branch who were in the receiving line. The line consisted of Mrs. Leroy T. Patton, Mrs. William G. Dingus, Mrs. Mary W. Doak who also is current president, Miss Jonnie McCrery and Miss Margaret W. Weeks. Two other p[illegible] presidents, Mrs. A. H. Leidigh [illegible] Mrs. Clyde F. Elkins, were un[illegible] to attend.

Miss Mozelle Craddock, Miss G[illegible] Padley, Miss Velma McCandless and Mrs. R. W. Wright poured tea at a beautifully appointed table. A popular entertainment duo, Rex Webster, bass baritone, and his sister, Miss Imogene Webster, accompanist, provided musical entertainment.

Others assisting with the entertainment were Mrs. W. P. Cl[illegible]ent, Miss Mabel D. Erwin, [illegible] Clyde Duncan, Mrs. John Ly[illegible] Miss Ellen Kleppe, Miss Zella [illegible]gel, Mrs. C. J. Wagner, Miss Vi[illegible] Johnson, Mrs. A. W. Young, Miss Lula Mae Cravens, Miss Elma Miller, Miss Evelyn Jones, Miss Evelyn Clewell, Mrs. Dude Buster, Miss Bonnie K. Dysart, Miss Gertrude Watson and Miss Mary Alice Crosson.

Mrs. Doak made a brief speech of welcome and introduced Mrs. Dingus who explained purposes of A. A. U. W. Guests eligible for membership were invited to join the branch.

Coffee Is Today

The Recent Graduate Group of the A. A. U. W. will open its season with a coffee at 9 o'clock this morning in the home of Miss Claudine Cook, 3113 Twentieth street. Miss Cook will be assisted by Miss Maurine Cunningham.

The hostesses and the president, Mrs. S. E. Cone, will receive guests, then Mrs. Cone will outline a new project which the group is undertaking this fall.

Miss Velma McCandless will preside at a silver coffee service which will serve as the centerpiece of a long table. Bowls of roses will be placed on either end. A business meeting will follow the social hour.

Members and guests attending will be Mesdames Doak, Dingus, Paul Graham, L. H. Kirby, Ross Ayers, Sherrill Boyd, Misses Lula Mae Cravens, Ouida Davis, Ouida Buzbee, McCandless, Evelyn Jones, Bella Altman, Margaret Henderson, Cecile Horne, Weeks and Erwin.

Planned For Wednesday

The first monthly Tech Faculty Women's club tea for the 1938-39 season will be given from 3 until 5 o'clock Wednesday afternoon in the Tech women's dormitory lounge. Mrs. R. E. Garlin is president this year and Mrs. C. V. Bullen is secretary.

Hostesses Wednesday will be Mrs. J. O. Ellsworth, chairman, and Mesdames S. S. McKay, R. C. Goodwin, F. A. Kleinschmidt, Cecil Horne, M. E. Ogdon, O. V. Adams, M. E. Heard, C. B. Qualia, W. H. Bledsoe, A. W. Evans, Allan L. Carter and Fred Sparks.

For Ko Sharis

Patronesses of Ko Shari club have set Saturday night as the date for an annual barbecue for members, pledges and their escorts. The affair, an annual event, will be given at 6 p. m. in the back yard at the home of Mr. and Mrs. Robert J. Allen, 2408 Thirteenth street. More than 100 guests are invited.

Hostesses for the first social meet-

(Turn to Page 2, Column 7, Please)

Book Review To Begin Series

The fourth season of book reviews, sponsored by the First Presbyterian Woman's auxiliary, is opening with such success that no more tickets are available for the current course.

The first review, "Fanny Kemble, A Passionate Victorian" (Margaret Armstrong), which Mrs. Alan L. Strout is to give at 8 o'clock Monday night in the church basement will be open only to those who have by this date bought season tickets. No more season tickets will be sold and no single admission tickets will be available at the door.

Regret Lack Of Room

"We regret very much that lack of space is not permitting us to admit everyone who is interested," Mrs. Charles Galbraith, auxiliary vice-president, said Saturday. "Overwhelming popularity of the reviews has far exceeded our original expectations," she explained.

The book to be reviewed Monday night is described in the New York Times Book Review as "the most fascinating biography of the year." It is a true story written with humor and warmth as excitingly as a romantic novel. All characters in the book were real persons, most of them well-known figures in Europe and the United States during the Victorian era.

Fanny Kemble, one of the most fascinating women of her generation, inherited dramatic genius and intelligence from the Victorians and high-strung exuberance of temperament from her vivid French mother. Her life, from 1809 to 1893, covered almost a century and the entire Victorian era. Because of Fanny's genius for making worthwhile friends, her circle included every important figure on two continents.

Made Theater Debut

The daughter of a financially unsuccessful theater manager, Fanny made a successful theater debut in "Romeo and Juliet" in London at the age of 19. Successes in England were followed by successes on the American stage, from which she finally retired to enter what proved to be an unhappy marriage.

Settled in Georgia during the war between the states, her Georgia Journal writings caused much furore and were credited with influencing England in her refusal to espouse the Southern cause.

The author skillfully contrasts the English and American scenes throughout the book.

Mrs. Strout needs no introduction as a popular book reviewer. She has appeared on each of the past series of reviews.

Children's Hour To Be Staged For Community Center Today

Children's hour for the community centers will be held at 3 o'clock this afternoon in the Congregational Methodist church on Fifth street. Mrs. Harry E. Blocker will be the leader.

At 4 o'clock the adult's meeting will be held with Rev. E. M. Jennings, pastor of the Cumberland Presbyterian church preaching on "The Will to Believe." Mrs. R. E. Blanton will be the leader.

BAPTIST TEL CLASS

There will be a monthly business meeting of the First Baptist T. E. L. class at the activity center Wednesday afternoon at 3 o'clock.

Dr. and Mrs. Otis Taylor, jr., and little daughter, Lois Ellen, have moved into their new home at 2605 Twenty-fifth street. Doctor Taylor, who is associated with the Clark-Key clinic, moved here from St. Louis, Mo.

Padgett Maddox of Odessa is spending several days as the guest of his parents, Mr. and Mrs. Frank M. Maddox, 1645 Main street.

B.-P. W. Club Is To Observe Special Week

NATIONAL Business Women's Week, October 9-October 15, will be observed by the Lubbock Business and Professional Women's club as follows:

October 8, the club is to attend morning services at the First Baptist church, sitting in a body.

October 9, at 7:30 p. m. in the Hilton hotel ballroom, [illegible] Night," Plainview and Little[illegible] clubs to be guests.

October 12, at 7 p. m. [illegible] Hilton hotel, a formal [illegible]

October 14, from [illegible] m. in the women's lounge at Texas [illegible] college, a tea [illegible] of Lubbock.

Several [illegible] scheduled [illegible] will be [illegible] lanche-[illegible]

Las Vivarachas, Las Chaparritas, Ko Shari And DFD Clubs Entertain

Honor Rushees With Parties

(Continued From Page One)

Virginia Norman, Doris Lee Gore and Peggy Baldridge.

Sponsors attending were Dr. W. C. Holden, honorary, and Misses Dorothy Rylander and Lorene Childers. Alumnae who were to have attended are Misses Doris Jobe of Rule, Dorothy Walker of Spur, Frances Real of Amarillo, Eloise Kuykendall of Big Spring, Ruth Mildred Rylander, Katherine Johnston and Mesdames Winfred Stout and A. D. Ray.

Members attending were Misses Queenelle Sawyer, Anne Buckley, Elray Lewis, Peggy Carle, Mary Louise Walker, Ruby Nell Smith, Agnes Rowley, Lois Marie Daniel, Beverly Sue Smith, Bette Krauss, Winnie Jo Hooser, Mary Louise Tinkler, Nancy Anderson, Natalie Tandy, Freddie Boswell, Mary Jane Higgins, Ellanorene Moreman, Helen Hollingsworth, Jerry Jordan, Lois Crosby, Ferrelline Tucker, Margaret Ann McClasson, Merle Sellers, Evelyn Patty, Sophie Alice Hardgrave, Dorothy Allen, Mary Gaither, Gwendolyn McKinnon, Geraldine Youngblood and Frances Wilson.

Give Luncheon-Dance

D. F. D. club entertained with a luncheon-dance Saturday afternoon at the Hilton hotel as a courtesy to 25 rushees. The fall round-up theme was featured. Wooden cowboys were favors and place cards and cowboy hat vases filled with flowers were table centerpieces.

Escorts came at 2 o'clock for dancing which continued until 5 o'clock.

Club members attending were Misses Merle Haynes, Marie Shook, Mary Price, Maxine Cheatley, Eron Gafford, Romayne Dodson, Dessie K. Lewis, Estelle Hodel, Mary Louise Inkman, Winifred Piner, Pauline Stafford, Ernesteen Lockhart, Ina Bacon, Hazel Ann Wilson, Doris Kirk, Rebecca Butler, Mary Katherine Rice, Lenora Shaffer.

Their escorts were Messrs. Jimmie Kuykendall, Warden Boswell, Hunter Leverett, Rex Rose, Noel Edgar Thompson, Fred Byrd, Henry Holmes, Raymond Lee Williams, E. P. Driver, Murray Patterson, Bob Sams, Bill Ed Watson, Wayne Prather, Dale Buckner, A. N. Taylor, Bob Robertson, Neil Wright, jr., and Orville Stewart.

Other guests were Mr. and Mrs. Harold Humphries, Mr. and Mrs. Lonnie Langston, Misses Annah Jo Pendleton, sponsor, and Ruth Pirtle.

To Appear As Guest Entertainers For Music Teachers

CARL WIESEMANN

Mr. and Mrs. Julien Paul Britz, above, and Carl Wiesemann of Texas State College for Women, Denton, will be guest entertainers on the program Saturday of the fall meeting of the South Plains Music Teachers association in Lubbock. The Blitzes will play a cello and piano concert and Mr. Wiesemann will play an organ recital at the First Methodist church in the late afternoon.

* * *

Complete Program For Fall Meeting Of South Plains Music Teachers Here Saturday Has Been Announced

Talks, conferences, social events and other activities, pertinent to the fall meeting of the South Plains Music Teachers association, to be held in Lubbock Saturday have been announced by the arrangements chairman, Miss Mary Dunn. The morning program will be in the Senior high school auditorium, as follows:

8:30-9 a. m., registration. Miss Gertrude Rasco of Brownfield; Miss Dunn, program chairman in the public school music division presiding; 9 o'clock, vocal public school music, Miss Erma Nola Voss, supervisor of music in the Wichita Falls public schools; 9:15 o'clock, orchestra, Raymond Bynum, director of orchestra and band in the Abilene High school; 9:30 o'clock, band, H. A. Anderson, Lubbock High school band director; 9:45 o'clock, applied music, Carl Wiesemann of Texas State College for Women, Denton;

10 o'clock, theory, college division, Dr. Lota M. Spell of Austin; 10:30 o'clock, vocational, D. O. Wiley, Technological college band director; 10:45 o'clock, academic, Dr. H. L. Robinson of Amarillo Junior college; 11 o'clock, avocational, Wallace R. Clark of West Texas State Teachers college, Canyon;

FOR CMA MEMBERS

Members of the South Plains Civic Music association are invited to attend the fine arts program which begins at 3:30 o'clock Saturday afternoon in the First Methodist auditorium. Cards are being issued this week said Dr. Fred W. Standefer, associational president.

Frank Mannheimer, London pianist who is touring the United States, is to appear in piano recital at 4:30 o'clock. Preceding his program Mr. and Mrs. Julien Paul Blitz are to give a piano and 'cello program and Carl Weisemann will appear in organ numbers.

Out Of Town Group

11:15 o'clock, Texas Music Teachers association, Carl Wiesemann, president; Texas Music educators, Charles E. Eskridge of Wink, first vice president; Amarillo association, Mrs. G. C. McDaniel, president; Central West Texas, Miss Anna Bess Chambers of Abilene; Panhandle, Mrs. J. W. Sanders of Amarillo; North West Texas, Mrs. James Plott of Frederic, Okla.; Wichita Falls, Charles Kiker, past president; West Texas Music Educators, Mr. Eskridge, president, applied music divisions of South Plains, Mrs. J. K. Applewhite of Tahoka, president.

State Music papers: 12:15 p. m., Texas Music Educator, Mr. Eskridge.

Luncheon at Hilton hotel, 12:45 o'clock; Mrs. Elois Elliott, luncheon chairman, presiding; welcome, W. B. Irvin, superintendent of Lubbock public schools; Carl Slaton, mayor of Lubbock, response; Miss Nancy Craig Lasley of McMurray college, Abilene; community sing, Mr. Clark, leader; Charles Fike, accompanist.

Dr. Doty To Speak

Afternoon session at First Methodist church: Introduction of speaker, Dr. J. M. Gordon, Tech dean of arts and sciences; address, "Future Music For Texas," Dr. E. William Doty, dean of fine arts at the University of Texas, Austin; 3 o'clock, open forum; 3:30 o'clock, cello and piano concert, Mr. and Mrs. Julien Paul Blitz; organ recital, Carl Wiesemenn.

The college of fine arts at the University of Texas was established this fall with Doctor Doty as its head. From 1923 to 1926 Doctor Doty attended Western State Teachers college in Kalamazoo, Mich., and in 1927 he was graduated with B. A. degree from the University of Michigan at Ann Arbor from which school he received a masters degree in 1929. During the season 1932-33 he studied in the University of Leipzig and Leipzig Landeskonservatorium and during the 1933 summer session at the Salzburg Mozarteum. He received a Ph D. degree from the University of Michigan in 1936.

Doctor Doty's teaching experience includes instructorships in organ at the University of Illinois, Urbana, and the University of Michigan as well as assistant professorship which he left. He was musical director of the University centennial opera and assisted in drawing up the graduate administrative organization under which the school of music at the University of Michigan now is operating.

His appearance here as main speaker on the Saturday afternoon program is widely anticipated by music teachers of the South Plains area.

Child Study Club

(Continued From Page One)

To Show Pictures To Children," Mrs. A. D. Montgomery.

February 14, Mrs. Lewis Kittrell hostess; Mrs. C. C. Perryman to discuss "How To Deal With Hunger Strikes" and Mrs. W. M. Ryan to speak on "The Fast Changing Job of Parenthood.

Mrs. D. K. Pepper was hostess on September 27. Mrs. Clyde Tatum and Mrs. Ben Eskridge spoke on "Mothers Need To Get Together" and "Keeping Our Children Fit."

Officers in the club are president, Mrs. Perryman; vice president, Mrs. Langford, secretary, Mrs. Fortune; treasurer, Mrs. Woody, and reporter, Mrs. Patterson. The entertainment committee consists of Mesdames Ryan, Dawson and Moore, and the program committee consists of Mesdames Eskridge, Brock and Bartlett.

Glancing Backward

News Notes Taken From Files Of The Avalanche-Journal

October 2, 1908—George C. Wolffarth returned Sunday from a visit to Mineral Wells.

October 5, 1911—Mrs. George C. Wolffarth was hostess to the Wednesday Needle club on September 27.

October 2, 1913—Considering the muddy condition of the streets, there was a splendid attendance at Sunday school at the Methodist church last Sunday.

October 3, 1918—G. Granville Johnson, the popular Lubbock Drug company man, is now keeping house in the new home purchased in the south part of town. Mr. Johnson recently married Miss Arnett of Colorado City.

October 3, 1923—Mr. and Mrs. N. H. Wright are the proud parents of a fine girl, which arrived Monday, October 1.

October 4, 1928—Mr. and Mrs. R. A. Mills entertained with a five-table bridge party Tuesday evening at their home, 2309 Sixteenth street, having as their guests Messrs. and Mesdames Homer Grant, E. L. Dohoney, Earl Sproles, Gus L. Ford, W. O. Stevens, W. W. Rix, Dr. and Mrs. J. T. Hutchinson, Miss Ruth Rix, Mrs. R. M. Chitwood, Mrs. J. H. Hankins.

October 1, 1933—The Girl Scout Little House at the Panhandle-South Plains fair is a little nursery that has been equipped to care for babies and small children while their parents attend the exhibit showings.

October 3, 1937—Miss Etoile McLeod who is leaving Monday to enroll in National Park seminary at Washington, D. C., was complimented when Mrs. G. O. Walker, jr., and Miss Coleta Baker entertained with a luncheon in the Hilton hotel Chimayo room Saturday afternoon.

IRON ON CLEAN BOARD

Keep the covering on your ironing board clean. Launder frequently and replace when scorched, since white materials pressed on a scorched board may also appear yellow. Never starch an ironing board cover.

from Lou to Louella . . .

DEAR LOUELLA: This is the busiest town I've ever seen, and you can't tell me there's nothing to do here. I won't attempt to present a cross-section of what all has been going on the past several days but, just to give you a wee idea, I'll tell you some of the things I am doing and have been doing.

Saturday I worked until early afternoon; then went home and dressed; went to the A. A. U. W. tea, then to Pauline Phillips' announcement tea, and then went home and redressed and went out to see the closing of the fair and pick up some entries for my mother and a couple of neighbors.

This morning I will attend a Recent Graduates Group coffee, as a guest, and a coffee honoring Mrs. E. Esten (Ches Minor) Day in the beautiful home of the Palmer Talmadge Glazners. I haven't met Mrs. Day yet but several of my friends have and they say she is lovely.

To Hear Book Reviews

Monday night I'll hear Mrs. Alan L. Strout review "Fanny Kemble, A Passionate Victorian" by Margaret Armstrong and Wednesday night I'll hear a couple of other reviews at a Bookman Group meeting. Between now and Wednesday night, I expect to fulfill a supper and a luncheon invitation.

I had an invitation to preview "Marie Antoinette" Saturday morning at the Palace theater. Thursday afternoon I went to a bridge party at the home of Mrs. J. N. Power in Post and got invited to one given by Mrs. Jay Slaughter next week. I invited the J. N. Power, jrs., to Lubbock today for an afternoon picture show and dinner.

* * *

I WAS invited to Littlefield this week-end as the guests of the Bill Thomases, but couldn't go. Thursday Mrs. Quinton Bellomy of Littlefield and Mrs. Walter Ford, a relative of a relative-in-law of Mrs. Bellomy and sister of Mr. Bellomy, invited me to lunch.

Newcomers to Lubbock tell me they have no trouble finding something to do or making friends easily in this city.

All in all, this must be a pretty swell town.

By the way, I met a charming newcomer (since April) the other night whom I intend knowing better. She is Mrs. W. W. Morris of Okmulgee, Okla. She is one of those low-voiced persons with sparkling eyes and interesting things to say. She was sponsor of the Beta Sigma Phi sorority chapter in Okmulgee.

New Home Planned

Mrs. Joe Shirley told me the other day that she and Joe are to have a new home right away. I think they are building out in the Dutch Wiginton part of town.

The Ed Hambrights, too, are building in the southwest part of the city, the 2600 block on Twenty-fifth street, I think Ed said.

The Ross Ayers home on Twenty-fifth street should be nearly completed by now.

* * *

I GOT some low-down on the current romancing situation but I'll have to save it until I learn more details, perhaps next letter. By the way, Lulu and Lucy and my school marm correspondent haven't been helping me much of late. I really need their cooperation.

I don't know D. K. Pepper, who is listed in the city director as a salesman for the Dr. Pepper Bottling company, but I never write his name without wondering whether or not he is nicknamed "Doc".

Yours, Lou.

CREAM GRAVY

2 tablespoons butter
4 tablespoons flour
1-3 teaspoon salt
1-4 teaspoon paprika
1-4 teaspoon celery salt
1-2 cup cream
1 cup boiling water

Remove chicken from frying pan. Add butter and flour to drippings left in the pan. Cook slowly about four minutes — until the flour has browned. Add rest of ingredients. Cook slowly and stir constantly until gravy becomes creamy. Add more water if necessary.

HOUSECOATS REMAIN SIMPLE

Fall housecoats cling to simple flowing lines and depend for the most part on material for distinction. If it's a glamorous mood you wish to court, consider a regal housecoat of reptile print velveteen in blended tones from black to pale grey, lined with vivid cerise, emerald or royal blue. The elbow-length sleeves are voluminous, the wide crushed belt of colored snakeskin matches the lining of the robe. Much less expensive and more utilitarian is one of spun rayon in an old-fashioned challis print. The college girl will probably prefer a flowing robe of soft quilted cotton in quaint print on a dark background with bright contrasting lining.

Reception

(Continued From Page One)

ing of the Pan Hellenic society will meet with the chairman, Mrs. B. C. Dickenson, some time this week to arrange a date this month and a plate for the entertainment. Hostesses are members of Pi Beta Phi, Zeta Tau Alpha and Alpha Gamma Delta sororities.

Parents Of Texas Tech Students Invited Here For Program Next Saturday

Football Game Is To Be Featured

Mailing of letters to parents of Texas Technological college students inviting them to be present for the third annual Parents' day Saturday is expected to be completed by Tuesday afternoon.

Letters signed by Dr. Harry L. Kent, representing the executive committee, and by James W. Huffman, president of the student body, are being sent to parents of every student enrolled.

Game To Be Highlight

The highlight of the day's program will be the Tech-Oklahoma City university game that afternoon. When parents register, they may purchase football tickets at the reduced price of $1 plus 15 cents tax. They will sit in a reserved section in the west grandstand.

Prizes will be given to the parents who come the farthest distance to attend; to the parents who have the largest number of children in Tech at present; and to parents who have had the largest number enrolled since opening of the college.

To Make Tour Of Campus

Visiting parents are to register in the women's dormitory lounge from 10 to 12 o'clock Saturday morning. They will be conducted on a tour of the campus that afternoon.

Parents of college students may purchase tickets for younger children of public school age coming with them for reduced price of 40 cents.

Remove the creak from doors and bureau drawers by rubbing them with hard soap.

Cotton Warehouse To Be Built At Enochs

(Special To The Avalanche-Journal)

ENOCHS, Oct. 1.—State permit to erect a bonded cotton warehouse here has been received by G. P. Howell, veteran farmer and business man here and he is beginning right away its construction.

First house is to have a 1,000-bale capacity. Howell said his permit enabled him to erect storage enough for 4,500 bales if necessary.

Crop conditions in this section of Bailey county are better than in other parts. Several weeks ago a good rain was received and cotton was greatly benefitted.

Harvesting is starting. The total crop is expected to compare favorably with last year, a record breaker for the county.

The Howell gin recently became a cooperative owned and operated gin, with a board of directors. Howell is a director in the group.

I. C. Enochs is completing a gin to replace one destroyed by fire last season. It will be ready for operation soon.

BUY BAND INSTRUMENTS

LITTLEFIELD — The Band Mothers organization has raised funds and purchased $600 worth of new band equipment. There are 36 members of the band, with Morgan Lafield, director, Floyd Hemphill, superintendent, reports. The school board assisted the band group in raising the funds.

NEW PRODUCE MAN

FLOYDADA — W. E. Neighbors of Levelland is new manager of the Floydada Poultry & Egg Co., he succeeds J. V. Jones, manager for 9 years. Neighbors has been in the produce business for 21 years.

Beasley Gets Award; Goes To See Models

J. H. Beasley, above, of Beasley Motor company, has received for his organization here a 100 per cent efficiency award, which he is holding in the picture and which recognizes the firm's efforts in conducting service to car owners on the highest possible basis. The award is an engraved placque mounted on a walnut base and is on display at the company's location, Thirteenth and Avenue J. The Beasley Motor company features Dodge and Plymouth products.

Mr. Beasley is to leave today for Oklahoma City where he will be joined by representatives of other agencies in this area in viewing an advance showing of the 1939 Dodge line. Other Beasley representatives at the showing will be C. L. Hudson, sales manager; A. O. Wooten, J. B. Jones and D. P. Connally.

Other Dodge men from over this section attending the showing—which is a silver anniversary affair for the Dodge concern—will include D. W. Gaignot of Gaignot Motor company, Tahoka; W. P. Arnett, Arnett Motor company, Lamesa; J. H. Teague, jr., Teague Motor company, Brownfield; R. L. Bowers, Bowers Motor company, Seagraves; C. L. Hudgens, Hudgens Motor company, Levelland; W. B. Cox, Cox Motor company, Morton; K. L. Scudder, Slaton Auto Sales, Slaton; J. H. Jost, Jost Motor company, Plains; W. P. Lamar, Crosbyton Service station, Crosbyton; L. A. Purtell, Warren-Purtell Motor company, Sudan.

NEW V. A. TEACHER

SEAGRAVES—Walker P. Todd of Crowell is the new vocational agriculture teacher here. He has been instructor in science and the vocational work at Crowell for 11 years, serving also as assistant football coach for 9 years and assistant basketball coach two years.

THEATER REOPENED

LORENZO — The Queen theater here, closed for three weeks for remodeling, is again open. James Pearson is in charge. Seats were rearranged, making two aisles, new lights, a larger stage and new sound equipment added. Walls were given new draperies.

BUSINESS IS MOVED

LAMESA — Lamesa Food & Hatchery Co. has moved to the new Kayal building on North First street. Manager Clay Howell says there is more room in the new location.

Idalou FFA And Homemaker Groups To Hold Joint Session

IDALOU, Oct. 1—(Special)— A joint meeting of the Future Homemakers and Future Farmers of Idalou High School will be held Tuesday night, at 7:30 o'clock.

The boys and girls will meet in their respective departments first for business meetings. At the close of these meetings both groups will assemble in the library for a program which will be presented by the Future Homemakers club. The program will consist of: Group singing lead by Coleman Cowan, agriculture instructor; reading, Bernice Jordan; an etiquet play of five scenes presented by Dorothy Faye Blanton, Mary Evelyn McMillian, Geraldine Paden, Mildred Fleming, Vivian Doniey, Tommy Jo Sparks, Virginia Dacus and Rosilee Oden.

The play was written by members of the second year homemaking class and will present the right and wrong way to make introductions, to eat, to make dates, to act on the street, to eat in public, and to say goodnight.

Planned games will follow the program under the direction of Juanita Kossey.

The arrangement committee for the night consists of Betty Boyd, Mary Elizabeth Gregory and Imogene Graves.

The largest and highest trestle of the Grand Coulee dam will contain about 9,000 tons of structural steel.

Safety Work Is To Be Stressed

Sixty-five boys and girls will be on duty at elementary schools in Lubbock this week as safety patrol officers to assist in controlling traffic for the safety of Lubbock's children. It will be the duty of these children to assist children in crossing streets, to see that they cross at the right place and at the right time.

Schools have selected older pupils to assume patrol duties. The patrol officers direct other students, warn them when not to cross the street, and give signals when they may cross.

Must Meet Standards

In order to be eligible for a patrol officer students must file a satisfactory statement from their teachers regarding citizenship and school work. A patrol member may be removed any time his work or citizenship is not up to standard. Services to schools rendered by patrols also include direction of pupils getting on and off school buses.

At K. Carter school tomorrow the patrol will be functioning for the first time. Captains are Billy Jack Hunt, Billy Felty, Coleman Stanley, and Wilburn Milner. Patrolmen are Pete Davis, C. H. Elliott, Thomas Knee, Marvin Morris, Nelson Morris, C. E. Wallace, Jim Pat Fulton, and Kenneth Cawthorn.

Dean Pierce is captain of the patrol at Central Ward. Other patrol members are: Billy Joe Rogers, John Gamble, Melvin Free, James Utley, J. Gordon Johnston, Frank Kerr, and Glen Dale Carlen.

Mottos of patrol officers at George M. Hunt include "Helping Others", "Use your eyes, your ears, and then your 'feet,'" and "Safety all the Time." Melvin Pendleton is mayor at Hunt, with R. J. Hightower, James Coffman, Kenneth Horton, and Edward Koen the commissioners. Corner patrols are: Bayless Martin, Bill Hicks, Clarence Benson, Clyde Boyd, Weldon Adams, Joe Privitt, Boyd Roberts, Louie Oehrlein, Homer Terry, Dwain Keith, Jesse Moss, Bill Weeks, and Paul Stevens. Other patrol groups in this school include: bicycle, Donald Lowery, Calrence Crouch, Neal Howard, Durwood Strickland, and Archie Fleeman; fire escape, Willie Oehrlein, Billie Whitehead, Tommie Vallas, Odell Dodson, Tommie Pharr, and Jack Thomas; building patrol, Billy Lytle, Thurman Brady, Clyde Pinkington and Wendell Royce Nichols.

Four girls are on duty at Dupre school all the time, with two changing every two weeks. All pupils living north of Twentieth street are asked to cross at Avenue T and Twentieth, and all pupils who live north of Nineteenth street are asked to cross at the light on Nineteenth street. Three boys change every two weeks. Students on duty at the present time are: Anne Wharton, Juana Lee Perry, Jo Rae Watson, Margaret Thomas, Bertha Nell Adair, Nell Anthony, Clifford Dean, Ed Richardson, Ed Bledsoe, Joe Dean Payne, Charles Bratcher, L. E. Stotts, Larry Dorsett, and James Aubrey Fewell.

Dolores Bizzell Is Named President Of Junior High Group

Dolores Bizzell, daughter of Mr. and Mrs. H. F. Bizzell, 1918 Fifteenth street, was elected president of Junior High school's student council last week. Other officers named for the fall semester were: Pete Chopellas, vice-president; Pernie Wagner, secretary; and Carol Krueger, reporter.

Council members were chosen for each home room in the school on recommendation of the teachers. Membership in the council is considered one of the highest honors students may attain.

Other members of the student council named are: Florene Dickson, Betty Roundtree, Robert Brock, Peggy Northington, Paul Anderson, Jack Thornhill, Harold Hacker, Ina Whitney, Bobby Smith, Billy Murfee, Ruenell Kelin, Grady Laxson, Gene Gray, Sue McIlhaney, Roger Hall, Wilella Nelson, Verna J. Dunn, Voncile Becham, Emma Gene Tonn, Barbara Bedford, Joe E. Thompson, Barbara Lindeman, Oneta Lane, Allie M. Daniel, Jack Tomson, Eulah Jones, Martha Jane Elliott, Daphney Mahon, C. Andrews, Evelyn Hodges, Doris Brock, Billy Rae Medley, George Campbell, Juanita Campbell, Rose M. Willgrus, Bernice Cobb, Mary Ward, Kay A. Barrier, Carol Drueger, Benny Rhodes, Pete Chopellas, Ross Brock, Dolores Bizzell, Pernie Wagner, and Morris Kerr.

UNDER NEW MANAGEMENT

LAMESA—Mr. and Mrs. Audrey Cox, theatre owners here, have taken over operation of the Cole theatre and have changed its name to that of The Mesa. Thelbert York, an employe of the Palace and Majestic, is manager.

NEW MATADOR STORE

MATADOR—P. B. Force of Silverton, who recently moved here has opened a new grocery store. Force operated a grocery at Silverton for years.

Earthquakes travel at a rate of between 470 and 530 feet a second.

MOVES TO SWENSON

SPUR—Rev. Mike M. Young has moved to Swenson as pastor of the Church of Christ there. He has been in this section for 25 years as a pastor.

NEW GARAGE OPENED

LAMESA—C. H. Davis and F. E. Freeman have opened a new garage and repair shop here. Davis formerly lived here but returned recently from Odessa where he and Freeman were employed.

While Texas produces more hides than any state in the union, it has only a handful of tanning plants.

Put your after-summer skin in the "pink of perfection"

TOWN AND COUNTRY MAKE-UP FILM to make your powder and rouge go on smoothly, evenly, look doubly enchanting, and stay fresh for hours. This unique make-up foundation is second to none! Benefits as well as beautifies the skin. 1.50.

Introductory sizes of these three world-famous preparations in one convenient package for only 2.00. Ask for Helena Rubinstein's Three-Step Beauty Treatment,

Mark Halsey Drug Store

Last chance to get your name in the new 'phone book

TUESDAY typists will finish "writing" the new telephone directory, and send it to the printer.

Will your name be there?

If you want your name in the new telephone directory, there is no time to be lost.

Tuesday the directory goes to press. It will be your last chance to order telephone service and get your name in the new book.

The new directory will be the telephone "Who's Who" of the city for months.

Your friends will look for your name there.

New acquaintances may search its columns for you.

Business acquaintances, customers, prospective employers, will turn to it when they want to get in touch with you.

To be in this book may mean much to you in pleasure, comfort and the general satisfaction of living.

Act now! Call or come to the telephone business office. Say, "I want a telephone."

SOUTHWESTERN BELL TELEPHONE COMPANY

He Is Revivalist

Rev. W. F. Ferguson, pastor of the First Baptist church of Slaton, pictured above, today will begin a revival at the Calvary Baptist church in Lubbock.

Demonstration Will Be Staged In City

Demonstration of the safety features of LifeGuard tubes will be staged in Lubbock on October 6, Charles Gunn of Gunn-Hinerman announced Saturday. The demonstration will be given on Avenue Q, north of Broadway.

Police authorities have consented to the demonstration and will assist in conducting it, Gunn said.

The demonstration consists of the blowout of a tire on a car traveling at upward of 60 miles an hour without serious consequences of any kind. The blowout is induced either by means of railroad spikes firmly fixed in heavy steel plates or by dynamite caps detonated from within the car.

The casing is ripped to shreds, but the car remains in control of the driver and is brought to a smooth, safe stop without weaving or leaving, the road. The explanation, according to Gunn, is that the LifeGuard, a reserve tire within a tire, is not affected by the destruction of casing or tube but holds air long enough to enable the car to be stopped. The LifeGuard is a two-ply tire placed within the regular tube, to which it is joined at the base. They are inflated through the same valve. When the tube is suddenly deflated, a tiny vent allows the air to pass slowly from the reserve tire of the LifeGuard, which meanwhile supports the car. As the LifeGuard reserve tire floats freely within the tube, it "gives" with sharpest objects that puncture casing and tube, instead of being ripped.

Although the demonstrations are conducted by factory representatives, there is no special premium on skilled driving or coolness, Gunn declared.

What's Doing in the Churches

"Come Unto Me, All Ye That Labour And Are Heavy Laden.."

ACHIEVE PROFESSIONAL TOUCH

The woman who is her own interior decorator appreciates her sewing machine, makes herself familiar with the use of its attachments. Curtains, spreads, slipcovers, draperies—all can be finished in double-quick time and with an expert touch, yet inexpensively and with a wide choice of color, fabric and design. Narrow flutings, graceful ruffles, tailored cordings, even soft quilted effects, are not difficult to achieve and have a way of abolishing any appearance of amateur workmanship.

GOLDEN POTATO CAKES

To utilize cold, mashed potatoes, mash thoroughly with a fork, add a beaten egg and, if necessary, a little melted butter and milk. Fashion into biscuit-sized cakes and bake until golden brown.

REPAINTING HOME

MEADOW—T. S. Lucas has had his home here repaired, painted and papered. Glenn Bates of Ropes did the work.

Most Panama hats are produced in Ecuador.

DECATUR MAN HELPED BY EUREKA TABLETS

JEWEL SANDERS FINDS GREAT RELIEF BY TAKING THESE WONDERFUL TABLETS.

I suffered for five years, says Mr. Sanders who resides on Route 2, Decatur, Texas, with stomach cramps and sharp pains in my back. I couldn't get the proper amount of rest at night and had a continuous sick headache. I was worn out and sluggish, couldn't go about my work with any energy and thought that I would never feel fresh and energetic again.

I tried many remedies, none of which helped me and I became discouraged about my condition. I needed rest and sleep. I wanted to eat things that I enjoyed but there didn't seem to be much hope. Those gas pains and hurting across my back were a constant dread to me.

I decided to give Eureka tablets a trial and believe me they helped me almost at once. I purchased a trial box at Allison's Drug Store in Wichita Falls, and they immediately started helping me. Now I can eat what I want. I feel good and rest well. The pain in my back has left and I am proud to say that I attribute all of my improvement to EUREKA HERB AND IRON TABLETS.

If you too, are suffering as did this young man go to Mark Halsey Drug Store in Lubbock or any other good drug store in surrounding territory and ask for EUREKA HERB AND IRON TABLETS. They should help you also as they did Mr. Sanders. On sale at Mark Halsey Drug Store. Adv.

Rev. C. E. Hereford To Observe His Second Anniversary With Lubbock Church Today

Today Rev. C. E. Hereford observes his second anniversary as pastor of the First Baptist church in Lubbock.

During his pastorate here the church has witnessed an addition of 1,120 members, the present membership being 3,876. The bonded indebtedness has been reduced during the past two years from $44,878.85 to $31,500.00 and is now being paid off at the rate of $200 weekly.

Improvements Made

Two buildings have been remodeled since Mr. Hereford came to Lubbock, an air conditioner and organ have been installed in the auditorium, the choir platform has been raised and a new front built on the auditorium. Every phase of church work has grown under the leadership of Mr. and Mrs. Hereford. Mrs. Hereford serves as choir director and church organist, teaches the Homemakers Sunday school class, directs the Men's chorus and the Girl's ensemble and is active in women's missionary society work. She also teaches private lessons in organ.

Mr. Hereford is president of the District Nine executive board which includes 17 counties and seven associations; president of the Lubbock Ministerial association; trustee of Mary Hardin Baylor college and Wayland college; member of the Baptist State Executive board and serves the magazine, Baptist Periscope as book reviewer. He has been elected to preach the annual associational sermon next year.

Friday the Herefords and their daughter, Ruth, moved to their recently completed home at 1722 Twenty-eighth street.

* * *

Rev. C. E. Hereford

REMAINS AS PASTOR

ABERNATHY—Rev. W. A. Reed, local Baptist pastor, has accepted a call to serve the church for another year. He came here 9 months ago. The church on Aug. 23 called him again but he delayed over 30 days in making known his decision.

Floyd Increases Trench Silos

(By Staff Correspondent)

FLOYDADA, Oct. 1. — Floyd county farmers this year will have at least 250 trench silos, according to D. F. Bredthauer, county agent, who says the bumper feed crop will be "insured" against loss in that manner. Last year there were about 125 silos, he said.

"It took me two years to get my first trench silo," he recalled. "I remember the man I finally talked into digging a trench. We went out and looked at his crop.

"'That's too good looking feed for me to put into the ground,' he told me. 'I can't do it. I'll stack it.' He did.

125 Silos In 1936

"Next year I was looking at his feed again. Finally he asked me if I really would put the feed into the trench, if I was in his place. I told him 'I would.' He finally agreed to do it."

By 1936 there were a number of silos in the county and the following year they increased to 125. So many farmers saw the advantage of the silo with last year's bumper crop that they decided to try it out.

"They've about run me ragged helping them get started," the agent added. "From the way they are being filled now, it looks like we may get nearly 300 of them."

TRAVELS INCOGNITO

LONDON (AP) — Seventeen-month-old Lance, son of the separated Count and Countess Reventlow, has been vacationing incognito at Filey, Yorkshire.

According to a London newspaper, he "charmed all who met him on the sands."

STAMPS ON CEILING

SAN FERNANDO, Calif. (AP) — Some time ago the Rev. Alexander Bucci started saving cancelled stamps. Now they form a giant American flag on the ceiling of his living room.

Lubbock Men Find That Frontier Is Making Its Last Stand In New Mexico Section; Max Coleman Recounts Some Experiences

Walter Posey and Max Coleman, Lubbock banker and attorney, went to Nutria Springs, N. M., where the fish are.

They didn't go to fish.

They wanted to see the Quemado country, hailed as one of the last outposts of the old West. They wanted to see what civilization had done in its encroachment, other than to make a passable highway where automobiles can run over a section once suitable only to a horse.

Strange To See It Now

"Seems strange to look at this country now and to contrast it with the West I rode into horseback just 28 years ago," Coelman wrote a friend. "I camped at this water first in 1910, with three horses and all I possessed packed on them.

"Ten years later I bought these springs.

"When I came here, all was Socorro county, N. M., at that time the largest in the United States. It was about 200 miles long and 100 miles wide. Two-thirds the population was Mexican and I was the first white man to locate and stay permanently on Mangnas creek.

Named For Indian Chief

"Mangnas creek was named for Mangnas Colorado, a noted Indian chief who formerly often camped at these springs. As usual with running water, the creek was the scene of many Indian fights. After the passing of the Indians many fights between the first Mexicans and whites and later between cattle rustlers and those of us who organized to fight them.

"I was the first justice of the peace in Catron county, which was cut off from Socorro county. When Catron was cut off, Leandro Baca was appointed sheriff of Catron county. I was a deputy under him. He was an old Mexico Mexican and could not speak a word of English; I could not speak a word of Spanish. So we got along fine.

Final Fight In 1921

"The final fight breaking up cattle stealing was in 1921. A posse led by Horace Roberson, later killed at Seminole, Texas, broke up the cow thieves. Roberson told me when he left ny ranch in Catron county he was afraid he would be killed if he did not get out of there.

"This strip of country, still the land of the Mexican vaquero and without a telephone or railroad, has an enchantment all its own. A few of the oldtimers I came here with survive. Out of 18, however, only about three remain. Oscar Caudil, an old XIT puncher from Texas, lives nearby. Tom Curtiss, member of the posse that captured the cow thieves, still ranches here. So does John Cox of Salt Lake, who was highly instrumental in crushing the last rustlers.

Cow Rustler's Paradise

"The main thing I see is in the roads. Cars now go where when I came here only a horse backer with a good mount went. Long before that, however, this country was known as a cow rustler's paradise. In the early 80's stealing of cattle got so bad the large companies were facing extinction.

"Four strangers rode in one day saying they were prospecting for ranches. Learning of the deplorable conditions regarding cattle stealing, they offered their services to some of the cattle interests and after deliberation the cattlemen pooled together and hired them.

"In a short time there was a sudden cessation of cattle stealing.

"Several widely-suspected rustlers were found 'passed out.'

Identity Was Learned

"It was years afterward before it was learned who the four strangers were. They were Butch Cassidy and his wild bunch from Jackson's Hole, Wyo."

Coleman rather indicated in his letter the rustlers would have drifted had they known who the four were. For the Jackson's Hole group was made up of hombres who knew their way about and were positive in the way strong, silent men of the West were when there was need for burning powder and dealing any sort of hand where there was a wall close to their backs.

"My ranch," continued Coleman, "is just at the foot of Es Condido mountain. It is very high and rough. In 1919, I roped a wild steer up there on the mesa and he jerked my horse down on me and I came to the next day back at the ranch where the boys had carried me. Now a road made by the CCC winds around the head of the canyon where I roped the steer.

"So times change. In that final fight with the rustlers a bullet sang dangerously close to my head. In a saloon at Quemado not long ago I saw the man who fired that bullet. He said he had his bridle rein over his arm and when he aimed at me his horse jerked his head, throwing off his aim.

"Incidentally, where my old mail box stood on the O to O highway, 90 miles west of Magdalena, now is a store and a postoffice called Omeag.

"Too much civilization.

"The frontier is making its last stand here."

Hatchery May Be Answer To Old Problem

PETERSBURG, Oct. 1.—(Special) — The answer to the number of Smiths and Joneses has been found by Lyle Ray of Hale Center—or so Kirby Smith of Petersburg professes to believe.

Young Smith, English III student of Miss Futrelle McClain, graduate of the journalism department of Texas Technological college, said in a paper prepared for class that Ray found a sign at Plainview reading "Smith Hatchery" and one at Floydada reading "Jones Hatchery."

ATE DOG BISCUIT

LONDON (AP)—School of Hygiene and Tropical Medicine here says the best food for mosquitoes is—dog biscuit. About 3,000 mosquitoes were raised from egg grafts every fortnight for a six-weeks period on the food.

CITY GOES A YEAR

ALLIANCE, O. (AP)—This city of 23,000 has completed a full year without a traffic death. Police records show that the last automobile fatality occurred on August 21, 1937.

Since that date police have investigated 19 accidents, one of them outside the city, in which seven persons were injured slightly. Only three drivers have been arrested.

- Durable! Rich looking! Beauty increases with laundering! Pastels in mottled or solid effects. 20x20 inches. Get yours Dollar Day!

SEARS, ROEBUCK AN

LUBBOCK, TEXAS

Cotton Movement Starts; Better Staple Is Indicated In Early Ginnings

Picking To Be In Full Blast Soon

BY J. SAM LEWIS
Avalanche-Journal Staff Writer

October sees a little brighter cotton prospect for the South Plains as ginners and compress men report that much of the worm eaten and drouth cotton so far ginned has turned out to be 13-16 inch staple length and better.

Farmers have not fully determined whether they will go into the government loan or not. Decision will rest with market prices and with staple length.

Some Not Even Classed

Some short length cotton has not even been classed or sampled, it was explained, as producers believed the staple was too short to be considered for the loan. It will be sold as soon as a market is available.

Department of commerce, bureau of the census report for the ginnings in Texas prior to Sept. 16, failed to show any Plains counties with enough cotton ginned to be counted. Only Scurry in this area, shows ginnings. To that date Scurry has reported 1,086 bales compared with 2,279 for the corresponding date in 1937.

State total was 1,301,571 bales compared with 1,827,001 bales for the same date last year.

Picking To Increase

A few trucks with cotton are now coming to compresses. Picking will increase this week as more pickers gather here for harvesting.

More Mexicans are arriving now than last week. Dawson and other counties to the south are reporting many Mexicans here. Some truck loads have appeared in Lubbock.

Lubbock Compress, said Manager Charles Stillwell, has received only a few hundred bales so far of the crop. Not many producers have sought to have samples taken, holding back until they decide about the loan.

Compresses are preparing to handle this season's crop and they will build additional storage space as needed for the crop. Nearly all the questionable cotton in last year's loan has been shipped from this area to the ports. Cotton now on compress platforms or in warehouses, is in the loan.

Warm weather has caused dry cotton to open more rapidly the past two weeks than farmers had expected. Picking is more general than at first was thought possible. Harvesting will be late and it will be the last half of October before gathering will be general all over the territory.

Little Damage Reported

But little damage has been reported by the second crop of worms, which were scheduled to show up recently.

Warm weather of the past week has brought out many open bolls. Hope is expressed that killing frost date will be well after the normal date of Nov. 3 and that this late cotton will have a better chance to mature.

Grain harvesting is making rapid progress. Farmers are filling trench silos with late green feed. Late feed is heading fast. There is a good sucker crop of first cut grains, for fodder.

Commercial feeders are buying bundles and filling silos or storing the grain. Littlefield, Levelland, Slaton, Whiteface, Brownfield and Lubbock are the principal feeding points at this time.

MOVE TO LUBBOCK

SLATON — Slaton Confectionary, for 11 years located in the postoffice building, has been moved to Lubbock. A location has been secured on Nineteenth street. Owner Gerron is maintaining his home here for the present.

Old Glory Is Made Of New Material

New use for corn husks was found by George M. Seifert of Bethlehem, Pa. His American flag made of corn husks was exhibited at the Allentown, Pa., fair.

Cotton Picking Supply Office To Be Established At Spur

SPUR, Oct. 1.—T. E. Dobyns, of Lubbock, is here to cooperate with local chamber of commerce officials in a cotton picking supply office here. He is with the state employment service.

Dobyns has an office near the Rule-Jayton Cotton Oil Co., warehouse. H. P. Gibson, secretary of the chamber of commerce is assisting here.

CZECHS RAISE MONEY

LITTLEFIELD — Lamb county Czechs and friends have raised a considerable fund of money which has been forwarded to Czechoslovakia, for use in defense of that nation. Local leaders declined to indicate names of those contributing or the amount.

Trench Silos In State Increased

COLLEGE STATION, Oct. 1.—There will be at least 15,000 trench silos filled in Texas in 1938, and there is a possibility that the figure will reach 20,000, reports from county agricultural agents indicate. Slightly more than 10,000 were filled in 1937.

If the figure reaches 20,000, 1938 will mark the eighth consecutive year in which the number of trench silos in the state has doubled over the previous season's totals.

Cheapest And Best

"There have been good feed crops over most of the state, but the big thing is that farmers have found the trench silo the cheapest and best way of storing feed, and that county agents, vocational teachers, bankers, business men, and civic organizations have all pushed the trench silo idea," E. R. Eudaly, dairyman of the Texas A. & M. College Extension Service, pointed out in explaining the rapid increase in the use of the trench silo.

"I understand, for instance, that the Farm Security administration is urging all its clients to dig and fill trenches."

Example In Fisher

An outstanding example of the spread of the trench silo method is found in Fisher county, where 80 trenches were filled in 1937. So far in 1938 over 350 have been filled, and indications are that the number will reach 500 by the end of the harvest season.

"The trench silo is about the only way to store grain in those sections of the state where weevils do so much damage," Eudaly said. In Willacy county, combines have been used to harvest a large grain sorghum crop and the grain has been placed in trench silos for future use.

"Weevils, or fire, wind, dust, rats, floods, or time itself can't hurt the feed once it's in a trench silo," the dairyman commented.

Turkeys As Plentiful In Texas This Year As Last, Is Report

WASHINGTON, Oct. 1. (AP)—Turkeys are as plentiful in Texas this year as last.

The agriculture department reported today production was expected to be the same in the state as in 1937. The production for the country as a whole was 3.7 per cent larger.

The department predicted also the average weights of both hens and toms should be greater this year than last, with the biggest increase shown on the Pacific coast. The expected average weight of hens for the approaching season was estimated at 11.9 pounds and toms 17.8 pounds, compared with 11.7 and 17.4 respectively in 1937.

Pacific coast turkey hens showed an average predicted increase in weight from 12.5 to 12.6 pounds each, and toms from 19.9 to 20.3 pounds.

In New England the average indicated increase in total production of turkeys this year over last was 10 per cent. Most of the southern states except Virginia showed decreases in production, while the southwest showed no change. Rocky mountain states showed decreases and Pacific coast states gains.

The department said producers had expressed intention of marketing their crop a little earlier this year than last. They planned to market about 21.2 per cent of the crop in October, 37.5 per cent in November, 29.8 per cent in December and 11.5 per cent later.

BANKS ARE RUSHED

AMHERST, Oct. 1.—Local and county banks are rushed these days as 1,523 checks amounting to $268,122.78 in subsidy payments were received and distributed by Don F. Turner, county agent.

About $220,000 more, for 1,179 checks still out, is expected. Lamb county farmers have signed 2,709 compliance papers this year.

GET SUBSIDY CHECKS

DICKENS—More than $20,000 in subsidy payments, on 111 checks have been received here, Grady Lane, county agent, reports. The county is expected to receive in all, $225,000 in payments.

Slaton Cotton Oil Mill Will Resume Its Operations Monday

SLATON, Oct. 1.—Slaton Cotton Oil mill will resume operation Monday after a shutdown since Aug. 29.

Seed from the new crop are now coming in, Roy Mack, manager of the Anderson-Clayton property here, said. About 75 men will work on 3 eight hour shifts. A normal season's run is expected.

All-Night Runs Being Made By Gins At Snyder This Season

SNYDER, Oct. 1.—Several all-night runs have been made by local gins to process the 1938 cotton being brought here.

It is estimated the county's total is about 6,000 bales. Local gins have turned out more than 3,000 bales.

Prospective Yields Of Texas Crops Decrease But Still Hold Above Average

Federal Reserve Report Is Given

(By The Associated Press)

DALLAS, Oct. 1—Prospective production of most agricultural crops in the eleventh district on Sept. 1 was smaller than a month earlier, says the monthly business review of the Federal Reserve bank of Dallas, issued today. This was due, it says, to adverse effects from high temperatures, lack of moisture, and insect damage.

"Nevertheless," the review continues, "the indicated yields per acre of practically all summer crops were still above the average and the forecasts of total production for all major crops except cotton were larger than the 1937 harvests and the 1927-1936 average production. Widespread rain late in August and the first half of September was beneficial to all late-maturing crops and will enable farmers to prepare the soil for seeding of small grains."

Cotton Crop Is Damaged

The review quotes the department of agriculture that the cotton crop was damaged in practically all sections of Texas by the hot, dry weather, "but the severest decline in prospective production occurred in the north central and northwestern areas where additional damage resulted from the activity of leaf worms, boll worms and other insects."

The Texas crop was forecast at 3,200,000 bales Sept. 1, it says, compared with an estimate of 3,425,000 bales Aug. 1 and an actual harvest of 5,154,000 bales last year. The estimated per acre yield was reduced from 170 pounds on Aug. 1 to 158 pounds at the beginning of September. Acreage abandonment in Texas was placed at 2.5 per cent of the area in cultivation July 1, leaving 9,711,000 acres for harvest. Ginnings prior to Sept. 1 for the United States aggregated 1,331,745 running bales, of which about 50 per cent was in Texas.

Late Corn Is Decreased

"Due entirely to a substantial reduction in the estimated production of late corn in Texas, the Sept. 1 forecast for the eleventh district was reduced 5,100,000 bushels from that a month earlier, but the indicated harvest of 96,000,000 was still 10 per cent greater than in 1937," the review says.

The review says the increased acreage planted to peanuts in Texas this year, together with the heavy indicated per acre yield, resulted in an initial forecast of 141,900,000 pounds, which is materially larger than the 1937 harvest and the ten-year average production.

Range Conditions Better

Range conditions in most of the eleventh district have continued well above the ten-year average despite the noticeable deterioration that occured in August. Livestock generally remained in good flesh and in most areas are in much better condition than a year ago, the review says. Fat cattle are plentiful except in limited areas where grazing conditions have been poor because of moisture deficiency. Marketing of cattle, although smaller than the heavy shipments last year, has been in fairly large volume.

In the latter part of August, the review reports, there was a weakening in the market for both crude oil and refined productions and since that time some downward revisions have been made. In this district the posted price of East Texas crude oil was reduced 10 cents a barrel.

The review says consumer buying at department stores in principal cities of the eleventh district, while at slower rate than a year ago, increased considerably more than seasonally in August, "and as a consequence this bank's adjusted index continued the upward trend in evidence since last April, increasing from 103 per cent of the 1923-1925 average in July to 107.7 per cent in August."

Construction activity in the district increased sharply in July and showed a further advance of seven per cent in August, the review says.

SUNDAY, OCTOBER 2

Morning

All-Texas Grid Roundup To Include Texas Tech's Red Raiders On Air This Week

Having concluded its first week of visiting college and university campuses over Texas, the "All-Texas Football Round-Up" plunges over the line into its second week with stops scheduled at Texas Tech; North Texas State Teacher's College, Denton; Hardin-Simmons university, Abilene; and Abilene Christian College and McMurry college, Abilene.

Scheduled Monday through Thursday over KFYO from 5:45 to 6 p. m., the series presided over by genial Zack Hurt, sports supervisor of the Texas State Network, has gained great favor among Southwestern football fans. Prominent football coaches, campus leaders, and pep-fests are featured from each university.

On Friday night, October 7, the usual 7 to 8 p. m. round-robbin pep-fest will be held in Abilene, with bands and pep rallies from Hardin-Simmons, Abilene Christian college, and McMurry college holding the spotlight.

Coach Cawthon and other Texas Tech football notables will be heard over KFYO and the Network, Thursday night, October 6.

Nurses Versus Soldiers

Nurses and members of the National Guard will match wits from 7:30 to 8 tonight over KFYO, when the "Question Bee" will be aired from the Den, Hotel Texas, Fort Worth, through facilities of the Texas State Network.

Lopez Replaces Himber

Replacing Richard Himber on the Mutual network's coast-to-coast "The Show of the Week," Vincent Lopez takes up the musical burden on tonight's broadcast over KFYO at 5:30 o'clock.

Vincent Lopez is perhaps one of the best known conductors ever heard on the kilocycles. Veteran listeners can remember hearing the tinkling Lopez piano on fidgety crystal sets long before the days of swing. But the slick-haired conductor has kept pace with the times and his new array of musicians are equally at home in moderate or dizzy-paced tempos.

Lopez last crashed the headlines with his plan for revamping the national anthem.

Ray Perkins is master of ceremonies on this lavish potpourri which originates on the stage of the Mutual Radio Playhouse in New York. A highlight on tonight's broadcast will come when Lopez introduces Eddy Duchin, possessor of "The Magic Fingers of Radio." Duchin's band will grace "The Show of the Week" on Sunday, October 9.

Game To Be Broadcast

One of the highlights of national football clashes—the Ohio State-Southern California game will be carried over the Mutual Broadcasting System and Station KFYO next Saturday afternoon, October 8, beginning at 1:45 o'clock.

Big Bands To Play

A veritable "Who's Who" of the nation's name bands will be paraded before Mutual microphones, and over KFYO, during the fall season of Chicago's wonder ballrooms, the Aragon and Trianon. Roger Pryor, movie-star maestro, and his band, open at the Trianon on September 30 for a short stay. They will be followed by Benny Goodman for two days at the Trianon. Goodman's orchestra will be heard first over KFYO, October 8, at 10:15 p. m.

Ranking Leading Man

The cast of the Grandma Travels program, heard daily over KFYO at 9:45 a. m., includes Les Tremayne, star of First Nighter, playing the leading male role in the current episode. Tremayne formerly played the part of "Bob" in the "Betty and Bob" program, and is rated one of radio's first ranking leading men.

TURN OUT 1,960 BALES

SPUR, Oct. 1.—Spur's six gins here had turned out 1,960 bales of the 1938 crop up to the middle of the week.

Ginners report the grade and staple is better than at first expected. Total for the county is estimated at over 4,300 bales.

SOY BEANS DO WELL

AMHERST—Soy beans, planted by C. A. Duffey of the First National bank on 50 acres at his place, are doing well, he reports. The beans may thresh out from 800 to 1,000 pounds to the acre.

NEW LITTLEFIELD BUILDING

LITTLEFIELD—E. H. Flynn is erecting a small brick building on Phelps avenue adjoining the Hiway hotel. It will be occupied by W. F. Davis with a fruit stand.

MOORE IMPROVED

SNYDER—J. Wright Moore, Snyder's first settler, who became ill in Amarillo while attending the Tri-State fair, is reported much improved. He was able to come down town for a short time.

All planets revolve about the sun in the same direction.

"Devonshire Rose"
A New Pattern
In Sterling Silver

1/3 OFF

SALE ON HEAVY STERLING SILVER

THROUGH SPECIAL ARRANGEMENTS WITH THE MANUFACTURERS TO INTRODUCE THIS NEW PATTERN OF STERLING SILVER

"DEVONSHIRE ROSE"

WE WILL BE PERMITTED TO SELL THIS PATTERN FOR A FEW DAYS ONLY

At 1/3 OFF The Regular Price List

With the present vogue for ornate tableware in mind, Devonshire Rose was designed in both English and French motive.
Devonshire Rose is a pattern in which lives anew the gorgeous splendor and exacting artistry which in bygone days was so intimately associated with years of elegance.

Rich and massive in appearance, it should appeal to those who appreciate authentic detail and restrained decoration . . . the best of all, it is wrought with a fineness which is possibly only in solid sterling silver.

CREDIT-TERMS

In order to get this new pattern of Sterling Silver started with you, we are going to allow the full credit terms on any purchase made during this sale on heavy solid Sterling Silver. This means that you will save 1/3 of the original price and yet be able to pay this out over a period of 6 months. In other words, make up a chest, pay 1/7 down and 1/7 of the amount each month for 6 months. This can be broken down into weekly payments if you so desire . . . but remember this, that you are buying solid Sterling Silver at prices you would pay for good plated silver. Sterling Silver makes good wedding, anniversary and Christmas presents. We would be glad to lay aside a chest of this for you until Christmas.

Teachers Are To Meet Tuesday

A meeting of all teachers of Lubbock county's public schools has been called for 8 o'clock Tuesday night at the Lubbock Senior High school auditorium.

Purpose of the session is to reorganize the Lubbock county teachers association for the new school year and elect new officers.

Called By Irvin

The meeting was called by W. B. Irvin, superintendent of Lubbock public schools and vice-president of the asociation. M. L. Kelley, former superintendent of Roosevelt Rural High school, was president, but this year is not teaching in Lubbock county.

The Tuesday night meeting will be opened with a 10-minute musical program.

To Name League Officers

Immediately after the meeting for the county teachers will be a session of all teachers of the rural schools of the county and Slaton High school. At that meeting officers for the county's Interscholastic league will be elected and plans set up for the interscholastic activities.

Roy Boyd, principal of Slaton High school, will preside at the second meeting.

Classroom Teachers Group To Meet Wednesday Night

To make plans for business and social meetings of the year members of the executive board of the Lubbock Classroom Teachers' council will meet Wednesday in the Junior High school library at 8 o'clock. The meeting is being called by J. Gordon, who was named president of the organization last spring at the teacher's final meeting of the year.

Other officers elected last spring are: Sam Leifeste, vice-president; Floyd Honey, secretary; Miss Ouida Davis, treasurer.

Faculty members of Junior and Senior High elected four members to the council this week. These members will act as officers of the school organization as well as representatives on the council. Senior High teachers named C. C. Cox president, D. M. Howell the vice-president, Miss Amelia Hargis as secretary, and Mrs. E. Waldo Trotter the social chairman.

Ishmael Hill was elected president of the Junior High group. Others oficers are: John W. Wilson, vice-president; Carl Bailey, secretary; and Miss Leona Bowlin, social chairman.

Representing elementary schools of the city are: Miss Leona Bell Brown, K. Carter; V. B. Campbell, Guadalupe; John T. Howell, Sanders; Mrs. D. Jarrett, Dupre; Mrs. Pearl Watson, George M. Hunt; and Miss Mary Ansley, Central Ward.

Lubbock Schools To Cooperate In Fire Prevention Week Here

Lubbock schools will cooperate with the city in the annual fire prevention week observance from October 9 until October 15, it was announced Friday by Superintendent W. B. Irvin.

Superintendent Irvin is asking that each teacher plan something special during the week. All children will fill out forms and take forms to be filled out to their parents. Although fire prevention is taught all during the year in safety courses and in regular social science classes, teachers are going to stress the observance of the week, Irvin said.

Littlefield Masons Plan For Annual Banquet On Thursday

LITTLEFIELD, Oct. 1—With R. C. Hopping of Lubbock, first master of Littlefield lodge A. F. & A. M. No. 1161 as one of the speakers, local Masons will have an annual banquet here Thursday night. Congressman George Mahon is to deliver the main address.

Business session will be held in the lodge room at 6 o'clock. Visiting Masons are to attend. At 7:30 the banquet will be served in the Baptist church.

A local male quartet, a girl's orchestra from Clovis, N. M., will furnish entertainment. It is expected 250 Masons will be here for the occasion.

Oil Leases Pay Landowners Of County About $150,000

Completion Of Magnolia No. 1 Lynn In Denver Pool Among Chief Developments Of Oil Activities During Past Week

BY JOHN B. BREWER
Special Oil Writer

Completion of Magnolia No. 1 Lynn, northwest outpost to the Denver pool and northeast of the Walker area in southwestern Yoakum county, for a flow of 312 barrels of oil in 24 hours, and extending of the Keystone pool in Winkler county northward by J. R. Sharp No. 1 Sharp-Crum, estimated good for 75 barrels daily, were among West Texas developments this week.

Final reports showed an increase over the preceding week but first reports declined. Forty-five oil producers and one failure were completed in 10 counties compared with 35 oil wells and three dusters in 11 counties the week before. Locations were staked for 37 field tests and three wildcats in 10 counties, eight field tests less but one wildcat more than the number listed in 13 counties during the preceding week.

Yoakum Well Completed

Completion of Magnolia No. 1 Lynn in Yoakum county for 312 barrels followed treatment with 9,000 gallons of acid in two stages and shooting with 110 quarts of nitroglycerin with the total depth 5,165 feet. The well is in the northeast quarter of section 770-D-John H. Gibson.

Sam Yingling No. 1 Nettie Barrie, 9 1-2 miles northeast of the Bennett field in southwestern Yoakum county and in the southeast quarter of section 6-D-John H. Gibson, showed oil stains in lime samples from 5,240-60 feet and shut down at 5,314 feet for repairs. Shell staked a location for No. 1 Rutz one mile southeast of the Bennett pool and 990 from the north, 330 feet from the west line of section 7433.

Swabs 13 Barrels Hourly

Gulf No. 2 Mallett, 2 1-2-mile northeast extension to the Slaughter pool in Hockley county, was retreated with 10,000 gallons of acid and swabbed 13 barrels of oil hourly at a plugged back depth of 5,070 feet. It is in the southwest corner of labor 25, league 34, Concho county school land. The Texas Co. No. 1-B Mallett, west of the Slaughter pool in labor 1, league 52, Scurry county school land, had drilled to 4,250 feet in lime. The driller's top of the first lime was 4,040 feet and the top of the solid lime 4,160. Elevation is 3,569 feet.

The Texas Co. No. 1 Wright, 1 1-2 miles northwest of Livermore No. 1 Wright, a small discovery well in eastern Cochran county, shutdown for orders at a plugged back depth of 4,910 feet after swabbing at the rate of 27 barrels of fluid in eight hours, 45 to 60 per cent basic sediment and water. Magnolia No. 1 Wright, 2 1-2 miles northeast of the Texas Co., test, was standardizing at 4,712 feet in lime after cementing 7-inch casing.

Gaines Tests Running Low

Two Gaines county wildcats running low, Devonian No. 1 King and Atlantic No. 1, Parker, had drilled to 4,490 and 4,400 feet, respectively. Magnolia and Atlantic dug cellar and pits for No. 1 Havemeyer & Jenny in the Seminole pool in Gaines county, 440 feet out of the southwest corner of section 219-G-WTRR.

Wheeler No. 1 White & Shelton, Andrews county wildcat west of the Means field, topped the anhydrite at 1,875 feet, 1,332 feet above sea level, and the salt at 1,927 and drilled ahead below 1,966 feet. Its anhydrite top was 33 feet higher than in Wheeler No. 1 Gardner, a dry hole 1 1-4 miles to the northeast. Location is in the northwest quarter of section 19-A36-psl.

Shell No. 4-A Witcher, flowing 1,916 barrels of oil in 24 hours through casing following a shot, was completed at 4,185 feet in lime as the second largest well in the Foster pool in Ector county. It is in the northwest quarter of section 24-43-2s-T&P.

Garza Test Down 7,598

Gulf No. 1 Swenson, northwestern Garza county, wildcat in section 23-2-H&TC, had drilled to 7,598 feet in lime. Coffield & Guthrie No. 1 Spears, southwestern Scurry county wildcat, continued cleaning out following a 500-quart shot last week after which it filled 1,200 feet with oil in 15 hours. Location is in the southwest quarter of section 130-97-H&TC.

Gulf No. 2 State-Lasseter, one-mile north extension to the Church-Fields pool in eastern Crane county, flowed 430 barrels of oil through casing in 24 hours for completion at 3,143 feet after a shot. It is in the southwest corner of section 27-30-U.

J. R. Sharp No. 1 Sharp-Crum, extending the Keystone pool in Winkler county to the north, prepared to tube and test at 3,344 feet after shooting with 110 quarts. Before shooting it filled 2,000 feet with oil in 24 hours from broken pay between 3,293 and 3,325 feet. The well is in the northwest quarter of section 7-B2-psl.

Pecos Test Strikes Water

Cox & Moore No. 1 White & Baker, 1 3-4 miles southwest of Cardinal's small discovery well four miles west of the Yates field in Pecos county, shut down at 1,805 feet in lime after striking sulphur water from 1,722-37 feet. It is in the southeast quarter of section 37-Z-TCRR.

John W. Westbrook Co., of Dallas spudded No. 1 Jim Rice in Concho county, in the southwest corner of section 18, L&N Ry. Co. survey, one-half mile south of Maverick No. 1 Rice, which showed some oil but failed to produce.

C. D. Hagerty and Lee Petroleum No. 1 Jas. Callan, Menard county wildcat, recovered tools and cleaned out to deepen from 1,267 feet in lime, where for several weeks it has been showing a rainbow of oil with an estimated quarter million cubic feet of gas daily. It is in section 38, J. M. Franz survey.

Henry L. Fannin and other San Angeloans' No. 1 Reed Bros., Tom Green county wildcat one mile east of Carlsbad, cemented the hole to stop caving to facilitate fishing for tools at 5,120 feet. The operators are forming a corporation.

Slightly more than a year ago approximately 30,000 acres of Lubbock county's land had been leased for exploration of oil, gas, and other minerals.

Today an extra 100,000 acres has been added to that figure.

Those figures were taken from official records filed at the office of the county clerk. An unestimable amount of acreage has been leased, but leases have not been filed. Oil authorities, however, point out that not a great amount of land has been leased with the documents transferring the right unfiled.

Leasing Hot For 1937

July 1, 1937, the total land under lease amounted to slightly more than 30,000 acres. Less than 10 days ago, a lease conveying rights on a quarter-section boosted the total land under lease to slightly more than 129,000 acres.

Less than a section of land in the county was under oil, gas and mineral lease until a tract containing approximately 5,000 acres was leased in October of 1936. A few small leases were filed from the time the 5,000-acre block was leased to the first of 1937.

It was in the fall of 1937 that leasing activity reached its height and maintained it until spring of this year.

Authorities in the oil industry on the South Plains explained that practically all the land under lease, though leased by agents, since has been transferred to major companies.

$150,000 Paid Landowners

In the last quarter of a year, leasing activity has declined sharply.

Most of the land leased was for $1 an acre with 50 cents a year rentals, but some tracts brought more than that amount. The acreage leased for less than that is negligible, it was pointed out.

Leasing income has netted farmers and landowners approximately $150,000, or more, and the income from rentals will be half that amount.

That income has been of untold value to farmers in that it is all net profit.

Forty-Two Blocks Of Paving Are Sought In Littlefield Program

LITTLEFIELD, Oct. 1—So far, 42 blocks of paving for Littlefield has been applied for under a recent WPA program for paving here, an application for that much paving was sent to Fort Worth.

Application is expected to be acted upon within 60 dways.

SENTENCF SUSPENDED

OLTON — Jess McIntyre, Littlefield youth, charged in district court in connection with the death of O. D. Brown, a Spade farmer, in a car crash on highway 7 last June, was given a 5-year sentence by Judge C. D. Russell in 64th district court. Sentence was suspended. Brown was fatally injured when struck by a car driven by McIntyre.

NEW MONROE BUSINESS

MONROE — Linel Berry, formerly of Missouri, has opened a repair shop north of the lumber yard. He also plans to operate a service station. Mr. and Mrs. Berry and 3 children will reside in quarters in the rear of the shop.

"Marie Antoinette" At Palace Today; "Mannequin" Is At Broadway

Hollywood On The Loose..

"Whatever Became Of—?" Here Are The Answers On A Few Of The Movie Players

BY PAUL HARRISON
NEA Staff Correspondent

HOLLYWOOD, Oct. 1—The ranks of the oldtimers are thinning fast. Of all the people who took part in the acting, writing, and direction of "The Birth of a Nation" in 1912-13, Donald Crisp is the only one still active on the screen.

Crisp now is one of the featured members of the British cast of "Dawn Patrol" at Warners. His part rounds out 25 years of prominence. He was one of the highest-salaried men in "Birth of Naton," too—got $90 a week as actor and assistant director. The late Henry B. Walthall, featured player in that movie, received only $75 a week.

Without Crisp, the famous film might never have been released, for he helped negotiate a $70,000 loan for its completion. Then, of course, "Birth of a Nation" went ahead and grossed more than $13,000,000.

• • •

"You Be Nice"

HOBART BOSWORTH, now 71 years old and an occasional character actor, performed an even greater service for the movie industry back in the early years when companies first were moving to Hollywood. The city was actually antagonistic toward the flickers and its people, and picture companies were receiving no co-operation from police and fire departments; had difficulty working in public parks or on the streets, and were unable to borrow fire trucks and the like.

So Bosworth, who by that time was becoming prominent as an actor and director, gathered a lot of statistics and delivered an ultimatum to city authorities. He showed how much the young picture industry was spending in wages for local craftsmen and extras, for rents, building materials, and other services and commodities.

"There," he said, "are the figures. And here is our decision: You give us your full co-operation or we'll move out. And quickly." There was no quibbling after that.

Bosworth played in the first motion picture ever made in Los Angeles. It was called "The Power of the Sultan," and was filmed on May 8 and 9, 1909, in the drying yard of a Chinese laundry. Subsequently he played in more than 500 films, greatest of which was "The Sea Wolf," with himself as adapter, director and star.

• • •

Now Rents 'Em

WALTER CAMERON is known around the studios as an expert horse wrangler. For 16 years he has owned the Ben Hur stables and has rented mounts to the studios. He's 69 now, with a roaring voice and a formidable mustache.

Few of his customers know it, but Cameron really was the screen's first star.

Thirty-five years ago he played the role of the sheriff in "The Great Train Robbery," the first original movie to tell a story.

Later he acted in some 200 films, usually as a lead in westerns. Then, in 1922, he bought some horses and retired behind the cameras.

Living Happily Ever After

RAYMOND HATTON isn't so old—a mere 46—but he has devoted a quarter of a century to movie acting, and he still works pretty steadily.

He appeared in Cecil DeMille's first production of "The Squaw Man" when Famous Players-Lasky had a barn for a studio. (Hatton's dressing room was made from a piano box.)

Today the actor owns a home in Beverly Hills, a home at the beach, and an elegant lodge in the mountains. Also, he and Frances Hatton have been married for 22 years.

• • •

And Now It's Coming Up

ANOTHER veteran who has done all right financially is Corinne Griffith.

She has played a few bit roles in recent years, but only for the fun of it. While other stars of her time were splurging with their big salaries, Miss Griffith was buying real estate.

Recently she sold a lot on Wilshire boulevard to the Myron Selznick agency. The price was $150,000, payable at the rate of $100 a week plus interest.

MOVES TO SPUR

SPUR—G. L. Jennings of Abilene, an automobile dealer there, has opened an agency here. He will move his family here as soon as he can [illegible] a home.

Tech Features '52nd Street'

ONE of the most famous historical pictures ever filmed comes to the Palace therter when "Marie Antonetie" starts a four-day run today. The all-star cast is headed by Norma Shearer, Tyrone Power, John Barrymore, Robert Morley and Gladys George.

After her marriage to the dauphin of France, Marie Antoinette becomes a pawn in the political intrigue of Europe. Neglected by her husband and hated by her rival, Madame du Barry, Antoinette finds escape in gay parties and at the gaming tables while, the French people become more poverty-stricken. When her husband becomes king she determines to be a good queen but the king's crafty cousin, Duke d'Orleans, starts a revolution as the result of which the king and queen are made prisoners.

Escape Plan Fails

Count Fersen, a Swedish nobleman who is in love with Marie Antoinette, arranges an escape for the royal fawily but the plan fails and they are taken prisoners again.

Norma Shearer is superb in her characterization of the ill-fated queen and Louis is ably portrayed by Robert Morley.

The romantic story of a rich man who meets and falls in love with a poor girl is that being offered at the Broadway today in "Mannequin."

Joan Crawford and Spencer Tracy are the stars of the film, supported by Alan Curtis and Ralph Morgan.

Wins And Loses Love

Miss Crawford is cast as the wife of a worthless chisler. Tracy meets her and wins her love but loses it through a misunderstanding. He regains it, however, after he has lost his fortune.

A picture packed full of real he-man action stuff opens at the Lindsey today. It is "The Road To Reno," starring Randolph Scott and Hope Hampton.

Scott provides a strong brand of attractive romance and satiric comedy which centers about Miss Hampton as a temperamental opera star who planned to divorce him and Glenda Farrell as the man-hungry divorcee who chases him all over the scenery.

Others in the cast include Helen Broderick, Alan Marshal and David Oliver.

Jane Withers Is Back

Jane Withers plays a return engagement in Lubbock, starting today at the Lyric in "Checkers." She is teamed with Stuart Erwin and Una Merkel.

The plot revolves around a child whose uncle owns a race horse which breaks a leg and is nursed back to health on a farm.

The farm owner is in love with the uncle but she refuses to marry with him until he gives up racing. Finally there is a race to end all racing.

Ace entertainers from Manhattan's hot spots and top personalities from movieland merge their talents to create a mad, merry and engrossing evening of entertainment in "52nd Street," now showing at the Tech.

Resent Night Clubs

Two conservative spinster residents resent the invasion of night clubs in their sedate neighborhood and are scandalized when their younger brother marries an attractive night club singer. They finally bow to the inevitable when their brother's daughter comes back from a fashionable school in Europe and falls in love with a master of ceremonies and makes her own debut as an entertainer.

The two spinsters are Zasu Pitts and Dorothy Peterson; Ian Hunter is the brother; Pat Paterson is the daughter. Comedy honors are shared by Leo Carrillo and Sid Silvers, while others in the cast include Ella Logan and Kenny Baker.

A return engagement of "Parnell" starts a two-day run at the Cactus today. The picture stars Clark Gable and Myrna Loy.

It's Freddie Bartholomew and Mickey Rooney in a comedy affair at the Texan today, "Lord Jeff."

Lemon juice will remove nicotine stains from the fingers.

Ian Hunter and Leo Carrillo are shown here in a scene from "52nd Street," now on at the Tech.

Jane Withers makes a return visit to Lubbock today in "Checkers," current attraction at the Lyric. She appears with Stuart Erwin and Una Merkel.

There's a merry mixup in general in "The Road To Reno," opening today at the Lindsey. Here are Randolph Scott, Glenda Farrell, Hope Hampton, Helen Broderick and Alan Marshall in a scene from the picture.

Norma Shearer as the tragic Austrian princess and Robert Morley, who plays Louis XVI, in a scene from "Marie Antoinette," now showing at the Palace.

Margaret Lindsay and John Payne are two of the stars of "Garden Of The Moon," coming to the Palace Friday.

This Week's Film Menu

PLAN SAFETY LANE

LITTLEFIELD — State highway patrol officers will hold a 3-day safety lane here Oct. 10-12.

Gainesville Voters Vote Down Municipal Plant Third Time

GAINESVILLE, Oct. 1. (AP) — For the third time in four years, Gainesville voters Friday defeated a proposal for revenue bonds to construct a municipal light plant. The count was 646 for and 672 against the proposed $225,000 issue.

SLATON GINNERS

SLATON—Four of the five gins here reported 429 bales had been ginned up to the middle of the week. A better turnout than expected is being reported.

BUILD SEED HOUSE

LITTLEFIELD — The Harrison Bros. gin at Spade, built late last season, is completing a new seed house. It will be ready shortly.

The number 2520 is divisible by 1, 2, 3, 4, 5, 6, 7, 8, and 9.

Somebody "Pulled A Boner;" The "Hartford Boys" Prepare For A Defensive War

Hospitals Are "On Again"

Amarillo, Ft. Worth Areas To Be Served

THE off-again, on-again status recently of Public Works administration allocations for construction of a number of veterans' hospitals—including those in Fort Worth and Amarillo vicinities—hints that someone must have talked out of turn and that someone probably listened to an ear-blistering bawling out the public was not privileged to hear.

Announcement first was made that the money was ready and work on the hospitals was to start immediately. Then came the announcement that the allocations had been withdrawn because work hadn't started on the hospitals by Sept. 14. And it formally was announced that the money had been restored and that the hospitals were "on" again.

Just who was responsible for the original announcement of the cancellation was not made clear. But subsequent events establish that it was considered ill-advised. From higher authority came the prompt assurance that the allocation had been restored. The very promptness of that assurance was a resounding slap for whoever made the original announcement.

Net result of the whole thing is that there can no longer be doubt that the hospitals Texas veterans have sought so many years soon will be realities.

They're Getting Their Rest!

SEVERAL civic-minded citizens of Lubbock are enjoying today for the first time in a good many weeks the relaxed feeling which comes with release from nervous tension.

Reference is made to the officials, directors and others having to do with the operation of the Panhandle-South Plains fair. Their eased feeling results from the announcement that the 1938 fair seems certain to be "out of the red" and perhaps a small profit.

Of course it would have meant little financially to the individual officials and directors if the fair had "flopped." But they naturally wanted their job to be well done, and to be rewarded for their long efforts with success. That was a matter of personal and civic pride.

Yet they were dealing with a most uncertain proposition. Would there be a week of rain to wash out the fair? Would the fickle crowd respond to the program? Would there be tragic or regrettable incidents? Would the fair go over? It was enough to try the nerves of a man of iron.

Now the fair has gone over. It is a financial success. The crowds were pleased.

The gentlemen of the association are to be congratulated as they enjoy a well-earned rest from the job they unselfishly permitted themselves to be burdened with.

Dewey Starts His Climb

NO governor's race in any state for at least a generation has been watched with more intense interest by political observers than will be true of New York's gubernatorial contest this year.

The race becomes one of national moment because of the selection of Thomas E. Dewey, New York City's district attorney, as the Republican nominee. Obviously, it was not the party's intent merely to nominate a governor. Its hope is that it has named a President.

If Dewey should be successful in his campaign for governor, it is as certain as sunrise that he will be a candidate for his party's presidential nomination in 1940. In such case, it is not at all impossible that he will win and then go on in the general election to become at 38 years of age the youngest man ever to seek to occupy the White House.

Of course, many "ifs" lie between him and his obvious goal. He must win the governorship, and the betting now is against him. Then he must persuade his party that he is a champion competent to lead Republicans out of political purgatory. And finally, he must face the citizenship of his nation. The handicaps, considered in the aggregate, weigh against his ever reaching the White House.

However, his chances probably are at least as good—perhaps better—than appear those of any other Republican at this stage of the game. And regardless what his destiny may be, his career will be interesting to watch until it either fades or blossoms into fullest bloom.

Today's One Minute Sermon

For if we believe that Jesus died and rose again, even so them also which sleep in Jesus will God bring with him.

For this we say unto you by the word of the Lord, that we which are alive and remain unto the coming of the Lord shall not prevent them which are asleep.—1. Thessalonians 4; 14 and 15.

"Killer Of Kingsbury Run" Ranks With Worst Criminals In Annals Of Crime

A Fiend Is On The Loose In Cleveland

BY WILLIS THORNTON
NEA Service Correspondent

CLEVELAND, Oct. 1.—The bodies of 13 mutilated and dissected murder victims—all found within the last three years—are the ghastly evidence that the United States has produced a monster in the class with Jack-the-Ripper, Fritz Haarmann, and "Bluebeard" Henri Landru.

Britain's Ripper, whose name still chills the blood of late walkers in London's Whitechapel district, murdered five women. "Bluebeard" Landru killed between 11 and 20 of the 283 French women he caused to love him, perhaps many more. And Haarmann, German monster, confessed to 15 murders and probably committed others.

Landru, the cold, repulsive Frenchman who exercised so strange a fascination for women, whom he married, murdered, and cremated in a furnace in his villa suburban to Paris, died on the guillotine for his atrocious crimes. Haarmann butchered between 30 and 40 young boys orphaned by the World war, and he too died on the guillotine.

Jack-the-Ripper was never definitely identified or captured, and the "Killer of Kingsbury Run" whose 13 dismembered victims entitle him to a place in the annals of crime likewise remains a phantom, unseen, unknown, uncaptured.

• • •

Three Years Of Terror

ONLY three of Cleveland's mad killer's victims have been identified, and the most painstaking police search for nearly three years has failed to produce a single really suggestive clew. The fact that he appears to have chosen his victims from among the lowly and friendless has helped him to cover his tracks.

A part of the city much frequented by such homeless drifters, Kingsbury Run, gave the killer his name, for most of the earlier victims were found in the lonely, brush-overgrown valley of that stream, where hidden pools of stagnant water gleam in the reflection from blast furnaces and hulks of industrial plants lining its rim.

On Sept. 23, 1935, the headless bodies of two men were found in Kingsbury Run. Each had been mutilated. A swift, unerring strike of a sharp, heavy knife had severed those heads. The killer plainly had both the cold nerve of a madman and a certain amount of rough skill in dissection.

One victim was identified as Edward Andrassy, a hospital orderly, whose relatives had seen him alive four days before the bodies were found. The other, never identified, was judged to have been killed 18 days earlier.

Police instantly recalled that on Sept. 5 the dismembered torso of a woman had been found on the shore of Lake Erie on the eastern outskirts of the city. This murder had evidently been done months before, and as there was no identification and no clew, little had been made of the discovery at the time.

• • •

Still No Clews

WITH the new discoveries, it gradually became clear that these were no isolated crimes, but the work of a human fiend. And when on Jan. 26, 1936, the persistent barking of a dog led to the discovery of another dismembered torso, a shudder ran across the city. Other parts of the body, but not the head, of Mrs. Florence Sawdey Polillo were found nearby. But even identification of this victim produced no clews.

In June the severed head of a man and then his dissected body were found in the Kingsbry Run section; in July the headless body of another man; in September the severed parts of the body of another victim, but not the head, were found.

Literally hundreds of suspects were quizzed, dozens of confessions were found false, thousands of "tips" were run down in vain. Not even a description of the killer, not a single clew to his identity could be found.

With sickening regularity bodies

(Continued on Page 13)

Cleveland's mad killer picks his victims from the back streets and hobo jungles of the city—friendless wayfarers, men and women who will not be missed.

The National Whirligig

The News Behind The News

WASHINGTON
By Ray Tucker

THE stark simplicity of the Hartford brothers' counterattack on Patmanite termiting has aroused the admiration of veteran Washingtonians. They kick themselves for not having used the same tactics.

The Hartford boys didn't establish a lobby to influence anybody here. They didn't hire an agent to send them reports on how he was lining up enough votes to kill the Patman measure imposing terrific taxes on chain stores. They didn't employ lawyers to appear before committees with arguments that the proposed law would be unconstitutional. They simply bought ads in the newspapers, said they were fed up with paying all their profits to Uncle Sam and told what they were going to do about it.

Roughly, they explained that, despite a gross income of almost 900-million annually, their personal net was only 1 per cent. They paid 82 per cent of their profits in income taxes. They sold, so they said, their stuff at from 8 to 10 per cent below rival independents. But if the government was going to Patmanize them again, they saw no reason why they shouldn't close up shop, depriving millions of customers of cheap food, throwing 85,000 people onto Harry Hopkins' relief rolls and robbing Uncle Sam and local governmental units of some $700,000,000 in taxes each twelvemonth. In short, they said a mouthful.

• • •

SHOW: The "Hartford boys"—George is about 73, John about 66—are no blusterers. They are so modest that Who's Who carries only a scant three lines about each chainstorer. And until now they have submitted to burdensome Patmanesque laws patiently and silently.

But they are hard fighters and shrewd planners. When labor organizers in Cleveland called a truckmen's strike, thus shutting off supplies to their 300 stores, George closed down the whole system. The strike soon collapsed and the stores reopened. In 1927, foreseeing the inevitable results of the boom, the cautious George ordered that no leases be signed for more than a year. Thus he was not tied up for long periods at high rent when many locations became worthless as merchandising centers in 1929-1933.

If they're going to fight the Patman bloc along these lines, Capitol Hill spectators look forward to a fine show—one of the best in years. And other proposed victims—the monopolists, bankers, railroaders—will learn a few new wrinkles from these non-political Davids.

• • •

DIGGERS: An amusing row has broken out between the Washington correspondents who try to "cover" Franklin D. Roosevelt—between the spot news reporters regularly assigned to the White House and the "specials" and commentators who drop in there only for the President's press conferences.

Writing in a Washington newspaper, a veteran columnist precipitated the squabble when he complained against the antics of the fellows who, in his opinion, fawn upon and protect F. D. R. against critical questions. He criticized the "claque" which laughs uproariously at presidential wisecracks or at Mr. Roosevelt's remarkably clever ability to dodge embarrassing interrogations. But he reserved his heaviest barrage for a certain press association reporter who frequently winds up a conference with a voluntary "Thank you, Mr. President."

President Earl Godwin of the White House Correspondents' Association replied stingingly. The columnist's indictment, he said, "gives the impression that some stooge for the White House is present at these conferences, and at a tip from the head man adjourns the meetings." On the contrary, maintains Mr. Godwin, the spot news boys must rush to a phone, dictate the President's remarks for an hour and therefore they can't wait for the pontificators or commentators to quiz F. D. R. too deeply. Though now a good natured debate, it does raise a serious question—namely, shall reporters guilelessly accept a President's statements for the sake of speed in transmission, or shall they try to dig beneath his offhand remarks?

• • •

RESULTS: When the new Assistant Commerce Secretary set out to modernize the Department of Commerce after six years' sleep, he was warned by insiders that it just couldn't be done.

Mr. Patterson, however, made a few discreet inquiries in the vicinity of the State-Agricultural departments, also among members of the O'Mahoney Monopoly Committee. Did they want the Department of Commerce to function as a clearing house for economic and commercial statistics and developments—did they want the assistance of the vast array of experts mobilized in Mr. Roper's department but not fully used for six years?

He got a shocking reply. It was, in effect, that Messrs. Hull, Wallace and Leon Henderson, the O'Mahoney Committee's secretary, had despaired long ago of any worthwhile assistance from the merry Mister Roper's men. It was then that Mr. Patterson launched a one-man movement to revitalize the dying Department of Commerce—and he's beginning to produce results.

• • •

CLEANING: The recent European crisis has convinced President Roosevelt—and presumably Secretary Hull—that a few smart Americans in key places abroad are twice as valuable as the so-called career diplomats. The latter group have suffered a severe shellacking in the series of crisis involving Tokyo, Rome, Geneva, Praha, Berlin and Moscow.

F. D. R. has received his best inside information on forthcoming events over the phone from non-career men like Joseph P. Kennedy at London, William C. Bullitt at Paris, Joseph E. Davies at Brussels. Unfettered by tradition, they have done legwork to get the news of what the nations to which they are accredited would do under cerain circumstances—which, after all, is a diplomat's principal assignment. It was from these more hard-boiled representatives that the President confirmed the Franco-British sellout of the Czechs—forecast last May. When conditions changed, they immediately phoned him that the democracies would fight if pressed too hard by Herr Hitler. That helped to precipitate F. D. R.'s message applying peace pressure to Der Fuehrer and Benes.

Men like Kennedy and Bullitt and Davies gleaned information from business men, economists, reporters and industrialists as well as from foreign statesmen. They realized that statesmen don't always have the last say in a critical moment. The career boys usually base their confidential advices on official conversations or communiques; they're too polite to question or cross-examine these official statements. So when and if Europe quiets down, you may look for a thorough housecleaning of our diplomatic establishment.

• • •

NEW YORK
By James McMullin

TWENTY years ago Bernard Baruch was one of the most powerful figures in the United States. As head of the War Industries board he had charge of mobilizing American business in the service of the government during the World war.

Events appear to be shaping to elevate Mr. Baruch to a position of similar influence again. Though he gave up his active connections in business and the stock market several years ago, the President is known to value his experience and his judgment in such matters. And this time, if there is a war, American industries will be organized in readiness for all contingencies without awaiting our actual participation.

New York leaders have always regarded Mr. Baruch as a financier, not an industrialist. His talents in the latter field are frankly deprecated. Yet—if there has to be a war-time industrial "czar"—they would be glad to see him in the role. He would be a stanch and dependable bulwark against the schemes of left-wing New Dealers to socialize under the pretext of war emergency. That plan will be strenuously promoted in some quarters if was breaks out.

STARS CAN BE SEEN FROM THE BOTTOMS OF WELLS IN DAYTIME! RIGHT OR WRONG?

ANSWER: Wrong. The planet Venus sometimes is so bright that it can be seen in the daytime from any spot where the observer's eyes are shaded from the sun. Stars can be seen in daytime only by the aid of telescopes.

James Truslow Examines The Britons

'Building The British Empire' First Of Two Volumes

"BUILDING THE BRITISH EMPIRE," by James Truslow Adams; (Scribners, New York).

JAMES TRUSLOW ADAMS' turns his historical spyglass on England in "Building the British Empire," and finds the empire a mystic, well-nigh miraculous phenomenon.

J. Truslow Adams

Somehow, somewhere, says Mr. Adams, this mixed and polyglot people uncovered a genius for self-government which enabled them to make a priceless contribution to world civilization. They invented parliamentary government and found out how to make it work; they showed how an empire could evolve from conquest to freedom; they developed a knack for building freedom and democracy on a straight pragmatic basis without bothering to formulate high-sounding principles in the French or American manner.

It is Mr. Adams' concern to see how all this happened; so he presents this, the first of two volumes tracing the rise of free institutions in Britain and examining tha background of the nation's achievements. This book takes the story to the close of the American revolution.

It is a good, interesting story, for the most part. Some readers are pretty likely to feel that Mr. Adams has been rather uncritical. It is easy to feel, every so often, that a strong current of Anglo-mania is sweeping through these pages; it would not be hard to quarrel violently with some of his broad dicta—as, for instance, the statement that India was lucky to have the British rather than the French for rulers, since Britain has a far greater talent for dealing with subject peoples.

But it is a handy resume of a fascinating story, just the same, and the odds are that it will enjoy a very wide sale.

Thumbnail Reviews

NATHALIE Sedgwick Colby's "Remembering" is a book of reminiscences which, in effect, ties the old life of the Stockbridge, Mass., group into the current of modern affairs. It has humor, a little satire, a fresh outlook. (Little, Brown.)

• • •

FRANK Smith's "Thomas Paine" takes advantage of the current revival of interest in the great idealist and his work. It is not a racy book, but it is sincere and founded upon honest scholarship so far as this reader can determine. (Stokes.)

• • •

"NEW England Born" is another of Sara Ware Bassett's Cape Cod romances; as a matter of fact, it is a double romance, one from December, one from May. It's pretty sentimental, but as usual the atmosphere of the Cape is there. (Doubleday, Doran.)

Dr. Paul Popenoe To Speak At Tech Meetings Monday

Marriage and preparation for marriage will be subjects discussed by Dr. Paul Popenoe, director of the Institute of Family Relations in Los Angeles, in three meetings at Texas Technological college Monday.

The college YM-YWCA will sponsor Dr. Popenoe's appearance here.

Subjects Are Announced

"Factors Making for Successful Family Living" will be his subject in an address at 8 o'clock Monday morning in the engineering auditorium before a home economics class in family relations and any other students wishing to attend.

At 11 o'clock, in a general convocation of students and faculty, he will speak on "Preparing for Marriage in College." Subject formerly announced for that address was "Emotional Maturity." The general public, as well as those connected with the college, may attend the convocation, said Miss Allene Atkinson, "Y" secretary.

To Conduct Forum

Dr. Popenoe wil conduct a forum on "How Can You Tell When You're Really in Love" at 2 o'clock that afternoon in the women's dormitory.

Dr. Popenoe is author of several books and has lectured widely on family relations. He is expected to arrive this afternoon.

Open Warfare Is Declared On Predatory Animals In Texas

AUSTIN, Oct. 1. (AP)—Open warfare on predatory animals in the deer and turkey zones of Southwest Texas was declared by the game, fish and oyster commission today.

The officials authorized purchase of 2,000 steel traps to supplement 500 now in operation. Field men will set the traps beginning Dec. 1 and keep them in operation through February, 1939.

A. E. Wood of Austin, chairman, said results of the experiment probably would produce valuable information on which to base other campaigns against bob cats and coyotes, principal foes of deer and turkey.

The commission authorized the purchase at a special meeting when it also declared portions of Carrizo creek in Dimmitt county a fish sanctuary and closed them to fishing for five years.

W. W. Boyd, director of coastal operations, was authorized to investigate a proposal made by Rep. Augustine Celaya of Brownsville for dredging Boca Chica pass at the southern tip of Laguna Madre and constructing jetties at the pass.

Dickens County Singing Session To Be Held There During Today

DICKENS, Oct. 1.—Dickens county singing convention will be held in the high school auditorium here Sunday. Jack Gipson of Dickens is president.

It is an all-day affair and a basket dinner will be served at noon. Campbell quartet of Levelland, a Cottle county quartet and others from this section are expected.

STAMP SALES INCREASE

AUSTIN, Oct. 1. (AP)—Sale of state tax stamps in September totaled $1,155,566 and exceeded those of September, 1938, by $43,219 the treasury department announced today.

Proceeds included $603,439 from cigarettes, $229,140 from liquor, $19,770 from wine, $199,634 from beer and $33,482 from notes.

Fiendish Murderer Plagues Cleveland

(Continued From Editorial Page)

or parts of bodies kept turning up, men and women, young and old, but nearly all unidentified, friendless, unknown.

Only one more victim was identified. A skeleton wrapped in a burlap bag was found under a bridge in the same district. It was later shown to be that of Mrs. Rose Wallace, who disappeared on the way to a party, and whose son recognized the dental work found with the skeleton. The circumstances of her disappearance were similar to those in the case of Mrs. Polillo.

* * *

Fiend's "Laboratory"

AUG. 16 of this year, parts of the bodies of two women were found near the mouth of the Cuyahoga River, the 12th and 13th victims. As in the first cases, the bodies had been dissected with a certain rudimentary skill.

The theory was irresistible that all the murders were done in some fiendish "laboratory" from which the dissected bodies were later carried, but every effort to find that room of horror has been a failure.

Not so much as a description has been obtained of the man (or might it even be a woman) who has lured 13 people to a horrible death and hidden his own activities beneath some smiling mask of respectability.

LANDS NEWSPAPER JOB

What Is Your News I. Q.?

By The AP Feature Service

Each question counts 20; each part of a two-part question, 10. A score of 60 is fair, 80 good.

1. Identify this Suffern, N. Y., housewife who is leading a "woman's rebellion." Against what is she campaigning?
2. Where was the 1938 international balloon race held? Who won?
3. What percentage of the U. S. population is going to school?
4. What two records were made by the New York Yankees in taking the 1938 American League pennant?
5. Dr. Eduard Benes is Czechoslovakia's second president. True or false?

WASH TUBBS — VERY BAD NEWS — By CRANE

BUT I'VE RUNG CAROL'S DOORBELL. I'VE WIRED HER AND PHONED HER AND...
TRY AGAIN, SONNY. YOU JES GOT TO EXPLAIN WHY YOU WAS LATE TO THE WEDDIN'.
SHE'LL UNDERSTAND.
WASTE
FOR TH' LAST TIME, I DEMAND TO SEE MY FIANCEE!
SHE'S NOT AT HOME.
I'LL WAIT.
THEN YOU'D BETTER PUT UP A TENT. SHE AND HER FATHER HAVE LEFT ON A TRIP, YOUNG MAN, AND WILL BE GONE FOR SEVERAL MONTHS.
MONTHS ?
MAYBE LONGER. I'M CAROL'S AUNT, AND I'M STAYING ONLY LONG ENOUGH TO RETURN THE WEDDING PRESENTS AND YOUR ENGAGEMENT RING.

Garza Court To Meet Oct. 17

(By Staff Correspondent)

POST, Oct. 1. — Next term of 106th district court for Garza county is scheduled to open Oct. 17, says Joe Moss, county attorney. Grand jury has been called to meet that day.

So far, the jury has two cases of attempt to assault for murder, one disposing of mortgaged property and one case of car theft to investigate. There will be about 15 civil cases on the docket.

Judge Louis B. Reed of Lamesa will preside over the sessions. Truett Smith of Tahoka is district attorney. Moss will work with Smith in handling criminal cases.

News I. Q. Answers

1. Mrs. Oliver Hulswit. She's campaigning against "pump priming," and the right of relief clients to vote.
2. At Liege, Belgium. Poland.
3. About one-fourth. Federal authorities estimate there are 30,000,000 enrollees in schools and colleges.
4. First of the league to win 10 pennants; the third time the club had won three straight.
5. True. On Dec. 18, 1935, he succeeded Prof. Thomas Masaryk, who had served since the nation was created in 1918.

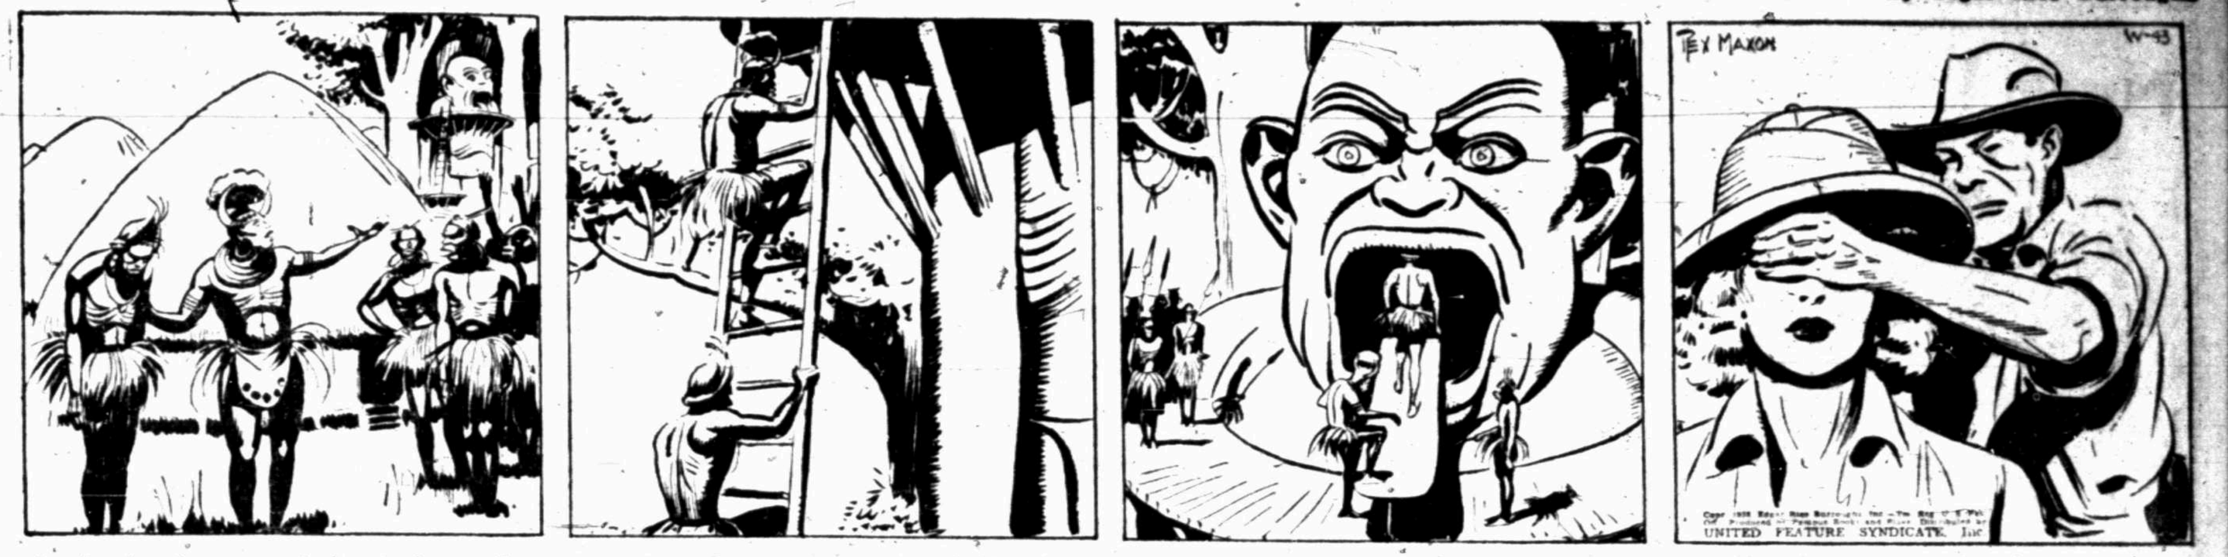
TARZAN THE FEARLESS No. 43

By Edgar Rice Burroughs



A shout of approval burst from the blood-thirsty crowd when Kagundo announced that Balzo was to be hurled at once into the devouring maw of the Tree-God. "May he suffer a thousand tortures," a villager cried, "for allowing Tarzan, the Tree-Demon, to escape."

"Aye," screamed another; "and his blood shall feed the roots of the sacred trees that shelter our god." So, while the Tree-God children were filled with fanatic frenzy, Kagundo, the witch-doctor, mounted the ladder—up, up toward the face of the hideous idol.

Behind him climbed the doomed Balzo and the ceremonial guard of warriors. At last they reached the platform at the mouth of the Tree-God. Without a word of protest, Balzo walked along the pivoted plank that led into the cavernous interior. Kagundo followed.

Tensely the four white captives watched these strange proceedings. Only Jeff, who understood the language, knew their awful meaning. "What's happening to that fellow is what's going to happen to us," he said to Mary; "you'd better not look. It's too horrible."
