Pilot Held Liable For Ships' Crash

HOUSTON, April 13.—(AP)—A decision holding C. R. Megee, pilot on the U. S. Shipping Board steamship Eldena, responsible for a collision last year between that vessel and the steamer Griffid, owned by the Charles Nelson company, in Bolivar harbor, was returned Friday by Federal Judge J. C. Hutcheson. The judge held that the Galveston-Texas City pilots' association could not be held liable for Megee's acts.

CLUB WORK IN COUNTY HOLDS WIDE INTEREST

The future of scientific agriculture in Lubbock county will not suffer for want of attention. Five hundred County club boys and girls are assuring its advancement, according to County Agent D. F. Eaton, who is making a survey of the county clubs this week in preparation of the coming season in which greater activity in club work is scheduled. Interest in the work is greater than it has ever been, Mr. Eaton says, and his statement is bolstered by a similar statement from Miss Louise Baird, home demonstration agent, who has charge of the girls work.

Flier Is Held For Reckless Driving

SAN ANTONIO, April 13.—(AP)—Accused of having forced an automobile into the ditch with his airplane, Lieut. Lloyd E. Huntling, Kelly Field flier, today was formally charged with reckless and hazardous flying in violation of air service regulations. The specifications charge that he flew an army plane in such a manner as "to endanger the life and limb of Harry Landis, Thomas J. Hughes and Joseph Pearson."

MOTOR WHIRR CLAIMED HEARD HIGH OVER NOVA SCOTIA BUT IDENTITY OF SHIP NOT FIXED

(By The Associated Press)
NEW YORK, Apr. 13.—With fuel for only an hour and a half more, at most, of flying, at 3 P. M., eastern standard time, the German plane Bremen was unreported on its flight from Ireland, beyond a Canadian press report that it was believed to have passed over Nova Scotia this morning.

The flight of the Bremen, had been underway 39 and a half hours at 3 P. M. Eastern Standard time, today and in all that time the only report of its probable progress came from the Canadian Press, which stated that two men at Kingsport, N. S., thought it was high overhead at 8:30 A. M. No Canadian planes were in that vicinity at the time, so far as known.

LATE BULLETINS

(By Associated Press)
Report Not Confirmed
In the four hours that followed, no confirming reports were received anywhere along the Atlantic seaboard. It was pointed out, however, that much of the route would be off shore and that at the previous rate of flight, the plane could not be expected at New York before 2:30 p. m. central time. It was believed to have sufficient fuel for flight one hour after that.

Ask Prompt Reply

The four governments were told by American diplomatic representatives that they were pleased to be informed as promptly as may be convenient whether they are in position to give favorable consideration to the conclusion of a treaty such as transmitted, and if so, what specific modifications in it would make it acceptable.

Spent Night in San Marcos

The Griffins had spent the night at a San Marcos hotel and were believed to have been returning to their home in Kerrville. Their car was loaded with suit cases, with clothing and cooking utensils. Letters addressed to Seba Childress were the only marks of identification found. This name proved to be the maiden name of Mrs. Griffin. The couple had been married over a year, it was learned. Mr. Griffin was 23 and his wife 22.

MARINES PLAN TO BRANCH OUT IN REBEL FUSS

OPEN NEW AVENUES OF CHASE ON SANDINO FOR RAINY SPELL

(By Associated Press)
MANAGUA, Nicaragua, April 13.—Determination by American marines to use their every resource in rounding up the remaining followers of the rebel general Augusto Sandino was seen today in an announcement of operations in northern Nicaragua. A new landing field was opened at Condega. This made nine fields scattered throughout the country to which transport planes could carry men and munitions during the rainy season, which starting next month, will make the jungle trails impassable to transport trains. From these fields bombing planes can also set forth to deal death to the rebels when they are discovered.

Regular Work to Follow

With the completion of Mr. Eaton's survey, regular work will be begun on the various projects. Livestock projects are already under way. Mr. Eaton reports and the field and poultry projects will be started soon. Most of the club boys are ready to begin their crop projects now, Mr. Eaton says.

ILLINOIS HAS BIG WORRY IN SMITH MUDDLE

SENATE SEAT OPEN BUT BEST SUBJECT FOR IT IS PROBLEM

(By Associated Press)
CHICAGO, April 13.—Not how to get a second United States senate seat, but who to put in it has become one of Illinois' prime political worries. The choice of a man to sit with Charles S. Deneen in the senate as a representative of this state until a senator can be regularly elected in November rests with Gov. Len Small, who has been reticent in expressing his intentions. The problem is delicate in that Gov. Small and his original choice for the seat—Col. Frank L. Smith, Dwight banker—were decisively whipped in Tuesday's statewide primary election. Small losing by more than 416,000 votes and Smith by nearly 162,000. Significant as is the fact that Senator Deneen is the head of the Republican faction whose candidates were successful.

Moody Declines

AUSTIN.—Gov. Dan Moody declined Friday to permit use of his name on the Oregon primary election ticket as the democratic presidential nominee, in a telegram to the democratic committee of that state, who made the proposal. It was understood that the governor would make known his reasons later.

Sky Watched With Growing Anxiety

(By Associated Press)
HALIFAX, N. S., April 13.—Nova Scotia watched with growing anxiety this morning for the German plane Bremen. It was considered definitely overdue at 9:30 a. m. eastern standard time, although it was realized that opposing winds might have diminished its speed or a change of course have taken it off shore.

Couple Going To Brownsville Job

KERRVILLE, Tex., April 13.—(AP)—W. O. Griffin of Kerrville, who, with his wife, was killed in a railroad crossing accident near Hunter today, had gone to San Marcos after Mrs. Griffin, who was attending school there, so both could go to Brownsville, Texas, where he had obtained a position in a chain store. Mr. Griffin was a native of Hunt, 18 miles from here, where his father and mother reside. Mrs. Griffin formerly taught school at Hunt.

Rains, Snow Help Ranges, Is Report

AUSTIN, April 13.—(AP)—The April 1 livestock report of H. H. Schultz, government statistician, released here today, says that recent rains and snow have served at least temporarily to retard the deterioration of the ranges in the western and southern sections of the state. The central, eastern and coastal districts have an underground season and fairly good range conditions. Cattle have held up well and have suffered only nominal losses. Calves, lambs, and kids are coming fast. The mohair clip is over and sheep shearing has begun in southern counties. There will be little fat stock until the rains improve the pastures.

Mmes. Carter And Dockray Entertain

Tulips furnished an unusual theme for one of the pleasant parties of the week Thursday afternoon when Mrs. K. Carter and Mrs. V. K. Dockray entertained the Merry Bidders club at the home of the former hostess, 1412 Avenue L. Forty-two was played.

Hand painted cards were in the tulip pattern, tulips were arranged in bouquets in the home and ice cream was molded into the form of tulips and served with cake, whipped cream and strawberries as the last course of the refreshment collation.

Guests enjoying this delightful party were Mesdames Fred Spikes, F. V. Brown, J. N. Nislar, T. H. Ellis, Sam T. Davis, R. H. Moore, C. E. Powell, W. C. Rylander, Pierce Wilson, J. E. Garrison, B. F. Shepherd, R. H. Moore, Norton Baker, H. D. Chipley, E. C. Young, D. N. Leaverton, F. H. Sawyer, Oscar Peery of Oklahoma City, Garwood Bowers, R. S. Rodgers, J. C. Street and W. E. Spencer.

Marrye and Mom Their Letters

BY RUTH DEWEY GROVES

My dear Marrye:

I think you are very foolish to believe that memories of past loves are treasures. You shouldn't be thinking of any man but your husband. And comparing him with a former sweetheart whom you saw only under favorable circumstances is most unfair. It can easily grow into a habit that will get serious detriment to your happiness.

And surely you must know that as the novelty of marriage wears off, comradeship takes its place. You aren't old enough to appreciate what a wonderful blessing true comradeship is, Marrye dear, but I hope you will not remain blind to it as long as most people do.

It comes about so naturally between married couples and is so taken for granted that it is rarely appreciated at its real worth. It is sweet to have someone in whom you can confide with perfect trust, someone you can depend upon as a companion.

There will be bleak moments in your marriage I suppose, when the commonplace features of it disappoint you, but if you will weigh the happier side against the other you will stop sighing for past romances. I know you've never been lonely, that you didn't need marriage to provide a companion. You were very fortunate in having a great many friends, but if you hadn't married you would have found as you grew older that you lacked someone you could depend upon at practically all times. Friends have a way of falling as often as they come, and the one you are married to is only natural as their lives are not bound up with yours.

But sometimes this constant companionship becomes a bore to those who do not value it. I feel sorry for such persons as they are missing far more than they know in failing to see that in most cases they would be incomplete if they were separated from husband or wife.

I know I wouldn't trade the bond that exists between your father and myself for all the thrills anyone can get from remembering old lovers. If you need that sort of thing to help you over the rough spots of marriage it is because you are overlooking the greatest privilege of being married.

Don't try to hang on to the glamour of the honeymoon, Marrye, or let yourself be blinded by little offenses to your aesthetic taste. There's something more solid to a happy marriage. Companionship. But some people never appreciate it. I hope you will not be one of them.

Dearest love,

MOM.

Galli-Curci's Own Beauty Secrets

Opera Star Tells Her Charm Formulas

EDITOR'S NOTE: Mental youthfulness, the foundation of all charm, is discussed by Amelita Galli-Curci, Metropolitan Opera star, in this concluding article of her personal series, "exclusive The Journal writes on beauty."

By AMELITA GALLI-CURCI:

Here are some of those very necessary beauty secrets which are not always followed. There are mental and physical "don'ts" in keeping beautiful and in keeping young. The foremost is don't worry if you would escape a wrinkled face. Keep it serene, which does not mean expressionless. Do not dwell on them continuously or distort the face while doing it. No philosophy, from observation is that more than half the wrinkles which people dread fail to materialize. So why make a dread habit?

Character of manner, natural animation and magnetism are three graces more potent than any beauty "parlor." But the beauty parlor makes a valuable aid in the procedure—intelligence, interest in people and things and human sympathy bring to any face the only real illumination.

Fresh air is a better friend than face-creaming pillow. The languid look that "won't come off" is often the result of self-pampering; lying in bed after awakening and looking about continuously leave time for little else than growing fat.

Personally, I find a brisk walk in the fresh air every day absolutely indispensable.

The more we rest, the more we

Lindy Needle Club Holds Meeting

As an entertainment feature yesterday afternoon when Mrs. Vanahan E. Wilson entertained the Lindy Needle club members were divided into groups and fancy pin cushions were made. These novelties were later cut for and were won by Mesdames N. L. Peters, H. E. Blocker, W. T. Strange and J. M. Bennett.

The society met in Mrs. Wilson's home, 2311 14th street. In addition to regular needle work and diversions suggested by the hostess, there were pleasant socialities and strawberries, cake and coffee were passed to Mesdames Peters, Blocker, Strange, Bennett, W. ties to other treaties guaranteeing neutrality.

My government has not conceded that such considerations necessitate any modification of its proposal for a multilateral treaty, and is of the opinion that every nation in the world can, with a proper regard for its own interests, as well as for the interests of the entire family of nations, join in such a treaty. It believes, moreover, that the execution by France, Great Britain, Germany, Italy, Japan and the United States of a treaty solemnly renouncing war in favor of the Pacific settlement of international controversies would have a tremendous moral effect and ultimately lead to the adherence of all the other governments of the world.

The discussions which have taken place between France and the United States have thus reached a point where it seems essential, if ultimate success is to be attained, that the British, German, Italian and Japanese governments

Woods Ouster Case Delayed by Illness

WAXAHACHIE, April 13 (AP)—The jinx of Friday the Thirteenth stepped in today to force a temporary halt in the trial here of the civil ouster suit of L. J. Woods, county attorney of Navarro county.

The pause was necessitated when W. R. Gunn, court reporter, was stricken with a slight attack of paralysis. He had recovered sufficiently at noon to walk about his room, but was unable to continue his work in the court room.

Another court reporter has been called from Fort Worth and is expected to arrive here late today.

Woods was on the stand when court recessed yesterday, and it had been expected his testimony would be completed today.

Helkin Renews His Barrage On Smith

WASHINGTON, April 13 (AP)—Senator Helkin of Alabama made another attack on Governor Smith of New York today in the senate, charging that he was the head of the Roman Catholic political machine in America.

"There are two standards in this country," Helkin shouted to a full chamber and crowded galleries. "They are the Roman standard and the American standard. When they clash one must go down and it will not be the American standard."

AGING ALEXANDER MEASURES UP TO REPUTATION; BEATS BUCS

CARDS' THREAT IS BOOSTED BY POWERFUL ARM

BURLEIGH GRIMES WAS VETERAN'S VICTIM IN THURSDAY WIN

(By Associated Press)
Grover Cleveland Alexander still wears with dignity the appellation of "Alex the Great."

The burden of the summer, not to mention winter, apparently rests lightly upon the broad shoulders of this old knight of baseball wars.

Pirates Turned Back
Entering upon his 18th major league season, he turned back the champion Pirates without a run in the lists at St. Louis yesterday while his Cardinal mates triumphed by 5 to 0.

Alexander's effectiveness in keeping the Corsairs' seven singles well scattered puts a more threatening aspect on the Cardinal pennant hopes. Figuring exhibition performance in the spring training exercises it marked nineteen scoreless innings for the veteran right hander.

Opposing old Alex on the hill was Burleigh Grimes who was back in Pittsburgh harness after an absence of ten years during which time he played with the Robins and Giants.

Reds Trounce Cubs
The Cincinnati Redlegs jolted the Chicago Cubs for the second consecutive day, this time by 9 to 3, in a seven-inning game.

Recruit Pitches Steady
Making his debut with the Indians, Jack Ogden, formerly of the Baltimore Internationals, hurled a steady game against four opposing twirlers.

The Chicago White Sox outdid the Indians by 10 to 7 but dropped another engagement to Cleveland 2 to 1.

Gold and wet grounds forced idleness upon the other big league outfits.

(By Associated Press)
The smallest cities and towns, traditional sources of "sand lot" baseball players who later become famous, continues to provide, most of the diamond talent for the University of Texas squad.

Only 13 of the 29 players comprising the permanent squad this season are from the four larger cities of the state. The remaining 16 are from the smaller towns.

Port Worth and San Antonio each are represented by four players. Dallas by three and Houston by two.

Port Worth is called home by Joe Bobbs and Thomas A. Forbes, pitchers, Meredith Hopkins, second base, and Thomas E. Hughes, outfielder.

San Antonio recruits
From San Antonio come Nona Rees, catcher; Howard McMillan, second base; Frank Cheatham, pitcher, and Robert I. Carr, first baseman and outfielder.

The Dallas players are William B. Ford, outfielder; Frank Higgins, third baseman; and Orval Rhoads, pitcher. Those from Houston are James M. Boyles, pitcher, and John Ralston, pitcher.

Members of the squad from other cities and towns are: J. R. Allen, pitcher; Luling E. Watson, shortstop; San Saba; Maurice Armstrong, pitcher; Panhandle; James B. Beard, outfielder; Jacksonville, Fla.; Milton Browning, pitcher; Tolar; J. Davis, outfielder; McAllen; Joe Edwards, outfielder; Tahoka; Carlos Gibbs, pitcher; Beeville; Ernie L. Goerner, first baseman; Austin; Jack Haisell, outfielder; Laredo; Harold Malone, outfielder; Edmore; J. A. Radford, shortstop; season Arvie Walker, first baseman; Blum; H. C. Webb, shortstop; San Antonio; Texarkana; Gus Vender, outfielder; Boerne; W. L. Whitesides, pitcher; Athens.

Manager Of Negro Boxer Drops Dead
SAN BERNARDINO, Calif. April 12 (AP)—Theodore Binzen, former reed capitalist of Joliet, Illinois, and lately manager of Neil Clisby, Riverside Calif., negro heavyweight boxer, dropped dead shortly after being knocked out by Louis Alado, San Diego fighter, in the second round of a ten round match, pre late night.

A doctor said heart failure, induced by the excitement of seeing a man win had caused death.

A REAL STAR ON A WEAK TEAM

A GREAT SECOND BASEMAN is this Frisco Thompson, with the lowly Phillies. Last season, his first in the majors, Thompson played in 153 games and compiled the neat batting average of .303. With that one year of experience behind him he should prove a more valuable man this season and perhaps a big factor in the drive of the Phils to get out of the cellar. He has great possibilities.

WESTERNERS TO PLAY CANYON IN RETURN BATTLE

Henry Franks and Del Morgan left this morning for Canyon with more than twenty Westerners for a return engagement with the Eagles today.

The Purple and White wearers drubbed the local youngsters to a score of 18 to 0 in a poorly played exhibition. However, since that time the Westerners handlers have been putting in plenty of time straightening out the wrinkles shown in the functions of their machine and hope to play a better game today.

Negotiations are being completed for another spring softball game with the Ranier high school team for next Friday at Canyon, however, the arrangements are yet tentative.

BIG PLANS MADE FOR FOX HUNT IN TENNESSEE HILLS

(By Associated Press)
Royal wild boar hunts in the prairie middle ages were rivalled in color and dimension by the fox hunt which roams these hills tonight in honor of "Uncle Alf" Taylor, former governor of Tennessee.

Preparations today were complete for an all night fiesta and distinguished guests by the scores had arrived to join the 500-odd in the hunt, planned on a gigantic scale.

Trail of Road Paved
A mile of road had been paved to the top of Bogart Knob, so that guests might reach the scene of festivities by motor. A circus tent was in place, electric lights had been strung about, telephones had been connected, water had been piped up the slope, a piano was in place, every imaginable provision had been made for the comfort of the guests at this totally stag affair.

Chefs today were busy preparing a luscious feast of barbecued lamb, pork, veal and chicken to be served to guests tonight.

Famed Foxhound To Lead
"Old Lumber" famed foxhound of Governor Taylor, was appointed to lead the pretentious chase and add to the laurels as a superior canine which won his picture a place in the state capitol at Nashville during his master's administration. Two hundred other dogs had arrived from Kentucky, Virginia and other points in Tennessee to take their places in the kennels at Happy Valley.

Governor Taylor's home, and be ready for the run tonight under "Uncle Alf" himself planned to sit comfortably in camp while he followed the course of his many friends who are honoring him by the baying of the hounds they followed over the hills. Foxes have been reported thick in the neighborhood of Bogart Knob.

Fire Razed Plant Is To Be Rebuilt

WINNFIELD, La. April 12 (AP)—The Shreveport plant of the American Crocote company here which was destroyed by fire late yesterday with a loss estimated at \$200,000 will be rebuilt immediately, it was announced by officials of the company at new Orleans headquarters.

One man, an electric welder, unidentified, was reported missing. He was working with one of the tubes used in erecting timber when the fire broke out and spread rapidly engulfing the entire plant.

SPUDDERS OFF TO GOOD START ON LONG GRIND

BID FAIR TO REPEAT LAST YEAR RECORD OF HOLDING TOP

(By Associated Press)
Results of their first two games indicate that the Wichita Falls Spudders may live up to prognostications of experts who listed them as outstanding contenders for the pennant in the Texas league this year.

After beating the Shreveport Sports on opening day, the Spudders yesterday locked them 5 to 1, and turning the trick looked like the champions of last season who never dropped out of first place.

Ball Clouted and
While Joe Kiefer held the Sports to eight scattered hits, the Spudders scintillating play also included individual batting honors sent to Ziggy Seay of Shreveport, however, who recorded two singles and a double in four times up.

The San Antonio Bears, picked by some as not likely to trouble the leaders, kept their record unscathed by hammering out a 10 to 1 victory over the Beaumont Exporter. While the Exporters started the scoring with one run in the first inning, the Bears ended it by counting four in the same frame, and six more thereafter, four in the eighth. J. Robertson, Bear hurler, showed great form in the pinches.

The Dallas Steers got revenge for defeat on the previous day by winning over the Fort Worth Panther, at Dallas, 4 to 1, as a result of McCall's good pitching and lusty clouting in the fifth when four Steers crossed the plate.

Waco Beats Houston
The Waco Cubs also turned the tables on a team that bested them on opening day when they defeated the Houston Buffs, 8 to 3. The game was marred for both clubs, however, by injuries to Homer Peel of Houston and Felix Vigore of Waco in the seventh inning on the same play.

Peel sprained his ankle when he ran into a fence trying for Vigore's long fly, and Vigore broke his leg in three places sliding into home plate. It is believed Vigore is out for the season and Peel will not play for a month.

HOUSTON WINS TEXAS LEAGUE CUP IN OPENER

(By Associated Press)
Houston won the Texas League cup in its opener Friday by defeating the Dallas Stars, 10 to 7, in a game played at the Texas National Guard Armory, 1310 Avenue G, when the interested teams and individuals are requested to meet at eight o'clock for the discussion of the cup in general.

The election of officers will be held and a general round table discussion of the league will be made. All interested firms, or individuals who desire to gain entrance into the city loop should be present for the meeting or have a representative there.

DALLAS, FORT WORTH TRAIL CLOSELY IN ATTENDANCE

HOUSTON, April 12 (AP)—Houston won the Texas League cup in its opener Friday by defeating the Dallas Stars, 10 to 7, in a game played at the Texas National Guard Armory, 1310 Avenue G, when the interested teams and individuals are requested to meet at eight o'clock for the discussion of the cup in general.

The election of officers will be held and a general round table discussion of the league will be made. All interested firms, or individuals who desire to gain entrance into the city loop should be present for the meeting or have a representative there.

Washington Demos Believed For Smith

SPOKANE, Wash. April 12 (AP)—Washington Democrats assembled in state convention here today to take action expected to add 14 votes in the national convention to the forces of Governor Al Smith.

While some of the party leaders endorsed as members of the state's delegation to Houston are opposed to Smith, the sentiment of the state convention admittedly is so overwhelmingly favorable to him that it seemed a foregone conclusion that he would receive the state's solid vote.

Brownwood Airport Under Discussion

BROWNWOOD, April 12 (AP)—Construction of an airport in Brownwood and the institution of an air mail route from Waco to San Angelo via Brownwood are to be discussed today at a meeting of the Brownwood Chamber of Commerce air committee and a delegation from Waco.

The Waco delegation is to fly to San Angelo and then to Brownwood for the conference.

CANYON TO MEET MATADORS HERE IN TRACK MEET

Tomorrow afternoon the West Texas State Teachers College Buff herd will meet with Vic Payne's Matador track and field squad in a dual contest at the Matador field.

The meet will open at two o'clock with the 100 yard dash scheduled for the first event.

Monday afternoon the Matadors opened their home season with a dual encounter with the Sam Houston Teacher College Bears and piled up a total score of 66 1-3 to 50 2-3 against the Huntsville trackers.

In the past seasons Sam Burton's stampeding Buffaloes have been extraordinarily strong in field events and long distance runs and they will no doubt repeat with their strength in these departments.

Coach Payne will enter more than twenty Matador contestants in the meet with the Buffaloes.

MATADORS BEAT GEORGETOWN IN CLOSING BATTLE

GEORGETOWN, April 12.—With a barrage of base hits the Texas Tech Matadors came back after taking a defeat at the hands of the Southwestern University Pirates in the opening game and buried Blackburn and Whittle, Pirate chockers, to win the closing game of the twin game series here 9 to 6 yesterday afternoon.

Volney (Satch) Hill, Plainsman pitcher, worked the entire game for the visitors.

Brothers Features
Orville (Buddy) Brothers, one hand outfielder for the Matadors, was the feature of the day in the hitting department as he cracked out three safeties in the three accented times at bat.

Many of the Matadors hits were for extra bases.

Immediately after the contest the Matadors started back to the South Plains completing a downstate tour in which they split with both Baylor and Southwestern Universities and the two games scheduled with the St. Edwards nine of Austin were rained out.

City League Meet Is Called Tonight

Plans for the 1928 Lubbock City League baseball will be discussed this evening at the Texas National Guard Armory, 1310 Avenue G, when the interested teams and individuals are requested to meet at eight o'clock for the discussion of the cup in general.

The election of officers will be held and a general round table discussion of the league will be made. All interested firms, or individuals who desire to gain entrance into the city loop should be present for the meeting or have a representative there.

PITCHING VET IS SIGNED BY HUBBERS' BOSS

RED HILL, SEASONED HURLER, JOINS FOR SEASON'S WORK

Red Hill, leading pitcher of the Texas Valley league last season, has reported to Bennie Brownlow, manager of the local entry in the West Texas circuit, and has joined the Hubber staff. Hill is the only experienced pitcher listed in the hurling roster of the locals.

With Laredo last season Hill's record, as was given out by the official baseball publication, was a percentage of 750 with 12 wins and 4 losses.

Sunday Exhibition
Bennie's candidates will be placed under fire for the first time this season Sunday afternoon when the Hale Center semi-professionals appear here for a nine inning engagement on the Merrill Park lot.

The local club directors plan to carry out a campaign for the biggest opening day attendance in the West Texas loop and hope to get the cooperation and support of the local fans in this drive. Although the Hubbers open the league season away from home the first league to be played here will count toward the prize that will be given by the league for the best attendance record in the loop.

Marathoners Near Oklahoma Capital

EL RENO, Okla. April 12 (AP)—The eighty-two runners and walkers heading the cross-country marathon caravan faced a 33-mile jaunt to Oklahoma City today with the marks of desert travel removed from clothing and equipment in readiness for reception by Gov. Henry S. Johnston.

Andrew Payne of Claremore, Okla., used the 37-mile lap from Bridgeport yesterday to slightly increase his lead over Peter Gavuzzi of Southampton, England. The Oklahoma man finished in 6:28:24 to retain leadership in elapsed time with a mark of 246:49:31. Gavuzzi needed six hours and 32 minutes, giving him a total of 248:19:30 for the 1,458 miles from Los Angeles.

'GHOST' DAY IS LUCK FOR TRIO OF CONDEMNED

THREE SENTENCED TO DIE FOR CRIMES GET REPRIEVES

(By Associated Press)
CHICAGO, April 13.—Friday the 13th, a favorite date for Illinois executions, has been cheated of three victims through court stays and a gubernatorial reprieve.
Charles Birger, southern Illinois gangster, convicted for the slaying of Mayor Joe Adams of West City, was one of those whose execution was to have taken place today but who lives on an insanity plea because of last minute intervention by a circuit judge at Benton. Dr. Amati Rongetti, believed to have been the first man sentenced to death on a murder charge based on abortion, also was saved from execution today because of court action.

Bella Is Reprived
Joseph Bella, who confessed slaying Mrs. Julia Flaherty of Danville, Ill., mother of seven children, was the third of the trio of convicted Illinois murderers for whom Friday the 13th of April had been fixed for death. Every preparation for his electrocution had been completed at the Chester state penitentiary when a reprieve until May 22 was issued by Governor Small. The reprieve was recommended by the board of pardons and paroles.
Had there been no intervention, Bella would have been the first man in Illinois to die in the electric chair. Birger would have been the last to hang, his conviction having come before the law replacing the gallows with the chair became effective.
Dr. Rongetti, Chicago physician, also under sentence to electrocution, execution of the sentence being held up until the state supreme court can rule on his appeal.

BATTERY PLANS 'BIG CARNIVAL IN CITY NEXT WEEK

Preparations are being completed for the benefit carnival which is to be staged by Battery "C" of the 131st Field Artillery here all next week presenting the J. George Loos shows, Capt. H. H. Griffith, commandant of the local corps said today.
The carnival is being sponsored by the battery in an effort to raise a battery fund in which to carry off the state honors at the regular camp of the organization this summer, Capt. Griffith said.
The carnival, comprising 30 cars, will be located in Acuff heights, just north of the city. Four hundred and fifty people comprise the organization which is considered the largest owned and operated carnival organization in the state holding regular winter-quarters at Laredo.
Featuring the attractions of the carnival will be a mammoth world war exhibit besides the varied-wooder exhibits.
The shows will be here all next week.

GERMAN FLIERS

(Continued from Page 1)
ing by Captain Barkhouse, of the Canadian government marine steamer Arras. Captain Barkhouse said it was too high to distinguish any markings, but he was sure it was the German plane Bremen.
He said several other persons saw and heard the plane.
Kingsport is on the west shore of Midas Basin, on the north coast of Nova Scotia, four miles from Canimung. It is a small point, is about 500 miles from New York in an air line.
Steamships of the Sealing fleet, operating 230 miles northeast of St. Johns, reported by radio today that they neither had seen nor heard anything of the German plane Bremen. The fleet covers an area of about 150 miles.

Patrol Boat Says Plane Not Sighted

NEW YORK, April 13 (AP)—The coast guard cutter Modoc, on patrol off Newfoundland radioed the Associated Press at 7 o'clock this morning that no sign of the German monoplane Bremen had been seen.
"Keeping bright lookout" the message read. "No news of plane. Weather now fine, clear with light north breeze. Sea is moderating from effects of yesterday's westerly blow."

Crowd Cheers When Sister Ship Lands

MITCHELL FIELD, N. Y., April 13 (AP)—A crowd of about 1,000 persons broke into cheers and rushed police-lines guarding the flying field this morning when a plane the watchers believed to be the trans-Atlantic Bremen swooped to ground.
The plane proved to be the Junkers C-38, sister ship of the Bremen arriving from Curtis Field, one mile away.
Crowds Gather Early
The crowds began gathering early and by eight o'clock the road along the edge of the field was crowded. The weather was perfect with sunny skies and a fresh westerly breeze.
The Bremen was not seriously expected for several hours, but the watchers scanned the skies ceaselessly.
Because of the fine weather a large crowd was anticipated at the field and 500 soldiers were assigned to police duty. Besides this fifty patrolmen of the Nassau county police and 24 motorcycle police were on duty.
Among the distinguished watchers to make an early appearance were acting German Consul General Gustave Heuser and Consul Eugene Klee, in charge of aeronautics for the German consulate.
The Junkers C-38 was piloted from Curtis Field by Fred Melchior, representing the Junkers firm in America.
Plan to Meet Bremen
Betha and Erhardt Junkers daughter and son of the manufacturer, were passengers and planned to go aloft to meet the Bremen if any word should be received that it was approaching.
The C-38 is owned by the German company and is the only Junkers kept in this country.
Eight automobiles arrived under police escort bearing Grover Whalen, representing Mayo Walker, and representatives of German and Irish societies and the Hamburg-American and North German Lloyd lines.

Mobley Is Weaker Report Today Says

J. B. Mobley, pioneer Lubbock citizen, was reported to be slightly weaker today from the serious illness which has confined him to his bed for the past several weeks, at his home, 1628 Main street. He lapsed from a slight recovery yesterday and was considered worse this afternoon.

Thought For Today

The thing is true according to the law of the Medes and Persians, which altereth not.—Daniel 6:12.

Law should be like death, which spares no one.—Montesquieu.

America's Business

A wealthy New York realtor returned from Europe the other day and remarked that he would not care to acquire any castles in Spain, charming as that country is.

For generations the castle in Spain has been the symbol of heart's desire. Mark Twain's famous Col. Mulberry Sellers, putting a light-hearted flourish in his empty coat sleeve to give the illusion of wealth, and talking of fried chickens and pate de foie gras as he dined on raw turnips and water spent all his time building one. His spirit roamed far afield, even though his body had to live in the most miserable poverty.

There is romance in Spanish castles—romance and beauty, and most American apartment houses sadly lack those qualities. Spanish castles are not utilitarian. American apartment houses are that and nothing else, usually. Yet we repeat the New York realtor's choice wisely.

For we live in a utilitarian hard-boiled age. Charm and beauty and leisure are not for us save in small doses. We have a genius for doing things—for building apartment houses, among other things—if we are wise we will stick to our meter.

Progress is a queer thing. It is not the architect who ultimately will give America its portion of beauty and color; it is not the beauty critic who will ultimately give America its leisure. It is the builder—the doer, the hard facts man, the business man.

We have made business our most honored calling and rightly so. Like it or not, America is that kind of country. The American who invests in Spanish castles is out of harmony with his time. The way to get them here is to work and forget about them; to build apartment houses, bridges, factories, office buildings or power plants. America's prizes go to the doers.

Later when our expansion is finished, when our building has been done, there will be time for Spanish castles. There is not now.

Citizenship

The Constitution Education association is doing a good work by fostering citizenship classes throughout the country. The aims of the move, as set forth in an association bulletin, are:

To develop a more enlightened public opinion; carry education beyond the school house door; diffuse education; perpetuate our institutions; preserve the constitution and keep the ideas of the founders dominant.

These are worthy aims. James Russell Lowell, the poet, once remarked that the American republic would endure so long as the ideas of the founders continue to be dominant. The association's campaign should help to preserve them.

Big Bill Mourns

William Hale Thompson of Chicago is grieved because the rest of the country thinks Chicago is a wide open town. He plans to hold a series of parades to prove that Chicago, after all, is really a respectable, law-abiding and tame city.

It is an excellent idea, worthy of the brain of a true statesman. We suggest for a leading float—a tableau showing a group of thugs banging the home of a politician who opposes the city administration with a figure of a mayor, at one side, resolutely looking the other way and tilting vigorously, with the ghost of his Britannic Majesty, King George the Third.

THE PLAINSMAN

That Girl on Broadway says her advice to women on the clothing question is 'don't give up the ship.'

The Plainsman notices in the latest edition of West Texas Today—official publication of the West Texas Chamber of Commerce—that the Women's Auxiliary to the Plainsman Chamber of Commerce has just closed its first year's work with a fine record.

While not as conversant with conditions in Plainville as he might be, The Plainsman will hazard a guess that the ladies there did a great deal of good for their community by their activities under the C. C. Auxiliary. And, judging from the report of their work in West Texas Today, their contribution to progress in the Hale county capital has been by no means an unimportant one.

The Plainsman has always wondered why such an auxiliary was not organized here. Lubbock's citizens of the feminine sex have always stood ready and willing to help out in civic matters and whenever they have been called upon they have responded efficiently and nobly.

That Man on Avenue Q says when it comes to raising children two company throes a crowd—and more than that is a whole darn reception!

The new telephone books are a credit to the city as well as to the Southwestern-Bell Telephone Company. They are twice as serviceable as the old kind—in addition to being way yonder more 'up town.'

Not so long ago the Southwestern-Bell Telephone Company printed all its telephone books printed at one central plant—that is, all of its Texas books. Prior to the decision many of the books were already being printed in the central plant but a few were being printed in small towns and newspaper shops in places where the books were to be used.

However, the telephone company finally convinced the printer that their plan was the logical plan and then increased advertising appropriations to sweeten the pot and the trouble was over. Just who was right in the argument is plainly visible. The Lubbock book bears it out.

The Avancee-Journal was not included in the Lubbock—not being in the job-printing business, and Lubbock's book was even then being printed in Dallas, so there can be no reason to take this change as a sign that the Lubbock commercial printing concern could not turn out just as good a product as the new book. But, in all fairness to the telephone company, The Plainsman does not believe that the smaller plants over the country could turn out as good a book as those now in circulation and as far as she is concerned he is glad to see the improvement in the directory not only because it enables the number-seeker to find his number fast but because it makes a better impression upon the stranger in the city.

The following notice recently appeared in the Richardson, Texas, Echo:

This week Charley Chick and C. C. Huffines are making an auto trip to West Texas, Lubbock and Yoakum counties being their objective. They are making the trip to look after some lands in which the local bank is interested with a view of leasing trading or selling the 2,500 acres of cactus and alkali.

Now there may be 2,500 acres of cactus and alkali in Yoakum county. The Plainsman doesn't know for sure about that. But as far as hooking Lubbock county up with alkali and cactus—even to the extent of our acre—went go. The editor of the Richardson Echo, Mr. Sam Harben—is secretary of the Texas Press association and if he is as careless in his association work as he is in his editing then Heaven help the association in addition to its gearworking of the well known poor working girl!

The Plainsman is getting quite tired of seeing Lubbock county—and the balance of West Texas and the South Plains placed in the wrong list whether it comes from ignorance or negligence. For the benefit of Mr. Harben and anyone else who might be mistaken, Lubbock county is not composed of alkali and cactus.

Big Bill Thompson, handsome and tall, Big Bill Thompson had a great fall. And all Big Bill's pistol. Can never make a hero of Big Bill, again!

George Remus, Cincinnati bootleg king, who killed his wife last fall and was found insane by a jury, has been found sane now and wants his liberty. Why all the delay?

Rodney Dutcher Writes Concerning The Platform Which Al Smith Is Pledged To Support; Says It's Not So Bad

IN NEW YORK SEE-SAWING and BOGARDWAY

NEW YORK, Apr. 13.—The rich little playboys of Broadway do not change much from generation to generation. The same train of scandals and gossip that attached to their counterparts in grandpa's day clings to the wayward millionaires' sons of today. Now and then one marries a chorine or a model. Or what is even worse, he doesn't. And then there's the breach of promise suit with all the love letters and hurried depositions for the tabloids. He leaves his money, his jewels and his reputation scattered in this resort and that.

Generally he's a terribly young person. He's been kicked out of college for some escapade and he's always on the verge of being ousted from home. He dresses well and spends more than he earns. He's got a hot sort of heart. He flatters himself on being a gay dog when more than likely he's being both stupid and a sap.

He's badly spoiled, both by life and by circumstances. His values are upside-down, largely because he hasn't learned to think—or count. He's generally either very sorry for himself or extremely proud of what he has done. He's got a hot sort of heart. He flatters himself on being a gay dog when more than likely he's being both stupid and a sap.

He becomes pretty much of a bore particularly when he's been drinking too much—which is most of the time. He's heard of the new party game of snogging and sees himself as just such a particular figure. He's determined to sow wild oats, come what may. Ofttimes he leaps the Broadway fences and sees careening over Europe. His exploits being recorded back home from time to time.

In short—it's the same old picture of the same old person. Each generation has had his deal with a Broadway generally has seen his highway.

His hang-out today, however, is the high class speakeasy of the night-club. His private harem are equipped by any one of the myriad bootleggers and his apartment becomes the scene of a typical modern day revel—orgies which, by the way, challenge any ever-back.

WALTER SULLIVAN, who spends his nights in the "white light" resorts for a theatrical publication, tells me he came upon one of this brotherhood of wealthy playboys the other morning. The rich kid, not realizing that he was talking to a reporter, told his real name. And it is a name so conjured with.

The youth, who admitted having been toper for a week or more, thanks to a quarrel with some chorine-sweetie, said that upon the previous morning he had been ejected from his father's house and "cut off" without a penny. He was engaged in celebrating this event, but had a secret notion that he could square things upon the morrow.

And there's the son of one of the richest business men in America who left his trail along the "white way" for a few months.

BROADWAY, of course, thrives on gossip about these rich playboys, mentioning each in a word and describing what will be the next chapter in his life. The Main Street neighbor, pass their gossip by the by.

WALTER WINCHELL tells me that the latest slang expression is to refer to a good girl as a "pre-war girl." CURBERT SWAN.

HE DOES THINGS

Eastland's county agent, J. C. Patterson, is proving himself to be a man who gets things done. Although he has been in the county for a comparatively short time, he has been successful in starting a program which undoubtedly will result in bringing greatly increased profits to the farmers of the county, provided they follow up his suggestions and expert advice.

It won't be long now until flowing milk pails will be the criterion of success of Eastland county farmers. They will have County Agent Patterson to thank for making them see the light.—Ranger Times.

There is no argument against the county farm agents any more, the prejudice has all died down, and the county agents have proved their worth wherever they have been placed, and there is a growing demand for them everywhere. Many counties in Texas would like to have them, and would be willing to pay well for their services if they could only get them.

The work that the agents are doing is showing wonderful results, and it is a good investment. The young farmers are reaping a great result by reason of the instructions they have received at the

WEST TEXAS: Tonight and Saturday generally fair except unsettled with probably snow flurries in the Panhandle; colder tonight in north portion, with temperature near freezing in the Panhandle; colder Saturday.

EAST TEXAS: Tonight unsettled, probably showers in northeast portion; colder in extreme northwest portion; Saturday generally fair in west, unsettled in east portion. Probably rain Saturday morning in east portion; colder in north and west portions; much colder Saturday night.

LOUISIANA: Tonight cloudy; somewhat warmer in east portion; Saturday unsettled, probably local rains, cooler in northwest portion by Saturday night.

Under this regime it is not really the association that governs, but the most insignificant minority that rules the majority. And again: It is not to be wondered at that a handful of adroit managers do all the work and nothing more than give expression to their will.

Imperialistic ventures against small nations are denounced, which is interesting for the fact that Smith will have to speak up on his opinion of our record in Nicaragua and Haiti. "Honest and effective enforcement of all law" as demanded by this platform will surely be echoed by Smith later on.

The demand for efforts for world peace, honest government, a fair deal for labor and a national policy for practical idealism are not exactly sensational, but the twelfth plank demanding conservation of water-power resources and a policy of watching vigilance with reference to the power trust" square with Smith's policy in New York and is one item on which the party might be divided, considering the numerous votes by southern senators against the Walsh resolution to investigate the "trusts."

Smith will elaborate on that program, but he probably won't go much further. He might make more enemies among Democrats—and he can't afford to make many more. Already he is assured of more enemies within his own party than any man who has been a candidate for the presidency for many years back.

Some hopeful optimists believe that small groups of powerful politicians who have dominated conventions in the past won't be able to dictate the party nominations only to disappear in the discussion of Europe, where news deaths are watching his every move. He's certain walk into some sort of trouble or removal before long, I am told.

When the light of a girl's life gets lit she feels awfully put out.

800 TREES MAY BE NEEDED FOR SCENIC HIGHWAY

(By Associated Press) HOUSTON, April 13.—Nearly 800 trees would be required to carry out the plan of the state highway commission to plant along the four-mile stretch of highway between the La Porte road and San Jacinto battle ground, one tree for every Texan engaged in that historic battle near Houston on April 21, 1836.

U.S.C.C. STANDS PAT IN DEMAND FOR TAX SLASH

PROPOSALS OUTLINED CALL FOR CUT OF \$394,000,000

(By Associated Press)
 WASHINGTON, April 13.—Standing pat on its program of tax reduction, the United States chamber of commerce, which came to grips with the administration on this subject early in the present session, presented its recommendations today to the senate finance committee.

Submitted by Felix M. McWhirter of Indianapolis, a member of the chamber's committee on federal taxation, the program calls for a total tax cut of \$394,000,000, more than \$100,000,000 higher than that recommended by the house and nearly \$200,000,000 above that now suggested as safe by the treasury.

The proposals, first submitted to the house ways and means committee last November, and now repeated, call for:

Reduction of the corporation income tax to not more than 10 per cent.

Repeal of the remaining war excise taxes on particular businesses.

Repeal of the federal inheritance tax.

The administration is in partial agreement with this program, but differs widely with the proposed cut in the corporation levy. It now favors a reduction from 13-1/2 to only 12 per cent. The house has proposed a 11-1/2 per cent rate.

No New Developments

Mr. McWhirter said that nothing had developed in the last four months to cause the chamber to change its position; that the recommendation of its membership at the beginning of the war for heavier and drastic taxation as "consistent with its position today for repeal of those war-time measures," and that it always had been an outstanding advocate of "property budgeting" procedure in the "normal operations of the government."

McWhirter took exception to official estimates on corporation returns and back taxes and said the chamber could prove that its recommendations for cuts in 1928 and 1929, if accepted, would still leave ample funds for statutory debt requirements and a 1929 year-end surplus in excess of \$229,000,000, or a \$69,000,000 surplus even under continued use on debt retirement of \$160,000,000 of foreign interest payments.

Exception also was taken to official estimates of receipts and expenditures for the last five years. McWhirter declaring that receipts invariably were underestimated and expenses over estimated.

SCHOLARSHIP IS BIG FACTOR IN SCHOOLS, CLAIM

Outlining the five essentials necessary to scholarship and then presenting statistics which expressed in a convincing manner the place of scholarships in our national life, Dr. O. H. Cooper, head of the department of education at Simmons university, Abilene, spoke to members of the Tech chapter of the Southern Scholarship society in a banquet at the Tech cafeteria last night.

It was the first annual meeting of the local chapter, about 75 students and faculty members being present.

Dr. Cooper's subject was "The Importance of Scholarships in Our Nation." He dwelt at length on its importance, stating that one-half of the nation's presidents have been members of Phi Beta Kappa, national honorary scholarship fraternity.

Origin and History

Dr. J. C. Granbery presented the origin and history of the State Scholarship society in a short talk while Dr. Paul W. Horn expressed his sentiments in stating "I feel as did Woodrow Wilson about scholarships. It is the main show of the college circus and other features are merely side shows."

In a short business session of the chapter, Miss Ruth Horn was accepted as a member. Entertainment features on the program consisted of vocal and violin solos by Prof. Edgar Shelton and Miss Margaret Haisell, accompanied by Miss Mary Hope Westbrook.

IDEAL WEATHER GREET'S SHANKS IN SOLO FLIGHT

(By Associated Press)
 ST. PAUL, Minn., April 13.—In his fourth attempt to establish a new endurance record, Gene Shank, 22-year old student aviator, had the advantage of ideal flying weather as he glided through the air over St. Paul today.

Shank took the air at 4:50 p. m. Thursday, in an effort to better the record of 12 hours, 38 minutes for light planes equipped with less than 100 horsepower. He is flying the 90 horsepower plane in which he made his previous attempt.

If he better this record, Shank plans to remain in the air in an attempt to better the 240 mark set by Col. Harry Lindbergh when he flew to Paris in 33 1/2 hours, and the world's endurance record of 83 hours and 36 minutes recently set by Halderman and Stinson.

"I certainly wish I'd thought twice before marrying you," snapped Wiley.

"I'd be satisfied if I'd thought just once," retorted Friend Hubby.

JARDINE RAPS FARM CHARGES IN HOOVER ROW

"USURP" CHARGES ARE BRANDED FALSE BY AGRICULTURE HEAD

(By Associated Press)
 WASHINGTON, April 13.—A strong defense of Secretary Hoover against charges that he has usurped some of the powers of the agriculture department and otherwise has worked to injure the farmer was made today by Secretary Jardine.

In a letter dated April 11, the agriculture secretary told Charles S. Wilson, former commissioner of agriculture of New York state, not a farmer at all, New York, that there is not the slightest essence of truth in these charges, and I would resent them if they were made with honest intentions.

Charges Envoiced

Mr. Wilson, under date of April 10, had written Jardine saying he had heard the charge made that Mr. Hoover, as secretary of commerce, has encroached upon the work of the department of agriculture and its other ways has hindered the interest of the farmer.

"It has been my feeling," Wilson said, "that these charges were made for ulterior motives, but I have come to the conclusion that the farmers of New York state and of the country at large are deserving of a frank statement from you, for these charges involve that branch of the federal government designed to render service to American agriculture."

Replying, Secretary Jardine said that he had "consistently refused to be drawn into a controversy on the ungrounded charges, because he fully understood the motives of the small group that has been responsible for making them."

Whole-Hearted Support

During the three years in which I have been secretary of agriculture I have enjoyed the whole-hearted and sympathetic support of Secretary Hoover in all matters pertaining to the administration of the department of agriculture, and his actions always have been in the interest of the department's work and of the American farmer. In fact, the record show that in many instances in which the work of the two departments was involved, he was actually partial to the department of agriculture.

TECH PHYSICS DEPARTMENT TO OFFER PROGRAM

Presenting some of the marvels performed through the application of the principles of the study of physics, members of the faculty of the department of physics will appear in their annual "Physics Show" at the college tonight.

Two distinct performances will be given from 8 o'clock to 8:50 and from 9 until 9:50 in room 230 of the administration building.

Included in the features of the show will be demonstrations of throwing a million volts of electricity through the human body; a vice talking through a flame, heating iron white hot by striking it in water, a moving picture of the human voice, boiling water by applying cold instead of heat, producing the famed northern lights, and various other physical applications.

George to Be In Charge

Dr. E. F. George, head of the department, will have charge of the show and will present his "physics orchestra," consisting of six performers on bottles, test tubes, and other physics laboratory equipment. Dr. George will be assisted by Dr. W. H. Abbott, Dr. W. M. Young and Prof. C. S. Mast and H. H. Hill.

The show is being given for the benefit of the public and no admission charge will be made, everybody being cordially invited, members of the department said today.

A similar show was presented by the department last year and more than 1,000 people witnessed the series of performances.

ALASKA DOUBTS WILKINS' WAKES TESTS ON TRIP

Reports of amateur operators that they had heard Captain George H. Wilkins' radio, and that he apparently was making test flights from Point Barrow, were discounted in Alaska last night.

The entire radio net of the signal corps in Alaska had been instructed to listen continuously for Wilkins' messages and his contemplated flight with Lieutenant Carl

Ben Elson over the top of the world. They reported hearing no word from the aviator-explorer for a week when he informed them he had been delayed by cloudy weather. Nor have they heard his plane in the air.

In event the explorers crashed in bergs on the other side of the north pole from their base, it would take at least 22 days for the news to reach here. The only other means of communication, besides Wilkins' radio, between Barrow and the outside is by a 400 mile overland journey by dog-team to Kotzebue.

MAXWELL HOUSE COFFEE
 It is pleasing more people than any other coffee ever offered for sale

JUST like choosing and mixing the ingredients for a new sauce—only far more difficult! So one noted cook has described the delicate art of coffee blending! Coffee added to coffee—taste joined with taste!

It was to create a flavor no single coffee grown could yield, that a southerner started years ago in the old South on his great work of blending.

A special shade of richness, a wonderful mingling of many coffees—this was what he finally perfected. Years ago his blend, Maxwell House Coffee, became the favorite of the great families of Dixie.

Today the full-bodied smoothness of this blend has swiftly made it by far the largest selling coffee in the entire country.

A new experience awaits you in the mellow bouquet and rich fragrance of Maxwell House Coffee.
