

# Group Conservation Work Ties Down Soil On Farmlands Near Carbon

peanut fields of the Carbon area will not be left bare for winds to blow away next year, as they have in the past, largely to the efforts of disinterested supervisors, businessmen, group leaders, County Agent Cooper, the Vocational Agriculture Department, the Eastland Vocational School, and Conservation technicians.

and building fertility in the area around Carbon, according to a story prepared by the SCS at Rising Star.

The program was begun Dec. 16, 1948, soon after L. R. Higginbottom was elected supervisor of Zone 5 of the Upper Leon Soil Conservation District.

On that date businessmen of Carbon sponsored a free supper and general meeting to inform farmers of the soil conservation assistance available to them

through the district. Principal speaker was Jack Lynch, field representative of the State Soil Conservation Board, and his remarks were addressed to about 200 farmers and businessmen.

Soon thereafter local groups in the Nash Creek watershed, which was given first priority, began to organize and ask for assistance.

The Kokomo, Southwest Kokomo and New Hope groups were formed, with J. C. Donaldson, J. C. Caraway and Earnest Weaver

as group representatives.

The Flatwood Conservation Group has been organized two years, and is well along on its program. Several other groups are in the process of organizing.

The farmers and ranchers in the organized areas realized that wind erosion in sandy areas must be controlled before other conservation measures can be safely installed, all of the blow areas in the groups were strip cropped this year, many on the contour.

Later all three new groups purchased combination fertilizer and seed drills on a cooperative basis, and the Upper Leon district put one in the area for lease to soil conservation district cooperators who were unable to get access to a drill otherwise.

The four drills now are busy sowing vetch and rye cover crops for further wind erosion control and soil building this winter.

Through the cooperation of an inoculant company, field trials

have been made on the farms of Higginbottom, Caraway and John Kiker to find out the best method of inoculating the vetch seed so as to insure the best stand possible.

With wind erosion controlled, and water erosion checked by the vegetative growth, the groups are ready, as time permits, to begin work on diverting outside water from their fields, and shaping and seeding or sodding waterways and terrace outlets, where needed.

Cropland is not the only land that has received attention, however. Grazing on many native pastures in the groups was deferred from June until the present, with remarkable improvement. Little bluestem, Indian grass, sideoats grama, sand lovegrass and other high producing grasses are returning in these pastures.

"We are pleased with the response to the program, and plan in the near future to offer district help to several new groups," said Higginbottom.

## Hallowe'en Fete To Be Held Monday In High School Gym

Eastland's annual Hallowe'en Carnival, started years ago to keep the kids out of destructive mischief, will be held this year beginning at 6 p. m. Monday in the Eastland High School gym.

Sponsors, as in past years, are the South Ward and West Ward P.T.A. groups, and as in the past, there will be a costume contest with prizes, as well as booths, sale of pie, cake, sandwiches and soft drinks, and other carnival features.

So successful has the carnival been through the years that the original purpose almost has been lost sight of. But nowadays the roving bands of goblins and ghosts largely are confined to the "trick or treat" variety instead of the kind that formerly committed unlawful acts of vandalism in the name of the spirits that once were reputed to have issued forth on one night a year.

Proceeds from the carnival this year have been dedicated to the purchase of playground equipment for the two grade schools, sponsors said.

And after the carnival, householders had better be supplied with treats of some kind—candy, nuts, chewing gum—or prepare for the tricks that are threatened where there are no treats.

The tricks, incidentally, usually consist of such scary doings as moaning, shrieking, or banging tin cans or other objects.

## Check Writer Takes Ranger Merchants

A smooth-talking stranger who had a convincing line of conversation left Ranger late last week after cashing about \$675 worth of checks which were about as valuable as his conversation, said the Eastland County sheriff's office this week.

The incident drew another of Sheriff J. B. Williams' warnings to merchants not to cash checks unless you know the person whose check you are cashing.

Any merchant in doubt about a check may call the sheriff's office and get assistance in identification, he said. If the check is valid, no hard feelings will ensue, he promised.

Along the same line, Ralph T. Fisher of the Social Security Administration in Abilene, warned against accepting social security cards as identification in cashing checks.

It is easy to apply for and get such a card under any name, he pointed out; therefore they are not any good as identification for cashing checks.

## Lions Discuss Giving Away Refrigerator

Exactly when and how an electric refrigerator will be given away by the Eastland Lions Club during, before or after the Eastland-Comanche football game at Maverick Field Friday night was discussed at length Tuesday by members of the club at their luncheon.

The matter finally was turned over to a committee composed of Lions W. G. Womack, Wendell Siebert, Joe Collins and L. E. McGraw for final disposition.

The committee tentatively decided to give the box away before the game.

Collins, general chairman of the project, said that nearly \$650 of tickets had been sold. Money is to be used to promote sight conservation.

## Application Blanks Sent In Calf Contest

Application blanks for Eastland County 4-H Club and FFA youths who want calves under the Eastland County Dairy Association program have been distributed to the boys and to FFA teachers, County Agent J. M. Cooper said Thursday.

The calves are to be given to the boys under the program, with certain restrictions.

Fifteen calves are scheduled to be given in a ceremony in Eastland.

An essay telling of the youth's need for a calf and other pertinent information must accompany each application, Cooper said.

## Desdemona Lad's Calf Wins Title

"Butch," 875-pound fat Shorthorn calf exhibited by Joe Ben Koonce, Desdemona 4-H Club member, was awarded the reserve championship of the Shorthorn division of the State Fair at Dallas last week, said Ed Steele, Jr., assistant county agent.

"Butch" was bred by young Koonce's father, B. O. Koonce, who has an outstanding herd of registered Shorthorn cattle. Koonce received 43 cents per pound at auction for his calf and got a check for \$362.81, with a three per cent shrink.

Joe Ben has been active in 4-H Club work for six years, having fed out several shorthorn calves during that time.

His calf won the grand champion steer award at the Eastland County Livestock Show last March. The calf was "Frosty," another Koonce bred Shorthorn. He also won first prize in the county Sears show in September with his registered Duroc Jersey gilt which he won in the Sears Roebuck pig program.

Young Koonce now is feeding out a white Shorthorn calf which he is heading toward the Fort Worth Fat Stock Show in January.

Guy Warden, son of Mr. and Mrs. T. E. Warden of Eastland, had a steer in the medium weight Hereford class at Dallas.

## Eastland Man Lands On Labrador Coast

LABRADOR—Corp. Robert G. Dobbs, son of Mr. and Mrs. A. E. Dobbs of Eastland, landed Oct. 22 on the coast of Labrador as a member of a Marine Corps landing force under the command of Brig. Gen. W. J. Whaling.

After completing the Arctic ship-to-shore training operation, the force, which is made up of elements of the Second Marine Division of Camp Lejeune, N. C., was to move inland for an extended stay in the field.

Corporal Dobbs, one of more than 3000 Marines taking part in the expedition, was to undertake to prove the adaptability of amphibious warfare to cold weather conditions.

## RUMMAGE SALE TO BE AT CHURCH

The Women's Council of the First Christian Church will have a rummage sale in the church beginning at 9 a. m. Saturday.

Home made pies, cakes and coffee will be on sale throughout the day.

## J. A. BEARD BETTER AFTER OPERATION

J. A. Beard, who underwent major surgery in a Dallas hospital about three weeks ago, has returned home and is reported much improved.

Mrs. Beard, who has been quite ill, also is much better, and is able to be up some.

## Objections To U. S. Dam Financing Largely Overcome

Objections of Eastland backers of a Leon River dam to federal financing of the project largely were met Monday in a conference at Ranger.

Attending the conference were representatives from Eastland, Ranger, Gorman and De Leon, all of whom are interested in obtaining water for city use from the lake that would be impounded by the proposed dam.

Harry P. Burleigh, area planning engineer for the U. S. Bureau of Reclamation, assured the group that if the government finances the project, there will be no government strings of ownership or control attached.

Interest will be charged at the rate the government is paying at the time—perhaps two or two and four-tenths per cent, he said.

Burleigh asked information on the water requirements of the interested towns, and said he will report back with engineering data by March 1.

He was accompanied by two other Bureau of Reclamation engineers, H. M. Seipt and H. W. Iveton.

Burleigh said that if the government finances the dam, Congress will have to vote approval, and then vote the money.

Approval for the huge Canadian River dam was voted at the recent session of Congress, but no funds were provided.

Some of the Eastland delegates still were skeptical when they returned from the session, although all agreed to furnish information asked by Burleigh and by the West Texas Chamber of Commerce which will present a portfolio showing West Texas water needs to U. S. Secretary of the Interior Julius Krug at the WTCC annual session in Fort Worth Nov. 22.

But it also was said that some of the Eastland delegates had decided to send for a copy of the Canadian River contract to see what terms the government gave in that, and whether and strings were attached.

Attending the Ranger session from Eastland were Pearson Grimes, Jim Horton, Buck Pickens, Grady Pipkin and H. J. Tanner.

## Mrs. Blanchard Has Stroke; Is Improved

Mrs. V. W. Blanchard, who suffered a stroke Friday of last week that left her partially paralyzed, was reported improved Thursday.

Mrs. Blanchard was found on the floor of her bedroom Friday afternoon, and apparently had lain there since morning. She is unable to speak.

Her daughters, Mrs. Sid Fowler, Jr., of Austin and Mrs. John McNain of Houston, are with her. Her son, Albert Blanchard, returned to his home in Houston after being with her earlier in the week.

## 48-Passenger School Bus Put In Service

Students attending the Eastland schools from the Bedford and Grapevine Districts were riding in comfort this week as a new 48-passenger bus ordered last summer arrived and was placed in operation on the route.

The route had been made previously with a bus borrowed from Cisco schools.

Students in the Morton Valley district are transported in two buses still owned by the Morton Valley School Board.

## Lake Full Again; No One Excited

Ho-hum. Lake Eastland was full again this week.

Last spring the same news was greeted with jubilation in Eastland, as residents saw their black, drought-ridden visions of a water famine narrowly averted by heavy rains.

On the other hand, few persons bothered to think about whether Sunday night's heavy rain had filled the lake where Eastland gets its city water.

Well, it did, and the water roared over the spillway afterward, just like last spring.

And hopeful fishermen on the banks below the spillway awaited the big ones they hadn't ever been able to hook in the lake, apparently hoping the flood tide through the lake would wash the fish on through.

## Rainfall Halts Peanut Harvest, Fills Lake Eastland

The 2.55-inch rain Sunday and Monday in Eastland, which put most peanut farmers in a bad humour, was good news to a lot of other people as it filled Lake Eastland again, did likewise for most of the stock tanks in this area, helped winter grain and cover crops, and was a boon to fall gardens.

Farmers said the rain did little damage to peanuts, although it blackened a great deal of hay, but it set harvesting operations back again at a time when haste was badly needed.

However, the bright, clear days this week were drying peanuts out and farmers were about ready to begin harvesting again, except that extra heavy dews each night were making them scratch their heads.

The filling of Lake Eastland pushed any possible Eastland water crisis that much further ahead and assured the city of water into 1951, at the present rate of use.

The lake was nearly full in the fall of 1947, and last spring it appeared there was only enough water for a few more months.

The rainfall was even heavier at Cisco, where over five inches fell, and this was a factor in the heavy Lake Eastland runoff, since the Eastland lake's watershed extends in the direction of Cisco.

## Chapman To Attend Baptist Convention

Rev. L. M. Chapman, pastor of the First Baptist Church, will leave early Monday for El Paso to attend the Texas Baptist Convention.

Other messengers to the convention from the local church are Dr. and Mrs. H. F. Vermillion, who left early this week for Santa Fe, N. M., from where they planned to drive to El Paso.

## CORRECTION

In last week's Record it was reported erroneously that the Eastland County Home Demonstration Council Achievement Day program was to be held in Eastland Nov. 1.

Actually the program will be held in Eastland Nov. 9. On that day, women of the rural areas of the county will exhibit the work done through and because of the home demonstration clubs of the county.

Miss Mary Catherine Hoffmann, student at T. W. C. at Fort Worth, visited over the week end here in the home of her parents, Mr. and Mrs. C. W. Hoffmann.

## MAVERICKS TO PUT 8-A LEAD ON LINE IN COMANCHE TILT TONIGHT

### Close Game Foreseen On Maverick Field

Eastland's Mavericks, fired up by their thrilling 19-14 win over Dublin last week but hurt by the loss of Lenard Quarles, a key man, will show off their newfound proficiency at football before the home folks in a District 8-A game with Comanche at 8 p. m. Friday.

Comanche will bring a bigger and heavier ball club to Eastland, but the Mavericks are slight pre-game favorites.

Coach Wendell Siebert warned Tuesday in a talk to the Eastland Lions Club, however, that any disposition to discount Comanche may be fatal.

Coach Jimmy Marshall has his Indians running from the single wing, double wing, spread, tight T and split T formations, he said, and even has a play where the center is on the end of the line, with all other linemen on one side of him.

While Eastland will be battling to maintain a perfect district record, Comanche will be fighting for its first conference win of the year. The Indians lost to Ranger and Hamilton, touted as the top district contenders, while Eastland was beating De Leon and Dublin.

Incidentally, Ranger will go to Hamilton for a Friday night tilt which will decide the district title if the experts are right.

Whether Eastland, which has only recently started to pick up steam, will be considered much in the title picture will depend partly on their performance in the Comanche game.

Whether they can go well minus Quarles is a big question. The hefty Maverick center had been doing a yeoman job on offense and defense in recent games, and probably was the most improved player on the team. He suffered torn ligaments in a knee in the first quarter of the Dublin game, and may be lost for the year.

Against Dublin, Eastland easily dominated play throughout most of the game, but still almost lost because the Lions cashed in on two long runs.

Eastland scored first, the first time the Mavericks got the ball, on a 96-yard drive from their own four, where a Dublin kick rolled dead.

Feature of the long march was big Roy Smith's lumbering scamper for 57 yards to the Dublin 10, from where Larry Falls ran across on the next play.

But soon there after Gerald Ables, Dublin's best man all evening, took an Eastland punt on his 20 and ran 80 yards for a score to make it 7-6, after the point was kicked. Eastland had missed its point try on a pass that failed.

The Mavericks hammered to the Dublin three as the half drew to a close, but lost the ball when a fourth-down lateral was muffed and lost 10 yards.

Soon after the second half began Eastland recovered a fumble on the Dublin 21, and after Falls and Smith had rushed the ball to the 7, Falls raced over.

Falls ran for this point, to make it 13-7, but it didn't matter a few minutes later when a Dublin pass and run play netted 81 yards and another touchdown, and Dublin's point again was kicked.

That set up the score at 14-13, and when Eastland was forced to kick from its own 37 late in the fourth quarter, it seemed the ball game was all but over.

But four plays later Edwin Aaron curled up on another Dublin fumble on the Dublin 41, and

the Mavericks began their final touchdown drive—a drive that seemed to take hours, but actually lasted about three minutes.

From the 41 Smith bulled to the 32, Jimmy Spalding drove to the 24 on three tries, Falls picked up a first down on the 18 in two carries, and then went on down to the 11 in two more tries. A fumble nullified one play here, but Falls squirmed to the 8 on fourth down for another first that barely kept the drive alive.

Then Smith dropped a yard as a Dublin lineman broke through to smear him, and time was ticking out.

With barely two seconds to go, Spalding took the snapback, got a few paces behind the line of scrimmage and fired a pass that appeared intended for Glenn Garrett, who was well covered by a Dublin back. But out of nowhere came Maverick End Kenneth Williamson to snag the ball and race around a defender before he fell over the goal line with the winning six points.

The try for point was blocked, but it didn't matter—the game was over.

## Baptists to Hold Basement Services

Because of the repair program currently being carried on at the First Baptist Church, both morning and evening services of the church Sunday will be conducted in the basement. Rev. L. M. Chapman, pastor, said this week.

The extensive repair and refinishing program includes work on the foundation of the church, repairing a small section of brickwork in an outside wall, putting on a new roof, and replastering and refinishing the interior.

All Sunday School classes are to meet as usual, Mr. Chapman said.

He said it is believed the auditorium will be ready for use the following Sunday.

## Poe Floral To Have Open House Saturday

Open house at the Poe Floral Shop all day Saturday will mark the third anniversary of the business in Eastland.

Refreshments will be served, and corsages will be given to all women who visit the shop that day.

Personnel of the business includes Mr. and Mrs. J. C. Joe, Mrs. Veon Howard and John Samuels.

During the past year representatives of the firm have attended many design schools and floral conventions to learn proper and modern ways of handling flowers, the Poes pointed out.

## Band Boosters Again To Sponsor Bingo

Bingo again will be played Saturday night in the former Eastland Furniture Store under the sponsorship of the Eastland Band Boosters Club, members said this week.

In addition to the games, pie, cake and coffee are sold.

The club also again will sponsor skating in the Morton Valley gym Monday night.

Money raised through the activities is used to pay off club debts incurred on behalf of the Eastland High School Band.

Mrs. Homer Stiffler has returned from a two weeks visit and business trip to Portland and Roseburg, Ore.

# Round-Up

ISHED BY THE EASTLAND COUNTY RECORD ON BEHALF OF THE STUDENTS OF EASTLAND HIGH SCHOOL, WITH NEWS SUPPLIED BY A STUDENT STAFF.

**STAFF**  
Round-Up staff was organized for the purpose of making a more interesting paper for the school. The staff is made up of five sophomores, and one senior. The seniors are Nancy Cuva Williams, Christine Janeil Day, and Max... The sophomore is Griffin and the junior is Scott. The sponsor is Miss... We plan to have several articles each week that

will be of interest to most everyone.

### BAND ACTIVITIES AT THE FAIR

The Maverick Band, of which E. H. S. is very proud, enjoyed an all day excursion to the State Fair recently. Our band was one of twenty four top Texas bands to go.

The band arrived on their chartered busses shortly before time to play a concert at 11:30 a.m. Having completed the concert, the band marched and had a colored moving picture taken of them. From about 12:30 until 5:30 food and lots of it was devoured and members in groups roamed the midway.

At 5:30 all the bands met in the cotton bowl and practiced the stunt for that night. The bands then proceeded to the picnic grounds for a free supper.

That night the 24 bands were quite a spectacle as they filled the football field and together formed: "Howdy Folks, Texas

Greetings You!" and "The Showwindow of the Southwest." After the Marchiesta a brilliant display of fireworks was shown. In the early morning hours, tired but happy band members arrived home.

### GIRLS BASKETBALL

For an added attraction in E. H. S. this year we have a girls basketball team. The team is coached by Mr. Harris, who came to Eastland from the Morton Valley School. For their second game of the year, they played Ranger's A and B teams. The first game was tied. They played the tie and Ranger beat the A team 21 to 19, which was very exciting. In the second game Ranger beat the B team 28 to 8. Both games were enjoyed by all who attended.

### VISITOR

Mrs. Hannah Hoff Brown, who is area Supervisor of Homemaking, visited our school last Friday.

### TEACHERS ATTEND WORKSHOP

Mrs. J. C. Whatley and Miss Verna Johnson attended a workshop in English last Saturday in Abilene. The workshop showed how to correlate work in elementary, high school and college with special emphasis on remedial reading.

### FRESHMAN REPORT

The freshman class met last week to elect officers which had not been elected at the beginning of the year.

The meeting was called to order by the president, Mary Anne Henderson. The secretary read the minutes of the last meeting.

Janie Dutton and Lonnie Young were elected class editors for the annual, Yvonne Tankersley was elected class reporter.

### THINGS WE NOTICE

J. B.'s red hair!  
The Dublin Ball game!! Need we say more?  
"Sally Rand" Stephen!  
No couples this year.  
Cuva's two-toned hair.  
The girls basketball team.  
Mr. Alexander's absence at the Dublin game.  
All the new sweaters.  
All the parties lately.

### DEMONSTRATION GIVEN

The first year homemaking girls saw a demonstration Monday afternoon on the use and care of the gas range. The demonstration was given by Miss Cassie Honaker, Home Economist for the Lone Star Gas Company. She baked a cake to show the use of the oven, made hamburgers in the broiler, and cooked french fries on top of the stove. The complete meal was done and eaten within an hour.

### OFFICERS ELECTED FOR EASTLAND COMMERCIAL CLUB

A Commercial Club has been organized at Eastland High School with Mrs. Woloszyn as sponsor. Club colors were selected as blue and white. Officers elected were: Jo Ann Hardin; president, Patsy Jones; vice-president, Lydia Houston; secretary, Sara Peel; treasurer, Marjorie Fox; reporter, and Patsy Simmons; program chairman.

The program chairman has two committees working under her direction. Committee A includes Von Deen Carey, Virginia Wright and Dorothy Throne. Committee B includes Betty Reynolds, Pauline

Latham and Betty Allen. The club meets every Thursday in Commercial room. They are now working on entertainment projects for the club.

### MRS. MURRELL TALKS "ON BEING GIRLS"

On Monday, October 17, Mrs. Arthur Murrell, prominent Eastland club woman, spoke to the girls of Eastland High School during their guidance period. Her subject was "On Being Girls."

During her talk she stressed "happiness," he told us that we should practice happiness at home because it would either be accepted or rejected and then we would have a better idea of how to act in public. The Constitution guarantees us "pursuit of happiness" and not "happiness." We must strive for it. She said that we are girls and must be proud of it and make the best of it.

Mrs. Murrell told us that there are three kinds of grooming. They are mental grooming, moral grooming, and physical grooming. She said that mental grooming was most important to her because when we groomed our minds, we are prepared for the other two kinds of grooming.

Most girls of high school age get to pick out their own clothes. Good grooming is helpful in this matter.

All this leads to better girls and more knowledge as we grow up. The girls enjoyed the talk very much and we hope Mrs. Murrell will come again.

### MAVERICKS BEAT LIONS

The Eastland Mavericks gave the fans a hair raising and thrilling game Friday night at Dublin. The Mavericks came in front in the last play of the game to make the score 19-14. The score chang-

ed hands five times in this hard fought game.

The Mavericks took the lead in the first quarter with Falls and Smith making gallant runs to make the score 6-0. The try for the extra point failed. Dublin came back to make a touchdown and kick the point making the score 7-6. In the second quarter, the Mavericks recovered a Dublin fumble and made a touchdown with Falls running the extra point over. The score was then 13-7. Before the half was over, Dublin had scored and made the point, making them ahead at 14-13. The Mavericks got down to the five yard line by the half but failed to score.

The Mavericks came back in the last half to hold the Lions hard in the third quarter and then scoring in the last quarter and last play of the game to make it 19 to 14. Spalding passed to Williamson for the touchdown. The try for the extra point failed.

Every man on the team played his part and fought hard. Everyone deserves equal credit.

The Mavericks suffered one serious loss in the game. Their main center, Lenard Quarles, received a serious knee injury and it is possible he will not see action again for some time.

### SENIOR RINGS

The senior class met to pick out their class rings. A committee of three boys and three girls met first to pick out three rings for the class to choose. The boys were Glenn Hogan, Larry Falls, and Don Anderson. The girls were Cuva Williams, Christina Arthur, and Janiel Day. The class decided on a beautiful ring.

The prices are very reasonable

Here's a report on the steps saved in one typical morning by one typical customer's telephone... 6 conversations... covering 39 1/2 miles, all in local calls... at an average cost of less than 2¢ a call—or a third of a cent per mile!

"Thanks so much for the lift"

Mrs. R. E. Sivley, 2115 Rutland St., Houston, Texas

"My friend, Jen" 8 MILES  
"Real Estate Agent" 5 MILES  
"Mrs. Charlot, our baby sitter" 4 MILES  
"Cleo's, our washwoman" 2 1/2 MILES  
"Dorothy, my sister-in-law" 11 MILES 2 CALLS

EVER WONDER HOW MANY STEPS YOUR TELEPHONE SAVES? Like most people, Mrs. Sivley was amazed when she looked at the actual record of the calls she made and received... and at the actual cost of those calls.

Every year the telephone becomes more and more important in our daily lives. And SOUTHWESTERN BELL TELEPHONE COMPANY

every year brings further progress in telephone service. New telephones added so you can reach and be reached by more people. Improvements made so you can hear better, get your calls through quicker, enjoy more trouble-free service. The result—a real bargain today that grows in value every year.

What else gives so much for so little?

**Mrs. Van Hoy, Mrs. Joiner Honored For O. E. S. Work At Tea**

Mrs. Velma Van Hoy, deputy grand matron of the Texas Grand Chapter, Order of Eastern Star, and Mrs. Gertrude Joiner of De Leon, grand representative of Missouri of the Texas Grand Chapter, were honored with a musical tea Sunday afternoon in the Woman's Club in Eastland.

The music was furnished by Mesdames E. A. Beskow, Kay Wittrup, Mae Edna Smith and Carrie Neil Haymes.

Mrs. Pebble Boles, worthy matron, her officers, and past matrons of the Eastland chapter were hostesses. Mrs. Boles received the guests at the door and introduced them to Mrs. Van Hoy and Mrs. Joiner.

Mrs. Bessie McWilliams and Mrs. Mary Barton presided at the register table, and each guest registered in a white leather bound book bearing the emblem of the order.

The book later was presented to Mrs. Van Hoy.

Guests were escorted to the tea table by the officers, where Mrs. Winnie Wynne and Mrs. Sarah Cross, deputy grand matrons of the Texas Grand Chapter, poured hot spiced tea from silver services placed at either end of the table, which was laid with an imported Hawaiian linen cloth and centered with a beautiful arrangement of dahlias. Salted nuts and attractive tea cakes were placed in Fostoria crystal.

**Stork Shower Given For Mrs. Samuels**

Mrs. Andy Taylor entertained in her home at 115 North Connelley Street, Wednesday evening with a stork shower honoring Mrs. Tommy Samuels.

Many lovely and useful gifts were displayed on tables covered with pink and blue crepe paper.

Mrs. E. M. Pritchard and Mrs. Jerry McCullough poured coffee and hot tea for the guests who called between 7:30 and 9 p. m. Cream cheese cookies and chocolate covered mints also were served.

Assisting with the refreshments were Mrs. P. J. Cullen and Mrs. Gene Dalton.

Those who signed the pink and blue register were Mesdames Clara Bisbee, Berta Anderson, D. Samuels, Jerry McCullough, J. R. Gilkey, Solora Gilkey, Woodrow Wilson, Gene Dalton, E. M. Pritchard, L. C. **Our Prescription For Winter Motoring: Drive Carefully — In a Car That's Safe!**

After the accident—AFTER it, what motorist would not give his every worldly possession to undo the damage that he has done? Why REGRET when you can avoid such a heart-rendering experience—by driving carefully in a car that's SAFE! Our check-up and repair service is speedy, and efficient. Where replacement parts are needed, only those made by leading manufacturers are used. If you depend on us, you can depend on your car!

We've kept our prices at rock bottom, so that more and more drivers will avail themselves of this safety service. By having worn tires replaced—brakes tightened or re-lined—engine checked frequently, you may save a life. And it may be YOURS!

## Music Convention Delegates Named

Billie Floy Hunt, daughter of Mr. and Mrs. Ocie Hunt of Eastland, will represent the Eastland Music Study Club at the District 6 convention, Texas Federation of Music Clubs, at Brady Friday.

Miss Hunt, until recently a music major at North Texas State, will play Valse Opus 64 No. 2, by Chopin.

Sallie Cooper, daughter of Mr. and Mrs. J. M. Cooper, will represent the Beethoven Music Club on the fine arts program Saturday, and will play "Waltz in A Flat" by Brahms.

Jeanette Chapman, Alice Joyce Cushman and Helen Taylor will represent the Scale Runners Juvenile Music Club, and will play "Dance of the Rosebuds."

Marilyn Morgan will attend as vice-president of the junior clubs of the district.

Chaperons on the trip will be Mrs. A. F. Taylor, Mrs. Louie Corbell, Mrs. A. E. Cushman and Mrs. Johnnie Hart.

## Miss Poe Plays For Eastland Rotarians

Program for the Eastland Rotary Club Monday was given by Miss Margie June Poe, member of the Eastland High School Band who appeared in two horn numbers, accompanied at the piano by Miss Mozelle Pullman, also a member of the band.

Miss Poe's father, J. C. Poe, was club program chairman.

Mrs. Clyde Hall, Jr., and sons, Rob and Richard, of Brady are visiting in the home of her mother, Mrs. E. R. Sikes.

**Bucking the Line of Scrimmage . . .**  
 . . . if we may borrow from football parlance, is the sort of exercise that toughens fibre and prepares the participant for heavy duty ahead. As in sports, so it is with those who attain success in life. The weak falter while the strong survive. Getting the job done is reaching the line, a sure demand of the public in business life. Some call it Success, but we like to think of it as a lot of hard work. In a nutshell, that's it.

## SIDE ISSUES . . .

(Continued From Page One)  
 Wendell Siebert, who was really giving his old brown hat (or was it old when the game started?) a twisting in the latter stages of the game, had to ask after the game was over who had caught the winning pass. The tension was too much—he couldn't see, he admitted.

There were many rooters on both sides of the stands who remembered Eastland's 25 to 20 victory in the last minute the year before and who didn't believe it could happen again—but it did, only more so.

The officiating in the Eastland-Dublin game was almost unbelievably bad at times.

Eastland observers saw both of the Dublin touchdown runs unreel immediately below them, and saw clipping by Dublin on both of them.

But then Dublin rooters were as sore at the officials as were the Eastland fans. Dublin supporters claimed an Eastland back was in motion forward when the final and winning Eastland play began, which if called would have cancelled the score and ended the game.

So what? So it was quite a ball game, officiating or no.

Mr. and Mrs. L. M. Crowley and children visited his uncle, G. C. Gantt, and family in San Angelo Sunday.

## CARD OF THANKS

In memory of our mother who led a Christian life in every respect, we wish to thank her friends and our friends for the sweet service, the beautiful flowers, the food and the many other kindnesses shown us when we needed them most.
