Wildcat Gasser, Reveal

Cook No. 1 wildcat test in county was definitely a huge multi-zone gassing test made Saturday. Successful testing of the well reported reports of new localities in the vicinity of the well as a boost to oil exploration for this area.

Well, located in the south-east corner of Texas county, 16 miles from Perryton, tested at 60 feet daily from per- at 6812-146 feet and 10,000 at 6870-94 feet, a total of 27,500,000 which is an outstanding gas well.

Gas is coming from the well and upper Morrow sand. It is an oil show at around 100 feet is the next step in development of the well.

New locations have been around the well. The well one mile east of the city, another a mile north, and a third a mile west, and the third is to the south. Several are expected to be "and soon."

Annual City Audit Shows City Funds in Splendid Shape

Annual audit for the City of Perryton was submitted to the council last week by F. E. Amarillo and reveals city finances are in excellent condition.

Report showed that the city has increased the operating fund in the general fund by \$6 and the surplus in the fund has increased by \$21 for a total of \$44,825.17 for the year.

Assets of the city are \$82,824.18 and the liabilities, including all bonded indebtedness, total \$432,000.00.

Officials are doing preliminary work on a plan to re-eval city tax bonds that are being cancelled a portion of bonds ahead of their due date and refunding the remainder at a lower rate of interest.

Recent funds are on hand and some of the bonds are being sold, and a substantial interest can be made.

Officers to Meet Canadian Tonight

Help Available for Odd Jobs Saturday

Here's a chance to get your leaves raked, the windows washed, or perhaps an afternoon of baby sitting. Members of the Perryton high school pep squad are available for any sort of odd job on Saturday, Oct. 24—object to raise money for the football banquet at the end of the season. Headquarters for "Hobo Day" will be at the high school principal's office Saturday, phone 4521, and the girls will go to any home or store to do odd jobs that day.

Farm Bureau Annual Meet Set Tuesday

Harold Davis, state director of the Oklahoma Farm Bureau, will be principal speaker at the annual meeting of the Ochiltree Farm Bureau on Tuesday night, Oct. 27, according to Virgil Olmstead, president.

The annual meeting will be at the Veterans Memorial Building and a supper will be furnished. Supper will be served promptly at 7 o'clock, Olmstead said.

A set of resolutions outlining Ochiltree county's stand on the farm program, will be submitted to the membership at the annual meeting. Resolutions will be taken to the state convention by the delegates elected at the annual meeting.

Rangers Meet Price College In Non-Conference Game Friday

The Rangers will be trying to get back into the win column Friday night when they entertain the Price College eleven in a non-conference game at Ranger Field. Game time is 8 p. m.

Perryton, after winning two and tying one in their first three games, dropped decisions to Phillips and Dumas in their last two outings. Most decisive trimming was last week when the Rangers were shut out the first time this season in losing to Dumas, 40-0.

No serious injuries were suffered in the Dumas game, and all hands are expected to be ready for action against Price College.

Price College has won three and lost two games this season. Their two losses have been to undefeated Dumas in district 1-AA and to undefeated McLean in district 1-A. Price College has wins over Wheeler, Borger B, and White Deer, defeating the latter team 38-12.

The Amarillo school will field a team averaging 165 pounds per man, outweighing the Rangers slightly.

The Rangers uncovered some freshman talent last week in tackle Victor Briggs and end Hobart Buxton. Briggs, a 220-lb. lad, was so good on defense at Dumas that he was named "Player of the Week" at the Burk Drug balloting.

The only injury to the Ranger squad that will hamper the offense is an arm injury suffered by end Bill Thrasher, who didn't don pads for practice the first

two days of the week. He is expected to be ready to go Friday night, however.

The probable starting lineup: Price College: Ends, Rex Nichol (136) and Roy Detton (155); tackles Richard Landers (198) and Joe Detton (178); guards Jim Bowers (152) and Mike Kel-

Plans Completed For Halloween Carnival Event

Plans have been completed for the Halloween Carnival on Oct. 31 at the Veterans Memorial Building, sponsored by the Jaycees, Lions Club and Rotary Club. All school children under the age of 12 will receive a ticket good for a free favor at the carnival Saturday night, and there will be several cash door prizes given during the evening.

Each of the three service organizations will operate seven booths for carnival entertainment. Tentative attractions include a dunking board, boat ride, duck ringling tank, penny pitch stand, golf game, basketball throw, and a variety of ball throwing and wheel spinning games.

Drum Majorette, Twirlers Show New Uniforms

The Perryton Ranger Band will have more pride than usual Friday night when the drum majorette and twirlers appear on Ranger Field for the first time in their new uniforms.

The uniforms of the twirlers are white short skirts with red and gold trimmings. The drum majorette's uniform is white trousers and jacket with red and gold trimmings and a white letter "P" on the front of the jacket.

Drum majorette Kaylene Schnell, high school junior, was selected to lead the band this year after being a twirler last year. The six twirlers all attended a special twirling school at West Texas State College this summer. They are Barbara Flathers, Phyllis Vernon, Connie Edwards, Sydney Slack, Janey Todd and Glenda McGibbons.

The Ranger Band has made tremendous progress under the direction of B. D. Walker, who came to Perryton a year ago. The band achieved superior rating, highest recognition awarded by the Interscholastic League, at the spring music festival in Canyon. Only three bands in the Panhandle were so recognized.

There are 80 pieces in the marching band and 93 in the high school concert band. The junior high band numbers 104 instruments and there are 63 be-

Fourth Annual Aberdeen-Angus Sale to Open at Livestock Building Monday

Top Quality Animals In Annual Event

Disregarding the depressed cattle market and other discouraging factors, members of the North Plains Aberdeen-Angus Association will stage their fourth annual show and sale at the livestock building of the county fair grounds on Monday, October 26. The sale starts at 1 p. m. following the show at 10 a. m.

There are 41 head of registered Angus cattle, including 12 bulls and 29 cows. Consignors will bring animals from Kansas, Texas and Oklahoma, representing top quality animals from well-known Angus herds.

Considerable interest is being shown in the sale, which has grown in the past four years to one of the largest livestock offerings in this part of the country. Along with the registered Angus cattle will be sold several hundred head of commercial Angus, including cows, bred heifers and heifer calves.

Lloyd Otten of Clovis, N. M. is the auctioneer for the sale. George Travis, Roger Pearson, Clyde Jamison, Daniel Newman and Roy Stinson are the sales committee.

The list of consignors include Lee Crawford, Gray; O'Dell G. Daniel, Guymon; E. A. Earhart, Guymon; A. R. Erhart, Guymon; Louis Fischer, Hooker; La Sad Aberdeen-Angus Farm, May, Okla.; Donald Neufeld, Balko; Milton Neufeld, Balko; Panhandle A&M College, Goodwell; Max Pearson, Farnsworth; Roger Pearson, Perryton; Percy Powers, Perryton; George F. Saunders, McLean; Freddie Smith, Perryton; A. L. Swink and Son, Perryton; George Travis, Follett.

Bob Turner Is Champion of Fall Golf Tournament

Bob Turner won the championship of the fall city golf tournament Sunday, turning in a score of 74 for 18 holes, four over par. Bill Gray, defending champion, was runner-up with a 75.

High winds during the day hampered some of the players. Garland Redfern won A flight with a 75 and Dean Blank was runner-up with 76.

Dr. Roy Sanford took B flight with 75 and Keith Flowers was second with 80. Jake LeMaster fired an 80 to win C flight and there was a three-way tie for second between Ernest Kendrick, Dudley Hargrove and Clinton Hearn, all with 83.

Omar Truax won D flight in a playoff with J. M. Davis. Both men shot an 80 to tie for the trophy.

Don Bell shot 94 to win the junior flight and Dewey Blank had 116 to win the sub junior flight. Mrs. Dean McCutcheon won the ladies championship flight with a score of 97. Mrs. Wayne Kisker won A flight with 105 and Mrs. Elmo Bennett won B flight with 137.

There were 61 entries in the tournament. Tournament officials checked all scores turned in during the tournament and found that No. 8 was the hardest to par. The hardest holes on the course, according to the city tournament, are: 8-6-4-1-2-3-5-9-7.

General Rain Brings Inch of Moisture to Wheat Fields

The first soaking rain since August fell in the Perryton area Tuesday night, bringing more than an inch of moisture to all parts of Ochiltree and Beaver counties.

Perryton received 1.51 inch of moisture Tuesday night. Reports

of more than an inch of rain were received from Earl McGarrah, Verbon Smith and Fred Huston, north and east of Perryton, while amounts ranging up to 1.70 inch were reported to the south.

Heaviest rainfall recorded was at the Verbon Smith farm, three miles northeast of town, with 2.10 inches.

This general rain, added to the half-inch received a week ago, will be of material benefit to the wheat fields and with a little more moisture, there is a chance for wheat pasture this fall. If so, it will be the first time in several years for fall wheat pasture.

There will be several cash prizes given each Saturday, with a grand prize to be awarded on the final week of the series, Dec. 19.

Amounts of the prizes have not been determined, and will depend upon the participation of local merchants. Assessment committees are contacting each Perryton merchant this week, giving all an opportunity to participate in the sales event.

Concert Drive Opens, to End Saturday Night

The annual membership drive of the North Plains Mutual Concert Association ends Saturday, October 24, and a large crew of workers are soliciting memberships this week.

The campaign began Monday night with a kick-off dinner, where team captains, division chairmen and helpers laid plans for the drive.

Headquarters for the association is located in the lobby of the Hotel Perryton. A large list of nationally established artists is available. These include Players, Inc., one of the finest of America's touring theatre companies; Concert Trio, consisting of two piano accordians and a string bass; Jan Gbur, bass from the San Francisco and New York Opera companies; Nelson and Neal, pianists; The Mechau Balladeers, a family of folk singers; James Wolfe, pianist; Rondollers Male Quartet; Mannes-Gimpel Silva trio; Henry L. Want Ads Pay Even With Wrong Number

Mrs. James Peterson is a firm believer in Herald classified advertising. Last week she advertised a play pen at a bargain. The Herald gremlins changed her phone number to the wrong one. In spite of that the Herald reader that wanted a play pen tracked down the right number and is now the proud owner of the play pen.

Women's Council, Lions Will Hear UN Talk Tuesday

United Nations day will be observed in Perryton Tuesday, Oct. 27 with an open meeting at the First Christian church at 2:30 p. m. All women of this area are invited to this meeting. Mrs. Neal Thompson, president of the Perryton Council of Church Women, said.

Mrs. William G. Dingus, Lubbock, who recently completed a visit to the UN and a seminar sponsored by the UN will be the speaker. She is considered an authority on UN affairs and is an accomplished speaker, according to Perryton club women who have heard her.

Perryton's Sorosis Club and the Perryton Council of Church Women are sponsoring Mrs. Dingus appearance. Mrs. C. B. Rogers, president of Sorosis reported.

Members and guests of the Lions Club will hear the noted Lubbock woman talk at noon Tuesday at the Hotel Perryton Coffee Shop.

Australian Jet Fighter

CANBERRA (AP)—The first Australian-built Sabre jet fighter has made its official test flight. Flight-Lieutenant W. H. Scott of the RAAF flew the plane for thirty minutes in the Melbourne area.

Minister of defense Production Eric J. Harrison told newsmen the Australian Sabre was an improvement on the original American design. Australian engineers, he said, had modified the fuselage to take the more powerful British-built Avon jet engine in place of the American turbo jet engine in Sabres now in Korea.

Morgan Rites Held Wednesday At Gray Church

Funeral services were held Wednesday afternoon at the Gray church for J. W. Morgan, 74, who died Sunday, Oct. 19 at Mangum, Okla. Mr. Morgan, a retired farmer, lived in the Gray community for many years.

Rev. O. L. Welch, assisted by W. C. Bryan, conducted the final services.

Survivors include six daughters, Mrs. F. A. Kerns and Mrs. Jesse Lile of Booker; Mrs. John Cochran of Boise City, Mrs. Willie Sargent of Balco, Mrs. Roy Sargent of Gray, Mrs. Fay Morgan of Gray; five sons, Lloyd of Hooker, Elma of Centerville, Calif., Clayton of Oklahoma City, Wilson of Stinnett, and Calvin of Tyrone; 27 grandchildren and six great grandchildren.

He is also survived by a sister, Mrs. Fannie Ladd of Shamrock and three brothers, C. C. Sample of Mangum, Steve Sample of Greenville, Texas, and A. L. Morgan of Brinkman, Okla.

Burial was made in the Gray cemetery.

Church membership increased by 22 million during the 1940s in the United States but the increase during the 1930s was only five million.

In 1951 there were 9,300,000 people in the United States who were single because their spouses had died.

Dough From Bakery

MEMPHIS, Tenn. (AP)—This is the tale of a gabby cabby—an ex-bakery employee who fell into some unexpected dough. Taxi driver E. T. (Gabby) Gabbert picked up a fare who asked to be driven to a Memphis bakery. En route, Gabbert confided he was once employed by the same

bakery—for six hours.

"I was just a kid then, and I'll declare that was the hottest place in the world. After six hours of work, I decided I sure didn't like it. As soon as the foreman wasn't looking, I went to the washroom and sneaked out a window. And I never did go back, not even to see about a paycheck."

A few days later, Gabbert received a \$50 check from the bakery. It was in payment for six hours of work, plus the brief employment 30 years ago. Gabbert's passenger had been vice-president of the local Bakeries Co., which was the local bakery.

Rangers Take 40-0 Trimming in Dumas Demons Friday

Rangers found a combination of fast backs and big line-backers to handle Friday night's Dumas Demons. The hands of the Dumas Demons, considered the title favorites in this league, held only a 13-0 lead at the end of the first quarter, but broke the game open in the second half, scoring two touchdowns in both halves.

Rangers, bottled up on the field by a strong Dumas line, were able to complete passes for 131 yards, but the game backfired when the Demons intercepted Ranger passes at crucial moments.

Fullback Ed Cummings played a good game on offense, but could never get loose. Outstanding defensive play was turned in by a pair of freshmen, tackle Victor Briggs and linebacker Hobart Buxton, plus some sterling blocking by junior guard Don Hulsey.

In the second period, just before the half, a Demon pass was deflected by Billy Drake into the hands of Clovis Boren to give Dumas another touchdown and put the Demons out front at half-time, 13-0.

Demon halfback Clovis Boren broke around end for 76 yards and a touchdown early in the third period and a pass interception by Andy Hick on the Ranger 11 set up another score to make it 20-0 at the end of the third quarter.

Hick galloped 85 yards over tackle for another touchdown and the final Dumas score was a 44-yard pass from Hick to Duwayne Baer to make it 40-0.

The Rangers couldn't cope with the speed of the Dumas backfield, and the Ranger line, out-weighted some 20 pounds per man, couldn't open holes effectively on offense.

Fullback Ed Cummings played a good game on offense, but could never get loose. Outstanding defensive play was turned in by a pair of freshmen, tackle Victor Briggs and linebacker Hobart Buxton, plus some sterling blocking by junior guard Don Hulsey.

"Bigger pies, not smaller slices"

We ran across a new word the other day... "demographer." That's a research man who studies statistics on births, deaths, populations.

Well, it seems the United States will have 20 million more people aboard by 1960, or thereabouts. Logical enough. We gained 20 million people in the forties.

Bigger pies are the order of the day. In the electrical industry, for instance, men with sharp pencils have figured that demand for electric power will have doubled during the decade ending in 1960. More power equipment is therefore needed. More electrical machinery for industry.

And better pies. Americans insist on better products, year by year. Somebody has to pioneer things. Looking ahead for five, ten, fifteen years—creating new and better products and improving old ones—that is the business of General Electric. For seventy-five years progress has been our most important product.

The babies who come into the world today won't want smaller slices of the world's goods and opportunities. Or even the same slice. They'll want more. Wait and see. Nothing less is worth planning for by the people who must organize for the future. It's no job for pessimists.

Plenty of Sleep Is Necessary for Good Health

AUSTIN, Texas—Sleep is a necessity of life and health, according to Dr. Geo. W. Cox, State Health Officer, and habitual loss of sleep will tend to retard the body's recovery from the fatigue of the day's activities.

"We may be able to go without sleep for a night or two, but too little sleep for a prolonged length of time will undermine the health of a rugged person and turn a cheerful individual into a cross, irritable one," Dr. Cox said. "When good health can be maintained to such a large degree by merely sleeping and thus allowing overtaxed bodies and minds to regain a proper balance, it is hard to understand why so many persons are heedless of this necessary requirement of a balanced program of life."

Some individuals need more sleep than others, the Doctor said, and the most valuable experiments in this line are the ones each person makes on himself. We must take into consideration in this experiment, however, that how well we sleep is as important as how long we sleep. A "good night's rest" means a sufficient number of hours spent in sleep to enable each individual to feel well, do efficient work, and to keep in a cheerful humor the next day. "Some exercise out of doors each day will help us to sleep soundly at night. We must also have fresh air in our sleeping quarters. Give as much consideration as possible to the comfort of your bed and bedclothes. Do not mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down from the physical and mental work of your daily life. When you arise each morning rested and with a feeling of general well-being, you will be amply repaid for your thought in planning a 'good-night's sleep.'"

Safety Rules for Night Driving Are Pointed Out

"A strong offense is the best defense against night traffic hazards!"

That statement was made today by Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Advisor for the Gulf Oil Corporation speaking on behalf of the Texas Safety Association's Night Traffic Hazards program which is being conducted throughout October in cooperation with the Texas Department of Public Safety.

"Darkness is the enemy we have to fight in our campaign on night traffic accidents," Col. Tilley said. "More accidents occur at night than in daylight hours because cars, pedestrians, cyclists and stationary objects can not be seen readily in the dark."

"Light, then, is our best weapon to use against the enemy. And I'm for launching an all-out light offensive!"

He said, "Such an offensive would be effective if all pedestrians, cyclists, and motorists would make sure that they and their vehicles are visible on streets and highways at night. He advised motorists to adopt the following rules for night

driving:

1. Double-check all lights.
2. Use headlights properly. Use the upper beam on rural highways when no approaching car is within 1,000 feet. Use the lower beam when oncoming cars approach you, when you are overtaking another car, or when driving in cities and residential areas.
3. Dim your lights even though an oncoming driver fails to dim his. Maintain control of your car by looking at the right shoulder of the highway.
4. Never pull onto a thoroughfare at night unless all front and rear lights are on.
5. If it's necessary to stop on the highway at night, pull completely off the road and be sure parking and dome lights are on. It's a good idea to carry flares or fuses to prepare for such emergencies.

"Cyclists and pedestrians can also make themselves visible at night," Col. Tilley said. "The cyclist should be sure that he has a good headlight and tail light on his bike. It's also a good idea to trim the bike with white reflectorized material and to wear light colored or white clothing or something trimmed with reflectorized material."

He warned pedestrians, especially, to remember that motorists can't see them if they wear dark clothing at night. "Their best protection," he said, "is to wear light colored clothing or

Letter Saves Life

MOUNT DORA, Fla. (AP)—Paul H. Johnson figures a letter he hadn't mailed may have saved his life, like this:

He was driving to the postoffice when a windstorm felled a tree on his car. He grabbed the door handle but received a severe shock from the live wires the tree had pulled on to the automobile.

He used the letter as an insulator, opened the door and stepped out just as the car roof caved in from the tree's weight. He escaped with a sprained back and minor cuts.

Water For Ike's Birthplace

DENISON, Tex. (AP)—The Denison house where President Eisenhower was born will get running water for the first time.

The city council agreed to extend a line from a hydrant in the yard to the kitchen sink. This was asked by women serving as hostesses of the home—now a showplace.

The ladies hope some day a restroom will be installed. The Eisenhower birthplace plumbing is of the outside variety.

something trimmed with reflectorized material or to carry a piece of such material or a flashlight."

Arms Smugglers Move

SINGAPORE (AP)—The Sunday Standard, in an article, calls Hong Kong the new headquarters for arms smugglers operating in Southeast Asia. The smugglers shifted there from Singapore to be nearer the markets—Vietnam forces fighting the French in Indochina and the Nationalist guerrillas resisting in Yunnan province—the paper said.

The paper said after the war large quantities of American arms were left behind in the Philippines and in numerous islands all over the South Pacific. Hostilities in Indonesia and Burma and unrest in Thailand created a constant demand for arms, and Singapore, being nearest to these countries, acted as the smugglers' former headquarters.

Reunion In Minnesota

BAUDETTE, Minn. (AP)—Forty-six years ago the village of Baudette voted to split into two parts. The part on the east side of the Baudette River became Spooner, and the portion on the west side kept the old name.

Now, in the interests of better municipal operation, they have voted to consolidate again and the name Spooner will be dropped.

It is believed that the average life span of American men will increase five years, to an average of about 73 years in the next 20 or 25 years.

It is estimated there are about 52 million Protestants and 29 million Roman Catholics in the United States.

Disease in the Dust

TEMPLE, Tex. (AP) — Huge clouds of dust raised by maneuvering Army tanks may be responsible for the prevalence of the two lung diseases in the Fort Hood area.

The diseases are coccidioidomycosis and histoplasmosis, fun-

gus diseases of the lungs sometimes mistaken for tuberculosis. U. S. Public Health Service officers and members of the Bell County Health Unit staff are testing school children in the Fort Hood area for presence of the diseases. The State Health department and Bell County Tuberculosis Association are co-

operating. "Three fungus (causing the disease) are soil-born organisms," Dr. Harry Frey explained, "and huge dust clouds caused by tank maneuvers can reasonably be expected to drift over the area, bearing the diseases."

WEST TEXAS DUE A WET SPELL—Rainfall in West Texas, below normal for the fourth straight year, should soon show a sharp increase if it follows the pattern established in the past four decades. The above chart is a composite of rainfall records at three key West Texas points—Amarillo, Lubbock and San Angelo. The average annual rainfall is about 20 inches, indicated by the heavy horizontal line. Rainfall by inches is indicated at the left. While 1953 has a chance to better the 11.64 inches that fell in 1952, last year shown on the graph, it will probably end up far below the 20-inch mark. The four-year drought of 1950 through 1953 is one of the longest periods of sub-normal rainfall in the West Texas area. (Associated Press Graph)

WEST TEXAS DUE A WET SPELL—Rainfall in West Texas, below normal for the fourth straight year, should soon show a sharp increase if it follows the pattern established in the past four decades. The above chart is a composite of rainfall records at three key West Texas points—Amarillo, Lubbock and San Angelo. The average annual rainfall is about 20 inches, indicated by the heavy horizontal line. Rainfall by inches is indicated at the left. While 1953 has a chance to better the 11.64 inches that fell in 1952, last year shown on the graph, it will probably end up far below the 20-inch mark. The four-year drought of 1950 through 1953 is one of the longest periods of sub-normal rainfall in the West Texas area. (Associated Press Graph)

Free Delivery

COLUMBIA, Conn. GP—An electrical and appliance firm, advertising a big sale, offered free orchids as a come-on to women customers. It rained so hard, however, that few customers came. The company assigned a salesman to deliver the orchids, flown from Hawaii, to the homes of some of the more likely prospects.

Boy Scouts Enjoy Camp

Twenty-five members of Boy Scout Troop 55, accompanied by adult leaders Harry Stumpf, Walter LaMaster and Don Boyle, spent Saturday night and Sunday on a hike to Sour Dough Canyon south of Perryton.

They had a steak supper Saturday evening, ham and eggs Sunday morning and fried chicken at noon Sunday.

Sunday School was conducted Sunday morning by Winfred Walker of the First Baptist church who was accompanied to the camp by Joe Erickson.

Although El Salvador is the smallest country in the Western Hemisphere it is the world's third largest producer of coffee—Brazil and Columbia being first and second.

News From ANTHONY

By Mrs. Ralph Bobbitt

The Home Demonstration Clubs of Beaver County held their fall council meeting Thursday in the chapel of the First Methodist Church at Beaver. The Balco Sunflower Club was hostess to the group.

Mrs. Burl Gregory gave the devotional on the "Family Bible."

Mrs. Brown of Better Homes Club and Mrs. John Davis of the Anthony Club entertained with special musical numbers.

Mrs. Elsie Gregg, chairman of the nominating committee, turned in her report as follows: president, Mrs. Gladys Eagan, Greeno Club; vice president, Mrs. Winnie Hill, Beaver Farmer Women; treasurer, Mrs. Georgia Frye, Riverside; reporter, Mrs. Paulene Hodges, Forgan Farm Women; chaplain, Mrs. Lois Harvey, Gate; pianist, Mrs. Dorothy Renfrow of Logan. Those for re-election were secretary, Mrs. Ralph Bobbitt of Anthony and song leader, Mrs. Thelma Jenkins of Elmwood. The above candidates were approved.

Seventy-three club members were present from fifteen clubs over the county. The Greeno and Elmwood Clubs introduced three new members at the meeting.

Mrs. Vernon Ratzlaff injured a wrist while washing Monday and had a few stitches taken and a tetanus shot. She is getting along fine.

Mrs. Floyd Myers had been on the sick list. Mrs. Ralph Bobbitt and children called on Mrs. Myers Friday afternoon.

Those attending county council were Mrs. Laverne Davis, Mrs. John Davis, Mrs. Leon Morris, Mrs. Ralph Bobbitt, Mrs. Lloyd Brown, Mrs. Leroy Bobbitt and Mrs. Floyd Myers.

Joyce Bobbitt accompanied her father Saturday on his trip to Amarillo.

The Anthony Rural Progress group met at the club center Wednesday evening.

Ways and means were discussed for contributing to the Beaver County Hospital and it was decided to take donations. One hundred dollars were donated by the Anthony Sunday school. The group also voted to give each 4-H Club member a white tee shirt designed with the 4-H emblem. Plans were made for an outing of 4-H children and their parents and club members to be held at Palo Duro Canyon the last Thursday in October if the weather permits.

Earl Niles spoke briefly on electricity.

The Madeira cockroach bears its young alive.

Make Do

IT'S EASY to store a vacuum cleaner hose when you make a rack out of an old wheel rim of a balloon-tire bike. Cut the rim in half so the valve stem hole will be centered. This accommodates a bolt for mounting the rack on an angle iron.

Boys Buy Pigs For Stock Show

Danny Witt purchased a pig and Don Schollenbarger bought two pigs last week from R. C. Mitchell, Lockney, to feed for the spring fat stock show, according to 4-H Club sponsor Delbert Timmons.

The 4-H Club boys are feeding 9 pigs, 19 calves and 11 sheep for the annual show.

Services For Claborn Infant

Graveside services were held Saturday afternoon for Johnny Denis Claborn, infant son of Mr. and Mrs. B. J. Claborn of Perryton. The child was born Friday and died Saturday.

Rev. Keith McCormick, pastor of the First Baptist church, conducted the final rites.

The child is survived by the parents, a brother, Karren; the paternal grandparents, Mr. and Mrs. T. D. Claborn of Dimmitt; and the maternal grandparents, Mr. and Mrs. W. J. Bernnon of Odessa.

The use of cascara as a drug goes back to pre-Columbian American Indians.

Eighty People Attend Christmas Choir Rehearsal

Eighty people appeared for the initial rehearsal of the combined choirs of Perryton and vicinity Sunday afternoon at the school auditorium. The choir is under the direction of Bob Irby, teacher of music in the Perryton schools.

The Christmas cantata, to be presented on December 20 in the school auditorium, is entitled "Gloria In Excelsis." This is a collection of Mendelssohn music compiled in cantata form by Ellen Jane Lorenz.

Following the rehearsal, a meeting of the steering committee was held, with 11 churches represented. Members of the committee, and their churches, include the following:

Assembly of God, Mrs. J. M. Randolph; First Baptist, Mrs. Mark Burton; First Christian, Mrs. Claude Schell; People's Chapel, Mrs. Ronald Dieball; Lutheran, Mrs. Pete Seedig; Full Gospel, Wick Brown; Bethel Mennonite, Rev. Harder; Perryton Mennonite, Miss Juanita Pletcher; Waka Church of the Brethren, Mrs. Allan Dennison; Nazarene, Rev. J. R. Russell; Methodist, Ray McEntire.

It was decided that members of churches that do not have organized choirs would be invited to rehearse with the Methodist choir at the time which Irby would be scheduled to rehearse that choir. This week he will meet with the Baptist choir at 9 p. m. Wednesday.

Next week on Oct. 28 he will rehearse the Christian choir at 8:15 p. m. and on Tuesday, Nov. 6, he will meet with the Waka choir in the Waka Church of the Brethren.

Depew Escapes Injury In Crash

Thomas Depew, Perryton accountant, escaped injury early Sunday night near Blackwell, Okla., when his light plane ground-looped into a hedgerow after an emergency landing on a country road.

Depew ran out of gasoline about 12 miles northeast of Blackwell and landed the plane on the road, but the wing hit a mail box and went out of control. He was picked up by a farm family and taken to Blackwell.

The plane was heavily damaged in the accident.

Mr. and Mrs. V. E. West and family of Borger were guests last week end of her sister and family, Mr. and Mrs. Herman Meadows.

Polio Vaccine Is Explained to MOD Officers

Details of a new polio vaccine which will be tested on a nationwide scale were outlined at a tri-state meeting of the national Infantile Paralysis Foundation in Dallas last week. Frank Shaffer, county chairman, and Joe Watson, treasurer of the Ochiltree March of Dimes, attended the meeting.

This vaccine has been tested on 700 children for a period of eight months and to date the vaccine is still as effective as when inoculation was first made, Shaffer reported.

The national foundation plans to have a field test next summer on approximately one million children to determine the effectiveness of the vaccine during the polio season. If it is as successful as preliminary tests indicate, the threat of polio will be practically eliminated.

To conduct this test, about one-third more money will be needed than formerly during the annual March of Dimes campaigns, the delegates to the Dallas meeting were told. The vaccine test will cost over 26 million dollars in excess of the 50 million dollars annual expense for polio patient care, educational programs and research programs now in effect.

This will make necessary a gift of 60 cents per person for the March of Dimes drive, and this goal will be set for Ochiltree county, Shaffer said. Preliminary plans for special events, the Mother's March, and other fund raising programs are now being made.

First Rain Fatal To 4-Year-Old Steer

G. B. Meers, who farms southwest of the city, reports that the rain Tuesday night and Wednesday morning was responsible for the death of one good four-year-old steer. Seems that Meers lives in the

"dry" part of the county and since the steer had not been in a rain before it "just up and drowned watching the rain fall."

Mr. and Mrs. Harold Hudson spent the week end in Grand Prairie, Texas, visiting with his sister and family, Mr. and Mrs. Cecil Bartel.

Mr. and Mrs. W. H. Irby, Harold Hamilton and Frank Garrett, Plainview, spent the week end with Mr. and Mrs. Bob Irby. Mr. Irby, Hamilton and Garrett went on to Colorado for deer hunting while Mrs. Irby remained in Perryton with her son for a week visit.

Fall Records Show West as Due for Big Wet Spell

Raymond Holbrook
Associated Press Staff

Means anything, the drought is almost there should be a wet spell ahead.

West Texas rainfall has been erratic in cycles. And unless it changes, the drought is now ending and the cycle is beginning.

Not since 1949 has the composite rainfall average been above the normal. And if Mother Nature runs true to form, some of the West Texas land that couldn't sprout corn this year might make good frog farms in 1954.

Interloping Pigeon

FORT PIERCE, Fla. (AP)—A pigeon made a recent county commission meeting one for the birds.

The careless pigeon attempted to alight on the roof and fell down the chimney, emerging in the county commission's meeting room.

The session was recessed while Chairman Harry Kleiter chased it down and took it outside to freedom.

"I hope it was a dove of peace," commented the chairman.

He's On the Air

LONG BEACH, Calif. (AP)—An 18 year old Long Beach student has parlayed an auction-bought \$100 airplane, two years of pilot experience and plenty of elbow grease into a smooth sailing craft of his own.

Dave Case bought the plane at auction, "odd ball engine, rusty framework and all." After \$550 more of materials and untold hours of labor, he successfully tested it, with the engine purring like a kitten.

Already having logged 85 hours of private license time, Dave now seeks a commercial license.

Boom's End Doesn't Mean Bust Is Coming

The national economy has slowed down, says the President's Council of Economic Advisors—but it has slowed down only from last spring's record-breaking drive to a "steady roar." Evidence is accumulating that the slowdown won't go any further than that. The boom has stopped getting bigger, but it isn't getting smaller. There is no likelihood whatever that we face anything comparable to the depression of 1929 or even the recessions of 1920-21 or 1937.

For one thing, 63 million Americans have lucrative jobs. That means that 98 per cent of all Americans are able and willing to work are doing so. This is slightly under the percentage rate of August, which was 98.1, but it's better than a year ago, when 97.7 per cent of all the labor force was working. And this year, 48 per cent of all employed Americans are earning more than they earned a year ago.

For another, people are spending. Personal spending in the quarter just ended was at the rate of about \$233 billion a year, which is \$15,750,000,000 faster than last year.

The slowdown is found in fewer new orders added to manufacturers' backlogs in August (but there was still a big backlog) in slight easing of business loans (after near-record highs earlier in the year); in a slower rate of increase in consumer credit, which nevertheless is still rising.

The boom, then, is still with us. But it has stopped growing as fast as it had been growing.

For political reasons, a lot has been made of this slowdown. The myth that Republicans always bring depressions is being worked for all it's worth—and more.

But little is being made of the fact that wholesale prices are easing somewhat. Just as the boom has stopped increasing, so has the upturn in prices. This has not yet been reflected at the consumer level, but such reflection is inevitable.

Thus we have more people working than ever—at higher wages than ever—and prices easing off. These are not the elements that make for depression.

But there is one other significant consideration. This boom through which we have been living has been on a solid foundation. It has seen vast increases in the American standard of living. It has seen actual distribution of more goods and services to more people than America (or any other nation) ever before achieved. This has not been a speculative boom. And because it was not speculative, it bears none of the weaknesses of that kind of boom.

This was a real boom. It was one which lifted apparently permanently, the level of the American economy. The task now is to hold those gains. And they will not be held by calamity howling or by excessive pessimism, which can be just as dangerous as the excessive optimism that characterized the boom and bust of a generation ago.

Cinema-Minded Goats

GLACIER, Mont. (AP)—Hundreds of Glacier National Park visitors strain their eyes without spotting many shy mountain goats. But the goats have been coming out this summer, although staying at a safe distance—to see movies being made.

An RKO camera crew has been shooting local background around Logan Pass for the "Glacier Story." The goats seem to watch

Raining Cats

CALINA, Kansas (AP)—It didn't rain cats and dogs here—just cats.

From the SIDELINE with HAROLD HUDSON

We had a long week-end and just about caught up on our football watching for a few days. Saw TCU-Texas A&M game in Fort Worth Saturday afternoon, then witnessed the thrilling Rice-SMU contest in the Cotton Bowl Saturday night. The latter game was, of course, the most exciting.

In addition to these games, we saw some professional football games on television and watched the 1952 Southwest Conference highlight picture at the Humble exhibit at the State Fair.

The only disagreeable thing about making the rounds in the Dallas and Fort Worth areas during the day of a football game was the traffic jams. At Fort Worth, we were within sight of the TCU stadium at a few minutes after 1 o'clock, and it took over an hour to negotiate the two blocks that separated us from the playing field.

They announced that 32,000 fans saw the game. We are certain that every one of the 32,000 rode to the game in his own car.

Things were not any better around the fair grounds in Dallas Saturday night. Policemen were frantically riding around on motorcycles, shouting over loudspeakers that there was no parking space available for eight blocks around the fair grounds and would people please quit jamming the streets around the fair.

Outside of the traffic, things were enjoyable. The State Fair is as good as ever, maybe better. We visited the fair on Friday afternoon, which happened to be "Kid Day" and all elementary schools in and around Dallas had turned out for that day. You can imagine how the fair grounds looked after a day of being swarmed by youngsters. We noticed a lot of very tired looking mamas and papas, but the kids were still going strong.

We talked to a man down at the courthouse the other day who said Perryton would have some oil drilling activity this fall. Said things were going to pick up in the near future and that the Cook well would certainly stimulate things. We hope he's right. There's nothing Perryton could use to better advantage than a bunch of drilling crews in town, except some good soaking rain.

Down at Columbus, Texas, the sheriff carried out a demonstration a little bit too far, illustrating the hazards of a peace officer. Sheriff J. O. Walker was demonstrating to district clerk R. C. Schmidt how a man was shot in the head with a pistol. The sheriff held the gun up to his head, and it discharged, sending a bullet in the side and rear of his head. Had the bullet been an inch farther forward, it would have been fatal. As it is, the sheriff is in the hospital.

Wolf Creek Philosopher Need 'Better Tasting Weeds

(Ed. note: The Wolf Creek Philosopher has a passably good idea this week, but we don't look for anything to come of it.)

Dear editor:
I know that scientists are pretty busy these days, one set workin on makin the hydrogen

us. An announcement was being made the other day of brackets in athletic competition, and the list failed to mention Dumas moving up to AAA. Folks over at Dumas have been expecting to move into the higher classification for a couple of years and the high school enrollment is past the 500 mark. But it appears that the Demons will remain in District 1-AA for at least another year.

It appears that there will be a pretty good Halloween Carnival at the Veterans Memorial Building on October 31, more booths and attractions than ever before. One of the main purposes of this carnival is to encourage the youngsters to participate in these games on Halloween night, for at least several hours, thus cutting down on the time allowed for hauling trash on Main street, soaping windows, etc.

The city and county officers will tell you that vandalism took a turn downward when the Lions Club started Halloween carnivals several years ago. Of course, it's practically impossible to keep kids from observing Halloween night in the usual manner, but it is possible to reduce this sort of activity a little bit.

In case you had wondered why Rita Hayworth married crooner Dick Haymes—it was for money. Rita says she is broke—things are so bad that she and her two daughters have to live on the salary of her new husband. Before she married her former husband, Aly Khan, she made \$200,000 a year in Hollywood. Now she says she had only \$2,000 when she left Hollywood to marry Haymes.

Well, there's one thing about this football season—the Rangers have the two toughest teams out of the way. After Phillips and Dumas, we believe the Rangers can play on even terms with the rest of their district foes.

bomb more deadly, another set workin on makin it less; others workin on higher octane gasoline to make cars run faster, others workin on ways of slowin motorists down; one group workin on better bomb-shelters, another on guided missiles that'll penetrate the same shelters; but I was wonderin why some scientists don't spend a little more time workin on a problem I have in mind.

I have about given up hopes of the experts workin out a breed of cattle that can thrive on weeds and thistles, but I have not given up the weeds and thistles.

It doesn't seem to make any difference how dry it gets, weeds and thistles keep right on growin. They seem to have a secret of bein at home on this earth, regardless of the weather, and I would like to see some scientist get to work on them.

What I want that scientist to do is figure out a chemical you can spray on weeds and thistles to make them taste good to a cow.

I was talkin to a cattleman the other day and he said he at least had the satisfaction of knowin his cows were paid for, but another one ruined his day by pointin out a paid-for cow can be a liability the same as a mortgaged one, on account of they won't last more than a few days without something to eat. With a cow worth 6 cents a pound, and hay 1 cent a pound, anybody can figure how small a haystack she has to eat before she's eaten her worth in feed, and two days after she finishes she'll still be as hungry as she was when she started.

So instead of scientists workin on a chemical you can spray on weeds to kill em, I'd like to have one you can spray on, on the same principle of salad dressin on lettuce, and the cows will go for em.

I don't know what the nutrition count on a weed is, but it gets the same sunshine and grows out of the same earth cultivated plants do and I notice cattle will eat em when they're young and tender. Seems to me there ought to be a chemical maybe left over as a by-product from an atom bomb or a nylon dress which scientists could use to spray on weeds and make them come out as desirable as a green salad. People are always talkin about

Veterans Forum

Q. I am a Korean veteran. Would it be possible for me to enroll as an apprentice in a foreign country under the Korean GI Bill? I want to learn the watchmaking trade in Switzerland.

A. No. Training in foreign countries, under the Korean GI Bill, is limited only to VA-approved courses in accredited colleges and universities. The law prohibits all other forms of GI training outside the United States.

Q. I am learning to be an automobile mechanic as an on-the-job trainee under the Korean GI Bill. After I finish, would it be possible to get a GI business loan to open my own repair shop, even though I will have used up my entitlement to GI training?

A. Yes. The GI training and loan programs are separate benefits. The fact that you have used your training benefit in no way affects your rights to the GI loan benefit.

Q. I'm a Korean veteran, and I am totally disabled. I want to apply for the special GI insurance available to Korean veterans. What insurance can I get?

A. You may apply for year term insurance, life, twenty-payment life, or permanent life. Other plans—are not available to totally disabled veterans.

Q. Is it possible to get a loan to establish a business? I intend to run on a part-time basis?

A. Yes. It's not necessary you spend your full time in the business. But you have to satisfy your lender you probably can make the business part-time.

Something really Special - in power, room, ride, price

WE picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflo.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The

Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all four wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't you like to see, sit in and drive one of these great-powered Buicks—look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

The family has lived on the farm since the fall of 1939 and have built all the improvements. The house, a seven-room frame structure, was built in the fall of 1947.

Butler is a native of Ochiltree county, having lived here all his life. Mr. and Mrs. Butler have two children, Jerry Ann, 10, and Tommy, 6.

Best crop year at the Butler farm was in 1947 with an average of more than 35 bushels of wheat per acre. Poorest crop years were in 1951 and 1953, both failures.

While the wheat this year was a failure, Butler has had some good ensilage for livestock feed, and prospects for a wheat crop are better than a year ago.

The family have subscribed to the Herald for 12 years.

Cooper Stars In 'High Noon'

Gary Cooper gives another stirring performance in "High Noon," acclaimed as one of the finest pictures of the year. The picture comes to the Ellis Theatre on Tuesday-Thursday, Oct. 27-29, with Thomas Mitchell, Lloyd Bridges and Grace Kelly in the supporting cast.

The plot concerns one Ian MacDonald, who has terrorized a small town, and swears to return and kill Marshal Gary Cooper. His train gets in at noon, with three armed accomplices awaiting him.

Cooper, just married to Grace Kelly, finds himself confronted with four desperadoes, who hold his wife as a shield. How he works out of this unsavory situation is a suspense filled tale that should delight any movie fan.

Joe and Willie In War Picture

The unshaven, weary, highly unglamorous U. S. Army foot soldier, made famous during World War II by cartoonist Bill Mauldin, comes to the screen in "Up Front," playing at the Ranger Theatre on Wednesday and Thursday, Oct. 28-29.

Joe and Willie, played by David Wayne and Tom Ewell, are seen in action on the Italian front. They get mixed up in warfare, a pass to Naples, a foppish major and some pretty girls before the story ends on a rousing climax.

The Golden Text for this week's Christian Science Lesson-Sermon entitled "Probation After Death" is from Isaiah (9:2): "The people that walked in darkness have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined."

The discoverer and founder of Christian Science, Mary Baker Eddy, says: "The universal belief in death is of no advantage. It cannot make life or truth apparent. Death will be found at length to be a mortal dream, which comes in darkness and disappears with the light" (Science and Health with Key to the Scriptures, p. 42).

Mrs. Eddy's statement corroborates these words of Jesus, which will also be included in the Lesson-Sermon (John 8:12): "I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life."

This selection will be read from the Christian Science textbook, (p. 233): "Every day makes its demands upon us for higher proofs rather than professions of Christian power. These proofs consist solely in the destruction of sin, sickness, and death by

Evangelistic Film At Revival Tent

The world's first Bible Deliverance film, "Venture Into Faith," which is built around the evangelistic ministry of Rev. Oral Roberts, will be shown in Perryton at the Walker Tent on Friday night, Oct. 23, at 7:30 p. m. The film is sponsored by The People's Chapel.

The film features Oral Roberts and tells an absorbing story of the power of faith in God. Centering around the nationwide Roberts' campaigns, this sound-color religious picture includes soul-stirring scenes from Oral Roberts' meetings under the huge "tent cathedral" which seats 12,500.

DOWN MEMORY LANE

From Herald Files

TWENTY-FIVE YEARS AGO October 25, 1928

A Scout Leaders training school was opened for local Scout leaders, including Leroy Hartman and Clyde Cofer.

J. W. Steffen took over the Yeakley Cafe.

The Panhandle Highway Association met at Berger, adopting the slogan "Get the Panhandle Out of the Mud." Perryton delegates were W. B. LaMaster, J. M. Grigsby, Geo. M. Perry, W. G. Yeary, Chas. W. Callaway, H. C. Brillhart, R. A. Fuller and Van W. Stewart.

The Rangers ran over Spearman, 45-0.

A. C. Witt won the Chrysler automobile given away by the Perryton Land Co. as a feature of the opening of the Silverdale Addition.

E. C. Poer announced plans for opening a drug store in the Stump building.

F. H. Sharpe raised 3,000 pounds of onions on 1.6 acre of land, selling the crop for \$150. This figured out \$576,000 for 640 acres of onions, if he had grown that many onions.

Carl Ellis, Mr. and Mrs. Virb Conley sold the American Theatre at McLean, Texas. Mr. and Mrs. Conley returned to Perryton to take over the management of the American Theatre.

The school honor roll included: Juniors, Raymond Wilson and Alice Winfrey; freshmen, Hazel Bryan; Seventh, Velma Johnson; Sixth, Inez Packard and Leona Francis; Fourth, Kenneth Balzer, Aubrey Brady, Edna Brillhart, Elsie Lee Thornton, Cleo Callaway, Mildred Fuller; Third, Vivian Rogers, Lena Murray, Inez Johnson, Mary Lee Wilson, Harold Hudson, Virginia Ray Nelson, Alma Nicholson; Second, Leroy Francis, Helen May, Ruth Sharpe, Ruth Ann Shearer, Harvey Wilson, Martha Yeager, Camille Black, Junior Brillhart, C. TEN YEARS AGO October 21, 1943

Registration for War Ration Book 4 was announced for Oct. 21-22. The ration book was for processed foods, canned foods and sugar.

The American Legion collected \$190 to buy cigarettes for mailing to servicemen overseas.

A total of \$3,000 was reported on the War Fund drive of \$7,052.

Robert Holt and Jim Palmer were in cadet training with the Army Air Force at San Antonio.

O. C. Watson, district highway maintenance foreman, left for service with the Sea Bees.

Five fathers were inducted into the Army. They were Carl Blackmore, Kenneth Mullins, Glen Smith, Weldon Clark and Virgil Anderson.

FIVE YEARS AGO October 21, 1948

The Perryton area received .79

inch of moisture in a general rain, first since early September.

Radio station KEYE began work on erecting the transmitter.

The Central Investment Co. of Plainview purchased the \$275,000 city water and sewer bond issue.

Dedication and homecoming were held at the First Baptist church, commemorating the clearing of all debt on the new \$108,000 educational building.

W. E. Garrison, a resident of Perryton for 27 years, died Oct. 17.

Automobile sales in Perryton for a three month period totaled \$653,860 for new automobiles. Total automobile sales for the year totaled \$1,592,802, based on records of state sales tax paid at the office of sheriff and tax collector W. H. Lance.

IT TAKES **GOD**
EVERYTIME

A robust man you are today, Full of vigor, vitality and vim; But through some common stroke of fate, Now, you must only depend on Him. Yes, when your stretcher rolls into your ward, The great physicians will do their best; Their skills and tools will work in rhyme, But remember friend, "It Takes God Every Time."

When Jesus was upon the earth the ancients believed 'demons' and 'unclean spirits' caused our ills. Today we name the causes 'germs' and 'microbes' and 'bacilli.' The ancients and we both believe that only a Great Power for good can make men well and drive out these evil things. Our hats are off to the physicians, surgeons, nurses and all the wonderful healing fraternity. They have done much. They are God's assistants. But they would be the first to join with the Psalmist of old that it is God "who healeth all my diseases."

The Son of God was the normal individual. His thoughts and feelings led to beautiful living. We must spend time in His company and 'catch' from Him the strength we need. We may find Him in the little church on the corner. Have you tried? Though we have many ills of body, unrighteousness is our greatest sickness. God now has millions of highly trained helpers and they are at work in hospital rooms and elsewhere all over the world, but "It Takes God Every Time."

RESOLUTION OF RESPECT

In memory of J. N. Conley, who passed away Oct. 11, 1953. The Death Angel has visited our Chapter and taken from our number one of our beloved members. This one, who once met with us here and shared our joys and sorrows, is now awaiting us in the Grand Chapter above. We shall join them when we, too, have completed life's labyrinth. WHEREAS, the Heavenly Father has called our respected and beloved Brother home, and He, having been a true and faithful member of our beautiful Order, therefore be it

RESOLVED, that Perryton Chapter No. 161, Order of the Eastern Star, drape its Charter in memory of this departed member and that we tender to the family of the deceased Brother our sincere condolence in their

sorrow and bereavement, and that a copy of the Resolutions be sent the family.

"Blessed are the dead which die in the Lord... They rest from their labors... And their works do follow them."

23,000 Truckers Paid Fines In Texas In 1952

AUSTIN — Truckers arrested last year for highway law violations jumped to more than 23,000 according to the annual report released this week by Kent Odum, Chief of the License and Weight Division of the Department of Public Safety.

The report for the fiscal year ending August 31, 1953, shows truck law violators paid \$516,842.00 in fines. This is an increase of more than \$52,000 over the previous year. These fines were paid into the road and bridge funds of the county in which the truck operator was arrested.

A sharp increase in the number of truckers arrested is shown by the report. The 23,319 arrested last year exceeded the previous year by more than 2,200. The offenses consisted principally of operating overloaded trucks, failure to pay sufficient registration fees and operating faulty and unsafe equipment upon the highways of the State.

Of the total fines and additional registration fees of \$1,366,734.00 collected by the counties in Texas as a result of the increased law violations, more than \$849,000 was for the payment of additional registration fees.

When a truck is apprehended upon the highways with a gross weight in excess of the amount for which it is registered, the law requires that the operator must pay the additional amount of the license fee to the county tax collector.

Major Odum's report covers the activities of only the 65 men in the Department of Public Safety who are charged with the duty of protecting the 44,179 miles of the State highway system from unlawful and unwarranted abuses. Under Texas laws, sheriffs and constables are not permitted to stop and arrest the driver of an overloaded truck.

Mr. and Mrs. R. W. Gilliland, Columbus, Ohio, are visiting in the home of Mr. and Mrs. B. L. Rogers, Farnsworth. Mrs. Rogers and Mrs. Gilliland are sisters. They last visited Perryton in 1950. Gilliland says that this area is very much like Columbus in that both sections are noted for wheat production.

Safety Reminder

RALEIGH, N. C. (AP)—North Carolina automobile license plates urge motorists to "Drive Safely." The slogan printed on the auto tags is part of a drive to reduce highway accidents.

Motor Vehicles Commissioner Edward Scheidt said North Carolina is the first state to use a

safety slogan on its licenses. He originally planned to have the slogan appear on 1954 licenses. It was put into use six months ahead of schedule when heavy automobile registration made it necessary to order a new series of 1953 plates.

Poor Millionaire

NIAGARA FALLS, N. Y. (AP)—Nunzio Mina could be a nobleman and a millionaire in his native Italy, but he'd rather be a retired cement contractor in Niagara Falls.

Mina, 62, was born in Palermo, Sicily, the son of a baron, descended from Italian royalty. When he was 15, he left his father's estate, came to the United States and worked long hours as a day laborer.

Recently, he was visited by his sister Maria, who preferred a formal education and social prominence in her native land.

In Italy, says the baroness, her brother would be supervising the family estate, enjoying the status of a millionaire.

"That would be wonderful I'll admit," Nunzio says "but I'd rather live here in Niagara Falls."
