Bookmobile To Visit Here

The Bookmobile will be in Olton Saturday, March 9, according to an announcement made by Lorene Sooter, librarian.

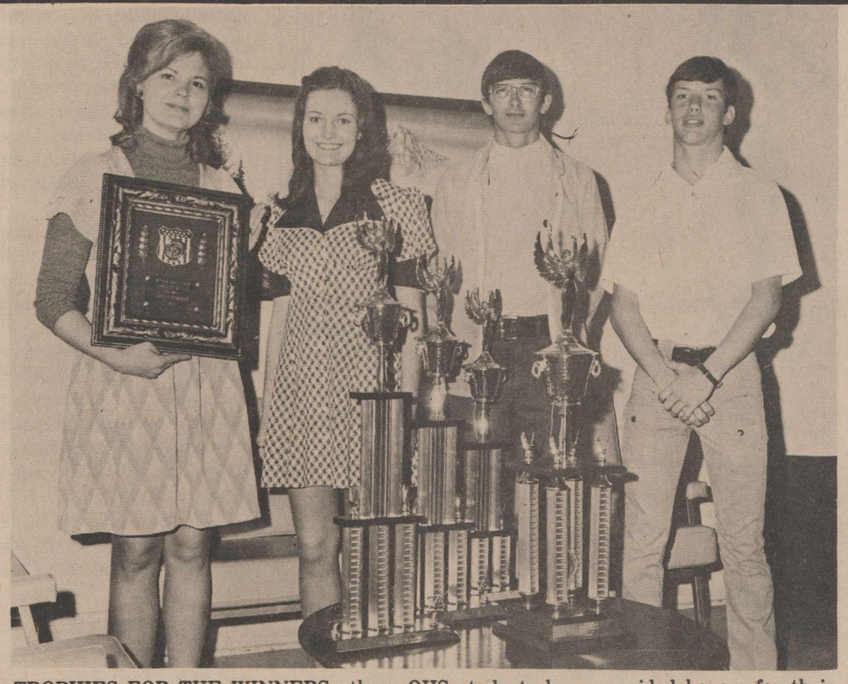

The traveling library will be in Olton from 9:15 to 11:45 a.m. that day. Prior to the stop in Olton it will stop at Spade Friday, March 8 from 12 to 1:30 p.m.; in Hart Camp from 1:45 to 2:30 p.m. and in Fieldton from 2:45 to 3:30 p.m.

Girl Scouts Selling Cookies

Girl Scout Cookie sales are going well, according to Mrs. Phil Hughes statement issued this week.

"Our mint flavor cookie is in short supply. We had expected another shipment, but this now appears unlikely. We have a good supply of the other four flavors and girl scouts will deliver them to interested persons. People who may not have been contacted may call 285-2034, 285-2110 or 285-2054 for prompt service."

March 9 has been set as deadline for the cookie sale, an annual event used to help finance Girl Scout Camp facilities at Rio Blanco.

TROPHIES FOR THE WINNERS-- three OHS students have provided honors for their school and magnificent trophies proclaim those honors. Attending the VFW Awards Banquet Thursday night in Littlefield, Freddy Stockdale and Mrs. Marilyn Miller claimed these handsome trophies for wins in the VFW sponsored Voice of Democracy speech contests held earlier this year. Stockdale won first in the county and district. Second and third places in the county were claimed by Virginia Daugherty and John Rodriguez, respectively. Mrs. Miller was presented a framed plaque as sponsoring teacher.

Six Out Of Fourteen Events Won By High School Thinclads

Olton captured six first places of 14 events during a quadrangular track meet last Saturday in Olton.

Joe Rivera finished first in the 880 yd. dash with a 2:17.6 time. Winning first in the 330 intermediate hurdles with 44.2 was Glen Johnson. Jimmy Parker was top winner in pole vault with an 11' performance. Joe Alcorta was a double winner with a 25.5 finish in the 220 yd. dash and 18'2½" long jump.

Olton's mile relay team won first with 3:55.3.

Johnson was second in the 120 high hurdles with 16.6. Alcorta came in third with 11.2 in the 100 yd. dash. Finishing fifth, Parker turned in a 17.6 performance in the high hurdles. John Rodriquez finished in a tie for third place with a 9'6" pole vault.

In the mile run, Larry Murrell was fourth with 5:47.7 and Jim Rivera fifth with 5:52.5.

The 440 team was third with 48.7.

OHS boys will compete Saturday in Littlefield while the girls open their track season by hosting a meet on the home track.

Saturday, March 9 will find the boys traveling to Abernathy and the girls to Springlake. Junior high boys will host a meet on the home field.

County Green Thumb Crews Complete 12 Major Projects

Lamb County Green Thumb Crews completed 12 major projects in the county during 1973 according to the Texas Green Thumb annual report released this week.

One such project was the erection of an office building for Orian Hackler, Olton water superintendent. Built of reclaimed materials of dismantled buildings which had been condemned, the office was completed in the late autumn. Other completed projects in Lamb County have been the construction of the Boy Scout House in Earth plus landscaping of parks.

Green Thumb Crews have a major project also slated for March with the planting of some 11,000 trees. Locally the Green Thumb Crew will set out about 1500 trees. Obtained from the forestry service, the small black walnut, sycamore and honey locust trees will be planted as a nursery in the city park and will be replanted in a year or so in other locations. Chinaberry and bois dare trees may be obtained from a different source.

A work training program, Green Thumb is sponsored by Farmers Union and funded through the U.S. Department of Labor. Programs are operated in 16 Texas Counties. Rural men and women 55 years of age and older with family incomes under the federal poverty guidelines are eligible to enroll in the program. Enrollees are paid the federal minimum wage and work an average of 24 hours per week.

Twelve individuals are presently enrolled in Green Thumb in Lamb County in two crews. Local project sponsors contributed $9,335.63 in in-kind contributions used for county sponsored projects.

Public School Week To Be Observed Friday

"This year, Texas Public Schools Week will include something for everyone--students, parents, community members, and the general public", announced Superintendent Joe Turner.

In his announcement, Turner stressed the importance of community participation in Texas Public Schools Week which will mark the 120th anniversary of the public school system in Texas. Parents and other interested citizens are encouraged to visit our local schools. During the week, all grades--elementary through high school will be open for public visitation.

Supt. Turner further stated that teachers and school officials are planning special displays and programs in recognition of Texas Public Schools Week. Parents are not only encouraged to visit the schools, they are invited to have lunch with the children and to visit the classroom.

"More and more, we are coming to realize that the key to America's future lies in our schools", Turner said. "We need useful, educated citizens to meet the challenge of the future. We want to stress the importance of citizen participation in Texas Public School Week, March 4-8. This is one meaningful way we can all become a party of our education system. It is our responsibility to see to it that this system maintains the highest educational level and that quality education for all students is maintained."

We feel that in order to maintain the operation and control of the school system, the public must be informed concerning the needs and the problems that the system may have.

School officials and teachers believe that active parent and community participation in education will help to maintain the highest achievement on the part of students and faculty.

As a climax to the public school week, an open house has been planned for Friday, March 8, from 7 to 9 p.m. Parents are urged to attend. Refreshments will be served in the school cafeteria by the local PTA.

Local Elections

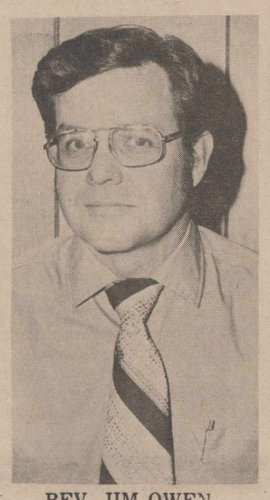

No Candidates For City, Incumbents File On School

No one has filed for a post on the city council at press time Friday evening. Filing deadline is March 6.

Terms of Vernon Nixon, Joe Hall and Jimmie Jenkins expire. None of the incumbents have filed for re-election.

In the school board election which is scheduled at the same date as the city election - April 6 - only the incumbents, Burley Faver and Garland DePrang, have filed.

Filing deadline is March 6. Absentee voting will begin March 18 and continued through April 2.

REV. JIM OWEN

New Minister Assumes Duties

The Rev. Jim Owen is the new pastor of the Assembly of God Church, moving here a week ago from Midland.

Owen and his wife, Sharlene, are the parents of three children; Michael, 12; Karri, 10 and Jeffory, seven. Rev. Owen had commuted from Midland during February.

Prior to accepting the local pastorate, Rev. Owens was minister of an Assembly of God Church in Mansfield. He is a native of San Angelo.

Mini Mall Social Hour

Everybody is invited to come by the Mini Mall, following open house at the school, for a social hour.

The Mini Mall, observing their first anniversary, will have some "red hot" specials this week and climax the week with a "social" Friday night from 8 to 10 p.m.

"We want to thank everyone for their patronage this past year and hope everyone will come in and visit with us during the social hours," Patsy Mills said. "There will be no sales during those hours, so come on in and visit with your friends."

Revival Services Begin At Methodist Church

Revival services begin today at First United Methodist Church with the Rev. Jim Smith of Lamesa preaching and Dale Hood of Lubbock directing song services.

Services today were scheduled for the regular worship hours of 11 a.m. and 6 p.m. Weekday services will be at 7:30 a.m. and 8 p.m.

Informal morning worship begins with breakfasts served in fellowship hall and brief devotional messages which will conclude by 8:30 a.m.

The Rev. Smith, a native of Memphis, is pastor of Northridge United Methodist Church in Lamesa. He preached at youth revivals during his studies at McMurry College and received a master of divinity degree from Asbury Theological Seminary in Wilmore, Ky. in 1969.

Hood is a graduate of Monterrey High School in Lubbock and Baylor University. He is a former music pastor of Trinity Church in Lubbock and is currently in music evangelism.

He has served home missions in Minnesota, California and Colorado.

The Rev. Al E. Jennings, pastor, extends an invitation to everyone to attend services of the week.

Mrs. Garland DePrang To Head Up Cancer Drive

Every year during April, about 2,000,000 volunteers of the American Cancer Society ring doorbells and ask the American people to dig down and give to help defeat cancer.

"This year ACS budgeted more than $79 million, of which over $62 million went for Research, Education, Service and Rehabilitation", declares Mrs. Garland DePrang, local Crusade Chairman.

In a meeting of the Lamb County Unit of the American Cancer Society here last week, Crusade chairman for the various communities were named and fund drives scheduled. All communities in Lamb County will conduct their fund campaigns during March rather than April.

Olton's Cancer Crusade will begin March 25, the goal is $1,650. A goal of $4,080 has been set for the County. Mrs. Lady Clare Phillips of Littlefield is county Crusade Chairman.

Memorial donations may be made to the Society at any time during the year. Mrs. Phillips reported at the meeting last week that a total of $1,044 had been contributed through memorials in Lamb County during the period of January through November, 1973. Memorial donation may be left at Olton State Bank. Cards are mailed to the family of the person whom the memorial honors. An acknowledgment card of the donation is also sent to the donor.

"Research which is making gains against cancer will receive about 30 cents of each dollar or about $24 million," she noted.

"Informing people about cancer's Seven Warning Signals and urging regular health checkups to discover cancer at its earliest and most curable stage are at the heart of our Public Education Program and received about 18 cents of each dollar or $14 million," Mrs. DePrang said.

Patient and community services such as the Reach to Recovery program for women who have had breast surgery or teaching people who've lost their voices after throat cancer surgery how to speak again will receive more than $15.5 million or about 19 cents of each dollar.

Nearly 11 cents of each dollar or about $8.6 millions will be devoted to professional education. These programs provide physicians, dentists, nurses and other medical personnel with the latest information on diagnosis and treatment of cancer.

Fund raising will take 11 cents of each dollar or $8.9 million; management of the Society's affairs takes 10 cents or $7.9 million.

"Together we can win the war against cancer," declared Mrs. DePrang. "We want to wipe out cancer in your lifetime. Join us by being alert to cancer's warning signals and by having a periodic health checkup. Then help others with a check or cash."

13 Accidents In County

The Texas Highway Patrol investigated 13 accidents on rural highways in Lamb County during the month of January, 1974.

These crashes resulted in one person killed and six persons injured.

Easter Seal Campaign Open

The 1974 Easter Seal Appeal will open in Lamb County Friday, March 1 according to Doyle L. Patton, Jr., who serves as Easter Seal Representative for the County.

Last year 20,570 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising, more money than ever will be needed.

Funds help support 18 centers in Texas, where services are provided to those crippled children and adults who cannot provide for themselves and who do not qualify for help from any other source.

Established In 1933

Wooden Building Housed Gin

Four decades have passed since the old wooden gin was built that marked the establishment of Circle Gin. Begun by the late H.G. Hobbs, the gin burned during its first year and was re-built of steel.

It was probably about 1942 that Arm Kinkler purchased the gin and in 1945 that the late O.W. "Dan" Daniel and Jack Straw became owners. The two continued ownership until 1958.

Straw, J.B. James and the late W.W. Bearden shared interests in the gin until Bearden's death when the late Henry Mathis became co-owner and manager. Clifton Adams, who came to the gin in 1960, is now manager and co-owner.

Early in 1960 the present office was built and is still a community gathering spot where folks can stop for a visit and share a cup of coffee or a cold pop.

Through the years, Circle Gin has always been a friendly community gathering ground. During its earlier days, when "neighboring" was still an enjoyable treat not hampered by the media of television, candidate speakings were among the most popular events held at the gin yard.

Candidates seeking local and county offices vied with one another and proclaimed their "platforms" to sizeable crowds. Those affairs were sometimes in conjunction with pie suppers, beauty contests and other memorable events.

Blessed bountifully by pretty weather and good prices, the 1973 cotton season was one which will be recalled for many years.

"We never had to stop," Clifton says. He explained that the gin had to have help about half of the time of the previous year but yet ginned about the same amount of cotton.

A considerably larger acreage will be devoted to cotton this year, he believes, because of the good prices the 1973 cotton has brought.

Fuel and fertilizer shortages will also contribute to the increased planting, too, he said since growing cotton requires less fertilizer and less watering means less fuel required.

The 1974 crops will really be costly, though, he admits. Shortages will make the year more difficult.

Clifton has been a ginner the past 24 years and in that time hasn't missed a day. He began his ginning career at Paducah. After 10 years at Whitharral, the Adamses moved here 14 years ago and Clifton has been with the Circle Gin since that time.

MR. AND MRS. CLIFTON ADAMS

Throughout the years Ina has lent a helping hand when needed and, since Clifton has been manager, has served as bookkeeper. Their daughter, Sherry (Mrs. James Lively) has also helped out with bookkeeping during the ginning seasons.

The Adamses also have a son, Johnny, who was married just a week ago to Miss Teresa Griffith. Johnny had been helping at the gin but is now employed in Lubbock.

Walter Struve has been cotton buyer at Circle this fall. Prices reached their peak before Christmas and then began declining. They are beginning an upward swing again and the cotton picture seems rosier than it's been in a number of years.

With the 1973 season out the way, work began to ready the gin for another season. Work continues through the year and, Clifton says, "You're never really ready, you just start working and keep at it till it's time to go again."

Go To School

In Texas, we will be facing many hard choices in the next few years regarding the methods by which we finance our public schools. Will there have to be major tax reforms? Will the state have to provide a larger cost of public education? Yes, Public school financing is in severe financial bind and major reforms may have to be instigated in order to resolve this problem.

Just how much do you know about your local school district? During the Texas Public Schools Week, March 4-8, you are invited to visit the public schools in your area or neighborhood. You are invited to evaluate your local schools. Visit and observe--is there enough funding being provided to assure your child of quality education? Are your teachers experienced? Are your schools being adequately maintained? These are some of the questions you can find answers to during the Public Schools Week, March 4-8.

Whether a parent or not, your visit and comments will be most welcome. Show your interest and your concern during Texas Public Schools Week, March 4-8. Visit your local schools during Open House from 7 to 9 p.m. Friday.

CARING for your Carpets — TIPS TO HELP YOU

Carpets are an extraordinarily good value, because, needing no wax, they cost less to maintain than floors. In view of this, they deserve the red carpet treatment when it comes to care.

Maintaining them properly helps them to retain their thermal, acoustical and psychological benefits. Here are some hints about carpet care gathered from two booklets on the subject from Monsanto Textiles Company, one of very few companies making this free literature available.

1. Soak up as much of the staining material as possible with a towel.
2. Never rub a spot. This will only spread the stain and distort the pile.
3. Before using any cleaning agent, try a small amount on an inconspicuous corner of the carpet.
4. Always start from the edge of a spot and work toward the center.
5. Apply a small amount of cleaning agent to the spot and remove the dissolved stain with a clean white towel.
6. Repeat the above procedures until the stain has

disappeared and place clean towels or absorbent tissue with weights on the spot until it is dry.

These are only a few of the basic procedures that should be followed in attempting to remove a stain regardless of its type. If unsure, or in doubt, always call professionals. They have special equipment and many years of experience.

If you want further, detailed information, you can obtain free copies of either booklets, "How to Care for Your Carpet of Acrilan Plus acrylic" and "How to Make Lighter Work of Housekeeping with Your Carpet of Cadon nylon," by writing to Monsanto, Department JPB 211, 1114 Avenue of the Americas, New York, N.Y. 10036.

Everything But The Kitchen Sink

BY MOZELLE TROTTER

What an age we live in! So much has been accomplished in the span of years included in my own lifetime and so very much in this century that it almost defies belief.

Great-granddad would never have believed the sanity of anyone who might have predicted all that was to emerge of this twentieth century. Those prophets would surely be the creators of the most fantastic fairy tales to have ever been borne from the minds of men.

Inventions, achievements, solutions--so much to mark those passing years! So much good and so much that's not so good!

Yesterday's "bloomer girl" who so badly shocked her elders in defiance of modesty and fashion would no doubt need a large supply of smelling salts if she could return today.

College campuses have notched a lot of changes too since that bygone era of the raccoon coat and Stutz Bearcat. At least the raccoon wearers were warm. The newest fad could lead to pneumonia, to say the least!

Streaking!

My age is showing! Surely it isn't so!

"Gold fish swallowing" had to be the idea of a cast-iron stomached dare devil. "Telephone boothing" must have been the brain child of someone with a mania for togetherness. But "streaking"! That had to have been initiated by some sleep walker who dozed off during a shower! Seems some of the streakers do their thing clad in some clothing-ski masks, neck ties and tennis shoes!

This newest craze may replace that age-old saying, "I haven't anything to wear." Now it'll be, "I'm not wearing what I've got."

MRS. ERLE EUGENE SCHWAB

Mr. Schwab, Miss Yandell Exchange Wedding Vows

In a candlelight ceremony Saturday, March 2, Miss Shirley Joyce Yandell became the bride of Erle Eugene Schwab.

The Rev. Dick Rhea pastor of Lubbockview Christian Church officiated the double ring ceremony conducted in Hart Camp Baptist Church.

The bride is the daughter of Mr. and Mrs. A.C. Yandell. Mr. and Mrs. Jacob E. Schwab of Shallowater, are parents of the groom.

Miss Debbie Oliver of Levelland, pianist, presented traditional nuptial selections and accompanied soloists Gina Rhea and Alan Hill, both of Lubbock, as they sang "More" and "We've Only Just Begun."

The altar area was set with baskets of white gladioli. An archway of tropical greenery was flanked by candlebra fitted with white tapers.

Presented in marriage by her father, the bride wore a formal length gown of nylon organza fashioned with an Empire bodice, scooped neckline and long Camelot sleeves. Insets of Venice lace enchanced the neckline, bodice and cuffs. Her A-line skirt, with fulness at the back, swept to a chapel length train.

A coif of lace flowers, enhanced with seed pearls and sequins, held her shoulder length veil of imported illusion.

She carried a cascade arrangement of white carnations mingled with gypsophila and bells of Ireland.

For "something old" she wore her grandmother's wedding band, "borrowed" was the wedding dress property of her sister, and "new" was her going away ensemble. She wore the traditional "blue," and carried in her shoe pennies dated in the years of birth of both bride and groom.

Attending her sister as matron of honor, Mrs. Cheryl Smith of Chamblee, Ga., wore a floor length gown of mint green and white, fashioned with an Empire waist and high Provincial collar. The gown was complimented with a ruffled jackets. She carried a nosegay of multi-colored carnations.

Serving as flower girl was little Miss Jinger Jones of Lubbock. She wore a floor length gown of yellow and white styled with an Empire waist, high ruffled collar and jacket.

Serving his brother as best man was Terry Schwab, of Shallowater. Ringbearer was Jeffrey Jones of Lubbock. Candle lighters were Trent and Trey Petty of Levelland, cousins of the groom.

Guests were seated by Wayne Schwab, cousin of the groom, and Shelby Nelson, both of Lubbock.

For her daughter's wedding Mrs. Yandell chose a beige costume suit with black accessories. The mother of the groom wore a beige dress with gold accessories.

Immediately following the ceremony a reception in Fellowship Hall of the church honored the young couple.

The serving table was laid with a white lace cloth over mint green. Featured on the table was the bride's bouquet and a three-tiered wedding cake topped with wedding bells. Presiding at the table were Misses Pam Gallaway and Maria Jones, both of Lubbock, Kathy Clinton of Plainview and Kathy Wheeler of Hereford.

Guests were registered by Miss Debbie McMahan of Levelland.

For travel the bride chose a two piece ensemble of baby blue dotted Swiss. Following a short wedding trip they will be at home at 6301 West 19th, Apt. 12, West End Apartments.

The bride was graduated from Olton High School in 1973 and has attended South Plains College.

Schwab, graduate of Shallowater High School, also attended South Plains College and is presently employed with Texas Instruments in Lubbock.

Out of town guests included Mr. and Mrs. Roy Waldrop of Canyon; Betty Hillhouse of Tulsa, Okla., Doug Martin of Muskogee, Okla.; Leona Elliott of Fort Worth; Mr. and Mrs. Richard Sessums and Richard of Burleson; Mrs. Karen Petty of Levelland; Mr. and Mrs. Glen Gruver and family of Amarillo; Mrs. George Shannon of Nederland; Dr. and Mrs. J.D. Billrow and James; and Misses Phyllis Sullivan and Victoria Griffin, all of Lubbock; Meiko Funka, Martha Frazier, Bryan Vickers, Rocky Blair, Lee Sanderson, David Wisian, Travis Lee, Darwin Thomas, all of Levelland; and Mr. and Mrs. Bill Lunsford of Springlake.

Shower To Fete Miss Nicholas

Miss Susan Nicholas, bride-elect of O.L. Plymell, will be the honoree Saturday, March 9 at a pre-nuptial gift-tea in the home of Mrs. Lowell McGill.

Calling hours are 3 to 5 p.m. Friends and relatives are invited.

FROM RALLS

Mrs. Ray Cox of Ralls was here Sunday with her sister and family, Mr. and Mrs. Leroyce Kersh, Mike, Billy and Leigh Ann. With Mrs. Cox were her children, Michael and Cristy.

FROM DIMMITT

Mr. and Mrs. W.T. Wozencraft of Dimmitt were Sunday afternoon visitors of his mother, Mrs. Cora Wozencraft and her son-in-law and daughter, Mr. and Mrs. Tom Sluder.

MRS. BOB HIPP

Cook Of The Week

"Secretary" is the title of office held by our Cook of the Week, Mrs. Bob Hipp, a job that covers a wide variety of tasks.

Helen completed five years as secretary of First Baptist Church last August. Not only does she tend to the normal work of secretary but is also "Girl Friday" five days a week.

Sewing is a hobby for which Helen wishes she had more time. Laughing she says that when her children were growing up she'd think, "When the children are grown I'll have time to---" but the time she used to foresee still hasn't materialized.

Helen is a native Oltonite. She met Bob, who came here with his family as a boy, in school. They are parents of a married son, Mike, and a daughter, Karen.

Mike, his wife Laverna and their 17-months old daughter Teri, have moved to Austin where Mike has returned to school to become a pharmacist. Karen teaches in Giddings.

Fold into 9 inch baked pie shell and garnish with marischino cherries. Chill until firm.

LEMON LAYER PIE

Prepare pastry for 2-crust 9 inch pie. Use ½ of the dough for 9 inch crust. Divide remaining pastry in half. Roll each half 1/8 inch thinkness; trim each to a ¾ inch circle and place on baking sheet and prick. Bake at 450.

Combine 1 cup sugar and 1 envelope unflavored gelatin. Add 1¼ c. water, 3 slightly beaten eggs, 1 teaspoon grated lemon peel, ⅓ cup lemon juice and 2 tablespoons butter or margarine. Cook, stirring constantly over low heat till mixture thickness (about 10 minutes). Chill till mixture mounds. Whip ½ cup whipping cream. Fold in lemon mixture and place one cup of filling into baked shell. Cover with 1 pastry round. Repeat until all mixtures are used and top with remaining filling. Chill 3 to 4 hours and garnish with additonal whipped cream, if desired.

"Pie making is not a specialty of mine, in fact I prefer making cakes," Helen says, "but since these recipes are a bit different I chose them to share with you."

"The Texas Cream Pie is not only a favorite with my family but with the nieces and nephews as well. Ernestine Cade (a favorite friend and former Oltonite) gave the recipe to me."

Mrs. Ogletree To Be Honored

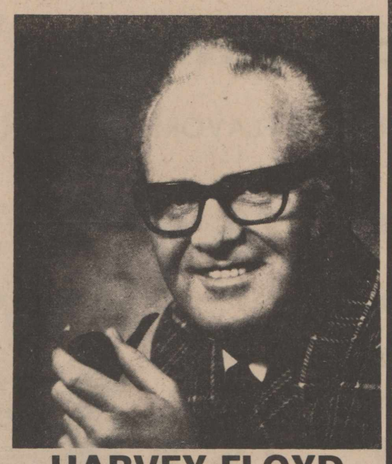

Mrs. Mike Ogletree of Lubbock will be honoree Saturday, March 16, at a post nuptial coffee to be held in the home of Mrs. Elmer McGill.

Friends and relatives are invited to call after 10 a.m.

HARVEY FLOYD ANNOUNCES CANDIDACY AS STATE REPRESENTATIVE

HARVEY FLOYD

As Democratic candidate for State Representative of the 74th District seeking your support, you are probably asking yourself, "Who is Harvey Floyd and how can he serve me?

I am a businessman, a family man, and a 14-year resident of your district who is faced with the same type of situations you face and who understands your needs and concerns.

As you hear my proposal, I ask that you think of it as a joint proposal — yours and mine — and to think of this election in a personal way which will allow us to better conditions.

Primary among our problems is inflation, which affects us all. There is an existing need in Texas for additional revenue to meet the demands of inflated prices. I believe our proposal can sufficiently increase state revenue and at the same time avoid a state income tax and increased state property taxes on property, etc.

Crude oil produced in the United States is priced at approximately $4.50 a barrel. Texas taxes crude oil on a basis of about $3.71 per barrel. State tax on oil is 4.6 per cent at the well plus a 3-16c per barrel pipeline tax giving a total of under 20c per barrel state revenue from oil.

Texas collected approximately $210 million from this source in the fiscal year ended August 31. Revision of the state's taxation program of crude oil would greatly increase this revenue source.

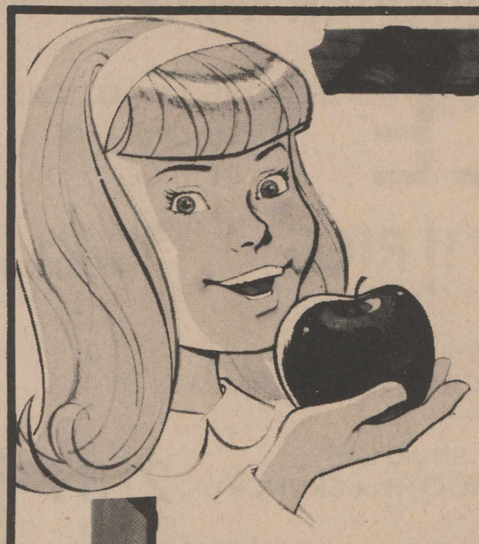

An even more urgent need is revision of the state program taxing natural gas. Texas collected $125 million in taxes in the latest fiscal year on $1.8 billion paid for natural gas produced in Texas. Much of this gas goes to other states where it serves as cheap fuel.

Natural gas in Texas is taxed at 7.4 per cent of its wellhead value. Many contracts were made, and are still in force, which sell gas at price ceilings imposed by the Federal Power Commission with a base tax on Texas-produced gas at 16c per thousand cubic feet. Current market value is 75c per thousand or more. A consumer buying gas at 16c per thousand pays state tax of 1.2c while the buyer of 75c gas pays 5.6c tax.

This present percentage system of taxation is unfair to the buyer paying high prices and favors those who pay the least for gas at the well. With action from the state and cooperation from the Federal Power Commission in changing from a percentage tax to a flat-rate of taxing natural gas, the taxing system would be equalized and would create an untapped source of state revenue.

The above proposal is but one I have to suggest. If elected, I pledge to serve you on the district level as your needs from the local level are communicated to me from you. By working together, I believe I can represent you well. I solicit your support and influence in the upcoming election.

Farmcast

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

678 Is Average . . . Fertilizer Use Jumps Again . . . Texas Citrus Prospects Are Reduced.

What's your idea as to the average size of a Texas farm? It could range from a few acres to several hundred thousand. The Texas Crop and Livestock Reporting Service has made it official: the average size of a farm in Texas contains 678 acres.

That's almost twice the size of the average farm for the nation. As the average size gets larger, the number of total farms in the state and the nation continue to decline, with perhaps an exception for 1974.

Preliminary figures now show that there are 209,000 farms in Texas as of January 1. This is the same number as of January 1 in 1973 and 1972. Fifteen years ago---back in 1959---there were 252,000 farms in the state with an average size of slightly more than 600 acres.

Nationwide, the total number of farms has declined slightly as of January 1 from a year ago. It's estimated there are 2,821,000 farms in the nation now, compared to 2,844,000 in 1973.

Average size of a farm in the nation is 385 acres, an increase of almost 100 acres during the past 15 years.

In Texas, there are 141,800,000 acres in farms; for the nation there is slightly more than a billion acres in farmland.

FERTILIZER use in Texas during 1973 as of June 30 showed a slight increase from 1972. The June 30, 1973 total is 2,556,371 tons of fertilizer compared to 2,514,837 tons in 1972.

Fertilizer is broken down into three categories: mixed fertilizer, primary nutrient, and secondary and micronutrient.

Mixed fertilizer utilized in Texas in 1973 was up four per cent from the 1972 usage.

Primary nutrient fertilizer used in the state was one per cent below 1972.

Secondary and micronutrient fertilizer applied amounted virtually the same in 1973 and 1972.

Nitrogen fertilizer accounted for the biggest use in Texas in 1973.

BASED on February 1 prospects, the 1973-74 citrus crop for the state is forecast at 18,500,000 boxes, which is four per cent below the production of last season.

The February 1 forecast is one per cent less than the January 1 forecast reflecting freeze damage which is now apparent in the Balencia orange crop.

The grapefruit estimated at 11,500,000 boxes and the early and mid-season orange estimate of 4,600,000 boxes is unchanged from a month ago.

Grapefruit harvest was active in January. Harvest of early and mid-season oranges is virtually complete.

COMPLETE details of the experimental program to control predators in 44 Texas counties are now being implemented. The Texas Department of Agriculture is in charge of the program on a state level.

Through the cooperation of the Environmental Protection Agency and several state agencies, the use of the M-44 coyote spring ejection device will be available to eligible producers.

Mmes. Kennedy, Pittillo Present Club Program

Mmes. Lester Kennedy and Bill Pittillo presented a skit, "THDA, What Is It?" at a meeting last week of Olton Home Demonstration Club.

Texas Home Demonstration Association, they explained, serves to coordinate state-wide activities of Home Demonstration clubs and is a place for the expression of desires and interests of women.

All members of Home Demonstration Clubs are automatically members of THDA, they explained. Each year, THFA supplies scholarships for six 4-H girls.

Each County has a representative to serve as a means of communication between the State and the local club.

Mrs. Alva Kersh was selected to represent the local club as a nominee for Lamb County delegate to THDA.

Creed of the Texas Home Demonstration Association was shared by Mrs. Homer Curry as a devotional.

IN PLAINVIEW

Hopewell Baptists Hold GMA Coronation Service

Public coronation services for members of Girls Missionary Auxiliary were held Saturday evening in the sanctuary of Hopewell Baptist Church. Directing ceremonies were counselors Mmes. Vince Hernandez, Kenneth Palmer and Bill Bundick.

Jeanettia Hackler was crowned queen. She completed requirements for this honor prior to her family's move to Childress from Olton.

Mrs. Bundick presented pens to G.M.A. members Laura Miller, Jeanettia and Debra Hackler both of Childress; Paula Miller, Lynn Hernandez, Martha Bundick, Tanya Kimbrough, Shelia Hernandez, Judy Bundick, Leigh Ann Kersh and Pamela Lawson. Each girl had completed a step in the "Forward Steps" program.

Immediately following the coronation the G.M.A.'s and their parents were guests at a banquet in Fellowship Hall. Some forty-eight people were in attendance.

The tables were decorated with red and white candles and arrangements of red cupids.

Mrs. Ronnie Travis, guest speaker, had as the theme of her message "Let Christ Be the Valentine of Your Life."

Mrs. Palmer presented piano selections and accompanied Mrs. Eddie Bundick who sang.

Mr. and Mrs. Virgle Gray were recognized as the couple from Hopewell Baptist Church selected by the G.M.A. as being most inspirational to them. This had been determined by secret ballot.

Out-of-town guests were Mrs. Bruce Hackler, Pat, Jeanettia and Debra, Mr. and Mrs. Elben Ingram, Lisa Thomas, Linda Rosten and Tammy Duff, all of Childress.

Sugar, Spice, And Sage

By Jan Sherman

Out of a magazine entitled Together, the month of March, 1973, came a very good idea on what to do with your time between now and Easter, which is April 14th, this year, friends.

It's called "A Journey of Love" and it reads like this:

"The first week (March 3-9) is called the Hand of Love. Write a letter a day to some person, near or far, and tell that one how much you appreciate him or her.

The second week (March 10-16) is called the Voice of Love. Telephone one person a day for a short chat just to say what they mean to you. Call to say 'thank you' or 'I'm sorry' or whatever you feel deeply.

The third week (March 17-23) is called the Deed of Love. Take something you have made or bought to two or three people who mean much to you but to whom you rarely express love. It could be a pie, a plant, a picture, or anything as long as it is wrapped in your love.

The fourth week (March 24-30) is called the Heart of Love. Make a list of ten people--friends, enemies, distant relatives--and pray for them by name each day.

The fifth week (March 31-April 6) is called the Mind of Love. Use this week to pray for yourself and look inward. Read the Gospel of John carefully, and go to the Sanctuary early on Palm Sunday to meditate.

The sixth week (April 7-13) is called the Victory of Love. This is the time to celebrate God's love for us as it is everywhere about us. Get out of doors, breathe the air of spring, feel the warm sunshine, have friends in for dinner and games. Let your joy build in expectancy toward Easter Sunday."

You know, in many ways, March is just about as exciting as January. Besides sit around and count the dust particles on the window sill, March is useful for counting days off on the calendar. Wasn't that an optimistic statement? Anywho, what I was leading up to is this; This article you just read gives you something to do that's worthwhile in the month of March. On those dusty, gusty days, you can write letters, make telephone calls, bake or make something. Isn't that wonderful?

I really don't mean to play down this article, because I do think it's one of the sweetest and most thoughtful things I've read. There are just oodles of people to do things for and who are waiting for you. So cut this out and put it somewhere in sight and don't forget to use the suggestions.

There's only one thought that I can express right now and that is, I wish I had thought of it first.

IN EL PASO

Mr. and Mrs. J.L. Carson Jr. recently visited her sister and family, Mr. and Mrs. John Andestad and Lori of El Paso.

Card Of Thanks

We wish to sincerely thank friends and relatives for many kindnesses extended to us during the illness and loss of our mother and grandmother.

For words of consolation, both written and spoken, for food, flowers and especially for your prayers, we are grateful.

Mr. and Mrs. M.G. Fisher
Mr. and Mrs. Terry Snider, Teresa and Chad

We wish to express appreciation to good people in Fieldton, Hart Camp, Olton, Earth, Spade and Littlefield for the gifts of clothing, food, groceries, money and applicances since the loss of our home by fire.

We are thankful for every gift, and we know God will recompense the givers.

Mr. and Mrs. Reynaldo Rodriquez and family

I would like to take this means to say a big thank you to everyone for the cards, visits, phone calls, flowers and expecially for prayers of concerned Christian friends, during and since my surgery.

Russell Strain.
