

THE JUNCTION EAGLE

Volume 45

Junction, Kimble County, Texas, Thursday, March 28, 1929

Number 50

LOCAL P. T. A. WORKS FOR BEST INTERESTS OF JUNCTION SCHOOL

The regular meeting of the Parent-Teachers Association was held at the high school building Monday afternoon with Mrs. W. P. Riley presiding. The attendance was not as large as usual, but a good constructive program was rendered. The minutes of the previous meeting were read, the treasurer's report given and communications received since the last meeting were read.

The president announced that the district meeting will be held in Sweetwater on April 8, 9 and 10. The following delegates were elected: Mesdames George Pepper, Joe Ramsey, Jim Massey and Roy Blackburn. Mrs. Riley, by virtue of being president, is recognized as a delegate. Mesdames Lester Hodges, J. M. Livingston, S. A. McDonald and Frank Cowsett were selected as alternates.

At the meeting Monday it was decided to purchase a picture of the school now in the Superintendent's office and present same to the school. The P. T. A.'s have done much for the school in the way of buying books, pictures, etc., and giving them to the school. Each meeting a book is given to the room having the best representation of mothers present. Monday afternoon the book was awarded to the eleventh grade. At a recent meeting the association decided to buy fifty dollars worth of books for the library. These books have been bought. Arrangements have also been perfected whereby the association gets the benefit of a loan library. Every effort is being put forth by the P. T. A. to provide the children of Junction with the best reading material to be obtained.

The association acknowledges the gift of two books by Mrs. Kate Fickitt. These books are appreciated and anyone having books they will give to the library should get in communication with some member of the Parent-Teachers Association who will be glad to see that the books get into the library where they will serve the community. Considerable time was devoted to the needs of an independent school district. The needs of the district have become so great that it seems to those in charge that the only solution is to create an independent district. It was stated in the meeting that a petition was being prepared to present to the commissioners court asking for an election in the district. The members of the association are vitally interested in the progress and enlargement of the school system in keeping with the growth of the town, and feel that the only way this can be accomplished is to change this into an independent district. Unless something is done the school will not be able to maintain its standing as a first class high school. It is not believed that the people will permit the school to go backward, and for this reason these faithful women are working for everything that will make the schools better.

The association expressed its appreciation of the services rendered by the V. A. boys and a committee composed of Mesdames Joe Ramsey, Chris Schraub and Frank Cowsett was appointed to prepare some form of entertainment for the boys who have built the walks around the school and rendered other worthwhile services.

Messrs. Emil A. Loeffler, H. W. Bierschwale, J. W. McLendon and Capt. H. W. Rieck left Sunday for El Paso to join the motorcade from San Diego, California, to St. Augustine, Florida. This committee from the Kimble County Chamber of Commerce will pilot the motorcade from El Paso to Junction.

Saturday, April 6, is the time to elect school trustees.

Plans Complete For Golf Tournament

On account of weather conditions the golf tournament scheduled for Sunday, March 24, was postponed until Sunday, April 7. This delay will give Mr. O'Bryan an opportunity to complete some needed improvements on the course. He has had workmen busy several days and the course is in better condition than at any previous time.

A committee composed of Joe Bissett, Buddy Hurte and Howard Blackburn is in charge of the tournament and desires that every golf player in Kimble County register for this tournament. Any member of the committee will be glad to give any information about the rules of the tournament.

Mr. Hurte stated that a tournament is being planned for women. He will be glad to explain to all women interested the plans for their tournament.

Easter 29 Times In March In 129 Years

Friday before Easter is called Good Friday and was the proper time for my mother to plant beans and other vegetables that could not endure frosts. Good Friday is the first Friday preceding Easter which comes this year on March 31. This is the 29th time that Easter has come in March in 129 years.

It may mean an early spring, as opinion prevails among many that danger of frost passes with Easter. March 23 is the earliest possible date on which Easter may fall. The phrase governing Easter, "Sunday following Paschal full moon next after March 21," is interpreted literally. If the moon should be full on the 22nd and it should be Sunday, Easter would have to be the next or 29th, according to strict interpretation.

However data in World Almanac has Easter coming twice on March 22 in 200 years, in 1818 and to be next in 1959. It will not be on March 31 again until 1991, according to this table. This year makes the seventh time it has occurred, in 1839, 1850, 1861, 1862, 1907 and 1918. The other years during the 19th and 20th centuries on which Easter has been in March are 1807, 1812, 1815, 1823, 1834, 1837, 1842, 1845, 1853, 1856, 1864, 1869, 1875, 1880, 1883, 1891, 1894, 1902, 1910, 1913, and 1921.

The other 15 times in this century, making 44 times in 200 years will be 1932, 1937, 1940, 1948, 1951, 1959, 1964, 1967, 1970, 1975, 1978, 1986, 1989, 1991, and 1997.

CITY ELECTION NEXT TUESDAY, APRIL 2ND

Mayor E. Holekamp has posted notices calling an election for next Tuesday, April 2, for the purpose of electing a mayor, five aldermen and a city marshal.

The following have been appointed to hold the election according to the Terrell Election Laws:

L. R. Hodges, presiding officer. W. M. McDonald and Ovie Buster, judges. Albert Taylor and Guy Munn, clerks.

The election will be held in the Kimble County court house.

Mr. Frank Wilson is suffering from a fractured collar bone received while rounding up a rebellious sheep Monday. His horse jumped a ditch while after the sheep and began pitching, throwing Mr. Wilson on his shoulder with the result that the right collar bone was fractured. The injury is quite painful and it will be several days before he is able to be in his office and probably three weeks before he will be able to use his arm.

Mr. and Mrs. John S. Munn and son, Max, returned Monday from a trip to Houston. They visited Mr. Munn's mother who has been ill.

INTERSCHOLASTIC MEET WILL BE HELD HERE ON FRIDAY AND SATURDAY

One of the most important school meetings of the year will be held Friday and Saturday of this week when the Interscholastic League holds its annual county meet in the Junction High School building. All the teachers in the county should have representatives in this meeting each year, but we regret to state that only a few schools have registered for this meet. Teachers and pupils must learn that the winning of a small prize or ribbon is the smallest part of these contests. The boy or girl that wins the lowest place in the estimation of the judges may get the greatest benefit from the contest.

The following program has been submitted by the program committee:

FRIDAY
1:30 p. m. Spelling—Senior, Junior and Sub-Junior
2:30 Essay Writing
2:30 Music Memory
3:00 Extemporaneous Speaking
3:30 Arithmetic contest
3:30 Three-R contest
7:45 Declarations and Debate

SATURDAY
Junior Boys
9:30 a. m. 50 yard dash
100 yard dash
440 yard relay
Running high jump
Running broad jump
Climbing bar

10:00 a. m.—Senior boys and girls. Tennis, singles and doubles

11:00 a. m. Junior boys—"Playground ball"

1:00 p. m. Senior boys' athletics
100 yard dash
880 yard run
440 yard dash
One mile run
220 yard dash
One mile relay

Field Events:
Pole vault
Running broad jump
Discus throw
Running high jump
12 pound shot put
Javelin throw

2:30 Junior girls—"Playground ball"

3:00 Senior girls—"Volley ball"

Local Fire Boys See Boerne Demonstration

Several members of the local volunteer fire department went to Boerne Wednesday to witness a demonstration of the New American LaFrance fire equipment. The boys here are interested in fire fighting equipment and accepted the invitation to see the new equipment in action. Boerne has recently installed a new water system and modern fire fighting equipment. The local boys were well pleased with the demonstration.

The following made the trip: Leon Powell, Marx Weise, Lanan Bissett, Toby Buster, Guy Munn, Walter Buck, Forrest Weldon, Dennis Wallace, W. B. May, Clarence Jetton and Ramsey Randolph.

FRITZ HOTEL PLANS INCREASED FACILITIES

Plans are under way for the enlargement of the Fritz Hotel. The management plans to add eight rooms on the east wing, six rooms over the lobby and remodel the kitchen. A steam heating plant for the entire hotel will be installed.

This is one of the most popular and most beautiful hotels on the Old Spanish Trail. It is full practically all the time and there are very few days that people are not turned away. The increased facilities will be good news to the traveling public.

Mr. J. S. Farmer made a business trip to San Antonio the past week-end.

Procrastination may be excused, but indolence, never!

FARMERS & MERCHANTS STATE BANK OF BRADY IS ROBBED OF \$2,000.

Just after the Eagle went to press last Thursday the news was received here that the Farmers & Merchants State Bank of Brady had been robbed. Officers and officials of the bank were not long in arresting five young people, four of whom lived in Brady. Those charged with the robbery are R. C. Turner, 20; Coy Nigh, 16; Lucille Awaft, Irene Curtis and Billie Ballard.

All are residents of Brady except the Ballard girl, who is said to live in Austin. The arrests were all made within a couple of hours of the robbery. Loleate Smith, who said she was an unwitting participant in events immediately preceding and following the robbery and against whom no charges have been filed, told of the movements of the sextet about the time of the robbery. She said she was seated in an automobile with the other three girls two doors from the bank, when Turner rushed up and threw a gun and money on the floor of their car. Then, she told the court, Turner went back to his own car, parked in front of the bank, started the motor and sped away.

The car Miss Smith was in, she said, was driven by Miss Awaft, who drove out about a mile on the San Angelo road, turned back, and on the outskirts of the town, hid the money in a pile of tin cans. The money later was recovered.

Harold Johnson, assistant cashier of the bank, testified he recognized Turner as the man who held a gun on him and demanded the bank's cash. He said he went to school with Turner at Fairview, six miles north of Brady, and that they had recently attended a dance and a picnic together. He declared they never had been confidential friends. Johnson gave officers information immediately after the robbery which led to Turner's arrest within a short time. Night was with Turner in the automobile in front of the bank, Miss Smith asserted in her testimony, and the two were together at the time of Turner's arrest, officers said.

CITY COUNCIL ASKS REDUCTION OF RATES

Since the installation of the new water system, Mayor E. Holekamp and the city council have made application to the insurance department at Austin for a reduction in the key rate in Junction. Our rates have been high on account of the fires the past two years, but since the new water system has been completed, and other safety measures have been adopted such as fire drills in the schools, arson ward, chemical fire hose cart, volunteer fire department, it is believed that we will get a reduction at an early date.

The city council is doing everything within its power to remove all fire hazards so that a reduction of the rates may be obtained.

SNIP SELLS SHOP

Mr. Chas. Snider has sold his Barber Shop, known as Snip's Shop, to Mr. Ovie Buster, who will take charge next Monday, April 1. Mr. Snider says that his plans for the future have not been decided upon, but that he is going to Las Vegas, Nevada, to look over that country.

During his two years here he has made many friends who regret to see him leave. Since Mr. Snider has sold, the friends of Mr. Buster are delighted that he has secured this popular shop. There will likely be no changes in the personnel of the two shops except that one of the men in Snip's Shop may take Mr. Buster's chair in the shop on the south side of the street.

New Company Buys Telephone Exchange

The Southwestern States Telephone Company with headquarters in Dallas has bought the Junction Telephone Company and Mr. McKee of Brownwood was here this week to check out the old company. Mr. McKee stated to the Eagle reporter that there would be no change in the working force of the new company. Mr. J. D. Lucas, who has been with the Junction Telephone Company several months, will be in charge of the plant here. The operators will retain their positions if they desire to do so.

Mr. McKee said that there would be no interruption in the service and the public would not be able to know that a change in ownership had taken place. He asks that the subscribers co-operate with the new company in giving the best service possible.

Ramsey Variety Store Will Open This Week

Mr. and Mrs. Chas. Ramsey have been working for several weeks getting their Variety Store in readiness for the formal opening Friday afternoon from 3 to 6 o'clock. During these hours no goods will be sold, but the store will open Saturday with a nine cent sale which will last for one full week, closing Saturday, April 6.

Mr. Ramsey has been busy several weeks selecting goods, building special fixtures and arranging his large stock of choice variety goods. He is putting in a store here in keeping with the commercial development of this section. He believes in Junction and Kimble County and is investing his money here. He says that he is putting forth every effort to open a store in Junction that will reflect the progressive spirit of the town and community.

A cordial invitation is extended everyone to visit the formal opening Friday afternoon from 3 to 6 o'clock to inspect the new store and give Mr. and Mrs. Ramsey the pleasure of meeting the people of Kimble County. The people are invited to return on Saturday morning when the new variety store will open for business with a big nine cent sale.

JOIN THE CAMPAIGN TO MAKE YARDS BEAUTIFUL

The committee of the Parent-Teachers Association announces that plans for the yard beautiful contest are complete and that the rules will be published at an early date. The rains have delayed the work in the clean-up campaign, but as soon as the sun shines the work will be resumed. All rubbish should be removed from the ground before the weeds get too much growth.

The Parent-Teachers and all other civic organizations are anxious for Junction to look her best this summer. If the good work accomplished the past few weeks is continued, it will not take long to remove all rubbish from the city. The work at Kimble Courts is attracting the attention of all interested in landscape work. There are several places in Junction that are models of beauty, and it is hoped that many places will begin at once to beautify.

MOHAIR CLIP GOOD

Practically all the goats in the county have been clipped and the yield is good. Some are reporting large clips, while others are reporting only fair clips. The quality is good but it is not known yet what the price will be. At present it is selling around 50 and 60 cents.

Local dealers are receiving large quantities daily but they are not in position to estimate the receipts for the season.

Miss Nettie Wright, who was hurt in an auto accident last week is improving.

LOCAL C. C. COMMITTEE HEADS MOTORCADE FROM EL PASO TO JUNCTION

Capt. H. W. Rieck, Secretary H. W. Bierschwale, Messrs. Emil A. Loeffler and J. W. McLendon left Sunday afternoon for El Paso where they will meet the Old Spanish Trail Motorcade and pilot it to Junction. This motorcade left San Diego, California, last Sunday and arrived in El Paso Tuesday where they were met by the Junction committee. Wednesday the party drove from El Paso to Ozona, a distance of 360 miles. The people of Ozona treated the motorcade royally. There are approximately forty people in the motorcade which reached Junction at noon today. A lunch was served to the party here and they drove to San Antonio this afternoon where they will spend the night.

The motorcade will reach St. Augustine, Florida, next Tuesday, completing the distance of nearly three thousand miles in ten days. Many concessions are being made in the way of hotel accommodations and entertainment for this motorcade that is going from San Diego to St. Augustine to attend the dedication of the Old Spanish Trail Monument at St. Augustine next Wednesday. A convention and celebration lasting three days will be held in connection with the dedication. This celebration signals the success of the 13-year program to open a first-class highway from Florida to California. The future calls for a program to attract travelers and home seekers. At this convention new officers and directors are to be elected and new policies formulated.

The San Diego chamber of commerce started the motorcade and hope that many cars will join as the trip of nearly three thousand miles is made. Efforts are being made to make this the most popular route for people traveling by automobile from the East to the West each winter. The trip is expected to create interest along the route and to get gaps improved that now give trouble during rainy seasons. The road from Junction east is in fair condition, about two-thirds of the route from Junction to St. Augustine being paved at present. There are some sections between Junction and El Paso that need improvement.

The Old Spanish Trail traverses some of the most beautiful sections of Texas. It would be a difficult task to find a more picturesque country than that between Sonora and San Antonio. Thousands of tourists come to Junction each year and the number is increasing each season. Junction is interested in the Old Spanish Trail and hopes before many months to have the road from Junction west to the county line in as good condition as the part east to the Kerr County line.

Officials of the Old Spanish Trail realize that to keep pace with other highways that are bidding for the winter tourist a strong organization must be perfected. It is necessary that travelers be made to realize that they can get from the northern winters into the southern sunshine quickly and find comforts all the way from Florida to California. When this is done many who now stay at home during the long winters will seek the sunshine of Texas during the winter. Junction is an ideal place for winter vacations. Our tourist parks are equipped to take care of the winter vacation seeker as comfortably as they do the summer tourists.

Scholastic census enumerators are closing up their work of taking the scholastic census this week. Everyone should make an effort to see that the children are enrolled in the proper district. Every child that is missed means a loss of \$15 to the district.

18 Years Ago

Mrs. Lillie McCaleb has been visiting her parents in London a few days.

West and Howard Smith attended the Fat Stock Show in Fort Worth.

Mr. Jesse Nixon and Miss Eula Leakey were married in Menard March 13, 1911.

J. S. Fleming and little son, Master Slator, of Santa Llano visited Junction Monday.

Master Jack Boone has been on the sick list quite a while, but we are glad to say that he is now improving.

J. H. Reid and family moved Thursday to the old Smith place on College street.

W. A. Quisenberry and Frank Baker were among those who attended the cattlemen's association in San Antonio.

Mrs. Motley returned Saturday from Kerrville where she went to attend the marriage of her son, Douglas.

J. N. Hodges returned this week from Mineral Wells where he went as a delegate to the Woodmen Convention.

Mrs. J. R. Highsmith returned Monday to her home on the Divide after spending several days visiting in Junction.

W. A. Bannowsky of London visited in Junction Monday. He said that it rained more at London than in Junction.

T. B. Phillips, the enterprising telephone man, went to Telegraph this week after a load of telephone poles.

Pug Meredith says that "we" caught about 150 pounds of fish between Friday and Sunday morning. There were thirty-three of "we."

The following is the list of grand jurors for the March term: Fred Hall, S. P. Bennett, T. C. Taylor, J. D. Fisher, C. A. Stapp, W. R. McKee, J. L. Jones, Alfred Hodges, Felix Watson, H. W. Bierschwale, J. N. Hodges, C. T. Whitewood, R. C. Nethery, R. A. Pickens.

Motley-Corkill
J. D. Motley and Miss Minnie Corkill were married at the home of the bride's parents, Mr. and Mrs. Ed Corkill, Sunday, March 12, at 6 o'clock p. m. The ceremony was performed by the Rev. D. B. Hill.

The wedding was a quiet home affair, only members of the two families and a few close friends being present. After the ceremony a course luncheon was served and the newly wedded couple went to their home on Main street.

The bride is one of Kerrville's most popular young women, and has a wide circle of friends.

The groom is an employee of the Sun and has made many friends in Kerrville during his three years residence here. The wedding presents were numerous and beautiful.—Kerrville Mountain Sun.

Caldwell-Pickens
Mr. Lewis Caldwell and Miss Emma Pickens are the ones who have latest entered into the blissful bonds of matrimonial ties. Lewis arrived here from Concho County Tuesday and we thought he seemed in a very cheerful mood. Wednesday morning while we were all quietly pursuing the even tenor of our way the news reached us that Cupid had again won the game. The marriage ceremony took place at the home of the bride in Junction Tuesday morning and was conducted by Rev. S. L. Batchelor. The happy couple left Wednesday for their new home in Concho County.

The bride is a most estimable and accomplished young lady and well fitted to be queen of the home. Lewis is well known here, having made this his home until a short time ago.

KNOW TEXAS

Texas has 8.8 per cent of the land area of the United States.

Texas population density is 20.9 per square mile, about half the density of population of the entire nation.

The total annual production of crude raw material of Texas averages \$1,500,000,000, approximately seven per cent of that of the United States.

Texas has about 4.5 per cent of the total population of the country, but does only about 1.5 per cent of the country's manufacturing.

FIFTH SUNDAY MEETING BAPTIST ASSOCIATION

The Medina River Baptist Association will hold its regular fifth Sunday meeting with the Morris Ranch Baptist Church March 29, 30 and 31. The first service will be held Friday evening at 7:30 o'clock.

The following program will be rendered:

Friday, 7:30 p. m.
Special song—Robert Byrd
Sermon—R. W. Merrill

Saturday
9:30 a. m.—Soul Winning a Kingdom Necessity—by Bro. Nixon

9:45 a. m.—A Soul Winner's Prayer Life—J. W. Storms

10:10 a. m.—A Soul Winner's Separated Life—Bro. Billings, Fredericksburg

10:25 a. m.—A Soul Winning Church—A. P. Smith, Bandera

10:40 a. m.—Soul Winning in Our Mexican Work—E. Rodriguez, Kerrville

11:00 a. m.—How to Reclaim the Drifting Church Member—G. W. Crabb, Junction

11:15 a. m.—Gospel in Song—Robert Byrd, Morris Ranch

11:30 a. m.—Sermon—by Bro. Price, Medina

12:30 p. m.—Dinner on ground for all

2:00 p. m.—Devotional—Mrs. Price, Medina

2:30 p. m.—W. M. U. Work—led by Mrs. M. S. Osborne. Mrs. Hayden, district president will be present

7:30 p. m.—Good song service, and Sermon by G. W. Crabb, Junction

Sunday
10:00 a. m.—Sunday School

11:00 a. m.—Special music, and Sermon by A. P. Smith, Bandera

12:00 p. m.—Dinner

2:30 p. m.—B. Y. P. U. Work, led by Associational president

MRS. L. E. STANDIFER
COMPLIMENTS GUESTS

Friday afternoon of last week Mrs. L. E. Standifer complimented her guests, Mrs. T. E. Standifer of Lamesa and Mrs. R. L. Balthis of Charleston, Virginia, with a bridge at the home of Mrs. Henry Taylor.

The rooms were most attractive with bowls of peach blossoms and violets, which were suggestive of spring.

Mrs. M. E. Holland made high score and was rewarded with a pair of hose. The cut prize, a pretty linen guest towel, went to Mrs. R. H. Spiller. The honorees were recipients of silk hose.

Shrimp salad on lettuce, sweet gherkins, saltine wafers, tea and cup cakes filled with jelly were served to about thirty guests.

A party headed by Gerzain Ugarte, representative of the Mexican rebels in the United States, left San Antonio Sunday for Washington, where they will petition the United States government to grant the rebel faction rights of belligerents. Ugarte said he would seek an interview with Secretary of State Kellogg as soon as he arrived in Washington to explain the revolutionary program and urges that the rebel armies be recognized as belligerents.

Dreams come and go—unlike a real vision backed by real effort.

Prompt—Careful SERVICE

Modern laundry machinery, skilled workers and scientifically prepared soaps and soft waters insure the safeguarding of the finest fabrics. Punctual service and moderate charges are our watchword. Those who try us once always become regular patrons thereafter.

Junction Steam Laundry

T. B. PHILLIPS RANCH IN GOOD CONDITION

One of the most prominent and successful ranchmen in this section is T. B. Phillips, president of the First National Bank of Rocksprings, owner of the Texan Theatre at Junction, and a gentleman who is interested in every improvement program that will be of benefit to this section of the state.

We had occasion to be near his ranch north of the city the other day, and drove over to the headquarters home, where we learned that Mr. Phillips had just left for Junction, to be present at the sewer bond election in that city, but found his son, Lester, on the job, busily engaged in rebuilding some of the pens around the place, and otherwise looking after the beautification of the grounds surrounding the home.

We learned from Lester that the shearing outfit would more than likely be there on the same afternoon, and he was busy making preparations to receive them.

Mr. Phillips is running around 2,500 ewes this year, having sold his muttons recently, and we gather that in the neighborhood of 85 per cent increase in lambs is predicted, while 2000 nannies are expected to bring very satisfactory returns in kids, the mutton goats also having been disposed of.

Mr. Phillips has some extra fine nannies and two of the best bucks we have seen in this section, one being of the Hampton strain, and costing \$350, while the other is a South African goat, which cost Mr. Phillips \$250, and both are very heavy shearers, with the Hampton goat leading in pounds.

Mr. Phillips expects to clip a little above the average crop this spring, on account of favorable conditions augmented by sufficient moisture to cause the range to be strong in production. Lester told us that he had fed his flocks very little this spring, and on account of an excellent rain last Sunday, had taken them off feed entirely, and that the livestock in general on the ranch are all in most excellent condition.

Mr. Phillips has in the neighborhood of 400 herefords on his ranch, and they are all looking very good, and will no doubt make the top, now as the range has materially improved.

It seems T. B.'s hobby is fine cattle ponies, and on his ranch will be found some twenty-five head of ponies that the cowboy of old made an effort to get hold of, an animal that would in the majority of cases prove the assertion that he was the best in his line to be found

anywhere. This breed of pony is very evenly marked, being as we understand it, one-half Spanish and one-half "Billy" horse, and are of a dun color having black stripe down the spine, and black about half way up the legs. These are indeed pretty animals, and no doubt come up to every specification demanded by the experienced range rider.

We found the range over this ranch in most excellent condition, and getting better each succeeding day. Truly Edwards County ranchmen are blessed this year, in that they have at their door everything that they could want for in conditions surrounding their holdings that will tend to advance this great industry.—Rocksprings Record.

E. R. BORDEN IS NOT CANDIDATE FOR TRUSTEE

To the voters of School District No. 1:

This is to announce that in the coming election of school trustees for this district I will not be a candidate for re-election. While I believe it is the duty of every citizen to serve in this capacity if called upon I feel that in serving two years I have met this obligation to the best of my ability and as far as my circumstances will permit.

The cheerful co-operation of all concerned has been most gratifying and I hope this spirit will prevail in our school system. Junction has a good school but needs additional facilities

LONDON LOCALS

The London orchestra directed by Mr. Dick Weaver is practicing regularly now. We will hear from them later. R. O. Weaver will be a valuable addition to them when he returns from A. & M.

The oil derrick stands majestically on the hill above the town. It is the only one of its kind in the state. It is 30 feet high and will begin now that the season is cleared up.

The McKinney building is now complete and is occupied by the Sunshine Cafe, Don G. Barr and Johnnie R. Adams proprietors.

The A. S. Adams building is well under way of construction and when completed will be a credit to our town.

My hope is that it is now. We no longer hear the pipe line truck and night and nearly all the pipe line workers have moved on. These pipe line workers have left quite a little money in our village and our people have been at quite a little trouble to take care of them, leaving us about even in the final transaction.

The fine rains recently fallen have put new life in all. Our farmers are greatly benefited, our stockmen all are happy.

Mrs. P. Cummings is visiting in Menard this week. Poor old French looks as lonesome as a bachelor.

Mrs. Lewis has gone to Paducah to visit Henry for a few weeks.

We are glad to note the improvement of Mr. M. M. Nelson lately. Mr. Nelson has been quite sorry during the winter.

W. C. Jones and wife of Yates were in town Saturday. Harvie Pearl is still trying to realize that fine farm he recently sold. Harvie thought he was getting a good price for his farm. He did, but he will find he must pay a good price in order to get a good place.

M. C. Reese was in town Monday night attending a meeting of the Cemetery Association.

The Brady bank robbery attracted quite a deal of interest here last week. We are all glad the robbers were caught. And it is the opinion of the writer that those women should be severely whipped and then turned loose and told to get a job at honest work, anything from the wash tub up to work on the farm. Shame on that class of being that are so disposed to prostitute the exalted name of woman by the life many of that sex are living, and living openly, too. It is time to call a halt when young women go out with bootleggers and robbers.

The Southwest Telephone Co. has a few men in town for the purpose of improving their telephone system which is much needed. They will put in tall poles and run in on a cable, making the various connection with the cable out of town. This will be a great improvement. This company is preparing to give the public better service in every way. Every step is a step forward and the citizens of London should each one get lined up with this forward move and keep step to a man. This is what develops a community; it is what builds a town out of a village. There is no reason why London should not continue to grow, not to become a great city, but to be a good inland town. You don't have to wait for oil development to reach this goal. Just develop that that is in sight and it will work wonders. The surface of our country is destined to make London a good town. Then the oil we are going to get will help for a few years.

IVY ECHOES

Since the fine rains of last week, everything is looking fine and "Mother Nature" is doing her best to make a beautiful appearance.

T. J. Lange and Harvie Pearl left Monday morning for Johnson City and other points on a prospecting tour in that part of the country.

School is doing fine and the attendance is holding up fine, in spite of the fact that these spring days sometimes make us feel more like getting the

"books" more than attending to our business.

The High School was absent from school Monday.

The boys of Mason County were here last Friday and Saturday visiting at the North Walker home.

Ellmer Kane killed a large rattlesnake on the school grounds early Monday morning.

We are interested in our school garden just now. It is looking well, and we hope to have some vegetables at an early date.

The winter winds have ceased to howl.

His voice is heard no more. His icy tracks are growing dim. With age along the shore.

We wonder where he's gone to. And just how long he'll stay. We hope that all is pleasant. Where he spends his future day. In his place we now have sunshine.

With balmy breezes fair. The saucy old bluejay. Makes music in the air. Each day is filled with gladness. As we sit in nature's arms. Our lives are now worth living. 'Tis full of joyful charms.

APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS: To the Sheriff or any Constable of Kimble County, Texas,—Greeting: You are hereby commanded to cause to be published, once a week for ten days, the will of the late of R. T. Richardson, deceased, which will be found in the probate court of said county, which has been continuously and regularly published in said county for a period of less than one year, the following notice:

First: Marie Richardson has filed in the probate court of Kimble County, an application for the probate of the last will and testament of said R. T. Richardson, deceased, filed with said application, and for letters testamentary of the estate of R. T. Richardson, deceased, which will be found in the probate court of said county, which has been continuously and regularly published in said county for a period of less than one year, the following notice:

Richardson, deceased, filed with said application, and for letters testamentary of the estate of R. T. Richardson, deceased, which will be found in the probate court of said county, which has been continuously and regularly published in said county for a period of less than one year, the following notice:

MRS. HOLEKAMP HOSTESS TO LADIES CARD CLUBS

Mrs. C. T. Holekamp was hostess to the members of the Merry Wives and Ladies Afternoon Card Clubs and a number of friends, Saturday evening at the Hodges Hotel.

Mrs. H. G. Hubert won the Ladies Afternoon Card Club prize, a set of green wicker glasses. A miniature deck of cards went to Mrs. Felix Watson who made low score in the Ladies Afternoon Card Club.

Mrs. Clay Seacrest received a box of dainty Irish linen handkerchiefs for Merry Wives high score and a green snake was awarded Mrs. A. L. Rieck for low score. The guest prize, a cedar ice bucket was given to Mrs. Watt Turner and the consolation, a deck of small cards went to Mrs. Lester Hodges.

The St. Patrick's motif was further carried out in the green and white napkins and plates laid with green paper and covered with lace paper doilies. A variety of cake with ice cream topped with green cherries, green lemonade, green candies and salted nuts were served to about fifty guests.

Spring goods are arriving every day. Come in and look them over.

R. E. MCKAY ANNOUNCES FOR CITY MARSHAL

Yielding to the solicitations of his friends, R. E. McKay has decided to offer himself as a candidate for City Marshal of Junction in the election to be held next Tuesday, April 2, 1935.

Mr. McKay has lived in this section several years and before coming to Kimble County was a citizen of Mason County. He has served in various capacities as peace officer for ten years and served as city marshal until January 1, 1935.

He is thoroughly familiar with the duties of City Marshal and if the people honor him with the office will serve the city to the best of his ability. He asks the careful consideration of the voters when they go to the polls next Tuesday.

EASTER SOCIAL

Friday afternoon the ladies of the Methodist Church entertained with an Easter social at the residence of Mrs. Roy Blackburn.

The rooms were decorated with pretty hand-made Easter lilies. A program of music and readings was given by Mesdames Milton F. Hill, Forrest Weldon and A. W. Loeffler.

Mrs. Walter Tinsley conducted an interesting word contest which was won by Mrs. Pierce Hoggett. She was rewarded with a pretty box of stationery.

A treasure hunt was then in order. Three couples were sent out on this exciting chase and Mesdames Coke R. Stevenson and A. W. Loeffler were the successful contestants. They were rewarded with a pot of gold and a basket of beautiful gifts at the end of a huge rainbow which formed a colorful arch in the diningroom.

A variety of sandwiches, little cakes and tea were served to Mesdames J. J. McWright, J. R. O'Brien, Clyde Roberts, W. M. Taylor, Jas. A. Miller, Forrest Weldon, Joe Fritz, J. A. Thompson, Lilly Nichols, M. J. Nethery, Sanford Roe, Joe H. Ramsey, C. H. House, John B. Wilson, C. W. Atchison, C. T. Orth, Willie Ragland, George Cavanaugh, Barney Ragland, John Phillips, J. L. Hodges, M. Wilkinson, J. M. Livingston, Jr., Frank Wilson, R. C. Secrest, W. P. Riley, Ada Dockery, P. A. Hoggett, Coke R. Stevenson, A. W. Loeffler, Joe Felps, Milton F. Hill, E. R. Borden, Roy Blackburn, Christ Schraub, J. M. Livingston, Sr., and little Billie Jean Butts of San Angelo. Misses Audrey Blackburn and Vernelle Tinsley.

The entertainment committee on this delightful occasion were Mesdames Roy Blackburn, J. L. Ragland, Milton F. Hill and W. M. Tinsley.

Magnolia Gasoline is of the very best quality. But now the Magnolia Anti-Knock gasoline is a super gasoline. No carbon, more mileage. Try it in your car. 50c Loeffler Motor Co.

STANDIFER HOSPITAL

The following patients were in the Standifer Hospital Tuesday:

Velmer Rathbone, pneumonia. Puta Ramos, severe burns. Mrs. A. F. Fritz, ptomaine poisoning.

Miss Nettie Wright, recovering from automobile accident.

SANITATION

Dr. H. E. Luehrs, county health officer, submitted the following article on Sanitation for publication in the Eagle:

"Toilets in the Junction school should be thoroughly scrubbed and disinfected with creolin or formaldehyde every night. School rooms should be disinfected and fumigated every Friday night or Saturday.

"All animals, such as cows and horses, should not be established inside of the city limits, and manure, brush, rubbish and ashes should be removed from the city. All brush and weeds should be cut and burned. All trash and garbage from business places should be removed daily. Cess pools should be condemned as soon as sewer system is completed, as they pollute soil for miles around. Cemetery should be removed several miles outside of city limits to a high dry place where there is proper drainage. A cemetery pollutes the soil for many miles. The proper way to dispose of dead bodies in cremation as practiced in many large cities and will eventually be practiced everywhere, and prevents diseases.

"All toilets should be placed on ground over vaults at least five or six feet deep and treated with creolin or Chloride of Lime two or three times a week. All low places where stagnant water stands should be filled up or drained."

Mrs. Chas. Lucke and children, Menefee and Caroline, of Del Rio are here visiting Mr. and Mrs. J. A. Browning and other relatives and friends.

You want your land abstracted; then you had better see E. Holekamp; he has complete index of all County lands. (adv)

WINSTON EVANS DIES

Winston Evans, the son of Mr. and Mrs. Gene Evans, died Wednesday morning at 4:30 o'clock after a brief illness of pneumonia. He was born April 1, 1912, and would have been seventeen years old next Monday. The funeral was held at the Junction Cemetery Wednesday afternoon, the Rev. G. W. Crabb, pastor of the Baptist Church, conducting the services. It is hard to think of a boy just blooming into manhood being snatched from loved ones and friends. But this is one of the many mysteries that we are not able to understand. The bereaved family have the sympathy of their friends in this sad dispensation.

Mr. and Mrs. John S. Fleming spent last week in Fort Worth visiting their daughter, Mrs. J. M. Carson.

Mrs. C. G. McDonald received word Sunday that her brother, Howard Dunning, was painfully hurt in an automobile wreck near Brady but late reports state that he is improving.

Mr. and Mrs. E. R. Borden and children, accompanied by their mother, Mrs. L. D. Borden, Sr., left Tuesday for Fort Worth to attend the convention of the Southwestern Ice Manufacturing Association. They will visit relatives before returning to Junction.

NEWSPAPERS COMMEND HON. COKE STEVENSON

The San Angelo Standard-Examiner of March 17 says that Coke R. Stevenson of Junction, Representative from the 86th Legislative District, may be one of the favored candidates for the speakership of the 42nd Legislature. Representative Stevenson, serving his first term at Austin, has made a name for himself as the champion of measures designed to aid West Texas and the people of Kerr County, as well as those in other counties of the district, are proud of him. W. S. Barron of Bryan, the present speaker, is being frequently mentioned as a candidate for Attorney General next year.

Mr. and Mrs. Look Powell and son, Milton, returned Friday from San Antonio, where Mrs. Powell bought her a new Oakland.

Remember the Ramsey Variety Store will open Saturday morning, March 30. The formal opening will be held on Friday afternoon preceding from 3 to 6 o'clock. No goods sold Friday.

How about that new Spring Hat. Try a Mallory and be satisfied. 49c Junction Tailor Shop.

Bachelors sometimes long for the tranquility of married life and married men always do.

Miss Grace Cloudt left for her home in Lordsburg, New Mexico, after spending the winter with her aunt, Mrs. John S. Fleming.

Mrs. J. M. Livingston, Sr., and little Billie Jean Butts of San Angelo are the guests of Mr. and Mrs. J. M. Livingston, Jr., and son, Warren, and Mr. and Mrs. Homer Livingston and family.

Rev. G. W. Crabb received the sad news Wednesday that his father, W. S. Crabb, is seriously ill at Sinton, Texas. He left at once to be at the bedside of his father.

THE AGE OF POWER

It is frequently stated that the age in which we live is a "machine age." This is only partially correct. Actually, the present age is a POWER AGE.

Its tempo, its achievements, its prosperity—all emanate from a very great degree from the abundance of cheap electrical power available in this country.

And West Texas realizes this fact, if not more, than any other part of the country. The growth and expansion of this section of the state within the past few years has been almost miraculous.

It is the happy privilege of the West Texas Utilities Company to contribute its part to the prosperity of West Texas. Its great metallic highways are carrying a new civilization to isolated villages, towns and hamlets. With 70,000 available horsepower of electrical energy from three big generating stations and 15 auxiliary plants this company provides uninterrupted service 24 hours a day, 365 days a year.

BONES OF PREHISTORIC ANIMALS IN KERR CO.

Discovery of the bones of some prehistoric animal that roamed the Hill Country centuries ago created a mild sensation in down-town Kerrville Tuesday morning.

The fossil was uncovered by workmen excavating for the new swimming pool under construction on Earl Garrett Street. Traces of smaller bones, badly disintegrated, were encountered before a huge thigh bone in fair state of preservation was found. Later a section of vertebrae was excavated.

A large crowd gathered to see the remains of the prehistoric mammoth removed. After being exposed to the air, the bone crumbled; but the skeleton was partially reconstructed by Hal Norman and W. P. Killingsworth, members of the Schreiner Institute faculty, who announced that it would be sent to Dr. J. B. Pierce of the University of Texas.

The thigh bone was 42 inches in length, 14 inches wide at the large socket end and weighed approximately 100 pounds. The portion of the vertebrae recovered was six feet long and about seven inches in width. The bones were found at a depth of 12 feet in a strata of gravel. Conjectures advanced by the curious crowd of onlookers after the bone was uncovered ranged over a wide field. Some of the local geological experts thought it was part of a blood-sweating dinosaur of the Paleozoic era, while others were of the opinion that it might be the goggle-eyed plesiosaurus of the Miocene period.

One of the humorous theories was to the effect that one of King Tut's saddle horses had strayed away from home. Another was declared that it was nothing more than an ordinary Kerr County ground squirrel and still another suggestion was that the long lost Charlie Ross had been found.

At any rate there was considerable excitement for an hour or two when workers in down-town offices took a recess to view the ancient exhibit.

Prehistoric fossils discovered north of Kerrville several years ago form part of the interesting collection at the veterinary school of A. & M. College, according to C. F. Freeman, instructor of vocational agriculture in Tivv High School, Kerrville Mountain Sun.

Fourteen Air Joy Riders Meet Death

Fourteen air joy riders were killed late Sunday in the crash of a Colonial Airways metal plane one mile east of Newark Metropolitan Airport, New Jersey. Thirteen were killed outright and the 14th died in a hospital shortly after the accident. Two men who occupied the pilot's cockpit escaped death but were seriously injured.

The pilot was said to be Harry Foote, a mail flyer, and the man with him in the control cockpit was William Patterson, also a flyer.

Freakish and gusty winds which since the day before had swept the metropolitan area, appeared to be the cause of the tragedy. Eye witnesses said that Foote was unable to gain any more than 100 feet in altitude from the time he took off. The sightseeing flight is usually made over New York Harbor and Manhattan and Foote apparently attempted to turn back to the airport or make a forced landing near where the accident occurred.

From a distance the great trimotored Ford plane was seen to turn west only about 25 feet from the ground. A gust of wind then caught the machine and sent it crashing into a string of cars on a spur of the New Jersey Central Railroad.

The plane struck a gondola car about midships and the cabin was crushed in. The two pilots were thrown high into the air from their cockpit at the top of the plane and landed on the other side of the tracks. The passengers were found piled in a heap at the forward end of the compartment.

A profit of \$50 from a "side-line" always seems larger than a \$500 profit made in the course of one's regular business.

JUNCTION BOYS MAKE GOOD COLLEGE RECORD

Alpine, Texas, March 27.—Louis and Ruben Loeffler, two Junction boys, and sons of the well-known Ford dealer of that city, are on the Honor Roll of the Sul Ross State Teachers College here, according to information recently released by Anna D. Linn, Registrar of the college. Louis has a straight "A" average, and Ruben has a "B."

Both of the boys are prominent and popular members of the student body. Louis is a post-graduate student, and Ruben is a freshman. One of the greatest honors in the college has fallen to the older boy—that of editing the Sul Ross Skyline, the newspaper of the college.

THE METHODIST CHURCH

Easter, with its associations, should be a day of rich meaning to everyone. The Resurrection of our Lord is the cornerstone of our Christian faith, our hope in times of trial and bereavement. Let us all get the meaning and the blessing the day can bring. Don't fail to go to church on Easter.

Sunday School, 10 a. m., offers much to you whatever your age. Let us make this the greatest day in the history of the Sunday School. A special program has been prepared for the school and the morning service.

The Golden Hour, 7:30 p. m., will be in harmony with the other services of the day. Special music and reading will be given at this service.

Midweek service, Wednesday, 7:30 p. m. You are cordially invited to attend all the services of the church.

The House Appropriations committee of 21 members are back in Austin to begin a series of hearings upon the Board of Control's budget calling for the expenditure of almost \$46,000,000 to pay expenses of government for the next biennium.

Revision of the tariff will be accomplished at the special session of Congress, which convenes April 15, is the prediction of Congressman John N. Garner.

"COURT REFORM"

The Legislature, either thru lack of time or inclination, has again ignored the widespread demand for reform in our system of courts, court procedure, and rules governing the practice of law. This means that another two years must elapse before our courts will be in a position to speed up justice and thus save hundreds of thousands of dollars to taxpayers and litigants. In the meantime, friends of reform, and this includes many lawyers of good standing, along educational lines, creating sentiment so strong that candidates for the Legislature will be forced to recognize the issue if they expect favorable returns on election day. The courts of Texas, their rules of procedure, and the methods of practice will be issues in the next campaign. Pettyfoggers and members of the bar who practice tricks instead of law should take note of the growing sentiment for reform and prepare themselves for a change in their business. Many leading lawyers and many laymen who feel a sense of shame come over them when they give thought to the inefficiency of our courts and the travesty on justice which daily occurs in the courts of this State, will be openly and aggressively for reform measures before another election day rolls round. It is a question that will not be disposed of until the people are satisfied that the Legislature has given the best possible answer to it.

The largest known sea turtle ever caught in the Gulf of Mexico was landed on the Port Arthur beach last Saturday afternoon by A. Wiltz with the aid of four horses. The monster weighed 1,350 pounds, is five and one-half feet wide across the shell and is estimated to be over 300 years old.

One or two poor-quality or undersized vegetables in a bunch give the others a bad reputation. Bunches of vegetables for the market should be of good quality, regularly sized, and well graded.

Treat your neighbor right and he will respond accordingly.

A Civic Enterprise

Every community, to a large degree, is judged by its commercial development, by its homes, by its community interest, and by its stores. Junction is noted for its home-loving people, by its beautiful homes, by its rapid strides in every way and by its stores.

There are many excellent stores in Junction. They should be of considerable satisfaction and pride to every resident of this city.

Our position on entering the commercial field in Junction is a matter of great pride to us. And now on the threshold of our entrance, we promise to do our utmost to make this the kind of store you can point to with pride, and contribute our share toward making this store reflect the progressive spirit of Junction, and upon these principles we hope to merit your confidence and patronage.

Mr. and Mrs. Chas. Ramsey.

POULTRY COLUMN

Sunlight is Better
The past few years, much information has been put out for public assimilation, featuring the wonderful value of cod liver oil in poultry feeds. Some writers appear to think it is a cure for all ills. As a matter of fact, cod liver oil in poultry feeds has only a very limited value. Experiments only recently have again proven that even winter sunshine, furnished by opening the windows of the poultry house on all sunny days, is better still letting the hens run out doors, where possible, is at least as good, if not superior and certainly much cheaper, than either cod liver oil or the quartz mercury lamp. Cod liver oil has its value, no doubt about that. As a medicine for weak chicks, during the short winter days it has some value. It should always be used as a medicine rather than a feed. We are still of the opinion that direct sunshine and green food are superior and certainly much cheaper than cod liver oil. If you are in the poultry business to make money, better not spend too much money for cod liver oil, patent medicine and other contraptions made chiefly to sell. As long as sunshine is free lets take advantage of it. The things that are free, and there are indeed very few, only too often are over-looked and expensive means substituted.

Lay For Profit
Breeding is the first requirement of pullets that are to mature early, lay good sized eggs and continue to produce steadily through the fall and winter months. Careful breeding is the only means of increasing the size of your flock. With the general increase in feed prices, the only way we can make a profit is by breeding up our flocks a notch higher. Instead of getting flock averages of 40 and 150, improved breeding methods will step this up 10 or 20 eggs and more per hen per year. Remember eggs must first be bred into the hen before they can be fed out. Now is the time to make your plans for getting a good fall and winter egg-production from your flock. If you wait until this fall, you will be too late.

Raise Pullets
A flock of old hens are money losers instead of money makers. A profitable flock should consist of not less than 50% pullets. Pullets will produce eggs more economically the first year than hens.

Time for Leghorns
Our experience has clearly demonstrated that April and May are the best months in which to hatch Leghorns and other small breeds for the most profitable egg-producers. If hatched before April, the pullets frequently go into a partial or neck moult and stop laying for a few weeks, right at a time when egg prices are the best.

BIRTHDAY PARTY FOR JOHN M. MOLESWORTH
Monday afternoon of last week Mrs. A. L. Mudge honored her small grandson, John Mudge Molesworth, of Sierra Blanca, with a birthday party. The pretty birthday cake, decorated in pink and white and bearing one candle, was in a nest of tulle and surrounded by Easter chicks. Sandwiches, individual birthday cakes topped with a tiny candle and hot chocolate were served. Those present on this happy occasion were Mrs. Andrew Wood and son, Mrs. W. P. Riley and son, Billy, Mrs. Clay Secrest and daughter, Barbara Clay, Mrs. Mattie Patterson and daughter, Patricia, Mrs. C. T. Holekamp and sons, Cecil Martin and Teddy, Mrs. Sayres Farmer and daughter, Betty Moseby, Mrs. S. A. McDonald and daughter, Mrs. A. L. Rieck and son, Tony, Mrs. John Molesworth and Mrs. Charlotte Molesworth of San Antonio and Mrs. Jack Molesworth and son, John Mudge, of Sierra Blanca. You are cordially invited to attend the formal opening of the Ramsey Variety Store Friday afternoon, March 29, from 3 to 6 o'clock. No goods will be sold until the store opens Saturday morning, March 30. A royal welcome awaits you at this new store. 50c Junction, year-round playground

LOCAL ITEMS INTENDED FOR LAST WEEK'S PAPER

Mr. and Mrs. Sanford Roe and children motored to Ingram Sunday. They were accompanied home by Miss Sallie Roe, who has been visiting relatives in Ingram.

Mr. and Mrs. L. D. Borden Jr. spent the week-end in Austin. They were accompanied home by Mrs. L. D. Borden, Sr.

Mrs. Tom Johnson of Kerrville spent the week-end with relatives here.

Mr. Laurelle Gosney of Fort Worth is visiting the J. L. Wright family this week.

Mrs. Milton F. Hill, Misses Natalie Lowry, Nellie Bennett, Eloise Emory and Mr. Ramsey Randolph returned Sunday night from the district meeting of the Epworth League held the past week-end in San Angelo.

Judge Weaver H. Baker and H. I. Taylor were business visitors in San Antonio this week.

Mr. and Mrs. C. W. McCarroll took their little son, Arthur Lee, to the Baptist Sanitarium in San Angelo Friday night. He has been quite ill for two weeks.

Plans are complete for the yard beautiful contest in Junction. Watch the Eagle next week for the rules of the contest.

Elder J. S. Newman returned Monday from a business visit to Limestone County.

Mrs. Joe Turner states that she has received a message from her sister, Mrs. H. C. McDonald, who recently went to Hollywood, California, for her health, that she has improved very much.

Mrs. Arthur Jordan of Mason spent a few days in Junction the past week visiting in the home of Mr. and Mrs. J. C. Beckam.

Mr. and Mrs. Ross Brison and little daughter, Flora Louise, of Ozona arrived Saturday for a visit here. Mr. Brison returned home Sunday and Mrs. Brison and daughter remained for a visit with their grandfather, Mr. W. H. Shepherd.

Mr. and Mrs. E. P. Stanley of Mexico City returned this week after a visit here with Mrs. Stanley's sister, Mrs. B. B. Ragland. Mrs. Ragland accompanied them as far as San Antonio.

Abstracts for your lands can be secured on short notice from E. Holekamp; 25 years in business; we know how. (adv)

Junction Trade Notes

The person who owns a horse may be interested in the announcement of the Dept. of Agriculture, under date March 27, wherein it is predicted that within the next year or two the demand for colts and young horses will be the greatest within a series of years and with a corresponding increase in prices. The statement says there has been a sharp decline in the number of horses since 1918 and that now the number of horses is no greater than in 1890.

One of the new game laws enacted by the recent Legislature, intended to conserve the supply of fish, restricts fishing to pole and line in the counties of Kerr, Kimble, Kendall, Blanco, Llano, San Saba and McCulloch. When the law becomes effective, it is said, it will end trout line and general fishing in these counties.

"Texas Wonder" watermelon, Rocky Ford cantaloupe seed, in bulk. Gann Grocery Company.

Mr. and Mrs. R. R. Lewis of Houston spent last week-end at the popular Fritz in Junction. Mr. and Mrs. Lewis and Mrs. Autrey of Houston have under construction a commodious summer home up the South Llano.

Mr. and Mrs. Victor Hardeman have started preliminary construction of their new home on South Llano. Garage construction is under way. The Hardeman residence will be built of native stone.

The spring bathing season in the Llanos was unofficially opened Monday, when Brownie and Blackie Motley and Madeline Ragland took to the water.

In stock: "Albatross" flour, "Our Pride," "Meyer's Best," "Queen Bee," "White House," all with a guarantee. Gann Grocery Company.

The American Automobile Association estimates that 35,000,000 people, approximately one-third the total population of the United States, would take motor-vacation trips this year.

An addition of fourteen to sixteen rooms will be placed on the Fritz Hotel, construction to be started in April, it is said. This improvement will be in addition to the projected second unit of the hotel, which may be delayed for another season.

"Kimble Courts," one of the attractive new recreation resorts of the Llanos, has undergone further improvement at the hands of the landscaper, which adds to the natural beauty of the premises. Kimble County and the classic Llanos will, in due time, become America's most delightful summer and winter playgrounds.

THE NEW FORD

A five-mile hill climb with short, dangerous turns was won by a standard Model A phaeton, privately owned, in Athens, Greece.

During 1928 the Ford Motor Co. delivered 51 Ford Planes to purchasers. The present production schedule calls for one plane every two days but plans are being made for even larger production.

Two models are now being manufactured—Model 4AT powered by Wright engines of 300 horse power each, speed 126 miles per hour; seats for 12 passengers; a baggage hold and washroom.

The second Model, 5AT, is powered by three Pratt & Whitney Wasp engines with 410 horse power each; with accommodations for 14 passengers. The Pennsylvania Railroad and Transcontinental Air Transport have ordered 10 planes of the 5AT type to be delivered early this spring for service in the combination air and rail passenger service to be operated between Los Angeles and New York.

This is something worth while to think about. Let us get busy and get an airplane landing field for JUNCTION.

Registrations for January in Cook County, Illinois, in which Chicago is located, show that 2255 Model A cars were sold during the month as against 616 for the next nearest car. The Ford figure was 33.8% of the total registered for the month, 6674.

There are 65 new Fords in Kimble County now. Some of them have run over 15,000 miles, as far as the average family car is run in two to three years. They are all in fine shape and the paint job looks like new when you wash one of them. That's Quality throughout. Ask any of the owners how they like their new Ford.

A demonstration does not obligate you in any way and costs you nothing. We are at your service and we are here TOMORROW to back up what we tell you TODAY. Buy a Ford and SAVE the difference.

Loeffler Motor Co.
Phone 105

R. H. LOEFFLER ATTENDS FORD SALES SCHOOL

R. H. Loeffler has just returned from a visit to the Ford Motor Company's Branch plant, Houston, Texas, where he attended the Model "A" Salesmen's school held in that city. Ford salesmen from the South Texas District attended the five day session of the school Mr. Loeffler said, and received a thorough course of instruction, both in the mechanical details of the construction of the Model "A" car and in an intensive selling campaign.

POSTED—Hunting, fishing and trespassing of any kind on the Wright ranch will be prosecuted. Howell Wright.

School Notes

We missed our superintendent Thursday afternoon and Friday, but were glad to have him back with us Monday. Mr. Cowles told us that he was going to look for a job, so we will forgive him for leaving us this time.

On Friday afternoon and Saturday of this week the Inter-scholastic Meet will be held at Junction. The literary events will take place Friday afternoon and evening and the athletic events will take place Saturday. There will be no school Friday afternoon, on account of this meet. All are invited to attend and a large crowd is expected. The following pupils are entering the Declamation contest: Senior girls, Fairalee Linn and Nevada Blackburn; Senior boys, Herbert Newman, Marvin Blackburn, Carleton Wright and William Blackburn; Junior girls, Mae Delle Lowry, Grace Hill, Lenore Riley, Veda McKay, Melba Stephenson, Stella Mae Roe, Mary Ann Beard, Leona Taylor, Vernell Tinsley, Martha Hensley, Lorena Henderson, Willie Bell Robinson, Vera Mae Wilson, Jewel Adams, Mabel Livingston, Gertrude Corray; Junior boys, Junior Cowser, Bill Barnes, George Robert Pepper, Milton Hill, Jr., Louzon Tinsley, Milton Blackburn and Shirley Meyer. We will have a tryout among the junior declaimers in the High School auditorium Wednesday afternoon to select the best ones for the contests Friday night.

Mrs. Kendrick's pupils are making a product map of Texas. They are using pictures, printed words and the real products. Mrs. Kendrick says the pupils are showing unusual interest in this project.

Stella Mae Roe, a sixth grade pupil, is corresponding with a girl in Ireland. We are eager to read some of the little Irish girl's letters. Such correspondence is not only interesting but instructive.

Houston Smith donated "Gulliver's Travels" to the library and Mrs. Pickett donated "A Man for the Ages" and "Black Rock." We wish to thank them for these books.

The Senior Class had a meeting Wednesday morning at which they selected their diplomas.

YOUNG PEOPLE ENJOY SAINT PATRICK PARTY

Saturday evening Miss Jewel Riley entertained a number of friends at her home with a St. Patrick's party.

A program of interesting contests, appropriate to the Irish Saint, proved highly entertaining. Brownie Motley and Raymond James received memorandum books for their success in the bean contest. The paper race was won by Carleton Wright and Raymond James. They were rewarded with horns.

Dancing provided further entertainment for the young people.

Green fruit punch and a variety of small cakes were served with dainty St. Patrick favors at the close of the evening.

LAF-A-LOT CLUB

Tuesday evening Mesdames Arthur Thompson and Clifford Hamer entertained the members of the Laf-A-Lot Club and their escorts at the residence of Mr. and Mrs. Pierce Hoggett.

Branches of red bud and plum blossoms and bowls of violets were suggestive of the spring tide.

Cute little pink gingham dogs and blue calico cats made the attractive tables. Mrs. Brown King of San Angelo won the club prize, a pair of hand painted blue bonnet pictures. The cut prize, a deck of cards went to Miss Lela Taylor. The men's prize, two linen handkerchiefs, was awarded to Mr. Walter Blackmon. Mr. and Mrs. Hoggett were presented with a handpainted blue bonnet picture for the use of their home.

Chicken salad on lettuce, wafers, potato chips, pickles, coffee and pink and blue cake were served. On each plate were nests of violet leaves filled with candy Easter eggs. Those present were Misses Lela Taylor, Tottie Martin, Flora Mae and Mary Spiller, Josephine Urban, Mary Phillips, Mesdames Dorothy Westmoreland, Brown King of San Angelo, Joe Fritz, Mr. and Mrs. Slater Fleming, Mr. and Mrs. Pierce Hoggett, Mr. and Mrs. Clay Maddox, Mr. and Mrs. Rudolph Tatum, Mr. and Mrs. Clifford Hamer, Mr. and Mrs. Arthur Thompson, Fred Mudge, Max Riley, Walter Blackmon, Fred Taylor, Doughboy Taylor and Harold Hough of Rocksprings.
