France Balks At Break With Chinese Nationals

MAJOR ROLES will be played in tonight's Chamber of Commerce banquet by John Boren, left, and R. C. Patton. They are pictured looking over a record of the chamber's activities in the past year. Boren will take over from Patton as president of the organization tonight.

Annual C-C Banquet To Be Held Tonight

"Operation Crossroads" will be the theme of the 1964 annual meeting of the Snyder Chamber of Commerce tonight.

R. C. Patton, outgoing president, is expected to review the history and events which have led up to the present, or "to the crossroads," as he has phrased it. John Boren, newly elected president, will take a look at the "highway ahead."

Patton has said that he is "confident the spirit of cooperation which has been evident during the past year will be continued in the coming year.

"Our committees and members have worked together as never before," he said, "and although the junior college effort was unsuccessful so far, the benefits of work done during the past year will be evident for years to come."

In discussing the outlook for the coming year, Boren said, "I have high hopes for more active participation from merchants and citizens so that it (the chamber) can be of even more benefit to Snyder and the surrounding area in the coming year."

The featured speaker tonight at the banquet will be T. A. Spain, who is with the International Business Machine Corporation in Dallas.

Dr. Robert Clinton will preside at the program which will be held in the high school cafeteria at 7:30 p.m.

The Texas Tech choir will furnish musical entertainment for the banquet guests, and dinner music will be provided by Mrs. Jane Womack at the organ.

The Rev. Harry Vanderpool, recipient of the Outstanding Citizen award at last year's banquet, will present the award to this year's outstanding citizen.

In addition to Patton, incoming officers of the Chamber of Commerce are W. Felix Jones, first vice president; Herbert Feather, second vice president; and H. A. Johnson, Jr., treasurer.

Officers retiring, in addition to Patton, are John Boren, first vice president; Claude McCormick, Sr., second vice president; Carl Whitfield, treasurer; and Harold Lacik who was the immediate past president last year.

In addition to the officers, directors for the coming year are Bentley Baize, Gene Best, Joe Carroll, Doug McGlaun, Sterling Parker, Paul Sizemore, Guy Sullivan, Ethel Mae Sturdivant, Gene Williams and Carl Whitfield.

Retiring directors are Bob Holder, Harold Lacik, Claude McCormick, Sr., Badger Robertson, James Rosser and E. H. Williamson.

HISTORICAL PANEL SLATES SESSION

An organizational meeting for all citizens interested in expanding the functions of the county's historical survey committee has been called for 7:30 p.m. Monday in the Snyder Savings and Loan community room.

Hugh Taylor, chairman of the committee, said that if enough interest is evidenced, such projects as a museum will be considered.

The meeting is open to all. Civic clubs are especially urged to have a representative present.

The county historical committee operates as a part of the state historical committee which is appointed by the governor.

Copters Try Rescue Of Missionaries

LEOPOLDVILLE, the Congo (AP) — U.N. helicopters and missionary planes continued desperate efforts today to rescue Christian missionaries threatened by rebel guerrillas in the southwest Congo.

At least four missionaries, including an American woman, have been killed by bands of warriors armed with poison arrows, spears, homemade bombs and primitive guns.

About 150 Americans and Canadians, including several children, have been stationed at Protestant missions in the threatened area. The U.S. Embassy in Leopoldville said 21 Americans and 14 Canadians, including 10 children, had been rescued.

As the terror spread, the Congo government said it had documentary proof Communist China is supporting the uprising. The leader of the rebels is former Education Minister Pierre Mulele, 34, who spent several months in Peking last year.

Mulele was ambassador to to Cairo under the Communist-supported Stanleyville regime of Antoine Gizenga, who was imprisoned after the collapse of his secession. Mulele slipped back into the Congo last summer after a year and a half of exile.

Diplomats fear Red China may try to turn the jungle uprising into a major revolt by arming Mulele's men with modern weapons.

The rebellion is centered in agricultural Kwilu Province, 250 miles east of Leopoldville, but the terrorism is spreading to the neighboring Kasai and Kwango regions near the Angola border. Fewer than 600 government troops are in the province opposing several thousand guerrillas.

U.N. helicopters airlifted 16 persons from a Catholic mission at Kisandji Monday in the third mercy flight since the attacks began. Unconfirmed reports say a priest and nun were killed at Kisandji last week.

The confirmed victims of the roving bands were three Belgian Roman Catholic priests and an American Baptist missionary, Irene Ferrel, 43, of Jerome, Idaho.

Miss Ferrel was killed by a rebel's arrow at the Baptist mission's center in Mangungu last Friday night.

A companion, Ruth Hege, 58, of Wellington, Ohio, was wounded in the arm during the attack. Miss Hege sent a letter by African runner disclosing her friend's death and pleading for rescue.

ON TRIAL FOR SLAYING—Byron de la Beckwith, 43, goes on trial in Jackson, Miss., on a charge of murdering Negro civil rights leader Medgar Evers. Extra-ordinary safety measures were planned in the courtroom. Evers was shot in the back by a sniper last June 12. Beckwith has pleaded innocent to the charge. (AP Wirephoto)

Beckwith's Murder Trial Resumes

By BILL CRIDER

JACKSON, Miss. (AP) — Byron de la Beckwith's murder trial resumes today with the prosecutor satisfied he had seated 12 jurors who "believe it is a crime for a white man to kill a Negro."

Beckwith, 43, a dapper ex-Marine from Greenwood, Miss., is accused of lying in ambush for Negro civil rights leader Medgar Evers and shooting him in the back at Evers' home here last June 12.

Dist. Atty. William L. Waller, 37, accepted 12 white male jurors at the end of a night session. They now come under interrogation by the defense.

Seven Negroes on the 200-man special venire were not among those called. Most of the sparse audience of about 35 were Negro. A big crowd urged by Negro leaders did not materialize.

Everyone who entered the heavily guarded courtroom was first searched, then had to sign name and home address to an admission list.

Evers, 37, was state field secretary for the National Association for the Advancement of Colored People.

He was cut down by a sniper with a high-powered rifle during the midst of an NAACP drive to crack rigid racial barriers in this segregation stronghold.

Reds Issue Ultimatum

PARIS (AP) — A French spokesman today said France has no intention or desire to break relations with the Chinese Nationalist government of President Chiang Kai-shek.

The spokesman was commenting on a statement by Red China that it expects France to break relations with the Nationalists.

The spokesman said France is standing on the text of the communique issued Monday in which Peking and Paris announced their decision to establish diplomatic relations.

The spokesman said as far as France is concerned, there were no conditions or strings attached to this statement.

Thus within hardly more than 24 hours, Paris and Peking seemed already at odds on the interpretation to be given to their new diplomatic relationship.

In its statement issued in Peking, the Communist regime said that it was well understood that the recognition of one government means the repudiation of the old government which had been overthrown, and that the territory of China included the island of Formosa, home of the Chinese Nationalists.

A Red Chinese Foreign Ministry statement broadcast by Radio Peking said Red China, in agreeing to enter into diplomatic relations with France, understood that Paris would break with Nationalist China.

This is contrary to what French official sources had said. They insisted Peking had not asked to end relations with President Chiang Kai-shek's regime on Formosa.

Nationalist China denounced French recognition of Red China, but stopped short of breaking off relations.

In Tokyo, visiting U.S. Secretary of State Dean Rusk stoutly supported Nationalist China in a speech. Later he told reporters in referring to French recognition of Red China:

"We have no doubt about the militancy of Peiping (Peking). We think it would be a serious matter for the authorities in Peiping to believe that a policy of militancy pays dividends, that it is profitable because on that issue may turn the peace of the world."

Rusk accused Red China of violating its pledges to keep the peace in Southeast Asia.

In his speech to the Japan - America Society, Rusk declared the United States recognizes only Nationalist China and "will never abandon the 12 million people on Taiwan (Formosa) to Communist tyranny."

Red China's foreign ministry statement noted that "according to international practice, recognition of the new government of a country usually implies ceasing to recognize the old ruling group overthrown by the people of that country."

Reds Suggest Destroying Of Bombers

GENEVA (AP) — The Soviet Union proposed today that all nations destroy their bomber forces as a step toward disarmament.

The proposal was submitted to the 17-nation disarmament conference by Soviet Delegate Semyon K. Tsarapkin.

Western officials immediately expressed interest in the idea, first put forward by the United States last year to prevent bombers from falling into the hands of small but potentially trouble-making nations as they become obsolete in the Air Forces of the major powers.

The proposal was part of a nine - point memorandum suggested by Tsarapkin as a working plan for the conference. Asked what planes he had in mind for destruction, Tsarapkin told newsmen: "The entire bomber force of all countries."

President Johnson at the resumption of the conference last week proposed a five-point program.

Tsarapkin said Johnson's proposal for a treaty to ban the spread of nuclear weapons is unacceptable to Russia unless the United States agrees to scrap the proposed NATO multilateral nuclear force. American officials have repeatedly stated that the NATO force is not subject to negotiation at this conference.

J. B. Baugh Rites Today

Funeral services were to have been held at 3:30 this afternoon for John B. Baugh, 50, of 300 Twenty-eighth Street.

Mr. Baugh died Sunday at the Veteran's Hospital in Dallas. He had been in poor health for about six months.

Born June 6, 1914 in Snyder, he was a veteran of World War II. He was married in 1946 to Miss Gladys Kinard. Mrs. Baugh died in 1952.

The funeral services were to be held at the First Presbyterian Church with the pastor, the Rev. John Gordon, officiating. Burial was to be in Snyder Cemetery under the direction of Bell Funeral Home.

Pallbearers were to be Roswell Rigsby, E. E. Wallace, Jim Caddell, Vernon Lee, J. D. Henderson and Lonnie Faver.

Mr. Baugh is survived by his mother, Mrs. Irene Baugh of Snyder; one sister, Mrs. Adel Curtis of Waco; and one brother, Max Baugh of Snyder.

Probers Question 'Lucky' Dealings

WASHINGTON (AP) — The Senate Rules Committee explores today how former Senate aide Robert G. Baker happened to invest in a Milwaukee insurance company whose stock skyrocketed and helped to finance his business dealings.

Max H. Karl, president of the Mortgage Guaranty Insurance Corp., was listed as principal witness for the public hearing.

The committee is investigating whether Baker, who resigned under fire on Oct. 7 as secretary to the Senate's Democratic majority, engaged in outside business and financial activities that conflicted with his official duties or involved other improprieties.

The committee, the Washington Post said today, has received new evidence bearing on another angle in the Baker investigation—the sale to a Baker associate of advertising time on the Austin, Tex., station KTBC TV, a property of the Lyndon Johnson family.

The newspaper said the material is correspondence between Albert G. Young, president of the Mid-Atlantic Stainless Steel Corp., and officials of the station.

The Post quoted Young as saying the documents substantiate the account of insurance-man Don B. Reynolds whose version of the transaction conflicted sharply with presidential assistant Walter B. Jenkins.

Reynolds, a friend of Baker who sold President Johnson $200,000 worth of life insurance between 1957 and 1961, told the committee Jenkins had persuaded him to buy $1,208 worth of advertising time on the Austin station.

Jenkins emphatically denied the allegations in an affidavit to the committee.

Reynolds said he had no use for the advertising time so assigned it to Young, a neighbor in Silver Spring, Md.

Young, according to the Post, said he turned over a batch of some 10 letters to Sen. John L. Williams, R-Del., who has been instrumental in pressing the Baker inquiry.

More Protests Due In Atlanta

ATLANTA, Ga. (AP) — Militant civil rights leaders planned today for more mass protests of segregation after more than 100 persons went to jail Monday in street demonstrations.

A siege of the downtown area for the third night by marching, milling demonstrators, mostly Negro students, heightened the worst racial crisis in years for this city.

Despite mounting arrests, now nearly 200, youth leaders said they would continue the mass onslaught, centered on a segregated restaurant.

Police officers declared a state of emergency Monday night in the busy downtown area surrounding Leb's, a restaurant which refuses to serve Negroes.

Demonstrations began with about 50 pickets walking around the block on which Leb's is located.

When they refused to disperse they were hauled off to jail. Cheers and applause came from hundreds of white spectators.

Three hours later, demonstrations resumed.

About 150 circled city jail twice, then walked several blocks to join about 50 others in marching around the block at Leb's for nearly two hours. Police stopped them.

Chanting and singing, the demonstrators massed in a narrow street a block from Leb's. Paddy wagons drew up and near-bedlam ensued.

Some of the crowd leaped eagerly into the vehicle.

When the next paddy wagon pulled up, demonstrators went limp. Hoisted bodily into the vehicle by white and Negro policemen, the demonstrators kicked, screamed and struggled wildly.

They pounded and kicked inside the paddy wagon.

Policemen were hard pressed to keep their balance as the mass surged and milled about them with yells and chants.

Hundreds of white spectators milled about the sidewalks. Policemen kept them moving.

Demonstrators staged protests later at the jail and some were arrested. Police threw a cordon around entrances to jail property.

Negro comedian Dick Gregory, jailed Sunday and released on his signature, was arrested again.

Evidence In Question For Ruby Trial

DALLAS (AP) — Dist. Atty. Henry Wade has touched off speculation that a disagreement has arisen over how much evidence the FBI should furnish him before the Jack Ruby murder trial.

Asked when he expected to get the evidence, Wade replied: "I don't know when we'll get it—if ever. The Warren Commission is agreeable to giving us everything we need, but we've still got some things to work out. They involve the Justice Department and the FBI."

Wade said later Monday, however, that he did not intend to imply there was any controversy.

"I think we'll work everything out without any trouble," he he said.

More Troops To Return Despite Reverses In Viet

WASHINGTON AP) — Secretary of Defense Robert S. McNamara expects more U.S. military men to be withdrawn from South Viet Nam this year despite some serious reverses to Vietnamese forces in the war against Communist guerrillas.

This was disclosed today by sources close to McNamara after the defense chief acknowledged to a House committee that the Red Viet Cong had made considerable progress since a Vietnamese military junta overthrew the Diem regime in early November.

McNamara's description of the military situation as "grave" cast his evaluation of the Vietnamese war in a pessimistic light.

Informants said the defense secretary's congressional testimony recognized that there have been setbacks but did not reflect any deepening gloom.

Recent field reports to the Pentagon have told of a slowdown in Viet Cong operations after a high point of terrorism and attacks during the weeks after the early November coup.

Rightly or wrongly, the informants said, U.S. military men in Viet Nam continue to tell McNamara that the Viet Cong are not capable of maintaining a high level of operations.

Sources noted that the McNamara statement. Monday mentioned a number of signs which are considered hopeful.

The defense secretary contended the new Vietnamese government "has considerably more popular support than its predecessor and is beginning to take action to intensify military operations and to improve civil administration."

Pentagon officials said that McNamara still believes, as he has for some time, that the course of the war under the new Vietnamese leadership will not become clear for several months.

Meanwhile, they said, McNamara has not discarded the stated objective of completing the major part of the U.S. military task in Viet Nam by the end of 1965.

The United States has pulled about 1,000 of its military men out of Viet Nam, leaving about 15,500. More are due to come home this year.

WEATHER

SNYDER TEMPERATURES: High Monday 57 degrees; low 27 degrees; reading at 7 a.m. today 33 degrees.

Northeast Texas: Fair today and tonight. Cooler today and in southeast half tonight. Increasing clouds Wednesday and a little warmer in west. Low tonight 30 to 40. High Wednesday 53 to 63.

Northwest Texas: Clear to partly cloudy today and tonight. Increasing clouds Wednesday. A little warmer tonight and Wednesday. Low tonight 24 to 34. High Wednesday 55 to 65.

Coast: North to northeast winds 8 to 18 knots today and Wednesday.

South Central Texas: Cloudy in south and cloudy to partly cloudy in north today. Mostly cloudy tonight and Wednesday except for increasing clouds in extreme north. Occasional rain in southeast Wednesday. Low tonight 40 to 50. High Wednesday 58 to 66.

Southeast Texas: Clear to partly cloudy today except mostly clear near coast. Increasing clouds tonight. Cloudy Wednesday with occasional rain in south. Low tonight in 40s. High Wednesday 55 to 63.

Southwest Texas: Clear to partly cloudy today and tonight. Increasing clouds Wednesday. Low tonight in 30s and 40s. High Wednesday 58 to 66.

Dear Abby..

By ABIGAIL VAN BUREN

DEAR ABBY: An elderly neighbor lady and dear friend of mine recently passed away, leaving a bachelor son sort of helpless for his meals. I have been giving him his evening meal in my home and then inviting him to watch television with me afterwards as I am a widow and lonely, too. He in turn does some chores around my house, takes me to church and sometimes to shop (as I have no transportation and he drives a car). His mother and I were very close friends, and when she knew she was growing weaker, she asked me to care for him. He is a good Christian man and there is no marriage or love talk between us, as I am 18 years older than he. We each have our separate means, and consider one another just good companions, and nothing more. But, Abby, dear the gossips are going at us so fiercely. If you think I am doing wrong, please tell me in your column.

A BELIEVER IN FAITH

DEAR BELIEVER: Continue helping one another and enjoying the mutual companionship. When one walks tall and straight, he should not worry if his shadow is crooked.

• • •

DEAR ABBY: I am in the ninth grade and the dentist has told my parents that I need braces. I don't think I do. I like my teeth the way they are and none of my friends thinks they are so bad, either. My parents say I will be glad later on, but I still don't want them. I am popular in school and am afraid I wouldn't be with wires on my teeth. Please tell me what you think.

AGAINST BRACES

DEAR AGAINST: Get the braces. Your popularity rating won't go down if you have to smile through a bird cage. And the rest of your life you'll have an attractive mouth and a song in your heart.

• • •

DEAR ABBY: I read somewhere that the gentleman should always precede a lady INTO a taxicab so she won't have to climb across his feet. How about getting OUT of a taxi? Should the man let the lady out of the taxi and then get out himself so he won't have to climb across HER feet?

CONFUSED

DEAR CONFUSED: The gentleman should let the lady get into the taxicab first, and she should slide over so that when he gets in HE will be near the door. That way HE can get out of the taxi first and help the lady out.

• • •

CONFIDENTIAL TO "BUFFALO BILL": Do not resent growing old. It is a privilege denied to many.

• • •

Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif. Enclose a stamped, self - addressed envelope.

• • •

Hate to write letter? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

Prison Terms Given In District Court

Two sentences were handed down Monday in 132nd District Court.

Tony Falcon, charged with burglary of Williams Jewelry, pleaded guilty and was sentenced to three years in jail. Falcon was living in Lamesa at the time of the burglary.

Willie Barnes, found guilty by a jury for burglary of Anderson Davis' house, was sentenced to two years. Barnes, who was under a two-year probated sentence at the time of the offense, also had that probation revoked.

Boy Electrocuted Erecting Antenna

SAN ANTONIO (AP)—James Crozier, 15, was electrocuted Monday while installing an antenna for his short-wave radio at his home.

He was the son of retired Air Force Maj. James Crozier.

The boy was standing in the yard, trying to place the aluminum pole when it touched a high-voltage line.

Reds Refuse To Recognize Two Chinas

TOKYO (AP) — Communist China declared today it does not recognize the "two Chinas" concept in establishing diplomatic relations with France.

A statement issued by the Communist Chinese Foreign Ministry said "according to international practice, recognition of the new government of a country naturally implies ceasing to recognize the old ruling group overthrown by the people of that country."

The text of the statement was broadcast by the New China News Agency monitored here tonight.

"Consequently, the representatives of the old ruling group can no longer be regarded as representatives of that country to be present side by side with the representatives of the new government in one and the same country or international organization," the statement said.

"It was with this understanding that the government of the People's Republic (Communist) China reached agreement with the government of the French Republic on the establishment of diplomatic relations and exchange of ambassadors between China and France.

"The Chinese government deems it necessary to reaffirm that Taiwan (Nationalist China) is part of China's territory and that any attempt to detach Taiwan from China or otherwise to create 'two Chinas' is absolutely unacceptable to the Chinese government and people."

In Taipei, meanwhile, the Nationalist Chinese government renewed its threat to break off relations with France.

Shrimp Boat Captain Killed At Sea

BROWNSVILLE (AP) —Coast Guard officials say shrimp boat Capt. Lee Weber of Port Aransas presumably did not survive a gun battle at sea last Friday.

They informed Asst. U.S. Atty. Homero Lopez that Weber fell over board into shark-infested waters of the Gulf of Campeche after a bullet hit him in the head. Weber was skipper of the Miss Lisa.

A crewman, David McGraw, was taken to a hospital in Mexico with shoulder and side wounds suffered in the gun fight.

FBI agents charged another crewman, Joe Nixon, 35, with manslaughter.

Mishap Reported

The Snyder police department reported a two-car mishap at 3:25 p.m. at Thirty - seventh Street and Sunset Avenue.

Involved were a 1961 Chevrolet driven by James Harold Spivey, 2242 Sunset, and a 1954 Pontiac driven by Margaret Jensen O'Quist, Post Road. Damage to the Spivey car was estimated at $200 and to the O'Quist car at $75. There were no injuries.

Loveland Post Office Assistant To Cupid

LOVELAND, Colo. (AP) — Valentine mail is pouring into the Sweetheart City, postmaster Fred Brewer said Monday.

Chamber of Commerce volunteers place a special cachet on these cards, letters and packages for remailing before the Feb. 14 Valentine date.

Last year more than 100,000 pieces of Valentine mail went out with the Loveland postmark. On each piece is stamped the picture of Cupid and a Valentine verse.

Freedom Vs. Communism

George Washington, first President of the United States, 1789-1797 — the Father of Our Country, Lovers of Freedom looked upon Washington as a great leader in the cause of liberty. His fairness and willingness to look upon both sides of a question helped United States through its stormy early years.

Karl Marx, together with Friedrich Engels, collaborated together in developing the theory of Communism in the 1800's.

Connally Makes Visit To Capitol

AUSTIN (AP) — Gov. John Connally visited the Capitol today for the first time since President Kennedy's assassination.

Connally entered the Capitol Press Room unannounced and answered questions for 30 minutes. He said he may return to his office late today or Wednesday.

"The odds were very great that no one else would file against Sen. Ralph Yarborough until Yarborough announced for governor," Connally said, in answer to a question.

"I suppose this broke the harmony we have recently had and I don't know what will happen."

Yarborough, 38, of Houston said Saturday he will oppose Connally again in the Democratic primary.

Connally said he has talked to all potential candidates for the Senate seat, including former Gov. Allan Shivers, Rep. Joe Kilgore of McAllen and Rep. Jim Wright of Fort Worth.

"I have said nothing except that I am not in the business of choosing candidates for other offices," Connally said of the conferences.

He said both Shivers and Kilgore, rumored to run against Yarborough with strong conservative support, gave him no definite answers on whether they will run.

Asked his reaction to Don Yarborough's announcement, Connally shrugged and replied: "I have no particular feeling." He discussed the repercussions of Yarborough's decision in answer to a later question.

In reply to other questions about the governor's race, he said:

—He doubts if his stand against the federal public accommodations bill "would be an issue that paramount" to be a target of his opponents.

—Labor's refusal to support Don Yarborough "makes sense to me. I certainly haven't been an anti-labor governor. I believe the average working man feels I am his friend, he will see I have done nothing to hurt him or the labor movement."

—He "won't come close during the next 60 days" to waging as strong a campaign as he did during the same period of the 1962 campaign.

Connally said he plans to begin a half-day schedule at his mansion office. He has found his present schedule of about 10 hours a day "really too much."

He said he plans to have the cast on his right arm removed within the next 10 days for X-rays.

A new cast, "I hope only below the elbow," will be required for another two months.

Firemen Called Out

The Snyder fire department answered a call at about 11:30 this morning to extinguish a fire in a well house north of Snyder on Huffman Avenue.

About 10 minutes later the department answered a call to a service station at 2400 Twenty-fifth Street. Gasoline being used to clean a car there had become ignited.

Little damage was caused by either of the fires.

Child's Rites Set

Graveside rites were to be held at 3 p.m. today at Resthaven Cemetery at Lubbock for the infant daughter of Mr. and Mrs. Ronnie Baker of Levelland, formerly of Snyder. The child was born Monday morning.

No Meeting Seen For De Gaulle, LBJ

PARIS (AP)—The possibility of President Johnson and President Charles de Gaulle meeting this year seems to be remote, informed sources said Monday.

Diplomatic exchanges on a possible meeting were said to have stopped about three weeks ago. At that time Johnson declined a French suggestion that he go to the French island of Martinique to meet De Gaulle when he travels there in March after his trip to Mexico.

The Grand Canyon is 217 miles long, from 4 to 18 miles wide and more than a mile deep.

BIRTHS

1st Lt. and Mrs. Edward Perry Bolger, Clovis, N.M., are the parents of a 7 lb. 15 oz. baby boy born Thursday, Jan. 23 in Clovis. The child has been named John Barr.

WOMEN

RECEIVES SCHOLARSHIP—Miss Deborah Short, daughter of Mr. and Mrs. Rupert Short, 3001 Thirty-third Street was presented a $50 scholarship from the American Association of University Women while home over the weekend. Miss Short, a 3.25 grade student, is a freshman at Texas Christian University in Fort Worth. Making the presentation is Mrs. Lida Rhoades, president of the local AAUW Club.

GIFT TEA—The Snyder Country Club was the scene of a gift tea honoring Miss Susan Kay Gracey, bride-elect of Larry B. Hayes Saturday afternoon from 3 to 5 o'clock. The honoree's chosen colors of gold and white were carried out in the table decor. Pictured above from left are Mrs. Howard Gracey, mother of the bride-to-be, the honoree and Mrs. G. B. Hayes, mother of the prospective groom. Hostesses were Mmes. Jurden Brunken, Bill Line, Bob Holder, Jr., Howard Gray, Gene Conner, Edward Rogers, Waylen Holder, Ben Wilson, Jim McCaleb, Harold Kelly and Forrest Beavers.

Musical Scholarship Offered By Music Clubs

The Texas Federation of Music Clubs announces a full scholarship to the Inspiration Point Opera Workshop at Eureka Springs, Arkansas, for the summer session, June 22 to July 31, 1964.

This camp, which limits its enrollment to 100 students with a staff of 15 to 20, specializes in the production and performance of opera by young students.

Dr. Isaac Van Grove, former musical director of the Chicago Opera Co., is in charge of the Opera Department, with Joan Woodruff Van Grove staging all productions. Duane Cline, with Mrs. Cline, will be in charge of sets, lighting, costumes and make-up. Mr. Cline has a Masters Degree in Theater from Northwestern University and is now working on his doctorate at Yale University. Working with such highly trained faculty members is a valuable experience for any young musician.

The scholarship covers full tuition for all class and production work, room and board for the six weeks. It is possible to register for private lessons in voice, ballet, piano, or orchestral instruments for an additional fee.

1. The applicant must be a singer sho is:
   - A resident of Texas or attending school in the state. Between the ages of 17 and 25 years, inclusive.
   - A member of the Texas Federation of Music Clubs or will agree to become one if chosen for the scholarship.
2. The applicant must submit a tape recording of one number from opera or operetta, and one art song.
3. Application must indicate scholastic classification — (High School or College, Freshman, Sophomore, Junior or Senior,) and must include a letter of recommendation as to musical ability, scholarship standing, and character. A list of recent musical activities should also be included.
4. Application and tape should be sent to the Scholarship Chairman,

Mrs. Sonne Umberson
3110 37th Place
Snyder, Texas

and must be post - marked not later than March 1, 1964.

For any additional information, write to Mrs. Umberson at the address given above.

SSFSA Sees Far East Films

The Snyder School Food Service Association held their monthly meeting at East Elementary Cafeteria recently with Ora Ussery and workers as hostesses.

Ida DeShan led the opening prayer and devotional was given by May Brush. Maxie McNew, president, presided and Johnnie McKennon gave the secretary-treasurer report.

Mr. and Mrs. C. L. Noble presented the program by showing slides and narrating on their trip to the Far East.

Jody West received the lucky lady gift and refreshments were served to the 25 present.

The next meeting will be held Feb. 25 at West Elementary with Mike Koenig, foreign exchange student from Germany presenting the program.

WOMEN'S CALENDAR

TUESDAY

IT'S OFFICIAL NOW—A girl employe of the French Foreign Office hands to newsmen in Paris copies of the government comminique in which France officially recognized the Communist Chinese regime. In back of her is a map of Red China. The French announcement said the two governments had agreed to establish diplomatic relations and to exchange ambassadors. (AP Wirephoto via cable from Paris)

US May Dispatch Troops To Cyprus

WASHINGTON (AP) — The United States is seriously considering sending a contingent of troops to Cyprus, as proposed by Britain, but U.S. officials said today more information will be needed before they can make a final decision.

The State and Defense Departments are asking the British for precise information on the number of men they think should be assigned to the mission and now long they might be involved in the troubled Mediterranean island.

Efforts are being made to determine exactly what Greece and Turkey think of the proposal and the extent to which they will cooperate in peace-keeping measures.

At least three consultative missions are busy with the proposition which could involve U.S. men in a new foreign commitment:

1. Lt. Gen. Sir Geoffrey H. Baker, vice chief of Britain's imperial general staff flew here Monday from London for urgent conferences with Defense and State department officials. He started these talks today, meeting with Asst. Secretary of Defense William Bundy.

2. U.S. Gen. Lyman L. Lemnitzer, NATO commander for Europe, left his Paris headquarters today for a short visit to Greece and Turkey—two NATO allies caught up in direct conflict over Cyprus. It was assumed that possible U.S. action in the Cyprus crisis, with its potential for actual warfare between two of the European allies, was the reason for his trip.

3. Sir Geoffrey Harrison, deputy undersecretary of state at the British Foreign Office, opened a long-scheduled series of talks Monday with State Department experts on African and Near Eastern affairs. Discussion of the Cyprus problem is the most urgent of the issues involved in these talks.

Press dispatches from London today quoted officials there as saying that Britain believed several NATO countries should contribute about 500 men each to a peace-keeping force in Cyprus.

Diplomatic officials here said the British government feels that the issue of peace in the island is one of the utmost importance for all the NATO countries, including the United States, and that the responsibilities for trying to preserve order should be shared.

Testimony Banned In Hoffa Trial

CHATTANOOGA, Tenn. (AP) — James R. Hoffa's lawyers stopped a key government witness from testifying Monday in the trial of the Teamsters Union president on a charge of jury tampering.

But another witness, policeman James T. Walker of Nashville, testified he acted as a "go-between" in an alleged attempt to bribe a juror in Hoffa's 1962 trial on a charge of conspiracy.

Hoffa and five other men are charged with attempting to influence the jury in that trial — which ended with a hung jury.

Walker took the stand Monday after U.S. Dist. Judge Frank Wilson refused to permit another witness to testify. The judge sustained defense arguments that no basis had been laid for J.C. Tippens' testimony.

Tippins, a Nashville insurance agent and prospective juror in the 1962 trial, had been counted on to testify he received a $10,000 bribe offer to vote for Hoffa's acquittal. When he reported it, he was not seated on the jury.

The government maintains the money offer came from Lawrence W. Medlin, Nashville sandwich company operator. Medlin was indicated with the others but will be tried later in Nashville.

Hoffa's attorneys argued that anything Tippens said with regard to his meeting with Medlin would be hearsay since it was made outside the presence of the defendar. in this case.

They said the government had to first show a conspiracy existed between Medlin and Hoffa, Judge Wilson agreed.

The government then called Walker, a Negro, to testify on the next charge — that Hoffa, Thomas Ewing Parks and Larry Campbell sought to approach juror Gratin Fields during the 1962 trial.

Fields was removed from the jury just before the trial ended.

Mexico Names School For John F. Kennedy

MEXICO CITY (AP) — The first school in Mexico City to be named for the late President John F. Kennedy opened Monday.

Officials of the Ministry of Education and the U.S. Embassy attended the ceremony.

The school, in one of Mexico City's most heavily populated residential sections, is for girls in the primary grades.

Ten young Mexican teachers headed by Gloria Zozaya Ocampo own the school, on a cooperative basis. Classes will start Feb. 3.

Object Is Unidentified

FORT WORTH (AP) — A flaming object fell from the sky west of here Monday night and left authorities wondering what it was.

Oscar Monnig, an authority on metrorites, went to the scene and ruled out a meteorite.

Leo Baggerly of the Texas Christian University physics department concurred.

The object was spotted bobbing slowly across the sky by Mr. and Mrs. Ronald Jones. They followed it about eight blocks to the home of Mr. and Mrs. Melvin Lewis.

"It hovered over the house," Jones said. "Then fell and burst into flames, setting fire to the Lewis' lawn."

After alerting the Lewis family and extinguishing the fire, they found particles of a brittle, metallic-type material, charred and smelling of sulphur.

Monnig obtained samples of the object. He estimated the total weight at less than an ounce.

Snyder Airman To Base In California

AMARILLO AFB, — Airman Third Class Lanny R. Hall of Snyder is being reassigned to Travis AFB, Calif., following his graduation from the technical training course for United States Air Force jet engine mechanics here.

Airman Hall, son of Mr. and Mrs. Ernest R. Hall of Rt. 1, Snyder, was trained in the inspection, repair and assembly of turbojet engines and use of related ground equipment.

The airman is a graduate of Snyder High School.

In the Himalayan kingdom of Sikkim the license tags on the royal family's car have no numbers, simply the word "Sikkim."

Dying Man's Plea Saves Snake's Life

By PHIL KEIF

SALT LAKE CITY (AP) — "Don't blame the snake," said Jerry de Bary of the African puff adder that killed him Monday.

"It was only trying to defend itself," the curator of Salt Lake City's Hogle Zoological Gardens said from his hospital bed before he died.

De Bary, 37, was bitten Saturday night when he opened the cage to tend the snake.

He said he felt faint after he opened the glass door and fell forward. He put out his left arm to catch his balance. The adder sank both fangs into de Bary's forearm.

Snake serum was administered by his wife within 15 minutes. He was rushed to Holy Cross Hospital where more of the antivenin was given.

De Bary died at 6:30 a.m. Monday. His wife, Katherine, was at his side.

Dr. Alfred H. Namba said de Bary "died a brave man. He was talking and joking about the bite at 6 o'clock. He had responded well to a tracheotomy and heart massage and it looked pretty good.

"Then he suddenly lost blood pressure. We tried external heart massage again, but we couldn't save him."

Zoo spokesmen said the snake would not be killed because de Bary wouldn't have wanted it that way.

Margaret Chase Smith Adds Name To Long List Of GOP Aspirants

By JACK BELL

WASHINGTON (AP) — Its come-one-come-all aspects indicated today that New Hampshire's March 10 presidential primary may end up ranking first in confusion as well as first in the nation.

Sen. Margaret Chase Smith, R-Maine, 66-year-old veteran of somewhat more limited political wars, joined the overflowing list of GOP presidential nomination aspirants with the announcement Monday her name will go on the primary ballot.

What was perhaps more disturbing to New York Gov. Nelson A. Rockefeller and Sen. Barry Goldwater, R-Ariz, was the filing of a delegate candidate for former Vice President Richard M. Nixon.

John L. MacDonald, a Manchester advertising man, predicted a full delegate slate for Nixon. The man who lost a hairline decision to the late President John F. Kennedy has said he would accept a draft for a second nomination but wouldn't campaign for it.

With this in mind, MacDonald said that Nixon's name may not go on the preferential ballot list where those of Rockefeller, Goldwater, Mrs. Smith will be listed. But he added that there may be a write-in for Nixon.

The former vice president's name is well known in New Hampshire, where he polled 65,000 votes in 1960. Presumably he, Mrs. Smith and several others will provide alternatives for Republican voters who don't want either Rockefeller or Goldwater.

Delegate candidates favorable to Henry Cabot Lodge, the 1960 GOP vice presidential nominee, and Gov. William W. Scranton of Pennsylvania have also filed.

Former Minnesota Gov. Harold E. Stassen planned to file today.

U. S., Canada Score Pre-Game Victories

By TED SMITS
Associated Press Sports Editor

INNSBRUCK, Austria (AP)—The United States and Canada scored important pre-game victories, South Africa suffered a setback and injuries and ailments continued to plague the numerous nations as they put the finishing touches on their Winter Olympic preparations today.

The practice sessions have claimed two dead and numerous injured. The games don't open until Wednesday, but these major points came out of the conference rooms and playing rinks Monday:

1. The United States scored a major but unofficial victory when it placed Billy Kidd, Stowe, Vt., and Bud Werner, Steamboat Springs, Colo., among the top seeds for the men's downhill ski race, scheduled Thursday.

2. Canada's hockey team, which has had its troubles in pre-Olympic practice games, romped over Yugoslavia 14-1 in an elimination round to select the Olympic championship field.

3. The International Olympic Committee, governing body for the vast organization, announced it had withdrawn an invitation to South Africa to compete in the summer games in Tokyo until and if that nation's Olympic representatives can persuade its government to amend its racial policies in relation to selection of teams.

The major item today was a scheduled announcement by the IOC on the site of the 1968 Winter Games. Six nations have entered bids, with Calgary, Canada, the favorite. Others are Lake Placid, N.Y.; Lahti, Finland; Grenoble, France; Oslo, Norway, and Sapporo, Japan.

After first rejecting an American protest about the seedings precedure in the downhill race, the International Ski Federation reversed itself and placed Kidd and Werner in the first group to go down the steep, dangerous course at Mt. Patscherkofel. In the second draw, the 20-year-old Kidd drew the No. 1 position and Werner No. 8.

The Americans had protested on the ground that races in the United States were not given proper consideration. The U.S. skiers received low ratings because they did not compete in major European events last year.

The seedings are vitally important since skiers make their runs on that basis. After the first 15 or 20 have made their runs, the course is usually badly chewed up and later competitors have a difficult time making fast runs.

Chuck Ferries, Houghton, Mich., and Annibale Orsi, Stockton, Calif., the other two American downhill skiers, remained in the second classification.

The dangerous course, which claimed the life of 19-year-old Australian Ross Milne last week counted four more injured among its casualties Monday.

They included France's Emile Viollat, who broke his left collar bone, and Austria's ace, Gerhard Nenning, who tore his cheek, both in falls. A Greek and a Czech were slightly injured.

In addition, Norway's No. 1 skier, Harold Groenningen is suffering from influenza and Germany's Barbi Henneberger is troubled with an old foot ailment, making both doubtful competitors.

SPORTS

Sharpshooters Of Wichita Prancing

By DICK COUCH
Associated Press Sports Writer

Wichita, a frontier boom-town when gunslingers roamed its streets, is prancing again, thanks to a band of tall sharpshooters in sneakers.

The University of Wichita Wheatshockers are the new cutups and their game is high-calibre basketball.

Last week the Shockers bolted into the 1964 college championship picture with an 80-76 victory over Chicago Loyola, last year's titlist. The victory, Wichita's 14th in 17 games, lifted the Kansans from 10th to seventh place in The Associated Press' major college cage poll and helped shuffle the Ramblers from third position to 10th.

If the Missouri Valley Conferencing leaders keep winning, Wichita could be the No. 1 spot on the basketball map in March when the NCAA Midwest Regional playoffs are contested there.

UCLA's unbeaten Bruins are still No. 1 in the AP poll of 40 writers and broadcasters. The Pacific Coast powerhouse, idle last week, received 22 first-place votes and 392 points. UCLA has won 15 straight games.

Michigan's Big Ten front-runners, 14-1 on the season, remained in the No. 2 slot after posting conference victories over Michigan State and Minnesota. The Wolverines collected five first-place votes and 345 points.

Davidson, also unbeaten in 15 games, advanced to third and picked up the remaining pair of first place votes. The Wildcats trampled Wofford, 105-73, in their only start last week.

Kentucky, Vanderbilt and Villanova each moved up a peg to the No. 4, 5 and 6 positions. Kentucky, 14-2, topped Southeastern Conference rival Georgia Tech, 79-62. Villanova, 14-1, won twice, trimming Penn and West Chester. Vandy, 13-1, did not play. Neither did ninth-ranked DePaul, only other unbeaten major at 12-0.

Duke, 11-3, held the No. 8 spot after squeezing by Tennessee, 67-65, in double overtime.

The Top Ten, with first place votes in parentheses, season records through Saturday, Jan. 25 and points on a 10-9-8-7-6-5-4-3-2-1 basis:

	Won	Lost	Pts.
1. UCLA 33	15	0	392
2. Michigan 5	14	1	345
3. Davidson 2	15	0	268
4. Kentucky	14	2	261
5. Vanderbilt	13	1	192
6. Villanova	14	1	169
7. Wichita	14	3	157
8. Duke	11	3	106
9. DePaul	12	0	101
10. Chicago Loyola	11	3	63

Five Local Boxers Win In Finals

ODESSA — All five boxers from Scurry County Boys Club who made the finals triumphed here Monday night in the Odessa Regional Golden Gloves.

The Snyder aggregation missed winning the high school division trophy by one point, with Kermit scoring 16 points to 15 for Snyder. However, Snyder boys did not lose a match in the high school class.

Ruben Gonzales, 147, was the lone open division entry from Snyder and he won a decision over Glen Carter, 143, of Abilene.

Rudy Benitez, the lone Snyder finalist in the novice division, at 109, whipped Mark Jaramillo, 110, of Abilene, and then Rudy was named outstanding boxer in the division.

In the high school division, Freddy Benitez, 111, decisioned George Galinda, 113, of Odessa Boys Club, and Jesse Costello, 125, won over Ruben Urias, 124, of Odessa Boys Club. Joe Amezcua, 160, fighting with the Snyder team, was unopposed in the finals.

Runnels Nips Blue Devils

BIG SPRING — Runnels Junior High basketball teams won both games of a doubleheader over Snyder Travis here Monday night. Runnels 9th won a 70-67 squeaker, while Runnels 8th defeated Travis 8th, 33-28.

Travis 9th, led by 17-15 at the end of the first period, but fell behind, 31-28, by half-time. David Lester topped the Blue Devil scorers with 19 points, while Bobby Clardy had 14, Vernon Moore 13, Randy Feagan and David Cadena 10 each and Ken Haskell 1. Ronnie Anderson had 16 points for Runnels.

Travis 8th also held a narrow first quarter lead, 10-9, but Runnels 8th pushed ahead, 20-16, by half-time. Bennie Garrett scored 13 points, Ken Pollard 9, Jerry Smedley 3, Jerry Luttrell 2 and Gus Tovar 1 for Travis 8th. Gartman and Foster had 8 points each for Runnels.

Lamar 7th Teams Sweep Two Games

Lamar 7th grade basketball teams swept two games from Travis in Monday action. Lamar Gray defeated Travis Blue, 33-23, while Lamar Red decisioned Travis White, 35-25.

Ritchie Thompson scored 15 points for Lamar Gray, while Holder had 12 and Johnston 6. Ken Sehested had 12 for Travis Blue, while Kay had 7 and Rushing, Brinner and Hollis had 2 each.

Mitch Rambin scored 12 points for Lamar Red, Herod 10, Williamson 5, Gallman 4 and Alexander and Wood 2 each. Bennie Ward roped 19 points for Travis White, while January, Lee and Rios had 2 each.

Longest kickoff return for a touchdown in the Big Ten last season was credited to Willie Stinson of Northwestern. He went 91 yards against Indiana.

Lamar Teams Rip Goliad

Lamar Junior High Basketball teams decisioned Big Spring Goliad in a pair of games here Monday night.

Lamar 9th walloped Goliad 9th, 55-41, after Lamar 8th had trimmed Goliad 8th, 41-20.

Three men on the Lamar 9th team scored in double figures. Gordon Stokes had 16 points, Billy Noel 15 and Rob Golden 11. Eldon Woodward contributed 6 points while pulling down 17 rebounds. Robert Jones also had 6 points and Sanc, Wellborn 1.

Travis Kennedy scored 16 points to pace Goliad.

Don Malone paced Lamar 8th with 15 points, while Frank Grimmett had 10, O. L. Cooper 9, Drake Snyder 3 and Tommy Bullard and Dwain Boydstun 2 each. Clanton had 14 for Goliad.

Lamar 9th took a 15-10 lead in the first quarter, led 30-23 at the half and never was seriously challenged in the second half. Lamar 8th had a close first quarter, leading only 6-5 at the end of the period, but surged to a 23-10 advantage by half-time. The 8th grade Texans then scored 10 points in the third period while holding Goliad to 3 and won in a romp.

ATHLETES HONORED—Snyder High School's coaching staff and athletes were honored at a banquet Monday evening at the First Baptist Church. Each boy was paired with an adult for the dinner and talk was given by the Rev. Ed Crow, right, pastor of the First Baptist Church in Brownfield. With him at the head table are Roy Carter ,who was in charge of arrangements, and Mike Carter.

Halas Worrying About '64 Season

MIAMI BEACH, Fla. (AP)—Less than a month after his Chicago Bears won the National Football League title, owner-Coach George Halas is worrying about next season.

"I am conditioning myself to take a lot of defeats," said the hardy, 68-year-old Hall-of-Famer today as the NFL meetings opened.

"It's nice to win," said Halas, "but you always have to realize when you win a game in the National Football League it lasts almost a whole week. When you win the championship it might be good for a few months."

Halas said he expects the toughest race in the history of the NFL.

"Green Bay still is the team to beat," said the man who beat the Packers twice last year. "The first time we surprised them, the second time we played our greatest game.

"I don't expect any problems with complacency. The Bears don't think they are world beaters by any means. They realize how difficult it is to repeat."

Halas and the other owners are expected to turn down a proposal to count tie games as one-half game won and one-half game lost in the standings. That was one of the amendments to be considered at the meeting.

The new $28.2 million television contract still was a subject of wide discussion.

Bill McPhail, vice president of the Columbia Broadcasting System, revealed Monday that the network planned football television doubleheaders on five or six Sundays next fall by following an East Coast game with a West Coast game in cities where the clubs were on the road.

The new policy would result in headon collisions with the rival American Football League which normally televises its games at a time when there was no direct conflict with the NFL.

The Cleveland Browns hired Nick Skorich, former Philadelphia head coach, as an assistant to Blanton Collier. Skorich will work both on offense and defense.

Jerry Wolman, new Philadelphia owner who released Skorich, said he still was looking over the field for a replacement and did not expect to make a decision until next week.

Fluvanna Junior High Teams Win

IRA — Fluvanna Junior High basketball teams won close victories over Ira last night, with the Fluvanna boys taking a 36-35 decision and Fluvanna girls winning, 22-17.

For Fluvanna boys Johnny Dunnam had 11 points, Joe Belew 10, Johnny Stansell 8, Victor Contreras 4 and Paul Biland 3. For Ira, Jimmy Wilson had 12, Gary Vineyard 11, Gary Weir 6, Rickey Holladay, Johnny Ezell and Drewell Clark 2 each.

For Fluvanna girls, Sandra Stansell had 17, Nannette Bruner 4 and June Stansell 1. Connie Sterling had 8, Linda Wiggins 7 and Debbie James 2 or Ira. Fluvanna Junior High teams go to Westbrook Monday night.

Harvard won the 1963 Eastern hockey title with a 4-3 victory over Boston College.

Rodriguez Is Smooth With Comedy, Too

SAN FRANCISCO (AP)—If Chi Chi Rodriguez ever runs out of golf shots he can still make a living on the night club comedy circuit.

The 120-pound Puerto Rican laughing man methodically beat Don January by one stroke Monday in their 18-hole playoff for the Lucky International Open Golf title—and then he whipped listeners into helpless laughter with 15 minutes of banter.

Rodriguez — whose proper name is Juan—consistently outdrove January en route to his 34-36—70 round over the par 36-35—71 Harding Park Municipal course. But he said his 250-yarders off the tee didn't come near equalling a five-iron shot he hit a few years ago.

"I am playing in tournament and I lead by five strokes. I hit five-iron to green 250 yards away. The ball goes high and plane from Air Force base come low. Woosh—exhaust carries the ball 100 yards past the green. Three-hundred-fifty-yard shot. I chop back through the trees and lose by one stroke."

Remembering how he lost that event despite the big lead, Rodriguez said he never thought he had sewed up the match with January although he never trailed and at one point led by three strokes.

Appleton To Decide Soon

PHILADELPHIA (AP)—Scott Appleton, All-America tackle from the University of Texas, says he will let the sports world know "within two weeks" whether he will play pro football with the Pittsburg Steelers or the Houston Oilers.

Appleton, here to receive the College Lineman of the Year Award from the Philadelphia Sports Writers Association, said he wanted to get the decision over with as soon as possible.

Asked why he was delaying, he said "I know the National Football League is best but then Houston is in Texas."

The Steelers are a member of the NFL while the Houston Oilers are in the American Football League.

Appleton said he has already been away from Texas too long and that he is homesick for Brady.

"Brady's just a small town—about 130 miles from the university," Appleton explained "and I'm going home for a little rest before I finish up my term."

Tiger-Cub Tilt Night's Feature

Snyder's leading Tigers were off to Brownfield today where they will battle the Cubs in the feature game of tonight's District 3-AAA basketball slate.

The surprising Cubs are tied with Lamesa for second place with a 3-1 record, while the Tigers are leading the pack at 4-0.

In other district games tonight, Lamesa is at Lake View and Colorado City goes to Sweetwater. The Lake View-Lamesa tilt is a crucial one since both teams were pre-season favorites to battle for the district crown. Lamesa stands at 3-1, having lost only to Snyder, while Lake View is 2-2 with losses to Snyder and Brownfield. A loss tonight would eliminate Lake View from title consideration.

Victories by Lamesa and Brownfield tonight would leave a three-way tie involving those two teams and Snyder at the end of the first round of district play.

Coach Ned Underwood of the Tigers was expected to start his usual front-line five composed of Jimmy Wilson, Billy Stewart, Leslie Brown, Drew Bullard and Jerry Vestal.

SWC Teams Break Even For Night

Southwest Conference basketball teams broke even with non-league foes Monday night as Texas Tech walloped Midwestern 102-86 and the independent Bartlesville (Okla.) Oilers beat Arkansas 87-75.

These games were part of a warmup schedule for the Southwest clubs the next several days before they return to conference warefare this weekend.

Texas A&M invades the University of Houston home court in the only action on tap for conference members tonight.

Midwestern saw Texas Tech go on an 18-point scoring spree while holding the losers scoreless midway of the first half in their game at Lubbock. Tech's Red Raiders, able to gain only a 29-25 edge after 12 minutes, spurted to a 47-25 lead and was ahead 55-35 at halftime.

Individual honors nevertheless went to Midwestern's 6-foot-5 John Henry Young, who topped the scoring with 30 points and grabbed 17 rebounds. Glen Hallum set the pace for Texas Tech with 21 points.

In the game at Bartlesville, the Oilers also forged in front for good in the first half and their margin over Arkansas was 46-34 at intermission. Each club added 41 points in the second half.

Jerry Shipp led Bartlesville scoring with 25 points. Jim Jay was tops for the Arkansas Razorbacks with 19.

China Problem Promises US Discomfort In 1964

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The Red Chinese are either backing down on their resistance to a "two-China" policy or they are going to try to use American allies and friends, and even neutrals, to put this country in a box.

The problem of Red China promises to make 1964 a mixed up, goofy, and turbulent year. It started Monday when France recognized the Red Chinese, meaning it recognized them as the legitimate rulers of all mainland China.

France did this against the expressed wishes of its American ally which backs Chiang Kai-shek who claims his Nationalist government on Formosa is the only legitimate government both of Formosa and the mainland.

From a realistic standpoint this is a fiction and has been for years. The United States got thrown into it and then got stuck with it.

The Reds defeated Chiang and his armies and drove him from the mainland to Formosa 100 miles offshore in 1949 after this country had given up helping him because his government was corrupt and useless.

He has been on Formosa ever since and could never get back to the mainland without American help, which isn't being given him, although this country is pledged to defend him from a Red Chinese invasion.

The Reds not only control the mainland, with its 700 million people, but show absolutely no sign of losing control. There are 11 million people on Formosa.

When Chiang first fled to Formosa, the United States washed its hands of him, said it wouldn't defend him from Red Chinese attack. It made him an ally, and agreed to defend him, only after the Korean war began.

Now comes the odd part, the only point on which Chiang and the Reds agree. Both insist Formosa and the mainland are not two separate Chinas but just two parts of one China.

Both claim to be the legitimate rulers of the one big China. Everything gets murky after that.

The Reds until now have insisted they wanted no recognition of their right to boss the mainland from any country recognizing the sovereignty of Chiang's government over Formosa.

Chiang has insisted on the same thing, but the other way around. To do otherwise, both argue, would be to admit there are two Chinas instead of one.

Forty-eight countries now recognize the Red Chinese, including some of this country's North Atlantic Treaty Organization allies: Britain, Norway, Denmark, the Netherlands. Now suddenly there appears to be a switch.

Red China is accepting recognition from France which also recognizes Chiang's government. It may be they hope outraged Chiang will disown the French recognition, although this country insists he must not.

If such a hope is not the real basis for the Reds' acceptance of the dual French recognition, then the Communists seem to be abandoning their long-stated policy against the "two-China" recognition.

What could they hope to gain? If other countries flock behind France, particularly American allies, in recognizing Red China it should weaken this country's anti-Communist China position and cause trouble with friends.

For years this country has failed in trying to isolate the Red Chinese from the rest of the world, diplomatically and economically. Why the American attitude?

Several reasons: Anger over Red China's part in the Korean war; hostility of Red China to this country, particularly because of American support and defense of Chiang; the fear that the more influential and respectable Red China becomes, the more Southeast Asian countries will lose their will to resist communism.

Junior Editors Quiz on WATER

QUESTION: What is meant by "softening" water?

• • •

ANSWER: When water comes from wells deep in the earth, it often contains minerals, such as calcium and magnesium, which make it "hard." Such water is not so good for washing and coats the insides of hot water pipes with deposits. Most people like their water "soft," with these minerals removed.

In city water systems, soda ash and lime are often added to hard water. These combine with the magnesium and calcium and sink down, allowing soft water to flow out. Houses which have hard water from individual wells often have some kind of home water softener—we illustrate one type. The hard water passes through the filter tank containing minerals called "zeeolites." Sodium ions in the zeeolites (an ion is an atom with an electric charge) exchange themselves for the calcium and magnesium ions in the water, which then becomes soft. After a while, the sodium ions in the zeeolites are used up. Then the filter mineral must be "regenerated" by allowing very salty water to flow through it, removing the calcium and magnesium and adding a fresh supply of sodium. Jack, in the picture, is adding new salt to the brine tank.

• • •

FOR YOU TO DO: Make this test for hard or soft water. Fill hand basin with warm water; lather your hands with soap. If there few bubbles and the water seems to resist, then it's more or less hard. But if it has a slippery, easy feel and there are many bubbles, it's soft. 1-28

(Stephen Tarbe of Auburn, N. Y., wins today's grand prize of a 20 volume set of the World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper and you may win a set too.)

Peck Enjoys Challenge Of Living

By HAL BOYLE

NEW YORK (AP)—What one word best sums up the meaning of life to you?

This is my favorite question in interviewing people, because I have often found their replies provide a simple key to what they're really like.

Here was the answer of Academy Award winner Gregory Peck: "self-respect."

The question seemed to have touched a responsive chord in Peck, who worked his way up from a concession barker at the last New York World's Fair to his present status as a star in Hollywood.

Although he played a psychiatrist in his latest film, Peck thinks the flight to the headshrinker's couch is being abused by many people who aren't in real mental distress.

"The fun and challenge of living is to meet a standard of excellence. I don't like the increasing unnecessary dependence on psychiatric counseling," he said.

"I think the whole idea is to work these things out for yourself—even though it takes until you're 50 to overcome your prejudices and reach a level-headed point of view.

"Part of the whole idea of life is to be able to do this for yourself. You have to learn to live without crying on someone else's shoulder.

"A measure of a person is how he can hurdle the problems of existence on his own—and without self-pity. That, to me, is the point of the whole thing.

"If you turn this over to someone else and say, 'handle this for me,' you're defaulting on the whole idea of living.

"The most noteworthy thing about Hollywood right now is the cold war going on in the search for good script material. It's a real competition, full of espionage.

"Picture-making is utterly dependent on good stories. It's the writing that counts."

Peck, who has had a rare record of success, thinks an actor should be philosophical if a film venture turns out to be a turkey.

"You try to do your best as a matter of pride," he said. "But, a movie after all, although it reflects and interprets life, is still only a movie—a comment on living and dying.

"If you do make a bad one, the nice thing about it is that everyone wants to forget it—and they sweep it under the rug as soon as possible."

He finds pleasure outside his career by rearing five children, raising fine beef cattle, traveling, going to art and furniture auctions with his wife—and buying losing racehorses.

"I don't have time to be unhappy—and that's about it," he said.

Mrs. Oswald Convinced Husband Was Assassin

DALLAS (AP) — Lee Harvey Oswald's young widow says she's convinced her husband killed President Kennedy. Her statement Monday drew immediate challenge from the mother of the accused assassin.

Marina Oswald, 22, Russian-born blonde who married Oswald in the Soviet Union, said in a copyrighted interview with KRLD AM-FM-TV in Dallas:

"I don't want to believe . . but I have too much facts, and facts tell me that Lee shot Kennedy."

She added that she knew knothing about her husband's alleged plans, and called the Nov. 22 assassination "a very bad surprise for me."

It was Marina's first statement to a newsmen since Oswald was buried. He was shot Nov. 24 by night spot operator Jack Ruby, who now awaits a murder trial tentatively scheduled Feb. 17.

Her mother-in-law, Mrs. Marguerite Oswald, 56, asserted almost at once in a broadcast interview with Dallas Station KBOX that Marina "has been in seclusion too long."

The elder Mrs. Oswald attributed Marina's conclusion about Oswald's guilt to her association with Secret Service agents, who have provided protective custody for the daughter-in-law the past two months.

Mrs. Marguerite Oswald has been openly critical about Marina's seclusion. The young widow and her two small daughters are living at an undisclosed spot in the Dallas-Fort Worth area.

In halting English without aid of an interpreter, Marina said she is not under arrest and is free to "go shopping or any place I can go."

Prior to the remarks from Marina, Oswald's mother disclosed she saw her daughter-in-law Sunday at the grave of the accused assassin. Secret Service agents kept them from speaking, the mother said, and whisked Marina and the children away in a car.

Mrs Oswald said she believes "the facts" on which Marina has decided her husband's guilt came from Secret Service agents.

"For a long time I have believed that a profound effort has been made to change her belief in Lee's innocence," the mother said.

"I feel sorry for this girl. But I think Marina has been in seclusion too long."

Mrs. Marguerite Oswald also was critical of an announcement from Washington that her lawyer will not be allowed to cross examine witnesses before a presidential commission investigating the assassination. Marina will be the first to testify.

"My son has not had the opportunity to be able to prove his innocence and he will always be the accused," Mrs. Oswald said. "This thing has not been handled properly. It has not been handled in the American way."

Marina in her interview thanked donors across the nation who have contributed $35,000 to her family.

"American people have very big hearts." she said.

KRLD reported a trust fund has been set up for her.

Marina was interviewed at her home. CBS carried the interview nationally.

She was serious over questions about Oswald, but she smiled while talking about her children and her daily activities.

"I'm busy with my children all day," she said. "I try to clean house, wash diapers and little bit cook, and play with children outside."

She would like to become an American citizen, Marina said, and continue living here with her children, Junie, 2, and Rachel, 3 months.

Fluvanna's Sheep Place

FLUVANNA — The Fluvanna chapter of Future Farmers of America won several high awards in the sheep division of the Abilene Fat Stock Show.

Denny Belew had the second place animal in the lightweight crossbred class, while Henry Contreras' entry placed 13th, Joe Weldon Stansell had the 30th place entry and Richard Contreras had 50th and 55th.

In the heavyweight class, Henry Contreras had the fifth place entry and Denny Belew the 13th place animal. Joe Belew of the Scurry County 4-H Club won second place in the lightweight fine wool class.

The Fluvanna FFA chapter placed fourth in the neatness award contest.

Labor Unions Eye Profits Of Some Big Corporations

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — The big rise in profits being announced almost daily by one or more leading corporations is being watched as closely by labor unions as it is by shareowners and the stock market.

Business earnings as a whole set a record in 1963. But it's the better than average gains in some industries and by many top firms that is catching the eye of labor just now.

General Motors made $1.6 billion last year and has a labor contract to negotiate this summer. Other corporations announcing profits in excess of a billion each are AT&T and Jersey Standard Oil.

More than 100 contracts covering at least two million workers expire this year and must be replaced. Almost as many more workers have contracts that can be reopened on demand for wage negotiations. Another 1.5 million automatically get wage increases this year under terms of existing contracts.

In the last few years most corporations were complaining of diminishing profit margins—some still do—and concentrating on cost-cutting and increased mechanization to fight the trend.

In the light of that, labor's stress has been less on sizable wage-scale increases than on fringe benefits and, last year in particular, on job security. The bogey has been automation and the fear of a shrinking number of jobs and of the outdating of many old skills.

But mechanization and cost-cutting, along with rising sales and production, are making themselves felt now. The factors have combined to produce the results showing up now in the steady flow of announcements of rising profits. This was especially true of the final months of 1963, which pushed many big corporations to record high earnings for the year.

Some of the reported profit gains have been tempered by bookkeeping. The Treasury relaxed the rules on depreciation, so that many companies last year could write off more wear and tear before reporting gross earnings. This cut both their federal income tax bills and their reported net income.

Some corporations took advantage of a 7 per cent tax credit for new equipment bought in 1963, as allowed in a bill passed by Congress.

If Congress also passes the tax cut bill now before the Senate, the effect on 1964 profits will be mixed. Rates of corporate income taxes will be cut, making for a neat gain in net profits. But the dates of payment for taxes will be advanced so that many corporations will be paying out money sooner than in previous years and this will show up in 1964 bookkeeping.

But the tax cut bill also is expected to boom the economy in general and this could mean more business, and presumably more profits.

Along with an eye on getting more of the corporate money pie in the form of higher wage scales, labor leaders also are talking of asking for higher pay for overtime. The chief argument is that this would make overtime less attractive to corporate management and open up more jobs for the unemployed.

But in arguing for more pay for overtime, the unions also are likely to point to high profits as putting companies in the position to pay it.

President Johnson has warned against setting off a new spiral of rising wages and prices. He has urged moderation on union leaders. He has even suggested that higher profits might better be tempered by lower prices to the consumer.

What labor will do, what management will do, what Congress will do, all is up in the air just now. But the scene is laid for some tough bargaining.

Arkansas Banker Farmer's Friend

By WICK TEMPLE

FORREST CITY, Ark. (AP)—In the Mississippi Delta he is known as Mr. Will, the man at the bank, who in 53 years has never foreclosed a mortgage.

His full name is William W. Campbell. He is chairman of the board of the National Bank of Eastern Arkansas.

More than that he is the force behind the first big economic change in this cotton country since Reconstruction.

Campbell saw the handwriting on the land. He saw the small cotton farmer squeezed out of a livelihood by mechanization and chemicals. He saw the tiredness in the land itself.

He began loaning money and talking farmers into planting new crops. He provided them jobs in industry.

For the land, he stressed soil conservation and modern methods.

Now, white-haired and 74, Campbell looks out the windows of his bank in Forrest City and sees a new era being born in the delta.

Campbell, six feet tall and erect as a farm boy, is lean like his pioneer ancestors. His hunger is for progress, and for keeping people on the land.

He knows his people. He knows them so well that often a farmer's signature is his collateral for an agricultural loan.

Campbell was born on a farm atop Crowley's Ridge, a natural levee pushed up by the Mississippi River thousands of years ago. He has lived all his life on the ridge and in Forrest City, which nestles on its west side.

Years ago Campbell and his bank pioneered peaches on the ridge. He pioneered rice west of the ridge where the soil will hold water. He formed the first soil conservation district and pushed modern agricultural thinking.

Then the big cotton farmer turned to tractors for planting, machines for picking and chemicals for killing weeds. The small farmer and the farm laborer were swept from the picture.

The exodus began—to the cities, to the welfare rolls.

Campbell took up the banner of the little man.

He visited industrial leaders in dozens of cities and told them in his soft southern drawl about the bright prospects of his area. In less than a decade he helped attract 1,500 industrial jobs to Forrest City. By next April Warwick Industries will put another 1,000 to work building televisions sets for Sears, Roebuck & Co.

That is 2,500 industrial jobs in a city of 12,500. But many of the workers will come from tenant houses and small farms on the ridge and in the delta.

With industry secured, Campbell moved toward the soil. He showed small farmers how they could grow potatoes, okra, greens, carrots and peas in the rich land that for more than a century had known only cotton.

Now a modern farm family is taking shape in the delta, Campbell says. It grows a relatively small vegetable crop to bring in perhaps $2,000 to $3,000 a year while one member of the family works in industry to bring in another $3,000 or $4,000.

McCloskey Named In Damage Suit

BOSTON (AP) — The Department of Justice has filed a $4.9-million damage suit against three firms, including one headed by Matthew H. McCloskey, former ambassador to Ireland and treasurer of the Democratic National Committee.

McCloskey, appointed to the Dublin post by President John F. Kennedy in 1962, resigned recently to help the Democrats raise funds for this year's campaign.

In Dublin, an embassy spokesman said McCloskey would have no comment on the suit.

The suit, filed Monday in U.S. District Court, asked $4,918,577 from McCloskey & Co. of Philadelphia, charging the firm with extensive defects in construction of the 15-story, 920-bed Veterans Administration hospital in the Jamaica Plain section of Boston.

The company was awarded a $10,563,000 contract in 1950. The hospital was completed in June 1952.

Also named in the suit were Charles T. Main Inc. of Boston, engineering consultants, and the Boston architectural firm of Shepley, Bulfinch, Richardson and Abbott. The government said these two firms were paid $619,000.

Additional damages of $2.5 million were sought from Aetna Casualty and Surety Co., which wrote the performance bond for the McCloskey firm's work.

The suit charged the McCloskey company "made numerous departures from the contract design, drawings, plans and specifications, provided defective workmanship and deficient equipment and materials, failed to provide proper supervision and superintendence or competent foremen or superintendents."

Red China Claims US Plane Intrusion

TOKYO (AP) — Communist China charged that a U.S. military aircraft intruded into its air space over southern China Monday. Peking issued its 276th "serious warning" against the United States, the New China News Agency reported.

Mrs. Oswald To Be First Witness

By HARRY KELLY

WASHINGTON (AP) — The presidential commission investigating John F. Kennedy's assassination plans within two weeks to question its first witness: the Russian-born widow of Lee Harvey Oswald.

Chief Justice Earl Warren, who heads the inquiry, announced she would appear before the commission or some of its members as part of the group's study to fill in the gaps surrounding Kennedy's murder last Nov. 22.

Oswald, an ex-Marine who called himself a Marxist, was shot to death two days later after having been arrested and charged with the assassination.

For Marina Oswald, 22, it's all still hard to believe.

"I don't want to believe . . . but I have too much facts, and facts tell me that Lee shot Kennedy," Mrs. Oswald declared in a copyright interview Monday night with radio station KRLD in Dallas.

Since the death of her husband at the hands of Jack Ruby in the Dallas jail, the blonde Mrs. Oswald and her two daughters have been in seclusion under the protection of the Secret Service.

Oswald's mother, Marguerite Oswald, 56, said her daughter-in-law's statement showed she had been in seclusion too long.

"Where does she get these facts," she said in an interview with radio station KBOX of Dallas. "Who has been talking to Marina?

"For a long time I have believed that a profound effort has been made to change her belief in Lee's innocence."

"My son has not had the opportunity to be able to prove his innocence," she declared, "and he will always be the accused."

Warren said lawyers for Oswald's widow will be present and be free to ask any question. He said the commission had rejected the request of Oswald's mother for the right to have lawyers present at the questioning of her daughter-in-law and other witnesses.

CAMERAS BARRED—Newsmen enter Hinds County Courtnouse in Jackson, Miss., for the Byron de la Beckwith murder trial but cameras and tape recorders stayed out. A patrolman guards the courthouse door. (AP Wirephoto)

Thieves Take Lock From Police Station

AUDUBON PARK, N.J. (AP) — Police are looking for two guns and two boxes of ammunition missing from the police station.

They are also looking for the lock on the station's front door.

Police Chief Louis Sipplee said he discovered the thefts when he arrived to open the station Monday.

Collapse Of Security Firm Leaves Texas With Puzzle

AUSTIN (AP) — The State Banking Department is left with a $25,000 bond, an incomplete file and an uncertain course in the case of a bankrupt California money order firm.

No one knows how many Texans hold worthless money orders.

Atty. Gen. Waggoner Carr has deferred action until he gets a full report from the banking department.

Three members of Carr's staff met for several hours Monday with Deputy Banking Commissioner H. L. Bengston without reaching a conclusion on what moves the state should make regarding the collapse of American Security Currency, Ltd., of Los Angeles.

Bengston said he just learned Monday that the firm is in receivership. A bankruptcy petition was filed Jan. 16, he said.

Several persons who sold the orders, as well as several customers who found the money orders were worthless, have contacted Bengston, but he could offer no help.

"We don't have jurisdiction to investigate — we feel we've done what we are compelled to do under the statute," Bengston said. "It amounts to an incomplete file for us."

Bengston said the firm sold money orders through 317 drug stores and supermarkets in Texas.

Under a law passed by the last legislature, firms selling money orders are required to post bond and be licensed by the state banking department.

Of 45 firms doing business when the law took effect, 41 were licensed by Bengston. American Security applied on the deadline, Sept. 23, but posted only $25,000 bond instead of the required $250,000.

Bengston advised the firm to increase the bond, but received no reply. The firm was allowed to continue sales while its application was pending, under terms of the new law.

The law makes no provision for disposition of the bond, he said.

It provides that persons who directly or through other persons violate the law are guilty of a misdemeanor offense and can be punished by a fine of $100 to $500 or 90 days in jail or both.

Mild Weather Favors Preparing Farm Land

AUSTIN (AP)— Mild weather provided Texas farmers a perfect opportunity last week to prepare land for the 1964 season, the U.S. Department of Agriculture said Monday.

Moisture remained scarce in some sections, particularly the northwest where high winds depleted soil moisture.

Wheat growth was held back in the High Plains by lack of moisture as was flax in South Texas.

Winter crops were harvested and the planting of spring crops began in the Rio Grande Valley.

Nehru Has X-Rays

NEW DELHI, India (AP) — Prime Minister Nehru, who suffered a mild stroke 20 days ago visited a New Delhi medical institute Monday to have Xrays taken, spokesman said.

The visit was part of a routine watch that doctors are keeping on Nehru, according to the spokesman

"Play Piggly Wiggly's
BEVERLY HILLBILLIES Game"
WIN UP TO $200.00
Plus GOLDEN JALOPIES for the Kids!
It's EASY, It's FUN, It's FREE

CASH WINNERS DAILY

HERE'S HOW TO PLAY:

VISIT PIGGLY WIGGLY AND RECEIVE A BEVERLY HILLBILLIES GAME TICKET. Take it home with you, wipe off the black squares by rubbing with tissue or cloth, using any household oil, margarine or butter. CASH WINNERS UP TO $200.00 will be indicated on the face of the ticket.

Underneath the black square on the car radiator, there will appear the name of one of the four members of the Clampett family. Collect one each and win an ADMIRAL COLOR TV SET, retail value $500.00.

Reverse side of ticket will show a variety of numbered pictures. A complete set of ten consectively numbered pictures entitles you to win a miniature golden charm replica of the BEVERLY HILLBILLIES CAR.

Persons under 16 years of age and employees of Piggly Wiggly and their immediate families are not eligible to play.

Murder Trial Defense Rests

HOUSTON (AP)—The defense has rested its case and rebuttal testimony was expected today in the 22-day-old murder trial of Jack W. Bonds, 42.

Bonds is charged with the Jan. 18, 1963, slaying of William John Walden III, 15, a boy friend of Bonds' stepdaughter.

A county juvenile case worker, Mrs. Ophie Parrish, testified Monday that Bonds' daughter Beverly Chambers, then 15, was "an incorrigible juvenile delinquent."

Mrs. Parrish read a statement and a long list of runaways, school truancies, malicious mischiefs and other misdoings from probation department records for 1962.

She was not permitted to read this record to the all-male jury, however.

Earlier Monday, the jury had heard Mrs Ola Mae Bonds, Beverly's mother, testify that she took a small ax away from her daughter about two weeks before the death of Walden.

"Bill Walden called me about the same time and said, 'I'll get you, you old bag,' " Mrs. Bonds testified.

"Beverly had misbehaved, and I disciplined her, and Bill called the next day and said, 'If you bother Beverly again, I'll kill you,' " the mother testified.

When she found the ax in a chest of drawers in Beverly's bedroom, and questioned her daughter about it, Beverly told her mother she intended to give it to one of her boy friends to kill her parents with, Mrs. Bonds testified.

Beverly, now 16 and married to Scott White of Pearl, Miss., is the mother of a month-old son.

Bonds, an elevator mechanic, did not take the witness stand as expected. Defense lawyer Percy Foreman said he expected to use Bonds in rebuttal testimony.

The state's first rebuttal witness Monday was Tommy Wilson, 17, a friend of Beverly and Bill Walden.

Wilson has made a written statement describing how Bonds pulled out his pistol and shot Walden in the head after cursing him.

Foreman has attempted to show that Bonds was taunted beyond endurance by threats from Walden and his teen-age pals and their attention to Beverly.

Rockefeller Seeks Votes In Calif.

By MORRIE LANDSBERG

SAN FRANCISCO (AP)—Gov. Nelson A. Rockefeller, with a friendly nod from the state's leading Republican officeholder, opens his quest for California's big bundle of votes in the presidential race today.

Sen. Thomas H. Kuchel, R-Calif. timed his long-awaited endorsement of the New York governor for the start of a three-day visit by Rockefeller to get his state campaign going.

Rockefeller's scheduled arrival from New York shortly before noon will launch him on a busy round of activities. He'll open his San Francisco headquarters, attend a private lunch and then drive across the Golden Gate Bridge for a country club reception in Marin County. He'll leave by train tonight for two more days in the Los Angeles area.

Kuchel, 54, oposed for renomination in 1962 by many of the Republicans now backing Sen. Barry Goldwater, declared in his statement that Rockefeller offers the "constructive forward-looking alternative" the GOP needs to defeat President Johnson.

The assistant Senate minority leader was chairman of the 1960 California delegation pledged to former Vice President Richard M. Nixon. It has been almost taken for granted that he'll head the Rockefeller slate of 86 delegates on the June 2 presidential primary ballot.

Kuchel said the California primary, with the prospect of a Rockefeller - Goldwater contest, will give the voters a "clear ideological choice" between "bona fide candidates of wide divergences of view."

"I have made my choice," he said. "I shall enthusiastically support Gov. Nelson Rockefeller of New York."

Suspected Assassin Dies Sunday

MONTERREY, Mex. (AP) — The man charged with assassinating President Venustiano Carrenza 44 years ago died Sunday, reportedly poverty stricken and friendless.

He was Gen. Rodolfo Herrero, 84. He was buried today.

According to Mexican history, Carranza had been ousted and was fleeing to Vercruz with a reported 5 million pesos in gold and silver. From there he had planned to go into exile abroad.

His train was attacked by a man who had pledged loyalty. Carranza and a few intimates then took to horses and headed for Tampico.

Rodolfo Herrera was a local chieftain in the area and offered his services as a guide.

Herrera led Carranza as far as Tlaxcalantongo, a remote Indian villege on the side of a Puebla mountain, and gave him a bed in a wooden hut. He promised to guard him during the night.

According to history books, however, Herrera murdered him May 21, 1920, and told Carranza's followers their leader had committed suicide. There was not enough proof to convict him.

Adolfo de la Huerta was declared provisional president.

Herrera recently told reporters that the full truth about the matter would not be made public until after his death.

He had lived here in retirement the past 30 years.

12 Die In Coal Mine

TAIPEI, Formosa (AP) — An explosion in a coal mine near Taipei killed 12 men and seriously injured 9 others Monday. Fifteen other miners were unaccounted for.

Mrs. JFK, Sister Dine With Brando

By JOHN KOENIG JR.

WASHINGTON (AP) — Mrs. John F. Kennedy dined out Monday night with her sister, Lee Radziwill and actor Marlon Brando at a restaurant on Embassy Row.

It was a quiet occasion in which the group, with Brando's business manager, George England, making a fourth, had a corner table.

As they left after their three-hour dinner they tried to avoid newsmen and photographers.

The former first lady and her sister left together in a chauffeur-driven limousine. Brando and England left a few minutes later.

An obvious attempt was made to keep the small dinner party from attracting the attention of other guests in the restaurant, which specializes in French cuisine.

Secret Service men assigned to protect Mrs. Kennedy since the assassination of President Kennedy last Nov. 22 remained close by. Other diners came and left. From all appearances they failed to notice that Mrs. Kennedy and friends were at a corner table.

Earlier in the evening, Mrs. Kennedy had received at her nearby Georgetown residence Queen Frederika of Greece and the queen's daughter, Princess Irene.

The queen and the widow of the assassinated president met last October when Mrs. Kennedy was on a vacation trip to Greece and the off-shore Greek islands.

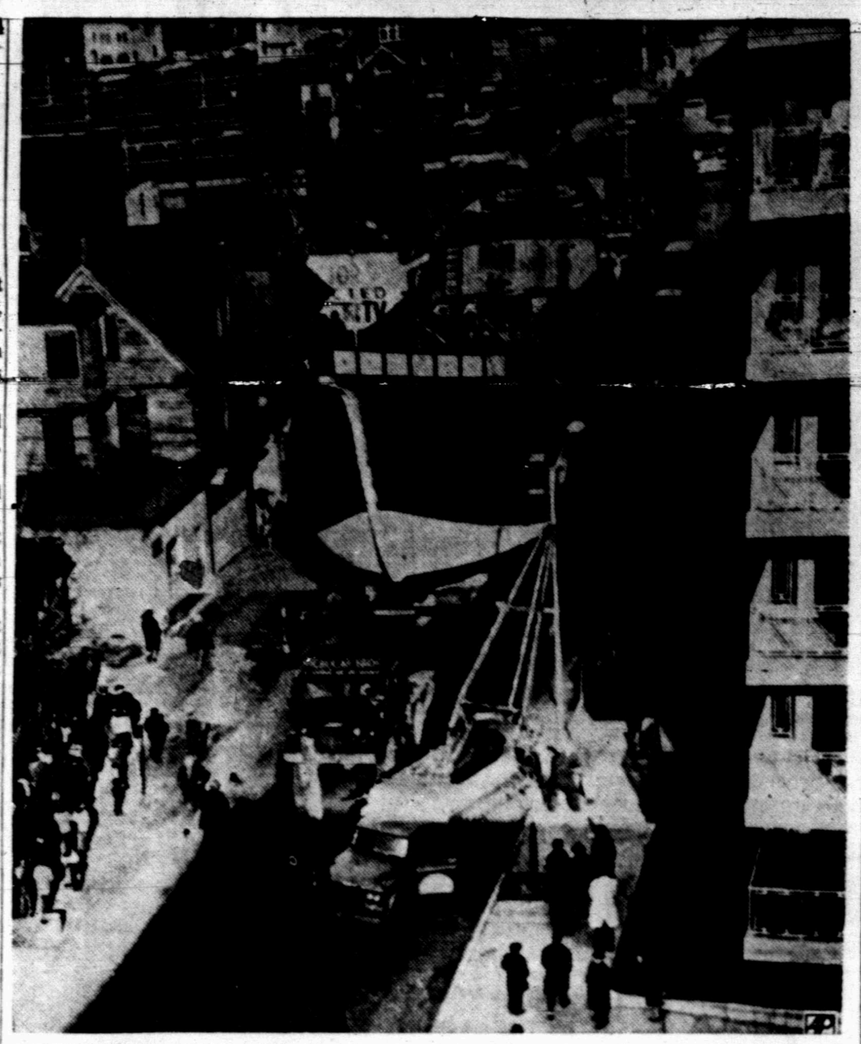

Search Called Off For Reported Raft

HONOLULU (AP) — The search has been called off for a man reported sighted last Wednesday floating in a raft about 1,100 miles west of Honolulu.

A hunt over 100,000 miles of ocean didn't turn up a trace of the raft or its occupant, who was said by the five-man crew of an Air Force cargo plane to have waved at them as they flew over the area last week.

Searchers had assumed that if there was a man out there, he was a survivor from a C124 Air Force Globemaster that crashed Jan. 2 with nine men aboard. All have been officially declared dead.

Phosphorus is essential to life, yet in pure form it is poisonous.

LANDLUBBER—Navigating the streets of the borough of Queens, N. Y., proved somewhat difficult as a replica of Christopher Columbus' Santa Maria was transported on a flatbed trailer to the site of the New York World's Fair. The Santa Maria is 35 feet high and 25 feet wide and was built in Spain. It came across the Atlantic on a steamship, then took a barge from Hoboken, N. J., to Flushing in Queens. A crew of electricians, tree surgeons, truck drivers and house movers all aided in getting the replica through the streets safely to the fair area. (AP Wirephoto)

New Job Interview Ends In Jail Cell

DENVER, Colo. (AP) — Ambition was the undoing of Rubin R. Cannady, 32, a city hall janitor.

He applied for a better job in the custodial department at police headquarters and landed in jail.

Officers who interviewed Cannady for the new job discovered he had been sought since last March on a larceny charge.

Saturn Launching Delayed By Simple Human Error

By HOWARD BENEDICT

CAPE KENNEDY, Fla. (AP) —The first two-stage Saturn 1, believed to be the world's most powerful rocket, sits on its launching pad today because somebody forgot to pull a plug.

Monday's mistake, which caused postponement of the test launching until Wednesday, also cost American taxpayers several thousand dollars.

Neither the National Aeronautics and Space Administration nor the Air Force could produce the exact amount the neglect cost the taxpayers. Estimates of salaries involved for the 200-man launching pad team was $18,000.

The Air Force, which operates the Atlantic Missile Range, said it cost the space agency about $20,000 an hour for use of the range—fuel, range safety, tracking and other support facilities during the final hours of the countdown.

The operation ties up five Air Rescue Service aircraft assigned to recover performance-recording cameras which are to be ejected from the rocket during flight. No estimate was available on the cost.

The Air Force emphasized that all agencies which use the missile range are geared to absorb such costs because of the number of missile shot postponements, caused by technical or weather reasons.

The countdown on the Saturn 1, which is to boost the heaviest satellite ever sent aloft, had been under way 11 hours when it was discovered that a line which funnels liquid oxygen oxidizer to the fuel tanks was not delivering. Technicians then found that someone had forgotten to remove a test device called a "blind flange."

The flange, an aluminum plate, was inserted in the line two or three days previously during a line pressure leak check.

"It was carelessness on the whole (200-man) team, a human error," said Rocco Petrone, a project official. "It was a routine procedure that we've done many times before. This time, we didn't do it. We make mistakes."

Auxiliary Aids VFW

(This is one of a series of articles on the Veterans of Foreign Wars.)

Aligned with the Veterans of Foreign Wars of the United States in its work is the Ladies Auxiliary to the V.F.W., whose members are the mothers, wives, widows, sisters and daughters of men eligible to join the V.F.W. Formed in 1914, at the time of merger of associated veterans' groups into the Veterans of Foreign Wars, the auxiliary maintains its own executive offices and supply department at the V.F.W. National Headquarters in Kansas City, Missouri.

The major purpose and work of the auxiliary is the welfare of the nation's disabled and needy veterans, and the widows and orphans of veterans. They are also extremely active in the promotion and sponsorship of community service, patriotic and youth programs.

BIRTHS

Mr. and Mrs. Vernon Lindsey, Route 3, Ira, are the parents of a 9 lb. 5 oz. baby boy born at 12:50 p.m. Jan. 27 at Cogdell Hospital.

DISMISSALS: Alvis Sturdivant; Will King; Lesa Lobban; Rufus Williams; Stancel Oswalt.

"Great Characters Of The Bible"

The only man in the Old Testament called "the preacher" with a record of 7 saved and millions lost, after a hundred years or so of preaching, to all outward appearances was a failure. With this record he would have a hard time holding a "pastors job" in many of our modern assemblies or congregations. God knew what the results of this man's preaching would be, yet he commissioned him to continue. He was commanded to "preach the word" and this he did, and because he did humanity is on the earth today. The "Educated Boys" no doubt called him a fanatic, and poked a few jibes at him, and he was probably the laughing stock of the "Coffee Break" crowd. But Noah, like some of us, didn't particularly give a damn and kept on with his preaching.
