

Back Our Boys

THE CRANE

With More Noise!

CRANE, TEXAS, OCTOBER 22, 1946

NUMBER 3

VOLUME NO. 17

BY BILLIE LOVELACE

To have a full year we must have a football spirit that can be felt, NOT one that can be smelt!

Any student that doesn't have enough consideration for his fellow-students to bring his money for the annuals should be mobbed by the rest who can't get their annuals because of all those "Slow-Joes."

There seems to be a little confusion among the pep squad and band members as to whether they had rather be members or "vamps."

The P. E. girls don't seem to exactly approve of their new—shall we say, "gym suits" or P. O. W.—suits!

The Sadie Hawkins dance went over in a big way, well, why not? ALL the girls had dates who wanted them. We hear several girls' pocketbooks are slightly deflated, though.

We extend our deepest sympathy to Roby Haden of Fort Stockton who was hurt seriously in the Crane-Stockton game.

To the Crane football team: congratulations and encouragement. We are proud of you and intend to back you to our utmost.

Just look at all of these relieved-looking people running around the patio. Why? Why, they passed their six weeks tests, of course!

Hallowe'en is coming soon; be ready for the PTA Carnival.

The carnival won't be right without the annual election of a queen, but it seems that royalty is not welcome this year in CHS.

The rough and ready Cranes are getting all set to dehorn the Martha Shorthorns. Good luck, boys!

Mrs. Hughes is giving her class a rest; if it could be done without sickness, the class would wish this could be done more often. Nevertheless, we wish her a speedy recovery.

The seniors are already talking about their senior trip. Well, wouldn't you?

Crane Band To Attend College Game In Nov.

The Crane High School Band received a letter from Alpine, inviting them to the Hardin-Simmons-Sul Ross game to be played Saturday night, Nov. 23, in Alpine. It is to be an added show for the spectators what with the many different bands that will be there. It will also be an enjoyable and educational trip for the band.

A band clinic will be held by R. T. Bynum from McMurray College, Abilene, the last week in November, here in Crane.

Mr. Bynum will also hear a few play separately in a try for the music scholarship offered from that school to seniors.

The band is to give a private Hallowe'en picnic on Hallowe'en night. They will pay a visit to a two-story, so-called haunted house, which was (i. e. will be) haunted by members of the band and the sponsors. Cobwebs, skeletons, etc., will be present. They (the band) will be served roasted weiners and all that goes with them.

Room Mothers Meet to Discuss Plans For Hallowe'en Carnival

The room mothers of all the classes met at the high school building on Tuesday, Oct. 8, to discuss plans for the annual Hallowe'en carnival.

The carnival will be held at the football field, Saturday, Oct. 26, and will begin at 7 o'clock.

Students will be amazed to learn that there will be no king and queen of the carnival. This measure was introduced, but not passed by the members.

As usual, the proceeds from the concessions will be divided, with the classes getting 80 percent of the money and the PTA getting the remaining 20 percent of the money.

The committee to allot places for stands consists of Mmes. Jack Porter, T. N. White and A. M. Murrell.

Mrs. Shaffer, chairman, reported that the students would vote to decide on their concessions next week, with the seniors getting first choice.

Mrs. Jack Porter announced that the PTA membership drive would begin Oct. 13 and end Oct. 19th.

Quantity of Textbooks Issued Each Year

Did you ever stop to realize how many new textbooks are issued to us each year? We'll confess we had no idea that there were so many Mrs. Elmore had not had time to count them.

There are as many as 60 new books and perhaps more on short notices. Mrs. Elmore could not furnish the exact amount.

These books are issued to us by anyone and we should, with respect to our teachers and our fellow schoolmates, try hard to keep them unmarked with ink. Furthermore, every page serves a purpose—in the book, not out.

Mr. Martin Announces Plans For Week End

Plans regarding the Sadie Hawkins dance, which took place Saturday, were announced by Supt. Martin at a short assembly Wednesday, Oct. 8.

Mr. Martin also announced the schedules for the six weeks tests on Wednesday, Thursday and Friday.

He asked that the Constitutional Committee meet with him on Monday night to draw up plans for the Student Council.

School will be dismissed at 4:45 Friday because of the football game.

No Glee Club Until After Football Season

For the girls who are wondering when a choral club will be organized, Miss Dema E. Meecham says there will probably be no arrangements made until after the football season.

She pointed out that girls who train their voices at football games find it hard to sing very well.

There is also a problem of when the girls could meet for classes.

Miss Meecham would like to have a glee club for Christmas and for special band concerts.

Majority of Seniors Not Born In Crane

Out of 27 healthy and smart seniors, there are only two who were born in Crane, and it seems that they haven't been able to get away from the beautiful and exciting little place yet.

Our gridiron captain, David D. Bonner, was born in Crane County on the memorable day of Dec. 14, 1938, and has been here ever since.

Helen Ruth Hickey, last but not least, was born in the old Gulf Camp June 25, 1929.

Many of them were born near by, but didn't quite make the county line.

The Golden Cranes of 1946 A String

FRONT ROW—Elmo Rust, Paul Simon, Don Pope, C. M. Coker, Amo O'Gore, Billy Schoonover, Dewardson, David... SECOND ROW—Raymond Weatherby, Bobby Allen, Wallace Coker, Don K... Dwain Stacy and Frank Waller. BACK ROW—Coach Haralson, Don Bradley, Chester Pettit, Toots Mathis, Billy Bonner, and Coach Chrane.

Time About Fair Play; Teachers Give Advice, Hope Students Take It

In our last issue we printed a story in which some of the students expressed what characteristics they appreciated most in teachers. Well, time about is fair play, so now some of our teachers are expressing their opinions.

Mrs. Elmore says that she believes honesty and the ability to take correcting are the two characteristics which are most appreciated. School spirit and class spirit are important and students should be active in class activities. She does not like students who always say, "I don't care" or "It doesn't make any difference to me."

Mr. Patterson likes a student who does what he is told and tries in his work. Also a student who is considerate of teachers and students.

Mrs. Martin likes especially dependability and proper attitude. Mrs. Barber thinks a student should have a sense of humor, have respect for his teacher and pay attention.

Miss Nelson likes a student who is courteous, ambitious, and has respect for others. She likes a student who does not expect something for nothing.

Miss Fetterly appreciates attentiveness, cooperation, neatness and open-mindedness.

Douglas Chrane likes to see a student who has a desire to learn, not only what is in books, but how to get along with others.

Miss Knight says that just so long as a student has a happy, cheerful attitude, they will be able to get along with her.

Mr. Haralson likes a pleasant attitude and cooperation. He likes to have fun with his students.

Miss Lewis appreciates a student who has a sense of humor, sense of responsibility, and one who knows the proper time and place for everything.

Mr. Nix appreciates the boy or girl most that will try, that has a good attitude, that will accept responsibility. And don't forget that a smile, a thank you, and honesty are also desirable.

Mr. Nevins likes students who are good enough citizens to carry their own load. On a trip he appreciates those who pitch in and help everybody so any group will function efficiently.

Mrs. Miller appreciates the consideration and courtesy all students have shown her thus far.

NOTICE

Attention, all Boy Scouts: be sure to come to scout meetings, because there's a bang-up program being planned by the scout leaders.

When next Monday rolls around, be at the scout meeting.

Visitor Displays Perfect Study Hall Manners

The other day a new pupil came to our school, and believe you me, he was an excellent example for some of our students. This pupil came into the study hall and quietly took his seat, and though he had nothing to do, he sat there and looked around with those calm, brown eyes. See, other students began to snicker and punch each other, and some laughed out loud at him. He took it all very well, but finally he got up and quietly left the room, as if he were shaming the silly people.

Maybe you students are wondering who this is that has such wonderful study hall manners. It is a little brown and white dog named Spot.

Luncheon Served For Delta Kappa Gamma

Several Crane teachers attended the regional meeting of the Delta Kappa Gamma at the Odessa Library, Saturday, Oct. 12.

The Crane Chapter, Gamma Gamma, was represented by Mrs. L. L. Martin, Mrs. Ruth Crabtree, Mrs. Laura Barber, and Miss Winnie Moore.

The following Crane teachers were initiated: Mrs. Pearl Pittman, Miss Mary Nelson and Miss Clo Dossey.

Luncheon was given at the First Methodist Church and the program was presented by the Odessa teachers.

The next meeting will be in McCamey in December.

James K. Hale Has Decided on Life Work

There are many Crane High students and ex-students who have decided at a young age just what their life's work is to be. We are referring to James R. Hale, 16 years old, who left the Crane High School as a freshman to attend a school neighboring us, McCamey High.

Even though James is still young, he has his mind made up to be a Methodist minister. He has already preached many sermons in different places. Sunday, Oct. 13, he held the services at the Crane Methodist Church, while Rev. Whetstone was away at Conference. The services were very reverent, and had a spiritual uplift to all who were present.

James is well on the road to success. James Nowa, Jr., was an honor student while attending Crane School, and is still an honor student in McCamey High. We admire James' determination and ability in his brilliant work toward the ministry.

Old Timer of Crane Grade School To Be Teacher In Odessa

Mrs. Ruth Crabtree, an old-timer in Crane Grade School, (first grade teacher), has accepted the position of teaching the second grade in Odessa Grade School, starting Oct. 14, 1946.

Mrs. Crabtree has been teaching in Crane Grade School for six years. Prior to her teaching in Crane, she taught in Forsan, Texas, Howard County, for three years, along with Mr. Martin, superintendent, and Mr. Nix, principal. The three came to teach in the Crane schools in the year of 1940.

She taught four years in Nolan County, five years in Garza County, three years in Howard County, and six years in Crane County.

She attended WTSTC in Canyon, attended John Tarleton, Hardin Simmons in Abilene, Sul Ross and one summer in Oklahoma University. She has spent three summers in the Palo Duro Arts School in Canyon.

Eddie Crabtree, her son, graduated from Crane High in 1943. When discharged from the Navy, he started to work in Odessa for the Texas Electric Co. Mrs. Crabtree is going to Odessa to be with her son.

Student Council Holds First Meeting Oct. 14

The first meeting of the constitutional committee of the proposed Student Council was held Monday night, Oct. 14.

Mr. L. L. Martin presided and Miss Jackie Lewis acted as faculty adviser.

Members of the committee who were appointed by the class presidents were:

Seniors — Baker Davis, Jean Garrett and David Bonner. Juniors — Kathryn Cantrell, Gene Miller and Eugene Harrington.

Sophomores—Dorothy Hickey, Dwain Stacey and Raymond Weatherby.

Freshmen—John Hickey, Lanel Murrell and Kenneth Pearce. Eighth Grade—Earnest Higdon, Jency Porter and Clark Lee Presley.

To better acquaint them with the form of a constitution, Mr. Martin read the Pampa High School governing body's constitution and advice from the book, "Student Council," by McKnown.

He stressed the fact that the constitution should be a positive one, forming better attitudes in the students, instead of a negative one, stressing punishment.

They voted to have the next meeting on Monday, Oct. 21.

PE Uniforms Received

Uniforms for the girls' physical education classes were received last week by Miss Jackie Lewis.

The uniforms are blue cotton twill, two-piece, and cost \$2.40 per pair.

Miss Lewis said, "We are really in style now. We are going to wear the suits with white tennis shoes and white socks."

The Most Spectacular Show In Centuries

Promptly at nine o'clock Wednesday night, Oct. 9, 1946, the curtain was rung up on the most spectacular show of the century. The Earth people, in special reserved seats, were treated to the rare spectacle of seeing myriads of falling meteors. The planet Earth had plowed through the tail of the Giacobini-Zinner Comet and the showering meteors were plainly visible.

For at least an hour before the display, from low-lying thunderheads in the north, lightning flashed vividly as the lights on the marquee of a great theatre.

To the south, a storm was gathering, blue-black clouds were rapidly piling up. Under the baton of Thor, God of Thunder, the drums of the orchestra began a low rumbling fanfare, the footlights flickered intermittently, and the show was on.

It began with a faint shower of small stars as if some giant hand was carelessly tossing hundreds of glittering sapphires earthward. After the storm cloud passed over, blew itself out, the second act was on.

A brilliant display of fireworks, in which miniature comets streaked across the heavens in a blaze of glory, the fiery path lingering momentarily after the meteor had vanished in a burst of flame. Lesser meteors burst overhead as if shot from some huge Roman candle. For two hours this show went on and then began to fade.

The meteors appeared in a flash of orange fire and the path of travel blazed red, purple, blue, ending in vivid green just before they vanished.

Weatherby, Newman To Reign as Daisy M. And Lil' Ab. During '47

This year the seniors decorated the Community Hall for the annual Sadie Hawkins Dance with crepe paper streamers, balloons and funny papers. Multicolored streamers and balloons hung from the ceiling while sections of the comic strips appeared in picture gallery style. On the stage life sized figures of Daisy Mae and Lil' Abner on dark backgrounds added to the motif. "Git Yo' Man" was written in letters and placed between the figures.

Girls with dates had to pay according to the number of inches around their dates' muscle, a penny being charged for each inch. All stags paid a quarter for admission.

The activities consisted of social dancing and a few Paul Jones' and some contests in which all were privileged to take part. After the Grand March, led by Don Pope and his date, Ladean McCayland, the prizes for the best costumes were given to Louise Newman, dressed as Daisy Mae, and Raymond Weatherby, as Lil' Abner. These prizes were a big hair ribbon and pocket book for Louise and a corn-cob pipe for Raymond.

Dorothy Nolan, June White and Mary Allen tied in the contest of the longest foot, so they drew straws and Dorothy won the miniature boot. Mildred Boren was awarded another boot for having the shortest foot.

A package of Ipana tooth paste was the prize given to Herman Hooper for the broadest grin. David Bonner had just as big a smile but Herman drew the shortest straw.

The girls treated their dates to a party came to an end around 11:30 and was sponsored by Mrs. Elmore and Mr. Martin.

PE Squad Organized

This year's pep squad, sponsored by Miss Jackie Lewis, consisted of 49 members were chosen from each class in Crane, Johnson and they are: Dorothy, Patsy Pet-an Earl, Lou Smith, Patsy Dulin, and Patsy Dulin.

Miss Lewis announces that the pep squad will meet regularly every Wednesday and the leadership will meet every Tuesday and Thursday.

The pep squad is right in there behind our team at every game, so come on, the rest of you Cranes, and let's help them out.

Four Buses Taken To Stockton-Crane Game

Four buses were taken to the Fort Stockton-Crane football game Friday night, Oct. 11, to provide transportation for the football team, band, pep squad, and the junior football team.

The large Sandhills bus was chartered to take the pep squad, Ford bus took the band, the International bus carried the football boys, and the little Sandhills bus took the junior football team.

The buses left the gym at 5:00 p. m. Friday afternoon, all except the junior football team, and left immediately after noon. There were approximately 164 passengers on the four buses.

H. E. Girls Unfair To Starving Students

We (the outside world) wish to say that we think the home economics girls are unfair to hungry students. All day long the most delicious smells come from under those carefully locked doors. And the smell is all we get!

Come on, girls—couldn't you cook enough for the whole school or keep the smell inside. If you don't, you are likely to find the place being mobbed some day.

Gen. Science Studies Air And Its Compositions

Mrs. Hughes' general science class has been studying "Air" for the past six weeks. Although they have made many experiments and searched deep into its interior, there still is a lot to accomplish and probably could not be covered the whole term, but Mrs. Hughes has dished out enough to keep them busy.

It seems that one experiment blew up, and had to be performed over. It was an experimental fire extinguisher.

They have studied the compositions of air, all of its uses, and its relations to sound.

Air's relation was the most interesting because there was some uncanny facts revealed; not serious facts, but curious.

Stockton Panthers Claw Golden Cranes 31-13 Friday Night

The Golden Eagles were defeated by the Ft. Stockton Panthers by a score of 31-13 Friday night in Ft. Stockton.

Stockton won the toss and received on the 11 yd. line. They drove to the Crane 46 yard line and kicked.

Crane, having bad luck in the first few minutes of the game, fumbled on the 12 yd. line and Stockton recovered. Crane, holding the Panthers for four downs, took the ball and punted out.

Barton started the drive for Stockton and with a 20 yd. run off-tackle, scored the first score of the game for Stockton. Point was missed.

Stockton kicked to Crane and it was returned to the Crane 43. Trying a pass which was incomplete, Henderson went through the line for a startling 57 yard run for a touchdown. Bonner kicked extra point, making the score 7-6 in Crane's favor in the last of the first quarter.

Reeves of Stockton scored early in the second quarter on a four yard run around end.

Crane received kick-off on the 32 and were driven back to their own 19. Henderson kicked to the 50 yd. line and Stockton again started their goalward plunge, Barton making the score for Stockton by a four yard plunge.

Stockton kicked to Crane, who fumbled. Stockton covered it, and Barton ran 36 yds. on the first down. R. Reeves, with excellent blocking, carried the pigskin to pay dirt. This made the score at the half 24-7.

The second half also started off bad for Crane with a fumble and Stockton recovering. Stockton failed to gain on two plays and Barton ran 44 yds. for another touchdown for the Panthers. The point failed.

The Cranes started an offensive drive toward the Panther's goal, with a series of passes, Mathis to Bonner, for 34 yds. Mathis carried the ball in three consecutive plays and went over on 16 yds. Crane's second touchdown. The point failed.

From this point the game was well played and was more evenly matched.

Barton and Reeves were sparking the Panthers, with Mathis and Pettit sparking the Cranes.

Eight Seniors to Play Last Year of Football
There are eight seniors playing their last season for the Golden Crane football team this season. There are four seniors on the A team and four seniors on the B team.

The senior boys are as follows:
1. David Bonner, weighing 180 pounds, two-year letterman, plays end.
2. Chester Pettit, weighing 140 pounds, one-year letterman, plays halfback.
3. Don Pope, weighing 140 pounds, one-year letterman, plays quarterback.
4. Don Kilgore, weighing 150 pounds, one-year letterman, plays tackle.
5. Baker Davis, weighing 150 pounds, plays guard.
6. Amel Omo, weighing 135 pounds, plays halfback.
7. Wallace Coker, weighing 170 pounds, plays tackle.
8. Jimmie Glenn, weighing 145 pounds, plays guard.

There are two more boys who will not be able to play next year because of the age limit. They are Bobby Allen and Golden Hester. Golden has lettered one year but this is Bobby's first year.

Cranes To Play Cowboys Friday, 25
The Golden Cranes play their third conference game this week with the Grandfalls Cowboys. Grandfalls has lost all of its games thus far, and let's hope we can keep it that way with a victory over them.

The game will be played at Grandfalls, Friday, Oct. 25.

Duff Starts Season With 29 Gridders

Mr. Duff started his season with 29 prospective players. He seems to have an abundance of backs and ends, while in the other departments he does not have so many men. The juniors have played two games this year. They lost to the McCamey juniors, and tied the Fort Stockton juniors in a 0-0 game last Friday evening, Oct. 11. The manager for the junior team is Buster Pendleton. We wish them a lot of luck in their next game.

Below is the junior roster:

Name	Wt.	Pos.
Louie Brents	120	C
Clark Presely	140	B
James Ward	150	B
Bill Teague	130	B
Bobby Smith	140	B
Richard Lightfoot	130	B
Don Booth	104	B
Kenneth Lightfoot	100	B
Norris Crownover	112	B
John Clark	140	B
Henry Fields	95	B
Ernis Higdon	115	B
Ray Knox	105	T
Rodger Cloud	134	T
Eddie Tallman	137	T
Lee Ray Best	80	T
Bill Wood	79	T
Jimmy Stacy	95	G
Ray Omo	97	G
Clovius Lewis	98	G
Harral Hunter	93	G
Doug Boyd	85	E
Myron Holcomb	130	E
Sammy White	127	E
Bill Clark	92	E
John Hickey	120	E
Art Booth	100	E
Hughnea Green	94	C
Henry Cook	104	C

Crane B's Put Sting on Badger B Team, 6-0
The Crane B team defeated the McCamey B team 6-0 last Saturday morning at 10 o'clock. This was the first game for Crane B.

The Crane team earned the victory. They made long gains through the McCamey line with Omo and Stacy doing most of the ball carrying.

The touchdown was made on a long pass to well-fonetic in the end zone. The starting lineup for Crane B team was:

R. E.—J. Zarafonitis
R. T.—J. Weatherby
R. G.—B. Schoonover
C.—F. Wallar
L. G.—C. M. Coker
L. T.—A. Whaley
L. E.—W. Coker
Backs—McCully, Stacey, Omo, Reynolds.

Cranes Bow To Marfa 14-27 On El Ave Field Friday Night, Oct. 18

In a game featuring long, exciting runs, and a few penalties, the Marfa Shorthorns downed the Golden Cranes here on El Ave Field Friday night.

Scoreless at the half, Henderson of Crane started the ball rolling early in the third quarter with a 23-yd. run for a touchdown. Bonner kicked the goal, making Crane 7, Marfa 0.

Shortly thereafter Toombs of Marfa got loose for 57 yards and a touchdown. They kicked goal, thus tying the score.

The quarter wasn't much older when Mathis of Crane passed to Pettit for 27 yards and a touchdown. Bonner again converted, making the score, Crane 14, Marfa 7.

Toombs, Marfa's shifty back, got loose for 65 yards, placing the Shorthorns in a position to score, which they did a few plays later on a pass. The goal was good and the score was now 14-14.

From there on it was Marfa's ball game when Toombs ran 35 yards for a touchdown only to have it called back on a clipping penalty. Nothing daunted, Marfa came right back and ran another 35 yards. The extra point was good. Then late in the game, Marfa scored again on a pass, making the score, Marfa 27 and Crane 14.

The kick for point was blocked and Red Simon, Crane's burly center, to be on the safe side, scooped the ball up and ran it over Marfa's goal line. Even if it was called back, all agreed that it was a spectacular run.

Crane: Allen, B. Kilgore, D. Harrington, E. Simon, P. Hester, G. Rust, E. Bonner, D.
Marfa: Rodriguez, R. Vasquez, A. Magallenz, H. Devolin, O. Pena, A. Holzheuser, R. Franco, A.

Miss Lewis' physical education class
Miss Lewis' physical education class in the school building. The annuals of the '45-'46 school term arrived Wednesday afternoon and were given out on Thursday afternoon.

Football Boys See Themselves In Action

The football boys saw a movie Thursday, Oct. 17, at the band hall. The movie was shown by Mr. Jim Nevins, the Crane band director. The movie was taken one evening while the boys were scrimmaging.

Mr. Nevins showed the film several times, because it was hard to follow the players, it was turning so fast. He also showed the boys a picture show of a pee-wee game taken several years ago while the pee-wee's were playing Grandfalls. The boys enjoyed seeing it very much.

SPORT SHOTS
By Don Pope
Some of the boys seem to be making the quarter-mile run in 55 seconds now. Keep up the good work for good shape.

The boys are all in tip-top shape and have good spirits. They are out to down the Grandfalls Cowboys.

We wish to congratulate the boys on the swell game with Ft. Stockton, even if we did lose.

The boys can still win district with a little luck, so let's keep giving them backing.

Better watch the Iraan Braves, I guess you know they tied McCamey, 7-7.

Football Team Receive New Shoes, Helmets

The football team received new equipment Monday evening. It consisted of shoes, helmets, rib pads, shoulder pads, and some blocking pads which Mr. Crane is going to send back.

There were eight pairs of shoes, twenty helmets, and six pair of rib pads.

The boys were very glad to receive this equipment, because the old equipment was wearing out very fast.

This is the second stock of new equipment received this year. They received some more shoes earlier in the season, but the juniors got them, because they were all small sizes.

We are hoping for some more new shoes, so every member of the team can have a pair of shoes to play in this season.

CHS Gridiron Greats
By Chester Pettit
If anyone sees a tall, good looking young fellow, with a football jacket on with two stripes, you may be sure it could only be one person. This boy is David Bonner.

David was born in Crane, Texas, and has gone to school all his life here.

He has lettered two years in football. The first year he lettered at tackle. The second year he lettered at end. He plays end this year also.

David weighs 180 pounds and stands six feet and one inch in his stocking feet.

David is one of the captains of the team.

Football Boys Enjoy Trip to Ft. Stockton

The football boys got into Crane about 2 o'clock Saturday morning after a hard-fought game. The boys were fed a good meal cafeteria style in Fort Stockton, and went to a dance at the band hall. Before they started home, the bus broke down and they had to stay a while longer. Some of the boys were still hungry. A small individual apple stand opened up. The owner and operator was Raymond Weatherby. The apples were selling over ceiling price and the owner was reported by David Bonner. His case will appear before the next court in Crane County.

While the boys were waiting at the Rock Station, they found people to be very friendly. Bobby Allen found one who was not. The friendly one said that if we couldn't beat Stockton, who beat Iraan, he would bet his hat against a roll of tape that Iraan would beat Crane. Perhaps this pessimistic statement was due to the stranger's ignorance of Crane's potentialities.

Chaperons chosen for the dance were: Mmes. Murray, Pettit, Bruce, Allen, Gray, Lewis and Boren.

Miss Lewis read a set of rules which she had made for the pep squad members to follow and it was decided that any member who disobeyed them purposely would automatically be kicked out of the pep squad.

Pep Squad Elects Officers, Chaperons

The pep squad had a meeting last Monday after school to elect officers, alternate cheer leaders, and to decide on chaperons for the pep squad dance. Officers elected were:

President—Ladean McCasland, Vice-President—Jean Garrett, Secretary and Treasurer—Jeanette Glenn.

Chairman of Social Committee—Coylene Pope. Those on the social committee are: Jean Murray, Beverly Bruce, Billie Hardesty, and Sammie Lewis.

Alternate cheer leaders were elected from each class. They are Billie Hardesty, Melba Powell, Coylene Pope, Mary Allen, and Cynthia Zarafonitis.

Chaperons chosen for the dance were: Mmes. Murray, Pettit, Bruce, Allen, Gray, Lewis and Boren.

Miss Lewis read a set of rules which she had made for the pep squad members to follow and it was decided that any member who disobeyed them purposely would automatically be kicked out of the pep squad.

Christmas Packages For Overseas Troops Mailed By November

The following information taken from the Postal Bulletin of Aug. 13, 1946, may be helpful in answering inquiries concerned with Christmas mail for members of the armed forces overseas:

Time of mailing: Christmas parcels for Army personnel overseas must be mailed during the period beginning Oct. 15, 1946, and ending Nov. 15, 1946, the earlier the better. Parcels destined for delivery in China, India, the Middle East, and the islands in the Pacific should be mailed as early as possible during the period stated, preferably not later than Nov. 1, in view of the distances involved. During this period requests from the addressees are not required in connection with Christmas parcels mailed to Army personnel. Patrons should endorse each gift parcel, "Christmas Parcel." Special effort will be made to effect delivery of all Christmas parcels mailed during the periods stated above in time for Christmas.

CHRISTMAS CARDS

Christmas cards for Army personnel overseas may be mailed at any time but patrons must mail such cards prior to Nov. 15, 1946, if they are to have a reasonable expectation of delivery prior to Christmas. The War Department advises that greeting cards for soldiers overseas must be sent in sealed envelopes and prepaid at the first class rate.

PARCELS WITHOUT REQUEST

Since Navy, Marine Corps and Coast Guard personnel may receive parcels without a request at any time of the year, it is not the policy to encourage the mailing of parcels to such personnel during any particular period of time each year. It is suggested, however, that such parcels intended as Christmas gifts be mailed not later than Oct. 15 to afford some degree of probability of delivery prior to Christmas Day, dependent upon the destination and parcels for per-

applying the heavy paper wrapper. Sealed boxes should bear the printed inscription authorizing opening for postal inspection.

CANDIES AND TOILET ARTICLES

When combination packages are made up, including miscellaneous toilet articles, hard candies, soaps, etc., the contents should be tightly packed, in order that the several articles may not be loosened in transit, damaging the contents or the covering of the parcels. Christmas boxes should be enclosed in substantial containers. Hard candies, nuts, caramels (including those covered with chocolate), cookies, fruit cake, and chocolate bars individually wrapped in waxed paper, should be enclosed in inner boxes of wood, metal, or cardboard. Soft candies, whether home-made or commercial, do not carry well. Sealed packages of candy, cigars, tobacco, and toilet articles in the simplest mercantile form may be placed in parcels without affecting the parcel-post classification of such packages. Sharp-pointed or sharp-edged instruments, such as razors, knives, etc., must have their points or edges protected so they cannot cut through their coverings and damage other mail or injure postal employees.

Valuable articles should be registered or insured.

Perishable Matter: Perishable matter will not be accepted, and the sending of fragile articles should be discouraged.

Prohibited Articles: Intoxicants, inflammable materials (including matches of all kinds and lighter fluids), and poisons, or compositions which may kill or injure another, or damage the mails, are unmailable.

ADDRESSES

Addresses must be legible, in typewriting or ink. It is preferable that the outside addresses be hand printed directly on the wrappers of the boxes rather than on labels pasted to the wrappers, since experience has shown that the latter are frequently lost.

The London Times, the Boston

in bed when the lights went out as which would permit mailing subsequent to Oct. 15 may be deposited for mailing at a date selected by the sender.

SIZE AND WEIGHT

Size and Weight: Christmas parcels for armed forces overseas shall not exceed 70 lbs. in weight or 100 inches in length and girth combined. The various services have pointed out that members of the armed forces are amply provided with food and clothing and the public is urged not to include such matter in the gift parcels. The public can ascertain what articles their relatives and friends overseas can secure locally by corresponding with such persons and should limit their gifts to articles not readily obtainable by the recipients. Not more than one Christmas parcel or package shall be accepted for mailing in any one week when sent by or on behalf of the same person or concern to or for the addressee.

PREPARATION

Preparation: Boxes for overseas transmission should be stronger than containers used for parcels which do not leave our shores. Because of the great distance these parcels must be transported and the handling and storage they must undergo, it is absolutely necessary that all articles for overseas be packed in boxes of metal, wood, solid fireboard, or strong double-faced corrugated fireboard, testing at least 200 lbs. Each box should be securely tied with strong cord, preferably by four separate pieces, two lengthwise and two crosswise, knotted at crossings. Sealing the flaps with gummed tape where they meet strengthens the box, but the use of such tape alone is not satisfactory, since the tape loosens if the boxes become wet or exposed to moist atmosphere. Boxes should contain sufficient cushioning materials so that the contents will be tightly packed to prevent any rattling or loosening of the articles within the parcels. Unless completely packed and tightly filled, boxes are likely to be crushed. It is also desirable that all fireboard boxes be securely wrapped in heavy paper, if available, which materially strengthens the boxes. The boxes should be tied as above suggested, before and after

al-looking luminous face, highly decorative names and addresses of the sender and addressee and a list of the contents be enclosed in the parcels so that proper disposition of the parcels can be effected in the event the addresses on the outside become defaced in transportation, or the boxes become broken open and the contents scattered.

MONEY ORDERS

Use of Money Order: With regard to cash remittances, patrons should be informed that the exportation of currency to overseas APO's or between such APO's where the dollar is not the accepted medium of exchange is prohibited. Currency should, therefore, not be accepted for mailing at a domestic post office when addressed to overseas A. P. O.'s or when mailed at and addressed to overseas APO's, except those APO's which are branches of the post offices at New Orleans, La., and Seattle, Wash.

The foregoing prohibition applies to currency inclosed in letters or parcels sent as ordinary or registered mail.

Domestic postal money orders can be cashed at APO's wherever the forces are located.

Little Needle Scares Brave Crane NE-Men

There are some brave boys in our school; however, a number of them are afraid of a little needle and hypodermic syringe. A few of the boys had to leave the office while their classmates took shots.

The girls are much stronger and stay to give each other moral support.

The children in the first three grades are the best to take their shots. They all say, "See, I didn't cry."

A number of students are taking cold serum—about ten students each day. Some of the students have also had vaccinations for smallpox and diphtheria. Every child should be immunized against smallpox and diphtheria, Mrs. Owens, school nurse, says. This is also the season when so many throats are sore and have to be sprayed. This one thing alone keeps the nurse busy each morning and afternoon.

Nix Attends Meeting Of Hi School Principals In Austin October 14-15

Mr. Nix attended the meeting of the Texas Association of Secondary School Principals in Austin on Oct. 14-15. This was a full two-day meeting of interesting discussion of the problems facing the high schools of Texas. There was a frank discussion by many of the approximately 150 principals of the particular programs of their respective schools. Among the many things discussed were: Pupil Morals in the High School of Today; Student Councils and Student Assemblies and Their Place in Our High School; Teacher - Pupil Relationships; Teacher Training; Texas Study of Education; Teacher Shortage; Graduation Requirements; Activity Periods; Clubs; Home Rooms; Summer Schools; and The Curriculum.

Mr. Nix said that he was very glad to have had the opportunity to attend this interesting and instructive program. He found that schools all over the state have much the same problems, and that students everywhere are very much alike. This program has helped him to see where our school is measuring up to standards and where it is falling down, and to see the remedies needed.

Talented Cartoonist Attends Crane High

Most of the students of Crane High don't know that we have a talented cartoonist attending our school. But we do. Her name is Billie Lovelace.

Billie has been able to draw ever since she was a small girl. She is taking a correspondence art course and intends to go to college and major in art.

Billie was elected as cartoonist of the journalism class and she has added very much in the reading interest of our paper. She has been called upon many times to do odd jobs concerning drawing, in and out of school. We are sure that our readers will appreciate her work.

Martin Goes To Dallas On Business

Mr. Martin, our superintendent, went to Dallas the week end of Oct. 5, and stayed one and one half days. His purpose for going was to see about the construction of a colored school and try to find a teacher for the second grade. He made out an application for the colored school and was assured by the Civilian Production Authority that he would be given a permit to build one here, but it hasn't come through yet. His search for a second grade teacher, ended in failure.

Mr. Martin stated that he saw the Tech-SMU football game and rooted for his old alma mater, Tech, who came out the victor.

Rep. R. E. Thomason Pays Crane Friendly Post-Election Visit

U. S. Rep. R. E. Thomason, taking advantage of the adjournment of Congress, paid Crane a friendly visit on Tuesday night, Oct. 1.

Speaking informally to a large crowd in the Court house, Mr. Thomason shed considerable light on the turbulent international situation, and answered many questions pertaining to veterans' housing, OPA, etc.

Mr. Thomason drew his first applause when he bluntly advocated that the U. S. keep the atom bomb formula a secret.

Calhoun Lovelace, just back from the Marines, had his tonsils removed at the Robinson Hospital on Oct. 1. He recovered quickly and went home the next day.

Mr. M. C. Brice has been confined to his home since last Thursday with an attack of what is apparently rheumatism. Mr. Bill Chaffin is taking his place until Mr. Brice is able to return.

The moving picture which Mr. Nevins has been taking of the band and the football boys will be shown to various individuals this week.

Elementary News

THE FOURTH GRADE

Louella Avent Reporter

We are working hard in school. Our music test was rather hard but we are going to work harder and make better grades.

Catherine Jacobs has been absent for two days. We have all missed her and hope she isn't ill.

Our room mothers have met and we have decided to sell cake, pie and coffee at the carnival. So everyone come and buy from us. They have also planned a Hallowe'en party for us.

We have been studying about wheat and oats in geography—how they are planted and harvested. We have planted some. We will soon be ready for harvest.

Miss Kent and Miss Pickens visited in Lubbock last week end. We decided that we better keep our dogs at home or something bad might happen to them.

Our room is looking spooky with black cats, jack-o-lanterns, witches and ghosts around everywhere.

We have all joined the Ivory Inspection Patrol. If we are clean we get to paste up an ivory bar—if not, a yellow or red dot. If we are perfect for a month, we will get a pretty health certificate.

FIVE-ONE PARTY

Mrs. Cloud's fifth grade held a party Thursday evening at the school in honor of all the students in the room whose birthdays are in October.

They went to the Sweet Shop and had ice cream for refreshments. They plan to do this every month.

FIVE-TWO

We have two new pupils, Roger Munden from Levelland, Texas, and Edward Harris from Handley, Texas. Welcome to our Crane school.

We are studying about the weather.

Real courtesy was being pointed out and considerable of others every day.

At the first meeting we talked about courtesy in the school room and in the auditorium, and we found that being regular in attendance, being on time, neat in our dress and with our desk, our books and the papers we hand in to the teacher, are the best ways to show courtesy in the classroom.

After we have learned a lesson, it is not fair to bother other pupils who still want to study. It is unkind and rude and it shows ignorance to laugh at the mistakes of other pupils because we all make mistakes and none of us likes to be laughed at. It is rude to interrupt another pupil when he is reciting.

The boy or girl who wins or fails must remember to be courteous. One should not boast when he makes good grades, wins a contest or when he loses. Be a "good sport."

We are judged by our manners in assembly. In order to be a credit to our homes and school in these gatherings, we need to observe these rules: obey signals promptly, do not whisper or giggle, do not turn your head to look behind you. Do not leave until Ford, the assembly is dismissed. Listen attentively to all that is said from the platform or to any program that is being given.

SIX-ONE

Our room has a football team. Curtis Chipman, Rex Knox, Don Booth, Hugh Green, Billy Wood, Bruce Wells, Don Hines, J. P. Earl, Bobby Robinson, Kenneth Terrell and Rex Wood are on the team.

We played the seventh grade boys, who beat us 6-0. If it is all right with Mrs. Keys we will play them every Monday. We will use the shoulder pads and helmets of the junior boys.

We are all happy that school has started again and summer is over.

We have two new pupils in our room. Their names are Ann McDonald and Billie Ware Baze. Nearly all the pupils in our room have been together since we were in the first grade.

It seems funny to have so many teachers.

We have elected our room mothers and class officers.

Our teachers say to keep up the good work.

CLASS NO. SEVEN-ONE

Class 7-1 held a meeting Friday, Oct. 11.

President Maret Robertson presided, and the secretary read the minutes.

We had a play called "A Way To Make A Happy Home." Those who were in the play were:

Mareta, Don, Mary Lou, Noris Ray, Donald Coleman, Gene Watts, La Ferne and Lemara.

ROOM NO. SEVEN-TWO

Room 7-2 has quite a few pot plants now. We have Elephant Ear and Ivy. We have nice pictures on the bulletin board, too.

We are studying about the capitals of Texas in history.

We have made maps of Texas and colored them.

Our seventh grade boys beat the sixth grade boys.

At the first meeting we talked about courtesy in the school room and in the auditorium, and we found that being regular in attendance, being on time, neat in our dress and with our desk, our books and the papers we hand in to the teacher, are the best ways to show courtesy in the classroom.

the work that we have covered since school started. We are looking forward to the Hallowe'en Carnival.

MRS. CLOUD'S ROOM

Reporter: Luanne Preslay

Since our six weeks' tests are over, we can relax and go on with our regular school work.

Last week Delores Hooper had her tonsils removed and we sent her some lovely flowers.

We have been having Current Events, and this is one which Myra Sue Harrold told:

"Secretary of Agriculture Anderson told reporters, as he left his office early Saturday afternoon, that he was going to the Capitol for lunch.

He added that he understands they have meat "up there."

Helen Lakin was out with a cold and we sent her some flowers to cheer her up.

We had a birthday party for Joan and James Ware and Wayne Owen Bowers. We had a grand time.

Senior Sees Oklahoma

One of our dignified seniors, Wilma Earp, left Crane County and even the State of Texas to travel over into Oklahoma last week end.

She went with Arnold McCasland, his mother, and two little sisters. They left late Friday evening and got back Sunday night. They went to Holdenville and Wetunkia, Okla. Wilma says she had a wonderful time and hopes to go there again some day.

Miss Lewis has really had a busy week. She has put up paper both on the desk and small file cabinet. These are flowers further complete picture. What next—

Grade School Open With New Principals And 5 New Teachers

The Crane Grammar School opened this term with new teachers.

Miss Clo Dossey, first grade teacher, whose home is in Ham, Texas, taught in the Junior High school last year in mercer, Texas. She received a BS degree in 1941.

Mrs. Betty Haralson, second grade teacher, received her BA degree from the University of Texas at Austin in 1941.

Mrs. Essie Brown, third grade teacher, went to Weatherford Junior College and her home is in Burk Burnett.

Mr. Walter Duff, fourth grade teacher, received a BA degree from S. T. C. and his home is in Boro, Texas.

Miss Dema Elizabeth, music teacher, taught in London, Texas, last year, received a BM degree from NTSTC, and her home is in Lina, Texas.

Mr. V. N. Keyes, grade principal, taught in the year, and his home is in ACC. He received his B. A. in

BY BILLIE LOVELACE
To have a full year we must have a football spirit that can be felt, NOT one that can be smelt!

Any student that doesn't have enough consideration for his fellow-students to bring his money for the annuals should be mobbed by the rest who can't get their annuals because of all those "Slow-Joes."

There seems to be a little confusion among the pep squad and band members as to whether they had rather be members or "vamps."

The P. E. girls don't seem to exactly approve of their new—shall we say, "gym suits" or P. O. W.—suits!

The Sadie Hawkins dance went over in a big way, well, why not? ALL the girls had dates who wanted them. We hear several girls' pocketbooks are slightly deflated, though.

We extend our deepest sympathy to Roby Haden of Fort Stockton who was hurt seriously in the Crane-Stockton game.

To the Crane football team: congratulations and encouragement. We are proud of you and intend to back you to our utmost.

Just look at all of these relieved-looking people running around the patio. Why? Why, they passed their six weeks tests, of course!

Hallowe'en is coming soon; be ready for the PTA Carnival.

The carnival won't be right without the annual election of a queen, but it seems that royalty is not welcome this year in CHS.

The rough and ready Cranes are getting all set to dehorn the Marfa Shorthorns. Good luck, boys!

Mrs. Hughes is giving her class a rest; if it could be done without sickness, the class would wish this could be done more often. Nevertheless, we wish her a speedy recovery.

The seniors are already talking about their senior trip. Well, wouldn't you?

Crane Band To Attend College Game In Nov.

The Crane High School Band received a letter from Alpine, inviting them to the Hardin-Simmons-Sul Ross game to be played Saturday night, Nov. 23, in Alpine. It is to be an added show for the spectators what with the many different bands that will be there. It will also be an enjoyable and educational trip for the band.

A band clinic will be held by R. T. Bynum from McMurray College, Abilene, the last week in November, here in Crane.

Mr. Bynum will also hear a few play separately, in a try for the music scholarship offered from that school to seniors.

The band is to give a private Hallowe'en picnic on Hallowe'en night. They will pay a visit to a two-story, so-called haunted house, which was (i. e. will be) made haunted by members of the band and the sponsors. Cobwebs, skeletons, etc., will be present. They (the band) will be served roasted weiners and all that goes with them.

Room Mothers Meet to Discuss Plans For Hallowe'en Carnival

The room mothers of all the classes met in the high school building on Tuesday, Oct. 8, to discuss plans for the annual Hallowe'en carnival.

The carnival will be held at the football field, Saturday, Oct. 26, and will begin at 7 o'clock.

Students will be amazed to learn that there will be no king and queen of the carnival. This measure was introduced, but not passed by the members.

As usual, the proceeds from the concessions will be divided, with the classes getting 80 per cent of the money and the PTA getting the remaining 20 per cent of the money.

The committee to allot places for stands consists of Mmes. Jack Porter, T. N. White and A. M. Murrell.

Mrs. Shaffer, chairman, reported that the students would vote to decide on their concessions next week, with the seniors getting first choice.

Mrs. Jack Porter announced that the PTA membership drive would begin Oct. 13 and end Oct. 19th.

Quantity of Textbooks Issued Each Year

Did you ever stop to realize how many new textbooks are issued to us each year? We'll confess we had no idea that there were so many Mrs. Elmore had not had time to count them.

There are as many as 60 new books and perhaps more on short notices. Mrs. Elmore could not furnish the exact amount.

These books are issued to us by anyone and we should, with respect to our teachers and our fellow schoolmates, try hard to keep them unmarked with ink. Furthermore, every page serves a purpose—in the book, not out.

Mr. Martin Announces Plans For Week End

Plans regarding the Sadie Hawkins dance, which took place Saturday, were announced by Supt. Martin at a short assembly Wednesday, Oct. 8.

Mr. Martin also announced the schedules for the six weeks tests on Wednesday, Thursday and Friday.

He asked that the Constitutional Committee meet with him on Monday night to draw up plans for the Student Council.

School will be dismissed at 4:45 Friday because of the football game.

No Glee Club Until After Football Season

For the girls who are wondering when a choral club will be organized, Miss Dema E. Meecham says there will probably be no arrangements made until after the football season.

She pointed out that girls who train their voices at football games find it hard to sing very well.

There is also a problem of when the girls could meet for classes.

Miss Meecham would like to have a glee club for Christmas and for special band concerts.

Majority of Seniors Not Born In Crane

Out of 27 healthy and smart seniors, there are only two who were born in Crane, and it seems that they haven't been able to get away from the beautiful and exciting little place yet.

Our gridiron captain, David D. Bonner, was born in Crane County on the memorable day of Dec. 14, 1938, and has been here ever since.

Helen Ruth Hickey, last but not least, was born in the old Gulf Camp June 25, 1929.

Many of them were born nearby, but didn't quite make the county line.

The Golden Cranes of 1946 A String

FRONT ROW—Elmo Rust, Paul Simon, Don Pope, C. M. Coker, Amo Omo.
SECOND ROW—Raymond Weatherby, Bobby Allen, Wallace Coker, Don Kilgore, Billy Schoonover, Dwain Stacy and Frank Waller.
BACK ROW—Coach Haralson, Don Bradley, Chester Pettit, Toots Mathis, Billy Henderson, David Bonner, and Coach Crane.

Time About Fair Play; Teachers Give Advice, Hope Students Take It

In our last issue we printed a story in which some of the students expressed what characteristics they appreciated most in teachers. Well, time about is fair play, so now some of our teachers are expressing their opinions.

Mrs. Elmore says that she believes honesty and the ability to take correcting are the two characteristics which are most appreciated. School spirit and class spirit are important and students should be active in class activities. She does not like students who always say, "I don't care" or "It doesn't make any difference to me."

Mr. Patterson likes a student who does what he is told and tries in his work. Also a student who is considerate of teachers and students.

Mr. Martin likes especially dependability and proper attitude.

Mrs. Barber thinks a student should have a sense of humor, have respect for his teacher and pay attention.

Miss Nelson likes a student who is courteous, ambitious, and has respect for others. She likes a student who does not expect something for nothing.

Miss Fetterly appreciates attentiveness, cooperation, neatness and open-mindedness.

Douglas Crane likes to see a student who has a desire to learn, not only what is in books, but how to get along with others.

Miss Knight says that just so long as a student has a happy, cheerful attitude, they will be able to get along with her.

Mr. Haralson likes a pleasant attitude and cooperation. He likes to have fun with his students.

Miss Lewis appreciates a student who has a sense of humor, sense of responsibility, and one who knows the proper time and place for everything.

Mr. Nix appreciates the boy or girl most that will try, that has a good attitude, that will accept responsibility. And don't forget that a smile, a thank you, and honesty are also desirable.

Mr. Nevins likes students who are good enough citizens to carry their own load. On a trip he appreciates those who pitch in and help everybody so any group will function efficiently.

Mrs. Miller appreciates the consideration and courtesy all students have shown her thus far.

James K. Hale has decided on life work.

There are many Crane High students and ex-students who have decided at a young age just what their life's work is to be. We are referring to James R. Hale, 16 years old, who left the Crane High School as a freshman to attend a school neighboring us, McCamey High.

Even though James is still young, he has his mind made up to be a Methodist minister. He has already preached many sermons in different places. Sunday, Oct. 13, he held the services at the Crane Methodist Church, while Rev. Whetstone was away at Conference. The services were very reverent, and had a spiritual uplift to all who were present.

James is well on the road to success. James Nowa, Jr., is an honor student while attending Crane School, and is still an honor student in McCamey High.

We admire James' determination and ability in his brilliant work toward the ministry.

Visitor Displays Perfect Study Hall Manners

The other day a new pupil came to our school, and believe you me, he was an excellent example for some of our students. This pupil came into the study hall and quietly took his seat, and though he had nothing to do, he sat there and looked around with those calm, brown eyes. The other students began to nicker and punch each other, and some

laughed out loud. He took it all very well, but finally he got up and quietly left the room, as if he were shaming the silly people.

Maybe you students are wondering who this is that has such wonderful study hall manners. It is a little brown and white dog named Spot.

Luncheon Served For Delta Kappa Gamma

Several Crane teachers attended the regional meeting of the Delta Kappa Gamma at the Odessa Library, Saturday, Oct. 12.

The Crane Chapter, Gamma Gamma, was represented by Mrs. L. L. Martin, Mrs. Ruth Crabtree, Mrs. Laura Barber, and Miss Winnie Moore.

The following Crane teachers were initiated: Mrs. Pearl Pittman, Miss Mary Nelson and Miss Clo Dossey.

Miss Julia Hubbell of ETSTC was the speaker. Luncheon was given at the First Methodist Church and the program was presented by the Odessa teachers.

The next meeting will be in McCamey in December.

James K. Hale Has Decided on Life Work

There are many Crane High students and ex-students who have decided at a young age just what their life's work is to be. We are referring to James R. Hale, 16 years old, who left the Crane High School as a freshman to attend a school neighboring us, McCamey High.

Even though James is still young, he has his mind made up to be a Methodist minister. He has already preached many sermons in different places. Sunday, Oct. 13, he held the services at the Crane Methodist Church, while Rev. Whetstone was away at Conference. The services were very reverent, and had a spiritual uplift to all who were present.

James is well on the road to success. James Nowa, Jr., is an honor student while attending Crane School, and is still an honor student in McCamey High.

We admire James' determination and ability in his brilliant work toward the ministry.

Old Timer of Crane Grade School To Be Teacher In Odessa

Mrs. Ruth Crabtree, an old-timer in Crane Grade School, (first grade teacher), has accepted the position of teaching the second grade in Odessa Grade School, starting Oct. 14, 1946.

Mrs. Crabtree has been teaching in Crane Grade School for six years. Prior to her teaching in Crane, she taught in Forsan, Texas, Howard County, for three years, along with Mr. Martin, superintendent, and Mr. Nix, principal. The three came to teach in the Crane schools in the year of 1940.

She taught four years in Nolan County, five years in Garza County, three years in Howard County, and six years in Crane County.

She attended WTSTC in Canyon, attended John Tarleton, Hardin Simmons in Abilene, Sul Ross and one summer in Oklahoma University. She has spent three summers in the Palo Duro Arts School in Canyon.

Eddie Crabtree, her son, graduated from Crane High in 1943. When discharged from the Navy, he started to work in Odessa for the Texas Electric Co. Mrs. Crabtree is going to Odessa to be with her son.

Pep Squad Organized By Miss Jackie Lewis

This year's pep squad, sponsored by Miss Jackie Lewis, consists of 49 members and five leaders. The leaders were chosen from each class in high school, and they are: Dorothy Craig, Joan Earl, Lou Smith, Louise Pettit, and Patsy Dulin.

Miss Lewis announces that the pep squad will meet regularly every Wednesday and the leader will meet every Tuesday and Thursday.

The pep squad is right in there behind our team at every game, so come on, the rest of you Cranes, and let's help them out.

Seniors Make Plans For the Social Season

Big plans are being made by the senior class this year. For their first program they are sponsoring a series of six Southern School Assemblies, the first of which is "Men Undersea" to be presented Oct. 10.

Sadie Hawkins Day is set for Oct. 11 and will be climaxed by the annual Sadie Hawkins Dance Oct. 12 at the Community Hall. The members of the senior class voted not to appear in costumes on Friday but to dress as any comic strip character for the dance. Sadies can catch their dates Friday afternoon. Prizes will be awarded for the cleverest and best looking costumes. These festivities will be limited to the high school only.

The seniors will also give a Christmas formal just before the school closes for the holidays.

PE Uniforms Received

Uniforms for the girls' physical education classes were received last week by Miss Jackie Lewis. The uniforms are blue cotton twill, two-piece, and cost \$2.40 per pair.

Miss Lewis said, "We are really in style now. We are going to wear the suits with white tennis shoes and white socks."

The Most Spectacular Show In Centuries

Promptly at nine o'clock Wednesday night, Oct. 9, 1946, the curtain was rung up on the most spectacular show of the century. The Earth people, in special reserved seats, were treated to the rare spectacle of seeing myriads of falling meteors. The planet Earth had plowed through the tail of the Giacobini-Zinner Comet and the showering meteors were plainly visible.

For at least an hour before the display, from low-lying thunderheads in the north, lightning flashed vividly as the lights on the marquee of a great theatre.

To the south, a storm was gathering, blue-black clouds were rapidly piling up. Under the baton of Thor, God of Thunder, the drums of the orchestra began a low rumbling fanfare, the footlights flickered intermittently, and the show was on.

It began with a faint shower of small stars as if some giant hand was carelessly tossing hundreds of glittering sapphires earthward. After the storm cloud passed over, blew itself out, the second act was on.

A brilliant display of fireworks, in which miniature comets streaked across the heavens in a blaze of glory, the fiery path lingering momentarily after the meteor had vanished in a burst of flame. Lesser meteors burst overhead as if shot from some huge Roman candle. For two hours this show went on and then began to fade.

The meteors appeared in a flash of orange fire and the path of travel blazed red, purple, blue, ending in vivid green just before they vanished.

As low-flying clouds piled up overhead, hundreds of tiny stars darted across the openings like flashing, darting minnows in a mountain stream. Then as the clouds rolled over the sky and the drums rolled the Finale, the show was over, the first of its kind in a century and probably the last for another century or more.

Weatherby, Newman To Reign as Daisy M. And Lil' Ab. During '47

This year the seniors decorated the Community Hall for the annual Sadie Hawkins Dance with crepe paper streamers, balloons and funny papers. Multicolored streamers and balloons hung from the ceiling while sections of the comic strips appeared in picture gallery style. On the stage life sized figures of Daisy Mae and Lil' Abner on dark backgrounds added to the motif. "Git Yo' Man" was written in letters and placed between the figures.

Girls with dates had to pay according to the number of inches around their dates' muscle, a penny being charged for each inch. All stags paid a quarter for admission.

The activities consisted of social dancing and a few Paul Jones' and some contests in which all were privileged to take part.

After the Grand March, led by Don Pope and his date, Ladean McCasland, the prizes for the best costumes were given to Louise Newman, dressed as Daisy Mae, and Raymond Weatherby, as Lil' Abner. These prizes were a big hair ribbon and pocket book for Louise and a corn-cob pipe for Raymond.

Dorothy Nolan, June White and Mary Allen tied in the contest of the longest foot, so they drew straws and Dorothy won the miniature boot. Mildred Boren was awarded another boot for having the shortest foot.

A package of Ipana tooth paste was the prize given to Herman Hooper for the broadest grin. David Bonner had just as big a smile but Herman drew the shortest straw.

The girls treated their dates to a cold drink which was sold. The party came to an end around 11:30 and was sponsored by Mrs. Elmore and Mr. Martin.

Four Buses Taken To Stockton-Crane Game

Four buses were taken to the Fort Stockton-Crane football game Friday night, Oct. 11, to provide transportation for the football team, band, pep squad, and the junior football team.

The large Sandhills bus was chartered to take the pep squad, Ford bus took the band, the International bus carried the football boys, and the little Sandhills bus took the junior football team.

The buses left the gym at 5:00 p. m. Friday afternoon, all except the junior football team, and left immediately after noon. There were approximately 164 passengers on the four buses.

H. E. Girls Unfair To Starving Students

We (the outside world) wish to say that we think the home economics girls are unfair to hungry students. All day long the most delicious smells come from under those carefully locked doors. And the smell is all we get!

Come on, girls—couldn't you cook enough for the whole school or keep the smell inside. If you don't, you are likely to find the place being mobbed some day.

Gn. Science Studies Air And Its Compositions

Mrs. Hughes' general science class has been studying "Air" for the past six weeks. Although they have made many experiments, and searched deep into its interior, there still is a lot to accomplish and probably could not be covered the whole term, but Mrs. Hughes has dished out enough to keep them busy.

It seems that one experiment blew up, and had to be performed over. It was an experimental fire extinguisher.

They have studied the compositions of air, all of its uses, and its relations to sound.

Air's relation was the most interesting because there was some uncanny facts revealed; not serious facts, but curious.

THE CRANE'S CREED

THE CRANE PROMISES:

To be strong that nothing can disturb his peace of mind.
 To talk health, happiness and prosperity to every person he meets; to make all his friends feel that there is something in them; to look at the sunny side of everything and make his optimism come true.
 To think only of the best; to work only for the best, and to expect only the best.
 To be as enthusiastic about the success of others as his own; to forget the mistakes of the past and press on to the greater achievements of the future.
 To give so much time to the improvement of himself that he has no time to criticize others; and to be too large for worry, too noble for anger, too strong for fear, and too happy to permit troubles.
YOU ARE A CRANE!

Hallowe'en Can Be Fatal To Its Victims

For as long as fifty years people all over the world have been celebrating Hallowe'en. Although you would never believe it, Hallowe'en started as a good-will amendment, but ended up as a time for play and meanness.

Hallowe'en can be a pleasure, and again it can be made a nuisance. There are some people who try to do all the dirty things that can be done, and this is what makes Hallowe'en a nuisance.

When the night for Hallowe'en rolls around, let's all have some idea of what we are going to do. We won't just go out and have in mind to do all of the destruction and damage that we can. We will make it a night of good clean fun.

There have been more deaths by fires, automobile accidents, and tom-foolery on Hallowe'en night than on any other overnight holiday.

To prove to you that what you might think would be a harmless prank, was death to a seventeen-year-old girl, I will relate a story.

Mary Jane Wiscott, she might be your sister or your best girl friend, her fate was caused by boys and girls who thought that a scare would live up Hallowe'en a bit. Mary Jane was not a very popular girl and was the victim of a gang of very mean kids. Mary was a senior in high school and at the very prime of life. She probably had more talent for acting than many movie stars.

For almost a week she had been in bed. The doctor told her mother and explained to her teachers that she had a very weak heart, and sudden fear, excitement or anything of that sort would cause certain death. All of the kids, though, figured that the doctor must be mistaken, 'cause of course they knew more about it than the old doctor; so on midnight Hallowe'en they decided that they would have some fun and give some unfortunate person a scare. Mary was just about the only person, or at least the only kid, home that night; so they planned to surprise her.

Mary Jane was reading in bed when the lights went out. The kids put a very ugly and unnatural-looking luminous face at the window, and let out a blood-curdling scream. Mary Jane gasped for breath, screamed for her mother and fell over into a horrible sleep—DEATH! Oh, yes, of course the kids were sorry; they grieved her death, but did this bring Mary Jane back? No, it did not.

Because kids thought they knew more than a doctor; because they wanted excitement; because Mary Jane was disliked—because, because, because! Yes, just because.

Remember the fate of Mary Jane Wiscott, when you start to play "just a harmless little trick."

Attitude of Public Important At Football Games

Good sportsmanship, fair play, and respect for the rights of the opposition characterize the manner of eleven of Crane High's young athletes as they battle for their school on the gridiron. But what of the manner of the student body and the public who are watching from the side-lines?

The attitude of the public is as important as that of the team. When a student body is unruly at a game, it is witnessed by many people, and often casts a shadow over the reputation of the school. All of us should remember that we represent a large part of our school, and whatever we do reflects on the entire student body whether it is good or bad.

This does not apply only to high school students, but it also means the general public. We very seldom think of an adult acting unbecomingly in a public place, but there are a few who forget their manners. They do not realize that what they do reflects on the entire community in which they live and also on their children. The unruly manners of a parent can mean the ruin of his child's reputation in school.

Neither student, teacher nor parent wants to be the cause of a broken friendship or a ruined reputation, because he or she did not respect the rights of others at the football game.

Lost: Library Books; Found: In Students' Lockers

Well, what is the "Little Lady" of Crane High School looking around in the lockers for? Could it be that she is looking for overdue library books? Isn't it odd that someone has to go to all the lockers looking for different books before a certain person can check the book out that he wants? Of course, it is almost impossible for some people to remember to turn in books before the set time, and others just don't want to remember. Sometimes it is rather embarrassing for the "Little Lady" to go to different lockers, especially when she gets knocked down when she opens the door and out falls waste paper and books, right on top of her. Oh, well, so goes life. But please, kids, TRY to remember "NOT TO FORGET" to turn the library books in before they are overdue.

The Cranes Extend Welcome to Eighth Grade

Dear Eighth Grade:
 Being a newcomer to high school, "The Crane" and the entire student body would like to extend you a hearty welcome. We are happy to include you in all our high school activities, but we would like to also give you a little friendly advice.

Our high school teachers are no different from the grade school teachers, and they are happy to have you in their classes; but the best way to get along with them is to get your lessons and work hard.

Naturally you will all want to start into high school with good grades. The best advice we can offer to this is to work and work hard.

You will find that friends are the most important thing in high school; so make a lot of them by being courteous and polite.

Again we say, "Welcome, eighth grade, and lots of good luck."
 Yours truly,
"THE CRANE."

BOOK NOOK

SONG OF YEARS
 By Bess Streeter Aldrich
 HELEN HICKEY

Red Cedar Valley in eastern Iowa is the setting for this story of the lives of the settlers of two little towns, now large cities.

When Wayne Lockwood, 19, young, and so very sure of himself and his future life, meets Jeremiah and Sarah Martin and their seven girls, his plans are changed. From Sabina to Suzanne these girls, each with her own kind of beauty and character traits (which are described so vividly in the book) make him welcome to his new home and keep him happy with their hospitality and gay spirits.

The story of the lives of these people bring in the North's version of the Civil War in a very convincing manner. It shows the hardships and trials, and also the gay side of the lives of Jeremiah Martin, who thought he was personally responsible for the whole community and his neighbors.

Ten years, from 1855 to 1865, fly by in the pages of the book which blends history and romance into a human picture.

The following paragraph from "Song of Years" gives an idea of what to expect, so I quote:

"This is the love story of Suzanne who lives here by the side of the curving graveled path. And because the years of her youth were the years of the settling of the Cedar Valley, the telling must include, perforce, the story of these others who lie beside her at the end of the trail."

AUNT SOPHIE SEZ:

Dear Auntie:
 Schools, teachers, and everything in general get in my hair. What on earth am I going to do?
 Anxious.

Dear Anxious:
 Shave your head.
 Aunt Sophie.

My dear Sophie:
 How can I keep David Bonner and Ed High from running after me?
 Chased.

Dear Chased:
 Change your own direction.
 Sophie.

Dear Aunt Sophie:
 I just can't seem to keep my mind on school. It keeps roaming to distant places, even as far as El Paso. How can I prevent this?
 Distracted.

Dear Distracted:
 Have Bob Evans move back to Crane.
 Sophie.

I Can Dream, Can't I?

Zoe Reynolds
 Have you ever thought about the ideal boy and girl? I know everyone has; piece by piece, I have made this dream come true.

Ideal Boy:
 Eyes—Pat MacLaurin
 Lips—Don Pope
 Nose—Merwyn McCully
 Complexion—Roger Cloud
 Physique—"Toots" Mathis
 Athletic ability—Chester Pettit.

Personality—Don Kilgore
Hair—"Jinx" Harrington
Appearance—Corky Harris
Manners—David Bonner

Ideal Girl:
 Eyes—Wanda Lou Smith
 Lips—Helen Hickey
 Nose—Beverly Bruce
 Complexion—Martha Ellen Murray.
 Figure—Billie Lovelace
 Athletic ability—Doris Collins
 Personality—Ladean McCasland.

Hair—Carolyn Boren
Appearance—Wilma Earp
Manners—Donna Miller
Grades—Helen White
Voice—Zoe Reynolds
Hands—Gladys Barnard

HAPPY BIRTHDAY

We wish to extend a happy birthday to the following students:

- Mickey Miller—Oct. 23
- June Cdownover—Oct. 24
- Kathryn Cantrell—Oct. 25
- Ella Mae Sherron—Oct. 27
- Mildred Boren—Oct. 29
- Billy Ray Newton—Oct. 30
- Gene Miller—Oct. 30
- Jimmy Don Faulkner—Oct. 30
- J. L. Pettit—Oct. 31
- Bruce Patterson—Nov. 1
- Dorothy Nolan—Nov. 2
- Howard Christian—Nov. 3
- Barbara Dale Barber—Nov. 4
- Sammie White—Nov. 5

Saturan and Sunnan Daeg, Crane Hi's Favorites; Saturday-Sunday, That Is: No School These Days

To find out how the days of the week got their names, why the months are so called, and the origin of spring, summer, autumn, and winter, you will have to go back into mythology, the religion of early peoples who believed that the sun was a god, and the moon a goddess. And what a mixture of myths you will find!

There is the Hebrew myth that God created the world in six days and on the seventh rested. That has determined the length of our week.

THE DAYS: There is the Teutonic myth that Monday was sacred to the moon goddess—the Moon's Day. But Saturday gets its name from the Roman Saturn.

The Romans named the seven days for the stars and planets, each of which represented a god or goddess. These were the Sun, the Moon, Mars, Mercury, Jupiter, Venus, Saturn.

When these Latin names spread westward and north to the Teutonic countries and to Britain, either they were translated or corresponding Teutonic gods were substituted. Thus we still have:

1. Sun's Day—Sunday. In Anglo-Saxon, sunnan daeg.
2. Moon's Day—Monday. AS. Mona daeg.
3. Mars, the Roman war-god, changed to the Norse god of war, Tiw-Tuesday. The Anglo-Saxon form was Tiwes daeg. French, A Romance or Roman language, keeps Mardi or Mars' day for Tuesday.
4. Mercury, merely the messenger of the Roman gods, was ousted from his day to make room for Odin or Woden, Norse Father of the Gods. From him comes our Wednesday—in early English, Wednesday—that word that is so unreasonable to spell unless you know WHY the D is there. The French still follow the Romans—Mercredi.
5. The murderer took the place of Jupiter (French, Jeudi) and Thursday grew out of Thor's Day.
6. Woden's wife, Frigga, goddess of marriage, took over Venus' day. It became Frigga's Day or Friday.
7. Saturday—Saturn's Day—kept the Roman form.

THE CRANE FILES SONG OF THE WEEK

1 YEAR AGO:
 CHS classes vary from Band's 43 students to solid geometry's four.

6 YEARS AGO:
 Tyrus Dahn and Ray Todd of the Crane Quill and Scroll Club won honors in the international contest.

1 YEARS AGO:
 Crane Band went to Monahans to a mass band and choral clinic.

8 YEARS AGO:
 Mr. and Mrs. Brendy attended The Texas Vocational Program.

9 YEARS AGO:
 Two members of the school Board will finish their term on April 30, 1938, and the new members will start on May 1, 1938.

13 YEARS AGO:
 The new home of the Crane High School football team is rapidly being built.

The PTA met for the second time this term in the high school auditorium last Thursday.

MY SUGAR IS SO REFINED

By Donna Miller
 My sugar is so refined; she's one of them high class kind; She don't wear a hat, she wears a chapeau. She goes to a cinema but never a show. My sugar is so refined. She's got a real high class mind. She never buys a dress—it's always a frock. She always winds her time-piece, but never her clock; She says to-mah-to, instead of tomato; She says po-tah-to, instead of potato—and you should see how she holds a cup of tea, with two fingers, while she sticks out three. My sugar is so refined—she's one them high class kind. She never shares a kiss, she lets your lips unite, But, ho, I feels like Kissin' and each is dynamite. I wonder what she thinks of each time I hold her tight. OH! she's so refined.

Mr. Martin was in Pecos Monday on business.

THUMBNAIL INTERVIEWS

What would you do if you inherited a million dollars?

This is the question that we put to a number of students, and we received some very common answers. By this we mean that we received answers that most anyone would give.

Here are a few:

Helen White—Leave Crane fast! (who wouldn't).

Helen Hickey—Buy me some shoes.

Dorothy Craig—Inherit a million dollars! You dope, I'd pay my bills.

Wilma Earp—Buy a convertible, lots of clothes, and travel.

Don Kilgore—Do like I been doing, I imagine.

Jimmy Green—Travel it all up.

Billie Lovelace—What wouldn't I do?????

Donna Miller—Use it for some good cause.

David Bonner—Shack up in some big home in Lubbock with a convertible, and have a lot of fun.

Pat MacLaurin—Buy a convertible and shack up in Florida.

Mrs. Elmore—Travel around the world.

Chester Pettit—Spend it.

Melba Howell—Blow in all of it in one day probably.

Ladine McCasland—Not much telling what I might do.

Don Pope—I don't know

"Toots" Mathis—Have fun.

Merwyn McCully—Buy a big bunch of cars.

Speck Pearce—Go to New York.

Howard Christian—Spend it all in Crane.

Raymond Weatherby—Build Crane a school building.

Dwain Stacy—Are you kidding?????

Mrs. Barber—As I said before, that's beyond my wildest imagination.

Freddie Barrett—I'd want to know first from whom I inherited it.

Bill Teague—Go to New York and enjoy a long vacation.

Bill Kelton—Lay around for a while.

John Clak—Who? Me? Why?

Zoe Reynolds—Eat!

James Kilgore—Buy me a big ranch.

Fay Ellen Jourden—I don't know.

Joan Doolin—Oh! My goodness.

Miss Nelson—I'd go wild with joy and quit teaching school.

Miss Fetterly—Probably drop dead.

Mr. Patterson—Nothing!!!

AD-LIBS FROM THE LIBRARY

Mrs. Elmore has joined the Junior Literary Guild and she will get one or more fine books each month from the Guild. These books are really for adults, so they will be more entertaining to juniors and seniors than to the other grades. Books will be paid for with the money brought in from fines.

Last week, books of fiction and books on the careers for girls were displayed on the bulletin board.

New mystery books will be displayed for the Hallowe'en season and they will be available for reading.

National Book Week begins on Nov. 10 and ends Nov. 16.

The plants and flowers Mrs. Elmore put in the library adds a nice touch.

"Battle Below," by Robert J. Casey, is one of the most interesting non-fiction books that I have ever read. It tells the story of the submarines' part in the war with understanding and humor.

Jean Garrett.

Paving of the roads connecting the Sandhills Gulf Camp, and the highway and the Shell Camp and the highway was started about three weeks ago. Transportation will be speeded up considerably because of this improvement.

The Spanish II class is now taking "La Prensa," a daily newspaper published in San Antonio, and written in Spanish. They are breathlessly following the adventures of El Hombre Mono, (Tarzan to you).

Hear ye! Hey, girls, new boy in town. Hum-m, good looking, too. (The cousin of a certain journalism student is getting the rush).

Helen White finally dispersed all of the Grandfalls wolves, except Chester Fine.

The new girls seems to be all going steady—nothing slow about "Toots" and Don.

If you boys were smart, you would look Kathryn Harrington's way.

We hear that "Tor" has a girl in the Sandhills. How 'bout that, "Tor"?

Every night it seems that Chester takes Don Gene for a jeep ride. HUUUUUUUUUUUU!

Joan and Lester can't seem to hear anything but wedding bells.

What will it be, Duff, blonde or brunette?

Well, he may be s-l-o-w, but sure, u-u-uh, Helen?

Charles Lovelace is back, but you girls let him rest up before rushing him. OK?

The effect of "Sadie Hawkins" day seems to have uncovered some new romances.

"Sis" can't seem to make up her mind whether it will be a football hero or Navy veteran. Better watch out, "Woman," or it will be just dull nights at home. UH, BOYS?

Leonard seems to go for little girls—and big cars, especially Buicks????

Dorothy Craig sure took a liking to that black Ford, or is it to who is driving it? Better watch your step, "Sis"—she doesn't like interference.

Bob Mathis seems to have had a change of taste, uh—Billie?

POET'S CORNER

FORGOTTEN
 By Zoe Reynolds
 The sky looked dull that day,
 Maybe it was because—
 You were going away.

All flowers, that once seemed so gay,
 Were fading and wilting
 With what you had to say.

I'll never forget the look in your eyes,
 When you said, "Darling, you
 Know how I hate goodbys."

Now you have returned—
 From the war,
 Returned to me and old memories,
 Returned home for good, after being so far.

And I, who waited with heart so true,
 Have nothing left but tender thoughts,
 Of love and of you.

Oh, yes, my dear, in your arms you may hold
 Another woman so vain and mean,
 But your heart will not be true as told.

She may be the woman you can't resist,
 But remember, my darling, I'll
 Always be the woman you can't forget.

Mrs. Crane Now Teaches Temporarily

Mrs. George Crane, the wife of the Crane head football coach, is temporarily replacing Mrs. Crabtree, who left to live and to teach in Odessa. Mrs. Crane is now teaching the second grade here.

The Crane, in behalf of the faculty and student body, extends heartfelt sympathy to Miss Elsie Knight for the recent death of her father.

LOST: LADY ELGIN WATCH.
 This watch was lost Monday by Mrs. Parish. Please notify if you find. Probable reward.

Stockton Panthers Claw Golden Cranes 31-13 Friday Night

The Golden Eagles were defeated by the Ft. Stockton Panthers by a score of 31-13 Friday before last in Ft. Stockton.

Stockton won the toss and received on the 11 yd. line. They drove to the Crane 46 yard line and kicked.

Crane, having bad luck in the first few minutes of the game, fumbled on the 12 yd. line and Stockton recovered. Crane, holding the Panthers for four downs, took the ball and punted out.

Barton started the drive for Stockton and with a 20 yd. run off-tackle, scored the first score of the game for Stockton. Point was missed.

Stockton kicked to Crane and it was returned to the Crane 43. Trying a pass which was incomplete, Henderson went through the line for a startling 57 yard run for a touchdown. Bonner kicked extra point, making the score 7-6 in Crane's favor in the last of the first quarter.

Reeves of Stockton scored early in the second quarter on a four yard run around end.

Crane received kick-off on the 32 and were driven back to their own 19. Henderson kicked to the 50 yd. line and Stockton again started their goalward plunge, Barton making the score for Stockton by a four yard plunge.

Stockton kicked to Crane, who fumbled. Stockton covered it, and Barton ran 36 yds. on the first down. R. Reeves, with excellent blocking, carried the pigskin to pay dirt. This made the score at the half 24-7.

The second half also started off bad for Crane with a fumble and Stockton recovering. Stockton failed to gain on two plays and Barton ran 44 yds. for another touchdown for the Panthers. The point failed.

The Cranes started an offensive drive toward the Panther's goal, with a series of passes, Mathis to Bonner, for 34 yds. Mathis carried the ball in three consecutive downs and went over on 16 yds. for Crane's second touchdown. The point failed.

From this point the game was well played and was more evenly matched.

Barton and Reeves were sparking the Panthers, with Mathis and Pettit sparking the Cranes.

CRANE

Eight Seniors to Play Last Year of Football

There are eight seniors playing their last season for the Golden Crane football team this season. There are four seniors on the A team and four seniors on the B team.

The senior boys are as follows:

1. David Bonner, weighing 180 pounds, two-year letterman, plays end.
2. Chester Pettit, weighing 140 pounds, two-year letterman, plays halfback.
3. Don Pope, weighing 140 pounds, one-year letterman, plays quarterback.
4. Don Kilgore, weighing 150 pounds, one-year letterman, plays tackle.
5. Baker Davis, weighing 150 pounds, plays guard.
6. Amel Omo, weighing 135 pounds, plays halfback.
7. Wallace Coker, weighing 170 pounds, plays tackle.
8. Jimmie Glenn, weighing 145 pounds, plays guard.

There are two more boys who will not be able to play next year because of the age limit. They are Bobby Allen and Golden Hester. Golden has lettered one year but this is Bobby's first year.

Cranes To Play Cowboys Friday, 25

The Golden Cranes play their third conference game this week with the Grandfalls Cowboys.

Grandfalls has lost all of its games thus far, and let's hope we can keep it that way with a victory over them.

The game will be played at Grandfalls, Friday, Oct. 25.

Duff Starts Season With 29 Gridders

Mr. Duff started his season with 29 prospective players. He seems to have an abundance of backs and ends, while in the other departments he does not have so many men. The juniors have played two games this year. They lost to the McCamey juniors, and tied the Fort Stockton juniors in a 0-0 game last Friday evening, Oct. 11. The manager for the junior team is Buster Pendleton. We wish them a lot of luck in their next game.

Below is the junior roster:

Name	Wt.	Pos.
Louie Brents	120	C
Clark Presely	140	B
James Ward	150	B
Bill Teague	130	B
Bobby Smith	140	B
Richard Lightfoot	130	B
Don Booth	104	B
Kenneth Lightfoot	100	B
Norris Crownover	112	B
John Clark	140	B
Henry Fields	95	B
Ernis Higdon	115	B
Ray Knox	105	T
Rodger Cloud	134	T
Eddie Tallman	137	T
Lee Ray Best	80	T
Bill Wood	79	T
Jimmy Stacy	95	G
Ray Omo	97	G
Clovis Lewis	98	G
Harral Hunter	93	G
Doug Boyd	85	E
Myron Holcomb	130	E
Sammy White	127	E
Bill Clark	92	E
John Hickey	120	E
Art Booth	100	E
Hughnea Green	94	C
Henry Cook	104	C

Crane B's Put Sting on Badger B Team, 6-0

The Crane B team defeated the McCamey B team 6-0 last Saturday morning at 10 o'clock. This was the first game for Crane B. The Crane team earned the victory. They made long gains through the McCamey line with Omo and Stacy doing most of the ball carrying.

The touchdown was made on a long pass by McCulley to Zaratofetis in the end zone.

The starting lineup for Crane B team was:

R. E.—J. Zaratofetis	R. E.
R. T.—J. Weatherby	R. T.
R. G.—B. Schoonover	R. G.
C.—F. Wallar	C.
L. G.—C. M. Coker	L. G.
L. T.—A. Whaley	L. T.
L. E.—W. Coker	L. E.
Backs—McCully, Stacey, Omo, Reynolds.	Backs

Cranes Bow To Marfa 14-27 On El Ave Field Friday Night, Oct. 18

In a game featuring long, exciting runs, and a few penalties, the Marfa Shorthorns downed the Golden Cranes here on El Ave Field Friday night.

Scoreless at the half, Henderson of Crane started the ball rolling early in the third quarter with a 23-yd. run for a touchdown. Bonner kicked the goal, making Crane 7, Marfa 0.

Shortly thereafter Toombs of Marfa got loose for 57 yards and a touchdown. They kicked goal, thus tying the score.

The quarter wasn't much older when Mathis of Crane passed to Pettit for 27 yards and a touchdown. Bonner again converted, making the score, Crane 14, Marfa 7.

Toombs, Marfa's shifty back, got loose for 65 yards, placing the Shorthorns in a position to score, which they did a few plays later on a pass. The goal was good and the score was now 14-14.

From there on it was Marfa's ball game when Toombs ran 35 yards for a touchdown only to have it called back on a clipping penalty. Nothing daunted, Marfa came right back and ran another 35 yards. The extra point was good. Then late in the game, Marfa scored again on a pass, making the score, Marfa 27 and Crane 14.

The kick for point was blocked and Red Simon, Crane's burly center, to be on the safe side, scooped the ball up and ran it over Marfa's goal line. Even if it was called back, all agreed that it was a spectacular run.

Crane:	Marfa:
Allen, B.	Rodriguez, R.
Kilgore, D.	RE Vasquez, A.
Harrington, E.	RT Magallenz, H.
Simon, P.	RG Devolin, O.
Hester, G.	C Pena, A.
Rust, E.	LG Holzheimer, R.
Bonner, D.	LT Franco, A.
Pettit, C.	LE Franco
Mathis, C.	Back Toombs, J.
Henderson	Back Segura
Pope, D.	Back Serano, S.
	Back

The annuals of the '45-'46 school term arrived Wednesday afternoon and were given out on Thursday afternoon.

Football Boys See Themselves In Action

The football boys saw a movie Thursday, Oct. 17, at the band hall. The movie was shown by Mr. Jim Nevins, the Crane band director. The movie was taken one evening while the boys were scrimmaging.

Mr. Nevins showed the film several times, because it was hard to follow the players, it was turning so fast. He also showed the boys a picture show of a pee-wee game taken several years ago while the pee-wee's were playing Grandfalls. The boys enjoyed seeing it very much.

SPORT SHOTS

By Don Pope
Some of the boys seem to be making the quarter-mile run in 55 seconds now. Keep up the good work for good shape.

The boys are all in tip-top shape and have good spirits. They are out to down the Grandfalls Cowboys.

We wish to congratulate the boys on the swell game with Ft. Stockton, even if we did lose.

The boys can still win district with a little luck, so let's keep giving them backing.

Better watch the Iraan Braves, I guess you know they tied McCamey, 7-7.

Football Team Receive New Shoes, Helmets

The football team received new equipment Monday evening. It consisted of shoes, helmets, rib pads, shoulder pads, and some blocking pads which Mr. Chrane is going to send back.

There were eight pairs of shoes, twenty helmets, and six pair of rib pads.

The boys were very glad to receive this equipment, because the old equipment was wearing out very fast.

This is the second stock of new equipment received this year. They received some more shoes earlier in the season, but the juniors got them, because they were all small sizes.

We are hoping for some more new shoes, so every member of the team can have a pair of shoes to play in this season.

CHS Gridiron Greats

By Chester Pettit
If anyone sees a tall, good looking young fellow, with a football jacket on with two stripes, you may be sure it could only be one person. This boy is David Bonner.

David was born in Crane, Texas, and has gone to school all his life here.

He has lettered two years in football. The first year he lettered at tackle. The second year he lettered at end. He plays end this year also.

David weighs 180 pounds and stands six feet and one inch in his stocking feet.

David is one of the captains of the team.

Football Boys Enjoy Trip to Ft. Stockton

The football boys got into Crane about 2 o'clock Saturday morning after a hard-fought game. The boys were fed a good meal cafeteria style in Fort Stockton, and went to a dance at the band hall. Before they started home, the bus broke down and they had to stay a while longer. Some of the boys were still hungry. A small individual apple stand opened up. The owner and operator was Raymond Weatherby. The apples were selling over ceiling price, and the owner was reported by David Bonner. His case will appear before the next court in Crane County.

While the boys were waiting at the Rock Station, they found people to be very friendly. Bobby Allen found one who was not the unfriendly one said that if we couldn't beat Stockton, who beat Iraan, he would bet his hat against a roll of tape that Iraan would beat Crane. Perhaps this pessimistic statement was due to the stranger's ignorance of Crane's potentialities.

Pep Squad Elects Officers, Chaperons

The pep squad had a meeting last Monday after school to elect officers, alternate cheer leaders, and to decide on chaperons for the pep squad dance. Officers elected were:

President—Ladean McCasland.
Vice-President—Jean Garrett
Secretary and Treasurer—Jeanelle Glenn.

Chairman of Social Committee—Coylene Pope.

Those on the social committee are: Jean Murray, Beverly Bruce, Billie Hardesty, and Sammie Lewis.

Alternate cheer leaders were elected from each class. They are: Billie Hardesty, Melba Powell, Coylene Pope, Mary Allen, and Cynthia Zaratofetis.

Chaperons chosen for the dance were: Mmes. Murray, Pettit, Bruce, Allen, Gray, Lewis and Boren.

Miss Lewis read a set of rules which she had made for the pep squad members to follow and it was decided that any member who disobeyed them purposely would automatically be kicked out of the pep squad.

Christmas Packages For Overseas Troops Mailed By November

The following information taken from the Postal Bulletin of Aug. 13, 1946, may be helpful in answering inquiries concerned with Christmas mail for members of the armed forces overseas:

Time of mailing: Christmas parcels for Army personnel overseas must be mailed during the period beginning Oct. 15, 1946, and ending Nov. 15, 1946, the earlier the better. Parcels destined for delivery in China, India, the Middle East, and the islands in the Pacific should be mailed as early as possible during the period stated, preferably not later than Nov. 1, in view of the distances involved. During this period requests from the addressees are not required in connection with Christmas parcels mailed to Army personnel. Patrons should indorse each gift parcel, "Christmas Parcel." Special effort will be made to effect delivery of all Christmas parcels mailed during the periods stated above in time for Christmas.

CHRISTMAS CARDS

Christmas cards for Army personnel overseas may be mailed at any time but patrons must mail such cards prior to Nov. 15, 1946, if they are to have a reasonable expectation of delivery prior to Christmas. The War Department advises that greeting cards for soldiers overseas must be sent in sealed envelopes and prepaid at the first class rate.

PARCELS WITHOUT REQUEST

Since Navy, Marine Corps and Coast Guard personnel may receive parcels without a request at any time of the year, it is not the policy to encourage the mailing of parcels to such personnel during any particular period of time each year. It is suggested, however, that such parcels intended as Christmas gifts be mailed not later than Oct. 15 to afford some degree of probability of delivery prior to Christmas Day, dependent upon the destination, and that parcels for personnel known to be in an area which would permit mailing subsequent to Oct. 15 may be deposited for mailing at a date selected by the sender.

SIZE AND WEIGHT

Size and Weight: Christmas parcels for armed forces overseas shall not exceed 70 lbs. in weight or 100 inches in length and girth combined. The various services have pointed out that members of the armed forces are amply provided with food and clothing and the public is urged not to include such matter in the gift parcels. The public can ascertain what articles their relatives and friends overseas can secure locally by correspondents with such persons and should limit their gifts to articles not readily obtainable by the recipients. Not more than one Christmas parcel or package shall be accepted for mailing in any one week when sent by or on behalf of the same person or concern to or for the addressee.

PREPARATION

Preparation: Boxes for overseas transmission should be stronger than containers used for parcels which do not leave our shores. Because of the great distance these parcels must be transported and the handling and storage they must undergo, it is absolutely necessary that all articles for overseas be packed in boxes of metal, wood, solid fireboard, or strong double-faced corrugated fireboard, testing at least 200 lbs. Each box should be securely tied with strong cord, preferably by four separate pieces, two lengthwise and two crosswise, knotted at crossings. Sealing the flaps with gummed tape where they meet strengthens the box, but the use of such tape alone is not satisfactory, since the tape loosens if the boxes become wet or exposed to moist atmosphere.

Boxes should contain sufficient cushioning materials so that the contents will be tightly packed to prevent any rattling or loosening of the articles within the parcels. Unless completely packed and tightly filled, boxes are likely to be crushed. It is also desirable that all fireboard boxes be securely wrapped in heavy paper, if available, which materially strengthens the boxes. The boxes should be tied as above suggested, before and after

applying the heavy paper wrapper. Sealed boxes should bear the printed inscription authorizing opening for postal inspection.

CANDIES AND TOILET ARTICLES

When combination packages are made up, including miscellaneous toilet articles, hard candies, soaps, etc., the contents should be tightly packed, in order that the several articles may not be loosened in transit, damaging the contents or the covering of the parcels. Christmas boxes should be enclosed in substantial containers. Hard candies, nuts, caramels (including those covered with chocolate), cookies, fruit cake, and chocolate bars individually wrapped in waxed paper, should be enclosed in inner boxes of wood, metal, or cardboard. Soft candies, whether home-made or commercial, do not carry well. Sealed packages of candy, cigars, tobacco, and toilet articles in the simplest mercantile form may be placed in parcels without affecting the parcel-post classification of such packages. Sharp-pointed or sharp-edged instruments, such as razors, knives, etc., must have their points or edges protected so they cannot cut through their coverings and damage other mail or injure postal employees.

Valuable articles should be registered or insured.

Perishable Matter: Perishable matter will not be accepted, and the sending of fragile articles should be discouraged.

Prohibited Articles: Intoxicants, inflammable materials (including matches of all kinds and lighter fluids), and poisons, or compositions which may kill or injure another, or damage the mails, are unmailable.

ADDRESSES

Addresses must be legible, in typewriting or ink. It is preferable that the outside addresses be hand printed directly on the wrappers of the boxes rather than on labels pasted to the wrappers, since experience has shown that the labels frequently fall off when subjected to moisture. Copies of sales slips of retail stores should not be used as address labels. It is highly desirable that slips of paper containing the names and addresses of the sender and addressee and a list of the contents be enclosed in the parcels so that proper disposition of the parcels can be effected in the event the addresses on the outside become defaced in transportation, or the boxes become broken open and the contents scattered.

MONEY ORDERS

Use of Money Order: With regard to cash remittances, patrons should be informed that the exportation of currency to overseas APO's or between such APO's where the dollar is not the accepted medium of exchange is prohibited. Currency should, therefore, not be accepted for mailing at a domestic post office when addressed to overseas A. P. O.'s or when mailed at and addressed to overseas APO's, except those APO's which are branches of the post offices at New Orleans, La., and Seattle, Wash.

The foregoing prohibition applies to currency inclosed in letters or parcels sent as ordinary or registered mail.

Little Needle Scares Brave Crane HE-Men

There are some brave boys in our school; however, a number of them are afraid of a little needle and hypodermic syringe. A few of the boys had to leave the office while their classmates took shots.

The girls are much stronger and stay to give each other moral support. The children in the first three grades are the best to take their shots. They all say, "See, I didn't cry."

A number of students are taking cold serum—about ten students each day. Some of the students have also had vaccinations for smallpox and diphtheria. Every child should be immunized against smallpox and diphtheria. Mrs. Owens, school nurse, says, "This is also the season when so many throats are sore and have to be sprayed. This one thing alone keeps the nurse busy each morning and afternoon."

Nix Attends Meeting Of Hi School Principals In Austin October 14-15

Mr. Nix attended the meeting of the Texas Association of Secondary School Principals in Austin on Oct. 14-15. This was a full two-day meeting of interesting discussion of the problems facing the high schools of Texas. There was a frank discussion by many of the approximately 150 principals of their respective schools. Among the many things discussed were: Pupil Morals in the High School of Today; Student Councils and Student Assemblies and Their Place in Our High School; Teacher - Pupil Relationships; Teacher Training; Texas Study of Education; Teacher Shortage; Graduation Requirements; Activity Periods; Clubs; Home Rooms; Summer Schools; and The Curriculum.

Mr. Nix said that he was very glad to have had the opportunity to attend this interesting and instructive program. He found that schools all over the state have much the same problems, and that students everywhere are very much alike. This program has helped him to see where our school is measuring up to standards and where it is falling down, and to see the remedies needed.

Talented Cartoonist Attends Crane High

Most of the students of Crane High don't know that we have a talented cartoonist attending our school. But we do. Her name is Billie Lovelace.

Billie has been able to draw ever since she was a small girl. She is taking a correspondence art course and intends to go to college and major in art.

Billie was elected as cartoonist of the journalism class and she has added very much in the reading interest of our paper. She has been called upon many times to do odd jobs concerning drawing, in and out of school. We are sure that our readers will be pleased with her work. Be sure and watch The Crane for her cartoons.

Martin Goes To Dallas On Business

Mr. Martin, our superintendent, went to Dallas the weekend of Oct. 5, and stayed one and one-half days.

His purpose for going was to see about the construction of a colored school and try to find a teacher for the second grade. He made out an application for the colored school and was assured by the Civilian Production Authority that he would be given a permit to build one here, but it hasn't come through yet. His search for a second grade teacher, ended in failure.

Mr. Martin stated that he saw the Tech-SMU football game and rooted for his old alma mater, Tech, who came out the victor.

Rep. R. E. Thomason Pays Crane Friendly Post-Election Visit

U. S. Rep. R. E. Thomason, taking advantage of the adjournment of Congress, paid Crane a friendly visit on Tuesday night, Oct. 1.

Speaking informally to a large crowd in the Court house, Mr. Thomason shed considerable light on the turbulent international situation, and answered many questions pertaining to veterans' housing, OPA, etc.

Mr. Thomason drew his first applause when he bluntly advocated that the U. S. keep the atom bomb formula a secret.

Calhoun Lovelace, just back from the Marines, had his tonsils removed at the Robinson Hospital on Oct. 1. He recovered quickly and went home the next day.

Mr. M. C. Brice has been confined to his home since last Thursday with an attack of what is apparently rheumatism. Mr. Bill Chaffin is taking his place until Mr. Brice is able to return.

The moving picture which Mr. Nevins has been taking of the band and the football boys will be shown to various individuals this week.

Elementary News

THE FOURTH GRADE

Louella Avent Reporter
We are working hard in school. Our music test was rather hard but we are going to work harder and make better grades.

Catherine Jacobs has been absent for two days. We have all missed her and hope she isn't ill. Our room mothers have met and we have decided to sell cake, pie and coffee at the carnival. So everyone come and buy from us. They have also planned a Halloween party for us.

We have been studying about wheat and oats in geography—how they are planted and harvested. We have planted some. We will soon be ready for harvest.

Miss Kent and Miss Pickens visited in Lubbock last week end. We decided that we better keep our dogs at home or something bad might happen to them.

Our room is looking spooky with black cats, jack-o-lanterns, witches and ghosts around everywhere.

We have all joined the Ivory Inspection Patrol. If we are clean we get to paste up an ivory bar—if not, a yellow or red dot. If we are perfect for a month, we will get a pretty health certificate.

FIVE-ONE PARTY

Mrs. Cloud's fifth grade held a party Thursday evening at the school in honor of all the students in the room whose birthdays are in October.

They went to the Sweet Shop and had ice cream for refreshments. They plan to do this every month.

FIVE-TWO

We have two new pupils, Roger Munden from Levelland, Texas, and Edward Harris from Handley, Texas. Welcome to our Crane school.

We are studying about true courtesy and our Good Citizenship Club.

Real courtesy is being polite and considerate of others every day.

At the first meeting we talked about courtesy in the school room and in the auditorium, and we found that being regular in attendance, being on time, neat in our dress and with our desk, our books and the papers we hand in to the teacher, are the best ways to show courtesy in the classroom.

After we have learned a lesson, it is not fair to bother other pupils who still want to study. It is unkind and rude and it shows ignorance to laugh at the mistakes of other pupils because we all make mistakes and none of us likes to be laughed at. It is rude to interrupt another pupil when he is reciting.

The boy or girl who wins or fails must remember to be courteous. One should not boast when he makes good grades, wins a contest or when he loses. Be a "good sport."

We are judged by our manners in assembly. In order to be a credit to our homes and school in these gatherings, we need to observe these rules: obey signals promptly, do not whisper or giggle, do not turn your head to look behind you. Do not leave until the assembly is dismissed. Listen attentively to all that is said from the platform or to any program that is being given.

SIX-ONE

Our room has a football team. Curtis Chipman, Rex Knox, Don Booth, Hugh Green, Billy Wood, Bruce Wells, Don Hines, J. P. Earl, Bobby Robinson, Kenneth Terrell and Rex Wood are on the team.

We played the seventh grade boys, who beat us 6-0. If it is all right with Mrs. Keys we will play them every Monday. We will use the shoulder pads and helmets of the junior boys.

GRADE SIX-TWO

We are all happy that school has started again and summer is over.

We have two new pupils in our room. Their names are Ann McDonald and Billie Ware Baze. Nearly all the pupils in our room have been together since we were in the first grade.

It seems funny to have so many teachers.

We have elected our room mothers and class officers.

Our teachers say to keep up the good work.

CLASS NO. SEVEN-ONE

Class 7-1 held a meeting Friday, Oct. 11.

President Maret Robertson presided, and the secretary read the minutes.

We had a play called "A Way To Make A Happy Home."

Those who were in the play were: Marena, Don, Mary Lou, Noris Ray, Donald Coleman, Gene Watts, La Ferne and Lemara.

ROOM NO. SEVEN-TWO

Room 7-2 has quite a few pot plants now. We have Elephant Ear and Ivy. We have nice pictures on the bulletin board, too.

We are studying about the capitals of Texas in history.

We have made maps of Texas and colored them.

Our seventh grade boys beat the sixth grade boys in football Monday, 6-0. Billy Don Ingram made the touchdown. The girls were the pep squad. It surely was a nice game.

SEVEN-TWO PARTY

Grade 7-2 had their first party Thursday night from 7 to 9 in the gym. The party was given for them by their room mothers: Mmes. A. G. Harrell, Sam Nolan, Meers, Evans and O. Barrett.

They had contests and played games after which they were served sandwiches and cold drinks. Everyone had a good time and they are all looking forward to their next party.

MISS PICKENS' ROOM

Patsy Ann Terrell and Linda Lee Smith Reporters
We have completed our Science Readers. Now we are reviewing the book by drawing free-hand pictures and writing short stories of each lesson. Another thing, we have enjoyed looking up the words and finding out what they mean.

In writing, we have begun to learn how to use our writing muscle. We found that before we could use our muscle, we must be in the correct sitting position. For one of our language lessons, we wrote a letter to Mrs. Ford. She answered our letter last week. She told us a lot of things about California. We were so happy to hear from her.

Last week, we reviewed all of

the work that we have covered since school started. We are looking forward to the Halloween Carnival.

MRS. CLOUD'S ROOM

Reporter: Luanne Preslay
Since our six weeks' tests are over, we can relax and go on with our regular school work.

Last week Delores Hooper had her tonsils removed and we sent her some lovely flowers.

We have been having Current Events, and this is one which Myra Sue Harrold told:

"Secretary of Agriculture Anderson told reporters, as he left his office early Saturday afternoon, that he was going to the Capitol for lunch.

He added that he understands they have meat "up there."

Helen Lakin was out with a cold and we sent her some flowers to cheer her up.

We had a birthday party for Joan and James Ware and Wayne Owen Bowers. We had a grand time.

Senior Sees Oklahoma

One of our dignified seniors, Wilma Earp, left Crane County and even the State of Texas to travel over into Oklahoma last week end.

She went with Arnold McCasland, his mother, and two little sisters. They left late Friday evening and got back Sunday night. They went to Holdenville and Wetunkia, Okla. Wilma says she had a wonderful time and hopes to go there again some day.

Grade School Opens With New Principal And 5 New Teachers

The Crane Grammar School opened this term with six new teachers.

Miss Clo Dossey, first grade teacher, whose home is in Bonham, Texas, taught in Bonham Junior High school last year. She went to college at ETSTC, Commerce, Texas. She received her BS degree in 1941.

Mrs. Betty Haralson, who teaches the second grade, taught at Brady High School last year. She received her college training at Howard Payne, and her home is in Burkburnett.

Mrs. Essie Brown came to Crane from Breckenridge. She went to Weatherford Junior College and NTSTC.

Mr. Walter Duff taught at the Odd Fellows Home last year. He received a BA degree from N. T. S. T. C. and his home is in Hillsboro, Texas.

Miss Dema Elizabeth Meachum, music teacher, taught in New London, Texas, last year. She received a BM degree from NTSTC, and her home is in Celina, Texas.

Mr. V. N. Keyes, grade school principal, taught in Albany last year, and his home is in Albany. He received his B. A. degree at ACC.

Miss Lewis has really fixed up Room 17. She has put yellow paper both on the desk and on a small file cabinet. These vases of flowers further complete the picture. What next—curtains?
