AWARD RECIPIENTS

These six received awards at the Chamber of Commerce banquet Saturday, Feb. 24. At front, Salt Fork Soil and Water Conservation District student winners were Angela Watts, left, poster contest, and Kathy Michael, essay

contest. At back, from left, Henry Wells was honored for service to agriculture; Mrs. Elmer Feemster, outstanding sales and service; Mayor Bill Hatch, community service; and G.N. Davis, outstanding farmer-rancher.

City Asks \$303,870 Paving Grant

The City of Wellington has made application for federal funding of \$303,870, for street paving that would improve a total 140 blocks.

The money sought would be a community development block grant from the Department of Housing and Urban Development and would be used in the two target areas already designated.

It would provide for surfacing unpaved streets in that part of Wellington north of 8th Street, and in southeast section of town from Arlington east to Highway 83, and from 8th Street south to 15th--approximately three-fourths of the original town section.

It could not be used for paving in the southwest section of town, nor in the residential areas south of 15th Street or west of Haskell.

City Manager Glen Taylor said the application was mailed Friday, Feb. 23, to the Department of Housing and Urban Development, the Governor's Office of Budget and Planning, and the Panhandle Regional Planning Commission. The city council

had approved the application in its Feb. 5 meeting.

If approved, this grant can be used only for street improvement, Taylor pointed out.

In his application, Taylor said that in the 180 block area covered by the application, there are presently only 41 blocks of paving which the city did with an earlier community development block grant. The remaining 140 blocks remain inaccessible in bad weather and that 90 percent of the residents in the area are below the median income.

Ethnically, the area is about equally divided between anglos, blacks and Mexican-Americans. Many are elderly.

The work would be contracted.

The 41 blocks already surfaced were done by the city, using its own employees and equipment. The City cannot do this on the proposed project because of work already committed, including seal coating weather-damaged streets in the southwest and south parts of town, and other projects to which it is committed, Taylor explained.

The city, working in

conjunction with the county, has received two earlier block grants. The first, for \$98,000, was for paving in the north part of town, and rehabilitation of housing.

The second grant, for \$51,500, was for similar work in the south-east part of town, Arlington to US 83 and 8th to 15th Streets. This has not been touched and will cover much of the improvement work already scheduled in the coming months.

Concerning the money sought in the new block grant, Taylor said:

"We hope this will make this area of Wellington more attractive to the private investor in our building and rehabilitation program.

"This project would make this part of Wellington more accessible for school buses, doctors, ambulances and the day to day activities of the people. And we continue the trend of equalizing this area with the other sectors of Wellington.

"The City is in the process of applying for FHA loans to stimulate building in this

sector.

"We have demolished a large number of old houses and have done extensive rehabilitation and weatherization in the area, using CETA personnel and plan to continue this operation.

"The environment in this area has improved tremendously in the past two years

and it is our hope it will continue to improve."

A.C. Shipley Seeks Place on City Council

A.C. Shipley announced his candidacy for a place on the city council when he filed Monday, Feb. 26, to have his name placed on the ballot.

Mr. Shipley lives in Wellington and farms a mile south of town.

He is 80 years old and has lived in the county 51 years. He is active in First Baptist Church.

Mr. Shipley made no statement in connection with his candidacy for the city council post.

Elementary School Open House Planned in Public Schools Week

Open House will be held at Wellington's new elementary school Tuesday, March 6, marking the school's participation in Texas Public Schools Week. Visiting hours will be 7:00 to 9:00 p.m.

"We are inviting the patrons of the Wellington Independent School District and all others interested in the education of our children to see the new facilities as well as the part which was remodeled," said Supt. E.W. Clement. Texas Public Schools Week is March 5 through 8.

There will be no program, but guests are invited to go to as many rooms as they wish,

where the children's work will be displayed. They may also visit with the teachers.

Those coming may enter by any of the doors, to the new building, or the one on the north side which served as the "front door" for so many years.

Refreshments will be served in the cafeteria.

No special events are planned in high school or junior high.

"During the remainder of the week, we will be happy to have anyone interested to visit during school hours, 8:30 a.m. through 3:40 p.m.

Theme of the 1979 week is

"Texas Public Schools: Democracy in Action."

It is the 29th annual observance of the special week.

It is also the state-wide observance of the 125th year of free public school education in Texas.

Gov. Bill Clements recently signed a proclamation designating March 5 through 9 as Texas Public Schools Week and urging citizens to take part in local observances.

The first school week in March is set aside each year to give Texas citizens a special invitation to visit their public

schools.

"We want parents and other school patrons to meet teachers and get a better understanding of the way their schools operate," Clement said.

"They will discover that Texas teachers care about their children and need parental support in their everyday efforts to help children learn."

The Texas State Board of Education has cooperated with Texas Masons in their sponsorship of the special week since the first observance in 1951.

Tyler Brings Space Antenna Plant Here

Hurshel Tyler of Olney signed a contract with the City late Tuesday, Feb. 27, whereby he will locate his Space Antenna Co. plant in Wellington. This is pending the receipt of a UDAG grant of \$60,000 to the city for construction of a building to house the plant.

Application for the grant has been made.

A similar antenna to that which will be manufactured here by Space Antenna Co.

but smaller in size, was demonstrated by Tyler at the Chamber of Commerce Banquet Saturday, Feb. 24.

Associated with Hurshel Tyler will be his son, Bill Tyler, and Jim Green, each of whom has years of experience in the electronics and microwave field.

The plant will be located in the Robert Owens Industrial Park a short distance south of town on Highway 83, and will be housed in a 50 x 120 steel

building.

The microwave space antennas, which pick up signals from the RCA Comsat satellite, and other satellites, orbiting the earth at a height of 22,000 miles, will be marketed through Tyler's Weather Scan, Inc.

Tyler's contract with the city calls for him to invest \$112,000 of his own money in the plant.

He also told the C-C audience that plans are to

Skyrockets Open Track Season at Shamrock Sat.

The 1979 Skyrocket track teams, both varsity and junior varsity, will compete in the Shamrock meet Saturday, March 3.

This starts a season that will end 9 weeks from now at the state track meet.

Coach Phil Bailey said he will have men in every event except the pole vault on the varsity level. This will include a number of two and three year lettermen, as well as others out for the first time.

Altogether, 22 Rockets are carried on the varsity team and 19 on the junior varsity.

Shamrock events will include sprint relay, 880 yard run, 100 yard dash, 120 yard high hurdles, 440 yard dash, 330 yard intermediate hurdles, 220 dash, mile run, mile relay, shot put, discus, long jump, high jump and pole vault.

Head Coach James Williams and Bailey are trying to get together enough equipment for a pole vault equipment so the Rockets can have men in that category.

"In the last four years, we have lost meets by one and two points because we didn't have anyone competing in pole

vault. We just don't have the equipment, but we are trying to get something they can work with. We want to get some kids in it," Bailey declared.

Some changes in placements will probably be made before Saturday, the coach indicated.

Approximately 100 boys and girls use the track at the same time every day: around 40 on the high school teams, between 30 and 35 on Coach Jim Yarnell's 8th grade team and around 30 girls working with Coach Debbie Chisum.

Norwood Lions Sale Re-scheduled Sat.

Samnorwood Lions Club farm equipment auction will be held Saturday, March 3, on the school campus just west of the gymnasium, beginning at 10:00 a.m.

Weather caused postponement of the auction from a mid-February date.

Paul Schaub, president, said that consignments will be accepted up to sale time Saturday, and the public is urged to attend.

The Lions will also operate a concession stand.

Schaub said all items which were advertised for the earlier sale are still available, and these include several tractors, combines, pickups and trucks, strippers and trailers, hay equipment, a variety of other

equipment and plows, and a large group of unclassified items.

Since then, other sale items have been received, and more is expected.

Schaub said that anyone wishing to examine the items is welcome to come before the sale.

Money from the auction will be used to finance Samnorwood Lions Club projects, including the High Plains Eye Bank, crippled children's camp at Kerrville, Samnorwood Girl Scouts, the Miss Samnorwood pageant, Boys State, and participation of the Lions Club Queen, Kim Peeples, in the District 271 contest.

Tom Anderson Goes To Amarillo Church

Tom Anderson, minister of the Church of Christ 6 years, has resigned to accept a similar post at North Seminole Church of Christ in Amarillo.

He and Mrs. Anderson will move Thursday.

His new work will be at a church now in a rebuilding stage, Anderson said.

Both Mr. and Mrs. Anderson were members of the Volunteer Ambulance Service, which he served as co-ordinator three years. She is a certified emergency care attendant.

Anderson, an emergency medical technician, also holds an instructor's certificate and has taught classes at Clarendon College.

He also was on the board of directors for the Satellite Center almost 6 years and chaplain of the Wellington Volunteer Fire Department two. A Kiwanian, he is on the board of directors.

They have three children, Terry Anderson, a medical laboratory technician in Dallas; Mrs. Greg McCartney, also of Dallas; and Mrs. Mort Sain who lives here.

Anderson came here from a ministry at the Stinnett Church of Christ, and prior to that he was with the Bible chair at Southwestern Oklahoma State University, Weatherford, Oklahoma, and minister of churches at Claude and Memphis.

Barnett, Ward New Owners of City Grocery

City Grocery has reopened with Johnny Barnett and Raymond Ward as the new owners.

Barnett said the store has been completely redecorated and restocked, with special emphasis on the expanded produce and meat departments.

Former Wellington residents, the Barnetts have lived in Amarillo since 1968.

Barnett announced plans for the store's operation.

Coming here as store manager is Jack Harris, whose hometown is Shamrock, but who was with Furr Food Stores in managerial capacities at Amarillo a number of years. His wife is the former Shirley Kirkland, of Samnorwood, daughter of Mr. and Mrs. Bill Kirkland, now of Shamrock.

Also joining the staff in the market and produce departments is Oris West, who also has had a number of years experience in markets.

Barnett said that only U.S. Choice carcass beef will be carried. It will be cut and pre-packaged in the store, although orders will also be cut to the customer's specifications. Only name brand canned and packaged items will be carried.

Others on the store staff are Debbie Stallings and Janice Bouldin. Sackers will be Jeff

Later plans for the company call for expansion to produce several other items that Space Antenna Co. has designs on, including a solar heater, electronic power routing devices and electronic digital seafood traps and others.

Barnett and Tammy Hernandez.

Mrs. Barnett is the former Adelle Ward, daughter of Mr. and Mrs. Raymond Ward. They have two children, Charlotte, a junior in high school, and Hank, a freshman. He is the son of the late Mr. and Mrs. C.R. Barnett and attended Quail School.

He has had approximately 10 years experience in meat departments of Furr's and Safeway Stores in Amarillo. In addition, he was with Hudiburg Jones Chevrolet in Amarillo.

In Wellington, Barnett was a member of Rotary Club and the Jaycees, and Wellington Volunteer Fire Department. The family belongs to Fundamental Baptist Church.

Guests of Mrs. Mary Plunkett last weekend were her daughters, Julia Perry and Opal Plunkett of Amarillo, Mr. and Mrs. Keith Jesse, Darrin, Dana and Jeremy of Tell, and her son, Mr. and Mrs. Frank Plunkett of Oklahoma City.

Johnny R. Black Dies Feb. 21 In Amarillo

Johnny Randolph Black, 54, died at 12:06 a.m. Wednesday, February 21, in the Veterans Administration Hospital, Amarillo, where he had been a patient for 9 months.

A long-time Wellington resident, he had lived in Hollis about two years. He was a welder.

The son of Claude Black and the late Mrs. Black, he was born in Freestone County August 29, 1924. He came here with his family as a youth.

Mr. Black was a veteran of World War II, having served in the U.S. Army. He was a Baptist and member of the Veterans of Foreign Wars and Disabled American Veterans.

Funeral services were conducted at 2:00 p.m. Friday in First Baptist Church, with the Rev. Stanley Hughes, pastor, officiating. He was assisted by the Rev. Leon Tollett an Assembly of God minister in Amarillo. Burial was in North Fairview Cemetery under the direction of Guy Owens Funeral Home.

Pall bearers were Pat Robertson, Jimmy Black, Kenny Black, Charles Black, Jerry Black, and Oscar Maldonado, all nephews.

Survivors include two daughters, Mrs. Steve Joy of San Angelo and Mrs. Frank Kastle of El Paso; one son,

TSTA Holds Annual Banquet March 5

The annual spring banquet of the county unit, Texas State Teachers Association, will be held Monday, March 5, according to Mrs. James Williams, an officer.

The entertainment will be in the school cafeteria at 7:30 p.m.

This will be a western barbecue.

The entertainment will be by the Speech II class, and will be a take-off on the popular television show, "Hee-Haw."

Board members of the three schools, Wellington, Samnorwood and Quail, will be honored.

During the business session, officers for the 1979-80 school year will be elected.

Attending the banquet will be the faculty of the three schools, their guests the trustees and their wives.

Explanation

Passage of a city council resolution instructing City Manager Glen Taylor to collect money owed the city by two developers of residential areas included one on which work done by the city has not been completed.

Asphalt streets in the Fred Cox addition can not be laid by the city until the weather is warmer, and therefore money for the work is not yet due, although his name was included in the resolution.

Cox has offered several times in the past to pay the bill and was told by City Manager Glen Taylor to wait until the work was completed, Taylor said.

Services Held Monday for Daisy B. Jacobs

Mrs. Daisy Birchfield Jacobs, 75, of St. Louis, Mo., died at her home Thursday, March 22.

Mrs. Jacobs spent her girlhood in the Kelley community, but had lived in St. Louis for more than 40 years. She was retired from the Public Health Department.

The daughter of the late Mr. and Mrs. J.H. Birchfield, she was born on the Mill Iron Ranch at Estelline Nov. 3, 1903. While she was still a child, her father became manager of the ranch here, and the family lived at the Hay Camp headquarters.

She and other children on the ranch were first taught by a tutor, and later she attended Wellington School. She graduated from the high school department of Clarendon Methodist College, and continued her college studies there. She then attended Texas Woman's University, which at that time was the College of Industrial Arts. She studied for her master's degree from a Michigan University.

Before completing her college work, however, Mrs. Jacobs taught at the Kelley, Lillie and Wellington Schools, and later in Amarillo.

Although she was retired, she had continued with volunteer work.

Services for Mrs. Jacobs were conducted at First United Methodist Church, Wellington, at 4:00 p.m. Monday, Feb. 26, with the Rev. Tom Thomson, pastor, officiating. Burial was in the family plot in Fairview Cemetery by Guy Owens Funeral Home.

Pall bearers were Carthel Lewis, Bob Hightower, Orville Vaughan, Alvin Horton, Tommy Lewis, and James Sullivan.

Surviving Mrs. Jacobs are a daughter, Mrs. Dythe Gillerman of Los Angeles; two brothers, Bob Birchfield of Amarillo and Tom Birchfield of Wellington; four grandchildren and one great grandchild. Mrs. Joe Birchfield is a sister-in-law.

Youth Group Goes Skiing

A youth group from First United Methodist Church was at Santa Fe Ski Basin Friday through Sunday, Feb. 23 to 25, for a week end of skiing.

They stayed at the Glorieta Baptist Conference Center, regarded as one of the scenic spots of the Santa Fe National Forest.

Going were Lynette Spillman, Chad Holland, Jay Warwick, Gene Caldwell, Brent Long, Wade Williams, Amy Williams, Scott Cochran, Lynn Bartlett.

Sponsors were Don Bartlett, Mr. and Mrs. Mark Killian and Miss Jean Chandler.

Champion Speller Picked on March 5

The county's champion speller in junior and senior categories will be selected in the annual spelling bee Monday, March 5, Mrs. Dee Coleman, chairman, reminded.

The bee location is the county-district court room, and starting time is 10:00 a.m.

Each of the three schools is due to be represented.

The winner in each division will be awarded a plaque, and the senior winner will represent the county at the regional spelling bee in Amarillo, April 28. The winner of that event participates in the national Spelling Bee at Washington, D.C. June 3.

In addition to the winners trophies, everyone who entered on the school level gets a certificate, and this should be approximately 75 boys and girls in the three county schools, Mrs. Coleman said.

Mrs. Bob McAlister will be the pronouncer and Mrs. Rufus Sweat, Mrs. Monty

Dodson Nazarene Hosts District Superintendent

The Rev. Gene Fuller, of Lubbock, district superintendent, of the West Texas District, Church of the Nazarene, will be the guest speaker at the Dodson Church of the Nazarene Saturday, March 3. The service will start at 7:00 p.m.

Afterwards, Rev. Fuller will meet with the church board, and refreshments will be served to those attending.

Rev. Fuller was district superintendent of the Virginia District prior to coming to Texas.

Lubbock is the headquarters for the West Texas District, which includes approximately 100 churches.

Pickup Damages Store Front

Mrs. Wayne Sanders and her baby were uninjured Monday, Feb. 26, when the pickup she was driving jumped the curb on the north side of the square and crashed into the display window of C&H Pharmacy, according to investigating officers.

Sheriff John Rainey said the accident occurred as Mrs. Sanders, pulling up to the curb, thought she was putting her foot on the brake and instead stepped on the accelerator of the new 1979 pickup.

The large two-section window on the east side of the door was broken and the brick beneath it was damaged. The right front fender of the pickup was damaged. According to the sheriff.

The accident occurred about 1:45 p.m.

DAR Hears Discussions of Inheritances and Defense

La Paisana Chapter, Daughters of the American Revolution, met Monday, Feb. 26, at Cherokee Inn Dining Room, with Mrs. R.C. McNett as hostess.

Bill Spillman, Wellington attorney, discussed "Inheritances, Wills and Estate Planning," stressing the importance of everyone having a will. He explained separate and community property, and state and federal estate taxes.

Mrs. Frank Fourmentin gave the defense report, telling of the growing military power of the U.S.S.R., due to the power of the anti-defense lobby.

"For more than a decade, official Washington has been disarming the U.S. and in the face of growing Soviet military power," she said.

"We have forfeited superiority to the USSR in intercontinental ballistic missiles, civil defense, tanks, armored vehicles and combat-ready troops.

"Technology is the only component of military power in which America is superior to the Soviet Union," Mrs. Fourmentin continued. "It is indispensable to America's survival as a free nation--and it is being sold to the Soviets--by U.S. Corporations wanting to make a quick profit, regardless of the disadvantages and harm to our military or economic security--and this is done, seemingly with the approval of the U.S. State Department. It is just another 'sell-out' of our country to the USSR.

"Should we permit U.S. companies to sell our advanced computer technology to the Soviets even though it will help Soviet military capabilities, or at least free domestic computers for domestic use by the military sector? Our State Department says Yes, under

the rationale of 'detente' and reduction of tensions, but the American people have never been asked their opinion.

"The disarmament program was brought about largely because of a very well organized anti-defense lobby which is still at work and stronger than ever," Mrs. Fourmentin told La Paisana members.

"The American public is in favor of a stronger defense, but the minority of Americans who favor disarmament are so well organized, the majority view is ignored.

"These anti-defense groups direct their supporters to write the President, congress, write letters to the editor, get their views on TV and radio.

"What is needed is a pro-defense coalition. Unless those of us who favor a strong defense, and members of patriotic organizations and pro-defense organizations - unless all start to work together on this issue of national defense, the national policy will continue to reflect the anti-defense views of the organized minority.

"World peace and our survival, as a free nation, may depend on the creation and success of prodefense coalitions."

Attending were Mrs. H.H. Bowen, Miss Maudie Coffee, Mrs. J.D. Coleman, Mrs. Jack Davis, Mrs. Frank Fourmentin, Mrs. Bura Handley, Mrs. Jennie Holcomb, Mrs. McNett, Mrs. W.L. White, Mrs. Joe Wood, Miss Hattie D. Wells, and the guest speaker, Mr. Spillman.

Mr., Mrs. Marcus Parrigin Honored On Fiftieth Wedding Anniversary

The two sons of Mr. and Mrs. Marcus B. Parrigin honored their parents at a family reception Sunday, Feb. 18, marking their 50th wedding anniversary.

The hosts were Mr. and Mrs. Van Parririn, with their children, Gail Ann, Sue L. and Larry Joe of Lubbock; and Mr. and Mrs. Joe A. Parrigin and family, Nita Jo Parrigin, Mr. and Mrs. Jim Miller and children, Jennifer and Jeffery, of Andrews.

The event was held in the Heritage Room with only relatives and a few close friends present.

Mr. and Mrs. Parrigin and their sons met the guests.

The reception table was laid with a white lace cloth and the centerpiece was an arrangement of gold chrysanthemums. Crystal appointments were used. Mrs. Miller served the reception cake and Gail Parrigin poured. Sue Parrigin registered the guests and Nita Parrigin displayed the gifts.

The fact that they have had a golden wedding anniversary, and that they have moved from their farm in the Cross Roads community into town 12 years ago does not mean this couple has retired. He continues to farm and has cattle, looking after them every day.

Although neither Mr. or Mrs. Parrigin was born here, both came when they were young children.

The former Lena Elizabeth Richards, Mrs. Parrigin was born at Claude, the daughter of the late Mr. and Mrs. George Richards. They came to Cross Roads in 1910.

Her family had a much earlier connection with the county, as her grandparents, Mr. and Mrs. J.S. Richards were among the early settlers. The first home was a half dug-out, and later a large room was built on top of the ground.

George Richards had come

MR. AND MRS. MARCUS B. PARRIGIN

here with his father, but later worked for the railroad at Canadian and Claude, where he was living when his daughter was born.

Mr. Parrigin was born in Fannin County, the son of Mr. and Mrs. Joe Parrigin. The family came here in 1911, settling first at Rolla then moving to the Houselog community in 1917. He attended school in those communities.

The couple recalls distinctly the day they were married, Feb. 9, 1929, for it was bitterly cold and snow was on the ground. It was not too different 50 years later. The wedding ceremony was performed in the parsonage of First Methodist Church by the

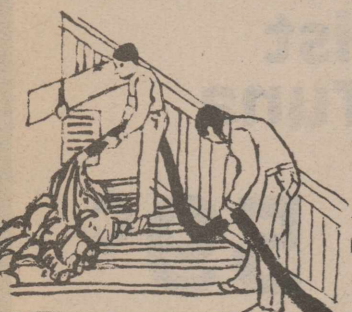

Rev. A.I. Smith. They went directly to their home on parents place at Cross Roads.

Later, Mr. Parrigin served as a school board member in the community.

Both agree that they like country life better, but town offers them more conveniences.

Besides their children and grandchildren, Mrs. Parrigin has a brother, Clint Richards of Gruver, and he has three sisters, Mrs. Frank Thomas, Mrs. C.E. Willenborg of Irving, Mrs. Lila Lee Wilkins of Ft. Worth.

Herman Childresses Return from Calif.

Mr. and Mrs. Herman Childress returned recently from a three week stay with their daughter and son-in-law and family, Mr. and Mrs. Sam Norris, Dracey and Tracey Langford, of Pasadena, California.

While they were there, Mrs. Childress' brother, Mr. and Mrs. J.W. Emmert, of Long Beach, and their daughter and son, Mr. and Mrs. Kurt Nielsen and Mr. and Mrs. Bryan Emmert, visited them in Pasadena.

The Norrises live in the mountains above the Rose Bowl and Mrs. Childress said the view was beautiful. It snowed while they were there, which is unusual for that area.

They also enjoyed sightseeing trips in the Los Angeles and Santa Barbara areas.

Norwood PTA Hears Florist

Mrs. Don Hendrix of Wellington Florist presented a program on floral arrangement for members of Samnorwood Parent-Teacher Association Monday evening, Feb. 26.

The arrangement of fresh flowers which she made was later given as a door prize.

Students of Mrs. Wanda Tucek, in grades four through six, provided the entertainment with patriotic songs and poems. This group also won the room count.

Refreshments were served by members of the freshman and sophomore classes.

Extension Homemakers Clubs by Jean Chandler

Collingsworth County Home Extension Agent

A new name for "home demonstration" clubs—Extension Homemakers Clubs—went into effect January 1, 1979 across Texas, and Collingsworth County clubs will join the effort.

For their new names, Collingsworth County clubs will change the words "home demonstration" to "Extension Homemakers."

This change is affecting the statewide network of Extension Homemakers Clubs at all organizational levels—including community, county, district, and state, according to Miss Chandler.

To create the new name, members of the statewide Texas Home Demonstration Association recently voted to change the state organization's name to Texas Extension Homemakers Association—a 20,678 member organization of community club members from across Texas. Extension Homemakers Clubs are also the fastest growing womens organization in the Nation.

Each club and county council will be considering a

local name change to coincide with the state organization name.

Their new name reflects the state association's affiliation with the National Extension Homemakers Council, Miss Chandler added.

The First Step

Senator Bob Price of Pampa is introducing some legislation that has been long overdue for our part of the country and which is especially timely right now during this current energy crisis.

The Price bill would create the Texas Gasohol Development Act and under it the Texas Energy Advisory Council will make available five matching grants of up to \$4 million for the construction of grain alcohol plants or related facilities.

Another bill will provide for tax exemption status for fuels containing a minimum of 10 percent by volume of alcohol derived from Texas agricultural or forest products.

And a bill entitled "The Texas Gasohol Pilot Plant" will provide for the state funding of a pilot Gasohol plant. Senator Price hopes such a pilot plant will be located in the heavy corn producing areas of the Texas Panhandle.

Certainly the Panhandle and South Plains would be the ideal spot for the production of grain alcohol because alcohol can be made not only from corn but also from milo and wheat and lots of other farm products.

A fourth piece of legislation will be needed to legalize Gasohol because the manufacture of alcohol is currently illegal in Texas.

Several years ago there was a movement on the part of several Panhandle communities, namely Ochiltree, Dallam and Castro counties, to get legislation passed which would allow the manufacture of alcohol for industrial purposes. This legislation never got out of committee and the story was that Houston business interests killed it.

Well, its a new ball game now. The nation desperately needs more fuel and alcohol can be produced in quantity from a variety or renewable farm products. Alcohol can even be produced from garbage.

There has been talk about alcohol for fuel for a long time but it has never gotten rolling. Farmland Industries, the giant Midwest cooperative did a lot of research on alcohol and gasohol a few years ago but dropped the project, concluding that until the price of alcohol became a lot more competitive with the price of petroleum, there was no use in producing it.

It was estimated that the cost of alcohol would be a long time reaching that point, but it may be closer than we think. Right now grain alcohol can be produced from 85 cents to \$1.25 per gallon and that is mighty close to the price of gasoline.

Bob Price is to be commended for stepping out and taking this first step toward solving a lot of problems. The establishment of an alcohol industry would bolster farm markets, ease the strain on oil imports, and go a long way toward insuring the future energy requirements of America.

Collecting Taxes

An eagle-eyed city attorney at Canyon, where city and county commissioners have long been at odds about a number of things, has discovered what the Canyon News calls "A quietly-passed 1975 law" which says that a city commission in Texas can pass an ordinance making it the responsibility of the county tax-assessor-collector to assess and collect city taxes for a statutory fee of only one percent.

At Canyon (as in Canadian) the city uses the services of the school district tax collector to collect city taxes. For this service in Canyon, the city pays the Canyon School District tax office a fee of 5 percent (in Canadian the fee charged the city by Tax Assessor John Wilkinson totals only four percent, two for assessing, two for collecting).

The Canyon newspaper points out that the law would have the effect of putting Randall County and Canyon taxpayers on the same tax roll with common values...which might be the reason why more cities don't take advantage of that "saving." In Hemphill County (and probably in many Texas counties) the county valuations are considerably lower than those used by cities and school districts.

Letters from the People

Dear Editor:

If one wonders why our President is trying to pay away The Panama Canal, and why we are normalizing relations with Red China, a nation which a number of its citizens are still trying to leave by swimming shark infested waters the following information by Dan Smoot might help. A United Nations Monetary and Financial Conference was held at Bretton Woods, New Hampshire, in July 1944. The American delegation was Harry Dexter White, member of the Council on Foreign Relations undercover Soviet espionage agent, Assistant Secretary of the United States Treasury. White's Bretton Woods Conference set policies which our government has followed, without deviation, under all Presidents, since the end of World War II. The policies were intended to accomplish four major objectives.

(1) Strip the United States of its monetary gold reserve by giving gold to other nations.

(2) Build the industrial capacity of other nations, at our expense, to eliminate American productive superiority;

(3) Take world markets - and much of the American domestic market away from American producers to stop

American domination of the World Trade.

(4) Entwine American affairs with those of other nations until the United States could not have an independent policy, but would become an interdependent link in a worldwide socialist chain.

I have more information on this subject if anyone would like it. In this same article there is another paragraph I would like to bring to your attention and it is the following paragraph that came out in the New York Times by James Reston, editorial columnist, a friend and admirer of President Kennedy. Reston said: On July 4, 1962 "This year, President Kennedy went to Independence Hall, of all places, ... on the Fourth of July, of all days, and virtually proposed to repeal the Declaration of Independence in favor of a declaration of international interdependence. American opinion seems remarkably receptive, or at least acquiescent, to President Kennedy's proposal.

There is not much time but we can still save our Canal by writing our Congressman and telling him to support the bill H.R. 1511 introduced by Rep. George Hansen, to BAN CANAL FUNDS.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Texans who have had to tighten their belts and their budgets because of inflation and a precarious economy, may well understand the difficulty the Legislature is having over

trying to decide how the taxpayers' money should be spent.

Over just the question of how Texas will finance its schools, three answers are being considered.

As for a state-wide budget, the Legislative Budget Board has presented its proposals, departed Gov. Dolph Briscoe left behind his suggestions before leaving office and Gov. Bill Clements finally got around this week to telling legislators about his own budgetary ideas.

In his speech before a joint session of the House and Senate, Clements proposed a 17.1 percent increase in state spending. The same jump Briscoe suggested. The LBB called for a 22 percent hike.

Education, law enforcement and corrections would stand to gain most of the \$2.9 billion increase in state expenditures recommended by Clements. Taxpayers would benefit too. Under Clements' plan, \$1 billion would be left over for additional tax relief.

Earlier in the week, State Democratic Chairman Billy Goldberg almost upstaged Clements by accusing the governor of "grandstanding" with his trips to Mexico and Washington. Meanwhile, Goldberg pointed out, the governor had missed the deadline for submitting his budget. The law says a governor should make his budget proposals 20 days after taking office. But Goldberg's clamoring over Clements being late with his budget quickly took a back seat to the furor that broke out over what Clements finally did say.

Sen. Grant Jones of Abilene, chairman of the Senate Finance Committee, and Lt. Gov. Bill Hobby, a member of the Legislative Budget Board, came to the defense of the LBB spending draft, pointing out that Clements' budget would "cut both state services in real terms and provide greater potential burdens for local property taxpayers." Earlier in the week, Hobby and Jones hinted that they might be toying with the idea of a one-year state budget in light of an unpredictable economy.

School Finance

While not wrestling with the budget, Lt. Gov. Bill Hobby was speaking his

mind on other subjects this week saying he favored raising, if not just abolishing, the state interest rate ceiling. Speaker of the House Bill Clayton agreed. The two bosses of the separate chambers also saw eye to eye on the question of raising the speed limit from 55 to 70 mph. Both were against it.

NEWS FROM THE CAPITOL
By Foster Whaley
State Representative

I was very happy to be asked by Representative Bob Simpson to co-sponsor HB 880 that would exempt the Opportunity Plan Inc. from Ad Valorem Taxation. This is a non-profit corporation located off campus in Canyon. It has loaned millions of dollars to worthy Panhandle students who attend colleges and universities throughout the state. For many years the students receiving these loans were primarily students of West Texas State University. It is my understanding they now

make loans to students attending other colleges and universities.

Mr. Milton Morris of Canyon is the founder and great sponsor of this fine program. Both the Federal Government and the State of Texas would do well to consult Mr. Morris on how he has had such a phenomenal record of collection on these loans. The loss ration has been less than two percent. I'm sure you have read where the loses of the Federal Government Educational Loan Program have run into the hundreds of millions. Loses by the State of Texas of student loans have been in the tens of millions. At the present time the State of Texas in cooperation with the local school districts picks up the \$1,500.00 annual tab it cost to send each student to grade and high school. I feel the State has a real responsibility here. We need the best without waste at this level. In addition the State picks up a \$2,500.00 tab per year for each of the college and university students. This represents about the half of the \$5,000.00 annual costs of sending one student to a college or university. It is a well established and documented fact that college and university graduates will

increase their life time earnings in the hundreds of thousands of dollars by gaining a degree. I feel a hard look should be taken on all loans and outright grants to students in higher education.

Visitors in our office this week from District 66 included the following from Quitaque: Phil Barefield, Monti Stephens, David Brunson, Bruce Patrick, Warren Merrell and O.R. Stark, Jr. Other visitors included Floydada residents, Alton Higginbotham and Mr. and Mrs. Kenneth Pitts; Pampa residents Jack Osborne and Raymond Maddox.

The Committee on Government Organization, of which I am a member, heard testimony this week on the reestablishment of its first government agency. We heard five hours of testimony on one bill that would reestablish the state bar.

This Committee was created to handle all the Sunset Legislation. During the 65th Legislature, a law was passed that would cause every state agency to expire at a predetermined time. If new legislation is not passed to activate these agencies they will expire when the sun goes down on this predetermined date. This, SUNSET LEGISLATION.

Rudell White Dies In Plane Crash

Rudell White, 35, of Richardson, who grew up at Quail, was one of four churchmen who died when their plane crashed into a fog-shrouded creek bank near Redbird airport in southwest Dallas, Wednesday, Feb. 21.

He attended Lubbock Christian College two years and received his bachelor's and masters degrees from Abilene Christian University. White and Miss Chandler were married May 24, 1965. He was pastor of Churches of Christ at Robert Lee, Lano and Odessa before going to the Preston Road School of Preaching about two and one-half years ago. The school was found in 1965 as a two-year Bible course for prospective ministers.

Funeral services were conducted at the Church of Christ in Wellington at 3:30 p.m. Friday, Feb. 23, with Gordon Ferguson, minister of Dallas, officiating, assisted by Alfred White, of Stratford Church of Christ, a cousin.

Burial was in Quail Cemetery under the direction of Guy Owens Funeral Home. Pall Bearers were nephews: Gary Barton, Jimmy White, Ken Maxwell, Audie Watson, Randy White and Bret White. Honorary pall bearers also

Parents Urged To Examine Report Cards

High school students received their second-quarter grade cards Wednesday, Feb. 28, and parents are urged to check with their children to be sure they see the cards, Principal Melvin Cardwell has announced.

"I have had parents say they have never seen a report card from their son or daughter. That is the parents' fault. They need to check each 6 weeks or at the end of each quarter to see how their child has progressed," Cardwell declared.

"If they are not sure of something, they are asked to consult the high school principal's office. If they need to see a teacher or talk to me, they can come to the school or call."

were nephews: Randal Maxwell, Steve Roach, Jerry Barton and Joe Barton.

Surviving are a daughter, Gina Denise, and a son, Chet Allen, in addition to his wife, parents, sisters and brother.

LOCAL PROTEST

American Agriculture Movement supporters raised an American Ag flag under Old Glory on the A.S.C.S. flagpole Thursday morning, part of demonstrations across the country designed to show support at the grass-roots level for AAM's tractorcade and its demand of 90% parity. The group also rolled in 25 toy tractors in a mock blockade of the office. The group got a warmer reception in Wellington than they had in many Washington offices last month—coffee and donuts were waiting inside.

Mrs. Zora Dial, Arlie Pioneer, Dies Friday

Mrs. Zora Dial, 82, died in Collingsworth General Hospital at 8:45 p.m. Friday, Feb. 23 after a brief critical illness. She came to Thomas Nursing Center three and one-half years ago from North Hollywood, Calif., where she had lived about 50 years.

Private services were conducted at Guy Owens Funeral Chapel Saturday, with Judge Bob Watson and Jack Neeley of the Church of Christ officiating. Her body was sent to North Hollywood where Pierce Brothers Mortuary were in charge of burial in Valhalla Memorial Park Cemetery.

Mrs. Dial, the former Zora Evelyn Alexander, was the daughter of one of the first couples to settle in the Arlie area, the late Mr. and Mrs. W. M. Alexander. She was born there June 20, 1896, and attended the Arlie School. Later, the family moved to

Hollis, and she was employed in a drygoods store for a number of years.

She was married to Henry Dial of Hollis during World War I. They lived in Oklahoma City before moving to California.

Mr. Dial died in 1944 and their only child, Harold Max Dial, died in 1971.

Survivors are her daughter-in-law, Mrs. Harold Max Dial and two grandsons, Max Dial, Jr., and Tom Dial of Los Angeles; a brother, Clyde Alexander of Dodson; and two sisters, Mrs. J.B. Hollis, Sr., of Mangum and Mrs. Winnie Smith of Hollis. Col. J.B. Hollis, Jr., of Dodson is a nephew.

RESOLUTION AND ORDER BY THE BOARD OF DIRECTORS OF COLLINGSWORTH COUNTY HOSPITAL DISTRICT CALLING AN ELECTION FOR THE PURPOSE OF ELECTING DIRECTORS.

WHEREAS, by virtue of the provisions of Chapter 262, page 579, Acts 60th Leg., Regular Session, 1967, it is necessary that an election be held in Collingsworth County Hospital District on April 7, 1979, for the purpose of electing three directors for such District to serve two year terms of office until the first Saturday in April, 1981 and thereafter until their successors have been declared elected and qualified; therefore, BE IT RESOLVED AND ORDERED BY THE BOARD OF DIRECTORS OF COLLINGSWORTH COUNTY HOSPITAL DISTRICT:

SECTION 1: That an election be held on the 7th day of April, 1979, within said Collingsworth County Hospital District to serve two year terms of office until the first Saturday in April, 1981, and thereafter until their successors have been declared elected and qualified.

SECTION 2: That the manner of holding said election shall be governed by the General laws of the State of Texas, except as otherwise provided by Chapter 262, page 579, Acts 60th Leg., Regular Session, 1967, and all resident qualified electors shall be entitled to vote.

SECTION 3: To be eligible for the office of Director a person must be a resident of the District, a freeholder, and a qualified voter.

SECTION 4: The said election shall be held at the following election precincts for said election:
1. American Legion Hall, Dodson, Texas, the presiding judge to be appointed.
2. Quail High School, Quail, Texas, the presiding judge to be appointed.

3. Samnorwood High School, Samnorwood, Texas, the presiding judge, to be appointed.

4. Bura Handley Community Center, Wellington, Texas, the presiding judge to be appointed and the presiding judge shall appoint an assistant judge and such clerks as may be required to assist in holding such election.

ABSENTEE VOTING shall be conducted by the County Clerk of Collingsworth County, Texas, at the County Clerk's office at Wellington, Texas, in accordance with the provisions of Artical 5.15, V.A.T.C.A. Election Code, and said Clerk shall keep her office open between the hours of nine a.m. and five p.m. on each day for absentee voting which is not a Saturday, a Sunday or an official State Holiday, From March 23, 1979 to April 6, 1979.

SECTION 5: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.C.S., Election Code, and that written or printed on such ballots shall appear the names of the candidates for directors who have submitted a proper petition under the provision of Chapter 262, page 579, Acts 60th Leg., Regular Session, 1967. Persons desiring to have their names appear on the ballot may obtain forms of peitions to be completed from Mrs. Edi Williams, Collingsworth General Hospital, Wellington, Texas; City State Bank, Wellington, Texas; or Wellington State Bank, Wellington, Texas. The Petitions must be completed and filed with Mr. Tom Cunningham, Secretary of the District not later than March 13, 1979.

SECTION 6: The election officials shall make due returns of said election within five (5) days of the date of holding same.

SECTION 7: The Board of Directors shall give notice of the election herein ordered by publishing a true copy thereof, signed by the President and attested by the Secretary, in a newspaper of general circulation published in Collingsworth County, Texas, one time at least thirty (30) days prior to the election.

PASSED, APPROVED AND ADOPTED, this the 26th day of February, 1979. Otis Emmert, President,

Board of Directors Collingsworth County Hospital District.

ATTEST: Tom Cunningham, Secretary, Board of Directors Collingsworth County Hospital District. 32-1c

GENE AND BOBBIE MOORE

Gene Moore to Lead Methodist Revival

The Rev. and Mrs. Gene Moore of Waco, a husband and wife preaching-musical team, will conduct revival services at First United Methodist Church Sunday through Thursday, March 4 to 8.

For Rev. Moore, this is a return to the town where he spent several years of his youth.

Sunday services will be at 10:55 a.m. and 6:00 p.m., and on week days at 7:00 a.m. and 7:00 p.m. All will be in the church sanctuary, according to the Rev. Tom Thomson, pastor.

Coffee and donuts will be available in the old parsonage before and after the morning service, which should end by 7:45 a.m.

"We have planned these early enough so that business people can come before going on to their work," Rev. Thomson said.

The revival theme, "The Lord Is My Light," is from

Psalms 27:1, he added. Rev. Moore's father was pastor of the Wellington Church of the Nazarene while he was in high school.

He and his wife, Bobbie, have been in full time musical and preaching evangelism since 1962 and prior to that he held several pastoral appointments in the Northwest Texas Conference.

Their work has taken them into churches and camps through the United States. They have done special work for the National Board of Evangelism of the United Methodist Church, the United Christian Ashrams, and jurisdictional and annual conferences. They have sung for meetings in Japan, Indonesia and India.

They have recorded six albums of music.

A ministry of special concern to the couple is the building of a church in India in memory of their son, Timothy,

Speakers Emphasize Small Town Industrial Climate

Two industry-oriented speakers who have watched Wellington on a week to week basis for many years came home to tell a chamber of commerce banquet crowd Saturday night what the town has that makes it attractive for those seeking plant locations.

R.H. Tyler, now of Olney, said his Space Antenna Company has been invited to locate in Wellington.

"Our plans are to move as fast as we can."

Final arrangements are being worked out at mid-week.

Don Raburn, banquet speaker, stressed the quality of life that is so important in attracting industry.

In another segment of the program, awards were presented in six categories.

Mrs. Elmer (Kay) Feemster of the Wellington State Bank staff received the Chamber's Sales and Service Award, from President Lyman Daniel, who then presented the Community Service Award to Mayor Bill Hatch.

Dan Henard, Jr., representing Salt Fork Soil and Water

Conservation District, awarded a plaque to G.N. Davis as its Outstanding Farmer-Rancher.

He then made two junior awards.

Angela Watts, daughter of Mr. and Mrs. C.W. Watts, was winner of the district's poster contest, while Kathy Michael whose parents are Dr. and Mrs. Charles Michael, received the essay contest award.

In a final presentation, Henry Wells, editor of The Wellington Leader, was honored in recognition for support and news coverage for Collingsworth Farmers and Ranchers and working toward the preservation of family farms and rural America.

The plaque was given by Collingsworth County American Agricultural Movement, and presented by Denzil Lacy, a Farm Bureau Director, and Andy Henard, president of Farmers Union.

Certificates were awarded 26 businesses which have served the county more than 50 years and individuals who have been in their field of work 50 years and are still active.

They include: City State Bank, Wellington State Bank, C&H Pharmacy, Lewis Grocery, Sullivan Hardware, Ritz Theatre, Wellington Gin and its manager, Alonzo Cartwright, individually, Farmers Co-op Gin, Davis Gin at Dodson, Farmers Co-op Enterprises at Dodson, Warrick's, Inc., Singley Mill and Elevator, Wells and Wells, Herman Childress

Mattress Co., East Side Welding, The Wellington Leader, Saied's Department Store, Rufus Hays, Cicero Gulley, Fleet Pruden, Dr. Charles B. Jones,

Holton Oil Co., Steve Owens, O.B. Raburn, Sandy Parsons and Lutie Gin.

"I see so many people in the audience who have been special to me," Raburn, who grew up here, said in tribute.

"The community's quality of life is the key to success," he told the group. "Most often the things that are good for the local citizens, the things that make life better for everyone, the project that improves the appearance of the city, also makes the town attractive for industry."

"To work on these projects pays dividends every day, week, month, and year, regardless of whether new industry is attracted to the community."

Raburn's talk was brief, but seriousness was sprinkled with anecdotes of his boyhood here.

At the top of his list of needs which must be met for this quality of life, Raburn listed health services—hospital, ambulance and nursing home.

Education is vital, both public school and adult education. He noted the opportunity with Southwestern Rail Products to train for new skills.

Parks and other forms of recreation, reaching everyone from Little Leaguers and Brownies to senior citizens are

involved here.

A former member of the Texas Tourist Commission, Raburn took note of the county historical museum.

"What are we really trying to do in industrial development?" he asked.

"We are trying to create more and better job opportunities in order to raise the per capita income of the citizens and improve the quality of life for everyone."

It is characteristic of American Industry said the manager of industrial development for Dallas Power & Light Co. "Eighty-five percent of all manufacturers have less than 25 employees," he said.

Tyler, who also grew up in Wellington and started in business here, told the group that "I feel like a prodigal son."

"You have a county that is friendly, and you can use that friendliness (to attract industry). You have the drive to bring good things in."

He explained briefly, and later in the evening he and his son, Bill Tyler, discussed in greater detail, the microwave space antenna on which he will begin production.

Weather conditions held up completion of the 16.4-foot antenna which they had planned to bring to Wellington, but mounted outside Bura Handley Community Center was a 10-foot microwave antenna of similar design.

The Tylers explained why their model, which picks up its signals from the RCA Comsat satellite orbiting the earth from a height of 22,000 miles, can be manufactured and sold for less than those presently in

production by other companies.

Inside the building, television sets broadcast a program from an Atlanta, Ga., station, picked up via satellite from the antenna outside.

"I appreciate your spirit. I appreciate your interest," R.H. Tyler told the audience.

New officers who began their duties at the banquet were Robert Owens, president; Virginia Robey, first vice president; Dorothy McGill, second vice president; Billy Moseley, treasurer. Margaret

Walter C. Spear, Amarillo; De Holliman, Panhandle; Calvin Tow, Amarillo; Mrs. Bill Heckatorn, Killeen; Harry Patterson, Amarillo; Vera Dennis, Amarillo; Conrad Melton, El Paso; G.C. Pettet, San Antonio;

Richard Bailey, Nocona; Paul Jones, Brighton, Colo.; Rose Wells, Midland; Archie Ketchersid, Hollis, Okla.; Charlie Love, Phoenix, Arizona;

Vines is executive secretary. More than 250 attended the banquet.

Hospital Board Calls Election April 7

Collingsworth General Hospital Board called a directors election for April 7 at its regular meeting Monday, Feb. 26 and made petitions for names to be placed on the ballot available at three locations.

Petitions may be picked up at Collingsworth General Hospital office, Wellington State Bank or City State Bank. In order for a name to be placed on the ballot, the petition must be signed by 15 qualified voters and returned to Tom Cunningham, board secretary, or the hospital office by 5 p.m. Tuesday,

March 13. Absentee voting for the election will be held in the Collingsworth County Clerk's office from March 23 through April 6.

In other action the board reviewed the hospital's current financial situation and voted to file in small claims court against a total of \$731.30 in overdue accounts.

Three terms expire on the hospital board this year. All three incumbents—Truit Holland, Clyde Drake and J.C. Howell—have indicated they will not run again this year.
