JOE ROGERS IS NOBLE GRAND OF ODD FELLOWS

Election and installation of officers in the newly organized Odd Fellows Lodge was held in Wheeler Tuesday night.

Joe D. Rogers, assistant cashier at the First National Bank, in Wheeler, was elected Noble Grand of the Lodge. The Noble Grand is the highest ranking officer in the lodge.

Rogers is the father of four children and he has lived in Wheeler for ten years. He has been assistant cashier at the bank for the past four years.

He is also a Major in the Air Force Reserves, member of the Wheeler Fire Department and American Legion. He served as a pilot in the Air Force during world war II.

Other officers elected and installed were: Lloyd Weatherly, Vice Grand; Terrell Gunter, Secretary; L. C. Laffin, Treasurer. Trustees of the Lodge are R. J. Holt Jr., H. E. Weatherly and W. L. (Buster) Callan.

The installation of officers was held in the American Legion Building in Wheeler. Arrangements have been made to hold the Lodge meeting each week in the Legion Building.

Richard Kiker Attends College Orientation Clinic

Richard Lee Kiker of Allison, Texas took part in a recent college advisement and orientation clinic at Oklahoma State university in Stillwater, Oklahoma.

Kiker is one of 1972 high school graduates of 1959 who have attended one of the two-day clinics through July this summer at OSU.

In addition to tests of college ability, reading, English, math and vocational skills, each student attending the clinic receives counseling services from regular OSU faculty members.

The clinic fee is \$5 and any high school graduate may participate, regardless of choice of college or future plans.

Whitener, Hall And Farris Speak At Kiwanis Meeting

Mrs. Gordon Whitener, Dorothy Hall and Kenneth Farris were guest speakers at the regular Kiwanis meeting held Monday in the Fellowship Hall of the Methodist Church.

Dorothy Hall told the group about her recent trip to the state homemaking convention in Chicago, and Kenneth told about the Student Council Workshop he attended this summer at Canyon.

Mrs. Whitener spoke to the group about "The great challenge which faces homemaking teachers."

The program was enjoyed by everyone.

IT'S A BOY

Mr. and Mrs. Leonard Gaines are the proud parents of a baby boy, born September 8th at 9:05 a.m. in the Shamrock General Hospital. The young man weighed 8 lbs. and 8 ozs.

Grandparents are Mr. and Mrs. Lem Gaines and Mrs. Audrey Pearce.

FAIR ENTRY: Mr. Mason kneels beside a watermelon he grew in his garden. The melon is small but it has the unique distinction of being canned. The watermelon is actually growing into the can. Mason says his watermelon should make an interesting fair exhibit at the annual Free Fair to be held in Wheeler Saturday.

JUST 12 MORE YEARS TO GO FOR GRADUATES OF 1971!

Twenty-six new students have started making plans for their graduation from Wheeler high school in 1971. They started their public school careers Monday.

Enrollment is up in the beginning grade this year. The teacher, Mrs. Lola Weems enrolled 26 in the first grade room on the opening day of school. Last year there were about 22 students.

The "Seniors of 1971" enrolled in the room of Mrs. Weems were Mark Arganbright, Darrell Blevins, Robert Brickey, Pete Cole, Eddie Davis, Stephen Dunn, Billy Dyer, Ronnie Henson, Mike Johnson, Jimmy McGee, Sam Montgomery, Phillip Risner, Danny Waters, Carroll Watson, Ricky Watson, Deborah Blanton, Linda Bradstreet, Kathy Lou Corder, Paula Sue Denham, Carletta Earney, Susan Ford, Vicki Gaines, Patricia Jones, Cynthia Ann Manning, Brenda McCasland, and Ruth Wilson.

NOTICE

The first meeting of the '54 Study Club will be held in the home of Mrs. Amos May, Thursday September 10th at 7:30 p.m.

COTTON CLASSING STATION TO OPEN SEPTEMBER 15

Citizens from a 12-county area will gather in Memphis Tuesday, September 15, for an Open House celebration at the new government cotton classing office building.

Plans for the celebration were completed here Friday by the program committee of the board of directors of the Rolling Plains Cotton Producers, Inc., sponsoring organization. This followed a meeting of the board last Wednesday, when the date for the Open House was set, after the group inspected the building and facilities.

According to V. C. Durrett, Lakeview, president of the organization, the public is invited to visit the classing office any time during the day, September 15.

"The doors will open early in the morning," Durrett said. "Ev-

ery person, especially cotton people, are invited to inspect the cotton classing office. We have found that only a limited number of individuals have seen the inside of one of these offices. Therefore, we know how surprised visitors will be when they see and examine all the intricate equipment which has been installed."

During the morning, crowds will make a complete tour of the building. Then at 1:30 p.m., the Open House program will begin, with President Durrett acting as master of ceremonies.

Entertainment will be furnished prior to and during the program by Honest Jess and His Western Cavaliers, well-known radio and television artists. This group has been seen and heard over KGNC-TV, Amarillo, for several years.

Third Annual Free Fair To Be Held Saturday

LAST RITES TO BE HELD FOR SANDERS

Funeral services will be held Thursday September 10 at 3:00 p.m. for Joe Sanders, who passed away Tuesday, September 8, at his home in Wheeler.

Mr. Sanders was born February 22, 1872 in North Carolina. He was 77 years, 6 months and 16 days old.

He moved to Wheeler from Lawton, Oklahoma in 1925.

Funeral services will be held at the Baptist Church with the Rev. M. B. Smith of Pampa, officiating.

Survivors include one daughter, Mrs. Jeff McDaniel, Canadian; and four grandchildren. His wife and one son preceded him in death.

Pall bearers will be Ab Gunter, Levi Reid, Edd Riley, Ed Trimble, Monk Bowerman and Bill Owens.

Interment will be in the Wheeler Cemetery, beside his wife who passed away in 1935. Kirk Funeral Home will be in charge.

Annual Stockholders Meeting Is Announced

The Wheeler - Wellington National Farm Loan Association, which makes and services Federal Land Bank farm and ranch loans in Collingsworth and Wheeler Counties, will meet at the Texas Theatre in Shamrock on Wednesday, September 16th at 2:30 P.M.

The meeting is a regular annual affair, where members hear reports from their officers on the management and financial condition of their cooperative credit organization. An election will be held to fill the place of directors whose terms expire this year.

Following the business session, entertainment will be provided, which will include a full length movie. All members are urged to be present and to bring as many guests as they desire, especially any of their friends who are engaged in agriculture.

BAND BOOSTERS URGED TO PAY DUES

Mrs. Thomas Daughtry, chairman of the membership committee, of the Band Boosters Club, has organized an all-out campaign to raise funds for the band.

Mrs. Daughtry urged all members to pay their dues, \$1.00 per person or \$15.00 per couple, as soon as possible. She has also established an honorary membership program which will enable area businessmen and ranchers to donate to the organization.

Proceeds from the drive will go toward the purchase of band supplies and uniforms.

Clarence Robison is the first honorary member with a donation of \$15.00. Names of the donors will be published in the Times each week.

Quarter Horse Show To Be Sponsored By Riding Club

The Wheeler County Riding Club will hold a Quarter Horse Show on Saturday, September 19. The show has been approved by the American Quarter Horse Association. Entries are expected from all over Texas, Oklahoma, New Mexico and Kansas.

Trophies to be presented at the show have already arrived. Entries will close at 12:00 Saturday and the show will start at 1:00 p.m.

Johnnie Rex McClellan, Clarendon, who comes very highly recommended, will judge the show.

Plans for the third annual free fair in Wheeler were completed this week. Saturday, September 12 is the big day for the Fair and Horse Show. Every man, woman, boy and girl is encouraged to bring an entry to the fair.

Each community in the surrounding area is invited to enter any or all of the various exhibits.

Educational as well as commercial booths will be on display.

Fair officers include: Mr. Frank Walker, president; Mrs. Lindsey McCasland, vice - president; Mr. Don Earney, secretary; Mr. George Taylor, products director; Mrs. George Taylor, flower show director; Mrs. Cora Hyatt, director of art and china painting; Mrs. Mary Wofford, assistant; Mrs. Lila Hibler, assistant; Mrs. G. Whiten-er, girls open class work director; Mrs. C. J. VanZandt, assistant; Mrs. P. A. Martin, womens department director; Mrs. Jack Meek, assistant; Mr. Arling Cordell, educational exhibits director; Mr. P. A. Martin, general director of livestock; Mr. Lyndon Sims, beef cattle director; Mr. A. T. Jones, assistant; Mr. O. W. Pendleton, assistant; Mr. John Manning, dairy director; Mr. Tom Puryear, swine director; Mr. Ira Passons, assistant; Mr. James Verden, catalogue; Mr. W. A. Goad Jr., horse show director; Mr. Bus Dorman, assistant; Mr. Archie Hibler, booths director; Mr. George Gandy, assistant; Mr. Lewis Lancaster, assistant.

The same rules and regulations as last year will be in effect, with the exception of a few changes which are explained in the fair catalogue.

Ribbons, rosettes and trophies will be awarded in each division.

Percy Farmer, Gene Mack and Bob Patterson will be in charge (Continued on Page 8 No. 5)

CHANNEL FOUR IN OPERATION; TEN TO BE ON FRIDAY

Farm Bureau members and subscribers to the Farm Bureau Translator System got their first glimpse of UHF television in Wheeler Saturday afternoon.

At approximately 4:30 Saturday afternoon, engineers completed installation of the channel four translator system, which will make it possible for every

home in Wheeler County to receive near perfect reception.

Engineers have been checking and ageing the equipment since it was turned on Saturday.

A factory representative and a consultant engineer from Fort Collins, Colo. is expected to arrive in Wheeler this week end. Both men will inspect the equipment and help with the final adjustments.

Installation of the channel 10 translator was started Wednesday evening. Viewers will probably pick up a signal from ten sometime Thursday evening or Friday morning.

Remember, for the next few days and possibly as long as two weeks, engineers will be running test patterns and ageing the equipment.

Until everything has been thoroughly checked the system will operate at about 1/2 power. And not until the equipment is properly aged will the system be turned to maximum power.

Channel Ten To Carry Business And Industrial Course

Amarillo College will offer a course in business and industrial psychology on Sunrise Classroom, a regularly scheduled television program of station KFDA-TV, channel 10 from 6:30 to 7:00 a.m., Monday through Friday. The televised course will begin September 28, with registration opening September 14.

Originating on the college campus and relayed to home viewers on channel 10, the course will provide a background study of the principles of general psychology, with application of these principles to situations in business and industry.

There are no prerequisites for the course, although the student must qualify for college entrance if credit is desired. Students may register for Sunrise Classroom in person at the college or may receive enrollment material through the mails upon requests addressed to the Amarillo College registrar.

CANADIAN WILDCATS DEFEAT WHEELER MUSTANGS 24-0 IN SEASON OPENER

By David Britt

A touch of autumn was in the air and too much Wildcat came with it last Friday night as the Canadian Wildcats defeated the Wheeler Mustangs 24-0 in the opening game of the 1959 season for both clubs. The game was played before a capacity crowd of nearly 800 fans at Nicholson Field.

The game was marred by ragged play by both teams but although many early season mistakes were made, the fans witnessed a typically hard fought contest by those two old rivals of the gridiron. This rivalry has produced many thrills and the game Friday night was no exception.

Canadian won the toss and chose to defend the north goal with the Mustangs kicking off

with a stiff breeze to their backs. After making one first down, the Wildcats were forced to punt and this play brought the fans to their feet on the first time. Hill, of the Mustangs, broke through and blocked the punt off the toe of Parks and Farris recovered for Wheeler deep in Canadian territory. The Mustangs were unable to cash in on the break, however, and Canadian again took over the pigskin. Playing ball control football, the Wildcats kept possession of the field for the first quarter and the teams changed ends of the field with zeroes on the scoreboard.

A short time after the second quarter began, Canadian tackled the first of its three touchdowns on the scoreboard. Henderson, of the Wildcats, broke off his left

tackle and behind fine blocking went 55 yards for the score. Parks threw to Lemmons for the extra point and Canadian went in front

8-0. A combination attack with Cox doing the running produced the Mustangs second penetration

of Canadian territory of the evening. After making one first down and having the aid of a Wildcat penalty, the attack bogged down once more. During this time with the ball, Atherton, QB of the Mustangs threw several passes that were dropped by the intended receivers. This proved to be the story of the Wheeler passing attack most of the night. The half ended with Canadian only a few yards away from paydirt once more.

The crowd at halftime was treated with a fine performance of the Mustang Band under the direction of Vernon Lewis.

The third quarter of play was perhaps the Mustangs best of the night although the Wildcats tackled another 8 points to their total. David Tremble, the stocky

little fullback who was subbing for the injured Marshall Watson, led the Mustang attack with his slants over the left side of the Canadian line. With the wind at their backs, the Wildcats were able to hold the Mustangs most of the time by using practically a nine man line against them. Canadian made their touchdown with Eckles going over from 29 yards out. Again Parks threw to Lemmons, who was wide open in the flat, for the two points. The third stanza ended with the Wildrats leading 16-0.

A beautiful 50 yard run by Ekles set up the last Wildcat TD midway of the fourth quarter. Eckles broke loose over the Mustangs left side and appeared to be bottled up after a short

Noticed where them Birds down at Austin are goin to find out who is who come next election. They got a law passed that a feller got to make up his mind if he's a Republican or not before he votes. Durned if that aint a low blow, usually them politicians will buy a prospective voter Segars, Coffee and the like right up to the time of election and now if he's got to show what side of the fence he's on before the election he sure might get in trouble. The only way I can figure it out is to waste one pol tax and just buy two of them at the start, one for the Republicans and one for the Democrats and see whos got the most Java money. The more I think about it the more I think they are takin away our private priviledges. COUNTY ASC NEWS

By Albert Marshall
Conservation Reserve

The following quoted wire has been received from the Deputy Administrator, Production Adjustment:

"Paragraph 181 of 1-SB is being amended to provide that a 1960 CR contract may be entered into covering a farm operated or partially operated by a tenant or sharecropper during 1958 or 1959 providing the tenant or sharecropper left the farm voluntarily of his own free will and accord, and this fact is substantiated by

(1) A statement signed by the tenant or sharecropper that he left the farm voluntarily of his own free will and accord, and willingly relinquished any further interest he might have in the farm as a tenant or sharecropper, or

(2) If the tenant or sharecropper cannot be located or is unavailable statements signed by at least three people not related by blood or marriage to the landlord and having no interest in the farm, stating that they have knowledge that the tenant or sharecropper left the farm voluntarily of his own free will and accord, without duress or any action by the landlord.

In addition to the above provisions, a contract may be disapproved if the state committee for any other reasons determines that such action is necessary in order to protect the interests of tenants and sharecroppers."

Let us remind you that if you want to place land in the 1960 Conservation Reserve, you have from August 24 to September 10 to request a payment rate, and from September 14 through September 25 to request a contract.

Committee Elections: Most of you have already received your ballots and instruction sheets along with the postage free envelopes to return your marked ballots in. Let us urge you to vote and return your ballot to this office not later than September 8, 1959.

Wool Referendum: A referendum will be held during the period between September 1, 1959 to close of business September 30, 1959 to determine if wool growers approve a new agreement between the Secretary of Agriculture and the American Sheep Producers Council Inc. This referendum pertains only to the advertising and sales promotion program for lambs and wool by the American Sheep Producers Council Inc. and to the deductions from the wool payments to finance it. The wool payment program will not be affected by the referendum. The deduction rates are 1 cent per pound of shorn wool marketed and 5 cents per hundred pounds of unshorn lambs marketed.

Save Time; Plan Each Meal

If you are an average homemaker, you spend about a third of your time in planning, preparing and serving meals. Of course, some homemakers spend more time on food preparation than others. Size of the family, elaborateness of meals and the convenience and use of kitchen equipment influence the time spent on meals.

You can have colorful, appetizing meals in minimum time and with less energy if you plan and manage them properly, according to extension foods and nutrition specialists. To help homemakers with the job of meal planning and management, specialists have written a new bulletin entitled, "Quick Meals."

The specialists give four pointers as to what makes a good meal. They are: use foods that vary in flavor, color, texture, size and shape; they should be of good quality, appetizing and prepared so as to save food value; foods should be served attractively; and a pleasant atmosphere should be present to help the family enjoy meal time.

Better use of time by menu planning is discussed. Some suggestions are: serve fewer and well prepared foods in generous amounts, use foods that can be cooked together, such as pot roasts and vegetables, and plan dishes which require few ingredients.

The bulletin contains many menu plans for quick meals, such as oven meals, one-dish meals, broiler meals, top-of-the-range meals, and meals from the freezer. All these recipes have easy to follow directions.

Contact your local home demonstration agent for a copy of the bulletin "Quick Meals."

Number Four

gain but got loose and with a couple of blocks seemed to be long gone but Walker of the Mustangs overhauled him on the 10 yard line. Price, a young giant, then took over the chores and rammed it over from 5 yards out. Price also ran for the extra point which was the last of the scoring. The Mustangs launched a passing attack, which netted them one good gain, and Trimble added another 20 with a good run, but again the big Wildcats thwarted the attempts of the Mustangs to break the goose egg on the scoreboard. The game ended with the ball in midfield and the final score was 24-0.

Eckles, the big fullback for the Wildcats, was the leading ground gainer of the game with 151 yards in 19 rushes. Trimble with 46 Mustangs leading rusher with 46 yards gained in 9 attempts. Kenneth Farris was a standout on defense for Wheeler and Troyce Hunter came up with some good defensive play. All of the Mustangs fought to the final gun and when some of the kinks got ironed out, the fans will witness some much better ball. Atherton's ability to throw the ball good coupled with the speedy halfbacks running should give the Mustangs a versatile attack. The return of Marshall Watson to offensive duty will plug a big hole in the power that was missing from the Wheeler attack in the Wildcat tussle.

Let us all, as fans, give the boys and the coaches all the encouragement we can and show them we are behind them all the way. BEAT McLEAN.

Miss Beth Miesse, who taught a course in business English on the same program during the 1959 spring semester, will teach business and industrial psychology. She has been a member of the college faculty for more than ten years.

Miss Miesse holds two bachelor's degrees and four master's degrees, earned at West Texas State College and at the University of Colorado. Her most recent degree is the Master of Personnel Services, which she says is the one generally preferred for industrial psychologists and industrial counselors.

Another of her degrees having particular application to the new Sunrise Classroom course is the Master of Business Administration, which in her opinion has given her a broad background in the area of business studies and further understanding of business problems.

Further information about the course in business and industrial psychology is available upon request from the office of the Dean of the Evening School of Amarillo College, who will administer the course as a public service of the college to the people of Amarillo and the Panhandle area.

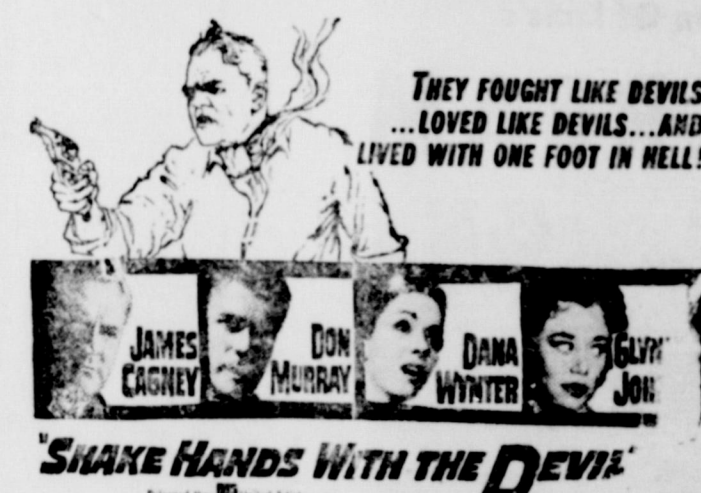

Mrs. Villard Harrison and Gene Dee spent the week end in Carnegie, Oklahoma with Thelma's mother and father, Mr. and Mrs. R. Wildman.

Mr. and Mrs. J. R. Olesley spent the week end in Owen with their children.

County Agent's Farm Tour Is Success

Eighty five made the farm tour Tuesday morning with representatives from as far as College Station, Texas making the tour. Swaim, county agent, said he thought the tour turned out very good and he had already received many favorable comments on the tour.

Refreshments were served by the Wheeler County Farm Bureau and Coca-Cola Bottling Company. The tour consisted of four stops in the county.

WHEELER COUNTY SOIL CONSERVATION NEWS

It is about time to start planting cover crops again. Plant cover, dead or living, is the best single erosion control practice in the Wheeler District. Cover will control both wind and water erosion and add to soil fertility at the same time.

Rye has been one of the most popular winter cover crops especially on the sandy soils. Seed may be a little hard to find this year. The Kelton Community and the sandy lands east of Shamrock usually produce enough seed for the whole district. Hailstorms in May ruined much of the crop this year. Many farmers that ordinarily have seed to sell never cut enough for their own use.

Other small grain seed will be available and can be used. None of the others will stand as much blowing as rye nor will they recover as quickly after being sand-burned.

Small grain can be drilled into the middles of row crops with special drills shielded to protect the growing crop. Bundle feed and silage land can be drilled without plowing as soon as the feed is out. Rye will make enough growth to keep down blowing on this type of land at least four years out of five.

PTA To Have First Meeting

The Wheeler PTA will have their first meeting in the School Cafeteria Monday, September 14, 1959 at 7:30 p.m. All parents and teachers are urged to attend. Big plans have been made for a good year in PTA and we believe everyone that can attend, will really enjoy it.

Mrs. Adrian Risner, president, will give the welcome; and Mrs. Lloyd Weatherly, vice-president, will preview the Yearbook. Al Gunter will introduce all the teachers, followed by Mrs. Mae Nash giving "A Teachers Thoughts on The First Day of School." Mrs. Frank Wofford will give "A Parents Thoughts on The First Day of School."

Mr. and Mrs. Scott and Mrs. Shelton spent the week end with Mr. and Mrs. Vernon Hooker.

will have to be stoppered down to a trickle from now until after November, 1960.

State is running low on money for this program. It has authority to sell bonds to raise more money. But with the interest rate on the bonds limited by the law to 3 per cent nobody wants to buy the bonds. In the general election in 1960, the voters, may, if they choose, raise the interest the state can pay to 3½ per cent and make possible the sale of more bonds.

Of course, if the state has to pay more interest on its bonds, it will have to go up on the interest it charges veterans - probably to 4 per cent.

Under the plan, the state buys land and re-sells it to the veterans on a long-term, low-interest contract. It's the only "bonus" to Texas veterans. But it has resulted in the purchase by veterans of 1,997,404 acres of Texas land at an average price of \$69.39 per acre.

SUIT OVER HAY SEEN - In the midst of plentiful rain, State Agriculture Commissioner John White has a problem arising from the 1953 drought-relief program.

White says the U. S. Department of Agriculture plans to sue

THE WHEELER TIMES, WHEELER, TEXAS — PAGE 7
Thursday, September 10, 1959

Texas for some \$162,670 which the USDA claims it overpaid for shipping hay to Texas farmers and ranchers.

White says the federal government agreed to pay 50 per cent of the cost of shipping the hay. About that time the railroads and truck lines reduced their rates 50 per cent for the drought relief feed shipments. White felt that

this would mean that the federal government would then pick up the remaining 50 per cent of the tab. But USDAD charges it should have paid only 50 per cent of the reduced rate.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

available to everyone free of charge, it was announced.

The building which will house the new cotton classing office is located at 215 Nool St. in Memphis. It has been completely remodeled by workmen during the past two months to meet specifications of the government.

The entire arrangement inside the building is according to blueprints drawn by the Dallas office of the Agricultural Marketing Service. The latest in air conditioning and humidification equipment has been installed. The moisture content of the air in the classing room proper will be held within a two-degree range by this newly-designed equipment. Also, a special lighting will be used in the classing room to help classers determine, as near as is humanly possible, the exact grade and staple of cotton samples.

Also of special interest to cotton growers and ginners will be the method of handling samples. This will be seen by those who visit the building and will be explained.

Cotton ginned in the 12-county area will be classed at the new Memphis office. It was announced last week that first cotton ginned in the area would go to the classing office at Altus; but, as soon as area samples reached 300 per day, gins would be instructed to ship to the Memphis office.

Financing of the new classing office is unique. Proponents worked out details of a plan last winter whereby growers would own and maintain the building and equipment. The Marketing Division of the Agricultural Department will operate the office, pay salaries of personnel employed, and pay for utilities and supplies during months it is in operation. The growers financing will be done by each producer donating 25 cents per bale from the 1959 crop. Capital was obtained from gins located within the 12-county area. The gins loaned the growers association the needed money, and will be repaid as their customers gin cotton from this year's crop.

Officers and directors of the

Rolling Plains Cotton Producers, Inc., in addition to President Durrett who represents Hall County, and the county each represents, is as follows: Dutch Hunter, vice president; Childress: J. W. Reed, secretary-treasurer; Motley; Dudley Chearning; Cottle; H. S. Mahaffey; Donley; Dick Sweatt; Collingsworth; J. R. Heffley; Wheeler; B. K. (Pete) Blankenship; Briscoe; A. J. Garland; Armstrong; L. B. Collis; Carson; Lee-mon Andrews; Gray.

"We are proud of our new classing office, and believe it will be very beneficial to every cotton farmer, gin and compress in the Rolling Plains district. We sincerely appreciate the cooperation we have received from everyone concerned during the past nine months as we worked to promote this project," President Durrett stated. "At our Open House, we expect to see several car loads of visitors from each community in this area. Those who inspect the new office will not be disappointed at what they see."

Mobeettie Nips Flomot: 12-6 In First Game

In the first game of the season Mobeettie nipped Flomot 12-6 in a hard fought game Friday night at Flomot.

There was no score in the first quarter. Flomot received a 15 yard penalty for illegal use of the hands.

In the last few minutes of the second quarter Douglas Rogers ran 50 yards for the first TD of the season. The Hornets also received a 5 yard penalty for off sides in the second quarter.

To begin the third quarter Mobeettie kicked off to Flomot and there was a fumble which Brenton Rogers of Mobeettie recovered on Flomot's 15 yard line. There was another 5 yard penalty for off sides then Dan Hathaway charged through for the second TD of the game from about the 13 yard line.

In the fourth quarter Mobeettie received a 15 yard penalty for unnecessary roughness and another 5 yards off sides. Flomot's Bus Folly bowled over for their only TD of the game from the 3 yard line. They also received a 5 yard penalty for off sides.

Coach Don Dorman was very pleased with his boys and the fans were well behind them. This is Coach Dorman's first year at Mobeettie.
