SPURNING THE TRUTH

"And be sure, your sins will find you out."

Meaning, that whoever does a wrong will never get away with it.

If some young reader doubts this, it can be verified by an inquiry from your most elderly friend, in whose word you can place confidence.

Notwithstanding this certain penalty for wrong doing, some persist in piling up their indebtedness until their account becomes staggering.

Truth is the most beautiful and had "ious force on earth.

It is so powerful in its operations that God could not change it should he choose to do so, because "God is the spirit of truth" and it is not conceivable that Deity would attempt to or could destroy itself.

Yet there are humans, who in their conceit, attempt to do this very thing which would be impossible for their Great Creator to do.

Hunting the truth is the greatest calling one can engage in, and he who seeks shall surely find.

Truth is a jealous mistress and who do not tolerate the flirting with deceit and hypocrisy.

Truth also knows its own lovers and it matters not how sweet the words or how graceful the manners, if the suitor is not sincere he only, is deceived.

All the mental suffering and most of the physical pains spring from a disregard of the truth by some one, and the hardest part is that often the innocent must suffer because of the disregard of the truth by others.

Truth is the giant tree with many branches, all that is good springs from truth, happiness, love, charity and every other tender impulse that humanity possesses or may possess, and that is evil and causes, unhappiness, hatred, sorrow and misery spring from a disregard of truth and her immutable demands.

If every mind on earth was to suddenly yield itself to honest truth seeking, the field would be so large and unexplored that, throughout eternity there would be no scarcity for material and no time for other pursuits. When truth in her might do prevail and every foe is vanquished there will "be peace on earth and good will toward man"; but not until then. The spurning of truth in any form is silly.

Relief Work Underway Here This Week

Registration of the unemployed of Lamesa and Dawson County is going forward in the chamber of commerce office, City Hall, this week. When this registration is finished, the committee is authorized to start the work again. It is estimated by officials that it will take ten days to complete this work. In the meantime the committee urges all unemployed to help pull the rest of Dawson county's cotton crop. A truck is leaving the City Hall at 8:00 o'clock each morning and will do so as long as a sufficient number desires to go out, to carry any one who desires to pick cotton without any charge to the cotton picker.

Below is given the registration form requested to be signed by the applicant who needs work. The committee is not authorized to give any work to anyone who does not come in and sign this form. Family heads will be given preference.

LIONS CLUB WELL ENTERTAINED WEDNESDAY

Members of the Lions Club met in regular meeting Wednesday at noon with William A. Wilson in charge of the entertainment.

The high school fun makers furnished the music with several classical songs thrown in. J. D. Dyer made a talk on the scout work of Troop 44, which the Lion club has been sponsoring. Ernie Parchman, Scoutmaster also made a short talk.

William A. Wilson was appointed as chairman of the committee to select a picture show, that the club will sponsor soon.

Members of the club gave thanks to the business men for their help in securing the cement for the wading pool which will soon be completed in the city park.

Visitors present were Carl Rountree, Holt Massey, Will Esmond and Peeler Williams of Waco, A. C. Woodward, Mr. Whitaker of Lubbock, Lions present were Bernie Holt, C. E. Cameron, J. R. Flaniken, J. M. Harrington, Guy Travis, Swanson Hurt, Wm. A. Wilson, Bob Kirk, Sherman Hill and Dee Hull.

GRAMMAR SCHOOL EXERCISES FRIDAY

On Friday afternoon at three o'clock the graduation exercises will be held in the Grammar school auditorium for students of the high seventh grade who will enter high school on Monday.

Rev. E. F. Cole, pastor of the First Baptist Church will address the group at this time. One interesting fact about the program is that the main song was composed by one of the class members, Richard Crawley. Honor students had not been determined on Wednesday, but will be announced next week.

Students who will be enrolled as freshmen next week are Eloise Alexander, Elizabeth Boswell, Hazel Cox, Texana Chilton, Anna Margaret Davis, Bessie Key, Roberta Kirk, Charlotte Lockhart, Sylvia Price, Ruth Shackelford, Mabel Dean Sasser, Adie Lee Phillips, Richard Crawley, Bill Farmer, Hilburn Gilliam, Loyd Hahn, Arnold Henderson, George William Hornbeck, Earl Jacobs, Othel Johnson, Emerson Kutch, Charles Lockhart, Harold Lambeth, Jimmie McCarty, Allen McClain, Twain McMahan, J. W. Paulk, Homer Simpson, Johnnie Smith, Carlton Lee Tunc.

IDUS BEARDON PASSED AWAY SATURDAY AFTERNOON

Idus Beardon, aged 36 years, passed away at his home in the east part of Town Saturday afternoon January 14th from an illness of several weeks.

Funeral services were held on Sunday afternoon at the grave side by Rev. Music.

Mr. Beardon leaves a wife and 3 children to mourn his death.

MR. COLLINS' MOTHER DIES IN OKLAHOMA

The many friends of W. B. Collins were grieved to hear early Saturday morning of the death of his mother, Mrs. Ellen Collins, at Antler, Oklahoma, the end coming Friday evening, January 13.

The body was brought back to Texas for burial in Lamesa County, near Paris, where the family made a home for many years. Funeral services were conducted in the little neighborhood church where Mrs. Collins worked in Sunday School and other activities during the childhood of her sons and daughters. Interment was made in the cemetery there.

Mr. Collins left immediately after receipt of the message, and was accompanied by his brother, W. H. Collins of Brownfield, also his nephew, Bill Collins of Lubbock.

Mrs. Collins was born in Ft. Smith Arkansas, on October 24, 1847, being past 86 years of age at the time of her death. In 1866 she was married to A. G. Collins a veteran of the Mexican war. Mrs. Collins was one of the few surviving widows of veterans of this war. To this union were born six children all of whom live to mourn their mother's passing. They are W. B. Collins, Lamesa; W. H. Collins, Brownfield; H. B. Collins, Moxey; I. D. Collins, Boswell, Okla.; and Mrs. David White and H. A. Cothran of Antlers, Okla.

Grandsons of the deceased were pall bearers.

Mrs. Collins had been in delicate health for some time, but her condition was not regarded as serious until just before the end. Mr. Collins and his brother returned Monday afternoon the week before her death from a short visit with her.

The Courier joins with the community in extending sympathy to Mr. Collins and other members of the bereaved family.

BOY SCOUT COURT OF HONOR TO BE HELD FRIDAY NIGHT

Troop 22 will hold a special court of Honor for Jack Keisling, Friday night, January 20th, at the Scout hall in the basement of the court house. Jack has finished the work for the Eagle recognition and the Court is being held primarily for him, so that he will be able to receive his Eagle Badge at the banquet at the Hilton Hotel, Lubbock, next Tuesday evening at the annual meeting of the Eagle Scouts and Scout masters of the South Plains Area Council.

Other scouts who have passed tests since the last court are invited to go before the Court Friday for their respective awards. Philip Yonge chairman of the local Court of Honor will preside. The program will begin at 7:30 and parents and friends of the Scouts are invited to attend.

CAR OF FEED TO GO TO ORPHAN HOME

The members of the Missionary Baptist Church of Lamesa are to load a car of feed for the Texas Baptist Orphan home, Waxahatchie, on Tuesday, January 24. The car will be on the track for loading which will save extra handling.

It is hoped those willing to help will bring their feed in on that date.

FROST FEEDING PROJECT ONE OF LARGEST

One of the most ambitious feeding projects in this part of the country has just been started by our fellow townsman, H. C. Frost, veteran cattleman and resident of this section for many years.

Mr. Frost has just completed a 35 day trek from a point west of Amarillo, driving a herd of 800 cattle down to their pasture on the Murray place just below the caprock.

Four hundred head are coming yearlings and Mr. Frost and his partner, A. J. Murray of Overton, plan to feed them out for market, using crushed feeds, maize and bundles, as the basis for the ration. Cows will be thrown on pasture.

The drive from Amarillo was made in immemorial cattle drive fashion. The party was on the road during the icy weather preceding Christmas, but Mr. Frost described the trip as a "pretty good one."

Other than the Hearst project at Brownfield, it is believed that Mr. Frost's is the largest in this immediate part of the country. In view of the extremely low price of feed stuff this situation is rather surprising.

However, exchanges coming to the Index report a number of South Plains men planning to feed out stock.

Mr. Frost has been identified with the ranching industry practically all his life, and knows the game from Alpha to Omega. Known to every resident of Lynn, Dawson, Borden and Gaines counties, his newest activity is expected to stimulate interest in this line of endeavor.

Progress and results of the project will be watched with much interest.

FIFTH SUNDAY SINGING MEET JANUARY 29TH

Dawson County's Fifth Sunday Singing Convention will meet Sunday January 29, at 10 o'clock A. M. at the American Legion Hall on North 5th and Wasson Streets. Singers will meet at the Legion Hall in the morning and at the Methodist church in the afternoon.

Everyone that is interested in singing have a special invitation to come out and make this one of the biggest events of the year. Several out of town singers are expected to be present. Further information will be found in next week's paper.

Those wishing to help with the program are asked to get in touch with the entertaining committee consisting of R. H. McCauley, Philip Yonge, and Guy Travis.

ANNUAL C. OF C. BANQUET TO BE COUNTY WIDE AFFAIR

Lamesa's annual Chamber of Commerce Banquet will be different this year. The plans have materialized at present and call for a city-wide and county-wide pageant "Texas Under Six Flags."

The central committee, headed by W. H. Wallace, Jr., pastor of the First Methodist church, consists of J. E. Haynes, secretary-treasurer, Mrs. Matt A. McCall, Dee Hull, and W. K. Crawley. Committee appointments have been made: Program, Mrs. Matt A. McCall, chairman; R. H. Kirk; J. D. Dyer and Louis B. Reed. Tickets, C. E. Cameron, chairman; Reception, Lee Hanson chairman; Fred Sanders, Dr. J. M. Harrington; Arrangements, Caryl Baldwin, chairman; Cecil Speck, George Canoy, J. A. Tarter and Bernie Holt.

Place of meeting is set in the basement of the First Methodist church. The program will be different. There will be no speaking. A pageant under the direction of Mrs. Matt A. McCall will follow a banquet spread.

The entire city and county will be welcome. Cover charges are set at the low price of 50 cents.

This meeting is to take the place in an enlarged and cooperative way of the annual chamber of commerce banquet, and is to be known as a city and county wide affair. The central committee will meet Jan. 27 in the chamber of commerce office for completion of details and plans for this affair.

CATTLE BEING FED FOR MARKET IN COUNTY

Between 2000 and 3000 head of cattle are being fed in Dawson County according to reports that have been gathered here. These cattle have either been on feed and sold or are now on feed and being fattened for market. The following are reported to have cattle on feed:

T. W. Murray, 500; Higginbotham Company, 800; J. T. Little, 140; R. E. Echols, 60; Gus White, 16; C. C. Koger, 60; Bernie Stuart, 30; John Henry Dean, 150; Olan Earnest, 75; C. Frost, 80; Roscoe Holton, 40; Hatcher & Steele, 70; F. M. Weaver 150

MORE TREES SHOULD BE SET OUT THIS SPRING

It is getting time to begin to think about tree planting in Lamesa and Dawson County. It will be remembered that more than 15,000 trees were set in Dawson County last year. The people of Dawson county have been tree minded, and have realized the value of setting trees about their premises. Still there are hundreds of places in the county that need decorating with trees. The country road side, the cemeteries, etc., should be lined with trees. When we look about us, we cannot help but admire our city and county more when we note the large number and marvelous growth of trees in the last three or four years. Tree setting is catching.

When the neighbor beautifies by setting trees and evergreens about his premise, we want to also. Let's get busy now planning for another wonderful tree setting campaign for the spring of 1933. The season is wonderful, and we may perhaps not have such an opportunity with such a good season and such cheaply priced trees as we have now. Most anyone can afford to plant trees at the present prices.

PETE CAMBRIDGE HOME DAMAGED BY FIRE

The residence belonging to Mr. and Mrs. Pete Cambridge was damaged by fire and smoke Thursday morning about 9:30 o'clock. The fire started in the kitchen, seemingly from an oil stove, damaging the kitchen, dining room and bath room and the roof over the kitchen. The other part of the house was slightly damaged by smoke.

The local fire department getting to the scene of the fire on record time prevented a further damage.

CALL TO ARMS TO EX-SERVICE MEN

The American Legion has reduced the price of dues from \$3.00 to \$2.50 for a few days and is calling you to Arms. There never was a job that you could not do and do right. You have fought without food and without sleep, without rest and you have won, even when it seemed that human endurance could carry on no longer. But you didn't shirk, you did the job well. The time has come when you must perform another task. And that is to join the Legion and be with the boys who are trying to help the disabled Buddies that fought with you. God knows they didn't shirk when it was up to them and I know that you are not going to shirk now when it is up to you. So let us as citizens of West Texas and Dawson county renew our pledge of loyalty to our God, our Country and our Flag.

Here is the preamble to the constitution of the American Legion:

For God and Country we associate our selves to gether for the following purposes:

To uphold and defend the Constitution of the United States of America; to maintain law and order to perpetuate one hundred per cent Americanism; To preserve the memories and incidents of our associations in the Great War; To cultivate a sense of individual obligation to the community, State, and Nation; To combat the autocracy of both the classes and masses; To make right the master of might; To promote Peace and Good Will on earth; To safeguard and transmit to posterity the principles of Justice, Freedom, and democracy; To consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

So boys you can see the great principles of the Legion. It defends you in many different ways. I am sure you want to be one of the boys so come in and pay your dues and help us carry on.

Ebb Philips, Post Commander.

SMALL DAUGHTER OF MR. AND MRS. MILLARD McDONALD DIES SATURDAY

Funeral services were held Sunday afternoon at 3 o'clock at the First Baptist church for little Lavon McDonald, three month old daughter of Mr. and Mrs. Millard McDonald, who passed away on Saturday from an attack of pneumonia.

Rev. E. F. Cole, pastor of the church conducted the services, and burial was made in the local cemetery.

The Courier joins with the many other friends in extending sympathy to the bereaved family.

SCHOOL SITUATION STILL UNCERTAIN

The recent announcement about the plight of the local schools created a lot of interest in the condition of the Lamesa schools. For two or three days thereafter there is reported to have been considerable tax paying by persons who most ardently desire the schools to continue for the full term without handicap.

Sup't. Rogers stated that he had been questioned by several parents who desire to know the complete facts in order that they might enroll their children in other schools if the local school are to have a short term and thereby lose standing in classification and affiliation. His reply to questioners has been that he has faith in the ability and willingness of the citizens of this community to maintain the standing attained but that the complete answer will not be known until the month of January has passed and the tax payments announced.

The State apportionment will supply an amount sufficient to pay half the annual teacher salary bill but state funds will be slow in reaching the depository and half the school term has been completed. The maintenance of the schools is expensive when one considers fuel, water, power, insurance, janitor service, clerical work and repairs to buildings, and teaching service. The library needs of the school are urgent and an inspection will reveal that several pupils are using makeshift and improvised desks. About three dozen desks are needed to relieve the desk shortage in the elementary grades.

The schools need to receive about \$15,000 from local sources for what are known as local maintenance expenses and approximately the same amount to meet the bonded debt requirements or \$30,000 total.

FIRST APPOINTMENT FOR 1933 RECEIVED

According to W. T. Webb, county superintendent, the first county school apportionment for 1933 was received last week. The amount received was sixty cents per capita.

Mesdames Gus White and A. N. Randle were Lubbock visitors Tuesday.

RESEARCH CHEMIST DISCOVERS NEW FIELD IN COSMETICS

For the past four years, using Lubbock, Texas as a base, research chemists have been working to perfect a line of cosmetics especially adapted to the needs of women living in windy, arid regions of the Southwest.
The fruits of their labors have answered the demands of women living in West Texas for a complete line of scientifically prepared cosmetics particularly adapted to their special needs. This abolishes the old idea that cosmetics must come from New York City or abroad where the makers are thousands of miles away from the climatical conditions that will affect the users of their products.
Leading drug merchants throughout West Texas and New Mexico are presenting this new line of cosmetics as quickly as this new West Texas plant can produce them.
The company is known as the Gilliam Chemical Company and has been located at Lubbock, Texas. The name of the facial line is Charme' (pronounced char-may) and is one of the most carefully compounded lines on the market.
This new line of cosmetics announces many new features in facial care: every woman has her choice of three types of cleansing cream as Charme' offers a special cleanser for the three predominating types of skin: dry, powder and oily. The Charme' face powder is remarkable for its smoothness and clinging quality, and is free from orris root which aggravates and in some cases causes hay fever. Every item that the Gilliam Chemical Company makes is of the highest quality and is made from the purest and highest grades of materials obtainable.
The organization of the Gilliam Chemical Company is another step forward in the industrial growth and development of the Great Southwest many salesmen have been given jobs and a number of people have been given work in various capacities as the wheels of the factory move with greater speed.
Local drug stores handling this product include Clark McDonald Drug Co. and Bryant Pharmacy.

LEGION ENTERTAINED BY MRS. PRATT'S CLASS
The expression class of Mrs. L. M. Pratt gave a splendid program for the entertainment of the American Legion members and their families on Monday night.
The program consisted of one-act plays, readings, songs, monologues, and a fairy dance, which was followed by accordion duets by Mesdames James and Becham.
Refreshments were served to about one hundred persons.

75,000,000 PROVIDED FOR 1933 CROP LOANS

While the domestic allotment bill is still under discussion, the house, under the domination of vice-president elect Garner, passed a bill Tuesday to provide \$75,000,000 for 1933 crop production loans.
Already approved by the senate, the bill was taken up and passed by the house in speedy fashion under a 'suspension of rules' procedure. There will be only a few minor changes before the bill is sent to the president.
Crop production loans last year were the means of insuring working capital for thousands of farmers throughout the nation, and South Plains agricultural sections benefited along with the others. Dawson and Lynn county farmers availed themselves of the assistance and proved their appreciation by making practically one hundred percent payment.
We have been unable to secure estimates as to amount of loans which will be sought in our county, but it is expected to be somewhat larger than that of last year.

SPARENBERG NEWS

Sunday Schools met with regular attendance. Bro. Taylor preached a fine sermon on Gods Relation to Men preached from the first five of the ten commandments.

COLORED PEOPLE ORGANIZE WELFARE CLUB

The colored people of Lamesa and Dawson County have perfected what they call a Colored Welfare Club with the Rev. Geo. Johnson chairman. The club reports that two sick families have been helped within the last week, and that the colored people will not now have to call on the Lamesa Mutual Aid or the Red Cross for any help, and that they propose to take care of their own race here. The colored population is contributing to the funds of this organization.
Wm. A. Wilson, secretary of the Lamesa Chamber of Commerce, assisted in the organization of this club two weeks ago.

ROBERT E. LEE

This date is the anniversary of the birth of one of the South's own heroes and leaders, Robert E. Lee. There is no need for this publication to mention in detail any of the facts of his life; they are known to every true Southerner and their memory will be enshrined in the heart of the South until the end of time, but we cannot permit his birthday to pass without offering some slight tribute to his memory.

On the eve of the war between the States, Lee spent hours, even days and nights in the struggle to decide his course. He then held a commission in the United States army, and his mind and heart were torn between duty to his president, the Commander-in-chief of the army, and to his own state.

An article published several weeks ago in a leading periodical described in the words of his wife how he meditated and prayed all one night, seeking for guidance. And when he came down stairs in the morning, pale and worn, he had made the decision. He had cast his lot with his own people. No need for us to call to mind how he was appointed Commander-in-chief of the gallant Southern forces or how his own indomitable courage and faith gave heart and energy to lads in gray. All that is engraven on the heart of the southern people. The memory of them is still green with our own people, many of whom are descended from those heroes of a lost cause.

A lost cause, yes, and perhaps a mistaken cause, but nevertheless, Robert E. Lee was never more the hero of the south than on that bitter day at Appomattox when he gave up his sword and told his boys to go home.

So today we join with the South, the Nation, and the world in paying homage to a great soldier, a fearless leader, and above all a gallant gentleman—Robert E. Lee.

GARRARD DECLARES THIS IS NOT TIME TO TAMPER WITH EDUCATIONAL SYSTEM

"This is no time to tamper with an educational system that has been bought and paid for with much labor and many millions of dollars for reason that under the stress of hard times people are likely to do things that should not be done under the guise of economy."

Tom Garrard, member of the state board of education declared Saturday in commenting on the report of the Texas Legislative committee on organization and economy.

"We're fixing to celebrate our 100 anniversary and all the educational system we have now has been built up in that 100 years," he continued. "If we start tearing up this system at this time, we are saying that everything that has been done in the past has been a mistake. If the report were carried out, it would simply mean the beginning of the end of the smaller schools of the state."

"An educational system must be regional because the state is so big and the distances so great that advantages would be denied many students if education was centralized at one school."

"I think that if the weaknesses and wastes of the system were brought to the attention of the governing bodies of the schools themselves, a great deal could be eliminated. The teachers and members of the board of regents of this state are as patriotic as any legislator and I think they would do anything in the way of economy such as cutting salaries, reducing duplication and other things before they would see the system disrupted."

"I repeat this is no time to tamper with the state educational system," Mr. Garrard concluded. "We might drop back so far that it would take another 100 years to get back where we are now."

FOOTBALL BOYS ENTERTAIN MEN WITH FUN NIGHT

Did we laugh? I say we did. Was it a card? Indeed it was a dandy. And did the boys of the high school tornadoes put it on. The program tuned in by about thirty Tornadoes who showed the audience they could sing as well as play the grid game. It was well conducted and brought several giggles from the large crowd of men and boys.

Next came a work of art. It was a demonstration of the fine points of surgery. Can't describe it, 'cept behind a white sheet—the lights out in the audience—a man lay upon the operating table—the anesthetic was administered from an old shoe—a large crude knife and hand saw made the opening—a number of weiners were taken from the patient—he was sewed up with a large needle leaving on the outside one or two weiners. Yes everybody roared all the time during this operation and several physicians and surgeons in the audience were heard to ejaculate "Go some good pointers."

But if you could have seen that style parade. Imagine those Tornadoes all dolled up and passing revue in the female attire before a crowd of three hundred men. And they represented all the styles of today and don't you forget it. Some even tried to tempt the male sex of the crowd by throwing kisses to add to the already improvised feminine attractions.

But the crowd screamed when Earl Moore and Red Moore (no relation) put on a musical "Piano and High Soprano," Red, dressed as a woman and Earl at the Piano—the encore about faced and reversed—Earl at the baritone and Red at the Ivory. All this writer can say, it was good, to the point and well taken.

But this stunt was soon forgotten when Heston McDonald, Earl Moore and Fonz Conklin (Conklin in the dress, of the fair sex—and not so well at that) accompanied by the Moon-Lite Serenaders from Arkansas—treated the audience with dance review and light fantastic stage teasing. Many correlative adjectives accompanied these dances and the crowd went wild.

And then the Model-T Ford love joy ride. A flat, a crank, a kick, a spit, and a sputter—a blow-out—the girl in the seat bothered to get the pump—and the shaking when the boys making up the Ford with pattering of hands imitated locomotion or about ten miles per hour. Suffice to say the love making went through perspiration with as much pleasure and joy as if from the wheel of a Packard limousine.

Imagine a bull-fight on the stage of the high school building. Well it took place. The bull and the torador Yes, and the torador was the victor to be sure. After some maneuvering and sword displaying the job was done and the bull was dragged from the scene of action to oblivion and the torador crowned victor amid wild screams and shrieks from the, by this time, wild and overjoyed spectators.

Other pantomining included a representation of Queen Elizabeth and Sir Walter Raleigh, one of the beautiful high school Tornadoes dressed in the part of "Queen Lizzie" and another representing the sir who did not fail to be inspired and attracted to chivalry as he placed his coat over the muddy spot for the dainty feet of the queen—and as the orchestra played they both went to the speaker's happy in love.

Then every Tornado—imagine it—piled his shoes in the middle of the stage. When the whistle sounded such a mad scramble to find "My own" shoes and get them on first. No need to comment the crowd went wild and no one knows until this good day who won the contest—in fact as the curtain was pulled the boys were still fighting over "the wrong shoe".

Did you ever see a battle royal? It took place on the stage last Monday night. Four Tornadoes with rattling cans in one hand and a glove on the other and such fighting you never

er did see. In a three round bout the referee Ralph Jordan declared—after he had been helped up from the blows that had flattened him in the rush of the battle declared "Mr. Boswell winner".

Then came the final number—the Hula Hula dance and it took the old timers back to market places when a bale of cotton, a load of cattle and a few bushels of wheat got the job done in the big city. As the curtains came down the crowd of three hundred disbursed in roars of laughter and ejaculating the good time of the evening. All expressed how glad they were to have been present and wished for more.

Hildry Banta, Nowland Crawford and M. F. (Shorty) Jones furnished strangled and popular music interludes, preludes and concludes of the evening. It tells the story right to say their numbers were highly pleasing—knock outs—way outs—just the same and better because we could see them as radio entertainers.

And we drop the curtain on this story. Let us hope it is an annual event and next year there are plenty of men for every boy to knock for admission to the show.

A MAN for admission is not so bad—and take it from us, even during the depression—it is cheap admission to such a program of fun and stunts at the hands of our fine Tornadoes.

Hone the boys get sweaters. They deserve them.

LOCAL HUNTERS RETURN FROM OLD MEXICO

Rev. E. F. Cole, Guy Travis, Sherman Hill, Luther Hendricks, Thomas Hendricks and C. E. Dean of Lubbock returned last Thursday night from a hunting trip in the mountains of Old Mexico.

The party crossed over into Old Mexico at Del Rio, Texas, leaving their cars at that place going over and into the mountains in a truck. All reported an excellent time, bringing back with them, ten deer, one bear, seven wild hogs, coyotes and other small game. They also stated that there had been lots of rain in Mexico and the grass was fine.

The following story is what one of the members thinks of the trip. "The preacher kept us boys pretty well in line, but we came back with some good picture of him and the bear and other things. The preacher also claimed that he had killed deer before but from the noise he made when he killed his buck, we think it must have been his first one. Some of us were two miles away and heard his hollering." It is said that Sherman Hill didn't have any luck hunting as he was afraid to get away from camp for fear he would get lost. Remember last year he got lost, so he didn't take any chances this time. Guy Travis also got lost last time, but had good luck hunting this time.

"Thomas Hendricks was an amateur on deer hunting as it was his first deer hunt. We got him some good shots but he must have been a little nervous as he missed each shot. Thomas also took five shots at the bear several hundred yards away but he hit the bear the same place he hit the deer."

The bunch didn't get much on Luther Hendricks until they started home and they of course put the job of smuggling the bear and some of the deer across the river on him. After he passed the Mexican guards he got caught on this side and it took lots of talking, so he says, to keep from paying a fine.

"C. E. Dean had never killed a deer before this trip, and we finally got him a good shot and he sighted at the deer for some two or three minutes, when we asked him why he didn't shoot. He then discovered that he didn't have his rifle cocked. But after all he killed the buck."

All in all this trip must have been a wonderful success and we understand these hunters are planning big on another one in the near future.

Mrs. B. J. Boyd of O'Donnell was a Lamesa visitor Tuesday.

LUNCHEON CLUB MEETS; BOYS WORK DISCUSSED

The program at the Luncheon Club was one of the best this week.

Twenty-eight were present and all went away feeling good to have been out.

Dr. J. C. Loveless and J. D. Dyer had charge of the program and it was devoted to scouting. Sam Henry W. G. McMillan, and J. T. Jennings of Lubbock were guests of the club and spoke on this community's responsibility toward scouting.

Joe Spikes, W. A. Stephens and Leslie Pratt, local scout leaders were also present and made good reports of the troops here.

Miss Clara Bell Goodwin of the local schools sang two beautiful solos which delighted all present. Mrs. Matt McCall was at the piano and of course no comment is needed for Mrs. McCall always brings good music for the club. Owen C. Taylor led the club in singing before the luncheon and Rev. W. H. Wallace gave the invocation.

The committee next week will consist of Louis B. Reed and Dyrrel Kirk on the subject of "National Defense". The following were present Tuesday at the Williams Hotel for the Luncheon Club program.

THE TORNADO WEEKLY Published By Students of Lamesa High School

Tornadoes Lose First Game to Big Spring; Lubbock Defeated

Defeated by a score of 31-28, the Tornadoes could not break the jinx which has forbidden the Tornadoes from defeating Big Spring on their opponent's court. The local club recovered from their Big Spring defeat in time to defeat the strong Lubbock Westerners by a score of 23-18.

The Tornado Queens also had the misfortune to lose their first game last week to Meadow by one point, but they will get another chance at the Meadow team Friday night.

Athletic Association Sponsors Program

A "musical comedy," "stunt night" or "football boys revue" either of these names can be applied to the program given by the football boys Monday night to "men only". Ralph Jordan and Red Moore co-starred for the first time. This program was given to make up funds for the loss taken during the football season. Perhaps a better attendance would have been had if the basketball girls had given the program.

Mid-Term Exams

The most thorough and determined exploring of the contents of the students upper extremities began on Wednesday. At the same time the faculty brought out and dusted their exam dispositions and were wearing them perfectly by Thursday. This is one week that cannot end too soon for most students.

Lamesa Hi-Life

Mr. Gregg: "How many ice cream cones will a gallon of ice cream make if the cones are two inches in diameter and two inches high?" Copas: "About a hundred." Mr. Gregg: "But you don't seem to know your geometry." Copas: "Oh, but Professor, you don't seem to know our ice cream man."

SPARENBERG TO ORGANIZE SCOUT TROOP

Joseph N. Spikes, Azil McClintock Jack Keisling and Joe McAllister met with Messrs. Cunningham and Reithmayer and a group of boys of scout age in the school building at Sparenberg, Tuesday night in the interest of getting a scout troop organized at that place.

Joe Spikes explained the work of a scout troop and the three Lamesa boys demonstrated some of their scouting knowledge, such as semaphore and general service signaling, fire by friction and by flint and steel knot tying, etc. It is believed that a real live scout troop will start functioning soon at that place.

BOY SCOUTS OF TROOP 22 HAVE INITIATION

At the beginning of the meeting the boys discussed two stories in the January issue of the Boys Life magazine. A knot-tying contest was held, and for each knot a boy missed he received four "swats."

The Beaver Patrol who had charge of the program, prepared initiation ceremony for the boys who had not been initiated. They were blindfolded and put through comical and frightening antics. Those initiated were Allen McClain, Lewis Morris, Hilburn Gilliam, Earl Jacobs, Douglas Holden, and Thomas and Edgar Crow.

After a game of hatball, taps was sung by the troop and the meeting closed.
