FRENCH CONTINUE ADVANCES ALONG RHINE

Barnes Case Goes Over and Absent Witnesses Fined

Special to the Times.

EASTLAND, April 7.—When the district court was convened by Judge E. A. Hill, the criminal docket was taken up, and the first case on call and for trial was that of the State of Texas vs. Fonzo Barnes, charged with the murder last October of Carl Gallagher. G. G. Hazel, county attorney, announced ready for trial. Neither the defendant or his lawyers were present and the court ordered that his attorneys, Will Mays, John Mays and Howard Mays, each be fined $25, and that the bond be called and forfeited.

The defendant and his attorneys later appeared in the court room and presented an application for continuance on the ground of the absence of many material witnesses. When called upon the attorneys for the state admitted that the application was well taken and should be granted. Accordingly Judge Hill ordered the special venire of 125 men to be discharged. The court further ordered that every witness named by the defendant in his application for continuance as being material and absent be fined $250 and that attachments issue for them returnable to the May term of court and that such witnesses be placed under bonds of $1,000 each to insure their attendance. In this connection it was also announced by the judge that the special venire summoned for next Thursday in the Leon Wilson case was also discharged and they need not attend court.

When the case of W. C. Richardson, charged with theft was called it was shown that on last Saturday night the defendants sustained a severe injury while operating a switch engine, so that his attendance at this term could not be procured, and his case was continued.

NEW "REVOLUTION" TO OVERTHROW OLD CHINESE ALPHABET

By Associated Press

SHANGHAI, April 7.—Chinese of future generations will write in phonetic script and use a typewriter with only thirty-nine characters instead of plying a brush to draw 10,000 or more hieroglyphics, if mission workers succeed in an effort they are making to revolutionize handwriting in use in China for more than 4,000 years. The work of the missionaries is at last beginning to receive official sanction and they entertain hopes that eventually the Chinese brush, ink block and ink tablet will have to go to give place to more modern methods of communicating ideas.

Their purpose is not only to simplify China's handwriting system but to give the country a common tongue to replace the present day babel which renders even the native who is away from his own home district almost as helpless as a foreigner.

The system of phonetic script now urged upon the Chinese was worked out in England in 1903 by Wang Chao. Beside its thirty-nine characters, it contains ten numerals. There are no capitals.

Rev. E. G. Tewksbury of Shanghai, secretary of the China Sunday school union, and a member of the phonetic promotion committee, who has devoted thirty years to teaching in China, has put the new script into use on American typewriters with complete success.

Germans, Driven Out of England, Trying to Return

By Associated Press

LONDON, April 7.—Large numbers of German and other undesirables who were deported from England in the war have managed to make their way back to London but have encountered warm receptions when their identity has been discovered. They managed to cross from the continent by working their way as sailors on tramp steamers to northern English and Scottish ports.

These Germans who have come back to England to take up business again find it a hard row to hoe, says the Evening Standard. One German business man gave it up and returned to his fatherland after being refused admission to five London hotels. He found rooms in a Bloomsbury boarding house but two days later the other boarders discovered him and notified the manager they could not live under the same roof with a German, and he was turned out.

A German butcher in a London suburb was prevented by his neighbors from reopening his old store the other day, although he had lived in England for forty years, and there are many similar cases.

STRIKE ON MEXICAN R. R. CONTINUES DESPITE THREAT

NOGALES, Ariz., April 7.—The week old strike of employes of the Southern Pacific railroad of Mexico continues despite the ultimatum of Carlos Velasco, federal judge of Nogales, Sonora, that unless the strike ended today the federal troops would operate the trains.

Graduated Pump Plan Success on Bell Well, Pecos

PECOS, Texas, April 7.—A rate of a barrel a minute was made by the Bell well here during a forty minute period, and the well was then shut down to follow out Ira J. Bell's plan for graduated pumping periods. The 657-foot well was pumped for 23 minutes and then allowed to flow of its own accord for 17 minutes. During the period it pumped 37 barrels, according to the gauge of the tank.

The graduated period of pumping had been adopted by Mr. Bell on advice of geologists who stated that by taking the pumping in easy stages the company would prevent cave-ins and would permit the formation of lanes through which the oil would wind its way into the well.

The history of the well is as follows:

Drilled into sand at 652 feet February 17.

Twenty-two barrels of pure oil and four barrels of mixed oil and water taken February 22.

Sixty-one barrels pure oil taken from hole on March 1.

Oil flowed over cashing March 7.

Bailing out March 13, caused flow estimated at 700 to 1,000 barrels.

April 3—Three strokes of pump sent oil flowing over an hour at rate of about 35 barrels per hour.

April 4—Seven minutes pumping caused oil to flow for forty-five minutes at approximately same rate.

Lack of sufficient storage facilities is another reason for delay in pumping the well. A 1,500 barrel tank has been ordered and is understood to be now on the rails. There are two 250-barrel tanks at the well.

WAR TAXES FORCE BRITISH NOBLES TO SELL ESTATES

By Associated Press

LONDON, April 7.—England's war taxes continue to force many of her nobility to sell parts of their estates. One of the greatest of these which recently has passed under the auctioneer's hammer is that of the Duke of Rutland, which is known as Belvoir. The duke owns 59,000 acres of which he is selling about 13,000 acres located in the best part of the Lincolnshire hunting district. He explained at a public meeting that the sale was made necessary by the increasing burden of taxation resulting from the war.

Earl Manver's estate, known as "Holme Pierrepont" at Radcliffe-on-Trent, has been sold at auction for 42,695 pounds. It covers 320 acres.

It is reported that part of the estate of the Earl of Londesborough, comprising Raincliffe Woods and Racecourse has been bought by a Scarborough financier.

Prince of Wales Again Reaches America's Shores

By Associated Press

SAN DIEGO, Calif., April 7.—Edward, Prince of Wales, future king of England, arrived today off Point Loma aboard the British cruiser Renown.

THIEF PLUNDERS WISHING WELL OF ITS COIN HOARD

SAN DIEGO, Cal., April 7.—A thief dived to the bottom of the wishing well at Ramona's marriage place at Old Town near here, recently and took the accumulated horde of pennies and silver, amounting to about $40, that had been dropped there by seekers of luck and good fortune, according to the proprietor of the historic place.

Here is the ancient motto that hangs over the well:

"Quaff ye the waters of Romona's well;
Good luck they bring and secrets tell,
Blest were they by a sandaled friar,
So drink and wish for thy desire."

Thousands of tourists each year sip the water and drop coins in homage to the good luck spirit that is supposed to inhabit the well.

Seek Court Ruling on Danger Shown in Socialist Plans

By Associated Press

ALBANY, N. Y., April 7.—Steps decided upon here today include action by the attorney general of New York to secure judicial determination of the question whether "the principals, doctrines or policies" of the Socialist party, if carried into effect would destroy or endanger the government of the state and nation.

The attorney general will begin action in the appelate division, third department.

HIS DAY

Carpenters Give Services Building Legion Band Stand

Through the co-operation of the carpenters' union, which voted to give its services to the erection of a bandstand for the American Legion band, the work was started Tuesday evening on the property adjoining the fire station. Jack Byers of Walsh & Burney supervised the work which went forward at a rapid gait. Merchants of the city will be asked to give seats with their firm names displayed on them.

Though the band has been organized only a month it now lists twenty-four pieces with these members: W. G. Patton Phil Brown B. Smith H. C. McGlowery. O. C. Boykin, T. S. Gault, W. J. Dry, Frank Byers, Earl Gottstein, W. B. Davis, A. E. Matthews, John Dunn, Henry Helms, Joe Anderson, J. Bradley, O. E. Reich, Frank Brown, H. W. Hill, Charles G. Emmett and W. T. Cunningham.

The band expects to give an opening concert within a few days, probably next Sunday. Members of the band are requested to meet at Legion hall Saturday at 7:45 p. m. and Sunday at 1:30 p. m.

NEW CLEW TO LOST CANNON, FAMOUS IN TEXAS HISTORY

AUSTIN, Texas, April 7.—A new clew to the whereabouts of the "Twin Sisters," two cannon presented to the Texas revolutionists by the city of Cincinnati and used by General Sam Houston in the battle of San Jacinto, has come to light.

These guns were lost at the close of the Civil war, and John E. Cosgrove, a veteran who "rode the lead horse of the team which pulled one of them during the Civil war," is fostering a movement to ask the next legislature to appropriate a sufficient sum to run down this new clew.

It has been established that the famous guns were at Galveston at the downfall of the Confederacy they were surrendered, with many other pieces of ordnance, to the Union forces. Then they disappeared.

H. M. Graves of Dallas said recently that following the surrender he spirited the "Twin Sisters" away and buried them near Harrisburg, but has never been able to relocate the spot where he placed them.

Mr. Cosgrove, who is shown by a muster roll in the war department dated April 30, 1863, to have been a private in Van Buren's company, Texas Light Artillery, Confederate army, said that the cannon were merely two iron tubes, but reserved for them is a niche in Texas history that can be filled only by them.

A memorial building is to be erected on the campus of the University of Kentucky in memory of the 2,756 men of that state who died in the war.

Prison Wall Torn Down in Rioting by Sinn Feiners

By Associated Press

DUBLIN, April 7.—Riots occurred today in the Mountjoy prison, where nearly 100 of the Sinn Fein prisoners are on a hunger strike.

The prisoners presented a demand for better treatment. On receiving an unsatisfactory answer they smashed what articles of furniture they could get their hands upon and broke down a wall between cells.

The wall was rebuilt and then the prisoners tore it down again.

Advance by Greek Troops, Expecting Asia Minor Attack

By Associated Press

ATHENS, April 7.—Greece has been authorized by the supreme military council of the allies to send troops into Asia Minor in anticipation of an attack upon Mustapha Kemal.

Newspaper reports say that the Greek troops, after the advance, occupied a strategic position east of the sector they have held around Smyrna.

DEDICATION OF BEAUTIFUL CHURCH IS SET FOR SUNDAY

Special to The Times.

HASKELL, April 7.—The First Baptist church of this city will be dedicated next Sunday and a morning and afternoon program will be held then. The dedication sermon will be preached by Dr. J. S. Tidwell of Baylor university. A Sunday school rally will be held in the church house Sunday morning.

The church was built in 1916. It contains sixteen Sunday school rooms and a large auditorium. The structure is built of brick and cost $20,000, but would cost at least $50,000 if built now. J. N. McFatter, formerly of Haskell, and now of Ranger, was the contractor for the building.

Sweden Reaches Trade Agreement With Russians

By Associated Press

STOCKHOLM, April 7—An agreement has been reached for the resumption of commercial relations between Sweden and Russia, providing Great Britain and France annul the Baltic blockade.

Numbered Houses Big Aid to Free Express Delivery

Delivery service east of the Texas & Pacific tracks will start at Fannin street and Railroad avenue (formerly East Commerce street) and serve that track frontage from Hamilton to Lamar street, according to announcement today by K. D. Steffens, American Express company agent.

The entire territory covered will extend from Railroad avenue, east of the Texas & Pacific station, north to Hamilton street, on Hunt street, Railroad avenue to Pecan and Lamar, between the same streets. The territory west of the tracks served by the delivery system is bounded by Cherry, Marston, Mesquite and Commerce streets.

Mr. Steffens asks the co-operation of the patrons in getting the service under way and patience in waiting until it is on a smooth basis. Patrons can facilitate delivery by making sure that their places of business and homes are given street numbers, so that the drivers may find them without troublesome inquiry.

OIL COMPANIES AND BUSINESS MEN GIVE AID TO WILES ROAD

Through the efforts of L. S. Madlen of the Vulcan Oil company, the following firms and individuals have subscribed to the good roads fund that is being used to build a road from Wiles to Ranger: Vulcan Oil Co., $500; Prairie Oil & Gas Co., $500; Texas Pacific Coal & Oil Co., $500; Sinclair Oil & Gas Co, $500; Mid-Kansas Oil & Refining Co., $300; Sun Co., $300; Invincible Oil Co., $500; Palo Pinto Oil Co., $200; Mr. Hicks, $250; Pierce Oil corporation, $500; Pierce teaming contractor, $200; Vulcan teaming contractor, $100; Clem Lumber Co., $50; Chickasaw Lumber Co., $50; Norvill Hardware Co., $50; Norvill-Wilder Hardware Co., $100; Kirkpatrick Lumber Co., $50; Burton Lingo Lumber Co., $50; Crescent Tin Shop, $15; Buell Lumber Co., $25. Total $4,600.

TWO KILLED JUMPING FROM BURNING HOTEL IN SEATTLE, WASH.

By Associated Press

SEATTLE, April 7.—Two persons were killed and six others injured in jumping from windows of the burning Hotel Lincoln here today. Escape by stairways and fire escapes was cut off by the flames and the desperate victims leaped before the safety nets could be brought for them to alight in.

The award of bonuses to army officers and enlisted men who invented improvements in the production of war munitions, has met with favor in Washington.

NEW CHAMBER TO START WITH 2,000 MEMBERS

The Greater Ranger Chamber of Commerce plan will be set forth in a carefully drawn up statement before the drive for members begins. This statement will outline in detail the field of work of the new Chamber of Commerce, and estimates of financial needs in each department for the first year.

The statement will also set forth the working machinery of the new Chamber of Commerce, with its methods of democratic control, and other popular features to make the organization of the "live wire" type.

It will be drawn up by the campaign executive committee, with the assistance of the American city bureau experts. It will be made as complete as possible, according to the announcement, so that it can of itself answer practically any question that may arise concerning the plans and purposes of the new organization.

Dues $25 a Year.

The basis of dues in the reorganized Chamber of Commerce will be $25 a year for each membership. Individuals, firms and corporations will be asked to take memberships in proportion to their investment in the community.

This is a departure from the present plan. Minimum dues are now $30 a year. The reduction has been made to conform to the standard practice in the commercial organization world. Twenty-five dollars a year for Chamber of Commerce dues is recommended by the American city bureau as most nearly the ideal figure.

The lowering of dues will gain a wider support, in the opinion of Chamber of Commerce leaders, while the plural membership plan by which individuals, firms and corporations will be given a quota of memberships in proportion to the good they can reasonably expect from a strong Chamber of Commerce will put the support of the organization on an equitable basis.

A carefully selected committee of men of wide acquaintance will be appointed to fix the quotas.

Plan for 2,000 Members.

The goal of the campaign was tentatively set at $50,000 a year by the campaign committee at its luncheon yesterday at the Hotel Theodore. This will mean 2,000 memberships.

The meeting of the campaign committee was an enthusiastic one. Reports from the members of the committee were heard, and it was the general opinion that campaign sentiment is developing great strength.

Chairman Ralph G. Stockman, C. C Chenoweth, Ed Maher, Mayor M. H Hagaman and P. Leared stated that they had heard many favorable expressions concerning the efforts of the business men to form a great business-like Chamber of Commerce.

Tentative arrangements for public meetings were made by the committee. Local and out of town speakers were also decided upon, and will be made public when their acceptances are received.

Two Brotherhoods Join Switchmen's Strike in Chicago

By Associated Press

CHICAGO, April 7.—Representatives of 8,500 members of the Brotherhood of Locomotive Engineers and Firemen voted today to join the switchmen's strike here.

Strike leaders and railroad officials agree that if the present strike force is increased, traffic in the Chicago district will be brought to a virtual standstill.

SALVATIONS ARMY'S DRUM BEATS IN RANGER TONIGHT

The Salvation Army drum and tambourine, the symbol of unselfish succor to every class of the race of men, will make its first regular appearance on the streets of Ranger tonight.

Captain B. S. Comer of the Salvation Army has received his equipment and will begin street meetings. The American Legion hall will be used on such nights as it is available for lectures. Relief emergency cases will be cared for at the temporary quarters of the corps at 327 South Austin street.

For the protection of both the public and his organization Captain Comer asks that it be said that every Salvation Army worker is dressed in regulation uniform with a red band around their hats.

Carranza Deals A Blow Against Monroe Doctrine

WASHINGTON, April 7.—General
By Associated Press

Carranza, president of the republic of Mexico, in an interview published in a Buenos Aires newspaper, is quoted a saying that an agreement among the Latin-American nations must replace the Monroe doctrine as a protective policy for those countries.

He expressed opposition to the Monroe doctrine as an inefficient protection for weak nations.

BRITAIN AGAINST FRENCH MOVE INTO GERMANY

Puts England in Awkward Position, Says London Cable Report.

By Associated Press

METZ, April 7.—French forces on the right bank of the Rhine are continuing their advance into Germany today.

They have occupied Homberg, nines miles north of Frankfort.

FRANKFORT, April 7.—The occupation of Homberg virtually completes French operations. Business is still going on as usual in Frankfort.

The sensational French movement was carried out without upset or any dramatic incident, apart from the advance of the soldiers.

LONDON, April 7.—There is little probability, it is said here today, that Great Britain will participate in the advance into Germany begun by France.

It was said that England was put in an awkward position by the action of France.

England and Italy, it was said, objected to the French movement when they learned what had been decided upon at Paris and urged careful consideration by the French government before definite action was taken.

Approval of the French course, it was said, was never given. When England faced the accomplished fact of the French advance into Germany, there was considerable surprise in official circles.

There is no official confirmation here of reports from Mayence and Frankfort, but they are accepted in some usually well informed quarters.

Editorial opinion in today's London newspapers is divided.

The London Daily News sees very strong reasons for regarding the action of France as a mistake, but expresses belief that the steps taken by France will not lead to any grave misunderstanding between Great Britain, Italy and France.

COBLENZ, April 7.—Two thousand Communists have crossed the Rhine into the British zone of occupation and have been interned. Twelve hundred more are expected to arrive today.

The flight of large numbers of Communists into occupied territory is considered an indication that the revolt in the Ruhr region is at an end. Boshum was controlled by Communists late Tuesday and the big fight is expected there. The situation in the Ruhr valley is bad and living conditions are almost unbearable.

Berlin Attacks Move.

BERLIN, April 7.—Occupation of German cities in the neutral zone east of the Rhine by the French is denounced in an official statement which declares that the government did everything to prevent this "unheard of action, which is neither in accordance with the sense of the peace treaty nor its scope."

Bavarian Plotters Looked to Ludendorf as Military Dictator

By Associated Press

BERLIN, April 7.—A great military conspiracy, which was to have been a Bavarian parallel of the recent Berlin revolution, has been discovered, it was announced today.

The plan was to make General Ludendorf dictator of Bavaria and Dr. Heim of the Bavarian separatists a sort of civil and economic dictator.

Y. AND W. M. CLUB MEETS TONIGHT AT LEGION CLUB ROOMS

The Business and Working Men's club will hold their regular meeting in the American Legion hall tonight. Edward Duggan, president of the club, requests especially that all members be present and also extends a general invitation to the public to attend.

A permanent water supply, clean streets, and the strict enforcement of the sanitary laws will be discussed.

W. K. KEEGAN SEC.-TREAS. OF CALIFORNIA O. & G.

W. K. Keegan who has been chief clerk to the production superintendent of the Prairie Oil & Gas company has resigned his position and has associated himself with the California Oil & Gas association, a recently organized local company. Mr. Keegan will be secretary and treasurer of the company.

At the Leading Amusement Houses TODAY

LIBERTY—The Great Travelute Company.

LONE STAR—Wallace Reid in "THE LOTTERY MAN."

LAMB—Pauline Frederick in "THE LOVES OF LETTY."

OPERA HOUSE—Six acts of high class vaudeville and two feature pictures.

HIPPODROME—Douthett Wilson present "BRINGING UP FATHER," and feature picture.

QUEEN—Pauline Frederick in "SOLD."

LONE STAR.

Wallace Reid in Big Hit.

Theatergoers of Ranger will have a chance to see Wallace Reid in his biggest laugh hit, "The Lottery Man." This picture took the country by storm and all who have seen it have asked repeatedly to have it brought back. The management of the Lone Star theater has fulfilled this demand, and it is without doubt that the classy little show house will be filled to its capacity tonight. Wallace Reid never was shown to a better advantage than in this production and never has there been more laughs in any of his other plays. It is a mirth provoker and that is what the American public wants—clean fun. A Gaumont Weekly and Burton Holmes Travelogue will fill the rest of the bill. "The Lottery Man" will be shown today and tomorrow.

CEMENT SCARCITY HALTS RUSH WORK IN PAVING OF CITY

City paving will proceed as fast as cement can be secured, an official of the McKenzie Construction company stated today. The company has a bundle of telegrams almost as large as Webster's unabridger dictionary. They come from different manufacturers and dealers and the tenor of all the answers is the same—no cement.

"We have gone over the country with a fine-tooth comb in our effort to get cement," this official stated. "We hope to secure a supply soon. If it wasn't for hope the human race would be in a bad way, wouldn't it? However, the situation seems much better."

The company is now completing its second block of paving. Curb and gutter work has been finished on a number of blocks, and most of the business section of town graded and put in readiness for crete and brick.

Airplanes to Aid in Booster Plans for Western Texas

Special to The Times.

STAMFORD, April 7.—Two modern airplanes and a three-ton truck specially built for the purpose will leave Stamford June 1 for a trip through the East and Southeast, visiting 250 cities and towns to advertise thoroughly by literature, exhibits and thirteen reels of "movies" the greatness of West Texas.

The West Texas Chamber of Commerce has entered into tentative contract with W. K. Whipple, general manager of the Panhandle Aerial Transportation company of Amarillo, for the two planes. The aerial advertising project will require an expenditure of $45,000 which is now being secured from towns and counties in the West which wish to be advertised in the North, East and South. The planes will be conspicuously painted and carry a legend reading: "West Texas Chamber of Commerce." It will carry many pounds of literature advertising town, city and county. A publicity man will accompany the planes. Stops will be made in over 250 towns where "movies" of the West will be shown in theaters after an advance man has prepared the soil. The truck will be so built as to have two displays of exhibits from West Texas, including minerals, pecans and farm products. Literature will also be distributed. The auto truck will be equipped with an electric dynamo so that the movies may be shown in the smaller towns.

So far as is known the airplane has never been used so extensively to put a large part of the nation on "the map" and focus attention to a great region. West Texas will be made known to all who can read or see. The thirteen reels of movies will be secured shortly. They will show the oil fields, irrigation, waving grain, beautiful mountains, tall skyscrapers, street scenes and the line. The project has been pronounced one of the most novel as well as most effective ways to put the West before the people of the East and South, where emigration recently has largely increased because of the plethora of prosperity and money.

Haskell County Oil Leases

I have just returned from Haskell County. Kori well No. 1 is setting casing on top of the sand at 3,000 feet, showing for a big well; Kori No. 2 is drilling at 1,200 feet. Five other wells drilling in the county.

Leases sold as high as $1800.00 around the Sigler well after it was drilled in. Haskell is S. W. of Vernon on the same structure. It has been favorably passed on by all the leading geologists.

I now have for sale leases in any amount, from five to 500 acres, at $5.00 to $50.00 per acre. They will cost more when Kori No. 1 is drilled in. See me today at

Craven Realty Office, 121 S. Austin

C. H. MOFFETT

JAPANESE GARDEN PLANNED IN REAR OF M'CLESKEY HOTEL

James O'Donnell of Fort Worth was in Ranger early this morning to discuss plans with C. S. McClure for the remodeling of the McCleskey hotel, in which both are interested. Since the hotel was acquired by Mr. McClure and associates, work has been started on improvements which will make it one of the best and most uptodate hotels in West Texas, they assert. Mr. McClure is manager. He was formerly assistant manager of the Westbrook in Fort Worth. Mr. O'Donnell is a business man and financier of the Panther city.

A Japanese tea garden will be built in the courtyard in the rear of the hotel. The garden will have a concrete floor and brick walls, and will be converted into a little fairyland. Palms and other shrubbery will adorn the place and no expense will be spared to make it attractive. Soft drinks and afternoon teas will be served, and luncheons and private dinner parties will be held there. The garden will cater to the best people.

Plumbers are at work putting in fixtures in the McCleskey hotel. The space now occupied by the McCleskey cafe will be divided by partitions and a modern drug store and a coffee shop and a barber shop put in. DeVaux & Butler have leased this portion of the building and have employed architects to draw plans for remodeling.

WESTERN UNION GETS AMPLE NEW QUARTERS S. W. BUILDING, CISCO

Special to The Times.

CISCO, April 7.—The Western Union Telegraph company has just closed a deal for commodious housing quarters in this city. A lease has been signed for offices in the new Southwestern Telephone building being erected on corner of West Broadway and avenue F. The company's business has grown to immense proportions within the past two years and a modern service plant has been promised its patrons in their uptown offices as soon as the building can be completed which will be about July 1, next.

PERSONALS

C. C. Moorman, president of the Farmers & Merchants State bank, is in Ranger on business. Mr. Moorman's home is in Dallas.

Jed C. Adams, former United States attorney for the Northern district of Texas, is in Ranger on legal business.

Panthers Lusting After Big Victory; Meet Nitros Today

The battle array when Jakie Atz's first string Panthers will try to avoid a jolt by Jim Galloway's Nitros this afternoon, will look this way:

Ranger.	Position.	Fort Worth
Browning	Catcher	Hayworth
March	Pitcher	Pate
MacGown or Holland		or Kolpelnick
Supina	Frst Base	Burns
Anderson	Second Base	Huffman
Tate	Third Base	Haley
Parker	Shortstop	Stowe
McDougal	Left Field	Shilz
Mooney	Center	Williams
Lovelace	Right Field	O'Brien

The Panthers are coming direct from a massacre of Simmons college at Abilene—the score deleted through sectional pride—and feel the lust for battle. Galloway's Nitro's have been working out for several days and are keen for the contest.

Thursday the Dallas Marines will be here for one day. Friday and Saturday Galloway will split his ibunch ,sending one team to East and for Friday and Saturday games. The other will go to Wichita Falls for three games, Friday, Saturday and Snuday.

Incubator Baby Lives to Inherit Father's Fortune

CHICAGO, April 7.—Anne Blaine, incubator baby, is now an heiress. She received half of her father's $1,200.00 estate under a will filed for probate today.

She was born five days after the death of her father, Emmons Blaine, Jr., and is now one year old.

The child spent the first days of her existence in an incubator.

DRS. STACKABLE AND HODGES ADDRESS MEETING

The Ranger Medical society met at the Baptist tabernacle Tuesday night. Dr. A. K. Wier presided over the meeting. Dr. C. H. Day was elected secretary pro tem.

Papers were read by Doctors Hodges and Stackable. After a general discussion the meeting adjourned.

The next regular meeting will be held a month from Tuesday.

Burial Is Spiked by Humane Society and Police Chief

If a man is buried alive for seventy-six hours, will he live again?

Alburtus, a hypnotist, playing at the Texas theater said he would and would not suffer from the experience. The chairman of the Humane society, Miss Neat Allen, said even if he did it was cruel and unhuman treatment.

With the chief of police on its side, the society won. Armed with a permit from the mayor of the city, Alburtus dug a regulation grave on the vagant lot at the corner of Marston and Walnut streets. A coffin was prepared with Mattresses and quilts.

It was the intenton of the hypnotist to place a man who had gone to sleep through his influence in the box and bury him for a period of seventy-two hours. A six-inch pipe was to have been placed at either end of the box for ventilation.

Just at the moment when the subject was going into a state of indifference to burial the chief of police, at the request of the Humane society, which was acting on advice of counsel, intervened.

The Humane society, had, through its counsel, before any action was taken, prepared a habeas corpus writ, also an injunction and was ready to appeal to the courts for aid, provided it was necessary.

Alburtus said he had been burying men for more than fifty years in this manner and had never had any injury to result. Ranger will have to miss this thrill, however. The mayor rescinded his permit.

SWEETWATER, April 8.—Vice-President Marshall has accepted an invitation of the Sweetwater fire department to speak here next fall, according to Mayor C. A. Engle. The date will be announced later.

SUNDAY BEST WILL BE WORN FRIDAY AT POSSUM DANCE DOIN'S

"Sunday best" calico and gingham and overalls fresh from the wash will be expected at the Possum Holler Foot Shuffle which will be flung Friday at the Summer Garden. Neckties and sox will be worn. It is so specified in the advance notices of the affair, admission to which will be by invitation only. it is expected that the shuffle, which is something new in invitation parties, will bring out many surprsing and attractive costumes ,in delicate shades of purple, red, yellow and green.

Novelties in the way of decorations and programs for the fiddlin' are promised by the management, which includes L. S. Kinard and John Fulks, and others of our best farmers.

GAME CALLED AT 4 P. M.

Columbia Grafonola

Starting in the West, "My Isle of Golden Dreams" is sweeping the country as one of the greatest waltz hits of years. There is a melody of unusual sweetness coupled with an accompaniment unique in its effects. This waltz heads our remarkable April dance list.

"My Isle of Golden Dreams" (Blaufauss); Medley Waltz. Introducing "Your Eyes Have Told Me So" (Blaufauss) Columbia Orchestra, Charles A. Prince, director.

"That Naughty Waltz" (Levy); Medley Waltz. Introducing "Golden Hours" (Johnson). Columbia Orchestra, Charles A. Prince, director. Incidental chorus by Campbell and Burr.

A6139—12 inch—$1.25

ACTION NEEDED.

The place of city manager has been vacant since February 25. Former City Manager Turner's resignation effective at once, was accepted that date and in the six weeks intervening no steps have been taken to fill it.

If Ranger is to be governed by the city manager-commission plan, and that was the decision of the voters when Ranger's form of government was decided, the place should be filled.

The mayor and the four commissioners who act as an advisory body to the city manager under the accepted plan are men of busy interests, too great to permit their giving matters of administration the attention they deserve.

It is not a question of whether the city manager plan should be used. That has been determined and the plan in other cities has proved that its centralization of authority is the solution for the myriad problems that come up each day. When it is left to a group of men, any of them too busy to be expected to devote all their time to administration, the needed things are not done.

When it is said that the place is not filled because of economy, the argument does not hold, for the reason that capable direction would save the city several times what an efficient, active man would cost each month.

The place is vacant.

It has been vacant for six weeks.

It cannot be satisfactorily filled otherwise than by a man devoting all his time to it. This cannot be the mayor, nor any of the commissioners, nor the city secreatry, all of whom have full duties.

Good men are available.

The right man can be found.

Why put it off?

DIAMOND DUST.

Comes the day of the umpire's unintelligible bark: "Battrees for today's game will be: For Eas'ium, Humpchwa and Blah; for the home team, Swazuf and Glub." And though his words in themselves mean nothing, the announcement is one of vital import to every American who can recall the day when a fence slat served as a bat and some twine wrapped about a wad of paper was a ball.

The groundhog, earlier in the year, tells the story of impending spring, if the weather if kind. The boys with their tops using every stretch of hard packed ground that traffic or industry does not take from them, bring the story nearer home. Nature herself has something to do with it, with her new spring clothes of tender green, her days of restless appeal and nights of softening temperatures. But the umpire, with his words in some strange tongue, neither English, American nor profane, yet seeming to partake of all, is the real harbinger of the outdoor season.

It is the day when the fan—and his name is legion—takes a fresh grip on his scorecard and sack of peanuts and prepared to miss nothing. He has come into his own.

In Ranger the start of the season is particularly significant this year. It is the first year that the oil city has had organized baseball and the machinery that was put in motion here to secure it, has brought a regularly classified league to West Texas and made regular baseball possible in five other towns of this section.

No factor will be more important to the workers and business men of the city, for recreation after the day's routine, than the games at Municipal park. Baseball is the country's greatest national spectacle and it followers daily, from April to October, answer its call to the open air and sunshine, and the delight of giving vent to basic human stirring of approval, depreciation and scorn. To furnish promptings for the last mentioned feeling, and rulings essential to the game's progress, the umpire is provided.

Clean amusement outdoors has been Ranger's biggest need. Baseball will answer it, from the standpoint of many men.

Its value to the city from the publicity standpoint ,also will be great. In taking its place with the cities enjoying organized ball, Ranger has a place with the seven Texas clubs of the Texas league and the five others of the West Texas league commanding daily attention from the newspaper readers o fthe state and nation.

Not only will every day's progress in the West Texas league be followed with careful detail by newspapers of ths secton, but the league wll have attention second only to the Texas league in the leading dailies of the state.

Thus may we heed the umpire's opening bark, though his words mean little.

YANKS and LEGIONAIRES

One hundred Missouri mules are used by the Army of Occupation in road repairing about Coblenz, Germany.

Two minutes of silence will be observed by people of England and Scotland each year on Armistice day.

Approximately 1,000 former soldiers and sailors are now employed on the Boston police force in Massachusetts.

A bonus of $1.50 for each day served by former service men is favored by American Legion members of thirty-seven states.

Every citizen of New Jersey who served in the world war will be presented with a special medal for honored service.

While Canada sent 640,886 men overseas, not one Canadian troopship was sunk by a submarine during the war.

Captured by American troops, the war department has 135,197 German trophies for distribution to states and cities.

In Great Britain, "Comrades of the Great War is a similar organization to that of the American Legion in this country.

Post No. 50 of the American Legion, in Philadelphia, is composed entirely of young women who served as yeomen during the war.

A free evening school for automobile mechanics has been opened to ex-service men at South Division High school, in Chicago.

France is planting trees sent by the American Forestry association on the battlefields where American soldiers gave their lives.

General Pershing is a member of the American Legion in Nebraska. He now carries membership card No. 1, of Lincoln post No. 3.

The Tacoma Post of the American Legion has suggested the adoption of the Shirley poppy as a memorial flower.

In Rochester, N. Y., a gold star medal is being awarded to the families in that city of soldiers who made the supreme sacrifice in the world war.

One out of every 666 officers and men who were in the world war received some kind of a decoration from the United States government.

Every family in France that maintains a servant is taxed 40 francs for each one.

WHY MOTHERS NEED REOLO

Every mother knows that the constant care, lifting the baby and loss of sleep, with sometimes prolonged nursing, are a severe strain on the mother's system.

Amusing the baby all day long and then being up half the night when the baby is feverish from teething or perhaps some serious illness, result in backache, headache, weakness and nervous exhaustion. Yet ever the mother love watches over the little one regardless of aching head and wearied body.

But for her baby's sake every mother should keep strong and vigorous. She should renew her strength to meet this steady sapping of her health and vitality.

Rich, healthy blood, full of life-giving oxygen, iron, and the cell-salts that must be supplied to the cells of the body to maintain health and vigor, will keep you strong and well, restore the glow of health to the pale cheeks, and give renewed strength.

REOLO, the great discovery of Dr. A. L. Reusing, has remarkable tonic and strength renewing properties. It makes rich, red, healthy blood, vitalized with oxygen, iron and cell-salts. It stimulates the appetite, aids digestion, tones up the heart and nervous system, increases the red blood cells and sends through the entire body a stream of vitalized, health-restoring blood, that nourishes every cell of the tissues, blood, nerves brain and bones.

Healthy blood makes the whole body healthy. The cheeks glow, the eyes sparkle, the step becomes light and elastic and the whole body thrills with the vigor and vitality of perfect health.

This wonderful REOLO formula, which has been used with remarkable success by Dr. Reusing in his private practice, may now be obtained through registered druggists who are Licensed Distributors of the Dr. A. L. Reusing Laboratories, Akron, Ohio.

REOLO is not expensive. Each sealed package contains 100 pleasant, tasteless tablets, sufficient for two weeks' treatment, and only costs a dollar. It is sold under the Positive Guarantee that if you are not absolutely satisfied with the results after taking the two weeks' treatment, your money will be

GOING NATURE ONE BETTER

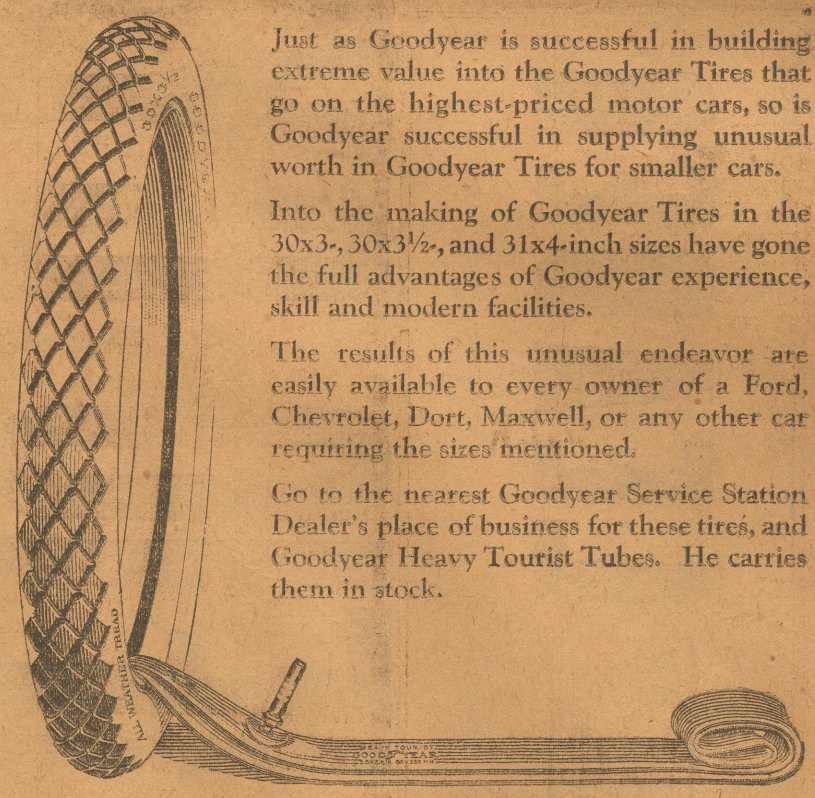

Mistletoe Butter is wrapped three times to kep the butter flavor in and the other flavors out.

Nature protects her products with one covering such as shell, skin or rind—sometimes with a double covring as with eggs and oranges. But Mistletoe Butter is so good that it deserves the utmost protection. You don't have to apologize for it.

There is no substitute for Mistletoe Butter

Goodyear Advantages in Tires for the Smaller Cars

Just as Goodyear is successful in building extreme value into the Goodyear Tires that go on the highest-priced motor cars, so is Goodyear successful in supplying unusual worth in Goodyear Tires for smaller cars.

Into the making of Goodyear Tires in the 30x3-, 30x3½-, and 31x4-inch sizes have gone the full advantages of Goodyear experience, skill and modern facilities.

The results of this unusual endeavor are easily available to every owner of a Ford, Chevrolet, Dort, Maxwell, or any other car requiring the sizes mentioned.

Go to the nearest Goodyear Service Station Dealer's place of business for these tires, and Goodyear Heavy Tourist Tubes. He carries them in stock.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... $23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in water-proof bag*..... $4.50

CISCO ELECTS THREE CITY COMMISSIONERS AT QUIET ELECTION

Special to The Times.

CISCO, April 7.—The city election held here yesterday was a very quiet one. Three city commissioners were elected to serve two years. Two of the old members out of three whose places were to be filled, allowed their names to be placed on the ticket, namely, Jonah Diennavan and Geo. D. Fee. J. W. Manchill declined to allow his name to be placed on the ticket. The following named candidates were elected: Jonah Dunnavin, Judge Claud C. Wild and John Sue.

There were 289 votes polled.

The Young Woman's Christian association in New York City has a total membership of more than 23,000.

BREEDEN'S RHEUMATIC COMPOUND PRAISED BY NEW YORK TRAINED NURSE

Miss Maud I. Gritman, a trained nurse in one of the hospitals at Port Chester, N. Y., says: "Several months ago I received from you a bottle of your Rheumatic Compound. It helped me, and I have been free from rheumatism since taking it. A short time ago I recommended it to a patient who was suffering intensely and unable to walk with rheumatism. I advised this patient to get Breeden's Rheumatic Compound. He has taken three bottles and is now able to walk and all pain is gone but to effect a permanent cure he wishes to continue the use of your medicine a little longer. I am inclosing a money order, for which please send me two bottles of your Rheumatic Compound.

"I am a trained nurse and I have never found anything to equal your remedy in the treatment of rheumatism."

Rheumatism is usually very painful. Breeden's Rheumatic Compound will give you quick relief from pain, although it contains no narcotics nor anything harmful. It will not hurt your stomach; you can eat your regular diet while taking the medicine; you do not have to use other medicines in connection with it in order to get quick results. It is not recommended for all the ills of the human family and does not contain medicines for different diseases but it is a preparation for rheumatism, therefore it has no equal in the treatment of this ailment. It gives quick relief where others fail. It is supreme in its field. It is not high priced. Try a bottle today.

Sold by Ranger Drug Co., Ranger, Texas.

New Water Supply Is Found in Hills Close to Barstow

BARSTOW, April 7.—Imagine if you will 3,333 acres in cotton in an arid region irrigated from a privately owned irrigation system! This gives you an idea how the Barstow country is being redeemed from the curse of drouth and made the substitute of the Garden of Eden.

Four or five cuttings of alfalfa are made annually. Each acre averages from three-fourths to one and one-half bales per acre. J. H. Millar, a resident, has made twenty-one bales last year on nine acres. J. W. E. Basham, another resident, paid income tax on sale of honey from 500 stands of bees which reveled on flowers, alfalfa and trees which grow so luxuriantly in the irrigated belt.

Barstow has splendid church edifices, representing practically all denominations.

The city at present needs a domestic water supply. The water used in irrigating comes from the Pecos river and is alkali. A wonderful source of water ten miles away in the hills would be practicable of development so that it might be brought down in pipes by gravity, furnishing a 300-pound pressure in the city.

The Barstow valley will furnish an exhibit for the West Texas Chamber of Commerce display at the northern and state fair this year.

Barstow citizens are now deeply engrossed in the Red Bluff reservoir project just over the New Mexican line, where water will be stored to irrigate 200,000 acres of Barstow valley lands. Barstow climate is equable, therefore conducive to normal crops.

Though Barstow is net in what has been generally esteemed a cotton growing section, irrigation has usurped the place of the drouth and now Barstow is marketing 4,000 bales of cotton annually. The cotton does well, making a very long fibre. The 1919 crop brought Barstow valley farmers more than a million dollars.

HE-VAMPS BARRED.

KANSAS CITY, Mo.—"He-vamps" have been barred from Petticoat Lane, Kansas City's busiest shopping thoroughfare. The wings of the would-be "hit makers" were clipped as the result of a police drive launched the other day, following numerous complaints lodged by women shoppers.

INVENTOR OF BARBED WIRE DIES IN CALIFORNIA, AGED 84

By Associated Press

HAYWARD, Calif., April 7.—John Calvin Merrill, eighty-four, credited with the invention of barbed wire when he was farming near Dubuque, Iowa, fifty-two years ago, died here recently.

Hungry Multitude From Fighting Area Now Jams Warsaw

By Associated Press.

WARSAW, April 7.—Warsaw is humming with war activity and is crowded to its very doors with hordes of poverty-stricken refugees from the areas for which the Poles and Bolsheviki are fighting. Travelers say it is the most crowded city in eastern Europe. The population is estimated to have increased from 800,000 to 1,300,000 since the world war began.

Everywhere there are officers and soldiers. Military automobiles, tractors and various other vehicles of war traverse the streets all day and most of the night. The cafe life is as bright and gay as ever, but the restaurants and theaters close at 10 p. m. to save food, light and labor.

The refugees from the war-stricken areas began streaming into the city about a year ago, and have been coming ever since, hoping to find food and places to sleep. The problem of providing for them has baffled the city officials.

In the poorer districts, basements, which for generations were used for storage purposes, have been used for refugees' sleeping quarters. Many persons exist only by begging.

Warsaw's tenements, always crowded as New York's east side has been for years, are jammed with humanity as never before, and during the severe winter weather when there was an epidemic of influenza here old men and women and children died by the hundreds every day in this land of the poor.

MISTAKE TO TELL LIES TO CHILDREN, SAYS PASTOR

International News Service.

COLUMBUS, Ohio.—"It is a mistake to tell lies to children. Even the Santa Claus myth can be told in such a way as not to be untruthful," declares Rev. Irving Maurer, pastor of the First Congregational church, here discussing the subject "Telling the Truth."

"Children lie either because their parents have been found out or because their parents are unskillful in questioning them," Rev. Dr. Maurer continued. "Sex truths early should be told children, for a child will learn these facts in a distorted, impure, untruthful aspect if you lie to him about them.

"So, too, children should learn the facts about the Bible, about religion, about science, in order not to be compelled in adolescence to find themselves deceived."

70-YEAR LIMIT ON WAGE EARNING IS OPPOSED

International News Service.

LONDON.—The popular view as to a striking change since Dr. Osler died.

When commons considered a section of the unemployment bill which places the limit for earning a living at seventy years, Mr. Galbreath, an ex-coal miner M. P. opposed, declaring his mother, age ninety-two, had earned $3 in the fortnight just ended.

The section was withdrawn.

BRIDE THIRTEEN TIMES.

International News Service.

CEDAR RAPIDS, Iowa.—Mrs. Alice Yoakum, a bride of thirteen times, was divorced a few days ago from her last "better half." Her marriages took place in Indiana, Michigan, Missouri, Wisconsin, Iowa and Nebraska.

John Yoakum, who married her at St. Joseph, Mo., two years ago, was the thirteenth husband.

BRITISH SEAMEN PROTEST AGAINST CHINESE COOLIES

International News Service.

LONDON.—Chinese coolies are displacing British seamen, and the latter are getting their dander up.

The seamen have protested to the board of trade, pointing out that but 8,182 Chinese were employed in 1914 on British ships and that this number has doubled a year later, while the end of the war has not seen discontinuance of the shipowners' practice of exploiting cheap Chinese labor while British ex-fighters are jobless.

The sailors have asked that the recent act which stipulated that no alien be employed in any capacity on a British ship at a rate of pay less than the rate paid to British subjects be made operative at once.

With the Women of Today

San Jose, Cal., is going to be the first town in the West to have a community educational theater according to reports from that city. This proposed theater is not merely going to present plays for the benefit of the community, but it is going to promote acting among the citizens themselves. It will afford an opportunity for every person from the tiniest tot to the oldest citizens to gratify the desire to appear in the world of make-believe, according to Miss Mabel L. Dorsey, who started the idea.

Miss Dorsey, a graduate of a leading school of music and expression, took up the question of establishing the school with members of the Chamber of Commerce of the City and it was enthusiastically received by them. The primary purpose of the theater is not to make actors, but to develop men and women as well as allow residents of the community to display their talents in singing, speaking and dancing.

HERE AND THERE.

Canada is preparing to send a delegation of thirty or more women to the convention of the World's W. C. T. U., to be held in London next month.

Women comprise nearly one-third of all the wage earners in the United States.

Indiana had the first woman's prison in the world entirely controlled and conducted by women.

In sixteen towns of Florida the women now have municipal suffrage.

Miss Mabel L. Dorsey.

YOUNG WOMAN AND TURKISH CIGARETTE HOLD UP TRAFFIC

International News Service.

KANSAS CITY, Kan.—A young woman and a Turkish cigarette held up street car traffic on the Fifth street line for fifteen minutes the other night. It all happened when she sat on the car track and endeavored to light the "fag." Amid the protests of an angry motorman she blandly asked for a match to light a second "pill."

Then came a policeman who removed her to police headquarters.

"You're stewed," remarked the booking clerk.

"You tell 'em, I stutter," was her only reply, as she was led away to "sober up."

ADDITION TO COURT HOUSE BEING BUILT AT PECOS

Special to The Times.

PECOS, April 7.—An addition to the local court house is now being rushed in order to provide more room for the many deputy clerks who are required to record the hundreds of transactions that have resulted from the oil boom. Clerks are at work now in two sections of the hall of the county building and there are but two entrances to one of the busiest places in the Pecos county.

The third and fourth wire was cut in today at the local telegraph office. The daily business out of Pecos has jumped from an average of less than one hundred messages a day to more than 1,000 since the oil rush and three wires have been added.

Russian Husband Can Sue His Wife to Get Support

LONDON, April 7.—A Russian wife is required to support her husband if she be able to do so and he is unable to work and in need of her support, under the marriage laws of Soviet Russia. A copy of this code, translated into English, has just reached London from the Russian people's commissariat of justice.

It provides that married persons shall be expected to support each other. Should one refuse and the other be what is classed as a "needful," unfit to work, the latter has the right to apply to the department of social security to compel the husband or wife, as the case may be, to pay support.

Mutual consent of husband and wife or merely the desire of one of them to be freed from the other may be considered as grounds for divorce. Local judges are authorized to hear divorce cases but their decisions are subject to appeal.

The matrimonial age is fixed at 18 for men and 16 for girlh. Married persons may choose to bear the surname of the bride or of the bridegroom or their joint names.

KNIGHTS TEMPLAR GRAND COMMANDERY IN SESSION AT WACO

WACO, April 7.—The Grand Commandery of the Knights Templars of Texas opened their meeting here today. There were about 350 Knights Templars present. The body included representatives of all parts of the state.

Women are playing an important part in enforcing the anti-profiteering act in England.

LEAVE HEADACHE AT DRUG STORE

Money Back While You Wait at Counter if Aspironal Does Not Relieve in Two Minutes—Absolutely Safe.

Save half an hour or more of headache pain by taking the new Aspironal Elixir instead of the slow acting tablets that have to wait so long to be digested and absorbed. Aspironal acts right now and without the slightest danger to your heart or annoyance to your stomach.

Your physician recommends Aspironal because he knows it removes the cause of bilious and sick headache by gently acting on the liver, correcting biliousness and constipation and preventing the return of your headache next day.

The next time you have a headache go to your nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonsful in a little water. With your watch in your hand count off two minutes and call for your money back, as per manufacturer's guarantee, if you can't feel your headache fading away within the time limit. Don't be bashful for your druggist invites you and expects you to try it. Everybody is doing it. Same guarantee applies to colds, coughs and neuralgia. Adv.

COMANCHE BOOSTERS FOR TRADE BODY; NEW OIL SHOWING

Special to The Times.

HASSE, Comanche County, April 7.—At a meeting of business men and citizens here yesterday a Chamber of Commerce was organized and put in working order. J. A. Bryant of Ranger and Hasse, was elected secretary of the Chamber of Commerce.

Mr. Bryant is interested in Sturkie No. 1, of the Comanche Oil association, which developed a good showing of oil and gas last Friday and is creating intense excitement here and at other towns in this vicinity. Mr. Bryant owns acreage adjoining the well and he has been a consistent booster for this territory and has interested a number of Ranger people in oil development here.

The meeting of the Chamber of Commerce was largely attended and much enthusiasm was evident. It was the opinion of nearly everyone present that southern Comanche county is going to be the next big oil district and Hasse the center of the field.

District Court

PUPILS' EXHIBIT AT CENTRAL SCHOOL FRIDAY, THE NINTH

The Parent-Teachers' association of Central school held an interesting session in the intermediate building Tuesday afternoon. Mothers are showing their interest in the school by attending the meetings and working for needed improvements in equipment, and teachers are working hard to gain still greater co-operation among parents.

An exhibit of pupil's work will be held at the Central school Friday. The domestic art class will have a sample of their sewing on display, and will also serve refreshments to visitors. Every parent is urged to be present and see just what the children are doing. The exhibit will be held at the intermediate building, beginning at 2:30 p. m.

All the departments at the University of Georgia are now open to women students.

Women in the same social circles in Mexico call each other by their Christian names.

Led by Lady Chelmsford, the women of India are being organized to promote a movement to stamp out leprosy.

Burglar Drops Gun When Victim Opens Fire on Prowlers

Two more burglars narrowly missed capture early this morning when they tried to rob L. S. Fletcher, proprietor of the Ranger Horse and Mule Market, while he slept in his room in the Dodson home at 205 Pecan street. One of them came so near being captured that he dropped his revolver when Mr. Fletcher opened fire upon him. This thief may have been wounded by one of Fletcher's bullets.

Fletcher has the burglar's revolver as a souvenir.

The loot which the burglars were trying to get included Fletcher's well-filled purse and his diamonds, worth several thousand dollars.

The thieves had torn off the screen covering the window when they knocked over a chair. This awakened their intended victim, who leaped from bed, seized his gun and began to pull the trigger.

At the sound of the first shot, the robbers began to run and by hard sprinting managed to make their escape.

FIND OUT JUST WHAT CAUSES YOUR RHEUMATISM

Then You Will Be Able to Treat It Intelligently.

The medical profession has not yet fully determined all of the causes of Rheumatism, though they are pretty well agreed on two points.

The first is, that the disease is more than a mere local trouble, that the pangs of pain come from a source that is far below the surface, and therefore it is not reasonable to expect any rational relief from a treatment that is locally applied and reaches only the surface.

When you realize the logic of this conclusion, you will see that you are really wasting your time and money if you are expecting any permanent relief from the use of liniments, lotions, and other locally applied treatment, which can only reach the surface, and have no effect whatever upon the origin of your trouble.

Any disease should be treated at its source, and especially one that causes as much suffering as Rheumatism. The only treatment worth while is one that will show progress toward getting at the source of the disease, and freeing the victim from its shackles.

The other point that the medical profession has agreed upon, is that some forms of Rheumatism are caused by a tiny disease germ in the blood, which multiplies by the million, and until these germs are routed from the blood, you can see how futile local treatment will be. In fact, you can use liniments by the gallon and never hope to reach the cause of your trouble.

So many people have found real permanent relief from their Rheumatism by the use of S. S. S. that its use is justified in practically every case. Certainly if your Rheumatism is due to a germ in the blood, as so many thousands of cases are, you should lose no time in beginning the use of S. S. S., because you can rely upon this fine old blood remedy to do you more good than any other treatment.

S. S. S. is beneficial in Rheumatism because it is such a thorough blood medicine. It cleanses the blood of all impurities, and eradicates the germs which cause Rheumatism. The wonderful results it has accomplished in other cases is proof of its great merit. S. S. S. has been on the market for more than fifty years and is sold by all druggists.

You are invited to write our medical department for full information and advice about the treatment of your own case, for which no charge is made. Address Chief Medical Adviser, 11 Swift Laboratory, Atlanta, Georgia.

Just take a certain sum, ever so small, and put it in the bank each pay day, and soon you'll be surprised to see the size of your balance.

That will stimulate your interest in saving, and soon you will have your first thousand dollars, and the only hard thousand to accumulate. More thousands to your credit will follow easily.

Try it. Begin now.
