New Deal Election Favors Change To Independent District

Qualified voters of New Deal common school district No. 3 voted 36 to 22 Saturday for incorporation into an independent district, and re-elected the board of trustees.

The new status will involve the same territory as that encompassed by the old district, which comprises 113 sections.

Proponents of the independent district said the change would bring several benefits. The district would have centralized control in being free of direction from the county school system, and would be favored in the tax set-up, they said for example.

When the change becomes effective, New Deal will be the third independent district in the county, the others being Lubbock and Slaton.

Re-elected as trustees were Troy T. Edwards, B. B. Christy, B. E. Attebury, R. E. Myers, J. W. (Bill) Vanstory, G. G. Flinn and Earl Worthan. Other names on the ballot were those of Vernon Bartlett and C. S. Wales. P. E. Crosnoe received one write-in vote.

Charlie Fortenberry was presiding officer of the election.

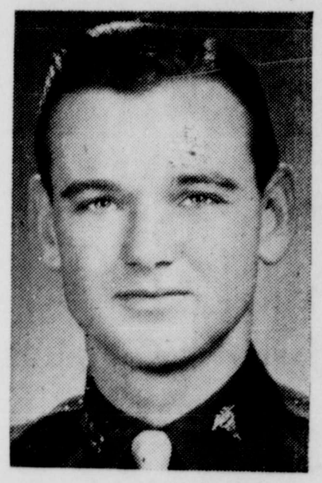
MEMORIAL SERVICE SET SUNDAY FOR MARINE PRIVATE THOMAS M. HOOD, KILLED EARLY IN IWO JIMA CAMPAIGN

Memorial service is scheduled for 4 p. m., Sunday, June 10, at Abernathy First Methodist church for Marine Private Tommy Hood, 20, who died on Iwo Jima. He was the son of Mr. and Mrs. M. O. Hood of Abernathy.

He was buried in the Fourth Marine Division Cemetery, Row 38, and Grave 1871, on Iwo Jima.

Thomas Milton Hood was born May 7, 1924, at Speegleville, Texas. He was converted and joined the Methodist church April 3, 1932. Rev. C. M. Cochran was then his pastor.

His school career started at Rule, and then Dublin, Rising Star, Patton Springs where he finished the grammar school. He had all his high school at Abernathy, finishing in 1941. He attended John Tarleton colleege at Stephenville and A. and M. college, almost getting his D. V. M. degree. While at A. and M., he trained with the Army Specialized Training Unit in the infantry of the Medical corps. In June, 1944, he resigned from the army and received his discharge and immediately joined the United States Marine Corps. After a brief training he was assigned to a replacement camp. He went overseas in November and was stationed at Guam. On March 1, 1945, he landed on Iwo Jima and went into combat March 2. The date of his death has not been established, but from accounts received from officers and his buddies, it must have been the morning of the 7th, making him 20 years and 10 months old.



Pvt. Tommy Hood

Many Letters Received

The Hood family received about 100 letters following the announcement of Tommy's death. Reproduced here are five of the letters. One is from his Regimental Commander, two are from Tommy's former high school teachers who are now in service and the other two are from local boys, also in service.

Dear Mrs. Hood, It is with deep regret that I extend to you the condolences of the officers and men of the Ninth Marines on the loss of your son, Private Thomas Milton Hood . . . As his Regimental Commander, I desire to extend my personal heart-felt sympathy in your great loss. While serving under my command, Private Hood performed his duties in a most commendable manner and was highly thought of by his officers and comrades in arms . . . In your bereavement, I hope that you may be comforted by the knowledge that your son died honorably in the service of his country. Very sincerely yours, Howard N. Kenyon, Colonel, USMC, Headquarters, Ninth Marines, 3d Marine Division, % Fleet Post Office, San Francisco, Calif. 28 April 1945.

Dear Mr. and Mrs. Hood, In an Abernathy Review just forwarded to me here, I've learned of Tommy's death on Iwo Jima. I realize that no words can ease the pain you feel now, but I want you to know you have my deepest sympathy in your loss. You and Abernathy have lost a boy who had every possibility of a wonderful future. Tommy was a student of mine and I know . . . My youngest brother was with the 5th Marines on Iwo Jima, so I know the anxiety you've gone through. Dan was one of the lucky ones, 'though, and came thru unharmed. He's still there now on guard duty on the beach . . . I am now with the Navat Air Transport Service as an air transport officer and find the work very interesting. I've been very fortunate by having good assignments ever since I've been in the navy . . . My most heartfelt sympathy to you both in your sorrow. Let us hope the peace our finest boys have fought and died for may be maintained in honor. Sincerely, Margaret Carver.

Mr. M. O. Hood, Abenrathy, Tex., Dear Mr. Hood: I have just received the copy of the Abernathy paper carrying the news of Tommy's death on Iwo Jima. At a time like this, I know that words are very inadequate, but I want to extend to you and your family my sincere and heartfelt sympathy . . . Tommy was one the best and most likeable boys I had ever known. He had a smile and a kind word for everyone, and in all the time I was associated with him, I never saw him get mad, or use even the slightest "cuss" word. His character was of the highest type. He was very dependable in everything, and was respected by all who knew him. He was a good sport, a clean player in athletics, one who played hard and did his best . . . I know he made as good a soldier as he made a pupil and football player for me. His loss is indeed great, but I know he died giving his best to God, to his country, and to you . . . May God comfort you in this hour is my earnest prayer, Your friend, Lt. Sam H. Davis, 2539th AAF BU, Sec. C, Foster Field, Tex. April 20.

Dear Mr and Mrs. Hood: Today I received a letter from home telling of Tommie's death on Iwo Jima. I can't put into words how sorry I was to hear this news. Tommy was one of the first fellows I met upon my arrival at Abernathy, and since that time he has been my best buddy. I knew him well and found him to be the best of sports . . . I know it hit you folks very hard. I also know you have faith in the right person and through him we can resolve that Tommy has left this cold world and gone on to a better one . . . As for myself: I am now in England and find it to be a very beautiful and interesting country and totally at war . . . Please accept my sympathies as they are simply expressed in this letter. Sincerely, Joe. (Sgt. Joe G. Nix)

France, April 20, 1945.

Dear Mrs. Hood, I read just now of your loss. What my heart feels, I must say . . . Tommy was my best friend. For many years we were like brothers, living, fighting, and loving together. Those times were the happiest times of my life. I have lost a dear friend . . . I cannot express my sorrow and my sympathy. He lived an American boy; he died as he lived, a hero . . . You have given God and this country the greatest sacrifice, your son. He is gone, but we will meet again at the gates of Heaven . . . There is nothing I, or anyone else, can do, or say, to lift the burden from your heart, or the hearts of countless other mothers, but I will take up the fight where he left off, and God willing, win what he wished to win for the world . . . If there is any way I can be of comfort or service do not hesitate to tell me . . . I must close now for it is growing dark, but I want you to know that I personally am fighting for Tommy, my best friend and pal. In sincere sympathy, Bobby Hurst.

CHANGE Mobiloil *REGULARLY*
When moisture from burning gasoline condenses in an automobile engine, most of it goes out the exhaust, but there's still a lot of it left to seep into the motor oil and thin it out. And thinned-out oil will not provide the proper lubricating film between moving parts of the motor, causing greater friction and wear. Come in and let us change the oil to pure, fresh Mobiloil today, for better and longer engine performance.

The Mighty 7th War Loan Is On

NEW DEAL DISTRICT MUST BUY MORE THAN $54,000.00 IN WAR BONDS IN THE MIGHTY 7TH WAR LOAN!

Lubbock County's Series E Bond Quota is $1,700,000.00, and the Over-All Quota is $4,540,000.00

How Long Will It Take to Beat JAPAN?

Hale County's "E" Bond Quota in 7th War Loan: $585,000.00!

ABERNATHY'S "E" BOND QUOTA IS $94,000.00, AND OUR OVERALL QUOTA IS $134,000.00!

County's Quota In All Type Bonds: $1,040,000!

One Year? Three Years? Five? Read This Statement From Our Government For An Answer . . .

—In spite of Midway, Bougainville, Tarawa, Saipan, Leyte, Manila, Iwo Jima, Okinawa, and all the other American victories, Japan now controls an area and population far greater than the United States, and with many natural resources greater than ours!

—Japan's home islands are industrialized and organized to the last rivet, the last kilowatt of power, the last pair of human hands.

—Japan can put in the field over four million trained and battle hardened troops, many with ten years of war behind them. This force is twice as large as all the German armies which defended France, the low countries and the Western Front of the Reich against the combined armies of the U. S., Britain, Canada and the Free French.

—Back of these soldiers are more than 70 million civilians on the Jap home front, firmly indoctrinated in emperor worship—every man, woman and child eager and ready to die for the man they believe is a god.

—Japan is fighting on interior lines. It's true that its fleet s now much smaller than ours. But never forget that the U. S. navy has a bigger job to do than the foe . . . Japan claims (and no thinking person doubts it) they are prepared to sacrifice 10 million men to hold their empire. To the Japanese, life is cheap. The emperor and the state mean everything—the individual—nothing!

—If the war were to end tomorrow, Japan would put her seal on a conquest greater than Napoleon's

—"But," you say, "the war with Japan won't end tomorrow."

—What about it? Will it end tomorrow, or next month, or next year, for you?

—Had you thought about slackening up on your job, slow down on bond buying, have more fun, boost inflation with free and easy spending, ease up generally in all things your nation asks you to do to win a war

?????

—Before you do, remember that many a gallant American boy, now vibrant with the breath of life, will die at the hands of the Japs.

—How many? . . . Thousands? Certainly! Hundreds of thousands? It's possible!

—Well, how many?

—THAT'S UP TO YOU!

—Let's FINISH this FIGHT — FAST!

THANK YOU . . .
. . . for your business, and for your kind understanding of our wartime service problems.
As you know, when cars grow older, more service is required. Repair parts have been scarce. We've had to train new men to replace mechanics called by Uncle Sam.
You have understood these conditions, and, understanding, you have been very patient.
We greatly appreciate your co-operation.
Your car still has a long way to go. As it gets older it is bound to need more attention . . .
When it does, bring it "HOME" for service.
We'll do our very best to help you keep it rolling as efficiently and economically as possible under present conditions.
ABERNATHY MOTOR COMPANY

THANKS
TO OUR CUSTOMERS FOR THEIR PATIENCE
During this war emergency it has been impossible at times to render our customers the fast one-day service we formerly took as a matter of course . . . It always makes us unhappy to have to disappoint a customer or be compelled to say: "We're sorry — come back tomorrow." . . . We LIKE to please every customer. Customers are the life-blood of our business. So we want to say we appreciate your patience and understanding of our problems. We are always eager to please you.
In Spite of the War We Strive to Serve You Well
Most service departments are short of trained mechanics. The men we have know their business and DO A GOOD JOB—but it takes a little longer than before—but the work is reliable and we'll keep your car or truck in operation. THAT IS OUR PLEDGE. The very best possible every time.
YOU, the Customer, are Still the Boss at . . .
