Schools Now Fully Accredited Harper Reports

Wellington schools are fully accredited with the Texas Education Agency for grades one through twelve, Supt. J. L. Harper reminded this week.

He brought up to date information concerning the status of the school, which was placed on probation pending certain plant improvements.

These were remedied by the complete remodeling program and construction of new physical education-vocational home-making - agriculture building, and improvements at the football field. Along with this was the addition of new equipment, including that in the science laboratory.

Mr. Harper said that in late April, 1968, when the building program was completed, a report was sent to the Division of School Accreditation of the Texas Education Agency requesting a visit to the school in October or November of this year.

Later the superintendent was notified by Ken C. Claver, acting director, "Since your school was cleared by a Report of Progress during the 1966-67 school year, it is doubtful that you will be visited again soon."

As an accreditation team did not visit the school in October or November, as Mr. Harper requested, this indicates that there is no question whatsoever as to the school's full accreditation with the Texas Education Agency, he said.

Final Rites Conducted for Former Teacher

Funeral services for Mrs. Merit I. Wilks, 80, of Arlie, were conducted Thursday, Nov. 21, at First United Methodist Church by the Rev. R. T. Dyess, pastor.

The long-time Collingsworth teacher, whose career began more than 60 years ago in Arkansas and did not end until the years of World War II, died in St. Joseph's Hospital at 12:40 p.m. Tuesday.

Palbearers for the service were Calvin Hurst, A. J. Fires, Mack Saied, Jr., Jimmy Cochran, Ed White, and Creed Hill, and burial was in Memorial Gardens under the direction of Kelso Funeral Home.

Mrs. Wilks was the former Gertrude Arm and was born in Sidney, Ark., Nov. 26, 1888, the youngest daughter of Sam and Alice Oliver Arm. She grew up in the hotel run by her parents and as a young girl became the organist and soloist of her church.

After graduating from high school, she went to Little Rock where she passed the examination for a teaching certificate and began her career at the one-teacher school in Plummersville, where she was smaller than any of her students.

At the end of her second year, in 1907, she followed her family to the Arlie community. Although there was money in the treasury, the schoolmaster wanted to quit to take his ill wife to a more healthful climate, and before her bags were unpacked, Mrs. Wilks was teaching again.

She completed a full term at Arlie, then joined the faculty of the six-teacher school in Wellington.

She did not teach while her children were small, but in 1921 she returned to the school room in Wellington, and remained in the system until 1932, when the

County Will Observe Thanksgiving Holidays

Wellington will observe Thanksgiving Thursday, November 28, with many business houses and offices closed for the holiday.

Mayor John Coleman has issued a proclamation asking that the people of the city observe the day in the spirit of thankfulness and the joy of family gatherings.

For the children of the county, it brings a two-day holiday, Thursday and Friday, according to superintendents of the four schools, Wellington, Dodson, Quail and Samnorwood.

ENOUGH ROPE?

There's more ways to have a Thanksgiving turkey than to get him out of the freezer. Ronny Bruce Ward, two and a half, thinks his

lariat might catch one. He is the son of Mr. and Mrs. Bruce Ward who live north of Wellington.

Two Collide

Accidents with Horses Injure Four County Men

Four county men are recovering from injuries received in accidents with horses recently.

Jerry Hurst is in St. Joseph's and Creed Hill was released Tuesday, after they were treated for injuries received when their horses collided head-on while they were working cattle at Mrs. Misha Dukeminier's ranch northeast of Wellington Sunday, Nov. 24.

Witnesses said a calf broke away at the top of a hill and the two men came up from opposite sides after it. Neither was able to see the other approaching.

Ginner Hurts Arm in Fall

Joe Sanders, ginner at the new Farmers Co-op Gin, received an injured arm in a fall at the gin Monday evening, Nov. 25.

W. E. Marchant, gin manager, said that Mr. Sanders fell from a platform on the condenser 10 to 12 feet to the gin floor. A choke-up had occurred in the condenser and he was helping to clear this when his foot slipped, the manager said, and he landed on one arm.

After receiving emergency treatment at St. Joseph's Hospital, Mr. Sanders was taken to Amarillo and was returned home Tuesday.

A split was found in the arm bone and it was put in a cast. He plans to return to work in four or five days, Mr. Marchant said.

Both Hill and Hurst were reported thrown about two feet in the air by the impact and landed approximately 25 feet apart.

Mr. Hurst, who now lives at Hollis is employed by L. C. Hill, father of Creed Hill. It is not known when he will leave the hospital, members of his family said.

Joe Henard has been released from St. Joseph's where he was treated for a broken left leg received in an accident which occurred at the Henard Ranch while he was helping brand calves Tuesday, Nov. 19.

Henard was trying to bridle a horse when it slung him into a steel trough, his mother, Mrs. Dan Henard, said. His leg was broken several inches above the ankle. A walking cast is due to be put on Saturday.

Bob Smith, who works on the Raymond Ross Ranch northwest of Quail, was released from St. Joseph's Friday, Nov. 22, where he was treated for injuries received in a fall from a horse.

Cook to Hold Auction Sale

W. W. Cook this week announced that he is holding an auction sale to dispose of 35 head of cattle and farming equipment on Wednesday, Dec. 4, beginning at 1 p.m.

The sale will be held at his farm three miles east and one-half north of Lute.

Most of the cattle offered at this sale are whiteface although there are several of other breeds, one bull subject to registration, and three Charbray bulls.

Band Boosters Meet Dec. 2

The Band Boosters will meet Monday night, Dec. 2 at 7:30 p.m. in the band hall, Jesse Peters, president, has announced.

The parents of all band students are urged to attend.

Routine business will be taken care of and arrangements will be made for the annual Christmas concert, Mr. Peters said.

Lee C. Vaughan Dies Suddenly Early Thursday

Lee C. Vaughan, retired oil field worker and a Wellington resident since 1947, died in St. Joseph's Hospital at 12:15 a.m. Thursday, Nov. 21. His death was attributed to a heart attack. He was 73.

Mr. Vaughan had attended revival services at First Baptist Church Wednesday evening and became ill after returning to his home.

Born April 7, 1895 at Odelba, Mr. Vaughan was the son of the late P. L. and Cora Holloway Vaughan.

He first came to the Panhandle in 1923, and in 1929 he moved from Wellington to Pampa. He and Mrs. Vaughan returned here in 1947.

He was married to Miss Maude Smart Feb. 12, 1921 at Atoka, Okla.

Mr. Vaughan had been a member of the Baptist Church since 1938.

Funeral services were conducted at First Baptist Church at 2:30 p.m. Friday, with the Rev. Leroy Gaston officiating. Burial was in Memorial Gardens under the direction of Kelso Funeral Home.

Five Area Schools

Cagers Stop for Thanksgiving, Pick Up Games Mon., Tues.

Basketball comes to a stop for the Thanksgiving holidays then picks up Monday, Dec. 2, with high school games continuing in non-conference play.

Wellington Skyrocks and Rockettes won a double header over Paducah here Tuesday night, Nov. 26, the girls taking their game 51 to 41 and the boys winning a tight 62 to 59.

Wellington

A game which the Skyrocks had scheduled with Altus for Friday, Nov. 29 has been cancelled and the Wellington teams will play their next game at Clarendon Tuesday, Dec. 2, according to Coach James Stavenhagen.

He predicts a tough game. "We always find Clarendon tough at home, and we will have our hands full, for they

Cotton, Peanut Referendum Set December 2-7

Collingsworth County cotton growers, along with the small number of peanut growers, will vote in the annual cotton and peanut referendum which begins Monday, Dec. 2, and will continue through Friday, Dec. 6, according to Millard Brown, office manager of the ASCS office.

This referendum is held to determine if farmers want marketing quotas for the 1969 crop year. These marketing quotas and acreage allotments were announced for the 1969 crop by the Secretary of Agriculture on Oct. 14.

Notices of farm acreage allotments will be mailed to cotton operators prior to the referendum, Mrs. Brown said.

The peanut referendum is for the same dates as the cotton referendum.

Ballots for both will be mailed to producers on Friday, Nov. 29, Mr. Brown said, and he urged that these be returned immediately. He also urged that any eligible voter who fails to receive a ballot through the mail call at the ASCS office and obtain one.

C. O. Bodine, Lufie Farmer, Dies Sunday

Chester O. Bodine, 70, a farmer living four miles east of Lufie, died about 9:30 a.m. Sunday, Nov. 24, in a Shamrock hospital. He had lived in that area since 1940.

Born at Warsaw, Ohio, Jan. 31, 1898, Mr. Bodine formerly lived at Quanaah, and later in Oklahoma.

He was married to Miss Cordelia Ammons in the Aberdeen Church of Christ parsonage on July 31, 1927.

He was a member of Trinity Methodist Church in Wellington.

Funeral services were conducted Tuesday, Nov. 26 at 2 p.m. in Trinity Church. Officiating were the Rev. Loyd Futch, pastor, and the Rev. C. R. Hankins, pastor of Glen Davis Memorial Methodist Church at Dozier.

Palbearers were Billy Waters, Austin Deger, Bill Graves, James Ammons, Ernest Rountree, E. W. Fain, Bill Janes and Don Ammons.

Burial was in Shamrock Cemetery under the direction of Clay Funeral Home in Shamrock.

Surviving Mr. Bodine are his wife, Mrs. Cordelia Bodine of Lufie; two sons and three daughters: Winston Bodine of Amarillo; Donald Bodine of Shamrock; Mrs. Billie June Whaley of Duncan, Okla.; Mrs. Paula Jean Vich of Pampa, and Mrs. Gatha Mae Webb of Amarillo.

Other survivors are 5 grandchildren and two brothers and four sisters: Ted Bodine of Quanaah, Ralph Bodine of Fort Worth, Mrs. Ethel Litchfield and Mrs. Margaret Bentley of Shamrock, Mrs. Mabel Dunham of Dumas and Mrs. Grace Williams of Pampa.

Trades Days Highlight Pre-Christmas Season

The traditional pre-Christmas Wellington Good Will Trades Days will highlight the holiday season again this year, under the sponsorship of the Collingsworth County Chamber of Commerce and merchants of Wellington.

Script totaling \$300 will be

given away and will be redeemable at the 23 participating stores, according to Mrs. Pat Phillips of the Chamber of Commerce office.

Five Good Will Trades Day drawings will be held during December, with the first being Saturday, Dec. 7. The others

will be Saturday, Dec. 14, Saturday, Dec. 21, and Tuesday, Dec. 24.

All will take place at 4 p.m. on the courthouse lawn.

Merchants will begin giving trades day tickets Monday, Dec. 2.

The same plan for the drawings will be followed as in past years when Wellington Good Will Trades Days have been so popular, except that there will be one more drawing than at any of the previous events.

The first drawing will be for \$35 in script, the second for \$25 in script and the third for \$15 in script.

In each drawing, numbers will be drawn until the script is claimed. This year there will be no holdover of prizes.

For the convenience of shoppers, script will be in \$5 denominations and it will be void after Jan. 3, 1969.

While the opening of the Trades Day program highlights the early pre-Christmas season, other plans are being made by the Chamber of Commerce.

Wellington's Christmas lighting program will be the most elaborate of recent years. New stringers have been ordered to go up around the square and for the first time there will be Christmas lights along Highway 83.

The traditional star atop the courthouse will be lighted again this year.

The lights will go up as soon as they are received here, and the work will begin as soon as the new lights are received, according to Paul Hawkins, the Christmas lighting chairman.

The work will be done by West Texas Utilities Company and General Telephone Company.

But of greatest interest to all the younger crowd will be the visits of Santa Claus.

This year he will come twice.

Mrs. Phipps said. His visits are set for Saturday, Dec. 14, and again Saturday, Dec. 21. Other plans for Santa's visit here will be announced.

Stores who are participating in Wellington Good Will Trades Days are C&H Pharmacy, City Grocery, Hatch Dry Goods, Saied's Department Store, Sullivan Hardware, Sam's Hardware, Lewis Grocery, Montgomery Ward, Parsons Drug, Steve Owens Appliance, Eddie Slay Clothier, Fabric and Hobby Shop, Fair Store, Owens and Scott, Tiny's Auto, Homer and Howard Holton Gulf, Ben Franklin, Phipps Enco, White's Auto, Vaughan's Cleaners, Davis Enco, Wellington Leader and Wellington Lumber Co.

Deer, Turkey Seasons Open Here Saturday

The hunting season on both deer and wild turkey will open in Collingsworth County Saturday, Nov. 30 and close Dec. 15, according to the State Parks and Wildlife Department.

The bag limit on deer is two bucks.

The limit is one turkey of either sex.

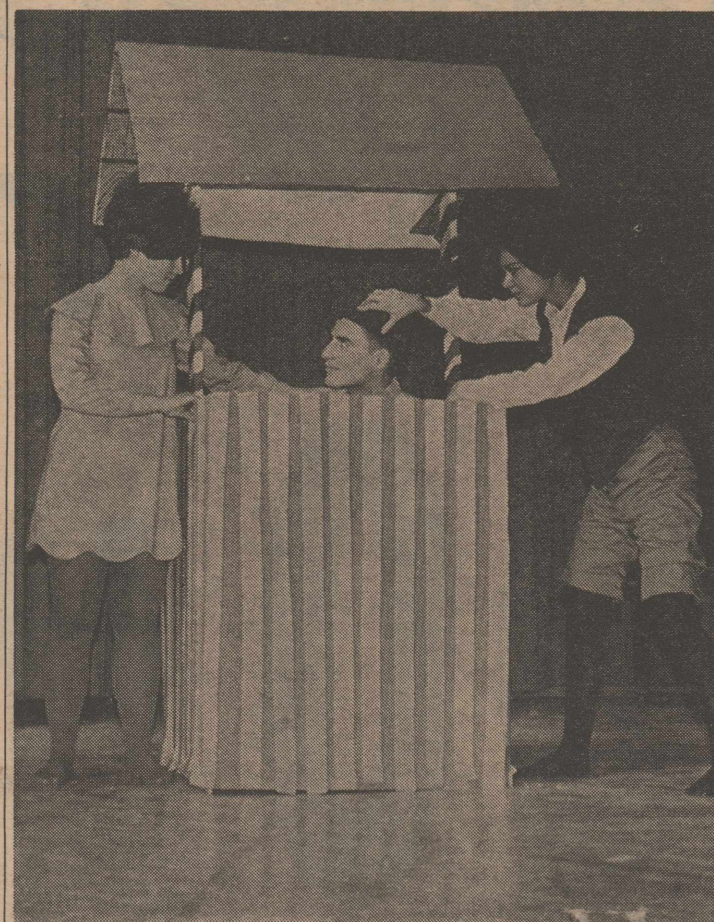

The same general hunting regulations concerning hours and licenses apply to these as to other hunting seasons.

Although there are a small number of both deer and wild turkey in Collingsworth County, a big majority of landowners have their land posted against hunting of any kind, and about the only deer or turkey taken will be by the landowners themselves.

CHILDREN'S PLAY

A good Prince can't be kept down a well, even a magic well. This scene is from the children's play, "The Clown Prince of Wonderlust," which the high school speech class will present Wednesday, December 4. The prince is Andy Lowe. Attempting to push him in the well are Judy Porter and Sharon Gaston.

Pre-Schoolers Invited

Speech Class Gives Children's Play Dec. 2

"The Clown Prince of Wonderlust" will be presented by speech students of Wellington High School as their annual children's play on Wednesday, Dec. 4 at 1 p.m. in the high school auditorium.

This is the traditional fairy story of the princess who couldn't laugh, and the many characters who come and go through the play are those who try to bring a smile to her face.

The play will be given principally for children of the elementary school, but pre-school children will be welcome and special guests will be kindergarten students and children from the Community Action center, said Mrs. Bob McAlister, who is directing the play.

Adults, too, are welcome, she added.

Debbie Lewis has the leading

role of the Princess, while Andy Lowe as Juan of Evergreen is the prince who persuades her to laugh.

Others in the cast are the King, played by Barry Johnson; the nurse, Funjollity, Mary Bearden; Perk and Smack, the Prince's helpers, are Judy Porter and Sharon Gaston; also

The Grand Bunkleman is Troy Seeley, the first and second guards, James Hooten and Teddy Martin. Glen Barber is the Time Herald; Gary Farrow, the Cymbal Boy; Mickey Ann Kendrick is Barbara, while Beverly Hedger takes the role of the old crone. Tony Gonzales becomes the musician and three young girls are Karen Jones, Kay Taylor and Elaine Karnes.

The remaining cast members are Agnes, played by Charlotte Masten; a tall boy, Mike Little; Gus, Kenny Henry; the banner carrier, Carol Burba; and another boy is Ricky Mosensbocker.

Members of the cast are making their own props, costumes and even their masks

Surgery Due for Athlete

Charles Mauldin, 16-year-old Wellington athlete, will undergo surgery on his left knee Thursday, Dec. 5 in High Plains Baptist Hospital, Amarillo. He is the son of Mr. and Mrs. Hubert Mauldin.

Doctors will remove a growth that resulted from an injury he received in April, according to his mother.

It is also possible he may have surgery on his right knee, resulting from an injury received in the Wellington-Memphis football game, she said. This cannot be determined until he sees his doctor Wednesday, Dec. 4. If surgery is indicated, it will be performed on both knees the following day.

State SCS Team Checks 7-County Problem Spots

Directors of the proposed North Rolling Plains Resource Conservation and Development Program laid the problems of the area before a team from the State Soil Conservation Service here Wednesday and Thursday, Nov. 20 and 21, to evaluate the needs of the 7-county group.

On-the-spot inspection of the problem areas in both towns and rural sections was made by James Abbott, J. I. Kincaid and C. A. Rechenhith. Their recommendations will go directly to the State Conservationist.

In the Thursday afternoon hearing in Wellington, the State SCS team and directors of the RC&D reviewed the needs of the seven counties within the proposed program, Collingsworth, Wheeler, Hemphill, Donley, Gray, Hall and Briscoe.

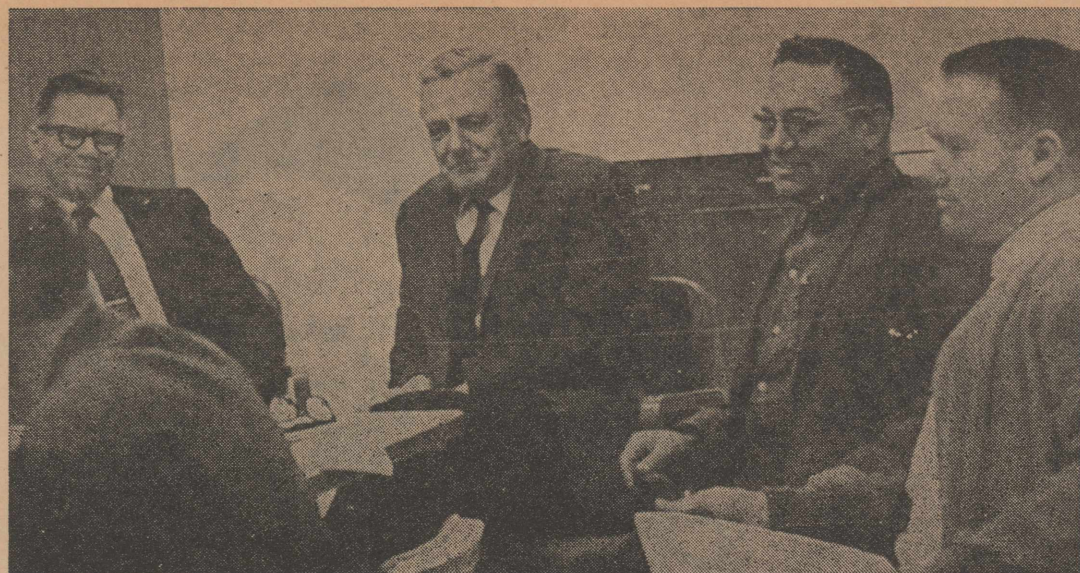

Mr. Kincaid, the assistant state conservationist responsible for the RC&D program in Texas, stressed that its principal purpose is to bring together communities and counties to work for their own betterment. Some problems can be tackled while they are waiting for approval of the RC&D application.

This application should be submitted to the state conservationist by mid-January, according to Gary Reed, work unit conservationist of SCS in Wellington.

A review of material now available for the application brought out that water is the common problem in all seven counties and that all have water projects in some stage of development.

A wide variety of other problems common to part or all of the counties was brought out, including shortage of doctors, lack of development of marketing facilities for fruit and vegetables, inadequate rent housing, loss of young people from the area, lack of job training, lack of industries to utilize local products, underdeveloped historical sites, undeveloped tourism, pollution, inadequate rural fire and waste control, and others.

Harry Frye of Shamrock, chairman of the proposed North

These officials of the Soil Conservation Service were in Wellington for the hearing on the application of the proposed North Rolling Plains Resource Conservation and Development program Thursday, Nov. 21.

Filing Medicare Claims Outlined

Persons over 65 are enrolled for medical insurance under Medicare are sometimes not familiar with the procedure for filing their claims.

Travis C. Briggs, district manager of the Amarillo Social Security office, stated in a recent interview that the most important point to remember is that any social security representative will be happy to assist in the filing of the first claim for benefits.

Many eligible persons who had doctor bills of more than \$50 last year have still not submitted a claim. They should do so as soon as practical for more reasons than just immediate reimbursement.

Rolling Plains RC&D Program, presided at the hearing. Present were Mr. Abbott, Mr. Kincaid and Mr. Rechenhith of the State Soil Conservation Service, Temple; Directors Dan Henard of Wellington, Harold White of Hedley, James Clyde of McLean, O. R. Stark, Jr., of Quitaque, John Chamberlain of Memphis, B. F. Conyers of Canadian; and these SCS representatives: Bill Brooks of Wheeler, Gary Reed of Wellington, Laramie McEntire of Canadian, Herb Evans of Memphis, Lynn McDaniel of Pampa and Douglas Cunningham of Pampa.

Briggs explained that any part of the \$50 deductible which may have been incurred in October, November or December may carry over into the following year and be counted as part of the deductible amount for a second time. Briggs cited an example or two concerning this last quarter payment. For instance, suppose a person had only \$35 in doctor bills in 1967 and these were incurred in November. He would have to have only \$15 in 1968 before the deductible amount would be met. Or if the bill in November had been \$135, there would be no deductible in 1968. Persons having Medicare questions or problems should contact the

social security office in Amarillo or meet with the representative who visits Wellington regularly. His schedule is available at the post office.

Paintings of Marge and Ray Toft Will Be Shown at Sagebrush

Paintings of Mr. and Mrs. Ray Toft of Childress will be exhibited at Sagebrush Corral for the week beginning Sunday, Dec. 1.

And while Wellington is promoting its art center, a group of Sagebrush painters have been featured in an exhibit at the Elk City Museum through November, according to Mrs. Hubert Bowen, president.

While they are residents of a neighboring town, Marge and Ray Toft are much a part of the Wellington art scene, as they are students of Dord Fitz in his classes here.

An impressionist still life by Mrs. Toft was judged "Best of Show" at the Fall Art Festival here recently, and other pictures received ribbons. She also was a winner in the Spring show.

Versatile in their work, this couple exhibited landscapes and still lifes, both realistic and abstract, in their show here. They

have had paintings in several exhibits at the Dord Fitz Gallery in Amarillo, as well as in shows in New York City.

Mr. Toft is a farmer and rancher, rural mail carrier and pharmacist at Childress. The couple has a teen-age son.

The individual exhibit at Sagebrush Corral this week features the works of a Dodson artist, Mrs. Floyd Teutsch. Most of the pictures Mrs. Teutsch is showing are still lifes, and they will remain at the gallery until the week end.

A large group of Wellington women, most of them painting independently, have works in the Elk City Exhibit. Among them are Mrs. J. M. Strong, Mrs. Tom Caterlin, Mrs. Claude Caison, Miss Bonnie Willis, Mrs. Roy Jeffrey, Mrs. Bowen, Mrs. Teutsch, Mrs. Earl Hunter, Mrs. A. L. Elliott, Mrs. Lee Scarberry, Miss Jane Thompson, and Mr. and Mrs. Clyde Drake.

Four Victories Sweeten Season for Wellington

Wellington High School basketball teams tucked away four victories in their first four games and showed surprising strength in areas that were doubtful.

In the opener with White Deer, played in Skyrocket Gym Tuesday, Nov. 19, the Rockets won over the Bucks 40 to 35, then the Junior Varsity, in the second game of the double-header, defeated the Buck B team 55 to 34.

In the second game here, and the opener for the Wellington girls, they defeated the Clarendon girls 60 to 40, while the Rockets won over the Clarendon boys 59 to 48.

Skyrockets-Bucks
With football just three days behind them, the Wellington boys got off to a slow start against the White Deer Bucks, but picked up in the second half.

"Because it was so soon after football, we were not able to hit a good percent of the shots and our ball handling was not too smooth," said Coach James Stavenhagen.

Barry Johnson of Wellington and Stan Bush of White Deer tied for top scoring honors, 14 points. Rocket Nicky Watts had 10 and Buck Jerry Dykes 8.

The score by quarters:
Wellington 6 16 32 40
White Deer 9 21 27 35

"This game is an indication of what the season is going to be like," said the coach. "Our boys are going to fight hard and they won't give up when they get behind."

The Junior Varsity boys showed lots of hustle as they defeated the White Deer B team 55 to 34, after only one work-out.

"We intend to keep on out-hustling the other teams and fast-break them," said Coach Jimmy Forrester.

Wellington high pointer Larry Robinson got 26 points and his twin brother Lester had 16. The two, however, have gone up to the varsity squad and Coach Forrester is looking for someone else who is fast at the basket.

Wellington-Clarendon

Wellington girls played their first game against Clarendon Friday night, Nov. 22 and showed considerable strength on the forward end.

"It looks like we are going to have depth we can count on," said Coach Stavenhagen.

Wellington High School Basketball Roster

This roster of the two Wellington high school varsity basketball teams, the Skyrockets and Rockettes, is published so that their fans may more easily identify the players by number. Both teams will be wearing their red suits part of the time and white suits the remainder. The numbers of both are given.

GRACE FOR THANKSGIVING DAY

Dear God, wherever we may be... On this Thanksgiving Day... Gathered with loved ones in our homes... Or many miles away... We bow our heads, remembering those... Who shared Thanksgivings past... Those who have walked with us awhile... Whose love will always last... We Thank Thee for the joy of friends... The food before us set... And for a tiny Pilgrim band... Whose trials we can't forget... Help us to sift the good and bad... The hatred and the strife... Grant us the wisdom and the strength... To lead a useful life. Amen.
— Author Unknown.

CARVING THE TURKEY

If the man of the house dreads Thanksgiving because he has to carve the turkey, you can help before the carving begins.

Plan cooking time so the bird is out of the oven 15 to 30 minutes before carving to allow the meat juices to be absorbed.

Use a platter large enough to allow space for the sliced meat. The carver should have a 2-tined fork, a knife with a long flexible and very sharp blade, and a spoon for the dressing.

• For your leftover turkey try this Cranberry Crowned Turkey Salad. This salad consists of a two-layer gelatin mold, the top layer boasting tangy cranberry relish while the bottom layer contains your favorite turkey salad medley in unflavored gelatin. Serve with a dollop of sourcreamed mayonnaise.

• You might want to try this Cranberry Mince Relish to serve with your meats.

1 lb. can cranberry sauce, jellied
1/4 cup mince meat
1/4 cup chopped walnuts
Crush cranberry sauce with a fork. Stir in the mince meat and nut meats. Makes 1 pint relish. It is delicious with meat.

Holiday Baking

If you have not already baked your holiday fruit cake, place it at the top of the list of "things to do".

Fruit cakes need time to age and develop the right flavor and texture.

Use high quality fruit and fresh ingredients for a more luscious flavor. And, to cut the cost, add raisins and currants for part of the candied fruits.

Remember though that too many raisins and currants give a cake a bitter or scorched flavor.

Compare cost of shelled and inshell nuts for the best buy. Do not forget to consider the time needed for shelling.

Another cost saver to consider is buying ingredients in large size packages as you will need, keeping your entire holiday baking in mind.

Holiday Hospitality

The very word hospitality has an easy charm. It implies a spontaneous welcome which is in no way dependent upon elaborate fixings or lengthy preparation. This is the kind of gracious atmosphere every homemaker will want to create during the holidays when friends drop in. And it is simple enough, from the standpoints of both time and money.

For your "hospitality center" use the dining table or an occasional table in the living room if you have one large enough. Start early in the day to set it with holiday linens, cake plates, egg nog bowl and cups, and your prettiest silver. Bring out the fruit cake. Everything is ready, and all that remains for you to do later is serve the egg nog at a moment's notice. This can be prepared ahead of time and brought to the table as needed. Everybody will enjoy such a casual but warm welcome, ready and waiting.

Christmas tablecloths are so dramatic these days, they need little decorative assistance from other props. Even the most elaborate designs are intended for the washer, so use them often. Choose red or green napkins for a white cloth, or pale pink napkins for a gold cloth if you like a more sophisticated approach. Add a tiered stand to hold small goodies, or a single silver or crystal candelabrum to add pretty glow. Or you might use a silver bowl filled with fresh fruit, combining the reds and greens of apples, grapes and cranberries.

Banquet Honors Firecracker Football Teams, Guests Recently

The seventh and eighth grade Firecracker football teams were honored at a banquet given by their mothers Saturday, November 16 in the school cafeteria.

The entertainment feature was a program of magic given by John Hamilton of Childress.

With Bruce Oney as master of ceremonies, Billy Lemons gave the invocation and cheer leaders were introduced. These were Landi White, Jan McGill, Mitzi Pendleton, Connie Lewis, Dian Brooks, and Annabell Harris, along with the cheer leader mascot, Lynna Nunnell.

The eighth grade football will be read by Gary Wright and Barry Long. Coaches Dick Hamilton and Carroll Nunnell spoke briefly, then they were presented gifts with Mike Williams and Dana Bell representing the two teams. Nicky Guthrie gave the invocation.

A party at the Veterans of Foreign Wars building followed the banquet.

Banquet guests were Supt. J. L. Harper and Mrs. Harper, Principal A. A. McQueary and Mrs. McQueary, Mr. and Mrs. Nunnell and daughters, Carla and Lynna, Mr. and Mrs. Dick Hamilton, John Hamilton of Childress, and

Mitzi Pendleton, Gwen Lewis, Edj Watkins, Annabell Harris, Kathy Manuel, Sherrie Gray, Dian Brooks, Pam Patterson, Jan McGill, Patti McAlister, Vicki Bowling, Joyce Minyard, Connie Lewis, Angie Mitchell, Landi White and Debra Thomas.

Seventh grade team members were Paul Wilbur, Tommy Hol-

ton, Mike Williams, Brent Wade, Steve Marsh, Tim Jones, Keith Davis, Randall Hodges, Stevie Kane, David Vallance, Richard Sanders, Dickie Johnson, John Reynolds and Robin Maddox.

Members of the eighth grade team were Bruce Oney, Dan Fires, Barry Long, Steve Hunter, Gary Wright, Cecil Parker, Nicky Guthrie, Alton Belew, Glen McAdams, Morris Johnson, Dana Bell, Kim Wauer, Randy McKinney, Billy Lemons, Gary Cummings, James Amos, Jay Thomas, Eliseo Molina and Rozell Outley.

Shower Honors

Mrs. Tony White

Mrs. Tony White was named honoree at a stork shower given Tuesday afternoon, November 19 in the home of Mrs. Dwane Scott.

Co-hostesses were Mrs. Jack Neeley, Mrs. Carroll Nunnell, Mrs. Lynn Jenkins, Mrs. Troy Thomason, Mrs. Bobby Langford and Mrs. Donald White.

Mrs. White met the guests, while Mrs. Nunnell was at the register.

Mrs. Neeley presided at the refreshment table, which was covered with a yellow cloth overlaid with yellow. An arrangement that included a large stork formed the centerpiece, and crystal appointments were used.

Forty-eight friends called during the entertaining hours.

One nautical miles measures 6080.2 feet.

WELLINGTON ROCKETTES

The Wellington Rockettes will rest through the Thanksgiving holiday season, then meet the Clerendon girls, a team they defeated in their opener. Standing at back, from left are Manager Susan Oney, Pam Guthrie, Kathy Cox, Cathy Singley,

Mary Lou Holton, Betsy Trapp, Kay Taylor and Coach James Stavenhagen. In front, from left, are Janice White, Sharon Cummings, Rosie Sterling, Melinda Williams, Linda Williams, Sharon Gaston, Debbie Neeley and Kathy Tyler.

Shower Saturday Afternoon Honors Mrs. Jimmy Bohannon, Recent Bride

The home of Mrs. Don Lacy was the setting for the bridal shower honoring Mrs. Jimmy Bohannon, the former Miss Lea Anne Taylor, on Saturday afternoon, November 23.

Joining Mrs. Lacy as hostesses were Mrs. Millard Brown, Mrs. Thayne Amonett, Mrs. Jake Maxwell, Mrs. Bobo Castleberry, Mrs. Francis Roberts, Mrs. Duggie Jameson, Mrs. Dick Pendleton, and Mrs. Sam McGill.

Guests were received by Mrs. Millard Brown, Jr., the honoree, Mrs. Bohannon; her mother and grandmother, Mrs. Glen Taylor and Mrs. Inos Taylor.

The reception table was covered with white cloth over blue

and centered with an arrangement of blue and white carnations. Silver appointments were used. Mrs. Jim Henard and Miss Cindy Saied served.

Mrs. Kenny Brown was at the guest register.

Friends called between four and six o'clock.

LAKE SIZE VARIES

The size of Great Salt Lake varies greatly from one season to the next, and from one year to the next. The area of the lake is affected by the amount of rainfall and the amount of water drawn from tributary rivers for irrigational purposes.

The first postage stamps were issued in 1847.

Judge Discusses Mothers, Crime

Judge R. L. Templeton, Collingsworth County attorney, was the guest speaker for the 1924 Study Club Thursday, November 21, when Mrs. Don Van Pelt was hostess.

His discussion, "Mothers Can Prevent Crimes," dealt with the vast study of criminals and their family life.

In all cases there was no strong motherly love and attention, and most of the criminals studied came from broken homes—homes broken by divorce or desertion—or there was a rejection of the child by the mother. Judge Templeton told the club members.

As the child's first seven years determine his future humanity, Judge Templeton and others who have stud-

ied the problem believe this is the most important time for a mother and child.

"As there are very few women in prisons, it is conducive that women aren't the criminals," he said in conclusion.

Mrs. Lynn Jenkins was the program chairman and introduced the speaker.

Refreshments were served to Mrs. G. E. VanPelt, Mrs. Charlie Partridge, Mrs. Howard Riggs, Mrs. Bud Higginbotham, Mrs. J. B. King, Mrs. Jim Bowling, Mrs. R. R. Crawley, Mrs. J. F. Michael, Mrs. Sam Adams, Mrs. Jeff Wilson, Mrs. James Ross, Mrs. Jack Moreman, Mrs. Billy Mac Sims, Mrs. Jenkins, Mrs. Chester Fires, Miss Sara Jones and Mrs. Don VanPelt.

Men's hatbands had a definite use before hats were made in sizes. They acted as a drawing for tightening or loosening the hat.

Mrs. Sullivan Is Club Speaker

Mrs. Thayne Amonett was hostess to members of the 1954 Study Club on November 21 at the Cherokee Inn dining room.

Mrs. L. B. Bratten, program chairman, introduced a guest speaker, Mrs. James Sullivan, whose topic of discussion was "How Do We Become a Complete Person?"

"In our lives we strive for two types of control, physical and emotional," she said. "We gain physical control through discipline, training and practice. This often is attained early in life through participation in sports such as football, basketball, etc." she pointed out.

"Emotional control is influenced by an understanding of one's own feelings. Each person needs security, recognition and love. This emotional control is the key to happiness and health. As each wheel has one hub into which all its spokes are fitted, so each life must have one central purpose," Mrs. Sullivan concluded.

Refreshments were served to Mrs. Leon Hartman, Mrs. E. W. Clement, Mrs. A. J. Fires, Mrs. Fred Cox, Jr., Mrs. Glen Taylor, Mrs. Sam McGill, Mrs. R. L. Templeton, Mrs. De Holiman, Mrs. Cal Hurst, Mrs. Don Lacy, Mrs. Virgil Patterson, Mrs. L. B. Bratten, Mrs. Amonett and the guest, Mrs. Sullivan.

TO STOP EXTINCTION

Because they were in danger of becoming extinct, Congress passed legislation to help save the dwindling herds of wild horses in the West. The law prohibits mechanized roundups of the estimated 20,000 wild horses in western states.

BACKACHE & SECONDARY TO TENSION KIDNEY IRRITATION

Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent, burning or itching urination night and day. Secondly, you may lose sleep and have headache, backache and feel older, tired, depressed. Let Us Give Thanks This

THANKSGIVING

At this harvest season, we join our many customers in thanksgiving for the crops our fields have yielded... for the harvest of grain that is so much a symbol of the Thanksgiving Season, which through the years has been one part of this area's sturdy agricultural base.

At this season, too, we say "Thank You" to all our customers. By your patronage during the many years we have been in business, you have enabled us to share in the wealth of Collingsworth. This holiday, we wish for you and yours a true thanksgiving.

Domestic Science Members Visit Canyon Museum, Colony Catherine

Panhandle Plains Historical Museum in Canyon, which preserves so much of the area's past, and Colony Catherine, an arts and crafts center on the rim of Palo Duro Canyon, and sources of vibrant new thinking in the field of design, were visited by members of the Domestic Science Club Thursday, November 21. Their third stop was the Canyon Art Gallery.

Mrs. Newton Crain of the museum staff was their hostess there, and the group leisurely visited exhibits in which they were individually interested, then they saw the paintings of Olive Vanduff Bugbee which will be featured next month in the Museum Gallery.

Colony Catherine, less well known, was founded in 1962 by Robert McKenzie and Catherine D. Buck as a center for arts and crafts and is the only such operation in Texas.

At the designing and printing plant of McKenzie Studios, one of two fabric printers in Texas, they saw linen drapery material being printed by the silk screen process. These pieces of original design are available through architects and interior designers. Mr. McKenzie explained the process and the idea behind the founding of Colony Catherine.

Among the artists and craftsmen now occupying studios at the colony are three young faculty members of Amarillo College Art Department. Howard Fox and David Cale are doing bronze sculptures, while Don Markham is preparing a one-man showing of his pottery.

Mr. Markham and Mr. Fox judged the Sagebrush Art Festival here in October.

Recognition has come to Colony Catherine. Besides earlier accolades, the partners of McKenzie Studios were elected to full membership in the American Institute of Interior Decorators recently.

They also were invited last week to San Antonio to participate in the Decorators Showcase, and Colony Catherine is included in an article by John Fischer, Amarillo-born contributing editor of Harpers Magazine, in its current issue.

Canyon Art Gallery, the third place visited by the Wellington women, is owned by Mrs. James Cornett, wife of the president of West Texas State University.

Going from here were Mrs. J. B. Stevenson, Mrs. L. C. Hill, Mrs. Jerry Nix, Mrs. J. Frank Johnson, Mrs. Clyde Drake, Mrs. Sandy Parsons, Mrs. A. L. Elliott, Mrs. Deskins Wells, and a guest, Virginia Browder of Memphis.

Nancy Sanford

**Nancy Sanford
Receives Honor**

Nancy Sanford was chosen runner-up in the contest for Queen of the Military Ball, sponsored by the Military Science Department of Midwestern University Friday, November 22.

She was the nominee of Company C.

The queen was Barbara Clements of Childress.

This is the only formal ball sponsored by the school during the year. A tea was given for all nominees and the queen was chosen on the basis of personality, appearance and enthusiasm.

Miss Sanford is the daughter of Mr. and Mrs. Jack Sanford.

Holiday Season Wedding Planned by Miss Karen Richardson, Gene Sweat

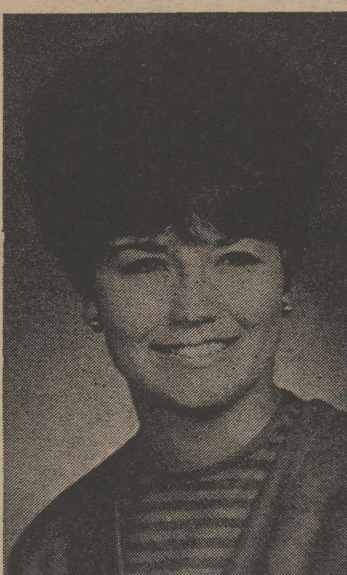

The approaching marriage of Miss Karen Lynn Richardson and Robert Gene Sweat, United States Navy, now stationed at Charleston, South Carolina, was announced this week by her parents, Mr. and Mrs. James Lee Richardson, 1508 Graham Street.

Mr. and Mrs. Dick Sweat, 1611 Dalhart Street, are the parents of the prospective bridegroom.

The couple has selected Saturday, December 28, for their wedding, which will take place in First United Methodist Church.

Miss Richardson was graduated from Wellington High School in 1965 and attended Texas Technological College three years.

Graduated from high school here in 1963, Mr. Sweat is a former student of West Texas State University.

Betty Crocker Tests Due

Local high school senior girls will take a unique test Dec. 3—one on homemaking, the only one of its type exclusively designed for girls at that educational level.

This written knowledge and attitude test on all facets of homemaking will be given simultaneously that day to more than half a million girls representing some 15,000 high schools in the nation.

Scholarships to colleges of their choice will be awarded to both state and national winners. The highest ranking girl in each state will receive a \$1,500 scholarship and a chance to win one of four national scholarships. These range from \$5,000 for the girl chosen Betty Crocker All-American Home-maker of Tomorrow, to \$4,000, \$3,000, and \$2,000 respectively for second, third and fourth place winners.

Runners-up in each state will receive \$500 grants with the first ranked girl in each school receiving a specially designed silver charm from General Mills, Inc., which inaugurated the Betty Crocker Search in 1954-55 and has sponsored it every year since then.

Climax of this national home-making test will be an expense paid tour next spring of Colonial Williamsburg, Va., and of Washington, D.C., for each state winner and her school advisor. Winners of the national scholarships will be selected and announced at a dinner in Williamsburg upon conclusion of the tour.

This scholarship competition is on the approved list of national contests and activities of the National Association of Secondary-School Principals.

Science Research Associates, Chicago, one of the nation's outstanding educational testing organizations, prepares the test and has charge of scoring and judging the contestants. Schools of state winners will be presented sets of Encyclopedia Britannica by Encyclopedia Britannica, Inc.

FHA Conducts Scavenger Hunt

Wellington High School Future Homemakers held a scavenger hunt Monday evening, Nov. 25, to collect items for some of their projects. These included eye glasses and frames and cancelled stamps for TUB-FRIM. Money derived from the sale of some of these items goes to a fund to fight tuberculosis in Norway. Other items went to the High Plains Association in Plainview.

After the scavenger hunt, refreshments were served to approximately 45 participants at the home economics building. The next meeting of the Future Homemakers will be a style show Monday, December 9 at 6:45 in the high school auditorium. All home economics girls will model garments they recently finished in class.

The public is invited.

JFF Entertains With Dinner

JFF Club held its Thanksgiving dinner Thursday evening, November 21 at Cherokee Inn Restaurant. Afterward, games of 42 were played through the evening.

Tables were lighted by candles in the form of turkeys, and other decorations carried out the Thanksgiving motif. Attending were Mr. and Mrs. Howard Holton, Mr. and Mrs. Lloyd Woodridge, Mr. and Mrs. Raymond Horton, Mr. and Mrs. R. L. Mabery, Mr. and Mrs. Herman Belew, Mr. and Mrs. Hubert Leach, Mr. and Mrs. Fred Williams, Mr. and Mrs. R. T. Savage, Mr. and Mrs. Dick Sweat, Mr. and Mrs. Drury Lacy, and Howard Crosby.

Margie Benton

Benton-Patterson Wedding Planned

Mr. and Mrs. Ralph Hicks are announcing the approaching marriage of their daughter, Margie Benton, to Larry Patterson of Childress.

The wedding will take place January 3, 1969 at eight o'clock in the evening, at the Assembly of God. The Rev. James Jackson will officiate.

Miss Benton attended school in Wellington, while her fiancé was graduated in 1967 from Childress High School. They plan to make their home in Childress.

Betsy Trapp Is Correspondent

Betsy Trapp, 17, has been named Co-ed Correspondent for the 1968-69 school year, according to an announcement by Miss Margaret Hauser, editor of CO-ED Magazine, CO-ED, published nationally by Scholastic Magazines, Inc., for home economics students, contains articles on fashion, food, beauty, home furnishings, and fiction.

Miss Trapp, daughter of James Stavenhagen, is a junior at Wellington High School. She was elected Correspondent by the Wellington Future Home-maker members.

Selected for qualities of leadership and enthusiasm for home economics, Miss Trapp will serve as junior advisor to CO-ED editors.

Like the other Co-ed Correspondents throughout the United States and Canada, she will keep the editors informed of activities at her school.

Presentation of a special Co-ed Correspondent certificate will be made to Miss Trapp in a style show Monday, December 9, at 6:45 p.m. in the Wellington High School Auditorium.

Mrs. Bill Tarte recently returned from San Antonio where she visited her daughter and family, Mr. and Mrs. Delmo Kistley, Jyll and Derek. She also visited Mr. and Mrs. B. L. Holt and Mr. and Mrs. J. R. Bain and boys, Patrick and Kelvin, in Fort Worth.

Mr. and Mrs. O. B. Raburn and Miss Virda Raburn were in Marlow, Okla., last weekend to visit their son and nephew, Mr. and Mrs. Randall Raburn and Robin.

Mr. and Mrs. Elmer Hiett spent several days last week in Abilene visiting her sister, Mr. and Mrs. J. R. Willingham.

Mrs. Joe Davis of College Station is here visiting her parents, Dr. and Mrs. J. M. Orr.

Mrs. Scott Is YH Speaker

Wellington Young Homemakers met recently in the Greenbelt Electric Co-operative directors room for a program on sex education for young children, presented by Mrs. P. M. Scott, Wellington homemaking instructor.

She stressed the need for truth at an early age instead of fantasy, and pointed out the problems this creates when handled otherwise.

Mrs. Scott is the YH Chapter advisor.

Honorary membership was presented to Mrs. Dee Coleman, a former advisor, by Mrs. Donald White.

Mrs. Glen Warrick conducted the business session and a devotional, "The Spiritual Cake," was given by Mrs. De Holliman.

The hostesses were Mrs. Donald White and Mrs. Larry Golnugh.

Guests included Mrs. Bob Goforth, Mrs. Jeff Wilson, Mrs. Paul Hawkins, Mrs. Gary Reed, Mrs. John Coffee and Mrs. Charles Floyd.

Members present were Mrs. Benson Long, Mrs. Bobby Langford, Mrs. Farris Wood, Mrs. Holliman, Mrs. Coleman, Mrs. Jack Neeley, Mrs. Tony White, Mrs. Jim Forrester, Mrs. Troy Thomason, Mrs. Larry Golnugh, Mrs. Warrick, Mrs. White and Mrs. Scott.

The next meeting will be December 3, with Mrs. Creed Hill, home demonstration agent, giving a food demonstration. The YH members will also sing at Thomas Nursing Home.

Mrs. Bouchelle Entertains HDC

Mrs. Pat Bouchelle entertained members of the Midway Home Demonstration Club in her home Wednesday, November 20. Mrs. Emil Kersten gave the opening prayer and Mrs. Bouchelle the devotional.

Mrs. Russell Hill, president, conducted the business meeting. The Club Christmas Party was planned for Wednesday, December 11 at 2 p.m. in the Farm Bureau Hospitality room.

Mrs. Kersten gave the council report and announced that each member is to take cookies to the Senior Citizen Tea on December 9.

Mrs. Creed Hill, home demonstration agent, gave the program, "Set a Merry Table for Christmas."

Mrs. Emmitt Cook led the recreation and the group was entertained with music from a player piano. Some of the rolls played were more than 45 years old.

Guests were Mrs. Vada Harris, Mrs. Bob Stephenson and Mrs. David Peters. Members attending were Mrs. Hill, Mrs. Billy Williams, Mrs. Ruth Wyrick, Mrs. Joe Terry, Mrs. Ben Brewer, Mrs. Charles Cason, Mrs. Leo Popwell, Mrs. Winfield Vaughan, Mrs. Jess Motenbocker, Mrs. Cook, Mrs. Kersten, Mrs. Hill and the hostess, Mrs. Bouchelle.

China Painting Display Slated

Mrs. Harriet Gatlin of Hollis is bringing her display of china to Sagebrush Corral, Mrs. Hubert Bowen, president of Sagebrush Association, learned Tuesday.

The display will be shown in the middle room of the gallery for the next two weeks.

This is one of a series of visiting exhibits seen at Sagebrush Corral during the summer and fall months. It is due to close for the season on Saturday, Dec. 21, Mrs. Bowen said.

Financial Facts

By Jeff Wilson

FUNNY MONEY

In ancient China, short strips of bamboo were used as money.

Salt, which has always been in demand, served as money in Sierra Leone, West Africa. It was packed in bamboo cylinders about a yard long and represented their dollar bills.

Million of beaver skins were used as money in northern United States and Canada during the early part of the 19th century.

When trading with the Indians, Russian fur buyers cut the metallic buttons from their coats, using them as money. The Indian shell money was called wampum. Often it was woven into their garb, serving as ornaments.

The billion-mark inflationary

note of Germany in 1924 was not funny money, but "phony money." It took a breadbox full of them to purchase a loaf of bread.

Recently when I visited in the home of Mrs. E. C. Clement and her daughters, Misses Inez and Mabel Clement, they served a delicious coffee cake. I felt sure everyone would want to try it.

OATMEAL COFFEE CAKE
1½ cup hot water
1 cup brown sugar
1 cup white sugar
2 eggs
¾ cup margarine
1 cup oats
1½ cup flour
1 teaspoon soda
Put in 13x9x2¼ pan and bake 30 to 35 minutes at 350 degrees F.

ICING
¾ stick margarine
¾ cup brown sugar
½ cup nuts
2 or 3 tablespoons milk
Let boil 1 minute, pour over warm cake, put in broiler. Let icing bubble.

"Good Old Day"
"Good old days" bring no tears to 1968 homemakers! Have you made yourself a new scrub broom lately? Out of a hickory sapling, that is, cut with a jackknife? And have you starched and ironed those homespun linen bedsheets? If you have just picked up a long handled scrub brush at the store, and tossed your durable press sheets into the automatic washer, you cannot qualify for the title—the title of "Frugal Housewife" which a respectable housewife used to strive for back in the 1890's and the early 1900's. That phrase was her reward for scrubbing, washing, ironing, cleanings, and carrying water from dawn until dark.

It is a miracle how any homemaker, way back then, ever got the family washing done. She considered herself well equipped to do the laundry if she had a copper boiler, a washboard, a wooden washtub, a clothesline, and maybe the luxury of a hand-turned clothes wringer and a knife to cut the bars of homemade yellow soap she used. With no washing machine, no automatic dryer, no automatically controlled electric iron, no convenient laundry cart, no efficient soaps and detergents—she really kept her family clean the hard way. And more power to her because she never gave up her many-ruffled petticoats, even if it did take hours to "do them up".

Housewives of 1968 should start counting their blessings—the blessings that modern equipment and scientific developments, because they do not begin to know what hard work really means!

Selecting the Right Potato
Have you ever boiled potatoes when they fell apart? This was the No. 1 complaint of consumers about potatoes in a recent survey reported by the U.S. Department of Agriculture. The same survey revealed that consumers boil or mash potatoes more frequently than they bake potatoes.

Research shows that there is a way to solve the problem of potatoes becoming mushy when boiled. The breaking up is highly correlated with the specific gravity—or the high solids content.

High specific gravity potatoes are more suitable for baking or French fries.

Low specific gravity potatoes that remain whole when boiled are excellent for use in salads, stews, casseroles or serving with roasts.

Potatoes can now be sent to the market after having been separated by their specific gravity and labeled according to their best cooking uses. The method of separating is simple. A jar or tank is filled with a dilute salt solution. Potatoes of lower specific gravity float while those of high specific gravity sink.

The cost of marketing potatoes according to use remains as an obstacle to overcome so not many consumer outlets are using this research—but it is on the way.

In the meantime, buy the potato best suited to your purpose. This is the peak season for fall crop potatoes. This means plenty of Long White potatoes so good for boiling and the Russet Burbank, so famous for baking.

Dodson Nazarene Church Holds Annual Thanksgiving Dinner

The Nazarene Church at Dodson held its traditional Thanksgiving dinner Monday evening, November 25, with a program of solos and duets, piano music and chorus singing.

The dinner was held in the Fellowship Hall of the church at 7 p.m.

Those present were the Rev. and Mrs. Howard Smith, Mrs. Alice Gates of Abilene, Mr. and Mrs. Roy Tisdale, Mrs. Chester Wadley, Mr. and Mrs. Bill Patterson, Mrs. G. M. Lewis, Mrs. C. F. Owens, Mrs. Kate Smith, Mr. and Mrs. Jess Bogle.

Mr. and Mrs. Sherrell Bealand and Jon, Mr. and Mrs. Charles Grimes, Mr. and Mrs. Garland Hightower, Mr. and Mrs. Murray Dodson, Mr. and Mrs. Clarence Black, Mr. and Mrs. Louis Patterson, Mr. and Mrs. W. S. Brewer, Mr. and Mrs. Elmer Hightower, Mr. and Mrs. Albert

Adkins, Mr. and Mrs. Wilson Talley, Stephen, Randy, Wilson Jr., and Janice, Mr. and Mrs. Oscar Lewis, Mrs. Clifford Lowrie, Mrs. Emma Lee Pittman, Ladena Jefferson, Bobby Dean Jefferson, Don Dorsey, Desi Dorsey, Tony Pittman, Howard Clancy, Mr. and Mrs. Joe Orr and Elbra Orr and Mrs. Bill Holder and Nancy.

Mrs. Alice Gates of Abilene is visiting in the home of her daughter and son-in-law, the Rev. and Mrs. Howard Smith of Dodson. Their grandson, Howard Clancy, is also visiting from Amarillo.

Mr. and Mrs. China B. Smith of Iowa Park spent the week end with her mother and sister, Mrs. Lucy B. Wells and Miss Hattie D. Wells.

Miss Leitha Lowe of Amarillo is here for several days this week visiting her parents, Mr. and Mrs. M. J. Lowe and other relatives.

Mrs. W. E. Thomas returned Saturday evening after a week's visit with Miss Grace Jones in Kingfisher, Okla. Miss Jones brought her home and remained overnight.

WELLINGTON LEADER

Who's New in the Wellington Area

Mr. and Mrs. Bob Goforth are the parents of a son, Kelly Shawn, born November 21 in St. Joseph's Hospital. He weighed six pounds and 13 ounces.

A daughter, Milisa Ann, was born to Mr. and Mrs. Richard Needham November 21 in St. Joseph's Hospital. Her weight was six pounds and 14 ounces.

Rev. and Mrs. Max Phipps and Beverly Henry spent the week end in Stanton visiting Rev. and Mrs. Leo Rivest.

WORLD STAMPS are on display here at an exhibition in Prague, Czechoslovakia. In a group, the stamps form extremely attractive and interesting patterns.

Some Fertilizers Can Be Applied During Fall and Winter

COLLEGE STATION.—Phosphorus and potassium can be applied well ahead of planting with little reduction in availability, advises Dr. C. D. Welch, Extension soil chemist at Texas A&M University.

Phosphorus in fertilizers is soon converted to new forms in the soil and does not move unless the soil is disturbed by plowing or disking, says Welch. Potassium, he adds, is also held by soil particles and does not move except in sandy soils low in clay and organic matter. Therefore, such soils would be an exception for potassium application too far in advance of planting time, explains the chemist.

The big question about fall and winter fertilization concerns nitrogen. Welch says losses and reduced availability of nitrogen will vary with soil properties, temperature, and moisture conditions.

Ammonium nitrogen, he says, is held by clay particles and generally remains near where it is placed in the soil. Therefore, nitrogen in the ammonium form should be used but not

until soil temperature is down to 50-55 degrees F. When the soil temperature is above the 50-55 degree range, soil bacteria convert ammonium to nitrates at an accelerated rate and losses could occur, says Welch.

Nitrates are mobile and move with soil water. This means they can leach from a very sandy soil in area of heavy winter rainfall. Still another possible loss is through denitrification. This takes place, he says, in soils that stay extremely wet for long periods of time.

As for the best acceptable dates for making fall and winter application of nitrogen, Welch says it varies with the different regions of Texas. Each set of soil and management conditions needs to be evaluated. One practical approach, he says, would be to apply phosphorus or phosphorus and potassium if needed early, then the nitrogen later, closer to planting time.

But, he concludes, a reliable soil test will help when the decision is being made on what is needed. Local county agents can supply detailed information on soil testing.

U.S. HUNTERS UP

Reports from the U. S. Fish and Wildlife Service showed 20 million hunting licenses, tags, permits, and stamps were issued in fiscal year 1967, about half a million more than a year earlier.

The seven states with more than a million veterans are, in order, California, New York, Pennsylvania, Illinois, Ohio, Texas and Michigan.

Seins Net Honda —But No Keepers

LA PORTE.—When fresh water fishery biologists drag a seine through a stream they never know what they are going to find, says Clarence Beazley, information education officer for the Texas Parks and Wildlife Department.

Recently, David Pritchard, Bill Province and John Prentice of the department pulled a seine through Cypress Creek in Harris County when they made a rather sizable catch — a Honda 300 motorcycle.

"Turns out it had been stolen a week before, so it wasn't a keeper," Beazley said.

Increased compensation payments for about 1,952,000 service-connected disabled veterans will begin in 1969.

Cards of Thanks

With deepest gratitude we extend this word of thanks to all who were so thoughtful and kind to us at the passing of our loved one.

For the beautiful floral offerings, cards, food, many expressions of sympathy, and to Dr. Carter Holcomb, the nurses, and Rev. Dyess, we are truly grateful. Your kindness has meant much to us.

At Last, A Way

The Journal vigorously applauds the campaign which is being undertaken by Winston County federated women's clubs in their Crusade for Morality in Mass Media. This is a part of a national program being undertaken by the General Federation of Women's Clubs under the leadership and presidency of Mrs. Walter Varney Magee. There are 11 million federated women's clubs in this country who will be working in this concerted crusade and all other clubs and civic organizations will be invited to participate in the co-operative effort to clean up the entertainment media of our country.

The local clubs will soon have the names and addresses of 400 sponsors of TV and radio programs and they will be available to anyone in Winston County who wants to write them protesting shows that are being broadcast under their sponsorship that are dangerous to the moral welfare of our youth.

"There is a tremendous ground swell of indignation amongst the women of the nation over the prevalence of violence and sex themes in motion pictures and television and radio," Mrs. Magee says. "Where have we failed? We have failed by doing nothing. We have failed by our non-involvement."

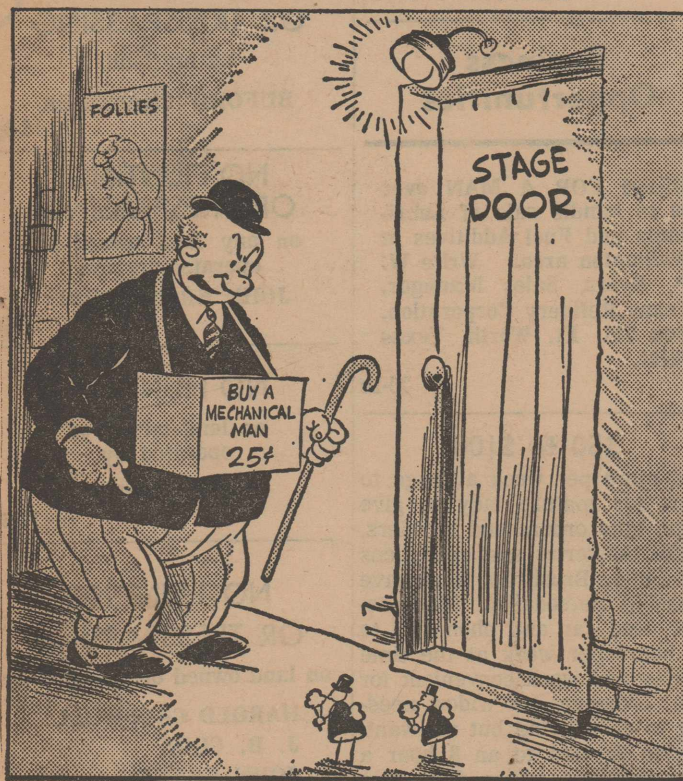

"We have completely lost perspective on decency. Immorality runs riot in our films, in TV and radio, in magazines and paperbacks, in stage plays . . . in all our communication and entertainment media. We have witnessed these so long that our shock senses have become dulled and we almost are acceptant of them. 'Topless' waitresses, nude Go-Go girls in public lounges, a general deterioration of our moral climate undoubtedly has been derived in great part, from salaciousness in films, books, plays, and so forth."

"Our entertainment media is destroying all values of decency and law abidance. Is it any wonder, then that the proportion of teenage girls who become pregnant in high school is a scandal today? Is it any wonder that babies born out of wedlock are so numerous that it is scarcely a stigma for a mother to be unwed? Is it any wonder that immorality, permissiveness, crime, and the results of these . . . broken lives . . . have become an alarming statistic that we simply must face realistically?"

Many thousands of concerned parents in Winston County are relieved that there is some way to combat this moral break-down, which, is permitted to go unchecked, will eventually cause the complete downfall of our nation.

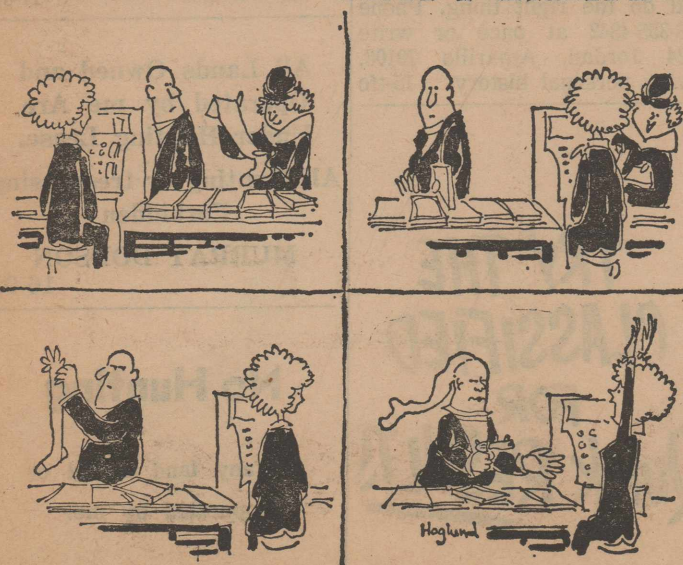

—Winston County Journal

HOGLUND'S HAPPENINGS

OCT. 24, 1934—Women's hosiery made of nylon goes on sale for the first time in a Wilmington, Del., department store.

Thanksgiving Fare

AUSTIN.—Lt. Gov. Preston Smith is making arrangements to take office as governor on Jan. 21.

He has already selected some of his official family. Jim Oliver of the Legislative Budget Board, which Smith now heads, will become director of the executive budget office. Oliver is working on the budget which the new governor will recommend to the Legislature.

Jerry Hall, chief of the Capitol Bureau for Newspapers, Inc.,—the Austin, Waco, Port Arthur and Lufkin dailies—will become Smith's press secretary.

Certain to have a top job, either as secretary of state or as chief administrative assistant,

will be Harold Dudley, who managed Smith's campaigns.

School

New members of the Legislature came to Austin for two days to learn the ropes about the legislative process.

Speaker-to-be Gus Mutscher of Brenham, with the help of the Legislative Council, arranged the orientation sessions. The freshman legislators will thus have an insight into how the legislative process works when they start the 140-day session on Jan. 14.

Turn-over in the legislature this year was low. Only 30 new members were named to the 150-member House, and only three new senators among the

13-member Senate. Two of the senators have been in the Legislature before, so there are only 31 in all who have not and legislative service.

Courts Speak

On Jan. 8 the State Supreme Court will review an Amarillo man's suit against a TV station which identified him as a robbery suspect after he had been released as blameless by police. Lower courts held for the station.

High court will hear arguments Jan. 15 in a suit where-in Ford Motor Company is charged as negligent in manufacturing a brake assembly on a new Ford truck that hit an Amarillo couple's car.

Trinity River Authority was loser in its efforts to enforce a condemnation award for property it sought in San Jacinto County. Supreme Court overruled the application for mandamus.

Another loser was a Lubbock man trying to collect damages

CROSSROADS REPORT

Dear Editor:

New federal rule fixing to go into effect, so as to make welfare less humiliating to the proud, will eliminate nosey investigation of an applicant's financial condition. If he says he's needy, the checks will start spewing out to him.

Of course, this lays another burden on the human conscience, which is already pretty well loaded down with the job of deciding which laws to obey, except tax laws.

But letting Conscience decide if you're needy will likely turn up some millionaires feeling they need another million, ladies with sable coats honestly convinced they need a mink, etc. It's hard for most of us to tell sometimes whether we're needy or just wanky.

D. E. SCOTT.

for arm cuts suffered when he accidentally rammed a fist through a liquor store glass door. Supreme Court declined to reverse the Tyler court of civil appeals rejection of a jury award of \$2,524.

High court refused to order District Judge Woodrow Laughlin of Alice to throw out pre-trial findings of a retired special judge in a South Texas couple's suit against an Alice hospital.

Secretary of State Roy Barera recommended that Gov. Connally deny a request for an extradition warrant for Paul Amos Sandblom, one-time Corpus Christi financier, paroled to Arizona after serving a federal prison sentence for selling securities without a license. Barera argued that the state has no right to prosecute Sandblom further on state charges.

Land Boom

Buyers a-plenty showed up at the Veterans Land Board's sealed bid sale at which 233 repossessed tracts were offered to high bidders.

Total number of bids was 898 and the Board accepted the high bids on all the tracts except four. One 74-acre farm in Guadalupe County drew 90 bidders. High man was Marion A. Coulter who bid \$22,502.

Board even managed to sell a 350-acre tract in Maverick County on which no bids were received the first four times it was offered. It was one of the "black deals" from the veterans land scandals of the 1950s, and this time it drew 10 bidders.

Welfare

Social workers for the State Department of Welfare soon will begin to spend their time trying to help solve the problems of people on welfare, instead of checking on their income.

A new policy was announced by State Welfare Commissioner Burton Hackney, after the U. S. Department of Health, Education and Welfare decided to try the new system nationwide.

Persons applying for federal-state grants because they are needy will merely fill out a declaration form, and they will be accepted.

Hackney said states that have tried this system, and then tested it by spot-checking, have found that very few people give untruthful information.

So the time or the highly-trained social welfare workers can be spent trying to arrange job training or other programs to help get recipients off the welfare rolls. In the past, much of their time has been spent in a "policeman's role," checking to make sure that those who get old-age assistance, aid to dependent children, aid to the needy blind or totally disabled did not have hidden sources of income.

Medical certification from a doctor still will be required on those claiming benefits as being totally disabled.

A pilot program has been under way in the Austin, Nacogdoches and Houston areas. It will be expanded statewide by July 1.

Telescope Dedicated

Ceremonies were held by the University of Texas Nov. 26 for the new 107-inch telescope at UT's McDonald Observatory on Mount Locke near Marfa in West Texas.

Built for the University by the National Aeronautics and Space Administration and the National Science Foundation, the huge telescope is expected to play an important role for NASA in investigating atmospheres of Mars and other planets.

Previously the main instrument at McDonald was an 82-inch reflector installed in 1939 when the observatory was dedicated.

Air Control Standards

Air Control Board has suggested new regulations to ban industrial smoke which would cut visibility to less than three miles.

Rules on light-blocking characteristics of pollutants would prohibit emissions of greater than 40 percent density.

Screwworm Investigation

A Rockdale lawmaker, Rep-elect Dan Kubiak, has called

on House Speaker Ben Barnes to order an investigation of the screwworm spread in Texas.

Kubiak claimed steps must be taken to eliminate the screwworm fly, which he said has returned to menace Texas cattle with a vengeance after a 7-year effort to stamp out the disease-causing pest. Kubiak said 5,000 cases reported last month are more than when the anti-screwworm program began.

Health Surveys Set

U. S. Public Health Service will conduct health surveys of 12-17 year-olds in Cameron and Harris Counties early next year.

Cameron County visits by PHS teams will begin Jan. 22 and last for three weeks. Harris County survey will begin Feb. 24. About 8,000 youngsters will be given complete physical examinations.

Short Snorts

• Texas Parks and Wildlife Department has asked the U.S. Corps of Engineers for a permit to build an artificial reef seven and a half miles southeast of the Port Aransas jetty.

• State Health Dept. purchased six porta-mobile radios to provide communications in disaster areas, such as it faced in the Hurricane Carla situation.

• Nine hundred men at the state prison farm units at Angleton and Trinity who volunteered to be inoculated with the new Hong Kong influenza vaccine to test the effectiveness of the new vaccine will be watched by Baylor Medical School doctors.

• Big city ambulance operators told a House committee headed by Rep. Don Hand of San Antonio that private operations of ambulance service with subsidies from cities and counties is the best way to provide this service in urban areas.

• Two state agencies are wondering which one should regulate the sale of cooperative or "condominium" apartments: Texas Real Estate Commission which has jurisdiction if the agents sell the apartments as real estate or State Securities Board which has jurisdiction if the sale is of stock in the apartment house corporation.

Thomases Attend Texas Nursing Home Convention at Dallas

Mr. and Mrs. Truett Thomas, representing the Thomas Nursing Home here have returned from the 18th Annual Texas Nursing Home Association convention and educational trade display, held Nov. 18-21 at the Sheraton Dallas Hotel in Dallas.

Based on the theme, "Service—The Key to the Future", the meeting drew over 1,000 nursing home owners, administrators and representatives from the health care field.

The convention's keynote address was delivered by Gen. James H. Doolittle (Ret.), famed World War II aviator.

Other convention notables were Frank C. Frantz, assistant to the Commissioner, Medical Services Administration, Social and Rehabilitation Service, Department of Health, Education and Welfare, Washington, D.C.; Burton G. Hackney, Commissioner, Texas State Department of Public Welfare; Benjamin Latt, management consultant, Nursing Home and Related Facilities, Division of Medical Care Administration, Bureau of Health Services, U.S. Public Health Service, Washington, D.C.; and C. Wayne Tucker, deputy assistant Bureau director, Division of Policy and Standards, Bureau of Health Insurance, Social Security Administration.

Patient care, always the first concern of the nursing home, was the major emphasis of the meeting. Other emphasis during the sessions centered on medicare, Medicaid (Title XIX) intermediate care, volunteer service, licensure of administrators and facilities, and numerous other topics.

Lynn Bourland Wins Honor

Lynn Bourland of Quail and Clarendon, a senior at Texas Tech, has been named Home Economist of the Year by the collegiate division of the American Home Economics Association.

She was one of nine candidates for the top state award based on professional involvement, contributions to home economics at local and state levels, academic standing and participation in school activities.

She is regularly named on the Dean's Honor List, and is a member of Mortar Board and Phi Upsilon Omicron.

Miss Bourland is the daughter of Mr. and Mrs. Fred Bourland.

Dodson Church Lists Events

Coming events of the Nazarene Church at Dodson were announced this week.

A Christmas program and tree will be held Wednesday, Dec. 18 at 7 p.m. at the church.

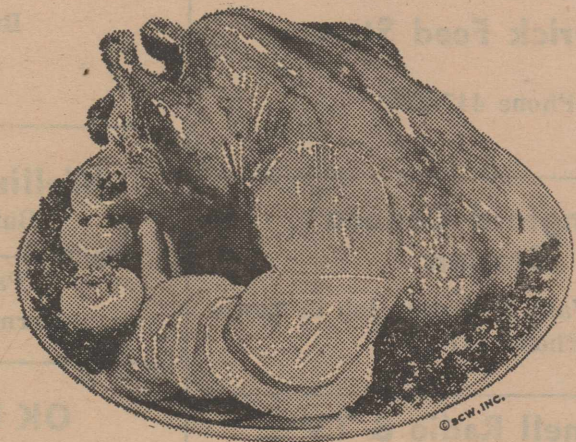

The Dodson Nazarene Ladies Missionary Society will entertain the Wellington members with a program and tree on Tuesday, Dec. 10 at 7 p.m. This also will be at the church.

Seventh Grade Basketball Games Reduced This Season

Wellington seventh grade basketball teams have opened their season under a new system, Coach Dick Hamilton reported.

They will play with the 8th grade teams, as last year, but the 7th grade boys and girls will alternate games. This will give a triple header, beginning at 5:30 p.m.

Each of the 7th grade teams will play only about half as many games as in former years.

ton team were Billy Henard, Jody Lee, Allen Havens, Jimmy Bowling, Jerry Maxwell, Joey, Manuel, Kenneth Porter, Charles Taylor and Johnny Holton.

Members of the Samnorwood team were John Stages, Johnny Christner, Jimmy Thomas, Laron Breeding, Feliciano Segura, Joe Stice and Rocky Decker.

Senior chapter conducting: first, Clarendon; second, Wellington; third, Paducah; fourth, Memphis; fifth, Samnorwood; sixth and seventh, Hedley and Turkey; and eighth, Estelline. Future Farmers on the Wellington team were Stan Parker, Jerry Lewis, Danny Gray, Sammy Coffee, David Hodges, Keith Derryberry, Barry Farris, Jackie Pendleton and Keith Martin.

The Samnorwood team included Robbie Dwight, Larry Oldham, Richard Barber, Ronald Carter, Larry Waters, John Pendergraft and Randall Johnson.

The Wellington 7th grade boys bowed to Paducah 20 to 7 here Thursday, Nov. 21, in their season opener.

Seventh grade girls will not play until Dec. 5, when they meet Memphis here.

Coach Dick Hamilton has only one boy with good height, and the others are about average for 7th graders. The game with Paducah was close for the first three quarters, then Paducah pushed ahead in the last period.

Starters were Tim Jones, Randall Hodges, Steve Kane, Keith Davis and Ivory Darton. Other players are Paul Wilbur, Dickie Johnson, Brent Wade, Eric Thomas, John Reynolds and Mike Williams.

Coach Hamilton said he will pick up between two and five more players before the boys team meets Shamrock there on Dec. 12.

After meeting Memphis here Dec. 5, the 7th grade girls will play Paducah there Monday, Dec. 9.

The 15 girls now on the team show good speed, Coach Hamilton said.

Forwards are Phyllis Sullivan, Patti McAlister, Connie Lewis, Sherri Grey, Annabell Harris, Debra Young, Cynthia Clement and Gwen Lewis. The guards are Edi Watkins, Juliana Baumgardner, Dian Brooks, Glendoline Sango, Mary Thomas, Jackie Elmore and Lennie Morgan.

The Maldives Islands are in the Indian Ocean.

The Careful Shopper considers the extra bonus that comes with every purchase in the home business area

Some of us (not always thoughtful buyers) may forget that money spent away from home gets us goods and service...and that's all.

We forget that when buying at home we get about the same things, plus a bonus: We also get our share of the more plentiful opportunities, the higher incomes and property values, better schools and other social benefits that more business brings to any community.

Cotton Harvest Reopens After Weather Delay

Cotton harvest in the Greenbelt area got underway again this week after two delays due to weather. "Cotton got dry enough by last Wednesday, the strippers began running again, and our receipts really started picking up," said Wiley E. Cain of the Memphis cotton classing office.

The Memphis office, USDA Consumer & Marketing Serv-

ice, has classed 19,957 samples to date this season. At this time last year the office had classed over 44,000 samples.

"We are off to a slow start this season. However, barring any more bad weather, we will soon equal last year's total and, hopefully, exceed it," said Cain.

This past week, 30% of the cotton classed White and 68% was in the Light Spot grades.

Predominant staple lengths were 31/32 at 37% and 1 inch, 29%.

Micronaire, or fineness and maturity, readings show 78% in the desirable range of 3.5 to 4.9.

Pressley readings, or breaking strength in thousand pounds

Your first thought is that Chevy is a good looking pickup . . .

1/2-ton Fleetside pickup

Here are some second thoughts:

work truck

We could add hobby hauler to the list. Chevy trucks are great for rock hounding. Collecting antiques. Etcetera.

The point is: They're as versatile as anything on the road. Or off. Especially, four-wheel drive versions. They go anywhere.

playmate

Wherever you go, you go in style. Sleek front end features a new aluminum grille. In back, there's a new 8 1/2-ft. box on some models. Great for big campers.

Great under the hood, too. Six or V8. Standard on V8 models is a big 307 cubic-incher.

second car

Under the rugged chassis, coil springs take care of bumps. Inside, thick foam seats take care of you.

There's a lot more. And more you can order. Like: power steering and air conditioning. See your Chevrolet dealer for all the facts and the good word on low price.

Highway SAFETY Guidelines

Patrolman James Haley

Patrolman Doug Wright

Q. When meeting an oncoming vehicle at night, at what distance does the law require you to dim your headlights?

A. The law requires you dim your headlights when approaching within 500 feet of an oncoming vehicle. A courteous, defensive driver will dim before this.

Q. Does the law require you to dim your headlights when following another vehicle at night?

A. The law requires that you dim your headlights when following a vehicle within 200 feet at night. This does not apply when you are in the act of overtaking or passing.

Q. When and on what type vehicles does the law require safety flaps or guards (commonly referred to as mud flaps)?

A. Every truck, road tractor, truck tractor in combination with a semi-trailer and trailer having four or more tires (dual wheels) on the rear axle shall be equipped with safety flaps of a material and construction prescribed by the Texas Department of Public Safety, located and suspended behind the rearmost wheels and they shall come to within eight inches of the surface of the road. This does not apply to pole trailers, truck tractors operated alone, nor to trucks on private property. These flaps are required at all times when a vehicle is operated on a public highway.

Q. What is the law regarding mirrors on a commercial vehicle?

A. Every commercial motor vehicle, when operated on a public highway, shall be equipped with a mirror, placed and maintained so that the operator shall at all times be able to see other vehicles approaching from the rear.

Q. What is the minimum age that a person can obtain a commercial drivers license in Texas?

A. The minimum age is 17 years old provided the person has passed an approved course of driver education. Without driver education the minimum

Burial Rites Held Monday for Billy G. Marsh

Billy Gene Marsh, 29, of McLean, foreman of the Clyde McGee Ranch in Donley and Collingsworth counties, was found dead Thursday afternoon Nov. 21 on the ranch.

He was the son of Mr. and Mrs. Russell Marsh of Wellington.

Born at Brownfield, he lived here and in the Samnorwood area before moving to the ranch in 1966. He was a member of the Lutie Baptist Church.

He married Miss Wanetta Sue Alexander on July 25, 1959 at Shamrock.

Funeral services were conducted at 4 p.m., Monday in the First United Methodist Church at McLean, with the Rev. Elton Wyatt of Hale Center officiating. Burial was in Memorial Gardens, Wellington.

Survivors include his wife, three daughters, Dixie, Phyllis and Alisha of McLean; his parents, Mr. and Mrs. Marsh of Wellington; and these brothers and sisters: Joe Raymond Marsh of Grand Junction, Colo.; Army M/Sgt. Jasper E. Marsh with a Special Forces unit in Vietnam; Marine Sgt. Danny L. Marsh of Parris Island, S. C.; Mrs. Dorothy Rose of Bosier City, La.; and Mrs. Alta Rasmussen of Sioux City, Ia.

After the United States purchased the Danish West Indies in 1917, the name was changed to Virgin Islands.

Let Us Give Thanks for Our Blessings

In this wonderful land we have so much to be Thankful for.

The abundance and security that are ours in America today were fought for and won at great price. Let us never lose sight of our freedom. Let us not be complacent in our great bounty.

FREEDOM FROM WANT . . . Our country produces more than we can consume.

FREEDOM FROM FEAR . . . No secret police knocking on our door at midnight.

FREEDOM TO WORSHIP . . . In America we attend the church of our choice.

FREEDOM OF SPEECH . . . We voice our opinions without fear of censorship.

FREEDOM TO GOVERN . . . Every American Citizen casts his ballot in secret

WE GIVE THANKS . . . for the many fine and loyal customers of Greenbelt Electric Co-operative, who are leaders on their farms and in their communities, and who are helping make American Agriculture greater.

We are in a season of change in sports as well as other things. Basketball has started but football will continue to hold the spotlight for the next month, particularly college football. In basketball Wellington should have some exciting teams this year with both the boys and girls teams. By the start of conference play both the Rockets and Rockettes should be playing to full gyms.

Last week football fans roared in protest when one pro game was cut off a minute early to start showing a version of that great story Heidi. Now the Heidi fans are beating back. They are demanding more good shows even if it cuts down on football. Why not cut out Jack Parr and Phyllis Diller and please both the football fans and those who like good shows?

Steve Owens is a man of many accomplishments and he cuts a fine historic figure when he has the opportunity. He was on a T-V show last week and made a pleasing impression with his nicely brushed brown hair, dark suit, white turtleneck sweater, well modulated baritone voice and his hands, which while huge are mobile and expressive and he uses them like an actor. Undoubtedly he caused many feminine hearts to flutter before the show was over. In case you haven't guessed by this time, Steve Owens is the handsome running back of the University of Oklahoma who made five touchdowns last week and will be seen again in the Astro-dome when Oklahoma meets SMU at the close of the year.

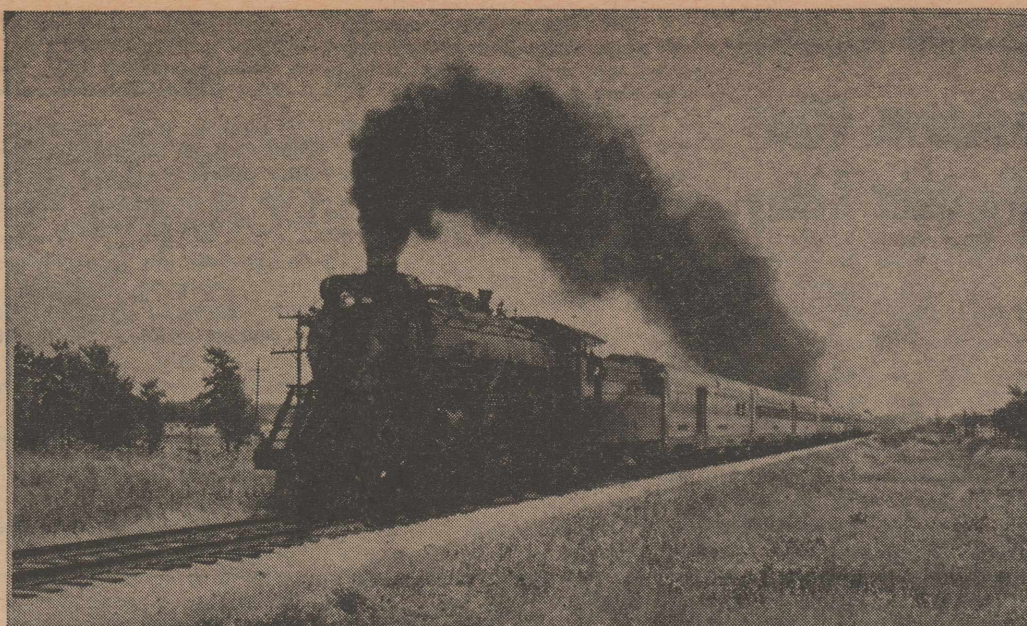

Another football player of great ability and greater character is Bill Bradley of the University of Texas. Labeled Super Bill in his sophomore year he played quarterback until the third game this year when he was put in a utility position to make way for James Street who is a great passer as well as an able running quarterback. A lesser man might have been bitter and sulked. Bill Bradley turned to his new assignment with high spirit that undoubtedly proved a great inspiration to his fellow players. In the games against Oklahoma and SMU his punting and pass defense was as valuable as the passing of Street and the running of Gilbert, Worster and Koy. He punts the ball higher than Donnie Anderson and his accuracy is incredible, and so is the rest of his playing. But more admirable than his athletic ability is his character.

Long distance charges between Amarillo and Canyon have been discontinued. Equity demands that they be discontinued between Wellington and Dodson. Since all four towns are listed in the same telephone directory, why can't the long distance rates be discontinued between Wellington, Hollis, Dodson and Gould? It took Canyon and Amarillo a long time to get their long distance rate discontinued; but they did it.

It says here that a man named Deskin Shurbert, Jr., is director of the Texas Tech seismology laboratory making a study of earthquakes, particularly in California and Mexico with some study of Texas. The story says that Texas has not been the scene of any major earthquakes in its recorded history. It does mention slight quakes in Amarillo in the period from 1964 to 1966 and they may have been caused by the construction of Lake Meredith. The instruments showed the center of the shocks to be four miles below the lake.

The passing of the cross-country passenger train seems as certain as the extinction of the Passenger Pigeon whose uncounted millions darkened the skies of the eastern part of the United States before the turn of the century. The picture on this page of a Burlington passenger train with smoke pouring from the steam engine will bring nostalgic memories to many people but it should be noted that an entire generation has grown up in this country that never saw such an engine and 90 percent of them never rode on such a train.

High speed trains riding on air or being blown through a tunnel in the metropolitan areas are a possibility of the future; but you wonder about the immediate future. Our giant airfields came near to being inoperable last summer with normal peacetime traffic. What would happen if vast bodies of men had to be

42 Consecutive Wins Behind Firecrackers

The unbroken chain of victories goes on and on, although in the faces of the youthful ball handlers change.

The Eighth Grade Firecracker basketball team has won 42 consecutive victories, being unbeaten since the middle of the 1965 season, Coach Carroll Nunneley reported.

"We're going to try to hold on to our winning streak—but it's getting worse every game," he declared.

The Firecrackers, along with the Crackerettes opened against Paducah here, with the boys winning 35 to 28 and the girls losing 42 to 31.

The boys teams were evenly matched, and the score was tied 12-12 at the end of the first quarter. At half time Paducah led one point, 20 to 19, but it was tied again 26-26 starting the fourth.

Wellington took the lead with one minute left and finally won out with 7 points ahead of their opponent.

The girls game also was nip and tuck, with only one point

Men In Service

John Albert Banjenbruch has completed boot camp at the United States Naval Station, Great Lakes, Ill., and is here on leave to visit his father, Doc Banjenbruch.

He will leave late this week for his new assignment at Jacksonville, Fla., where he will enter the Navy's school in electronic engineering.

SAN BERNARDINO, Calif.—Staff Sergeant Laudis F. Britt, son of Mrs. E. R. Vestal of Lexington, Tenn., has been graduated from the U.S. Air Force Senior Noncommissioned Officer Academy at Norton Air Force Base, Calif.

Sgt. Britt, who received advanced military leadership and management training, is an avionics instrument technician at McGuire AFB, N.J.

He attended Lexington High School and completed requirements for his diploma through an Air Force education program.

The sergeant's wife, Margaret, is the daughter of Mr. and Mrs. M. C. Zeck of Wellington.

FT. POLK, La.—Army Private First Class Gaylor N. Russell, Jr., 22, son of Mrs. Gladys E. Russell, Shamrock, completed nine weeks of advanced infantry training Nov. 4 at Ft. Polk, La. His last week of training was spent in guerrilla warfare exercises.

During his guerrilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. He was taught methods of removing booby traps, setting ambushes and avoiding enemy ambushes.

Other specialized training included small unit tactics, map reading, land mine warfare, communications, and firing the M-16 rifle, M-60 machine gun, and the 3.5 inch rocket launcher.

moved from the Atlantic to the Pacific? Would they dust out the freight cars something like the cars for 40 men and 8 horses used in World War I?

In the picture of the Fort Worth & Denver train the door of the mail car is open. This was a moving post office in which mail was sorted and dropped off where it belonged without being hauled back and forth over long distances due to some foul-up of a zip code or a delayed connection. No, all change is not progress.

Farmers Union Members Go to State Convention

A Collingsworth County delegation will be among the Texas Farmers Union members when the three-day state convention opens in Austin Thursday, Dec. 5, according to the president, Garland Hightower.

The delegates are Mr. and Mrs. Dudley Phipps, Mr. and Mrs. Rudie Tate, Mr. and Mrs. J. L. Alexander and Mr. and Mrs. Hightower.

Dodson

The Dodson Mustangs, both boys and girls, will meet the Memphis B team at Dodson Monday, Dec. 2, according to Lloyd Patterson, superintendent.

The Mustangs are coached this year by Asa Atchley, who came to the school recently.

Their next games are set for Monday, Dec. 9, when Paducah B team comes to Dodson; then on Dec. 17 Dodson will travel to Mobeetie, and on Tuesday, Dec. 31, the Mustangs will meet Arnett there.

Arnett

Arnett Indians will be playing in the Eldorado, Okla., tournament throughout the week of Dec. 2 to 6. The time of the Arnett games has not been announced here.

PEAR SUNDAY

Coupe is a French word for an ice cream sundae. Try Pear Coupe with fresh pears: Lean a pared, cored fresh pear half against a scoop of vanilla ice cream and drizzle both with caramel sauce, suggests Frances Reasonover, Extension nutritionist at Texas A&M University.
