AND GAZETTE-EXAMINER

VOLUME XXXI

MIDLAND, TEXAS, FRIDAY, MARCH 25, 1927

NUMBER 26

OIL SUPPLY COMPANY TO OPEN OFFICE HERE

MID-CONTINENT SUPPLY CO. WILL MAKE MIDLAND HEADQUARTERS

Mid-continent Oil Supply Co. is to open an office in Midland at once, according to a statement made by the Fort Worth manager to the secretary of the Midland Chamber of Commerce while he was in conference with supply house men, stated frankly, however, that this did not mean supply houses for Midland. That could develop later if conditions warrant they say.

Frick-Reid and Transcontinental Supply Houses say they also contemplate opening offices in Midland. This means these supply houses will administer their yards from Midland as a headquarters office city. They all declared Midland's growth would be assured and would take a big jump when Dr. J. B. Thomas completed his office building and Clarence Scharbauer completed his hotel.

BAPTIST MEET DREW HUNDREDS OF GUESTS

SUCCESSFUL CONVENTION IN MIDLAND TUESDAY AND WEDNESDAY

Midland people were hosts to over a hundred visiting Baptists Tuesday and Wednesday when the district convention was held here for Sunday School and B. Y. P. U. organizations of West Texas.

The visitors were taken into the homes of Midland people. Under the direction of Mrs. C. M. Goldsmith, president of the local Baptist Auxiliary, rooms for 102 people were signed up.

The state secretaries of both Sunday School and B. Y. P. U. work were here, as well as a number of prominent Baptist pastors and laymen. The work accomplished is expected to result in better work in these departments of each Church, and in the coordination of the efforts of all Sunday Schools and B. Y. P. U. organizations in the district.

Meat Market Put In At M System Store

Martin W. George has moved to Midland from Breckenridge and is now operating a new meat market in the front part of the "M" System grocery Store. He has installed new fixtures, and is said to be an experienced market man.

C. Of C. To Meet

Directors of the Chamber of Commerce have been called by the president, W. R. Chancellor, to meet Monday night at 7:30.

Several matters of business under way but not yet completed are to be acted on finally. The meeting promises to be concluded in about an hour or perhaps less time, the president believes if all directors are on time.

Andrews Man Has Planing Mill Here

W. R. Lee was here this week from Andrews, and has joined Mr. Knowles, who has been operating a planing mill. They have ordered another machine, and will be handling any quantity of mill work in a few days.

For the present they are located in the old C Ranch garage, about 3 blocks northeast of the business section of town.

Mr. Lee is well known to the people of Midland, having made this his trading center for years.

Mitchell County Orders Road Issue

An election has been ordered by the Commissioners Court of Mitchell County for a road bond issue of \$200,000, to be voted on April 23.

The route is to follow the Bankhead Highway, and it is reported that the State has promised additional aid of \$600,000. This is to be paved road, if the issue carries, and will connect the last gap on the Bankhead for which bonds are lacking.

WHOLESALE CANDY HOUSE OPENS HERE

L. M. AUSTIN OF ARTESIA OPENS SOUTHWEST CANDY COMPANY

The Southwest Candy Company has been opened in Midland by L. M. Austin, formerly of Artesia, N. M., and has its office in the Oil Exchange building.

Mr. Austin states that his house will handle wholesale candies, tobaccos, tires and tubes.

The territory served by the Midland house will extend to Sweetwater on the east, Lubbock on the north, Pecos on the west, and McCamey on the South, with Midland as the center of its operations.

COUNTRY CLUB GOES OVER UNANIMOUSLY

MEETING LAST NIGHT MADE DEFINITE PLANS FOR ORGANIZATION

The Midland Country Club is now assured. At the meeting of those who have subscribed to buy stock, held last night, the proposition of W. R. Chancellor to sell the acreage just north of the High School Addition to the club was unanimously accepted.

Judge J. M. Caldwell presided at the meeting as chairman, with H. W. Rowe acting as secretary.

Committees were appointed to work out the plans for completing the organization at a meeting to be held Thursday night, March 31, at the Chamber of Commerce.

On the committee with regard to the site, H. W. Rowe, was appointed chairman, with Judge Chas. L. Klapproth and J. Ellis Cowden.

On organization and by-laws, E. M. Whitaker is chairman, with H. J. Neblett, R. M. Barron, Frank Aldrich and J. E. Hill.

All stock holders are requested to attend the meeting next Thursday night to perfect the permanent organization, elect officers and directors and to launch plans for immediate building and improvement of the grounds.

Miss Jen Leeper Died In Big Spring

Midland people were shocked Wednesday evening with the news of the death of Miss Jen Leeper, secretary of the Midland Retail Merchants Association, which occurred at the home of her parents in Big Spring.

It is reported that death followed an operation. Miss Leeper had been ill while here, but was reported to be considerably improved last week. However, she was taken ill again, and her mother came to Midland after her last Sunday. The body was buried in Big Spring.

Man Dies As Result Cutting Own Throat

F. L. Smith, who came here recently from Tulsa, Oklahoma, died in Midland Thursday morning as a result of a wound received last Saturday, which was reported to have been self inflicted. According to an autopsy, the evidence leads to the belief that he cut his own throat with a pocket knife, and lived from Saturday till Thursday. The body was buried in the Midland cemetery. No motives was discovered for the man's action in ending his life.

B. W. Floyd Buys Polled Herefords

Three double standard Polled Hereford bulls were added to the herd of B. W. Floyd at his ranch in Midland County last week, the bulls having been selected and bought by his son, Jay Floyd, while at the Fat Stock Show in Ft. Worth.

The bulls are coming twos, and Mr. Floyd says they are as good as he has ever been able to find. This gives him twelve tip top Polled Herefords. He has a herd of registered cows and expects to have a good many Polled Herefords for sale as herd bulls soon.

If Its Job Printing, We Can Do It

ENGINEERS SUBMIT DETAILED COST OF PAVING TO PROPERTY HOLDERS

TOTAL COST PER FRONT FOOT RUNS LESS THAN WAS ESTIMATED IN PRELIMINARY STATEMENTS TO PUBLIS. CITY GETS GOOD CONTRACT

That Midland has a good paving contract is evidenced in a letter to Mayor B. Frank Haag from Montgomery and Ward, consulting engineers of Wichita Falls, who are in charge of the paving project here.

The price per square yard is eleven cents lower than the same type of pavement cost in Wichita Falls, according to Mr. Ward, as the reinforced concrete is 2.79 per square yard as compared to 2.90 there.

It was originally estimated that the cost to each property owner would run about \$290 per twenty five foot front, but the contract brings the cost down to from \$167.83 to \$259.88, depending on which district the lot is in.

The cash payments amount to from \$33.57 for a twenty five lot to \$51.98; and the annual payments of that amount are payable for the next four years.

In this letter to Mayor Haag, the engineer makes full explanation as follows:

Attached hereto you will find a tabulation of the paving costs for the various districts as set forth in the ordinance ordering the paving and as shown on the accompanying map.

You will note that these front foot rates are considerably lower than the front foot estimated rates that were submitted to you before the bond election. At that time the estimated cost for a 60 foot street for reinforced concrete was \$11.15 per front foot; and for a 40 foot street the cost was estimated at \$8.39 per front foot. The rate as calculated upon the basis for the accepted bid of the Womack Construction Company will average about \$10.35 for a 60 foot street and is \$7.55 and \$6.71 for the 40 foot streets. The difference or the variation in the rates for the same width of street is due to the different proportions of street or alley intersections that are included in the various districts. These rates include the cost of curbing at \$0.45 per foot. In front of property where the curb is already in place it will not be necessary to construct new curbing and the rate for such curbing can, of course, be deducted from the total rate.

The tabulation of the cost for a 25 foot lot and the amount of cash payment required is given for the reason that the property owners can then easily see what their paving will cost them, and what part of the total cost must be paid at the time of completion of the work. The exact cost for the various width lots will, of course, be worked out for each property owner when they are being signed up for the paving.

The price per square yard that you have obtained in Midland is 11 cents lower than the price for the same class of pavement in Wichita Falls as the reinforced concrete pavement here is costing \$2.90 per square yard as against \$2.79 in Midland.

If there is any further information that we can give you at this time, do not hesitate to call on us.

Yours very truly,

Montgomery & Ward.

Rate per front foot includes cost of curb at \$0.45 per foot.

Cash payment is one-fifth of total cost of payment for each lot.

Annual payments to be one-fifth of total cost of pavement for each lot plus interest on payment. Four annual payments to be made, one, two, three, and four years, respectively after date of acceptance of pavement by the city.

Derrick City Is New Ector County Town

Increase in the population of all this area of West Texas has caused another oil town to spring up. Derrick City, 12 miles west of Odessa on the Texas and Pacific Railway and the Bankhead Highway, is the newest town.

Official celebration of the birth of the town will be held next Sunday, when a public barbecue will be given.

Derrick City is located near the Cosden Connell No. 1-A, an Ector county well, which oil men say will make about 40 barrels a day. This field will receive additional play, it is believed, because Cosden Connell No. 1-A is held to be an edge well.

Will Snodgrass was a business visitor from Odessa Wednesday. He has been buying and selling Odessa city property during the past few weeks, and reports a good business.

Gulf Winkler Well Followed By Heads

Gulf No. 1 Hendrick, section 41, block B-5, Winkler County began making heads Wednesday night and from 1:30 a. m. to 7 a. m. Thursday made 77 1-2 barrels. Gulf officials in the Midland office rate the well as a 250 barrel producer at its present depth, however, the well is certain to go deeper oil men say.

The well started making heads at 2,836 feet and drilling ceased with the bit only one foot in the sand, at 2,837 feet. The Gulf well is 800 feet south-east of the discovery hole, Westbrook No. 1 Hendricks, or now known as Southern Crude No. 1 Hendricks.

John Williams and his wife and his sister, Mrs. James, were here from Robert Lee last week end, visiting their aunt, Mrs. W. J. Glenn. Their mother, Mrs. Williams is also visiting here.

ELECTRIC HIGH LINE PROJECT UNDER WAY

NEW LINE TO EXTEND FROM BIG SPRING TO ODESSA AND CRANE

Erection of a 60,000 volt electric high line, and the rebuilding of the line from Stanton to Odessa, through Midland and construction of a new line from Odessa to Crane County oil fields is now under way, according to T. J. Farrington, manager of the Midland Light Company whose property has recently been acquired by the Texas Power and Light Company.

Mr. Farrington has moved to Midland from Dallas, and has been in charge of the transfer of the property here to his company, as well as to look after the starting of many new improvements.

Work on improving the distribution systems in Stanton, Midland and Odessa will be started at once, Mr. Farrington states, and all towns on this part of the system will have first class electric service, with facilities for handling any number of new industries.

The office in Midland will be district headquarters, and a complete stock of electrical devices will be handled here.

NEW OPERATIONS IN ECTOR AND ANDREWS

SHALLOW TESTS STARTED IN SOUTHERN PART OF ECTOR COUNTY

Operations in Ector County near the Midland line and locations in Andrews set Midland all a-gog Thursday and confirmed opinions of oil men that Midland is to be the great headquarters city of all the oil fields.

The Oliver H. Shoup interests of Colorado Thursday spudded in one of a group of perhaps three or four shallow experimental wells on the Davis ranch in the south part of Ector County. This well is on section 15, block 42, township three south.

A Fort Worth spudder is being used for the test. This one well may establish the desired information on the 50 sections held by Shoup lying along the Midland-Ector County line, but as many as three others may be necessary, local representatives of Shoup say.

The test or tests are made to determine the salt level and to get an index to formations in that area, preparatory to locating deep tests.

The other news of major importance was the announcement of five locations in Andrews with unconfirmed information that these wells were about ready for rig building or to spud. Information was not available at a late hour Thursday as to what company or companies made the locations.

Locations are: section 18, block 11, University lands; section 18, block A-41, public school lands; section 12 block A-46; section 12, block A-35 public school lands; section 18, block A-52, public school lands.

These locations denote ideas of the companies that the oil will show a definite trend along the escarpment running from Artesia, N. M. to the Big Lake pool. The locations are almost directly northeast of the Winkler pool.

New Location Made In Andrews County

Material is being unloaded for a test to be drilled in Andrews County, in the center of the southeast quarter of section 12, block A-35, on the J. S. Means ranch. The survey was ordered by W. W. Donnelly of Fort Worth, and was made by Estes Bros. & Cochran of Midland. The rig was moved from big Spring.

Cleve Baker arrived yesterday afternoon from Hurley, N. M. where he has been in the employ of the Chino Copper Co. He says he has enjoyed the work there and gained much good experience. Curtailments in the production of copper there has resulted in the reduction of the force of employees considerably.

Jack Carter is here this week from Colorado.

MAKING EXCAVATION FOR THOMAS BLDG.

GENERAL CONTRACT EXPECTED TO BE LET AT EARLY DATE

Under the direction of David S. Cattle and Company, architects, the work on the excavation for the Thomas office building was started this week, and it is expected that the general contract for the erection of the five story general building will be let at an early date.

No definite information as to the date of starting the Scharbauer Hotel building was available this week, although the lots are being cleared and Mr. Scharbauer states that his plans are being worked out as rapidly as possible.

THREE NEW WELLS IN CRANE COUNTY

WELL IN WINKLER TOPS THE BIG LIME AT 3,033 FEET

Two new producers were added to the Gulf's string in Crane County this week, with another gusher in the Church and Fields pool.

Gulf No. 6 McElroy is reported to have come in making 890 barrels in twenty four hours, having touched the lime at 2790. Gulf No. 3-A Crier and McElroy came in making 517 barrels when gauged for twenty-four hours, hitting the lime fifty feet higher than the No. 6 McElroy.

Simms-Atlantic No. 3-A University, in the Church and Fields pool is reported to have flowed over 300 barrels per hour after striking the pay at 2940, but was shut down for storage.

In Winkler County, Hill-Ladd et al No. 1 Amburgey, section 24, block B-7, is said to have topped the lime at 3033 feet, which is 332 feet above sea level.

Will Open Their New Down Stairs Store

Wadley Wilson Company announces this week the inauguration of the new down stairs store which is the newest feature of their business.

The basement has been enlarged to a space fifty by fifty feet. Stairways lead from both the ladies and mens departments, and a wide variety of attractions have been provided for shoppers in the down stairs store.

Llano Coffee Shop Undergoes Changes

Complete renovation, remodeling and recleaning has been underway this week at the Llano Coffee Shop by the new manager, H. L. Boltman, and the formal opening under his direction is scheduled for Saturday, March 26, from 5:30 to 9:30 p. m. Beginning at 9:30 and continuing till twelve, there will be dancing.

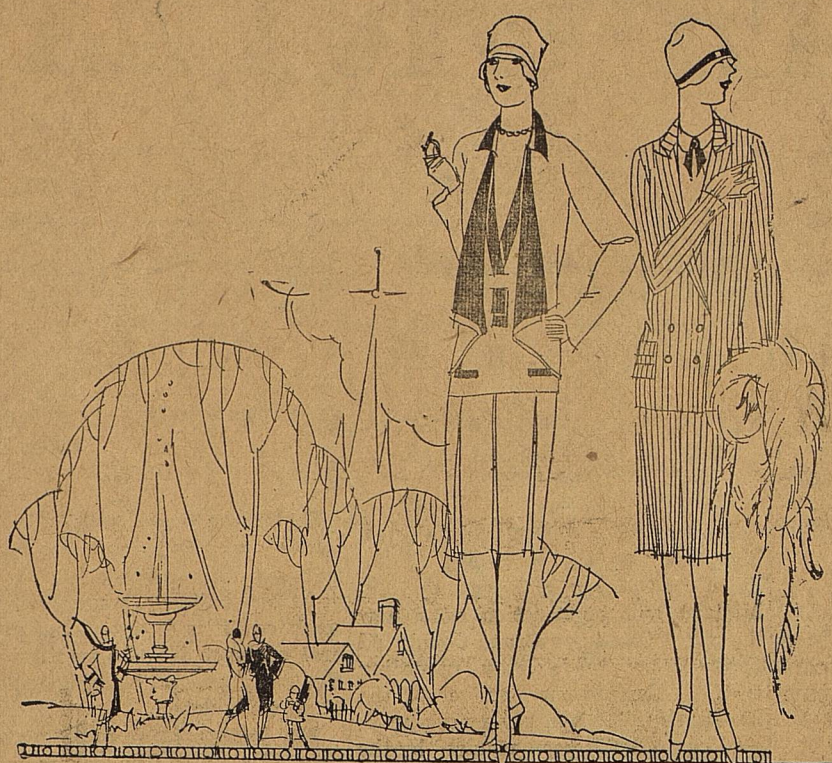

Mr. Boltman came here from McCamey. He has installed a horseshoe counter, taking out the partition which was formerly located between the coffee shop and the dining room. More people can now be handled, he states, and the counter is of the sanitary type. New kitchen equipment has also been installed.

C. Of C. List To Be Published Next Week

Due to so many new business houses coming to Midland, it has been decided to postpone publishing a list of the Chamber of Commerce membership till next week. One week from today all of the Midland citizens who are helping promote progress of their town by contributing to the Chamber of Commerce will be listed in the Midland Reporter. Those who have not signed are asked to get a card at the Chamber of Commerce office. Membership is opened to all boosters.

Mrs. S. W. Estes returned last week end from a pleasant visit in California. Her daughter, Mrs. Rex Jeffries and her son Douglas, returned with her.

R. P. Rankin made a business trip to Brownwood this week.

CARE OF BABY CHICKS

College Station, March 24. — As soon as baby chicks are hatched they should be put in a warm and quiet place until they are thoroughly hungry, which is when they are about 48 or 72 hours old, according to information given out by Prof. D. H. Reid, head of the poultry husbandry department, A. & M. college of Texas. Then the little chicks should be transferred to warm brooder, where plenty of feed is available.

In most cases it will pay to use a commercial chick starter, unless plenty of skim milk is available for the chicks. A ration can be made up of sixty pounds yellow corn meal, twenty pounds shorts, five pounds cotton seed meal, five pounds alfalfa meal, five pounds meat scraps, three pounds bone meal, and two pounds fine oyster shell. At least eight pounds of dried buttermilk should be added to the ration if skim milk is not available for them at all times.

The brooder should be warm and comfortable, large enough that the chicks are not crowded, and of a type that is easily cleaned. Probably the cheapest form for Texas farmers is the oil heated brooder. Care must be taken that the wind does not blow on the brooder as oil brooders will quickly catch fire.

An added precaution for the health of the chicks is to put them on wire netting, one-half inch mesh, so that all droppings go through and out of reach of the chicks.

A patch of green grass on clean soil is a great help in raising baby chicks.

Colorado Men Install Tile Plant in Midland

C. E. Pritchett will go to Midland next week to install a tile manufacturing plant for the West Texas Motorless Tile Manufacturing co. This company is a Colorado concern and is owned by Tom Hughes and C. E. Pritchett. They installed a small plant here a few months ago but recently sold the plant to Fred Brown and U. G. Hardison.

The Midland plant will manufacture tile for oil field construction. The patented system of manufacturing concrete tile with grooved joints that is laid without motor, is a new process here that may revolutionize building material business. The tile can be made on the ground and put in the walls much cheaper than ordinary building methods, Pritchett says. —Colorado Record.

Whatcha Mean— "Steer Heifers"?

From an editorial in the El Paso Herald:

"The higher the price of cattle go, the greater the interest in developing the live stock industry. It is noted that a ranchman of Schleicher county has just sold 71 2-year-old steer heifers for \$67.50 a head." —Alpine Avalanche.

Now anyone who has ever been acquainted with Pete Carraway or others who practice his kind of surgery can make a good guess as to what was meant in that article about steer heifers.

Along about 1920 to 1922, those animals, although going under a slightly different term, were very much in evidence, and were worth more on the market than any ordinary heifer.

The Reporter editor thinks he knows what was meant by the term "steer heifer."

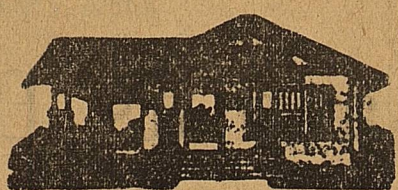

Lea County Test Spudded Last Week

Marland Oil Company's Roberts No. 1, section 20-23-35, Lea county, was spudded Monday afternoon. This well with the Seideman No. 1, 4-25-36, were scheduled to spud Saturday, but Seideman is reported yet rigging up.

Midwest State No. 1, section 9-19-38, Lea county, is getting considerable interest with a good gas show-in at 2675 to 2750 feet. This is four miles from the Bordages-Hughes test in section 27-19-38, both being near Hobbs. The Bordages test has been fishing for tools thrown up in the hole when gas was encountered. —Carlsbad Current.

That Frog Miracle Over at Eastland

Of all the publicity bull, that horned frog miracle at Eastland caps the climax—resurrection, the rising of a dead frog, bringing it back to life, after lying in a dark tomb for 31 years. Shake, Eastland Boosters, the sheep skin is yours. The very idea of a poor little old horned toad being sealed in a tin box, placed down underneath the cornerstone of the Eastland county courthouse, all air, all light, all water, oxygen, food or whatnot being excluded, and yet, they say, that frog actually lived for 31 years. Why, shuckinss, folks, that's against every known law of nature. Life can't possibly exist without water, air and food, smother to death, starve to death, and besides its body would perish away in that length of time. Now, nothing short of a miracle can do a stunt of this kind, and get this, folks, the miracle workers were on the job, sleight of hand jugglers—did you ever attend one of their performances?

Well, the resurrection of the dead frog was a great stunt of publicity, said the police had to drive the mob back during the miracle stunt, grave and honest men were called to witness the performance, justice of the peace, county judge, county commissioner, and the irony of it all, they called in a minister of the gospel to give religious and moral strength to the fake, and now we expect that every mother's son of them would go on the stand and swear to it, and be perfectly honest in it—the resurrection of a dead frog, bringing it back to life—the sun did not stand still nor hide its face behind a dark cloud, the mountains did not rumble or roar, but the dead frog came to life just the same. Good job, Eastland county boosters, you cinched your publicity stunt and put it over good and now the famed horned frog and the city of Eastland are front page copy throughout the nation—grave and gowned scientists are trekking to Eastland to view this frog

wonder, they shake their heads, mum is the word, yet, they have stumped the scientific world, the problem of the resurrection of a dead frog, set up all biological theories of renowned schools of learning and made the horned frog family famous throughout the world. O yes, you have got Barnum's white elephant stunt skinned 40 city blocks.

Oh, yes, horned frog farms will spring up all over Eastland county, the demand is going to be great, the fashion monger will catch the spirit and stuffed toad frogs will adorn the headgear of the American women, horned frog lockets on the dainty neck of dame fashion, and the very latest fad for society belles will be stringed beads fashioned out of frog horns. The old saying, "Found a jewel in a toad's head," has proven true. Eastland has found fame and fortune in a horned toad. Smooth game, boys, just wave your wand and keep the spell hot and the shekles will keep

MIDLAND'S FINANCE PLAN

In a letter from the Chamber of Commerce of a growing Panhandle city to the local Chamber of Commerce, inquiry was made as to the method used in locating and financing Midland's six story office building, 150 room hotel, and the twelve story Petroleum building.

The letter asked how much bonus was given, whether sites were donated, and similar questions.

Other towns and cities are wondering how it is that Midland gets big things done, but they will never be able to understand until they get acquainted with the Midland people, both old citizens and newcomers.

When a new industry comes to Midland, or when a big building is erected, it is done through confidence of the founder or builder and with his own capital. No donations are sought or offered.

Investors in Midland feel no hesitancy in making these big investments, because they can see that the future, or even the present, will provide a legitimate profit.

Representatives of these cities which wonder how it is done would have their eyes opened by spending a few days in Midland watching big things go on.

Reports that another five or six story building is to be erected in the business section bring on more enthusiasm in Midland's expansion program. Nothing could be ascertained for publication on this matter, but The Reporter editor has reason to believe that such a plan is under way.

Apartment houses for Midland are promised, and many more are needed. Some valuable lots within three or four blocks of the business section of Midland would make excellent locations for apartment houses. Investigation will probably show that such buildings will bring in good revenue.

Interest in the polo club continues to grow, and officers in the organization are to be elected in a few days. Ponies are being trained, and it looks as if there will be some exciting matches in this "blooded" game soon.

An increase in the population of Midland from 6,722 to 10,000 by the end of 1928 does not sound at all unlikely. In fact, it will be a very conservative growth compared to the increase of 141 per cent in the last 10 months.

The way the Boy Scout movement went over last week is merely an indication of what Midland people can do when they start out to do it. Next year, it is predicted that Midland will become a Boy Scout center, with a regular executive living here and directing the work in this territory.

Former Colt Manager Coaching at Wayland

Plainview, March 26. — Wayland college has set for itself a high goal in athletic achievements for the coming year under the leadership of its new coach, Frank Kimbrough, an outstanding West Texas baseball and football star who came to the college the first of this term after eight years of experience in athletics of every character.

Already Kimbrough is building his football team for this fall. With a nucleus of 14 men who have been in the college for a year or more he hopes to have a squad of at least 40 men ready for the schedule next fall when it begins. Spring training in football is taking the place at this time of baseball. It is Wayland's ambition to build a winning football team first and then devote its efforts to baseball later.

Kimbrough has obtained the co-operation of the college authorities in his efforts to make of the athletic department one of the big attractions for high school athletes of the Panhandle-Plains territory, and through the successful organization of the Jackrabbit club has sufficient finances in view to back his efforts.

That Kimbrough promises to make an outstanding success as coach at Wayland is attested by his record of eight years beginning with three years of football, baseball and track while a student in Haskell high school. Kimbrough has back of him a splendid record at Simmons university wherein he attained fame by kicking a field goal against Howard Payne and winning the first game that Simmons had won over the team in eight years.

Following his college career he played semi-pro baseball before coming to Plainview and was signed up with the Texas League when a disabled shoulder prevented him from carrying out his contract. He managed the Midland baseball club for two seasons. During his four years of semi-professional and college baseball he has a batting average of over .350.

and its Background

Outside our shop there hangs a sign—displaying a few words—a simple statement of fact. That sign, those few words, are your contact with a vast organization which has contributed, perhaps more than any other company, to the beauty and color of modern American life.

Du Pont—under that name, proud of that name, we carry on the business of making automobiles look like new.

Behind us, constantly supervising and inspecting our work, keeping us posted on the latest style trends and technical developments, is the du Pont organization with its almost limitless facilities for research and progressive experiment.

They have provided us with the du Pont Process, the one best way of applying the one best finish—Duco.

A sign and its background—a few words—yet they can make your car look like one of the latest models. Stop in today for an estimate.

And there are many articles around the home that can be made more beautiful when refinished with Duco.

That heretofore, to-wit, on the 1st day of January, 1928, plaintiff was the legal owner of the South One-third (S-1-3) and North One-third (N-1-3) of Lot No. 3, in Block No. 10, of the Original Town of Midland, as shown by the map and plat of said town, and also was the owner of all of Lots Nos. 2 and 4 in Block No. 12, of said Original Town of Midland, holding and claiming the same in fee simple, that thereafter on said date the defendants entered upon said land and ejected plaintiff therefrom, and are now unlawfully withholding the same from him to his damage in the sum of One Thousand (\$1000.00) Dollars.

Plaintiff further shows to the Court that he and those through whom he derives title has owned and claimed the land above described openly and notoriously, holding the same under a substantial enclosure, occupying and using the same and claiming the same as his own adversely to all the world for a period of more than ten (10) years prior to the filing of this petition, and that by reason thereof he is entitled to a judgment for said land by reason of adverse possession. Plaintiff further says that he and those through whom he derives title has held said land and claimed the same as his own with a deed duly recorded in the Deed Records of Midland County, Texas for a period of more than five (5) years during which time he has paid all taxes thereon as the same accrued and is entitled to judgment for title and possession of said land by reason of the five (5) years Statute of Limitation.

Plaintiff further says that said defendants and each of them claim some right or interest in said land or parts thereof, the exact nature of such claim being unknown to plaintiff, but that same constitutes a cloud upon his title, which he is entitled to have removed.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

D. 1928, then and there to answer a Petition filed in said Court, on the 19th day of March, A. D. 1928, in a suit numbered on the docket of said Court No. 2081, wherein John R. Ives is plaintiff, and Ella J. Ives is defendant. The nature of the plaintiff's demand being as follows, to-wit:

Plaintiff alleges that during the time that he and defendant lived together as husband and wife he was kind and affectionate to her and always provided for her support and maintenance but just a few years after their said marriage, defendant, unkindly of the duties and obligations of her marital vows, began a course of harsh, cruel and unkind treatment toward plaintiff which continued the entire time thereafter until their separation. She would ridicule plaintiff in the presence of their children and tell him he was worthless and that she did not love him and never did and threatened his life and called him all kinds of vile names, but plaintiff continued to live with defendant and put up with said treatment for the sake of their children until they became of age and until they were able and were supporting themselves when said treatment of defendant toward him became unbearable, but some months after the separation plaintiff wrote to defendant and asked her to come back to him, or he would be willing to return to her and he would provide for her the remainder of her life and defendant wrote him refusing to live with him and told him that he had better remain away from her as it would be best for him, all of which treatment caused plaintiff much worry and mental pain and suffering without any cause on his part and that defendant refuses to ever live with him again and that defendant's actions and conduct toward him generally are of such a nature as to render their further living together as husband and wife insupportable, the premises considered.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein to this petition, as the law directs, for a judgment dissolving said marriage relations and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to, etc.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Midland, Texas, this, the 19th day of March, A. D. 1928.

Another Big Well in Hendrick Pool

Another big gusher was added to the Hendrick pool in Winkler county when Southern Crude No. T-67-3 B-1 Hendrick topped the pay at 2,797 feet, was drilled to 2,830 and made a flow of 9,598 barrels in 18 hours, being pinched in after the first hour.

It is said to be the second largest well in the pool on initial production. Flowing 520 barrels in 20 minutes, it showed a rate of 37,440 barrels per day.

The well is in the southwest quarter of section 33, block 26, and is the west offset to the Cranfill & Reynolds No. 1-C Hendrick which recently extended the pool a mile and a half north.

T. S. Hogan is on a business trip to Dallas, San Antonio and other points this week.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by City Drug Store.

FARM FACTS

By H. T. Atkins Jr., County Agent.

The pure-line maize, kaffir, hegari and feterita seed ordered from the experiment station should reach Midland about April 1.

Based on increased yield per acre the pure-line seed ordered last year was worth \$3.00 per acre over best home-run seed and at no extra cost. Figured on the same basis the 2800 pounds to be planted this year should be worth \$4.200 to Midland farmers, at a total cost of \$140. Three hundred per cent on the investment! Can you beat it?

Counted 14 dead ravens Friday from one shot of poisoned corn. Better bring around a gallon or so of shelled corn to trade for mixed poison.

Most farmers are busy bedding and flat-breaking their land. Soil moisture is exceptionally good for the amount of recent rainfall. Cuss it if you will but we have a real farming country after all.

Swat the rooster. Remember you should wait 21 days after all the roosters are removed from your flock before you can sell infertile eggs.

The county agent will hold a demonstration on caponing at the Dick Cowden home Friday morning at 9 o'clock. Better see this done as a few capons will prove profitable.

Marvin Bryant, champion pig club member last year, has just received a letter from a gentleman in Africa regarding pig raising methods he employs. News travels fast and Midland is getting much valuable farm publicity.

Elliott F. Cowden handed the county agent a bug last week to get it identified. It proved to be what is commonly known as the squash bug and is very destructive to squash, melons and cucumbers. No means of poisoning this insect has yet been devised.

A meeting of all farmers interested in dairying will be held in the district courtroom next Monday, April

2, at 2 p. m. The matter of organizing a bull circle will be completed and other important topics taken up. Take time to attend this meeting as it may mean extra dollars to you and your family.

A full list of those getting pure-line seed is as follows: J. C. Miles, C. A. Belieker, W. D. Rayburn, W. F. Myrick, J. A. Arnett, R. E. Van Huss, F. A. Smith, A. T. Bush, M. O. Sadler, J. C. Poag, G. S. Jones, M. R. Hill, W. S. Hudson, W. G. Klebold, D. A. Ray, Wm. Long, P. P. Barber, B. W. Floyd, L. C. Proctor, and S. M. Francis.

Testing of dairy cows for TB. will be continued this week, beginning Thursday morning.

T. J. Miles, B. T. Hale, and I. C. Heald are the latest to join the Infertile Egg Circle. Who will be next?

Any industry can only be as strong as its united membership. This applies in farming as well as everything else. Why not co-operate with your neighbor on common projects and problems? You will find more profit for both of you.

GIST SELLS MANY REGISTERED BULLS

SEVERAL TOWNS REPRESENTED IN PURCHASES FROM MIDLAND HERD

Twenty-one head of registered bulls have been reported in sales by John M. Gist of Midland and Odessa during the past few days, some of them going to Midland and Odessa ranchmen and some to out-of-town buyers. Roy Henderson of Ozona bought 10 head; Lee Satterwhite paid \$1,500 for two; W. F. Cowden paid \$600 for two; four went to the Stowers Estate at Kerrville at \$250, and three to Louis Carl of D'Hanis. The Kerrville and D'Hanis purchases were direct results of the bulls shown by Mr. Gist at San Antonio early this month.

Alpine Man to Open Dude Ranch

Pete Crawford, "the Will Rogers of the Big Bend," ex-U. S. army pack-master, ex-Texas ranger, guide and outfitter for hunting and exploring expeditions into the wilds of the Big Bend and Old Mexico; president of Pete Crawford, Inc., operators of the Valle la Cienega resort south of Alpine—or what have you—returned this week from points in Arizona and New Mexico where he inspected some of the dude ranches now in operation. He visited Tex Austin's resort near Las Vegas, N. M., and the Miller ranch on the Pecos in New Mexico.

Pete will have his resort here opened by the first of June, he said. He recently mailed out several hundred booklets advertising the resort and announcing the 1928 season.

Among the prominent people expected to visit at the ranch this summer is Harry Haynes of Sealy, Texas, who manufactures the famous Haynes mattresses. He couldn't wait for the opening of the season and will be here in about two weeks, Pete said. A promising season is ahead of the Alpine resort, according to Pete.—Alpine Avalanche.

WEST TEXAS IS GROWING

In a trip overland through a portion of West Texas last week the writer saw more growth and progress than he thought was possible—and he takes some pride in keeping up with the development of this section. Hamlets are becoming good towns and good towns are becoming cities, so even a pessimist would be forced to the conclusion that West Texas is yet in its infancy. Sometimes people smile at the claims and projections of the West Texas Chamber of Commerce for the section it serves but every year proof of its claims and hopes mount up in irresistible conclusion and gives promise of the things that are yet in store. The next ten years in West Texas will unfold miracles. Are you prepared and preparing? —Clarendon News.

Son of Midland Founder Writes to The Reporter

Letters like the following are greatly appreciated by the management of The REPORTER. In the first place this letter from an Illinois reader shows what great interest out-of-town people are taking in Midland, and it also expresses frankly what news the reader likes and would like to see in the paper:

Ottawa, Illinois,
March 23, 1928.

Midland Reporter,
Midland, Texas.
Gentlemen:

I am enclosing my check renewing subscription to The REPORTER as I believe my subscription has about expired. If this is not sufficient, I will be obliged if you will kindly advise me.

I am very much pleased with this newsy and enterprising paper, which I assure you is read with a great deal of interest, especially in view of the fact that my father, the late Dr. J. O. Harris, was one of the original founders of your town, being the secretary and general manager of the Midland Townsite Company, who established the town of Midland in 1884, and it is with a great deal of pleasure that I have noted its advancement.

It seems almost incredible that a town the size of Midland should be so progressive as to erect a six-story office building a six-story hotel, besides constructing other small stores and residences and have now, according to information contained in The REPORTER, started to build a 12-story office building. It is certainly such enterprise as this that is responsible for the rapid growth of the city and I believe that Midland has a brilliant future.

It has occurred to me that if you could have a little more information in reference to the oil situation in Midland county, having especial reference to the well started within a short distance of the city limits, it would make your paper of still greater advantage to the outside subscribers.

As myself and other members of our family own quite a number of vacant lots and other property in your city, it is of especial interest to us to receive such information.

With best wishes for the continued progress of your city, I am

Yours very truly,

W. I. HARRIS.

PREPARING COTTON LAND

College Station, March 24. — The land which is to be planted to cotton should be prepared early enough in the spring to allow the seed bed to settle and become firm, and accumulate a supply of moisture, according to D. T. Killough, agronomist of the Texas Agricultural Experiment Station, A. & M. college of Texas. The land should be free of weeds and grass so the young plants will be able to grow off vigorously.

"Experiment Station results have shown that cotton grown in a rotation with other crops has made larger yields and was less affected by disease, principally cotton root rot, than cotton grown on the same land year after year," Mr. Killough said. The land should be well drained and terraced where necessary to prevent soil washing and to conserve moisture. The residue from previous crops, such as cotton and corn stalks, should be plowed under early in the fall to allow them to rot and form humus which is necessary for maintenance and improvement of soil fertility.

The practice of planting cotton with a lister-planter permits effective controlling of weed growth during early cultivation, enabling the

farmer to handle a larger acreage of cotton. Planting in a lister-furrow also allows the development of the roots at a lower depth in the soil, which affords the plants a better chance to withstand prolonged periods of dry weather.

New Lawyer in the J. M. Caldwell Office

Charles Yonge, formerly of San Antonio, is now located in the law of-

fice of J. M. Caldwell, and states that he is highly pleased with Midland and its prospects for becoming a city.

Mr. Yonge formerly lived at Snyder but has been with the claim department of the Southern Pacific lines for some time. He was educated in New York and in the law school at San Antonio.

VICKERS REPORTS SUCCESSFUL TRIP**SECURED FAVORABLE INFORMATION FROM BIG CONCERNS**

Better results than he even hoped for came as a result of a visit of the secretary of the Midland Chamber of Commerce to Dallas and Ft. Worth in quest of wholesale houses and other advantages to Midland, he stated on his arrival home.

Details of matters of interest to Midland people which were learned or arranged for through the trip of the Chamber of Commerce officials will appear elsewhere in this paper, and some other matters not yet completed will be published later.

The secretary saw wholesalers, oil supply house officials, newspapers, officials of the Associated Press, telephone officials, officials of the Texas Power & Light Co. and others concerned with the future of Midland.

"There was one point on which absolutely every man I talked to in Dallas and Ft. Worth was agreed," said the Midland man, "They were perfectly unanimous in picking out Midland as the permanent big city of the oil fields." "To a man the public utility officials, newspaper men and oil officials declared Midland was destined to be the Amarillo, Abilene or Wichita Falls of the Upton, Ector, Crane, Pecos, Winkler, Howard, Andrews, Glasscock and Martin county operations," he added.

Mrs. Curtis Keen of Abilene is here this week, visiting her friend, Mrs. John Dublin.

A Moon, A Ford, and A Parson—Then Sweet Marital Bliss

They married in Eden, they have married ever since; when its apple blossom time in Normandy; when youth meets beauty in Moorish Alhambra of unearthly beauty; when the moon shines down on Scottish Hills; when in old Ireland Patrick meets the colleen; amid northern wheatfields and where the southern oceans of cotton throw fleecy billows against Ozark foothills—they meet and love and visit the parson.

This time it was Miss Josephine O'Brien and John Brookman. The pastor had been fanned by night's sable wing, and over him was steal the poppled warmth of azure hided sleep when he was called to the parking place before the parsonage where the Fords have worn away the grass and the sand is kept trembling by witnesses.

It was night but there were no stellar embroideries nor silver tinsels of lunar light. Invisible fingers had hung the tapestries of night and scattered the stars, the forget-me-nots of the angels, but all was hid by the low-flying clouds that driven by cold wind whined through the leafless trees hurried from horizon to horizon. The words were short and sweet and the marriage was complete, and in a pair of moments they were speeding down the street, the Ford motor sounding like fairies walking on the violets.

It was night and only a distant phantom light shone to beckon them and assist me—the fee (which we have decided to mention no more) was the largest I have ever received since I began preaching. All's well that end's well. May the benediction of the invisible world also be on them.

T. O. Rorie.

CAR

Before You Buy Any Make of Automobile, let us show You Today's Ford Car

You may consider that you know the Ford car. You may have been a Ford owner for years and think you are familiar with the splendid satisfaction which the Ford gives, and yet unless you have made it a point to examine the Ford Car as it is built TODAY—to drive it and note its improved performance—relax in it over rough roads, and experience the increased comfort which it affords, and learn of the many recent improvements, you do not know the Ford Car as it is built today.

Many of the new Ford Car features are obvious—balloon tire equipment—wire wheels—pyroxlin finish—a choice of colors—improved upholstery, etc., but the big satisfaction to you, as the owner of today's Ford Car is to be found in the way in which it will fulfill your expectations of what a modern car should be. You will be amazed at the increased power resulting from the new Vaporizer, the smoother engine operation, the increased gasoline mileage, the improved riding qualities, and above all in the way in which this car handles and performs in traffic and on the road.

In short, you must drive a new Ford Car to be a fair judge of present day motor car values. We invite your inspection of Today's Ford Cars.

Silver Grill Cafe Opened Last Monday

The Silver Grill Cafe opened Monday morning in the new building just back of the City Grocery, facing the highway. It is owned and operated by Gus Theodore, Frank Caprani, and Pete Saoris.

These gentlemen also operate a large cafe in Amarillo, but expect to concentrate their business here eventually.

They are said to be experienced restaurant men, and state that they are well pleased with their Midland business. The cafe has new equipment throughout, and will seat about fifty people. The counter is horse-shoe style, with everything conveniently located for quick service.

White-Loveless

"Hear the merry wedding bells, Wedding bells; What a word of merriment their melody compels. Wedding bells."

The passing of another March day brought to the door of the Methodist parsonage a handsome gentleman by the name of Thomas R. White and Miss Verda Loveless, with the look of marriage in his eyes and the delight in hers. The preacher hastened to the task that ended by making two souls beat as one.

He is an employee of the Gulf Oil Company, on the Gulf McElroy lease. They will make their home there. Rev. T. O. Rorie returned his papers to him properly signed and he sped away in his coupe. The fee was a giant one.

Texas Stadium Improved
Austin Tex., March 24.—When loyal ex-students return next year to see the Longhorn eleven do battle, they will find the surroundings of the enclosure of the University of Texas memorial stadium greatly improved. At present flower beds are being laid out, and about \$700 worth of shrubbery will be placed in various sections of the grounds. New drains for the track and grounds are being dug. A new road to the two main entrances is also being constructed. A flag pole will soon adorn the main entrance.

John F. Epley was a business visitor from Stanton Tuesday.

Odessa Furniture Co. To Have Opening 4th

According to Dr. J. D. Young, the formal opening of the Odessa Furniture Company, operating under the same ownership as the Home Furniture Company here, will be held April 4th.

The building is being constructed by McClintic Bros. of Midland and will soon be ready for occupancy.

R. C. Montgomery, who will manage the Odessa store, was in Midland this week assisting in the opening of the local store.

May Land Branch Of Produce House

Midland is to be thoroughly investigated as a point for a wholesale produce house and wholesale grocery, according to promises made to the Midland Chamber of Commerce when a representative of that organization met with officials of the concerns in Ft. Worth. It is not definitely known, however, that any of these concerns will come to Midland. They are being sought to more firmly establish Midland as a wholesale jobbing center for the oil fields of this territory. These officials are expected in Midland this week.

Midland is on Texas & Pacific Railway. Go to bed in Ft. Worth, wake up in Midland. Midland is on paved Bankhead Highway.

Midland has two bus lines daily to oil fields and to McCamey, Rankin, Crane City, and Odessa.

Midland will complete about April 1 new laned, graded direct road to Crane Oil Fields.

Midland has graded roads to Rankin thence to Pecos County Field.

Hotels
Midland has a hundred room modern hotel and several smaller hotels. New Scharbauer Hotel of 150 rooms 150 baths to start by April 1.

Homes
Four city additions are being sold in Midland. Twenty-seven new houses are under construction and more than score of others to start in few days.

Schools
New \$150,000 high school building with 27 1-2 credits with University of Texas. Three ward schools. One of the highest ranking school systems in Texas.

Conveniences
Municipal sewer system, municipal water works, contract let to pave all business streets. Ice plant ice cream factory, light plant, laundry, modern stores.

Permanency
Midland is the choice city of all people wishing to have their families located in best town near oil fields. Better schools, churches, homes, water, sanitary insurance, moral atmosphere.

In addition to leadership as oil town, investors can permanently go into business here, because of Midland's leadership as cattle town, district trading center and agriculture. Only one-tenth of Midland County farm land now under plow. Midland farm products won many first prizes at Dallas and Abilene fairs past three years. Midland will always be a good city, substantially built long after boom towns have faded into oblivion.

Wholesalers' Logical Point
Midlands location as center of trade for Crane, Upton, Winkler, Pecos, Andrews, Martin, Glasscock, Gaines, and Dawson Counties, makes Midland the logical headquarters for all wholesalers and jobbers, as well as oil well supply houses and oil company headquarters. Seven oil companies have headquarters here now and others will come when Midland's new 5 story office building, on which bids are now being advertised for, is completed.

Midland's three state highways, main line railway, direct oil field road and numerous lateral roads give this city a strategic location as a jobbing and oil well supply center.

The fact that Midland is not the typical boom, shack oil town, but is the Amarillo, Abilene or Wichita Falls of the oil territory makes this city the sensible location for all permanent jobbing and manufacturing industries.

Write Midland Chamber of Commerce for further information.

The pastor is especially thankful of the large number of Methodist who come in from near the city; and some from some distance to services. It is commendable in people to reveal to the world that distance and inclement weather cannot keep them from the church of God.

We are also very thankful for the large number of oil people and other new comers who attend our church. There is a welcome there for everyone. It is not our house, it is God's house and everyone has equal rights. There were 16 visitors at Sunday School.

The young people are planning entertainments and the Board of Stewards met and drew up plans for the beautification of the church property.

Seems To Be Open Season On Editors

"EDITOR STRANGLED," "WEEKLY EDITOR BEATEN," and similar headlines graced the front pages of daily papers one day this week, and such news naturally creates a peculiar feeling in the sanctum sanctorum. It looks as if editors will eventually have to have body guards like presidents and important people.

T. And P. Plans Depot Improvements

Improvements at the Texas & Pacific Railway Passenger station and depot in Midland are being planned according to an announcement made by President J. L. Lancaster to a representative of the Midland Chamber of Commerce who conferred with Mr. Lancaster in Dallas last week with reference to various matters of mutual concern to Midland and the railway company. Exact nature of the improvements have not been fully determined.

Mr. Lancaster said he would be willing to come to Midland to make a speech next time a barbecue was given on a date he could leave his office.

C. Of C. Has New Free Literature

Business men of Midland are invited to call at the Chamber of Commerce office for pieces of the new literature issued by the organization. The literature sets forth Midland's claims to being the oil field headquarters city for Upton, Crane, Ector, Winkler, and Pecos counties.

Points emphasized include Midland's leadership as a transportation center, hotels, schools, homes, city conveniences, permanency because of potential oil and gas nearer than the present fields and because of the undeveloped farming territory and cattle wealth, and Midland's strategic location as a focal point for wholesale and jobbing business.

Anyone who will mail these pieces of literature out in letters to their friends or to possible investors may have them free of charge.

Auto Supply House To Open In Midland

The Williams Auto Supply of Slaton is moving to Midland, and will open a wholesale house in the W. H. Brunson building, with D. E. Carter. The company handles tires and auto parts, specializing on Pennsylvania and Racine tires, according to Mr. Williams, who was in Midland Tuesday.

Mrs. H. E. Cummins and Ed Cole and family were in from the ranch the first of the week.

R·P·M· & Power

YOUR motor is designed to deliver a certain number of revolutions per minute to give maximum power and response under all conditions.

But as carbon forms, that "knock" occurs. The motor revolutions drop—and you lose power on hills and pick-up in traffic.

Conoco Ethyl Gasoline knocks out that "knock." What's more, the carbon (which causes the "knock") becomes a means of power because carbon increases pressure—and increased pressure means increased power. Conoco Ethyl Gasoline performs perfectly under this increased pressure.

So fill the tank with this revolutionizing fuel at the nearest sign of the Continental Soldier—and get extra knockless miles in spite of carbon.

THE STRAY COLUMN

By H. B. Dunagan, Jr.

The Nicaraguan Situation from the Viewpoint of a World Famous Authority on the Question.

Yesterday had the privilege of hearing Dr. Charles W. Hackett, Texas University professor, speak for over an hour on the Nicaraguan affair. Dr. Hackett was introduced as being the foremost authority on the subject in the world. At least he is one of the very select. He has traveled extensively through Central America and is well acquainted with the people, their customs, lives and government. He has had access to documents and information that only a few others have seen. In his research Dr. Hackett has not only unearthed a great mass of official and authoritative opinions and documents but has also collected clippings from every newspaper of importance in the world, New York papers, London, Paris, Santiago Chile, Madrid and others too numerous to mention. He has the opinions of many large organizations acting as a body such as the American Federation of Labor, church unions etc. The attitudes of many prominent American statesmen, college presidents, educators, and others are shown in the material collected by Dr. Hackett. He has a veritable library of information on the subject.

It is the opinion of Dr. Hackett that the United States is pursuing a policy of imperialism in regard to Nicaragua. His reasoning is lucid and quite disturbing to anyone who has a stubbornly set mind that the present administration under Coolidge is acting correctly and justly.

In 1907 U. S. Marines were sent to Nicaragua because of international trouble which was soon adjusted. The Marines were withdrawn. In 1909 Diaz, a \$1000 per year clerk in the employ of an American mahogany firm, started a revolution which eventually resulted in his becoming president. He contributed \$800,000 to the revolution on a \$1000 salary. In 1912 U. S. Marines were again sent to Nicaragua to uphold the Monroe Doctrine and to keep Diaz in office. The people had revolted against him. Diaz was not a liberal. The Liberals constitute three fourths of

the voting strength of the little central America country. Diaz bought his office and the Marines were keeping him in. Nicaragua was not a democratic country—U. S. was the ruler.

After a year or so Diaz became hard up for money. He offered to sell U. S. the canal rights through Nicaragua for three million dollars. U. S. accepted with alacrity. Nicaragua and U. S. violated international law by signing the canal treaty because Nicaragua did not have the right to sell the canal route as it was named. On the eastern coast the route was to start up a river which for forty miles was the international boundary between Nicaragua and Costa Rica. Diaz sold the rights of the whole river to U. S. although he had control over just half of it. On the western coast the canal route opened into a circular bay with only a narrow strait as an opening to the ocean. Nicaragua held the north side of the bay, Salvador the center, and Honduras had the south side. The two latter countries protested that Nicaragua did not possess the right to sell to a foreign power her part of the bay because of the narrow outlet which had to be used jointly. Their claims together with those of Costa Rica were submitted to the Central American Court of Justice resulting, of course, in adverse decisions in both cases against Nicaragua and U. S.

U. S. Marines were kept stationed in Nicaragua from 1912 until 1925. In 1925 the insistence by her people for an election for president was so strong that U. S. was forced to pay more attention to it. Accordingly an election was held. The Liberals were returned to power by a clear majority over two other contesting parties. Juan Sacasa, leader of the present revolt, was named vice president. The Marines were withdrawn.

All went smoothly for a few months. Then the Diaz faction instigated another revolution. The Marines were sent back. Diaz received aid from the American soldiers. Sacasa and his council were forced to flee the country. Sacasa has since been trying to get back into power. He was, and still is, clearly the choice of the Nicaraguan people. But American money through the mahogany company and others plus American marines has placed Nicaragua in a bad way. And some still maintain with an air of virtuous innocence that U. S. did not send the Marines to Nicaragua for economic reasons. U. S. has not and is not trying to do the right thing. Nicaragua needs to be left alone. Sacasa is really the rightful leader of Nicaragua.

It does look like a case of American imperialism. And Dr. Hackett makes it clear that the United States must not become imperialistic. He gives two reasons. First, imperialism leads to compulsory military training of all men, consequent wars, and probability of extinction. Second, U. S. today is hated by practically every civilized nation on the face of the globe and a policy of imperialism would only tend to heighten that feeling.

It is the opinion of Dr. Hackett that U. S. is facing one of the gravest crises in her history. The right treatment of the Nicaraguan affair would do much towards re-instating U. S. in the good will of the family nations.

Big Tent Theatre Here All Next Week

Brunk Comedians, under the personal management of Fred G. Brunk, will open a week engagement in Midland March 28 showing on the lots across the street from the Light Plant two blocks east of Main Street on the highway.

This season Mr. Brunk is bringing his own company to Midland for the first time. Several of Mr. Brunk's companies have played Midland and now Mr. Brunk thinks Midland has increased in population enough to bring his own big company of over 30 people here.

Mr. Brunk buys plays and hires actors for several companies but keeps the best for his own company, and he has the following line of plays for next week in Midland "Why Men Leave Home," "Money Mad," "Three Wise Fools," "The Family Upstairs," "The Mad Honeymoon," "Just Married," "The Unmarried Mother," and "Gildstein and Murphy."

The opening play for Monday night will be Avery Hopwoods, late New York comedy drama "Why Men Leave Home" and it will be presented here just as it was played at the Broadhurst Theatre in New York for one solid year.

Jerry Barnes and his eight merry melody makers, a feature orchestra of high class union musicians, said to be one of the best orchestras west of Fort Worth, are with the popular company so those who attend are assured a real musical treat.

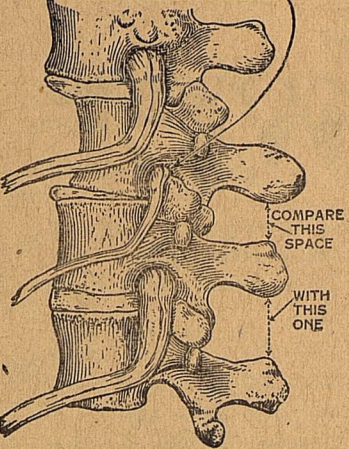

Plays, vaudeville, and music will be changed every night with high class vaudeville between every act.

The huge tent theatre is one of the best equipped of any on the road. At the present time seats for almost 2000 people are carried and in case of cool or cold weather the big tent is well heated with underground furnaces.

The doors will be open each evening at seven fifteen, the orchestra will play at eight and the curtains will be raised promptly at eight fifteen.

WEST TEXAS NEWS

McCamery—Construction is under way by the Orient Railroad on additional storage trackage. When completed the capacity of the Orient's yards will be increased 175, making a total capacity of 1,010 cars.

Sweetwater—At the suggestion of the West Texas Chamber of Commerce, Judge W. C. Crane has suggested the name of Tonkawa Hills for a picturesque wooded range extending toward Buffalo Gap. The name suggested would perpetuate a tribe of friendly Indians who aided the pioneer Texas plasmers against the Comanches. Manager Wade has been asked to lend support of the West Texas Chamber of Commerce in securing legislative designation of the name "Tonkawa Hills."

Chillicothe—Five new brick buildings are being erected by Wofford Brothers, west of the Touchstone & Lincoln Motor Company. The contract let to J. K. Stuckey, calls for a modern fire proof tile and concrete building to be 115x80 feet. This makes a total of 13 brick and concrete business houses to go up in Chillicothe in the last three years.

Jeff Davis—The Jeff Davis County

Chamber of Commerce has been organized with more than forty paid members. A membership of 75 expected before complete organization. One of the first official acts of the newly formed body was to take out five memberships in the West Texas Chamber of Commerce.

Wichita—Falls—Scores of towns are already sending in their names promising to bring large delegations to the annual convention of the West Texas Chamber of Commerce to be held here May 16 and 17. Active interest in the part to be played in the mammoth pageant of nations is displayed. Lots are to be drawn by the various towns who will send delegations to see what nationality they will represent in costume, colors, and flags in the huge pageant.

Lefors—Contract has been let for the construction of a modern sanitary water and sewer system here, and work has already begun.

Slaton—Plans for installing a new and modern common battery plant or flashlight system for improved telephone service in Slaton are announced by officials of the Southwestern Bell Telephone Company, Dallas.

Crosbyton—Crosbyton promises to rival Baird as banner district convention city. Plans underway for the South Plains District Convention to be held here April 7 indicate a record attendance.

Express Company To Have Full Delivery

Full day delivery service has been re-instituted by the American Railway Express Company in Midland partial service for the past 18 months. The full day service promises relief from a situation which has caused much annoyance to Midland business men.

The improved service came as a result of the matter being taken up with the express company by the Midland Chamber of Commerce. At suggestion of Addison Wadley, dry goods merchant of Midland, the Chamber of Commerce gave the express company data and emphatic statements about the heretofore unsatisfactory service, pointing out that the condition was through no fault of Manager Voliva whatever. The improved service came less than a week later. Manager Voliva's conduct of the business was praised.

Mr. and Mrs. Yates Brown arrived Monday night to attend the Sunday School and B. Y. P. U. Convention. Mr. Brown was director of music on that occasion. Mrs. Brown, formerly Miss Ann Wall of Midland, was busy greeting her many friends here.

No. 1967.
C. A. and Harry McClintic vs. Patty and Wandell, et al, in the District Court, Midland County, Texas.

The State of Texas to the Sheriff or any Constable of Midland County, Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Midland once in each week for four (4) consecutive weeks previous to the return day hereof, you summon the members of the co-partnership known as Patty & Wandell, et al, also the stockholders and directors of the Midland Town Company, a defunct corporation, all of whom are unknown; also the Midland Town Company, a corporation formerly duly incorporated under the laws of the State of Texas; all of whose residences are unknown to plaintiff, to be and appear at the next regular term of the District Court of Midland County, to be holden at the Court House thereof, in the City of Midland, on the 10th Monday after the first Monday in February, A. D. 1927, the same being the 18th day of April A. D. 1927, then and there to answer a petition filed in said Court on the 17th day of March, A. D. 1927, in a suit, numbered on the Docket of said Court, No. 1967, wherein C. A. and Harry McClintic are plaintiffs and the members of the co-partnership known as Patty & Wandell, et al, whose names and places of residence are to the plaintiffs unknown; also the stockholders and directors of the Midland Town Company, a defunct corporation, whose names and places of residence are also to the plaintiffs unknown; also the Midland Town Company, a corporation, formerly duly incorporated under the laws of the State of Texas, but whose place of residence is also now to plaintiffs unknown, are defendants; the nature of plaintiff's demand being substantially as follows, to-wit:

Sat in trespass to recover Lot 20, in Block 54, original Town of Midland, Texas, plaintiffs alleging they hold said title by direct chain of conveyances from the State of Texas as follows: Patent from the State of Texas to Texas and Pacific Railway Company, dated February 5, 1882; Deed from Texas and Pacific Railway Company to the Midland Town Company, dated March 8, 1884; deed from Midland Town Company to Patty & Wandell, et al, dated May 20, 1884; deed from T. J. Patty to C. B. Wandell, et al, dated May 16, 1885; deed from C. B. Wandell, et al to S. E. Elliott, dated March 2, 1903; deed from S. E. Elliott to S. O. Richardson, December

13, 1906; deed from S. O. Richardson to Charles L. Sinclair, Dec. 20, 1906; deed from Charles L. Sinclair to plaintiff, dated March 3, 1927.

Also setting up and claiming title by five years adverse possession paying taxes, and also setting up and claiming title by 10 years adverse possession.

Herein fail not, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Midland, and issued, this 17th day of March, A. D. 1927.

Witness, J. M. Shelburne, Clerk of District Court in and for Midland County, Texas.

McCullough if living, and if not living, then the unknown heirs, devisees or legatees of the said J. J. McCullough, deceased; R. H. Zane if living, and if not living, then the unknown heirs, devisees or legatees of the said R. H. Zane, deceased, are Defendants. The file number of said suit being No. 1970.

The nature of Plaintiff's demand is as follows, to-wit:

Plaintiff alleges that heretofore, to-wit, on or about the 15th day of March, 1927, he was seized and possessed of the title to Lots Numbers Twenty, Twenty-one and Twenty-three in Block Number Fifty-one of the Original Town of Midland, Midland County, Texas, and that the defendant and each of them are claiming or asserting some kind of title to said premises, but without being in possession thereof. That the plaintiff and those under whom he holds have had quiet, adverse and peaceable possession of the said property under deeds duly recorded, for a period of more than five years next

last prior to this date, paying taxes thereon under deeds not forged and duly registered, and that the Plaintiff herein and those under whom he holds have had quiet, adverse and peaceable possession of the said property for more than ten years next prior to the date of the filing of this suit, and that he holds and claims the said property under and by virtue of the statute of five years limitation under recorded deed, and also under the statute of ten years limitation.

Plaintiff further alleges that he and those under whom he holds have had quiet, adverse and peaceable possession of the said premises for a period of more than twenty-five years preceding the filing of this suit, and that he therefore claims title under the statute of twenty-five years limitation in such cases made and provided.

Plaintiff alleges that the nature of the claims of the defendants are in most instances of non-joinder of wives in the transfer of the property more than twenty-five years ago, and that as to Lots Numbers 21 and 22 hereinabove sued on, he especially sues J. H. Moore if living, and if not living, then the unknown heirs, devisees or legatees of the said J. H. Moore, deceased, in order to complete the chain of title to the said property and that as to Lot No. 23 this suit is brought against Joe Quion or his unknown heirs, devisees or legatees in order to complete the chain of title therein.

Plaintiff prays that citation issue as in such cases made and provided, and that upon final hearing hereof he have judgment annulling and setting aside any claims which the defendants or any of them may have in and to the said property, and that the title to said property be confirmed in him, and that his title by limitation of five, ten and twenty-five years be established and for all other relief, general and special, legal and equitable, to which he may be entitled, and as in duty bound will ever pray.

You are further commanded to serve this citation by publishing the same once in each week for four successive weeks previous to the return day hereof, in a newspaper published in your county; but if no newspaper is published in said county, then in the nearest county where a newspaper is published.

Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness J. M. Shelburne, Clerk of the District Court of Midland County.

Given under my hand and the seal of said court, in the city of Midland, this 17th day of March, A. D. 1927.

J. M. Shelburne, Clerk of the District Court of Midland County.

Issued this the 17th day of March, A. D. 1927. J. M. Shelburne, Clerk of District Court of Midland County.

Prayer Meeting Wednesday eve at 7:30. You are invited to attend all of our services.

Over Twenty Towns In Congress Of Nations

Wichita Falls, Texas—More than twenty cities in West Texas are planning to be in Wichita Falls for the West Texas Chamber of Commerce Convention prepared to represent some foreign nation and to carry out the idea of the Congress of Nations. Advices to this effect have been received by the Convention Department of the Wichita Falls Chamber of Commerce. A number of other cities or towns are expected to come to represent some foreign nation and to dress in correct costumes. This will make the parade, it is believed, one of the most colorful of the kind ever held in the United States.

Some of the cities which have agreed to send their representatives in costumes of some foreign country are as follows:

Paducah, Olton, Spur, Amarillo, Olney, Abernathy, Lubbock, Turkey, Vernon, Waco, Shamrock, Chillicothe, Haskell, Stamford, Crowell, Memphis, Cisco, Seymour, Graham, Brokenridge, Childress, Plainview, Fort Worth, Ranger, Sweetwater, and Abilene.

Wichita Falls, Texas—Governor Henry S. Johnson of Oklahoma has tentatively accepted the invitation of the Wichita Falls Chamber of Commerce and the West Texas Chamber of Commerce to attend the ninth annual convention of the West Texas organization to be held here May 16 and 17. He will deliver a brief address on the first day of the convention. Governor Moody accepted the invitation several weeks ago. He too will deliver an address. Governor Dillon of New Mexico has been invited, but his acceptance has not been received.

Indications are that the convention will be the largest attended in the history of the organization. More than twenty committees representing the Wichita Falls Chamber of Commerce are actively at work in making the program practically completed and will be announced within a few days.

\$5,000 has been designated for the band contest which is expected to draw between 75 and 100 bands, making this feature the biggest contest of the kind ever held in Texas.

Card of Thanks

I wish to thank the people of Midland and surrounding community who were so generous in their donations toward paying my hospital expenses. The response shown to my need is proof of the splendid spirit that exists here.

Vickers Interviewed In Various Papers

Five interviews with five different daily newspapers in Fort Worth and Dallas gave Midland publicity on a visit of Secretary Paul T. Vickers of the Midland Chamber of Commerce to those cities last week. This came on top of, for example, a total of 12 newspaper articles and three pictures from Midland in only one Sunday's issue of the Star-Telegram, Dallas News and Abilene Reporter.

Arrangements were also made whereby special articles with pictures will be submitted by the Associated Press to 1,200 newspapers in the United States and Canada. This will be at no cost to Midland.

GRATEFUL---

We are, indeed, very very grateful for the wonderful approval and ovation given us by the citizens of Midland and surrounding country during the opening of our store, Monday, Tuesday and Wednesday.

People from city, country and neighboring towns thronged our store the opening days. A conservative estimate places the number of visitors at 2500.

Hundreds expressed approval and appreciation of stock, quality and price. We have spared neither money, time nor labor in making this the most up-to-date furniture store in West Texas, and believe our efforts will be appreciated and supported.

Remember you are always welcome at this store whether you want to buy or look. We have many beautiful things arriving daily, and invite your inspection often.

Rankin Ready To Work With Midland

Rankin people are expecting Midland to be the great headquarters city of the oil fields to the south and west, they told an official of the Midland Chamber of Commerce Monday. Leaders among the Rankin business people said they realized now more

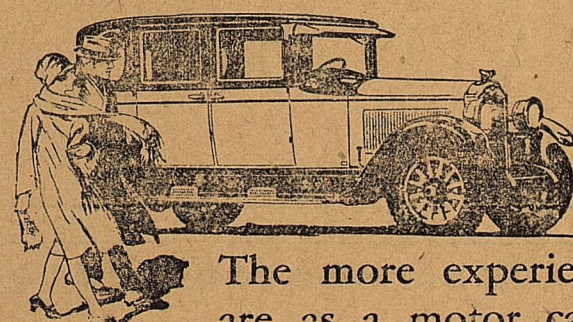

than ever before that cooperation between Midland and Rankin was the best way to build the two towns.

The visit to Midland and other oil field towns was made by the Chamber of Commerce representatives to assist Ellis Howell in promoting the interests of the bus service operating from Midland.

Home Furniture Co. Has Fine Opening

From 2,000 to 2,500 people attended the opening of the Home Furniture Company Monday, Tuesday and Wednesday, according to Dr. J. D. Young, head of the business, and he states that he is highly pleased with the appreciation shown by the people of Midland and vicinity.

Mr. Upham, the manager, stated also that he received many statements from visitors, complimenting the display of goods, the prices and the service of the store.

Features of the display included rugs varying in price from fifteen

cents to \$850, bed rooms suits from \$97.50 to \$425.00, with other articles in equal ranges of price.

The interior of the store was beautifully and artistically decorated, with a well selected group of pictures and mirrors hanging on the walls.

The Victrola department furnished music for the occasion, and was continually a center of attraction.

MANY TOWNS PLAN CLEAN-UP WEEK

SPECIAL FEATURES FOR STATE
WIDE EVENT APRIL
3 to 9

Austin, Tex., March 24.—Many towns and communities are planning special features for clean up week, April 3-9, according to information received by Dr. J. S. Anderson, state health officer. These features include cleanest town, beautiful yard contest pure food shows, health poster exhibits, birth registration campaigns, and better baby contests.

The Federated Women's Clubs are sponsoring "cleanest town" contests in both Hill and Harrison counties, this being an annual event in the former country. The civic league of Pearsall has announced that it will sponsor a "beautiful yard" campaign with the winners announced following the last judging which will be November 15th.

PRIZES BEING OFFERED
In a number of towns, cash prizes as well as honor awards are being made in order to stimulate interest in clean up activities for this week. In the city of Comanche, civic organizations are offering awards totaling \$175.00, while a number of towns report smaller cash prizes to be awarded for the most beautiful yards.

A valley-wide pure food show will be held at Harlingen in conjunction with a baby show, a large number of premiums being offered in both contests. The Civic League of Navasota is sponsoring a "health poster" contest among the school children, while at Port Arthur, a clean up for all vacant lots will be conducted under the direction of Boy Scouts. Galveston also reports an all-embracing campaign for the beautification of the city to be held under the auspices of the Women's Civic League and the Lions Club.

Day Of Entertainment For Dads and Mothers

Austin, Tex., March 24.—A day full of entertainment has been arranged for the parents of University of Texas students who will be visiting on the campus on Dads and Mothers Day, Monday, March 28. One of the features of the day will be the baseball game between the Texas Longhorns and the Southern Methodist University team, for which the dads and mothers will be presented complimentary tickets, according to Burt Dyke of the Campus Advisory Committee in charge of the plans.

Following the registration in the morning of the dads and mothers present for the day, members of the Cowboys and Orange Jackets will escort them about the campus to various places of interest. Parents are invited to visit any classes they may care to. Between 11 and 12 o'clock in the morning an all-around University program has been arranged for the parents of University students.

For those who wish to attend a special luncheon has been arranged. A program will be put on by the University at that time also.

Complimentary tickets to the only Austin appearance of the Longhorn Band and the Varsity Entertainers will be given the parents for the concert on the night of March 28, Dyke said.

An invitation to come to the University of Texas campus for the observance of Dads and Mothers Day has been extended to parents of University students by President W. M. W. Splawn.

The White House is to be reconstructed to a considerable extent, although a number of excellent gentlemen would consent to live in it just as it is.

T. R. Pridaux Lumber Co., Inc., vs. H. R. Vantine, et al. in the District Court, Midland County, Texas.

The State of Texas to the Sheriff or any Constable of Midland County, Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Midland once in each week for four consecutive weeks previous to the return day hereof, you summon H. R. Vantine, and H. R. Vantine, if living, but if not, the unknown heirs, executors, administrators, legatees, and devisees of the said H. R. Vantine and H. R. Vantine, whose residences are unknown, to be and appear at the next regular term of the District Court of Midland County, to be held at the Court House thereof, in the City of Midland, on the third Monday in April, A. D. 1927, the same being the 18th day of April, A. D. 1927, then and there to answer a petition filed in said Court on the 17th day of March, A. D. 1927, in a suit, numbered on the Docket of said Court, No. 1972, wherein T. R. Pridaux Lumber Company, Inc., is plaintiff, and H. R. Vantine and H. R. Vantine, if living, and if not, the unknown heirs, executors, administrators, legatees and devisees of the said H. R. Vantine and H. R. Vantine, are defendants; the nature of plaintiff's demand being substantially as follows, to-wit: That plaintiff is lawfully seized and possessed of the right and title to Lots 3, 4, 5, 6, and 7, Block 52, Original Town of Midland, and defendants H. R. Vantine et al., are asserting claim to same by virtue of deed dated April 16, 1894, executed by J. P. Collins and A. R. Hawkins, to T. L. Wright and H. R. Vantine, that error was made by the clerk recording the deed spelling the grantee Vantine's name as Valentine; that in truth and in fact said grantee's name was in the original deed H. R. Vantine, and that in deed recorded in Book 11, page 155 Deed Records of Midland County, Texas, H. R. Vantine and T. L. Wright conveyed Lot 4, Block 52 to J. R. Johnson and the clerk erred in copying said deed in that the record shows the grantors to be H. R. Wright and T. L. Vantine, but in truth the original deed was duly signed H. R. Vantine and T. L. Wright.

Herein fail not, but have you before said Court on the first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Midland, Texas, this 17th day of March, A. D. 1927.

Witness, J. M. Shelburne, Clerk of District Court in and for Midland County, Texas.

The State of Texas. To the Sheriff or any Constable of Midland County, Greeting:

You are hereby commanded to summon Neal J. Gillis, if living, and if not living, then the unknown heirs, devisees or legatees of the said Neal J. Gillis, deceased and J. O. Hartzog, if living, and if not living, then the unknown heirs, devisees or legatees of the said J. O. Hartzog, deceased, to appear at the next regular term of the District Court of Midland County, to be held at the courthouse thereof, in the City of Midland, on the 18th day of April, 1927, the same being the first day of the regular April term thereof, then and there to answer the Plaintiff's Petition filed herein on the 17th day of March, A. D. 1927, wherein B. R. Stringer is Plaintiff and Neal J. Gillis if living, and if not living then the unknown heirs, devisees or legatees of the said Neal J. Gillis, deceased and J. O. Hartzog, if living, and if not living, then the unknown heirs, devisees or legatees of the said J. O. Hartzog, deceased, are Defendants. The file number of said suit is No. 1971. The nature of Plaintiff's demand is as follows, to-wit:

Plaintiff alleges that heretofore, to-wit, on or about the 15th day of March, 1927, he was and still is the owner of Lots 14 and 15 in Block No. 51 of the Original Town of Midland, Texas, as per the map or plot thereof duly recorded in the Deed Records of Midland County, Texas, holding, using and enjoying the same under and by virtue of recorded deeds for a period of more than five years, next prior to the filing of this suit, and that the defendant and each of them are apparently claiming or asserting some kind of title to the premises but without being in possession thereof. That this plaintiff and those under whom he holds have had quiet, adverse and peaceable possession of said property, using and enjoying the same under deeds duly recorded for a period of more than five years next prior to this date, paying the taxes thereon, the same being deeds not forged and duly registered. That the deeds under and by virtue of which he holds as follows, to-wit:

A deed from W. L. Bingham to Griffin and Banks, dated March 5, 1907, recorded in Deed Book 14, page 458 of said Deed Records of Midland County, Texas.

A deed from C. M. J. Stringer to B. R. Stringer, Plaintiff herein, dated February 27, 1907, recorded in Deed Book 14, page 458 of said Deed Records of Midland County, Texas.

A deed from C. M. J. Stringer to B. R. Stringer, dated January 2, 1922, and recorded in Deed Book 30, page 374 of the Deed Records of Midland County, Texas.

A deed by L. L. Stringer and wife to B. R. Stringer, Plaintiff herein, dated February 28, 1927, and recorded in Deed Book 36, page 60 of the Deed Records of Midland County, Texas.

Plaintiff further says that he and those under whom he holds have had quiet, adverse and peaceable possession of the said property for more than

ten years next prior to the date of filing this suit, and that such possession has been adverse to the defendants herein and to all the world, and that he claims the title to said property by virtue of the statutes of five and ten years limitation as in such cases made and provided.

Plaintiff prays that citation issue as in such cases made and provided, and that upon final hearing hereof he have judgment annulling and setting aside any claims that the defendants of any of them may have in and to the said property, and that his title to said property be confirmed in him by the limitation of five and ten years, that the same be established and that he have all other relief, general and special, legal and equitable, to which he may be entitled and as in duty bound will ever pray.

You are further commanded to serve this citation by publishing the same once in each week for four successive weeks previous to the return day hereof, in a newspaper published in your county, but if no newspaper be published in said county, then in the nearest county where a newspaper is published.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness J. M. Shelburne, Clerk of the District Court of Midland County.

Edd and R. B. Cowden vs. E. N. Waldrep et al. in the District Court, Midland County, Texas.

The State of Texas to the Sheriff or any Constable of Midland County, Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Midland once in each week for four consecutive weeks previous to the return day hereof, you summon E. N. Waldrep, if living, and if not, the unknown heirs, executors, administrators, legatees and devisees of the said E. N. Waldrep, whose residence is unknown, to be and appear at the next regular term of the District Court of Midland County, to be held at the Court House thereof, in the City of Midland, on the third Monday in April, A. D. 1927, the same being the 18th day of April, A. D. 1927, then and there to answer a petition filed in said Court on the 17th day of March, A. D. 1927, in a suit, numbered on the Docket of said Court, No. 1969, wherein Edd Cowden and R. B. Cowden, are plaintiffs, and E. N. Waldrep, if living, and if not, the unknown heirs, executors, administrators, legatees and devisees of the said E. N. Waldrep, defendants, the nature of plaintiff's demand being substantially as follows, to-wit:

That plaintiffs are lawfully seized and possessed of the right and title to Lot 4, Block 36, Original Town of Midland, and the defendants E. N. Waldrep, et al., are asserting some character of claim to same by virtue of 2 deeds recorded in Book 1, page 457, and Book 1, page 459, Deed Records of Midland County, Texas. That defendants claim, though inferior to plaintiff's right and title casts a cloud upon plaintiff's title. Plaintiffs allege that he and those under whom they claim have had quiet, peaceable, continuous and adverse possession of said property enjoying all the fruits and revenues of the same, and paid all the taxes for more than ten years preceding the filing of this suit, and has held continuous and adverse possession under a chain of title duly recorded for more than twenty-five years preceding the filing of this suit.

Herein fail not, but have you before said Court on the first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Midland, Texas, this 17th day of March, A. D. 1927.

Townsend, if living, and if not, the unknown heirs, executors, administrators, legatees and devisees of the said John S. Townsend, are defendants; the nature of plaintiff's demand being substantially as follows, to-wit:

That plaintiff is lawfully seized and possessed of the right and title to Lot 19, Block 67, Original Town of Midland, and defendants John S. Townsend, et al. are asserting claim to same by virtue of two deeds recorded in Book 4, page 79 and Book 7, page 335. That the defendants claim though inferior to plaintiff's right and title casts a cloud upon plaintiff's title. Plaintiff alleges that he and those under whom he claims has

had quiet, peaceable, continuous and adverse possession of said property, enjoying all the fruits and revenues of the same and paid all the taxes for more than ten years preceding the filing of this suit and has held continuous and adverse possession under a chain of title duly recorded for more than twenty-five years preceding the filing of this suit.

Tidwell Shows To Be In Midland Soon

The T. J. Tidwell shows will be in
Midland the week beginning April
4th, according to H. G. Buchanan,
agent, who has signed a contract with
the Midland Cemetery Association,
under whose auspices the shows will
come here.

The same people were here last
year. They carry four big rides,
eight side shows, and many other
clean attractions, according to Mr.
Buchanan. Mr. Buchanan is well
known to many Midland people, hav-
ing formerly been connected with the
James Shows when they were here
on different occasions.
