City Orders Trash Collection System

Wellington City Council has instructed City Manager Glen Taylor to order the new dumpster trash collection system, at a cost of approximately \$87,500.

This was but one item on the heavy but smoothly moving agenda which the council disposed of in its regular meeting Monday, August 15.

The dumpster system will include 240 enclosed containers to be placed in alleys throughout town, and the specially-built truck which automatically picks these up and empties them. This is the same system in operation in Hollis and Memphis.

Mr. Taylor said the system will be purchased from Emco of Plainview, which submitted the low bid when the city considered purchasing the system last year.

Emco has assured Taylor that it can furnish a system at no increase in cost over the bid submitted.

Eighty of the containers will be of 1½ cubic yard capacity and the remaining 280 of 3-cubic yard capacity.

The city manager pointed out that the present trash collection truck is worn out and although it is in operation 10 hours per day, it is inadequate to collect the city's trash.

Delivery is due in 90 to 120 days.

Representatives of four groups appeared before the council.

James Thomas and Horace Powell of the Men's Progressive Organization, discussed with the city cleaning up the northeast section of Wellington, where most black citizens live, and surfacing the streets in that area.

Both men volunteered to help the city secure permission from owners of dilapidated unusable buildings, to allow the city to burn these.

Taylor told the men that

base material has been purchased for the street surfacing program, but delivery had been delayed because of a shortage of the material. Surfacing these streets will be financed through the federal block grant the city received early this year.

When they raised the question of untagged dogs running loose in that part of town, Mayor Bill Hatch and council members urged Powell who is on the 5-member Sheriff's Advisory Committee, to call on that department to dispose of any untagged dogs.

J.M. Romo and Alfred Saldana, Sr., ask for information on extending the sewer system in northwest Wellington.

This is also an upcoming improvement in the city, although it has not been scheduled, Taylor said. Since Wellington's sewer system operates on gravity flow,

installation of a lift station would be required since there is not enough rise in that part of town.

"We have applied for block grant money to run the sewer lines all the way to 1st Street and Haskell Street and install a lift station. We do have it in our plans to put in the sewer in

that part of town," Taylor told the men.

Wayne Martin and Bill Long, representing Green Acres Golf Club, asked if the city would be interested in building a golf course on land it is in the process of securing.

They proposed the city

Man Held Without Bond in Death Sat.

A Wellington man, Ivory Darton, 21, is being held without bond in Collingsworth County Jail in connection with the apparent beating death of Maxine Sterling, according to Chief Deputy Richard Keller.

Darton was taken to Amarillo for a polygraph examination Monday, and following this, he made a statement regarding the

beating to Probation Officer Bob Watson, who is working with deputies while Sheriff John Rainey is on vacation. Joining in the investigation is Texas Ranger Bill Baten of Pampa.

Miss Sterling, 21, died in Collingsworth General Hospital about 4:50 p.m. Saturday of what officers first believes was a gunshot wound. A preliminary autopsy report, however, showed the woman had apparently been beaten about the head and chest with a blunt instrument. The autopsy also showed a

F.M. Improvement Projects Set for '78

Announcement of upcoming highway improvement in Collingsworth County came late last week from Austin and Childress.

Bids for the reconstruction of Farm to Market Road 338 near Wellington in Collingsworth County are expected to be opened at the August 17-18 letting of the State Department of Highways and Public Transportation, according to an announcement from the Austin office.

The project extends on FM 338 from FM 1056 to the western city limits of Wellington, a distance of three miles. Included in the project is reconstruction of grading, structures, base and surfacing.

The existing 18-foot roadway will be widened to provide a 24-foot travel surface with improved grades and sight distances.

When completed, the project will provide added safety, comfort, and service-ability in line with higher traffic volumes.

O.V. Johnson of Wellington will be the department's engineer in charge of the work, while overall project supervision will be exercised by Childress District Engineer Lewis H. White.

It is expected that the project will be completed in about 120 working days.

Other work in Collingsworth County is included in the 1978 Special Rehabilitation and State Highway Safety and Betterment and Farm to Market Road Improvement Program approved by the State Highway and Public Transportation Commission. The quarter-billion-dollar program was made possible by the funds provided by the 65th Texas Legislature.

District Engineer Lewis H. White of Childress said the work consists of:

Seal coat on 12.1 miles of State Highway 203 from U.S. Highway 83 in Wellington, east to the Oklahoma state line;

Seal coat on 3.0 miles of F.M. 1547 from F.M. 3143,

east to F.M. 1036. This is from the Abra community east to Dozier.

Seal coat on 2.5 miles of F.M. 1548 from F.M. 1036 south. This is from a point one mile west of Samnorwood south to Plymouth Cemetery.

The total cost of these three projects is estimated at \$105,000.

Also, a part of this improvement program is the widening and reconstruction 3.1 miles of F.M. 338 from the west city limits of Wellington west to F.M. 1056, on which bids will be opened in Austin this week. The estimated cost of this is \$282,000.

All of these projects total 20.8 miles at an estimated cost of \$387,900.

A large part of the program will be financed with General Revenue funds especially appropriated for this purpose with the remainder of the projects financed with state highway funds.

Statewide, the program provides for the improvement

Rockets to Scrimmage Seymour At Vernon

Wellington Skyrockets will hold their first scrimmage against Seymour at Vernon Friday, August 19, at 6:00 p.m., Head Coach James Williams has announced.

Both this scrimmage and the one next week with Wheeler will be out of town, due to the building activity under way at Powell Field.

Seymour has quite a few starters back from last year, and should be much improved, Wellington coaches believe.

The scrimmage should last from two to two and one half hours, with the younger boys taking the field first, with the varsity coming on about an hour later.

Coach Williams and his staff are optimistic about this year's team.

"I think they came into practice in real good shape," he said. "We've had some trouble with heat and haven't been able to operate in top form. We are still looking at different positions and different people. We haven't

decided who will be on the varsity team and who on the junior varsity."

Of the boys, he said:

"As far as attitude, it's outstanding. They have the desire to win, and they will come on later in the season."

"We don't have any injuries yet," he added.

"We have the fewest seniors since I have been here. Usually there are about 11, 12 or 13. But the boys this year are good players and good leaders."

"We are getting good junior leadership. Some of these are coming off the B team and some were on the varsity last year."

There are several boys new to the school and new to football.

"They haven't played and it will take them a little while, but they have outstanding attitude and are working at it. If they continue that, one of these days, they'll make football players."

Approximately 60 boys are

out for football early this week, and several more are due by the time school starts.

Coach Williams and his staff urge Wellington football fans to follow the team to Vernon Friday.

Services for Roy Tisdale To Be Thursday

Funeral services for Roy Lee Tisdale, 74, will be conducted at the Church of the Nazarene in Dodson, Thursday, August 18, at 2:30 p.m.

Mr. Tisdale died in Collingsworth General Hospital at 6:30 p.m. Tuesday, August 16, after a lengthy illness.

Officiating at the service will be the Rev. Howard Smith, pastor, the Rev. Hoyt Ellis, Baptist pastor from Hollis, and the Rev. Amos R.

Conservation Group to Hear Solar Energy Leader Aug. 24

TEMPLE--Dr. Ernst Kiesling, chairman of the Civil Engineering Department of Texas Tech University, will be the principal speaker at the Panhandle Association of Soil and Water Conservation Districts' meeting August 24, in Wellington.

Odell Pugh, president of the Panhandle Association, said that registration will begin at 10 a.m. in the Bura Handley Community Building meeting room.

Dr. Kiesling, who is in charge of Solar Energy Research Projects being developed by Texas Tech at Crosbyton, Texas, will speak on "Practical Applications of Solar Energy."

Currently, Dr. Kiesling's most active research interest is in improving housing for energy conservation and for occupant protection from natural hazards. He has developed structural designs for improved wind resistance

and has managed research projects on the economical application of solar energy to heating and cooling of buildings.

During the afternoon business session Frank Gray, member of the Texas State Soil and Water Conservation Board and Charles Wood, vice president of the Association of Texas Soil and Water Conservation Districts will brief soil and water conservation districts directors and

guests on the activities of each organization.

Twenty-five soil and water conservation districts are members of the Panhandle association. They include: Hall-Childress, Tule Creek, Gray County, Cap Rock, Donley County, Dallam, Salt Fork, Lipscomb County, Running Water, Moore County, Hemphill County, Parmer County, Wheeler County, Ochiltree, Tierra Blanca,

Skyrocket Band Plans Park Concert

That Skyrocket Band--making music 75 strong--will present an end-of-summer concert in Ellison Park Friday, August 26.

It will be the first appearance of the 1977-78 school year, and the initial note will be sounded at 7:30 p.m., according to Jamie Larson, band director.

The program will be from 45 minutes to an hour in length.

Those attending should bring blankets or lawn chairs, to sit on the grass and enjoy an old-fashioned outdoor concert.

That Skyrocket Band includes the eighth grade and all grades in high school.

Fifty-five musicians were present for the first practice session Monday night, when there were conflicting events, and this should increase to the full 75 number by the end of the week.

"We have had real good turnouts for practice, enthusiasm is high and we are looking for a phenomenal year,"

Larson said.

The students will not be in their striking red and white uniforms, as some of those bought last year are having to be remade, and a number of additional new uniforms have been ordered.

They are due to arrive shortly.

CHAMPIONS!

Lee Templeton, center, and Teddy Sugg Dukeminier of Oklahoma City, receive trophies as first place winners in the mixed doubles class of Wellington's Open Tennis Tournament. Randall Sims, one of the directors, makes the presentation.

CLASS OF 1946

These members of the class of 1946 held their reunion Saturday, August 13, with a luncheon in the home of Bethine Adkins Wolf. Seated from left are Betty White Tribble of Albuquerque, N.M., Faye Bullington Horton, Mrs. Wolf, Willie Faye Talbot Henard and Don Smith of Abilene. At front are Raymond McGill of Amarillo, Ruby Scarberry Robertson, Kay Carter Feemster and Connie Walker Smith of Abilene.

severely bruised liver.

Officers said Darton and Miss Sterling were riding in a car on a dirt road in the Swearingen community, about noon Saturday, when it went out of control, bounced off an embankment on both sides of the road, and came to a stop in the bar ditch.

After the accident, according to Keller, Darton went to a farmhouse and called an ambulance.

Ambulance attendants, Mr. Watson and Marshall Peters, found Miss Sterling on the back seat of the car, bleeding from a head wound. A .22 calibre pistol was on the floor board. Darton was bleeding from the left arm from what appeared to be a gunshot wound, deputies said. He was treated at Collingsworth General Hospital and afterwards taken to jail.

Officers have been unable to learn whether the beating took place before or after the car accident, which left the vehicle heavily damaged, Keller said.

Funeral services for Miss Sterling are pending with Kelso Funeral Home.

Among her survivors are a three-year-old son.

Roberts, Hutchinson, Palo Duro, Hansford, Hartley, Oldham County, Staked Plains, McClellan Creek, Sherman County, and Canadian River Soil and Water Conservation Districts.

Current officers of the organization are Odell Pugh, president, Texhoma, and William E. Miller, vice president, Perryton.

Dr. Kiesling is a native Texan, reared on a farm near San Angelo. He has been affiliated in one way or another, with Texas Tech for most of the last 23 years. Before assuming his present position as professor and chairman of the Civil Engineering Department in 1969, Dr. Kiesling was a senior research engineer at Southwest Research Institute in San Antonio.

He has done research in a number of fields, including structural engineering and transportation engineering. Currently his most active research interest is in improving housing for energy conservation and for occupant protection from natural hazards. He has developed structural designs for improved wind resistance and has managed research projects on the economical application of solar energy to heating and cooling of buildings.

Jess Deger, 75, Longtime Lutie Farmer, Dies

Jess Deger, 75, who farmed many years in the Lutie area, died in Shamrock General Hospital, at 1:10 a.m. Sunday, August 14. He had been ill several months.

He and his wife had lived in Shamrock since 1966, when he retired from farming.

Funeral services were conducted Tuesday at 2:00 p.m. in First Baptist Church, Shamrock. Officiating were the Rev. Bill Rushing, pastor of First Baptist Church, Lela, assisted by the Rev. Jim Scott, pastor of the Shamrock Church.

Burial services were held at Fairview Cemetery Wellington. Richardson Funeral Home of Shamrock was in charge of arrangements.

Nephews served as pall bearers.

Mr. Deger was born February 10, 1902, in Montague County, and came with other members of the family to Lutie in 1918 from Duncan, Oklahoma.

He was married to Miss Oleta Worley of Lutie, December 3, 1927, in Memphis.

Mr. Deger was a member of the Baptist Church, Samnorwood Lions Club and Farm Bureau. In addition to his farming activities, he participated in community work over a long period of time.

Mr. Deger is survived by his widow; two sons, Jack Deger of Shamrock and Joe Deger of Mansfield; one brother, Julius Deger of Wellington; four grandchildren and one great grandchild.

Mr. and Mrs. D.R. McKinney visited his sister, Mr. and Mrs. J.E. Moore, in Seminole, Oklahoma last week. They also visited another of his sisters, Mr. and Mrs. Morgan Bagley of Amarillo, who had open heart surgery recently and is doing nicely. They also visited her parents, Mr. and Mrs. George Arthur, while they were in Amarillo.

furnish the money, estimated at \$55,000, and the club provide the labor.

Councilman Tom Wilkins suggested the club get 50 members to sign notes for \$1,000 and borrow the needed money with these as collateral. Other members agreed.

N.E. Childers presented a petition bearing 36 signatures requesting that an area in west central Wellington be cleaned up.

If the city has an ordinance against allowing large weeds to grow and trash to collect on vacant lots, it needs to be enforced: if it does not have one, such an ordinance should be passed, the petition urged. Offending lots were listed by number and block.

"These are just ordinary people who want to get the area around them cleared up," Childers said.

A general cleaning up of vacant lots was discussed, and council members will look into how other towns handle this problem.

Robert Owens, who is a member of the council, presented a request that a new residential addition which he will develop be brought into the city. A resolution was passed to accept the addition.

Johnson on UT Engineering Honor Roll

Services Held Wednesday for Mrs. M. Boyett

Mrs. Mary C. Boyett, 94, died at 12:30 p.m. Monday, August 15, in Thomas Nursing Center, where she had been a resident three years.

She had made her home at Quail many years prior to that.

Funeral services were conducted at Quail Baptist Church Wednesday at 3:00 p.m., with the Rev. Jeff Messer, pastor, officiating. Burial was in Quail Cemetery under the direction of Kelso Funeral Home.

Mrs. Boyett was born December 5, 1882, in Sparta, Tenn. She was married there to E.W. Boyett December 6, 1896, and a few years later they moved west.

They lived in Collingsworth County in the early years of this century, coming by covered wagon. Later they moved to Erath County and Comanche County, and just prior to returning here in 1912, they lived at Hollis. Still later, they made their home in Oklahoma City for a number of years.

Mr. Boyett died in 1950. She was a member of the Baptist Church.

Survivors are 5 daughters, Mrs. A.L. Robinson of Quail, Mrs. Edith Stokes of Joplin, Mo., Mrs. J.E. Newman of Bethany, Okla., Mrs. Odessa Fryman and Mrs. Jewel LaRue of Oklahoma City; two sons, Albert Boyett of Clarendon and I.L. Boyett of Oklahoma City.

There are 37 grandchildren and a number of great grandchildren.

Another son, Barney Boyett of Quail, died earlier this year.

of some 6,900 miles of highways at an estimated construction cost of approximately \$225,560,000, with an additional \$4.3 million set aside for later assignment.

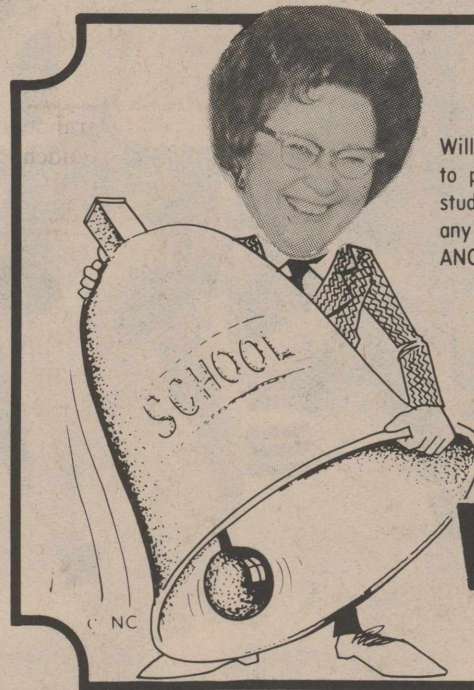

Approximately 68 percent of the overall program will be on State and U.S. Highways, another 30 percent on Farm to Market Roads, and the remaining 2 percent reserved for future assignment.

The program is the first phase of a long-range program to restore the highway system to the standards Texans have come to expect, White said. It is based on recommendations submitted by several districts engineers and selected following a statewide assessment of highway needs.

J.L. Bartlett Dies August 8 In Oregon

J.L. Bartlett, 52, of Herminston, Oregon, died unexpectedly Monday, August 8 in Good Shepherd Hospital Herminston. He was born in Wellington September 12, 1924.

Funeral services were held Thursday, August 11 at 10:00 a.m. in Burns Mortuary Chapel at Herminston.

He had resided intermittently 25 years in Herminston and was a veteran of World War II, having served in the 38th infantry in the South Pacific.

He was a member of Herminston Elks Club, Herminston Eagles Lodge, Gold Card member of Professional Rodeo Cowboy Association, National Cutting Horse Association, Northwest Cutting Horse Association (past president), Pacific Coast Cutting Horse Association, Oregon Reined Cowhorse Association, Umatilla Sage Riders, Northwest Steer Roping Club, and Pendleton Mustangers.

Mr. Bartlett was active in judging cutting horse events and was to have judged the National High School Rodeo finals in Helena, Montana this month and the World Championship Shanaffle Bit Futura in Reno, Nevada, in September.

Survivors are his widow, Shirley; his parents, Mr. and Mrs. Ozro Bartlett of Wellington; a son Joseph L. Bartlett; three daughters, Janice Lynn, Joan Leigh and Judy LaTeresa all of Herminston, a brother, Joe Bartlett of Boardman, Oregon; two sisters, Mrs. Earl Clark of Wellington and Mrs. June Hoeft of Pendleton, Oregon.

Mrs. Clark and Kent Clark attended the service from Wellington.

Recent visitors in the home of Mrs. S.L. Lindsey were her son and daughter-in-law, Mr. and Mrs. Dean Lindsey of Milwaukee, Wis., They also attended the Smart reunion in Amarillo and returned home by Batesville, Ark., to visit with relatives.

You can BANK on it!

CITY STATE BANK

With energy costs at the present level — and the forecast of a continuing upward spiral — homeowners could be in for major problems unless steps are taken to increase energy efficiency. If your home is not insulated, money is going through the roof, out windows, through doors and walls. Insulation is cheaper than gas (or oil — or electricity). A few hundred dollars worth of insulation now could mean savings of up to thousands on heating and air conditioning over the life of an average home. And an energy efficient home has an increased appraisal value and greater resale value later. The faster prices go up, the more attractive it is to borrow now instead of later. More inflation argues for you to insulate your home now instead of next year when prices may be higher. If you would like more information on a home improvement loan, talk to any of our officers. When they advise you on money matters . . . you can BANK on it!

JUNIOR CHAMPIONS

Martin Pigg of Denton, left, won the Junior High boys singles class of the Wellington Open Golf Tournament, while Brent Long, center, and Lynn Bartlett won the boys doubles in the same division. Pigg then entered the high school division and Saturday teamed with his uncle, Harold Pigg of Lubbock, in the men's doubles.

LETTERS from the People

Dear Editor:

What a lovely three-day "tennis fan weekend" for Wellington! How grateful we are to the sponsors—Wells and Wells, Wellington State Bank, and City State Bank—and to the two young men who conducted the tournament. Randall and Richard Sims did an outstanding job, and to think this was their first!

The players came by the dozens, fans and enthusiasts crowded around the courts, congenial and friendly atmosphere shared by all, and here in Wellington. We are fortunate to have our beautiful tree-shaded courts. Let us hope this will be a beginning—"annual summer event."

A great big thank you to all who participated.

Mrs. Earl Lynn Bartlett

"Fortune brings in some boats that are not steer'd." Shakespeare.

Warning!

We have discovered recently that several of our Wellington customers have trees that have suffered severe damage from weed killer that has floated through the air onto tree leaves.

Symptoms are these: leaves will curl up around the edges, then turn yellow, then turn black. Many times the top of a tree or one side of a tree is affected more than others, depending upon which way the wind was blowing. (Insect damage, on the other hand, usually affects the tree more evenly.)

There is no remedy. We advise you to water very heavily and encourage your neighbors to be very careful when applying weed killer either aerially or on the ground. Sprays can travel for long distances in the air.

Crawfords Unhurt In Plane Accident

Mr. and Mrs. C.A. Crawford of Panhandle were uninjured Sunday, August 14, when a broken propeller on their single-engine aircraft forced an emergency landing on a dirt road approximately 3 miles west of Wellington.

One third of one end of the propeller sheered off just after the Crawfords had left Marian Airport. Crawford set the plane down on a county road without damage to the plane or passengers and Mrs. Crawford hitch-hiked to Wellington for help. The plane was later towed back to the airport for repairs.

The Crawfords had been in Wellington Sunday to attend a birthday party for his grandson, Tudy Cudd, the son of Mr. and Mrs. Dennis Cudd.

Mr. and Mrs. Alva Wood were here from Arlington over the August 5 weekend. They visited her sister and brothers: Mr. and Mrs. Herman Harris, Mr. and Mrs. Buford Chandler and Mr. and Mrs. Pete Chandler.

Trailer Club Holds Pioneer Park Rally

Approximately 20 travel trailers, carrying members of the Amarillo Chapter of the Good Sam Trailer Club, held a rally at Pioneer Park from Friday evening, through Saturday.

Those attending came from a number of towns throughout the Panhandle, according to

Sandy Parsons, Jr., who visited the group twice, and W.R. Breeding, commissioner of Precinct 4, also visited them.

Club members praised the park and its facilities to both men, some of the group calling it the best place in the Panhandle to hold a rally.

BOB SIMPSON

MEL PHILLIPS

JAMES C. BRANDON

Four Seek Senate Office

Four men have announced that they will seek the office of the State Senator from the 31st District, Bob Simpson, Mel Phillips and

Burk Whittenburg, all of Amarillo and all running on the Democratic Ticket, and J.C. Brandon, also of Amarillo, seeking the office as

a Republican. The office is now held by Senator Max Sherman, who recently was named president of West Texas State University.

Representative Bob Simpson, two-term member of the Texas House of Representatives,

"I have worked diligently to earn the respect of other members of the Legislature, as well as the constituents who elected me. This kind of respect is what the people of the 31st Senatorial District deserve."

He said, "The State of Texas has not enacted a tax increase in three sessions of the Legislature, including the two in which I have participated. During this time the economy of the state has led the nation in strength and stability."

"But," Simpson said, "we must plan for the future when revenues from our depleting oil and gas reserves begin to decline. We must begin setting aside a portion of our surplus, and we must not allow state government to grow unchecked. I am committed to making sure our tax dollars are used wisely."

During the last session of the Legislature Simpson was appointed by Speaker Bill Clayton to the highly prestigious Committee on State Affairs and the Committee on Natural Resources. Simpson's legislative district includes Randall, Carson and a portion of Potter Counties.

Now 33 years old, Simpson is the son of Mr. and Mrs. J.M. (Red) Simpson. The late Mr. Simpson represented Collingsworth and other counties of the district in the Texas Legislature from 1962 to 1968.

"I will also run as a Democrat because I truly believe that the Texas Democratic Party represents the best interests of the farmer, small businessman, oil and gas producer, and average citizen who is interested in living his life and raising his family free from unnecessary government intervention, Mel Phillips said

"We want our State government to be fair and impartial, but to guarantee such fair and equal treatment this area must have strong, effective representation. I feel that I can give the citizens of the 31st District the capable, aggressive voice that we need in Austin.

"I will approach the issues by asking four fundamental questions before each vote:

1. What will be the effect of this law?
2. Do we need it?
3. Is it fair?
4. Is it worth raising your taxes?

"Each service Texas provides her people must be paid for by taxes either directly or indirectly, and our taxes are already too high. I will dedicate my service in the Senate to finding ways to reduce spending and the number of rules and regulations that effect our lives.

"We must preserve and protect those things which have made the Panhandle of Texas the greatest place on earth to live, work and raise our families. I ask for your support and pledge an aggressive campaign

James C. Brandon was chairman of Ronald Reagan's campaign for the 33 counties of the 13th Congressional District of Texas and was elected a Reagan delegate to the Republican National Convention in Kansas City, where he served as a floor leader for the Texas delegation.

"Our number one priority is to get all levels of government off the backs and out of the pockets of its producing citizens. The best mileage in a dollar has always been obtained by the worker who produced it. The Federal government should not and cannot be allowed to interfere with those aspects of life which can best be dealt with at the state and local level."

"The entire energy problem can be placed at the doorstep of the Federal government because it has placed price controls and unnecessary restraints and regulations on our oil and gas industry and other energy sources. We will solve our energy problems when and only when a free market is restored and a free people allowed to do that which it can do best—solve its own problems. Lawmakers may change the rules, but one fundamental economic law does not change—savings (capital) always migrates to the highest return commensurate with the risk and its long term prospects."

In my judgment, Texas has prospered because it has retained an environment favorable to the worker,

BURK WHITTENBURG

Burk Whittenburg of Amarillo, brought his campaign for senator from the 31st District to Wellington Thursday afternoon, August 11,

"The people of the 31st Senatorial District are people of widely diverse background, and their problems vary widely," Mr. Whittenburg said. "The solutions are not necessarily the same in all instances, but I think I can offer a basic understanding of these problems faced by the entire 31st District."

"I have been engaged in

farming and ranching most of my life and I understand the problems facing farmers and ranchers in terms of low crop prices, the high cost of irrigation and the decline in the water table."

Mr. Whittenburg believes this affects every county in the district.

"I believe that the solution to the water problem will involve some form of water importation."

"Even if gas for irrigation were free, it is true the water table is dropping two to three feet per year and there is not enough water here to meet the future needs of this entire area."

The source of that water will have to be worked out in cooperation with the remainder of the state, he believes.

Mr. Whittenburg has been a partner in the Whittenburg Law Firm since 1972. He holds a journalism degree from Texas Tech University and a J.D. Degree from the University of Texas School of

Shane Tarver, Ranee Taylor, Wed in Church Rites Friday

The sanctuary of First Baptist Church was the setting for the wedding of Miss Ranee Denise Taylor and Shane Tarver, Friday, August 12, at eight in the evening. Glen Mize, music and education director of the church, performed the ceremony.

Parents of the bride are Mr. and Mrs. Glen Taylor, while the bridegroom is the son of Mr. and Mrs. Joe Tarver of Kelley Community.

Church decorations were a candelabra at the center of the altar area, and at front, a large fan-shaped arrangement of pink gladioli. Arrangements of foliage were at each side. Pews were marked by white satin bows.

*Wedding music was presented by Mrs. Don Reeves, organist, and Mrs. Denzil Lacy, vocalist.

Mr. Taylor gave his daughter in marriage.

Her formal gown was of white organza and Chantilly lace over bridal satin.

The bodice was designed

with a high round neckline, edged in a narrow ruffle, and enhanced by lace insets. The bishop sleeves were also of lace, and a wide pink ribbon sash, marking the empire waist, was tied in a bow at back and fell to floor length. The A-line skirt, also edged in a narrow ruffle, featured back fullness that swept to a chapel train. Her illusion veil was bordered in a wide band of matching lace. The bride carried a cascade of pink rosebuds and white carnations with baby's breath, tied with satin streamers.

The bride's twin sister, Miss Janee Taylor was maid of honor. Her floor-length gown was in shades of pink, designed similar to the bride's but with a wide ruffle edging the skirt. She carried a nosegay of pink carnations.

George Brewer was the bridegroom's best man. Ushers, who also lighted the candles, were Paul Hanna and Sammy Gonzales.

After the ceremony, Mr. and Mrs. Taylor entertained with a reception in the church fellowship hall.

The bride's table was laid with a white net cloth over pale pink. Silver and crystal appointments were used, and the centerpiece was a large pink candle set in pink carnations. Mrs. Kyle Janes served the wedding cake and Miss Kathy Patterson poured.

Miss Lana Lacy presided at the guest register.

Assisting with the reception were the bride's sisters, Mrs. Neal Roberts of Big Spring, Mrs. Wayne Barton of Burkburnett and Mrs. Gary Wright; her sister-in-law, Mrs. Charley Taylor; and a friend, Mrs. Dene Anderson of Big Spring.

Since returning from their wedding trip, the couple is living in Wellington.

Both the bride and bridegroom graduated from Wellington High School this spring, where she was a cheerleader and he a star in all athletics. Mrs. Tarver is a dispatcher in the Sheriff's Department and her husband is employed by Greenbelt Electric Co-operative, Inc.

Personal

Weekend guests of Mrs. John W. Powell was a grandson, Mr. and Mrs. Johnny W. Powell and John T. of Pasadena, and two sons Mr. and Mrs. Neil Powell of Tulsa and Mr. and Mrs. Clyde Powell, Mark and Dana of Shamrock. The group had lunch Sunday with Mrs. Powell's daughter, Mr. and Mrs. Lonnie Whitten.

Mr. and Mrs. Leonard Karnes visited recently in the Dallas area. They were guests of their daughter and son-in-law, Mr. and Mrs. Wayne Tutt and Tracy, in Dallas and another daughter, Mr. and Mrs. Randy Corbin in DeSoto. In Springtown they visited her sister, Mr. and Mrs. Cliff Stafford. This weekend another daughter and family, Mr. and Mrs. Wayne Brasell and daughters, of Lubbock were guests.

Weekend guests of Mrs. L.A. Wall, were her son and daughter-in-law, Mr. and Mrs. Billy Wall, of Hereford. The couple also visited his sister, Mr. and Mrs. Waymon Moody.

George, Marie and Rose Shadid attended the wedding of a cousin, Ralph O. Shadid, to Catherine Quinlan August 5, at the Angie W. Smith Chapel on Oklahoma City University campus.

Chad Holland returned Monday from a vacation with his grandmother, Mr. and Mrs. Monroe Hardin of Amarillo, on a trip to visit other family members in Frisco, Colorado.

Mr. and Mrs. Alvin Horton visited in Arlington last weekend with their son, Mr. and Mrs. John A. Horton and John Ed.

Mrs. F.F. Popwell returned this weekend from a six weeks visit with her daughter and sons-in-law, Mr. and Oren Rogers, of Freeport.

Mr. and Mrs. Kenneth Foster, Veronica and Monica spent three days in Red River, New Mexico last week. They enjoyed fishing, sightseeing and roller skating.

Wood Family Holds Annual Reunion on Recent Weekend

The annual Wood Family reunion was held in Wellington Saturday and Sunday, August 6 and 7, centered at the Heritage Room and Ellison Park.

Registration was held Saturday morning, then the group scattered for lunch as they wished. Returning at 2:00 p.m., they visited and saw a talent show, directed by Mrs. John Duncan (Janice Wood) of Amarillo, and featuring youngsters in the family.

Vanda Wood presented a tap dance and Margo Duncan a dance routine to "Peggy O'Neil."

David Duncan and Jody Wood sang "Rhinstone Cowboy, then Alicia Thompson of Midland, daughter of the late Mrs. Craig Thompson (Joyce Wood), did riddles. Jennifer Wood of Earth, Vanda and Margo presented a cheerleader routine, then everyone sang "God Bless America" to close the session.

Reunion visitors met at Ellison Park Saturday night for a weiner roast and home made ice cream. Movies of previous Wood reunions were shown.

Visiting Mr. and Mrs. Wilbur DePauw recently were a nephew, Noal Pierce of Austin, and a granddaughter, Kimberly DePauw, daughter of Mr. and Mrs. Byron DePauw of Amarillo. Other recent guests were Mrs. Jim Cook, Mrs. Jack Smith and Mrs. Loye Murry of Lubbock. The latter three were also guests of an aunt, Mrs. F.J. Melton.

Frozen gel devices now available will keep brown bag lunches cold and safe, says Frances Reasonover.

Descendants of W.L. Thomason Hold Reunion

The seven children of the late Mr. and Mrs. W.L. Thomason gathered for a reunion at the Farm Bureau Hospitality Room, Saturday, August 13.

This couple settled in the Madge Community in 1902, coming from Hopkins County. One daughter now lives in California, the other children live in the Texas Panhandle-Southwest Oklahoma area.

The Thomason family is descended from two brothers who came from Ireland and settled in Tennessee--the present generation does not know in which year they came.

The next move west brought them to Texas, and W.L. Thomason was born in Hopkins County. By the time he was 16, he was on his own.

In 1889, when the Oklahoma lands were opened for white settlement, Mr. Thomason was 20 and rode a mule in the famous run.

He selected a quarter section in the Washita River bottom north of Clinton. But it took \$16 to file on a claim, and he wasn't able to raise that

amount. After a brief period, he had to abandon his claim and his next stop was at Olney. There he was married to Annie Angeli Castelman. Settlement at Madge, then, was his second venture in Oklahoma.

The seven children and their spouses attending the reunion were Mr. and Mrs. W.G. Stevenson of San Diego, Calif., Mr. and Mrs. Floyd Jones of Hollis, Mr. and Mrs. Roy Thomason and Mr. and Mrs. D.C. Thomason of Wellington, Mr. and Mrs. Frank Thomason of Clarendon, Mr. and Mrs. Grover Whilite of Elk City, Mr. and Mrs. H.L. Thomason of Lubbock.

NOTICE of Free Lunch Policy

Quail School District, Samnorwood School District, and Wellington Independent School District today announced its policy for free and reduced-price meals, free milk, for children unable to pay the full price of meals and milk served under the National School Lunch, School Breakfast, and Special Milk Programs.

Local school officials have adopted the following family size income criteria for determining eligibility:

FREE AND REDUCED PRICE ELIGIBILITY INCOME SCALE

(Minimum Guidelines Increased by 25% for Free and 95% for Reduced-Price Meals

Family Size	Family Annual Income	
	Free Meals	Reduced-Price Meals
1	\$0 - 3,930	\$ 3,930 - 6,120
2	0 - 5,160	5,160 - 8,050
3	0 - 6,390	6,390 - 9,970
4	0 - 7,610	7,610 - 11,880
5	0 - 8,740	8,740 - 13,630
6	0 - 9,860	9,860 - 15,380
7	0 - 10,890	10,890 - 16,980
8	0 - 11,910	11,910 - 18,580
9	0 - 12,840	12,840 - 20,030

12	0 - 15,590	15,590 - 24,310

Each Additional Family Member	\$910	\$1,420
-------------------------------	-------	---------

Children from families whose income is at or below the levels shown are eligible for free or reduced-price meals or free milk. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the superintendent's office and the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the school.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color or national origin.

Under the provisions of the policy the superintendent of each respective school will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may make a request either orally or in writing to

for a hearing to appeal the decision. The policy contains an outline of the hearing procedure.

Each school and the office of the superintendent has a copy of the complete policy which may be reviewed by any interested party.

The policy also provides that there will be no identification of or discrimination against any student unable to pay the full cost of a lunch.

BOB JONES SINGERS

These members of the Bob Jones University Ensemble will sing at Fundamental Baptist Church Sunday, August 21, at 6:30 p.m. Seated, from left are Greg Kaminski, Brian Parrish and Ed Rea. Standing are Tim Fisher, left, Ron Hawks and Jon Bartlett.

Bob Jones Ensemble Sings Here Sunday

A program of vocal and instrumental music will be presented by the Bob Jones University Ensemble at Fundamental Baptist Church Sunday, August 21, at 6:30 p.m. The public of the Wellington area has been invited to attend the service, said Rev. Wayne Puliam, pastor.

Greg Kaminski, who is director of this group, will bring a brief Gospel message. A resident of Michigan, Mr. Kaminski received the bachelor of arts degree in Bible from BJU in June. Other members of the Ensemble include Jon Bartlett of Georgia, Tim Fisher and Brian Parrish of South Carolina, Ronnie Hawks of North Carolina, and Ed Rea

of California is pianist.

These young men are typical of Bob Jones University, Greenville, S.C., which draws its student body of more than 5,500 from every state in the Union and about 30 foreign countries and territories.

"Typical, too, of the institution is the spiritual and musical quality of their program. These musicians offer a combination of vocal selections including quartets, trios, duets, and solos. Well-known hymns and gospel songs and seldom-heard selections will be presented—all of them especially adapted for this Ensemble," said Rev. Puliam.

County Has One Rural Accident

280 Ex-Students Attend Reunion Friday Night, Sat.

Approximately 280 ex-students of the Wellington Schools and their guests met Saturday for the annual reunion, with a number of them attending class reunions Friday evening.

While the number may have been a little smaller than in some recent years, there was an unusually large group here for the first time, or who had not attended in a number of years. There were also more Collingsworth County ex-students.

They came from a wider area: Ohio in the middle west to Oregon and California on the west coast.

They arrived at Bura Handley Community Center earlier Saturday morning, and more of them remained at the center much of the day. There was no business session—just a full day of Wellington ex-students reminiscing, said the president, Patsy Harper Mitchell. Although she is just up from surgery, she co-ordinated reunion plans, with the many others who worked in various capacities.

Date of next year's reunion was announced as Saturday, July 22, 1978. The earlier date was chosen, so that more teachers may attend. There is an unusually large part of Wellington graduates in this profession.

Those who registered included:

1918: Frank Anderson.

A Good Weekend

Many thanks are in order from the community to the people who put together the Wellington Ex-Students Reunion and the Wellington Open Tennis Tournament last weekend.

Patsy Mitchell was in charge of the reunion and she and her co-workers did a fine job in providing a time and place where we could get together to remember the good times and the bad. And through the special effort of several other people, a number of graduating classes held successful individual reunions.

The volunteers spent many hours working on the reunion and we should remember to tell them we appreciate their efforts.

One of the fine things that has happened to us this summer is the Wellington Open Tennis Tournament held through the weekend.

There are already plans to hold it next year, again on the weekend of the Ex-Students reunion, and it is to be hoped that this becomes an annual affair and one of the major tennis tournaments for this part of Texas.

Those who know tennis were impressed by the quality of the game played by so many of the young participants. They liked Wellington's hospitality, and the quality of the courts and pleasantness of Ellison Park.

The tournament had the best of all send-offs when Teddy Sugg Dukeminier of Oklahoma City entered. This gracious woman learned to play tennis on a dirt court at the corner of 15th and Dallas Streets and has won some of the most prestigious tournaments. It was an experience for several younger players to compete against her.

Richard Sims and Randall Sims are to be congratulated for the splendid way in which they directed this tournament. It closes Wellington's summer sports events in a most pleasing manner.

Eager Beaver Causes Trouble

Castor canadensis texensis is an engaging critter. He's industrious and constructive, minds his own business, has a strong sense of family, is a good swimmer and diver, and is an absolute vegetarian.

His qualities are reflected in some common expressions: Eager beaver; busy as a beaver.

The Texas beaver has made an amazing comeback since the aquatic rodent was brought back from extinction in the state by restocking. Now the beaver is found in most parts of Texas and in some areas, has multiplied so well the creature has become a nuisance.

This makes it possible for Texans who once drove hundreds of miles to see evidence of beaverwork in Colorado to find them in Wichita Falls.

As a vegetarian, the beaver's diet consists of a variety of plant foods and the innerbark of softwood trees, such as willow and cottonwood.

In the absence of natural predators and disease, the beaver naturally do what comes naturally, extending their range until they eventually encounter the range of the ultimate predator: man.

Beaver have found a home in the oxbow lake that borders several luxury homes in the Tanglewood subdivision of Wichita Falls. Some homeowners, alarmed at the damage beaver have caused trees and shrubs, have enlisted the aid of the federal government. "Damage control" experts of the Interior Department have been here the past few days, demonstrating the use of quick-kill traps.

Emotionally, the argument is whether it is immoral to kill beavers to protect what are generally considered "trash trees" in a heavily wooded area. Economically, affected property owners are concerned about damage the beaver are causing.

In the short term, the humane procedure would be for the state fish and game department to live-trap the beaver and relocate them to Lucy Park or other areas. In the long term, Nature's balance will be achieved, one way or the other, and as long as beaver find Tanglewood to their liking, they will be back.

Wichita Falls Record News

The largest wave ever ridden by a surfer is reported to have been 50 feet high. It happened in Hawaii, in 1868, and the surfer rode the wave only to save himself from being crushed by it.

AUSTIN—Governors of Texas, Arizona, California and New Mexico have formed a new Southwest Border Regional Commission and hope it will boost the states' economies by millions of dollars.

Tucson, Arizona, is headquarters of the commission. After projects are earmarked, the agency will receive about \$5 million in federal aid for stimulation of employment, industry and border planning.

California Gov. Edmund Brown Jr., co-chairman, said he hopes funds can be used for development of alternative energy sources, including solar, windmill and geothermal power in the deserts. High priority will go to production of the jojoba bean in the desert. Oil from the bean is used in cosmetics and lubricants.

Texas Gov. Dolph Briscoe said 24 counties along the Texas border also need money for public education and programs to offset the peso devaluation in Mexico.

Big Turnover

One of the biggest turnovers in Texas congressional history is anticipated next year.

U.S. Rep. Omar Burleson of the 17th district announced he is retiring after 32 years' service. Rep. George Mahon

previously had revealed he is leaving the 19th district seat he occupied more than 40 years. Rep. Bob Krueger is vacating his 21st district position to campaign for the U.S. Senate.

Rep. W. R. Poage of the 11th district and Rep. Olin Teague of the Sixth district are also reported to be on the possible retirement list. Two or three others are listed as doubtful.

New Car Tag System

A new year-round, "staggered" form of auto license regulation goes into effect January 1.

Instead of all registrations expiring at the same time, April 1, they will expire on a staggered basis in different months through the year. (The 1977 registrations will expire April 1 and must be renewed by that deadline. After initial registrations of passenger cars and light trucks under the new system, future registrations will be for a period of 12 months. Renewal periods will be assigned according to the license plate numbers.

Highways and Public Transportation Department officials hope that after 1978, the system will eliminate those long lines each March at the county tax assessor-collectors' offices. Several states have tested the new plan.

3-Community Reunion Draws 150 on Weekend

Approximately 150 residents and former residents of three mid-county communities, Lillie, Salt Fork and Marella, gathered at the American Legion Building for their traditional 'fish fry' Saturday night, August 13.

Sunday, they returned to visit. A basket dinner was served at noon, and a program and short business session followed. Gospel hymns, sung with great spirit, ended the reunion.

Next year's date was announced for the second weekend in August and Bura Handley Community Center is already reserved for the event.

Raymond Horton was elected president for 1978, defeating his brother Alvin Horton, by one vote. Horace Hallmark of Hartshorne, Oklahoma, was elected vice president; Mrs. Dollie Mae Wilson, secretary-treasurer and Mrs. Isla Mae Morris, program chairman.

Horton succeeds Monty Mitchell. Mr. and Mrs. Wayne Cummings are the retiring secretary-treasurer, and Mrs. Ernest Harwell was this year's program chairman, while Hugh Bledsoe and Clyde Ming of Pritchett, Colorado, were

song leaders.

Vanda Wood, daughter of Mr. and Mrs. Farris Wood, opened the program with tap dances, and Mrs. Hattie Jones of Hereford gave a group of original humorous readings.

Mr. Bledsoe sang "One Day at a Time." Then he was joined by Mr. Horton, Mrs. Jack Lowry and Mrs. Rufus Sweat to sing "I'll Meet You In the Morning," as a memorial to the late George Brewer, who had attended the previous reunions.

Awards as the oldest women present went to Mrs. Belle Mitchell, Mrs. Edna Maxwell and Mrs. Ben Morris. The oldest men attending were Palo Cummings and Rob Isbell.

Recognized as coming farthest was Arvil D. Ming, who is with the Missouri State Department of Conservation, Columbia. Only those present at the time were considered.

PUBLIC NOTICE

NOTICE OF A JOINT HEARING TO CONSIDER THE PARTIAL OR TOTAL CANCELLATION OF PERMIT NO. 2168, AS AMENDED, OF COLLINGSWORTH COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 PURSUANT TO SECTIONS 5.030, 5.144 AND 5.178, ET SEQ., TEXAS WATER CODE AND THE DISSOLUTION OF COLLINGSWORTH COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 PURSUANT TO SECTION 50.251, ET SEQ., TEXAS WATER CODE

Notice is hereby given that the Texas Water Rights Commission will hold a joint hearing on October 5, 1977, at 10 o'clock a.m., at its offices in Austin, Texas, to consider cancellation in whole or in part of Permit No. 2168, as amended, of Collingsworth County Water Control and Improvement District No. 1 pursuant to Section 5.030, 5.144 and 5.178, et seq., Texas Water Code and the dissolution of Collingsworth County Water Control and Improvement District No. 1, pursuant to Section 50.251, et seq., Texas Water Code and Commission Rule 129.09.65.001.

The Collingsworth County Water Control and Improvement District No. 1 is located in Collingsworth County, Texas, and was created by the Commissioners Court of Collingsworth County on July 18, 1958. The Commission anticipates dissolving the District for reasons of inactivity and failure to perform during five consecutive years any of the functions for which it was created, and for having no outstanding bonded indebtedness.

Permit No. 2168 (Application No. 2394), as amended, was filed on May 10, 1965, and issued on June

30, 1965, and is owned by Collingsworth County Water Control and Improvement District No. 1 according to Commission records. The permit authorizes the construction of a dam and 96,680 acre-foot reservoir on the Salt Fork of the Red River, Red River Basin, in Collingsworth County, Texas; and the diversion and use of 35,000 acre-feet per annum for the irrigation of 27,196 acres of land located in five separate tracts in Collingsworth County, Texas. The maximum authorized diversion rate is 122 cfs (55,000 gpm). The time limitation in the permit required construction to commence by June 30, 1967, and be completed by June 30, 1968. Permit No. 2168 was amended on November 15, 1965, to authorize the construction of a dam and 5,438 acre-foot balancing reservoir on Willow Creek, tributary Salt Fork Red River, Red River Basin, in Collingsworth County, Texas. Construction of this project was to commence by November 15, 1967, and be completed on November 15, 1968.

The Commission has issued five extensions of time to commence construction, the last being issued on May 1, 1975. The latest extension of time required that construction commence on all projects authorized by Permit No. 2168, as amended, by June 30, 1977. Permittee was notified by certified mail on June 2, 1977, of the deadline to commence construction and the need for an additional extension of time. Three unsuccessful attempts were made to deliver the letter and it was returned to the Commission unclaimed. Permittee has not applied for an extension of time and there is no evidence that construction has begun on the projects authorized by Permit No. 2168, as amended.

The Commissioner's Court of Collingsworth County has requested that Collingsworth County Water Control and Improvement District No. 1 be dissolved and that ownership of Permit No.

2168, as amended, be transferred to the Commissioner's Court.

The Texas Water Rights Commission staff recommends that Permit No. 2168, as amended, be partially or totally cancelled because: no water has been diverted or used within the last ten years; permittee has failed to commence construction within the time limits authorized by the Commission; and/or, the permit has been willfully abandoned for more than three years.

The Secretary of the Commission is directed to (1) send the above notice to the Collingsworth County Water Control and Improvement District No. 1 and the Commissioners Court of Collingsworth County by certified mail, return receipt requested at least 30 days before the hearing; (2) send the above notice by regular mail to all holders of permits, certified filings, certificates of adjudication and claims of water rights pursuant to Section 5.030, Texas Water Code, in the Red River Watershed; and (3) have the notice published once a week for two consecutive weeks, the past publication being at least 30 days before the date of the hearing, in a newspaper published in Collingsworth County, where the diversion or use of water from the source of supply is authorized.

All interested parties are requested to respond and present evidence and argument on all issues involved.

Executed and entered of record, this the 4th day of August, 1977.

PUBLIC NOTICE

NOTICE OF A JOINT HEARING TO CONSIDER THE PARTIAL OR TOTAL CANCELLATION OF PERMIT NO. 2168, AS AMENDED, OF COLLINGSWORTH COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 PURSUANT TO SECTIONS 5.030, 5.144 AND 5.178, ET SEQ., TEXAS WATER CODE AND THE DISSOLUTION OF COLLINGSWORTH COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1 PURSUANT TO SECTION 50.251, ET SEQ., TEXAS WATER CODE

Notice is hereby given that the Texas Water Rights Commission will hold a joint hearing on October 5, 1977, at 10 o'clock a.m., at its offices in Austin, Texas, to consider cancellation in whole or in part of Permit No. 2168, as amended, of Collingsworth County Water Control and Improvement District No. 1 pursuant to Section 5.030, 5.144 and 5.178, et seq., Texas Water Code and the dissolution of Collingsworth County Water Control and Improvement District No. 1, pursuant to Section 50.251, et seq., Texas Water Code and Commission Rule 129.09.65.001.

The Collingsworth County Water Control and Improvement District No. 1 is located in Collingsworth County, Texas, and was created by the Commissioners Court of Collingsworth County on July 18, 1958. The Commission anticipates dissolving the District for reasons of inactivity and failure to perform during five consecutive years any of the functions for which it was created, and for having no outstanding bonded indebtedness.

Permit No. 2168 (Application No. 2394), as amended, was filed on May 10, 1965, and issued on June

30, 1965, and is owned by Collingsworth County Water Control and Improvement District No. 1 according to Commission records. The permit authorizes the construction of a dam and 96,680 acre-foot reservoir on the Salt Fork of the Red River, Red River Basin, in Collingsworth County, Texas; and the diversion and use of 35,000 acre-feet per annum for the irrigation of 27,196 acres of land located in five separate tracts in Collingsworth County, Texas. The maximum authorized diversion rate is 122 cfs (55,000 gpm). The time limitation in the permit required construction to commence by June 30, 1967, and be completed by June 30, 1968. Permit No. 2168 was amended on November 15, 1965, to authorize the construction of a dam and 5,438 acre-foot balancing reservoir on Willow Creek, tributary Salt Fork Red River, Red River Basin, in Collingsworth County, Texas. Construction of this project was to commence by November 15, 1967, and be completed on November 15, 1968.

The Commission has issued five extensions of time to commence construction, the last being issued on May 1, 1975. The latest extension of time required that construction commence on all projects authorized by Permit No. 2168, as amended, by June 30, 1977. Permittee was notified by certified mail on June 2, 1977, of the deadline to commence construction and the need for an additional extension of time. Three unsuccessful attempts were made to deliver the letter and it was returned to the Commission unclaimed. Permittee has not applied for an extension of time and there is no evidence that construction has begun on the projects authorized by Permit No. 2168, as amended.

The Commissioner's Court of Collingsworth County has requested that Collingsworth County Water Control and Improvement District No. 1 be dissolved and that ownership of Permit No.

2168, as amended, be transferred to the Commissioner's Court.

The Texas Water Rights Commission staff recommends that Permit No. 2168, as amended, be partially or totally cancelled because: no water has been diverted or used within the last ten years; permittee has failed to commence construction within the time limits authorized by the Commission; and/or, the permit has been willfully abandoned for more than three years.

The Secretary of the Commission is directed to (1) send the above notice to the Collingsworth County Water Control and Improvement District No. 1 and the Commissioners Court of Collingsworth County by certified mail, return receipt requested at least 30 days before the hearing; (2) send the above notice by regular mail to all holders of permits, certified filings, certificates of adjudication and claims of water rights pursuant to Section 5.030, Texas Water Code, in the Red River Watershed; and (3) have the notice published once a week for two consecutive weeks, the past publication being at least 30 days before the date of the hearing, in a newspaper published in Collingsworth County, where the diversion or use of water from the source of supply is authorized.

All interested parties are requested to respond and present evidence and argument on all issues involved.

Executed and entered of record, this the 4th day of August, 1977.

Dorsey B. Hardeman,
Acting Chairman
TEXAS WATER RIGHTS
COMMISSION 3-2c

EXTRA-POINT PRACTICE

Wellington Skyrocket football hopefuls sweat through two-a-day August workouts in preparation for the season opener at Hollis on Sept. 2.

Tennis Talent Sparkles in First Open Tourney Here

Wellington's first open tennis tournament drew entries from as far away as San Diego, Calif., and in experience, the contestants ranged from beginners to a player who has competed in that most prestigious of all tournaments, that at Forest Hills, Long Island.

For most, it was a light-hearted event, yet the talent amazed those who know the game well.

Lee Templeton dominated the open event, emerging with trophies in men's singles, men doubles and mixed doubles.

His partner in the men's event was the talented Scotty Setliff of Turkey, a sophomore in South Plains College.

This tournament gained a distinction not had by any other in the Panhandle this summer when Teddy Sugg Dukeminier of Oklahoma City entered. She learned to play on a dirt court in Wellington when she was a young girl and since then has competed in tournaments over the country, and played with and against most major tennis stars.

For this tournament, she picked Templeton as her partner in the mixed doubles.

"I've never played in a Wellington tournament before," she declared.

Winners in the junior high division were Brakelle Whitten, Memphis, girls singles; Whitten and Donna Richardson, Memphis, girls doubles; Martin Pigg, Denton, boys singles; and Wellington's Brent Long and Lynn Bartlett, boys doubles.

High School winners were: Julie Fowler, Memphis, girls singles; Janne Richardson, Memphis, and Fowler, girls doubles.

J.A. Dickson Dies Monday At 95 Years

J.A. Dickson, 95, retired farmer and resident of the county 48 years, died in Collingsworth General Hospital at 4:05 p.m. Monday, August 15.

He was a resident of Thomas Nursing Center, but until moving there, Mr. Dickson lived alone, remaining unusually active until after his 90th year.

He was a long-time resident of the Dodson area, where he farmed and took an active part in community affairs.

James A. Dickson was born November 14, 1881, in Arkansas, and lived at Hedley before coming here.

He was married to Miss Della Mae Smith on December 27, 1903, at Paris. She preceded him in death July 8, 1969.

Mr. Dickson was a long-time member of the Church of the Nazarene.

Funeral services were held in Kelso Chapel at 10:00 a.m. Wednesday, with the Rev. Amos R. Meador, of Borger, a son-in-law, officiating.

Burial was in Memorial Gardens under the direction of Kelso Funeral Home.

Grandsons served as pall bearers.

Surviving Mr. Dickson are five daughters, Mrs. H.T. Bass of Tulsa, Okla.; Mrs. Farris Cornelius and Mrs. Steve Owens of Wellington; Mrs. Shelton Nash of McLean, and Mrs. J.T. Thomas of Lawton, Okla.; a son, Maurice Dickson of Garland; a sister, Mrs. Lillie Guill of Amarillo; 15 grandchildren, 19 great grandchildren and one great great grandchild.

He was preceded in death by three children, a daughter, Mrs. Amos Meador in 1968, and two infants.

The word "booze" is believed to come from the Dutch "buizen" meaning to "drink to excess."

He received a \$1,000

Coffee Saturday To Honor Henrys

A farewell coffee will honor Mr. and Mrs. George Henry at the Heritage Room Saturday, August 20, from 9:30 to 10:30 a.m.

It is sponsored by United Methodist Women of First Methodist Church.

Mr. Henry is resigning as manager of Greenbelt Electric Co-operative, Inc., due to his health, and he and Mrs. Henry will move to Floydada, their former home.

All friends are invited to attend.

Rocket Boosters Organize August 23

A meeting of the Skyrocket Booster Club has been called for Tuesday, August 23, at 8:00 p.m. to organize for the coming year.

The meeting will be in the Heritage Room.

Officers will be elected and plans for money-making projects will be discussed, according to David Caison, booster club president last year.

A film of the August 19 Skyrocket-Seymour scrimmage will be shown. The coaches will narrate the film and later discuss the players and team prospects.

"We need everyone there to get things going for the 1977 season," Caison declared.

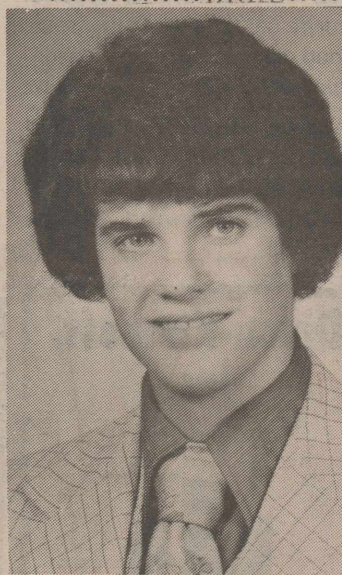

Band Parents Organize August 18

Members of the Band Parents Club will meet Thursday, August 18, at 7:00 p.m. in the Band Hall, to plan events for the coming school year.

"We're urging all the band kids to bring their parents. The band will be working out at the same time the meeting is under way," said Jamie Larson, band director.

"It is urgent that parents be present at this time," he said.

Jerry Nix is president of the Band Parents Club.
