Senator Gramm Recognizes Jr. High

Thursday morning Jennifer Crabtree, West Texas Regional Director of Senator Phill Gramm's office in Lubbock, and James Webster, also from Sen. Gramm's office in Lubbock, were in Muleshoe for a special ceremony at Watson Junior High Gym.

Students at the junior high received special recognition and were commended for their holiday program to help local charities

collect food items for needy residents.

They were presented a certificate of appreciation from Senator Gramm during the ceremony.

"The holiday season is traditionally a joyous occasion for most Americans. The days are highlighted by gathering of family and friends to feast, fellowship, and exchange gifts around the Christmas tree. It is a time when

humanity reflects on the joy brought into the world by the birth of a special child in Bethlehem" Gramm said.

"Unfortunately, there are Americans whose lack of food, clothing, or housing renders them emotionally burdened and unable to rejoice. For America's truly needy, Christmas can be a very difficult experience characterized by depression, frustration, and

loneliness. The hurt of going without is real for adults as well as children and becomes more significant at Christmas," the senator said.

"The spirit of 'caring and sharing' is a cornerstone of American history. Our communities have always responded to the needs of an individual or family buried with legitimate financial burdens. In so doing, the 'reach out and help'

approach builds lasting human relationships. It is the 'let me assist' attitude which creates powerful bonds between people," Sen. Gramm continued.

"I have a heartfelt appreciation for individuals, like yourself, who willingly give from the abundance with which they have been blessed to those less fortunate faced with immediate needs. Your work to address this situation has greatly

contributed to the quality of life in Muleshoe," the senator said.

"I am very thankful for the number of organizations, such as which invest exceptional effort to ease the holiday burden of the community's less fortunate. These projects not only reflect the caring compassion which exists in our society but also reveal the moral strength of the American people," Gramm said.

Drivers Urged To Take Precautions Over Holidays

As 1994 approaches, people are beginning to make plans and resolutions for the coming New Year. Unfortunately for some people, those plans and resolutions will never be observed. The reason is that an automobile accident will change their lives forever.

Trooper Joe Clement, Safety Officer with the Texas Department of Public Safety says that this can be avoided, if drivers will simply take a few precautions.

It is a fact that drunk driving continues to be one of the nation's most serious health and safety problems. Many people have the misconception that as long as they remain under the legal limit of intoxication, they are not impaired as drivers.

Nothing could be further from the truth. Even small amounts of alcohol begin to slow a person's ability to make quick,

accurate judgements and reduces their reactions, both of which are vital to the safe operations of a motor vehicle.

Include, in your plans for this New Year's Eve, a resolution not to drive if you are going to have anything alcoholic at all to drink. Use the designated driver and check with your local officials to see who might be offering a free ride home program. These programs are generally available, but may vary from year to year.

It is recommended that if you are going to host a party, that soft

drinks be available for your guests so they will have a choice. Introduce people to one another and plan activities. A good host is not just a bartender. Don't rush refills and don't double up because it's not generous. It's rude. Attempt to have a meal or snacks available throughout the evening. Above all, if someone drinks too much at your house, you are responsible. Provide lodging or get them a safe ride home.

Trooper Clement says for those

Seventh Grade Boys Continue To Win

The Seventh Grade Boys Basketball Team now stands 3 and 1 for the season following a win of 35 to 21 over Friona on December 13.

In the first quarter Muleshoe scored 12 points to Friona's four. Muleshoe scored 12 points in the second quarter, and Friona scored five. In the third quarter each team scored 5 points. In the fourth quarter Muleshoe scored six points and Friona scored 10.

Those scoring for Muleshoe included: Manuel Campolla, 10; Dustin Cleavenger, six; Carlton Lewis, seven; Jacoby Jennings, four; and Michael Harris, B.J. Gonzales, Matt McClanahan, Jon Keith Turner, all two.

"We had a good start," said Coach Donaldson. "The first half we made some good decisions and played pretty good defense. The second half we tried out a few new things just to get the feel of them in a game situation. All in all we had a pretty good game.

Their next game will be with Dimmitt on January 3.

The Friona Boys defeated the Muleshoe Eighth Grade Team 47 to 38.

Scores by quarters were First Quarter: Muleshoe 13, Friona 11; Second Quarter: Muleshoe 9, Friona 7; Third Quarter: Muleshoe 6, Friona 16; and Fourth Quarter: Muleshoe 10, Friona 13.

Those scoring for Muleshoe were: Douglass Field, 19; Toby Villa, 8; Arturo Sanchez, 9; and Cyrus Norman, 2.

"We played Friona in the Championship game at our eighth

grade tournament. They defeated us 64 to 48. We played much better this time but still came out a little short. It was a much closer game than the nine points indicate," Coach Welch said.

Their next game will be with Dimmitt at Dimmitt.

FmHA Loan Funds Now Available

The Farmers Home Administration has loan funds to help members of socially disadvantaged groups, including minorities, buy land for farming or operate farms in Bailey County, Joyce M. Thompson FmHA County Supervisor, said.

Under this program enacted by

congress, socially disadvantaged populations groups are Hispanics, native Americans, African Americans, Asians and Pacific Islanders.

FmHA tries to find members of those groups who are interested in farming and can qualify for an FmHA farm ownership loan. The agency can sell or lease to those who are eligible a farm held in its inventory or make loan for

purchase of land on the open market, Thompson said.

FmHA can also provide other loan assistance, including operating loans, and advice, if needed to help the borrower get started.

People who think they may be eligible, whether they already are in farming or would like to become farmers, are urged to contact the Farmers Home Administration County Office in their area, Thompson said.

Do You Know The "10-Foot Rule"?

No, it's not a new dance step, and it's not a giant measuring stick.

The rule refers to the distance extending ten feet in every direction from any power line. It's the distance you should observe when you're working outdoors with equipment or machinery, such as a crane, forklift, backhoe, dump truck, TV antenna, drilling rig or block loader.

It's an important rule to remember. So play it safe, and remind your co-workers and neighbors to practice the "10-foot rule" too.

It's the law.

"Focus On Faith"

In worship last Sunday I gazed at the front of the sanctuary watching the silhouetted shepherds themselves gazing upward in wonder, one of them pointing toward a brightly shining star. The fact that the star itself was not all that far away from the cross also displayed before us was a poignant reminder that in God's wisdom Bethlehem and Golgotha are forever linked, two sides of the same wondrous story of God's love.

Focus
On
Faith
Curtis
Shelburne

The Baby of Bethlehem drawing his first breath of air in the world he had spun into existence eons before was more than a baby. He was Immanuel, God with us, God in the flesh, God who came into this world laying aside the robes of royalty, willingly clothing himself in the garment of humanity to fully experience our joys and our sorrows, our triumphs and our tears.

I love the story told by author John Drescher about a little boy lying wide awake terrified by a storm late one night. From his dark shadowy room he cries out to his father, "Daddy, come, I'm scared."

Daddy replies, very truthfully, "Oh son, God loves you and he'll

take care of you."
But the boy isn't satisfied, and he shouts back, "I know God loves me and that he'll take care of me, but right now I need somebody with skin on!"

Our world did, too. And so God came "with skin on." Immanuel. God with us. God sharing fully in the human situation from the trauma of birth to the violence of death. God feeling everything a human being can feel.

Christmas assures me that the God I worship is no absentee landlord who lives a million miles off leaving the poor tenants to aimlessly "do their own thing."

Nor is our God an emotionless lawgiver, a heavenly bureaucrat lost somewhere on a cloud shuffling paper and handing down rules to complicate a situation he knows nothing about.

God is not the sort of military officer who proposes brave and daring offenses but whose idea of "leading" the charge is sitting safe and warm in a command post moving markers and flags on a map.

Christmas assures me that God has been at the front. He's seen the blood. And the most precious of all was his.

The wondrous story of Christmas is that with those stunned shepherds all the angels and the universe itself watched in utter amazement at the depth of God's love as he became what we needed most--Immanuel, a God with skin on.

Making New Year's Resolutions

Contrary to the way it usually happens, New Year's resolutions are not made to be broken.

In fact, resolutions can work any time if you go slowly and realize you may not succeed on the first try, said Dr. Michael Cox, a psychologist at Baylor College of Medicine in Houston.

Successful New Year's resolutions begin as reasonable goals with reasonable expectations.

"Make the first step a small one, and take your time," Cox said. "Pick something at which you can be successful, and build on that success."

After choosing a resolution, write it down. That will not make it a reality, but it will indicate you are serious.

Tell others what you have resolved so they can be supportive. And if you break your resolution, try again.

"There is nothing magical about the New Year," Cox said. "It is seldom, if ever, too late to make a change."

"Let us hold fast the profession of our faith without wavering; (for he is faithful that promised.)"

Have faith in God. He will lead us in the right paths. He will never fail.

As the highways are clearly marked and numbered so that we might easily find our way from city to city and across the nation, God's word clearly marks life's paths.

Attend church regularly and exercise your faith in God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
