C. Plans Member Meet Friday Night

First quarterly member meeting of the Chamber of Commerce will be held Friday night at the school auditorium, starting at 8 o'clock. The meeting is for all members of the C. of C. and the purpose of the meeting is to review the accomplishments of the past year and plan for future work of the chamber.

Buchanan, president of the chamber of commerce, will preside at the meeting. Members of the C. of C. may ask questions of the floor and give ideas for future activities of the C. of C. This gives each member an opportunity to be heard. The meeting will be a brief discussion of the activities of the C. of C. for the past quarter and also a discussion on the aims to be accomplished during the next quarter.

Incident Demos Convention, Delegates

Delegates of voting precinct met Saturday afternoon at the school auditorium and a slate of 25 delegates to the county convention to be held at the courthouse Saturday, July 31, was elected. The absence of Sam Hergert, chairman, the meeting was presided over by Harold Hudson, who was elected permanent chairman of the convention. Jack was elected permanent chairman of the county convention.

JUNIOR BULL CALVES—These junior bull calves were judged Tuesday at the Hereford short course by Larry Miller of Denver and Glen Bratcher of Oklahoma A&M College. The three animals in the foreground are owned by Alex Born and Sons of Follett and the one at the rear is owned by R. T. Alexander and Son of Canadian. Showing the calves are Dickie Hall of Perryton, Carl Dwyer and Leroy Born of Follett and Cecil Reedy of Canadian.

Farmers and Stockmen Discuss Problems Of Hereford Business at Short Course Tuesday

Approximately 350 farmers and ranchers of the Panhandle attended the Hereford short course held Tuesday at the county warehouse, sponsored jointly by the North Plains Hereford Breeders Association and the Texas Hereford Association.

The day was spent in discussing problems of registered and commercial Hereford breeders and in demonstrating the best types of Herefords.

Larry Miller of Painter Hereford Ranches, Denver, and Glen Bratcher, Animal Husbandry Department, Oklahoma A & M College, spent the morning in judging bulls, steers and females, pointing out the characteristics of each class.

In the afternoon, Miller and Bratcher continued with type discussions and demonstrations, then W. J. Largent of Merkel, one of the best known Hereford breeders in America, spoke on

merchandising Herefords. All of the speakers emphasized that the Hereford breeder, whether in the commercial or registered business, was interested in the same thing—how to get animals that produce the most beef most economically.

Development of beef types have been aimed at that goal, with continued success, Largent said. He urged the selection of the right kind of cows and herd bulls to produce profitable stock.

Largent pointed out that visitors to a cattleman's ranch should be accorded every courtesy and

that a clean, neat place adds to the sale value of the cattle because when a buyer sees a clean place, he expects to find good Herefords there.

In the judging of the animals, Miller and Bratcher pointed out that all judges have some individual preferences, but the animal that is beefy, with thick quarters, straight back and good head makes the appearance that wins prizes.

In the afternoon, Melvin Campbell, herdsman of the Hess Ranch at McLean, demonstrated hoof trimming in a patented portable cattle chute brought in from Oklahoma City for the short course.

The short course—third annual event of its kind in the Texas Panhandle, was opened by C. J. Frantz, Jr., of Waka, president of the North Plains Hereford Breeders, and Ted Alexander of Canadian presided at the morning session. Henry Elder of Fort Worth, secretary of the Texas association, welcomed the visitors.

Closing the program was a See No. 2, Page 8

**Report New Oil
Well Location**

A new oil well location for Ochiltree county was reported in the Amarillo Sunday Globe-News. It is the No. 1 S. L. Brillhart, located in section 926, block 43, H&TC survey, about three miles southeast of Perryton.

Altus Drilling Co., is reported as the drilling contractor. The only other well in the county, the Snowden No. 1, Brumstetter in section 22, Blk. 4, B & B survey, cleaning out an old hole, was reported to have set 7-inch casing at 9,000 feet and perforated at 8906-26, treated with 3,000 gallons of mud acid. The hole is full of lost circulation drilling mud.

**Davis Resigns
As Director of
Ranger Band**

J. D. Davis, director of the Ranger band and school band instructor, has resigned to take a position with the San Angelo Junior College, superintendent Gilbert Mize has announced.

Davis came to Perryton in 1946 soon after being discharged from the Navy. At the present time he is attending North Texas State College at Denton, where he will receive his MA degree this summer. He and his family plan to move to San Angelo as soon as the summer school term is over.

Several applications for the vacancy are being considered, Mize said, and the new band director is expected to be employed within the next few weeks.

**Fire Damages
House While
Family Is Gone**

Fire damaged the home of Mr. and Mrs. Eugene Westenhaven, SE 2nd Avenue and S. Date street, destroyed several articles of furniture Sunday afternoon.

Mr. and Mrs. Westenhaven were gone from home at the time and the fire was discovered by neighbors, who turned in the fire alarm. A divan was destroyed by the fire, and damage was done to a chair in the living room. Smoke damaged the kitchen refrigerator and stove.

The walls and ceiling in the living room and kitchen were damaged by the fire. The house is owned by Johnny Ferguson. Firemen said the fire apparently started in the divan in the living room.

Boy Scouts Need Red Cross Lifesaver

Scoutmaster Harry Stumpf is looking for someone holding a Red Cross Lifesaving certificate. He has a number of Boy Scouts that would like to pass their life saving merit badge, and to qualify for the badge, the test must be passed before a holder of the Red Cross Lifesaving certificate. So far, Stumpf has been unable to locate a qualified person and he would appreciate any help that he can get.

Demo Convention To Be Saturday

The county Democratic convention will be held Saturday afternoon, August 2, at 2 o'clock in the county courtroom of the courthouse, according to Democratic chairman Otis E. Burk.

Max W. Boyer will act as county chairman, since Burk will be out of town on that date.

Precinct 10 elected 25 delegates to the convention at the Saturday precinct convention. The county convention will name three delegates and three alternates to the state convention in Amarillo on Sept. 9.

District Receives Three Buses for Local Schools

The Perryton school district has received three new school buses, purchased from the State Board of Control at Austin. The three buses were received at New Boston, Texas, and arrived in Perryton last Monday.

Under the present state laws, school districts purchase their equipment from the State Board of Control and have no choice as to the make of truck, superintendent Gilbert Mize said.

The new trucks are International, model L150, and have 36-passenger specially designed coach bodies. All will be placed in service at the beginning of the 1952-53 school term.

This makes four buses owned by the district and there are eight other school buses operated on a contract basis.

Republicans Meet Saturday for County Convention

County Republicans will "poll the delegates" Saturday at 2 p. m. in the court house and choose county party officials for the next two years. A probable highlight of the meeting will be the naming of several local Democratic county officials on the Republican ballot in the coming November election.

It is understood here that the Republican state convention will also select a number of State Democratic office holders to appear on the Republican ticket, along with General Dwight D. Eisenhower.

Anyone may attend the meeting, however, only elected delegates may participate in actual voting.

A. J. Kelly, pioneer Republican and long-time leader of the GOP in this county has told friends that he did not desire the job as county chairman any more. He pointed out that his health would not permit him to take as active a part as the office demanded.

Republicans of voting precinct No. 10 (School House) met at 2 p. m. for their precinct meeting and selected R. Wayne Haley as permanent chairman and precinct chairman for another two-year term. They also named Paul (Preach) Loftin, Herald advertiser, secretary for the same term.

Because of the temporary withdrawal of Kelly as county chairman, the seven Republicans who

CONGRATULATIONS—W. H. Lance, left, congratulates Howard Slaughter, winner of the county judge race in the Democratic Primary Saturday. Slaughter was appointed county judge last fall to fill the unexpired term of the late Dave Shanks. Slaughter polled 1,168 votes to 694 for Lance.

Reveal Local Airman Missing In New Orleans Since May 10

An Associated Press dispatch from New Orleans Wednesday revealed that Paul A. Harbaugh, Jr., son of Mr. and Mrs. Paul Harbaugh of Ochiltree county, has been missing since May 10 and his father is in New Orleans to direct a search for his son.

With Harbaugh was Van W. Stewart, publisher of the Herald, who is working with newspapers of that city in an effort to secure information regarding the missing youth.

Harbaugh believes his son is possibly alive and in New Orleans. It was in New Orleans that young Harbaugh was last seen, and the operator of a New Orleans rooming house said that he had rented a room on May 10, met a former school mate, and never returned to the room.

He was an airman third class at Kessler Air Force base in Biloxi, Miss. He left the base on April 30 and was last seen in New Orleans on May 10.

A quiet search for the missing youth has been underway since shortly after he disappeared. New Orleans police, Military Police and private detectives have joined in the search, but clues are meager as to his where.

Auto Races Set Here Sunday

Midjet auto races, sponsored by the Perryton Jaycees, will be held at the fairgrounds, race track on Sunday, August 3, and will be final races before the two-day racing program during the North Plains Fair, August 28-29-30.

Racers from Texas, Oklahoma and Kansas will participate in the races. Included in the events will be time trials, Australian Pursuit, slow car race, helmet dash, consolation and main event.

Hargrove Wins As Precinct 2 Commissioner

Howard Slaughter won the county judge race, Ray Phagan won a majority over two opponents for sheriff, and Mrs. Lillian Warren piled up a heavy majority in the county treasurer race as Ochiltree county voters turned out in record numbers at the Democratic Primary Saturday.

A total of 1,892 votes were cast in the primary, breaking the record of 1,648 set two years ago. There were 2,132 poll taxes paid in the county this year.

Herman Hargrove polled 588 votes in the precinct 2 commissioner race, lacking 30 votes of holding a clear majority over O. C. Watson, J. H. Shearer and B. L. Rogers. Watson, who received 346 votes, withdrew from the runoff, leaving Hargrove the victor.

Slaughter, who was appointed county judge last fall to fill the unexpired term of the late Dave Shanks, received 1,168 votes to 694 for opponent W. H. Lance.

Phagan's opponents, G. L. Patton and Gus Hephshaw, had 747 and 167 votes, respectively.

The treasurer's race saw Mrs. Warren get 1,371 votes to 495 for incumbent Mrs. Arthur Slavin.

Ivan Day won the race for precinct 1 over incumbent Clyde Devers, 302 votes to 147 and George Yates was victorious in precinct 4, getting 50 votes to 25 for incumbent Sam Handly.

In the district races, Ochiltree county supported Bill Craig for the state legislature, giving him 1,178 votes to 437 for the winner Guy Hazlett of Borger. Grady Hazelwood polled 882 votes to 756 for James Crow of Canadian in the state senate race.

The county gave Allan Shivers a resounding endorsement for governor, 1,507 votes to 251 for his opponents, and gave the See No. 1, Page 8

WHEATHEAT CANDIDATE—Miss Elaine Graves, daughter of Mr. and Mrs. J. A. Graves, will represent the Chamber of Commerce in the Wheatheat of the Nation contest at the North Plains Fair this year. Miss Graves, an 18-year-old blonde, is five feet one and weighs 107 pounds. Her measurements are 34-24-36 and she wears a size 7 dress. She plays and teaches the piano, accordion and organ and represented the Perry Studio in the Wheatheat contest last year.

ELECTION PARTY—This shows a part of the crowd that thronged the sidewalk and street in front of the election office Saturday night to watch the county and district election returns come in. Interest was high in the races for county judge, sheriff, treasurer, and county commissioner in precincts 1, 2 and 4. Fred and station KEYE were joint hosts for the party.

Booker Celebration Opens Thursday

BOOKER, Texas, (Special)—Eight representatives from America's First Boy's Ranch, presenting trick roping, whip cracking and specialty riding, will be in Booker to highlight the special entertainment attractions celebrating Booker's 33rd Birthday anniversary celebration.

Among the delegates from Old Tascosa, will be Bud Hiller, 15-year-old golden voiced singer of Boys' Ranch who recently returned from Hollywood, California, where he made a series of radio transcriptions and television appearances. Hiller also made a recording with Roy Rogers, famed western movie star singer and actor, while on the California tour with Cal Farley, founder and president of Boys' Ranch, and three other delegates from the ranch.

The Boys' Ranch troupe will be in Booker all day Saturday, Aug. 2, following a radio broadcast over station KEYE of Perryton, from 9:45 a. m. until 10:00 a. m., when they will be welcomed by several Booker delegates.

Baseball Tournament
Official opening of Booker's 33rd birthday party will start Thursday afternoon at 1:00 p. m. when the Pollett town team baseball club will tangle with Dalhart's Andy James community club at the Booker baseball park in the opening encounter of a double-header scheduled for the afternoon. The second game of the twin-bill will face the Darrouzett town team against Wolf Creek.

The baseball tourney will be continued Friday afternoon when Laverne, Oklahoma, will meet the winner of Thursday's first game followed by the Booker

Bombers, hosts for the single-elimination tournament, meeting the winner of Thursday's second game.

No games will be played Saturday afternoon with the finals being played on Sunday. Starting at 1:00 p. m. Sunday, Friday's losers will play for third place money, immediately followed by Friday's winners competing for first and second place.

Square Dance
Marvin Schilling, Raton, New Mexico's national square dance calling champion, will be at the Booker American Legion hall Thursday evening, July 31, at 8:00 p. m. for the Booker Square Dance club's annual celebration square dance.

Mrs. Virgil Doerrie, secretary for the Booker club, has sent invitations to all the surrounding towns in the Texas and Oklahoma Panhandles to attend the July 31st dance.

Free Show

Old-Car Hobby Thriving

PASADENA, Calif. (AP)—San Gabriel Valley's Horseless Carriage Club has revived the old game of scavenger hunting.

Members think nothing of traveling hundreds of miles in hopes of getting a pair of nickel door handles for a 1926 Packard or a rumble seat lid for a 1906 Buick.

Those in possession of old car parts can swap them for something that goes on an early model they're reconstructing.

Wives of the horseless carriages conduct their own scavenger game. They comb attics and auction sales for celluloid collars, old style shoes and picture hats to complete old-time wardrobes. Then, when they go for an outing in their horseless carriages they can dress the part.

area will be welcomed at a free motion picture show starring "Butch" Jenkins in "Boys' Ranch." The picture is being shown in conjunction with the boys who will appear in Booker during the celebration week-end from Boys' Ranch northwest of Amarillo.

Two Rodeo Performances
The Booker Roping club will present the first performance of its annual amateur rodeo at the Booker Roping club's rodeo arena, one-half mile north of the Booker Main street, on Friday, August 1, at 8:00 p. m.

The rodeo events will feature calf roping, saddle bronc riding, team tying, bareback bronc riding, a girls barrel race and cow riding, with over \$1,000 in cash prizes being given away.

The second big rodeo show, featuring some of the roughest professional rodeo stock in the entire area, will start at 2:00 p. m. Saturday afternoon.

Modern Dance and Beauty Contest

Wyman Blevins and his Rhythm Riders will present the music for the American Legion sponsored modern dance to be held Saturday at 8:00 p. m., August 2, 1952.

Plantation Output Declines

JAKARTA, Indonesia (AP)—Java's rich sugar plantations which in prewar days made Indonesia one of the world's leading sugar exporters, today turn out a meagre 20,000 tons a year, barely enough to cover domestic needs.

Hit hard by Japanese invasion troops, the national revolution's scorched earth tactics, and more recently by subversive bands and Communist labor unions, many of the sugar mills, all located in East and Central Java, are in ruins or have closed down voluntarily.

The powerful Netherlands Trading Co. recently announced that one of its plantations in East Java will plant no cane this year. Sugar growers pointed out that labor troubles are the main cause for this drastic action, and not the armed bands, which have gradually been purged in East Java.

Moscow Has Film Troubles

MOSCOW (AP)—The Moscow film studio—which has recently been under criticism—is coming out with a new program of pictures.

"Unfortunately, last year the studio did not cope with this task and preparation of scenarios was unsatisfactory," says S. Kuznetsov, director of the Moscow film studio.

"We were obliged to plan only on the basis of one scenario to each producer. And this led to uncompleted scenarios being used for film production, work having to be continued on them during the shooting of the film, which had a bad effect on regular release of films," he says.

The term "potato" was first applied to the sweet potato and later transferred to the white potato, although the two plants are only distantly related, says the National Geographic Society.

HOUSE JOINT RESOLUTION NO. 18
providing an amendment to Article III of the Constitution of the State of Texas by adding a new section to be known as Section 46, providing for the establishment of a State Medical Education Board and a State Medical Scholarship Fund from which grants, loans or scholarships may be made to students desiring to study medicine, providing that such students shall agree to practice in rural areas of this State, upon such terms and conditions as shall be prescribed by law, and for the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 46, which shall read as follows: "Sec. 46a. The Legislature shall create a State Medical Education Board to be composed of not more than six (6) members whose qualifications, duties and terms of office shall be prescribed by law. The Legislature shall also establish a State Medical Education Fund and make adequate appropriations therefor to be used by the State Medical Education Board to provide grants, loans or scholarships to students desiring to study medicine and pursuing to practice in the rural areas of this State, upon such terms and conditions as shall be prescribed by law. This term 'rural areas' as used in this Section shall be defined by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, A. D. 1952, at which all ballots shall have printed thereon, or in counties using voting machines the machines shall provide for the following: "FOR the Constitutional Amendment providing for the establishment of a State Medical Education Fund from which grants, loans or scholarships may be made to students desiring to study medicine."

"AGAINST the Constitutional Amendment providing for the establishment of a State Medical Education Fund from which grants, loans or scholarships may be made to students desiring to study medicine."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the Constitution of the State of Texas.

M. J. R. NA.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid out of proper appropriation made by law.

TV for Thailand

SINGAPORE (AP)—A British radio manufacturing company may get the contract for setting Thailand's first television transmitting station—the only one in Asia.

An American radio firm was also said to be interested in the television contract. The British representative said Thailand had set aside \$600,000 for the project. Work is expected to begin next year.

Americans Teach Industrial Know-How

FREGENE, Italy (AP)—In this beach resort, American industrial experts have recently completed a school course to train teachers for higher output from Europe's factories.

It is the first school of its kind in Europe. Nine Americans, one Austrian and one Italian directed classes. Twenty-five production "students" from Austria, Germany, France, Italy, Holland and Denmark attended.

These lessons will be carried to foremen in demonstration plant projects throughout Europe. The program aims at more production by reducing waste and inefficiency.

Sow a Good Milling Variety This Year

We all know it isn't good business to gamble. Sowing undesirable varieties of wheat is a poor gamble with overwhelming odds against the producer. Cash returns per acre are definitely highest with improved varieties. Besides the increased yields, millers this season are offering premiums for carlots of wheat in percentage of acceptable types. Next year, undesirable types now going to export may be discounted or avoided entirely.

showed only 100,000 enrolled, but in the elections, held in April of that year, communist candidates received about 1,500,000 votes, which is indicative of the fact that many voters are sympathizers and supporters of the movement even though they refuse to be identified as communists. Early in 1937 party membership increased to some 300,000, but in 1939 the government outlawed the party. It went underground, and probably lost initially in membership as well as in sympathizers. In the first postwar elections, held in November 1946, communist candidates received 5,004,121 votes of a total 19,661,515 cast (or better than 25 percent), and the party elected 173 members to the National Assembly, the largest single group among the 619 deputies. In the 1951 elections, however, communists lost considerably in the National Assembly (they secured 97 seats out of 627) and they also lost in the popular vote, receiving about 4,800,000. Present party membership figures are not known, but the total is probably somewhat (or perhaps considerably) less than the 1,300,000 figure given for the year 1947.

Italy: In the early 1930's the illegal communist party in Italy was literally smothered by the government and its leader, Palmiro Togliatti, fled to Moscow. Subsequently, several attempts were made by other underground communist leaders to form a "united front" with the socialists against Fascism. Such a front was established and was very active during the war. After the fall of Mussolini (late in 1943) committees for national liberation were set up in many parts of the country; communists formed the spearheads of these committees. After the war the membership in the communist party multiplied rapidly until today there are more than 2,000,000 Italian citizens enrolled.

Turkey: Communists have never obtained a foothold in Turkey, whose government has exercised the strictest measures of control over them. Before the war they were suppressed, even though Turkey was on friendly terms with the Soviet Union. In 1946 there was some relaxation of control and the Turkish Proletarian and Peasant party was formed. It is estimated that the party's membership then totaled about 5,000. But late in that year this party, as well as other newly organized opposition and labor groups were again suppressed. Today there is no communist movement in Turkey; at least none that is allowed to function openly.

Yugoslavia: In Yugoslavia, communists govern the country with absolute and unquestioned power. During the last quarter century they have not been numerous, and even today their number is estimated at only about 150,000, or somewhat less than one per cent of Yugoslavia's population. Before the war the communist party was banned by the government, but communists had an underground organization. This organization was active during the war years, and before the war's end, communists were in practical control of the country. In the first postwar elections the People's Front party (a combination of communists, several socialist, peasant, and other left-wing parties) received 6,725,047 votes, or 88.6 percent of the total votes cast. This is the group which, under communist

Accused Forger To Be Returned

Sheriff Ray Phagan left Tuesday for Sioux Falls, S. D. to bring to Ochiltree county Cecil Johnson, indicted by the Ochiltree grand jury last December for forgery.

Johnson is charged with having forged a check for \$10.85 on the late J. D. Wright and passing the check at the Drey Glass Shop in Perryton on August 1, 1951.

He finished serving a term in the South Dakota penitentiary on July 19 and is being held at Sioux Falls for action in Ochiltree county, Phagan said.

leadership, has obtained absolute political power in the country. In the last general elections, held in March 1950, the government claimed 90,591,193 votes or more than 93 percent of the total votes cast. But these figures do not give any indication of the number of persons enrolled in the communist party. As stated previously the total may not be much in excess of the estimated 150,000.

When one thinks of automatic heat, natural gas is the fuel, because...

1. It is the cheapest available.
2. It is clean, leaving no residue that has to be carried out.
3. It is quiet, because appliances operate without noise.
4. It is dependable, requires no stockpiling and always available when needed.

Churches Use Marble

LONDON (AP)—Marble from St. Paul's Cathedral is available to any who wish to incorporate it into their church as a symbol of fellowship with the ancient Cathedral Church of London. Already more than 50 churches in Britain and overseas have received pieces, including churches in the United States, Australia, Canada, Germany, South Africa, and at Tonga and Fiji in the South Pacific.

The marble comes from the old reredos, which has been removed in the reconstruction of the

bombed East End of the Cathedral, where the new American Memorial Chapel is to stand behind the new High Altar.

The Chapel, for which Britons subscribed \$280,000—mostly in pennies—will house the handwritten Roll of Honor containing the names of 28,000 U. S. servicemen who died in the British Isles.

Blue Sox Win Over Dumas

The Blue Sox handed the strong Dumas Dusters a 11-2 defeat at the local ball park Saturday night, shelling starting pitcher Crowe for 13 hits before he was relieved in the fifth inning.

Porky Holland hit 3 for 5 and pitcher Dan Faries hit 2 for 3, including a home run, to top the batting for Perryton.

The Sox held a 10-run lead going into the sixth inning and kept Dumas well under control throughout the game. Faries allowed nine scattered hits and struck out eight men.

Perryton Trims Booker Thursday

The Blue Sox trimmed the Booker Bombers by a 11-4 score at the local ball park Thursday night, with pitcher Bob Dear letting the visitors down with seven hits. Dear had a two-hitter until the eighth, when Booker made four hits.

Booker was ahead, 2-0, until the fourth, when the Sox scored five runs on three hits. Holland, Hargrove, Braden, Williams and Dear crossed the plate and the Sox were never headed after that outburst.

Hargrove, Hulsey and Williams hit 2 for 4 to lead the batting parade.

Tropical Fish Multiply

PHILADELPHIA (AP)—Raising tropical fish is a hobby that can easily get out of hand, explained Jules Corotis to Zoning Board of Adjustment officials.

They multiply so fast you have to find ways to get rid of them, he said. He has been selling them and even giving some away to neighbors. He seeks a use permit in connection with his fish enterprise in the basement of his home.

Pullet's Masterpiece

BELLEVIEW, Canada (AP)—A five-and-a-half-month-old pullet on the farm of Orville May passed itself by laying a large egg with four yolks. It never happened before, and it's been the ordinary type of egg since.

The Missouri River water covers one-sixth of the area of the United States.

It is estimated that on average day, the Missouri River carries 275,000 tons of silt to Omaha.

Local Recruiting Office Closed

The local U. S. Army and U. S. Air Force Recruiting Station, which has operated in Perryton for the past two years at the courthouse, has been closed permanently.

The station was closed because of the low number of enlistments secured and the need to more efficiently utilize the recruiting personnel, Army spokesmen said.

The only recruiting stations in the Panhandle now open are at Pampa, Lubbock, Clovis and the main station at Amarillo.

Miss Norma Jo Boyd and Miss Scharlyn Daniel of Brownfield were guests of Miss Boyd's grandmother, Mrs. Laura Elmore last week end. Mrs. Elmore's son and daughter-in-law, Mr. and Mrs. Art Elmore of Liberal, Kansas were also visitors.

The Sierra Nevada range is one of the snowiest spots in North America.

Light Rain Falls Here Tuesday Night

A light rain fell in the Perryton area Tuesday night, with the moisture measured at .10 inch in Perryton. The rain was scattered and did not extend to all parts of the county. It did cool off the atmosphere, with the temperature dropping from 105 degrees Tuesday to 95 on Wednesday.

Discuss Plans For Blood Drive Friday Night

Henry Classe, blood program field representative of the Red Cross, will be in Perryton Friday to confer with local Red Cross chapter officers regarding the blood drive scheduled here next month.

The local chapter has applied for a visit of the bloodmobile unit, and the tentative date has been set for Monday, Sept. 8.

Plans for the drive will be discussed Friday night and a campaign to secure donors and volunteer workers for the drive will be started next week.

Blood drive chairman is Dr. Manse Wood and Mrs. Max Boyer is recruiting chairman. Mrs. Robert Barlow is volunteer service chairman and W. C. Herndon, Jr., is publicity chairman.

A minimum of 300 donors must be pledged in this county in order to support the drive. The co-operation of local civic clubs will be solicited to secure these donors.

Mrs. Jimmy Dick Key who has been in San Diego, Calif. for the past two months visiting her husband, who is a member of the Marine Corps, and Mr. and Mrs. Stanley Key, who went to California July 9 to visit their son, returned to Perryton Saturday night. Pfc. Key sailed for Korea, July 21.

Florence Hummer Weds Gary Conley In Impressive Home Ceremony, July 20

In a home ceremony, July 20, Miss Florence Yvonne Hummer, daughter of Mr. and Mrs. D. D. Hummer, became the bride of Gary Conley, son of Mr. and Mrs. Audie Conley.

Rev. Harley Stump read the double-ring service, at 11 o'clock, in the home of bride's parents near Booker.

Vows were exchanged before the fireplace, which was decorated with a mantel arrangement of orchid and white asters. At either side were floor baskets of orchid and white gladioli and seven-branched candelabra and palms.

Mrs. Bob Urban, sister of the bride, played "Love's Greeting" and "Traumerei" and the wedding marches.

Misses Mary and Martha Hummer, twin sisters of the bride, lighted the candles.

Miss Patsy Halpain was maid of honor.

James and Virginia Duke were ring bearers and Vivian Duke registered the guests.

Given in marriage by her father the bride wore a ballerina length gown of white lace and net, designed with a fitted lace bodice with a net yoke embroidered with seed pearls. The lace extended in points into the full net skirt. Her finger-tip veil fell from a small lace hat embroidered with pearls. Her bouquet was an orchid encircled with stephanotis and tufts of maline.

Billy Lynn Conner attended the bridegroom as best man.

Following the exchange of vows, a wedding dinner was served. The serving table was centered with orchid and white asters and the tiered wedding cake.

When the couple left for a wedding trip to points in Colorado, Mrs. Conley was wearing a beige shantung suit with brown and pink accessories and a white gladioli corsage. Upon their return they will make their home on a farm south of Perryton.

Mrs. Conley is a graduate of Perryton high school. Mr. Conley

graduated from Perryton high school in 1950 and attended A & I College at Kingsville and Iowa State College at Ames, Iowa. He is engaged in farming and ranching with his father.

Out-of-town wedding guests were Dr. and Mrs. E. A. McGrew, Beaver, Okla., Mrs. A. R. Cook and Thomas Cook, Sharon, Okla., Miss Karen Stecher whose home is in California and Mrs. Lucille Davis, Lewisville, Texas.

Freeman Family
Reunion Held At
Gruver, July 27

On Sunday, July 27th, the Freeman family reunion was held at the Stedje Park, north-west of Gruver. The first Freeman reunion was held 26 years ago when the children of Mr. and Mrs. Ben Freeman decided that the clan was becoming so large they should meet for a picnic once a year to meet the new "in-laws" and to show off the new babies as well as to have the yearly visit with the scattered cousins. Although Mr. and Mrs. Ben Freeman are both deceased this custom has carried through the years only missing a few.

Members of the original Ben Freeman family attending were Mrs. Boston Eubank and Walter Freeman of Sunray, Bertha Johnson of Pratt, Kansas and Mrs. Garrell Kerns of Gray, Okla. Two daughters, Mrs. Ada Ward and Mrs. Cora Eldridge of California were unable to attend.

Others present were: Mrs. Bert Freeman, Mr. and Mrs. Johnny Freeman and son, Benny Bob and Darrell Jo Kerns all of Gray, Okla.; Mr. and Mrs. Dale Kerns of Perryton, Mr. and Mrs. Homer Wilson and son, Wichita, Kansas, Mr. and Mrs. Dyke Clinkenbeard and Mary Jane Freeman, Dalhart; Mr. and Mrs. John H. Spivey and Mr. and Mrs. Hix Spivey and Brad of Wheelock, Oklahoma, Mr. and Mrs. Alvin Spurlock and children, Startford, Andy Eubank, stationed on the USS Twining, and Wilma Pyeatt of Canadian, Mrs. Clara Stedje, and the James and Gordon Stedje families of Gruver.

Those attending from Sunray, were: Mrs. Elsie Whitmarsh, Mr. and Mrs. Earl Reynolds and family, Mr. and Mrs. Olen Brannon, Mr. and Mrs. Gerald Childers, Kenneth Freeman, Mrs. Kathryn Rice, Mrs. Walter Freeman, Mr. and Mrs. Marvin Threlkeld and Frances, B. B. Eubank, Mrs. Joe Crenshaw and daughter.

Double Standard
Is Portrayed in
Stanwyck Film

A drama of a lonely woman and the two men in her life is portrayed in "Clash by Night," which comes to the Ellis Theatre on Sunday and Monday, starring Barbara Stanwyck, Paul Douglas, Robert Ryan and Marilyn Monroe.

The locale is a picturesque fishing town where life on the surface is simple and placid, but where passionate currents flow dangerously. Briefly the story concerns Barbara Stanwyck, who returns to her home after ten years of futile attempts to find personal happiness. A tired and disillusioned woman, she marries Paul Douglas, a fishing-boat skipper, for security. Within a comparatively short time she discovers that she cannot resist the physical appeal of cynical and sophisticated Robert Ryan, a theatre projectionist, who is her husband's best friend.

The emotional conflicts in which this trio are embroiled will be understood and shared by a universal audience. Because of the honesty and sincerity with which the situation is treated in "Clash by Night," it has been hailed by the critics as one of the more notable screen dramas of recent months.

At New Orleans, the bottom of the Mississippi River is several feet higher than the level of downtown streets, says the National Geographic Society.

Betty Hutton and Howard Keel
Star In 'Annie Get Your Gun'

"Annie Get Your Gun," Broadway's fabulous hit, has been brought to the screen and offers a lavish, tuneful Technicolor treat at the Ranger Theatre on Sunday-Tuesday, August 3-4-5.

With the vivacious Betty Hutton in a made-to-order role as story of the rivalry between An-

nie Oakley, and with stage star Howard Keel making an auspicious film debut as Frank Butler, the man whom Annie "can't get with a gun."

This exuberant and eye-filling picture unfolds its song and laugh filled plot against colorful backgrounds of Wild West shows replete with cowboys and Indians, tribal dances, stunt riding, shooting contests, buffalo stampedes and all sorts of root-in'-tootin' activities centering around that famous figure of old West folklore—Buffalo Bill.

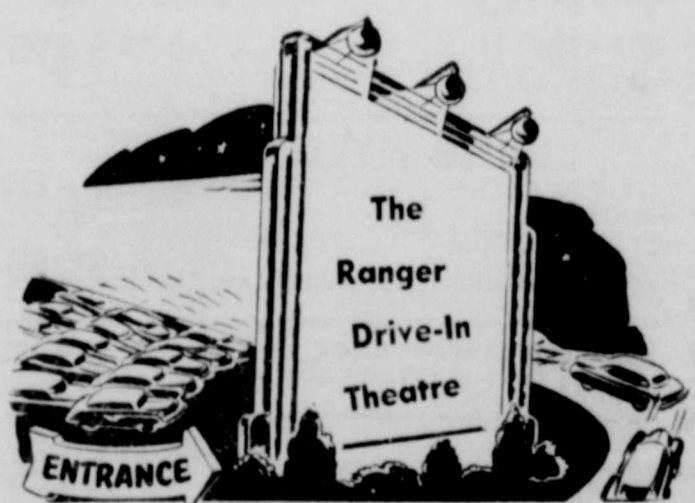

And interposed amid the excitement and the laugh-jammed nie and Frank Butler for the honor of being the world's champion sharpshooter, a contest which is ultimately resolved when Annie decides that she'd rather have her man than her medals, are the wonderful Irving Berlin songs, including "Do-It What Comes Naturally," "The Girl That I Marry," "You Can't Get a Man With a Gun," "Show Business," "Falling In Love," "Sun In the Morning," "I'm an Indian, Too," "Anything You Can Do" and other hits, sung to perfection by Miss Hutton and Keel.

Katherine Hepburn Is Female
Sports Star In 'Pat and Mike'

The story of a feminine athletic virtuoso and a shady sports promoter who takes her under his wing for something less than altruistic reasons, provides the framework for "Pat and Mike," the comedy starring Katherine Hepburn and Spencer Tracy which comes to the Ellis Theatre on Tuesday-Thursday, August 5-7.

Miss Hepburn is seen as Pat, a girl who is a whiz at golf, tennis, baseball, basketball, boxing, skeet-shooting, archery and judo. Tracy enacts the unschooled, rough mannered Mike, who attempts to put over his biggest deal by introducing sex appeal into the sports racket.

The amusingly incongruous relationship between the former head of women's physical educa-

tion at a California university and the Broadway promoter, who already has a racing horse and a heavy-weight fighter as "clients" and who, possessing the top horse and the top man, is now determined to have the "top woman," makes for one riotous situation after the other, culminating in a plot twist in which the resourceful Pat employs her skill at judo to vanquish a pair of thugs who threaten Mike, and the latter relies on his own brand of cunning to kill off Pat's attachment to a stuffy rival and to win her over to his own colors.

erated wagons in 1849.

The story begins with Emily as a teen-age girl, inspired to follow in the footsteps of Dr. Marie Yeomans, a brilliant physician who was refused full status in her profession because of prejudice against her sex did not permit her to serve as a hospital interne. Through bravado and relentless determination, Emily does receive an internship and in a series of compelling dramatic sequences (and sometimes humorous ones) proves herself able to face the derision of her hospital co-workers, to take grueling work and exhausting hours and to make emergency decisions to the point where the male internes and doctors at first give her a grudging admiration and finally an unqualified respect. Two of the men play an important part in Emily's life, the first, young Ben Barringer, with whom she attended classes at medical college; the second, Dr. Pawling, the uncompromising hospital director who at first treats her with undisguised contempt but who subsequently falls in love with her. Emily has to make a decision between marrying Ben and Dr. Pawling, and she makes the right one.

June Allyson Is
Seen As Nurse
In New Picture

June Allyson, Arthur Kennedy and Gary Merrill are the stars of "The Girl in White," coming to the Ranger Theatre on Wednesday and Thursday, August 6-7.

"The Girl in White" unfolds the absorbing story of Dr. Emily Dunning Barringer, whose appointment to Gouverneur Hospital, downtown branch of New York's sprawling Bellevue, opened thousands of new doors to competent and ambitious women. Her trial by the fire of outworn masculine prejudices in the late 'nineties was staged amid the hourly dangers of the teaming lower East Side. There, riding a horse-drawn ambulance she blazed a trail as hazardous as that followed by the women aboard the California-bound cov-

Texas Cattle
Barons Shown

Described as the story of "the great cattle barons of Texas and the land-hungry homesteaders battling for their rights to free government land," Joseph Cotten stars in "Untamed Frontier," which comes to the Ellis Theatre on Friday and Saturday.

Cotten, as the arrogant boss of a Texas cattle empire, gives a

strong, forceful performance that recalls his triumph in "Duel in the Sun." Shelley Winters, departing from her usual brassy roles to play a righteous young miss duped into marriage, scores again and again with her deft dramatic ability. Scott Brady, the newest bobbysox rage, adds greatly to his acting stature with a virile portrayal of the uninhibited cattle ranch heir.

The Losers Get the Credit

Ochiltree county established a record turn-out at the polls last Saturday, dropping over 1,850 ballots in the boxes at ten voting places in the county, and this is a healthy sign for democracy. Political interest has been higher than usual this year, starting last January, when the Jaycees sparked a poll tax drive that set a record for qualified voters.

During the campaign just ended, interest was generated in six local political races, and the interest in these local races contributed to the high number of votes cast for district and state offices.

Credit for the record number of voters must go principally to those who lost their races.

For every winner, there must be at least one loser, and to those losers must go the credit for bringing out the voters.

It is small consolation to a man who spent considerable time and money in seeking a political office to learn that the only reward he reaps is the satisfaction of seeing most of the eligible voters express themselves at the polls, but the fact remains that had there been no contested races in Ochiltree county, it is likely that the total vote would have dropped off one-third.

Those that won and those that lost have made it clear that the offices will be filled on January by candidates whose victory represents the majority of the citizens of this county.

We hope that no bitterness has been generated during the campaign that will not quickly pass away. And we appreciate the efforts of those who lost their races just as much as we appreciate the efforts of those who won.

A Credit to Perryton

We are always glad to welcome any new business house to Perryton, and we are especially glad to welcome the opening of the Ranger Theatre, the new drive-in which has been in operation for over a week.

This drive-in theatre fills a needed spot in the recreation pattern of the Perryton area and this is evidenced by the large crowds that have attended the theatre since its opening.

The theatre represents a considerable investment and indicates a substantial faith in the future of Perryton on the part of owner Carl Ellis, who brought the city a first class movie theatre over twenty years ago and who has kept this city abreast of the times in the movie entertainment field.

Operating on the theory that "it costs just a little more to go first class," the Ranger Theatre has been constructed in a manner that would do credit to a city three times the size of Perryton.

We believe that this faith in the future of this area will be justified. The Ranger Theatre is an asset to Perryton.

Some authorities contend that the most stable difference between the so-called races of mankind is not skin color but hair form.

About 99 per cent of U. S. children between the ages of 5 and 13 were enrolled in schools during the 1950-51 term, says the Encyclopedia Americana.

From the SIDELINE

with HAROLD HUDSON

Overheard at a coffee counter, from the waitress to the man about to pay his check at the cashier's desk:
"Your coffee's done been got."

At the election party at the Herald office Saturday night, we overheard one of the defeated candidates say, "This is one way to find out how many friends you have. Only thing is, it cost me well over a dollar a vote to find out." We gather that he didn't think it worth it.

For those who left the party before the last box came in—Notia—we can inform you that this box came in around midnight. The returns from Notia didn't affect any race except that of commissioner from precinct four, and George Yates carried Notia 21 to 4 and won that election. All other boxes in the county were in by 10 o'clock.

We were out taking pictures the other day for the fair edition of the Herald and went with county agent Delbert Timmons to the Percy Powers farm for some pictures of registered Angus cattle. The day was hot, around 100 degrees, and we were beading out with sweat when we arrived at the Powers farm.

But when we stepped into the big cattle barn there, a wave of cool air hit us, and investigation revealed a huge air conditioner billowing waves of cool air across the backs of the sleek black Angus cattle, who were munching hay with an aloof attitude befitting the aristocrats they are. We never knew cattle had it so good.

And they say there is a sign in a Fort Worth dairy office: "All I Have I Owe to Udders."

Are you men interested in the reasons why a woman buys something? According to Lever Bros., the reasons are—(1) Her husband says she can't have it; (2) It makes her look thin; (3) It comes from Paris; (4) Her neighbors can't afford it; (5) Nobody's got one; (6) Everybody has one; (7) It's different; (8) Because.

A news item from Columbus, Ohio, reveals that the sheriff there is a pretty sharp man. When neighbors around the high school complained that nudists

had been holding nightly getting parties on the lawn, Sheriff Ralph J. Paul said he doubted if these people were nudists "because real nudists worship the sun, and you can't get a sun tan at that time of night." Furthermore, the sheriff said he hadn't been able to catch the nudists because they drive away as soon as an official car approaches. Wonder if Sheriff Paul is up for reelection.

We laughed, and some of us got sore when President Truman dismissed presidential primaries last March as "just a lot of eyewash." Now it appears that Harry is right. Estes Kefauver won the New Hampshire primary in March and went on to win every primary in which he was entered except two. His triumphs sent Kefauver in the convention with more pledged delegates than any other contender. But when Harry gave the word, the nomination went to Adlai Stevenson on the third ballot, although he announced he didn't even want it.

When the time came for a vice presidential nominee, and Sen. Sparkman was waiting to be named, they spent a little time in token nomination of others, including the strong jawed Mrs. India Edwards, a woman who waged quite a campaign for the office. We have wondered who Mr. Edwards might be, and find that he is described as "a State Department acting assistant to the administrator of the motion picture service of the department's information service."

Our secret spy service on the women's fashion front has checked us out on the current girdle controversy, but frankly we don't understand it. It seems that a woman named Frances Sider has invented a girdle that she says isn't really a girdle at all, and is receiving static from Charles James, a man who has declared war on standard corsetry.

At a meeting the other day, when Miss Sider was demonstrating her girdle to James, a heated debate arose when James demanded where Miss Sider kept her callipers. In elaborating on the need for callipers, James took a model and declared: "I will now illustrate the correct proportions of the current silhouette. The space from bust to waist should be 7 inches. The distance between the point of each bust should form the base of an equilateral triangle with the apex at the base of the throat. The waistline is never straight, but curved."

Now we knew that some anonymous character in New York or Paris or somewhere sets an arbitrary skirt length and immediately there is a rush for alterations all across the nation, but we didn't know that the style situation had gotten into such an exact measurement of the girdle situation. In fact, there's a lot of about women's styles, and women in general, that we males will never understand.

We got a large charge out of the new theme song of the Democrats at the recent convention. Entitled "Don't Let Them Take It Away," this song was put on the air every once in a while and for a time we thought it was a Republican song. The author of Potomac Fever says the song title should be printed on every withholding tax deduction slip.

Wolf Creek Philosopher Doubts Promises Of Both Parties

(Ed. note: The Wolf Creek Philosopher must have listened to the Democratic convention, his letter this week reveals.)

Dear editor:
Now that the Democrats have nominated their man, I'll say this for a national political convention, those delegates keep some of the longest hours I ever heard of, don't believe I'd care for that kind of work, the advantage of listening by radio instead of attending in person is that you can get a break from the speechers occasionally by listening to the commercials, but what I started out to say was that now that the Democrats have nominated their man and the race has leveled off to a contest between Stevenson and Eisenhower, I do not intend to get over-heated in the coin campaign months.

I don't have any idea which candidate is gonna win, but I have an idea that bindweed out here is gonna grow just as rank under either party.

Also, regardless of who gets elected, I don't believe that: Taxes are gonna be outlawed. Russia is gonna start tellin the truth.

Crop pests are gonna increase. Parkin places are gonna increase.

Rainfall is gonna be controlled to where you can tell it.

Radio programs are gonna be much different. Using a hoe is gonna be made more delightful.

Filibusters are gonna get better.

Women drivers are gonna get better. Bank loans are gonna get easier for me.

Spinach is gonna taste any different.

Monthly payments are gonna be sold on the down payment plan.

The international situation is gonna change.

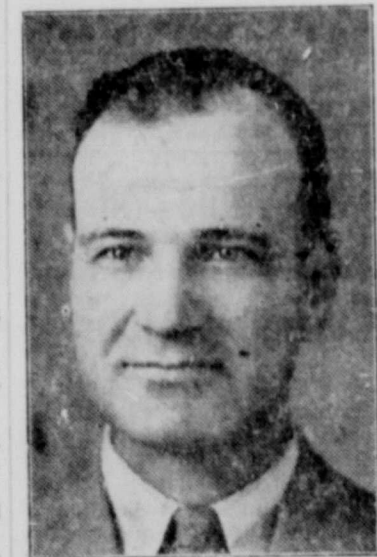

In short, while there's lots that the next administration can do, there'll still be a lot it'll never get around to doin and it's still gonna be up to the individual

to do the best he can, which in my case don't make too good a showin but it suits me. I've never enjoyed swingin a hoe, regardless of who's President.

Yours faithfully,
J. A.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To Ethel Stinson, defendant in the hereinafter styled and numbered cause:

You are hereby commanded to appear before the District Court of Ochiltree County, Texas, to be held at the Courthouse of said county in Perryton, Texas, at or before 10 o'clock, a. m. of the first Monday after 42 days from date of issuance hereof, being Monday, September 1, 1952, and answer the petition of plaintiff in Cause No. 1301, styled, Wesley P. Stinson vs. Ethel Stinson, which petition was filed on July 14, 1952, being suit for divorce, alleging plaintiff and defendant were married January 14, 1940 and separated June 3, 1949; that no child was born of said marriage nor any child adopted; that defendant has been guilty of unkind and harsh treatment toward plaintiff, often cursing and abusing plaintiff, which conduct continued until the date of the separation and of such a nature as to render their further living together insupportable, premises considered; plaintiff prays for decree of divorce, other and further relief, all as more fully shown in plaintiff's petition on file in said cause.

If this citation is not answered within 90 days after date hereof it shall be returned to the undersigned for filing in the District Court, Ochiltree County, Texas, July 14, 1952.

Given under my hand and seal of office in the County of Ochiltree, Texas, July 14, 1952.

I can dream ... can't I?

Sure, I'd like to have a vacation like anyone else, but this is the busiest time of the year for me.

You see, during the extreme heat of midsummer, I have to work longer and harder than ever providing folks with the air conditioning and refrigeration they need to keep cool. Fans and window coolers are in use many more hours per day. And refrigerators and home freezers work overtime furnishing extra refrigeration and extra quantities of ice cubes, cold drinks and frozen desserts.

Quite naturally, this extra work is reflected in my monthly pay. But the difference is small compared to the comfort I bring. I'm still the lowest-cost servant you can hire—and the more hours I work the less I cost you per hour.

Our love for our fellowman measures our love for God, and our understanding of Him. The Bible confirms this in these words: "He that loveth not knoweth not God; for God is love" (1 John 4:8). This is the Golden Text of the Lesson-Sermon to be read in Christian Science churches this Sunday, August 3, on the subject "Love."

In answer to the lawyer's question, "What shall I do to inherit eternal life?" Christ Jesus replied, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself" (Luke 10:27). Then he established for all time the definition of neighbor with his parable of the Good Samaritan.

Illustrating the fact that individual salvation cannot be obtained without including our neighbor, Mary Baker Eddy, the Discoverer of Christian Science, says this, which is included in the Lesson-Sermon: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good" (p. 518).

Veterans Forum

Q I'm an honorably discharged World War II veteran interested in getting a GI business loan to open a neighborhood bakery. What are the down payment requirements?

A GI business loans are not subject to Federal credit restrictions. You and your local lender will have to work out between you the amount and terms of the loan he will make to you.

Q I just received a dividend credit notice from VA notifying me that my NSLI 1952 dividend is being placed on deposit to my credit. What will happen to that money?

A The law requires that such dividends be used to pay premiums which are due and not otherwise paid. Should the dividends not be required for this purpose, you may instruct VA to pay the money to you in cash or to use it to prepay future premiums. Or it may be left with VA where it will draw interest.

Q I have just been discharged from the Army after a year in Korea. A leg wound I received while on patrol is beginning to give me trouble. Will the VA give me outpatient treatment?

A Yes, post Korea veterans

who need outpatient treatment for service-connected disabilities may receive needed treatment from VA. In many instances, a prima-facie finding of service-connection is granted post-Korean veterans for the purposes of outpatient treatment pending determination as to whether the disabilities are service-connected. Apply for outpatient treatment at your nearest VA office.

Booker Girl Listed
On TSCW Honor Roll

DENTON, Texas, July 28—Miss Mary Hummer of Booker is one of 276 girls honored on the Dean's List at Texas State College for Women.

Released this week the Dean's List recognizes students who maintained exceptionally high scholastic averages during the spring semester.

Miss Hummer is the daughter of Mr. and Mrs. David D. Hummer of Booker. She is majoring in general education at TSCW.

Calf But No Tail

CENTRALIA, Ill. (AP)—A Jersey calf was born recently on the Walter Esmonds farm with a decided handicap—no tail to shoo off pesky flies.

South Koreans
Lose Homes

PUSAN, Korea (AP)—The Korean government estimates one-half of South Korea's 20 million people have been forced from their homes by the war. It says 40 per cent of the refugees are suffering "extreme hardships."

Brothers Breed
Chinchilla

INDIANAPOLIS (AP)—Two brothers started with two pairs of chinchilla three years ago and now they have 67 of the precious rodents on their 250-acre chinchilla ranch.

The chinchilla, valued at \$1,500 a pair, was almost extinct in 1922, say Louis and Charles Daroko. The brothers say it will be several years before enough breeding stock is accumulated to put pelts on the market.

The "Peace Ship"

Proudly we salute this great ship. She rules as mistress of the ocean waves. She is a formidable contender with any and all foes of the Stars and Stripes. The men who ride her decks in the interest of our nation have reason to rejoice in her equipment and prowess. She represents America's military might. She is a "Peace Ship."

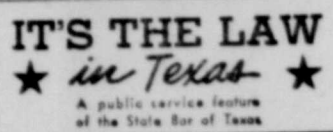

On the decks of the "Mighty Mo" an American General received the surrender of Japan...announced the end of World War Two. He spoke words of lasting importance that day when he called all nations of the earth to join in promoting peace. He insisted that our chief preparation for the future must be a better state of mind...a truer way of thinking of human life as under the rule of God. He called mankind to a better "theology" and urged us to consider the will of God for all His children.

Thus ship and military official became a new witness for peace. God's way of peace is taught in your church. His way is simple. It is the way of love. Let the "Mighty Mo" be an inspiration for a united humanity, for a world of good will...may she be a symbol of Peace.

Animals Need Sleep Before Show Ring Time

The signing of a contract of sale is an extremely important step in the purchase of a home. Once buyer and seller have signed, they are bound by the pro-

visions of the contract. Their respective legal rights in the transaction are thereby set and determined. If the contract is poorly and haphazardly drawn, a harvest of regret may be reaped at a later date.

Sales contracts are often called by other names, such as earnest money contracts, binders, receipts, etc. All of them are for the same purpose and almost without exception involve the deposit of money by the buyer. Some require the seller to put up a good faith deposit. The fact that such deposited sums are usually to be forfeited in event the depositor later fails to go through with his specified contractual obligations lends additional weight to the often stated admonition that no contract should be signed without complete understanding as to its terms.

But many home purchasers (and sellers) rush to sign a hastily prepared contract with very little knowledge of its contents. The pressure of time, the informality of the occasion, the casual appearance of the contract, and perhaps the act that a partially printed form is used may contribute in causing the true importance of the act to be overlooked. At any rate, many are lulled into a lapse of good business judgment.

Every significant detail of the bargain should be crystallized in unmistakable terms in the contract of sale. Land and fixtures being sold should be clearly described. A complete legal description of the property by lot and block, or by metes and bounds, is a must, the street number being inadequate by itself.

Articles and fixtures included in the sale but not always sold with houses generally should be specifically listed. Included in this category are such items as venetian blinds, removable floor coverings, draperies, air conditioning units and others. In purchasing property under construction, complete plans and specifications form an essential part of the agreement.

The price to be paid must, of course, be specified, along with method and terms of payment. If a certain sized loan is a prerequisite to the buyer's ability to complete the purchase, this fact should be noted. Sad indeed is the prospective purchaser who loses his earnest money when a contemplated loan transaction falls through, his contract requiring payment of the entire consideration in cash.

The sales contract should also state the quality of the title to be conveyed to the buyer and the type of title evidence to be furnished. These matters will be further explained in a later col-

umn.

The buyer's individual circumstances and desires may require that various matters not mentioned above be provided for in the contract. A partially printed form may or may not provide sufficient blank space for the addition of all essential details in your case. There is a consistent tendency to try to squeeze every sales contract to fit the type of printed form on hand, omitting or leaving to easily misconstrued or forgotten oral agreement many vital provisions. Do not fall into the "pitfall of the printed form." Too many unfortunate entanglements have been announced by clients to lawyers with the words, "I have just signed a receipt for a house on Blank Street. Will you take over now and see that everything is O.K.?"

ROCHESTER, N. Y. (AP) — Retirement for 77-year-old Melissa Bingeman has meant only more work.

The former department head at the Chamber of Commerce is now organizing a weather science exhibit for the Museum of Arts and Sciences and gathering data on precipitation in the upper Great Lakes. Her charts on lake levels go back to the 1860s.

Miss Bingeman has had poetry published and several of her pamphlets on health in the home are in the Library of Congress. Five years ago she took a 10-month tour of North America.
