## REMEMBER THE TRUSTEE ELECTION

Don't get too busy with other matters and forget that on Saturday, April 3, Colorado Independent School District must elect three trustees for the Colorado schools. This is a matter of great importance. It is an honor to any man or woman to be selected as a school trustee. The school is an institution in which we are all interested. We ought to get the best material in the district. Our outlook is good for a school of which we will feel proud, and there are matters coming up that will call for strong executive ability. We should elect fit people to serve as trustees.

STRAYED from the Oliver & Bell wagon yard, first week in March, A two year old springer jersey heifer. Has stoped some where between Colorado and J. M. Dorn farm. I'll pay \$2.50 reward for information as to her whereabouts. E. V. Bell.

## OPERA HOUSE SOLD

On Tuesday of this week a deal was closed by which Judge Coe becomes the owner of the old Opera House property. The Opera House property was owned by a stock company who had never realized very much out of it so it was decided to sell it and Judge Coe became the owner. at a consideration of \$2000. The Judge now owns this entire half The Judge now owns this entire north east corner. Judge Coe says, it is now his idea to tear down the building and work the material into the new brick building he will soon build on the City Bank alley corner. Judge Coe will some day build a fine opera and moving picture house out of his brick property holdings.

## THREE BURNED TO DEATH SATURDAY

Miss Nellie Wood, Her Brother and Niece Burned at Sweetwater

Sweetwater, Texas March 29.—Miss Nellie Wood, her eight year old brother and two year old niece were burned to death at 8 o'clock this morning when the residence of Fred Wood, her brother, was destroyed by fire.

Miss Wood was burned over the body in attempting to rescue the children after a can of gasoline with which she was kindling a fire exploded. One of the children was taken from the heap of ruins two hours after the fire and the other one has not been found yet.

Miss Wood mistook the can of gasoline for kerosene, according to her brother, Mr. Wood who resides six miles from the city had come to Sweetwater where he is engaged in the automobile business and upon learning of the tragedy rushed to the scene to find his little daughter and brother dead, his sister dying and his wife distracted. Mrs. Wood was a short distance from the house when the fire started and could not reach it to time to be of assistance in saving the children.

Coincident with the burning of the Woods home was the total destruction of the residence of W. H. Bennett in the same community, the fire starting when a kerosene stove exploded. No one was injured in this fire. The damage is estimated at \$4,000.

A bridge on the Santa Fe railway at only a short distance from the Woods home burned at noon, delaying traffic on that line until Sunday night. The origin of this fire is undetermined.

## COLORADO MUST HAVE RENT HOUSES OR LOSE

People are here every day wanting houses in which to live, and are confronted with the fact that there are none here. We know that building material is high—almost to the prohibitive point, but people are demanding that houses be provided for them, and Colorado is going to lose many useful citizens if there is not some way provided for their requirements for buildings.

### A COLORADO GIRL

Abilene, March 23—On Monday evening, March 21, Miss Mattie Conaway, junior in the expression department of Simmons College, assisted by Miss Dan Jenkins, pianist, gave a Junior Recital at the Simmons College auditorium, which was attended by a large number of students and patrons of the college.

Miss Conaway first read Act III of "Jeanne d'Arc," by Percy Mackye, the next reading was from act III, scene 2 of Shakespeare's "As you Like It." In both of these readings Miss Conaway played the different characters in a manner that reflected both a natural ability and splendid training. The closing numbers were "My Sweet Brown Gal" and "Encouragement," by Paul Dunbar. In these selections Miss Conaway delighted her audience in her manner of presenting the negro characters. The encores were hearty and the reader received beautiful bouquets of flowers from her friends.

Miss Conaway's home is in Colorado. She is junior both in the literary and expression department of Simmons College and during her studies here has made splendid records in both these departments. Besides these activities in the literary and expression departments of the college, Miss Conaway is an active worker on the staff of the Simmons Brand, the college weekly newspaper.

### WEEK OF PRAYER

The women of the Christian church are observing the week of prayer for missions this week. This is also the conclusion of a six weeks campaign for soul winning. The motto being "One win one" On Tuesday the other denominations were invited and a special program given. The house was made attractive by decorations of the C. W. B. M. Colors, lavender and white. Sweet scented lilacs were in abundance. Mrs. C. T. Harless had charge of the program.

Mrs. B. S. Van Tuijl made a most interesting talk on Missions, relating experiences given by the missionaries.

Mrs. Merrett had a paper on "If millions prayed" Mrs. A. L. Whipkey talked and reading the Bible and communion with the Father. Mrs. Sam Majors read a paper on "One win one" telling of some of the results if every Christian won one. Thursday there will be a mission school at 10 a. m. and in the afternoon a mission program. The rest of the week will be given to personal visiting and inviting to the services on Sunday, which will be Decision Day in the Sunday school as well as at the eleven o'clock hour.

### SIMMONS QUARTETTE AT BAPTIST CHURCH

Tenors, Messrs. J. H. Garrett and Lee Stulce. Basses, Messrs. W. T. Walton and Tom Roberts. These men have been singing together since last September and it will be quite a treat to the people of Colorado to hear them. Mr. Stulce is devoting his life to a musical career and, while carrying forward his studies in the college is directing the choir in the First Baptist church. He is the director of the Quartette.

Mr. Hume Garrett needs no introduction to a Colorado audience but you have never heard him with the Simmons Quartette.

### THE FARMERS GIN COMPANY

On Wednesday of this week a stockholders meeting of the Farmers Gin Company was held in the District Court room with 40 of the stockholders present out of the total number of 68. There are 170 shares in this company held by 68 stockholders. R. C. Morgan the president of the company presided with U. D. Wulfjen acting secretary. A report from the manager was heard and his statement was as follows.

| Assets                              |             |
|-------------------------------------|-------------|
| Colorado National Bank              | 238.65      |
| City National Bank                  | 7,080.16    |
| Gin Property                        | 8,000.09    |
| Accounts Receivable                 | 2,643.00    |

| Liabilities                         |             |
| 68 share holders holding 170 shares | 4,250.00    |
| Profit and Loss (gain)              | 11,095.24   |
| Total                               | \$15,345.24 |

This report was received and a dividend of 100 per cent was then declared.

The meeting then went into the election of a new board of directors who are also managers and the following board was elected: U. D. Wulfjen; E. M. Reese; Geo. Plaster; James T. Johnson; Jim Bodine; J. M. Helton, D. P. Smith.

This board will meet and elect the new officers. The board was instructed by the stockholders, to remodel and repair the present gin property and if they thought best to add new machinery and thoroughly equip the gin for next season. If necessary they were authorized to raise the capital stock and issue more shares. The meeting was well attended and all were well pleased with the showing made and they say that by next fall

they will have one of the largest and best gins in the county.

### 20 YEARS OLD

The City National Bank was 20 years old on March 20th, 1920, as it was first organized March 20th, 1900. One of the National Banking laws is that all National Banks are required to renew their charters every 20 years and have charter published 30 days. This the City National Bank has done and a copy of the new charter appears today in this paper.

The City National Bank was organized in Colorado on March 20th, 1900 and opened up for business in the building now occupied by the First State Bank. The first officers were W. R. Smith, President, C. A. Okeefe, vice-president, and J. E. Hooper cashier.

In 1915 on January 12th Mr. T. W. Stonerod now active vice-president and cashier became identified with this bank as its cashier. He had been with the Colorado National Bank for thirteen years and his business acumen and experience with his banking knowledge and straight forward honesty made him a desirable man for the place and a strong addition to the institution. At that time the individual deposits were \$135,000 and they have steadily increased until today the statements show over \$700,000 on deposit. During 1916-17-18 (drouth years) the deposits showed about an average of \$250,000 and one of the features of this bank that is most gratifying to the stockholders is that they have never missed paying a dividend and the stock today is quoted at about two for one.

In 1916 the building then occupied proved to be too small for their large and fast growing banking interests so they decided to hunt new quarters. This terminated in the erection of their new building at a cost of \$24000.

This is a magnificent structure, a modern two story pressed brick with tiled floor, marble wainscoting and steam heated, a banking home that reflects credit to the town and in which it is a pleasure to carry on this banking business.

This bank claims the distinction of having more individual depositors than any bank in the west according to the population in its trade territory.

The City Bank is proud of its new or renewed charter and starts out on another 20 years of business with renewed energy and determination to make all depositors feel that this bank is their bank.

The present officers are C. H. Laskey, president, D. N. Arnett, vice-president, T. W. Stonerod, active vice-president and cashier, J. C. Fritchett assistant cashier, and J. R. Bird assistant Cashier. J. D. Wulfjen and G. B. Harness directors. These Pioneer citizens have been with this bank since its organization. These officers and directors are assisted by J. T. Chambers and Miss Ruth Buchanan.

## Making it Easier for You to Buy Good Spring Clothes

You ought to be interested in what we have done to lower the cost of men's clothes. It's important.

We've purchased only the kind of clothing we are certain will give the maximum service—long wear: Kuppenheimer good clothes—good in style, in fabrics, and workmanship.

We've curtailed every expense that was not essential to the kind of service that is of benefit to you.

We've put our profit at a figure that most merchants would consider a loss, if interest on the investment be considered.

We have ready an unusually large stock of Kuppenheimer good clothes; new Spring models; perfectly styled and expertly tailored; fabrics and patterns that will command your interest.

### O. E. S. RESOLUTIONS

Resolutions on demise of Mamie and Lewella Phillips.

The supreme Ruler of the Universe in His infinite wisdom has seen fit to send forth His reaper, before whose scythe the flowers fall as well as oaks. Thus Mamie and Lewella Phillips were gathered into the Eternal Rosebud garden of grace, and enhance the palace of our king.

The majestic veil was lifted, the Father gave the command "come up higher" and in response our young sisters entered the eternal abode where all is happiness and sunshine, and their souls forever at peace with the Master.

Finally, we live in a world where solemn shadows are continually falling upon our pathway. Shadows that teach us the uncertainty of all temporal blessings and warn us that here there is no abiding place, only that to which the light from the star in the east directs, abides.

Be it resolved by the members of the Colorado Chapter that we deplore most profoundly their untimely deaths: This in their deaths we recognize that the O. E. S. has suffered an irreparable loss, that this community has lost two unselfish Christian girls of the highest types, whose noble characters and purity of life will ever be worthy of emulation.

Be it further resolved that we extend to the mother, sisters and brothers, our deepest sympathy and condolence in their great sorrow offering them the consolation that they were loved and honored by all who knew them; that the halo left by their exemplary lives will ever guide and direct to the light that faileth not.

### rect to the light that faileth not.

Resolved further that this resolution be spread on the minutes and a copy of same be furnished the family. Order Eastern Star

### GEO. W. WILLINGHAM

Geo. W. Willingham was buried in the Odd Fellows cemetery, Tuesday march, 30th. Mr. Willingham was born in Ala. 71 years ago. Has been a citizen of Texas for about 41 years.

He leaves a wife and two children Maxwell Willingham of Angelo and Lucy the only daughter. Also Ellen Scown a sister of Mrs. Willingham who has lived with the family all her life.

Mr. Willingham was a good neighbor, a kind husband and father. He will be greatly missed not only by his affectionate family but by a large number of friends who were greatly attached to him as neighbor and friend.

### MUSICAL EXTRAVAGANZA

The musical extravaganza given at the opera house Monday night under the auspices of the M. E. Missionary Society directed by Madam Hartzell was quite a success. This was given by home talent and consisted of popular songs, marches, drills and fancy dancing. The house was filled and each number was heartily applauded. Those who had it in charge feel well repaid for their work as quite a nice sum was realized which will be applied to the payment of the new piano.

### DIED

On Tuesday night, after a lingering illness, Loyd, the little ten year old son of Mr. and Mrs. C. E. Webb died, and was buried in the I. O. O. F. cemetery Wednesday. The funeral services were conducted by Rev. J. W. Pearce, pastor of the Baptist church, while the hearts of the parents are torn and bleeding yet he has gone to be with him who "doeth all things well" and so said "suffer little children to come unto me, for of such is the kingdom of heaven" sincere sympathy of their friends is extended in this sad and lonely hour.

### RETIRED

W. A. Crowder the efficient general agent for the T. & P. Ry at this place after a 35 years service retired this week to private life. He is succeeded by J. J. Hamlet of Odessa who was years ago cashier here.

Mr. Crowder came to Colorado in 1885 as cashier under the then agent J. W. Ayers in the old depot that stood where the present freight depot now stands. In 1887 Mr. Crowder was made general agent and for thirty five years he has hardly missed a day until on Monday of this week when he retired to private life. Mr. Crowder says he will do nothing for awhile but rest. It is not often that very many hold down one position without a break for 35 years and Mr. Crowder many friends are glad that he can now take a rest and live in ease and comfort.

### DIED

William J. Cook, after an illness of several weeks died at the home of his son on Silver Creek, last Friday and was laid to rest in the I. O. O. F. cemetery Saturday. The funeral services were conducted by Rev. W. M. Lane, pastor of the M. E. church and Rev. Young of Loraine.

William J. Cook was born Nov. 2nd 1835 in Chattanooga, Tenn. He came to Texas in 1864 and served his country in the civil war till the close, being a captain.

He lived in Ellis, Parker, Tom Green and Nolan counties till in 1899 he came to Mitchell county where he has since resided. He joined the M. E. Church when quite a young man and remained loyal to her teachings through his life.

He was married to Mrs. M. J. Smith in 1865. To this union six children were born, two daughters, Mrs. Geo. Robertson and Mrs. Bruce DeGarmo, four sons, William, J. Jr., Henry, Harvey and Horace Cook, all of whom are living, also two step-children, Mrs. A. B. Robertson of Slaton and A. P. Smith.

His companion preceded him to the better land several years ago and he has since made his home with his daughters, Mrs. Geo. Robertson and Mrs. Bruce DeGarmo. The Record joins the other friends of the family in extending sympathy to those who mourn.

If the republicans can't get ivory for the White House job they'd just as soon have wood.

Real estate values in Mitchell County are going up. Several days last week some of it was quite high in the air.

Dear me, those North Texans let a little old sixty-mile gale blow their roofs off and raise Cain generally. Most of the West Texas windmills are set to start at seventy miles an hour.

Colorado needs more dwellings which may be rented at a reasonable figure. New citizens are being driven away because of the impossibility of obtaining good rent houses at reasonable prices. Scores of small houses to rent at comparatively small figure are badly needed in the city and will continue to be needed for some time to come. Hundreds of cities have their housing problem and their rent profiteering problem, and Colorado is among the number.

It appears that March is trying to break all records for being windy as the month draws to a close. The high winds which have been in evidence the greater part of last week were about as fierce and extended for a longer period as has ever been noted.

## HUSTLE OR STEP DOWN

There are two ways for a business man to become more prosperous. The first is by active competition among his neighbors. If he is a live one, he realizes to the full the law of life, that he must hustle or younger and brighter men will be ahead of him. He must get out after trade or he will get out of trade. But all additional prosperity can be acquired, out side of whatever can be realized as the result of successful competition with your neighbors, by united efforts to make the home town grow. The advice of a whole community brings an accretion to every one who owns real estate or a business, or who has an income dependent on the prosperity of his neighbors. This increment brings a new prosperity without much effort. As your household grows in value the more houses are built around it, so your business grows more valuable as more people read your advertisements or pass your door.

No man is doing his duty by his own business unless he sets apart a certain modicum of effort to be devoted to measures to make his home town grow. Any town can be made to grow by systematic and common sense efforts to attract new residents and industries.

Communities are like stores; it takes advertising to attract interest and attention. Often it is not advertising spread broadcast that lands new business. If every community does all it can to help its own young men who have new enterprises to start, it lays the foundation for concerns that will become prosperous and bring people to the town.

A dozen active business men, with faith in the future of their own town who will give some time each week to working out plans and taking advantage of opportunities that otherwise would pass unnoticed, can work wonders.

West Texas is the home of the highest grade of cattle, swine, sheep and goats, we are told. It is the home of the kaffir and milo and feterita. It is the home of the Texas wheat, wheat and oats. In it are located the few great irrigation projects of the state. In it have been discovered or developed five or six of the largest oil fields in America. In it are the famous cotton patches of the staple product of the south. West Texas is on the map. West Texas demands her own. West Texas knows what she wants and she is going to get it.—Ft. Worth Record.

And Colorado is located right in the heart of this great stock raising and farming section, and there are geologists and oil men who believe that this town may soon be located right in the heart of one of Texas' biggest oil fields.

High March winds have nothing to do with high prices or H. C. L.

It's getting dry again. Set steady in the boat, the rains will come. Look at the rain table in the Record and see the April rains. Last April we had 2.48 inches and for 17 past years it has not failed to rain in April.

We have been asked to ask what has become of the cemetery association and what has become of their work. The cemetery is in a deplorable condition and needs attention. Cattle have been allowed to run in there. Graves are trampled down, lots of graves have sunken in, weeds are growing up and no attention seems to have been paid for some time to this sacred spot. If it is lack of funds this can be remedied by a public subscription and if some one will take the lead money can be raised, men hired and the cemetery put in first class shape and the public waits for the cemetery association to do it.

## INTERSCHOLASTIC LEAGUE

The Mitchell County Interscholastic league meet was held in Colorado last Saturday. Unfortunately not a great deal of interest was manifested in the meet this year, not nearly so much as there should have been. Only six schools sent representatives. Colorado, Lorraine, Valleyview, Conway, Lone Star and Westbrook.

The day was exceedingly bad for outdoor events, and the sand took most of the zeal out of those who attended.

Colorado had prepared a baseball team, basket ball team, a boy's and girls' tennis team, spellers, declaimers, debaters, and had several entries in the athletic events. Lorraine sent entries for all events, Westbrook had several entries, and Valleyview, Conway and Lone Star each had a few. Notwithstanding the high wind and sand, the young people enjoyed the day and had a royal good time.

Quite a number of events went by default, there being no contest, the team who was ready scored a certain number of points by default.

Basket ball had been won by Colorado before the meet. Also Colorado was not opposed in base ball, boys and girls tennis doubles nor singles. Lorraine was not opposed in junior girls declamation nor debate.

For the Colorado school, Sterling Keathley took the honors for individual points, making 19 1/4 for the Lorraine school, Ira Coffee took the honors, making 20 1/4 points.

John Prude made a record shot put of 35 feet, 6 inches.

Lorraine made 177 points, Colorado 151 points, Westbrook 90 points, Valleyview 8 points, and Lone Star and Conway schools 5 points each.

The following students will represent their schools in the District meet to be held at Abilene in April. In declamation, Gustell McGee, Luck Norman, Clarence Palmer and Durward Mohan will go from Lorraine; Spelling, Claude Cook from Colorado and Adaline Morris from Westbrook. Debate, Dixon Coon and Ira Coffee from Lorraine, and Basil Hudson and Tillman Gressett from Westbrook. Dixon Weeter will represent Colorado in essay writing, and Lelia Bycus will represent Westbrook.

At the District Meet last year, John Prude and Earl King won the twenty-five dollar War Saving Certificate trophy and they will go to Abilene this year to try to hold same for their school another year. Colorado must win this trophy for three consecutive years to gain permanent possession of it.

The County Championship goes to Lorraine this year.

It is hoped that more interest will be manifested in this League work during the next year and that many more schools of the county may be represented.

## NO HOPE FOR REHABILITATION

Otto H. Kahn, Loed & Co. has signified his latest arrival on the other side with an interview in the Paris Matin vigorously attacking the United States income tax laws as responsible for the failure of American capital to enlist in the rehabilitation of Europe. He is reported as saying:

"As long as the United States has its present income tax law, and to change it would be to change the Constitution, Europe can expect little or nothing from private American capital. And I will add that there is in America only one reservoir from which Europe can draw to relieve her distress. That is the reservoir of private fortunes. On account of the financial structure in the United States, this reservoir is and will remain closed to Europe."

This is open to but one interpretation, which is that the income tax is wrong in principle and not alone in the details of its application under the Sixteenth Constitutional Amendment.

## Choose a Car That Will Meet Unexpected Demands

"An Automobile should be looked upon as equipment for any transportation need," says Harrell and Madden local dealers in Chevrolet passenger and commercial cars.

"Too many people buy cars for some special purpose and then when they see the many other uses a car will serve, realize that their choice is not equal to their wants."

"The car that is bought just to run back and forth to the office soon becomes either a general business utility or the constantly used conveyance of the owner's whole family."

"The purchaser finds that his car is being subjected to wear far beyond his expectations. Unless he has chosen wisely as to equality, therefore, it will not stand up under the extra work."

"Continuous use over the best of roads puts a heavy strain on a car, and one can never tell when he will be called upon to travel over difficult road conditions or to climb some unusual grade."

"Such work calls for plenty of power and sturdy construction. To be certain therefore that his car will meet all his demands one should keep these two points in mind."

"Be sure that the motor in your car is of a type that affords the utmost power for every bit of gasoline consumed and that its reputation for performance has stood the test of time."

"Make certain that the whole chassis and body are so nicely proportioned to that motor that they do not overtax it, that weight has been so distributed that strain on all vital parts is cut to a minimum."

SCOTLAND AROUSED OVER  
POSSIBILITY OF DRY COUNTRY

By John Steele.

London, Feb. 3.—Scottish "wets" have just been awakened to the fact that they may meet their Waterloo this year.

Some one has reminded them that after June 1 next, a minority of the electorate, provided the majority is apathetic may vote the country dry by districts.

The secret of this situation is the quiet passage eight years ago when no one was thinking about prohibition of an act which provides that after eight years, expiring June 1 next, any district in Scotland may vote for any one of the following alternatives:

No change in present arrangements.  
Closure of one fourth of the existing saloons.

## Total Prohibition.

For the purpose of this act, Scotland is divided into areas which are roughly coterminous with the present towns and country parishes.

One tenth of the population in any one of these areas may demand a poll on the liquor situation. A majority of 55 per cent on a poll of 35 per cent of the total electorate will be sufficient to give any one of the three alternatives the force of law.

Since this act became law 800,000 women have become voters in Scotland. It is easy to see why thirsty Scots are worried.

World wide prohibition is coming as soon as the old world sees the advantages gained by the United States being dry. Those countries will soon get on the water wagon.

Mr. and Mrs. W. H. Harris entertained with a singing Sunday night. Splendid singing was enjoyed and especially the specials given by Mr. Joel and his singers.

Mrs. Nat Porter returned from Merkel Saturday after visiting with relatives there last week.

Miss Lera Draper and brother Lehman came in one day last week from Abilene and will spend a few days with homefolks.

Mr. and Mrs. Albert Land left one day last week for Merkel where they go to make their home. Mr. Land will have employment in a restaurant.

Mr. and Mrs. O. P. Blair entertained with a party Saturday night.

Some of the young people of this community attended the track meet at Colorado Saturday.

Mr. D. F. Baker who has been quite sick of erysipilis is reported to be much better at this writing.

Singing was enjoyed at the church Sunday afternoon. The singing was well attended and splendid singing was had.

Mr. and Mrs. Ware entertained with a fruit supper Friday night. Plenty of cake and fruit was had, and everyone had a very enjoyable time.

Mrs. Stanley spent Sunday in the home of her parents, Mr. and Mrs. Hall.

Miss Myrtle Brown and brothers, Messrs Grady and Roland came down one day last week from Brownfield. Their sister Florence returned home with them.

## A TRIBUTE

To the memory of little James Daniel McCrealess Jr. who was born March 25th, 1920 and died March 26th, 1920. Only lived one day; just long enough to verify a true saying that a bud come forth on earth and bloomed in heaven, and while he was very young he was old enough to be dearly loved by the sad parents and all who were near and dear to him by nature and further he was old enough to make heaven brighter for all the dear ones left behind. He was laid to rest in the Union cemetery. Rev. Lane of Colorado conducted the funeral services.

## CITATION BY PUBLICATION

The State of Texas.

To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon Grace Kelly, administratrix of the estate of Le Grande Snyder, deceased; Elisabeth Snyder, a minor; Emma Lambert, guardian of the estate of Elisabeth Snyder, minor; and the unknown heirs of Clinton Snyder, deceased by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said Judicial District, to appear at the next regular

County, to be holden at the Court House thereof, in Colorado, Texas on the Third Monday in April, 1920, the same being the 19th day of April, 1920, then and there to answer a petition filed in said court on the 16th day of March, 1920 in a suit, numbered on the Docket of said Court No. 3735 wherein C. H. Earnest is Plaintiff and Grace Kelly, administratrix Elisabeth Snyder, a minor; Emma Lambert, guardian; and the unknown heirs of Clinton Snyder, deceased are defendants and said petition alleging, Plaintiff alleges that on or about the First day of March A. D. 1920 he was lawfully seized and possessed of the following described property situated in Mitchell County, Texas, holding and claiming the same in fee simple, to-wit:

Lots numbered ten and eleven (10-11), in block 20, in City of Colorado, according to the plat of said city, a copy of which is of record in the deed records of said county, in volume "C" pages 16-17. That on said day and date, defendants unlawfully entered upon said premises and ejected plaintiff, to his damage. Plaintiff says that if any of said defendants have or own any interest in said premises, they only hold the same as joint tenants with plaintiff herein, and not as adverse claimants to the claim of plaintiff herein.

And plaintiff would show to the court, in the event that defendants or any of them, establish his, her or their claim to any portion of or interest in said premises—said premises

es consist of a residence house and appurtenances thereunto belonging situated upon the above described lots and said property by its very nature and surroundings is incapable of partition in kind by and between plaintiff and defendants.

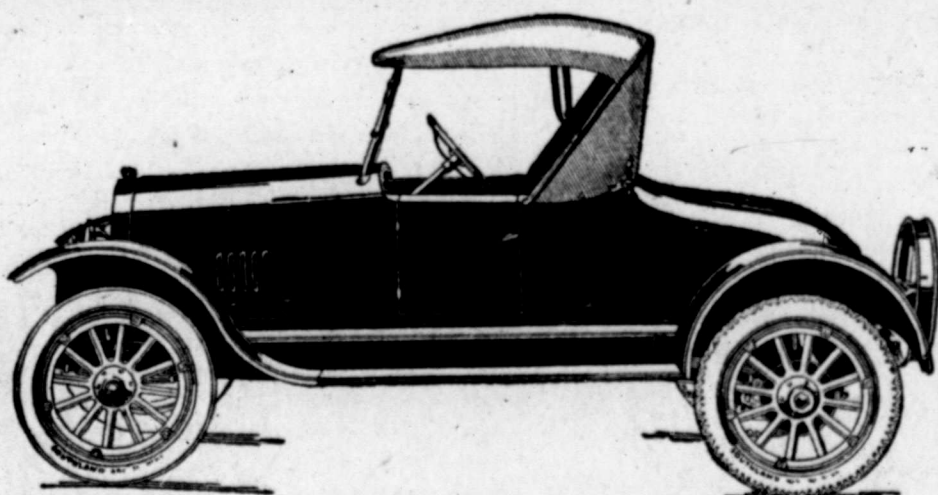

Wherefore, plaintiff prays for judgment, first, for the recovery of title and possession of said premises as against said defendants. Second; In the event defendants, or any of them should establish title to any interest in said premises as joint tenant or tenants with plaintiff; then plaintiff prays that the court define and establish the interest of each party, plaintiff and defendants herein, and order the sale of such property, for cash or upon such terms as the court may direct, appointing a receiver to make such sale at private sale, the proceeds thereof to be returned into court and to be partitioned among the persons entitled thereto, according to their respective shares or allotments, and for such other and further relief as plaintiff may hereunder show himself entitled.

Herein fail not, but have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness W. W. Porter Clerk of the District Court of Mitchell County.

Given under my hand and the seal of said Court, at office in Colorado this 16th day of March, 1920.

49c. Dist. Court Mitchell County.

THE  
TEXANTexans Now in Service  
are Delivering the Goods

The TEXAN is not an experiment. It is a recognized leader among the medium priced four cylinder cars.

The TEXAN engineers, seeing the growing demand for such a car began the most exhaustive tests which have since resulted in the success of the TEXAN.

By buying absolutely proven standard parts, in open market—as practically all northern and eastern manufacturers do, shipping them direct to Fort Worth in economical knocked-down form, assembling them under trained and expert engineers, it is possible to produce a car in our own market of unusual value and at quite a saving.

THE TEXAN

The Texan Motor Car Association was organized in 1917 and began production in the latter part of 1918. Despite the war time scarcity of materials and labor, 705 cars were turned out before December 31, 1919. The factory plans to build between 3,200 and 4,000 automobiles during 1920.

All of these cars could be disposed of on the foreign markets, but the company prefers to sell them at home.

The TEXAN is a Southern product, and is built to meet the general and specific requirements of Southern roads.

The TEXAN looks good and is good. It is priced right.

## MOTORLIFE

## MOTORLIFE IN THE TANK PUTS DOLLARS IN BANK

MOTORLIFE is, essentially, a high grade lubricant and carbon remover. It does not contain acid or other chemical which can in any way injure the most delicate motor. Chemist's certificates showing the harmlessness of MOTORLIFE and manufacturer's guarantee on every can.

MOTORLIFE, entering the cylinders with the gasoline, reaches and lubricates every friction point in the entire system of cylinders. The perfect lubrication of these heretofore unreached friction points enables the motor to run with a smoothness, life and buoyancy not otherwise attainable. It changes the interior of the motor from a dry unlubricated piece of machinery to one which is perfectly lubricated. The improvement in running is like magic. A single trial convinces any motorist.

## THE PECOS-TOYAH OIL FIELD

A genuine oil boom with real production is anticipated from the development already under way and being contracted in the Pecos valley in Texas and there can be no doubt that expectations are well founded. With the Bell well flowing from two to four barrels at 658 feet and the number of shallow wells in the Toyah field showing, according to the very best information obtainable, from one to five barrels of the highest grade lubricating oil, there is certainly enough evidence of oil to justify the great confidence now felt in the future of the Pecos-Toyah field in this valley. With numerous deep tests and shallow tests in Reeves, Loving, Ward, Pecos, Jeff Davis, Culberson, Brewster, Presidio and even lower counties in the same great valley and contiguous territory, the proving of some of the vast field should be but a matter of but a few weeks. Here in Reeves county north of Pecos and about Toyah the next two to four weeks seem fraught with some promising development, both shallow and relatively deep.

In the meantime hundreds of men are coming into the entire field, especially into Reeves county about Pecos and Toyah. Throngs are crowding into both towns and the housing

problem is a serious one. The county jail in Pecos has been utilized to accommodate visitors (without compulsion.) Already plans beyond the tentative stage are being made for new hotels and business places by men willing to back their faith in the virgin oil field.

But is it all faith? We have yet to hear of a geologists report among dozens who have examined the field outlined or parts of it that has not been encouraging. And all this on top of the fact that has been patent for years that in many places in the Pecos valley in several of the counties named small quantities of oil have been struck in wells sunk for artesian water or for pumping stock water. This last mentioned fact prevails over a vast area still in the Pecos valley in Eddy and Chaves counties and even farther north in New Mexico. These artificial seeps, so to speak, are believed to come from oil pools or deposits which will yet be discovered. These are the best of grounds that a veritable chain of oil pools will yet be proven by the drill from Santa Rosa, N. M., all the way down the Pecos valley to its mouth in the Rio Grande. There is drilling going on at various places between these two points and enterprise and capital and geology are backing faith in the vast valley of the Pecos.

A campaign having for its purpose the wearing of sensible shoes by girl students of the University of Texas is being waged at that institution. Next year girls in the freshman, sophomore and junior classes will be required to purchase shoes of approved design as part of their gymnasium work and will be expected to use these shoes for general wear. The requirements for shoes of this class are: (1) A straight inner border; (2) a generous curve on the outside, following the lines of the toes; (3) a broad, low heel; (4) preferably a flexible shank; (5) a low cut, allowing for free circulation and use of the foot and ankle muscles. During May the Physical Education Department expects to have a program of education for all of the women of the University and of Austin. A moving picture called "Foot Follies" will be exhibited, showing the effects of improper shoes, and methods of correcting deformities.

STRAIGHTFORWARD TESTIMONY  
Many Colorado Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments—are endorsed by over 50,000 people. Your neighbors recommend this remedy—have proved its merit in many tests. Colorado readers should take fresh courage in the straightforward testimony of a Colorado citizen.

Tom Goss, farmer and ranchman, says: "I can recommend Doan's Kidney Pills highly, for I have used them on several occasions when my back has bothered me. I have had a tired, languid feeling and on getting up in the morning, my back would feel sore and lame. I had severe headaches and a shooting pain across my temples. I heard of Doan's Kidney Pills, so I used them and they certainly gave me a great deal of relief."

## No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

### BANKHEAD HIGHWAY

Big Convention to Convene at Hot Springs, April 12-18.

Hot Springs, Ark.—About two and one-half miles west of Hot Springs, where the roads diverge, one leading out over the Four States Branch of the Bankhead National Highway and the other being the routes of the Albert Pike Highway, there will be erected a concrete good roads marker which will be unveiled with special ceremonies during the convention of the United States Good Roads, Bankhead National Highways and Albert Pike Highway Associations, which convene in Hot Springs the week of April 12 to 18.

The marker will be built by Burton B. Hurd, first vice-president of the Four States Branch of the Bankhead National Highway Association. It will be built of concrete. The length of the marker will be ten feet on each side, coming to a point facing Hot Springs and four and one half feet wide. It will be eight feet high, and the special design of the architect who drew the plans is indicative of an artistic good roads marker, the like of which has not been installed along any highway in the country.

#### League Accepts Gift

A few weeks ago Mr. Hurd made known to officials of the Business Men's League his desire to place a suitable marker at the point designated, and a trip was made there to look over the location. J. A. Rountree, director general of the United States Good Roads and Bankhead National Highway Association, accompanied the party. At the point the roads diverge and a more suitable place could not be found.

On the sides of the marker will be engraved the names of the towns and their distances from Hot Springs one will meet on each of the highways. A person driving out of Hot Springs and reaching that point has but to consult the marker for direction and distances. The marker will have a concrete top. The official markers of the Albert Pike Highway association will point the way from the top of the concrete marker, while the Bankhead National Highway markers will be installed on the top of the marker to direct the tourist out the Four States Branch of that national highway.

#### Planning Special Ceremony.

Having accepted Mr. Hurd's gift, which is a most valuable contribution in the interest of good roads, Director General Rountree suggested that the marker be officially unveiled some afternoon during the

good roads meeting. This will be done, and officials who will participate in that feature will be the officers of the league, Bankhead National Highway and Albert Pike Highway Associations.

Director General Rountree is most enthusiastic over the marker. He stated that in all probability a similar design would be installed at all diverging branches of the Bankhead National Highway on its route from Washington to San Diego, Cal., and he personally thanked Mr. Hurd for the interest he had manifested in this particular feature.

#### Suggest Bankhead Tablet

Since the subject of a suitable memorial has been taken up by both the United States Good Roads and Bankhead National Highway Associations, it has been suggested that a tablet be installed in the marker to the memory of the late United States Senator Bankhead, and that feature will be discussed by officials of the league and Mr. Hurd.

Since the last annual convention two very important good roads officials have died. Former Congressman T. S. Plowman, president of the Bankhead Highway Association and United States Senator Bankhead who was the first president of the United States Good Roads Association.

The citizens of Taladega, Ala., where Colonel Plowman resided have already taken up the question of a suitable memorial to those former good roads officials for the big work they did in national highway construction, and will attend the convention to co-operate with these organizations in this particular respect.

#### Suggest Memorial Trees

Yesterday Director General Rountree received a telegram sent to Judge J. B. Allen of the Bankhead National Highway Association, Birmingham, Ala., from Charles, Dathrope Pack, a life member of the United States Good Roads Association and President of the American Forestry Association suggesting "memorial trees" be planted along the route of Bankhead National Highway in honor of the late United States Senator Bankhead. The telegram follows.

"What finer memorial can be erected in memory of John H. Bankhead than the building of a 'road of remembrance,' planted with memorial trees in honor of the man who did so much for good roads? At an appropriate place on this highway it may be that a memorial can be erected. The suggestion of the American Forestry Association be erected in honor of the men who served in the world war has been taken up on all parts of the country. Why not make the Bankhead Highway a memorial of Senator Bankhead by letting the people plant memorial trees for him along this highway?"

#### Mississippi's Delegation

Governor Lee M. Roberts of Mississippi, has written to Director General Rountree that he has appointed a delegation of over 200 of that state's leading citizens and good road boosters and will personally head the party on the pilgrimage to Hot Springs. Governor Roberts is one of the most enthusiastic good roads men in the south. He is now leading the fight in that state for a bond issue of \$25,000,000 and writes he is looking forward with the keenest possible interest to the great conventions that Hot Springs is making preparations to entertain.

Harris Lewis, the official decorator reports that business men are fast signing up for special decorations and there will be named this week a special committee to assist him in this respect. The League believes that when the day for calling the convention to order arrives, there will not be a business house in the city but what will be decorated. Hot Springs will, in this respect, it is predicted, make a better showing than Mineral Wells, where the decorations were lavish in the extreme.

#### CHAMBERLAIN'S COUGH REMEDY

The great benefit derived from the use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. Blakenly, Decatur, Ill., writes, "Chamberlain's Cough Remedy is by far the best medicine for colds and coughs we have ever used in our family. I gave it to my children when small for croup and I have taken it myself."

### EASTER SUNDAY

Next Sunday is Easter Sunday, the annual festival observed throughout Christendom in commemoration of the resurrection of our Lord, Jesus Christ. The word, Anglo Saxon like the name, of the days of the week is a survival from the old Teutonic mythology. According to Bede it is spring, to whom the fourth month, answering to our April, was dedicated. This month was the same as the "Mensis Paschalis" when the old festival was observed with gladness of a new solemnity. There is no trace of the celebration of Easter as a Christian festival either in the New Testament or in the writings of the apostolic fathers.

### CITATION BY PUBLICATION

The State of Texas

To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded to summon J. C. Boydston by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas, on the 3rd Monday in April, 1920, the same being the 19th day of April, 1920, then and there to answer a petition filed in said court on the 12th day of March, 1920, in a suit, numbered on the docket of said Court No. 3734, wherein S. S. Snowden is Plaintiff and J. C. Boydston is defendant, and said petition alleging That Defendant made, executed and delivered to Plaintiff his Note for the principal sum of \$150.00 bearing date February 19, 1917, due December 1, 1917, with interest thereon from date until paid at 10 per cent per annum, and providing for 10 per cent Attorney's fees on the amount due in case suit is brought on same or is placed in the hands of an Attorney for collection, said Note being fully described and a Vendor's Lien being retained to secure the same in a Deed executed by Plaintiff to Defendant of date February 19, 1917, conveying the following described land:

Situated in the County of Mitchell and State of Texas, and being a part of the South-east Quarter Section No. Forty-three (43), in Block No. Twenty-Six (26), of the Texas and Pacific Railway Company Surveys in Mitchell County, Texas, described by metes and bounds as follows, to-wit: Beginning at a stake and stone mound set at a point 10 varas South, 89 degrees West from a point in the East line of said Section 43, in Block 26 aforesaid, 641 varas North 13 degrees West from the South-east Corner thereof; thence South 7 degrees West 50 varas to a stake for a corner hereof; thence North 67 degrees West 155 varas to a stake for a corner hereof; thence North 13 degrees West 39 varas to a stake for the North-west corner of this tract; thence North 77 degrees East 143 varas to a stake for the Northwest Corner of this tract, same being a point 10 varas South 13 degrees West from the East line of said Section 34; thence South 13 degrees East parallel with the East line of said Section 43 at a distance of 10 varas and from a distance of 81 varas to the place of Beginning.

That said Note is past due, that Plaintiff is still the owner thereof, and that defendant has failed and refused and still fails and refuses to pay the same or any part thereof, although often requested by Plaintiff to do so, that it has been necessary for Plaintiff to place the same in the hands of an Attorney for collection and he has promised to pay said Attorney the 10 per cent named in said Note, which is a reasonable and proper fee.

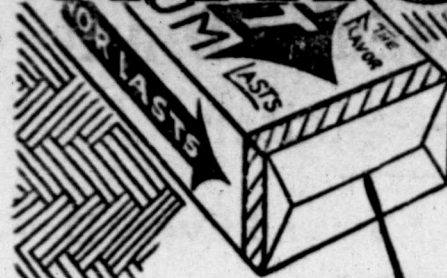

Wherefore, Plaintiff sues Defendant for the amount of principal, interest and Attorney's fees due on said Note, Costs of Suit and for foreclosure of the Vendor's Lien on the above described lands, for general and special relief.

Herein Fail not but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under my Hand and the Seal of said Court, at office in Colorado, Texas, this 12th day of March, 1920.

#### SAVING AND ENFORCING THE SUNDAY LAWS

The General Pastor's Conference of Fort Worth authorizes the following statement on the question of the Sunday Closing Laws:

From our observations of the campaign in Fort Worth and in some other cities of the state, we believe that the time is now here when the law-abiding citizens of the whole state should become aroused over the defiant lawlessness of certain corporations in our state in their attitude toward the well-established Sunday laws of Texas. We refer especially to the Amusement Associations and Corporations, the largest and most powerful of which is that represented in the theatres and picture shows.

Our Fort Worth experience has revealed to us that our greatest difficulty in getting the picture shows and theatres closed on Sundays in accordance with the law, is not the desire of the people to attend such shows on Sunday, but that the big money which can be made by running the shows on Sunday influences business men in general to such an extent that the whole question resolves itself into whether Texas will allow her Sunday laws to be brought for the price of a personal gain to a few, or preserved and enforced for the good of the many and the safety and welfare of the State. Dr. Geo. W. McDaniel recently said, "The power behind the open Sabbath is avarice, and avarice is the meanest of all the devils. Avarice led to the destruction of the fairest cities of ancient times. It is undermining the foundation of certain modern American cities. Some of them are, even now, reeling toward the fall. Moral corruption has already set in. To check this encroaching peril, the Lord's Day is necessary. No civilization has survived the loss of the Sabbath."

The present campaign in Fort Worth to close the picture shows and theatres on Sunday is, up to this time, only a partial success. All the shows were closed for two Sundays, but in the meantime business interests had become so feebly strong that Fort Worth would suffer too great a financial loss, if these shows remained closed on Sunday, while they remained open in Dallas, only thirty miles away with good automobile roads and Interurban every thirty minutes. Under their appeal the law enforcement officers of Tarrant County relaxed in their Sunday closing campaign for the immediate present, with the understanding that they as law-enforcement officers would receive the co-operation of these leading business men in closing the shows in Fort Worth, if Dallas would close her theatres and picture shows on Sunday.

There is no doubt that Fort Worth, inspired by her united ministry, led by her efficient Citizens' Committee, and backed by her leading business men can close up her theatres and picture shows at any time that her goodly sister city Dallas, will close her shows on Sunday.

**The Educational Campaign Continues.**  
We, as pastors, in the mean time, will educate and build sentiment on Sabbath observance to the end that if possible Fort Worth may come to the day that she will close her theatres and picture shows on Sunday even if all the other cities of Texas live in defiance of this sacred law of God and of our land.

We are greatly gratified that the General Pastors' Conference of Dallas has taken the matter up vigorously, and has issued a statement appealing to all the state to arise and to see to it that this fundamental law of society be enforced in every city and county of the state. We join most heartily in this appeal, and would ask that every General Pastors' Conference in the State take the matter up at once and plan to get it before

the people in a way that will bring the quickest possible results.

#### The Sunday Law in Danger

If vigorous and persistent action is not taken throughout the state, the law, through open defiance and disobedience will be brought into disrepute and perhaps so altered by coming legislature that we will no longer have an American Sabbath but a Continental Sabbath, which has been one of the great factors that has led to the downfall of many European nations.

#### Amusement Associations Campaign.

Already these amusement associations are pressing their campaigns into the smaller towns and cities to open on Sunday in defiance of the law. They have thousands of dollars to expend in such campaigns, they have money to employ the best legal talent and other wise influence public sentiment. The picture show men estimated that one Sunday's closing in Fort Worth cost them \$15,000. This means that no money will be spared on their part to break down the well established Sunday Law of Texas. They have gone in to win, not for the pleasure or good of others but for their own financial gain.

What will be the answer of the preachers of Texas? What will be the answer of the law-abiding and Sunday Closing Law Con. God fearing citizens of our state? What will be the answer of our law-enforcement officers of the state to call of their oath of office to enforce the law?

The contest is on and God and right and law is on our side. Avarice and greed and lawlessness and continentalism, or un-Americanism, is on the other side. What shall the end be?

Signed by Committee.

#### SPRING FEVER

Following Colds, Grip or Flu.

Thin, Watery or Poisoned Blood

(By DR. VALENTINE MOTT.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as druggists have sold for fifty years, is Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

SAN MARCIAL, N. MEX.—"I suffered for two years with frequent headache and pain in my left side and the small of my back. I was despondent and so nervous the least racket would upset me. I wrote to the Specialists at the Invalids' Hotel, and was advised to use Dr. Pierce's Golden Medical Discovery and the Anurio Tablets. I did so and immediately began to get better. My symptoms disappeared and in two months' time my health was regained. I took six bottles of each medicine and a few of the 'Pleasant Pellets' for regulating my bowels. I am now in perfect health and enjoying life."

"I cannot say too much in praise of these medicines and the kind and courteous attention given me."—Miss MAMIE COYLAND.

Announcing that next Sunday he would preach on the subject of "liars" a Texas minister advised his hearers to read in advance the 17th chapter of Mark. The following Sunday he rose in the pulpit and announced, "Before I begin my sermon on liars, I should like to know how many have read the chapter I suggested." A hundred members of the congregation held up their hands. "Now," said the preacher, "you are the very persons I want to talk to. There isn't any 17th chapter of Mark—Cappers Weekly.

To the Sheriff or any Constable of Mitchell County—Greeting.

You are hereby commanded to summon Willis Coleman, by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas on the 3rd Monday in April, 1920, the same being the 19th day of April, 1920, then and there to answer a petition filed in said Court on 17th day of March, 1920, in a suit numbered on the Docket of said Court No. 3737 wherein Lennie Coleman is Plaintiff, and Willis Coleman is Defendant, and said petition alleging that she is and has been for a period of twelve months prior to exhibiting the Petition herein an actual bonafide inhabitant of the State of Texas, and has resided in the County of Mitchell in said State for more than six months next preceding the filing of this suit; that on or about the first day of June, 1916, in Colorado, in said Mitchell County, Texas Plaintiff was lawfully married to Defendant, then a single man; they continued to live together as wife and husband until about Aug. 1, 1916, when Defendant without any cause whatever on the part of Plaintiff, abandoned and left Plaintiff with the full intention on his part of permanently abandoning her.

Plaintiff alleges that during the time she and defendant lived together as aforesaid, she was kind and affectionate to him and did all in her power to make his home life happy, but that Defendant in total disregard of such treatment and in total disregard of his marriage vows, abandoned this Plaintiff as aforesaid.

Wherefore, Plaintiff prays the Court that Defendant be cited to appear and answer herein, and for judgment dissolving said marriage vows; for costs of Suit and for such other and further relief, special and general, to which she may be justly entitled.

Wholesale prices in the aggregate continue to advance during January, according to information collected in representative markets by the bureau of labor statistics of the United States department of labor. Food products registered a pronounced increase, the weighted index number rising for 234 in December to 253 in January or slightly more than 8 per cent. Lumber and building materials showed 7 per cent increase, cloths and clothing nearly 4 1/2 per cent increase, and metals and metal products nearly 5 per cent increase in January over December. Similar increases are shown for house furnishing goods and for chemicals and drugs. Farm products and fuel and lighting articles increased to a somewhat smaller extent. The large increase in prices of food commodities is due mainly to the rise in sugar and potatoes. "Bread and meat and how to get them" is ever the paramount issue in the home of the wage worker. "Bread and meat and how to get them" is ever the paramount issue in the homes of all with the exception of the leisure class. January statistics or report are not encouraging—that is, the slump in prices is not in evidence and the high cost of living continues to be higher cost of living.—Fort Worth Record.

# Ten Minutes with this Elegant New Chalmers Tells You the Story

YOU find it starts at once; that it is running with amazing sweetness in a few seconds. You note no vibration. You call for speed and you get results. You tone it down and you detect a willing and perfect servant obeying every wish.

Ten minutes gives you a recast opinion on motor cars. Your admiration for a Chalmers deepens. You search for the cause and you find it in Hot Spot and Ram's-horn. You may or may not know that "gas" is worse this year than last, that it is becoming heavier and heavier and harder and harder to "burn."

Few engines have met this serious condition. The great Chalmers engine has. It takes the low grade "gas," throws it against the Hot Spot, which vaporizes the "gas" into a "cloud," and makes it "fine for fuel."

Ram's-horn, minus sharp corners and abrupt bends, rushes it to the cylinders at a velocity of 100 miles an hour.

Thus the cylinders get a fuel that they can "burn," can "digest," instead of "lumpy" or "rainy" kind of "gas."

Not only can you note results in a distinguished smoothness of action, but in your repair bills.

For Hot Spot and Ram's-horn provide against thinned out lubrication and consequent burned bearings, scored cylinders, frequent fouling of spark plugs, and wasted "gas" through the exhaust.

Ten minutes will tell; and then you, too, will say Chalmers is one of the few great cars of the world.

# CITATION BY PUBLICATION

The State of Texas,  
To the Sheriff or any Constable of Mitchell County—Greeting:

You are Hereby Commanded to summon Grace Kelly, administratrix of the estate of Le Grande Snyder, deceased; Elizabeth Snyder, a minor, Emma Lambert, guardian of the estate of Elisabeth Snyder, a minor, and the unknown heirs of Clinton Snyder, deceased by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas on the Third Monday in April A. D. 1920, the same being the 19th day of April, A. D. 1920, then and there to answer a petition filed in said Court on the 16th day of March, A. D. 1920 in a suit, numbered on the docket of said Court No. 3736, wherein J. A. Buchanan is Plaintiff and Grace Kelly, administratrix; Elizabeth Snyder, a minor, Emma Lambert, guardian; and the unknown heirs of Clinton Snyder, deceased are Defendants, and said petition alleging that on or about the first day of February, A. D. 1920, plaintiff was lawfully seized and possessed of the following described property situated in Mitchell County Texas, holding the same in fee simple, to-wit:

The West one hundred feet of lot numbered seven (7) in block 32, in the City of Colorado, according to the plot of said city, a copy of which is on record in the deed records of said county, in volume "C" pages 16, 17. That on said day and date, defendants unlawfully entered upon said premises and ejected plaintiff therefrom to his damage. Plaintiff says that if any of said defendants have or own any interest in said premises, they only hold the same as joint tenants with plaintiff herein, and not as adverse claimants to the claim of plaintiff herein.

And plaintiff would show to the court, in the event that defendant, or any of them established his or their claim to any portion of or interest in said premises—that said premises

consist of a brick store building completely occupying the ground herein sued for; and said property by its nature and surroundings is incapable of partition in kind by and between plaintiff and defendants herein.

Wherefore, plaintiff prays for judgment, first for the recovery of the title and possession of said property as against all of the above described and named defendants. Second in the event that defendants, or any of them should establish title to any interest in said premises as joint tenants with plaintiff, then plaintiff prays that the court define, establish and determine the interest of each party, plaintiff and defendant, and order the sale of said property, for cash, or upon such terms as the court may direct, appointing a receiver to make such sale at private sale, the proceeds thereof to be returned into court and to be partitioned among the persons entitled thereto, according to their respective shares or allotments, and for such other and further relief as plaintiff may hereunder show himself entitled.

Herein fail not, but have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under my hand and the Seal of said Court, at office in Colorado, Texas this 16th day of March, A. D. 1920.

## AN ESSAY ON TEXAS

Texas is growing so fast it has "growing pains" and if it were a boy it would have to have a new suit three times a day to keep it from going around in "high water pants." At its present rate of growth Texas will have so many congressmen in a few more years or so that it will be an extravagance to hold congress in Washington and the National Capitol will doubtless be moved to Austin; the traveling expenses alone would justify such a move as the representatives from all the other states would be a mere handful compared to the army of Texas Congressmen.

Texas should be divided so that Joe Bailey and Jim Ferguson could both hold offices as there is no chance for them, taking Texas as a whole.

It is 150 miles further from El Paso to Texarkana, Texas than it is from Chicago to New York City.

Dallas County, Texas is closer to St. Paul, Minn., than it is to Brownville, Texas.

The United States with Texas left off would look like a three-legged Boston terrier.

Out in the western part of Texas unless your front gate is at least eighteen miles from your front door you do not belong to society as constituted in Texas.

Mrs. King's gate is one hundred and fifty miles from her front door and she is thinking of having her house moved back so she won't be annoyed by passing automobiles and peddlers. Other ranchmen have whole mountain ranges and rivers on their ranches, one man has forty miles of navigable river on his ranch and since the trouble with Mexico, he takes it inside nights so the Greasers won't steal it or fall into it and con-

taminate the water as it is needed for irrigation purposes and for cattle.

There are so many children born in Texas each year it is impossible to train teachers fast enough to teach them so they have to be divided, teaching only one half at a time.

The chief occupation of the people of Texas is trying to keep from making all the money in the world; the chief pursuits was formerly Mexicans, but now it is lease rustling and wild-cattling.

Texas is getting rich so fast it will soon have to take in a few of the surrounding states and Mexico to store its money in.

Texans are so proud of their state they can't sleep nights.

If a Texan's head should be opened a map of all the oil fields would be found photographed upon his brain, this is also true of his heart.

There are buildings in Waco, Texas, so high that their flag staffs tear holes in the sky every time the earth turns over, this accounts for so much rain the last few months. Colorado is not quite as large as New York City but is much more important to Texas.

If the Cities of Texas continue to grow at their present rate, and, they will, I will stake my reputation on this statement: New York will have to borrow money from Wichita Falls banks; this does not apply to Fort Worth, which will probably be as large as Chicago and Galveston combined.

If the proportion of cultivated land in Texas were the same in Illinois the the vaule of Texas crops would be equal to forty-seven other states combined.

Texas is proud of her citizenship, as there is now only a small minority of them who are not millionaires.

Texas has enough land to supply every man, woman and child in the world with a tract large enough to drill five oil wells and have enough left over for the armies of the world to march around the border five abreast.

Texas grows enough alfalfa, which if baled and built into a stairway, would reach to the Pearly Gates. If all the hogs raised in Texas were one hog he could dig the Panama Canal with three roots.

If all the steers raised in Texas were one steer he could stand with one foot on the sands of the Gulf of Mexico, one foot in the Hudson Bay, the others in the Arctic Ocean with his horns punching holes in the moon and his tail brush the dust off the deserts of Asia.

If all the cotton raised in Texas each year should be made into one mattress all the people of the world could take a nap at one time.

Texas is the land of oil and money of happy homes, harmony and abundance of plenty, good and beautiful women, of brave men, of flowers and perfume, of sunshine, industry, joy and gladness; it's fame is heard around the world, it is rooted and grounded in honor and courage, and in the constellation of States its luster will continue to blaze with increasing brightness so long as there is an Old Glory to cheer the hearts of the oppressed.

Even the sun in its daily journey around the world hovers longingly over Texas, lingering longer over its mountains, hills, plains, and valleys than any other state, abundant evidence that God has bestowed a special favor on Texas.—Red Seal Magazine

SECOND: That on the day and year last aforesaid Defendant unlawfully entered upon said premises and ejected Plaintiff therefrom, and unlawfully withholds from him the possession thereof, to his damage \$2,000.00 dollars.

THIRD: And for further Cause of Action against Defendants, Plaintiff says that heretofore to-wit on the 2nd day of May 1917, Defendants executed and delivered to Plaintiff a Deed conveying to him a certain tract of land situated in the Counties of Nolan and Mitchell, in the State of Texas, described as follows, to-wit: An undivided one-fourth interest in and to the Southwest one-fourth of Section No. 79 in Block No. 24, of the Texas & Pacific Railway Company Surveys in said Nolan and Mitchell Counties, Texas, under and by virtue of Certificate No. 2-1296; that said deed was for a valuable consideration, which said consideration Plaintiff then and there paid to said defendants.

FOURTH: That the description contained in said Deed of the land intended to be conveyed thereby was erroneous and does not in fact describe the premises purchased by Plaintiff, and intended to be conveyed by Defendants; that whereas said description described the tract of land as "all that certain tract or parcel of land situate and lying in Nolan County, Texas, the same being a one-fourth undivided interest in and to the East one-half of the Southeast one-half of the Southwest one-fourth of Section No. 79, in Block No. 24 as surveyed by the Texas & Pacific Railway Company, by virtue of Certificate No. 2-1296, and patented to said Railway Company July 26, 1879, by Patent No. 624, Volume 37," when the same should have been described as follows "An undivided one-fourth interest in and to the Southwest One-fourth of

# HISTORY OF DEMOCRATIC NATIONAL CONVENTION

January 8th, of the present year, the Democratic National Executive Committee met in Washington City and decided that the next National Democratic convention should be held in San Francisco, California and that date was set for June 28th. The Republican National Convention will be held in Chicago, June 8th, so when the Democratic hosts meet they will have the advantage of knowing who their opponent is on the national ticket also the platform upon which their opponents stand.

Texas will send forty delegates to San Francisco and one feature of the great contest now in Texas is to see whether Wilson or anti-Wilson men be sent as delegates. Prohibition, Woman suffrage and League of Nations will also figure largely in the convention, which, beyond doubt, promises to be one of the greatest and most momentous ever held by the democratic party, not excepting that held at Charleston, South Carolina, just before the breaking out of the Civil War. It is, therefore, timely to review in brief, the history of national democratic conventions.

The first democratic convention was held at Baltimore in 1832, and Andrew Jackson was nominated and elected president.

No convention was held in 1836, Martin Van Buren, being nominated in a caucus under the whip hand of President Jackson. Van Buren was elected.

In 1840 there was no convention Van Buren again being chosen by caucus and was defeated by General Wm. Henry Harrison, a Whig.

In 1844 the democratic national convention was held in Baltimore and James K. Polk nominated and subsequently elected.

In 1848, the convention was held in Baltimore and Lewis Cass, nominated He was defeated by General Taylor, Whig, the hero of the Mexican war.

In 1852, the national democratic convention was held in Baltimore and Franklin Pierce was nominated on the ninth ballot. Pierce was elected.

In 1856 the democratic national convention was held in Cincinnati and nominated James Buchanan on the seventeenth ballot. Buchanan was elected.

In 1860 the democrats held their national convention in Charleston, South Carolina and the convention split on the slavery question. Stephen A. Douglass was nominated by one faction and John C. Breckenridge, by the other. Still another nominated John Bell and Lincoln was elected.

In 1864 the convention met in Chicago and nominated Horatio Seymour on the first and only ballot, and he was defeated by Grant.

In 1868 the national convention was held in New York City and Seymour was again nominated and again defeated by Grant.

In 1872 the democrats held their convention in Baltimore and nominated Horace Greeley on the first and only ballot. Greeley was defeated and died of a broken heart.

In 1876 the national democratic convention was held in St. Louis, June 28th and Samuel J. Tilden was nominated. In the national election he tied Rutherford B. Hayes and an Electoral Commission, appointed by a Republican congress decided in favor of Hayes.

In 1880 the national convention met in Cincinnati, June 23rd and 24th and nominated Winfield Scott Hancock who was defeated by James R. Garfield.

In 1884 the convention met in Chicago, July 11th and nominated Grover Cleveland, who was elected, defeating James G. Blaine and being the first democratic president since Buchanan.

In 1888 the national convention was held in St. Louis, June 8th and Cleveland re-nominated. He was defeated by Benjamin Harrison.

In 1892 the national convention was held in Chicago, June 23rd and Cleveland was nominated the third time and was elected, defeating Harrison.

In 1896 the convention was held in Chicago, July 10th and split on Free Silver, the silver wing nominating W. J. Bryan and the gold wing nominating Gen. S. B. Buckner, McKinley, republican, was elected.

In 1900 the national convention was held in Kansas City July 5th and Bryan was again nominated and defeated again by McKinley.

In 1904 the national democratic convention was held in St. Louis, July 7th and Alton B. Parker was nominated and defeated by Theodore Roosevelt who had succeeded to the presidency on the death of McKinley.

In 1908, the national convention met in Denver, July 7-10, and Bryan nominated for the third time and again defeated, this time by Taft.

In 1912 the national convention was held in Baltimore, June 25th to July 2nd and Woodrow Wilson nominated on the forty-sixth ballot. Champ Clark led up to the forty-second ballot.

In 1916 the national convention met in St. Louis, June 14th to 16th and Wilson and Marshall were nominated by acclamation.

In democratic national conventions it takes a two-third vote to nominate. The Republicans require a majority only.

The convention that meets in San Francisco will have about 1,080 delegates. Cleveland and Bryan are the only candidates nominated a third time.

## COULD NOT WALK UP STAIRS

Los Angeles Woman Suffered Six Years from Rheumatism—Soon Relieved by Tanlac

"I had rheumatism so bad that life was simply miserable for me, but Tanlac has entirely overcome my trouble," said Mrs. Martha Asbach, of 2226 1/2 Duane St. Los Angeles Calif.

"For the past six years I was in such a wretched condition I can hardly understand how I held out as long as I did," she continued. "I had rheumatic pains in my knees so bad that it was impossible for me to step up or down stairs, and my hands were so swollen and stiff it was all I could do to hold the broom or dishes. At night I simply ached all over so bad I could not sleep, and, in fact I suffered all the time night and day. I became very nervous and worried so much over my condition that I became very despondent.

"I tried all the medicines I could hear of but none of them did me any good until I got Tanlac. I was overjoyed to find that it more than met my expectations. All signs of the rheumatism has left me and I am back doing my housework for the first time in several years. My nerves are as steady as they can be and I sleep all night long and never wake up till morning. I haven't felt so fine in years and it certainly is a pleasure for me to tell everybody about Tanlac."

Tanlac is sold in Colorado by W. R. Charters. adv.

## WOMEN MAY VOTE WITHOUT POLL TAX MCGREGOR BELIEVES

Austin, March 29.—A new phase in Texas politics was brought out, definitely when T. H. McGregor, former State Senator, said late yesterday that if the Federal woman suffrage amendment is ratified by thirty-six States before the November elections, Texas women who are otherwise qualified can vote in the election without the payment of poll tax.

There has been considerable discussion in Austin concerning the possibility of special legislation to allow women to vote in the coming general election if the Federal amendment is ratified without the payment of poll tax, but McGregor stated that this legislation is unnecessary, as the Federal amendment will accomplish the same purpose.

Dallas, Texas, Chairman Clyde A. Sweeton of the Democratic Administration Executive Committee states that many clubs are being formed throughout Texas for the purpose of aiding in the election of delegates from Texas to the Democratic National Convention who are of undoubted loyalty to the great principles and policies of our National administration.

## HOW DIPHTHERIA IS CONTRACTED

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

COLORADO RECORD AND DALLAS SEMI-WEEKLY NEWS

Pound for pound the steels in a

MAXWELL

equal those in any car

THE tendency in cars today is to reduce weight, to cut out unnecessary pounds, to take those extra burdens off the power of an engine.

In a Maxwell there is hardly a superfluous pound. Like a great cross country runner, it carries no handicap in weight.

It is made of fine steels, and these steels have that magic combination that metallurgists strive for—light weight and extra strength.

These steels are made to order for Maxwell. They are treated in great furnaces, and they are strong beyond belief.

Pound for pound, they equal the steels in any car built.

But they more than repay for their high cost.

They wear. They stand terrific abuse. They defy time.

But their greatest task is to lighten the burden of the Maxwell engine, enable it to perform brilliantly, and make gasoline deliver extended mileage.

Thus you will understand that rise of Maxwell the world over, that ever growing friendship, that ever increasing demand.

Today nearly 400,000 in use. In 1920, 100,000 more.

Still this will fill but 60% of the world's requirements for this remarkable car.

## DODSON WOULD STOP SALE OF CALOMEL

Says Calomel is Mercury and Acts Like Dynamite on Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. adv.

## NOTICE IN PROBATE

The State of Texas; Mitchell County Greeting, No. 343.

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice:

The State of Texas.

To all persons interested in the Welfare of Robert Watson, a minor, Clara Hall has filed an application in the County Court of Mitchell County on the 24th day of March, 1920, for letters of guardianship upon the person and estate of said minor, and on the 24th day of March, A. D. 1920, by the order of the County Judge of said Mitchell County, the said Clara Hall was appointed temporary guardian of the person and estate of said minor and at the next regular term of said court, commencing on the first Monday in May, A. D. 1920, the same being the 3rd day of May, A. D. 1920, at the court house thereof in Colorado, Texas, at which time all persons interested in the welfare of said minor, may, and are cited to appear and contest said appointment, if they so desire, and if such appointment is not contested at said time, said appointment shall be made and become permanent.

Herein fail not but have you before said Court on the first day of the next regular term thereof, this writ with your return thereon, showing how you have executed the same.

Witness my hand and official seal at office in Colorado, Texas, this 24th day of March, 1920.

(Seal) W. W. PORTER, Clerk County Court, Mitchell County Tex. By Isla Tilley, Deputy.

A true copy, I certify: W. J. CHESNEY, 42c Sheriff, Mitchell County, Texas.

## CITATION BY PULICATION

The State of Texas To the Sheriff or any Constable of Mitchell County Greetings.

You are hereby commanded to summon Wm. Heard and J. H. Standridge by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Mitchell County, to be held at the Court House thereof, in Colorado, Texas on the third Monday in April, 1920, the same being the 19th day of April, 1920, then and there to answer a petition filed in said Court on the 20th day of March, 1920, in a suit, numbered on the Docket of said Court No. 3738 wherein J. C. Simons is Plaintiff, and D. L. Gentry, R. D. Robinett, Wm. Heard and J. H. Standridge are Defendants, and said petition alleging: First; that on the 8th day of March, A. D. 1920, Plaintiff was seized and possessed of the following described land in Mitchell County, Texas, holding and claiming the same in fee simple, to-wit: One Hundred Acres of land, more or less, out of Sec. No. Forty (40) in Block No. Twenty-nine (29), Township 1 North, cert. 2-1398, of the Texas & Pacific Ry. Co. surveys, and being sixty, (60) acres off of the South End of the West One-half of sec. No. Forty (40), the same being all that portion of the said West One-half of said Sec. No. Forty, aforesaid, lying South of the right of way of the Texas & Pacific Ry. Co. and also the South one-fourth (S. ¼) of the South-East one-fourth (S. E. ¼) of said Sec. Forty (40), Block Twenty-nine (29), Tsp 1 North aforesaid, and being the same land conveyed in and by the deed from R. D. Robinett and wife to D. L. Gentry, dated Sept 6th, 1916, and recorded in Vol. 29, page 243, of the Deed Records of Mitchell County, Texas, to which reference hereby made for a more complete description of said land. Second: That on the day and year

aforesaid, the defendants and each of them entered upon the said premises and dispossessed Plaintiff therefrom and unlawfully withheld from him the possession thereof, to his damage in the sum of one thousand dollars.

Third: And for further cause of action against Defendants, Plaintiff says that on Sept. 6th, 1916, the Defendant R. D. Robinett, joined by his wife, conveyed the above land to the defendant Gentry by deed of the same date in which the premises were correctly described; that in said deed the vendor's lien was expressly retained to secure the payment of a deferred purchase money indebtedness evidenced by a series of 5 vendor's lien notes; that on May 7th, 1919, Plaintiff brought suit in the District Court of Mitchell County, said suit being styled and numbered J. C. Simons vs D. L. Gentry et al, No. 3709, for the principal, interest and attorney's fees of Note No. 5 of said series, in the sum of \$500 and for foreclosure of the vendor's lien thereon. That on Nov. 18th, 1919, judgment was rendered in said suit in favor of the plaintiff and by a decree entered in Vol. 4, pages 540-543 of the Civil Minutes of said Court, said lien was declared foreclosed and the land ordered sold to satisfy said judgment as under execution; that under and by virtue of an order of sale issued out of said Court on Jan. 16th, 1920, W. J. Chesney, Sheriff of Mitchell County levied on said land, advertised it for sale as required by law, and sold same to Plaintiff at public sale on March 2nd, 1920, and executed a sheriff's deed therefor, same being recorded in Vol 45, page 581, Deed Records of Mitchell County, Texas; that through inadvertence and mistake in said decree, order of sale and sheriff's deed, the land was incorrectly described as being 60 acres off the South End of the West half of Sec. 40, block 29, Tsp 1 North, aforesaid, and all that portion of the West one-half of said Sec. No. Forty, lying south of the Texas & Pacific Ry Co's right of way and also the South-east one-fourth of said Sec. No. Forty and being the land conveyed as aforesaid by Robinett and wife to D. L. Gentry;

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "S. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed. Scott & Bowne, Bloomfield, N. J.

That it was the intention of the Court in said decree and said order of sale that the land as correctly described in said deed as being Sixty acres off of the South End of the West one-half of said Sec. 40, Block twenty-nine (29), etc and also the South one-fourth of the South-east One-fourth of said Sec. No. Forty aforesaid. That it was intended that the said Sheriff's deed to Plaintiff should convey the land as correctly described in said deed from Robinett and wife to D. L. Gentry, being all the right, title and interest of the defendant Gentry in and to said land on Sept. 6th, 1916.

Wherefore, Plaintiff prays that the defendants and each of them be cited to appear and answer this petition, and that on final hearing he have judgment for the title and possession to the premises aforesaid, for his damages and costs and that writ of restitution issue, and that the decree of the district court, the order of sale and the sheriff's deed as aforesaid be corrected and reformed so as to read as the description appears as set forth in said deed from Robinett and wife to Defendant Gentry and set out above; and for such other and further relief, general and special, legal and equitable, as he may show himself entitled, etc.

Herein Fail Not, But have you before said court, at its aforesaid next

regular term, this writ, with your return thereon, showing how you have executed the same.

Witness W. W. Porter Clerk of the District Court of Mitchell County.

Given under my hand and the seal of said Court, at office in Colorado, Texas, this 23 day of March, 1920 (Seal) W. W. PORTER, Clerk, District Court Mitchell County.

## Merit That Makes Mileage —In Tires for the Smaller Cars

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3-, 30x3½-, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand, to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

### BIG SPRING FIRE BURNS

#### T. & P. SHOPS AND MAN

Big Spring, Texas, March 29—The Texas & Pacific railway machine shops here were partially destroyed by fire at 4 o'clock this morning.

The fire was caused by the explosion of an oil pump.

Harry Miller, a boilermaker, was so badly burned that death is expected.

It is expected that the shops will be rebuilt on a larger scale as soon as possible, to take care of the wonderful development throughout this section.

A special committee has been appointed by the Chamber of Employment on account of the fire.

### NEW DISTRICT JUDGE

Judge W. W. Beal of this 32nd Judicial District resigned his office this week and Gov. Hobby appointed our present district attorney, W. P. Leslie to succeed him, and it is now, Judge Leslie. A wire was received here Wednesday from Austin announcing the appointment. As a preliminary step to the United Simultaneous Campaign of the Interchurch Movement a county mass meeting of religious leaders and prominent laymen will be held in Colorado, Tuesday, April, 6th, morning and evening.

This will be one of the 120 meetings of the various denominations which are co-operating in this forward movement of churches and will be of a one day's session, at which a team of well known speakers from Texas will make addresses. In this city enthusiasm has already been aroused through the good reports from the Pastor's conference of the Interchurch held in Dallas the middle of February and it is anticipated that the mass meeting will be a great success. Following are the names of the leaders who will have charge of this meeting: Rev. D. R. Hardison, Rev. Gug B. Duff, Mrs. Merritt.

The County Mass Meeting of Mitchell County will be held in Colorado on Tuesday March 6th. announced later.

Oklahoma City, March 27.—An embargo was declared today on all cotton seed and hulls coming from points in Texas and Louisiana. It was announced here by J. A. Whitehurst, commissioner of agriculture.

Railways from interstate points have been notified to refuse shipments of these commodities into Oklahoma, Mr. Whitehurst said.

The Federal government is contemplating a complete quarantine of the two states and a hearing to determine this action will be held in Washington April 6, according to a telegram received by Whitehurst today from Representative Scott Ferri. The embargo is on account of the pink boll worm.

### PIES ARE TABOO

"Mickey" Hoverizes—Told Without Proverbial Squash Pies

As a character study "Mickey" which will be shown at the Best Theatre on Friday and Saturday, April 9 and 10, is a real work of art. You will never forget this adorable little waif. The story of "Mickey" is vivid with action, much of which is laid in that wonderful twilight zone of comedy where half the laughs are wet with tears.

Mickey is a sweet, wholesome mischievous little girl, raised by her foster father, an old miner, and her foster mother, a wise old Indian Squaw, in the mountain country far away from the glamour and chill of the city.

Later she is sent to the city "to make a lady of her," at the home of her aunt, a scheming, jealous hypocrite—and she doesn't find her path exactly strewn with roses. But

throughout the old cheerful, high spirits of little Mickey prevail, and with her sheer happy perseverance she conquers what seem unbearable burdens and difficulties of the little waif. There are wistful and pathetic touches in "Mickey," as well as humor or laid in with delicacy and a sure touch.

Miss Morman is always a charming comedienne, but she is at her very best in this part—in this vivid and appealing comedy drama with real living characters—told without squash pies, battles or the seduction of the innocent heroine.

## DEPENDABLE EATABLES

Everything must be good fresh and pure or the meat will be a disappointment.

The grocer who sells unreliable foods just for the sake of making a few cents more, is not a safe man with whom to trade.

Every article we sell is dependable.

## What Fordson Service Will Do For You

There are two big factors to consider when you are buying a Tractor—both equally important—Tractor itself and the service rendered.

A Tractor which is standing idle because the service station is far away or because the dealer has not the proper parts is a poor investment, no matter how well the Tractor itself may be made.

Fordson tractors are selling by the thousands every month and are giving universal satisfaction all over the world because of this:

The Tractor itself is made as durable, dependable, efficient and economical as the best engineering skill, the finest materials and workmanship can make it.

And added to this, wherever a Fordson Tractor is sold you will find parts and service as quickly and easily available as the kerosene you put into the tank.

Our service means this to you: First, that we will thoroughly instruct you how to get the most out of your tractor—how to operate it properly so as to avoid trouble—how to make minor repairs and adjustment so that only on rare occasions will you have to call for help.

Then when you do require help for repair work or parts you will find us ready at a moment's notice. Our stock of parts is complete, our mechanics are experts.

Fordson service is delivered to your farm.

To own a Fordson means that you own a durable, dependable, economical Tractor that will serve you every working day in the year.

The Fordson Company make it durable and dependable. We keep it so.

We will be proud when March and windy weather are past, as we have had our share and some to spare.

Our school is progressing nicely with good attendance. We have teachers to be proud of at Spade.

Mr. Halley has just about finished up his residence after being burned out a few weeks ago.

Mr. Geo. Carroll and Mr. Geo. Bradshaw, also Mr. Conoway made a flying trip to Colorado City Friday night.

Mr. Baylor Carroll and family visited at Westbrook last Sunday.

Quite a number of young folks of Spade have been attending the show this week at Colorado.

Mrs. E. Barber was shopping in Colorado Saturday.

Health in our community is fine at present.

A nice rain would certainly be appreciated just now.

Well as news is scarce in our part of the country will close for this time and do better next.

## OIL FILLING STATION

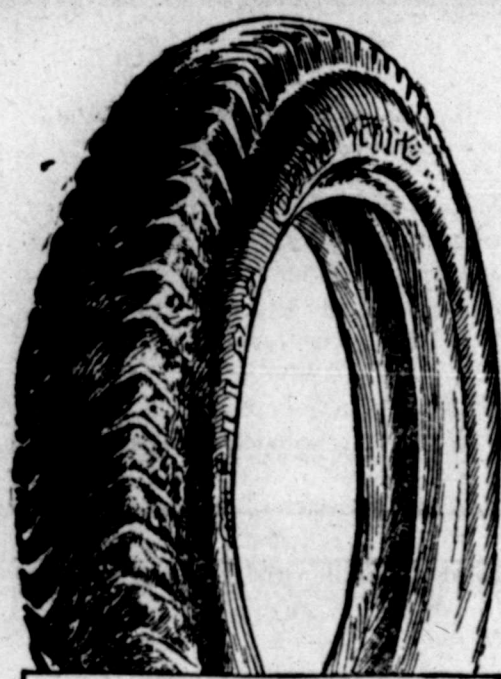

Mr. E. B. Hyer, representative of the Co-operative Oil Products Company of Dallas is here this week seeking a location for the purpose of building an oil filling station. The company purposes to erect a handsome building, with a ladies rest-room, and office and accessory and supply room. It also will place a large storage tank near the railroad for holding an inexhaustible supply of gasoline. Mr. Hyer states that the company is installing a string of these modern stations all over Texas several being already organized in Central West Texas.

## H S Ranch Lands For Sale

1951 Acre Mitchell County Stock Farm. 651 acres for sale for twelve thousand five hundred dollars; twenty-five hundred cash, balance thousand or more annually, including 7 per cent interest until paid. Adjoining 1300 acres on straight five year lease, rental five hundred dollars annually and fifth of crop on three hundred acre farm. These two tracts form a solid and compact body. They are fenced, have good four room house, good cistern, good tank, splendid field. Cannot give possession of improvement before January first next. Lease to begin from then. This land is surrounded by deep tests for oil, and I will reserve for five years a half interest, or for ten years a fourth interest in the oil and mineral rights on the land sold. Will reserve interest undivided, or divided to suit purchaser. Ten wells now drilling within a radius of twenty miles. Several have reported good oil and gas showing. I don't know how true these reports were, but I do know the land is worth the money, regardless of oil, and that whatever gamble there is in the deal for you is on velvet. If any of the wells actually find pay oil the land will lease for many times the price now asked for its purchase. Right now it will bring more on an oil lease than I ask for a grass lease. The part for sale is not leased. I have leased land five miles from it for ten dollars, per acre cash, one dollar per acre annual rental. This is the beginning of the breaking up of the H. S. Ranch, one of the oldest and one of the best in that part of Texas. The present owners are not stock men, and there is no money in holding the land at strictly grass lease prices for somebody who is. The section herein offered for sale is one of the best, if not the very best, in this hundred section ranch. It is all the best of farming land; level and open. The lease which can go with it makes up one of the best three section tracts on the ranch, and well improved. It is not all offered for sale because the owners actually believe that if there is a good prospect for oil in unproven territory anywhere in West Texas it is right where this land lies. It is not all offered for lease because they are determined to begin to realize something out of this land above a grazing lease and are also determined to see this ranch developed, and no man takes much interest in improving the other fellow's land. If you are looking for a little ranch, a stock farm, where you can raise cattle or sheep or both and do some farming too, this proposition should interest you. Under it you can use the land cheaper than by owning it, because the lease asked is far less than interest and taxes, and you can control it longer than by leasing, because most leases, are now made for a short time, and subject to sale. Besides, the oil prospect may develop into something really big. It will now carry half of the annual payments on the land for sale.

This Miller  
Cord Tire  
has run  
22,000 Miles  
On a Heavy Truck

22,000-Mile Tread  
And Why They Are Exceptions

Worn Miller Tires are often exhibited with some sign like above. Countless letters also reach us telling such mileage tales.

These are very pleasing. But we don't want users in general to expect miracles from Millers.

## Service to Expect

Expect from Millers greater service than from any like-type tire. And 19 times in 20 you will get it.

Expect it to outserve any tire you put opposite, and it almost invariably will. Expect twice the mileage tires gave a few years ago, and they will doubtless do still better.

Expect tread wear 25 per cent better than from others and you'll not be disappointed.

But don't expect that Millers, under all conditions, can match some exceptional mileage.

## Why Mileage Varies

A Cord Tire gives vastly greater service than a Fabric Tire.

An oversize tire will vastly excel a tire that is undersize. Care, load and roads affect tire service greatly.

Millers are uniform tires. That is a major reason for their supremacy. But uniform tires will vary with conditions.

## Tread Patented

Center Tread smooth with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads, mesh like cogs in dirt.

## With 3-Ton Loads

Miller Cord Tires were tested by Ray C. Carpenter on a 22-passenger bus, averaging a 3-ton load each trip. The first tire on a rear wheel ran 23,700 miles without a blow-out, and was never removed from the wheel. The second was punctured by railroad spike at 5,000 miles, but when repaired ran 12,000 miles more without a blow-out. On a front wheel the Miller ran 22,000 miles without a blow-out. All were passenger-type tires.

## What Our Tests Show

We run tires at our factory ten million miles a year to make these service tests.

These are radical tests. Tires are run constantly, night and day, and under heavy load. We want quick comparisons.

On our testing machines Miller Cords average 15,000 miles, and Fabrics about half that.

But these are not mileage records. We are running Miller Tires against high-grade rivals to prove that Millers last best.

Be Satisfied  
With This

You will get on a Miller an exceptional tread. It is by 25 per cent the best tread made.

Not one Miller Tire, made under present methods, has ever come back with the tread gone.

You will get uniform tires. Every Miller Tire is signed, both by maker and inspector. Every man knows that a faulty tire means a penalty for him. And faults are extremely rare.

You will get greater mileage than from any tire you put on the opposite wheel. That is so nearly universal that we will stake your favor on any single test.

But you will get the best tire built today. There are hundreds of thousands who know that.

When you buy a new car insist on Miller Tires. Twenty car makers now supply them and there is no extra charge.

## You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

## PROGRAM FOR EASTER SERVICE

The annual county meet of the interscholastic league met Saturday, March 27th at Colorado, amidst the raging winds common to the month of March. But despite the wind and sand Loraine showed her "grit" by winning far more points than all the other schools in the county combined.

Loraine won on the field as follows:

Willie Crowover, won first honors in the one hundred and twenty yard dash.

Virginia Bennett, and Otto Bauman, second place in one hundred yard dash.

Johnny Rhodes, second place in Junior fifty yard dash.

Virgil Bennett, first place and Elmes Mahon second place in senior boys fifty yard dash.

Jack Coffee second place in potato race, Virgil Bennett first place and Otto Bauman second place in two hundred and twenty yard dash.

Ira Coffee first honors in mile race.

Henry Ohlenbusch first place in four hundred and forty yard dash.

Adi Lee Howell second place in junior girls thirty yard dash.

Adi Lee Howell, Dorcas Reeder, Ora White and Gustell McGee won first place in junior girls relay.

Ila Burris tied for first place in senior girls thirty yard dash.

Jewell Pierce, Cecil Mahon, Ila Burris and Estelle Price won first place in senior girls relay.

Virgil Walker second place in junior boys base ball throw for distance.

Ira Coffee, Glen Coon Wilbur Coffee and Henry Ohlenbusch won first place in senior boys relay.

Virgil Bennett first place in senior boys standing board jump.

Ira Coffee, first place in vaulting, Ira Coffee tied for first place and Virgil Bennett won second place in senior boys high jump.

W. J. West won first place in Junior boys hop-step and run, Johnny Rhodes second place in junior boys standing broad jump.

Wesley Cook, third place in senior boys shot put.

Owing to an oversight the service rendered by Judge Hill, Miss Lola Harkins and Miss Woodward all of Roscoe who acted as judges in the local tryout was not mentioned in last week's paper.

However we greatly appreciate the service which they rendered and believe that their judgement was indeed good since it was sanctioned by the judges at the county meet.

Lucy Norman winning first place in senior girls declamation contest.

Clarence Plamer first place in senior boys contest.

Gustell McGee first place in junior girls contest and Durward Mahon first place in the junior boys contest.

Ora Coon won in senior spelling. We are certainly proud that the gold and black will be so well represented at the district meet and:

We boast of our athletes on field and on track.

We boast of our colors, the gold and the black.

We're proud of our declaimers and our spellers too.

For where they are our defeats are few.

through thick and through pyatyoy

Oh! we'll stick to our banner through thick and through thin.

For always its sure the victory to win.

Reporter.

Master Carl Pratt entertained a number of his friends on Saturday afternoon from 4 to 6 o'clock.

While the sand-storm was raging without the merry little ones were enjoying the entertainment within.

and the boyish heart was again made happy with the tokens of love of his playmates who brought him gifts and wishes for many more happy birthdays.

W. O. W. ENTERTAINS

The W. O. W. held a social meeting at their hall on Friday evening and quite a good time reported.

Speeches by Sov. W. F. Altman were given. After which the men served the ladies to fruit and cake.

Much interest was manifested in the good of the order and attendance was also good.

Mr. Joe Hall of Stanton was here the earlier part of the week helping invoice the stock of Drugs that was sold to Farris Drug Co.

## COFFEE-HURD

Miss Edith Wilson Hurd, daughter of Mr. and Mrs. W. H. Hurd and Chas. C. Coffee were united in holy matrimony, at the bride's home on Wednesday evening, March, twenty fourth, nineteen hundred twenty, by Rev. F. H. Young.

The bride wore a coat suit of dark blue and carried a bouquet of red and white carnations.

The groom was attired in blue serge. They were indeed a handsome couple.

The ceremony was solemnized in the presence of only a few friends who gave several handsome gifts, but most of the many friends of the couple are waiting to present their gifts until the shower which was given them at the home of Mrs. T. B. Bennett on Monday evening, March 29.

Shortly after the ceremony they departed for Abilene. A guest.

Revival
