Is a healthy city. Every citizen can help make Pampa cleaner by fully cooperating in the current clean-up drive and by making every day a clean-up day. Let's keep Pampa clean.

26 Feared Dead in Munitions Blast

Split Political Front Is Seen For November

By JACK BELL.
WASHINGTON — (AP) — Primary victories by two GOP candidates who call themselves progressives indicate that Republicans—as well as Democrats—will go into the November election with a split political front.

A top-heavy victory in Friday's Republican senatorial primary in Oregon puts independent-voting Senator Wayne Morse into a general election campaign that isn't likely to bear much resemblance to Republican drives in some other states.

In Pennsylvania, Gov. James H. Duff was planning to convert his senatorial primary victory of last Tuesday into a drive aimed at refurbishing the Republican Party for the 1952 presidential race.

Victor over Pennsylvania's Republican old guard, Duff just defeated Senator Francis J. Myers, assistant Democratic leader, in November in order to play a role some of his friends say he covets—that of president-maker within the GOP.

The Duff and Morse victories were interpreted as signs that a substantial bloc of GOP voters thinks the Republican Party needs to offer the people more than a mere opposition to President Truman's "Fair Deal" program.

Duff told a news conference he will campaign against Myers with "a constructive program of action instead of campaign of negation and criticism."

In Oregon, which has gone Republican since 1914 but where Democrats now have more registered voters, Morse has promised to keep on voting "independently on issues as I see them."

In contrast to the Duff-Morse line, few expect Senator Homer Capehart of Indiana or former Rep. Everett Dirksen of Illinois to soften their all-out criticism of the Truman program.

Capehart is scheduled for re-nomination by convention June 30. Dirksen is the Republican nominee opposing Senator Scott Lucas, the Democratic leader, in Illinois.

Democrats, who survived a civil rights split in their ranks to win the presidency in 1948, have the same cracks in their front, with a few new ones added.

The split in Democratic ranks stems from three sources—civil rights, government spending and the Brannan farm plan.

The civil rights split is the most spectacular. It cuts southern Democrats off from the president and the rest of their party.

Schools' Expansion To Start at Baker

The first phase of the Pampa Independent School District's \$1,250,000 improvement program is about to begin at a cost of \$164,942.

The work will be done on Baker School where six classrooms, a combination gym and auditorium and a completely new heating system will be installed.

J. T. Gohman, Berger contractor awarded the bid last week by the school board, estimated workmen would be on the job as soon as school closed for the summer vacation. In his bid, Gohman stated the job would be completed by Nov. 30, 1950.

Gohman was the low bidder in cost, and equal low bidder on construction time with John H. Putney Construction Co., which bid \$182,410.

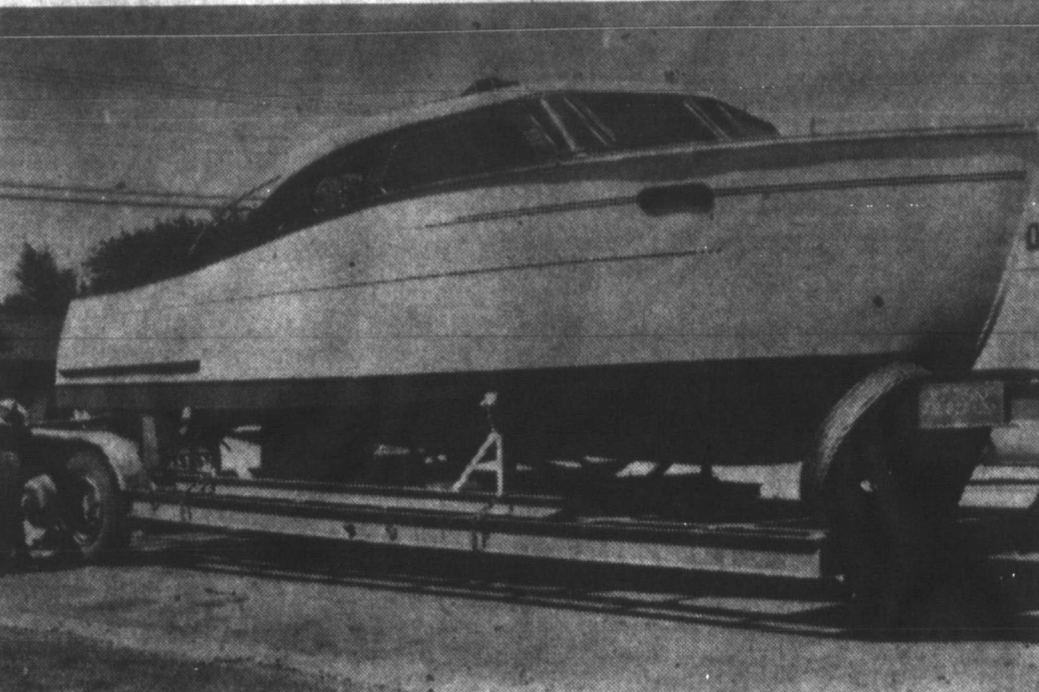

Other bidders, their bids and time of completion were: Ramey Construction Co. \$169,893 by Jan. 1, 1951; Claude E. Mathis \$181,000 by Jan. 16, 1951; Osborne Construction Co. \$182,900 by Dec. 15, 1950; James T. Taylor \$186,410 by Feb. 10, 1951; Houston Hill Construction Co. \$169,340 by Dec. 16, 1950, and D. C. Bass and Sons \$183,378 by Jan. 1, 1951.

School officials stated that plans on the other projects were not completed yet and would, in all probability, be let in one lump contract at a later date.

The job on Baker school resulted from the overwhelming approval by Pampa Independent School District voters of a million and a quarter bond issue in a special election held on March 18 to increase facilities of the present elementary schools, construction of a new gymnasium and a bus barn, construction of a new Negro school and complete renovation and installation of heating systems.

REFUGEES DUE

WASHINGTON — (AP) — The International Refugee Organization reported yesterday that 257 refugees evacuated from Shanghai will arrive at San Francisco Tuesday aboard the SS General Gordon.

FLAT TIRE SCUTTLES CRUISER—Old "sals" around Pampa were scratching their heads at the sight that greeted them Friday afternoon—the sight being the above 28-foot cruiser being shipped through Pampa on its way to Conchas Lake in New Mexico. Cause of the confusion was a flat tire on one of the truck's 14 wheels. Heavy equipment from the Bert A. Howell Co. remedied the situation. The cruiser was purchased in Connecticut by George B. Cree, Sr., and George Cree, Jr., C. A. Pollock, E. M. Fitch, Cree & Hall, Windsor Servicing, and Cree Production Co. (News Photo and Engraving)

Highway 70 Hopes Nearer Realization As Contract Is Let

Dreams of Gray, Roberts, and Ochiltree County residents appear near to their realization as a result of some 15 years hard work toward the construction of State Highway 70 from Pampa to Perryton, with the letting of contracts by the State Highway Department to Lloyd Construction Co., Fort Worth, for all of the grading, drainage, and structures on the highway from the north line of Gray County to the Canadian River, according to a statement by Chamber of Commerce officials.

The contract will include black topping for 4.6 miles of the highway already completed.

Frank Culbertson, chairman of the Roberts County Right of Way committee of the chamber, said yesterday on the heels of this announcement, that his committee is calling for bids for the construction of right-of-way fencing on 6.3 miles of Highway 70 north of the Canadian River in Roberts County to connect with Ochiltree County right-of-way already completed.

Culbertson said this work is expected to begin in the next 30 days and should be completed this summer.

A total of 12.6 actual miles of fence will be built, and Culbertson requested that anyone wishing to bid on the job should contact him as soon as possible.

The Hobart Street right-of-way deal is progressing satisfactorily, Bruce Parker, county judge, said yesterday. Judge Parker said that out of 50 property owners on Hobart from Alcock to Kentucky, all except five have reached agreements on their property. Parker stated it is hoped that settlements will be reached with the remaining five by next week in order that the state can proceed with its plans to let the contract for building the highway. The money for this project has been available for about a year. It was revealed that if settlements are not made in a few days that condemnation procedures will have to be carried out.

Weathered stated that the Chamber of Commerce Highway Committee is working right along with the court and doing everything possible to encourage progress and has always recommended that home owners be given every due consideration in a situation like this. He said various individuals in Pampa have spent about \$75,000 on the Highway 70 project.

Warren L. Hasse Is Named Managing Editor of News

WARREN L. HASSE

Warren L. Hasse, sports editor of The Pampa Daily News, has been named managing editor, announced Saturday afternoon.

He will assume his duties immediately, also serving as sports editor until a successor is named, the announcement said.

Hasse succeeds J. L. Swindle, accidentally killed in a fall at Ponca City, Okla., two weeks ago.

A native of Mauston, Wis., Hasse came to The News in 1948 as sports editor after previously serving as classified advertising manager and sports writer for the Portage, Wis., Daily Register.

After graduation from high school at Mauston, Hasse entered the University of Wisconsin, leaving school to enlist in the Army Air Corps in August, 1945. He trained at various Texas air bases, including Midland, San Antonio, San Angelo, Houston and Laredo. He was sent to the European theatre as a bombardier-navigator on a B-17 and flew 35 missions in 1945. He was decorated with the Distinguished Flying Cross and the Air Medal with four oak leaf clusters.

He joined the Wisconsin paper after his discharge as a first lieutenant in October, 1945. Hasse is married and resides with his wife and son at 825 Dourcette.

Under the direction of Ernest Winborne, the trucks finished Ward Four last Tuesday, one day ahead of time, and started on Ward Three on Wednesday. That ward, too, was finished in two days, and they started on Ward Two Friday. The schedule proved too strenuous, however, and residents in Ward Two were unable to have their trash ready in time for the trucks to pick it up.

The drive will start again Monday with Bush Haggard in charge in the absence of Winborne. From here on, it was stated, the drive will be carried on according to the schedule, in order that residents may have ample time to clean up their yards and alleys. It will help prevent the trucks from going back over the wards a second time.

New Discovery of Helium Reported

NAVAJO, ARIZ. — (AP) — A second and larger gas strike was reported at an exploratory oil well four miles south of here yesterday.

The gas, believed to be helium, is escaping under tremendous pressure at an estimated rate of 40,000,000 to 50,000,000 cubic feet a day.

The previous strike on May 17 was reported to have yielded 20,000,000 cubic feet daily.

NEW ORLEANS — (AP) — Historic St. Paul's Evangelical Church, twice destroyed by fire in its 116-year existence, suffered an estimated \$15,000 damage from a third blaze yesterday.

Lyons, was about 100 feet away when the blast hit.

Badly injured, he said, "after the explosion I looked out and couldn't see any."

Debris filled the air, adding a whistling crescendo to the dull boom of the blast.

Bodies and parts of bodies — one headless — floated in the grimy, wreckage-filled water. Cries of "help me" filled the gloomy dock section — the blast had cut off power and electricity.

In town, gaping holes and gaily decorated store fronts looked out on a scene of utter desolation. Hardly a building in this explosion-belt city escaped without some damage.

The whole front of the store seemed to leap out into the street. People were cut by flying glass and they stood as if hypnotized as blood poured from their wounds," said Mrs. Andrew Kudrick, wife of a photographer, who was working in a dress shop on Broadway.

The center of town was utter confusion with fire engines and police sirens adding to the din.

Shoppers forgot purchases and ran. Children whimpered and asked for explanations. There were none.

City Clerk G. Frank Disbrow commandeered a car and proceeded through the residential sections quieting families and warning against hysteria.

People stumbled from their homes looking at blood streaming from jagged gashes in their arms and legs.

John McDonnell, managing editor of the Perth Amboy Evening News, described the confusion and panic in the streets and the gallant rescue efforts of volunteers, firemen and policemen, unglamorous by the explosion.

Disbrow — expensive stained and ordinary — filled the streets and gutters. Walls caved in. Roofs hung crazily from their moorings. Cars stood damaged, some with motors still running.

The dock section, was utter desolation.

Live fuses and detonators were scattered all over. Mud from the river bottom dripped off what was left of buildings in the unceasing rain.

I saw a body with its head blown off and parts of bodies scattered in the debris."

That's the scene that greeted Steve Dobrynski of Keyport, a coal barge skipper who was one

Little Hope Is Held for 22 Missing; Hundreds Injured

SOUTH AMBOY, N. J. — (AP) — Men with mine detectors moved cautiously along the shell-littered waterfront last night in search of some trace of 22 men still missing in the South Amboy munitions disaster.

Canadian Dam Hope Boosted

WASHINGTON — (AP) — Rep. Guill (R-Texas) announced yesterday that two Republican members of the Senate Interior Committee have withdrawn opposition to a bill to authorize an \$85,000,000 dam on the Canadian River near Sanford, providing certain amendments are adopted.

The senators assured him, he said in a statement, that the House Bill will be reported favorably out of a Senate Interior subcommittee Monday. It has been pending before the subcommittee for some time.

Guill said it is expected to reach the Senate floor in time for action this session.

Senators Watkins (R-Utah) and Cordon (R-Ore) authorized him to announce the conditional withdrawal of their opposition, after a conference with the two and Senator Malone (R-Nev.), Guill said.

Amendments to be recommended, he explained, relate to ownership of the dam and the method of paying construction costs of the project, which would be used for flood control, irrigation and municipal water supplies for nearby towns.

Since about 90 percent of the water from the reservoir would be used for municipal supplies rather than for irrigation, the Republican senators opposed establishment of a policy which would put the government into the municipal public utility business, Guill said.

They feel, he stated, that if the government went into such business it would result in the largest nation-wide bureau ever established. He shares that opinion, he added.

The senators also insist, according to Guill, that within a reasonable time after the dam is established, he shares that opinion, he added.

They feel, he stated, that if the government went into such business it would result in the largest nation-wide bureau ever established. He shares that opinion, he added.

BILL W. WATERS

JOHN F. STUDER

Bill Waters in Race For Attorney Post

By HENRY S. GORDON
News Political Reporter

County-wide political activity took a sudden but not too unexpected turn Friday afternoon when a new face popped up in the growing lineup of candidates for county and precinct offices.

Atty. Bill W. Waters, 25, announced he was setting his sights on the county attorneyship and followed through Saturday by filing with the Democratic County Committee for a place on the July 22 primary ballot.

Waters was recently elected secretary of the Gray County Bar. Word of Waters' decision spread through mid-town like wildfire. A few minutes after the young lawyer completed his announcement to this reporter County Attorney John Studer announced he would seek reelection. Studer filed shortly afterwards for his fifth term. The incumbent county prosecutor had the job for three terms previously from 1925 through 1930.

Waters, son of a prominent Pampa family, was born in Lubbock and moved here 15 years ago.

Although this is his first political venture, meeting the public is "old stuff" to Waters. Former school associates refer to him as a "good speaker" starting back in his high school days when he was a member of the debating team. He went to the state elimination contests in declamation under the Interscholastic League supervision. Following graduation from Pampa High School in 1943 Waters entered the armed services and went overseas with the Combat Engineers. In Europe he spent nine of his 18 months overseas on the firing line and was awarded the Bronze Star, with three battle stars, for his part in leading a bridge-building crew which spanned the Roer River in Germany.

After his discharge from the Army in 1946, Waters entered the University of Texas Law School where he was graduated in 1949. In school he was elected president of the freshman law class; was Junior Class representative to the Honor Council in 1947; elected to Phi Delta Phi, international honorary legal fraternity, and served on the Texas Law Review. Since graduation he has practiced law in his father's real estate and insurance office on East Kingsmill.

He is married and lives at 629 N. Russell and is a member of the American Legion, Veterans of Foreign Wars and Pampa Junior Chamber of Commerce.

Studer first went into the county attorney's office in 1925 and held the spot until the end of 1930. He made a second try for the office in 1936 in a field of four and went into the runoff only to be soundly defeated by Atty. Joe Gordon. Studer's next attempt at politics was in 1948 when he was defeated by Sherman White for county judge. In 1948 Studer ran against an old county attorneyship opponent, the late B. S. Via, and went back into office.

Studer was born and reared at Canadian and moved to Gray County 26 years ago. He served with the United States Army during World War II and was discharged with the rank of major — a rank he now holds in the Reserve Corps.

Acting as the county bench sought, officially, so far. County Judge Bruce Parker will in all probability file for the post within the next few weeks. Some rumblings of opposition have been heard but no confirmation.

SKIMMER TO THE RESCUE—As the nation's foremost disaster fighter, the Red Cross uses many of science's latest inventions to gain speed and mobility. This new gimmick was developed by the Dade County, Fla., Red Cross chapter for water rescue work. Driven by airplane propellers, the flat-bottomed boat will travel 50 miles an hour in only six inches of water.

Russia Conditioning Citizens for War, Ex-Prisoner Claims

By RICHARD K. O'MALLEY
DUESSELDORF, Germany — (P)—A former German army colonel just back from the Soviet Union said yesterday the Russians are conditioning their people for war with the United States.

Not only are the Russians storing food and supplies in great quantities, said Col. George Feldman, but they are carefully schooling the people to hate and distrust the United States.

Col. Feldmann, who was captured in Romania in 1944, said that in the nearly six years he

spent in Russian prison camps, he watched the anti-West tempo pick up impetus.

The United States, he said in an interview, has been the scapegoat for all of Russia's internal ills.

"If there is not enough to eat the peasants are told: 'that is America's fault.' If the crops are not good that, too, is 'America's fault.' Day by day the Russian people are schooled to think only in terms of enmity against America. Of course all the western allies are blamed for nearly everything, but the real emphasis is placed against America."

"The Russian people think that war with America will come soon. They are constantly told that the United States wants to fight Russia in order to rob her."

"I feel certain in saying that if war should occur soon between America and the Soviet Union the Russian people would not be surprised."

"But from what I saw I do not believe the Russians are prepared to wage a war yet."

OFFERS TO PAY FRIENDS IF HADACOL DOESN'T HELP

HADACOL HELPS SUFFERS OF VITAMIN B1, B2, NIACIN AND IRON DEFICIENCIES

Mrs. Wallace tells her granddaughter, Maynell Wallace over the phone how HADACOL brought relief to her.

Mrs. Belle Wallace, 448 Formwalt St., S. W. Atlanta, Ga., is so grateful to HADACOL for the blessings it has brought her that she has recommended HADACOL to a number of her friends. She told them she would pay for their bottles of HADACOL if it didn't help them. She explains with a smile that she hasn't had to pay any of her friends, because HADACOL has helped them.

Mrs. Wallace, who is 74 years old, has five children, seven grandchildren and two great-grandchildren. She was suffering from a deficiency of Vitamins B-1, B-2, Niacin and Iron, which HADACOL contains.

Mrs. Wallace said: "I couldn't sleep or eat until I started taking HADACOL. I'd lie awake and toss and turn until the small hours of the morning. I was highly nervous. I couldn't even thread a needle. But, since I've been taking HADACOL, my nerves are as steady as can be. I couldn't eat because when I did my stomach would puff and bloat and fill with gas. I am on the 7th bottle of HADACOL and my stomach is so much better."

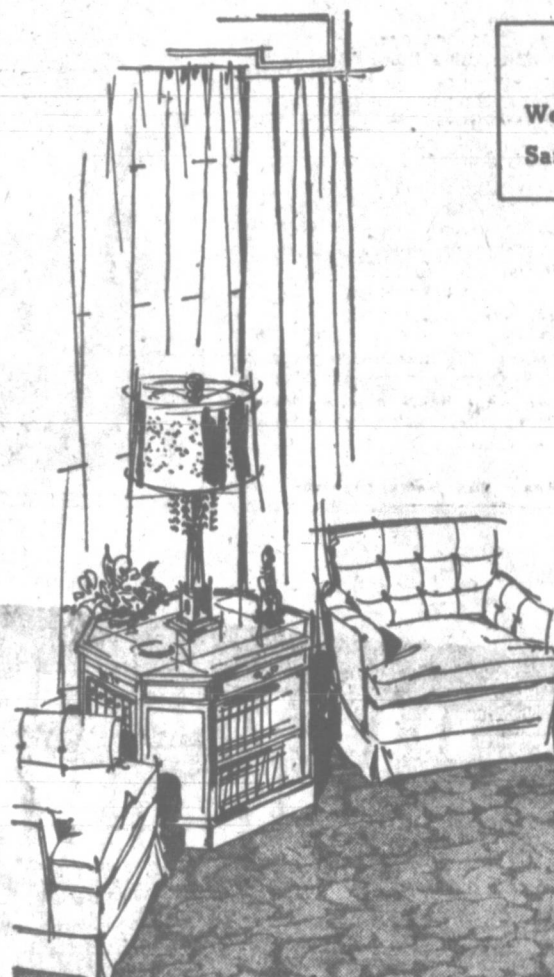

Appetite Good
"I have a good appetite and my stomach does not bloat or fill with gas. I sleep like a log. I have recommended HADACOL to a number of friends and have told them that if it didn't help them, too, I'd pay for it, but I didn't have to because HADACOL did help them. HADACOL has done me more good than anything I have ever taken."

Why Be Satisfied with Temporary Relief?

HADACOL also helps build up the hemoglobin content of your blood (where Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs—even to the eyes, hair and nails) to help repair the damage that such a deficiency may be causing there. Countless thousands are benefiting from HADACOL. Why don't you give it a chance to help you? Why continue to suffer? Remember, HADACOL doesn't give temporary relief. Instead, it treats the real cause of your illness when, as so often, it's due to such deficiencies. That's why it's so effective; that's why it's accomplishing such amazing results.

You'll Feel Great . . .

. . . with the first few bottles you take, or your money back. There is only one HADACOL and it is sold on a strict money-back guarantee. So give this remarkable HADACOL medicine a chance to help you. It's never too late to start taking HADACOL. Many who despaired of improvement found that HADACOL was almost like a miracle for them. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of deficiencies of Vitamins B-1, B-2, Niacin and Iron. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. You can't lose a cent, because it's sold on a strict money-back guarantee. Only \$1.25 for Trial size. Large Family or Hospital size, \$3.50—adv.

RED CROSS AT WORK—At Winnipeg, Manitoba, Red Cross workers check on refugees as dike workers battle the flooding Red River. About 100,000 persons, mostly women and children, have fled their homes to escape rising flood waters.

PRISONER'S INSIDE STORY—While biding his time in a Murphysboro, Ill., jail, auto larceny suspect John Falkenberg swallowed two steel water faucet handles and a pipe stem. Falkenberg is seen at left shortly after an operation to remove the hardware. At right is an X-ray picture in which the two faucet handles are plainly visible. Jail officials believe the prisoner swallowed the hardware on a dare.

Democrats Retain Throne In Congress' World Series

By ARTHUR EDSON
WASHINGTON — (AP) — The Democrats are still the kings of the congressional baseball world, and one of the reasons is a courageous Texan who wears a boot to cover his artificial foot. Friday night, the Democrats breezed by the Republicans, 8-4, for their third straight victory in their annual contest. And getting a lot of applause from the 4,000 fans was Rep. Teague (D-Tex.), who answers to the nickname of "Tiger." The first two balls hit went in Teague's direction. He grabbed the ball each time and threw the runner out. He also was the middle man in a snappy double play, one of the few in congressional baseball history. To round out a perfect night, he beat out a hit, quite a triumph for a guy who lost a foot in the Battle of the Bulge. If the sentimental hero was Teague, the real hero was Rep. Wheeler (D-Ga.), a pitcher so good by congressional standards that he ought to be against the law. When Wheeler was on the mound, the Republicans couldn't do anything. He gave up only a scratch hit in three innings, then left the game for a rest. But when the Republicans stirred up a rally in the last inning, Wheeler came back (there are no rules that way the congressmen play it) and fanned Rep. Velde of Illinois for the final out. There was the usual amount of congressional horseplay. Rep. Pickett (D-Texas) got what appeared to be a can of paddy, only broader, and tried to bat with it. Two of the women congressmen — Reva Berk Boone (D-Utah) and Edna F. Kelly (D-NY) — came out and made as if they wanted to play, but didn't. And some joker threw a very old and relaxed head of cabbage at the umpire. Historical note: for the first time, a senator appeared in the lineup. Senator Cain (R-Wash.) pitched one inning, and he did all right, too. He walked two men, but gave

up only one run. The game, sponsored by the Washington Evening Star, raised money for a summer camp for underprivileged children.

HEADS MAYORS' GROUP—Mayor David L. Lawrence of Pittsburgh, Pa., is the new president of the U. S. Conference of Mayors. He was elected at the organization's New York meeting.

Union Given Right To Picket Juke Box

DETROIT — (AP) — By court decree, a union has the right to picket a juke box. For the last ten days an AFL teamsters union affiliate has had a picket outside a restaurant asking the public not to play the music box inside. The juke box, says the union, is serviced by a non-union man. Acting on a complaint from the juke box distributor, Circuit Judge Clyde I. Webster approved the picketing as long as it didn't reflect on the restaurant's food service.

PUBLIC NOTICE!

Because there has been some misunderstanding in connection with an incident that occurred on the recent senior trip to Carlsbad, and because we wish to express our faith in the integrity of the students concerned, the following statement is made:

Each student signed an application to make the trip. This application covered the regulations governing the student's conduct. One of the rules states:

"11:45 p. m.—All students will be checked in cabins. Be sure your watch is correct. There will be no exception to this rule."

"12:00 p. m.—All lights out and everyone will be expected to be settled for the remainder of the night."

Cabins were checked. Later, sixteen students gathered for a canasta party after hours and broke the curfew rule. They were told by the sponsors to return to their respective cabins and did so at once.

This infraction of the rules was investigated and it was deemed advisable by all sponsors to discipline the students who were involved. Each of the students is giving up his free time for one week by reporting to a study hall at the high school. A majority of the parents were notified of the infraction; they concurred in the justice of the discipline; and they approve of this notice.

THE SPONSORS OF THE SENIOR CARLSBAD TRIP.

JACOBY ON BRIDGE

Never Judge Your Hand Completely by Results

By OSWALD JACOBY
Written for NEA Service
"Please settle an argument for us," pleads a Pittsburgh reader. "We climbed up to a slam with this hand, as you can see by the bidding. We didn't make the slam, because West opened a diamond and East took the first two tricks."

"I said that North had no right to carry the bidding single-handed to a slam. North said the slam would have been a cinch if I had held three aces; or the king of diamonds instead of the queen of diamonds with my actual hand; or even if the missing ace had been the ace of clubs rather than the ace of diamonds. He said also that even with the actual hand I would have made the slam if West had opened a club instead of a diamond. North claims that because of all these considerations, the slam contract is reasonably sound. I made a number of statements in

reply, chiefly to the effect that we had actually gone down and that I couldn't see the logic in bidding a slam when the opponents could and did take the first two tricks against us. "Who is right?" I must take the traditional peace-maker's attitude that there is a certain amount of right on both sides. It isn't fair to judge a hand completely by the results. If you did, you'd have to say that North's bidding was excellent if West opened a club; but that North's bidding was terrible if West opened a diamond. Instead of bidding four no trump, North should have jumped to four hearts. By the jump to two spades he had already shown a very powerful hand. By jumping to four hearts at his second opportunity, North would show his excellent support for that suit. It would then be up to South to try for slam if his hand happened to be strong enough. Obviously, South would bid a slam by himself if he held three

Mechanical Brain Isn't So Brilliant

NEW YORK — (AP) — They've put one of those mechanical brains on display at Columbia University and what a dummy it turned out to be! It couldn't even add two and

two. It's the world's smallest mechanical brain. It took five months to build and cost \$500. It weighs 60 pounds and is 60 inches square — quite a block-head. Edmund C. Berkeley invented it. He doesn't ask it to do much — just uses it as an example of what the bigger — and brighter — mechanical brains can do. It can't count above three. Tell it to add one and two and it grunts, whistles and finally gives with the answer — three. But tell it to tackle two and two and a bright red light goes on — that means the brain is stumped. Berkeley told newspapermen an intelligent fox "could probably do better than that with two and two."

CARRYING A TORCH FOR TRUMAN—Astride a Democratic-type mule, Lowell Hill of Iowa State College sets out from Des Moines with a torch lighted by President Truman at Ottumwa, Ia. Symbolizing the light of higher education, the torch was carried to the college in relays by four mule-riders for use in ceremonies. Giving Hill's mule a boost are Sam Ray and Rosemary Iverson.

Dayton Pastor Gets Presbyterian Post Over Two Nominees

CINCINNATI — (P) — A 63-year-old Dayton, Ohio, minister took over his duties today as moderator of the General Assembly of the Presbyterian Church of the U.S.A.

Dr. Hugh Ivan Evans, pastor of the Westminster Presbyterian Church for the past 28 years, was elected moderator yesterday over two other nominees and will preside over the assembly during the next year.

As he took office, Dr. Evans said:

"I summon your minds to a vital Christian faith; I summon your wills to an extension of Christianity unto new and fertile fields through church extension in crowded areas at home and abroad, through interdenominational cooperation."

Dr. Evans was elected on the first ballot with 449 votes to 254 for Dr. Peter K. Emmons of Scranton, Pa., and 151 for the Rev. Edward J. Ardis of Mechanicsburg, Pa.

The new moderator was born on a farm near Scott (Van Wert County), Ohio.

He is a graduate of the Col-

Statue's Return Asked by Church

SAN JOSE, Costa Rica — (P) — The Roman Catholic Church appealed by radio today for the return of the stolen Virgin of the Angels, venerated as Costa Rica's patroness. The thieves were told to keep the gold and jewels, worth an estimated \$1,000,000, ornamenting the black rock statue.

The 300-year-old figure was stolen last Friday from the basilica at Cartago, 20 miles southeast of San Jose. Rewards totaling \$600,000 have been offered for its return and three days of national mourning for the loss were declared.

The radio appeal was made by Msgr. Alfredo Hidalgo in the absence of Archbishop Victor Sanabria, who has been making a Holy Year pilgrimage to Rome. The archbishop was reported returning here by plane after cutting short his trip to assist in the hunt for the statue.

The Eskimo can turn completely over in his kayak, passing beneath the boat, and righting himself again.

lege of Wooster and Princeton Theological Seminary. Before going to Dayton he served as pastor of churches at Gallipolis, Marysville and Portsmouth, Ohio.

Forgetfulness of Passengers Boosts Subway's Revenue

NEW YORK — (P) — You may not find many carpets on the underground here in Bagdad-on-the-subway, but occasionally you see a bathtub or other large objects left behind by absent-minded straphangers.

This came to light yesterday when the Board of Transportation sold at auction an odd assortment of articles left on the city's subways during the past six months.

A bathtub was bid in at \$1.50. A suitcase containing women's shoes sold for \$1. The shoes were for left feet only. A headless, armless mannikin brought \$1.

When the sale ended, transit officials found they had cleared \$5,000 and had disposed of 7,000 pairs of eyeglasses, several sets of false teeth, fur coats, umbrellas, cameras, electric razors and hearing aids.

First warship to fly the U. S. flag in the Pacific was the United States frigate Essex, on Jan. 26, 1813.

Farmers of the United States market less than half of the milk production as whole milk or cream for direct consumption.

College System Study Proposed By State Leader

AUSTIN — (P) — A study into what was termed "inadequacies of our present college system" has been urged here by College Classroom Teachers Association President Sam Barton of Denton.

Dr. Barton suggested that the study be similar to that which led to adoption of the Gilmer-Aikin laws for the public school system.

"Unless Texas improves the quality of training available to its youth in institutions of higher learning, the high standards established for public schools will be undermined," he said.

Dr. Barton saw these as major needs of colleges in Texas: standardization of student-teacher ratios to prevent overcrowding of classes and overloading of instructors and professors with classes; equalizing of salaries with similar institutions in other states to prevent Texas losing many of its most able teachers; and increasing the library facilities and laboratory equipment and expenditures for research.

A similar proposal for a state committee study into college needs was proposed during the recent special session of the Legislature but no final action was taken.

Rains in Colombia Endanger Economy

BOGOTA, Colombia — (P) — Prolonged rains have slashed Colombia's coffee crop by nearly 50 percent and imperiled the nation's economy, a government spokesman said yesterday.

Colombia's income hinges largely on coffee exports, which are the main source of the country's dollar exchange. Officials fear that, if the rains continued, the country may face a financial crisis.

University Hospital Granted Federal Aid

WASHINGTON — (P) — The Public Health Service has notified Rep. Thompson (D-Tex.) of its approval of an application for federal aid in construction of a teaching building at the John Sealy Hospital in Galveston.

WARREN'S WARMUP

By Warren Hesse—News Sports Editor

With this writing this column drops out of existence. It has been a pleasure to bring the little added sidelights on sports to the fans of the Panhandle through this medium and I am certain that I will miss the daily chore of writing the "Warmup," something that has gone on daily since November of 1948, without fail.

Immediately I assume the new duties of managing editor. But before I do so, I wish to thank all of the fans of the area for their fine cooperation and splendid reception that was always received.

And especially, I would like to show my appreciation to the coaches, managers, owners, athletes and other sports writers for their gracious and full cooperation at all times. Without their aid this advancement in position would never have been possible.

May I express my heartiest wish for good seasons always to the Harvesters, the Oilers and the other athletic teams throughout the area.

The added duties of the managing editor are forcing the curtailment of this column. But as soon as a new sports editor has been named, he will assume a column of his own.

Until that time, adios and thank you.

Fortin Takes Over Batting Leadership of Oiler Team

Joe Fortin, who came through with a perfect four-for-four Friday night, took over the batting leadership of the Oilers with an average of .402 for all games through Friday night.

Along with leading the club in hitting, he also produced the most hits, 43, the most doubles, 17, the most extra base blows, 17, and is second in runs batted in with 25 and home runs with 4.

Fortin also had a hitting streak of 24 straight games until Thursday night when he was shut out at Albuquerque by Don Cantrell.

The complete unofficial Oiler batting and pitching records for all games through Friday night May 19, are as follows:

	G	AB	R	H	BI	Pct.

Former Pampan Is New Hubber Prexy

LUBBOCK — (AP) — Dr. J. V. McCallister formerly of Pampan, has succeeded Millard Wilkison as president of the Lubbock Baseball Club, Inc.

Wilkison sold his remaining one-fourth interest in the club to Russell Haynes for an undisclosed sum in a deal announced earlier last week.

This transaction left McCallister, Haynes, Herman Neff and Joe Evans as equal co-owners of the Oilers.

Wilkison had purchased the club outright from Mrs. Sam Rosenthal in August, 1949, for a reported \$225,000. In February of this year he sold one-half interest in the club to McCallister for a reported \$125,000.

Later, after the Hubbers had acquired the now-defunct Donna Westlake franchise of the R-10 Grande Valley League, Neff and Evans paid a reported \$157,500 for one-half interest in the organization, leaving the club with four equal co-owners.

Wilkison said he sold his one-fourth interest to Haynes so that he could devote more time to his other business interests.

The present management said in announcing the transaction that no major policy changes are anticipated. Jackie Sullivan will continue as the team's playing manager, and Harry Faulkner will retain his post as general manager.

Oilers Win! Beat Gassers, 11 to 4

Wiley Moore Wins Third WT-NM Star Of-Week Award

Wiley Cash Moore of the Muleshoe Moores, by reason of two outstanding performances during the week ending May 13, was named Player of the Week in the League's third week of Stars.

Wiley, who comes from a "long line" of ball playing Moores, turned in a game at Albuquerque on May 7th to get the nomination there when he made five hits in catching the spirit of the night and made five runs-batted-in, came up with outstanding catches in the center pasture to put out the fire at times when the Dukes were threatening with loaded bases and in every way performed in an outstanding manner.

Four nights later in a game with the Gold Sox at Lubbock May 11th Wiley put together a stellar performance, making eight chances in center field (just two under the League record of ten), three of his tries bordering on the sensational. At the dish he gathered one hard-hit single in three official attempts and successfully sacrificed once putting a runner in scoring position, in a game which the Hubbers won by a score of five to three.

The League will award a suitable trophy to the player who is voted the Player of the Month. The award for May will be announced following the weekly voting yet to come for the periods ending May 20th and May 27th. The player getting the most daily votes usually receives the award for the month.

Sandies Advance to State Ball Tourney

(By The Associated Press) — Three places remain open in the Class AA High School Championship Baseball Tournament at Austin.

Amorillo, Sherman, Beaumont, Waxahachie and Odessa have clinched places in the June 5, 6 and 7 tournament.

Friday Sherman, whammed Highland Park (Dallas) 9-1. Beaumont blanked Pasadena, 11-0. Waxahachie edged Austin, 4-3, in 12 innings and Amarillo beat Wichita Falls, 8-2, to win tickets to the tournament.

Odessa Thursday night advanced through bi-district play by knocking off defending champion Bowie of El Paso for the second straight time.

Longhorns Place Five on All-SWC

DALLAS — (AP) — Texas, which won the championship in a walk, placed five players on the all-southwest conference baseball team selected by the six coaches.

Bayler and Texas A&M each got three while Texas Christian landed two and Southern Methodist one. Rice didn't place a man.

Murray Wall, Texas pitcher; Karl Segant, Texas second baseman; Guy Wallace, Texas A&M shortstop, and Wally Moon, Texas A&M outfielder, got the vote of all coaches.

Norris Graves, Texas Christian, pitcher; H. G. Pearson, Bayler, catcher, and Gerald Jensen, Southern Methodist, outfielder, each lacked one vote of being unanimous.

The pitching staff was supposed to have three men but Pat Hubert of Texas A&M and Charles Gorman of Texas tied for the third place, so there are four pitchers on the team.

Others making the team were: Bill Looney, Texas Christian, catcher; Adrian Burk, Bayler, first baseman; Ben Tompkins, Texas, third baseman; Frank Womack, Texas, outfielder, and Larry Isbell, Bayler, utility.

CONTENDERS—Battling for the Pampa Junior Golf championship are the above three golfers. Bob Prigmore, right, is the current leader as the tourney swings into the final round. Shirley Austin, the only girl in Class A, is tied for fifth, while Jimmy Howard, the defending champion, center, is tied for seventh. Finals will be played this morning at the Pampa CC. (News Photo and Engraving)

Hill Prince Captures 74th Running of Preakness Race

BALTIMORE — (AP) — Hill Prince and Eddie Arcaro ran away with the 74th Preakness Stakes Saturday for Virginia, whipping the Kentucky Derby champ — Middleground — in the bargain.

The powerful bay colt from the Old Dominion took the lead going into the backstretch of the ancient Pimlico race course, though in the chilled crowd of 26,599 who had established him the odds-on favorite never had another worry.

Hill Prince opened up a three-length lead as Arcaro hustled him like a pony express rider fleeing from the Indians.

At the finish of the mile and three-sixteenths classic, Chris Cheney's stubby-tailed son of Princequillo-Hildene was five lengths ahead of Middleground, who beat Hill Prince in the Derby two weeks ago.

Middleground, hope of the vast Texas King Ranch to cop a second Preakness, was five lengths ahead of the third horse, C. V. (Sonny) Whitney's Dooly in the field of six starters.

Mr. Trouble, the supposed ace of the Whitney entry, was fourth, tagging along six lengths back of his stablemate.

The track was officially labeled "slow" after three days of rain, which ended Friday, and the winner's time was a fair 1:59.1-5 considering the conditions.

Capot set the track record of 1:56 flat in winning the Preakness over a fast strip last year.

Hill Prince, who beat Middleground in the Wood Memorial, then again in the Withers Memorial after his Derby defeat, rewarded the faithful at the mutuels with \$3.40 straight and \$2.40 to place.

There was no show wagering, because the track feared a minus pool with such a small field. Middleground third choice returned \$3.20. The King Ranch colt went off at \$3.40 on the dollar, as the crowd heeded the optimism of trainer Syl Veitch and established the Whitney horses second choice at \$3.10 for the duce.

Arcaro was grateful, for it was his third Preakness score. He booted home Whirlaway in 1941 and Citation in 1948. Then, he pocketed 10 percent of Hill Prince's winnings, which totaled \$58,115, of the big pot, which grossed \$75,615.

GIANTS—Big golfers in the Junior Golf Tournament was this quartet of linksters. Members of Class C they are, left to right, Lynda Austin, Jay Baker, Doyleene Fletcher and Glenn Samples. The latter, the youngest and smallest in the tournament, has that club swinging him in good form. (News Photo and Engraving)

PAGE 6 PAMPA NEWS, SUNDAY MAY 21, 1950

2 Champs Named In Junior Golf Meet

Two champions have been decided already in the Junior City Golf Tournament, and the third, the city champion, will be known by noon today. Class B and Class C winners were determined yesterday morning with the completion of play, but Class A, with well-bunched scores, will fire the final 18 holes of handicap medal play this morning.

The Class B champion is David Fatheree, who added a second round 91 to a first day 90 for a total of 181 strokes, less a 38-stroke handicap, for a final total of 143. That was just one stroke ahead of Buster Carter who wound up with a 144 total.

In third place was Buddy Sharp, with a 148-stroke total. Carter's handicap was 36 strokes, Sharp's 62.

Class C champion for this season is Don Prigmore, who finished with a score of 105, less a 37-stroke handicap for a final total of 68 for the 18 holes played by these youngsters up to 12 years of age. In second place was Jim Samples, with a 74.

Third place went to a girl, Doyleene Fischer, who wound up her play with a fine 76.

Class A, which concludes play this morning, finds Bob Prigmore in the lead with a 36 hole handicapped total of 136. Running second is Richard Prigmore, with a 138-stroke total. In the third spot is Del Stowell, with a 142 total. Defending champion

Jimmy Howard, was holding down a tie for seventh with Richard Miller, the two high school seniors having 145-stroke totals.

The only girl entered in Class A, Shirley Austin, is tied for fifth with scores of 144. The winners will receive their trophies immediately at the end of play today. Play was scheduled to start this morning at 8 o'clock. There will be trophies awarded to the first three winners in each division.

The complete results of Class B and C were as follows: Class B: David Fatheree. Class C: Don Prigmore.

LET 'EM MATCH THAT

It was teeing off time at the Junior Golf Tournament. Glen Samples, 6-year-old participant, was scheduled to tee off when the official starter made the following announcement:

"Now teeing off on No. 1, Glen Samples, Sam Sneed, Ben Hogan and Jimmy Demaree. Samples, holding the honor, will shoot first."

Little Glen slowly teed up his ball and proceeded to whack it down the middle. After watching it come to a rolling halt 40 yards away, he solemnly turned to the crowd watching and said:

"Well, where the rest of 'em?"

181-38-143; Buster Carter, 180-36-144; Buddy Sharp, 210-62-148; Dale Hensell, 194-47-150; John Dial, 229-76-153; Bobxy Fleming, 218-62-156; John Jones, 250-90-160; Grady Brown, 207-44-163; Lyla Austin, 217-52-165; John Smith, 220-52-168; and Ben Sturgeon, 255-88-175.

Class C: Don Prigmore, 105-37-68; Jim Samples, 118-44-74; Doyleene Fischer, 172-96-76; Eddie Duenkel, 123-45-78; Lynda Austin, 180-95-85; Jay Baker, 147-55-92; and Glen Samples, 282-120-162.

The standings of Class A at the end of 36 holes, with 18 more to go this morning, are as follows:

Bob Prigmore, 136; Richard Prigmore, 138; Del Stowell, 142; Tommie Cox, 143; Shirley Austin, 144; Dwayne Kuniz, 145; Jimmie Howard and Richard Miller, 145; Darrell Godfrey, 147; Jackie Cox, 149; Glen Harrell and John Pitts, 152; Marvin Overton, 154; Harold Lewis, 155; John Frisaul, 156; Carter Burdette, 155; Bernard McNamara, and Jerry Smith, 160; Don Hicks and Merle Estes, 161; Eddie Schleg, 164; John Bell, 167; Darrell Danner, 173; Leroy Ellis, 176; John High, 178; and Jerry Davis, 180.

Several of the players had to drop out for various reasons. Most strongly missed will be Charles Austin, who was in the running with an 81 the first day, but became ill while playing Saturday and had to withdraw.

SPEAKER — DALLAS — (AP) — Dr. P. V. Cerdon, research administrator for the agricultural research administration, will be a principal speaker at the 11th annual Cotton Research Congress here July 27-28.

Doud to Face Amarillo Sox There Today

The Pampa Oilers unleashed a sixteen-hit attack, which included 5 home runs, to snap a six-game losing streak at the expense of the Borger Gassers last night, 11-4. The winning hurler was George Payte, who held the Borgans to nine hits, two home runs.

The five Oiler four-base clouts were hit by Virgil Richardson, Don Ricketson, Jim Martin, John Jeandron and Deck Woldt. The two by the Gasser were clubbed by Pappy Williams, his twelfth of the season, and Eddie Carnett.

The Oilers took the lead in the second inning and never gave it up. Richardson's roundtripper, with Joe Fortin aboard, accounting for the two scores.

Ricketson's homer in the fourth added another and then a four-run seventh inning almost iced the game. To make certain of the win the Oilers added four more in the ninth for good measure.

Victims of the Oilers' barrage were two former Oiler hurlers, Joe Prucha and Merlin Hubbard. Prucha was tagged with the loss, and most of the hits. Hubbard escaped without a run scoring off him.

This afternoon the Oilers open a three-game series against the Amarillo Gold Sox in Amarillo, at 2:30. Earl Doud will hurl the opener for Pampa, seeking his fourth win of the season. Monday night it will probably be Mack Hyde with Bill Garland the probable starter on Tuesday. Then on Wednesday the Oilers return home.

Joe Fortin, Bill Hassey and George Payte did most of the hitting for Pampa last night, each getting three hits. The Oilers also reeled off two snappy plays early in the game to keep Payte out of trouble.

Greens Gossip

By HOGAN O'SNEAD

Charley Douglass, the friendly druggist from Canadian, scored an eagle last Tuesday on the No. 1 hole at the local links. This is the first eagle ever recorded on the long 403-yard, par-4 hole. Congratulations Charley, bet you a cigar it's the only eagle on the starting hole this year.

The Junior Golf Tournament winners will be decided about noon today. If any of you readers can find time and want to see some good golf, come out for a few minutes and see the local youngsters perform. Then if you aren't doing anything this afternoon, go into the Golf Shop and purchase a ticket for Johnny Austin to see the match at Amarillo, starting at 2 o'clock, between Byron Nelson and Dick Turner, teamed against John Munn and Bo Winger. You may see some shots over there to compare with some made here this morning. Byron Nelson, the golfing machine, started as a youngster just as the local kids are now doing, and made one of the finest players ever known. The only individual match he lost, while playing an exhibition, was to Billy Maxwell from Abilene in 1947. At that time Billy was 17 years of age. Byron is a native Texan, calling Fort Worth home till he went to the golfing wars.

Johnny Munn? Well, here's what Johnny Austin says about him: "I've known John since we were kids—he was going to Amarillo High School. I was going to Pampa High—and golf was quite a school sport in those days with teams from the feuding cities getting together quite often. The only time I ever saw John Munn beaten in High School was the day Grover Austin, Jr., caught fire and shot a 68 at him. And then Grover only won 1 up. The only other time I can recall him losing a match in individual play was against his teammate John Oliver, when Oliver beat him 2 up for the club championship in Amarillo in '41. So there you are, fans, you can watch our juniors perform in the morning and then go to Amarillo and see four swell fellows fire away in the afternoon.

Pampan Letters At Wentworth

LEXINGTON, Mo. — Cadet Richard Crossman, son of Mr. and Mrs. Paul G. Crossman Sr., 112 West Foster, Pampa, has been awarded a company softball letter at Wentworth Military academy here.

Capt. Karl Berninger, director of athletics, said the letter award was approved by the athletic council following recommendations by the coaching staff of the company teams.

Richard was a member of the Company C team. This spring and he represented his company in most of its games in intramural competition.

Indians Bombard Boston; Dodgers Take First in League

Sanford Saves Job With Yanks

CHICAGO, (AP) — Fred Sanford may have saved his job Saturday as he pitched the New York Yankees to a 3-1 six-hit triumph over the Chicago White Sox. The victory cemented the Yanks' grip on first place.

Sanford is one of the players mentioned in a deal that would bring a lefthand pitcher to the Yanks from the White Sox.

Bob Patterson was originally scheduled to pitch Saturday but Manager Casey Stengel switched to Sanford and the

veteran righthander came through with his first complete game of the season.

DETROIT — (AP) — Young Art Houtteman scattered eight hits Saturday as he pitched the Detroit Tigers to a 5-3 victory over the Philadelphia Athletics.

CLEVELAND — (AP) — The Cleveland Indians bombarded three Boston pitchers for 11 hits yesterday to beat the Red Sox 8-5 and earn a clean sweep of their two-game series.

Bob Lemon went the route for the winners and was touched for eight safeties in winning his fourth victory.

ST. LOUIS — (AP) — Ned Garver and the St. Louis Browns

shut out the Washington Senators 3 to 0 Saturday for the Browns' first home victory of the 1950 season. Garver allowed four hits while the Browns got a like number from Dick Weik.

Cubs Bump Phils Out of Lead

BROOKLYN — (AP) — The Brooklyn Dodgers moved into first place in the National League Saturday by taking both ends of a doubleheader from the Pittsburgh Pirates, 3-2 and 4-3.

The Dodgers took over the top from the Philadelphia Phils who lost to Chicago.

Carl Furillo singled home Bobby Morgan with the winning run in the second game which went eleven innings and was completed under the lights.

BOSTON — (AP) — The St. Louis Cardinals went to town for six runs in the eighth inning Saturday to defeat Boston's Braves 7-4. It was the third victory in as many games for the Cards over the Braves, who have yet to defeat St. Louis this season. A dozen of the Red Birds went to bat in the big inning.

NEW YORK — (AP) — Rookie Tookie Gilbert singled Alvin Dark home from second base in the ninth inning Saturday to give the New York Giants a 4-3 triumph over Cincinnati and a sweep of the doubleheader. Dave Koslo blanked the Reds, 8-0 on two hits in the opener.

PHILADELPHIA — (AP) — Bob Rush held the Philadelphia Phillies to five hits and gained his fifth victory against no defeats as he pitched the Chicago Cubs to a 7-2 victory Saturday. The Cubs made seven extra base hits, including a home run by Preston Ward, and six two baggers off Curt Simmons. Jim Konstanty and Bob Miller.

SMU Star Turns Pro

DALLAS — (AP) — Gerald Jensen, Southern Methodist University outfielder, has signed with Greenville of the Big State Baseball League. He was optioned to Corpus Christi of the Class C Rio Grande League.

Louis Will Fight British Bout Winner

Coliseum Relays Break One Record

LOS ANGELES — (AP) — One world record surpassed, one near miss, one top flight all-around performance and one disappointment.

That sums up the annual Los Angeles Coliseum Relays, run off Friday night before 40,139 howling fans.

The world two-mile relay mark was bettered by a flying quartet from Michigan State, which ran the distance in 7 minutes 31.8 seconds.

They were pushed to the time by help from a University of Southern California team which was two tenths of a second back. The old mark was 7:34.5 set by a University of California team in 1941.

Equally spine-tingling was the mile relay, in which an unheralded squad from Occidental College (Eagle Rock, Calif.) outpaced favored Morgan State of Baltimore. The Negroes made a great race of it, but could do no more than push Oxy to a time of 3:10.1, not far back of the world standard of 3:09.4 set by another 1941 California squad.

The night's best all-around job was turned in by Andy Stanfield, of Seton Hall. Stanfield won three events, the first time anyone has turned that trick in the Relays' 10-year history. He took the broad jump, at 34 feet 3 inches, just three quarters of an inch ahead of Stanford's Gay Bryan; and outpaced the field, including Lloyd La Beach, in a 9.5 100-yard dash. Then he surprised with a 22.1 low hurdles win.

The disappointment was Australia's girl sprinter, Marjorie Jackson, making her American debut. Although she has a time of 10.7 to her credit, she couldn't keep up with a fleet Negroess from Tennessee State, Jean Patton, who won the event by a stride in 11.2 seconds.

Lubbock Buys Good Righthander

LUBBOCK — (AP) — Lubbock baseball club officials Friday announced the purchase of righthander Bill Ewen from the Tulsa Oilers of the Texas League.

Ewen currently is with Ogden, Utah, where he was sent to help the faltering club there. He is expected to report to Lubbock later this week. He will be sent to Borger to join the club and may see action in the three-game series that opens there Sunday.

General Manager Harry Faulkner, who arranged the purchase through the Cincinnati Reds, did not reveal the purchase price.

Ewen, a native of Dallas, was signed last year by Jack Knott, well known baseball scout. He was sent to Class D Muncie, Ind., and won the only two games that he pitched.

Ewen went to spring training with Tulsa this year and Manager Al Vincent told Faulkner that he almost kept him, but decided that he needed more experience first. The Oilers sent him to Columbia of the Class A South Atlantic League.

Abilene Sox Top Ducks

ALBUQUERQUE — (AP) — The cellar-dwelling Abilene Blue Sox broke the Albuquerque Ducks' winning streak at 4 straight Friday night with an 11-7 victory.

Bob McChesney who relieved Rene Vega in the second inning received credit for the victory, yielding only 6 hits the rest of the way.

Lobos Bounce Pioneers, 9-4

CLOVIS — (AP) — The Lamesa Lobos bunched their hits in the right spots Friday night to hand the Clovis Pioneers a third straight setback. The score of the series opener was 9-4.

The Lobos jumped into an early lead with one run in the first inning and three more in the third to give righthander Ed Arthur a safe working margin. A cluster of five in the seventh wrapped up the game for Lamesa.

WE GUARANTEE NEW POWER IN 10 MILES WHEN YOU USE RISLONE WITH YOUR OIL!

Fleet Operators Use Rislone, Save on Service and Repairs

Experienced truck-operators know that Rislone dissolves gum and sludge, eliminates and prevents sticking valves, and restores lost compression and power.

They use Rislone also to facilitate the break-in of new and reconditioned motors... and to assure quick starting and immediate lubrication in all weather.

Rislone Keeps Marine Engines at Peak Efficiency

Rislone dissolves gum and sludge to prevent dangerous, costly break-downs caused by clogged oil lines, inadequate lubrication, and excessive wear.

Rislone keeps power-plants shipshape while boats are idle, or hauled out for the winter. Spring-starting is quick and easy.

Rislone Helps Contractors to Prevent Job Delays

Contractors the world over find that the regular use of Rislone reduces maintenance costs.

It maintains full power and dependability, keeps oil free-flowing, prevents sticking valves and clogged piston rings—and assures quick, easy starting even in the coldest weather.

Rislone gives fast, feelable improvement in lazy pick-up, sluggish starting, power-sputter, motor-buck

Rislone "Motor Magic" works in cars of any age. And cars of all ages need Rislone all the time.

Rislone is an oil-improving alloy for all motor lubricants. It's a super-lubricant—with no harmful ingredients. You can keep it in your car all the time.

Modern motor-oil has gum-forming properties. But Rislone dissolves gum and sludge as soon as it forms—prevents power-robbing deposits on your valves, pistons, and other moving parts.

Money-back Guarantee

We are so confident that Rislone can work its "motor magic" on your car that we give you this unconditional money-back guarantee. See details below.

peak performance for smooth power at all speeds, and quick starting in all weather.

It protects your engine with instant, full lubrication. It keeps your car from getting sluggish at low speeds. In new cars (or reconditioned engines) it eliminates slow-speed break-in—permits driving at normal speeds immediately and safely.

Money-back Guarantee

We are so confident that Rislone can work its "motor magic" on your car that we give you this unconditional money-back guarantee. See details below.

Rislone Keeps Farm Machinery Fit All The Year

Thousands of farmers from coast to coast count on Rislone to keep engines in tip-top shape. They know it helps any internal combustion engine on the farm run better, and last longer, with less servicing.

Money-back Guarantee

Make this test:

1. Put a quart of Rislone in your crankcase today.
2. Drive 10 miles. Watch for smoother, quieter power; new get-up-and-go; power surge pick-up.</

Tight Rope, Juggling Artist Jimmy Ross Succumbs at 73

BALTIMORE — (AP) — Jimmy Ross, a kid with freckles and tousled hair, leaned against the barbed-wire fence around his father's strawberry patch. He decided then and there he wasn't cut out to be a farmer.

A barb in the fence pricked his back. He looked around at it. Say, wonder if I can walk this wire? He tried it. Nothin' to it. Back and forth he balanced himself, until he was even turning on the wire without losing his balance.

That job in the back on a Virginia farm in the 1880's started James Edward Ross, the "Professor Rosella," on his way to a White House performance. Friday he died. He hadn't been too well since his wife passed away two years ago, and his exit was quiet and peaceful, in tone with his life since he retired. He was 73, but he didn't look it.

After Ross learned more about walking a tight and slack rope and picked up a little juggling act, he started making a somewhat precarious living on the road, billed as "Professor Rosella." Spaff Hyman, a veteran magician and puppeteer, took an interest in Ross. Hyman was getting along in years, so he gave his dolls to the adopted apprentice and taught him the ropes.

Ross' first performance of his Punch and Judy farce was given with Hyman as the only spectator. It turned out to be the last puppet show the old master ever saw.

Ross started his tour along the East Baltimore strip. His show became a hit. In 1913 and 1914 he moved his act to Young's million-dollar pier in Atlantic City, with inroads into the show streets of the larger eastern cities.

It was in Atlantic City — so the story goes — that a sea lion unfailingly attended his outdoor show and applauded with his flippers. Ross always said that was his favorite spectator.

President Theodore Roosevelt became one of his fans. So did Cardinal Gibbons. Mrs. Theodore Roosevelt, Jr., sent him fan mail by way of a secretary.

But the road going up wasn't easy. As late as 1911 his main forte still was risking his neck as a double-trapeze artist, slack-wire performer and juggler.

And it took a 2,700-volt electric shock to jolt him into the routine that made him famous.

He had his show here May 20, 1911, when a hot-air balloon advertising his act became entangled in the telegraph wires at Lanvale and Chester streets.

He climbed the pole to free the balloon.

When he came to, he was lying on the ground with two broken legs, a broken arm, a cut head and a nasty arm burn.

Then he switched to puppets — and fame.

The funeral will be at his home here Monday.

VENETIAN GRIND—With victory in his grasp, a student garbed as a 19th century cyclist quenches his thirst as he approaches the end of a "grueling" 200-foot cycle race across the square in Venice, Italy. Thousands of Venetians joined university students in celebrating the traditional matriculation day.

Smokestack May Be Safest Place

MOBILE, Ala. — (AP) — Where's the safest place to hide, if you are caught in an atomic bomb attack?

It might be inside a smokestack, says a U. S. Atomic Energy Commission consultant, who studied effects of the Hiroshima and Nagasaki explosions.

Col. Elbert DeCoursey said he based the conclusion on the fact that few smokestacks were knocked down in the two Japanese cities.

Col. DeCoursey addressed the Gulf Coast Pharmaceutical Society here. He was a member of the joint commission which studied effects of the two 1945 atomic bomb explosions in Japan. Later he was on the Navy staff at Bikini for the 1946 Operation Crossroads explosion.

Ten Tons of Toys Received in Israel

HAIFA, Israel — (AP) — Ten tons of toys, sent from the United States for children in Israeli immigrant camps, have arrived here.

The toys were collected by the American Legion for underprivileged children in various parts of the world.

The average fisherman spends \$2 for every pound of freshwater fish he catches, according to statistics.

Census Figures Due For Release Soon

WASHINGTON — (AP) — With the 1950 population count more than 95 percent complete, the Census Bureau has decided to have the tentative figures announced locally for cities of 1,000 or more.

The announcements will be made this month and into June. Original plans had called for local announcements only for counties and for cities having more than 10,000 population. The bureau plans no announcements at all now for towns with less than 1,000 population.

It will be mid-July before the tentative state population figures begin to be made available here. The tentative national figure is not expected to be ready at bureau headquarters until September.

OBEYED SON — (AP) — His mother told Michael Selin, 7, never to climb over an iron fence that divides a balcony in their apartment house. So Michael tried to crawl through it. His head was trapped between the iron bars. Firemen freed him loose.

RED DAMPENERS ON THE WAGON—The West Berlin police department tries out one of its new, highly specialized water wagons in the yard of police headquarters in the U. S. sector of Berlin. The wagons will be used to dampen the ardor of Red demonstrators who may try to invade western sectors of the city during the giant Communist youth rally, May 28-30. (Photo by NEA-Acme staff correspondent Joe Schuppe.)

Wheat Price Supports Not Yet Okayed

By OVID A. MARTIN

WASHINGTON — (AP) — The marketing season is near for early harvested wheat, but the government shows no signs of setting up a price-support program.

Such a price-supporting program is required by law, but Secretary of Agriculture Brannan apparently has decided to make no move until Congress votes him the \$2,000,000,000 additional funds the administration has requested for farm price support operations.

About this time each year the Agriculture Department announces a support program for early harvested wheat. Under farm law, the agency is required to support this year's crop at not

less than 90 percent of parity, or a farm average of about \$1.93 a bushel.

No steps have been taken, officials said, to set up a support program for wheat, or a number of other farm commodities not now covered. They said the department feels that it does not have enough money to cover possible outlays.

The House has passed a bill granting the \$2,000,000,000 request, but a somewhat different version is pending in the Senate. No time has been set for its consideration.

Because poor weather and insects have greatly reduced this year's wheat crop prospects, a great amount of money probably will be needed to support prices of the grain. In fact, current market prices are averaging above the mandatory support level.

Officials said the department has enough money to finance presently indicated needs for wheat supports. But Brannan hesitates to announce a wheat program, they said, lest Congress interpret such action as an indication that the \$2,000,000,000 request is not needed.

Furthermore, Brannan was said to dislike the idea of going ahead with a support program for wheat without being sure that he would have enough to finance supports for other crops which he is required to support — such as cotton, corn, rice, peanuts, tobacco and potatoes.

The department now has about \$4,000,000,000 invested in farm commodities under support operations.

LABOR WINS — LONDON — (AP) — The Labor government today defeated a challenge to its gasoline rationing policy. The vote was 187 to 141.

Has This Boy The Edge On YOUR Son?

#12
BENEFITS
of Being a
Carrier-Salesman

MANAGING a spare-time newspaper route is an experience which no really ambitious boy should miss. Leaders in every walk of life will tell you that along with a lad's training in home, school and church, it is a powerful force for developing basic qualities of success and good citizenship.

In a newspaper route, a teen-ager finds the ideal outlet for his constructive energies—with liberal rewards for a few hours' pleasant work each week. The extra money comes in handy for clothes, sports, hobbies, good times and SAVINGS!

Route work also teaches him modern methods of delivery, collection and selling—under an able business adviser. It teams him up with the most enterprising young men in town—trains him to meet people, win friends and cultivate many habits. What's more, it offers him many special incentives to succeed, both as a carrier-salesman and as a useful young American.

Why not see if we have a route opening where YOUR son, too, can enjoy the benefits of newspaperboy training, earnings and other aids to success? Contact our Circulation Department.

India-Pakistan Patrols Revised

SRINAGAR, Kashmir — (AP) — The organization of United Nations military observers deployed along the 700-mile demarcation line between Indian and Pakistan troops in Kashmir has been revised to "insure impartiality and speed in communications."

Military observers have been

patrolling the line between Indian and Pakistan forces in Kashmir for almost two years. The normal strength of their establishment is 40, and it now includes officers of the Canadian, Belgian, United States and Norwegian armies.

Separate control rooms on either side of the line have been abolished and absorbed into a central headquarters which is to function for six months on the Indian side, then move for six months to Pakistan territory.

Smokers Due Aid From Invention

COSTA MESA, Calif. — (AP) — Walter Mullins has invented a gadget that he thinks will delight smokers. He says it permits them to puff cigarettes safely in bed.

His "Safety Smoker" consists of a 7 1/2-inch high ceramic pelican and a long rubber tube with a mouthpiece. The cigarette is inserted into an aluminum holder which connects with the tube at the base of the bird's jaws.

It burns in a horizontal position suspended over the bird's yawning lower bill, which acts as an ash tray. Mullins says he got the idea from an Oriental water pipe.

'Bandits' Capture Bride for Friend

ATHENS — (AP) — Thirty "bandits" raided a small village in northern Greece recently. But there were no shots fired, no houses burned, and no casualties reported.

The only "loot" was a pretty Greek maid whose mother had been holding out against her getting married. The "bandits," friends of the would-be groom, revived an ancient Greek village custom to whisk the girl away from home. Still brandishing pistols, the caballeros then routed a priest out of bed to perform the midnight ceremony.

National forests in Idaho contain some 19,749,282 acres.

THE DRIVER'S LOG
By RUD ANDERSON

The oil industry began to get its share of the breaks last week. Foremost for the industry was a whole new rejection by the House Ways and Means Committee of the proposed cut in the percentage depletion allowance.

This cut, fostered by President Truman, would have decreased the oilman's allowance for depleted resources from 27 1/2 to 15 percent.

The consensus in Pampa was summed up by one tax authority close to the oil industry when he said the House Ways and Means Committee—this group has final word on tax legislation—exercised good judgment in the matter.

"To have handled it in any other way would have been a blow to the independent producer.

The other occurrence of import last week was the increasing of Texas oil allowances by the state Railroad Commission by one day.

The increase came after a hearing in Austin at which the head of every major oil producing company in the country was questioned concerning his company's attitude on oil imports.

The general attitude voiced by the oil officials was that imports had not yet hurt domestic production.

Railroad Commissioner Ernest O. Thompson following the protraction hearing declared Texas was going to get the lion's share of increased market demand. "Under our law we are not committed from every oil importer that their imports would not be increased; at least we know the top limits on importation of foreign oil into this country."

He said the commission could easily add another day of production in July.

"Then if the market demand holds up, we can add another day for August, which would make 21 producing days," Thompson said.

From another front disappointment was voiced. R. L. Foree, president of the Independent Producers Association of America wants something more definite from the major importers.

"It is highly disappointing that they have not come forth with firm commitments to reduce imports to levels that would permit an immediate recapture of this state's rightful share of the domestic market," said Foree in a statement last Wednesday.

Foree has been campaigning for an intra-industry agreement for the solution of the import problem.

"In principle independents are no less anxious than major companies to forestall the complete Federal regulation that threatens our industry. Only the imports can solve the problem without government interference," he stated.

Imports were being assailed from even another front. Inquiry into the effects of oil imports on employment will be made by a subcommittee of the Senate Labor Committee. Senator Matthew M. Neely, of West Virginia, is chairman. Hearings are scheduled to begin immediately with a report to the Senate by June 25.

Atlantic Boosts Price of Crude
NEW YORK — (AP) — Atlantic Refining Co. has posted a price increase of 15 cents a barrel for crude oil it buys in five Louisiana and Texas coastal fields.

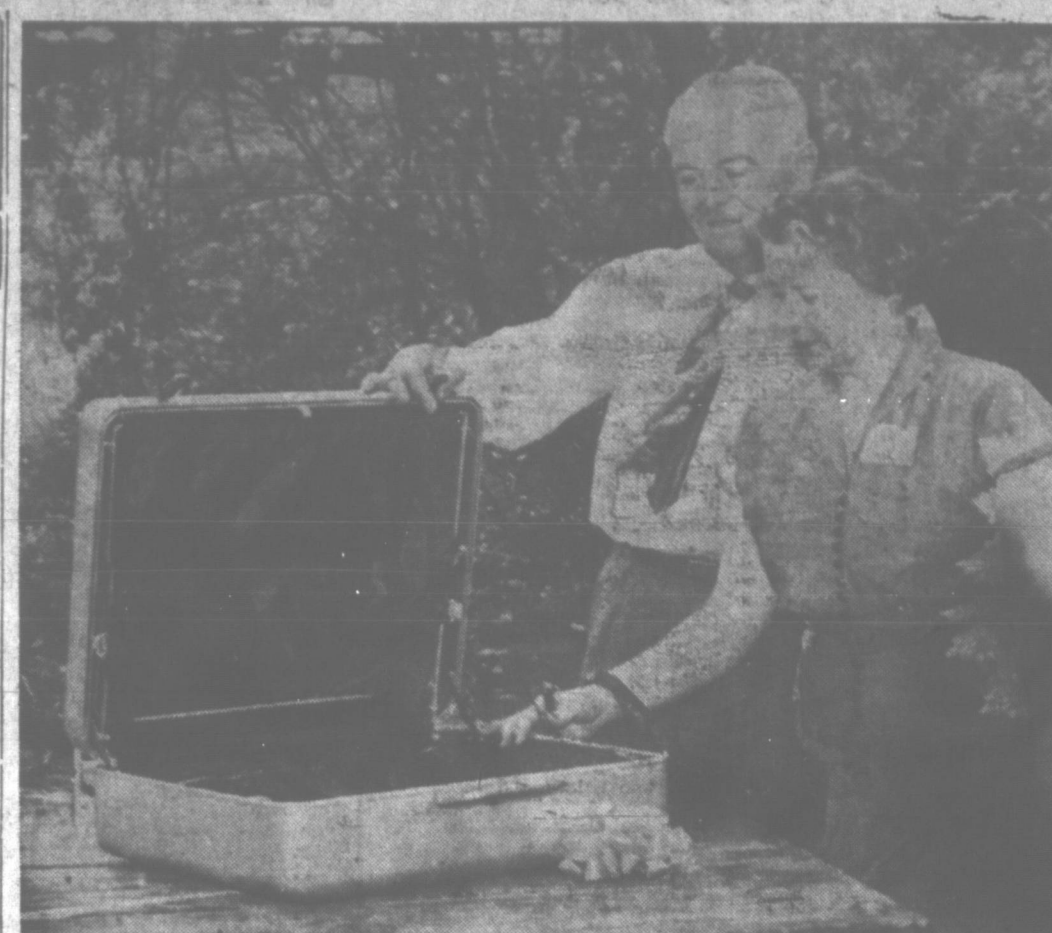

The company's new posting, retroactive to May 1, is \$2.75 a barrel.

Oil men at Dallas say the price boost reflects only a local squeeze in the area concerned for crude oil.

It is believed the increase is not of the nature that might touch off a general advance in crude oil prices. It is understood Atlantic itself produces a large proportion of the crude oil from these fields.

The fields affected are North Bancroft, Bivens, West Bivens and Neale in Beauregard Parish, La., and Gist field in Newton County, Texas.

W. B. Byron Retires as Gulf Vice President
HOUSTON — (AP) — Walter B. Byron has retired as vice president of the Gulf Oil Corp. Byron, a retired Army brigadier general, plans to reside in San Antonio.

READY TO GO—A long vacation to Minnesota and points in Canada will be first assignment for this set of luggage given to Wes Godfrey, retiring division superintendent of Kewanee Oil Co. Godfrey, shown here with Mrs. Godfrey, has completed 28 years and four months with the company. The presentation was made yesterday at a barbecue given in honor of Godfrey by the company.

Texaco No. 1 McGarrugh, Sec. 151, Blk. 13, T&NO, drillstem test 9,580 to 9,700 feet recovered 90 feet drilling mud with no shows; preparing for additional drillstem tests.

Tests were underway late Friday and Saturday, however, officials termed the "too close" and declined to give any information. Operators drilling ahead in line at 9,836 feet.

Roberts County

Helmreich and Payne No. 1 Flowers, Sec. 79, Blk. C, G&M, set 12 3/4 inch pipe to 800 feet and cemented with 355 sacks, drilling ahead below 571 feet in shale.

Sinclair No. 6-F Lips, Sec. 158, Blk. 13, T&NO, located two sand strings 8,216-21 feet and 8,249-50 feet, no porosity, drilling 3,508 feet in sand and shale.

High School Annual Arrives in McLean
McLEAN — (Special) — The high school yearbook, the Tumbleweed, arrived last week. One hundred twenty-five copies of the annual were received.

The books are black and gold with a tiger head on the front cover. Each annual is dedicated to its owner.

Mrs. J. M. Payne, high school press club and faculty advisor, published the Tumbleweed.

Phillips to Lay New Crude Line

BARTLESVILLE, Okla. — (AP) — The Phillips Pipe Line Co., subsidiary of the Phillips Petroleum Co., announced plans Friday for a 10-inch crude oil pipe line from Borger to Yale, Okla.

The 281-mile line will make it possible to carry West Texas and Panhandle crude to Phillips' refineries at Kansas City, Kans., and Okmulgee, Okla.

Louisiana Boosts June Allowables
BATON ROUGE, La. — (AP) — The Louisiana Oil Production Allowable will be raised 40,000 to 45,000 barrels in June, Commissioner of Conservation S. L. Digby said Friday.

Digby said the allowable would be restored to approximately the level of last February by returning to the depth buckets in effect then.

The allowable was cut, some 40,000 barrels in March, when purchasers gave notice of intention they would reduce their demand for Louisiana oil.

Senate Schedules RFC Investigation
WASHINGTON — (AP) — A Senate Banking subcommittee Friday accused the RFC of violating "The Intent of Congress" in making a \$10,000,000 loan to the Texmac Petroleum Co., Dallas.

The subcommittee, headed by Senator Fulbright (D-Ark), told the Senate the loan was not justified in the public interest and was primarily a "raid" out of the company's creditors. It said RFC directors had been "remiss" in their duties.

The subcommittee was set up to look into lending practices of the big government loan agency. It had the Texmac loan under fire for several weeks.

Potato Vine Likes Souzaphone Music
SPRINGFIELD, Ill. — (AP) — Melvin McCoy, band director at Springfield's Feltshans High School, couldn't root his Souzaphone.

He took it to a music house repair shop and it didn't take long to find the trouble. A potato vine growing in the horn had wound around the coils.

Wes Godfrey Retirement Is Announced

A barbecue at Lake McClellan yesterday marked the retirement of Wes Godfrey, division superintendent of Kewanee Oil Co.

Officially, Godfrey's retirement becomes effective June 1.

More than 200 persons attended the barbecue including seven officers of the company from Tulsa. Godfrey entered the oil industry as a route agent at Kiefer, Okla., in 1909. He was working for Producers Oil Co., which is now The Texas Co. He worked the Drumright pool in Oklahoma from 1913 to 1918 then moved into the Kansas oil fields for two years before transferring to Eastland, Texas, in 1920. He returned to Kansas in 1921 to drill for the Tidel Oil Co.

He joined Kewanee in February, 1922 in Shidler, Okla., as district foreman. In 1926 he was transferred to Eastland as district superintendent.

He was moved to Pampa in 1934 by the company as district superintendent and held this position until 1948 when he was appointed division superintendent.

He has been affiliated with Kewanee for over 28 years. "It was brought out yesterday that Godfrey had produced over 14 million barrels of oil since being with Kewanee."

Officials from Tulsa were J. E. Steele, general superintendent; W. O. Albert, production superintendent; F. D. Baker, assistant production superintendent; H. J. McNally, chief engineer; F. A. Kirkland, purchasing agent; Bob Kehl, assistant purchasing agent; and Morris Johnson, office manager.

Employees of the company presented Godfrey a set of Halliburton aluminum traveling bags.

According to Godfrey, he and his wife will take a prolonged vacation to Minnesota and Canada.

No successor has been named officially to the vacated position.

Cities Service Sets Quarterly Dividends
Consolidated net income of Cities Service Co. and subsidiaries for the quarter ending March 31, 1950, was \$16,271,757 after all charges and taxes, or the equivalent of \$4.40 per share.

Consolidated net income was \$6,302,511 or \$1.70 per share compared with \$6,849,991 or \$1.85 per share in the first quarter of 1949.

Legend has it that the people of Tibet are descended from a monkey and a she-devil, according to the Encyclopedia Britannica.

Oil Potentials Hit New Low for Year As Four Finaled; New Wildcat Staked

Locations, Gas Completions Gain Over Previous Period

Oil potentials last week hit their lowest point of the year with area operators bringing in a total of only 248 barrels. This is less than half that reported the previous week when new oil potentials totaled 538 barrels.

Gas potentials, however, hit their peak for the year. Nine new gas completions gauged 291,478 MCF.

New locations, including a new wildcat location in Childress County rose from the 16 reported the previous week to 25 this past period. Two wells were reported plugged.

Houston Man Named to Head Oil Committee

AUSTIN — (AP) — D. W. Hovey of Houston, president of the Danahoe Refining Company, will head the new 16-member Petroleum Industry Advisory Committee authorized by the special session of the legislature.

Gov. Allan Shivers Friday named the members to the committee charged with working with the legislative council in a study of the petroleum industry.

Other members are E. O. Bennett, Houston; H. E. Childs, Midland; Harold Dunn, Amarillo; Dr. R. J. Gonzales, Houston; Ray Hubbard, Dallas; Sidney Latham, Dallas; Harry Leyendecker, Houston; John Lynch, Corpus Christi; Glenn McCarthy, Houston; Raymond M. Myers, Dallas; Sid W. Richardson, Fort Worth; Pat R. Rutherford, Houston; Fred Shield, San Antonio; Clay Underwood, Wichita Falls; and John Wraether, Longview.

Texmac Co. Organization Is Completed

DALLAS — (AP) — Reorganization of the Texmac Petroleum Co. of Dallas into Texas Consolidated Oils, Inc., has been completed.

The action climaxed several months of controversy during which Senator J. W. Fulbright of Arkansas and his Senate Banking subcommittee criticized the RFC for approving a \$15,000,000 loan to Texmac.

The oil firm got \$13,000,000 of the loan Friday. It will be used to pay off indebtedness against properties acquired by the firm from five different oil companies.

Of the \$2,100,000 of loan money still to come, \$600,000 will be used in the next few days to pay unsecured Texmac creditors and \$1,500,000 is earmarked for rehabilitation of oil wells and drilling new wells in proven areas.

The RFC is lending \$10,100,000 of the total loan. The remainder is split among two insurance companies and about 20 banks, business firms and private individuals.

W. W. Kincaid, president of the First National Bank of Wichita, Kans., was elected president of Texas Consolidated Oils and chairman of the board.

The reorganization brought together the producing oil properties of the Petroleum Reserve Corp. of Dallas, Swiss Oil Co. of Dallas, Midway Oil Co. of Dallas, National Cooperative Refining Co., and the Smith Miller partnership.

At the present time TCO owns 173 oil wells, 73 gas wells and two compression plants. It values its assets at \$44,500,000.

The new loan clears Texmac properties of all other indebtedness and places liens against the properties in the hands of the RFC and the private lenders.

Commission Sets Hearings for June

AUSTIN — (AP) — The Railroad Commission last week scheduled the following public hearings: June 29 — Application of the Humble Oil and Refining Co. for adoption of field rules for the Hewitt Ranch field, Titus County.

June 29 — Application of the Bankline Oil Co. for discovery allowable rights and a new field designation for the reservoir of its Owns Well No. 1, Eastland County.

June 29 — Application of the Reno Oil Co. for adoption of special field rules for the Reno Baptist field, Archer County.

June 29 — Application of the Windsor Oil Co. for amendment of the spacing rule for the Minnie Block field, Nueces County.

June 30 — Application of H. J. Mosser for amendment to file rules of the Tom Graham field, Jim Wells County.

Condemnation of Shipment Planned
HOUSTON — (AP) — A petition has been filed here seeking authority to seize and condemn the 8,700 pound shipment of ocean perch from Boston, Mass.

The petition, filed by Assistant United States Attorney Bruce Merrill, alleges the shipment consists of "filthy substance" caused by parasites.

The petition said the fish was shipped to the Magnolia Seafood Company by truck April 27. A company spokesman said he would not contest the seizure.

Figures show that 90 percent more women than men jump from buildings and bridges when committing suicide.

Domestic Increase Is Seen for 1950

HOUSTON — (AP) — Crude oil importers have no cutbacks on schedule but they think domestic production may approach its 1948 peak by the end of the year.

Texas officials taking the importers at their word, have made it clear the state intends to claim its share of the anticipated increase.

They have warned a 140,000 barrel daily hike ordered for Texas June crude production allowances may be only a beginning.

The state's June allowable is 2,366,376 barrels daily, considerably above the 1,871,938 average of last July when a seventh consecutive cutback became effective.

But Texas officials and operators think the June allowable still is too far below the 2,717,019 barrel peak of early December 1948.

This became evident last week after the Texas Railroad Commission heard top executives of 12 major oil importing companies testify as to plans for the balance of the year.

The commission, in calling the executives to Austin, indicated they are tired of being caught in the middle in the argument over imports.

Texas law charges the commission with limiting crude production to market demand. Most operators have placed all the blame for the sharp production cutbacks on foreign oil replacing domestic output.

Most of the importers advised the commission: 1. Foreign oil imports are not hurting the domestic industry. 2. No increase can be expected in imports the balance of the year.

Ten Cities Service Workers Are Given Company Awards
Ten employees of Cities Service Oil Co. in this area were presented service awards yesterday afternoon in Oiler Park in recognition of their long-time service with this major oil company.

Recognized were two veterans who have 30 years of continuous service to their credit, five with 20 years and three with 15 years of service.

The presentation of service awards highlighted the annual convention of the Cities Service Oil Co. in this area.

H. Johns, Clyde Batson and M. D. Milligan. Receiving awards but not shown here were W. R. Harden and Loyal H. Davies.

Nation's Defenders Report During Armed Forces Day

(By The Associated Press) America's defenders "reported to the people" yesterday in their first nationwide display of unified strength even as their leaders proclaimed that armed power is the one way to prevent World War III.

President Truman reviewed a 10-minute parade of 6,500 members of the four services beneath a hill, gray skies to open Washington's observance of the first Armed Forces Day. He was flanked by top military and civilian defense officials in a flag-draped stand on Constitution Avenue near the Washington Monument.

Later, 140 military planes of the latest types from B-36 atom bombers to darting jet fighters thundered over the city and nearby Bolling Air Force Base where scores of thousands gathered to see land, sea and air combat equipment displayed.

The capital city topped it off with a salute to the armed services in a program at the Washington Monument grounds. On the program were entertainment stars followed by a fireworks display.

Defense Secretary Johnson called

ed the day a "report to the people of the state of our national defense."

The observance took the place of the separate Army, Navy and Air Force days celebrated in previous years. The merged celebration was in line with the program of military unification.

President Truman sounded the keynote of preparedness — to deter aggression — when he declared America's armed forces are being developed to maintain peace and because "there are certain people in the world who only understand the fist."

Mr. Truman spoke out again for universal training which Congress repeatedly has ignored since he urged it in October, 1945. If it had been set up then, there would be no cold war now, the president contended.

Speeches in observance of the day at home and abroad gave no hint of hope for an end of the cold war soon. Repeatedly the theme was stressed that military power must be maintained.

In Hollywood

NEA Staff Correspondent
By ESKINE JOHNSON

HOLLYWOOD — (NEA) — Behind the Screen: Gorgeous Barbara Hale gets dreamy-eyed when Columbia studio makes no bones about building her career to Rita Hayworth dimensions.

Pat O'Brien is still burning over the ruckus that was raised about Irene Dunne and the Queen Victoria role in "The Mudlark." Pat looking like he was ready to take on the British Empire single-handed, told me:

"Nobody over here got high blood pressure when Laughton read the Gettysburg address or Alan Mowbray played Washington. All they're worried about in England is whether Princess Margaret smokes."

Pat recently took his missus and kids to see revivals of "Angels With Dirty Faces" and "Torrid Scene." All the fiery love-making he did in those pictures embarrassed him. He blushed:

"I got catcalls and whistles from the youngsters."

Hollywood's new trend toward "beefcake" — the public display of the undraped male chest — is in high gear. So I asked Patricia Stenz, who has grown hair on the heads of Jimmy Stewart, Dick Powell, Fred MacMurray and others (thus saving them from a fate worse than Bing Crosby), if she had opened a Chest Hair Growing Department.

"Not yet," Pat grinned, "but I'm confident I can get results." "I wish," Pat confided, "that Alan Ladd would come see me. He has to run around with his shirt off all the time and the poor dear doesn't have a hair on his chest. He looks so—so naked."

PROMISING ADVICE I can't wait to rush home and mix up some of the recipes that Gaylord Hauser has dedicated to celebrities in his new book, "Look Younger, Live Longer."

The Clark Gable of the health lecture circuit dedicates Four Star Soya Muffins to Paulette Goddard, Wild Rice Hamburgers to Greta Garbo, Banana Cream Shake to Barbara Hutton. All-in-one cocktail to Leopold Stokowski and a One-Day Hollywood diet to Walter Pidgeon.

Two FBI Officials To Interview Fuchs

WASHINGTON — (AP) — The FBI has sent two men to London to interview British Scientist Klaus Fuchs, who has been convicted of handing Russia atomic secrets.

FBI Director J. Edgar Hoover disclosed that Assistant Director U. H. Clegg and Special Agent Robert J. Lampher have arrived in the British capital — presumably to ferret out all possible information on Fuchs' contacts in this country, if any.

Fuchs is serving a 14-year sentence.

The National Geographic Society says the Transvaal district of Africa is the world's leading gold producer.

to Hauser and he goes a burn. He said:

"I'm not a faddist. I believe in meat. But Garbo is doomed to be thought of as having big feet and I am doomed to be considered a vegetarian."

Hauser said he practically collided with Bergman and Rossellini in Sicily last summer but decided not to say howdy.

"They were having such a wonderful time that I should spoil their fun and speak to them!"

Joan Davis' friend, Chicago lumber tycoon Danny Elman, is back in town and was wearing an oh-how-I-miss-Joan-tonight expression. Joan is in Paris. Danny said: "Our romance isn't over by any means. We feel more keenly about one another now than when we first met. She's called me twice from Paris. I can't say when we'll get married. We're not a couple of kids going at it impetuously."

GOOD SKATE Benay Venuta is tickling audiences at the Las Palmas theater these days with her performance as a ribald ice-skating queen. In "Light Up the Sky" and she's already clipping advance reviews on her work with Betty Hutton in "Annie Get Your Gun."

Benay and Betty are cooking up a film idea in which they'll play sisters. "You know," Benay said, "the kind of a picture where Betty winds up with everything and I wind up with nothing."

Now that her movie career's in high gear, Benay doesn't intend to let anything stop her. She shuddered: "For years the top men in the industry would look straight at me and ask if I knew where they could find a tall, blonde comedienne."

SAFEST DRIVER — Albert Winters of San Jose, Calif., who drove 119,600 accident-free miles last year, won top honors in the inter-city truck division of the National Safety Council's miles-per-accident contest. Winters has driven a million and a half miles in 18 years, and has never been the cause of an accident.

Services Slated For Panhandle Music Teacher

Funeral services for Mrs. Myrtle May Cleek, Panhandle, will be held at 2 p.m. today from the First Methodist Church with the Rev. George D. York officiating.

Burial will be in the Panhandle Cemetery with the Poston Funeral Home in charge of arrangements.

Mrs. Cleek, who died Friday morning from a heart attack, was born in Spring Valley, Va., and attended Sullivan College and the Chicago Conservatory of Music. She came to Panhandle from Clarendon in 1921 where she taught music and dramatic art at Clarendon College. She taught the same subjects in Panhandle for over 20 years. She was the wife of Coe Cleek, Gulf whole-sale agent at Panhandle, and was active in church, club and civic work. She also served as organist for every church in Panhandle at different times.

She is survived by four sisters, Mrs. Sam Dyer, and Mrs. Blanche Davis, both of Clarendon; Mrs. W. M. Clower, Lubbock; and Mrs. C. C. Parsons, Oklahoma City; two nieces and three nephews.

Bus Walkout Ended In Portland, Maine

PORTLAND, Maine — (AP) — Normal transportation was restored in greater Portland yesterday as a nine-day bus drivers' strike ended.

The drivers' AFL union accepted a three cents an hour boost contingent on the Portland Coach Company taking in this year 95 percent of its 1949 gross receipts. A two cent raise will be granted if the gross is 93 percent, and a one cent hike if the gross falls off one-tenth from 1949.

Governor Designates Saturday Poppy Day

AUSTIN — (AP) — Gov. Allan Shivers has designated next Saturday, May 27, as Poppy Day in Texas and urged citizens to buy and wear memorial poppies to show their appreciation for the sacrifices of needy war veterans.

Trustee Hits Smoking Ban

PLAINVIEW — (AP) — Frank H. Day of Plainview resigned yesterday as a trustee of Wayland College here because of the college's new ban against smoking.

Day, who smokes, said he believed the ban would "materially affect Wayland adversely."

At the request of J. W. "Bill" Marshall, president of the Baptist institution, the board of trustees last week passed the "no smoking" rule.

According to the ban, no student who smokes "anywhere and any time" will be permitted to enroll at Wayland and smokers who are now attending the college must either quit smoking or transfer to another college.

Since I smoke it appears that my position as a trustee of the college is inconsistent with the rule invoked," Day said in a letter to Dr. Ralph Grant of Lubbock, president of the board.

back, president of the board. "This appears to me to be a rather far-reaching step and one that will materially affect Wayland adversely."

Even helicopters contribute to the makeup of New York city's commuting system.

What's Cookin' In Gray County HD Club Work

By MARY ANNE DUKE

CLOTHING REVUE — Barbara Edwards, daughter of Mr. and Mrs. Ernest Edwards of the Wayside Community, earned a free trip to the 4-H round-up at College Station in June by scoring highest in the age group of 14 years and over on the school dress as well as the best dress, which she modeled in the County Clothing Revue. Barbara also made accessories for her best dress outfit.

Other high-ranking participants in this age group included Margaret Baggett, Grandview; Aleta Milham, Alameda; Jaquelin Apbertson, Pampa, and Betty Joyce Greer, McLean.

Rose Smith of Hopkins was the only girl under 14 years of age who entered a best dress outfit. High scoring participants in the school dress class ages 11 to 13 were: Shirley Keel, Billie Mae Osborne and Carolyn Anderwald, all members of the Blue Bell 4-H Club. Other entries in this class included Johnny Mae Deuser, Blue Bell Club; Mary Ann Guthrie, Pampa Club; Jo Ann Guthrie, McLean Club; Charlotte Ann Brown, Betty Atchley, and Norma Lee Gilbreath, all of the Alameda Club, and Nancy Harrison, Hopkins Club.

Olivia Ann Swain, Pampa Club, was the only girl to enter a school dress in the 9 and 10 year old group.

Doris Sheriff, Pampa Club, placed first on her skirt; Leta Laverly, Pampa Club, placed second, and Peggy O'Neal, Blue Bell Club, third.

Shirley Keel placed first on blouses and Carolyn Anderwald second.

First year 4-H Club girls, regardless of age, make a simple apron as their first clothing project. The three highest scoring participants in the 9 year old group were: Carolyn Wallin and (See WHAT'S COOKIN', Page 14)

Numerous Weddings Being Scheduled for Early Summer

The Pampa Daily News Women's Activities

PAMPA NEWS, SUNDAY MAY 21, 1950 PAGE 13

JUNE 25—Mr. and Mrs. Alvin B. Turner, Kingsmill-Cabot Camp, are announcing the engagement and approaching marriage of their daughter, Beula, to Billy C. Cox, son of Mr. and Mrs. Clyde Cox, 405 North Zimmer. The wedding will be performed in the Turner home on June 25.

WEDDING PLANNED—Mr. and Mrs. Bert Schaefer are announcing the engagement and approaching marriage of their daughter, Clarice Jewel, to Pleasant Meadows, son of Mr. and Mrs. P. E. Meadows, 826 West Kingsmill. The wedding will take place June 4, the Rev. M. O. Evans of the First Baptist Church of Skellytown officiating.

SET FOR JUNE—Mr. and Mrs. Stephen L. Hourigan, 901 Barnard, announce the betrothal of their daughter, Miss Anne Eloise McKay, to Roy Wayne Frazier, son of Mr. and Mrs. R. C. Frazier of Midland. Vows will be exchanged at Pecos, home of the bride's grandmother and two aunts, on June 6.

Mrs. McKinney Is Installed as Head Of Varietas Club

Mrs. C. L. McKinney assumed her duties as president of the Varietas Club at a breakfast meeting that closed the club year. The group met in the home of Mrs. Ralph Thomas, retiring president. Mrs. McKinney presented members who will serve with her on the official staff.

Other newly installed officers are Mrs. Dow King, vice president; Mrs. Frank Wilson, secretary; Mrs. W. H. Moseley, treasurer; Mrs. Loyce Caldwell, parliamentarian; Mrs. H. T. Hampton, library chairman; Mrs. Ralph Thomas, council of clubs reporter and Mrs. H. H. Butler, reporter.

Breakfast hostesses were Mrs. Thomas, Mrs. H. H. Butler, Mrs. J. C. McWilliams, Mrs. Luthie Pierson, Mrs. Sherman White, Mrs. Lee Harrah, Mrs. J. G. Doggett and Mrs. McKinney. High point members were the honored guests. Points were received for attendance, answering roll call and participating on programs.

The hostess had prepared a setting on unusual beauty for the breakfast. Spring flowers centered the pastel covered tables, and dainty ceramic roses held the place cards. Broiled grapefruit, ham, scrambled eggs, hot rolls and coffee made up the menu.

During a business meeting, beautification of the park near the Highland General Hospital was selected as the year's project. Mrs. McKinney gave a report on the district federated clubs convention held in Memphis recently. She reported that seven Varietas club members attended the convention. Reports were also made by retiring officers, and Mrs. Thomas complimented the club members on work done during the year and the place the club holds in the community. Mrs. J. G. Doggett reported on a recent meeting of the Council of Clubs.

Members present were Mrs. H. H. Butler, J. G. Cargile, J. G. Doggett, H. P. Dosier, S. C. Evans, H. T. Hampton, Lee Harrah, E. J. Haslam, F. E. Imel, Dow King, J. E. Kirchman, R. W. Lane, C. L. McKinney, W. H. Moseley, Luther Pierson, Felix Stalls, Ralph Thomas, Sherman White and Frank Wilson.

B&PW Club Has Annual Breakfast; Initiation Set

Mrs. Katie Beverly, who has been club master of the Business and Professional Women's Club for many years, pronounced the invocation at the B & P W Mothers Day breakfast last Sunday morning in the dining room of the Schneider Hotel. Mrs. Beverly was later presented a gift from the club. Mrs. Lillian Jordan, B & P W president, received a potted plant from Miss Maurine Jones, a former member. Miss Barbara Barnes, who was introduced as a club daughter, read a tribute to mothers.

The 79 members and guests were registered in the lobby by Mrs. Lillian McNutt, then moved the dining room where tables were decorated with arrangements of roses and spring flowers. Lace covered programs were printed in gold. The breakfast menu included blueberry muffins, a tradition of the annual breakfast.

Mrs. Bea York, who had made the arrangements for the breakfast, extended the welcome and introduced Mrs. Mildred Claude and others who had assisted with arrangements. Group singing of Mothers Day songs was led by Mrs. Laura Bell Cornelius.

The breakfast was adjourned in time for members to attend church.

An announcement was made stating that initiation of new B & P W members will be held at the club's social meeting Tuesday evening in the club rooms. Several club members will attend the chicken and spaghetti dinner given by the Borger club Thursday evening.

Mrs. Bob Pool Is Shower Honoree

GROOM — The Billy Burge home at Groom was the scene of a pink and blue shower honoring Mrs. Bob Pool on Friday of last week. Hostesses for the occasion were Mrs. Burge, Mrs. A. J. Ramming and Mrs. Ted Major.

Mrs. Ramming secured names for the guest list, while Mrs. Burge presided at the punch bowl. The lace covered table was centered with an arrangement of spring flowers. The pink and blue motif was carried out in the table decorations and refreshments.

Major directed the guests to the room, where gifts were on display.

Attending were Mrs. Leroy Fredericksen and Gaylen, Mrs. Jack Ledwig Danny, Mrs. W. C. Gunter, Jr. and Danny, Mrs. C. H. Howerton, Mrs. Jimmy Pool and Darrell, Mrs. Bobby Cornett, Weasie and Terry, Mrs. Zona Cornett, Mrs. Billy Cornett, Mrs. Melvin Asberry and Melba, Mrs. Leroy Mashburn, Mrs. O. A. Pool, Mrs. Dillard Williams, Mrs. Richard Ramming, Mrs. B. F. Patterson and Misses Sue Milton, Barbara Helm, Nan Ramming and Margie Patterson.

Pampa Women To Organize a Voters' League

Stepping in line with the rest of the nation, a group of Pampa women met in the City Club Room Thursday afternoon to hold a pre-organizational meeting toward forming a local chapter of the League of Women Voters. Plans were made to hold an organizational meeting at the same place at 8 o'clock next Thursday evening when Mrs. Martin A. Row of Dallas, state president, will be present to explain the organization and help Pampa women set up a permanent league.

The League of Women Voters, which is national in its scope, has chapters in 41 states and boasts of 89,000 members. There are 720 local leagues, showing a steady process of growth over a period of 30 years.

This League of Women Voters of the United States is not a party. It is an organization for the sole purpose of educating women to be intelligent voters. The league attempts to enlighten women of voting age as to the qualities of the candidates, but makes no attempt to influence their votes. It is absolutely non-partisan.

At the preliminary meeting held last week, Mrs. J. W. Garman, Jr., was unanimously elected temporary chairman and will serve in that capacity until a permanent system has been set up and officers have been elected. The meeting on Thursday evening will be open to all women of voting age, and if well attended will be the first step in properly informing the woman voter in this area.

'Pursuit of Happiness' Study Topic for El Progresso Club

Mrs. Knox Kinard, acting as moderator at a meeting of El Progresso Study Club, led a round table discussion of "Pursuit of Happiness." The meeting was held in the City Club Room.

On the program were Mrs. D. V. Burton, Mrs. Grundy Morrison, Mrs. Sam Cook and Mrs. Hardy Pitts, and subjects discussed were "Standard of Living," "Use of Leisure Time," "Education" and "Religion and Morals."

Mrs. Grundy Morrison read Grace Noll Crowell's poem, "Mother." Reports on the district convention held in Memphis recently were made by Mrs. Cook and Mrs. G. L. Dauner.

The hostess, Mrs. Dauner, served a dessert plate. Present were Mrs. L. S. Fisher and Sam Fisher, guests from Woodward, Okla., and Mrs. H. L. Ledrick, George Walstad, Edgar Henshaw, Sam Cook, Carlton Nance, John Pitts, Hardy Pitts, P. C. Ledrick, D. V. Burton, W. R. Ewing, Henry Tyler, Knox Kinard, Alex Schneider and Grundy Morrison.

Birthday Party For McLean Boy

McLEAN — (Special) — Johnny Hutchison was honored with a birthday supper Sunday evening in the home of Mrs. Sophie Hutchison.

Attending were Dick Grigsby, Nadyne Seeley, JoAnn Grigsby, Fred Henry, Bill Willingham, Bill Hutchison, Mr. and Mrs. Jim Glass, Mr. and Mrs. W. W. Boyd, Lois Miller, James Noll and Mrs. Mildred Grigsby.

Wedding Plans Told at Coffee

A coffee in the home of Mr. and Mrs. Houston Allen, 639 North Faulkner, announced the engagement and approaching marriage of their daughter, Miss Rosamond Allen, to Chet L. Reeves, Jr. Mr. Reeves is the son of Mr. and Mrs. Chet L. Reeves, Sr., of Childress.

The wedding will be solemnized on July 2 in the First Methodist Church in Pampa. Receiving guests was the honoree's mother, Mrs. Allen, and Miss Luella Brown presided at the guest book.

Mrs. W. B. Mitchell poured coffee, assisted by Mrs. Noel Dalton. Fruit cup, small rolls and coffee were served.

Wedding plans were revealed by a bride's book standing inside a wedding ring fashioned of yellow daisies, white and blue shasta daisies and white feverfew. One side of the white satin covered book was inscribed "Rosamond and Chet" and the other "July 2." The lettering was in blue.

The serving table was covered with a hand crocheted cloth. Napkins also carried out the color scheme.

Signing the guest book were Nancy Brummett, Bobby Tucker, Sue Hart, Sharon Chapman, Vina Dittberner, Ottolene Patton, Lela Brown, Mrs. W. B. Mitchell, Mrs. L. A. Barnes, Mrs. Noel Dalton, Mrs. Rosa Byars and a sister-in-law of the honoree, Mrs. Orin Allen of Lubbock.

Miscellaneous Shower

GLAZIER — (Special) — Mrs. Dale Gross was honored recently with a miscellaneous shower given in the school building.

Refreshments were served to the following: Mrs. P. D. Gross, Sr., P. D. Gross, Jr., Tom Tipton, Homer Jamison, I. M. Conley, Clint Wright, Pat Murphy, Doc Murphy, Elmer Ward of Higgins, Raymond Williams, Canadian, Fred Hensley, and the honoree.

Those sending gifts were Mrs. Olin Wilson, Willie Bullis, Canadian, Jack Porter, Hurdell Smith, H. A. Hazlett, G. W. Crozier, Patience Holt, Canadian, and Miss Julia Jamison.

Church Rites Unite in Marriage Mary Lou Helm, R. E. Martin, Jr.

GROOM—(Special)—Miss Mary Lou Helm, daughter of James J. Helm, became the bride of Richard E. Martin, Jr., son of Mr. and Mrs. R. E. Martin, Sr., in a double-ring ceremony read Sunday afternoon.

The Rev. L. E. Godwin of Panhandle officiated at the exchange of vows in the First Baptist Church in Groom. The altar was decorated with baskets of gladioli, fern and hydrangea plants, and flanked by candelabra. Pews were marked with white satin streamers.

Preceding the ceremony, Mrs. Jack Martin, organist, played Bond's "I Love You Truly," "O Promise Me," and "Intermezzo," by Thais Massenet. Mrs. Billy Burge sang "Because" by D'Hardelot and Cadman's "At Dawn-ing." The traditional wedding marches were played for the procession and recessional and "Indian Love Call" was used as a musical background for the ceremony. Miss Patsy Helm, sister of the bride, and Miss Lee Ann Brown, cousin of the bride, lighted the candles. Their corsages were of blue carnations with blue satin streamers fastened to a carnation wristlet. Miss Barbara Helm, sister of the bride, was bridesmaid. She was gownned in mint green marquisette over taffeta styled with a pleated ruffle neckline, puffed sleeves and matching fingerless gloves, fitted bodice and full gathered skirt. Her headpiece was a Juliet bonnet of net over taffeta and she carried a hand bouquet of pink carnations.

Flower girl was little Miss Paula Townsend, who was gownned in white organdy with high collar. (See CHURCH, Page 14)

NEXT SUMMER—Mr. and Mrs. Joe L. Hunter of Hatfield, Ark., formerly of Pampa, are announcing the engagement and approaching marriage of their daughter, Carol, to Paul R. Jones, son of Mr. and Mrs. Ray Jones of Laketon. The wedding has been set for sometime next summer.

Baby Shower Is Given Mrs. Young

Mrs. Elmer D. Young, 721 West Buckler, was honored with a pink and blue shower in the home of Mrs. Dean Cason, 1027 East Francis.

The guest of honor received a corsage of pink carnations tied with pink and blue ribbon, in addition to her many gifts.

Refreshments consisted of cake and pink lemonade.

Guests included Mrs. Norman Fulp, R. L. Edmondson, Leon Crum, L. N. Kinnaird, Earl Ammons, M. K. Gurley, H. L. Crump, M. F. White, Sam Keel, J. M. Brown, Jones Seitz, Lee Price, C. E. Powell, B. E. Altman, Bill Clark, Herbert Moore, S. W. Burden, Boyd Stephens and Carl Ammons.

Mrs. Harold Stephens, Arthur Love, W. H. Burden, Ewert Ray Duncan, Melvin Clark, Thurman Cline, W. Purviance, E. O. Smith, C. W. Allison, S. C. Evans, C. M. Evans, Elmer Tinnin, J. A. DeGrace, C. V. Newton, Don Foster, Raymond Johnson, Sam Williams, Irvin Daniels, J. C. Daniels and Joe Daniels.

Mrs. Merle Swart, Forrest Taylor, Jack McManey, Roy McDaniel, Wayne Cobb, A. J. Hindman, Bob Matthews, Earl Collins, Josephine Young and Vera Riley, and Misses Rosella Rogers, Sammie Jo Cason, Pamela Moore and Gloria Sue Keel.

Pampa Girl Elected TSCW Class Officer

DENTON — Miss Carole Jeanine Perkins, daughter of Mr. and Mrs. Thomas A. J. Hindman, Pampa, has been elected secretary of the senior class at Texas State College for Women for the 1950-51 term.

A junior interior design student, Miss Perkins is a floor chairman of her dormitory this year.

THIS CLEAN-UP PROGRAM has put me in a wonderful frame of mind! Pampa has waded through a long, tough winter (?) and she deserves a clean dress. Seems like everyone is doing his part in dressing up our town and like I say, I think it's wonderful. Makes me want to throw my arms around Pampa and give her a great big hug!

ONE OF THE FEW YARDS in town that doesn't need any extra attention during this clean-up program is at 109 E. Virginia. Doesn't Mrs. W. C. Mitchell live there? Bet I couldn't name a plant that isn't growing in her garden.

WE'RE REALLY looking forward to fresh garden vegetables this summer—a friend of ours planted lots of carrots and such. He's also growing a fine crop of gray hairs—worrying if there's going to be enough moisture for the garden!

A MOVIE is our formula for fun and we especially enjoyed "Cheaper by the Dozen" last week. Spied several different ones laughing throughout the picture and weren't the George Scotts mingling in the after-theater crowd? You know, I can usually tell about when that first evening feature is over because everyone starts out Francis Street for cold drinks or more often—ice cream. This is the ice-cream-eatingest place! The "Red" Bearden family gets out to the ice cream places nearly as often as Peg's!

WE TRY NOT to cast that "stern backward glance" when another baby gets out of hand in church services—we can remember not long ago when we were in their pew!

PAMPA PANORAMA: Thanks to George Newberry for that tour of the local telephone offices... I've heard more than one person say they had a greater appreciation of the "hello girls" now... One of the most talented and charming young matrons I know is Mrs. H. E. Craddock. Folks say the Rex Rosses' little Mary Jane is ever so cute... but then she has a pretty mother, doesn't she? Heard Mrs. L. N. Atchison returned last week, but she was gone and back before Peg knew it... fine thing... but then I'm always the last to hear any news... I think Roy Bourland is a good conversationalist... especially at a banquet table where you may or may not know the person seated next to you... Mrs. Clara Sexton is attractive and aren't her two youngsters fine... I thought for a long time they were twins... Mrs. B. G. Gordon looks nice in navy blue... I saw her shopping the other day?... by the way, does the Gordon's daughter live in Borger now?... I used to love her piano recitals... See Ben White talking along the street quite often... he seems to have a lot of friends. One of the best things about that picture window at Duncan Insurance is the way it "shows off" Vern Patterson. Like that "all shades of brown" frock Mrs. Fricie Dosier wears... she's certainly a young-looking grandmother... Bunny Shelton is busy with first one party and then another... her wedding date is coming up shortly... Betty Finkelstein looked extra smart the last time I saw her... she was decked out in red check... Wonder if the Gene Greens have the travel folders out this year... that South American trip last year was the trip of a lifetime, but maybe they're gonna see some of this fascinating old U. S. this year... anyone heard? Never heard of so many recitals, but they always come right at the end of a school term... I'd especially like to hear little eight-year-old John Campbell in his recital tonight... He's one of Mrs. H. A. Yoder's students.

WHO'S BUILDING on the corner of 18th and Russell? Right across the street from the D. E. Holt family there's a long, rambling house going up. Don't know who's building there, either. These people building new homes should put a big sign in the yard—"This is the future home of the Smiths"—or whatever the name is. That way we of the curious clan would not have to speculate!

NEW HOMES ARE FINE, but there's always something rather sad about a family living half a lifetime in a house and then leaving it. That's what everyone says. Just seems there's something special about the place "where the kids grew up"—the footprints made in the walk while the cement was still wet... the marks on the nursery baseboard that got in the way of a tricycle, or the home base for "Kick-the-Can" where grass never grows. Yes, it's awfully sad because these new homes will never have "visible" marks for your memory. What am I saying? There's still such a thing as grandchildren.

ROARINGS FOR ROSES have been heard all week. The vesper tea for the high school graduates called for lots of roses and luckily just this last week or so the flowers started blooming. Mrs. W. B. Campbell was helping to wind and twine the roses on trellises. I'm looking forward to being the mother of a graduate. These graduation teas and parties sound like such fun. Among the sweet girl graduates making the rounds of social events with their proud mamas are Mrs. P. B. Wright and Mary, Mrs. C. W. Berry and Laura Nell and Mrs. Skeet Roberts and Merdella.

ON GRADUATION: The W. S. Dixons are having double commencement exercises—son Bill gets his B. S. from Texas U. and their youngest, Dorothy, finishes up at high school.

HEARD THAT Mrs. L. A. Barber has the walls in one of her downstairs rooms all in red. Sounds so-o bright and I'd like to see the effect. Don't the Joe Gordons live there on Charles where the den is done all in red? Ummmm, these bright color schemes just cheer me up to think about them!

LAST WEEK'S MAN of mystery was Knox Kinard—he's real busy with graduation and other details of closing the schools. School superintendents just seem to stay busy all the time.

"Better watch where you're going
'Cause you may look me in the eye,
And then without even knowing
Just pass me right on by!"

As ever,
PEG O' PAMPA.

GIRL SCOUT NOTES

CAST OF THE STABLE BEE will be presented as a part of a program by the Junior Studio in the Junior High Auditorium at 8 p.m. Saturday.

The program is under the direction of Mrs. Jeanne Willingham and is sponsored by the Segregation Association. Pictured are—front row, left to right: Zephaniah Davis, Duke White, Guyton, and Heloise; second row, left to right: Waverly Williams, Betty Lee, Lora Williams, Karen Capps, Queen Bee, Bonnie Walsh and Dale Sue Love.

Miss Sullivan is Elected NSA Head

Miss Nancy Sullivan, business manager of the National Secretaries' association of an election in the City Club Room Wednesday night, the second Mrs. Monroe Barnes.

Other new officers are: Miss Charles Paul Young, vice president; Miss George Thwait, secretary; Miss Mary Louise Parker, treasurer and Miss Edith Miller, parliamentarian.

After Mrs. Barnes had outlined the meeting to other reports were made and the roll of names received and the roll of names for the graduating class in secretarial training. Plans were then outlined for the dance, social and other affairs. The next meeting will be held Wednesday night, June 22, at the Beacon Arts Studio. Plans will be presented in the Junior High Auditorium.

A dance will be held at a social meeting in June.

Joe Beards, both of Grant
view and Mayo Surges of
Hopkins. Others entering were:
Doris Ann Swain, Blue Bell
Club; Gertrude Wagner, Grant
view Club; Betty King, a.s.d.
and Jack, Wade Both Kings,
Almond Club.

The three highest scoring
participants in the 10 and 11 age
group were: Peggy Alverton,
Don Louise Mann and Ray Har-
rison, all of the Hopkins Club.

Three entries in this class in-
cluded Josephine Smith, Elsie
Aime Smith and Don Elia
Leggett.

The three highest scoring
participants in the 12 year a.s.d.

Mrs. C. C. Campbell, above, 1-year-old son of Mr. and Mrs. C. C. Campbell, will give a piano recital at 2:30 this afternoon in the Church of the Redeemer. He is a pupil of Mrs. H. A. Foster and has been studying piano a little more than two years. Both years he has received a superior plus rating in the national piano auditions. He is in the second grade at Woodrow Wilson School, and will be assisted by his school music teacher, Miss Dorothy Loewen, who will play two numbers. John's program will include several Bach pieces and a Chopin waltz, as well as romantic and modern numbers. The recital is open to the public.

Mrs. Francis Clemmons
Pink, Blue Honoree

LETTORS — (Special) — Mrs. Frances Gernmons was honored with a pink and blue shower Tuesday evening, hosted by the Junior Art and Civic Club of Alton.

A bountiful, decorated with pink and blue, held the gifts, and the honoree's chair was also adorned with pink and blue.

Those were in present at the shower which was in the home of Mrs. F. A. Crutcher.

A bade aid, sponsored by the Junior Art and Civic Club, was held Saturday morning.

Brahma Crossbreeds Being Domesticated

MATHESON, Colo. — (AP) Talk about Brahmas bulls and most people picture a wild-eyed critter coming out of a rodeo chute hell bent for leather with a cowpoke hanging on for dear life. Those people haven't seen the gentle Beefmaster cattle which are predominantly Brahmas being raised in eastern Colorado, Texas and elsewhere in the nation. About one half Brahmas, a quarter Shorthorn and a quarter Hereford, the Beefmasters are so domesticated that in some cases ranchers don't even need cowboys to round them up. They just sound a siren and the cattle come charging in.

CLEANING THE CUFF

Johnny Michelosen of the Pittsburgh Steelers, only major league pro football coach who sticks to the single wing formation, is wondering what he'll do for material now that Pitt and Penn State have switched to the "T".... Crytic query from Casey Stengel: "Do you suppose Dick Wakefield could play first base?"

HEAVY DUTY—Big punching bag on his shoulder, Jersey Joe Walcott boards a plane for Hamburg. The perennial candidate for the heavyweight championship tackles German titleholder Hein Ten Hoff at Mannheim, May 28.

IT'S A TOSS-UP—In keeping with tradition, friends of Kerstin Oberg, student at Majorna Girls' College, Gothenburg, Sweden, toss her into the air and shout "hurrah" on learning she passed her final exams. For Kerstin, this is higher education at its peak.

Judge Rules Musician Can Perform Without Long Hair

PLYMOUTH, England — (AP) — The way Judge P. L. E. Rawlins sees it, a musician can be a well-paid longhafter without any hair at all. Or so he told 46-year-old Theodorus Peondies, pianist and tenor, who sued hairdresser Charles Ellis for 200 pounds sterling (\$360) in damages. Theo, said his lawyer, had a "magnificent head" of shiny black hair. It turned gray at the edges. He went to Ellis and got his locks blackened. He also got a skin disease, he charged, and lost most of his crowning glory. He feared a bald dome would cut his earning power. Long hair, Theo's lawyer asserted, "is accepted in musical circles as part and parcel of a musician who wants to appeal to his public."

Not so, ruled the judge. There's bald Sir Adrian Boul, retiring this year after long success as conductor of the British Broadcasting Corporation's symphony, one of the country's best. "Sir Adrian isn't well off for hair, is he?" asked the judge, "and he is a famous musician." Awarding damages of only 60 pounds sterling (\$158), the jurist remarked: "There is not a tittle of evidence to support the contention that musicians with hair are more highly paid than those without."

Mix grated cabbage and carrot with finely grated onion and mayonnaise for a tasty and nutritious sandwich spread. Add a layer of cream cheese to the sandwich if you like.

Sophomore, 49, Will See Son Graduated

NEWARK, Del. — (AP) — A 49-year-old sophomore will see his son get a diploma at the University of Delaware's annual commencement exercises June 6. Receiving his sheepskin in business administration will be Frank H. Horner, Jr., 24, of Wilmington, Del., a Navy veteran of World War 2. Witnessing the ceremony will be his father, Frank H. Horner, Sr., a sophomore in the school of education. The elder Horner also is a veteran of the last world war. Returning from service with General Patton's Third Army, the elder Horner said he decided to enter college because he was "fed up with being nice to people" in his old job as a grocery clerk. He thinks teaching will be better because "you don't have to worry about pupils taking their business to the school on the next corner."

Make sure that the meat you give young children is tender and easy to chew. Liver should be served often because of its nutritive value.

Youth Injured In Weird Mishap

KNOXVILLE, Tenn. — (AP) — A 12-year-old boy was critically hurt yesterday by a section of a telephone pole whip-lashed hundreds of feet when an airplane snagged a wire. The youth, Gary Lee Pennington of near Lafayette, Tenn., was under treatment by a brain surgeon at a hospital here. An uncle, A. C. Mackabee, said the under part of the plane became entangled with a telephone wire, snapped off a pole about half-way from the ground, and carried it through the air. The plane, coming in for a landing at a private field near the Pennington home, lashed the pole against the boy. The plane landed without further mishap, the uncle said. Law enforcement officers at Lafayette had no record of the incident.

Producers Finally Persuade Tim Holt to Wear City Shoes

By BO BTHOMAS

HOLLYWOOD — (P) — It took some doing, but they've got Tim Holt in a pair of city shoes. The actor is walking around in a brand-new pair of oxfords for his role as an immigration officer in "His Kind of Woman."

He'd much rather be in cowboy boots.

"Wear 'em all the time," he remarked. "I'd rather take a beating than put on those civilian shoes."

You can bet your boots that Tim wears his in all of his waking hours. The only other time I couldn't wear them was when I was in the army," he recalled. "I thought I'd die until I got my boots back on."

This might create the impression that he favors western pictures, which is what he usually makes.

"I don't exactly prefer westerns," he said, "but I think they're more fun. You're outdoors and there's lots of action. Besides, I can make three westerns in the time they make the usual kind of picture."

Tim has been in the movies since 1924, when he was knee-high to his father, Jack Holt. When he isn't making films, he's usually out with his rodeo. He likes to show skeptics that cowboy stars actually can ride a horse.

Anne Baxter was disappointed when "A Letter to Four Wives" was cut down to three. She was supposed to play the fourth wife. Well, she finally got to do the role. In "All About Eve," she is an actress who performs in a play within the movie. The scene is from the script concerning the fourth wife.

Jane Russell was opining that she'd rather pose for photos in an evening gown than in a bathing suit. "The more clothes you have on, the easier it is to pose; there is a lot less to think about in a gown."

Hi-yo, Hopalong, here comes Gene. Spies report that Gene Autry has started shooting his series of television shorts in Yucca Valley. Wonder when Roy Rogers is going to hop into the TV market.

Remember the name Marilyn Monroe. She does a scene in "Asphalt Jungle" that is the sexiest since Harlow. Now she's due for a star buildup at 20th-Fox. The gal is blonde, doesn't smoke, dislikes nightclubs and wants to be a dramatic actress.

Action on Appeal Delayed by Board

AUSTIN — (P) — Two members of the State Board of Pardons and Paroles, the return of the third member to consider whether the death sentence of William R. Ray, convicted rapist, should be commuted to life imprisonment.

Chairman R. A. (Smoot) Schmid and Member L. C. Harris Friday recommended — and Gov. Allan Shivers approved — a 20-day stay of execution after parents of the 11-year-old Fort Worth girl who was raped two years ago said they wanted Ray to live.

Walter S. Strong, the third man on the board, is on vacation and it is not known how long he will be gone. Schmid said.

FIRE FIGHTER—Being set up at the scene of a Maryland forest fire is a new Red Cross mobile communications unit. The portable unit is equipped to take over during disasters when normal communications are not working. It is just one of many new gadgets the Red Cross uses in its never-ending battle against disasters.

Magazine Resumed By Truck Producer

Another trade periodical, interrupted by the war, resumed publication this month with an almost 50 percent full color edition.

The magazine, "International Trail," published bimonthly by International Harvester, was first instituted in 1927 and continued publication until January, 1942. It was suspended during the war years and resumed publication with the May, 1950, edition.

It is being sent to truck fleet owners, who have five or more trucks in their fleet, upon dealer recommendations.

The first issue includes stories and pictures on Henry E. English, Dallas, president of American Trucking Association, Inc.; the International L-line testing program; the St. Louis Globe-Democrat's distribution fleet; two truck drivers with outstanding safety records; an expedition to Africa; and truck operations at a strip coal mine.

Prison Rodeo Stars To Get Tough Stock

DALLAS — (P) — More than 300 head of Texas' wildest, toughest animals will be brought here for the Texas prison rodeo June 3-10 in front of the State Fair grandstand.

There will be 90 bucking broncos, 50 Brahman bulls, 35 calves, 35 Brahman cows for the wild cow milking contest, 35 steers for bull-dogging and 25 saddle ponies for handling stock.

Five thousand temporary seats have been set up opposite the grandstand, bringing capacity to 11,000.

Lemon hard sauce is delicious served with Banana or Apple Betty. Just add a little lemon rind and lemon juice to your usual combination of butter or margarine and sugar.

Legal Publications

IN THE COUNTY COURT FOR GRAY COUNTY, TEXAS GUARDIANSHIP OF NANCY JEAN WHEELER, a minor.

John R. Wheeler, guardian of person and estate.

NOTICE OF APPLICATION TO MAKE OIL, GAS OR MINERAL LEASE

To all persons interested in the estate of Nancy Jean Wheeler, a minor:

You are notified that I have on this 18th day of May, 1950, filed with the Judge of the County Court of Gray County, Texas, an application for authority to make an oil and gas lease on form 88 Special-Texas-Clauson Co. Form, to John R. Wheeler, Hamilton Building, Wichita Falls, Texas, as lessee; the lease to be upon that certain tract of land belonging to said land being described as follows, to-wit:

Being the South East Quarter, Section 52, Block "H", N.E.N.W. 1/4 Survey of Childress County, Texas;

BEGINNING at a stake the NE corner of Sec. 52 and the SE corner of this tract;

THENCE West 95.00 varas to the SW corner this tract;

THENCE North 95.50 varas to the NW corner this tract;

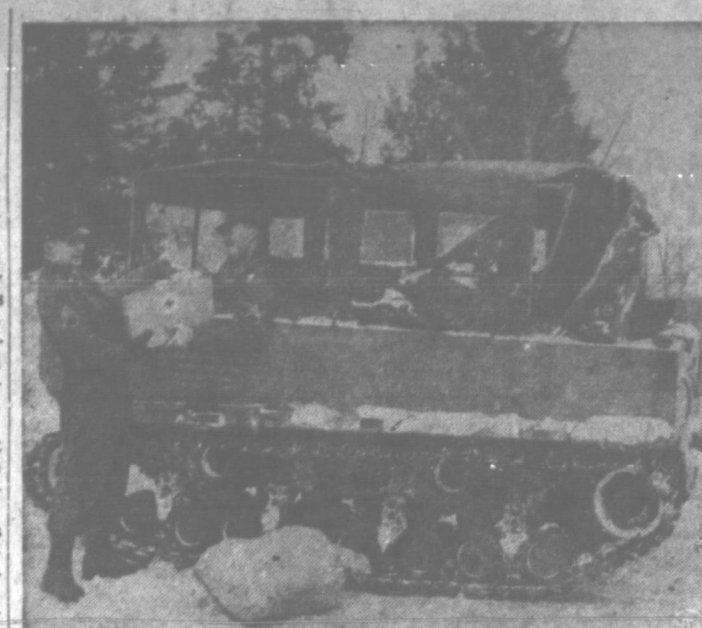

THENCE East 95.00 varas to the NE corner of this tract, in the West line of Sec. 52;

THENCE South 95.50 varas to the NE corner of this tract, containing 161-35/100 acres of land, more or less;

and that such application will be heard in the Court room of the County Court of Gray County, Texas, on the 29th day of May, 1950, at 10:30 o'clock A.M.

Witness my hand this 18th day of May, 1950.

MERCY MISSION BY WEASEL—When disaster strikes, the American Red Cross goes into action with the most modern developments in transportation and communications. Here, an Army weasel prepares to take emergency supplies to families isolated by a blizzard near O'Neill, Neb.

Farm Income In Texas Gains

WASHINGTON — (P) — Texas' farm income for the first three months of 1950 was higher than for the same period in 1949. This is a reversal of the national trend.

The Agriculture Department said cash income for the nation's farmers this year will be well under 1949 totals.

Among the states, Texas was third in the amount of farm income for the first three months of 1950. The total was \$281,446,000. For the same period in 1949, Texas farmers received only \$262,551,000.

Nationally, cash receipts from marketings in 1950 may total around \$28,000,000,000 — compared with \$27,500,000,000 last year, the Department of Agriculture forecast.

The reason? "Prices farmers receive for their products have generally been below those of a year ago, while their costs have declined only slightly," the department said. "This situation is expected to continue for the rest of the year."

Iowa led all the states with \$820,624,000 received from January through March of this year. That was a drop, however, from the \$863,543,000 for the same three months in 1949.

Illinois was in second place with \$403,273,000 for this year's three-month figures, a sharp rise from the \$369,845,000 that state's farmers got in the same period in 1949.

Fourth-place California with \$313,415,000 registered a decline of Nearly \$70,000,000 from last year's total.

Following are other state totals for the three month period for 1949 and 1950 respectively: Oklahoma \$97,792,000 and \$11,578,000.

New Mexico \$25,263,000 and \$26,981,000.

Three Texas Towns Set War on Flies

AUSTIN — (P) — A war on flies will be declared this week in Seguin, Sinton and Taft.

The offensive will span three to five years, the State Health Department said in an announcement of the project aimed at cutting diarrhea and dysentery deaths among children.

State, federal and local funds are to be used in the work.

State Health Officer George W. Cox said the areas were selected on the basis of population and mortality statistics on the two diseases.

Texas Town to Claim Fiddling Capital Title

ATHENS, Texas — (P) — Athens expects to be the "fiddling capital of the world" on Friday.

That's the date for the 15th annual Old Fiddlers Reunion. Fifty old fiddlers and 50 string bands will be on hand.

Gov. Allan Shivers will deliver the principal address.

"FROG MEN" BATTLE CANADIAN FLOOD—Canadian Army "frog men," specialists in underwater work, are seen going into action near a dike at Winnipeg, Man., as thousands of rescue workers battled the most catastrophic flood in Canadian history. Some 15,000 volunteers and 2000 soldiers worked around the clock to bolster dikes against the rise of the Red River, as 20,000 persons fled their homes before the flood.

U.S. Would Have to Fight 18 Months With Present Air Power If War Came Suddenly

By JAMES J. STREIB
WASHINGTON — (AP) — If war came suddenly the United States would have to fight for at least a year and a half with the air power it has now.

What it has now is good — there just isn't enough of it, says General Hoyt S. Vandenberg, air chief of staff.

Getting enough demands four big elements of production: men, machines, material and time.

Time — the one that can't be bought, borrowed, made or improvised — has been stressed in four major reports recommending higher levels of peacetime production of military airplanes.

The studies were begun in January, 1948, by the Air Coordinating Committee, representing all interested military and civil agencies. Later ones were made by presidential, congressional and private groups.

None of the proposed minimum levels has yet been approached.

The number of aircraft available to the Air Force and Navy has been declining. Proposed purchase plans now pending in Congress will not maintain present levels.

The Air Force now has a total of about 17,000 planes, of which 3,100 are of combat type in active service. The Navy has a total of 15,500 planes, with 2,200 combat type in service.

The aircraft industry, with 20,000 employees, is about three times pre-war size and less than one-fifth the war-time peak.

Size of the industry is important in plans for emergency expansion. Experience has shown that aircraft production can be tripled in one year and tripled again in a second year — if men, machines and material are available.

That means today's production rate of 150 combat planes per month could be boosted to 450 per month by May 1951 and to 1,350 per month — approximately the Pearl Harbor level — by May 1952. Numbers-wise the nation would be two years behind Pearl Harbor if war began tomorrow.

Aircraft production usually is stated in airframe pounds. The airframe is the empty shell without engines, landing gear or equipment. It represents less than half the cost of jet warcraft.

It requires about twice as many man-hours to build a pound of airframe today as during the war. And the average weight of airframe is twice that of World War II types. So an equal number of workers would turn out only one-fourth the number of planes built in war-time.

Almost everything about present day planes weighs more — and costs more.

A World War II light bomber had about 50 pounds of instruments. A jet light bomber has 1,970 pounds of instruments.

There are no more light bombers in production. The bomber called "medium" in this jet age is nine times the weight of a war-time "medium," three times the weight of a wartime "heavy," and half again as hefty as a war-time "very heavy."

World War II airplane wings were built of spars covered by thin metal skins of seven thickness. Workmen bent them into position for riveting. The fantastically fast jet planes call for wings covered with metal plates of tapered thickness.

The six propellers of a B-36 cost more than a fully equipped "heavy" bomber in mass production during the war. The

Wire-Snipping Sheriff Will Fight Lawsuit

EL PASO — (AP) — Sheriff Joe Campbell says he is ready to fight a \$75,000 damage suit filed against him by Western Union for snipping the company's wires to an Anapra, N.M., race news service.

The company also asked a federal court injunction to prevent Campbell from carrying out a threat to cut the wires each time they are restored.

"I suppose they will be granted a temporary injunction," Campbell said. "But I don't believe there is a federal court in the land which would give them a permanent injunction."

He said he would fight the suit with all the means at his disposal.

Campbell sent a deputy up a pole just this side of the New Mexico border last Saturday night to cut the wires.

Besides Campbell, the suit named County Attorney Ernest Guinn, Assistant County Attorney William C. Collins and Deputy Sheriff Earl C. Hammock as defendants.

Truman Approves Housing Plan Loans

WASHINGTON — (AP) — President Truman has approved loans totaling \$342,100 to enable public housing authorities in 36 communities to plan construction of 2,439 rental dwellings for low income families.

John Taylor Egan, commissioner of the Public Housing Administration, said the funds will permit local groups to complete surveys and planning work which must precede construction of the units which will be built under the 1949 nation-wide long-range low rent housing program.

Latest loans and the number of dwelling units included:

Texas — Del Rio \$55,000, 150 units; Overton, 12,000, 30 units; Gainesville \$40,000, 100 units; Gilmer \$16,000, 40 units; New Boston \$20,000, 50 units; Pharr \$30,000, 75 units; and Quanah \$18,000, 45 units.

The Roxburg fig. in the Canary Islands, reaches a size of four inches in diameter.

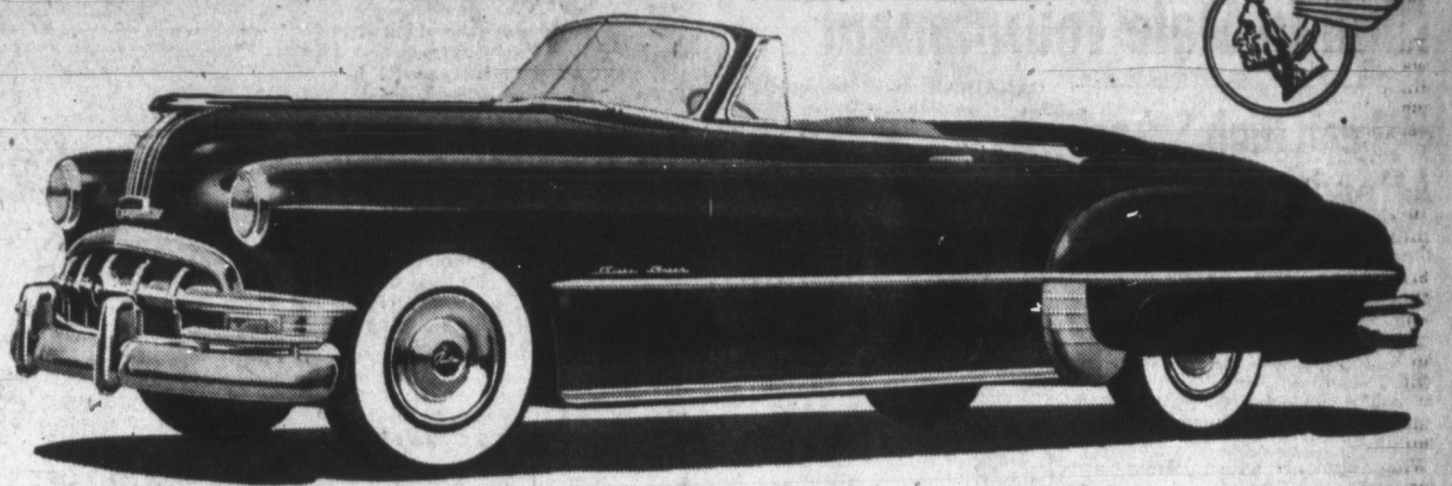

Four-Year-Old Boy Gets Free City Tour

TROY, N. Y. — (AP) — Four-year-old Richard D'Andrea toured Troy at the expense of the police department. The boy wandered away from home. Two policemen picked him up a mile away, but he couldn't say where he lived. The cops bundled him in to a patrol car and cruised around until Dickie spotted his home.

Penguins differ from other birds in that their wings are converted into paddles for the pursuit of fish under water.

Canadian Marksman Place High in State Tournament

McLean High School Attendance Is Up

McLEAN — (Special) — Through the month of April, attendance at McLean High School has an average above the attendance record last year. The high for the 1949-50 school year came in the third month with an average of 98.8 percent of the students present. The lowest figure was 95.3 percent which occurred last month.

The student with perfect attendance records as of May 4 were Donald Stafford, Tommy Sorrels, Billie Sue Pettie, Donna Stubbfield, June Stubbfield, Jane Williams, Joyce Trimble, Donald Knutson, Effie Carpenter, Ann Cooper, Colleen Crockett, Betty Gudgel, Waneta Hupp, Pat Patterson, and Cula Jo McClellan.

If those students are not absent during the rest of the 1949-50 school term, and have an average of C or above, they will be exempt from all final exams.

Selection of Dies As Speaker Hit

PASADENA, Texas — (AP) — School board members want to investigate a CIO protest over the naming of former congressman Martin Dies as commencement speaker for Pasadena High School.

The board said they want to probe into the purpose of the union's protest and determine whether the letter received from the Oil Workers' International Union, Local 367, represents the views of a majority of the local's 3,600 members.

Dies is scheduled to speak here May 31.

The board may consider the protest Wednesday.

Dies, upon being advised of the union's protest, offered to withdraw his acceptance of the invitation to speak.

The New York Giants set a major league baseball home-run record in 1947, with 221 circuit clouts.

Canadian Will Vote June 6 On Bond Issue

CANADIAN — (Special) — A special city election will be held here on Tuesday, June 6, when qualified paying voters will decide on a proposed \$30,000 street paving bond issue.

The election order was passed by the City Commission last week. The date was set for the election and election officers were appointed.

The election will be held at the Canadian City Hall.

Election officials will be R. L. Durham, presiding judge; R. M. Hobdy, judge; and W. E. Lalicker and Erbin Crowell, clerks.

The proposal to come before the local voters will be the issuance of \$30,000 in bonds, to mature serially over a period of not more than 20 years, at a rate of interest not to exceed 3.25 percent; and for the levy of a city tax sufficient to pay the annual interest and create a sinking fund for retirement of the bonds.

The issue, if carried, will finance the city's share of the cost of paving an estimated 26 to 30 blocks of city streets. All of the proposed new paving will be in with streets paved during the past two years. Surveys by a special Chamber of Commerce committee, headed by C. H. Hamilton, have indicated that property owners will cooperate in a paving program of that extent.

The championship matches were held at El Paso May 12, 13 and 14. Dillman fired a 30.06 National Match Winchester Target rifle. All competition was for big bore rifles.

Championship ratings were determined from aggregate scores in 18 matches.

Dillman collected a silver medal for first place in the 1,000-yard firing with iron sights, and another for the greatest number of consecutive bulls eyes in this contest. He also won bronze medals for 4th place in the 300-yard standing match; 3rd in the 200-yard rapid fire; 4th in the 600-yard match; 3rd place in aggregate scoring for the first group of matches; and 4th in the Texas State Rifle Championship for his aggregate score in all matches.

Tubb took 10,170 medals and placed 8th in the State Championship ranking.

Riflemen from California, Arizona, New Mexico and Texas were represented in the matches.

Wesleyan Service Supper Is Held

LEFORS — (Special) — The Wesleyan Service Guild of the Methodist Church held a picnic supper last week. The supper was held at the home of Mr. and Mrs. W. D. McCool at Webb.

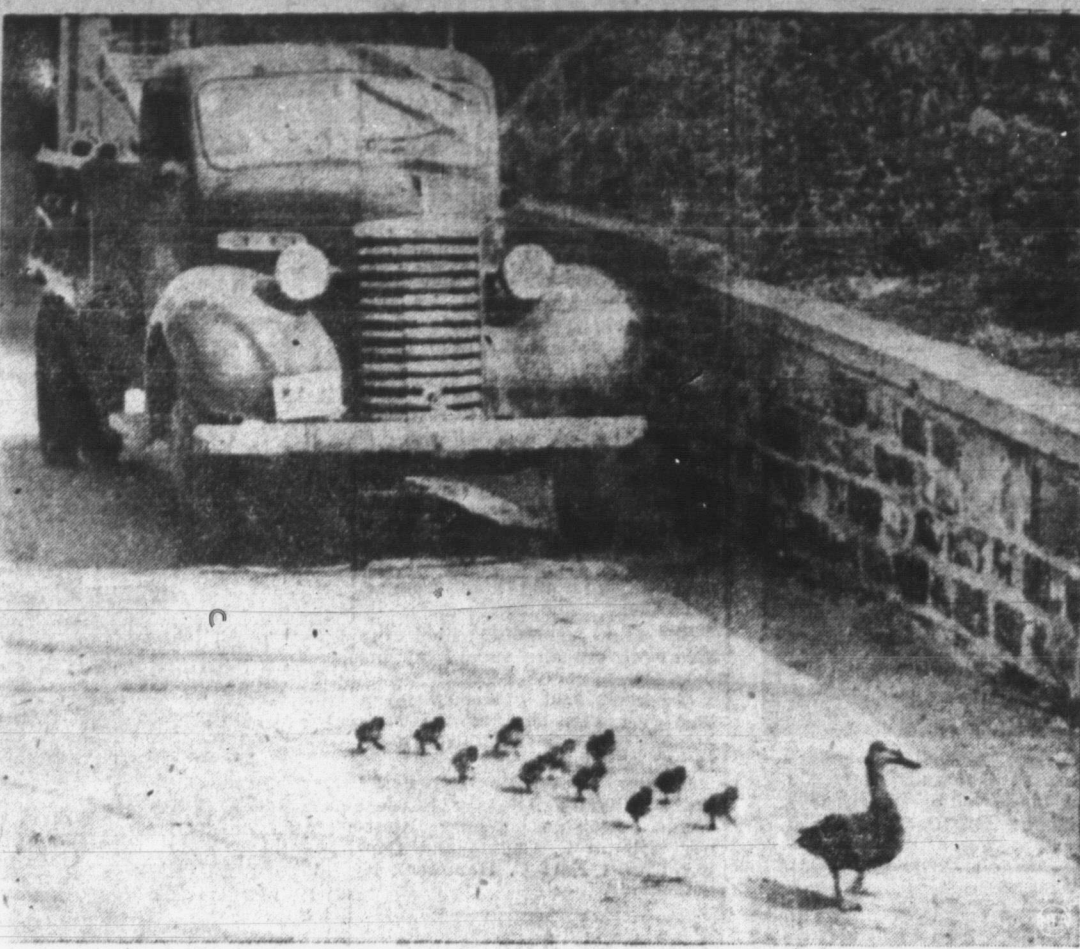

The families of the WSG members were guests for the social. Those members present were Mesdames Alfred Bennett-Ray, F. H. Campbell, Wayne Koschewski, W. R. Combs, Billie Ellis, Marion Brown, Misses Evelyn Carman, Mary Alice Thompson and Norma Lee Lantz.

Gain Is Recorded In Living Costs

WASHINGTON — (AP) — Living costs inched up a bit last month. The Bureau of Labor statistics said its index showed a rise of two-tenths of one percent between March 15 and April 15.

With the 1935-39 period figured as 100, that brought the index to 167.3 for mid-April, 14 percent lower than a year ago, but 25 percent above the figure for June 1946, when price controls were relaxed.

There are 65 foreign diplomatic establishments in Washington.

WOMEN AND CHILDREN FIRST—Truck traffic has a low priority in Chicago's Lincoln Park when Mrs. Duck decides to take her waddling platoon of ducklings to the pond.

Groom 8th Grade Commencement Slated Thursday

GROOM — (Special) — The eighth grade commencement exercises will be held in the high school auditorium at 8 p.m. Thursday May 25.

Sixteen students, 12 boys and four girls, will receive diplomas at this time. A large open book will be the stage back drop.

The class colors, green and white, will predominate.

Leaders for the occasion will be Colvin Wade and Jimmie Eschle, two members of the seventh grade. Ushers will be Jack Quirk, Arletus Ruthardt and Bob Wade.

Students who will receive diplomas are Herschel Black, Ruth Blackwell, Amos Britten, Dale Clark, Donald Clark, Bob Craig, Clifford Fraser, Mary Dell Adams, Buddy Kirk, Carey McAdams, Stella Patterson, J. R. Points, John Quirk, Richard Roehr, Almeta Ruthardt and Edwin Weems.

The actor and his wife, known on the screen as June Allyson, said that they anticipate the arrival in December. They have an adopted daughter, Pamela, two years old.

C.A.P. Unit Pushed By Canadian Group; Leader Is Named

CANADIAN — (Special) — First step toward organization of a Civil Air Patrol Unit in Canadian was taken last week when a group of twenty local men met at the Killarney dining room with Captain Phil Lovett of the C.A.P. Headquarters in Dallas.

Noble Trueblood of Canadian was elected unit commander, and will appoint the seven staff of officers to staff the initial flight.

Trueblood was confident, however, that the unit would be able to enroll the 51 senior members required to form a full C.A.P. squadron.

Lovett, who is a captain in the U.S. Air Force and assigned to an executive position with the CAP Wing Headquarters at Dallas, discussed in detail the formation of the Civil Air Patrol Units and their work with high school cadet organizations.

Equipment, including planes and communication equipment, will be furnished the unit by the Air Force. Amount and type of equipment will depend on the size of the unit formed here.

Membership is not restricted to pilots. Lovett pointed out, nor is it limited to men. Reserve officers and enlisted men who are members of the Air Force Reserve may receive duty and retirement credits for work with

Final Meet Held By Lefors P-TA

LEFORS — (Special) — The Parent-Teachers Association had its last meeting of the 1949-50 school year in the high school auditorium Thursday night.

Included on the program was the installation of officers for the coming year. They are Mrs. Iris Barron, president; Mrs. J. E. Carter, vice president; Mrs. Howard Archer, treasurer; and Mrs. Bob Brown, secretary.

E. R. Reeves, superintendent, recommended that henceforth the May meeting should be held at the first of the month.

Reeves gave a talk on "What Do You Want in Your School?" He brought out that it is the duty of everyone to be acquainted with their school. The Lefors schools are completely free of debt at present, he said. They belong to the Southern Association of Colleges and Secondary Schools, a foremost accrediting association.

CAP units.

Commander Trueblood said a second meeting will be called, probably next week, to complete the organization. Notice will be given. Several members are expected to enroll in the local unit from Lovett and Higgins.

Capt. Lovett was accompanied to Canadian Wednesday by Lieutenant H. B. Hagley (CAP) of Dallas, an officer in the Wing Headquarters.

School Girl Is Slain By Knife-Wielder

CHICAGO — (AP) — A pretty 16-year-old high school girl was slain early Saturday in a battle with a knife-wielding assailant. She was attacked in front of her South Side home as she returned from a church social program.

Slashed and brutally beaten, the girl was found lying in a pool of blood on the front steps by her brother, who heard her screams.

The girl, Patricia Swartz, died 40 minutes later at St. Bernard's hospital.

Police said she had been stabbed nine times — on the face, wrists and right side. She lapsed into unconsciousness shortly after she was found by her brother, Edward, 15.

Police said the brown-haired Englewood high school junior student attempted to fight off her assailant. They said in her hands she clutched a few strands of dark hair, and underneath her finger nails were found pieces of

skin. Physicians at the hospital said her skull was fractured. They said she was not raped.

Police said none of her clothing was torn but some of her finger nails were broken.

Patricia's parents said she had left home about 8 o'clock Friday night to play volleyball at the nearby Englewood Baptist Church.

Latest Methods of Fighting Aftosa Outlined at Meeting

PARIS — (AP) — New methods of fighting hoof and mouth disease, which takes a multi-million dollar toll of farm animals every year, were devised at an international meeting which ended yesterday.

More than 30 nations, most of the western world, sent farm experts to the meeting held jointly by the United Nations Food and Agricultural Organization and the International Office of Epizootics (epidemic diseases in animals).

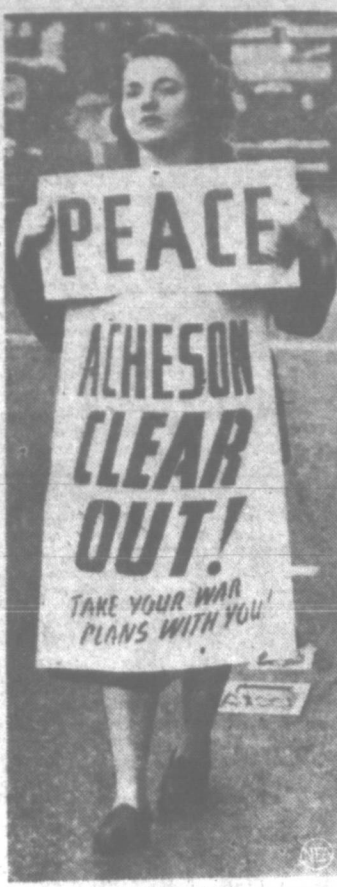

The steps include pushing efforts to improve serums for vaccinating farm animals and of improving the technical training of expert veterinarians.

Nations represented included the United States, Canada, Mexico, most of Europe, India and Pakistan and a number of Pacific and African countries.

Mumps, Influenza, Chickenpox Rising

AUSTIN — (AP) — Mumps, influenza and chickenpox continued prevalent in Texas the past week.

New cases of mumps totaled 1,382 compared with a seven-year median of 500. There were 1,088 new cases of flu compared with a past average of 818, and 742 new chickenpox patients against an average of 446 in the previous seven years, the State Health Department reported.

WALKING PAPERS—A woman picket before the Savoy Hotel in London carries signs urging U. S. Secretary of State Dean Acheson to "clear out." Acheson, in London for "Big Three" talks with British and French foreign ministers, was being honored at a dinner by the Pilgrims Society, an organization for aiding Anglo-American friendship.

Command Given To Prince Philip

LONDON — (AP) — Princess Elizabeth's husband, Prince Philip, won his first command in the British Navy.

The admiralty announced the tall, handsome Philip will take charge of the anti-aircraft frigate *Magpie* in August.

Court circles also predicted that about the same time he would be upped from lieutenant to lieutenant commander.

Philip, 29 next month, now is first lieutenant of the destroyer *Chequers*, based at Malta. He returned to active naval duty last fall.

INS-18 DALLASITE Claims It Rained Bricks

DALLAS — (AP) — It rained bricks during an early morning thunderstorm here yesterday, V. C. Damron, special officer for the Cotton Belt Railroad, says.

Damron said he was sitting in his car beneath a building owned by the railroad when lightning struck a brick parapet on the roof of the building. Bricks showered down on Damron's automobile.

"If the strike had occurred a second or so later, I probably would have been getting out of the car to make my regular check," the special officer said.

A dairy cow has been found in some conditions to return about seven times as much income per acre of pasture as any other livestock.

Truffles belong to the fungus family, related to mushrooms.

To look at the Four Corners Service Station, 2616 Alcock, on the Burger Highway, the passer-by would think it to be one of the many small gas stations which sell a little of everything—gas, oil, candy, bread, and milk. Actually, however, it houses one of the most unusual displays ever exhibited in the dusty Panhandle.

Mr. and Mrs. W. A. Noland, better known as Al and Ella, are the proud possessors of a large and unusual variety of beautiful, multi-colored tropical fish from all the corners of the earth.

One of the most interesting fish they have is the Angel Fish, or Pterophyllum Scalare, from the Amazon River in South America. They are bright silver with black vertical bars on a very thin body. The black stripes disappear when the fish is disturbed or frightened. These fish are very striking in appearance and live from 15 to 18 years.

Probably the best-known of their fish is the Guppy. This little fish, which comes from Venezuela, has a scientific name that is longer than it is, namely, *Lebistes Reticulatus*. The unusual thing about them is that no two males are ever alike. Every color of the rainbow is present, intermingled with irregular black spots and bars. The female is a dull grayish green and bears its young alive.

The Siamese fighting fish from Siam come in greens, blues, and reds, all exceptionally attractive. They are bubble nest builders; that is, the male builds a floating nest of bubbles three to six inches in diameter. They are very savage fish and the native Siamese fight the males just like the Mexicans do roosters. Two of them will fight until one is killed. It is interesting to note that they attack only the males of their own species.

The Neon Tetra have red, yellow and blue lights and look just like brightly lighted neon signs. The Blind Cave Tetra from Old Mexico are born, not only without eyes, but without eye-sockets.

Three 30-gallon tanks in the station contain over a dozen different species of tropical fish whose bright colors create a panorama of flashing beauty.

This unusual collection began about a year ago when Ella ordered some tropical fish for her own pleasure. They were so beautiful and so interesting, and visitors admired them so much, that she decided there might be some profit for her in selling them.

That first order nearly put her out of business. She ordered them from Florida and they were supposed to be shipped by plane. They got to St. Louis by air, but from there things went haywire, and by the time they arrived in Pampa, they were on a train. When Ella ordered fish, she ordered some tropical plants also. The rail company office called her and told her they had her plants. They didn't say the fish were there too.

That was at 9 o'clock one night. The next morning, Amarillo called and told her to come get her fish. When she picked them up, all but nine were dead. So expensive were they that Ella was nearly discouraged by the loss from that first order.

Although tropical fish are very easy to keep, there is a certain amount of work required to keep them healthy. Most of this work comes when they first arrive from the shipping point to the retail dealer.

They are shipped in metal tanks in a sealed carton. After their arrival, the fish are removed from the shipping cans, and placed in a receiving bowl and given a special salt treatment. Then each fish is individually inspected for bruises or diseases before being placed in the aquarium. Those which fail to pass inspection are treated in another tank until they are well.

Tropical fish are much more hardy and less susceptible to disease than goldfish. About all you have to do, according to Al and Ella, is to watch the temperature of the water, and make certain it stays above 65 degrees. The

most favorable temperature is 75 degrees.

The fish have no odor, which makes it unnecessary to change the water except when it gets dirty, which isn't often.

Tropical fish are much different from gold fish as to feeding habits also, Al says. "Gold fish are just like horses; as long as you pour feed in the trough, a horse will keep eating until he kills himself. On the other hand,

tropical fish are like an old mule; you can load his trough down with food, but that old mule will eat only so much and no more." The tropical fish are fed dehydrated water fleas, dehydrated shrimp, blanched spinach, and raw hamburger meat.

Each tank contains a number of plants native to the tropical waters. Included in the Noland collection are the sagittaria from South America; the water sprites from Africa; corkscrew plant, from the Amazon River in South America; water fern, water lettuce, umbrella palms, and others.

One of the more interesting and unusual plants is the cellophane plant which has both long slender leaves and round ones on the same stalk.

The Farallon Islands, 26 miles west of San Francisco, have a population of 30.

16 Soviet Vessels Halt off Britain

LONDON — (AP) — Sixteen Russian fishing trawlers and tugs and a mother ship anchored in English waters yesterday off Falmouth but nobody seemed to know what they were fishing for.

Various other reports said as many as 10 other small Soviet craft were in or had gone through the English Channel in the past 48 hours.

The first sea lord, Lord Fraser, said "I think it is an ordinary passage to the Black Sea" from the Baltic Sea. But an Admiralty spokesman added: "we don't actually know where they are going."

British and other Brussels pact powers begin combined exercises in the Bay of Biscay next week. The Russian vessels might pass through that area on their way to the Black Sea.

"If they appear on the scene when the warships meet for the maneuvers, there is nothing we can do about it," the admiralty spokesman said.

The Gold Coast of Africa produces more than half a million ounces of gold per year.

INVITATION TO COLONIAL—First of the 36 golf champions to be invited to the \$15,000 Colonial National Invitation Golf tournament in Fort Worth, May 25-28, was the current U. S. Open champion, Cary Middlecoff, right. Colonial Chairman F. M. (Max) Highfill is shown delivering the engraved invitation to Middlecoff in Houston, where Middlecoff recently added the Houston Open title to his laurels. Thirty-five other champions—all the biggest names in golf—will play for the coveted Colonial title and \$3,000 winner's purse. Tickets for the event, which presents more of the top talent in its field than any other sports activity in the Southwest, are now on sale, and mail orders will be filled at Colonial Country Club, Fort Worth.

Copper Price Climb Raises Job Outlook

By SAM DAWSON
NEW YORK — (AP) — Copper prices on the climb again bring hope of more jobs in the mining West. They also bring prospects of higher prices — or at least the blighting of hopes for lower prices — in a long list of things you use every day in which copper is a part, from homes to autos, electrical appliances to phone and power lines. Home-building costs are already climbing again after last year's downturn. Many materials besides copper have been going up. Shortages are reported here and there, just like the early postwar days. Labor costs continue to rise and contractors complain. Copper's one-cent-a-pound jump Thursday, equalling a like hike just a month ago, has brought the price to 20 1/2 cents, more than half way back from last summer's low of 18 cents to the postwar peak of 23 1/2 cents.

Many in the trade see the likelihood for still higher copper prices before long. They cite two factors. There is the chance that the two-cent-a-pound tariff will be slapped back on imported copper July 1, unless Congress acts in the meantime. Even more bullish, however, is the current shortage of the metal in a booming market. A year ago producers couldn't move the stuff. Now some users are reporting they can't find the copper they need to supply the auto, construction and utility companies. Some say they are paying higher prices for Japanese refined copper cathodes than for the domestic electrolytic refined copper, which normally would sell at a higher price in this market. The Japanese metal was bought by fabricators who needed copper badly and found American producers sold out through June. Stocks on hand are the lowest point in five years. The price hike a month ago also whetted buyers' appetites for more of the metal.

IT'S A LONG JUMP FROM THE STUMPS—Congresswoman Helen Gahagan Douglas begins a new era in political campaigning as she takes off from San Francisco's ferry building to speak in various points around the bay area. A candidate for U. S. senator, Mrs. Douglas had the helicopter outfitted with a public address system so she can make herself heard wherever she lands.

The island of Bermuda slowly is sinking into the sea.

Hard-to-Describe Feeling Given Writer by East River

By HAL BOYLE
NEW YORK — (AP) — It flows never by my door, and I wish could share it with everyone the world. You can feel that way about river. It gives you a surge of faith that has no selfishness in it. The river that moves back and forth before my door, a creature of the tides, is named for prosaic point of the compass it's the East River. But to me, I don't know how many unless thousands of others, it is a silvery ribbon that ties together the tang of the earth's corners. It wraps the world in a salty glow and brings it home to us who dwell on land but love the tender of rolling water. The river and water are calming things to the human spirit, which by nature is as restless as a deer. But having known both,

I'll swap a fireplace, anytime to have a view of a river. And this East River is a special river, one of the busiest waterways of the world. To study the ships that ply it is an education in itself. They come from everywhere, and they go everywhere, and they carry everything that any one could want. For three years I have been watching it from an 8th floor apartment window, and I never know when I love it best — in sunlight or slanting rain, by magic of midnight, when the lighted ferries shuttle silently across the blackness like caterpillars carrying lanterns. That is the river I love... the East River... the only one I really know, although a was born by the banks of the muddy Missouri. And as long as I live, if I can choose where I live, I'll be in a place that has a window that looks down upon a river. What makes a river so restful to people is that it doesn't have any doubt — it is sure to get where it is going, and it doesn't want to go anywhere else.

CAPITAL SOUVENIR — This medal commemorating the 150th anniversary of the national capital, will be placed on sale in Washington soon as the official souvenir of the capital sesquicentennial. On the obverse is a reproduction of the Statue of Freedom that stands atop the Capitol dome; the reverse depicts President John Adams addressing the Sixth Congress on Nov. 22, 1800, an event that made Washington the permanent capital. The copper-bronze medal will sell for \$1 and the silver one for \$5.

'Hate America' Drive Underway

FRANKFURT, Germany — (AP) — A former U. S. embassy press attache in Prague says Czechoslovakia is staging a "Hate America" campaign for its youth, replete with press assaults and vitriolic lectures. The former attache, T. J. Crockett of Unionville, Conn., told reporters the Czech press uses 50 percent of its space for "fantastic attacks on the United States." Crockett, who was expelled from Czechoslovakia with about 40 other Americans in a forced reduction of the embassy staff, said the attacks center on such topics as "degenerate jazz," racial problems and clothing styles.

Californian Finds Governors Nice Guys

SANTA ANA, Calif. — (AP) — Walter L. Arney figured the only way to find out what kind of guys governors are was to write them. He did, and 47 answered promptly, he says. The 48th California's governor Earl Warren, apparently needed some prodding. Arney wrote him six more letters. All went unanswered. Resorting to strategy, Arney wrote Mrs. Warren. This time he got a quick reply, plus what he had wanted all along — Warren's signature. Arney, a semi-invalid, is starting an autograph collection.

The Golden Text is: "My soul, wait thou only upon God; for my expectation is from him" (Psalms 62:5).

SQUEEZE ON MUSTARD—Already accustomed to brushing his teeth with Dad's shaving cream, Junior now faces the possible hazard of encountering Mom's mustard in a squeeze-out tube. Food packers are testing this new tube made by an Elizabeth, N. J., manufacturer to hold condiments, cream cheese, jelly spreads and other soft foods. This housewife squeezes mustard on a hamburger.

Federal Operation Of Texas Smelter May Be Continued

WASHINGTON — (AP) — Continued government operation of the Texas City tin smelter until 1956 is being recommended by the Reconstruction Finance Corporation.

Rep. Clark Thompson of Texas said the RFC made the decision after a conference with Senators Connally and Johnson and Thompson had with the National Resources Board and the Defense Department.

The RFC's authority to operate the nation's only tin smelter would expire June 30, 1951. Thompson said he and Rep. Spence (D-Ky.), chairman of the House Banking and Currency Committee handles RFC matters. "The RFC proposal in no way conflicts with our proposal to make a permanent disposition of the tin smelter by placing it in private hands," Thompson said. "However, time is growing short and in the interest of national security it is agreed by all of us that it is essential for the smelter to continue uninterrupted operations."

"Since the proposal reached Congress as an administrative measure, I do not anticipate any undue delay or difficulties in securing its passage."

Distant Star

BY HERMINA BLACK

XXXIII
WHEN Loulie set down the tray beside her bed, Clemency awoke and sat up with a start. "Baba!"

"Nurse says she is still sleeping. She has had a wonderful night. Praise be to Allah, she will get well," said Loulie joyously. "The doctors both have gone."

"What time is it?" Clemency glanced at her clock. "Loulie! I should have been called before this!"

"No, Sitt. The Sidi Amberly's orders. And you are to eat your breakfast in bed."

Clemency sank back on her pillows, still drowsy from the effects of the sleeping tablet she had been given last night.

The sunlight flooded the room like a benediction—Baba was going to get well. And then she remembered why this heavy ache lay at her heart, why it would be worse before it ever eased.

Nothing of what had happened during this last 48 hours had changed her own problem. She still had to give Piers back his ring, and tell him she was going away. It was useless to think things could ever be the same between them again—loving him so desperately only made them worse.

She might forgive what he had done to her—but nothing could undo what he had done to Jon. What Syrie had made him do!

She clenched her hands until the nails dug into the palms. Last night when she came to bed she had wept, but the tears were out of her utter weariness, and her relief over Baba. Her own tragedy was too deep for tears.

Luncheon was over when at last she emerged from her room to go in search of Piers, but he did not seem to be anywhere about, and it was Syrie she found.

This morning only the shadows around Syrie's eyes which her make-up did not quite succeed in hiding, betrayed anything of what she had gone through. When

I AIN'T GOT NO DEEP FREEZE

yet, but it's probably due to the rail strike, don't you think?—I shouldn't complain about that strike, because it practically saved my life—slowed down the mountains of mail that Mr. Honery Guill's been getting here since the election—You never saw anything like it—letters from every point in the U. S., from Peru, Mexico, London and Old-Mobette, all patting the people of the Panhandle on the back for declaring their independence—one fellow said from now on he was celebrating the Fourth of July on May 6.

Some of those letters are Lulu-like the one from Cyclone Davis (it wasn't complimentary)—and the one from the gal who sent her picture and wanted the old son-of-a-bitch to be the highest official in our government on both sides and become one of the capital's best known figures. In a week's time—a fellow called me from Amarillo yesterday who'd just come back from up there, and he said long-time residents of Washington declared it was the biggest reception given a Congressman in the past thirty-seven years—don't you know old Ben is goggle-eyed?—guess he hasn't changed much, though—when some newspaper man mentioned he'd have to wear white tie and tails to some dinner, Ben told him he'd borrowed them from Tom Rose, the only man he knew who owned such finery—looks like his feet are still on the ground.

Speaking of ground, I've got some to sell—good corner lots in Fraser Addition—they ain't cheap, but you got to consider they go a long ways down in the ground—and I'll bet you didn't realize that the Mark Ventine house contains 3064 square feet—that's a lot of house, and all of it good—and L. H. Duncan's house at 234 N. Wells will open your eyes, too—they have just re-done it and it's pretty as a rainbow trout—or if you'd rather fix one up yourself how about that big eight-room house at 103 N. West?—it's old but in fine condition—can be bought for \$4000 to be moved off—the little houses on the back of the lot can be had, too—\$750 each or maybe both for about \$1250.

Also—3 bedroom home at 585 N. Somerville—Johnny King's 5 room home at 518 Dwight—Another 5 room at 106 N. Faulkner, only \$850—small local variety store doing well and a good little grocery on the Berger highway.

Congressman Guill just called while I was writing this!—all the way from Washington, mind you—he was happy as a lark because the Canadian River Dam project will clear the sub-committees on Monday—the way I understand it, those committees can just hold on to a bill for years, until it dies of starvation—But Ben got some Republican support on the thing and it's on its way—Say, maybe Republicans are good for something, after all—looks like they've suddenly discovered there's a Panhandle of Texas.
