Six Nations Are Hit By Revolts

Man Slays Wife And Calls Police

CHICAGO, Jan. 11. (AP)—Raffaele Perillo, 59, laborer, turned to his wife suddenly at the breakfast table today and said:

"You tried to poison me a couple of weeks ago!"

"Go on to your work," was her answer.

He ran to the bedroom for his revolver and emptied six bullets into her head and body. Then he called the police. Mrs. Perillo was the mother of nine children.

BANDIT SLAIN IN ROBBERY OF BUS

KANSAS CITY, Jan. 11 (AP)—A man who never before had fired a pistol was credited today with thwarting a robbery aboard a Pickwick bus which had been commandeered by two hold-up men.

The novice was David Taylor of Denver, who with his wife and three children had boarded the vehicle here last night, a short time before the passengers were startled by the command, "this is a hold-up." A fellow passenger slipped an automatic pistol to Taylor, who with his first and only shot killed one of the robbers. His companion ordered the driver to stop, leaped out and escaped.

The dead man was identified as Herman Lee Fuller, Heavener, Okla.

Protection Sought For Oil Operator

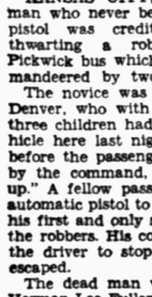

KILGORE, Jan. 11 (AP)—Oil operators in the East Texas field were counseled to constitute themselves enforcement officers and arouse public sentiment to force adequate protection for the small operator, at a meeting here yesterday of more than a hundred members of the East Texas Oil Landowners' association.

J. G. Puterbaugh, vice-president of the East Texas Producers and Royalty Owners' association, told the meeting he did not believe the Texas railroad commission, state oil regulatory body, realized the seriousness and bigness of the problem confronting operators in the field.

FOUR COUNTRIES USE MILITARY MEASURES TO HALT TROUBLE

(By The Associated Press)

Military measures were invoked today in four out of six countries disturbed this week by rioting or open revolt. In one of the others—the Irish Free State—military action was threatened to quell political fighting.

Revolts continued today in Spain and Alwar, India, and disturbances which took a heavy toll in casualties also occurred yesterday in Germany, Argentina, and Cuba. The situation in Argentina continued doubtful.

Martial Law Invoked

The Spanish republican government ordered martial law for provinces where further outbreaks were attempted. Since Sunday, 40 have been killed and more than 100 injured in the revolt of Spanish syndicalists and communists.

One thousand British soldiers arrived in Alwar, native state of northern India, where Moslems were in revolt. The rebels were holding a district against native state troops.

President Augustin Justo adjourned the Argentine congress for the duration of internal disorders. The government retained extraordinary powers under a state of siege decree, similar to martial law except that civil courts function. Reports relayed through Santiago, Chile, listed eight persons killed in clashes yesterday and Sunday in Argentina.

Seven Wounded

Seven persons were wounded in five cities in Cuba yesterday before military forces took over control. Outbreaks occurred at Havana, Santiago, Santa Clara and Matanzas on the occasions of celebrations of the so-called "martyrdom" of Julio Antonio Mella, student communist. It was the third anniversity of his slaying.

In Germany, another clash occurred between national socialists and communists in Berlin yesterday. Many were injured and police were met with a volley of gun-fire before the fight was broken up.

In the Irish Free State, where more than 30 persons were injured in political fights Sunday, General Owen O'Duffy, chief of the civil guards, said he would call out the army if other efforts to maintain peace failed.

Interest On Saving Deposits Lowered

Lubbock banks, members of the Lubbock Clearing House association, have notified savings depositors that effective with the first of 1933 the interest rate was reduced from four to three per cent, compounded semi-annually.

"This reduction is in line with the policy adopted over the whole country some time ago," said a letter sent by the association. "We know you appreciate the value of your savings account and sincerely hope that you will be able to store away through the coming year an additional nice balance that will be available to you in case of need."

Over Million For Relief Work Given

LONGVIEW, Jan. 11 (AP)—The East Texas Chamber of Commerce relief committee last night mailed checks aggregating $1,119,365 of Reconstruction Finance corporation funds for relief and work relief to 70 East Texas counties. The apportionment was under the supervision of Hubert M. Harrison, general manager of the regional chamber.

COMMITTEE CHAIRMEN ANNOUNCED TODAY; SALARIES CUT

(By The Associated Press)

AUSTIN, Jan. 11 — The Texas senate today voted 17 to 14, to reduce the pay members of the legislature from the constitutional maximum of $10 to $8 a day. The pay cut must be approved by the house before it is effective for this session.

The Texas senate lost no time in getting started on its task of trimming the expenses of government. In caucus, the senators voted to reduce the number of their employes one-third and cut salaries an average of approximately 15 per cent.

Salaries which formerly were $7.50 a day were cut to $6, half of the $5 salaries were reduced to $4.50, the $4.00 salaries were cut to $3.50 and the $3.00 stipends to $2.50.

Employes Reduced

The only salaries not disturbed were the $10 daily paid Bob Barker, long time senate secretary, and the $5 paid to one private secretary for each senator. The number of employes was reduced from approximately 130 in the regular session two years ago to 93.

Senator W. R. Poage of Waco obtained the adoption of a resolution preventing relatives of state employes from getting jobs in the senate. He said that in the economic crisis jbs should be distributed among as many families as possible.

The caucus also voted not to subscribe to any newspapers for the senate members. Two years ago, the senate purchased three newspapers for each senator. Before that, five newspapers were provided.

Assignments Given

The senate received the list of committee assignments from Lieutenant Governor Edgar E. Witt, now convalescing in a hospital in Wash-

CHECKS TO BE DISTRIBUTED

LUBBOCK TO RECEIVE $12,000 OF FUND FOR RELIEF

(By The Associated Press)

STAMFORD, Jan. 11—The West Texas Chamber of Commerce was preparing today to distribute checks totaling $753,708 of Reconstruction Finance corporation relief funds to 114 counties in West Texas for allotments covering January and February relief work.

Three regional conferences have been arranged, the first tomorrow at Amarillo; the second Friday at Fort Worth; and the last, Saturday at Sweetwater. Committees at those meetings will receive their checks for the two months, together with application blanks for March and April allotments, will execute bonds and sign receipts.

D. A. Bandeen, general manager of the West Texas Chamber, Wilbur C. Hawk, president, and Maury Hopkins, assistant manager, will meet with the committees.

The Lubbock allotment for January and February relief work is $12,000. A representative of the Lubbock Chamber of Commerce will attend one of the regional conferences. The Lubbock emergency relief committee reported today it had numerous projects in mind for expenditure of the moneys.

Bomb Thrown Into Prison; None Hurt

SPRINGFIELD, Ill., Jan. 11 (AP)—A bomb was hurled through a barred window of the Jeiseyville village prison last night. It blew part of the roof and a part of the concrete wall out, but caused no injuries to persons. The prison was empty. This was the 21st bomb thrown in the recent Christian county mine trouble zone.

SCHOOL CHILD CAPTIVE FOR TWO HOURS

"MISTAKEN IDENTITY" THEORY ADVANCED IN ABDUCTION

An 11-year-old Lubbock girl, who upon returning to her home about 7:15 o'clock last night said she had been kidnaped and released unharmed, said conversation of of her captors led her to believe they freed her because she was "the wrong girl."

The kidnaped girl, La Velle Wood, a student in junior high school, was questioned by police last night. She told a straight forward story. Her mother, Mrs. Ida Wood, 1907 Avenue S, conferred with police this morning. Her daughter, although still somewhat frightened, returned to school this morning, Mrs. Wood said.

Girl Blindfolded

Two men, one young and the other middle-aged in appearance, both well dressed, blindfolded and gagged her about 5 o'clock behind a pile of rock and debris in the block in which Central ward school, Thirteenth street and Avenue P, is situated, and about two and a quarter hours later freed her at Nineteenth street and Avenue Q, about half a block from her home, the girl related, according to her mother.

The girl said she was returning to her home from the business district, where she had paid a bill for electricity and bought some cloth, as instructed by her mother, when she saw a small new eight-cylinder sedan, parked beside the curb-line with both doors on the curb-side open. Two men were at the car. The automobile, or another of the same model, had been parked in front of a department store, when she left it, and had halted at a stop-sign as she crossed a street in front of it earlier in the afternoon, the girl related.

Started To Run

Seeing the men, in a comparatively isolated district, the ward school having been dismissed, the girl turned to run, she said, and one of the men exclaimed, "No you don't." They grabbed her, she continued, each grasping one of her arms, pulled her behind the stone pile, wound something over her eyes and mouth, took her to the auto-

Suspected Robber Taken For "A Ride"

NEW YORK, Jan. 11 (AP)—Anthony Indelicato, 32, indicted with four others in connection with the $300,000 Harry Glemby jewel robbery, and later released, was taken for "a ride" today.

His body, bearing several bullet wounds, was found on the outskirts of West Paerson, N. J.

New York police said Indelicato also was mentioned in connection with the killing of Joseph Weskefsky, 30, whose body, trussed in a sack, was left in an automobile parked in front of police headquarters last month.

McAdoo Says Farm Relief Necessary

WASHINGTON, Jan. 11 (AP)—William Gibbs McAdoo, senator-elect from California and wartime secretary of the treasury today said farm relief must be given by congress before other measures are undertaken, if prosperity is to return.

He outline dhis views on economic legislation in an interview before starting a three day's series of conferences with Democratic congressional leaders after which McAdoo will go to Hyde Park, New York, for a talk with President-Elect Roosevelt. He arrived from the west by air last night.

HEARING POSTPONED

PHOENIX, Ariz., Jan. 11. (AP)—Preliminary hearing of John J. Halloran, Phoenix lumberman, on a charge of being an "accessory to the crime of murder" in connection with the Winnie Ruth Judd case, was postponed today until Friday because of the illness of Nat T. McKee, justice of the peace.

Dr. Selecman Says Youth In Need Of Education On Evils Of Use Of Liquor

DRY FORCES TO MEET IN RALLY TONIGHT AT CHURCH HERE

Educaton of the youth of the land on the evls o fthe use of liquor is the greatest problem facing the prohibition forces today, Dr. C. C. Selecman, president of Southern Methodist univesity of Dallas, declared here this morning. Dr. Selecman, chairman of the United Forces for Prohibition of Texas, is to be the principal speaker of a rally of dry leaders of the South Plains at the First Baptist church auditorium at 8 o'clock tonight.

"We have overlooked the young people," Dr. Selecman said in a brief interview in his suite at Hotel Lubbock, prior to a short talk before Lubbock Rotarians at noon. "We haven't given them the facts as regards the old conditions in comparison with the present.

" Sentiment Asleep"

"Public sentiment for prohibition has been asleep," the university head continued in commenting on the causes for the existing conditions in regards to violation of the Eighteenth amendment. "We need to speak out, not only on enforcement but on the dangers of the evils of liquor. We've neglected to cooperate with officers of the law —to encourage those who have been faithful and protest those who have been derelict."

Dr. Selecman is head of an organization designed to bring about a centralization of all forces for prohibition. The group was organized in Dallas several weeks ago and prominent dry leaders of the setate are being banded together in this campaign of education, organization and action for support of the fight to prevent repeal of the 18th amendment and the Dean law in Texas.

"Interest Growing"

"Interest in our cause is growing," Dr. Selecman said. He told of important meetings scheduled over the state, one of which is to be state-wide at Austin on Friday of this week. Sunday, he is to speak at a rally in San Antonio and sometime next week he s to talk again at a city-wide rally in Houston.

"Our organization is formed to

MEERS SAVED FROM DEATH

AMERICAN'S PENALTY CHANGED TO SEVEN YEARS IN PRISON

(By The Associated Press)

AUSTIN, Jan. 11—James V. Allred, Texas attorney general, said today that he and Ballard Caldwell, district judge at El Paso, had succeeded in having the Mexican government commute a death sentence against W. J. Meers, an American, to seven years imprisonment.

Governor R. S. Sterling and others also had worked on the case. Meers was held for a firing squad after he shat a man in Juarez he believed to be the slayer of his father. Later it developed he had mistaken the man's identity. He was held in prison at Chihuahua City, Chihuahua, while Americans tried to intercede.

Governor Sterling had considerabl correspondence with the governor of Chihuahua with reference to the case and at one time had about consummated a trade for Meers' delivery to the American side when the plan suddenly went awry.

Daughter Of Leon Trotzky Suicides

BERLIN, Jan. 11 (AP)—Sinaida Wolkow, daughter of Leon Trotzky, exiled Russian revolutionary, committed suicide last week "on account of illness," a note she left on her dresser disclosed today.

The woman, whose identification was made public yesterday, was reported to have lost her passport when Soviet citizenship was withdrawn from Trotzky and his family.

SENATE GROUP WILL CHANGE HOUSE BILL

COMMITTEE WILL TRY TO REMOVE DOUBTS OF ITS VALIDITY

(By The Associated Press)

WASHINGTON, Jan. 11 — A senate judiciay subcommittee decided today to redraft the house 3.2 per cent beer bill in a way which Chairman Blaine said would "bring it within the constitution without any doubt whatever."

Senator Blaine, (R., Wis.), said an "overwhelming majority" of the group of five favored the redraft, which will be drawn today and considered tomorrow.

Plan Not Given

The specific plan in mind was not announced, but several proposals have been advanced including the fixing of penalties for manufacturing beer above a certain percentage without attempting to define an intoxicant.

Senator Borah (R., Idaho), was the only one absent from today's meeting of the sub-committee. Those present besides Blaine were Hebert (R., R. I.), Walsh (D., Mont.), and Dill (D., Wash.).

Meanwhile, the prohibition repeal resolution drafted by another judiciary sub-committee is awaiting senate consideration, and leaders look for its adoption in the senate but express grave doubt as to house approval because of Speaker Garner's objection.

Garner Opposed

Garner holds the resolution is not in line with the Democratic platform calling for outright repeal and has served notice he will not permit a suspension of the house rules to take up the senate proposition, if it passes the latter body.

In the house today, an amendment to the Collier beer bill to permit nationwide advertising of the 3.2 per cent beverage in newspapers was introduced by Representative Beck (R., Pa.), at the request of the Pennsylvania Newspaper Publishers association.

The Collier bill prohibits the advertising of or solicitation of orders for the beverage.

FLIER IS KILLED IN PLANE CRASH

GALVESTON, Jan. 11. (AP) Lieutenant William I. Bogardus, 26, of Dallas was killed and Sergeant John Kennedy was injured critically in an airplane crash at the third attack group airdrome today.

Bogardus was flying a 3B attack plane with Kennedy as passenger and had been in the air about 20 minutes when the plane went into a nose dive from 500 feet. Bogardus was dead when aid reached the wrecked plane. Kennedy, in a critical condition, was rushed to the base hospital at Fort Crockett. He was 49 years old and married.

Texans To Attend Inaugural March 4

DALLAS, Jan. 11 (AP)—Plans for a pilgrimage of Texas Democrats to Washington for the inaugural of Franklin D. Rooseelt as president and John N. Garner as vice president were announced last night by Jed C. Adams, Democratic national committeeman.

He said arrangements had been made with railroads to operate a special train from Fort Worth and Dallas, leaving March 1, with stops en route at Detroit, Tex., the birthplace of Garner, and at Monticello, the Virginia home of Thomas Jefferson. The group would reach Washington March 3, in time to prepare for participation in the inaugural parade and other ceremonies.

CHINESE DEFENDERS PUT TO FLIGHT AS JAPS CAPTURE GATEWAY TO JEHOL

(By The Associated Press)

PEIPING, China, Jan. 11.—Japanese troops have put the Chinese defenders to flight and are in complete control of Chiumenkow, "the Pass of the Nine Gates" through the great wall into Jehol, the Japanese legation announced this evening.

Foreign military observers here were inclined to regard this action as less decisive than it appeared.

They interpreted it as a purely defensive measure designed to protect the Japanese force which occupied Shanhaikwan last week from a possible flank attack. The Chiumenkow Pass is 12 miles north of Shanhaikwan.

Also, these observers said, it is only one of a number of passes leading into Jehol with which Chang Hsiao-Liang, the north China commander, still can maintain contact.

General Miyake, commanding the Japanese force, announced through the Japanese press that he intends to keep the pass closed but that he does not intend to advance inside the wall into China proper.

SHANGHAI, China, Jan. 11 (AP)—Chniese dispatches said today that 10,000 Japanese soldiers were marching into Jehol, headed for the city of Lingyuan.

The attacking force included artillery and cavalry marching from Suichung, north of Shanhaikwan, which is in the hands of the Japanese. Lingyuan is in southern Jehol.

LIBBY'S BABY, WEIGHING THREE AND A HALF POUNDS, KEPT IN INCUBATOR

(By The Associated Press)

PHILADELPHIA, Jan. 11.—Libby Holman Reynolds' new baby boy, Dr. Norris W. Vaux said today, weighed three and one-half pounds at birth and is being kept in an incubator.

Both mother and child, said Dr. Vaux, the obstetrician who attended Mrs. Reynolds, are doing "very well."

The child, heir to a large share of his father's tobacco fortune, was born at 6.48 o'clock last night in the Pennsylvania hospital. Previous announcements from the actress' home had said the baby was expected early in February.

Arrival of the much-discussed infant recalled the death of his father, Smith Reynolds, 20-year-old heir to one-fourth of the R. J. Reynolds tobacco fortune. He was found fatally shot at Reynolds, his family's palatial home at Winston-Salem, N. C., last July 6 after a gay birthday party.

A coroner's jury found that he came to his death at the hands of "a person or persons unknown," and his 26-year-old widow and Albert Walker, 19-year-old Winston-Salem resident, were indicted early in August on charges of murder.

Last November, however, the prosecution was dropped when Solicitor Carlisle Higgins announced there was insufficient

THUGS ATTACK MAN, WOMAN

BROKER DECLINES TO GIVE INFORMATION ABOUT SHOOTING

(By The Associated Press)

PASADENA, Calif., Jan. 11—Mystery of a vicious attack by gunmen on Ralph H. Chapman, 67-year-old investment broker, and his 84-year-old aunt, Miss Ettie L. Alford, in the driveway of his home, was deepened today when the broker refused to aid police.

"If I knew I was going to die, I would tell something," Chapman told officers while being treated for gunshot wounds received last night.

Maintains Silence

Informed that his wounds would not be fatal, Chapman, a former Pasadena city councilman, declined to make any additional statement on this second attempt on his life within five months. His aunt's condition was serious.

Chapman and Miss Alford were the targets of a hail of lead from sawed-off shot guns and possibly revolvers. The assailant, or assailants, had hidden in shrubbery bordering the driveway.

Miss Alford was wounded in the body and face, a load of buckshot lodging in the back of her head. She was given an even chance to recover by physicians. Chapman was shot in the face several times.

Plainview Boy Is Injured At School

Nine-year-old Billie Whiteside, daughter of Mr. and Mrs. W. M. Whiteside of Plainview, was brought to Lubbock sanitarium last night after, suffering a broken arm while at play at a Plainview school Tuesday.

The child was admitted here for treatment about 4:30 o'clock Tuesday afternoon. The arm was broken below the elbow.

136 Divorce Suits Filed During 1932

A hundred 36 divorce suits were filed in 99th and 72d district courts in 1932, Charles B. Metcalfe, district courts clerk, said Tuesday.

Mr. Metcalfe reported that 86 divorces were granted last year. Both courts drew a total of 447 civil suits in 1932, in addition to a heavy criminal docket.

A NOVEL HOLDUP

HOUSTON, Tex.—A youth held up E. M. Oates, a bus driver, in a novel fashion. He entered the bus and took a seat directly behind Oates. He passed a $5 bill to Oates and asked for change. Then he drew a gun. "Let's have your money," he said. Oates gave him four one-dollar bills and, when coaxed, very nearly left the bus without about $3 in change. The bandit getting his $5 bill back, but it occurred to him at the last minute that his decoy was also money.

WOMAN LOST 20 POUNDS IN 4 WEEKS

Mrs. Mae West of St. Louis, Mo. writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have move energy and further more I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Mark Halsey Drug Store, City Drug Store, or any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.—Adv.

SERVICES SET FOR PIONEER

JACKSON FUNERAL TO BE THURSDAY AT CHURCH HERE

Funeral services for G. T. Jackson, 69, a pioneer Lubbock resident, who died unexpectedly shortly before 9 o'clock Tuesday night in his home at 1814 Avenue S, will be conducted at 10 o'clock Thursday morning at Asbury Methodist Episcopal church by Rev. O. W. Carter, the pastor. Burial, directed by Rix Funeral home, will be in Lubbock cemetery.

Pallbearers will be: Neil H. Wright, P. B. Penney, J. O. Jones, J. A. Humphries, G. C. Wolffarth, and Fred Spikes.

Mr. Jackson's death cut short happy reminiscenses of two brothers and a sister who had not been together at the same time in about 40 years.

S. D. Jackson, a brother of Wichita, Kans., arrived Sunday; the sister, Mrs. Laura Frazier of Buffalo, N. Y., had been here about three weeks. A member of the family said Sunday was the first reunion of the three in about 40 years.

Formerly Public Weigher

While C. T. Jackson, a former public weigher of Lubbock, was sitting in a chair in the living room, talking to members of the family he fell. Death was attributed to a heart attack.

The survivors are the widow, the brother and the sister, and eight sons and daughters, Walker Jackson, Mrs. Charles Raymer, Mrs. Frank Heath, Mrs. Hugh Slagle, Miss Charlie Jackson, Ben Jackson, and C. T. Jackson, jr., all of Lubbock, and Mrs. Gould Winn of Wellman, Tex.

Among the historic patent applications in the U. S. patent office is one issued to Abraham Lincoln in 1849 on a "mode of buoying vessels."

A Cold-Hearted Boy Friend

It doesn't appear as though this pretty miss is making much progress with her romance—for the boy friend has a heart of ice. The girl is Estelle Wallis of Manhattan Beach, N. Y., one of the hardy ladies who cavort in the surf when the snow is on the ground and the thermometer registers zero. She fashioned her snowman sweetheart between dips in the icy ocean.

J. A. HUMPHRIES, FERGUSON LEADER ON SOUTH PLAINS, GETS STATE POST

The chieftain of Ferguson forces on the South Plains the last eight years, J. A. Humphries of Lubbock, has been appointed a member of the staff of the state department of education, he has been informed by L. A. Woods, state superintendent. Mr. Humphries was the first Lubbock man known to have received an appointment under the incoming state administration.

Mr. Humphries is to leave Saturday for Austin where he is to take over his new duties which are expected to consist of supervision of a portion of the state's rural education aid. He has requested, he said Tuesday, that Lubbock be made his headquarters so that he can have charge of the schools in this territory.

His duties will consist of inspection of rural schools to see that standards, conditions, equipment and other phases of school work meet state aid requirements.

Mr. Humphries has been engaged in educational work for the past twenty years. He is a former member of the state board of education and was a candidate for state superintendent of public instruction in 1926.

SUPERSTITIOUS SAILOR

LOS ANGELES—"I resign," stated William Alford, former boatswain's mate, as he walked off Bob Vale's 18-foot sailboat. Alford had been selected from 600 applicants to be a partner to Vale on a cruise around the Horn to Philadelphia, but he resigned after the first night. The first night he couldn't sleep. Then he fell overboard, and to top it off, he broke a mirror. "She'll never get around the Horn," said Alford. "I knows an ill omen when I sees one."

One Billion Dollars Fine . . 90 Million Days Imprisonment

for NEGLECT of COLDS

EVERY YEAR, the common cold costs America over a billion dollars! Every year, colds imprison people at home—away from work—for more than 90 million days!

These figures are based on estimates of the United States Public Health Service.

Nor does this terrific penalty imposed by colds include their misery and annoyance—their trouble and worry—their actual danger to health.

***Now Comes* RELIEF!**

Happily—now—a way has been found to lift much of this burden. It comes with the new Vicks Plan for better *Control* of Colds.

In clinical tests among thousands last winter, Vicks Plan reduced the number and duration of colds by half—cut the dangers and costs of colds more than half!

To millions of American homes, the Plan has already brought new freedom from colds.

Better* Control *of Colds

This unique and remarkable Plan was made possible by development of the new aid in *preventing* colds—Vicks Nose & Throat Drops. This new formula is the ideal companion to Vicks VapoRub, the modern way of *treating* colds. Together with certain simple rules of health, they form Vicks Plan for better *Control* of Colds—fully explained in each Vicks package. Very briefly, it is this:

To Prevent Many Colds

When Colds threaten—at that first feeling of stuffiness or nasal irritation, sniffle or sneeze—Nature's usual warning that a cold is coming on—use Vicks Nose Drops *at once!* They soothe irritation and aid Nature's functions in throwing off the infection that threatens. They prevent development of many colds.

To End a Cold Sooner

If a cold has developed or strikes without warning, vigorous measures are necessary. *At bedtime,* apply Vicks VapoRub over throat and chest. Its *direct double-action* continues through the night. By morning the worst of a cold is usually over. *During the day,* use the convenient Vicks Nose Drops for added comfort and relief.

For FEWER Colds—LESS SEVERE Colds—LESS EXPENSE

Follow VICKS PLAN for Better CONTROL of Colds

Doctors Give Creosote For Dangerous Coughs

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on.

Creomulsion with creosote and six other highly important medicinal elements, quickly and effectively stops all coughs and colds that otherwise might lead to serious trouble.

Creomulsion is powerful in the treatment of all colds and coughs no matter how long standing, yet it is absolutely harmless and is pleasant and easy to take.

Your own druggist guarantees Creomulsion by refunding your money if you are not relieved after taking Creomulsion as directed. Beware the cough or cold that hangs on. Always keep Creomulsion on hand for instant use. (adv.)

EXPENSES CUT AT AMARILLO

ATTEMPT BEING MADE TO MAKE CITY COSTS FIT NEW BUDGET

AMARILLO, Jan. 11 (AP)—Amarillo is trying to reduce its operating expenses to fit a budget that was cut to fit a dollar tax levy on a greatly reduced total property valuation.

The city's operating expenses have been cut $10,000 a month, or $120,000 a year since September. Since the beginning of the fiscal year last April, salaries paid by the city have been cut approximately one-third.

Expenses Lower

Economy started farther back than that, however, and operating expenses for the coming year will be not more than half of the $755,000 that was spent in 1930-31.

To live within its budget the city, beginning January 15, will eliminate its tax-supported Board of City Development, (which formerly cost up to $80,000 a year, but more recently $25,000) and the offices of city forester, police fingerprint expert, electrical inspector, two meter readers, two meter testers, a bookkeeper, health unit inspector, police matron, traffic sign painter, printer, and one employe each from the sewer department and the sewer disposal plant.

Salaries Slashed

Salaries of the police chief, the tax assessor-collector, and four motorcycle officers were reduced. The city manager was discharged, and the city engineer and building inspector will assume the duties of the city manager.

Mayor Ross D. Rogers said that efforts of the city commission to keep the tax rate at $1 made the curtailments and consolidations necessary. He said a tax rate of $1.35 would have been necessary to meet the city's obligations, but the commission, "realizing that all taxes are too high," refused to raise the levy.

LEGISLATURE

(Continued from Page One)

ington. Senator W. K. Hopkins of Gonzales was named chairman of the important state affairs committee.

Some of the other important committee chairmanships were distributed as follows:

Constitutional amendments, Senator Ben G. Oneal of Wichita Falls; criminal jurisprudence, Senator Clint Small of Amarillo; congressional redistricting, Senator Julian Greer of Elkhart; finance, Senator T. J. Holbrook of Galveston; highways and motor traffic, Senator Frank Rawlings of Fort Worth. Arthur Duggan of Littlefield was named chairman of the committee on public printing.

In the house, the first order of business was the election of officers and the appointment of other employes. This was expected to require several hours. The senate hoped to dispose of the routine business pending there without delay.

To Canvass otes

As soon as both houses have completed their organization, they will canvass the votes cast in the general election for governor and lieutenant governor, declare the winners and proceed with plans for the inauguration. There was no doubt as to whom would be declared victors. Mrs. Miriam A. Ferguson and Edgar E. Witt of Waco having received overwhelming majorities in the unofficial tabulations.

Mrs. Ferguson will take office after a lapse of six years. She served as the first woman governor of Texas in 1926-27 but was defeated for a second term. With the aid of her husband, ex-Governor James E. Ferguson, who was impeached while serving a second term as chief executive in 1917, she staged a comeback that defeated Governor R. S. Sterling by approximately 4,000 votes.

Witt will be inaugurated the second time as lieutenant governor.

Stevenson Elected

Presiding officers of both houses were elected yesterday. The house elected Rpresntative Coke R. Stevenson of Junction as its speaker while Senator Walter Woodul of Houston was elected president pro tem of the senate. He will preside in the absence of Lieutenant Governor Witt, who is ill in Washington. Witt planned to returned to Texas for the inauguration, next Tuesday.

Election of Stevenson was pleasing to Mrs. Ferguson. Although she and her husband did not take part actively in the speakership campaign, some of their close political friends participated in his race.

Woodul is a close friend of Governor Sterling and was an administration leader in the last legslature.

KIDNAPING

mobile and forced her inside. She was not treated roughly, she said, and nothing more was said to her. Before she entered the sedan, she drapped her small handbag, and one of the men picked it up and placed it in her hands, she related. Mrs. Wood said the girl still had the handbag, electricity bill, and small package of cloth when she returned home.

Although she heard only snatches of a low toned conversation between the men, she caught references to "the chief," "the hideaway," and "the wrong girl," her daughter told her, Mrs. Wood said.

Heard Traffic Bells

Seemingly confident the automobile remained in Lubbock and, most of the time, in districts of activity, the girl said she heard traffic signal-bells ring and noises of traffic while she was in her captors car. A shade on the side on which she sat was drawn, she added. The smoothness of the ride caused her to opine that the kidnapers' machine did not leave the pavement while she was in it, the junior high student said.

Although partly skeptical of her daughter's story, Mrs. Wood this morning was puzzled, and not ready to concede the 11-year-old girl had drawn from the fabric of imagination. The girl had not disappeared or told seemingly far-fetched tales in the past, the mother explained. Police said the girl's story, although unusual in Lubbock, was told naturally and without deviation.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Jan. 11 (AP)—Cotton opened somewhat easier today in sympathy with lower cables than due. First trades showed losses of 3 to 4 points and the market continued easy after the start owing to rather fair hedge-selling attracted by yesterday's sharp closing bulge. March dropped to 6.25, May to 6.38 and Jul yto 6.51, or 8 to 9 points down from the previous close.

When the early offerings had been absorbed, however, prices rallied slightly, recovering two points from the lows. Trading was moderately active.

Although trading was later comparatively quiet, prices improved and recovered all the early decline in sympathy with firm stocks and further advances in wheat. There was fair trade buying and shorts covered. March advanced to 6.33, May to 6.47 and July to 6.59, up 8 to 9 ponts from the earlier lows and even with yesterday's close.

Around noon, the markett reacted 2 to 5 points on some further hedge selling but the undertone continued steady.

NEW YORK REPORT

NEW YORK, Jan. 11 (AP)—Cotton opened steady, 1 to 4 points lower in response to disappointing Liverpool cables and under moderate southern selling. Jan. unquoted; March 6.34; May 6.47; July 6.59; Oct. 6.78; Dec. 6.88.

The market stiffened after early offerings had been absorbed on trade buying and some increase of commission house or Wall Street demand influenced by the action of the wheat and stock markets. Early losses were just about recovered and the midday market was within a point or two of yesterday's close. March advanced to 6.35 or within 2 points of Tuesday's high.

Fealizing and some selling was reported through houses with continental connections but after easing to 6.28 for March and 6.52 for May or about 7 to 9 points net lower prices steadied on continued trade buying combined with a scattering commission house demand, partly from Wall Street and western sources. Prices were a point or two up from the lowest at the end of the first half hour.

Stock Market

WALL STREET REPORT

NEW YORK, Jan. 11 (AP)—The stock market continued to work upward today, reaching its highest levels since mid-November, although gains were moderate and several leading shares turned reactionary under scattered selling.

Activity continued to be dominated largely by professionals, but some wire houses reported a broader public demand. Rails appeared more popular than utilities and industrials, although motor stocks moved forward fractionally in fairly heavy turnover.

Gains of a point or so were made by Du Pont, Goodyear, Santa Fe Southern Pacific, Auburn and American & Foreign Power. General Motors and Nash added sizeable fractions to their prices, while Chrysler gained slightly. Fractional gains also were made by Lackawanna, Pennsylvania, Union Pacific, United Corp., U. S. Steel, United Aircraft, American Can, Allied Chemical, Radio, American Telephone and Case. Harvester and Westinghouse Electric were slightly reactionary while Lehman Corp., and Corn Products receded about a point.

Grain Market

CHICAGO REPORT

CHICAGO, Jan. 11. (AP)—Grain prices tended upward early today after an irregular start. Cold weather in domestic winter wheat territory with absence of snow protection was more than an offset for a laggard response which the Liverpool wheat market made to yesterday's sharp advances in price this side of the Atlantic.

Opening at 3-8 off to 1-4 up, Chicago wheat futures showed an all around gain later. Corn started at 1-8 to 1-2 advance and continued to mount.

SLAYER IS HANGED

NAIROBI, Kenya, Africa, Jan. 11 (AP)—Charles William Ross was hanged today for the murder of Margaret Elizabeth Keppie in the Kenya jungle recently.

NEWBERG, Ore., Dec. 24 (AP)—Ed West raised a squash five feet 10 inches long which weighed 15 1-4 pounds. It was grown from a trellised vine and a hole dug beneath it so it could keep growing. West placed it on exhibit at an agriculture fair.

evidence to warrant a trial.

Mrs. Reynolds, daughter of a Cincinnati attorney, entered the hospital yesterday after an automobile trip from the home of Albert E. Ives, an architect, near Wilmington, Del., which she rented for the season.

She was accompanied by Mrs. Louisa Jenney of Wilmington, wife of an official of one of the Du Pont concerns, and a girlhood friend of the singer.

Speculation was rife as to the former Broadway favorite's future plans. She was reported to have conferred with New York producers after she was freed of the murder charge and her attorney in Winston-Salem said that at this time she expected to return to the stage after her baby was born.

Smith Reynolds married Libby Holman in November, 1931, six days after his divorce from his first wife, Anne Cannon Reynolds. To a daughter born of that marriage and to the first Mrs. Reynolds, he made bequests of $50,000 each in addition of $50,000 each in addition to settlements of $1,000,000 apiece.

ROTARIANS HEAR PENDER, SELECMAN

Changes in various forces in the past few years have brought about a reversal of the policy of isolation by the United States in foreign affairs, H. C. Pender, professor of government in Texas Tech, told members of the Lubbock Rotary club today noon. Dr. W. A. Jackson was chairman for the day.

Mr. Pender's talk on "The United States and World Cooperation" was followed by a brief address from Dr. C. C. Selecman, president of Southern Methodist university at Dallas.

Citing the government's invocation of the Kellogg-Briand peace pact in the Russo-Chinese trouble, the Manchurian situation and the recent Bolivia-Paraguay entanglement, Mr. Pender declared, "We have shown on each of these occasions that we are no longer following a policy of isolation and are willing to accept a doctrine of joint cooperation in the maintaining of world peace.

Dr. Selecman joined Prof. Pender in comment on the foreign policy and declared, "I am inclined to think that sensible people will find a better way to settle misunderstandings than by bloodshed". He said if we investigated the taxes paid the national government we would find that "eighty-five cents of every dollar went for wars, past present and future". We should spend more time and thought cultivating international good will and understanding," he said in conclusion.

The total amount of German foreign indebtedness has been placed by the German statistical bureau at about 26,600,000,000 marks.

"Chesterfields taste Better"

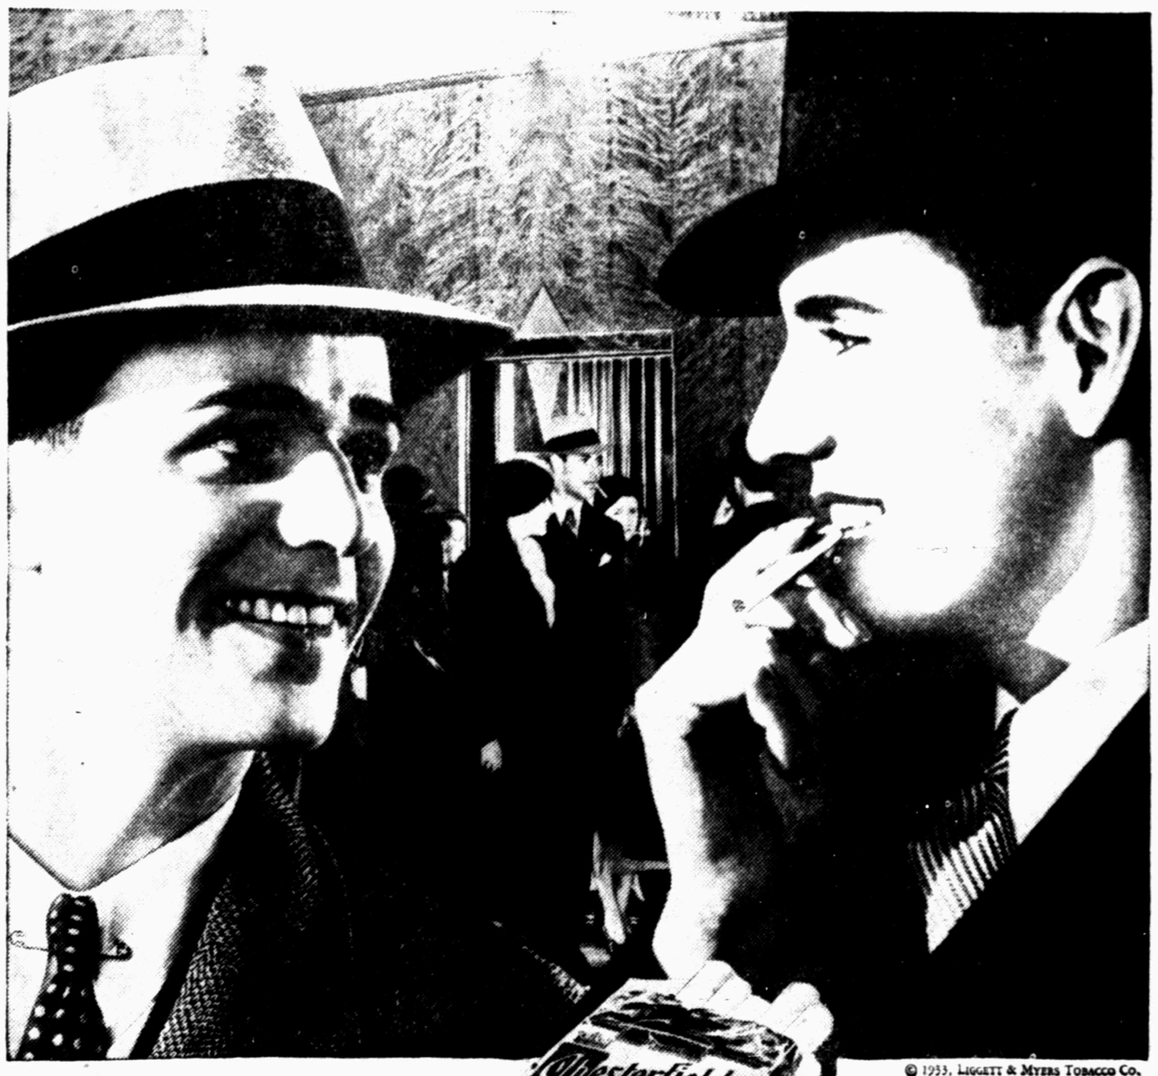

WE HAVE been telling the public for a good many years that Chesterfields *taste better. They satisfy!*

That wouldn't mean a thing if smokers found out that it wasn't so. Nobody can fool the people very long.

But a great many smokers have smoked Chesterfields for a long time, and they *know* that they taste right. And so they say to their friends, "If you want a cigarette that really tastes better, try Chesterfields!"

Chesterfields taste better because they are made of mild tobaccos that have been aged for two years. And there is just enough Turkish in them . . . but not too much.

We are sure that you, too, will enjoy their Mildness and Better Taste.

Thought For Today

Thine habitation is in the midst of deceit; through deceit they refuse to know me, saith the Lord.—Jeremiah 9:6.

No man was ever so much deceived by another as by himself.—Lord Greville.

Still Lives

There wasn't anything especially important about the little paragraph in the papers which told how a movie actor in Hollywood was seriously clawed when he passed too near a cage containing a black leopard; but to anyone who grew up on Kipling's "Jungle Books" the incident is bound to be of more than passing interest.

In some ways the most attractive character in those splendid books was Bagheera, the black panther—the jungle demon who feared nothing and who became the closest friend of the boy Mowgli. And naturalists have pointed out that a black panther is really a black leopard; this caged beast in Hollywood, therefore, was really a transplanted Bagherra, and evidently he was quite a savage and dangerous as Kipling's animal was.

And those of us who spent many happy hours, as boys, following the adventures of Bagheera found something deeply interesting in this little story of the accident at the Hollywood zoo.

Technocrats accuse the steel industry of holding life-long razor blades off the market to keep up the demand; but they can't bring that charge against the styptic pencil boys.

With the legislature in session the subject quickly shifts from technocracy to talknocracy.

Men who 20 years ago took time away from their business to go golfing and hunting were called sports or loafers; now they call 'em executives.

NUMEROUS U. S. educators, finally awakened to the fact that economic conditions are reflected in the spending power of their students, are becoming worked up over the fact that many youngsters, battling their way to higher learning, are living on almost unbelievably small sums.

It is unusual, of course, but not startling, to learn that there are college students in this country who are spending as little as $3 per week on board and room. A few are spending even less than that as they pursue their studies.

* * *

Joseph A. Bursley, dean at University of Michigan, upon discovery of the condition delivered himself as follows, indicating that even the most learned of us are oftimes short sighted:

"Every few days there comes to my office the report of some student who is living in an attic on $1.50 a week, on milk and bread or crackers and an occasional can of beans. It would be better if they would stay out a year with the hopes of earning enough to support themselves decently in school at some future date."

* * *

RIGHT there is where this column arises to its hind legs to disagree with Dean Bursley—with the contention that he didn't think very much before reaching his conclusion.

With the nation overburdened with unemployment, with jobs as scarce as the proverbial hen's teeth, where can a youngster expect to get work, carrying with it remuneration sufficient to permit him to save enough money to "decently support himself in college" at a later date?

And has Dean Bursley, in his years of educational work, ever come in contact with statistics proving whenever a youngster is forced to 'lay out of school' for a year that more times than not he never gets to college?

And has the Dean ever stopped to consider that youngsters who want education badly enough to suffer privation to get it should be encouraged to fight on, rather than be discouraged to continue?

* * *

There's not a college in this country overburdened with serious-minded, hardworking students who will go through Hades and half starvation to get an educaton.

But there are colleges overburdened with fur-coated, slick-haired playboys to whom college means nothing more than a whirl of entertainment and gin fizzes.

It is this latter class which makes education costly in this land of the free—not the former.

* * *

HATS off and a 'rousing huzza' for the college boy or girl who will 'take it on the chin' to get the coveted degree.

Why right here in Texas Tech there are boys and girls doing every sort of work in the world, at low wages, to stay in college.

Right here in Texas Tech there are boys who have so little money that they go without overcoats and underwear as they trudge along through their four years in the shadow of the administration building at the west edge of Lubbock.

Do you think for a minute they should be shoved out of college and pushed into a jobless world?

If you do, here's another instance where you disagree with The Plainsman.

George Huddleston, The Honest Congressman, Says "The Least Said About This Session Of Congress, The Better"

This is the first of two interviews with Representative George Huddleston (Dem., Ala.), known to Washington correspondents as "the honest congressman."

• • •

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Jan. 11—Annual interview with Mr. George Huddleston of Alabama, the honest congressman:

"The least said about this session of Congress, the better," says Mr. Huddleston. "We seem to be drifting along here without any purpose in view.

Dutcher

"The responsibility of Congress is secondary, for the people of the country are primarily responsible for what Congress does. Whatever we do here is what public opinion requires of us and there is now no informed, coherent, intelligent public opinion.

"Congress does nothing because nobody in authority has the guts to do anything which is not desirable from the standpoint of political partisanship. The Democrats and Republicans have no plans except to coast along on the theory that business will pick up.

"Most of those in positions of responsibility in political and economic life are not willing to accept economic conditions and what they really imply. Their ideal is to return to the 1927-28 period without making the necessary sacrifices. So governmental policy, under the inspiration of public sentiment, tends toward loans and other governmental aid to sustain businesses which can never be made self-supporting with existing management and methods.

• • •

"If the people back home won't think, how do you expect us to think? If we try to balance the budget and start to cut the veterans, employes' salaries, the army and navy, agricultural benefits and other large items, public opinion doesn't sustain us.

"We dare not levy the taxes which are necessary. For partisan political reasons we refrain from a sales tax. Congressmen are very likely to be defeated if they vote for a sales tax because the vast majority of people, who pay no taxes now, would resent it.

"We piffle away at budget-balancing, promising to tax those best able to pay—and nobody is able to pay. At the last session we kept putting out political bunk to the effect that we had balanced the budget and the public took us at our word. Business improved at once. But by September the people realized we had only been fooling them."

Mr. Huddleston, despite his use of the first personal plural, is not a party to the business he describes. He is one of the few really independent congressmen and is often brave enough to take the unpopular side.

• • •

"Having sustained a loss in three years of fifty to a hundred billion dollars in national wealth we can only restore it by readjustment and hard work," he says. "More wealth can only be attained by balanced production and better distribution. Business tries to cut down wealth instead of getting it distributed.

"Credit, life blood of business, must be restored. But juggling with money and credit and postponing debts only impairs credit. The big things Congress can do are: 1. Balance the budget. 2. Restore confidence in the banking situation. 3. Clear up the European debt situation and restore commercial relations by removing trade barriers instead of pandering demagogically to prejudice. 4. Detroy trade barriers between our own people, where lies 90 per cent of our trade.

"The only thing we can do with agriculture is to give her a fair deal and there can be no real recovery unless it is a fair, distributed recovery."

NEXT: Huddleston on the next Congress and on prohibition.

Two-Headed Turtle Dies; Body Placed In Alcohol Bottle

SCHENECTADY, N. Y.—Jan. 11 (AP)—A bottle of alcohol today contains the body of a two-headed snapping turtle which never could make up its minds what it wanted to do.

A nine-year-old girl found the turtle on a lake shore last September and gave it to the General Electric research laboratory. In a aquarium the turtle wandered about aimlessly, its two heads usually trying to go in different directions. When one head wanted to sleep the other head wanted to walk or swim, and so on.

Even in death the turtle was divided against itself. Head No. 1 died Saturday. Head No. 2 at last was free to act at will, and the turtle romped spiritedly about the aquarium, but the spree lasted only 24 hours, and yesterday head No. 2 also fell dead.

BANKS RENAME OFFICIALS

DIRECTORS OF THREE LOCAL INSTITUTIONS TO SERVE AGAIN

Stockholders and directors in annual meetings Tuesday night re-elected directors and officials of Lubbock's three banks. Sam C. Arnett is president of Citizens National bank, O. L. Slaton of the First National bank, and C. E. Maedgen of Lubbock National bank.

J. Milton Jones was named a new director of Lubbock National bank, replacing A. V. Weaver, who resigned December 16. Mr. Weaver had been a vice-president, and the bank's organization setup was changed in that there will be only one vice-president this year.

Directorate Is Reduced

Directorate of the First National bank was reduced from 11 to 9 when two directors who had resigned last year were not replaced. Roscoe Wilson, a Texas Technological college director, and Chas. H. Read were directors resigning.

There were no changes in the Citizens National bank's organization.

The bank's policies were unchanged, and re-election of the directors and officials was only business reported transacted. No dividends were declared.

Officials Are Listed

Officials of the banks are:

Citizens National: W. L. Ellwood, Sam C. Arnett, W. O. Stevens, Geo. E. Benson, Geo. R. Bean, E. L. Klett, and S. C. Wilson, directors; Mr. Arnett, president; W. O. Stevens and George E. Benson, vice-president; Paul Hardwick, cashier; S. C. Wilson, F. W. Groce and Ruth Ford, assistant cashiers.

First National: S. E. Cone, D. H. Couch, I. C. Enochs, F. R. Friend, J. T. Hutchinson, C. C. Lindsey, W. S. Posey, Roy Riddel, and O. L. Slaton, directors; Mr. Slaton president; F. R. Friend, and W. S. Posey, vice-presidents; Roy Riddel, cashier; J. M. Denman, T. E. Buckner and Mattie Randolph, assistant cashiers.

Lubbock National: C. E. Maedgen, L. C. Ellis, John D. Mitchell, G. K. Watkins, J. T. Krueger, A. W. May, and J. Milton Jones, directors; Mr. Maedgen, president; L. C. Ellis, vice-president; John D. Mitchell, cashier; C. A. Gammill, jr., R. H. Hester, K. T. Thomas, and V. L. Ellis, assistant cashiers.

LUBBOCK GETS CLUB CONFAB

JERSEY CATTLE BODY ENDS SESSION AT DALLAS TUESDAY

Lubbock will be the place of the 1934 convention of the Texas Jersey Cattle club, Garnet O. Reeves, a Lubbock Chamber of Commerce representative, who attended the club's meeting Tuesday in Dallas, reported.

San Antonio also bid for the next convention. Amarillo's support was given the Hub city's bid.

The Texas Agricultural Workers association, which will meet today, customarily convenes in the city which Jersey Cattle club chooses, it was said here. Reeves, Don L. Jones, and W. L. Stangel of Lubbock will remain for the workers meeting. Mr. Stangel, of Texas Technological college, was re-elected a director of the cattle club.

John W. Underwood of Denton was elected president of the Texas Jersey Cattle club at the closing session of the organization's annual meeting yesterday.

D. C. Buchanan of Sugarland was named vice president, and J. W. Ridgeway and D. T. Simons, both of Fort Worth, were reelected treasurer and secretary, respectively.

The retiring president, Fred C. Newport of Itasca, became a member of the board of directors. Jasper Manton of Dallas was named a director, replacing Frank Doss of Bonham.

The club decided to sponsor four shows during the year ahead: At the Southwestern Exposition and Fat Stock show in Fort Worth, in March; at Plainview, in April; at Dublin, in May, and at the State fair of Texas in Dallas, in September.

TWO PLAYS GIVEN BY SHAKESPERIAN COMPANY TUESDAY

An audience of 1,000 to 1,200 persons attended a presentation of "Macbeth" by the Hendrickson-Bruce Shakesperian company Tuesday night in Lubbock High school auditorium. The players, appearing under auspices of the Texas Technological college artists course, gave "The Merchant of Venice" at a matinee performance. The Shakesperian dramas, however, were not a part of the artists course bookings.

The line, "'Tis the attempt, not the deed, which confounds us," might aptly have applied to the presentation of "Macbeth," which was mediocre except for perhaps two scenes and intermittent excellencies in the portrayals of Macbeth, Lady Macbeth, and one or two lesser roles. The only member of the cast who seemed to shed the consciousness of acting and become another throughout was the fellow who was the churlish porter at the castle of Macbeth.

The three witches proved supernatural enough . . . supernatural enough to make themselves understood by the audience only rarely.

But, as Lady Macbeth counseled, "Things without remedy should be without regard."

The program did not name the players. It made little difference except, perhaps, for some curosity as to the identity of the pair having the lead roles. James Hendrickson was cast as Macbeth; Claire Bruce as Lady Macbeth.—B. McC.

WESTERNER QUINTET MEETS WAYLAND JACKRABBITS TONIGHT

SPYING ON SPORTS

BY COLLIER PARRIS

BASKETBALL AGAIN TONIGHT. This time at Lubbock High school gymnasium. Lubbock Westerners versus Wayland college Jackrabbits. Game called at 7:30 o'clock.

• • •

The Westerners play again tomorrow afternoon. Coach Swede McMurry will start his regulars against the Slaton Independent cage team. In the second attraction of the double bill, the Lubbock High school Cowhands, or shock troops, will tangle with Slaton High school Tigers.

• • •

Tonight's game should be entertaining. The teams have met once this season. It was the first game for either side, and the Westerners won out over the collegians.

• • •

High school basketball coaches of the South Plains, Panhandle, West Texas, state and nation are reminded of the dates for the annual Lubbock High school invitation tournament. It will be held January 27 and 28. Entries, or notice of intention to enter the tournament, should be mailed to Coach Swede McMurry at Lubbock High school at once. The deadline on entries is Monday, January 23. All teams are eligible to compete. It's free, open and above board. If your school has a girls team, bring it along. It can go to Slaton on those dates to take part in the annual Slaton invitation tournament. We understand Seagraves High school is planning a girls tournament for the same date.

The Randolph Field Flyers of San Antonio, army aviators, will be Texas Tech's next cage opposition. The game will be played Friday night at the college gymnasium. The team is comprised of former collegiate stars, including the redoubtable Ray Stecker, former Army eager, footballer, and an all-American at the latter.

• • •

The time draws nigh when we shall know the fate of the proposed baseball league in West Texas. Efforts are being made to get a bunch of local fans together one night this week and draw up some sort of resolution to present to the general meeting here Sunday afternoon.

• • •

J. Alvin Gardner, president of the Texas league, will attend the meeting here Sunday, which will be held at Hotel Lubbock at 2 o'clock. Marty Fiedler, president of the Albuquerque club of the old Texas-Arizona league, will be here, probably acting as chairman of the convention. Delegates from Amarillo, El Paso, Pampa, Albuquerque and San Angelo will be here, as well as some scouts from the big minors and major leagues.

• • •

Mr. Fiedler, who was here looking over the prospect a couple of weeks ago, sends us a clipping containing the following letter from Judge William G. Bramham, of Durham, N. C., president of all the minor leagues.

• • •

"Dear Marty," writes Judge Bramham. "The territory you mention as probable in the composition of the proposed new league looks as though it should make a compact circuit.

"Mr. Alvin Gardner. . . has been corresponding with me relative to your proposition and will be present at your meeting in Lubbock to assist you.

"I am particularly pleased at the suggestion that Mr. Wilbur C. Hawk, of the Amarillo Globe-News Publishing company may head your organization as president. His show of interest in lining up Amarillo is most pleasing. It is not surprising that it is hard to secure public interest and confidence in the undertaking when the blow-up of previous experiments are recalled.

"We are going to bar the professional promoter and the shoe-string operator from organized baseball. Furthermore, there are going to be some gentlemen, who follow sharp tactics in handling baseball clubs, who are going to find it hard sledding when they seek approval from the National Association for them to operate clubs."

Judge Bramham closes the letter by promising the proposed league his utmost cooperation.

• • •

Word of encouragement comes from El Paso, where Lee Saunders, secretary of the baseball club there and a prominent business man, says he will attend the Lubbock meeting and will enter the El Paso club in the league when the organization is put through. A noticeable thing about the papers we read is that every scribe and baseball man has something fine to say about Marty Fiedler, who is trying to get the league started.

HILL BILLIES BEAT RAMS

SAN ANGELO, Jan. 11 (AP)—The Daniel Baker Hill Billies staged a last half rally to defeat the San Angelo college Rams, 41 to 37, here last night. Last Saturday at Brownwood the Rams defeated the Daniel Baker crew by a 38 to 33 score.

LUBBOCK HIGH CAGERS FACE COLLEGIANS

VISITORS WILL SEEK REVENGE FOR LOSS IN FIRST GAME

A college team and a high school team meet tonight in a regularly scheduled basketball game here.

Wayland college will send its Jackrabbits from Plainview for a go with the Lubbock High school Westerners. The game will start at 7:30 o'clock at the Lubbock High school gymnasium.

The Westerners' first claim to fame this season resulted in their victory over the Wayland college clan at Plainview in the first game of the season for either team. It was claimed that Coach Swede McMurry's boys got the jump on the collegians and otherwise caught them napping. A return game was promptly scheduled and the Jackrabbits will be seeking revenge.

The Westerners, said by many fans to be the best potential quintet ever to represent the school, defeated Amarillo High school at Amarillo last Saturday night to increase their prestige and give their stock a rise.

Coach McMurry will have his full strength tonight, provided one or two players report in improved physical condition.

The Westerners have their hands full of basketball this week. The Slaton High school Tigers are coming here tomorrow afternoon to meet the Lubbock "shock troops," or Cowhands, in the second game of a double-header. Lubbock High school regulars meet the Slaton independent team in the opener. The first game starts at 3:30 o'clock.

SHARKEY TO MEET EITHER CARNERA OR ERNIE SCHAAF

NEW YORK, Jan. 11 (AP)—Jack Sharkey will defend his heavyweight championship in June against either Ernie Schaaf or Primo Carnera, under plans formulated by Madison Square Garden.

Schaaf, who stopped Stanley Poreda in six rounds last week, has been matched with Carnera in a 15-round battle in the Garden Feb. 10, the winner to gain the right to face Sharkey for the title.

Schaaf's contract now is owned jointly by Sharkey and Johnny Buckley but it was understood it would not be renewed when it expires in March. Charley Johnston, brother of Jimmy Johnston, Garden matchmaker, may take over Schaaf's affairs at that time.

GOLFERS WILL VIE AGAIN

MONEY PLAYERS SEEK TO WIN PRIZE AT AGUA CALIENTE

AGUA CALIENTE, Mex., Jan. 11. (AP)—Craig Wood, leading money winner of the California golf championships, carried his war clubs into old Mexico today for another assault on par.

Most of the field of more than 180 players, who have bowed to the Deal, N. J., professional in three major winter tournaments of the west coast, admitted Wood was the man to beat in the annual Agua Caliente open, with $7,500 American money as stakes.

Sarazen Missing

The absence of Gene Sarazen, national open champion of two nations took a great deal of the color from the 4-day test of 72 holes. The New Yorker was counted out by influenza.

But there were many of the nation's leading golfers entered. Not the least of these was Olin Dutra, Santa Monica, National P. G. A. titleholder, who has not shown the form in the winter wars that he displayed last summer. But Dutra always has figured prominently in the Agua Caliente tournaments what with the Mexican fiesta aspect warming his Spanish blood into more determined action.

Then there was Fred Morrison, defending champion, from Pasadena; Leo Diegel, home pro and former P. G. A. champion; George Von Elm, Los Angeles, joint winner in 1931; Wiffy Cox, Brooklyn; Harry Cooper, Chicago; MacDonald Smith, New York; Willie Hunter, Los Angeles, and a host of young stars.

The long, tough course, with its prevailing winds which always have worked havoc on the scoring, favors the long hitters such as Wood, Dutra and Morrison.

DENTON DEFEATS S. M. U.

DALLAS, Jan. 11 (AP)—Southern Methodist university's basketball entry, rated as one of the leading contenders for the Southwest conference crown, suffered its first setback of the season last night by dropping a closely-contested game 26 to 25 to the North Texas Teachers' college quintet of Denton.

Ancient Antioch has a hippodrome big enough to rank with present huge football stadiums. One has been unearthed on the ruins of Antioch that is said to have been able to hold 80,000 persons.

Oklahoma Teachers Lose To Matadors In Last Tilt

TECH QUINTET EVENS SERIES AFTER LOSS IN FIRST GAME

A last-quarter rally that saw the visitors pouring basketballs through the loop with considerbale consistency came near to overcoming Texas Tech's lead last night, but a safe margin gathered in the first half proved helpful and Southwestern Oklahoma Teachers lost, 33 to 28.

Tech's victory last night gave the Matadors a split series, the third in a row. The teams divided a pair here in 1931, split at Weatherford last year and came out even this time.

The fight of the Matadors to stave off the rally carried them into foul territory near the last and the consistent free goal shooting of Gordie Kaiser and Francis Young threatened to aid and abet the previous scrimmage shooting of Young to the extent of overcoming the lead.

Fitting Climax To Series

All in all it was a fairly close game throughout, played according to the rules of the game and well-handled from the official's standpoint. It was a fitting climax to the series, however in sharp contrast to the rough-house contest played Monday night and won by the Bulldogs, 35 to 29.

Augmenting last night's program, Lester "Terrible" Tribble and Lacey Turner, center and guard respectively on the Matador grid team, indulged in a bit of catch-as-catch-can wrestling, Tribble winning one fall to gain the decision.

The crowd was smaller last night, dropping to about 1,100.

Young Gets Gains

Francis Young, fast-breaking little forward whose duel with Captain Harvey Dunn was an interesting sidelight, took high-point honors with five field goals and two free shots that counted before he was banished via the personal foul route.

Next in line was Tech's Wilson Gilmore, transformed football player, who is stealing most of Tech's offensive glory so far. Gilmore dropped three in from scrimmage and two from the free-throw line. Harvey Dunn counted six points before he went out of the game following a hard fall in mid-court. The accident entailed no foul.

The defensive play of Captain Vickers and Ross, big guards, was outstanding for the visitors.

Tech was off to a lead early. Robison and Priddy sinking a free goal and field goal. Kaiser sunk a long field goal and Dunn made one. Kaiser made another and Crews dropped one in from the floor. Fickers made one and the score was 7 to 6 as Tech called time out. Dunn made a field goal and Crews scored in two from the free line, followed by Priddy's free goal. Kaiser made a free throw that counted and Dunn made a field goal to lead, 14 to 7, as Southwestern called time.

Young got into action and tossed a field goal. Robinson retaliated and Young sunk a free shot. Gilmore for Tech and Barnes for the visitors scored as the half ended.

Crews and Gilmore entertained with field goals to stretch the lead, but on three consecutive Tech fouls, Kaiser made as many free shots count. Young, in rapid order, rung up seven points.

Tech played for time, as the game grew old, and Bryant made a free throw count. Everett, sub for Young who was expelled, sunk a free goal and the score was 33 to 26 with a minute to go. Ross made his first offensive play then, scoring from the field on a pretty shot as the game ended.

The box score:

Southwestern (28)	FG	FT	PF	TP
Young, f	5	2	4	12
Barnes, f	1	1	3	3

TURF LEADER SEES GOOD RACING YEAR AS RESULT OF CONFIDENCE, COURAGE

BY COL. MATT J. WINN

(President of the American Turf association; managing director of the Latonia, and Churchill Downs race courses in Kentucky, and Lincoln Fields in Chicago.)

CHICAGO, Jan. 11 (AP)—The year 1933 as regards racing will be what we make it.

America with 120,000,000 people will face the future with a determination that must be rewarded I look forward to a splendid year on the American turf.

Let us talk and think about the future. We must meet the situation with courage and confidence and in my opinion hat spirit of optimism will be rewarded by public support.

Let me cite as an illustration the action of Churchill Downs, of which I am executive director, in maintaining the value of the Kentucky Derby at $50,000 added. This is the first and most historic of the stakes for three year olds to be decided in the spring. A reduction in its value at this time would have effected every breeder and owner of a thoroughbred, every race course in America, and would have surprised and discouraged every lover of high class racing. We felt that we owed a special duty to the public which for 58 years has given the derby enthusiastic and generous support.

Response Immediate

Now for the psychological effect. The response was immediate. Although the Kentucky Derby will not be run until May 6, we have already sold more than 500 boxes and there is every assurance that Churchill Downs will have one of the best meetings in its history.

This interest will increase and is certain to find expression in Chicago which now has become the turf center of America. The Century of Progress exposition which will open its doors on June 1 will surpass in beauty, originality and completeness in all other similar enterprises. Every hotel and business house in Chicago will profit by the millions who will come to Chicago to see this marvelous exposition, and the race courses with other sports and amusements will receive their share.

NO CUT GIVEN BALL STARS

GOOD PLAYERS TO BE REWARDED DESPITE ECONOMY PROGRAM

NEW YORK, Jan. 11 (AP)—Major league magnates definitely are committed to a program of economy but deserving ball players will be rewarded in the usual fashion jurt the same.

With the possible exception of the St. Louis Cardinals, clubs in both the American and National leagues already have boosted, or will do so, the salaries of star performers of the 1932 campaign. These increases, however, probably will be more than offset by slashes in the stipends of other players whose work last season was not outstanding.

Sam Breadon, president of the Cardinals, has announced his payroll will be "slashed, not trimmed," but even he has given no indication that every player on the roster will be required to take a cut.

The Pittsburgh Pirates, who shocked not a few baseball sharps by finishing second in the National league race, have granted increases to Lloyd Waner and Larry French restored Paul Waner's salary to its 1931 level, and raised the figures on the checks they'll issue to such youngsters as, Earl Grace, Tony Piet, Bill Swift and Floyd Vaughan.

Wandering Hotel Of Oil Fields Burned

PECOS, Jan. 11 (AP)—"Finis" at last has been written for the wandering hotel of the oil fields. The old rig hotel was burned down at Hobbs, N. M., recently.

This old board structure, which was generally known as the "Texas" came into being during a land boom at Fort Stockton years ago. Then it was a gay stucco affair with 80 rooms. From Stockton it wandered to Big Lake when the oil boom struck there. Another move was made and it became known as the wandering hotel of the permian basin.

Following booms in each instance it was moved successively to Girvin, then to Pyote, then to Wink, and to Hobbs, where fire ended its finally.

CORNELL CANCELS WINTER AND SPRING SPORTS PROGRAM WITH EXCEPTION OF BASKETBALL IN INTEREST OF ECONOMY

ITHACA, N. Y., Jan. 11 (AP)—For economy, Cornell university has cancelled its entire winter and spring intercollegiate sports program with the single exception of basketball.

This drastic action, taken by the athletic council last night, carries with it abandonment of all schedules, varsity and freshman, in crew, wrestling, ice hockey, fencing, indoor and outdoor track, baseball and lacrosse, and means that Cornell will not be represented in the Intercollegiate Rowing association's annual regatta at Poughkeepsie nor in championships in any other sport for the rest of the school term.

The council at the same time, asked its policy and finance committees to work out a scheme for the "promotion and encouragement of the greatest amount of athletic competition not inconsistent with the terms of its earlier action." This was interpreted to mean that intramural sports would be further encouraged and that some informal meets might be held.

Abandonment of the winter and spring sports schedules will have no effect upon the coaching staffs, members of which will be available to athletes for training and instruction although facilities will be greatly curtailed.

The council also laid the groundwork for further economies in athletic operations, announcing a three-point program to be put into effect later. The program included:

1—Reduction of the athletic association staff as far as possible, after further study.

2—Salary cuts to those employes retained.

3—Maintenance of the athletic plant to the extent of preventing "uneconomic deterioration."

"Even if you never push your car past 40, you need Gulf Supreme—that 100-mile-an-hour motor oil! And there's no mystery *why*.

"Speed shows up oil. An oil that can do 60 may be fair enough. But an oil that can do 100 and like it, is a *better, safer* oil . . . at ANY speed you drive!

Twice Gulf Supreme has proved itself a "fighter". . . First, by lubricating a test motor at nearly *twice* the heat of the normal speeding engine—*for 14 solid hours!*

Second, by lubricating a Duesenberg racer roaring around the Indianapolis Speedway. In this Official AAA test, Supreme performed perfectly at speeds nearly as high as *two miles a minute*. An *average* speed for the one-hour, non-stop run of better than 100-miles-an-hour!

Prefers Art to Society

Miss Jane Wasey, 20-year-old New York society girl, is shown in her studio where she has given herself up to a career of art instead of following the conventional routine of social activities. Miss Wasey, who recently returned from two years study in Paris, is now pursuing her artistic career under the tutelage of Simon Moselsio, regarded as one of the foremost living sculptors. Two of her works have already been exhibited.

CONSTABLE'S SALE
STATE OF TEXAS,
COUNTY OF LUBBOCK.

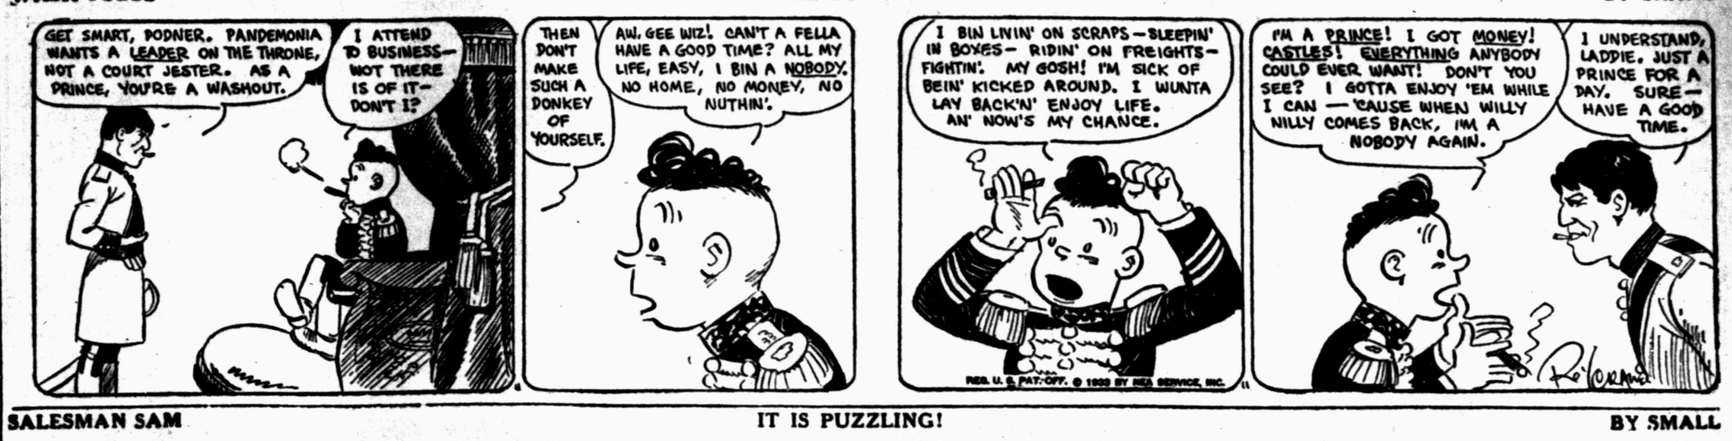

Whereas, by virtue of an order of sale issued out of the 99th District Court of Lubbock County, Texas, on a judgment rendered in said Court on the 15th day of December, 1932, in favor of the Peoples Building and Loan Association of El Paso, Texas and against Joe H. Rone, and Clyde Honea for the sum of $2132.64 with interest from the 15th day of December, 1932, at the rate of 8.94% per annum and costs of court, and for foreclosure of a deed of trust lien on the following described property as against the Defendants Joe H. Rone, Clyde Honea and Phil Ford in Cause No. 5038 on the Docket of said Court, and to me as Constable directed and delivered, I did on the 10th day of January, 1933, at 10:00 a. m., levy on said property, which is situated in Lubbock County, Texas and belonging to the Defendants, Joe H. Rone, Clyde Honea and Phil Ford, to-wit: All of Lots Nos. Seven (7) and Eight (8), Block No. Seventy-four (74) South Slaton Addition to the town of Slaton, Lubbock County, Texas; on the 7th day of February, 1933, being the first Tuesday in said month, between the hours of 10:00 a. m. and 4:00 p. m. on said day at the court house door of Lubbock County, Texas, I will offer for sale at public auction to the highest bidder for cash, all the right, title and interest of the said Joe H. Rone, Clyde Honea and Phil Ford in and to said property.

Witness my hand this the 10th day of January, 1933.

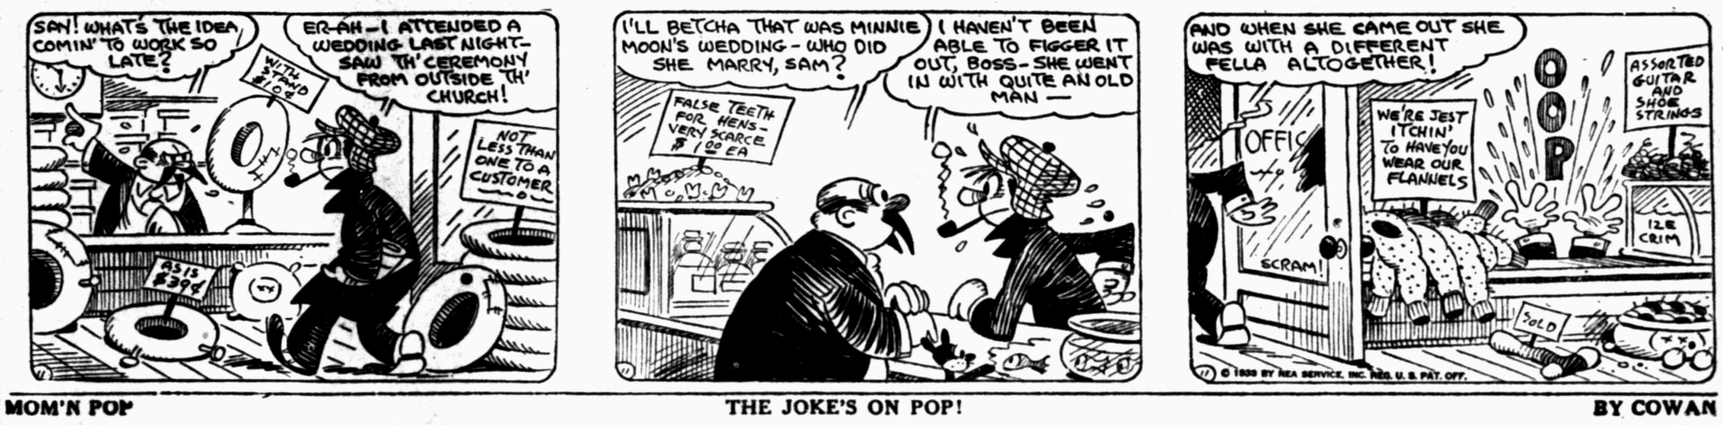

L. H. HOLT,
Constable, Precinct 1, Lubbock County, Texas.

LUBBOCK FIRE LOSS HIKED

SLIGHT INCREASE IS SHOWN LAST YEAR OVER 1931 TOTAL

D. A. Forbess, city fire marshal, reported Tuesday that Lubbock's fire loss last year was $56,362. The 1931 loss was $38,508.

No change is anticipated in the city's fire insurance premium credit rating, Fire Chief W. E. Twitty said. The rating, ranging from a 15 per cent penalty to a 15 per cent credit, probably will be announced in February to be effective March 1.

Because of the heavy fire loss of 1930, when destruction of the Temple Ellis and Conley buildings ran the total to about $219,000, Lubbock was taxed a three per cent penalty on premiums in 1931. The good record of that year caused the penalty to be dropped, and neither penalty nor credit was given last year.

The rating is based on the average loss for the three previous years, and this is the last year in which the heavy losses of 1930 will be included in the average. A credit will mean the saving of hundreds of dollars to Lubbock fire insurance policy holders, or a penalty the loss of hundreds of dollars, Chief Twitty pointed out.

The Lubbock fire department answered 148 alarms last year, as compared to 145 in 1931 and 137 in 1930, Cecil Casey, assistant chief, reported. The department laid 34,900 feet of hose during the runs.

The principal fire was in the building at Avenue J and Broadway. Loss was estimated at about $32,000.

Causes of last year's alarms were listed as: Unknown, 34; car fires, 21; grass fires, 11; trash fires, 13; oil stoves, 10; gas stoves, 6; friction, 4; spontaneous combustion, 6; open flames, 2; gasoline, 7; smoking, 9; oil fires, 4; defective flues, 3; false alarms and no fires when alarm answered, 7; incendiary, 4; bomb explosion, 1; over-heated stove, 4; film fire, 1.

DECEMBER TAX TOTAL GIVEN

SCHOOL COLLECTIONS REACH $43,922 FOR THE PAST MONTH

A. C. Jackson, schools manager, reported Tuesday that Lubbock independent school district tax collections for December totaled $43,922.-31.

Of the total, $23,362.31 was in delinquent taxes and $20,560 in current taxes.

Last two months salaries of Lubbock school teachers have been paid on time, Jackson said. Whether the next payroll is met promptly will depend on collections in the intervening three weeks, he pointed out. Taxes will become delinquent after January 31.

In addition to meeting last month's salaries on time, the school system paid approximately $28,000 into the interest and sinking fund. Of that amount $8,000 was used for retirement of bonded indebtedness.

PLAN EXTENSION COURSE

J. F. McDonald, head of the Texas Technological college extension department, announced Tuesday that Prof. F. A. Kleinschmidt, head of the architecture department, will conduct an extension course in charcoal and figure drawing.

The first class will meet tonight at 7:30 o'clock in the architecture studio in the Engineering building. The enrollment fee will be $10 and the laboratory fee $2. The class is open to non-students as well as students.

Sealing operations in the Pribilof Islands under the bureau of fisheries have yielded a net profit to the United States treasury of more than $2,511,000 within the last 14 years.

Mrs. Bryant Buried At Lockney Tuesday

LOCKNEY, Jan. 11.—(Special)—Last rites were read for Mrs. H. M. (Boots) Bryant, 25, at 2 o'clock Tuesday afternoon here by Rev. C. J. McCarty, a Lubbock Baptist minister. Burial was in a Lockney cemetery. Mrs. Bryant, who was formally Miss Lucile Carter, died of influenza and pneumonia about 5:30 o'clock Sunday afternoon.

Mrs. Bryant was married last August. Mr. Bryant is manager of a gin here. Besides the widower, survivors are the parents, Mr. and Mrs. D. P. Carter of Floydada, and three brothers and three sisters whom were present when death came.

Other relatives attending the funeral were her grandfather, Rev. R. D. Carter of Anson; an aunt, Mrs. L. P. Henslee and Mr. Henslee of Anson and an uncle, Tom Carter and Mrs. Carter of Lubbock.

COTTON-PICKER HELD AS ASSAILANT AFTER NEW HOME FARMER ATTACKED

While a cotton-picker, about 45 years old, was held at Tahoka as the assailant, J. T. Balch, 30, a truck operator and farmer of New Home, this morning remained in Lubbock sanitarium, recovering from five knife wounds he suffered about 4 o'clock Tuesday afternoon at New Home.

Sanitarium attaches said Balch's condition was not regarded as serious. He was slashed twice on the right thigh, twice on the left leg, and stabbed once in the back.

Balch last night said he and the cotton picker had been discussing settlement of a $9 cotton picking debt in a New Home store. Balch said he insisted the other's family complete the cotton picking before a settlement, Balch declaring he had hired the other man last August to gather the entire crop. Both stepped outside the building, and according to the wounded man, the other drew a maize knife.

"I ran about 100 yards in the street before my left leg, which has been broken three times, gave way," Balch said. "I fell flat, and while I was trying to kick him away he cut me."

County Commissioner J. H. Izard of Lynn county brought Balch to Lubbock. The wounded man bled considerably. Balch has a wife and an 8-year-old daughter. The man held is married and has six children.

Crippled Newsboy Tired Of Hoboing

Having ended a hobo trip by freight train, George Adams, 19, a cripple, of Ardmore, Okla., who sold newspapers in Lubbock recently, arrived in Fort Worth, Sunday, and Tuesday was waiting to be taken to his home.

Adams, crippled since infancy, was found in the Santa Fe railroad yards in Fort Worth with three younger boys, one of them his brother. He declared hoboing was "rotten!" The trip from Ardmore to Lubbock was financed by Adams, who sold pencils, chewing gum, and newspapers. The two younger boys lifted his wheel chair on and off the cars. They were joined by George's younger brother, Earl, 13, at Corsicana, where Earl was living in the Odd Fellows home.

Pioneer Crosbyton Resident Is Dead

CROSBYTON, Jan. 11.—(Special)—A resident of Crosby county 30 years, Mrs. L. B. Culwell, 73, died at noon Tuesday after an illness of about three weeks.

The pioneer is survived by one daughter, Mrs. B. W. Mitchell of Crosbyton, and one son, Will Culwell of Henrietta, Tex.

Funeral services will be conducted at the First Methodist church here at 3 o'clock Wednesday afternoon. Burial will be directed by Bynum-Stahler funeral home of Lubbock.
