WRECKAGE LEFT BY HURRICANE

This Haitian farmhouse, on the northern coast of the southwest peninsula, was completely demolished by Hurricane Hazel. The big storm left heavy damage in its wake before passing through Windward Passage into the Bahamas chain and the east coast of the United States.

U. S. Information Office Burned In Jordan Riots

Guards Are Placed Around Embassies

DAMASCUS, Syria, Oct. 16 (AP)—Syrian press reports said a state of emergency was declared today in Amman, Jordan, following disorders in which several persons were wounded and the U.S. Information Office burnt.

The reports said Jordan's army has occupied crossroads and important centers in Amman and placed Western embassies under heavy guard.

Clashes between the army and demonstrators took place after six candidates in the Amman constituency withdrew from the parliamentary election, accusing the government of partiality, the newspaper reports said.

The reports said all voters listed as antigovernment had been kept by force from the ballot boxes since this morning.

Other clashes had been reported from south Jordan districts, the newspapers said.

By WILTON WYNN

AMMAN, Jordan, Oct. 16 (AP)—Stone-throwing election day mobs battled police in the streets today, smashed into the U.S. Information Service library and set fire to the building. At least three persons were killed and 40 injured in the rioting.

A government communique blamed Communists and anti-government National Socialists for the disorders.

Firemen extinguished the library fire after police reinforcements had driven the rioters from the area. Books were burned, but the full extent of damage to the building was not known immediately.

While telephoning his story to Damascus, Syria, the Associated Press correspondent was cut off, apparently by government censors.

The rioting began when opposition parties in Aman withdrew from the Jordan elections, complaining of government interference. The voting was for 40 members of a new Chamber of Deputies under a new system permitting authorized groups to campaign for the first time as political parties.

The street battles lasted more than five hours. At the library the demonstrators stoned the building for half an hour before breaking in. Then they held police back for another hour while the library and roof blazed.

The government communique reported the clashes were between security forces and "members of extremist nonlicensed parties." It added, however, that the elections "proceeded in a regular way in the capital and quite smoothly in other parts of the country."

Early in the day three leading opposition candidates announced their withdrawal from the elections. They were former Premier Said Mufti; Suleiman Nabulsi, former ambassador to London; and Salameh Twal.

The majority of candidates for the 40 seats in the Chamber, including progovernment elements and members of such unauthorized parties as the left-wing National Front and the conservative Moslem Brotherhood, campaigned as independents.

Prior to Nabulsi's withdrawal, political observers said they thought the National Socialists would emerge as the strongest party, but possibly unable to muster a working majority.

Final results of the election are not expected before tomorrow.

Seek Woman As Link In Slaying Case

David Fred Hagler, Jr., talked to reporters upon his arrest in Fort Worth after he surrendered voluntarily. He had been reported dead. Oklahoma officers charged him with murdering an unidentified man first believed to be Hagler. The burned body was found in a station wagon near Davis, Okla. The vehicle was owned by Hagler's former wife.

FORT WORTH, Oct. 16 (AP)—An Oklahoma City waitress known only as "Georgia" today entered the case of David Hagler Jr., Fort Worth businessman charged with murder of an unidentified man in Oklahoma last weekend.

Attorneys for Hagler said the waitress could prove that Hagler left his 1954 Mercury car at a tourist court near the death scene so that she could pick it up.

Hagler's burned station wagon was found near Davis, Okla., about two miles south of the court, last Sunday. In it was the charred body of a man who at first was thought to be Hagler.

Meanwhile, Gov. Johnston Murray of Oklahoma requested Gov. Allan Shivers to return Hagler to Oklahoma, where the murder charge was filed.

The governor's office said the request was received today but it would be Monday before a hearing date would be set.

Hagler is being held in jail here. He sent a plea to his lawyers today to make the $10,000 bond for him, but they said they preferred that he remain here a while.

Agent Steele Westbrook of the Oklahoma Crime Bureau said Hagler has told officers he remembers waking up near the death scene overnight Saturday, Oct. 9.

"He said the next thing he remembered was in a Gainesville hotel room, where he said he heard a radio newscast saying his station wagon had been found and that the corpse was believed to be his."

Westbrook said Hagler told him he didn't report to officers immediately that he was alive because "my first thought was to let it go."

Westbrook said Hagler claims that he drove his Mercury to the tourist court Oct. 8, left it there and caught the next bus back to Fort Worth. The next day Hagler said he got drunk, picked up drinking companions he didn't know in his station wagon and was beaten and robbed and thrown from the car.

Officers were seeking new leads as to the identity of the charred corpse.

Westbrook said he was sure it wasn't a man named Hearne because of a difference in physical size.

A nine-unit dental plate found in the corpse may be the key clue to final identification.

The search for the woman turned to West Texas after the ex-husband of a waitress named "Georgia" contacted officers. The man said his former wife had been in Big Spring, Slaton and Abilene recently.

The Wise County sheriff, told police here he is checking dental records to see if the victim could be Joseph Weldon Shawn of Bridgeport, missing since Oct. 3.

Floods Follow In Wake Of Devastating Storm

By The Associated Press

The nightmare of Hurricane today turned into a horror sequel of floods. Wind-stricken communities in the eastern United States, and particularly southern Canada, floundered amid stampeding waters.

At least 107 persons were dead. Hundreds of others were injured or missing in the rubble-strewn wake of Hurricane Hazel. And nature conjured up new vengeance in the surging flood tides.

Across a dozen states was a savage, 200-mile-wide swath of ruin and tragedy. As the big storm receded into northern Canada, dumping its torrents, rivers and streams leaped their banks.

The million people of Toronto, Ont., were virtually isolated by water. Overflowing rivers swept into suburbs, inundating streets, homes and automobiles. One adjoining area of 6,000 acres, normally dry land, was a huge lake.

The number of drowning victims mounted steadily, and there was no way of estimating the final toll. Helicopters and Navy whaleboats scouted the submerged districts to try and check the rising casualties.

Floods also plagued the hurricane's furious trail across the U.S. Overburdened streams burst from their banks, surged into homes and streets in parts of the Carolinas, Pennsylvania, Maryland, Virginia and New York.

Rescue crews toiled in rowboats, canoes and hipboots to carry families to safety from houses already wind-battered.

As the reports of hurricane damage and distress poured in, governors of three states — Maryland and North and South Carolina—appealed to the federal government for emergency aid. They said parts of their states were major disaster areas.

The storm hit hardest at the coastal states, but it also did widespread damage inland before its remnants plowed into Canada. There, new storm centers gave it a second spurt of violence, before it faded into the northlands.

Grand Jury In Recess Here

The grand jury recessed Friday afternoon after two days of session, returning six indictments charging felony offenses. Several other felony charges were passed by the jury for consideration at a later date, including a joint complaint filed Thursday against two youths wanted also by military authorities.

Those indicted and the charges against them:

L. W. Akin, about 30, San Angelo, and John Henry Taylor, also about 30, San Angelo, theft of pipe from Hughes Tool Co. Aug. 29.

William Claire (Bill) McComb, 29, 2301 Avenue O, murder without malice of Ernest James Shore, 50, Sept. 8.

Ernest Lee Shelley, about 34, Stamford, driving while intoxicated Aug. 21 after having been previously convicted in a county court of a similar offense.

Herman F. Whitley, 34, burglary of the office of Omer E. Partain, pipeline contractor, on June 5.

J. T. Walton, Snyder, re-indicted on a charge of swindling by worthless check in the amount of more than $50. He was indicted on the same charge July 17, but a second indictment was returned to alter the first.

One person was no-billed of a charge against her. The woman, now residing in another state, had redeemed a check given to a store here for which there was not a sufficient fund to cover at the time it was given.

Among cases passed until later were a charge filed Thursday alleging two 18-year-old youths stole a pickup truck here. They are being held here for military authorities who charge them with theft of another vehicle, being absent without leave, and escape from a guardhouse.

Cotton Crop Still Moving

Scurry County's cotton crop has already exceeded lowest estimates and may even reach the highest.

By yesterday, the nine gins in the county had put out about 11,294 bales of cotton for the season. That is an increase of some 3,000 bales during the last week.

Ginners say the north part of the county still has much more cotton to come in, while even some ginners of the south part of the county are figuring on several hundred more bales. Some farmers are just now bringing in their first bales. In some areas, the harvest has started slowing down. One ginner figures farmers in his area will wind up pre-frost harvest within 10 days. Other ginners say they have another heavy week of ginning.

Estimates before the season ranged from 11,000 to 15,000 bales for the county.

By communities, ginning figures are 4,125 for Snyder, 1,087 for Ira, 1,281 for Fluvanna, 1,340 for Hermleigh, 1,425 for Inadale, 1,136 for China Grove, and about 1,000 for Dunn.

Truman, Stevenson Rap Administration

By The Associated Press

Harry S. Truman and Adlai E. Stevenson ripped into the Republican administration and called for the election of a Democratic Congress last (Saturday) night as President Eisenhower returned to his White House chores in Washington.

The two top Democrats raked administration foreign policy and said the Republicans were split internally.

Said Truman:

"It is now clear that they do not represent the best interest of our people, and in 20 months they have changed dangerously our liberal form of government to one of reaction at home and confusion abroad."

Stevenson:

"... The administration is trapped in a dilema of its own making—it is trying to conduct a responsible foreign policy and appease the extremist wing of the Republican Party at the same time. It is trying to reconcile the irreconcilable."

Truman addressed a Democratic rally in Kansas City, in what was billed as his only speech of the congressional campaign.

Stevenson spoke at a Democratic meeting in San Francisco.

Eisenhower, back in Washington after an eight-week working vacation in Denver, takes to the road Wednesday for a two-day speaking trip to Hartford, Conn. and New York City.

Eisenhower goes to Hartford Wednesday to speak at a special convocation of Trinity College and at a birthday luncheon for Gov. John Lodge, who is seeking re-election. That same night he makes what has been announced as a nonpolitical speech at a National Jewish Tercentenary dinner in New York.

On Thursday he will address about 400 Republican candidates and party workers in New York and then attend an Alfred E. Smith memorial dinner there.

In other political developments:

Sen. Ralph E. Flanders (R-Vt) said neither he nor Sen. Joseph McCarthy (R-Wis) has been encouraged by the Republican National Committee to take part in the campaign. Flanders said he thought it was a "good thing" to keep the McCarthy censure controversy, which he helped touch off, out of the campaign. The issue will be taken up by the Senate Nov. 8, the week after election.

Clifford P. Case, Republican candidate for senator from New Jersey, scheduled a local television talk for this afternoon to get "to the bottom" of published reports raising the question whether his sister, Adelaide, was linked with Communist front groups. There have been suggestions it was a case of mistaken identity.

Wichita Falls Building Burns

WICHITA FALLS, Oct. 16 (AP)—A $100,000 fire raced through a downtown business building here today ... the second major fire in Wichita Falls in a week and the fourth in a month.

Today's blaze destroyed a building housing five concerns and a warehouse.

A loud explosion, its origin undetermined, rocked the building soon after the fire was discovered. Later smaller explosions popped as tires burst on vehicles in the burning structure.

Destroyed were the Automotive and Industrial Supplies firm, two Morton Foods distributing houses, the American News Co., the Harrell Farm Sales firm and a warehouse used by a service station equipment dealer.

Cause of the blaze has not been determined, but police were working on the possibility of arson.

Study Of CIA Is Confirmed

WASHINGTON, Oct. 16 (AP)—The White House confirmed today that a small study group headed by Lt. Gen. James Doolittle has completed a study of "certain phases" of the work of the highly secret Central Intelligence Agency.

Authoritative sources in Bonn, Germany, disclosed this week that Doolittle, a retired Air Force general, had visited there in September during a study of CIA work in Europe.

Press Secretary James C. Hagerty, discussing the Doolittle survey, said:

"The President feels that such periodic reviews are conducive to good government and serve to give him an independent appraisal of the sensitive aspects of the agency."

Hagerty emphasized that the Doolittle study does not duplicate the work of another investigating group studying the overall organizational problems of the nation's intelligence services.

This work is being undertaken by a task force of the Hoover Government Reorganization Commission under retired Gen. Mark W. Clark.

Hagerty would not go into any detail about the "certain phases" of the CIA which the Doolittle group looked into. Nor did he name the others associated with Doolittle in this study.

Lodge Charges Evans Keeping Risks On Roll

By A. I. GOLDBERG

UNITED NATIONS, N.Y., Oct. 16 (AP)—Henry Cabot Lodge Jr., chief U.S. delegate to the United Nations, charged today that eight American employes of doubtful loyalty were being kept on the UNESCO payroll by Dr. Luther Evans, American head of the organization.

Lodge strongly criticized Evans, former Librarian of Congress, for an action which he said frustrates U. S. efforts to insure high integrity among American staff members of international organizations.

Evans has headed the U. N. Educational, Scientific and Cultural Organization, a specialized agency of the U. N. with headquarters in Paris, since July 4, 1953. A native of Texas, he had since 1949 been a member of the executive board of UNESCO and was chosen as a compromise candidate for the top post to succeed Mexico's Jaime Torres-Bodet.

Lodge, who set up new loyalty quizzes for Americans employed in the United Nations shortly after he became the permanent U. S. delegate in 1953, noted in a statement issued through the U. S. mission here that UNESCO was outside his jurisdiction. He added:

"I have a responsibility as U.S. representative to the United Nations to see that fair play exists. It should, therefore, be crystal clear that there have been no such problems in the U. N. itself.

"Such matters have been well solved, without impairing the independence of the secretariat." He did not elaborate on this point, and a U.S. spokesman said he did not know whether the U. S. procedure turned up any new loyalty cases here.

Stringfellow Changes Tune

SALT LAKE CITY, Oct. 16 (AP)—Rep. Douglas Stringfellow (R-Utah) tonight repudiated his story of wartime service with the Office of Strategic Services.

Appearing on a television program, the congressman admitted he had seen no service with the OSS.

Tears running down his face, he substantiated a story published by the Army Times which questioned his service record.

He also said he has told Utah Republican leaders he will step aside as nominee for re-election from the Utah 1st Congressional District if they wish him to do so.

'Windfall' In Pact Deleted, AEC Says

By RUSSELL BRINES

WASHINGTON, Oct. 16 (AP)—The Atomic Energy Commission says that, "after considerable negotiation," it succeeded in writing provisions into the controversial Dixon-Yates power contract "which should remove the possibility of 'windfalls' to the company ..."

In a still unpublished report to Congress, read today by an Associated Press reporter, the AEC described as not excessive contract terms permitting the Dixon-Yates group to take a tax-free return of 9 per cent or more on its proposed 5½-million-dollar investment in a new power plant near the Tennessee Valley.

The AEC said, however, the 9 per cent is not guaranteed and could be higher or lower if changes in construction cost estimates modified the group's investment.

The commission said it balked at the group's original proposal under which "the company would have received any profits in excess of a 9 per cent return on its equity (investment) with the AEC being obligated to pay the income tax."

Instead, the AEC said it inserted five provisions in the current and probably final draft of the contract designed to eliminate possible excessive profits. It said that the commission, "through negotiation, has obtained major concessions from the company."

The detailed report was sent to Congress to explain final negotiations for the politically explosive contract. The AEC has not released either document, although both are unclassified and pressure for their publication apparently is mounting.

An Associated Press staff writer read both the printed contract and the mimeographed AEC report, furnished to him by an official source.

The 25-year contract — the center of a political storm — calls for the Dixon-Yates group to furnish 600,000 kilowatts of power from a new steam plant at West Memphis, Ark., to be built at an estimated cost of 107 million dollars. The power would be supplied to the Tennessee Valley Authority to replace some of the TVA electricity used by AEC.

Under present cost estimates, the AEC would pay $20,746,000 a year for the power, including federal income and state and local taxes. The commission would absorb any major increases in the cost of coal and labor and would be credited for decreases.

The commission has approved but not yet signed the contract, which now is before the Senate-House Atomic Energy Committee. The congressional group meets Nov. 4 for open hearings on it and to decide whether to insist upon a provision that would postpone signing the contract until next February.

The administration has asked the committee to waive the provision and clear the contract for immediate implementation. Opponents of the proposal — many Democrats and some Republicans—want it postponed.

'Boss' Crump Dead At 80

MEMPHIS, Oct. 16 (AP)—E. H. (Boss) Crump, the nation's last oldtime big city political boss, died today. He was 80.

His Memphis "machine" made—or broke—Tennessee governors, senators and representatives for more than 20 years.

Death was due to a heart ailment. He died at home, still the "Boss" here although no longer able to swing the entire state.

Neither Crump nor his candidates were ever beaten in his own backyard—Memphis and Shelby County (pop. 520,300).

But he lost much of his statewide influence in the 1948 Deocratic primary. He never gained it all back.

The bushy-browed, white-haired politico, wealthy head of a real estate and insurance firm, died after a gradual decline in health first noted last August.

His smooth machine was considered a model by organization politicians throughout the nation. But it was strictly a one-man show.

Missing Tulsa Girl Is Found Unharmed

TULSA, Okla., Oct. 16 (AP)—A 6-year-old Tulsa girl, missing since Friday afternoon, was found unharmed today, police detective Earl Beddoe said.

He said the youngster, Norma Jeanne Pearse, was discovered walking down a residential street. She explained to officers she had spent the night with a school girl friend.

Later, police said, the parents in the home where Norma Jeanne stayed overnight reported their visitor told them she had her own parents' permission to sleep there.

One of the largest searching parties ever organized here scoured the area in which the missing child lived.

Agreement Reached In Strike At Houston

HOUSTON, Oct. 16 (AP) — AFL boilermakers and a contractors' negotiating committee reached an agreement tonight that ends a 13-day strike on construction projects in Texas and four other states.

The union and a committee representing the South Central Employers Assn. agreed after a four-hour conference.

Terms were not announced, but it was reported unofficially that the settlement called for a 7.5-cent hourly wage increase and a 7.5-cent employers' contribution to the union welfare fund.

Original union demands were for a 10-cent raise and a 7.5-cent welfare contribution.

Blame Communists For London Strike

By EDDY GILMORE

LONDON, Oct. 16 (AP)—Arthur Deakin, boss of Britain's biggest trade union, tonight blamed the Communists for London's crippling bus and waterfront strikes.

The strikes, the greatest labor challenge to the Churchill government since it came into power three years ago—reached a grave stage with no sign of a solution in sight. The Cabinet held its third meeting in as many days but announced no new measures.

Deakin, secretary general of the Transport and General Workers' Union, whose membership is 1¼ million, said both London strikes have arisen from a policy propagated by the Communists Party.

In a speech at a union meeting in Birmingham, he said:

"For a long time it has been quite clear that industrial policies have been projected by the Communist Party which are completely unrealizable, but are designed to destroy the confidence of the rank and file membership in the trade unions by bringing discredit on the branch officers, executive members and full time officers of the union."

He added: "The shouting down of those whose point of view is not acceptable to the Communists and their fellow travelers is very much in evidence in the trade unions today."

More than 15,000 members of Deakin's union are striking — against the orders of officials — in sympathy with more than 7,000 members of the stevedores union who are on official strike. In addition there are 8,000 ship repair workers on strike against the dismissal of five electricians.

About 4,500 tugboat and barge men will strike tomorrow in sympathy with the stevedores.

The strike began as a protest by the stevedores against the present system of compulsory overtime. The employers agreed to consider the demand but said the stevedores had to return to work first.

The busmen's strike is in protest against new schedules introduced by London transport management to try to straighten out schedule disorganization caused by a ban which the workers placed on overtime. The workers objected to the overtime to back up a demand for more pay.

Army Selects Two Divisions For Streamlining Experiment

By ELTON C. FAY

WASHINGTON, Oct. 16 (AP)—The Army has picked an armored and an infantry division for its first large-scale experiment in streamlining big combat units to meet new battlefield requirements imposed by atomic weapons.

It said today the 1st Armored Division at Ft. Hood, Tex., and the 47th Infantry Division at Ft. Benning, Ga., have been selected to "conduct experimental field testing of limited modifications to the existing unit organizations."

The advent of tactical-size atomic bombs, atomic artillery and guided missiles with nuclear warheads has confronted ground forces with the necessity of much wider dispersion of men and units and with the need for stepping up mobility of the units.

Obviously with this in mind, Gen. Matthew B. Ridgway, Army chief of staff, said in a recent speech that two veteran divisions, which he did not identify at the time, would conduct extensive tests "under simulated atomic conditions seeking answers to the questions as to the influence of new weapons upon army organization and tactics." He said that in maneuvers, various size combat formations would be tested.

Reports had been current long before Ridgway's criptic reference to the new tests that the Army was giving serious study to reducing the size of its infantry division, which now has a strength of 17,500. This thinking was directed toward smaller size regiments, deployed in greater depth along a divisional front.

Although units would be smaller, the reported plan does not contemplate an over-all reduction in the use of army manpower in any future war. Ridgway has said atomic war would require more, not fewer, soldiers.

Ridgway, in his address last month, referred to the tests beginning this fall. Army spokesmen said today the experimental "field testing" would be conducted in early 1955.

The assumption, therefore, is that during this fall the two divisions will be reformed into tactical units smaller than present size and trained to operate in those new formations. (The 1st Armored and 47th Infantry probably are at less than currently authorized strength.)

Then when the experimental reorganization and training is completed the divisions will go into the field to maneuver, working both with friendly atomic support and in defense against simulated nuclear attack.

In offense, one of the new atomic battlefield problems is to occupy and exploit swiftly an enemy area hit by an atomic shell or bomb. This could be a zone from a mile to two or more miles wide. In this maneuver, Army tacticians are placing premium upon the use of new transport equipment, including recently developed armored personnel carriers and helicopters — to rush forces into the blasted area before the enemy can recover and regain control.

The test maneuvers probably will change midway in the reorganizational test program. The Army has announced that in December the numerical designation and colors of the 47th will be returned to Minnesota and North Dakota, from which the Guard division of that designation was federalized during the Korean War. Personnel and equipment then will be transferred to the regular 3rd Infantry Division, with headquarters at Ft. Benning.

WEATHER

NORTH CENTRAL and WEST TEXAS: Fair through Monday; mild temperatures. EAST and SOUTH CENTRAL TEXAS: Fair through Monday; A little warmer Sunday; gentle to moderate variable winds on the coast.

LETTERS TO EDITOR

(Letters from the readers of the Daily News are always welcome, provided they are signed by the writer and give his correct address. They will be printed subject to the publisher's discretion, based on whether the material contained is libelous or the language offensive. Letters should not exceed 300 words.)

With man since his inception, fire has been his greatest benefactor.

He soon learned that it had to be watched and controlled since it provided him with his simple needs of protection from the wintery blasts as well as cook his food.

One of man's first methods of communication was the smoke signal that arose from hill to hill and carried messages across the country.

As civilization advanced man harnessed those deadly foes, fire and water, to a large degree to create power which relieved him of many back breaking burdens. It also gave him transportation and created a better way of life. The power of steam and later electrical power, which was born of steam, combined with man's control of these giants have given us almost a push-button way of life, not only in industry, but in our homes as well. In our every day contact with fire in some form we have learned of its power as well as its hazards. We have learned the science of extinguishing fire and the importance of fire prevention.

An army of citizens, better known as firemen, are ever on the alert across the nation. Yet with all the education on hazards of fire and the science of fire prevention, careless and thoughtless individuals are responsible for the greater part of one billion dollar fire losses in the United States and Canada last year.

Think of it, every day there are 1087 home fires, 95 store fires, 97 factory fires, eight church fires, 11 school fires, four hospital fires, and 33 persons burn to death. Still more tragic is the fact that 12,000 American die needlessly and more than double that number are severly burned or disfigured for life by fire.

Annually there are about 116,000 fires caused by smoking and matches, 85,500 caused by misuse of electricity, 80,000 by improper disposal of rubbish, 52,300 by careless use of inflamable liquids, 39,100 by lightning, 38,600 by defective or overheated chimneys, and 22,500 by children playing with matches.

It is well that we pause each year and acquaint ourselves and our families, particularly our homes, with these statistics and observe fire prevention not for a week, but every week.

Lets grow up, not burn up.

N. W. Autry, Chief
Snyder Fire Department

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Jimmy Farmer, 2700 Avenue F; Dale Carter, Snyder; Willie J. Gilliam, 2410 Avenue E; Mrs. Rogert Grider, Snyder; Lyndean Sellers, Clairemont route; Mrs. Jo Ann Ashley, Snyder.

Dismissals: Clyde B. Garrison, 601 Thirty-fourth Street; Connie Clark, Snyder; Elpidido Lealterrenas, Snyder; Juan Guaradado, Hermleigh; Luis Gonzales, Hermleigh; Jose Cadenas, Hermleigh; Jean Gunn, 1207 Twenty - sixth Street.

COGDELL MEMORIAL

Admissions: Mrs. Don F. Colbert, Snyder; Paul Navickas, 508 Thirty-second Street; R. C. Johnson, 1010½ Twenty-eighth Street; Charles Lynch Kaltenbach, Hobbs, N.M.

Dismissals: Mrs. Sim Groves and baby, Hermleigh; W. G. Cummings, Snyder; Mrs. J. B. Derrick and baby, route 1.

Rites Set For Mrs. Rhodes

Funeral services for Mrs. Fannie Belle Rhodes, 86, will be held at 2 p.m. Monday in the Bolger Funeral Home chapel with the Rev. J. Lennol Hester, pastor of the First Methodist Church, officiating.

Mrs. Rhodes died at 10:15 p.m. Thursday in a Fort Worth hospital. A resident of Scurry County for 50 years, she had lived in Fort Worth for about 12 years. She had moved to Fort Worth after the death of her husband, A. Rhodes, who had been postmaster at Ira.

Mrs. Rhodes was a member of the Methodist Church.

Survivors are a daughter, Mrs. W. A. Brents of Fort Worth, and three sons, Oliver Rhodes, R. Rhodes of Lamesa and Harmon Rhodes of Carcas, Venezuela.

Burial is to be in Snyder Cemetery.

Navy Recruiter Sets Up Schedule Here

The Navy recruiting service has set up office hours in Snyder at 11 a.m. to 12:30 p.m. each Friday.

Boilerman Chief D. L. Loftin, naval recruiter, will be at the post office here at that time each week to enlist men interested in joining the Navy. Those 17 to 31 years old in good physical condition are eligible, he said, adding that no certain amount of education is required as long as enlistees can pass routine exams.

All persons enlisting in the Navy here will go to San Diego, Cal., for 11 weeks of boot training. Ninety per cent of enlistees, after boot camp, are sent to technical schools, the recruiter said.

Oslo, the capital of Norway annexed 175 square miles in 1948 and thereby became a city which is almost half forest, says the National Geographic Society.

PUBLIC RECORDS

MARRIAGE LICENSES ISSUED:

Hildo Rodiger Montemayeur, 38, Georgetown, Tex., and Marie Rubes Robles, 38, Andice, Oct. 8.

Albert Curtis Hook, 20, 1604 avenue B, and Doris Myri Taylor, 18, 1401 Eighteenth Street, Oct. 8.

Cal Everett Lavinder, 20, Morton, and Susie Ann McKeown, 18, 901 Twenty-fourth Street, Oct. 8.

Fred Williams, 22, route 2, and Patricia Ruth Holder, 18, Fluvanna, Oct. 9.

FILED IN CIVIL DISTRICT COURT:

Silas Gilliam vs. Fidelity & Casualty Co. of New York, compensation, Oct. 12.

Emra Archie vs. William B. Archie, divorce, Oct. 13.

Irene Hemphill vs. Henry Hemphill, divorce, Oct. 13.

NEW VEHICLE TITLE APPLICATIONS:

Weldon M. Barton, Big Spring from Roy V. Lashaway, 1954 Schult house trailer, Oct. 6.

Magnolia Petroleum Co. from Ed Maher, Dallas, 1954 Ford sedan, Oct. 7.

Walter E. Hukill from Lamb Chevrolet Co., 1954 Chevrolet station wagon, Oct. 7.

G. B. Tankersley from Lamb Chevrolet Co., 1954 Chevrolet sedan, Oct. 7.

C. F. Capps from Ivey Motor Co., Robert Lee, 1954 Ford sedan, Oct. 8.

Leo H. Beaver, Fluvanna, from Lamb Chevrolet Co., 1954 Chevrolet sedan, Oct. 8.

Edward G. Henderson from Lamb Chevrolet Co., 1954 Chevrolet sedan, Oct. 8.

Paul Gene Gauwain from Lamb Chevrolet Co., 1954 Chevrolet coach, Oct. 8.

W. M. Sturdivant from Lamb Chevrolet Co., 1954 Chevrolet sedan, Oct. 8.

Harold W. Gress, Glen Rose, from Williamson-Dupree Motors, 1954 Lincoln sedan, Oct. 8.

Mead's Bakery from Middleton Chevrolet Co., Rowena, 1954 Chevrolet truck, Oct. 8

Charles P. Cliff, Big Spring, from Lamb Chevrolet Co., 1954 Chevrolet sedan, Oct. 11.

Scouts Name New District

In a district meeting held Thursday night, officials of the Boy Scouts and Cub Scouts of this area decided to name a newly-organized district the Lone Buffalo District.

This district is one combined from two former districts, the Lone Wolf and Buffalo Hide. The new name, consequently, was picked from a combination of the two names, as suggested by several scout troops.

Myron Roe of Snyder, district chairman, presided at the meeting, which was held in Colorado City. Reports given at the meeting indicated that membership in the district is at a new high, with 594 scouts in comparison with a former high of 562. It is also at a peak on the number of units, with 30 troops and packs.

Plans were made for organization of seven new scouting units in the district by the end of the year. Tentative plans were made for a training program for Boy Scout and Cub Scout leaders to start about Oct. 28.

Sugar cane was being grown in Hawaii when the islands were discovered by the Western World and scientists believe the Polynesians carried it there from Asia.

Texas Southern To Dedicate Buildings

HOUSTON, Oct. 16 (AP) — Three new Texas Southern University buildings constructed at a cost of $1,850,000 are to be dedicated here tomorrow.

All three have been named for the university's president, Dr. R. O'Hara Lanier, and Mrs. Lanier.

The buildings are the Lanier student union, the R. O'Hara Lanier Hall, a men's dormitory for 216 students, and the Garriette Greene Lanier hall, a women's dormitory for 476 students.

Mr. and Mrs. F. M. McAshan, Houston residents who gave $350,000 toward construction of the buildings, will be presented by Mack H. Hannah, chairman of the university board of directors.

Harrell Elected Head Of Rodeo Association

Garrett Harrell was named president and Jess Everett vice president of the Scurry County Rodeo Association in recent balloting by the stockholders.

Other officers are J. V. Robinson, secretary-treasurer; and J. N. Eicke, arena director.

In addition to the four officers, Earl Abercrombie, I. B. Roberson and M. F. Bell were elected to the board of directors.

Neches Oil Field Proves Out Value Of Depletion Allowance

By BO BYERS

AUSTIN (AP)—The Neches Oil Field, one of the most important discoveries in the nation in 1953, is frequently called the field that dry holes found.

It's the perfect example of what Ernest O. Thompson, Texas Railroad Commission chairman, has preached for years: that free enterprise, encouraged by the 27½ per cent oil depletion allowance, will find oil to meet the nation's needs.

The Neches is less than a mile and a half from Boggy Creek Field, but it took more than 20 years of research and numerous dry holes to find the Neches after Boggy Creek was discovered.

The story of the persistent effort to locate this new reservoir in "old" oil country is told in a recent issue of the company's trade publication, the Humble Way.

The Neches lies in one of the most thoroughly explored oil areas in the world and is sliced in two by the Neches River.

When Humble discovered Boggy Creek in 1927, it set off a flurry of East Texas drilling. But every stepout in the direction of what is now the Neches Oil Field produced nothing but dry holes.

Eighty wells were drilled at that time in and around the Boggy Creek Field. Forty-one were dry holes. This had a discouraging affect on wildcatting in the immediate area, but Humble did not give up.

Humble made three distinct expeditions — counting its stepouts from Boggy Creek—and the third time was the charm.

Surface geologists found indications in 1934 of a possible "high" favorable for the accumulation of oil east of Boggy Creek, but Humble did not consider it a strong enough basis for drilling another wildcat so close to Boggy Creek.

Another company staked out a wildcat about five miles southeast of Boggy Creek in 1941. It was a dry hole, but information gleaned from this well by Humble's oil-finding specialists again indicated a possible high nearer to Boggy Creek.

To Humble's surprise, the other company moved in the opposite direction to try a second wildcat. The second well also failed to find oil or gas.

Again Humble thought the results indicated even more strongly there was a high over toward Boggy Creek. Deciding to try an wildcat of its own, Humble spudded in a well about 1,700 feet east of Boggy Creek in August, 1945.

The well was drilled to 12,269 feet and then abandoned as a duster, but it proved the turning point in the search for the Neches. It yielded subsurface clues pointing to another effort a little farther east.

Humble, which ironically had once held much of what is now the northwestern corner of the Neches Field, had to put on a new leasing campaign. It took eight years to acquire the lease block of some 10,000 acres.

In late summer of 1953, Humble spudded in the well which was to discover the field.

Meanwhile, other operators had drilled four more dry holes along the lower edges of Humble's lease block. Following the field's discovery, other operators drilled four more dry holes along the northern boundary.

These dry holes helped define the productive limits of the field.

Humble credits the multiple effort of its own drilling crews and those of other companies and the oil depletion allowance with making discovery of the field possible.

Without the depletion allowance granted by Congress in 1926, the Neches might never have been discovered.

REPORT DRILLING

Stanolind Oil & Gas No. 15 Dora Cunningham, North Scurry project in the Cogdell field, has been plugged and abandoned at total depth of 7,106 feet. Tests on perforated zones above that depth were reported to have developed no signs of production.

Union Oil of Calif. No. 1 M. L. Simmons, one mile west of the Fisher County line in Northeast Fisher County, is drilling in shale below 5,222 feet.

• • •

Lone Star Producing Co. No. 1 Rawlings, North Howard prospect, has passed the Silurian at 9,848 feet. A drillstem test from 9,872-687 feet had gas at the surface in three minutes and drilling mud and oil in 13 minutes. The tool was open one and one-half hours. Oil flowed at an unestimated amount for the remainder of the test with no water present. Operator was pulling the tool at last report.

• • •

Cosden Petroleum No. 1 Simpson in extreme Northwest Howard County is circulating and waiting on orders after a drillstem test in the Pennsylvanian reef.

The test was run from 8,610-638 feet with the tool open one hour. Gas came to the surface in 29 minutes, in a volume estimated to be between 50,000 and 100,000 cubic feet per day. Recovery was 360 feet of heavily oil and gas-cut drilling mud with the bottom 180 feet approximately 50 per cent oil and 50 per cent mud. It has not yet been decided whether to drill deeper or to set casing and try to complete as a discovery from the present total depth.

• • •

A. W. and Blair Cherry No. 1 Earwood, East-Central Nolan wildcat, is drilling in lime and shale below 2,908 feet.

General Crude No. 1 Faust is drillstem testing from 6,138-156 feet.

Nolan County Wildcat Drilling After Test

C. L. Norsworthy, Jr., No. 1 Eunice Parramore, Southwest Nolan County wildcat, is drilling in lime below 7,074 feet following a drillstem test from 7,000-036 feet.

The test tool was open 45 minutes, recovering four feet of drilling mud. There were no shows of oil or gas.

Location is 660 feet from north and west lines of section 83-1A-H&TC, 10 miles southwest of Maryneal.

Central Scurry Venture Deepening After Test

Taylor Oil & Gas No. 4-A Winston, central Scurry tester, is drilling deeper after a drillstem test in the upper Canyon lime from 6,907-921 feet.

The tool was open 70 minutes. Recovery was 90 feet of oil, 60 feet of oil and gas-cut drilling mud and five feet of slightly brackish water. Flowing pressure ranged from 110 to 170 pounds. Shutin pressure after 30 minutes was 2,405 feet.

Midland Gets Deep Strike

The fifth 1954 Ellenburger discovery in the deep Midland Trend of West Midland County has been completed.

Forest Oil Corp. and Cities Production Corp. finaled their No. 1-B-1 Dora Roberts for a calcualted 24-hour flowing potential of 2,168.8 barrels of 52.2-gravity oil.

Potential was based on a six-hour flow of 540.7 barrels of oil through a one-inch choke and from open hole section at 12,890-13,012 feet after 7,000 gallons of acid. Gas-oil ratio was 1,134-1 and tubing pressure from 450 to 400 pounds.

This strike is another step in proving the 20-mile long Midland Trend productive, some observers think. The prospective long Ellenburger field covers a narrow strip of land from the Headlee — Ellenburger field of East Ector and West Midland County south to the tip of the Sweetie Peck field.

Forest and Cities Production No. 1-B-1 Roberts is 14 miles southwest of Midland and 1,980 feet from north and east lines of section 42-t2S-T&P.

Wildcat In Fisher Tests

Byrd Oil Corp. of Dallas No. 1 Katie S. Davenport, Southwest Fisher County wildcat three and one-half miles northwest of Claytonville, is preparing to test for commercial production in the Strawn reef lime.

The prospector was drilled to a bottom of 7,500 feet in granite wash. It had no shows in the lower section of the hole, and was plugged back to 6,750 feet. Five and one-half-inch casing was set there. Tests of the Strawn will be made through perforations.

A drillstem test in the Strawn from 6,585-520 feet during drilling had a fair show of gas and recovered some free oil. Top of the Strawn reef was at 6,460 feet on a datum of minus 4,259 feet.

The No. 1 Davenport of five-eighths of a mile northeast of the Norwood-Hester Caddo 6200-foot field. Drillsite is 660 feet from north and west lines of the southwest quarter of section 128-3-H&TC.

196 New Oil Wells Are Completed In State

AUSTIN, Oct. 16 (AP)—Texas oil and gas exploration brought in 196 oil wells and 10 gas wells this week.

The Railroad Commission reported the well total for the year at 9,469 compared with 8,217 a year ago. Gas well completions also are far ahead, 1,041 to 824.

Operators abandoned 87 dry holes this week.

Wildcat drilling accounted for 10 of the 196 oil wells, two of the gassers and 43 dry holes.

The total average calendar day crude allowable as of today was 2,800,449 barrels, up 121,258 barrels a day from last week.

Annual Meeting Set

SAN ANTONIO, Oct. 16 (AP)—The Texas Motor Court Assn. will hold its annual meeting in Fort Worth Nov. 7-10.

Alaskan Oil Activity In Fast Increase

By CHARLES HASLET

WASHINGTON, Oct. 16 (AP)—Oil activities are increasing rapidly in Alaska.

A report on what's going on up there was given this week by Ralph Browne of the Anchorage Chamber of Commerce. In urging the Civil Aeronautics Board to authorize more air service for Alaska, Browne said petroleum exploration is part of a "terrific economic expansion" underway in the territory.

"Eight major companies are actively interested in petroleum exploration in the territory," he said.

An increasing number of independent operators also are taking active interest in Alaska, he added.

More than three million acres, all within the Anchorage trading sphere, have been taken up under lease, Browne said.

He added the Bureau of Land Management has reported that some 12 million acres, in "areas where geologic conditions are favorable for the occurence of oil," remain to be taken under lease.

Drilling is being carried on at three points, he said, with "more wells being scheduled for drilling next spring."

"The picture changes so rapidly that it is difficult to keep abreast of new development," Browne said. "As a matter of fact, on the day I left Anchorage, a new million dollar firm — the Far North Oil & Gas Co.—was organized. This new company is backed by Texas interests. A drilling program will get under way in the spring."

The opening up of a new field in Alaska would result in a tremendous influx of new population, Browne said.

Each month last summer, he said, saw "an increasing number of representatives of both majors and independents visiting the territory.

Browne quoted the Anchorage Times as reporting recently that "the interest in oil potentials has snowballed so as to make this area one of the hottest spots on the globe.

Ponies Triumph Over Rice Owls By 20-6

By MAX B. SKELTON

HOUSTON, Oct. 16 (AP)—Southern Methodist's Mustangs combined second half goal line stands with the passing of Dixie Nutt and the running of Don McIlhenny tonight to open their Southwest Conference campaign with a 20-6 victory that maintained their Houston jinx over the Rice Owls.

A crowd of 63,500 saw Nutt throw three touchdown passes after the Owls had taken a 6-0 first quarter lead. The powerful Mustang line then provided brilliant second half protecting by stopping Rice threats on the SMU 7, 4 and 4-yard lines. halfback McIlhenny and ends Doyle Nix and Ed Bernet climaxed drives of 83, 80 and 37 yards.

The clever SMU quarterback mixed his passes effectively with the running of McIlhenny and halfback Frank Eidom.

McIlhenny had a net of 108 yards in 23 carries, Eidom 97 in 20.

Rice got its lone touchdown midway in the opening period on a 42-yard pass from quarterback Pinky Nisbet to end Lamoine Holland

Bernet kicked two out of three extra points for SMU. Reserve quarterback Phil Harris missed on Rice's lone attempt.

Rice had been favored by 7 points but the Mustangs turned in their third straight victory over the Owls and preserved a perfect Houston record that extends back to 1948. The Mustangs rolled up 223 yards rushing to 104 for the Owls. Rice completed 11 of 18 passes for 137, while SMU completed 9 of 19 for 74.

Nutt completed 9 of 18 for 74 yards. His touchdown tosses were good for 4, 36 and 2 yards.

Moegle was a marked man from the start. He ... a net gain of only one yard in five first half carries but finished the game with 41 yards in 13 carries. Morris Stone was the Rice leader with 53 yards in 14 carries.

SMU	0	6	7	7	—20
Rice	6	0	0	0	— 6

SMU scoring: Touchdowns, McIlhenny, Nix. Bernet 2.

Rice scoring: Touchdown, Holland.

Stubborn Bengals Clip Tech, 20-13

BATON ROUGE, Oct. 16 (AP)—With speedy Chuck Johns leading the posse, Louisiana State University outgalloped Texas Tech tonight for a 20-13 football stunner and LSU's first victory of the year.

Johns, a 21-year-old halfback scored three touchdowns in the second third and fourth quarters, ripping 111 yards in 21 carries. For the opening score of the game, he dominated a 70 - yard touchdown drive with 52 yards in eight carries and then went over for the score.

Texas Tech, defeated for the first time this year, fought back brilliantly in the fourth period to draw into a 13-13 tie on almost identical plays that went 52 and 72 yards.

Lonnie Graham was on the scoring end of the play and James Sides carried the mail for Tech's final score.

LSU quarterback Al Doggett made two conversions on three attempts. Jerry Johnson missed one for Tech, but Rick Spinks came through on the second try.

Texas Tech	0	0	6	7	—13
LSU	0	6	7	7	—20

Scoring summary: Texas Tech: Touchdowns, Graham, Sides. Conversions: Spinks.

LSU: Touchdowns, Johns 3. Conversions, Doggett 2.

KEEPING BUSY

Terry Moore is keeping himself busy adjusting one of the automatic pin-setting machines in his bowling alley in St. Louis after he received word that he had been let out as manager of the Philadelphia Phillies baseball team. His only comment was "I wish the new manager luck—he probably will need it."

SPORTS

Middies Fall To Pitt, 21-19

PITTSBURGH, Oct. 16 (AP)—Corny Salvaterra, playing only his second college football game, scored twice and passed for another touchdown, to direct the victory-starved Pitt Panthers to a 21-19 upset victory over previously unbeaten Navy today.

Ailing Pitt Coach Lowell Dawson listened to the game by radio. The Panthers, directed by Tom Hamilton, a former Navy coach and now athletic director at Pitt, stormed back after trailing 6-0 in the first period by scoring two touchdowns within three minutes in the second quarter and another in the final period. Butt Pitt almost saw the victory go out the window in the closing minutes with a fumble deep in their territory.

Salvaterra, a sophomore quarterback, tallied on a one-yard sneak and an eight yard scamper. He also pitched 23 yards to halfback Henry Ford in the end zone for the other score.

Navy struck for its touchdowns in the first, second and fourth periods. The difference was in the conversions. It could have ended in a tie. George Textor missed one and Dick Echard the other.

Oregon State Downed By Nebraska, 27-7

LINCOLN, Neb., Oct. 16 (AP)—A 54-yard punt return and a 22-yard pass, back-to-back; a 76-yard march and an 84-yard run moved Nebraska to a 27-7 victory over Oregon State in an intersectional football game today before 39,000.

Nebraska, evening its season record at 2-2, started the scoring when a long Oregon State punt was fielded by Dennis Korinek, who faked beautifully to the other deep man, then ran to the sidelines and went upfield to the State 22. On the next play, quarterback Don Erway threw on the run to end Bill Giles near the goal line.

The next touchdown came in the third period when Nebraska went 76 yards, 54 of them on three consecutive passes. Two were thrown by Willie Greenlaw and one by Ron Clark before Bob Smith raced the last 15 yards and Pev Evans converted to make the count 13-0 and the game safe for the home team.

Southern Cal Romps Over Oregon, 24-14

PORTLAND, Ore., Oct. 16 (AP)—Southern California's Rose Bowl hopefuls displayed their dazzling backfield speed to the nation's television watchers today in crushing Oregon, 24-14.

Halfback Jon Arnett, a brilliant open field runner led the fleet victors, running up the surprising total of 179 yards by himself.

He scored all three Southern Cal touchdowns and the kicking specialist, Sam Tsagalakis, added a field goal in what became a near route in the second half.

Georgia Edges By Vanderbilt

ATHENS, Ga., Oct. 16 (AP)—Joe Graff's 24-yard field goal today gave Georgia a 16-14 triumph over weary Vanderbilt and snatched victory from the winless Commodores in the waning minutes of a slashing Southeastern Conference football battle.

Graff, a reserve guard from Tarentum, Pa., kicked the three-pointer from a slight angle with four minutes of the hectic fracas remaining and with Vanderbilt ahead 14-13. Two conversions by Bobby Goodall, Vanderbilt's great guard, had spelled the difference until Graff wrote the climax.

Desperate Vanderbilt rode back to the Georgia 10 in the last seconds, but Goodall's field goal attempt failed just before the game ended.

Georgia scored late in the first quarter on a 14-yard pass from reserve quarterback Dick Young to halfback Charlie Madison and got another less than four minutes later on fullback Bobby Garrard's 59-yard run. Madison made the first extra point but missed the second.

Missouri Goes To Air For Win Over Indiana

COLUMBIA, Mo., Oct. 16 (AP)—An alert Missouri football team caught Indiana without its star man on the attack, Florian Helinski, and roared to a 20-14 victory today.

Missouri scored all of its touchdowns by air as quarterback Tony Scardino completed two of his three pass attempts and both went for touchdowns. His first was a 5-yard one in the second quarter to end Jim Jennings. The other went to halfback Jerry Schoonmaker in the fourth for 23 yards.

Colorado City Edges Snyder B Team, 25-19

Colorado City won the B-team football game here last night, downing Snyder 25-19.

Colorado City was ahead all the way except for a tie of 6-6 in the first quarter, and the score at halftime was 13-12.

Bill Fowler made two of the Snyder touchdowns, and Bobby Pollard made one. Fowler ran the extra point as the last score of the game.

Houston Edges Past Okla. A&M, 14-7

STILLWATER, Okla., Oct. 16 (AP)—Houston snapped a 7-7 deadlock with an 88-yard touchdown drive in the closing minutes to beat out favored Oklahoma A&M 14-7 today in a Missouri Valley Conference football game before 24,000 homecoming spectators.

Fumbles made the difference in the slam-bang game with all three touchdowns springing from errors caused by the jarring line play of both clubs.

Houston's victory was its first in the conference while the loss was the second straight loop setback for A&M.

Bears Hit Comeback Trail With 17-7 Win

BERKELEY, Calif., Oct. 16 (AP)—California's Bears, rolling behind the field generalship of quarterback Paul Larson, hit football's comeback trail today with a 17-7 victory over the Washington State Cougars, before 27,00 fans.

The first conference victory for the Bears was accomplished with a field goal and a touchdown in the final period. The Cougars were held to a 7-7 tie for three quarters.

Colorado Captures Fifth Straight Win

AMES, Iowa, Oct. 16 (AP)—Colorado's undefeated Buffaloes, blessed with raw power and blazing speed, poured through Iowa State 20-0 today for their fifth straight football victory.

Colorado's single-wing offense, led by sophomore John Bayuk, crunched out two first-half touchdowns, and Carroll Hardy, on a neat reverse, dodged 25 yards for the third counter with four minutes left in the game.

It was the second Big Seven Conference triumph for Colorado and Iowa State's second league loss in three contests.

Bearkats Win, 14-0 In Homecoming Game

HUNTSVILLE, Oct. 16 (AP)—Sam Houston State College won its second Lone Star Conference game today before a 5,000 homecoming day crowd by defeating the Texas A&I Javelinas of Kingsville, 14-0.

Bearkat scores came from two touchdowns and a safety they picked up in the second quarter when Javelina quarterback S. T. Bridges was trapped in his own end zone.

Porkers Stun Steers, 20-7

By BO BYERS

AUSTIN, Oct. 16 (AP)—The fired up Arkansas Razorbacks, a band of fast moving opportunists, took a long jump toward their first Southwest Conference title in eight years today, smashing the once proud Texas Longhorns, 20-7.

The convincing triumph, the first for Arkansas over Texas on Longhorn field since 1936, gave the Razorback's their fourth straight victory—three of them in conference competition.

Two fast interceptions and recovery of a Texas fumble sent Arkansas rocketing to a 20 to 0 half time lead, the biggest a conference opponent had held over Texas since 1939. Preston Carpenter, blocking back of the only league team using the single wing, set off the fireworks with a first quarter interception. He picked it off on the fly at the Texas 20 and raced across for a touchdown.

	Ark.	Texas
First downs	19	14
Rushing yardage	284	100
Passing yardage	9	69
Passes completed	2	5
Passes intercepted by	5	0
Punts	6	5
Punting average	43.3	33.0
Fumbles lost	3	1
Yards penalized	0	34

Sub Tailback Buddy Benson riddled Texas with end sweeps following a Longhorn fumble, and the Razorbacks swept 49 yards in 11 plays to score as Benson went the final yard around left end.

Fullback Henry Moore intercepted a Texas pass on his two and returned to his 19. Arkansas was set back on two plays, then Moore burst through on a quick opener and went winging 82 yards almost before Texas knew what was happening.

Texas got its touchdown on a one-yard smash by Don Maroney at the end of a 35-yard drive.

Texas	0	0	7	0	— 7
Arkansas	7	13	0	0	—20

Texas scoring: Touchdowns Maroney. Conversion Lansford.

Arkansas scoring: Touchdown, Carpenter. Benson and Moore. Conversions, Carpenter and Benson.

Badgers Make Late Drive To Gain Decision

MADISON, Wis., Oct. 16 (AP)—Wisconsin's Badgers, outplayed sorely during the first two periods, capped a second half explosion with a 98-yard pass interception touchdown today to whip Purdue 20-6 before a record Camp Randall Stadium crowd of 53,131.

Sophomore Billy Lowe grabbed a Lenny Dawson pass on his own two and sprinted through the whole Boilermaker team to wrap up the Badgers' fourth straight triumph of the season—second in Big Ten play.

Lowe's brilliant run, helped by smart midfield blocking, came on top of a pair of long-scoring drives as the Badgers, knocked back on their heels in the first half, came to life following the intermission to wipe out Purdue's one-touchdown lead.

The Badgers, second-ranked team in the nation, drove 69 yards in five plays for the first score, with six minutes to go in the third period, quarterback Jimmy Miller raming over from the one and Paul Shwaiko kicking the point.

Alan (The Horse) Ameche, again the work horse of the Badger ground game, got the second on a smash over his own left tackle to wind up a 70-yard march with less than a minute to go in the third period. The try for the point never got off the ground as holder Pat Levenhagen fumbled the pass from center.

Purdue, with Dawson at the controls, was on the march as the fourth period got under way. The Boilermakers, ranked fifth nationally at game time, had flown from their own 35 to the Wisconsin nine when Dawson cranked up again. This time Lowe, a 176-pound halfback, picked off the ball and wheeled off on his 98-yard touchdown sprint. Shwaiko again converted.

Bruins Bury Indians, 72-0

LOS ANGELES, Oct. 16 (AP)—UCLA's unbeaten Bruins buried Stanford today under a 72-0 score, the worst drubbing in the history of one of the oldest schools in the West.

A deadly pass defense and a spectacular ground attack by the team rated No. 3 in the nation last week literally crushed the Indians under an avalanche of 11 touchdowns.

As the UCLA homecoming day crowd of 70,555 filed out of the coliseum historians dug back into the record book to find a parallel.

They had to thumb clear back to 1901 and the first Rose Bowl game to find the next worst Stanford licking, a 49-0 score rolled up by Michigan.

Fumbling Northwestern Bows To Michigan, 7-0

EVANSTON, Ill., Oct. 16 (AP)—An alert, fumble-picking Michigan team took advantage of Northwestern's mistakes today to defeat the Wildcats, 7-0, before 38,585 fans for its second Big Ten victory of the campaign.

Early in the second quarter, Michigan guard Ed Meads grabbed Northwestern quarterback Dale Pienta's fumble on the Northwestern 23 and the Wolverines went for the touchdown in seven plays with Dan Cline powering over from the 1-yard line.

In all, Northwestern fumbled seven times, with Michigan gaining possession four times.

WT-NM Votes For Class B

EL PASO, Oct. 16 (AP)—West Texas-New Mexico Baseball League members voted to advance to Class B status and doubled the veteran limit at the annual winter meeting today.

The jump from Class C will require approval of the executive committee of the National Assn. of Professional Baseball Leagues.

The League consists of six West Texas and two New Mexico members. It voted to restrict clubs to no more than six veteran players and no fewer than three rookies.

In keeping with its advance to Class B the league adopted a salary limit of $4,600.

The league awarded Plainview the 1955 all-star game and re-elected Hal Sayles of Abilene to a three-year term as president.

The league adopted a 140-142 schedule for the 1955 season, to start approximately in the third week in April.

At the outset of the meeting the league revoted El Paso a franchise. Other members in attendance were Albuquerque and Clovis, N.M., Amarillo, Lubbock, Pampa, Plainview and Abilene.

Hooper Engineers Baylor To Victory

By HAROLD V. RATLIFF

WACO, Oct. 16 (AP)—Billy Hooper's greatest game carried penalty-ridden Baylor to a 34-7 triumph over Washington today as the once-maligned quarterback passed for three touchdowns and scored one himself.

Faking the Huskies like a card shark on a river boat, the squat young man with the buggy-whip arm hurled the ball for a tremendous 244 yards, with scoring shots to Henry Gremminger, Charley Smith and Del Shofner. The other Baylor touchdown came late in the game after an intercepted pass with Reuben Saage hammering over from one foot out.

Washington scored on Baylor reserves in the final period with a 76-yard drive engineered by passing Bob Cox. The score came after Baylor was penalized to its one and Jack Kyllingstad smashed over.

A crowd of 22,000 watched the intersectional game played in Indian summery weather.

Two times in the first half penalties wiped out Baylor touchdowns and on another occasion prevented an apparent score.

The tricky Huskies threatened twice in the first half and another time got past midfield, but in the last half they never had a chance except for the one scoring drive with the lowliest Bears in the lineup.

Baylor appeared entirely too anxious to atone for two defeats in a row. The Bears were continually offside or the backfield was in motion. A pass from Hooper to James Amyett for 27 yards and a touchdown was wiped out by an offside penalty. A throw from Hooper to Weldon Holley in the end zone was taken away by an offside penalty and another time, when a pass from Hooper's understudy, Bobby Jones, had moved the ball to the Washington 2-yard line. The gain was erased by a backfield in motion penalty.

Baylor managed for only one touchdown in the first half but it was sensational. It came on a 51-yard gainer. Hooper threw from the 49 to Gremminger on the Washington 20 and the fleet Baylor end, outstanding lineman on the field today with his defensive work and pass-receiving, romped across untouched for the score.

Baylor rolled up a prodigious 422 yards with 254 of them in the air. Washington had 316 with 128 rushing and 188 passing. Cox threw for all of the Huskies' aerial gain.

Washington	0	0	0	7	— 7
Baylor	7	0	14	13	—34

Washington scoring: Touchdown, Kyllingstad. Conversion, Derby.

Baylor scoring: Touchdowns, Gremminger, C. Smith, Hooper, Shofner, Saage. Conversions, C. Smith 2, Berry, Morris.

	Baylor	Washn.
First downs	12	11
Rushing yardage	168	128
Passing yardage	254	188
Passes attempted	22	22
Passes completed	10	10
Passes intercepted by	2	2
Punts	2	8
Punting average	32.0	42.0
Fumbles lost	1	2
Yards penalized	65	40

Early Finesse Gets Frogs By A&M, 21-20

By JOE BENHAM

COLLEGE STATION, Oct. 16 (AP)—The first-half finesse of Ronnie Clinkscale and the second - half power of Ray Taylor and James Swink kept Texas Christian in the Southwest Conference race today as the Horned Frogs outlasted fired-up Texas A&M 21-20.

Some 25,000 fans saw the Frogs grab a quick lead and hold on to break a six-game ... Kyle Field with the triumph. The Victory kept the Frogs, once-beaten in conference play, in the midst of the hectic chase for the conference crown. It left A&M with defeat in its only conference outing of the year.

Clinkscale, TCU's brilliant senior quarterback, guided the Frogs to a pair of first-quarter touchdowns that hinted at a rout of A&M.

But the Aggies stiffened in the second half and came back to score three touchdowns of their own against the jittery Frogs.

	TCU	A&M
First downs	15	14
Yards rushing	263	287
Yards passing	72	77
Passes attempted	16	7
Passes completed	4	4
Passes intercepted by	1	1
Fumbles lost	1	5
Punting average	34.5	40.2
Yards penalized	65	20

Time ran out on a fourth TCU scoring threat when the first half ended with the Frogs having a first down on the A&M 10.

It was generally a TCU first half. The Frogs gained 121 yards on the ground and 72 in the air, compared with 42 yards rushing and none passing for the Aggies.

First downs stood 10 for TCU and 2 for A&M at intermission.

A&M wound up with 14 first downs to 15 for TCU, however, and 263 yards rushing to 359 for the Frogs.

TCU	14	0	7	0	—21
Texas A&M	0	0	6	14	—20

TCU scoring: Touchdowns, Clinkscale, Engram, Swink. Conversions, Pollard 2, Crouch.

Texas A&M scoring: Touchdowns, Kettler 2, Kachtik. Conversions, Kettler 2.

Powerful Rebs Swamp Brittle Tulane, 34-7

OXFORD, Miss., Oct. 16 (AP)—Fullback Paige Cothren led a charging Mississippi backfield that crashed its way through a brittle Tulane line and gave the undefeated and untied Rebels their fifth straight football victory, 34-7

Cothren blasted over twice and fullback Bobby McCool, quarterback Eagle Day an halfback Allen (Red) Muirhead cracked the line for touchdowns before a homecoming crowd of 22,000.

Muirhead, Southeastern Conference scoring leader, ran his total to 48 points when he blasted over from the two yard line in the first half.

Cadets Upset Duke, 28-14

DURHAM, N. C., Oct. 16 (AP)—Quarterback Pete Vann worked black magic for Army's Black Knights today and the fast improving Cadets knocked Duke out of the undefeated ranks with a 28-14 upset victory. It was Army's third straight triumph after an opening loss to South Carolina.

Vann, best known as a passer, gave a remarkable display of ball handling and blossomed out as a hard-to-stop runner. But it was fast charging Army line and an alert defense which shackled Duke's running attack until late in the game.

During the first half, Duke, losing the ball twice on fumbles and once on an intercepted pass, failed to come close to the Army goal. And when the powerful Blue Devils finally got rolling it was too late.

Army, hitting with lightning speed, scored two touchdowns in the second quarter and another at the start of the third to pile up a lead that Duke threatened but couldn't beat.

Buckeyes Jar Iowa, 20-14

COLUMBUS, Ohio, Oct. 16 (AP)—Ohio State staged three long touchdown drives today and made two great goal line stands in the final period to retain the top spot in the Western Conference race with a 20-14 victory over a fired-up Iowa team. A crowd of 82,141 saw the game.

Iowa scored a pair of touchdowns on two great runs by halfback Earl Smith, 20-year-old junior from Gary, Ind., who went 67 yards on a pass interception and 75 on a punt return.

The Bucks went 61, 72 and 64 yards for their touchdowns, mostly on the ground as the alert Hawkeye defense stymied the usually potent Ohio aerial attack.

With Ohio leading 20-14 going into the final quarter, Iowa made two valiant attempts to pull the game out of the fire. The Hawks went 76 yards in 13 plays, only to lose the ball on downs on the Ohio 11. Then they surged back from Ohio's 35 to the Buckeye six where they again lost the ball on downs.

Columbia Fashions Victory Over Harvard

CAMBRIDGE, Mass., Oct. 16 (AP)—Columbia's football team, which had dropped its first three games, fashioned a last quarter 7-6 triumph today over Harvard, the winning margin being the extra point booted by end Bob Dillingham.

Gafford Takes Lead In Texas PGA Tourney

CORPUS CHRISTI, Oct. 16 (AP)—Raymond Gafford of Dallas took over leadership of the Texas PGA Golf Tournament today.

Gafford toured the par 70 layout in 72 to take a one-stroke lead with 208 over Shelley Mayfield of Seguin and Jackson Bradley of Houston.

Locked at 210 were Ted White of Shreveport, state amateur champion Ernie Vossler of Fort Worth and Jack Harden of El Paso.

Harden, yesterday's leader at the halfway mark of the 72 hole medal play tournament, had all sorts of trouble today and carded a fat 75.

Cincinnati Grinds Out 27-13 Win Over H-SU

CINCINNATI, Oct. 16 (AP)—Coach Sid Gilman's University of Cincinnati football team ground out a methodical 27-13 victory today over Hardin-Simmons, the 13th straight triumph for the UC Bearcats.

Backs Dick Goist, Mike Murphy, Dick Pardini and Joe Miller accounted for the Cincinnati touchdowns with short plunges.

Virginia Wins, 21-0

CHARLOTTESVILLE, Va., Oct. 16 (AP)—Virginia's offense, set in motion by bruising Herbert Hartwell, was far too much for Virginia Military Institute today and the Cavaliers celebrated their homecoming with a 21-0 football victory.

Irish Surge Back To Edge Spartans

By JERRY LISKA

SOUTH BEND, Ind., Oct. 16 (AP)—Notre Dame's Fighting Irish, trailing 13-0 after 12 minutes, outlasted Michigan State 20-19 as the underdog Spartans missed an extra point in the final 65 seconds of a rain-soaked thriller today.

Battling vigorously to prevent a modern Notre Dame disgrace of losing four straight to the same team, the Irish rallied for touchdowns in each of the last three periods and staggered to victory only because Michigan State failed to convert after a dramatic closing touchdown.

After the Irish seemingly had the game under control with two touchdowns by halfback Joe Heap in the second and third periods and halfback Paul Reynolds in the fourth, Michigan State struck 58 yards for a third Spartan touchdown in two plays.

Thus with 1:05 left, fullback Jerry Planutis had it in his kicking foot to tie the score.

But his kick went wide of the goal posts and the Irish gained their third victory against one defeat.

A two-touchdown underdog, Michigan State nearly played Notre Dame off its feet in the opening period with two touchdowns by halfback Clarence Peaks on a 4-yard run and a 46-yard scoring pass from Earl Morrall to end John Lewis.

Planutis converted after the first score, but missed after the second and again after Bert Zagers romped 14 yards for the third Spartan touchdown in the closing seconds.

Michigan State	13	0	0	6	—19
Notre Dame	0	7	7	6	—20

Michigan State scoring: Touchdowns, Peaks, Lewis, Zagers. Conversions, Planutis.

Notre Dame scoring: Touchdowns, Heap 2, Reynolds. Conversions, Schaefer 2.

Unbeaten Yale Races Past Cornell, 47-21

NEW HAVEN, Conn. Oct. 16 (AP)—Unbeaten Yale's sophomore-dominated team, opening up for the first time this season, roared to a 47-21 triumph over winless Cornell in an Ivy League football battle watched by 32,000 fans in the Bowl today.

Yale's sophomores, aided by veteran quarterback Bob Brink and guard Thorne Shugart, dominated the play throughout with an impressive display of power and deceptive aerial attack which netted at least one touchdown in each period.

Gerald Crawford and Joe Baxter, shown in pictures here, were the two Snyder Tiger backs who led rushing Friday night against Sweetwater, which edged the Tigers 13-12. At top, Crawford is shown circling left end for a long gain. Getting up after throwing a line block, shown at center, is Steve Blair. In the photo at the left, Baxter is shown twisting across the goal line for one of the scores. He scored both Tiger touchdowns. (Lee Watson photographs)

Late Mustang Surge Clips Tigers, 13-12

By DALE WALTON

SWEETWATER, Oct. 16—Frank Smith is a well-known boy in Sweetwater today.

Smith is the boy who kicked the extra point which made the one point difference and gave his Mustang team the 13-12 win over Snyder here Friday night.

About as well known as Smith is Harold Hobbs, the back who broke loose on runs of 16 and 47 yards in the third and fourth quarters of that game to catch his team up on scoring.

But that's not all Sweetwater fans learned — they found out in the game that they weren't out to see the slaughter they had expected. The fans there liked to think before the game that The Mustangs had a cinch on a two or three touchdown difference over John Conley's Tigers.

The Mustangs were outplayed all the way. The Tiger offensive blockers split the Sweetwater defense to pieces, and the Snyder defense was equally adept in spoiling Mustange plays. The thing which stood out most in the game defensively was Snyder's "brick wall" goal line stand as the third period closed. At that time, the Tigers were leading 12-6. Sweetwater's Henry Meyer had blocked Alan Snead's punt, and the Mustangs had taken over on the Snyder four-yard line. One quarterback sneak was tried, for no gain by the Mustangs. Then Hobbs crossed left tackle for three yards to the one. Jimmy Feagan tried another center jab for two feet. That put Sweetwater on the one-foot line on the fourth down. Feagan had substituted at quarterback while the regular quarter, Frank Smith, was at halfback. Smith returned to the position and tried to take the ball around right end but lost a yard on the play. The Tigers took the ball from there almost to the 50-yard line before giving it up.

Conley's team made a similar but more hardy stand in the second period when Sweetwater had gained to the Snyder 15 and was threatening to score. On each play of a series of downs, the Mustangs lost yardage, with Snyder finally taking over after Sweetwater had lost 18 yards.

The Tigers have never played better this season than in that game, both offensively and defensively. Frankie Minton, Doug James, James Parker, Powell Berry, and Joe Baxter headed up the defense, with many more outstanding. Blocking for the Tigers was much-improved, with Minton, Parker, and James also among the top players in that department, along with Jimmy Bennett and Don McNew.

Snyder took the first kickoff and never let go of the ball until it had scored. Starting its series of plays from its own 32, the team used Bennett and Crawford at halfbacks and Baxter at fullback in place of Jack Spikes, who had a bad ankle, each piling up yardage to the Sweetwater four, from where Baxter twisted across right tackle for the score. Steve Blair missed the extra point kick, leaving Snyder ahead 6-0 with three and one-half minutes gone in the game. As the first period ended, the Mustangs started a drive from their own 27, worked to the Snyder 15 as the second quarter opened. That was when they lost yardage in their series of downs. Late in the second, each team intercepted the other's pass. Berry snagged one out of the air away from Sweetwater, and as time ran out in the half, Duane McQueen got one thrown by Berry.

The Tigers did not try a pass until late in the second period. Berry had tried the one pass, and Bernie Hagins tried but did not complete three at that time. Passing picked up in the second half, and Hagins completed two to Snead for a total of 23 yards. He tried five in the game, while Berry attempted only one. Sweetwater was held far below its passing mark. The team had averaged five completions per game for 75 yards this season. Smith, Hobbs, and Feagan gained 35 yards in the Friday night tilt, with Smith completing two and Feagan and Hobbs one. Berry, Snead, Joe Reaves, James Blair, and Baxter headed pass defenders for the Tigers.

James stopped the beginning of a Sweetwater drive early in the third quarter by intercepting a Smith pass on the Snyder 39 and running it back to the 48. That got a Snyder campaign started, and that one lasted to a touchdown. Baxter opened the drive with a 12-yard gain through the middle, then Hagins passed to Snead for another 13. Baxter made two sizeable gains in the center again, and Crawford swept right end 15 yards to the Sweetwater one-foot line. Baxter went through the middle behind the crushing Snyder line for the score. This time Minton missed the point kick. Snyder led 12-0 with slightly more than three minutes gone in the third period.

Sweetwater took the kickoff and turned its following drive into a touchdown. Feagan had then gone in at quarterback, Smith to halfback. Those two, plus Hobbs and McNeal did most of the ball carrying to the Snyder 16. On a fourth down try, Hobbs went around left end, aided by the blocking of Roland Powell, for the first Mustang score. Smith's kick was blocked by Blair, leaving Snyder in the lead 12-6.

Snyder's hardy goal line stand followed that, as did the drive out to midfield before a forced punt. The punt was returned to the Sweetwater 47. A pass from Hobbs to Smith put the ball on the Snyder 47. Hobbs broke through left tackle from there, and Powell added another good block to spring him loose. Hobbs made it into the end zone for the tying score. Smith kicked the point to put the Mustangs ahead with five minutes and five seconds to go in the game.

One of the best drives the Tigers have made this season came after the kickoff. Snyder started from its own 37, with Baxter, Bennett, and Crawford making most of the ground gain behind blocking of James, Minton, Parker, and many others. Hagins completed one pass to Snead for 10 yards during that drive. The Tigers got to the Sweetwter 14, but time ran out on them.

Baxter led ground gains for Snyder with 88 yards in 19 carries, while Crawford had 65 in 15 carries and Bennett 51 in 18. Hobbs headed up Mustang gains with 124 yards in 13 carries. Next was McNeal with 26 in six and Smith with 10 in eight. Snead did most of Snyder's punting, averaging 24.5 in four tries, including the one which was blocked. Baxter punted once for 20 yards. Hobbs punted once for Sweetwater for 36 yards.

Week's Play Keeps 3A-1 Loop Title Chase In Usual Muddle

Snyder's District 3A-1 looks rougher every week, but every week more things point to the Tigers having a team witch can mix it with any team in the district.

The Tigers, who barely lost to Sweetwater, had been beaten 13-6 by Levelland the week before. Friday night Levelland stomped on Lamesa 26-0. That could indicate the Tigers have good chances against Lamesa.

Weakness is not showing in any team in the district, unless someone wants to call Plainview weak. That actually cannot be done yet, however. Plainview lost to Vernon last week 19-13. Friday night the team fell to Breckenridge 35-7. With Vernon and Breckenridge both among the strongest, Plainview still cannot be taken lightly. Vernon and Big Spring tied up 25-25.

Levelland made touchdowns out of Lamesa fumbles Friday night in what was called an upset by some observers. Snyder fans hardly call it that. By the end of the first quarter of the game, the Lobos had a 19-0 lead. After Levelland had recovered a Lamesa fumble on the Tordnado two-yard line two minutes deep in the game, quarterback Mack Freeman sneaked through the middle for the first score.

Another fumble by Lamesa put the Lobos 20 yards from the goal after another two minutes, and James Becton went through the middle for that TD. As the first quarter was ending, Garey Lawhon intercepted a Lamesa drive when he intercepted a pass on the Lobo 30 and carried it back 70 yards to score. A third fumble turned into a score in the fourth period. Levelland got the ball on the Lamesa 22, and Tommy Evans crossed the goal line from 10 yards out soon afterward. Lawhon made both extra point kicks. One thing Lamesa did was stop Levelland's passing. Freeman tried four but did not complete a pass. He is noted as the top passer in the district, and two of his ends are among the top receivers.

Vernon, in its game with Big Spring, got two touchdowns ahead, fell to two touchdowns behind, and then caught up with nine minutes left in the fourth period. Recovering a fumble on the opening kickoff, Vernon scored on its second play when Jerry Pearson passed to end Gene Miller 25 yards in the end zone. Keith Morris got his only conversion of the night. Robert Pigg scored five minutes later, also on a 25-yard pass from Pearson.

Trailing 13-0, the Steers cranked up power runner Frosty Robison, who tallied as the first quarter was ending. He went over from the one-yard line shortly after the second period started for another touchdown, and Glenn Jenkins got the only extra point for his team. Late in the second quarter Robison got two more scores, one on a 14-yard end run and the other on a 50-yard scamper through the middle.

Bill Lovelace chopped off another Vernon score in the third period on a five-yard push, and Pearson used the aerial attack again in the fourth, hitting Miller for 30 yards and a TD.

Plainview had Breckenridge tied up 7-7 for a time in the first period of their game, but the Buckaroos broke loose from that and went on for the type win to which they are accustomed. Jake Sandefer led the Buckies with three touchdowns scored. He passed for another, and pitched out to Dick Carpenter for the fifth. Carpenter got his tally in the first period eating up 37 yards to the goal line. In the second quarter, Plainview came back after Moody Conner had recovered a Breck fumble, and Holland finally sneaked across from two yards out to score. Jack Williams converted.

Breckenridge then took over, with Sandefer scoring on a 41-yard off-tackle run in the second, and another on a 42-yard run, passing to Harris for a score and a total of 73 yards on the play in the third, and rounding end in the same period 11 yards for another TD. Clyde Harris made all the conversions. Plainview, another top passing team in the district, made only 10 yards on one completion of 15 pass attempts.

Unbeaten List In Top Ranks Dwindles Fast

By The Associated Press

Top divisions of Texas schoolboy football get down to brass tacks this week in virtually all-out conference play.

Only a dozen teams are undefeated and untied in divisions AAAA and AAA. None of these appear in grave danger this week.

Abilene, Port Arthur and Baytown stand out in Class AAAA and Breckenridge, Lufkin and Port Neches in Class AAA.

Abilene beat Odessa, a 1953 state finalist, 21-7 last week in an important conference game while Port Arthur lashed Orange 82-0 and Baytown beat Galena Park 21-6.

Breckenridge swamped Plainview 35-7, Lufkin raced over Texarkana 41-20 and Port Neches climbed back on the winning road with a 23-14 decision over Lake Charles, La. Port Neches is defending champion of Class AAA.

Big Spring, finalist in AAA, fell from the perfect record list last week, being played to a 25-25 tie by Vernon.

There are 53 games on the schedule in the two classes this week with 44 of them conference. The schedule by districts (all games conference unless indicated otherwise):

CLASS AAAA

1. Friday: Amarillo at Odessa, Pampa at Abilene, Lubbock at Midland.
2. Thursday: Ysleta at El Paso Jefferson; Friday: El Paso High vs El Paso Bowie; Saturday: North Phoenix, Ariz., at El Paso Austin (non-conference).
3. Thursday: Fort Worth Paschal vs Fort Worth Amon Carter-Riverside; Friday: Fort Worth North Side vs Fort Worth Poly; Saturday: Fort Worth Arlington Heights vs Fort Worth Tech.
4. Thursday: Dallas Forest vs Dallas Woodrow Wilson; Friday: Dallas Sunset vs Dallas Crozier Tech, South Oak Cliff vs Garland at Dallas; Saturday: Dallas Adamson vs North Dallas.
5. Friday: Wichita Falls at Duncan, Okla., Austin at Tyler.
6. Friday: Houston St. Thomas at Corpus Christi Ray, San Antonio Brackenridge at Brownsville, Corpus Christi Miller at San Antonio Jefferson, Laredo at Del Rio.
7. Thursday: Houston Milby vs Houston Lamar; Friday: Houston Jeff Davis vs Houston Reagan; Saturday: Houston San Jacinto vs Houston Austin.
8. Friday: Baytown at Galveston, Beaumont at Pasadena, Port Arthur at Galena Park, Freeport at Orange.

CLASS AAA

1. Friday: Sweetwater at Lamesa, Vernon at Snyder, Breckenridge at Levelland, Big Spring at Plainview.
2. Friday: Grand Prairie at Brownwood, Cleburne at Pleasant Grove, Irving at Arlington.
3. Friday: Sherman at Greenville, Denison at Denton, Paris at Gainesville.
4. Friday: Kilgore at Mt. Pleasant, Nacogdoches at Texarkana, Marshall at Lufkin, Henderson at New London (non-conference).
5. Friday: Temple at Austin McCallum, Corsicana at Bryan; Saturday: San Antonio Tech at Austin Travis.
6. Friday: Beaumont South Park at Port Neches, Aldine at Texas City, Conroe at Beaumont French.
7. Thursday: San Antonio Burbank vs San Antonio Edison, San Antonio Peacock vs San Antonio Lanier; Friday: Gonzales at New Braunfels, San Antonio Alamo Heights at Seguin.
8. Friday: Kingsville at Edinburg, Harlingen at Alice, San Benito at McAllen.

Boston Aerial Game Sinks Syracuse, 40-19

BOSTON, Oct. 16 (AP) — Boston University quarterback Tom Gastall bombed Syracuse's highly-rated pass defense with four first-half touchdown passes today, and then the undefeated Terriers withstood a second half rally by the Orangemen for a 41-19 decision and their fourth straight victory.

Gastall connected twice each with fleet halfback Ken Hagerstrom and end John Bredice during his first-half barrage as he clocked off 184 aerial yards with eight completions in 14 tries.

Florida Gators Rap Kentucky By 21-7

GAINESVILLE, Fla., Oct. 16 (AP). Dick Allen, slim sophomore doing double duty for injured Bobby Lance, quarterbacked both Florida units to a 21-7 victory over Kentucky today and a commanding position in the Southeastern Conference football race with a 3-0 period.

Kentucky traveled 72 yards to a touchdown with the opening kickoff. Florida came right back to tie it up and initiated two more drives with Kentucky fumbles near midfield.

Brown Squeezes Out Win Over Princeton

PROVIDENCE, R.I., Oct. 16 (AP)—Everett Pearson, plucky team captain playing with a wrenched shoulder, raced 40 yards to a touchdown in the final two minutes and big Vin Jazwinski kicked the vital extra point today to give Brown a dramatic 21-20 football victory over Princeton.

Twice hard-luck Brown had seen its drives die inside the Princeton 2 and twice Princeton had turned breaks into touchdowns before the game took a swift and unexpected turn.

A long winded fellow was Clarence "Ace" Parker who returned a punt 105 yards for Duke against the University of North Caroline in 1936.

Auburn Bows To Jackets

ATLANTA, Oct. 16 (AP)—A goal line fumble by Fob James cost Auburn a touchdown today and Georgia Tech defeated the Plainsmen 14-7 in a Southeastern Conference football battle.

With Tech failing to gain a yard by passing, touchdown runs by little Jimmy Thompson and Johnny Menger gave the Engineers their fourth victory in five starts this year. It was Auburn's third straight defeat.

Auburn scored in the final minute of the game after Bobby Freeman intercepted a pass by Menger. The Plainsmen drove 46 yards in seven plays with fullback Joe Childress smashing over from the one and adding the point.

Tough breaks robbed each team of a touchdown. James' fumble right at the goal in the fourth quarter squirted into the end zone and was recovered by Tech fullback Johnnie Hunsinger. In the third period a beautiful 24-yard touchdown run by Tech's Bill Teas was nullified by a holding penalty.

Thompson, a 5-foot-6 halfback, put Tech ahead in the first period with a 55-yard scoring scamper. He slipped between Auburn's right guard and tackle, broke clear and outran Auburn pursuers to score untouched.

Weighing 220 pounds, U.S.L.A. tackle Jack Ellena is a former lumberjack from Susanville, Calif., and is a college heavyweight wrestling champion.

Fishing Outlook At Lake Is Brightening

Fishing outlook at Lake J. B. Thomas is definitely on the up, according to a Texas Game and Fish Commission study.

Larry Campbell, representing the commission in a sample catch at the lake during the past week, said that 56 per cent of the mature fish captured were of the desirable and edible variety. Another 29 per cent were classed as forage types, and hence indirectly desirable. Only 15 per cent were of obnoxious types.

Even more encouraging, said Campbell, was the growth exhibited by fish. A good per cent of the crappie were half a pound or better while some of them weighed up to two pounds. The larger one were put in last year but most of the crappie had made the half pound growth since April.

Channel cat are coming on steadily, and two of those netted weighed five pounds. A large number of small bass were caught but Campbell only counted three nice sized ones.

By next spring the lake will really be hitting its stride and come into peak quality within another year, he thought. Meanwhile, fishermen are reporting excellent catches of crappie, good luck on channel cat and fair luck with bass.

Campbell and aides put out 550 feet of net in the experiment. They took 234 fish of counting size. Of these 131 were crappie, 24 channel cat, one flathead cat, three nice bass, several sunfish, 65 shad, 32 drum (the largest up to four pounds), and only four carp but 31 carp suckers. Desirable and forage fish caught were returned to the lake after being counted. Campbell said fishing conditions at the lake would be studied regularly.

The recent order under which seining for minnows at Lake J. B. Thomas was permitted has been rescinded.

Experience since the modification of regulations has proven the arrangement to be impractical, said E. V. Spence, general manager, of the Colorado River Municipal Water District.

Numerous abuses were noted not alone in throwing all small fish other than minnows on the banks rather than returning them to the water, but also in joining sections of 20-foot seins together. It became impossible to police against this sort of thing and the only report was to abandon the practice altogether. Therefore no seining of any kind will be permitted at the lake.

In addition, the modification of Article III of the rules and regulations, under which the change was made, was in conflict with Article IX which empowers the peace officers of the CRMWD to confiscate prohibited items such as seins, nets, snag lines, traps, etc.

BOWLING

CITY LEAGUE

Last week's results — Bull's Service 2,609, 3 points, Blakely Service 2,560, 1 point; Weber Insurance 2,586, 4 points, Williams Jewelry, 2,542; Snyder Wholesale 2,743, 4 points, Goss Car Lot, 2,511; Ford employes 2,525, 3 points, Chuck Wagon, 2,480, 1 point.

High individual series — Bob McKinney, Blakely Service, 624; James Stewart, Snyder Wholesale, 581.

Team series — 2,743 rolled by Snyder Wholesale set new record for league; old record was 2,706 by Chuck Wagon.

This week's schedule — (5th week) Monday night, Goss vs. Blakely, Church Wagon vs. Williams; Wednesday night, Weber vs. Ford, Bull's vs. Snyder Wholesale.

League standings — Weber 13, Bull's 10, Snyder Wholesale 9, Blakely's 7, Goss 7, Chuck Wagon 7, Williams 4, Ford 3.

WOMEN'S LEAGUE

Last week's results — Bell Flower Shop 2,530, 4 points, Hilander Drive-In 2,315; Johnnie Tippings team 2,252, 3 points, Joyce Vernor team 2,242, 1 point; Jo Zim Acres Kenneis, 2,341, 4 points, City Floral 2,267.

High individual line — Bobbie McKinney, 171.

High individual series — Bobbie McKinney, 447.

This week's schedule — (fourth week) Friday night, City Floral vs. Johnnie Tippings, Joyce Vernor vs. Hilander, Bell Fower vs. Jo Zim Acres.

Marquette Recovers To Clip Holy Cross

WORCESTER, Mass., Oct. 16 (AP)—Marquette's Warriors, apparently beaten by their own mistakes, tore and battered their way for three touchdowns in the final period through a tiring Holy Cross team to score a 19-14 come-from-behind victory today at Fitton Field.

Bob Girman slammed the final half-yard at 14:05 of the fourth period for his second touchdown of the day to climax the tremendous closing burst.

Bronte Takes Victory Over Hobbs, 33-0

The Hobbs Panthers Friday night fell to the Bronte Longhorns 33-0 in a District 6-B grid contest.

Arbie Phillips and Benny Braswell led the team to the win. Each tallied two touchdowns. This was the first district win for Bronte, which was upset last week by Trent.

Phillips scored first in the first quarter, with Pinky Gentry travelling 46 yards for a TD in the second. Braswell tallied from eight yards out in that period. Both Phillips and Braswell scored in the fourth quarter. Braswell made two extra points, Phillips one.

Loraine, one of the leaders of the district, defeated Robert Lee 27-19 in another loop game. Roy Johnson scored first for Loraine and kicked the extra point. Robert Lee's Davidson ran the following kickoff back 85 yards for a touchdown and Sherman Williams ran across the extra point to tie the score. Loraine moved out on a drive following the kickoff, with Johnson scoring on a two-yard plunge. The team tallied again in the second period, with Johnson racing 86 yards to the Robert Lee 10 and circling left end on the next play for the tally. Jimmy Hall converted. Robert Lee moved back into the game, with Williams crossing guard 40 yards to score. Each team scored again before the game was over, with Johnson taking up seven yards for Loraine's and Hall converting, and Williams making the Robert Lee touchdown on a three-yard run.

The Trent Gorillos lost to Rochester 35-6 in a non-district game. The only Trent score was made on a 34-yard pass from J. B. Swinney to Jerry McWilliams. Billy Joe Hollingsworth led Rochester to the win.

ABOVE THE BLEACHERS

By DALE WALTON

There was some talk after the Friday night game concerning the question as to whether Snyder should have been awarded possession of the ball after a Snyder punt bounced off a Sweetwater player.

Sweetwater actually came up with the ball, while most Snyder fans contended in after-game talk among themselves that Snyder should have had it.

A scramble for the ball came after it bounced free, and varying stories came from persons seeing it.

We admit there could probably be plenty of argument between fans over the situation, but argument will never accomplish anything. That game has ended, and another one just as important is only five days away. Vernon will come here Friday night, and the Tigers will be trying for a win in their third district game. It's time to start thinking about the future, not the past.

• • •

As far as the District 3A-1 race is now concerned, Breckenridge and Sweetwater moved to the top with Levelland after their first games with 1-0 records. The Lobo record is now 2-0. Big Spring and Vernon put each other next with their Friday night tie after each had won the first game. Next are Plainview, Snyder, and Lamesa with two losses.

• • •

Although the Tigers did not win their first two district games, they gained respect of fans and other teams in the district in the kind of games they played.

We're sure Vernon won't come here next week with the idea it has a win cinched, and right now we're calling it about an even break for both teams.

• • •

One thing has not gone unnoticed as the Tigers get into their season. More Snyder residents are now supporting them. If the team continues to play like it has lately, it won't have to win to have backing. The Snyder-Sweetwater highway had a full load before and after the Friday night game.

During the next four weeks, the Tigers will play three games, all of them at home. So Snyder fans have no excuse for staying away from games. Vernon comes next week, Plainview the following week, an open date Nov. 5, and then Breckenridge Nov. 12. Games at Big Spring and Lamesa will round out the season.

Vernon, after defeating Plainview and tying Big Spring, is figured to bring plenty of fans along to Friday night's game here, so it might be best to get your reserved seat early for the game.

Gail, Eagles In Tie, 14-14

The Gail Coyotes got behind by two touchdowns in their Friday night six-man district tilt with Ackerly but came back to tie it up 14-14.

Ackerly got two quick touchdowns in the first quarter of the game, scoring in about four plays the first two times it had the ball. The team also got one two-point conversion kick.

The Coyotes ground up the Ackerly defense in the third quarter, however, and got two touchdowns. E. L. Franklin passed for both scores, once to Borden Reeder in a play which covered about 30 yards, half in the air and half on the ground, and the other time to Donald Redell in the end zone for 20 yards. Reeder made one conversion kick to tie the score.

Gail made a desperate try to score again in the fourth period, gaining down to the Ackerly 10-yard line but having to give up the ball on downs. Ackerly had time for only two plays before the final gun.

For the next game, Gail will be at home to meet Dawson at 8 o'clock Friday night. That will be a district game.

Jim Lee Howell, head coach of the New York Football Giants, is nicknamed "Senator." He once was elected to the State legislature in his native Arkansas.

Biggest payoff in history for a horse at Hialeah race track was not for a win, but for a place bet. Baal paid 484 for 1 for finishing second on Feb. 4, 1932.

Bielski Leads Terps To Win

COLLEGE PARK, Md., Oct. 16 (AP)—Fullback Dick Bielski carried Maryland almost alone for 50 minutes on his broad back and churning legs before the rest of his team could get rolling to a 33-0 victory over North Carolina today.

Bielski, 207-pound senior from Baltimore, bulled 21 yards in three straight rushes for a touchdown the first time Maryland had the ball.

In the second quarter, he carried the ball seven times for 50 yards to get Maryland to the 5. He workhorsed the ball again to 16 before a penalty and fumbled pitchout gave North Carolina the ball.

Maryland finally went 92 yards in eight plays to score with Bielski doing the key blocking late in the third quarter. The second and third teams made it a rout with three touchdowns in the last quarter.

Bielski toted the ball 13 times in his little more than half a game and gained 102 yards.

42"x36" PILLOW CASES IN MATCHING COLORS ..... 49c Ea.

Crew Nearing Completion For Area's Agricultural Census

Interviewing of applicants for positions as enumerators in an area agricultural census will be completed by tomorrow by Ernest Sears, 3818 Highland Drive, who is crew leader for the U. S. Bureau of Census for Scurry, Mitchell, and Kent Counties.

Sears has already finished interviewing applicants for Kent and Scurry Counties, and he will interview Mitchell applicants tomorrow. Workers will number six in Scurry, six in Mitchell, and three in Kent County for the survey, which is being held for the 16th time since 1840.

Sears, an agriculture graduate of Texas Technological College, is a member of the Chamber of Commerce agriculture committee. He has been active in various agricultural projects here.

ERNEST SEARS

Up to 1920, the federal government had surveys made every 10 years. since that time the farm census has been taken each five years.

"The good management of our farms, our businesses, and our government requires timely, accurate information such as that supplied by this census," the census bureau said, adding that the main purpose of this year's census is to provide good information and farms and farm people.

Included in information Sears and his workers must gather in this three-county district are how many farms are in each county, how many livestock and poultry each have, the number of acres of land under cultivation this year and what the harvest was, and kinds of facilities on the farms, such as electricity, running water, telephones, television sets, milking machines, and others.

With some 5,500,000 farms in the U.S., the census bureau cannot handle such a census with its permanent staff and must depend on local residents. The government will have hired about 31,000 enumerators by the time the survey begins.

Actual contact with farmers and ranchers will not be made by enumerators here until Nov. 3 and afterward. Sears said estimates are that the survey will require about four weeks of work by enumerators, plus the time required later in compiling the information for sending to the census bureau.

The entire survey in the three counties will cover 1,832 square miles. The average enumerator will cover 151 square miles in Scurry County, 153 in Mitchell, and 300 in Kent. In the 1950 survey, there were 340 farms and ranches in Kent County, 977 in Mitchell, and 1,045 in Scurry.

The 15 enumerators will be trained by Sears, who recently attended a training course for crew leaders at Amarillo. The training program will be held in the courthouse in Snyder Oct. 26 through 29, with each session lasting one-half day. The training will include use of the agriculture census questionnaire, census definitions, recommended interviewing techniques, and map reading. The crew leader will assign work, answer questions throughout the survey, review work of enumerators, and assign areas for enumerators, who must visit each farm or ranch in their areas.

Legal Battle On Sheppard Case To Open

By MILES A. SMITH

CLEVELAND, Oct. 16 (AP) — Did Dr. Samuel H. Sheppard murder his wife Marilyn?

A long legal battle to reach a verdict on that question will begin Monday in a small courtroom of a gray stone building on East 21st St.

A conviction could mean the death penalty.

The young osteopath, tall, of athletic build, will be brought down from his cell in an upper floor and will sit beside a deputy, within reach of his battery of attorneys.

On the other side of a small table will be the prosecution, whose aim it will be to prove to a jury that the 30-year-old doctor committed first degree murder—with premeditation and malice.

Marilyn Sheppard was 31, a pretty young matron who was busy caring for their six-year-old son "Chip," taking golf lessons and making herself part of the suburban life of Bay Village.

"I loved my wife. We rejoiced that we were to have a second child," said Dr. Sheppard after he had been indicted. They had selected a boy's name — Stephen Allen.

But the state charges that in the early hours of Sunday, July 4, the doctor struck his wife at least 27 crushing blows across her head and face, with some instrument which has not been identified. Her body was found in her blood soaked bed.

What would be the defendant's motive?

The investigators point to a signed statement made by Miss Susan Hayes, 24. This auburn haired, freckle faced young woman formerly was a laboratory technician at Bay View Hospital, where Dr. Sheppard, his two brothers and his father—all osteopaths—are on the staff. She moved to the Los Angeles area and was there last March when Dr. Sheppard arrived to take a postgraduate course.

School Board Extends Pact For Tax Work

The Snyder school board in a special meeting has extended for one year a contract between the school district and Prtichard & Abbott Valuation Engineering Co., Fort Worth, to determine the valuations of taxable property within the district.

The board and the firm agreed on a few flat fee of $15,000 for the company's services in determining valuations for next year. This fee is a reduction of $8,000 from the last fee paid the firm, which was $23,000 for determining valuations on taxable property totaling $145,401,813.

The $23,000 fee was considerably less than many paid by governmental bodies for similar work, some set here by another firm having run as high as $45,000 on setting valuations $20,000 smaller than the school district's current valuation.

In January, 1952, the Pritchard & Abbott firm voluntarily gave the district a reduction of $7,900 from its standard fee of $30,000 for work already done.

The engineering firm has announced its acceptance of the one-year extension of contract.

CRMWD Gets Radio System

The 100-mile system of the Colorado River Municipal Water District has been linked by short wave radio.

While all installations have not been completed the key units are in operation. Eventually, there will be six stationary two-way units and five mobile ones.

The base unit is at the headquarters office in Big Spring, said E. V. Spence, general manager for the CRMWD. There will be units at the well field in Martin County, the Big Spring-Odessa pumpa station and the Snyder pump station at Lake J. B. Thomas, at the SACROC receiving station, the filtration plant in Snyder.

Mobile units connected with the manager's car, the production engineer, and two maintenance trucks, as well as the Big Spring filtration plant. No unit will be required at Odessa for the reason that terminal storage is sufficiently elastic as not to require precision timing in cutting supplies on and off.

Spence pointed out that the radio communication set up has linked the entire system closely for the first time.

Two Fines Are Paid In County Court Here

Two fines were paid in county court Friday afternoon for swindling by worthless check.

One was a fine of $48.50, including cost, plus an assessment for mileage expense of a car from the sheriff's department driven to Duncan, Okla., by Bill Love, deputy. The fine was paid by agreement with the court here through an attorney here and one at Duncan, where the defendant, A. C. Calvert, lives.

The other was a fine of $10 plus court cost of $23.50 paid by Truman Howard Elder, 32, Lamesa. He was returned here by E. E. Norris, deputy sheriff. Three checks totaling $11.05 were redeemed.

History Plan Being Used To Fix Allotments

Cropland history seems to be the best method for Scurry County in figuring cotton allotments, according to the majority of farmers attending a recent meeting here on the subject.

For 1955 allotments, the Department of Agriculture will leave the decision to individual counties as to whether allotments will be set up for each county history or on cropland percentage.

Henry Burchett, office manager for the Agriculture Stabilization and Conservation county committee here, said it now appears there will be a slight increase in cotton allotments for 1955 due to recent trends and the difference between last year's estimate and the amount finally measured in 1953.

In using the history method of figuring allotments, the county committee has the power to adjust the basic history years upward for abnormalties due to drough, Burchett said. Something new in the allotment procedure, he said, will be the hardship case, such as drought or illness accounting for less cotton acres being planted.

Several other counties in this area will use the history method next year in figuring allotments. The national cotton allotment for 1955, Burchett said, is 18 million acres.

A referendum of cotton producers will be held Dec. 14 to determine whether marketing quotas and price supports will be in effect for 1955. If they are approved, the loan rate will be set somewhere between 82½ and 90 per cent of parity, the ASC manager said.

Farmers Warned Of Biological Warfare

WASHINGTON, Oct. 16 (AP)—The Civil Defense Administration warned farmers today that they would be vulnerable if an enemy should resort to biological warfare.

It published a handbook telling farmers how to detect and fight attacks by enemy agents or airplanes carrying disease-laden mists and destructive chemical. Any such attacks would be designed to deal a blow at the production of crops and animals.

The handbook calls on farmers to report immediately to county agents or state veterinarians any sign of unusual crop or animal diseases, or any increase in native diseases.

Among other steps, the booklet also urges normal sanitation measures to check the spread of diseases, isolation of all sick animals, and cooperation with disease control officials.

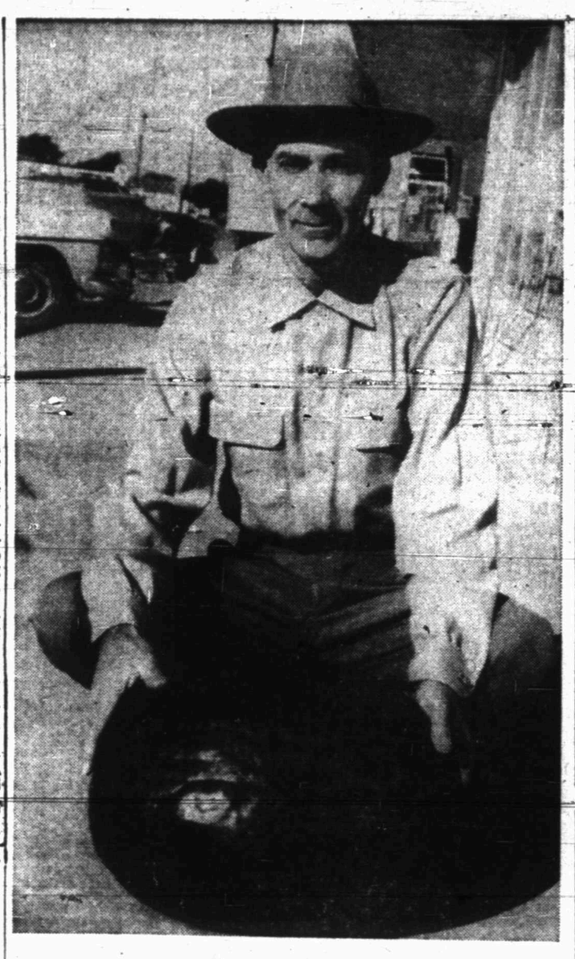

Former Policeman Now In Highway Patrol

Johnny Claybrook, former Snyder city policeman, is now in the training school of the Department of Public Safety at Austin.

Claybrook will complete training Dec. 17 and become a state highway patrolman. A member of the police force here for the past year, he was an air policeman in the Air Force prior to that time.

The officer was chosen from a group of about 700 applicants in the state.

Claybrook and his wife are now residents of Sweetwater. She is employed at the Sweetwater Hospital as a laboratory and x-ray techinician during Claybrook's schooling. She was formerly employed here at Battenfield Hospital.

WATERMELON, TEXAS SIZE

The 50-pound watermelon displayed above by its owner was pulled yesterday morning from the vine on which it grew in the back yard of the home of Mr. and Mrs. W. C. Sheldon who live on Murrell Avenue in the Bootheland addition. Sheldon said the vine grew "wild" in his yard, and was watered only three times this year. (Lee Watson photograph)

New Bill To Propose Overhaul Of Bail Plan

AUSTIN, Oct. 16 (AP)—Overhaul of Texas' bail bond system and laws to prevent sale of obscene, crime and horror literature will be recommended to the next legislature by eight state law enforcement agencies.

The legislative committee of the eight agencies said today it also will recommend these additional changes:

A new coroner's law requiring competent medical examination in all cases of violent death; a central reporting agency for receiving records and finger prints on all convictions of felonies and driving while intoxicated cases; better laws dealing with sex perverts, and making window-peeping a misdemeanor.

Excursion Is Planned

DALLAS, Oct. 16 (AP) — Retired and veteran employes of the Texas & Pacific Railway will make their annual excursions beginning Oct. 20. This year almost 400 of them will travel to New Orleans in two groups on special trains. The company pays all expenses.

Fisher Farmers Union Sets Meeting Monday

The Fisher County Farmers Union tomorrow night will have its first meeting since its recent membership drive at 7:30 o'clock tomorrow night.

The meeting will be held in Roby at the building of the Midwest Electric Cooperative. Joe Dismore, president of the union, said the membership drive has made the organization large enough to do effective work.

At this meeting, the group will consider several matters to be brought up by officers, as well as any problems presented by members.

Dismore said the Fisher unit will be awarded a state charter at its November, meeting, which will probably be on Nov. 12. Plans are being completed to obtain an outstanding speaker for the occasion, Dismore said, adding that the program committee has been asked to obtain a man who is close to farmers and understands farm problems for the main address. The speaker will be announced soon, he said.

Orchestra Sets Tour

SAN ANTONIO, Oct. 16 (AP)—The San Antonio symphony orchestra will make a mid-west tour next February, president Ernest W. Clemens said today. The orchestra will go to Oklahoma, Kansas, Nebraska, South Dakota and Arkansas, as well as other cities in Texas.

FARM AND RANCH

Details have been worked out for three federal agricultural offices to move to a new building.

The offices of the Agriculture Stabilization and Conservation service, Farmers Home Administration, and Soil Conservation Service are now located at 2515½ Avenue S, upstairs in the Texas Electric Service Co. building.

The new location will be at 2405 Avenue R, almost a block north of the square. The three officers are to be set up in their new building by Nov. 1.

In the new building, the three federal agencies will have their offices separated by partitions. Reasons for the move include the need for additional space, convenience of the downstairs office, and need for adequate parking. There is about twice as much floor space in the new building as the three officers now have.

• • •

A Caldwell County farmer decided during the drought of 1925 that he would never again be caught short on feed. This year a trench silo was opened which had been filed 12 years ago, one of the years he had stored the feed. The silage, he said, was of excellent quality, perfectly preserved, and had much green material. It was red top cane and hegari.

• • •

The Scurry County Junior Livestock Association has set Mar. 3-5 as dates for its annual livestock show for youths here. The association ordinarily holds its membership drive early in the year. This year the livestock show will have a division for commercial class calves, all to be on feed by Dec. 1. They must weigh at least 600 pounds by show time and must be graded commercial or better to compete. The top calf in the class will go through the sale, while the rest will be sold to a packer buyer on the floor price.

All other classes will have about the same rules. Calves, swine, and lambs are shown in the event. Hugh Taylor is president of the association, while Max West is secretary and Holmon Odom, Bill Eiland, and Broadway Browning are directors.

• • •

In trying various methods to increase livestock carrying capacity of his place two miles southeast of Fluvanna, Jack Martin planted 17 acres of blue panic grass Apr. 28 and sprayed 809 acres of mesquite with a mixture to kill the trees and cut out competition for moisture with grass. He is now figuring on reworking some terraces on a 54-acre field which he is to plant in blue panic next year.

Well-pleased with his 17 acres of panic, Martin said, "I ran 18 yearling and three claves on the grass from July 1 to Sept. 1 and have already harvested about 600 pounds of seed since taking the cattle off." The market price of good blue panic seed is about $75 per 100.

Martin planted two pounds of seed per acre with the row seeder owned by the Upper Colorado Soil Conservation District. He planted the seed in furrows made by a buster drawn in front. Martin got some heavy rain before the grass came up and at one time was afraid he wouldn't get a stand. He held off replanting, and a few more showers came along and brought up a stand.

Blue panic is a perennial grass which adds organic matter to the soil, and it is also an excellent grazing crop from April until frost. It is high in protein and has a dense fibrous root system which increases infiltration and water-holding capacity of the soil.

Growing SNYDER

Diversified Interests

Snyder, the headquarters city of the vast Scurry County Oil Area, is a city of diversified business interest — progressive and ready to serve the residents of its area.

The many business firms provide employment to hundreds of Snyder citizens who make up an important segment of the city's population.

The homes of seven business firms are pictured on this page . . . These with the many other firms in Snyder are an important factor in the strong economic position of the community.

THE SNYDER DAILY NEWS

VOL. 5, No. 145 | SNYDER, TEXAS, SUNDAY, OCTOBER 17, 1954 | SECTION B

Midland guests at the reception and oil progress celebration here Thursday afternoon and night are shown at the reception above. They are from left: Mrs. W. B. Browder, Jr., Browder, Mr. and Mrs. Hamilton McRae, and Mr. and Mrs. Walter Beardsley. The men are members of the Stubbeman, McRae & Sealey law firm in Midland.

Coming Texas political problems was the subject of discussion of the above group at the reception Thursday afternoon in honor of Sen. Price Daniel, left. Others are his host, C. T. McLaughlin, Snyder oilman and rancher, and Robert R. Patterson, newly elected state representative for this district.

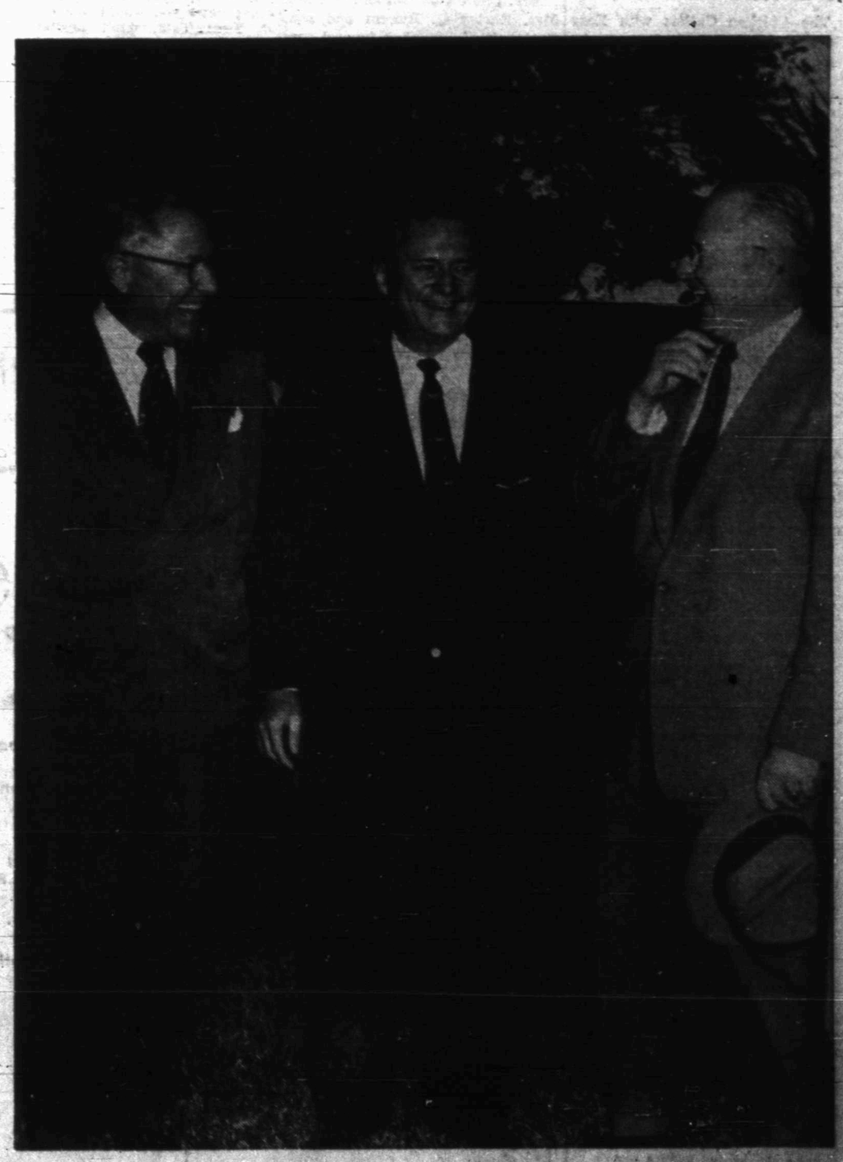

Palm Meach, Fla., and Sweetwater, as well as Snyder are represented by persons pictured above shown at the reception for Sen. Price Daniel held at the Diamond M Ranch home of Mr. and Mrs. C. T. McLaughlin 15 miles southwest of Snyder. From left are: Mrs. Malven K. Stevenson, wife of Snyder's mayor, her brother and sister-in-law, Major and Mrs. Harold Tiehrt, who are stationed at the Palm Beach Air Force Base, Florida, Jim Dulaney, president of Texas Bank & Trust Co., Sweetwater, Stevenson, and Mrs. Dulaney.

Two families of Snyder oil industry firm owners are shown above eating barbecue at the pavillion at the rodeo grounds Thursday night. The barbecue, oil show, and speech of Price Daniel, senator, highlighted Oil Progress Week here. Shown from left are: Mr. and Mrs. C. A. Detrich, 3797 Sunset Drive, owner of Dutch's Drilling Co., and Mr. and Mrs. John Gilbert, 1503 Avenue S, owner of Gilbert Pipe Straightening Co. (Craft Studio photograph)

SNYDER SALUTES ITS OIL INDUSTRY

Shown above with Sen. Daniel, center, are two Lubbock guests at the reception at the Diamond M Ranch for Daniel. They are Dr. D. M. Wiggins, left, executive vice president of the Citizens National Bank of Lubbock, and S. S. Forrest, right, owner of the Forrest Lumber Co. of Lubbock which has a branch store in Snyder. Cool weather drove many guests home from the oil displays and show at the Scurry County rodeo arena, where Daniel spoke Thursday night.

american designer's pattern

1179

by Herbert Sondheim

The ever-new coat dress, a perfect foil for your "small furs," goes softly feminine with gathered (released tucks) pocket detail and flattering skirt fullness. The versatility with which the coat style adapts itself to all figure types explains the constant popularity. Although simple to sew, the dress offers a variety of quick-change ideas lending itself to either day or evening wear, and yard goods departments offer untold possibilities with their new fabrics, both in texture and color. Suggested fabrics: linen, chambray, shantung, faille, silk crepe, wool crepe. The pattern is cut to Designer Measurements, not Standard Pattern Measurements.

40	30	41	18
42	32	43	20

Size 12 requires 4½ yards of 39 inch material for dress (¾ length sleeves) and 1 yard of 39 inch material for interfacing. To order Pattern No. 1179, address Spadea Syndicate, Inc., P.O. Box 535, Dept. S-13, G.P.O., New York 1, N.Y. State size. Send $1.00. Air-mail handling 25c extra. New Pattern Booklet No. 11 now available for 25c. Add 4c for handling, if paid by check or money order.

Dale Evans Is Thoroughly 'Sold' On Adopted Family

By DOROTHY ROE
AP Woman's Editor

There's no reason for any couple to go through life without children when boys and girls still are waiting for adoption, says Dale Evans.

The beautiful, blonde and sprightly wife of the singing cowboy star Roy Rogers is a star in her own right on TV, in movies and rodeos. Wearing a sequined cowgirl outfit, a white Western hat and [illegible] that claims chil-dren all over the world, she was talking earnestly in her dressing room at New York's Madison Square Garden.

At the moment, she was waiting for the youngest adopted daughter of the Rogers family, little Dodie, 2½, to appear with her nurse. Dodie is three quarters Choctaw Indian, one quarter Scotch-Irish.

In a tiny [illegible] and fringed white suede, with a feather headdress and bright red papoose boots, she joins her famous parents in the middle of the huge arena at the current rodeo, happily shouts "Hi" to the crowd and is lifted proudly into her father's arms for an introduction.

Of the five Rogers children, three are adopted, and, says Dale:

"I can't imagine life without any of them."

The Rogers family includes Cheryl, 14, Linda, 11, Dusty, 8, Sandy, 7, and Dodie. They live on a nine-acre ranch in the San Fernando Valley.

The death of their little daughter Robin in 1952 saddened Dale and Roy and put a new seriousness into their outlook on life. Dale wrote a book, "Angel Unaware," which was a tender and sensitive discussion of the loss of a child, and she and Roy decided at once to adopt two more children—Sandy and Dodie.

"We believe in old-fashioned discipline," says Dale. "Each child has certain duties. Even little Dodie must put away her toys and hang up her clothes before she goes to bed at night. The boys empty the wastebaskets, hang up their clothes and spread up their beds before they leave for school in the morning. The two older girls make their own beds, set the table and help with the dishes.

"Today's youngsters are living in such a mixed-up world that I think the only way to keep them on the right track is to give them responsibilities, and try to teach them the rules.

"Things are tough for kids these days, especially the boys. I've talked with thousands of them all over the country, and I think the reason for all the problems of juvenile delinquency is just that they feel lost and uncertain in a shaky world. The boys say, 'What's the use trying to do anything—we'll have to go to war anyway.'"

TEEN TALK

By MARGIE SMITH

The Future Hoemakers of America had an installation service and tea Thursday evening in the high school cafeteria. There were 75 guests present. Beth Wiman entertained with piano music, Barbara Parks sang "I Understand," and Cecile Hayes gave several readings. The officers installed were Twila Sturdivant, president; Janet Weber, vice-president; Jo Ann Morgan, secretary; Dianne Kerley, reporter; Janice Springer, parliamentarian; Barbara Parks, songleader; Sue Smith, historian; Beth Wiman, pianist, Cecil Hayes, recreation chairman; Eleanor Browning, degree chairman; and Miss Vera Periman and Mrs. Geraldine Hodges, sponsors.

Other members who attended were Sarah Johnston, Pat Bollinger, Joyce Miller, Brenda Pittman, Linda Selman, Shirley Moore, Pat Selman, Lynda Miller, Carolyn Sturdivant, Dixie Brown, Reva Strickland, Mary Green, Lucy Blacksher, Joy Richardson, Pat Busbee, Sandra Boyd, Dolly Gibbons, and Ann Young.

• • •

Several members of the Distributive Education Club are attending a pow-wow given by the Amarillo D. E. Club today in Palo Duro Canyon. The session is to be a get-acquainted meeting of the clubs in this district. Among those attending from Snyder are La Juan Evans, Bobbie Payne, Ann Brush, Don Boone, Jerry Stewart, Harold Wilson, Bob Coffee, Norma Jean Edelman, Sara Jean Clark, Gyneil Scott, Billy Ray Sellars, Gene Wendland, Helen Pickert, and Henry Beckett.

• • •

Last Saturday afternoon several people got together at the Youth Center and cleaned it up. They cut weeds and swept the floor. The improvement is naticeable. Those who helped do this were Judy Rohr, Ann Fish, Gerry Lynn Hughes, Pat Taylor, Jimmy Joe Key, Morris Hattaway, Bernie Hagins, and Wayne Pevey.

• • •

Suzanne Houston gave an ice cream party in her home Tuesday afternoon. Those present for cake and ice cream were Betty Connell, Ann Fish, Bata McPherson, Mary Ann Doak, Judy Miller, Gerry Lynn Hughes, Pat Taylor, Judy Rohr, Clinta Blackard, Sittie Harrell, Susie Clark, Joyce Blakely, Mary Lou Cary, and Suzanne Houston.

• • •

During five-week test week Carla Swan was hostess to a group of girls who got together to study. Cokes were served and the girls really studied. Among those present were Deloris Ellis, Connie Longbotham, Cecile Hayes, Patsy Harless, Carolyn Sturdivant, and Carla Swan.

Any time you have parties or other news you would like to have in Teen Talk, don't hesitate to call me or see me at school.

Mrs. Boren To Visit Husband In Japan

Mrs. Billy Jack Boren of Post is to leave today for Tokyo, Japan, where she will visit her husband. She will be accompanied by her sister, Carolyn Boren, also of Post.

Pfc. Boren, the son of Mrs. Eddythe Boren of Snyder, is a graduate of Snyder High School and Texas Tech. He has been stationed in Korea since January, and will spend a 30-day furlough in Tokyo during his wife's visit. Mrs. Boren and Miss Boren were to fly from Los Angles to Honolulu to spent the week end before completing the trip to Tokyo today.

Gift Party Is Given

Mrs. Allie Ivison, Sweetwater highway, was honored with a party Friday afternoon in the home of Mrs. Garth Boyles, 3112 Avenue C.

A miniature pink cradle filled with pink rosebuds was centered on the refreshment table.

Hostesses with Mrs. Boyles were Mrs. Lynn Fenton, Mrs. Kenneth Smith and Mrs. W. F. McMennamy.

Refreshments were served to 25 guests.

Brown meat cubes, when you are making stew, in plenty of fat so they will have a rich brown color and good flavor. Pour off fat before adding the other ingredients for the stew so you wont't have a greasy dish.

P-TA Dinner Tickets To Be Sold At School

Tickets for the chicken spaghetti supper at the West Elementary School Monday night will be on sale at the school when serving begins. The supper, scheduled from 6 to 8 p.m. in the school cafeteria, is being sponsored by the West Elementary PTA. Proceeds will be used to finance projects of the organization.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5488.

The Chicken Cutlets with Easy Sauce for this TV Supper can be made ahead of time. At mealtime, the cutlets are fried to a piping-hot, golden brown while the sauce is heating. Treat yourself to a real lazy and relaxing evening by serving this meal on paper plates and end dish washing worries for the evening.

CHICKEN CUTLETS WITH EASY SAUCE

1 1-3 cups water
1 teaspoon salt
2-3 cup uncooked rice
2 cups finely diced cooked chicken
1 tablespoon chopped onion
1 teaspoon grated lemon rind
Salt and pepper
2 egg yolks
2 egg whites, slightly beaten
1 cup fine cracker crumbs
Cooking fat for frying
1 10½-ounce can condensed cream of chicken soup
½ cup water

Put the water, salt and rice in a 2-quart saucepan and bring to a vigorous boil. Turn the heat as low as possible. Cover the pan and leave over low heat for 14 minutes; then turn off heat and leave covered for 10 minutes more. Add the chicken, onion, lemon rind, salt pepper and egg yolks to the rice and mix thoroughly. Separate the mixture into 6 equal portions of ½ cup each. Press into balls. Chill. Cover if mixture is left in refrigerator more than two hours. Press the mixture together firmly and shape into "pork chop shaped" cutlets. Dip cutlets first into the egg whites then into cracker crumbs. Fry to a golden brown in a skillet of hot fat. Serve hot with a sauce made by heating together the chicken soup and water.

PERSONALS

Mrs. Leslie Hudman and Mr. and Mrs. Harley G. Bynum and son, Harley Fred, attended funeral services for Harley Sadler in Abilene Friday morning.

Mrs. D. L. Horn, Snyder Gasoline plant, is a patient in Sweetwater Hospital. She is reported to be improving.

When you are baking a cake or cookies, place in the pan on the oven rack that is nearest the middle of the oven. This way your cake and cookies will rise and brown evenly.

DO IT YOURSELF

If you like provincial furniture, today's do-it-yourself design will be of special interest to you. But don't leave if your taste runs to strictly modern, however. Nowadays they are mixing periods in smartly furnished homes, and the provincial table might be just the accent you need to give your modern home a unique touch of elegance. You'll find that you can own this table at just a fraction of the cost it would take to buy it "ready-made." You'll own the table by building it yourself with your only investment being a few dollars for materials and a few hours of workshop effort. All of the building problems have been taken out of the pattern you will use to construct your provincial table. Assembling is made easy by instructions sent with Bill Baker's pattern No. 128. To get your provincial table pattern send your name and address, clearly printed, together with one dollar in check, or money order to Bill Baker, Snyder Daily News, Box 1111, Los Angeles 53, California. Be sure to ask for pattern No. 128.

B&PW Begins Taking Fruit Cake Orders

Orders for holiday fruitcakes are now being taken by the Business & Professional Women's Club here, Zaida Brown, club president, has announced. Mrs. Golda Nelson is chairman of the arrangements committee and orders may also be placed through other members of the club.

The club has taken orders for fruitcakes for several years, but cakes baked here will be used to fill the orders rather than the brand formerly secured from Corsicana. Proceeds from the project will be used for civic projects of the club including a contribution to the women's clubhouse, Miss Brown said.

Teatime treat: Make lengthwise cuts in the top of brown-and-serve rolls; insert a piece of cheese and one of partly-cooked bacon in each cut. Brush the tops of the rolls with melted butter or margarine, sprinkle with paprika and bake according to package directions.

Shower Is Given To Honor Mrs. Fields

A shower honoring Mrs. Bob Shields was given Friday afternoon in the home of Mrs. Carl Brumley, route 3. Assisting with hostess duties were Mrs. C. A. Wade, Mrs. Frank A. Wilson and Mrs. Clarence Thompson.

Refreshments of frosted punch and cake were served from a table centered with a crystal bowl on a reflector. After games were played, gifts were presented the honoree from a bassinet. About 35 guests were present.

The Canyon Reef Medical Auxiliary met Thursday morning with Mrs. J. O. Broaddus, 2900 Avenue F. Members who attended are, reading from left to right, Mrs. Thomas F. Hartley, Mrs. Harry Ward, Mrs. Broaddus, Mrs. C. R. Cockrell, Mrs. John Y. Battenfield, Mrs. Carl A. Dillaha and Mrs. Robert F. Wasson. (Lee Watson photograph)

The West Texas girl who attained fame by becoming a matadora, Pat McCormick of Big Spring, is standing beside Col. Fred M. Dean, commanding officer of Webb AFB, at the reception held in honor of Senator Price Daniel Thursday. (Lee Watson photograph)

Pat McCormick Determined To Continue Career In Arena

By ANITA HALL

Patricia McCormick, the Big Spring girl who left the campus of Texas Western University at El Paso to become a well-known matadora, is dedicated to her profession.

Bull fighting is paramount in her life despite the serious injuries she suffered when gored and impaled on the horns of a bull during a fight September 5 in Ciudad Acuna, Mexico, and she hopes to return to the bull ring late next spring.

Visiting here along with Col. Fred M. Dean, commanding officer of Webb AFB, Big Spring, her parents and several others Thursday, Pat appeared pale but said she was feeling fine. She has been following strict doctors' orders and resting most of the time since she returned home to Big Spring to convalesce. She's planning to appear at autograph parties in all major Texas cities when her autobiography "The Lady Bullfighter" comes off the press later this month. The book is being published by Holt & Co. in New York.

Following the autograph tour, Pat will return to Big Spring to rest until January when she will go to bull ranches in Mexico to resume her training.

Pat's career as a bull fighter began three years ago. Since then she has appeared in bull rings in Tiajuana, Mexicali, Nogales, Juarez, Ciudad Acuna, Piedras Negras and Nuevo Laredo and has killed 53 bulls. Her entourage consists of a caudrilla of three banderilleros, two picadores, a mozo-de-estoques, camerman, manager and trainer.

Her interest in bull fighting began when she saw her first fight at the age of seven. She never forgot it and by the time she was 18, she began to study all the literature available on the subject. While she was a student in Texas Western at El Paso, she said she practied cape work in front of a floor - length mirror, using a straight chair and an army blanket that was used in World War I as her cape and sword. She succeeded in obtaining an audition with Alejandro Del Hierro, a retired matador living in Juarez at that time, she said, and he told her that he could tell her in a few minutes time, whether or not she would ever become a matadora. He approved of her and began to teach her the intricacies of bull fighting and thus her career was launched.

The rigid training schedule forced on her by her chosen profession leaves no time for outside activities, the plucky girl said. Keeping in trim for the ring requires a great amount of rest and exercise, with no time out for romance.

Miss Taylor Is Bride Of Sgt. Hook

Sgt. and Mrs. Albert Curist Hook, who were married here on October 10, are to be at home at Fort Hood after October 20.

Mrs. Hook is the former Doris Myrl Taylor, the daughter of Mr. and Mrs. G. C. Taylor, 1901 Eitheenth Street. The bridegroom is the son of Mr. and Mrs. A. G. Hook, 1606 Avenue R.

The single-ring wedding ceremony was read by Ted Norton, minister of the Twenty-fifth Street Church of Christ, in the home of the bride's parents. The bride wore a softly tailored blue suit with navy and white accessories. She carried a white Bible with a white carnation corsage.

Dorothy Taylor was her sister's only attendant. Her suit was gray, worn with a pink corsage and pink accessories. Cecil Hook served as his brother's best man.

At the reception which followed the cerenomy, Mrs. Bill Barnes presided at the punch bowl and Elois McDow served the wedding cake.

The bride attended Snyder schools. Sergeant Taylor returned to the United States in March after 16 months in Korea. He is to be discharged from the army next March after serving three years.

* * *

A miscellaneous gift shower to honor the bride was given Tuesday in the home of Mrs. A. L. Martin. Hostesses were Mrs. Jim Preston, Mrs. Bill Barnes, Mrs. Don Wester, Mrs. Guy Browning, Mrs. H. F. Boss, Mrs. R. C. Doonan and Mrs. Ted Norton. About 30 guests attended.

Mix a couple of tablespoons of French dressing with half a cup of mayonnaise; add chili sauce or catchup, Worcestershire sauce and prepared horseradish to taste. Serve with a seafood salad.

SOCIETY SCRIBBLINGS

Medical Auxiliary Meet Spotlights 'Nurse Week'

By ANITA HALL

The Canyon Reef Medical Auxiliary met in recognition of National Nurse Week Thursday morning in the home of Mrs. J. O. BROADDUS, 2900 Avenue V. The local auxiliary is affiliated with the State Medical Auxiliary and one of their projects is to help recruit more girls to attend nurses' training schools.

Two members of the local organization are graduate nurses. They are Mrs. Broaddus and Mrs. WILTON N. JONES.

The American Medical Association supplied the film on American defense that was shown at the meeting. BILL SCHIEBEL, head of local civilian defense plans, gave a report on what is being done in this area toward civilian defense.

A dinner-party honoring their husbands was planned to be held in December. Tentative arrangements were made for a tea to be held in honor of the president of the State Medical Auxiliary when she comes to Snyder next spring.

Members attending were Mrs. C. R. COCKRELL, Mrs. JOHN Y. BATTENFIELD, Mrs. CARL A. DILLAHA, Mrs. THOMAS F. HARTLEY, Mrs. HARRY WARD, Mrs. ROBERT F. WASSON and the hostess.

* * *

Mr. and Mrs. FORD SPIKES of Alpine are visiting this week end with their parents, Mr. and Mrs. T. J. STERLING, 2511 Thirtieth Street, and Mr. and Mrs. SAM SPIKES, 2806 Thirty - seventh Street. They attended the football game Friday night in Sweetwater.

* * *

Mr. and Mrs. FRED MILLER and daughter La Verne, 1708 Thirty-seventh Street, have returned from a visit with Mrs. Miller's niece and family, Lt. and Mrs. Jack Reed and son in Sacramento, Calif. They went sight-seeing in San Francisco and Oakland and other points on the Pacific coast.

Jury Service For Women Is GFWC Project

Mrs. L. E. Dudley, Abilene, president of the Texas Federation of Women's Clubs has issued the official call to the 57th Annual Convention, November 8-11 in Mineral Wells, to the 1200 member clubs and the 208 members of the State Board of Directors of the organization.

Convention keynote, Free - To Be Responsible, propels the objectives of both the Texas Federation and its parent organization, the General Federation of Women's Clubs, largest organized group of women in the world.

Mrs. R. I. C. Prout, first vice-president of the General Federation, will address the Convention at the President's luncheon meeting on November 9.

"Texas Clubwomen have been alerted to Get - Out - The - Vote for the November election. One of the amendments to be voted on, Jury Service for Women, has long been an object of our organization," Mrs. Dudley stated.

Fill a tomato aspic ring with creamed cottage cheese sprinkled with chives or parsley, Surround the ring with lettuce cups and deviled eggs. Serve for lunch with a hot soup and crisp rolls and butter.

TUESDAY'S BALLET PERFORMERS

The opening performance of the Snyder Civic Music Association's entertainment season here will feature Alexandra Danilova, shown above between Michael Maule and Roman Jasinsky. Moscelyne Larkin, fourth member of the ballet troop is in the foreground of the above picture. "Mlle. Fifi," and a suite from "The Nutcracker," will be featured in the Tuesday night performance at the high school auditorium.

25 YEARS AGO

(Taken from the files of THE SCURRY COUNTY TIMES for Oct. 17, 1929.)

Bank statements in this issue show that total deposits in the county for three banks amount to $1,229,833.03. Figures for the other remaining county bank were not available as we go to press. The three banks reporting in this issue were the Snyder National Bank, the First State Bank & Trust Co. and the First State Bank of Fluvanna. Loans show a decrease from the call of last June with a total of $1,109,780.77.

• • •

Scurry County had at least from one to two inches of precipitation over the week end. Traffic on the roads in many places was something terrible. It was near impossible to get through to Snyder from either Lubbock or Sweetwater, No. 7 being a mess in places. Forty cars were reported off the road between Post and Lubbock Sunday morning.

• • •

Post High and their coach Harry Taylor have tried to date Snyder Tigers for a football battle. If the matter were left to the Tiger team, they were 100 per cent to go and do battle with their ancient Garza County rivals, but parents and the Board of Education said "No" — and "No" decidely. Snyder High School has a team of home boys, young, and whose parents all live here or nearby, while Post has a team from various parts of the state. Post is all right in getting together a Junior College outfit that plays as a Class B team, but Coach Harry Taylor should enter them in the Southwestern conference where their experience would stand them in good stead.

• • •

Ralls Jackrabbits 7; Snyder Tigers 0, was the score at Ralls Friday, but that tells by no means the story of the actual combat that will go down in Tiger history as one of the greatest defensive football games ever waged by a local squad.

• • •

Miss Farris Stevenson of Hermleigh was recently honored at the College of Industrial Arts at Denton by the school paper, the Lass-O, which said in a recent issue that Miss Stevenson is the leading 4-H student in the college this year. Congratulations!

• • •

On Thursday evening at 8 o'clock at the high school auditorium Homer F. Springfield will present "The Follies of '29." Those taking part in this presentation are selected from the Choral and Little Theatre clubs of Snyder High School. At one place in the Follies there will be 40 girls on the stage at once. The costumes will be unique and the scenery in line. Don't miss it!

• • •

The many local friends of John R. Covey will be pleased to hear of the fine connection he has made in the Lubbock High School where he has gone to head the English department. Mr. Covey is a fine teacher, a real gentleman, and the best wishes of the Times-Signal go with Mr. Covey and family to their new location.

When you are making sandwiches for the lunch box, never use melted butter for spreading the bread before adding the spread. Melted butter has a tendency to make the bread soggy; use creamed butter or margarine instead.

Small leaves of fresh spinach are worth using in a salad. For a delicious dressing mix olive oil, wine vinegar, crumbled crisply-cooked bacon and freshly grated Parmesan cheese. Add salt and freshly-ground pepper to taste.

MARY KATHERINE MCDOUGAL
. . . to speak here

Mrs. McDougal Is AAUW Speaker

Mrs. Mary Katherine McDougal of Abilene will speak here Wednesday night for the Snyder chapter of the American Association of University Women.

The meeting is to be held in the Central Primary School cafeteria. Each member of the chapter may bring a guest to the meeting. A social hour is to follow Mrs. McDougal's address, and she will serve as narrator for the modeling of six original gowns.

Mrs. McDougal, who was society editor for the Abilene Reporter-News for many years, is now manager of an Abilene book shop. She also appears on two television programs broadcast from Abilene. Mrs. McDougal's writings have included many magazine articles. She has also assisted in the preparation of several books for children, and has written horoscope readings.

NEWS FROM UNION

By MRS. J. B. ADAMS

Mrs. Jack Shinn of Hobbs, N. M., and Ramona Clarkson, who is attending beauty school in Lubbock, visited their parents, Mr. and Mrs. Everett Clarkson, over the weekend.
