Dallas Goodwill Visitors To Be Here Early Wednesday

It is expected that a crowd of several thousand persons will be on hand at 8:00 Wednesday morning when the Dallas "Victory Specials" comes to a stop in Lamesa.

With nothing to sell with the idea of unity, 75 Dallas business executives will pile off the special to pay their first call on this city.

With them will be a special corps of entertainers including the famous Early Bird Orchestra, Cass County Kids, Peg Moreland, Plainsman's Quartet, as well as officers of the United States Army, Navy and Marine Corps.

During their 45 minute stay in Lamesa, the delegation will leave their train at the Santa Fe station, march up town and put on their big show. They will distribute free souvenirs, including mirrors, pencils, candy, pennants and other novelties.

"All we ask of the folks at Lamesa," an official spokesman said, "is that they show up and greet us and shake hands with us to show that Texas and the entire Southwest are unified for the duration of the war."

"We don't want to talk business on this trip," he continued, "but we do want to greet our friends and assure them that we in Dallas are thinking of them and need their support, whether normal business conditions prevail or not."

This will be the 41st Goodwill tour to be conducted by the Dallas Chamber of Commerce and the Dallas Manufacturers and Wholesaler's Association, but will be the first time they will have visited in Lamesa.

Lamesa Second Place Winner At District Meet

Almost tripling the number of points of its nearest competitor, Lamesa, Lubbock won the championship of the district Interscholastic league meet which was held at Texas Technological College, Lubbock last Friday and Saturday.

Lubbock rang up a total of 131 points to take the title, with Lamesa following in second place with 44 points. Pep, a rural school in Hockley County, came in third with 36 points. Plainview was fourth with 35 points.

Hancock, of Dawson County was seventh place winner, with 21 points while Harmony, Klondike and Union scored 10 points each, with Sparenberg getting two points.

Winners from Dawson County were Jimmie Jean Baldwin, third in Class A High School Ready Writing; Juanita McNew, Klondike, 1st, in the rural division; Wilma Jean Jones, Lamesa, 1st, Ward schools.

Lamesa High School placed first in the One-Act Play contest, with Raymond Orson of Lamesa being named best boy actor, and Katy Lee Randle, third place girl.

Shorthand: Peggy Garrett, Lamesa, third; Theda Joy Nall, Lamesa, fourth.

Declamation, Junior High School Boys: Jack Reese, Lamesa, first.

Senior Girls-High School Declamation: Anne Hurt, Lamesa, second.

Ward School Junior Girls Declamation: Phyllis Green, Sparenberg, third.

Ward School Junior Boys: Ken- (Continued on Back Page)

Rupert Townsend Is Appointed County Judge

Following an order to report for induction into the United States Army, the Dawson County Commissioner's Court gave County Judge Vernon D. Adcock a leave of absence to serve his county, and appointed Rupert Townsend as acting County Judge during Mr. Adcock's absence. This action was announced last Friday morning.

Mr. Adcock is scheduled to report for induction some time this week, and Mr. Townsend will take office immediately following Adcock's departure.

Mr. Townsend is a pioneer Lamesa business man, having operated a drug store for many years. He at one time served for several years on the state pharmacy board and is well known over the entire state. Before coming to Lamesa many years ago, Mr. Townsend had served a term as a State Senator in his home state of Arkansas.

Win Certificates For Dairy Herds

J. M. and G. E. Peterson, Dawson County dairy farmers, both were awarded Honor Roll Certificates during the past year by the National Dairy Association.

To receive this coveted honor, all cows in a farmer's dairy herd must produce an average of 300 pounds of butterfat per year.

J. M. Peterson received this honor for production during 1940, when his herd of 34 cows produced an average of 357 pounds per cow of butterfat for the entire year.

G. E. Peterson had a herd of 14 cows, with an average of 412 pounds of butterfat per cow, for the same year.

LOYD HARRIS GOES TO DALLAS TO APPEAR BEFORE NAVAL BOARD

Mr. Loyd Harris of the Lamesa Elementary School went to Dallas to appear before the U. S. Naval Recruiting Officers Monday after conference with recruiting representatives in Lamesa on Friday. Mr. Harris is expected to return Tuesday.

There are 23 towns named Cleveland in this country.

Courier Cooking School Scheduled For May 4-5-6

Haven't you often wished you could place on your table something a little new — a little more appetizing — something which would make the male in your life sit up and take notice?

Many helpful and timely suggestions for making favorite dishes more palatable and attractive to the eye will be thoroughly covered during the Happy Kitchen Cooking School, brought to local housewives by the Dawson County Courier beginning May 4.

The school will be conducted by Miss Jessie Hogue, noted home economist and lecturer, who will dis-

Sells Chickens In A Hurry!

C. W. McClure who lives at Punkin Center, reports that he got some real results from Courier Classifieds when he advertised some chickens for sale recently.

Three weeks ago he ran a small ad advertising some chickens for sale. The ad came out in the Thursday edition of the paper. The next day, Friday, he had sold the chickens with the supply being far below the demand. And the peculiar part of it is that at the present time, three weeks after running the ad, Mr. McClure says that he is still getting plenty of inquiries about the chickens.

For those people who have something they want to sell or trade, or who want to buy or rent, we know of no wiser investment than the small cost of a Courier Classified. The results obtained speak for themselves.

School Changes Back To Old Time

The time for opening the Lamesa Schools was changed from 9:30 back to 9:00 effective Tuesday morning. This change in time was made so that certain classes in the high school could be handled to better advantage.

The days are much longer now from sun to sun than at the time the war time became effective and school authorities express the hope that the change will not inconvenience the families of children attending the public schools. Investigation has revealed that many parents will appreciate the change so that pupils may have another half hour in the afternoon for certain home duties.

The change in time is expected to be effective for the remainder of this school year.

BROWN COUNTYP REUNION

The second annual reunion of former Brown Countians living in Dawson and surrounding territory will be held on Sunday, May 3, at the City Park, Lamesa, according to Mrs. Ida Petty Smith of Knott, president of the organization.

The affair will be an all day one, and all are asked to bring a well filled basket.

The first reunion was held here last year with an attendance of approximately 40.

Dawson County Dairy Show Set For Friday And Saturday

Gen. Page Assails Rumormongers And Draft Boards

Adj. Gen. J. Watt Page, Texas director of Selective Service, Thursday berated with equal intensity draft boards that "have jumped the gun" and rumormongers "who know of a person who was taken away from his family when he was the only source of support."

"The draft laws have not been changed. Each case is judged on its own merits," General Page said in a telephone interview with the Fort Worth Star Telegram.

"We have received hundreds of letters at headquarters here in Austin," he said. "Some of them want to report that 'my son or brother or husband was drafted by Joe Doakes single and without dependents, has not been.' Others tell us of a man who has been sent to the army and his wife and children left to starve."

"Ninety-eight per cent of these cases are absolutely without foundation. The letter writer just didn't know the whole story. Joe Doakes volunteered and failed his physical examination, or he has been given temporary deferment for some good reason. The family that was left to starve has other income sufficient to meet its needs without undue hardship."

"Some draft boards, feeling they (Continued on Back Page)

The Dawson County Dairy Show to be held in Lamesa Friday and Saturday of this week, April 24-25, will be open to dairy cattle breeders of Dawson, Lynn, Terry, Gaines, Andrews, Midland, Martin, Howard, Mitchell, Scurry and Borden counties, and is expected to draw the largest number of entries of any show ever held in this city.

Awards amounting to over \$600 will be made to the various winning entries, with ribbons and other awards also to be made.

All animals exhibited in the show must be registered in the Herd Books of its breed. All animals must be free of tuberculosis and bangs disease, and owners must show certificates testifying to the fact that they have been tested for these diseases within the past 90 days or a certificate showing that the animals have been vaccinated.

The show will use the "One Judge System" of judging, with the decision of the judge to be final.

Open classes are open to all 4-H and vocational agriculture boys, breeders, and any other person desiring to exhibit. There will also be classes for 4-H and vocational agriculture boys.

Saturday there will be an "Official Dairy Day Classification" when all animals entered will be graded on their individual merits, and not in competition with other entries. This classification is sponsored by A. & M. College of Texas and the American Jersey Cattle Club. Ribbons will be awarded in this show.

General Public To Register For Sugar Rationing In May

Uncle Sam is going to have to tighten his belt this week, and begin to stir the sugar in his coffee, to be sure there will be enough sugar to go around in case we have to depend on our home-grown supply.

That is the reason school teachers in the Southwest—and throughout the land—are "going to school" themselves, to study the plan books giving them official instruction in the method of registering the trade on April 28 and 29 for sugar rationing, and the general public on May 4, 5, 6, and 7 for War Rationing Book Number One.

Max L. McCullough, region director for the Office of Price Administration in Texas, Oklahoma and Louisiana, has advised members of the trade to obtain application forms without delay from local ration boards, for the commercial registration April 28 and 29 at high schools.

"Registration for the trade will involve establishments varying in size from the smallest country store to the largest super-market," he explained, "and they may vary in type from a boarding house or a home candy manufacturer to a fruit canning factory, soft drink bottler or a meat packer. Some of the information required may be rather technical for some of these, so it is important that they obtain application forms beforehand, study them and fill them out. Then they will need only to go before a registrar on April 28 or 29 and sign the forms in the presence of a registrar, to obtain sugar purchase certificates." Mr. McCullough emphasized that

sugar rationing has become necessary because today we are receiving no sugar from the Philippines and very little from Hawaii, although in peacetime we imported 27 per cent of our supply from these areas; shipping from the West Indies, from which we usually obtain 35 per cent of our sugar stocks, is now uncertain. That leaves the 38 per cent we produce at home, which may have to be spread among all the people.

OPA has revealed that each individual will be allowed one pound of sugar with each of the first four stamps in War Ration Book One. However, the subsequent stamps may not obtain the same amount, because the ration of sugar may be changed from time to time according to the total supply in the country.

Each stamp will be good for the period announced by OPA, and under present plans, each ration stamp will be good for two weeks. Thus, as rationing begin on May 5, and individual may obtain half a pound of sugar per week.

State ration administrators for Texas, Oklahoma and Louisiana have met with Region Director McCullough to go over the registration instructions, and this week are putting the finishing touches on their separate state arrangements. Region meetings have been held in each state by state administrators, to explain the registration rules to county and city school superintendents. They, in turn, have conducted local meetings of teachers to explain procedure to them.

DEFENDER OF THE PHILIPPINES—Lieut. Gen. Jonathan M. Wainwright, successor of Gen. MacArthur in command of United States troops in the Philippines.

North Dakota has a town named Snow and Arkansas has a town named Snowball.

Ex-Navy men under 50 years of age may enlist in the Naval Reserve in rating in which discharged or now qualified to hold.

J. E. (Joe) Hardesty

FOR CONSTABLE, PRECINCT 1:
J. C. Porter

PUBLIC WEIGHER, PREC. 1:
Mrs. G. W. Wyatt (re-election)

Exit Ingenue— Enter Leading Lady

NEW YORK—If you were brought up to believe the old bromides which proclaim hard work, study and patience as sure stepping stones to success, then take heart from the copy-book case of Louise Campbell. Miss Campbell is a leading lady on Broadway because she planned it that way. She has toiled in the vineyards of Broadway and Hollywood, has studied—even taught—dramatics, and as for patience, she waited a full year for the right play to establish her as a lead.

The play is "Gust In The House," and, says the scheming Miss Campbell, "I think it will do the trick."

The drama critics seem to concur. When last they saw Miss Campbell in the flesh she was an ingenue. They welcomed her back not only as an old friend, but as one who had learned her trade.

Meet Miss Campbell

Miss Campbell, a delight to watch and a joy to hear, is petite in scale, with a Dresden-like sort of beauty set off by extremely dark, upswept brown hair. Her movements are graceful and unstudied, her voice cheerful and melodious—altogether, an escape from the clubwoman.

A Chicago girl, she had a youthful hankering for the stage, but to be on the practical side learned to be a dental assistant. With that to fall back on, she taught dramatics in a Chicago high school and at De Paul university, which she previously had attended.

She used an acquaintance with Oscar Serlin, Broadway producer, as an introduction to Broadway, but was shunted into stock. When finally she got into a Broadway-bound production, it folded on the road, but she passed up an offer from RKO to understudy in "Three Men On A Horse."

Comes Love

Three days after she replaced Gloria Blondell in that cast, Horace McMahon replaced Millard Mitchell, and a year later—in 1938—Miss Campbell became Mrs. McMahon. She still is pleased about the whole thing.

"He's a movie bad man," she says, laughing. "You know—bang, bang!" She did get into the movies, however, with contracts which permitted her to continue with the stage. Most memorable of the films, perhaps, were "Starmaker" with Bing Crosby and "Men With Wings," a technicolor chronicle of aviation in which she shared honors with Ray Milland and Fred MacMurray.

"I took parts in bad plays and

This Sergeant Acts Dual Role With Carrier Pigeons and Bayonets

A worker of miracles is Master Sergeant Max Bronkhorst. At Fort Sam Houston, Texas, he is engaged in the dual capacity of training homing pigeons for the Signal Corps and in teaching New York clerks, Pennsylvania steel workers and young farmers from half a dozen states in the dexterous use of the bayonet.

He has been breeding carrier pigeons since his boyhood in Rotterdam, Holland, nearly half a century ago. He brought a basketful of his Dutch birds to America long before the first World War and with him they entered the United States Army. Both made good. Nearly everybody knows how pigeons are used in modern warfare for auxiliary communications and for pilots of airplanes whose radios go wrong. Parachute troops and military intelligence agents also need the courageous feathered messengers.

Very few are downed by gunfire, the sergeant says, but a good many are killed by hawks and cats. He declares that with the best of food and care a pigeon will serve the Army and the nation for as long as 10 years.

Bronkhorst is equally enthusiastic in his work as an instructor in bayonet practice. He acquired his skill with the steel weapon while serving in the Dutch army and majored in its use in the A. E. F. He is especially proud of his bayoneteers in the squads at Fort Sam Houston.

—U. S. SIGNAL CORPS PHOTO.
Sergt. Max Bronkhorst

I have never seen anything like them, he says. These men are just superior, and that's all there is to it. I've seen bayonet fighters of all races but none will be able to stand up against these American boys.

Soldiers from the farms, adept in handling the pitchfork, are

singles out the Pennsylvanians for the highest praise.

"Especially these Polish boys from the steel mills," the sergeant grins. "The Poles have a perpetual resentment of the wrongs suffered by their native land. They can come to grips."

in stock just to learn and be seen," she says. "I consoled myself by thinking about how few hits the really great players have in a life time."

Finally, The Hit

Then, after a year of looking for a good start, came "Guest In The House," a psychological study of an invalid's warped mind. She was cast as the young mother whose home is disrupted by said invalid, a role played with such determination by newcomer Mary Anderson of Birmingham that the balcony is filled with women who have come to glare at the villainess and weep for the ever-loving Louise. That's why, as Miss Campbell says, it's a good commercial play if not an artistic success, which it narrowly escapes being.

A commuter from Rowayton, Conn., Miss Campbell boasts of her housewifely arts and the fare she sets before Two-Gun McMahon. This Alger girl also is thrifty, or else somebody forgot to tell her actresses spend all their money. They say she skimps along on \$150 a week, and that's just pocket money these days.

OLD SPANISH RANCHO'S IN THE NAVY NOW

SAN DIEGO, Calif. (AP)—One of the last great ranchos of old Spanish times in California has gone over to the war. The navy sliced 9,000 acres off historic Rancho Santa Margarita y Las Flores north of here, and now the marine corps has acquired 120,000 more for a training center. Until the defense program started, the 200,000-acre expanse with its century-old adobe ranch house had stood intact against the intensive settlement of southern California.

CONSOLATION FOR JAILBIRDS

NEW YORK (AP)—Jailbirds may be the lucky ones in case of an air raid. Prison officials here have been told by a war department representative that the heavy construction of the local lockups would make them comparatively invulnerable to bombs.

College students may now enlist in the Naval Reserve and, under certain conditions, be deferred from active service until after graduation.

An automatic lock mechanism in a bird's foot keeps it on the perch while asleep.

DAWSON COUNTY DAIRY SHOW

APRIL 24-25

LAMESA, TEXAS

OPEN TO DAIRY CATTLE BREEDERS OF DAWSON, LYNN, TERRY, GAINES, ANDREWS, MIDLAND, MARTIN, HOWARD, MITCHELL, SCURRY AND BORDEN COUNTIES!

INCREASED MILK PRODUCTION
Is Essential to the Nation's
WAR EFFORT

WHY HAVE GOOD COWS:

Tests carried on by Dairy Herd Improvement Associations in Texas during past 4 years show these facts: A cow producing average of 3 gallons of milk per day, returns a profit of 9c per gallon above feed cost. A 2-gallon cow returns 7c per gallon profit, while a 1 gallon cow returns profit of 5c. per gallon. These figures are based on milk selling at 17c per gallon.

How To Increase Milk Production:

1. Feed a balanced grain mixture according to production of cow. Feed all the good roughage that cows will clean up. If you do not have green pasture, feed one pound of alfalfa hay per cow per day.
2. Milk at regular intervals of 12 hours. Milk fast and milk out udders clean.
3. For greatest cow efficiency aim at a 10 months lactation period and 2 months dry period.
4. Keep plenty of good, clean, clear, cool, fresh water available at all times.
5. Contented cows will give more milk. Furnish cows with plenty of shade in summer and windbreaks in the winter.

PRODUCE CLEAN MILK-

The production of clean milk is worth many times the cost necessary to obtain same. A clean, dry milking place is worth a great deal, with a concrete floor being recommended.

1. All pails should be kept clean and should be sterilized before milking. Rinse all milk vessels with a chlorine water made of 100 parts of chlorine per million parts of water. Be sure to follow manufacturers directions for mixing this solution.
2. Before milking brush flanks and udder with a stiff brush, then dry by wiping with cloth.
3. Wash cows udder thoroughly with some of chlorine water. Squeeze cloth dry and dry cows udder.
4. Wash hands in chlorine water immediately before milking, then dry thoroughly.
5. Strain milk through sanitary strainer. Use filter pads of cotton discs.
6. Cool milk promptly. Use fresh well water. Water will cool milk 21 times as fast as air.

One of the best Hardy Family pictures ever made...
Mickey Rooney and the Family

"Life Begins For Andy Hardy"

out of a common labor family and began married life with only \$8. Never had a special financial favor rendered me in life. I landed in this county the 4th day of November, 1930, seeking a job as a cotton picker. I picked cotton for many people in Dawson County, secured a share crop on the farm I now own and live on. Isolated, because of my poverty condition, I made practically no acquaintances until the drouth of 1933 and 1934 forced me to seek employment on the WPA. I helped build roads across the county from north to south, and east and west. There I made a wide acquaintance which I feel was well worth the hardships whether I am elected sheriff or not. To be sure a man of that kind of past life knows nothing about mixin with popular and modern society but if I didn't feel that I could serve any and all classes regardless of color, creed, nationality or class without partiality, fear or favor one above or below another and also feel that there are people in every community of Dawson County who, by their personal acquaintance or standing, know I possess that qualification, I would not dare make the race. If I possessed the characteristic qualifications of a minister I would not want the office, but I feel that anyone who is personally acquainted with me is sure that I would, if elected, uphold and enforce the law to the best of my knowledge and ability, impartially and without fear or favor.

I am not seeking the office because I think my opponent is not characteristically qualified in every respect or that I am better qualified to hold that office. I am solely placing myself before the voters of Dawson County sincerely upon your own choice. I now pledge myself never to utter a word or make a statement I would not want made about me regardless of what may be said about me, and I will use all my influence on my friends to prevent them from doing so. If I can't win honestly, fairly, cleanly and with the highest respect and admiration toward my opponent I may have to face, I don't want the office. I would be much happier and satisfied at the end of a race that had been run fairly and cleanly with all respect toward everybody concerned if I was defeated, than to win unanimous support and have to feel otherwise. As I know I will not be able to make a personal call on every voter of the county, I don't plan to make any personal calls at all, other than to meet with the other candidates at their designated speaking appointments, therefore no one, will in my opinion, have a right to feel slighted or feel like I would not appreciate their support because I failed to make a personal call. In fact, I only solicit the support of those who can conscientiously feel that I will appreciate it and I make this one and only promise and the only one I plan to make in this campaign, provided that I am elected, to so conduct myself and serve in a way that I would not feel embarrassed or embarrass my friends, should I choose to ask a 2nd term. I have such a personal regard for the voters' freedom of option to choose whom they please that I am not selfish enough to try to persuade anyone to support me, but I sincerely promise those who by their own choice support me that they will never have an opportunity to cast a vote where it would be more appreciated. With the highest respect to all voters and their freedom of choice, I will be wishing you well, before and after the election, regardless of who is sheriff of Dawson County.

Sincerely,
IKE HOUSTON
(Pd. Pol. Adv.)

SHOOTIN' IRONS STILL PLENTIFUL IN MONTANA
HELENA, Mont. (AP) — After sheriff's officers asked for the voluntary registration of all firearms in Lewis and Clark county, more than 10,000 were listed. There were several machine guns and gas bombs reported by banks.

Third class petty officers in U. S. Naval Service receive \$60.00 per month base pay.

Henry J. Price, Dawson Pioneer, Buried Saturday

Funeral services were held at 3 o'clock Saturday afternoon, April 18, at the First Methodist Church, for Henry J. Price. The services were conducted by a former pastor, Rev. Ira Smith of Snyder, assisted by Rev. Jack Thompson and Rev. E. F. Cole. Interment was in the Lamesa cemetery with the Masons in charge.

Uncle Henry, as he was commonly known, died after several weeks illness at his home. He was a pioneer citizen of this country, having moved to Borden County in 1896.

Mr. Price had freighted over the plains country long before the railroads arrived. He moved to Dawson county in August 1908. He had been engaged in the grocery business here for 20 years. He was a member of the Methodist Church, having joined some 50 years ago. He was also a member of the W. O. W.; IOOF and Masonic Lodges, and the O. E. S. Order.

Survivors are his wife and five children, Mrs. A. S. Alsobrook, Lamesa; Cleveland Price, Dallas; Edd Price, Carlsbad, N. M.; Mrs. H. A. Harrison, Lubbock; and Mrs. Oran Neaves, Fort Worth; ten grandchildren; one brother, William Price of Fletcher, Okla. He leaves a host of friends and relatives, and was a friend to those who knew him best.

The following out of town relatives attended the funeral services: H. Sumner and Mrs. Lorene Bluhm of Big Spring; Hollis Price and family of Floyd, N. M.; Mrs. Mary Price, Chavez, N. M.; Mr. and Mrs. Theo Darden, Lorenzo, Texas; Morgan Wristen of Grand Falls, Tex.; Charlie Wristen, Monahans, Mr. and Mrs. Clyde Reynolds of Morton.

Other out of town friends here for the funeral were: Capt. Maurey Gault of Lubbock; Mr. and Mrs. Chester Brown and daughter, Mr. and Mrs. R. O. Decker of Seminole; Mrs. Naomi Hart and Mrs. Jewell Burkett of Lubbock.

CARD OF THANKS

We wish to thank all our friends and neighbors for their many kindnesses to our dear one in his long illness, and for the beautiful floral and delicious lunch they sent in. We also want to thank Dr. Lovelless and Dr. Frazier for their kind attention the past several years. May Gods richest blessings rest on each of you, is our prayer.

Mrs. Summerlin,
Mrs. Floyd Woods and Lou Nell,
Mr. and Mrs. O. C. Cates
Mr. and Mrs. Rex Owens.

Nearly 5,000 daily bus trips carry people in and out of Manhattan.

New Officers Elected By Rotary Club Last Friday

The Lamesa Rotary club elected new officers at their meeting last Friday at noon, with F. T. McCollum being elected president for the next term of office. Others elected were Matt McCall, vice-president; G. M. Roberts, secretary-treasurer; and McCollum, McCall, Roberts, C. A. Hollingsworth, retiring president, J. E. Barron, Millard McDonnell, and A. B. Carpenter directors. The last three men named are the new directors, the others being carry-overs in their directorates.

Following this business session, Kenneth Cox, Lamesa implement dealer, made a very interesting and educational talk on "Banning Of Rubber on New Tractors May 1."

Mr. Cox began his talk by saying that after May 1, no rubber tired tractors will be manufactured by the makers of farm equipment. This action on the part of the equipment industry was made compulsory by an order of the War Production Board March 9, which read that no manufacturer should make more than 55 per cent of the rubber tired tractors made during January and February 1942, and during April no more than 40 per cent, with no rubber tired tractors to be made after May 1, 1942.

Mr. Cox stated that the news of the order had been discounted some due to the fact that it had been expected, but that its effect upon agricultural production would be none the less drastic. Only 10,000 units were constructed during March and 7,500 units during April, which are the last of the rubber tired tractors for the duration of the emergency.

The rubber tire ban will have a great effect upon tractor designs from now on through the duration, and most present day models were designed exclusively for rubber and geared for use of rubber tires. As an example of the advantages of rubber tires over steel, he stated that it meant a reduction of power adaptable to actual work, as it takes 25 per cent of the power developed for a tractor to pull itself when on steel wheels, while only 5 per cent of the power is used when a tractor is equipped with rubber.

"It simply means," said Mr. Cox, "that a 4-row tractor on rubber is a 2-row tractor on steel, and a 2-row machine on rubber is a 1-row affair when placed on steel. Thus one can easily see the effect of the rubber tire ban."

Under the tire rationing plan, users are still able to obtain tires needed for replacement. How long this will last however, is problematical, but of tremendous interest to owners of tractors now in service.

Popularity of rubber tires on tractors since the present low pressure pneumatic tire was first made in 1932, is illustrated by the figures that only 14 percent of tractors were on rubber prior to 1935, while since that time around 95 percent of all tractors made are equipped with rubber tires.

The same situation is true as regards all other farm machinery, Mr. Cox claimed, saying that it was especially true of grain combines, in which line the demand far exceeds the supply even at the present time.

"This situation creates a sales problem that will be hard to overcome," Mr. Cox concluded, "for it is going to be a hard matter to sell a farmer who is accustomed to rubber steel wheeled farm machinery."

Gamma Lambda Chapters Observes 3rd Anniversary

"Pioneering Women" was the subject of an address given by Mrs. L. M. Pratt on last Tuesday evening at a meeting of the Gamma Lambda Chapter of the Delta Kappa Gamma society, National Honor Society in Education. The Lamesa chapter observed the third anniversary of its organization on April 13 at the home of Mrs. Jack McLaughlin.

"Women have done much for their communities, their nation and themselves in the last hundred years," Mrs. Pratt stated. She told of the pioneering work of National leaders such as Lucretia Mott and Carrie Chapman Catt and then she paid tribute to Texas women and to local women who have been leaders in their field.

Miss Pinkie Brack was in charge of an informal personality quiz. Mrs. E. J. Yates, chapter president, presided.

Brick ice cream and angel food squares were served to the following members: Misses Commie Zell Barnes, Pinkie Brack, Laura Kelsay, Toylee McClinton, Bess Shanks, Mesdames J. E. Barron, Weldon Lindsey, W. M. Meech, E. J. Yates, L. M. Pratt, T. A. Kellam, R. A. Stuart, and the two hostesses, Mesdames Matt McCall and Jack McLaughlin.

PVT. TOMMIE FRITH HONORED WITH FAREWELL PARTY

Mr. and Mrs. W. H. Frith of the Lamesa Country Club, entertained a group of relatives at their home during the week end honoring their son Pvt. Tommie Frith of Camp Barkeley, Abilene, who will leave soon for Boston, Mass.

Pvt. Frith came here Saturday by plane with Capt. Tex Risher of San Angelo. Capt. Risher, an instructor at the Air School in San Angelo, is a nephew of Mr. W. H. Frith. He flew to Abilene early Saturday for Pvt. Frith, flying on to Lamesa.

On Sunday Mr. and Mrs. Frith served a delicious dinner to their guests in the club room at the Country Club. Roses and other cut flowers decorated the dining table and the entertaining rooms.

Those enjoying this in-honor affair were Mr. and Mrs. C. E. Boone, Mr. and Mrs. Henry Frith and family, Mr. and Mrs. Roy Frith and family, and Mr. and Mrs. Woodrow Frith and family, all of Borger; Mr. and Mrs. Roy Manes of Ackerly, Mr. and Mrs. A. L. Frith and family of Munger, Capt. and Mrs. Tex Risher of San Angelo, Mr. and Mrs. W. H. Frith and son, Pvt. Tommie Frith.

Miss Betty Hurt of Tech Lubbock, spent the week end here visiting with her parents, Mr. and Mrs. Swanson Hurt.

MRS. R. F. NIX GUESTS SPEAKER AT Y. W. A. MEETING

The Y. W. A. of the First Baptist Church had its weekly meeting Tuesday in the home of Mrs. Heffernan with Mrs. R. F. Nix as the guest speaker for the occasion.

The group is arranging a scrap book on the life of Mrs. Beddow, the sister of Mrs. Nix, who is a missionary some where in China. The evening was spent with Mrs. Nix relating the life of her sister, Mrs. Beddow.

During the business meeting, Edwina Jackson was elected as secretary.

The next meeting will be held Monday at 8 o'clock at the First Baptist Church with Miss Ella Frances Scott in charge of the program.

Members attending were Francis Dobbins, Edwina Jackson, Ella Frances Scott, Charlotte Orr, Mrs. R. F. Nix, guests and Mrs. Heffernan sponsor.

O. E. S. TO HOLD FRIENDSHIP NIGHT THURSDAY

The Eastern Star Chapter of Lamesa will be hosts at a friendship meeting Thursday evening at 8 o'clock at the Masonic Hall.

Chapters who have been invited to attend this meeting are Lubbock, Tahoka, O'Donnell, Slaton, Brownfield, Seagraves, and Seminole.

A friendship program will be given and all members of the Lamesa chapter are urged to attend.

MRS. LEE BILLINGSLEY HOSTESS TO CLUB THURSDAY

Large bouquets of iris decorated the home of Mrs. Tom Burnside's Thursday afternoon when Mrs. Lee Billingsley was hostess to members of the Thursday 42 club.

During the afternoon games of 42 were enjoyed after which a salad plate was served the guests.

Members attending were Mesdames A. H. Smith, Ray Williams, Bill White, M. E. Boren, Irvin Wright, Dee Hull, M. E. Smart, Lanan Bissett, Ross Broadman, Ross Gibson and the hostess, Mrs. Billingsley.

DELPHIAN CLUB TO MEET APRIL 28 INSTEAD OF 21

Members of the Delphian Club are asked to take notice that the club will not meet on Tuesday evening, April 21, the regular meeting time, because of the Junior play at the High School Auditorium, but will meet on Tuesday evening, April 28.

Former Lamesan Missing In Action

Robert Kirk, 35, son of Mr. and Mrs. O. R. Kirk of Portersville, California, and a nephew of Robert H. Kirk of Lamesa, and a member of the crew of the destroyer U. S. S. Pillsbury, sunk in action in early March, has been officially given up as lost, according to word received by his relatives from the U. S. Navy.

Robert lived in Lamesa for four or five year when attending high school, and was a member of the first Lamesa High School football team coached by F. T. McCollum.

ALONG THE ROCKY ROAD OF TIRE RATIONING

SAN FRANCISCO (AP) — Two individual answers to the auto tire problem have appeared on the Pacific coast.

Charles Danner, Portland shoemaker, has pieced together old bits of tire carcasses with bolts. He has driven this product 60 miles and as fast as 50 miles an hour.

Nathan Bell of Glendale, Calif., has made a tire of blocks of wood shaped to the wheel.

"It rides fine if you don't go too fast," he says. "It'll do if worse comes to worst."

All men enlisted in the U. S. Naval Reserve will be released to inactive duty and returned to their homes as soon after the war as their services can be spared.

PERSONALS

Misses Mattie Phenix and Ruth Magee were business visitors in Lubbock Friday afternoon.

Mr. and Mrs. B. F. Abbott of Midland spent Sunday here visiting with Mr. and Mrs. Lloyd Cotten.

Mr. and Mrs. C. M. Borden who have made their home in Los Angeles, California, for the past year have returned to Lamesa where they will make their home.

A. J. McDaniels of Camp Barkeley, Abilene, spent the week end here visiting with his wife, and other relatives.

Dorman Kinard of Camp Barkeley, Abilene, spent the week end here visiting with his wife, Mrs. Kinard returned with her husband to Abilene, where she will make her home.

Lloyd Cotten and Thurman Hill left Sunday for Dallas to attend to business and visit with friends.

Miss Wilma Tabor of Abilene Christian College, Abilene, spent the week end here visiting with her parents, Rev. and Mrs. O. H. Tabor.

Mr. and Mrs. Arnold Bolton of Carlsbad, N. M., spent the week end here visiting with her mother, Mrs. Hugh Gill.

Mr. and Mrs. Willard Blair of Carlsbad, N. M., spent the week end here visiting with friends and relatives.

Mr. and Mrs. T. R. Corley are visiting with friends in Amarillo this week.

Mr. and Mrs. Sam Bockman of Amarillo attended the funeral here Saturday of Henry Price.

Mr. and Mrs. Stancell Clement spent Sunday in Lubbock visiting with friends.

Mr. and Mrs. Swanson Hurt spent Sunday in Lubbock visiting with friends and relatives.

Mr. and Mrs. Quinton Collins and Mrs. J. F. Aycock spent Sunday in Brownfield visiting with relatives.

Miss Tommie Ruth Morris of Tech Lubbock, spent the week end here visiting with her father, B. F. Morris.

Mr. and Mrs. N. P. West of Big Spring spent Sunday here visiting in the home of Mr. and Mrs. C. E. Sumner.

Stewardesses In Cottons

Heading the parade in the switch to cotton uniforms is the New York, New Haven and Hartford railroad up in New England. Stewardesses Ruth Ferguson (left) and Ruth Jamerson adjust their new cotton mesh stockings. Their standard uniform includes light-colored cotton gabardine suits, white cotton blouse, and cotton boll corsage. The girls work on the railroad's streamliners operating in the New England states.

Commands Corregidor

At Texas A. and M., they insist that Corregidor Fortress is in very capable hands and they should know for the commander of this famous Philippine stronghold is Major General George F. Moore, Aggie football immortal and former commandant of cadets at the college. About the campus he still is referred to as Old Maud, a nickname that has stuck since he kicked a football over old Ross Hall during his student days. The commander is a native of Austin.

At full flight speed, a coot often nearly 4,000 more people were will dive into the water when chased accidentally killed in 1940 than in 1939. ed by hawk or eagle.

War Is Swell— Ask The People Who Live There

Wide World Features

WAR, W. Va. — Say what you want to about war — it's hell and a lot of other things — but smile when you say it around here.

War is home to 1,200 people in this down - under corner of the Appalachian coal fields.

Most of them were born in War, schooled in War and earn their livelihood in War, but so far as the international conflagration is concerned they could name the town Peace.

"I've lived in War most of my life but I never thought of it as the name implies," says Draft Board Clerk Thomas E. Lovas.

"We're just like the average American community. We're proud of our country, state and town.

"The World War means as much to us as to any other Americans but just the same WAR means home."

Incorporated in 1920, War was named for War Creek — so designated by the Indians about 1788 because of a battle which occurred near the source.

The first settlement was about 1905, soon after the railroad came through the mountains, and the first name was Miner's City. A few years later some one thought of the present name.

Today the town stretches for a mile along the railroad track, with but a single street. On it are the homes, churches, schoolhouses and business houses of War. The mining city of Welch is the area's trading center but there is much travel across the line into Virginia a few miles away.

Clerk Lovas said about 75 young men are in the armed forces. About half that number served in World War I and one

Ceiling Prices Set On Scrap Iron

Ceiling prices have been set on scrap iron and steel and there is no point in holding accumulations of these on the farm or around a city household in the hope of obtaining a higher price. George Butler, executive secretary of the Texas Salvage Committee, pointed out today.

"There is no profit in hoarding," Mr. Butler emphasized, "and fortunately, we find that the majority of farmers are only too glad to donate their accumulations of scrap to charitable and civic collecting agencies, while others choose to sell. The important thing, though, is to get in that scrap!"

The Office of Price Administration, he said, has established a maximum price schedule for steel and iron scrap, and Leon Henderson, the Price Administrator, has made it plain that OPA has no intention of increasing these maximum prices. It took into consideration the fact that much material collected would be varied and would be unprepared for use by the mills. Also, much of this scrap is located in sections remote from the usual scrap collection areas and from steel centers.

"I can't conceive of anyone's withholding this vital war material for the selfish purpose of speculating on the possibility of higher prices in the future," Mr. Butler said. "That can bring only a loss of self-respect by anyone who

of them was killed in France.

Aside from the departure of the young men, the people of the town (and almost everywhere else in the southern mountains for that matter) have had little direct connection with the defense program. Not so much as squad of soldiers, a tank or a big gun has passed along the roads.

Seeks Office

State Senator John Lee Smith, of Throckmorton, has announced he will be candidate for lieutenant governor of Texas. Mr. Smith is well known in Lamesa, as he has spoke here several times.

gambles for personal profit, at the expense of our common effort to whip our enemies."

The salvage official called attention to the fact that labor and trucks will be provided by the Works Project Administration in areas where the state salvage committee hasn't succeeded in moving scrap materials.

Mr. Butler pointed out also that where instances of hoarding of scrap steel and iron are found, the War Production Board's Bureau of Industrial Conservation has requisitioning powers, and it already has not hesitated to use those powers when anyone possessing scrap has refused to sell it to mills offering the ceiling price.

NOTICE TO FARMERS

Delint your seed this year the way to save the lint! We will need the Gun-Cotton to shoot at the Japs! . . .

Delinting, Grading and Treating of Cottonseed has become almost a scientific necessity as well as a financial saving for the cotton grower!

Features and Advantages:

Features and advantages are the fact that only about 7 pounds of seed per acre are required instead of the customary half bushel and the seed are planted with the common corn plate.

It also insures the placing of from 4 to 7 seed per hill, increasing the strength of the seed and enabling them to break through the crust. This spacing also eliminates chopping.

Planting capacity is increased up to 25 per cent by eliminating chokes and faulty planting.

Delinting of your expensive seed will make them go twice as far, thereby effecting a large saving.

The process for delinting is the most practical system used. The lint is taken off by linters, which is the saw system. We do not use heat or acid to dry out or eat-up seed and sacks.

Our seed can be carried over from year to year without danger of spoiling germination.

The saw system has many advantages. A healthy, matured seed is very tough and will not cut or break (if this were not true, the sharp saws necessary to gin cotton would ruin the seed before they left the gin), the only seed that are cracked are the immature brittle-shelled seed. This is the only system that completely eliminates this type of seed.

We have a modern plant at Cotton Center (8 miles South of Lamesa on Big Spring Hiway). This plant consists of a linter delinting system, two types of culling machines (one reel type and one large clipper type especially made for culling of both small and large type cotton seed) and also the treating attachments for treating of seed with Ceresan.

A small amount of fuzz is left on the tip end of the seed to hold the Ceresan. This is a great advantage to germination.

R. F. LYONS GIN

COTTON CENTER, LAMESA, TEXAS 8 miles south of Lamesa on Big Spring road

District Meet—

Continued From Front Page)
 neth Williams, Lamesa, Third.
 Rural School Junior Girls Declamation: Jo Anna Bridges, Hancock, first.
 Rural School Junior Boys Declamation: Bobby Butchee, Hancock, first.
 Senior Girls: Virginia Anthony, Woody, second.
 Senior Boys: R. E. Houston, Hancock, first.
 In the athletic events, A. J. Broyles of Lamesa High School was district winner in senior boys tennis singles, winning over the Lubbock entry in the finals.
 Aubrey Hardwick, of Lamesa, was the winner of the 880-yard dash, while R. L. Price, also of Lamesa placed second in the mile run.

General Page—

(Continued From Front Page)
 must fill all calls, have taken too much authority and ordered men up for inductions when by all present regulations the men are 3-A.
 "I have one case on my desk now where a husband was ordered to report for physical examination and induction, leaving the wife to support herself on an average weekly income of \$8, gained from sewing.
 "You can be certain that the man is not going to the army under such circumstances, but is going to stay on his job and support his wife."
 General Page said that prior to the entrance of the United States into the war all borderline 1-A and 3-A cases were judged in favor of the registrant.
 "Now because of war, borderline cases are generally judged in favor of the army. But, still, all cases are judged on their own merits. No mass policy exists.
 "My personal opinion is that a lot of 3-A's will be reclassified as soon as the compensation legislation now in Congress is passed and I believe the legislation will soon become effective.
 "It will provide in some manner support of the dependents of a man now deferred so that he may be inducted into the army."

MOVES TO FARM

Mr. and Mrs. Dixie Kilgore have recently moved to their farm 12 miles south of Lamesa on the Big Spring road, then a half mile west. Dixie didn't say whether or not he was going to do the actual farming work, but we have our suspicions that he will be mostly a "gentleman farmer."

Right now's the time to feed grass **VIGORO!**

● Even before the frost is gone... before growth starts... feed Vigoro! No watering in is necessary. Your grass will come up stronger, greener, freer from weeds. Vigoro is the complete plant food... sanitary, odorless, easy to apply, economical. A product of Swift. Order from us today!

Date	Book No.	Serial No.	Signature of Applicant

OPA Form No. R-301 ☆ U. S. GOVERNMENT PRINTING OFFICE 16-26650-1 (Continue on reverse side.)

Here is a facsimile of the application for War Ration Book No. 1 which will be filled out for every person in Lamesa and Dawson County during the National Registration Period, May 4, 5, 6, and 7. Registration of individuals and members of families will be by school teachers and their helpers in the elementary schools. All members of family units may be registered by any one member over 18 years old. Individuals who are not members of a family unit must register in person. One of the applications must be filled out for each member of the family and each individual, and each will be issued a War Ration Book.

Applicants for books are urged by the Office of Price Administration to study carefully the application above, and have the correct answers when they register.

If the questions are answered promptly OPA estimates it will only take four minutes to fill out each form.

Applicants should come prepared with a list of the members of their families, giving the exact name of each; an exact description of each member of the family unit, giving the height, weight, color of eyes, color of hair, age and sex of each one.

The person who registers for the Family Unit must state his or her exact relationship to each member of it.

It is necessary to know to the pound just how much sugar is in

Mrs. Wiley Temple of Fort Worth is visiting with her husband here this week.
