THE OFFER CAT SAYS

Didn't see me last week did you? I'm Fishin'. If they's anything I like better Fishin' it's moar FISHIN'—see Fishin' & they ain't no better place but I've seen saw that's as fast as Fishin' as the old Lang Syne. Hurr!

Whips it that seemeth attend the show. The Fishin' will make a general rush for the seats, and in church the custom is just the reverse. If there are empty seats in church, no doubt they will be taken by the preacher and his people. In the words of the program book, "Queue him up!" Way this is should be the custom, it is exactly clear unless in the latter instance position is taken according to scripture, "The lowest place first in order to be in the highest."

Mr. and Mrs. W. B. Solomon were in Junction today from their ranch on the head of Bear Creek.

FOR GOOD LUMBER ORDER FROM MISSION LUMBER CO., M...NARD, TEXAS

PROPOSES A HEROES' MONUMENT FOR ALL TEXAS

A San Antonian's Brilliant Idea About to Culminate in Properly Honoring the Heroes of Texas' Independence--Mr. Emil Locke of San Antonio, Originator of Movement

It is with patriotic pride that we say, "Thermopylae had its messenger of defeat, the Alamo had none." Well and good, but will Texans allow the Greeks, who immortalized their heroes in porphyry and marble, to shame us when it comes to honoring the illustrious dead? The magnitude of the undertaking in securing Texas Independence never staggered the spirits of our defenders. Why should the erection of a suitable monument to these heroes give any Texan as much as a moment's travail? The defenders of the Alamo and the patriots who made possible the independence of this State, have been celebrated in song and folk-lore, and the story of their martyrdom will be repeated to the rising generations of the centuries to come. The Alamo itself still stands and will until it crumbles, but for years a part of the Alamo site was occupied by a warehouse and it was used for sordid commercial purposes. Public sentiment, however, demanded the demolition of this desecrating of sacred ground. Also for years a fight has been waged in this State between different factions as to what final disposition should be made of the ground. The Daughters of the Republic were always zealous in preserving as much of the time honored relics as still existed, other factions were in favor of parking said grounds or erecting a public building thereon. Now comes a well known San Antonian, Mr. Emil Locke, a widely known and public spirited citizen, whose family by his way, is one of the pioneers of our state, with the brilliant idea of erecting a stupendous shaft or monument to the heroes of the Alamo and the defenders of Texas liberty at San Jacinto and other battle fields. He proposes to the people of Texas to erect same by popular subscription and make it an affair of all of the people of this great state and not merely a local one. Mr. Locke accompanied by O. D. H. Sawyer, a descendant of one of our pioneer families, who is assisting him in launching the proposition, have already called on Mrs. H. Sawyer, the wife of the President of the Republic and laid the matter before her. From present indications this matter will be taken up favorably by the Daughters of the Republic and they as well as the Governor of our State before whom the matter was also brought, will put forth their earnest efforts to have the shaft at large taken up with an enthusiasm which has never been witnessed before on a public matter.

An explanation as to what a stupendous undertaking this monument will be is hereby given by Mr. Locke himself. This monument will be a great shaft 750 feet in height, as shown in illustration below. This shaft will be constructed of steel and Texas granite and when completed will be the center of the monument. A shaft of powerful reflectors will be placed near the top throwing a light down the shaft at night and making this monument visible for a distance of 100 miles in all directions. Four elevators will travel to the top of this shaft to carry sightseers to the balconies and viewing rooms for public affairs. This great undertaking I estimate to cost about \$2,000,000 a small enough sum indeed to be spent by Texas in demonstrating to the world that her heroes dead are not forgotten. For the maintenance of this building it will be necessary to charge admission, the admission will be \$1.00 and with \$2,000,000 we can build an attraction well worth \$1.00 to anyone.

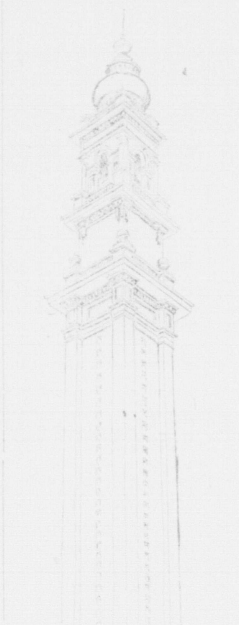

To give the reader an idea as to the gigantic proportions of this hero's shaft, let me state that the world famous Campanile of St. Mark's in Venice, Italy, towers in to the air to the extent of 322 feet and it is the objective point of all travelers touring Europe; the great shaft or obelisk, the Washington monument in the Federal Capitol, has been regarded as one of the highest points of human origin in

the world, it is only 555 feet high. This monument's amount that I propose will be over twice as high as the Campanile and tower above the Washington monument by 145 feet. This description gives you but a faint idea of what the monument will be in its finished state.

It is my intention to sell subscriptions of 50c each to every Texan, he to receive an admission ticket in return. The citizens of Bexar county will be called upon to start the movement of raising these subscriptions, and each county in the state will be visited and the matter laid before them through the officials of their county court, and the solicitation of these 50c subscriptions will be carried on in this manner until the required sum has been raised. I myself propose to furnish six months of time and automobile service for the purpose of starting off the solicitation of this fund. Some prominent men of Texas will be called upon to render service in addressing the citizens on this matter in different parts of the state. The co-operation of the state press will be sought to arouse patriotism and public interest in behalf of the undertaking. In order that the people of Texas may know that all funds raised, will be properly expended, a commission of 25 of the most prominent citizens of our state will be asked to act as trustees for the proper disbursement of said fund in erecting the monument. Every county that helps set this movement on foot and assists in raising funds towards this subscription will be represented in the great monument by a bronze tablet on the shaft fittingly inscribed. It is the intention to make this a state-wide movement and not let it become a local affair through any possible party division of the existing in one section of the state toward that of another.

My plan would be to sell 4,000,000 tickets in Texas, or approximately one for every inhabitant of this state, at one-half the price which will be charged after 4,000,000 tickets have been placed, this giving everyone who at this time subscribes to the monument, the opportunity to get the money back and a nice profit besides, the tickets being negotiable and representing each the value of \$1.00, or the price of admission to the museum, art gallery, stately hall, ride up to the top of the monument and the use and benefit of the powerful telescopes and astronomical instruments which are to be installed on the balconies and on top of the building.

Bexar county's subscription will be the first to get, and after that we can split two or three county blocks every day when an opportunity presents. There should be at least one county seat a committee of patriotic citizens or to be sure to get returns.

sensation from every part of the county it would be wise to have the County Court in special meeting and get their help to appoint a soliciting committee in each precinct to solicit subscribers for as many tickets as each subscription, the object being to obtain a subscription for as many tickets as the particular precinct has inhabitants. It being immaterial whether or not one of a great many persons take these tickets. It is also immaterial how many tickets are sold to any person so the required number is reached.

We will not collect the money for these subscriptions until success is assured, and no tickets are to be printed until it becomes evident that the subscription to 4,000,000 tickets is in sight.

During our visit to each county seat we are to show complete plans of the proposed monument to the county or central committee, or to any person or persons authorized by the people of such county to look into our proposition and either accept or reject it. If accepted, we are to leave at least one large sized picture of the proposed Alamo monument and a copy of the plans for the inspection of the people who are to subscribe for these admission tickets.

As soon as the different committees have covered their respective territory they are to send their subscription to some bank in their county, which bank will send copies to the central office of the Alamo monument fund, trustees say, to whatever place from where the business of this movement is to be directed.

This is offered merely as a suggestive outline of what I think is a practical plan. Of course, this plan can be improved on in a great many different ways. I feel confident that the people of Texas could be interested in a practical plan to erect a \$2,000,000 monument for the Alamo defenders, and that with the proper publicity it can be successfully carried out.

Regarding any future information that may be desired by the reader of this same will be cheerfully and promptly furnished by addressing Mr. Emil Locke personally, at his office, 712 Gibbs Bldg., San Antonio, Texas, or Mrs. H. Sawyer, president of the Daughters of the Republic, San Antonio, Texas.

EGG PRESERVATIVE THAT REALLY PRESERVES 'EM

A fluid that has saved the country from insect to insect, and created a wave of interest unparalleled in the history of the egg industry. This fluid will keep your eggs fresh, clean and safe from insect, and they will be preserved, especially those who live in a location where there is no mail service available. This fluid will keep your eggs for months with one method, and then sold as fresh. Why sell eggs in a box when you can sell them in a fluid? This fluid is about 50¢ until better prices prevail. Our method is not an experiment. An output of 15,000 was sold last year on the greatest scale ever devised.

JAP PRESERVING CO., 121 Live Oak Street, San Antonio, Texas.

SEVEN WONDERS TO DATE

Chemical Department of Cornell University Takes Out List.

The seven wonders of the world as selected by the faculty, graduates and seniors of the chemists seminar were announced by Prof. L. M. Jencks today.

A few weeks ago one of the scientific magazines sent a list of Cornell containing fifty-seven wonders of modern times and requested the chemical department to pick out seven as representing the greatest of modern ingenuity. The seven selected in the order of their importance were: Wireless, atomic chemistry, radium, antitoxins, aeroplane, Panama Canal and telephone.

It is interesting to note that the telephone, the aeroplane, antitoxins, radium, atomic chemistry and wireless were all inventions of the last century. The Panama Canal was the only one of the seven wonders that was not an invention of the last century.

BATTLESHIP TEXAS IS LAUNCHED

Left the Greased Ways With a Hoop and Gracefully Settled in Basin Relay.

NEWPORT NEWS, Va., May 27. With a love tap on the nose by a champagne bottle, the largest of the Miss Claudia Lyon, Uncle Sam's newest and greatest dreadnaught, the battleship Texas, was launched here.

Slowly, hesitating at first, the giant sea bulldog gathered momentum and rushed down the greased ways with a roar before it plunged into the water and gracefully settled in the basin. Shrieks of siren whistles from nearby ships and from warships in the harbor marked the appearance of the largest Federal defender afloat. A distinguished crowd was the Texas' birthday party, including Miss Helen Taft, Secretary of the Navy, Meyer and the Misses Meyer, Admirals Fletcher and Watt and scores of "service" and society leaders. Members of the Texas delegation in Congress also attended. Miss Lyon, sponsor of the newest sea terror, is the daughter of Col. Cecil A. Lyon, Roosevelt leader and National Republican committeeman in Texas. The Texas was named by Governor Coahuit.

ROYAL SCANDAL IN BELGIUM

Reports Involving Private Life of King and Queen Followed by Criminal Proceedings.

BRUSSELS, Belgium, May 27.—A semi-official communique dealing with alleged false rumors as to the private life of the royal family was issued today in the following terms: "Since a recent garden party held at Laken, certain rumors have been put in circulation concerning the private life of the royal family. It was even declared that on the day of the garden party the queen of the Belgians surprised King Albert in the company of a lady of the chamber and that the queen shot the woman dead with a revolver."

"King Albert had no knowledge of these reports, although for several days military officers attached to the court had learned of them by telephone. The queen of Belgium and abroad. After consultation it was decided to acquaint the king with the report. His majesty was astonished and very indignant. He decided to prosecute the authors of the reports and all persons repeating them.

"Criminal proceedings were instituted this afternoon before the king's prosecutor."

THE DISAPPEARING CHURCH

Elimination of Distance by the Motor Car and Suburban Electric Lines Given as One Cause.

In Illinois at least 1100 country churches have been abandoned within the last few years.

In Missouri one thousand have been closed, and in many in Iowa. In Kansas there are perhaps one hundred in which services are no longer held, but there remain one thousand in use that should be closed.

The advent of the motor car, the building of better roads, the general prosperity of the farmer, with such attendant factors as the use of a tractor and a carriage in place of the old spring wagon or the family cart, have brought about this change.

Formerly it was a hard job to drive even a short distance to church, dragged over rutty roads by a team of piebald horses. Today it is so quick and easy for the farmer to drive seven miles to town, with a motor car twenty miles is not hard.

Religion is free, but it cannot be with the burden of supporting thousands of useless churches with money that could be used to better advantage in centralized organizations.

One educated minister, well trained in his calling, is all that any community can afford for each six hundred to one thousand souls. The statement of H. J. Waters, president of the Kansas Agricultural College.

It thus appears that the churches are passing through the same stage of concentration that is afflicting other pursuits and vocations. With this change the church is also becoming more exclusive. Note that it is the farmer with the motor car and the spanking team that is going to town to church. With him goes the best financial support of the country church. There is left behind the tenant farmer who can afford no auto nor driving team. Not having sufficient to make the tenant a valuable exploiting element, the church will leave him to his fate, just for the same reason it has now abandoned the wage worker in the big cities. As a result of a recent survey of the churches of Chicago it was recommended that no more new churches be built, and that many of those now organized be consolidated. In other words, the churches are feeling the effects of capitalism. It is costing larger and larger sums to operate and preach the gospel of the Nazarene Carpenter.

Have you seen those attractive Junction-on-the-Lake Art Polders at the City Drug Store? Best views yet to mail to your friends. Cheap, neat, all ready for mailing. Something new.

R. R. King places his name before the public this week as candidate for County Surveyor of Kimble County. Mr. King has for several years been postmaster and merchant at Segovia and is well and favorably known by the voters of Kimble. He is capable of performing the duties of the office of Surveyor in a desirable and creditable manner, and promises if elected to the office which he seeks, to give it his best attention and labors. He solicits your support and confidence.

Business men who loan out on the banks in the South pay, on an average, 1-1/2 to 2 percent more for money than the business men in the Eastern States. According to the reports filed in Washington by 5000 national banks. When we compare the rates paid by the farmers, merchants and manufacturers in this section of the United States with those paid by specialists in Wall Street, the difference is noticeable. Interest rates in the New York Stock Exchange are often as low as 2-1/2 percent when men engaged in productive industries in the South are paying from 6 percent to 10 percent for bank funds with which to carry on business. It certainly is a badly organized banking system that causes such wide variations in interest rates in different sections of the country. This country ought to have a banking system that would make it as easy for the solvent borrower to get cheap money on sound security in the South as it is in Wall Street. It is up to Congress to give us a banking system as good as any in the world—and a little better. America ought to have the best.

Roosevelt Roundup

Irrigating is the order of the day at Roosevelt now.

Mr. Fox, Mrs. Winkel's father was in Roosevelt Friday.

Charlie Harry Jr. went to Menard on business Monday.

Mr. Rosch, of Houston, is visiting at the E. O. Bode ranch now.

Mrs. E. O. Bode and daughter Miss Emma were in Roosevelt last Wednesday.

There was a fish fry and ball game at Cedar-Hill Sunday; all report a good time.

There will be preaching here the second Sunday at eleven and again Sunday night by Rev. J. Collier. Don't fail to come.

Among those from Roosevelt attending services at Coppas Sunday were Miss Lora Peoland, and the families of J. F. Gardner and C. M. Harry.

There was preaching at Roosevelt Sunday night by Rev. S. L. Batchelor. We were glad to have him preach to us once more and hope he will preach here every third Sunday night.

We learn that Miss Ella Dunk, the charming daughter of Mr. and Mrs. F. H. Dunk, of this vicinity, was married in Houston a few days ago to Mr. Charlie Fox, also of this place. Miss Ella is a most estimable young lady and we congratulate Charlie on his good fortune and good judgment in the selection of his bride. Yet we think the groom a very fine young man and very worthy of the prize which he has won. We wish them much success in life.

Among those attending the party at R. W. Allison's Monday night were Misses Olive Dunbar, Blanche and Laura Dunbar, Messrs. Wesley Bode, Nugent, Weaver, Charles and Ernest Dunbar, Dave Turner, Clarence Smelser and Mr. Rosch. The party was given as a farewell party to Gordon Bradley who left Tuesday evening for his home in Hughes Springs. He was accompanied as far as Menard, by his cousin Hop Allison. We are sorry to see Mr. Bradley leave; he says he is coming back soon.

WILD ROSE

Mr. and Mrs. J. O. Davis, former residents of Kimble, but now of Noxubee, Coleman County, are visiting relatives and friends here. Mrs. Davis is sister of J. D. Bradley and Mrs. Alex. J. Hamer.

Mrs. J. C. Wilson and family of Eagle, passed through here Wednesday enroute to Alpine, Texas to spend a short time. Mr. Wilson was an editor here years ago but has since reformed and entered the ministry and is our pastor at Eagle.

If you have friends or relatives coming in or going away, we will thank you to call, phone or write The Citizen office. You like to read about others; others like to read about you. Every news item one gives us makes this paper just that much more interesting for the other seven hundred readers. And such favors are not forgotten by the editor.

FROM LONDON

Miss Mary Fritz went to Menard Monday with Mrs. Theo Herbst.

W. L. Smith is away on a visit to relatives and friends in and near Lometa.

Brother and sister Mullenax left Monday on their summer preaching tour.

A number of the citizens met Tuesday and repaired the arbor for the summer meetings.

Miss Lola Jones and Prof. Elmer McCollum were in from the Jones ranch Sunday night at lending singing.

Prof. Guilan Lewis, wife and daughter, came over from Red Creek Sunday and assisted in the singing Sunday night.

R. T. Amberson, W. C. Jones, R. C. Cannon, Gus Jones, Chas. Kendrick and families, Mrs. T. C. Black and a number of others went to the river Friday, returning Sunday. All report a good time and plenty of fish.

L. M. Nelson, A. J. Ivy, A. W. Pullen and wife passed through town Sunday going to Kerrville with their wool. Mrs. Pullen and little daughter Emma R. expect to go on to San Antonio to visit Mrs. Pullen's daughter Mrs. George Amberson.

While Dr. Fussell was returning from a call at Streeter Saturday night something blew into one of his eyes giving him intense pain. Getting no relief he left Monday for Brownwood to consult a specialist. Mrs. Fussell accompanied him as far as Menard.

OFFICE.

To Stockmen

Dear Sirs: The Season of 1912 is now at hand, when many owners are again looking forward to their crop of colts. The main thing for many owners is to look for the best sires. That is just as essential as any kind of seed. A poor sire means a bad colt, as it is impossible for an inferior sire to produce the best. We are proud to say that we have the stallions and jacks that are classed with the best. We have demonstrated that at the 1910 show. My "Pride of Aqua Loma" stallion was awarded 1st prize at San Antonio Fair 1910, over everything in his class, and in this defeated two imported horses, one of which was the Taft horse, of Taft, Texas. This should be convincing proof. Don't take your mares to a sire because it is convenient, but take the time and bring them to us, we will give you the kind of colts you want, and bring the best price. A cheap sire always means a cheap colt. The horse and mule market has always been good for the good kind; big stuff always is in demand; power is what everybody wants and you can't get this by breeding to small sires. Breed your mares, if not all, then a part of them to "Pride," as it is only a matter of time when you will have the right kind of brood mares. Good brood mares must have bone, size and weight, and that is what "Pride" colts have. Breed up your horseflesh, it will pay you big in time. A good horse at maturity will bring even more than mules. Big horses are scarce and always bring the price.

The Percheron Stallion "Pride of Aqua Loma" is recorded in the American Percheron Registry Association Stud-Book and his recorded number is 9184.

Pedigree—Foaled April 29 1907; bred by William Gorman, of Springfield, Greene County, Mo. Owned by Brownwood Horse Importing Co., of Brownwood, Brown County, Texas.

Got by "BLASON" (45778) (63550) ne by "TENOR" (46328), out of "YVOIRE" (51802), she by "BE S I Q U E" (19602); "TENOR" (46328) by "VOLTAIRQUE" (43199) by "OSSIMA" (40351) by "KALDOUJIA" (37257) (13245), by "GILBERT" (3154) (4431), by "BRILLIANT" (3171) (755), by "BRILLIANT" (1899) (756), by "COCO" (719), by "VIEUX-CHASLIN" (713), by "COCO" (712), by "MIGNON" (715), by "JEAN-le-BLANC" (739), etc. etc.

Price \$20 to insure. "OGDEN," all purpose horse, \$10. Also have Jacks "BROUGH-DAVIS," "OTHELA"—"JOE BAILEY," and "CULBERSON," all of which will make the season at the Aqua Loma Ranch. Price for service \$10.

There will be no charges on any mares for care and pasturing while with us.

All mares left in our care will receive our personal and careful attention, but we will not be responsible for loss or accidents. We are ready to take care of your mares in a satisfactory way and get results. Wishing all success and a prosperous year, we are,

Yours truly,
WARD & GARRETT

To The Public:

Will all those wishing to bury in the Junction Cemetery please see our sexton, Mr. Tomberlin, or our Secretary, Mrs. J. A. Heyman, before digging graves, as some of the lots are sold.

Victor Naedeiver, of San Antonio, is here visiting at the home of his grandfather, J. J. Ramsey.

Prof. A. J. Stephen, who was superintendent of the Junction High School the past two terms left Tuesday for his home in Waeider, Texas.

If you want to buy a home in Kimble County, the garden spot of Texas, see M. S. Nichols at the Citizen office in Junction. He has them cheap and on easy terms.

We have a large stock of Mason and Sure Seal Fruit Jars in one quart and one half size to come in about June 15. Better place your order now before they are all sold.—Junction Hardware Co.

We are in receipt of an announcement of the engagement of Miss Carrie Ellen Loos to Mr. Chester Arthur Hamer, the wedding to take place on June the tenth, Nineteen hundred and twelve, San Antonio, Texas. Chester is an old Junction boy, and we voice the sentiments of his many friends here in wishing for this young man and his fair bride the best and happiest of all life's portions.

It would surprise you to know of the great good that is being done by Chamberlain's Tablets. Darius Downey, of Newberg Junction, N. B., writes, "my wife has been using Chamberlain's Tablets and finds them very effective and doing her lots of good." If you have any trouble with your stomach or bowels give them a trial. For sale by all dealers.

And if you want a hamburger go to the Lone Star Cafe.

Let an efficient tailor fit you with a new suit.—Edd & Cleve. Olney Patterson left Thursday for Dallas to enter Daughlon's Practical Business College.

Beautiful New Laces and Embroidery.—Racket Store.

Mrs. Lester Hodges left last Friday to visit her parents Mr. and Mrs. B. F. Corder on the ranch in Edwards County.

Do you want to sell that property of yours? If so, list it with M. S. Nichols; if he can't help you he won't do you any harm.

Lame back is usually caused by rheumatism of the muscles of the back, for which you will find nothing better than Chamberlain's Liniment. For sale by all dealers.

Mrs. E. Holekamp's sister Mrs. Chas. Heberer, and daughter, Mrs. W. F. Muegge, and children, sister-in-law to Mrs. Holekamp; Mrs. Lizzie Smooth, aunt of Mrs. Muegge; also Edwin A. Holekamp, son of Mr. and Mrs. E. Holekamp all of San Antonio, are spending several weeks in Junction, guests at the E. Holekamp home.

Mrs. Livingston, and niece, Miss Bess Livingstone, Mrs. Marguerite Brighton, Mrs. Cora Smith, Miss Maggie Turman, Emmet Turman, and Homer and J. M. Livingstone, all of Angelo, formed a jolly party which arrived here in cars and spent a few days the past week visiting relatives and friends in Kimble, and enjoying a pleasant outing on the Llano. They left for their home Thursday.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in the sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or cold give it a trial and become acquainted with its good qualities. For sale by all dealers.

Letter to Robert Bissett

Junction, Texas

Dear Sir: A certain paintmanufacturer advertised "Waldorf Astoria painted throughout with my paint." A part of the basement was so painted; not satisfactory; painted Devoc next time.

There's a certain paint, a big concern, very proud and ambitious, that tried to see so big a job of another paint; so it went for that business.

That former paint was about two-thirds not paint, but this proud and ambitious paint was only about one-third not paint. It succeeded in getting a trial; 25 gallons; 5 kits of 5 gallons each.

When the painter had used one kit he called the manager; not satisfactory; 4 kits returned. A paint one-third not paint is not good enough to displace Devoc.

This was several years ago. That proud and ambitious paint is better now, it is nearer honest; it isn't short measure at all and only 15 per cent adulterated. It's a pretty good paint now; 13 or 14 gallons of it goes as far as 10 of Devoc.

Judge I. D. Fairchild owns two houses alike in Lufkin, Texas. J. M. Torrence painted both houses, one Devoc and the other with that proud and ambitious adulterated 15 per cent paint. It took 15 1/2 gallons Devoc and 25 gallons of the proud and ambitious paint.

It takes a pretty good paint to disturb Devoc.

Yours truly,
F. W. DEVOE & CO.
P. S. Alex J. Hamer Co. sells our paint

Misses Mary Stevenson and Ella Bolt left Thursday on a pleasure trip to Austin and other points. While in the Texas capital they will attend the commencement exercises of the State University, where D. F. McCollum, a Kimble County boy and a former superintendent of the Junction School, completes this year.

If it's good to eat call for it at Lone Star Cafe.

I have the goods, the price, the terms, and the warranty on P. & O gasoline engines. All kinds Pumping Plants—Steel Hay Balers.

Will Ellebracht

WOMEN START DRESS REFORM

Roused by Fact That School Girls Paint, Powder and Make Up as if Going to a Party.

CINCINNATI, Ohio, May 27.—With the example and influence of sixty socially prominent women to blaze the way, Cincinnati is about to start a woman's dress reform movement, as a result of a meeting of the Home Economics Association.

After a discussion which disclosed, among other startling matters, the fact that high school girls are painting their faces, using cosmetics and dressing as if for a party instead of the school room, the following resolution was offered by the president of the organization, Miss Isabel Neave, and unanimously adopted:

Resolved, That as far as possible we standardize our dress along lines of appropriateness, comfort, health and simplicity, in order to set the proper example in this matter.

Here are some of the things condemned by the association as evils which have fastened on Cincinnati girls and women to an alarming extent:

High heels.
Low-necked dresses for street wear.
Sleeves above the elbow.
Paint and other cosmetics.
Veiling and gauze hoes for street wear.

The need was urged most strongly on the ground that an example must be set to school girls, who, it was stated, paint and powder and wear flowers to school, likewise low-necked waists and cobwebby stockings.

"Teachers should not dress in a way that suggests the society woman, for it indicates they are ashamed of their calling instead of proud of it," one of the speakers said. "Even those who have sufficient means should make a sacrifice for the sake of the example to others. The same thing is true of all working women—stenographers, saleswomen and all others."

DESERTS FIANCE FOR BEST MAN

Flees in Auto Brought Gave Her and Becomes Bride of Her College Day's sweetheart.

ATLANTA, Ga., May 27.—Because she loved her first sweetheart best, Miss Clara Louise Parker of Gainesville, Ga., Sunday left her fiancé, Ed Gilbert, the bridegroom-to-be, in the lurch, ran away and married the best man, Benjamin Sullivan, whom she met in her college days.

The wedding plans for the Parker-Gilbert nuptials had been completed, the tuxedo and wedding gown sent to her home from the dressmaker, and her bridesmaids selected. Then she changed her mind about the bridegroom.

Benjamin Sullivan reached Gainesville Saturday. He met Miss Parker at noon. He recalled the days when they were lovers and fanned the old flame into a blaze again.

The next day the couple made a hurried trip to Flowery Branch, Ga., in an auto the bridegroom-to-be had sent to Gainesville as a present for his bride, and there they were married, with the village constable as one of the witnesses.

Miss Parker is the daughter of O. N. Parker, prominent merchant and one time mayor of Gainesville. The deserted bridegroom is a wealthy business man of Marietta. The successful suitor was at one time private secretary for Congressman Bell of Georgia. The couple is now in Atlanta.

SAN ANTONIAN HONORED

Important Position Among Commercial Educators of the United States Given H. C. Mitchell.

Mr. H. C. Mitchell, vice-president of the San Antonio Business College, has just been elected chairman of the membership committee of the National League of Business Educators. This league, with O. A. Hoffman of Milwaukee as president, has been organized for some time and already has the membership of the leading commercial schools of the North, East and West.

The purpose of this league is the raising of the standard of commercial education throughout the entire United States. It is planned to eliminate fake methods of advertising, the use of students as teachers and classes of business colleges. A vigorous campaign is to begin immediately in the South for the purpose of enlisting the aid of the better schools of Southern business schools.

Mr. Mitchell has been selected for this difficult and arduous work because of the activity he has displayed in bettering the methods, curriculum and product of commercial training institutions. The honor given the San Antonio educator will be more fully appreciated when it is stated that he is the only Southern man on the committee, the other members being from the North and Northwest.

He states that he will lose no time in pushing the organization to the front, especially where he believes it is badly needed.

Stearns—One hundred and twenty votes were polled in the stock law election here, 50 for and 61 against.

"El Merito" Coffee is packed by Deelman Coffee & Spice Mills, San Antonio. That's why it's good. Ask your dealer.

SUFFRAGETS WILL GO TO PRISON

Mrs. Pankhurst and Mrs. Lawrence Found Guilty of Conspiracy to Destroy Property.

LONDON, May 27.—Mrs. Emmeline Pankhurst, the militant suffragette leader, and Mrs. Lawrence Pethick Lawrence, joint editors of Votes for Women, were all found guilty at the Old Bailey sessions and each was sentenced to nine months' imprisonment on the charge of conspiracy and inciting to malicious damage to property.

The jury in handing down its verdict of guilty accompanied it with a recommendation that leniency be shown to the prisoners and Justice Scriven, in delivering judgment took this into consideration. The prisoners were all sentenced to be confined in the second division, which does not include hard labor.

HALBERT URGES CLAIMS IN COMMISSIONER'S RACE

To the Democratic Voters of the State of Texas:
Dear Sirs—My name will appear on the official ballot of the Democratic party to be voted on for the nomination of commissioner of agriculture for Texas. In the primary election of July 27, 1912, the law requires that a farmer shall fill this important position. This more practical, progressive and scientific the better he can serve the entire people. I shall rely upon my record along these lines as a practical, progressive and scientific farmer and horticulturalist for the Democratic nomination. I cannot afford to establish headquarters in some large city and employ a campaign manager. Neither will I appoint influential men all over Texas on my financial and other committees to collect funds and help promote my candidacy. Nor will I have time to make appointments over Texas to open up my campaign, making from that that cannot fulfill, to have laws changed. The office of commissioner of agriculture is purely an executive one. It has nothing to do with legislation. If I am elected I shall be too busy attending to the duties of the office to lobby in the halls of legislation; the only way the commissioner can have any influence over legislation.

However, when the busy season is over with the farmers and they have time for picnics and barbecues, I shall be glad to meet the people and discuss farm topics. In the meantime I shall rely upon voluntary service of my friends over Texas who are familiar with my farm record, to give my candidacy as much publicity as possible. To this end I have circulars printed showing what I have accomplished for agriculture and horticulture, and will be glad to mail these circulars to such friends as feel disposed to hand them out to others who are not familiar with my record. Please send me your names if you can do this much for me.

"Fair play" is a noble trait in the American character. True about its fair play, East Texas holds the honor of furnishing the first commissioner of agriculture for Texas. Then it went to South Texas in the person of Hon. Ed R. Kane of Hays County, who has held it two terms, and against the Democratic principles of rotation in office is asking for a third term. Central Texas comes next in rotation and is entitled to it this time. Then North Texas will come next, then the Panhandle. I have the honor to represent Central Texas, as my county holds the honor of furnishing the first commissioner of agriculture for Texas. North Texas is represented by my honorable opponent, H. E. Singleton of Collin County.

I have my ear to the ground. I hear a mighty rumbling of Democratic feet and voices going to the primary. The best I can distinguish what the majority are saying is this: "Ed R. Kane, you have had your share; H. E. Singleton, bid your time; we will give the nomination to Central Texas this time, whose candidate is, Yours very truly,
"H. A. HALBERT,
(Adv.) Of Coleman Co., Texas."

Timmons's Letter.
Stomach Liver Purifier is the most valuable remedy I ever tried for constipation and disordered liver. It does its work thoroughly, but never irritates. The most remedies of its character. I certainly recommend it whenever the opportunity occurs.

Wichita Falls.—Work has started on a bottle and glass plant which will employ two hundred and twenty-five hands. Several cars of machinery and material are now en route for the new factory.

RETAIN YOUR YOUTH AND ACQUIRE BEAUTY

W. F. Jernigan, M. D., President S. A. Physical and Mental Culture School.

Age is not a disease in the strictest sense of the word, and yet it is a disease. Very few people have died of age. Most everyone dies of disease. We ought never to do of anything but old age—that is, we should just ripen. Age in its strict sense is merely a ripening, but we ought not to give ripe too soon. I want to tell you some of the aging symptoms.

The first sign of getting old is the loss of memory. If your memory is as good as it once was, you are older today than you were ever before.

In speaking of aging, I am not talking about youthful years, may, or will come and go, but one need not get old with the years. There are people who are older at 40 than others are at 60 years. That is, they have more old age symptoms. Loss of memory is the first one. If you keep your memory good, you will stay young just as long as you can do it. Stiffness of the joints, loss of energy, lack of activity and a general slowing down in the system are some of the signs or symptoms of aging. One special sign of decrepitude is when the flesh begins to granulate.

Causes of Aging.
One great cause of aging is the clogging of the system by the introduction, accidentally or otherwise, of inorganic elements into it and their staying there. Your body is composed of 14 different elements combined in 17 different ways. Anything that enters into the economy of the system outside of these 14 elements, or in any of the 17 different material. The accumulation of these inorganic elements constitute the aging material. A diseased condition may be produced by this, but second in importance is the failure of the organs to perform the functions properly, and inactivity of the functions will produce disease, but not old age.

What is meant by inorganic elements is this: Every individual, perhaps, understands the difference between organic and inorganic chemistry, between organized life and mineral substances. Now, everything that is taken into your system should be alive in the sense that it is organized. Every inorganic particle that goes into your system is old age material. There are four different ways through which these particles enter your system. First, I want to stop to say that the clogging of the system by this material usually comes through the fine cells, carbonates of the atmosphere of the air, and enter into the system in four different ways, namely, through the food you eat, the water you drink, the air you breathe, your mouth, and attitude. The effects of the entering of the substances into the body vary, but the ultimate end is old age. The effects of this are oxidation or tendency to ossification of the brain—turning the brain into bone through the accumulation of carbonates and phosphates, and the second is the clogging of the heart and the impeding of the circulation comes from the clogging of the arteries and veins.

I want to notice those things just a little while. First, you should take care how these articles accumulate. I have stated there are but four ways, one of those being through the food. If the food is perfectly pure, clean and good, no old age material can get in through that source. If the air you breathe is absolutely pure and not contaminated with anything else, then it cannot reach the system through that source. If the water you drink is absolutely pure and not contaminated with anything else, then it cannot reach you through that channel. If the mental attitude is kept in proper condition, it will not reach you through that channel. Of course, by the mental attitude I mean your thought. The attitude of your mind has a good deal to do with the functional activity of the organs. If properly everything goes on all right. The failure of that organ to perform its proper functions will affect the system in two different ways: first, by allowing the old age material that has already accumulated to remain in the system, because of the inability of the organ to do its proper office. Second, by the vitiation of the fluids and juices that are manufactured by those organs.

(Continued Next Week.)

TOW WAR TROPHY

Dry Dock Seized at Havana Brought from Florida to New York.

NEW YORK, May 27.—Something which had the appearance of a floating warship was discovered drifting at anchor of the shore of Staten Island this morning. The structure was a 12,000-ton dry dock, foreign in origin, and was being towed to this port, a distance of 1800 miles, in fourteen days.

The dock was built in England for the Spanish government and was towed to dock slips at Havana before the outbreak of the Spanish-American war. It was among the prizes which fell to the American navy, and after the war was taken to Pensacola for use there. Recently the dock was purchased by a firm here and they will use it in their shipyard. The dock is 450 feet long by 100 feet wide.

Flagged Train With Shirt

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at J. A. Heymans.

Opportunity Knocks Are You Ready?

Prepare yourself NOW for a better position. Take a course in the GREAT BUSINESS TRAINING SCHOOL of the Southwest School endorsed by leading Bankers, Court Reporters, Accountants and Business men everywhere.

New Typewriters, Adding Machines, Multigraphs, etc. Electric Pans. Every TEACHER an EXPERT.

BOOKKEEPING The system of Bookkeeping we teach is used in over 2400 schools, and in ninetenths of the Business offices of United States—Thorough, Practical, Comp etc.

BANKING Both National and State Banks use system we teach.

SHORTHAND More Court Reporters and Expert Stenographers use our systems of shorthand THAN ALL OTHER SYSTEMS combined.

TOUCH TYPEWRITING Real Touch Typewriting is taught in our college. All machines are "blinded" and from the first lesson to graduation each pupil must use every finger of each hand without looking at the keys. The result is a remarkable speed and accuracy.

CIVIL SERVICE Is taught in our College under the direct supervision of a former Civil Service Examiner. Specially prepared for a book.

HOME STUDY FREE To those who cannot leave home but who will enroll NOW we will lend books and give instruction by mail.

POSITIONS—Our own action and acquaintance with business men makes each of our students doubly sure of obtaining employment upon graduation. Every full graduate in a good position is the record of S. A. B. C.

Special inducements to Teachers, Public and Private School Graduates and Children of Ministers. No vacation. Catalog and full information FREE. Write TODAY.

Just to Remind You

that the Menard Hide and Wool Company buys all kinds of Country Produce in all quantities. Our business is of some magnitude and we buy any amount. We buy from the farmer and we buy from the merchant. If you have anything in this line and want to sell it, it will pay you to see us. John Armstrong, Mgr

Porto Rico's New Wonder

From far away Porto Rico come reports of a wonderful new discovery that is believed to vastly benefit the people. Ramon T. Marcham, of Barcelona, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest, and more than 20 others, who used it on my advice. We hope that this great medicine will yet be sold in a very drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merit. 50c and \$1. Trial bottle free. Guaranteed by J. A. Heyman.

READ THIS

Sayman's Vegetable Wonder Soap is the best soap for the bath and toilet purposes ever sold in Junction. It is an absolutely pure natural soap containing the root of the soap plant, Nature's substitute for soap. Is made without the use of animal fats, fillers or coloring matter and is matchless for the skin, scalp and complexion. Endorsed by the medical profession and public. Sayman's Healing Salve is the best and purest that money can buy. It is an anti-septic salve possessing remarkable healing powers and purifying properties that we can recommend to the most skeptical and especially to those afflicted with various forms of skin diseases and old sores.

Price of salve or soap 25c per box. For sale by MRS. S. S. JOBES Junction, Texas.

Only a Fire Hero

but the crowd cheered, as, with burned hands, he held up a small round box. "Fellows!" he shouted "this Buckler's Arnica Salve I hold, has everything beat for burns." Right! also for boils, ulcers, sores, pimples, eczema, cuts, sprains, bruises. Surest pile cure. It subdues inflammation, kills pain. Only 25 cents at J. A. Heymans.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified. **FOR KIDNEY, LIVER AND STOMACH TROUBLE** it is the best medicine ever sold over a druggist's counter.

Poor appetite is a sure sign of impaired digestion. A few doses of Chamberlain's Stomach and Liver Tablets will strengthen your digestion and improve your appetite. Thousands have been benefited by taking these tablets. Sold by all dealers.

LISTEN

We represent the celebrated Baldwin Ellington and Howard pianos, all owned and controlled by the Baldwin Piano Co. Cincinnati, Ohio. We furnish the best action in out pianos that the world produces. Our instruments are high grade goods from every standpoint, and in prices and terms we defy competition. J. C. BOURLAND PIANO CO. Eden, Texas.

Do you want to buy a Kumble county tract? If so, see M. S. Nichols at the Citizen office in Junction.
