Red Capture Of Padong Disrupts Geneva Talks

GENEVA (AP) — The United States today accused Communist forces of "blatant violation of the cease-fire in Laos." The statement followed the Communist capture of Padong.

W. Averell Harriman, chief U.S. delegate at the Laos conference, endorsed postponement of meetings until he consults with Washington.

Western delegates have asked their governments if it is worth while continuing the session in view of cease-fire violations.

The open violation of the truce angered Western delegates. Harriman did not make any direct threat of leaving the meeting, but in Washington the State Department said its experts were studying this possibility.

The U.S. statement said pro-Western forces at Padong were under heavy artillery fire most of Tuesday and withdrew "to previously prepared positions" early today. Some of the troops, it said, were from Communist North Viet Nam.

Britain's Malcolm MacDonald, who was to be chairman of the 14th session today, called it off. The British delegation issued a statement recalling it had "agreed to attend the conference on the clear understanding there would be an effective cease-fire throughout the negotiations."

No date for the next meeting was set.

The sessions began May 16, on condition that a cease-fire be firmly established in the Southeast Asian country.

MacDonald of Britain and Soviet Deputy Foreign Minister Georgi Pushkin, the two co-chairmen, agreed that there should be no meeting until W. Averell Harriman, U.S. ambassador, made it plain to MacDonald in a private talk earlier that the United States did not want one.

The news of the defeat at Padong, though expected by some experts, shocked Western delegates.

Coming after the Kennedy-Khrushchev announcement in Vienna on the need for an effective cease-fire it seemed discouraging to Western officials.

One of them spoke strongly of "Soviet hypocrisy." It raised some doubt of U.S. willingness to go ahead with the conference at all until there is word from President Kennedy.

IN AFS PROGRAM

Snyderite Departs For Germany Today

Jean Margaret Young, 17-year-old daughter of Mr. and Mrs. W. J. Young, 3103 Thirty-eighth Place, today began the first leg of a journey which will reach its climax in Bremen, Germany.

She left by automobile for Dallas this morning. And tomorrow she will board a jet for Montreal, Canada. From there she will continue to Germany where she will be a representative of the American Abroad Program of the American Field Service.

At Montreal, Jean will board the ship, the M. S. Seven Seas, and is scheduled to disembark at Rotterdam on June 19. This ship will be carrying several hundred American high school students who will spend the summer months in many parts of Europe.

While in Bremen, Jean will be a part of the Friedrich Bickel family. She will participate in the home and social life of this typical German family and will also observe the cultural life and be active in the everyday life of the community. She will give in return to the Bickel family and citizens of Bremen a better understanding of an American youth and the American way of life.

Beside the mother and father in the Bickel home, there is a daughter, Hilja, 19, of the home, and a son, 22, who is abroad as ship as an assistant engineer. The father works as an engineer on a freighter. Bremen is a sea port city and is the second largest port in Germany. It is approximately 200 miles from Berlin.

Jean will be a Senior student in the Snyder Senior High School next school term. She will return to Snyder around Aug. 25. In her three years of high school, she has carried a well rounded study program including mathematics, science, foreign language and English. She has been active in the Latin Club, Future Teachers association, Nurses club and Art club. She has been a member of both the high school marching band and of the stage band. Jean plays trumpet.

Application to the American Field Service for the American Abroad program was made last November. Confirmation of acceptance of Jean for the summer program was received recently.

A school in the United States may participate in the American Abroad program only if it has sponsored, through a local AFS chapter, a Foreign Exchange Student the previous school term. However, the mere fact that a school has received a foreign student does not assure acceptance of a local student for the American Abroad summer program. Selection is based upon the merit of the individual student applying and upon AFS necessity to limit the number of students going abroad for financial and other reasons.

This is the second summer a Snyder high school student has been privileged to spend the summer abroad. Dick Martin, a graduating senior this year, spent last summer in the Philippines.

The Young family has lived in Snyder for the past 10 years. Mr. Young is assistant chief clerk here for the Humble Oil Co. Jean has a younger sister, Carol Ann, who will be a sophomore in high school next year, and an older sister, Janice, who is now a student nurse in Dallas.

Jean was accompanied to Dallas today by her parents and a younger sister. She will make an overnight visit with her older sister before leaving tomorrow for Montreal.

'Fly-In' Is Awaited In Mississippi

Police in Jackson, Miss., today awaited Mississippi's first "Freedom Fly-in" while the jails filled with "Freedom Riders" and more were expected.

No matter how they come, if they are found guilty of disturbing the peace, they can expect stricter jail sentences and fines. A spokesman for the Congress on Racial Equality (CORE) announced in St. Louis that three Negroes would fly from there to Jackson today to test segregation policies.

Charles R. Oldham, national chairman of CORE, said the purpose of the trip was "to test airport terminal facilities at Jackson to see whether interstate travelers are afforded the same accommodations as anyone else."

At Washington, a CORE spokesman said seven Negro and two white students from "that area" would fly to New Orleans today and within a few days take a bus to Jackson and join the movement along with other Freedom Riders.

Seven Freedom Riders took a bus from New Orleans to Jackson Tuesday and quickly landed in jail after conviction of breach of peace charges in the Mississippi capital city.

The group of five whites and two Negroes boosted to 72 the total jailed in the past two weeks in Jackson—all convicted of the same charge.

But the seven Riders Tuesday drew heavier penalties. A city judge sentenced them to four months in jail; with two months suspended, and fined each \$200.

Earlier riders drew suspended sentences of two months each and were fined \$200.

Judge James Spencer said he felt the full penalty of four months in jail and \$200 fine should be set in future cases.

Freedom Riders claim their purpose is to test segregation policies at terminals for interstate travelers.

121 NEW C-C MEMBERS

Independence Day Event Is Planned

Snyder Chamber of Commerce directors last night heard final reports on the chamber's membership campaign and approved plans for a community Independence Day celebration.

The membership campaign resulted in 121 additions to the chamber's rolls, making a total membership of 417. Some contact cards for persons out of town still are outstanding. Bill Wilson, membership chairman, plans a detailed report on the campaign within the next few days.

J. Mark McLaughlin was appointed general chairman of the Independence Day activities.

Some general plans already have been under study, and these will be firming up as soon as possible. McLaughlin said. Plans are to arrange a community event in Towle Memorial Park for the afternoon and evening of July 4, with emphasis on patriotic and recreational activities. The event will be climaxed with fireworks display that night.

Several other festive events are being planned, and area families will be urged to bring picnic meals to the park and participate in the activities.

Since July 4 falls on Tuesday this year, it will not be a week-end holiday, and more citizens probably will be in town for the holiday than in other years, McLaughlin said.

Chamber directors also agreed to name a committee to work toward improvement and beautification of Deep Creek, agreed to participate in the American Field Service student exchange program, and agreed to cooperate with Jaycees in sending Jesse Crawford to the Golden West International track meet in California.

The board was informed that world is due soon on the chamber's intervention in a freight rate case before the Southwestern Freight Bureau. The bureau has been asked to make Snyder a proportional rate point, which would allow local firms to obtain a reduction in the cost of shipping pipe and other materials in from eastern points. If approved, it would make Snyder competitive with Odessa and others which have such designation.

The Snyder Chamber of Commerce has joined the Odessa Chamber of Commerce in urging Congress to approve Fort Davis as a historical site.

Solons Have Praise For JFK Report

WASHINGTON (AP) — President Kennedy's crisp description of the bleak realities of a divided world seeking to avoid nuclear war won praise today from members of Congress.

Following a nationally televised report to the people Tuesday night on his European trip, the young President rode a crest of bipartisan support for the hard tasks he said lie ahead of the West in an ideological battle with communism.

There was general recognition among Republicans and Democrats that nothing really had been accomplished in Kennedy's informal talks with Soviet Premier Khrushchev in Vienna except to put the participants in a position to deal with each other on a first-hand basis.

But even this was recorded as a gain, along with the yet unfulfilled promise of the Soviet leader to work toward the establishment of a truly neutral government in Laos.

There was no determining, at the moment, the eventual congressional reaction to Kennedy's appeal to the American people to support his new concept of foreign aid. His program is geared to lifting the living levels of developing countries he said could only be saved from communism of the free world offers a "better way of life."

In Anaheim, Calif., former Vice President Richard M. Nixon described Kennedy's report as an "objective appraisal" and added: "He came back with a deep realization of the problems with which we are confronted."

"I hope he will give the country a sense of the urgent. You can't do this by telling them they have to sacrifice and then telling them what the country is going to do for them."

Sen. Everett Stalworth of Massachusetts, chairman of the conference of Republican senators, said that Kennedy had dramatized the responsibility the United States bears to people in developing nations. "If we want to build them up in the love of freedom," he said.

Sen. Jacob K. Javits, R-N.Y., said that in discussing the foreign aid program, the President was beginning to supply "what heretofore has been lacking — some specifics of what the individual can do to help our cause."

Sen. Stalworth and Javits were foreign aid supporters. The dissenters in Congress were yet to be heard from.

There was general agreement among knowledgeable members of the House analyzing that the death knell on nuclear testing ban negotiations had been sounded to Kennedy by Khrushchev's firm stand that the Soviet Union must have a veto on enforcement of inspection.

Canada Ired Over U. S. Restriction

OTTAWA (AP)—Prime Minister John G. Diefenbaker was expected to take grave issue with the United States today for blocking shipment by tanker of some Canadian grain sold to Red China.

One informant said Diefenbaker would have "quite a story" to tell Parliament concerning charges the U.S. Treasury has refused to allow an Illinois company to supply portable equipment needed to unload grain-laden tankers in Communist Chinese ports.

The equipment is reported made only in the United States. The U.S. action would not affect shipment of most of the Canadian grain. Freighters are used for the most part and Chinese ports have adequate dockside facilities to unload them.

A U.S. Treasury official in Washington confirmed that shipment of the unloading equipment had been blocked because it was to be installed on ships chartered by the Red Chinese government.

The U.S. action, threatening to curtail a half billion dollars worth of wheat to hungry Red China, puts a strain on U.S.-Canadian relations in the wake of President Kennedy's visit to Ottawa.

Canada has agreed to ship famine-threatened Red China 217 million bushels of wheat and 38 million bushels of barley worth an estimated \$425,600,000 over the next two years.

Because Chinese ports have no facilities for unloading grain from tankers, those vessels must carry their own unloading devices—units which cost about \$12,000 each.

Rusk Makes Foreign Aid Plea

WASHINGTON (AP) — Secretary of State Dean Rusk, backed by President Kennedy's appeal to the American people to support his foreign aid program, makes his second plea today for congressional approval of the \$4.8-billion measure.

Rusk goes before the House Foreign Affairs Committee to follow up his appeal of last week to the Senate Foreign Relations Committee.

Rusk's appearance follows an assertion by Sen. Mike Mansfield, director of the Development Loan Fund, that "difficult and grim" would be used only in rare cases.

Plane Is Reported Overdue On Flight

ABILENE (AP)—A twin-engine Cessna plane was reported overdue on a flight from Abilene Tuesday.

The plane left El Paso's West Side Airport at 1 a. m. on a normally 2-hour flight here.

The air rescue center at Hensley Field in Abilene said it was checking on the plane's status, but that no aid search had yet started.

Panhandle Due Storms

BY THE ASSOCIATED PRESS

A threat of tornadoes and damaging thunderstorms continued over areas of the Texas Panhandle Wednesday after a stormy night.

Shortly before noon Wednesday the Weather Bureau issued a severe weather forecast that included portions of northeast New Mexico, the Texas Panhandle and western Oklahoma. The forecast read:

"Shortly after midnight beginning this afternoon are expected to produce a few severe thunderstorms with large hail and strong surface wind, and the possibility of an isolated tornado or two in an area 60 miles either side of a line from Tucuman, N.M. to Ford, Okla., from 3 p. m. to 9 p. m."

The plane left El Paso's West Side Airport at 1 a. m. on a normally 2-hour flight here.

Daniel Names 19 To Tax Committee

AUSTIN (AP)—Gov. Price Daniel, chairman of the Board of Correctional Institutions, today named 19 members of his special committee to recommend a suitable tax program to the special session of the legislature July 19.

The committee will meet June 13. Daniel said last week he would appoint a committee of more than 30 members to draft a tax program acceptable to him and the legislature.

Daniel said he would ask the committee to plan a program for support of recommendations made for improving the state's public school, higher education, welfare, hospital, correctional and youth council programs.

Members of the committee he named are:

Chairman, Lee Lockwood of Waco, chairman of the Texas Commission on Higher Education; vice-chairman, French Robertson of Abilene, chairman of the board for state hospitals and special schools; J. M. Odum of Austin, chairman of the state boards of state colleges and universities; Dr. W. W. Jackson of San Antonio, chairman of the State Board of Education; Burton Hackney of Brownfield, chairman of the Board of Public Welfare; H. H. Coffield of Rockdale.

Dr. Jung, Psychiatry Leader Dies

By DORIAN FALK
ZURICH, Switzerland (AP)—Dr. Carl Gustav Jung, a clergyman's son who became one of the world's most famous psychiatrists, died at 85.

The psychologist succumbed to a heart attack Tuesday at his villa in the Zurich suburb of Kuesnacht. His health had failed steadily for several weeks.

He had long outlived the other two members of psychiatry's dominant triumvirate—Sigmund Freud and Alfred Adler. Adler died in 1902, Freud in 1939.

Despite his advanced age, Jung until the last few weeks had continued to read daily and correspond with disciples and friends in many countries. A few months ago he wrote a scientific paper on dreams.

Jung, whose father was a Swiss minister, was often called a mystic. Critics challenged as unscientific the importance he attached to religion's influence on the human mind.

An early student of Freud, he broke with the Austrian master's school of psychiatry because of his insistence that nearly all mental troubles stemmed from sexual conflicts in infancy. Jung contended analysis of man's immediate conflicts was more useful in understanding neuroses than exploring the conflicts of childhood.

Developing his own school of thinking, Jung introduced the expressions "introvert" and "extrovert" as a description of mental attitude. His studies of schizophrenia—split personality—drew many converts. He defined the "collective unconscious" as the nucleus of the individual's soul.

Jung, born in Kesswil on Lake Constance July 26, 1875, was a child prodigy. He could read Latin fluently at 6. He studied medicine in Basle, Zurich and Paris and became a specialist in neurology.

WANTS OUT—The Rev. Richard Gleason, 24-year-old Baptist minister from Chicago, poses for photographers during an interview in the Jackson, Miss., jail. Gleason advised against indiscriminate joining of so-called freedom riders, saying he was disappointed in the caliber of the group he was with when they were arrested. Gleason was among 65 white and Negro riders arrested and given a \$200 fine and sent to jail until the fine is paid or worked off at \$3 a day. (AP Wirephoto)

Pravda Sees Progress In Summit Talk

MOSCOW (AP)—Pravda, the Communist party organ, said today the Kennedy-Khrushchev talks could be a prelude to a new era of peace.

The newspaper said the talks, and pledged the Soviet Union will do everything it can to improve Soviet-American relations.

"Everyone understands that it is impossible to solve in two days big and complicated international questions," Pravda said.

"Two days are not enough to remove the roadblocks to peace put up during the postwar period by the cold war proponents. In order to get down to the elimination of these obstructions the sides had to have a joint, businesslike and frank talk. And this took place in Vienna. The consensus of the participants that the talks were useful strengthens mankind's hopes that reason will triumph, that the cause of peace will prevail."

The Vienna conference between the U.S. president and Soviet Premier Khrushchev was "a useful meeting," Pravda said.

"Approving the results of the meeting, the Soviet people, like all the champions of peace throughout the world, express their hopes that the talks in Vienna will be followed by concrete measures directed for the sake of peace, toward the improvement of the entire international atmosphere."

In this he did two things:

One Big Question Still Unanswered

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—President Kennedy's questions in his nationwide TV broadcast, one of the most important in this country's whole program of foreign aid.

It was this: Will the United States put pressure on backward and despotic nations to use American aid for the masses of their people up to the point of refusing any aid at all unless they agree?

Stories of corruption and the rich getting richer and the poor poorer in countries receiving American aid increase. Kennedy himself in his broadcast Tuesday night acknowledged where this leads when he said:

"If we are not prepared to assist them the backward governments in making a better life for their people, then I believe that the prospect for freedom in those areas are uncertain. We must, I believe, assist them if we are determined to meet the Communist invasion."

His broadcast, deliberately pitched in a low and somber key, revealed nothing essentially new about his talks in Paris with Premier de Gaulle and in Vienna with Premier Khrushchev. The heart of his talk dealt with Khrushchev.

In this he did two things:

led out to backward countries whether or not the strongest bulwark against a Red take-over—benefits to the masses—is insisted upon.

Everywhere around the globe where reactionary regimes hold power and receive American aid but don't really provide for mass benefits this is the reality:

Sooner or later the revolutionary tide sweeping the world will sweep aside, unless they are willing to share some of their wealth—such as distributing some of their land to the poor—their end will be sooner.

Without American aid, they and will be much sooner. They have nowhere else to turn for support except the United States. The Communists would make short work of them if they moved in and took over.

This puts the United States in the position of being able to put the screws on them to start reforms fast. Just how willing the Kennedy administration is to do this remains to be seen.

The President didn't talk about it Tuesday night.

Six Firms Indicted In Price-Fixing

MILWAUKEE, Wis. (AP)—The government's antitrust division has moved against another segment of the electrical equipment industry, obtaining price-fixing indictments against six leading producers of electronic hardware used by communications and power utilities.

The six firms have sales of \$30 million annually, supplying 75 percent of the transmission equipment used east of the Rocky Mountains on telephone, telegraph and power line poles and underground utility lines.

Speakers for three of the firms said they were surprised by the charges.

The indictments, returned Tuesday by a federal grand jury in U. S. Dist. Court Judge Robert F. Tehan, charged that for many years the manufacturers conspired to maintain noncompetitive prices and uniform discounts and to establish noncompetitive distribution prices.

The result, the grand jury said, was that the hardware prices were maintained at artificially high levels and distributors and public utility companies have been denied the right to receive competitive bids.

Named in the indictments were: Oliver Electrical Manufacturing Co., Battle Creek, Mich.; Utilities Service Co., Allentown, Pa.; McGraw-Edison Co., Elgin, Ill.; Joslyn Manufacturing and Supply Co., Chicago; A. B. Chance Co., Centralia, Mo.; Hubbard and Co., Chicago.

If convicted, they face possible maximum fines of \$50,000.

Hubbard, McGraw-Edison, Joslyn and Chance were among the 28 firms convicted in February in Philadelphia of bid-rigging and price-fixing on heavy electrical equipment. The firms were fined nearly \$2 million.

Atty. Gen. Robert F. Kennedy, who announced the indictments in Washington, said the cases were not related.

Oilman Charged In Slaying Of Wife

CLEVELAND, Tex. (AP)—Horace Booth, 70, independent oil operator, was charged here Tuesday with murder of his wife, Lillian, 56. He was freed on \$5,000 bond.

An autopsy showed that Booth's wife of six years had died Monday of a broken neck.

In a statement signed before Sheriff W. P. Rose and Liberty County Atty. W. G. Woods Jr., Booth said he and his wife had argued all Sunday night. He stated he was holding her by both arms in the front hall of their home when a mirror fell from the wall which he presumed must have injured her. Houston pathologist W. W. Coulter said there were bruises all over Mrs. Booth's body.

Pinocchio's World In Real Life

ROME (AP) — The little hometown of Pinocchio the puppet is going to turn into reality the fabled land of the Red Shrimp and the Land of Toys that have delighted children throughout the world.

Linked to the project will be an international sketch competition for children between the ages of 10 and 14. The winner will get a free trip to the village of the wooden boy whose nose grew longer every time he told a lie.

Pinocchio was created by Carlo Lorenzini, an Italian newspaper man who wrote the fable under the pen name of Colodi — his little home village near Piesca in Tuscany.

Ten years ago the village organized a committee to put up a statue of the well-loved Puppet in a little park dedicated to the author.

The monument was completed in 1956. It became a tourist attraction. So the Colodi committee raised 300,000 dollars more to expand the original park and create an entire "Paese Dei Balocchi" — Pinocchio's land of toys.

There will be dozens of characters out of the Pinocchio fable, built with moving parts, to represent various episodes of the puppet's sad experiences before turning into real life.

The committee announced an international competition for children to send in designs depicting Pinocchio or his adventures. Only two entries will be accepted from each child. Ages must be from 10 to 14. Designs must be 35 by 40 centimeters — 15 by 15 inches.

The committee will award a reproduction of Pinocchio to the ten best designs from each country. The overall winner, with the title "Pinocchio of 1961" will get a ten day free trip to the village of Colodi.

Warm Scenes

Warm, tender scenes served with bowls of fresh blueberries, strawberries or raspberries add up to an irresistible summer breakfast. To make scones, preheat the oven to 425 degrees. Mix 2 cups of biscuit mix with 2 tablespoons sugar, 1 cup raisins and 1 tablespoon grated orange rind. Add enough light cream to make a soft dough. Roll out the dough to 1/4 inch thickness and cut into 12 triangles. Bake on an ungreased baking sheet in the preheated oven for 10 to 12 minutes. Serve piping hot.

He Was Children's Hero: Thomas Edison

By JOY MILLER
 AP Women's Editor

"Children need a hero, and I always thought father was a pretty good one," says Thomas Alva Edison's daughter.

He makes a better hero than the ones youngsters are brought up with these days—popular singers and so forth," explains state-guest-honored Mrs. Madeline Sloane.

"That's one reason I made a museum of my father where he was born in Milan, Ohio. And I also wanted to show how the average family lived 100 years ago."

Edison, the country's most prolific inventor with 1,097 patents including the incandescent lamp, the phonograph and waxed paper, will be enshrined in the Hall of Fame for Great Americans on June 4 at New York University.

But for more than 14 years, thousands of Ohio school children and adults from all over the world have been paying tribute to him in visits to the three-story hillside house Samuel Edison built in 1814. There Thomas Alva, youngest of seven children, was born and lived his first six years.

On the centennial of his birth, Feb. 11, 1947, Mrs. Sloane opened the house as a memorial to her mother, who had worked with her on the project, did not live to see the opening.

"I have never seen anything like the house as a memorial to her mother, who had worked with her on the project, did not live to see the opening."

He died in 1931 at the age of 84, a couple of years before their golden wedding anniversary.

The only daughter of Edison's second marriage, Madeline lives in West Orange, N.J., with her husband John Kyle Sloane.

In looking back on life with father, she recalls:

"The whole house revolved around him. He took us for walks, and we collected flowers. He showed us eclipses of the moon. At the dinner table we had discussions and quizzes to see if we were learning anything in school."

Fantastic Memory

"I always thought we got more out of being with father than in school. He had a fantastic memory—things were all tucked away and when he needed them he brought them out. He read four or five newspapers through every day, and had definite opinions about government."

"Sometimes at table he'd just sit there and think and say nothing. We'd try to get him started on stories about when he was a telegraph operator. We liked that best."

"Father thought we should be tough, so he made us go barefoot, and called us sassies if we complained about the hot gravel."

Mrs. Sloane says she's trying to explode some of the legends that have grown up about the Wizard of Menlo Park. But she admits it was true he needed little sleep. "He could sleep anywhere. He could lie down and sleep 20 minutes, then work till 3 in the morning. He didn't think anyone needed more than six hours. And I have a picture of him sleeping in a gutter. On a motor trip the engine messed up as usual. We were told it would take some time to fix it, so Father lay down in the street and went to sleep. I snapped him lying there."

Hidden Switch

At first open only in summer.

FATHER'S PRIDE AND JOY . . . Mrs. Madeline Sloane examines an 1890 talking doll, her father, Thomas Alva Edison, invented as an offshoot of the phonograph. The cylinder phonograph on the table is also her father's handwork.

OHIO BIRTHPLACE . . . Milan home of inventor Thomas Alva Edison his first six years, now a memorial and museum. A portrait of Edison as a child is inset.

The Ohio museum now is a year-round exhibit, with a full-time curator, Original Edison family furniture or pieces of the period, together with Edisonia such as the inventor's cape, cane and derby hat, are on display. Mrs. Sloane even keeps a switch behind the kitchen clock where Edison's mother cached one for use if needed.

For years Mrs. Sloane operated it as a private project; now the Edison Birthplace Association helps.

Following the presentation of gifts, club members bowled and played canasta.

Twelve members attended the meeting.

Those present were Mrs. Roy Atkinson, Mrs. Bobby Burnett, Mrs. John Graslade, Mrs. Richard Hardin, Mrs. Gerald Hicks, Mrs. Fred Kier, Mrs. Frankie Kubena, Mrs. Billy Joe Middleton, Mrs. G. A. Parks Jr., Mrs. Robert A. Sims, Mrs. Harley Smith and Mrs. White.

Mrs. White Honored With Shower

Mrs. Kenneth White was honored with a luncheon shower Tuesday afternoon during the regular meeting of the Get-Together Club in the conference room of the Tiger Bowl.

Maine Chance Way

"Typical young figure problems involved poor posture, heavy hips and thighs. The hours spent leaning over books are a partial cause. Active participation in the wrong kind of school sports, such as hockey, tends to build heavy leg muscles and solidify excess weight," she says.

Her Maine Chance beauty resorts in Arizona and Maine have been visited by a number of girls, including some of the World great names like Mrs. Dwight Eisenhower.

But in summer Mrs. Arden devotes her Maine resort to vacationing school girls of college age. The average girl torn from pizza pie, chocolate sundaes and soda pop is likely to lose about 3 inches and from 5 to 10 pounds if she sticks to the beauty program, says Miss Arden.

"Once a school girl realizes that she may not be a wallflower at the school dances again next year, she is willing to go along with her diet and exercise. The improvement is so good sometimes that a girl is likely to cry when her time is up," she says.

The latest school girls become energetic when they begin a diet of healthful foods, Miss Arden says.

"Most school menus over-emphasize starches, underplay fresh fruit and vegetables," she points out. "So the majority of the girls go on a reducing diet. Desserts are included which don't add a ounce. Apples, whip, grape fruit, lime buttermilk sarsaparilla, and even chocolate soufflé are prepared with low-calorie recipes.

Mrs. Lambert Is Master Instructor

Elaine Lambert of Snyder has been named an instructor for the Oklahoma Dance Masters Association, which will hold a three-day session June 13-15.

The session will be held in the Plaza Tower Hotel in Oklahoma City.

Leading instructors in ballet, Broadway musicals, jazz experts and other dance forms throughout the country have been named instructors by the association.

The brochure for the organization stated that Mrs. Lambert, who has operated her own school for 26 years, was selected as a member of the staff "for creative, original and exciting work which is reflected in her dancers."

Mrs. Lambert's assistants at the session will be Ellie Contella and Brenda Townsend.

BIGGEST MAY SINCE THE MODEL "A" . . .

THE MONTH OF MAY WAS THE BIGGEST FOR FORD CAR SALES IN 32 YEARS—SINCE THE HEYDAY OF THE HOT MODEL "A" IN 1929. MORE THAN 145,000 FORD CARS WERE SOLD.

THIS MEANS THAT EVERY SIX SECONDS OF EVERY EIGHT-HOUR DAY, SOMEONE BOUGHT ANOTHER FORD, FALCON, THUNDERBIRD, OR FORD WAGON.

WHY?
 PERHAPS THOSE 145,000 AMERICANS FOUND OUT SOMETHING YOU SHOULD KNOW. THEY DID ALL THE SHOPPING, DEALER BY DEALER; THEY MADE ALL THE COMPARISONS, CAR BY CAR. BUT THEY BOUGHT FORDS!

WHY?
 SOONER OR LATER YOU'LL GET A NEW CAR. WHEN YOU DO, TRY YOUR FORD DEALER FIRST—HE WILL GIVE YOU AN ABSOLUTE YARDSTICK OF VALUE IN EVERY PRICE RANGE FROM A TUDOR FALCON TO A THUNDERBIRD CONVERTIBLE.

HERE'S WHAT TO LOOK FOR. IN THE GALAXIE PRICE RANGE, DON'T SETTLE FOR LESS THAN A CAR THAT'S BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF. . . THAT GOES 30,000 MILES BETWEEN CHASSIS LUBRICATIONS. . . 4,000 MILES BETWEEN OIL CHANGES. . . WHOSE BRAKES ADJUST THEMSELVES AUTOMATICALLY. . . WHOSE MUFFLER IS BUILT TO LAST THREE TIMES AS LONG AS ORDINARY ONES. . . WHOSE BODY IS SPECIALLY TREATED TO RESIST RUST AND CORROSION. . . WHOSE FINISH NEVER NEEDS WAXING.

IF YOU WANT RECORD ECONOMY LOOK TO THE FALCON. . . THIS IS THE ABSOLUTE RUN-AWAY BEST SELLER OF ALL COMPACT CARS. . . WITH THE GAS MILEAGE RECORD OF 37.6 MILES PER GALLON. . . PROVEN BY AN EXPERT DRIVER IN A FALCON WITH STANDARD SHOCKS. . . UNDER THE CLOSEST ECONOMY TEST CONDITIONS EVER. . . YEAR'S MOPILGAS ECONOMY RUN.

OR COMBINE ECONOMY WITH A TOUCH OF THE THUNDERBIRD. IN THE ELEGANT NEW FALCON FUTURA. . . BUCKET SEATS AND ALL.

TAKE A LOOK AT THE TWELVE FORD WAGONS. EVERY ONE IS DESIGNED AND BUILT TO GIVE YOU MORE SOLID ROOM-PER-DOLLAR, POWER-PER-DOLLAR OR STYLE-PER-DOLLAR VALUE THAN OTHER WAGONS. SEE THEM ALL—FROM THE CRISP SMARTNESS OF THE FALCON WAGON, ALL THE WAY UP TO THE INIMITABLE FORD COUNTRY SQUIRE.

FOR PURE PLEASURE, SEE THE SENSATIONAL NEW THUNDERBIRD FOR 1961. UNIQUE IN ALL THE WORLD—A CAR THAT BECOMES MORE DESIRABLE EACH MONTH AS THE IMITATIONS COME OUT. AS OTHER CARS COPY ITS FAMOUS ROOFTOP, ITS FOUR-SEAT INTERIOR, ITS CONSOLE—YET MISS THE SECRET OF THE THUNDERBIRD SPIRIT.

THE THING THAT SELLS FORDS IS SIMPLY THE PRODUCT—IT STARTS WHEN YOU TAKE A CLOSE LOOK AT FEATURES OTHER CARS ARE ONLY DREAMING ABOUT. IT GETS CONVINCING WHEN YOU SEE AND FEEL THE HONEST QUALITY OF ITS CRAFTSMANSHIP—AND IT'S ALL OVER WHEN YOU LEARN THE PRICE.

THOSE THOUSANDS OF AMERICANS WHO BOUGHT A GLITTERING NEW FORD EVERY SIX SECONDS IN MAY REALLY DID KNOW SOMETHING YOU SHOULD KNOW—THAT NOW IS THE TIME TO STOP IN, SWAP, AND SAVE PLENTY AT YOUR FORD DEALER'S SWAPPING BEE.

IN STATE MEET

Schoolboys Blast Off

AUSTIN (AP) — The 19th annual Schoolboy Baseball Tournament opened today with a former state champion team meeting a newcomer.

Paris, which won the meet in 1955, met Jasper at 1 p.m. while South San Antonio and Lamesa tangled at 2 p.m. in Conference AAA play.

Conference AAA action will begin tonight when Waco plays Baytown at 7 p.m. and Lubbock-Monterey meets Lufkin at 8 p.m.

Lamesa and Jasper are in the Intercollegiate League meet for the first time. South San Antonio won titles in 1958 and 1959 and neither Paris nor San Antonio has lost a tournament game.

All-state Robert Zamora heads South San Antonio's fine pitching staff. He pitched the Bobcats to the title as a sophomore in 1959.

Mickey Leukhardt teams with Zamora to give the team a solid pitching front. Zamora, catcher Leonard Sanchez, and shortstop Newton Grimes are the top hitters for the club which compiled a 22-6 record.

Paris, with a 10-3 record, has solid hitting in outfielders Joe Dale McKnight and Billy Golden, second baseman Jimmy Davis and first baseman Claude Daniels. The pitching corps includes Dickie Towers, Charles Sterling, Bobby Johnson and Donnie Velms with Johnson the only senior.

Lamesa has a 12-8 record and relies heavily on the pitching of two sophomores, David Beaty and Jimmy Wyatt and juniors Dick Gaden, Melvin Keithley and Don Lybrand. There are only four seniors on the 19-man squad which includes 11 sophomores. Top hitters include Harvey Everhart, David Harris and Robert Hollman.

Jasper has a 15-5 season's record and coach Hubert Booles has solid pitching from Raywood Brown, a 6 foot 3 inch senior, Jim Adams, freshman Phillip Hennigan and sophomore Donald Hines. Shortstop Danny Massey, with a .420 batting average, leads the hitters. Other top batters include catcher Billy Duckworth and centerfielder Buddy Mays.

Giants Win; Sox Hammer Athletics

The Little League Giants rallied behind the big bat of catcher Murray Rowden here last night to cart home an 8-3 diamond win.

Rowden followed up his first frame double, which drove in team MVP Steve Merrick, ahead of him, with a three-run homer in the third.

Over in the American, the White Sox ambushed the Athletics, burying them underneath a 2-0 score. Johnny Gaona set the A's off on only one hit—a first inning single by Loyd Potts—in breezing to the triumph.

His mates, on the other hand, peppered starter-loser Freddie Benitez and successor Frankie Grummett and Elmer Benitez with an 8th inning, with doubles by Max Moreland, David Fisher, and Gaona being the crowning blows of the game.

The third to spark the winners' platter attack.

Lane McMillan went the distance for the win, giving up five hits for the night. Leland Herod, with two strikes in three appearances, was the only Cub to land more than one safety off him.

COMPLETES SWING WITH SPLINTERED BAT—Ken Boyer of the St. Louis Cardinals has only a pointed splinter of the bat left in his hands as he completes his swing after breaking the hot on an infield grounder in the game of St. Louis against the Chicago Cubs. Cub's catcher, Moe Thacker and Umpire Frank Dascoli watch the ball and top end of the bat fly toward the infield. Shortstop Andre Rogers picked up the grounder and threw Boyer out at first. Athletics And White Sox Nab Victories

The league-leading Athletics tacked another win up in Farm League action last night by slipping past the Yankees, 8-6, in the first game of the evening.

Mike Todd and Randy Owens shared hurling duties for the winners, while Wesley Bishop went the route to absorb the defeat.

The follow-up fray went to the White Sox, 5-1, with the Indians on the losing end of things.

Rick Merrick chucked the victory, and Clay Landon was charged with the loss.

The Scurry County Boys' Club of Snyder will host the third annual Texas Area Council Track and Field Meet this Saturday atop the Tiger Stadium oval.

Included in the Texas Area Council are all the certified Boys' Clubs within the state of Texas.

Four age divisions will be offered, and include Midgets (10 years and under), Juniors (11-12), Intermediates (13-14), and Seniors (15-17).

In order to be eligible, each boy must be a member of his respective club and must not have ever placed in a senior high school track meet.

Awards will be presented to the team champion, the runner-up, and the third place team. Also, individual medals are to be awarded first place winners, while second, third and fourth placers will be given ribbons.

Teams participating in addition to the Snyder Club include Abilene, Odessa, San Antonio, Wichita Falls, and Panther of Fort Worth. Several of those teams are scheduled to arrive Friday afternoon, and will be housed at the local Boys' Club.

Coaching the Snyder team will be Guy Sullivan and Bill McLaughlin.

Bill Zimmerman is tournament director and will direct the program of the day.

Roby's Waddell blanked the Phils for two straight innings as his mates rolled to an 11-0 victory in Colt League play. A double by Glen Banks in the fifth and a Martin Benitez single the inning prior were the only base knocks as mustered off him.

Meanwhile, the Tigers collected seven hits off loser Jimmy Wilson and relief hurler Ronnie Bennett, and his double and single in three trips, which served to drive in three runs.

In the nightcap Ramon Valdez spun a near one-hitter at the Dodgers to enable his Reds to breeze home with a 1-0 victory.

One-base blow by Danny Newman in the fifth and final inning was the sole hit of the night for the Dodgers. He was later lipped at the plate while attempting to score, that put out being the final one of the game.

The victorious Rebels got to the plate for the first time in six days, one of which was a second inning run-producing double as delivered by Jerry Rose.

"I feel very good all over. It simply is that I never look too good in training. I train hard but I do nothing spectacular."

Rinaldi has given up finishing his training chores in the parking lot of a midtown restaurant. He has repaired to a gym around the corner.

Rinaldi, 26 and handsome, also shrugged off Moore's feisty hand, the one that has put away many an opponent.

"I was not much impressed by Archie's right when I decked him in Italy. In one of the early rounds he landed a solid right on my chin. I was not annoyed."

"Then in the fourth or fifth he landed some left hooks to the body. They left me grunted after each one of them. I don't recall doing that, but they certainly were no easy taps."

Rinaldi has been sparring with three American fighters, Mack, Randy Sandy and Vince Martinez—to adjust himself to the local style.

"The American style is a lot different from that in Europe," he said. "They punch in the kidneys and the back of the neck. This is against the rules in Europe and it is enforced."

"In the clinches the Americans sometimes use their heads. The referee doesn't seem to bother much if it doesn't appear too serious."

He has mastered these little inner points of boxing in the United States, he indicated.

Lopart after Mele was ejected for arguing, lost 7-2.

"What's wrong with us?" asked Lavagetto, repeating a question. "A combination of things. We can't hit. And the pitching has been bad."

"All I know is that I'm going back and we'll talk over the per-sonal problems. Maybe we can trade. I don't know if we can get any help from our minor league clubs."

Indians On Warpath; Gain League Lead

By ED WILKS
Associated Press Sports Writer
Jimmy Piersall is leading the league in batting at .370. Johnny Romano is off a 21-game hitting streak and the bullpen is a beauty. Put 'em all together and the Cleveland Indians are in first place with an eight-game winning string in the American League race.

The Indians, winning 20 of their last 24 games in a climb from fifth place, crashed through on top by .006 percentage points with their biggest run spurge of the season, walloping Washington 14-3 with a 16-hit barrage Tuesday night while the Chicago White Sox spilled Detroit to second place by defeating the Tigers 7-1.

Piersall had two hits, one a triple, and drove in three runs for the Tribe. Romano, third in the bat race at .359, was 4-for-5, drove in four runs and belted a pair of homers as the Indians matched the longest winning streak in the majors this season. The Tigers also won eight in a row en route to first place, a spot they held for all but one day since April 21.

The third-place New York Yankees closed within three games of the lead by handing the Minnesota Twins a 12th straight loss, 7-2. Baltimore split a two-night doubleheader with Los Angeles, losing 7-3 before Chuck Estrada pitched a two-hitter for a 2-0 decision over the Angels in the nightcap. Boston defeated Kansas City 5-3.

In the National League, Cincinnati hung on first by a half game by beating Milwaukee 7-3. Second-place Los Angeles beat Pittsburgh 8-7 and Philadelphia rapped third-place San Francisco 15-9. St. Louis defeated Chicago's Cubs 6-2 in the first game of a 17-night pair, but the nightcap, called because of curfew, ended in a 3-3, 10-inning tie.

The Indians turned a close game into a runaway with a seven-run sixth inning at Washington that beat rookie Joe McClain 5-4. They sent 11 men to bat in the seventh, getting the runs on Piersall's triple, a double by Willie Kirkland, three singles, two walks and an error. Vice President's sole homer had given Cleveland a 1-1 tie in the fourth inning.

homer, and drove in three runs for the Sox, giving them the lead with a two-run single in the fourth.

Southpaw Willey Ford and Luis Arroyo combined for a three-hitter against the Twins, who were shut out on one hit for 6-1 innings. Roger Maris drove in four runs for the Yanks and regained the AL home run lead with his 16th, a three-run shot. Jack Krackel (4-4) was the loser as the Twins plunged into ninth place with their 17th loss in 18 games. They played under coach Sam Mele, after club owner Cal Griffith called manager Cooke Lavagetto home for a week's vacation.

Estrada (3-4), an 18-game winner, a one-year pitcher his first complete game of the season while blanking the Angels on two singles. He struck out 12, but walked six. The Orioles broke up a shutout duel with Ken McBride (5-3) with a run in the fifth on Whitley Herzog's single. Los Angeles wrapped up the opener in two innings on two homers—Ken Hunt's three-run shot and a grand slam by Leroy Thomas—and Cliff Brumbaugh.

Thomas was hit in the head by an Estrada pitch in the first inning of the nightcap. He escaped serious injury, but McBride then received an automatic 800 fine when he threw at Estrada, firing a pitch behind the Baltimore right-hander.

A two-run homer by Vic Wertz capped a seventh-inning rally for the Red Sox when they scored four runs and beat reliever Jim Arner and beat reliever Jim Arner (2-1). Bill Monbouquette (5-3) was the winner, giving up a two-run homer by Norm Siebern when the A's scored three unearned runs in the fifth.

Sit-Down Is Broken Up In New York

NEW YORK (AP) — A sit-down demonstration here against Southern theater segregation has ended with the arrest of 15 persons and charges with disorderly conduct Tuesday night after they refused to heed police warnings to cease sitting on the sidewalk.

Police forcefulness of building guards and a mother's apprehension brought an end to the major sit-down of the demonstrators at the offices of American Broadcasting-Paramount Theaters, Inc. Four demonstrators had stayed 27 hours in a fourth-floor reception room of the company, hoping to force desegregation of the company's theaters in Austin, Tex., and their Southern communities.

Then early Tuesday night, one of the four, Lucy Komisar, 19, of Valley Stream, N.Y., got word that her mother was worried about her participation in the sit-in, and she left for home.

Half an hour later, building guards approached the remaining three, told them they were trespassing and escorted them from the building.

The trio immediately joined a group outside sitting on the sidewalk, and two of them were among those arrested—James Burnett, 24, of Manhattan, and Richard Roman, 23, of the Bronx. Burnett is national chairman of the Young People's Socialist League, which sponsored the demonstration.

Walter Lively, 18, of Philadelphia, the only Negro among those who went inside the building, jumped up and joined a picket line shortly before police ordered the arrests.

Those in the picket line were not violating the law, police said, because they were moving and were not "obstructing" the sidewalk.

Unique Excuse Is Given By Driver

TUCSON, Ariz. (AP) — Deputy Prvil Sken, who has heard his share of excuses from traffic violators, ran into a brand new one. He saw a woman drive through a red light and signaled her to the curb.

"Why did you run that red light?" Sken asked.

"Well, it wasn't my fault," the woman replied. "It changed before I got there."

Action Hour Near For Tractor Deal

DETROIT, Mich. (AP) — The hour for action approached today in the offer to give tractors to Cuba's Prime Minister Fidel Castro in exchange for invasion prisoners.

Castro, cleared the way in part Tuesday night by accepting the proposition in principle, though stipulating negotiations.

The Cuban minister's action, announced on the Havana radio, came approximately 12 hours before today's noon deadline given him for his reply.

The Cuban government, in the radio announcement, thanked the committee for its "humanitarian act."

A language expert was called in by Solidarity House, UAW headquarters, which is also committee headquarters, to translate Castro's message, addressed to Mrs. Roosevelt, Reuther, Dr. Eisenhower, and Detroit banker Joseph M. Dodge, treasurer of the committee.

The four had cabled him last week. A committee spokesman, after contacting Reuther in New York, said the committee would withhold comment until the cable was translated and a conference held.

At Havana, Castro stipulated that a delegation of the committee go to Cuba to negotiate with him. He suggested Mrs. Roosevelt or Dr. Eisenhower.

The Castro announcement on the Havana radio broadcast monitored in Key West, Fla., said the delegation would discuss not only details of the indemnification but also the number of prisoners to be involved in the exchange.

Texans Submit Requests For Financing Of Water Projects

WASHINGTON (AP) — Texans asked a House Appropriations subcommittee for \$1.5 million Tuesday to be added to \$45 million for work on water projects in Texas for the year starting July 1.

Opposition to only one project, the LeFeria Water Control District, was voiced. Other Texans were to appear before the committee later on other projects.

Rep. Joe Kilgore asked approval of amounts recommended by the budget for these five projects in this area: \$500,000 for the Brazos Island Harbor, \$239,000 for Port Mansfield, \$1.5 for the Donna irrigation division rehabilitation project, \$1,851,000 for rehabilitation in the Mercedes division of the Lower Rio Grande project and \$67,000 for a survey of the proposed valley gravity diversion canal which would extend from above Rio Grande City downstream for about 150 miles to bypass salt bearing areas.

Supporting Kilgore in the Port Mansfield request was Charles Johnson, port director. Aaron Godfrey of Harlingen opposed the LaFeria project. This project, to cost \$6 million, is in the budget for \$1.2 million.

Godfrey said the project would increase the water supply only about 10 per cent and \$6 million is too high a price to pay. Kilgore asked the subcommittee to consider allowing funds to start widening Brazos Island Harbor turning basin. This was not in the budget.

Rep. Lindley Beckworth asked adequate funds for surveys, now under way, on the Sabine and Neches Rivers. The budget recommends \$75,000 for the Sabine survey and \$100,000 for the Neches.

Beckworth said engineers indicated they can use \$75,000 for the government surplus property offered to religious groups at a reduced rate.

The board said loans and grants to individual students was not a violation of the principle. Research grants in which the government contracts for—services of individuals within religious institutions also do not violate the principle, the board said.

A 13-member church-state relations committee presented the report to the statewide Baptist board after a two-year study. The committee argued that Baptists would reject as unconstitutional any loan program for the construction of houses of worship, and that a church and its institutions cannot be separated.

Paage, Rep. Omar Burleson and others also asked approval of four other budgeted amounts—\$9 million for Waco Dam, \$4.5 million for Proctor Dam and \$500,000 for Somerville Dam. James Flynn of Waco said Proctor Dam would provide both flood control protection and storage for water supply.

A group headed by Rep. Jack Brooks asked approval of 9.6 million for McGee Bend Dam, \$15,000 to continue a restudy of the Sabine-Neches Waterway and \$75,000 to complete the Sabine River study.

Rep. Clark Thompson and E. A. Brinkman urged an increase in the budget recommendation for the Matagorda ship channel, Calhoun County. The budget calls for \$465,000. Thompson and Brinkman asked this be hiked to \$1,067,000.

Jackie Off For Greece

LONDON (AP) — Jacqueline Kennedy left London by commercial airplane today for a vacation in Greece.

The American President's wife was accompanied by her brother-in-law and sister, Prince and Princess Stanzas Radziwill, who make their home in London and with whom the Kennedys stayed after their visits to Paris and Vienna.

The U. S. Secret Service men completed the party. Mrs. Kennedy arrived in a six-car motorcade and was driven on the runway and to the plane.

U.S. Ambassador David K. E. Bruce saw her off. Mrs. Kennedy will stay in Greece until June 15, on a private unofficial visit as guest of Premier Constantine Carmanlis and his wife.

For four days she will cruise to some of the Greek islands aboard the North Wind, the 125-ton yacht of shipowner Maroon Nomikos. When aboard the First Lady will reside at Nomikos' villa at Avouri, a seaside resort 15 miles southeast of Athens.

Baptists To Shun Government Loans

DALLAS, AP—Texas Baptists schools have been told to stop borrowing money from the federal government.

The executive board of the Texas Baptist Convention made the policy change yesterday. It's statement was an interpretation of church-state separation and it opposed government grants and loans for construction at religious institutions.

Final action will come from messengers to the annual Baptist Convention of Texas in Austin Nov. 7-9. The statement opposed the following as a violation of Baptist views on church-state separation: Outright government grants or direct aid to religious institutions; loans for building construction;

Sea Water Is Used By Town

FREERPORT, Tex. (AP) — Citizens of this Gulf of Mexico town have been drinking sea water since May 31.

But they didn't know until Tuesday that processed salt water was coming out of their faucets. Nobody has complained.

The water is from the first U.S. salt water conversion plant, completed April 7. Costin \$1.5 million, it can process a million gallons daily. The cost is \$1 per 1,000 gallons or about five times that of water from other sources. The U.S. Office of Saline Water built the experimental plant. Freerport pays 20 cents per 1,000 gallons and Dow Chemical Co. 30 cents.

The cost is 30 cents per 1,000 gallons. Plants using various methods to convert brackish water are planned at San Diego, Calif.; Houston, N.M.; Webster, S.D.; and Wrightsville Beach, N.C.

Finch Enters San Quentin

SAN QUENTIN, Calif. (AP) — Dr. Bernard Finch entered San Quentin Prison Tuesday for counseling with his mistress, Carole Tregoff, in the murder of his wife and declared he loved Carole and still hoped to marry her.

Dr. Finch, 43, refused to talk with newsmen. "I wish they'd just leave me alone," he told Dale Frady, associate warden.

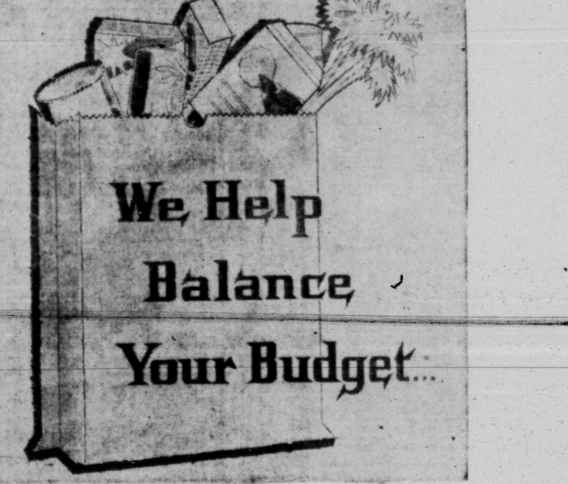

But Frady raised questions for newsmen and brought back this report: "The answer is yes to all three questions. He still loves Carole; he hopes to correspond with her, and he hopes to marry her."

No comment was forthcoming from Carole, 26, who is serving a life term at the Corona Institution for Women.

Junior Editors Quiz on MUSICAL INSTRUMENTS

QUESTION: How does an organ make music?

ANSWER: The earliest form of the organ is believed to have been a musical instrument the Greeks called the pipes of Pan. It was made of many tubes of different lengths. The player blew across the upper ends of the pipes to make the sound. This instrument was in use 500 years before Christ. About 300 years later, a larger instrument was made in which air was forced across the pipes by means of water power. Istanbul, Turkey, then known as Byzantium, was the first city to become an important center of organ building. Germany has led the world in organ building during most of the last 600 years. The organ's use in churches dates back to 600 A. D. Today as always in conventional organs (but not in electrical organs) the tones are made by air forced across the open ends of pipes.

FOR YOU TO DO: The smallest pipe organ has about 370 pipes and the largest, more than 40,000 pipes. However, the pipes you see on a wall above an organ are only decoration. You can learn to tell whether you are listening to an organ with few or many pipes by the variety of musical effects it can play.

Clay Dodds, of Frederick, Ill., wins \$10 for this question. If you have a question, write it on a post card and mail to Mrs. Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Mrs. Higgins will select the winner in case she receives duplicate questions. 6-7

Strong Unity Is Urged By Methodists

HOUSTON (AP) — A stronger unity with Methodists in other U. S. sections through a more centrally-governed national church was advocated yesterday by the annual Texas Conference of the Methodist Church.

Delegates representing more than 200,000 voted 297-131 to accept an amendment to the Methodist Church constitution to permit the jurisdictional Conference to be held either before or after the general conference.

The Texas Conference is one of the first southern Methodist conferences to accept the amendment which has already received approval by northern conferences.

The amendment was rejected by the North Texas Methodist Conference in Dallas last week.

An opponent, Dr. Joe Tower, executive secretary of the conference, said: "It will mean complete centralization of the government of the Methodist church." He said it would allow bishops to be transferred from one jurisdiction to another too easily.

Dr. Stewart Clendenin, superintendent of the Beaumont district, speaking for the amendment, said: "Except for the question of bishops, the two conferences were closer together or at the time, bishops could be moved by the general conference soon after their election."

Dr. Charles Allen, Houston, said he thought some opposition came from racial prejudice. He said southern Methodists want to wipe out all jurisdictional lines within the church, especially the Central Jurisdiction, to which all Negro Methodist churches belong.

Jeers For Houston

By CLAYTON HICKERSON
Associated Press Staff Writer

Sam Houston, the hero of San Jacinto and Texas' first president, is being jeered in Houston today by a mob of Texans who are angry over his alleged Texas "traitor" and "to face angry jeering mobs within her borders.

No story of the state's part in the Civil War—which Sam Houston tried hard to prevent—is complete without something of this Tennessee leader who adopted Texas as his home, fought for her independence, only to have her people turn their back on him.

He was called "The Taven" and "Big Drunk" by the Indians with whom he lived at intervals. It remained for Texans to attempt to heap the most shame on him.

They never succeeded. Until the last, when he died at his "Steamboat House" in Nacogoches, he was jeering secessionists.

He was followed him at San Jacinto.

"I know neither North nor South, I know only the Union."

He continued to speak up. Everywhere he went, his people were turning against him. Stones and missiles became his daily fare, but now 70 years old Houston stood his ground and continued the attack.

When a gunman at Belton suddenly arose from among a crowd and started toward him, men and women sprang from their seats, sure that this was the end of old Sam.

But the proud, white-haired Houston put both hands on his own pistols and looking at the slowing gunman said, "Ladies and gentlemen, keep your seats. It is nothing but a face barking at the lion in his den."

In Galveston, he told a heckling mob, "You may, after the sacrifice of countless millions of treasures and hundreds of thousands of precious lives, win Southern independence. If God be not against you, but I doubt it. The North is determined to preserve the Union."

MAGNIFICENT BARBARIAN

No man came so near single-handedly welding Texas from a wilderness to a republic and then a state of the Union than Sam Houston, hero of San Jacinto and conqueror of Santa Anna, president of the Republic of Texas, U.S. Senator from Texas and governor of Texas. He lived to be despised as a traitor, but he never wavered from his position.

"There is neither North or South but only the Union." (Sketch by Dmitri Vail for The Associated Press)

joint session of the legislature, as tradition called for him to do, but spoke directly to the people from the Capitol steps.

To the immense audience gathered there, Houston said Texas had united her destiny with the United States, not with the North or the South.

Later, in 1860, he told the legislature, "Texas will maintain the Constitution and stand by the Union. It is all that can save us as a nation. Destroy it, and anarchy awaits us."

When Houston maneuvered to prevent Texas from sending delegates to the Southern Convention in South Carolina, he warned again that the "Union was intended to be a perpetuity" and a senator from Georgia asked that "some Texas Brutus" assassinate him.

The tide was growing stronger daily against the doughy old soldier. When abolitionist fires broke out in East Texas, Houston was powerless to prevent what President Kennedy was to call "the wave of lynchings, vigilante committees and angry sentiment which followed rumors of Negro uprisings and arson."

Houston made a speech in Waco denouncing secession, and as he slept that night somebody exploded a keg of gunpowder behind his hotel. Houston was unharmed.

Houston was defeated. A secession convention, which Houston never recognized, was called and declared his office vacant and he fled to a safe haven in Mexico.

Texas moved swiftly into her place in the Confederate States of America and became a part of the bloodiest of all wars, just as Sam Houston had told the jeering mob at Galveston.

A total of 538,332 combatants died of battle wounds or disease during the Civil War—374,511 Union troops and 163,821 Confederates. By contrast, only 465,396 U.S. soldiers died in World War II.

With the temper of the times such as it was, not even the old hero of San Jacinto could keep Texas out of the ravages of the rest of the South, held slaves and wanted to protect a way of life that already had slipped into the Middle Ages.

Plantation Texas—that part east of Wichita Falls, San Angelo and Laredo—wanted to preserve cheap labor for her cotton fields.

Zealous Texans tried to fight the Yankee army at the ravages of the abolitionists, never conquered their first hero.

When Houston maneuvered to prevent Texas from sending delegates to the Southern Convention in South Carolina, he warned again that the "Union was intended to be a perpetuity" and a senator from Georgia asked that "some Texas Brutus" assassinate him.

Snyder Marine Ends 15-Day Furlough

PCF William Herbert Caudle, son of Billy Caudle and Mrs. R. L. Sturdivant, has returned to the U. S. Marine base at Twenty-nine Palms, Calif., after completing a 15-day furlough here.

Caudle, who was one of Snyder High School's outstanding athletes, participating in football, basketball and track, has been a member of the Marine football and track teams in California. He missed reaching the Marine track record by only one point.

Desegregation Of Golf Course Set

MACON, Ga. (AP)—The board of aldermen has voted to desegregate Macon's municipal golf course—the first public facility to be integrated in the city's 138 years.

The action came Tuesday night following a petition filed April 4 in behalf of Negro golfers asking that city-owned Bowden course be opened to the public without regard to race.

14 Persons Drown

ALBUQUERQUE (AP)—At least 14 people, mostly nomads living in tents, drowned Sunday night when torrential rains suddenly swelled a tiny desert stream near Gardala, in the Sahara.

Four U. S. Attorneys For Texas Nominated By Kennedy

WASHINGTON (AP)—President Kennedy Tuesday nominated four U. S. attorneys for four-year terms for Texas districts.

They are William W. Justice, Ernest Morgan, Sam Marcos, Western District; Woodrow B. Seals, Houston, Southern District; and Harold Barefoot Sanders Jr., Dallas, Northern District.

Sanders, Seals and Morgan will receive \$12,500 annually. The post to which Justice was appointed pays \$14,700.

Sen. Ralph Yarborough, D-Tex., issued a statement praising the nominations and saying each of the four supported all the Democratic nominees for the presidency since they reached the voting age.

The White House secretary, Pierre Salinger, was asked whether the nominations indicated an end to an impasse in Texas Democratic patronage. Salinger replied that he never recognized there was any impasse.

Seals, 43, was elected last year to a second term as Harris County Democratic chairman. He has the support of the liberal-loyalist wing of the party. Seals has been active in the Houston and State Bar Association.

Born in Louisiana, Seals received a law degree from the University of Texas. He was a pilot in the European theater in World War II.

He lost three years ago to Rep. Bruce Alger, Rep-Tex., and is well known in Dallas politics. Justice, 40, is a partner in the law firm of Justice, Justice and Kuyke in Athens and is chairman of the Henderson County Democratic Executive Committee.

He graduated from the University of Texas School of Law in 1942. He was state vice-president of the Young Democrats of Texas in 1948 and was a presidential elector in 1950.

Justice was a member of the advisory council of the National Democratic Committee in 1954 and an alternate delegate to the Democratic National Convention in 1956.

Morgan, 48, also a graduate of the University of Texas School of Law, is city attorney in San Marcos. He has campaigned actively for both Lyndon Johnson and Sen. Yarborough.

At Houston, U.S. Atty. William Butler, appeared surprised at Kennedy's nomination.

"It so happens," Butler said, "that I also was appointed for a four-year term that has not expired yet."

"Of course, the administration can renew a U.S. attorney at any time."

Butler received a recess appointment in 1958 when Malcolm R. Wilkey resigned to become an assistant attorney general. Butler's commission expires Feb. 27, 1962.

Scientists Study Driving Fatigue

By THE ASSOCIATED PRESS

High speed driving, a common cause of stress, is a significant hazard, and advice to grand jurors are subjects for focus on health.

Stress-Of-Driving

For some people there is a definite wear and tear in driving a car at high speeds or in city traffic.

German researchers found that out of a group of healthy persons, some show great changes in blood pressure and pulse rate after driving at 70 to 80 miles an hour or after driving in traffic conditions.

In these otherwise healthy persons, the appearance of these changes indicates borderline disorders and may explain some faulty reactions that sometimes result in auto-accidents, the researchers said.

Gauge of Cancer?

Nickel workers have a high rate of lung cancer and the culprit has been identified as a toxic gas containing nickel which has produced cancer in experimental animals. Now researchers have found that the smoke from both nonfiltered and filtered cigarettes deposits nickel in the lungs. A person who smokes two packs a day for a year inhales three times the amount of nickel needed to produce cancer in rats.

Summer Hazard

Some persons are sensitive to bee and wasp stings—so sensitive that a number of stings may send them into shock, may even cause death.

In some cases a person can be immunized against the allergy to yellow jacket stings much as hay fever victims can be immunized against ragweed pollen. Either a mixture of the whole insect or just the venom can be used. Protection lasts only about three months.

However, doctors warn little is known about the hazard of continued use of the treatment. It is possible in sensitive persons

that even the allergy injections may bring on shock.

Advice for Gramps

With summertime here and visits to grandparents in order, a University of Michigan psychiatrist has some advice.

Grandparents should keep their hands off in matters calling for discipline of a grandchild. Leave it to the parents. Grandparents are likely either too strict and rigid, or too overly indulgent to be able to help the parents, suggested Dr. Stuart Finch.

And even a 3-year-old is capable of playing grandparent against parent to get what he wants.

Ex-Premier Dies

ATHENS (AP)—John Theokky, 81, ex-premier of Greece, died of cancer Tuesday.

Theokky had held many Cabinet offices and served as prime minister for three months in 1950.

The carefully crafted Body-by-Fisher has you livin' in luxury (and in comfort-high seats where the sight-seein' comes easy). That Jet-smooth Chevy ride, with a sinewy Full Coil

spring at each wheel, gentles you past all the wrinkles and ruts in the roads (there's even a team of over 700 behind-the-scenes "shock absorbers" to hush up road surface mumbblings and grumbblings). All in all, Chevy's light-steerin', easy-goin' ways just don't leave much for you to do but feel good. And that's exactly the way your Chevrolet dealer wants you to feel—as you can plainly see in those beautiful June buys he's got bustin' out all over!

Snyderite Departs For Germany Today

Jean Margaret Young, 17-year-old daughter of Mr. and Mrs. W. J. Young, 3103 Thirty-eighth Place, today began the first leg of a journey which will reach its climax in Bremen, Germany.

Application to the American Field Service for the Americans Abroad program was made last November. Confirmation of acceptance of Jean for the summer program was received recently.

A school in the United States may participate in the Americans Abroad program only if it has sponsored, through a local AFS chapter, a Foreign Exchange Student the previous school term.

While in Bremen, Jean will be a part of the Bremen-Rick family. She will participate in the home and social life of this typical German family and will also observe the cultural life and be active in the everyday life of the community.

She left by automobile for Dallas this morning, and tomorrow she will board a jet for Montreal, Canada. From there she will continue to Germany where she will be a representative of the American Abroad Program of the American Field Service.

At Montreal, Jean will board the ship, the M. S. Seven Seas, and is scheduled to disembark at Rotterdam on June 19. This ship will be carrying several hundred American high school students who will spend the summer months in many parts of Europe as ambassadors of good will for the United States.

Pigeon Problems Universal, But Vienna's Is Different

By INEZ ROBB
LONDON — All races, all places, all buildings and particularly all public statues have a pigeon problem. But now it can be told that the American Embassy in Vienna dealt with a most delicate pigeon problem in connection with the visit of Mrs. Kennedy. On to pinpoint the evidence, on the visit of the First Lady.

Before Jacqueline Kennedy arrived in Vienna, she called an Austrian artist dear to the Kennedy clan. In fact, the lucky artist, Franz Hueb, was among the guests who attended the wedding of Jacqueline Bouvier to Sen. John F. Kennedy.

The Kennedy family had first become acquainted with Hueb's landscapes and portraits when he began exhibiting in Palm Beach some years ago. Hueb was up his year with three months in the United States and nine months in a small village named Gresten, some 49 miles from Vienna.

Grillenbergs has no telegraph facilities, and Mrs. Kennedy's cable was so late in reaching Hueb that he rushed to Vienna, but not alone. As a hobby, artist Hueb breeds carrier pigeons. He tried up at the embassy with a cage full of his prize pigeons.

These, he told the embassy, he would leave. If future messages for him came from the First Lady, the staff was to dispatch it by speedy pigeon. As it turned out, the embassy staff included experts on everything except pigeons. There was even some hint of mystery if pigeon sitting was included in embassy duties.

The upshot of it was that Hueb was persuaded to return home

with his feathered friends, after the embassy assured him, cross heart and hope to die, that it would see that any future messages from Mrs. Kennedy reached with the speed of light.

Antiviolence Bill Demanded

TOKYO (AP)—Thousands of Socialized students and workers kept up demonstrations in Tokyo today, demanding that an antiviolence bill drafted by the government be killed outright.

Prime Minister Hayato Ikeda was forced into retreat by strong opposition from upper house members of his own Liberal-Democratic Party following riots in Tokyo and Kyoto Tuesday night in which 600 or more demonstrators and police were injured.

The riotous students' activities to quiet discussion before his visit to President Kennedy later this month, abandoned plans to force the measure through the Diet before its session ends Thursday.

The Socialists, Japan's No. 2 party, were not satisfied and demanded that the bill to stamp out political rioting be withdrawn. Their campaign appeared to be losing steam, however. Although they called for 35,000 to march on the Diet today, only 9,500 union members and 1,500 extremist students turned out in separate groups.

When you serve strawberries with powdered sugar, (granulated superfine), leave the green hulls on the berries. Easy to dip the berries into the sugar this way.

minent in the Kennedy entourage during the Vienna visit.

A by-product of the Kennedy-Khrushchev conferences in the Austrian capital was the reinstatement of Randolph Churchill, son of Sir Winston, in the grace and favor of his other colleagues of the press.

Since World War II, the good, gray Randolph has grown to look more and more like his father and to act with less and less inhibition. The jolly press that attends such great events as attract the condescension of Randolph had come to have less and less sympathy with him.

But when Randolph loudly rebelled at the American-Russian press briefing after the first Kennedy-Khrushchev conference, the hearts of 1,200 reporters went out to him.

When Pierre Salinger said, in effect, nothing, and was upheld by his Russian opposite number, the press roared by 30 minutes of emotion in a room the Russian description of the Big Two meeting as "fruitful" with the Salinger characterization of it as "courtroom."

It was much ado about nothing and we all knew it. But only Randolph had the guts-and-gall to walk out. But as at all such press conferences, the doors of the conference room were locked.

Those near Randolph cried "Amen!" and followed him out as the doors fell before him. It was, beyond peradventure of a cliché, Randolph's finest hour.

Those Were The Days! Remember?

By HAL BOYLE
NEW YORK (AP)—Some folks are anxiously looking forward to making a round trip to the moon as soon as they put in tourist rates.

Others of us nostalgics like to recall the flavor of life as it used to be. We enjoy getting together and playing the old memory game.

For example, can you remember when—
You could get a teen-ager to baby sit all evening for 50 cents and a plate of fudge.

Half the dogs in town were Tighe, Buck or Prince, and they lived out their lives without ever being taken to an "animal doctor." The vets made a living then treating cows and horses.

A nicker would get you a ride on the subway or street car, or a hot dog, or a big candy bar, or an ice cream cone, or a tall foamy glass of beer.

The nearest thing to a juvenile delinquent was the tough kid who smoked cornsilk cigarettes and insisted on playing marbles for keeps.

A man was as proud of showing off a pair of new \$7.50 shoes as he is today of showing off a new \$4,000 automobile.

Nobody ever got his toes sliced off in a power lawnmower, because all lawnmowers were powered by hand.

You had no need for an alarm clock. The man next door still kept chickens in his back yard, and his rooster woke up the whole community before dawn.

No house had a patio, but every home had a big comfortable front porch swing—especially if it held any daughters of marriageable age.

At dusk a man on a bicycle rode by to light the street gas lamps. Every kid wanted to grow up and be a lamplighter.

The workman's dream of affluence was to own a Sunday silk shirt with stripes half an inch wide.

If a child wanted a teacher he got a ruler across his knuckles—instead of an emergency consultation with the school psychiatrist.

The height of adventure to a small boy was to dig a small cave in the back yard, roof it with boards and dirt, and roast potatoes in it until the smoke drove him out, coughing, into the fresh air.

No kid ever wondered what to do on Saturday. That was the day he cleaned out the coal furnace and carried out the week's accumulation of ashes from the basement.

Everybody knew who wore the pants in the family, and nobody argued about it. It was father. These were the days! Remember?

Peace Corps Unit To Train At TWC

WASHINGTON (AP)—Texas Western College of El Paso has been designated as the training site for the Peace Corps Tanganyika project.

Sargent Shriver Jr., Peace Corps director, said Tuesday Texas Western is the answer to a request from Tanganyika asking for 30 survivors, geologists and civil engineers.

"We had to find a university with a good college of engineering, where Swahili was taught and where the climate and terrain was like that of Tanganyika," Shriver said.

IN STATE MEET

Schoolboys Blast Off

AUSTIN (AP)—The 12th annual Schoolboy Baseball Tournament opened today with a former state champion team meeting a newcomer.

Paris, which won the meet in 1955, met Jasper at 1 p.m. while South San Antonio and Lamesa tangled at 3 p.m. in Conference AAA play.

Conference AAAA action will begin tonight when Waco plays Baytown at 7 p.m. and Lubbock Monterey meets Lubbock at 9 p.m.

Lamesa and Jasper are in the Interscholastic League meet for the first time. South San Antonio won titles in 1958 and 1959 and neither Paris nor San Antonio has lost a tournament game.

All-state Robert Zamora heads South San Antonio's fine pitching staff. He pitched the Bobcats to the title as a sophomore in 1959.

Mickey Lopez leads teams with Zamora to give the team a solid pitching front. Zamora, catcher and Leonard Sanchez and shortstop, Newton Grimes are the top hitters for the club which compiled a 22-6 record.

Giants Win; Sox Hammer Athletics

The Little League Giants rallied behind the big bat of catcher Murray Bowden here last night to cart home an 8-3 diamond win.

Bowden followed up his first frame double, which drove in teammate Steve Moffatt ahead to make him, with a three-run homer in

PARIS, TEXAS

Paris, with a 10-3 record, has solid hitting in outfielders Joe Dale McKnight and Billy Golden, second baseman Jimmy Davis and first baseman Claude Daniels. The pitching corps includes Dickie Towers, Charles Sterling, Bobby Johnson and Donnie Neils with Johnson the only senior.

Lamesa has a 12-5 record and relies heavily on the pitching of two sophomores, David Beatty and Jimmy Wyatt and juniors Dick Latta, Marvin Keithley and Don Lybrand. There are only four seniors on the 19-man squad which includes 11 sophomores. Top hitters include Harvey Everhart, David Harris and Robert Hollmann.

Jasper has a 15-5 season's record and coach Hubert Boales has solid pitching from Raywood Brown, a 4 foot 3 inch senior, Jim Adams, freshman Phillip Hennigan and sophomore Donald Hines. Shortstop Danny Massey, with a 430 batting average, leads the hitters. Other top hitters include Carter Billy Duckworth and centerfielder Buddy Mays.

Cookie Takes Forced Rest

Associated Press Sports Writer
NEW YORK (AP)—Manager Cookie Lavagetto flew back to Minneapolis-St. Paul for a week of enforced vacation today while his Minnesota Twins huddled in ninth place with a 12-game losing string and just one victory in their last 18 games.

Club owner Cal Griffith called Cookie home Tuesday but said he didn't plan to fire the 48-year-old skipper who has led the team since May 1957. It's advertised as a trip to a rest area behind the lines for Cookie, before he takes command of the embattled Twins again.

"It's just hope to get him away from the ball club for a week," Griffith explained. "Take his mind off the team, play golf for a while. Call it a vacation, if you want."

Lavagetto, a quiet guy with occasional touches of humor, seemed to accept the decision in stride. He was in the press box at Yankee Stadium Tuesday night as the Twins, directed by Coach Sam Mele and then Coach

Athletics And White Sox Nab Victories

The league-leading Athletics lacked another win up in Farm League action of last night by slipping past the Yankees, 4-1, in the first game of the evening.

Mike Todd and Randy Owens shared hurling duties for the winners, while Wesley Bishop went the route to absorb the defeat.

The follow-up fray went to the White Sox, 3-1, with the Indians on the losing end of things.

Rick Merrick chunked the victory, and Clay Landon was charged with the loss.

Boys' Club Meet Nears

The Scurry County Boys' Club of Snyder will host the third annual Texas Area Council Track and Field Meet this Saturday atop the Tiger Stadium oval.

Included in the Texas Area Council are all the certified Boys' Clubs within the state of Texas.

Four age divisions will be offered, and include Middlets (10 years and under), Juniors (11-12), Intermediates (13-14), and Seniors (15-17).

In order to be eligible, each boy must be a member of his respective club and must not have ever placed in a senior high school track meet.

Awards will be presented to the team champion, the runner-up, and the third place team. Also, individual medals are to be awarded first place winners, while second, third and fourth placers will be given ribbons.

Teams participating in addition to the Snyder Club include Abilene, Odessa, San Antonio, Wichita Falls, and Panther of Fort Worth. Several of those teams are scheduled to arrive Friday afternoon, and will be housed at the local Boys' Club.

Coaching the Snyder team will be Guy Sullivan and Bill McLaughlin.

Bill Zimmerman is tournament director and will direct the program of the day.

VALDEZ, WADDELL STAR

Tigers, Rebels Post Easy Wins

Top heavy scores marked play of last night in the Colt and Pony Leagues, as a pair of fine pitching performances and a hot bat for the Tigers and Rebels to mark up shut-out victories.

Over in the American, the White Sox ambushed the Athletics, burying them underneath a 21-0 score. Johnny Gotta set the A's down on only one hit—a first inning single by Loyd Potts—in breezing to the triumph.

His mates, on the other hand, peppered starter Freddie Belmont and successor Frankie Grimsitt and Eloy Benitez with an 8-hit barrage, with doubles by Max Moreland, David Fisher, and Ed Gaona being the crowning blows of the game.

Roby's Waddell blanked the Phils on just two safeties as his mates rolled to an 11-0 victory in Colt League play. A double by Glen Banks in the fifth and a Martin Benitez single the inning prior were the only base knocks as mustered off him.

Meanwhile, the Tigers collected seven hits off loser Jimmy Wilson and relief hurler Ronnie Benedict. Dennis Deniel did the most damage with his double and single in three trips, which served to drive in three runs.

In the nightcap Ramon Valdez spun a neat one-hitter at the Dodgers to enable his Rebel to breathe home with a 10-0 victory.

A one-base blow by Danny Newman in the fifth and final inning was the sole hit of the night for the Dodgers. He was later nipped at the plate while attempting to score, that put out being the final one of the game.

The victorious Rebels got to lower Jerry Owens and Newman for six hits, one of which was a second inning run-producing double as delivered by Jerry Rose.

Rinaldi Riled Over Reports

By ED CORRIAN
Associated Press Sports Writer
NEW YORK (AP)—Giulio Rinaldi bristled today at talk that he has been something less than a ball of fire in training sessions for his world light heavyweight (New York - Massachusetts-Europe version) bout Saturday against Archie Moore.

"Perhaps he had gone stale?" This brought a scowl to Rinaldi's Roman features.

"I definitely have not gone stale," he expounded through an interpreter. "It is my opinion. It is a good system. My friends in Rome know I never have had a bad fight."

"I feel very good all over. It simply is that I never look too good in training. I train hard but I do nothing spectacular."

Rinaldi has given up finishing his training chores in the parking lot of a midtown restaurant. He has repaired to a gym around the corner.

Rinaldi, 26 and handsome, also shrugged off Moore's feared right hand, the one that has put away many an opponent.

"I was not much impressed by Archie's right when I decided him in Italy, in one of the early rounds he landed a solid right on my chin. I was not annoyed."

"Then in the fourth or fifth, he landed some left hooks to the body. They felt I granted after each one of them. I don't recall doing that, but they certainly were no easy taps."

Rinaldi has been sparring with three Americans—Freddie Mack, Randy Sandusky and Vince Martinez—to adjust himself to the local style.

"The American style is a lot different from that in Europe," he said. "They punch in the kidneys and the back of the neck. This is against the rules in Europe and it is enforced."

"In the clinches the Americans sometimes use their heads. The referee doesn't seem to bother much if it doesn't appear too serious."

He has mastered these little finer points of boxing in the United States, he indicated.

Lopat after Mele was ejected for arguing, 10-7-2.

"What's wrong with us?" asked Lavagetto, repeating a question. "A combination of things. We can't hit. And the pitching has been bad."

"All I know is that I'm going back and we'll talk over the personnel problems. Maybe we can trade. I don't know if we can get any help from our minor league clubs."

Indians On Warpath; Gain League Lead

By ED WILKS
Associated Press Sports Writer
Jimmy Piersall is leading the league in batting at .373. Johnny Romano is on a 21-game hitting streak and the bullpen is a beat. Put 'em all together and the Cleveland Indians are in first place with an eight-game winning string in the American League race.

The Indians, winning 20 of their last 24 games in a climb from fifth place, cracked through on top by .06 percentage points with their biggest run spurge of the season, wallowing Washington 14-3 with a 16-hit barrage Tuesday night while the Chicago White Sox spilled Detroit to second place by defeating the Tigers 7-1.

Piersall had two hits, one a triple, and drove in three runs for the Tribe. Romano, third in the bat race at .359, was 4-5, drove in four runs and belted a pair of homers as the Indians matched the longest winning streak in the majors this season. The Tigers also won night, a row en route to first place, a spot they had held for all but one day since April 21.

The third-place New York Yankees closed within three games of the lead by handing the Minnesota Twins a 12th straight loss, 7-2. Baltimore split a twilight doubleheader with Los Angeles, losing 7-3 before Chuck Estrada pitched a two-hitter for a 2-0 decision over the Angels in the nightcap. Boston defeated Kansas City 5-3.

In the National League, Cincinnati clung to first by a half game by beating Milwaukee 7-3. Second-place Los Angeles beat Pittsburgh 6-7 and Philadelphia rapped third-place San Francisco 13-9. St. Louis defeated Chicago's Cubs 6-2 in the first game of a two-night split at Washington, called because of curfew, ended in a 3-3, 10-inning tie.

The Indians turned a close game into a runaway with a seven-run sixth inning at Washington that beat rookie Joe McClain (5-4). They sent 11 men to bat in the seventh, getting the runs on Piersall's triple, a double by Willie Kirkland, three singles, two walks and an error. Vic Power's solo homer had given Cleveland a 1-1 tie in the fourth inning. Gary Bell (4-4) was the winner with a three-inning mop-up by Bob Allen. Tribe relievers have won in all but one occasion in the eight-game streak and have locked up 15 of Cleveland's last 20 victories.

The White Sox, winning two in a row for the first time in almost three weeks, tripped the Tigers behind the fire relief of Turk Lown. The right-handed veteran replaced starter Early Wynn with a run in, three on and one out in the eighth inning. He retired loser Jim Dunning (4-5) on a foul pop and fanned Jake Wood, then blanked Detroit on three hits for his third straight victory in five decisions.

Al Smith had four hits, one a

Late Surge Boosts Harlin To Victory

A costly error in the seventh inning boosted the Harlin Oilers to a 3-1 City Softball League victory here last night over Phillips '66'.

The bobbles transpired when two were out in that frame, after which a double by Mort Crestwell and a homer by winning hurler Guy Sullivan broke up the bar.

Mickey Nunley was the loser, giving up six hits. Sullivan relinquished five safeties, including two boppers by Clyde Colvin, Bill Boyd, and Charles Collins.

In the other contest of the night R. E. Smith clipped Mixon Tigers 8-6.

Leroy Key hurled the win in that one, while Grady Gafford took the loss.

NL Pee Wees Urged To Attend Meeting

National League Pee Wee prospects are to meet in front of West Elementary this evening at 5 o'clock, with the outcome of the league itself resting on the turnout at that time.

Only 22 boys had indicated an interest to participate at last count, announces Matt Herod, with there being a minimum of 20 needed for operation of the league. If the required number are not present at today's meeting, then the league will be forced to disband.

The American Pee Wee League has had a larger turnout and will operate on schedule, Herod added.

Philipp's first ball scored Lou Brazelton, and tied up the game in the sixth. The senior second sacker from Dallas repeated with a homer in the seventh, scoring Brazelton and Skinner, giving Texas a 5-2 margin.

John Vincent made it 5-4 in the eighth with a homer for the Wildcats that scored one teammate. Belcher retired his side in order in the ninth, preserving the Texas victory.

Marv Duff, unbeaten Arizona pitching star, went all the way for the Wildcats. He gave up six hits.

Arizona scored once in the fourth and fifth.

Steers Down Wildcats In College Meet

AUSTIN (AP)—Texas won a berth in the College World Series at Omaha, Neb., with a 5-4 win Tuesday over Arizona's Wildcats.

The game was the second in a best two out of three series. Texas will make its sixth trip to the National Collegiate Athletic Association baseball finals. The Longhorns will play the University of Southern California Saturday night in Omaha.

Pitcher Tom Belcher and second baseman Phil Higgs sparked the Longhorn victory. Belcher went the distance for Texas. Higgs drove in all five Texas scores with two home runs over the left field fence at Clark Field here.

The Omaha NCAA finals will mark Coach Bibb Falk's bid for an unprecedented third national college championship. Texas was national champion in 1949.

Higgs' first ball scored Lou Brazelton, and tied up the game in the sixth. The senior second sacker from Dallas repeated with a homer in the seventh, scoring Brazelton and Skinner, giving Texas a 5-2 margin.

Action Hour Near For Tractor Deal

DETROIT, Mich. (AP) — The hour for action approached today in the offer to give tractors to Cuba's Prime Minister Fidel Castro in exchange for invasion prisoners.

Castro cleared the way in part Tuesday night by accepting the proposition in principle, though stipulating negotiations.

The prime minister's action, announced on the Havana radio, came approximately 12 hours before today's noon deadline given him for his reply.

Castro also called the citizens "tractors for freedom committee" here. The contents of the cable in Spanish, were not made public by the committee, pending a translation.

The citizens group, headed by Eleanor Roosevelt, President Walter Reuther of the United Auto Workers, and Dr. Milton Eisenhower, educator and brother of former President Dwight D. Eisenhower, has offered to exchange 500 American tractors for 1,200 prisoners taken in the Cuban invasion attempt.

A language expert was called in by Solidarity House, UAW headquarters, which is also committee headquarters, to translate Castro's message, addressed to Mrs. Roosevelt, Reuther, Dr. Eisenhower, and Detroit banker Joseph M. Dodge, treasurer of the committee. The four had called him last week.

A committee spokesman, after contacting Reuther in New York, said the committee would withhold comment until the cable was translated and a conference held.

Jeers For Houston

By CLAYTON HICKERSON
Associated Press Staff Writer

Sam Houston, the hero of San Jacinto and Texas' fight for independence from Mexico, lived to see his beloved Texas call him "traitor" and to face angry, jeering mobs within her borders.

No story of the state's part in the Civil War—which Sam Houston tried hard to prevent—is complete without something of this Tennessee leader who adopted Texas as his home, fought for her independence, only to have her people turn their back on him.

He was called "The Taven" and "Big Drake" by the Indians with whom he lived at intervals. It remained for Texans to attempt to heap the most shame on him.

They never succeeded. Until the last when he died at his "Steans boat house" in Nacogdoches, he told jeering, heckling secessionists who had gladly followed him at San Jacinto:

"I have neither North nor South. I know only the Union."

He continued to speak up everywhere he went, his people were turning against him. Stones and invective became his daily fare, but now 70 years old, Houston stood his ground and continued the attack.

When a gunman at Belton suddenly arose from among a crowd and started toward him, men and women sprang from their seats, sure that this was the end of old Sam.

But the proud, white-haired Houston put both hands on his own pistols and looking at the slowing gunslinger said, "Ladies and gentlemen, keep your seats. It is nothing but a fire barking at the lion in his den."

In Galveston, he told a heckling mob, "You may, after the sacrifice of countless millions of treasures and hundreds of thousands of precious lives... win Southern independence if God be not against you. I doubt it. The North is determined to preserve the Union."

Houston was defeated. A secession convention, which Houston never recognized, was called and declared his office vacant when he refused to take an oath of allegiance to the Confederacy.

Texas moved swiftly into her place in the Confederate States of America and became a part of the bloodiest of all wars, just as Sam Houston had told the jeering mob at Galveston.

A total of 538,322 combatants died of battle wounds or disease during the Civil War—324,511 Union troops and 163,821 Confederates. By contrast, only 405,399 U.S. soldiers died in World War II.

With the temper of the times such as it was, not even the old hero of San Jacinto could keep Texas out of the war. Texas, like the rest of the South, held slaves and wanted to protect a way of life that already had slipped into the Middle Ages.

Plantation Texas—that part east of Wichita Falls, San Angelo and Laredo—wanted to preserve cheap labor for her cotton fields.

Zealot Texans, hot to fight the Yankee, angry at the ravages of the abolitionists, never conquered their first hero.

MAGNIFICENT BARBARIAN — No man came so near single-handedly leading Texas from a wilderness to a republic and then a state of the Union than Sam Houston, hero of San Jacinto and conqueror of Santa Anna, president of the Republic of Texas, U.S. Senator from Texas and governor of Texas. He lived to be despised as governor and bear the brand of "traitor," but he never wavered from his position: "There is neither North or South but only the Union," (quoted by Dmitri Vili for The Associated Press)

joint session of the legislature, as tradition called for him to do, but spoke directly to the people from the Capitol steps.

To the immense audience gathered there, Houston said Texas had united her destiny with the United States, not with the North or the South.

Later, in 1860, he told the legislature, "Texas will maintain the Constitution and stand by the Union. It is all that can save us as a nation. Destroy it, and anarchy awaits us."

When Houston maneuvered to prevent Texas from sending delegates to the Southern Convention in South Carolina, he was warned "to be a perpetuity" and a senator from Georgia asked that "some Texas Brutus" assassinate him.

The tide was growing stronger daily against the doughty old soldier. When abolitionist fires broke out in East Texas, Houston was powerless to prevent what President Kennedy was to call "the wave of lynchings, vigilante committees and angry sentiment which followed rumors of Negro uprisings and arson."

Houston made a speech in Waco denouncing secession, and as he slept that night somebody exploded a keg of gunpowder behind his hotel. Houston was unharmed.

Then Andrew Jackson sent Houston, who had fought with him in 1812, to Texas to look over the land. Houston loved what he found. He was to fight as hard to keep Texas in the Union as he ever fought to win her independence and get her admitted as the 28th State.

Houston was Texas' first president, served in the republic's congress, then again as Texas' president. With Thomas Rusk, one of his soldiers at San Jacinto, he became one of the new state's first senators. As the Civil War's prelude strife engulfed Texas, Houston became its governor.

Houston, while a U.S. Senator from Texas, ran for governor of the state and was soundly defeated. He ran for governor again in the election of 1857 and won.

He made one campaign speech, but that was enough. His exposure on the Senate floor of a corrupt judge just before he left the Senate and a surge of sentiment for him on his return to Texas combined to cause his election.

It was the first reversal for extremists of the South in 10 years. Some Texas newspapers, however, rose to brand him as a "traitor" and "one of the greatest enemies of the South."

Houston said the hostile Democratic legislature actually did not represent the people and made his inaugural speech not to a

Four U. S. Attorneys For Texas Nominated By Kennedy

WASHINGTON (AP)—President Kennedy Tuesday nominated four U.S. attorneys to four-year terms for Texas districts.

They are: William W. Justice, Athens, for the Eastern District; Ernest Morgan, San Marcos, Western District; Woodrow B. Seals, Houston, Southern District; and Harold Barfoot Sanders Jr., Dallas, Northern District.

Sanders, Seals and Morgan will receive \$17,500 annually. The post to which Justice was appointed pays \$14,700.

Sen. Ralph Yarborough, D-Tex., issued a statement praising the nominations and saying each of the four "supported all the Democratic nominees for the presidency since they reached the voting age."

The White House secretary, Pierre Salinger, was asked whether the nominations indicated an end to an impasse in Texas Democratic patronage. Salinger replied that he never recognized there was any impasse.

Seals, 43, was elected last year to a second term as Harris County "Houston" Democratic chairman. He has the support of the liberal-loyalist wing of the party. Seals has been active in the Houston and State Bar Association.

Born in Louisiana, Seals received a law degree from the University of Texas. He was a pilot in the European theater in World War II.

Sanders is a young Dallas attorney and former Texas Legisla-

tor. He lost three years ago to Rep. Bruce Alger, Rep-Tex., and is well known in Dallas politics. Justice, 40, is a partner in the law firm of Justice, Justice and Kugel in Dallas and is chairman of the Henderson County Democratic Executive Committee.

Butler appeared surprised at Seals' nomination.

"It so happens," Butler said, "that I also was appointed for a four-year term that has not expired yet."

"Of course, the administration can remove a U.S. attorney at any time."

Butler received a recess appointment in 1958 when Malcolm R. Wilkey resigned to become an assistant attorney general. Butler's commission expires Feb. 27, 1962.

Morgan, 40, also a graduate of

Scientists Study Driving Fatigue

BY THE ASSOCIATED PRESS

Highway stress—a possible cause of cancer, a summertime hazard—and advice to grandmothers are subjects for focus on health.

Stress of Driving

For some people there is a definite wear and tear in driving a car at high speeds or in city traffic.

German researchers found that out of a group of healthy persons, some show great changes in blood pressure and pulse rate after driving at 70 to 80 miles an hour or after driving in traffic conditions.

In these otherwise healthy persons, the appearance of these changes indicates borderline disorders and may explain some faulty reactions that sometimes result in auto accidents, the researchers said.

Cause of Cancer*

Nickel workers have a high rate of lung cancer and the culprit has been identified as a toxic gas containing nickel which has produced cancer in experimental animals. Now researchers have found that the smoke from both nonfiltered and filtered cigarettes deposits nickel in the lungs. A person who smokes two packs a day for a year inhales three times the amount of nickel needed to produce cancer in rats.

Summer-time Hazard

Some persons are sensitive to bee and wasp stings—so sensitive that a number of stings may send them into shock, may even cause death.

In some cases a person can be immunized against the allergic yellow jacket stings such as have been victims can be immunized against ragweed pollen. Either a mixture of the whole insect or just the venom can be used. Protection lasts only about three months.

However, doctors warn, little is known about the hazard of continued use of the treatment. It is possible in sensitive persons

that even the allergy injections may bring on shock.

Advice for Grandmothers

With summertime here and visits to grandparents in order, a University of Michigan psychiatrist has some advice.

Grandparents should keep their hands off in matters calling for discipline of a grandchild. Leave it to the parents. Grandparents are likely either too strict and rigid, or too overly allowed to be able to help the parents, suggested Dr. Stuart Finch.

And even a 3-year-old is capable of playing grandparent against parent to get what he wants.

Grasshoppers Moving Into Area Fields

Area farmers are being urged to watch for grasshoppers moving into young cotton fields. County Agent Bill Roach said today.

This is especially true in areas where there has been little rain. The pastures in these areas are drying somewhat, and the grasshoppers, which have just hatched are beginning to move from fence rows and adjoining pasture land into the cotton fields. Roach said.

Grasshoppers can be controlled with several chemicals. Aldrin at half a pint per acre, Heptachlor at a half to three-fourths of a pint per acre and Malathion at one quart per acre are effective.

Dairy animals and animals being finished for slaughter should not be allowed to graze treated areas. Roach cautioned.

In spraying pastures, the county agent cautioned that recommendations in the label as to grazing of treated areas should be followed.

Grasshopper baits also are successful in the control of jumbo grasshoppers. A bait mixture may be obtained by calling the county agricultural agent in Snyder.

Eichmann Trial Witness Faints

By THOMAS A. REEDY

JERUSALEM (AP)—A witness in the trial of Adolf Eichmann today fainted in a courtroom packed with spectators.

The witness, a former Gestapo official, was suspended immediately.

The witness was introduced by the Israel prosecution as Yehiel Diner, Polish-born. The packed audience gasped when he was identified for the first time in public as the writer K. Zetnik, a pen name assuming an inmate of a concentration camp. His, and the trial of the former Gestapo chief was suspended immediately.

Six Firms Indicted In Price-Fixing

MILWAUKEE, Wis. (AP)—The government's antitrust division has moved against another segment of the electrical equipment industry, obtaining price-fixing indictments against six leading producers of electronic hardware used by communications and power utilities.

The six firms have sales of \$30 million annually, supplying 71 percent of the transmission equipment used east of the Rocky Mountains on telephone, telegraph and power line poles and underground utility lines.

Speculators for three of the firms said they were surprised by the charges.

The indictments, returned Tuesday by a federal grand jury in U. S. District Court Judge Robert E. Tobin, charged that for many years the manufacturers conspired to maintain noncompetitive prices of uniform discounts and profit margins.

The result, the grand jury said, was that the hardware prices were maintained at artificially high levels and distributors and public utility companies have been denied the right to receive competitive bids.

Named in the indictments were: Oliver Electrical Manufacturing Co., Battle Creek, Mich.; Utilities Service Co., Allentown, Pa.; McGraw-Edison Co., Elgin, Ill.; Johnson Manufacturing and Supply Co., Chicago; A. B. Chance Co., Centerville, Mo.; Hubbard and Co., Chicago.

If convicted, they face possible maximum fines of \$50,000.

Hubbard, McGraw-Edison, Johnson and Chance were among the 29 firms convicted in February in Philadelphia of bid-rigging and price-fixing on heavy electrical equipment. The firms were fined nearly \$2 million.

Atty. Gen. Robert F. Kennedy, who announced the indictments in Washington, said the cases were not related.

Oklahoma Solons Near Showdown

OKLAHOMA CITY (AP)—Oklahoma legislators moved a step closer to a showdown over the state's financial problems Tuesday.

Sen. Everett Collins, president pro tempore, said he would name a conference committee on appropriations this week and he expects the committee to begin work Monday.

A drive also was launched in the House of Representatives to raise more revenue for a bigger state governmental program.

Training Continues For 90th Division

PT. HOOD, Tex. (AP)—Soldiers of the 90th Division continued today to undergo every type of training calculated to put a fine edge on the noted World War II unit.

The division started annual summer training in 1945. An L-19 gasplane crash has been the only accident so far. It fell from about 100 feet when its engine failed after takeoff. Its occupants escaped with minor cuts and bruises. They were Lt. Billy S. Lavelle, the pilot, and Sgt. Ralph Brookshire, both of Austin.

Dr. Jung, Psychiatry Leader Dies

By DORIAN FALK

ZURICH, Switzerland (AP)—Dr. Carl Gustav Jung, a clergyman's son who became one of the world's most famous psychiatrists, died today.

The psychologist succumbed to a heart attack Tuesday at his villa in the Zurich suburb of Kusnacht. His health had failed steadily for several weeks.

He had long outlived the other two members of psychiatry's dominant triumvirate—Sigmund Freud and Alfred Adler. Adler died in 1908, Freud in 1939.

Jung, born in 1875, was until the last few weeks, continued to read daily and correspond with disciples and friends in many countries. A few months ago he wrote a scientific paper on dreams.

Jung, whose father was a Swiss minister, was often called a mystic. Critics challenged as unscientific the importance he attributed to religion's influence on the human mind.

An early student of Freud, he broke with the Austrian master's school of psychiatry because of his insistence that nearly all mental illnesses stemmed from sexual conflicts in infancy. Jung contended analysis of man's immediate conflicts was more useful in understanding neuroses than uncovering the conflicts of childhood.

Developing his own school of thinking, Jung introduced the expressions "introvert" and "extrovert" as a description of mental attitude. His studies of schizophrenia—split personality—drew many converts. He defined the "collective unconscious" as the nucleus of the individual's soul.

Jung, born in Kusnacht on Lake Constance July 26, 1875, was a child prodigy. He could read Latin fluently at 8. He studied medicine in Basle, Zurich and Paris and became a specialist in neurology.

Oilman Charged In Slaying Of Wife

CLEVELAND, Tex. (AP)—Horace Booth, 79, independent oil operator, was charged here Tuesday with murder of his wife, Lillian, 36. He was freed on \$5,000 bond.

An autopsy showed that Booth's wife of seven years had died Monday of a broken neck.

In a statement signed before Sheriff W. P. Rose and Liberty County Atty. W. G. Woods Jr., Booth said he and his wife had argued all Sunday night. He stated he was holding her by both arms in the front hall of their home when a mirror fell from the wall, which he presumed, must have injured her. Houston pathologist W. W. Goddard said there were bruises all over Mrs. Booth's body.

Pravda Sees Progress In Summit Talk

MOSCOW (AP)—Pravda, the Communist party organ, said today the Kennedy-Khrushchev talks could be a prelude to a peace treaty.

Pravda said the Soviet Union will do everything it can to improve Soviet-American relations.

"Everyone understands that it is impossible to solve in two days the most piercing questions in this country's whole problem of foreign aid."

It was this: Will the United States put pressure on backward and despotic nations to use American aid for the masses of their people up to the point of refusing any aid at all unless they agree?

Stories of corruption and the rich getting richer and the poor poorer in countries receiving American aid increase. Kennedy himself in his broadcast Tuesday night acknowledged where this leads when he said:

"If we are not prepared to assist them the backward governments in making a better life for their people, then I believe that the prospect for freedom in those areas are uncertain. Most, I believe, assist them if we are determined to meet the Communist invasion."

His broadcast, deliberately pitched in a low and sullen key, revealed nothing essentially new about his talks in Paris with Premier Khrushchev. The heart of his talk dealt with Khrushchev.

In this he did two things:

One Big Question Still Unanswered
