Franco Nears Death, Has Last Rites

(AP WIREPHOTO)

GO FOR YOUR...FLOWERS? — A striking Oklahoma City policeman, following orders of the Fraternal Order of Policemen, carries a holster full of flowers. The city's police force went on strike Thursday afternoon.

MADRID, Spain (AP) — His heart growing ever feebler, Gen. Francisco Franco received the last rites of the Roman Catholic Church on Saturday and the nation's leaders gathered at his palace.

Prince Juan Carlos de Borbon, Franco's chosen heir, rushed to the Pardo Palace Saturday night with his wife, Princess Sophie. The full cabinet of Premier Carlos Arias Navarro waited there with them.

The 37-year-old prince was named by Franco in 1969 to succeed him as chief of state and to become Spain's first king in 44 years.

VIGIL

Juan Carlos and Premier Arias had visited the 82-year-old generalissimo briefly in the afternoon. A crowd of Spaniards kept vigil outside the palace, 10 miles north of Madrid.

Franco, ill for the past eight days, asked for the last rites of the Church at mid-day, shortly after a team of doctors reported his heart had shown signs of failing twice in the course of the morning.

Officials at El Pardo Palace said Franco, tranquil in the presence of his closest family, received the Roman Catholic sacrament of Extreme Unction from his military chaplain. He also heard Mass with his wife, Dona Carmen Polo de Franco.

IN TEARS

After the rites, relatives and high officials began arriving and leaving later in tears. A vast crowd gathered outside the gates.

An evening medical bulletin reported "a slow and progressivedeterioration" in his condition. It said, "Signs of miocardiac suffering have intensified. Fever has appeared. Blood pressure has dropped and heart beat and breathing have increased."

The doctors said, however, he was still conscious much of the time. After the noontime bulletin, doctors had said privately they expected him to live no longer than 72 hours.

Premier Carlos Arias Navarro visited Franco with Juan Carlos. All 18 cabinet ministers also arrived. Franco's elder brother, Nicolas, 85, paid a last visit, and Franco's sister Pilar stayed at his wife's side.

Earlier, ministers, former ministers, top government and military men massed at the premier's downtown offices.

A spokesman said three possible burial places were being considered — El Pardo Palace; El Ferrol del Caudillo, Franco's northern birthplace, and the Valley of the Fallen, a monument to civil war dead 30 miles north of Madrid.

The military cancelled all weekend leaves to ensure a smooth transition of power amid a campaign of left-wing terrorism.

Police Reject Pact Concession

OKLAHOMA CITY (AP) — The Fraternal Order of Police rejected a compromise contract offer made by the City Council Saturday and a strike by nearly 600 policemen entered its fourth day.

Neither the organization nor the City Council would discuss the details of the offer. However, sources said it included the 10 per cent raise demanded by the policemen, but the raise was coupled with a reduction in current benefits.

The officers are demanding that the city abide by an arbitration panel's recommended 10 per cent pay hike. The city was not bound by the panel's findings and the city had offered 7½ per cent.

Jim Parsons, president of the Fraternal Order of Police, said a meeting is scheduled for Sunday afternoon.

All but 16 of the city's 599 officers tossed their badges on City Manager Howard McMahan's desk Tuesday afternoon and began a massive walkout. Five officers later changed their minds and went back to work.

The current starting salary for policemen is $8,604, with the top salary after 21 years $15,322.

'I'M TERRIBLY SORRY'

Man Rapes Sitters Then Kills Himself

By JOHN EDWARDS

GAIL — A 29-year-old ex-convict raped two babysitters at gunpoint, apologized to their parents and shot himself about 3:20 a.m. Saturday, law enforcement officers said.

Marvin Monk, Borden County justice of the peace, declared Gary Melvin Sturdivant, Lake J. B. Thomas, dead at the scene. Saturday, Monk had not ruled whether the gunshot was self-inflicted.

Law enforcement officers related this story:

While the Sturdivants attended a small party at two neighboring lake residences, two 18-year-old girls babysat with the Sturdivant children.

'RIDE HOME'

The Sturdivants left the party about 11:30 p.m., and Sturdivant said he would drive the babysitters home.

He didn't. He drove to the Ira area and raped them and forced them to commit oral sodomy.

About midnight, parents of the girls, who had attended the party, called his wife, Kemma.

His wife told them of Sturdivant's prison sentence for statutory rape.

Sturdivant drove about one-eighth of a mile from his house, got out and allowed the girls to drive themselves home.

At 3:05 a.m., a father of one of the girls called Big Spring Police, who dispatched deputy sheriffs to State Highway 350 and Lake Thomas Road.

There, the father told them Sturdivant had raped two girls, was at the Sturdivant residence and was armed. The deputies called for assistance in the confrontation.

'SORRY'

"I'm terribly sorry," Sturdivant later was quoted as saying. He shot himself after apologizing, witnesses said.

Law enforcement officers arrived about 3:50 a.m.

Sturdivant was leaning against a corner of the house, a bullet wound between his eyes and a .22-caliber magnum revolver in his hand.

Among those investigating were Norman "Slick" Sneed, Borden County sheriff; Sgt. Robert Puente, Sam Smelser and Reserve Deputy Gilbert Barraza of the Howard County Sheriff's Office; Texas Highway Patrolman Bill Priest and Mike Pearson, Big Spring police patrolman.

SERVICES SET

Sturdivant was a well servicing operator employed by S. T. Raines Well Servicing.

Born Feb. 16, 1946, in Roscoe, he married Kemma Reddell April 2, 1965, in Snyder.

Survivors include his wife; one daughter, Sheri Sturdivant; one son, James Sturdivant; his parents, Mr. and Mrs. Charlie S. Sturdivant of Snyder; and three brothers, Wayne Sturdivant of Waco, Roy Sturdivant of Alexander, Ark., and Jimmy Sturdivant of Snyder.

Services will be at 2 p.m. today in the Bell-Seale Chapel in Snyder.

The Rev. L. W. Hatfield of the Faith Baptist Church in Snyder will officiate.

Burial will be in Hillside Memorial Garden.

Sunshine Bill Expected To Pass

WASHINGTON (AP) — When Sen. Lawton Chiles first introduced his "government-in-the-sunshine" bill in 1972 calling for open meetings of federal agencies, few in Congress or the executive branch gave it much chance of passage.

It didn't that year, nor in 1974 when the Florida Democrat filed it again. But the legislation has been slowly building steam and has gained 54 cosponsors in the Senate, seemingly assuring its passage in that chamber when it comes up for a vote in the next two weeks.

And, according to Chiles, the federal officials who would be the main target "have kind of gone berserk."

The bill would prohibit 49 federal agencies — most of them boards and commissions that regulate business — from holding closed-door meetings, except in certain narrowly defined circumstances.

"At first, the sunshine concept was just so foreign to the federal government that you just couldn't get anyone to even consider it," Chiles said. He said meetings of federal agencies and Congress on committees have been closed to the public for so long that "it became a way of life here."

But a lot has happened since Chiles first tried three years ago to win support for the bill modeled on Florida's sunshine law, which he helped draft as a state legislator in the 1960s.

For one thing, Chiles said there were the Watergate scandals that eroded public confidence in government. The gradual opening of House and Senate committees also showed lawmakers that "nothing really terrible happens when you let in the public," he said.

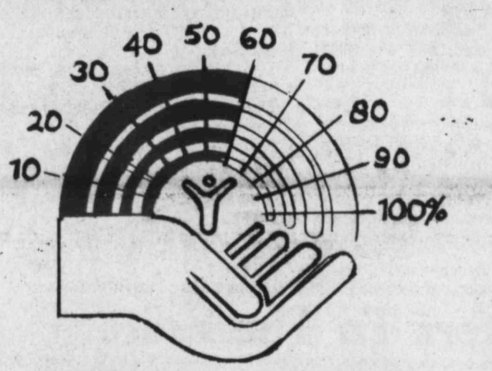

Chiles is the first to acknowledge, however, that his bill hasn't come through entirely unscathed. The Senate Rules Committee cut out the section that would have included congressional committees under the open-meeting requirement.

Chiles said he doesn't view this action as a major setback because the Senate will debate a separate resolution dealing with its committees at the same time as the main bill. Chiles noted that most meetings in both chambers are open anyway, except when national defense or other sensitive issues are being discussed.

The picture is different with the federal regulatory agencies which, with a few rare exceptions, have had a long tradition of closed meetings. The bill would apply to such agencies as the Securities and Exchange Commission, the Federal Trade Commission and the Federal Power Commission.

In fact, all multi-member agencies whose officials are appointed by the President and confirmed by the Senate would be covered.

There would be 10 specific reasons for which these agencies could close meetings.

PERCENTAGE OF UW COLLECTIONS

By Fits And Starts, UW Campaign Moves Ahead

Howard County's 1975 United Way campaign is inching ahead — erratically but irrevocably.

Campaign chairman Ron McNeil announced Saturday that 59.8 per cent of the $131,975 goal had been raised or subscribed. In dollars and cents, the amount committed thus far to the campaign is $78,850.75.

Some of the divisions are no more than half way toward their objectives. Others (like Combined Federal Campaign, which turns a little over 70 per cent of the amount it raises over the to the United Way) have gone over their goals.

By divisions, the total raised to date includes:

Out of Town, $5,070; Advance Gifts, $15,580; Special Gifts, $3,415; Employe $8,247.38; CFC, $28,776; Employe, City $4,763.72; Metropolitan, $855; Employe, County & State, $1,568.55; Rural or Area, $476.10; Women, $4,575; and Professional, $5,524.

Of the $78,850.75 subscribed to the campaign, only $32,072.07 has actually been paid. The remainder is taken out in payroll deductions, etc.

McNeil urged his coworkers to renew their efforts and push to pass the goal by Nov. 15.

United Way committees throughout the state of Texas are seeking to raise $57,588,270 this year, with 158 communities participating.

Of that amount, $33,224,028 or 57.7 per cent, had been raised at the last report.

FORGET? — If church is strangely empty this morning, maybe you forgot to turn the clocks back one hour last night, due to the end of Daylight Savings Time. Going back to Standard Time will make the sun a little higher when you get up and will make it a little darker when you get home from work.

Turk Crowd Protests Killings

ISTANBUL, Turkey (AP) — An angry crowd of about 4,000 Turks demonstrating against the assassination of two Turkish diplomats in Europe stormed Saturday into St. Sophia Museum, once a landmark Byzantine Greek church, and said Moslem prayers.

The mob charged through police lines, prayed at the church and continued their march through the streets of Istanbul. Police reported no injuries or damage to the historic site.

The crowd, as well as many other Turks, hold Greeks or Greek Cypriots responsible for having a role in the assassination of Turkish Ambassadors Danis Tunaligil in Vienna on Wednesday and Ismail Erez in Paris on Friday.

French police, however, are working on the theory that Armenian terrorists were behind the slayings.

20 Feared Dead In Bus Crash

JOHANNESBURG, South Africa (AP) — A bus taking children on an outing crashed through the railings of a bridge and plunged 45 feet into a rain-swollen river today, and officials said they feared 13 children and seven adults drowned.

Eleven other children and an adult escaped, they said.

The bus, lying in about 25 feet of water, was taking the children on an outing to play cricket and the adults with them were teachers, officials said.

The accident occurred near Swellendam, about 100 miles east of Cape Town.

Four Bodies Found Weighted In River

GRAND JUNCTION, Colo. (AP) — When two young women and two children disappeared in August, law enforcement officials in this town of 21,000 persons took no particular notice.

But a month later the waters of the Gunnison River receded, and the body of Linda Miracle, 25, was recovered. Six days later the waters receded more, yielding the body of Mrs. Miracle's neighbor, Patricia Botham, 25.

A day after that came a new and grimmer development when the bodies of Mrs. Miracle's two sons, Chad, 3, and Troy, 5, were found in the river.

The bodies had two things in common. Each was weighted with a piece of railroad iron and all were near a pile of iron similar to that tied to their waists.

No longer investigating a routine disappearing persons case, Mesa County Sheriff Dick Williams said, "The greatest thing that could happen is to catch the person who did this."

The dozen men working on the case have interviewed 200 persons, but District Atty. Terrance Farina said, "I wouldn't say we have any suspects."

The case began on Aug. 23 when Mrs. Miracle and her sons and Mrs. Botham disappeared from the Miracle house. Police found uneaten food on the kitchen table but saw no trace of any disturbance inside the house. The family car was parked outside.

Several weeks later members of Mrs. Miracle's family disclosed the young woman had almost been killed by strangulation at her home in June. She recovered in a hospital after the attack but apparently never told her family who was responsible.

Authorities working on the case have disclosed the two boys died of shotgun wounds, but have refused to reveal the cause of death of the two women.

STICK A NEEDLE IN YOUR VEIN, YOU'RE DEAD

ORANGE, Tex. (AP) — "This is a suicide note. I'm going to kill myself. Nobody is responsible for my death but me. If you damned laws will put this in the paper maybe somebody might read it and it could save some lives. If anybody ever sticks a needle in their vein they are dead. It's just that simple."

Police said Vaughn Edward Block, a 31-year-old pipefitter, wrote the note which was found in his shirt pocket. Block's body was found slumped in his station wagon Monday night. Police said he apparently died of a drug overdose.

Friends described him "as soft spoken a man as you'd want to meet."

Block left a wife, six children, and needle marks on both arms.

Block had lived in Orange most of his life.

He was buried Tuesday.

Police said his mother and widow approved Thursday of making the note public.

Says Patty Switched Loyalty

SAN FRANCISCO (AP) — Patty Hearst, in her last days as a fugitive, switched allegiance from the Symbionese Liberation Army to feminism and became homesick for her family, Rolling Stone Magazine said Saturday.

In a copyright story made available to news media ten days before its scheduled publication date, the magazine told of the jailed heiress's growing disillusionment with the SLA and a nagging desire to visit her family secretly.

"She was beginning to feel that the SLA's macho style did not fit with her new sense of feminism," the magazine said. "Patty had also expressed an awakening homesickness for her family; she even had talked of secretly visiting them."

In the lengthy article, Rolling Stone also said that:

— The SLA once planned to assassinate Oakland A's baseball team owner Charles O. Finley but decided instead to kill Oakland School Superintendent Marcus Foster.

— Under the influence of sister fugitive Wendy Yoshimura, Patty split with SLA members William and Emily Harris.

— It was Miss Yoshimura who supplied details for an attorney's controversial sworn affidavit signed by Patty and claiming she was brainwashed and tortured by the SLA.

— Patty has admitted to psychiatrists interviewing her in prison that she was lured by the intrigue of life with the SLA, saying, "I was sick of the middle-class life I was leading. The SLA members seemed to have some purpose to their lives."

— Sports activist Jack Scott tried to negotiate with Patty's parents for various concessions, indicating he might be able to get her to return, but the negotiations ended after Patty's mother, Catherine Hearst, alerted the FBI.

FALL DAY

Sunny and cool. High today in the upper 60s. Low tonight, mid 40s. High Monday, mid 70s. Southerly to southeasterly wind 5-15 miles per hour today.

Reviewing the .....

Big Spring Week

with Joe Pickle

TOMMY HART SUBSTITUTING FOR JOE PICKLE

Those who are excited by the success of the Houston Oilers in the NFL might recall that their coach, Bum Phillips, stopped in Big Spring a few years ago to deliver a banquet talk to Big Spring High School players. Don Robbins was coach of the Steers then.

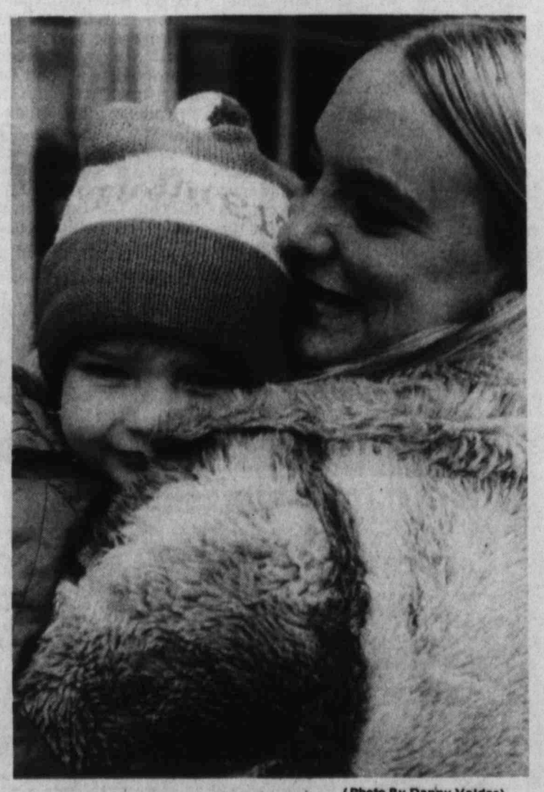

Bum is not an articulate man but his sincerity impressed local listeners. Now, it appears, he's caught lightning in a bottle.

I know the farmers complain when it rains at the "wrong time" here, as it did the past week, but you'll never hear me utter a discouraging word about moisture.

If the people along the Mississippi River would share their excess water with us, I'd feel differently about the matter. Right now, I still get a kick out of standing at a window and watching the raindrops fall. I can remember all too well the months and months when none fell and our reserves dried up. Regrettably, those times will come again.

Incidentally, one oddity of the West Texas weather patterns is that Howard County has now had 8.39 inches more rainfall in 1975 than Abilene (26.71 inches as compared to 18.32).

BRACING FOR THE COLD — If Christmas is ever to come for little kids, then so must cold weather. Heath White, age two, seems to be preparing for both as he uses Debra Edwards for a shield against a bit of polar air which hit the area Saturday. Heath seems pretty well insulated against any drop in temperatures.

SUNDAY OCTOBER 26 2

Industry Is Fighting Back

The nation's candy makers are fighting back after claims were made through the news media that tainted candy incidents have taken the treat out of Halloween.

Last Halloween, 8-year-old Timothy O'Bryan of Pasadena, Tex., son of an ex-Big Springer, ate some candy laced with cyanide and was dead a few days later. The child's father was indicted and later convicted of murder.

The candy makers quote police as saying the incident had nothing to do with Halloween, a claim with which I could not completely agree.

The National Confectioners Association investigated a representative sampling of 200 tainted treat incidents out of 363 reported nationally in 1972 and found (1) 76 cases were outright hoaxes; (2) there was not a single confirmation of any attempt by an adult to harm a child; (3) no arrests were made; and (4) no injuries of any significance resulted.

Only two of the 67 reported cases in 1973 were apparently valid. Police found barbiturates in a child's candy in Sonoma, Cal., though no arrests were made. In Philadelphia, police reported a pill was placed in a child's bag by an 80-year-old woman in "advanced stages of senility." She was later given mental health supervision.

A total of 90 incidents were reported by 56 police departments last year, of which 27 were hoaxes, 22 were considered questionable and could not be factually supported. In 40 others, police had no further information other than the initial complaint and felt investigation would not be justified.

In some instances, police say kids report they've come into possession of tainted sweets in order to get attention.

The NCA says that, just as skyjacking stories appear to breed more skyjacking, Halloween hoax stories in the form of tainted treat incidents, appear to breed more hoaxes. The NCA also suggests that all such stories be checked before news of them is printed.

Most newsmen I know don't print stories without first substantiating them with the proper authorities. The confectioners have too much at stake not to mount some kind of campaign in efforts to refute charges of poisoned candy.

No Leadership Is Provided

President Ford is determined to run against Congress, and toward the right wing of his own party. However wise that is politically, it's bad business for the nation.

In his Hartford, Conn. speech to a GOP fund-raising dinner, the President said he will use the "veto 100 times" if necessary to thwart congressional efforts to depart from his prescribed tax cut-spending hold plan.

Such rhetoric goes down well with his conservative constituents. It may even go down well with a majority of the country for a time. But sooner or later the realization must dawn that the President is providing no leadership. Simply being against spending isn't enough.

Against what spending? The President remains coy on that score. He's not against military spending, he says. Nor is he against spending to help the elderly, the poor or veterans. Which leaves what? The President won't say, except in private to members of his Cabinet, who have received White House budget suggestions. Congress is told to guess what the President has in mind, and then roundly criticized because it won't play his game.

It all recalls in a way Richard Nixon's "secret plan" for ending the war in Vietnam which he talked about before the 1968 election, then misplaced somewhere before he got into the White House.

Attention-Getters

Around The Rim

Walt Finley

Here's some sure fire attention-getters:

Falling asleep in the front row at church.

Making a slow start when the traffic light changes to green.

Buying a ticket at the X-rated movie.

Exchanging a first name greeting with an attractive lady who is a stranger to your wife.

Bumping into your pastor as you leave the liquor store.

Chaperoning a teen-age party and suggesting they play Lawrence Welk records.

Ordering soft drinks for the crowd and discovering you forgot your billfold.

My drinking cousin, Bobby Harris, has another comment:

Who says a man is through at 65? Here's old George Meany, who must be 80-ish, setting U.S. Foreign policy.

When old George yells "wheat," a well-known Ford goes into reverse and his Butz trembles.

WHAT OTHERS SAY

WHEN THERE'S not a problem that the Big Spenders can "solve" by pouring tax money after it, they'll invent one.

Thus, the fuzzy-notioned Americans for Democratic Action has decided that the pay and staff allowances of Congressional incumbents constitutes a "special privilege."

It's a privilege the ADA says "we shall overcome" by, of course, giving a bunch of money to a bunch of other folks.

Senators and representatives, just back from a month-long recess, may go for this boondoggle because--of all things--it would give them more money, too.

IF THAT SOUNDS a bit confused and self-defeating, you can understand why it's certain to gain a lot of favor on Capitol Hill.

What the ADA says is that members of the House of Representatives now draw salaries of about $44,625 annually, a staff allowance of $227,220, office space, postage-free mailings, a travel allowance, a stationery account and other benefits adding up to $488,505 each.

This gives the incumbent "almost a half-million-dollar election-year advantage over challengers," says the ADA.

"Only a generous system for public financing of congressional campaigns for challengers as well as incumbents can begin to equalize the disparities," Isaacs asserts.

OF COURSE, to be perfectly fair, any time the taxpayers finance the campaign of a challenger, they'll have to finance the campaign of an incumbent.

That's why so many of the incumbents may vote for the deal.

Public financing of campaigns--as already is being done for Presidential incumbents and challengers--will leave the incumbent with the same advantage he now has.

It'll also leave the taxpayer a little poorer, but no wiser.

Lubbock Avalanche

My Answer

Billy Graham

I believe you are God's man for these times, but you made a statement on television which is confusing to me. You said there wasn't one person listening to your voice which have kept more than two of the commandments. I don't believe that you break the commandments, and I know I don't. I believe that when we receive Christ we quit the sinning business. If you tell people that everyone sins, even saved people, then what is the advantage of coming to Christ? I know that even a Christian sins from time to time, but certainly not wilfully and deliberately.
E.L.S.

Thank you for this question. I make the statement that we have "all sinned" because the Bible says, "For all have sinned, and come short of the glory of God" (Romans 3:23). I didn't mean to imply that we view sin in the same light after we come to Christ as we did before. The Bible says, "If any man be in Christ, he is a new creature; old things are passed away; behold all things are become new" (II Corinthians 5:17).

This, of course, doesn't mean that Christians will never again sin. We are remorseful about it. We are sorry for it. The Bible says, (speaking to the Christian) "If any man sin he has an advocate with the Father." That advocate is Jesus Christ, and the Bible says again, "If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness" (I John 1:9).

REMEMBERING...

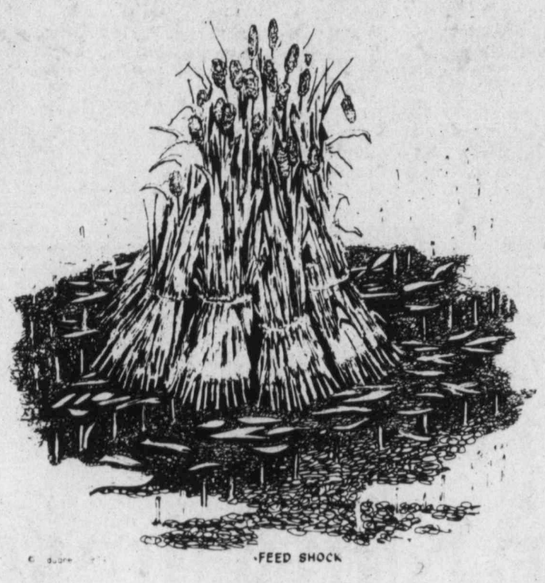

By BILL D. BROOKS

FEED SHOCKS

Red Top Cane and other similar types of feed crops were harvested with a cussed contraption called a row binder. The binder was pulled behind a tractor or team of horses. When it was working properly (my uncle said there was no such thing as one that worked properly) it cut the feed, tied it in bundles about ten inches in diameter with binder twine and dumped the bundles out behind it on the ground. Farm hands came along soon after, gathered the bundles and shocked them. Several bundles would be stacked up on their ends by leaning them against each other. They were left that way for several days to dry properly.

The shocks resembled Indian teepees and when we were kids we pretended that's what they were. We used to move the bundles around somewhat to make a door and a little room inside. There would be many shocks in each field so each kid could have his very own teepee. We would pretend a lot and use the places for hideouts. Grownups didn't much like for us to play in feed shocks because spiders and snakes liked to play in them, too. Also, if the bundles were moved around too much, the shock might collapse and have to be built back again.

When the feed had dried properly, it was loaded onto a wagon and hauled to the stack lot where the bundles were laid in neat rows side by side and stacked very high. In the winter when all the good pasture grass was gone the cattle were fed from the stack lot. Several bundles were pulled off each night and thrown over the fence to the cows. In most years there was enough feed in the stack lot for the cattle to get by until the next spring when the new crop of grass came.

FEED SHOCK

Consumers' Plight Improves

NEW YORK (AP) — Signs of economic recovery abounded during the past week, fueling optimism that the plight of recession-weary consumers is improving.

The first sign was the Commerce Department's announcement that the nation's Gross National Product — its total output of goods and services — increased in July, August and September at an annual rate faster than it has in 20 years.

The 11.2 per cent increase in the GNP, adjusted to take inflation into account, was the quickest rise since the first three months of 1955, another post-recession period.

Also released were figures showing that personal income rose 1.1 per cent during September, slower than the 1.4 per cent gain in August. But consumer spending in the third quarter was higher than in the previous three months, rising 7 per cent.

On Friday, the Labor Department reported that productivity — a measure of the output per hour worked — rose at a 9.5 per cent annual rate in the three months ending in September; the highest quarterly increase since the first part of 1971.

Prospects for the immediate future are still uncertain, however, and the debate has switched from when the recovery will start to how fast it will move.

Although Commerce Secretary Rogers Morton said the statistics provide "solid confirmation of a decisive upswing in the U.S. economy," he also cautioned that the economy "isn't likely to continue to grow at such an unusually rapid pace."

Tempering the bright news of growing production was the persistence of inflation. Different Commerce Department statistical measures of inflation showed that it ranged from 5 per cent to 7.2 per cent in the third quarter.

The Labor Department's consumer price index rose at an annual rate of 6 per cent during September, prodded up by higher prices for transportation, education, medical care, utilities and clothing.

The index was below the 8 per cent annual rate forecast by the government and, for the first time since early this year, food prices at supermarkets declined.

Several major oil companies, including Texaco, Inc., Gulf Oil Corp. and Mobil Oil Corp., announced one-cent cuts in the price of a gallon of gasoline. Some industry watchers said the reductions may have been caused by past retail price cuts and may not lead to further reductions in the price paid by motorists.

The Federal Reserve continued to ease its tight controls on the nation's supply of money, resulting in reductions in the interest rate on money banks lend to each other and, on Friday, a drop from 8 per cent to 7¾ per cent in the loan rate banks charge their most creditworthy business customers.

Corporate earnings for the most part remained weak, with only beginning signs that the worst had passed. Steel and copper companies reported large declines from year-earlier levels, as did many of the big international oil companies.

WEEKS BUSINESS

- Gross National Product accelerating
- Personal income is up 1.1 per cent in September
- Rogers Morton cautious about economy
- Inflation remains persistent problem
- Some oil companies reduce gasoline cost

Tax Gamble

Robert Novak

WASHINGTON — When Republican leaders of Congress breakfasted with President Ford Tuesday to be briefed on his new tax-budget program, their questions revealed a common doubt about their old comrade: would he be tough enough to carry out his audacious strategy?

Mr. Ford's new fiscal package, in fact, is strategy rather than substance. With the President facing the need to veto an election year tax cut anyway, he and his advisers took a bold gamble: up the ante, tripling the tax cut but tieing it to a dollar-for-dollar cut in spending. When the Democratic Congress inevitably rejected spending cuts, the President would veto tax cuts — after the public had been conditioned by Ford anti-spending rhetoric.

THIS STRATEGY has been applauded by those congressional Republicans who appreciate it. But they wonder whether easy-going Jerry Ford can handle a hard-nosed strategy better suited for Richard Nixon. Even if Mr. Ford keeps his resolve to veto the tax cut, old friends on Capitol Hill doubt he will adequately harangue the public about fiscal profligacy to politically survive that veto.

Actually, the President's tax problems stem partly from his own weakness. Had he vetoed the $8 billion cut in individual taxes for the last eight months of 1975, Congress surely would have sustained him. Instead, Mr. Ford signed it March 29, heeding advice by economists who wanted an anti-recession stimulus but incurring the wrath of fiscal conservatives.

CONGRESSIONAL DEMOCRATS have been determined to make the tax cut permanent (costing $12 billion for all of 1976). Most presidential advisers felt enlarging the tax cut while the economy improves would be inflationary. But how can a tax cut be vetoed less than a year from election day?

An answer came from William Simon, the tough-minded Secretary of the Treasury who has been under cover lately. After unsuccessfully pushing a tighter budget, Simon also failed to keep Mr. Ford from signing the temporary tax cut. More recently, he was miffed by the President approving Vice President Nelson Rockefeller's $100 billion energy shceme. Now a frustrated Simon feared the President would approve a permanent tax cut.

But Simon polished up his idea presented to — and rejected by — Mr. Ford during his first month as President: high, dollar-for-follar tax and spending cuts. This time the President bought it, at a $28 billion level. But Simon pressed Mr. Ford for assurance that, if Congress balked at spending cuts, he definitely would veto the tax cut. The President agreed.

Drug No Miracle Worker

Dr. G. C. Thosteson

Dear Dr. Thosteson: Can you settle an argument for us? I am chairlady of our club so I get to ask you to help us.

Can the taking of a fertility drug enable a woman who has already stopped menstruating to conceive? One of our group is a woman of 54. She had a D and C eight years ago and has not menstruated since.

She has been seeing doctors with the hope and dream of being able to become pregnant, having recently been married.

She does not look her age and can pass for a woman of 44. Can a woman her age become pregnant with the help of a fertility drug? We are all so curious. What is the use and function of a fertility drug? — E. C.

Fertility drugs contain hormones that have the capability of stimulating the ovaries to produce eggs. They are used where it can be demonstrated that there is a reasonable potential of the ovaries to respond.

Such drugs will not revitalize the menopausal ovary — the ovary which has ceased functioning because of loss of the natural ovary-stimulating hormones in the body. Your friend is 54; conception under normal circumstances is exceptionally rare at this age.

Such drugs, when given, are prescribed in one or two cycles, and evidence of successful ovulation is expected shortly afterward. Continued use is not considered proper.

However, in the case of your friend, it is highly unlikely that she could conceive with or without the fertility drug.

Dear Dr. Thosteson: Would you comment on the new eye surgery for cataract, that is the implanting of a plastic disc permanently into the eye? If there should be problems, would one lose the sight in that eye permanently, or could glasses be substituted as a second choice?

Also, what about the process of dissolving and sucking out the cataract compared to the usual process of cataract surgery? — M. L.

This is a controversial matter which has not been settled. I understand it is to be discussed at a forthcoming meeting of eye specialists.

Vision, of course, would be lost if the implant were to slip or if an infection were to occur.

For a full discussion f cataracts and current surgical procedures, you might want to read my booklet, "Cataracts and Glaucoma," which should answer most of your questions. For a copy, send 25 cents and a long, stamped, self-addressed envelope to me care of the Big Spring Herald.

Letters To The Editor

Sir:

For quite some time I have been thinking and trying to understand, in order to make up my mind as to who runs our city government. From what I have read in our paper, and by attending one meeting in person, I have come to the conclusion that Mr. Nagel runs the whole show by himself. The rest of our city commissioners are just rubber stamps, approving everything Mr. Nagel recommends, with the exception of Mr. Eddie Acri. It may be that this is why they removed him from the position he had before (that of mayor pro-tem). Even had the nerve to do it behind his back while he was out of town.

Already the city is charging $1 more if you don't pay your water bill on the due date. You would be surprised how many families don't get paid until after that certain date, so they are forced to pay an extra dollar every month. We haven't even received our first bill on the new higher rates yet when Mr. Nagel comes up with another "idea." Since the rates are up another time, already he wants plastic bag pick-up of garbage.

Mr. Nagel states, "It's in the best interest of the city." Has he forgotten that he owes citizens of Big Spring some best interest, too? After all, his big fat paycheck comes from the people.

His next ordinance will be that we have to buy these bags from the city at his own set price. (They already advertised for bids on plastic bags).

What is happening to all the money they have been begging the federal government for on all these grants? At one time they asked for one to be used for city dumps. They have to apply for every grant they can get, except for certain grants that are only for the poor, like this Social Services Assistance Program.

Mr. Nagel again "thinks" Big Spring doesn't need this. On the other hand, he has "learned" of the possible availability of funds he can use for the sewer plant. Again they go asking for federal money, $700,000 worth.

In due time Mr. Nagel, and the city commissioners as his rubber stamps, will have to answer, if not to us as citizens, then to the federal government. Where is this money? What is it being used for? By whom? For what?

We need to see the benefits of these grants. Now that they have started on us, wait for higher rates in November. We just had one. Why didn't they study this one before passing it?

It's past time that we, the people, say or do something about how our city council is running things. All we do is sit back and read how much more so and so is being raised. So we start paying. If we don't do something, we deserve everything they do to us.

Mrs. Leonel G. Morales
207 Benton

Dear Editor:

In the spring, City Councilwoman Polly Mays asked me to serve on a committee to find a means of helping keep Big Spring clean. I accepted, and on June 24, this committee traveled to study Odessa's way of garbage collecting.

Odessa has large metal containers, similar to the ones you see in downtown Big Spring alleys. Odessa city employes demonstrated the workings of machines that pick up the containers and dump the contents into trucks. We were told there that since men are not required to lift, their accident rate is practically naught. It was also pointed out to us that there is very little litter on Odessa streets and alleys because trash put into these containers stays there. Stray dogs have been forced to leave the town because they cannot reach the food put in the containers. We were told that the initial cost of metal container trash collection method is misleading. This plan of collecting garbage saved Odessa money in two ways. First, their insurance cost decreased because of the low accident risk. Second, this plan takes less personnel to operate.

This seems to me a very practical way to deal with garbage collecting and I hope someday our town will adopt it. Our trucks could be converted to this type of pick-up.

The other committee members and I did not recommend the curbside system. This idea could have been born out of councilmen's reaction to the high cost of garbage collecting.

Mrs. Tommy Hart
1750 Purdue

A Devotion For Today

"God is our refuge and strength, a very present help in trouble." (Psalm 46:1)

PRAYER: Our Father, thank You for Your immediate help, a very present help in trouble. In Jesus' name. Amen.

Will Be Held Next Sunday

St. Lawrence Fall Festival To Feature Games, Sausage

The St. Lawrence Fall Festival which draws visitors from all over West Texas will be held next Sunday, Nov. 2 from 11 a.m. until midnight.

The St. Lawrence Catholic Church hall is located ten miles south of Garden City on Highway 33 and five miles west on Farm to Market Road 2874.

The big event has been a traditional fund-raising festivity for the church for over a decade and draws a large crowd each season.

Meals will be served from 11 a.m. to 2 p.m. and 5:30-6:30 p.m. consisting of homemade German sausage and barbecued beef, made by the members of the parish along with all of the trimmings, homemade cakes and pies.

Price for the meal is $3 for adults and $1.50 for children. Plates to go will be served only during the noon meal. Sausage sandwiches will be sold from 2 p.m. throughout the afternoon. Uncooked sausage will be sold by the pound.

Booths will be featured during the afternoon including Spin-a-Wheel, Grab Bag, and Ma's Kitchen, which is a collection of homemade breads, jellies, pickles and canned items.

There also will be a Hobby Shop, which includes fancy work and gifts ideal for Christmas giving; balloons galore, bingo, money toss and cotton candy.

An auction will begin at 2 p.m. Items to be auctioned include bales of cotton, a handmade quilt and items donated by area businessmen.

There will also be door prizes given away including a handmade quilt, homemade crocheted tablecloth, and a choice of either a Winchester Model 70-A Rifle 243 Caliber or a Remington Model 870 shotgun. These will be given away during the dance.

The dance will feature Jimmy Heap and the Melody Masters from Taylor.

The women's committee for the festival this year includes Mrs. Joe Schwartz, Mrs. Wayne Halfmann, Mrs. Jimmy Struke, Mrs. Roland Halfmann and Mrs. Eugene Jost.

The men's committee includes Wendell Jones, Ronnie Hirt, Charles Braden, Fred Hoelscher, Walter Halfmann and Leroy Hoelscher.

Dennis Weldele reported a theft from 1003 N. Lamesa Drive of a tire and wheel.

Ex-Resident Is Social Worker In Washington

By MARJ CARPENTER

Kay Chadd Richert works as a supervisory protection officer of the Superior Court of Washington, D. C. The former Big Spring High School graduate, was home visiting her parents, Mr. and Mrs. G. K. Chadd this week.

The District of Columbia court system is set up entirely different from those of the 50 states. The Superior Court handles all felonies and misdemeanors handled by county courts and district courts in cities in the States.

Mrs. Richert works with the social service division of the courts and helps with Family Court cases. Only New York City and Washington D.C. have family courts.

To this court are referred cases concerning domestic battles between husbands and wives or parents and children, cases of child support, custody, and cases of neglected and battered children.

The former Big Spring girl graduated here in 1959 and attended the University of Texas where she earned two degrees in psychology. She married Bernhard Richert and they lived in Oklahoma where she worked for the State Department of Public Welfare. While there, she obtained a masters degree in social work from the University of Oklahoma.

They moved to Washington D.C. where her husband works for the Department of Commerce. They reside within the district, although many persons choose to live in the suburbs.

Mrs. Richert explained that her job is with an agency that attempts to counsel those in trouble or offer civil warnings rather than prosecuting by the criminal route, except as a last resort.

Her agency has the authority to remove children from situations where they are not safe, with the police placing a hold on the children and picking them up for the court.

She recalled one case where a three-month-old child had 14 fractures. "Of course, the younger they are, the more severe and multiple are the injuries. Older children defend themselves a little. It is really frightening," she added.

The social worker in our nation's capitol said, "I'm afraid it is a nationwide problem, larger in the areas where there are more people."

Asked is she ever saw any of the top governmental people, she said, "I'm not a people watcher. Some people go where they know the big government figures will be, but I don't have time for that. I didn't even see the 1972 inaugural parade or ceremonies." The Richerts moved to the capitol in 1971.

She added, "It's kind of nice to be home for a little while. It's more relaxed out here. The Eastern Seaboard has all kinds of special problems, due partially to the sheer numbers of people."

"But I'll be glad to get back to Washington and to work. It's the kind of job that is very challenging and has something different happening every day."

KAY CHADD RICHERT

ON DISPLAY HERE — The fabulous Cordoba, Chryler's intermediate personal luxury car, is now on display at Dewey Ray Inc., located at 1607 East Third Street in Big Spring. The Cordoba nearly tripled expected sales in its 1975 debut. It has undergone a grille change but, otherwise, continues its classical good looks for 1976. New options include a 60-40 divided bench seat and tilt steering column.

Dr. Hunter Appointed BSSH Superintendent

Dr. Kenneth Gaver, Commissioner, Texas Department of Mental Health and Mental Retardation, Friday announced the appointment of Wallace C. Hunter, M.D., as Superintendent of Big Spring State Hospital.

Dr. Hunter's appointment was approved officially by the Texas Board of Mental Health and Mental Retardation in Austin.

DR. WALLACE C. HUNTER

Prior to his appointment as superintendent, Dr. Hunter served the facility as acting superintendent, clinical director and clinical director of the out-patient clinic and outreach program.

A native of Salt Lake City, Utah, Dr. Hunter attended Stanford University where he did his undergraduate work in the Humanities Honors Program, receiving his doctor of medicine degree in 1962 from Baylor University of Medicine.

Dr. Hunter's professional background includes a rotating internship at Jefferson Davis Hospital in Houston, service with the Medical Field Service School at Fort Sam Houston, San Antonio and a residency in psychiatry through the Baylor Medical College affiliated hospitals' residency program in Houston, where he was awarded his academic appointment as clinical instructor in psychiatry in 1970. He was in private practice in psychiatry from 1969-74 in Houston.

Married to the former Carol Chapman of Abilene, Dr. Hunter and his wife have two children, Julie and Matt, both students at College Heights Elementary School.

THEFTS

Citizen band radios were reported stolen from these residents:

John Cline, 1417 E. 6th St., from a van parked at 208 W. 18th St.

And Jack Barber, 2508 Seminole St., from a pickup parked downtown.

Linda Pena, 2900 Cherokee St., told police a girl's bicycle was stolen from her carport.

Jerry Leonard, 1704 Scurry St., reported a tape player and $15 cash stolen from a vehicle parked by Birdwell Park.

David Dominguez told police two cases of soft drinks belonging to Coca Cola were stolen from a truck parked by Big Spring High School.

Priorities, Tactics Mulled At DA Confab

Trial tactics, prosecution priorities and child support cases were among the topics discussed at a meeting of about 300 district attorneys from Texas and New Mexico Wednesday through Friday.

District Attorney Robert H. (Bob) Moore III and H. Guy Talbot, special investigator for the district attorney, were among those present.

55 Absentee Votes Cast

County Clerk Margaret Ray said she closed the office Friday with 55 absentee votes in the box.

There are 10 ballots, which have not been mailed back. If mailed ballots arrive before 1 p.m. Nov. 4, election day, they will be counted.

Next Friday is the last day for absentee voting in the office.

Ill Suspect Takes Detour

Police said they apprehended an ill suspect after a prowler was reported by Rebecca Arrilla at 506 S. Bell St. at 9:54 p.m. Friday.

A window was broken and the screen torn at her address, and a window at 505 S. Bell St. was broken, police said.

The man was first taken to Malone-Hogan Hospital and then arrested.

Man Beaten And Robbed

MIDLAND — A 26-year-old man, who had stopped to repair his automobile along a busy interstate highway, was beaten with his crutches and robbed of approximately $40 about 11 p.m. Thursday, a sheriff's deputy said today.

Ray Jenkins, 26, of Fort Worth told deputies two men — only described as being "not black" — approached him about one mile east of FM 1788 on I-20.

The Midland County Sheriff's Department was notified of the robbery and beating incident after a trucker used a citizen's band radio to call for help, said deputy Tom McGinnis.

McGinnis' said the two robbers, driving a black Chevrolet pickup with loud mufflers, stopped at the car repair scene, pulled a knife on Jenkins and beat him with his crutches.

Jenkins, reportedly on his way to Odessa to visit his family, was treated and released from Midland Memorial Hospital.

A television and one credit card also was taken in the robbery, McGinnis said.

The incident is being investigated by the sheriff's department here.

Ackerly Wreck Injures One

Mrs. Gladys Shortes, Ackerly Route 1, was reported in good condition at Medical Arts Clinic-Hospital late Saturday after being hurt in a two-vehicle accident Friday afternoon.

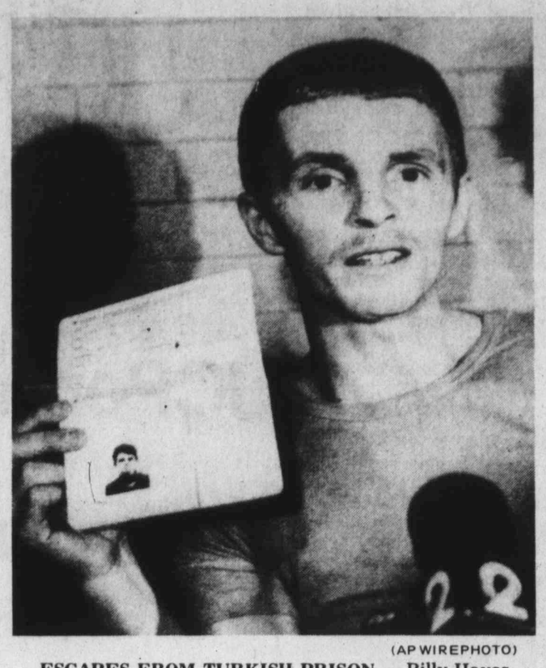

She was driving south on a county road one miles west of Ackerly, Texas Highway Pafrolman Tom Anderson, Lamesa, said.

Roland King, Sterling City, was driving a pickup east on Farm Road 2002. The two vehicles collided at the intersection, Anderson said.

A Stanton ambulance took Mrs. Shortes to Medical Arts.

VANDALISM

Mary Mullen, 416 Dallas St., told police seats to a 1970 model car were slashed while it was parked by 409 S. Bell St. Friday night.

(AP WIREPHOTO)

ESCAPES FROM TURKISH PRISON — Billy Hayes, 28, a native of Babylon, N.Y., shows newsmen his passport after arriving at New York's Kennedy Airport from Amsterdam, Holland, Friday. Hayes, who spent five years in a Turkish prison for possession of hashish, escaped Oct. 2 from the island prison of Imrali by swimming to a boat and rowing 17 miles to the Turkish coast.

THE WEEK

(Continued from Page 1)

Abilene's rainfall is a little more than two inches below normal. Howard County's total is about eight inches above.

Supposedly, in Texas, rainfall diminishes by an inch for each degree of longitude but that hasn't been the case this year.

Joseph Parham of the Macon (Ga.) News tells the story about a resident of Atlanta, Sylvan Baxter, who was flooded with requests for money for a college fraternity he had pledged 35 years previously but never joined.

Tired of the bombardment of correspondance, Baxter printed "Deceased" on the last request envelope and sent it to fraternity headquarters.

It wasn't long before he received a letter asking for a contribution to set up a memorial at the fraternity house in his honor.

Boyce Hale, who manages a hunting camp in Colorado during elk season each fall, says his party experienced no luck at all on their safari this year, mainly because the weather remained warm. Some 10,000 feet up at night, however, it was anything but pleasant — the temperature plunged to zero.

The average daily attendance in the Sands schools is up 15 to 20 this year over last, a figure which cheers school officials. The improved agricultural outlook, of course, helps a school like Sands. Last year, the ADA there dipped below 300.

Violence came in double doses to Big Spring again last week. A 13-year-old girl who was a cheerleader at Forsan, Laurie Henderson, perished when a car in which she was a passenger overturned. Raymond Grenon, 50, was shot to death one night on a city street. Death takes many guises and sometimes works overtime in a community.

The last World Series was athletic strife at its best. Baseball is exquisite ballet when it is played by skilled performers and the two teams which made it to the championship classic were professionals in every sense of the word. NBC did itself proud, too, by naming the people it did to describe and analyze the play.

Curt Gowdy and his compadres did so well with the commentary that it made the spectator feel he was part of the two teams' brain trusts, plotting every move. The players became the viewer's pawns, to be moved as he saw fit.

The nation is changing back to standard time today, which brings to mind a telephone call this newspaper had a few years ago on the eve of such a change.

The petitioner wanted to know when the switch was to come about. When told that it was to be at 2 a.m., on a Sunday morning, the caller groaned, then asked:

"Do I HAVE to get up at 2 a.m., and change the clocks? That's an awful hour."

I think it's all right to fudge a little and move the clocks back before one goes to bed, but I'm checking this out.

There's quite a party being planned at Webb AFB today. The Shah of Iran is celebrating a birthday and the Iranians assigned here for training in jet aircraft won't let the occasion go unnoticed. They've had a huge cake prepared for the party and will have a social this evening.

At that, the local colony will be getting a late start. In Iran, the celebration starts on the eve of the Shah's birthday and continues throughout the following day.

Borden and Loving counties are unique in this section of the state — each lost more than ten per cent of its population between the 1970 federal census and July of 1973.

Mitchell, Dawson, Sterling and Gaines counties lost less than ten per cent. Howard, Glasscock, Midland, Martin and Scurry counties gained less than ten per cent.

As a whole, Texas gained 5.3 per cent during that period, compared to the nation's average of 3.3 per cent. Of the Texas growth, 1.7 per cent is attributed to net migration into the state.

Two Added To Board

DALLAS — American Petrofina, Inc., recently announced the election of two new members of the Board of Directors and the resignation of one director.

Joining the eight-member Board are John Lawrence, chairman of the board and chairman of the executive committee, Dresser Industries, Dallas, and Pierre A. Nadeau, president and chief executive officer, Petrofina Canada, Ltd., Montreal. Stuart F. Silloway, a director of various corporations, resigned because of other business commitments.

Three Nabbed For Cocaine Possession

A Texas Highway Patrolman from Stanton arrested three men on IS-20 two miles west of Big Spring Friday afternoon for possession of cocaine.

A 26-year-old from Austin was charged with another offense in Travis County and bond for it was set at $10,000.

Howard County Judge Bill Tune set bonds of $20,000 each for the three. A second man was 20 years of age and from St. Louis, Mo., and the other was 25 years of age and from St. Louis and Odessa.

Judge Tune said he has not filed a criminal complaint in the case. The three men remained in Howard County Jail.

MISHAPS

1705 Harvard Ave.: Viola Adams O'Daniel, 1704 Harvard Ave., and James C. Kelly, 1705 Harvard Ave., at 11:27 a.m. Saturday.

11th Place and Birdwell Lane: Pamela Stewart, 2717 Ann Drive, and a driver who left the scene at 11:08 p.m. Friday.

1800 Block of South Gregg Street: Parked vehicle belonging to Michael R. Ezell, rear of 604 Runnels St., and Dale Miller, Ruidoso, N.M., at 12:15 a.m. Saturday.

1600 block of East Fourth Street: Joyce Neely Gerritzen, 2709 Lynn Drive, and Sadie Margaret Benjamin, 208 Austin St., at 8:18 a.m. Friday.

100 block of North Birdwell Lane: Mary Weaver Edens, Gail Route Box 13, and a driver who left the scene, at 9:45 a.m. Friday.

Malone-Hogan Hospital parking area: Eva Palacios Holley, 502 E. 17th St., and Anna Ross Steen, 1408 Wood St., at 12:13 p.m. Friday.

DEATHS

Hattie Derrick

Word has been received here of the death last Tuesday of Mrs. Hattie E. Derrick, 90, in Sulphur Springs, Tex., following a lengthy illness.

Survivors include a son, T. L. Derrick, Sulphur Springs, and a daughter, Mrs. H. C. McClain, Big Spring. Mrs. Derrick had visited in this area many times.

Her husband, C. A. Derrick, died Nov. 3, 1947.

Mrs. Derrick was buried in Merkel beside her husband Thursday afternoon. She was born Dec. 30, 1884.

Bicentennial Town Crier

The Horace Reagan family is getting into the bicentennial act. Hazel plans to do an original needlepoint creation of the bicentennial symbol for a keepsake. And daughter Frances (Mrs. Walter Wheat) has been helping Mrs. Nilah Allen gather data to document Scout Troop No. 1. Mrs. B. Reagan, a pioneer citizen of Big Spring, helped organize the troop, and others of the Reagan family helped keep it going.

James Boyce, Webb-Spring Lions Club prexy, has issued an invitation for us to visit the club and bring them up to date on bicentennial opportunities. We look forward to meeting with this live-wire group.

A visit with former BSHS Steer band director, J. W. King, revealed that his two daughters are now traveling as performers with the official Washington, D. C., Bicentennial Band. This group will be in concert in Odessa next spring. Like father, like offspring!

Our good neighbors to the west should soon be flying bicentennial flags. Russell McMeans, Stanton school superintendent, contacted us (with an assist from Harold Bentley, local school administrator) to help him in obtaining three flags. Obviously, Russ is not the famous Stanton Sorehead!

Our thanks to Clyde and Jane Thomas for the use of the convertible for the Homecoming parade. We felt like instant celebrities — and having our handsome Uncle Sam ride with us was icing on the cake!

Bill Bradley and the Steer Band continue to amaze. The Homecoming halftime Bicentennial Salute was fantastic! Eat your hearts out, Permian visitors . . .

Tid-Bits: Mrs. Marshall Brown tells us the Kentwood Center folks will be treated to the Jack and Jill "Concert in Miniature" on Nov. 12 . . . Joey Lucas and his Moss students recently gave a bicentennial program, and have produced an outstanding bulletin board . . . Abilene got a treat when Annie Matt Angel gave her Bicentennial talk for a 200-plus audience . . . Mamie Lee Dodds' creative 5th graders found time to make two posters to decorate the bicentennial car for the Oct. 17 parade — and on the very day they performed their bicentennial play at Lakeview auditorium. Thanks, students.

PROGRESS IN CONSTRUCTION NOTED — Health Sciences Hospital, the Lubbock County Hospital District medical facility, is scheduled for completion in the fall of 1977. It will furnish 245 beds and 48 bassinets for Lubbock and the surrounding area. Long range plans provide for three additional floors which will expand the institution to approximately 500 beds. It's being built at the cost of $19 million with an additional $3.5 million to be expended in equipment and supplies. The Texas Tech University Medical School will furnish laboratory facilities for the hospital.

BIG SPRING COMPARES FAVORABLY

Area Cities Rank High On Magazine's List

According to a report in October's issue of Family Circle Magazine, Midland-Odessa and Lubbock are three of the 49 best places in the country to live in these days of pinched pennies and high unemployment.

These cities were not the only ones from Texas to be listed. As a matter of fact, Texas cities comprised the first nine on the list of 49.

The list was made up of metropolitan cities only. Big Spring, because of its proximity to Midland-Odessa and Lubbock and the similarity of living conditions, could be placed in the same category, though.

In compiling the list, the magazine conducted a survey of the labor market throughout the nation, the cost of living, and services offered.

Big Spring's unemployment figure of 2.5 per cent is relatively low, and its median family income of $8,045 is comparable to those in surrounding towns.

"We have very desirable employment opportunities here, especially for blue collar workers. The prospects for white collar workers are probably less than in Midland-Odessa, though," said a local Texas Employment Commission spokesman.

"We have no measurement of a cost of living index, but I would guess that Big Spring is slightly lower than Midland-Odessa," said Terry Hanson, manager of the Big Spring Chamber of Commerce. "For a town of our size, we have excellent services in all areas; restaurants, entertainment, churches, hospitals, all the way down the line," he added.

Topping the list of 49 was Houston where the magazine reported a need for skilled workers in areas from engineering to construction. The report said pay may be less in Houston than other large cities, but the cost of living is lower. Houses costing $40,000 and apartments renting for $200 a month would be twice that in New York City.

Second on the list was Dallas where jobs reportedly were available in clerical services, banking, insurance, nursing and mechanical skills.

No. 3 was Fort Worth, followed by Corpus Christi, Lubbock, Abilene, Midland-Odessa, Austin, and the Golden Triangle of Beaumont, Port Arthur and Orange.

Three states — Kentucky, Illinois and Iowa — were the closest to Texas on the top 49 list with four cities each.

Kentucky had Lexington, Frankfort, Louisville and Bowling Green; in Illinois, Peoria, Champaign-Urbana, Springfield, and Bloomington; Iowa with Des Moines, Cedar Rapids, Davenport and Sioux City.

The three states bordering Texas were far down the list. There were Oklahoma City and Tulsa, Okla.; Hobbs, N.M. and Lafayette, La.

Victorian Architecture Used In Potton House

EDITORS NOTE: This is the seventh in a series about Big Spring homes built prior to 1915 which have been nominated to the Bicentennial Horizons Committee for special certification. Anyone desiring to nominate a home may call Mrs. Carol Hunter at 263-8956.

By MARJ CARPENTER

Much talked about during the past year, since it has been selected to be preserved as a tourist attraction and a lasting tribute to the early days of Big Spring, is the Joseph Pottom home at 200 Gregg.

This is an exciting example of Victorian architecture and was featured in Texas Architect magazine last month. The sandstone exterior is from a quarry on the Pecos River near Barstow. The home is currently being planned for restoration.

It has been officially entered in the National Register of Historical Places. The Potton house was designed by S. B. Haggart of Ft. Worth and is shaped in the design typical of many frame homes prevalent in Big Spring in 1901.

Its solid construction, including 14 inch thick walls and an 18 inch foundation, was unusual in Big Spring at the time.

The unique outdoor decor includes zinc decorations of the Texas star, a steep Victorian roof, fish scale shingles, a wind arrow, lightning arrestors and a charming iron fence.

Above the front pediment window is the date of the construction of the home.

Mr. Potton, a local railroad man and early civic leader was also the owner of the first car in Big Spring. Mrs. Potton was a leader of St. Mary's early church groups and recalled as a gracious hostess.

This family did not occupy the house until 1912. It was earlier leased to Ed Price, prior to the Price's building a home at 800 Main which was featured in the article last Sunday.

The house was passed to the Potton's eldest daughter, Mrs. Henry Hayden in 1920 upon the death of her father. Her three children, Mrs. Loy Acuff, Mrs. Everett Lomax and Joy Hayden have cared for their childhood home daily for many years.

The Dora Roberts Foundation made the purchase of the facility possible with a generous donation from the tourism committee of the City of Big Spring.

The home includes five rooms with a charming attic bedroom where the Hayden children and a cousin, Lillian Roberta Potton, slept. The children recall that it could be very cold in winter, but all homes were during that era.

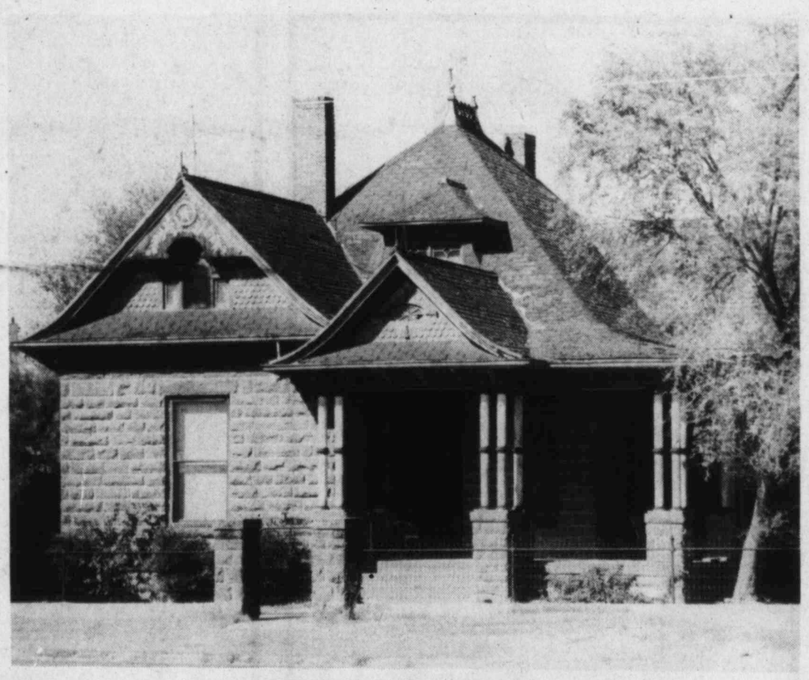

A screened porch offered a place for cool summer meals, and the front porch, supported by cast iron columns, was a gathering place for children and neighbors.

The children also recall that they could never play next to the china closet. This china case and many of the antiques and paintings were purchased with the house. There is a display of the Potton's beautiful glass and china.

Apparently some amazing recoveries such as pictures, books, bills, newspapers and early memorabilia have been resurrected while getting the house ready for the extensive renovation underway.

The restoration committee is attempting to make the home as close to the way the Pottons had it when they resided there, as is possible. This also will include the gardens.

No specific deadline has been announced for its opening to the public. Big Spring owes a hearty thanks to the generosity of the purchasers, the vigilance and cooperation of the family and the hard work of interested citizens such as Mrs. Polly Mays, Mayor Wade Choate, Frog Koger and R. H. Weaver.

RESIDENCE AS IT IS TODAY

GREAT PUMPKIN DISASTER

Accompany Small Children When They Go A-Haunting

Halloween is just around the corner, and the Texas Safety Association reminds you that it won't be long 'til the little ghosts and goblins celebrate their big night Oct. 31. But too many children — and adults — have found the fun to be short-lived because of carelessness or lack of awareness. TSA offers this bit of advice for a happier Halloween.

— The Great Pumpkin can prove a greater disaster if you're not careful. If you use nature's product, the pumpkin, always instruct children to carve away from — not toward — themselves as they create Jack-O-Lanterns. As far as lighting the will-o-the-wisp is concerned, never use a candle in a plastic or cardboard pumpkin. In fact, a flashlight or other battery-operated light is even best for a natural pumpkin — it glows just as well, and is much less a fire hazard.

— Don't costume your little trick or treaters in flammable outfits. The use of crepe paper is an invitation to trouble, and probably won't survive a walk around the block even it if doesn't catch fire from a candle-powered Jack-O-Lantern. Choose costumes that do not restrict movement, and eliminate masks that obstruct the child's visibn.

— Accompany the small-fry when they go a-haunting. Even if you must stay near the street or hide behind a tree, they'll be safer from traffic and the possible sadist who would trick instead of treat the youngsters.

— Beware of any suspicious treats. Instruct your youngsters to refrain from eating anything until they have arrived home where careful inspection under the light can expose razor blades, glass or other booby traps not so easily detected in the dark. Watch for unwrapped or tainted candy, fruit, etc. The sick-minded can be most proficient at sabotaging a child's happiness.

— Be a responsible parent. Some children, especially older ones, may think fun consists of pranks alone. Know where they are going and what they plan to do. Be strict in your instructions to respect other's property rather than relating inflated tales of how much fun tricking was when you were young.

— Protect your own property. Leaving your car unlocked, in the street or driveway, is a temptation to the soap-wielder. Lock your car in the garage, and anything that could be carried away — garbage cans, lawn furniture and ornaments — should be put away, too. Prevention of vandalism is far better than trying to cure it after it happens.

— If you're in your auto, slow down and watch for the wee Halloweener. They may be having too much fun to watch for you — so don't spoil it for them or yourself!

Texas Safety Association doesn't want Texans to be "scared" of Halloween. The celebration should be fun for everyone — and it can be, if everyone does his part to keep this happy night from turning into a nightmare!

Big Spring Boys' Club Has Guidance Program

The Big Spring Boys' Club is just one more agency helping to serve the community that relies on donations from the United Way.

The club offers a continuing guidance program for boys of all ages in the Big Spring area. It provides counseling and educational services for boys six days a week, after school and all day Saturday.

There are a variety of activities at the club, including basketball, swimming instruction at the club's own pool, exercise programs and soccer competition.

Along with athletic activities, the club provides arts and crafts programs, including wood-working, table games, a library, and tutoring for problems with homework.

The club brings guidance and understanding to over 80 boys a day, each day of the week, Monday through Saturday.

The Big Spring Boys' Club is planning camping trips in the near future and is always on the lookout for new and interesting activities for boys.

Thanks to you it works... FOR ALL OF US
United Way

For more information contact club offices at 263-1822.

RR Retirement Appointments

A representative of the U.S. Railroad Retirement Board will be in room 242 of the Federal Building Thursday.

Those with appointments will be seen first, but anyone appearing between 8 a.m. and 11 a.m. will be counseled.

Radio Stolen

Joe L. Smith, Route 1 Box 265, told the sheriff's office his citizen band radio was stolen from his pickup while it was parked at the Cabot Corporation plant.

Zale's Income Shows Gain

DALLAS — Zale Corporation today announced net income of $5,421,218, or $0.41 per share, for the second quarter of fiscal 1976 ended Sept. 30. This compares with earnings of $4,698,000, or $0.36 a share, for the corresponding fiscal 1975 period, and represents the highest quarterly earings figure in the company's history.

Net sales for the recent quarter were $136,444,558, as compared with $133,685,282 in sales during last year's second period.

Six-months earnings of $11,614,044, or $0.88 per share, were acheved on sales of $279,089,850. This compares with earnings for the like fiscal 1975 period of $10,306,000 or $0.79 a share, on sales of $280,073,952.

Donald Zale, president, said the minor six-months sales reduction reflects the program begun by Zale last year to eliminate unprofitable volume and after the merchandiser mix of its 625 Zales Jeweler stores.

ADV.

DEPRESSION ART "FOUND"

Public Offered U.S. Surplus 1937 Art Prints

WASHINGTON, D. C. (Special) — A series of rare concidences has led to the historic discovery of several thousand sets of full color antique art prints that were "lost since 1937." They are now being offered to the American public.

ELEANOR ROOSEVELT

Back in 1937, immediately following the depression years, Mrs. Eleanor Roosevelt and a select group of a dozen nationally prominent people formed a voluntary national committee for art appreciation to create an art program that would give the public a well-needed moral lift. It was the committee's decision to select the world's most famous paintings from the 16th, 17th, 18th, 19th and 20th centuries — the best paintings of Matisse, Van Gogh, Gainsborough, Picasso, Gauguin, Titian, etc., and to reproduce them in full color as perfectly as humanly possible and make them available to the public at a price within the reach of nearly everyone.

ABANDONED IN 1937

For some unknown reason, after a quantity of these beautiful reproductions were made, the entire project was abandoned and this collection of perfect reproductions was stored in a Brooklyn warehouse, where they remained undisturbed since 1937.

The lost collection was "rediscovered" and leading lithographers and art critics agree that the subject matter and quality of detail and color reproduction is incredibly accurate. Over $100,000.00 had been spent to make finely engraved glass printing plates.

These authentic original 1937 prints are literally collectors' items and have been appraised by a member of The Antique Appraisal Assoc. of America, Inc. at $7.00 each print. Once they have been sold, there will be no more available. A truly excellent art "investment" that makes a fabulous gift.

AVAILABLE TO PUBLIC

Now, after 38 years these full color 11"x14" (ave. size) prints are finally available to the public at $12.95 for a collection of 12 prints. Send cash, check or money order to: U.S. Art Surplus, Dept. D11, 4816 MacArthur Blvd. N.W., Washington, D. C., 20007. Fully GUARANTEED. Certificate of authenticity given with each set. Mastercharge and BankAmericard OK (give card number and expiration date).

'PLAY IT AGAIN SAM'

She's Proud To Be Maker, Waver Of American Flags

By MARJ CARPENTER

Hana Baker has not yet officially applied for American citizenship even though she has resided here 11 years, but she now has made more American flags than Betsy Ross.

She is making 32 United States flags for the Big Spring High School band for Campus Revue in January. It will feature a hall of flags with flags hung at the entranceway to the auditorium for the CR '76 which will be around the theme, "Play It Again, Sam" and will feature a teenage Uncle Sam.

The flags are exact copies of different flags which were official United States flags at one time or another.

It includes a copy of the flag with the number '76, a copy of the flag sewn for President George Washington by Betsy Ross, the copy of a flag with seven-pointed stars which preceded the five-pointed stars selected by Miss Ross.

There also will be a 15-stripe flag. The union first added a star and stripe for each state and then decided that the flag was going to get too bulky and changed to the 13 stripes for the original states and a star added for each new state.

Hana is married to T.Sgt. Fritz Baker of Webb Air Force Base. She married Baker in Japan at Misawa in the early 60s. She has been in the States 11 years and at one time in California started studying to become a citizen.

She has never taken time to go through the ceremonies. However, members of the Big Spring band would claim her as a better citizen than a lot of folks born in this country.

Two years ago, when the band used an Oriental theme for their annual spring banquet, she designed the invitations, helped plan the menu and helped cook the food.

How did she get caught up as a band helper? Hana lives next door to the band director Bill Bradley. "I like to help the band," she states, "They have fun."

Her father was killed in the Japanese-Chinese conflict in 1939. Her mother is still in Japan. "She could sew good," she stated. "She made beautiful kimonos. I cannot make those, but I can make flags."

Anyone who will take the time to view the flag display at the forthcoming CR will also realize that Hana can "sew good."

Hana said she seldom has an opportunity to use her native language, but last Sunday, she met a person from Japan. "After I got started, I talked a lot," she recalls.

Hana is not the type of person to sit around and miss her homeland. She makes friends easily and is helpful to all who know her.

"I like to cook Japanese food," she said, "but my husband likes steak and potatoes." She laughed.

"Sometimes I cook some Japanese food and take it to my friends," she added.

The flags will include the "Don't Tread On Me" flag, the Fort Bennington flag, the 10-star flag, the 21-star flag with the field shaped like a star and many others.

If you want to know about flags, ask Hana. She's Big Spring's Betsy Ross.

Appreciation Dinner For Jim Lemons Held

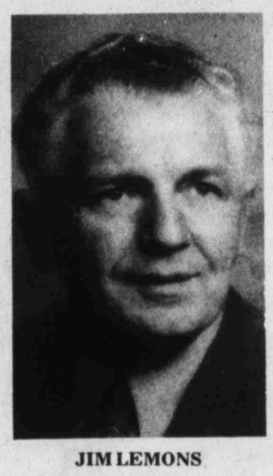

Past District Governor of Lions, Jim Lemons, was honored by the Big Spring Downtown Lion's Club at an appreciation dinner held Thursday night at the Big Spring Country Club.

Among the out of town dignitaries of Lion's International were the present District Governor Paul Bozeman, Midland, and the guest speaker, Roy Thruston, San Angelo.

Honored Lions recognized included Past District Governors Joe Pond, Cecil Bridges, Tom Nipp, Roy McNeir, Carl Hyde, and Deputy District Governor Russel DeVore and the Downtown Club queen, Miss Paige Little.

Gary Bradbury, vice president of the Downtown Club, acted as master of ceremonies with Dan Conley and Lynn Hise leading the singing and Verl Green giving the invocation.

The club presented Mr. and Mrs. Lemons with a sterling silver coffee server, appropriately engraved.

JIM LEMONS

Dinner music was furnished at the piano by Miss Annabeth Deats.

The speaker was a former district governor of Toastmaster Club, a former school superintendent at Garden City and currently director of Youth Seryices in San Angelo.

Laser Detects Cancerous Cells

BOSTON (AP) — Scientists say a new laser light system for identifying cancer cells is faster and possibly more accurate than the familiar Pap smear test.

The new system, which distinguishes between the light patterns of normal and abnormal cells when the laser beam shines through them, may prove even more useful in rapidly identifying types of white blood cells, the researchers said Thursday.

Different kinds of white cells fight certain kinds of infections. A quick cell test can help doctors make hour-by-hour checks on how a person is doing warding off an infection, they said.

Scientists from the Los Alamos Scientific Laboratory in New Mexico described their system in a paper delivered here at the annual meeting of the Optical Society of America.

Dr. Gary Salzman of the laboratory's biophysics and instrument group said the system has been used successfully in detecting cervical and vaginal cancer in laboratory testing.

Since all kinds of cells scatter light differently to form distinct patterns or "signatures," a catalogue of light patterns can be stored in a computer for instant comparison and identification of new samples, he said.

The new system works by passing cells in a salt solution through a plastic tube at a rate of 60,000 cells per minute. As each cell progresses individually through the flow chamber, it is struck by a low-power laser beam and the light is scattered.

A detector system converts the scatter pattern to electrical signals which are stored in a computer memory for comparison with similar cell types.

Salzman said initial tests of 40 cell samples taken from women, which compared the experimental laser-computer method with the Pap smear test, showed "the accuracy of our system is quite consistent with that of the Pap smear in detecting cancer cells and we think it will prove to be better."

The system must undergo further testing and is at least two years away from manufacture, he said.

Walk To Raise Cash For Israel

FORT WORTH, Tex. (AP) — A 10-mile walkathon by the Rubin Gilbert Boy's Chapter of the B'Nai Brith youth organization here will be staged Saturday to generate funds for Israel.

With about 30 persons expected to participate, the walkathon will begin at 12:15 p.m. at Congregation Beth-El and proceed to the Dan Danciger Jewish Community Center.

DAVID FINNEY

Finney Is Candidate

David Finney, 42, of Fort Worth has formally announced he will be a candidate for the Texas Railroad Commission.

Finney, concluding his seventh term as a member of the Texas Legislature from Tarrant County, was a three-year letterman in football and a two-year letterman in track at Texas Christian University. He was admitted to the Texas State Bar in 1958.

From 1958 until 1961, Finney served as assistant staff judge advocate at Tinker AFB, Okla., while in the U.S. Air Force. As a member of the 64th state legislature, he was appointed vice-chairman of the House Financial Institutions Committee and also served as a member of the House Appropriations Committee.

In addition to his regular House Committee duties, Finney was elected chairman of the West Texas Delegation. Composed of 60 legislators representing a wide area of Texas extending from Fort Worth through the Panhandle, to El Paso and other areas in the far southwestern region of the state, the delegation acts as a forum for the study of legislation of mutual concern.

He took his B. S. in Accounting at TCU and his MBA in International Finance at the University of Chicago. He is a Methodist.

Finney says that the Railroad Commission must become more active and must look for ways to help the public.

Man's Sentence Is Probated

LAMESA — George Garza, 19, was given a three-year probated sentence and fined $250 plus $100 court costs Friday in connection with the Sept. 29 assault on Police Chief Lee Bartlett Jr.

Garza pleaded guilty to a charge of assault on a law enforcement officer.

According to police reports the attack occurred at a drive-in restaurant when Bartlett attempted to question Garza about an earlier traffic accident. Bartlett suffered an eye injury from the attack.

How to select the right nursing home.

We Americans are not just living longer; we're living more useful, productive lives.

But an increasing number of the chronically ill, the old, the convalescent, need some place *other than* the hospital and their home where they can receive personal health care, round-the-clock attention and the opportunity to continue to live their lives with meaning.

As your community extended health care facility we want to help you make the right decision. Here are some guidelines: see your family physician to determine the kind of care needed; feel free to visit our facility; ask us for our costs in writing and financial advice about Medicaid; examine all of our facilities; check our food quality; verify our safety features; and finally, observe how our residents spend their time.

There's a lot more to selecting the right nursing home. We want to help. If you have any questions, please call or visit us.

Elton John Gets Star In Sidewalk

LOS ANGELES (AP) — Several thousand screaming fans have jammed Hollywood Boulevard to watch flamboyant pop singer Elton John memorialized with a star in the Walk of Fame.

John was attired in chartreuse and wore a green derby as he arrived Thursday in a yellow golf cart upholstered like a piano keyboard.

He watched his star placed in the sidewalk in front of Mann's Chinese Theater with other stars honoring Hollywood film greats.

John said declaration of "Elton John Day" in Los Angeles would give a boost to Britain, which he said was in a slump due to economic troubles.

Records Breaking Library Silence

By REBECCA TAYLOR
REFERENCE LIBRARIAN

A long-neglected area of the Howard County Library's collection recently has been receiving closer attention.

Over the past three years, the record collection has been budgeted increasing amounts for new purchases. Until the collection was added to the budget in 1971, all records owned by the library had been donated.

In 1970, the new library was provided with a listening room with two turntables and three earphone jacks for each turntable.

You may bring your own albums or may enjoy the wide variety of the library's collection. The albums from the library may also be checked out and taken home.

This brief list of albums available now at the Library illustrates the variety:

"Mozart's Concerto No. 5" by the Berlin Philharmonic

"The New Testament read by Alexander Scourby"

"Photographs and Memories: His Greatest Hits" by Jim Croce

"At Folsom Prison" by Johnny Cash

"Pardon My Blooper" by Kermit Schaefer

New on the shelf within the next week will be the following:

"Greatest Hits: Elton John"

"One of These Nights:" Eagles

"Chocolate Chip:" Isaac Hayes

"Matching Tie & Handkerchief:" Monty Python

"New City:" Blood, Sweat and Tears

"Cassidy Live!:" David Cassidy

"Greatest Hits:" Tony Orlando and Dawn

"Gorilla:" James Taylor

"Not Fragile:" Bachman Turner Overdrive

"Remembrances and Forecasts:" Country Gentlemen

"Anthology of Spanish Folklore Music"

"Treasury of Gregorian Chants."

'Rock' Rollers In Scrape Again

By MARY CAMPBELL
AP Newsfeatures Writer

The Bay City Rollers, the fresh-faced rock quintet from Scotland, didn't get gubbed on its first trip to America.

Gubbed is the word they made up for the phenomenon of having a girl jump on stage, fling her arm around a Roller's neck, a guard pulling her, she pulling the Roller and the choking Roller only able to say, "gub, gub."

In recent months, when the Bay City Rollers arrived in a town or gave a concert in Britain, Scandinavia or Germany Rollermania ensued — complete with fans screaming, dressing like the Rollers in clothes trimmed in plaid, and girls trying to gub a Roller.

It didn't happen on their recent first trip to America, a trip for publicity and one TV appearance. On their arrival at Kennedy Airport, Eric Faulkner says, "There were more fans there than I expected. We got pulled and scraped — the usual."

No, says Alan Longmuir, founder of the group some 10 years ago, "We could never have walked out if it was the usual. We just got pushed and pulled a bit." Only a half dozen fans were camped out most times in their New York hotel lobby and response from the audience at the TV show was enthusiastic but not hysterical.

They even walked a bit on the streets of New York, which they haven't been able to do in most cities they've visited. None of them seem to mind the loss of freedom, saying it has just become a way of life. Usually, they rent films and projectors and watch movies inside their hotels, play guitar, write songs and never go out.

Besides Faulkner, 21, and Alan Longmuir, 26, there is his brother, Derek Longmuir, 23, Leslie McKeown, 19, and Stuart "Woody" Wood, 18.

On one day in New York, the group is in a hotel suite, holding a kind of drop-in open house for photographers and writers, two or three Rollers talking with one person a bit, then, with apparent cheerfulness, answering the same questions again for the next reporter.

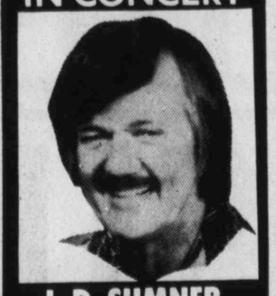

Yes, they're named for an American city. When the group, known as the Saxons in 1973, wanted a new name they put down a pin into a U.S. map and hit Bay City, Mich. Rollers was added for obvious reasons.

Yes, they wear pants cut off at mid-calf and cuffed with plaid, plaid stripes sewn on the outside pant seam and plaid-trimmed shirts every day. Those are the only clothes they have.

They've started a mail order business back home to sell Roller-inspired socks, T shirts, etc. They saw such items being sold for high prices, they say, and thought their fans should be able to get them cheaper.

They don't like the idea that their success is based on a hype — massive hypodermic injections of publicity. Faulkner says, "A lot of people feel 100,000 pounds was spent to make us an overnight success. It's the exact opposite. We've been in debt; our equipment was taken away by finance companies. We've done more work on the road than most troops have done.

'Witchcraft Fascinates

CHICAGO (AP) — Even in the midst of the space age, superstitions, an interest in the occult and fascination with witchcraft are still prevalent — especially around Halloween.

Though witches are no longer burned at the stake, people all over the world still think witches can influence their lives, according to the World Book Encyclopedia, and satanism, devil worship, white and black magic remain popular today.

Most witchcraft as currently practiced is supposedly beneficial, or at least is practiced out of good intentions and is harmless. But there are still secret cults active in England and elsewhere in the world which vigorously practice black magic.

BLACK MAGIC

Black magic or sorcery is the use of supposed magic powers to influence events, harm people or damage their property. Black magic has been practiced in one form or another by people of virtually every culture that has ever existed. According to the evidence gathered by one scholar, black magic was actively practiced as far back as 60,000 years ago.

It was the common belief that a witch or, in the case of a man, a wizard or warlock received magic powers from evil spirits. Some witches were believed to have a personal demon or "familiar" that would take the form of a black cat or crow and serve the witch in various ways as she carried out her sorcery. A person desiring to become a witch might even sell his or her soul to the devil in exchange for supernatural powers.

NAIL CLIPPINGS

In one form of sorcery, the witch makes an image of the intended victim, using something from the victim's body as a part of the image, such as fingernail clippings or a lock of hair. The witch then destroys the image by cutting it with a knife, burning it, or sticking pins into it. As a result, the victim supposedly suffers severe pain or even death.

'Skinny Skiing' Snows Festival

NEW YORK (AP) — "Skinny Skiing," a film done with humor, using residents of Lakewood, Colo., — who weren't skinny — won the grand prize in the second annual Samsonite International Ski Film Festival.

It was sponsored by Bob Braddock of Mountain World in Lakewood and coproduced by William Snider and Leonard Aitken of Oak Creek Films in Denver.

Runner-up winners were "Steamboat, There's Only One," and "Assignment K2," which included scenes with Jean-Claude Killy.

Films which won in a week-long contest held in New York will be shown in touring ski shows in San Francisco, Los Angeles, Chicago, Detroit, Boston and New York.

Study Shows Libs Like Slimmer Men

CHICAGO (AP) — If you are a former 100-pound weakling who went to body-building school to impress your girl, just hope she isn't the liberated type.

A recent Loyola University study has found that women, particularly the "liberated" ones, prefer men of medium-thin, linear builds over the Charles Atlas types.

"The most preferred physique was that of a medium-appearing male with a slight tapering physique, but nothing to the extent of the muscle-man physique with the massive chest and arms," said Paul Lavrakas of Loyola's applied social psychology program.

"Women who described themselves in liberated terms and who led more liberated lifestyles had a preference for thinner, more linear physiques, whereas women who saw themselves in more traditional feminine roles liked more massive torsos — the typical muscle-man," Lavrakas said.

He spent some two years conducting the study, which involved 70 women from 18 to 30, most of whom were single and from an urban, middle-class background. He said many more of the women described themselves as liberated than as traditionally feminine.

The most unappealing physique: "A pear-shaped body, the kind with a heavy lower trunk and medium upper trunk or medium lower and thin upper," Lavrakas said.

But the whole question of physique may be unimportant to the preening male anyway. For all his efforts to determine female preferences in male bodies, Lavrakas said that ultimately they mean little in terms of choosing friends and lovers.

Flower Show To Be Held

COLORADO CITY — The Colorado City Garden Club will present its Fall Flower Show next Thursday in the Civic Center. The show will be open to the public from 4 p.m., until 7 p.m.

Co-chairwomen of the event are Mrs. Bruce Johnson and Mrs. Robert Chambers. The latter is president of the club.

Man Given Death In Stabbings

FORT WORTH (AP) — Kenneth Granviel, 25, was found guilty Friday of capital murder and was given the death penalty in the slaying of a child.

Granviel, who confessed to killing seven persons, showed no emotion as the unanimous verdict was read aloud in 213th District Court.

The conviction was for the death of Natasha McClendon, 2, at the Riverside Village Apartments last year.

Judge Tom Cave withheld sentencing while the case is automatically appealed.

It took jurors little more than an hour to find Granviel sane and guilty of the fatal stabbing. Deliberations began Thursday night and continued for 30 minutes Friday.

Granviel told jurors Thursday he killed the child, her 2-year-old nephew, her mother and two other relatives, then four months later killed two other women.

He pleaded not guilty by reason of insanity.

Judge Cave praised Granviel's court-appointed attorneys, saying the defendant "could not have been represented as well, much less better, by a $1 million lawyer."

Spur Man Named TCFA Officer

FORT WORTH — New president of the Texas Cattle Feeders Association is O. J. Barron Jr. of Spur, who was elected as the group closed its Annual Convention here.

Other new officers to lead the nation's largest feeding group are Leon Miller of Eagle Pass, first vice president; R. L. "Bob" Bliss of Tulia, vice president; and Gene Newman of San Angelo, treasurer. The newest board members are J. E. Birdwell of Hereford, one-year term; John M. Shelton III of Amarillo, two-year; and Edwin L. Cox, Jr. of Dallas, George Enloe of Gruver, Pitts Harrison of Hereford, Ray Kimsey off Guymon, Okla., Hart Kornegay of Mathis, John Richter of Stratford, R. E. Samuel, Jr. of Madisonville and Howard Simpson of Amarillo, three-year terms.

Named Advisor

WHITE PLAINS, N.Y. — Helene Botsonis of Amarillo has been appointed volunteer advisor for The National Foundation-March of Dimes in Texas. In this capacity, Mrs. Botsonis will plan and coordinate community service and public health education activities for the voluntary health organization.

Formal Inquest

At 1 p.m. Thursday, Justice of the Peace Gus Ochotorena Jr. will hold a formal inquest into the death of Raymond O. Grenon, 50, Marilyn Aten, secretary, said.

Grenon was shot to death Monday night.

Constitution Finance Article Aimed At Helping Small Taxpayer

(Editors Note: This is the seventh in a series of nine articles on the proposed new Texas Constitution that will be placed before the voters at the Nov. 4 election.)

AUSTIN (AP) — It is said that money ain't everything, but you wouldn't know it by analyzing Texas' current constitution.

A professor noted in 1957 that slightly less than one-third of the constitution was concerned with government finance, and since then over 50 of the 90 amendments that have been adopted have dealt with finance.

In trying to curb this obsession with money, constitutional writers prepared for the proposed new constitution a finance article that cuts approximately 9,000 words out of the current article.

The main focus is on reforming the property tax system, and the changes apparently will help the homeowner and small property owners more than large property owners.

"Large financial interests, secure in many years of protection from paying their fair share of property taxes, would prefer to avoid the tax equalization provisions of the new constitution," says chairman Robert W. Calvert of the Citizens for a Texas Constitution.

Common Cause, the self-styled people's lobby, even insists that corporate opposition to annual legislative sessions is a smokescreen to hide their fear of property tax reform.

Although chairman Peyton McKnight of the Citizens to Preserve the Texas Constitution has not criticized the property tax proposals in detail, he claims the finance article "would produce unprecedented new taxes...can bankrupt the state and local governments and...encourages public debt."

The proposed constitution prohibits state property taxes, except for a dime tax on each $100 of valuation for the Higher Education Fund and a 2-cent-per-$100 tax for state buildings that would—under the present constitution—have been phased out next year.

To overhaul the local property taxes administered by 1,500 assessment and collection offices, the new constitution would require the legislature to establish uniform statewide standards and procedures for appraising property.

It also requires each county to provide for a single appraisal of all property within the county.

Taxing agencies would still set their own assessment ratios and levy their own tax rate.

The new provisions would go into effect Jan. 1, 1978.

A new controversial provision would require the legislature to establish separate formulas for appraising farm and ranch land, which would be a tax break to encourage the production of food and fiber.

The proposed constitution provides a new method for taxpayers to cope with taxes they think are too high. Citizens could pay their taxes under protest and contest them in district court, where judges could order refunds.

Other changes include:

—A prohibition against levying a sales tax on food, except that sold in restaurants, prescription drugs or medicine, and agricultural machinery, fertilizer, feeds and seed.

—A mandatory $3,000 property tax exemption for homes of persons 65 or older.

—Elimination of the $80 million public welfare ceiling.

—A requirement that public money be used only for public purposes. Some feel, however, that those purposes should have been spelled out.

—A more precise definition of state debt, which may not be incurred until the debt is approved by two-thirds of each house and at a statewide election. "State debt" would include bonds that are supported by college student tuition fees.

—Authorization for the legislature to exempt from property taxes property owned by veterans' organizations, non-profit water corporations and old, disabled and poor people. The legislature also may exempt Texas' historical, cultural and natural resources from such taxation.

It specifically provides, however, that if the legislature enacts a tax on oil refineries, the money goes to the general revenue fund.

Galveston's 10th Typhoid Case Found

LA MARQUE, Tex. (AP) — A 10th confirmed case of typhoid has been reported as Galveston County Health District officials battle an outbreak that originated from a Texas City restaurant.

Dr. W. W. Kemmerer Jr., the health director, said that another suspected case of the disease has also been found, bringing that number to 15.

Kemmerer said he expects still more cases will develop.

All the cases were traced to a Texas City restaurant cook who is infected with typhoid bacteria, but has no symptoms of the disease. The cook and 15 other employes at the restaurant have been placed on leave, but are still on the cafe's payroll.

Kemmerer said the health district is considering filing charges against the restaurant. State law forbids restaurants to hire persons with a transmittable disease, although laboratory tests for typhoid are not required for restaurant employe health cards.

Valley Juicer Gouges Farmers?

EDINBURG, Tex. (AP) — A Lower Rio Grande Valley juice plant is attempting to gouge citrus growers by paying low prices for grapefruit and oranges, according to the president of the Valley Citrus Growers Association.

Association president Bill Norton Thursday called Texsun Corp. of Weslaco, owned by the Royal Crown Bottling Co., "the local citrus industry scavenger" after Texsun announced it would pay $27 per ton for grapefruit and $37 per ton for oranges.

Norton said this is less than half as much as the amount being paid to citrus growers in Florida for juice fruit.

Declining comment on Norton's statement, a spokesman at Texsun said the price for oranges is well above the $27 per ton the firm paid in 1973, the last comparable crop year. He said the grapefruit price is the same as it was in 1973.

Although he declined comment on Norton's statement, the spokesman said the prices are being offered "because we are in a competitive situation."

Citrus growers in Florida are being paid about $56 per ton for grapefruit because the Florida price is based on a pound solid system that involves testing the fruit for sugar content, Norton said.

He said because the pound solid factor increases as the fruit matures, Florida growers will soon be paid about $70 per ton for juice grapefruit.

Norton said Valley citrus growers cannot break even at the prices being offered by Texsun since it costs about $500 per acre to produce citrus. An average acre of Valley citrus produces about 12 tons of fruit, meaning that a citrus grower would be paid only $324 per acre for his grapefruit if he sold it at the current Texsun price, Norton said. He said the grower would also have to pay $12 per ton to get the grapefruit picked and hauled to the juice plant and about $14 per ton to get the oranges picked and hauled to the plant.

A new juice plant is scheduled to open in November and Norton said he is urging his association's 350 growers not to sell their juice fruit until then. Norton estimated that his growers produce about 9,000 acres of citrus. The Valley's crop is estimated at about 74,400 acres this year.

"Texsun's attitude seems to be to gouge every penny possible from the growers until the last citrus tree is bulldozed out," Norton said.

BIG SPRING, TEXAS, SUNDAY, OCTOBER 26, 1975

Aggies Collar Bears, 19-10

COLLEGE STATION, Tex. (AP) — Texas A&M's safety Lester Hayes picked up a fumble by Baylor quarterback Mark Jackson in mid air and raced 77 yards to a touchdown Saturday to rally the 5th-ranked Aggies to a 19-10 victory over the defending Southwest Conference champions.

With a Kyle Field record crowd of 53,693 urging them on, the Aggie defense smothered Parker behind the line of scrimmage in the third quarter. Parker was pinned by Aggies Tank Marshall and Ed Simonini and the ball squirted straight up in the air.

It came down in the grasp of Hayes, who raced untouched into the end zone.

Baylor, which dropped to an 0-2 SWC record, fought from its own end of the field the entire first half, but took a 7-0 lead in the second quarter on Jackson's 80-yard touchdown bomb to tight end Ron Lee.

waving the ball over his head from the 30-yard line on.

Hogs Blast Utah State

LITTLE ROCK (AP) — Arkansas running back Ike Forte rushed for 142 yards, scored two touchdowns and threw for 51 yards on his first pass as a Razorback, and Arkansas whalloped Utah State 31-0 in an intersectional football game Saturday night.

Forte, who was averaging 109 yards per game coming into the contest, carried 21 times and retired to the sidelines with 11 minutes left in the third quarter.

His 51-yard pass completion to Freddie Douglas on the halfback option carried to the Aggies' 25 and six plays later Forte scored from the five. He had scored on a two-yard run in the first quarter.

With representatives of the Liberty and Fiesta bowls watching, Arkansas — a member of the Southwest Conference — upped its record to 5-2.

Eighth-Ranked Texas Crushes Owls, 41-9

AUSTIN, Tex. (AP) — Quarterback Marty Akins riddled Rice's defense with last second pitchouts, and halfback Gralyn Wyatt slipped over for three touchdowns as eighth-ranked Texas beat the Owls 41-9 Saturday night.

Rice linebacker Jim Kelley illustrated the Owls' frustration, clinching his hands and leaping into the air after Akins had flipped to Wyatt for a six-yard score just as Rice defenders were tackling the quarterback.

Akins ran for 65 yards and passed for 74 in 2½ quarters despite a steady rain which held the crowd to 30,000—25,000 fewer than had purchased tickets.

With Rice zeroing-in on Akins and fullback Earl Campbell, Wyatt, a 176-pound sophomore, zoomed in from the nine and eight-yard lines for first half touchdowns.

Halfback Jimmy Walker sprinted for 10 yards and a touchdown on an Akins pitchout and the Wishboine T master baffled Rice later with another pitchout—this time to Ivey Suber for a 13-yard touchdown run.

Campbell, recovering from a painful chest bruise suffered last Saturday, was held to 58 yards on nine carries. Akins and Campbell sat out the final 1½ quarters as the game was wrapped up.

Tight end Kenneth Roy took a short pass from quarterback Claude Reed and dashed 41 yards for Rice's touchdown against Texas subs with 3:55 left in the game. Texas countered with a 41 yard touchdown pass from Ted Constanzo to fullback Joey Aboussie.

Rice drove to 13 and 24 against the Longhorns first team defense but were limited to a 30-yard field goal in the second quarter by Alvaro Arenas.

Texas' point total was five more than its season average of 36.3, which is the highest scoring average in college football.

It was the Longhorns' third victory without a loss in the Southwest Conference and extended their season record to 6-1. Rice is 1-1 in the conference and 2-4 this year.

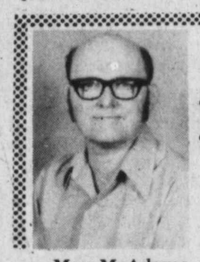

Texas led 14-0 before Rice got its first first down with 5:02 remaining in the first quarter.

Max McAdams, who lived here for some 15 years, called to report that his son, Tim, former Parkhill student, had a hand in the Midland Lee junior varsity win over Big Spring, 27-21, Thursday afternoon at Blankenship Field.

Tim, 6-0, 170 pounds, ran for one touchdown and a two-point conversion plus chalking up 120 yards. He was coached here by Delnor Poss, who also officiated the junior varsity contest.

Tim has lived in Midland for the past five years as his dad's insurance business required a transfer. The McAdams family, though, drives to Big Spring regularly on Sunday, attending church services at the Highland Church of God.

The Sands Booster Club will underwrite an "outsiders" football game at 7:30 p.m., Nov. 8. Eight-minute quarters are to be enforced. Players are still needed with the list numbering close to 30.

Eddie Herm (353-4575) will direct one team while Mike Grigg (Lamesa exchange) calls the shots for the other unit.

Proceeds are to go to the club. Ticket prices include $1.50 for adults and students paying less. A concession stand will be manned. Cheerleaders will be men.

•••

The Cowboys (4-1) try to get back on the winning track today when they visit Philadelphia (1-4) in what has become an annual battle for survival for Dallas.

Dallas hasn't won in Veterans Stadium since 1972. The Eagles romped to a 30-16 victory there in 1973 and won 13-10 last year in a Monday night game.

Dallas still has not given up a first half touchdown this season. Green Bay, St. Louis and Detroit each kicked a field goal in the first half.

The Dallas telecast will be shown regionally by CBS starting at 12 noon.

•••

Dwayne McMeans, 5-11, 180-pound sophomore from Stanton, is a starting fullback for the Howard Payne Yellowjackets.

He is a physical education major and the son of Mr. and Mrs. Russell McMeans of Stanton.

WHAT'S IT WORTH DEPARTMENT — A bystander asked by Joe Awtrey, who covered the Garden City-Borden County game Friday night, how long has it been since the Bearkats clawed the Coyotes, said, "I don't know, I have only lived in Garden City for 50 years."

U.S. Accumulates 113 Gold Medals

MEXICO CITY (AP) — United States athletes, often hooted and jeered by wildly partisan Mexican fans and labeled less than the best by critics from their own country, have found satisfying vindication in a near-record cascade of Pan American Games gold medals.

Without question, some of America's finest performers chose not to compete in these quadriennial celebrations of sports. Among the absentees are swimmers Tim Shaw and Shirley Babashoff and track stars Steve Williams, Rick Wohlhuter, Marty Liquiori and Frank Shorter.

Equally beyond question, however, is the productivity of the young men and women— many of them baby-faced teenagers—who did choose to represent the United States in the 19-sport games in Mexico City's breath-catching 7,350-foot altitude.

Going into Saturday's last full day of competition in the two-week games that drew teams from 33 nations, the Americans had accumulated an impressive 113 gold medals — not counting two clinched but uncollected by the winning men's and women's basketball teams.

The figure compares with the 89 the United States won in the 1971 Games at Cali, Colombia, and the record 121 collected in 1959.

And this year's total will increase. In addition to the two basketball medals that were to be awarded Saturday night, the Americans had seven men in the boxing finals and were almost certain to gain some more gold there. Victories by all the American boxers in the finals— a highly unlikely occurrence— would give the United States a record horde of gold medals.

Whether or not they make the record, they've proved their worth in overwhelming fashion. Their quiet, contained dedication, their high level of sportsmanship, their record-shattering performances on the fields and mats and pools and ranges and courts of competition at last won the hearts and admiration of the Mexican fans.

Toros Zip By Edison

Behind 6-0 at halftime, the Big Spring Toros rallied to crush Midland Edison, 22-6, here Saturday morning at Blankenship Field.

The Toros hit paydirt in the third on Mark Burris' 70-yard punt return and Eddie Puga's 60-yard TD drive. The PAT after Burris' score failed with Billy Ray Johnson passing to Danny Crosby for two points following Puga's TD.

Big Spring widened its margin over the visitors in the fourth on Mark Poss' 30-yard run TD and a safety shared by Billy Wayne Aldridge and Johnny Hardeman.

The Toros, 5-4, play Odessa Crockett here at 7 p.m., next Thursday at Blankenship Field.

MAKES HIS OWN YARDAGE — SMU's Ricky Wesson (12) makes good yardage as he keeps the ball on a sweep around right end. Jim Duggan (79) is shown blocking out Texas Tech's Bill Bothwell (75) on the play. Tech snapped its four-game losing streak by downing SMU, 37-20, Saturday night at Jones Stadium, Lubbock.

LOSING STREAK BROKEN

Tech Socks SMU

LUBBOCK, Tex. (AP) —Tommy Duniven's touchdown bomb to Ricky Bates broke open a tight Southwest Conference duel Saturday night and propelled Texas Tech to a 37-20 victory over Southern Methodist that snapped the Red Raiders losing streak at four.

Nursing a 14-13 lead and plagued by fumbles and miscues, the Raiders snuffed out SMU's SWC title hopes on the 56-yard third quarter scoring shot from Duniven to flanker Bates.

Bates caught the pass in the clear at the 35 and streaked untouched across the goal.

Touchdown runs of two and three yards by Cliff Hoskins and an 18-yard field goal by Brian Hall sealed the outcome for the Raiders, now 3-4 on the season and 1-2 in SWC play.

SMU is 3-4 and 1-2.

A heavily bundled crowd of 36,020 was still streaming through the gates when Jimmy Williams bolted four yards for Tech's first touchdown with 1:36 elapsed.

Pat Estes retrieved Art Whittington's fumble of the opening kickoff at the Mustang 17 and Williams shot through the middle for the score four plays later.

SMU quarterback Ricky Wesson engineered touchdown drives of 77 and 75 yards for a 13-7 Pony lead near the midway point of the second period hurling a bull's eye 16-yard pass to Freeman Johns for the second score.

David Bostick got SMU's first touchdown on a 22-yard run and Butch Jones closed out the evening's scoring by blazing 72 yards for a touchdown in the final minutes of play.

Tech had taken a 14-13 lead into the dressing room at halftime

Trojans Slug Irish, 24-17

SOUTH BEND, Ind. (AP) — Quarterback Vince Evans' diving touchdown from the two-yard line and kicker Len Walker's field goal in the fourth quarter lifted third-ranked Southern California past Notre Dame 24-17 Saturday in one of college football's most heated rivalries.

The 14th-ranked Irish, seeking to avenge last year's 55-24 humiliation, led three times and came up with several key defensive plays early in the game before tailback Ricky Bell took charge in front of a national television audience.

Bell, the nation's leading rusher, scored the Trojans' second touchdown and finished with 165 yards in 40 carries, the most ever by a Southern California runner in the 47-year series with Notre Dame.

The Irish, 5-2, held a 14-7 lead on Al Hunter's 52-yard touchdown run in the first quarter and Tom Lopienski's 13-yard score with a return of a blocked punt late in the second period.

The Trojans, unbeaten in seven games, relied heavily on Bell's running, but Evans completed several key passes, including a 21-yarder to Shelton Diggs for USC's first touchdown in the second quarter. That put the Trojans ahead 7-6.

Notre Dame took its last lead of the afternoon early in the fourth quarter on a 27-yard field goal by Dave Reeve. But the Trojans roared back with a 71-yard, nine-play drive and went ahead 21-17 on Evans' two-yard run with 7:28 remaining.

Quarterback Joe Montana tried to rally the Irish, but cornerback Danny Reece picked off his pass at the Irish 35 to set up Walker's field goal.

Navy Pops Pitt

PITTSBURGH (AP) — Rover Chet Moeller pounced on a Tony Dorsett fumble early in the game and intercepted a pass in the final minutes to key a defensive shutout that helped Navy to a 17-0 upset of 17th-ranked Pittsburgh Saturday in college football.

Stubby tailback Gerry Goodwin rushed for 109 yards and led touchdown drives in the first and third quarters by the previously inconsistent Navy offense.

Navy quarterback John Kurowski threw just two passes all afternoon, both incomplete but Navy still raised its record to 5-2.

Pitt, which had averaged 42 points in each of its last four games, fell to 5-2 with its first shutout in three seasons under Coach Johnny Majors.

Dorsett picked up 122 yards rushing to become the seventh leading rusher in college football history. But he lost two of Pitt's three fumbles.

He lost the ball at the Navy 15 early in the first quarter after a 58-yard punt return by freshman Gordon Jones.

Moeller, playing with his broken thumb in a cast, recovered for Navy, which then marched 85 yards for a touchdown that came when 6-foot-4 Bob Jackson butted three yards for a touchdown.

The second quarter was scoreless, but Navy opened the third quarter with a 60-yard touchdown march capped by a two-yard run by Goodwin.

Wildcats Leap Over Sul Ross

ABILENE, Tex. (AP) — Quarterback Jim Reese completed eight of 14 passes, including two for touchdowns to split end Johnny Perkins here Saturday, to lead Abilene Christian College to a 49-14 Lone Star Conference football victory over Sul Ross.

Running back Hubert Tickett contributed to the ACC cause with two touchdowns and 115 yards on 19 carries.

The Wildcats took a 7-0 lead in the first quarter and then exploded for four touchdowns in the second. One of them was a 66-yard pass-play from Reese.

(Photo By Danny Valdes)

RUSH ON — Big Spring's quarterback Mark Moore grounds up a first down in the fourth period against Midland Lee Friday night as teammates Jesse Doss, Mike Harris and Jack Buchanan lead the defense.

Gary & Co. Runs Past Big Spring

By CLARK LESHER

MIDLAND — Tailback Clyde Gary's four touchdown feats carried Midland Lee as the Rebels rode roughshod over Big Spring, 28-6, before a fine crowd here on a chilly Friday night.

The District 5-4A win cracked Lee's two-game skid mark, but unfortunately continued Big Spring's tailspin spaced out to five in a row. Lee now waves 2-2 in 5-4A and 5-2 over-all and Big Spring, 0-4 and 2-5.

Again, Big Spring's defense stood their ground the first half, permitting only 14 points to cross its path. This took place in the early and final stages of the second quarter. But an intercepted pass plus Gary's tricky footwork caught hold in the third and the Rebels sped away.

A number of key tackles for Big Spring was chalked up by Tommy Churchwell, Johnny Birdwell, Steve Hughes, Ernie Nichols, Tony Mann and Mark Stark.

Lee rushed for 299 yards, 210 credited the first half, while holding Big Spring to 47, gaining only a mere yard in the last half.

Gary's first TD required 79 yards in five plays to complete in the second period as he leaped over from the eight. Time left: 11:02. Sherman Chew's extra point kick was good as were the other three attempts by him following Gary's gallops.

Lee, toward the end of the second quarter, switched to screen pass plays that paid off. Brad Wright, one of three quarterbacks employed by Lee, completed three such aerials to Gary, Robert Johnson and Gary again for 55 yards.

This moved the ball down to Big Spring's six-yard line. Gary received his second TD call by racing over for the TD with only nine seconds left before halftime.

Using Texas Tech Steve Sloan's philosophy, "The third quarter is where you win or lose a game," Lee iced the contest with 14 points.

Taking advantage of Jeff Degenfelder's interception, Gary ran over Big Spring's end zone from the seven at 7:37. This play took 35 yards in seven plays to complete.

With a sigh of relief, Gary climaxed his paydirt contribution by slipping over from the one at 4:31. The Rebel punch line began on the 25-yard line, counting off six plays.

Big Spring quarterback Mark Moore, who was unable to completely unravel his offense, dumped repeatedly behind the line of scrimmage, finally located his favorite receiver Ken McMurtrey long enough to complete a five-yard TD strike. This drive, set up by a Moore pass to Mike Harris for 15 yards, took place with only 1:55 to go before heading into the final frame, stepping off 67 yards in six plays.

Breaks, which were few and far between, helped set up the lone Steer score. A Rebel interception by Dewayne Vest was called back in the third because of defensive holding and Big Spring promptly took advantage of the call.

McMurtrey, who was double covered, could only step off 35 yards in three given pass situations. Big Spring's bull-dogging fullback Jesse Doss was allowed only 12 yards rushing. His troublesome ankle continued to bother him, injured in a recent game. Steer halfback Mike Abreo had to be helped from the field in the third quarter as he received a sprained ankle.

Moore, who only completed 11 of 30 pass attempts for 104 yards, excelled brilliantly in punting. One boot was stepped off for a distance of 53 yards, kicked against the wind.

One other lucky break for Big Spring came in the first quarter as Tommy Churchwell pounced on a loose Rebel ball. But Big Spring failed to take advantage of the opportunity and had to give up the ball after four downs.

The first time Lee was forced to punt occurred at 10:12 of the fourth period.

Big Spring now goes back home for two straight games, Abilene Cooper, next Friday, followed by Odessa High, Oct. 7. The Steers conclude the season at San Angelo, Nov. 14.

Cardinals Best Giants, 20-13

NEW YORK (AP) — Speedy Mel Gray caught two touchdown passes and Jim Bakken extended his string of successful field goals to 10 in a row, kicking a pair Saturday, as the St. Louis Cardinals defeated the New York Giants 20-13 in a National Football League game.

Gray hauled in a 51-yard scoring pass on an option play from all-purpose back Terry Metcalf in the first period, then halted a New York comeback by grabbing a 38-yard touchdown pitch from quarterback Jim Hart with 4½ minutes left in the game.

Bakken, who has yet to miss a field goal try this season, connected on a 37-yarder in the first quarter as the Cardinals built a 10-0 lead. Then he added a 40-yard field goal in the third period.

The Giants' first touchdown came halfway through the final quarter when Craig Morton hit wide receiver Ray Rhodes on a 12-yard pass, climaxing an 83-yard drive. Morton passed six yards to Walker Gillette for New York's other score with 2:03 to play.

With 41 seconds to play, Jim Steinke blocked a punt by the Cards' Jeff West, giving the Giants one last chance. They started on the St. Louis 38 and moved to the 20, but Norm Thompson's interception with 15 seconds to go saved the victory for the Cards.

The loss dropped the Giants to a 2-4 record and came only four days after they had upset the Buffalo Bills 17-14 in the Monday night television game. The Cardinals, defending champions in the National Conference East, moved their record to 4-2.

Nobis Likely To Miss Game

ATLANTA (AP)—Starting middle linebacker Tommy Nobis of the Atlanta Falcons has flown to San Antonio, Tex., where his father is seriously ill, and likely will miss Sunday's contest against Cincinnati, the National Football League club said Saturday.

A spokesman for the Falcons said Nobis left Friday to be with his father.

Rookie Carl Russ of Michigan will start in Nobis' place, the Falcons said.

IT'S MINE — Mike Harris, Steer tight-end, hauls in a third quarter 15-yard aerial from quarterback Mark Moore, setting up his team's only score with Lee Friday night at Midland. The Rebels with Clyde Gary leading the charge, won, 28-6

Pesky Purdue Ousted

WEST LAFAYETTE, Ind. (AP) — Archie Griffin set an all-time college rushing record and Pete Johnson moved two steps closer to a Big Ten touchdown record Saturday as top-ranked Ohio State knocked off pesky Purdue, 35-6.

Griffin, held to 36 yards in the first half, finished with 130 yards on 20 carries to push his career total to 4,730 yards. The old record of 4,715, by Ed Marinaro at Cornell, fell midway through the fourth quarter when Griffin took a handoff from quarterback Cornelius Greene and burst 23 yards up the middle.

It was the Heisman Trophy winner's final carry of the day. The senior tailback also extended to 28 his record streak of regular-season games with 100 yards or more rushing.

Cornhuskers Tame Buffs

LINCOLN, Neb. (AP)—Vince Ferragamo passed for two touchdowns and John O'Leary ran for two Saturday, powering Nebraska's fourth-ranked Cornhuskers to a 63-21 Big Eight Conference football victory over a 10th-ranked Colorado team plagued by penalties and turnovers.

Colorado scored first when quarterback Dave Williams romped 74 yards on the third play from scrimmage. But from then on, the Buffs could do little right as eight Colorado turnovers led to six Nebraska touchdowns.

After the first Buff score, Nebraska, 7-0, tallied on three consecutive possessions. Ferragamo hit Bobby Thomas with a 42-yard touchdown pass, O'Leary scored from 10 yards out with 8:28 remaining in the first period, and a Buff fumble set the Huskers up on the 31 seven seconds later. Monte Anthony popped over from the one seven plays after that.

Outmanned By Alabama

BIRMINGHAM, Ala. (AP) — Fullback Johnny Davis ran 66 yards off tackle to open the flood gates and the Alabama Crimson Tide poured through for a 45-0 football victory over outmanned Texas Christian Saturday.

Davis got 102 yards on 10 carries before retiring as sixth-ranked Alabama ran its mark to 6-1 and handed the Horned Frogs their 17th loss in a row.

Alabama added two second period scores on a dive by Robert Fraley and a four-yard run by Richard Todd and then made it ludicrous with 24 points in the third period.

The nationally ranked Alabama defense, led by Leroy Cook and Bob Baumhower, held TCU to 78 yards of total offense, only 11 on the ground.

The Tide used half the second period on an 18-play drive to score and, two plays later, linebacker Gus White intercepted a Lee Cook pass and returned it 22 yards to the TCU 29 to set up the first two scores by Todd.

An interception by Mark Prudhomme and fumbled kickoffs recovered by Wayne Rhodes and John Crow put Alabama in shape for scoring drives of 42, 18 and 22 yards in the third period.

Alabama, second in the nation in scoring average going into the game, raised its average to 37.4.

Kent Waldrep TCU runner whose neck was broken in last season's 41-3 Alabama victory, returned in a wheelchair as a special guest as Alabama made its overall record against TCU 2-3.

Anson Defeats Colorado City

ANSON — Colorado City lost its fifth game in a row here Friday night, falling to 6-AA member Anson, 12-0.

The Wolves are now 0-3 in district play and 2-5 over-all and Anson, 3-1 and 7-1. Colorado City returns home next Friday, hosting Winters.

DEMPSEY IN HOSPITAL — Jack Dempsey, 80, the former world heavyweight boxing champion, was admitted to New York University Hospital early Saturday, suffering from an undisclosed ailment.

Pokes Punish 'Hawks, 35-19

LAWRENCE, Kan. (AP) — Scott Burk and Robert Turner each ran for two touchdowns, lifting Oklahoma State to a surprisingly easy 35-19 Big Eight football victory Saturday over Kansas.

Burk, who started the season as the Cowboys' No. 3 quarterback, romped eight yards early in the second period to put Oklahoma State ahead for good and added his other TD on a seven-yard jaunt in the third.

Turner jammed one yard into the line for the Cowboys' first six points soon after the start of the game, played before a homecoming crowd of 44,860. Turner made his second touchdown for the Cowboys late in the third quarter with a two-yard burst that capped a 78-yard drive.

Terry Miller wound up the Oklahoma State touchdown parade with a three-yard run with nine seconds remaining.

Kansas, a slight favorite, managed to tie the score at 7-7 with an 18-play, 80-yard drive immediately after Oklahoma State's initial touchdown, Nolan Cromwell scoring from one yard out. However, the Jayhawks couldn't score again until they trailed by 28-7

40TH WIN AT HOME

Michigan Clubs Indiana, 55-7

ANN ARBOR, Mich. (AP) — Wingback Jim Smith burst 77 yards for a touchdown on the second play of the game and Rob Lytle scored four TDs Saturday to lead seventh-ranked Michigan to a 55-7 Big Ten football clubbing of Indiana.

It was the 40th consecutive game without a loss at home for the Wolverines, who now stand 4-0 in the conference and 5-0-2 over-all. Indiana, 2-5 overall, slipped to 1-3 in the league.

Michigan, which beat Northwestern 69-0 last week, has outscored opponents 224-7 in its last four home conference games.

Smith's score, the sixth longest from scrimmage in Michigan history, came on a reverse down the right sideline. Seven minutes later, tailback Gordon Bell sprinted 53 yards off left tackle for another touchdown, as the Wolverines began imitating their last slaughter.

Lytle, who played at both quarterback and tailback, scored three touchdowns in the second quarter, two on one-yard plunges and another on a seven-yard sweep. He also scored on a 12-yard sweep in the fourth quarter. Freshman fullback Russ Davis scored on a one-yard plunge and three-yard run in the third period for Michigan.

Board Members To Be Selected

Additional board members will be named and building two new ball parks discussed at the meeting of the Miss America Softball League Monday, Byron Smith, league president, said.

The public is invited to attend the meeting in the Texas Electric Service Co. buildling at 7:30 p.m.

Texas Team Named

DALLAS (AP) — The Texas Sportswriters Association and 7—Eleven Stores have named a State of Texas All-Time Professional Footall Team from votes by fans from across the state.

Some 69,000 ballots were used in selecting the team which will be presented in person at halftime at the Dallas Cowboys-Kansas City Chiefs game Nov. 10. The team will be enshrined in a Texas Sports Hall of Fame to be constructed in Grand Prairie.

The team lines up this way:

OFFENSE

Receivers: Raymond Berry, Southern Methodist, 13-year pro veteran; Kyle Rote, Southern Methodist, 11-year pro veteran; Del Shofner, Baylor, 11-year pro veteran.

Tackles—Guards: Forrest Gregg, Southern Methodist, 15-year pro veteran; Jim Ray Smith, Baylor, nine-year pro veteran; Harley Sewell, Texas, 11-year pro veteran; Gene Upshaw, Texas A&I, nine-year pro veteran.

Center: Clyde Turner, Hardin Simmons, 13-year pro veteran.

Quarterbacks: Sammy Baugh, Texas Christian, 16-year pro veteran; Bobby Layne, Texas, 15-year pro veteran.

Running Backs: Doak Walker, Southern Methodist, sixyear pro veteran; John David Crow, Texas A&M, 11-year pro veteran.

DEFENSE

Ends — Tackles: Bob Lilly, Texas Christian, 14-year pro veteran; Joe Greene, North Texas State, seven-year pro veteran; Lewis McFadin, Texas 11-year pro veteran; Charlie Krueger, Texas A&M, 16 year pro veteran; Bill Glass, Baylor 11-year pro veteran.

Linebackers: Tommy Nobis, Texas, 10-year pro veteran; Bill Forester, Southern Methodist, 11-year pro veteran; E. J. Holub, Texas Tech, 10-year pro veteran; Jack Pardee, Texas A&M, 15-year pro veteran.

Defensive Backs: Yale Larry, Texas A&M, 11-year pro veteran; Bobby Dillon, Texas, eight-year pro veteran; Ken Houston, Prairie View, nine-year pro veteran; Bill Bradley, Texas seven-year pro veteran.

Overall, the team has logged 280 years of profesisonal football, made All-Pro 78 times and 113 Pro Bowl appearances.

Bob Lilly led all vote-getters with 53,664. Lilly retired last summer from the Cowboys, the only pro team he ever played for.

Fitness Class Slated At 'Y'

A new women's fitness session for YMCA members and non-members will start this week. Classes will be held from 10 to 11:30 a.m. Tuesday and Thursday for a period of eight weeks starting Tuesday.

A night session from 7 to 8 will meet Monday and Thursday for the same length starting Monday.

Mrs. Kathy Howard, Y women's health club director, will serve as instructor. The course will concern conditioning, floor exercise, apparatus recreation and cardiovascular testing.

Registration is required and information may be obtained by contacting the Y.

MAKING TACKLE — An unidentified Sands defender (center) and Steve Bodine (dark 30) stop Hawley back Tony Pack for a short gain in Friday night's District 3-B clash between the two teams. Pack scored two touchdowns for Hawley in its 26-0 win over Sands.

ONLY ONE SCORE ISSUED

Ballinger Wins Defensive Battle

BALLINGER — Always tough at home, Ballinger proved that point to Coahoma here Friday night, winning a 7-0 defensive battle.

The loss cracked Coahoma's three-game winning streak and knocked them out of first place in the 6-AA district race. Coahoma now stands 3-1 in 6-AA and 4-4 over-all.

Ballinger, undefeated and ranked third in state AA circles, stands alone at the top of the class, 3-0 and 7-0 for the year.

Rushing yardage was held at a minimum on both sides as Coahoma picked up 99 and Ballinger, 84. The Bearkats put together a 97-yard passing attack while the Bulldogs could only come up with 16.

The only score in the nip and tuck game occurred in the third period. Ballinger's Mike Rodriquez barrelled over from the nine. Time left: 4:39. David Reyes kicked the extra point. Ballinger's TD drive was set up on a 17-yard pass play from quarterback Joey McQueen to Gary Proffitt.

Coahoma threatened in the fourth, holding onto the ball most of the period, but was forced to finally surrender the ball on the 40. This was the result of an illegal procedure penalty and two incomplete pass attempts.

Gary Roberts turned in a number of key tackles for Coahoma while teammate Jim Bob Phillips also contributed to his team's tight defensive game.

Coahoma returns home next Friday and a 6-AA contest with Hamlin.

Bobcats Receive Severe 5-4A Jolt

In 5-4A District action Friday night, the San Angelo Bobcats received a severe jolt to their title plans, nipped by Midland High, 7-0.

Permian kept its undefeated record intact by slipping by Abilene Cooper, 5-0. Mojo has allowed only 13 points to cross its path, those occurring with Abilene High.

Abilene High had a Saturday night game scheduled at Odessa High.

LOSE KEY PLAYER

Ponies Tripped Up

By TROY BRYANT

ACKERLY — The Sands Mustangs lost a key player, Frosty Floyd, early in the game, and the Hawley Bearcats romped over the home team 26-0 in a District 3-B encounter.

Floyd injured a bone in his foot and it was not immediately known if it was a dislocation or a cracked bone which sidelined him.

After Floyd left the field, the Bearcats scored on drives of 49, 43 and 46 yards and capitalized on a Sands fumble on the Sands one-yard line for another touchdown.

The game was full of mistakes on both sides, with a total of 188 yards assessed on 21 penalties against both sides.

Sands gave up six turnovers in the chilly weather, five on fumbles and one on an interception while Hawley fumbled once, but had two passes intercepted.

Hawley scored its first touchdown in the second period after Sands played tough defense in the first quarter, forcing three Hawley punts in that period.

Hawley took a punt on the Mustang 49-yard line and drove the 49 yards for the score. Halfback Tony Pack added the scoring punch on an eight-yard run. When the pass attempt for the two-point conversion was no good, Hawley led 6-0, which was the score at halftime.

In the third quarter, Hawley recovered a fumble at Sands' 43-yard line and drove the 43 yards for the touchdown, with the final yardage coming on a three-yard run by quarterback Lon Lambert. The kick failed, and Hawley led 12-0 with 6:40 left in the third quarter.

After Sands took the kickoff, it was forced to punt, giving Hawley the ball on the Sands 46, from where it started its touchdown drive. Pack scored again, this time from two yards out and Lambert hit David Snow in the end zone for a two-point conversion pass, which gave Hawley a 20-0 lead with 44 seconds left in the third period.

In the fourth quarter, penalties slowed play for both sides, with Hawley drawing seven illegal procedure penalties and one 15-yarder while Sands was penalized three times for 33 yards.

Nevertheless, Hawley score again after pouncing on a Sands fumble on the Sands one. Mark Morrow scored from three yards out several plays later, to give Hawley the 26-0 victory.

RESULTS	Hawley	Sands
First Downs	11	4
Rushing, Yds.	47-174	34-26

Penn State Tames Army

STATE COLLEGE, Pa. (AP) — Woody Petchel ran for 139 yards and two touchdowns Saturday as ninth-ranked Penn State rumbled to a 31-0 victory over an Army team that crossed midfield only three times.

Chris Bahr's 26-yard field goal in the first period started State toward its sixth victory against one defeat as the outclassed Cadets went down to their fifth straight loss against two wins.

Penn State led 10-0 at halftime, scoring a second-period touchdown on a 14-play, 99-yard drive that featured 13 running plays.

Form Agreement Signed By L.A.

LOS ANGELES (AP) — The Los Angeles Dodgers announced Friday they had signed a working agreement with Lodi of the Class A California League, ending an eight-year association with Bakersfield in the same league.

Televised Game Date Changed

COLLEGE STATION, Tex. (AP) — Officials announced Friday the Texas-Texas A&M football game will be televised nationally on Friday, Nov. 28, meaning the game between the two Southwest Conference frontrunners will not be played on its traditional Thanksgiving date.

ABC's broadcast will begin at 1:30 p.m. CST. Kickoff will be at 1:50 p.m. Following that game ABC will telecast the Southern Cal-UCLA game starting at 8 p.m. EST.

Golden Tors Blow Brownfield Away

LAMESA — The Lamesa Golden Tornadoes won their first game of the season here Friday night by a score of 32-6 over the Brownfield Cubs. The win brought the Tornado record to 1-6-1.

The Tornadoes played a much tighter game than they had in the past as the offense committed only one turnover while the defense forced four Cub miscues.

Lamesa finally showed a wide open rushing game, picking up 329 yards total, 204 yards were picked up by running back Eddie Pearson. Pearson had minus one yards rushing on the first half and came back to score three of the Tornado touchdowns. Those three were of 70, 15 and 95 yards.

The Tornado defense allowed Brownfield 190 yards total offense, but the four turnovers Lamesa forced prevented them from scoring more than six points. The Tornadoes forced a Cub fumble midway through the first quarter. In the second half, Mark Hansard intercepted three passes, two of which led to Tornado touchdowns.

The first half was fairly even. Lamesa scored first on a McCurley touchdown early in the second quarter. The extra point try was unsuccessful and the Tornadoes led 6-0. Brownfield came back with 0:36 left in the first half on a scoring pass from Randy Rozean to Robert Lepard. The play was good for 24 yards.

The second half was entirely different from the first. Lamesa exploded for four touchdowns. Eddie Pearson opened the third quarter scoring with a 70-yard run up the middle. The play was Lamesa's first following a pass interception by Mark Hansard. The PAT try for two points was no good and Lamesa led 12-6.

The next Lamesa touchdown also occurred after a Mark Hansard interception. With a first and 10 at the Brownfield 15, Eddie Pearson broke free around right end to put six more points on the board for the Tornadoes. The PAT attempt was again no good and the Tornadoes led 18-6.

Eddie Pearson broke loose again with 9:33 left in the fourth period. Lamesa had a second and 13 at its own five-yard line and Pearson sprinted the 95 yards needed for the touchdown. The extra point was successful. Lamesa's final score came with 7:40 left to go. Quarterback Guy Price carried over from one yard out. The PAT was successful and the final score was 32-6.

This was the final home game of the season for the Tornadoes as they travel to Lubbock Estacado next week, and then Sweetwater on Nov. 14.

Region Meet To Continue

A Region 7 Amateur Shooting Dog Championship which started Saturday will continue through Wednesday at the Francis Winn Ranch, 17 miles south of Colorado City, Highway 163.

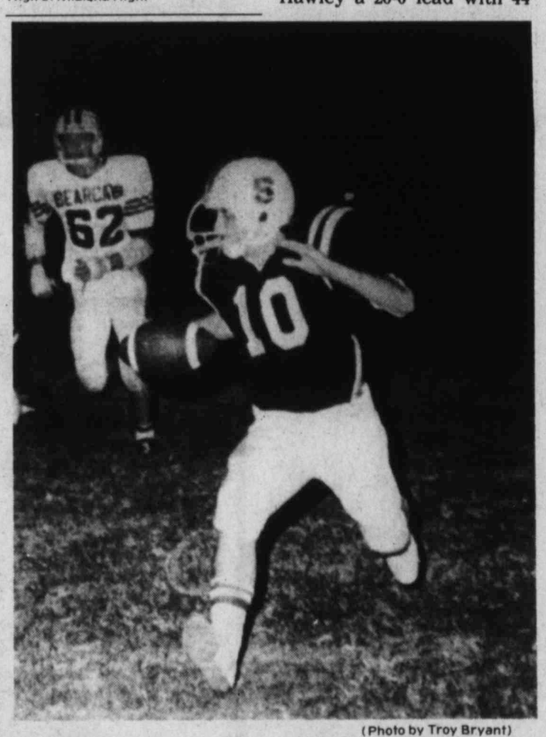

Forty-four entries have been received for the championship and another 30 expected to vie for Open Shooting Dog Stake honors.

The hosts for this event are Permian Birddog and Sportsman Club of Big Spring. Officers include; Bill Mathis, president, Midland; W. O. West, vice president, Sweetwater; Mrs. Maxine Myers, secretary-treasurer, Big Spring.

Sedgman Meets Torben Ulrich

WHITE SULPHUR SPRINGS, W.Va. (AP) — Frank Sedgman of Australia meets top-seeded Torben Ulrich of Europe today in the finals of the world senior team tennis tournament.

In the semifinal singles matches Friday, Sedgman beat Tony Trabert of United States East, 6-2, 7-6, and Ulrich defeated Vic Seixas of the United States East, 6-4, 7-5.

(Photo by Troy Bryant)

PASS OR RUN? — Sands quarterback Ronnie Kennener rolls out, debating about whether to pass or run in Friday night's action against Hawley. Other Sands players in view are Sam McDonald (71), Andy Anderson (41), Ray Franco (74), Sammy Anderson (dark 62), and Stan Blagrave (61). The Hawley defender is Clifford Baker (62).

Buffs Soundly Beat Sterling City, 30-14

By MARJ CARPENTER

FORSAN — The Buffaloes, fired up by the return of their quarterback, Ralph Miranda, soundly defeated Sterling City 30-14 Friday night, leading the Eagles all the way.

Forsan scored early and went on to pile up four touchdowns and 24 points before the half. Sterling City, hampered by injuries from last week, failed to even get a first down until a few seconds before the half.

The Buffaloes added six points in the third period and then turned marshaling duties over to little brother, Angel Miranda, and still held the Eagles scoreless until the final quarter.

Sterling City's Jeff Copeland, who had been their biggest yard gainer all night, scored twice in the final period and ran in two points after the first TD for 14 points.

Forsan's Ralph Miranda also collected two touchdowns, scoring the first one less than five minutes into the game when he scampered in from the nine. The try for the PAT failed.

Miranda scored again with five seconds left in the first quarter when he went in from the 13-yard line. This scoring play was set up by a 41-yard scamper down the field by John Medlin, junior running back. The kick went off to the right.

Thus began an offense that totaled 306 yards on the ground before the game was over for the Buffaloes.

Fired up by their successful scoring, the Forsan defense really dug in and thwarted every Sterling City attempt to move the football. Strong on defense was the whole squad, led in tackles by Brad Stevens along with Billy Banks, Alan Hollandsworth, Mike Storen, Billy Osburn, Gary Martin and Doug Pierce.

Forsan scored two more times before the half. With 10:10 left before the midway point, Stevens blocked a Copeland punt on the 10 and Banks recovered the football. Gary Tidwell then took the ball on a last-minute pitchout and went around right end for the tally. This time Forsan tried a pass for two points and didn't make those extra points either.

Two minutes later, Forsan scored one more time when Tidwell got his second score of the evening as he went around the right end for 28 yards. The kick went off to the left.

The Buffaloes, who finally got back in the win column last week against Loraine, went triumphantly to the fieldhouse at the half.

Charging back in the third quarter, the Buffs scored two minutes into the second half. Hank Adams, who was the big ground gainer for Forsan in the second half, went nine yards off left tackle for a score. A pass for the PAT fell short. But with a 30-0 lead, the Buffaloes didn't have to worry about extra points and could afford to substitute.

The Eagles finally scored with seven minutes left in the game when Copeland went in from the three. He also went in for two points. Four minutes later, Sterling City found themselves sitting on the ten after Forsan received back-to-back 15-yard penalties and Copeland scored on a pass from Lee Fleming. Another pass attempt for the PAT failed.

Coach George White's revitalized Buffaloes looked like a brand new ball club Friday night.

Finds Hole For Yardage

Bearkats Claw Borden County

By JOE AWTREY

GARDEN CITY — Underdog Garden City Bearkats, playing their final home game of the season, clawed the Borden City Coyotes here Friday night for their first win of the season, 18-6.

The Bearkats were dominating, both on offense and defense against an explosive pack of Coyotes, but quickly took the howl from the visitors.

Garden City got things going on its first possession after forcing Borden County to punt and taking over on its 36-yard line.

Quarterback Norwin Bingham carried to the 25, and two plays later, pitched to Wayne Hirt who burst up the middle. He then cut to his left and stepped into the end zone to put the Bearkats on the scoreboard with 7:25 left in the first quarter. The PAT was no good and Garden City led, 6-0.

Borden County took the following kickoff and was on the move until Hirt picked off a pass for the Bearkats to stop the drive.

Garden City stopped another Coyote drive on its 22-yard line with Bingham intercepting a pass from Coyote quarterback Joe Zant and returning it to the 27-yard line. Alex Medrano, Hirt and Bingham moved the ball into the end zone in seven plays with only 30 seconds left in the first half, as Bingham kept for the final five yards. The PAT was no good.

Borden County took the kickoff with Richard Long returning it to his 32-yard line. Zant flipped a 48-yard screen pass to Long to cut the lead to 12-6 with only eight seconds left in the first half. PAT failed.

The Bearkats threw up a solid wall of defense led by Mark Frysak and Hendricks to stop the potent Coyote offense in the second half.

Garden City had its backs to the wall late in the final quarter, but Medrano slashed through the middle of the Coyote defense, bootlegging the pigskin 65 yards for the Bearkats final score, 18-6. The PAT again failed.

Borden County came right back on the arm of Zant only to be stopped on a fourth down play at the Bearkats two-yard line, and the Bearkats took over.

Medrano again ripped around his left end for 24 yards to give the Bearkats good field position and a first down to halt any hopes for the Coyotes to make a comeback.

Medrano rushed for 167 yards for his best game of the season.

The Bearkats will travel to Klondike next Friday and Borden County will try to get back on the winning road as they play host to Wellman at its homecoming.

Seagraves Proves Number 1 Ranking

By TERRY NEILL

STANTON — Seagraves' Eagles lived up to their number one state ranking here Friday night, slapping the willing but outmanned Stanton Buffaloes with a 42-7 defeat.

The visitors dominated the game with a high octane offense powered by a fine, quick-hitting line that dominated the line of scrimmage. Eagle running backs had gaping holes to run through, and Stanton pass defenders ended up making a host of tackles as the Eagles darted into the secondary time after time.

Seagraves took the opening kickoff and marched down the field to score, and from that point it was mostly downhill for the Buffaloes. Coach Bob Richardson's team obviously wanted the game, but the Eagles just had too much size and speed.

At halftime, the score read Seagraves 22, Stanton 0, the same score as last year when the Buffs came back in the second half to almost defeat the Eagles. This year it was not to be, however, as the local squad just didn't have anything left for the second half.

Quarterback Gary Hanson was a bright spot for the Buffaloes offensively, scoring his team's only touchdown after a 36-yard scamper. The Buff man under dove from over one yard out for the tally. Bobby Richardson kicked the extra point.

It was the opening game of District 5-A play for the Buffaloes, who will travel to Plains next Friday night to meet the Cowboys in a battle for second place in the loop.

Seagraves now has established an 8-0 mark for the season and appears headed for a second consecutive district championship. The Eagles are ranked number one among the state's Class A football teams in both polls.

Other outstanding efforts were turned in by fullback Elvin Brown, who ran well out of a wishbone offensive installed by Richardson for the football game. Middle linebacker Alan Douglas was the Buffs' top tackler Friday night, along with safety Marvin Jones.

Seagraves: Hoover 12-yd. run; Suniga ran PAT.

Seagraves: Jackson 20-yd run; KICK failed

Seagraves: Hoover 10-yd run; Hoover ran PAT.

Seagraves: Jackson 1-yd run; Tamez from Hawkins pass PAT.

Seagraves: McCormick 9-yd run; pass failed

Seagraves: Davis 4-yd run; run failed

Stanton: Hanson 1-yd run; Richardson kick.

Coed Soccer Program Set

The Big Spring YMCA will initiate a coed soccer program for youngsters from third grade through sixth.

The first practice session is set for 10 a.m., Nov. 8 at the Y, 801 Owens. Youngsters may sign up until Nov. 3.

Soccer, one of the fastest growing sports in America today, will be taught in the Gra-Y sports program.

For information, contact the Y at 267-8234.

Sooners Triumph

NORMAN, Okla. (AP) — A swarming Oklahoma defense, spearheaded by 260-pound Leroy Selmon, pressured Iowa State into several early turnovers that put the Cyclones in a 26-0 hole at the half as the second-ranked Sooners plowed to a 39-7 triumph in a sloppy played Big Eight football game Saturday.

All-American halfback Joe Washington scored on runs of three and six yards as Oklahoma, despite a school record 13 fumbles, extended college football's longest winning streak to 27 games. The Sooners have not lost in 35 consecutive contests.

Oklahoma jumped out ahead 17-0 after the first quarter. All the scoring was set up by Iowa State fumbles and the Oklahoma drives covered only 13, 49 and 45 yards.

Heart Attack Fatal To Coach

GREENVILLE, N.C. (AP) — Clarence Stasavich, athletic director and former head football coach at East Carolina University, died Friday of a heart attack.

"Stas," was named small-college coach of the year in 1964, while at East Carolina.

Funeral services and burial will be in Greenville. Arrangements are pending.

World Players Off Limits To National

NEW YORK (AP) — National Football League clubs hoping to pick over the bones of the dead World Football League will have to wait a while.

Commissioner Pete Rozelle said Friday that WFL players are off limits as far as NFL clubs are concerned for the balance of the 1975 season. Rozelle's announcement followed receipt of a telegram from attorneys for the WFL Memphis Southmen which warned the NFL to leave former WFL players alone or face a barrage of lawsuits.

"We don't want to get involved in a lengthy, complicated business," said Rozelle. "The WFL created the problem. We just don't know how weak or how strong each of the individual (WFL players') contracts are."

Rozelle said that signing players at this stage of the season would be more trouble than it is worth and could lead to disputes among various NFL clubs.

"We don't want to get into a situation whereby one team in a divisional race gets clearance to sign a player, then uses him and wins a game, and then the contract is challenged.

"The only conclusion we can reach," added Rozelle, "is to prohibit all such signings and hope the legal situation can be resolved in time to permit such players to sign with NFL clubs in 1976."

Meanwhile Rozelle's edict leaves such WFL stars as Larry Csonka, Paul Warfield, Jim Kiick—the three Miami Dolphin defectors—Calvin Hill, Ted Kwalick and Anthony Davis, the league's leading rusher, in limbo.

In Miami, Dolphin Coach Don Shula said he was not surprised by the day's developments and not particularly disappointed at the loss of his three former stars.

"I just felt there would be a legal entanglement and it came as no surprise to me because (Memphis owner John) Bassett claimed they were under a valid contract," said Shula. "They claimed they were free of it.

"It's something that has to be worked out with the parties involved, with Bassett and the WFL. If Csonka and the other people would have been free and clear, I would have had to make a decision on what I wanted to do."

Apparently, the Green Bay Packers were the only NFL club which had signed a WFL player after the crash. The Packers signed defensive end Dave Roller after the Southern California Sun went down but Coach Bart Starr said Friday that the contract was void due to Rozelle's ban.

Tech Finishes Close Second

LUBBOCK, Tex. (AP) — Eastern New Mexico's Mike Boit set a meet record with a time of 19:12 Saturday to pace ENMU in a four mile cross country victory at the Texas Tech Invitational. ENMU grabbed first, third and fifth places for a total of 32 points.

Finishing just two seconds behind Boit was Desmond O'Connor of Angelo State. Eight of the top 10 individuals finished with times under 20 minutes.

Texas Tech finished a close second behind defending champions ENMU with 45 points, followed by Angelo State, with 81.

"This is one of the most outstanding performances we've had", said Tech coach Corky Oglesby. The Raiders were led by Roger Ellis with a time of 19.35.

Dawson Scores

DAWSON — Leading only 14-8 at halftime, Dawson broke away from Klondike to win out, 41-8, in District 1-B eight-man action here Friday night.

The win protects Dawson's spotless seasonal record at 7-0 and 3-0 in 1-B and Klondike, 5-2 and 2-1.

Quarterback Jessie Kitchens led the Dawson attack, throwing for two TDs and running two more over. His first TD strike was a 12-yard pass to his brother.

PEOPLE WHO SHARE — The Rehabilitation Center treats patients of all ages and financial conditions. Mrs. Gary Turner (left) and Paul Meek (center) stop by to see how Clifford Draper is responding to the whirlpool treatment he receives at the Center.

Enjoy A Gala Evening At Dora Roberts Rehabilitation Center

By JULIE SIMMONS

Although the Dora Roberts Rehabilitation Center is not affiliated with any hospital, its expenses are the same as the thrapy department of a large hospital. No other organization in Big Spring offers the four therapies the Rehabilitation Center is staffed to handle. Patients are treated regardless of their ability to pay, although some pay the full cost of the treatment.

For all these reasons and more, it is evident that the Rehabilitation Center must be supported generously by the community it serves in order to continue to provide the excellent therapy and rehabilitation.

Mrs. Jan Morgan conceived the idea of a Gala benefitting the Rehabilitation Center more than a year ago. She organized the supporters of the Center, made initial plans for a wholesale furrier and importer of diamonds to provide merchandise to be sold at the Gala and began to arrange the many endless details of a fund-raising event. Then she approached Jack Davis, director of the Center, for his sanction of the event.

Totally surprised, Davis readily agreed to the project. With a go signal given to the organizers, the first Gala Evening was underway.

Last year's Gala was a total success. The second annual Gala Evening will be held from 6:30-10:30 p.m. Nov. 4 in the Big Spring Country Club with some exciting, new features planned for the evening.

John Tauben, wholesale furrier and importer of diamonds will return with his collections. Tauben will donate five per cent of the proceeds from the fur and diamond sale to the Rehabilitation Center.

The furs will be shown by James McElhannon with Jay Haberman displaying the diamonds.

As a new feature this year, the Gala hosts have arranged for 18 area artists to exhibit and sell original paintings and sculpture during the evening.

Most of the art work on display will be Western art.

Artists will be present to discuss their art with the Gala guests so they can gain a more intimate appreciation of the work.

Artists planning to display their work are A. P. Baker, Houston; Jerry Batson, San Angelo; Bob Biggs, Richardson; Al Brouillette, Arlington; David Brownlow, Burr Fairland, Nancy Barse Moore and Paul Tadlock, all of Fort Worth; Bob Gartland, Lawton, Okla.; Boyd Graham, Wanda Wright, and H. C. Zachery, all of Abilene; G. Harvey, Leander; Jackson Hensley, Taos, N.M.; Gary Myers, Ruidoso, N.M.; Ronald Thomason, Weatherford; Robert Tommy, Dallas; and Rita White, Muleshoe.

Some outstanding Bronze by Lewis M. Boller Jr., Sid Burns, George Kosanovick, California; and John Scott, Colorado, will be shown by Rance St. John of the Trails West Gallery in Irving.

The artists will donate ten per cent of their proceeds to the Dora Roberts Rehabilitation Center.

Besides the proceeds from the art, fur and diamond sales, the entire amount paid by each guest to attend the Gala, $25, is donated to the Center.

The Gala is a black tie affair. Champagne and a buffet will be served. Musical entertainment will be provided by the Jack Cannon Trio of Dallas.

The hosts for the Gala will pay all the expenses for the evening. Hosts are Mrs. Doris Chalk Cole, Dr. and Mrs. R. B. G. Cowper, Col. and Mrs. Roy Dayton, Mr. and Mrs. D. L. Dorland; Mr. and Mrs. Will P. Edwards Jr., Mr. and Mrs. George McAlister; Mr. and Mrs. Lorin S. McDowell III, Dr. and Mrs. P. W. Malone, Mr. and Mrs. Toots Mansfield, Mr. and Mrs. Paul Meek, Gene Mikeska, Mr. and Mrs. Kent Morgan; Dr. and Mrs. Wesley Strahan (Lamesa), Mr. and Mrs. John Taylor, Mr. and Mrs. Gary Turner, Mr. and Mrs. Jerry Worthy and Mr. and Mrs. Winston Wrinkle.

Anyone interested in attending the Gala may send in the admittance fee to Mrs. Kent Morgan, P.O. Box 333, Big Spring, Texas, 79720.

Guests attending the Gala will be those people who want to support an organization that offers such excellent medical rehabilitation to the entire Permian Basin area. Enjoy a Gala Evening and support the Dora Roberts Rehabilitation Center.

Dora Roberts Rehabilitation Center Provides Community Service

By JAMES WERRELL

When the question is posed to Jack Davis, director of the Dora Roberts Rehabilitation Center, "If I'm not disabled, what does the Center do for me?", he has a reply.

"It is part of the over-all philosophy of the center to help our fellow man. We respect human needs. There is always a percentage of people who are either born with problems, or develop problems through trauma or disease. If we are not helping you, we are here to your your neighbor, your mother or father when they are victims of a stroke, or your children when they are born disabled."

"There is not a person in this community who has not been directly affected by the Center, whether it is the person himself, or a friend or relative," said Kirby Horton, director of physical therapy at the Center.

The Dora Roberts Rehabilitation Center began its existence in June, 1961 as the Howard County Rehabilitation Center. In November, 1966 the name was changed to Dora Roberts Rehabilitation Center. It presently provides services in the areas of audiology, occupational therapy, physical therapy, speech therapy and other supporting services. The professional staff provides approximately 16,000 treatments a year.

In addition to these services, the Center also houses the Public Health Department, Howard County Family Service Center, and the Information and Referral Agency.

The Center offers complete audiometric services carried out by master level audiologist, Glenn Carrigan, who performs audiological evaluations, hearing aid evaluations, and impedance measurement. The Center also has mobil van for the purpose of mass industrial audiological testing, and screening for schools.

The Center's industrial audiometric evaluations attempt to provide a personal history for each employe who has been exposed to damaging noise levels and the significant illness or trauma that may have resulted. Along with this, the Center determines noise levels within the industrial plant, evaluates hearing safety measures taken by the company, and runs an employe education program to urge the acceptance and utilization of ear protection.

The Center also provides a registered occupational therapist, Bev Steffen, who provides services in areas of activities of daily living, visual perceptual training, fine and gross motor testing and various specialized exercise programs.

The physical therapy department at the Center is staffed by licensed physical therapist, Kirby Horton, Karla Berge and Kaki Morton, offering complete rehabilitative services for persons with physical disabilities. Some of the services provided include heating modalities, whirlpool, hot packs, therapeutic massage, electrotherapy, specialized exercises for strengthening, and gate training with prosthesis.

The speech department headed by Sandra Thrasher offers all available evaluation and treatment techniques in working with patients. Some of the areas served by the speech department are articulation, language disabilities, stuttering, language delay and cleft palate.

In terms of special services offered by the Center, all four of the Center's professional areas are brought to bear in the back-to-school-screening-program. The program, which is offered twice yearly or upon request, gives screens in areas of vision, speech, hearing, posture, motor development, and dental conditions.

In a recent screening of a private kindergarten in Big Spring, 22 of the 25 children screened had problems that needed attention. The cost of the screening is $5 per student. The cost to the Center is approximately $50 per 15 minute station.

Four times a year the Center sponsors a clinic on Saturday mornings for orthopedically handicapped children under the age of 21. It is free of charge to the public and patients are seen by a pediatrician, orthopedic surgeon, physical therapist, occupational therapist, speech therapist, audiologist and a brace man.

In the summer months a recreational program is carried out by volunteers consisting of arts and crafts and wimming for the handicapped children of Big Spring and surrounding communities.

The Center also provides a pre-natal and post-partum program for expectant mothers. Exercises in muscle strengthening and body mechanics are taught by Kaki Morton. Classes being every two weeks.

The Dora Roberts Rehabilitation Center provides a large number of expensive but vitual services to the community. It is a non-profit organization but often has trouble breaking even on its budget. The Center relies heavily on financial help from concerned citizens but Jack Davis states the Center's priorities succinctly, "We don't want to lose sight of our original purpose. The goal of helping people can't be lost in the chase for the dollar."

(Photo By Danny Valdes)

THERAPY SESSION — Bev Steffen (left-foreground), occupational therapist, aids patient, Petra Cantrell, in the Dora Roberts Rehabilitation Center Physical Therapy Room. Hoover with an individualized weight lifting therapy program.

Mrs. Talbot Speakes To Altrusa Club

Members of the Altrusa Club met at noon Thursday at Coker's Restaurant.

The guest speaker, Mrs. Loraine Talbot, was sponsored by the Altrusa International committee. She gave a historical program on the immigration of her mother's ancestors from Poland to the United States in 1851. This group of 100 Polish immigrants became the first to immigrate to the United States from Poland.

Mrs. Talbot and 56 other direct descendants of these immigrants made a pilgrimage to Poland three years ago. She told of their trip to Poland.

The Altrusa Club will have a make-up meeting at 7 p.m. Thursday at the Spanish Inn.

ABWA Chapter Plans Dinner

The Scenic Chapter of the American Business Women's Association will hold a business meeting at 7 p.m. Nov. 4 in Furr's Cafeteria. Col. Arthur Burer will be the guest speaker. He was a former Vietnamese prisoner of war.

A spaghetti supper will be held on Nov. 7 in the First Methodist Church. Dinner will be served from 5-7 p.m. Door prizes will be awarded during the dinner.

The Scenic Chapter of ABWA urges all football fans to enjoy the spaghetti supper before the Big Spring Steers vs. Odessa High Broncos football game.

Carry-out dinners will be prepared.

Sewing Club Has Meeting

Mrs. Walter Witte hosted the Friendship Sewing Club in her home Thursday afternoon. Mrs. Corma Stoval was cohostess.

Mrs. Witte showed the members her collection of family heirlooms and antiques.

Members worked on individual projects. Some women worked on antique crochet patterns.

Refreshments were served by the hostesses.

The next meeting of the club will be at 2 p.m. Nov. 6.

Gay Hill 4-H Meets Monday

Jackie Buchanan presided at the Monday evening meeting of the Gay Hill 4-H Club held at the Gay Hill school with members answering the roll call by naming their favorite football team.

The club motto was led by Craig Peterson and the pledge was led by Jana Wegner. Scott Underwood gave the prayer. Dana Westbrook presented the devotional.

New members welcomed at the meeting were Dee Nanny, Arna Nanny, Dina Wallace and Brenda Roberts.

The bicentennial project of cleaning the Bethel Baptist Cemetery is set for 2 p.m. Nov. 1.

A community game night will be held Nov. 8 at the Gay Hill school.

Brent Rhoton introduced Clyde McKinney of Big Spring who showed a film and spoke on his hobby of racing pigeons. He raced his pigeons in a state-wide competition.

Refreshments were served by the Wegners.

The next meeting will be at 7:30 p.m. Nov. 10 at the Gay Hill school.

NUPTIALS PLANNED — Mr. and Mrs. Royal C. Mills, 1206 E. 17th wish to announce the engagement and approaching marriage of their daughter, Rebecca Clare, to Stephen Lloyd Calhoun, son of Mr. and Mrs. Howard L. Calhoun, 3617 Dixon.

The couple will be married on Nov. 29.

The bride-elect and the prospective bridegroom are both graduates of Big Spring High School.

HD Members To Assist At BSSH Halloween Party

Mrs. Henry Thames, Mrs. Roy Spivey and Mrs. J. C. Thames will represent the Airport Home Demonstration Club at the Halloween party for the patients of Big Spring State Hospital slated for Oct. 29. The Airport HD Club will furnish refreshments for the party.

The appointments were made at the Tuesday afternoon meeting of the club in the home of Mrs. J. L. Metcalf, Coahoma. Mrs. Metcalf presided at the business meeting.

Members welcomed a new member, Mrs. Leonard Roquemore, and several guests, Mrs. Dick Clay, Mrs. Bate Lewis and Miss Sherry Mullin.

Committees were appointed to coordinate parties and activities for the holiday seasons. On the Thanksgiving committee are Mrs. Ray Parker, chairman, Mrs. B. A. Bunn and Mrs. Henry Thames. The Christmas committee is composed of Mrs. Fred Jones, chairman, Mrs. R. D. Key and Mrs. Robert Lee.

Miss Mullins presented a program on creating home care products.

The next meeting will be in the home of Mrs. Roy Spivey, 1301 Madison, at 1:30 p.m. Nov. 4.

Child Abuse Program Given To HD Club

The Fairview Home Demonstration Club met Tuesday afternoon in the home of Mrs. O. E. Hamlin. Mrs. C. A. Smauley presided at the business meeting.

Mrs. Glenn Earhart presented a program on child abuse entitled "The Most Dangerous Childhood Disease." Child abuse is listed as an adult sickness. Mrs. Earhart stated that there are over 300,000 cases reported each year. She cited figures with which showed that from 1966 to 1970 child abuse increased 500 per cent.

Mrs. Hamlin served refreshments to the group.

The next meeting will be at 2 p.m. Nov. 4 in the home of Mrs. J. F. Skalicky, 1623 17th. Miss Sherry Mullin will present the program.

MRS. JAMES ROYCE RAMPY

Miss Harris Wed In Home Service

Miss Linda Annette Harris and James Royce Rampy exchanged wedding vows in a Friday evening ceremony held in the home of Mr. and Mrs. Weldon Huskey. James M. Rampy, grandfather of the bridegroom, officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. Raphel Harris of Hurst. Parents of the bridegroom are Ms. Virgie Rampy and Jerry Rampy, both of Dallas.

The couple was united before an archway entwined with greenery and white carnations. Basket arrangements of white carnations flanked the arch.

Miss Becky Huskey, pianist, furnished wedding music during the ceremony.

The bride chose to wear a formal-length gown of white satin styled with an empire waist and trimmed in lace. She carried a bouquet of white carnations centered around an orchid.

Miss Jan Harris served her sister as maid of honor. She wore an off-white dress enhanced with orchid flower appliques. Her bouquet was of white carnations tipped with orchid.

Randall Johnson of Dallas was the best man.

A reception was held in honor of the newlyweds following the ceremony. Miss Patty Rampy, sister of the bridegroom, and Miss Karen Smith served refreshments from a table covered with a white lace cloth with a lavender underlay. A centerpiece of white carnations enhanced the table.

Mrs. Rampy is a former resident of Coahoma. She graduated from L. D. Bell High School.

Rampy attended David W. Carter High School in Dallas.

Relatives attending the wedding from out of town were Mr. and Mrs. Duane Sanders of Big Spring and Mr. and Mrs. Gilbert Leach of Colorado City, grandparents of the bride.

Miss Askew Honored At Gift Shower

Miss Martha Askew, bride-elect of Robert R. Sanchez, was honored at a shower held Friday evening in the fellowship hall of the Church of the Nazarene.

Hostesses for the shower were Mrs. Debbie Raccuglia, Mrs. Mary Barnhill, Mrs. Vada Taylor and Mrs. Jolene Holmes.

Refreshments were served by the hostesses from a table covered with a white cloth and centered with an arrangement of candles and yellow and white daisies.

The couple will be married Nov. 14 in the San Antonio home of the prospective bridegroom's parents, Mr. and Mrs. Robert S. Sanchez.

Miss Askew's parents are the Rev. and Mrs. William F. Askew of Springfield, Mo.

Phillips Visit In Big Spring

Mr. and Mrs. W. T. Phillips and their granddaughters, Tena, have recently returned to their lakeside home at the Lake of the Pines near Longview after visiting in Big Spring for a week with his aunt, Mrs. George Phillips, and his brother and family, the Waymon Phillips.

Garden Club Meets Tuesday

Mrs. Ruth Jobe of Lamesa, presented a program on iris at the Tuesday afternoon meeting of the Rosebud "How To Grow" Garden Club. Members met in the home of Mrs. Martha Womack.

Mrs. Jobe explained some of the do's and don'ts of planting, caring and separating iris. She listed the types of iris that would grow well in Texas, emphasizing the iris that are suitable for the different climates of the state. She concluded the program with a slide presentation on the different types.

Refreshments were served to the members by Mrs. Womack.

The next meeting will be at 1:30 Nov. 18 in the home of Mrs. S. J. Kamm, 604 Drake.

Wash Car From Top Down

Summer's over. No more trips to the ol' swimming hole or the pounding surf. Probably fewer trips to the take-out or drive-in restaurants and pizza places.

"It's a good time to wash the car and clean the inside too," says Dorothy Humphrey, consumer information specialist for Johnson Wax. "When washing the car, start at the top and end at the wheels, using a mild detergent, cool water and a sponge."

Before using a convenient interior cleaner spray on the carpeting, dashboard or seat covers, vacuum thoroughly.

Restore Shine

With peak summer traffic over, you can restore your vinyl kitchen floor to its proper transparent shine, says Dorothy Humphrey, consumer information specialist for Johnson Wax. Use an acrylic polish such as Future that will hold up under spills, washings and rain-soaked shoes of the months ahead.

WATER WEIGHT PROBLEM? USE X-PEL

Excess water in the body due to build up of premenstrual period can be uncomfortable. X-PEL... a mild diuretic, will help you lose excess body water weight. Only $3.00. We recommend it.

Home League Plans Party On Halloween

A Halloween Carnival will be held from 6-9 p.m. Oct. 31 in the basement of the Salvation Army Citadel. All area children and adults are invited to attend the carnival on Halloween evening.

Among the activities planned for that evening are a fishing pond, a white elephant sale and a spook room. Refreshments will be available.

Plans for the Halloween Carnival were made at the Tuesday morning meeting of the Home League of the Salvation Army held at the Citadel.

Mrs. Nella Stephens made the announcements.

Mrs. Debi Stevens gave a devotional entitled "The Tender Trap" taken from a book by Marjorie Holmes.

The next meeting of the Home League will be at 10 a.m. Tuesday at the Citadel.

Mom Wants To Clean Up Young Son's Dirty Mouth

DEAR ABBY: Our 6-year-old child has suddenly started to use some four-letter words. He must have picked them up from the neighborhood children because he certainly never heard that kind of language around home.

The first time he said a dirty word, I washed his mouth out with soap, but it didn't do any good because he used that word again. Then I punished him by taking away his TV privileges. Even that didn't help.

My husband says I should ignore him when he uses dirty language. But, Abby, a child has to learn what is acceptable and what is not.

What do the experts say about how to handle this problem?

PUZZLED

DEAR PUZZLED: The "experts" agree with your husband, but I disagree with the experts.

I say, let your child know that those words are "not nice" and tell him which words to use instead. Should he continue to use the "dirty" words, don't react with shock, anger or disgust — just gently correct him. Some kids use shocking language just to get a rise out of their parents.

DEAR ABBY: I recently attended a wedding with a friend of mine and got the shock of my life when I learned that the bride and the "groom" were both females!

Never have I attended such a gathering of freaks. The bride was dressed in a white gown and veil, and the "groom" wore a tuxedo. I got sick to my stomach and couldn't stay.

Have you ever heard of anything like this before? I never knew that a woman could be married to another woman in a church. Are they a pair of mental cases or what?

SAM

DEAR SAM: They are not necessarily "mental cases"; they are lesbians. The Metropolitan Church in Los Angeles performs "same-sex" marriages, but they are not recognized by law.

DEAR ABBY: What do you think of a daughter who has become so "modern" she doesn't believe in letter writing? She says, "Mother, this is the jet age. We either phone or fly."

The only calls we ever get from her are collect. (We are on Social Security.)

When we send her children gifts or a check, we never even get a "thank you." They are 15 and 17, and I'm sure they know how to write.

This is not the way my daughter was brought up, but she says, "You are still living in the horse and buggy age."

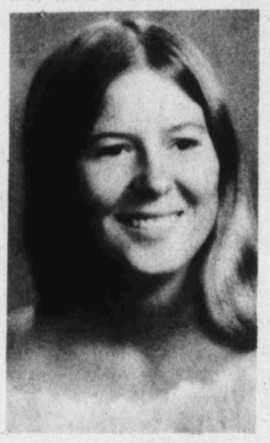

She is breaking our hearts. What can we do?

USED IN CLEVELAND

DEAR USED: For openers, you can refuse her collect calls. You can also discontinue sending your 15- and 17-year-old ungrateful grandchildren gifts and checks. Or you can continue to let yourself be "used." (But if you do, don't complain. No one can "use you" without your cooperation.)

CONFIDENTIAL TO C.L. IN HIGHLAND PARK, ILL: The quote was: "The Person who comes into your company and hogs all the conversation is no less a hog than the person who comes to the table and eats all the food." And I'll accept all the credit — or blame for it.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

MARRIAGE PLANS — Mr. and Mrs. Paul Sibert wish to announce the engagement and approaching marriage of their daughter, Annette Steele, to Bernard Fecko, son of Mr. and Mrs. Bernard J. Fecko of Leigh High Acres, Fla.

The couple will marry Nov. 15 in Webb Chapel.

The prospective bridegroom is currently stationed in Alaska.

Awards Presented By RSVP Council

Four awards for outstanding contributions to the Retired Senior Volunteer Program were made at the fall luncheon of the RSVP Council held Wednesday morning at the Downtown Tea Room.

Miss Agnes Currie, Mrs. Ollie Bransom and Mr. and Mrs. A. E. True were the recipients of the service awards. The awards are made on a yearly basis to people or organizations in Howard County who support the RSVP programs.

Special guests attending the luncheon were R. W. Wells, RSVP Advisory Council chairman; Mrs. A. V. Nixon, RSVP Club, Colorado City; Don DeLeeuw, chairman of the Volunteer Council of the Big Spring State Hospital; and the Big Spring RSVP Advisory Council members, A. W. Moody, Mrs. Ollie Bransom and Don McCray, vice chairman.

The guest speakers were Mrs. Margaret Baum, Volunteer coordinator BSSH; Mrs. Dene Shepherd, Volunteer coordinator, Veterans Administration Hospital; Mrs. Venora Williams, assistant director, Howard County Senior Citizens Center; Mrs. Jo Ann Lopez, assistant administrator, Big Spring Nursing Inn; and Billy Hendrix, Mountain View Nursing Lodge. Each speaker explained the different volunteer activities that senior citizens could be involved with their organizations.

The speakers asked that persons interested in doing volunteer work call the RSVP office at 267-2261 for more information.

Sorority Elects Sweetheart

Mrs. Melba Smith was elected Valentine Sweetheart of the Xi Pi Exemplar chapter of Beta Sigma Phi. The election was held Wednesday evening at the club meeting in the home of Mrs. Janelle Britton. Mrs. Smith will be presented at the Valentine Ball slated for February 14.

Mrs. Smith presided at the business meeting.

Members discussed possible service projects. They decided to purchase an American flag for a local Girl Scout troop.

A program entitled "This Is My Country" was presented by Mrs. Mackie Hayes.

Mrs. Hayes announced that the next meeting slated for Nov. 12 would be a combination social and business meeting. All members will meet at the Pioneer Natural Gas Flame Room and will then go to a local restaurant for dinner.

Comanche Trail LGA Welcomes New Golf Pro

The Comanche Trail Ladies Golf Association met for the annual dinner Tuesday evening at La Posada.

Guests attending were new golf pro and his wife, Mr. and Mrs. Bobby Howell, and the husbands of the members.

The dinner was a get-acquainted meeting for the members and Mr. and Mrs. Howell. Bob Waters and Mrs. Susie Anderson welcomed the guests and expressed the club's appreciation to them concerning the work that is Howell is doing with the pro shop and the golf course.

Mrs. Anderson appointed a nominating committee for officers for the coming year. Members of the committee are Mrs. June Waters, chairman, Mrs. Bonnie Hale, Mrs. Merle St. John, Mrs. Jo Ann Hughes and Mrs. Glenodene Williams.

Howell spoke after dinner about his plans for the coming year.

Mrs. Howell was presented with the floral arrangements decorating the table.

Miss McCutchan Weds In Presbyterian Church

Miss Holly Patricia McCutchan became the bride of John Hale Best in a candlelight ceremony held Thursday evening at the Presbyterian Church of Coahoma. The Rev. Charlie Murphy officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Marvin E. McCutchan, 708 Culp, Coahoma, and Mr. and Mrs. V. E. Best, 203 N. Avenue, Coahoma.

Both the bride and the bridegroom are graduates of Coahoma High School. Mrs. Best is employed by the city of Coahoma. Best attended Howard College and is employed by Carroll Choate.

The couple stood before an arch adorned with blue carnations, boxwood greenery, gypsophila, white satin bows and miniature wedding veils. Branched candelabra flanked the arch.

Mrs. Jo Best, sister-in-law of the bridegroom, provided nuptial selections at the organ. Vocalists were Miss Valrae Best, sister of the bridegroom, and Miss Laurie Choate.

The bride was attired in a formal-length gown of sheer embroidered organza over crepe. The gown was styled with an empire bodice and princess skirt. The dress featured sheer full sleeves gathered into cuffs. Her veil of illusion fell from a bow of matching organza. She carried a cascade bouquet of white carnations, blue roses and gypsophila tied with blue and white satin streamers.

Miss Valrae Best, sister of the bridegroom, attended as maid of honor. She wore a dress of blue lace over blue satin styled similarly to the bride's dress. Her headpiece was a bow of blue lace.

Miss Sherry McCutchan, sister of the bride, was bridesmaid. She wore a dress identical to the honor attendant's dress except in white lace over blue satin. Her headpiece was a white lace bow. Both attendants carried cascade bouquets of white carnations and blue roses with white satin streamers.

Steve Best of Abilene was best man with Jo Best, brother of the bridegroom, as groomsman. Ushers were Alvin Best, the bridegroom's brother, and Mike McCutchan, the bride's brother.

Jeni McCutchan and Diana Darden, both of Coahoma, were flower girls.

Candlelighters were Miss Vicki Long and Miss Jana Gilmore, both of Coahoma.

Following the ceremony the newlyweds were honored at a reception in fellowship hall of the church given by Mrs. Rex Shive, Mrs. Paul H. Allen, Mrs. Eddie Engel and Mrs. Charlie Murphy.

The refreshment table was covered with a white linen and lace cloth with a blue and white floral arrangement in a crystal centerpiece. Crystal and silver appointments were used. Serving were Mrs. Ina Stout, Miss Lisa Grizzard, Miss Francis Bartlett, Mrs. Fannie Clark and Mrs. Linda Best.

Jay Phinney, guitarist, played during the reception.

Relatives attending from out of town included Mr. and Mrs. C. W. Best, Noodle; Mr. and Mrs. Alton Ledbetter, Stanton; Mr. and Mrs. Pete Cunningham, Sweetwater; and Mr. and Mrs. Edwin Wright, Robert Lee.

Rebekahs, Odd Fellows Plan Halloween Party

Big Spring Rebekah Lodge No. 284 and Mullins Lodge No. 372 Odd Fellows will sponsor a Halloween Party at the IOOF Hall at Ninth and San Antonio on Oct. 30. The activities will begin at 7 p.m.

Refreshments will be available along with cake walks and game booths for the entire family.

Plans for the carnival party were made at the Tuesday evening meeting of the Rebekahs held at the IOOF Hall. Mrs. Maudie Jones, noble grand, presided at the business meeting.

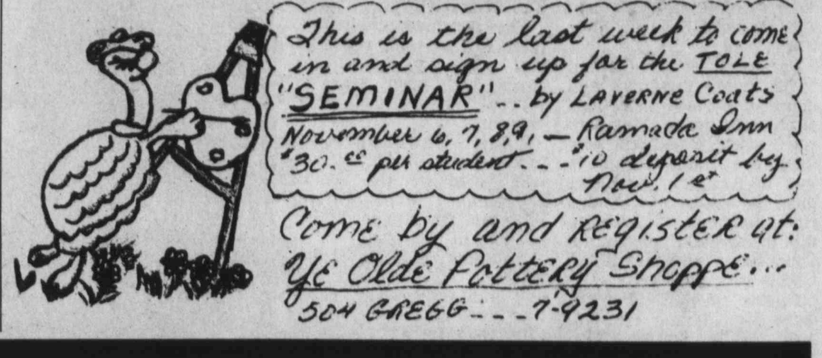

Several members volunteered to bake cookies for the patients at the Big Spring State Hospital.

Two recommendations for deputy offices were made during the meeting. Mrs. Sheri Wilson was recommended for lodge deputy with Mrs. Jewel Fields recommended for district deputy.

Members reported sick visits and phone calls.

The next meeting of the Rebekahs will be at 7:30 p.m. Tuesday in the IOOF Hall at Ninth and San Antonio.

Lodge Deputy Elected At Rebekah Meeting

Mrs. Lavelle Hill was elected lodge deputy for the term beginning in March at the meeting of the John A. Kee Rebekahs. The meeting was held Tuesday evening in the IOOF Hall with Mrs. Billie Martin presiding.

Mrs. Dee Martin gave a school of instruction during the meeting.

Members made plans for a "Tacky Party" to be held at 7:30 p.m. Tuesday in the IOOF Hall. Everyone is to bring a sack supper to eat after the business meeting.

Volunteers Set Date For Rummage Sale

The Volunteer Services Council, Big Spring State Hospital, is nearing completion of the plans for the semi-annual rummage sale to be held Oct. 30, 31 and Nov. 1 and 3 from 9 a.m. to 6 p.m.

The location of the sale will be the 7-11 building at State and Ridgeroad which has plenty of parking space and is easily accessible.

Truckloads of interesting items are currently being arranged for easy selection. Among the items for sale will be clothing, kitchen items, books and other merchandise. This merchandise has been gathered all year for the rummage sale.

Mark the dates on your calendar for the semi-annual rummage sale.

Mr. and Mrs. Kenneth Thomas wish to announce the engagement and approaching marriage of their daughter Marla, to Mike Cathey, son of Mr. and Mrs. Bobby Cathey. The couple plans to be married on Dec. 27 in the home of the bride-elect's parents.

Patriotic Program Given To Sorority

The program for the Thursday evening meeting of Texas Beta Omicron chapter of Beta Sigma Phi was given by Mrs. Ruth Penner and Mrs. Pam Carroll. The meeting was held at the Barcelona Apartments club room, and was presided over by Mrs. Ruth Penner.

The program was entitled "This is My Country" and included several selections of patriotic music. Members were asked to explain why they were proud to be able to live in America. Architecture, the history of women's rights, and cultural heritage was discussed. Copies of the Constitution and the Bill of Rights were displayed.

Guests at the meeting were Mrs. Wilma Nielson, Mrs. Willie Sutton, Mrs. Normal Friesen, and Miss Cynthia Nielson.

A Ritual of Jewels ceremony was held for Mrs. Mary Adams, Mrs. Kathie Bartholomew, Mrs. Pat Radcliffe, Mrs. Doris Arcand, Mrs. Connie Scasiley, and Mrs. Pam Leggett.

A "Pushy Pledge" skit, was also presented by the newly inducted Beta Sigma Phi members. The skit was a model meeting and comically illustrated the duties of an elected officer in Beta Sigma Phi.

Mrs. Penner announced that 89 letters had been sent by members of the chapter and friends of the chapter to Congressman Omar Burleson concerning declaring the seven days commencing with April 30 every year as National Beta Sigma Phi Week. Members were presented with letters that answered their own from Omar Burleson.

A report was given concerning, the chapter's donation to the Jana Tinsley fund in memory of Kimberly Lindsey, daughter of former member, Mrs. Sharan Lindsey.

On display at the meeting was the Outstanding Chapter Award which was presented at the West Texas Area Convention on Oct. 11 in Odessa.

Work on the projects for the bazaar to be held in November is continuing. Ms. Kathy Crawford, publicity chairman, reported that public service announcements are to be given out on radio stations KBST, KHEM, and KBYG.

The sunshine chairman, Mrs. Phyllis Cox, reported that sympathy gifts and cards had been sent to several members of the chapter.

The Thanksgiving progressive dinner menu was listed by the social chairman, Mrs. Linda Wittman. The dinner will be at 6:30 p.m. Nov. 15.

A closing ritual ended the meeting. The next meeting will be at 7 p.m. Nov. 13 at the home of Mrs. Phyllis Cox, 1700 Main St.

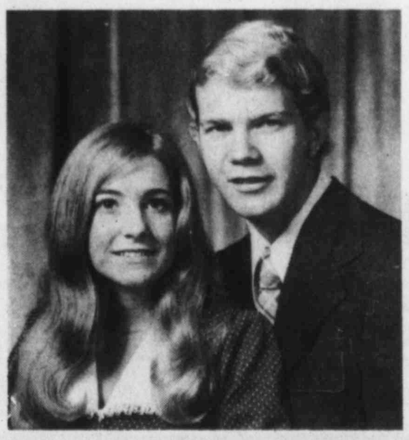

ENGAGED — Mr. and Mrs. A. J. Bohannon of Heaton Road, Sand Springs, wish to announce the engagement of their daughter, Sharon Kay. Miss Bohannon will marry Ervin Ray Paul, son of Mr. and Mrs. Joe E. Paul, 2500 West Hwy., on Dec. 20 in the First Baptist Church of Coahoma.

Weight Bank Pays 12 Per Cent Interest A Year

"The Weight-Bank, Inc." has been organized by Dr. Hasib Tanyol of Philadelphia to help patients lose weight. To become a member, applicants must sign a legal contract to pay The Weight Bank each week for an agreed upon period while working for an agreed upon weight loss.

Weekly weigh-ins, advice, and an opportunity to talk with other members encourage progress. However, if the aggreement is not fulfilled within the stated period, the money is forfeited to successful members. If the agreement is fulfilled and weight loss maintained, all money is returned with interest — which is reported to be 12 per cent a year.

Mr. and Mrs. Charles Barbee, 2710 Cindy Lane, and Mr. and Mrs. Sherrill Carroll, 1307 Baylor Blvd., announce the engagement and approaching marriage of their children Sharlyn and Mike. The nuptial vows will be repeated November 28, at College Baptist Church with Dr. Jimmy D. Law officiating.

PRIDE PEOPLE — Mrs. Odell Womack, Beautification Chairman of the Chamber of Commerce, presents the Beautification Certificate to Paul Meek, president of Cosden Oil and Chemical Co. At far left is Sid Smith, contractor, decorator and designer of the Cosden Petroleum Building which was recently renovated and redecorated. The grounds around the building were landscaped, providing an attractive setting for the main office. Also pictured (third from left) is Terry Hanson, manager of the Chamber of Commerce. The Beautification Certificate was awarded to Cosden Oil and Chemical Co. for the renovated grounds and building.

Also presented with Beautification Awards were Lanny Hamby, attorney at law, for the renovation of the building and grounds at 208 W. Third; Relerce Jones, for his landscape work on the Phillips 66 service station at Third and State; and Dewey Ray, owner of the Chrysler, Dodge Plymouth dealership, for his redecoration of the inside of the establishment and the entrance.

Couple Wed In Elm Grove

Mr. and Mrs. Richard D. Lea of 64 Cheltenham, Everman, Ft. Worth, wish to announce the marriage of their son, Donald Ray Ritchie Jr., to Miss Robin Lynn Lemaster. An evening wedding was held Oct. 18 in the Elm Grove Baptist Church.

Ritchie is the grandson of Jewel Hobbs, 1604 Stadium, Big Spring.

The bride is the daughter of Mr. and Mrs. Clyde Lemaster of White Settlement. She is a graduate of Brewer High School.

Ritchie is a graduate of Everman High School. He is in the United States Navy and has just completed a tour of duty in the Philippines, Hong Kong, Singapore, Australia, Vietnam and Cambodia.

After a wedding trip in Texas, the couple will reside in Corpus Christi.

Letter Carriers Auxiliary Meets

The Ladies Auxiliary to the National Association of Letter Carriers met Monday evening in the home of Mrs. Roy McKendree.

Members voted to sponsor Miss Ronda Beene in the American Cancer Society Bike-A-Thon.

A nominating committee was appointed to select recommendations for the 1976 officers. Members of the committee are Mrs. Melvin Brown, Mrs. Don Trupp and Mrs. Ray Roberts.

A report was made at the Monday meeting concerning the presentation of a book to Mrs. John Gee as a going-away gift. Her husband is being transferred. The presentation was made at the recent Post Office Barbeque.

The next meeting will be held at 7:30 p.m. Nov. 17 in the home of Mrs. Alfred Moody, 1514 Tuscon. Officers will be elected at that meeting.

Piano Pupils To Perform In Recital

Area piano students will perform at a public recital at 2:30 p.m. today in the Howard College auditorium.

The recital is hosted by the Big Spring Piano Teachers Forum. Various students of the members are selected each month to perform in the Sunday recital.

Performing at the afternoon recital will be Linda Hopskins, Micki High, Stacy Harrison, Todd Engle, Julie Lepord, Elizabeth Prevo, Nickie Parker, Lee Ann Hopskins, Tara Parker, Michelle Bowers, Suzanne Bowers, Jenna Bowers, Julie Miller, Laura Lynn Warren, Tymi Kay Brooks, Dawn Underwood, Scott Moore, Dawn Estes, Kathy Huskey, Michelle Coffee, Shauna Henry, Beverly Nickles and Annabeth Deats.

Mrs. Mays Speaks To ABWA Club

Mrs. Floyd Mays, mayor pro tem, was the guest speaker at the Monday evening meeting of the Cactus Chapter of the American Business Women's Association held at La Posada.

Mrs. Lahoma Clark, president, presided at the meeting.

Mrs. Mays presented slides and a talk about early homes belonging to Big Spring settlers. Some of these homes have been restored. Included in the slides were the Potton House, which is being restored and will be open to the public.

Mrs. Edna Hughes, owner of Hughes Trading Post, gave the vocational talk.

A business meeting followed the programs.

Members made plans for the annual Harvest Sale to be held at Highland Center mall Nov. 22.

Two new members were installed into the Cactus Chapter of ABWA. They are Mrs. Marie Horton, bookkeeper at the Livestock Auction, and Mrs. Naomi Willis, employed by the accounting and finance department of Webb Air Force Base.

Newcomers Plan Coffee

All newcomers to Big Spring and the surrounding area are invited to attend a newcomers' coffee from 10 a.m. to 12 noon Wednesday at the First Federal Community Room.

The coffee will be given jointly by the Newcomers' Bridge Club and the Newcomers' Handicraft Club.

Foir information concerning coffee of transportation, contact Mrs. Richard L. Terry at 267-7656.

Suit Filed Against Texas Cattle Firms

HARTFORD, Conn. (AP) — Five Connecticut businessmen and wives of two of the men, claiming they were bilked out of their beef cattle investments, have filed a $20 million federal court suit against three Texas cattle companies and a Hartford accounting firm.

FOR BEST RESULTS USE HERALD CLASSIFIED ADS

The U.S. District Court suit and several others like it follows a Securities and Exchange Commission investigation into alleged misrepresentations and fraud by officers of the companies.

The cattle firms include Wheatheart Inc. and Wheatheart Cattle Co., both of Perryton, Tex. Both are undergoing federal bankruptcy proceedings. The third firm is Continental Cattle Co., also of Perryton. The suit charged that the firm siphoned $5 million in funds from Wheatheart enterprises.

The suit claimed that the accounting firm, Peat, Marwick, Mitchell & Co. of Hartford monitored the Texas cattle businesses and should have warned investors of the potential financial risks.

The suit asked that the action become part of class action on behalf of 974 investors who put some $14 million into the cattle businesses between 1971 and 1974.

Those filing the local suit include: Edward W. Large, vice president and corporation counsel for United Technologies and his wife, Madeline; Ned C. Rice, energy conversion systems manager for United Technologies; Ernest W. Smith, Hartford Special Machinery Co. president; Robert Merrit, Hartford Special Machinery chairman and his wife, Priscilla.

BIG SPRING, TEXAS, SUNDAY, OCTOBER 26, 1975

Fertilizer Main Cause Of Ozone Destruction

UNITED NATIONS, N.Y. (AP) — Maurice Strong, outgoing head of the U.N. Environment Program, says the greatest danger to the earth's ozone layer may come from the use of nitrogen fertilizers and not from aerosol sprays.

"It's a lot easier to stop using aerosol than fertilizers," the former Canadian industrialist told newsmen Thursday. "If scientists are correct in their concern, we may have a real problem. If mankind has to limit the use of fertilizers, who would do the limiting? Those using them for food or for golf courses?"

The possibility that certain aerosol sprays, supersonic planes and nitrogen fertilizers are reducing the protective ozone layer around the earth is a major item of controversy between environmentalists and industry.

Many scientists are convinced that lessening of the layer will subject the earth's population to harmful rays from the sun that will increase skin cancer, for one thing.

Strong said major research into the link between fertilizers and the ozone layer is being conducted at the Massachusetts Institute of Technology.

Legg Resigns

MIDLAND — Reagan H. Legg has resigned as president of the Midland College board but will continue as a member of the board.

Legg was succeeded by Robert M. Leibrock, who moves up from the vice-presidency. Murray Fasken is the new vice president.

Things That Go 'Bump'

KANSAS CITY (AP) — Weird tales and ancient superstitions surround the celebration of Halloween in the British Isles. The devil himself supposedly appears on the Scottish Highland moors a' Halloween — wearing a tartan kilt and playing "The Death March" on bagpipes or clicking castanets made of human bones, reports Hallmark historian Sally Hopkins.

Country folk in Ireland would protect animals in the fields against ghosts by putting around their necks bells that had been blessed.

Your Daily HOROSCOPE
from the CARROLL RIGHTER INSTITUTE

SUNDAY, OCTOBER 26, 1975

GENERAL TENDENCIES: A good day to realize problems are opportunities which give the chance to show how well they can be handled. Maintain poise. Meet tests by living the Golden Rule.

ARIES (Mar. 21 to Apr. 19) Home affairs could be rather difficult so be sure you use tact and intelligence in handling them. Take time for greater rapport with others.

TAURUS (Apr. 20 to May 20) Benefit from religious, philosophical studies. Avoid crude person who could start arguments. Be happy with loved ones.

GEMINI (May 21 to June 21) Don't be so discouraged where finances are concerned, but make new opportunities in which you can advance quickly. Judgment better than intuition today.

MOON CHILDREN (June 22 to July 21) Get out of that martyrdom complex and rid yourself of whatever bothers you. Don't labor under such limitations.

Leo (July 22 to Aug. 21) Stop being held down so much. Get those dull duties behind you early and free time for the one you like. Become more popular.

VIRGO (Aug. 22 to Sept. 22) Your friends may be acting strangely now but make allowances as they have their problems. Go after personal aim quietly.

LIBRA (Sept. 23 to Oct. 22) Taking any risks in the world of activity could bring you trouble today, so be circumspect. Visit some good relative you've neglected.

SCORPIO (Oct. 23 to Nov. 21) New ideas that have eluded you in the past could now be the means of advancement. Don't get drawn into disliked project.

SAGITTARIUS (Nov. 22 to Dec. 21) Your hunches are not working well today, so rely on good judgment instead. Don't argue or be disturbed by an uptight person.

CAPRICORN (Dec. 22 to Jan. 20) Say nothing about an annoyance and soon everything will right itself again. Get busy at some work that needs to be done.

AQUARIUS (Jan. 21 to Feb. 19) Things may not go exactly as you wish them to today, but take delays in your stride and deep thought rights everything.

PISCES (Feb. 20 to Mar. 20) Don't spend beyond your means for entertainment today, or you would later regret it. Be humanitarian. Out socially in p.m.

MONDAY, OCTOBER 27, 1975

GENERAL TENDENCIES: You are eager to get compliments for doing excellent work, but don't be disappointed if those about you are too preoccupied with their own activities.

ARIES (Mar. 21 to Apr. 19) Not a good day for recreation since there are apt to be problems you have to contend with. Strive for more harmony.

TAURUS (Apr. 20 to May 20) Give more attention to improving conditions in your home. Clear out bugs from some new venture you have started.

GEMINI (May 21 to June 21) Use more than average care while in motion and do not get into an argument with an associate. Take it easy tonight.

MOON CHILDREN (June 22 to July 21) If you are tempted to spend more money, think it over carefully. A new outlet can give you more security.

LEO (July 22 to Aug. 21) A good time to clear up those small, accumulated tasks. Spend some time on improving your health and appearance.

VIRGO (Aug. 22 to Sept. 22) Handle those affairs that have posed problems in the past and get excellent results. Take needed health treatments.

LIBRA (Sept. 23 to Oct. 22) Try to make allowances for a friend who is not acting right due to pressures. Be poised at a social affair.

SCORPIO (Oct. 23 to Nov. 21) Make sure you obey every rule and regulation that applies to you or you could easily get into trouble today. Be alert.

SAGITTARIUS (Nov. 22 to Dec. 21) Don't waste time complaining about your lot in life to others. Instead try to improve by taking the right steps.

CAPRICORN (Dec. 22 to Jan. 20) Don't run away from pressing responsibilities to get into new ones. Starting an argument with mate solves nothing.

AQUARIUS (Jan. 21 to Feb. 19) An associate may not be as cooperative as usual, but this will only be temporary. Sidestep one who opposes you.

PISCES (Feb. 20 to Mar. 20) Although your work load is heavy, take time to do it accurately for best results. Don't lose your temper at work.

1976 Chevy economy has arrived at Pollard Chevrolet

Chevette. A new kind of American car. 40/28 mpg.

40 mpg highway, 28 mpg city for Chevette, as rated by the U. S. Government in EPA tests. Remember, these mileage figures are estimates. The actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition, and available equipment. Ratings are based on 1.4-litre engine with 4-speed transmission.

Vega. 38/22 mpg.
38 mpg highway, 22 mpg city for the Vega Sport Coupe as rated by the U. S. Government in EPA tests. Remember, these mileage figures are estimates. The actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition, and available equipment. Ratings are based on available 4-cylinder Dura-Built 140-2 engine with available 5-speed transmission (air-conditioning not in operation).

Monza. 35/23 mpg.
35 mpg highway, 23 mpg city for the Monza, as rated by the U. S. Government in EPA tests. Remember, these mileage figures are estimates. The actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition, and available equipment. Ratings are based on available 4-cylinder Dura-Built 2.3-litre engine with available 4-speed transmission (air-conditioning not in operation).

Nova. 26/18 mpg.
26 mpg highway, 18 mpg city for the Nova, as rated by the U. S. Government in EPA tests. Remember, these mileage figures are estimates. The actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition, and available equipment. Ratings are based on 6-cylinder 250-1 engine and 3-speed manual transmission (air-conditioning not in operation).

Camaro. 26/18 mpg.
26 mpg highway, 18 mpg city for the Camaro Sport Coupe, as rated by the U. S. Government in EPA tests. Remember, these mileage figures are estimates. The actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition, and available equipment. Ratings are based on 6-cylinder 250-1 engine and 3-speed manual transmission (air-conditioning not in operation).

BOB BROCK FORD USED CARS

A-1 USED CARS

500 W. 4th 267-7424

Announcing the 1976 Toyotas!!!

Corolla SR-5.
The sporty one. With a gas-saving 5-speed overdrive transmission, nested in a full console. Wide radials on mag-type wheels. Fender flares. ESP™ (Electro Sensor Panel), clock, tach and separate oil temperature, oil pressure and ammeter gauges. Even an AM radio. All standard.

Corolla 4-Door Sedan Deluxe.
The same loaded little car with one big difference. Two more doors. And if you want to make it even more deluxe, you can add optional air conditioning or Toyota's efficient 3-speed bandless automatic transmission. It'll still be an economical car.

* Mileage claims are based on 1976 EPA tests. Your Toyota Dealer has individual model EPA test results. Your actual mileage may vary with road and weather conditions, optional equipment, driving habits and maintenance.

COME IN—AND TEST DRIVE ALL THE NEW 1976 TOYOTAS.

Get your hands on a Toyota. You'll never let go.
