School bells ring Monday

The floors are polished, the windows cleaned and teachers are working all this week in preparation for Monday morning, first day of school for the 1982-83 year.

When the tardy bell rings at 8:30 a.m., it will commence a year that will not end until May 26, according to the school calendar.

Though the students will attend class only a week before their first holiday, Sept. 6 Labor Day, it will be a long time before their next break in schedule. They'll take off Nov. 25-26 for Thanksgiving. Christmas break will be shorter this year, as they will attend classes through Dec. 22 and return Jan. 3.

Though great emphasis was placed last year on students having shot records up to date, even more emphasis is promised this year. In fact, students will not be allowed to enroll without their required shots.

High school principal Bob Dawson reminds all students who were told last year that they must have additional shots during the summer "absolutely must have them by Monday."

THREE 'FOURTHS' - Two Iowa Park school campuses will have new principals and the high school a new assistant principal, when school opens Monday. All three will be the fourth in their respective positions. Ron Woods, left, will be the fourth assistant principal at high school. Charles Ward, center, was principal at Bradford Elementary, and becomes the fourth principal in the history, since 1959, of Kidwell Elementary. Kenneth Davis, right, has been the high school assistant principal, and becomes the fourth principal of Bradford Elementary, dating back to 1962.

School adopts budget, but tax rate delayed

Iowa Park's school board members can tell you how much the 1982-83 budget is, $4,704,061. But they can't tell you just what the tax rate will be. Not yet, anyway.

The trustees had to play a new game this year: figure out how much money it would take to operate for the coming year, and at a later date figure out what rate it will take to generate the revenue that will be needed.

Their problem is that the county tax appraisal district is late in completing its tax rolls, and without those certified rolls a rate cannot be set.

But state law requires that a school district must have its budget completed and adopted before Sept. 1, or it cannot open its doors to the students until it's done.

Best guess on the tax rate is 51-cents per $100 valuation. That figure was mentioned during last week's budget adoption meeting, based on 95-percent collections.

The $4.8-million budget is $684,097 higher than last year, but there are some new items in the budget which were not required in the past. Included in the revenue and expenditures this year are cafeteria, athletics, vocations and all categories of instructions now previously included.

Supt. Harold Cowley explained that the items which had been included in the budget this year had always been accounted for, but had not been in the previous budgets.

Broken down, the general fund expenditures include $3,883,067 for the district, and $688,985 for West Wichita Co-op, which Iowa Park is the fiscal agent and must include in the budget.

The lion's share of the budget is payroll, which has $2,609,172 for the district and $630,267 for West Wichita.

The budget calls for expenditures to be $139,000 greater than income, as trustees said they wanted to cut down on the carryover.

According to the budget, the carryover from last year is estimated to be $1,439,703, which is almost as much as the $1,673,946 in district taxes to be collected during the new year.

Anticipated carryover at the end of the budget year is set at $1,300,504.

The carryover could be considered more a blessing this year than it would have been in other years, because of the anticipated delay in receiving taxes.

Projections on when the certified tax rolls will be completed range from mid September to sometime in November. The tax notices must then be completed and mailed before anyone can pay their taxes. But during the time between this week and when the tax payments start arriving, the district figures to have enough money on which to operate, without having to borrow or delay any payments.

Anticipated revenue from the state for the coming year is $2,076,879 for the local district, and $529,111 for West Wichita. Federal money to the local district is $80,211, considered "pretty firm" by Cowley, and $76,018 for West Wichita.

Budgeted for debt service for the coming year was $184,125.

Library plans, costs studied by council

City council members Monday night saw plans and heard the first estimated figures for renovation of the Tom Burnett Memorial Library.

In addition, aldermen heard a report from a financial advisor on methods of funding purchase of trash trucks and site improvements for the new sanitary landfill.

Don Daugherity, architect commissioned to draft plans for the library remodeling, estimated the cost of remodeling the bottom floor at $150,000, which would include preliminary work for using the second floor and paving of a driveway and parking area.

Estimated cost of the second floor, which would include a fire escape, was $70,000. The overall cost, including an elevator, was set at $240,000, Daugherity told the council.

Work on the first floor includes removal of some walls and re-doing the existing walls, new ceiling, lighting, carpeting and exterior structure improvements. The cost did not include any furniture or shelving.

After hearing a report from Daugherity an hour before the regular meeting was opened, and also during the meeting, aldermen instructed the architect to make the necessary drawings and photos the library board would need for soliciting donations from various foundations.

The Burnett home contains 3,200 square feet space on the first floor and 1,855 on the second for a total of 5,655 square fee, not including the basement and two other structures on the site. The building is on the tax rolls for $85,000 and is insured for $150,000.

It was donated to the city for use as a library.

CITY FINANCING

Kenneth Smith, financial advisor from Dallas who has worked with the city on other projects, met with the council to discuss financing alternatives for purchasing one or two trash trucks, and also site preparation for the city's new sanitation landfill.

He agreed that the trash trucks could be obtained on a lease-purchase agreement, as was used for the initial truck purchase.

But, he pointed out, if the city is considering acquiring two new trucks, at a cost near $100,000, and also investing around $200,000 for establishment of a new landfill, the two projects could be combined for certificates of deposit, and the city would save money.

Financing cost of lease-purchasing the trucks would be an estimated $6,000, but financing of a $300,000 certificate of deposit would be around $7,500, Smith told the council.

Aldermen did not want to make any commitments on either expenditure, trucks or landfill, at the time because they have not yet received bids on the trucks nor has the city yet received any word from state that the landfill has been accepted.

OTHER BUSINESS

Mayor Charlie Lee closed the meeting to the public shortly after it was begun, for a 31-minute executive session concerning personnel. Roger Lee, city attorney, was the only other person included in the closed meeting besides the council and Steve Morath, city administrator.

No comment was made concerning the session after the meeting was re-opened to the public. During the closed session, those in the audience stood outside council chambers in upper-90-degree heat.

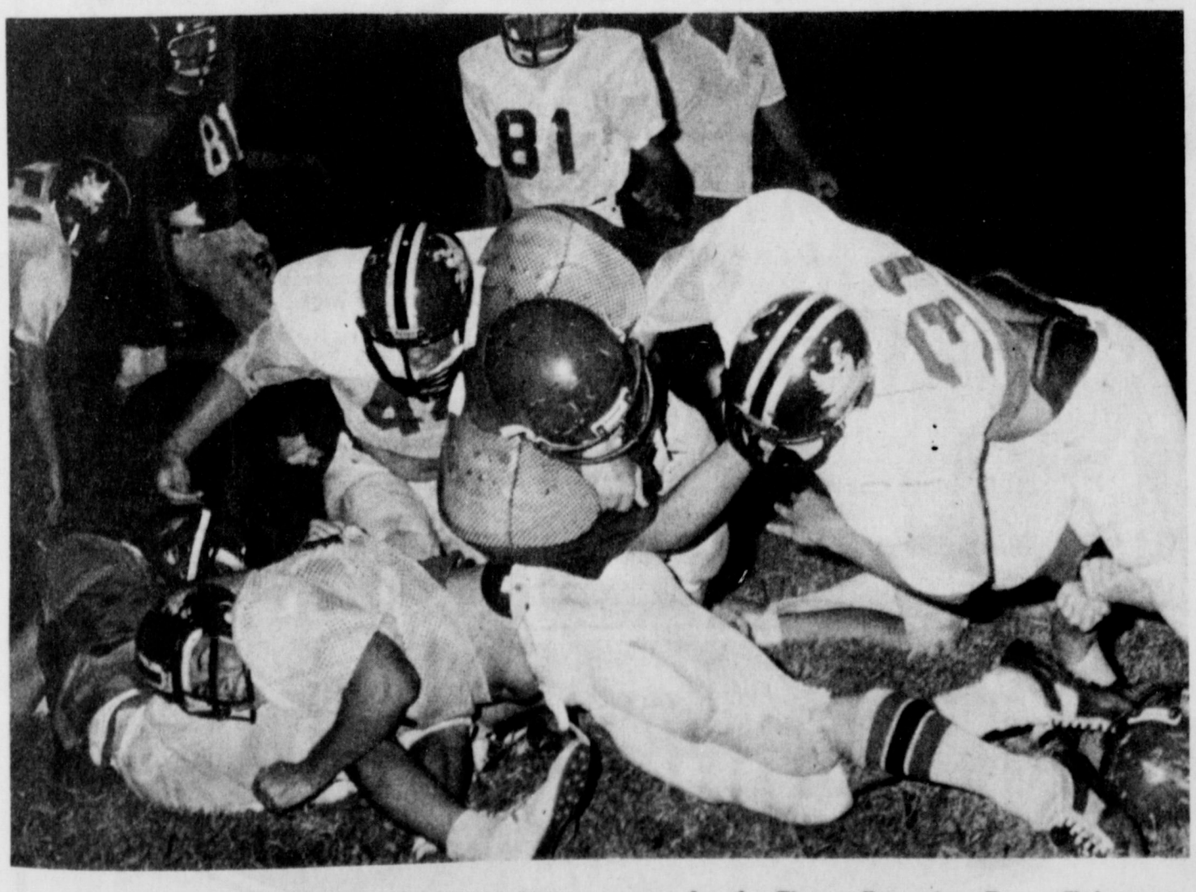

Aldermen rejected the lone bid for grazing rights at Lake Buffalo and voted to re-advertise for more bids.

Don Roy Klinkerman explained he had reduced his new bid to $3.07 per acre from the $3.20 under the previous lease because of nails in the roads caused by hauling to the landfill, less grazing due to more mesquite trees and loss of animals shot by hunters. The reduced bid is $4,697 less than the previous agreement.

A new contract with Wichita Falls for purchasing water was approved. It raises the cost from .4841 cents per 1,000 gallons to .5439, retroactive Jan. 1. Paying the back charge and interest will cost the city $2,485.76, aldermen were told.

Aldermen also approved annexing a tract of land, .2 acre, in the 200 block of James Drive, as requested by Harold Bartow.

The council voted to join with Texas Municipal League in fighting a rate increase by Southwestern Bell Telephone. The cost is 3.5-cents per capita.

STRONG DEFENSIVE PLAY was the forte of Iowa Park's Hawks in their first pre-season scrimmage Thursday at Jacksboro. The Mean Green did not allow a score by the Tigers all evening. Fans will have an opportunity to see them scrimmage Friday night, against Olney, at Iowa Park Junior High football field.

Scrimmage here Friday

Iowa Park's Hawks will hold their second and final pre-season scrimmage tomorrow night, when they take on Olney.

The scrimmage will be held at the junior high field, rather than in Hawk Stadium, according to Coach David Baugh.

Freshmen teams will begin scrimmaging at 5:30, followed by the junior varsity, with the varsity taking the field about 7:45.

In their initial scrimmage, last Thursday at Jacksboro, the Hawks were unable to score a touchdown. However, the defensive unit held Jacksboro scoreless, also.

Baugh confirmed that it was not unusual for a team's defense to be ahead of its offense early in the season.

The freshmen out-scored Jacksboro 2-1, while the Jayvees posted a 2-0 evening.

Tomorrow's scrimmage will be the climax of three weeks of two-a-day workouts; and set the stage for the following Friday's season opener at Breckenridge. The Hawks will travel to Bowie the following week, and then play their first home game, which will also be homecoming, with Electra.

Freshman and junior varsity season openers will be next Thursday. Those games, as well as the following week games with Bowie, will be played at the junior high stadium.

Richardson, Hoffman unite in double-ring ceremony

Double-ring wedding vows were exchanged Saturday afternoon in St. Paul Luthern Church in Wichita Falls by Miss Connie Jean Richardson and Royal David Hoffman, under direction of Rev. David Jeske, pastor.

Parents of the bride are Mrs. Jake G. Eipper of Wichita Falls and R.K. Richardson of Dallas. The groom is the son of Mr. and Mrs. William E. Hoffman of Iowa Park.

The decorative setting included two pyramid candelabras holding tall white cathedral candles. The railing at the alter was garlanded with silk boxwood greenery and accented with white crysanthemums.

Mrs. Michael Sargent furnished the organ music for the service, playing "If," "Ave Maria," and "Sanctus" for prelude numbers, and the traditional wedding marches. She accompanied Mrs. Michial Brady and Mrs. Dwayne Reeves who sang "The Lord's Prayer" during the ceremony.

The bride's father escorted her to the alter and presented her in marriage. She wore a long formal gown of white Chantilly lace. The sheer yoke of the fitted bodice was outlined with a gathered ruffle of Chantilly lace, accented with narrow white satin ribbon. The full sleeves were encircled with a ruffle of lace and ribbon and cuffed with a band of lace. The skirt was designed with three lace tiers, edged with ruffles of lace and white satin ribbon, and extended into a chapel length train. Her veil was also trimmed with a ruffle of Chantilly lace and white satin ribbon.

Her attendants included Miss Susan Lynn Richardson of Albuquerque, N.M., maid of honor, Miss Cheryl Wood of Iowa Park, Miss Alicia Richardson and Miss Laura Richardson of Dallas, the bridesmaids. They wore identical blue floor-length gowns with sheer jackets and carried nosegays of blue silk flowers with blue and white satin ribbon streamers.

MRS. ROYAL DAVID HOFFMAN

Miss Lucy Eipper of Wichita Falls was junior bridesmaid, and Miss Melissa Richardson of Wichita Falls served as flower girl. They wore dresses styled the same as the other attendants, with the exception of jackets. Miss Eipper carried a nosegay of blue silk flowers, and Miss Richardson carried a white wicker basket filled with blue silk flowers

The groom was attired in a white tuxedo with tails, white ruffled shirt and three blue rosebuds for a boutonniere.

The groom's father served as best man. Kent Richardson and Michial Brady of Wichita Falls, Paul Wood and Billy Hoffman of Iowa Park and Lynn Fonville of Burkburnett, the groomsmen and ushers, wore blue tuxedos with white ruffled shirts trimmed in blue, and a single blue rosebud for boutonnieres.

Mrs. Eipper, mother of the bride, wore a blue flowered jersey street-length dress with a matching jacket. Mrs. Hoffman, mother of the groom, wore a pink lace floor-length gown. They wore blue rosebud corsages.

The reception following the ceremony was held at the Officers' Club at Sheppard Air Force Base. The wedding cake table was draped with a white cloth overlaid with white lace. Appointments used with the cake to complete the decor were two large hurricane globes covering white candles, with a ring of white and blue silk flowers around the base. The bridesmaids' bouquets completed the setting.

The white three-tiered cake, separated with Grecian pillars, was decorated with cascades of blue frosting roses and white love birds. The delicate top ornament of blown glass was in the shape of a heart with two love birds perched on each side, and a bird cage with two love birds inside in the middle. An added attraction was the buffet table, covered with the same material as the cake table, and holding a variety of buffet foods, hor d' oervres, and other refreshments. Music for dancing was provided.

Miss Andrea McCormick directed signatures of wedding guests at a table appointed with a bouquet of blue silk flowers in a white basket, huricane lamp, the wedding book and blue plume pen.

The groom's parents hosted the rehearsal dinner at the Officers' Club Friday evening.

The new Mrs. Hoffman is a graduate of Hirschi High School, and is attending Midwestern State Univ. The groom was graduated from Iowa Park High School and attends MSU. Both are employed by Times Publishing Co.

Following a wedding trip to Dallas and Boiser City, La., the couple will be at home in Wichita Falls.

Out-of-town guests included Mrs. Richard Baestlein and Mrs. Stanley Potrzuski of Albany, N.Y., and Ted Thelin of Oklahoma City.

Collins, Walker nuptials exchanged in Wichita Falls

Mr. and Mrs. Paul Walker, married Saturday evening at Wesley United Methodist Church in Wichita Falls, are on a wedding trip to Cancun, Mexico. The couple will live in Arlington when they return.

The bride is the former Robin Michelle Collins, daughter of Mr. and Mrs. Tommy Collins of Kamay, and the groom is the son of Mr. and Mrs. R.M. Edgley of Houston and the late Billie Walker.

Officiant for the double-ring ceremony was Larry Shields, minister of music and youth at Faith Baptist Church in Wichita Falls.

The alter decorations were dominated by two seven-branch brass candelabras decorated with leather leaf foliage accented with flowers in shades of lavender and holding white cathedral candles. The communion rail in the background was covered with silk greenery and accented with votive candles. The setting was completed with the addition of two tall white baskets on brass stands, holding arrangements of peonies, lilacs and azaleas in lavender tones with white gladioli and mums.

When the bride entered the church with her father, who presented her in marriage for both parents, she was wearing a white formal gown of Venise and Alencon lace, encrusted with pearls and sequins. The fitted bodice was defined with a scooped neckline dipping into a deep V in front and back, and long tapered sleeves with buttoned cuffs. The soft chiffon bell skirt, accented with Venise lace appliques, flowed into a chapel train with a deep flounce of Whedgewood and Alencon lace.

She chose a white hat of Venise and Alencon lace with a wide brim to frame her face. Proof illusion formed the fingertip veil. She carried a silk cascade bouquet of white roses and cushion mums, Dutch iris and stephanotis in shades of lavender, baby's breath and ivy.

The bride kept traditions of the occasion by carrying a handkerchief and wearing an amethyst ring that belonged to her great-grandmother, the late Peggy Kirk Cox, for "something old." Her dress was

MRS. PAUL WALKER

"something new;" a single strand of pearls belonging to Mrs. Tommy Brixey was "something borrowed;" she chose a garter for "something blue;" and wore a sixpence in her shoe, brought from England by Mr. and Mrs. George Huckaby III, her sister and brother-in-law.

Music for the wedding was provided by Mrs. Buford Huff of Odell, great aunt of the bride. Selections she played on the piano included "More," "Always," "Dream of Love," "Longer," "Surround Me With Love," "With You I'm Born Again," "Still," "The Rose," "Endless Love," and "Evergreen." She played "Trumpet Voluntary" for the processional.

Mrs. Don Fields of Wichita Falls was matron of honor. She wore a long gown of lavender lustrous polyester knit, designed with fitted empire bodice and flared skirt and a sheer chiffon cape.

Serving as bridesmaid was Mrs. George Huckaby III of Chicksand AFB, England, sister of the bride. Junior bridesmaid was Tracy Karels of Cleburne, cousin of the bride. They wore dresses identical to that of the matron of honor.

The matron of honor and bridesmaid carried white lace fans with arrangements of lavender roses with ribbon streamers. The junior bridesmaid carried a white lace basket holding lavender roses, white mums and ribbon streamers.

The groom, groomsmen, ushers and father of the bride all wore grey tuxedos with white shirts. The groom wore a bow tie and the others wore ascot ties. All of them had lavender rosebud boutonnieres.

Tommy Grubbs of Grand Prairie was best man. Groomsman was Skip Clark of Arlington and junior groomsman was Darren Karels of Cleburne, cousin of the bride. Ushering duties were assigned to Joe Tom Collins, brother of the bride, James Brixey of Kamay and Michael Karels of Cleburne, cousin of the bride.

Mrs. Collins, mother of the bride, was attired in a floor-length mauve dress with a sheer jacket trimmed with ruffles and lace. Mrs. Edgley, mother of the groom, wore a pale blue crepe full-length dress designed with V-neck and long sleeves.

The wedding was followed by a reception in Fellowship Hall of the church, hosted by the bride's parents.

The bridal table was covered with a white satin cloth, overlaid with white lace. The appointments included the bridal bouquet, a brass candle stand with an arrangement of lilies, star flowers and baby's breath, with a raised white pillar candle in the center. The white three-tiered cake was covered with frosting roses, daisies, petunias, and stephanotis in shades of lavender. The top was made with marzipan flowers. Crystal and brass serving pieces completed the setting.

The hors d' oeuvre table was also covered with white satin and an overlay of white lace. The centerpiece was composed of three brass candlesticks holding white tapers and a tall hurrican globe with an arrangement of iris inside.

Miss Deanna Blevins, Mrs. Jeff McWilliams and Mrs. Leonard Dickerson of Arlington, aunt of the bride, served the cake and punch during the reception.

Other members of the houseparty included Mmes. F.D. Wolfe, T.R. Brixey, Dorothy Godwin and Jimmy Banks.

Presiding at the registry table before the wedding and during the reception were Miss Debbie Habeeb of Arlington and Mrs. Jorge Jordan. The table, draped with floor-length white satin and overlaid with white lace, held the wedding book, a brass candle ring with white candles and an arrangement of daisies, gladioli, iris, and camelias in shades of lavender and Boston fern inside, a brown wicker basket holding the wedding scrolls, and a Bible that had been used for several weddings in the Collins family, was opened to a favorite scripture of the bride and groom.

A rehearsal dinner, hosted by the groom, was held in the church's Fellowship Hall Friday evening.

The bride is a graduate of Iowa Park High School, and the groom was graduated from Alief High School. He is branch manager for Metal Industrial Center in Arlington.

Special guests were Mrs. Robert Collins, grandmother of the bride, of Odell, and Mrs. Bertha Kirk, great aunt of the bride, of Wichita Falls.

Worth Quoting

Last year in this space we wrote an open letter to Congressman Kent Hance urging consideration of a straight percentage or flat rate tax.

The letter was picked up by several newspapers around the state and reprinted. Later, we heard from three Texas congressmen and one from Florida who thought the flat rate tax was a good idea - in the distant future.

Later, Congressman Hance introduced a bill calling for a 6-months study of the feasibility of the percentage tax in lieu of the progressive income tax.

The flat rate tax is certainly not original with us - it's been kicked around by former Internal Revenue Commissioners and others for at least 20 years.

But something funny happened on the way to the future.

The flat-rate idea has grabbed hold of the more imaginative representatives in Washington and now everybody's talking about the possibility of passage of some form of flat rate tax this year.

The income tax has just about served its purpose - it is no longer a viable means of raising revenue for the federal government. The income tax is so riddled with exceptions, complications, loopholes, benefits for one particular group after another, that the progressive nature of the law was rendered ineffectual years ago.

Our present income tax laws are designed for the very poor and the very rich - neither of which pay anything close to the percentage shelled out each year by wage earners and salaried workers.

Past commissioners of the IRS have testified before congressional hearings that a pure flat rate tax in the neighborhood of 10 or 11 percent would yield to the federal government the same amount of money it currently receives from the income tax.

A good half-dozen bills have been tossed into the legislative hopper this year calling for flat rate tax proposals ranging from ten to 22 percent. Sen. Bob Dole, chairman of the Senate Finance Committee said this week that a flat rate of 13 percent on all income would yield the government the same amount it receives now.

Senator Dole plans hearings in September on the various flat-rate proposals. President Reagan has expressed interest in the flat-rate proposals and at the Democrats National Party Conference last month, a flat rate plan by two democrats was endorsed.

A housewife, Melba Deever, wrote a letter to Senator Mark Hatfield and said: "For the past 10 years we have been the so-called middle-class Americans, paying more taxes than any of the rich, who can afford the tax shelters and the high-priced lawyers to beat the income tax system. Why can't this country have a flat 15 percent income tax on all people gainfully employed, with no deductions?"

The senator placed the letter in the congressional record and the idea started gathering support from a wide variety of political leaders in Washington.

There is simply no excuse for taxpaying to be as complicated as it is now. It probably explains why over $350 billion of taxable incomes goes unreported each year - and the amount in both dollars snd number of taxpayers not reporting income is growing each year.

A simple, flat-rate approach might entice more people to fully report their income. It might be simpler to pay than to go to all the trouble to avoid paying income taxes.

The impossible can become the possible with enough yelling from the taxpayer.

As I See It....

By BOB HAMILTON

From time to time, people who write columns have to clean out their files of subjects which might not make a full column in themselves, but are worth mentioning. As a result, an article is turned out which is disjointed, kinda like a mess of tidbits.

A new drive, besides parading, is on to justify homosexuals to the general public. An organization has been formed, calling itself "Texas Human Rights Foundation," for the purpose of informing the public of court rulings and other issues connected with homosexuals.

The foundation appears to have found just the right person to crank out the news releases: Imelda Dykes.

The school of journalism at Texas Tech Univ. must be ranked one of the two top departments in the state, but the school has one of the slowest public information departments.

We received a "news" release the second week of August that two Iowa Parkans, Kathryn Johnson and Kenneth Scheffe, had graduated..... in May.

Tech's people apparently operate on the theory that the term "news" is something to be taught, rather than practiced.

In answer to the dozens of questions I've received this week, Bill Gilmore is serving his three-year federal prison sentence at Texarkana. He reported Aug. 16.

It shouldn't be necessary to remind drivers, but it must be mentioned each year at this time that school begins next week and drivers should be cautious of little students crossing streets to and from schools.

Students, especially the younger ones, have a lot on their minds and loads of books and supplies in their hands and might not be as cautious crossing streets as they might need to be. So it's up to the drivers to be aware at all times.

Besides football workouts and scrimmages, I have another key that reminds me school is about to open. Each year at this time the sun hits my eyes at Shaw Ford, while I'm driving to work on West Highway. That's one of the more dangerous driving spots in the city, especially later in the winter. Vision is blinded by the bright sun.

Immunization — Good Health Insurance

School has started, and it is a good time to make sure your family is properly immunized. Many prominent health officials believe that the lack of adequate immunization is a major health problem in this country.

Medical science has made great strides in protecting the populace from such common diseases as measles, mumps, chicken pox and scarlet fever. Childhood immunizations have increased slightly over the years, but immunizations are far lower than public health authorities recommend. Even more alarming, the incidence of non-immunized adults contracting childhood diseases from children has risen sharply.

It is a good idea to review your family's immunization history with your physician or the local health authorities and bring your good health insurance up to date.

Wilson, Gibson vows exchanged recently

Wedding vows were exchanged on the afternoon of Aug. 14 in First United Methodist Church by Miss Kimberly Joyce Wilson and James Bryan Gibson. Rev. Dale Walling, minister of First Christian Church, officiated.

Parents of the couple are Mr. and Mrs. Tom McDearmont of Sanger and Mrs. Betty Gibson of Iowa Park and Ray Gibson of Wichita Falls.

Tim Adcock, organist, played traditional selections for the wedding ceremony.

The bride, presented in marriage by her father, was wearing a gown of candlelight silk chiffon with Chantilly lace accenting the neckline and wrists of the full, sheer sleeves. The bodice was fashioned with an empire waist and the chiffon skirt of tiny accordian pleats extended into a chapel train.

The bride's veil of illusion extended from a candlelight wide-brimmed hat with the brim swept up on one side with silk roses. She carried a bouquet of silk daffodils, daisies and orange blossoms.

Wendy Wilson of Sanger was maid of honor for her sister. She was attired in a yellow princess style gown with spaghetti straps and organza cape, and wore yellow silk rosebuds in her hair. She carried long-stemmed yellow roses. Miss Tanya McDearmont and Miss Briana McDearmont, also sisters of the bride, served as bridesmaid and flower girl, respectively. They wore yellow satin princess style gowns, fashioned with scoop necklines and full lace sleeves. They used yellow silk rosebuds for their hair ornaments. The bridesmaid carried a cascade of yellow silk daisies and the flower girl carried orange blossoms.

The groom wore a candlelight tuxedo. Michael Crittendon of Wichita Falls, the best man, Randy Gibson, brother of the groom, who served as groomsman, and Tommy Sauer of Sanger, usher, all wore toast brown tuxedos. Eddie Williamson of Burkburnett was ring bearer. He also wore a toast brown tuxedo with satin inlays.

The bride's mother chose a peach polyester dress designed with an empire waist and silk chiffon cape. The mother of the groom wore a pale cantaloupe colored dress with fitted waist and lace sleeves.

Following the ceremony, a reception was held in the home of the groom's mother. The serving table was covered with a yellow cloth and draped with white lace. The centerpiece was composed of a yellow candle and arrangement of silk flowers. Mrs. Norma Young and Mrs. Helen Kidd presided at the table.

The wedding cake, covered with yellow frosting roses, was topped with two heart-shaped layers entertwined with Bryan and Kim written in pale green icing.

The bride attended Sanger High School. The groom is a graduate of Iowa Park High School and attended Vernon Regional Junior College. They will live in Burkburnett.

A rehearsal dinner was given the evening before the wedding, in the home of Mrs. Gibson.

Special wedding guests were the grandparents of the groom, Mr. and Mrs. J.K. Ingle of Crowell.

Cook of the Week

What makes us eat the way we do?

Several factors contribute to the final answer. The way our parents shape our eating habits, for example, and our ability to buy particular foods.

Certain religious observances and psychological and social influences also help to shape our food choices.

But, most importantly, time is the crucial element in which our eating habits are dictated, with most families having two working parents instead of one.

That isn't to say the majority of households in this country are suffering from bad eating habits, because advanced technology (microwave ovens, etc.) and simple recipes have given mom the upperhand once again.

Mrs. Margaret Burks has chosen some dessert and salad recipes to share this week. Each is simple to follow, and tasty as well.

Mrs. Burks and her husband, Kenneth, returned to Texas just a few months ago after living in Bristol, Indiana, just a few miles from an Amish community. The couple is originally from Olney, and returning to Texas is a joy to Mrs. Burks.

"I love small towns," she said recently. "It is a nice place to be, and a good place for our daughter to begin high school." Cindy, their only child, will start ninth grade at Iowa Park High School Monday. They reside at 1004 Van Horn.

"We are glad to be back in Texas," she confirmed, adding that while they were in Indiana she had a chance to collect recipes from several sources, including the Amish people. "I am a recipe and cookbook collector," she affirmed. "But I try to save recipes that have ingredients you would normally find in your own kitchen."

Sports, bicycling, fishing, cooking and working are on top of the list of hobbies for Mrs. Burks. "It might sound a little weird to say "work" is a hobby of mine, but I just like to stay busy," she remarked. "And also it gives me a chance to meet people."

Mrs. Kenneth Burks

Moorehouse Ranch claims 'Texas Braggin' Rights'

With 13 ranches and several dozen cow ponies in competition, the 1982 Texas Ranch Roundup turned out to be a three-horse race, with the Moorhouse Ranch of Benjamin winning by a nose over two other ranches tied for second.

When the final whistle sounded, only one point separated the victorious Moorhouse cowboys from the Pitchfork Land and Cattle Company of Guthrie, and the U Lazy S of Post.

The roundup, co-sponsored by Budweiser and the North Texas Rehabilitation Center, pitted real working cowboys from the state's largest ranches against each other in rodeo-style events patterned after actual ranch work. Ranches also accumulated points towards the overall title in talent and queen contests and a ranch cook-off.

Junior Daniel of Pitchfork was named Best All-Around Hand for his outstanding overall performance during the roundup. Judges were particularly impressed with his participation during the Friday saddle bronc and wild cow milking events. "I thought I might have a chance at being top hand if I just did well Saturday," Junior said after taking a winning lap around the arena to try out his prize, a hand-tooled saddle.

Susan Stephens of the Moorhouse Ranch captured the title of 1982 Ranch Roundup Queen, succeeding 1981 winner Eugenie Von Gontard Daniel, formerly of the Pitchfork.

In the ranch cook-off, which required ranches to prepare entries over an open pit, the U Lazy S took top honors with a plate of beef tenderloin and peach cobbler. Cowboy Steve White also added to the U Lazy S points by winning the music division of the talent competition with an original guitar composition, while Bob Moorhouse of the Pitchfork did the same for his ranch in winning the painting/photography division. First place in the crafts division of the talent contest was awarded to Lea Glover of the W.T. Waggoner Estate, Vernon, for her pottery.

Although the Moorhouse won first-place spots in the saddle bronc and wild horse events, and claimed the new ranch queen, the Pitchfork was right behind, boasting the new top hand, a win in the talent contest and strong showings in other rodeo events. The U Lazy S second-place finish was paced by a team roping win and consistent point accumulations in other rodeo events, as well as wins in the ranch cook-off and talent contests.

At their request, the entire team from the defending champion Lewis Ranches presented the bronze sculpture trophy to the 1982 winners. The Moorhouse 'C" brand will be burned in the base of the trophy.

Rotarians make donation to library, hear governor

Iowa Park Rotarians presented a check to the Iowa Park Library Board and heard a speech from Arvil Lewis, Rotary District Governor, during their luncheon-meeting yesterday at the RAC.

Rotary president Bob Aulds presented library board representative Bob Dawson with a check for $800 to aid in renovating the Burnett Library.

The check was from proceeds taken during the recent circus in Iowa Park, which the Rotarians sponsored.

Lewis, a banker from Fort Worth, is governor of District #579, which covers an area from Gainesville west to Vernon and south to the Coleman-Brownwood area.

Speaking to the group, Lewis said "I would like to thank this club for the hospitality it has extended me and my wife," mentioning further that the Iowa Park chapter is one of 52 he will visit this year.

Saying that Rotarians are concerned about friendships and about their country, he commented, "If we could just get this feeling all across the country."

Lewis said ways to build bridges of friendship included helping young people as well as senior citizens. He mentioned a scholar student in Fort Worth who recently committed suicide, and said, "the boy also left a three-page letter explaining some of the reasons for doing what he did. It is easy to say "that is just a bunch of kid talk" but these boys and girls take their problems seriously."

Lewis also mentioned his frequent visits to nursing homes in the Fort Worth area, and said plenty of people are lonesome, confused and in need of help in those homes.

In other business addressed at the meeting, the Rotarians agreed to participate in the upcoming Whoop-T-Do celebrations with a watermelon feast, and to set up the final checkpoint for the "Hotter 'N Hell 100" bicycle race Saturday. It will be located on the grounds of the Burnett Library.

CHANGING ATTITUDES ABOUT DWI

Few things in this country have changed as much during the past few years as public attitudes on drunk drivers. It is a change we can all be thankful for.

Most of that change, in my opinion, can be attributed to the organization of Mothers Against Drunk Drivers (MADD), and the attendant publicity and editorial support they have received from our newspapers. They have succeeded, where others have failed, in drawing attention to the tragedy that has claimed the lives of thousands of Texans.

It was not long ago, for instance, when some public officials who ought to lead by example were openly contemptuous of our laws against driving while drunk. Much of this problem started nine years ago when my opponent became Lt. Governor and helped pass the law reducing the legal drinking age from twenty-one to eighteen years of age. Now Mr. Hobby, feeling the heat of irate parents and loved ones, and perhaps personal remorse, has said he favors tougher drunk driving laws—another switch from a previous position.

Political promises, however, are easily made. If a politician can't get excited about an issue of this magnitude in nine years, it seems unlikely that he would get excited and pursue corrective legislation in another four years.

So I hope the Mothers Against Drunk Drivers will stick to their guns, and I hope they continue getting support from the people of our state. Their efforts to put an end to this carnage on our highways has my support, and I hope it has yours.

Of one thing we can be reasonably sure: Starting next year we will have a new Lt. Governor, and that will make it easier. If you have thoughts on this subject, please write me at 1213 W. 34th, Austin, 78705.

MAN MOUNTAIN - **Iowa Park defenders gang up to stop a Jacksboro carrier during Thursday's scrimmage.**

Area cotton crop encouraging

By Don Decker
County Agent

Cotton prospects are looking good for Troy and Bruce Gilbert of Punkin Center. They are one of the few who were able to get their entire cotton crop planted the week of June 6, before the heavy rains began. "This is the first year for us to ever plant without having to replant at least some cotton," says Troy.

Getting their cotton planted within a few days was made possible through an aerial application of the herbicide. Troy plowed in the herbicide while Bruce followed with the planter. All of thier cotton had emerged with the exception of one place when the heavy rains began. Luckily, all of the stands were acceptable. The cotton just seemed to stand still during the three weeks of inclement weather. After the weather began to get hotter, the cotton just seemed to take off, according to Gilbert. Fruiting was rapid and cotton insects have been of little consequence.

Everything just seemed to fall into place when thier area received about 1½ to two inches of rain early in August. The cotton is loaded with prospects of at least a bale per acre, and the soil moisture is good enough to carry the cotton for at least a week or two.

The Gilberts are no newcomers to top cotton yields. Last year they had 32 acres which produced 47 bales. Troy says, "The cotton was so tall and branchy that nearly all grade samples came back - barky."

Cotton prospects are not just limited to this immediate area. I was visiting with Claude Andrews and Dean Decker (my brother), cotton growers in the Childress area. Both indicate excellent prospects provided there is an average or late frost. Much of the crop is borderline on making before frost, and every day of growth needs to count.

Cotton, like wheat, can't be certain on yields until it is harvested. However, it appears there is a good crop in the making provided the fall season is open.

Holliday scrimmages tomorrow at Bowie

Holliday's Eagles travel to Bowie tomorrow night for the final scrimmage before the opening game against highly-touted Eastland Sept. 3.

The freshman teams will take the field first against the Jackrabbits, beginning at 6 p.m. According to head mentor Don Lucy, 20-play offensive series by both freshman teams will precede the junior varsity, which will also feature a similar series. The varsity teams will take the field for the night's finale, with each team scheduled to have two offensive series.

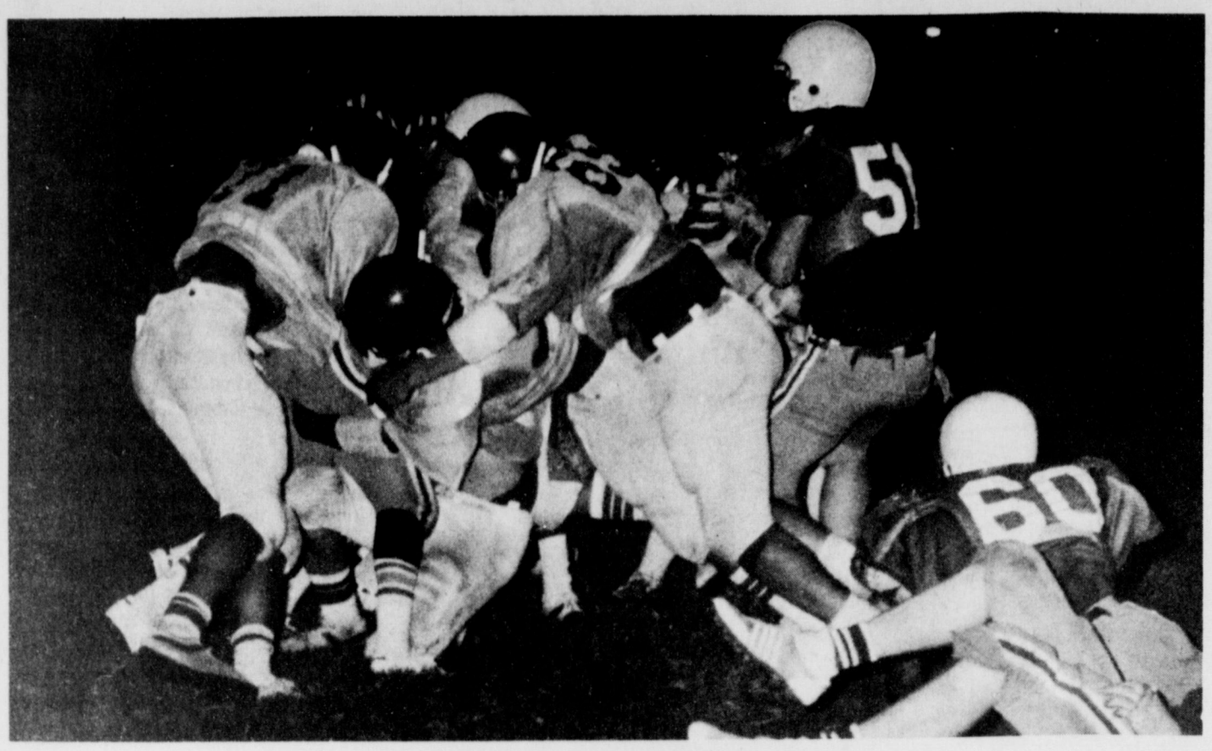

In the Knox City scrimmage last Friday night in Holliday, the Eagles scored twice, once on offense and once on an interception-return by defensive back Allen Henson.

Senior tailback Brad Harmon scampered 26 yards for the first score of the evening, on Holliday's initial offensive thrust. Henson's 35-yard return came during Knox City's first series on offense.

"Overall, we played pretty good," Lucy said. "I thought we had a good defensive series, although we need to work on our overall quickness."

"Offensively, I would have to say we did pretty well this early in the season," he continued. "We sputtered at times, but we showed well overall."

Asked how far he feels his team is at this time, Lucy said, "You're never as far as you would like to be, but we are pleased with the work they have done so far." Lucy added, "The defense is probably ahead at this point."

VARSITY CHEERLEADERS for the 1982-83 year are Kristy Williams, Melissa Parish, Sandy Brown, Janet Ferguson, Sallye Rathman and Terri Davis.

Public hearing set tonight

Holliday school trustees will hold a public hearing on the proposed eight-percent tax increase at 6 p.m. in the teacher's lounge at Holliday Elementary.

According to superintendent Dan Owen, the hearing will be followed by a called meeting of the school board to set the tax rate, amend the previously-adopted "estimated" budget, and discuss personnel.

Couple feted

A luau theme in decorations was used for a poolside pounding honoring Jolene Ayers and Kirk Styles, who are to be married Saturday.

Held Thursday evening at the Don Talley home, hosts were Misses Carla Cottrell, Rhonda Talley; Messrs. and Mmes. J.L. Stone, Jake Cottrell, Ronnie Carpenter and Don Lucy.

Parents of the couple are Mr. and Mrs. C.D. Ayers and Mr. and Mrs. Buster Styles, all of Holliday.

Overall enrollment up

Enrollment figures for the first week at Holliday's schools were released Wednesday by Supt. Dan Owen.

According to the first-year superintendent, a total of 759 students attended the first day of school, with 395 enrolled in kindergarten through sixth grade, 138 in seventh and eighth grade, and 226 in grades nine through 12.

Total first-day enrollment last year was 736, and 763 in 1980.

According to these figures, Owen said the total figure for grades seven through 12 is down, and elementary is approximately the same as last year.

This time last year, 380 students enrolled in elementary, as compared to 395 this year. But, afater the Labor Day holidays, attendance peaked at 405. Owen said the school expects to peak at the same figure or above after Labor Day.

The school's new policy on transfers and interest rates are the primary reasons for little or no change in enrollment, according to Owen. High interest rates have limited the number of new homes built as well as purchasing existing homes. And the transfer policy, which will eventually phase out transfers to the school district, has affected enrollment somewhat.

Continuing education classes to be offered

Holliday High School will offer continuing education classes this fall, sponsored by Vernon Regional Junior College, with registration at 6:30-8 p.m. Sept. 2 at the high school.

The courses to be offered include: **Technical Office Training, Beginning Typing I;** a non-credit vocational course for adults. Students will be introduced to the typewriter keyboard by the touch method, will learn the mechanics of the typewriter, and attain a typing speed of approximately 20 gwm on a five-minute typing test. Course length, 45 hours.

Technical Office Training, Basic Bookkeeping I; a non-credit vocational course for adults. Students will be introduced to basic bookkeeping terms and procedures, will develop a familiarity with books of entry, and will understand bookkeeping cycle. Course length, 45 hours.

Cost for each course is $5, plus books. The class will be held one night per week. Mary Ann White will be the instructor.
