At Barbecue Table

Preparing to enjoy plates of barbecue at the annual Col-Tex picnic at Lake Colorado City are these three executives, left to right, Charles Wakefield, superintendent of Col-Tex Refinery; George Grimes of Big Spring, Cosden's manager of refineries, and Knox Chadd of Big Spring, Cosden's quality control engineer.

AT COMPANY BARBECUE

Tollett Reports Col-Tex Business Better in '58

Col-Tex Refining Company's business is better than a year ago.

That was the person-to-person report the Col-Tex family received Friday from R. L. Tollett, president of Cosden Petroleum Corporation and Col-Tex.

Tollett spoke briefly to Col-Tex employes, their families and guests at the company's annual outdoor barbecue at Lake Colorado City.

His talk was brief, to the point so that the hundreds on the shore of the lake at the Col-Tex Club could make the best of the food, refreshments and informal chats.

"We have been very busy," Tollett reminded the group, "and Col-Tex business is better than a year ago."

The oil executive especially emphasized the Col-Tex sales in asphalt.

"It is very heartening to be on the bottom with asphalt at this time of the year," Tollett said.

"We can use more asphalt than we are making."

Tollett told the crowd that Cosden's financial statement shows a 14 per cent decline in profits as of last April 30, compared to the same period in 1957.

"But actually, it is not as disappointing as it appears," he explained.

The company president then emphasized that prospects are good in marketing and processing.

"We are still a young organization," Tollett concluded, "but we are making headway toward maturity."

Cosden's net income referred to by Tollett amounts to $8,601,272 (before taxes)—about two million dollar decline. But, at that, it still is the second highest in Cosden's history.

Too, only slightly more than half of the income sag could be attributed to higher operating costs. The rest was resulted from a tight marketing situation, including gasoline price wars.

Although not mentioned by Tollett at the Friday barbecue, Fortune Magazine—dean of industrial and business publications — listed Cosden as among the top 10 most productive firms within the nation.

Industry observers point out the significance of this rating, especially since Cosden ranks 45th among U. S. firms in gross sales.

In the fiscal year ended last April 30, Cosden had a gross operating income of $91,634,165 as compared with $71,921,997 the previous year. Cosden's acquisition of Col-Tex, Onyx and Grisham - Hunter Oil Company properties were a main reason for the increase.

FOR COUNTY DEMOCRATS

Convention Set Saturday at 2

Mitchell County's Democratic Convention is scheduled Saturday at 2 p. m. in Civic House.

But there is little doubt as to the outcome if the Precinct 1 delegation shows up in its allotted numerical strength.

For Precinct 1 — with 64 delegates and the numbers to out vote all of the other three precincts combined — followed the policies last week as outlined by Governor Price Daniel.

And with unit rule, the Precinct 1 delegation will vote solidly in that manner Saturday, largest precinct, will send a delegation to the county convention with a different political brand than Precinct 1.

Control at Loraine went the liberal route or to "The Democrats," as their chairman, J. W. King, describe them. And the unit rule was also voted for the Loraine delegation.

Dr. H. Jene Steakley, chairman of the Precinct 1 convention, has sought this week to be certain his delegation is at full strength at the county

Bates To Chairman United Fund Drive

All-Local Operation Planned

Roy Bates, superintendent of Texas Electric Service Company's Morgan Creek Plant, will chairman Mitchell County United Fund's finance campaign for 1959.

The power plant executive was named to the key position Tuesday afternoon.

At the same time Charles Root, who last year served as campaign chairman, was elected president of the fund for 1958-59, succeeding Dr. W. S. (Bill) Rhode.

Other officials elected to serve with Root are Bates, first vice president; Mayor Vance Dickerson of Loraine, second vice president; Albert L. Young of Westbrook, third vice president; Dick Wistrand, treasurer, and Miss Sally Tharp, secretary.

ANNUAL meeting of the United Fund was conducted Tuesday afternoon in Chamber of Commerce office, Civic House, with report of finances, report of nominating committee, election of new officers and trustees.

Immediately following the annual meeting, the fund's board of trustees went into a business session for appointing chairmen for several committees and to decide on all local administration (no hiring out of outside organizers) for the fund's countywide finance campaign this fall.

Additional foundation for the new campaign was formulated at a later meeting of the United Fund executive committee.

DECISION to conduct the drive for 1959 finances with all-local personnel follows a pattern set last year when Mitchell County United Fund successfully surpassed its goal without hiring an out-of-town firm specializing in fund raising.

The 1958 United Fund finance campaign was the first conducted within the county without the assistance of paid professional assistance from out-of-town.

Heading the important work of screening participating agencies and preparing the budget for the 1959 United Fund program will be J. Ralph Lee and G. D. Foster.

Lee and Foster will serve as co-chairmen of the screening and budget committee with Lee directing the budget work and Foster in charge of screening.

THREE co-chairmen were named for the publicity, promotion and education committee, which will have a major part in the success of the 1959 finance campaign. They are Bob Williams, Jaycee president, who will direct the speaking bureau; Max Caddell, former Jaycee president, who will be in charge of publicity and promotion for men's division; and Mrs. Joe Salter, prominent club and church worker, who will direct publicity and promotion among women.

Heading the nominating committee which will recommend officers for the year to come is District Attorney Eldon Mahon.

BATES, who will direct the United Fund fall campaign that will raise in one drive money to finance more than a score of participating agencies, was one of the original organizers of Mitchell County United Fund.

For the initial three years of the fund, he served on the executive committee. And he has been active in the actual fund-raising work with assignments in the employes division.

Bates is a member of Lions, the industrial development committee of Chamber of Commerce, Colorado Country Club and a participant in the construction studies of Mit-

BATES KILLED NEAR SWEETWATER

Funeral Here for Driver in Fatal Highway Truck Wreck

Funeral service was conducted here Tuesday for M. J. Bates, 27, killed early Monday morning when his truck overturned near Sweetwater.

Bates, a driver for Caddell Transit Corporation, was transporting a load of asphalt from Colorado City to View, 12 miles south of Abilene, when the accident happened.

He was the first driver fatality injured for Caddel in more than 17 years of fleet trucking operations involving millions of miles of driving.

Bates' 1958 International truck and trailer wrecked at approximately 4:35 a.m. Monday 10.5 miles east of Sweetwater on U. S. Highway 80.

His truck and trailer left the pavement on the right side of the highway, traveled for 150 feet, jumped a culvert skidded over an embankment and overturned in a ditch.

Highway cranes and wreckers were used before the body could be extricated from the wreckage.

Approximately $500 worth of asphalt was spilled in the ditch and the $8,000 truck and trailer were a total loss.

Bates, who formerly worked here for Caddell Transit for a year, had rejoined the firm's driver fleet only three months ago after being employed in Sweetwater.

His trip early Monday was the first driving assignment for Caddell in 60 hours. And a few minutes before the fatal accident, he had stopped for coffee in Sweetwater.

Funeral, service was conducted at 4:30 p. m. Tuesday by Rev. Don Mecoy, First Christian Church minister, in Kiker & Son Funeral Chapel.

Burial was in Colorado City Cemetery.

Pallbearers were Orval Sells, Rex Glass, James Dean, James L. Curtis, Howard Weaver, A. E. Currie, Fred Williams and Bill Knight.

Survivors include his wife of Colorado City; his parents, Mr. and Mrs. L. A. Bates of Snyder; a brother, R. V. Bates of Azle; three sisters — Mrs. Laverl Daugherty of Brownfield, Mrs. L. J. Merritt of Tahoka and Mrs. Billy Donaldson of Snyder.

Four Minor Changes in Vote Check

Only four slight changes were made in tabulations of Mitchell County's Democratic Primary when the county executive committee made its official canvass of vote returns.

The official canvass increased to 2,419 votes the total for Congressman George Mahon. In unofficial returns Saturday night Mahon, unopposed for re-election, had 2,417.

One less vote was credited to Railroad Commissioner Olin Culberson, unopposed also for re-election, lowering his official count to 2,402 from previous unofficial 2,403.

K. C. McAdams Jr. was credited with one more vote in the official canvass, raising his total to 1,033 in his unsuccessful bid for county judge. Elmer Martin's leading total of 1,551 remained the same.

AMBULANCE INVOLVED

Two Injured in Sunday Wrecks

Three auto collisions here this week resulted in an estimated $665 damage and injuries to two persons.

All three wrecks happened in a five hour period Sunday afternoon.

The first wreck at 12:40 p. m., at the intersection of Second and Hickory Sts., involved autos driven by Manuel M. Herrera of Odessa and Johnny W. Edwards, Rt. 2, both carpenters.

City Policeman Selma Q. Dickson estimated damage to the two cars at $20 each.

A wreck at intersection of 13th and Austin St. at 5:10 p. m. Sunday resulted in $450 damage to two autos and injuries to W. M. Horton, 1345 Waco, and his young son.

The car driven by Horton was in collision with a car driven by Troy Scarborough, 791 E. 7th, a 17-year-old theatre employe. Horton, a volunteer fireman, was driving west on 13th St. following a fire alarm. Scarborough was driving north on Austin St.

A Kiker and Son Ambulance was called to take Horton and his son to Root Memorial Hospital.

Enroute to the Hospital, the ambulance was in collision with a car driven by Freddy Kent Harrison, 17, of Colorado City. The wreck at 16th and Locust resulted in $100 damage to Harrison's auto and $75 damage to the ambulance.

The Horton boy was dismissed following treatment but Mr. Horton was still hospitalized Thursday.

Police issued a ticket to Horton alleging failure to grant right of way and to Scarborough for alleging exceeding a safe speed.

Damage to Scarborough's car was estimated at $300 and $150 for Horton's auto.

Charge of Sodomy Filed Against Man

A felony charge of sodomy was filed Thursday in Justice of Peace Court here against Willie Washington, who resides in the southeast area of town.

Police reported he was intoxicated Wednesday noon when has was arrested in his residence with a 15-year-old boy.

The felony complaint charges the man, about 60, with committing sodomy on the boy.

Bond had not been set in the case Thursday, according to District Attorney Eldon Mahon.

Boy in Knife Case Sent To Hospital

A 13 year-old boy, accused of threatening a teenage girl with a knife, has been sent to Big Spring State Hospital for treatment and observation.

Decision for the hospital treatment came Thursday during a juvenile court hearing before County Judge Sam Bullock.

The boy was taken into custody by police last week after a 17-year-old girl said she ran from a Hickory Street laundry after a boy had threatened her and told her to disrobe.

Police reported the boy had two knives in a paper sack when he was arrested.

Decision for sending the boy to the state hospital followed the youth's examination by two local doctors.

County Attorney Frank Ginzel said the charge of juvenile delinquency still remains against the boy despite the hospitalization.

"Don't Say Go, Go Thyself" Theme of Youth Meeting

Youth Activities Week for First Methodist Church is scheduled to begin August 4 and run through August 8. "Don't Say Go, Go Thyself" is the theme for the five day meeting sponsored by the youth department. The emphasis will be choosing a vocation.

The meeting will feature different guest speakers for each evening. Speakers and subjects they will discuss for the activities week will include Miss Gladys Miller, teaching; Eldon Mahon, the profession, Mrs. Frank Deregibus, homemaking; Jay Craddock, business; and Richard Tucker, church vocation.

The topic for the Intermediates will be Christian Beliefs.

Hour set for the meeting will be 5:30 p.m. each day and will begin, at that time, with a work project. Project for the group will be to build an altar in the worship room and also some remodeling.

Following the work project, supper will be served each night of the meeting. Suppers will be served by various classes of the church. Those classes who will serve during the week include Gold Band Sunday School Class, Monday evening; Philathea Class, Tuesday evening; Wesley Bible Class, Wednesday evening; Aldersgate Class, Thursday evening; and the Men's Class, Friday evening.

A period of recreation and games will follow the supper hour.

A worship service presented by the youth is scheduled for each evening and will include stunt night, folk games and sing-songs.

Prior to the Youth Activities Week the group will do some visiting in the interest of Christ and the Church. They will be visiting prospective members of the MYF. This program will begin Thursday with instructions and training to be followed by actual visiting.

Richard Tucker, youth director, and the MYF are planning youth Activities Week. Fellowship committee members are Jay Shimer, chairman; Lincy Johnston, Johnny Brown, Kerry Kendrick and Judy Zimmerman.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Subsection (b) of Section 62 of Article XVI of the Constitution of Texas, authorizing each county to provide retirement, disability and death benefits for appointive officers and employees of the county or precinct, or for appointive and elective officers and for employees of the county or precinct; providing for the submission of the proposed amendment to the voters qualified to vote thereon, and providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (b) of Section 62 of Article XVI of the Constitution of Texas be amended so as to read hereafter as follows:

"(b) Each county shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the county or precinct, or for the appointive and elective officers and for the employees of the county or precinct, provided same is authorized by a majority vote of the qualified voters of such county and after such election has been advertised by being published in at least one newspaper of general circulation in said county once each week for four consecutive weeks; provided that the amount contributed by the county to such Fund shall at least equal the amount paid for the same purpose from the income of each such person and shall not exceed at any time seven and one-half per centum (7½%) of the compensation paid to each such person by the county.

"All funds provided from the compensation of each such person, or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this state, or in bonds issued by any agency of the United States government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund, and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election in November, 1958, at which election each ballot shall have printed thereon the following words:

"FOR the amendment of subsection (b) of Section 62 of Article XVI of the Constitution, to authorize each county to establish, after approval by its voters, a retirement, disability and death compensation fund covering the elective officers of the county or precinct, as well as the appointive officers and employees of the county or precinct."

"Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. In counties of other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter may vote on such machine for or against the Constitutional Amendment."

ENSILAGE CHOPPER DEMONSTRATION

TUESDAY
AUG. 5.
9 A. M.

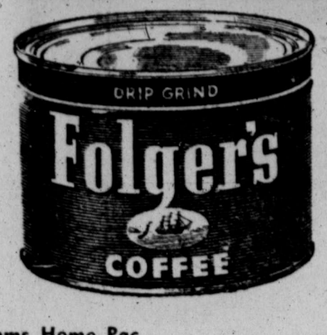

¼-mile north of China Grove Store

New John Deere No. 15 ensilage chopper with new short cut. This is the newest thing in ensilage cutters. We will guarantee it to cut the tallest irrigated feed or the shortest "burnt-up" feed or even alfalfa. It will take one row or two. Depending on your power. It can be used as a stalk cutter.
It will cut twice as much silage as anything tried in this locality and for all these jobs you need only the base machine, no attachments. It has only 10 grease zerks and if you have ever run any other ensilage cutter you can appreciate this factor. The price is the lowest by far of any cutter on the market today. It will be cutting feed from 18-inches to 7-feet Monday, so be there to see it and you will buy it.

DECIDING GAME THURSDAY NIGHT

C-City Faces Rough Test As Crane Edges By 8-7

Colorado City's Pony League All-Stars — the hardest worked team in the District 6 Tournament — faces a rough up-hill climb Thursday and Friday.

The C-City team, after playing brilliant ball to beat Pecos and Abilene Monday and Tuesday, fell to Crane Wednesday night, 8-7.

The loss forces C-City into the losers bracket where they meet the winner of the Pecos vs. Abilene game Thursday at 8:30 p. m.

If the local team should win the Thursday game, they will be pitted against Crane in the finals Friday. If they should beat Crane in the first game Friday, they would be forced to play a doubleheader. Every team in the tourney must lose two games before they are eliminated.

As Pony Manager Will Talley said Thursday, "it's going to be a rough go but the boys are determined to win after gofng this far."

If C-City had beaten Crane Wednesday, they would have had a rest Thursday and played only one game Friday in the finals.

But the rigorous schedule of playing each night began to tell on the Colorado City team Wednesday. Infact, Colorado City is the only team in the tournament that has played every night, and the only team that has traveled back and forth to the games. A tournament rule states that any team residing within 100 miles of Abilene cannot stay in the free college dorn rooms.

Mgrs. Talley and Ron Gurley will probably send Steve Hillhouse to the Mound Thursday against either Pecos or Abilene in an effort to stay in the tournament.

If C-City wins, they will call on Daniel Garcia, Archie Joe Biggers and Thomas Vest to hurl against Crane Friday.

Crane, who has played only two games to get to the finals, scored first against C-City Wednesday night.

In third inning, C-City leaped ahead 4-2 when Biggers singled, Terry Davis singled, Hillhouse walked, followed by Scott and Willie Smith's single.

Crane tied it up 4-4 in bottom of the third when Gary Gay doubled and David Walker singled.

Colorado City went ahead again in the fifth on Scott's base-empty homer over the centerfield fence.

But then Crane's Gary Birdsong slapped a homer over the fence with two men on base to send his team ahead 7-5.

Crane added an insurance run in the sixth with the aid of three C-City errors.

Colorado rallied in the seventh with Biggers and Hillhouse scoring runs with the aid of singles from the bat of Smith and Harold Hendley.

C-City's six errors was probable the deciding factor. Both teams got 10 hits with Scott leading C-City with a homer and single.

Another Run for C-City

Steve Hillhouse, Colorado City Pony League's ace pitcher, is shown scoring run No. 5 against Pecos Monday in the third inning of the game that saw C-City win 7-2. Dale Bentley, Pecos catcher (center) waits intently for the ball as the umpire looks on at the left. Hillhouse played left field in the Pecos game.

FIRST ROUND AT ABILENE

C-City Pitching, Infield Play Stops Pecos, 7-2, in District

A five-hit pitching performance by two All-Star hurlers and fine infield play enabled Colorado City's Pony League All-Stars to gain a 7-2 victory over Pecos Monday in the first round of the District 6 tournament in Abilene.

Daniel Garcia, starting hurler for C-City, held the big Pecos ball club to two hits and one run in three innings. Archie Joe Biggers, who hurled the final four frames, gave up only three hits and one run.

C-City's fast and aggressive batters connected for seven hits off Pecos' two pitchers. Pecos started their ace Israel Villalobos but he was taken out at the end of the three innings with C- City leading 5-1.

Raul Guerrero handled the last four stanzas for Pecos.

Colorado City's hitting was scattered with seven players each getting one hit. Curtis Scott, lanky third sacker, led in RBI's with three for Colorado.

Colorado City's infield of Scott at third, Charles Houston at short, Terry Davis at second and Willie Joe Smith at first played almost flawless ball. They clicked for two double plays and almost another.

Houston handled seven ground balls at his shortstop post, bobbling only one.

At the plate Houston got on base three times, once on a single, another time on an error and again on a fielders choice.

Colorado City struck like lightning in the initial inning for three runs. Houston scampered to first on Villalobos' error. Biggers singled through center. Davis flied out and Steve Hillhouse, playing left field, rapped a hard ball which Pecos fumbled, allowing Houston to score from second on a close play at home.

Scott lined a hard single to centerfield to score Biggers and Hillhouse easily.

In the second, Sam Miller, Pecos' big (6-2, 190-pound) first sacker, reached first on an error, but was forced at second when Ronnie McLain grounded to shortstop. Pecos catcher Dale Bentley picked up his team's first hit, a single to center, to score McLain to make the count 3-1.

Colorado City added two more runs in top of the third frame. Biggers walked and Davis singled to left field but was forced at second on Hillhouse's lick to shortstop. Pecos tried for a double play but overthrew first with Biggers scampering across home plate. Hillhouse stole second and third and scored on a fielders choice for a 5-1 lead.

Pecos outfielder Timmie McLain rapped a single in bottom of the third with Davis snagging the ball far behind second base to almost get McLain at first. Billy Paxton, the next batter, grounded to Houston with Houston flipping to Davis for one out and Davis to Smith to complete the double play.

C-City added two more runs in the top of the sixth frame. Scott walked, stole second and Harold Hendley beat out an infield roller for a safety. Both Scott and Hendley stole bases and Garcia, playing centerfield, scored them with a hard single to center.

With two outs on the books in the seventh, Hillhouse beat out a bunt for a single. Scott reached first on a Pecos error but Hillhouse was picked off second base by Guerrero for the third out.

Pecos rallied for one run in bottom of the seventh and had two men on base. Miller parked a ball against the centerfield fence and John Cearley hit to Houston who committed his only error of the night with Miller scoring.

Bentley singled to left field. But then Guerrero socked a line drive into substitute second sacker Bobby Stewart's glove and he doubled Cearley off second to end the game.

Stewart's unassisted double play was typical of the fine infield work enjoyed by Colorado City.

In four different innings, Pecos was retired in 1-2-3 In the fifth frame, Biggers pitched only five balls with all three outs chalked up in the infield.

Wednesday Guest

--Mrs. Eugene McGee of Snyder spent Wednesday night at Loraine with her parents, Mr. and Mrs. Ed Small, while her husband was at North Fort Hood. While here Mrs. McGee and her mother visited at Colorado City with Mrs. Small's mother, Mrs. M. A. Gann.

IN DISTRICT TOURNAMENT

Hillhouse Strikes Out 15 as Pony '9' Downs Abilene 4-2

Abilene — a winner for years in baseball — had a new experience Tuesday night on their home grounds.

They lost a game.

Colorado City's Pony League All-Stars — headed by ace hurler Steve Hillhouse — whammed the Abilene club, 4-2, to advance in the District 6 Tournament.

Hillhouse set 15 Abilene batters down via the strikeout route in marking up a three-hit performance. Infact, Abilene didn't connect for a safety until the sixth inning.

And it was the bottom of the seventh before they crossed home plate with a run.

The sharp-looking Abilene club — strutting before the home town crowd—was practically begging for a hit before the game was over.

Colorado City's batters crawled all over Abilene's startin hurler Virgil Pate, knocking him out of the box in the first inning.

After picking up the two runs in the first frame, Colorado City added two more insurance runs in the top of the seventh. Had it not been for those insurance runs, the game might have gone extra innings when Abilene scored their two tallies in bottom of the seventh.

Skipper Good, who relieved Abilene starter Pate, struck out 10 C-City batters and gave up only two hits. C-City got five hits altogether, three coming in the first frame against Pate.

Charles Houston, who had a pair of singles for the night, led off with a single in top of the first frame. Archie Joe Biggers, who tied with Houston for hitting honors, bounced the ball off the left field fence for a double with Houston moving to third.

Houston scored on a wild pitch and Terry Davis came through with a single to score Biggers.

Abilene placed men on base in the first and second innings on errors, but both were left stranded.

Biggers singled to left field in the fourth and Davis walked, but Good struck out the next three batters to retire the side.

Hillhouse retired Abilene in the fourth and fifth innings with six strikeouts.

Abilene put on their first real serious threat in bottom of the sixth. Good walked, but Hillhouse's tricky delivery fouled up the Abilene baserunner and he was picked off first base.

Don Botton, Abilene shortstop, got his team's first hit off Hillhouse, a single into left field. Daniel Garcia, C-City's left fielder, let the ball roll between his legs and Button scampered to second. Button stole third and tried to steal home on a pass ball but Hillhouse tagged him out at the plate in a close play to keep Abilene scoreless.

C-City's insurance runs in the seventh came like this:

Pinch - hitter Thomas Vest walked; Harold Hendley walked and Willie Smith was out at first with both runners advancing. Vest scored from third when Abilene catcher Jim Berrier dropped the ball on the third strike. Berrier's throw to first was wide and Vest burst down the baseline to score.

Hendley scored on another error on the catcher.

Jim Mallon started the Abilene rally in the bottom of the seventh. The Abilene first sacker doubled against the fence. Berrier followed with another double to score Mallon. Ronnie Holt hit a hard ground ball with C- City second sacker Davis making a beautiful play to get him out at first base with Berrier scoring on the play.

Editorially Speaking

Fund's Early Start Good For All

Leaders in Mitchell County United Fund already are busy planning for the annual financial campaign that is becoming traditional for the fall.

Initial spade work for the drive — which in one campaign raises the funds for more than a score of agencies during the following year — was accomplished Tuesday at meetings of United Fund memberships, board of trustees and executive committee.

And it is not surprising that two prominent, civic responsible citizens — Charles L. Root and Roy Bates — have accepted key roles for the fund. Root will serve as president and Bates will chairman the overall, countywide fund campaign.

Some persons, no doubt, will wonder why meetings and planning are on the United Fund agenda now in the midst of summer when the actual solicitation will not be scheduled until mid-fall.

But Mitchell County United Fund is not a small job. It raises more than $25,000 annually — all in one coordinated campaign — for deserving programs which in the past have required separate fund campaigns practically every month of the year.

It is also an all-local job with every task and every detail planned and carried out by volunteer citizens within Mitchell County. Most of those contribute their time, energies and abilities in spare moments from their business and home responsibilities.

So, it is good business for the United Fund to begin its work early. It makes for a more capable and successful drive in the fall — a saving to all of us in energy and time.

The early start, too, is a reminder for all of us to mark our calender so we can allot a few hours of our own time for this drive that wraps up a lot of fund campaigns into one.

Cost of Accidents

Automobile insurance rates for Texas will be raised effective August 1, 1958. These increases result directly from an increasing number of automobile collisions, higher costs of repairs, larger medical costs, and higher jury awards in actions for damages.

The average rate increase, state-wide for all classes combined, will be approximately 19% for liability and approximately 17% for collision insurance on private passenger cars.

After these increases become effective, liability rates in Texas still will be below the majority of other states, and Texas will have the lowest rate among the eight states having the largest number of registered motor vehicles. The increase in rates is necessary because of the highest underwriting costs in history. Over the nation, leading stock automobile insurance companies last year paid out $116.70 for every $100.00 received in policy premiums.

Judge Penn J. Jackson, chairman of the State Board of Insurance, said, "We cannot expect the automobile insurance companies to continue tremendous underwriting losses they have sustained during the past several years. These new rates, however, are designed to enable insurance companies to meet future automobile claims only and will not permit companies to recover their past excessive losses.

The driving public must realize that neither the State Board of Insurance nor the insurance companies determine automobile insurance rates. Instead, the drivers themselves determine what the rates are going to be from year to year. Rates drop when accident costs decrease; rates must rise when accident costs increase.

Plenty of Talk, But No Solution

Editor's note: The Shinnery Flats Philosopher on his Johnson grass farm on Bone Hollow Creek has found out about the Middle East situation, without finding out the solution, which puts him abreast of most of us.

* * *

Dear editor:

Me and a bunch of my neighbors were out here talking about the crops yesterday and due to the fact that when it comes to crops I don't have much to talk about I changed the subject and asked them what they thought of the Middle East situation. A man ought to do what he can to be comfortable.

One of them spoke up and said he didn't know enough about it to say anything.

This strikes me as ignorant. If only the people who know what the facts are in the Middle East talked about the place, there wouldn't be anything said. Couldn't even get in most newspapers.

I don't think the people in Washington, London, Paris, Moscow or the Middle East itself are any better than the rest of us, and I'll talk about the place whenever I get ready. If people waited till they had the facts to talk, 95 per cent of the conversation in this world would be eliminated.

However, talking about the Middle East is no sign you have the solution for it, as me and Washington are well aware, and I would like to say quickly that I don't want the world looking to me for an answer. A man who can't solve the problems on his own farm is in no shape to solve any problems in the Middle East, the Far East, the Near East, or any other point on the compass. As a matter of fact, I can't even read a compass.

I was talking to a man in town the other day and he said the way to handle the Middle East is to let Russia take on the whole area if it's willing and all the other areas willing to be taken on, then let Russia go into the foreign aid business, and while this won't really solve the problems, it'll leave Russia busted.

On the other hand, you've got to remember there are a lot of people who have joined up with Russia about ike the chickens joined up with the scrooch owls. The scrooch owls kept scrooching up to the chickens on the roost and pretty soon there weren't any chickens left.

Some countries have joined up with Russia about like my neighbors' pastures have joined up with my cows. Let a gap in the fence show up and the cows move in.

If you're looking for a solution for the Middle East situation, don't look at me, might as well be looking at the statesmen of the world. I'm like most people. Let's conquer space. It's easier to conquer than ourselves.

Yours 'faithfully

STATE COMMISSION AT WORK

Leaders Vision Powerhouse of Industry on Texas Resources

State Capital NEWS

By VERN SANFORD
Texas Press Association

DURING MUCH of the century Texas was called the great land frontier. Word got around. From older regions came the restless, the ambitious, the hopeful who'd heard there was plenty of room in Texas.

Today, the sod huts and free land are gone from Texas. But the frontier is regarded by economists as greater than ever — rich and promising beyond Moses Austin's boldest dreams. A recent survey by a national magazine (U. S. News & World Report) described Texas as destined to become "the new powerhouse of the United States—an industrial empire built on a storehouse of priceless natural resources."

Sounds wonderful. But Texas leaders, in both government and industry, have taken the position that favorable circumstances alone will not convert frontier to empire. Other states are angling, too, for energetic men with capital and know-how to start new factories humming.

And most states are not hampered, as Texas is, by a constitutional provision prohibiting use of tax money to advertise the state's advantages.

Despite this hindrance, the last Legislature, at Gov. Price Daniel's request, reactivated the Texas Industrial Commission to start the ball rolling. E. B. Germany of Dallas is Commission chairman.

* * *

IN OPERATION only four months, with a piggy bank budget of voluntary donations, the Commission is, nevertheless, making itself felt.

Its showpiece is a 68-page, two color brochure called "A Plan of Action to Win New Industry for Your Community." This do-it-yourself manual was mailed to every Chamber of Commerce, mayor, county judge, industrial foundation and legislator in Texas.

Letters of commendation and requests for extra copies have "poured in," according to Bob Bray, member of the governor's staff assigned to the Commission. Said a letter from the Huntsville and Walker County C of C, "Never have I seen any publication so full of excellent guidance material for communities . . ."

With the letter came a contribution to carry on the Commission's work.

NEXT BIG goal is passage in November of a constitutional amendment to remove the legal shackles on financing. "Failure of the amendment," said Bray, "will handcuff the commission. Our big job now is selling Texans on the need to sell Texas, both industry - wise and tourist-wise."

With funds and staff, the Commission will be ready to go ahead on an extensive effort — already mapped out — for research, information, advertisements, films, aid to local organizations, etc.

Says Germany, "Disastrous droughts, the alarming loss of rural population and the stark realization that the state no longer can depend on its oil revenue, all emphasize the need for developing our industrial resources."

* * *

SCHOOLS "BUST OUT"— Some seams splitting from Texas' expanding population was reflected in the reports of Texas Education Agency survey teams on conditions in the state's public schools.

As a result of the reports to the State Commission on Accreditation, nine schools were removed from the accredited list, and accreditation was withheld from six others. Fifty-one were warned they face loss of accreditation unless they improve standards.

Most of the schools' troubles seemed to stem from pupil populations and needs that outran community leadership and financing. Samples from the unfavorable reports: not enough textbooks, few or no library books, no laboratory facilities for science courses, unsanitary or outmoded facilities, use of condemned or "miserably overcrowded" buildings, teachers instructing courses in which they had had no college study.

Actually, the number of schools having trouble meeting standards was only about 3.5 per cent of the total — or 66 out of Texas' approximately 1,800 school districts.

WASHINGTON LETTER

Common Sense in Mid-East Policy

By LYNDON B. JOHNSON
U. S. Senator

OUR CHOICE in these times is either to keep our heads or lose them altogether. This point has been underlined emphatically by the recent tragic events in the Middle East.

It is sometimes hard to realize how a street mob in Bagdad or a barefooted Egyptian standing on the banks of the Nile can affect folks in Johnson City or Beaumont. But the hard fact is that the street mob and the Egyptian may hold in their hands the future of our children and our children's children. They may decide whether our descendants will live as free men or die as slaves.

The world is a lot different today from the time when I was a boy.

It was divided itself into three parts. One group is committed to communism. One group is committed to our way of life. The third group is uncommitted.

* * *

THIS IS the group that will decide the future. Right now, members of this group are standing allof — looking skeptically at both the United States and the Soviet Union.

Living standards of the uncommitted people are, a general rule, the lowest in the world. An Arab supports himself and his family on about $50 a year. A bowl of rice and a piece of dried fish make a day's meal for millions of Asians. They are hungry. They lack clothes and housing. They live in misery.

But they do have two assets, tremendous resources and tremendous numbers of people. Whichever side they join — the side of freedom or the side of communism — will have overwhelming strength in the cold war. Two-thirds of the world's population will be lined up against one third. And the two-thirds will have almost total control over resources like tungsten, manganese and cobalt without which no nation can be strong.

* * *

WE CANNOT "buy" the friendship of these people. But they are determined to live better lives. That means factories, industries, and modern methods of production. They do not have these now. They are going to develop them by one of two roads — communism or free enterprise.

The Soviet communists are aware of these facts. They know these people lack capital. So the communists build a steel mill in India; they send technicians to Southeast Asia; they make loans through out the world at lower rates of interest than we charge our own farmers. This is not charity. It is cold-blooded politics.

If we stand idly by and do nothing, these people will decide that communism is the only way for them to have full stomachs and clothes on their back. When that day comes, the free world will be lost. We should not counter with free gifts. But we must persuade them that free enterprise holds out the best hope — and the only way we can persuade them is to help them.

This, also, is not a matter of charity. It is just good common sense.

LOCAL BUSINESS

Ad Appeal Based On Willingness

JOE ED BOATRIGHT
Record Advertising Mgr.

THE EFFECTIVENESS of advertising depends upon many factors other than the number of people reached. An important consideration is the attitude of the public toward a particular type of advertising.

For instance, do you know who De Witt Clinton is? Would you recognize his picture?

Don't feel badly if your answer is no. Few people could identify Mr. Clinton. Yet his portrait is one of the most widely circulated pictures in the world. Clinton's face and name appears on the stamp of every package of cigarettes sold in the United States.

Some cigarette smokers have torn Clinton's picture in half thousands of times without seeing it. This points up the fact that, unless our mind is open to receive an advertising message, the message does not register.

THIS TENDENCY of our mind to discard or ignore the unwanted greatly affects our reaction to advertising. Uninteresting and distasteful advertising meets a mental block which reduces its effectiveness.

On the other hand, advertising which is read willingly is effective. It is remembered because it is received with interest. No other medium can compare to the local newspaper as a means of presenting advertising which is willingly read by the public.

* * *

NEWSPAPER advertising is accorded a high rank in effectiveness because it is one of the few forms of advertising which is not often regarded as a nuisance by the public.

Local newspaper advertising is remembered, not only because the consumer consults it with deliberate interest, but also because he consults it with the idea of taking action on what he reads.

BIBLE COMMENT

Abraham - - Father Of the Faithful

ABRAHAM stands in our Jewish-Christian tradition as the first great migrant. He was a pioneer in faith and a pioneer in other respects as well.

A great deal that we can imagine or conjecture, but that probably has a real basis in fact, stands in the background of Abraham's adventurous journey from Ur into Palestine.

He was leaving the scene of an older civilization and a fertile land. It could be said with some truth that he went out not knowing exactly where he was going.

IN THIS respect Abraham was like other immigrants down to our own time. In the building up of our country, we have seen how men and women left the older, settled communities to risk the long journey to reach out for new and undeveloped fields.

It is the pioneer urge, difficult for stay - at - homes to understand, which is a very powerful and vital force in human history. Even those that feel it the strongest can hardly explain it.

* * *

IN ABRAHAM'S case, there may have been a very definite explanation. As far as we know, the worship of Ur of the Chaldees was idolatrous. This may have been true of Abraham's own home. Apparently a strong element in his experience was the sense of a living God. He desired to get away to a new land where he could exercise his religious convictions freely.

He wished to build a civilization in harmony with the truth and righteousness he had discovered. This, more than any impulse toward adventure and pioneering, probably prompted him to make the long trip to Palestine.

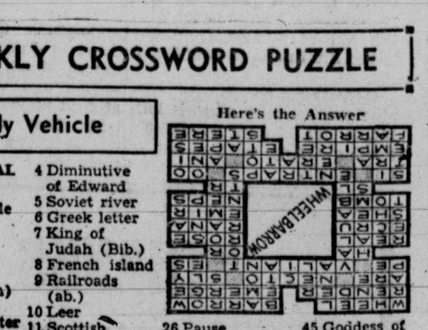

In any case, he stands as the father of the faithful. Christ spoke of him as having seen his day, though Abraham saw it by faith rather than in the glory of a large and splendid realization.

CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT THE GENERAL ELECTION ON NOVEMBER 4, 1958.

SJR #3—Number Nine on the Ballot.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.

SENATE JOINT RESOLUTION NO. 3 proposing an amendment to Article IX of the Constitution of the State of Texas, by adding thereto a new section to be known as Section 5, to provide that the Legislature may authorize the creation of a Hospital District coextensive with the incorporated limits of the City of Amarillo, Texas; authorizing the County of Potter to render financial aid to and participate in the operation of such Hospital District; authorizing the Commissioners Court of said county to assess and levy taxes on property outside the incorporated limits of such city; further authorizing a countywide Hospital District for Wichita County, Texas, and authorizing the creation of two districts in Jefferson County; and further providing that any enabling Acts shall not be invalid because of their anticipatory character.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby amended by adding thereto another section to be designated as Section 5, which shall read as follows:

"**Section 5 (a)** The Legislature may by law authorize the creation of two hospital districts, one to be coextensive with and have the same boundaries as the incorporated City of Amarillo, as such boundaries now exist or as they may hereafter be lawfully extended, and the other to be coextensive with Wichita County.

"**If such district or districts are created, they may be authorized to levy a tax not to exceed Seventy-five Cents (75¢) on the One Hundred Dollars ($100.00) valuation of taxable property within the district; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpaying voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as obligations are not impaired, and not to exceed the maximum limit of Seventy-five Cents (75¢) per One Hundred Dollars ($100.00) valuation, and no election shall be required by subsequent changes in the boundaries of the City of Amarillo.**

"**If such tax is authorized, no political subdivision or municipality within or having the same boundaries as the district may levy a tax for medical or hospital care for needy individuals, nor shall they maintain or erect hospital facilities, but the district shall by resolution assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities, and to maintain and operate the hospital system, and the Legislature may authorize the district to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same, and such bonds shall be payable from said Seventy-five Cents (75¢) tax. The Legislature shall provide for transfer of title to properties to the district.**

"**(b)** The Legislature may by law permit the County of Potter (in which the City of Amarillo is partially located) to render financial aid to that district by paying a part of the expenses of operating and maintaining the system and paying a part of the debts of the district (whether assumed or created by the district) and may authorize the levy of a tax not to exceed Ten Cents (10¢) per One Hundred Dollars ($100.00) valuation (in addition to other taxes permitted by this Constitution) upon all property within the county but without the City of Amarillo at the time such levy is made for such purposes. If such tax is authorized, the district shall by resolution assume the responsibilities, obligations, and liabilities of the county in the manner and to the extent hereinabove provided for political subdivisions having boundaries coextensive with the district, and the county shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the county.

"**(c)** The Legislature may by law authorize the creation of a hospital district within Jefferson County, the boundaries of which shall include only the area comprising the Jefferson County Drainage District No. 7 and the Port Arthur Independent School District, as such boundaries existed on the first day of January, 1957, with the power to issue bonds for the sole purpose of purchasing a site for, and the construction and initial equipping of, a hospital system, and with the power to levy a tax of not to exceed Seventy-five Cents (75¢) on the One Hundred Dollars ($100.00) valuation of property therein for the purpose of paying the principal and interest on such bonds.

"The creation of such hospital district shall not be final until approved at an election by a majority of the resident property taxpaying voters voting at said election who have duly rendered their property for taxation upon the tax rolls of either said Drainage or said School District, nor shall such bonds be issued or such tax be levied until so approved by such voters.

"The district shall not have the power to levy any tax for maintenance or operation of the hospital or facilities, but shall contract with other political subdivisions of the state or private individuals, associations, or corporations for such purposes.

"If the district hereinabove authorized is finally created, no other hospital district may be created embracing any part of the territory within its boundaries, but the Legislature by law may authorize the creation of a hospital district incorporating therein the remainder of Jefferson County, having the powers and duties and with the limitations presently provided by Article IX, Section 4, of the Constitution of Texas, except that such district shall be confirmed at an election wherein the resident qualified property taxpaying voters who have duly rendered their property within such proposed district for taxation on the county rolls, shall be authorized to vote. A majority of those participating in the election voting in favor of the district shall be necessary for its confirmation and for bonds to be issued.

"**(d)** Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their anticipatory character."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at the general election to be held the first Tuesday after the first Monday in November, 1958, at which election all ballots shall have printed thereon:

"FOR the constitutional amendment authorizing the Legislature to create a Hospital District coextensive with the incorporated limits of the City of Amarillo, Texas, and authorizing Potter County to lend financial aid to and participate in the operation of said Hospital District, and further authorizing the Legislature to create a county-wide Hospital District in Wichita County, Texas, and Hospital Districts in Jefferson County, Texas.

"**AGAINST** the constitutional amendment authorizing the Legislature to create a Hospital District coextensive with the incorporated limits of the City of Amarillo, Texas, and authorizing Potter County to lend financial aid to and participate in the operation of said Hospital District, and further authorizing the Legislature to create a county-wide Hospital District in Wichita County, Texas, and Hospital Districts in Jefferson County, Texas."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

I WANT TO SAY . . .
