Sights and Faces Seen

"All voters, especially in Precincts 1 and 2, should bring their poll tax receipts when they come to vote," says E. S. Ireland, County Democratic Chairman. "Qualified voters may vote without receipts, but by having them, the voting will move about twice as fast."

There is an old saying about "When a man bites a dog, that's news." According to the same theory, it should be news when a fish last Sunday caught Mont. Mont hooked a four and one-half pound bass in the park, and after getting it near the bank, the line broke. Undaunted, Mont jumped into the creek and grabbed the fish—the dangle was still in the fish's mouth and one of the hanging hooks went between Mont's thumb and forefinger. The barb on the hook had to be cut away before he was free. But even now, Mont doesn't hesitate to say, "I'd do it again for another fish like that."

Mr. Friemel out in the Daniel community, after noting how rains seem to follow the itinerary of President Roosevelt, says: "I just wish he would walk out across my maize patch."

Combining has its disadvantages, according to L. A. Smith, Carl Wimberly, and Arthur Tietel of the Dawn community; they felt none the better when they found themselves parked neatly on the ground beside the machine.

Beauty Pageant Canceled Here At Star Theatre

That the Beauty Contest, scheduled here for July 27-28, has been indefinitely postponed was today announced by John Roberts, manager of the Star Theatre.

"It is possible that a popularity contest may be held here during August," Mr. Roberts said, "but due to unforeseen conditions, we have called off the Beauty Pageant."

Mr. Roberts said that "Prof. L. Q." a question and answer contest, will be started at the theatre in the near future—and that a new stunt, "The Magic Eye" will also be started here in the near future.

Brother-Sister Meet After 30 Year Separation

When Mrs. Mary Caldwell of Yuma, Calif., last week end visited relatives in Hereford, she saw her brother, P. A. Turnbow, for the first time in 30 years. She was accompanied here by Mr. and Mrs. Lloyd Kearns of Los Angeles; Mrs. Kearns is the daughter of Mr. Turnbow and a sister of Mrs. D. R. Grimes.

Sunday, Mr. and Mrs. Kearns, Mrs. Caldwell, Mr. and Mrs. Grimes and family, Mr. and Mrs. J. R. Hyde, C. P. Grimes, Mr. Turnbow, and J. Coleman, Geo. Cantrell, and Wesley Brown enjoyed a picnic on the Brady ranch. After a day of picnicking, fishing and swimming, the group returned to the D. R. Grimes home for a fish fry.

Prospects Bright As International Highway Group Meets In Levelland

Representing the Hereford Chamber of Commerce, Jack Rose, last week attended a meeting of the Highway 51 Association in Levelland. Over 150 delegates attended the meeting and were enthusiastic over the possibility of completion of the International Highway, which crosses Deaf Smith County along the route of the present Dimmitt-Hereford-Vega road.

F. M. Quinn of Odessa, was elected president to succeed Glenn Burgle, who has moved from Littlefield, and John Hanks of Dalhart

Interest Centers On 21 Races Here In First Primary To Chicago

Rev. H. M. Redford, pastor of the Christian Church, left Wednesday for Chicago, where he will spend his vacation. He will take several courses in the Divinity School of Chicago, and will return to fill his pulpit Sunday morning, August 28. Mrs. Redford will remain in Hereford.

Ballot Contest Will Be Held By Hereford Brand

PRIZES TO BE AWARDED WINNERS; BALLOTS TO BE CHECKED

To the Deaf Smith County citizen who checks on the sample ballot of this issue of The Brand the greatest number of winners in contested races, prizes will be awarded by The Brand. The sample ballot and rules will be found on Page 1, section 2, of this edition of The Brand.

Persons entering the contest must check the name of the candidate whom they believe will lead the ticket in their particular race. State races will be judged on state-wide returns, while district races will be judged on district-wide returns; county and precinct races will, of course, be based on county and precinct returns. In cases of a tie, the prize will go to the person who first turned in his selection.

All contest ballots must be returned or mailed to The Brand office on or before 2:30 o'clock Saturday afternoon, July 23.

First prize in the contest will be \$200 cash, second prize will be (Continued on Page 12, Sec. 1)

Thorns Attends Education Meet

Rev. J. C. Thorns is in Albuquerque, N. M., attending an educational meeting sponsored by the National Board of Christian Education of the Presbyterian church.

The short course opened Sunday, July 10, and will continue through Sunday, July 24, inclusive. Rev. Thorns plans to attend the entire session.

Haile Drug Has Store-Wide Sale

Listing scores of bargains, the Haile Drug this week announced a store-wide sale of drugs and sundry items in a big clearance sale.

In announcing the sale, Mendo Haile said that reduced prices will be featured in every department of the store with savings on hundreds of items. "We invite you to visit our store and to inspect the many bargains we are offering," he said. "This is a real chance to save on drug items."

TWELVE COUNTY RACES ARE CONTESTED IN SATURDAY VOTE

With 21 contested races on the Deaf Smith County ballot, general interest this week focused on the first primary, scheduled for Saturday, July 23.

Of the 12 races for county and precinct offices, eight were contested; however, the office of county and district clerk was the only county office which offers the possibility of a runoff. The two precinct offices which will likely require a runoff are the commissioner races in Precincts 1 and 2.

Aside from county politics, the office of governor seems to be the only state office which is demanding much attention in this county. Straw votes and state polls during recent weeks indicate that Ernest O. Thompson, W. Lee O'Daniels and William McCraw will be the three leaders in this race.

County races which will definitely be settled next Saturday, include that of county judge, county attorney, commissioner of Precinct 4, and justice of the peace. Four candidates who will go into office unopposed are Mrs. Bessie L. Smith for treasurer, A. O. Thompson for surveyor, H. D. Culppepper for commissioner in Precinct 8, and H. E. Wester for constable.

Precinct 1, with four candidates, and Precinct 2 with five candidates, are the most closely contested races and are demanding as great interest as most county races.

To Open Bids On Post Office Lot Here August 3

Soliciting proposals for a site for a Federal building in Hereford, the Treasury Department this week specified that all bids for Hereford's new post office will be opened publicly in the office of the postmaster here at 9 o'clock Friday morning, August 5.

Specifications further designated that all corner lots be 120 foot frontage and 170 foot depth; interior lots 145 foot frontage and 170 foot depth. However, sites having different street frontage dimensions will be considered provided the area is approximately the same.

In all cases where possible, it was requested that bids be submitted (Continued on Page 12, Sec. 1)

Most Courteous Clerk Sought In Theatre Contest

WANTED: Hereford's most courteous clerk. A reward of \$5 cash is offered by the Star Theatre.

In connection with the showing of "The Rage of Paris," John Roberts, manager, today said that the Star Theatre will endeavor to find the "rage of Hereford"—the perfect clerk. Hereford's most perfect and most courteous clerk will be selected by an unidentified shopper, a person who will visit all the stores and merchandise establishments during the period between now and August 8, and who will pass judgment on the clerk. HIGH SCHOOL ENROLLMENT SCHEDULED TO BEGIN AUGUST 15

That the Hereford Public Schools will open September 5, the first Monday in September, was this week announced by Knox Kinard, superintendent. Mr. Kinard said that enrollment for high school students will begin around August 15, as in past years, in order that high school students may work out their courses to better advantage.

Parents who live outside the Hereford Independent School district, and who plan to send their children to school here next year, were also notified that July 31 is the final date to make application for transfers. Application blanks for transfers may be secured at the office of County Superintendent in the court house. Strict state regulations make it necessary that all applications be made by the specified date.

Mr. Kinard moved to Hereford, July 1, and assumed duties as superintendent of the Hereford schools, succeeding C. H. Dillehay, who is now superintendent at Vernon, Texas. Since his arrival here, Mr. Kinard has been working daily at the high school building, and stated that he will be glad to assist prospective students who call on him at the office there.

More complete registration plans will be announced by Mr. Kinard around the first week in August.

Methodists Plan Unique Services Sunday Morning

Sunday, July 24, will feature two unusual services at the First Methodist Church, according to Rev. M. M. Beavers, who today said that the morning hour will be conducted by laymen of the church.

"Various interests of the church will be discussed by the laymen," he said. "No preachers will take part in the program."

The evening service will be devoted to a musical. A sing-song of church hymns and sacred music will be featured. Leaders in the First Christian and Methodist churches will arrange and lead this program. The public was invited to attend and take part in the two services.

Local Delegates At A-M Short Course Session

Delegates to the Texas A. & M. Short Course at College Station returned this week following termination of the meeting last Saturday. Those who attended the Home Demonstration Short Course, were Mrs. Geo. S. Parker, Mrs. Louise Olson and Miss Sadie Lee Oliver, agent; Miss Georgia Nell Coleman attended the short course. NEW INSURANCE PLAN ON CROPS IS EXPLAINED

Many wheat producers are becoming interested in crop insurance. T. F. McCollister, the Wheat Insurance Supervisor may be found in the County Agent's office in Hereford each day. The time limit for making an application for the insurance terminates August 30.

The amount of insurance per farm is based on the record of individual farms and is calculated from the years 1930 to 1935, inclusive.

"In my opinion this is really an opportunity for wheat farmers to be insured since it covers almost every disaster," A. R. Bateman, agent, said. "All producers and land owners are welcome to call at the office where your individual cost will be figured."

Football Boys Will Train At Ceta Glen

ALL INTERESTED BOYS ELIGIBLE TO MAKE TRAINING CAMP

That a training camp for candidates for the 1938 Hereford High School football squad will be held from August 29, to September 8, inclusive, was announced this week by Coach Tommy McCollum. The camp will be held at Ceta Glenn in Palo Duro Canyon, and the boys will be accompanied by Coach McCollum, R. A. Muller and John Willoughby, assistant coaches.

"All boys who expect to come out for the Whiteface team are eligible to go on the encampment," McCollum said. "We have an ideal camp and it will cost the boys only \$2 each to spend the entire week in the camp."

The chief object of the camp, Mr. McCollum pointed out, is to get the boys in first class physical (Continued on Page 12, Sec. 1)

Hoppers Still Offer Problem To This Area

Grasshoppers still present a serious problem in this territory, according to A. R. Bateman, agent, who said today that unless farmers continue to spread poison in this area, the row crops will be seriously damaged.

"In many places hoppers are just now hatching out," he said. "There are also millions of hoppers over this area and extension service experts predict extensive damage to row crops over West Texas unless poisoning is continued on a large scale."

Two full-time crews are still maintained at the mixing station in the bull barn, and Mr. Bateman said that poison mixture is still available in this county on the same basis as in the past.

Penney Features July Clearance

J. C. Penney Co., this week announced a store-wide clearance of merchandise in all departments. The clearance especially stressed summer dresses, summer shoes, men's shirts and summer hats for men and women. C. F. Moore, manager, said that the clearance is being held to make room for new fall merchandise which is already on the road to Hereford.

IRRIGATION RATE SET AT 12 MILLS; 50c PER H-P SET AS MINIMUM

BY H. V. HINNEN

Supervisor REA Project
Members of the Deaf Smith County Electric Cooperative will soon be getting electricity from their own lines, and the following prices for electricity will be in effect at the beginning, for domestic purposes: the minimum will be \$2.50 for 25 KWH; the next 55 KWH will be 5c; and the next 120 KWH, 3c; all above, 1 3/4c per KWH. Where an electric hot water heater is used, and no cook stove, all electricity over 100 KWH will be 1c and where the hot water heater is used with the cook stove, over 200 KWH will be 1c.

Irrigation Rate

All electricity will be metered to the user and will be paid for at 12 mills per KWH. This is the total charge for electricity used for irrigation, but there will be a charge of 50c per connected H. P. for every H. P. connected. This will be used to repay the government loan over a period of twenty years. It is evident that the more H. P. connected the less the charge since only sufficient revenue is required to pay the loan. We believe the profits from the domestic users will operate the property and take care of other incidental expenses such as taxes and insurance. We believe this is the very best rate possible to begin operation with, considering our wholesale rate, which, we believe is a profitable rate and can be used in preference to any other power available, with less inconvenience, expense, and with more satisfaction.

Loans Available

The construction of the Rural Electrification Project at Hereford has been a long drawn out process but it looks now as if we have a very short time to wait, and every user is urged to be ready when the lines are energized. To those who need (Continued on Page 12, Sec. 1)

District Legion Meeting Slated Friona Tuesday

Notices from Lou Roberts, Eighteenth District Commander of the American Legion, today said that a district meeting will be held in Friona, Tuesday evening, July 26, beginning at 8 o'clock.

"We want as large a delegation as possible from Hereford," said C. O. Wilkins, local commander. "Among other topics for discussion concerning which committee reports will be made at the meeting."

A large delegation of Legionnaires and auxiliary members is expected to attend the Friona meeting.

Farmers To Rush Maps On Land Conservation Program In This Area

Individual farm maps were this week mailed from the County Agent's office, according to A. R. Bateman, agent, who urged all farmers receiving these maps to fill them in and return them as soon as possible to the office.

"Until 75 per cent of the maps are returned, we cannot make an official report to the state department," he said. "And by returning these maps promptly, the payments in this county will come through much faster."

He pointed out that many farmers can use the areas reported last year, where no change has been made on the farms. The maps are to show the entire farm, and to specify in what crop each plot is planted, including grass land, which is not already in the government range program.

County committee men are already checking in this county in regard to compliance, and government engineers are expected to start checking compliance around August 1.

Farmers will recall that they had two maps last year, one of (Continued on Page 12, Sec. 1)

July 13—Twelve runs in the third inning gave the Firemen a clinch victory over the Sunday School. The score ended 21 to 5. After the third inning the Firemen were held hitless and scoreless until the last frame when they scored three on Jim Robinson's homer with two men on.

The Sunday School could not tally until the third inning. They scored in only the fourth and seventh innings, after that Phillips allowed the S-S only six hits and they were all singles.

A Carroll led the Firemen with two home runs, four runs, and four runs batted in.

July 14—A & M smothered the Laundry in a 25 to 3 score with 20 hits and 16 Laundry errors. Clayton did the pitching for A-M, and allowed only 7 hits and 3 runs. He also batted in three runs with his two doubles and a home run. L. W. Kelly was close behind him in batting, for he belted three singles and a home run.

A-M scored most of their runs in the sixth frame when they tallied 11 times. Six hits, four errors and three errors accounted for the runs.

The Laundry scored their runs in the fourth and sixth innings.

To us here in the United States it comes as somewhat of a surprise that we, too, have a minority problem not entirely unlike that of the Sudeten Germans in Czechoslovakia. We have always regarded ourselves as one people solidly united, with common culture and a common purpose. Now, all at once, we find a minority which is not satisfied with United States rule, a group which regards itself as Canadian although American born, which finds its connection with the United States irksome and troublesome.

THANKS!

to the FARMERS for their Patronage this Harvest!

Dear Farmer:

We take this means of thanking the farmers of the Hereford Territory for their grain business this harvest and ask each of you to consider this as a personal solicitation for your grain business in the future.

It has been our desire to serve you and to serve you well, and by doing this, we know that we will merit a more liberal portion of your business in the future. We look forward to serving you again next wheat harvest.

When buying FLOUR... be sure and specify PACKARD'S BEST FLOUR to your grocer, for it's made from the fine quality wheat that is raised right here near Hereford. By buying Packard's Flour you promote two home industries — the wheat farmer and your home-owned milling plant.

Roark Y. W. A. Names Officers for Coming Year

ARTIST FOUNDATION IN CUBA IS TOPIC FOR RECENT MEETING

The Roark Y. W. A. met with Mrs. Travis Caraway at her home in West Third, and the meeting came to order with a group song, "He Lifted Me Up to Stay," followed by the regular business session. The year book and nominating committees reported, and there will be a meeting of the year book committee next Friday evening at 8:30, with Mrs. Billy Roberson.

Officers selected by the committee, voted upon and approved by the club, are: President, Mrs. Billy Roberson; vice-president, Dorothy Funderburg; secretary, Kloty Kloe Harlin; assistant secretary, Audrey Cockrell; reporter, Mrs. Ben Wohlgenuth; horister, Mrs. Funderburg; and pianist, Molly Jo Roberson. New officers will take office the first Monday in August.

The Y. W. A., as a club, wishes the old officers for their tireless effort and wonderful work in the club. After the business session, Mrs. Billy Roberson gave the topic for discussion as "A Study of Cuba." The devotional was given by Mrs. Jack Roberson and Cora Lee Rice talked on "Gospel Beginnings in Southern Baptist Cuba." Dorothy Funderburg talked on "A Notable Movement"; Avis Matthews read the "Classified Directories of Cuban Want-Ads," and Audrey Cockrell told a story of "Don Samuel, a Preacher in Sixteen Countries." Roll call was in the usual way.

Those members present and enjoying the social hour, were: Misses Jack Roberson, Dean Robbs, Billy Roberson, Travis Caraway, Libburn Ray, Ben Wohlgenuth; Misses Imogene Roberson, Thornton Shirley, Cora Lee Rice, Odesa Long, Genece Standifer, Avis Matthews, Inez Funderburg, Audrey Cockrell, Kloty Harlin, Dorothy Funderburg, and Mrs. A. O. Thompson, a visitor. The club drew names for a Pollyanna, after which it adjourned. Next week they will meet at the home of Miss Thornton Shirley.

To The People of DEAF SMITH COUNTY

I have just been handed a copy of a circular letter dated July 20th, which Mr. Dameron is mailing. I do not know just how many or to whom he has mailed them. The letter is addressed: "Dear Friends"—the way some candidates do when they all at once conclude they want votes—a sort of "just now learned I need you" friendship.

The substance of this letter is that. Because the County Judge and some of the commissioners appointed him to fill out the unexpired term of Coffee, who resigned, the people should elect him for another two-year term, and in effect, that just because they appointed him, the people of this county, to whom the office belongs, should be well pleased to let him and the County Judge and the Commissioners, who appointed him, dictate to the people just who they must have for County Attorney, during the next two years, and that I ought to respect the dictatorial act of these August appointing gentlemen, withdraw from the race, and never again offer myself as a candidate for an elective office to be filled by the votes of the people until those gentlemen give their consent.

I am in this race to the finish, and I am certain the people prefer electing their officers with their ballots, at an open election, rather than have them selected, and thrust upon them by appointments of other officials, when such appointments are too often the results of political skulduggery and political scheming and manipulations. No I am not going to quit, but if Mr. Dameron is the kind of sport he would have you believe he is, in this letter, if I am elected he will resign his appointive office and insist on the County Judge and Commissioners who appointed him appointing me to fill the balance of Coffee's term. Will he do it? He will get the chance!

The facts about this appointment were:

1. After Coffee resigned, Dameron's and my name were both before the Commissioners Court for appointment.

2. The Court met and made no appointment.

3. Commissioner Jack Rose told me and I believe he told the truth, the court had adopted a policy not to appoint either of the candidates or prospective candidates, where there were two or more, to fill a vacancy, because they thought that might give the one appointed the advantage of the others, at the election, and I told him that would let me out of the appointment because I intended to be a candidate for election. That was the last I heard or thought of the matter until I heard Dameron was appointed.

4. On June 2nd I announced my candidacy in the "Brand."

5. Dameron was appointed June 13th; made his application to have his name on the ticket on June 18th, after studying over it 5 long days after he got himself appointed, and immediately made his announcement in the "Brand," in which he asked the support of the people at the election because he had been appointed, and in this circular letter he does the same thing, and in the face of these facts tries to make the people believe the thing was free from all political taint and pre-arranged chicanery. Do you believe that?

As to his age and experience, he speaks of it in this letter, I have this to say, he is a good deal older than I am, and he has carried his law license longer than I have mine, but he has made little use of either or he would not want this little office. Old lawyers who have gone anywhere with it would not have this office—it is a young man's job.

At the track don't ever bet on an old "horse" that has done nothing but carry a saddle around—bet on the colt.

In the short time I have been practicing law I have prepared and tried in the lower and appellate courts about as many cases as has Mr. Dameron during the long period that he has had his license, and am perfectly willing to compare my successes in them with his.

Give me a chance and I won't disappoint you.

Sincerely,

JAMES C. GILLILAND

JUNIOR PIONEER STUDY CLUB CONTINUES STUDY OF INTERIOR DECORATION

Continuing the study of Interior Decoration, Foundations and Backgrounds furnished interesting topics for discussions at the meeting held by the Junior Pioneer Study Club at the home of Mrs. Homer Brumley, Tuesday night. Mrs. Elmer Patterson was co-hostess.

In answer to roll call pictures of good designing in rugs and draperies were displayed and discussed.

Mrs. Alton Miller was leader. "Textures," including walls, floors and ceilings were discussed by Mrs. Lynn Kester, who recommended neutral shades for walls and floor coverings and the careful choice of pictures. She spoke of color combinations and told how to choose designs and colors to create desired effects.

Draperies and fabrics were discussed by Mrs. Louis Woodford. She said the three principle purposes of window drapes were comfort, privacy and beauty. She recommended the use of cotton materials on account of fast dyes and called attention to the present trend toward plain materials. Mrs. Woodford recommended lined damask draperies as most practical.

In a talk on floors and rugs, Mrs. A. J. Schroeter emphasized the careful selection of rugs to blend with furniture in order to avoid a clash in color and irritating effects. She gave a brief history of oriental rugs and explained how the size of a rug may change the appearance of a room.

Those present included Mesdames Liburn Ray, Frank Hucker, O. H. Culpepper, Buford Crosthwait, Erlin Streu, A. J. Schroeter, Lynn Kester, Louis Woodford, Alton Miller, Miss Lucie Borden, two guests, Miss Frances Chambers of Canyon and Mrs. Arthur Hamilton of Plainview, and the hostesses.

CHURCH GROUP ENJOYS BARN FROLIC

The Conewag Barn was the scene of a gay party Thursday night, when members of the B. Y. P. U. of the Baptist church, were entertained with a hay-raft party and picnic supper. Games were planned by Annie Jo Owen and Glennis Cockrell. Maxine Beach was chairman of the refreshment committee.

Chaperons were Mr. and Mrs. L. M. Rhodes. Members and guests attending the party, were Bobby Turner, Bartley Dowell, Joyce Kress, Glennis Cockrell, Warren Owen, Hicks Roberson, Earl Lance, Jr., Gene Taylor, Bernice Rhodes, Betty Jo Kendall, Maxine Beach, Bernadine Phillips, Annie Jo Owen, and Elma Shugart.

GIRLS AUXILIARY HOLDS MEETING IN PARK

A program on Missions proved both entertaining and pleasant.

when members of the G. A. of the Baptist church held the regular meeting in Gregg Park, Tuesday afternoon.

Glennis Cockrell led the devotional and each member told interesting facts concerning lives of foreign missionaries.

Willie Rogers was a visitor and two former members, Pollyanna Crawford and Virginia Moseley, were welcomed. The next meeting will be held at the home of Virginia Moseley, Tuesday, July 28.

HEREFORD GIRL RECEIVES SCHOLARSHIP AWARD

Miss Mary Ellen Parker, daughter of Mrs. G. A. F. Parker, who has been a music student at the American Conservatory of Music in Chicago for the past several months, has recently been awarded a scholarship in music at the conservatory for the summer months. The award was based on a performance contest when two out of twelve contestants were selected by a special committee. Both private and class lessons are included in the scholarship.

Miss Parker has been an outstanding student of music in several schools in the United States, and has studied one year in London, England.

Before going to Chicago last year, she was a teacher of music in Austin, where she also attended State University.

WIN ONE CLASS IS ENTERTAINED

Five whose birthdays are in the month of July entertained members of the Win One Class of the Methodist church at the home of Mrs. Hattie Rutherford, Tuesday afternoon. The hostesses included Mesdames H. H. Hawkins, Clara Freeman, J. F. Ward, J. I. Greer and Mrs. Rutherford.

Mrs. Florence McClellan, president, presided over the short business meeting, when reports were made. The program consisted of special piano music given by Mrs. W. J. Stanford and accounts of vacation trips given by Mrs. McClellan, who told about a trip to Mt. Ranier, and by Mrs. D. W. Hawkins and Mrs. J. B. Hammer, who told about trips to Carlsbad Caverns.

A gift shower was presented to Mrs. J. F. Ward, teacher, whose birthday occurred on that day.

Members present, were Mesdames L. Ellis, T. C. Mathis, Florence McClellan, J. B. Jones, D. W. Hawkins, Fred Millard, J. B. Phillips, Luther Peevely, E. B. Black, J. B. Hammer, M. M. Beavers, E. W. Harrison, F. T. Rolosen, Frank Roberson and the five hostesses. Visitors were Mrs. W. J. Stanford and Mrs. Dorenda Mapes of Amarillo, and Mrs. H. V. Sites of Burkburnett.

Stencils, ink and office supplies at Brand Office.

PRESBYTERIAN AUXILIARY

The Presbyterian Auxiliary met Tuesday afternoon, with Mrs. W. A. Carroll. The Spiritual Life lesson, led by Mrs. Henry Hastings, was on that part of the Benediction which deals with peace. She discussed peace in heart and peace in spirit. Mrs. D. H. Alexander reviewed an article dealing with the accomplishments and challenge of the Presbyterian Negro school located at Burkville, Va., Mrs. O. C. Ferguson reviewed the article "Moonlight to Moonlight," which told of the work of a missionary in a hospital in Siam. Prayer for missionaries was conducted by Mrs. Lee Conklin.

Regular meetings of the Auxiliary will be discontinued during the month of August. The next meeting will be held on Tuesday, Sept. 6th.

Dear Friends and Customers:

I wish to take this means of expressing my sincere appreciation to the Farmers of this section for the liberal portion of the wheat business accorded us during the present harvest season.

I have tried to do everything in my power to serve you well, to treat you fairly and to make our transactions with you pleasant.

As each harvest rolls around we gain invaluable experience in the handling of your grain and we have improved our facilities in order to give you fast efficient service. When next harvest comes along, we intend to serve you even better. Again we thank you folks, and when we may be of service to you, please feel free to call on us.

Due to the low price of wheat, only a small portion of it is being sold. We will have ample bonded storage space and we will be glad to handle your stored wheat as long as we have available space. Apparently it will be after August 1, before the Commodity Credit Corporation will be ready to make loans. If we can be of service to you in helping you secure these loans we will be glad to do so. However, should you desire to sell your grain at any time, remember we always pay top prices and will appreciate your business.

We look forward to serving you again.

Respectfully,

Alton J. Fraser

To The Citizens of Deaf Smith County

I realize that there are some of you whom I have not seen, but will continue to make an effort to see each of you before Saturday. To those I have not seen, and will not see before election day, kindly accept this as a personal appeal for your support.

Since a person's record and standing in a community speaks stronger than the man himself, I earnestly request that you investigate my record in Hereford, and also at Lubbock, where I formerly lived. If elected, I will at all times, do my best to serve and work with you in behalf of our common interests and to the welfare of the citizens of our county.

Again, I want to tell you that I will be grateful for your help, and shall try my honest best to repay you in service should I be elected.

Sincerely,

A. J. (Major) Schroeter

PUEBLO VILLAGE RESTORED BY COLLEGE MUSEUM AT CANYON

CANYON—Fossilism was breaking up in Europe under the rise of fast young cities struggling for trade advantages. A new capital-ism pitted capital against labor, wealth against poverty, town against country, and popes against imperial authority. Ladies painted their faces, the "new rich" exhibited the unusual vulgarities, great banking houses fought for supremacy, and Dante, the poet, talked of "the good old days" when homes were built for comfort, not for ostentation.

But there was little ostentation in the communal slab houses, clustered in pueblo-like fashion on a natural shelf overlooking Antelope creek northwest of Amarillo, which were inhabited by Plains Indians during this same period. This historic village, now being excavated and restored by a WPA party under the sponsorship of West Texas State College, was occupied about the year 1800 A. D. The date has been fixed by comparing artifacts found there with those taken from other sites in the Southwest where scientists, studying tree-rings and other evidence, have agreed upon a time basis.

The location, one of many charted and studied by Floyd V. Studer of Amarillo, is one which eventually will become a museum of pre-historic life in this section. Restoration will be directed by Prof. C. Stuart Johnston of West Texas State College. Elie Baker is project superintendent. Mr. Studer's research has had such scientific value that it has formed the basis for most of the archaeological studies made in this section.

The excavations have revealed stone walls made of rock slabs and adobe, the low doorways, the fire pits in the middle of many rooms, and well made implements of flint, bone and sinew. There were about twenty rooms in the village, a few of round but about 16 feet square. They were covered with thatched roofs made of poles, brush, and earth. Ventilation was by means of a smoke hole in the roof. Evidence of habitation is very good. Some of the fires appear as if they were made only last week, for the charred embers and smoked earth are well preserved.

Lighting and ventilation obviously were poor. Doorways were less than three feet in height. Through these the hundred or more inhabitants moved on hands and knees, apparently, as they came and went about their daily tasks. Water was carried in pottery containers from the creek bed below. This pottery was not painted, but covered with a cord-like impression from which it gets the name, "cord-marked pottery."

These plains redmen were more peaceful in habits than the nomadic tribes which probably annihilated them or drove them from this squash, and bartered with residents of other villages, some of which were nearby.

Burials often were made beneath the dirt floors of the houses. In one room of the Antelope creek ruin was found last week the skeleton of a middle aged man. It was in a flexed position. Prof. Johnston said the physical build appeared to be similar to that of the modern plains Indian.

A typical slab room of one of these villages will be taken to the museum of the Panhandle-Plains Historical Society here and restored in every detail. Plaster of Paris figures made from molds formed on the bodies of living Indians will be placed in this room. The first of these casts was made last week of Chief Eagle, an Ottawa Indian entertainer and model. Sky Eagle a graduate of Carlisle, posed for students of the Palo Duro School of Art in the nearby canyon. The cast was made by Harley Goettsche of Higgins, student assistant in geology and anthropology, who has done similar work for leading museums elsewhere.

Other habitat figures will be made for the museum, probably in Taos, N. M.

The Fatted Calf

By T. C. Richardson, Secretary Breeder-Feeder Association

Just because the man in the parable killed the fatted calf when his prodigal son came home hungry is no warrant for folks who raise calves to do without fresh meat until some occasion for celebration arises. With all due reverence for the spiritual implications of the Bible story, it also teaches a very practical lesson, which is as useful today in America as it was in Palestine two thousand years ago.

The custom of fattening a calf for the home table is an old one and a good one. Abraham and Lot, like other range cattlemen, had to depend on grass-fattened beef, which was sometimes good and most of the time not so good but when their posterity settled down to farming they were able to fatten a calf or a lamb at any time of the year by feeding some of the crops they raised.

The old-fashioned "beef club" in which several families take turns in killing a fat calf and divide the meat into portions of family size is still a good way for country people to have fresh meat every week. They are not as common as they were a generation ago, when nearly every farm had cows and raised their calves, but with auto transportation a "beef club" can be organized over a much wider territory than formerly, and there is scarcely a community without eight to a dozen families who have calves to fatten.

Blowing Bubbles—of Glass

Learning the art of glass blowing in a class at the University of Chicago, Miss Christine Palmer is shown working with a gas torch, as C. C. Van Haspen, instructor, looks on. There are about thirty students in the class, most of them men.

Greyhound's Chief Rival

This superb action photograph shows Brogan, a 2:01 1/4 performer, owned and driven by E. Roland Harriman of New York, in a fast workout at Goshen, N. Y., recently in preparation for five clashes with the world's champion, Greyhound, this summer. Fans of this area will see Brogan first July 14 at Harriman's historic track.

club which has been in operation for many years brings all the animals to George Boehling's farm, where slaughtering facilities have been provided. A blackboard on the wall keeps the record of the different cuts allotted to each family, so that in the long run each gets back an entire beef. A central slaughtering place is desirable but not indispensable, if each of the members know how to dress and cut up the carcass in standard portions. With ice so common on farms a family can use a larger portion of fresh meat than formerly.

The refrigeration locker system is being installed in many ice plants in the Southwest, and farmers can rent a locker for about \$1 a month. The carcass is cut up and the cuts wrapped separately in butcher's paper; the temperature in the locker-room is kept well below freezing, and the family withdraws the cuts as wanted—enough for the day's cooking or whatever can be cared for in the household refrigerator. This enables a single family to kill fresh meat any time in the year, reduces the cost of living and makes a good living better.

Of course the steam pressure canner also provides a method of saving meat at any time of the year, and thousands of families make a practice of putting up a year's supply of meat in cans. Not

long ago the writer dropped into an Oklahoma farm home on wash-day just before noon. In a few minutes the lady served a good dinner from the pantry, including delicious beef from the can, fresh-heated in the oven.

Maybe, too, if more fatted calves were killed and eaten on the farms where they grow, there would be fewer prodigal sons. A farm boy ought not to have to go to a restaurant in town to learn what fresh meat taste like.

SIDELIGHTS

By MARVIN JONES

Member of Congress from Texas

The payments under the farm program and the loans made under the Farm Credit Administration have meant much to the people of our section. During the serious conditions that have prevailed over the last few years, these expenditures have not only enabled the farmer to carry on, but they have saved business as well. It has been my privilege to handle the legislation that made this work possible.

Fortunately, these funds have gone into every county of the District and the benefits have thus been widely distributed.

These expenditures under the AAA and the Farm Credit Act

THE COST OF PRODUCTION

The profit made in the production of any article is the difference between production and sales cost and the price received. Therefore if a producer finds some means of cutting costs while maintaining quality he increases his margin of profit. If he considers it good business policy to divide this saving with consumers he not only makes friends but increases the demand for his product, thus adding further to his profits by increasing volume.

The manufacturer who keeps his machinery in efficient working order will produce a better article at less cost than his competitor who has let his equipment get out of order through neglect or other reason.

This same principle applies to farming. The dairyman who has six good cows and properly cares for them and feeds right produces butterfat at a less cost than the dairyman who has ten cows or more that are not good producers by inheritance or which do not produce capacity because of neglect and improper feeding. One will make a profit on his sales and the other a loss in the same market.

The cotton farmer who has good land and keeps it in a productive condition will make more cotton per acre at less cost per pound than the farmer who neglects to practice the fundamentals of good agriculture.

There is a great deal being spent and written about the low price of farm products. Nearly all organized effort is directed towards increasing prices and very little being done about decreasing the cost of production and increasing consumption. Better care of land, the restoring of organic matter by turning under green crops, conservation of soil and moisture, crop rotation and the use of good seed are ways of increasing acre yield and quality of production without adding materially to operation costs.—Farm and Ranch

The figures for 1933 are not yet available. These will add several million dollars more, which will be distributed in practically the same way. The average cost of administration of these programs, including field personnel, has been less than 5 per cent.

In addition to agricultural activities, other types of work have been made available in our section.

Post office buildings have been constructed in Canyon, Childress, Borger, Dalhart, Memphis, Pampa, Amarillo, Lubbock, Plainview and Wellington. Lubbock and Plainview are no longer in the 18th Congressional District, but were when the buildings were constructed. More federal buildings have been built in this district during the last few years than in any other district in the United States. This was proper on account of the size of the district.

All Star Grudge Game Planned For Rodeo In August

Another all-star grudge game is in the making, and according to present plans will be played in connection with the Legion celebration here in August. Managers of the two teams will be J. M. Posey and Grant Fuller. Fuller's all-star team won in a contest over that of Keller Muse, Dubs Pitman and Doc James, while Posey managed the victorious all-star team selected by popular vote.

Following are a few excerpts from a sidewalk conversation of the two managers:

"Grant thinks he can pick 'em, just because he won over a bunch of amateurs, but personally, I don't think he could even pick a stink of bananas. I am getting up an all-star team that will show him just how big a clump he really is. Grant just has the big-head," J. M. said.

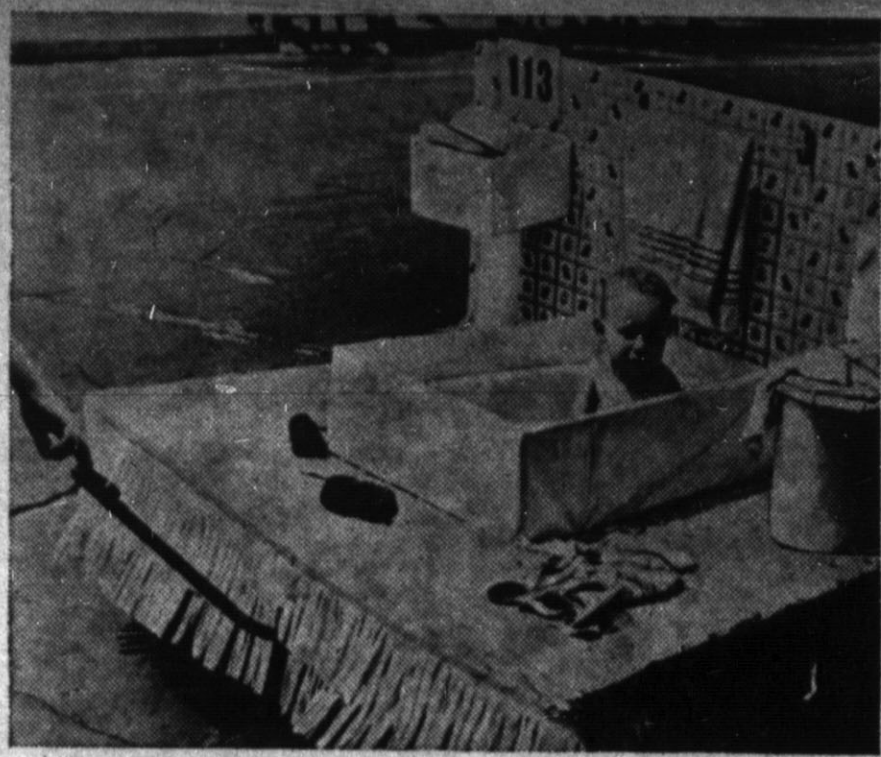

"I forgot more about baseball than J. M. ever knew. Just because the people picked a team and made the mistake of naming him manager, he thinks he knows baseball and players. Why, his team won't even get as far as the Friv Builders," was Grant's response.

Creep Feeding, Pro And Con

By T. C. Richardson, Secretary Breeder-Feeder Association

Suckling calves grow faster, weigh heavier at weaning time, shrink less from weaning, and are worth more per pound, when they have access to a grain ration while running on pasture with their dams. The grain is placed in a self-feeder fenced to exclude the cows and permit the calves to eat at will. Known as "creep-feeding" this practice has become quite common in the Southwest and is generally profitable. Now that oats and barley are in the bin creep-feeding can start; corn and grain sorghums

Gold-Fish Bowl Bath

One of the most public baths ever taken was the one by this youngster shown here in a bath tub in the baby parade held during the annual Rhododendron festival at Asheville, N. C., recently. The young entrant doesn't seem to mind making his ablutions a public affair.

will also soon be available.

Both Texas and Oklahoma experiment station have done research work on creep feeding and will send their bulletins explaining the procedures and results in detail on request. Since the farmer or ranchman is interested only in selling his crops and livestock to the best advantage, his own circumstances must decide whether creep feeding is a desirable practice.

In general terms it may be said that creep feeding is always profitable if the grain feed is home grown, and especially so if the calves are to be sold as feeders. In Bee county, Texas, the creep fed feeder calves sold in the fall of 1932 weighed an average of 100 pounds more than other calves under the same range conditions and sold at a better price per hundred, paying handsomely for the grain consumed. On good pastures the contrast is not so great, one Oklahoma experiment showing a difference of only 39 pounds. The difference in price, in favor of the creep fed calves, however would have still paid

for the grain at market prices.

The true cost of meat production by the farmer who grows both grain and livestock is not the "market price" of the grain, but the cost of producing the grain and turning it into meat. This may be higher, but is more likely to be lower than the "market price" formula would indicate; the farmer who feeds his own grain at least cuts out the cost of hauling to town and the costs of extra handling which all grain must bear if it goes through commercial channels. For this reason the "profit and loss" data in experiment station reports should not be literally applied to farm-feeding operations, either creep-feeding or finishing, where the farmer produces both the feed and the animals to consume it.

Creep-fed calves take to the dry lot finishing rations with less loss of weight at weaning than non-creep-fed calves, but the latter tend to gain more rapidly in the finishing period. As a rule creep-fed calves will finish ahead of those not creep-fed, though there may be little difference in the final weights, if both are fed for the same length of time.

The greatest benefits from creep-feeding will be shown in calves to be sold as feeders at or soon after weaning. The greatest gains occur when pastures are short. In a Texas range experiment in Webb county creep fed

suckling calves gained 114 pounds more in 100 days than those not creep fed, and ate an average of 7 pounds of feed per day (4 parts ground milo heads, 1 part cotton seed meal). This included what the cows ate while the calves were learning, which was for 43 days, enough to make them gain 50 pounds more than their less fortunate sisters on the range.

Threshed grains are recommended for young calves, while older calves will handle ground ear corn or grain sorghum heads to advantage. Unless pastures are unusually green and abundant cottonseed meal or pea-size cake one-fifth of the ration. A small amount of limestone flour or finely ground oyster shell in the ration is advisable, and bone meal may be mixed with the salt in equal parts to advantage. The self feeder should be placed near the watering place.

Those not familiar with self-feeders and creep-feeding practices can get helpful bulletins through county agents.

Store Your Potatoes So They Will Keep

by J. F. Rosborough, Extension Horticulturist

With in the next two weeks most home gardeners—the entire family, pop and the hired hands will be digging, picking up and storing the spring Irish potato crop.

Let Potatoes Mature Before They Are Dug

A potato crop should be ready for harvest eighty days from the time the seed are planted. Potatoes can be dug before the tops die, but they should be mature if they are to keep properly. To check the maturity exert thumb pressure on the skin of a few of the potatoes. If the skin is tough and does not break or skin off easily, the crop may be harvested. In areas where excessive rain fall has occurred a short time before harvest, water blisters (small elevated white spots) are likely to occur on the skin. Delay harvesting until the blisters have dried. If harvesting is done while the potatoes are "sappy" or "blistered" heavy losses by rotting may occur.

How Do You Dig Them

Potatoes should not be handled like stacks of stove wood if they are kept. A turning plow or a middle buster run 8-10 inches

deep may be used to dig the crop. Separate all skinned or bruised potatoes from the good ones. Use the skinned ones first. If the storage conditions are right the others will wait patiently for their turn on the table. Remember to handle them almost as carefully as you would an egg. As soon as the potatoes are dug, place them in the shade so that they will not blister.

Good Storage Conditions Are Essential

A cool, well ventilated cellar is satisfactory for potato storage, provided it has an overhead vent that will allow the warm air and moisture to escape. The door and overhead vent should be opened at night and closed during the day to keep the interior cool. If out buildings or the area under the farm house are to be used for storage purposes, cross ventilation is essential. If exposed to light, potatoes will turn green. Avoid spreading the potatoes out on the ground or floor. Provide a slatted false floor with at least four inches of air space. Even willow poles or hay on which the potatoes are spread will allow the air to

completely circle each potato. Remember that potatoes breathe and sweat just as you and I. Ventilation picks up the moisture and keeps the potatoes dry, which tends to reduce rot.

What Varieties Keep Best

Irish Cobbler is preferable to Bliss Triumph for storage. Try to have some of both kinds. Bliss Triumph for early "new potatoes" have a place for immediate use. The bulk of your 1933 planting, if to be stored, should be in Cobblers—the kind to store for the winter baking or frying.

CURRY FAMILY HAS REUNION

A reunion of the J. C. Curry family was held at the home of his son, Lee Curry, in Summerfield, Sunday, July 17. Mr. J. C. Curry of Weatherford and his son, Joe Curry of Breckenridge, who had been visiting a son and brother, Eugene Curry and family of Plainview, were accompanied by the Plainview relatives to Summerfield, Sunday, for the family get-together. Other relatives present were Mr. and Mrs. Arthur Curry of Friona. Members of the family returned to their respective homes Sunday, except Mr. J. C. Curry

and son, Joe, who remained in the Lee Curry home for a longer visit.

EDITH JACKSON IS PARTY HONOREE

Complimenting her sister, Miss Edith Jackson, Mrs. Walter Seed entertained with an informal lawn party Wednesday night, July 13, at the home of her parents, Mr. and Mrs. R. R. Jackson, on 26-Mile Avenue.

The surprise affair celebrated Miss Jackson's birthday. Guests met at the home of Miss Virginia Newell and went in a group to the Jackson home.

After the games on the lawn, re-

freshments were served to Helen Streu, Virginia Newell, Virginia East, Jean Williams, Viola Phillips, Wanda Jean Reed, Floyd Ross, Dean Dunlap, Clifford Estes, Jack Boydston, George McLean, Chilton Foster, Mr. and Mrs. Clinton Jackson, and the honoree.

SUMMERFIELD W. M. S. MEETS IN WILSON HOME

The Woman's Missionary Society of the Baptist Church of Summerfield, met at the home of Mrs. R. L. Wilson, Thursday afternoon.

An educational program on "The LaPlatte Countries and Chile," was featured. Mrs. B. E. Roberson, who gave the devotional, opened the program by discussing the LaPlatte countries. She gave brief descriptions of Argentina, Paraguay and Uruguay, and compared the people and their customs with the people of Chile.

"These Lands Today," was the subject of a topic discussed by Mrs. L. L. Cannon.

The story of "The Golden Sheaf," and a talk on future developments of the countries studied given by Mrs. B. E. Roberson, concluded the program.

Those present, included Mesdames L. L. Cannon, B. C. Roberson, B. E. Roberson, Lloyd Lookingbill, C. R. Walser, W. A. Owen, Jim Clark, Sam Wilson, O. Camil and the hostess.

CLASS HAS BUSINESS AND SOCIAL MEETING

Miss Odie Matthews, assisted by Mrs. W. L. Alexander and Mrs. Edgar Moseley, was hostess for the Home Makers Class of the Baptist Church, at the Matthews country home, Thursday afternoon.

Mrs. Otto Maasie presided over the business meeting, and conducted the devotional. Mrs. Edgar Moseley led the prayer.

Reports from officers were given and a musical program was presented. Outdoor games were enjoyed and refreshments were served to Mesdames John Hacker, Lee Coconaugher, Edgar Sowell, Earl Lance, Barnett Sowell, Dudley Green, Otto Maasie, Frank Merritt, R. E. Edwards, W. CAMP FIRE GIRLS PLAN TENNIS TOURNAMENT

Plans for a tennis tournament were discussed at the regular meeting of Weocantawaste Camp Fire Girls, Tuesday morning at the Camp Fire Hut. Mary Jane Morgan, assistant guardian, will make final arrangements for the tournament and announce dates.

Due to a conflict with other interests, the time of meeting was changed from ten o'clock to ten-thirty on Tuesday mornings.

A social affair which will be in the form of a breakfast or a picnic was planned. Plans were made for a Council Fire to be held soon, when members will take the wood gatherer's rank.

Members present at the meeting were June Dameron, Margaret Higgins, Helen Cross, Gladys Shreve, Mozelle Shreve, Mary Nicks, Betty Jane Roloson, Eleanor Wilson, Rue Wilson, Nona Dean Rose, Betty Ann Dunlap, Miss Elizabeth Stanford, guardian, and Mary Jane Morgan, assistant guardian.

TWO FORMER HEREFORD RESIDENTS CELEBRATE BIRTHDAYS HERE

Two former Hereford residents celebrated their birthdays at a family reunion held here, Tuesday. George Burns, whose birthday occurred on Tuesday, and his son, George, Jr., whose birth date is July 12, of Deming, N. M., celebrated the events by visiting Mr. Burns' three sisters, Mrs. A. D. Godwin, Mrs. Maggie Hopper and Mrs. J. M. Chapman of the Sims community. A delightful dinner at the Godwin home with other relatives and guests present, when old times were reviewed and former days compared, completed the double observance.

Those enjoying the celebration, were the honor guests, Mrs. J. M. Chapman and children, Virginia, Wilbur and C. G. Chapman, Mrs. Maggie Hopper and children, Louise and Walter Hopper, Mr. and Mrs. Joe Jesko and children, Betty Lou, Josephine, A. J. Higgins and children, Wayne, J.

W. and Nina Mae Higgins, Mr. and Mrs. Andy Godwin, Mrs. Scott B. Holman and Miss Lillie Hostetler.

CHILD STUDY GROUP HAS INTERESTING PROGRAM

A program of unusual interest was featured at the regular meeting of the Child Study Club at the Methodist church, Tuesday afternoon.

Mrs. N. W. Cayton was in charge of the lesson on "Child Training." After a discussion on "Are You Training Your Child to be Happy?" by Mrs. Cayton, interesting round table discussions were featured, bringing out different phases of happiness that may be developed through training. Actual experiences were told and excerpts read from outstanding educators.

During the business session, presided over by Mrs. Chas. Newell, president, plans were discussed to hold joint meetings with the Child Psychology Club during the remainder of the summer and a committee was appointed to meet with a committee from that club to discuss the combination of the two clubs. Those appointed were Mrs. J. B. Coconaugher and Mrs. R. P. Coneway. Mrs. Cliff Hicks was appointed to serve on the cheer committee.

Those present were Mesdames J. B. Coconaugher, Chas. Newell, N. W. Cayton, Cliff Hicks, O. L. Click, Howard Hershey, R. P. Coneway and Mrs. Langford.

NOTICE!

To CANDIDATES and
YOUNG VOTERS

In publishing the notice to Young Voters in The Brand last week an error was made in that the item said all persons becoming of age (21) since February 1, 1938, must have Exemption Certificates.

The Notice should have read:

"All persons arriving at the age of 21 years between January 1, 1937, and February 1, 1938, must obtain their exemption certificates prior to February 1, 1938. Persons becoming 21 years of age on February 1, 1938, or on any date thereafter prior to election may obtain poll tax exemptions from February 1st, inclusive, to date to election, inclusive. This opinion was signed by R. E. Gray, Assistant Attorney General."

Therefore, those who have become of age since February 1, 1938, may get their exemption certificates from the tax collector's office between now and the primary. However, affidavits will be accepted at the polls for such voters.

Under the law, where poll tax receipts or exemption certificates are lawfully mislaid, affidavits are accepted at the polls.

A NEW MOISTURE CONSERVATION SYSTEM OF WHEAT, SMALL GRAIN and ROW CROP FARMING!

REDUCES the Weather Gamble!

THE most diversified, practical, money-making machine the wheat farmer can buy! Enables you to follow the new system of farming that greatly decreases the weather gamble. With machine as shown above you go right into the stubble field immediately after harvest—cultivating, forming furrows and damming in one operation, and land is ready to catch and hold moisture. Later in the season you can level ridges and prepare excellent seed bed with trash on top to prevent soil blowing. Then, with machine as shown below, you do an ideal job of seeding, depositing seed in wide 6-in. moist seed bed and covering with moist soil.

Also ideal for summer fallow; for seeding row crop; for spring wheat planting; for contour farming.

Solicits Your Vote

in his race for

COUNTY ATTORNEY

of Deaf Smith County

Hardly six weeks ago I was appointed to fill the unexpired term of Mr. Coffee, resigned. I have not held the office before, but I should be more familiar with my job and better able to render service by reason of the few months experience this year.

I was undecided about making the race until my appointment, for I felt that in fairness, the one who was appointed should hold the office for the next full term.

If returned to office, I shall try to serve you as fairly, honestly and efficiently as I can.

Loyal Patronage At Harvest

We Take This Means . . .

TO THE FARMERS:

Dear Friends:

As the 1938 harvest draws near a close, I wish to express my sincere thanks to wheat farmers of this section for the business accorded Pitman Grain Company in bringing us your grain this wheat harvest. I speak for myself and for my employees in expressing our appreciation for this business and hope to merit your continued patronage. It is my desire to see each of you personally and thank you. I also wish to remind you that we are still trying our best to render the farmers a dependable and efficient grain service. Our business principles are founded upon honesty and fairness at all times to our customers and these principles never change throughout the years, whether prosperous years or lean years.

May we serve you . . .

Sincerely,

SOCIETY

W. M. S. IS ENTERTAINED
AT WILLIAMSON HOME

Members of the Woman's Missionary Society of the Methodist church, were entertained Wednesday afternoon at the home of Mrs. Henry Williamson. Mrs. Ruby Tucker and Mrs. J. F. Ward were assistant hostesses. After the opening prayer led by Mrs. M. M. Beavers, a missionary program was enjoyed, with Mrs. J. B. Jones as leader. Mrs. J. F. Ward talked on the schools of Korea, and told of the work of Miss Laura Edwards, formerly of Hereford, who is a missionary in Korea. The scripture lesson was given by Mrs. J. W. Spradley, and Mrs. Ralph White gave an interesting talk on a recent visit in the east.

Mrs. Luther Pevely was welcomed as a new member and Mrs. J. B. Phillips was a visitor.

A chain letter signed by those present was written by Mrs. Ward, president. The letter will be mailed to Mrs. W. J. Smith, who is ill in an El Paso sanatorium.

The Williamson home was decorated throughout with garden flowers with a red color theme predominating. Refreshments repeating the red motif, were served and ruby red blossoms were plate favors.

HEREFORD GIRL MARRIES IN SAN ANGELO

Announcement has been made of the marriage of Miss Thyma Cawthon, daughter of Mr. and Mrs.

E. W. Cawthon of this city, and Mr. Geron Wheeler, son of Mr. and Mrs. F. D. Wheeler of Seagraves.

The marriage took place on Friday, July 15, at the home of Rev. M. E. McGuire in San Angelo, Texas, with the Rev. McGuire officiating.

The couple were attended by Mr. and Mrs. G. C. Attaway of San Angelo. They will make their home in San Angelo, where he is employed.

Mrs. Wheeler was reared in Hereford, and was graduated from Hereford High School in May, 1938.

COFFEE IS GIVEN TO
HONOR DALLART VISITOR

Miss Gwendolyn Spradley was hostess Wednesday morning at a morning coffee, honoring her house guest, Miss Susie Floyd of Dalhart. Informally furnished the keynote for the lovely affair, which was given at the Spradley home on 25-Mile Avenue.

Flowers of every description furnished attractive decorations. In the dining room, shades of delft blue and Chinese red were emphasized to form an oriental background for the refreshment table, which was centered by a blue pottery jug. Crystal and silver were featured in other table appointments.

Guests included the honoree, Miss Susie Floyd of Dalhart, Miss Carolyn Bell of Columbus, Ga., Mrs. Curtis Brown of California; Mesdames Oscar Easley, Homer Fox, S. P. Ross, C. C. Acker, J. C. McCracken, B. M. Wiltshire, Jack Wayland, Alton Fraser, J. A. Pittman, Jimmy Gillelentine, Frances McClendon, W. L. Davis, Misses Ruth Conkright and Eloyse Pittman.

Most pitiful sight seen this week: Two candidates for the same office backing Ernest Medkief up into a corner.

Cord Hammock built a self-feeder for his hogs last week. He says it sure does the job. Saves him a lot of work besides insuring that the pigs will go to town in much less time. Cord says he didn't aim to keep 'em for pets, anyhow.

Frank and Wilson Gyles are right proud of their new air-conditioned fruit and vegetable display counter. On hot days it attracts people like a magnet draws steel, and while they're leaning up against it cooling off, they just naturally can't help noticing how fresh and tempting the fruits and vegetables are.

We had a nice visit with Mr. W. S. Dixon when he came in to buy some fence stays last week. We just have an idea that Mr. and Mrs. Dixon are the kind of folks that make real neighbors.

Walker Nicks is a pretty good wheat farmer for a brick layer. We understand his crop averaged about as many bushels per acre as any dry land wheat around here. What is there about brick laying that made you such a good wheat farmer, Walker?

C. V. Burgess, after getting his granary built, had Charlie Robinson go ahead and build a back porch on his house. He had it screened in, too, at a very little extra cost, and thereby secured one of the greatest advantages a farm housewife may enjoy for the little amount of money it takes.

The back porch isn't the only place where screening can be done to advantage. Any front porch can be made into the best spot in the whole house for comfortable relaxation by screening it in.

Any time from now on till winter is the very best time to do your painting. With all the moisture we have had this summer, we can be reasonably sure that dust storms are not likely to come up suddenly to spoil a fresh coat of paint. By painting now, you have the assurance of getting a good-looking job and having your house wrapped up in a good protective layer for the winter season. We handle BPS Paints. The BPS stands for "Best Paint Sold," and the satisfaction with it that our customers report to us convinces us that it is truly what it claims to be. Our line is complete and we try to have a full stock on hand at all times. Start thinking now about paint, and then resolve to do the job with BPS.

Loran A. Wells, principal of the Messenger school, has been doing some painting on the school and teacherage. He was surprised at how much lined off he was able to add to the first coat and still get a good white covering coat. It was BPS Outside White, of course, otherwise, just to be honest about it, we probably wouldn't be mentioning it here.

Mr. W. W. Laceywell was in the other day and paid off his account. To many people, myself included, paying a bill is a painful operation, and we couldn't help but notice Mr. Laceywell's cheerful attitude. He really made us feel that he sincerely appreciated our accommodation to him and that he had paid us at the earliest possible moment.

We think the majority of our customers really feel the same way. In fact, I don't know where you'd go to find a finer group of people than the ones we've got on our books.

Carl "Tiny" Lee was in the other day and took out material for a windmill tower for the J. A. Pittman ranch.

New shingles and new porch flooring are some of the improvements Mr. J. H. Head is having John Hacker make on one of the residences he has charge of.

Mr. Felix Urbanczyk, three miles south on 25-Mile Avenue, has been remodeling his barn and sheds, and providing additional grain storage.

Now that Corrigan has set a new fashion by traveling from Floyd Bennett field to California by way of Dublin, don't be surprised if your friends from Fort Worth drop in on you on their way to New York.

Mose: "You ain't go' self no more. Sick or sumpin'?"
Sambo: "Ah got insomnia. I keeps wakin' up every few days."

If this rainy weather keeps up, some of these old, leaky roofs are just going to have to be re-covered. And don't forget that No. 1 Certified Red Cedar Shingles make the longest lasting roof you can buy at any price.

We are glad to welcome our old friends, Mr. and Mrs. Dave Alexander back to Hereford. There sure was an empty space in this community for a while that was caused by their absence. But they are back again in person, to fill it, and somehow it just seems more natural that way.

Low grain prices and high meat prices should call for more feeding of cattle and hogs in this area. And that should call for more Tuba Fours and other lumber for feeding equipment.

Good Fences Big Asset to Any Farm Expert Explains

LET LIVESTOCK HARVEST ODDS AND ENDS OF GRAIN CROPS

It is easy to see an extra stack of hay in the barnyard, but many a potential extra stack escapes notice because it is scattered over the farm, in fence corners, along the branch, or grows in crop fields after they are laid by. No farmer would let it burn or blow away if he could see it all in one pile; he would reach for his shotgun if any one threatened to take it away without paying for it. There is only one way to save such odds and ends of grain or crops, which is to let livestock do the harvesting. Whether it is crab grass in the cornfield, shattered grain in the oatfield, bermuda or native grass in unplowed spots and crannies it is meat and bone to the cow.

A stock tight fence around a single field so that it can be grazed may easily be worth more than an extra stack of hay in the barnyard. Not only is the feed worth more if grazed when green, but only is the labor of harvesting avoided; not only is feed saved which cannot otherwise be used; the humus is left on the land in the manure; every day that the animals feed themselves is one less day of serving it to them on a pitchfork. The time it takes to build a fence will shorten the chores for many a year.

The division of the farm into three or four sections for systematic rotation of crops is the first essential of good farm management. The present agricultural adjustment act conforms to this principle of management in designating "soil depleting" and

do college work, are urged to write to Prof. Murray for application blanks. It is not necessary to do more at this time. The blanks when filled out will provide the information which the committee requires. Prof. Murray should be addressed at Canyon, Texas.

NYA jobs at the College provide a monthly average income of between \$10 and \$15 a month. These include typing, cataloging, filing, indexing, and many other kinds of employment.

Not all who apply can be given jobs, but selections will be made by the committee after applications are studied. NYA work is for those who could not otherwise go to college. Prof. Murray emphasizes that persons interested should write for application blanks immediately, but no other immediate action is necessary.

condition and to stress the fundamentals of football during the training period.

"Having a camp so near home, it will be possible to keep the boys in better condition and to get in a lot more football training," he said. Mr. McCollum left this week for Lubbock, where he enrolled for the summer term at Texas Tech. The camp will open immediately following completion of the summer term at Tech.

Children of Mr. and Mrs. M. R. Moore are here this week to be with their father, who has been seriously ill. They are: Mr. and Mrs. Charley Moore of Detroit, Mich., Mr. and Mrs. M. J. die's face red? His team was not only beaten, but humiliated, insulted and defeated. Out of a possible 57 points, Buddie's team could gather but 15. The only bright spot for Buddie was his win over J. R. Roden.

Ted "Dizzy Dean" Young set the pace, firing even par 72 for the eighteen holes, and doubtless carried some nickels home to his son. A. A. Foster shot 79, same as J. R. Roden.

Plans are slowly formulating for the staging of a city tournament and also an invitation, but there is nothing definite on either.

"Chilly" Foster started playing last week and shot a 94 Sunday, which is darn good for a beginner; in fact, his mother, Mrs. A. A. Foster, an old time golfer, encountered much difficulty and her score soared to 92.

A tournament for the caddies is in progress this week and the affair is a tooth-for-a-tooth and much bloodshed. Fifteen of the boys started with the sun, Monday morning; some of the matches were held up because of no balls to play with after the creek took its toll, but to date there has not been a single broken bone or knock-out recorded.

Grant Fuller, Jr., defeated Jack London to win the Caddie tournament 4 and 2; Luther Worley won the consolation in the championship flight. Billy Davis was winner in the first flight over R. L. Dowell, 3 and 2; Glenn Smith won the consolation. E. B. Posey was medalist of the tournament with a 49. Prizes will be announced next week.

Matches with Clovis are in prospect for next Sunday, but definite arrangements have not been made, all members will be notified in time to make the trip.

An Open Letter to Candidate W. LEE O'DANIEL

The following letter was sent by registered mail to Mr. W. Lee O'Daniel, Fort Worth, Texas, Wednesday: "Hamilton, Texas, July 6, 1938.

"Mr. W. Lee O'Daniel, Fort Worth, Texas.

"Sir:

"Inasmuch as you are a candidate for the highest office within the gift of the citizens of Texas and have a number of supporters in this immediate section. I, as publisher of a weekly paper, am taking the liberty to ask you a few questions regarding your position on matters of importance concerning Texans. This is being done in order that authentic information may be passed on the readers of The News.

"Your supporters and all Texans are entitled to know your answers to these questions and a letter from you will be given the same publicity as this letter, which will appear in the above paper under date of July 8:

"FIRST: Why did you not pay your poll tax six years ago so that you could vote for Franklin Delano Roosevelt?

"SECOND: Why did you not pay your poll tax six years ago so that you could vote for Franklin Delano Roosevelt?

"THIRD: In your talk at Sherman you were accredited with making the statement that you did not pay your poll tax because you did not believe in it; In Houston you stated that you did not pay your poll tax because 'the poll tax was not added to my tax bill.' Which of these statements, Mr. O'Daniel, is true?

"FOURTH: Did you ever vote a Democratic ticket in Texas?

"FIFTH: Is it a fact that you voted a Republican ticket in Kansas?

"SIXTH: Why did you "resign" from Burrus Mills?

"SEVENTH: Is it true that the employees of Burrus Mills, where you were at one time general manager, are against your candidacy almost 100 per cent?

"EIGHTH: Is it true that you have said that a man who wears overalls is not worth more than \$1.50 per day?

"NINTH: How do you expect to raise the necessary funds to pay every person over the age of 65 years a pension of \$30 per month? The total cost would amount to better than 42 million dollars annually, and that's lots of money, even for a flour merchant or radio artist.

"TENTH: Isn't it a fact that the Federal Government will match dollars paid by the State for old age assistance up to \$15 per month only to those who are actually in need? You probably know that the State of Oklahoma is having some trouble along this line right now.

"ELEVENTH: You state that if you are elected Governor you will select a group of business men and women to advise with you. Do you mean by this statement that the business of the State of Texas will be conducted by a committee and the representatives elected by the people ignored?

"These questions and others are being asked here daily and this writer here and now offers you the opportunity to answer them with the assurance that the answers will be printed.

"Thanking you in advance for a prompt reply, I am,

"Yours very truly,

"W. F. BILLINGSLEY,

Judges Named For Democratic Primary Here Next Saturday

Marvin Jones Is Chairman Of House Agricultural Body

CONGRESSMAN HAS DONE MUCH FOR FARMERS IN PAST YEARS

Congressman Marvin Jones, who represents the 18th District in Washington, has served for more than six years as chairman of the powerful House Agriculture Committee and is the first Texan ever to hold this post. In this capacity he has had charge of all the major farm legislation for the present administration.

He has had an important part in the enactment of such far-reaching measures as the new Farm Act, Soil Conservation Act, the Farm Credit Act, the Bankhead-Jones Farm Tenant Act, the Cattle Act, the Crop Loan Act, and the Great Plains Water and Soil Conservation Act.

In addition to the provision continuing the soil conservation program, several new features were included in the Farm Act by Congressman Jones when the measure passed through Congress this year. These include the following:

1. Correction of discriminations in freight rate charges to the farmer.

2. Expansion of markets for farm products, both at home and abroad.

3. Reaches into new uses for farm products.

4. Encouragement to the small individual farm operator.

Congressman Jones has twice led acts through Congress over the President's veto. These were both measures to extend the present low rate of interest for Federal Land Bank and Commissioners' loans.

During his service in Congress, Mr. Jones has supported legislation in behalf of veterans, old-age pensions, rural electrification, home owners' loans, guarantee of bank deposits, the building of roads, abolition of tax-exempt securities, labor measures, government ownership of Federal Reserve Banks, and deportation of aliens illegally in this country. He made what is said to be the first speech ever given in the House of Representatives on the subject of taking the profits out of war.

We agree with Vice President John N. Garner that Congressman Jones is an outstanding Congressman. (Continued on Page 8)

Transfers Must Be Made During Month of July

All transfers of school children in Deaf Smith County must be made during the month of July, County Superintendent Earl Wilson said today. Parents may sign transfer blanks at the county judge's office.

"Parents who have children in districts where the grades are not to be taught next year must sign transfer blanks," he said. "It is urgent that these be signed this month in order to prevent friction next year when children are entering the Independent School District."

All county superintendents have received instructions from the census department as to the Attorney General's ruling on transfer law as follows:

"You are advised that said opinion holds that County Superintendent must grant all requested transfers made by parents; and that group of trustees which object to the transfer shall file its objection with the county board. In the adopted rules and regulations of this division, you will note that said protests must be filed with the County Board of School Trustees within five days after the first of August and the County Board shall hear all protests prior to the 15th day of August of each year."

In compliance with the above ruling the County Superintendent will accept all transfers requested by parents, and submit them to the county board.

For Congress

Congressman Marvin Jones, chairman of the House Committee of Agriculture, is a candidate for re-election to Congress.

Ernest Thompson Is Encouraged In Governor's Race

PANHANDLE EXPECTED TO GIVE COL. THOMPSON "CLEAR MAJORITY"

AUSTIN—Signally honored by his home town, Amarillo, and his home section, the Panhandle, during the past weeks, Ernest Thompson this week continued his campaign for governor with renewed confidence.

After turning out 12,000 strong to hear his red-headed favorite son deliver a campaign address, Amarillo further honored Thompson by designating him at its "first citizen" to welcome Pres. Franklin D. Roosevelt to the city, last week.

It was not the first time Thompson had had direct dealings with the president. Last year Roosevelt selected the Texas railroad commissioner to represent the United States at the world oil conference in Europe.

After greeting the president, whom he had praised highly in his speech Saturday night, and after having received assurances from all over the Panhandle that he will carry that section by a clear majority, Thompson plunged into another hard week of campaigning—with election day no further away than July 23.

Meanwhile Myron G. Bialock, chairman of the State Democratic committee, came out with a strong endorsement of Thompson's candidacy. The Marshall man was joined this week by Robert Lee Bobbitt, chairman of the state highway commission, who went on (Continued on Page 8)

Coffee Funeral Held Last Week

Dick Coffee returned last week from Brownwood, where his father, S. C. Coffee, 70, was buried last Tuesday.

Mr. Coffee died at his home in Albany, Texas, and at the time of his death was 70 years, one month and 15 days of age; he was a native Texan, and had many friends in this area, having visited his sons, Dick and John Coffee at different times.

Mr. Coffee, in addition to his widow, is survived by four daughters, Mrs. Sammie Burns of El Paso, Mrs. Elizabeth Graham of Mineral Wells, Mrs. Odessa Key of Gainesville, and Mrs. Maurine Coffee of Albany; two sons, John Coffee of Big Springs, and Dick Coffee of Hereford.

The Brand Democratic Primary Contest

To the Deaf Smith County citizens sending or bringing in this ballot on or before 2:30 p. m., July 23, the most correct guesses as to whom will lead the ticket on July 23, The Brand will award the following prizes:

1st Prize — \$2.00 Cash

2nd Prize — 1 Year's Subscription to The Brand

3rd Prize — Two Tickets to the Star Theatre

Simply check the name of the candidates in each race, State, District, County and Precinct, whom you believe will lead the ticket in his race, July 23. The person who guesses most of the contests correctly will win first prize — and so on. In case of ties, the first ballot received in The Brand office will be awarded the prize. Base your estimate on State races on state-wide returns, district races on district returns and county and precinct races of local returns.

Heavy Vote In First Primary Is Anticipated

COUNTY AND STATE RACES HOLD WIDE INTEREST IN THIS COUNTY

A large percentage of Deaf Smith County's estimated 1,600 qualified voters is expected to go to the polls Saturday to cast ballots in state, district, county and precinct races.

The county has some warmly contested races, and growing interest has been shown in state races, especially the one for governor. For the first time in history, Texas voters will have 13 men to choose from in selecting a chief executive.

The following paragraphs list voting places and election judges in each of the 10 voting boxes in Deaf Smith County:

No. 1—South Hereford votes in West part of court house; Berry Orr and J. H. Head, judges.

No. 2—North Hereford votes in commissioners court room; C. C. Acker and J. C. Ricketts, judges.

No. 3—Votes in J. A. Roe residence; J. A. Roe and Herman Gray, judges.

No. 4—Votes at Sims school; Jim Chapman and J. G. Fortenberry, judges.

No. 5—Votes at Fairview school; H. J. Oglesby and A. R. Norman, judges.

No. 6—Votes at Ford school; Carl Straufus and H. M. Benson, judges.

No. 7—Votes at Dawn school; A. T. Frye and E. M. May, judges.

No. 8—Votes at Messenger school; J. T. Guinn and Ben Bates, judges.

No. 9—Votes in Bippus school; Geo. Bippus and Z. J. Steen, judges.

No. 10—Votes at Daniel School; C. L. McBroom and E. W. Shugart, judges.

According to all calculations, there will be a potential vote of approximately 1,600 voters in Deaf Smith County, according to Fred Baird, deputy tax collector, who said today that this county has a total of 1,463 paid poll taxes, plus 37 exemptions certificates issued to "unders" before Jan. 21, 1938. This figure plus "overs" and additional "unders" is expected to be slightly over 1,600.

	Polls	Exempts
1. S. Hereford	392	17
2. N. Hereford	746	16
3. Roe	39	1
4. Sims	54	1
5. Fairview	23	0
6. Ford	26	2
7. Dawn	61	0
8. Messenger	42	0
9. Bippus	19	0
10. Daniel	24	0

A survey of Commissioner's precincts shows that of the above figures, Precinct 1, 470; Precinct 2, 762; Precinct 3, 82; Precinct 4, 149.

AMARILLO, July 21—George Hill and Ann Holman, both of Hereford, have been appointed by John McCarty to a historical committee which will write the script for a pageant, "Old Southwest Days," to be staged here, August 16, 18 and 19.

The pageant, which also will depict interesting incidents in the life of Will Rogers, will be a feature of a celebration to mark completion of Will Rogers Route, Highway 66, now paved all the way from Chicago to Santa Monica and Los Angeles.

Motorcades from both ends of the route will start at the same time to join in the celebration.

More than 1,500 persons, including Indians, will be in the cast and such pioneer property as buffalo, longhorns and covered wagons will be used in the pageant, which will be staged at Butler Field.

Loughmiller, Belle Loughmiller, and the unknown heirs and legal representatives of Belle Loughmiller, deceased; and all persons claiming any title or interest in and to the hereinafter described land, and any person claiming any title or interest in such land under deed heretofore given to G. F. Loughmiller, as grantee, are defendants; the cause of action being alleged in said petition is that plaintiff is the owner in fee simple of the hereinafter described land, and was such owner and in possession thereof, on January 1, 1933, and was on or about the 2nd day of January, 1933, unlawfully disposed of defendants, and plaintiff seeks and prays for judgment for title to and possession of such land under sufficient statutory allegations of trespass to try title; and in the alternative plaintiff prays for such judgment under additional facts substantially that he purchased said land for a valuable consideration, on or about March 10, 1927, and the same was conveyed to him by a written deed of conveyance, and the same was recorded in the Deed Records of Deaf Smith County, Texas, and that he has continuously, since such time, held title under said deed, openly and adverse to all persons, and has since such time, as well as since on or about the 23rd day of November, 1926, been in actual, continuous, open, notorious, peaceable and adverse possession of all of such land, paying all taxes levied and assessed against said land; said land being located in Deaf Smith County, Texas, and described by metes and bounds as follows:

Beginning at a point in the West line of said Block 14, 313.71 feet, from the Southwest corner of said Block;

Thence East to a point in the West line of Lot Number 6, in said Block, 208.7 feet, parallel with the South line of said Block;

Thence North 103.71 feet parallel with the West line of said Block;

Thence West 208.7 feet parallel with the South line of said Block, to a point in the West line of said Block;

Thence South with the West line of said Block, 103.71 feet to the place of beginning, and being the same and identical land as lot Number 11, Block Number 14, Evans' Addition to Hereford, Texas.

You are hereby commanded to so summons such defendants and each of them, and to serve this citation by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county, and if there be no newspaper published in your county, then in the nearest county where a newspaper is so published.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Hereford, Texas, on this 20th

day of June, 1933.

L. H. FOSTER, Clerk,
District Court,
Deaf Smith County, Texas.

Mrs. George Stambaugh Hostess for Bridge Luncheon Last Thursday

Highlighting last week's social calendar was the attractive bridge luncheon given by Mrs. George V. Stambaugh, Thursday at one o'clock, at her home on Lee Avenue. The enjoyable affair complimented Mrs. A. G. Lobbell of Franklin, La., who is visiting her daughters, Mesdames Travis Dameron and Woodrow Ireland here, and seven shower hostesses, who had honored Mrs. Stambaugh, a recent bride.

A blue and gold color theme predominated in floral decorations, with massed arrangements of rainbow hued flowers of every description as a background. In the dining room a table of lace and crystal was centered by a mound of lacy-leaved blue and gold blossoms on a mirror plaque. Coral candles at each end of the table, and on the buffet, in crystal candelabra cast a soft glow over the setting. Matching flower arrangements centered small tables where places were marked by dainty little ladies in coral pink picture hats tied with bluebows that matched the color tones of the flowers.

After the luncheon bridge games were enjoyed, when high score award went to Mrs. Travis Dameron. Mrs. Lobbell was presented with a guest prize.

The honored guests present, included Mrs. Lobbell, and Mesdames Ernest Medkier, Travis Dameron, Ray Barber, W. B. Dameron, Wallace Cox, James Black and Miss Ona Hammer.

Others present, were Mesdames C. H. Dyer, R. R. Wills, Ralph Rodden, Tom McCollum, A. R. Bateman, Meade Halle, Grant Fuller, Woodrow Ireland, Mrs. Stambaugh's sister, Mrs. Earl Bennett of Amarillo, and Miss Emma Harless Lobbell of Franklin, Louisiana.

BRIDGE LUNCHEON ENTERTAINS CLUB

Clear crystal blended with the soft colorings of pottery in appointments for the luncheon given by the members of the Wednesday Luncheon Club at the home of Mrs. C. C. Rockwell on Wednesday

of last week. Blue pottery bowls filled with bright clusters of marigolds decorated quartet tables, where covers were laid for twelve guests. Bridge accessories for games after the luncheon accented the blue and gold theme suggested by the floral decorations and table service.

Prize awards were won by Mrs. B. M. Wiltshire, high, and Mrs. H. A. Close, second high. Low award went to Mrs. W. M. Emmons.

Special guests present, were Mesdames Seth B. Holman, J. A. Pitman, H. A. Close, C. A. Skelton, S. P. Rosson and Oscar Easley.

Members attending were Mesdames B. M. Wiltshire, J. C. McCracken, W. M. Emmons, W. L. Davis, Jimmie Gillentine and the hostess.

Messenger News

(27 miles west)

BY MRS. J. N. MESSENGER

Many of the farmers finished cutting the wheat the past week. The showers kept some out of the fields for several days.

There was a light shower Wednesday afternoon and Thursday morning. One-fourth inch of rain fell and showers all during the day, and Saturday afternoon a heavy shower fell west of the Guinn ranch.

Mr. and Mrs. Cassell Fiely are the proud parents of a baby girl, named June Irene.

Roberta Parker took Sunday dinner with Dorothy, Nell Guinn and attended Sunday School in the afternoon.

Miss Rachel Terry has been helping with the books at the Farmers' Elevator at Friona, during the rush season.

Some of the row crops are looking fine and others have been sadly neglected during the wheat harvest.

A half inch of rain fell Sunday night. The rain started falling at 8 o'clock and continued most of the night. The rain fell slowly and the ground took in all that fell. This will be of great benefit to row crops.

The Messenger School will send the high school students to Friona this next year. There will only be two teachers here, Mr. and Mrs. Loran Wells. There will be two busses here and one to Friona. There will be about 17 pupils in the high school going to Friona.

The gardens are looking fine and the showers have helped to put them in fine shape and when it does not rain, there is a wonderful supply of well water to keep them going.

We hope to see more at Sunday School next Sunday. Wheat harvest being over, everyone should come out to make it a good Sunday School.

Funeral services were conducted in Denton, Monday, where Mr. and Mrs. Fuller and their daughters, Marguerite and Lola Mae were making their home. Mrs. Fuller had been ill for several weeks, according to friends in Hereford, who had visited in the Fuller home recently.

Vote For TROY MOORE

CANDIDATE FOR

COUNTY COMMISSIONER

PRECINCT NO. 1

For 10 years I have made this community my home. My interests are all here and I pay taxes in this county. I have never held public office in the past, neither have I been a candidate for one.

I have honestly tried to see each and every voter in my precinct, but due to the recent illness in my family it has been a physical impossibility to see you all, and I respectfully ask each of those whom I have not contacted, to give my candidacy for Commissioner of Precinct No. 1 your consideration . . . and

I WILL APPRECIATE YOUR
SUPPORT AND VOTE, JULY 23

TROY MOORE

(Paid Pol. Adv.)

To the People of Deaf Smith County

I take this means of thanking you for the courtesy shown me in my campaign. I want you to know I appreciate the encouraging words and the nice things you have said for me.

I have always said it was a privilege to live among the people of Deaf Smith County and I believe it would be a greater privilege to be your Sheriff, Tax Assessor and Collector.

I have lived in Deaf Smith County for the past 13 years and I believe I know how to make the kind of Sheriff, Tax Assessor and Collector that you people have the right to expect a man to make.

I want the office because there is a salary attached to it, but I have been taught to work for what I got, so I assure you I would work and try to earn the salary that goes with the office. If I am elected I will always remember that the office belongs to the people and that I am only working for the people.

I would promise just one thing that would be to make you the very best Sheriff, Assessor and Collector that I know how to make. I believe that promise covers all the promises anyone could make. I will certainly appreciate your vote.

If I have not been able to see you during my campaign for this office, I trust that you will check my record and accept this as a personal invitation to support me in this campaign. It is my personal desire to see and talk with each of you before election day, but remember that I will appreciate your vote and influence.

The "horseless-carriage" was modern. The same may be said of many ranges in use today. It is surprising how many families—so particular about every detail of their home—completely overlook their ugly, old-fashioned and inefficient kitchens.

This is unforgivable. Any woman can now afford to glorify her kitchen with a new Westinghouse Electric Range—the key to a more attractive, modern kitchen. It takes mighty little money to put your kitchen ahead in style and convenience with a Westinghouse Range. Be modern—cook electrically!

HEREFORD

BULL

By Jimmie Gillentine

Bill Smith, in my opinion, is one of the world's greatest wise-crackers. Since I met Bill I have thought this, and the longer I know him, the more I think my first opinion was right. Several weeks ago Bill brought Henry Brunk to the Lions Club for lunch—and every time Henry said anything, Bill "sawed him up" with a wise-crack. Bill has a new question, however, and here it is: "Who was the Governor of Texas that went through an entire term of office without shaving?" After you guess a while, you can check your answer in the final paragraph of this column.

"News-to-me" was the fact that Jack Rose likes to play bridge. I have since learned that Jack is a very good bridge player, long since having passed the "trump-your-wife's-see" stage of the game.

Well, folks, Hereford finally got national recognition in the form of favorable publicity. This week in the New York Sunday News the GRAIN REPLACES DUST IN WEST'S GREAT DUST BOWL (July 17) appeared pictures with angle. The three pictures covered just about one page of space in the tabloid newspaper and mentioned Hereford, Texas, three different times. One of the photos showed a hummocked field, the other showed water backing into terraces, and the third showed O. Wilder and O. T. Williams inspecting the first real wheat grown on the land in five years. The paper has hundreds of thousands circulation and will go into homes over the entire United States and Canada. I have a copy of the paper down here at the office if anyone wants to see the pictures.

Like I said once before, we have something out here. If we get the right breaks similar stories will go into national magazines and other papers with big circulations. Furthermore, most of the papers will likely be staunch supporters of the New Deal and President Roosevelt.

If there is anyone around here who thinks they can flip matches, I would like to hold a match-flipping tournament. I will pit my man, Charley Whitehead, against any and all comers. Charley can take a common wood match, place it between two fingers, stand off four feet and flip it right through a 12-page Hereford Brand. He says he can also sling a match through a 16-page paper sometimes. I've seen lots of match-flippers in my day, but Charley takes the cake. I sure don't know how he does it—and after I walked on down the street I got to even wondering why he does it. Must be a hobby.

Mrs. Allen Bell and Mrs. Cecil Guseman have some bedspreads which were made from wool off the Bull sheep. Mrs. Bell furnished the wool and Mrs. Guseman paid for having the spreads made. The four spreads took 80 pounds of raw wool, and they are beautiful. It took about 16 months to get them back from the mills.

Down around Dallas is something new under the Texas sun; emergency telephones have been placed along the highways. These phones are used by motorists in case of flat tires, motor trouble and for reporting anything unusual along the road or for summoning medical help in case of serious accidents. It gives added faith in human nature to learn of such improvements. It looks to me as if these phones are needed even more out on the Plains country than in densely settled areas. At least it's an idea worth the Chamber of Commerce's attention!

But then there are a lot of things we need, and the way the Chamber is starting out, it looks as if we are going to get some, if not all of them.

Day after tomorrow is election day, and things are sure picking up in the political arena. I sure would like to see Deaf Smith County give Marvin Jones 100 percent support. Marvin has really been our friend out here in this country. Every time we have asked for anything, Marvin has done his best to give it to us. He helped us to get the first REA lines in West Texas, and just the other day he announced the allocation of funds for a new post office in Hereford. Of course we all appreciate these things, and should show our appreciation Saturday, but the real reason we should support him over shadows all such petty improvements.

Marvin Jones is one of the outstanding men in the United States today. While he has

helped us locally, his ideas and work has helped millions of farmers in this area and over the entire United States. He holds a coveted position in the nation; a place it would take a new man 15 or 20 years to achieve. Of course Marvin Jones will be re-elected, but I think we should show our appreciation by giving Marvin Jones every vote in Deaf Smith County.

I almost forgot. Bill Smith says the only Texas governor who served an entire term without shaving was Miriam A. (Ma) Ferguson.

Quite a number of people from Dawn drove to Amarillo last Monday to see the president and hear his address. Among those there were H. H. Miller and family, H. E. Miller and family, Mr. and Mrs. W. W. Wimberley, Mesdames Carl Wimberley, C. A. Wimberley and William Wimberley, Miss Wilma Baber, W. P. Caraway, Elmer Caraway and son, Glenn, and Buddy Harrison.

Grandpa Smith spent the week end at Wildorado, visiting in the home of his son, O. G. Smith and family.

Herman Langley, who has been helping his uncle, E. F. Seymour, the past several months, left last week for his home at Shamrock.

L. R. Underwood, who has been in ill health for some time, was able to return to his work, last week.

The combining season is practically over in this part of the county. However, there is still some of the later wheat still standing, as combines have been detained by the rains.

Elmer Caraway and son, Glenn, Bud Harrison and Mr. Johnson left Thursday for their homes in Gustine, after visiting relatives here.

Mrs. Rosie Moon, who has been visiting her sister, Mrs. W. J. Stewart for the past six weeks returned to her home in Slaton, Monday.

Mr. and Mrs. H. E. Miller entertained a number of young people of the community with a party, Wednesday night. Music was the chief attraction of the occasion. Several visiting boys furnished instrumental music, which was enjoyed greatly by the guests.

Dalby Flemming underwent an operation at an Amarillo sanatorium last week.

Mrs. Bud Heaton of Canyon, visited in the L. A. Smith home, Friday.

Mr. and Mrs. A. Taylor of Wildorado, called on Mr. and Mrs. W. P. Caraway last Friday. They were former neighbors of the Caraways when living in the Progressive community.

John Henry Burum of Waurika, Okla., is here for a visit in the home of his uncle, M. H. Burum. J. B. Foster, a friend of his, came with him.

Mr. and Mrs. H. E. Miller called on Mrs. Virgil Ragar in Amarillo, Tuesday. Mrs. Ragar is an old friend of the Millers.

For Governor

Ernest O. Thompson, West Texas' candidate for governor, is basing his campaign upon a program of industrial expansion for the state. Friends of Col. Thompson predict that he will rank near the top when the final vote count is made.

Mrs. John Bently and daughter, Wanda, and Claude, came for a short visit in the home of their niece, Mrs. C. A. Wimberley.

George Bently of Washington, D. C., an uncle of Mrs. Wimberley's, stopped by for a brief visit, and was joined here by Lloyd Bently, another uncle, who has spent the summer here, and Mrs. John Bently and daughter, Wanda, also Miss Wilma Baber, a sister of Mrs. Wimberley's. The entire company left Friday for a camping trip in Colorado. They expect to visit here briefly on their return. Miss Baber, however, will spend the remainder of the summer with her sister.

Martin Richardson, who has been working in the wheat fields north of Amarillo, arrived last week to join his brother, Lee, for a brief visit here, before returning to their home in Elida, N. M.

Mrs. Carl Owen of Washington, D. C., arrived Monday for a visit with her sister, Mrs. Mort Burum. Mrs. Owen's daughter, Miss Marjorie, will arrive shortly from Denver in company with her grandmother, Mrs. E. A. Day, who has been visiting her daughter there for some time. Mrs. Carl Owen will be remembered as the former Jean Day. About fifteen years ago the Carl Owens lived on the place now owned by W. W. Wimberley. Mrs. Owen, while here, will also visit relatives and friends in Hereford.

Virgil Bargeley of Ranger, took dinner in the home of his aunt, Mrs. W. P. Caraway, Mrs. Caraway and Mrs. Iverson Leake accompanied him to Amarillo that afternoon.

Several new rains fell here last week, aiding row crops and detaining combines. Farmers are anxious to get in the fields as weeds have a good start. Plows that have also been at work preparing wheat land have been stopped by the rains.

Robert W. Calvert, candidate for Attorney General is truly the People's candidate. Born of poor parents he was elected and educated in the State Orphan's Home at Corsicana from which he graduated at the age of 18. Entering the University of Texas, he ran an elevator, worked as night watchman, and at other odd jobs to earn his way while securing his law degree. He was elected to the Legislature in 1932, re-elected in 1934 and 1936 without opposition, and unanimously elected speaker of the House of Representatives in January, 1937. He has never had any alignment or affiliation with any corporate or special interest and has accepted not any contribution from such interests during his campaign for Attorney General. He is not now, and has never been, connected with any political machine. He is well qualified as a lawyer by education, training and experience in the general practice of law. By his own efforts he has advanced himself to his present position. Your vote and influence will help him to further advancement.

LUMP-SUM PAYMENTS

The Social Security Board is now making lump-sum payments to wage earners in covered employments who have reached age 65, or to the estates or relatives of

such workers who died before that age. The amount in each case represents 3 1-2 percent of total wages, as defined in the Social Security Act, received by such worker after 1936, and before he reaches age 65 or dies. Applications for these lump sums should be direct-

ed to the Social Security Board, 1012 Oliver-Eagle Building, Amarillo, Texas.

TO THE VOTERS

—OF—

DEAF SMITH COUNTY

Having lived in Deaf Smith County for the past 32 years and having served as your County Commissioner in Precinct No. 1 for two terms, beginning in 1918, and with the interests of Deaf Smith County in my heart, I have kept in close touch with the problems and needs of the county, I feel justified and qualified in asking to be your next commissioner.

I have honestly endeavored to see each voter in Precinct No. 1, but I ask those of you whom I have not personally contacted to accept this as a personal appeal for your support and vote in Saturday's election, and I pledge you my full time and sincere attention to fulfilling the duties of the office of County Commissioner of Precinct No. 1. I will strive at all times to represent the people, fairly and competently.

ERNEST THOMPSON

Trained . . . Talented . . . Tested

Qualified for the Governor's Job by a Sound Record of Public Service

WHAT HE HAS DONE!

As Mayor of Amarillo, he saved citizens nearly a million dollars a year by cutting every utility rate in the city and lowering the tax levy.

As Texas Railroad Commissioner, he assisted the farmer through lower freight rates and the livestock industry with emergency drought rates; brought many millions of dollars to the school fund by sensible supervision of the Texas oil industry; helped lower the gas rates in scores of Texas towns.

As a man, whose boyhood was spent at hard work, he has achieved a brilliant record of private and public service, fought for his country with high honors during the World War, is chairman of the Oil States Compact Commission, has earned the respect and admiration of straight-thinking people all over the nation.

WHAT HE WILL DO!

Tackle the farm problem with both fists and help the farmer and rancher work out a solution that will take the penalty off owning or working a farm or ranch—his belief being that the farmer is entitled to a fair profit, the same as any other man.

Urge the legislature to change the old age assistance law so that no needy old person will be denied a pension merely because a son or daughter happens to have a job.

Actively encourage industrial expansion to relieve unemployment; wage war on governmental waste and fight new taxes; and advocate state control and regulation of all utilities.

Deaf Smith County

WILL APPRECIATE YOUR VOTE!

I am not much of a politician, but I feel the many years I have resided in this county and precinct as a property owner and tax payer has qualified me to serve as your County Commissioner.

It has been my aim to see you, and I have talked with many of you. If you think I can do the job right, I will appreciate your vote, and I assure you I will do my best to make you a real hand.

Sure it's hot; at least everybody says so, but we who work inside a fan or air-cooled building haven't much right to kick when we think of the ones who work out under the hot sun.

Genece Standifer has a nice job collecting for Battery Bob, Frankie Vello and Johnny Marie Robinson, Kaye Crosthwait and Helen Ann Snyder all have a job hopping cars at the ice cream stands on the highway. George Jones does a nice job of curb service at the Medkief Service Station. Think it over: How would you like to have their places under the sun?

the air to voice his approval of Thompson.

During Blalock's radio speech last week, the Democratic party leader took occasion to quote a letter which is being circulated in the state.

The letter follows:

"Dear Fellow-Citizen: We hope you will give your personal support and influence to Col. Ernest O. Thompson for Governor.

"We make this appeal because we know him to be a high type Christian gentleman. In him you will find no insincerity—no hypocrisy.

"In the World War, and as Mayor of Amarillo, and as Railroad Commissioner, he has served faithfully, honestly and efficiently. Let us call him to a wider field of usefulness.

"Texas needs him!"

The letter was signed by Dr. J. B. Tidwell, head of the theology department of Baylor University and president of the state Baptist general convention; Dr. J. T. Harrington, president of the board of trustees of Baylor University; Dr. J. L. Ward, president of Decatur Baptist College, and T. C. TREASURY DEPARTMENT
PROCUREMENT DIVISION
PUBLIC BUILDINGS BRANCH
Washington, D. C., July 6, 1938.—Proposals are hereby solicited for a site for a Federal Building at Hereford, Texas, to be opened publicly in the Office of the Postmaster at Hereford, Texas, at 9 o'clock A. M., on August 3, 1938, for the sale, or donation to the United States of a lot conveniently located. Approximate dimensions—Corner lots 120 foot frontage, 170 foot depth. Interior lots 145 foot frontage, 170 foot depth. Sites having different street frontage dimensions will be considered; provided the area is approximately the same. In all cases where possible bids should be submitted by actual owners of properties and not by agents. Documentary evidence of authority must be attached to proposals submitted by agents. Upon application, the Postmaster will supply prospective bidders with proposal blanks and a circular giving particulars as to requirements and instructions for preparation of bids and data to accompany same. C. A. Peoples, Director of Procurement.

NOTICE TO BIDDERS

We, the trustees of the Messenger School District, No. 10, ask for bids on three routes, including two to Messenger School and one to take high school students to Friona. Contracts to be let August 1st.

We reserve the right to reject any or all bids.

MRS. R. H. JOHNSTON

We have had rain almost every day or night for a week, which slowed up the harvesting of wheat. Row crops and gardens are profiting by it, however. Weeds are getting a good start on the farmers, although everyone will be very busy as soon as the ground dries sufficiently to plow.

Misses Irene King and Lula Johnson were in Tucumcari, Friday.

Mr. and Mrs. A. C. Johnston and Mrs. Dallas Johnston visited relatives in San Jon, Friday.

Mr. and Mrs. C. L. Hutchins of Clovis, visited with her parents, Mr. and Mrs. J. T. Reese, over the week end.

Friends of E. J. Hudson in this community were saddened by the news of his death and extend their sincerest sympathy to the family. The children of Oscar Haskley

went to visit him in the Conchas Dam Hospital, Sunday. Mr. Haskley was slightly improved but not out of danger.

The lump-sum payment would be \$35. Information concerning the filing of a claim may be obtained from the Social Security Board, 1012, Oliver-Bakle Building, Amarillo, Texas.

William Bucholz of Chicago, testified in his divorce suit that his wife charged him 25 cents for breakfast, 50 cents for dinner, \$1.50 a week for laundry, 25 cents a night for a bed, and a penny for a toothpick.

DON'T OVERLOOK CASH

Persons entitled to lump sums under the old-age insurance program are being paid 3 1-2 percent of wages received from covered employment after 1936, and up to attainment of age 65 or death. For example, if a worker's wages during this period amount to \$1,000,

To The Voters Of Deaf Smith County

In presenting my candidacy for the office of County and District Clerk, it was my desire to see every voter in the county, but due to the busy times, recent rains and my own duties in the drug store, there are several whom I have missed. I am taking this opportunity to make an appeal to every voter in Deaf Smith County for their consideration and support and asking that this be taken as a personal solicitation. I assure you that I will appreciate your help in this race and if elected, I pledge you my very best efforts toward an efficient discharge of the duties of your County and District Clerk.
