

SNYDER AREA OIL

Scurry County's three active wildcats were making hole at the week-end. Number of them have reported encouraging new shows of possible discovery production in any zone they so far have penetrated.

Operator has set 4 1/2 inch casing at total depth of 3,903 feet and will attempt completion through 1 3/4 inch casing.

The Atlantic Refining Company No. 1 Wallace, East Kent County wildcat, 3 1/2 miles southeast of Claiborne, was running a drilling test in the Noodle Creek at 3,970-4,000 feet.

The zone covered by the investigation was included in a core cut from 3,800-84 feet carried poor porosity, oil stain and fluorescence and bleeding oil, while the interval at 3,994-85.5 feet, showed bleeding oil with poor to fair pinpoint porosity.

The venture is 9 1/2 miles north-west of the Rough Draw, North Noodle Creek pool and 2,013 feet from south and 319 feet from east lines of section 63, block 98, HATC survey.

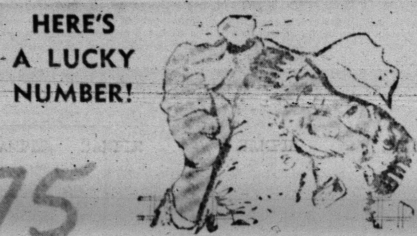

C. L. Norworthy, Jr., of Dallas will drill No. 2 M. E. Puryear as a 1/2 mile west outcrop by the Rough Draw, North Noodle Creek pool in Southeast Kent County, 17 miles northeast of Rotan.

Projected to 4,300 feet, the exploration is 1,800 feet from south and 660 feet from east lines of section 361, block 2, HATC survey.

M. L. Mellon of Midland will drill No. 1 Drum as a 2,800-foot operation in the Vard (Gloria) pool, four miles east of Fluvanna, in Northeast Scurry.

JFK, Wallace Ride Together Talks Not Unfriendly

SUNNY DAYS! HERE'S A LUCKY NUMBER!

If You Have It, You're A PRIZE WINNER!

FAMILIAR SIGHT to hundreds and hundreds of Snyder area treasure hunters will be such little tabs as this sample "lucky number" which can be found by thousands all over town for the next three days.

'Sunny Days' Arrive Monday

"Sunny Days" arrive in Snyder Monday with spectacular activities which would make things bright even if the weather were uncooperative.

RE DOUGLAS B. CORNELL HUNTSVILLE, Ala. (AP)—President Kennedy waded into a racially turbulent South Saturday and tackled the civil rights issue publicly at Nashville and privately in a brief conversation in the air with Gov. George C. Wallace of Alabama.

G. N. Greer Dies Here

Funeral services will be held at 4 p.m. Monday for Gideon Napoleon Greer, 72, of 1907 Twenty-seventh Street.

Mr. Greer, a retired farmer and service station operator, died at 10:50 a.m. Saturday at Coghill Hospital.

Mr. Greer had lived in Scurry County for the past 37 years. Prior to moving to Scurry County he had farmed for a number of years in Kent County.

The services will be conducted at the North Side Baptist Church of which Mr. Greer was a member.

Mr. Greer is survived by his wife, Mary Eliza Greer, two daughters, Mrs. Irene Hahn of Monahans and Mrs. Christina Eastman of Ft. Worth, one sister, Mrs. Louise Burkett of Jayton, seven brothers, W. L. and E. W. both of San Angelo, L. A. of Odessa, R. A. of Floresville, Ariz., A. L. of Fritch, Tex., B. I. of Carlsbad, N. M. and Ernest of Mesa, Ariz., and three grandchildren.

Kennedy, Mansfield Due For Ceremonies

NEW YORK (AP)—President Kennedy and Senate Majority Leader Mike Mansfield, D-Mont., will participate in dedication ceremonies at the new East Coast War Memorial, June next.

The President will be here on a two-day visit and will deliver the dedication address at the ceremony.

The memorial consists of eight 15-foot granite slabs commemorating the 4,508 servicemen who lost their lives in the western Atlantic Ocean during World War II.

Together they walked the 100 yards to the crowded floor of the building and to their tender glances and Mrs. Conrad met and were married in 1947.

They and their daughters, Catherine, L. and Holly, 14, were flown out from their Houston, Tex. home especially to participate in the city parade and receptions at the State House and governor's house.

Mother and girls arrived Friday and, related at a Walker Beach hotel until Gordon's arrival.

The ceremony had passed up the 300-foot space near Midway Island Thursday at the conclusion of his special 34-hour journey along the coast.

For the Cooper family the Honolulu festivities began a hectic and busy period of travel and public acclaim.

Sunday morning they would be in Cape Canaveral, Fla., where Cooper blasted off Wednesday on his 560,000-mile trip through space.

Sunday, a schedule called for a news conference—Cooper's first face-to-face encounter with reporters since his flight—and a celebration in Cocoa Beach.

President Kennedy himself arranged a day of rest for the Coopers Monday by postponing until Tuesday a reception in the White House rose garden. Cooper, flanked by some fellow astronauts, will address a non-press meeting of Congress the same day.

Wednesday for a traditional tuck and it was in Honolulu that he set to parade up Broadway.

BOSS OF THE YEAR—Billy J. Brown, left, outgoing Jaycee president, presents the "Boss" award to Bill Brown, manager of Texas Electric Service Co. Several Jaycee members also received awards at the Jaycee Installation banquet Friday evening.

Jaycees Install Officers, Present Awards At Banquet

Junior Chamber of Commerce officers for the coming year were installed at the annual installation banquet held Friday night at the Hotel Hamilton.

The new president of the club is Gene Williams, 31-year-old owner of Snyder Athletic Supply and Toyland. Serving as first vice president is Max von Roeder, secretary is Gerald Pullig.

Installed as secretary was Billy Winters, treasurer, Herb Reed, and inter-club director, Billy J. Brown.

New directors are Dale Adams, Bill Dryden, Sam Rubin, and John Jarrell. Holdover directors are Jerry Edwards and Johnny Greenfield.

Ernest Sears, past-state Jaycee vice president and past president of the Snyder club, was in charge of the installation ceremonies.

Sears stressed the importance of each of the officers and the responsibility of the individual in the Snyder clean-up program.

A special award was presented to the Miss Snyder Pageant.

Panel To Study College Proposal

AUSTIN—J. W. Edgar, Texas Education Agency commissioner, announced Friday that a meeting will be held in San Angelo on May 21 regarding the junior college proposal for Scurry and Fisher counties.

Edgar also announced the appointment of the committee which will study the request. Appointed were Penrose B. Metcalfe of San Angelo, Paul Mathews of Greenville, and Hubert O. Wilborn of Amarillo.

Wilborn was chairman of the recent junior college policy commission which outlined the new policies on junior college authorizations.

One of the new policies recommended by the commission and adopted by the board called for a 30-day waiting period between the time that the petition comes to the board and the time that a board member

can consider it. Scurry and Fisher County representatives met with the board on May 8.

Badger Robertson, chairman of the junior college survey committee for the Snyder Chamber of Commerce, presented the Scurry and Fisher county petitions to the board, as well as the statistical data supporting the bid for a junior college. The data as presented by Robertson showed a projected 6,000 enrollment for a junior college in Snyder at 236 students from Scurry, Fisher, Borden, Garza, Kent, Nolan and Mitchell counties.

The board of education's study team may recommend directly to the board that a junior college be established in Snyder, or they may recommend that a public hearing be held on the proposal.

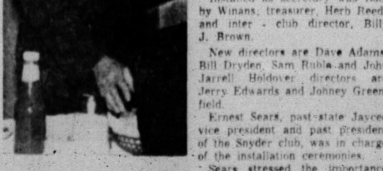

Set Rites For Monday

Smith Webster, 71, of Hermleigh, died at 5 a.m. Saturday at Saint Ann's Hospital in Abilene.

Funeral services for Mr. Seay have been held for 2 p.m. Monday at the Hermleigh Central Baptist Church with the Rev. R. L. Stuckey, minister of the church, officiating. He will be assisted by the Rev. Bernie Finner. Burial will be in the Hermleigh Cemetery under the direction of Bolger Funeral Home.

Mr. Seay was born June 10, 1891, in Tennessee, and had been a resident of Scurry County for the past 42 years.

He is survived by his wife, Mrs. Addie Mae Seay, two daughters, Leona Boothe of St. Jo, Tex., and Evelyn English of View, one son, Lewis L. Seay, Big Spring, two sisters, Martha Ann Edwards of Mt. Pleasant and Lela Owens of Mt. Pleasant, two brothers, Dan and Oscar Seay, both of Talco, five grandchildren and four great-grandchildren.

JAYCEES SPEAKER—Gene Williams, District Judge of the 20th District, told Jaycees of the Snyder club that they should be proud of their clean-up program.

### Ira's Graduation Exercises Slated

IRA — Baccalaureate services and commencement exercises for Ira Schools have been set for May 26 and May 27, respectively. The baccalaureate will be held at 7 p.m. May 26, with the Rev. L. B. Taylor, pastor of Ira Methodist Church, preaching the baccalaureate sermon.

The Rev. Carlos McCloud, pastor of First Baptist Church in Silverton, will be the guest speaker at the commencement, which is set for 7:30 p.m. May 27.

Kent Sterling, with a grade average of 90.13, is valedictorian of the senior class, while Robert Sterling, with an average of 87.02, is the salutatorian. The valedictorian is the son of Mr. and Mrs. W. R. Sterling Jr., and the salutatorian is the son of Mr. and Mrs. Gus Sterling.

Valedictorian of the eighth grade class, which will be promoted into high school, is Dennis Grizzle, son of Mr. and Mrs. Jesse Grizzle. His grade average is 92.96. Eighth grade salutatorian is Jean Williams, daughter of Mr. and Mrs. Robert Williams, with a grade average of 92.

Kent Sterling was named best all-around senior, was freshman favorite, lettered in football and basketball, president of his senior class, was editor of the annual, was named Mr. IRS, was a debater in Interscholastic League competition and was named Future Homemakers of America Beau. Robert Sterling is an all-district football and basketball player, senior class vice president, senior class favorite, vice president of Future Farmers of America, participated in baseball, volleyball and track and recently received an invitation to play in the all-star east-west basketball game. At the commencement, Roy Salter, superintendent of Ira Schools, will present special awards and the high school diploma. Robert Ryan will present the recommendation for eighth grade candidates and James Lester will recommend the high school candidates for graduation. Myron Crawford will present the eighth grade diplomas. The graduating class, accompanied by Roy Salter and James Easter, will leave June 30 on a senior trip to Colorado Springs, Colo.

### Weightless Water Bounced In Capsule

ABORD USS KEARSARGE (AP)—Weightless drops of water bounced around in astronaut Gordon Cooper's capsule, it was disclosed Saturday. The drops leaked from Cooper's drinking flask. They were contained in a plastic bag rather than dangerous although they sometimes obscured the instrument panel. Cooper used a handkerchief to catch the water and wipe his face. He suggested future spacemen carry spare handkerchiefs.

### Bus Plunges Into Canal; 23 Perish

PAHOKEE, Fla. (AP)—A busload of migrant Mexican farm workers plunged off a rural road into a canal Saturday, killing 23. Fifteen others survived.

A Fort Lauderdale News reporter, Larry Woods, counted the dead as they were removed from the bus and the canal four miles south of Route 441 near Lake Okechobee in south-central Florida.

Divers, working with lights combed the murky waters of the Hillsboro Canal looking for additional victims. The bus driver, who escaped, said he believed 20 to 25 persons were trapped in the bus. Officials said the casualty toll would not be known until the search was completed.

A team of ambulances hauled the dead into a makeshift morgue at the Belle Glade army.

Divers worked around the sunken bus and a wrecking truck strove to haul the big vehicle out of canal waters which completely covered it.

First reports of the tragedy came from motorists who telephoned the State Highway Patrol after visiting the scene.

Pahokee is a farming community on the east side of Lake Okechobee, Florida's largest, and about 80 miles north of Miami.

### Cubans Say Guerrilla Band Is Smashed

HAVANA (AP)—The government announced Saturday it has smashed another counterrevolutionary guerrilla band in Matanzas Province. It was the second such claim in a week.

An official account said army and security forces had seized the leader of the band and his four lieutenants in a cave near Maniguito, 112 air miles southeast of Havana.

The account said the guerrillas killed four peasants in raids on farms.

### Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Years ago, when my widowed mother came to live with me and my husband, she made our lives so miserable that I determined that I would never bring such misery to my children. One day I sat down and wrote myself a letter. In it were some pertinent rules, and on the outside of the envelope I wrote, "To be opened on the day I go to live with my daughter, heaven forbid." I tucked it away in an old book and forgot about it. It's been widowed and self-sufficient for six years, but now I was recently forced to give up my job and go to live with my oldest daughter. I've opened that letter and I think I should let your older readers benefit from it, as I intend to. Here they are:

1. Give what you can toward your keep. Any budget will stretch just so far.
2. Keep yourself clean and neat.
3. Remember, it is THEIR home. Be especially considerate of the secretary of agriculture, etc. These rules were written over 20 years ago. I read them often and am determined to keep them. Sincerely, WIDOW X.

### Wheat Plan Is Rapped By DeVaney

WACO (AP)—Texas Farm Bureau President C. H. DeVaney said Saturday that approval of the May 21 wheat referendum could have serious long-range implications.

"There are more than 75 places in the Agricultural Act of 1962 which provides for referenda such as next Tuesday's vote, where the secretary of agriculture must use his discretion in shaping the wheat program to be offered to farmers," DeVaney said.

"A number of the provisions of the act could be more drastic in the future than they are in this trial offer for 1964 which will be voted on Tuesday."

The 1962 act, he said, provides authority for a one, two, or three year referendum at the discretion of the secretary of agriculture. The secretary has decided and announced that the 1963 referendum effective for the 1964 crop of wheat will be for one year only.

"Generally, the wheat control plan, if approved, would place too much authority over the management of our farms in the hands of one government employee," he said.

The Empire State Building is 1,250 feet high.

ing that ladies should leave an elevator first? I am always annoyed with gentlemen who stand rooted to the floor of an elevator and refuse to get out ahead of women who are in the rear of the elevator, struggling to get out. If those stupid men would just step out of the elevator ahead of the women it would be so much simpler for everyone.

"ANNOVED" DEAR ANNOVED: "Women and children first" is the rule when abandoning a stricken ship, but common sense should prevail when leaving an elevator.

CONFIDENTIAL TO BENNY: No, I am not a "nut" on the subject, but I still think that anyone who smokes is advertising the fact that he has money to burn.

Yes, Abby, will you send me a personal reply if you send her a stamped, self-addressed envelope with your problem. For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3345, Beverly Hills Calif.

DEAR ABBY: Whoever started that stupid rule of courtesy, stat-

A NEW ADDITION to the thousands of historic items displayed by the American Heritage Museum at 309 Twenty-fifth Street is this large disc-type music box, shown here being operated by Mrs. Edgar Schulze. The music box is part of a complete museum which the Schulzes obtained in Florida and moved to Snyder and have added to the museum here. Their museum was recently selected as the outstanding private museum in the state by the Texas Historical Society.

## Farmers In Scurry, Kent Repay \$246,000 In Loans

In 1962 Scurry and Kent County farm families repaid almost \$246,000 in principal and interest on loans from the U. S. Farmers Home Administration. Joseph E. Box, County Supervisor of the Agency here advised.

"A total of 10 families in the unit completely repaid their FHA loans last year.

Box also reported that in 1962 his Agency had its biggest year in history. Nationwide, Farmers Home Administration lending totaled \$74 million, an increase of 50 per cent over the amount loaned in 1961 and 120 per cent over the total for 1960.

A total of \$391,250 in loans was made to farm and other rural

families in the unit during the past year. Of the amount loaned by FHA, \$201,740 was to 35 farmers to buy equipment, livestock, fertilizer, pesticides, feed, seed, tractor fuel and other supplies for farm and home in the form of operating loans.

Farm ownership loans were made to 7 farm families totaling \$174,510 to buy, develop or enlarge their farms.

Private lenders advanced \$130,810 of these funds under FHA's insured loan program.

There was one Rural Housing loan made to a rural family to construct a new dwelling in the amount of \$15,000.

rural areas. Loans were also obtained needed credit from conventional lenders.

Small towns and associations of farmers, and other rural residents now may also borrow funds to finance changes in land use, including development of recreational facilities.

Soil and Water loans may also be made to individuals for irrigation purposes, farmstead water, drainage, soil and water conservation and forestry.

The Senior Citizens Housing Act of 1962 established an FHA program of loans to individuals, corporations and groups to build rental housing for the elderly in

## Rotary Rig Count Rises

Rotary rig activity in Permian Basin oil fields increased during the past week, according to Reed-Roy Bit Company's weekly survey.

The latest count showed 210 active rotary rigs, compared to 202 the previous week. The Friday total was a high of 216 recorded for the corresponding week of last year.

Borden County's rig count was up to 3 from 2, while Fisher County had 3 rigs running, compared to 1 the previous week. Scurry County, with 2, and Kent County, with 1, were unchanged.

Lea County, New Mexico, continued as the basin leader with 45 rigs running. Anderson County had 13 and Ector County 14.

## Man Still Has Important Role In Trips Into Space

Astronaut Gordon Cooper's amazing exhibition of poise and stamina is food for the ego of man.

Exploits in space are awesome for the average human being to behold, but there is a measure of comfort in solid proof that the human touch still has a place in the world of super technology.

Cooper did not actually "pilot" his space craft back to earth, but apparently the vehicle could not have been recovered if he had not been aboard. It was a pushbutton operation involving far-flung factors, but it was necessary for a man to be available to push the right buttons, and moreover it required the services of many other men to bring off the operation.

Astronaut John Glenn, an experienced space traveler, had an important role, and behind him were those who made the intricate calculations of timing, etc., which Glenn relayed to Cooper.

The space craft, when functioning at its normal peak of proficiency, was indeed capable of performing its chores without the assistance of a "pilot," but a slight snafu in its mechanism put the ultimate responsibility back on the shoulders of a man. Although Cooper did not land the craft in the sense that a pilot lands an airplane, his services, with perfect response to instructions, were vital to the successful re-entry of the space craft.

It is comforting to know that man is important in these ventures.

## Status Of Major Bills

AUSTIN (AP)—The status of major issues of the legislature.

(C) Denotes measures in Gov. John Connally's program.

Proposed amendments:

(C) Abolishing poll tax—Passed both houses, sent back to Senate with amendments.

## Observance Is Planned Here For Soil Stewardship Week

Soil Stewardship Week, a nationwide observance which places emphasis on man's obligations to God as stewards of the soil, water and other related resources, will be celebrated locally for a week beginning today, according to J. N. Eicke, chairman of the Upper Colorado Soil Conservation District.

This year's observance, with the theme, "We Turn Our Eyes to the Future" underscores the responsibility which each citizen has in meeting the responsibilities of soil stewardship. The Upper Colorado Soil Conservation District and some 2,930 companion districts in the nation and Puerto Rico, through their state and national associations are sponsoring the event for the ninth year.

Among the local events designed to encourage widespread recognition of Soil Stewardship Week are talks to civic organizations, messages by local news media, sermons in more than 40 local churches, as well as a drive-yourself tour to see the widespread effects of good conservation practices.

The Upper Colorado Soil Conservation District distributed to over 40 local church programs, bulleten inserts and booklets created particularly for this year's observance. The materials were prepared by the National Association of Soil and Water Conservation Districts, in cooperation with a Soil Stewardship advisory committee composed of leading churchmen of the nation.

Members of the Upper Colorado Soil Conservation District Stewardship Committee are H. R. Hundschnur and members of the Snyder Ministerial Alliance.

Through the 1963 theme and in the attractively illustrated booklet, emphasis is placed upon the provocative challenges of the future.

For example, the booklet points out: "with each passing year, the pressures on our limited supply of resources are being compounded. More and more people each year put more and more of our resources to use. The demands increase for housing and highways, for food and fiber, for industrial and recreational space, and for all other mounting needs of our growing society. As good stewards, there is need to turn our eyes to the future, anticipating the requirements of tomorrow, in order that we may exercise intelligent guidance and put wisdom against waste. The answer to the question of the future lies in our understanding and action as God's stewards today."

### 136 New Oil Wells Completed In Week

AUSTIN (AP) — The Railroad Commission said Saturday 136 oil and gas wells were completed during the week.

The oil completions for the year total 3,361 compared to 3,844 in 1962. To date, 955 gas wells have been completed, compared to 1,318.

Of wildcat oil and 17 gas wells were reported. A total of 163 wells were plugged, 89 of them dry holes.

The total average calendar day allowable was 2,350,633 barrels, an increase of 4.815.

## Teachers Units Install New Officers

Officers for the 1963-64 school year were elected and installed to posts in the Snyder Classroom Teachers Association and in the Scurry County unit of Texas State Teachers' Association in a joint meeting of the two groups Thursday night.

Elected to office in the C.T.A. were Dorothy Kayser, president; Bob Taylor, first vice president; Mary Lou Scott, second vice president; Franklin Pruitt, third vice president; Eleanor Dryden, secretary; and Pauline Turner, treasurer.

T.S.T.A. officers are Roy Salter, president; Mary Beth Vestal, first vice president; Lynn Fisher, second vice president; Dorelle Gorman, secretary; and Rondal Cooper, treasurer.

In other business the Snyder C.T.A. voted to contribute \$75 to the Junior College Group of the Long - Range Planning Committee of the Chamber of Commerce to help defray expenses of that group.

Both organizations also voted to send a representative to the National Education Association Convention in Detroit, Mich. in July. Following adjournment of the meeting, which was held in the East Elementary School, refreshments were served to the group in the cafeteria.

**WAIF OF THE WEEK** — This little feller is another sample of the unwanted little dogs at Snyder's dog pound which can be had just for the payment of his fees. The poundmaster asks that those who can give a good home to his foundlings contact him through the Snyder police department.

## LETTERS TO THE EDITOR

To The Daily News:

Our forefathers fought for our freedom and made for us the best government on earth. Are we going to sit back and let our present leaders do away with our constitution, let our future generation live under dictatorship?

We, the citizens of the United States, are having an easy life. If we can't make ends meet, we call on our government and our welfare organizations for help.

All this government help has to be paid back some day, our future generations have to work and slave for what our government is spending on us and on communist nations. Is this fair?

We need strong conservative congressmen like Burleson, Alger and Dowdy who believe in Americanism and in our constitution. It doesn't matter whether they are Democrats or Republicans—men who work against disarmament.

Our president wants to do away with those, because they won't let him lead us into the way to vote and can't be "pushed around."

Let us all vote for strong men who stand up for right and for our constitution.

Mrs. W. Ed Murphy

## Gains Indicated For Oil Demand

By MAX E. SKELTON

HOUSTON (AP) — Oil executives are revising upward their forecasts of 1963 domestic demand for petroleum.

Most early estimates were for a gain of 1 1/2 to 2 per cent.

Demand in the first three months rose 4.2 per cent above 1962.

This sharp upward trend is not expected to continue through the year but revised estimates for 1963 now are for a gain of from 2 1/2 to 3 per cent.

L. F. McCollum, president of the Continental Oil Co. and chairman of the American Petroleum Institute, made a late December forecast of 1 1/2 to 2 per cent.

With caution, McCollum boosted his estimate this week to 2 1/2 per cent.

McCollum told Continental stockholders strong demand for light heating oils and gasoline eliminated about 15 million barrels of excess inventories despite record refinery operations the first three months.

"In the final analysis, the industry's financial success in its domestic operations will continue to hinge on rational, economic practices in marketing and the successful management of excess crude producing and refining capacity," he said.

Morgan Davis, chairman of the Humble Oil & Refining Co., said industry inventories of crude and products are in the best shape in many years.

"This product situation could continue for the balance of 1963, depending, of course, on the level of refinery runs," he said.

Davis said the domestic industry has been slowly recovering from its own private recession.

"Our difficulties began in late 1957, and since that time we have been trying to adjust our operations to fit more closely with the changes that have occurred in both the demand and supply aspects of our business," he said.

Intercontinental missiles have a range of 5,000 miles and it is expected this will soon be doubled.

**SEEK DOCTORATES**—Seldom does a high school the size of Snyder's lose three teachers in one year for the same reason—that all are going back to school to earn their doctorates the next year. But here they are—R. O. Thomas, left, will attend the University of Wyoming in Laramie to get the advanced degree in administration; Roger Greer will attend George Peabody College for Teachers in Nashville, Tenn., to obtain a doctor's degree in curriculum and supervision; and W. A. Mayfield will attend A&M College to get a doctor's degree in industrial arts.

## Two Mishaps Baccalaureate At Fluvanna Tonight

The Snyder police department investigated a two-car mishap at 3:04 p.m. Saturday at the corner of Twenty-third Street and Avenue S.

Involved were two 1957 Ford. The car driven by Olan V. Dickson of Rotan suffered an estimated \$100 damage. The other car, driven by Robert Wallace Hampton, 3701 Highland Drive, was damaged in an amount estimated at \$200.

The department also investigated an accident at Thirty-seventh Street and Avenue S at 4:50 p.m. Friday.

Involved were a 1958 Edsel driven by Nolan A. Stanfield, 2011 East Drive, and an International truck driven by George Allen Crow, Rt. 2. Damage to the car was estimated at \$500. The truck was not damaged.

No injuries were reported in either of the mishaps.

Ocean currents may carry young lobsters hundreds of miles from their spawning place.

**FLUVANNA**—Rev. Howell A. Berryhill, son of Mr. and Mrs. Watkins, pastor of the Fluvanna Methodist Church, will deliver the baccalaureate sermon to the graduating classes of Fluvanna this evening at 8 o'clock in the high school auditorium here.

The school's commencement exercises are scheduled for this Friday at 8:15, also in the school's auditorium, according to school superintendent L. M. Davis. Dr. J. W. O'Bannon Jr., of Snyder, will deliver that commencement address.

Members of the senior graduating class are Robyn Beaver, Charles Berryhill, Lavetta Boulware, and LaLue Summers.

Those in the 11th grade graduating group are Betty Ann Anderson, Daniel Beaver, Rinda Bruner, Henry Contreras, Bob Daugherty, Bobby Hall and Robert Miller.

Miss Beaver, daughter of Mr. and Mrs. Alf Beaver, is valedictorian of her graduating class.

## Witnesses Planning Assembly

Local Jehovah's Witnesses will attend a three-day circuit assembly in Fort Stockton June 14-16, as officially announced today by their governing body, the Watchtower Bible and Tract Society of New York.

Upwards of 600 delegates from 18 congregations in West Texas and New Mexico are expected to attend the sessions.

J. D. Cook, presiding minister of the local congregation, said: "The assembly is not a revival, but it is held primarily to advance Christian Bible education."

The three-day program includes a variety of talks on Bible subjects. Groups of ministers will discuss ministerial problems and demonstrations will teach how Christians should conduct Bible studies. Sessions will be conducted morning, afternoon, and evening, with a baptism of new ministers on Saturday afternoon.

The convention theme is "Right Kind of Ministers."

The featured speaker on the program appearing daily will be H. A. Petrik, from Jehovah's Witnesses world headquarters in Brooklyn, New York. He has been active in the ministry 22 years, serving 9 years as traveling representative, and presently serving as supervisor of Oklahoma, Texas, and New Mexico. Mr. Petrik will deliver the principal address of the assembly on Sunday, June 16, on the subject "Who Will Win the Struggle for World Supremacy?"

Announcement of the full program schedule and the exact site in Fort Stockton is to be made known soon.

**China Invitation Rejected By Fidel**

MOSCOW (AP)—Usually well-informed sources said Saturday, Fidel Castro has rejected an invitation to go to Red China, and decided against visiting Algeria.

These sources, not official, said the Cuban leader, in rejecting the Red Chinese invitation, had felt it advisable also to reject the Algerian invitation since, as one informant observed, "if he could go to Algeria, he could also go to China."

Plans ca called Sun

**SUMMER PLANS COMPLETED**—These are the Snyder High students who will fan out to various college campuses soon as a part of the Summer Science Training Program. From left to right, the girls are Ann Patterson and Brenda Boyd. Boys are Jimmy Featherer, Bobby Easterwood, Dwain Butler, and Jeff Graham.

## Six Snyder High Students In Summer Science Training

A grand total of six Snyder High School students are presently in the midst of making plans to attend Summer Science Training Programs this summer at college campuses over much of the nation. Those who have been invited to participate in the program, designed for high ability secondary school students only, are Ann Patterson, Brenda Boyd, Jeff Graham, Bobby Easterwood, Jimmy Featherer, and Dwain Butler.

Miss Patterson, daughter of Mr. and Mrs. R. E. Patterson of 3703 Avondale, has as her designated school Arizona State University at Tempe. Her's will be an eight-week session with stress on chemistry and plant physiology.

Miss Boyd is the daughter of a six-week period. Mr. and Mrs. T. H. Boyd of 118 Canyon Street, and will take part in a five-week course in marine zoology at the Gulf Coast Research Laboratory in Ocean Springs, Mississippi. It is under the sponsorship of Louisiana State University.

Easterwood, son of Mr. and Mrs. C. C. Easterwood of 3117 Thirty-ninth Street, will be traveling to Oklahoma State University at Stillwater for his six weeks of training in Science History.

Jimmy Featherer, son of Mr. and Mrs. R. E. Featherer of 3112 Fourth Street, he will be

Featherer is the only other student who will remain within the Lone Star State boundaries. The son of Mr. and Mrs. J. F. Featherer of 3112 Fourth Street, he will be

fighting in on the field of mathematics at the University of Houston for six weeks. Science and mathematics will be Graham's focal point for his six-week training period at the University of Kansas in Lawrence. He is the son of Mr. and Mrs. Jim H. Graham Jr. of 3712 Austin Avenue.

There are 91,536 teachers with certificates currently employed in public schools, the National Education Association reports.

### Burglar Is Slain Inside Houston Cafe

**HOUSTON (AP)** — A Baytown man told police he shot and killed a burglar inside his father's cafe early Saturday and then spent a frustrating 20 minutes trying to get officers to the scene.

Robber Richard McLarney, 41, died in the alley behind Paul's Cafe. He had been hit in the stomach by a charge of 12-gauge buckshot.

"I didn't want to kill him," police quoted Richard Harper as saying.

Harper told police he came from Baytown to help his father guard the cafe which had been burglarized several times this year.

Harper said he relieved his father about 11 p.m. Friday night and shortly afterwards he heard "a noise at the back door."

Harper said he saw three men moving aside garbage cans he had placed inside the door to warn him. He said he fired the shotgun and one man staggered back outside screaming for a doctor. The other two fled, Harper said.

Harper said he ran outside and tried to flag down a cab driver since there was no phone in the cafe. The driver did not stop.

He said he then ran to a nearby fire station but failed to raise sleeping firemen.

"Then I saw a police car pulling into the basement of the Criminal Courts Building and I fired my shotgun to attract the policemen's attention," Harper told police.

"He didn't hear it, I guess, for he drove on down into the basement."

He said he finally walked to the courthouse where he noticed a deputy on duty in the sheriff's department. The deputy went back with Harper and found McLarney dead.

The national flower of Costa Rica, guania morada, is a purple wild orchid.

Plans call for the U.S. to launch a series of space laboratories called Surveyors.

### Legislature Set To Close Books On Harmonious Meet

**By GARTH JONES**

**AUSTIN (AP)** — Legislators close the books this week on what many have called one of the most harmonious sessions in recent years.

In fact, the Friday midnight closing date makes the regular session of the 58th Legislature the shortest in at least 20 years. It is 3 days short of the 140-day maximum set by the Constitution.

The session began Jan. 5 featuring a so-called "new broom" administration. Legislators discussed bills making new state supported senior colleges at San Angelo and Edinburg have been signed into law. The House has approved a senior state college at Odessa.

Monday or Tuesday legislators expect to see a copy of the compromise 1964-65 spending bill being written by a conference committee. House and Senate votes on the measure likely will be taken Wednesday or Thursday. When the spending bill is approved the way will be clear for adjournment, no matter how many other controversies are still going.

Actually the closing process starts Tuesday at midnight when the 72-hour rule goes into effect. After that no bill can be considered unless it already has committee approval. During the last 24 hours it will take a two-thirds or four-fifths majority to consider anything except a conference committee report or to concur in amendments.

At midnight Friday, or maybe before, all lawmaking will stop and legislators will quit until the 1965 regular session — unless called back for a special session.

Efforts for congressional redistricting are bogged down in the Senate.

Bills making new state supported senior colleges at San Angelo and Edinburg have been signed into law. The House has approved a senior state college at Odessa.

When the spending bill is approved the way will be clear for adjournment, no matter how many other controversies are still going.

Actually the closing process starts Tuesday at midnight when the 72-hour rule goes into effect. After that no bill can be considered unless it already has committee approval. During the last 24 hours it will take a two-thirds or four-fifths majority to consider anything except a conference committee report or to concur in amendments.

At midnight Friday, or maybe before, all lawmaking will stop and legislators will quit until the 1965 regular session — unless called back for a special session.

CLOSING EXERCISES of the St. John's Day School will be held at the West Elementary School auditorium Thursday, May 23, at 7:30 p.m. Students of the school, pictured above, are from left, front row, Todd Line, Cindy Merritt, Daryne Hagerty and Shirley Glasscock; top row, Nancy Lee, Lea Ann Allen, Meg Collins and Laure McLaughlin; top row, Karen Burrell, Paula Jo Pierce, Holly Adams, Vivian Green and Cydney McDonald. Kindergarten completion certificates will be presented to Misses McDonald, Glasscock, Adams, Hagerty, Burrell, Green, and Patricia Mahood (not pictured). The public has been invited to the exercises.

## Screwworm Case Confirmed Here

Scurry County has had its first case of screwworms confirmed by the Scurry County Laboratory at Mission. The case was found in the Gray Williams. Before any action by screwworm headquarters can be started a confirmed identification must be made at Mission.

Area personnel of the screwworm program were notified and appropriate action has been taken. Billy Roach, local County Agent, was notified by phone Thursday that a fly drop would be made on the Gray Williams farm in the next 2 or 3 days. Jack McAden, livestock inspector, has marked the spot for the air drop of flies. Scurry County producers should maintain a very close inspection of their livestock, collecting larvae when cases are found, doctoring the worm case and submitting the larvae for identification.

Livestockmen sending larvae specimens to screwworm eradication headquarters at Mission are urged to be sure the information sheet that should accompany the sample is filled out completely and accurately.

Eradication officials have reported that numerous samples are received with no information included. Some have been identified as screwworms.

"When samples are received with no information as to where it was collected, no action can be taken," the county agent said. "This could permit additional infestations to develop because no special sterile fly and spray treatment can be given to the area."

In connection with national Airmail week, a plane will arrive in Snyder this afternoon to pick up a pouch of mail.

Postmaster Warren Dodson says the plane will land southwest of Snyder. Purpose of Airmail week is to acquaint the public with the benefits of airmail, to develop this phase of aviation, and to consider in the future the feasibility of "feeder" routes to Snyder and other larger towns off the principal airmail arteries.

Another crop of bean—40,000 pounds has been received by the grasshopper control committee as ammunition from the federal government to carry on the fight.

## Adenauer's Party Faces Test Today

HANNOVER, Germany (AP)—West Germany's dominant Christian Democratic party Sunday faces its first test at the polls since its election to power last year.

The Christian Democrats hope the people's regard for Erhard, acclaimed for his guidance of West Germany to economic prosperity from the ruins of World War II, will help to check a trend to the left visible in state elections for several years.

The Socialists say they are confident of staying in power in Lower Saxony, the nation's second largest state.

Since 1951 eight consecutive elections in other German states have shown a steady Socialist gain, mostly at the expense of the Christian Democrats. And pre-election polls bolstered the Socialists' optimism.

Members of the U. S. Highway 180 Association and the U. S. Highway 200 Association adopted resolutions this morning to combine the two associations, which would extend Highway 180 all the way from Fort Worth, Tex., to Holbrook, Ariz.

WACO, U.S. Atty. Gen. Will Wilson today appealed to the 10th Court of Civil Appeals the ruling of Dist. Judge W. T. McDonald at Bryan which ordered Texas A&M to admit two women students.

## Robbery May Be Motive For Slaying

HOUSTON (AP)—Police said Saturday robbery may have been the motive for the slaying of Port Arthur cab driver operator Jimmie Moore, even though his pockets contained \$4,000 when his body was found at dawn Thursday.

The theory was advanced by Capt. L. D. Farrow and homicide investigator G. W. Woods of the Beaumont Sheriff's Department. Houston police joined in the search for Moore's killer.

Moore, 38, was found on McFaddin beach, 32 miles southwest of Port Arthur. He had been shot four times in the head with a .22 caliber weapon which has not been found.

His bloodstained car, in which he apparently was slain, was found here Friday, abandoned in a parking lot.

Robbery was at first ruled out. But many of Moore's friends have since told officers that Moore always carried three rolls of money, any one of which he was fond of flashing.

"He carried one roll in his shirt pocket, of less than \$100, which he called chewing gum money," said Woods. "He carried the big rolls in his right and left pants pockets."

Moore was shot in the right side of the face, indicating he was driving when killed. His left trouser pocket had the \$4,000. His right trouser pocket was empty.

Officers said they were also examining about 30 letters found in one of Moore's cabs in Port Arthur, addressed to him by several persons, but mainly from two persons, a man and a woman.

"A woman could be involved," said Woods. "But we have no reason to think a woman killed him."

A big husky man, with dirty blond hair, who was reported seen with Moore the evening before his body was found, appeared to be the prime suspect in the Port Arthur police inquiry.

Police said a service station attendant, who is believed to be the last person other than the slayer to see Moore alive, had seen Moore Wednesday in company with a large husky man.

EXPLORING—Three members of the Snyder Speological Grotto pause for a breather while exploring a cavern west of San Angelo.

## Snyder Speological Grotto Members Take A Field Trip

Several members of the Snyder Speological Grotto made a field trip recently, which included exploration of Iron Caverns. The cavern is located on the O. C. Schlynske Ranch, about 21 miles west of San Angelo. Making the trip were Dan Kennedy, Ennis Kennedy, Gary Poe, Robert Cuppet Jr. and his father, Robert Cuppet Sr. Their report on the trip follows: The cave itself is located by a large hackberry tree which grows from its mouth. We had trouble finding it, because the tree limbs spread out and cover most of the entrance.

Gary Poe found the cave while we were driving by it. When we went in, there was a large room. We hunted and found a small hole, and when we entered it, we found we had to climb down about 20 feet. The floor was covered with mud and other debris. It was very slippery and had a nose-curling aroma. This came from hundreds of bats we had disturbed on the ceiling. There was a series of rock pillars in the middle of the floor which required us to go out of our way to go through.

We entered another large room, which had the most sickening aroma and put us a little on the wheezy side. We called it the "perfume room." We went on to the farthest point.

Gary Poe found a mob of bats and caught one. We examined it and found that it had very large teeth, and it had a mouth full of them, too. We explored every nook and cranny we could force our way into.

At its farthest point, the cave reaches about one-fourth mile from the entrance. The highest point from the floor of the cave is 50 to 60 feet and the lowest point is 14 to 2 feet high. What the cave lacked in length was made up for by ruggedness and fun. Nobody was hurt or came close to getting hurt, except when Dennis Kennedy lost his footing on a slippery spot and fell about 6 feet into some mud.

Connally Vetoes Bill On Beach Policing  
AUSTIN (AP) — Gov. John Connally vetoed Saturday a bill to permit commissioners' courts in Gulf Coast counties to police beaches.

The bill would have enacted laws under a constitutional amendment adopted by voters in last year's general election. It is Connally's first veto.

McNamara Is Likely To Speak Softly  
By FRED S. HOFFMAN  
WASHINGTON (AP) — Secretary of Defense Robert S. McNamara, who has spoken bluntly at past North Atlantic Treaty Organization meetings, is likely to resort to a gentle prolixity this week in urging the alliance's member nations to build up their conventional forces.

Authoritative sources said Saturday they expect McNamara to use a "gentle reminder rather than a sledgehammer." It was emphasized that the U.S. objective has not changed, but the tactics probably will be different. "They know our position by this time," one informed official said.

It was understood that McNamara has prepared a bridge that would permit the NATO ministers conference in Ottawa May 22-24.

Sources familiar with McNamara's thinking said he expects the chief accomplishment of the meeting to be approval of a new command structure for NATO's striking power.

Pentagon authorities acknowledge that this move will add little real power beyond what already is present—unlike the proposed force of some 200 Polaris missiles mounted in surface ships manned by mixed crew or NATO nationalities.

It will, however, give the non-nuclear countries of NATO more direct participation in and knowledge of plans relating to use of nuclear weapons in event of war. Conversely, authorities said, it may give the Europeans more assurance that the United States plans no nuclear disengagement from the continent.

## Snyder High 1943 Class Reunion Set

A reunion of the 1943 graduating class of Snyder High School has been set for June 14-15.

Plans for the event call for a family barbecue at the barn at Towle Park on Friday, June 14, at 6:30 p.m. A Dutch coffee is planned for the class and Snyder High School "exes" and others who are interested in the gathering at the Highlander Drive on Saturday morning.

## Storms Cool Texas Areas

Thunderstorms, less severe than had been predicted, cooled and dampened much of Northwest Texas Saturday.

Thunderstorms occurred in the Amarillo, Lubbock, Wink and Childress areas. Golf ball size hail pelted an area two miles west of Vega.

Southeast Texas also had some isolated thundershower activity.

Texas temperatures generally were mild and a little cooler. For the first time in several days, Precipito failed to break the 100-degree mark, but it had the state's high of 99. Lows ranged from 64 at Dalhart to 75 at Corpus Christi.

## Threat Made By Russians

MOSCOW (AP) — The Soviet Union said Saturday if the Atlantic Alliance arms merchant ships with Polaris missiles the Russian navy will attack and destroy them.

The threat was made by Adm. Sergei Gorshkov, commander-in-chief of the Soviet navy, in an article published in Izvestia, the Soviet government newspaper.

The U.S. State Department takes the position that, contrary to Soviet charges, vessels would not be "disguised" as merchant ships.

"They would be warships, in law and in fact, clearly identified as part of the Western defensive army and no attempt would be made to camouflage these vessels as commercial ships," the United States said in a note Saturday to the Soviet Union.

Britain and West Germany also denied any plans to arm merchantmen.

Gorshkov said that under international law, armed merchant ships may be destroyed by any country and the crews tried for piracy.

## Snyderite To Get BS Degree At A&M

Jimmie Darrell Guy, of Snyder, is one of the 773 candidates for bachelors degrees to be awarded May 25 by Texas A&M College. Guy is the son of Mr. and Mrs.

Oliver Guy, 2912 Avenue B. He will receive the bachelor of science degree in electrical engineering at the A&M commencement. In fiscal 1962, the Bureau of Customs, collected \$1,650,000.00.

Woman Is Elected  
ROME (AP) — A woman, for the first time has been elected a vice president of the Italian Chamber of Deputies. She is Margherita Gini-Bodano, 42, World War II underground fighter, re-elected to Parliament last month on the Communist party ticket.

**MAGNIFICENT SEVEN**—The District 3-AAA champion Snyder Tigers landed seven of the 22 positions on the all-district team as announced today. Front row, left to right, are J. N. Wall, Drew Bullard, and Leslie Brown. Standing, from left, they are Jim Marcum, Kenny Welborn, Dalton Walton, and Raymond Matthews.

## Seven Tigers Chosen To 3-AAA All District Teams

The champion Snyder Tigers and runner-up Colorado City Wolves dominate the 3-AAA all-district first team as announced today, cornering nine of the 12 berths on the mythical dream team as chosen annually by the coaches and sportswriters from among the competing schools.

The Tigers, coached by Speedy Moffett, raced to the district pennant with a 7-1 record. Their only loop-loss was to the Wolves, who were second in the yearly scramble at 5-3. Brownfield and Lamesa followed with look-alike marks of 4-4, while Sweetwater was winless in its eight starts.

Snyder placed four performers on the first team—pitcher, Dalton Walton, first baseman Kenny Welborn, outfielder J. N. Wall, and second baseman Drew Bullard, the latter of whom tied with David McKay of Colorado City for the keystone berth.

Tigers gaining second team status were third baseman Jim Marcum, shortstop Leslie Brown, and pitcher Raymond Matthews.

Walton, Welborn and Matthews are seniors, Marcum a junior, and Bullard and Brown sophomores.

Due to there being a pair of ties in the voting—at the catching and second base positions—12 players were picked to the first team. A total of 10 snared berths on the second unit, which includes two pitchers as specified by the voting procedure.

The foremost vote-getter among the crop of hopefuls was Snyder's

fireballing senior righthander, Walton: Eight of the 10 balloting parties chose him as a first team hurler, while the other two had him a first team outfielder. When not tending to mound chores, he patrolled the center field garden among the competing schools.

The pacesetter, hitter among the selections was Welborn, who stroked out 14 base knocks in 26 platter appearances for a torrid .500 mean. He served as a team co-captain along with Walton.

Lamesa's brilliant senior do-f-ill backstop, Woodie Scott, earned for himself an all-district grand slam when he tied with Charlie Houston of Colorado City for the first team coloring slot. He had previously fallen in line for all-league billing in both football and basketball.

Youth was reflected repeatedly in this year's selections, with there being a total of four sophomore performers named to the two units.

A number of repeaters graced the squads, also. Houston stood pat as a first team choice, while Welborn, Walton, Scott and shortstop Mike Hart (Colorado City) increased in stature by lifting them-

elves up from the second team echelons.

On the other hand, Lamesa's first baseman James Woods and key-stone sacker John Martin tumbled a notch down to the second unit. Teammate Sherrill Kidd, an outfielder, sat tight in the number two grouping.

## Yanks, Braves Triumph In FL Inaugurals

The Farm League Yankees went on a scoring rampage here Friday night to open league play, victimizing the Indians by a 22-4 count.

In the National League nightcap, the Braves also went out by a 20-7 heavy score over the Cardinals, 13-2.

David Rushing hitred the first home run for the Yanks. Tribe first baseman Barry Welch landed the only extra base blow off him, a two-bagger.

Tommy Jenkins also doubled for the Yanks.

Robert Roe was the victorious hurler for the Braves. Catcher Ronnie Hale connected for the only hit garnered by the losers, a single in the fourth.

Braves' hitting was paced by shortstop Joe Bass and right fielder James Langridge. Each laced out a pair of singles, while teammate Dennis Wolfe slammed out a first inning double.

After 15 seasons in the National League, Richie Ashburn retired this season with a .308 career average.

### Grid Great Davis Dies

CLEVELAND, Ohio (AP)—Ernie Davis, voted America's greatest collegiate football player of 1961 and a symbol of tremendous courage to all who knew him, died peacefully Saturday in Lakeside Hospital after a 13-month battle against acute leukemia.

Davis, 23, former All-America halfback at Syracuse was the only Negro ever to win the Heisman Trophy, the highest honor accorded a college grid star. He was a member of the Cleveland Browns in the National Football League, but never played a game professionally.

He was stricken with the deadly blood disease at the College All-Star camp in Evanston, Ill., last July. However, doctors now have concluded the 6 foot 2, 212-pounder actually was afflicted in April 1962.

For more than three months the news that Davis had leukemia was withheld from him and the general public. Then in October, doctors and Browns' officials told Davis his illness was in a remissive state, meaning the disease was arrested temporarily. That lasted until 10 weeks ago.

Davis entered the hospital Thursday afternoon. First he stopped by the Browns' office to talk to Arthur B. Modell, club president.

"He was here for one hour," Modell said. "He told me he had to go to the hospital, but I was nothing serious and that was all of there in a couple of

days. His neck was swollen considerably and we all knew what it meant. I think Ernie did, too. He was coming by to say good-bye to me and the others.

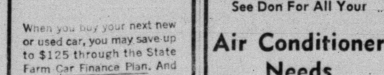

### Taylor Races To Third In Highs, Lows

ABILENE — Jimmy Taylor running under the Tiger Track Club banner, stepped to third-place finishes in both hurdle events here Saturday during the West Texas Federation Track and Field Meet held on the Abilene Christian College cinder oval.

His time in the highs was 15.3, with the winning time being a 14.6 by E. V. Rodgers of Odessa.

Mike Harton of Tatum, the New Mexico Class B state champion low hurdler, won out in the low barricades with a time of 19.8. Taylor's third-place time in that event was 29.1.

Snyder's state champ low hurdler, Gail Read, was unable to participate in the meet due to his taking a battery of college entrance exams the same date.

## Disney Plans For Outpost In Japan

**By BOB THOMAS**  
HOLLYWOOD (AP)—The Disney Co. is planning to set up a permanent office in Japan, according to reports from the Orient. Walt Disney makes his first trip to the Orient in October. He'll discuss plans for the Japanese outpost, he'll build near Tokyo and hopes to see Japan as a tourist. He's one of Japan's favorite figures.

Perry Como is in town to discuss his next season's television series. He'll do only six shows. Reame will fill the rest with anthologies. Como visited the "Twilight of Honor" set to meet screenwriter Richard Chamberlain. Como's analysis of the young doc's vocal talent: "He sings better than I operate."

How it to Cliff Robertson to play both sides of the street. After portraying John F. Kennedy in "PT 109," he's considering the role in "The Best Man" that generally considered a pattern of Richard M. Nixon.

Don't congratulate Bob Hope on his 56th birthday. He wanted to give him a big party, he said, but he got it. Shelley Winters is no fan of her recent film, "The Balcony."

"The Beverly Hillsbillies" are picking up lots of change with in-person appearances this summer, but not as the Beverly Hillsbillies. The handle is disputed by a country-music combo that used it here for years.

"Jane Fonda is breaking up with French while shooting 'Sun Day in New York.' Her next film is 'Love Case' for director Rene Clement, who speaks 40 languages. Big splash at the Riviera tonight—banquet—a costumed couple reclining on an Egyptian couch in a wild embrace as bored movie workers look on. Assistant director enters and says: "Miss Fonda, Mr. Burton, you're wanted on the set."

## TOP TV TONIGHT

**9:00 NBC** "Show of the Week": A young film actress becomes possessed by the spirit of the legendary Hollywood movie goddess whose life she is portraying. As the story starts, the young actress is innocent and unfeeling but, as the play nears its surprise ending, she has become a goddess of unrepentable evil. Alfred Drake, Tuesday Weld, Michael Tolan and Sorrell Booke are starred in "The Legend of Liliuokalani." **COLOR**

**OTHER HIGHLIGHTS**

11:45 CBS "Game of the Week" returns to Yankee Stadium for the game with the Los Angeles Angels.

12:00 NBC "Major League Baseball" moves back to the American League with the game between the Minnesota Twins and Cleveland Indians from Cleveland.

## Reports On Panel Work Are Made

AUSTIN (AP)—Here are reports on the panel work of the Senate and House differences on major legislation.

Appropriations—All but one section of the bulky \$2.1 billion appropriations measure has gone to the state printing office. It should be placed on members' desks Monday. In the one uncompleted section are funds for the South Texas Medical School in San Antonio. Conferees on officials of the state comptroller's office met Saturday to decide whether to draw the school's funds from building commission funds or the general revenue fund.

Voter registration—Conferees will meet again Monday. Agreement then is likely on a 20-cent charge provision, if part of the original bill that knocked out of the House. The bill provides for an annual voter registration system if the poll tax is repealed. Legislation to repeal the poll tax will be before the Senate Monday, when senators must decide whether to accept or reject House changes. The House moved from 1964 to this Nov. 9 the date for balloting by Texas voters on whether to adopt the proposed constitutional amendment.

Election code revision bill—Senate conferees are considering a provision that counties over 100,000 population be allowed to have poll watchers chosen on a county-wide basis. Revision law provides that poll watchers must be qualified voters in the precinct in which they serve. The provision has been a major stumbling block in the lengthy bill. House conferees favor retention of the present law, and senators favor a switch to county-wide provisions.

## Whole Story Not Told By Ratings

**By CANTHIA LOWRY**  
AP Television Radio Writer  
NEW YORK (AP)—When those vital Nielsen ratings, listing television program ratings, come out every two weeks, one is likely to look at the estimates of actual numbers of persons in the audience and imagine millions of people glued rapturously to their chairs by the antics of say, "The Beverly Hillsbillies."

But other nights, a goodly percentage of the four people in my living room, all watching that that's the word—a popular variety show. The star came on and sang an opening song, but about half the audience said, loudly: "I understand he's very happy married."

This failed to elicit much of a conversation. As the next number—a stand-up comedy routine—started, another viewer gave a sharp exclamation, jumped up and disappeared into another room. She returned in the middle of a joke with a stamped, addressed envelope and a long explanation about how important it was to get it mailed. We all missed the tagline. We just about finished the act when it was time for the commercial.

At this point the fourth member of the viewing team, departed for the kitchen to make a glass of iced coffee which resulted in a three-party search for a missing sacharine bottle.

So it went for a solid hour. The telephone was answered twice (one wrong number), one entire production number was overlooked during a discussion about the unfortunate choice of a formal hat given by a guest star. All told, I don't believe there was 30 minutes of program.

## Capitalist Affair For Pair Of Reds

**By BOB THOMAS**  
AP Movie-Television Writer  
HOLLYWOOD (AP)—Leave it to Otto Preminger to enliven the social scene with a swinging capitalist affair for a couple of Reds.

## Stock Market Has Its 11th Weekly Rise

NEW YORK (AP)—The stock market churned slightly higher today, as interest related from recent high chip leaders to many of the neglected issues.

It was the 11th straight weekly advance by the Associated Press average of 60 stocks, which gained 1.3 at 23 1/2 the latest in its new series of historic highs.

Other popular market barometers went to new highs for 1963 but were still short of their 1962 peaks.

Astronaut Gordon Cooper's 22 orbits failed to inspire the aerospace issues. They moved irregularly.

Sugars, spurred by leaping prices for sugar in the commodity market, and pads, helped by some favorable news, afforded the last what group leadership there was.

The market however, continued the switch in interest that developed late last week. Previously, the 1963 market advance has been led by high quality stocks of the public as yet. It is a sign of the market now is that the cheaper, less-seasoned issues are again getting a whirl. This usually reflects greater participation by the public. The big news about the market now is that the cheap, less-seasoned issues are again getting a whirl. This usually reflects greater participation by the public. The big news about the market now is that the cheap, less-seasoned issues are again getting a whirl. This usually reflects greater participation by the public.

The bond market, continued to plot along a narrow path last week. U.S. government bonds tilted slightly to the upside, reflecting the previous week's performance. After a moderate rise in the New York Stock Exchange dealings.

The bond market, continued to plot along a narrow path last week. U.S. government bonds tilted slightly to the upside, reflecting the previous week's performance. After a moderate rise in the New York Stock Exchange dealings.

He mentioned Norman Hibbard, a Soviet industry commentator, who said that he and his comrades had seen and been impressed by "Judgment at Nuremberg," "Lawrence of Arabia" and "How the West Was Won" during their visit here. He liked the Cinerama technique in the latter and added predictably that the Soviet Union has its own Cinerama process.

"American hits in the Soviet Union," he mentioned Norman Hibbard, a Soviet industry commentator, who said that he and his comrades had seen and been impressed by "Judgment at Nuremberg," "Lawrence of Arabia" and "How the West Was Won" during their visit here. He liked the Cinerama technique in the latter and added predictably that the Soviet Union has its own Cinerama process.

## Woman Producer Proves Her Value

**By BOB THOMAS**  
AP Movie-Television Writer  
HOLLYWOOD (AP)—The man's world of television production is enhanced by Joan Harrison, who has proven that a producer can be blonde, lovely and gentle-spoken and still create good shows.

Miss Harrison has been producer of the Alfred Hitchcock Program since it started eight years ago. When the show became an hour this season, she shared producing duties with Norman Lloyd.

She manages to perform her duties without any loss of her femininity. If anything, she considers her sex an asset.

"You'd be surprised how chivalrous men are," she explained. "I find the men I work with try even harder than they might otherwise, in order to please me."

"Yes, I sometimes had differences of opinion with a director. But I never discuss them on the set; that is his own particular realm. I always ask him to drop in at my office, and we talk about it there."

"I think it's important for a producer to make certain that his conception of the story is carried out. After all, he is the one who has selected the story, had it written, arranged the casting and sets. The director can give his

## Future Of Panel Eyed

AUSTIN (AP)—The future of the Committee for Equitable Development of Texas Oil & Gas Resources, will be discussed at a meeting in Houston May 29.

C. W. Alcorn of Houston invited 35 members to hear a report on advanced to production assistant and script writer, and account for the director to Hollywood in 1959.

In private life Miss Harrison is the wife of suspense writer Eric Ambler, and she has had more than her share of household problems in the past year. Their home was destroyed in the Bel Air fire, and they are just moving into a rebuilt one.

"I didn't mind losing my possessions," she remarked, "because clothing and furs and jewelry can be replaced. The real tragedy was that Eric lost all the copies of his books and his notes for novels past and future."

"However, he was very brave about it," she said. "If Al does Huxley can go through it, so can I." Huxley's possessions were wiped out in another local fire.

Cutting corners at high speeds shortens the life of tires.

CAMPECHE, MEXICO — This Gulf coast city has a built-in magnet for pirates. In the old days the Spaniards used it as a warehouse for items of revenue that were shipped back to the king. They built a huge, thick-walled fort to protect the city and Sir Francis Drake, Sir Henry Morgan and several of their constituents used to sail in on dark nights to fire cannon balls at the men in the fort.

But it was a sturdy place and the pirates always got whipped just like on television.

The old fort is still here surrounded by a lot of history. Campeche has turned from the traffic of silver and jewels for the King to Mexico's biggest shrimp fishing port.

And, as an old friend, savvy about such matters, jokingly says it now attracts another class of pirates, who are after fish.

He hastily adds that most of the culprits are not really pirates but only get loused up on navigation and are caught fishing in Mexico's territorial waters.

Some time back Mr. Gonzalez de la Vega checked into a very curious situation which developed one night when a Mexican Navy patrol boat steamed up to a group of U.S. gentlemen who were netting loads of shrimp.

"Hey," the Mexican captain yelled, "what are you guys doing in our waters?"

And the U.S. shrimpers shouted back, "Don't be silly. We're way out in the Gulf."

So the Mexican captain invited them to head for Campeche where authorities confiscated their fishing gear and the catch, which is according to international law.

Then some people from the U.S. Embassy in Mexico City flew here to see what was going on and as soon as they hit town they began visiting restaurants and ordering shrimp dinners.

There wasn't a shrimp on any menu and the manager of one of the eateries said sadly it was because of the pirates.

"For Heaven's sake," said one of the Embassy men, "you mean they sail right up here and catch all your shrimp?"

And the restaurant manager said, "No, our fishermen meet them on the high seas and sell them all the shrimp our boats have caught. The pirates pay better prices than the local market."

So everybody gathered aboard the Mexican patrol boat for the hearing and it started with the Mexican captain saying he caught the U.S. boats right at this point on the map which was inside Mexican waters.

The U.S. captains said hold on, they were at another point because their sounding equipment showed the water was 50 feet deep there.

And the Mexican captain asked, "What kind of maps you fellows got?" It turned out that the U.S. boats were using sea charts dating back almost to the days of the pirates. And the handy bottom of the Gulf changes so rapidly with tides and storms.

What was 15 miles offshore 60 years ago had moved in to about four or five miles off today. In the end, nobody knew who had been caught where so the Mexicans gave the U.S. boats back their fishing equipment but kept the catch.

This was all fine and the night before the Embassy was to fly back to Mexico City, a pickup truck came to their hotel with 20 huge bags of looted shrimp. Compliments of the military some commander who hears they couldn't find any around the restaurants.

According to my informed friend, the Embassy party wound up with the confiscated shrimp while the U.S. fishermen had to wait outside the territorial waters to buy a good catch before they could go home.

And probably the skipper of the Mexican patrol boat is still trying to figure out who the pirates were in this case.

## Child Support Is Ordered

LOS ANGELES (AP)—Former producer Sid Luft, who claims he is living on borrowed money, must pay \$300 in monthly child support to his ex-wife, actress Lynn Bari. Superior Court Thursday ordered Luft to make the payments for six months, at which time a new hearing will be held to examine Luft's financial situation.

Mrs. Bari, 42, applied for an increase in child support for her 14-year-old son, John. The actress was divorced from Luft in 1959 and won custody of the boy in 1958.

Luft, 46, was originally ordered to pay \$75 a month for extra expenses. Mrs. Bari testified he had made no payments since 1959.

Luft said he had borrowed \$2,000 to promote research development companies.

Mrs. Bari is married to a Beverly Hills psychiatrist. Luft is now married to actress Judy Garland.

In India 600 languages and dialects are spoken.

**COMMITTEE ROOM**—The committee or community room has a more serene setting. A French trophy, Louis XV decor is hand painted in green, gold and white hues on the folding doors. One wall bears a hand painted mural on a brick background, by Monte

Reisman of Dallas, giving the room depth. The imported pedestals, bronze tables and Czechoslovakian chandeliers add grace and beauty.

**COFFEE BAR**—This public coffee bar is one of the newest additions in the First National Bank at Andrews. The black and white striped awning gives a French sidewalk cafe atmosphere along with the French Empire furnishings. Parisian scenes cover the north side of folding doors which separate the sidewalk cafe and the new community room of the service center annex, adding gaiety.

**Mrs. Umberson Decorates New Andrews Bank Rooms**

Mrs. Martha Umberson of Dallas, formerly of Andrews, was the interior decorator for the unique new facilities of the First National Bank of Andrews, known as a community service center.

The beautiful new annex held their open house recently after Mrs. Umberson spending some six months of planning and work on the new rooms.

Free coffee is available in the sidewalk cafe during banking hours. The "Green Room" in its luxurious setting, provides both a formal and informal meeting place for small groups. It will accommodate up to 35 people for group meetings such as showers, teas, receptions, or bridge parties. Plush drapes, valances in Empire green velvet and gold braid blend beautifully with the green sofa, with chairs in black and white toile fabric.

Believed to be the first such facilities for a town the size of Andrews, it has 1,800 square feet of floor space. Larger cities such as Dallas have social and club meeting rooms, but we doubt if they can surpass this one.

One of the outstanding features is the Empire green all-nylon carpet dyed to match the sofa.

facilities for a town the size of Andrews, it has 1,800 square feet of floor space. Larger cities such as Dallas have social and club meeting rooms, but we doubt if they can surpass this one.

**Butter Pecan Fudge**  
Delicious butter pecan fudge transforms plain cake or cookies into a special treat! The recipe comes from home service consultants. Melt 1/2 cup of butter top burner of your range, set the dial at 200 degrees. When the butter is golden brown, blend in 2 cups of confectioners' sugar. Stir in about 2 tablespoons of light cream, 1 teaspoon of vanilla and 1/2 cup of finely chopped pecans. Spread generously over cake or cookies.

**FACT OR FICTION**  
Most modern drugs DO go down in price. That's a fact. Accurate records prove the cost of most new drugs goes down as mass production takes over. And because modern medicines do more and more for you, they are your best health value. We invite your prescription patronage.

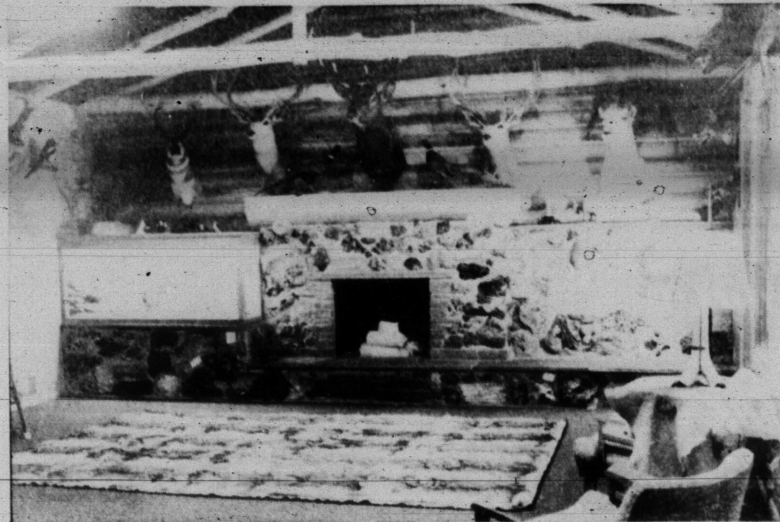

**Snyder Drugs**  
Big Spring Hwy. HI 3-9333

**NEW HOME**—This is the lovely new modern ranch style home of Mr. and Mrs. Nolan von Roeder, located at 2901 Twenty-eighth Street.

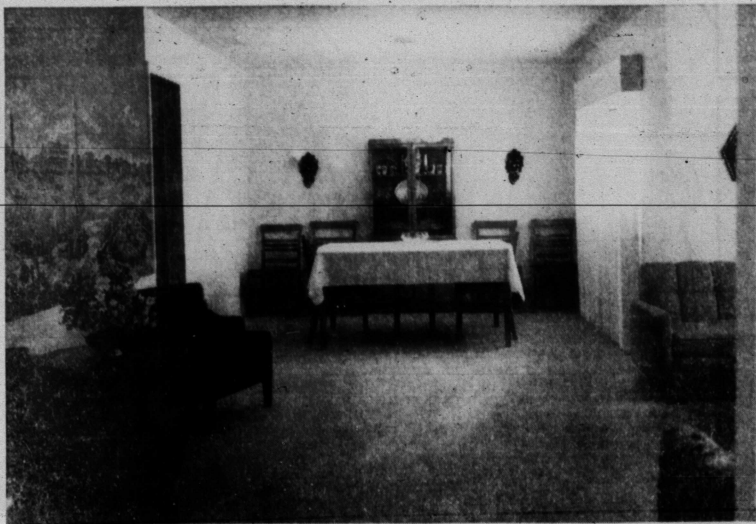

**THE DEN**—Mr. and Mrs. Nolan von Roeder are pictured here in the lovely den of their new home. They extend an invitation to all their friends to drop by Sunday for a chat and cup of coffee.

**TROPHY ROOM**—This room means a lot to Mr. von Roeder and it well should. The lovely rug is made from 20 coyote pelts that he bagged, along with various prize heads from game he and Mrs. von Roeder felled. He and his son Max hauled in the rock and built the lovely fireplace which is certainly a masterpiece. Everything in the room points to his great love of hunting.

**KITCHEN**—Any woman would be extra proud of this modern kitchen with a place for everything and every modern convenience at her fingertips. All appliances are built in and all drawers are the roll-out type.

**DINING ROOM**—The dining room-living room area is a serene setting. A wall mural depicting a Venice Street scene graces one wall, blending in beautifully with the peaceful hues of the decor.

SECTION B

### Von Roeders Build New Modern Ranch Home In Snyder

**LIVING ROOM**—The living room, off the right of the foyer is a warm and friendly room that creates a cordial welcome to guests. A large Rembrandt lamp in one corner adds interest to the room.

**TOTEM POLE**—In keeping with his love for hunting, Mr. von Roeder adds his touch to the outdoor view of the home too. Here is a totem pole he made from 64 pairs of antlers.

**FOYER**—This picture was taken from one end of the den and shows a modern foyer as you enter the front door. The simplicity in colors of white, gold and black, blend in beautifully with the bright colors of the den.

**GIFT TEA**—Miss Janie Morrison, bride-elect of Richard Crawford, was honored with a gift tea Thursday evening in the fellowship hall of Northside Baptist Church. The chosen colors of green and white were beautifully carried out in the decor. The couple will exchange vows on May 25 in the Northside Church with Rev. Jack Dean officiating. Pictured from left, Mrs. Bert O'Neal, mother of the honoree, Miss Morrison, and Mrs. R. H. Crawford, mother of the prospective groom.

**TO WED**—Mr. and Mrs. C. B. Nunley of Odessa, announce the approaching marriage of their daughter, Sue Carol, to Billy J. Tolleson, son of Mrs. Dr. N. Malone of Harnleigh. Vows will be exchanged June 22 in the Northside Church of Christ of Odessa.

**Rabbi's Book Fun To Read**

THE CONVERSION OF CHAPLAIN COHEN By Herbert Tarr. Sometimes books that fall into the category of "light reading"

manage to blend humor, anecdotes, pathos, sentiment and schmalz in such a way that they satisfy the reader a lot more than "heavy" reading.

Such a book has been written by Rabbi Tarr. It is comedy, primarily, about a young rabbi who has never been out of Brooklyn. Until that is, he is persuaded into volunteering as a chaplain and finds himself in the Air Force. Though he is terrified of flying, Young David Cohen goes first to Chaplain school in Texas, and there are some rich ironies about the initiation of the clerics into the absurdities of military life.

Then he is sent to an air base in Mississippi, where he is beset by racial questions over a Negro foot soldier who wants to marry.

Having alienated his commanding officer, he is tossed into an assignment at an arctic base, where life is grim, and he finds a flier who like himself is afraid. He also finds a Jewish girl who has survived the hell of the German concentration camps.

You may be sure Chaplain Cohen no longer is the provincial Brooklynite when he has finished his tour of duty. You have to laugh and weep with him, admiring him for sticking to his principles through the alternately nightmarish and hilarious episodes of his military career. The atmosphere of this story is authentic, for the author has served as an Air Force chaplain.

The book is full of yocks, it has a fine anecdotal flavor, and

**New Type Revolt Depicted**

TEXTURES OF LIFE, By Hortense Calisher.

Miss Calisher is a skilled writer whose subject matter usually is the evanescent subtlety of human relationships and whose style is a highly polished instrument the reader is expected to admire as he goes along.

In less fitted authors, this combination often results in some rather ghastly affectations, but Miss Calisher is good enough to get away with it. Her pace, however, is bound to be a little too intellectually exotic for many a meat- and- potatoes reader who is looking for an unadorned narrative.

This time she has a novel about a young couple — David Pagan, a painter who has become interested in art films, and his bride Elizabeth — a sculptor. In plain non-Calisher words, they are in a rough, quarrelsome, materialistic, middle-class cliché of living, as exemplified by the previous generation.

David and Elizabeth follow a revolt pattern which isn't exactly unique; they live in a cheap hotel with a minimum of possessions. The story is about their adjustments to each other and to the arrival of a child. For contrast, there is a sub-plot of the relationships between David's ailing father and Elizabeth's widowed mother. The resolution suggests that even the Boccacian types have to be human.

Miss Calisher's style often is difficult to follow. Involved sentences contain pronouns whose antecedents are a puzzle; the dialogue too often is cut off in mid-sentence — a legitimate device to indicate nuances of thought, but in this case overworked. And although she is a master of word imagery, she sometimes flubs with things like "The sky gathered at the window, of all the colors of black."

**Baked Bananas-Custard Sauce**

- 4 bananas
- 4 teaspoons butter
- 4 teaspoons dark brown sugar
- 1 teaspoon grated lemon rind
- 1 teaspoon lemon juice
- 1 teaspoon grated orange rind
- 4 teaspoons orange juice
- Custard sauce

Peel each banana and place on a piece of foil. Dot with butter.

Mix brown sugar, lemon rind, lemon juice, orange rind, and orange juice, and sprinkle evenly over each banana. Make a tight package of each banana by bringing top edges of foil together in a drugstore fold and turning up remaining edges several times. Bake in moderate (350 degrees) oven for 15 minutes. Unwrap packages. Cut bananas lengthwise and serve with custard sauce flavored, if you like, with rum or brandy. Makes 4 servings.

**Marriage Announced**

The marriage of Miss Linda Caytes Milam and Lieutenant Joe Peter Merkle was solemnized in a double ring ceremony Saturday, May 11, at two o'clock in St. Michael's Episcopal Mission, Fort Benning, Georgia.

The couple was attended by Miss Dee Angell and Lieutenant Philip Johnson, Captain James M. Reeves, chaplain, officiated.

Parents of the bride are Mr. and Mrs. John Max Milam, former Snyder residents; Lieutenant Merkle is the son of Mrs. Caroline Merkle and Mr. John Henry Merkle, both of Oklahoma City.

Mr. Eddie

A true classic, with a dash of the romantic — of sheerest Swiss pima cotton, exquisitely detailed. Choose all white or pastel pink, blue, aqua, maize or beige with dyed to match lace. Sizes 8 to 18.

# The Gardeners Corner

BY EARL ARONSON  
AP Newsfeatures

With all the furor about dangers of use of misuse of chemical pesticides, we offer 10 commandments designed to reduce garden accidents.

The safety tips, recommended by Chemical Specialties Manufacturers, are:

1. Read the label carefully before you even open the container.
2. Store pesticides out of reach of children and pets, outside the home, away from food and under lock and key.
3. Keep original containers, which should be kept tightly closed.
4. Do not smoke while spraying or dusting.
5. Avoid inhaling sprays or dusts.
6. Wear protective clothing and masks if the label so directs.
7. Cover bird baths, dog dishes, fish pools before spraying.
8. Use separate equipment for applying hormone-type insecticides. This will guard against injury to susceptible plants.
9. Dispose of empty containers so they will not endanger humans, animals or valuable plants.
10. Observe label directions and cautions to keep residues on edible plants within safe limits.

Do not plant mint, berries or other edibles near ornamentals that may be sprayed frequently with pesticides.

While on the subject of spraying, there are two new items (both by Johnson):

- One is a rose and flower swab in a can that keeps on spraying when turned upside down. This permits you to get at the underside of leaves — the insect hide-out. This reputation equities in pesticide outside and foliage for use against aphids, mites, Japanese beetles, powdery mildew, leafhoppers and diseases.
- The other is to attack dandelions and other broadleaf weeds in position by a hand strap at the bottom, which facilitates aiming and firing by pulling a trigger. This preparation contains 2,4-D and 2,4,5-T.

Now you may buy flycatchers from a coin machine. We inserted quarters in the machine at the International Flower Show in New York City and took out a nicely packaged bouquet of tea cress — our choice among the fresh-cut flowers visible in the lighted, refrigerated machine, which requires a coin to operate.

You get the flowers in a flexible plastic "breathing" container with a rigid top and a strong handle. The flower stems are in a plastic vial of water with a preservative. The prices, for roses, or a corsage of orchid, gardenia, carnation or carnations, vary from \$1 to \$2.50.

## Pineapple Pie

- 1 cup sugar
- 1/2 cup flour
- 1/2 teaspoon salt
- 1/2 cups water
- 1 can (8 1/2 ounces) crushed pineapple
- 2 eggs yolk, slightly beaten
- 1 tablespoon butter or margarine
- 1 tablespoon lemon juice
- 1-3 cups (about) flaked coconut
- 1 baked 9-inch pie crust
- 2 egg whites
- 2 teaspoon vanilla

water, undrained pineapple, and filling, sealing to crust. Place on a baking sheet. Bake in preheated oven at 350° for 30 minutes. Cool. Slice and serve. Makes six to eight servings.

**ENGAGEMENT**—Mr. and Mrs. Travis Faries Savage, Route 3, Snyder, have announced the engagement of their daughter, Miss Mary Ann Savage, to Billy Ray Harless, son of Mr. and Mrs. Jack Harless, 2701 Ave. L. The wedding ceremony will be held in Greenhill Baptist Church on Friday, June 21. Miss Savage is a 1962 graduate of Snyder High School and is presently a student at Howard County Junior College. The future bridegroom will graduate on May 23 from Howard County Junior College. He will enter Texas Technological College this fall where he will continue his studies in accounting.

**Summer People In A Dither**

left. So the summer colony, faced with this threat to their patterned existence, goes into a panic and dither over the prospect that the agent is trying to take over the whole island. This agent, a Mr. McKinney, catches some of the major owners of the fishhook of greed, others on the bait of ambitious job offers and still others on the pressure of retribution in their business lives.

Stevenson has contrived a beautifully ironic conclusion to this plot, after exposing the naked weaknesses of these supposedly jolly people sufficed in together.

The book is a social satire that may not shake the foundations of literature, but it is a deftly sketched commentary on one of the fiercer current manifestations of human folly.

**Loading A Clothes Dryer**

The weight, bulk or number of items in a clothes dryer load determine how efficiently the dryer will operate. A load should consist of not enough clothes to tumble freely. You can reduce wrinkling and subsequently ironing by observing the manufacturers' recommendations about loading the dryer and removing clothes as soon as tumbling stops.

**"THOSE GOLDEN YEARS,"** was the theme of the salad supper honoring the Girls Auxiliary of Avenue D Baptist Church Tuesday evening on their 50th anniversary. A green, white and gold color theme was carried out with table decorations in antique articles of the home. Thirty girls and their mothers attended attired in various costumes depicting "Those Golden Years."

**PERFORMERS**—The above group of students presented their annual piano recital Thursday evening at the Martha Ann Woman's Club. Front row from left, Jillette Brunken, Kathy Aller, Bill Raines, Shawn McCaleb, Kathleen O'Banion, Julia Griffin and Becky Dean, an usher. Second row, Jacque Patchell, usher, Becky Allen, Janet Russell, Marsha McGlaun, Delbert Hirst, Brenda Raines and Janis Rhodes. Third row, Patricia O'Banion, Ruby Hirst, Lupe Morales, Janis Atwood, Mollie Walker, Dan Brunken and Gail Harber.

**Awards Made At Piano Recital**

Mrs. Jack Patchell presented her piano students in their annual recital Thursday evening, 8 o'clock in the auditorium of Martha Ann Woman's Club.

Students receiving the following awards were judged on rate of advancement, according to age, ability, effort and length of time spent studying piano.

Awards for special achievement in the intermediate class were presented to Janis Atwood, daughter of Mr. and Mrs. Bill Atwood, Mollie Walker, daughter of Mr. and Mrs. R. J. Walker, Dan Brunken, son of Mr. and Mrs. Dan Brunken, Marsha McGlaun, daughter of Mr. and Mrs. Marsha McGlaun, and Gail Harber, Becky and Kathy Allen, daughters of Mr. and Mrs. L. C. Harber.

Awards in the junior category went to Ruby Hirst, daughter of Mr. and Mrs. D. D. Hirst, Brenda Raines, daughter of Dr. and Mrs. John Raines, Janice Rhodes, daughter of Mr. and Mrs. Coy Rhodes, Delbert Hirst, son of Mr. and Mrs. D. D. Hirst.

Merit awards in this class went to Jillette Brunken, daughter of Mr. and Mrs. Jurden Brunken, Julia Griffin, daughter of Mr. and Mrs. Joel Griffin, Patricia and Kathleen O'Banion, daughters of Dr. and Mrs. John W. O'Banion.

Beginning students having had only nine months of study earning achievement awards were Shawn McCaleb, daughter of Mr. and Mrs. Charles McCaleb, Jr., Janet Russell, daughter of Mr. and Mrs. Elmer D. Russell, Bill Raines, son of Dr. and Mrs. John Raines, Gail Harber, daughter of Mr. and Mrs. Gail Harber, and Gail Harber, Becky and Kathy Allen, daughters of Mr. and Mrs. L. C. Harber.

**BETROTHAL**—Announcement of the engagement of Miss Barbara Ann Gremm to Joel Hugh Hamlett, III, has been made by her parents, Mr. and Mrs. Scott Harrison Gremm, 10325 Plummer Drive, Dallas. Mr. Hamlett is the son of Mr. and Mrs. Joel Hugh Hamlett, Jr., of Snyder. The wedding is planned for June 15 in Saint Pius X Church in Dallas. Miss Gremm will be a June graduate of the University of Texas with a bachelor of science degree in home economics. She is a member of the Home Economics and Newman Clubs. Her fiancé is a graduate of the University of Texas with a bachelor of science degree in chemical engineering. He was a member of Phi Eta Sigma, Alpha Chi Sigma, and Omega Chi Epsilon fraternities. He is now employed by Phillips Petroleum Company in Borger.

**Pedal-Pusher**

Many of the new incinerators feature a pedal that controls the opening and closing of the lid, leaving both hands free to carry and dump trash and garbage.

of Mr. and Mrs. L. L. Allen. First prize for special achievement and memory work went to Janet Russell. Second in memory work went to Kathleen O'Banion. A special award of recognition was presented to Janis Atwood, who will be graduated from Snyder High School this month.

**Beauticians Hold Picnic**

The Snyder Beauticians Unit No. 77 and their families met at Towle Park recently for a picnic. Bobby Cannon and Nancy Harbin were hostesses to the 12 members and their families.

**Appliance Levelers**

Household appliances operate more efficiently if they are perfectly level. A leveling device built into the legs of most new appliances makes it easy to adjust them to uneven floors.

S

**SIMPLICITY**—The above Japanese Classical designs were arranged by Mrs. Charles Harbison Thursday during her lecture-demonstration. An airy feeling with grace and simplicity is the key-note in this particular accomplish-

### Lecturer Was Well Received

By Kay Pope  
Mrs. Charles Harbison of Buffalo, Oklahoma, was the guest lecturer and demonstrator for some 27 women Thursday morning at the Martha Ann Woman's Club.  
The Snyder Garden Club was sponsor of the event and invited all interested flower arrangers to attend. Ladies from Big Spring and Colorado City also attended. Mrs. Harbison, two years ago received the rank of professor from the Enshuryu School of Jap-

anese classical design in Yokohama. She presented each lady with a brochure, and explained the various placements in Japanese designing. Secrets in bending your plant material as well as cutting were also given. Several books on Japanese design are available, but we feel sure the information yesterday was more thorough and understandable, (also, with more pointers) for the modern day arrangement.

With her informal explanations, jovial attitude and interest to each individual, the five hour session was a pleasant one. Unlike most lecturers, she conducted a workshop, letting each lady try her hand at Japanese design, then she in turn judged each and explained the right and wrong. This enabled those attending to actually try their mind, not to just sit and

listen. Mrs. Harbison used her collection of antique bronze containers from the Orient, with one in particular, being over 300 years old. It was a three piece container, that could be used as three separate containers if the need be. She told of the man who originated the Enshuryu School and several interesting facts pertaining to the method of study there.

Snyder is indeed fortunate in having been able to obtain an instructor of the caliber of Mrs. Harbison. ~~Her~~ ~~lunch~~ ~~was~~ ~~served~~ ~~at~~ ~~the~~ ~~noon~~ ~~hour~~.

If you enjoy a spicy stew, add condensed tomato soup plus water, vinegar and tomato catchup for the braising liquid.

### Asparagus And Egg Salad

- 1 pound asparagus (cooked)
  - French dressing
  - Salad greens
  - 4 hard - cooked eggs
  - 2 tablespoons mayonnaise
  - 2 teaspoons prepared yellow mustard
- Sliced cucumber and tomato  
Marinate the asparagus in French dressing and chill; drain and arrange on salad greens.  
Have the eggs, remove yolks and mash with mayonnaise and mustard - taste and add salt if necessary. Spoon yolk mixture back into egg white cavities. Add eggs to salad plates with cucumber and tomato. Makes 4 servings.

**JULY WEDDING**—Mr. and Mrs. Carmen Hobbs of Hermleigh announce the engagement and approaching marriage of their daughter, Brenda Grace, to Mickey Winter, son of Mr. and Mrs. Milton Winter of Hermleigh. Both are graduates of Hermleigh High School and are students at Texas Technological College. The couple will be married in the First Baptist Church of Hermleigh on July 6.

### How Hot Is Boiling?

Water boils at 212 degrees F. It gets no hotter when boiling rapidly than when boiling slowly. When the boiling point is reached, turn the flame down. This will prevent the escape of excess steam and keep food from taking over. This is no problem on the new temperature-controlled burner which has been set specifically for boiling at 212 degrees.

### Freezer Dessert

Homemade ice cream pies can be made days ahead of a party and stored in the freezing section of the refrigerator. Margaret Snyder suggests using a cookie or graham cracker crumb crust. Fill it with ice cream and garnish the top with more crumbs, nuts or candied fruits. Wrap in an airtight package and remove from freezer the refrigerator about 30 minutes before serving.

**TANGY SOUR CREAM** and sweet fresh strawberries team with a buttery cream topping in Strawberry Freeze. Two contrasting layers make a tempting picture in pastel tones.

### Fresh Strawberries Make A Colorful Dessert

If you've ever topped fresh strawberries with sour cream, you know how supremely good that harmony of flavors can be. To dress it up for guests or a special family dinner, whip up this cool, two-tone Strawberry Freeze.

Light and luscious, to make a delightfully cool ending to a summer dinner. The two layers offer an interesting contrast in color, flavor and texture. The pink berry layer turns frosty, almost like a sheet of ice, while the topping is smooth and creamy.

First, chill the sour cream, with bowl and beaters, for at least 30 minutes. Then it's easy to whip until fluffy. Continue to beat while gradually adding sugar. Those big red-ripe strawberries are the next ingredient to be added. Mash them thoroughly or puree them in a blender. Fold the berries into the sour cream mixture, and the dessert is ready to go into the pan. Spread the crumbs crust over the bottom of the pan and cover with the strawberry layer, then

freeze it until firm. For that velvety topping, cream butter and sugar and add eggs, beating until light and fluffy. Sprinkle the top layer with more crumbs and freeze until serving time. Frozen berries can be used instead of fresh. In either case, reserve a few berries for garnish. You'll have a brand-new strawberry dessert your family and guests will love.

#### STRAWBERRY FREEZE

- 9 servings
  - Square pan, 8 inch
  - 1 cup dairy sour cream
  - 1/2 cup sugar
  - 1 pint fresh strawberries
  - 1/4 cup vanilla wafer crumbs
  - 1/2 cup (1 stick) butter
  - 2 cups confectioners sugar
  - 2 eggs
  - 2 tablespoons vanilla wafer crumbs
- Place sour cream in mixing bowl and chill with beaters at least 30 minutes; beat until very fluffy (about 5 minutes). Continue to beat while gradually adding 1/2 cup

sugar. Meanwhile mash strawberries into sour cream mixture. Spread 1/4 cup crumbs over bottom of pan; cover with strawberry mixture; freeze until firm. In a bowl cream butter; gradually add confectioners sugar and beat until light and fluffy. Add eggs one at a time beating very well after each addition. Spread over strawberry layer; sprinkle top with 2 tablespoons vanilla wafer crumbs; freeze.

Note: One package (10 oz.) frozen strawberries may be substituted for the fresh. Omit the sugar and do not drain.

Mrs. Maurice Duncan and Mrs. Frieda Murphy were in Big Spring Friday.

Mrs. Jack Ragan of Seminole visited recently with Mrs. Bill Dunlap, Mrs. Vernon Todd and Mrs. Maurice Duncan.

Mr. and Mrs. Carl Yowell and Gary of Hobbs, N. M. visited Saturday and Sunday with her brother Mr. and Mrs. Halley Browne, Janice and Joyce.

Mrs. Bill Dunlap and Mrs. V. Todd were in Lamesa Thursday. They visited Mrs. P. A. Dugger, Mrs. Martha Todd and Mr. and Mrs. Howard Shore.

Mrs. D. L. Bowles returned home Friday from Beaumont where she has been visiting her daughter, Mr. and Mrs. Leon Sharp and Scott. Her new grandson came with her for a visit while his mother is a patient in an Orange, Tex. hospital.

Mrs. Albert Taylor left Monday morning for Burkhamia, Miss. to get her mother, Mrs. Roberts, who will visit in the Taylor home for a few weeks.

Mr. and Mrs. Fred Mitchell returned home this week after a visit with relatives in Kansas.

Mrs. Jesse Grizzle, on the Spring Conference they attended at Hamilton, April 24.

They gave their views of the highlights and the many new things they learned from the workshops. The main speaker was a Mike Thornell, a senior and president of the Speech department of Cooper High School, Abilene. He spoke on "Democracy".

Also attending the conference at Hamilton were: Mrs. Pete Sterling, Robert Erwin, Floyd House, Glen Taggart, Travis Stokes, Howard Sterling, C. C. Sellers, Jr., Joe Falls, Layne Roddy, Benard Bishop, Buck Layne, Lee Emory, W. R. Sterling, Jr., Grady Moore, Preston Crowder, J. L. Byars, Lidel White, Ralph Lindsey, Linzer Solomon, O. W. Holliday, Inez Wilton, H. L. Hester, Leon Sterling, Johnny Weir and T. P. Allen.

Mrs. Pete Hester gave a summary on the years work of the P-TA. Thirty-eight members were present with the second grade taking the attendance banner for her year. They won five times out of nine.

Refreshments were served in the classroom following the meeting.

## Installation Held By Ira P-TA

The Ira Parent-Teachers Association held its May meeting in the school study hall Thursday with Mrs. O. W. Holliday, president, presiding.

The program was opened by Mrs. Jesse Grizzle leading the group in singing "Home on the Range". Mrs. Johnny Weir led the group in the P-TA prayer.

Mrs. Leon Sterling, program chairman, presented a skit consisting of Mrs. Houston Kimbrell, Mrs. Edward Sterling, Mrs. Weldon Wiggins, Mrs. J. D. Hooker and Mrs. Brent Murphy and Mrs. Frieda Murphy visited Sunday in Slidell with Mr. and Mrs. Homer Merriell. Mr. and Mrs. Glen Murphy met them there and took Mrs. Frieda Murphy to Breckinridge where she visited until Tuesday. She attended the funeral of her brother-in-law, Mr. Tom Thibpo.
