ROMANTIC OIL BETTER AGE COMING BIGGER THE BETTER SOME OTHER THINGS

Professor Compton of the University of Chicago, says that man is just beginning his career on earth, and our children 50,000 years from now will be as far ahead of us as we are far ahead of our ancestors of 50,000 years ago.

"These times are the ancient times, when the world is ancient," as Bacon said. At the same time they represent the babyhood of man. If we could see our descendants of 50,000 years hence we probably should scarcely recognized them as our own. And as for our descendants of a million and a hundred million years from now—science says the earth will last as long as that—they will probably be as unlike us as we are unlike so many rhinoceroses.

Anthony Bimba, editor of a Communist newpaper, to be tried for blasphemy under a law 229 years old, accusd of denying the existence of God. His lawyer will say that the constitution, which guarantees free speech, rules out the blasphemy charge.

Why not leave the case to the Ruler of the Universe, in whose omnipotence the vast majority believe. He has power to wither Mr. Bimba, as the barren fig tree was withered. But it is possible that omnipotence is not much interested in what Mr. Bimba believes.

The way to make foolishness, blasphemous or other, important, is to take it seriously.

The Government, fighting the National Food Products Corporation, complains that the plan is "to fight a tendency towards trusts, rather than to attack trusts already existing."

The battle against big business, which is the real name of the 'trust,' was fought and lost long ago.

Modern business, to succeed, must be big business. The Government's business, is to supervise big business and control it, not discourage it. No business in the United States is as big as it ought to be.

Congress devotes $34,000,000 to aircraft. Not enough, but better than nothing. And the total appropriation for the navy—$316,000,000!

The idiocy of that last figure is made clear by the fact that if war of modern kind should come the battleships would have to protect our billion's worth of ships floating on the water. Only submarines and flying machines would be of any value. In any real business, managed by competent business men, such trash as our battleships would have been scrapped long ago.

Even the prosaic oil business is Arctic. You know of the oil well in the Rockefellers have "brought it within the Artic Circle. It would cost fifty millions to run in a pipe line. But at least the Rockefellers know that there is an Artic reserve.

At Centura, on the Pacific Coast, the Shell Oil Company's docks were washed away. Its tankers could get no oil.

Associated Oil said: "Bring your ships here, we'll load them." Associated runs a pipe line half a mile out on the bottom of the sea, with a flexible pipe anchored at the dock and fills tanks, storm or no storm.

Nearby are wells driven down through the water, pumping up oil from below the Pacific. Submarinies some day will find much wealth for the mining prospector.

Professor Ross, sound thinker, of the University of Wisconsin, has hope for this troubled world. He is getting better, he says. A hundred years hence the average man will enjoy benefits of civilization "now enjoyed only by the most advanced people".

Religions are less violent in their hates than they used to be. The average length of life is increasing. Child welfare is considered more important than any particular detail in baptism or any squabble about the nature of the Trinity.

SENIOR PLAY ON MARCH 12

"ELOPEMENT OF ELLEN" WILL BE PRESENTED ON FRIDAY MARCH 12th

Practice on the 3-act comedy "The Elopement of Ellen," which is to be given by the Senior class, has been resumed after having been suspended for some time on account of the illness of their director, Miss Abramson and will be presented at the school auditorium, Friday night, March 12, at 8:00 P. M. Both the cast and director has worked diligently and deserve your support and cooperation.

Following is the cast of characters:

Richard Ford, a devoted young husband—Henry Hoghland

Molly, his wife—Alwayne Conley

Robert Shepard, Molly's brother—Phil Cartwright.

Max Ten Eych, a chum of Robert's—Carroll Dodd

Dorothy Marsh, engaged to Max, a guest of Mrs. Ford's—Marguerite Bardsley.

June Hanerhill, Wellesley '25, who is doing some special investigation for economics during the summer—Juanita Bales.

John Hume, Rector of St. Agnes—Dean Conner

Place—Pleasant Hill, a suburb of New York City.

Time—The present

Act I—morning room at Mrs. Ford's home at eight A. M.

Act II—corner of Mrs. Ford's garden, at 5 A. M., the next day.

Act III—The same corner in the evening of the same day.

The minstrel which is being gotten by the Home Ec girls and the High School orchestra and was announced to be given on March 12th, has been postponed and will be presented on Friday night, March 19.

BIRTHDAY PARTY

On Wednesday of last week, at the home of Mrs. B. B. Kent, a number of little folks gathered to celebrate the seventh birthday of Master Burley Lee Kent. Mrs. Kent, assisted by Mrs. D. D. Shanks and Miss Louise Garrett entertained the youngsters and all of them seemed to have a great time. After playing a number of indoor games, all were invited into the dining room where they were served with delicious punch and individual cakes. The center piece on the table was the birthday cake with seven candles. On their depature each of the little folks were presented with a popcorn ball and candy with a candle in it.

Those present were: Guy Allen, James Andrew Wilson, Augusta Mae Stark, William Stark, Leland Horne, Junior and Dean Blank, Cleo Callaway Virginia Correll, Virginia Rae Nelson, Joy Hergert, Luella McMillen, Winifred Bulter, James Edward Barbour, Orene Hergert, Minnie Gamel, Randall Jones, E. C. Carver, Elzia Kutch, J. T. Cropper, Vivian Rogers David Shanks,Jr., Williard Witt, Billie Fulton, Helen May, Jack Allen, R. H. Gamel, Burley Lee Kent, Loren Allen, Una Coffee and John O. Turner.

The Old Fashioned Mother, an interesting play, given by the Intermediate League of the M. E. Church was well presented and much credit is due both to the young folks taking part in the play and to Mrs. Huckabee under whose direction the performance was given.

Mr. and Mrs. W. B. LaMaster and Mr. and Mrs. J. M. Bull returned on Tuesday of this week from a two week's trip to Southern, Texas and old Mexico.

TIMES HAVE CHANGED By A. B. CHAPIN

EX-STUDENTS BANQUET AT CANADIAN

Several persons from Peryton who were formerly students of the University of Texas, attended a banquet of ex-students of this part of the Panhandle at Canadian last Saturday night. The object of the banquet was a reunion of former University students and the mission was was thoroughly fulfilled for all who were in attendance report an enjoyable time. An interesting program was rendered—two delegates from here taking part. Attorney Jack Allen gave the repsonse to the welcoming address and G. D. Minnick gave a talk on "The University of Today"

Those attending from Perryton were Mr. and Mrs. W. B. Irvin, Miss Virgie Richardson, Mrs. Mamie Powers, and Messrs. Jack Allen, G. D. Minnick and Stanley Key.

NOTICE! PATRONS OF SCHOOL

This is the month for the taking of the scholastic census and we ask that each parent or guardian see to it that your child or children are enumerated. It means money for our schools; least $12.00 for each pupil of the scholastic age (7 to 18.) If you have a family of 5 children who are of the scholastic age and they are overlooked, it means a loss of from $60.00 to $70.00 for our schools.

Blanks will be brought to you to be filled in, but if you should be over looked, phone either to Mrs. S. D. Johnson or to Supt. W. B. Irvin and you will be accomodating yourself and your school.

PAST WORTHY MATRONS ENTERTAIN

After the regular meeting of the Eastern Star on last Friday night, the Past Worthy Matrons entertained the members of the Chapter. A varied program was carried out which was enjoyed very much. The room was beautifully decorated in red, white and blue. Splendid cherry pie with whipped cream, cocoa and coffee finished off the program in a manner that pleased all who were fortunate enough to be there to partake, and left vowing to be there sure on the fourth Friday night in March to see if the Past Worthy Patrons are as good entertainers as the Matrons.

RABBIT DRIVE AT UNION

TO BE HELD ON WEDNESDAY, MARCH 9th AND WILL COVER 36 SQUARE MILES, 9 DRIVES TO MADE

While the Rabbit Drive staged in the Blue Mound district last week was highly successful and resulted in killing about 1,500 of these pests it has been decided to hold another such drive in Beaver county to further do away with these harmful nuisances. The next drive will be held in the Union district on Wednesday, March, 10th, commencing at 9:00 A. M. The men in that community have a fully organized group to make arrangements for the drive and make a detailed outline by which to conduct the drive.

A big barbeque dinner will be served at the school house at noon and those knowing anything about the characteristics of the folks of Union know that there will be plenty for all.

Elsewhere in this paper will be found an advertisement giving the details of the drive.

RABBIT DRIVE PROMOTERS TO MEET

We have been asked by T. W. Gray, president of the committee in charge of the Union Rabbit Drive, to announce that there will be another meeting of those inteested in the drive, at the Union School House, on Monday night, March 8th at 7:30. The purpose of this meeting is to finish all arrangements for the drive and get everything in readiness for the big event on Wednesday, March 10th.

INCOME TAX COLLECTOR TO BE HERE MARCH 8th

On Monday, March 8th, there will be a Deputy Income Tax Collector at the First National Bank in Perryton. He will assist all those desiring advice in making out their Income Tax reports.

Mr. and Mrs. T. H. Abbound, teachers in the Blue Mound school, were Saturday shoppers in Perryton

Dr. O. E. Blank and Ray Nelson were Liberal visitors on Tuesday of this week.

"OLIVER DAY" IN PERRYTON ON MARCH 9th

"Oliver Day," which in some places is an annual event, will be observed for the first time in Perryton on Tuesday, March 9th by the Panhandle, who carries the Oliver line of farm machinery and implements.

Essentially educational, the "Oliver Day" offers the farmer an unusual opportunity to get the facts concerning his equipment problems. The entire day will be devoted both to detailed, interesting and helpful discussions of agricultural topics, designed to help the farmer in very practical ways. The farmer themselves will exchange ideas and competent men representing the manufacturers of the equipment on display will be on hand to answer any questions that may arise. The implements will be attractively arranged and full information will be given as to the general and special uses of each.

W. D. Tenney, manager of the Panhandle Lumber Company here, says that the men who will be sent here by the Oliver people are experts in their line that you will be fully repaid for your time by the benefit that you will receive from this meeting.

Arrangement are being made to feed everyone attending this demonstration, so avail yourself of the hospitality of the Panhandle Lumber Company, on Tuesday March 9th.

A. L. DOWERS TAKES OVER PIERCE OIL STATION

A. L. Dowers, better known as Pat, is the new manager of the Pierce Oil Station, in Perryton, having accpeted that position upon the resignation of Jim Brown, who has been the manager here for the past several years. Mr. Dowers took charge last week and his brother, A. M. Dowers, from Beaver county is running the station and Pat is continuing his work at the city water and light plant.

COOKED FOOD SALE

The ladies of the Baptist W. M. U. will have a cooked food sale in the Landtro p Cafe, Saturday, March 6. The proceeds to be spent for new seats for the church. Come in and let us sell you something good for Sunday dinner. We will appreciate your patronage. —Reporter, Mrs. C

CO-OPERATION IN THE SCHOOLS

CARRYING CO-OPERATIVE EDUCATION TO PARENTS AND PUPILS

Under the leadership of E. N. Puckett and L. R. Conner a series of community meetings are being held at the different schools in the trade territory of Perryton. Splendid interest has been shown at Lone Tree and Blue Mound, with large attendance.

The aim of the meetings is education of the pupils in aiding them in writing in the Essay Contest which is under way with prizes for both High School and Grade pupils. The prizes are given for the winners of each school, and a final prize of $10.00 is given in each division for the best essay in the district. High School pupils are writing on "Co-operative Marketing of Farm Products," while the grade pupils have for a subject "The Most Successful Plan of Raising Baby Chicks to a Producing Bird."

The following speakers are on the program each afternoon and night. Mrs. C. C. Hoskins, of Gage, Oklahoma, speaks on Raising Baby Chicks. She is an expert in her line and thoroughly in love with her work. R. C. Young, of Amarillo, talks on Scientific Feeding of both stock and poultry. He is well informed in this line and brings to meeting valuable information for the pupil and the farmer in this line, realizing that the farmer faces the need for lowering the cost of production as well as to secure good prices for what he produce.

R. J. Cook, Instructor of Vocational Agriculture in the Perryton Schools discusses the "Effect of Co-operation in the Regulation of Production of Agricultural Products." Mr. Cook is enthusiastic in his support of Co-operative methods and realizes the need for it among the farmers of to-day, and especially so in the light of the instability of the prices he receives for what he produces.

J. L. Graham, Field Man of the Texas Wheat Growers Association, presents both the present speculative system of marketing and the Co operative Plan of Marketing of Farm Products, in an interesting, lively way. He is not afraid of having a little wholesome fun and devotes considerable time in telling stories on his co-workers, which seems to make a hit with the listeners. For instance, Mr. Cook, who is somewhat absent minded, at times, when he is deeply interested in some phase of his work, went home the other night and kissed his wife and said, "Now dear, I will dictate a letter to you."

In discussing Co-operative Marketing, Mr. Graham, who has had years of experience as a buyer of grain, and has given lots of effort to a careful study of co-operative methods brings a message so clear that his hearers get the thought, understand the plan and begin thinking for themselves when Mr. Graham insists is really the most vital need of to-day. He is insistent that he believes in the co-operative plan because it is morally right in principle, and holds up the moral side of the question continually, at the same time insisting that while it is better for the farmers themselves and proven better, no longer an experiment because it has been demonstrated by more than fourteen thousand successful co-operatives associations in America today according to Government Reports, it is also better for the Merchant, the Banker, the Manufacturer, everybody, because it means more money for all and while it stabilizes the price of the farmers produce, it also regulates the flow of wealth.

Meetings will be held as follows: Fairview School, March 3rd: Perryton School, March 4th; Balko School Mach 5th: Meetings at each place at 1:00 p. m. and 7:30 p. m. The meet of the general school meet of the ing at Balko will be held on the day County, with dinner on the ground, where a large attendance is expected and good time for all.

MRS. S. D. JOHNSTON RENDERS ORATION

It is through the courtesy of Mrs. S. D. Johnston that we print the following oration which was given by Mrs. Johnston, a member of our efficient school board, at the George Washington program, which was held in the School Auditorium on February 22nd. It is rich in literary value and also in thought and should inspire its readers to make a greater effort to obtain a higher degree of efficiency.

A Man of the Ages

Patriotic Americans all over our Nation today, pay tribute to the memory of the immortal Washington, who, as the smallest school child proudly tells you was "First in war, first in peace and first in the heart of his country men."

Like all true Americans, I revere and honor the memory of our 'first' and foremost President," the valiant leader of the young republic; but it is not of his many virtues, his matchless wisdom, unerring judgment and glorious achievements that I would speak to you this morning.

The man whose chaacter I seek to portray belonged to a far different, though no less worthy type. He whose praises I extol, was not the scion of a noble race, not the child of affluence and wealth, in whose ancestral halls culture and refinement had reigned for many generations. On the contrary, he was of humble origin; just a homely hero of the Kentucky hills; a man whose supreme struggle and sublime success should be an inspiration to every ambitious boy and girl.

God has done great things for our Nation, but he has given to our National life nothing of more inestimable value than Abraham Lincoln—that matchless "Man of the Ages," who, the poet tell us, was,

"Just a blend of mirth and sadness, smiles and tears;
A quaint knight-errant of the pioneers;
A homely hero of the star and sod;
A peasant-prince—the masterpiece of God."

The story of his life is a familar one. Born in an humble home, the abode of poverty and ignorance; reared in obscurity, in the "backwoods" of Kentucky and adjoining states, denied even the common comforts of life; deprived of those educational advantages that are the birth-right of every child; yet his grim determination, his rugged honesty, his relentless purpose and tireless effort, enabled him to triumph over every adverse circumstance, overcome every difficulty, surmount every obstacle and rise to the very highest pinnacle of Fame.

So completely can a life like his glorify even the meanest surroundings that today, that rude cabin home with its earthen floor, its mud-daubed walls and clap-board roof has become a shrine at which the great and wise of earth of proud to worship.

Think of a boy whose actual schooling was less than one year, whose entire library, collected at the cost of great sacrifice and toil, consisted of but a few volumes—the Bible, Pilgrim's Progress, Robinson Crusoe, Life of Washington, The Statutes of Indiana and a school histoy of the United States!

Compare his chance in life with yours, in this favored twentieth century, with its magnificent free schools, its many public libraries, its telegraphs and telephones, its thousand other advangtaes of which radios and daily newspapers, and a thousand other davantages of which Lincoln never even deamed.

Think of all this, and let the record of his achievements "fan into flame" the feeble spark of ambition that smolders in your own heart, and once it is aglow, let nothing quench its Holy Fire—with faith that "Right makes Might," make Lincoln's motto the guiding principle of your own life; "I am not bound to win, but I am bound to be true. I am not bound to succeed, but I am bound to live up to what light I hav.e I must stand with anybody that is right; stand with him as he is right, and part with him when he goes wrong."

Boys and girls, the thing that I I would impress upon you is this, you can do what you determine to do; you can be what you resolve to be, if only you will draw upon the divinity that is within you, for "Nothing is denied to well directed labor"—absolutely nothing is denied to labor well directed.

In conclusion I challenge you in the words of Dr. Marden, "The whole world, today is in search of another Washington, another Lincoln, and it is to the youth of this generation that we are looking for out of confusion, put humanity be-the great leader, who will bring orfore self or party, restore peace and harmony to distracted nations everywhere and once more lead civilization forward.

Young men, the eyes of the Nation are upon you, they are looking to you for a leader and I say to you this morning, get ready to answer the call.

Supremacy Maintained through Features which Established Ford Leadership

Left-Hand Drive
Originally introduced by Henry Ford on the Model T car in 1908 and since adopted for most American-made cars

Three Point Motor Suspension
First used by Henry Ford in 1903, and a feature of the Model T power plant for eighteen years

Dual Ignition System
Dual ignition is provided for Ford cars, (1) the Ford magneto and (2) the generator and storage battery. This has been a great factor in establishing the Ford reputation for reliability

Planetary Transmission
Costs more to build than the conventional sliding gear type but gives better light car control

Multiple Disc-in-oil Clutch
The multiple disc clutch is generally conceded to be the best and smoothest type for any car. The Ford clutch runs in oil

Thermo-Syphon Cooling System
Extremely simple—always efficient. No water pump to require packing. Circulation of water is governed entirely by engine temperature.

Simple, Dependable Lubrication
Exceedingly simple, combining the splash principle with gravity flow. No pump required

Torque Tube Drive
Henry Ford originated the Torque Tube in 1908—a driving principle now embodied in many of the highest priced cars.

"We have never lowered the quality of the car to reduce the price"

Ford

THE BROOMCORN SITUATION

A survey of the commercial production of broomcorn of the 1925 crop has just been completed by the Hay, Feed and Seed Division of the Bureau of Agricultural Economics. U. S. Department of Agriculture. The information compiled covers a marketing period from June 1 to December 31, 1925, and includes shipments storage and farm stocks of broomcorn as reflected by reports from rail road agents, farmers, bankers and dealers in broomcorn throughout the seven principal broomcorn producing States.

In releasing this report as of January 1 instead of June 1 as heretofore, it is hoped, to acquaint growers with the prevailing tonnage situation before the time for planting the new crop and to make available for comprehensive and collective study the various factors most likely to affect the marketing of broomcorn from now until the next crop is produced.

The following are the shipments, storage and farm stocks of broomcorn reported as of December 31,1925

OKLAHOMA—Shipments, Dwarf 626 Standard, 565; Storage, Dwarf 146 Standard 95; Farm Stocks, Dwarf, 132, Standard 45; Total Cars, Dwarf 904, Standard 705; Total Tons, Dwarf 9,944, Standard, 8,460; Less carryover 6-1-25, Dwarf 2,871, Standard 2,856; Commercial Production-Tons Dwarf 7,073, Standard 5,604, total 12,677

KANSAS—Shipments 274; Storage, 75; Farm Stocks 79; Total Cars, 428; Total Tons, 4,703; Less carryover 6-1-25, 1,853; Commercial Production Tons, 2,849.

COLORADO—Shipments 92; Storage 24; Farm Stocks 48; Total Cars 164; Total Tons 1,804; Less carry over 6-1-25, 484; Commercial Production Tons 1,320.

NEW MEXICO— Shipments 104; Storage 7; Farm Stocks 91; Total Cars, 202; Total Tons 2,222; Less carry over 6-1-25 297; Commercial Production-Tons 1,925.

TEXAS—Shipments, Dwarf 94 Standard, 16; Storage Dwarf 33, Standard 6; Farm Stocks, Dwarf 44, Standard 6; L.C.L. Dwarf, 10; Total Cars, Dwarf 181, Standard 28; Total Tons, Dwarf 1,991, Standard 336; Less carry over 6-1-25, Dwarf 781, Standard 264; Commercial Production-Tons, Dwarf 1,210, Standard 72, Total 1,282

MISSOURI—Shipments 42; Storage 5; Farm Stocks 45; L.C.L. 4; Total Cars 96; Total Tons 1,056; Less carry over 6-1-25, 693; Commercial Production-Tons 363.

ILLINOIS—Shipments 535; Storage 142; Farm Stocks 345; L.C.L. Shipts 98; Total Cars 1,120; Total Tons 12,320; Less carry over 6-1-25 3,476; Commercial Production-Tons, 8,844.

TOTALS—Shipments 2,348; Storage 533; Farm Stocks 835; L.C.L. Shipments 112; Total Cars 3,828; Total Tons 42,841; Less carry over 6-1-25 13,581; Commercial Production-Tons 29,260.

According to the above tabulations the 1925 commercial production of broomcorn for the seven principal broomcorn producing States is approximately 29,000 tons. This, together with the carryover on June 1, 1925, of approximately 52,000 tons, made available for consumption for the year ending June 1, 1926, something like 79,00 tons as against an annual consumption which, for the past few years, has been between 50,000 and 60,000 tons. With a normal broom business prevailing it may consistentiy be expected that on June 1, 1926, there will be a carryover of twenty to twenty-five thousand tons, or what promises to be a healthy and normal situation so far as the agricultural interests are concerned.

Since the consumption requirements of broomcorn for the year 1926 can be quite generally anticipated from an analysis of this report, it is felt that growers, in deciding upon a plant necessary to meet the expected tonage demand, should give careful consideration to the data here presented and avoid, if possible, a burdensome surplus such as resulted in 1923 and 1924.

TRUSTEE ELECTION

On April 3d, 1926, there will be a Trustee Election held in the Perryton Independent School District to elect four trustees to fill the vacancies caused by the expiration of the terms of B. L. Barnes, D. D. Taliaferro, A. C. Witt and W. B. LaMaster 5-4tc

L. S. Hobbs of Amarillo, was a business visitor in Perryton last week.

Strange Power of Mexican Mustang Liniment

Penetrates Through the Skin to the Bone—Drives Out Rheumatic Aches, Heals Cuts, Bruises and Sores

Sufferers from rheumatic aches and pains and those who are troubled with sore muscles or stiffened joints can get wonderful and quick relief through the use of a preparation known as Mexican Mustang Liniment. It seems to possess the magic power to penetrate through the surface of the skin, direct to the very bone and its action brings healing and quieting and a complete end to pain.

It is said the Mexican Mustang horses for its speed was kept in condition and joints limber and flexible by this same application. The almost magic effect of Mexican Mustang Liniment for human use to relieve pain and for healing cuts and bruises, makes it a very necessary home remedy. All druggists and wholesalers sell Mustang Liniment or can get it for you.

MARCH 22.1923

1,000,000

DECEMBER 16.1925

1,500,000

On March 22, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—the next half million in two years and nine months.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, within two years.

These bare figures tell a graphic story of Buick's continuous advance in public regard. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Better Buick.

Leadership* belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "finer transportation at lower cost", and Buick provides it!

*For eight consecutive years Buick has led, in volume of sales, all members of the National Automobile Chamber of Commerce.

Why you can depend on the performance of this

One Minute Washer

Pressed steel frame with drawn copper tub. Flexible, positive, silent drive. Genuing Timken Bearings used on main drive shaft together with carefully cut spiral gears. Entire driving assembly mounted in one unit. Occupies only 25 inches of floor space. Has instant detachable tub. Center drain. Large size, pliable balloon type rolls for the wringer, with instant safety release. Increased capacity. Instant reversible drain board. Aluminum top with enameled lid. Automobile baked enamel finish, easily cleaned. Will do the washing quicker, has fewer parts, takes up less room and makes less noise.

PLAINVIEW HARDWARE & FURNITURE COMPANY

New Method Quickly Banishes Heavy Coughs

Why be annoyed and weakened by persistent, strength-sapping coughing spells when you can, through a very simple treatment, quickly stop all irritation and very often banish the trouble entirely in 24 hours?

This treatment is based on the famous prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful at bed-time and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly removes the phlegm and congestion which are the *real cause* of night coughing. Thus, with the throat soothed and cleared, coughing stops quickly and you sleep all night undisturbed.

Dr. King's New Discovery is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists Ask for

HOME EC CLUB MEETING

The house was called to order by the president and the Lord's Prayer was repeated by members of the Club.

Speech, "Appropriate Dress" by Frankie Waters was very good and instructive.

Ukelele Duet by Frankie Waters and Roberta Murrell was enjoyed by all.

Reading, Mina Claire Jones, was good and instructed us on "Jacobs Lament."

Reading, "Some Little Bug Will Get You" by Katherine Shearer, was very appropriate to the occasion.

The roll was called and all were present but four.

We had much business to be voted on by the Club and new members to be considered. We selected colors and flowers for the class. The colors were rose and gray and the flowe was a white rose.

Those members added to the club were Aleene Ragsdale, Myrtle Murphy, Viola Lyns and Voilet Beardsley.

Refreshments were served by the Foods Class after which the Club adjourned.

CONSTITUTION FOR PERRYTON HOME ECONOMICS CLUBS

Article 1—NAME

The name of this organization shall be the Perryton Home Economics Club.

Article 2—OBJECT

Section 1 The objects of this organization shall be: to form a connecting link between the home and the school;

Section 2 To further interest in Home Economics;

Section 3 To train young women to be active and efficient leaders in home and community life;

Section4 To develop executive ability and social poise;

Section 5 To furnish an opportunity through organization for social life, such as programs, social gatherings, picnics.

Article 3—MEMBERSHIP

Section 1 Any girl in the high school who is taking the home economics course is eligible as an active member.

Section 2 Any girl may become a member of the club by asking for membership, by presenting her name or by making a written statement to the president.

Section 3 Any girl who has taken home economics or who has never taken it but is interested in the work of the Club may be either an active or associate member, depending upon the local situation.

Section 4 Honorary membership may be conferred upon faculty members or other persons not in school who show unusual interest in the society.

Section 5 New Members shall be elected by a majority of the club at the next meeting following the presentation of their names.

Section 6 A fee of 25c shall be charged those not taking home economics.

Article 4—OFFICERS

Section 1 The officers shall be a president, a vice-president, a secretary, a parliamentarian and an advisor, each of whom shall serve for one school year.

Section 2 Elections to fill vacancies shall be held at the earliest possible oppotunity and in rgeu ar manner.

Aritcle 5—DUTIES of OFFICERS

Section 1 It shall be the duty of the president to preside at all meetings, preserve order, and demand obedience to all rules. She shall call special meetings, authorize disbursements of all moneys and perform all other duties usually incident to the office.

Section 2 It shall be the duty of the vice-president to assist the president in all her duties and preside in her absence.

Section 3 It shall be the duty of the secretary to keep a written record of all regular meetings and a complete record of membership, and to call the roll at each meeting

Section 4 It shall be the duty of the treasurer to take charge and keep records of all moneys of the club and to pay out the same only upon order signed by the president. She shall submit a report at the end of each semester to the advisor.

Section 5 The parliamentarian corrects any error in procedure and interpret points of parliamentary usuage whenever occasion may arise, according to Robert's Rules of Order.

Article 6—MEETINGS

Section 1 The divisions of the club shall meet every two weeks and have a joint meeting once a month at the place and time designated by the president upon the approval of the advisor.

Section 2 The order of business at the reguar meetings shall be as follows:

1. Call to order by the president.
2 Roll call
3 Reading of minutes.
4 Program, including music, talks, discussions, etc.
5 Reports of committees
6 Proposals for members
7 General business
8 Adjournment

Section 3 Club shall meet first week in month and divisions second and fourth weeks. Club meetings shall be on Thursday afternoons at 4:00 o'clock P. M. and shall open with pep song.

Article 7—COMMITTEES

Section 1 The president shall appoint all committees with the help of the advisor.

Section 2 A program committee shall be appointed for each meeting at least two weeks in advance which, with the help of the advisor, shall attend to all arrangements for the meeting.

Article 8—ACTIVITIES

Section 1 The regular program for a meeting may consist of music, recitations, talks, essays, debates, etc. The public may be invited.

Section 2 The Club may arrange for joint meetings with other clubs, annual picnics, trips to places of home economic interest, and similar activities.

Article 9—AMENDMENTS

Section 1 This constitution may be amended by a two-thirds vote of the membership.

Article 10—BY-LAWS

Section 1 Such by-laws as are necessary for the work and development of the club in harmony with the spirit and purpose of this constitution may be adopted by the club at any time.

Section 2 No member shall have or hold two offices in the Home Economics Club at one time.

Section 3 Visitors shall be welcome at the club at any time.

Section 4 The Club may earn money to take care of its expenses.

A NICE "ALL-ROUND CHAMPIONSHIP" BANNER

Each teacher in he county will be sent some tage to sell for any amount from 1¢ up. This is to help pay for awards which will cost from $60.00 to $75.00. Patrons are urged to buy these tags and they will be worn only by constributors.

No charge will be made for any of the events but those who have tags will be known to have helped our meet to be a success. Help us! It takes money for all good things!

Miss Ruby Jane Simmons is absent from school as a result of the flu and a nervous breakdown. Her classes certainly miss her and hope her a rapid recovery.

FACULTY COMMENT

The faculty seems to have come in for it's part of the "flu", bad colds, etc. Three or four of the teachers have had a round of the epidemoc recently and were a little bit hard hit when it came to carrying n their regular wrk. However, most of them have 'toughed-it-out' and made the most of when it came to hanging on with their work. No school teacher is going to be sick on purpose—you canb et on that. They know better. The game is not worth the ammunition.

The 8-A Room put on the chapel program last Wednesday morning. There were several musical numbers and a talk by our postmaster, Mr. J. C. Beever, on the 'History and Growth of the U. S. Postal Service.' The talk was very much enjoyed by the students as it was different from most talks on such occasions and the postal service is one in which every individual regardless of age, sex, occupation, etc., is directly interested. We very much appreciate this courtesy on the part of Mr. Beever and ask him to return at some future time and give us further information on Uncle Sam's Postal System.

The Interscholastic League Meet is approaching and those who expect to enter the various contests are going through regular practice. It is hoped that our students will be able to bring home several first place prizes and put our school on top. The Inteschoolastic League Meet has put a better spirit into the schools over the state and aroused them to the point of school pride and enthusiasm.

Messrs. Irvin and Minnick were in Canadian last Saturday night to attend a banquet for the ex-students of the Texas University. This affair was had especially for the ex-students in this section of the Panhandle About thirty were reported in attendance.

The eleventh grade Engish has been making a study of the "narrative" for the last several days and will spend a few more lessons on this topic before leaving it. The new books which have recently been ordered for the library are coming in handy in this work and a full use of them is encouraged.

The school census is now being taken in this district and chidren who are within the ppoper age limits must be enrolled for the next school year. No child should be left out. Should there be any who are not reached within due time, th shoul be reported to the school. is important that no child should overlooked.

The report cards for the month went out last Tuesday. hope that the parents will take ful notice of these cads and not urge but insist on improve where necessary. The time is here when a number of the stu they pass on some of their work ae going to have to "dig it up student can do a good deal of within the next three months only will. He can redeem se low grades by good hard work student should be satisfied unles makes his grade. He ought to that much ambition and pride own work. It takes a little de what it takes o mak a real A "quitter" or a slacker will do much with school work. big game and it takes a big de nation to stay with it. Hence usually esay to get a very good as to how much energy and "g a boy or girl has by the way she does school work. Provid course, they are properly cla and have a fair chance fro start. The main trouble wit many students is that they f see what good school work mean to them in the future. apparently give this part of th ter little thought. Consequently often wake up too late in life worth much to themselves o one else. That's the pity whole thing.

OLIVER DAY

Your Day at *Our* Store!

Tuesday, March 9th, will be OLIVER DAY in Perryton, and you are cordially invited to be our guest on that day. Your friends are invited too, and you'l have a good chance to visit with them as long as you like. Come and meet them here. Let's all get better acquainted.

FREE LUNCH WILL BE SERVED AT NOON. BRING CUP AND SPOONS

It has always been our aim to render the farmers of this community a real service and we feel that thru this Oliver Day we can help you solve some of your farm problems. Oliver men will be on hand to answer questions and explain the uses of the full line of latest improved farm implements that we will have on display.

There will be no long talks, but the few words of those who will be on the program will be well worth hearing.

YOU SET THE PRICE

You'll admit that an opportunity to buy anything at your own price is unusual—especiallywhen the article in question is of great value to you in your farm business

We invite your attention particularly to the Oliver No. 38 Two-Row Lister that we now have on special display. Come in and see this implement, then let us have your sealed bid on a blank and in an envelope that we'll provide. Some one is going to get this Lister and save some money. YOU MAY BE THE LUCKY ONE!

Bids will be opened on Oliver Day. Be sure that we receive your bid in time and be with us when it is opened.

We hope to make this a day of interest, profit and pleasure to everyone present—COME and ENJOY YOURSELF

ELECTION NOTICE

THE STATE OF TEXAS
CITY OF PERRYTON
COUNTY OF OCHILTREE

WHEREAS, on the 9th day of Feb. 1926, a petition was presented to me by R. T. Correll, and 44 other persons of the City of Perryton, Texas, praying that an election be ordered to be held within said city for the purpose of submitting to a vote of the qualified voters therein the proposition of whether or not the Commissioner Form of Government shall be adopted; and

It appearing that said petition is signed by ten per cent of the qualified voters of said city; and,

It further appearing that on the 20th day of May, 1920, the said City was duly and legally incorporated as a city under the provisions of Chapter 1 Title 22, Revised Civil Statutes of Texas, of 1911, and being Chapter 1, Title 28 of the Revised Civil Statutes of 1925.

Therefore, I, F. P. Rogers in my capacity as Mayor of the city of Perryton, Texas, do hereby grant said petition, and do hereby order that an election be held at the Court House in the said city of Perryton, Texas, on the 6th day of April, 1926, for the purpose of determining whether or not the Commission Form of Government shall be adopted for said city in accordance with the provisions of Articles 1154 to 1164 inclusive, of Chapter 12, Title 28 Revised Civil Statutes of Texas, 1925. I hereby appoint J. L. Dodson and J. M. North, as clerks to assist in hoding said election.

Every person entitled to vote at any general election under the laws of the State of Texas, regulating general elections and is a qualified voter of said city, shall be allowed to vote.

The ballots to be used in said election shall have written or printed thereon "For Commission" and "Against Commission."

All voters favoring the adoption of the Cmmission Form of Government shall permit to remain on their ballots the words: "For Commission"

And those opposed to the adoption of the Commission Form a Government shall permit to remain on their ballot: "Against Commission."

The manner of holding said election shall be governed by the general laws of the State of Texas regulating general elections, except as otherwise provided by the Statutes hereniabove referred to.

And I do further hereby order that at the same time and place designated for holding the above election, in the same form and manner, and by the same election officers, election shall also be held for the purpose of electing two commissioners for the said city of Perrytn, Texas, as provided for the election of such commissioners by Article 1158 of Chapter 12, Revised Civil Statutes of Texas, 1925.

A copy of this order shall be sufficient notice of such election for thirty days notice of the time and place of holding the said election shall be given by publishing such notice in the Ochiltree County Herald, a newspaper published in the city of Perryton, and of general circulation, having been regularly and continuously published for more than one year prior to this date, in six weekly issues of said newspaper and the date of first publication of said notice shall be full thirty days prior to the day of election.

Witness my hand, and the seal of the city of Perryton, Texas, this the 15th day of February, 1926.

(Seal) F. P. Rogers, Mayor
City of Perryton, Texas

THE STATE OF TEXAS
CITY O FPERRYTON
COUNTY OF OCHILTREE

I, Abe Green, Secretary of the city of Perryton, Texas, do hereby certify that the above and foregoing is a a true and correct copy of an election order issued on the 15th day of February, 1926, by the Mayor of said City for the purpose of determining whether or not the Commission Form of Government shall be adopted for said city, which order is of record on page 189-190, Book One, minutes of the city council.

Witness my hand and seal of office at Perryton, Texas, this the 15th day of February, 1926.

UNION DISTRICT RABBIT DRIVE

All day Wednesday, March 10th. Beginning at 9 A. M. Everybody first come to the School house and register and get your card and number. At this point, before starting, every man will be assigned to the four different line Captains. Each Captain and all men assigned to him will maintain that same side in every and all drives made during the day.

The district is six Miles square, containing 36 square miles: to be divided into nine drives of four sections each, thus rounding up at center where roads cross. The line captains selected are: Harry Miller, East Line: Ed Pribble, South Line: J. W. Sims, West Line and Frank Bell, North Line.

Motor trucks are being arranged for, to transfer all men from one drive to the next drive throughout the day. Each truck and driver, after once being designated to a certai nside will thus continue to transfer the men of that same side, all day from one drive to the next, until the drive is finished.

Finley Arnott, has been chosen as General Field Captain who will ever be located, with his sad dle horse, at the corner of any and all drives, which is nearest to the School house. To him, will be directed all new recruits, arriving and registering from time to time, after the field drives are in progress.

New arrivals, after registering at the school house will be sent to the General Field Captain, bearing written instructions from the Secretary or the side to which they aredesignating chairman, assigned.

Should men from any part of the drive, decide to retire, he should notify and deliver his card to his Captain, who in turn will notify the General Field Captain, and he, the Secretary or Chairman who will endeaver to replace same by next recruits arriving.

All guns to be unloaded, at close of each drive, even before passing out of the field into the section line, and are not to be re-loaded until after entering the field of the new drive.

The card refered to, contains the school District Plat. and the nine different drives outlined in red. Also contains some rules and cautions to be observed by each one, as well as notation of shells used and rabblts killed by each.

C. E. Patteson and Harry Miller are in charge of arrangments for the eats, and J. W. Sims assurces us of plenty beef. No one need go hungry on that day.

PLENTY OF SHELLS WILL BE AVAILABLE ON GROUNDS.

T. W. GRAY, President GEO. S. SARGENT, Secretary

No Rifles are to be used.
No shells with shot larger then number 4
No Horses will be allowed.
No Dog allowed on premises.

Everybody Come!

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Ochiltree County—Greeting:

You are Hereby Commanded to summon the unknown heirs of Wiley B. D. Smith, S. R. Wren, if living, and if not, then his unknown heirs, L. R. Wren, if living and if not, his unknown heirs, I. Y. Chinski, if living, if not, his unknown heirs, J. Y. Chinski, if living and if not, his unknown heirs, by making publication of this Citation once each week for four sucessive weeks previous to the return hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the Thirty-first Judicial District, of Texas, but if there be no newspaper published in said Judicial District,, then in a newspaper published in the nearest Distict to said Thirty-first Judicial District, to appear at the next regular term of the District Court of Ochiltree County, to be holden at the Court House thereof in Perryton, Texas, on the fifth Monday in March A. D. 1926 the same being the 29th day of March A. D. 1926, then and there to answer a petition filed in said Court on the 24th day of February A. D. 1926, in a suit, numbered on the docket of said Court No. 616, wherein John M. Brown, and Annie E. Myers, Executors, of the Estate of John L. Brown, Deceased, duly qualified and acting as such, and, John M. Brown, Charles L. Brown, William T. Brown, Annie E. Myers, joined by her husband, Frank Myers; Mame F. Hibnes, joined by her husband, George Hibnes, and Arthur Carroll Brown, the heirs at law and only heirs at law of John L. Brown, Deceased and legatees under his will, are Plaintiffs, and the unknown heirs of Wiley B. D. Smith, S. R. Wren, if living and if not, then his unknown heirs; L. R. Wren, if living and if not, his unknown heirs, I. Y. Chinski, if living, and if not, his unknown heirs, J. Y. Chinski, if living and if not, his unknown heirs, are Defendants, and said petition alleging

That heretofore to-wit on the first day of January A. D. 1926, the Plaintiffs were lawfully seized and possessed of the tract of land hereinafter decribed, situated in the County of Ochiltree and State of Texas, known and described as hereinafter stated, holding the same in fee simple, that on the day and year last aforesaid, defenoants entered upon said premises and ejected Plaintiffs therefrom, and unlawfully witholds from Plaintiffs the possession thereof to their damage $10,000.00; that the premises so entered upon and so unlawfully withheld by defendants from plaintiffs are described as follows:

415 1-8 acres of land, being subdivision No. 4, of 3-4ths of league of land patented to Wiley B. D. Smith, his heirs or assigns, on the 20th day of August, 1877, patent No. 290, Vol. No. 22, duplicate certificate H R. No. 32-153, as follows:

Beginning at the S. W. Corner of the W. B. D. Smith 3-4 league Survey; thence North 1086 varas to three pits and earth mound in the West line of said Smith Survey; Thence East 2172 vrs to three pits and earth mound; Thence South 1086 vrs to three pits and earth mound in South line of said Smith Survey; Thence West 2172 vrs to place of beginning:

Plaintiffs further say that they, and those whose title they have and whose estate they have, claiming said land under deed duy registered, have had peaceable and adverse possession of the said land and tenements claiming, cultivating, using and enjoying the same, and payig all taxes due thereon for a period of more than five years next before the commencement of this suit;

Wherefore plaintiffs pray that the defendants be cited as the law directs to answer this petition, and that plaintiffs have judgment for the restitution of the above described premises, for damages, cost of suit and for such other and further relief as they may show themselves entitled to.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Perryton, Texas, this, the 24th day of February, A. D. 1926.

(Seal) Dave Shanks, Clerk
District Court, Ochiltree County.

Utah Avalanche Buries Village!

A huge snow slide claimed forty lives when it swept down upon Sap Gulch, a small mining village near Bingham, Utah. Two boarding houses and seventeen other dwellings were buried beneath tons of snow. Fire added to the horror of the catastrophe, when overturned stoves ignited the wreckage.

Here's help for every man, woman and child

EVERY one who has any writing to do needs a Remington Portable—the little machine that makes all writing swift and easy.

The New Remington Portable is built to supply every requirement of personal service. It is the lightest and most compact portable machine with standard keyboard. Complete in every feature, with the longest writing line of any portable, and accommodating the standard long envelope; yet so small and handy you can carry it and use it anywhere. Its outstanding merits are strength, durability, speed, simplicity of operation, complete visibility of writing, and surpassing beauty of work.

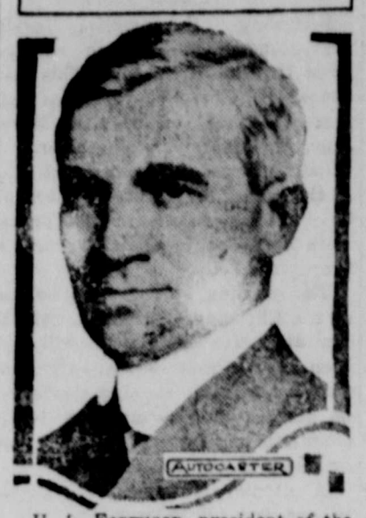

Call in and let us show you this machine. One demonstration will convince you that in general efficiency it has no rival.

Price, complete with case, $60

RRYTON GIRLS MEET ASHLAND AT TOURNAMENT

ur girls played the girls basket team of Ashland High School he tournament last Friday at o'clock.

is reported that the Ashland l girls were very tall, in fact it aid that Aline thought she was ll girl but when she faced the land center it dawned upon her she wasn't so tall after all. Dee the fact that Perryton girls e at a disadvantage they fought to the end.

During the first quarter the Ashland team made seven points and Perryton none. In the second quarter our girls whipped up and made ten points while Ashland only made nine Our girls made fifteen points and the Ashland team made nineteen in the third quarter.

When time was called the score was 17-23 in Ashlands favor. Our girls had failed in score but not in attempt.

Quite a number of Perryton people was present. Some of them were Mrs. Records, Mrs. Hood, Leon Shrader, Charley Kent, Mr. and Mrs. Jenny, Henry Richardson, Jack Todd, Jerald Jones, Ralph Shrader, Eugene Wilson, Walton Wilson, Mattie Maud Guthrie, Alwayne Conley, Fern Leatherman, Virbie Conley, Mrs. Ragsdale and Mrs. Whippo, the Chaperons, Esse Todd, Cecil Burgess, Mr. C. R. Nelson, the coach and players.

The Home Economics girls have added a picture and several potted plants to the decorations of their cottage.

Miss Abramson returned to school Monday after several days absence. While at Amarilo on a visit, she took the flu so was detained longer than she expected to be.

H. S. PLAY ON MARCH 12th

Miss Abramson will present a cast of High School Pupils in a very well gotten up play at the Auditorium, Friday night, March 12th at 8 o'clock

The play is for the benefit of the High School Annual the "Ranger"

Another splendid entertainment will be given on March 19th. It will be a joint program of the Home Economics Girls and the School Orchestra. The program will be given for benefit of these two departments and will be under the direction of Mr. Hyde and Miss Simmons.

ALFALFA ITEMS

(Too late for last week)

Mrs. Carl Freeman has two hundred baby chicks.

Charley Dutcher, our road overseer, was out Friday clearing the lanes of the snow.

The school children had their Valentine box on Monday of last week. They enjoyed it very much and every one got plenty of Valentines.

J. R. Tipps was quite sick for awhile but is about recovered now.

Coy Merydith was a visitor in the Moore home Sunday evening.

Mr. Callahan, who traded for Mr Drake's place was at the place last week.

Dell Taliferro and daughter, Miss Faye, visited at George Jackson's recently.

The storm caused very few cattle losses, but if it had continued for twenty four hours, the loss might have been heavy. Most of the cattle in this neighbohood are in excellent condition.

W. E. Merydith received a letter recently from Theo. Jockson stating that a Tulsa outfit will take up the oil proposition here and will be in the vicinity by the last of this week. It is time something was started as the extension of time on the leases closes April 1. It looks like a sure thing this time.

The community was deeply grieved, last week, to hear of the death of Mr. J. Cook, on Feb. 8, at his home in Prarie Grove, Arkansas. Mr. Cook or "Uncle Jesse" as he was called by many, lived in this community twenty-five years, leaving four years ago for Arkansas. He was known all over Ochiltree County, having served as Commissioner for several terms. He took a prominent part in the school affairs being trustee for a number of years. The Alfalfa post office was in his home for awhile. He died at the age of 82. Burial was in the National cemetery at Fayettville, Ark. The widow and two daughters left to mourn his loss, have the sympathy of their friends all over the county and especially of those in this community where he was one of us for so many years.

B. L. Drake was in town again all last week continuing his medical treatment.

UNION 68

A prize was offered to the one in the second grade that would get the most words from the name George Washington. Cody Harris received the prize as he found 400.

Monday, the 22nd, found the Primary room very patriotic, all wearing little hatchets made from the beautiful red, white, and blue.

We are glad to have Opal and Eva Smith with us in school again

The advanced grades have been taking examinations for the last few days.

The seventh grade has been making booklets on a country of Asia.

The Eighth Grade has been studying. and find it very easy.

High School—

The English IV. class and the History II. and III. class are finding that their personal reports are proving to be very satisfactory.

The English I. class will read as their next classic, "The Merchant of Venice"

The science class is now giving oral reports

Both the boys and girls basket ball teams will attend the Basket ball Tournament at Forgan, March 12th and 13th.

The Latin I. class is progressing nicely. We don't feel as though we will have to do double work this semester to get through, as we have accomplished at least 2-3 of our work The exams are over and we begin once more with hard work staring us in the face.

A number of the boys and girls from Union attended or attempted to attend the finals at Liberal Basket Ball Tournament. Some were turned away as the large crowd could not all get inside the gymnasium.

Zora Gray, Jenetta Brown, Dewitt Harris, and Roy Miller are absent from school today. (Monday)

People have heard many times that they do not do as well as they ought or know. They have been told that better living means happier living. They give their ascent but make no change. One man averages 100 bushels of corn per acre; the man across the way gets 30 bushels. Still he goes on in the same old bum way.

Improved methods in school are kown to produce much better results but can not be introduced. Why? Indifference on the pat of the public.

We would rather die infested in moral vermine rather than get out of a rut. Usually we are so filled with prejudices that if we get out of a rut we act so much the same that we might just as well stay in.

The Union Boys High School Basket Ball Team motored to Knowles, Tursday. Here they played a very interesting game of basketball. Knowles was victorians. They than played a game with Gate. Gate being victorious.

There will be a rabbit drive in thi district March 10.

RURAL SCHOOL TOURNAMENTS

The rural schools of this county held a basket ball tournament in the gymnasium on Saturday, February 20. It shoud begun on the 19th, bu the roads were so bad that it was delayed until Saturday at 1:30 P. M. Some schools did not come even then on account of bad roads.

The Senior boys played first. Farnsworth lost to Lone Tree by one point after playing two five-minute extensions to remove a tie. Huntoon won from Ochiltree. A Lone Tree player took sick and this caused them to forfeit the finals to Huntoon.

The Farnsworth girls won from the Lone Tree girls 18 to 13.

At night the Perryton seventh grade Junior boys won from the Lone Tree Juniors 14 to 4. The Huntoon community team also defeated the Farnsworth community team 12

Woman has rapidly come to the fore in all lines of endeavor, but these three girls have made the world sit up and take notice by achieving the pinnacle of success while still in their teens. The sport world worships at the feet of Helen Wills, (center) America's youthful tennis queen; rises to its feet to acclaim Marion Talley, (left) whose triumphant debut at the Metropolitan makes her a star of the first magnitude. Gene Goldman demonstrates the ability of her sex to earn money instead of spending it, by amassing a million dollars selling Chicago real estate.

WAWAKA NEWS

Last Friday we closed our basket ball season with a hard fought game with Spearman. During the first quarter neither side scored. In the second quarter Wawaka made two points, making the score 2 to 0. This score stood all through the third quarter and until the last minute of the last half when Spearman scored making a tie of 2 to 2. Not wishing to let the tie stand, we played five minutes longer, in which Spearman scored. The game closed with a score of 2 to 4, in favor of Spearman. We have enjoyed playing with Spearman very much. They have shown themselves to be good sports men and keen competitors.

Rev. Wheeler, pastor of the M. E. church at Spearman delivered a very good sermon at Wawaka Sunday. He will be with us every fourth Sunday afternoon in the future.

Saturday evening, a party of friends met at the A. F. Cook home, and went from there to the home of J. C. Mills, where they took the family by surprise. Games were played, songs were sung, and about 10:30 refreshments were seved. Everyone declared they had a very good time.

Harey Ellege and Rae Burger returned Monday night from Vernon, Texas.

Monday night a candy party was given for Hershel, Leonard, Fern and J. V. Mills at the Bud Barnes' home. Games were played and refreshments of home-made candy, peaches and cake were served. Every one enjoyed the party very much.

Mrs. Rae Burger spent Sunday in the home of her sister, Mrs. H. N. Elledge.

W. A. Robertson and daughters, Miss Gertrude and Mrs. W. A. Reed spent Sunday in the J. P. Robertson home.

R. E. Carley, Walter Elledge and John Robert Stump spent Sunday with Walter Penninger.

Misses Clara McDougal and Pauline Shifflett and Mrs. Mamie Powers attended singing at Farnsworth Sunday evening.

Mr. and Mrs. J. V. Mills and family are leaving this week for Dumas when they will make their future home.

Edwards' Toggery

BOOTLEGGER MAN

Oh! Bootlegger Man hear that awful cry
Of a dying man's soul as it rushes by.
Oh! Bootlegger Man if you only knew
This awful hell you've sent me to,
That poison stuff you would not make,
More lives to ruin, more hearts to break

Oftimes I've quit drinking and prayed to be good,
If it hadn't been made I'm sure that I would
For I did not hunt you, but you hunted me,
But this awful end you could not see,
You've caused me to die this death of shame
For the loss of my soul, you must share the blame.

You are breaking the law, are taking men's lives
You are robbing their children, their mothers and wives
The money you are making would be counted but dross
Compared with the price of one soul that's lost.
Beware! Oh, beware! Hear this warning cry!
The time is surely coming when you too, must die.

Not all of you have a cruel heart
For the greed of gold you play the part.
But gold will rust and silver will fly
But a man's soul with never die.
Make haste! Choose today which place it shall be
For your soul to spend Eternity.

—Mrs. Harve Wilson

Cow Testing Associations Invaluable Aid to Milk Production

Elimination of non-productive cows from milk herds increases net profits.

Getting more milk from fewer cows is the aim of the cow testing association. Hundreds of cases have demonstrated in a most striking manner that the weeding out of non-productive milk cows and better care for the producing members of the milk herd pay big dividends.

This point was strongly stressed in an exhibit at the International Dairy Exposition held at Indianapolis last October. An actual instance was given which disclosed the following facts.

A milk producer had a herd of six milk cows producing 27,000 pounds of milk annually. He joined a cow testing association. The first step taken was to weed out the non-productive cows, that is, those cows yielding insufficient milk to net a profitable income over and above feed cost.

The weeding out process left only four cows in the milk herd. But these remaining cows were fed according to their individual requirements. No sanitary or beneficial feeding measure was neglected. During stabling months, they were given plenty of clean bedding; stables were kept clean; the long hair on flanks and udders were kept clipped. The cows were brushed or wiped with a damp cloth before each milking. Utensils were sterilized. The stable was well ventilated and plenty of clean, pure water was given the cows.

A year from the time the member joined the association, his herd showed an increase in milk to more than 28,000 pounds from the same cows as compared to 27,000 pounds from six cows prior to this period. There was more than a corresponding increase in butterfat.

The cow testing association consists of about twenty-six farmers who co-operate and employ a trained tester to test their cows for economical production of milk and butterfat. The tester spends one day a month on each farm and obtains a complete record of each cow's milk and butterfat production, feed consumed, feed cost, growth, and income, and income over feed.

The first cow testing association in the United States was that organized at Newaygo County, Michigan, in 1905. Since then, there has been a fairly constant growth until 1925 shows a tally of 732 cow testing associations with excellent prospects of the number doubling within the next three years.

Your Dream House Is Here

Let us aid you, our practical suggestions guided by years of experience in home building, plan a home that will be within your means, yet that will also be the home of your dreams.
