Contractors Start Work On System

Two contractors have begun work on the water supply land distribution system to serve Rockport and other areas of Aransas County, Harold Picton, chairman of the Aransas County Conservation and Reclamation District, said.

These contractors are Burtex Constructors and R. S. Black Engineers and Contractors, both of Corpus Christi.

Burtex is contractor on the supply line to join the C&R district's storage facilities with the San Patricio Municipal Water District supply at Ingleside. Cost is \$1,299,546.

Black is the contractor on the construction of a pump station and equipment at a cost of \$185,600.

The third contractor on the project is Chicago Bridge and Iron for 1.5 - million - gallon ground storage west of Rockport and an overhead storage tank at Fulton at a cost of \$186,850.

Picton said the district has received funds from the \$1.22 million, low-interest loan of the Texas Water Development Board and also from bonds issued by the district.

A federal grant in the amount of \$950,700 has been approved by the Department of Housing and Urban Development to help defray costs of the system. Picton said this money will be made available to the district when local funds are spent.

Picton said there is a possibility the supply and distribution system can be completed to serve the area when demand hits a peak next summer.

The announcement was made by James T. Denton, Jr., president and chief executive officer of Corpus Christi Bank and Trust, one of the new directors of the local bank.

Denton and four other area businessmen received a charter, No. 2039, from the state banking commission last Friday afternoon. Meetings were held over the weekend on the bank's reorganization.

"We are delighted to be in a position to re-open First State Bank and we sincerely hope its present customers will allow us to continue serving them in order that the community will continue its growth," Denton said.

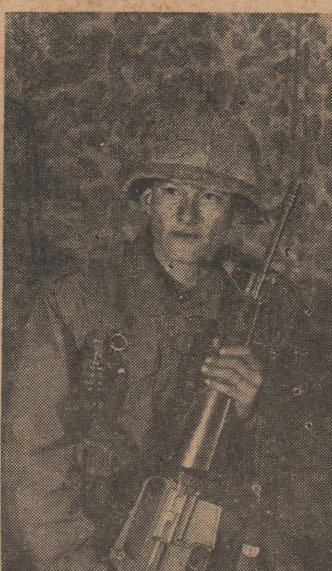

The other directors of the bank are Sydney E. Herndon, Morris Lichtenstein, Arnold O. Morgan and J. E. Smothers.

The old bank, The First State Bank, closed Sept. 2, and the name was changed by making the "t" in "the" not capitalized.

The Rockport-Fulton Junior and Senior High School PTA begins its membership drive Sept. 15. It will continue through Oct. 15.

Not only parents are needed in the PTA but all persons interested in boys and girls in our community. Each member, through his experience and time, can do much to make a stronger organization for solving youth-related problems in Aransas County.

Fathers are needed to share their organizational talents, and objective approach to communicate with teachers and administrators.

Mothers are needed for they are the ones who deal daily with their children's school needs.

Goose Island To Get Drives

Austin — The Texas Parks and Wildlife Department has negotiated a \$7,060 contract with The Texas Highway Department for the construction of 900 feet of park drive and three parking areas in Goose Island State Recreation Park.

The 307-acre park is located 12 miles northeast of Rockport in Aransas County.

Pirates Open Season With Aransas Pass

The Rockport-Fulton High School Pirates' returning lettermen along with other varsity teammates will travel to Aransas Pass Friday night to meet the Panthers and open the 1969 season. The Pirates defeated Aransas Pass last year 6 to 0.

Players and fans alike are convinced that this is the year for Rockport-Fulton School to take the district 28AA championship.

Coach Benny Bloomer thinks he has the material and his players have the spirit to turn the trick this year after more than 10 years of disappointment.

And the coaches appear to agree with him. Ray Collins reports in the Corpus Christi Caller that the Pirates received all but one first-place vote in the coaches' poll, with George West and Calallen tied for second. Taft, defending champion, was rated fourth by the coaches, with Woodsboro fifth and Ingleside and Mathis tied for last.

Last season was a frustrating one for the Pirates when they suffered upsets at the hands of Woodsboro and Yoakum and a one-point loss to Taft.

This year Coach Bloomer is blessed with a wealth of veterans with 15 lettermen returning, including 10 defensive and nine offensive regulars. Of these, four are expected to be in the starting line-up.

The D.A.R. theme for 1969-70 is:

"God grants liberty only to those who love it, and are always ready to guard and defend it," Daniel Webster. Let us all do our part in observance of Constitution Week, beginning Sept. 17 and ending Sept. 23. Through our heritage and descendants of our founding fathers, we need to recapture faith in our heritage, a faith comparable to our forefathers and passed on to our younger generation who are now studying history. America needs renewed allegiance to law and order and rededication to the security of our nation. Make a reality of the idea. "One Nation Under God." Fly the Flag during Constitution Week."

The City Council this week passed an amendment to the garbage ordinance which probably will cause somewhat of a "stink." The amendment will be come effective Oct. 1.

In the first place the amendment makes it mandatory that all residents within the city have city garbage pickup and pay the prevailing rates. Failure to pay the charge will result in water service being shut off.

The amendment also redefines mobile home or trailer parks and establishes new collection charges for such parks as follows:

"Where all cans are not placed in one collection area and there are individual cans adjacent to each mobile home, the charge of \$2 a month for each such mobile home pickup until 60 per cent of the mobile home spaces in the park are occupied and have garbage pickup;

"When 60 per cent of the spaces are so occupied, a flat monthly charge of 60 per cent of the spaces available multiplied by \$2, plus existing charge for centralized pickup service, will be the charge."

The other section of the amendment reads as follows: "The City Sanitation Department will not make collection of kitchen garbage where same is not prepared for collection and placed as designated by the terms of this ordinance."

"Trash, rubbish and tree limbs will be picked up by the City Sanitation Department upon request to the City Clerk if same are placed in a readily accessible location and same can be loaded by city employees without the use of mechanical means, and the following charges are hereby established for the pickup of trash, rubbish or tree limbs (where same are not in boxes, cans or in bundles of not more than four feet in length and can be loaded in the regular garbage

Accent on Health

Accident-proofing your home doesn't happen accidentally, and it takes a little time and effort to make "Home Sweet Home" a "Home Safe Home," advises the Texas State Department of Health.

Home normally is thought of as a safe, secure place, but it isn't always that way. In fact, it's a dangerous place which can cause death or injury.

As modern living has become more complex, man has built in many dangers. Gas and electricity are useful tools, but they can cause fires or killing electric shocks. Our tiled baths, glossy floors, fancy draperies, decorations and never-ending supplies of new gadgets present hazards to our lives every day.

Last year the number of home deaths in this country was some 30,000 with falls, burns and poisons as the leading causes of these deaths.

Most of these deaths occur in the bedrooms, kitchens and bathrooms. Most people think first of the bathtub, with its hazards of falls and drownings, as the number one killer, but it isn't.

Bedrooms rank first. Too many people smoke in bed and "wake up dead" from fire or lethal smoke. Many infants smother from improper covering or too large a pillow. And people get up during the night and fall over objects in the dark. Bad housekeeping is at fault here.

In our slick-floored kitchens we fall, burn, electrocute, bomb and poison ourselves. The oven cleaner, drain cleaner,

bleach, dishwashing compounds, insecticide and furniture polish under the sink are products which are poisonous and easily accessible to children. Leaking gas—or fumes—may explode on contact with a pilot light on your stove.

In addition to falls around the tub, the bathroom has another potential killer in the medicine cabinet. It has been estimated that 302,000 children under five years of age ingested some potentially toxic product last year.

To prevent these home accidents, plan for safety. Keep medicines and home kitchen products out of reach of children. Watch where you put your lighted cigarettes and matches. Put hand holds around your bathtubs and make sure all rugs are slide-free. Never place inflammables near a gas water heater. Before winter sets in, have your heating system checked to guard against fires—or carbon monoxide poisoning. Never touch any electrical appliance with your hands in water or while on a wet floor. And keep things in their place.

W.S.C.S. Hostess To District Group

The W.S.C.S. of First United Methodist Church was hostess Wednesday to a sub-district meeting led by Mrs. Edward Shinn of Victoria, president. Workshop studies were followed by officers training. After lunch a program was presented by Grace United and South Bluff United Methodist Churches of Corpus Christi.

Rebekah News

The vice grand, Mrs. Myrtle McLester, presided at the regular meeting of the Rockport Rebekah Lodge on Sept. 4.

The lodge deputy, Miss Ruby Lawson, held a school of instructions. She presented the president of the Assembly's program and had a question and answer session. Band calendars were ordered by the lodge.

The noble grand and vice grand for the next term were elected.

Mrs. Georgia Haynes won the flower fund gift. After lodge Mrs. Gladys Mullan served sandwiches and fruit juice.

Wesleyan Service Guild Meets

The Wesleyan Service Guild met Sept. 9, in the Methodist Fellowship Hall, with the president, Mrs. B. W. Hamblin, presiding.

Mrs. Hamblin called the meeting to order. Mrs. Tom Jesse, program chairman, introduced Mrs. Jack Horton who read the duties of the different officers, then installed the new officers: President, Mrs. B. W. Hamblin; secretary, Mrs. J. D. Donaldson; treasurer, Mrs. Minta Lancaster; and membership chairman, Mrs. Jack Horton.

The meeting closed with the Guild benediction. Those present were Mrs. E. G. Cooke, Mrs. C. L. Harris, Mrs. B. W. Hamblin, Mrs. Minta Lancaster, Mrs. Jack Horton, Mrs. Tom Jesse, Mrs. J. D. Donaldson and Mrs. Fay Hartman, hostess.

Two Important Occasions at Stuarts

The home of Mr. and Mrs. Vic Stuart, Sr. was the locale of two "Once in a life-time" occasions over the Labor Day holidays: the golden wedding anniversary of Mrs. Stuart's parents, Mr. and Mrs. C. A. Jarratt of Fredericksburg, and the marriage of Mr. and Mrs. Stuart's youngest son, Nick A. Stuart, and Miss Earline Kelley of DeQuincy, La.

Mr. and Mrs. Jarratt were speechless with surprise when they were ushered into the dining room decorated with golden bells and an open Bible cake surrounded by all their children and a few grandchildren.

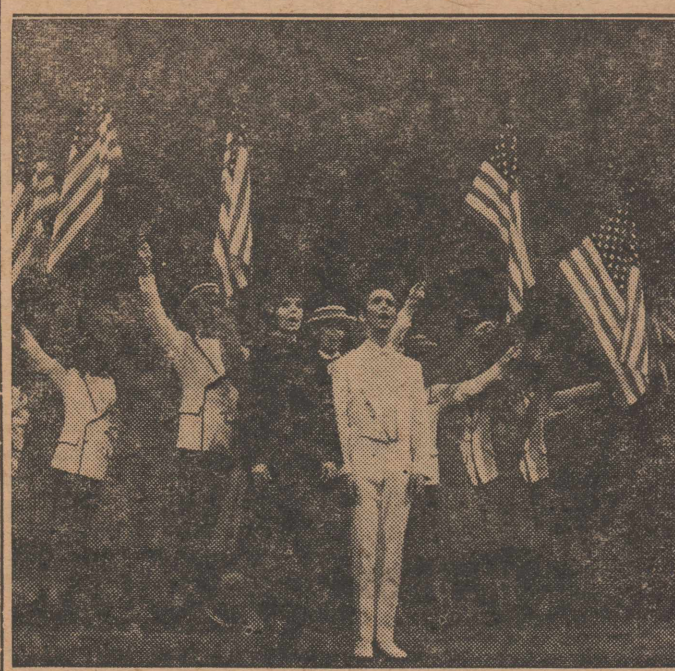

Those attending were Mr. and Mrs. C. W. Bramlett and son, Neil, from Marietta, Ga.; Dr. C. A. Jarratt Jr. from Cherokee, Iowa; Mr. and Mrs. E. J. McLean, Sr., and children, Valerie Lane, E. J. Jr., and Vanessa Lynne from Kingsville; Nick Stuart and Miss Kelley.

Mr. Stuart and Miss Kelley's double ring ceremony was in the home of Judge John D. Wendell with the groom's father as best man and Mrs. Vic Stuart, Jr., as the bride's matron of honor.

The bride wore a white silk dress and a beautiful corsage of pink sweetheart roses, which was carried out as the motif on the bride's pink cake decorated with pink sweetheart roses and the newlyweds first names.

A small reception was held in the home of the groom's parents with only intimate friends present. The new Stuart family will make their home in DeQuincy, La.

YANKEE DOODLE DANDY "GEORGE M!" IN MUSIC HALL DURING 1969 STATE FAIR OF TEXAS

THE YANKEE DOODLE DANDIEST of them all—"GEORGE M!"—is the block-busting story of George M. Cohan in the stage musical which proves that fast-moving dynamic, rousing, good fun family entertainment really are alive and well. And this grand new show, featuring grand old songs like "Yankee Doodle Dandy," "You're A Grand Old Flag," "Over There" and "Give My Regards To Broadway" will be featured in the Music Hall Oct. 8-19 during the 1969 State Fair of Texas in Dallas. Joel Grey will star in the Broadway Company in Dallas during the State Fair.

Several miniature windmills and oil derricks made from aluminum foil were attracting attention in Sheriff Bob Hewes' office. Mrs. Virginia Shivers explained that a prisoner had made these attractive, toy-like objects from the foil from TV dinners.

I asked Bob if I could take a picture of the prisoner with some of his creations. Hewes said it was O.K. with him if the prisoner gave his approval.

So I went to the county jail and talked to the prisoner, Joe "Rocky" Frausto, 38, of George West, who was awaiting trial on a charge of possession of marihuana. He said, "Sure, go ahead," so I shot several pictures. Frausto was found guilty and placed on three years probation.

Frausto said he used to work for a company that sold and installed real windmills. As for his ability to make realistic-looking miniature windmills and derricks, he explained that he always had been "handy at making things."

While in the jail, I heard someone yell, "Hello, Kinsey, how are you?" It turned out to be Patrick Donohoo, former manager of a local restaurant, who had just been found guilty of embezzling \$1,400 from the restaurant and sentenced to two years in the penitentiary.

"Hi, Pat," I replied. "Sorry to hear about your trouble." "You can't win 'em all," he said. "See you in two years." Incidentally, Hewes said prisoners would appreciate it very much if local people would care to contribute card games, and other types of games, candy and paperback books.

NATURE TRAILS

By
CONNIE HAGAR

"The little cares that fretted me, I lost them yesterday . . . Where ill thoughts die and good are born,

Out in the fields with God."

—Elizabeth Barrett Browning
No one can estimate what nature will do for a tired soul; how restful to drive and enjoy nature's lovely handiwork.

The coast area is blessed with some flower in bloom twelve months of the year, and as fall advances, small shrubs take over; agarita, whole small berries furnished our ancestors with jelly, and in the spring we enjoy the fragrant, small rose-shaped blossom; gaillardias and yellow evening primroses; widows tears; indigo pea—all bloom now in grass as we walk through.

Look up or look down. Nature has repaid you with beauty.

And have you noticed the change in our bird population? Swallows have moved south, and at the beach each morning they eat three times their

weight in mosquitoes as they fly, as swallows feed only on the wing.

Tricolored Louisiana herons and little snowy egrets are building a larger population, as is also the reddish egret. Sometimes, but rarely, the white phase joins the reddish percentage one to 500.

Western willets are arriving in their light gray plumage. It shows plainly in contrast to our very common eastern species—same bird.

We are ready!

If and when disaster strikes, thousands of telephone men and operators, and tons of equipment are available to help restore communications.

Emergency phone service for police, hospitals and city officials is the first order of action. Then attention is turned to

customer telephones that may be crippled.

It's a job we would rather not have to do. But when necessary—whatever the emergency... floods... hurricanes... tornadoes—we're ready. We may be the only phone company in town, but we try not to act like it.

A unit from Sheriff Bob Hewes office will be present at each out-of-town football game in addition to local games.

Chamber Happenings

Several years ago the Chamber of Commerce instituted an employment service which is still in use. The C of C acts as a clearing house for those seeking employees and for people seeking work.

During the summer the Chamber works with the high school counselor in finding jobs for students. This past summer jobs were obtained for several young people.

The C of C is not always successful in helping employers find suitable people or vice versa. But there are a few folks working who filled out an application and were hired through the office.

Mrs. T. L. Morgan baked home made cookies and brought them to the Chamber office to be served this week to visitors. Mrs. Morgan is a volunteer worker at the Arkansas County Library and has furnished refreshments this week in the name of the library.

The Downtown Christmas fund still grows. Recent contributors include Dr. J. M. Shaw; Trep's Food Store, Fulton; Rouquette & Wendell Fish Co., Fulton; BP&W Club and Ormand's Grocery.

The Mormon cricket lays eggs in the summer but they do not hatch until the following spring.

DRAFT CALL FOR 1,461 TEXANS

Austin — The October draft call for Texas is 1,461, down from 1,697 for September, Col. Morris S. Schwartz, state Selective Service director, said Friday.

This is the state's share of a national quota of 29,000 men, 27,600 for the Army and 1,400 for the Marine Corps. The quota will be in the same proportion between the two services.

State induction calls in August and July were 1,548 and 1,171, respectively.

A total of 8,906 is scheduled to be forwarded for armed forces preinduction physical and mental examination in October to prepare for future calls, Colonel Schwartz said. This compares with totals of 11,135 in September, 6,816 in August, and 8,029 in July.

The order of selection to fill draft calls through October may be from among examined and acceptable men who are (1) delinquents 19 years old and older, (2) volunteers under age 26 in the sequence in which they have volunteered, and (3) nonvolunteers 19 through 25 years, single and married, oldest first, with those married after Aug. 26, 1965, being selected ahead of those married on or before that date.

In filling the quota for the pre-induction physical and mental examination for October, local boards, if necessary, may go as low as 18 years and nine months of age, oldest first; but no person may be inducted until he is 19 years old.

Grover Cleveland Alexander won 30 games three years in a row.

—Conferred again with Clayton Caskey, Corpus Christi, secretary of Arkansas Natural Gas Company, and Vernon Kleypas, manager of the local office, regarding the company's request for a rate increase to realize a return of 8 per cent on the company's investment.

At one point Mayor Hiller asked Caskey, "What would your reaction be to a rate increase which would produce 7 1/2 per cent on your investment?"

"We probably could live with it," Caskey replied.

—Adopted an ordinance approving the previously announced budget for 1969-1970.

—Adopted an ordinance for the levy of taxes. The tax rate remains the same as last year: \$1.50 per \$100 worth of property. The \$1.50 is divided as follows: 63 cents, current expenses; 28 cents, street maintenance and drainage; and 59 cents, for interest and sinking fund to pay off general obligation bonds.

—Adopted an ordinance fixing the time and manner of paying ad valorem taxes:

a) Due between Oct. 1 and Jan. 31, with penalties afterwards.

—Adopted an ordinance regarding discounts on taxes paid in advance:

a) 3 per cent discount if paid during October.

b) 2 per cent if paid during November.

c) 1 per cent if paid during December.

—Set Sept. 29, 7:30 p.m., for a public hearing on a request by Harold Embury to rezone lots 5, 6, 7 and 8, block 30, S&W, from Residential-3 to Business-1 or Business-2.

Embury plans to build an eight-unit apartment building. —Authorized Public Works Commissioner Tom Shults to have water well No. 12 repaired and to have repairs made on other wells.

—Voted to have the City of Corpus Christi buy a new patrol car for Rockport when Corpus Christi buys a fleet of police cars in October. January delivery is expected. It was reported that by using this method, a fully-equipped police car can be purchased for about \$2100, with air conditioning, power steering and power brakes. It was stated that this would save the City of Rockport about \$700 or \$800.

Texas law permits forty (40) untaxed cigarettes (2 packages) to be brought into the State for personal consumption provided the seal on each package has been broken.

No person other than a common carrier shall transport within this State cigarettes without having stamps affixed to each individual package of cigarettes or shall fail or refuse upon demand of

If the quantity of cigarettes is ten thousand (10,000) (50 cartons) or more, any automobile, truck or other vehicle transporting same are subject to seizure and forfeited to the State of Texas and the person in possession and/or transporting these cigarettes shall be guilty of a felony.

Library News

The Summer Reading Program at the Aransas County Public Library ended on Aug. 31. There were 99 who earned certificates for reading 12 or more books. These certificates are being awarded at school. Those who read less than 12 may pick up their reading logs at the library.

Total of about 2500 books were read by these children who participated in the program, and they are to be commended for their interest. They have learned that:

"A book is magic to open a door,
A book is magic to read and explore,
A book is music to far away lands,
A book is magic to hold in your hands."

Books have been recently presented to the library by Mrs. Walter Hatley, Mrs. T. E. McArdle, and Mrs. Sam Wilcox.

Memorials have been received from Mr. and Mrs. Fred A. Bracht, Fred A. Bracht, Jr., Mr. and Mrs. G. L. Godwin, and Mrs. Connie Hagar.

CARD OF THANKS

We are sincerely grateful to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service floral offerings, memorials, food and other kindnesses, we are deeply grateful.
