Ike Sees Difficulty In Balancing U.S. Budget

HAS NO 'BEEF' DESPITE PRICE DROP

Jeff Slocum, one of the three brothers operating a cattle ranch near Creson, Tex., feeds a bunch of cattle. Slocum, like many other cattlemen who are taking a beating because of the recent drop in the price of beef, has no kick about the new administration's policy in attempting to bring stability to the giant cattle industry. Said the lanky Texan: "The way I figure, the government should let this thing adjust itself. I'll stay with Benson on his farm program."

Commissioner's Widow Here Says She Was Not Consulted

Mrs. Walter Grant, 64-year-old widow of the late commissioner of precinct No. 1, issued a statement to the Snyder Daily News this morning that she was never consulted in regard to the appointment of the precinct's new commissioner after the death of her husband.

Mrs. Grant said that the commissioners court had indicated that it would consult her before any appointment was made. If custom had prevailed, she said, the county judge would have offered her the appointment to fill out the unexpired term of her late husband, an appointment she said she would have accepted.

Mr. Grant died last Wednesday.

The widow said she had read stories in the Daily News that indicated the commissioners would consult her. Such a story appeared in last Sunday's issue, stating that County Judge Edgar Taylor said he would probably act on recommendation of the commissioners court in appointing a successor to Mr. Grant and that the three remaining commissioners had planned to talk with Mr. Grant's widow before making a recommendation. No other statement was made in the Daily News regarding the commissioners' consultation with her, and no mention was ever made of Judge Taylor saying he would consult with Mrs. Grant.

Mrs. Grant's written statement read: "I wish to make a statement at this time in regard to the appointment of the new commissioner.

"I wish to say that I was never consulted at anytime in regard to this appointment.

"The judge nor any of the commissioners have contacted me since my husband's death."

Judge Taylor said this morning that he had no statement to make concerning the matter.

Although Mrs. Grant and a part of her family said they recognized the appointment of Clarence Wade of the Ennis Creek community as legal, Balumn Grant, a son, said Mrs. Grant should have been shown the courtesy of being consulted.

"It has been customary to contact widows of deceased commissioners," Mrs. Grant stated.

Mrs. L. B. Taylor, Mrs. Grant's daughter, said that normally the widow would have gotten the appointment. Mrs. Grant said she would have accepted the appointment and believed she could have run the precinct's business.

Judge Taylor made the appointment of Wade Monday after unanimous recommendation from the remaining three commissioners, Cullen H. Tooms of precinct No. 2, Pat Moore of precinct No. 3, and Doyle Parmer of precinct No. 4.

Parmer was appointed commissioner of his precinct in 1950 after the death of Henry Ellerd, then commissioner. He gained his appointment upon recommendation of the other commissioners. He was re-elected twice since then.

Mr. Grant began his first term as commissioner Jan. 1, 1951. Last year he defeated two other candidates and was re-elected.

Mrs. Grant, who has lived in Scurry County since 1900, married Mr. Grant Jan. 19, 1908 at Ira. She now resides at 1412 Avenue I.

Two Locations In Diamond M Field Are Set

The N R C Oil Co. of Snyder has set two locations in the Diamond M Clear Fork field of Southwest Scurry County to begin operations with rotary tools in 30 to 60 days.

That firm's No. 3 C. C. Marr will be 1,650 feet from north and 330 feet from east lines of the southwest quarter of section 178-97-H&TC, 11 miles southwest of Snyder. It will drill to 3,300 feet.

The No. 4 C. C. Marr will be 2,410 feet from north and 330 feet from east lines of the southwest quarter of section 178-97-H&TC. It will drill to 3,000 feet.

COGDELL FIELD

Chapman & McFarlin has set location in the Cogdell East Sand field for its No. 4 D. M. Cogdell, Jr., 467 feet from north and 2,179 feet from east lines of section 775-97-H&TC, 22 miles north of Snyder.

It will use rotary tools to drill to 5,000 feet, starting at once.

NOLAN COUNTY

Sinclair Oil & Gas Co. has an indicated extension to the White Flat Multipay field of Northeast Nolan County at its No. 1 J. M. Freeman 2,550 feet from north and 1,125 feet from west lines of section 32-19-T&P, two miles northeast of the Herndon railway switch.

It drillstem tested the Strawn lime at 5,083-100 feet with tool open two hours. Gas surfaced in five minutes, but no guage or estimate was given on the gas volume. Oil flowed at the surface for one hour, and during the next 60 minutes flowed 10 barrels of oil and no water. Gas-oil ratio was 1,500-1.

It is now drilling ahead and on down to test the Caddo and Ellenburger, both of which produce in the nearby White Flat field.

DICKENS WILDCAT

Pacific Western, which is preparing to install pump to take potential test and complete its No. 1 Smith as a wildcat discovery from the Tannehill sand in Dickens County, is moving one location east to start at once on its No. 1 Smith-Emery.

It is 1,980 feet from north and west lines of section 162-1-H&TC, 12 miles southeast of Spur and four miles north of Girard.

It will drill to 4,500 feet or test the Tannehill sand at a lesser depth.

Texaco No. 2 Fuller, wildcat discovery in North Scurry County, pumped 24 hours and made 121 barrels of fluid which was all water and load oil. It is still pumping to test on a plugback total depth of 2,381.

Also in Scurry, Texaco No. 3 Fuller is drilling at 7,001 feet in shale, Southern Minerals No. 1 Huddleston is at 2,842 feet in dolomite, Louisiana Land No. 1 Howell is at 5,550 feet in shale and sand, and Blount No. 1 Cary is drilling at 2,970 feet in shale and anhydrite.

Humble No. 1 Nachlinger in the Buffalo Creek Ellenburger field of East Scurry took another drillstem test at 7,735-785 feet with tool open one hour and recovered 30 feet mud with no shows. It is now on total depth of 7,848 feet in lime and shale preparing to test again.

Sun No. 1 McCabe, Southeast Mitchell wildcat, flowed 24 hours through a three-eighths inch choke and made 105 barrels of oil, 71 barrels of drilling mud, and 10 barrels of water. The casing was leaking, and operator was preparing to check casing for the leak.

Ex-Tax Leader Indicted Again

NEW YORK (AP)—Former Internal Revenue Commissioner Joseph D. Nunan Jr., already charged with income tax evasion, has been indicted a second time by a federal grand jury—this time on charges of perjury.

The rackets grand jury on its final day yesterday in Brooklyn handed up a five-count indictment charging the 54-year-old Nunan lied about his finances in statements to the jury and federal tax investigators.

Nunan was indicted by the same jury last Dec. 2 on charges of cheating the government of $91,086 in income taxes between 1946 and 1950, during part of which time he was the nation's No. 1 collector.

He has pleaded innocent to the tax evasion indictment and is now free in $1,500 bail. Pleading on the new indictment has been scheduled for March 4.

Jackson Called Liar By Man Filming Movie

SILVER CITY, N. M. (AP)—Rep. Jackson (R-Calif) has been invited to "take off his cloak of congressional immunity and fight like a man" about a motion picture in production here.

The invitation was issued by Paul Jarrico, the film's producer, after Jackson attacked the picture on the floor of the House yesterday.

The congressman said the film is being made "under Communist auspices" and will serve as "a new weapon for Russia."

"Rep. Jackson is an unmitigated liar," said Jarrico, who recntly declined to tell the House Un-American Activities Committee if he is a Communist.

The film, tentatively named "Salt of the Earth," is being produced jointly by the Independent Production Corp. of Hollywood and the International Union of Mine, Mill and Smelter Workers. The union was expelled from the CIO several years ago because its leaders refused to sign non-Communist affidavits.

The formal reply—a seven-point denial on Jackson's speech—was released by Morris Wright, public relations representative for the union. It denied these points raised by Jackson:

That the picture is being filmed under Communist auspices, that the union is financing the film, that anyone is pistol-whipped in the picture, that there is any other violence against any young Mexican-American poy, that the picture is designed to inflame racial hatred, that one of the union leaders had refused to give information regarding sabotage of U. S. defense efforts and that Michael Wilson is a movie actor.

Mother Takes Stand Today

NEW YORK (AP)—Minot (Mickey) Jelke's Social Registerite mother testified today at his vice trial that he had an income ranging from $180 to $400 a month at the time the state charges he was living off a prostitute's earnings.

Mrs. Elizabeth Clark Teal, clad in black and unsmiling, took the witness stand in defense of her short, chunky son by a previous marriage.

Jelke, 23, eventual heir to an oleomargarine fortune, is accused of inducing three young women to become prostitutes and living off the profitable earnings of one.

Speaking in a low, tense voice, Mrs. Teal said that at the time the state accuses Jelke of taking the prostitution earnings of Pat Ward, 19, he was receiving from $180 to $400 a month from a trust fund and from loans from the Bankers Trust Co.

Mrs. Teal, Danbury, Conn., testified she also gave him cash gifts during that time and supplied funds for him to redecorate his swank apartment on Manhattan's fashionable Upper East Side.

Mrs. Teal testified that from January to April in 1951 she gave her son $180 a month, increased it to $200 and in May "I made it $400 a month."

Smugglers Hit By Japanese

TOKYO (AP)—Japanese police tonight said they had arrested the ringleader and 16 other members of a multi-million dollar smuggling ring, directed from Red China and with roots in the U. S., Kyodo News Agency reported.

Kyodo said several men in the U. S. and 25 in Hong Kong also have been arrested. Details have been given British and American authorities here, the agency said.

Kyodo reported:

Metropolitan police said the ring, whose members were mostly Chinese, smuggled about $2,700,000 worth of American-made women's wrist watches into Japan from the U. S. via Hong Kong in 41 shipments between July 25 and Nov. 14.

Profits were used to buy precision instruments here and smuggle them into Red China, Kyodo said.

Fifty surveying instruments were seized by police in a raid at Tokyo International Airport.

Police said the watches were brought into Japan by bribing customs officials and airline employes.

Metropolitan police said the ringleader is Chen Yen, 32, a former Chinese Nationalist officer who was captured by the Red China Army. They said the Reds smuggled him into Japan in 1950.

Strike Over; 601 Bodies

NEW YORK (AP)—Grave diggers returned to work today in nine metropolitan area cemeteries where a strike of almost seven weeks left an accumulation of about 601 unburied bodies.

The strike at the nine cemeteries was settled yesterday.

Negro's Rape Rap Reversed

AUSTIN (AP)—The Court of Criminal Appeals today overturned conviction of a Negro sentenced to die for rape of a white girl and called anew on Texas prosecutors to present facts to the jury fairly.

Reversed and remanded for new trial was the conviction of Jimmy Richardson, charged with raping a 15-year-old girl after forcibly carrying her from her Palestine home.

Five complaints raised before the appeal court charged the prosecution with using inflammatory arguments before the jury.

Among his arguments the district attorney had told the jury: "If the question were submitted to a vote of the bawdy house keepers and the blacklegs of this country, it would carry by a big majority and that he should die."

Appeal Court Presiding Judge Harry N. Graves wrote in the court's opinion:

"There is nothing in the record to show what the 'bawdy house keepers and blacklegs of this country' would do if they were called upon to sit in judgment of this case.

"We think this argument was designed to tell the jury that if they failed to inflict the death penalty upon the accused, they would be looked upon as socially lower in the scale of humanity than such people as mentioned in the argument.

"The law provides for and presumes a fair trial free from such arguments, and we do not think this defendant has had a fair trial with such denunciation of the district attorney ringing in the ears of the jury who tried him.

"We again urge all prosecutors to fairly present the facts before the jury and fairly comment thereon."

Two Migs Shot Down In Fight

SEOUL (AP) — U. S. Sabre jet ilots today destroyed two Communist MIG15 jets in air battles over North Korea, the U. S. Fifth Air Force reported.

Two MIGs were damaged and damage claims on two others are pending study of gun camera film.

It was the first jet battle in Korean skies since Saturday.

Allied fighter-bombers smacked a group of factory buildings only a few miles south of the Manchurian border, not far from the oft-bombed Suiho power plants.

Other U. N. warplanes hit troop and supply centers in North Korea.

NEW MEXICO SENATOR

Constitutionality Of State Ownership Of Tidelands Hit

WASHINGTON (AP)—Sen. Anderson (DNM) today challenged the constitutionality of proposed legislation to give the states control of oil-rich submerged coastal lands.

And he asked whether the bill would mean abdication by the federal government of its responsibilities on that fringe of the high seas.

Anderson was testifying before the Senate Interior Committee in support of a bill of his own which would authorize the government to issue oil leases in the offshore areas, often miscalled tidelands.

Expressing opposition to measures by Sen. Holland (D-Fla) and Daniel (D-Tex) which would give the states clear title to the lands beneath the marginal seas, Anderson said:

"In passing either of the quitclaim bills, we would be making a delegation or abdiction to a small group of states of the powers and responsibilities of the national government with respect to external affairs.

"Such a delegation or abdication would be of doubtful constitutionality."

Anderson's bill is based on the assumption that the federal government is the owner of the submergel coastal lands since the Supreme Court has ruled that the government has "Paramount rights" over the areas.

The New Mexico senator followed by a day Secretary of the Interior McKay, who told the committee the Eisenhower administration endorses states' ownership of lands beneath the marginal seas for a distance of three miles from shore 10½ miles in the case of Texas and the Florida Gulf Coast because of conditions under which those two states entered the union.

States ownership legislation was passed by decision margins in both the Senate and House in the last Congress, but never became law because of a veto by former President Truman. The Supreme Court has held the federal government's rights in the submerged lands were paramount.

As a concession to the opposition, the Anderson Bill would give the states 37½ per cent of the oil and gas revenues from production off their respective shores for a distance of three miles.

Listed as a key witness supporting the Anderson Bill is former Solicitor General Philip B. Perlman of the Truman administration. He sat in on yesterday's hearings and conferred during the day with Anderson, who is a member of the Interior group.

Group Wants Power For Ike

WASHINGTON (AP)—A small bipartisan group of senators set out today to hand President Eisenhower standby controls over the nation's economy — whether he wants them or not.

Two Democratic members of the Senate Banking Committee—Senators Frear of Delaware and Robertson of Virginia—said in an interview they would push for the standby powers bill that Chairman Capehart (R-Ind) planned to introduce today.

It would allow the President or Congress to freeze all wages, prices, rents, credit and production of the nation almost instantly.

Intended for use in case of war or other emergency, the drastic freeze would apply for 90 days to give Congress and the White House time to work out whatever controls might be needed for a longer period.

The move appeared certain to kick up a congressional battle. Senate Republican Leader Taft of Ohio has publicly served notice of his opposition to any standby controls. So has Chairman Wolcott (R-Mich) of the House Banking Committee.

Eisenhower has said he sees no need to extend the present controls law, due to expire April 30. And he has indicated he will not ask for standby powers to control wages and prices.

TVA Heads Hurt In Crash

BRISTOL, Tenn. (AP) — Both engines of a Tennessee Valley Authority airplane quit last night as it groped through misty twilight toward Tri-Cities Airport and two high TVA officials were seriously injured in the crash.

They were Gordon Clapp, chairman, and G. O. Wessenauer, director of power.

A Bristol hospital said Clapp, 48, suffered a broken arm, chest bruises, head and face abrasions and a possible back injury.

A third passenger, John H. Clark, 36, chief of the TVA budget department, pilot Herschel Fleming, 32, of Knoxville, and Roger Mahan, 31, co-pilot from Maryville, Tenn., were hospitalized with minor injuries and shock.

The pilot said the plane developed engine trouble en route from Washington to Knoxville and both engines failed before he could complete an emergency instrument approach at the airport, which serves Bristol, Kingsport and Johnson City.

Don Stickley, a farmer living near here, said he heard the engines cut, then the crash. Stickley and neighbors brought the passengers and crew to the hospital here.

Clapp became chairman of the TVA Board of Directors in October, 1946. Wessenauer, 47, has been with the TVA since 1935.

Would Meet Stalin Half Way, He Says

WASHINGTON (AP) President Eisenhower said today it will be terrifically difficult to balance the federal budget for the fiscal year starting July 1.

In his second news conference since taking office, the President also said:

1. This country would be put in a very difficult position if it tried to repudiate all international secret agreements made during World War II.

But he said in effect that he is open to suggestions for improvement of the secret agreements resolution he sent to Congress.

2. He would meet with Premier Stalin or anyone else if he thought such a confererence might lead to a lasting peace. The President said that, geographically speaking, he would be willing to meet at some half-way point rather than go to Russia.

Eisenhower stressed that any agreements resulting from such a conference would have to be ironclad and what he described as self-enforcing.

And he said any such conference would have to be with the full knowledge of U. S. allies.

REDS IN SCHOOLS

3. He personally does not believe Communists should be permitted to teach in the nation's schools. The President commented that Communists are capable of perverting even non - controversial subjects such as arithmetic to suit their own doctrines.

4. He is not exactly sure he knows what Sen. McCarthy (R-Wis) is aiming at in the investigation of the State Department's Voice of America program. He said it is up to Congress to make its own rules. These comments were in response to questions as to whether he thought the McCarthy investigation was helping in the fight against communism.

5. He will meet tomorow at 9 a.m. (CST) with a group of governors,, a congressional delegation and administration officials to study the possibilities of dividing the tax policies of the state and federal governments. Saying that is a program which has been hanging for some time, the President commented that no quick solution can be expected, but that the group is going to try and come up with an answer.

NOT FOR UMT NOW

There have been reports the administration might propose that the states step out of the income tax field in return for the federal government's giving up taxes on such things as theater admission tickets and gasoline.

6. He does not believe Alaska has proved its case for statehood.

7. He does not see how universal military training could be put into effect as long as the nation has to rely upon the draft to furnish manpower for Korea. He called the Korean conflict a fairly major war.

More Controls Lifted Today

WASHINGTON (AP)—The government today lifted price controls from nearly all dry groceries, cigarettes, copper and aluminum.

Price stabilizer Joseph Freehill said controls will be retained only on coffee and coffee concentrates in the dry grocery line.

Items on which controls were removed include breakfast cereals, flour, soups, jams, jellies and similar products. At the same time the Office of Price Stabilization (OPS) dropped its requirement that ceiling prices be posted in stores.

Aside from a very few selected items, such as rice, controls now have been taken off practically all foods.

The removal of ceilings from cigarettes also appiles to other tobacco products. Cigars, however, have been free of curbs for some time.

Today's action was the fourth removal of price curbs since President Eisenhower called for ending controls in an orderly manner before April 30, the date on which they will expire automatically.

WEATHER

WEST TEXAS — clear to partly cloudy Wednesday, Wednesday night and Thursday. No important temperature change. Light rain or drizzle Del Rio-Eagle Pass area Wednesday.

NORTH CENTRAL TEXAS — Cloudy to partly cloudy and a little scattered light rain and drizzle early Wednesday. Partly cloudy Wednesday night and Thursday. Not much temperature change.

Lodge Says No Need To Talk About Korean Truce In UN

UNITED NATIONS, N. Y. (AP)—Chief U. S. Delegate Henry Cabot Lodge Jr., told the U. N. Political Committee today there was "little point" in new U. N. Korean truce tries so long as the Kremlin-backed Reds were determined to continue the war.

Emphasizing that he spoke for a new Republican administration, Lodge charged that Russia is "actively assisting the aggressors in Korea on a scale which makes possible the continuance of that aggression and determines its scope."

He then listed 10 facts backing up this charge which he said the world must face and challenged the Soviet Union to disprove them.

The diplomats gathered in force yesterday for the nine - minute opening formalties. Assembly President Lester B. Pearson of Canada read a welcoming message from President Eisenhower, who expressed hope that the U.N. will be an increasingly effective instrument of peace. Eisenhower did not mention Korea specifically.

Pearson told the Assembly Korea still was the most difficult problem before it. He recalled that the Chinese Reds and North Koreans had rejected the Indian-sponsored Assembly resolution designed to bring about a truce and said deliberations would have to start this time at that point.

The new U. S. team headed by Ambassador Henry Cabot Lodge Jr. kept secret any plans it may have. The Americans are reported, however, standing pat on the Assembly resolution calling for only nonforcible repatriation of Korean War prisoners.

Barely Freezing Here

The thermometer registered a low of one degree below freezing last night after a maximum of 43 degrees yesterday, according to Mrs. D. P. Strayhorn, official weather observer. The temperature at 7:30 o'clock this morning was 33 degrees, she said.

West Germany And France In Compromise On Europe Army

ROME (AP)—The six foreign ministers of the European Army plan nations today reached a compromise decision reportedly settling bitter differences between France and West Germany over the European Defense Community (EDC) Treaty.

The reported agreement came as the leaders of France, West Germany, Italy, Belgium, The Netherlands and Luxembourg held final sessions of a two-day conference aimed at cutting out some of the hurdles on the road to West European economic, political and military union.

A spokesman for the Italian Foreign Ministry said French Foreign Minister Georges Bidault, at this morning's session, had met the objections of West German Chancellor Konrad Adenauer with a redrafting of the conditions France wants to attach to the already-signed but not ratified treaty to establish the one-uniform, West European Army.

Bidault and Adenauer had argued about the original French proposals at length in yesterday's meeting, in what a German spokesman termed a "realistic" discussion.

Exact details of the agreement were not disclosed. But the Italian spokesman said the foreign ministers might make the text of their accord public at the end of their conference today.

The spokesman said the agreement by all six ministers was favorable to the creation of the Army and added: "The idea of a united Europe proved strongther than nationalism."

Bidault was reported to have modified a French proposal which asked in effect that French troops be free to be sent from Europe to France's overseas territories in case of emergency.

He insisted, however, according to word from the conference, that France should retain full voting rights in control of the Army regardless of the manpower contribution. Adenauer suggested that the voting rights should depend on the number of divisions each nation contributed. Thus if West Germany contributed more divisions than France, she would have additional voting power in administration of the Army.

A German spokesman disclosed Adenauer and Bidault discussed the differences of the two nations over the proposed amendments at length yesterday.

Italian sources indicated both ministers had some mildly heated things to say at times. Italian Premier Alcide de Gasperi, long skilled at this role in domestic Italian politics, was said to have exercised a calming influence.

The chief differences, it was indicated, occurred after Bidault presented his country's proposed protocols for revisions of the European Defense Treaty to set up the Army that would include a half million German troops.

Bill Giving Money To State TB Hospitals Passed In House

AUSTIN (AP)—As emergency bill appropriating $3,225,000 for construction of state tuberculosis hospitals at Harlingen and San Antonio was finally passed by the House, 130-2, today.

It must go back to the Senate, which already had passed it, for approval of a minor amendment.

Gov. Shivers had made provision for housing of some 900 TB patients a matter of emergency legislation. Weaver Baker Sanatorium at Mission must be closed by July 1 because the Air Force is reactivating Moore Field, site of the hospital.

Rep. Menton Murray, Harlingen, said action must be taken immediately in order to secure matching federal funds of slightly more than two million dollars.

A state-wide toll road plan to relieve congestion on Texas' highways had detoured today toward the Legislature's scrap heap.

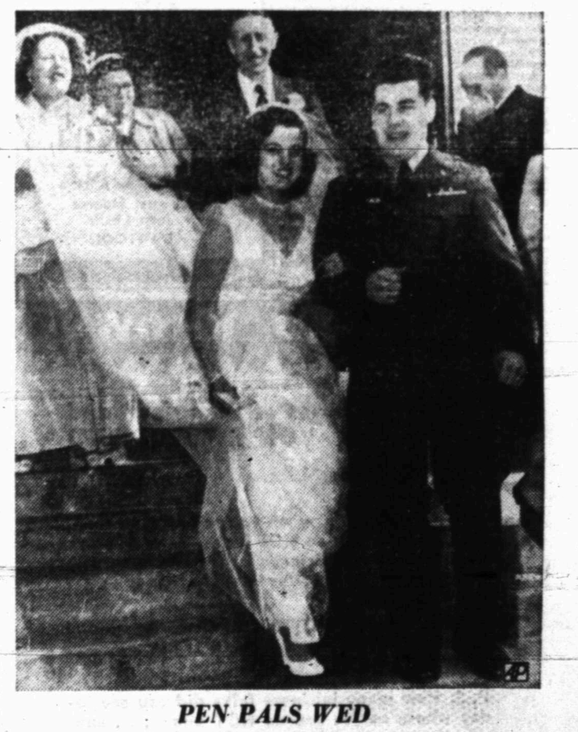

The House Committee on High ways and Roads rejected the plan by a 12-6 vote late last night after waiting for two weeks for it to jell.

Salvaged, however, was the original proposal for building one toll highway between traffic-crowded Dallas and Fort Worth. With the committee's nod, that much of the measure went back to the House floor for action.

Last night's toll road action followed a four-hour public hearing at which Highway Commission Chairman E. H. Norton Jr. testified the commission neither favors nor opposes toll roads in Texas.

He said he personally felt the state was not ready for toll roads, but if undertaken, they should be built by the Highway Commission. Under questioning he admitted congestion of the present Dallas-Fort Worth highways needed immediate relief. The commission could not complete a freeway between the two cities sooner than 15 years without additional financing.

Also cleared by committee for House action was a bill to build a $3,500,000 new 1,000-man unit at Eastham Prison Farm to wipe out poor housing there.

PEN PALS WED

Mr. and Mrs. Charles Christmas are shown leaving the church in Richmond, Vt., after their wedding. The happy couple were pen pals for nine years before they met this month. Mrs. Christmas, former Lily Wilson, is from Liverpool, England. In background are the best man and bride's maid, Mr. and Mrs. Frank Dow.

Text Books Used In Schools Here Get Thorough Going Over

The school system's standing textbook committee, a group of seven faculty members and the superintendent, Cecil L. Yarbrough, is to meet early next month to review books offered as texts that may be used next year.

The date of the meeting has not yet been set, but the committee usually meets the first or second week in March, reviews all books approved by the state education system, then sets a date for selection of the texts to be used here.

Members of the committee are Kenneth Goforth, Mrs. Rose Marie Lemons, Mrs. Margaret Weaver, Miss Ethel Roberts, Miss Vallie Eoff, Mrs. Delia McPherson, Mrs. Doris Helms, and the suuperintendent, who is chairman.

Another group, called the patron's advisory committee on textbooks, is currently studying texts now in use. This group is a committee of 19 couples, most of whom have children using the texts the parents are assigned to examine. The committee is not to judge the teachability of the books but to examine them for better acquaintance with their material and to attempt to discover any objectionable features.

Yarbrough said the advisory committee would then also be in position to assist the textbook committee if called on to do so in case of any question as to possible objectionable features in any books under consideration. The Method of examination is new here but has been successfully used in many places, Yarbrough said. The superintendent said he was confident none of the textbooks contained any communistic implications but that the examination of the books would not only ascertain the absence of such but also would tend to discourage any future attempts of writers to insert such implications or doctrines.

Members of the advisory committee, which will make individual reports to the administration office between now and Monday, are Mr. and Mrs. R. S. Alford, Mr. and Mrs. Phil Burns, Mr. and Mrs. Lyle Deffebach, Mr. and Mrs. Leonard Spence, Dr. and Mrs. John Hamblen, Mr. and Mrs. Gene Best, Mr. and Mrs. Don Wolfe, Mr. and Mrs. Harold Brown, Dr. and Mrs. Robert Wasson, Mr. and Mrs. Frank Keenan, Mr. and Mrs. Wayland G. Holt, Mr. and Mrs. L. A. McClanahan, Mr. and Mrs. Ned C. Butler, Mr. and Mrs. L. M. Ford, Mr. and Mrs. W. W. Park, Mr. and Mrs. E. V. Berry, Mr. and Mrs Wilbur Soles, Mr. and Mrs. Lyle Alexander, and Mr. and Mrs. Richard Brice.

Fulcher Speaks At Lions Club

The county has appointed a hospital board of directors whose duty will be seeing that the hospital is run correctly and are kept in line with the services rendered, R. B. Fulcher, new administrator for the Cogdell Memorial Hospital, said yesterday.

Fulcher made the remarks at the Lions Club luncheon where he was a guest of Melvin Newton and Stanley Noah, members in charge of the program.

A girls trio from junior high school accompanied by Mrs. M. M. O'Rear were also on the program. They sang four songs.

Roland Bell, chairman of the ticket sales committee for the minstrel show last week, said that the club would profit about $200 from the two-night show. The Lions and Junior Chamber of Commerce jointly sponsored the show and are to divide the proceeds.

C. E. McGaw, lawyer, was unanimously elected to replace Ross Hemphill, lawyer, as a member of the club's board of directors.

Luncheon of the club next Tuesday will be held in the cafeteria of the Northwest Elementary School, after which the club will tour the school plant there.

Four Rotarians Plan To Attend Borger Meet

Four Rotarians from Snyder plan to attend the annual conference of the 183rd district of Rotary International March 5-7, in Borger, Ralph Geisenhoner, president, said.

Representatives from the 36 other Rotary Clubs in the area from Sweetwater to Odessa and all the territory north to the Oklahoma line, will also attend the conference, Geisenhoner added.

Two Rotarians and their wives, Rotary Anns, will attend from Snyder, Geisenhoner stated. They are Mr. and Mrs. Herman Doak, and Mr. and Mrs. Art Nicholas.

LETTERS TO EDITOR

(Letters from the readers of the Daily News are always welcome, provided they are signed by the writer and give his correct address They will be printed subject to the publisher's discretion, based on whether the material contained is libelous or the language offensive Letters should not exceed 300 words.)

To The Daily News:

When I came to Snyder a brief eight months ago, I never realized that so many good people could be concentrated into such a small area.

It has been a genuine pleasure to work with and for Snyderites. I have appreciated the kind consideration and swell hospitality extended to me, an "old" bachelor. Thanks to the Sunday school teachers at the First Presbyterian Church for their loyal cooperation, and to the neighborhood commissioners and the many scouters for their assistance, and to the directors and others who helped me with ushering at the civic music concerts.

My reasons for leaving Snyder are to gain more courtroom experience and to save more money. I can accomplish both by accepting the opportunity to serve as an assistant district attorney in Dallas County, starting March 2. I hasten to add that I have gained invaluable experience under the guidance of Ross Hemphill and W. W. Park in their law firm here.

The best of luck to all of Snyder and may there be much more moisture in 1953.

Taylor's Cafe Will Observe 'Coffee Day' As Part Of Fund Drive

At least one Snyder restaurant will observe "coffee day" tomorrow, the proceeds of which will go to the National Muscular Dystrophy Research Foundation Inc.

Taylor's Cafe will donate money obtained from coffee sales of the entire day. The money will go into a collection from members of the Texas Restaurant Association throughout the state, Dick Taylor, cafe owner, said.

Muscular dystrophy, a disease of which little is known, has crippled more than 200,000 persons in the United States. This disease is hereditary and progressive. There is no known cure for it. Taylor couldn't estimate coffee sales for a day but said, "it all depends on the customers."

On a national level President Eisenhower kicked off the campaign by presenting the association with a silver coffee pot marked with his initials. President Vargas of Brazil sent an autographed four-pound bag of coffee.

George Killam, Jr., Snyder attorney, visited Monday with Rep. C. F. Sentell in Austin.

School For Pupils Tomorrow Off, But Teachers To Study

School will be out tomorrow for pupils in the Snyder Independent School District, but it will be a long day of study for their teachers.

The Teachers of the system will be holding an in-service education workshop, Dr. Cecil Yarbrough, superintendent, said.

Purpose of the workshop will be to provide time and opportunity for Snyder teachers to study ways and means to improve the quality of the instruction they give students.

Five outstanding educators will be in Snyder all day tomorrow for the workshop.

The workshop co-ordinator will be Dr. I. D. Haskew, dean of the school of education at the University of Texas.

Consultants will include: M. Rogers Barton, of the Texas Education Agency, consultant in Arts & Crafts; Dr. Otto Neilson, vice-president of Texas Christian University, consultant in guidance; and Miss Mary Swain, Scott Foresman Publishing Co., consultant in reading.

The workshop will be held in the high school building with registration in the east hallway between 8 and 8:30, Dr. Yarbrough said.

A general session will be held in the auditorium at 8:30 with Frank Wilson, director of curriculum, presiding. Dr. Yarbrough will make a few remarks and introduce Dean Haskew to the group.

"Achieving Maximum Results from Group Activtiy," will be the title of a talk by Dean Haskew.

The rest of the day, with time out for lunch, will be devoted to five areas of education, Dr. Yarbrough stated.

The areas are: teaching reading, using arts and crafts, developing citizenship, guidance of youth, and correlating language.

Wilson said that this is the first such workshop ever attempted in Snyder, but that if it is successful it could become an annual teacher education event here.

Wilson explained that the day would not be lost to the students, because the school calendar year, when adopted by the board of education, had two extra days allowed for such events. The minimum requirements of 175 days of school will still be met without extending the school year beyond its planned ending date. Wilson said the school calendar has 177 days now.

Joe S. Griffin, accident victim who lives on the Lamesa Highway, was transferred from Battenfield Hospital to a Sweetwater Hospital yesterday at noon by a Bell ambulance. Mr. Griffin is suffering from a fractured hip.

Sentell Votes Against Bill

AUSTIN—Rep. C. F Sentell of Snyder cast his vote against the bill to stiffen the rule governing optometrists in Texas when the House passed 98-32 on the second reading of the bill.

The bill must come up again before final passage in the House.

The group approved some proposed changes for the optometrist who operates in the corner of a drug store. If the bill passes, he will have to have a separate office, leased outright, with no percentages going to the druggist.

The House finally agreed that optometry chains existing today to continue in existence but not to expand, and they agreed that no new chains should be established.

In addition to stiffening rules, the bill would give more power to the examining board.

Rep. Stanley Banks, Jr., said it will "raise the standards of the profession," while Rep. Douglas Berman says "It's just an attempt to stifle free enterprise."

Colorado City Man Is Sentenced To 2 Years For Attempted Bribery

BIG SPRING — A jury in 118th District Court sentenced Elmer Terry, 53-year-old Colorado City dirt contractor, to two years in prison yesterday after finding him guilty of attempting to bribe a prospective juror.

Terry was charged wtih offering $250 to L. M. Brooks, 48, of Big Spring in an effort to influence the decision in the J. S. Rogers arson trial last March.

Brooks was never selected to serve on the jury. Rogers was sentenced to two years in the penitentiary after a jury found him guilty of arson in the Gosnell Hotel fire in Colorado City.

Terry denied the bribery charge and testified that if he did offer such a bribe he was drunk at the time. Eldon Hull, a member of the grand jury that indicted Terry, testified there were discrepancies between Terry's testimony before the grand jury and the statement he made in court.

BIRTHS

Mr. and Mrs. B. J. Jernigan, 1801 Avenue S, are parents of a daughter born Monday at Battenfield Hospital.

Jail Sentence For Hermleigh Resident

John Brock, about 45, of Hermleigh, was sentenced to 30 days in the county jail when he pleaded guilty this morning to a county court charge of swindling by worthless check. No fine was assessed.

Brock told the court he was unable at this time to redeem the $10 check given last April 17, to Buell Lewis, and the judge said some credit for time in the jail sentence might be allowed Brock if the check is redeemed during his serving of the sentence.

Wayland Holt, county attorney, said the charge was filed yesterday after he had notified Brock about two weeks ago of a complaint in the case.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Patients admitted: Mrs. E. L. Hays, Snyder, surgical; Mrs. Claude G. Henderson, Snyder, medical; L. V. Bridgeman, 1710 Thirtieth Street, surgical.

Patients dismissed: Mrs. Willie Jones and baby girl of Snyder; Mrs. Billy Jernigan, and baby boy of 1801 Avenue F; Mrs. Jesse Hensley and baby boy of route No. 3; Dorothy Jean Landry, daughter of Mr. and Mrs. F. J. Landry of 1900 Avenue Q, medical; Miss Jo Ann Nelson, Snyder, medical.

Police Investigation Of Robberies Continues

Walter Suttle, police chief, said today that police are investigating several leads on recent burglaries here including the one Sunday night of the B & B Food Market at 2112 Avenue S, but that nothing new has developed on the cases.

Suttle said also that investigation is continuing in other recent burglaries here which included breakins at two elementary schools and Gordon's Drive In.

Case In District Court Is Tried Before Judge

The civil suit trying title to about 13 acres of land in the Bootheland subdivision was heard in district court yesterday and completed, but judgment is pending submission of briefs by attorneys for both parties, Judge Sterling Williams said.

The case, J. M. Boothe, Sr., vs. William J. McLean and others, was heard before the judge without jury. The attorneys requested withholding of judgment until briefs were submitted, the judge said. Local attorneys in the case are Wayland Holt for the plaintiff and Ross Hemphill for the defendants.

Not Three Rivers Now

TROIS RIVIERES, Que. (AP)—The City Council has agreed that the name of this predominantly French - speaking city is "Trois Rivieres."

Mayor J. A. Mongrain told the council that Trois Rivieres is the city's only correct name — not Three Rivers, as it is generally known west of French - speaking Quebec province.

EVEN THE MUFFLER DOES THINGS TO THE POWER

World's newest V8

BACK in the old days, any man who wanted real performance used a "cutout" on his car.

It was a device that by-passed the muffler—because mufflers have always cut down on usable power. But it made a lot of noise.

Muffling that noise — and still getting rid of exhaust gases as fast as they come from the cylinders — has stumped the automobile people for years.

Now, Buick engineers have racked up another "first."

They have come up with a muffler of supreme quiet and *zero* power loss—first time in history.

It is called a dynamic flow muffler. And it is one of many advances that make the great 1953 Buick ROADMASTER even greater.

For this automobile — the greatest Buick in fifty great years—has a brilliant new V8 Engine that can turn up 188 hp. *And every one of its horsepowers can be delivered as usable power — since none is restricted in muffler passage.*

As you would expect, there is more to this magnificent motorcar than power, great though it is.

There's a finer ride, better maneuverability, easier handling—*now with Power Steering as standard equipment,* and Power Brakes optional at extra cost.

And there's the amazing new Twin-Turbine Dynaflow bringing quieter, jet-fast getaway to complete and utter smoothness.

Why not come in and see for yourself just how great the greatest Buick in half a century really is?

Mrs. Janie Webber places a pan of rolls in the oven to bake. Even with one-year-old Ladd Allan, the Snyder housewife still finds time to do weekly baking.

EATING WITH SNYDERITES

Monday Is Baking Day For Mrs. Janie Webber Here

Mrs. Janie Webber of 2701 Avenue X will be prepared for week-end company since she bakes on Mondays to last the entire week.

Inexpensive bread the family likes is:

PLAIN ROLL DOUGH

1 cup scalded milk
2 tablespoons shortening
2 tablespoons sugar
1 teaspoon salt
1 cake fresh or 1 package granular yeast
¼ cup lukewarm water
1 well-beaten egg
3½ cups flour

Combine milk, shortening, sugar, and salt and cool to lukewarm. Add yeast softened in lukewarm water. Add egg. Gradually stir in flour to form soft dough. Beat vigorously. Cover and let rise in warm place until doubled in bulk. Roll out and bake. Makes two dozen rolls.

For variety the Webbers like a fancier bread.

ORANGE NUT BREAD

1 medium sized orange
1 cup raisens or dates
2 tablespoons melted shortening
1 teaspoon vanilla
1 well-beaten egg
2 cups flour
¼ teaspoon salt
1 teaspoon baking powder
½ teaspoon soda
1 cup sugar
½ cup chopped nuts

Pour orange juice in 8 ounce cup. Add boiling water to fill cup. Remove white membrane from orange peel. Stir in shortening, vanilla, and egg. Add dry ingredients. Stir in nuts. Bake in wax paper lined 5 by 9 inch pan in a 350 degree oven for about one hour.

Our Gang Leader Now Leads Parties Hunting For Bear

By BOB THOMAS

HOLLYWOOD (AP)—Ever have the yen to be a bear hunter? Carl Switzer did, and he left behind a movie career to become one.

Movie fans will remember "Alfalfa" Switzer as the wild-haired, freckle-faced kid of the "Our Gang" series. He also appeared with Jane Withers in "Wild and Wooly" and in other pictures. But in 1940, the "Our Gang" series was discontinued and Carl found himself in the awkward age for film juveniles.

"Don't get me wrong—I didn't quit Hollywood," he remarked with amazing candor. "I'm a guy who likes to eat, and I found I couldn't do it without working. I would have stayed in Hollywood if I could have gotten picture jobs."

So he turned to his favorite pastime—hunting.

"I had been hunting bear since I was 14 years old," said Carl, who is now 26. "I had some of my own hounds, and I became acquainted with Roy Rogers at various dog workouts. He staked me to a set of hounds so I could go in business as a bear hunter."

Carl set up headquarters at Avery's, a tiny community in the mountains about 60 miles from Stockton, Calif. He soon had a thriving business of leading bear-hunting parties during the fall open season. He has been responsible for 400 pelts. During other seasons, he hunts for mountain lion, deer, wild boar and racoon.

His return to the movies happened because of an amazing coincidence. Recently, one of the members of his hunting party was film director "Wild Bill" Wellman.

"Say — who the blankety-blank are you?" Wellman demanded.

Carl answered with his name. "Didn't you used to be in pictures—in the 'Our gangs'?"

Carl admitted he was.

'Well, you're just the blankety-blank I've been looking for." And the director said he wanted him for a role in the John Wayne picture, "Island in the Sky."

Carl is here doing the picture, but said he would be returning to his game hunting. "I wouldn't mind doing more pictures," he said. "But I'd like to keep up my other business too. I don't say I make a lot of money; but it's a good living and I'm booked up for nearly all the time."

EVENTS OF THE WEEK

WEDNESDAY

Carefree Canasta Club, 7 p.m., with Mrs. J. O. Bolton, Sun Pipeline Camp.

Leisure Bridge Club, 7:30 p.m., with Mr. and Mrs. Charles Snyder, 3724 Rose Circle.

THURSDAY

Tally Bridge Club, 1:30 p. m., with Mrs. W. H. Seeker, Jr., 303 Thirty - fifth Street.

Good Neighbors Club 2:30 p.m., with Mrs. J. L. Roddy, 1505 Twenty - first Street.

Thursday Afternoon Bridge Club, 3 p.m., with Mrs. R. H. Curnutte, 2306 Thirty-second Street.

Lawyers' Wives organization, 7:30 p. m., with Mrs. John Sentell, 3101 Avenue X.

FRIDAY

Garden Club, 9:30 a.m., the Village.

Women's Golf Association, 9:45 a.m., Country Club.

Altrurian Club, 3 p.m., with Mrs. R. D. English, 2304 Thirtieth Street.

Junior Chamber of Commerce banquet, 7:45 p.m., Ballard's Banquet Room.

SATURDAY

Saturday Duplicate Club, 8 p.m., with Mr. and Mrs. Jim Philp, Snyder Gasoline Plant.

PERSONALS

A. W. Williamson of Eastland is visiting his brother and sister-in-law, Mr. and Mrs. O. H. Williamson, Lamesa Highway.

Guests in the home of Mrs. T. S. Worley, 906 Twenty - fifth Street, are her son-in-law and daughter, Mr. and Mrs. Eunice Duff of San Antonio. Mrs. Worley recently returned from an extended visit in San Antonio.

Beta Sigma Phi Entertains With Ranch Supper

Beta Sigma Phi members entertained with a ranch supper Monday night at the home of Mrs. Arel Faver. This was the first function of the sorority's rush season.

Mrs. Clois Henry told the history and achievements of the chapter, and Miss Virginia Grove told the aims and purposes of the sorority. Mrs. Bill Butler and Mrs. Earline Gray won prizes in games directed by Mrs. Carolyn Reon and Mrs. Joe Griffin.

A green cloth covered the table centered with an arrangement of Autumn leaves. Assisting Mrs. Faver serve the buffet supper were Mrs. Hugh Hopper, Mrs. Bill Line and Mrs. Sig Line.

Guests were Mrs. Kirby Tatum, Mrs. Gray, Mrs. Juanita Joines, Miss Evelyn Levisay, Mrs. A. A. Landry, Miss Evelyn Kotrola, Miss Jean Brown, Miss Dorothy Ulrich, Miss Jo Ann Lumpkin and Miss Sammie Marie Williams.

PERSONALS

Mrs. Kate Owen of Weatherford is a guest in the home of her son-in-law and daughter, Mr. and Mrs. Jack Stoker, Clairemont Road.

Mr. and Mrs. Don Williams, 310 Thirty - first Street, attended the wedding of Mr Williams' nephew, Scarbrough Hartley and Miss Sissy Hobson in Odessa during the week end.

Guests in the home of Mr. and Mrs. Elmer Taylor, 3104 Avenue T, have been their son-in-law and and daughter, Mr. and Mrs. Wallace Jordan and daughter, Lee Ann, of Abilene; Mrs. Taylor's brother-in-law and sister, Mr. and Mrs. Menzo Salmon of Sulphur Springs, Tex., and her brothers, Erskine Wheller and Joe Wheller, and Mrs. Erskine Wheller, all of Commerce.

Lt. and Mrs. E. L. Taylor, Jr., of Norfolk, Va., are parents of a daughter, Kay, born Friday. Mrs. Charlie Miller, 2807 Avenue T, Mrs. Taylor's mother, is in Norfolk. Mr. and Mrs. Elmer Taylor, 3104 Avenue T, are paternal grandparents.

Mr. and Mrs. C. G. McCaleb, Jr., 3718 Dalton Drive, are visiting her mother, Mrs. Thelma Waldeck, and other relatives and friends in San Antonio.

Mrs. E. W. Bonner, 3103 Avenue V, has returned from Midland where she visited 10 days with her sister-in-law, Mrs. D. L. Willis.

Mrs. W. R. Bell, Sr., 2811 Avenue U, has returned from two weeks in San Antonio. While there she attended the livestock exposition.

Mr. and Mrs. W. L. Green, 216 Thirty - fourth Street, spent the week end in Slaton with his parents, Mr. and Mrs. George Green.

Mr. and Mrs. G. D. Boyles, 3112 Avenue C, and Mr. and Mrs. Jeff Brown, 206 Thirty - first Street, were in Lubbock Monday on business.

Mr. and Mrs. F. M. Brownfield, 3012 Avenue W, have returned from El Paso. Their son-in-law and daughter, Mr. and Mrs. Joe Thannisch of El Paso visited here over the week end, and Max Brownfield of El Paso is a guest here now.

Guests of Mr. and Mrs. Lee T. Stinson, 3011 Avenue U, Sunday were Mrs. Reed James and Tommy and Mrs. H. C. McPherson and Jerry Lynn, all of Big Spring.

Mrs. Leamon Land, 1312 Seventeenth Street, returned Monday from Ladonia, Tex., where she had visited her mother, Mrs. Ella Parvin.

Mr. and Mrs. Ray Weaks, 2205 Avenue M, have returned from Sweetwater where they visited their son-in-law and daughter, Mr. and Mrs. Carol Hodges.

Martha Robins Is Hostess For Party

Pat and Wilda Higgins, who are moving from Snyder, were honored at a going - away party given by Martha Robins.

Guests included Deborah Smith, Darrell Green, Barbara Johnson, Herman Bond, Max Martin, Betty Bailey, Jo Anderson, Jerry Stewart, Wanda Powledge, Barbara Bayouth, Nordie Bayouth, Bill Bailey, Doris Agee, Jerry Roberts, Barbara Wilson, Jane Burleson, Audralene Head, Bill Hicks, Milton Palmer and Otis Palmer.

Helps For Homemakers

Send your questions to "Helps for Homemakers" Snyder Daily News, or call 3-5486.

Fish goes untouched around our house if I fry it, and I can't think of any other way to prepare it. I have about 15 pounds of frozen fish in the locker and certainly need some recipes for how to serve it. Mrs. McD.

This rice and fish casserole would be a way to get rid of some of your fish. Use the following ingredients:

1½ pounds fresh or frozen fillets
1 cup uncooked rice
1, 10½ - ounce can condensed cream of celery soup
1½ cups grated American cheese
1 teaspoon salt
3½ cups water

Allow about a day in which the fillets can thaw slowly in the refrigerator; or allow about 2 hours at room temperature. In a shallow baking-serving dish, mix the rice, celery soup, ½ cup of the cheese, salt and water. Bake in 350 degree oven for 20 minutes. Remove from the oven and lay the thawed fish fillets over the top of the rice and liquid mixture. Sprinkle the rest of the cheese over the top of the casserole. Return to the 350 degree oven and bake for 30 minutes or until the rice is tender and the top of the casserole browned and bubbling. Serve immediately.

Make bacon - tomato toastwiches for a quick lunch or supper. These are just a step beyond the speediness of regular sandwiches and are a bit more special.

For toastwiches, you will need the following ingredients:

¼ cup soft butter or margarine
12 slices enriched bread
12 slices crisp cooked bacon
12 slices tomato
18 strips green pepper
2 eggs, beaten slightly
1-3 cup milk
dash pepper
¼ cup shortening or bacon drippings.

Butter bread. Make 6 sandwiches by placing 2 slices bacon, 2 slices tomato and 3 strips green pepper between slices of butterd bread. Combine beaten eggs, milk and pepper. Dip each sandwich into egg mixture, turning it to coat both sides. Brown sandwich, on both sides, in small amount of hot shortening in a skillet. Serve immediately. There are countless other variations of this French toast sandwich.

GMC covers all bases

...19 new light truck models offer Hydra-Matic shifting

GMC advances spread right across the light truck field! Throughout the ½-, ¾- and 1-ton-capacity range, GMC presents no less than 19 pickup, stake, panel and package delivery chassis models that offer Hydra-Matic Drive*—

as well as the highest-compression gasoline truck engines ever designed, to power a grand total of 22 light truck choices!

Dual-Range Hydra-Matic Drive has one setting for flashing footwork in traffic—another for gas-saving open going. From joltless starts to unlabored climbing, Hydra-Matic takes over all gearshifting effort AND judgment.

Two ultramodern new engines power this great group—bringing the tremendous lift of compression ratios at 7.5-1 and 8.0-1 *with regular gasoline.* And with even more power delivered to the wheels, there's more mileage squeezed from the gas!

There's a new electrical system to make high compression pay off at all speeds—new safety from greater stopping power—new stamina from heavier construction.

Come look over these *all modern* GMC's. See for yourself how they're "built like the big ones"—those brawny GMC's of 26,000 GVW and up that are leading all heavy-duty trucks in sales.

*Optional at extra cost

THE ADVENTURES OF PATSY

District Cagers Are Listed On Standing In Scoring Order

Lester Dye, the sharpshooting cager from Vernon, edged ahead of Ned Underwood of Snyder in the district scoring race last week when the teams ended competition here.

While Carl Anderson of Sweetwater led the district with 245 points in district play, Dye followed him up with 213. Underwood ended the season with 204.

Dye, who went into the finals with the Vernon team, which began its competition with Brownwood for the bi-district title last night, has played one more district game than has Underwood. The Snyder team was eliminated by Vernon in the district playofff. tourney.

All Vernon, Plainview, and Lamesa players played 12 games in district competition, while those from Snyder and Sweetwater had 11 and Big Spring played 10.

Underwood, in per-game average, ran second with 18.5, while Anderson was first with 22.2. Dye was third with 17.7.

DISTRICT SCORING

	Points	Average
Anderson, Sweetwater	245	22.2
Dye, Vernon	213	17.7
Underwood, Snyder	204	18.5
Stevens, Lamesa	167	13.9

Tech Knocked Out Of Border Conference 1st

TEMPE, Ariz. (AP)—Arizona State College at Tempe virtually knocked Texas Tech out of a chance for the Border Conference basketball championship last night with an 80-76 victory.

Paul Nolen, elongated center, led the Techsans with 23 points. Roy Coppinger paced the Sun Devils with 17.

ASC led at the half, 42-38.

Hammett Gets High Money In Houston Open

J. T. Hammett, Snyder golf pro who always breezes through the first rounds of tournaments, came in with a two-under par 70 in the Houston Open yesterday.

Although Hammett usually shows up in the first rounds, the big-time competition has grown too great later in each big tourney and he was out of the money.

Hammett collected $150 for leading yesterday's scoring. Mike Pavella of Washington, Pa., was given $100 for his 71, while $100 was divided among several for their scores of 72. They are George Getchell of Omaha, Neb., Joe Kirkwood, Jr., of Grossingers, N.Y., Joe Brown of Des Moines, Iowa, Wally Ulrich, Austin, Minn., George Keyes of Fort Sheridan, Ill., Ernest Fortner of Sult Sainte Marie, Mich., and Mike Homa of Rye, N.Y.

A total of $1,000 in special prize money was set aside in the tourney for daily scoring leaders.

Browns Want Holloman, Yanks And A's Sign More Players

By The Associated Press

Maybe the St. Louis Browns ought to tell shortstop Willie Miranda to spend a few more days in Cuba so he can pick up a traveling companion.

Miranda wired the Browns he's leaving immediately for their San Bernardino, Calif., training camp after a season of winter baseball in his native Cuba.

But the man in Cuba the Browns are more interested in luring westward is Alva (Bobo) Holloman, a right-handed pitcher and the only unsigned St. Louis player.

Holloman climaxed a season of winter ball last night by hurling Puerto Rico to the Caribbean championship at Havana. Working with only two days rest, he gave up six hits and knocked in a pair of runs in whipping Venezuela, 9-2. Saturday night he beat Cuba, 7-4.

The 26-year-old Georgian is working his way back to the big leagues after an unsuccessful trial with the Chicago Cubs in 1950. He went all the way down to Class A in 1951 and then had a real good year at Syracuse in the International League last season. He won 16 while losing 7 and posted an earned run average of 2.51.

Miranda, an infielder, played during the winter for Almendares, the second-place club in the Cuban League.

Money talked yesterday in the training camps of the New York Yankees and Philadelphia Athletics. The Yankees came to terms with pitcher Allie Reynolds, outfielders Hank Bauer and Mickey Mantle and first baseman Joe Collins. It was believed Reynolds got $38,000, Bauer $21,000, Mantle $18,000 and Collins $15,000. Eight members of the world champions including pitchers Vic Raschi and Ed Lopat are still unsigned.

The A's signed first baseman Eddie Robinson to a two-year contract for an estimated $30,000 per year. This makes the ex-Chicago White Sox player the highest paid player on the squad. The A's also have eight men demanding more dough.

The Boston clubs did some contract business too, but the money involved wasn't disclosed. Versatile Billy Goodman signed with the Red Sox and pitcher Jim Wilson and catcher Paul Burris came to terms with the Braves in time to take part in the first workout of 23 battery candidates at Bradenton, Fla.

Vernon Beats Brownwood

Vernon, the representative of the five champions of District 1-AAA, jumped ahead in the bi-district playoff last night by downing Brownwood of District 2-AAA 54-46.

The two teams, playing in Brownwood last night, will complete a three - game series to determine who will go into the state playoffs.

The second game will be played at 7:30 o'clock Friday night in Vernon, and the third game, if necessary, will be played in Abilene Saturday night.

Lester Dye, one of the top scorers in the district, led his team to the victory with 18 points, followed by Gordie Harvey with 17.

Leondous Fry led the Brownwood squad with 17, while Bobby White tallied 13.

Vernon led all the way, with Brownwood threatening several times. The Lions led Brownwood 12-9 at the end of the first period, 25-24 at the half, and 40-34 going into the final period.

Snead Arrives For His First Winter Match

HOUSTON (AP)—A parade of champions moved onto Memorial Park course today for a bit of delayed practice prior to start of the $0,000 Houston Open Golf Tournament.

Arrival of Sam Snead, winner of eight tournaments last year, including the coveted Masters, completed the line-up of champions who will head the field of 150 for tomorrow's first round.

On hand to greet the Slammer for his first appearance on the 1953 winter tour was the latest winner of practically every major professional tournament in the country. Most of them had been fretting because a heavy rain Monday and a tight qualifying round schedule yesterday had kept them idle.

Several squeezed in a few holes before darkness yesterday. Spead rushed to the 7150-yard, par-7 course from the airport. He picked up Roberto de Vicenzo, the Argentine ace, halfway along the front nine. Their brief hitting duel ended in a draw over the soggy fairways.

Snead and De Vicenzo, winner last week at Mexico City, will be among the tournament favorites because of their long-driving abilities.

Their competition includes all the champions of the 1953 winter tour—Lloyd Mangrum, Tommy Bolt, Jimmy Demaret, Chandler Harper and Tony Holguin.

Added to this group are such stars as Julius Boros, National Open champion and 1952's top golfer, and Jim Turnesa, the PGA champion.

Fifty-three of 159 lesser-known golfers shot a four-over 76 or better yesterday to qualify for the first 36 holes of tournament play. Only two broke par, while seven finished at 72.

Dallas Rookies Unable To Workout In Rain

PORT ARTHUR (AP) — Ground keepers said the Dallas Eagles rookie baseball players may get to work out tomorrow—if the rain stops.

Spring training was delayed again yesterday for the Texas League team. The main squad of the club doesn't arrive until March 9.

Manager L. D. (Dutch) Meyer said pitchers Les Kash and Harry Young and Outfielder Gene Depperschmidt signed contracts.

Tryouts For Prospective Professional Players Scheduled In Abilene

A two-day tryout camp will be held in Abilene for potential professional baseball players March 7-8, Garland Bishop, general manager of the Abilene Blue Sox, announced today.

Bishop said the Blue Sox and the West Texas - New Mexico League are conducting the camp for boys of non-professional experience as well as those of experience who are free agents.

The manager said each boy is to furnish his own room, meals, transportation, and equipment, adding that if he is signed to a contract all expenses will be re-imbursed.

All those signed will go with the club to spring training at Kissimmee, Fla., Bishop said.

City League In Games Friday

Play will begin Friday night in the city basketball league, according to Glenn Snyder, Quarterback Club league chairman.

Snyder said the league, which is to be composed of four teams, will play through a double round robin schedule then go into a double-elimination tourney for the championship.

League games will be played on Mondays, Tuesdays, and Fridays, with each night's first game beginning at 7 o'clock and second games beginning at 8:30 o'clock.

Teams matched for Friday night are National Guard vs. C. & S. Sporting Goods and Chuck Wagon vs Wade Pipkin Motors.

The Chuck Wagon squad is defending league champion, and the Pipkin five was second place team last year.

LEAGUE SCHEDULE

Feb. 27 — National Guard vs. C. & S Sporting Goods
Chuck Wagon vs. Wade Pipkin Motors.
March 2 — C & S Sporting Goods vs. Wade Pipkin Motors.

Owls Leading SW Conference

By The Associated Press

Rice's rampaging Owls finally latched on to the lead in the Southwest Conference basketball race Tuesday night, dumping Texas into a second-place tie with Texas Christian 61-56.

But also-rans hold the key to the Southwest Conference championship as the dizzy season heads for a dramatic climax.

And one of these also-rans looked anything but that Tuesday night as Southern Methodist hung a 73-59 licking on Texas A&M.

Rice, which now boasts an 8-3 record for the season, ends up against Southern Methodist next week.

Texas, along with Texas Christian sporting a 7-3 mark, plays Baylor Saturday and then winds up against Texas Christian.

Texas Christian has to meet Texas A&M Saturday before meeting Texas.

CLEAR CHAMP DOUBTFUL

Whether there'll be a clear champion depends on how these games come out.

Rice is a huge favorite to lick Southern Methodist and cinch at least a share of the title.

Texas Christian will also be favored by big majorities over A&M, but it's a different story for Texas against Baylor. The Bears nosed out the Steers by single point their last time out.

Rice—one of the pre-season favorites to finish in the running for the title—licked Texas in a whingdilly game at Houston. The score was tied 13 times and the lead changed hands 13 times.

Texas was ahead for the last time with 12 minutes remaining when Gib Ford's field goal gave it a 44-43 advantage.

SCHWINGER DOES IT

Gene Schwinger netted two free throws and that put Rice ahead to stay.

Schwinger scored 12 of his 22 points in the final quarter.

Both teams were cold when it came to shooting from the court. Texas hit only 17 of 60 field goal attempts and Rice got only 21 of 57 tries.

George Scaling paced Texas scoring with 16 points.

At Dallas, Southern Methodist grabbed the lead in the waning minutes of the first quarter and was never headed as it posted its second win of the conference season.

Jack Kastman and Art Barnes each scored 19 points for SMU. Leroy Miksch dumped in 15 for the Aggies.

DO YOU KNOW—

—the last names of the beauty operators at . . . MODERN BEAUTY SHOP? Their first names are Jessie, Wanda, Sammy, Ruth, Hazel, and Bertha.

The owner of a place of business would have one heck of a time "all-by-himself" trying to serve you. His personnel is his "service to you". And, you'll see your friends at your stores presented in a way—"you'll never forget".

"LET'S GET ACQUAINTED" . . . will focus our attention on PEOPLE! ! !

Let's Get Acquainted.

7 Years—6 Times More Rural Telephones

THIS SCENE HAS BEEN REPEATED many times in recent years, as telephone people worked to extend service to the state's farming areas. In just seven years, the number of Southwestern Bell rural telephones in Texas has increased six times. And we're continuing to push more lines out into rural areas every month. In 1953 we hope to be able to spend more than $4½ million on this type of construction alone. SOUTHWESTERN BELL . . . A TEAM OF 28,000 TEXANS—AND PARTNERS IN TEXAS' PROGRESS.

Bright, Fluffy, Fresh as New after 20 Dryings

...in an automatic GAS clothes dryer

Chenille bedspreads, shag rugs, terry cloth, towels and other fabrics containing nap or pile become matted or harsh when line-dried. With an automatic GAS clothes dryer fabrics come out soft and fluffy.

Fabrics keep new appearance longer, last longer, and FEEL better when dried in an automatic GAS clothes dryer. No sun-fading, no wind-whipping, no clothes-pins pulling and tugging with a GAS dryer.

Clothes from a GAS dryer have that "outdoor" freshness that is so desirable. Ozone is continuously circulated through the clothes during drying. They come out of the GAS dryer with a clean, crisp, fresh fragrance. You enjoy all the advantages of line-drying without the costly disadvantages.

See the dryer that gives you more. See an automatic GAS clothes dryer!

Trailerville Speedy Housing Solution For H-Bomb Workers

By The Associated Press

NEW ELLENTON, S. C. — Trailers play a big part in the development of the U. S. hydrogen-bomb here. It has been estimated that more than 10,000 house trailers are parked in the area. They are occupied mostly by workers in the project and subsidiary industries.

In many instances, the people who live in them have removed the wheels and installed water and sewer lines. Many of them have radios, TV sets or both.

Reason for the trailers starts with the fact that this corner of South Carolina is sparsely settled. They were brought in to supply quick housing for the workers.

An estimated 6,000 of the trailers are owned by the workers themselves. These families brought their homes with them when they came to work on the project. For the most part, they are parked in about 130 privately operated trailer parks. In most instances the workers brought their families along with their homes. Many of them are the property of constructions workers who have found housing on construction projects difficult and who have therefore arranged to supply their own. These families are used to trailer living.

Another group of workers is housed in four huge rental trailer parks. For them, trailer living often is a new experience. In these big parks a trailer rents for $60 a month. The units contain a living room-dinette, a bedroom, a kitchen and a bath. It will sleep four. The kitchens are complete with range and refrigerator and the bathrooms have showers.

The availability of trailers for rent helps recruit workers, the headache here has been faced on other government projects. It has been found that having his family with him helps a worker's morale. The parks here are all operated by private companies or firms. An estimated 39,000 construction workers have been housed. Many of them are expected to be needed for the next three years.

The trailers have helped reduce the need for big government towns such as were built at Oak Ridge, Tenn., Richland, Calif., and Los Alamos, N. M.

A jet's-eye view of Trailerville, S. C.

Typical happy home of trailer dwellers.

Man's Green Thumb Itches At First Sign Of Spring

By The Associated Press

NEW BRUNSWICK, N. J. — You say your quivering nostrils detect the first faint perfume of approaching spring? Your thumbs itch and show a tinge of green?

These are sure signs that you have gardening in your blood. You'd better get comfortable after supper and give your new seed catalogs some serious attention.

Seed catalog study and garden planning are part of your paper work warm-up to a season of happy green thumbing. Plenty of time later to develop your calluses.

A plan is important, even though you can jump over your garden's widest dimensions. Part of my job as an editor at Rutgers is to siphon off professional advice, and planning, the professors assure me, gives results.

For all their dwelling in ivory towers, professors are handy at giving down to earth answers to farm and garden questions. They get dirt under their fingernails and lawnmower grease on their pants, just as you and I.

And so, when a professor tells me that the book says you should plan a garden, and that furthermore, he always draws up a garden plan himself, I'm all ears. Maybe you, took, can remember the year you had to eat your way through a 50-foot row of Swiss Chard? Or did you consume your weight in parsnips?

Just a simple diagram, showing the dimensions of your vegetable and flower gardens, will do. Draw a line to show where you will first grow early peas, then tomatoes.

Planning the garden.

Another line can show that snapbeans will go in when the early lettuce is finished. And can you really afford the space to grow the speading vine crops like cucumbers and squash?

Prof. C. H. Nissley, vegetable specialist and well known author of a garden handbook, says planning will help you save money when you buy seeds and fertilizer. And, as you know, most packages of seeds have directions for spacing and time for planting.

Nissley warns not to let the vegetable garden get too big if you're expected to give a hand with the weeds in the perennial border.

And while you're planning, you'd better feel your muscles and ask yourself if your energy next July will match your early spring spirit. Or, as we like to say around here: "Don't bite off more than you can chew."

This applies to more than the use of your muscle power and limits of time. There's that little matter of spreading the dollars, too.

Girl Snatched From Horse By Truck Driver

WILMINGTON, Mass. (AP) — A speeding train, lowered crossing gates, a quick-witted truck driver and a couragous 13-year-old girl astride a speeding horse figured in a hair-raising thriller yesterday

Sandra Dupras was plucked from her runaway steed by a truck driver after the animal, in a five-mile dash, had hurdled the railroad gates in front of an oncoming train.

The truck driver, Ernest R. Burns, took off after the horse and rider. His pursuit was interrupted momentarily when the frightened steed bounded over the lowered crossing gates just before the train flew by.

Picking up pursuit again at 50 miles an hour, Burns overtook the horse and rider and, reachin out, snatched the girl unharmed from the tiring horse.

"You can tell her "Tex" without any apologies to rough riders," said Burns. "She sure clung to that horse like a burr."

From Roman times until quite recently a wrecked ship belonged to the king and it is believed the regulation was developed to prevent the destruction of the property of the shipwrecked.

Long Process Before Bill Can Become Law; Reasons Are Told

By BO BYERS

AUSTIN (AP)—If a bill you are particularly interested in has been introduced in the Legislature, you may be wondering why it takes so long for it to become law.

Maybe you've read stories that said the bill was "introduced," that a committee had "approved" it, that the House had "passed the bill on second reading but failed to vote on final passage."

Sounds like a lot of gobbledegook, doesn't it?

Basically, the reason for making a bill go through so many steps is to give some assurance that proposed legislation won't be "railroaded through" before the lawmakers have time to study its merits.

How does a bill become law?

1. A bill may be filed in the House or Senate, except that all tax bills must originate in the House. Assume that the bill you are interested in is filed in the House.

HEARINGS HELD

2. The bill is introduced "on first reading" and the speaker of the House immediaty sends it to a committee.

3. The committee chairman schedules the bill for public hearing. Generally, at least 48 hours public notice is given by posting announcement of the hearing on the bulletin boards outside the House and Senate chambers. The average citizen has to rely on newspapers, radio and television to pass along the word that hearing has been scheduled. Trade association representatives and lobbyists are here to watch the bulletin boards.

MUST WAIT TURN

4. The committee hears proponents and opponents, then votes on whether to delay it or to recommend passage or non-passage

5. Assuming the bill wins committee approval, it goes to the House floor. There it must await its turn on the "calendar"—business docket. Ordinarily, bills are considered by the House in numerical order in which they were originally filed. However, there are numerous parliamentary and political tricks by which a bill can be delayed.

6. The bill finally comes up for House consideration. If a simple majority vote for the bill, it is "passed" on second reading." But the rules require it also to be approved on "third reading," which means final passage.

STEPS IN SENATE

To secure a vote on final passage the same day a bill is passed on second reading, the author first must get the House to authorize the final vote by a four-fifths majority. If he fails to secure the four-fifths majority, consideration of the bill is delayed until a later date.

7. The bill finally is passed by the House on "third reading" by a simple majority and sent to the Senate. There it goes to a committee. It follows the same process as in the house to win final Senate passage. If the Senate amends the bill, the measure must go back to the House for approval of the change. House and Senate must agree on the entire bill in its final form.

8. The bill goes to the governor. He may sign it into law, veto it or let it become law without his signature by letting it lie on his desk 10 days.

If the governor vetos a bill, the House and Senate can over-ride his veto by giving the bill a two-thirds majority vote of each chamber.

Charges Are Filed Against 3 In Church

PARIS (AP)—Six persons, including a Roman Catholic nun and two Catholic churchmen, were under arrest today in connection with the disappearance of two little Austrian Jewish boys, spirited out of France into Spain 10 days ago.

A seventh, a 70-year-old guide named Susterreguy, who says he took the children across the snow-covered Pyrenees Mountains, also was picked up but has been tentatively released.

The two boys are Robert Finaly, 11, and his brother, Gerald, 10, whose parents placed them in a municipal home at Grenoble, France, in 1944 to save them from German invaders.

The parents were later deported and killed by the Nazis. An aunt, Mrs. Hedwig Rosner of Gedera, Israel, fought a long legal battle to gain custody of the two boys finally winning a French order last year that they be turned over to her.

Police gave this account of subsequent events:

The director of the Grenoble home, Miss Antoinette Brun, refused to give the boys up and was arrested. The children, who had been baptized into the Catholic church had been taken to a Grenoble school run by nuns of the Notre Dame de Zion order. The school director, Mother Superior Antoine, was arrested Feb. 4 on charges of abducting minors and hiding the children.

The two lads, meanwhile, had been moved to Bayonne, near the Spanish border. Two abbes, Latwague and Aristia, and a man identified as Jean Fagalde got a Basque named Francois Etchesaharetta to drive the boys to Biatou, France. From there, the guide took them over the mountains into Spain.

Snyder Man Fined In Tom Green Court

SAN ANGELO — Delbert William Funk, 41, Snyder oil field worker, pleaded guilty Monday to a charge of driving while intoxicated and was fined $50 and costs, totaling $72.70.

Funk appeared in Judge Glenn J. Jenkins County Court after he was arrested early Sunday morning on the Ballinger Highway by highway patrolmen.

Man Let Out Of Jail Temporarily To Wed

ST. LOUIS (AP)—Beauford Cotner, 28, and Mary Joyce Cross, 18, had been planning their marriage for more than a year. They had been waiting for her 18th birthday.

But when it arrived, Cotner was in city jail waiting trial on a burglary charge. They decided to go ahead with their plans anyway.

Yesterday Cotner was released temporarily for the ceremony. With a deputy sheriff standing by, the couple was married at City Hall by a Salvation Army minister.

Then Cotner was handcuffed and returned to his cell.

The question of who can vote was left to the states in the U.S. Constitution as it was first adopted.

1953 Chevrolet Advance-Design Trucks are more truck for the money!
4 powerful reasons why you get more of what you want...
more engine power
Advanced Loadmaster engine—standard equipment on 5000, 6000 Series heavy-duty and forward-control models, optional on 4000 Series heavy-duty trucks. Light- and medium-duty models, with Thriftmaster engine, provide extra economy.
more staying power
Now, heavier, stronger, more durable frames increase rigidity, add to ruggedness and stamina of all 1953 Chevrolet trucks.
more braking power
Chevrolet trucks up to 4000 Series heavy-duty models are equipped with "Torque-Action" brakes. Series 4000, 5000 and 6000 heavy-duty trucks use extra-large "Torque-Action" brakes in front, "Twin-Action" type in rear.
more economy
Greater stamina of 1953 Chevrolet trucks, extra gasoline economy in heavy-duty models with Loadmaster engine, reduces hauling costs.

(Continuation of standard equipment and trim illustrated is dependent on availability of material.)
WIN $25,000 FIRST PRIZE IN THE GENERAL MOTORS BETTER HIGHWAYS AWARDS
162 awards totalling $194,000. Come in for free "Facts Book" containing entry blank and complete details of contest.
For 1953, Chevrolet trucks offer new performance, new stamina, new safety and economy—*and every model is even stronger, sturdier, and more durable than those of past years!*
The advanced Loadmaster engine in heavy-duty models delivers more power than has ever before been available in Chevrolet trucks.
You get all the proved features and advantages that have made Chevrolet trucks world-famous for their ability to handle the roughest jobs *at the lowest over-all cost to you!*
Yet, 1953 Chevrolet trucks list for less than any other trucks of comparable capacity and specifications. Drop in at our showroom and talk over your trucking needs.

WRECKAGE IN WHICH 66 DIED

Curious citizens view the shattered remains of two street cars which met in a head-on collision at Mexico City, killing 66 persons and injuring some 90 more. Brakes on the car at the right failed as it was going down grade and it collided with the car in the background.

Most Cattlemen Still Don't Want Government Interference

By DON WHITEHEAD

FT. WORTH, Tex. (AP) — The nation's cattlemen are taking a price beating today but their leaders here insist the Eisenhower administration is on the right track to bring stability to the giant cattle industry.

The story they tell you is this: Despite heavy price drops in cattle, there is greater confidence in the industry since President Eisenhower's inauguration.

Cattle prices have skidded drastically in the past two years from peaks which brought fat profits to almost everybody in the business. Prices continued to fall after Eisenhower took office. This has touched off a furor in Washington among politicos with an eye on the 1954 elections.

Some cattlemen are disgruntled. Some are critical of the GOP farm policies and fearful of the future. They would like to have the security of government price props under their cattle—something they have never had. But it's safe to say these stockmen represent a minority.

Most prominent cattlemen take the view that the price shakedown probably is a good thing over the long haul for themselves and the nation. They want no part of government price supports, subsidies or controls.

Again and again in this country you hear cattlemen and others say something like this:

"Naturally we don't like to take these losses. It hurts. But a price adjustment had to come. If Washington will just leave us alone, we'll work it out ourselves."

Down this way, stockmen generally voice considerably more faith and confidence in the Eisenhower farm policy than you hear in Congress. They are gleeful over the dropping of price controls on beef. They approve the attitude taken by Secretary of Agriculture Benson, who has said farmers in the future are going to have to depend more on themselves than on government subsidies.

Two years ago cattle were selling for $36 for 100 pounds (more for top-grade beef steers). Now the price is off around $10 or more a hundred.

In the summer of 1951, the high price of beef was causing cries of anguish from consumers having a hard time finding a good steak in the butcher shop. The supply just couldn't meet the demand.

The government had slapped on price ceilings and even ordered rollbacks in the prices of beef cattle. Some cattlemen said then it would take from three to five years for production to catch up with the demand.

But production has outstripped expectations. Today there is a record number of cattle on the range and in feeder lots. The last Department of Agriculture report showed a cattle population of 93,696,000 on Jan. 1, 1953. This is an increase of more than five million head over the same period last year and a rise of 11,600,000 above 1951.

But the farm value per head on Jan. 1 was only $128 compared to $179 on the same date a year ago. However, it was $31 better than the average value from 1942 to 1951.

The high-profit period for cattlemen has been wiped out. Some of the losses involved were paper losses. But in many cases there has been a real financial squeeze on those who don't have the cash or the credit to tide them over the rough spot.

The heavy flow of cattle to market, depressing prices, resulted from heavy production plus a drought and the high cost of feed in relation to cattle prices. The combination has forced growers and feeders to unload their cattle even at unfavorable prices.

Oddly enough, out here one gets the impression that cattlemen are doing less squawking than some of those outside the industry. This has brought some unusual results.

Recently Sen. Robert S. Kerr (D-Okla) introduced a bill in Congress to force Benson to use up to 25 million dollars to support beef cattle at 100 per cent of parity. On the face of it, it would appear to be a move that would win wide support among the top cattlemen.

But it hasn't worked out that way. Jack Roach of Amarillo, president of the Texas Southwestern Cattle Raisers Association, called Kerr's proposal "essentially a control program from another approach." He and his organization oppose it.

"We have always felt," he said, "that there can be no satisfactory or workable solution to our problems that would substitute subsidies for a fair and open market price."

Kent County Seat Election Is Contested

HASKELL — A court hearing began here Monday in the 39th district court to hear arguments in the courthouse election contest of Kent County residents.

The court action originated from a petition filed in April, 1952, contesting the March election in which a proposal to move the Kent County courthouse from Clairemont to Jayton failed by one vote.

Principal issues to be settled by jury verdict involve validity of 12 to 18 votes cast in the elections and qualifications of the voters as to residence in certain precincts.

Vote in the election was 610 for moving the courthouse to Jayton and 308 for retaining it at Clairemont. A two - thirds majority, or margin of 611 to 307 votes for moving was required.

Remaining facts in dispute will be presented before a jury summoned for March 9.

Representing the Jayton parties Monday were Ralph Wilson and Ralph Logan, San Angelo, and Tom Davis of Haskell. Representing those from Clairemont were Dallas Scarborough and son, Larry Scarborough of Abilene.

Tourist Trade Being Pushed By Committee

The Chamber of Commerce will accept bids until March 6 for 15 highway signs to promote travel through Snyder, Gene Harper, chairman of the tourist development committee, said today.

Harper said the signs, which will be 10½ feet by 16 feet in size, will be erected by the committee on highways near Fort Worth, El Paso, Lubbock, Big Spring, and Abilene. They will tell the number of hours drive to Snyder, lettering and art in luminous paint. One large sign will be erected east of Snyder on U. S. Highway 180, Harper said.

The signs will also tell the number of the various types of businesses and facilities available to tourists here.

Plans and specifications for the signs will be available at the chamber office, Harper said.

In connection with the tourist program, the chamber has received about 100 letters from all over the U. S. commending Snyder for its four-color brochure promoting tourist trade here, Leon Huff, chamber manager, said. About 4,000 brochures were sent out last October to tourist agencies, highway information centers, and transportation offices, Huff said, adding that many of the tourists said they came through Snyder as a result of seeing the brochures.

The tourist committee is now planning to print about 5,000 copies of a folder with strip maps of all highways leading into Snyder, including in the folder photographs of tourist courts, cafes, and other tourist facilities owned by members of the chamber. They will be distributed to the same places as were the brochures, Huff said, and will be ready for distribution about June 1.

Chamber To Start New Membership Drive Soon

A membership drive will be conducted in the near future by the Chamber of Commerce, Leon Huff, manager, said.

Huff said the chamber now has 385 members and will attempt to push membership to 500 during the drive.

Membership cards for all 1953 members whill be mailed out soon, Huff said.

The chamber manager said the membership committee has decided to begin accepting memberships at $1 per month for salaried employes of businesses here. Other memberships, those for businesses, managers, and owners, are at a rate set by the committee and board of directors.

Five Holidays Set For This Year; Extra Value Day To Be Dollar Day

Five holidays for 1953 have been set as those to be observed by Snyder merchants, U. D. Walker, head of the Chamber of Commerce merchants committee, said.

The committee asked merchants' cooperation in observing Memorial Day, May 30; Independence Day, July 4; Labor Day, Sept. 7; Thanksgiving Day, Nov. 26; and Christmas Day during 1953. They also set New Years Day of 1954 as an official holiday.

The group decided that business firms will no longer observe extra value day but will begin observance of Snyder dollar day after April 6. It will be held once each month.

The committee will organize trade tours for April, June, and August for all interested retail establishments to cover oil camps, gasoline plants, and other industrial facilities here.

Mr. and Mrs. J. G. Bently, 213 Thirty-sixth Street, have returned from Electra where they visited her parents, Mr. and Mrs. Oscar Talley, and his parents, Mr. and Mrs. Oscar Bently.

Cleanup For City Planned

A two-week cleanup campaign will be conducted again this year by the Chamber of Commerce, B. F. Pinnell, chairman of the chamber's health and sanitation committee, announced this week.

Pinnell said the campaign, which will be held at a date to be announced later, will begin a 12-month cleanup program here.

The committee will review last year's cleanup before the one begins this year, determining the number of pit toilets removed since the cleanup started last year. At the start of the campaign in 1952, more than 500 pit toilets were still here.

Pinnell said his committee will ask the aid of all civic groups, parent - teacher organizations, scouts, and women's organizations to help in the campaign.

Arranging For Adult Classes

The school system is planning to begin night classes for adults in the near future, but exact arrangements have not yet been made, according to Dr. Cecil L. Yarbrough, superintendent.

The program's three phases will be typing, shorthand, and arts and crafts, Yarbrough said, but the latter may not be started until typing and shorthand are underway.

The superintendent said the system was originally planning to start the adult classes some time after completion of the new high school building but that demand for the schooling had increased suddenly when several adults had heard of the plans. Most of those interested have expressed desire to study shorthand and typing, he said.

The arts and crafts classes will include such things as leather work, ceramics, and painting.

High School Students Tour Angelo Library

Nine Snyder High School students attended a meeting of the Teenage Library Association in San Angelo Friday and Saturday.

Fred Gibson, Texas author, and Mrs. Flora Reeves, Tom Green County librarian, addressed the group. A tour of the San Angelo library was also included in the program.

Mrs. J. P. Nelson, high school librarian, and Frank Miller accompanied the students who included Billie Barrett, Winifred Watson, Shirely Barrett, Betty Jo Adams, Millie Davis, Twila Sturdivant, Letrell Elrod, Robbie Pratt, and Myrtle Scott.

Billie Barrett was elected chairman of a committee to revise the constitution for District 3.

PERSONALS

Mr. and Mrs. Jeff Wheeler, 3003 Avenue K, have had as guests Mr. and Mrs. Travis Horton and daughters, of Rule, Tex.

Mrs. J. D. Frith and daughters, 2006 Twenty-seventh Street, returned Monday night from Sulphur Springs where they visited Mrs. Frith's sister, Mrs. Ruby Vittitow and family. Mrs. Frith's mother, Mrs. B. C. Glenn, who had been visiting here returned home.
