## New Home Votes To Incorporate, 48-1 Majority

Lynn County's fourth incorporated town came into existence Wednesday as voters approved the incorporation of New Home with an overwhelming 48 to 1 majority.

Election officials reported the 49 votes were from a possible 55 registered voters. Dick Turner had been appointed judge for the election which was held in the New Home High School building.

Limits of the newly created town cover one square mile of territory, one-half mile in each direction from the traffic light at the farm road intersection in the center of town. Minimum limit for incorporation under Texas law is 200 citizens and it has been estimated New Home has fully 250.

Wednesday's election was called by County Judge W. M. Mathis when he was presented a petition bearing the names of 29 qualified voters in the limits of the proposed townsite.

Another election will be called in the near future for the purpose of electing city officials, probably consisting of a mayor, five aldermen and a town marshal.

## Two Women Hurt In Traffic Mishap

Mrs. Cecil Caraway, 46, of route 1, Wilson, was listed in fair condition Wednesday at Tahoka Hospital where she was taken following a traffic collision about 11:00 a. m. Tuesday eight miles north of Tahoka on U. S. Highway 87.

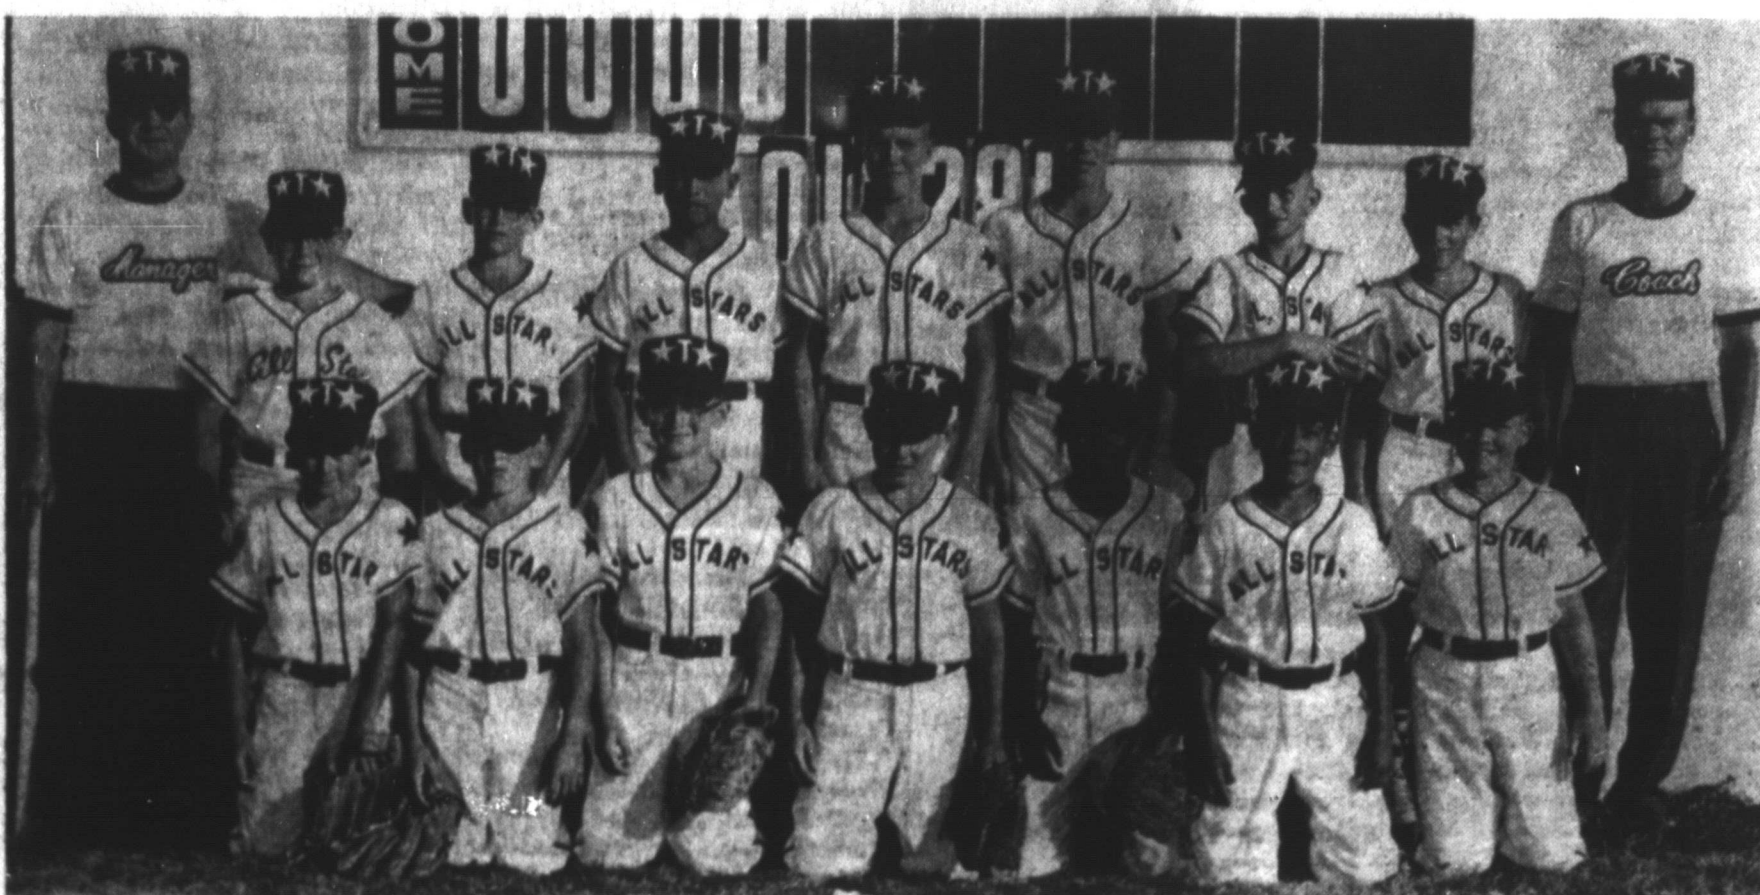

Also injured in the mishap and taken to Tahoka Hospital was Mrs. Hartman Hooser, 46, of Big Spring. She was treated and then transferred by White Funeral Home ambulance to Big Spring. Her condition was also listed as fair.

The mishap occurred when vehicles driven by Mrs. Caraway and Carolyn Beth Hooser, 16, collided as the Wilson woman attempted to enter the highway from a side road. Mrs. Caraway's sister, Mrs. Pete Dorman witnessed the accident and reported the impact threw her sister from the swerving car. Mrs. Dorman had been riding with her sister and was just getting into her own car when the accident happened.

Neither the driver or the other passenger in the Hooser car were injured.

## Abilene Rites For Taylor Relative

Mr. and Mrs. W. S. (Skip) Taylor attended funeral services for his brother-in-law, M. Shaw, 75, Monday at 10:30 a. m. in the First Baptist Church of Abilene.

Mr. Shaw, who had formerly resided in Lamesa but had been a resident of Abilene for the past 35 years, died at his farm home Friday night following a heart attack. Mr. Shaw was born at Dawson in Navarro County in 1888 and married Bertha M. Taylor Dec. 8, 1907 at Channing. He was a World War I veteran, a member of First Baptist Church and a 32nd degree Mason.

## Askew Is Named County Chairman

Bertice Askew of O'Donnell was elected county chairman for 1963-64 when Plains Cotton Growers met last Friday night in the Lyntegar conference room. County Chairman Tom Mason had called the meeting for the purpose of electing officers.

By contrast, the Eastern All-Stars allowed five walks, five hits and were charged with seven errors.

Tahoka's scoring effort got underway in the first inning when a double by Larry Arnold allowed Gregg Thomas and Michael Glenn to score.

In the bottom of the second, Ira Ray Collins got on second through an infield error, advanced to third on Jim Adams' sacrifice, and scored on an error.

Eastern got back in the ball game in the top of the fourth when Eugene Lawson hit a single and Sloan Cunningham got on with an error. Lawson scored on another error and Willie Stewart drove Cunningham home with a single.

Two errors in the bottom half of the fourth by Lubbock Eastern put Collins and Thomas on first and second. Billy Applewhite walked to load the bases and Michael Glenn was hit by a

## Firemen Attend Training School

Tahoka's Volunteer Fire Department had three men attending the 34th annual firemen training school held on the campus of Texas A & M July 21 through 26.

Pat Patterson, local fire chief, was on hand for his fifth year while Bill Cathcart and Bobby Iliam went for the first time. Cathcart enrolled for the fire marshal course No. 1, and Patterson and Iliam both took fire fighting No. 1.

The classes which lasted all day, covered all phases of fire fighting and emphasized new techniques which have been developed. Some of the subjects covered in the classes were ladders, hose loads, hose evaluation, salvage and protective equipment. One class consisted of actual fire fighting with the instructor building fires of various types and the students extinguishing them. Another major class was rescue operations.

The attendance of the volunteers at the school not only benefits Tahoka by having well-trained men in the department, but also gives the town a five per cent credit on the key rate for fire insurance protection.

Arnold advanced to third base on two errors and Reuben Cazares sacrificed a high fly ball to center to score him. In a flurry of hits, Collins and Adams scored on singles by Thomas and Applewhite.

Eastern threatened in the top of the sixth with one run but Tahoka held to win the game, 7-3. Charlie Brown was credited with the win and Jessie Bozeman was the losing pitcher.

**Southwest 15, Wolfworth 3:** In the consolation game Friday night, Southwest jumped to an early lead in the first two innings, 7-1, and a tremendous final inning scored seven runs topped with a homer by Craig Jones. Winning pitcher was Mike Muschalek and Durwood Sides was charged with the loss.

To begin Tahoka's scoring drive, Thomas walked, moved to third on Applewhite's bunt and both scored on a single by Glenn. Glenn moved to third base on a wild pitch and scored on Charlie Brown's triple. A single by Arnold drove in Brown for the fourth score.

Wolfworth tallied again when James Madison hit a homer in the top of the fourth, but the rally didn't materialize and Tahoka capped the inning with eight runs scored by Cazares, Chapa, Collins, Thomas, Applewhite, Brown and two by White.

The top of the fifth saw Wolfworth score three more runs but Tahoka's hitting department came through again to add four more.

## Dunbar Work Progressing, Plans Nearing Completion

### Building Program Moving Forward

Construction of the \$6,512.00 addition to Dunbar School here is nearing completion by the contractor, Higginbotham-Bartlett Co.

The addition to the present building on the west will give the school combination classrooms and an assembly room, and a folding partition down the center will permit opening the room for school programs and assemblies.

Other improvements to the building includes a book room, storage room, and rearrangement of the halls to serve the five-classroom building, and new lighting is to be installed.

The addition will permit addition of a teacher, making four teachers for the first eight grades, in which about 80 students are enrolled.

Crowded conditions at Dunbar was one of the principal reasons for the warning given Tahoka schools by State inspectors last fall which did not meet accreditation standards.

However, since the State Board is "on Tahoka's neck" local school people inform The News they expect the inspectors to keep "riding" the local school until it adopts full integration.

A poll vote a few weeks ago gave the local board authority to integrate high school classes to save about \$4,000 a year being spent to send eight Negro high school students to school in Slaton.

The Dunbar addition is the first of the improvements program for which \$550,000 in bonds were voted in the spring, some of

### Graveside Services Held For Infant

Graveside services for Pamela Jane Priest, infant daughter of Mr. and Mrs. Lowell Ray Priest of Tahoka, were held at 4:30 p. m. Tuesday in Tahoka Cemetery with Rev. James Efrid, pastor of First Baptist Church, officiating.

Priest is a patrolman with the Texas Department of Public Safety. The family moved to Tahoka in June following his graduation from the DPS Law Enforcement Academy in Austin, and live at 1620 North First.

The infant is survived by the parents; the paternal grandparents, Mr. and Mrs. J. J. Priest of Georgetown; the maternal grandparents, Mr. and Mrs. M. R. Robertson of Deer Park, Texas; and a great-grandmother, whose address was not available.

Services were under the direction of White Funeral Home of Tahoka.

### Recent Report Is Not New Warning

Because of concern created by the recently published accreditation report mentioning Tahoka, local school officials would like to emphasize that this is not another warning, but the same report carried by The News last fall.

These are not new criticisms but represent the report of the accreditation team which visited Tahoka last fall. Local officials state the time lapse is due to the fact the State Board of Education has just given official clearance to the report. It should also be pointed out that the criticisms were not made toward the curriculum being offered locally, but toward the school in general.

The major criticism leveled against the school in the report were:

1) Library in High School is too small and the librarian has no formal training. Library facilities in North Elementary were also reported to be inadequate.

2) Lighting in both the High School and North Elementary building was considered inadequate.

3) A "too crowded" condition was existing in one classroom in South Elementary.

However, the main faults listed in the report were found at the Dunbar school and were generally as follows:

1) School rooms were crowded, especially where three grades were in a combined situation.

2) The entire school was poorly lighted.

3) Library and science facilities were both considered inadequate by the visiting team.

4) The Dunbar students lacked a screened place in which to eat lunch.

The accompanying story on the \$550,000 improvements program now underway will indicate the progress already made by local school to remedy the criticisms made in the accreditation report.

## Doug Henderson Writes Impressions of Russian People And Country

(Editor's Note: The following was written especially for The News by Doug Henderson, a former resident who now lives in Eurbank, California, and has just returned from a trip to Russia. Mention has been made in Printer's inkings on several occasions of cards and papers received from him while in Russia. He has now written a detailed account of his impressions of the country and the people. The first portion of the story is being printed this week with the remainder to appear in next week's edition of The News.)

MY TRIP TO RUSSIA—1963  
By H. Douglas Henderson  
I took off from Los Angeles on a Scandinavian Air Lines DC-8 jet at noon on June 9th. Seven and a half hours later we were in Greenland at a place named Sondre Stromfjord. It had just an air port, a U. S. A. Air Base and a weather station. With a new flight crew and six thousand gallons of fuel we were off in forty-five minutes for Copenhagen—a four-hour flight over Iceland and the southern tip of Norway. Most of our trip was at 36,000 feet and the outside temperature was sixty-six degrees below zero.

We arrived in Copenhagen at 8:00 a. m. after advancing our watches eight hours from the time we left Los Angeles. It never did get dark on the entire trip. There was not much change since I was there in 1959 except

LOOK MOM! NO SKIN! Making her debut at the 1963 State Fair of Texas in Dallas October 5 through 20 will be Visi-Belle, center, in hat, the talking (naturally) Transparent Woman. Maria and Cindy Hill, left and right, thought it hilarious that they "could see right through that woman." Visi-Belle will star in the Dallas Health and Science Museum's special State Fair presentation, "The Story of Life."

there are a good many new eight and ten story buildings. It is a very nice city of about one million.

After two days I took off for Helsinki, Finland on a DC-6 propeller plane—it was a three hour flight. Helsinki is a city of 400,000 a very busy and up to date city. There was nothing special to see there except several old Russian churches and a good many Russian type of buildings as is had belonged to Russia until after the revolution of 1917. The weather there was very cool.

I spent two days there while our tour group of twenty-five was arriving. Soon we were off for Leningrad in a chartered bus with a Finnish fellow as our tour conductor. In about six hours we were at the border. Two soldiers on guard with sub-machine guns were there to greet us. One of them boarded the bus and collected our passports. No one was allowed off the bus. After about fifteen minutes a jeep came with two more soldiers and we followed the jeep for about two miles for a general inspection. They had all of the forty pieces of luggage unloaded. They looked in one handbag and that was all. They were very much interested in how much money each had and whether it was cash or checks or what kind of money. They even had some of the people count it and show them. In the meantime two

or three were going through all the passports with a fine tooth comb.

At this point we were met by an Intourist guide from the Russian Travel Bureau—a girl who was with us on our entire trip through Russia and all the way to the border of Poland. She was thirty years old and married to a Polish man. Her father was a Jew and her mother a peasant. She spoke perfect English with no foreign accent.

After about thirty minutes we were off again and four hours later we arrived in Leningrad at the Europa Hotel. It is a very old hotel—not bad but far from good. The beds were about like hammocks and the rooms had baths, such as they were.

Next we had our first meal in Russia. The first course was caviar, which I couldn't eat. The next was a bowl of soup, which I finally did manage to eat. That was followed by some kind of goulash and a cup of coffee that was black as ink. Some women were working on the street all night with a jackhammer so I did not get much sleep.

The next morning for breakfast the first course was some sardines. Then we had some more black coffee and some bread rolls and butter. The rolls were like rubber and so hard that my teeth didn't make a dent in them. These two meals are typical so I was

We'll just fill up this column with a few items that may be of interest, or that Peggy and Rogers may throw in to fill up, and you won't have to put up with many of our personal opinions.

Paul Harvey jolted us with this the other day: The U. S. sends foreign aid money to more than 100 nations. Total national debt of all these nations is less than the \$300-plus billion deficit loaded on American taxpayers by our government.

A Claude News writer says he was jolted to read "Today, more people are on relief than in the great depression." The cost of relief far exceeds \$100 a year per taxpaying family. This has occurred despite Social Security, unemployment compensation, and other welfare measures. The drop in crime that was to accompany liberalized relief hasn't materialized, either.

George C. Dulin, the old Lynn county boy, is the lieutenant governor of Division 4, Texas-Oklahoma District of Kiwanis International. We just learned this accidentally when he sent in his renewal to The News, and this information was on the envelope in which he sent his check. George lives at 324 Main Road in Robstown, down in the Lower Rio Grand Valley.

Mrs. Earl (Georgia Cox) Echols of 4348 McNeil, Wichita Falls, writes: "I couldn't do without the paper. I didn't get to go to the New Lynn reunion, but I will next year. I saw in the paper so many people I had lost contact with. I know I missed a wonderful reunion. We lived there so long that it always seems good to go back and see friends."

We liked this letter from a Mrs. Dean Conlin in the Star-Telegram: "One wonders what has happened to our American pride. What have we done to the world that we must tiptoe and appease? Did we gas the Jews or murder the Hungarians?"

"Mr. Harriman doesn't represent me when he jokes with that wicked, vile old man, Khrushchev. He is the same rude atheist who insulted the United States by pounding on the table with his shoe when he was displeased. I don't feel that Americans have to crawl to anyone. We have our injustices in America, but we don't have to apologize to Khrushchev for them. It looks as though we're afraid to walk tall any more for fear we might offend the small ones by casting a shadow on them."

One caveman to another: "Don't tell me there's no connection. We never used to have weather like this before they used bows and arrows."—Teamster.

One tramp to another: "There I was, boss of 67 men in my department, when someone suggested 'it might be a good idea if I took one of those aptitude tests, too.'"—Teamster.

**Smith Attends Austin Meeting**

Wilmer Smith of Wilson, recently appointed a member of the important State Committee on Insecticide Control, attended the committee's initial meeting last week in Austin.

The newly-formed 16-member committee is an advisory group appointed by Texas Commissioner of Agriculture John C. White which serves to aid in administration of the State Insecticide Law. Purpose of last week's meeting in which Mr. Smith took part was for study and recommendations on proposed regulations to be used in enforcement of the State Insecticide Law passed during this year's session of the Legislature. The meeting was held in Commissioner White's office in Austin.

Of Mr. Smith's appointment, the Commissioner said "We are indeed fortunate to have a man such as Wilmer Smith to serve on this significant committee which includes men with specialized knowledge in the manufacture, application and use of insecticides. His experience, helpful observations and willingness to work in this program of vital concern to Texas agriculture are extremely gratifying."

## Dr. Wood Speaks To Rotary Club

Dr. Gerald Wood, local dentist, spoke to the Rotary Club Thursday noon on the threat of communism.

He outlined some of the objectives of communism in its effort to gain control of the world, declaring that "Communism is not a disease of poverty but a disease of the mind," and pointed out that much of the threat comes through the intelligencia of our nation advocating some of the objectives of the movement.

"It is not the Communists who will destroy America," he stated, "but it is the citizens who refuse to face facts, to think and to act."

He pointed out many of the programs of our government which are a part of the Communist objectives, such as expansion of social security, shorter hours and more pay, strikes, racial desentiment, limitation on armaments. Also cited were infiltration of communists into our universities, the government and UN, advancing of false economic theories, slanting of textbooks, and even infiltration into religion.

In reference to the present agreement with Soviet Russia, he pointed out that since World War II, the United States has had 88 agreements with the Soviets and 50 of them have been violated by Russia.

The program was arranged by H. W. Carter, and Dr. K. R. Durham introduced the speaker.

H. B. McCord Sr. called attention to the district Little League tournament, and Winston Wharton announced the Plains Cotton Grower meeting Friday night.

Vice President Calloway Huffaker presided in the absence of the club president, Don Brown.

## Mahon Makes Comments On Current Bills In House

Commenting on the current civil rights issue and the proposed bill presented to Congress by President Kennedy, Rep. George Mahon of the 19th Congressional district has made the following comments:

"I have long thought and continue to think that race problems in the long run can best be worked out on the local level. We do have problems in this field and we will continue to have them for a long, long time."

"One of the many difficulties in dealing with the race issues is the fact that some people in both the Democratic and Republican parties, and people otherwise, have tended to make a political football out of this complex and emotional matter."

"We have made a lot of progress in race relations and I believe that much more progress can be made if we follow a sensible course. In my judgment the situation is not now being helped by demonstrations."

"I have special concern over the so-called public accommodations provisions of the proposed legislation. I strongly oppose any course of action which would place in jeopardy the basic right of private ownership."

"I shall give the whole matter my attention as the picture unfolds. I have never voted for a so-called civil rights bill. We had key roll call votes in regard to civil rights in 1956, 1957, and 1960."

Mr. Mahon points out he has also opposed the following measures in the past: Federal aid to education, aid to depressed areas, a national retraining bill, federal medical care of the aging, increasing the minimum wage, admission of Red China to the UN, a new department of urban affairs, and the constitutional amendment to abolish the poll tax.

On recent legislation, Mahon voted to extend the broader program and the feed grain law, against federal aid to medical and dental students and schools, the half-billion dollar public works acceleration bill, and the area redevelopment program.

## Early Patriots Lives Recalled

Tom Anderson, editor of Farm and Ranch:

"Have you ever wondered what happened to the 56 men who signed the Declaration of Independence, pledging their lives, their fortunes and their sacred honor that this nation, under God, would not perish from the earth? Five were captured and tortured by the British. Nine fought and died from wounds or hardships of war. Twelve had their homes pillaged and burned. Two lost their sons in battle. Another had two sons captured.

"John Hart was driven from his wife's bedside as she lay dying. Their 13 children fled for their lives. His mill and fields were laid waste. For more than a year he lived in forests and caves. He returned home to find his wife dead and children vanished. A few weeks later he died from exhaustion and heartbreak. Norris

After the bride and groom left, the Jones' visited with Joby's mother, Mrs. J. C. Claborn. Mrs. Jones spent the night with the Carl Jones family and all day Sunday. Then she spent Sunday night with her sister, Mrs. Ivy Young and Ivy returned home with her, so they had quite a visit.

and Livingstone suffered similar fates. Carter Braxton of Virginia, a wealthy planter and trader, saw his ships swept from the seas by the British Navy. He sold his home and properties to pay his debts and died destitute. Vandal and soldiers looted the properties of Ellery Clymer, Hall, Walton, Gwinnett, Heyward, Rutledge and Middleton.

"At the Battle of Yorktown, Thomas Nelson, Jr. urged General Washington to open fire on Nelson's home, which had been taken over by British General Cornwallis for his headquarters. The home was destroyed, and Nelson died broke.

"Francis Lewis' home was destroyed and his wife jailed. She died a few months later.

"Who were these 'super-patriots'? Twenty-four were lawyers and judges. Eleven were merchants. Nine were farmers. They all signed the Declaration of Independence knowing that the penalty would be death if they were captured. I can't help contrasting them with the fate that who says he can't afford to get into this fight to save our Republic from Socialism and surrender, because if and when the camrats take us, he's

hoping they will still let him run his business. That's par for his course. Why could he be expected to save the country now? He couldn't find a uniform to fit him during World War II. Whenever any shooting starts, he'll always get 'deferred.'

### Young Farmers Hear King At Meeting

Raymond King of Lubbock spoke to the New Home Young Farmers at their regular meeting Tuesday night in the Agriculture Building at New Home.

King's talk was timely in that he emphasized insect control and irrigation of late cotton, two problems farmers in the area are currently facing. Sixteen members were in attendance.

During a short business session, the group decided to have a family night at 8:00 p. m. August 26 in the Community Center at New Home. All members are urged to come and bring their families.

### HAGOOD VISITORS

The Larry Hagoods had several visitors in their home last week. Early in the week Ray Sylvest of Franklinton, La. spent three days and the latter part of the week Mr. and Mrs. Walter Wells of Tulsa, Okla. visited several days. The Wells were accompanied by their daughter, Laura Ann Rogers and her two children, Annett and Claudette.

### Post Stampede Is Set For Aug. 7-10

Post-The Post Stampede and Southwestern Championship Junior Rodeo, Post's two-in-one western show, will be held Wednesday through Saturday, Aug. 7-10.

Post's two rodeos are being combined this year for the first time. There will be 13 events in all—six for the seniors and seven for the juniors.

Prize money, as always at a Post rodeo, is plentiful. In addition, buckles will be awarded winners of each of the 13 events and hand-made saddles will go to the best all-around in both divisions.

The opening day rodeo parade will be at 6 p. m. Wednesday, Aug. 7. There will be dances each night on an enlarged dance pavilion with music by Don Allen and the Sunset Ramblers.

Each rodeo performance will begin at 8 p. m., with the grand entry scheduled 15 minutes earlier each night.

### N. H. Class of '53 Has First Reunion

Eleven of the original seventeen members of the New Home 1953 graduating class met Sunday afternoon at the home of Mary Bess and John Edwards for a supper reunion.

After the supper, movies of high school days were shown. Attending were: Shirley (McClinton) and Bill Kirby; La Watha (Brannon) and Eugene Keith; Nona (Armontrout) and Willie Nieman; Deloma and Bob Smith; Adrina and Bobby Clem; Mary Bess (Eades) and John Edwards; all of New Home. Also Darrell Fletcher, Margie and Lehman Rogers, Genita (Nowlin) Huddleston, all of Lubbock.

Members unable to attend were Horace Walker, Waco; Bernice (Peck) Brasfield, Shirley (Roper) Hobson, Ada (Barnett) Glenn, and Ray Williams, all of Lubbock. Special guest was Mrs. Bonnie Gannaway, mother of Jim Gannaway, class member killed in Germany in 1955.

### CARD OF THANKS

We wish to express our thanks to all the wonderful friends and neighbors for their kindnesses, visits, flowers, cards and food and to the women who prepared it, during the death of our dear, loving husband and father, R. E. Lee. And our thanks go to Rev. Joe Webb and Rev. Aubrey White for the message of sympathy and comfort. We want to especially thank Martin and Billie White and Borden Davis for their wonderful service rendered, and to other friends who came often and favored us with kindness. Your thoughtfulness in our time of need brought so much comfort to our hearts, and made our burden easier to bear. There's just one thing that can be said, "May God bless you all in our prayer."—The R. E. Lee family. 1tp

which were demanded by accrediting inspectors.

Arnold Maeker, architect, has plans drawn for the new cafeteria addition to be built on the west side of the present cafeteria on the lots bought from J. W. Jaquess, who operated a store on the site. Two of the Jaquess buildings has been removed, and the other is in the process of being dismantled.

Maeker is also nearing completion on the plans for repair and face-lifting of the old high school building, to conform with the new high school which will be wrapped around the old on the east, north and south. The old high school will become a junior high. This arrangement will be quite a saving in that the auditorium, gymnasium, homemaking, vocational agriculture, and cafeteria will be close at hand for use by the new high school building.

An addition to the vocational agriculture building will also be built under the program, the barracks band building will be done away with as provisions are made for the band in the new building, and a bus garage will likely be erected.

It has been announced that a special meeting of the school board will probably be called next week in order to go over the final plans and specifications and to make any changes the board may deem necessary. It now appears probable that bids will be taken shortly after September 1 for the entire building and remodeling job with completion assured before September 1, 1964.

The board thinks, members tell The News, the improvement program should take care of the district's school needs for a long time to come.
