Unloading the Wind's Damage

City employes J. T. Moore and Henry Ruth unload one of the scores of truck loads of tree limbs carried to the city dump Tuesday. The tree wreckage was the aftermath of high winds that blew on the city with rain Monday afternoon.

TORNADO CLOUD SIGHTED

Winds Cause Damage as County Gets More Rain

June's quick change weather played hopscotch across Mitchell County this week with a variety that included cloudbursts, windstorms, light showers and fall temperature.

Rain—accompanied by high winds — covered most of the county Monday afternoon, although it amounted only to a sprinkle in some areas.

Storm conditions the same afternoon — included a small tornado cloud near Colorado City — caused damage to buildings and crops in the county's southwest section.

And stiff winds chilling the temperature down to the 60's Wednesday added more damage to some crops.

Here in Colorado City the official rain gauge measured .42 - inch Monday afternoon. And city crews have been busy all week hauling away tree limbs torn away by the wind.

But in the area south of Westbrook and extending into Spade community, clouds dumped almost three inches of rain in spots.

Roof was blown from the garage at Ross Hargrove's residence as Spade, the same happened at the home of Homer Caldwell at Westbrook, and roofing was damaged on Jinks Powell property eight miles southwest of Westbrook, where up to three inches of rain fell.

Some crops were knocked out by a combination of wind, hail and rain in the southwestern area. And several persons reported trees were twisted and broken.

Bill Oyler, city water superintendent who serves as an observer for the local tornado warning service spotted a tornado cloud for several seconds Monday afternoon. The cloud was observed on the outskirts of the city, but apparently did not strike the ground.

Rain reports across the county for Tuesday afternoon include:

Price Hendrix, two miles south of Westbrook: 1.9 inches of rain. High wind and sand Wednesday hurt crops more than wind and hail Monday.

Sun Plant, at Silver: Only .20-inch rainfall Monday, but with high winds.

Raymond Watlington, Buford area north of Colorado City: Small rainfall with high winds, sand but no rain. About .70 on Watlington leased acreage near China Grove.

Bruce Byrne, south of Loraine: Only .10-inch rain Monday. High winds, but no damage.

J. C. Northcutt, Spade community southwest of Colorado City: Rain amounted to 1.61 Monday. High winds and small amount of hail, too.

Charles Williams, Payne community south of city: Shower Monday with some wind.

Spade Ranch, southwest corner of county: Total of 1.25 inches of rain Monday with high winds breaking trees.

K. L. Taylor, Loraine: Rain amounted to .40-inch Monday with high winds, but no damage. About the same reported immediately north and south of Loraine.

MASONIC CEREMONY

Oyler Installed As Lodge Master

Wilford Oyler, employe of Col-Tex Refining Company, has been installed as worshipful master of Mitchell Masonic Lodge No. 563 A.F.&A.M.

Installation of Oyler and other officers of the lodge was conducted Tuesday night in Masonic Hall.

The ceremony was at an open meeting attended by Masons, their wives and interested friends.

Other officers installed with Oyler were J. W. Wiggins, senior warden; B. J. (Bob) Williams, junior warden; Gus D. Chesney, treasurer; Edwin J. Moeser, secretary.

W. F. (Bill) Oyler, senior deacon; Morris Williams, junior deacon; Wayland Webb, chaplain; Ben Sparks, senior steward; B. D. Mason, junior steward, and Tom Terry, tiler.

Installing officer for the ceremony was L. B. Elliott, past worshipful master of the lodge. W. F. (Bill) Hague of Lamesa, former Colorado City

Mrs. Jones Funeral at Westbrook

Mrs. J. S. Jones, 64, of Route 1, Westbrook, died Monday morning at her home following a short illness.

Mrs. Jones was born in Milam County April 5, 1894. She married J. S. Jones at Eastland in 1922. They moved to Mitchell County in 1943 where Mr. Jones has been engaged in farming in the Westbrook Community.

Graveside rites were held at 2:30 p. m. Tuesday in Westbrook Cemetery with Rev. L. P. Lee officiating, assisted by Hubert Barr.

Mrs. Jones is survived by her husband.

Pallbearers were Anson Henderson, N. W. Stokes, P. E. Clawson and W. W. Davis.

Cemetery Work Set Monday at Dunn

A cemetery working is scheduled Monday at Dunn Cemetery.

The all-day project will begin at 8 a. m., according to Mrs. Joe Hairston.

All persons in the area are urged to participate in the work, she said. Workers are to provide their own hoes and rakes.

LOCAL OFFICERS

Lions' Governor To Install Here

District Governor Duke Jimerson of Midland will install new Lions officers here Friday evening in Civic House.

The installation and ladies night dinner will begin at 7:30 o'clock.

Musical feature for the program will be the Simple Tones, Abilene quartet and finalists in the district singing competition of Society for Preservation & Encouragement of Barber Shop Quartet Singing in America.

Heading the list of Lions officers who will be installed by Jimerson is Jeff Taylor, who will succeed Eldon Mahon as president.

Other officers will be Ross Daniel, first vice president; Dr. W. S. (Bill) Rhode, second vice president; J. S. (Jess) Craddock Sr., third vice president; Ira Uttz, secretary-treasurer; Bennie Frank, tail-twister; Bob Reily, Lion tamer; D. M. (Jake) Merritt and Gus Chesney, new directors.

Holdover directors are Charles Root and Willie Landau.

School Tax Remains $1.35 Despite Increased Budget

Rate Decided in Special Meeting

Colorado Independent School District is holding the line on taxes for 1958-59 despite an increase in operational expense and a slight drop in oil property tax valuations.

Tax rate for the ensuing year will be $1.35 per $100 valuation—the same as the school year ending in August.

The district's board of trustees set the rate during a special meeting at the School Administration Office.

Possibility of a tax rate increase was sidestepped successfully because:

1. Expectation of a good roundup of delinquent taxes. A campaign already has been started by special legal counsel.

2. Expectation for high rate of regular collection on the current tax roll next year.

3. Sound budget operation during the year now ending that will leave a balance of about $23,000 for the new school year.

4. Reduction in financing necessary for paying out the district's bonded indebtedness, which will allow about six cents more of each tax dollar to go for actual operational expenses.

Budget for the 1958-59 school year is still being studied by the school board and will not be up for final consideration probably for several weeks.

But here is a capsule look at what the school system will spend and what it will take to pay those expenses:

Total expenditure for 1958-59 will be approximately $630,000 — approximately $36,000 more than last year.

New budget will require approximately $555,000 for operation and about $85,000 for bond debt service. This year the total expenditures will close out approximately $596,000 with $522,000 for operational costs.

District tax valuations for 1958-59 will total approximately $19,800,000 — a smaller valuation than the current year's $19,950,000. Decrease is credited mainly to lower oil valuations as Texas production declines.

The $1.35 tax rate will be divided 32 cents for bond debt service and $103 for school operation.

Income from the tax rate is estimated to bring in about $266,000 for the schools. State funds will provide approximately $333,000.

Colorado City's school tax rate of $1.35 compared with $1.85 at Westbrook, $1.50 at Loraine, $1.35 at Sweetwater, $1.50 at Lamesa, $1.77 at Big Spring, $1.42 at Snyder, $1.50 at Hermleigh, $1.50 at Ira and $1.50 at Fluvanna.

Visiting Friends

Mrs. G. A. Horton and daughter, Marilyn, left Friday morning for a week's visit in the home of friends in Austin and San Antonio.

In Austin they were to visit Mr. and Mrs. W. H. Shelley, former Colorado City residents.

Funeral Rites Here for H. G. Reese

Funeral services were conducted Thursday morning at 10:30 at 5t and Elm Street Church of Christ for Henry Grady Reese, 65.

W. E. Burkham, minister, officiated, assisted by James Eubanks of Big Spring.

Reese died Tuesday night in a Big Spring hospital following a lengthy illness.

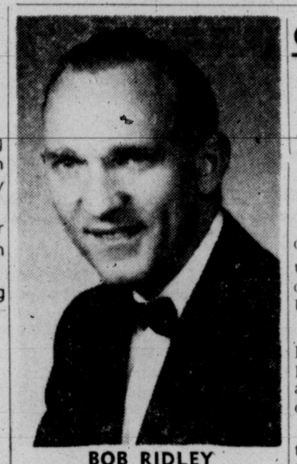

He was born in Nashville, Ark., Nov. 21, 1892, and moved to Mitchell County 60 years ago as a child.

Reese and Myrtle Powell were married at Coahoma Dec. 4, 1811. They farmed in Mitchell County until moving to Ackerly about 20 years ago.

Reese retired from farming about a year ago and the couple moved to Colorado City to make their home at 1431 Waco Street.

Reese is survived by his parents, Mr. and Mrs. E. M. Reese of Ackerly; his wife, Mrs. Myrtle Reese of Colorado City; three daughters, Mrs. Brady (Pete) Warren of Colorado City, Mrs. J. D. Carroll of San Angelo and Mrs. H. A. Locke of Teheran, Iran; a foster son, Perry Wyatt of

BOB RIDLEY
New Manager.

FROM SAN ANGELO

Bob Ridley New Penney Manager

Bob Ridley, 34, is the new manager of Colorado City's J. C. Penney store.

Ridley, assistant manager at the San Angelo Penney store for the past four years, took over his new position here Wednesday.

He replaces Glover Rader who transferred to the Corsicana store.

Ridley has been with Penney's for 17 years, starting to work in his home town-Tulsa, Okla.

He entered the service February 1, 1943, serving with the 86th Infantry Division with overseas action in the European and Asiatic-Pacific Theatres.

Ridley returned to Penny's following World War II, but was recalled to active duty in 1950, serving one year overseas in Korea.

In 1954, he was transfered to San Angelo as assistant manager.

Ridley and his wife, Penny, are both natives of Tulsa. They have three children—a daughter, 10; boy, 7; and a daughter, 10 months.

They are members of the Baptist Church.

Ridley said his family will move here Tuesday from San Angelo. They will reside at 1437 Walnut St.

CITIZENS' PROJECT

City Clean Up Starts Friday

Chamber of Commerce officials and Jaycees Thursday urged citizens to join the community's Clean Up, Paint Up, Fix Up Week.

The big project, designed to provide the city a fresh appearance at home as well as at work, starts officially Friday.

And the campaign will continue through Thursday, July 3.

Setting the example for the clean up will be Jaycees, who will provide a new look for Civic House, and the city's two large civic clubs—Lions and Kiwanis.

Infact, the Lions have issued a challenge to Kiwanians, who quickly accepted, for a street sweeping contest. The sweeping competition will be throughout the downtown business area.

At the same time Dr. H. Jene Steakley, chairman of the chamber's civic improvement committee, urged individuals and, firms, organizations and churches to join in the Clean Up, Paint Up, Fix Up Week.

Reminders for the public to join the clean up, paint up, fix up program will be placed throughout the city this week by Chamber of Commerce.

There even will be a "talking" trash can in the 100 block of E. Second.

"The aim will be to encourage home and property owners to take the initiative in doing those odd jobs, the fixing-up and improvements that have been put off around the house and business," Steakley said.

"Particular emphasis will be placed, too," he said, "for cleaning up alley areas."

City crews will cooperate with Clean Up, Paint Up, Fix Up Week by hauling away the trash that is gathered up by cooperating citizens.

For small fee, too, city crews will mow vacant lots where weeds and grass have grown unsightly or as a hazard.

Mother of Mrs. Gunning Buried Here

Mrs. Ruth M. Irons, 64, mother of Record Women's Editor, Mrs. Joe M. Gunning, died Saturday evening in a New Orleans, La., hospital following a short illness.

Funeral services were conducted in New Orleans Sunday afternoon with graveside rites Tuesday morning at 10:30 in the Colorado City Cemetery, Rev J. F. Scheraig, pastor of First Baptist Church, officiated.

Mrs. Irons was born in Monmouth, Ill., Aug. 14, 1893. She had lived in New Orleans for 15 years and was a member of the First Baptist Church there.

She is survived by one daughter, Mrs. Gunning, 1432 Waco; one son, Robert Jones of New Orleans; a grandson, Joe M. Gunning Jr. of Camp Pendleton, Cal., and a sister, Mrs. Margaret Leader of Sidney, Neb.

Pallbearers were Trevor Crawford, Roy Fox, Joe Bell, L. S. Girvin Jr., Newby Pratt and Farris Lipps.

Jones Studies At Waring's Workshop

Don Jones, minister of music at the First Baptist Church, has returned from the Fred Waring Workshop in Dallas.

Jones was one of 156 choral directors and singers from 15 states that attended the one-week workshop on the SMU campus.

This is the only workshop which Waring, the noted musician, holds on the road during the summer.

The group studied the Waring system of tone, choral techniques, staging and lighting, plus singing new numbers developed by Waring.

TO MAP PROMOTION

Highway Leaders Due Here Friday

Officials of Highway 80 Association's Central Division will meet here Friday morning.

On their agenda will be a review of the division's entire work for promotion of Highway 80, according to Ernest Larmer.

Larmer, local Chamber of Commerce manager, was elected secretary-treasurer of the Highway 80 Central Division at a recent meeting in Abilene.

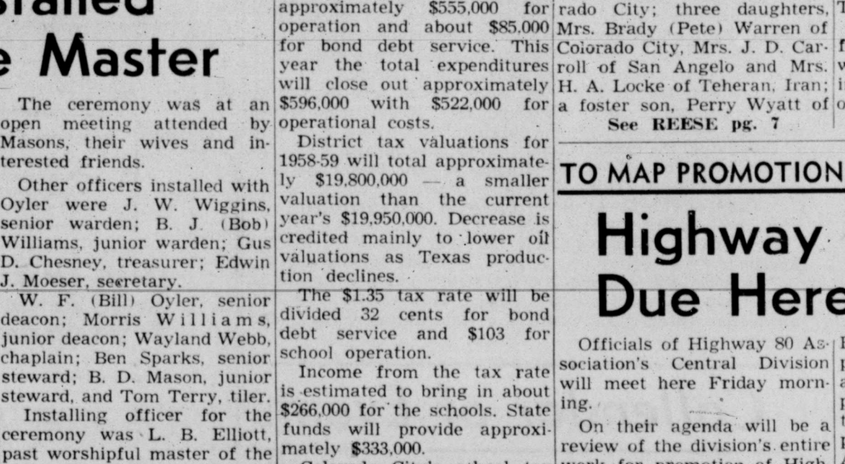

Heading the group of division officers here Friday will be Grady Hughes of Abilene, the new president; Morris George of Ranger, vice president, and Jess Hayes of El Paso, also vice president.

The Highway 80 Association learned from Texas Highway Commission Chairman Marshall Formby that Interstate Highway 20 signs will be placed on Highway 80 as soon as a 75-mile stretch is completed to interstate specifications. This will require completion of a bypass route at Abilene or Sweetwater.

A total of $135,000,000 in construction is under contract or has been approved for contract on Highway 80 in Texas.

And the state highway commissioner estimates that $500,000,000 will be spent on Highway 80 in Texas before the end of the current 16-year

'WONDERFUL COOPERATION'

Work Moves Ahead for City's Little League Memorial Park

Work is progressing rapidly on the Jaycee-sponsored Little League Memorial Park.

Joe Salter, chairman of the Jaycees' Youth Activities Committee, said Colorado City businesses are "cooperating wonderfully" in donating labor and equipment for the field located east of Ruddick Park near the Rodeo Grounds.

County Commissioner Sam Thompson and his crew were digging ditches Thursday in order that a Jaycee work detail can lay a one-inch pipe to the new field Saturday morning. The pipe will carry water 400-feet from a Ruddick Park connection to the field site.

Grass seed is to be planted in the near future, Salter said.

Five local firms have helped in levelling and smoothing the field. Hudson-Sparks Construction Co., H. S. Weaver Construction Co. and J. C. Windham Pipe Line Construction Co. have all donated use of bulldozers and operators fod eight hours each while the Colorado City Street Department has donated use of a maintainer and operator for approximafely 20 hours work on the field.

Merket Bros. Implement Co. donated use of a tractor and Weaver donated a roller to smooth the field.

Colorado Machine Shop has donated the use of a machine and an operator for cutting the large supply of two-inch pipe donated by Col-Tex Refining Co.

The pipe is being used to construct two bleachers, each 48 feet long and five seats high.

In addition to the pipe, Col-Tex is also donating use of a welding machine, welding rods and wire plus lumber for the seats—all costing approximately $1,000.

Several local welders have agreed to donate their labor in constructing the bleachers at the field site.

Caddell Transit Corporation donated the use of a truck for transporting the pipe from Col-Tex to the Machine Shop.

Humble Oil and Refining Co. has consented to furnish material and labor for construction of the backstop.

A modern concession stand is to be built behind the backstop with the announcers booth built on top of the concession stand.

Lights and poles are to be erected at the field in the near future with Colorado Sand & Gravel donating the sand and gravel for cementing the poles in the ground.

Chamber of Commerce's Civic Development Committee has consented to sell advertisements for the wooden outfield fence.

AFTER 16 YEARS

Move to Irving Ends 'School Days' Here for Ed WIlliamses

The Ed Williams family is packing up and moving to Irving.

Before the weekend is over they will be settled in their new home.

And, soon, Mr. Williams will begin duties as principal of Irving High School. Mrs. Williams will be seventh grade English teacher in junior high there.

While Mr. and Mrs. Williams and their sons, Billy and Bobby, have been busy with moving details, they still have been able to sandwich in numerous farewell courtesies hosted by their friends.

The move to Irving will terminate more than 16 years of association for the Williams family with Colorado City public schools.

Mr. Williams, until his resignation effective Sept. 1, 1957, was for 15 years either superintendent or acting superintendent here. During his tenure as administrative head of local schools, the district increased in area from 29 to 420 square miles and jumped its assessed tax valuations from $4,000,000 to $19,500,000.

During the last year he was schools special services officer.

In speaking of his years in Colorado City Williams said: "Our years of service in the public school system and the community have been a very enriching experience.

"It has been a pleasure to work with the school system as it has grown in scholastic population, in area, in buildings and financially. And as we leave this community we would like to wish for the school and community continued progress."

"Not only have our 15 years of residence here meant position for us," Mrs. Williams added, "but also a very special time of our family life.

"We owe a great deal to the church," she continued, "the school and other fine cultural activities that the community has offered us, and, particularly, I appreciate the more than 2000 boys and girls whom I have taught and with whom I have spent so much of this time. "Each day I learned from them to be a little better person."

Club Members Fete Mrs. Ed Williams

Chairman of the yearbook committee is Mrs. R. M. Reed.

The library committee reported that the Self Culture Club had cleaned the Federation Library this week.

Pledge to the flag and opening prayer was led by Mrs. L. B. Elliott.

Sixteen members and one guest attended. Guest was Mrs. Daylon Bruce, daughter of Mrs. L. J. Taylor. Members were Mrs. Earl Brown, Mrs. John Brown, Mrs. Roy Davis Coles, Mrs. D. H. Davis, Mrs. L. B. Elliott, Mrs. C. P. Gary, Mrs. A. A. Herrington, Mrs. Leslie Keith, Mrs. R. M. Reed, Mrs. J. L. Strain, Mrs. L. A. Strain, Mrs. L. J. Taylor, Mrs. Charles Wakefield, Mrs. Willie Whitmore, Mrs. E. L. Tiller and the honored member Mrs. Williams.

* * *

Mr. and Mrs. Ed Williams were honored Tuesday night with a farewell dinner in the home of Mr. and Mrs. Eldon Mahon, 1508 Dallas St.

Attending the dinner were Mr. and Mrs. J. S. (Jay) Craddock Jr., Mr. and Mrs George Witten, Dr. and Mrs Bill Rhode, Mr. and Mrs. Curtis Latimer and Bobby Williams.

Mrs. Ed Williams was honored with a coffee Wednesday morning by members of the Self Culture Club in the home of the club president, Mrs. Charles Wakefield.

The serving table was laid with a cutwork table cloth and silver and crystal appointments.

The group was served breakfast fruit, hot pecan rolls and coffee.

A gift was presented to Mrs. Williams on behalf of the club by Mrs. L. J. Taylor.

A vote of appreciation was extended to Mrs. Williams, who is moving to Irving, for her contribution to the club during her years of membership.

During the short business session, presided over by Mrs. Wakefield, several committees reported on their work.

The yearbook committee read their recommended programs for the coming year of study, which will begin Sept. 5. The club voted to accept the yearbook as read.

PLANS BOOK REVIEW

Club Hears Egg Law Discussion

Mrs. C. N. Adams and Mrs. Louis Rees discussed the Texas egg law Friday in their program for the Carr Home Demonstration Club.

Meeting was in the home of Mrs. Keith Williamson.

The pair told ways to determined the grade of an egg and emphasized that egg producers who claimed a certain grade for their eggs must have a state license.

Mrs. Rees also discussed ways to prepare corn meal and grits. She stated that low income families use far more corn meal than higher income families.

During the business meeting the club voted for a countywide book review which will be scheduled for the August meeting.

A report sheet of the club's work was filled out during the meeting.

Mrs. Ruth Airhart led the group in singing the club song and Mrs. Williamson said the prayer.

Refresments of cake, cookies, ice cream and soft drinks were served to five visitors and the members.

Visitors were Mrs. L. Hazelwood, Mrs. A. G. Anderson, Miss Sandra Langley, Miss Janella Williamson and Miss Glenda Jo Rees.

Members attending were Mrs. Tom Jackson, Mrs. John Latty, Mrs. Don Henderson, Mrs. T. L. McKenney, Mrs. F. A. Langley, Mrs. Airhart, Mrs. C. N. Adams, Mrs. Rees and the hostess, Mrs. Williamson.

Next meeting will be in the home of Mrs. Airhart, Tuesday, July 8.

Beauty Shop Opened By Mrs. Hutchings

Mrs. Ruby Hutchings, a veteran beauty operator here, has opened her own shop at Sixth and Chestnut St.

The new shop — with all new equipment — is named the Vogue Beauty Shop.

Assisting Mrs. Hutchings will be Mrs. Viola Perry of Longview, also an experienced beautician.

IN FIRST BAPTIST PROGRAM

WMU Urges Responsibility to Today's Youth Around World

"On the Threshold of Life" was the topic of the program presented to the Women's Missionary Union of the First Baptist Church at their meeting June 17.

Program leader was Mrs. Johnny Walker, who was assisted by Mrs. Norman Sanders, Mrs. J. F. Selcraig, Mrs. Fred McKay, Mrs. Ed Rothwell, and Mrs. Al Byrd.

Mrs. Walker empasized the vastness of the opportunity to assist with youth in the United States and throughout the world today.

"In our own counfry alone," she pointed out, "there are more than 20 million young people between the ages of 15 and 24.

"These, with millions in other lands, stand on the threshold of life."

The WMU program declared the urgency and importance of viewing these youth today so that citizens may:

(1) Realize the bigness of youth movements around the world.

(2) Know some definite ways in which our young people measure up to responsibilities.

(3) Understand some of the problems youth faces as it seeks to be actively Christian.

(4) Appreciate the loyalty and fearlessness of many who are bearing burdens and facing difficulties.

(5) Feel a responsibility for encouraging, helping, and praying for our youth as they seek to find God's will for their lives.

In stressing the importance of teaching the Bible and Christian virtues in the home, Dr. T. F. Adams, president of the Baptist World Alliance, said that Christianity is always within one generation of extinction, the women were told.

Mrs. Fred McKay, chairman of the Estelle Freeland Circle, was crowned "Queen for a Day" as her circle had the most members attending. She was presented the W. M. U. pin, which she will wear for a month. Each member of the circle was presented with gifts.

Attending were Mrs. Sanders, Mrs. Selcraig, Mrs. McKay, Mrs. Rothwell, Mrs. Byrd, Mrs. C. H. Graham, Mrs. Johnny Walker, Mrs. M. M. Iglehart, Mrs. Paul Cooper, Mrs. B. W. Scott, Mrs. G. W. Dunn, and Mrs. Frank Webber.

The next meeting will be July 1.

Mrs. Mahon To Chairman TB Seal Sale

Mrs. Eldon Mahon will head the Mitchell County Tuberculosis Association's Christmas Seal sale here this year.

Mrs. Mahon accepted the chairmanship this week, said Mrs. C. P. Gary, executive secretary of the Mitchell County TB Association.

Plans for the seal sale were made last week at a regional meeting in Abilene.

Mrs. Gary and Mrs. Bruce Johnson of Loraine, president of the county association, attended the meeting in the Wooten Hotel where representatives from 14 counties gathered to outline sale plans.

The association voted to hold their meeting next May in Colorado City at the Baker Hotel, after Mrs. Johnson and Mrs. Gary extended an invitation to the group.

Insects comprise the largest group of all living creatures.

Larmer Name To Industry Study Group

Ernest Larmer, manager of the Colorado City Chamber of Commerce, has been selected on a special sub-committee of the West Texas Chamber of Commerce to suggest ways and means for the region chamber to assist and encourage the industrial development of the region.

He and 15 other West Texas chamber executives will meet in Abilene, Friday to map projects for the WTCC's Industrial Development Committee.

According to E. L. Buelow of Abilene, chairman of the committee, one of the projects to be discussed concerns the newly organized West Texas Industrial Council, a special committee composed of industrial developments experts representing West Texas utility and railway companies.

Buelow said a similar committee, composed of managers from a different group of cities, planned the committee's program of work last year.

The meeting is scheduled for noon in the Wooten Hotel in Abilene. A similar meeting will be conducted for the same purpose in Childress on July 11, Buelow added.

interstate highway program.

With the completion of the Highway 80 (Interstate 20) development, a motorist will be able to travel from El Paso to Marshall without a stop signal.

Larmer said the Highway 80 Central Division will continue to maintain large highway signs to route traffic over Highway 80 between El Paso and Las Cruces, N. M., and east of Weatherford.

To be discussed here Friday will be ways to obtain Highway 80 strip maps for distribution on the East and West Coasts.

INDIANS FALLING BEHIND

Giants Win Initial Game As Pirates Nip Yankess

Giants won their first game of the season Tuesday night, whipping the faltering Indians, 8-3.

Pirates increased their league lead with a 9-6 win over the Yankees.

The victory-hungry Giants used the four-hit pitching of Skipper Warren and Denzil Pendergrass to throttle the Indians. The Giant batsmen hit hurlers Bill McGuire and Bobby Cupp for six hits in compiling the eight runs.

Giants struck for three runs in the second frame as Larry Hamner, Phil Ball and Geiger all connected for singles, followed by Pendergrass' double.

In the third, Giants added their final five runs. Hamner, Ball and Elton Davis all walked in a row with Geiger pounding a single. Warren and David McKay walked and an Indian error completed the Giant scoring.

Indians scored all three of their runs in the third. Kenneth Feaster walked, Melvin Williams singled, McGuire used a Giant error to reach base and Joe Wallace capped it off with a single.

The Giants' third sacker, McKay, was robbed of a home run in the fifth inning. He knocked the ball over the fence and his teammates raced to home plate to congratulate him. But McKay was called out when the umpire ruled that his teammates were causing interference.

Geiger led the Giants at the plate with two hits in three trips while Cupp batted one for one in the Indian lineup.

Pirates scored all their runs in the second inning to knock the Yankees, 9-6.

The Pirates, leading the league with an 8-1 record, started the second frame off with Danny Kennemur's single. Leon Sweatt followed with a single, David Salter singled, Pete Garrett doubled, Gary Jones singled, Wayland Moore singled and Sweat whammed a home run in his second time at bat in the inning.

When the smoke cleared, the Yanks were behind 9-0

The Yanks rallied for four runs in their half of the second. Freddie Fox singled, Ronald Rothwell walked, Joe Anderson singled, Ivory Christian used a fielders choice to reach first and Ronnie Hillhouse took advantage of a Pirate error to reach base.

After giving up the nine runs to the Pirates, the Yanks' hurler Joe Anderson settled down to hold the Pirates scoreles. Anderson got relief pitching work from Reggie Noble from the fourth through the seventh innings.

Yanks scored two runs in the sixth inning with Christian and Wayne Parham crossing the plate. Hillhouse walked, Fox singled and Rothwell walked to fill the sacks but the Pirate hurler Dale Walker bore down to srike out the last batter Mike Mundy, and retire the sides.

Frank Biggers handled the first three innings for the Pirates, giving up three hits. Walker handled the final three stanzas, allowing two hits.

ONE-SIDED RACE IN PONY LEAGUE

Sox Rally Beats Cards 9-4; Athletics Win in 16-2 Game

The same two teams made all the big noise in the Pony League this week.

They are the White Sox and Athletics, who have yet to lose a game to the other two clubs in the league. White Sox are still undefeated after 11 games and the Athletics have a 7-4 record with all four losses to the Sox.

The Sox had unexpected trouble Monday night with the Cardinals, falling behind for four innings before pulling a rally to win, 9-4.

Athletics had no trouble at all, whipping the bottom-place Braves, 16-2.

In the Sox-Card game, the Cardinals leaped ahead 2-0 in the second inning with three hits off Sox hurler Thomas Vest. Fred Montis started the ball to rolling for the Cards with a single. Schaffer and Robert Cade got on base on fielders choice and Kenneth Cannon followed with a single with Montis and Schaffer scoring.

Cloud score for the Cards in the third after being hit by a pitched ball and circling the bases on pass balls.

Sox managed two runs in the fourth to pull within one run of the Cards. It was the Sox pitcher Vest who accounted for the runs with a homer over the fence with a man on base.

Cards leaped ahead 4-2 in top of the fifth as Willie Joe Smith scored after socking a double.

But ten the Sox power came alive in bottom of the fifth for five runs to go ahead 7-4. It was a couple of errors, walks, and hits by Moises Garcia and Vest that spearheaded the Sox drive for five runs.

Sox rally cinched the game in the sixth with runs by Barney Barnett and Steve Hillhouse.

Daniel Garcia went the pitching route for the Cards, giving up seven hits while Vest allowed the Cards only four hits.

* * *

Charles Houston pitched a three-hit game as the Athletics downed the Braves 16-2

Houston's teammates got 10 hits off Brave hurlers Kenneth Stinson and Max Connell.

Athletics scored in every inning, with three runs in each the first, second, and fourth frames. The final inning — the sixth — was the biggest inning with four runs.

Curtiss Scott was the batting hero of the Athletics with two home runs — one in the fifth and another in the sixth.

Bill Bird had a good night at the plate, collecting three singles in four trips.

Connell and David Garcia scored the two Brave runs in the fourth. Connell used an error to reach first and Garcia socked a double. Stinson helped with a ringing double.

Oilers Defeat Windham, 4-1

Windham Pipe Line softball team lost a close 4-1 decision to the Sweetwater Oilers Monday night.

It was three runs by the Oilers in the bottom of the seventh that won the game.

Oilers had taken a 1-0 lead in the fourth frame when shortstop Black walked and scored on Hagerton's safrifice.

The Pipe Liners tied up the game at 1-1 in the fifth when Herring walked and scored on Lynrae Carpenter's double.

In the seventh, two Pipe Line errors plus a single enabled the Oilers to score their winning runs.

Gene Parham started on the Pipe Line mound but had relief work from Jimmy Cawthron.

Chance To Sweep Part Of Our Neglect

Maybe you never stopped really to think what causes a slum here in Colorado City or some distant metropolitan center.

Though buildings are slums, they don't cause blight; They are its result. Only people can create a slum — can turn a building into a city disgrace.

A person who lets a rotting step continue to decay, who allows paint to peel off and disappear, who heaps junk in the corner of the yard is a slum-maker.

So the real roots of a slum dwell in human indifference — indifference to themselves, their surroundings, their neighbors, and their city.

The first step to curtail the growth of slums is to strike at the roots. Through the Clean Up-Paint Up-Fix Up program, starting Friday, civic disregard is spotlighted and frowned upon. The habits of cleanliness and good order are stressed and reemphasized and actively demonstrated.

While some people will never respond to a challenge for betterment, many will realize the benefit to themselves and practice the Clean Up slogans.

Not least of all, you and I, who have drifted into a bit of neglect and inaction, too, will answer the call and tidy up.

Clean Up-Paint Up-Fix Up is the time to strike the first blow against the curse communities — large or small — the slum.

How About U.S. 80

By the narrow margin of only one vote, West Texas Chamber of Commerce board of directors last week decided against an endorsement for state supported industrial and tourist advertising.

Initial authority to place the state supported advertising plan into operation is wrapped up in a proposed amendment to Texas Constitution which will be before state voters next November.

Forty of 122 WTCC directors were at the meeting in San Angelo when the regional chamber's board declined to lend its support to the constitutional amendment.

Opponents to the plan for advertising Texas to the rest of the nation centered their criticism mostly against the industrial aspects of the proposed program. Impractical, they said, because most industry is home grown, 98 out of 100 town are not ready to take on industrial development, and that community know-how (not advertising) brings in industry.

That may be true. But it appears that the WTCC directorate will have a hard time "sell" the business man on Highway 80 against the merits of advertising to attract more tourists dollars into Texas — thus, unto Highway 80 and into his business.

Especially, when most of the other states are trying to pull tourists with advertising of their own.

Rewards In Quality

Extra rewards await the cotton producer who succeeds in producing a high-quality crop this year, while discounts for low quality will continue to be stiff, reports Fred C. Elliott, extension cotton specialist.

The abundance of low-grade cotton that was left over from last year's crop will continue to depress the market for lower grades, points out Elliott. However, he adds, the present outlook for the 1958 crop indicates a continued shortage of high grade fiber.

SHINNERY PHILOSOPHER

He Likes Being Gift Influenced

Editor's note: The Shinnery Flats Philosopher on his Johnson grass farm on Bone Hollow Creek probably is in the wrong location for the test he proposes this week, but that's his lookout, not ours.

Me and some of my neighbors were sitting around out here yesterday afternoon discussing the grave matter of gifts and whether or not a man can accept em without obliging himself to return the favor.

One of my neighbors said it was impossible for a man in public office to accept a gift without developing a warm spot for the man who did the giving, and another said it was, while a third said it might be possible, but he wasn't sure he wanted to deal with a man who could accept a present from you and still be just as cold toward you as he was before. "Who wants even a dog that won't wag his tail when you throw him a bone?" he wanted to know.

Well, now, I'll tell you. As I understand it, the problem of gifts to public officials has been bothering public servants ever since somebody sent George Washington a can of powder for his wig, and I have decided it's time to put the thing to a test. It's time to pit a man's character against a batch of gifts, and if nobody else wants the job I'll take it on.

I don't mean there aren't a lot of public officials who don't want the job, or who haven't already got it, but I mean somebody who wants to take on the job out in public. Accepting a gift that doesn't come to light unless a Congressional investigating committee stumbles on it is one thing, but what I'm talking about is accepting it in broad daylight.

Now right off I'd like to say that I don't have much use for a vicuna coat, don't believe it'd be practical to plow in, and a $2400 rug would be wasted in my house until I get the roof fixed, and while I intend to get it fixed, I haven't gotten around to it yet and don't know when I will, as I figure that's my business. It's a man's job to provide a roof for his family, all right, but there's nothing in the contract that says it has to be leak-proof.

However, I could use a few things, like a new tractor, a set of spark plugs, two new tires, some new fences —provided they're installed, just as soon have an oriental rug as a bunch of wire and posts I have to put up myself — and a few sides of bacon, a television set, and any number of things, and if my friends want to shower any of these on me, I will accept them and keep a close check on my reactions to see if a man can accept gifts without being influenced one way or the other.

Before I start though I'd like to point out that it has been my observation that when people start sending gifts to Washington, everybody else howls in protest, but when Washington starts sending gifts to the people, let's change the subject.

Yours faithfully,
J. A.

EX-REP. COX'S APPEAL DENIED

Emergency Funds Dwindle Fast In State's Grasshopper Fight

State Capital NEWS

By VERN SANFORD
Texas Press Association

First drouth, then floods and now grasshoppers have come to plague disaster weary Texas farmers.

After touring the affected area in the Panhandle, Gov. Price Daniel called it the worst grasshopper infestation in 20 years. Unless checked, he said, the 'hoppers could destroy much of the crops and pastures in 26 counties.

County, state and federal agencies worked with landowners to get crews to spray hatching grounds along roadways. State Agriculture Department, Highway Department, National Guard and Defense and Disaster Relief Office are cooperating in the battle. Aim is to try to kill the insects before they leave the hatching grounds and start chewing their way into crops for which farmers had high hopes this year.

Another threat is fund shortage. At a cost of some $3,000 a day for spraying crews, Texas Agriculture Department's emergency funds dwindled fast.

Governor Daniel expressed hope that some federal assistance might be obtained.

* * *

COX APPEAL DENIED—Ex-Rep. James E. Cox of Conroe has lost another round in his fight against a two-year prison sentence.

Court of Criminal Appeals, by a 2-1 decision, upheld the trial court conviction on charges of consenting to accept a bribe. Cox's attorney's ave one more recourse left—filing a motion for a re-hearing. Since the appeals court recesses June 28, this could not be considered until it reconvenes next October.

Cox's troubles rocked the state last Spring, during the 1957 legislative session. They began when Howard Harmon of San Antonio, onetime head of the Texas Naturopaths, made public a tape recording of a hotel room conversation with Cox. Harmon and state's attorneys contended that the conversation reflected an effort by Cox to shake down Harmon in return for killing an anti-naturopath bill which Cox had introduced in the legislature.

* * *

JUDGE'S OPPONENT OUT — One election contest has already been settled, some six weeks before Election Day.

Texas Supreme Court ruled Dist. Judge Graham Purcell of Wichita Falls not eligible to run for the Court of Criminal Appeals against Judge K. K. Woodley. Reason: Judge Purcell has had only nine years experience as a lawyer and judge.

An 1891 amendment to the Constitution requires that Criminal Appeals Court judges have the same qualifications as Supreme Court judges. At that time the requirement for the high court was seven years experience. In 1945 the Constitution was amended to require 10 years experience for Supreme Court judges.

Despite the time lapse, the effect of the two amendments is to require 10 years experience for Criminal Appeals judges, according to the ruling in the Woodley-Purcell case.

Result is that Woodley will be unopposed in the primary and win automatic renomination for another six-year term.

LINE-JUMPING THREAT — Another Supreme Court ruling on an election dispute poses an Election Day dilemma for Dallas voters.

It held that Grover Cantrell, Dallas labor official and self-styled "Stevenson Republican," is entitled to oppose Cong. Bruce Alger on the GOP primary ballot.

Cantrell's candidancy is interpreted as a move to inconvenience Dallas conservative voters. Election results for 1956 indicate a good percentage of "Big D" voters threw their strength behind conservative Democrats at precinct conventions and primaries, but supported Republican nominees for national offices in the general election. Presumably, unless conservatives are on hand to vote, Cantrell's friends might scratch GOP favorite Alger in his own primary.

But it's a two-edged sword that applies equally to Dallas liberals. If they go to the Republican primary to help Cantrell, they can't vote for liberal Democratic contenders for state office nor fight conservatives for Democratic precinct control.

LIKE A JURY — Defending the State Board of Health's closed door meetings, Comm. Henry H. Holle said:

"The Board is like a jury. You get the verdict, but you can't get in on their comments."

State Health Board has authority to allocate federal funds under the Hill-Burton Act to match local funds for hospital building. Its policy has been to announce names of hospitals approved to receive funds, but not those rejected or why.

Newsmen had been openly critical of the Board for barring the press from its meetings. Holle said minutes of Board meetings were available to the public after formal approval at the next meeting — three months later.

TRY, TRY AGAIN—Texas Supreme Court is again being asked to referee the battle of appointments that has brought the state insurance liquidation to "utter chaos."

Latest deadlock developed when Insurance Commissioner William A Harrison fired Liquidator James M. Williamson (in office only 10 weeks) and replaced him with C. M. Landeau, formerly first deputy. But Dist. Judge Charles O. Betts, one of three Austin judges handling insurance receivership cases, refused to accept Landeau as receiver for the cases in his court. He named another attorney. Other two judges accepted Landeau.

On behalf of the Insurance Department, Atty. Gen. Will Wilson has petitioned the Supreme Court for permission to file a writ of mandamus voiding Betts's action. His petition charges Betts with usurping powers assigned the Insurance Department. It says the "divided responsibility" of two receivers in one office "creates utter chaos."

In a previous effort to get a ruling that would unsnarl authority over liquidation, the high court held the judge could appoint a receiver if the Insurance Department failed to do so.

LOCAL BUSINESS:

Buying Campaign Beating 'Slump'

By JOE ED BOATRIGHT
Record Advertising Mgr.

The power of advertising to relieve a business slump has been demonstrated in all parts of the country during the past few weeks.

A "Buy Now" advertising campaign in Appleton, Wisconsin, last month increased home appliance sales in that city by 78 per cent. During the nine day period of the newspaper advertising campaign, sales of Washer-dryers and food freezers jumped to 400 per cent above sales for the previous nine days. Sales of electric dishwashers increased 200 per cent.

In Santa Rosa, California, automobile dealers joined together to concentrate $5,000 in local advertising. The campaign grossed the dealers more than $500,000 in auto sales within a few days.

A "You Auto Buy Now" campaign in Cleveland sold more than $12,000,000 worth of automobiles. In Camden, New Jersey, new car sales increased 144 per cent during the ten days of a similar campaign.

Similarly, other types of business have used advertising to attract new customers. A bank in Jersey City increased its savings accounts by more than $1,250,000 as the result of expenditure of $1,200 for local newspaper advertising.

And firms here in Colorado City, making the same type advertising investment, have demonstrated consistently that their advertising dollar has repaid them with increased sales, higher income and better profits.

These stories on the power of advertising to stimulate retail business are in the news every day. The stories have one thing in common — advertising in the local newspaper is always the key to the success of the campaigns.

In fact, these cases suggest that the formula for a new business boom is confidence among business men in the worth of their merchandise plus faith in the ability of the local newspaper to sell their goods.

The formula has worked wherever it has been tried.

TEXAS AGRICULTURE

Farm Protection Climbs in State

In the few years since 1951, Texas has moved from seventh to first place among 12 southern states in the amount and enforcement of protective farm legislation.

Our state is no longer regarded as an agricultural dumping ground. Today, Texas has come into its own both as a producer and consumer of high-quality farm products.

We have asked for and received from the Texas Legislature the necessary weapons to clean up many of our farm problems. Ten years ago, we were a convenient, inviting garbage pail for the nation, serving as a wide-open disposal point for bad seed, unhealthy nursery plants, poor quality eggs and a host of other inferior products.

Until the necessary laws were passed and put into effect, the old saying was "If you can't sell it here, send it to Texas." Now this picture has changed. We can put more trust in our own production and know, too, that farm goods shipped into the state must meet certain standards of quality.

The clean-up of the grain scandals through the Texas Grain Warehouse Law is a case in point. Texas was one of the first states to strengthen grain legislation after the national scandals of 1952, and no major outbreak of public defraudment has occured since that time.

Through the Texas Seed Act, seed buyers have learned that testing and inspection protects them from defraud and deceit which earlier ran rampant.

Our nursery industry was offered greater protection by the revamping of the Texas Nursery Law in 1953. Strict inspections and impartial enforcement have prevented any major outbreaks of plant diseases and have protected unknowing homeowners from being defrauded by misrepresented stock.

The Texas Legislature five years ago approved a modernization plan which gave the Texas Department of Agriculture its first major overhaul in 47 years. As a result, many d-e-p-a-r-m-e-n-t-a-l programs offer greater services and yet are on a self supporting basis, bringing the need for tax money to a bare minimum.

We are now leaders in the South. But we must look to the day when Texas will find its rightful place at the top of all the 48 states in providing protection to producers and consumers alike.

BIBLE COMMENT

Alcohol Needs Frank Approach

Alcohol is the occasion of an immense amount of propaganda. For many years those who favor total abstinence have carried on extensive and highly organized campaigns against the liquor traffic. Lately, propanganda in defense of moderate drinking has been extensive, if not on an equal scale.

Efforts to distort or to overstate the facts either against or in favor of drinking will, in the long run, defeat the propagandist.

The speedy enactment of prohibition and its speedy repeat ought to remind us whatever our viewpoint, how great and quick reaction can take place when people are influenced by nigh-pressure propaganda without being fundamentally convinced.

It is obvious that there is today considerable confusion as well as much honest difference of opinion concerning the facts. A total abstainer sees no reason to abandon his practice.

From his viewpoint, total abstinence never hurt anybody. Yet it would be folly for him to assume any moral superiority over plenty of men and women who drink in moderation.

No amount of argument has ever been able to set aside the Biblical denunciations and warnings upon which the "temperance" lessons are based.

But the fact that even among church people drinking is much more common than it was a few years ago makes it difficult to teach such lessons without recognizing changed conditions.

What should we do? Face the facts. Encourage frank and open discussion. Avoid censuring judgments, but do not compromise the truth.

No habits that are sound and no cause that is right need have anything to fear from the fullest investigation, inquiry and discussion.

Lessons to Be Learned

Top Presidential Aide Sherman Adams confers with White House Press Secretary James Hagerty in Washington as Adams prepares to testify before a House subcommittee on regulatory agencies. The former governor of New Hampshire fast became a center of controversy concerning alleged gifts to him by Boston industrialist Bernard Goldfine, including a $700 vicuna overcoat and a $2,400 rug. Adams admitted calling federal agencies when Goldfine's industrial enterprises were under investigation but denied that his friend got any preferential treatment. Commented Adams, "I think there are some lessons we all learn — no matter how far along we get."

NORTH LORAINE

Club to Sponsor Candidate Rally

LORAINE — North Loraine Home Demonstration Club met last Wednesday for their semi-monthly meeting in the home of Mrs. Bud Shepherd.

SUPPORTED BY UNITED FUND

Six Local Boys Have Week of Fun at Salvation Army Camp

Six deserving Mitchell County boys recently returned from a week of fun at the Salvation Army's Camp Hoblitzelle, seven miles south of Midlothian.

The group earned several achievement awards and one of the youths was nominated "honor boy" for the week he attended camp, according to M. N. (Nap) Caddell, chairman of the local Salvation Army Service Unit.

Representing Mitchell County at the camp were Tommy Lindsey, Donny Lindsey, Pope Lunceford and Rusty Shannon, all of Colorado City; Walter Clopton and Bobby Clopton of Loraine.

Major Elmer Capp, Camp Hoblitzelle director and youth director for the Salvation Army in Texas, commended Mitchell County for the excellent behavior and good sportsmanship of the local boys.

And the youths were 100 per cent in expressing their appreciation for the opportunity of attending the camp for a week, according to Caddell.

Athough Camp Hoblitzelle is owned and operated by the Salvation Army, its summer youth activities — in which deserving Mitchell County youths are selected to participate — is made possible by donations from all over the state.

And in Mitchell County Salvation Army support comes from the United Fund. For the Salvation Army is a participating agency of Mitchell County United Fund and provides for continuous welfare work — food, clothing, shelter; transportation, medicine—and special emergency programs here at home within the county in addition to the youth camp project.

The Mitchell County youths were among 140 boys from all parts of Texas who had "the time of their lives" during week at Camp Hoblitzelle.

That's the number of boys who are guests at the camp each week of the summer.

Rich boys, poor boys, fat boys, skinny boys, problem boys, honor boys, and just "plain" boys, each enjoys a full week of modern camp activities under the guidance of a Youth staff that is second to none in the state.

The Camp is under the direction of Major Capp, who is recognized as one of the outstanding camp directors in the country. Boys in camp are under the supervision of trained counselors twenty - four hours a day.

Boys are comfortably housed in modern, attractive brick and redwood cottages, 12 boys and a counselor in each cottage. Cottages are furnished with an individual closet for each boy's personal use and single bunk-beds, with innersprings mattresses. Personal cleanliness is stressed and two complete baths accomodate each cottage.

Regular meals, with a different menu daily, prepared in a modern kitchen, by experienced chefs, are served "family style" in the large airy dining room, and any boy's intake is limited only by his capacity. One local youngster confided that at one meal he drank seven half-pints of sweet milk.

All boys in the Camp are sound physically and in good health. A well-equipped hospital with registered nurse in constant attendance is on the camp grounds, but so far no boy has had occasion to use the hospital. All boys are weighed in and out, and 80 per cent of them gain weight during their week at the Camp.

The 340 acres embraced in the grounds at Camp Hoblitzelle offer just about everything that boys dream about: lakes of clear, sparkling water, well stocked with fish, running streams and swimming pools, with life guards and swimming instructors boats, and plenty of water for boating; nature life, including native songbirds, squirrels, and tame ducks in the streams; acres of big trees and heavily wooded areas for hiking and dreaming; baseball diamonds, archery grounds, and courts for other sports.

There are daily activities in the large brick and redwood recreational hall, equipped for table tennis, skating, TV, movies, stage for "stunt night", and a reading nook; Also there are craft sessions for boys who want to learn something about handicraft.

Supervised activities are planned to keep each boy happily employed from the sounding of reveille at seven in the morning, until "taps" at 9:15 in the evening, which means "to bed and lights out". Spiritual values are not overlooked however, as there are inspirational services twice daily in the beautiful, modernistic chapel.

In one year the U.S. output of chocolate candy alone totaled more than 297 million pounds.

Fine Facilities for Boys

These two photos emphasize the splendid facilities which were available to Mitchell County boys attending the Salvation Army's Camp Hoblitzelle. Top photo shows one of the modern, brick and redwood cottages that house 12 boys and a counselor and provide individual closets, single bunk beds with innerspring mattresses and two complete baths. In the bottom photo is the Olympic size swimming pool—one of the recreational features of the 340-acre camp that offers vacations to 140 Texas boys each week during the summer.

Charles Bronson portrays "Machine Gun Kelly" in a movie by the same name showing Thursday and Friday at the Palace Theatre.

Kelly-Parker Movies Open At Palace

"Machine Gun Kelly" and "The Bonnie Parker Story," two new gangster-action films from American - International Pictures, made their local debut today at the Palace Theatre.

"MACHINE GUN KELLY" stars Charles Bronson in the title role. The picture is based on the real life character who terrorized the land during the roaring thirties. The picture tells how Kelly and his girl, played by Susan Cabot, pull off two big bank hold ups and then hide out with her mother. Her mother informs them that a rival gang is moving into their territory to take over. Kelly winds up not only blasting the rival mob but also shooting it out with the police.

"THE BONNIE PARKER STORY," stars Dorothy Provine as Bonnie. Newcomer Jack Hogan is seen as her almost constant companion in crime Hers was no sudden decision to take to a murderous tommy-gun in hand. It came after weighing the chances against her living a decent life. She graduated from small time holdups of gas stations and beer parlors into big time bank robberies. Tis latter required her to engineer a spectacular break out from a penitentiary.

These two widely heralded motion pictures are from the famous new motion picture company, American - International.

Fine Facilities for Boys

These two photos emphasize the splendid facilities which were available to Mitchell County boys attending the Salvation Army's Camp Hoblitzelle. Top photo shows one of the modern, brick and redwood cottages that house 12 boys and a counselor and provide individual closets, single bunk beds with innerspring mattresses and two complete baths. In the bottom photo is the Olympic size swimming pool—one of the recreational features of the 340-acre camp that offers vacations to 140 Texas boys each week during the summer.

SUPPORTED BY UNITED FUND

Six Local Boys Have Week of Fun at Salvation Army Camp

Six deserving Mitchell County boys recently returned from a week of fun at the Salvation Army's Camp Hoblitzelle, seven miles south of Midlothian.

The group earned several achievement awards and one of the youths was nominated "honor boy" for the week he attended camp, according to M. N. (Nap) Caddell, chairman of the local Salvation Army Service Unit.

Representing Mitchell County at the camp were Tommy Lindsey, Donny Lindsey, Pope Lunceford and Rusty Shannon, all of Colorado City; Walter Clopton and Bobby Clopton of Loraine.

Major Elmer Capp, Camp Hoblitzelle director and youth director for the Salvation Army in Texas, commended Mitchell County for the excellent behavior and good sportsmanship of the local boys.

And the youths were 100 per cent in expressing their appreciation for the opportunity of attending the camp for a week, according to Caddell.

Athough Camp Hoblitzelle is owned and operated by the Salvation Army, its summer youth activities — in which deserving Mitchell County youths are selected to participate — is made possible by donations from all over the state.

And in Mitchell County Salvation Army support comes from the United Fund. For the Salvation Army is a participating agency of Mitchell County United Fund and provides for continuous welfare work — food, clothing, shelter, transportation, medicine—and special emergency programs here at home within the county in addition to the youth camp project.

The Mitchell County youths were among 140 boys from all parts of Texas who had "the time of their lives" during week at Camp Hoblitzelle.

That's the number of boys who are guests at the camp each week of the summer.

Rich boys, poor boys, fat boys, skinny boys, problem boys, honor boys, and just "plain" boys, each enjoys a full week of modern camp activities under the guidance of a Youth staff that is second to none in the state.

The Camp is under the direction of Major Capp, who is recognized as one of the outstanding camp directors in the country. Boys in camp are under the supervision of trained counselors twenty - four hours a day.

Boys are comfortably housed in modern, attractive brick and redwood cottages, 12 bbys and a counselor in each cottage. Cottages are furnished with an individaul closet for each boy's personal use and single bunk-beds, with innersprings mattresses. Personal cleanliness is stressed and two complete baths accomodate each cottage.

Regular meals with a different menu daily, prepared in a modern kitchen, by experienced chefs, are served "family style" in the large airy dining room, and any boy's intake is limited only by his capacity. One local youngster confided that at one meal he drank seven half-pints of sweet milk.

All boys in the Camp are sound physically and in good health. A well-equipped hospital with registered nurse in constant attendance is on the camp grounds, but so far no boy has had occasion to use the hospital. All boys are weighed in and out, and 80 per cent of them gain weight during their week at the Camp.

The 340 acres embraced in the grounds at Camp Hoblitzelle offer just about everything that boys dream about: lakes of clear, sparkling water, well stocked with fish, running streams and swimming pools, with life guards and swimming instructors boats, and plenty of water for boating; nature life, including native songbirds, squirrels, and tame ducks in the streams; acres of big trees and heavily wooded areas for hiking and dreaming; baseball diamonds, archery grounds, and courts for other sports.

There are daily activities in the large brick and redwood recreational hall, equipped for table tennis, skating, TV, movies, stage for "stunt night", and a reading nook; Also there are craft sessions for boys who want to learn something about handicraft.

Supervised activities are planned to keep each boy happily employed from the sounding of reveille at seven in the morning until "taps" at 9:15 in the evening, which means "to bed and lights out". Spiritual values are not overlooked however, as there are inspirational services twice daily in the beautiful, modernistic chapel.

In one year the U.S. output of chocolate candy alone totaled more than 297 million pounds.

Giant Toads Invade Florida

S.P.C.A. Officer Frank Blair distastefully holds aloft one of several giant South American toads recently discovered in Florida. Bigger than a bullfrog, the toads are poisonous. A dog that bit one died. Government naturalists suspect that somebody planted the toads (possibly the California Chamber of Commerce).

Sunday Bible Series Set At Theater

A new series of Sunday school lessons will begin Sunday at the Palace Theatre.

It is sponsored by the Baptist Mission with devotional and lessons.

Devotional will be from 9:25 a.m. to 9:45 with the subject "If A Man Die Shall He Live Again?"

The lesson, taught by C. R. Dossey, will be on the subjects, "Who Was Samuel?" and "Who Failed God?.

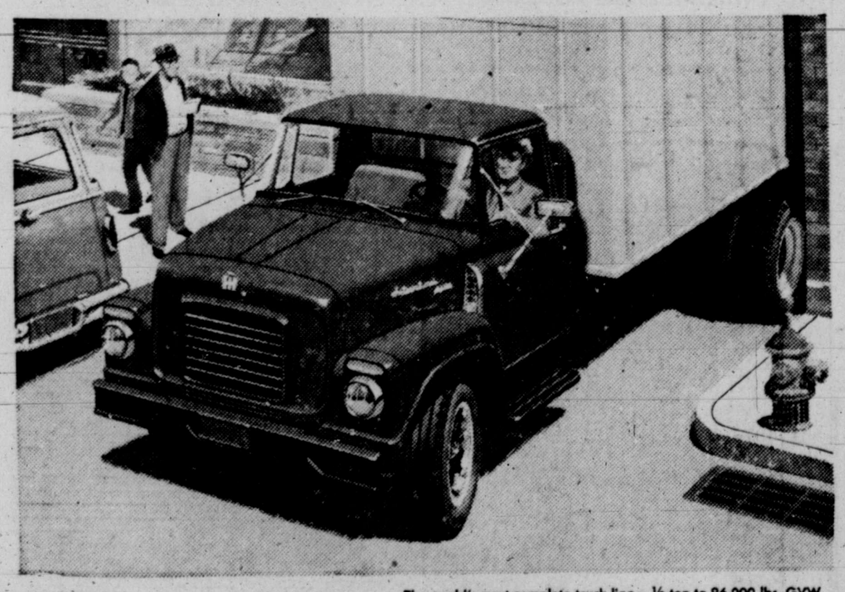

The lesson will end at 10:30 in order to give persons an opportunity to attend the church of his choice after the lesson.

According to Dossey, the Sunday school is for the general public.

"It's informal, just come as you are," Dossey added.

DRIVE IT ONCE...

You'll tell us how easy it handles!

The world's most complete truck line—½-ton to 96,000 lbs. GVW.

Everyone who drives a new INTERNATIONAL cab-forward model tells us how easy it is to maneuver.

Would you give it your own personal maneuvering test? Note how nimble this INTERNATIONAL Truck is . . . in traffic, or on the road. Reason? The short cab and the way IH designed it. *Only 89 inches long, bumper-to-back-of-cab!*

That short dimension not only gives better maneuverability—it allows more payload in back. Yet the cab is full-size—doors and all. Nothing cramped about it.

Like all INTERNATIONAL Trucks, this cab-forward model costs *least* to own.

Come in and drive a new INTERNATIONAL cab-forward yourself. Then you tell *us* how good it is!
