Local Pastor On Income Tax Council As Presbytery Meets

The Reverend Cecil Lang, Jr., pastor of the First Presbyterian Church here, has been placed on a council to study the proposal made to the South Texas Presbytery meeting in Edinburg by the church at Taft; that the Presbytery pay income tax to the Federal government on revenue from various investments.

The South Texas Presbytery Tuesday referred to a committee without discussion a proposal of the First Presbyterian Church of Taft that the presbytery, on a voluntary basis, pay income tax to the federal government on revenue from various investments.

The income on which the Taft Church has proposed taxes be paid is some \$68,000 in a fund used to finance presbytery work with low-interest loans. This fund is on deposit with a savings and loan firm, where it draws interest on which income taxes might be paid, seldom amounts to more than a few thousand dollars, Buoy said.

Fulton Man Files Suit In Admiralty

John E. Coats, of Fulton, filed an admiralty suit in the federal court at Corpus Christi on Monday, seeking to recover \$2269 from Atlantic Refining Company for damage to his yacht Silhouette during Hurricane Carla last September.

Coats stated in his petition that his yacht was moored in the boat basin at Fulton when the hurricane was reported to be approaching. He alleges that a vessel owned by Atlantic was "insufficiently and negligently" moored in the basin, that tides caused the vessel to get loose and that it drifted across the basin and damaged his yacht.

He is asking \$1,269 for materials and labor to repair the yacht and \$1,000 for loss of use of the boat while it was damaged.

Fire Credit Rating Drops To 15 Points

Rockport, which for many years enjoyed a 25 point credit in fire ratings, has dropped to 15 points meaning that citizens here must pay more insurance premiums because of the disastrous fires occurring in recent years.

The State Insurance Board announced yesterday in Austin charges and credit figures it will post effective April 1 for insurance firms to use in figuring fire surety rates for Texas cities, including 21 in South Texas.

The fire record credits and charges are one factor insurance companies use in calculating the rates. They are based on a city's ratio of paid premiums to paid claims.

If a city's claims-premium ratio is above a certain level, the city receives charges, or debit, points. If below a certain level, it gets credit points. Credit points tend to lower the city's premium rates; minus or debit points tend to raise them.

VERMILLION CONSTRUCTION MAKING GOOD PROGRESS ON FRANDOLEG ISLAND

Vermillion Construction Company dragline and bull dozers have been making good progress on Frandoleg Island, preparing it for subdividing.

They have thrown up a dike to retain dredged material along the western shore of the island, and have cleared away most of the brush and prickly pear that used to crown the shell ridge.

AUDITORIUM SEATS REPLACED AT ROCKPORT

Auditorium seats at the Rockport Elementary School, which have been in use for many years, were replaced this past week with completely modern ones, identical with those in use at the high school.

Capacity of the auditorium is now 330, School Superintendent J. D. Gray said.

REVEREND BANKERT KILLS BIG RATTLER

Reverend A. H. Bankert, pastor of the First Methodist Church here, has a little farm out on Highway 881, where he raises other things besides crops and stock.

This week he was there and killed a five foot rattler that had fourteen rattles. Reverend Bankert said that the snake was as big around as a teacup, and very heavy.

TB PATCH TESTS GIVEN WEDNESDAY

TB patch tests were given Wednesday to the 7th and 12th grades at the high school as part of the P-TA's health program.

HERMAN JOHNSON FILES FOR RE-ELECTION

Mayor Herman Johnson is the first city official to file for re-election April 7.

STUDENTS PREPARE SCIENCE EXHIBITS FOR EL CAMPO

Science students in the Aransas County School system have been preparing exhibits to be shown at the El Campo Science Fair on March 16-17 and are planning a preview of them for local viewers during public school week here, March 5-9.

Lynn Dimmick, 11, from the sixth grade at Fulton Elementary, will enter "The Story of Plankton" as her project, presenting the history of planktonic life, with particular emphasis on the forms found in bay and Gulf of Mexico waters in this region. She is the daughter of Mr. and Mrs. Dean Dimmick, and Mrs. Albert W. Griffith, Jr., of Fulton school, is her sponsor.

Hugh Morrison, 15, a freshman in Aransas County High, is demonstrating the principle of Pascals' Law of Fluid in an exhibit entitled "A Hydraulic System". His apparatus will show that when a small force is applied to a small piston, it will act through a fluid medium, such as water or oil, and be multiplied many hundreds of times in undiminished force upon another connected piston, having a large area.

This principal and the system demonstrated has a very practical application in our society today, he points out. A specific example is the grease rack at a modern filling station, able to lift an automobile. Modern car brakes also use the same efficient application of power.

He is the son of Mr. and Mrs. Hugh Morrison of Rockport, and a general science student in E. G. Brooks' classes.

Darrel Lichte and Raymond Heimbuch, both 14-year-old freshmen, have a joint project. "The Aero-Fluid Characteristics of A Wind Tunnel." This project shows the action of gasses and fluids over various types of foils such as aircraft wings and other surfaces.

By means of an enclosed, air-tight system, and the use of smoke, the behavior of airstreams over various shaped foils will be dramatically demonstrated. At a later date, according to Brooks, the students hope to include a demonstration of some of the quantitative aspects of aero-dynamics such as lift, drag, skin-friction characteristics, and other phenomena.

Lichte is the son of Captain and Mrs. Gilbert M. Lichte, and his father is attached to the 813th A&W Squadron at Rockport AFB. Darrel was born in the Panama Canal Zone, and only recently moved to Rockport.

Heimbuch is the son of Major (ret) and Mrs. Raymond Heimbuch, of Rockport.

Robert Reed, 15, a sophomore, has entitled his project, "Rock, the Imperishable History Book". He has been working for several years in the field of paleontology (the science that deals with past geological periods, based on the study of fossils).

He has collected many fine specimens of these fossils, from many periods in the earth's past, and has done diligent research on their origin and identification. By profuse illustrations and drawings, tied in with fossil specimens, he will illustrate earth history.

He is the son of Mr. and Mrs. A. L. Reed, of Rockport, and a biology student under sponsorship of Grover C. Watkins.

The Aransas County School patrons are reminded that for this year's public school week the emphasis is on Science and everyone is cordially and otherwise encouraged to come visit our local schools during the week of March 5-9 and see "Young Scientists at work." Too, on March 26, at the annual or regular meeting of the Junior and Senior High School P. T. A. meeting there will be a very special Science Program for that evening — everyone please plan to attend that meeting.

ROCKPORT TEACHERS TO ATTEND CONVENTION

Rockport teachers will be among the 2000 or more that gather at Victoria on the weekend of March 9, climaxing Public Schools Week, for the District XII Texas State Teachers' Association Convention.

Seven or eight luncheons and dozens of workshops and discussion groups, one of which is headed by Mrs. Garvin Mitchell, will give them a chance to talk shop, meet old friends, and generally further the cause of education through an interchange of ideas.

CERAMIC SHOP OPENS IN FULTON

Mrs. Ray C. Heimbuch has recently opened a ceramic gift and workshop in Fulton, with over 300 different molds.

The shop carries all necessary supplies and equipment and do-it-yourself enthusiasts are welcome, with free instructions to beginners.

PROJECT MERCURY STAMP ON SALE HERE

The Project Mercury Stamp, commemorating the flight of Col. John Glenn, is available at the local postoffice.

107 Years of Service

ROTARY CLUB President, Rev. Cecil H. Lang, Jr., (standing far left) presents perfect attendance lapel tabs to (seated) Jack Horton, Fred A. Bracht, Sr., Bob Roy Rice and J. Fred Brundrett, and to (standing in back) James B. Jackson, Arthur Bracht and Travis Bailey. These gentlemen (including Byron Hardeman, who was not available for this photograph) represent 107 years of ROTARY SERVICE, of which 86 years were in perfect attendance.

Commissioners Transact Routine Business At Regular Meeting

The Commissioners' Court, at its regular meetings the past week transacted routine business.

Goose Island Park Addition, Block One, Reserve C, William Lewis Survey, A-96, Lamar Townsite, was approved for record.

The plan of the development on Frandoleg island was approved.

County court terms were allowed to remain as they now are: The first Monday in February, April, June, August, October and December. Each of these dates constitute a new term, lasting two months.

Justice of the Peace court terms were set at one month each.

The tax rate for 1962 was set at 95 cents per \$100 valuation for 1962.

E. E. Boone was unanimously reappointed as road overseer and superintendent for 1962.

Jack Sanders, Maurice Cochran and Joe Phillips plans for a hurricane research center to be located in Aransas County were presented to the Commissioners, who approved them.

Necessary funds will be placed in the 1963 budget for purchase and maintenance of fire fighting equipment to protect property in the county.

The commissioners also voted to call in all outstanding warrants and to burn same.

Judge Wendell told the commissioners that various civic committees had met with him and had requested additional money for purchase of fire fighting equipment, and the commissioners agreed to hold a special meeting at a later date on this matter.

Justice of the Peace F. Iansen met with the commissioners and asked that the constable in Precinct Three be reprimanded for his lack of cooperation with the justice court. It was further asked by Iansen that the commissioners ask Constable Sprinkle to make apologies for recent actions over service of citations. The commissioners decided that the problem was a personal one, on which they could take no action.

Ellis Clark, acting for the Aransas County Navigation District, asked for a right-of-way easement for a water line to the Cove, which was granted, provided a clause be inserted in the easement whereby the district would be responsible for moving the line at the district's expense, should it ever be necessary to do this.

36TH DISTRICT COURT PROCEEDINGS

State vs. Fernando B. Martinez, second offense, DWI, pled guilty, fined \$50, drivers license revoked for six months, three days in jail.

State vs. E. R. Martinez, second offense, DWI, 10 days in jail, \$50 fine, driver's license revoked for six months.

POLLING PLACES ELECTION JUDGES NAMED BY COURT

The Commissioners Court of Aransas County has appointed election judges and designated to polling places for the Democratic primaries on May 5.

Polling place in Precinct 1A will be a building newly erected for that specific purpose by the county. Mrs. Glenn Ellis is presiding judge, and will be assisted by Mrs. E. N. Oualine.

In Precinct 1, the polling place will be at the Rockport Fire Station as in the past, while the presiding judge will be Mrs. Faye Brundrett. She will be assisted by Mrs. Fred Diederich.

In Precinct 2, voting will be at the courthouse, with the presiding judge Mrs. Alma Ratliff. Mrs. Ratliff will be assisted by Mrs. Elbert Mundine.

At Fulton Fire Station, where Precinct 3 residents will vote, Mrs. Harry McDowell will be presiding judge; Mrs. E. G. Cooke will be her assistant.

Precinct 4 voters will cast their ballots in the Concession Hall, at Goose Island State Park. Mrs. E. N. Adams, Jr., will be presiding judge; her assistant will be Mrs. Harry Mills.

CURTAIN CLUB TO PRESENT THREE PLAYS MARCH 16

The Curtain Club and Thespians will present three one-act plays on the evening of March 16, 1962, at 8 p.m. in the Aransas County High School auditorium. When the plays arrive the cast will be chosen.

Robert G. Mauermann Discusses Wildlife Conservation Problems

A group of about 60 prominent Rockport citizens met Monday night, February 19, at the Woman's Club to hear Mr. Robert G. Mauermann discuss some of the wildlife conservation problems of the coastal area and possible solutions. Mr. Mauermann is Director of Region V, Game and Fish Commission, an area which includes the southern half of the Gulf Coast of Texas.

Representatives of the Fulton Lions Club, Rockport Lions Club, Seaman's Lions Club, the Rotary Club, the Woman's Club, the V.F.W., the J.C.'s, the Teachers Association, County Commissioners' Court, the Ministerial Alliance, the Chamber of Commerce, the commercial fishermen, the Bait Shrimpers Association, the Mayor and City Commissioners attended the meeting. Also present were State Senator "Bill" Patman, State Representative Tom Andrews and candidates for State Representative Martin Haskett of Aransas Pass and Leroy Weiting of Portland. Mr. Pat Greene, as a representative of The Sportsmen's Club, presided over the meeting.

Mauermann pointed out that conflicting laws in coastal counties sometimes prevented adequate harvest of certain marine resources, even after biological surveys had shown that such a harvest would benefit both commercial and sport fisheries. Regulatory responsibility placed on the Game and Fish Commission could prevent this waste of harvestable food and give a financial boost to the area. Under this regulatory responsibility, scientific investigations would be constantly in progress to determine the status of all of our marine species. If any evidence of waste through under harvest or depletion through over harvest should appear, regulations could be put into effect at once to correct this situation. Thus all the surplus of any species could be harvested and adequate brood stock for future years could be preserved. Mr. Mauermann stated that, although this would make additional work for the Game and Fish Commission, this was the proven way to manage wildlife and the Commission was ready to accept the added responsibility.

When Representative Andrews was asked to comment, he stated that he was opposed to regulatory responsibility in any form if it was to be applied to the commercial harvest of marine products. The representatives of the civic organizations were asked to discuss the meeting with their respective groups and report their reactions to another joint meeting to be called in the near future.

Development Group Make Recommendations

Members of the Aransas County Area Development Committee, acting as an advisory group for the Commissioners' Court, were unanimous in their decision at a called meeting that the county needed better library facilities and more fire fighting equipment.

After discussion of the present crowded conditions in the county library and the need for more

books, the committee recommended to the commissioners:

That a library building be constructed and furnished, at an approximate cost of \$25,000, and;

That a library fund tax levy be made to pay off the indebtedness thus incurred, whether such levy was authorized by statute or by a vote of the people, which was necessary.

It was pointed out during the discussion that the need for a library had been clearly demonstrated by the continued and growing use of the present facilities, and that this need could only be met by a separate building and enough funds, once the library had been built, to maintain it, and to purchase additional books as needed.

Chairman James H. Sorenson, Jr. then threw the meeting open to discussion on the necessity for greater rural fire protection in the county, a need pointed up by the recent series of grass fires that were quelled only with great difficulty.

During the course of the discussion, it was pointed out that the Aransas County Airport was one of the vital points that should be protected, and that there was far more than enough money in the airport fund to buy the equipment that is needed so badly.

This equipment would consist of two four-wheeled-drive brush wagons, with tanks and pumps, able to get through heavy going to brush fires that other equipment could not reach. Approximate cost of the two vehicles was estimated at \$16,000 to \$18,000.

The Committee recommended to the commissioners that such pieces of equipment should be purchased using airport funds if at all possible and permission could be gained from the appropriate Federal agency. In the event that such permission for the expenditure of the funds could not be obtained, the committee said, time warrants should be issued, without raising the percentage of assessment of the fair market value of property in the county.

Present at the meeting besides the chairman were Floyd Rouquette, Weldon Cabaniss, Mrs. Everal West, and Mrs. Bob Johnson, of the committee; Mrs. Bitouil Eller, county treasurer; Mrs. Jordan Weber, county tax assessor-collector; and Ellis Clark, county attorney.

Public School Week Plans Made

Plans for Public School Week have been formulated, according to Supt. J. D. Gray, who said that individual letters will be mailed to all parents, and that the public is invited to visit local schools during March 5-9.

Gray said that visitations have been growing from year to year and that these activities, ranging through all grades, last year attracted some 1662 persons, establishing a new record for such visits.

The schedule for this year, he said, is as follows:

Monday, Tuesday, Wednesday, and Thursday, at all schools, parents and other interested persons are invited to visit any or all of the schools in the Aransas County School system.

Tuesday night, under auspices of the Rockport P-TA, there will be an open house, with refreshments, and teachers in each room, ready to explain the school and the work done there.

A similar schedule is set for the Fulton school on Monday night.

Wednesday and Thursday there will be an extensive science display at the high school, and Thursday there will also be a band concert presented by the Pirate Band, under direction of Joe Randow.

Friday, the schools will be closed, as local teachers attend the District XII TSTA convention in Victoria.

C OF C DIRECTORS MEETING ADVANCED TO FEBRUARY 27

In order that the new Board of Directors of the Chamber of Commerce may present some of its plans at the annual banquet, the Board of Directors meeting for March will be held on Tuesday, February 27, instead. All members of the board are urged to attend.

Mrs. Mittie Brown has been under the weather this past week.

Monte Rouquette, Jr., returned to A&I after being out last week due to surgery.

Raymond Meyer visited with Carlos Bridge in Palacios last Sunday.

GOOD ATTENDANCE AT BLUE AND GOLD BANQUET SATURDAY

More than 120 Cub Scouts, parents and friends attended the Annual Blue and Gold Banquet at Rockport Elementary Cafeteria last Saturday night, and heard Tom Jesse talk and viewed a film in which the late Herb Parsons, one of America's great shooters, told something about it.

And, more than that, they watched various Cubs awarded advancements, took part in group singing, and heard Fred Bracht as he made the annual charter presentation.

Those boys receiving awards were as follows:

Bobcat pin: Chuck LaBounty, Tommy DeForest, Dana Waggoner and Robert C. Johnson.

Service stars: Richard Anderson, 2 years; Addison McCandless, 1 year.

Wolf badge: Richard West, Philip Dannelly, and John Laird.

Wolf arrow points: James Court, gold; Nelson Barre, one gold and two silver.

Bear badge: Gary Don Gray, Bobby Harist, Flip Carraway, Robbie Brooks and Lloyd W. Murphy.

Bear arrow points: Steve Carraway, gold.

Lion badge: Bobby Jackson.

Cub master Tom Dannelly acted as master of ceremonies, while Assistant cubmaster Chester Barre had charge of the awards. Dick Weekley led the group singing.

Table directions were built around the theme, "Parade of Presidents".

Guests for the occasion were Reverend and Mrs. Cecil Lang, Mr. and Mrs. Fred Bracht, Mr. and Mrs. Tom Jessee and Mr. and Mrs. Ronnie Schultz.

Fred Bracht is the institutional representative representing the Rotary Club, which sponsors the Cub Pack, while Philip D. Baldwin, long-time cubmaster, is now community representative.

Committeemen are Richard Weekley, chairman, John H. Laird, James B. Jackson, Roy J. Lusby, Jim Adams, Ernest Harist, Felipe Salazar, James Cruiser, Charles LaBounty and Chester Johnson.

Cubmaster is Tom Dannelly; assistant cubmaster is Chester Barre.

Den mothers are Mrs. Richard Weekley, Den 1; Mrs. Chester Johnson, Den 2; Mrs. Faye Shaver, Den 3; Mrs. Frances Johnson, Den 4; Mrs. Charles LaBounty, Den 5; and Mrs. H. D. Beasley, Den 6.

Mrs. Chester Barre assists Mrs. Mrs. Weekley with Den 1; Mrs. Sarah Davis is assistant den mother for Den 2; Mrs. C. H. Caywood is Den 4 assistant; Mrs. M. L. Shipman is assistant for Den 5; and Mrs. Pat Jurgens is Den 6 assistant.

Mr. and Mrs. Buddy Warden, Mr. and Mrs. Richard Lassiter and Mr. and Mrs. J. W. Wright spent the weekend in Mexico and Harlingen. They hunted arrowheads across the border then returned to Harlingen where they visited with Mr. and Mrs. Bruce Winkle and Mr. and Mrs. Travis Owens.

Mr. and Mrs. Johnnie Schleider, Mr. and Mrs. Otis Ronquette and sons attended the Fat Stock Show Saturday morning in San Antonio and the Rodeo Saturday night.

MRS. FLOY ROOKE, FORMER TAX AIDE, DIES HERE MONDAY

Mrs. Floy Rooke, 81, deputy tax assessor-collector for Aransas County for more than 30 years until her retirement in 1956, died Monday morning in a local hospital after a long illness.

Mrs. Rooke's first work in the office was under Sheriff H. T. Bailey back in 1914 where she was employed during rush periods, and she once told friends, Bailey had only one girl regularly employed.

In those days, she used to recall, the property valuation of the county was \$2.8 million, less than one-seventh of the present figure, there were no more than two or three automobiles in the county and the population was half of today's count. What work there was went slower, though. Mrs. Rooke used to tell how all the receipts and records were kept in bound books and everything had to be hand-written.

Mrs. Rooke served under six sheriff-assessor-collectors. J. A. Brundrett went in as sheriff in 1915 and served until his death late in 1940. Mrs. Brundrett was appointed to fill out his unexpired term and Mrs. Alice Thompson, veteran deputy in the sheriff's office, to fill out his elective term. She kept her appointment under the late A. R. Curry and under Sheriff A. C. Shivers until her retirement at the age of 75.

"I suppose Mrs. Rooke knows more about the records of the county than any other person," Sheriff Shivers said at that time.

She was a native of Newton, Kan., but had lived here the last 50 years. She was a member of the First Baptist Church and the Rebekah Lodge of Rockport.

She is survived by a half-brother, Guy Reynolds of Kansas City, Mo.

Funeral services were held at 2 p.m. Wednesday in the First Baptist Church with Reverend C. Wilson Brumley, pastor, officiating.

Burial was in Rockport Cemetery under direction of Cage-Marshall Funeral Home, of Aransas Pass.

Mr. and Mrs. Joe Sneed, of Refugio, spent the weekend in Rockport with Mrs. Chas. T. Picton.

The engagement of Miss Sandra Sue Snyder to Alan Paul Girard of Baltimore, Md., has been announced by her parents, Mr. and Mrs. Justin Clarence Snyder, 503 W. Harrison Blvd., of Aransas Pass.

Miss Snyder is a senior at the University of Miami where she is a member of Phi Kappa Phi, Delta Theta Mu and Sigma Delta Pi honoraries. Her sorority is Delta Delta Delta. She is also a member of the U. of M. "Band of the Hour".

The prospective groom is the son of Mr. and Mrs. Francis Hubert Girard of Westchester county, N. Y. He was graduated from the University of Miami where he was a member of Sigma Alpha Epsilon fraternity. He is now attending Baltimore College of Dental Surgery, University of Maryland.

The couple will be married June 30 at the First Baptist Church at Aransas Pass.

TOURIST PARTY NEWS

Last Monday's card party drew seven tables of canasta and eleven tables of bridge to the Woman's Club. High score at canasta went to Mrs. George Seigler of Dannelly, Minn.; second high to Mrs. Ada Steen of Eden Valley, Minn.; and third high to Mrs. Ella Biesner of Dows, Iowa.

Mrs. C. E. Nickerson won high score at bridge, Mrs. C. O. Lutz was second, and Mrs. A. L. Bachman was third.

The bingo winner was Mrs. K. N. Clapp of Lubbock. Hostesses for the afternoon were Mrs. Charles A. Roe, Sr., and Mrs. Lois Rozzell.

There will be a card party again next Monday at 2 p.m. in the Woman's Club Building and all interested players are welcome. The arrangements are supervised by Mrs. R. C. Naper, first vice president of the club.

MRS. SHIRLEY OWENS HONORED BY PARTY

Mr. and Mrs. E. E. Boone were hosts for a surprise party in honor of Mrs. Shirley Owens Sunday evening at 7 o'clock at the Boone home in Fulton.

Coffee and cake were served to Mr. and Mrs. Horis Stewart, Mr. and Mrs. Lee Cosby and son, Mrs. Mabel Bunt, Mr. and Mrs. Billy Rice and children, little Miss Renee Cosby, Gene and Jackie Boone.

Mrs. James C. Bracht Has Thursday Bridge Club

Mrs. James C. Bracht was hostess to the Thursday Bridge Club last week at her home. A desert course was served.

High scored winner was Mrs. Martin Bradley; Mrs. Gary Smith was second, and the hostess was low.

Members attending were Mrs. Dell P. McLain, Mrs. H. D. Smith, Mrs. Jerry Wendell, Mrs. Martin Bradley, Mrs. Lynn L. Wendell, Mrs. Gary Smith, and Mrs. Wesley Morgan.

GIRLS END BASKETBALL SEASON WITH WIN

Thursday, February 15, the Girl's Basketball Team defeated Bloomington by a score of 61 to 58.

The girls ended the season with a 6-6 record in district. They also obtained third place while Gregory-Portland was first and Woodsboro was second.

Pat Elder was high pointer for A.C.H.S. with 37, while Carolyn Washington made 15 points.

Bloomington's high scorer was Mary Robles with 38 while Pat Hilscher scored 15 points.

Carolyn Washington and Mary Ann Barber, seniors, played their final game for A.C.H.S.

The girls hit 81% of their free throws.

**MARTHA HANNA MAKING
FINE SCHOOL RECORD**

Martha Hanna, former Aransas County High School honor student, who graduated last May, is making an outstanding record at Clarendon Junior College at Clarendon, Texas.

In a letter received by Superintendent J. D. Gray Wednesday morning, Oliver J. Abel, dean, said:

"Of the one hundred and twenty-five students regularly enrolled in day school at the college, eleven students earned a 2.6 average or above, to qualify for election to the Dean's Honor Roll.

"We report to you with pride that Martha was one of the eleven. Martha had a 2.9 grade average, out of a possible 3.00.

"In addition to her scholastic achievements, Martha has become a popular student on the campus, a worker and leader in campus organizations, loyal and cooperative. She also was selected as a library assistant and is earning her college expenses with library employment.

"Martha is a student of whom we are proud, and we are sure that you will appreciate this report of her progress."

**TELEPHONE
TALK**

by Allen Short, Manager

LONG DISTANCE CALLS

The other day while talking with Mr. Roy Blanton, District Traffic Superintendent, who is in charge of the long distance calls placed in Rockport, he told me of the latest method of placing long distance calls. After some time several thoughts came to mind.

Every businessman knows the importance of time. It means money. Saving every amount of time possible contributes to a better managed business operation. The housewife knows the importance of time also. Well run households are built on the little woman who manages her many duties around a tight schedule.

We at the telephone company have found a way whereby we can help Rockport customers save this time and help us in our operations also. This can be accomplished through the placing of long distance calls via the new streamlined method. It is designed to save you time on the calls you place and it helps us in reducing the period required to record and start a call on its way.

This new method is really not so terribly new. Almost everyone has been placing calls correctly for sometime. This is just simply a rearrangement of the information given in the past and adding one new bit of important information. This new information is called the "Area Code". It simply is the code for the area of the town you are calling. For example, the Dallas area code is 214, Fort Worth 817, Houston 713, San Antonio 512, etc. The Rockport area code is 512.

These area codes can be found in the "Blue Book of Telephone Numbers", on the stationery of business associates and customers. Many places of business are now including the area code with their telephone number on letterheads.

An example of placing a call using the area code is: Tell the operator — Dallas

Area Code 214
RI 7-5311

Pause and wait for the operator to ask for your number.

This method through a long trial period has been found to be successful to both you as a customer and to us in rendering you the best possible service.

TELEPHONE OFF THE HOOK

It happens 6 times a day in Rockport. That's how many receivers are left off the hook every day. When this happens, it blocks all incoming calls. And on a party line, it puts the other phones out of service. To make sure no one misses important calls, how about telling the children in your family to be sure they replace the receiver after talking.

Call by number. It's twice as fast.

REBEKAH LODGE MEETS

Mrs. Marie Condeley, noble grand, conducted the Rebekah Lodge meeting Thursday at 7:30 p.m. with 17 members present. The members welcomed Mrs. Nora Casey whose work keeps her away from many of the meetings. Three letters from contestants who wish to go to the WM Assembly were received. On Thursday, February 22 the lodge will have its regular monthly covered dish supper at 6:30 p.m. This supper is for the Odd Fellows, Rebekahs, their families and friends. The valentine bed spread will be given away at this time. Mrs. Lou Eller, a member of the committee, served cookies, Coke and coffee after the meeting. Mr. and Mrs. Glenn DeForest, of Fulton, attended the rodeo and Fat Stock Show in San Antonio.

Ran Wilde Appearing In Memphis, Tenn.

Ran Wilde is missing these days as he is in Memphis, Tenn. with his orchestra at the Summit Club, which is the finest private club in that city. Ran writes it is located in the tallest building and the view from it is something to see. The club covers the two top floors (28th and 29th) and is the most popular place to go in Memphis. Ran was booked for a four week engagement which began on January 4th, but his contract has been extended another four weeks and it may be that he will stay there until Easter. Over the Christmas holidays he played many private parties in Houston, Dallas and Ft. Worth, but the one he liked best was given on January 1st, at Brookhollow Golf Club, Dallas, to honor the University of Texas football team after the Cotton Bowl game. It was a great party for the victors and Ran writes he never saw a happier bunch of people at a party. The "Twist" was the dance most requested and the football players were very capable in dancing it. While Ran is away, Bob Robtill and his wife are managing the Idylwild Motel for him. They came to Rockport to spend the winter away from their home in Colorado, and accepted the management of the place to help Ran as he had little time to arrange things before he left for Memphis. They like Rockport very much.

Mrs. Hooker's Class Visits To Jewel Box Reported By Member

After finishing a chapter on rocks and minerals, Mrs. Hooker's Fifth Grade Class visited the Jewel Box in Rockport. This was on Thursday, February 15, 1962. Mr. A. L. Reed, the owner, explained how rocks are formed and showed the students some rocks. Then he let them look around his shop. He let the class pick out a piece of pumice to take back to the school. While they were boarding the bus, he gave each student a rock. Everyone enjoyed the trip and appreciated Mr. Reed giving his time and opening his shop for them. Mrs. Thomas Blackwell, Mrs. Clarence Harrison, Mrs. W. T. Moss, and Mrs. Noah Taylor went along with the students. Mr. A. R. Griffith, Jr. drove the bus. Mark Lang, Reporter

Mr. and Mrs. Floyd Rouquette, of Fulton, were in San Antonio, last week where they had entered their Appaloosa horse in the Fat Stock Show which was held Saturday morning. They also attended the rodeo.

Mr. and Mrs. Ernest Jones, of Fulton, attended the Rodeo in San Antonio, Sunday.

and Houston.

His organization has been extremely active in developing the water resources of Texas, and has had a hand in construction of buildings, cities, and ports in South Texas, including the harbors here.

Lockwood was one of the men who aided in preparation of the report made last year on water conservation in Texas which was presented to Governor Price Daniel and the State Board of Water Engineers as a basis for further action.

And these things will enter into the address he will deliver to the Chamber, as he intends to discuss potentialities of this area and the part that a good supply of fresh water must play in developing these potentialities.

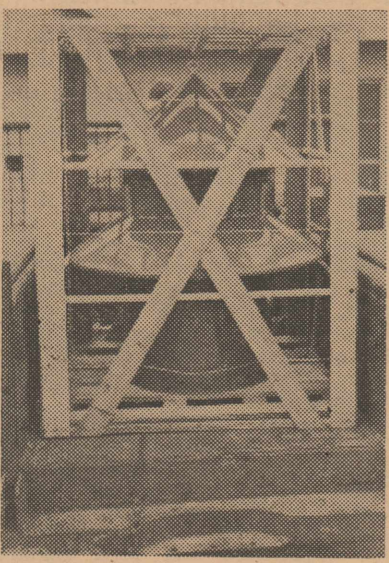

Lockwood is a past president of the Houston Chamber of Commerce and of the American Society of Civil Engineers. A graduate of Rice, he is an honorary member of Chi Epsilon at that University and has also been honored in the same manner by the University of Texas, where he is an honorary member of Tau Beta Pi Fraternity.

He is a past president of the San Jacinto Chapter of the Texas Society of Professional Engineers and was chosen "Engineer of the Year" by that organization in 1955.

Lockwood is a member of the Cosmos Club in Washington, D. C., of the Engineering Institute of Canada, a past secretary and past director of the Houston Engineering and Scientific Society, and a member of the National Society of Professional Engineers.

He is also a past secretary and past director of the Houston Club, a member of the Houston Country Club, and an elder of the First Presbyterian Church in Houston.

NEW SIREN DONATED

The Fulton Fire Department received a new siren made possible by people of Fulton and by people away from here who own property and from other generous donations. The new Federal Alert System is one of the new pieces of equipment made possible by the drive which the Wives and Mothers of the fire Department sponsored. The men of the Fulton Fire Department would like to thank all the people who made donations to this cause. We again would like to thank them for their help in this worthy cause.

GIRL SCOUT NEWS

TROOP NO. 75 MEETS

Troop No. 75 met Tuesday February 20 at the Girl Scout Little House for its regular meeting.

The patrol leaders called the meeting to order by Pledge of Allegiance and the Girl Scout Promise. Roll call followed by answering with a Girl Scout law.

The hike and picnic which was held Saturday at the roadside park was a big success and everyone had a grand time. We were accompanied by Mrs. Jack Sparks, Mrs. H. F. Elliot, Mrs. R. P. Willis, Miss Lola Bonner and Denny Elliot. Our thanks to them. Denny showed us the various types of knots and how to tie them. We would like to have some type of outing at least once a month if possible.

Mrs. Sparks explained to us why we couldn't invite a friend to go along with us on these outings, since an adult leader is responsible for every 8 girls and we now have 22 in our troop.

Hostess Donna Kay Wright served Coke to Mrs. Sparks, Beverly Agler, Patsy Armstrong, Cathy Deason, Rose Ann Elliot, Nora Kae Heimbuch, Debra Hopper, Mary L. Sorenson, Donna Ann Sparks, Kay Sparks, Janet Townsend, Bonnie Weaver, Pamela and Patricia Willis, Mary Hulett, Sandy Boone, Sylvia Shults, Kay Livingston, Sheryl Lichte and Yolanda Sanches.

After clean up capers we all went outside to play dodge ball and jump double rope.

Meeting was closed with friendship circle and all girls are to meet next week at the Elementary school for practice of our program.

Mrs. Gilley's Class Studies Fun Around the World

At the Rockport Elementary School, Mrs. Gilley's second grade class has been studying a unit entitled "Fun Around the World." They are on an imaginary trip visiting Washington, D. C., New York City and Alaska in the United States, and visiting the countries of Greenland, Holland, Switzerland, the Holy Land, Australia, Japan and Hawaii.

To make the unit more interesting, they have enjoyed having numerous people visit their class and talking to them about these various places including in their "imaginary" trip.

The class had the pleasure of going on an imaginary boat trip last Monday morning, February 12, with Mr. Tom Jesse of Rockport, Texas, portraying the role of the Captain. He took the class aboard the S. S. Aleutian, a flagship of the Alaska Steamship Line. He took the class on a most interesting trip, showing them a film strip and telling of his life and experiences while he lived in Alaska. The scenes were in color and were beautiful. He also displayed various items for the class to observe: there were a large whale tusk, trinkets carved from ivory, a miniature sealskin kayak, a bone needle, and several other items. Mr. Jesse's presentation of Alaskan life was so realistic that the class actually felt as if they had made a trip to Alaska.

They have received a letter from a teacher who at one time lived in Europe and visited Holland and many of the surrounding countries

frequently. The Reverend C. E. Hereford of Corpus Christi, Texas, is to tell them some of the interesting points about his trip to the Holy Land. Sergeant Dan L. Meador of the 813th AC&W Squadron, Rockport, Texas, is to tell them about some of the interesting things he saw while he was stationed in Japan and Thule, Greenland.

The boys and girls are enjoying this "imaginary" trip and are learning a lot of new information as they progress from day to day and from place to place.
