Draft System Changes Outlined By President

WASHINGTON (AP) — President Johnson told Congress today he will order younger men drafted first under a lottery-type system as part of an overhaul of Selective Service.

His announcement of actions to come within two years — mostly without need of congressional approval — follows months of study and controversy over the nation's draft system.

The President said deferments for fathers, men with essential occupations and most graduate students will be ended.

But in a special draft message sent from the Texas White House, he postponed indefinitely a politically touchy decision on whether to end undergraduate student deferments. Family hardship deferments will be continued, Johnson said.

He asked Congress to extend for four years the draft law expiring June 30.

He made it clear that some features of the revised draft system he has in mind won't be adopted for months — perhaps not until 1969.

Johnson shied away from total endorsement of recommendations made to him by a 20-member advisory commission in a report released Saturday.

Although a commission majority urged an end to all student deferments, Johnson asserted that "an issue so deeply important, with so many compelling factors on both sides, cannot be decided until its every aspect has been thoroughly explored."

He did not indicate when he might make up his mind on this topic.

The President also sidestepped, at least for the time being, a commission recommendation that the nation's 4,100 local draft boards be whittled down to a few hundred. He ordered a management study on that.

For draft-eligible men, the big news was that months may pass before they'll find out exactly where they stand.

Once the new format takes effect, however, draftees will be mostly 19-year-olds selected by lot. Young men will be most vulnerable to the draft for only one year. If they get through that year without putting on a uniform, they'll probably escape military service altogether, barring a big increase in manpower requirements.

The principal action Johnson seeks from Congress is a four-year extension of the draft law.

It is critically important, he said, that the nation continue to ask some of its younger men to serve in uniform.

"We would be an irresponsible nation if we did not — and perhaps an extinct one," he said.

Johnson said he will end deferments for graduate students except for those preparing for careers as physicians or dentists. Divinity students already are deferred by law.

This means few students seeking advanced degrees will be eligible for deferment.

Johnson also said youths between 17 and the minimum draft age of 18½ will get priority for reserve enlistment. But men 18½ or older who enlist in the reserves will get deferments only if necessary to fill a specific vacancy in a reserve unit.

He also asked Congress for standby authority to draft men into reserve and National Guard units which cannot maintain authorized strength, and for permanent authority to activate reservists who are not fulfilling their obligations.

The two biggest changes in the draft system, however, will be these:

Younger men will be drafted first. The present pattern is to induct older men first.

For the first time since World War II, men to be drafted will be chosen by lot. The precise system hasn't been devised but Johnson gave it a name and a set of initials: "Fair and Impartial Random System of Selection." It will be known as FAIR.

In essence, here is how it will work.

Each year there will be a lottery pool containing the names of all eligible 19-year-olds plus older men whose deferments expired in that particular year. The names will be ranked under the "fair" system and will be inducted in order, as needed.

Officials Investigate Tragic Ohio Crash

By ROBERT E. MILLER

KENTON, Ohio (AP) —Investigators digging through snow and ankle deep mud today found two recorders carried by the Lake Central airliner that exploded from a stormy sky Sunday night, killing all 38 aboard.

Federal investigators said both the cockpit voice recorder and the flight recorder were found in the wreckage of the airline's first fatal crash.

The voice recorder was expected to yield a tape of the crew's last half-hour of conversation. The other tape was to record altitude, heading, speed and other information throughout the flight.

Wreckage from the Convair turboprop plane piloted by Lake Central's senior pilot was scattered over farm fields near Marseills, a town of 170 residents in northwest Ohio.

About 150 law officers and volunteers joined in the search for bodies most of which were found in a bean field where the main part of the fuselage fell.

The bodies were hauled in tractor-pulled farm wagons to a temporary morgue in an unused elementary school.

Investigating teams from the airline headquarters in Indianapolis and the Civil Aeronautics Board moved in to probe for the cause of the first major domestic air tragedy since a crash near Portland, Ore., took 18 lives in October.

A spokesman in the Cleveman FBI office said there was nothing to indicate at this time any explosive was aboard the the plane.

The plane's flight recorder was recovered intact.

Some residents timed the first blast at 8:10 p.m., the exact time an air traffic control center in Cleveland reported it lost radar contact with the plane.

Five minutes earlier the pilot, Capt. John Horn, had radioed he was climbing from 8,000 to 10,000 feet, apparently to avoid storms which swirled sleet and snow over this area.

Horn, 45 and a Lake Central pilot since the line's first flight Nov. 12, 1949, gave no indication of trouble, but residents told of one or more explosions.

Carr Says Panel Did Good Job

By MIKE COCHRAN

FORT WORTH (AP)—A former Texas attorney general says Chief Justice Earl Warren tried to prevent Texans from working with the federal commission appointed to investigate the assassination of President John F. Kennedy.

He added, however, that Warren later cooperated fully with Texas officials and "there was nothing done that was unfair to our state."

Waggoner Carr, now an Austin lawyer, told the Texas Associated Press Managing Editors Association Sunday the Warren Commission did a thorough job and he has full confidence in its conclusions.

He denied a report by author William Manchester that President Johnson and Texas officials tried to exclude federal authorities from the investigation.

Manchester wrote in the serialized Look magazine version of his book "The Death of a President" that President Johnson and Carr considered restricting the investigation of the assassination to Texas officials.

Manchester wrote that Asst. U.S. Atty. Gen. Nicholas Katzenbach was horrified when he learned of this. The plan was discarded after Katzenback protested vehemently to the President, the author said.

Carr called the Manchester account "wholly wrong," declaring:

"There was never at any time any plan by anybody for a state investigation to the exclusion of the federal government."

Carr told also how, at one point, Warren kept him and two other Texas representatives waiting three days in an outer office in Washington, refusing to see them unless plans for the proposed Texas investigation were dropped.

Asked about the New Orleans investigation by Dist. Atty. Jim Garrison, Carr said federal investigators questioned everyone mentioned so far in the Louisiana probe and cleared them of any connection with the assassination.

"I, like the rest of America, am standing by to see if he can produce something," Carr said. "The burden of proof is on him....

"As far as I'm concerned, he's way out on a limb."

BUFFER ZONE FIGHT

Marines Summon Reinforcements

By PETER ARNETT

SAIGON (AP) — A company of U.S. Marines engaged a battalion of North Vietnamese soldiers about 3,000 yards south of the demilitarized zone today, a U.S. spokesman reported. He said the Marines called for reinforcements.

The fight along the buffer zone dividing the two Vietnams broke out this morning with a brief small-arms clash between three North Vietnamese and a Marine unit. One enemy soldier was killed.

The Marines then launched a frontal assault with artillery support and found themselves outnumbered by about 500 enemy troops firing small arms and mortars, the spokesman at Marine headquarters in Da Nang said. A Marine company usually consists of 235 men.

Leatherneck reinforcements were reported on the way.

In the air war on North Vietnam, U.S. planes bombed a petroleum installation 12 to 14 miles south of Haiphon; Sunday in the closest raid in weeks to North Vietnam's chief port.

A U.S. spokesman reported a secondary explosion was set off in the raid on the Do San depot, the highpoint of a day of air attacks against the North hampered by worsening weather. Air Force and Navy planes flew only 69 strike and armed reconnaissance missions.

In South Vietnam, a Viet Cong mine exploded under a bus 40 miles northwest of Saigon, killing 37 civilians and wounding 15, and the U.S. Command announced that 24 Americans were killed, 78 were wounded and four were missing in war operations in the past 48 hours. Six U.S. Army and Marine helicopters were reported downed by enemy fire.

A total of 46 enemy dead was reported by U.S. forces.

U.S. authorities announced that two U.S. Air Force F4 Phantom jets were responsible for the accidental bombing Thursday of the refugee-packed Montagnard village of Lang Vei. The U.S. Command said the planes made three bombing and rocket passes, killing 83 civilians, wounding 175 and leaving 10 missing.

City Ballot Finally Gets Full Slate

The City of Snyder's general election ballot had enough candidates to provide a councilman for all places when the deadline for filing passed at midnight Saturday.

One place on the council did not have a candidate until the filing deadline approached.

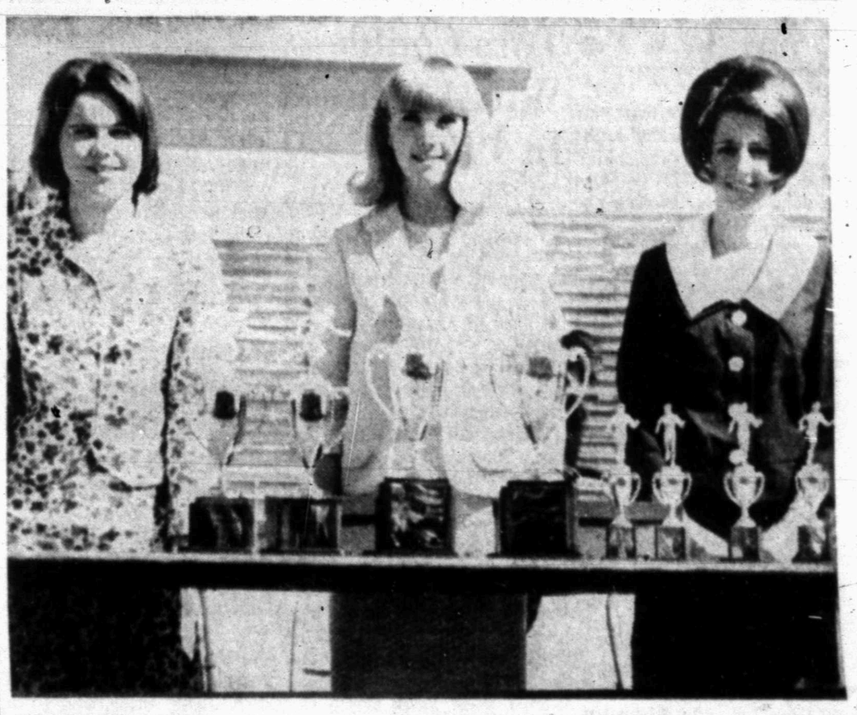

Ultimately, the line-up found one candidate for all three places with full terms up this year, and two candidates for one year of an unexpired term.

Candidates for full terms are John Thomas, Place 1; R. C. Patton, Place 3, and Herbert Reed, Place 5. Reed, who is serving by appointment following the resignation of Jack Lawrence, originally indicated that he would seek the one year remaining on Place 2, but filed for the Place 5 full term when no candidate came forward to run for that place on the council. Patton is the only incumbent in the race and he is seeking his second term.

Marshall Erwin, who is completing two terms as Place 5 councilman, filed for the single year remaining on Place 2 when it appeared there would be no candidates for the short term. However, on Saturday afternoon, Wayne Monroney filed as a candidate for the short term, making two in that race.

In addition to Patton and Erwin, the term of Bobby McCormick expires this year. The election is set for April 4.

Monroney, 44, lives at 3614 Avenue B. He is employed by Sun Oil Co.

TRACK ROYALTY — Passing out trophies at the Canyon Reef Relays here Saturday were, from left to right, Jamie Stehley, Karen Robertson and Vanna Butler. Jamie, a sophomore, and Vanna, a senior, were Duchesses of the Meet, and Karen, also a senior, was elected Track Queen.

Snow, Showers Accompany Front

BY THE ASSOCIATED PRESS

Touches of snow dotted the Panhandle-Plains sector and light rain fell at many points as the latest norther put premature spring to rout over most of Texas today.

There still wasn't enough moisture, however, to dent drought conditions in many areas.

Skies cleared quickly behind the cold front, which sped southward all the way to the lower Texas coast by daylight.

Official forecasters looked for still more chilled air to flow southward from sections of the Rocky Mountains numbed by subzero weather in places.

They predicted readings in the 20s to 30s for most of Texas tonight and probably a continuing chill from a cold front due to surge into the state by late Tuesday.

Readings before dawn today skidded to 14 degrees at Perryton and 19 at Dalhart in the upper Panhandle. Amarillo recorded 22, Lubbock 23 and it was near freezing at a number of places across the north half of the state.

Less than one-half inch of snow accumulated at Dalhart and Perryton, yielding only traces of moisture. Wichita Falls measured .06 inch of moisture, Amarillo .04 and Childress .01 from snow melting as it fell. Lubbock got only a trace of snow.

Light rain and sleet brought .13 at Abilene and pea-sized hail accompanied .02 inch of rain at San Angelo.

One inch of snow fell at Electra, where skies clear by midmorning. Light snow and sleet fell as far south as Fort Worth and Dallas.

The heaviest rains were concentrated in North Texas. Kanawha in Red River County had 2.21 inches, McKinney 1.98, Trenton 1.85, Little Elm 1.53, Roanoke 1.35, Anna 1.29, Celina 1.15, Denton 1.12, Gunter and Pilot Point 1.10, and Justin 1.09.

Rains of less than one inch were widespread over the eastern and southern half of the state. They included Sherman .93, Carrollton .83, Texarkana .66, Corsicana .60, Fort Worth .48, Tyler .46, Longview .43, Dallas .40, Waco .38, and Austin .27.

US Soldier Among 58 Crash Dead

By HENRY COLE

MONROVIA, Liberia (AP) — An American serviceman on leave from Vietnam was reported among 58 survivors of a Brazilian plane crash in Monrovia Sunday. Fifty-six other persons were reported killed, including an American woman passenger and five Liberians into whose home the plane crashed.

The four-engine DC8 jetliner of Varig Airlines plunged into a house two miles short of the runway while attempting to land in a fog. It left Beirut, Lebanon, Saturday night and stopped in Rome before heading for Monrovia and Brazil.

The plane carried 70 passengers and a crew of 19. Revising earlier casualty figures, the Rome office of the airline said 50 passengers and one crew member were killed while 20 passengers and 18 crew members survived.

Districting Said Solons' Big Task

AUSTIN (AP)—Speaker Ben Barnes predicted today that redistricting for both Congress and the legislature will be a major problem in the remaining days of the 60th session.

He also told a news conference a measure to exempt Texas from daylight savings time has unexpectedly become a violently controversial issue.

"It's very close in the House now," he said.

The House bill that must be passed before April 30 if Texas stays out of the federal Uniform Time Act is still in a subcommittee. The Senate bill has committee approval and is ready for debate.

Barnes said Rep. Gus Mutscher of Brenham, chairman of the House committee that wrote the 1965 redistricting bill and chairman of this year's committee, would go to Washington within two weeks to talk with congressmen about redistricting. Sen. J. P. Word of Meridian, head of the Senate committee, has been invited to go along.

"I anticipate redistricting will be a bigger problem this time than it was even in 1965 because these congressmen have just finished running in their new districts and they feel they are established and don't want to change," Barnes said. "Redistricting the Texas House is going to be just as difficult if not more difficult than it was before."

He said also that "you can safely say a majority of the congressional districts will be changed. You just can't help it."

Barnes said he hoped the legislature would get some sort of guidelines from a special Houston federal court in the next two weeks.

Draft System Changes Outlined By President

WASHINGTON (AP) — President Johnson told Congress today he will order younger men drafted first under a lottery-type system as part of an overhaul of Selective Service.

His announcement of actions to come within two years — mostly without need of congressional approval — follows months of study and controversy over the nation's draft system.

The President said deferments for fathers, men with essential occupations and most graduate students will be ended.

But in a special draft message sent from the Texas White House, he postponed indefinitely a politically touchy decision on whether to end undergraduate student deferments. Family hardship deferments will be continued, Johnson said.

He asked Congress to extend for four years the draft law expiring June 30.

He made it clear that some features of the revised draft system he has in mind won't be adopted for months — perhaps not until 1969.

Johnson shied away from total endorsement of recommendations made to him by a 20-member advisory commission in a report released Saturday.

Although a commission majority urged an end to all student deferments, Johnson asserted that "an issue so deeply important, with so many compelling factors on both sides, cannot be decided until its every aspect has been thoroughly explored."

He did not indicate when he might make up his mind on this topic.

The President also sidestepped, at least for the time being, a commission recommendation that the nation's 4,100 local draft boards be whittled down to a few hundred. He ordered a management study on that.

For draft-eligible men, the big news was that months may pass before they'll find out exactly where they stand.

Once the new format takes effect, however, draftees will be mostly 19-year-olds selected by lot. Young men will be most vulnerable to the draft for only one year. This means few students seeking advanced degrees will be eligible for deferment.

Johnson also said youths between 17 and the minimum draft age of 18½ will get priority for reserve enlistment. But men 18½ or older who enlist in the reserves will get deferments only if necessary to fill a specific vacancy in a reserve unit.

He also asked Congress for standby authority to draft men into reserve and National Guard units which cannot maintain authorized strength, and for permanent authority to activate reservists who are not fulfilling their obligations.

Districting Said Solons' Big Task

AUSTIN (AP) Speaker Ben Barnes predicted today that redistricting for both Congress and the legislature will be a major problem in the remaining days of the 60th session.

He also told a news conference a measure to exempt Texas from daylight savings time has unexpectedly become a violently controversial issue.

"It's very close in the House now," he said.

The House bill that must be passed before April 30 if Texas stays out of the federal Uniform Time Act is still in a subcommittee. The Senate bill has committee approval and is ready for debate.

Barnes said Rep. Gus Mutscher of Brenham, chairman of the House committee that wrote the 1965 redistricting bill and chairman of this year's committee, would go to Washington within two weeks to talk with congressmen about redistricting. Sen. J. P. Word of Meridian, head of the Senate committee, has been invited to go along.

"I anticipate redistricting will be a bigger problem this time than it was even in 1965 because these congressmen have just finished running in their new districts and they feel they are established and don't want to change," Barnes said. "Redistricting the Texas House is going to be just as difficult if not more difficult than it was before."

He said also that "you can safely say a majority of the congressional districts will be changed. You just can't help it."

Barnes said he hoped the legislature would get some sort of guidelines from a special Houston federal court in the next two weeks.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Ours is a very odd problem and I hope you can help us with it. My wife and I have a friend who is a waiter in a place where we dine occasionally.

We would like to know if it is proper to TIP this waiter in the usual manner when he waits on us? Because we are friends, do you think it might be considered poor taste? Thank you.

IN DOUBT

DEAR IN: When in doubt, offer a tip. You will know at once by your friend's reaction if he is genuinely offended. If he is, give in immediately and don't attempt to tip again.

Better to make the mistake of offering a tip when none is expected than failing to offer one when it is. (P. S. I would appreciate the opinions of waiters and waitresses who have been on the other end of this problem. I could be wrong.)

* * *

DEAR ABBY: Perhaps my experience will be helpful to the young mother who was told it would be "bad luck" to name her baby after his brother who had died in infancy.

I was named for my brother who lived only 14 months, and I have been very lucky. Some years ago when I visited the cemetery where he is buried and saw "our" name on his tiny granite headstone with the words "Born December 17, 1890 Died February 6, 1892" a strange feeling came over me. I felt that I had lived the life he never lived.

Today I am 74 and it will not be long before I shall join the brother whose name I bear. And when we meet I shall salute him and say, "Well, Ted, I did the best I could for both of us."

GRATEFUL

DEAR ABBY: For the mother who wanted to give her newborn child the same name she had given to a previous child who had died in infancy:

I am sure it has been done by many who were eager to pass their name on to a member of the younger generation. One famous case comes to mind: The late Franklin Delano Roosevelt named a son "Franklin D. Roosevelt Jr." but that child did not survive. Later another son was born, and he was given that name.

MISS A. M. F.

CONFIDENTIAL TO "FIVE FOOT TALL, 105 POUNDS BRUNET AS YOU, MARRIED 26 YEARS, 4 CHILDREN, TWO GRANDCHILDREN, AND SICK TO DEATH OF HIS CHEATING:" Either throw him out this time or admit that you thrive on abuse.

Coast-to-Coast NEWSPAPERS SELL THE MOST!

Tors Could Win Again In 1968

AUSTIN (AP)—There wasn't a repeater in the entire field but it should be quite different next year in the Texas schoolboy basketball campaign.

This doesn't apply, however, to Class AAAA, where San Antonio Lee won the championship by beating Spring Branch Memorial 70-69 in the state tournament Saturday.

All starters were seniors for Lee. In fact, the seven boys who played all the games were seniors. Memorial had four seniors and Fort Worth Paschal's starting team was made up entirely of seniors. Abilene, the fourth team in the tournament, was in the same position as Memorial.

Class AAA where Lamesa won the title by beating South San Antonio 60-56, looks like a repeater in 1968. Lamesa has two starters and the two top subs back, while Waxahachie and Clear Creek also are well-fixed for next season.

Waxahachie has four regulars returning and Clear Creek has two juniors and a sophomore back from its starting team. One of the juniors is Scooter Lenox, a member of the famed Lenox family that has made Clear Creek a top contender for years.

South San Antonio isn't in very good shape, returning only one regular.

Hardin-Jefferson of Sour Lake won the Class AA championship by beating Dimmitt 59-51 and prospects are fair that it can win again next season. There were two juniors in the starting lineup, one of them 6-foot-6 Robert Chisum.

But Dimmitt loses all of its starting team and Van and San Antonio Cole will be hard hit. Van had four seniors who were starts. All of Cole's starting team will depart.

Brownsboro won the Class A championship with a 68-59 decision over Archer City. There will be only two regulars returning at Brownsboro and it is the same at Archer City.

Zapata and Lorenzo were the other teams in the tournament. Lorenzo had three juniors in its lineup, including Johnny Ray Watson, 6-6 star with a 17-point average, and appears in good shape for 1967. Zapata also should be back in the state tournament. It had one freshman and one sophomore on its team and the top substitute was a junior.

Class A, where Kennard took the championship with a 51-47 victory over Krum, could give the same picture next season. Kennard had only two seniors on its entire squad while Krum has three starters back and loses only three from the entire squad.

ENJOY REUNION — Four generations of the Henry Rogers family enjoy a reunion in the home of Mrs. L. H. (Irene) Hardy (middle, standing), 3009 Denison Saturday. Mrs. Hardy is an employe of the Scurry County treasurer's office. Her mother, Mrs. Henry Rogers of Bronte, appears at the left, and her daughter, Mrs. Mickey McGrew of Buffalo, Wyoming, stands at the right. Children of Mrs. McGrew, from left to right, are Mark 2, Terri 4, and Pam 3.

combustion and we thought there had been an automobile accident," said Irene Heckathorn.

"There was no fire, no lights on the plane. I even heard the engines after the first explosion. We still heard the engines after the last two explosions."

Her husband, Robert, found a small girl's body in their yard.

Most of the wreckage of the Convair 580, a propeller craft converted to use turbojet engines, fell a mile away on the Charles O. Redding farm.

"About half the fuselage was intact," said Redding's son, Tex. "The other half looked as if it exploded outward. The cabin looked like it had been split in two."

He said most of the bodies were within 200 yards of the wreckage.

One of those killed was an infant, among 10 passengers who boarded the plane at Cincinnati. The flight began in Chicago and was to terminate in Detroit after a stop in Toledo.

Two passengers boarded the flight in Chicago, one at Lafayette, Ind., 10 at Cincinnati and 21 at Columbus. Horn and First Officer Roger Skillman, 33, both lived in Indianapolis.

The stewardess was Barbara Littman 23, based in Indianapolis but originally from Tucson, Ariz.

Astros Take Deserved Respite

COCOA, Fla. (AP)—The Houston Astros skipped a workout today.

"We're swinging the bat better than ever and our defense looks good," Manager Grady Hatton said. "They deserve a day's rest."

In Sunday's intrasquad game, the Al Heist team defeated the Nellie Fox crew 7-6, and outfielder Jim Wynn's two-run double on his first trip to the plate made Hatton happy.

Wynn's wrist, shattered last summer, appeared to be in fine shape.

"I'm glad to see him out there swinging that bat," Hatton said. "I told Grady all along I'd be ready by the opener," Wynn said. "He didn't think so, but I may be ready long before that."

You can cook a steak in a Gas Infra-Red broiler before the ice melts.

Put an ice cube on a steak and put the steak in a gas infra-red broiler. The steak will be done *before* the ice cube melts. That's because gas infra-red broiling is so fast...up to 30% faster than ordinary broiling! And it's smokeless, just like all gas broiling. The flame inside eats up the smoke. And you broil with the broiler door closed with gas. Your kitchen stays cooler and cleaner. See the modern, automatic, economical gas ranges now on sale at gas appliance dealers and LONE STAR GAS.

Who's For Sticky Pecan Rolls?

By CECILY BROWNSTONE
Associated Press Food Editor

DEAR CECILY: Several years ago I clipped a recipe from your column for sticky pecan rolls that were very popular with my family. But recently our dog got hold of that recipe and lie chewed it up. Now I'm in the doghouse with my family because I don't remember all the directions for making the rolls. Can you help me out?—Mrs. R.

DEAR MRS. R: Your dog certainly has good taste. Here's the recipe brought up to date. —C. B.

STICKY PECAN ROLLS

2-3 cup milk
¼ cup sugar
1 teaspoon salt
¼ cup butter or margarine
½ cup warm water
2 packages active dry yeast
2 eggs
4 cups (about) sifted regular flour
Syrup Ingredients (see below)
Filling Ingredients (see below)
2 tablespoons butter or margarine, softened

Scald milk; off heat, stir in sugar, salt and the ¼ cup butter; cool to lukewarm. In a large warm mixing bowl, sprinkle yeast over warm water and stir to dissolve; stir in lukewarm milk mixture, eggs and 2 cups of the flour. Beat until smooth. Add remaining flour or enough to make a soft dough. Knead on lightly floured board or pastry cloth until smooth and elastic. Place in greased bowl, smooth side down. Turn ball of dough so smooth side is up. (This lightly greases top of dough.) Cover with a towel. Let rise in warm draftfree place until doubled in bulk—about 1 hour. Punch down. Cut dough in half.

Meanwhile in a small saucepan mix the ingredients for the syrup. Bring to a boil. Divide mixture and pour into 2 greased round cake pans (each 9 by about 1½ inches). Allow to cool; set aside.

Mix together the ingredients for the filling; set aside.

Roll out one half of the dough on a lightly floured board or pastry cloth to make a 4 by 9 inch rectangle. Spread with 1 tablespoon of the softened butter; sprinkle with half of filling. Roll up from 9-inch side. Firmly seal edges. Cut into 1-inch pieces; place cut side down in one of the pans holding the cool syrup mixture. Repeat with the remaining half of dough, softened butter and filling. Cover; let rise as above until doubled—about 45 minutes. Bake in a moderate (350 degrees) oven about 35 minutes. At once invert pans on plates; allow pans to remain on rolls a minute. Remove pans. Serve rolls warm or cool. Makes 1½ dozen. (Recipe may be cut in half.)

SYRUP INGREDIENTS

1 cup firmly packed light or dark brown sugar
1 cup light or dark corn syrup
3 tablespoons butter or margarine

Use these ingredients as directed in recipe for Sticky Pecan Rolls.

FILLING INGREDIENTS

½ cup fimrly packed light or dark brown sugar
½ cup currants or golden raisins
½ cup coarsely chopped pecans
1 tablespoon cinnamon

Use these ingredients as directed in recipe for Sticky Pecan Rolls.

A pinchful or two of minced fresh herbs plus some sherry will do wonders for canned consomme. Slowly heat the consomme with the herbs (use parsley and chives if nothing else is on hand) and add the sherry off heat.

Custard baked in a shallow dish will need less cooking time than custard made in a deep dish.

Sorority Has Busy Month

The month of February was a busy month for Lambda Kappa Chapter of Beta Sigma Phi. The month began for the ladies on February 7 with a regular monthly meeting at the home of Mrs. Gene Seitz with a program on "The Inner You," presented by Mrs. James Adams.

At the meeting plans were made for the sorority Valentine Sweetheart, Mrs. Bob Mengwasser, her husband and several other members and their husbands to attend the Valentine Sweetheart's Coronation Ball in Odessa.

February 17, the Valentine Sweetheart, Mrs. Mengwasser was honored with a dinner at the Steak House with husbands as sorority guests. Following the dinner, a party honoring the Sweetheart was held in the home of Mrs. James Adams.

At the start of the festivities, Mrs. Mengwasser was crowned with a tiara by sorority president, Mrs. Joe Pate. She then was presented a dozen red roses and an original poem highlighting the important events of her life, was read by Mrs. Bob McVey.

At the meeting held on Feb. 21 at the home of Mrs. Patsy Elliot, Mrs. Mengwasser was presented a silver pin, shaped as a crown, to commerate her year as chapter sweetheart.

Business included discussion on the chapter's local service project, the Beta Sigma Phi State project, and the local Heart Fund campaign. Heart Fund material was distributed and streets assigned.

Mrs. Bob McVey presented the program on "Let's Match Wits."

Girls Food Group Receive Certificates

The Templo Bautista girls food group met in the home of Mrs. Samuel Delgado for their fifth lesson in food preparation.

The girls baked oatmeal drop cookies. They used the following recipe:

½ cup shortening
1¼ cup sugar
2 eggs, beaten
6 tablespoons molasses
1¾ cups flour
1 teaspoon soda
1 teaspoon salt
1 teaspoon cinnamon
2 cups rolled oats
½ cup chopped nuts
1 cup chopped raisins

Cream shortening and sugar; add eggs and molasses. Sift dry ingredients together and add to sugar mixture. Stir in the oats, nuts and raisins. Mix well. Drop rounded teaspoonfuls about 2 inches apart on greased cookie sheet. Bake at 400 degrees F. 8 to 10 minutes. Makes about 60 cookies.

The following girls received certificates for completing their series of lessons: Hilda Villanueva, Elida Villanueva, Rosa Guzman, Lena Guzman, Mrs. Mary Guzman, Beatriz Cadena, Mrs. Samuel Delgado, Helen Guzman, Evangelina Hill, Rosie Cervantez, and Cynthia Cadena.

Plans were made for another series of lessons to be held. These will be on sewing and will begin on Thursday April 6, after school. Girls interested in enrolling in this series of lessons should call Mrs. Samuel Delgado, HI 3-4509 or the County Extension Office, HI 3-3282.

Secretary Of State's Job One Of Texas' Most Active

Editor's Note: The title, "secretary of state," sounds like something people forgot to abolish when Texas changed from a republic to a state. But it is one of the most active jobs around, every state has such a post and often it is one of the big political elective jobs.

By GARTH JONES

AUSTIN (AP) — Look in your pocketbook or in your personal papers on the closet shelf and you probably will find something signed by the Texas secretary of state.

"It seems to me that nearly everybody must have my signature," says Crawford Martin, former secretary of state who is now attorney general. "I used to sign my name 500 and 600 times a day."

"The secretary of state probably has more duties, including undefined duties, than anybody else in state government," says John L. Hill, the present secretary.

Texas' secretary of state was created by the Constitution of the Republic of Texas in 1836, yet most people do not know what he does.

"Actually a secretary of state is probably one of the oldest known jobs in public office," said Martin. "Every nation, every state has a secretary of state. It evolved from the Vatican and the Pope. It was not known to the Romans."

Texas is one of only six states where the job is appointive. In a number of other states it is elective, often ranking as one of the "big three jobs"—governor, attorney general and secretary of state.

Some of Texas' famous historical figures served as secretary of state at one point.

"When we had meetings of secretaries of state, those of us from Texas liked to brag that Stephen F. Austin was our best secretary of state because he served a few months after being defeated by Sam Houston in the first election for a president of the Republic," said Martin.

In later years, the appointive secretaries often advanced to other important state and national jobs.

Gerald C. Mann became attorney general. Edward Clark is now U. S. Ambassador to Australia. Ben Ramsey became lieutenant governor and is now railroad commissioner. John Ben Shepperd became attorney general and now holds several important appointive jobs. Jack Ross is a member of the State Board of Pardons and Paroles. Zollie Steakley is a State Supreme Court judge.

The duties of Secretary of State have been, and still are, many. In past years the now separate state agencies for regulation of securities, franchise tax collection, insurance, and banking charters all started at one time in the secretary's office. In other states the secretaries of state also license automobiles and run the highway patrol.

"As much as possible I see the secretary of state as a good will ambassador both with our own people in Texas and with other states and countries," said the current secretary.

A leaflet distributed by Hill's office describes part of the duties of the $19,000-a-year job as: Liaison officer to attend functions the governor cannot attend, serve as official keeper of the Great Seal of Texas, administer laws concerning primary and general elections and tabulate returns, charter all domestic corporations and license foreign corporations, charter cooperatives, cemeteries and railroads; file and register trademarks, issue commissions to notaries public, license and regulate automobile clubs, issue cards to labor union organizers and file annual reports on working agreements with unions in Texas, hold hearings and process extradition documents for the governor, file statements made by legislators and state officials and employes under the Cod of Ethics Act, file all agreements between federal and state agencies, plus furnishing a depository for records and reports of various state agencies.

Under proposals pending in the current legislature, the secretary would get still more jobs. Among them, a wholesale revision of election laws would make him the overall election law administrator with additional duties and filing requirements. Still another, if the measure passes and is approved by voters, would have him call to order a constitutional convention in June 1968 to rewrite the state Constitution.

Elder Kennedy Said Resting Comfortably

PALM BEACH, Fla. (AP) — Joseph P. Kennedy, father of a president and two senators, was reported resting comfortably after suffering a heart block Sunday.

A family spokesman said the 78-year-old retired Boston financier twice received oxygen after being stricken.

Death Claims Nelson Eddy

MIAMI BEACH, Fla. (AP) — Nelson Eddy, the world's highest-paid singer in the 1940s, died today. He was 66.

Eddy, who collapsed Sunday night while singing to some 400 persons at a resort hotel, died at 8 a.m. He had been reported in fairly good condition earlier in the day.

Mount Sinai Hospital said Eddy had suffered a mild stroke.

Eddy, who teamed with the late Jeanette MacDonald for eight popular musical comedy movies in the late 1930s and early 1940s, was playing at the Sans Souci Hotel when he was stricken.

Snyder Tigers Win Canyon Reef Meet!

Tally 164 Points, Grab 7 Events; Woods Smashes Four Standards

Snyder High School's talented track team sailed to an easy triumph in Division II of the Canyon Reef Relays here Saturday, compiling an astonishing 164 points, compared with only 75 by Dumas, the nearest competitor.

The Snyder team grabbed seven first places and set new records in the sprint and mile relays. Rocky Woods, Lake View's heralded athlete, notched blue ribbons and set new standards in four events while winning individual honors with 40 points A total of eight new recods were established in Division II.

While Snyder held an iron grip on first place in Division II competition in Divisin I was close and wasn't decided until the final event. San Angelo's mile relay team came in first and edged Amarillo Tascosa, 87 points to 81½, in the final event. The Bobcats had led by only ½ point — 67 to 66½ — as the relay got underway.

Team totals in Division II: Snyder 164, Dumas 75, Vernon 63, Brownwood 58¼, Sweetwater, 50¼, Lakeview 44, Hirschi 41½. Team totals in Division I: San Angelo 87, Tascosa 81½, Permian 78, Wichita Falls 67, Monterey 42, Odessa 31, Cooper 26, Lubbock 23, Plainview 12, Big Spring 12, Coronado 11, Borger 9½, Pampa 8, and Midland 8.

Class AAAA schools posted 10 new records and tied two others as records in only two events the broad jump and discus survived without being tarnished. Snyder's great relay team comprised of Leon Riggins, M. C. Powell, Teddy Brown and Curtis Clay — won both the sprint relay and the mile relay with ease finishing several yards ahead of the runnerup in both events. The same boys ran on both teams.

They established a new record in the 440 with a sizzling 42.8, which wiped out the 44.0 standard set by Carver. Sweetwater, the second place team in the 440, was clocked in 43.7.

Riggins put the Bengals in a huge lead in the mile relay, and Dumas, which finished second, was never able to gain any headway. The Tigers ran a fast 3:22.9 for a new record, knocking almos 10 seconds off the old record. Dumas finished 10 seconds flat behind Snyder.

Clay, the hard driving anchor man, also copped a blue ribbon in the 220 with a 22.8, finishing several strides ahead of Dumas' Eddie Smith. Clay probably would have set a new record in this event, except that he slowed near the tape and looked over his shoulder at the hapless Smith.

Teddy Brown, who ran the third leg on the relays, took a blue ribbon in the 440 yard dash with a 51.5 timing. Mike McCaulley of Vernon was second in 51.8.

M. C. Powell notched another first place in the broad jump with a leap of 20 feet, 8¼ inches. Jerry Simons won blue ribbons in two field events — the discus and shot put. He heaved the shot 53 feet, 6 inches without really getting off a good throw, and he hurled the discus 153 feet, 8½ inches.

The great Rocky Woods set new marks in the high jump (6-6¼), the 100 yard dash (10.0), the 330 intermediate hurdles (39.8), and the high hurdles (14.-7).

Two Snyder boys — Riggins and Powell — paced Rocky to new records in the century and in the intermediate hurdles. Powell was timed at 10.2 in the 100 and was only a step behind the long striding Woods. Riggins actually led Rocky going into the final yards of the intermediates, but Woods stuck out his chest at the tape and barely eased in ahead of Riggins. Riggins was clocked in 39.9.

Snyder captured several other second places. Riggins took second prize in the broad jump with a leap of 20-2¼, and Freddie Benitez finished second in the mile run, pushing Hirschi's Toby Goodman to a new 4:33.5 standard.

Joe Breeden was second to Simons in the shot with a heave of 51-8¼, and he took third in the discus with a throw of 153-8½. John Schiebel was second in the high jump, clearing the bar at 5-10.

The Black and Gold notched several points in the pole vault as Drake Snyder tied for second. He cleared 10-6, the same height attained by the winner, Benny Askins of Hirschi, but Benny had fewer misses. Steve Burney and Howard Newsome, both of Snyder, took fourth and sixth place in this event respectively.

Dwaine Boydstun was fourth in the intermediate hurdles with a 43.7 clocking, and Morris Smith placed fourth in the 440 yard dash with a 52.0 time. Roy Lee placed sixth in the 880 yard dash with a 2:07.2 clocking.

Winner of the 880 yard dash was Mike Ellis of Brownwood in a good time of 2:01.5.

There were several outstanding performances in Division I. San Angelo's mile relay unit posted a sizzling 3:22.0, but they were pushed by Tascosa, whereas Snyder had easy pickings. Bobcats on the distance relay team are Carl Johnson, David Williams, Alfred Branch and Sam Bradley. The Bobcats also took first in the sprint relay with a 42.7 time.

Wichita Falls' Tim Walsh recorded a respectable 9.7 timing in the century, and San Angelo's Johnson was clocked at 22.1 in the 220. B. Sims of Permian cleared 13-9½ in the pole vault and barely missed at 14-0.

An enthusiastic crowd was present to cheer their favorite athletes, and the boys were greeted by clear skies and warm sunshine.

Coach of the Tiger track team is Bob Carter, and the assistants are Roy Carter and Jerry Bristo. Everyone expressed pleasure over the fine showing of the Bengals. The team will be at Laredo for the Border Olympics this weekend.

Tiger Golf Team Wins Playoff

Snyder High School's surprisingly strong golf team defeated Lubbock Coronado on the first hole of a "sudden death" playoff in the annual Canyon Reef Golf Tournament here Saturday after both teams finished the regulation 36 holes of play with identical 619 cards.

Steve Holder, Mitch Rambin and Alex LeFeuvre all fired birdies on the par-5 first hole in the playoff, and the fourth member of the team, Don Copeland, shot a par. Coronado could manage only two birdies, a par and a boggie.

LeFeuvre, who carded a 75 Saturday and an overall 149 total, tied for second medalist honors and defeated Lanny Rose of Pampa in a playoff with a birdie on the first hole. Rose shot a par in the playoff.

Medalist honors went to Steve Furr of Coronado. He fired a 147 total.

Rambin also fired a 75 Saturday while Holder and Copeland each carded 77's. Two-day totals were: Holder 157, Rambin 155, and Copeland 158.

Other team scores: Tascosa 624, Odessa 628, Cooper 630, Stamford 638, Big Spring 641, Borger 647, Pampa 652, Midland 652, Abilene 657, Palo Duro 665, Sweetwater 673, and Lubbock 684.

Coach of the Tigers is J. P. Ward.

TOP FOURSOME

The golf foursome of Pop Kidd, J. D. James, Joe Williamson and Mrs. Leota Burris won the championship of the "tree" tournament at Snyder Country Club Sunday. They carded a 78 point total. Most of the proceeds from the tournament will be used to buy trees for the golf course.

Netmen Met Tough Foes

SAN ANGELO — The Snyder High School tennis team ran into some tough competition here Saturday but managed to score one point in the "A" division as Gordon Stokes and Jerry Bell teamed up to win a match in the boys doubles.

They defeated Byron Swick and Bob Stafford of Dallas South Oak Cliff, 8-5, in the second round, after beating Pete Botoni and Steve Arledge of Coronado, 8-2, in the opener. They dropped a quarterfinals match, 8-5, to John Winger and Randall Montgomery of Cooper.

Also winning for Snyder was Wayne Anderson in a "B" division boys singles match. He defeated Jim Butler of Austin Reagan, 8-2, then lost to Skipper Hunt of San Angelo, 8-1.

Sandy Wellborn, Mike Flynn and Jimmy Gardner, Emily Kincaid, Debbie Matthews and D'Anna Alexander and Patsy Miller all lost their opening matches.

Last Thursday, the Tiger netmen thumped Brownfield, 3-2, in a dual match here. Their record for the season in dual matches now is 4-1. Tuesday, the Tigers will be at Sweetwater.

Bengal Baseballers Triumph, 7-6, 1-0

LUBBOCK — The hustling Snyder Tigers swept a doubleheader over Lubbock Coronado here Saturday afternoon, taking close tilts with a Class AAAA team by scores of 7-6 and 1-0.

Lane McMillan twirled a 9-hit triumph in the 7-6 opener as the Tigers gave him good support with a 3-run outburst with two away in the 7th inning. Trailing 4-5 as the last inning opened, Roy Hunter drove in Richey Thompson with the tying run on a line single. Hunter then came home himself when pinch hitter David McGinnis slashed a single to center.

Thompson had walked and stole second to get the rally started after David Cadena popped to first and Steve Moffett grounded out to first unassisted.

Snyder cut a 5-2 lead to 4-2 in the 6th frame as Buddy Powell cracked in a single that brought in Hunter and Dink Foree. Roy had walked and Dink singled to put ducks on the pond.

Each team scored once in the initial inning. Lubbock received its run on two walks and a single by shortstop Chaney. Larry Wadzeck crossed the plate, for Snyder. He walked, stole second and raced home as Ronnie Shields cracked a single to left center.

Coronado took a 4-1 margin in the third on a walk and back-to-back singles by Perkins, Holt and Hunterford. Snyder cut the gap to 4-2 in its half of the frame on a single by Cadena and a past ball.

Coronado added another one in the fourth as Jones, the losing pitcher, opened with a single, stole second and came in on another single by DeSherla. Then the Tigers narrowed the gap with their two runs in the 6th and took over in the 7th.

Jones was tagged with 10 hits, although he gave way in the 7th to Hilliard. Only two Snyder boys went down swinging. McMillan was credited with four strike outs while allowing 9 hits. Lane walked 5, and Jones issued four free passes.

Snyder's Rob Golden kept Coronado off balance throughout the second tilt as he twirled a sparkling 2-hitter. He kept the batters guessing throughout the afternoon with high inside pitches, low ones to the outside and an effective change of pace. He struck out eight.

Golden himself scored the only run in the 5th after opening with a single to left. He stole second and sprinted home on a sizzling double down the left field line by catcher Max Moreland. Golden and Moreland each paced the attack with two hits apiece.

Holt, Coronado's centerfield, collected both safeties for his team, socking doubles in the 4th and 7th frames.

Tiger runners gave the Coronado batteries fits by stealing 11 bases in the two games. Snyder's fielding was sharp, and the hitting was adequate. Terry Holt, Wadzeck and Bob Ray turned in a rally - killing double play in the 4th frame of the first game.

Meschalek was tagged for 7 hits and charged with the second loss.

Snyder hosts Monterey in a 4 p.m. tilt Friday, then enteram San Angelo's Bobcats in a doubleheader Saturday that begins at 1 p.m.

Sixteen At Club Shoot

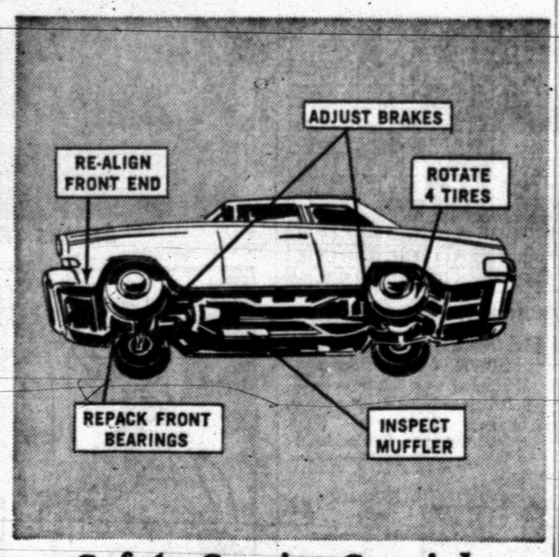

Gene Bowlin scored 100 with nine bullseyes with 10 shots at 100 yards to win a top prize at a shoot held Sunday by the Snyder Gun Club.

Dr. H. W. Ward copped first in the 200 yard event with a score of 100 with nine bullseyes. Bud McClanahan won the aggregate shooting with 16 bullseyes. Gene Bowlin also was second at 200 yards with 15 in the center of the target. This same score was posted by Mike Houlihan, but Bowlin beat him on group measurements.

Also shooting were Pat Gilstrap, Mickey Sterling, Widgeon Emerson, Barber Martin, Jack Sparks, A. D. Browning, Leroy Key, Bill Emerson, John Wright, and Blackie Miears and Monte Sowers.

CLOSE RACE — Snyder's Leon Riggins (left) and Lake View's Rocky Woods (right) are almost in a dead heat as they clear the final hurdle in the 330 intermediate hurdles. Woods stuck out his chest at the finish line and barely finished first. The tall athlete set four Meet records and won individual honors with 40 points.

AWAKENING THE BEAUTIFUL DREAMER!

Reciprocity Is Basis Of Kennedy, Johnson Dispute

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — One diplomatic word — reciprocity — is the key to the dispute between President Johnson and Sen. Robert F. Kennedy, D-N.Y., over a bombing pause in Vietnam.

Translated into simple English, reciprocity is another way of saying "let them put up or shut up," meaning the North Vietnamese.

Johnson takes this position: The United States stopped the bombing several times in the past, but the North Vietnamese didn't show any signs of wanting to talk peace because of that.

Therefore, if they now want the United States to stop bombing them, they will have to give some assurance they will cut down on their war-making, too, as a step toward the conference table. No assurance, and no bombing pause.

This is Kennedy's position: Since we stopped the bombing several times in the past, let's do it again to see if now the North Vietnamese are more ready to talk peace. He didn't lay down the condition they'd have to cool off, too.

That's the whole argument, boiled down to a few paragraphs but it has this background.

In 1965 U. S. bombing was suspended five days; it was suspended again for 37 days in late December, 1965, and January, 1966, and last month it was suspended again for six days during the Vietnamese lunar new year.

In all those pauses, the Johnson administration says, there was no response from North Vietnam, no step toward peace talks, even though during one of the pauses the President had peace-envoys running around the world.

With that experience in mind, Secretary of State Dean Rusk rejected Kennedy's bomb-pause proposal immediately after the New Yorker made it in a Senate speech last Friday.

That same day Johnson said the bombing "will end when the other side is willing to take equivalent action as part of a serious effort to end this war."

Rusk called this "elementary reciprocity" instead of "equivalent action." Instead of showing a willingness to reciprocate, Rusk said, the North Vietnamese are making their demands one-sided. They are simply demanding this country stop what it's doing.

Several things led up to Kennedy's speech.

In London last month Soviet Premier Alexei N. Kosygin said the first condition for peace talks "should be the unconditional termination of American bombing and all other acts of aggression toward North Vietnam."

But he didn't suggest North Vietnam would also have to stop doing something as tit-for-tat toward peace. And neither did North Vietnam's President Ho Chi Minh.

In reply to an appeal by Pope Paul VI for peace, Ho said the United States must "unconditionally and definitively" end the bombing and withdraw from Vietnam.

In Cairo a spokesman for the North Vietnamese Embassy said his country would welcome an offer for peace based on a "permanent" halt in American bombing. He didn't say North Vietnam would have to reciprocate in any way.

Nevertheless, Kennedy apparently is willing to forget the "reciprocity" requirement of Johnson. He just wants this country to stop the bombing and tell North Vietnam it is willing to start peace talks. He wants to test what Kosygin and Ho Chi Minh meant.

How long would he halt the bombing if the North Vietnamese stall or even began peace talks but didn't want a settlement? Kennedy is vague on that.

If things didn't turn out right, he said resumption of the bombing shall be considered after a "substantial time."

Old Issues Spotlighted By Rally

By AUSTIN SCOTT

NEW YORK (AP) — The acidly bitter antiwhite atmosphere that blanketed Harlem's Adam Clayton Powell rally points up some of the contradictions that still plague Negro-white relations, despite a heavy public commitment toward erasing them.

To the congressmen who excluded him from the House seat he had held for 22 years, and to many other Americans as well, Powell rode congressional privilege to excess, then had the arrogance to act as if he had done nothing wrong.

To many whites, watching a group of Negroes brave cold rain to voice support for a man relaxing in the warm comforts of Bimini island, it must have seemed that the people of Harlem were being exploited by a man who laughed at conventional morality.

But to the crowd that roared its approval time after time in the packed confines of Abyssinian Baptist Church Sunday only one thing was clear, outsiders were trying to run their affairs.

"That's not the point, man," one young Negro said when it was noted that in the heat of an argument he had criticized Powell's conduct. "We can't let them tell us what we should do."

His answer rang with the kind of pride that the more militant leaders, including Stokley Carmichael and Floyd McKissick, say Negroes need to develop.

Rep. Emanuel Celler, D-N.Y., who chaired the special House committee that recommended seating Powell with censure and loss of pay and seniority, has said Powell's lack of humility sealed his fate.

But to many of the nation's 22 million Negroes, humility in the face of white attack takes on unsavory overtones. They are constantly reminded by McKissick and others of the kind of crawling their grandfathers and great-grandfathers had to do in the days of slavery, when "uppity" Negroes were likely to be lynched.

This distrust of white intentions, plus a firm conviction that Powell, whatever his shortcomings, is the victim of a double standard of morality, ran throughout the speeches that drew the loudest applause at the rally.

It appears futile for whites to argue that Powell is more dedicated to his own success than the well being of Harlem. Some Negroes do say so to each other, and they might desert Powell for a political opponent who could match his political flair.

But the motives of whites who attack him are always mistrusted, and in the face of such attacks, Negroes see the old issue of white control, and rally behind the cause of a "brother."

Junior Editors Quiz on KING ARTHUR

QUESTION: *Was there a real King Arthur?*

• • •

ANSWER: The stories we read about King Arthur are legends and can not be regarded as being true. Many historians feel, however, that back of the legends was a real person. England was ruled by the Romans until the 400's. But when Roman government was withdrawn, the Britons, Celtic people living in England, were left at the mercy of various invading tribes. It was then that some kind of a chieftan or leader arose to help the Britons. Such a person may have been the original of King Arthur. Christianity had been appearing in England. The stories about King Arthur pictured him as the perfect Christian king, living in the castle of Camelot, in company with his famous knights who sat at the Round Table (upper right). Arthur and his knights became symbols for the Christian virtues of justice, mercy and defense of the weak. They fought against evil, which was often imagined in the form of a dragon. Many engaged in the quest to find the Holy Grail, the cup which Jesus used at The Last Supper, supposed to have been preserved by Joseph of Aramathea.

Adopted Texan Hunts Excuse To Escape To Vietnam Front

EDITOR'S NOTE: An adopted Texan generally holds down a desk job in Vietnam, keeping the public in the United States informed. But sometimes the urge hits him, and he hitches a ride into the boondocks and gets his kicks by being shot at. A report from the war zone written by Bob Gassaway, a former Associated Press correspondent in Texas.

By BOB GASSAWAY

DA NANG, Vietnam (AP)—Dick Decker, an adopted Texan, has a desk job in Vietnam, but he hunts excuses to escape the office and sometimes get shot at for his trouble.

The Air Force knows this Iowa native as Capt. Richard F. Decker, 34, a publicity specialist. He has been a navigator and once had a hillbilly disc jockey show in Korea.

Decker now is assigned to the Combat Information Bureau at Da Nang. He has to pass for publication every military news story and photograph produced by all U.S. service branches in I Corps, South Vietnam's northernmost military sector.

"I coordinate policy," he said in an interview. "It's not censorship. It's to make sure that everybody is talking out of the same side of their mouth at the same time. It's to make certain military news is accurate and do accurately reflect American policy and the American effort in Vietnam."

The hours are long and the work is plentiful, but there is little excitement.

When Decker feels bored, he shuffles the paperwork aside, puts on green jungle fatigues, picks up his M16 rifle and hitches a ride with a Marine driving out into the countryside. Four of the times he has left the security of the CIB compound, the Viet Cong have shot at him.

On these trips, Decker rides shotgun. He shoots back when the Viet Cong open up. The score in this pocket war still is even with no hits scored by either side.

Vietnam has given the 6 foot 1, 180 pound captain his first taste of combat. He went to Korea in 1959 after the fighting was over. He ran the Armed Forces Radio Network there and did a daily show where he played country and western music records which he introduced with an imitation nasal twang.

"I used to have a lot of fun doing that," he said. "I used all the cliches like 'keep them cards and letters coming in' and all that. They thought I was a real hillbilly."

Decker was born and reared in Des Moines and his mother still lives there.

Decker will end his Vietnam tour in April and go to Washington, his wife's home town, for a job in the Pentagon. He ruffled his crewcut black hair and said he would miss the Marines, the main American force in South Vietnam's northern five provinces.

"It's been a great privilege for me, in the Air Force, to have served with the Marines up here," he said. "It has given me a great insight into their operations. I think all the services could learn from the Marine staff NCO (non-commissioned officer). There's nothing he can't do. He's got responsibility, he knows how to use it. You put a request in to a Marine staff NCO, and you've got it. It's done."

After 10 years in the service, Decker is accustomed to going wherever his orders say. He hopes to get another hitch in Texas after the Pentagon job. He has previous service at Ellington Air Force Base near Houston, where he studied navigation, and Bergstorm AFB near Austin.

"I wasn't born there, but I've lived there long enough that I'm a Texan by preference. I own a place up on Big Sandy Creek Road overlooking Lake Travis about 30 miles north of Austin," he said.

"I'm going to retire in Texas. I'm going to build a house on my place overlooking the lake. I don't want to keep my boys (John, 8, and Richard Jr., 5) out of Texas until then, though. They'll forget all about their history.

"My place up on the lake will be really nice when I get it built up. I'm really quite domesticated," he said with a nostalgic smile. "I like to plant flowers and I get a helluva kick out of cutting grass."

Carr Relates Anecdote About Warren

FORT WORTH (AP)—Former Atty. Gen. Waggoner Carr, speaking Sunday to Texas news executives, told an anecdote about a trip to Washington to see Chief Justice Earl Warren.

He was accompanied by Dist. Atty. Henry Wade of Dallas and one of Wade's top prosecutors, Bill Alexander—both involved in the investigation of the assassination of President John F. Kennedy.

At a conference with Warren, Carr said, the chief justice turned to Alexander and asked what he had learned about Jack Ruby's activities the night before he killed Lee Harvey Oswald.

Carr said Alexander "sat tall in his chair" and related among other things that Ruby, deeply disturbed, was en route to his downtown night club when he spied a billboard and stopped to photograph it.

The assistant district attorney paused there, Carr said, and Warren pressed him to continue, pointing out that the incident might be significant to the case.

"Bill sort of slumped in his chair," Carr said. "I wasn't about to get into the discussion. Then Bill said, 'It read, "Impeach Earl Warren."'

"Things got deathly still. Then Bill straightened up and hastily added: 'Mr. Warren, it was just a little bitty sign.'"

After a few moments of silence, Carr said, Warren observed:

"Well, those signs look a lot larger to me than they do to anyone else."

That observation, Carr said, "broke the ice."

Army will play five home football games at West Point next fall. Their rivals will be Virginia, Duke, Rutgers, Stanford and Utah.

Need For Rain Becoming Acute

COLLEGE STATION, Tex. (AP) — Texas farmers and ranchers are hoping February's records will not be repeated in March.

The overall moisture condition, helped little by recent widespread showers, is not encouraging, said John E. Hutchison, director of the Texas Agricultural Extension Service. Planting time is at hand, he said, but moisture is not available to germinate the seed in most counties.

The condition of small grains continues to deteriorate and grazing, even dry grass, is becoming increasingly scarce, Hutchison said.

The need for statewide soaking rains becomes more acute by the day. Except for counties along the Gulf Coast and spots in East and Southeast Texas, the need is statewide, the director said.

Moisture over the Panhandle is very short and ranges are in poor condition with very little grazing available. Irrigated wheat is in fair condition while dryland was listed as poor to critical. Greenbugs are causing some damage in at least three counties.

The South Plains are very dry and preplant irrigation continues at the maximum. Dryland wheat is in dire need of moisture and greenbug infestations are showing up in wheat fields in the northern counties of the district.

The Rolling Plains district is extremely dry and the acreage of grazed out or plowed out small grain continues to increase. Some stands are continuing to die because of the lack of moisture. Native ranges in some counties are being overgrazed, marketings are increasing and feeding continues heavy.

Bowie and Rains counties have adequate moisture but all other counties in the Northeast Texas district are short to very short. Low temperatures held back growth and even with very liberal feeding, cattle continue to shrink.

Moisture up to half an inch has not helped much in far West Texas where the need is for general soaking rains. Land is being prepared and that preplant irrigation is under way. Goat shearing is in full swing and sheep shearing has started.

It is extremely dry in West Central Texas and most of the feed for livestock is coming from sacks. Recent showers and earlier snow germinated dry planted small grains in southern counties of the district. This was grain which was planted last fall. Most old grain is dead or dying. Many stock tanks are dry and others are very low. Dry grass ranges from adequate in some areas to very short in others.

Light showers helped but they were no drouth breakers in Central Texas. The moisture shortage becomes more disturbing by the week with the planting season at hand. The showers revived small grain but prospects for a grain crop are slim but might yet provide some grazing. Goat shearing is active in Bell and Burnet counties and additional shearing crews are needed in Bell County.

East Texas moisture is still ranging from very short to adequate and oat growth has improved. Oats are furnishing some grazing but pastures are only average to below in condition.

Ten counties, mostly to the north and west in the Upper Gulf Coast and Southeast Texas district are short on moisture but Liberty County has a surplus and all others are adequate. Pastures are furnishing little grazing but livestock with supplemental feed are in fair to good condition. Grass fires have blackened many acres in Brazos County. Some corn and grain sorghum have been planted in Jackson and will start in Burleson this week. Watermelon planting is expected to begin in Waller County in about two weeks.

The light showers will help if more follows, but there isn't enough soil moisture for planting in South Central Texas. Ranges and pastures, as well as cropland, need a great deal more.

South Texas moisture, except in Kleberg, Nueces and San Patricio counties, is short to very short. Cotton, corn and grain sorghum are being planted in the Valley and some Coastal Bend counties. W. H. Lehmberg noted a slow movement of carrots, cabbage, celery and spinach to market. Labor ranges from short to adequate.

BUSINESS and INDUSTRIAL NEWS

GOOD SERVICE — Employes at Knollenberg's Auto Service, 1927 Twenty-sixth Street, are fully qualified, experiencd men. Here, Gaylon Cummings prepares to place a new sticker on a customer's car. Protect your warranty by doing business at Knollenberg's.

Knollenberg Qualified To Maintain All Automobiles

Many motorists do not realize it, but verified car care can be done by any competent service outlet.

K. J. Knollenberg, owner of Knollenberg's Auto Service, 1927 Twenty - sixth Street, said that his firm frequently makes routine maintenance checks to keep vehicles in proper operating condition and - or keep the car owner's warranty in force.

Just because you purchase your car from a certain dealer is no requirement to have the regular warranty checks performed by the same dealer. Any competent service outlet can do the same job.

Automobile manufacturers are agreed that it is the owner's prerogative to have the routine maintenance work done at the business of his choice.

A pamphlet presented by the Independent Automotive Wholesaler Members of the Automotive Service Industry Association states specifically:

"Routine maintenance work (i.e., Verified Care Care) is that maintenance work which must be done to keep the vehicle in proper operating condition and - or to keep the warranty in force, as prescribed in the warranty contract or the owner's manual. This work can be done by 'any competent service out! -- it is the responsibility of the car owner. When performing routine maintenance work, independent service dealers should furnish their customers with proof (a verified Car Care certificate) showing the service work performed, date, the amount charged for the job, etc."

Knollenberg has been servicing cars in the Snyder area for 25 years. The firm specializes in maintenance work, tuneups, electrical work, brake and speedometer repair.

All employes at Knollenberg's are fully qualified, experienced men.

When your car is repaired at Knollenberg's, you get a permanent record -- a Verified Car Care certificate which shows the work done, the date and the mileage on your car. This is important. In case you ever require an adjustment under the terms and conditions of your car warranty, your VCC Certificate shows that you have upheld your end of your warranty--that you have had normal service performed at the proper intervals.

What's New In Toy Business? Higher Prices, Cooking Sets

NEW YORK (AP) — Santa Claus may be flipping hamburgers and grinding peanut butter while on his midnight ride next Christmas.

The kids are more likely to be cooking under the Christmas tree than chasing spies or zooming away in their batmobiles.

The 64th annual American toy fair opens today, showing buyers from stores across the country what's new in toys, games and Christmas decorations.

What is new in the $2.5-billion-a-year toy business? Higher prices, lots of little cooking sets, more space toys, fewer military ones, bigger families of dolls, many little people and new games.

Batman and 007 have about disappeared.

Prices will be up abut 10 per cent this year," said Min Horowitz, president of Toy Manufacturers of America, Inc., a trade association.

Some of the biggest increases may be on the lowest-priced items.

"The day of the $1 toy may be numbered," speculated Mrs. Royle Glaser, vice president of Revell, Inc., which makes model kits and home raceway systems.

If Diane won't eat her spinach, you may let her make her own peanut butter instead. One of the new toys is a foot-high model of Mr. Peanut, the trademark for a peanut firm. Scoop a spoonful of peanuts into his top hat, turn the red crank, and out comes peanut butter.

For other hungry small fry there are a red brick pizza oven, a big burger grill, more soda fountain, ice cream makers and georgie. gingerbread, who comes with a story and poem. There also are the incredible edibles so you can make your own licorice-flavored lizards.

The first Apollo spacecraft hasn't lifted off for the moon yet but there already are detailed scale models, as well as space stations and six-inch astronauts.

The whole squad and all their outfits and equipment will cost you about $381.

Barbie's family is up to 12 with two new friends this year—and more than 100 outfits.

Last year's little people have multiplied even faster.

The Pee Wees have given birth to 12 baby Pee Wees who drink and wet.

There is a bigger boy, too—that kid, a freckled red-haired rascal who says "hey, that's my pitchin' arm" when his arm is moved, and "put that back or the monster will get you" if you try to steal his slingshot from his rear pocket.

The new little girls include little Miss Fussy, who drinks, wets and then begins kicking and crying until you change her diaper.

Bernhards Prove Love For Old Farmhouse

NEW YORK (AP) — Mr. and Mrs. Sven Bernhard love their 18th-century farmhouse, and Sunday they proved it. They had the two-story frame structure hauled five miles past Manhattan's towers to the tune of $1,300 a mile.

The couple had been living in the house, at York Avenue and 71st Street, since 1960, but did not own the land. The site must be cleared for a new home for the aged.

Churchgoers and apartment dwellers gaped and stared at the home, atop a giant steel dolly hauled by a 16-ton truck, rumbled through the city streets Sunday en route to a vacant lot on Charles Street in Greenwich Village.

The Bernhards, commenting on the $6,500 it cost to move their home, said, "We liked this house, we wanted to keep it."

The Swedish-born Mrs. Bernhard, as the moving began about 8:30 A.M., clapped her hands and cried, "It's saved, it's saved!"

As for the moving cost, she added, "Let's not forget the $4,000 we spent on fixing it."

And that isn't all, as her husband explained: "We have to have a foundation and we have to put in utilities and build a porch."

Bernhard works for a Swedish travel agency, while his wife is a department-store buyer. They currently are living in an apartment.

The couple's architect said the Bernhards had to get the permission of about 10 city agencies. Approval came after Manhattan Borough President Percy E. Sutton wrote to Mayor John V. Lindsay about the Bernhards' effort to save the "unusual and historically valuable building."

After the house was at the new site, Sutton told the couple, who had followed their home by car during the 2-hour journey:

"I tried to catch you on the route. I asked three policemen if they saw the moving house and the last one said to me, "If I didn't know you, Mr. Sutton, I'd think you were batty.'"

Book Draws Wrath Of Some Coeds

By HAL COOPER

NEW YORK (AP) — A Princeton manual of helpful hints on the hunting of the coed won patronizing smiles and a few snarls today from the object of the exercise.

"Hilarious," commented blonde Georgette Kelley, 21-year-old senior at Indiana's De-Pauw University.

At Barnard, described by the booklet — "Where the Girls Are" — as a good place to forget, an anonymous junior bared her fangs at the paper tiger in this wise:

"Princeton men are not as tweedy as Yale, not as interesting as Harvard and not as manly as Dartmouth."

Some resentment was evident at Stanford, said by "Where the Girls Are" to present "the biggest collection of plain Janes in the country."

"This remark," sniffed Barbara Fry, a graduate student in college administration, "merely discloses massive feelings of inferiority on the part of Princeton boys."

According to the booklet, "Nearly every one of the 750 Bryn Mawr girls got higher college board scores than you did, and few quite manage to forget it for a whole weekend."

The booklet characterized De-Pauw as "Lemonade U, an institution full of "great-granddaughters of the pioneers, anxious to protect and carry on their chocolate-cream culture."

The Princeton booklet lists 125 U.S. schools, their campus rules, the kind of girls likely to be found in the student body and the best places to take them on dates.

Peter Sandman, a senior who edited the work — billed as an "infamous, indispensable little black book" — conceded that its judgments would irritate some of the campus quail.

He explained: "We took the point of view of a snotty, obnoxious Princeton man."

Lion Grows Too Tigerish

SAN FRANCISCO (AP) — The neighborhood lion has become too much of a tiger to suit residents of San Francisco's Richmond district.

Signatures are being collected on petitions to give the heave-ho to Tagore, the pet lion of self-proclaimed sorcerer Anton Szandor LaVey, who performed a Satanic wedding recently.

Tagore, 3 years old, has grown to 500 pounds and has a meow with muscles. Also, the neighbors complain, he is unsanitary and leaves big bones strewn around the LaVey backyard.

Police say there is no ordinance against lions in San Francisco. One can't keep a horse, cow, calf, swine, sheep, goat, rabbit, mule, pigeon, goose or duck in the house. But lions are all right.

"We couldn't proceed against an elephant, either," said a city attorney.

BIRTHS

Mr. and Mrs. David McKinney, 711 Thirtieth, are the parents of a 7 lb. 10½ oz. baby boy born March 4th at 11:06 a.m.

A 7 lb. 3½ oz. baby girl was born March 5th at 1:08 p.m. to Mr. and Mrs. Celestino Hernandez, 3707 Noble Drive.

De Gaulle Holds Own In Election

By DAVID M. MASON

PARIS (AP) — President Charles de Gaulle's forces held their own in the first round of France's National Assembly election Sunday, and no significant shifts in the popular vote developed.

Complete returns for Metropolitan France, covering 470 of the 487 Assembly seats, gave the Gaullists 37 per cent of the vote and made them once again France's largest party. In the first round of voting in the 1962 Assembly elections, the Gaullists won about the same per cent.

The remainder of the returns, from overseas districts, will not be in for another day.

If the voting in the second round next Sunday also duplicates the 1962 pattern, the Gaullists will be assured of a majority similar to their 24-member margin in the outgoing Parliament. De Gaulle had appealed for another majority to continue the stability his rule brought to France.

Only 73 seats in the new Assembly were decided in the first round of voting. Sixty-two went to Gaullists. A majority was necessary to win while in the runoff the high man will be elected.

The big question in the wind-up round is how effective a new electoral pact on the left will be. The Federation of the Democratic and Socalist Left, headed by Francois Mitterrand, and the Communist party have agreed to unite between the two rounds to knock out as many Gaullists as possible. The leftist and Communist leaders were to meet today to determine which of their candidates would bow out.

The federation got 18 per cent of the vote Sunday and the Communists 22 per cent, for a total of 40 per cent, or more than the Gaullists' 37 per cent. The leftists could cause the Gaullists serious trouble but their strategy may fall through.

The other important faction is the Democratic Center, headed by Jean Lecanuet. His candidates polled 12 per cent of the vote Sunday.

The remainder of vote went to splinter groups.

Seaman Held For Theft

HOUSTON (AP)—Sheriff's officers arrested an unemployed seaman and charged him early today with stealing the car of a slain automobile dealer.

They identified the man in custody as Edward D. Mullane III, 27, of 1226 Harbor St. in Baytown.

Deputies W. H. Hubble and Tommy Cleboski picked up Mullane at his home about midnight and filed a complaint by 1:30 a.m. accusing him of taking the car of Thad Felton from Baytown.

Two men test driving an automobile in East Harris County found the body of Felton Saturday evening. Felton's abandoned car was discovered Sunday in Houston.

Investigators said witnesses who saw Felton riding with another man late Saturday would be given opportunity to identify the man being held.

Officers said they found some bloody clothing at Mullane's home and they had learned he bought a .32 caliber pistol last week.

Building Is Damaged In Explosion Here

What is believed to have been a butane explosion occurred at a business building, Sub-Surface Equipment Co. on the Lamesa Highway across the Street from Carey's Grocery about 10 o'clock Sunday night.

Firemen were called to the scene. There was considerable damage to the interior of the building from the explosion, but fire damage was minor. Owner of the structure is Burney J. Smith.

Firemen also answered calls to several grass fires during the weekend, including one call behind the office of the Snyder Daily News.
