Meat Rationing Legislation Planned

Big Shipment Of Explosives Seized By U. S.

(By The Associated Press)

JERSEY CITY, N. J., Jan. 3—What police described as enough tri-nitro-toluene (TNT) to "blow Jersey City and five Jersey cities to bits" was discovered on a pier here today in packing cases consigned to Palestine and a quantity of military materiel was uncovered by police who raided a warehouse in New York City.

Jersey City Police Capt. Patrick W. Flannagan said 77 freight cases which were being loaded into the 14,000-ton SS Executor at the American export line's Pier F for shipment to Haboreg, Ltd., Tel Aviv, Palestine, and to the Palestine glass works at Phoenicia, Ltd., both at Haifa, Palestine, were loaded on a barge and towed to Gravesend bay when two of the cases were found to contain TNT.

Companies Listed

A cooper, called to fix a case which had dropped on the pier and had broken, found the TNT, Flannagan said. Police opened another case and found it, too, contained the explosive, he said. Both cases were part of a 26-case shipment to Tel Aviv, Flannagan said, and added police believe the rest of this shipment also contains TNT. If this should be found true, the cases would contain 65,000 pounds of the explosive.

In a 51-case shipment consigned to Haifa, one case opened by police was found to contain machinery, Flannagan said, and on the basis it could be used for manufacture of war material, the 51 cases were loaded with the 26 others on a barge which was towed to Gravesend bay and anchored there pending investigation.

In New York, Frank Laughlin, assistant port collector of the U. S. Customs service, said that 30 cases of the seized shipments, marked "used industrial machinery and parts," were sent by the Oved Trading Co., 147 West 42nd street, New York City, and another 58 cases, marked "used industrial machinery," were sent by the Mar-Tech Export corporation, 15 West 42nd street.

Laughlin said that "falsely declaring" the contents of parcels shipped overseas was a violation of U. S. export controls, and liable to prosecution. He added that shipments of explosives require a special license, which are

Attlee In Bitter Attack On Reds

By GLENN WILLIAMS
Associated Press Staff Writer

LONDON, Jan. 3—Prime Minister Attlee denounced Russian Communism tonight as "a new form of imperialism" threatening the rest of Europe.

"Today in eastern Europe the Communist party, while overthrowing an economic tyranny of landlordism and capitalism, has renounced the doctrines of individual freedom and political democracy and rejected the whole spiritual heritage of western Europe," Attlee said in a speech broadcast at Britain's peak listening hour.

Imperialistic Threat Charged

His attack came in a party political broadcast in which he raked international Communism as hard or harder than he did his main domestic opponents, the Conservatives.

He asserted that "Soviet Communism pursues a policy which threatens with a new form of imperialism — ideological, economic and strategic — the welfare and way of life of other nations of Europe."

Attlee contrasted the labor party's conception of a combination of political and economic democracy with the Russian system and argued that modern Russian history warns that, without political freedom, collectivism can quickly go astray and lead to new forms of oppression and injustice."

Last Of Train Wreck Victims Identified By War Department

OTTERVILLE, Mo., Jan. 3 (AP)—The last of 14 victims of a New Year's day passenger train wreck was identified today as Cpl. Hugh J. Hannaway of Long Island, N. Y.

Frank Dodins, assistant general passenger agent, said the identification had been confirmed by the War department, and the parents notified.

Four Children Burn To Death

Mexican Children Victims Of Blaze Near City; Parents Seriously Hurt

FOUR small children of a Mexican farm family were burned to death and their parents critically injured in an explosion and fire which swept their four-room tenant farm home one mile south and one mile west of the College Avenue gin early this morning.

Parents Seriously Hurt

The four young children of Mr. and Mrs. Leno Cantu, said to range from five-years-old to a nine-months-old infant, were the victims of the sudden blaze which started about midnight, sheriff's and hospital officials said. The parents were in Lubbock Memorial Hospital at 3 o'clock this morning for treatment of third-degree burns.

The accident occurred on a farm operated by Boyd Coleman.

At 2:45 o'clock, sheriff's officials and fire department authorities who made an emergency run to the scene of the tragedy at 2:20 a. m. recovered the bodies of the victims.

The victims included one boy, Joe, about five-years-old, another boy, Sandy, about four-years-old, a girl, Ethel, about three-years-old, and an infant nine-months-old, Coleman said.

Both Mr. and Mrs. Cantu suffered severe injuries. Hospital officials said the father suffered third-degree burns over most of his body and that his condition was considered "poor." His wife suffered severe burns on her legs and arms and other portions of her body. Two other adults in the house were reported not seriously hurt.

Story Is Related

According to Scott Garrison, who brought Mr. and Mrs. Cantu to

The U.S. Zone's Displaced Persons:

Lot Of DPs Is Hard, But Not Unbearable

[NOTE TO READERS: This is the seventh of a series of articles on conditions in Occupied Germany today, written by the Editor of The Avalanche-Journal following a five-week visit to Europe as the guest of the Department of the Army.]

BY CHAS. A. GUY, EDITOR
The Lubbock Avalanche-Journal

IN THIS country, there has been a lot said, and more written, about the Displaced Persons of Europe and, more especially, about those in camps and cantonments in the U. S. Occupation zone in Germany.

But even though the subject has been attacked and presented from all sides in the U.S.A., I doubt very much if the story has been fully understood by our people. I don't believe anyone can get the DP picture, fully or correctly, without seeing DP camps and the DPs in those camps.

The 14 of us who went to Europe at the invitation of Army Secretary Kenneth Royall and Gen. Lucius D. Clay, U. S. military governor, saw DP camps as we saw practically everything else between Trieste, on the Adriatic, the British Occupation area in the Ruhr; between Vienna, on the Danube, and Paris, on the Seine. I saw five such camps—three of them with the group on conducted visits, and two others "on my own" in "drop-in visits," of which there were no advance notices.

* * *

There Are Two Types Of Camps

I'll wager that not one American in 1,000 knows that there are two different types of DP camps in the U.S. zone in Germany: the one type we all know about, operated through the International Relief Organization and under our direction; the other type operated by the Germans themselves for displaced German nationals.

Between the two types of DP camps there is all the difference in the world as to living conditions: food, clothing, sanitation, housing. The IRO DP camps and cantonments with which most Americans are at least slightly familiar are one thing. The German-operated camps are quite another.

* * *

DPs in the IRO camps, for which the American taxpayer puts up the lion's share of the cost, are doing very well in comparison with the German civilians and wonderfully well in comparison with

GUY SPEAKS TUESDAY NIGHT: Unable to accept all the two-score invitations he has received to speak to organizations here, Editor Guy will make only one public speech in Lubbock covering his European tour. That will be at 8 o'clock, Tuesday night, Jan .6, at Senior High school auditorium. There will be no admission charge and all interested persons are invited.

their counterparts in the German-operated camps.

To be sure, the IRO DPs aren't "living the life of Riley."

All is not nectar and ambrosia with them, or even beer and skittles.

But on the whole they are better housed than the German civilians; they are better clothed; they are better fed. And when their lot is compared with that of displaced German nationals from the Sudetenland, or from Silesia, for instance, they may be said to be "in clover."

* * *

Our Erroneous Ideas About DPs

While it is not his fault, the fact remains that the Average American has several completely mistaken ideas about DPs and their camps. Since the Average American hasn't been on the ground, and hasn't gotten first-hand views and information, he can't be expected to know the details of the DP operation and its overpowering problems.

The Average American, for instance, thinks all, or nearly all, of the DPs are Jews.

He thinks they all live in concentration camps, behind barbed wire, in tar-paper barracks and are kept under guard.

He thinks they can go home if they want to; he thinks they could, if they chose, get out of the camps and go to work.

And he thinks all of them are hell-bent to get to the United States.

In all these beliefs, the Average American is wrong.

* * *

I AM not prepared to give DP statistics outside the U. S. zone. But in the U. S. zone less than 40 per cent of the 500,000 IRO DPs are Jews.

In addition to the Jewish DPs there are the Balts—meaning Lith-

BIG INCREASE SHOWN OVER 1946

Lives Of 98 Persons Claimed In Lubbock Highway District

THE lives of 98 persons —25 more than in 1946 — were claimed in the twisted wreckage and crumpled steel of motor vehicles involved in the 582 accidents investigated by the Lubbock district of the Texas Highway patrol during 1947.

In addition, 488 persons were injured and the loss in property was estimated at $305,254, according to a report issued by Capt. E. L. Posey, commanding officer of the 21-county district.

The increase in deaths, Posey pointed out, was probably due to the greatly increased traffic on some highways of the district, a few highways showing a traffic increase of as much as 41 percent over that of 1946.

He also pointed out that the figures quoted above do not include all the accidents which occured in the Lubbock district, those happening within the corporate limits of cities coming under the jurisdiction of local police departments.

Lubbock county topped the list on number of accidents, persons killed and injured and property damage involved. Listed for the county were 206 accidents, 13 deaths, 145 injured, and property

Pauley's Grain Records Given Investigators

(By The Associated Press)

WASHINGTON, Jan. 3—Edwin W. Pauley tonight turned over to the Senate Appropriations committee the accounting records of his speculations in grain.

The special assistant to Secretary of the Army Royall thus complied with a request made by the committee Dec. 11 when Pauley testified that he held 500,000 bushels of grain when he took over his military assignment last fall. He also testified then that he had disposed of all but 50,000 bushels and had promised Royall to get rid of the balance.

Other Records Sought

Pauley did not deliver his records personally. They were handed to Senator Knowland (R-Calif), member of a subcommittee investigating grain speculation, by Fred W. Morrison, Pauley's attorney, C. L. Cameron, his business manager, and F. R. Parker, an accountant.

The Pauley records gave the committee half the material for a two-lane inquiry, beginning next week, into the market speculations of administration figures. The Knowland group expected to get by Monday the records of the trading activities of Brig. Gen. Wallace H. Graham, President Truman's personal physician. The committee was prepared, if necessary, to subpoena those files from Bache and company, New York brokers.

Committee Studies Books

Pauley's representatives called at the appropriations committee room in the capital shortly before midnight, EST, after keeping Knowland and committee staff members waiting for hours. The Pauley group had asked permission to file the records Sunday, but Knowland insisted that they be delivered tonight.

The committee's staff set to work immediately on an analysis of the books, but Knowland told reporters it probably would be several days before this job is completed.

Pauley May Appear

Pauley submitted a statement with the records which Knowland said would not be made public pending study by other members of the sub-committee.

Knowland asked Morrison whether Pauley would be available for further testimony if the committee decides it wants to call

Record Paving Program Is Set

Plans for the biggest paving program in Lubbock history during 1948 were outlined Saturday by Mayor C. A. Bestwick.

Already programmed are about 142 blocks, or about 10 miles, of paving, with the expectation this may be increased substantially before work actually can be started about the middle of next spring.

Officials will not be surprised if the program is nearly double that of last year, when 87 blocks of streets were paved to set an all time record.

Contract Plan Studied

If the planned program is carried out, Mayor Bestwick said, it probably will be necessary to have about half of the work done by private contractors. In the past, the city itself has done practically all paving.

Contractors insist, the mayor said, they can do the work about as cheaply as the city. If that is true, members of the city commission have indicated they would be favorable to the contract plan as a means of catching up with needed pavement. They also made clear, however, that they would not favor the plan if it requires any sacrifice of quality.

Scattered Over City

Under the plan now being considered, Mayor Bestwick said, the city would pave about 81 blocks of streets which now are on the approved program. In addition, he reported, petitions are on file for about 61 more blocks, with the

Burma Assumes Independence After Long Rule By Britain

RANGOON, Burma, Sunday, Jan. 4 (AP)—Burma, an exotic land of pagodas, jewels and rice terraces, became an independent country today after more than a century of British rule.

With the birth of the nation government leaders told the 17,000,000 Burmese to rejoice in their freedom and to work together to build a great state.

The Burmese Constituent Assembly now assumes power as the union parliament of free Burma. A new cabinet of 18 members has been named with Thakin Nu continuing as premier and Bo Let Ya as deputy premier and defense minister. Tin Tut retains the foreign ministry portfolio and Kyaw Nyein the home ministry.

Utility Connections, Postal Receipts, Building Booms

Lubbock's Growth Impressive, Various Barometers Indicate

By H. I. KIEFER
Avalanche-Journal Staff Writer

LUBBOCK'S remarkable growth during 1947 was emphasized Saturday by such standard barometers of progress as new Utility connections, postal receipts and building permit records.

The increase in the number of utility connections ranged from 10 to 12 per cent—an astonishing gain for a single year.

Postal receipts jumped 22 per cent, and climbed above the $500,000 mark during 1947 for the first time in Lubbock history.

Building permit records during the year were 25 per cent larger than in 1946, including a 47 per cent increase in number and a 61 per cent increase in value of new residences.

Other Expansions Impressive

Actually, none of the records—remarkable as they are—accurately reflected the city's advances. They show only the work that was done. They do not indicate the expansions which could have been made if the materials and labor—chiefly the materials—had been obtainable.

The situation as to telephones illustrates.

The number of new connections made during the year, as reported by C. H. Cale, Lubbock manager of the Southwestern Bell Telephone co., was 1,583, an increase of about 12 per cent.

But the company still has a waiting list of 2,200 to 2,300 applicants for telephones, and it is larger than it was a year ago, Cale said. In other words, if the company could have made all the connections requested, the increase for the year would have been nearly 30 per cent instead of the 12 per cent actually recorded.

Specific Service Delayed

The local manager said, however, that most of those now on the waiting list probably won't have to wait much longer. The plant enlargement which has been in progress about a year should be finished in February or March, he reported. Service then can be provided for about 1,800 to 2,000 of those now on the waiting list, he said.

He has less encouragement for patrons now on party lines who want direct connections. He would not even guess when a customer can select and get the sort of service he prefers. Those ordering telephones installed will have to take what they can get for a good while longer. Cale himself, incidentally, is on a four-party line at his home.

Shortages Of Materials

The situation as to telephones has applied in less degree to water, electric and gas connections. But the waiting list for none of these services is as long as for telephones.

The extensions of water, electrical and gas services were hampered less by lack of meters than by shortages of some other materials.

This applied particularly to water connections. Many large residential areas, mostly those annexed to the city within the past 18 months, still are without city

FORMER LUBBOCK MAN NAMED

Dr. W. R. White, Of Austin, Offered Baylor Presidency

(By The Associated Press)

DALLAS, Jan. 3—Dr. William Richardson White, pastor of the Austin First Baptist church, was elected president of Baylor university today to succeed Pat M. Neff.

Dr. White said he would have to give very serious consideration to the offer of the presidency when he receives "official announcement from the Baylor board."

Andrew Allen, public relations man for the Texas Baptist organization, said 29 of 36 members of the Waco university's board, meeting here today, elected the 55-year-old White without opposition.

DR. W. R. WHITE
OFFERED BAYLOR POST

In Waco Neff, who retired Dec. 31, said the trustees had made "a wise selection" in Dr. White.

"Dr. White is a man of wide experience and great executive ability. I am sure the board of trustees made a wise decision," Neff told a Waco News-Tribune reporter, saying he first learned of the selection when the reporter called.

Position Said Unique

White said he viewed the presidency of Baylor as "a tremendous privilege for service," and described the job as "a unique position among Baptists in that Baylor is the largest Baptist school in the country."

Dr. W. T. Gooch, head of Baylor's chemistry department and chairman of the graduate council, became interim president of the school Jan. 1, and will be acting head until a permanent president takes over.

White, himself a member of the Baylor board, is a former president of Hardin-Simmons university at Abilene, and had been pastor of the Austin church since 1944. When he took that post he immediately became the unofficial spokesman of Texas Baptists in legislative matters.

Asked To Stay At Austin

The resignation of the 75-year-old Neff was accepted by the Baylor board last month. A former governor of Texas, he had been president of Baylor for 15 years.

White said the university board had not notified him of his election when The Associated Press called him for comment.

He had known, however, that the selection committee had presented his name to the board several days ago.

"I have conferred with the board of deacons (of the First Baptist church of Austin) and they were very strong in their appeal for me to stay in my work here," White said.

"Of course, they were not working against Baylor. They are all friends of Baylor. But they believed my work is just beginning here and they wanted me to stay until it is completed."

White was born Dec. 2, 1892.

French Premier Wins Test Vote

PARIS, Jan. 3 (AP)—Prime Minister Robert Schuman won his first test vote in his drive for an unpopular income tax measure in the National Chamber of Deputies today and appeared assured of a substantial majority on Monday when he will stake the life of his government on a question of confidence.

The government apparently had succeeded in lining up nearly all Centrist and Moderate votes for the drastic tax bill to provide 125,000,000,000 francs (more than $1,000,000,000) for reconstruction, despite the determined opposition of Communists and deputies representing farmers.

Question Of Confidence Posed

The test vote came on two relatively unimportant amendments proposed to the second of eight articles of the measure. The amendments, bundled under one vote as a time-saving procedure, were turned down, 322 to 262.

The premier then announced that the government was posing a question of confidence on five other amendments to the second article, and demanded that it be adopted unchanged. The vote cannot be held until Monday because under the rules a full day must elapse between the posing of a question of confidence and the actual vote.

Although no vote of confidence

Former Librarian At Tech Dies Saturday

Miss Elizabeth Howard West, 74, former librarian at Texas Technological college and assistant in the Library of Congress for a number of years, died in her sleep Saturday at the home of a sister, Mrs. R. P. Reese, of 1511 Brainard street, Pensacola, Florida, according to an Associated Press report and telegrams received by friends in Lubbock.

Funeral services will be held at 3 p. m. today in the First Presbyterian church in Pensacola and burial will be in the cemetery there.

A native of Pontotoc county, Mississippi, Miss West became the first woman to head a department in the Texas state government when she was named head librarian at Texas Tech in 1925. She retired in 1942 and since that time has been engaged in historical research.

At one time, she was research assistant for the Library of Congress on a research mission to Sevilla, Spain. She has written a number of historical works on Texas and Escambia county, Florida.

She is survived by two sisters, Mrs. Reese and Miss Virginia West, both of Pensacola, Florida.

(Due to a misunderstanding in messages earlier Saturday, the Avalanche-Journal was informed that it was Miss Virginia West who had died. A story to that effect in the news briefs column on Page 5, Section 2, is erroneous.)

MOSCOW SENDS NOTE

LONDON, Sunday, Jan. 4 (AP)—The Moscow radio said early today Russia had sent notes to the United States, Great Britain and China renewing her proposal that the Big Four write a Japanese peace treaty at a special foreign ministers' conference this month.

Proposal Set For Study By New Congress

By MARVIN L. ARROWSMITH
Associated Press Staff Writer

WASHINGTON, Jan. 3—Legislation to set up meat rationing machinery which Congress could slip into gear quickly will be introduced in a few days by Senator Flanders (R-VT), he said today.

The senator outlined his plans after Secretary of Agriculture Anderson expressed belief that Congress will restore meat rationing during the session opening Tuesday.

To Plan Program

Tonight Anderson told a reporter he had assigned Assistant Secretary Charles F. Brannan to the task of planning a meat rationing program, to be ready when and if the department is asked to recommend one.

He said he had asked Brannan to "look up what our responsibilities would be if a meat rationing program should be assigned to this department, and how we could go about it."

Flanders told a reporter he already has started drafting a bill which he expects to have ready in about 10 days.

Bill Authority Stated

The measure would authorize the Agriculture department to make all necessary plans for rationing, including preparation for but probably not actual printing of coupon books. These plans would go on a hold-in-reserve basis.

President Truman, in his Nov. 17 message to the special session of Congress, asked for stand-by power to restore rationing of scarce commodities if necessary.

He also asked for authority to reimpose wage and price controls, on a selective basis, if conditions warranted.

Meat Rationing Expected

Congress turned him down and enacted legislation which provides instead for industry-wide voluntary agreements designed to hold prices in line by dividing up scarce products.

Flanders is chairman of an economic subcommittee which last fall studied prices and shortages in the East. The group recommended stand-by rationing legislation, but opposed price controls.

Flanders said he still is against coupling meat rationing with

Candidates Open Political Drive

The biennial hand-shaking, back-slapping period is here again.

Fifteen men with political aspirations announced Saturday for 13 district, county and precinct offices.

Two contested elections were predicated from the first jump: for county attorney and for county judge.

Thomas B. Forbis, a Lubbock attorney, announced against County Attorney John Steele, who is seeking reelection to a second term.

Others Announce Plans

Robert Porter, another Lubbock attorney, entered the lists against County Judge Walter Davies, who is seeking reelection.

Asking reelection to other offices are 99th District Judge G. V. Pardue, District Attorney Lloyd Croslin, District Clerk Royal Furgeson, County Tax Assessor-Collector J. B. Johnston, County Clerk Louie F. Moore, Sheriff Grady Harrist, and D. W. Robertson and C. E. Lynn, jus-

Mystery Disease Kills Six At Midland; Schools Are Closed

MIDLAND, Jan. 3 (AP)—A disease which has caused deaths of six young Midland children within the last three weeks led health officials here today to order schools closed until "further notice." The disease has not been positively identified.

Clergymen and movie operators announced that no children under 12 would be admitted to churches or theaters until the malady had been halted.

Dr. F. E. Sadler, director of the Midland - Ector - Howard county health unit, and Dr. Tom C. Bobo, city-county health officer, announced the emergency measures.

They said the disease resembles diphtheria, but it has not been positively identified.

Area To Have Second Day Of Balmy Weather, Bureau Says

An expected cold front which was to bring lower temperatures and cloudy weather today disintegrated and the South Plains will be treated, instead, to a repetition of Saturday's warm, beautiful weather, the weather bureau station predicted Saturday night.

If so, the weather will be considerably different from a year ago today, when the mercury dropped to 9 degrees below zero. Saturday's maximum was a comfortable 68, minimum 30.

$288,000 FOR FOUNDATION

Kuykendall Building To Provide Fund For Benevolent Purposes

DEEDING of a building formerly occupied by the Kuykendall Chevrolet company at Thirteenth and Avenue K to the Kuykendall Foundation, which during the next 20 years will bring funds totaling $288,000 for religious, educational and charitable causes was announced Saturday by Geo. P. Kuykendall, chairman of the foundation's board of trustees.

The gift to the foundation was made by Mr. and Mrs. Kuykendall. All income from rents of the building in the future will go into the foundation's funds to be used for whatever projects the trustees may choose.

"We have been fortunate in Lubbock and the community has been good to us," Kuykendall said. "The purpose of the foundation was to share, through its operation, some of the material blessings we have received with the community . . . . The deeding of this building to the foundation assures a continual sharing of those blessings throughout the years.

"We believe if you receive blessings, from the soil or from a business, you should make some attempt to put back into the community or state some of those

GRIM ECONOMIC FIGHT SEEN

Russia, Satellites Join For Struggle To Control Europe

By ALEX H. SINGLETON
Associated Press Staff Writer

LONDON, Jan. 3—Under Russian influence, eastern Europe is regimenting and consolidating its Communist-linked partnership for a grim economic struggle with the western powers for control of a continent.

Gone is the theory of a series of broadly representative coalition governments in the occupied and liberated eastern European countries which Russia accepted in the immediate post-war period. She has used these interim arrangements to woo and then win control over most of the territory adjacent to her national boundaries.

Differences Grow Wider

Instead, has come a no-compromise ideological attitude of you-are-with-us-or-against-us; an attitude illustrated by the purge of moderates from all Balkan political influence, by the summary separation of King Mihai from his Romanian throne.

As one major development followed another, the division between the so-called "Red belt" countries supporting Soviet policies and the western powers has widened, their differences have sharpened, the determination on both sides has hardened.

Nations' Futures At Stake

In one camp is the Soviet Union itself, plus Yugoslavia, Poland, Romania, Bulgaria, Albania and Hungary.

In the other, with American support, are the 16 nations of western Europe which are joining in the Marshall Plan for European Recovery.

Somewhere in between fall several other countries whose future lies shadowed by uncertainty:

Germany, for example, her economy wrecked by war, her territory torn by occupation.

Several Countries Waver

Greece, where civil strife has retarded recovery, where the Communists and government forces are engaged in open warfare.

Austria, still seeking the independence of peace two years after the major powers had agreed on assurances she would be treated as an ally, not as a beaten enemy.

And Czechoslovakia, obliged to remain outside the Marshall plan, who may find herself drawn into even greater economic reliance upon Russia and who may find demands growing for a stronger link between her future and the Soviet Union.

Whether projection of the Marshall plan last July brought crystallization of the eastern European bloc along firm communistic lines, or merely hastened the process, remains a matter of speculation.

But the trend of events since its formulation has furnished increasing evidence that it marked a turning point in relations between the Soviet Union and the western world. Swift denunciation of the plan from Moscow, and the subsequent boycott of the plan by Russia's neighbors, called the signal for the closing of Communist ranks.

Russia's De-Rationing System Reported Working Effectively

MOSCOW, Jan. 3 (AP)—Effectiveness of Russia's new de-rationed trading system was indicated today as the state announced the institution of an eight-hour day in ordinary food stores, where a full assortment of goods appeared to be on sale and few customer queues are noted.

Moscow observers interpreted the decree as meaning that the government now feels it is possible to put all stores on regular hours. During the first two weeks of de-rationed trade many of them worked a 12 to 16 hour day.

A tour of Moscow's shops found commission stores, which sell such goods as shoes, clothing and china, operating at full tilt, while in the food stores it was possible to buy even such goods as white bread without standing in line.

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic Helps Build Sturdy Health. adv

Plainview Gets Airline Service

PLAINVIEW, Jan. 3 (Special)—Sunday at 2 p. m. the first Pioneer airliner will arrive in Plainview, and will be open for public inspection. The Plainview High school band, under the direction of Chief R. C. Davidson, will give a musical greeting to the airliner as it lands on the ground at 2:45.

A broadcast will commence over radio station KVOP with Larry Darley and Bill Harrell as masters of ceremonies. Brief comments will be made by various Plainview civic leaders, including Mayor J. N. Jordan, if condition of his health permits his attendance. Otherwise, Mayor Pro Tem C. P. Elliott will speak for the city. Others to appear on the program are Judge Ernest Tibbets, J. M. Collins, president of the Board of City Development, Dr. Gale Seigler, president of the Junior Chamber of Commerce, and W. T. Kemp, president of the Chamber of Commerce, S. E. Travis of the Civil Aeronautics administration of Fort Worth. Colonel Robert J. Smith, president of the Pioneer Air lines of Houston will respond.

Courtesy Flights Planned

Courtesy flights will be given to community leaders beginning at 3 p. m.

At 5 p. m. the plane leaves Plainview to return at 7:50 a. m. Monday for its first regular scheduled flight. Dan Jones Castles, division commercial manager of the Southwestern Public Service company for the South Plains and eastern New Mexico, will be the first passenger to board the southbound plane. Castles' destination is Lubbock, and he will return to Plainview on the northbound plane at about 10:50 Monday morning.

The second, third, and fourth passengers respectively, will be Mr. and Mrs. T. E. Mitchell and Neal Williams, local Sinclair petroleum products distributors who are to attend a sales meeting in Fort Worth.

Mrs. Welcome Armstrong, and son, Johnny, 4; Martha Kemp, and sons, Roland Connor, 4, and Tommy Kemp, 2, are the other passengers who have reservations for the first plane from Plainview. They will go to Lubbock and back.

Pioneer will offer four flights daily to and from Plainview. In addition to the two flights at 6:35 p. m. going south and east, arriving in Abilene at 8:04 p. m. The final flight daily out of Plainview will leave at 9:47 p. m. and arrive in Amarillo 10:19.

Mrs. C. A. Robbins, Gaines Pioneer, Dies

SEMINOLE, Jan. 3 (Special)—Mrs. C. A. Robbins, 72, who lived about 10 miles south of Seminole, died about 3 p. m. Friday in a local hospital after a short illness.

Funeral services will be held Sunday afternoon at 2 o'clock in the Singleton Funeral Home chapel in Seminole. Elder C. M. L. Clark of Lawton, Oklahoma, will officiate for the services.

Mr. and Mrs. Robbins were old settlers of Gaines county and had lived in the vicinity of Seminole since 1920.

Besides the husband, survivors include three sons, Alvin Robbins of Denver City, Sam Robbins of Seminole and Orville Robbins of Olney, and four grandchildren.

Former Romanian King, Mother Leave Home For Swiss Exile

SINAIA, Romania, Jan. 3 (AP) — Former King Mihai and his mother, Queen Helen, left the royal estate here by special train tonight for Hungary, enroute to Switzerland where the abdicated monarch may marry Princess Anne of Bourbon-Parma and live in exile.

Mihai did not wait until he had obtained a visa for admission to Switzerland, a delay which would have kept him in Romania until Monday or Tuesday.

Instead, he departed at 8:25 p. m. Romanian time, a few hours after he had received his visa for Hungary, with the probable intention of waiting for his Swiss entry permit at Salzburg in the American zone of Austria.

Engagement Of New York Solon And His Secretary Announced

WASHINGTON, Jan. 3 (UP)—Sen. Irving M. Ives, R., N. Y., will marry his secretary, Mrs. Marion Mead Crain, it was announced today.

No date for the wedding has been set. Mrs. Crain said it would be some time this summer.

She is the widow of Alfred Van Rensselaer Crain, and has been Ives' secretary for 13 years.

Ives' wife died early last summer.

The engagement was announced by Mrs. Crain's parents, Mr. and Mrs. Orin W. Mead, Bradford, Pa.

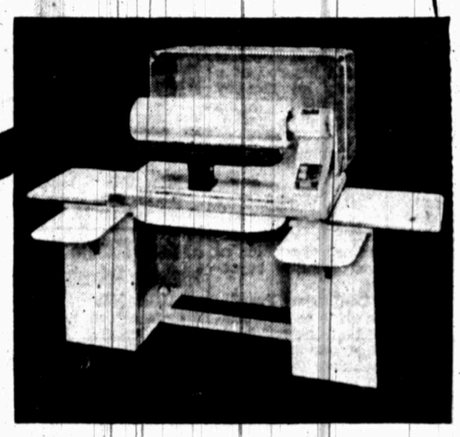

Worry Over Ill Health Blamed For Death Of Combat Veteran

ALBUQUERQUE, N. M., Jan. 3 (UP) — Worry over ill health caused by combat service in the South Pacific today was blamed for the suicide of a 29-year-old veteran.

State police said that Felix Chavez had been despondent over the recurrent malaria attacks he was suffering. Thursday evening, he shot himself in the head with a rifle at his Ranchos de Albuquerque home.

He died in the Albuquerque Veterans hospital yesterday.

Hanna-Pope & Co.

Texas Banks Show Huge Gains In Deposits, Resources Past Year

(By The Associated Press)

Texas banks showed huge gains in both deposits and resources at the end of 1947 over the preceding year.

A survey Saturday by The Associated Press disclosed that the banks, with few exceptions, had markedly larger deposits last December 31 than they had at the close of 1946.

Several cities reported that deposits and resources were at record high marks.

Houston, Dallas Top State

While the survey included only the state's larger cities and made no pretense of presenting a complete picture, it disclosed the continued rising tide of money in banks.

Houston showed the greatest increase in deposits of any of Texas cities—$134,004,304. Both Houston and Dallas passed the one-billion dollar mark in total deposits and total resources during the year.

Houston's Dec. 31 deposits totaled $1,020,389,081. The Dallas total of 20 banks, including the Park Cities, was $1,021,950,076. The Dallas total was a gain of $92,154,039 over last year.

Tax Move Noted

Dallas bankers said the gains there reflected "rapid growth and progress" for the city and its trade territory and presaged good general conditions for at least the next six months.

Good crops, high farm prices and increased prices in general stimulated the flow of money to banks throughout the state.

A condition which probably would hold throughout the state was noted by Edgar L. Flippen, president of the First National Bank of Dallas. He said that deposits in Dallas would have been 30 to 40 per cent greater had not as estimated $30,000,000 to $40,000,000 been withdrawn by depositors in recent weeks for investment in short term treasury certificates.

He said this was done to avoid paying state, county and city ad valorem taxes and that most of the withdrawn funds would be redeposited this month.

(Comparative figures for 1947 and 1946 deposits in several cities of Texas include)

City	1947 DEPOSITS	1946 DEPOSITS
Houston	$1,020,389,081	$886,284,773
Dallas	1,021,950,076	932,233,324
San Antonio	381,932,835	371,467,296
Fort Worth	380,353,310	367,420,651
Lubbock	90,699,303	70,820,015
Wichita Falls	87,922,747	77,189,629
Beaumont	104,109,933	90,815,175
Galveston	109,134,195	99,093,685
Corpus Christi	89,108,938	82,796,657
Abilene	44,066,344	41,421,973
San Angelo	42,070,904	41,460,294
Pampa	16,985,240	16,065,877
Big Spring	19,317,946	17,091,759
Borger	10,630,617	10,176,078
Tyler	60,382,857	

Italian Girl Enroute To Texas To Wed Vet She Has Never Seen

PEORIA, Ill., Jan. 3 (AP)—Rosa Donnarumma, 19, of Naples, Italy, left here last night by plane for Dimmitt, Tex., to wed a man whom she has never seen. Her flight to him from Rome was halted when her plane was forced down by the New Year's Day storm.

Rosa, who speaks no English, found things bleak in Peoria until bellboy Joe Pisano, employed in the hotel where she stopped, offered her fluent Italian, learned in Brooklyn from his grandmother.

She told Pisano she planned to marry William H. Bellinghausen of Dimmitt, a former American soldier who began corresponding with her after seeing her picture. She said she and Bellinghausen used bilingual dictionaries to compose their letters.

Rosa said she left Rome, Italy, by plane, Dec. 30.

Winston Churchill Recovering From Recent Illness In Morocco

MARRAKESH, Morocco, Jan. 3 (AP)—Mrs. Winston Churchill and Lord Moran, her husband's personal physician, arrived in Marrakesh aboard a special plane last night to find Churchill virtually recovered from a recent cold.

The wartime British prime minister, reported confined to his hotel with a temperature, recovered sufficiently to go walking yesterday. Friends said he also resumed painting and writing on his autobiography "although certain precautions have been taken because of his age." He is 73.

Physicians said Churchill's temperature dropped to only one-tenth of one degree above normal yesterday.

Fire Losses In City Decrease

Bradley Black, city fire marshall, has reported that the city fire department answered 495 calls during 1947, with the estimated damage from those fires being about $298,721.

In comparison, 440 calls were made by the fire department during 1946, with the loss from fires placed at $675,730.49.

The losses for 1947 show a decrease of almost 50 per cent over the figures for 1946, and would have been much lower except for the $213,000 fire which partially destroyed the new football stadium at Texas Technological college. Although the campus at Texas Tech is technically owned by the state, most of the land, buildings and structures are within the Lubbock city limits, making the city responsible for furnishing fire protection to the college.

For four or more years prior to 1947, the city had 10 to 15 per cent reductions in the premium rates paid on fire insurance policies because, based on five-year periods preceding each of these years, the net losses by fire were less than 52 per cent of the net premiums on fire insurance policies.

But the high loss by fires in 1946 brought the net losses for the five-year period from 1942 through 1946 to $1,103,764. The net premiums for the same period were $1,446,390, making the net losses slightly more than 76 per cent of the net premiums. Anything above 75 per cent brings an increase of 15 per cent on the premiums to be paid during the next year. Consequently, the losses during 1946 brought the fire insurance rates up 15 per cent for 1947.

Whether or not the comparatively low fire losses during 1947 will lower the fire insurance rates for 1948 is still uncertain, Black said, because official figures for the 1947 losses and premiums will not be released by the state Board of Insurance Commissioners until March or April of this year.

National Guardsman Scores HST's Aide In Merger Proposal

WASHINGTON, Jan. 3 (AP)—An assertion that Maj. Gen. Harry H. Vaughan, chief military aide to President Truman, "took advantage of his White House position" to advocate merger of the National Guard and organized reserves under federal control came today from a National Guard leader.

Maj. Gen. Ellard A. Walsh, president of the National Guard association and Minnesota adjutant general, made the statement in an article entitled "A Grab for Power" in the January edition of the magazine "The National Guardsman."

Walsh wrote that there is every reason to believe a magazine article by Vaughan in the publication "Reserve Officer" was inspired by Colonel William H. Neblett, president of the Reserve Officers association "and in all probability he collaborated with General Vaughan in its writing."

States' Rights Argued

The National Guard official asserted that "the professional soldier and the War department" tried for a century to discredit and destroy the state militia system.

"The present proposal," Walsh declared, "is merely a continuation of the effort to eliminate the National Guard and destroy the last bastion of states' rights."

The "surest method to pave the way for a military dictatorship would be to concentrate control of all the military in a bureaucracy in Washington," Walsh said.

The National Guard is a going concern with more than 205,000 men while the reserve organization, except for its officer corps, "is a non-existent force now as it has been in the past," he contended.

50 POUNDS LOST WITH BARCENTRATE

Many people have reported amazing results with this home recipe. It's easy—no trouble at all and costs little. Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

Here is what Mrs. C. M. Earsh, 305 N. 12th St., McAllen, Texas, says about Barcentrate: "I want to tell you that I have lost 50 pounds since taking Barcentrate. I still want to lose 20 more pounds as I now weigh 167, a reduction from 217 pounds."

To lose weight the grapefruit juice way, get Barcentrate from your favorite druggist today.

HAWK BRAND OVERALLS

Express stripe overalls in all sizes.
Regular $2.29 Value, Sale Price $1.89

Hanna-Pope & Co.

SOUTH PLAINS OIL DEVELOPMENT NEWS . . .

Widespread Drilling Operations Seen For Area In 1948; No. 1 Luttrick To Be Tested This Week

THE SOUTH Plains—the north side of the Permian Basin of West Texas—enters 1948 with a large number of wildcat petroleum prospectors drilling in various sectors of the territory.

Indications are that the region will see widespread drilling and development during the year.

Producing possibilities of a prospective new field opener in south-central Hale county, about six and one half miles northeast of Abernathy, are due to be thoroughly tested during the next week to ten days.

Waiting on Casing

That development, Humble Oil & Refining company No. 1, J. A. Luttrick, 660 feet from south and 1,980 feet from east lines of section 14, block D-8, EL&RR survey, was bottomed at 7,987 feet in a lime section of the Pennsylvanian age, and was due to start testing early in the week.

Operator had ordered casing run in this exploration, and that should be set and cemented at the end of the week.

Two drillstem tests had been run on the zone from 7,920 feet to the current bottom. Both of those investigations developed some free oil and considerable oil and gas cut drilling mud. On the first test, the drill pipe unloaded some fluid—part oil and part drilling fluid.

No Water Encountered

No water has been encountered. The wildcat is about three and one half miles west and slightly south of the lone producer in the Petersburg field in southeast Hale county. That well makes its petroleum from the Cisco section of the Pennsylvanian, and some geologists think the Humble discovery is showing its possible production from the same horizon.

Honolulu Oil Corporation No. 1, Ima Lewis is a new wildcat to 5,100 feet in south-central Terry county, seven miles east of Wellman, and about 10 miles south of Brownfield.

The project is 2,200 feet from north and 440 feet from west lines of section 18, block C-36, psl survey. That puts it about five miles north of the Adair field, the nearest producing area.

Started Drilling Week Ago

The No. 1 Lewis started drilling about a week ago—during the Christmas week period—and has progressed below 4,200 feet in anhydrite, and is going on down.

The top of the anhydrite was picked at 2,370 feet, on an elevation of 3,288 feet.

Frank T. Brahaney No. 1 Henard, central Yoakum county wildcat, three miles west of Plains, and 660 feet from south and east lines of section 394, block D, John H. Gibson survey, had drilled to 5,300 feet in lime, and was due to drill ahead to around 5,500 feet.

Logs Some Signs

It had logged some slight signs of oil in samples, but so far none of the shows have been of anything like commercial quantities.

Anderson-Prichard Oil Corporation No. 1, E. H. Jones, northwest Gaines county prospector to 7,700 feet, about 20 miles northwest of Seminole, five miles south of the Jones Ranch field, and 2,200 feet from south and west lines of section A-7 psl survey, had progressed past 4,943 feet in lime, and was continuing.

Other Projects in Gaines

Honolulu Oil Corporation No. 2 White, et al, one quarter of a mile south flanker to the discovery for production from the Clear Fork-Permian, in the North Riley field, of central-west Gaines county, 13 miles west and a little north of Seminole, and 1,980 feet from east lines of section 404, block G, CCSD&RGNG survey, had penetrated past 3,175 feet in lime and sand, and was going ahead to around 7,300-7,500 feet.

The Texas Company No. 1 McMurray, northeast Gaines county wildcat, about 20 miles northeast of Seminole, six miles of the Cedar Lake field, and 1,980 feet from north and 660 feet from east lines of section 64, block H, D&W survey, had reached 4,454 feet in lime, and was continuing. It is due to test to around 5,200 feet.

Borden Wildcat Drilling

Tide Water Associated Oil company No. 1 Clayton & Johnson, slated 9,300-foot venture in central-south Borden county, nine and one half miles south of Gail, and 660 feet from north and west lines of section 47, block 31, TP survey, T-4-N, had reached 7,120 feet in lime and shale, and was drilling ahead. So far it has not found any possibilities of oil or gas production.

Anderson-Prichard No. 1 Veal, south-central Cochran county exploration to 4,900 feet, 13 miles south of Morton, and about one and one half mile north of the nearest production in the Dean sector of the Slaughter field, had progressed under 3,316 feet in anhydrite, and was continuing to make hole.

Deep Garza Project

Union Oil Company of California and Cities Service Oil company No. 1-A Davies, northeast Garza county wildcat, seven miles northeast of Post, and 1,980 feet from north and 660 feet from west lines of section 7, block 4-K; Aycock survey, and scheduled to drill 9,000 feet, had progressed under 8,145 feet in lime, and was digging ahead.

The Ohio Oil company No. 1 Swenson Land & Cattle company, slated 7,500-foot exploration in Northeast Garza and 2,307 feet from north and 1,980 feet from west lines of section 26, block 2, H&GN survey, had reached 3,546 feet in lime, and was making more hole.

Slight Signs Logged

Humble Oil & Refining company No. 1-G Humble fee, scheduled 8,500-foot prospector in southeast Garza county, four miles east of Justiceburg, and 1,980 feet from north and 660 feet from west lines of section 136, block 5, H&GN survey, was drilling ahead under 2,470 feet in lime.

This venture has run several drillstem tests, on slight signs of oil and gas, which had been logged, but so far no possibilities of production have been developed.

Projects In Crosby County

Ohio No. 1 Jones, southeast Crosby county prospector to 8,200 feet, nine miles southeast of Crosbyton, and 660 feet from north and 1,980 feet from west lines of section 140, block 2, H&GN survey, had reached 3,098 feet in lime and was drilling ahead.

Continental Oil Company No. 1 Swenson Land & Cattle Company, 17 miles southeast of Crosbyton, in southeast Crosby county, and 1,980 feet from south and 660 feet from west lines of section 75, block 2, H&GN survey, had progressed below 5,680 feet in lime, and was going ahead to 9,500 feet.

Dickens Test Down 7,126

Humble No. 3 Matador, 10 miles northeast of Dickens, in northeast Dickens county, and 1,980 feet from south and east lines of section 2, block J, Jackson survey, slated 9,000-foot exploration, had penetrated below 7,126 feet in lime, and was drilling ahead.

Seaboard Oil Company of Delaware and Shamrock Oil & Gas Corporation No. 1 Tapper, in southwest Cottle county, and 467 feet from south and east lines of the northeast quarter of section 6, AB&M survey, had drilled under 4,947 feet in lime and was drilling ahead.

It had set a string of 7 5/8-inch casing at 3,146 feet, with 200 sacks of cement. The wildcat is scheduled to continue to around 7,500 feet, unless it gets production above that point.

Floyd Project Drilling

Standard Oil Company of Texas No. 1 Daniel, seven and one half miles south of Floydada, in southeast Floyd county, and 660 feet from north and 810 feet from east lines of the Daniel tract in the A. B. Duncan survey, had progressed under 6,986 feet in lime and chert, and was making more hole.

Sun Oil Company No. 1 Herring, southwest Castro county prospector to 10,000 feet, five miles south of Dimmitt, and 660 feet from south and 1,980 feet from east lines of section 46, block T-4, T. A. Thomason survey, had progressed below 5,260 feet in anhydrite and lime, and was continuing.

Reports On Hale Projects

Standard of Texas No. 1 Joe Kelleher, scheduled 10,500-foot wildcat in southeast Hale county, 16½ miles southeast of Hale Center, and 1,980 feet from north and 3,720 feet from east lines of league 3, Callahan county school lands, had reached 5,049 feet in lime and shale, and was drilling ahead.

Stanolind Oil & Gas Company No. 2-B Lee Irish, in the Irish field of southwest Hale county, and 660 feet from south and west lines of section 14, block DT, HE&WT survey, drilled to 5,530 feet in lime, with rotary, and is moving out that equipment and moving in cable tools, to drill ahead into the pay section.

Stanolind No. 1 Snodgrass, 660 feet from south and 1,980 feet from east lines of section 8, block DT, HE&WT survey, had progressed past 5,607 feet in lime, and was going on down.

To Test For Production

Stanolind No. 2-B Harral, 1,980 feet from north and 660 feet from west lines of section 13, block DT, HE&WT survey, was making hole below 4,790 feet in lime.

Stanolind No. 2-A Harral, 660 feet from north and east lines of section 13, block DT, HE&WT survey, had drilled to 5,546 feet and was due to go on down to around 6,000 feet to test for production in the Irish field pay section.

Stanolind No. 2-A Sneed, 1,980 feet from north and 660 feet from west lines of section 18, block DT, HE&WT survey, has been completed from pay above the total depth of 6,000 feet. The report of the official potential test gauge has not been received.

Stanolind No. 2-B Sneed, 1,980 feet from north and east lines of section 17, block DT, HE&WT survey, has also been completed, but the completion gauge has not been reported. Its total depth is at 6,028 feet in lime. It is a commercial oil well.

Stanolind No. 2 C. A. Rice, 1,980 feet from north and east lines of section 19, block DT, HE&WT survey, was waiting to take potential test and complete. It is bottomed at 6,150 feet in lime, and preliminary tests have shown that it is a commercial oil well.

Hunt Oil Company No. 1 Emery, on the northeast side of the Irish field, and 660 feet from south and 1,980 feet from east lines of the south 200 acres of section 9, block DT, HE&WT survey, was still bottomed at 4,800 feet, and was trying to get the casing in the upper section of the hole straightened out so drilling to around 6,000 feet can be resumed.

Pampa Attorney Dies Suddenly After Appendicitis Operation

PAMPA, Jan. 3 (AP)—John V. Osborne, 41, Pampa attorney, died unexpectedly last night after an appendicitis operation.

A graduate of the University of Texas law school in 1930, he had been associated in practice since with Judge S. D. Stennis.

He is survived by his widow, two step-children and his mother, Mrs. F. W. Osborne. Funeral services will be held here Monday afternoon.

Ohio Governor Wed Saturday

INDIANAPOLIS, Jan. 3 (U.P.)—An attractive, 40-year-old Indianaborn brunette today became first lady of Ohio.

Miss Mildred Stevenson of Indianapolis and Gov. Thomas J. Herbert of Ohio were married in a simple Methodist service in McKee chapel of the Tabernacle Presbyterian church at 11:30 a. m. (CST).

The governor said "I do" in a firm, clear voice. His bride spoke her vows softly. They knelt at the altar and repeated their marriage pledges.

Then they hurried out of the church, ducked a group of small boys throwing soot-laden snowballs at each other, and entered Herbert's long black limousine.

The service started 30 minutes later than planned. A wedding rehearsal at 9 a. m. was delayed and the hour of the ceremony was reset.

The silver-haired governor, who is 53, wore a dark blue, double-breasted business suit.

Small Group Present

The wedding was attended by 30 relatives and close friends. Twenty-five newspaper reporters occupied a special section of the chapel. A Cincinnati radio station broadcast the service, but photographers were not allowed to take pictures inside the church.

Herbert met Miss Stevenson in the office of his personal physician, Dr. Harlan Wilson of Columbus, when the governor called to be treated for wounds he received as a combat pilot in World war I. Miss Stevenson was Wilson's secretary.

The matron of honor was the governor's daughter, Mrs. Metta Stevers of Cleveland. Herbert's best man was his son, Daniel J., an Ohio State university student.

Sliced frankfurters added to well-seasoned tomato soup make a hearty luncheon or supper dish.

Report Of Progress On Oil Wells Given

The following progress report as of 10 a. m. Saturday was made by the Lubbock district office of Anton Oil corporation, at 902 Ave. R:

Hale county:

Rice No. 2, drilling at 5,775 feet.

Myatt No. 2, total depth 5,875; fishing for globe basket.

Myatt No. 3, drilling at 3,115 feet.

Lusk No. 2, drilling at 5,418 feet.

Lamb county:

Stephenson No. 1, drilling in at 5,818 feet.

Cuba No. 1 putting to pump.

Cuba No. 2, waiting on drilling-in unit.

Ramsey No. 1, total depth 6,000 feet; running Lane Wells survey.

Reese No. 1, drilling at 5,261 feet.

Tucker No. B-2, drilling at 900 feet.

Tucker No. A-2, drilling at 4,090 feet.

Leftwich No. A-3, rigging up.

Leftwich No. B-2, drilling at 3,964 feet.

Refining Company To Lose Fuel Because Of Damage From Blaze

PHILADELPHIA, Jan. 3 (U.P.)—The Atlantic Refining Co., stands to lose some 4,500,000 gallons of badly needed heating oils during the next two weeks because of a New Year's eve fire at a Texas refinery.

The company announced yesterday that the Arteco, Tex., Refining plant of the firm will be closed while new equipment is installed. The fire broke out when heavy rains and winds, probably the fringe of the Louisiana tornado, broke a crude oil line.

An oil distillation unit, discharging about 37,000 barrels of oil daily, was damaged, halting production of gasoline, furnace and heavy fuel oil for about two weeks, the company said.

A dash of hickory salt on scrambled eggs makes an interesting flavor change.

Railroad Commission Approves Three Oil Field Applications

AUSTIN, Jan. 3 (AP) — The railroad commission today announced approval of the following applications:

Fred M. Manning Discovery allowable for the Brown unit "K" No. 1, well, Throckmorton county, and designation of this production as the Throckmorton county regular field.

Gulf Oil corporation—Discovery allowable for the C. A. Goldsmith and others well No. 437, Goldsmith field, Ector county, and identification of the production as the Goldsmith 5600-foot field.

H. L. Hunt—Discovery allowable for the S. E. Wilson, jr., No. 1 well, Galveston county, and designation as the North League City field.

Captain Performs Operation, Saving Life Of Stab Victim

BOMBAY, Jan. 3 (U.P.) — An American seaman who was stabbed 12 times owed his life today to a four-hour operation performed without anaesthetic by his captain aboard their ship in the Indian ocean early Christmas morning.

The seaman is Karl Gilman, 36, Plainfield, N. J., son of Charles Gilman, former Plainfield city councilman and vice president of the Massey Concrete Products corporation of New York City.

The captain, whose only knowledge of surgery was gleaned from watching occasional operations ashore, is H. K. Carlsen, 33, of Woodbridge, N. J.

"It was just after midnight Christmas morning," Gilman said from his bed in St. George's hospital, where he was admitted after his ship, the Flying Clipper, on which he is third assistant junior engineer, arrived in Bombay harbor.

"The night was dark. The ship was riding smoothly through calm waters somewhere near Ceylon. It was quiet aboard as most of the crew except the watch were in quarters after a Christmas eve party.

"I was walking toward the second mate's quarters when someone jumped at me out of a dark corner. We scuffled and I chased the man down the gangway to the deck below where he disappeared. I didn't recognize him.

"Then I noticed blood spurting from my arms and chest, and felt it running down my neck. I yelled for help."

Hearing the shouts, Carlsen went from his quarters to the scene. With the help of other crewmen he carried Gilman to the ship's hospital.

Gilman was losing blood fast from two severed arteries in the arms, a deep gash in the throat and nine other knife wounds in the head and chest.

Faints Four Times

Carlsen halted the flow of blood as best he could on an emergency basis. Then while a crewman held a flashlight, he began sewing up Gilman's wounds, using a curved needle and surgical gut. The captain felt it would be dangerous to use anaesthetic, and, anyway, there was no time.

Four times during the four-hour operation Gilman fainted as the needle probed his torn flesh. Each time Carlsen revived him with spirits of ammonia.

After the job was done and the wounds were dusted with sulfa, Carlsen began a search for the assailant. There were 47 officers and men aboard, two stewardesses, the wife of the chief mate, and a man who came aboard at Manila to work his passage. For 12 hours Carlsen questioned those aboard.

The break came when he noticed bloodstains on the trouser cuff of the man who signed on at Manila as Delbert Ruben Irving, 23, Huntsville, Tex. He denied any knowledge of the affair for 11 hours, Carlsen said, but wound up by signing a written confession. He gave no reason for the attack.

Gilman, whose condition was reported good, expected to fly back to the United States. The chief surgeon at St. George's hospital said it was "a remarkably fine emergency operation which undoubtedly saved the man's life."

Michigan Parole Violator Keeps His New Year's Resolution And Returns To Jail

STANTON, Mich., Jan. 3. (U.P.)—It was Christmas day in Houston, when Harold I. Davis, 24, made a New Year's resolution.

Today he kept it.

Davis, unshaven and broke, was lonely and unwanted when he walked the streets of Houston and heard Christmas laughter and song.

But he knew where he was wanted. It was in Montcalm county, Mich., on a charge of violating probation.

"Everybody else in Houston was having a good time and I decided to start the new year right by going back to Michigan and surrendering," he said.

Davis, placed on three-year's probation in 1945 after conviction on a larceny charge, hitch-hiked to within 10 miles of the Montcalm county jail. Then he walked down back, snow-clogged roads the last 10 miles.

"I wanted to keep from being caught before I could give myself up," Davis explained to Sheriff Walter Arntz.

"It's better to be in jail where they know you and want you than at liberty in a gay city where they don't," he said.

Hungary Notified Soviet Troops Necessary For Communications

BUDAPEST, Hungary, Jan. 3 (AP)—Russia has notified Hungary that Soviet army forces remaining in the country are "only those units which are necessary to secure the lines of communications" to the Soviet-occupied zone in Austria, a government announcement said today.

The Russian notification was contained in a note handed to Communist Matyas Rakosi, deputy premier and acting foreign minister, by Soviet Minister Gregori Pushkin on Dec. 30, the statement said.

The note "laid stress" that the reduction of military strength was effected by Dec. 14, in conformance with article 22 of the peace treaty Hungary signed with the allies.

The Associated Press reported Dec. 25, on the basis of an eyewitness field survey, that Soviet forces still in Hungary included 25,000 troops, 400 fighters planes and 50 tanks.

The Hungarian foreign minister later characterized this dispatch as "libel." He did not issue any other figure.

A new way to cook artichokes is to tuck chopped parsley or onion into their leaves before steaming or boiling them.

Amish Bishop's Farm To Be Sold After Member's Damage Suit

MILLERSBURG, O., Jan. 3 (AP)—The farm goods of Amish Bishop John W. Helmuth will be auctioned today to satisfy a $5,000 judgment obtained by Amishman Andrew J. Yoder, 33, of Wooster, O.

Bishop Helmuth, whose farm is at Wilmot, and four other leaders of the church were sued for $40,000 by Yoder who alleged he was damaged by a "mite" (boycott) imposed on him because he acquired an automobile, contrary to church rules.

As a result of the boycott, he alleged, members of the church in Wayne and Holmes counties refused to deal with him, to help him with his crops or to eat at the same table.

This, he told a jury last November, caused him considerable expense and impaired his health.

Yoder testified that he acquired the automobile to transport his invalid daughter to medical treatment.

A forced sale of an Amishman's property is a rare event in this section. Sheriff Wayne D. Starner said he had conducted only one other similar sale, and that was last summer. It resulted from default in payment on a note.

GRAVE UNCOVERED

HAMBURG, Jan. 3 (U.P.)—A new mass grave estimated to contain 2,000 bodies was uncovered accidentally by German workers yesterday at the Belsen concentration camp. It is the eighth mass grave discovered there since the end of the war.

State on each entry your name and address, the name of the head of your family, your Pepsi-Cola dealer's name and address, and the total number of different "Treasure Top" designs you have collected. Then mail your entry, with *one* "Treasure Top," to Pepsi-Cola "Treasure Top" Contests, P. O. Box 17, New York 8, N. Y.

Each month—there are 51 separate prizes awarded in each state and the District of Columbia—a monthly total of 2,499 cash prizes. Contestants in each state compete *only* with entries from that state.

Each month—there are three national prizes, awarded to the best three of the 49 State First-Prize winners. These monthly national prizes are $1,000, $500 and $250 respectively.

At the close of the six months' contest period, 40 Family Sweepstakes Prizes, (*First Prize*, $25,000 *Cash*) will be awarded. Here's how it works: Every time you enter you will receive a 100 point Treasure Certificate. Also, every entry winning a monthly prize will receive an additional 100 point Treasure Certificate. At the end of the contest, the 100 families with the greatest number of Treasure Points will qualify for the Family Sweepstakes Finals! (Read rule 8 below.) You may enter these contests as many times as you wish. Don't wait! Read the contest rules carefully—get your family started NOW in these big Pepsi-Cola "Treasure Top" Sweepstakes and Contests!

Win your prize from this list

Family Sweepstakes Prizes:

1st PRIZE: $25,000.00
2nd PRIZE: $5,000.00 4th PRIZE: $1,000.00
3rd PRIZE: $2,000.00 5th PRIZE: $500.00
35 PRIZES: $100.00 each

Monthly National Prizes:

1st PRIZE: $1,000.00
2nd PRIZE: $500.00 3rd PRIZE: $250.00

Monthly Prizes in Every State:

1st PRIZE: $100.00
2nd PRIZE: $50.00 4th to 10th PRIZES: each $10.00
3rd PRIZE: $25.00 NEXT 41 PRIZES: each $5.00

★ *Every entry gets at least a 100 point Treasure Certificate toward the Family Sweepstakes Prizes*

Everybody Can Get a TREASURE Pouch

This big, 7-inch Treasure Pouch is made of heavy cloth with a zipper at the top; has back loops so that it may be worn on a belt. It's handsome, it's handy, it's practical, it's a safe place to keep your "Treasure Tops". To get your Treasure Pouch, just send 25¢ in coin to Pepsi-Cola Treasure Pouch, P. O. Box 19, New York, N. Y.

"TREASURE TOPS"—what they are

"Treasure Tops" are Pepsi-Cola bottle tops with hidden designs under the cork lining. To find the design, simply remove the cork from inside the bottle top. At present, there are 48 different designs—symbols of branches of the U. S. Armed Forces—like those shown above. At intervals during the contest, new designs will be added. That makes these big Pepsi-Cola "Treasure Top" Sweepstakes and Contests even more fun. Look for them! Collect them!

Find the hidden designs

Soak and flip out

Soak Pepsi-Cola bottle tops in moderately hot water until cork lining softens. Then cork can be removed from top with pen knife or kitchen knife.

Facts about Pepsi-Cola to help you win!

Here are just a few of the reasons why so many people prefer Pepsi-Cola to any other soft drink. Perhaps they'll help you when you're preparing your contest entries.

QUALITY—The finest of ingredients, the utmost care and skill in blending and bottling, make Pepsi-Cola *tops* for quality.

SIZE—That big Pepsi-Cola bottle speaks for itself. Every bottle holds 12 full ounces of pleasant drinking. That means Pepsi goes farther—makes entertaining more economical—gives you plenty to enjoy.

TASTE—Your own taste tells you that flavor comes first with good good Pepsi. It's the swell-tasting drink that packs lots of smoother drinking in every bottle.

VALUE—Bigger, better Pepsi-Cola sets the pace for value. Compare Pepsi by any standard . . . for quality, size or taste. You'll find it's your best drink, your best buy.

HERE ARE THE OFFICIAL CONTEST RULES

1. On your entry blank or a sheet of paper, complete this statement in 25 words or less—"Pepsi-Cola hits the spot because . . .". Then write down your own name and address, the name of the head of your family, the name and address of the Pepsi-Cola dealer who helped you, and the total number of different designs on Pepsi-Cola "Treasure Tops" you have collected. Then mail your entry, together with one Pepsi-Cola "Treasure Top" with cork removed to show hidden design, to:

Pepsi-Cola "Treasure Top" Contests,
P. O. Box 17
New York 8, N. Y.

Entries with insufficient postage not accepted.

2. **The number of different designs you have collected will not be a factor in the awarding of the prizes.** However, when you win a monthly prize, you must be able to show your total collection of different designs reported in the winning entry. Also, it's fun to collect and swap "Treasure Tops". Do *not* send your collection of "Treasure Tops" with your entry. Send in only one top with each entry.

3. You may enter these contests as many times each month as you wish, but no entry postmarked after June 30, 1948 will be accepted. Each time you enter, whether you win a cash prize or not, we will mail you a Treasure Certificate good for 100 points toward the $37,000.00 Family Sweepstakes Prizes. If you win any one of the monthly prizes, you will receive 100 additional Treasure Certificate points.

4. All entries received during each calendar month will be judged in that month's contest. Entries from each state (and from the District of Columbia) will be judged separately, and will compete for the monthly state prizes only with other entries from that state.

5. Monthly cash prizes as listed on this page will be awarded on the basis of aptness, originality and interest of the statements submitted (see Rule 1). Each month's national prizes will be awarded to the three best entries of the 49 state first-prize winners in each monthly contest. All entries will be judged by the impartial judging staff of The Reuben H. Donnelley Corporation, an independent, nationally-known contest judging organization. Decisions of the judges will be final.

6. All entries must be prepared by the contestant. Elaborate or fancy entries will not count extra. All entries and statements become the property of the Pepsi-Cola Company and none will be returned. In case of ties, the prize tied for will be awarded to each tied contestant, except for the sweepstakes prizes, procedure for which is listed under Rule 8.

7. Only contestants living within the 48 states or the District of Columbia will be eligible. Anyone may enter these contests except the employees of the Pepsi-Cola Company, Pepsi-Cola bottling companies or their advertising agencies. Members of the families of these employees are also excluded.

8. HUGE NATIONAL SWEEPSTAKES PRIZES WILL BE AWARDED AS FOLLOWS:

(a) Each Treasure Certificate received by you or members of your family (see Rule 3) counts 100 Sweepstakes Points for your family. *Save them!* (For the purpose of this contest, a "family" shall be considered as only persons related by blood, marriage or adoption living in the same household under one family head.)

(b) The 100 families, plus families tying with any of them, who have received the greatest number of Sweepstakes Points in the competition, qualify for the Sweepstakes Finals. Each family thus qualifying must be prepared to show the total number of Treasure Certificates received by the family and also to show the total number of "Treasure Top" designs reported in the family's entries (see Rule 1). Both the number of Treasure Certificates and the number of "Treasure Top" designs must agree with official contest records of the judging staff and these records will be considered final where any discrepancy occurs.

(c) The qualifying families will then be promptly notified and each family will be required to submit one statement of fifty words or less on the subject "How the Sales of Pepsi-Cola Can Be Increased". They must get the help of their Pepsi-Cola dealer in preparing this statement and must submit that dealer's name and address. The Sweepstakes Prizes will then be awarded by the impartial judging staff, mentioned in Rule 5, on the basis of aptness, originality and sincerity of the statements thus submitted.

These contests are subject to all state and local laws and regulations.

Texas Petroleum Industry Set For Huge Expansion In 1948

By MAX B. SKELTON
Associated Press Staff Writer

HOUSTON, Jan. 3—Texas' petroleum industry, conscious that the state provides nearly 50 percent of the nation's oil requirements, is preparing a 1948 program designed to boost production figures above the all-time records established the past twelve months.

The state's petroleum industry, according to a survey made by the Texas Mid-Continent Oil & Gas association, will spend $500,000,000 on new equipment and supplies, drillings and explorations and other operating costs.

This figure assumes even greater proportions when it is compared with a $4,000,000,000 total released recently by the American Petroleum Institute in estimating probable expenditures to be made by the nation's petroleum industry during the 24-month period to end next Dec. 31.

Increase Said Needed

A. P. I. did not break its figure between 1947 and 1948 but the Texas association's estimate for the new year alone is the equivalent of one-eighth of the estimate for the 24-month period.

Col. Ernest O. Thompson, chairman of the Texas Railroad commission, last week announced 160 new pools and reservoirs were discovered in Texas during 1947 and predicted 1948 will see even greater discoveries.

Thompson said last year's national daily average crude production was approximately 5,303,000 barrels but that the 1948 demand is expected to approximate 5,400,000 barrels daily.

"This would indicate we must bring in new fields to the extent of around 100,000 barrels more per day, on a national basis, to meet demand," he said.

Thomson and Texas Mid-Continent Oil & Gas association, in separate reports, gave these figures on 1947 oil and gas accomplishments within Texas and the industry's planned expenditures within the state for 1948:

1947: new pools—160: new drillings—1,500 over last year; wells plugged as dry—3,392 as compared with 2,186 for 1946; separate and distinct fields—1,237; producing wells—106,488.

Daily crude production—2,370,000 barrels.

Daily production of naturals, distillates, condensates— 225,000 barrels.

Daily total liquid hydrocarbon production—2,595,000 barrels.

Total crude production for 1947—816,000,000 barrels (estimated).

Total natural gas production for 1947—2,600,000,000,000 cubic feet (estimated).

Total naturals, distillates, condensates production for 1947—70,000,000 barrels (estimated).

Total liquid hydrocarbon production for 1947—900,000,000 barrels (estimated).

1948 industry expenditures:

Payrolls—$500,000,000.

Leases, rentals, royalty payments—$400,000,000.

State and local taxes—$130,000,000.

New equipment, drillings, explorations—$500,000,000.

Total estimated industry expenditures for 1948—$1,500,000,000.

• • •

New Records Noted

Three significant statements are included in the American petroleum institute's crude oil and refinery production report for the week ending Dec. 27:

1. Refiners processed an average of 5,543,000 barrels daily, an increase of 225,000 barrels daily over the previous peak recorded for the week ending Sept. 13, and 297,000 higher than the previous week.

2. Gasoline production soared to a new all-time record of 17,013,000 barrels daily or 260,000 barrels above the previous high point established for the week ending Aug. 30, and 1,007,000 above the previous week.

3. Daily crude production averaged 5,285,440, approximately 1,000 barrels above the previous week. Texas' crude production, unchanged from the last report, was placed at an average of 2,348,600 barrels daily.

Pipeline Work Approved

The Securities and Exchange commission, Philadelphia, has approved a joint plan of the United Light and Railways company and American Light and Traction company, assuming construction of a $104,000,000 pipeline to feed natural gas into Michigan and Wisconsin from the Texas Hugoton gas field, the 24-inch, 1500-mile line to be constructed by the Michigan-Wisconsin Pipe Line company, subsidiary of American light . . . The bureau of mines has reported stocks of domestic and foreign crude petroleum totaling 222,921,000 barrels Dec. 20, a net decrease of 553,000 barrels for the week . . . A half-mile south extension to the Clara Couch Wolfcamp pool of western Crockett county has been completed in Humble Oil & Refining company No. 1-G J. W. Owens, completed at plugged-back depth of 5780 for 104 barrels in 24 hours . . . Personel charges for Standlind Oil & Gas company last week saw J. R. Evans, chief engineer, named manager of the North Texas-New Mexico division headquarters at Fort Worth; R. E. Nelson, jr., executive assistant to the director of producing and manufacturing, appointed manager of the Texas-Louisiana Gulf coast division headquarters at Houston, and F. J. Schempf, in charge of operations in the East Texas district, named manager of the central office headquarters at Oklahoma City . . . Ernest O. Thompson, chairman of the Texas Railroad commission and member of the commission since 1932, has announced he will seek reelection this summer . . . Officials of the Bird Investment company, Dallas, have announced purchase for $1,500,000 cash from Bobby Manziel, Tyler, 36 producing wells in the Merigale-Norman Paul area of Wood county . . . Only skeleton crews were on duty last weekend at the Pan American refinery, Texas City, where 1400 members of local 449 of the oil workers international union, CIO, struck at 12:01 a. m., Thursday, while demanding a 26-cent hourly pay boost and continuance of a 22-cent hourly cost-of-living bonus.

President's Daughter Declines Lucrative Restaurant Offer

NEW YORK, Jan. 3 (AP) — Margaret Truman, the President's daughter, has rejected with thanks a $10,000 weekly offer to do her singing in a Times Square restaurant.

"Gosh, what she would have done for business," said Ralph Watkins after announcing last night the young concert singer had turned down his bid for an appearance at the "Royal Chicken Roost." Watkins is one of the owners.

The term "English" walnut developed because the nuts were carried in early commerce by English ships.

NO. 1 OUTLAW — Greece's new anti-Communist law hangs the death penalty over the head of Gen. Markos Vlfiades, guerrilla chieftain who proclaimed the new separatist Communist state in northern Greece.

IN CAPSULE FORM
News Briefs

Mrs. L. S. Mast, 1620 Ave. Q, has returned to her home after receiving treatment at Lubbock Memorial hospital. Mrs. B. T. Jordan of Tyler, a former resident of Lubbock, has arrived to care for Mrs. Mast.

Robert Strickland, jr., who with his wife came from California to spend the holidays with his parents, Mr. and Mrs. Robert E. Strickland, is convalescing at their home after undergoing an appendectomy at West Texas hospital.

City police said the body of Tom Love, a negro, was found about 8:30 o'clock Saturday morning in his residence at Twenty-fourth and East Ave. F. He had been asphyxiated, Dr. J. A. Chatman, negro physician, said after examination. His residence was locked on the inside and a fire was burning high in a gas stove. His money, $311.50, and his watch and other possessions were undisturbed, police said. Love had been ill, and it was theorized he lay down to rest and fell asleep with the fire burning. Lack of oxygen, it was believed, caused his death.

Firemen made a number of runs Saturday afternoon: to a car fire at 2115 Sixth, a trash fire at 217 Ave. U, to 1212 Ave. F, where wiring had caused a blaze, and to 1522 Twenty-sixth where a vaporizer was shorted. Damage was light in each instance, firemen said.

TWO DIE IN CRASH

KAUFMAN, Jan. 3 (AP)—A Dallas woman and a 14-year-old girl drowned today when their automobile crashed off a wooden bridge on highway 175, 13 miles west of Kaufman, and plunged into the east fork of the Trinity river. The dead were Mrs. Ben F. Lightfoot, 33, Dallas, and Bertha Louise Parnell, 14, of Dallas.

Attorney General Rules Teachers' Salaries Within Law Not Subject To Board's Action

AUSTIN, Jan. 3 (AP)—Teachers salary schedules which will meet with the minimum pay requirements of the law enacted by the 50th legislature are not subject to approval or disapproval of the state superintendent or board of education, the attorney general ruled today.

The effect of the legal opinion was to nullify previous action by Dr. L. A. Woods, state superintendent of public instruction, who had disapproved salary schedules of Goose Creek and Abilene independent school districts.

Two Pay Schedules Noted

Woods based his action on the fact that Abilene and Goose Creek, while paying at least minimum salaries to all teachers, paid certain teachers well above the minimum. Woods said the two districts were paying negro teachers on one schedule, white teachers on another.

Assistant Attorney General Chester E. Ollison, author of the opinion, also held that Texarkana and Eagle Pass had not complied with provisions of the minimum salary bill according to pay schedules submitted for Ollison's inspection.

Pampa Has New Schedule

However, Woods told reporters Eagle Pass has submitted a new schedule meeting with his approval, and Texarkana "will have its schedule straightened out this week."

He said Pampa has also presented a new pay schedule which meets requirements of the new state law.

White Oak common school district, near Longview, falls in the same classification as Goose Creek and Abilene, paying on two schedules, he reported.

All schools with the exception of some 15 to 20 small elementary schools in common school districts have now submitted pay schedules which meet provisions of the teachers minimum salary bill, he said.

Suit Not Foreseen

The elementary schools, which employ one to three teachers, have not protested being dropped from the list of accredited or affiliated schools because of their failure to comply with the law, Woods said.

Ollison noted that the salary schedules discussed in the legal opinions were examined for a determination on whether they meet the requisites of the minimum salary bill.

Asked if he thought it probable that negro teachers in Goose Creek or Abilene might bring a court suit to protest the paying of higher salaries to white teachers, Woods said he did not know. There has been no indication of such action, he said.

Texarkana and Eagle Pass originally submitted schedules showing they had insufficient funds to permit payment on the state's minimum schedule.

The attorney general upheld Woods' authority to disapprove such schedules in an opinion which was requested by Gilbert M. Denman, vice president of the state board of education, on behalf of the board.

Episcopal Diocese Conference Opening In Austin, Jan. 25

HOUSTON, Jan. 3 (AP)—A study of bi-racial problems in churches of the Texas Episcopal diocese will be one of the issues to be discussed during the 99th annual diocese conference in Austin Jan. 25-27, it was announced today.

Bishop Clinton S Quinof Houston, who will preside over the conference, said the possible naming of historic Christ Episcopal church in Houston as a Diocesan cathedral will be another issue to come before the conference.

The bi-racial issue was touched off at last year's conference in Beaumont when a controversy arose over whether negro delegates should be permitted to attend diocesan banquets. Beaumont hotels refused to serve the negroes.

ILO Survey Shows Slight Drop In United States Worker Total

MONTREAL, Jan. 3 (AP)—Unemployment in most countries during the latter half of 1947 fell below the levels of the 1946 period, the International Labor office said today.

Employment indices for all industry and manufacturing industry reached higher levels during the summer and autumn of 1947 than during the same period in 1946. The only exceptions were Palestine and Sweden.

The I. L. O. survey shows 16 countries with decreasing numbers of unemployed, with seven countries showing slight increases. The 16 countries with decreasing unemployment included the United States at the end of October, 1947, there were 1,687,000 unemployed, or 2.8 per cent of the entire labor force in the U. S. This compared with an average of 2,270,000 for the year 1946, or 3.9 per cent of the labor force.

Former Atomic Energy Official Appointed To Texas Foundation

DALLAS, Jan. 3 (AP)—Dr. Robert J. Speer, formerly with the Atomic Energy commission at Oak Ridge, Tenn., was announced today as a new staff member of the Texas State Research foundation at Renner, Tex. He will be principal chemist.

As a member of the chemical division of the TSRF, Dr. Speer's activities will be primarily concerned with organic chemical research and development of new products and processes for Texas industry, Dr. C. L. Lundell, director of the foundation, said.

A native Texan, Dr. Speer was reared at Denton, where he received a B. A. degree in chemistry from North Texas State Teachers college in 1937. Later he obtained M. A. and Ph. D. degrees in organic chemistry at the University of Texas, from 1937 to 1941.

THE CATHOLIC CHURCH AND MARRIAGE

The world today teaches that Marriage is a natural contract. As a natural contract it is severed as easily as dissolving a business partnership. The result is broken homes, unfortunate orphaned children, and a deplorable breakdown of the moral fiber of society.

The teaching of the Catholic Church on Marriage is different because it rests upon a different foundation.

Upon what foundation does Catholic teaching on Marriage rest? Why is her teaching today the same as it was in early Christian times? A complete chapter is devoted to this vitally important subject in the Home Study Course on the Catholic Religion.

Send for this Courtesy Course. Don't try to stumble your way through to a happy and permanent marriage on the shaky foundation of a worldly philosophy. Too much is involved to gamble! Learn what makes Marriages hold together! Send for this Course today!

Dispute Rages On Appointment Of New Chief Of Supreme Court

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, Jan. 3—A terrific behind-the-scenes struggle over appointment of a new chief justice for the Texas Supreme court was underway today—even before last rites were said for the late Chief Justice James P. Alexander.

Gov. Beauford H. Jester was besieged with advice and recommendations, some of which were made public at their sources, and some of which were not. He indicated there would be no immediate action.

The death of Judge Alexander put Governor Jester on what could be interpreted as a hot spot, or in a position to engage in a fast game of political checkers.

Actually, the death of a chief justice of the supreme court puts any governor in a position to make a maximum of six appointments to fill six different vacancies if it was worked like this, in five moves.

Possible Appointments Outlined

1. He could elevate one of the present associate justices to chief justice. That would leave an associate justiceship of the supreme court vacant.

2. He could then promote a chief justice of the civil appeals courts to associate justice of the supreme court, advancing a civil appeals associate justice to the chief justiceship of that court. This would create a civil appeals vacancy.

3. A district judge could be moved up to fill that vacancy, creating a vacancy on the district bench.

This vacancy could be filled by appointing a district attorney as district judge.

Jurists Are Discussed

5. The office thus vacated by a district attorney could be filled by appointment of some lawyer to the job.

This adds up to six vacancies, beginning at the top with that created by the death of a supreme court chief justice. There was no indication that Jester would follow this course, but it would be considered legitimate in the game of realistic politics.

Whoever is named to succeed Justice Alexander must stand for re-election next summer, since Alexander's term would have expired next Jan. 1, along with the terms of associate justices Few Brewster and James P. Hart.

Among names of those who might be considered as possible appointees, were those of almost all the present associate justices. Also mentioned were Chief Justices Atwood McDonald of the second court of civil appeals at Fort Worth and James W. McClendon of the third court of civil appeals at Austin, and District Judge John Rawlings of Dallas.

Ruling Is Expected On Charge Against Musician Union Head

CHICAGO, Jan. 3 (U.P.)—A ruling is expected January 14 on federal charges that James C. Petrillo, president of the American Federation of Musicians, violated the Lea act.

Both the government and the defense concluded their arguments before Judge Walter J. La Buy in U. S. district court here yesterday.

District Attorney Otto Kerner, jr., charged Petrillo violated the act deliberately and was subject to the maximum penalty of a year in jail and a $1,000 fine.

Petrillo is charged with having called a strike May, 1946 against the Chicago radio station WAAF when it refused to hire three additional musicians.

Defense Attorney Daniel Carmell in his final argument told the court that the union's action against WAAF was "in keeping with normal labor activity."

Grand Jury Will Convene Monday

A 99th district grand jury will be impaneled at 10 o'clock Monday morning by Judge G. V. Pardue.

Approximately 30 formally-filed cases will be referred to it for investigation, District Attorney Lloyd Croslin said.

Both Judge Pardue and Judge Dan Blair of the 72nd district will call dockets Monday morning. On Tuesday, Judge Blair will call the docket in Hockley county, on Wednesday in Cochran county and on Thursday in Crosby county.

Civil Jury To Report

A civil jury will report the following Monday to Judge Pardue.

Only one capital case is slated for investigation by Monday's grand jury, which should complete its work in not more than two days, Croslin said.

A Mexican, Pete Ramos of 128 North Ave. N, and a negro, John Fair, will be on the grand jury panel, the occasion marking the first in which a Mexican has been called for jury duty here, officials said they believed.

Others on the panel are Paul Hardwick of 2307 Eighteenth, Charles R. Bacon of 1623 Broadway, E. B. Shipp of Shallowater route 1, Cecil Brashear of 1504 Arnett, D. C. Fowler of Shallowater route 1, Joe Leaverton of Ropesville route 1, V. T. Rush of Slaton route 2, Fletcher Sneed of Petersburg route 2, D. A. Montgomery of Lubbock route 1, C. B. Self of Lubbock route 5, Edwin L. Forrest of Slaton route 2, F. B. Lovelace of Abernathy route 2, Joe Teague, jr., of Slaton, and N. C. Fine of 2703 Twenty-third.

Statute Blamed For Disability Charges

WASHINGTON, Jan. 3 (AP)—Secretary of the Army Kenneth C. Royall says that complaints about tax-free disability payments to retired military officers are principally the result of "a statute that should be changed."

Royall made this statement in a letter to Secretary of Defense Forrestal. It was made public today, together with Forrestal's letter to President Truman transmitting the names of 25,582 Army, Navy, Air and Marine officers retired for physical disability.

The Army secretary wrote that "I am informed that every case in which a complaint was made to the War department was thoroughly investigated without disclosing impropriety in the action taken."

He quoted from a report in 1946 by a special assistant to former Secretary of War Robert P. Patterson. That investigator, Royall said, reported that:

"The real difficulty lay in the law itself, including the fact that disability pay is tax exempt; that such pay is a flat 75 per cent of the base pay although this is not so for enlisted men (except those wit hmore than 20 years service); and that an officer 'found to have any incapacity merely sufficient to unfit him for field service in time of war . . . regardless of the degree to which its capacity to earn a civilian livelihood may have been impaired' is entitled to tax exempt disability payment. He concluded that the provisions of the law 'tend to cause a strong motivation toward abuses,' and this should be corrected."

Swedish Cancer Specialist Flies To Moscow On Case

STOCKHOLM, Jan. 3 (AP)—Prof. Elis Bervin, Swedish cancer specialist and radiologist, left by plane today for Moscow for "consultation on a serious cancer case."

"I cannot tell you who my patient is because I don't know myself yet," Dr. Berven told newsmen. He received a cabled request from "the Russian authorities."

Mrs. Berven said her husband had no idea how long he might be in Moscow. She added that his assistance had been requested "not for an operation, but only for consultation."

BACKING FOR GREECE, ITALY

U. S. Marines Said Ordered To Europe Diplomatic Move

By MAUREEN GOTHLIN
United Press Staff Writer

WASHINGTON, Jan. 3— The dispatch of U. S. Marines to the troubled Mediterranean was viewed in diplomatic circles today as a pledge of American support for the Communist-oppressed governments of Greece and Italy.

State department officials, gravely concerned about the military situation in Greece, interpreted the move as a psychological stroke to meet emergency conditions.

To Serve On Ships

At the same time, military sources estimated unofficially that between 800 and 1,000 leathernecks will be in the contingent that embarks Tuesday from Morehead City, N. C. They will be assigned to the carrier Midway and three light cruisers in four Greek and Italian ports, and will give the warships an unprecedentedly heavy proportion of Marines.

The Navy classified as "top secret" the exact number of Marines going overseas. But last night's official announcement said the increase "will restore the total personnel on board to approximately the normal overall complement of the ships" in order to "augment shipboard training of Marines."

Naval officers said the Mediterranean fleet is from 15 to 20 per cent undermanned. Normal complement of the 45,000-ton carrier is 2,200 men, while light cruisers carry about 1,000 men.

Added Moves Talked

Naval officials said the Marine reinforcements would make the difference between whether the ships could man their guns in an emergency or be forced to turn tail and run.

Some high military officials believe guerrilla warfare will not be cleaned up in Greece until American combat troops actually go ashore there. This, however, would take an act of Congress. Boosting the Navy to its full complement with Marine fighting and landing forces was the only step that could be taken at this time, it was said.

It was recalled that three weeks ago when the Army pulled its last occupation troops out of Italy, President Truman pledged that the U. S. would take "appropriate measures" to safeguard peace in that country.

Navy officials said this latest move is in line with a policy issued by Defense Secretary James Forrestal while he was civilian head of the Navy. Forrestal said the Mediterranean fleet would be kept at a level "consistent with" its main purposes: To support occupation forces, and to "protect U. S. interests and to support U. S. policies in that area."

Earlier this week, Acting Secretary of State Robert A. Lovett said American policy on the question of using U. S. combat troops in Greece would have to be determined by "future events."

The Marines, detached from the crack Second division at Camp Lejeune, N. C., will go to the Mediterranean people for their generosity.

At Milan's central railroad station a little crowd, which might generously have been estimated at 500, was almost lost beneath the great domes of steel and glass that arch over the trackways.

Although a municipal band puffed vigorously away at the "Star Spangled Banner" and Italian tunes, it appeared that many might have been elsewhere in the station with no idea that the Friendship train was arriving with nine box cars of gift food for the city's needs.

The train leaves Milan this morning for an afternoon halt at Padua and final stops Sunday at Udine and Gorizia—border towns at Marshall Tito's doorstep. The next day the second Friendship train food ship will arrive in Genoa.

A Christian Democrat from Milan's city council, Giovanni Maria Conrnaggia-Medici, was the official welcomer here and combined expressions of gratitude for America's "hearty and cordial gesture" with hopes for ever closer relations between Italy and the United States.

Final Tribute Paid Justice Alexander

AUSTIN, Jan. 3 (AP)—High state officials, lawyers, and members of the judiciary paid final tribute today to Chief Justice James Patterson Alexander in funeral services at the First Baptist church.

The Supreme court's presiding judge was buried in the state cemetery here, with 12 of his former law students acting as pallbearers. The honorary pallbearers were members of the court over which Alexander had presided since Jan. 1, 1941, members of the court of criminal appeals, and court of civil appeals. He died New Year's Day after an illness which started with a heart attack last summer.

Dr. W. R. White, pastor of the church of which Justice Alexander had been a member since he moved here from his old home, Waco, conducted the services. The body lay in state at the church for two hours prior to the service.

LOTS OF MOTORISTS

In 1941, it is estimated that 54,000,000 persons in the United States took trips in 16,000,000 automobiles and spent $6,000,000,000 on gasoline, repairs, lodging, and other traveling incidentals.

Fifteen hundred cubic miles of water fall upon the earth every year.

U. S. Food Train Gets Cool Welcome From Reds In Milan

MILAN, Jan. 3 (AP)—America's Friendship food experienced the thinnest welcome yet in Italy when the "Treno Dell' Amicizia" pulled in here this morning.

Milan sent none of its top officials, who are a Communist or Socialist, to greet the train—in contrast to other stops yesterday in the Communist north at Florence and Bologna, where Communists took the platform and extended warm thanks to the

Women Navy Reservists May Apply For Regular Service

R. B. Burnett, CTM, USN, officer in charge of the Navy Recruiting station here, said applications are being accepted from Women's reserve officers, active or inactive, or former Women's reserve officers who have resigned, for transfer to the Regular Navy.

Deadline for submission of applications will be midnight of Feb. 28, and Women's reserve officers must meet physical and mental requirements prescribed by the Navy department.

Legislation to provide for the appointment and enlistment of women in the Regular Navy and Naval reserve and the Marine Corps reserve passed the Senate July 23. It is expected that favorable action will be taken on this legislation in the House, that the bill will be enacted into law at the next session of the Congress, it was said.

Full information concerning applications may be obtained at the Navy Recruiting station in the Postoffice here.

LIKE SODAS

The United States contains between 90,000 and 100,000 soda fountains, while the number in European countries probably is not more than 1000.

Spices that will pep up a tomato cause are marjoram or oregano, bay leaves or allspice. Garlic salt, basil, celery salt and cloves are also tomato sauce standbys.

Daily Market Reports...

Wall Street

MARKET IN RALLY

NEW YORK, Jan. 3 (AP)—The stock market during the past week emerged from the old year with a burst of strength in the rails and an extension of the carrier upswing on the initial session of 1948. Exceptions among industrials, however, were plentiful.

Dealings during the first day of the New Year were notably chilled by the fact that weather conditions in New York and various sections of the country disrupted wire services and transportation with the result that brokerage business was almost at a standstill. This situation caused officials to announce the suspension of Saturday's short session for both the stock exchange and curbs. Other securities marts also recessed.

In the final three days of 1947 the big board had to contend with a sizeable amount of year-end tax selling and doubts regarding the likely bulge of reinstatement demand in early January. There was professional short coverings and other buying, though, on the idea the usual rally in the initial month would eventuate. On the other hand, selling during the week was a nevidence from those who were skeptical regarding business, labor, rising money rates, anti-inflation moves and foreign affairs.

The Associated Press 60-stock composite was up 1.1 points at 66 for the brief week with the rail index up 1.7 points at 38.6, a 1947-48 peak. The week's 4-day aggregate of 4,818,390 shares compared with 5,338,820 in the previous 5-day stretch.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, Jan. 3 (AP)—Fluctuations were over a narrow range in the cotton market here today. Closing prices were steady, 15 cents a bale lower to 10 cents higher.

Trading was restricted because of the closing of the New York cotton exchange and other markets in the east because of inclement weather. Prices were lower from the start as the result of week-end long liquidation and a small amount of hedge selling.

Spot cotton closed unchanged with middling 15/16ths inch quoted at 35.60 cents a pound. Local spot sales amounted to 662 bales.

	Open	High	Low	Close
Mch	35.82	35.86	35.76	35.85-86
May	35.62	35.71	35.62	35.71
Jly	34.45	34.52	34.45	34.52
Oct	31.64	31.68	31.64	31.70B
Dec	31.17	31.17	31.17	31.20B

B-bid.

AVERAGE PRICE

NEW ORLEANS, Jan. 3 (AP)—The average price of middling 15/16ths-inch cotton today at ten designated southern spot markets was 10 cents a bale lower at 35.76 cents a pound, average for the past 30 market days 35.35; middling 7/8ths inch average 33.95.

Grain

CHICAGO REPORT

CHICAGO, Jan. 3 (AP) — Wheat dropped sharply in active dealings on the board of trade today following trade reports from Kansas City that farmers were selling large quantities of the cash grain now that the new year has started. And income will not be taxed until next year. Corn and oats, steady early, joined the wheat decline.

A report from Kansas City said it was estimated that sales of cash grain yesterday totaled 500,000 bushels of wheat and that the activity would have been greater if communications to the country had not been disrupted by snow storms.

Wheat closed 3¾ to 5 cents lower, May $2.89¼-2.88⅝, corn was 2 to 4 cents lower, May $2.51⅜-½, oats were ⅝-¾ lower, May $1.17¾-⅞.

FORT WORTH REPORT

FORT WORTH, Jan. 3 (AP)—Wheat No. 1 hard 3.02-3.10.
Barley No. 2, 2.25-2.27.
Oats No. 2 white 1.49-1.50.
Corn No. 2 yellow 2.84½-2.86½, No. 2 white 2.84½-2.90½.
Sorghums No. 2 yellow milo per 100 pounds 4.13-4.18.

Famous Wall Street Financier, Former Messenger Boy, Dies

NEW YORK, Jan. 3 (AP)—Michael J. Meehan, 56, who rose from a messenger boy to a Wall street financier with holdings estimated at from $5,000,000 to $25,000,000 in radio stock alone, died yesterday of pneumonia.

Meehan, one of the most spectacular operators on the stock exchange during the twenties, was ordered expelled from the New York stock and curb exchanges and the Chicago Board of Trade after a Securities and Exchange commission investigation of his actions in connection with alleged rigging of the market in Bellanca aircraft stocks.

At A Glance

MARKETS AT A GLANCE

CHICAGO:
WHEAT—Weak; heavier cash grain marketings.
CORN—Unsettled by wheat losses.
OATS—Lower with other grains.
HOGS—Nominally steady.
CATTLE — Nominally steady.

Livestock

KANSAS CITY REPORT

KANSAS CITY, Jan. 3 (AP)—(USDA)—Cattle 100; calves none; compared with Friday last week slaughter steers average good and better fully steady; lower grades unevenly steady to 50 lower; heifers and cows fully steady; bulls strong to 50 higher; vealers and calves fully steady to 50 higher, spots more; stockers and feeders largely strong but some choice feeder steers 25-50 higher; supply beef steers liberal; large share comprised average medium and good grades 25.50-31.00; dozen loads high good and choice 1000-1300 lb. 32.00-33.25; few common and low medium 20.00-24.50; average medium and good heifers 23.00-25.00; few loads good and low choice 780-900 lb. 28.50-30.00; cows scarce; top medium and good 20.50-23.00; common and medium 16.00-20.50; canners and cutters 13.50-15.50; medium and good sausage bulls 1200 lb. and up 21.00-23.00; medium and good calves 19.00-21.00; choice vealers 26.00-30; most medium and good and low choice stocker and feeder steers in load lots 21.50-26.50.

Hogs 100; compared with Friday last week uneven 1.00-50 lower with maximum decline on heavy butchers and sows; late top 27.50; sows 25.00 down.

Sheep none; for the week killing classes around 1.00 higher; good and choice native and fed lambs at the high time 26.00-25, high as any time since last June; closing sales 25.00-50; medium and good shipments largely 22.50-24.50; good and choice yearlings 21.00-25; closing sales good and choice ewes 10.00-35.

FORT WORTH REPORT

FORT WORTH, Jan. 3 (AP)—(USDA)—Cattle — compared week ago: all classes strong to unevenly higher at highest levels on record. Week's tops: beef steers and heifers 31.00; cows 26.00, bulls 24.50, stocker yearlings 23.50 with choice lacking. Week's bulks: medium and good slaughter steers and yearlings 22.00-30.00, Week's bulks: medium and good slaughter steers and yearlings 22.00-30.00; good cows 18.50-19.50, common and medium 16.00-18.00, canners and cutters 12.00-15.00; sausage bulls 14.00-18.00, medium and good stocker steers and yearlings 20.00-23.50, medium and good stocker cows 14.00-17.00.

Calves — compared week ago: strong to 1.00 higher at new high levels. Good and choice slaughter calves 23.00-27.00, some heavies to 28.00 and 28.50, common and medium butcher calves 16.00-22.00; culls 13.50-15.00, medium and good stocker calves 20.00-23.50, no choice stockers offered.

Hogs—for week: butcher hogs 50 lower, sows 1.00 lower, stocker pigs 2.00 higher. Week's tops: butcher hogs 27.75, sows 26.00, stocker pigs 20.00; closing bulk: good and choice 190-300 lbs. 27.00-27.50, good and choice 160-185 lbs. 24.50-27.00, sows 24.50-25.00, stocker pigs 17.00-20.00.

Sheep — for week: fat lambs 50 to mostly 1.00 higher, yearlings strong to 1.00 higher, slaughter ewes and feeder lambs steady to strong. Week's tops: fat lambs 24.00; fat yearlings 21.00, fat ewes 10.00, feeder lambs 19.00. Bulk prices: medium and good wooled fat lambs 22.00-24.00, medium and good shorn lambs No. 1 pelts 19.00-22.50, medium and good yearlings 17.00-21.00, medium and good slaughter ewes 9.00-10.00, cull and common ewes 7.50-8.50; medium and good feeder lambs 17.00-19.00.

Missouri Official Announces Candidacy For Governorship

JEFFERSON CITY, Mo., Jan. 4 (U.P.)—Forrest Smith, state auditor for 15 years, today declared himself a candidate for nomination for governor on the Democratic ticket.

The announcement was a mere formality in that Smith has been considered a leading contender for the nomination for the past three or four months. He said he would file with the secretary of state's office tomorow.

Names Of 'Big Traders' Given

WASHINGTON, Jan. 3 (AP)—The Agriculture department made public tonight an alphabetical list of 755 "big traders" in grains, butter, eggs, potatoes, lard, millfeeds, cottonseed meal and soybean meal, covering the period Jan. 1, 1946—Nov. 30, 1947.

The list does not show which of these commodities nor how much, were traded in by the various persons or firms. However, it contains those holding or controlling contracts equal to or more than these amounts:

Grains, 200,000 bushels; butter, eggs, potatoes, 25 carlots; lard 250,000 pounds; millfeeds, 1,000 tons; cottonseed meal, soybean meal, 1,000 tons.

The list includes:

Burrus, J. B., Dallas; Byer, Edward R., Garland,; Cate, Henry M., Dallas; Cleveland, J. Fred, Fort Worth; Colorado Mill Elevator Co., Denver.

Cox, Edwin B., Dallas; Cox, Edwin L., Dallas; Curtis, jr., Jesse B., Greenville.

Dawson, Herman, Fort Worth; Embleton, Robert V., San Antonio; Fant Milling Co., Sherman.

Hammon, Jake L., Dallas; Harris, Mrs. Annie, Sinton; Harvest Qn. Mlng. El. Co., Plainview; Hays, Russell E., San Angelo; Kimmel Mlg. Co., Fort Worth; Lone Star Elevators, Fort Worth; Neal, Wesley L., Jasper; Pauley, Edwin W., Los Angeles; Peterson, Ed., Wichita Falls; Producers Grain Corp., Amarillo; Resler, Dale, El Paso; Roeglein Prov. Company, San Antonio; Smith, Jack, Dallas.

Tex-O-Kan Flour Mills Co., Dallas; Universal Mills, Fort Worth; Whitsitt, H. H., San Angelo; Wilson, R. R., Fort Worth.

1948 Elections May Prompt Rush In Poll Tax Payments In Texas

By GORDON K. SHEARER
United Press Staff Writer

AUSTIN, Jan. 3.—Poll tax payments will start with a rush in Texas this month because 1948 is a big political year, and in Texas you can't vote without paying a poll tax.

Of course there are exceptions but for the ordinary run of citizen, it is pay your poll tax or lose your vote. The exceptions are for persons over 60 years of age and those who become 21 years of age between Jan. 1 and the 1948 elections. There are exemptions, too, for physically handicapped persons and those who render a state service like National Guardsmen.

Poll Tax Popular

Strangely, the poll tax is one tax that the people do not want to abolish. For years there have been movements to abolish the poll tax but they never have gained great popularity among Texans. One of the reasons is that the state poll tax of $1 is dedicated to schools and no one seems to want to take that money away from the schools.

How far negro voting enters into the situation is a matter of dispute. Failure to pay poll tax undoubtedly has deprived many negroes of the right to vote, but the poll tax payment was not aimed at negroes when it was put into the state law.

It was directed instead at political machines that were accused of voting dead men and repeaters.

The exclusion from participating in elections was, at least ostensibly, for the purpose of enforcing collection of the tax.

Last day to pay the tax and retain the right to vote is Jan. 31.

The poll tax lists take the place of the voters registry lists used in many states, but there is nothing on the poll tax to indicate party affiliation. By March 10 the county tax collectors are required to furnish the county clerks a statement of the number of receipts issued, and by March 31 he must deliver the poll tax lists of voters to the election officers.

In 1948 politics will start earlier than usual in the convention stage. That's because it is a "presidential election year" and delegates must be named to the party nominating conventions.

First Convention May 1

Precinct conventions will be held May 1, county conventions May 10, and the state convention to name delegates to the national convention on May 25. This convention for the Democratic party will be in Brownwood, Texas.

Filing time for candidates for nomination for state and district officers also comes early in 1948 with May 17 the deadline for candidates for district offices in districts made up of more than a single county.

June 7 will be the last day to file notice of candidacy for United States Senator and for state offices in which the choice is by state-wide voting.

Candidates for county offices and district offices that do not extend beyond a single county have until June 19 to get their name on the primary election tickets.

Technically the voting should start on July 4 but that is Sunday, so voters who expect to be absent on July 24 (primary election day) will begin balloting on Monday, July 5. Absentee voting can continue until July 20.

The run-off primary election will be held on August 28.

Election Process

In that run-off primary the races will be cut down to contests between the two high candidates for each office in the July 24 primary election.

If any candidate has a majority of all votes on July 24, he will become the party nominee without waiting for the Aug. 28 balloting. The State Democratic Executive Committee will meet between the primary elections, declare the candidates who got a majority in the first and list the ones to participate in the run-off election.

In county races, the county executive committee may decide whether nomination shall be by majority of by a plurality of the votes cast in the first primary election.

Parties which cast less than 200,000 votes in the general election last time are not required to hold the party nominating primary elections, but may choose their candidates in conventions.

The general election will be held on Nov. 2, when the party nominees, and also independent candidates, will be voted upon.

Winners will take office Jan. 1, 1949, except legislators and the Governor and Lieutenant Governor. They wait until the legislature meets for final declaration of the result.

Other Issues On Ballot

Beside voting for officials, Texans will vote Nov. 2 on a number of proposed amendments to the State Constitution.

These are:

Creation of a redistricting Commission.

Fixing succession to the Governor's office.

Abolishing State Advalorem tax for general purposes.

Extending homestead tax exemption to all state-levied taxes.

Providing a judges retirement system.

Authorizing voluntary division of community property by a husband and wife.

Adding additional officials to those paid on a salary basis in lieu of fees.

Permitting counties to carry workmen's compensation insurance for county workers.

Youthful Slayer Gay On Way To Gallows

MOUNDSVILLE, W. Va., Jan. 3 (U.P.)—Singing and chatting freely, Paul Burton was hanged at the State penitentiary last night for the slaying of a fellow Logan county miner five months ago.

The 33-year-old Stirrat mine motorman was executed for the fatal shooting last July 29 of Willard Simpson, 23, whom he blamed for the loss of his job.

"I'm going to meet my savior. Praise the lord," Burton chanted as he stood on the gallows while jailers strapped him and placed the noose around his neck. He continued to sing as Protestant Prison Chaplain Rev. E. M. Flanagan offered final spiritual comfort.

He dropped through the trap at 8:58 p. m. and was pronounced dead 11 minutes later.

Proceeds From Christmas Seals Sale Now Amount To $9,400

Proceeds from sale of Christmas seals and bonds received by the Lubbock County Tuberculosis association to Saturday noon totaled approximately $9,400.

The figure still was about $2,600 below the total of $12,000 the association hoped to raise to finance its work during 1948. Representatives of the association urged that persons who received seals or bonds and have not yet given a donation send one to the association, 1002½ Sixteenth. Funds in return for seals and bonds will be received until March 1, it was stated.

The association hopes to move into its new building under construction at 910 Ave. N by March 1.

19 BURN TO DEATH

OMUR, Japan, Jan. 3 (U.P.) — Nineteen persons were burned to death today when fire razed a two-story building housing 168 persons whose own homes were burned during the war. Ten were injured.

The Maricopa and Pima Indian reservation was established in 1859. It is located in Arizona.

PHARMACOLOGIST PERFECTS AN AMAZING FORMULA FOR SICK PEOPLE

Works Quickly To Overcome Conditions Which May Have Been Causing Untold Misery Over A Long Period Of Time

Since countless ages, man has been seeking a panacea for his ills. Hordes of people have sought alleviation at the spas of Europe and here at home. Baths, mineral waters and literally thousands of remedies have been used by countless people. Now, a pharmacologist, who has spent many years in prescription work, with ample opportunity for research, has perfected an amazing formula that has helped thousands of people back to health.

From letters on file, many, many people have reported relief, after using this formula, from rheumatic pain, kidney ailments, getting up nights; relief from sour stomach, gas, bloating and many other ailments.

This formula, called Mertox, is compounded from 25 of natures own herb and other splendid ingredients. It contains: Black Cohosh, Barberry, Burdock, Dandelion, Gentian, Licorice, Poke, Mandrake, Sarsaparilla Roots, Cascara Bark, Buchu Leaves, Juniper Berries, Senna Leaves, Aloes, Magnesium Sulphate, Wild Cherry Bark, Capsicum, Stillingia, Salicylic Acid, Glycerine, Oil Sassafras, Methyl Salicylate, 1/10 of 1% Sodium Benzoate.

Quick Action

Users of this remedy report remarkable results within a very short time.

Now, you can help chase those strength-sapping symptoms easily, pleasantly, quickly and inexpensively. Mertox relieves constipation within a few hours and helps to tone the bowels into a more rhythmic action. Helps to build rich, red blood; creates a better appetite and gives you a real zest for food. Makes you feel more like living. Relieves indigestion, sour stomach, bloating and gas quickly. By removing poisonous waste matter from the system, many torturing rheumatic pains disappear.

Mertox contains no narcotics, opiates or calomel and will not make you sick, gripe or nauseate you in the slightest degree. It can be taken by every member of the family. You can now get this splendid medicine from any druggist in Texas. Just ask for 8 ounces of Mertox Compound.

Westerners Swamp Eagles, 56-28, For Fifth Cage Triumph

Johnson, Henry And Alderson Lead Lubbock Floor Attacks

By EARL SCUDDAY
Avalanche Sports Writer

Lubbock High's sharp-shooting Westerners, sparked by veterans Jack Alderson, Virgil Johnson and Billy Max Henry, set a torrid scoring pace to defeat the Abilene Eagles, 56-28, Saturday night at Senior High gym and notch their fifth consecutive victory of the season.

The Westerners jumped into the lead in the first five seconds of the non-conference tilt on a crip shot by Johnson and, despite the desperate efforts of the visitors, were never pressed. For a brief period in the first quarter the Warbirds reduced the Lubbock margin of victory to six points, but the game developed into a rout—a very rough rout—in the second half as a result of the accurate tosses of the Westerner cagers.

Johnson Scores 13

Lanky Forward Virgil Johnson copped individual scoring honors for the night, dropping in five field goals and three charity tosses for a total of 13 points. Guard Billy Max Henry, set shot artist, chalked up 12 points on five field goals and two free throws, with Center Jack Alderson taking third place with a 10 point tally. Speedy Scotty Holland topped the visitors with 10 points on four field goals and two free throws.

The Westerners showed marked improvement in the ball-handling department during the tussle, although the accuracy of the Lubbock shooting was the highlight of the game, and the home five corrected an early weakness in controlling the ball off the backboard. Sophomore Center Jim Wilson played a creditable game at center, despite his lack of experience, and his height was a valuable asset against the towering Eagles.

After Johnson put the Westerners into the lead early in the tilt with a crip shot, Wilson increased the margin with a charity toss. Eagle Guard Bob Bailey broke the ice for the visitors with a successful free throw, but Alderson and Henry sank field goals and Galey dropped in a free toss to give the home five an 8-1 lead.

Bailey found the range with a set shot and a free throw, then Henry, Galey and Alderson brought the count up to 14-4. Eagle Burl Troutman and Holland connected on long tosses to narrow the first quarter tally to 14-8. The Westerners gained another point during the see-saw second quarter on the shooting of Wilson and Johnson and led, 24-16, at halftime.

Start Scoring Bee

The Lubbock quint opened the second half with a scoring spree that iced the win—Henry, Wilson and Alderson hitting the basket for eight points before the Eagles could score. Wieth and Row finally sank two field goals for the Warbirds, but Alderson, Henry and Johnson boosted the Westerner margin to 41-20 at the start of the final quarter.

Coach Harvey Dunn sent his "B" quint into the rough struggle for most of the last period and the Abilene mentor countered with a substitute five. The Westerners tallied 15 points, while allowing the Eagles eight, to make the final score 56-28.

In the "B" clash preceding the feature game Abilene nosed out the Westerners, 39-37, in a bitter tussle that was not decided until the final whistle.

The Lubbock "B" five overcame an early game deficit to take the lead at 37-36 wth less than three minutes of play remaining, but the Eagles' Holland and Lawton Chambers looped in a field goal and charity toss in the final seconds.

Diminutive Doral Sandlin topped the Westerner scorers with 11 points, but Bob Swain tallied 10 to take the runner-up post. Hubert Ingraham chalked up 12 points for the Warbirds, with Lawton Chambers second with 11.

Between . . . The Lines

—— By JOE KELLY ——

• • •

While everyone else was gallivanting around Lubbock celebrating the New Year, this scribe was taking in the Sun Bowl fiesta in El Paso. And because of that, no greeting on Jan. 1 was possible. So at this late hour, we hasten to wish our readers HAPPY NEW YEAR, with the hope that 1948 will be the biggest and brightest year of all for each and every one, particularly the coaches, players and fans.

• • •

Between the lines at the Sun Bowl: The Miami team that beat Texas Tech by one point was one of the smoothest T formation teams seen all year, excellently coached and drilled to near perfection. Their deception, their speed and their drive kept Tech on its heels most of the afternoon. Quarterback Mel Olix drew rave notices from sportswriters, spectators and coaches for his adroit ball handling. Much of the time the ball never was seen and picking out the ball carrier was difficult.

• • •

Coach Dell Morgan admitted that he was one man he would like on any team of his, not only for his beautiful deception, but also for his accurate passing and dangerous running. Olix typified Coach Sid Gillman's team, light, fast and heavy hitting. Most of the players were barrel-chested and piano-legged, driving continually and getting the jump on the Tech team. Capt. Bernie Winkler admitted that he was humiliated all day because the opposing linemen always beat him by one step.

• • •

Strangely enough, Ohio supporters of Miami thought that possibly Miami was lowering itself by meeting Texas Tech, an institution about which they knew next to nothing. It was the same attitude that Tech supporters had about Miami. Lubbock and West Texas fans couldn't believe that Tech wouldn't swamp the Miami Redskins, mainly because they knew nothing of the opposition for Miami. Outside of the Southwest Conference teams, Miami rooters knew nothing about the Border Conference elevens and discounted Tech's victories in it. Supporters of both teams thought that their favorites would win easily.

• • •

The game was decided by a break against Tech, although more accuracy from the conversion line would have given the Raiders victory. But early in the fourth period Fred Heinold of Cincinnati university, Thursday's umpire, ruled pass interference against Tech on the one-yard line. This was the third decision he had called against Tech compared to none against Miami who, it appeared on several occasions, had been just as illegal. On the play, Olix passed and as the receiver took the ball, he was tackled from the rear. It was agreed in the press box that it was the third poor decision of the day and the Tech squad protested bitterly.

• • •

To answer a question Bob Cone raised in his column—and which Tech supporters have asked—Freddie Brown tried the second place kick attempt Thursday because Ralph Earhart had grown undependable. He ended the season with a record of 17 conversions in 25 attempts, but only seven of 13 in the last five games. To break it down further, he scored only two out of six in the final two games. Since he had missed the first against Miami and was out of practice it was decided to try Brown, who also has a good toe. What most persons from Tech at the game wanted to know was why Brown didn't pass to Smith or Kelley. The answer is that they decided to stay with the common method of converting and it went awry.

• • •

Some Tech players, as usual, were more outstanding than others, although all played good ball. End Joe Smith demonstrated time and time again that he is a great end, while Guard Floyd Lawhorn turned in his best game of the year. Dan Pursel also played brilliantly spelling Lawhorn and End Bill Kelley was consistent and, at times, brilliant. George Zoller also displayed brilliance on occasion, but the lighter, faster Miami team controlled play, opened gaping holes on offense and were difficult to move on defense.

• • •

The Tech band stole honors among the musicians with a fine halftime performance that was received warmly. They added support during the game and color with their intricate maneuvers during the half. They were the backbone of the Tech cheering section that gradually encompassed the entire stands. It was interesting to see sentiment change during the game from almost disinterest to downright support of the Red Raiders on the part of the spectators.

• • •

The game was rough throughout, with considerable elbow work and some direct punches. Lawhorn and End Dick Urich openly exchanged punches, once, but the officials only saw the Tech blow and the Raiders drew 15 yards. Both teams were near exhaustion afterwards and most players on the two squads turned in early following the banquet in Juarez, Mexico.

• • •

Clyde "Bulldog" Turner, great pro All-American center for the Chicago Bears, didn't assist the Tech coaches as rumored, but was a house guest of Coach Tipp Mooney and an interested spectator at the Sun Bowl game. He says that 1948 will be his final year on the pro grid front and that the current crop of centers will hold their own with any previous men. Also, Turner says that his brother Dugie, who played a brilliant game for Hardin-Simmons, is quitting the Abilene institution to return to the ranch. And Bulldog adds that the Bears probably will attempt to make a trade with the Yanks for Tuffy Nabors, intending to use the great Techsan strictly on the defense.

Sanity Is By-Word At Coach Confab

NEW YORK, Jan. 3 (AP)—With "sanity" as their by-word, some 300 or more college athletic leaders will gather in New York this week for their annual five days of insanity.

The revision of the national collegiate athletic association "sanity code" is the principal business of the three-day N. C. A. A. convention Thursday, Friday and Saturday. The insanity comes from trying to take part in this gathering, the meetings of a half dozen allied bodies that also meet this week and keep up with the social gatherings and friendly reunions that go with these meetings.

Townsend Unanimous All-State Single Eagle, No Scots On Team

By WILBUR MARTIN
Associated Press Staff Writer

Stars in Texas' 1947 high school football race were widely scattered and six of those bright enough to make the Texas Sportswriters association all-state team were from teams that failed to win district titles.

Selected by more than 100 coaches and from sportswriters over Texas, the all-state team announced today includes only one boy from last year's mythical eleven. This is Byron Townsend, great Odessa back who was a unanimous choice.

Eagles Place One

The extremely well-balanced team has only one player from state champion Brackenridge (San Antonio). And finalist Highland Park (Dallas) did not place a single man on the first team.

Odessa is the only school represented by more than one player, its other all-state performer being Gordon Headlee, a near unanimous choice at guard.

William Wilson, Ennis, and James Spencer, Breckenridge, easily won end positions, while Charles O'Neal, Corpus Christi, was an overwhelming choice for one tackle position. The other was filled by Bill Wilson, Sam Houston (Houston).

Jerald Olive, Brackenridge (San Antonio), captured the other guard position, while Don Menasco won center honors.

The backfield has only one man who played past district competition, Townsend. The others are Reed Quinn, Austin, a sensational punter; Henry Stollenwerck, Waxahachie, hailed as the best broken-field runner in the high school race, and Bill Burkhalter, Texarkana's great individual star.

Wichita Falls, which went undefeated until quarterfinal play, failed to place a single man on the first team, though two Coyotes made the second team and another the third.

This probably is the only team picked by the association in which so few players from playoff teams were included.

Two boys tied for backfield positions on the third team. They are Pat Knight, Thomas Jefferson (San Antonio), and Marshall Alford, Brownsville.

Five Golden Gloves Winners Returning

FORT WORTH, Jan. 3 (AP)—Five of the eight 1947 Texas golden gloves champions will be in the field as an estimated 3,000 amateur boxers start fighting in 1948 eliminations this month.

District and regional tournaments are scheduled in January and early February, and survivors will compete in the five-day state meet here February 11-16.

Two of last year's champions joined professional ranks. They were James (Buddy) Baggett, Dallas flyweight, and Dan Stipanovich, San Antonio lightweight. Still another, Heavyweight Charles Simmons of Dallas, has retired.

Of the remaining five, two will enter the Austin regional meet. One is Charles Robinson, University of Texas law student who last year won while atending Texas Christian. The other is Valentino Luna, the bantam.

Bill Henderson, featherweight winner, will compete at Lubbock again. He is a Texas Tech student.

Tommy Barron of Sherman, the middleweight king, will be back for another try.

Tom Adams, Hardin-Simmons sophomore, will open defense of his light-heavyweight title in the Abilene regional meet. He won at Lubbock last year.

State Girls' Cage Tournament Is Set For March 10-11-12-13

HILLSBORO, Jan. 3 (AP)—The state tournament of the high school Girls' Basketball league of Texas will be held in Hillsboro March 10-11-12-13, Director General L. C. McKamie today announced.

A record 288 high schools entered the league for 1948 competition. Six others made application too late.

Champions from 16 districts will come to Hillsboro for the state meet. County champions will be crowned by the second week in February district champions the last week in February. Each county is allowed to certify two teams for the district tourney, but usually a county has only one representative.

Dick Calhoun, Brackenridge ____ Back, Pat Knight, Thomas Jefferson Back, Marshall Alford, Brownsville

Honorable mention included: Ends—Bill Howton, Plainview; Don Surratt, Austin (El Paso).

Tackles—Jerrell Price, Brownfield; Charles Shaw, Brackenridge (San Antonio).

Guards—Alton Taylor, Austin; Pace, Odessa.

Centers—Bill Banta, San Angelo; Tommy Moorman, Odessa.

Backs—Duane Grissett, Mineral Wells; Williams, Cisco; Lawson, Wichita Falls; Alton Martin, Brownfield; Bob Bogle, Plainview.

Mid-America, Border Sun Bowl Deal Seen

The winner of the Mid-American Conference and the winner of the Border Conference may meet each year on New Year's Day in the Sun Bowl football game at El Paso, if the plan of C. D. Belding, Sun Carnival athletic director, materializes.

For the past two years an invitation has been extended to the winner of the Ohio conference, with Cincinnati university winning last season from V. P. I. and Miami winning this year from Texas Tech. Miami was the third Ohio college to take the Jan. 1 game, Western Reserve taking the first victory for a Buckeye State eleven.

Traditionally, although no agreement has ever been signed, the winner of the Border Conference has been invited to serve as the host eleven, a decision that has resulted in one victory, seven defeats and one tie for the Texas-New Mexico-Arizona loop.

Mr. Belding talked seriously first of signing a two-year agreement and then changing his proposition to include a carta blanca unlimited contract.

If this agreement were reached, it would be similar to the contract signed by representatives of the Pacific Coast league and the Big Nine. Mr. Belding did not elaborate on how long the contract would run, but indicated that it would be a long term proposition.

The Sun Carnival booster conducted long talks with Coach Sid Gillman of Miami, Dayton, O., sportswriters, Bob Howard, Miami sports publicity director, and other visitors from Ohio. He said Thursday night that he found his listeners attentive and extremely interested in the proposal.

Ohio officials said that they looked favorably upon the proposition and would do their utmost to boost the proposal in Ohio. They have promised to recommend to Dr. David F. Reese, commissioner of the conference, that the Mid-American Conference would gain added recognition and prestige through meeting the Border loop winner each year.

Mr. Belding declared that he was working through the Mid-American Conference first and that if and when he heard that they had taken favorable action, he would appear before the Border Conference meeting in Tempe. He hoped to be able to make announcement following the spring meeting of the Border loop.

Mr. Belding had several points to emphasize why he thought that an agreement between the two conferences was the best thing for the Sun Bowl.

He pointed out that Western Reserve won the Sun Bowl game 26-13 from Arizona State at Tempe and that Miami had won 13-12 from Texas Tech, both games proving to bring together evenly matched teams.

Next the athletic director pointed out that the Mid-American Conference was composed of schools similar in size and strength to the Border loop, that they maintained the same athletic ideals and had the same scholastic ambitions.

He went on to point out that the majority of new settlers in Texas, Arizona and New Mexico were coming from Ohio, Pennsylvania and New York. He stated that this migration would lend the greatest encouragement to relations and was an important reason for selecting the conference.

Mr. Belding then discussed other conferences and what they might present. He eliminated the Big Seven Conference because it was not strong enough and he eliminated the Southern, Southwestern, Big Six, and Ivy League as being too strong. He eliminated the Missouri Valley Conference as not being enough of an intersectional attraction.

"I firmly believe that this year's Sun Bowl game was the outstanding attraction on the New Year's Day schedule and that no bowl game was any better, if as good," Mr. Belding declared. "You couldn't find two teams more evenly matched, nor could you give the crowd a more thrilling exhibition than did the Miami and Texas Tech elevens. It was a great football game and indicative of the football that could be provided each year."

Texas Tech officials greeted the proposition without much warmth and predicted that Mr. Belding would have a difficult time convincing the Border Conference teams that it was a good idea.

Tech officials believe that West Texas, Hardin-Simmons, New Mexico, Arizona and New Mexico Aggies probably would not approve the suggestion, in addition to Texas Tech. They voiced the idea that Texas Mines, Arizona State at Tempe and Arizona State at Flagstaff might accept.

No official announcement concerning the possible agreement is expected for a long time, certainly not until after the spring meeting of the Border Conference.

McAdoo Wins Fourth Conference Clash In Overtime Duel, 31-29

McADOO, Jan. 3 (Special)—Forward Pitts with 13 points grabbed individual sharpshooting honors here Friday night as the McAdoo High cagers took their fourth conference basketball game in an overtime thriller with the Robertson High quintet, 31-29.

Aycock was high point man for the Robertson team with nine.

The Robertson "B" team defeated the McAdoo Bs, 32-18, and the Robertson girls' team edged the McAdoo sextet, 24-22.

SANDIES BEAT DALLAS FIVE

AMARILLO, Jan. 3 (Special)—Amarillo's speedy Golden Sandies capitalized on the accurate shooting of Guard Jimmy Sharp to defeat the powerful Woodrow Wilson quint of Dallas, 40-36, here tonight. The Dallas five held an 11-9 lead in the second period, but the Sandstorm edged ahead, 21-20, at halftime.

Tahoka Bulldogs Win Meet Title

POST, Jan. 3 (Special)—The fast-moving Bulldogs of Tahoka High school tonight left little doubt that they are of championship caliber, and dangerous contenders in the District 4-A cage race as they handed Sundown a 40-34 drubbing to win the Post invitational basketball tournament championship.

Their floor triumph over Sundown came very shortly after they had trimmed O'Donnell in a preliminary game, 33-22, and their shooting star of the evening, Don Cowan, canned 13 points. He did a little better than that in the championship fray, hitting the meshes for 19 points.

Indians Beat Antelopes

Seminole High's Indians, knocked out of the championship flight the first night of the tourney by Tahoka, took the measure of the Post Antelopes, 41-33, with Baker hitting the meshes for 11 points. Williams of Post was high point man, however, scoring 14 points.

Sundown's J. Ethridge wasn't idle by any means as Cowan kept banging away and increasing Tahoka's lead. Ethridge pushed 'em in and flipped 'em in from several angles for 13 points to lead his team.

In the first game of the afternoon Post's "B" team took a tight decision from the Crosbyton A team, 25-24.

Seminole had little trouble with Southland, winning 31-17 as Baker cashed in with 15 points.

Williams posted 18 points as the Post Antelopes turned back Seagraves High, 52-19, and to the Binghammen went the honor of top team scoring honors of this second annual tourney.

Williams High Pointer

Sundown, with McCulloch pitching in 11 points, downed Post's "B" team, 50-30, and following that fray Tahoka won its 33-22 verdict over O'Donnell.

Williams of Post took off tourney individual scoring honors with 35. He was followed by J. Ethridge of Sundown with 34; Ingram of Post with 27; Baker of Seminole with 26; Botkin of Tahoka with 21, and Walker of Seminole with 19.

The Boxscores:

TAHOKA (40)

Tech Cagers Get Set For Hardin Indians

The basketball team from Texas Tech, winners of only one of three games at the Ft. Worth college invitational tourney last week, is busily preparing for their game Wednesday night with Hardin college in the Tech gym.

The Indians come to Lubbock by way of Oklahoma Baptist, whom they met last night, and Abilene Christian college, whom they will play Tuesday night.

Guards on the team include Buddy Ballinger, a six foot sophomore; Wayne Brockman, a 5' 11" sophomore; Kenneth Sewell, a six foot sophomore; and Dwight Holcomb, a 6' 1½" freshman. The centers include Cecil Crenshaw, a 6' 1" junior, who plays forward as well as center; Don Phillips, a 6' 2" sophomore without previous experience; and Johnny Ozee, a 6' 2" sophomore, who plays either forward or center.

Forwards on the invading Indians are Adrian Bill, a 6' 4" junior; Don Robbins, a 6' 1½" sophomore; and Pete Eastup, a 6' 1" freshman without previous experience.

The varsity game will start at 8:15 p. m., with the Texas Tech freshman team scheduled to play Wayland college in a curtain-raiser at 7 p. m. The feature of the Fish game will be the presence of three former Lubbock High school basketball teammates on the starting line. They will be Ed Wilson at forward, Verdel Turner at center and Lonnie Balch at guard.

BAYLOR TO MEET WAVE

WACO, Jan. 3 (AP)—Baylor and Tulane will meet on the gridiron for the first time next Nov. 13 when the Bears go to New Orleans for a contest with the Green Wave, Athletic Director Ralph Wolf announced today.

Wolf said a one-year contract has been signed with Tulane.

Wigwam Wisemen Pick 4 Texans

OKLAHOMA CITY, Jan. 3 (AP)—The Wigwam Wisemen of America today announced its 44-man All-American high school football squad which it said would play an East-West all-star game next August.

Mose Simms, chairman of the athletic committee of the Wisemen, said the exact time and place of the game will be set later. More than 100 of the nation's sports writers were polled before selections were made.

John Baumgartner, 16, sophomore back from Ramsey High of Birmingham, Ala., was selected for a special award as the outstanding young player in the nation. The players comprising the first four teams are all seniors.

Harry Agganis, 18-year-old back from Classical High of Lynn, Mass., was made captain.

The squad:

First team—Bill Sans, E, Lincoln of San Francisco; James Mutcheler, E, Beaver Falls, Penn.; Martin Kiousie, T, Cathedral of Cleveland, Ohio; Johnny Marolo, T, Hempstead, L. I., N. Y.; Edward Listopal, G, Patterson Park, of Baltimore; Oscar Wolfe, G, Warren Easton of New Orleans; Byron Boji, C, Austin of Chicago; Harry Agganis (C), B, Classical of Lynn, Mass.; Byron Townsend, B, Odessa, Tex.; Bill Bowers, B, Canoga Park of Los Angeles; Mickey McMulletn, B, South of Denver, Colo.

Second team—George Maloff, E, Marist of Atlanta, Ga.; Ed Weir, Jr., E, Lincoln, Nebr.; Eldon Peterson, T, Story City, Iowa; Dick Logan, T, Mansfield, Ohio; Russ Shogran, G, East of Wichita, Kas.; Paul Rouse, G, Central of Knoxville, Tenn.; Bob Griffin, C, Frederick, Okla.; Bill Farris, B, Wilson of Portsmouth, Va.; Leon Lippman, B, El Campo, Tex.; Ronnie Clark, B, Roosevelt of Chicago; Frank Hauff, B, McKinley of St. Louis.

The third team includes: Keith Flower, B, Perryton, Tex.; and the fourth team, Bill Wilson, T, Sam Houston of Houston, Tex.

Sullivan Re-Signs To Manage Hubber Baseball Club In '48

By JOE KELLY
Avalanche-Journal Sports Editor

Carl M. (Jackie) Sullivan, popular young manager of the Lubbock Hubbers, has been re-signed to direct the baseball team again this season, Owner Sam Rosenthal announced yesterday.

Terms of the contract were not made public, but they are believed to include a slight increase.

Sullivan, who captured the admiration of Lubbock fans, led the Hubbers to the championship of the West Texas-New Mexico League in his first season at the helm. A second baseman, Sullivan will return to this position again this year.

Mills Also Signs

Mr. Rosenthal also announced that Royce Mills, considered the outstanding relief hurler in the league, has signed his contract for the 1948 season. Mills currently is assisting Manager Sullivan in the operation of a gasoline filling station in Lubbock.

Manager Sullivan said that he would leave for Dallas and spring training camp about the first of March. Mills probably will go to Dallas soon afterwards and the Lubbock team will work out with the Rebels.

Mr. Rosenthal said that the 1948 Hubbers would remain about as strong as the team that won the league bunting last year with a record of 99 victories in 140 games. He assured Lubbock fans that they would see the same fast brand of ball this year that characterized the nine last season. He said that reports on the three new players obtained by the Hubbers indicated that they could take over starting positions easily.

Mr. Rosenthal, confined to bed for a while, said that Bill Serena, who established a new league homerun record in 1947, would be given an opportunity to advance himself and that he might not be back this year.

Serena belted 57 homers during the regular season and added 13 in the playoffs. The hefty swatter, using an unorthodox swing, drove opposing pitchers crazy and proved to be about the most valuable chattel on the Hubber roster.

Need Not Worry

Lubbock fans, who wondered about the working agreement between Detroit and Dallas being broken, need have no worries about the type of ball player the Hubbers will receive. Mr. Rosenthal hastened to assure the fans that Dallas was building a strong farm system of its own and that with the excellent connections that both Dallas and Lubbock had, fans would continue to see topnotch players in Hubber uniforms.

Mr. Rosenthal said that Lubbock never had depended greatly on Detroit, nor had Dallas, and that the Dallas-Lubbock relationship was as strong as ever.

Turning to league matters, Mr. Rosenthal said that officials attending the National Association of Professional Baseball leagues meeting in Miami, Fla., had voted two important changes into the Minor league situation.

First, the magnates had approved a proposal that Minor League Class C teams could increase the player limit from a minimum of 15 players to a minimum of 17. West Texas-New Mexico officials had requested enlargement of rosters by one player, bringing it to 16. This action at Miami must now be approved by the WT-NM league officials by majority vote.

Another important vote at Miami granted the Minor League Class C teams to raise the player salary limit from $2,800 a year to $3,400. This also will be voted on by the WT-NM league officials, but is expected to be approved in view of the player limit increase, although the entire sum may not be approved at its present peak.

Mr. Rosenthal said that the annual spring meeting would be held in Lubbock early in February, the meeting always being held in the home of the previous season's champion team. Most important discussion on the agenda will be the minimum player and the salary limit questions.

Ben Hogan Grabs Lead In Tourney

LOS ANGELES, Jan. 3 (AP)—Little Ben Hogan, repeating his performance of a year ago, took charge of the 22nd annual Los Angeles Open at the midway point today as a gallery of 10,000 persons turned out under ideal weather conditions at Riviera Country club.

Firing his second successive subpar round in as many days, Hogan posted a 36-hole total of 68-70-138 with another cool disregard of the par-71 course.

The halfway stage of the event, which winds up Monday, found Hogan two strokes in front of the field.

In winning the tournament last year, Hogan trailed by one stroke after the first round. He was one shot back starting out today, and as the leader, Jack Harden of El Paso, Tex., slipped to a 77, and such challengers as Bobby Locke of South Africa, unknown Bill Spiller of Los Angeles and former National Open Champion Lloyd Mangrum failed to keep the pace, Hogan forged to the front.

Mangrum Four Back

Bracketed together immediately behind Hogan were Roberto De Vincenzo of Rosario, Argentina, P. G. A. champion of his country; Vic Ghezzi of Kansas City, Kas., Canadian Stan Leonard of Vancouver, B. C., and Ed Furgol of Pontiac, Mich.

Four shots back of Hogan were Lloyd Mangrum, Herman Keiser of Akron, O., who shot a 68 today; Former P. G. A. Champion Bob Hamilton of Evansville, Ind., with a 69, and Spiller, the ex-red cap, whose 68 matched Hogan's yesterday.

"Knickerbocker Bobby" Locke, having trouble with a new driver off the tee, and none too much luck on the greens, took 73 strokes to get around and tied with Sammy Snead at 143.

Texans Urge Irish, Michigan To Meet

MARSHALL, Jan. 3 (AP)—Two Marshall football fans would like to see the Michigan-Notre Dame football battle settled once and for all.

In telegrams to the presidents of the two schools, T. K. Hewlett and Annis Serur have suggested that the nation's two top elevens play a game in Soldiers Field at Chicago, with all the proceeds going to buy food for needy children in Europe.

The two business men termed the proposed game a "great humanitarian act." They are hoping that newspapers and grid fans all over the nation will join in by sending wires to the schools.

Yankees, DiMaggio In Salary Huddle

NEW YORK, Jan. 3 (AP)—The New York Yankees and Joe DiMaggio have opened negotiations on the salary the star outfielder is to receive for the 1948 season.

But just how far apart they are at this point can only be a matter of conjecture. Both parties have agreed to maintain a strict silence until a final agreement is reached, Club Secretary Arthur (Red) Patterson said.

Patterson admitted negotiations were underway in replying, in a statement from the Yankee offices, to a report that DiMaggio was demanding $75,000 for his 1948 contract.

"The Yankees," said the statement, "do not deny that they have entered into contract negotiations with DiMaggio and others. It has been mutually agreed by DiMaggio and General Manager George Weiss that no publicity will be given on any details. The Yankees, therefore, have no comment to make on reports mentioning specific salary terms.

"Contracts are being forwarded to some players on the Yankee squad. Others, who plan visits to New York, will discuss terms personally with the general manager."

Roscoe Coach Gets Job With Cowboys

ABILENE, Jan. 3 (AP)—Al Milch, head coach at Roscoe High school during the 1947 season, has been signed as freshman football and basketball coach at Hardin-Simmons university, Athletic Director Warren Woodson said today.

Milch was an all-border conference guard with Hardin-Simmons in 1946.

At the same time Woodson announced that Wesley W. Bradshaw, assistant football coach and head basketball coach since the fall of 1946, had resigned, effective Jan. 20, to become head coach at Ouachita Baptist college, Arkadelphia, Ark. He coached there from 1940 through 1943.

McCAMEY HIRES COACH

ALPINE, Jan. 3 (AP)—Charles E. Brandon, a mid-term graduate at Sul Ross State Teachers college and star quarterback, has been elected assistant coach at McCamey, and will begin work there soon.

Steers Launch Title Defense On Monday

(By The Associated Press)

Texas' Longhorns, who last year swept through 12 conference games undefeated and continued on to win third place in the national playoffs, begin defense of their Southwest conference basketball crown Monday night by tangling with their arch rivals, the Rice Owls, in Houston's Sam Houston coliseum.

The game, to be followed by four other title tilts later in the week, blasts open the 1948 championship race in which coaches and followers generally have tabbed the speedy Longhorns and the tall Arkansas Razorbacks as favorites, a notch ahead of the rapidly improving Southern Methodist Mustangs and Baylor Bears.

Texas last Wednesday lost its third game in two years—another one-pointer at the hands of Oklahoma A. & M.—to enter Monday's game with a record of eight victories and a single defeat.

The schedule for the first week of conference play:

Monday — Texas vs Rice at Houston.

Wednesday— Texas Christian vs Southern Methodist at Dallas.

Friday—Arkansas vs Texas A. & M. at College Station; Rice vs Louisiana State at Baton Rouge, La., (non-conference).

Saturday—Arkansas vs Texas A. & M. College Station, Baylor vs Southern Methodist at Dallas.

South Plains Cage Leaders To Collide During Week

SPORTS Spotlight
By Bob Cone

"Speed" Holpp, the ex-Longhorn cage star of the late '30s, now a supe battery salesman, makes Lubbock often . . . He's from Abernathy, you know. . . .

* * *

We can't seem to drag ourselves away from the great grid game . . . Someone tells this scouting yarn, and, no doubt it's true . . . Thomas Jefferson sent five scouts to the Highland Park-Odessa game with strict instructions to cover every playing moment of the Bronchos . . . They did . . . Came the half, and a couple of them decided somebody had best take down some facts and figures on the Scotties . . . By the end of the third period all the scouts were working feverishly, compiling facts on the Highlanders . . .

* * *

Seminole's Booster club, which has, and still is doing, some great work for not only Seminole but that entire section, will pay tribute to the Seminole High school Indians and the coaching staff Thursday night at a big banquet . . .

* * *

And "Bingo" Bingham, who played a lot of football for Texas Tech, showed the boys the other night that he still can handle a basketball . . . He not only played a good floor game when the Tahoka and Post Independents tangled, but he stored eight points . . .

* * *

They'll start sharpshooting from every angle on every front over the South Plains next week . . . Meaning basketball teams, of course . . . And scattered over the area are some strong Class A floor fives . . . Some of them will go to the state tournament . . . It will be interesting, indeed, when Sudan's ball hawking, goal canning Hornets and Levelland's Lobos get together, and the first such collision of the season will be Friday night in Sudan . . .

* * *

One can just lay the measuring stick on the District 4-A cage race when the score of the Levelland-Sudan game comes in . . . Last season Sudan beat out Levelland in the district, and then when they collided in the regional tourney Levelland edged Sudan to continue on to the state tourney . . . The Lobos were eliminated in the first game at Austin by a strong Alvin five . . .

* * *

Then we mustn't overlook Tahoka's Bulldogs in the south zone who, with Finus Botkin and four other lads doing some fancy floor work and sharpshooting, appear very much in the thick of the district title race . . .

* * *

"Jake" Jacobs, the Tahoka coach, knows his basketball . . . He played with the West Texas State Teachers, and mere mention of the Buffaloes means being basketball minded . . .

* * *

To Gene Tubb, an apology . . . We're sure it's done often, the adding of an "s," making it read "Tubbs." Gene, who is a good basketball coach, and a frank one, said earlier in the week his O'Donnell Eagles had been having trouble manufacturing points . . . The same held true when they met the Abernathy Antelopes Friday night . . . Billy Preston, the Antelope ace, went on somewhat of a scoring rampage to rack up 17 points . . . Coach Purvis seems to be on the beam with a hustling team which will make the conference race interesting . .

Hornet-Lobo Go Features Play

Now that basketball has moved into the South Plains as the king of winter sports it appears the same centers and communities which dominated play in football are just as championship-hungry and ready to hit the title trail as they were back in the fall.

This first week of January is likely to dash somebody's title hopes in the Class A realm, however.

In at least two of the three Class A districts which may be roughly tagged as South Plains the most powerful of floor fives clash, and the duels that develop are likely to up the court game many notches in importance as a major sport.

Levelland, Sudan, Tahoka, Seminole, Andrews—all of which sent powerful schoolboy grid machines into action last September—are set with good basketball teams and are poised to launch championship play this coming week.

Two of these cage frays, the Levelland-Sudan clash and the Andrews-Wink battle, are expected to go into the records as fine floor exhibitions, and may give a rather thorough insight into which may climb higher along the campionship trail.

The Sudan high Hornets, defending district champions, and the Levelland high Lobos, defending regional champs, meet in Sudan Friday night, and that should definitely determine the trend in the District 4-A race.

Levelland gets its first taste of district cage competition on its own floor Tuesday night against the Littlefield high Wildcats whose own coach, Leo Duffey, says Littlefield isn't too basketball minded and the cage game is not too popular. As a result the Wildcats are not expected to be strong title contenders.

These Lobos and Hornets seem to be perennial rivals for cage honors. Last year Sudan took the district crown, but the Lobos staged an uprsing at the regional tournament and beat out Sudan to continue on to the state tourney where they were erased in their first appearance by Alvin.

Sudan's Bob Bouldin, who stands over six feet, proved his goaling accuracy for 25 points the other night in a game with Muleshoe. Another standout on Coach Francis Smith's Hornet five is Tommy Eddins, another tall youth, who has been swishing the meshes at a lively clip.

Football held Levelland's enrapt attention far into December, and as a result the Lobos have seen little action afloor. Too, their school gave them an educational trip to the Sun Bowl and that took more of their time. But Bobby Hart, Garland Ham, W. A. Wise and E. C. Seifert can be depended on to give a rather good account of themselves.

A trend should be established in District 5-A when Andrews, which has been scoring at better than a point-a-minute, tangles with Wink in Andrews Tuesday night. The Wink five features the play of a six-foot-eight-inch tall center.

Seminole another strong District 5-A five, moves in on Saturday to meet the Andrews quintet in another district fray on Saturday night. Those three teams appear to be the powers of the district's north zone.

District 3-A turns on the heat in conference play on Tuesday night, too. Spur goes to Crosbyton, Paducah appears at Ralls and Lockney goes into action at Matador against the Matadors.

LOPEZ RETURNS — George Lopez, shown above, will be remembered by the local wrestling fans as the man who beat Wayne Martin in the Allen arena in the "Jacket Match" last year. He returns to the arena Wednesday night.

* * *

Wrestle Royal Set At Arena

And now it's the Wrestle Royal. If you've never seen one of these "rassle" oddities—and such will be the feature at Sled Allen's arena Wednesday night—here's how it works:

Six wrestlers and the referee or referees will be in the ring at the same time.

The first two wrestlers eliminated will return to the ring in the preliminaries.

Wrestlers carded for the Wrestle Royal, and spots on the card in the regular events are: Cyclone Burris of Miami, Fla., Lightning Rod Fenton of Edmonton, Alberta; George Lopez of Tampico, Mex., Johnny Carlin of Tampa, Fla., Pierre La Belle of Portland, Ore., and Gordon Hessel of Milwaukee.

Tickets go on sale at Wylie's Drug store Wednesday at 9 a. m.

ON SOUTH PLAINS CAGE FRONT

Andrews Cagers Score Better Than Point-A-Minute In 5 Gos

By BOB CONE
Avalanche Sports Writer

ANDREWS, Jan. 2—When a floor five rolls at a 43-point-per-game clip for five games, well, you can say that team is quite adept at the cage game.

And, if you know your high school basketball, you'll notice that is better, much better, than a point-a-minute scoring clip. For a regulation high school basketball game has but four quarters of eight minutes each.

That is the record thus far this season of the Andrews High school Mustangs who are fast stamping themselves as powers-to-be in the looming District 5-A cage campaign.

And Andrews hasn't been any too choosy about who its Mustangs play, either.

Two of those triumphs have been over the Odessa High school Bronchos, and Odessa for some time has been regarded as just about the sports capital of the state.

The Merkel High school team, another which has enjoyed the limelight of late both in football and basketball, also went down under the Mustang sharpshooting.

The little record book which Coach Vernon Payne carries around shows the Mustangs with two wins over Odessa, two over Merkel and one over Denver City. While ticking the meshes for 215 points their floor opponents were able to post but 122, or about 24 points per contest compared with the Steeds' 43.

Coach Payne has five lettermen back from a team which last year won 20 games, lost seven and went undefeated in District 4-A's south zone. The Mustangs then lost out in the district playoff to Levelland and Sudan, two schools which continued on to regional play with Levelland entering the state tournament at Austin.

Co-Captain Ferrell Nixon, a six foot forward, and Jimmy McAuley, a guard, both have pitched in 48 points thus far. At center is T. D. Hamilton, who stands six-feet-one, who has posted 38 points. The other regular forward, Jack Young, is very fast afloor, and has accounted for 35 points in the five games. Co-Captain Farris Hamilton, starting regularly at the other guard, has tallied 34 points.

"This year finds us operating in our spacious new gym which has two practice courts and one main playing court," Coach Payne said. "This gym is also equipped with a large electric scoreboard."

"We are also in a new district that promises to be tough with McCamey finishing fourth in the state meet at Austin last year, and having three of its regulars back," Coach Payne continued. "Seminole is tough again and Wink is double tough with Barton, their center, towering six feet and eight inches."

The Mustangs probably will see much of this towering Wink center Thursday night as the two fives collide here for the first time in the new campaign.

The Mustangs will play the final of a two game series in Merkel tonight.

Remaining on the schedule are: Jan. 8, Wink at Andrews; Jan. 9, Seminole at Andrews; Jan. 13, Denver City at Andrews; Jan. 16, Lamesa at Andrews; Jan. 21, Big Spring at Andrews; Jan. 23 and 24, Odessa tournament; Jan. 27, Kermit at Andrews; Jan. 30, Semnole at Seminole; Jan. 31, Crane t Crane; Feb. 3, Big Spring at Big Spring; Feb. 7, Crane at Andrews; Feb. 10, Lamesa at Lamesa, and Feb. 13-14, north half district playoff for which a site has not been determined.

Tennis Is Featured For District 3-A's Sports Activities

MATADOR, Jan. 3 (Special)—An almost forgotten sport, so far as district 3-A has been concerned for the past several years will be revived this spring when the district will have double-round-robin play-offs in tennis. Tennis teams will be organized for every school of the district — Matador, Crosbyton, Lockney, Ralls, Paducah, Floydada, and Spur — and matches will be scheduled throughout the season.

Matador's Jake Edwards, now grade school principal, once a great tennis player, has agreed to take the job of coaching both boys and girls tennis. In a meeting this week, Mr. Edwards organized a tennis club, of which Norman Spray high school senior, who played left tackle on and was one of the captains of the 1947 football team, was elected as president, and Ann Harp, high school junior, as secretary.

The purpose of the club, according to Edwards, will be to stimulate interest and practice. "Tennis is a game which must be perfected through practice and playing," he said, "there is no substitute, and by starting now, I believe we can send some district winners to the regional contests at Lubbock."

Legion Junior Baseballers Will Compete In District 2, Area 1

American Legion junior baseball teams of the South Plains will compete in District 2, Area 1, of the new state setup in 1948, the Department of Texas headquarters of the Legion has announced.

The state has been divided into 32 districts, eight divisions and four areas, with the old "county" tournaments eliminated. The increase in the number of districts is designed to cut team travel and permit more complete district competition before determining division and area representatives.

The grouping of counties in the new districts will be:

District 1, Area 1: Dallam, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts, Hemphill, Oldham, Potter, Carson, Gray, Wheeler, Deaf Smith, Randall, Armstrong, Donley, Collingsworth, Parmer, Castro, Swisher, Briscoe, Hall and Childress.

District 2, Area 1: Bailey, Lamb, Hale, Floyd, Motley, Cottle, Cochran, Hockley, Lubbock, Crosby, Dickens, King, Yoakum, Terry, Lynn, Garza, Kent and Stonewall.

District 3, Area 1: Hardeman, Foard, Knox, Haskell, Wilbarger, Wichita, Baylor, Archer, Throckmorton, Young, Clay and Jack.

District 4, Area 1: Scurry, Jones, Fisher, Shackelford, Mitchell, Nolan, Taylor, Callahan, Sterling, Coke, Runnels, Coleman, Irion, Tom Green, Concho and McCulloch.

District 5, Area 1: El Paso, Hudspeth, Culberson.

District 6, Area 1: Gaines, Dawson, Borden, Andrews, Martin, Howard, Loving, Winkler, Ector, Midland, Glasscock, Ward, Crane, Upton and Reagan.

HARMONICA WINNER

MIAMI, Fla., Jan. 3 (AP)—Harmonica, representing the estate of the late John J Watts, clipped four-fifth of a second from the mile and an eighth record at Gulfstream park today to win the $10,000 added Hallandale handicap.

Distillation of hardwood produces methyl alcohol, charcoal and grey acetate of lime.

Fines Assessed In Wreck Case

Kenneth Eugene Morphis, 23, of Idalou, paid fines and costs totaling $274.70 in two courts here Saturday in connection with drunk driving, driving on the left side of the road and possessing no driver's license charges.

He was charged as aftermath of a collision early Friday night on the east slope of the canyon on East Broadway that resulted in heavy damage to two automobiles.

His car, officials said, crashed into one driven by Mrs. Fay Holladay, 33, of East Broadway. Mrs. Holladay suffered only a knee bruise. Morphis, officials said, his face bleeding, jumped from his car and fled afoot, but was arrested a few minutes later.

Other Fines Assessed

R. J. Hisp, 21, Lubbock student, paid a fine of $100 and county court costs for liquor law violation. Officials said he had 16 cases of whisky and four cases of beer.

Ray Balch, about 45, was fined $100 and costs for liquor law violation, and Sid R. Horton, charged with check law violation, was fined $1 and costs by County Judge Walter Davies.

Sam Fort of the state highway patrol swore to the complaints naming Morphis. C. E. Lynn, justice of peace, accepted two of them, the other having been lodged in the county court of Judge Davies.

Freddie Russell, 21, a negro, of Corsicana, pleaded guilty of swindling and 39th District Judge G. V. Parode allowed suspension of a five-year sentence.

A gas refrigerator was reported stolen from a residence six miles from Lubbock on the Slaton road.

Theft Is Reported

W. L. Bean of 1902 Seventh said a suitcase containing a sport coat, two pairs of trousers, four white and three colored shirts, 24 bars of soap and a pair of glasses had been stolen from his car.

A 1939 black Ford coupe, license AM 9812, was reported stolen from J. A. Long of 1824 Ave. M.

Aubra Cromar of 2413 Twenty-eighth reported theft of a small DoodleBug motor scooter from 517 Broadway. He said there was no license number on it. Reward of $10 for its return was offered.

Two Men Held

Description was given of a car believed to have figured in theft of a sheet from Auto inn, officials said.

J. A. Jones, officials were informed, was given a ride but left his overcoat, a pair of overalls and his gloves in the car when he left it. He asked that his property be left for him at the sheriff's office.

Two men, 19 and 22, were being held here in connection with the finding in Morton of a waffle iron, a percolator, a suit in which was the Cleaner's mark "A. E. Johnson," a bathrobe, four shirts, a woman's overnight case, hose, leather gloves, two toy pistols, and a tire, tube and wheel from a car. Sheriff Mac Hancock took possession of the property. Officials here said one of the men was being held for Morton and one for Yoakum county.

Police late Saturday night were investigating a reported break-in of a residence at 204 East Nineteenth, in the negro section. Entrance had been gained by breaking open the front door but nothing was taken.

Also investigated was a report that someone was seen on the roof of a women's dormitory at Texas Technological college.

Arlie Beevers of 518 Ave. E reported theft of a bicycle.

Lubbock's Growth

(Continued From Page One)

water because pipe has been unobtainable. There is no chance of them getting water until the distribution system can be extended. City officials hope the greater part of this job can be done during 1948. If the distribution system would have allowed, the increase in the number of water connections last year would have been well over 2,000, officials believed.

Gas Extensions Made

The West Texas Gas Co. has been credited with an excellent record, conditions considered, of providing service for those requesting it despite shortages. The company, however, has had to use ingenuity to make available materials go as far as possible toward serving new patrons.

Meters illustrate. The gas company has a few customers who are served without meters. These are patrons of long standing who have resided in the same place for several or many years. Bills are based on average previous gas consumption. Each meter thus released has made gas possible for one new patron.

Most persons wanting electric service during the past year usually have been able to get it, often quite promptly. Labor rather than material shortages has been the principal problem.

Numerous Meters Added

The record of Southwestern Public Service Co. has been better than that of the city electric department in providing new connections.

Southwestern added 927 meters in Lubbock during 1947, the number increasing from 6,312 to 7,239, according to Hubert L. Allen, vice president.

During the same period, the city's increase was 660 meters, from 7,368 to 8,028.

Southwestern's percentage gain was about 14 as compared with about 9 for the city.

Building of all kinds was hit much harder by material and labor shortages than were the utility services. Contractors agreed it would be difficult to say which of the two shortages did the most to retard building. Construction projects were few in Lubbock last year which weren't delayed at one time or another by lack of labor, lack of material, or both.

Another factor which retarded building to an even greater degree than utility expansions was price increases.

Contractors believe building in Lubbock would have been at least 5 per cent greater last year if materials and labor had been available in the quantities which could have been used. Some observers think last year's totals might have been doubled.

The fact that postal receipts exceeded $500,000 means the Lubbock postoffice is lifted automatically into a new bracket which allows additional personnel, including two new supervisors, according to Postmaster Amos Howard. Postal business ranged from $34,772 in March to $62,132 in December.

Congratulations

Mr. and Mrs. Nathan Luser of 3410 Ave. K on birth of a daughter weighing 5 pounds 12½ ounces in West Texas hospital at 8:31 p. m. Saturday. The father is a salesman.

Mr. and Mrs. K. E. Campbell of 3212 North Third on birth of a son weighing 6 pounds 12¼ ounces in West Texas hospital at 7:54 p. m. Saturday. The father is an apprentice pressman at Lubbock Printing company.

Mr. and Mrs. John Wright of Lubbock Army Air field on birth of a son weighing 7 pounds 5 ounces in St. Mary's hospital at 9:05 p. m. Saturday. The father is a Texas Tech student.

Mr and Mrs. Ralph Gossett of 2007 Fourteenth on birth of a son weighing 7 pounds 11¾ ounces in Lubbock Memorial hospital at 9:07 p. m. Saturday.

Mr and Mrs. P. B. Walker of 1809 Ave. Q on birth of a son weighing 7 pounds 12½ ounces in Lubbock Memorial hospital at 10:42 p. m. Friday. The father is employed by the city.

Mr. and Mrs. W. D. Blevins of 1614 Ave. Q on birth of a son weighing 6 pounds in West Texas hospital at 6:14 a. m. Saturday. The father is employed by Lubbock Auto company.

Explosives Seized

(Continued From Page One)

issued by the State department in accordance with international treaties.

He said his office had not yet determined the full facts of the police seizure, but that a customs investigation will be made.

Flannagan explained the TNT was in one pound blocks, packed 50 blocks to a box and 50 boxes to the case. The individual packages of TNT, he said, bore the markings of the U. S. Corps of Engineers, and indicated the TNT had been made by the Trojan Powder company, Allentown, Pa.

At Allentown Jesse B. Bronstein, vice president and general manager of the Trojan company said the company "has consigned no TNT outside the country in years but has made great amounts for shipment to the Army in many parts of the United States."

VIOLENT BATTLE REPORTED RAGING IN HOLY LAND

JERUSALEM, Jan. 3 (AP)—Violent fighting erupted in Jerusalem's old walled city tonight and informants said Jews and Arabs in that sacred area were locked in "an all out" fight for control of the ancient streets.

Jews began the battle, Arab sources said, by tossing grenades in an attempt to regain control of the Wailing Wall, Judaism's holiest shrine in Jerusalem. Arab riflemen have occupied the wall for the past two weeks.

Major Battle Described

Jews and Arabs lashed at each other on two fronts, as fighting also broke out on Jerusalem's outskirts.

Eyewitnesses inside the old walled city said the battle had assumed "major proportions." Casualties were described as heavy on both sides. Arabs using "Molotov cocktails," (gasoline-filled bottles) set some Jewish shops afire.

As the battle began Jerusalem was covered by a dust pall brought by a 40-mile an hour gale.

Police said they had no details of the fighting in the old city but added: "The entire walled area is isolated. No one can enter or leave the city because the Arabs control all the gates."

Paving Program Set

(Continued From Page One)

expectation that others will be submitted before spring. This paving is being considered for private contracts.

The paving requested is scattered throughout the city, much of it being in recently annexed additions in south, north and northwest Lubbock.

City Engineer John Ruhmann suggested, in connection with the mayor's announcement, that property owners on unpaved streets should prepare petitions this month if they wish their thoroughfares improved. There is a good chance of including such streets in the summer program, the city engineer said.

Must Apply For Paving

Mayor Bestwick explained that property owners must apply for paving before such an improvement will be considered by the city commission. Information concerning the procedure can be obtained from W. O. Sheely at the city hall.

As a rule, officials explained, all property owners within a block must sign for paving before the improvement will be ordered. The city commission rarely approves paving of any block if the owner of a homestead refuses to sign. There is no way to force such a homestead owner to pay for the paving.

However, the city commission usually does not pay much attention to owners of non-homestead property who try to prevent pavement, especially if there aren't more than two or three of them within a block. This particularly is true if the owner of the property is a non-resident.

If the commission did allow the objections of non-resident owners to block such improvements, several miles of streets now paved still would be in the mud and dust. Many non-resident owners are holding their property strictly as an investment and won't spend anything they can avoid for improvements.

The city engineer said the average cost of paving a 30-foot residence street—and most residence street paving is 30 feet wide—has been running about $2.75 a front foot to the property owner. Thus, the cost to the owner of a 50-foot lot on such a street has been totaling about $137.50. These costs may change somewhat before summer, depending upon labor and material prices, the engineer said.

Meat Rationing Program Seen

(Continued From Page One)

price ceilings. He expressed the opinion that rationing, if handled right, could have the effect of placing a check on prices.

Shortly after Flanders met with Anderson yesterday, the secretary said "we feel certain in the Department of Agriculture that we will have meat rationing" after Congress returns.

SOLONS TO FACE GRAVE PROBLEMS IN SESSION

WASHINGTON, Jan. 3 (AP)—Congress goes to work Tuesday on what many lawmakers think is the knottiest problem they ever faced in an election year—an attempt to help western Europe escape economic chaos and Communism without rocketing already high living costs at home.

President Truman will present his recommendations on this many-sided issue in a series of three messages beginning Wednesday with his report on the state of the union. He will follow this Friday with an economic message and Jan. 12 with an expected new record peacetime budget.

Marshall Testimony Expected

The Republican controlled Congress will begin compiling its answers Wednesday when the Senate Foreign Relations committee starts hearing a list of upwards of 40 witnesses on Mr. Truman's proposal for a four year, $17,000,000 economic recovery program for 16 non-Communist western European nations

Secretary of State Marshall, sponsor of the plan for helping Europe help itself, is expected to be an early witness. Others to be called include former President Herbert Hoover and Bernard Baruch, adviser to presidents.

There are indications that President Truman will give the Republican lawmakers plenty to think about in his annual messages. GOP members frankly expect what they call "a campaign document" of domestic legislative proposals to accompany his plea for speedy action on European recovery.

Political Races

(Continued From Page One)

tices of peace.

E. A. Gentry has announced for county precinct 2 commissioner. J. D. Rudder for constable of precinct 1, J. R. Shipp for county treasurer. Incumbents, Ben Mansker, precinct 2 commissioner, and George B. Jones, constable, had not announced their plans publicly. The incumbent county treasurer is Mrs. Robert Porter. She had indicated she would not be a candidate to succeed herself, even before it was learned that her husband would seek the office of county judge.

Hot Senate Race Seen

County Judge Kilmer B. Corbin of Dawson county announced last week his candidacy for senator from the 30th state senatorial district. The incumbent, Sterling J. Parrish of Lubbock, had not indicated his immediate plans, nor had Preston E. Smith, representative from the 119th state representative district.

Judge Dan Blair of the 72nd judicial district was out of the city, but was considered a sure candidate for reelection.

The other county commissioners were silent through Saturday as to their plans. They are R. O. Short of precinct 1, Ottis Isom of precinct 3, and Pat Corley of precinct 4.

Rumors are a dime a dozen in any political election year, but those most credited are to effect that more candidates seem interested in the state senate race than in any other. Without getting down on the line with mention of specific names, one hears that "several" more candidates may join that handicap before it sweeps under the Primary election wire on July 24.

Prices Main Issue

Chief of these is likely to be a reiteration by the President of his request for stand-by price-wage and rationing authority to back up the "inadequate" inflation controls he said the special session of Congress game him in a Republican-sponsored bill.

The cost of living problem rapidly has been rising to the top as an issue in the presidential campaign. Each party blames the other for high prices.

Tied in with this and the European aid program are a number of other issues on which the President is expected to speak his mind.

Children Burn

(Continued From Page One)

the hospital, the following is the story of the tragedy:

Leno Cantu, about 24-years-old, and his wife, about 21, the four children, Petra Cantu, Leno's sister, and Mrs. Steve Cantu, his stepmother, were asleep in the four-room house. About midnight, they were awakened by an explosion and the fire which almost immediately enveloped the small frame structure.

Leno, his wife, and the other family members managed to flee the inferno but the children were believed trapped by the initial explosion. In an effort to save them, both Leno and his wife were reported to have rushed back into the flames only to suffer near-fatal injuries themselves. After their futile attempt to rescue the four young children, the group then started toward the Coleman residence, meeting members of the Coleman family who had seen the fire and started toward the tenant house.

It was believed that the explosion was caused by a five-gallon can which contained coal oil used for lamps in house. The children were sleeping in the room with the can and a stove. It was not known what caused the explosion.

The family had lived on the farm about four or five years, it was said.

Justice C. E. Lynn was at the scene of the tragedy to start an inquest as soon as the bodies were removed.

Dr. White Named

(Continued From Page One)

near Brownsboco in Henderson county, between Athens and Tyler. He attended the Frankston public school and Rusk Baptist academy in Cherokee county.

White attended Baylor university his freshman year. Poor health forced him to seek the climate of West Texas, and he completed work on his bachelor of arts degree at Howard Payne university at Brownwood in 1917. White married Edna V. Woods of Brownwood the year before graduating.

White Former Lubbock Pastor

He was pastor of the Goldthwaite Baptist church from 1917 to 1919, at that time entering the Southwestern Baptist Theological seminary at Fort Worth. There he received his master's degree in theology in 1922 and his doctor's degree in 1925.

During the time he worked on the doctor's degree, White served as an instructor and then a professor of missions at the seminary.

White transferred rapidly from one position to another in the ensuing years. He went to Greenville as pastor of the First Baptist church in the summer of 1927. He preached there 15 months, then moved to the First Baptist church in Lubbock in 1928.

White To Abilene In 1940

Elected general secretary of the Texas Baptist convention, White moved to Dallas to perform his new duties from December, 1929, until the summer of 1931. He then became pastor of the Broadway Baptist church of Fort Worth, remaining there until the summer of 1935.

The Whites left Texas for Oklahoma City where he held the pastorate of the First Baptist church from July, 1935, to August, 1940. White temporarily left the preaching profession to handle administrative duties as president of Hardin-Simmons university at Abilene from August, 1940, to June, 1943.

From there he went to the Baptist Sunday school board at Nashville, Tenn., as editorial secretary, the position he held at the time he came to the First Baptist church of Austin.

He is a frequent contributor to the denominational press and is author of "The Royal Road of Life" and "Broadman Comment," a commentary on Sunday school lessons.

The Baptist Review, commenting in January, 1946, on White's first year at Austin, said:

"This first year of Dr. White's ministry has served to establish between pastor and people a rapproachment upon which a great program for the future can be launched. As Dr. White himself said, in a recent message to his congregation: "We are just now ready to begin a real ministry and fellowship with you. We see gigantic opportunities for service and fellowship in the greater things of our Lord at Austin."

LUBBOCK FRIENDS PRAISE PASTOR AS DYNAMIC WORKER

Deacons and members of the Lubbock First Baptist Church Saturday night praised Dr. W. R. White, who Saturday afternoon was offered the presidency of Baylor University, as a dynamic and outstanding pastor.

Dr. White is a former pastor of the First Baptist church in Lubbock.

Dr. F. B. Malone, a deacon in the church, recalled that Dr. White came to Lubbock in May, 1928, remaining here 18 months, until about Dec. 1, 1929.

During that period the First Baptist church enjoyed rapid growth in membership and it was during Dr. White's pastorate that the existing tabernacle building was built, although Dr. White himself left before its completion.

Dr. Malone said that the Southern Baptist convention had recognized Dr. White as one of its outstanding pastors.

Dr. White has visited in Lubbock on numerous occasions in past years and most recently was a main speaker at the Texas convention of the Women's Christian Temperance union, conducted here in November.

John W. Mallory, another deacon, also recalled Dr. White as an outstanding man. Dr. White and Mallory both had previously lived in Greenville and came to Lubbock about the same time.

Traffic Death Toll

(Continued From Page One)

damage of $84,710.

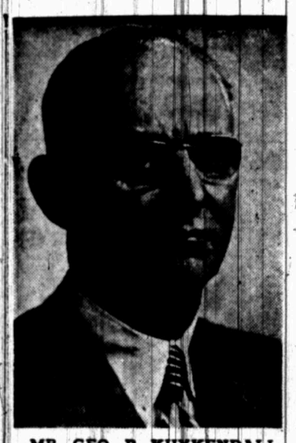

Other counties of the district with number of accidents, killed, injured and estimated property damage are as follows: Andrews, 7 accidents, 3 killed, 8 injured, $5,450; Bailey, 7 accidents, 3 killed, 7 injured, $9,125; Borden, 3 accidents, 0 killed, 0 injured, $1,475; Crosby, 22 accidents, 7 killed, 38 injured, $15,450; Cochran, 5 accidents, 2 killed, 7 injured, $4,900; Dawson, 56 accidents, 7 killed, 45 injured, $21,465; Dickens, 5 accidents, 2 killed, 14 injured, $2,950; Floyd, 15 accidents, 5 killed, 7 injured, $6,330; Garza, 8 accidents, 2 killed, 19 injured, $7,375; Gaines, 23 accidents, 10 killed, 38 injured, $17,650.

Hale, 51 accidents, 8 killed, 25 injured, $27,960; Hockley, 25 accidents, 4 killed, 10 injured $9,246; Howard, 48 accidents, 8 killed, 47 injured, $30,913; Lamb, 21 accidents, 7 killed, 29 injured, $10,370; Lynn, 23 accidents, 4 killed, 16 injured, $20,400; Kent, 6 accidents, 0 killed, 2 injured, $2,145; Motley, 1 accident, 0 killed, 2 injured, $400; Terry, 43 accidents, 8 killed, 27 injured, $25,640; Yoakum, 2 accidents, 2 killed, 2 injured, $1,450; and Martin, 5 accidents, 3 killed, 0 injured, $850.

Rites For Mrs. Kirkpatrick To Be Conducted At Vernon

Body of Mrs. Ralph Kirkpatrick, 30, who died at 1:45 a. m. Friday in St. Mary's hospital, was taken to Vernon Saturday by Vernon Funeral home for services at 2:30 o'clock this afternoon, Plains Funeral home reported.

Mrs. Kirkpatrick and her husband lived at 1914 Sixth street, having moved here from Vernon a year ago. Kirkpatrick is employed by Raburn Battery and Electric company. They had no children.

MR. GEO. P. KUYKENDALL

MRS. GEO. P. KUYKENDALL

Building Deeded By Kuykendalls Expected To Bring $288,000 For Philanthropic Use

(Continued From Page One)

blessings, just as you should try to put something back into the soil.

"We believe we can help in a modest way the many worthwhile causes through this method."

The foundation was established by Mr. and Mrs. Kuykendall in December, 1945, and has been in continuous operation ever since. Trustees are: Mr. and Mrs. Kuykendall, their son, Roger; J. E. Hartley and Joe Nislar.

Building Valued At $250,000

In case of death of one of the members of the family, another member will automatically become a trustee and upon the death of the last surviving member of the family, the foundation will be supervised by five trustees selected by the elders of the First Christian church. No salaries are to be paid for administrative purposes.

Mrs. Irving L. Jones, jr., and Miss Joann Kuykendall are other members of the family.

The building, valued at approximately $250,000, covers a quarter of a block and starting Jan. 1 went under a 20-year lease to Montgomery Ward and company.

Mr. and Mrs. Kuykendall will have resided in Lubbock 24 years next March. Kuykendall has been an automobile dealer here all that time. He is one of Lubbock's most active civic workers.

Kuykendall Is Church Leader

He has served as president of the board of Milam's home ever since its founding ten years ago; served as financial chairman for the Red Cross during the war years and is still a member of its board of directors. He is also a member of the board of directors of the Lubbock County Crippled Children's council.

He has been chairman of the board of elders and deacons of the First Christian church the past ten years and is a member of the board of trustees of Texas Christian university, Fort Worth. He also has served as a director of the Lubbock Girl Scouts and the South Plains council of the Boy Scouts and has been active in affairs of the Lubbock Kiwanis club.

Mrs. Kuykendall is also an active worker in social welfare work and church organizations.

U. S. Zone In Germany Still Has Half Million Displaced Persons

(Continued From Page One)

uanians, Latvians, Estonians and a few Finns. There are, too, the Urkanians and the Poles, in addition to the German nationals in the German camps who are not included in our approximately half-million DPs.

None of the IRO DPs in the U. S. zone live in concentration camps, as such. Some live in barracks in cantonments, but they are not under guard and are free to go and come pretty much as they like. Others, also with freedom of movement, live in villages set aside as DP cantonments and reside in houses and apartments—crowded, of course, but still houses and apartments of brick and/or stone construction.

Some of the IRO DPs could go home if they wanted to, but a great many of them—especially the Balts—would be killed, or sent into Russian forced labor, if they did. And as for getting out of camp, and going to work, that is next to impossible for the majority. There aren't many jobs in Germany and what jobs there are aren't for DPs, whom the Germans despise as added burdens on the broken German economy. If they did get jobs the money they received for their work wouldn't buy anything. So they stay in the DP camps and await a better day.

• • •

Most Jews Want To Go To Palestine

As for all DPs wanting to come to the U.S., that is erroneous, too—although not to the extent the other American beliefs are.

Many of the DPs would like to come here, especially the Balts. But the conversations I had through interpreters with Jewish DPs not only surprised me. They also convinced me that most of the Jews in German DP camps today want to go to a Jewish state in Palestine rather than to the U.S., Australia, Canada, South America, or anywhere else.

The talk you hear in some quarters of the U.S. that "President Truman wants to bring in 400,000 European Jews in here during the next four years to sew up the Jewish vote in 1948" is twiddle-twaddle.

If there is any "political conspiracy," the Jewish DPs in Germany aren't in on the deal. They want, largely, to go to Palestine.

• • •

AFTER seeing the DPs in their contonments—the IRO DPs, that is—I am not worrying too much about their predicament, hard though it is.

It is true that they don't have too much to eat, or to wear. It is true that their health is not as good, individually, as ours over here.

But most of Europe is hungry; most of Europe is cold; most of Europe is not healthy and the DPs aren't alone in suffering privation.

I am worrying more about the British, for instance, whose lot is almost as hard as that of any people on earth, but who aren't crying about it.

And at the risk of being pilloried for the statement, I am going to say out loud that while we should help the Germans and the DPs of all races and creeds, we also should divide our substance with our former allies, and not forget them simply because they aren't tugging at our sleeves.

(TOMORROW: More about the two types of Displaced Persons, how they look, how they live, what they do.)

Grain Market Probe

(Continued From Page One)

him. Morrison said Pauley, now in California, probably would be in Washington by the middle of next week. Knowland said the subcommittee plans to meet Monday to determine whether to recall Pauley.

Secretary of Agriculture Anderson said that a list of traders in cotton and other commodities is being compiled. A list of 1,017 persons or companies who held 200,000 bushels or more in any one wheat future from January, 1946 through Nov. 1947, also was sent to Congress by Anderson.

Pauley has said that he held about 500,000 bushels of grain when he accepted his army post in November, that his holdings are now down to 50,000 bushels and that he expects to liquidate them.

Wiping out his holdings in grain, he told the committee, will cost him $100,000. He said he never used inside information in his activities.

Graham has contended that he was not aware his brokerage firm had bought some 50,000 bushels of wheat for him, and that when he found he held some, he ordered Bache and Co., to sell it promptly.

The company has insisted that Graham was aware of how his account was handled.

FORMER CONGRESSMAN DIES

WASHINGTON, Jan. 3 (AP) — Clarence E. Hancock, former U. S. congressman from New York, died tonight at a local hospital following a lengthy illness. He is survived by his widow and one son, John S. Hancock.

39—Legal Notice

ORDINANCE NO. 841

AN ORDINANCE AMENDING SECTION 23 OF ORDINANCE NO. 564, ENTITLED "AN ORDINANCE CREATING AND DEFINING PARKING METER ZONES IN THE CITY OF LUBBOCK, TEXAS, PROVIDING FOR THE INSTALLATION, OPERATION AND MAINTENANCE OF MECHANICAL DEVICES TO REGULATE PARKING IN SAID PARKING METER ZONES; PROVIDING FOR THE COLLECTION OF REGULATORY AND INSPECTION FEES FOR THE USE OF SUCH DEVICES; PROVIDING FOR THE DEPOSIT OF SUCH FEES BY THE CITY TREASURER IN A SPECIAL FUND; PROVIDING FOR THE METHOD AND PURPOSE OF DISBURSEMENT OF SAID FUND; MAKING IT UNLAWFUL TO USE THE STREETS OR PORTIONS OF THE STREETS SO DESIGNATED FOR PARKING EXCEPT THROUGH USE OF PARKING METERS; DEFINING WHAT ACTS SHALL BE UNLAWFUL, AND FIXING PENALTIES FOR THE VIOLATION OF THE PROVISIONS OF THIS ORDINANCE, AND REPEALING ORDINANCE NO. 558, AND ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT HEREWITH," SO THAT AN ADDITIONAL PARKING METER ZONE IS BY THIS AMENDMENT HEREBY DESIGNATED AND ESTABLISHED TO EMBRACE THE SOUTH SIDE OF MAIN STREET BETWEEN AVENUE "G" AND TEXAS AVENUE AND THE EAST SIDE OF TEXAS AVENUE BETWEEN MAIN STREET AND BROADWAY AND THE NORTH SIDE OF BROADWAY FROM AVENUE "H" TO TEXAS AVENUE.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF LUBBOCK, TEXAS:

Section 1. That an additional one hour parking meter zone, BE, and the same is hereby designated and established in the City of Lubbock, Texas, to wit:

(a) South side of Main Street from Avenue "G" to Texas Avenue.

(b) East side of Texas Avenue between Main Street and Broadway.

(c) North side of Broadway between Avenue "H" and Texas Avenue.

Section 2. That each of the said streets and avenues and particularly that part of said streets and avenues referred to herein and set out in Section 1 above, are shown and outlined on the map and plat of the Original Town of Lubbock, Lubbock County, Texas, which map and plat is of record in the Deed Records of Lubbock County, Texas, and reference is here made to the map and plat for all purposes.

Section 3. All ordinances and parts of ordinances in conflict herewith and applying to that portion of the streets and avenues named in Section 1 of this ordinance are hereby repealed.

Section 4. It is not intended by this amendment to change or amend Ordinance No. 564, except as herein expressly provided as to establishing and creating an additional parking meter zone under Section 23, and all of the provisions of Ordinance No. 564, including penalties, shall apply to this amendment.

Section 5. That any person, firm or corporation who shall violate, or aid or abet another to violate any of the provisions of this ordinance shall upon conviction be deemed guilty of an offense and shall be fined in any sum not to exceed ONE HUNDRED ($100.00) DOLLARS.

AND IT IS SO ORDERED.

Passed and approved first reading this 21 day of December, 1947.

39—Legal Notice

ORDINANCE NO. 840

AN ORDINANCE DESIGNATING THE BOUNDARIES OF TEXAS TECHNOLOGICAL COLLEGE CAMPUS FOR VEHICULAR TRAFFIC CONTROL PURPOSES, PROHIBITING VEHICULAR SPEED IN EXCESS OF 15 MILES PER HOUR, PROHIBITING PARKING OF VEHICLES ON THE PAVED PORTION OF ANY STREET, DRIVE OR ROADWAY WITHIN THE CAMPUS BETWEEN 7:45 A. M. AND 5:15 P. M., EXCEPT WHEN AUTHORIZED BY OFFICIAL SIGNS; DESIGNATING THE AREA TO BE KNOWN AS "MEMORIAL CIRCLE" "ENGINEERING DRIVE" AND REGULATING DIRECTION OF VEHICULAR TRAFFIC THEREON; AUTHORIZING TRAFFIC CONTROL LIGHTS AT CERTAIN INTERSECTIONS; AUTHORIZING APPROVED TRAFFIC CONTROL SIGNS AND PROVIDING A PENALTY.

WHEREAS, the streets, drives and vehicular passageways situated on that portion of the Texas Technological College Campus, lying within the corporate limits of the City of Lubbock are not designed, constructed or maintained for the purpose of carrying trucks and other heavy and fast traffic, and

WHEREAS, no regulation now exists adequate to protect students and other persons passing to and from dormitories and other buildings located on the campus, from vehicular traffic and the following regulations are found to be necessary in the interest of public safety, THEREFORE,

BE IT ORDERED BY THE CITY COMMISSION OF THE CITY OF LUBBOCK:

SECTION 1. For the purpose of this ordinance the area extending from the North line of 19th Street to the South line of 4th Street and from the West line of College Avenue to the West City Limits line, extending from the intersection of Madison Avenue and 19th Street due North to the City Limits line intersection with 4th Street, is hereby designated as the Texas Technological College Campus, the same being a school area requiring special traffic control devices to provide adequate public safety to pedestrians and other persons within the area.

SECTION 2. It shall be unlawful for the driver or any other person in control of a vehicle to operate or permit any such vehicle to be operated on any street, drive, or roadway within the Texas Tech College Campus at a rate of speed in excess of fifteen (15) miles per hour.

SECTION 3. It shall be unlawful for the driver or any other person in charge of a vehicle to park or permit a vehicle to be parked on the paved portion of any street, drive, or roadway on the Texas Tech Campus, between the hours of 7:45 A. M. and 5:15 P. M., EXCEPT where parking is authorized and permitted by parking signs lawfully placed thereon and designating the place where parking is permitted, PROVIDED FURTHER, that it shall be unlawful to place any such signs on any street, drive or roadway within the Texas Tech Campus unless the same be done by written direction of the Chief of Police of the City of Lubbock.

SECTION 4. For the purpose of this ordinance the area encircled by a circular drive and lying immediately North of the Administration Building is hereby designated as "Memorial Circle."

SECTION 5. For the purpose of this ordinance the street and parkway area between "Memorial Circle" and the Textile Building on the North is hereby designated as "Engineering Drive."

SECTION 6. All vehicles moving on the street or circle abutting "Memorial Circle" shall proceed anti-clockwise and make right turns only. It shall be unlawful for any driver or other person having control of a vehicle to drive or permit the same to be driven clockwise on the circular driveway abutting "Memorial Circle."

SECTION 7. The East lane of "Engineering Drive," is hereby designated as a one way drive and vehicles entering from the South from the "Memorial Circle" shall proceed North on the East lane.

SECTION 8. The West lane of "Engineering Drive" is hereby designated as a one way drive and traffic entering from the North shall keep the right and proceed South on the West lane.

SECTION 9. It shall be unlawful for the driver or other person in charge of a vehicle to drive or permit any such vehicle to proceed South on the East lane of "Engineering Drive" or to proceed North on the West lane of "Engineering Drive."

SECTION 10. The Chief of Police is hereby authorized and directed to place traffic control lights at the following locations on the Texas Technological Campus; when such approved devices and equipment are furnished by that institution.

(1) At the intersections of "Memorial Drive" and the East and West lanes of "Engineering Drive."

(2) At the South side of the "Memorial Circle" and at its intersection with the curb and center line of the walk extending North of the Administration Building.

(3) At the intersection of a paved drive contibuing West from 14th Street, with a paved drive-way running South along the East side of the Administration Building to 19th Street.

(4) At the intersection of a paved drive continuing West from 14th Street with a paved driveway running South along the West side of the Administration Building to 19th Street.

SECTION 11. The Chief of Police is authorized and directed to place the following traffic control signs at all entrances to the Texas Technological College Campus:

"SCHOOL — SLOW"
"TRUCKS KEEP OUT"

SECTION 12. The Chief of Police is further authorized and directed to place such additional standard and approved signs at such locations as may be deemed necessary to carry out the intent and purpose of this ordinance.

SECTION 13. It shall be unlawful for the driver or other person in charge of any vehicle to drive upon any street, driveway, lane, or other public way located on the Texas Technological Campus as herein designated, in violation of the provisions of this ordinance and upon conviction for any such violation shall be fined in any sum not exceeding $25.00.

Passed and approved by unanimous vote of the City Commission this the 11th day of December, 1947.

Passed and approved by unanimous vote of the City Commission this the 22nd day of Dec., 1947.

French Premier

(Continued From Page One)

was involved in the rejection of the two amendments today, the premier had declared the government would consider passage of the amendments a "vote of mistrust." It therefore was considered a test of his parliamentary strength on the measure.

The parliamentary atmosphere had changed considerably since yesterday, when the life of the government appeared in doubt.

Rene Mayer, speaking for the government, estimated that 260,000 artisans in lower salary brackets would have been exempted from paying 9,000,000,000 francs ($75,000,000) in taxes by the two amendments.

The amendments on which Schuman staked the life of his government would exempt further groups of artisans. He also asked for a vote of confidence on three groups of amendments to the third article which would exempt nearly 1,000,000 small farmers. He was expected to request confidence again on amendments to free all persons owning war-damaged property.

Altogether 40 amendments had been proposed for the eight articles.

SERVICES ARE CONDUCTED

SEMINOLE, Jan. 3 (Special)—Funeral services for Sharon Rose Leflett, 9-months-old daughter of Mr. and Mrs. James M. Leflett of Seminole, were held at 2 p. m. today in the chapel of Singleton Funeral home. Rev. T. L. Denton, pastor of First Baptist church, officiated. The child died about 4 o'clock Thursday afternoon.

Irrigated 40 acres located 16 miles west of Vernon in Pease River Valley; soil about 15 feet deep and none better—will grow anything, especially Alfalfa and Sweet Potatoes. Fine pure freestone water, 15 feet deep and never failing. 4 inch five-horse electric pump furnishes water at 9 cents per hour. Nice five room modern house, electricity, gas, R.F.D., school bus, telephone. 30-30 sweet potato storage for 4000 crates, modern heating system, 18-60 chicken house, concrete floor, latest design, 10-18 all concrete cellar, 1945 A.C. tractor and equipment; many other tools. 1939 Chevrolet pickup, been on place since purchase and a dandy. Finest Jersey cow, 29 fine hogs and shoats. Quite a lot of feed, 1000 bushels mixed grades Sweet Potatoes. All household equipment. If able and willing to work this will make the finest investment and a good home. Dr. says for me to quit. This is no hocus pocus. I will consider good residential property (duplex preferred) in Lubbock in the deal—must be of equal value. All the above property, $20,000. Terms, if desired.
"All adjoining land recently leased for oil. Mineral rights on this place intact."

"FIRST In Lubbock—FIRST On The South Plains"

LUBBOCK AVALANCHE-JOURNAL

Lubbock, Texas, Sunday, January 4, 1948

The Woman's Angle
By Margaret Turner

A Philadelphia scientist, who obviously doesn't intend to be a candidate for public office, says there are too many fat women in this country.

* * *

ON PLAYING PIANO

ANOTHER South Plains girl has made good. Miss Lorene McClintock writes from New York of the thrill of seeing her book, "Teach Yourself To Play The Piano," displayed in the shop windows along Fifth Avenue and Fifty-Seventh street. And what's even more thrilling is the fact that it is selling like mad! And Friday's mail brought a picture and announcement concerning the volume from the publishers.

A feature story is to appear in the New York World-Telegram and reviews are scheduled for all of the leading musical publications.

Music educators and teachers join critics in their enthusiasm for the book.

Miss McClintock, in addition to being a capable pianist, is an artist, a dress and accessory designer and a very good looking young woman. Her parents live in Slaton.

She wrote about having a quick breakfast in an automat the other morning and sitting at the table with a young man who said he was Marion Roberts from Lubbock, now a student at Julliard's. Texans just seem to gravitate when they get within hailing distance of each other!

* * *

SHADOW BOXES — Something that has staged a return in home decoration is the shadow box and Robert Stevenson, a designer in Houston has recently put it to use by personalizing it.

For a bride he designed a memento box which contains all the souvenirs of the happy occasion — her wedding invitation, some flowers from her bouquet, the miniature couple from the top of the cake, a piece of material from the bridal gown and veil, the garter of blue and a box of the wedding cake. When these have been carefully arranged, and mounted suitably, the bride has an attractive and permanent record of that all-important day.

It may be hung as any picture is hung — perhaps over a desk in her bedroom.

* * *

EPIPHANY TEA

USING the same method and a more tailored type of frame, Stephenson designed a military trophy box for the former — serviceman with his war souvenirs arranged and mounted imaginatively in a shadow box. His original "greetings from Uncle," plus his orders to each theater, make up the background. Against these are placed insignia indicating his rank during the period of service, his hat emblems, his identification bracelet, his honorable discharge and any decorations he may have received.

Most of the fellows we know would have to have a round-up and bribe their young children for the mementoes which have been adoring cowboy hats and Superman caps or get them from mothers, sisters and wives who grabbed them as souvenirs as soon as the veterans returned.

The boxes could be hung over desks or could be set in a special niche, surrounded by his books.

* * *

MRS. Clayton Carter writes a note concerning the annual Epiphany tea to be given by the executive board of St. Paul's Episcopal Woman's auxiliary Tuesday afternoon at Seaman hall. The group is anxious for all Episcopal women in the city to attend, whether or not they are affiliated with the Lubbock church.

"We hope to make them feel a part of the parish and there is no need for any woman to be lonely with a church sisterhood," she adds.

* * *

SCATTERINGS

LEWIS Nordyke, a member of the editorial staff of the Amarillo News-Globe, says article ideas may be found next door and writers don't have to journey afar for their material. The young writer, who is represented in the current Saturday Evening Post, says he finds most of his articles in his native state and frequently within a lariat's throw of Amarillo. The current writing, "Isle of Plunder," is of Padre island, across the bay from Corpus Christi where Nordyke addressed the Southwest Writers conference last spring and at which time he "got the bug" for such an article . . . Elizabeth Fagg who is leaving this week end for the East after a holiday visit with her sister, Mrs. Charles Maedgen, jr., is a free lance writer, writing for national publications and the movies.

* * *

THE FILMS — Bing Crosby wants to play Ichabod Crane for Walt Disney in "The Legend of Sleepy Hollow." . . . Kate Smith will be starred in a series of eight documentary film shorts titled "God Bless America." . . . "Sweet Genevieve," an expose of gambling in high schools, was inspired by a Hollywood executive discovering that his daughter was betting on horses between her high school classes . . . Tex Beneke and his orchestra will be paid a six-figure salary for a three-months tour of Europe this summer . . . The State Department has been talking to Douglas Fairbanks, jr., about doing a diplomatic chore in England.

* * *

TIP TOP TUNES

UNCLE SAM'S citizens gave their top-tune preference in 1947 to Peg O' My Heart, Near You and That's My Desire, according to results of the Billboard's annual music record poll. In the record end, their hearts went out to Heartaches as recorded by Ted Weems. Meanwhile, the music publishers' two other ditties, Anniversary Song and Linda, were especially gratifying as the top 1947 sheet music sellers along with Peg.

Best-selling disks in the retail stores gave honors to Perry Como, Art Lund and Hoagy Carmichael, with the gal leaders in this category including Jo Stafford, Dinah Shore and Margaret Whiting.

Among singing and/or instrumental groups the Harmonicats, the Andrews Sisters and the Three Suns emerged as top sellers.

Miss McLeod, Bride-Elect, Is Honored At Series Of Pre-Bridal Courtesies

TO COMPLEMENT Miss LaJuanda McLeod who will be a bride of Jan. 20, a series of entertainments is being given. Her fiance is Jack Leftwich.

The bride-elect was honored guest at a coke party given Friday afternoon by Miss Betty Jim York in her home at 1909 Thirtieth. She was presented a gift of china.

Decorations in receiving rooms carried out a turquoise and yellow scheme, colors of the bride.

Guests were Misses Marion Benson, Pat Fain, Alice Ann Woolsey, Mary Jones, Jo Rae Watson, Betty Jenkins, Martha Enochs, Sylvia Whitacre, Sue Boulter, Velma Lou Dunn, Joan Prouty, Xen Harris, Dorothy Brown, Martha LaRoe, and Mesdames Julian Fairly and David Weaver.

A kitchen shower honoring Miss McLeod was given in the home of Miss Jane Lawson, 1602 Ave. X, Saturday from 3:30 to 5:30 o'clock with Miss Martha LaRoe, Miss Dorothy Brown and Miss Lawson as hostesses.

A hostess gift of pottery was presented. About 30 guests called.

To Entertain Today

Mrs. Vera Maxey is entertaining for Miss McLeod this morning at 9 o'clock with a coffee to be given in her home at 1412 Sixteenth.

A decorative box lid, topped with a gardenia corsage for the bride-to-be, will center the refreshment table which will be laid with a white cut-work cloth. Beneath the lid is to be a gift of linen for the honoree.

On the list are Mesdames V. T. Leftwich, O. W. McLeod, Gene Hardey, Fred Brown, and Misses Marion Benson, Pat Fain, Alice Ann Woolsey, Dorothy Brown, Betty Jenkins, Martha LaRoe and Nan Bradbury.

Luncheons for Miss McLeod have been planned for Tuesday and Wednesday. The first will be given at 1 p. m. in the Chimayo room of Hilton hotel by Mrs. O. W. Ribble and her daughter, Mrs. Al O'Brien. Mrs. W .T. Fain and her daughter, Miss Pat Fain, are to be hostesses at the Wednesday luncheon at 12:30 o'clock in their home at 2712 Twenty-first.

MRS. ROY HUFFAKER

* * *

Helen Stanley Is Married

Miss Helen Stanley, daughter of Mr. and Mrs. C. R. Stanley of Lamesa, became the bride of Roy Huffaker, son of Mr. and Mrs. Herman Huffaker of Tahoka, in the Lamesa Church of the Nazarene Saturday, Dec. 27, at 6 p. m.

Rev. J. W. Benson, pastor of the church, read the candlelight ceremony before an altar banked with greenery and flanked by baskets of white chrysanthemums and candleabra containing white tapers.

Given in marriage by her uncle, Lloyd Fincher, the bride wore a dress of white satin fashioned with a net yoke, which was embroidered with seed pearls, and long fitted sleeves ending in points over her hands. Her fingertip veil of bridal illusion fell from a coronet of white carnations. The bride's bouquet was of white gardenias circled by white carnations with wide white satin streamers. She carried a white Bible. A handkerchief of her mother's was something borrowed and something old.

In Bridal Party

Mrs. W. G. Spruiell, matron of honor, wore a dress of pink taffeta with a full net skirt. She carried a colonial bouquet of white carnations with white satin streamers. W. G. Spruiell attended the bridegroom as best man. Miss Raylene Phillips and Miss Glenna Fincher lighted candles, and ushers were Gene Gore and Clarence Mosley.

Before the service, Miss Lavonia Benson played a medley of songs and sang "I Love You Truly" and "Because." She also played the traditional processional and recessional.

After the ceremony, a wedding reception was held in the church recreation hall. Sweetpeas were used to decorate the room. The bridal table was laid with lace and centered with a three tiered cake topped with a miniature bride and bridegroom. Mrs. Lloyd Fincher served cake, Miss Phillips ladled punch and Mrs. Spruiell and Mrs. Elston Keese, sister of the bridegroom, assisted in serving.

For the wedding trip to South Texas, the bride wore an aqua gabardine dress with black accessories and gardenia corsage. Her top coat was gray. The couple will be at home in Tahoka.

The bride is a graduate of Lamesa High school and Draughon's Business college. The bridegroom is a graduate of Tahoka High school and served in the Army.

Monroe Kerrs Are To Observe Anniversary

No formal invitations are being sent to a celebration of the Golden Wedding anniversary of Mr. and Mrs. Monroe Kerr in Pecos Sunday, Jan. 12, but friends of the couple are being notified through the press to call at the home of their nephew and niece, Mr. and Mrs. W. W. Dean in Pecos, beginning at 7 p. m.

A son and daughter of the couple and grandchildren will assist in hospitalities at the open house. They are William L. Kerr, Mrs. Kerr and their sons, Bill and Ted, of Midland; Mr. and Mrs. H. B. Prickett of San Antonio, former Lubbock residents; Mr. and Mrs. Roger L. Kuykendall and daughter, Karol, of Lubbock.

ACE Lecture Theme Is Education In Europe

McWhorter and Cottage schools will be hosts at a meeting of Association of Childhood Education to be held Tuesday night at 7:30 o'clock at McWhorter school.

Mrs. C. D. Eaves will speak on "Education in Europe" and special music will be presented by first grade teachers, under direction of Mrs. Elois Elliott.

Layette Party Honors Mrs. Herman Irwin

Mrs. Herman Irwin was honored at a layette shower given by Mrs. Ella Styles, Mrs. Maurine Lester and Mrs. Rose James in the Styles home at 2220 Twenty-fourth Friday night.

Mrs. W. T. Ward and Mrs. Mary Frances Holmes presided at the tea table.

Thirty-three guests called and others sent gifts.

Mrs. Charles Alvis and her granddaughter, Jill Allen, both of Winfield, are visiting Mrs. W. H. Porter, 2220 Eighth. They will be here several weeks.

MRS. AUBRAY SMITH

* * *

Bridal Service Read In Home

Miss Dorothy Poulson, daughter of Paul Poulson of Lorenzo, and Aubray Smith, son of Mrs. C. R. Smith of Ralls, were married Thursday morning at 10 o'clock in the home of Mr. and Mrs. T. A. George Bryant, pastor of the Lorenzo Methodist church, read a double ring ceremony before a mantel decorated with gladioli, palms and white tapers.

The bride, given in marriage by her father, wore a brown wool suit with brown and white accessories. She carried a white Bible topped with white carnations surrounded by gardenias.

Miss Beth Poulson, sister of the bride and maid of honor, wore an aqua dress with black accessories and a red rose bouquet. Carl Smith, brother of the bridegroom, served as best man.

A reception was held immediately following the ceremony for close friends and relatives. Coffee and a three tiered wedding cake were served from a table laid with Quaker lace and centered with yellow carnations.

After a wedding trip to the valley and Mexico, the couple will be at home near Lorenzo where Mr. Smith is engaged in farming.

CLUB CANCELS MEET

Tech Faculty Woman's club has cancelled its January meeting and will not meet until the first Wednesday of February, according to an announcement made Saturday.

IN THE PICTURES — Miss Dixie McGehee, above left, daughter of Mr. and Mrs. C. D. McGehee of 2615 Twenty-third, was elected president of Lubbock Sub-Deb club recently. Other club officers are Maxine Boyd, first vice-president; Courtney Sigler, second vice-president; Jo Cobb, secretary; Jeannine Mullins, treasurer; Cecile Butler, parliamentarian; Billie Cathey, reporter; and Pat Branson and Frances Crowder, rush captains. At right is Miss Mary Jean Bass, daughter of Mr. and Mrs. W. A. Bass of Lubbock, who will marry Jord Edwin Nettles, son of Mr. and Mrs. Roy O. Nettles of Meadow, this afternoon at 2 o'clock at First Methodist church chapel.

* * *

Holiday Visits Nearing Close

It's back to school for public school and college students after a two weeks' holidays and it's back to work for grownups who were fortunate enough to get a Christmas holiday.

Coach and Mrs. C. L. Storrs and daughter, Linda, returned to their home in San Angelo Saturday after spending the holidays with their parents, Mr. and Mrs. L. A. Storrs of 2002 Ninth, and Mr. and Mrs. D. P. Fox of 1904 Twentieth.

Patsy Ann Craig flew to Corpus Christi Saturday after spending two weeks with her father, Virgil Craig, and grandparents, Mr. and Mrs. G. H. Craig, of 2201 Twenty-sixth. She attends school there.

Vernon DeWitt has returned to his home in Fort Worth after a visit with his parents, Mr. and Mrs. W. V. DeWitt, and his sister, Mrs. R. C. Harvey, of 2602 Twenty-second.

Song Writer Visits

Mr. and Mrs. Tim Spencer and children, Loretta and Harold, have returned to their home in California after spending the holidays with her parents, Mr. and Mrs. R. E. Blanton, 908 Ave. B. The Spencers and Blantons visited relatives in Petersburg last weekend. Mr. Spencer is one of "The Sons of the Pioneers", an arranger and composer.

Holiday guests of Mr. and Mrs. C. Murphrey, 2608 Twenty-first will leave for their home in Hillsboro today. They are their daughter and grandchildren, Mrs. Raye Kershner, Shirley, John Gayle and Patricia Ann.

Weekend guests of Mr. and Mrs. Raymond Waters, 2124 Twenty-fourth, are Mr. and Mrs. E. E. Johnston, Mr. and Mrs. John Dunn, all of Mobeetie, and Mr. and Mrs. T. C. Davis and their son, Tommy, of Woodville.

Mrs. Joe Ashley and her daughter, Mrs. Elva Faulkner, both of Plainview, visited in the home of Mr. and Mrs. S. B. Upton, 1709 Ave. N, the first of the week. Mr. Upton's mother, Mrs. S. J. Upton, of Brownfield, is also their guest.

Arrives From Korea

Mrs. L. M. Wartes, 3202 Twenty-first, received word Friday night that her son, Pfc. Lacy M. Wartes, jr., who has been stationed in Korea, arrived in the

(Turn to Page 2, Column 2, Please)

Service Will Be In Chapel

Miss Mary Jean Bass, daughter of Mr. and Mrs. W. A. Bass, 2218 Broadway, and Jord Edwin Nettles, son of Mr. and Mrs. Roy O. Nettles of Meadow, will be married in the First Methodist church chapel this afternoon at 2 o'clock. Rev. Wayne O. Perry will perform the double ring ceremony before an altar decorated with greenery and baskets of flowers.

The bride, to be given in marriage by her father, will wear an aqua crepe dress designed by her aunt, Mrs. W. A. Davis of Levelland, balenciaga suede accessories and a hat to match her dress. She will carry a bouquet of gardenias and pink roses. For something old she will wear a cameo broach belonging to the bridegroom's mother and something borrowed will be a penny from her mother to wear in her shoe. The bridegroom's gift to her, a bracelet, will be something new.

Miss Hudson To Attend

Miss Roena Hudson, maid of honor, will wear a brown crepe dress with brown accessories and carry a nosegay of yellow roses. Leroy Nettles of New Home, brother of the bridegroom, will serve as best man. Ushers will be Harold Burkhalter of Lubbock, brother-in-law of the bridegroom, and Leonard Nettles, brother of the bridegroom from Tahoka.

Miss Ernestine Gammill will sing "Indian Love Call," "Always" and "Ah Sweet Mystery of Life." As the vows are exchanged, "I Love You Truly" will be played softly.

The wedding reception will be held in the home of Mrs. Alma Cook, 2427 Twenty-fourth. The lace covered serving table will hold a two tiered wedding cake and a bouquet of red roses. The immediate family will attend.

After a wedding trip to Ruidoso, N. M., the couple will be at home at Route 4, Tahoka. For traveling the bride will wear a chamois gabardine suit with matching balenciaga accessories and a corsage of white gardenias.

The bride is a graduate of Frenship High school and has been employed in Lubbock. The bridegroom graduated from Meadow High school and atetnded Texas Technological college.

Honor Visitor At Friday Tea

As a courtesy to Miss Faye Bumpass, who is on leave from her work as director of courses in the cultural center at Lima, Peru, S. A., under supervision of the State Department, Mrs. William G. Dingus and Mrs. Emmett Kerr gave a tea Friday afternoon, in the home of the former, 2502 Twenty-first.

Mrs. Raymond Marshall and Mrs. Eleanor M. Chitwood assisted in hospitalities.

Miss Bumpass is visiting her parents, Mr. and Mrs. T. E. Bumpass, after a three years' absence in South America. She will leave Jan. 20 for Washington, D. C., to take a month's re-orientation course before resuming her duties.

In McGregor Home

Mrs. Dick Cozby, Mrs. Ben McGregor and Miss Aline McCarty gave a tea Friday afternoon from 2 until 5 o'clock in the McGregor home, 2224 Twenty-first.

Assisting in hospitalities were Mesdames W. O. McKay, C. J. McCarty, F. B. Crockett of Spur, Dave Worley and Ben McGregor, sr. Ninety-one guests called.

The tea table, at which Mesdames Crockett, McCarty and McKay presided alternately, was laid with a madeira cloth and appointed in red candles, red carnations and silver.

Azalea plants were arranged in the receiving rooms.

Forty-Two Party Held By Needle Club Bee

Needle Club Bee met in the home of Mrs. W. D. Massey, 3103 Twenty-second, Friday afternoon for a forty-two party. Mrs. Earl Nail was hostess.

Others attending were Mesdames C. C. Chambers, R. H. Edler, Otis Felty, E. H. Higgins, Odell Hughett, Fraser Moore, H. A. Scarborough, M. K. Simpson, Glenn Smith and M. M. Page.

Mrs. Hartley To Talk At Carter PTA Meet

Mrs. J. E. Hartley, president of City Parent-Teacher council, will discuss the subject, "The Budget and Human Values," for K. Carter Parent-Teacher association Thursday afternoon at 3:45 o'clock. A business session is to be conducted, also.

BRIDES—Mrs. James Gilbert Wilhite, jr., pictured at left, was Miss Vivian Maxine Case, daughter of Mr. and Mrs. Carl Case of Muleshoe, before her marriage which took place Tuesday at First Christian church. Mr. Wilhite is son of Mr. and Mrs. J. G. Wilhite of 2825 Twenty-third. The couple will be at home in Pittsburgh, Pa., following a wedding trip to Lake Lure, N. C. Mr. Wilhite is employed by the Westinghouse Electric corporation. Pictured at right is Mrs. George F. Watford, the former Mrs. Madge M. Gulley, daughter of Mrs. Ethel McClain of Johnson City, Tenn. She was married Christmas Eve at the home of the bridegroom's parents, Mr. and Mrs. H. H. Watford of Midland. After a wedding trip to California, the couple will live in West hall on Tech campus.

Club Women To Resume Activity Following Recess During Yuletide Holidays

THE CLUB season, after a brief recess for Christmas and New Year's holidays, will be resumed Tuesday when a number of organizations will meet for programs. Other clubs have scheduled meetings for each succeeding day of the week.

A review of the book, "Modern Woman: The Lost Sex," (Ferdinand Lundberg and Marynia F. Farnham) will be given by Mrs. Roy Bass for Lubbock Woman's club at a meeting planned for Tuesday afternoon at 3 o'clock at South Plains Music company.

Dr. O. W. English is to be guest speaker for Sunshine Study club Tuesday afternoon at 3:15 o'clock at Talley tearoom, 1510-B Ave. M. Mrs. W. H. Chappell will be hostess.

A Time magazine program will be lead by Mrs. Roy Furr and Mrs. Lewis Mills for Lubbock Study club Tuesday at 2 p. m. in the home of Mrs. W. Howard Logan, 2411 Twenty-second.

In the home of Mrs. Joe Nislar, 2319 Seventeenth, Tuesday afternoon at 3:15 o'clock, Mrs. J. W. Raley will speak on "The American Table and How It Grew" and Mrs. J. V. Powers will discuss "The Rocking Chair and American Idiosyncrasies" for Shakespeare club. Program leader is to be Mrs. R. L. Sigler.

The program planned for Lubbock Junior Garden club for Thursday afternoon at 3 o'clock includes a talk on "House Plants" by O. W. Ribble and a solo by Mrs. F. C. Stanley. Mrs. Clem Boverie will be hostess in her home at 2515 Twenty-fourth and Mrs. Garland Newsom will be co-hostess.

The January meeting of South Plains Dahlia society will be Thursday night at 8 o'clock in the home of Mr. and Mrs. H. G. Knight, 2218 Twenty-seventh. The meeting was scheduled formerly for the home of Dr. and Mrs. J. G. Porter.

Lubbock Music club will meet Friday night at 7:45 o'clock at the home of Miss Mary Evelyn Pickle, 2115 Main, for the following program on American Singers: a musical quiz; and "Hear the Wind Whispering" (Bucky) by Mrs. George A. Sessums; "A Memory" (Rudolph Ganz) by Miss Charlene Jordan; a Negro spiritual by Mrs. A. C. Bowden; and Scaramouche Suite, "Vij," "Modere" and "Brazileira," (Milhaud) by Mrs. James Atcheson and Mrs. Benny Wright.

Bookman Groups Plan Reviews Wednesday

Meetings of AAUW Bookman group units for Wednesday will be as follows: 1, 7:30 p. m., at 2114 Fourteenth with Mrs. David Smith and Miss Dimple Watson as hostesses. Mrs. Ben McGregor, jr., is to review "Out on a Limb" (Louise Baker).

Unit 2 is to meet with Mrs. Emmett Burford, Idalou highway, at 7:30 p. m. Assistant hostesses are Mrs. R. T. Groves and Mrs. E. L. Butler and reviews will be given by Mrs. W. C. Watts and Mrs. D. M. Howell.

Mrs. Josephine Ballenger, 1617

MRS. ETHELRED TAUNTON

* * *

Tauntons Will Live In Japan

Mrs. Frieda Atchley Seagraves, 1613 A Ave. N, daughter of Mrs. J. H. Atchley of Lubbock, and Ethelred O. Taunton of Memphis, Tenn., son of the late Mr. and Mrs. R. H. Taunton of Liverpool, Eng., were married Friday, Jan. 2, at noon. Dr. Jack M. Lewis performed the single ring ceremony in his home before a mantle decorated with calla lilies and a fireplace screened with fern.

The bride wore a navy blue suit with matching accessories and a navy blue straw hat with shoulder veil. Her corsage was of white orchids. Miss Millidee Cross of Lubbock, maid of honor, wore a black and white checked suit with black accessories and a corsage of red roses. Jerry Booth of Lubbock served the bridegroom as best man. Members of the family and friends attended the ceremony.

After the service a buffet luncheon was held at the Hilton hotel, and a two tiered wedding cake was served. After a wedding trip of two weeks to New Orleans, La., the couple will reside temporarily in Lubbock.

As soon as the occupation authorities will permit, the bride and bridegroom will live in Japan, where he will resume his former post in the cotton business in Kobe and Osaka.

MISS LORENE McCLINTOCK

* * *

Book Theme Is Playing Piano

Miss Lorene McClintock, of Slaton, who is spending the winter in New York City, is author of a book, "Teach Yourself To Play The Piano," which is being released by the Crowell publishing company to book stores over the nation.

A Texan, Miss McClintock was graduated with a bachelor of music degree from Southern Methodist university, Dallas, completing her work in three years. While teaching piano, she developed the ideas for her book, and during and after the war it was tested in manuscript at the USO, with disabled veterans in one of the Army's general hospitals and by students at Teacher's college (Columbia university). Hundreds of unsolicited letters prove the value of her unique method.

"Teach Yourself To Play The Piano" has two new features: a "keyboard concealer" which enables students to play by sight, and "keyblocks" which help develop the touch system, like typing. These are the bases of her now famous "interval method" which makes this book different from other piano books.

Lubbock OES Officers Honored With Dinner

Honoring officers and grand officers of Lubbock OES chapter number 76, Mr. and Mrs. D. E. Sellers, 1905 Twenty-seventh, and Mr. and Mrs. Howard Hunt, 1904 Seventeenth, gave a steak dinner at Hotel Lubbock Friday from 7 to 9 p. m.

Grand officers present were Mrs. Ben V. Smith, chairman of the Welfare committee, and Mrs. Carl O. Stewart, member of the Board of Directors of Grand Chapter Benevolences. Lubbock chapter officers attending were: Mr. and Mrs. Burton S. Burks and Mesdames Ed Lawson, Jack Hopkins, Morris Cranford, Syrian Marbut, John Cocanougher, Quincy Haney, E. E. Rhodes, Leroy Johnson, Kirby Nutt, V. T. McMullen and Cliff Elliott. Mrs. Sellers is worthy matron and Hunt is worthy patron of Lubbock chapter.

Surprise Party Given For Mrs. N. Newsom

A surprise birthday party was given for Mrs. Novelle Newson Tuesday night in the home of Mrs. Jim Davis, 2112 Ave. M. Mrs. Wayne Goodman was assistant hostess and Mrs. Ontrey Lynn directed games.

Guests were Misses Laurne Bussey, Marilyn Gibson, Mary Louise Jones, Ola Mae Davis, Idaleene Anderson, Carla Jean Newsom, Jamiline Davis, Leslie Jane Roberts, Arlene Gibson; Mesdames Carl Stephenson, Jim Joe Rieger, L. D. Joplin, James Roberts; Roy Davis and Jimmy Roberts.

Epiphany Tea Will Be Given At Seaman Hall

New members of St. Paul's Episcopal church will be honored at the Epiphany tea to be given at Seaman hall Tuesday afternoon from 3:30 until 5:30 o'clock by the Woman's auxiliary. All women of the church are invited to attend.

Rev. Claude Canterbury will speak briefly on "The Advantages Auxiliary Work Holds for Church Women."

Officers of the auxiliary are to be hostesses.

Symphony To Resume Rehearsals Monday

Rehearsals of Lubbock Symphony orchestra will be resumed Monday night at 7:30 o'clock at Junior High school gymnasium, according to William A. Harrod, conductor.

The Social Calendar

MONDAY

American Legion auxiliary, 7:30 p. m., Legion hall.

Lubbock Symphony orchestra rehearsal, 7:30 p. m., Junior High school gymnasium.

Lubbock Public library association board, 4 p. m., Senior High school.

Mosilon Sigma Alpha, 7:45 p. m., Mrs. David Weaver, 2308 Twenty-eighth.

TUESDAY

Jaycee-Ettes, 7:30 p. m., Mrs. Arnold Chauncey, 1648 Thirteenth. Mrs. H. G. Hoffard, assisting hostess, business meeting.

Arnett-Benson Needle club, all-day, Locust Street chapel. Mrs. Verne Morris, co-hostess.

Lubbock Study club, 2 p. m., Mrs. W. Howard Logan, 2413 Twenty-second.

Lubbock chapter, OES, 7:30 p. m., Masonic hall.

Sebekah lodge, 8 p. m., IOOF hall.

Lubbock Junior Welfare league Board of Directors, 10 a. m., Hotel Lubbock.

Trailers club, 8 p. m., Hilton hotel.

Howdy folks.

Well, she DID! Yes, that price-cutting look Fredda had last week has gotten the best of her and she has planned many savings for all you folks. Just take a look at the big ad the Decorators Studio has in today's paper. And those listed are but a few.

No more than had my toe behind that Coral Door than my gals pounced on me to help them move things around. The entire porch is a glorious array of bargains.

Be sure and notice the easy-to-care-for mats, those clever ovenware casseroles, pottery pieces by Glidden — all for your informal moments.

Among the silver with sale tags, is a wonderful service piece for your buffet suppers. It's the perfect server for hot sandwiches and such a conversational piece!

To add a new lift to your home, look for a lamp, mirror, or picture. There are many smart looking ones to select from and you'll be amazed at the sale prices.

Enough of this gab. Best you drop by and see these bargains for yourself. I can't describe them all in this space. A hint — buy ahead for wedding gifts or, perhaps, next Christmas.

Even Sales can't stop wedding bells. I found Mary making some set-ups for a bride-to-be and her fiance. Wedgwood's Hampton Court (so lovely and so inexpensive) was set off on textured blue mat with the elegant simplicity of Kentworth crystal and Serenity sterling.

For informal service, La Mirada Plaid pottery set of those special Dorothy Thorpe linens with Dirilyte, makes the best looking table a bride could ask for. Even the groom-to-be was impressed.

Fredda and James took off with a crowd for El Paso and the Sun Bowl game. We all hope they see more sun than we have in Lubbock.

Sonny McKinney has gone back to Oregon and the Navy. He's a mighty fine looking gob in those Blues. Josie Lee will be leaving the Studio this week much to our sorrow. We'll miss those lovely packages she makes as well as Josie herself. Perhaps next Christmas rush will bring her back.

Gotta get back to moving sale items in place. Happy New Year to all of you from all the tudio gang at 1202 Ave. N.

See ya at the ale tomorrow.

Grandpa Nosey.

City Parent-Teacher council, 1:30 p. m., High school auditorium.

Lubbock Woman's club, 3 p. m., South Plains Music company.

Sunshine Study club, 3:15 p. m., Talley tearoom, 1510-B Ave. M. Mrs. W. H. Chappell hostess.

Shakespeare club, 3:15 p. m., Mrs. Joe Nisler, 2319 Seventeenth.

WEDNESDAY

Timely Ten Needle club, 2:30 p. m., Mrs. C. B. Lively, 2213 Twenty-seventh.

Lubbock Business and Professional Women's club, 12 noon, Hilton hotel, luncheon.

Brownie Leaders club, 9:30 a. m., Little House.

Ace-Trey Forty-Two club, 3:15 p. m., Mrs. Clifford Williams, 2512 Twenty-fourth.

Friendly 10 club, 3 p. m., Talley tearoom, 1510-B Ave. M. Mrs. C. E. Pike, hostess.

AAUW cabinet meeting, 8 p. m., Mrs. John W. Lynch, 2026 Twenty-seventh.

Pla-Mor Forty-Two club, 3 p. m., Mrs. Mark Halsey, 2308 Seventeenth.

AAUW Bookman groups: 1, 7:30 p. m., 2114 Fourteenth, Mrs. David Smith and Miss Dimple Watson, hostesses; 2, 7:30 p. m., Mrs. Bennett Burford, Idalou highway; 3, 7:30 p. m., Mrs. Josephine Ballenger, 1617 Ninth; 5, 7:30 p. m., Mrs. Roy Morris, 1907 Main.

THURSDAY

Betsy Ross Needle club, 2 p. m., Mrs. Boyd Milsap, 2102 Eighth.

Pythian Sister Temple, 8 p. m., K-P hall.

Texas Zeta Delta chapter, Beta Sigma Phi sorority, 8 p. m., Hotel Lubbock.

Lubbock Junior Garden club, 3 p. m., Mrs. Clem Boverie, 2515 Twenty-fourth. Mrs. Garland Newsom, co-hostess.

K. Carter P-TA, 3 p. m., school.

Central and O. L. Slaton Junior High P-TAs, 7:30 p. m., school auditorium, joint meeting.

McWhorter P-TA, 3:45 p. m., school.

1921 Needle club, 3 p. m., Mrs. Allan L. Carter, 3102 Twentieth, Mrs. A. B. Conley, assitant hostess.

MISS PAULINE RUST

* * *

Miss Rust To Marry Alvin K. Parchman

In a double ring ceremony to be read at 1:30 o'clock this afternoon in Plainview First Methodist church, Miss Pauline Rust, daughter of Mr. and Mrs. J. W. Rust, 1710 Twenty-seventh, is to become the bride of Alvin K. Parchman, son of Mr. and Mrs. R. E. Parchman of Acuff. Rev. Elmer Peterson, pastor, will officiate.

Traditional wedding music will be played.

The bride's dress will be soft white wool and her hat is pale blue and gold crochet chenille. Talisman roses showered with white satin ribbon streamers will top her white prayer book, borrowed from Mrs. Edwin Rush, and she will wear a gold bracelet which her grandfather gave to her mother; rhinestone clips, gift from the bridegroom and will place a lucky sixpense in her shoe.

To Be Attendant

Mrs. Rush, matron of honor, will wear a light blue suit with brown accessories and a corsage of pink rosebuds. Mr. Rush is to be best man.

For her wedding trip to northern New Mexico, the bride will wear a navy blue suit with cinnamon brown and white accessories. After Jan. 10, the couple will be at home in Acuff where he is farming.

The bride is a graduate of Lorenzo High school and has been employed by her father who is a grain dealer. Mr. Parchman is a graduate of Roosevelt High school, a former Tech student and served with the Army Air Force during the war.

Evangelist To Speak At WSCS Luncheon

At a covered dish luncheon to be held by Awakened Wesleyan class of Asbury Methodist church Tuesday at noon, Harry Denman of Nashville, Tenn., an evangelist, will speak.

Hostesses are to be Mesdames Minnie Sanders, C. H. Campbell, N. W. Lowery, Lillian Steely, B. L. Taylor, E. B. Merrell, L. L. Strader, H. A. Van Dorn, N. S. McBride, F. W. Vaught, C. A. Bickley, Will Fugate, Uel Crosby, Ida Wood and A. S. Westbrook.

Honor Wanda Sartor At Pre-Bridal Tea

Miss Wanda Sartor, daughter of Mr. and Mrs. J. W. Sartor of 210 Ave. T, who will marry Melvin Ware of Spur today was honored at a miscellaneous shower given by Mrs. Edmund McNeely and Mrs. E. E. Sartor Friday afternoon at 307 Ave. U.

Guests were Mesdames W. T. Walkup, Ruby Adams, Burl Moore, Royce Lang, Odell Light, Tom Toombs, W. M. Stephenson, D. N. Lacewell, Stin Sartor, J. W. Sartor, T. L. Durham of Amarillo, Glenn Paden of Brownfield, and Misses Wanda Province, Geneva Bray, Mary Nell Burkett, Betty Burkett and Johnnie Marie Sartor.

Scout Field Director Starts Work Monday

According to an announcement made by Lubbock Girl Scout office this week, Mrs. Galen Carr, the former Miss Bettye Jo Crisler, will assume duties as field director of Lubbock Girl Scouts Monday. She is replacing Miss Peggy Hess who resigned in August.

Prior to her marriage, Mrs. Carr was field director of Southwest Plains Area Girl Scout council.

MARRIES — Before her marriage Christmas day, Mrs. Mrs. James Troice Rackler, above, was Miss Betty Lee Hayslip, daughter of Mrs. G. A. Hayslip of Lubbock, Rt. 1. Her husband is son of Mr. and Mrs. G. C. Rackler of Acuff. Rev. Hershel Henkel officiated. The couple is at home in Lubbock following a wedding trip to New Mexico.

Wedding Vows Read In Lorenzo Church

Miss Ruby Kirksey, daughter of Mr. and Mrs. Matt Kirksey of Lorenzo, and Chester L. Griffin, son of Mr. and Mrs. C. L. Griffin of Slaton, were married Sunday, Dec. 28, at 2 p. m. at the First Methodist Church of Lorenzo. The double ring ceremony was performed by Rev. George R. Bryant, pastor of the church, before an altar decorated with holly, fern and red carnation.

Mrs. Aubray Smith, pianist, played "Ah, Sweet Mystrey of Life," traditional wedding marches and accompanied Miss Beth Poulson as she sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a three-tiered jacket suit of white wool gabardine with a pale blue crepe blouse studded with rhinestones. Her accessories were navy blue and white. For something old she wore an heirloom gold necklace which belonged to a great-great-aunt of the bridegroom. For something borrowed she carried a white Bible. The bride's bouquet was a shower arrangement of white carnations with tufts of white ribbon and fern.

Mrs. Aaron Sechrist of Lorenzo, sister of the bride and matron of honor, wore an aqua suit of wool gabardine with brown and ecru accessories and a pink carnation corsage. Finnis Griffin of Slaton, brother of the bridegroom, served as best man.

After a short wedding trip to Dallas, Houston, Galveston and other points, the couple will be at home at Route 1, Slaton.

Out-of-town wedding guests were from Slaton, Lubbock, Ralls, Southland, Idalou, Lamesa and Spade.

NEW LOOK . . . Plaid taffeta Puritan collar and cuffs, full rounded skirt.

McWhorter P-TA Will Meet On Thursday

McWhorter Parent-Teacher association will meet Thursday afternoon at 3:45 o'clock at the school. Mrs. L. L. Miller is to speak on "The Budget and Human Values."

Newcomers Club Will Have Luncheon Hour

Lone Star Newcomers club will have a luncheon at 1 p. m. Thursday at Hilton hotel. Those planning to atend are asked to make reservations by Wednesday noon by calling 9577.

FUNDS ARE SOUGHT

MANILA, Jan. 3 (AP) — The Philippine republic is seeking approximately $106,000,000 from the World bank to begin its long range industrialization plan, an informed government source said today.

Cupid Is Busy Here In 1947

Marriage licenses in 1947 exceeded those issued in 1946—but the dizzy number of divorce suits filed in 1946 was not even approached in 1947.

So the Lubbock county figures show, as found in records of the county and district clerks' offices.

County Clerk Louie F. Moore's records showed that 1,437 persons were issued marriage licenses in 1947, as compared with 1,343 issued in 1946.

653 Suits Filed

Records of Royal Furgeson, district clerk, show, however, that for every 2.2 persons who bought marriage licenses, one person filed a divorce action. He said that 653 divorce suits were filed.

In 1946, it was worse than that, even: For every 1.56 persons who bought a marriage license, one person filed a divorce action. There were 858 divorce cases filed in that year, as compared with 1,343 marriage licenses issued.

Figures obtained at those offices served also to emphasize the growing volume of business being transacted by the courts here.

Furgeson's records showed that 372 other civil actions had been filed in the 99th and the 72nd district courts of Lubbock county; that 264 criminal cases had been filed.

Other Figures Cited

In addition, there had been nine tax suits filed, as compared with 32 for the year before.

The 372 other civil actions filed compared with 349 for the year before. The 264 criminal cases filed compared with 120 the year before, Furgeson's figures showed.

Moore's records showed that 838 criminal cases had been filed in 1947, as compared with 807 the year before; 130 civil actions, as compared with 86 the year before; 15,874 instruments filed, as compared with 17,346 the year before; 4,234 chattel mortgages filed, as compared with 3,357 the year before.

COUNTY CRIMINAL CHARGES INCREASE

County Attorney John Steele and assistant County Attorney Tom Gordon found that liquor law violations and drunk driving topped an increasing number of offenses filed in the county court of Judge Walter Davies in 1947.

Out of the welter of charges, the following breakdown was announced:

Liquor law violation, 229 cases; driving when intoxicated, 193; check law violation, 186; aggravated assault, 69; theft, 57; carrying a prohibited weapon, 44; driving while license was suspended, 15; and miscellaneous cases, such as adultery, contributing to delinquency of minors, and the like, 49.

Steele said 809 cases had been filed up to Dec. 18; 45 cases were placed on the dorman docket, and 50 cases were pending. He said 806 cases had been filed in all of 1946; that 56 cases were placed on the dormant docket that year. Twenty-eight cases filed in 1946 were disposed of in 1947, he said.

HONORED AT OPEN HOUSE—Mr. and Mrs. J. W. Hutcheson of Lubbock, Rt. 4, above, who were observing their 50th wedding anniversary last week-end, were honored at open house held at the home of their daughter and son-in-law, Mr. and Mrs. A. F. Rasor, of 2313 Thirty-second. Other hosts were their son and daughter-in-law, Mr. and Mrs. R. R. Hutcheson. The couple married in Georgia but their home has been in Texas since 1898.

Two-Day Dedication Ceremony To Open New Plainview Port

PLAINVIEW, Jan. 3 (U.P.) — A Pioneer airliner, loaded with air line and aviation officials, was scheduled to land at Plainview Sunday to participate in opening ceremonies for the city's new $200,000 airport.

Ceremonies were scheduled for Sunday and Monday.

The first regularly scheduled airline plane will land at the airport Monday morning.

WOMAN OFFICIAL DIES

OLYMPIA, Wash., Jan. 3 (AP) — Mrs. Belle Reeves, 77, Washington's secretary of state and believed to be the only such woman office holder in the country, died today.

GREEN ACRES CENTER

History Of Texas And Its Leaders Prove Bottomless Well For Authors In Past Year

BY MARTHA COLE
Associated Press Staff Writer

Texas authors this year again tapped a bottomless well—Texas, its history and the men that strode through its history.

They began with "the journey of three Englishmen across Texas in 1568" and ended with the "wetback," the Mexican who now slips into the state through the muddy Rio Grande.

Hilton Ross Greer, a past president of the Texas Institute of Letters, stated, "a record was set in the number and sustained high quality of books by Texas authors."

Texas Poetry Scant

Eighty-year-old John Lomax who lived with the cowboys and learned their songs won the 1947 $1,000 Collins award sponsored by the institute for his book, "Adventures of a Ballad Hunter."

Claud Garner, a Weatherford fruit grower, took second prize with his novel, "Wetback."

Volumes of poetry published were few. Arthur M. Sampley, librarian at North Texas State college at Denton, won the institute's poetry award with his volume, "Of the Strong and the Fleet."

Texas—an independent nation, a member of the Confederacy, the home of modern American cities, the land of cowboys and orange trees—all was recorded.

Year's Books Listed

The books included: "The Ring and the Cross," by Robert Rylee, of Houston, a Texan by way of Tennessee. The book takes the life of Jesse Jones as its inspiration. "Uncovered Wagon," by Hart Stillwell, the story of Endicott, called the father of the Texas citrus industry. "The Adventures of Steve Waterhouse," a western by Joseph Gallegly, who teaches English at Rice institute.

"For God and Texas," by Green Peyton of San Antonio, a biography of the Rev. Pierre Bernard Hill, Presbyterian minister who was once a Texas ranger. "Adventures with a Texas Naturalist," a survey of the flora and fauna of the Davis mountains, Texas coast and central hill country by Roy Bedichek. "The Texas Republic," by William Ransom Hogan, a Texan who teaches at Tulane university in New Orleans. "Big Country, Texas," one of an American folkways series, by Donald Day "Latin Americans in Texas," examples of both ill and considerate treatment reported by Pauline R. Kibbie, former secretary of the Texas Good Neighbor commission. "Two Romantics," the story told again of sculptress Elisabet Ney and her consort by Verhan Loggins. "Texas, C.S.A.," the state's part in the civil war by James Farber of San Antonio. "Mister Texas," the life of former governor Coke Stevenson as written by Booth Mooney. "Heaven's Tableland," dust bowl experiences recorded by Vance Johnson, a former Amarillo newspaperman. "The Journey of three Englishmen Across Texas in 1568," printed in limited numbers by the Hertzog press of El Paso, by E. Degolyer of Dallas. "This Pounding Wheel," a railroad story by Garth Hale. "Horse Breaker Texas Style," a pictorial exposition by Ed Bateman, sr. "Boll Weevil: recollections of the Trinity and Brazos valley railway," by J. L. Allhands of Houston. "Anson Jones, last president of Texas," by a history professor at Southern Methodist university, Herbert Gambrell. C. Stanley Banks and Grace Taylor McMillan compiled a book of writings by various Texas authors and called it "The Texas Reader."

Texan George Sessions Perry collected his word pictures of American cities into "Cities of America" and included Dallas, Fort Worth, and San Antonio along with Rockdale, Tex., population 2,000.

The list above is far from complete. Texans, proud of their state and its men, wrote thousands of words about their homeland.

News Briefs

Friends in Lubbock Saturday were informed that Miss Virginia West, sister of Miss Elizabeth Howard West, librarian emeritus of Texas Tech, had died at their home at 1511 East Brainard street, Pensacola, Fla. Miss Elizabeth West served as librarian at Tech for years before her retirement.

Mack Holcomb, a business and professional man who turned to the ministry four years ago, will be the speaker for the Methodist Men luncheon Monday noon at Lubbock hotel. At the present time, Mrs. Holcomb is pastor at Salisaw, Oklahoma.

Lubbock Public Library association board will meet Monday afternoon at 4 o'clock at Senior High school to make plans for an annual meeting of the association to be held Jan. 26.

Dr. and Mrs. Allen T. Stewart went to Fort Worth Saturday to entrain for Cleveland, Ohio, where Dr. Stewart will be one of five delegates representing the State of Texas at an interim meeting of the American Medical association. He will meet with the House of Delegates of the association, replacing Dr. Holman Taylor who died recently. Dr. Stewart received an appointment to the Delegates meeting by the association president, Dr. B. E. Pickett.

The cafeteria at Sanders school will open Wednesday and the cafeteria at Dupre school will open Thursday, it was announced Saturday noon following developments since an earlier announcement that the Dupre cafeteria would open this week and the Sanders cafeteria, next week.

Couple Dies From Suffocation In Fire That Destroys Home

VAN NUYS, Cal., Jan. 3 (U.P.) — A former vice president of the International Typographical union and his wife suffocated in their burning home last night, inches from a doorway which would have led them to safety.

The victims were Mr. and Mrs. Eugene Donovan, both about 60. They were the parents of Michael Donovan, publisher of the Culver City News.

Firemen found their bodies, not seriously burned, huddled just inside a bedroom door leading to an outside patio. Their seven-room ranch home burned to the ground.

V-2 ROCKET IN FLIGHT—A V-2 rocket, one of 100 captured in Germany during the war, heads toward the clouds in a test at the Army proving ground at White Sands, N. M.

Final Rites To Be Held Sunday Afternoon For Slaton Resident

SLATON, Jan. 3 (Special) — Funeral services for Mrs. W. L. Johns, 64, who died Thursday morning in Mercy hospital, will be conducted at 2:30 o'clock Sunday afternoon in Slaton First Methodist church, of which she had been a member since 1923.

Rev. R. L. Kirk will officiate, assisted by Rev. W. E. Peterson of Plainview and Rev. Cal Wright of Slaton.

Burial will be in Slaton cemetery, under direction of Williams Funeral home.

Youth Lays Helpless In Snow Following Gunshot Accident

SANTA FE, N. M., Jan. 3 (U.P.)— Hospital authorities here today reported that a 15-year-old Alquiu, N. M., youth is in critical condition after he lay in the snow for seven hours with a bullet wound.

State police said that Augustine Garcia accidentally shot himself as he was rounding up cattle near his home. He wounded himself about 11 a. m. and was discovered by an uncle at about 6 p. m. Police said that it took two hours to get the boy to his home.

Later in the evening, he was brought to Santa Fe after first aid treatment by an Espanola physician. Santa Fe hospital authorities said that the youth had frozen hands and feet. The bullet, fired from a .22 caliber gun, entered his right side below the ribs.

The projection above the hoof of a horse is called a fetlock.

Philadelphia Police Force To Get 258 New Red Patrol Cars

PHILADELPHIA, Jan. 3 (AP) — The city of Philadelphia is going to get 258 new red patrol cars in exchange for the same number of old ones—and $10,062 to boot.

Mayor Bernard Samuel disclosed yesterday that the city had accepted the offer of a dealer to replace the used police cars with new ones and pay a bonus of $39 in cash for each automobile traded in.

The dealer explained he would make his profit on the resale of the old cars.

STRIKE IS ENDED

MANILA, Jan. 3 (U.P.)—A strike by more than 12,000 Filipino workers of Standard Vacuum and Shell oil companies, which threatened to develop into a general strike of oil firm workers and paralyze transportation, ended today with a temporary settlement.

CIO Union To Back Wallace Candidacy

HONOLULU, Jan. 3 (U.P.) — The CIO International Longshoremen and Warehousemen's union will back Henry A. Wallace for president in 1948, Harry Bridges, president of the union, said today.

Bridges arrived in Honolulu to participate in discussions on wages of pineapple workers.

He said the Wallace movement was a "good thing" and that if ILWU members had their choice of voting only Democratic or Republican they would "stay home."

He confirmed that a merger of the ILWU with the National Maritime union has been discussed and is a possibility.

CASH IS STOLEN

LAS CRUCES, N. M., Jan. 3 (U.P.) —Officers today reported that a box containing more than $1,600 was stolen from the office of the Legion bar late yesterday.

Expecting a Baby?
Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.
MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Cyclotron's Bombarding Of Uranium Into Seventy Distinct Elements Is Described

LOS ANGELES, Jan. 3 (U.P.) — Uranium can be crumbled into seventy different kinds of elements — including iron, gold and lead — by one smash of a cyclotron, a scientist disclosed today.

The reaction was described to a meeting of the American Physical society by Dr. Glenn T. Seaborg, University of California nuclear chemist and co-discoverer of plutonium.

Atom Split Timed

Another University of California scientist, working on cures for atomic radiation, announced that radioactive materials, the results of atomic bombing, were most heavily deposited around the bone marrow.

Dr. Seaborg said he was able to create more than two-thirds of all elements known to man by bombarding uranium with particles of other atoms at an energy of 400 million electron volts.

At lower energies, he said, the uranium split into just two or three other elements.

Some of the new elements were formed by splitting the uranium atom into two other atoms. Others were formed by chipping off as many as 30 small particles, leaving a large core of a new element.

The uranium atom splits in so short a fraction of a second, Dr. Seaborg said, that it takes a one over 10 with 15 zeros following to represent it.

FUNERAL IS HELD

HILLSBORO, Jan. 3 (AP) — Funeral services were to be held here today for Sam P. Yoe, 96, a native of Nacogdoches, who had lived here 64 years. He died Thursday.

HAROLD GRIFFITH FURNITURE

114 N. COLLEGE

FOR SPRING DELIVERY—Whoever buys this car, for sale in Natick, Mass., will have to take it out of cold storage. The auto was a victim of great snowstorm which blanketed much of New England.

State Department Denies CIO Charge

WASHINGTON, Jan. 3 (U.P.)—The State department denied today that it "blocked" CIO efforts to move the headquarters of the World Federation of Trade Unions from Paris to the United States.

The charge was made by CIO Secretary-Treasurer James B. Carey, who accused U. S. diplomats of being "too damned scared" to help American unions establish better relations with workers in Russia and other countries.

He said the State department "kept getting in the way" when the CIO tried to arrange for the 1948 congress of the world-wide labor organization to be held in Chicago.

A State department spokesman said, however, that the trouble lay in the fact that some federation officials are avowed Communists. U. S. immigration laws prohibit Communists from entering the country even to attend an international meeting without a special permit from the Justice department.

It's Leap Year, So She Pops The Question, And He Agrees

BOSTON, Jan. 3 (AP)—The first Boston girl to pop the leap year question still held the initiative today.

Richard F. McNamara, 27, former army air force lieutenant and Boston college student, said Mary O'Reilly, 24-year-old nurse, hadn't set the wedding date yet although they applied for a marriage license yesterday.

Miss O'Reilly said she proposed to McNamara and was accepted as they observed the advent of the new year in the courtship room of a Boston hotel.

Banner Year For Livestock In New Mexico In 1948 Forecast

SILVER CIY, N. M., Jan. 3 (U.P.)—With snow blanketing range lands in southwest New Mexico for the first time this winter, ranchers today were predicting that 1948 will exceed last year as a banner year of record livestock prices in Grant, Luna, Hidalgo, Sierra and Catron counties.

Normal annual shipments in this area exceeds 15,000,000.

The year-end snowstorm ended a four-month dry spell that had made necessary the moving of large herds of cattle to other ranges, or feeding them, thus cutting profits.

Suicide Verdict Rendered In Death Of Fort Worth Artisan

FORT WORTH, Jan. 3 (U.P.)—A Fort Worth man recognized his brother's car parked in front of a tavern today, went over to look at it and found his brother slumped dead over the wheel.

Herman Peters found the body of his brother, Sidney Philip Peters, 29, a carpenter. The latter had been shot to death by a 12-gauge shotgun found in the car.

The surviving brother said he was enroute to work and out of curiosity looked into the car which he recognized as his brother's.

Justice of the Peace Frank Hurley returned an inquest verdict of suicide.

"Poor" Rich Woman In Kin's Custody

WICHITA, Kan., Jan. 3 (U.P.) — Probate Judge Clyde Hudson today ended his wardship of Raye Winson and returned her to the wardship of a sister in Cincinnati.

Hudson directed that the $20,000 in cash and bonds found in a suitcase owned by Miss Winson be placed in the Union National bank of Wichita, to be transferred to the Fifth Third Trust Co. in Cincinnati.

Miss Winson was found here about a month ago, in need of food and doing odd jobs of washing clothes to eke out a poor living. During the investigation she said she would go to California and efforts were started to get her a charity ticket before officers found her wealth.

It was in an old, locked suitcase. She said she had lost the key. Officers picked the lock and uncovered the $20,000.

At a hearing, it was held that the woman, who gave her age as 38, was sane. However, the probate court placed her under its wardship to protect her and obtained living quarters for her pending today's action.

Hudson said he believed it to her best interests to return her to her former home and the wardship of a sister.

WARNING OF FLOODS

GENEVA, Jan. 3 (AP) — Flood warnings were sounded throughout Switzerland today. Unseasonably warm weather caused snows to melt even at 6,000 feet.

Twenty-Six Persons Arrested In Gambling Raid At Dallas

DALLAS, Jan. 3 (U.P.)—Twenty-six persons arrested by Dallas police last night at an alleged gambling house paid gambling fines of $10 each today.

Another was fined $25 for vagrancy and six were released on $10 bonds conditioning their appearance in corporation court for hearings next week.

The manager of the establishment and his assistant were held overnight for investigation of operating a gambling house, but were released later on writs of habeas corpus.

Police said three tables of poker were in progress when four plain clothes detectives entered the upper story establishment. Stakes totaled $3,000.

A quantity of poker chips, chip racks and playing cards were confiscated by members of the police vice squad.

DURANTE IN HOSPITAL

HOLLYWOOD, Jan. 3 (AP) — Comedian Jimmy Durante withstood an operation successfully. It was reported from the hospital last night that his condition was "good." The surgery was for removal of an intestinal tumor. Fellow comedians are taking his place on the radio until his return, expected Jan. 21.

Births Total 2,600, Deaths 551 In City Of Lubbock During 1947

Total births in Lubbock in 1947 exceeded 2,600, almost five times the number of deaths, a check of vital statistics records in the office of Dr. J. W. Rold, city health officer, indicted Saturday.

Number on file to Saturday noon was 2,579 — divided almost even in number of boys and girls — and at least 40 more which occurred before Jan. 1 will be received, past records indicate.

Boys And Girls Even

Number of girls born was 1,284 and number of boys, 1,295.

Deaths recorded for 1947 total 551.

Number of births in proportion to number of deaths has increased year by year, until the number of births in ratio to deaths was almost three and one-half times as large last year as in 1925.

In 1925, 314 babies were born and 227 persons died in Lubbock, records show. The ratio was 1.34 births to one death. In 1947, the ratio was 4.68 births for each death.

Increases Over 1946

The number of deaths and number of births each showed an increase over number in 1946, when 2,152 babies were born and 438 persons died.

Many of the babies are born to parents from towns in the area surrounding Lubbock and many deaths also are of non-residents. Compilation of 1946, for instance, showed that of the 438 persons dying, 302 were Lubbock residents and 136 were non-residents.

1940-47 Record

Number of births and deaths by years from 1940 to the present follow:

	Births	Deaths
1947	2,579 (Inc.)	551 (Inc.)
1946	2,152	438
1945	1,725 (Apx)	433
1944	1,914	500
1943	1,802	488
1942	1,469	408
1941	1,260	340
1940	1,133	366

Number of births in 1930 was 621 and number of deaths that year, 329, ratio of 1.83 to one.

More than 21,000 babies have been born in Lubbock in the last 20 years.

In 1946, the city health office had received records of 2,054 births up to Jan. 1 and 98 births which occurred before Jan. 1 were reported later, increasing the final figure to 2,152.

Three U. S. Army Enlisted Men Are Given Penitentiary Terms

OSAKA, Japan, Jan. 3 (U.P.) — Three enlisted men of the 25th Infantry division were sentenced by a general court martial to nine years at hard labor and dishonorable discharge for robbery and assault.

The soldiers were: Pvt. Paul E. Greene, 20, Hampton, Fla.; Pct. John H. Stephens, 20, Martinsville, Va.; and Pvt. Albert E. Isaac, 20, Claremore, Okla.

The army said three men stole a Japanese automobile in Osaka and then robbed a Japanese of 2,000 yen ($40) and a watch. They then took another car belonging to the Mainichi Press and wrecked it, the army added.

The men will be sent to the U. S. penitentiary at McNeil's Island, Washington.

Christmas Week Store Sales In Texas Show 36 Per Cent Rise

DALLAS, Jan. 3 (U.P.)—The Dallas Federal Reserve bank's weekly report on Texas department store sales today showed an increase in sales in major cities during Christmas week of 36 per cent over Christmas week in 1946.

The four weeks preceding Dec 27, 1947, showed sales 13 per cent above those during a comparable period a year previously.

With figures from Houston, which has shown the greatest percentage increases during recent weeks, not available, San Antonio took the lead with a 42 per cent increase during the one week and a 11 per cent increase for the four-week period.

Dallas showed respective increases of 21 per cent and seven per cent, Fort Worth, 33 per cent and 10 per cent. Houston showed an increase of 29 per cent for the week ending Dec. 20 and a 27 per cent increase for the three weeks ending the same date.

ATTORNEY IS NAMED

DALLAS, Jan. 3 (AP) — Carney W. Mimms, assistant city attorney here, has been appointed attorney in the Texas & Pacific legal department by J. T. Suggs, general counsel.

Mimms, who as a navy lieutenant took part in six combat operations in the Pacific, graduated from the Duke university law school in 1942.

GOES ON A LIGHT DIET—To win a wager with her father, Sarah Shoffstall, 15, lived with a German family for two weeks, eating their ration of not more than 1500 calories a day. Above, she sits down to a typical meal, consisting of black bread, potato and weak tea. Her father, Weldon P. Shoffstall, now on leave from Stephens College, Columbia, Mo., is chief of the German youth activities program in the U. S. occupation zone of Germany.

It's Razzle-Dazzle Weather In Denver

DENVER, Jan. 3 (U.P.) — Other parts of the nation can boast, or moan, about winter heat and cold waves, but Denver residents will put their town up against all comers for the erratic and unusual weather prize.

Following are some of the items on the weather bureau's blotter here:

Residents of the Barnum section of Denver will swear that it rained in that part of the mile-high city yesterday. Firemen from one of the city stations back them up. The weather bureau has only one explanation, since there wasn't a cloud within 100 miles. That is that snow blown from the mountains to the west was melted by warmer weather over town and fell as rain.

Other residents will also swear that lightning cracked over the city last night — again without a cloud in view. The weather bureau hasn't an explanation for this yet.

And three daily temperature records were set for Denver during the past week — two high and one low.

On Friday and Saturday, Dec. 26 and 27, new high marks for those days were set. The temperatures were 65 and 69 degrees above zero.

But four days later, shortly after midnight on New Year's eve, a new low temperature — six degrees below zero — was recorded for the date.

Denverites wondered what to expect next.

Rites For W. H. Salyars Of Breckenridge Held Saturday

Funeral services for W. H. Salyars, 72, of Breckenridge, father of A. W. Salyars of 2138 Nineteenth, were conducted in Breckenridge Saturday.

The Lubbock son was in Breckenridge at time his father died Friday. Survivors include three other sons and two daughters.

Mr. Salyars formerly lived at Dalhart.

U. S. Sets Oil Export Quotas

WASHINGTON, Jan. 3 (U.P.) — The Commerce department today set a quota of 12,000,000 barrels of petroleum products for export during the first three months of 1948. This is 200,000 barrels below the last quarter of 1947.

The Commerce department did not say how the quota would be allocated among foreign countries.

A department official said "last minute" changes would held up announcement of the country-by-country breakdown for about a week.

Nothing was said concerning the possibility that Canada might be added to countries on the quota list.

The department said the lower-ed export quotas were set in order to help relieve domestic shortages.

The $12,000,000-barrel quota is 5,000,000 barrels below the first quarter of 1947.

"This quota continues the policy of restricting exports of major petroleum products to the maximum extent possible until the current domestic shortages are alleviated," the department's office of international trade said.

"Since the current established quota is substantially below estimated export demand, export licenses will be approved only on the basis of the most urgent need."

In addition to a quota export of 12,000,000 barrels, shipments to American military authorities in Greece and the occupied areas of Japan and the Ryukyus islands will total 2,470,000 barrels.

These shipments to American military authorities are to meet "the requirements of special programs."

The first quarter quota will consist of the following: Blending agents, 150,000 barrels; aviation gasoline, 700,000 barrels; motor gasoline, 5,250,000; kerosene, 900,000; gas oil and distillate fuel oil, 3,200,000, and residual fuel oil 1,800,000.

Yeggs Ask Aid, Get It Plus Jail Terms

PLYMOUTH, Eng., Jan. 3 (AP) — Police answered an emergency call to a suburban office in the small hours.

Inside were two men. One of them, David O'Neill, 32, explained:

"We're a couple of burglars but my pal has broken his leg so I rang you chaps up to come and help us."

Matthew Byrne, the colleague, fell from a ladder during the burglarizing process. Yesterday he got a year in prison, and his helpful pal got 21 months.

VIVE LA FRANCE! —Whozit? It's Miss France of 1948, otherwise Yvonne Viseux, 20-year-old Parisian model. Photo by Rene Henry, NEA staff photographer.

Texas Wheat Group Will Meet Monday

A meeting of the Texas Panhandle Wheat Poisoning committee, which is sponsoring in cooperation with Texas Tech and Texas A. & M. college a research program to prevent an annual heavy cattle loss from grazing wheat, is to be held Monday at the Herring hotel at Amarillo, according to announcement received here from Art Bralley, secretary of the committee and Potter county farm agent.

The meeting starts at 11 a. m., and includes the showing of a moving picture on research at Pantex firms. The film shows cattle affected with wheat poisoning, and rabbits showing similar symptoms. A year ago eight rabbits on wheat pasture as their only feed died, with symptoms and wheat poisoning.

The film is to be shown and explained by Dr. Clyde Morgan, who is stationed at Pantex in charge of field work for the research staff. Newton Harrell of Amarillo is chairman of the committee.

Scheduled to speak briefly on progress and plans of the research program are W. L. Stangel, dean of the division of agriculture at Texas Tech college, who is director of Pantex farms; and Dr. R. D. Lewis, director of the Texas agricultural experiment station program. Also representing Texas Tech at the meeting will be J. P. Smith, assistant director of the farms, who is stationed at Pantex.

FILES FIRST REPORT

HILLSBORO, Jan. 3 (AP) — A preacher, the Rev. Paul Nering, pastor of the Pilgrim Holiness church here, was the first to file a 1947 income tax report when the Internal Revenue department zone office here opened for that purpose Friday.

Rise Cited In Local Traffic Accidents

A rising tide of traffic accidents in Lubbock last year—when there were 1,196 collisions investigated, as compared with only 821 in 1946—nevertheless produced only one-seventh of the 1946 fatality toll!

One person was killed inside city limits, as compared with seven the year before.

At that, Lubbock in 1946 was awarded a plaque in commemoration of the city's having established the best safety record in its class—from 25,000 to 50,000 population—in the entire state.

Actually, there were two persons killed in connection with the operation of automobiles here in 1947, but in one of the cases a woman subsequently was convicted of murder with an automobile, which, officials explained, removed that death from the accidental category.

There were 152 persons injured in 1947, as compared with 139 in 1946, a report made up by Chief of Police Lewis Kittrell and Capt. Bill Lamb of the police traffic department showed.

Police hope that continued expansion of the system of traffic lights, together with constant attention toward increased enforcement, will narrow the number of traffic mishaps this year

WOMAN ELECTED

GREENVILLE, Jan. 3 (AP) — Mrs. Howell H. Husbands yesterday was elected without opposition to fill the unexpired term of her husband as street and fire commissioner.

CLAIMED BY DEATH

GALVESTON, Jan. 3 (AP) — Mrs. Henrietta Middelegee Amundsen, 59, a prominent member of Galveston civic and cultural life, died here yesterday. She was one of the organizers of the Galveston Garden club and its first president.

Most Voters Over Texas Oppose Labor Taking Part In Politics

(BY THE TEXAS POLL)

AUSTIN, Jan. 3—In a new year which will teem with political activity, a majority of the eligible voters of Texas think labor unions sould take no part in political campaigns.

In no division of the adult population is there any weight of opinion for union political participation except among the ranks of union labor members and their families, and even this group cannot muster a majority on the question.

This public attitude, together with others toward labor unions, was found by The Texas Poll in its latest statewide survey. Poll interviewers asked a representative cross-section of the state's eligible voters this question:

"Do you think that labor unions should take part in political campaigns?"

	All Texans
Yes	29%
No	57
No opinion	14
	100%

How union members or people with labor union connections in their families differ from the remainder of the population on this question can be seen from the following tabulation:

	Yes	No	
People or members of families belonging to labor unions	49%	44%	7%
People or members of families not belonging to unions	23	61	16

In contrast to this public attitude against political activity by unions, the weight of opinion among adult Texans is that it is better to join than stay out of a labor union.

Texas Poll interviewers put the following question to the same representative cross-section of the state's adults a third question:

"Do you think that members of labor unions receive better wages than others doing the same type of work?"

	All Texans
Yes	68%
No	18
No opinion	14
	100%

A sizeable group of people think that workers ought to stay out of labor unions even though they believe union members receive better wages. Although nearly seven out of every ten adults think the union man's pay envelope is fatter, nearly a third of this group indicates the belief that it is better to stay out anyway.

People in labor unions or who have members of their families in unions (21 per cent of the adult population, the young and middle-aged are slightly more willing to favor union membership than people of 50 years or more. Analysis also shows that the lower income group are a little more willing than the higher income groups to place the stamp of approval on membership.

People with grade and high school education favor union ties only slightly more than the college trained.

Internal Revenue Practice Of Helping Taxpayer Curtailed

Bad news for income taxpayers came at the turn of the year from the office of the Internal Revenue service of the Treasury department with the announcement that deputy collectors have been instructed to sharply reduce the time they have spent in helping taxpayers complete reports.

The instructions came from John B. Dunlap, head of the Second Texas district office at Dallas, and dre wemphasis from L. B. las, and drew emphasis from L. B. here.

Citing a 25 per cent reduction in the staff of field deputies as of last July 1, Barkley said the instructions provide that deputies limit their assistance to the public to answering questions, and that deputy must necessarily be limited to a few minutes. Only one deputy will be on duty in some field offices, the announcement said.

Barkley joined Dunlap in urging full public cooperation by limiting their calls for help to a minimum, allowing the department to assist as many as possible.

MEXICAN YOUNG PEOPLE STAGE PARTY—Annual holiday party of the Young People's club of St. Joseph's church in the Mexican quarter of Lubbock was held the past week at the parish hall. The club meets every Tuesday and Friday and was formed to provide social and recreational facilities for the young people of the neighborhood and also to emphasize civic and religious responsibilities. Manuel Garcia, a student at Texas Tech, is president and Joseph Rivera is vice president; Lupe Gutierrez is secretary and Luisa Hernandez treasurer. Rev. John Moore, C.S.P., served as director. Preceeding dancing at the party, a dinner, prepared by a committee of young women, was served. Music for the dance was furnished by Manuel Rangel and his orchestra. Many of the members of the club are veterans of World war II and plans for the new year call for guest speakers to lecture on civic rights and duties.

Atwood McDonald Mentioned For Texas Supreme Court Position

FORT WORTH, Jan. 3 (U.P.) — Fort Worth attorneys today made known their choice of Chief Justice Atwood McDonald of the Second Court of Civil Appeals as the successor of the late Chief Justice James P. Alexander of the Texas Supreme court.

Telegrams were dispatched to Governor Beauford H. Jester yesterday and today urging the appointment of Judge McDonald to the higher post.

Spearheading the movement was Oliver W. Fannin, president of the Fort Worth Bar association, who strongly favored Judge McDonald's appointment and said that a majority of Fort Worth attorneys held similar sentiments.

Support of the Fort Worth appellate judge was reported in Dallas and Wichita Falls, although reports from Austin indicated District Judge John A. Rawlins of Dallas was being urged for the post.

A snail can repair its broken shell until it is as good as new.

Policeman Subdues New Yorker Who Attempts Subway Suicide

NEW YORK, Jan. 3 (AP)—In a fierce struggle under a stopped subway train, a policeman today subdued a man who police said was trying to commit suicide by seizing the third rail of the track.

Scores of horror-stricken passengers on the station platforms witnessed the fight.

Police said the man, whom they identified as Joseph Giannola, 35, left his wife on the platform and leaped in front of an incoming train at the 59th street station of the Lexington avenue I. R. T. subway line.

The train ground to a halt, the first car clearing the man's body and leaving him trapped under the second car.

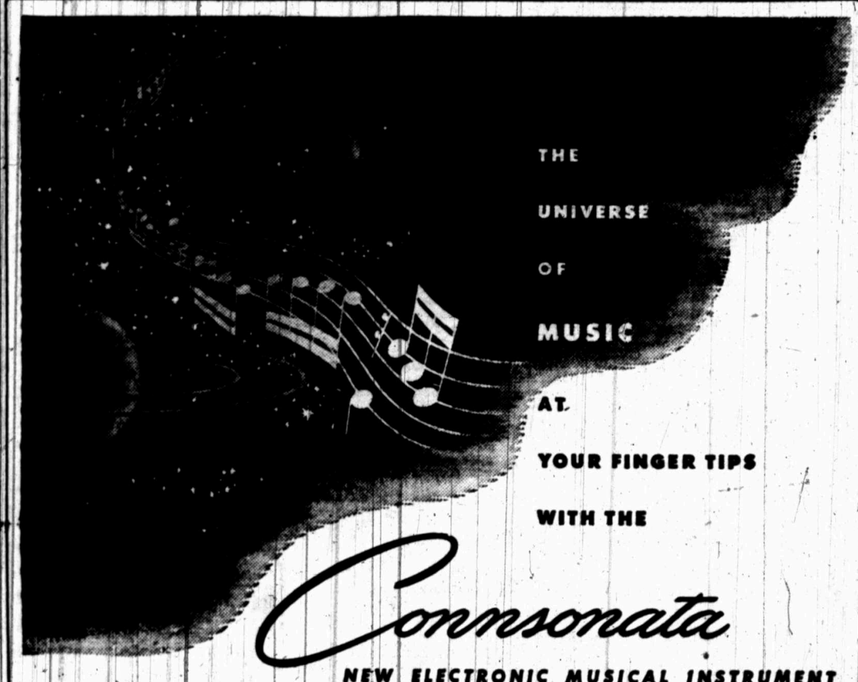

Patrolman Timothy Long, summoned to the scene, dropped to the tracks and crawled to the man who was trying to reach the third rail. Meanwhile, ticket agent threw a switch, shutting off power in the third rail.

REAR ADMIRAL DIES

LONDON, Jan. 3 (AP) — Rear Adm. Sidney Rupert Dight, 62, originator of smoke screens which confused German fliers raiding British cities, died today.

Methodist Evangelism School Conference Will Open Monday

Approximately 100 ministers from all parts of the Northwest Texas conference of the Methodist church, which embraces the area north and west of Stamford, Abilene and Sweetwater, are expected here this week for the conference school of evangelism at First Methodist church Monday through Friday.

The school will be under the direction of Bishop Chas. C. Selecman, presiding bishop of the Dallas area, with Dr. J. O. Haymes, district superintendent joining Dr. H. I. Robinson, first church pastor as official hosts. Bishop Selecman also is president of the general board of evangelism of the church.

Dr. Selecman To Speak

Visiting speakers in addition to Dr. Selecman include Dr. Harry Denman, of Nashville, secretary of the board of evangelism of the Methodist church, and Dr. Dawson C. Bryan, pastor of St. Paul's Methodist church, Houston, who is author of a recent book "A Workable Plan of Evangelism."

First session of the school is to be held at 2 o'clock Monday afternoon, then from 10 to 12 each morning for the ensuing four days, according to program announced by Drs. Haymes and Robinson. The afternoon and evening of each day are to be spent in visitation evangelism, with many towns in this area participating in this part of the program.

Invitation Issued

"Dr. Haymes explained that sessions of the school proper are primarily for ministers, including all ministers of the city who wish to attend, but that laymen are also invited to attend. Laymen are to join in the visitation program.

"Rev. J. Edmund Kirby of Sweetwater is president of the conference board of evangelism, and Rev. Frank Beauchamp of Dumas, former Methodist pastor at Abernathy, is secretary.

"Dr. Haymes emphasized that people from other churches are cordially invited to participate in the sessions.

Agriculture is the largest single industry in the United States.

Boyish Prank Leads To Death Of Child In Bay City, Mich.

BAY CITY, Mich., Jan. 3 (U.P.)—Seaman Smith, 12, was entertaining his three younger brothers by putting his belt around his neck and letting them lead him around like a dog on a leash.

Then he told them he was going to hang himself. He climbed upon a chair and looped the belt around a chain fastened to a rafter. Seaman slipped and the chair toppled, leaving him dangling by the neck.

He was dead when his 14-year-old brother, Robert, summoned by the children, cut him down.

Mexico Abandons Luxury Tax, Introduces A Sales Levy

MEXICO CITY, Jan. 3 (AP) — Mexico City's five per cent luxury tax imposed during the war ended today.

In its place the federal government has imposed a 3.3 per cent sales tax which will be effective throughout the republic. Of the total tax 1.8 per cent will go to the federal government and 1.5 to the federal district and the states. The tax will be included in sales price and not added to the advertised price.

Roy L. Haynes Heads Placement Division Of TEC In Lubbock

Roy L. Haynes, recently of Amarillo, has assumed his duties as head of the placement division of the Lubbock office of the Texas Employment commission, it was announced yesterday by James E. Marshall, manager.

Haynes, who had spent the last three months in the district office at Amarillo, had been with the state headquarters office of the TEC at Austin. He and his wife live at 2310 Twenty-ninth.

Death Toll In Typhoon That Hit Philippines Totals 162

MANILA, Jan. 3 (U.P.) — Death toll from the typhoon that struck here at Christmas time rose to 162 today as belated reports came in from southeastern Luzon.

Reports from Sorsogon province revealed that at least 100 persons were killed outright or died of injuries during the storm. Thirty-four of the deaths were in one town.

The death toll previously totaled 67.

Company Manager Predicts More Telephones In Texas In 1948

DALLAS, Jan. 3 (U.P.)—W. L. Prehn, general manager of the Southwestern Telephone Co., held out a promise today of more telephones for Texas users in 1948.

Prehn said that his firm would spend $65,000,000 on construction and other improvements in Texas this year. He said that more than 145,000 telephones were added in Southwestern Bell's exchanges in Texas last year.

ELEVATOR DESTROYED

ELKTON, Mich., Jan. 3 (AP)—Two and a half million pounds of beans went up in smoke today as a $500,000 fire destroyed the Elkton elevator of the Wallace and Morley Co.

The overall annual expenditures for running the United States' educational system approaches $5-billion.

RETURNS TO FOLD — Bulgaria returned to the fold of friendly nations as Dr. Nissim Judasy Mevorah, above, presented to President Truman his credentials as minister from the former Axis satellite nation. Diplomatic relations between the U. S. and its former enemy were formally resumed for the first time since the war.

Chicken Eggs Best, Taste Panel Says

LONDON, Jan. 3 (AP)—Scientific tasters who ate 81 kinds of birds' eggs announced today they found that chicken eggs still taste best.

Dr. Hugh B. Cott of the Cambridge Museum of Zoology, who directed a three-man tasters' panel, reported the results in the scientific magazine, Nature.

With 10 as the highest possible flavor rating, chicken eggs tallied 8.8. Turkey eggs were 7.2; gull, 7.0; crow, 6.6; duck, 6.5; wren's eggs, at 2.0, were lowest.

In general, the investigators reported, big eggs taste best. Dr. Cott suggested little birds can't fight off predatory attackers easily, and possibly law bad-tasting eggs in self-defense.

ACTRESS IS DEAD

LONDON, Jan. 3. (AP) — Edna May, 69, American musical comedy actress and singer, died yesterday in Lausanne, Switzerland, officials of the Ritz hotel, where she made her London home, reported today.

Felony Cases Mount In '47

Two hundred twenty - four felony actions were tried in the 99th and the 72nd district courts of Lubbock, Hockley, Crosby and Cochran counties in 1947, a report of District Attorney Lloyd Croslin showed Saturday.

Three hundred fifty-six years, plus one life sentence, were assessed in penitentiary sentences.

Another 294 years in penalties were suspended, which means that those suspensions could be set aside by the courts upon conviction of defendants on other charges during the term of suspensions.

Of cases tried, 51 were for theft, for burglary, 35 for forgery, nine for assault with intent to murder, eight for desertion of minor children or wives in necessitous circumstances, six for maiming, and four for murder.

Other Cases Filed

Other, so-called run-of-the-mill, cases tried were for drunk driving, second offense, 5; possession of narcotics, 2; assault with prohibited weapon, 3; incest, 1; rape, 1; assault with intent to rape, 3; disposal of mortgaged property, 1; swindling, 4; robbery, 3; receiving and concealing of stolen property, 1; failure to stop and render aid, 2; possession of narcotics, 2, and the like.

On the dockets of the four counties are 48 felony actions ready for trial, and expected to be taken up at the next sessions of court. Twelve of the indictments charge forgery, 11 theft. Three charge murder, one rape. Other indictments charge burglary, possession of narcotics, assault with intent to murder, desertion, assault with a prohibited weapon, swindling, and false swearing.

The entire year nas reflected a mounting number of felony offenses, court officials said.

A tick has six legs when it's young, but eight legs after it becomes an adult.

Texas Tech Students To Resume Studies; Busy Schedule Is Set

The Christmas holidays at Texas Technological college will come to an official end tomorrow morning at 8 o'clock, and some 6,200 students will be returning to the routine of classes, laboratory periods and coNege social activities.

Lubbock, which always seems somewhat quiet in the absence of Tech's student body, will return to normal again, and the New Year will drop the holiday attitudes for the more business-like aspects of every-day living.

The vanguard of returning students started trickling into town late in the week and the stream has slowly swelled until all but the latest stragglers will have arrived by late tonight. The double cut rule, in which students are charged double for every class they miss, will be in effect until Wednesday and will undoubtedly catch a few laggards still far away.

Dead Week Due Soon

No sooner will they resume their accustomed niches, with the usual New Year's resolutions of greater academic efforts fresh in mind, than they will be faced with the necessity of preparing for final examinations, for the first semester will end about three weeks after the end of the holidays.

The week of restricted social activities, known as Dead Week, will begin on Jan. 19, and will extend through Jan. 24. Final exams will be held Jan. 26-31.

Registration for the spring term will again be Feb. 5, with the first classes scheduled for Feb. 9, to start off a semester that promises to be filled with a great variety of activities, both social and academic.

Religious Lectures Planned

The first of these will be Religious Emphasis week Feb. 23-28. During this time the Willson lectures will again be delivered to the students in mass covocations. These addresses are made possible by the Willson Lectures fund, a $10,000 donation to the college by the J. M. Willson family of Floydada, the income from which is used to finance a series of talks of a religious nature by a prominent speaker each year.

The month of March will be exceptionally full with rush week for the various social clubs taking place, campaigns for student offices in full swing, the annual Engineer's show and the Varsity show. No definite date has been set for the Varsity show as yet but it will in all probability take place in March. The only period of leisure that the students will enjoy away from their studies during the month will be Easter vacation which will begin March 25 and end March 30.

Elections, Rodeo Slated

Student election and the All-Western Days and All-College Rodeo will be highlights for the month of April. The elections will be for representatives to the student council, the various offices on the student publications and for men and women cheer leaders. The All-Western Days and All-College Rodeo is the biggest celebration of the year at Texas Tech and features such zany antics as a Kangaroo court and a beard growing and beauty contest for men as well as a big parade and rodeo in which the students participate.

Parents day and All-College Recognition day will fall on Sunday, May 2, this year and final examinations for the spring term will start on May 28, and end June 3. Baccalaureate services are scheduled for June 6, and Commencement for June 7.

With so many events scheduled for the next few months, it is not quite so hard for students to return to the same old grind and from the point of view of those looking for a full round of activities the New Year holds a great deal of promise.

Fines Assessed In Lubbock Court In 1947 Totaled $41,842, Lowest In Three Years

The county court of Judge Walter Davies disposed of 1,217 pieces of business in 1947, the court's report showed.

That included criminal and civil actions, probate, lunacy and juvenile cases, tuberculosis applications and birth certificates recorded.

The total compared with 1,224 for 1946, 758 for 1945, Judge Davies said.

Judge Davies' reports showed that $41,842 in fines was assessed in his court in 1947, a total of $49,443 in 1946, $47,534 in 1945.

Total jail sentences assessed in 1947 was two years, seven months, 19 days, one hour, he said. The year before, he assessed four years two months in jail sentences—in 1945, four years, four months, 16 days.

As to county court civil business, Judge Davies said 11 cases had been tried by jury, four by the court, 23 default judgments were entered, 29 cases dismissed by agreement, and 25 agreed judgments were entered.

In addition, the court signed and filed 543 probate papers, closed 114 estates, and handled 39 lunacy cases.

On the juvenile docket, Judge Davies dismissed one case, sentenced four defendants to the state training school, paroled eight minors to parents conditioned upon their good behavior, and reprimanded 33 more youngsters He said only two boys and a girl are in training school now.

That compares with 15 persons sentenced to juvenile institutions in 1946, 12 in 1945. He paroled 10 juveniles to their parents in 1946, 53 in 1945.

Eighteen tuberculosis applications were mailed in 1947, of which 12 were accepted and six rejected. In 1946, 30 applications were mailed, of which 19 were accepted. In 1945, the figures were 38 and 31.

One hundred forty birth certificates were approved and recorded in 1947, 201 in 1946, 321 in 1945, Judge Davies said.

Chinese universities buy an average of 50,000 volumes annually from a London bookstore, which has customers in every country.

Texans Still Have Influence

WASHINGTON, Jan. 3 (AP) — Although they are minority members, Texans in Congress will not be without influence in the new session starting Jan. 6.

There's an air of confidence about them which may be a handover from the long spell in which they dominated the scene, from 1930 to 1946.

Bonham's Congressman Sam Rayburn has less power than he did as Speaker, but as Minority Leader he has less trouble keeping all the Democrats in line . . . and a solid minority is a potent body.

Texans don't manage committees now, but from force of habit they still take leading roles in questioning witnesses. Many are old timers and recognized authorities on certain subjects. This explains why Republican chairmen yield frequently to them.

Speaking of committee positions, the death of Rep. Drewry (D-Va) automatically moves Rep. Lyndon Johnson of the Austin district up a notch and into third spot among Democrats on the important House Armed Services Committee. Rep. Vinson of Georgia and Rep. Brooks of Louisiana precede him.

This situation probably will be one of the factors Johnson will weigh in deciding whether to run next summer for Senator W. Lee O'Daniel's seat. Should he remain in the House and Democrats regain control of it, Johnson in a few years might be chairman of the committee.

San Antonio's Rep. Paul Kilday is immediately behind Johnson in seniority among Democrats on the Armed Services group.

Incidentally, Senator O'Daniel still refuses "to give the professional politicians the satisfaction" of knowing whether he will seek reelection. The senator's aides say "you can be sure he knows he will win if he enters the race."

Getting back to the committee posts of Texans in the House, several others are near the top among Democrats, and considering the age and other circumstances of colleagues ahead of them in seniority, might expect to be chairmen in a few years if they remain and if the Democrats get another chance at the controls on Capitol Hill.

Edwin E. Merriman Associated With Parr Merriman In Firm

Announcement of the association of Edwin E Merriman, formerly of Austin, with him in the accounting business was made Saturday by Parr Merriman. The firm, located in the new Ferguson building at 1412½ Texas avenue, will be known as Merriman and Merriman, accountants.

Edwin Merriman was formerly with the Texas Employment commission and served as field auditor, chief field auditor and chief accountant. In 1937 he was stationed in Lubbock for seven months. He served three years in the Navy in Brazil and in the Pacific theater.

A graduate of the University of Texas school of business administration in 1933, he is married and has a daughter, 13, and a son, 10. The family resides at 3008 Twenty-sixth.

Board Presents Program To Aid In Air Safety Improvements

By JAMES J. STREBIG
Associated Press Staff Writer

WASHINGTON, Jan. 3—President Truman's special Air Safety Inquiry board urged in a final report yesterday than individual airlines concentrate within their separate organizations the responsibility for safety of their passengers and personnel.

It also proposed steps to improve both flight and ground crews.

The White House made public the report.

It was signed as Chairman by James M. Landis, whom Mr. Truman dropped as head of the Civil Aeronautics board without explanation this week. The special board was appointed June 15 after three of the worst accidents in flying history.

Other Reports Planned

Milton W. Arnold, retired Air Force brigadier general now serving as vice president of the Air Transport association, filed a minority report asserting "I cannot be a party to opinions and recommendations concerning aviation economic problems which have been presented to the board under a 'cloak of safety'." He added that the majority report covers matters "more rightfully within the jurisdiction" of the presidential and congressional air policy boards.

Howard B. Cox of Lomita, Calif., an American Airlines pilot who represents the Air Line Pilots association (AFL), disagreed with the section on personnel problems. He will file a memorandum on his views.

Meetings Are Proposed

The other two board members apparently accepted the report as presented. They are J. C. Hunsaker, chairman of the National Advisory Committee for Aeronautics and professor at Massachusetts Institute of Technology, and T. P. Wright, Civil Aeronautics administrator.

The majority report said that essentials in airline safety are coordination in methods and exchange of experience, and centralization of responsibility. It proposed regular meetings of all who have an immediate concern with safety matters, such as maintenance officials, engineers, dispatchers and pilots. For the second phase the board proposed "something akin to a safety director" because "much is likely to be gained in any task by a single-hearted, full-time devotion to it."

Improvements Said Possible

After summarizing 56 safety steps listed in five previous reports, the board took up the problems of fire safety; manufacture, maintenance, repair and inspection of aircraft; airline organizations for safety; personnel problems, and a variety of items such as parachutes, rocket engines for emergency power; regulation of non-scheduled air transport operations; runway barriers for emergencies; flight practices regarding altitude, and air research and development.

The board said it is not possible to govern irregular or contract air carriers under safety standards equal to those of the regular airlines, "but the standards of safety now applicable to the irregular carriers (those not having a certificate or scheduled airline operation) can certainly be elevated."

The board said it had no reason to warrant any change "in the fairly unanimous opinion that use of parachutes (by airlines) would be undesirable as well as impractical."

Arnold concurred substantially in the majority views on fire safety, but set them out in his own language. He disagreed, however, with the majority in the matter of safety fuels—gasoline with a low ignition factor—and said he feels the public "has been given a false indication of the value of these supposed safety fuels as a method of enhancing safety."

The majority said that in its judgment "the greatest single contribution that could be made to aircraft fire protection is the development of a real safety fuel having a less volatile quality than the aviation gasoline now being used." It urged continued research.

The board sat almost daily for two and a half months, hearing nearly 200 witnesses from government and industry.

Trial Jan. 5 For Grand Saline Man Charged In Fatal Shooting

GRAND SALINE, Jan. 3 (AP)—The trial of Richard Murdock, 49, charged with murder without malice in the fatal shooting of James David Mullican has been set for Jan. 5 in 86th District court.

Mullican, 19, was fatally wounded Dec. 14 by a bullet which came through the back seat of the car in which he was riding.

Murdock, former local nightwatchman, said he had fired at an automobile which circled the community Christmas tree in downtown Grand Saline several times. Murdock said he was attempting to puncture a tire on the vehicle.

As many as 2,000 people per square mile live in the Ganges valley of India.

DODGE INTRODUCES NEW TRUCKS — Among the 248 basic gross vehicle weight chassis models announced in the new Dodge "job-rated" truck line is this B-1-H tractor of 128-inch wheelbase, 15,500 pounds gross vehicle weight (1½-ton normal rating) and 28,000 pounds gross train weight. It will be one of the new models to be shown at Dickinson Motor company starting Wednesday.

* * *

New Line Of Dodge Trucks To Be Displayed By Dickinson Motor Company This Week

Several models of a completely new line of Dodge "job-rated" trucks of 248 basic chassis models ranging from 4,250 to 23,000 pounds gross vehicle weight will be displayed by the Dickinson Motor company, 1413 Ave. J, starting Wednesday.

A comibnation of massive strength and smoothly-flowing lines is the keynote of styling for the new trucks, designed to combine appearance with comfort, safety, performance, economy and ease of handling.

Front Axles Moved Back

Front axles have been moved back and engines moved forward to place more of the gross vehicle weight on the front axle and provide better weight distribution. The wheelbase for conventional models through the 2-ton has been reduced eight inches, while the 2½ and 3-ton models have been reduced six inches. The new trucks have been engineered so that despite the shorter wheelbases, the cab-to-axle dimensions remain practically unchanged, making it possible to use the same length bodies as before.

New ease of handling and driving has been provided by the shorter wheelbase and wider tread front axle, together with cross steering, which is a new feature on all conventional cab models. The cross steering permits a 37-degree turning angle both right and left. Drivers now can park or back into alleys or up to loading platforms with much greater ease.

Seat Width Increased

Seat width has been increased to 57¼ inches to permit three large men to ride without crowding. The chair-height seats provide leg support under the knees and can be adjusted seven inches.

Comfort in any season or weather is provided by an all-weather heating and ventilating system which is an ingenious combination of truck heater, defroster vents, vent windows, cowl ventilator, and fresh air intake.

De Luxe and custom cabs have what is termed "360-degree vision" through increased glass area and installation of rear quarter windows. Windshields and windows of the new "Pilot-House" cabs are higher and wider, adding to vision and safety.

Dodge has seven different engines to handle the power requirements of its new line. Numerous engine improvements have been made.

TAKEN BY DEATH

CORK, Eire, Jan. 3 (AP) — Denis Fitzgerald, 76, former dean of the medical faculty of University college, Cork, died today.

FIVE ARE KILLED

SANTIAGO, Chile, Jan. 3 (AP)—Five workmen were killed and 15 injured, 10 severely, today in a coal mine accident at the coastal city of Lebu, some 300 miles south of here. They were ascending the shaft in a cage when the cable broke and the cage fell 60 feet.

Peel vegetables into a sink strainer or on to newspaper so that when the peeling is finished the refuse may be easily put into the garbage container.

"We Have No Explanations And No Regrets"

"We Wish To Be Together In Death As In Life"; Man And Wife Make Suicide Pact

PHILADELPHIA, Jan. 3 (U.P.)—The father of Charles Lachman, 22, who committed suicide in a death pact with his wife, said today the couple had "everything to live for."

The bodies of Lachman and his 21-year-old wife, Pearl, were found in their one-room apartment yesterday. Both had taken poison.

"We have no explanations and no regrets," said a note in Lachman's handwriting. "We are very happy and have a good time. We wish to be together in death as in life."

In Each Other's Arms

The lovers were clasped in each other's arms.

"There is no possible reason for their deaths," Lachman's father, Abraham said. "They both seemed very happy. They had everything to live for."

Police said Lachman, a pharmacist, and his wife, apparently spent three days rehearsing their suicide. A diary kept by Mrs. Lachman described how they went to a movie New Year's Eve, then came home, drank a toast and discussed the details of their deaths.

The following day, the diary revealed, Lachman took a taxi and went out to buy the poison. After that they attended another movie.

"We laughed until our sides ached and came home to make our plans for tomorrow," the diary said.

Cleaned the Apartment

Mrs. Lachman then told how she spent hours cleaning the apartment. She said she felt all right except for a slight cold.

After that, they apparently took the poison. They requested that no autopsy be performed.

"If you wish to find the cause of death there should be enough lethal material left to disclose the kind of agent used," the note said.

A two-ounce vial of poison was found in the room. It was labelled: "Poison: Sample of lethal material."

Their bodies were found by Mrs. Harold C. Allen, apartment house superintendent who became suspicious when she heard the Lachman's radio playing and knew it was too early for the couple to be home.

The elder Lachman said both his son and his wife were graduates of the Philadelphia college of pharmacy and science. They were married in 1945 and Lachman had planned to attend medical school in the fall. Lachman was a navy veteran.

"We wish to be cremated together at the same time and have our ashes mingled," the note said. "Leave our wedding rings on and leave Peg's engagement ring on."

Kuykendall Chevrolet Co. To Open In New Building Monday

Kuykendall Chevrolet company will open for business on an abbreviated scale in its new building at Nineteenth and Texas avenue Monday, it was announced Saturday. The company moved from its former home at Thirteenth and Ave. K, during the past week-end.

Formal opening of the new building, one of the most complete automobile sales and service institutions in the Southwest, will be staged in about three weeks, Walter G. Alderson, manager, said.

Contrary to popular belief, the color of maple sap as it flows from a tree is not brown, like maple syrup, but crystalline as water.

ON GUARD IN NO MAN'S LAND—Wearing the side-curls of the orthodox Jews, a member of the Haganah, underground army, keeps watch at a sandbag barrier in the "No Man's Land" between Arab Jaffa and Jewish Tel Aviv in strife-torn Palestine.

City Public Schools Will Resume Classes

All public schools of the city will open at regular time Monday morning, following two weeks' Christmas vacation.

Work in the public schools will be pointing toward end of the first semester, Jan. 16.

Opening of the new cafeteria on Dupre school campus is planned for this week by Mrs. Dora Nell Carroll, director of cafeterias. The cafeteria is in a structure separate from the school building.

In the following week, the cafeteria at Sanders school is to be opened. In both Dupre and Sanders schools, the cafeteria equipment will be identical to that at Chris Harwell, McWhorter, George R. Bean and Roscoe Wilson cafeterias, which opened prior to Christmas holidays.

On the public school radio program over KFYO from 11 to 11:15 o'clock Saturday morning, Miss Dorothy Lomax, director of secondary education, and Mrs. Ross Ayers, who has charge of general school radio programs, will speak on "Correlating Work of Our Schools." The regular radio program is designed especially for parents of Junior and Senior High school students.

Among hundreds of objects found in stomachs of fish captains of The Atlantic Coast Fisheries Co. fleet of trawlers report, bottle nipples are most common to cod.

The word "apron" evolved from the Old French word for tablecloth, according to the Encyclopedia Britannica.

Striking Grimethorpe and South Kirby, England, coal miners played cricket to amuse an audience of other striking miners.

Hollywood On The Loose...

Filmtown Facts And Fancies

BY ERSKINE JOHNSON
NEA Staff Writer

HOLLYWOOD, Jan. 3—Burgess Meredith, who will produce John Steinbeck's "Cannery Row" on the stage, wants to star wife Paulette Goddard. It depends on her film commitments . . Economy note: There will be a capsule wardrobe for Lauren Bacall in "Key Largo" — one cotton suit and one black calf belt — total cost $75. But the film has a million-dollar cast—Bogart, Eddie Robinson, Lionel Barrymore and Claire Trevor.

JOHNSON

Jack Carson and Warner Brothers have just about called it a day . . . Yvonne de Carlo and her mama had another spat, and Yvonne, in a huff, flew to Canada . . . Carole Landis and her husband, Horace Schmidlapp, are straining at the leash . . . Elliot Lawrence, the band leader at the Palladium, and his singer, Rosalind Patton, are engaged.

• • •

JOCKEY SCRATCHED

THIS is Hollywood: Mrs. Jones: Leo Gorcey accepted the role of a jockey in "So This Is New York" on one condition—that he wouldn't have to ride a horse. He rode one in a picture once, was thrown and broke a couple of ribs.

Sight of the week: Burly Bill Bendix playing host at a birthday party for his three-year-old daughter, Stephanie.

Lina Romay wouldn't mind at all if Jimmy Stack proposed marriage . . . Comedy of errors in the lobby of the Beverly Hills Hotel when Clark Gable picked up the keys to the wrong room. Gable's blushes lit up half of Sunset Boulevard . . . Trademark for the new Warner newsreel is Plymouth Rock instead of the old Pathe rooster. The switch, says Lee Patrick, is obvious. The rooster was a Rhode Island Red. Bob Alda's son, Alli, will make his professional acting debut in "Junior Miss" in next season's summer stock . . . Greer Garson checked in at Metro, for "Julia Misbehaves," feeling and looking better than she has in months.

Credit Spencer Tracy with the longest uninterrupted film speech of the year. He did a seven-minute "take" for "State of the Union" without a flaw, and won a round of applause from everyone on the set.

Doctors have advised Nancy Sinatra, who is expecting another baby in the spring, against flying to New York to be matron of honor at the wedding of singer Kitty Kallen to Budd Granoff . . . Phil Silvers probably will get the comedy lead in the film version of his Broadway hit, "High Button Shoes." Some day Hollywood will appreciate Phil—and this may be it.

• • •

DENY AD RUMOR

THE Producers' Association denies that the studios are considering selling advertising in feature films. Kate Smith has the music trade excited about her recording of "The Christmas Song." She sings it in the style of Nat "King" Cole. . . . Janet Gaynor is planning a film comeback via her own producing company.

A successful picture does not necessarily make a successful actor. Remember "The Sullivans"? Very little has since been heard about four of the five young actors who played the Sullivan brothers—Edward Ryan, Jack Campbell, John Alvin and George Offerman, Jr. Only James Cardwell, who played the eldest Sullivan is still in the news. He's one of the two leads in "Harpoon," a whaling story filmed entirely in Alaska.

Spencer Tracy "Man Of Hour"

By PATRICIA CLARY
United Press Staff Writer

HOLLYWOOD, Jan. 3—Who's the man who most strongly influences today's woman, emotionally? Clark Gable, Van Johnson, Frank Sinatra, her husband?

No, fellows, it's Spencer Tracy.

That's what the ladies said, when poll-takers from the Women's Research Guild of America asked them. They said Tracy had a strong, dependable look about him that was mighty influencing.

Spencer Tracy

Gable, Johnson and the rest of the screen's romantic figures came in poor seconds.

In the past, it was a foregone conclusion that any actor in the cast was a romaptic hero but Tracy. No matter how sympathetic Tracy's character, the other guy got the girl. Gable did for years.

The strength of Gable's romantic scenes was measured in kisses. Tracy's by slammed doors. He was the guy who always walked out and said "goodbye."

Tracy Steps Out

But in "Cass Timberlane," M-G-M's movie of the Sinclair Lewis novel about a respectable Minnesota judge, Tracy brings the dependable, influential hero into his own. He not only married Lana Turner but takes her away from Cameron Mitchell and keeps Zachary Scott, the wolf, from the door. He does it again in the Frank Capra Liberty Films picture, "State of the Union," in which he is married to Katharine Hepburn, who according to the script is wildly in love with him, and attractive to Angela Lansbury.

Tracy even holds his own in Miss Lansbury's affections, against Van Johnson.

"And that is some satisfaction," Tracy said.

It's almost as satisfying, he said, as being chosen, hands down, the No. 1 influence on American women's emotions.

Variety Offered On Week's Film Menu

Junior IOOF Lodge Installs Officers

Jimmy Wilbanks was installed as chief ruler of the Lubbock Junior lodge No. 11, IOOF, succeeding Jack Gardner, in ceremonies at the lodge hall Friday night, C. M. Tomlin, adviser, reported.

Tomlin was installing officer, and was assisted by W. A. Holeman, J. W. Hodges, J. H. Barnett, H. H. Gray and J. W. Chism.

Other officers installed were Dan Williams, deputy ruler; Joe Kennedy, recorder; Loyd Chastian, accountant; Edwin Dickson, treasurer; Charles Hodges, warden; Lonnie Holmes, conductor; O. O. Sampson, inner sentinel; Thomas Holeman, outer sentinel; A. C. Pennington, chaplain; Don Hitt, right aide to chief ruler; James Connor, left aide to chief ruler; John Chism, right aide to deputy ruler; Wilfred Parker, left aide to deputy ruler.

ARMY EVACUATES PANAMA BASES—Advance units of the 805th engineer battalion at the Rio Hato air base, Panama, Canal Zone, move to the main highway to mark the first unit to evacuate its Panama base following the rejection of the Panamanian bases accord. (AP Wirephoto.)

Bonds Totaling $135,000 Set In Robbery Cases In Dallas

DALLAS, Jan. 3 (AP)—Two men were held today under bonds amounting to $135,000 in eight cases of armed robbery.

Justice of the Peace W. L. Sterrett set the bonds yesterday against Tommie Taylor Anderson, 29, charged in five cases of armed robbery, and Stanley George Hurley, 40, charged in three cases of armed robbery.

Robert Paul Smith, 22, arrested with Hurley and Anderson last week, remained in jail under burglary and habitual criminal charges.

Oklahoma City police were holding two other men suspected of being involved in the same cases.

Police said a group of men were responsible for 15 recent armed robberies in Dallas. The group is also suspected of robberies in Fort Worth, Orange, Beaumont, and in Oklahoma.

English War Bride Finds U.S. Land Of Which She Dreamed

TUCSON, Ariz., Jan. 3 (U.P.)—Mrs. Pearl Townsend, 22 year old English war bride, decided today that America is not such a bad place after all.

Three days ago, Mrs. Townsend, who is mother of an 18-month-old baby and who expects another in February, was penniless and faced eviction by her landlady. Her husband, Bill, allegedly broke her jaw for the second time.

Listeners Respond

With Bill in jail pending trial for non-support, the English girl didn't know which way to turn. Then somebody with a heart learned of her plight and notified a Tucson radio station.

A New Year's Eve broadcast brought a rush offer of assistance. More than $100 was contributed within four minutes after the announcer finished telling the story.

Today Mrs. Townsend had a place to live, money, clothes for herself and baby, a layette for the expected second child and promise of free medical treatment now and when the second infant arrives.

"This is the America I dreamed about when I met and married Bill while he was stationed in England during the war," Mrs. Townsend said. "Bill changed but the land he told me about hasn't."

Two Sought For Questioning In Robbery Of Grand Saline Store

GRAND SALINE, Jan. 3 (AP)—Sheriff Clyde Elliott of Van Zandt county today continued his search for two Dallas men, believed to be responsible for the robbery of a local drug store of $250 in narcotics on New Year's day.

About 500 grains of morphine and $40 were taken from the store.

Open House Is Scheduled Tuesday At Baldridge Bakery Co.'s Plant

Formal opening of the new retail sales store and open house for the newly enlarged and modernized Baldridge Bakery will be conducted for the public between 6 and 10 p. m. Tuesday. A similar event will be conducted Monday night for the grocers of the area.

Featuring the new retail sales store is the operation of two electric eye doors, one opening in and out. The new sales room is a glass-encased show place with large plate glass windows extending from the floor to the ceiling on the west and south sides of the store, which occupies a southwest corner of the bakery at Nineteenth and Ave. N.

Modernistic Treatment Made

The retail sales room has terrazzo tile floor, a modernistic treatment to walls and ceiling. The ceiling carries a system of three neon tubes, each with a separate control which permits any desired change in the lighting and color motif.

Gracing the wall above counters at the rear of the store is a large mirror, four by 20 feet, permitting a clear view of the entire shop from offices behind it which customers cannot see through the mirror.

A public address system extends throughout the enlarged bakery. Air conditioning is provided throughout the entire bakery, the offices and the retail sales shop.

The bakery was established by the late Joe Baldridge in the back of Baldridge's Grocery at 1118 Broadway in 1924 with an original investment of less than $2,000. Soon the tail was wagging the dog and the grocery business was discontinued and Baldridge concentrated on the bakery.

In 1939, the bakery moved from its Broadway location to 809 Ave. H, where it was operated for ten years. In 1939, it moved to its present site and since that time has more than doubled its original 12,500 square feet of floor space. The bakery now has 25,500 square feet of floor space. The bakery now has 25,500 square feet devoted to baking.

The bakery operates 24 hours a day, employes 112 people and sends out a fleet of 22 trucks to delivery Baldridge's Sally Ann bread in Lubbock and other South Plains towns.

Mrs. Joe Baldridge, widow is the founder, is president of the company. Her son, Joe, is active in the management of the bakery; and Don, another son is in college. Raymond Burford, a nephew of Mrs. Baldridge, is general manager of the plant, a post he has held since 1939.

NEW BALDRIDGE BAKERY RETAIL STORE—Pictured above is the new retail sales store of Baldridge's Bakery at Nineteenth and Ave. N, which will be open to the public Tuesday night. Two electric eye doors permit entrance into and out of the modernistically-decorated and lighted shop.

Cabbage, Edible Variety, Will Keep You Warm, Says Authority

INDIANAPOLIS, Jan. 3 (AP) — Are you shivering in this cold weather? Well, go gnaw a hunk of cabbage.

It all simmers down to a matter of Vitamin C, says the State Board of Health.

"Cabbage," said Miss Lelia Ogle, nutritionist for the board, "is one of our most plentiful and inexpensive winter vegetables and is rich in Vitamin C." Other foods recommended by Miss Ogle to ward off chattering of the teeth are citrus fruits, canned tomatoes and raw vegetable salads.

Life No Bed Of Roses For The Reporter Covering Hollywood

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, Jan. 3 (AP)—Perhaps you are stunned each year when the Hollywood Women's Press club selects your favorite as the "Most Uncooperative Star." You might believe that stars would never be difficult with the press.

Sorry to destroy your illusions, but life is not always beautiful for those who cover the movie beat. True, there are many personalities—such as Loretta Young, Van Johnson, June Allyson, Cornel Wilde, Larry Parks—who are nice to everybody. And there are others.

The Stuffed Shirts

Well, take a look at the targets of the press ladies. Here are the winners of the "stuffed shirt" awards:

1941—Ginger Rogers and Bing Crosby.
1942—Jean Arthur and George Sanders.
1943—Joan Fontaine and Errol Flynn.
1944—Sonja Henie and Walter Pidgeon.
1945—Greer Garson and Fred MacMurray.
1946 — Ingrid Bergman and Frank Sinatra.
1947—Jennifer Jones and Gary Cooper.

When are stars considered uncooperative, you ask? When they decide they have time only for the most "important" members of the press.

When they respond to an interview in grunts and one-word answers. When they decide they are too busy to pose for still pictures. When they break appointments, feign headaches, snap off conversations.

Now observe the stars selected as "Most Cooperative" to the female press:

1941—Bette Davis and Bob Hope.
1942—Rosalind Russell and Cary Grant.
1943—Ann Sheridan and Bob Hope.
1944—Betty Hutton and Alan Ladd.
1945—Joan Crawford and Gregory Peck.
1946—Joan Crawford and Dana Andrews.
1947—Joan Fontaine (reformed) and Gregory Peck

How did they gain the award? By seeing all members of the press and trying to give them good interviews.

Like all stories, this should have a moral. Maybe you can find it yourself. Look at the "uncooperative" list. See any whose careers are slipping?

1948 Promises Much For City; U.S. Can Be Proud Of Ambassador Dunn

IT'LL BEAT 1947!

Great Growth Seen

PERSONS who reside in or know Lubbock do not require statistical evidence to convince them this city has grown remarkably during the past year. They know it is true because they have seen it.

However, cold statistics pertaining to such things as utility connections, postal receipts, building permits and the like provide interesting and convenient yardsticks to reflect with some accuracy the measure of growth.

In every instance, these barometers tell of progress which borders upon the amazing in Lubbock during the past year. True, the various increases can be attributed in some degree to the process of catching up with needs which accumulated during the wartime paralysis. On the other hand, none of the gains is as great as it would have been if material and labor shortages had been less acute. And the progress, reflected by such items as permits for nearly 1,000 new homes, has been of the permanent type. They are gains that Lubbock has every reasonable expectation of holding.

Further optimism is inspired by the fact that the increases, which continued without a break through last year, enter 1948 at a pace which gains rather than loses momentum.

The passing year has, indeed, been a bright one for our city. Its luster is exceeded only by the brilliance of Lubbock's prospects for 1948.

Playing Hard To Get

SOVIET Foreign Minister V. M. Molotov obviously was hinting for another Big Four meeting when he made his "explanation" in Moscow late last week of the failure of the recent London conference.

He did not actually suggest a meeting, but his implication was clear. In insisting progress was made in London toward "preparing" a German peace treaty, he clearly pretended an expectation of other conferences to try to finish the job—although he alone among major figures has mentioned a possibility of them being held.

Molotov obviously was fishing for a suggestion by others of the Big Four—the United States, Great Britain and France—that peace discussions be resumed. This would imply the democracies, not Russia, were seeking the session, and would encourage the Soviet to try to dictate the terms of its participation.

Such transparent strategy could deceive no one. Presumably the democracies will force Russia to go the whole distance and suggest a meeting, if one is to be held. In that case they, and not Russia, would state the conditions under which they would be willing to meet. Otherwise, presumably, they will continue their silent treatment of the Soviet as they proceed with plans for a separate peace with Germany.

A conference unquestionably would be desirable if it offered reasonable hope of a joint treaty. Problems and dangers resulting from separate treaties and a divided Germany would be infinitely greater than if the Big Four could work together.

It is up to Russia to provide proof of a desire to cooperate. Molotov's statement gave no such proof, but it indicated the Soviet is weakening. It inspired hope that a continued silent treatment by the democracies might force Russia down to earth and justify a meeting which might make real progress toward healing the wounds of war.

A meeting, in short, will be worth considering when Russia asks for it. It is not justified by a Molotov statement which said, in effect, "we might meet you again if you beg us hard enough."

An Ohio woman had a baby in a motion picture theater the other day. There are certain conditions under which a person shouldn't try to sit through a double-feature program.

"Nuts are an excellent substitute for meat, and housewives could bring the price of meat down by using more nuts," asserts a dietitian. Yes, and run the price of nuts sky-high.

One-Minute Sermon

And Jesus said unto them, I am the Bread of Life: he that cometh to Me shall never hunger; and he that believeth on Me shall never thirst. John, 6:35.

OUR PLEDGE

WE pledge allegiance to the flag of the United States of America, and to the Republic for which it stands: One Nation indivisible, with Liberty and Justice for all.

Whatever Happens

FIRST NOVEL REALLY PAYS OFF FOR ROSS LOCKRIDGE

"Raintree County" Is January Book Of The Month

"RAINTREE COUNTY," by Ross Lockridge, Jr.; (Houghton-Mifflin).

IN a mythical Indiana county called Raintree, John Wickliff Shawnessy, teacher, poet, playwright and would-be Hoosier Shakespeare, plays a leading role in the celebration of July 4, 1892, when the action, romanticizing, philosophizing, moralizing and general cogitating of this novel take place.

John looks back over his 50-odd years to his boyhood, his adventures, his friends Garwood Jones (now senator), Cassius Garney (new multi-millionaire), Perfessor Jerusalem Webster Stiles, Nell Gaither, Susanna Drake, Esther Root. The story begins on the holiday at dawn when John wakes or, measured by the flashbacks, in 1844. And it ends, well, it practically never ends.

Took Six Years To Write

For this is a 1,066-page book, weighing 20 pounds in a manuscript and taking six years to write. This first novel won for its lucky author an advance from the publisher, plus the money for the Book-of-the-Month Club selection for January, plus the $150,000 Metro-Goldwyn-Mayer award.

The five judges of the Book-of-the-Month Club were impressed with the many unusual qualities in this book—its form, its scope, and Mr. Lockridge's meticulous attention to historical detail. Like such famous previous books-of-the-month as "Gone With the Wind" and "Anthony Adverse," it is long, full, rich with historical incident and characterization. It is a history of Middle Western youth growing up in the Civil War period and afterward, and contains some of the best portraits of contemporary times yet seen in a novel about the period.

It escapes being cheap, and that has not been true of other M.G.M. selections. Indeed, it has one or two passages, like the wedding night scene, which achieve a certain intensity.

Author's Reward Over $200,000

But that isn't enough to justify the prodigious length, especially since the rest of it doesn't escape being trite. Fireworks go "crump" at least five times. And there are warmed-over apostrophes to John Brown, Lincoln, Shakespeare, forbidden fruit, the swimming hole, the human face, tobacco and the Ice Age.

The author's reward for his hard work was well over $200,000.

• • •

'Mark It With A Stone'

"MARK IT WITH A STONE," by George Victor Martin; (Fell).

JOE STARCK, with a medical discharge, meets nurse Millie Carr as he is on the way to some Montana farm land which he bought on the advice of his dead friend Dick Kangas. Reared in an orphanage, Joe drinks and swears but he has remained quite clean and wholesome, and Millie proves to be the girl he has been willing to wait for. They marry even before he builds a house; they are befriended by Dick's parents, they have a feud with the Harvey brothers, they raise cattle and a good crop, but they get the wrong breaks. It's fate, it's in the stars, it's justice without mercy. It isn't Joe's fault, or Millie's, or even Estelle's.

An unusually sincere and moving story about real people you'll sometimes respect and always like, this is the kind of tough writing which proves to be very tender.

• • •

"We Called It Music"

EDDIE CONDON, strummed his guitar in the best rhythm bands of the early days of jazz. "Mr. Jazz" they called him.

He has told his story We Called It Music (Holt) to Thomas Sugrue, who has written a sort of rambling memory-book of jazz from the back streets of New Orleans, where it was spawned from hot lips, to Town Hall in New York where it received its consecration as the music of an epoch.

But the book leaves a tortured feeling that jazz creators were musical illiterates and almost psychopathic problem children. They drank enough to float a basedrum and the strange melodies that harmonized from their various musical contraptions left them keenly ready for any diversion. From his book it would seem their inspiration came in bottles and barrels and jazz was only an escape.

Looking At Life ------ By Erich Brandeis

"SCIENCE aims at 150-year life span" is the three-column headline on a newspaper article.

There is going to be a lot of research about old age.

BRANDEIS

People don't live long enough, say the men who have started a foundation for basic medical research.

A person should live at least six times as long as it takes to bring him to full maturity.

A human being reaches full maturity at 25, they say. Six times 25 is 150—and that is the age to which human beings should live.

Would you want to live to 150?

Would anything be gained by prolonging average life by 80 years?

Would the world be any better off?

Would there be less unemployment, less poverty. Fewer wars?

• • •

It seems to me that the average person does little enough with his life in the 70 years now allotted to him.

What good does it do just to make people live longer if you don't also find a way of making them live better?

It may, perhaps, be significant that the new research foundation is backed by the American Pharmaceutical Manufacturers' Association. Meaning in plain English the manufacturers of pills and the ingredients that go into medicines.

• • •

I Certainly wouldn't want to live eighty years longer than my normal life—if I live so long—just to have to take a lot more medicine to keep alive.

But I am sure that isn't their intent.

At the organization meetings of the new foundation it was said specifically that its main purpose is to prolong life by fighting the degenerative diseases of old age. Such as arthritis, high blood pressure, brain hemorrhage and heart and kidney diseases.

But even so, let us say that men like Stalin or Molotov were to be given an additional three-quarters of a century on this earth.

Aren't they doing enough harm now when they are still "a bit below seventy?"

Don't tell me, "Well, the good ones will do even more good if they are made to live longer."

Why not give new generations a chance?

Why not make way for those who are anxious to occupy the places on this earth that we older ones have occupied long enough?

To me every year of my life has been an adventure and a thrill.

I love life, but I don't want to be a glutton.

When my time comes I'll accept the end graciously and with thanks on my lips.

"Life has been good to me," I'll say, "Now let it be good to those who come after me."

Side Glances — By Galbraith

"You should have it, mother! It would give you that new look, and maybe I could wear it once in a while!"

PROMOTION UPHELD

How To Prevent War

By DREW PEARSON
Special Correspondent

ROME.—(By Wireless)—I hear from home that some editors are bored with having me say nice things about people and think it's about time I began punching noses again. Despite that, however, I'm going to start the new year by saying something else nice about a few people.

PEARSON

In fact, I want to rectify a couple of injustices. Shortly before I left home I wrote a column referring to army promotions in which I pointed to the fact that Gen. Manton S. Eddy, though only a major general, had been promoted over the heads of several well-known lieutenant generals, the inference being that he was promoted because he was in charge of army press relations. This inference, I am now convinced, was wrong. While the army does attach great importance to its press relations, General Eddy also had a great combat record and his promotion was not at all out of line with this fine record.

And while I am getting things off my chest, one diplomat I have criticized a lot in the past is Jimmy Dunn, now U. S. ambassador to Italy. Regardless of the past, I have watched Jimmy work close up in Rome and there's no question but that he's an A-1 ambassador. He knows Italian psychology, has been tireless in promoting the right kind of friendship between the United States and Italy, and has provided himself the kind of representative the United States can be proud of. Though Jimmy Dunn comes from the opposite side of the railroad tracks from the present Italian government, he has worked most sympathetically to straighten out their problems. We could use more like him in other countries.

• • •

How To Prevent War

There was something quite touching about the ceremony of unloading the first Italian Friend Ship in the bombed-out city of Nables. There were piles of rubble on one side, gutted buildings on the other and old German bomb shelters in front. And around the dock were Italian school children, crowding, waving flags and shouting "Viva America!"

Up above the harbor, scarcely discernible through the clouds, towered Mount Vesuvius. In the harbor itself a crew of 400 stevedores had worked all day Sunday to unload the ship and stevedores aren't easily persuaded to work on Sundays in this part of the world. The cheering children, the grim, bombed-out buildings all seemed like a new Italy smiling and struggling to lift itself out of the tragic blunders of the past.

I couldn't help but remember as I watched the crowd that it was only two brief years ago that hte United States and Italy were at war and that if, despite the bitterness of war, people can get together with people and help each other as Americans are now helping the people of Italy, then maybe that's one very important way to prevent war in the future.

• • •

IN Italy, which is almost cheek and jowl with Tito, they make a specialty of sizing up Moscow's next moves. They have to. For if they guess wrong they may be in the Soviet soup.

The Russian politburo, claim the Moscow specialists, believes in shifting strategy. When it fails with one move, it makes a lightning change to another. Thus, when the Truman plan was adopted and U.S. advisers and money poured into Greece, Moscow answered by suddenly shifting to Hungary. There it kicked out the anti-Communist, freely elected government and set up a puppet government on its own.

Next, Moscow strategy centered on France and Italy and those countries were given a hot dose of politically inspired strikes. When this strategy failed, Moscow shifted — only last week — back to Greece. Obviously, the new Communist republic of Greece is going to get most of Moscow's attention for a while, and the United States is going to be the recipient of all sorts of resultant headaches. But simultaneously the Soviet experts also predict that shenanigans are brewing in Austria. Just how soon the Russians will move to set up their own puppet government in their part of Austria is only a guess, but it's sure to come fairly soon. The gentlemen in Moscow believe in versatility.

Orlando Toasts U. S.

Sprightly, 87-year-old ex-Premier Vittorio Orlando, Italian delegate to the 1918 peace conference and revered elder statesman of Italy, proposed a toast to the United States and the Friendship train.

"Friendship," he said at a private dinner, "is different from love. Love sometimes goes back on you, is not always reciprocated. But friendship never.

"And the United States," he continued, "never goes back on you. When American troops came to France in 1917, some Allied officers looked at them and remarked that they could not stand up in battle. But they won the war.

"Later," said Orlando, "I was in New York with Colonel House and we passed the George Washington bridge. I was amazed at its length and height.

"'Oh,' replied Colonel House, 'we will build a better one.' And not only have you built bigger and better bridges, but when the American army came back to Europe in this last war it was far, far better than the army of 1917-18.

"So," concluded the 87-year-old Italian statesman, "Here's to American friendship—you can always rely on it and it gets better with every year."

Our grandparents raised their own baby sitters. Of course, they didn't have a sitter for the first child, but they had one or more for the succeeding ten or so.

When a candidate shells the woods, a lot of nuts fall for him.

We don't believe we should care to be a physician whose job it is to try his best to work himself out of a job.

A virtually permanent peace would be established if nations would agree (and stick to the agreement) not to fight again until all war debts are paid.

It has never been clear to us whether the girl who rides on the back of the motorcycle is an acquaintance or an accessory.

REDS SAID SEEKING 'SECURITY'

Soviet Move For Land Not New

BY RAY TUCKER
Special Correspondent

WASHINGTON — Most of the questions this column has received recently have asked for an explanation of why the Russians behave as they do, and why Russo-American relations have become so embittered since V - J Day.

"Why does such a vast country as Russia," writes F. T. of Columbus, O., "want more land, and to control every nation on its border? For fear of digesting too many foreign peoples and problems, I should think that they would first improve conditions at home."

TUCKER

Answer: The constant search for more border territory is no new thing with the Russians. The Czars were quite as greedy, as figures on Moscow's expansion show.

Historically, they have always been land-conscious and land-hungry. In all his talks with our diplamtic representatives, including President Roosevelt, Stalin always emphasized that he must have "friendly peoples" along his boundaries for reasons of security.

• • •

During the czarist regime, from 1853 to 1916, Russia acquired an additional 971,277 square miles, which brought her total empire to 8,645,000 square miles. She would have taken over more land if she had not been thwarted by the then great European powers on several occasions.

At the Versailles Peace Conference, when Russia was weak and professing to be a "friend to man," the Soviets were stripped of 500,000 square miles. Finland, Estonia, Latvia and Lithuania became independent. She lost territory to a new and free Poland. Kars was ceded to Turkey, and Bessarabia to Romania.

• • •

Soviets Regain Land

In thirty years, from 1917 to 1947, the Communist government got back about 300,000 square miles, making her total 8,455,939 square miles, or not much less than the Czars' maximum holding. She also controls satellite states with an estimate population of approximately 200,000,000, and is reaching out for more.

"It is clear, then," writes James F. Byrnes in his recent volume, Speaking Frankly, "that expansionism is not an innovation of the Communist regime. It is rooted in Russian history. Only the personalities and the tactics have changed."

"Does Stalin believe that President Truman is not as pro-Russian or friendly as President Roosevelt was?" inquires F. F. of Macon, Ga. "Have personalities anything to do with our postwar difficulties?"

Answer: Unquestionably, they do. Stalin has frequently told our people that Mr. Truman has been less generous than F.D.R. was. In a "top secret" agreement Mr. Roosevelt promised Russia the Kuriles and Sakhalin islands, rights in Port Arthur, Dairen and Manchuria.

Although Mr. Truman, Mr. Byrnes and Secretary Marshall disagree on Stalin's "interpretation," he also argues that Mr. Roosevelt agreed to the present Polish boundary and to $10,000,000,000 in German reparation to Russia.

• • •

PRESIDENT TRUMAN has opposed both the Polish settlement and the reparations proposal. He also believes that Moscow has violated the U.N. Charter and the Yalta agreement by its tactics in satellite and liberated countries. And the Marshall Plan is the outcome of these differences. Naturally, the dictator maintains that Mr. Truman has broken his predecessor's pledges.

Other personalities may also enter into the picture. Two of Russia's staunchest friends and helpers no longer exercise the influence they did during the Roosevelt Administration. They are Eleanor Roosevelt and Henry A. Wallace.

• • •

The writer is indebted to R. S. Sloan, State Service Officer of Columbia, S. C., and R.H.W. of Columbus, O., for correcting a recent statement on pensions for widows of World War I and II veterans.

Due to erroneous data from the Veterans Administration, I said that a widow did not rate a pension, even if her husband had been drawing one, provided he died from disease or disability NOT connected with his service.

Section 6, Public Law 483,78th Congress, approved December 14, 1944, makes clear that they are eligible. It cannot be repeated too often, however, that servicemen's relatives' best bet is to consult appropriate state officials, the headquarters of the nearest VA office or their local veterans' organization.

• • •

"Do you think," **queries Mrs** O. M. of Springfield, Mass., "that the broadened educational program which was recently recommended by the President's Committee on Higher Education will be enacted by the next Congress?"

Answer: I do not think so. It has too many implications of extension of federal authority in this field, and Congress will be inclined to make an exhaustive study. Moreover, there will be opposition to the money-spending involved, in view of other proposed drains on the Treasury. There may, however, be a bill for federal financial aid to states, to be administered by local officials.

• • •

GOP Leaders Take Stand

As brought out in this column recently, there is a definite anti-Eisenhower movement underway among many leading Republican politicians despite the fact that the present Chief of Staff and future head of Columbia university heads a majority of the polls taken over the nation in recent weeks.

It also has been noted that all indications point to the fact that Gen. Eisenhower is running for the nomination just about as hard as anyone can although doing so in his own way.

However, in their present mood, the Republican bosses will accept him only if they conclude, six months from now, that no other man can defeat President Truman. Any sign of strength on the latter's part between now and the June convention at Philadelphia will be a gain for the military man.

• • •

THE GOP's most recent analysis of public sentiment leads them to believe that their orthodox and ordained leaders—Senator Robert A. Taft, Governor Thomas E. Dewey, Harold E. Stassen and Governor Earl Warren of California—would not, as of the moment, have more than a fair chance of victory.

This estimate may of course, undergo revision between now and nominating time. Regardless, the next few months and developments on various fronts in those months will have much to do in determining who receives the nomination.

If Mr. Truman's stock slumps badly in the first half of the New Year, due to rising prices at home and difficulties abroad, look for a Dewey or Taft nomination, with Mr. Stassen as a possibility for the second spot. Or perhaps Governor Warren, if he will take it as a stepping-stone to the Supreme Court.

A Henry A. Wallace candidacy on a third ticket, if he can get on the ballot in such key states as New York, Pennsylvania, Illinois, Ohio and California, and if he seems to be a ballot-box threat, would take General Eisenhower out of the picture entirely.

In that event, the G.O.P. would probably name Senator Taft, or the slate-makers might settle on Governor Dewey, with New

Young Princess Is Determined To Stick By The Man She Loves

By DEWITT MACKENZIE
Associated Press Staff Writer

I like that lyric line by Princess Anne of Bourbon-Parma in affirming her love for Romania's deposed King Mihai:

"Wherever he goes, I will follow him."

That's the sort of thing you want to hear from a girl when the man she loves is in trouble. And young Mihai has indeed fallen on evil days, for the royal world in which he was reared has been pulled down suddenly about his ears. Worse yet, he is being sent into exile from the land of his birth because he has committed the sin of being born to kingship.

To Stand By Him

But what a girl he picked to be his queen! "Wherever he goes, I will follow him." It took courage for a proud young woman to make such a public declaration, before her betrothal had been formally announced. That was her way of saying:

"I'll stand by him, king or no king, through thick and thin."

Don't get the idea that this column is grieving over the downfall of another ruler. We are for Democracy as laid down in our United States, that is, government directly by the people. If the people of any country want a king they can have him and still remain a Democracy—a fair example being the constitutional monarchy of Britain.

Whether the majority of the Romanian people would have liked to retain Mihai on the throne is an unanswered question. He is beloved by a host of his former subjects, but he has been deposed by the ruling Red machine without reference to the "proletariat" as a whole.

What Becomes of Them?

What becomes of the Mihais and the other royal personages who are discarded? Many of them are highly educated folk who are admirably equipped to play important parts in the affairs of their countries. In a true Democracy there would be a place for them and they would be absorbed, because there is no class distinction such as exists in states which hew to the line of the "proletariat", no spot being provided for the so-called middle and upper classes.

Of course Romania doesn't have a Democratic government, according to the standards of western Democracy. It has a totalitarian Communist government which dare not let Mihai remain in the country. So many of the people want him on the throne that there might be danger of an uprising if he were allowed to stay in Romania. On that basis the Bolshevists probably are smart to throw him out.

So since Romania can't utilize Mihai's capabilities in any other way than that of king, he must go into exile.

Wealth of Knowledge

The world ought to have some better niche for Mihai than just a spot where he can sit more or less in solitude with his princess. He has a wealth of knowledge tucked away in his youthful head. For instance, he knows the fiery Balkans as do few others who aren't natives, and that information should be invaluable in these dangerous days when the gods of war are playing at bowls in that part of the world. What about enlisting his services in some job for the United Nations which needs his specialized knowledge?

Maybe that's too extreme, but in any event Mihai provides an excellent example of the point at which we are shooting: if we are going to have one world, and a Democratic one, then society can't be restricted to any single classification. There must be a place for all, though with special privilege for none.

Large Losses Seen This Year If Fires Continue 1947 Pace

AUSTIN, Jan. 3 (AP)—"Alarming and devastating" 1948 fire losses in Texas were predicted by State Fire Insurance Commissioner Marvin Hall today if burning continues at the present rate.

The 1947 losses totaling $18,700,000 through November have already broken all previous records, he said. The 1946 total loss was $16,814,432

Hall attributed the greatest cause of fire to carelessness. He said if carelessness were eliminated, 90 percent of fires would also be eliminated.

Experts Can't Identify Gadget For Sale At A Dallas Store

DALLAS, Jan. 3 (AP)—For $45 you can buy an electric gadget at a Dallas army surplus goods store. But no one could tell you its purpose.

Store owner Chester Klingman said he bought it from the army medical corps, which paid $900 for the thing. He said the medical corps didn't know what it was for. The only reason he wants $45 is because the electric motor and generator is worth that price.

Klingman wrote to the manufacturer, who said "we don't know what it is. The army asked for it and gave us a plan for making it."

Several physicians have looked at the gadget. One of them said it might "have been intended for use in cauterizing wounds. But you could never cauterize a wound with it."

Soviet Move

(Continued From Editorial Page)

York's forty-seven electoral votes in mind.

• • •

The end of a spectacular era has passed with the formal but unpublicized departure of Jesse Holman Jones from the Capital. The man who, as head of the Reconstruction Finance Corporation, saw the United States through a major depression and a global war, has washed his hands of Washington.

When he was kicked out of the Cabinet by F.D.R. to make a place for the obedient and subservient Henry A. Wallace, Mr. Jones stuck around. Despite heavy interests in Houston, New York and way places, he engaged a suite at a downtown hotel, and kept his finger in the politico-financial pot.

He engaged a brilliant newspaperman, Norman Baxter, as Washington correspondent for his Houston newspaper, and through Norman, Mr. Jones kept his cold, blue eyes on things.

• • •

However, like Bernard M. Baruch, Cordell Hull, James A. Farley, James F. Byrnes and many others who served the nation through trying days, Mr. Jones never became a Harry Truman aide or consultant. These "elder statesmen" have been supplanted by the "Missouri crowd." Mr. Jones recently quit his Washington watch tower.

The "lost battalion" of Democrats are now writing their memoirs, which means that, no longer holding office, they can afford to tell tales out of school. But some ghost writer and publishing house are missing a bet in not asking Messrs. Baruch and Jones to take their hair down—both still have plenty—and write their autobiographies.

Nation's Wettest Spot Yields Title In Washington State

ABERDEEN, Wash., Jan. 3 (AP)—Lake Quinault, long known for the dubious title of "wettest spot in the country," yielded its dripping crown for 1947.

The new, but uncrowned, champion saturation point is the Wishkah headworks of Aberdeen's water system. It earned the title with 132 inches of rainfall.

Quinault trailed for the year with a mere 128.64 inches.

The CHIROPRACTOR - and You

GALL BLADDER TROUBLE HEADACHES

CASE HISTORY NO. 1792: Lady; Age 64; Symptoms: Had severe pain in the right side up and under the ribs in the abdominal region. Was diagnosed by her physician as having gall bladder trouble. She came to the STEPHENS CHIROPRACTIC CLINIC in January to find out if Chiropractic could do her any good and save her from more trouble in the future. X-Ray pictures were made of her spine and Neurocalometer (nerve test) examination revealed the true cause of her trouble. The X-Ray pictures were shown to her which revealed a severe displacement of the vertebrae. The nerve test determined the amount of pressure on nerves leading to her affected organs. She began a course of scientific chiropractic service.

RESULTS UNDER CHIROPRACTIC

This case began feeling better from the first chiropractic adjustment. Then she thought there was no use to return for further service and she would be well from then on. But in about two months later she began having the same symptoms as before. She was advised to keep coming for service until Nature had time to rebuild her body. After a few more weeks her old symptoms disappeared but some new symptoms developed which she never had before. She kept coming and a few weeks later all symptoms disappeared. She still comes for occasional check-ups and she is now well and happy. She said, "I wouldn't take anything for what chiropractic in its latest development has done for me." She also said, "Just think I suffered this long and didn't know the cause of my trouble." **FOR FURTHER INFORMATION** concerning the modern Chiropractor and what he can do for you.
