Jones, Robert Ward, Blake B. Barton and Kent Covington.

There was no report of anyone filing for the Providence

school board.

It was reported yesterday afternoon that petitions for Walton Hale and Jay S. Hale would be submitted for election to the Caprock Hospital board.

## Floydada Baseball Association To Meet Monday Night

The Floydada Baseball Association is to meet Monday night at 7:30 in Lighthouse Electric Community room.

Every person in the Floydada community is invited and urged to attend this very important meeting.

President of the association Bill Hale reports that this is an organizational meeting and if

there is to be a baseball program this summer for the youth of this community, everyone must "Pitch in" and work for its success.

"Men do not have to possess baseball knowledge to help with the association...there are many jobs in the field of baseball and help is urgently needed. You will not be made a manager of a team unless it is your wish," Hale said in referring to men who might attend the meeting.

### Caprock Chat

There's just no experience like helping a 4-H boy and show his animal to the Floyd County Jr. Livestock Show. If you've never had the experience of scrubbing a pig's hair, preparing him to show, this is real in-

some cold weather a day or two before the show, so decided to wash the pigs in the garage...which opened the kitchen. I never could smell anything, but Mary was complaining that the three pigs were "stinking up

the house." If you really want to get a taste of "show business," go to the show and try loading three pigs in a trailer and then two of the three pigs crawled into the trailer gate and we had to round them back into the trailer finally getting them into the trailer.

When we got to the show barn, we were in a long two line to get the pigs checked into the barn. The sounds like mass chaos...but the rewards

of this sounds like mass chaos...but the rewards of carrying warm water to them when the trough is empty, he has cared for them in all sorts of weather, and a little more about WORK.

In the 4-H program, he has learned to keep records, whether he has lost or made money on his project, practicing the ideals of 4-H.

Finally, I can say, there's reward for the father, the big smile brighten across Brad's face when his son stifted this year, and his mother enjoyed seeing his pigs on Tuesday.

Our Jr. Livestock show is one of the biggest on the farm and it seems to me that the organization of people is very outstanding. It moves along smoothly with every job, and doing it well.

One of this county should be mighty appreciative of the organization of the show, the judges, the auctioneer, the 4-H and FFA advisors, and the Floydada Chamber of Commerce...and the many individuals and business firms who make the prizes and auction possible.

SPANISH people of this community can well look at the Soliz as an example of a good citizen. He was a good man, he was a Christian, and he was respected by the community.

He made the youth in the baseball program. His children made their way as they left the family home to go out and live in the United States of America, he was proud of who served in Vietnam. He felt a responsibility to his community and country. He was loyal to his church, man and a friend has passed from our community. His path goes to the members of his family who mourn

BAND FESTIVAL TROPHIES - The Whirlwind band won first place trophies for sight reading and show band in the Brady Band Festival. Showing the trophies are from the left, Jim Swafford, band director, and band members Nancy Davis and Josephine DeLeon.

## The Drum Beat

BY THE  
BAND BOOSTER REPORTER

The Brady Music Festival was great and so was the Whirlwind Band. WE CAME HOME WITH TWO TROPHIES!  
First place 1969 Show Band and first place 1969 Sight Reading. Ten bands participated in the festival not including the Brady Bands.

Music selections and the judges partial comments were as follows:

"Proudly We Play" ... Mostly well done; "La Nuit" ... nice opening and sounds; "Fanfare" ... No one can accuse this band of lack of contrast ... a quote from Everett Maxwell, Mr. Dan Gibbs says "let me congratulate you on your neat appearance - great looking uniforms." Another quote "CERTAINLY A LOT OF PROGRESS HAS BEEN MADE IN THIS BAND DURING THE PAST YEAR."

Some sight reading comments, "Charole" ... "balance is quite good;" "Saraband" ... "Your director gives you a very good downbeat, stay with him;" "Musette" ... "Congratulations to the work you are doing for your fine director," Douglas Fry, Band Director of A.C.C., was the judge for the Sight Reading Contest.

The Band Boosters are so proud of the Band - and certainly enjoy working for a band that is so enthusiastic and a great bunch of kids!

Upon arriving in Brady and after working on the stage, the band went to the Music Room and were assigned to the various homes. These people in Brady really did a great job of taking care of our band. Besides furnishing lodging for the band they also furnished supper and breakfast.

Friday evening after the Show Band Contest there was a "Sock-Hop" in the High School Gym, and our young folks looked and acted great! As one of the sponsors, I was extremely proud of them.

Curfew was twelve o'clock and all were off to their respective homes by then.

Sponsors for the trip were Norma and Bill Feuerbacher and Babe and Fred Martin.

IT'S GREAT TO HAVE A WINNING BAND ... you people have been down so long ... and now we're on our way up! How does it feel? - GREAT! How about that third trophy for my other arm Gang?

WE'RE PROUD OF YOU!  
By the way - Band Boosters Meeting March 10. See ya there!

## Gary Oden Enters "Outstanding Young Men" Competition

Mr. and Mrs. Oden have been visiting Gary in Phoenix and another son, Jerry in California, the last two weeks.

While at Jerry's home, his wife gave birth to a new baby boy, Jerry Dean II, who weighed 6 1/2 pounds. The baby was born on Monday night and Jerry left for Vietnam on Wednesday.

## Auto Inspection Deadline April 15

"With the April 15 deadline for obtaining inspection stickers drawing near, only 27 percent of the registered vehicles in Floyd County have been inspected," stated Captain Alan Johnson, Motor Vehicle Inspection Supervisor of the Texas Department of Public Safety.

"Unless there is a rapid increase of inspections, long waiting lines will be forming at inspection stations as the April 15 deadline approaches. The authorized inspection stations are ready and capable of handling the inspection of Texas registered vehicles if owners will not wait until a few days before the deadline," Johnson added.

"Any driver operating a vehicle on public roads after April 15 that is required to be inspected will be operating in violation of the law," Johnson said.

Captain Johnson called attention to the fact that since the beginning of the inspection program in 1951, vehicles having a defect that was a causative factor in fatal accidents decreased from 13% to 3%.

Johnson said, "The purpose of the Motor Vehicle Inspection Program is to discover any maladjustment which might become a link in a cycle of events leading to an accident and, by removing the link, prevent the accident."

### Future - First Grade Teachers To Be Honored

Future teachers and 1st year teachers will be honored at a tea given by Gamma Iota Chapter of Delta Kappa Gamma International honorary society for women educators preceding regular meeting on April 19, 1969 in Silverton High School Cafeteria.

Following the luncheon meeting in Tulsa on March 1, 1969, Gamma Iota members focused their attention on "Our Social and Economic Values Compared" while exchange students in this area discussed values of their own countries in relation to what they are finding in America. Mrs. Marvin Stovall, junior high counselor in Plainview served as moderator for the panel.

Mona Farran from Lebanon now living in Tulsa declared, "Everything in Texas is different," mentioning food, climate, transportation and schools. "I don't like the food," she said, "I've gained twenty pounds."

"Cars are very expensive in Lebanon and public transportation comparatively inexpensive with a regular route of frequent taxi service from most residential areas to downtown for ten cents." We walk a lot.

Regardless of grades each student must pass a government examination before entering high school and again before college. Only about ten percent pass. Others do not enter.

She said attending school in America was less expensive but taxes were more expensive. She thought schools in her country were more efficient but less fun than in America.

Ann Wegdner of Norway living in the Dr. John Long family of Plainview said her father was a surgeon and her mother was a dentist. She plans to enter medical school when she returns home.

Ann said she did not feel she was having any real problems adjusting to American life. She commented on differences in climate and temperature between Texas and Norway - especially during winter months. In Norway, the emphasis is on winter sports, such as skiing and ice skating. She had never seen a football game before coming to Texas and "it looked like they were having a big fight." But she says she understands the game now.

Explaining her dress, Ann said that each valley locale had its own distinctive dress and that hers was more or less a composite of many.

In explaining the school attendance, Ann said each student was required to attend nine years regardless of how well he did and could then drop out if he so desired. About ten percent may get into high school and a much smaller percent may get into college. They have the same teacher for a subject even if they take it several years. In college, they may attend class or not. If they want to stay home and study instead,

that is all right. The table decorated with the patterned colors.

The songs each subject theme was Nowlin leading with a solo and a group.

During the luncheon the president, Mrs. Cowan, urged that attend Alpha State contact her.

Those attending included Mrs. Dickerson, Mrs. and Miss Gladys

Mrs. Lowrance that delegates to meeting had been that Mrs. Clinton alternate.

Mrs. O'Neal, Gayle White and Rosalee Noblin, White gave an information on the program on treating brain

dren. Following a luncheon Mrs. Lowrance presented the following members: Wanda O'Neal, Harvey Tardy, Maud Day, George Smith, and Miss Lanell

## Fire At Muncy Elevator Causes \$70,000 In Damages

The Muncy Elevator Complex was plagued with a raging fire Friday afternoon, that destroyed a tall sheet metal warehouse with its grain contents, valued at \$70,000.

The alarm was sounded at 2:19 p.m. and fire departments from Lockney and Floydada fought the stubborn fire.

About two hours later the 40-foot storage building crumpled

The blaze was controlled by 5:30 p.m. but the grain at the base of the elevator continued to smolder.

Wheat, milo, barley and soybeans were the grain contents destroyed. Of the eight bins destroyed, four contained wheat, one milo maize, one soybeans and one barley. One of the bins had just been emptied before the fire started.

Graham's residence, located west of the elevator, was not harmed by the fire.

Firemen theorized that the fire was probably started by a spark coming from the lift-

plained in approximately 100 words or less. Entries should be typewritten.

The idea need not be origi- al, Mr. Bertrand said. It can be some project or activity that is being carried on in a com- munity or neighborhood now. It can be something that needs to be done. It can apply to a local neighborhood or even county-wide. An example would be a campaign to vaccinate all dogs for rabies, or perhaps to control rodents or other predators. Any idea might be a winner.

## NEWS FOR HOMEMAKERS

by Sherry Mullin  
Floyd County H.D. Agent

### NEW NON STICK UTENSILS ARE EASY TO USE

The newest cookware utensils on the market have a slippery, non stick plastic surface which makes them a joy for the homemaker to use and wash.

Except for the tubed cake pan, all non-stick utensils should be conditioned the first time they are used by wiping with cooking oil or shortening. An occasional oiling thereafter will improve their use when they appear dry.

The use of fat in cooking is optional in top or range utensils. Eggs will cook without the

addition of fat, but the appearance and flavor is improved when the non-stick skillet is very lightly greased.

Most meat has enough fat in itself for flavor and browning and requires no additional fat when it is cooked in a non-stick pan. Muffins lift right out of nonstick muffin cups. With cupcakes, however, it is necessary to grease the cups first.

Tender products with high sugar content, such as butter cakes, have a tendency to stick and tear unless the pans are greased first. Yeast breads and quick breads release from an

ungreased non stick pan, but the pan has to be greased to bake a butter cake or a layer cake.

Angel food, sponge and chiffon cakes bake to the same light volume in a non-stick pan as in an uncoated one. The cake is inverted to cool and has to be loosened with a rubber spatula in the same way as in an ordinary pan.

Do not grease the pan for cookies which contain shortening, but grease will be needed for meringue cookies which contain no shortening. The egg poacher cups have to be greased lightly to insure easy removal of the eggs.

The non-stick coated casseroles, waffle and grid irons offer great advantages when it

comes to cleaning. They seem to release non-stick pans. Remember to use rubber, wood, and plastic materials with your coated cookware.

## Devotional of the Month

## Dangerous Weapons And Dangerous Ideas

There have been numerous articles appearing in newspapers and magazines recently, deploring the increasing rate of crime in our cities and the restraints placed on law enforcement officials. When we read and think about crime, violence usually comes to the fore, as we consider murder, armed robbery, rape, and other such violent acts. Indeed, we should be concerned about such activities, and the church should take an active part in combating and preventing crime.

But there is another form of crime on the increase in our nation. This is the crime of misrepresentation through the use of misleading and dangerous words. In order to accomplish certain goals, there are elements of our society that will not hesitate to twist ideas and concepts through the use of "loaded" or "dangerous" words.

There is an increase in attacks on the church and the ministry, because to some areas of our society, the church and its ministry represents a great danger. The Gospel does not lend itself to their purposes. The church and its Gospel cannot be bent so as to serve individual ambitions and personal goals. The church and its Gospel represents all of mankind and not the philosophies of a few.

Some fight Christianity because it interferes with their personal lives and the goals they have set for themselves. Some fight Christianity because it interferes with their prejudices. Others fight Christianity because it interferes with their political convictions.

Yes, Christianity is a dangerous thing—a dangerous weapon in the hands of a good Christian soldier—the ultimate weapon against lax morals, violent crime, corrupt politics and governments—and the ultimate weapon against "dangerous words."

Christianity has some powerful, loaded, and dangerous words at its own disposal, waiting for the Christian soldier to use them. The Bible is many things to many people. To untold millions it is a book of comfort and peace. It is also a book of courage, strength, healing and forgiveness. It is a book of salvation and the assurance of eternal life.

But the Bible is more than all of these put together. The Bible is also a book of dangerous ideas. By dangerous, I mean, disturbing to the status quo.

We are to be good Christian soldiers. Paul writes to Timothy: "Take your share of hardship, like a good soldier of Jesus Christ." The good soldier renders obedience. An officer in World War II said, "I have seen a captain send one of his men to certain death. I have seen that soldier salute and turn on his heel to obey. Shall I not do as much, whatever God bids me to suffer, wherever he bids me to go?"

Those who come into life asking in such a time as this, "What's in it for me?" should be deeply ashamed. Life to be meaningful and truly significant must be in the service of great social ends. When someone reminds us of this impossibility, that we are not wise enough to live according to the ideals we find in the Bible, we are brought face to face with the most dangerous idea of all. What a man cannot possibly do in his own strength becomes possible when he is empowered by the grace of God.

This brings us to the New Testament ideas like the New Birth and the Holy Spirit of God dwelling within us. We find ourselves saying with Paul, "I can do all things through him who strengthens me."

The possibilities of a God-filled life are breathtaking.

By the grace of God, life unlimited, is the most dangerous, and most wonderful ideal of all. So, the Bible is a book of dangerous ideas—the dreams of God for men like us.

## Hit Gunfire

A suspect captured in a gunfight early Thursday morning in a critical condition in a Methodist Hospital tonight with a gunshot wound.

The man, arrested at the scene, is in the Crosby County Jail on a \$5,000 bond.

Hudson, 35, and Powell, 24, were both burglarized in connection with a break-in at the eight miles north of the city to Crosby County.

Marley, a watchman told Mark, Crosby County, two men pried open the gun about 12:45 and barely entered the watchman said they were and slammed the door and fired a 12-gauge

shotman called the gin Wayne Mixon, who was in his car while his wife was in the house.

He put his wife on the phone to notify area officers and two of his deputies went in his pursuit.

burg deputy, W. A. Stapp, reported the suspect lying wounded on the ground. Stapp reported the wounded man to be for a sedation shot bringing him to Lubbock.

## Track Team Wins Fourth In Idalou

The Whirlwind tracksters racked up 45 points to take fourth place in the Idalou Track Meet Saturday with 15 other teams entered in the competition.

Dale Baker and Steve Puckett earned first place honors for Floydada, in the shot put and in the broad jump. Baker hurled the shot 48'7", while Puckett leaped 19'10" to outmatch others in the meet.

Baker was followed closely by his teammate, Steve Pierce in the shot put category. Pierce was one inch behind Baker's winning throw with a mark of 48'6" to win second place.

Baker and Pierce were also closely matched in discus and took third and fourth places in the event.

Baker won third place in discus with a throw of 135'7" and Steve Pierce wrapped up fourth place with 131'4".

Besides winning first place in the broad jump, Steve Puckett posted a time of 17.2 in the high hurdles to win fourth place in the event.

Others placing at the meet were Stan Pierce and Mike Burk. Burk won 5th place in the 880 yard dash with a time of 2:10.5 and Stan Pierce won sixth in the 440 yard dash with a 54.6.

Track coach, L. G. Wilson, said the team showed a substantial improvement since the Brownfield Meet and was in major contention for the top division standings until the relays began. Our timing was just a little off in the relays which count double as far as points are concerned.

The next track meet for the team will be this Saturday in Abilene. The preliminaries will start at 9 a.m. and the finals will be at 2 p.m.

## Young Ladies Show Steer Winners At Lockney

A pair of young ladies exhibited champion and reserve champion steers Saturday at the annual Lockney Junior Livestock Show. Judge Ronnie Dailey pointed to Karen Latimer's Hereford as the grand champion.

This brought out the second place mediumweight steer, a 955 pound Angus shown by Becky Scheele, to vie against David Foster's first place lightweight - an Angus - and Ricky Hrback's top heavyweight - a Hereford - for reserve champion honors. The rosette went to Miss Scheele.

Dailey, a West Texas State University judging team member, deliberated at length before designating the top steer. The same thing happened in the swine division before 10-year-old Louis Martinez Jr., one of the smallest exhibitors, and his 223 pound Duroc went to the top.

Reserve champion barrow, also a Duroc, was a 235 pounder put through the paces by Lena Merrell.

**HONORS DISTRIBUTED**

Honors were well distributed during the day. Only Monty Bybee, 16-year-old Lockney FFA member captured a pair of blue ribbons. The son of Mrs. June Bybee exhibited winners in both mediumwool and Southdown and Southdown cross class.

Bruce Griffith collected two first place ribbons, but one of these was earned by a Shropshire lamb he was showing for Jim Martin. Bruce, 16, son of Mr. and Mrs. Elmer Griffith, won the finewool class. Jim is the 17-year-old son of Mrs. J. L. Martin.

Roy Henderson was handed the other lamb blue ribbon. The 17-year-old son of Mr. and Mrs. Charlie Henderson had the top finewool cross.

Both Miss Latimer and Miss Scheele exhibited under the Lockney 4-H Club banner. Karen, showing for her second year, fed out two Hereford steers - the grand champion and the second place animal in the heavyweight class. Her top steer was bred by J. Frank Dougherty of Plainview.

Karen is the 12-year-old daughter of Mr. and Mrs. Royce Latimer.

A veteran of seven years in the showing, Miss Scheele had never before had a winner here, although she captured a grand

## Witnesses Meet In Snyder

Hundreds of families will meet together this weekend in Snyder, Texas to share in three days of special Bible instruction in what is described as a semi-annual Circuit assembly of Jehovah's witnesses, to be held in the Snyder High School Auditorium, March 7-9.

Meetings regularly held in Plainview will be cancelled this weekend so that local members of the Witnesses can attend the program in Snyder which will include instruction on "Making Wise Use of the Remaining Time," theme of the Christian convention.

More than 500 are expected to attend the gathering. Many delegates from this area are planning to depart for the assembly city early Friday to that they can participate in the opening sessions Friday evening at 6:45 p.m.

Pointing to the fact that family participation in a convention of Jehovah's witnesses is one of the unique features, C. W. Hall presiding minister of the Plainview congregation, stated that children and parents alike have featured parts on the program. All listen attentively to Scriptural discussions on important subjects centered around family living in these troublesome times. "This is why there is no generation gap," he said.

Virgil Lowery, Stanley Ploeger and several others from Plainview will have featured

roles on the convention program.

## DEKALB BRAND PALO DURO

● From 9 years of DeKalb wheat research comes a better wheat . . . Palo Duro. And it can improve your wheat production efficiency. You make extra dollars on your wheat acres with Palo Duro. It's bred especially for the Texas and Oklahoma Panhandles and eastern New Mexico.

It's short and stiff-strawed . . . bred for maximum response to fertility and irrigation. It's the kind of wheat that fits modern production practices. And it delivers big yields of high test-weight grain with excellent milling and baking qualities. In fact, test yields are better than from wheat you now plant.

DeKalb tested Palo Duro with several popular wheat varieties in this area. The results show DeKalb Brand Palo Duro increasing yield by an

average of 6.3 bu. per acre . . . under varying growing conditions.

| Variety                                         | Yield        | Yield         |

**SAVE YOUR SEED**—New, high-yielding Palo Duro wheat is breeder seed. Plant a portion of your acreage this year, and seed your entire acreage in 1970. You make an investment in bigger wheat profits with DeKalb. Now is the time to challenge your wheat acres to do more. Plant DeKalb Brand Palo Duro.
