VOLUME 38

JUNCTION, KIMBLE COUNTY, TEXAS, FRIDAY, JANUARY 6, 1922.

No. 37.

INFORMATION ABOUT INCOME TAXES

Austin, Tex., Jan. 5 1922.—The following statement is issued by Collector of Internal Revenue, Austin, Texas, the First district of Texas:

The Revenue Act of 1921 contains two new and important provisions, which are the subject of frequent inquiry. The first relates to the personal exemptions allowed married persons, and the second to the provision requiring that a return be made of gross income of \$5,000 or more.

The act provides that a married person, living with husband or wife, whose net income for 1921 was \$5,000 or less shall be allowed a personal exemption of \$2,500. If the net income of such person was over \$5,000 the exemption is \$2,000. Under the Revenue Act of 1918 the personal exemption allowed a married person was \$2,000, regardless of the amount of net income. The normal tax rate remains unchanged, 4 per cent on the first \$4,000 of net income above the exemptions and 8 per cent on the remaining net income.

In order that an income slightly in excess of \$5,000 shall not be subjected to an inordinately disproportionate tax because of the reduction of the exemption to \$2,000 thereon, the law provides that such reduction shall not operate to increase the tax, which would be payable if the exemption were \$2,500, by more than the amount of the net income in excess of \$5,000.

For example, on a net income of \$5,010, the tax, without this saving clause, would be \$120.40, which is 4 per cent on \$3,010, the amount of net income less an exemption of \$2,000. The actual tax is \$110.40, computed as follows: From the net income of \$5,010 is deducted \$2,500, leaving \$2,510, the 4 per cent tax on which amounts to \$100.40. To this is added \$10, "the amount of net income in excess of \$5,000."

The personal exemptions allowed married persons, also applies to the head of a family a person who supports in one household one or more relatives by blood, marriage or adoption.

Heretofore, a person whose net income was less than his exemption (\$1,000 if single or \$2,000 if married) was not required to file a return. Under the Revenue Act of 1921, if the gross income of an individual equalled or exceeded \$5,000, or if the combined income of a married couple and that of dependant minor children equalled or exceeded \$5,000, a return must be filed, regardless of the amount of net income.

"Net income" is gross income, less certain deductions. The fact that allowable deductions from gross income, for business expenses, losses, bad debts, etc., may reduce that net income to an amount below the personal exemptions of \$1,000 or \$2,000, does not alter the requirement to file a return of gross income, if such gross income equalled or exceeded \$5,000.

NEW GROCERY STORE AT LONDON

E. P. Furr has recently opened a new grocery store at London, and has had the Eagle to print him a nice line of stationery for use in the new business. Good letter heads and envelopes create a favorable impression on the people that get letters, and the cost of good printed stationery is only a little more than ordinary tablets and post office envelopes, but its quite different.

The season's prize hunting story came out today from Crockett county, where Bascom Cox, prominent Ozona ranchman, was reported to have matched the speed of his horse against a deer on the open prairie, overtook the animal, and roped and tied it. Then assisted by his father, Cox placed his "brand" on the deer and released it, the report said.

CARDWELL IS CATCHING FOXES

O. W. Cardwell was here on Wednesday shaking hands with his many friends. He reports that the range on his ranch in Kimble County is good, and that he has had fine sport with his Walkersounds, chasing fox—having caught fifteen up to now.—Christoval Observer.

PROMINENT VISITORS —COMPLIMENT OUR CITY

Last week Hon. Geo. B. Terrell, State Commissioner of Agriculture, his son and Dr. Willson of Austin were here on an outing and hunting trip, on invitation of the Eagle Editor. This was the first trip Mr. Terrell had made to this section of the State, and though he did not have the good luck hunting that he anticipated, he says he found a much more desirable country than he expected. He was especially impressed with our fine scenery and the hospitality of the people here. He says he is coming back this summer, and that his term as Commissioner of Agriculture is ended he expects to locate somewhere in this western country. Commissioner Terrell was formerly a member of the House of Representatives for several terms, having served with Judge Blackburn.

Inspector Crenshaw for the Stock Growers Finance Corporation at Ft. Worth spent several days here just before Christmas. H. B. Williams, jeweler, of Lenox S. D. stopped over a few days on his return over the Old Spanish Trail, from Houston. The last named gentlemen who have recently traveled over a great deal of the country, state that Junction is the cleanest, most progressive and most orderly town they have ever visited.

NATIONAL ANGORA RE- CORD ASS'N MEETS TODAY

The third annual meeting of the members of the National Angora Record Association meets in Junction today. A good number came in Thursday and Thursday night and more are expected to arrive today. Jack Turner is president of the Association and Judge J. B. Randolph secretary. At this meeting officers and directors will be elected for the coming year.

MISS JAMIE GARDNER WINS PHONOGRAPH

In the Phonograph contest conducted by Phillip Joseph, that ended Saturday night Dec. 24th, Miss Jamie Gardner was the lucky one, in that she received the largest number of votes for the machine. The machine was given away by Mr. Joseph, and the contest created a great deal of interest.

OBITUARY

Sweet little Dorothy Fay Crisp, infant child of John Crisp and wife, age one year and two months, died at their home on the Turner Ranch on South Llano on the 29th of Dec. 1922, and was buried in the Junction Cemetery at 11 A. M. on the 30th, the writer officiating. This was indeed a sad death from the effects of burning, during the temporary absence of its mother. It was heart rending to the parents who, of course, loved the dear sweet child beyond expression. But she is safe in the Paradise of God, for "of such is the Kingdom of God." Their friends extend to them their heartfelt sympathy in the bereavement that no one except the parents themselves fully realize.

One of the unfortunate exigencies of life has severed the tender thread that connected this precious link to the parental household. May they bear the trial bravely and resignedly. John S. Durst.

WOODMEN CIRCLE TO INSTALL OFFICERS

On Tuesday night Jan. 10th at 7:30 the Woodmen Circle will install the following officers: Guardian, Dora Martin Holekamp, Adviser, Mattie Patterson, Clerk, Vashti Taylor, Banker, Lila Mae Baker, Chaplain, Maggie Lawry, Attendant, Selma Joseph, Inner Sentinel, Dora Holekamp, Outer Sentinel, Fanny Richardson, Manager, Doris Holekamp, Past Guardian, Agnes Jordan.

LOCAL PICTURE SHOW BELOW PRE-WAR PRICES

Messrs. Hankins and Riley have lowered the admission to the local picture show to 10 cents, which is lower than the same grade of pictures were before the war. They can only maintain this low price with a good attendance at each show. The pictures they secure are above the average for a town anywhere near the size of Junction, and we believe that the people should patronize the show liberally. We need a picture show here and at the present price any one can afford to attend.

Ed. Knetsch Sr. and son Ed. father and brother of Attorney Fred Knetsch, were here visiting last week. Their home is at Seguin.

Miss Austin Durst, who is a teacher in the Brownsville High School, spent the holidays with her parents, Judge and Mrs. John S. Durst.

JONES PAYS THE FREIGHT

"Fare—Brady to Mason, 10c per mile; Mason to San Antonio, 5c per mile."

That is the tariff charged on the newly inaugurated bus service plying between Brady and San Antonio. In other words, is costs twice as much, in money alone, to travel over the bad stretch of road than it does over good roads. Nor does that take into account the wrenches, jars and jerks, the lost time and the other inconveniences the passengers suffer. Two broken spring a week represents the estimated damage to the busses, not to mention the numerous ther repairs and the rapid deterioration of the cars.

If that is the cost of a commercial car, then it stands to reason that every other car and vehicle traveling that road pays a proportionate tax. Yet many people argue it is better to spend money in repairing this destruction to conveyances rather than to spend it improving the road.

"CHURCH OF CHRIST"

We are sorry to report that our beloved brother R. C. Ledbetter has given up the work as preacher for the church at Junction and will return to his former home at Roscoe, Texas. It has become necessary for him to make this change to care for his aged father and mother in their declining days. His short stay with us has been agreeable and profitable to the church and he and family have made many friends who regret their leaving and will remember them for their work and labor of love while in our midst. The work will go on as usual on Lord's Day and there will be preaching each Sunday, either by myself or by our Bro. W. C. Bradshaw, till we can get another preacher. Bro. Bradshaw will preach next Sunday the 8th, on the subject, "What became of the thief on the Cross." This is an interesting subject. Come and hear him.

TO THE VOTERS OF KIMBLE COUNTY

An office Holder in the County is an employee of the people of the County, and a County, like a business institution, should make no mistake in selecting the men to transact its business, that are best qualified to fill the offices for which they offer.

Progress is attained through efficiency and ability, and as a successful business institution advances by securing men who are best qualified to fill the various positions, so the people of a county should select men best qualified to fill the various offices to which they aspire.

The wealth of Kimble County is assessed at \$4,777,725.00 of which \$2,032,631.00 is the assessed land value. The lands of Kimble County are therefore bearing about one-half the tax burden. Therefore it would be well for the Tax Assessor to be able to render such assistance to the owner as he may require in making an accurate and fair rendition of his land, and that the tax payer be properly credited on the Abstract Record of this county with all the land he owns and pays on, that his title may not be jeopardized in future years.

The Tax Assessor is your book-keeper, who keeps the account between you and the County and State. Accuracy and business ability, coupled with a knowledge of property values should be his qualifications. The knowledge acquired through the Surveyor's Office is of much value in arriving at a just and fair rendition and in making and keeping a correct Abstract Record of your land.

In submitting my candidacy for your consideration, I do so fully confident of being able to serve you with accuracy, neatness and dispatch. To those who do not know me I will state that I am 46 years old, a native Texan and have resided in Kimble County 42 years. I was educated in the schools of Kimble County and the Agricultural and Mechanical College of Texas, and am now serving my third term as your County Surveyor, during which time I have become very familiar with the land values of the county.

If in your opinion, I am the man you wish to employ as Tax Assessor for the coming term, your vote and influence will be appreciated. I am seeking the office for what it pays, with the purpose in view of giving my children the advantage of Junction High School, and if elected will serve you faithfully, and to the best of my ability.

Thanking you for anything you may say or do that might assist me in any way, I am,
Yours truly,
A. G. FARMER.

Word has been received here of the arrival of a baby girl in the home of Mr. and Mrs. Leon Durst of Dallas, on New Years Eve. Mr. Durst is well known here, being the son of Rev. John S. Durst.

While on our holiday trip we had the pleasure of meeting several former Kimble County folks. Among them were a Mr. French at Hawley, Mr. and Mrs. L. L. Camp, also of Hawley. Mrs. Camp is a daughter of W. H. Nethery. Mr. Camp is Cashier of the First State Bank at Hawley. At Paint Rock we met D. C. Broyles, who was at one time Supt. of the Junction High School, but is now Postmaster at Paint Rock, and incidentally publishing the Paint Rock Herald.

Mr. and Mrs. G. T. May and Miss Selma Hensley of London, and Prof. Martin Baze and Bill Amon of Junction paid a Christmas visit to their relatives, the S. S. Stewart family here this week.—Edwards Co. Leader.

A Savings Account at the First National Bank

For several years we have constantly kept before our customers the importance of keeping a SAVINGS ACCOUNT.

A great many of them have followed our advice and are now on easy street. They don't have to borrow money. They haven't got loans out to their friends which they can't collect. All they have to do is come to the bank and draw on their savings account.

The past financial stringency has demonstrated the wisdom of keeping your money where you can use it when you need it. A bank account is your best friend. You don't have to press a friend or neighbor to pay you something. You only have to give your check for it.

Then your money earns something while it is waiting for you to use it.

We pay 5 per cent on savings and \$1 will start an account. You can add to it every month, every week or every day as you like.

JUNCTION HIGH SCHOOL NOTES

School started Monday after two weeks vacation. All the pupils seemed to have had a good time, by the way they have been talking about it.

Many of the pupils are suffering from bad colds and sore throats. Vann Martin has been absent part of this week on account of a bad cold.

Judge Baker came up Monday evening and gave all the school to understand that school would not close as had been reported. We are all glad that it is not.

Willie Bisset went home early Tuesday evening on account of a sore leg.

Minnie Jo Quick of Marfa, Texas, sister of Miss Love Quick, entered school Monday.

Thomas Taylor is back in school.

Watt Turner is absent this week. We do not know whether he has quit or not.

The program for the Biology Literary Society next meeting is as follows:

Debate: Resolved; that the state should appoint and maintain persons to instruct the

people in foods and dietetics.

Affirmative: Katie Wilson and Guy Munn.

Negative: Ruby Duderstadt and Lila Huffman.

Reading: Achsa Baker.

The Biology class is also going to put on a play some time in the near future.

TO THE VOTERS OF KIMBLE COUNTY.

I wish to announce to the voters of Kimble County that I am a candidate for the office of District and County Clerk, subject to the action of the Democratic Primaries to be held in July, 1922.

I am going to make the race for this office strictly on my own merits, and not on the demerits of any opponent I may have. I earnestly solicit the support and influence of the voters, and assure you that if I am elected to the office that I am asking for, you will always find me on the job with a determined effort to discharge the duties of the office in a manner that will be a credit to myself and the citizens of Kimble County, of which I will be a public servant.

Very truly yours,
W. D. (Turk) Kendrick.

BAPTIST CHURCH NOTES

The holidays were pleasant times around the Baptist Church.

Christmas day there were two good services with the Telegraph people, one at Evergreen and the other at Point.

At the monthly conference New Years day the church adopted a budget for the year 1922. The budget includes the pastor's salary, associated missions and incidental expenses. The total of the budget is the same as the church contributed to those objects last year. An every member canvass for pledges to this budget will soon be made, and it is hoped that every one will arrange to pay on the weekly plan. Envelopes for that purpose will be distributed.

Next Sunday the ordinance of the Lord's supper will be observed at the close of the morning services.

Sunday evening at 6:30 our B. Y. P. U. will be organized. The young people of the church should be there.

Monday evening of holiday week the girls' auxiliary gave a social to a group of friends at the pastor's home. Tuesday evening all the young people home from the schools were guests at the parsonage. They and their friends made up a group of nearly fifty that gave us a delightful evening.

CONDITIONS IN KIMBLE CO. COMPARE FAVORABLY WITH OTHER SECTIONS OF THE STATE

During the holidaye we made a trip of about a thousand miles thru central and north-west Texas. From here, north east to Dublin and north to Spur and Lubbock the county is very dry and people more or less disheartened. In the plains country where cotton and wheat are the principal crops, they have not had rains to bring up fall wheat or put a season in the ground for the spring planting. We saw several large farms of from 500 to 2,000 acres that had been planted to wheat, that did not have enough moisture to sprout the grain. The cotton growing sections are perhaps in a little better financial condition than we are in the stock raising country. Many cities that depend on artificial lakes for water, are facing a serious problem. Brownwood has only about another month's supply in sight. At Winters we were unable to get water to keep a Ford going. They only have water during two hours in each day, and can use it only for drinking purposes. In Runnels and Concho counties stock water is very scarce. Two ranchmen told us they were driving their cattle three miles every day for water, and that the cattle were falling off so fast that they were going to begin hauling water. Roads are in bad condition all over the sections we visited, especially those that have been constructed this year, and have never had an opportunity to settle. Many good highways that cost from \$3,000 to \$8,000 per mile are in an almost impassable condition.

It is our unbiased opinion that Kimble County will "come back" as quickly as any other part of the state, and that it has, by reason of its varied resources a better chance to withstand the present stringency than any place we have seen.

Of the forty or fifty towns we stopped in, we were unable to find any place within two or three times the population of Junction, that had a printing and newspaper plant that would in any way compare with ours.

Most towns the size of this have only hand power equipment, and get out a paper under rather difficult conditions. We also found that the Eagle is going into from two to three times as many homes, as any other paper in a town the size of Junction.

At last political prisoners have been released, including E. V. Debs. Of all nations involved in the war, we are the last one to take this step. But better late than never.—Fredricksburg Standard.

It may be true that we are the last! Would to God we had never taken the step! To pardon and release slackers and other war time violators is to encourage violations for the fu-

ture, so that in case of another war, those who did not appreciate the liberties of this country, and who would seek to destroy it and lend aid to its enemies, would feel that with perhaps only a short prison term they would be released and as a result of this laxness, there would be no limit to the disorder and open revolt in this land. No man deserves so much condemnation and punishment as the man that openly betrays his country in a time like we experienced when these "political offenders" took a hand to prevent the successful operation of our war machinery.

To pardon men who would withdraw support from the American Boys that protected and saved this country, in spite of the efforts of these so called "political offenders," is to openly insult every man who wore the uniform of this country, and every mother that gave her son that this country might live. It can be nothing more than placing a premium on disloyalty and a halo about the head of the slacker.

A BUSINESS MAN'S ERROR

A MERCHANT in another city thought he would improve his credit by opening new checking accounts with three banks instead of giving one bank all his business.

When this man wanted to borrow more money he found that none of these banks considered themselves under obligation to take care of him.

This man had seriously hurt his credit because none of these banks could know all about his business affairs when he scattered his business among several banks. The man who is in trouble often tries to deceive his bank as by having more than one bank account—but it is a plan that seldom pays.

Perfect co-operation from your banker comes when he fully understands your problems.

Manufacturer's Standard Warranty

(Approved by the Tire Manufacturers' Division of The Rubber Association of America, Inc.)

We do not guarantee pneumatic automobile tires for any specific mileage, but every pneumatic tire bearing our name and serial number is warranted by us to be free from defects in workmanship or material.

Tires claimed to be defective will be received only when all transportation charges are prepaid, and when accompanied by this company's claim form duly signed and filled out by owner. If, upon examination, it is our judgement that the direct cause of the failure of the tire to render satisfactory service is attributable to faulty material or workmanship, we will, at our option, either repair the tire or replace it for a charge which will compensate for the service rendered by the returned tire, based upon its general appearance and condition.

Pneumatic automobile tires in which a substitute for air has been used, tires used when not inflated to the pressure recommended by us, used under loads in excess of those recommended by us, used on wheels out of alignment, abused or misused, or which have been injured through accident or design, are not subject to claim hereunder.

Break a dollar bill and what happens to the change

It disappears, that's a cinch, but you don't know where. Just a nickle spent here, a dime there, a quarter or so somewhere else—and the dollar is shot—you know how it happens with you.

And the mysterious habit of dollars to vanish by dimes can be reversed into a magical way of making dimes bring dollars to you, if you will begin the New Year right, by trading with a house that you can always depend upon in selling you merchandise you will need throughout the year at a fair and legitimate profit.

Our buying is done with the utmost care. Quality is always taken in consideration first—then the price. So when you buy from us you are assured of correct prices and clean, wholesome, Standard Brand merchandise at all times.

We buy your produce at highest market value at all times, and sell you merchandise of Quality, at the smallest profit that is consistent with sound business principles.

TO THE VOTERS OF KIMBLE COUNTY

In this issue of this paper will be found my announcement for the office of Sheriff and Tax Collector of Kimble County. I have been living in the London Community for the past six years, and was formerly a resident of Mason County, where I was raised. In Mason County I held the office of Sheriff for six years, and previous to that time I was a deputy under my father for ten years.

I feel that by reason of my training and experience that I can fill the office of Sheriff to the satisfaction of all concerned. I have filled the office elsewhere to the satisfaction of my many friends and electors and should I be elected in Kimble County, I feel that I can make you a capable and efficient officer in the enforcement of the laws and one that you will always find it a pleasure to do business with.

I ask that you give my candidacy your careful consideration.

**METHODIST CHURCH
WEEKLY NOTES**

The holidays have passed and we have entered into the New Year with cheerful hearts.

Let's live today and not in the past. Live today and plan for the future is real earnest life.

We thank our Heavenly Father for his blessing upon us and our efforts last year to build up his Kingdom. In the beginning of this year, we pause, to ask Our Father's directions for this year's work.

We are planning and praying for an old time Holy Ghost revival that will reach every man, woman and child in and around Junction. I trust that our membership each day shall send a petition to the throne for this revival.

Our greatest need is Jesus Christ enthroned in the heart.

I trust that every organization of the church will gird themselves for greater service this year.

Let the Sunday school boast its work, and every class strive to be the largest and best. We need Church pride and enthusiasm. This age laughs at sin and thinks it a very small thing, whereas it is a awful thing to sin against God.

The Church of the living God must gird herself and challenge the spirit of the age and condemn its sins.

We expect to hold our revival meeting beginning April the 30—fifth Sunday and carry it over the second Sunday.

We, the teachers of Kimble County, wish to offer the following resolutions to those who have helped us to make this the best Institute in the history of the county. We wish to extend our thanks and appreciation.

1. To the professional men who added so much to our entertainment and instruction; and especially to the Reverends Marsh, McIntyre, and Durst for their lectures on Tuberculosis, Christian Education, and The History of Education in Kimble County, respectively.

2. To the Parent-Teachers Association of Junction for the bountiful feed furnished us on Tuesday evening, and we recommend that all schools throughout the county encourage the organization of similar club in their respective communities.

3. To Judge Baker for the interest he is manifesting toward the schools of the county, and for the instructive program of the Institute, and especially for the inter-school debate movement instituted by him; and herein extend our congratulations to the participants in the debates just closed.

In conclusion, we wish to go on record as favoring a joint Institute for next year, here or elsewhere, that we may be enabled to secure even better speakers and so arouse even greater interest among our people toward education.

Respectfully submitted,

Word was received Wednesday evening that Henry Rabe of San Antonio was accidentally shot in the leg that morning at Ross Beasley's ranch on the Divide, where he was on a turkey hunt. A 30-30 rifle was accidentally discharged, the ball striking young Rabe in the fleshy part of the leg, making a painful but not serious wound. Medical attention was summoned from here and the young man will be a guest at the ranch until he recovers sufficiently to make the trip to his home in San Antonio.—Mountain Sun.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did take Cardui. It may help you, too. At all drugists. D 35
